Band Of Thrift Man Reported In Germany

Through the International Red Cross has been received word that James R. McNutt died many Feb. 22 of injuries when the B-17 on which he was engineer collided with another aircraft over the Reich Sea. Mrs. McNutt, who lives in Thrift, Texas, previously reported that her husband was missing after the raid. McNutt had completed more than eight years of military service. He had been in the service three years before being transferred to the Army Air Corps. He went overseas last November and had at one time been a contractor at Sheppard Field. McNutt's family includes the wife, the daughter, Mrs. A. McNutt of Oklahoma City, a brother in the Coast Guard, and three sisters.

Soldiers To Enjoy Melons Given By Food Locker

About 400 soldiers are expected to be at the local USO Hall tonight. This group will be treated to a watermelon feast on the lawn between the USO Hall and The Burk Frozen Food Locker, as a good-will gesture from the Locker to the soldiers. Although the melon season is nearing the end for this year, the Locker still has some nice ones in the vaults and there will be ample for all the soldiers who come to Burkburnett tonight.

Forty and Eight Installs Officers

Burkburnett is well represented in the staff of officers appointed for the Forty and Eight at Wichita Falls Monday night. Grand Chef de Gare Roger Thoes installed the following officers of Voiture No. 939 at the Memorial Auditorium for the ensuing year: Leo Dudley, Burkburnett, Chef de Gare; W. G. McMurtrie, Wichita Falls, Chef de Train; Eddie Duncan, Wichita Falls, Sons Chef de Train; J. T. Brady, Burkburnett, Correspondent; Ralph O. A Modern Message to Garcia — WAC Style!

Driving her jeep across rough country and delivering messages to men in their Tank Destroyers is the job of Technician Fifth Grade Anne Spiotta of Batavia, New York, at North Camp Hood, Texas. Corporal Spiotta drove a Red Cross ambulance before she joined the Women's Army Corps.

With The Boys IN SERVICE

Wayne Maney Tells Happenings D, Day

Fireman Wayne Maney, son of Mr. and Mrs. D. Maney, is visiting here with his parents, and wife, who reside in Hobert, Okla. and ten month old daughter, Margaret Marie. Maney sailed on the SS Charles Sumner, and arrived back in the states August 21st.

He was in the English Channel on "D" day waiting for orders to go in to the beach. "We were loaded with trucks, jeeps, guns and ammunition, troops were aboard to man the guns and trucks as soon as they reached the beach."

"The next day we pulled into the Omaha beach. Battleships, Cruisers and Destroyers were shelling the beach. We lost a troop ship and another ship in our convoy, both hit mines while going in. All along the beach was scattered equipment and wrecked naval landing craft."

"We usually slept in our clothing, for we never knew when an air raid alert would be sounded. One night during an air raid we pulled out with a hospital ship, along side of us, it was lit up like a Christmas tree, ach, ach, was going up all around, but we managed to move out unharmed."

"The heaviest attack I saw, happened about one o'clock in the morning. I was in my bunk sleeping when the general alarm sounded. Bombs were already being dropped before I had my life jacket and helmet on. I headed toward my gun position when I heard a bomb screaming, a flare was just over us and our barrage balloon was on fire. Machine gun bullets ripped across the deck, and one bomb hit just aft of us, the other buckled the back of the ship."

"We had 33 air raids by bombers, 17 flying bomb raids, one six hour E boat attack and a number of submarine attacks. When we left England headed toward the good old U. S. A. I don't believe I have ever seen a happier bunch of men."

Sp. 3-C V. C. Hensley arrived Wednesday from Santa Barbara, Calif., for a week's visit with his mother Mrs. Cora Lee Hensley. V. C. volunteered Sept. 13, 1942 for the Coast Guard, has been in Florida, Louisiana and likes the service fine. This visit home two years to a day from the time he went into the service.

Bennie L. McDonald Jr., serving in the Army Air Forces, has been previously stationed at Sheppard Field, Amarillo Field, where he completed the airplane mechanics course, and Chanute Field, where he took an electrical specialists course, is now at Greensboro, North Carolina, awaiting orders for over seas shipment. Pvt. McDonald recently spent a ten day furlough with his family and friends here.

Sgt. Robert Beaver is spending a 30 day furlough with his parents, Mr. and Mrs. Joe F. Beaver, of Route 1, Iowa Park, Texas, his wife, and brother, Raymond Beaver, of Burkburnett. Sgt. Beaver will return to the McCloskey General Hospital, Temple, Texas.

T. Sgt. and Mrs. Clifford E. Wells are visiting his mother Mrs. Belle Malone on Park St. Mrs. Wells, is the former Miss Vivian Coffee, of Randlett, Okla. and is now residing in Muleshoe, Texas, she is well known in Burkburnett. Sgt. Wells is on a 21 day furlough.

Pvt. Jarrell E. Shaw is now stationed at Camp Fannin, Tyler, Texas, for his basic training. During his fifth week he received qualifications to wear a medal for rifle shooting. He qualified for sharp-shooter, and is due to start training shooting with Browning Automatic Rifle soon. It is expected he will sign up as Paratrooper when he completes his basic training.

Joe Hensley, age 17, son of Mrs. C. L. Hensley, 619 East Third enlisted in the Navy September 6, 1944. He has been given the rating of Apprentice Seaman. Hensley has three brothers serving in other branches of the service. John H. Hensley, Army; V. C. Hensley, Coast Guard, and Homer J. Hensley, United States Marines.

Wayne Mullins, son of Mr. and Mrs. C. W. Mullins, volunteered for the Navy in August and was accepted. He is 17 years of age and is now stationed at San Diego, Calif.

