SPUR ENDS FOOTBALL SEASON FRIDAY NIGHT BIG CHRISTMAS PLANS FOR SPUR ANNOUNCED BY C of C

PRIZES, AWARDS TO BE MADE DURING 4 DAYS, DEC. 11-17

In a meeting of the directors of the Spur Chamber of Commerce held Wednesday morning, elaborate plans for the coming Christmas party in Spur were made.

Norton Barrett, newly elected president of the Chamber of Commerce, announced that his committee and directors, had made big plans for the coming party, which will open on Tuesday, Dec. 14, and continue for four days, through Dec. 17.

Plans were completed for an outlay of over \$200 in cash to be awarded during the four days. The cash awards will be supplemented by local merchants, who, working with the Chamber of Commerce will have awards daily.

Kiddies in the area will come in for a big party to be held at the Palace and Spur theatres, with exact date for this event to be announced. Candy, nuts, oranges, and the usual trimmings will be distributed by Santa Claus on his brief visit on the day designated.

Lights for Spur streets are going up this week and the city will be a colorful sight soon, adding to the holiday spirit. Presy Barrett said.

Spur merchants are receiving Christmas merchandise daily, and with the Thanksgiving holidays out of the way, windows and stores will be decorated as a part of the Christmas program.

Further announcements will be made as the Christmas party progresses.

Don't forget the dates, December 14, 15, 16 and 17. Cash awards will be made daily at 2:30 p. m. during the four-day period.

PTA Offers Loans For Improvements

Dickens and Kent County farmers who own under-developed family-size farms may now make essential improvements on their land and buildings with loans made or insured by the Farmers Home Administration. Families unable to secure adequate credit elsewhere may qualify for such farm development loans, Maurice P. Vannoy, County Supervisor at Spur, said today.

Loans are made to improve farms large enough but not developed enough to enable the families to make a satisfactory living on them, he explained. Funds may be used for such purposes as basic soil treatments, to construct or repair buildings, dig drainage ditches, or make other major improvements. The repayment period runs for 40 years, but borrowers must finance their loans as soon as they can do so at satisfactory rates and terms. Both direct and insured loans bear 4 percent interest.

Localities vary in their needs for these loans, Mr. Vannoy said. In this area, he pointed out, the greatest demand for this credit is to pay for the initial cost of adapting soil and water conservation practices; provide basic soil treatments; construct buildings or make improvements on the house, barn, sheds, or other farm structures affecting the farm's efficiency; clear land by removing trees, stumps, and brush; provide drainage through open ditches or tile; construct or repair wells, ponds, windmills, small irrigation systems, or other water facilities for crop, livestock and household use.

In making any of these improvements, Mr. Vannoy said, borrowers will be encouraged to do as much of the work as they can, and to use native materials whenever possible. He added that the Farmers Home Administration cooperates in this kind of work with other agencies in the community, including the State College of Agriculture with its Extension Service and Experiment Stations; the Soil Conservation Service; and the Forest Service.

"We can include enough money in these development loans," Vannoy said, "to refinance the borrower's present indebtedness, if any, against his farm."

Applications are now being taken for Farm Development Loans at the local office of the Farmers Home Administration in the Spur Security Bank Building.

4 Area Men Sent for Pre-induction Exam Wednesday

Four men in the 24-25 year old age group were sent from this county on the first induction call, according to information from local draft officials.

The men sent for pre-induction examinations to Lubbock were: Rex Taylor, Jack Brooks, Raymond Lee and Earl Lee Cole (colored).

Board No. 80 with headquarters in Jayton, serves the three county area including Dickens, Kent and Stonewall Counties. Six men have been called from the three county area for the November pre-induction examinations.

Four were sent during the call in October.

CROP Committee Holds Meeting

In a county-wide meeting of committeemen and others interested in CROP, Christian Rural Overseas Program, held in Dickens County Court room Tuesday, Nov. 16, plans were completed for workers to begin in Dickens this week for contributions and donations for this nation-wide movement.

The meeting was called by George S. Link, Jr., county chairman. Mr. Link was assisted by County Agent Chas. Taylor, and other members of the Extension Service in getting the program started.

The CROP food train is now being planned in this and 30 other states, and will specifically benefit orphans, children who are ill, widows and the aged. Most needed are whole grains, raw cotton and wool, milk and other farm products.

Mr. Link stated that cash will be accepted in the drive, but will be used to purchase foods or articles of some other value that are needed. No cash will be sent overseas.

Workers are beginning this week, and every one that possibly can, is urged to give to CROP.

Legion Meeting Scheduled Tonight

Joe Jeffers, commander of Williams-Puckett Post No. 161, American Legion, Spur, has urged a full attendance of all members at the regular meeting of the Legion scheduled for tonight at 7 p. m., at the Legion Hut. A cordial invitation has been extended by the commander for all veterans of Dickens and Kent Counties to attend.

The meeting, originally scheduled for Nov. 25, has been moved up to Nov. 18, due to its falling on the holiday.

Commander Jeffers stated that members of the Membership Drive Committee from the Allen Brothers Post of Lubbock would be the guests and speakers at the meeting tonight. Those to attend from Lubbock are Chas Hubbard, A. C. Jackson and Sis Lowery.

Plans will be made at the meeting for a drive for members in this area, the commander said. A dutch supper will be served to members and guests at the conclusion of the meeting.

Funeral Rites Held For Larry Williams

Funeral services were conducted Monday, Nov. 15, at the First Baptist Church, at 4:45 p. m., for Larry Dean Williams, 18-month-old son of Mr. and Mrs. C. L. Williams, who died Sunday evening in a Lubbock hospital.

Services were conducted by Rev. Lee Vaughn, pastor of the Bethel Baptist Church, Spur. Interment was in Spur Cemetery under the direction of Chandler Funeral Home. Pallbearers were Dan Pritchard and Floyd Ball.

Larry Dean is survived by his father and mother, and one brother, Richard Lee, grandparents, Mr. and Mrs. Henry Williams, Spur, and Mrs. Doris Lee Scheldeman of Garden City, Kans.

Mrs. J. B. Greenwood of Glenn was shopping in Spur Saturday.

FIRST TSCW THIRD-GENERATION STUDENT—Miss Janet Galt, daughter of the Old Japanese Whaling Gate in the Texas State College for Women Smith-Carroll gardens. It is one of the few landmarks on the campus unchanged since both her mother, Mrs. W. J. Galt of Oklahoma City, and her grandmother, Mrs. M. M. Mahaffey of Mt. Vernon, were TSCW students in the classes of 1930 and 1903, respectively. Miss Galt is a freshman library science major.

UNITED THANKSGIVING SERVICES IN SPUR ON NOVEMBER 24th

A Union Thanksgiving service has been planned for the entire citizenship of Spur and will be held in the First Baptist Church on Nov. 24, at 7:30 p. m. It was announced this week.

An interesting program of special music, scripture reading and prayer is being arranged for the services.

Rev. Vernon W. Newland of Crowell, Texas, will be the principal speaker for the evening. Rev. Newland has done missionary work in China, Tibet, Burma and the Philippine Islands. With the invasion of the Japanese in Cebu, P. I., the Newlands fled to the mountains but were later taken and were held by the Japs for over two years. He talks on prison life and treatment of prisoners while being held by the Japanese are very interesting.

Since his return to the United States, Rev. Newland has been active in founding summer youth camps, a Christian College, and has traveled extensively throughout the country speaking to interested and enthusiastic audiences.

Arrangers for this joint Union Service have urged a full attendance to hear this speaker, and to meet with your friends and neighbors on Wednesday night, Nov. 24, at 7:30 p. m.

Scott Rites Held Friday, Nov. 12

Funeral rites for Mrs. Charlene Powell Scott were held Friday, Nov. 12, at the Presbyterian Church, Spur, at 3 p. m. with Bro. M. J. Morton, officiating. Interment was in the Spur Cemetery under the direction of Chandler Funeral Home.

Mrs. Scott died on Nov. 11 at 8:45 a. m.

Mrs. Scott had been a resident of Dickens County all her life. She was married to Lester Dale Scott in April, 1914, at Freeport, Texas. She was a member of the Presbyterian Church, having joined early in life.

Survivors are her husband, two children, Goldie Charlene and Della Louise, mother and father, Mr. and Mrs. C. A. Powell, seven brothers and four sisters, all of Spur.

Pallbearers were Eldon Reynolds, Donald Cagle, Denton Draper and Marvin Blair.

R. A. Berry Rites Held On Tuesday

Funeral services for R. A. Berry, age 61, former resident of Spur, were conducted at 3 p. m. at the First Methodist Church, Spur, with Rev. Floyd Dawson, Lubbock, and Rev. L. H. Hill of Spur, officiating. Interment was in the Plains Funeral Home, Lubbock.

Mr. Berry had resided in Spur until 1939, when he moved to Lubbock to make his home.

He is survived by his widow, one daughter, Mrs. Ava Fortenberry, Lubbock, and five sisters, Mrs. Ray Murphy, Ark., Mrs. Nell Bingham, Dallas; Mrs. W. W. Odgen, Pottam, Mary Cook, Rotan, and Mrs. Gayle Williams, Spur; six brothers, John of Bluff Dale, H. P. of Spur; Fate of Dallas; Hugh of Houston; James of Rotan, and Frank of Fort Worth.

Spur Represented At PTA Convention

The East Ward Parent-Teacher Association was represented at the state convention in El Paso by the president of the local unit, Mrs. F. A. Phifer.

The program presented during the meetings on Nov. 17, 18 and 19, was one of broad interest. The convention theme was "On the Highway of Tomorrow." The delegate will bring back to the local organization many suggestions and plans for the new year's work.

Mrs. Phifer went by bus from Lubbock with representatives from other West Texas units.

JOYS BY JOE

Well, Armistice is over... and Thanksgiving rolls around next week... we hope that all enjoy the holidays... incidentally the TEXAS SPUR will publish early next week in order to observe the holiday along with other Spur merchants...

