

ELEVATED DITCH USED AS EXPEDIENT

Pictured above are three views of an elevated ditch planned by the Salt Fork Soil Conservation district that is being used on the farm of Deskins Wells and Hayden Williams. This is a temporary expedient and will be replaced by irrigation pipe at a later date to prevent excessive evaporation and seepage.

Scene 1: Little Miss Charlotte Allen and Henry Wells standing at the well and the beginning of the elevated ditch.

Scene 2. Deskins Wells and Hayden Williams standing at the end of the el-

evated ditch where it turns north into a smaller one.

Scene 3: Elvis Crawley, one of the pioneer irrigation farmers of the county, is adjusting pipes as Mr. Williams and Henry Beal Lowrie watch the operation. Mr. Crawley has two wells just west of this site, and Mr. Lowrie will start pumping soon on one just south of this quarter section on the Clay Sullivan farm. Dodson James Jr. and Barney Glenn have also brought in good wells in this immediate vicinity since the first of the year.

Spillman Speaks
At 18th District
Legion Meeting

Paul Spillman, 5th Division Commander of the American Legion, will be one of the featured speakers at the annual spring convention of the 18th Congressional District of the American Legion, to be held in Childress Saturday and Sunday, March 17 and 18, District Commander Dow Stevens of Borger has announced.

Mr. Spillman will speak at 11:20 a. m. Sunday, and his topic will be "The Legionnaires and America". In this he will discuss, among other things, the Legion's stand on UNESCO.

A large delegation from the Frank King Post, headed by Commander O. C. McMinn, and from the Auxiliary Unit, of which Mrs. John Coleman is president, will attend.

Registration will begin Saturday morning at eight o'clock. The Forty and Eight will function Saturday afternoon. The dance and social gathering will be held Saturday evening.

Joint session of The American Legion and Auxiliary will meet at nine-thirty, Sunday morning, Post Commander Homer L. Reynolds

Housing Authority
Fully Organized

The Housing Authority of the City of Wellington, in a meeting Wednesday, March 7, completed organization and passed six resolutions to put the authority in operation, N. M. Higdon, chairman, reported this week.

The housing authority was created by the City Council in a called meeting Tuesday, March 5, for the purpose of seeking a housing project to meet the needs of persons in the low-rental bracket.

Mr. Higdon said this week that the contract which the City, the Housing Authority and the Public Housing Administration will soon if the proposed project is approved, is now at the city hall and anyone interested may examine it.

In completing organization of the Housing Authority, Dr. Chas. B. Jones was elected vice-chairman and Trusten Thomas was appointed by the chairman as temporary secretary.

The chairman and secretary of the Housing Authority were empowered, in one of the resolutions passed, to ask for a preliminary loan from the Public Housing Ad-

ministration in the amount of approximately \$27,500 to be spent for the preparation of housing

School Board
Meets Group
On New Gym

Members of the Wellington School Board, in their regular meeting Monday night, March 12, conferred with approximately 15 patrons regarding the need for a new school gymnasium for the high school, then re-elected the faculty of three schools for the 1956-57 year. In a third part of the meeting, Mrs. J. W. Thomas, Chamber of Commerce secretary, reported on the recent clinic.

Three resignations were presented to the board. Mr. and Mrs. Charles Bloesch will leave at the end of the school year to teach in Oregon, Supt. Bennett Goodloe said. Mrs. Raymond McGill resigned to devote her full time to her home and family.

The patrons who appeared in behalf of the gymnasium were parents of Wellington students. They came as individuals and not as an organized group, Velman Warrick, president of the board, said. Each one attending participated in the round table discussion. The board members pointed out that a new gymnasium was a matter of money and reviewed the financial position of the Wellington Independent School District. This includes approximately \$203,000 bonded indebtedness spread out over a period of 18 years, Mr. Warrick said.

"The board knows better than anyone how badly we need a gymnasium," he continued.

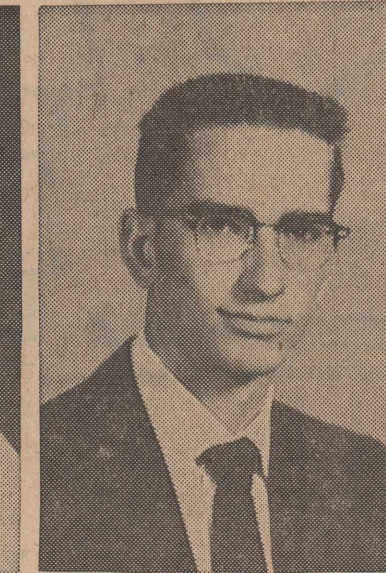

In the teacher election, faculty members were named for Elementary, Junior High and High School, and include: Elementary school, first grade, Mrs. G. W. Lane, Mrs. Bill Roberts and Mrs. Joe Tarver. Second: Mrs. Rudy Burquist, Mrs. W. L. White and Mrs. Bernice Welch. Third, Mrs. Mack Bush, Mrs. John Hurley and Mrs. Gus Barton. Fourth: Mrs. Byron Duncan, Mrs. Vernon Peterson and Mrs. Frances Dillon. Fifth, Miss Sarah Jones. Only two first grade teachers will be required next year, Mr. Goodloe said, and one of the first grade teachers will be assigned to the fifth grade to replace Mrs. Bloesch.

Junior High: Mrs. John Glasscock, sixth grade; and Mrs. Jack Davis, Louis Graham, Mrs. H. I. Vaden, Harvey Millsap and Bill Bowen, seventh and eighth grades. Mrs. McGill was a member of the junior high faculty.

High School: M. L. Burks, vocational Agriculture; Bill Clark, mathematics; E. W. Clement, physics education and coach; Mrs. Ralph Coburn, freshman English; Mrs. Jo Covey, homemaking; C. A. Crawford, science; John Hurley, history and head coach; Mrs. John Justice, librarian; Frank Lindsey, mathematics and coach; Mrs. Bob McAlister, English; Miss Hattie D. Wells, sophomore and junior English; and Miss Peggy Willis, commercial subjects. Mr. Bloesch is director of band and chorus this year.

Elected earlier were Supt. Goodloe and the principals, Maxey McKnight of high school; Mack Bush of junior high; and Jack Davis of elementary school. Willie Simpson was re-elected principal of Booker T. Washington School it remains separate next year.

All members of the school board were present for the Monday night meeting: Mr. Warrick, Dr. D. V. Watkins, Barney Glenn, Paul Bell, Drury Lacy, Frank Campbell and Richard Carter.

Wellington Will Be Tied In With
Area-Wide Storm Warning System

INDUSTRIAL ESSAY WINNERS

These winners of the Chamber of Commerce sponsored essay contest on "What My Town Can Do to Get More Industry", have given a number of suggestions in their factual essays. First place winner was Patsy White of Quail, left; Alta Jackson of Wellington placed second; and

John Alvin Horton, Wellington, third. Miss White's essay is entered in the regional contest, sponsored by the Industrial Committee of the West Texas Chamber of Commerce.

Wellington will be tied in with the Air Force and Civil Aeronautics Authority radar storm warning system which will be in operation throughout the mid-continent and south-western sections of the nation by the time the season of bad clouds gets here, Fire Chief Hiram Cudd and Assistant Lawrence, Warrick reported after attending a meeting called by the CAA in Amarillo Friday, March 9.

Co-operating units, here and in all areas where the storm warning system will operate, are the Fire department, sheriff's office and highway patrol.

Local contact will be with the radar station operated by the CAA at Amarillo, but headquarters for the entire system is Kansas City, where units are operated 24 hours per day by the Air Force and CAA.

Attending the Amarillo meeting were Cudd, Warrick and Buster Hughes, president of the Fire Department representing that organization and Deputy Sheriff Bill Rushing and County Clerk David Robinson, representing the sheriff's department.

Briefly, here is how the storm warning system will operate, Chief Cudd explained:

The radar screen at the two Kansas City headquarters stations will be able to pick up a storm cloud anywhere in the area covered and indicate the approximate distance. Three CAA radar observation stations, such as that in Amarillo, will be called to take a bearing on the storm area pinpointing it and they will stay on duty until the storm cloud disappears. They, in turn, by indications on their radar screens will contact auxiliary units such as the one here, asking those in charge to drive out and find out what is happening and report back with information gained on the spot.