The 338th Field Artillery Bn. has been cited by Brigadier General Kurtz for outstanding performance of duty in action in Italy. Cpl. Dalton Hash, whose wife and son reside in Burkburnett, is a member of this Battalion.

Lions Club Has All Time High In Attendance

The largest number of Lions ever to belong to the local club gathered at Town Hall for the regular meeting Tuesday night. The club now has members.

Wayne Chambers and Dick Chambers composed the program committee and presented Ralph Davis, Supt. of the local schools, who gave an interesting talk concerning the teacher shortage over the state. Mr. Davis gave a similar talk to the Rotary club last week. The talk was well prepared, with startling facts and figures which impressed those present with the seriousness of the condition which faces not only this school, but those all over the state. A number of the schools in the state have been closed because teachers were not available. Other schools have dropped some of the courses previously offered, and still others have consolidated their classes. Low salaries offered teachers is the reason for the shortage.

R. W. Swinney, new coach at the High school was welcomed to the club as a new member.

Guests included T-Sgt. Clifford E. Wells, recently returned from England after completing 35 bombing missions over enemy territory; W. J. Lloyd, new resident of Burkburnett; Guy McNeely and K. C. Spell of Wichita Falls.

Members of the Lions club to work on a committee for a V-Day program are Joe Majors, Clifford Dodson, R. P. Thaxton and L. A. Hatch.

Sept. Old Age Payments Made

Old age assistance totalling \$3,688,278.50 is being paid in September to 170,850 aged persons in an average grant of \$21.59. This compares with an average grant of \$21.62 and rolls of 171,991 in August. Payments are \$1.25 below the authorized grant.

Blind aid is being paid to 4,611 persons in an average grant of \$24.09, totalling \$111,057. This is a net loss of six persons from the August rolls and a decrease of 5c in the average grant.

Aid to Dependent Children totalling \$223,170 is being paid to 10,677 families with 23,255 children in an average grant of \$20.90.

Keep Mileage Ration Stub

R. C. Tevis, local member of the Wichita County Ration Board, wishes the Star to again impress upon motorists that they MUST keep the mileage ration stub given them when they applied for "A" rations.

These stubs must be turned in again when applying for "A" gasoline.

L-7-1 started the week with 40 pupils enrolled. The following enrolled from Fairview: Helen Sue Bundy, Thomas Dickey, Paul Ferguson, Maxine Gibson, Mary Joy Gresham, Wanda Ludington, Wanda Jo Rogers. From Clara: Mary Ann Chambers, Johnny Crane, Eugene Martin, Donald Trotter. From Cashion: Dan Owens, Sidney Gamblin went to Wichita Falls, Friday afternoon.

First Lieut. W. B. Anderson, grandson of Mrs. E. L. Anderson, won third place, scoring honors in a recent track and field meet at the Marine Corps Air Station at Cherry Point, N. C., garnering 22 of 24 points scored by his squadrons team. Lieut. Anderson for two years captained the track team of McKendree College, Lebanon, Ill. He is now attached to a communications squadron training for overseas duty.

Services Planned For Day Of German Defeat

At a group meeting representing the churches and the service clubs and some other organizations last Tuesday night it was voted to plan a service of worship to be held following the surrender of Germany.

If word of the surrender comes during the night or until 10 a. m. the stores are to close and the entire town and community is invited to gather on Main St. between Avenues B-C for a service in front of the present service board. If word comes later than 10 A. M. the service will be held at 8 p. m. This is to be for the community and any suggestions are to be made to the committee in charge of planning the service.

The group realized that Germany's surrender would not mean total victory, but that many people would want to come together for prayer and worship in behalf of those still fighting, those lost or wounded and thanking for those who have been spared so far in the terrible conflict.

The American Legion, State Guard, Lions Club, Rotary Club, Chamber of Commerce, and several Churches were represented. Mayor Hill presided and appointed the following committee for all general arrangements: Loy Nichols, C. F. Johnson, Thos. Boyd, Luther Caffee, W. R. Hill, and Rev. A. E. Harrison.

D. L. Wood, Burk Resident Dies

Funeral services were held in Burkburnett at First Baptist Church at 2:30 p. m. Tuesday for D. L. Wood, 75, Burkburnett resident who died Sunday in a Wichita Falls hospital. He had been ill two weeks.

The Rev. A. E. Harrison, pastor officiated. The pallbearers included, D. L. Richardson, Ed Lewallen, Clark Gresham, Charlie Bradford, Will Teal and Fred McNight, with the Owens and Brumley directing interment in the Burkburnett Cemetery.

Wood was a retired blacksmith and had been assistant caretaker of school grounds for eight years. He has resided in Burkburnett since 1917.

Survivors include two sons, Cas Wood, Vernon; Paul Wood, Wichita Falls; three daughters, Mrs. Jack Poage, Sugdon, Okla.; Mrs. J. L. Hutton, Frederick; Mrs. Oscar Dixon, Burkburnett; and 16 grand-children.

War Chest Meeting

Alvin Hill, Ray Hill and Geo. McClarty attended the meeting of district 13, of which Burkburnett is a part, held at Sheppard Field Wednesday a. m. Quotas for various counties comprising this district were assigned Wichita county, being \$82,500. Our quota for Burkburnett has not been assigned as yet. The drive will take place in October.

Campaign manager Wayland Tower for Texas was present and urged the need of continued support to this fund stating that much of the money raised will be used for relief of Americans imprisoned in enemy camps, and for organizations both at home and abroad.