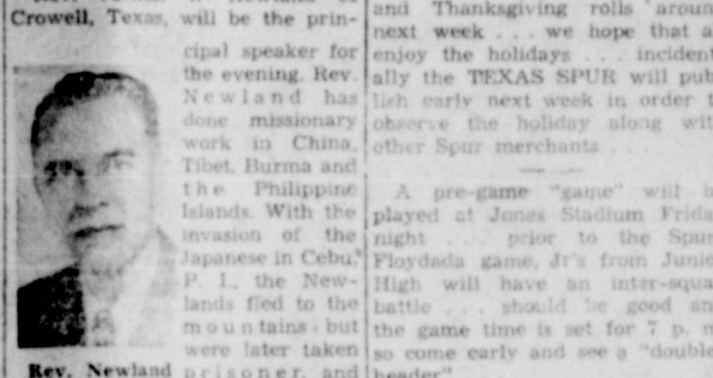

A pre-game "game" will be played at Jones Stadium Friday night... prior to the Spur-Floydada game, it's from Junior High will have an inter-squad battle... should be good and the game time is set for 7 p. m. so come early and see a "double-header"...

Demos from Dickens County that attended the Victory Dinner in Lubbock Monday night were "Doc" Brannen, Riley Wooten, O. C. Arthur and Lewis Lee. Ray Williams from Girard attended with them... and all got their picture in the P. M. Lubbock paper.

JOT's welcomes George Winstead from San Angelo to Spur... George is the new "butcher-man" down at Safeway's.

Ernest "Sluggo" McNutt informs JOT's that the Scout Kick-off Breakfast has a huge success... 22 Lions and Rotarians made the drive early Tuesday morning.

Well folks, our Bulldogs wind-up a successful season of football Friday night when they meet the Floydada Whirlwinds... these youngsters have worked hard this year, and let's all be on hand to cheer them on to a final victory... they deserve it...

Rev. Newland, principal speaker for the evening, will be the principal speaker for the evening.

Pioneer Dickens Resident Dies

Funeral services were conducted Thursday afternoon at 3 p. m. for Nathan Frank Speer, age 60, pioneer Dickens merchant, who succumbed at 7 p. m. Tuesday night. Bro. Norvell Young of Lubbock, assisted by C. V. Allen of Spur, conducted the services in the Dickens Church of Christ. Interment was in the Dickens Cemetery under the direction of Chandler Funeral Home.

Mr. Speer had been a resident of Dickens County for 37 years, having moved to Dickens in 1891. He was married to the former Lela Mae Law in 1911. He taught in the county schools for 18 years, nine years of which he served as superintendent of the Dickens Schools. He was appointed as County Superintendent in 1928 and served until 1930. For the past several years he has operated a general merchandise store in Dickens.

The deceased is survived by his wife, one son, Leo Speer of Dickens, three daughters, Mrs. Leroy Hooker, Tulsa, Okla., Mrs. Ferrell Burford, Van Nuys, Calif., and Mrs. Melvin Bivens who is with her husband in Guam, three brothers, J. B. of Alpine, Joe of Florent, and John of Lubbock, his mother, Mrs. Clarissa Speer, Beaumont, and six grandchildren.

Demo Victory Puts Mahon in Key Spot

The Democratic sweep of Congress puts this section's Rep. George Mahon in positions of greater power and responsibility, lending further proof, according to the Lubbock Avalanche, that "it's smart to find a good Congressman and then keep him."

Mahon told the Avalanche by telephone from his Colorado City home that the action of the voters makes him the No. 3 man in the powerful 43-member House Appropriations Committee. At the same time the election returned him to an Appropriations Committee sub-committee chairmanship — a position he held until the GOP seized the House two years ago.

Mahon will be chairman of the sub-committee on Government corporations, covering such agencies as War Assets, Farm Security, Commodity Credit and the many other gigantic government bureaus.

His additional duties will cause him to go back to Washington earlier than he had anticipated, probably in early December. The Avalanche quoted him as saying it was necessary for him to do considerable planning and committee organizational work prior to the January opening of Congress.

Mahon will begin his eighth term in the house with the January session.

Stores Will Close Thanksgiving Day

Thanksgiving Day, November 25, will be observed as a complete business holiday in Spur, according to information given by the TEXAS SPUR. All business houses, including the bank and postoffice will observe this holiday.

Supt. C. F. Cook of the Spur Schools, stated that students will have a double holiday, observing Thursday and Friday.

Union Church services have been planned according to Rev. L. H. Hill, and will be held at the First Baptist Church on Wednesday night.

Official Count Shows 8,187 Bales Ginned in Dickens

The official count, as released by Ray Hurley, Chief, Agricultural Division, Bureau of Census, shows that 8,187 bales of cotton have been ginned in Dickens County for 1948, as of Nov. 9.

According to statistics released, this amount is 3,573 bales short of the crop in the same time in 1947. There had been 13,760 bales ginned at the same period in 1947.

The report showed that Kent County had ginned 2,150 bales as compared with 2,713, and Stonewall County had ginned 1,982 as compared with 2,346.

Former Resident of Spur Succumbs

Funeral services were held for William Lester Gragson, 55, in Bradley, California, on November 12. He died Nov. 9, following a heart attack.

Mr. Gragson was a resident of Spur from 1915 until 1930 when he moved to California. Among his survivors are one brother, John Brawley of Spur, and a sister, Mrs. Ray Gragson, also of Spur.

Mrs. A. M. Hoover spent a few days in Fort Worth with her daughters, Mrs. Pat Fletcher and Mrs. J. C. Morin and families.

Diamond Gusher

An oil gusher made of diamonds represented Texas at the first nationwide diamond exhibition, called Diamonds U.S.A., held in the Ritz-Carlton Hotel in New York. Shown here by SMU co-ed Jo Neal, the four-inch jeweled oil derrick was designed by Arthur A. Everts of Dallas, and contains 254 diamonds, representing all the counties of Texas. It is mounted on a map of the state made of platinum and adorned with a diamond star head symbolizing Texas' and her great industry, cattle. The sprays of gushing oil are of various colored diamonds.

Victory Clinches Second Place in 3-A District Race

The Spur Bulldogs wind up a successful football season Friday night, when they play host to the Floydada Whirlwinds at 8 p. m. at Jones Memorial Stadium.

A Bulldog victory or tie, will clinch second place in District 3-A play. A defeat by the Whirlwinds would place the Bulldogs and Whirlwinds in a tie for 2nd place. The strong Lockney Longhorns have won the district and will meet the winner of Post-Littlefield play-off for bi-district. This game is slated for Thanksgiving, with the place of play undecided.

The Bulldogs powered their way to a 34 to 0 victory over Ralls on Armistice Day in Ralls. Clyde Blair and Doyle Slack led the attack for the Bulldogs.

Spur has won six games and lost three for the season. They were defeated by Hankell and Post in non-district play, and by Lockney in District 3-A play. A victory over Floydada Friday night will give them seven wins against three losses for the year, and second place in district play. Only one set-back is marked against the "Dogs" on their home field.

Annual Hunt for WTex Houndsmen Slated Nov. 20th

The West Texas Houndsmen will hold their annual meet on Nov. 20, beginning at 12:30 p. m. near Stamford.

The event will open with the field trials immediately after lunch and will be held on the north of Stamford. The exact location has not been determined but according to Ed Sorrell, signs will be erected pointing the way to the grounds from the Stamford-Sagerton highway.

After the field trials, the interesting contests of the meet will take place. These include the popular coon-on-the-log, coon races, and fox races.

About 7 p. m. the bench show will be held with the lighting being furnished by Barron Lindley. Immediately after the bench show the biggest thrill of all, the annual coon hunt, will begin.

C. T. Simmons of Snyder will have charge of the meet. The entire show will be free to the general public and the Houndsmen Association will have a cafeteria on the field.

CROP Speakers Address Lions

County Agent Chas. Taylor, Vocational Coordinator Bill Gregory of Dickens County, and Mr. Holmes of Ralls, addressed the Spur Lions Club at their regular meeting, Tuesday, Nov. 16.

They chose as their subject CROP, the nation-wide organization to provide food for war-stricken countries. A movie was shown on the workings of the organization and was explained by County Agent Taylor.

Meeting for Girl Scout Leaders will Be Held Sunday

D. J. Dyess, president of the Executive Board of the Girl Scouts has announced that a meeting of all Girl Scout Leaders and officers would be held Sunday, Nov. 21, at 2:30 p. m.

The meeting is slated for the Girl Scout House, and all that are interested in the Girl Scouts are urged to attend.

Duck Creek Soil Conservation District News Notes

WILL WRIGHT JAMES MONTGOMERY CHAS. WITT
RILEY WOOTEN, Chm. OSCAR MCINTY, Sec.

Elmer Frazier, whose farm is east of Glenn, has recently completed construction of 4 miles of new terraces. Elmer will farm on the contour and plans to practice crop residue management.

Fred Neaves' 7 1/2 miles of newly built terraces on his farm east of Spur have all been checked and approved by Soil Conservation Service technicians assisting the district. As part of his coordinated soil and water conservation plan, Fred is making a trial planting of alfalfa. He has some wet natured land on which cotton and feed crops haven't done so well because of excessive harmful salts. Alfalfa is a plant which will tolerate a great deal of salt, and Fred wants to find out if it would be a more profitable crop for him to grow. He has borrowed a cyclone seeder from the district to do the seeding.

A plan for conserving both soil and water on the Bryan Estate near McAdoo, which is being farmed by R. A. Rathel, has been worked out. Rathel plans to call on the district for aid in laying out a terrace system for this place.

J. B. Montgomery has developed a soil and water conservation plan for 1274 acres on his farms near Jayton.

The Board of Supervisors of the Duck Creek Soil Conservation District will hold their regular monthly meeting this Thursday, Nov. 18. Applications for assistance and newly formulated conservation plans will be considered for approval in addition to the regular business.

Y.W.A. Organized By Dickens Assn.

In a recent organizational meeting the Dickens Association organized a Young Womens Auxiliary. They elected Nell Horton, president; Nina Havens, vice president; Dorothy Boykin, secretary-treasurer; Carol De Wees, reporter, and Ava Nell Bilberry, program chairman.