Observations will continue until the cloud disappears.

Going one point beyond the auxiliary units which will include the local fire department and sheriff's office, a county-wide organization will be set up, with observers in all sections, Warrick said.

Individuals will be selected who can recognize a cloud of the storm-type, and who have telephones so they can relay information into Wellington.

"We know that the radar storm warning system as it is being set up through the part of the United States is not perfect, but will go a long way to help us. We'd rather have a storm signal given and the storm not develop, than to fail to give a warning and have a storm hit us," Cudd said.

This radar storm warning system is the outgrowth of the one developed at Tinker Field, Oklahoma City, about 5 years ago, the first in the nation. After it was badly damaged by a tornado that struck Tinker Field, headquarters were moved to Kansas City. Both the Air Force and the Civil Aeronautics Administration operate radar stations but these are located in the same building and work together.

The group attending the Amarillo meeting also saw a motion picture on how to detect a storm in a cloud, how it looks before it forms into a funnel and what the observer should look for. The picture was of an actual storm in Kansas.

Quail Students Open
Community Museum

By Mrs. G. T. Stephens

A museum has been established for the Quail community through the work of the high school science club and their teacher Howard Perkins. The project was started in November and at present the articles are on display in Mr. Perkins office.

J. W. Wells to
Head Rotary For
1956-57 Year

Members of the Rotary Club elected J. W. Wells president of the organization in the regular election meeting Tuesday, March 13. He will take office in July and will succeed Fred Squires.

Other officers elected were Jimmie Cochran vice president; O. C. McMinn, secretary; Ruel Alexander, treasurer; and Bennett Goodloe and Dr. J. M. Orr, directors.

In the four months period before he is installed, the new president will attend Rotary institutes and other meetings to become familiar with his duties.

There are five fields of interest in the museum now, first rocks and minerals, second Indian artifacts, third fossils, fourth obsolete, out of date articles used by white men, and fifth Marine biology. Approximately one thousand pieces are already on display. It is hoped that the museum will someday show the history and progress of this area.

Among the most unusual items are the guns and swords. The oldest is probably an old Winchester 1873. Another thing is the old Edison talking machine which plays a cylinder shaped record, and an old newspaper printed in Wellington in the 1920's called the "County Fair Edition" and the antique Bible printed in Middle English, and an old wall-box type telephone and numerous other items.

Stephen Claude Kesler was born June 25, 1880 in Virginia. Upon coming to Texas, he lived at Cooper, and was married there to Miss Lois Cummings in October 1906.

They moved to this county in 1912, settling at Fresno, where he farmed until moving to Oregon.

Mr. Kesler is survived by his wife of Ashland; a son and five daughters: John C. Kesler and Mrs. D. E. Grimes of Ashland; Mrs. B. A. Wulfman, Mrs. H. M. Rapp and Mrs. Fannie Lee Willis of Amarillo; and Mrs. R. A. Doshier of Hobbs, N. M. Also surviving are 15 grandchildren; one great grandchild; two brothers and five sisters; Mrs. J. W. Chapman, Mrs. W. S. White and F. H. Kesler of Wellington; Charlie Kesler of Tulsa; Mrs. George Chapman of Henrietta; Mrs. Gussie Skinner of Enloe; and Mrs. Flossie Ford of Hale Center.

Brother of N. M.
Higdon Dies

N. M. Higdon was called to Quinlan Monday, March 12, by the sudden death of his brother, Roy Higdon, at 9 a. m. that day.

He had been in the Post Office at Quinlan between 30 and 35 years and several times had been a Wellington visitor.

Information regarding the funeral services were not known here when Mr. Higdon left.

For All Exes This Year

Quail Ex-Student Reunion
Planned for March 31

By Mrs. G. T. Stephens
The Quail Ex-Student Association met March 1 and made plans for this year's banquet.

This year the banquet is open to all Ex-Student, Ex-Teachers, and Ex-Trustee.

"You do not have to be a graduate nor do you have to have an invitation to attend. It is impossible to send invitations to everybody, so please accept this announcement as your invitation," the officers point out.

The banquet will be March 31, 1956, at 7:30 P. M. in the High School Gym. The tickets will be \$1.50 each, bring your wife, husband or guest. Send your reservation to Mrs. Ted Brock, 1300 Childress St., Wellington not later than March 24th. Come on out, but please send in your reservations and you may pay later at the door.

There will be lots of fun and good food. Mrs. Lowell Wells, music teacher, is in charge of the program.

Come on to the Banquet, and renew old friendships.

Quail's Patsy White
Wins Essay Contest

Winners of the Chamber of Commerce sponsored essay contest for high school seniors, "What My Town Can do to Get More Industry," were announced by N. M. Higdon, industrial committee chairman, following the judging Saturday evening, March 30.

Winning first was Patsy White, daughter of Mr. and Mrs. White of Quail.

Second place went to Alta Jackson, daughter of Mr. and Mrs. John Jackson of Wellington.

John Alvin Horton, son of Mr. and Mrs. Alvin Horton, placed

third. Judging the contests were B. W. Baird, C. T. Hubbard and Hiram Cudd.

Miss White's essay will be sent to the West Texas Chamber of Commerce to be entered in the area-wide contest sponsored by that organization. The grand award is a \$250 scholarship to the college or University in West Texas chosen by the winner.

The winning essay for the county is printed on another page in this issue of The Leader.

Go forth, young man

... we can't use you here

Is this the word to our young people — able and beloved — when they've finished school and are ready to start making their own living?

Too often it is, in the smaller communities like ours.

Why don't we have more job opportunities and more business opportunities right here, so that more of our sons and daughters can establish their homes and be happy and prosperous here at home?

It's partly circumstance. Partly the natural limitations of the economy of our area. Partly because we haven't been quite aggressive or enterprising enough to build and grow more.

But it's also partly because many of us have let ourselves get into the habit of spending too much of our money somewhere else.

Every dollar that we spend away from home is a dollar less to circulate among us and to account for 2 or 3 or more dollars of added trade volume as it moves from hand to hand.

Keeping more of this easily available trade volume at home is one way by which we could create and sustain more local opportunities for our young people. And for ourselves.

Col. Bergman Gets Promotion

Promotion to full colonel has been announced for Col. Philip A. Bergman, chief surgical services at the U. S. Army Hospital, Columbia, S. C.

Col. Bergman received his new insignia from Major General F. S. Bowen, Jr., post and 101st Abn. Div. Commander, in a ceremony held recently in the latter's office. Col. W. D. Graham, post surgeon and hospital commander, also participated in the promotion ceremony.

Col. Bergman was born and reared in the Dozier Community and was graduated from Shamrock High School. He is a brother of Mrs. P. W. Phillips, Mrs. Emma Barker and John Bergman, all of Dozier.

A graduate of the University of Texas Medical School in Austin, Col. Bergman took both his internship and residence in surgery at St. Paul's Hospital in Dallas. Prior to entering the army in 1940 he was with the U. S. Public Health Service.

He has had an active Army career, serving both in this country and abroad. During World War II he was in Europe with the 69th Med. Regt. In the immediate post-war years he served in this country as chief surgeon of the Fort Bragg Personnel Center at Booke General Hospital, Texas.

He returned to Europe in 1949, and remained there until 1953, when he returned to this country as an assistant to the Army and Navy Hospital in Hot Springs, Ark.

Col. Bergman, a member of the American Medical Association,

and a Fellow of the American College of Surgeons, went to Fort Jackson in June of last year.

Letters From The PEOPLE

Shamrock, Texas

Dear Editor,
I hope that the civic minded business men of Wellington do not over look the chance of a lifetime that they have to better their community and themselves by supporting the proposed dam on Salt Fork.

Industries over the entire nation are being decentralized from metropolitan areas to rural communities for many reasons, foremost of which is for defense purposes. In the event of an atom bomb attack on larger cities, defense plants such as might be in a town like Wellington would not be disturbed.

Now how do we get these in-

dustries in Wellington? First in questions that are asked a community by industry: Is there a plentiful supply of water? Without such, no other question need be asked. If there is plenty of water, then fuel is considered which the county has plenty in the north side of the county in its gas wells. Next, what about labor? With Bensons' farm program, what farmer with 35 acres of cotton had not rather work in a plant instead of starve on the farm?