Mrs. Truman Garland and son returned from a two weeks visit with their husband and father, who is serving with the U. S. Navy in Charleston, South Carolina.

Mrs. D. B. Bridgeon and daughters Patsy and Jackie of Handley, and Mrs. N. T. Buchanan and daughters, of Dallas, have been visiting with Mr. and Mrs. C. N. Ellis on Preston St.

Men In Service Want Waterproof Watches Most

A recent poll conducted in New York shows that a waterproof wrist watch is the serviceman's idea of a perfect Christmas gift. A list of 48 items was given men from overseas wearing service ribbons and they were asked to mark their first and second choice.

Navy men wanted first, a waterproof wrist watch, next a windproof lighter. With the army men the situation was just the reverse.

These items may be found in Burkburnett, and the time for mailing Christmas packages to men overseas is Sept. 15 to Oct. 15. Boxes conforming to mailing regulations are also available here.

Palace Theatre Cleaning House

David Perdue, new manager of the Palace and Tex Theatres here announces they are so busy cleaning house this week that he didn't have time to write an ad for the Star, but that the theatres would have shows as usual this week.

Next week Mr. Perdue hopes to have his complete program in the paper.

Dies In Africa

Mrs. B. S. Louderdale recently received news of the death of her son Pvt. Frank E. Louderdale of Burkburnett. Pvt. Louderdale had made his home in Burkburnett since 1923 until entering the service in April, 1942. He received his training at Camp Roberts, California, and Camp Edwards, Mass., before going overseas in August 1942. He was stationed in Scotland, and served with the shore engineers in the invasion of North Africa.

The news from the war department stated he died of an occlusion of the coronary artery, further news concerning his death has not been revealed.

Pvt. Louderdale is survived by his mother, Mrs. B. S. Louderdale of Sunset, a son, Bart Louderdale, of Overton, three sisters, Mrs. T. A. Banning, of Burkburnett, Mrs. Ike Towel of Beaumont, and Mrs. Charley Tompkins of Detroit, Michigan, and three brothers, Otho and Charles Louderdale of Sunset, and Rufus Louderdale of Detroit, Michigan.

OUR CONSTITUTION

On September 17, 1787 our Constitution was born. Completed and signed by the delegates the document was ratified and became effective two years later. This bulwark of our democratic government was not hastily conceived but carefully combed, drawn into shape in four months at the convention and studied for 18 months before the colonies accepted it. This bill of liberty was a collection of man's experiences of many long years when efforts to maintain personal liberty were threatened but well defended against economic, social and moral differences. In union, they proclaimed a nation to endure, to fulfill a great destiny, united states governing, serving, protecting themselves, changing opinions, expressing religious beliefs, owning property, preserving laws, resenting injustice, playing a part in the governing. We hold with this Constitution and its Bill of Rights, the most perfect instrument of government as yet devised by man. It is not perfect, as we in Burk Burnett well know, but as far as governments have gone, it has at least stood out as noteworthy.

Xmas Cards Have Arrived-Pick Yours Early

Everyone knows that it costs more to live today than before the war. Since the beginning of the war, many everyday items have increased in cost, while only a few have remained the same. United Gas Service is one household necessity that has not increased in price.

The dependable United Gas Service you now enjoy has NOT contributed to the increased cost of living.

MAKING HEADWAY

It would be a serious situation if our soldiers didn't today give time to contemplate what happened after the last World War when the army returned home and the country drew itself away from the sight and sound of the rest of the world, to let others plan for the disastrous future among nations. Too expensive a lesson for us in Burk Burnett to forget so soon. It is vital that we acquaint ourselves with policies and programs that will surely affect us in the post-war years. A nation that stresses its educational system as do we should see to it that its army has knowledge of the social, economic and political problems that bind us to our brother nations with ties of living in the same age, on the same globe, where international understanding and co-operation is needed to lay a corner stone for an over-all peace. The army is putting the facts in a readable, interesting form. They are issuing splendid maps or war theatres with vivid explanations, are having company commanders give talks on active problems and using the question and answer forums to inaugurate serious thinking in the fighting forces, making for enlightening discussions. Army publications are putting out readable news stories, talks by platoon commanders discuss Nazi tactics, the Nazi soldier in training and background, the German youth worry. Personal accounts are given the boys by veterans of battles with illustrations of the enemies technique, a review of Hitler's Mein Kampf, talks on the Russian method of warfare, pamphlets on our foreign policy, reports of our War Production Board, facts of the formation of the Chinese government, a survey of Japan and so on with many comprehensive articles of interest and to make our soldiers take a part in thinking about war and peace. It is our duty to give them some heavier reading than the ever-popular "funny books."

OUR RESPONSIBILITY

Streets again fill with school children, on highways and county roads they saunter, afoot or on bicycles, climbing on and off a school bus. The responsibility of their welfare rests on the shoulders of Burk Burnett motorists. We are in fact, trustees of their safety, those of us who drive autos and frequent lanes of traffic where children are to be found. Slowing down, in school zones may mean a loss of time for drivers, but the cost of life is more important than any business engagement. Children are thoughtless, in spite of warnings of schools, parents. Accidents happen too frequently to heedless, thoughtless youth. This means that the motorist must help children to take care of themselves by using consideration and caution on his part. Constant drilling and insistent enforcement of laws and safety measures haven't yet eliminated hazards to the safety of school children. We must help to reduce the annual toll of accidents and save our children if they won't save themselves.