The first regular meeting was held Monday night, Nov. 15, with Nell Horton presiding. A devotional was read by Mrs. Evans. Refreshments were served to the following: Nina Havens, Vera Crafton, Mrs. J. B. Turner, Dorothy and Billie Boykin, Nelda Jo Love, Elouise Fitzgerald, Sue North, Ava Nell Bilberry, Carol De Wees, Mrs. Evans, Miss Fike and the hostess, Nell Horton.

All single girls between the ages of 15 and 25 are invited to attend the meetings held every Monday night at 7 o'clock at the Bethel Baptist Church.

Health Notes

Rheumatic heart disease, a rippler and killer of children, is one of the leading causes of death and disability among children and young adults in the age group 10 to 25 years.

No vaccine such as those that prevent typhoid, diphtheria, smallpox and whooping cough has as yet been developed for its prevention and control, but we do know some of the danger signals and with a physician's early diagnosis, some of the damaging results of this disease may be prevented.

Quoting Dr. Geo. W. Cox, State Health Officer, "In general, the early symptoms of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrists. The pain is felt usually in one of these joints and spreads to the others. Often a child gets irritable and cross without any apparent cause; he may cry, easily and develop habits indicating nervousness. These symptoms may mean the beginning of an attack of rheumatic fever, and a physician should be consulted immediately."

Predisposing causes of this disease, which includes frequent chilling, damp or overcrowded living quarters, poor diet, colds, an attack of scarlet fever or other infections caused by certain streptococcus germs, should be carefully avoided.

Protection against these predisposing causes may mean protection against rheumatic heart disease, and these safeguards should be observed: Have children examined by a physician at least once a year; see that they have a well balanced and nourishing diet; make certain that they get sufficient rest, and see to it that they are dressed according to the temperature of the room or the playground. Consult

Christmas is traditionally beautiful and Christmas tables should combine all the beauty and elegance that will carry out the theme and spirit of this most important holiday. A festive centerpiece will set the keynote for Christmas dinner and will also add its decorative appeal throughout the holiday season.

You will want to use your very best American handmade glassware, with all its elegance and sparkle, to make this a really gala event. And for gifts, fine glassware will be a welcome and treasured addition to any home—a gift that will give lasting and tireless service throughout the years.

4-H Club Boys Given Duroc Gilts

Joe M. Rose, prominent Dunlap farmer and Community leader, put three 4-H and FFA boys in the hog business when he presented to each a tap Duroc gilt out of his famous herd of Duroc-Jersey hogs, Monday afternoon at his farm northwest of Glenn, Texas.

The boys receiving gilts were Dean Watson, Spur, Texas; Duane Dunlap, Glenn, Texas, and Alford Norris, Afton, Texas. The boys are expected to give to another worthy boy a gilt out of the first litter of pigs from these gilts.

Mr. Rose is a strong believer in the boys of Dickens County and usually shows it by such actions as this. The boys pledged some real swine raising to take place.

Trading in Spot Cotton Shows

Trading in spot cotton sagged this past week in Oklahoma and Texas markets, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Reported sales at Dallas, Houston and Galveston dropped to 73,245 bales compared to 89,943 bales the previous week. Sales at the other seven spot markets of the nation likewise declined.

Domestic mill inquiries were less numerous last week in the Southwest. However, export interests continued fairly good, but prices offered were unattractive to local merchants and shippers. Farmers are offering current ginnings at prices better than government loan values.

Picking was interrupted in most sections by light rains and cold, damp weather. Farmers in most areas reported the supply of pickers is adequate.

Cotton ginned in Oklahoma through October 31 ran much higher in grade and longer in staple length than during the same period last year, but the cotton ginned in Texas through October 31 was lower in grade and slightly longer in staple than during the same time last year.

Relief plate printing was the first form of illustrating.

a physician at once if symptoms indicate that this disease may be present, and if the doctor prescribes complete bed rest, his advice should be followed exactly as given.

Post — Littlefield Play for 4-A Crown

The District 4-A conference championship will be decided Friday afternoon, at 2:30, when Post and Littlefield collide in the title game on the Post gridiron.

Definite time and place for this feature clash was set Sunday afternoon in a meeting in the Hilton Hotel in Lubbock, with Bing Bingham, Post coach, winning the flip of a coin that decided the site of the game. It also brought to a close two hours of wrangling.

Littlefield Saturday was named by representatives of Morton, Mulleshee and Sudan as the team to represent District 4-A (North) in the playoff between the north and south halves of the district. Winner of the game Friday will oppose Lockney, District 3-A winner, in the bi-district bracket, with that winner going on into state championship play in Class A.

Plans for the tussle were also completed by school officials, and admission prices were set. Student tickets will be sold for 50 cents, general admission tickets will cost one dollar and reserved seats will be priced at \$1.50.

Hunters Take to Hill Country for Deer Shooting

An estimated 100,000 Texas deer hunters hit the trails at daybreak Tuesday morning when deer season opened for a run of 45 days, from Nov. 16 until Dec. 31, both days being inclusive.

The hunters were dampened by dreary weather in the hill country and southwest Texas. Tuesday also saw the season open on wild turkey. The season had already opened on deer west of the Pecos. Tuesday's opening took in sections of the state where white tail deer abound and where hunters often outnumber the hunted.

Game commission field men reported an abundance of bucks this year. They may be as much fun as ever to shoot at, but they won't be so good to eat. Dry weather during the summer and early fall cut down on the feed and venison will incline to be dry, lean, and stringy. According to the field men, Mr. Gobbler would not be as plentiful.

The law allows each hunter two bucks and two turkey gobblers, but the hunters were advised as usual to inquire about trick local laws that could foul them up in some counties.

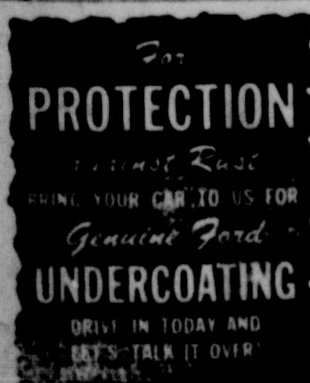

Mr. and Mrs. A. J. Richey returned last week from a trip to Detroit, Michigan, where they visited with Mrs. Richey's sister, Mrs. William Bouchane.

Johann Gutenberg developed movable type.

DOCTORS DISAGREE ABOUT ARTHRITIS!

Some claim it is incurable—yet sufferers who have tried RUUMA-BUS tell us that this new liquid emulsion gives them wonderful relief from pain and discomfort. RUUMA-BUS is a pleasant-to-take Alcoholic Rub that penetrates and stimulates sore aching muscles and soothes joint areas—gives welcome relief. And remember: You need not fear RUUMA-BUS gives more relief from pain of Arthritis, Rheumatism and Osteoarthritis than any natural remedy ever used—or your money returned. A large bottle of RUUMA-BUS costs only \$4.95 of your Druggist or at

Tech to Resume Research on Grain

Research on sorghum grains and flour made from grains produced in the South Plains area is being resumed by the foods and nutrition department at Texas Technological college for the first time since 1942.

The new experiment will try Shullu, which produces a fine grain white flour, and Martin Maize, producer of a coarser, darker flour. The experiments are designed specifically to determine allowable proportions of sorghum grain flour substitute for wheat to obtain comparable results.

In addition to visible results, a biological assay will be conducted on the grains to determine nutritive properties. Mrs. Johnnie Michie, professor of foods and nutrition, said a colony of approximately 125 white rats are to be used in this part of the experiment. Extension of grain sorghum experiments started in 1942 was prompted by fervent interest in utilizing for human consumption such an abundantly grown crop as sorghums in this area. First experiments were done in use of flours from maize in hot breads.

Indications are that it will be possible to make finer textured and more acceptable products from the flour of Shullu, because of its better milling properties, Mrs. Michie said.

The tests have been made possible through the co-operation of Mr. R. E. Karper, agronomist in charge of sorghum investigations by Texas Experiment station, who has made available sufficient amounts of the grains. The department of milling industry at Kansas State college, Manhattan, Kans., is turning the grains into acceptable flour types.

Assisting Mrs. Michie in the tests at Tech are Miss Faye Hattox, instructor, Dr. Mina Lamb, associate professor of foods and nutrition, and a number of graduate assistants. Results of the experiments will be announced next summer, but research will be continued two years to substantiate findings.

The first color printing on a rotary press in America was done by the Chicago Inter Ocean in 1892.

George Washington refused to write his views for the press.

City Homemakers Lead Farm Women in Meat Identification

City women have the edge on farm women when it comes to identifying retail meat cuts. This is no empty statement, but the result of a nation-wide test conducted recently by the National Live Stock and Meat Board.

In this test, 28,833 persons were asked to identify 25 standard retail cuts of meat. Of all those questioned, only 17 per cent were able to name correctly all the cuts, according to the Board.

As for the ratio of city women to farm women, homemakers living in urban areas identified 25 per cent of the cuts, while those from rural homes named only 13-1/2 per cent of the meats correctly.

This has been explained by the fact that meat for farm consumption is often cut at home or by the freezer locker man. In either case it is cut differently than by the average retail meat dealer. Women in general rated higher than men in the test. All four kinds of meat—beef, lamb, fresh and smoked pork, and veal—were included in the test. Cuts most frequently missed were the beef arm steak, beef Boston cut, lamb loin chops, boneless lamb sirloin roast, veal loin chops and veal rolled shoulder.

The common use of headlines in newspapers came after the Mexican War.

OF INTEREST TO WOMEN

Waddell - Walsh Exchange Vows At Bryan, Texas

Miss Vida May Waddell, daughter of Mr. and Mrs. Bill Waddell, and William Robert Walsh, son of Mr. and Mrs. W. P. Walsh, of Bryan, Texas, were united in marriage on Friday, Oct. 29, at the Dodge Street Church of Christ. Rev. P. C. Key officiated at the double ring ceremony. The altar was decorated with potted palms and candles in the floor chandeliers were lighted by Miss Reba Joyce Marquart.