Now let's say that with a plentiful supply of water, Wellington could get industries that would employ 500 men. That would mean at least an increase of population or its equivalent of 2,000 persons.

No forward looking individual would hesitate for a minute to support the dam for this reason, to say nothing of the tourist fishing angle. There is no way to estimate the value to the county.

There are people in Collings-

worth County who wouldn't give a quarter to see an aunt eat a bale of hay, but I hope none of them are in Wellington.

Here's the Big Difference That Makes It Possible

REVOLUTIONARY "SINGLE UNIT" CONSTRUCTION, PIONEERED BY AMERICAN MOTORS, MAKES RAMBLER, HUDSON, NASH AND METROPOLITAN THE STRONGEST, SAFEST, BEST ALL-AROUND CARS ON THE ROAD

PRIMITIVE OXCARTS WERE BUILT WITH FLAT WOODEN-BEAM FRAMES. AXLES AND WHEELS WERE MOUNTED BELOW. A FLOOR OR BOX WAS PUT ON TOP. THE BUGGY, WAGON AND "HORSELESS CARRIAGE" USED SIMILAR FLAT FRAMES AND ATTACHED BODIES

EVEN TODAY, MOST CARS HAVE SEPARATE FLAT FRAMES WITH SEPARATE BODIES BOLTED TO THEM

ONLY AMERICAN MOTORS BUILDS CARS ON THE "SINGLE UNIT" PRINCIPLE. BODY AND FRAME ARE WELDED INTO A TOUGH, SUPER-STRONG "SINGLE UNIT". RESULT: PERFORMANCE AT LESS COST...GREATER COMFORT...MORE INSIDE ROOM...EASIER PARKING...SUPERIOR HANDLING AND CORNERING...ELIMINATION OF BODY SQUEAKS AND RATTLES...DOUBLE SAFETY...TOP RESALE VALUE

Why a total of \$25,000 Personal Automobile Accident Insurance is given at No Extra Cost!

We back our confidence that American Motors cars are stronger, safer, more modern than others by giving each buyer of a new Rambler, Nash, Hudson or Metropolitan a total of \$25,000 Personal Automobile Accident Insurance at no extra cost—divided equally between husband and wife.

This insurance provides for the payment of \$12,500 to beneficiary or estate of either you or your spouse (if a member of your household at time of purchase)—thus providing the total of \$25,000—if either or both should be fatally injured while driving or riding

(either separately or together) in your new private passenger American Motors car anywhere in the world. Both are insured for the entire first year of ownership.

Covers fatality resulting within 100 days after date of accident. Applies to privately-owned cars purchased in the continental United States and Alaska where state insurance regulations permit.

Don't buy any new car until you get the facts about the priceless protection only American Motors cars can give you! See your Nash dealer! See your Hudson dealer!

Bennett Cerf Interviews George Romney

Noted publisher, columnist and television personality gets inside story of revolutionary advance in car construction from the President of American Motors.

CERF: Mr. Romney, why do you offer a total of \$25,000 insurance with your new cars?

ROMNEY: It backs our claim that "single unit" construction makes the strongest, safest, most modern cars.

CERF: Is there really that much difference between the way you and other manufacturers make cars?

ROMNEY: All the difference between yesterday's railway coach and today's streamliner. Other cars still use a principle old as the oxcart: A flat frame bolted under a separate body. In our cars, frame and body are welded as a "single unit". It's the biggest stride since the all-steel body.

CERF: And this makes a safer car?

ROMNEY: Twice as safe. Instead of a flat frame underfoot, our frame is a steel, box-girder enclosure as big as the car. It gives you "wrap-around" protection in front, rear, sides and top.

CERF: That sounds like real protection.

ROMNEY: That's not all. Flat frames others use are stiff, so they transmit collision force throughout the car. Our big steel box-girders up front absorb most of the impact. They take the brunt of the punishment instead of passengers.

CERF: What about performance?

ROMNEY: That's a real plus. "Single unit" construction gives a better power-weight ratio. It's stronger and safer, but eliminates useless weight and bulk. Our cars have set many racing records.

CERF: And economy?

ROMNEY: They're tops. Rambler holds the gas mileage record in Mobilgas Economy Runs. Again, because our "hard-muscled" single unit avoids dead weight.

CERF: I like room and comfort.

ROMNEY: Nash and Hudson have more room inside than any high-priced car. Rambler equals medium-priced big cars. As for ride, the greater strength of our "single unit" lets us use larger springs, and superior front suspension.

CERF: Isn't resale value important?

ROMNEY: You bet. Rambler has top resale value in the low price field. In addition to other advantages, welded single unit cars last longer, make better used cars.

CERF: If all you say is true, why don't the Big Three make cars your way?

ROMNEY: You see, mere "bigness" can be a handicap in advanced automobile engineering. One of the biggest of the "Big 3" was years behind others in adopting the all-steel body. The bigger you are, the more factories you have—the more it costs to change.

CERF: I can understand that.

ROMNEY: Beginning in 1940, we spent over \$50,000,000 to develop the "single unit" car. Today, it will cost the biggest companies billions to re-tool for our method.

CERF: Do you think they will follow you?

ROMNEY: No doubt about it. Our major competitors will probably make the change gradually—piece-meal—or one model at a time. Frankly, we will be happy to see our "single unit" construction adopted, because it will mean better, safer cars on American highways.

CERF: Well, I'm about ready for another car. I'm going down to look at American Motors cars.

ROMNEY: All I ask anyone to do is see and drive our modern "single unit" cars at a Nash or Hudson dealer's. The rest is up to you.

Quail Girls Model Dresses, From School Frocks to Formals, in Annual Revue

Winners of the annual Quail Future Homemakers dress revue have been named by Mrs. Monty Mitchell, instructor.

First year homemaker students modeled school dresses, with Lynda McGill winning first; Jamesie Clay second; and Doris Blasingame third.

Suits were modeled by second year students. Placing first was Maxine Prince with Edith Messer second. Third year students modeled two groups, date dresses and formals. Placing first in date dresses was Ellen Messer; second, Betty Dollar; third, Rita Boen. Formals; first, Faye Lacy; second, Edna Wright; and third, Geneva White.

Glenda Phipps received a gold pen as school winner in the Betty Crocker homemaker contest, which is being conducted throughout the United States. This con-

test, covers all areas of homemaking, including family relationships, foods, clothing, money management, consumer buying and others.

Mr. and Mrs. Johnny Parker were made honorary members of the Quail Chapter and were given FHA pins.

Girls participating in the revue were Mary Baggett, Mary Jo Boen, Lorraine Hamby, Janice Howell, Clea Kennedy, Annel Lacy, Willie Faye Newman, Cornie Robinson, Carolyn Wright, Patsy Aaron, Sherry Graham, Martha Johnson, Don Ella Ogle, Mary Jo Phipps, Rita Ann Cummings, Nancy Emmert, Sue Saunders and Ann Messer.

Judges were Mrs. T. Vaughan of Quail, Miss Kathryn Potter of Wellington and Bill Smith of Amarillo.

Miss Barbara Huckalby and Ronald Judd Marry in Quiet Ceremony

A quiet ceremony spoken Saturday night, March 3, united in marriage Miss Barbara Huckalby and Ronald Judd. The double ring rites were spoken by Minister Monroe Tharp at his home.

Parents of the couple are Mr. and Mrs. A. J. Huckalby of Hobart, Oklahoma, and Mr. and Mrs. Dick Judd of Wellington.

For her wedding the bride chose a blue linen dress with white accessories. Her corsage

was of white roses.

Mrs. Judd attended the Gotebe, Oklahoma schools, and recently has been making her home with her sister and brother-in-law, Mr. and Mrs. James Dalton.

The groom received his education in the Wellington schools. They are establishing their home here.

Attending the ceremony were Mr. and Mrs. Dalton and Mr. and Mrs. Judd.

Cast Party Honors Juniors Recently

Members of the Junior play cast were honored recently with a cast party in the home of Frankie Sue Campbell after the play was presented. Mrs. Frank Campbell was hostess to the party with all mothers sharing duties with her.

The refreshment table was covered with red and white, centered with a black board with "Our Miss Brooks" written on it, and ruffles of red and white net around the board. Sandwiches, relishes, drinks and cake was served to the guests.

Mrs. Doshia Dix Club Hostess

The North Wellington Home Demonstration Club met Tuesday, March 6, in the home of Mrs. Doshia Dix.