GET HIS VOTE

Both political parties today are paying attention to the migrant voter, a new factor arising due to the present war. The migrant voter is that one who since 1940, has changed his home, perhaps even more than once, to go to work in war production centers. In his transfer he may have decided not to vote at all being uninterested in the political leaders in his new location. Maybe he has originally lived in a state of a high electoral vote and moved to one of a small electoral college vote. Disinterested, he won't cast a ballot. It is estimated that if these migrant voters don't meet their new residence requirements, fail to exercise their privilege of voting, there could be a total of 13,000,000 votes lost and so affect the political party plans. Campaigning is now under way to get these voters out, lined up and interested. We hope they succeed.

Burk Burnett History

As revealed by the files of the Star 17 years ago.

Cyclone Willis, delivered two men to officers early today with gunshot wounds in the legs inflicted when they attempted to take melons from his water melon patch, four miles southeast of city.

Miss Allaura Brookman, who has been spending a few weeks with her brother, Fred Brookman, and family, on Park St. left Saturday to re-enter Baylor College in Belton, Texas.

The pouring of the concrete for the free bridge floor was finished Wednesday, and work of placing banisters has begun.

Miss Helen Henry, left Tuesday, to enter Texas Women's College in Fort Worth, for the coming year.

The city is considering the organization of a volunteer fire department, consisting of twenty men. City Manager W. A. Roberts stated Wednesday.

Mr. and Mrs. A. H. Lohofener announce the birth of a baby girl, Margaret Carol.

more than \$100,000,000, maturity value.

To commemorate this bond-buying achievement, brief ceremonies were held in the office of L. J. Purdy, general manager of the Dodge Truck plant. The three millionth bond was delivered to Mrs. Biebuyck by D. J. Hutchinson, assistant treasurer of the corporation.

Mr. and Mrs. R. L. Mattingly of St. Petersburg, Florida, will arrive Friday, Sept. 15, for a short visit. Mr. and Mrs. Mattingly are well known former residents of Burk Burnett.

"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 10.

The Golden Text is: "A good name is rather to be chosen than great riches, and loving favour rather than silver and gold" (Proverbs 22:1.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I lead in the way of righteousness, in the midst of the paths of judgment."

ment: That I may cause those that love me to inherit substance; and I will fill their treasures" (Proverbs 8:20, 21.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the scriptures" by Mary Baker Eddy: "Christianity causes men to turn naturally from matter to Spirit, as the flower turns from darkness to light."

Man then appropriates things which 'eye hath not seen nor ear heard' (page 453.)

Mrs. Lula Lassater, wife of the late Mr. Lassater, died at the hospital, Sunday.

Mr. and Mrs. Charlie Boyer, Monday night for the first time in a year, in a jet plane, will enter Texas Tech. College.

Ernie Pyle at the Front:

Historical Crowd Welcomes Turn of Liberating Yanks Parisians Well Fed and Clothed And City in Excellent Condition

By Ernie Pyle

I had thought that for me there could never be any elation in war. But I had reckoned without the elation of Paris—I had reckoned without remembering that it might be a part of this richly historic day.

Paris—on the first day—the great days of all time. The city was written, as other cities are writing their pieces, in emotional tension, a pent-up equilibrium.

Approach to Paris was hectic. It was a three-day journey in a town while hourly our reports were going on in Paris changed and contradicted themselves. Of a morning it would look as though we were about to break through the German ring around Paris and come to the aid of the brave French Forces of the Interior who were holding the city. By afternoon it was another Stalingrad was being fought. We could not bear to think of the destruction of Paris, at times it seemed desperate.

As the situation this morning we left Rambouillet and to feel our way timidly to the very outskirts of Paris. When we were within 10 miles, rumors began to circulate that the French Second Army was in the city. We waited half an hour at a crossing where a French captain was waiting for us, and finally he waved us on.

Minutes we drove through a beautiful country under a magnificent sun and amidst green distant banks of smoke to the horizon ahead and to the left. And then we came gradually to the suburbs, and soon into the greatest mass joy that had happened.

Streets were lined as by July parade crowds as this crowd was alphabetical. The streets of the very wide, and they looked on each side. The men were all brightly dressed in red blouses and colorful shirts, with flowers in their hair and big flashy ears. Everybody was throwing a salute, and even serpentine.

As I drove through the thousands of people crowding only a narrow corridor of men, women and children, I grabbed us and kissed us on our hands and beat on our backs and slapped our backs and their joy as we passed. In a jeep with Henry Gordon of the United Press, Capt. Carl of Washington, D. C., and Alexander Belon, of Amherst, we all got kissed until we were red in the face, and I enjoyed it.

When the jeep was simply a human traffic and had we were swarmed over and kissed and torn at. Even beautiful girls, insisting on both cheeks. I got started kissing babies held up by their parents, while it looked like a baby politician going down the fact that I hadn't shaved, and was gray-bearded as a baldhead, made no difference when we came to a Frenchman told us there were snipers shooting, so we steel helmets back on.

People certainly looked well dressed. They were lined with green and modern buildings. All were closed in holocausts were so thick I had the idea there were plenty of snipers that day, with jeeps overrunning the streets.

Paris via Rue Aristide, and Rue d'Orleans. We were apprehensive, but decided it might be going as long as we were. But finally we were swarmed by the people in Paris, and then above the din of some not-too-distant explosion, the Germans trying to demolish across the Seine, and the rattling of machine guns

up the street, and that old battlefield whine of high-velocity shells just overhead. Some of us veterans ducked, but the Parisians just laughed and continued to carry on.

There came running over to our jeep a tall, thin, happy woman in a light brown dress, who spoke perfect American.