The bride wore a white satin gown with fitted bodice. The sheer marquisette yoke was outlined with lace and the sleeves were tapered to points over the wrists. The full skirt was swept into a graceful train. Her fingertip veil was edged with lace and she carried a bouquet of carnations.

Miss Vida Fay Waddell, twin sister of the bride, attended as matron of honor, wearing a frock of blue satin with fitted bodice scalloped around a sheer yoke. Her bouquet was of pink carnations.

Freddie Walsh attended his brother as best man. Otha Dell Pullen and Truett Atkins, Jr., were ushers for the wedding. Mrs. Beulah Lenox sang "All Through the Years" and "I Love You Truly."

After the ceremony a reception was held at the home of the groom's parents. The wedding cake was topped with bride and groom figurines and was served with fruit punch.

After a honeymoon at Buchanan's Dam, Mr. and Mrs. Walsh will make their home in Bryan. The bride is a niece of Mrs. A. M. Karr and Mr. Reuben Waddell of Spur.

You'll love "Miss Ginger" - High School Auditorium, Dec. 9, 4-4th

Gold Star Mothers To be Honored by Legion Auxiliary

The Auxiliary of the American Legion will honor the Gold Star Mothers at a Tea Monday night, Nov. 22, at 8 o'clock. All Gold Star Mothers and wives are invited to attend.

At the last regular business meeting of the Auxiliary on Nov. 8, Mrs. Joe Jeffers asked for volunteers to assist in making curtains for the Legion Hut, Nov. 15. Mrs. Jeffers reports a wonderful response. The curtains were completed Monday afternoon, adding much to the attraction of the Hut. Those assisting were Mesdames Larry Boothe, L. R. Barrett, J. B. Haralson, Hugh Swearingen, Maurice Vannoy, D. I. Loe, Ernest Kearney, Jim Bridges, Alton Foreman, W. P. Foster, James Ripple, Harold Brantley and C. E. Ballard.

GIRL SCOUTS
In Girl Scout meeting Nov. 10, Troop 2 had a party. We sang songs and asked riddles. Refreshments were served to Patricia Pugh, Carol Carpenter, Jean Boothe, Jane Ann Albin, Sue King, Gail Love, Billie Sue Gregory, Marilyn Miller, Helen Dean Bingham, Margaret Pierce, Sandra Watson, Merla Bee Torman, Dixie Carol Young, Gail Burbee, Lenora Wilson, Nannette Alexander, Marion Carlyle and the Leader, Mrs. J. Godfrey.

Reporter - Carol Carpenter.

The fifth and sixth grade 4-H Club girls met with their leader Nov. 15. They made aprons and planned their Christmas program. A Christmas party is planned for Dec. 6. They will each bring a nickel for refreshments. The next meeting will be in the home of the sponsor, Mrs. L. S. Wilson.

DISTRICT TFWC PRESIDENT GUEST OF CITY FEDERATION

Mrs. D. L. C. Kinard of Memphis, president of the Seventh District of Texas Federation of Women's Clubs, was guest speaker at a meeting of the Women's Clubs of Spur, Tuesday, Nov. 16, at the home of Mrs. P. C. Nichols.

Mrs. Kinard was asked to come here for Federation Day in hopes she would inspire the members of our clubs, and to show the value of being Federated. She was president of the 8th district of Texas Congress of Parents and Teachers for four years and has been in district and state federal work since 1936. During her administration she served on the district board under Mrs. J. W. Walker and has served on the state board.

A luncheon honoring Mrs. Kinard and Mrs. Vera Dickey, district secretary of the Seventh District, was given at the home of Mrs. P. C. Nichols at 1 o'clock. The following presidents of the Spur Women's Clubs were present: Mrs. Nell Davis, 1917 Study Club; Mrs. Bynum Britton, 1931 Study Club; Mrs. Foster Cook, 1933 Study Club; Mrs. T. H. Blackwell, Twentieth Century Study Club; Mrs. George Gabriel, representing the Spur Harmony Club, and Mrs. Oscar McGinty, president of the City Federation.

Following the luncheon, a tea was held at the home of Mrs. P. C. Nichols. Mrs. Nichols, Mrs. Kinard and Mrs. Dickey were in the receiving line. After the guests were seated, Mrs. Bob Simmons introduced Mrs. Jessie Morrison who led a revision on the Mary Stuart Club Collect. Mrs. George Gabriel sang "Lady Moon" by Clara Edwards, and "Snow" by Sigurd Lie. She was accompanied by Mrs. W. T. Andrews, pianist. Mrs. Gabriel led the group in singing the 7th District Federation song, composed by Margaret Foster with words by Helen Triax. The song was dedicated to the district president.

Mrs. Oscar McGinty introduced Mrs. Dickey and in turn the Spur Study Clubs were introduced to the district president. All charter members were asked to raise their hands. Mrs. McGinty then introduced the president who spoke on Federation in its various departments and what was being done in each of them. She emphasized "Choose what you want to do and carry it through, thereby avoiding frustration."

Next on the program was a violin solo, "Because" from Jocelyn, composed by Goddard, by Mrs. Goldwire, accompanied by Mrs. Sam Hawkes.

Mrs. Simmons dismissed the group from formal session and refreshments were served.

Mrs. Spencer Campbell was chairman of the arrangement committee for the tea. Mrs. Adrian Rickels had charge of the refreshments and Mrs. L. D. Ratliff was chairman of courtesy and hospitality.

Employees of the Safeway Store and their guests were entertained at the annual banquet held at the Wooten Hotel in Abilene, Sunday.

Harmony Club has Regular Meeting

The Spur Harmony Club met in its regular business meeting Nov. 9, at the home of Mrs. P. C. Nichols. The meeting was called to order by the president, Mrs. Paul T. Marion.

Mrs. Fike Godfrey, representative of the club on the committee making arrangements for the City Federation Meeting on Nov. 16, gave a report of her committee meeting.

Mrs. R. E. Dickson was appointed on the Membership and Telephone committee, replacing Mrs. Ted Darby who recently resigned.

Mrs. J. E. Berry's resignation as one of the sponsors of the Junior Harmony Club was accepted with regrets.

The program for the evening was on American Composition and Mrs. Nell Davis gave a paper on the life of Jerome Kern and Mrs. H. W. Durham gave a character sketch on Victor Herbert and played two recordings of his compositions.

Mrs. Nell Davis, delegate to the district convention of the Seventh District of Texas Federation of Music Clubs held in Quannah in October, gave a report on the convention to the club.

Mrs. W. T. Andrews, district president of Seventh District of Texas Federation of Music Clubs, gave a brief summary of federation activities in the district. She announced that the Seventh District will be responsible and in charge of the White Breakfast to be given during the Biennial of the National Federation of Music Clubs in Dallas in the Spring. Mrs. Sam Seay of Amarillo is general chairman of arrangements for this breakfast.

Preceding the business session of the club, a very successful practice for the Christmas Cantata was held. This cantata is under the direction of Mrs. Sam Hawkes and will be presented during the Christmas holidays. The time and place will be announced at a later date.

A delicious refreshment plate was served to the following members and guests: Mesdames W. T. Andrews, J. E. Berry, Beal Brahear, R. A. Conner, Nell Davis, R. E. Dickson, H. W. Durham, Lee English, George Gabriel, W. F. Gilbert, Fike Godfrey, Henry Goldwire, Sam Hawkes, J. W. Henry, L. L. Hill, Paul Marion, Walter Gruben, Miss Faye Middlebrook, and the hostess, Mrs. P. C. Nichols.

Piano Students Hold Recital Tea

The second of a series of Recital Teas was held by piano students of Mrs. J. E. Berry Sunday afternoon at 4:15 in the Lions Club Hall. Hostesses were Mesdames Randolph East, H. C. Goldwire, John A. Allen, Fred C. Halle and Homer Marcy.

Delicious fruit juice punch and cookies were served.

The following pupils played and received statuettes: Kathleen Kelley, Hal Goldwire, Carol Ann Allen, Margie Allen, Jerry East, Gwendolyn Ford, Rozelle Marcy, La Nelle Marcy, Judy Bragg, Robert Beeson, June Ann Albin, Annette Halle, Ruth Ann McTeer and Virginia Swopes. They are working toward the goal of memorizing and retaining ten or more recital numbers this year.

Recital Teas are scheduled to be held twice a month.

Pink-Blue Shower Honors Mrs. Reeves

Mmes. Francis Casey, Bobbie Caudle, J. D. McCain and Trina Mae Culbert were hostesses for a pink-blue shower honoring Mrs. Marie Reeves on Wednesday afternoon, Nov. 10, in the home of Mrs. Nita McAlpin.

Lace and Fiesta decorated the table where refreshments of pie, potato chips, date loaf candy and hot spiced tea were served to the guests. A miniature doll was used as the place favors. Fall flowers were used throughout the house.

Approximately 80 gifts were presented.

Miss Bobbie Faubus Is Shower Honoree

Miss Bobbie Faubus, bride-elect of Rex Taylor, was complimented with a lingerie shower Friday, Nov. 12, in the home of Miss Tammie Thannisch. Co-hostesses were Miss Grace Boothe, Mrs. J. H. Clay and Mrs. J. H. Faubus.

Hot spiced punch and cookies were served to about twenty guests.

Miss Faubus and her fiancé will exchange marriage vows December 1.

Mr. and Mrs. T. J. Conway are the parents of a son, Lanis Harold, born Nov. 12. The youngster weighed 8 lbs., 10 oz.

Have you seen the Most Comfortable Car in America? Come to Gregory Motor Co.

"The Home" Theme Of P-T-A Meeting

At 2:30 p. m., Nov. 9, the regular meeting of the Parent-Teachers Association was called to order by the president, "The Home—The Cradle of Democracy" was the theme for the meeting. A group of pupils directed by Miss Middlebrook presented a surprise musical number. Mrs. J. A. Koon delivered a devotional with "The Home As the Training Ground for Democracy" as her theme. "A Challenge to Mothers" was discussed by Mrs. Paul English. Announcements were made and routine business was considered. Mrs. Brown's first grade room won the room count.