Mrs. V. J. Simpson, president, called the meeting to order; Mrs. J. A. Love gave the devotional from Genesis 24: 13-21, on Rebekah. Mrs. W. E. Brewster read the minutes. Members answered the roll call by naming, "Type of Fabric Weave I like Best."

Miss Katherine Potter, agent, gave interesting demonstration on "Fabric Weaves and Finishes and Selection of Patterns."

Refreshments were served to thirteen members, one visitor, and Miss Potter.

The next meeting will be held March 20 with Mrs. Brewster as hostess.

Margaret Zeck and Airman Britt Marry in Quiet Ceremony February 18

Mr. and Mrs. M. C. Zeck this week announced the marriage of their daughter, Margaret, to Airman Second Class Lauder F. Britt of Ardmore, Oklahoma, Air Force Base, the son of Mr. and Mrs. E. R. Vestal of Route Two, Henderson, Tennessee.

The couple was married in a quiet single ring ceremony at Memphis Saturday, February 18, by the Justice of the Peace in his home.

For her wedding the bride chose a lilac linen dress, with lilac and white accessories.

The bride has lived in Wellington all her life, and at the time of her marriage she was a student in the Wellington schools.

The groom received his education in the Lexington, Tennessee, schools and has served in the Air Force for the last year.

Airman and Mrs. Britt will make their home at Ardmore, Oklahoma.

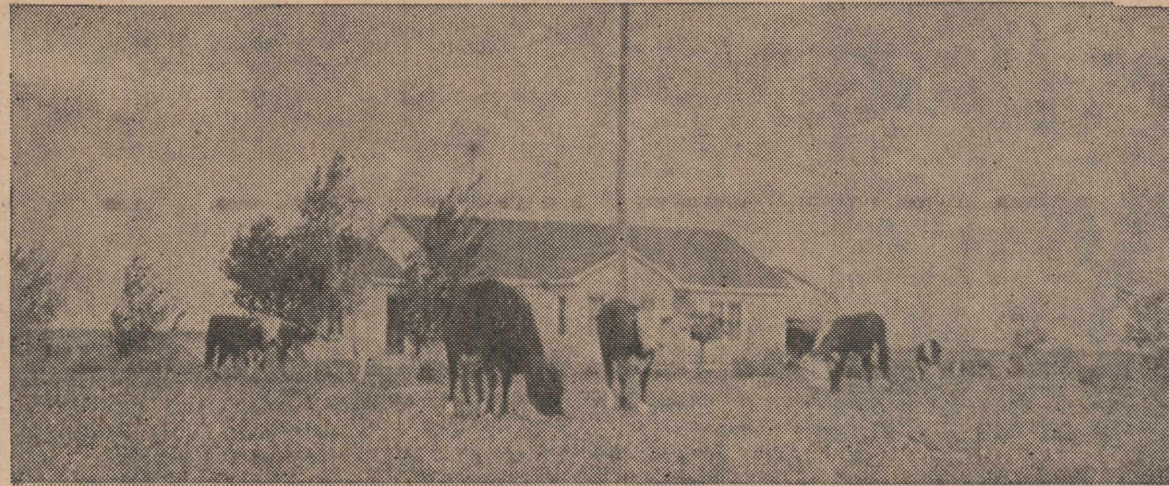

Mrs. Patterson Stenographer in Welfare Office

Mrs. Virgil Patterson has been employed as stenographer for the county office of the State Department of Public Welfare, Mrs. Donnita Jones, field worker, said this week.

She began work Thursday, March 1, and will be in the office afternoons only.

This will enable the office to remain open on those afternoons when the field worker is making home visits, Mrs. Jones pointed out.

Mrs. Roy Thomason Tells of Work As Conservation Homemaker

Mrs. Roy Thomason, a member of the Homemaker Club and one of the outstanding farm homemakers of the Salt Fork Soil Conservation District, is one of the county's two entries in the Conservation Homemaker of Texas Awards Program Contest.

In her own words, she tells here of her family's home and farm -- what they have done and what they are doing in the way of soil conservation.

A farmer's wife has a full-time job. My husband and I were reared on a farm and still enjoy the way of farm life. We had three sons. One died in infancy, the oldest was killed in World War II and Troy Gene is 17.

We have owned our land since 1929 and have lived in our new home only 10 years. We have 967 acres of land, 575 in cultivation and 392 in pasture. At the present time, we have 75 head of livestock, although our usual number through the year is from 75 to 100.

Our farm is east of Wellington seven and one-half miles. We have electricity, running water supplied by a spring, and we use butane gas. These three conveniences are surely wonderful for our home and farm.

We have barn space for machinery and hay storage, and other barns for grain and planting seed. We have plenty of sheds for stock shelter. This is all supplied with electricity and running water.

The best conservation practices have been carried out with the measures aimed directly at preventing soil washing or blowing. All ditches and gullies have been filled and sodded with grass and alfalfa.

All the fields have been subsoiled and on all the rolling part of cultivated areas, there are diversion terraces. Strip cropping, combined with contour tillage and terracing is the most practical means of controlling erosion and conserving soil and water on our land.

All adjacent areas to the home grounds are in cover crop of grass, alfalfa, wheat, oats, and rye. This is the winter cover to prevent water and wind erosion and lessen mud, dust and glare. It improves the looks for passerbys.

We have a mixture of soils. One farm in black tight land, the other is sandy land. Therefore, by subsoiling, terracing, chisling and contouring has proved very effective in diverting excess water and discharging it into controlled water ways where no damage to land will result.

One-third of the cultivated land pasture and a spring drain into a lake. The large dam was planned with a spillway and the water, backed up 35 feet deep, is a source of stock water, but it is also stocked with fish and it is a refuge for waterfowl. This lake can be seen from our front door.

Our house is built of brick veneer. The first glimpse of the simple, broken by the bay windows, introduces you to the beauty and charm of its design. The open porches and many windows provide comfort and beauty.

The foyer allows you to enter any part of the house without having to pass through the living room. The kitchen and breakfast room combined, with its workable L-shaped is accessible to the dining room, bathroom, breezeway, utility room, yard and garage. The breezeway provides plenty of warm-weather living space and it's a wonderful place for pot plants. Each bedroom has plenty of adequate closet space. Two closets in the halls provide for out-of-season storage.

Homemaking is not a drudgery. Flexible schedules, good use of butane gas and electrical appliances, and careful planning take the strain out of homemaking. The family laundry is taken care of with the automatic washing machine and electric ironer. Then comes baking. My electric food mixer is my stand-by. Then there is the butane gas range, and large and small electric appliances.

A farmer's wife will feel like a guest at her own dinner table if, in advance, she will give her freezer a chance to help. From the freezer you may expect kernel corn, corn on the cob, snap green beans, peas, okra, fish, buns, and all cuts of pork, beef, turkey, fryers, and peaches and frozen juices. Our large garden is well cultivated, fertilized and protected on the north with trees and alfalfa, on the east by a pasture, the south

by the garage and the west, weeping love grass.

All farm fowls are kept in the poultry pen.

The yard is 120 by 200 feet. The house is near the north side of the yard. The west side of the yard slopes, the rest is level. Outside. The septic tank is some 15 feet deep and the trash burner is a safe distance from the house.

The barns are 200 yards south and southeast of the house. The poultry house and pens are southwest 100 yards. All these drain into a canyon and all are lower than the house.

Our orchard is located on a well-fertilized sandy slope southwest of the poultry house. Our water supply is from a live spring for which we are very thankful. The spring is on a slope, has nice drainage and helps support the lake. A concrete house is built over the spring and this is covered almost to the top with dirt, with a small opening and an overflow pipe. It has a self-priming pump and it has been specially fixed to insure pure water.

Convenient concrete walks and drive have been placed for comfort, and separate flowers from the lawn. We have rows of shade trees running south from the back yard and one row west along the poultry yard. These are elms. West is the weeping love grass, much protection for the rose garden. There is a double row of trees along the driveway to the cattle guard some 30 yards from the house. These are cherry, plum, apricot, pear and elm.

All of these shade trees make a very good work area for peas to be shelled, corn to be shucked, beans to be snapped, chickens to be picked and watermelon to be eaten.

The playground is placed southeast of the house, with a croquet set, and a place for the youngsters who visit our son to play basketball and football.