She was Mrs. Helen Cardon, who lived in Paris for 21 years and has not been home to America since 1935. Her husband is an officer in French army headquarters and home now after 2½ years as a German prisoner. He was with her, in civilian clothes.

Mrs. Cardon has a sister, Mrs. George Swikart, of New York city, and I can say here to her relatives in America that she is well and happy. Incidentally, her two children, Edgar and Peter, are the only two American children, she says, who have been in Paris throughout the entire war.

We entered Paris from due south and the Germans were still battling in the heart of the city along the Seine when we arrived, but they were doomed. There was a full French armored division in the city, plus American troops entering constantly.

The farthest we got in our first hour in Paris was near the senate building, where some Germans were holed up and firing desperately. So we took a hotel room near by and decided to write while the others fought. By the time you read this I'm sure Paris will once again be free for Frenchmen, and I'll be out all over town getting my bald head kissed. Of all the days of national joy I've ever witnessed this is the biggest.

The other correspondents have written so thoroughly and so well about the fantastic eruption of mass joy when Paris was liberated that I shall not dwell on it much longer.

But there are some little things I have to get out of my system, so we'll have at least this one more column on it.

Actually the thing has floored most of us. I know that I have felt totally incapable of reporting it to you. It was so big I felt inadequate to touch it. I didn't know where to start or what to say. The words you put down about it sound feeble to the point of asininity.

I'm not alone in this feeling, for I've heard a dozen other correspondents say the same thing. A good many of us feel we have failed in properly presenting the loveliest, brightest story of our time. It could be that this is because we have been so unused, for so long, to anything bright.

At any rate let's go back to the demonstration. From 2 o'clock in the afternoon until darkness around 10, few Americans in Paris on that first day were kissed and hailed and mauled by friendly mobs until we hardly knew where we were.

Everybody kissed you—little children, old women, grown-up men, beautiful girls. They jumped and squealed and pushed in a literal frenzy.

They pinned bright little flags and badges all over you. Amateur cameramen took pictures. They tossed flowers and friendly tomatoes into your jeep. One little girl even threw a bottle of cider into ours.

As you drove along, gigantic masses of waving and screaming humanity clapped their hands as though applauding a fine performance in a theater. We in the jeeps smiled back until we had set germs on our faces. We waved until our arms gave out, and then we just waggled our fingers. We shook hands until our hands were bruised and scratched. If the jeep stopped, you were swamped instantly. Those who couldn't reach you threw kisses at you, and we threw kisses back.

They sang songs. They sang wonderful French songs we had never heard. And they sang "Tipperary" and "Madelon" and "Over There" and the "Marseillaise."

French policemen saluted formally but smilingly as we passed. The French tanks that went in ahead of us pulled over to the sidewalks and were immediately swarmed over.

Paris Girls Have Beauty and Imagination

seems to have all the beauty we have always heard it. The women have an art of getting themselves up fascinatingly. Their hair is done crazily, their eyes are worn imaginatively, their faces in riotous colors in this warm season, and when the holiday streets are with Parisians the color of everything else in the world

seem gray. As one soldier remarked, the biggest thrill in getting to Paris is to see people in bright summer clothes again.

Like any city, Paris has its quota of dirty and ugly people. But dirty and ugly people have emotions too, and Hank Gorrell got roundly kissed by one of the dirtiest and ugliest women I have ever seen.

GI Joe Probably Thought Recount Was Fair Enough

He was a newly commissioned lieutenant in the army, and inclined to indulge in a little self-importance. A private sauntered by without saluting.

"I'll teach you a lesson," barked the second lieutenant. "Stand and salute me a hundred times."

Miserably the soldier began the performance just as a senior officer passed.

"What sort of drill is this?" he inquired.

The embarrassed lieutenant told him.

"But surely," said the senior officer, "you are aware that you yourself must acknowledge each salute? Now please begin all over."

Gigantic Refrigerator

The War Food administration is now storing 75,000 tons of food in a leased limestone mine near Atchison, Kan. Its 12,000,000 cubic feet of caverns are equivalent to nearly one tenth of all public refrigerated storage space in this country today. While the construction of a warehouse with this capacity would cost about \$15,000,000, the chief expense of equipping this mine was \$1,000,000 for machinery to reduce its temperature of 50 degrees F. to 30 degrees.

AROUND THE HOUSE

If apples or bananas which are to be used in fruit salads are covered with grapefruit juice and chilled, they will not darken and discolor the salad.

If the surface of a piece of your furniture becomes scratched, rub it with a piece of walnut kernel. The scratch will disappear as if by magic.

Dip the ends of rag rugs in starch after washing and they will lay flat on the floor instead of curling on the edges.

A "costume box" is suggested where there are children to amuse. Into a certain box put discarded articles of clothing which have "costume" possibilities. Children love to "dress up," and if the box is reserved for certain occasions such as Halloween, vacations, etc., it is enjoyed more than if it is available all the time.

If anyone has a rusty wire clothes line which can not be replaced for the duration, it can be made nearly as good as new by painting with black automobile enamel.

House plants should have an occasional cool soap and water bath to remove the dust and dirt from the leaves. This may be done by laying the pot on its side, and carefully sponging each leaf with absorbent cotton dipped in cool suds. Then rinse in cold water to remove the soap, taking care that soapy water does not get in the soil.

Don't do without a grater just because such articles are scarce in the stores—make one! Take the lid from a mayonnaise or peanut butter jar, and drive nail holes from the inside out. Put them fairly close together, and the rough surface on the outside does the grating.

Smile Awhile

At a USO concert a very stout soprano was singing. "If I had the wings of a dove, I'd fly—"

A rookie in the rear exclaimed, "Why, that bird would need the wings of a bomber."