An Executive Board meeting preceded the regular meeting. The budget for the year was discussed and parts of it were accepted. Plans were made for conducting the amateur program to begin at the Palace Theatre on Nov. 17. Plans were discussed for sending a representative to the state meeting at El Paso on Nov. 17-18, 1948.

Mrs. Lassetter Is HD Club Hostess

Mrs. E. J. Lassetter was hostess to the Dry Lake Home Demonstration club Wednesday, Nov. 10. Each member answered roll call by showing a Christmas gift she had made.

Mrs. Robinson gave a demonstration on candy making and useful and attractive gifts. Her demonstrations are always timely and of real help to the homemaker.

After a guessing game, refreshments of jello, cookies, sandwiches, cocoa and candy were served to Mesdames Ethel Ballard, Jack Gordon, W. R. Farrel, Ivy McMahan, Coy Dopsom, Lon Bass, Bob Pinks, the agent, Mrs. Robinson, and the hostess, Mrs. Lassetter.

The next meeting will be in the Archer Powell home for Thanksgiving dinner at 1 o'clock.

Spur Harmony Club

The Spur Harmony Club will meet Tuesday evening, Nov. 23, at 7:30 at the Methodist Round-Up Room. All members of the Junior Harmony Club are invited to attend this meeting. The club will work on the Christmas Cantata at this time, under the able direction of Mrs. Sam Hawkes.

If it's repairs that you need...

Gene Roberts at Gregory Motor Co., will take care of your needs in 4-11c

Dr. and Mrs. J. F. Hughes returned to Spur after a visit with their daughter and family, Lt. and Mrs. Charles Sherwood, in Newport, R. I. They flew up Oct. 26, to be present for the birth of their grandson, John Fredrick, born Oct. 29. While in Newport they attended services in the Old Trinity Church, built in 1726, and visited the old Vanderbilt home. They spent one day

each in Boston, New York and Washington.

Mrs. John Bass of Amarillo and W. P. Cagle of Los Angeles, California, were guests of their cousin, Mrs. Nona Starcher, Tuesday.

Jake Jones leaves Thursday for medical treatment at Mayo Brothers.

Panel Bodies suitable for mounting on the Forward-Control Chassis are supplied by many reputable manufacturers.

Here's Double Value!

It's the New Chevrolet
Dubl-Duti (FORWARD CONTROL) Chassis

Take a good look at this latest addition to the Chevrolet truck line. It's worth it. Because here is something altogether new, something that will put your door-to-door delivery business on a new high level of efficiency—a forward-control chassis permitting double the ordinary load space! And that isn't all in addition, there's Chevrolet's new foot-operated parking brake, steering column gearshift and solenoid starter plus full standing room comfort and convenience. Just wait till you see them! You'll want this Chevrolet Dubl-Duti chassis. It's a double value!

TWO MODELS!

- Model 3742—125 1/4" wheelbase. For nine- and ten-foot body installations.
- Model 3942—137" wheelbase. For ten- and eleven-foot body installations.

Advance-Design
CHEVROLET TRUCKS

DOUBLE CUBIC CAPACITY!
More packages per trip... less cost per package. Chassis are designed for bigger bodies with no extra wheelbase added.

SHORTER TURNING RADIUS!
Wide front track enables driver to turn within a small circle!

GREATER CONVENIENCE!
Chevrolet's new solenoid starter—operated by instrument panel button—assures positive starting.

NEW EFFICIENCY!
Chevrolet's foot-operated parking brake assures positive, safe braking in an emergency or for parking!

NEW OPERATING EASE!
Advance-Design gearshift (on 125 1/4" wheelbase with 3-speed transmission) is mounted on the steering column.

Nine out of ten home fires are preventable. It's up to you to find the fire hazards in your home and eliminate them.

RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly silences the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

GUEST: My talent plays the harmonica.
GODFREY: I got a kick out of a harmonica player once. My girl's father.

GUEST: He plays the xylophone. He used to play the marimba, but he decided he'd rather play on chromium plates than wooden blocks.
GODFREY: In other words, he decided there's no plates like chrome.

GODFREY: How do you really like married life?

GUEST: I like everything about it except washing dishes.

GODFREY: You don't have a child?

GUEST: No.

GODFREY: Lady, you don't know what washing is!

GODFREY: Medical man?

GUEST: Yes, I am. General practitioner.

GODFREY: I like to be sure. About a month ago we had a fellow on this show said he was an M. D. and he turned out to be a meat dealer.

GODFREYANA

By the way, you know the difference between an invention and a discovery? When a guy comes home late, he's gotta invent a story so his wife shouldn't discover where he's been.

Governor Jester Proclaims Silent Guest Plan Month

On Thanksgiving Day the American Silent Guest Plan for relief to distressed Europe will be inaugurated over the nation for a second consecutive year, Governor Beauford H. Jester has announced.

The Governor has proclaimed the month of November 25 to December 25 as Silent Guest Plan month in Texas.

Last year's drive netted more than \$1,400 for Texas' share of the aid to Europe's poverty-stricken people—war orphans, widows and old folks. The Governor expressed confidence that donations in 1948 will exceed those collected last year.

As projected through the nation, this plan calls for each American family to invite a "Silent Guest" to eat at his table for one month, sharing in a Thanksgiving and Christmas dinner.

Mindful of the fact that it would cost a family approximately \$30 to feed a guest for one month, the Governor has suggested that those families with limited incomes may "share" a Thanksgiving meal or that and a Christmas dinner.

After calculating the cost for feeding this extra person, the family may mail a check or money order, covering that sum, to the Governor's Office in Austin. The collections will be forwarded then to Committee headquarters for purchase of food packages from the non-profit government approved organization, CARE, for delivery to needy families in Europe, Governor Jester said.

CARE, the Cooperative for American Remittances to Europe, Inc., was chosen by the American Silent Guest Committee last year to handle the funds because it represents all of the major religious and nationality groups, and is the only organization of its kind so comprehensive in scope.

Gary Cooper and Ann Sheridan Starred In Story of American Family Embarrassed By Effects of Helping Too Many Too Much

ANN SHERIDAN and GARY COOPER seem concerned about different things in this scene from RKO's "GOOD SAM."

Leo McCarey's latest offering, "Good Sam," comes as a warm-hearted, human interest comedy. As a Rainbow Production for RKO release the picture stars Gary Cooper and Ann Sheridan playing a somewhat harassed couple in modern American life.

Cooper has the role of Sam Layton, general manager of a department store, and is known to the community as Good Sam (short for Good Samaritan) because of his unflinching generosity to his fellow beings in need of a helping hand. Miss Sheridan plays his devoted but sometimes exasperated wife, Lu, who tries to teach him that charity begins at home.

Good deeds by Sam keep the family resources at a low ebb and Lu on the verge of despair. There is the time she contracts to buy a larger home only to find that Sam has loaned the "house fund" to a friend to open a gas station. Many other complications, both hilarious and serious, crop up before Sam's philosophy of life pays off and the Clayton family attains security.

Cooper and Miss Sheridan are credited with outstanding performances and receive featured support from Ray Collins, Edmund Lowe, Joan Loring and Clinton Sundberg. Minerva Urecal, Louise Beavers, Dick Ross, Lora Lee Michel, Bobby Dolan, Jr., Matt Moore and Netta Parker have picturesque roles. Ken Englund wrote the screenplay which was based on an original story by McCarey and John Klorer. The intimate touches of sentiment and humor such as McCarey employed so successfully in his direction of the Academy Award films, "Going My Way" and "The Awful Truth," have been employed in "Good Sam."

The "X" disease of cattle is found in more than 30 states, including Texas. This disease strikes hardest during the late winter and early spring months, and seems to hit the younger animals harder than the older ones.

An electric roaster not only roasts, but it also pan-fries, fries, steams and bakes. Although it doesn't bake so well as the oven of a modern range.

Recent experiments at the Yuleta, Texas Experiment Station showed that the use of cottonseed hulls to replace part of the alfalfa hay in steer fattening rations have caused cattle to eat better, gain more, and have a higher dressing percentage and slightly higher carcass grade.

When pastures are dry or overgrazed, hulls supply needed carbohydrates for the beef breeding herd and other livestock. Simple rations of cottonseed meal, or cake, and cottonseed hulls will maintain the herd in good condition during winter months, preventing costly weight losses and aiding the production of milk and a strong calf.

Cottonseed hulls also are widely used as dry roughage in rations of fattening lambs and work stock. With cottonseed hulls, as with many other commonly used roughages, it is advisable to feed 6 to 9 pounds of

Because they prevent scouring or bloating, cottonseed hulls are recommended for feeding with silage, and legume hay, and for livestock on young tender pastures.

Dairy cows should have dry roughage before cows is recommended by authorities as "insurance" for obtaining nutrients that may not have been available in grazing. With fair or poor pasture, roughage is essential to supply needed feed.

A popular dairy mixture in Cotton States consists of four parts of cottonseed hulls and one part of cottonseed meal, with two per cent of calcium and one per cent of salt added to supply needed minerals. Cows not on green pasture, need good green hay to supply vitamin A. Cows require about five pounds of the meal-and-hull mixture and two pounds of grain for each gallon of milk produced, in addition to pasture or hay.

Meal and hull mixtures also have long been standard fattening rations for cattle in the South and Southwest. The proportions usually are one part of meal to two parts of hulls for quick fattening, or one part of meal to four parts of hulls for a longer feeding period with older cattle. Grain should replace part of the hulls when higher finish is desired.

This is the time of year to treat your cattle for grub. This is grub season. They cause a big loss in meat, milk and leather. Ask the county agent about cattle grub control.

Roofs of any type—shingle, slate or tile—should be inspected for broken or loose pieces before cold, wet winter months set in.

Bright-green hay, as a source of vitamin A, twice weekly unless livestock have green grazing.

Roughage Big Money Saver For Stockman

Ample roughage is essential for the most economical feeding of livestock, even when grains and other feeds are abundant as they are this year, feeding authorities point out.

Rations built around plenty of roughage, properly supplemented with grains and protein concentrates, are most economical and efficient because the roughage furnishes nutrients at low cost, provides bulk needed for proper digestion of other feeds and increases efficiency.