In the spring, the trees and orchard are pruned and sprayed as needed. Fertilizer out of the lots and poultry house is hauled to be put on the poor areas of the farm.

I am a member of the Homemakers Club.

With the three of us cooperating, and with our understanding of soil and water conservation, it is our aim to keep our land fertile in the future.

1924 Study Club Sponsors Style Show And Luncheon Open to Public March 24

The 1924 Study Club is sponsoring a luncheon and style show Saturday, March 24, at 1 p. m. in the community building, Mrs. Walter Winters, one of those helping with the show announced.

The show is open to the public, and tickets are on sale, by members of the study club.

Clothes will come from Well-

ington stores, and some of the area's young women who are most experienced in modeling will participate.

This is a benefit performance Mrs. Winters said, and all proceeds will be used by the club for its improvements project at Ellison Park.

Mrs. Light Home From California

Mrs. Verna Light has returned after almost a month visiting relatives and friends in Southern California.

In Corona, Calif., she was the guest of cousins, E. E. McCollister and Mrs. Mildred (McCollister) Cady and son, Errol Cady. At Santa Monica she visited the two sons of the late Col. Jay McCollister, Donald and John J. McCollister. The McCollister family was among the first to settle in what is now Collingsworth County and Col. McCollister, so far as is known, was the first white child born in the area north of Salt Fork River. He died about a year and a half ago. Their father, the late E. E. McCollister, was postmaster at Aberdeen and published a newspaper in Wellington nearly 60 years ago.

Mrs. Light visited in the home of a niece, Mr. and Mrs. Bob Delwarthe, in Van Nuys, Mrs. Dalwarthe will be remembered as Frida Johnson, daughter of Mr. and Mrs. Kenneth Johnson, now of Shamrock. She spent her childhood in the Roundup community, and is now associated with the Braille Institute in Los Angeles. Her husband teaches music in the Los Angeles schools.

Former residents of the Lurie communities who Mrs. Light visited were Mr. and Mrs. James Henry Marshall of Compton; Mr. and Mrs. Andy Jolly and family of LaHabra; Mr. and Mrs. Grant Jolly of Bellflower; Mr. and Mrs. Rhody and Mr. and Mrs. John Turner of Compton.

Katie Pierce, Fiancee of Tom Whitson, Honored at Samnorwood Shower

Miss Katie Pierce of Wheeler, bride-elect of Tom Whitson of the Samnorwood community, was named honoree at a pre-nuptial shower at the recreation room of the Baptist Church at Samnorwood Tuesday, March 6.

Co-hostesses were Mesdames Nathan Thompson, Guy Lindley, T. R. Cunningham, E. W. Fain, Walter Deger, John Simpson, Buck Martindale, Robert Baxter, Ted Gleaves and Riley Garner.

Mrs. Thompson received the guests and presented them to Miss Pierce and her mother, Mrs. Pierce, and the mother of the groom-to-be, Mrs. A. S. Whitson.

Miss Doris Whitson registered the guests.

Miss Ada Pierce, twin sister of the honoree, served the punch. Approximately 50 friends called or sent gifts.

Mr. and Mrs. Paul Fielding and son visited last Friday night in the home of Mr. and Mrs. Ralph Mitchell of Reed, Oklahoma.

The Davis Gin Company of Chickasha, Oklahoma, was building a gin on the north side of the railroad in Wellington. A. N. Porgue was in charge of building.

Ivy Arnold was Epworth League leader. On the program were W. R. Owens, Oma Hunt, J. W. Graham and Mrs. Bettie Wells.

J. Schrib and son of Chillicothe were here and purchased through the real estate firm of Boverie & Walker the 198 acre farm of Mrs. Ethel Goad.

A farmer who signed himself "Clodhopper" wrote concerning lack of interest of business men in the farmers: I was in Wellington just last fall when farmer after farmer drove into town with cotton to gin and could not get water for himself or team. We learned that the only reason for this was that no one would take the time to start the gasoline engine at the town well.

... We realize Wellington has outgrown the town pump and must have a good water works system just as she has outgrown the one block of ground for the cemetery, and her public school building.

Delmo Risley, son-in-law of Mr. and Mrs. Bill Tarter, was listed recently on the dean's honor roll with a straight A average for the fall semester. He was one of 35 among the 7,000 students with this distinction.

Risley is a junior majoring in business administration.

Judge Luther Gribble telling this (it didn't happen here). Recently he had brought before him a man charged with failure to pay child support. It seems the fellow just wasn't making the effort, and Judge Gribble hinted broadly of jail. "Do you mean you'd see men in jail?" the man asked indignantly. "No, I won't see you in jail. I'm going on home and forget about you," the judge replied. The next day the man caught up on his payments.

Crossroads Report

Dear Editor:

I see where the Internal Revenue Bureau reports they now have up around two million dollars of outstanding and uncollected accounts on their books.

My fudging neighbor says it's news to him that the tax department does any credit business. He has formerly thought of taxes as one thing which has to be paid, with no excuses, instead of being optional like rent and grocery bills.

But he is happy to learn that it is possible to get in debt to the government. He feels that is almost as encouraging news as hearing that some stranger is fixing to open up a new credit grocery store in town.

CARD OF THANKS

We are truly thankful for the many kind acts and expressions of sympathy shown to our beloved husband and father during his last illness, and the days he spent in the hospital before passing away. We thank Dr. Dale Watkins, the Sisters, and nurses of the St. Joseph's Hospital for their skillful, faithful, and sympathetic care of him. We are deeply grateful to the host of neighbors and friends who loyally stood by him, rendering their services during his last illness, watching and praying with us as he calmly fell asleep; then honored his memory with their flowers and expressions of sympathetic understanding of our loss, making possible the beautiful final service for him. For all of these many kind expressions of sympathy, the family now thanks you.

Clarence Black Opens Tractor Repair at Dodson

Clarence Black, who formerly lived here, has returned with his family to Dodson and has announced the purchase of the Hunt Implement Company from Howard Hunt and Hugh Painter.

He will operate the business as the Dodson Tractor Service, specializing in repair of all makes of tractors, tractors and cars, and butane system tune-ups.

"I have come back among people I know and who are my friends to establish this business, and I aim to give you the service you want and expect on your tractor and other machinery repairs," Black said.

During the 10 years he has been away from Wellington. Black has been with International Harvester Company dealers in tractor repair work, first at Paducah, and more recently at Slaton.

He is the son of Mrs. J. L. Black and the late Mr. Black, and graduated from Wellington high school in 1935.

His wife is the former Miss Merle Talley, daughter of Mr. and

Mrs. C. R. Talley of Dodson, and she is a graduate of the high school there. They have two sons, Lynel Ray, 14, and Melvin, 12.

Before leaving here, Black farmed in the Fresno community.

City Grocery Observing Its 7th Anniversary

The City Grocery, owned by Raymond Patton and Luther Sullivan, is celebrating the seventh anniversary of this partnership.

Located at the northwest corner of the square, it is a building which for 30 years or more has housed only a grocery store. It was during the time that J. T. Slay was in business there that Patton began work for him, more than 15 years ago. Sullivan joined the firm as an employee 13 years ago. Patton first bought into the business, then 7 years ago Sullivan purchased Mr. Slay's remaining interest.

The building was put up by the late L. H. Stall, and until this winter was owned by his daughter and son-in-law, Mr. and Mrs. Clyde Miller of Clovis, N. M. Pur-

chase of the one-story, 25-foot structure is regarded by Sullivan and Patton as their high point of their 1955 year.

Both owners, besides being active in the business affairs of the town, are also active in the work of the First Baptist Church, and Mr. Sullivan is closing out his second term as a member of the city council.

In addition to the two owners, six persons are employed in the store, Mrs. Patton, Mrs. Robert Gosnell, Johnny Barnett, Jerry, Lacy and in the meat department, Bill Langford and Loyd Langford. The latter joined the staff of the store only a short time ago, after having successfully operated his own grocery business here for a number of years.

MINUTES OF MEETING OF THE CITY COUNCIL OF THE CITY OF WELLINGTON, TEXAS, HELD AT THE CITY HALL IN SAID CITY ON THE 6TH DAY OF MARCH, 1956 AT 2:30 P. M.