"Cats, my dear!" said the spinster. "I hate the very sight of them. I had a sweet little canary and some cat got that. I had a perfect parrot, and some cat got that. I had an adorable fiancee once and—oh, don't mention cats to me!"

What business do you think your son will adopt?" "Can't say, but judging by the hours he keeps, I should say he was naturally intended to be a milkman."

A woman desiring some yarn to knit a sweater for her dog, asked the clerk how to go about the knitting.

"How big is the dog?" asked the salesgirl. The woman's illustrations were not very successful.

"Maybe you'd better bring him in," suggested the girl.

"Oh, I can't do that," said the woman. "It's to be a surprise for him."

First Baptist Church Announcements

Another good day the Lord sent for our Church last Sunday. The S. S. attendance went above the 300 with good preaching attendance.

The Baptist Church is looking forward to the "V" Day with a great deal of pride and prayer. It was voted to assemble in the auditorium on the night following Germany's defeat for a big Thanksgiving and Praise service. However, we are to cooperate with the city in its public service. The city will have a public religious service either at 11 a. m. or 8 p. m. depending upon the hour we receive the news. If the public service is at 8 p. m. we are urging our people and all who will to come to our church at 9:30 p. m. The public is welcome and urged to be present.

The business men of our town as well as the different organizations are to be commended for their spirit of this service. As a whole the public does not want a celebration which will be a disgrace to any people or nation. Surely it is no time for any other kind of a service than a religious service.

The First Baptist extends a cordial welcome to all in our town who do not have a regular Church Home to be in our Sunday School, where we have capable, efficient teachers for all ages, beginning with the infant in the bed, for we have a place for them, and throughout for the oldest.

More than thirty teachers and officers met Monday night with a great deal of interest and enthusiasm looking forward to a new year which is to begin Oct. 1st.

Almost every teacher and worker for both the Sunday School, Training Union, and Church has been secured, and we are just about ready for a bigger and better year than we have ever had.

Welcome to all visitors in Burkburnett, and all others who care to worship with us—morning, noon, or night.

Business Women Hold Circle Meet

The Business Women's Circle met September 5, in the home of Mrs. I. C. Evans, in the Rose-lawn addition. The meeting was opened with the song "Our Best" followed by a prayer by Mrs. John Brookman.

The minutes were read and then approved.

In the business session, a committee of Mrs. Claudia Kirby and Mrs. Imogene Morris were appointed to plan the anniversary social, also a committee of Mrs. A. E. Harrison and Mrs. D. F. Douglas was appointed for the purpose of selecting new officers for the New Year.

The program consisted of a study of the Bible given by Mrs. A. E. Harrison, which thoroughly covered the book of Genesis. The meeting dismissed with a prayer by Mrs. R. P. Thaxton. A Royal Service Program is to be given at the next meeting to be held in the home of Mrs. Leo Dudley.

Delightful refreshments were served to Mesdames Whiteside, A. E. Harrison, Claudia Kirby, D. F. Douglas, R. P. Thaxton, John Brookman, Ivan Fields, Reed, Mildred Tedder, Imogene Morris, and I. C. Evans.

Ray C. Morrow, pastor of the Calvary Baptist Church, and wife are visiting in Fort Worth this week, they plan to return Saturday.

Calvary Baptist Church News

Sunday School begins at 10 a. m. with all classes studying the 6th chapter of John—"Christ The Bread of Life." Since Christ is the Bread of life, and the word of God is that tells us more about Christ, then you are deliberately starving your soul and bringing upon yourself misery, when you stay away from the church and Sunday School where we search God's Word together. Preaching at eleven. Sermon subject, "Qualifications for Pastor." Evening services begin at 7:45 with Young People's groups meeting for their devotional and Bible study. Preaching service at 8:30, with the pastor preaching on this subject: "Christ Left Out—The World's Greatest Sorrow."

The revival campaign, with Bro. Dearmore preaching and Bro. Miller singing, is over. But we feel that the real revival has just begun. This was one of the best revival campaigns in the history of Calvary Baptist Church, because some lasting good was accomplished, as well as the souls that were saved, and those who rededicated their lives to God and united with the Church.

The church with the open Bible welcomes all of you to come with open hearts and minds to any or all of its services.

Ray C. Morrow, Pastor.

Texas Guard Issues Urgent Recruit Plea

Men are urgently needed to fill the broken ranks of the Texas State Guard.

The home militia, successor to the Old National Guard now fighting on distant battlefronts, is vital to maintenance of order and is that one thin line upon which domestic emergencies would fall.

The story is simple—so simple Burkburnett and other Texas communities have become blind to its real worth.

Men between the ages of 16 and 60 are eligible to join the State Guard, but the preference is between 30 and 40 years of age. Youngsters under 18 must gain parental consent before joining.

The Texas State Guard wasn't organized to police parades. It is a highly trained unit with a primary purpose of preventing disturbances and restoring order in the event of any emergency or catastrophe. Too, it takes no sides in any controversy but is a military group intent on law and order.

Only proclamations by the Governor or his legal representatives—the District Judges, Sheriff or Mayor—can call out the Guard in emergencies. Local authorities must fill out a written order, or issue a verbal order in the presence of two disinterested witnesses, before action can be taken.

Then mobilization is left to the unit commander who must communicate with the Governor or his alternates.

Firms Urged to Assist

The burden is upon Burkburnett to keep the State Guard at full strength. Firms have been requested by Guard Officials to co-operate in a drive that would place one out of every five men employed in the Guard ranks. There is no desire to cripple any firm, but the need for men is great.