Cottonseed hulls, more plentiful as a result of the larger 1948 cotton crop, are a widely-used, economical roughage. Experience and Experiment Station tests have proved that cottonseed hulls are equal in feeding value to Bermuda, Johnson grass and other average grass hays. In fattening rations for cattle, 10 pounds of cottonseed hulls replaced 250 pounds of sorghum silage or 200 pounds of corn silage.

Because they prevent scouring or bloating, cottonseed hulls are recommended for feeding with silage, and legume hay, and for livestock on young tender pastures.

Dairy cows should have dry roughage before cows is recommended by authorities as "insurance" for obtaining nutrients that may not have been available in grazing. With fair or poor pasture, roughage is essential to supply needed feed.

Your Home

Our family has recently taken up "kitchen partying", and it's such fun! Someone says, "Let's pop some popcorn!" and we're off for another evening of glee. Even our friends come in to enjoy our kitchen parties. We gather round the stove, each taking turns chalking the corn as it heats, and the merry popping always encourages laughter and gay conversation. When it's done, we can hardly wait to eat it!

Usually we divide our popcorn into individual bowls because some like it seasoned with salt and butter or margarine, while others like it with apples or milk poured on it. We always have plenty of paper napkins on hand because everyone needs them to wipe away the excess grease and salt.

And we love making candy! We've tried penuche, fudge, divinity, and even a taffy pull! But Marshmallow Fudge is our favorite. Perhaps because it's so easy. We cut 12 marshmallows into small pieces and stir them into the chocolate fudge mixture just before pouring it into the pan.

If there's any candy left over, we send it home with our guests. When packing it, I use paper napkins to pad the top and bottom of the candy box. The firm softness of the paper napkins holds the candy in place and keeps the pieces whole and unbroken. That's a good tip to remember when packing homemade candy for birthday or Christmas gifts, or whenever sending it through the mails.

I'm enthusiastic about kitchen entertaining. It makes for such good, wholesome family life!

Farmers Must Get Fair Return on Crops Vance Says

For the good of the whole country, farmers need a fair return from their crops, says H. F. Vance, Chairman of the Texas P.M.A. Committee. He recalls that experience in low prices which at first appear to benefit the consumer have always been short-lived. The final result has been ruin to the farmer, disruption of plans and practices to conserve the land and a net loss to the whole country.

Stability of agriculture is one of the benefits to the whole country which come from a fair return to the farmer. With the necessary security, the chairman points out, farmers make their home on the land and build up the farmstead and the soil. To the consumer this means continued operation of the food production plant. It means abundant and steady production instead of spasmodic and uncertain crops.

The farmer who feels secure on his land takes better care of the soil. He is financially able and has an incentive to carry out conservation practices which save and build the soil. The net result is a stability which assures the consumer continued abundant production.

This also means security and stability for people living in town, the chairman points out. Through fair returns from crops sold, the farmer is able to buy more from the shops. He is a stable market for services and for the household furnishings, machinery, clothing and food processed and sold in the stores.

Mr. Vance points out that the process works both ways. When the city family has a good income there is a better market for what the farmer produces. It is the balance and not the advantage of one over the other that leads to better living for all.

This is the time of year to treat your cattle for grub. This is grub season. They cause a big loss in meat, milk and leather. Ask the county agent about cattle grub control.

Roofs of any type—shingle, slate or tile—should be inspected for broken or loose pieces before cold, wet winter months set in.

YOU'LL GET MORE FOR YOUR MONEY with a JOHN DEERE FEED MILL

There are three mighty important reasons why a John Deere Feed Mill offers you the fullest measure of value for your money.

First—they make better feed. John Deere Mills process the material without heating... reduce home-grown feeds to any degree of fineness to match your feeding needs.

Second—they turn out more feed per hour. This big capacity is the result of faster, more direct feeding to the feed-reducing mechanism, which, in turn, thoroughly reduces the material faster.

Third—power requirements are low. Hammer rotor and lawn-mower-type cutterhead run on ball bearings, assuring light draft at all times.

There are many other reasons why you should choose a John Deere Feed Mill. See us for complete details the next time you're in town.

BRYANT-LINK CO.

JOHN DEERE...The Quality Name in Farm Equipment

How's our railroad doing, young man?

The little old lady is not a busybody—she is merely looking after one of her investments.

She has some money in the Santa Fe. Maybe it's ten, maybe it's twenty, maybe it's fifty shares of Santa Fe stock.

She is entitled to attend a stockholders' meeting. She can get on her feet and ask our board of directors questions just like the above. She can compliment those gentlemen for their management, or she can bang her umbrella on the table and tell them off.

Alone, her few shares of stock can't do a lot. Alone, she couldn't elect a president of the United States. But stockholders just like her—housewives, teachers, merchants, salesmen, laborers—can tell us how to run the Santa Fe, and they do. (Actually 29,178 Santa Fe stockholders are women, most of them holding only a small number of shares each.)

And that's the beauty of America—the voice of the people is the voice that runs things, whether it's operating a transcontinental railroad or putting a man in the White House.

Isn't it a wonderful country where so many can own so much? That's "Free Enterprise."

Santa Fe stockholders, just as those of any railroad, know that American railroads must be permitted to earn at least 6% (many other industries earn more) on their investment in order to maintain sound and progressive operations and to continue to provide shippers and passengers with the finest in rail transportation.

SANTA FE SYSTEM LINES
Serving the West and Southwest

Get our special WINTER protection now!

- GET THE MOST OUT OF THESE "MUSTS"!
1. We'll flush the radiator and protect your Ford's cooling system with anti-freeze.
 2. We'll replace lubricants with the proper winter grades.
 3. We'll check your battery and ignition system.
 4. We'll check your brakes, tires and steering, make sure they're safe for winter.
 5. We'll adjust your carburetor to the right winter setting for quick starts and gas savings.

No doubt you realize that you must get your Ford ready now if you're to enjoy a trouble-free winter. But go one step further: Make sure this winter protection is real protection.

Our Ford-trained Mechanics know your Ford best. They use Special Ford Equipment and Factory-approved Methods, and they can supply Genuine Ford Parts. They can give your car the protection that's sure to be right.

Drive in now (before winter slips in some night) and be sure your car's fully protected.

We Ford Dealers Know Fords Best!

VETERANS NEWS

Job openings for qualified clerk-stenographers with the Veterans Administration in Washington, D. C., still exist, VA has reported.

Entrance salary for these positions is \$2,498 per year with good chances for quick promotion. Travel to Washington for those accepted will be paid by the Government.

Employment may be obtained through any regional office, hospital or Center of the Veterans Administration in Texas, Louisiana and Mississippi.

Leading chest specialists of Texas, Louisiana and Mississippi met this week in Bandera, Texas, for a three-day exchange of experiences in the treatment of tuberculosis and other chest diseases.

The conference was sponsored by the Dallas Branch Office of the Veterans Administration. Dr. Lee D. Cady, VA's Southwestern Medical Director, predicted that the Bandera conference and others next year will result in more uniform and improved treatment of tuberculosis throughout the tri-state area.

A series of cases from VA, state and county tuberculosis hospitals were discussed by the doctors.

A talk on the atom bomb and the use of radiostopes in medical research and treatment was made by Dr. George Lyon of VA's Central Office, Washington, D. C.

Some veterans in schools and colleges are not receiving their subsistence allowances regularly because of their failure to identify themselves properly when corresponding with VA.

To avoid delays, they should use their full name, address and claim number on all forms and correspondence.

QUESTIONS AND ANSWERS

Q—I am a World War II veteran and would like to know how to get a concession to operate a stand at one of the VA hospitals?

A—Under Public Law 636, Veterans Administration operates concessions with fountain service and a stock of cigarettes, shaving cream, razors and similar items. Therefore, VA no longer lets out concessions.

Q—Can my National Service Life Insurance include coverage for total disability?

A—Yes. For a small additional premium, there may be added to any NSLI policy a total disability rider which provides monthly payments to the insured while he is totally disabled longer than six consecutive months. Such payments begin with the seventh month of such total disability.

Q—May I assign my National Service Life Insurance to a lender who will lend me money to go into business?

A—No. National Service Life Insurance may not be assigned as payment of an obligation.

Q—I converted my NSLI about a year ago but have since let it lapse. Can my permanent plan

Boyce House

"Gives You Texas"

When I was a boy in Memphis, Tenn., I met Capt. Dabney M. Scales, a hero of the Confederate navy.

Not long ago, interesting details of his service were encountered in an old book.

Captain Scales was attending the United States Naval Academy when the Civil War broke out. He resigned and became the youngest officer in the navy of the Confederacy. He served on the famous raider, the Shenandoah, which cruised the seven seas seeking Union vessels.

One day, south of Australia, they overtook a ship which was flying the British flag but they thought this was a ruse. The vessel was hailed and proved indeed to be British—and then the Confederates learned an amazing thing. The war was over and had been for eight months!

Because a federal court held that the activities of the Shenandoah were in violation of the law—though actually its officers and crew were merely waging war, though of a daring nature—Captain Scales lived in Mexico for two years.

Then he returned to Tennessee and practiced law. In the War with Spain, he volunteered and was navigating officer on a ship.

He was an old man with snow-white hair and mustache when this columnist, then a schoolboy, knew him. He never mentioned anything about his service in two wars. Just an old book, out of print, tells a little about his career.

Spur BTU Plans Thanksgiving Aid For Needy Families

The Young People's Training Union of the First Baptist Church is preparing Thanksgiving baskets for the needy families in Spur. The program is under the direction of Mrs. June Lackey, missionary chairman for the organization.

The young people are soliciting contributions of canned fruit, fresh fruits, nuts and candies, unadorned vegetables, and cash with which to buy fresh meats.

All members of the First Baptist Church and their friends are invited to help with this drive. Contributions may be given to any member of the Young People's Union or left with Grady Lackey at The Texas Spur.

Asked what he thought of the two candidates for the election, an enlightened voter replied: "Well, when I look at them, I'm thankful only one of them can get elected."

Insurance be reinstated by the payment of two monthly premiums?