On the 6th day of March, 1956, the City Council of the City of Wellington, Texas, met at the City Hall in said City in called session. The meeting was called to order at 2:30 o'clock P. M. by Mayor J. B. Castleberry and on the roll call the following members of the Council were found to be present.

Messrs. A. E. Horton, A. L. Elliott, Leon Brisbin, Luther Sullivan, Absent Wm. Barjenbruch.

The following resolution was introduced by A. L. Elliott who moved its adoption:

A RESOLUTION FINDING AND DECLARING THAT THERE EXISTS A NEED FOR THE HOUSING AUTHORITY OF THE CITY OF WELLINGTON, TEXAS, TO FUNCTION: BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WELLINGTON, TEXAS, as follows:

Section 1. The City Council of the City of Wellington, Texas, hereby determines, finds and declares in pursuance of the "Housing Authority Law" of the State of Texas, that:

1. Insanitary and unsafe inhabited dwelling accommodations exist in the City of Wellington, Texas; and

2. There is a shortage of safe and sanitary dwelling accommodations in the City of Wellington, Texas, available to families of low income at rentals they can afford; and

3. There is need for the Housing Authority of the City of Wellington, Texas to function.

Section 2. In accordance with the foregoing finding, the Housing Authority of the City of Wellington, Texas, is authorized to transact business and exercise its powers pursuant to the "Housing Authority Law" of the State of Texas.

Section 3. The Mayor of said City be and he hereby is directed to file the necessary certificate relative to the appointment of the Commissioners and designation of the First Chairman of said Housing Authority in the office of the City Secretary of the City of Wellington, Texas.

Section 4. That the shortage of safe and sanitary dwelling accommodations for families of low income compels such families to occupy unsafe, insanitary and overcrowded dwelling accommodations, and causes an increase in and spread of diseases and crime, thereby creating an emergency and making it necessary for the preservation of the public peace, health and safety that this resolution becomes effective without delay, and therefore this resolution shall take effect and be in force immediately upon its adoption.

GMC brings you the
**most impressive
improvements of all
1956 trucks**

Now we can show you these great new GMC's that are further than ever ahead of all others. Their advances not only clinch power supremacy—but reach into fields still unexplored by other truck-makers.

For example, GMC's Road Shock Damper Suspension*—plus a unique new stabilizer—produces in half-ton models a ride comparable to the finest passenger car.

An optional new fast-ratio cruising axle in light-duty GMC's gives you an overdrive's pace and economy without its cost.

Sharply increased engine displacement in both sixes and V8's gives you a power family unsurpassed in

the light-duty field. Specifically, we offer 14.4% GREATER displacement on 6-cylinder models, 16.2% on V8's than our nearest competitors. And GMC V8's, mind you, match the shortest stroke ratios in the truck industry.

Styling is well into the future—panoramic windshield to sand-tight tail gate. Tubeless tires, of course. And a 12-volt electrical system is standard. These are some of the strides presented in new 1956 Blue Chip trucks we now have on view. The values are even more notable. Come in and get the facts!

*Standard on Suburban; optional at slight extra cost on other 1/2-ton models

Student Librarians To TLA Meeting

A group of Wellington student librarians attended the Texas Library Association Conference in Waco recently. Approximately 1,500 teen-agers from all parts of Texas attended.

Going from here were Verdel Masten, Anita Savage, Eulan Branch and Claudel Hudson. They were accompanied by Mr. and Mrs. John Justice and June Savage.

130 Visit City School Last Week

One hundred and thirty persons visited the Wellington schools during the four class days of Public School Week. Mrs. John Justice said at the close of the event, was in charge of showing visitors through the school plant. Divided in teams the students competed for bringing the largest number. The winning group, responsible for 55 guests, was headed by Carolyn Coburn, and had as members Alta Jackson, Don Wheeler, Don Scott, Don Crawford, Walter Abney, Sally Jo Murphy, Mary Jane Hiett, Gwen Davis, Lyda Thomas, Linda Singley, Patsy Bawcom, Helen Gardner, Mary Beth Kelso and Charles Welch.

Rites Held For Nightingale Child

Rev. and Mrs. Cecil Guthrie received word Tuesday, March 6, of the death of five-months old Dea Lynn Nightingale, daughter of Mr. and Mrs. Leonard Nightingale of Paonia, Colorado, who passed away March 5.

The child is the granddaughter of Mr. and Mrs. Clinton King and great granddaughter of Mr. and Mrs. Grady King of Paonia, who formerly lived here for a number of years.

The three families visited here Christmas.

Mr. and Mrs. J. P. Sikes and daughters, Linda, Beth, and Nancy, spent the week end visiting with his parents, Mr. and Mrs. Don Sikes, of Ozark, Arkansas. They also visited in Paries, Arkansas.

ON PURPOSE — She did it herself and scared herself silly. Model made this crayfish with aid of a new do-it-yourself kit for fishermen. Some 21 varieties of lures and a total of 200 fishy tidbits can be fashioned from material in each kit. Synthetic goodies for underwater denizens were first displayed at a New York City sports show.

News of Men in Service

U. S. FORCES, GERMANY — Guthrie L. Hite, 21, son of Mr. and Mrs. Guthrie B. Hite, 1613 East ave., Wellington, recently was promoted to specialist third class in Germany, where he is assigned to the Western Area Command's 539th General Dispensary.

Specialist Hite, who wears the Army of Occupation Medal, for duty in Germany and the National Defense Service medal, arrived overseas in December 1954 from an assignment at Fort Hood, Tex. He entered the Army in May 1954.

Hite was graduated from Wellington High School in 1953.

FORT HOOD — Army Sgt. Jimmy L. Pennington, 22, whose wife, Sharon, lives at 1005 N. Iowa St., Shamrock, is receiving advanced infantry training in the 4th Armored Division at Fort Hood, Tex.

The division, reactivated in June 1954, is now undergoing a comprehensive training program. The unit won fame in Normandy and Bastogne in World War II.

Sergeant Pennington, son of Mr. and Mrs. John J. Pennington, Route 3, Haskell, is assigned to

Company C in the division's 512th Armored Infantry Battalion. A former employee of the Columbian Carbon Co. in Pampa, he entered the Army last November and completed basic training at Camp Chaffee, Ark. He was graduated from Shamrock High School in 1953.

Norwood Game Nets \$85 for MOD

A benefit double-header basketball game at Samnorwood Friday night, March 2, raised \$85.88 for the March of Dimes, Supt. Orville Cunningham announced.

The games were between the outside men and women and the high school boys and girls from the Shamrock colored school. The Shamrock women won 38 to 37, and the Shamrock boys 8 to 7, in what Cunningham described as one of the fastest games he ever saw.

Goodloe to TSTA Committee Meet

Supt. Bennett Goodloe was in Amarillo Saturday, March 3, to attend a joint meeting of the resolutions and legislative committees of District 9 of the Texas State Teachers Association.

The resolution and legislation recommended by the committees was presented before the annual TSTA District 9 meeting Friday to be voted on by the members.

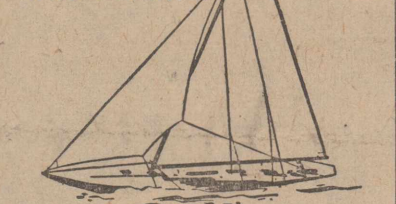

Mr. Goodloe is a member of the legislative committee.

Mr. and Mrs. Paul Fielding and Jarrell attended the Donley County Singing Convention Sunday afternoon at Clarenron.

Know Your Hospital

At the last meeting of the Hospital Auxiliary, members had a lot of fun hemming diapers and receiving blankets and making baby shirts. These items of clothing for the new baby will be included in bundles to be used by the new mother who is not properly prepared. Providing these bundles for the new baby is a new project of the Hospital Auxiliary.

It was also reported at this last meeting, that a cart for central supply and new stainless steel water pitchers for the rooms have been purchased with funds coming from the Ford Foundation for St. Joseph's Hospital.

Hospital Auxiliary members will devote their time at the next meeting of the group reorganizing and bringing up to date the County-wide Disaster Program which was established several years ago. Most of the work necessary will be in the personnel department as many persons have moved from the county and new ones have established residence here.

Mr. and Mrs. Ernest Nunnelley were in Amarillo during last week end to visit their son and daughter-in-law, Mr. and Mrs. Donald Nunnelley.