One night each week is devoted to drilling, usually for a two and a half hour period. Maneuvers, always on a week end, are ordered periodically.

Enlistments Expiring

Organized by the Texas Legislature in 1940 to replace a National Guard called to wartime duty, the Guard took over all functions of the National Guard. Many three-year enlistments have expired now and the ranks are thinning.

The actual authority of the Texas State Guard will end, under its legislative life, with the duration of the war and six months, but life-extending legislation is expected.

Fathers and sons, brothers, fathers with sons in the service and many who live outside Burkburnett but drive here weekly, are in the local unit. Those who have been classified as 4-F in the draft are urged, if they want to perform a wartime service, to contact State Guard officials at the Armory on Thursday night.

Only once has the State Guard been officially called out, to help quell the race riots at Beaumont. Their efficiency was demonstrated when quiet was restored with little bloodshed after they had been called to duty.

It is a non-paying job—pay coming only when they are called to active duty and then based on the same rate of pay regular Army soldiers receive, according to rank.

But it is a function that is vital to the home front—and money is a hollow thing on that score.

Card of Thanks

We wish to express our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings, received from our kind friends and neighbors during our recent bereavement in the loss of our beloved father B. P. Williams of Randlett.

Lutheran Ladies Meet At Henry Obenhaus Home

Trinity Lutheran Ladies' Aid met last Thursday afternoon at the home of Mrs. Henry Obenhaus, in the Barwise community.

The meeting was opened by the chairman, Mrs. D. G. Holtzen, in the customary manner, with a hymn by the group and with prayer, led by the chairman.

The usual reports from the various committees were heard and the group discussed plans for the forthcoming Mission Day observance.

Friendship showers were given to Mrs. Albert Brockriede and Miss Lavonia Schroeder.

Following the close of the meeting, a delicious luncheon plate was served to the following members and guests:

Mesdames Heiserman, Misses Lina Frieda Goteze, Fred VanLoh, Harvey Ramming, Geo. Schroeder, Emil Schroeder, Paul Schroeder, Henry Schroeder, Arthur Ramming, Oscar Schroeder, D. G. Holtzen, Arnold Holtzen, Paul Kaiser, Adolf Brockriede, Albert Brockriede, Louise Lohofener, Rinefeldt, Enderli, Engleman, Geo. Streit, Arnold Kiesling, August Ramming, John Heins, L. Klunkerman, Bunes.

Mesdames Lyle Eaton, Misses Lorene Schroeder, F. Schwede, Vera Mae Schwede, Mesdames A. Schwede, Cropper, Lalk, Woythe, Miss Marcella Englemann, and the hostesses, Mrs. Henry Obenhaus and Mrs. Washburn.

The next meeting is to be held at the home of Mrs. Augusta Ramming, in Wichita Falls.

Singing Convention Has Home-Coming At Thornberry

The Thornberry Community held its Annual Home-Coming and Singing Convention, Sunday, with approximately five hundred people in attendance, from neighboring communities, Burkburnett being well represented with a large number of Burkburnett residents present.

The Jones family, consisting of Mildred 19, Preston 17, Phillip 15, Dean Paul 12, and Ruth 10, children of Mr. and Mrs. Herman Jones of Commanche, Okla. gave an excellent performance. The four eldest of the family

formed a quartet, with little Ruth, singing a solo, "A Soldier's Last Letter, To Mom."

Other specialties of the program were the Church of God Trio, from Electra. Mr. Earnest Wilson, noted singer of Electra, and the Duncan Quartet, of Duncan, Okla. Each song was conducted by respective leaders selected from the congregation.

The convention commenced at 10:30 Sunday morning, with barbecue dinner served to 338 people at the home, the number increasing to approximately 500 for the afternoon Sing-Song, continuing until four o'clock.

Plans were made to hold another singing convention at the Town Hall in Burkburnett, Sunday, December 10th. The president C. E. Reed presided at the meeting.

Mr. and Mrs. Andy Bazell and Mr. and Mrs. J. N. Anthony, spent last Sunday, in Ardmore, Okla., with Mr. and Mrs. Henry Porter.

Lt. (jg) Lev Hudgpeh and wife are visiting Lt. and Mrs. Harwell this week. Lt. Hudgpeh is stationed at the Norman air base in Norman, Okla.

Lieut. Ted Harwell is visiting his wife and son Guy Pat, who have recently returned to Burkburnett. Lieut. and Mrs. Harwell have sold their home in Dallas and plan to move into their former home at 316 Hayworth. Harwell has been stationed in Reno, Nevada, for several months and is on an eight day delay enroute to Nashville, Port of Embarkation, where he will leave for India soon. He is the son of Mrs. I. E. Harwell.

Chaplain Clyde Boggs left this week for a few days of advanced training at San Antonio. Captain Boggs came to Burkburnett ten months ago and has filled an ever-increasing place of service in the life of the town. We wish him success in his training.

SNAPPY FACTS ABOUT RUBBER

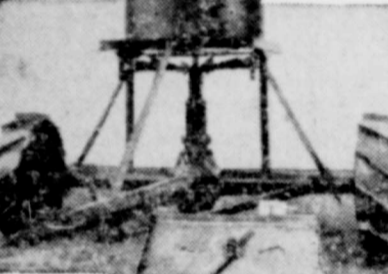

Sorting the contributions to the nation's scrap rubber drive has been a tremendous job. There are more than 75 types of rubber scrap, but most reclaimed rubber tonnage is derived from tires.