A—No. Only term insurance may be reinstated by the payment of two monthly premiums. In reinstating converted insurance on a permanent plan, all premiums in arrears must be paid with interest.

S'west Markets Show Weakness

Many weaknesses detected in southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Hg markets fell \$1.50 to \$2.50 during the period. Top butcher hogs sold Monday at \$22.50 at most southwest terminals, as Oklahoma City and Kansas City stopped around \$22. Sows ranged generally from \$19 to \$21.50, and Texas pigs \$21 down.

Mature slaughter cattle lost mainly 50 cents to \$1 for the week except at San Antonio where they gained around 50 cents. Killing calves and all stocker and feeder classes sold generally steady to firm. Beef cows showed the most consistent declines. Houston moved common, medium and good cows Monday from \$17 to \$19. Common and medium cows brought \$14.50 to \$19.50 at San Antonio, \$15.50 to \$16.50 at Oklahoma City, \$16 to \$17.50 at Wichita, and \$16.75 to \$18.25 at Kansas City.

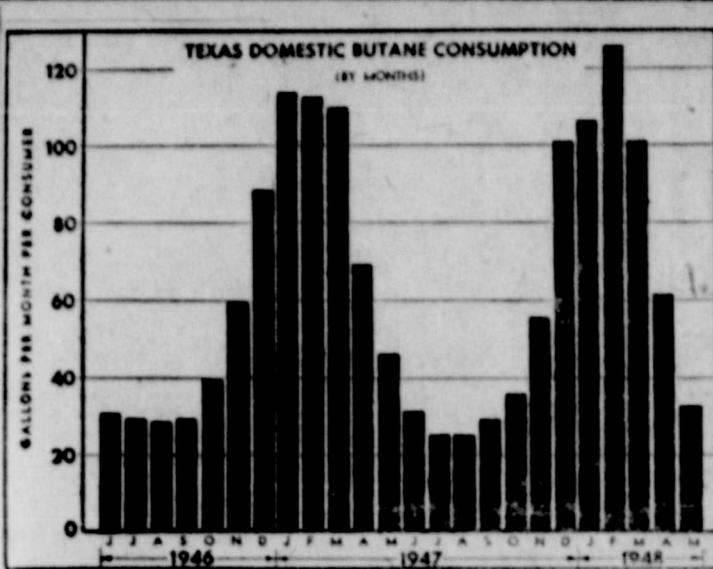

Lambs dropped largely 50 cents to \$1 or more, but ewes sold unevenly strong to \$1 higher. Feeder lambs and goats closed firm to strong. San Antonio cleared good yearling sheep at \$17, while Fort Worth turned medium and good grades at \$18 to \$19.50. Kansas City took good and choice yearlings at \$20 to \$21.

Texas wool sold actively last week, along with revalued Commodity Credit Corporation wools. Some mohair moved at 38 cents a pound for adult and 58 for kid.

Losses in weekend grain trading wiped out most of last week's gains. Wheat, oats and white corn retained 1 to 2 cents advance for the week ending Monday, but other grains closed unchanged to lower. No. 1 hard wheat sold around \$2.47 per bushel at Texas common points, with No. 2 white corn \$1.80 to \$1.90, and yellow \$1.61. Oats brought about \$1 at Fort Worth. Milo closed at \$2.67 to \$2.72 a hundred.

Active demand for top grade long grained rice kept prices firm at recent advances. Many feedstuffs sold at higher prices for the week. Good balance of supply and demand for hay maintained values at about unchanged levels. Peanuts still moved at the support schedule but quality improved on late pickings.

Sweet potatoes sold stronger at Southern Louisiana shipping points, as the market basis changed from uncured to cured stock. Good demand reflected the coming Thanksgiving holiday. Colorado potatoes and onions brought steady to higher prices for the week. Increasing shipments of Texas grapefruit and oranges

This chart shows the amount of liquefied petroleum gas average Texas domestic consumers use each month of the year. Consumption in December will be almost twice November's, if the past two year's patterns are followed. Adequate storage has been advocated to spread out the impact of winter demands on available supply.

Plan to Abolish Poll Tax for Vote Purposes Seen

Texasans were promised a resolution on the opening day of the 51st Legislature which would give them the choice of retaining or repealing the poll tax as a requisite for voting.

State Sen. Rogers Kelley of Edinburg announced he will introduce the resolution calling for a referendum on retaining or repealing Article VI, Section 2, of the state constitution which requires all Texas voters not exempt to pay a poll tax before they can vote.

Kelley explained his resolution actually will call for a special election on the constitutional amendment. He said it doesn't call for complete abolishment of the poll tax and its revenues, most of which now go into the state school fund, but would merely do away with it as a prerequisite to voting.

found dull to weaker markets at principal terminals. Tomatoes, spinach, carrots and lettuce followed firm trends.

Firm to slightly stronger trends prevailed at southwest egg and poultry markets the past week. Current egg receipts brought 48 to 55 cents a dozen in North Texas. Heavy hens sold from 39 to 43 cents a pound. The Thanksgiving turkey market got under way slowly. No. 1 young hens ranged from 45 to 48 cent, and toms 40 to 42.

Cotton advanced largely \$1.50 a bale. Spot middling 15/16 closed Monday at 31.25 cents a pound at Dallas and Houston, and 31.30 at New Orleans.

It's not too early to start thinking about your 1948 income tax return.

CARD OF THANKS

We wish to take this method of expressing our thanks and deep appreciation to the many friends and neighbors for their kindness and help during the illness and death of our Dear Wife and Mother. Also to the choir for their beautiful songs, to Rev. H. Hill and Love for their kind words.

We especially wish to thank each of you for the many beautiful floral offerings.

May God's richest blessing be with each of you.

W. B. Reid and Family.

What goes on here?

REFEREE makes first down—or did he really just miss it? Field judge blocks out the nearest tackler—or was it clipping? If the officials call 'em—and play, too—what kind of a game is that?

You wouldn't stand for that sort of thing on a football field—but it is happening every day in the electric light and power business. Government not only regulates the electric companies—but is in competition with them at the same time!

The catch is that government sets up two different sets of rules. The government's electric agencies pay little or no interest on the money they borrow, and pay no Federal taxes—but electric companies do, and expect to. When government-in-the-power-business can't make ends meet—it gets a handout of tax money from the U. S. Treasury. Who

foots the bill? American taxpayers—which you are one.

If government can get into the light and power business this way—it can get into every other business the same way.

In sixty-odd years, the self-supporting electric companies have built for America the most and the best electric service in the world. While costs of everything else are way up (including the costs of making and delivering electricity) electric service is still the best bargain in the American family's budget... it does so much, and yet it costs so little.

This is a good record for the thousands of people who work in power companies, and for the millions of people who invest savings in them.

Don't you think these men and women deserve a fair break?

The answer is yours to make, for government money is your money.

"Burn down your cities and
leave our farms, and your cities will spring up again as if by magic; but destroy our farms and the grass will grow in the streets of every city in the country." William Jennings Bryan once said.

Young Mother: "What makes
you think our boy is going to be a politician?"

Young Father: "He says more
things that sound well and mean nothing than any other human being I ever saw."

Joseph Pulitzer acquired the
St. Louis Post-Dispatch at a sheriff's sale.

Barbecued ribs are typical of
braised spareribs. Brown the ribs in hot fat, add barbecue sauce, cover tightly and cook slowly for about 1-1/2 hours. A "semi-baking" process is also good for barbecuing spareribs. Put the ribs in a flat shallow baking pan, with a ring of sweet onion and green pepper on each piece. Pour barbecue sauce over the ribs, then cook in a 350 degree F. oven for 2 hours, basting frequently with the sauce.

Odessa Banker to
Head WTCC in '49

A West Texas banker and a group of well-known business men will direct the activities of the West Texas Chamber of Commerce for another year in what has been declared the most outstanding work program in the history of the organization.

John D. Mitchell, president of the First National Bank of Odessa, is the new president of WTCC. He formerly was a Lubbock banker and has been active in West Texas financial affairs for a number of years.

J. M. Willson, Floydada, owner of dozen lumberyards on the plains, and a trustee of SMU and McMurry College and active in Boy Scout work, is first vice president. B. P. Bludworth, outdoors advertising man of Brownwood is second vice president and Frank Kelley, Colorado City land man, is third vice president. Ed S. Stewart, Abilene, candy manufacturer was elected treasurer.

D. A. Bandeen was reelected to the general managership where he has been for 20 years, with a rising ovation to his long leadership in West Texas activities.

Principal activity of the organization for the ensuing year will be in its fight for protection of domestic water rights and attempt to increase water development in the area, according to the convention program.

At the annual meeting in Abilene Monday, the WTCC directors authorized the creation of two strong groups. One is a Municipal Water Rights Committee, which will be made up of city officials in West Texas towns needing additional domestic water and to work for protection of existing water rights.

The other activity will be the formation of the Soil Conservation Enactment Committee which will be "composed of representative agriculturists, county judges and mayors of West Texas which committee shall be charged with the responsibility of assisting in the passage of the enabling act of the 31st Legislature, and in assisting the respective counties of West Texas in securing the maximum local benefits from the act."

This will be in support of the Williams-Holt bill, which is an enabling act for HJR 24 (Amendment No. 7) which was voted at the Nov. 2 election. This bill is being sponsored by the WTCC.

District directors of the organization elected were: Roy S. Bourland, Pampa; Henry Teubel, Tulsa; A. B. Taff, Childress; J. R. Fleming, Weatherford; Frank S. Roberts, Breckenridge; Charnell Jobe, Lamesa; J. L. Pinkerton, Monahans; R. M. Hawkins, Alpine; E. L. Buelow, San Angelo, and John C. Grammer, Coleman.

Spareribs Provide Informal Meat for November Occasions

November is an especially good month for serving pork. For Thanksgiving, there is the traditional pork roast, and for more informal occasions — when it's "just the family" or even for entertaining purposes — hearty and flavorful spareribs are suitable.

Because spareribs, like all fresh pork, must be completely cooked to be at their best, "ribs" are usually roasted or braised to the well-done stage, Reba Staggs, home economist, points out. When roasted or baked, they are sometimes cooked with a stuffing, either under the meat or between two "racks" of the ribs. When braised, various liquids, such as barbecue sauce, fruit juice or water may be used to lend variety in flavor to the ribs.