Mrs. C. E. Hall accompanied her daughter and son-in-law, Mr. and Mrs. Joseph G. Thomas, to their home in El Paso for a two-weeks visit.

H. C. Norman of Arlie returned home recently from the Veterans Hospital in Amarillo, where he was a patient for two weeks. Mr. Norman suffered a heart attack a year ago in February and has not been well since.

Mr. and Mrs. William Holliman and Peggy Sue of Lubbock visited over the week end with her mother, Mrs. Thad Roberts.

Mr. and Mrs. Duncan Hollums and children of Floydada visited Sunday with G. H. Wallace and other relatives.

Buck Creek News

By MRS. J. L. SOUDER

Church services were well attended Sunday morning although the weather was very cold and there seems to be a lot of sickness throughout the community. We hope Mrs. W. E. Thomas and Mrs. Lamb of Quail are feeling lots better by now.

The regular meeting of the Buck Creek WMU was held in the home of Mrs. Travis McGuire. She also gave the devotional. The lesson was taught by Mrs. Dennis Lacy and Elder Stonecipher led the closing prayer. Delicious cake and ice cream were served to Mmes. John Dollar, Walter Gentry and Patsy, Palo F. Cummings J. C. Hartman, and Elder and

Mrs. Stonecipher. Mr. and Mrs. Marshall Peters and family spent Sunday visiting Mr. and Mrs. Allen Peters.

Mr. and Mrs. J. L. Souder and family were visited by an aunt and uncle of Amarillo during the week.

Wayne Lacy and Loran Summer, students at A&M College, Station, spent the week end with Wayne's parents, Mr. and Mrs. Robert Lacy.

The Pick Bartletts of Loco spent Sunday with the Virgil Patterson family.

Mrs. John Dollar has gone to Albuquerque, N. M. to visit her daughter who has been ill.

Mr. and Mrs. Clois McGuire of Amarillo visited the Travis McGuire family recently.

Personals

Dr. and Mrs. Curtis Thaxton had as guests the week end her parents, Mr. and Mrs. C. W. Fritts of Amarillo, and her sister and brother-in-law, Mr. and Mrs. Tom Smith of Lubbock.

Visiting from Amarillo were Mr. and Mrs. Joe Deger and children. They were guests of their parents, Mr. and Mrs. Lee Scarberry and Mr. and Mrs. Jess Deger.

Visiting in the home of Mr. and Mrs. Odus Offutt of Lutie from Thursday until Sunday was their daughter, Mrs. Perry Jordan of Clarendon. She is the former Miss Joyce Offutt. Both she and her husband are students in Clarendon College.

Attending the funeral of George Grooms in Shamrock recently were his sister-in-law, Mrs. Claude Howe, and members of her family, Mr. and Mrs. Hiram Cudd, Wayne Cudd and Mr. and Mrs. Hubert Bowen; and also Mr. and Mrs. Frank Light of Wellington. Mr. and Mrs. Noel Cudd and daughter, Phyllis, came from Corpus Christi, then came here to visit their parents, Mr. and Mrs. Light

and Mrs. Howe.

TAKES OFF LIKE YOU'RE WEARING SPURS

Come try it —
and you're in **BUICK'S THRILL-A-MINUTE CLUB**

THE THRILLS begin in the first sixty seconds — and from then on they come in clusters.

Right off, you feel the stepped-up getaway in Buick's new Variable Pitch Dynaflo* — a blazing new take-off even before you switch the pitch.

Because now — right in the topmost inch of pedal travel — right where you do most of your driving — right in the fuel-saving economy range — you're moving with a solid new "take-hold" getaway that's brisk and blessedly smooth.

Then you double the thrill.

For when you want to pass — or climb — or get out of a tight spot fast — you floor the pedal and switch the pitch. That brings you an absolutely smooth burst of full-power go-ahead on the split second — and it's the nearest thing to soaring flight yet.

It's a double-barreled package of excitement — and it's teamed with the most powerful V8 engine in Buick history — a 322-cubic-inch engine with no less than 9.5 to 1 compression in every CENTURY, SUPER and ROADMASTER.

All that would seem like thrill enough — but you'll find you've hardly scratched the surface.

You'll find yourself glowing all over from level buoyancy of Buick's great new ride

You'll feel a serene satisfaction from the way this trim beauty handles and corners and tracks to the road with the truest sense of direction yet.

And certainly you'll have to feel the good feeling that's yours just from bossing this big and brawny and beautifully sculptured automobile that's like a thing alive, and impeccably obedient.

We'd like you to know and feel all this firsthand — just by trying out a new Buick. That's all you do to join Buick's Thrill-A-Minute Club.

Why not become a member in good sitting today? And when you do, we have some big-thrill news on prices, too.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

DOZIER

By MRS. ALEX COLEMAN

The Baptistery at the Church has been finished except for the painting in the background. One of the school boys, James Massey, will probably find time as he has done some painting for the Samnorwood School.

Those girls getting injured in the Quail Tournaments were Lavern Coleman an injured knee, Flora Moy Debord a broken tooth, while Sandra MacLamore turned a complete flip and skinned her head, Lois Amerson got slapped in the face with the ball as did several others as they played the Claude team and lost by only two points.

Cpl. Dudley Coleman in Tokyo called his wife and two children in Shamrock on Valentines day. Mrs. Coleman said that was the most important Valentine she ever received.

The Guy Bell family moved to Dumas lately and like their new location just fine. Only Janette would like to visit Wellington.

Dal Morris and family of Tascosa visited Mr. and Mrs. Bill Shields.

Mr. and Mrs. Jack Shields visited in this community last week end.

The Samnorwood exes are or-

ganizing basketball teams. Those at the practice Friday night were Mrs. Camilla Ray, Sue Pritchard, Joy Martindale, Rita King, Aletha Coleman, Mrs. Rita Favors, Mrs. Jeanne Clayborn, Mrs. Martha Coleman, and Anita King. Mrs. Sue Moody will also be on the team, but she was unable to attend Friday night. The boys are also organizing a team. Those at practice were James Martindale, Tommy Jones, Ronald Taylor, Bill Tippie, Carrol Favors, and Bob Tippie. These games are for the March of Dimes or the proceeds will go to that order.

Gus Gooch and Elbert Rankin are on the sick list but are improving and able to be at home.

Mrs. S. L. Coleman had as her guests on her birthday Sunday, February 12, and serving dinner to the family of Mr. and Mrs. Alex Coleman and Lavern, Mr. and Mrs. Frank Coleman of Quail, Mr. and Mrs. Wood Coleman and Lennie Lou, Mr. and Mrs. Dee Coleman of McLean, Mr. and Mrs. Jessie Coleman, Max, Sarah, and Jan of McLean, Mr. and Mrs. Spencer Coleman of Fort Worth.

FHA Broadens Lending Program To Small Farmers

The Farmers Home Administration has broadened its lending authorities to meet the special needs of established small farmers who, due to drought and other adverse conditions, have been forced to work part-time off the farm in order to make a living for the family. Walter T. McKay, the agency's State Director announced today. The extension of credit to these small farmers, who are in need of credit primarily for farm operating expenses which cannot be obtained from their usual source of credit, together with the income from their off-farm work will permit them to continue farming and to maintain a satisfactory standard of living, McKay said.

These loans are short-term credit designed to help farmers finance one year's operations. Credit may be extended farmers who are operating units no larger than a family type farm provided there is sound basis for credit. McKay stated this means that the anticipated gross income from farming and other sources must be sufficient to repay the loan, meet farm and home expenses not provided for in the loan and provide a reasonable margin above such amounts.

surveys, and preliminary plans for the development of the housing projects.

The other resolutions passed designated the time of regular meetings of the Housing Authority as 7 p. m. on the second Tuesday of each month; placed the office of the Housing Authority in the City Hall; adopted the official seal of the Housing Authority; adopted the by-laws of the Housing Authority which designate the officers and their duties, their manner selection, the meetings, and orders of business; and approved the organization of the Housing Authority itself.

Commissioners present were Mr. Higdon, Dr. Jones, Mr. Thomas, Buster Hughes and George Shadid. Others attending were City Manager Bura Handley, City Attorney Paul Spillman, and Ralph R. Cole of Dallas, an engineer specializing in Public Housing. The latter was present in an advisory capacity. He has been in charge of engineering work on 15 Public Housing projects in the state, including those at Quanah and Paducah.