A good fall dish is spareribs baked with a bread stuffing, served with cabbage salad, hard rolls and baked apples. Place the meat over the bread stuffing, and roast in a 350 degree F. oven until tender, about 2 hours (fresh pork is roasted at 350 degrees F. rather than 300 degrees F. so that it will be tender, juicy and attractively browned by the time it is completely cooked). Put the well-done stage. Another good stuffing is a fruited one made with pineapple, apples and prunes. Place this between two "racks" of ribs before cooking, then slice through to serve.

Barbecued ribs are typical of braised spareribs. Brown the ribs in hot fat, add barbecue sauce, cover tightly and cook slowly for about 1-1/2 hours. A "semi-baking" process is also good for barbecuing spareribs. Put the ribs in a flat shallow baking pan, with a ring of sweet onion and green pepper on each piece. Pour barbecue sauce over the ribs, then cook in a 350 degree F. oven for 2 hours, basting frequently with the sauce.

Nancy Holmes SUGGESTS

WITH holidays near at hand, it's
time to talk turkey, says Nancy Holmes of the Best Foods consumer kitchens. And here she gives you her favorite recipe for the festivities.

Roast Stuffed Turkey
12 to 15 pound turkey, salt turkey, 1/2 cup vitamin, salt and pepper, 1/2 cup margarine

Singe bird, remove pin feathers, and wash outside and inside of bird; dry well. Sprinkle inside cavity with salt and pepper. Fill body and neck cavities with Parsley Stuffing (do not pack) and close the openings by sewing with heavy thread or fastening with skewers. Fold wing tips under back of bird. Tie ends of legs together with string. Slit gullets and neck. Cover with boiling water, add salt and margarine; cover and simmer 1 to 2 hours. Place turkey on side on rack in roasting pan. Brush with liquid used in cooking giblets. Cover with a cloth dipped in this liquid and baste frequently. Roast in slow oven (300° F.) allowing 18 to 20 minutes per pound. Turn turkey to other side and then turn breast side up after 1/2 of total roasting time.

Parsley stuffing: Melt 1 cup margarine in skillet, add 3/4 quart dry bread crumbs, 1/4 cup grated onion, 4 teaspoons salt, 2 teaspoons celery salt, and 1/2 teaspoon pepper; sauté about 10 minutes, stirring frequently. Add 1 1/2 to 2 cups bouillon to bread mixture gradually to moisten slightly. Add parsley. Yield: sufficient stuffing for a 12 to 15 pound turkey. Garnish with whole apricots and small bunches of grapes.

West Texas Girl
Goes To National 4-H Dress Review

A 16-year-old Mitchell County 4-H girl will don a Botany green dress with a plaid topper jacket this month and take off for Chicago to represent Texas in the National 4-H Dress Review.

She's Jolene Campbell, high school senior, daughter of Mr. and Mrs. Jack Campbell of Colorado City.

Jolene showed her dress at the State Fair of Texas, winning the state dress contest. She'll attend the National 4-H Congress, Nov. 28—Dec. 2.

The dress which won her the top Texas prize was inexpensive. The material for the dress cost \$7, the jacket \$10 and green and brown accessories \$14.

Jolene's record as a clothing demonstrator in her 4-H Club work has been outstanding. For two years she has made everything in her wardrobe, including underwear, school clothes, dress-up dresses, evening dresses, suits and coats.

The girl who will carry Texas colors lives on a farm near Colorado City with her father, mother and younger brother.

She started 4-H Club work when she was a 10-year-old fifth grader in Garner school near Knott, Texas.

She started as a poultry demonstrator, later took up victory gardens, canning, bedroom improvement, livestock and sewing.

In the last few years her club interests have centered around sewing. Last year she won first place in the Mitchell County Dress Review and started shooting then for this year's state contest.

Jolene showed good judgment in selection of her winning combination. The plaid jacket, as she says, can not only be worn with this year's green dress but goes well with clothes held over from last year.

Jolene will be the first Mitchell County girl ever to attend the National 4-H meeting.

Her outstanding work, has brought her local honors, too. She has been named Mitchell County's 1948 Gold Star Girl.

Novel Garnishes
Add Interest To Pork Roast

That Thanksgiving pork roast deserves the best you can give it in the way of garnishes. Whether you use a center-cut loin roast or the more conservative sirloin or shoulder-end pork roasts, you'll want it to look its finest for your holiday table.

Set the theme for the dinner by using a vegetable center-piece of egg-plant, squash, apples, and other fall fruits and vegetables. Then use edible garnishes of seasonal fruits and vegetables as accompaniments for the roast, says Reba Staggs, food authority.

Cranberry sauce or sherbet in orange half-shells is a colorful and appetizing garnish. Or cook apples lightly in a red cinnamon-flavored sirup, then top with marshmallows and a sprinkling of chopped nuts. A quick trin under the broiler will melt the marshmallows and brown them slightly.

Orange-flavored mashed sweet potatoes are another choice. Use orange juice and grated orange

mind for the flavoring. Place a mound of potatoes on a pineapple ring and again top with a marshmallow before broiling. Still another choice is fresh or canned pear halves topped with a ground cranberry and an orange relish, and broiled.

KALGARY NEWS

The Calgary Country Folks Community Club has announced the next meeting to be November 23, which will be a Box Supper with prizes for the prettiest box and the ugliest couple. An invitation is extended to everyone so don't stay home because you have visitors, bring them too.

Mesdames Giles Pierce, Homer Robnett and Morris Phillips are in charge of the supper.

Mr. and Mrs. Welton Horner of Popular Bluff, Missouri, visited Mr. and Mrs. Homer Robnett of Calgary, Friday.

MERIT SYSTEM EXAMS

Competitive examination for positions in public health sanitation with the affiliated local health units of the Texas State Department of Health has just been announced by the Merit System Council for the Texas State Department of Health. Examinations will consist of an evaluation of training and experience and a written examination. Veterans preference will be allowed applicants who have been honorably discharged from the United States armed forces, and who make a passing score on the examination.

Applications will be received continuously until further notice. Positions for which examinations will be conducted are: Meat Inspector, Milk Sanitarian, Food and Drug Inspector, Sanitarian, Assistant, Sanitarian Associate, Sanitarian, and Senior Sanitarian. Qualifications required include graduation from an accredited high school, applicable experience, and experience in public health. Preference will be given those candidates who have college training in basic sciences, and public health experience. Entrance salaries range from \$2100 to \$3450 according to classification.

Application blanks may be obtained from Russell E. Shriver, Merit System Supervisor, Littlefield Building, Austin, Texas.

ARE YOU MISSING SOMETHING?
No matter what you've been offered for your present car, your nearest Kaiser-Frazer dealer would like to tell you what he thinks it's worth. It could be much more than you think.

And while you're about it, see and drive the 1949 KAISER or FRAZER. Power to spare, with many a long mile between gallons. Room for yourself and your five best friends. Style and luxury that make the KAISER and FRAZER the most copied cars in America. A ride that smooths the bumps and hugs the road at any speed.

Before you decide on any new car, fill out the coupon below and find out easily—and without obligation—what your present car will bring. Then drive a 1949 KAISER or FRAZER and find out for yourself what our 300,000 proud owners already know. The keys are waiting for you.

Maybe you've been

Decorate Your Fruit Cake Now

If holiday fruit cakes are on your mind, stop a minute to think about decorating them too. Baking the cake early is the best possible way to have them "aged" at the same time. If the cakes are made with lard, of course, they can be made months ahead without danger of losing their freshness, says Reba Stagg, home economist.

But decorating is important, too—the cakes should be as pretty as they are good. Do the decorating now, before the cakes are stored, so you'll be ready to draw the beauties forth at the first sign of Christmas.

As soon as the cakes are baked, remove them from the oven, and decorate the top of each loaf with blanched almonds and candied or maraschino cherries.

Brush the surface of each loaf with a glaze made by mixing 2 tablespoons of molasses and 1 cup water. Place the cake in a slow oven (300 deg. F.) for 30 minutes to dry slightly. Remove cakes from pans and cool on a wire rack or a dry towel.

To store, wrap the cakes in several layers of oiled paper and store in a tightly covered tin box for several weeks.

Framed Pictures And Mirrors Accent Furniture Groupings

Tomlinson of High Point Photo.

Well-balanced arrangements of appropriately framed pictures and mirrors focus attention on the furniture in a room.

In the living room above, the grouping of four large and four small fruit prints, all framed in simple gilt frames, provides a pleasingly symmetrical and dramatic center of interest over the horizontal line of the couch. In vivid contrast to the plain wall, an over-all patterned wall paper relieves any impression of bareness. And to carry out further the feeling of contrast, a large framed mirror has been hung, also over a horizontal furniture piece, to give depth and spaciousness to the room.

Texas Tech Gets

\$300,000 Museum

LUBBOCK, Nov. —After 12 years of waiting, Texas Technological college is to have a \$300,000 museum. The college board of directors recently voted an appropriation of \$135,000 to finish the building started in 1932.

A contract for construction has been let, and work is under way. Dr. W. C. Holden, curator, estimates the building will be ready for general use by the opening of school next year, September, 1949.

The story of research suffered in the construction of this building located off the circle in the heart of the college started at its beginning in 1935 and have continued through 12 years of struggle.

The West Texas Museum association bought the first building for funds in 1933 with a request for Texas Tech from the \$300,000 Centennial appropriation for colleges. Association efforts finally secured \$25,000 which was used in building the basement. To date the basement of the planned building has had to serve as "The Museum."

A "golden opportunity" came to the association in 1938 when the WPA offered to match \$15,000 to be raised by the museum association or college with \$41,500 and complete the two-story building. That proposition had to be passed since \$15,000 was unavailable. A later WPA offer to match \$12,000 had to be passed also.

Students on the campus in 1943 became interested in the museum and made it a campus-wide project. They started a "Give a Brick" campaign that netted \$4,000, and formed the nucleus for the present \$42,000 building fund.