Parsons Home From Army

Mr. and Mrs. Sandy Parsons III and small son, Sandy IV, returned recently from Marysville, Calif., after he received his release from service. He was in the Army Engineers attached to the Air Force.

A specialist second class, Parsons has been in service almost 20 months. He was stationed on the East Coast, then at Beale Air Force Base, Marysville. From there he was sent to Anihorage, Alaska, for six months duty, returning a few days before Christmas. At the end of his leave, he reported back to Beale AFB.

Parsons was assigned as a draftsman, preparing plans for airstrips and similar installations of the Air Force.

Revival—

(continued from page one)

day night, March 16.
A former resident in the community and a one-time student in the Dodson school, he has many friends and relatives there who will hear him preach for the first time.

He is the son of the Rev. and Mrs. Walter Patterson. After graduating from Bethany Nazarene College, he was pastor at Stephenville and Denton, and only recently moved to Amarillo.

A program of special music is planned in connection with Rev. Patterson's sermon. Mrs. Hersell Patterson and their two daughters will be in the service, taking part in the singing and playing.

Revival
More than a quarter century of service to the Church of the Nazarene in the U. S. is the record of Evangelist Haley Messer of Glendora, Calif., who will be conducting the revival services at the Dodson Church of the Nazarene from March 21 to April 1.

Before entering full-time evangelistic work in 1945, Rev. Messer was pastor of churches in California, Texas and Oklahoma. During this pastoral period, he was unusually successful in building and establishing strong congregations, Rev. Voochies said.

"Mr. Messer is well known not only as a dynamic speaker, but also as a master of extensive portions of scripture which he has committed to memory. This amazing talent enables him to base his evangelistic messages soundly on the word of God," the pastor continued.

Services each evening will begin at 7:45 p. m. and the time of the day services will be announced.

The public is invited to attend both Rev. Patterson's service and the revival, Rev. Voochies said.

Rev. Pogue Begins Pastorate Here

The Rev. Russell Pogue, who with his family reaches here March 15 to begin his pastorate of the First Baptist Church, has announced the subject of his sermons for his first Sunday, March 18.

The topic of his morning sermon will be "These Tidings came to our ears." In the evening he will preach on "Why I belong to the Church."

Hours of services at the church include:

Sunday School - 9:45 a. m.
Morning Worship service - 10:50 a. m.
Training Union - 6:30 p. m.
Evening preaching service - 7:30 p. m.

Jack Earl, the "Texas Giant," is the tallest man in the world: eight feet, six and one-half inches.

Who's New In Collingsworth
Rev. and Mrs. Don Smith of Wichita Falls are the parents of a daughter, Hope Raynell, who was born March 5. She weighed five pounds and eleven ounces. Mrs. Smith was the former Zoell Austin. Grandparents are Mr. and Mrs. G. T. Austin of Wellington.

Mr. and Mrs. Harvie Price of Clarendon are proud parents of a daughter, Cynthia Ann. She weighed 7 pounds and 12 ounces, and was born in the Memphis Hospital on March 8. Grandparents are Mr. and Mrs. Newt Price of Wellington and Mrs. Neola Johnson of Quail. She has one sister, Harvetta Sue.

Stewart Home From Hospital

Jack Stewart has been returned home from Northwest Texas Hospital, Amario, where he was under treatment 8 weeks for injuries received in a car accident near Clued January 17.

He had a broken leg, four broken ribs, and several teeth knocked out.

Stewart is still in a full-length cast and will be in bed from four to 8 weeks longer, his wife said.

Group to Water Meeting Thursday

Approximately a dozen Wellington men will represent the Chamber of Commerce and the City at a meeting called by the West Texas Chamber of Commerce at Lubbock Thursday, March 15 to hear the State Board of Water Engineers discuss the facts of water use and conservation.

Reported to Mrs. J. W. Thomas, C-C secretary, as planning to attend are Bura Handley, city manager and chairman of the Water Resources Development Committee of the Wellington chamber; Mayor J. B. Castleberry; Morris Wells; Richard Carter; Horace Small; Trusten Thomas; George Shadid; Durant McInnis; County Judge R. L. Templeton; and Charles Allen.

Second Showing Of 'Martin Luther'

A second showing of the famous film, "Martin Luther," is scheduled at the First Christian Church Friday night, March 16, at 7:45 p. m., the Rev. Delmar Freeman, minister announced.

A sand storm prevented many who wished to see it from attending the first showing last week, and a number requested that it be presented again.

"Many that have seen the picture before, have expressed a desire to see it again, so great was their interest in the picture," Rev. Freeman said. Most of the film was photographed in the actual streets, churches, monasteries and castles of that period. Since the town of Wittenberg, in whose Church Luther preached, was in the Russian-dominated East Zone, the Maulbronn monastery church was used instead. However, the company managed to get exterior views of one Eastern Zone location, Wartburg Castle, where Luther was placed in hiding, and where he translated the New Testament.

The historic hall in which the Diet of Worms took place in 1521, was unfortunately destroyed by bombing during the last war. The production crew therefore had to reconstruct the enormous room, after a careful study of the 16th century documents, and woodcuts.

Moseley, Saunders Show Champions

Billy Moseley exhibited the grand champion barrow and J. C. Saunders the grand champion female hog in the annual Quail FFA Project Show Saturday, Frank Kennedy, chapter sponsor announced.

More than 400 visitors saw the 36 hogs and four beef calves entered. Other winners will be listed next week.

John Sherman Has Major Surgery

John Sherman underwent major surgery in St. Joseph's Hospital, Fort Worth, Wednesday, March 7, for a mastoid condition. The operation was regarded as very serious.

With him were Mrs. Sherman and her aunt, Mrs. Misha Duke-minier. The latter said upon returning here later in the week that he was doing as well as possible.

Mr. and Mrs. Sherman formerly lived at Fort Worth.

A Norwegian mile is seven times as long as the American mile.

Sheriff's Posse In St. Pat's Parade

The Collingsworth County Sheriff's Posse will ride for the first time this season in the S. Patrick's Day Parade at Shamrock Saturday, March 17, Bruce Hite, vice president, has announced.

Members have been working for the last two weeks on red leather robes, breast harness and saddle pockets. They already have red leather chaps, and the red and white color scheme will be carried out in and harness.

Members of the Posse to date are Fleet Pruden, Creed Hill, Jennings Wells, Betty Patton, Bruce Hite, Polly O'Neil, John Rainey, Richard Bailey, M. L. Burks, Denzil Lacy, D. C. Lacy, N. C. Beam, Paul Bell Jr., Don Crawford, Johnny Crawford, John Holton, Tony White, A. C. Gray, D. T. Judd, Jerry Hurst, Misha Duke-minier, L. C. Hill, Patricia Roberts, Oran Starkey, Pat Templeton, Mike Rainey and Jerry Rainey.

Miss McCaskill To Irish Celebration

Mary McCaskill will represent Wellington in the St. Patrick's Day celebration in Shamrock Saturday, March 17, Maxey McKnight high school principal, said this week.

Miss McCaskill was elected for the honor by the high school student body.

She will ride in the parade which opens the celebration and will participate in the contest for Miss Irish Rose of 1956.

That honor went to another Wellington girl, Gayle Young in 1955.

Miss McCaskill, a junior, is the daughter of Mr. and Mrs. Garvin McCaskill, who earlier in the winter moved to Shamrock.

Nazarene Revival Singer Named

The Rev. Mrs. Sylvia Anderson of Wichita Kansas, will be in charge of singing at revival services opening at the Church of the Nazarene Wednesday, March 14, the Rev. John Ferguson, pastor, has announced.

She is the sister-in-law of the Rev. L. D. Sharp, evangelist at the revival, which will continue through Sunday, March 25. She has traveled in the Holy Land and other countries and while here she will show pictures she has made.

Morning services will be held, beginning Thursday, from 10 to 11 a. m., Rev. Ferguson said. The evening services will start at 7:30 p. m.

Dodson Domino-42 Tourney March 16

A benefit domino and 42 tournament will be held at the Dodson high school gymnasium Friday, March 16, at 7:30 p. m. under the sponsorship of the Dodson Civic Club and the Dodson Home Demonstration Club.

There will be other entertainment for the children.

Proceeds will go toward the school lunch room redecoration.