Rubber plantations covered over eight million acres at the outbreak of the war and had a potential production capacity of 1,000,000 long tons a year, according to rubber experts.

Although the bulk of the German armies escaped annihilation in both the north and south, swift moving Allied armor hacked enemy rear-guards to shreds, and U. S. and British planes swarming over the battlefields took a heavy toll of men and equipment in the retreating columns.

WEEKLY NEWS ANALYSIS Allies Drive on German Border; Expand Navy by 65,000 Ships; August Beef Output Hits Peak

Released by Western Newspaper Union

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Seated on ground at Hotel Majestic following their capture by Free French forces in liberation of Paris, high-ranking German officers await removal to prison quarters.

EUROPE: Nazi Losses Having suffered losses of 400,000 men since D-day, and with its power in France broken, the once proud German army reeled back toward the Siegfried line guarding the reich's border, there to hole up for a final stand.

As the British and Canadians drove up along the Channel coast, they overran many of the enemy's robot-bomb installations, but the continuance of attacks on southeast England with the flying missiles indicated that the Germans moved their dispatching ramps farther inland.

Illustrating the vast scope of Allied operations in France since D-day, Gen. Dwight Eisenhower reported that we had lost 3,900 planes ourselves, required more than 900 tanks for replacements in the first 70 days of fighting, dropped more than 55,000 tons of bombs and used 44,000,000 gallons of aviation gas.

Deep in Balkans Rolling on American wheels, the surging Russian army pushed through Rumania and pointed spearheads at Hungary to the northwest where Marshal Josip Tito's rugged Partisans have been waging relentless guerrilla warfare against the Axis occupational forces.

In their developing Rumanian offensive, the Russians sought to exploit an early break into the Carpathian mountains guarding Hungary, where Adolf Hitler desperately sought to keep that country in the war by agreeing to rush reinforcements to bolster its tottering eastern defenses.

BEEF: Cheap Grades Abound Reflecting the heavy run of grass-fed cattle, August beef production in federally inspected plants reached the all-time record output for that month of 600,000,000 pounds, and 21 per cent higher than the same period last year.

WAGES: Top Levels With employment 28 per cent over January, 1941, weekly and hourly earnings in 25 manufacturing industries rose to record levels for June.

HIGHLIGHTS . . . in the week's news RICH DIET FOR ARCTIC: A series of tests conducted at the U. of Illinois indicates that the best diet for high flying aviators and soldiers stationed in arctic regions is one rich in starch, sugar and fat.

While Walter Winchell is away, his column will be conducted by guest columnists.

Cabled From Somewhere In Dutch New Guinea By George Lait

Col. David W. Hutchison, commander of one of the wings of Lieut. Gen. George Kenney's bomber force in the New Guinea interior, now en route to his home in Madison, Wis., on leave, told me of a new technique evolved on the spur of the moment by one of his night fighter pilots.

There's a big treasure hunt going on at Lae, British New Guinea. Not for Guinea gold, but for 200 cases of prewar Scotch whiskey buried there by Manager Burns, of Philip Company, before the Jap invasion.

Some New Guinea points have a real Broadway flavor these days. In one day I bumped into Maj. Abe Schechter, former bigshot at NBC; Sgt. George McLemore, noted sports columnist, now a combat correspondent; Lieut. Jack Miley, the sports writer, still of approximately the same tonnage as the heavy cruiser on which he is serving; Lieut. Larry Jones, whose father operates Gertner's restaurant, New York, and who is in charge of the largest GI messes in the southwest Pacific; Lew Parker and Jackie Heller, night club performers entertaining troops; Jack Davis, New York representative of the Australian Consolidated Press, who came over for a six-month gander at the war; Capt. Jack Cross, Westchester county journalist (husband of Powers model Betty Riddell) and Capt. Dick Krolick, also a journalist and habitué of East 45th street's famous Pen and Pencil bar; Eddie Dowling's son, Jack, war correspondent for a Chicago newspaper; Douglas (Wrongway) Corrigan, ferrying planes for the Fifth air force, and Col. Merian Cooper (the 'gone home on leave to visit his wife, the former Dorothy Jordan of the movies) who produced "Chang," "Grass," and "Long Voyage Home"; Alfred Vanderbilt, who with his brother, George, is giving the Japs hell as commanders of PT boats.

PACIFIC: Subs Boost Bag While U. S. army and navy planes pounded the Japanese Pacific outposts preparatory to further strides along the stepping-stones to the Asiatic mainland, American submarines continued their deadly warfare against enemy shipping.

Phil La Follette, former Governor of Wisconsin, has just been promoted to full colonel. He'll be going home soon on leave. . . . Lady Emily Coote of Boston's Back Bay and widow of the first Baronet of Ireland, is now in charge of one of the largest Red Cross outfits in Australia, caring for the wants of recently arrived WACS. . . . Everybody knows Corp. Lew Ayres now serving as a chaplain assistant at Hollandia, but few know that Tech. Sgt. Frankie Darro is a dispensing pharmacist at one of New Guinea's big hospitals. He is the former child star who specialized in tough kid roles.

WAGES: Top Levels With employment 28 per cent over January, 1941, weekly and hourly earnings in 25 manufacturing industries rose to record levels for June. As a result of the payment of higher wages to obtain help in the flourishing labor market, and overtime to meet war demands, workers' weekly earnings averaged \$49.23 for the month, 60 per cent over January, 1941, while hourly pay totaled \$1.06, a rise of 40 per cent over three and a half years ago.

ALUMINUM MATS: Landing mats made of aluminum are thoroughly satisfactory, the army air force says, after a number of tests. Previously steel had been used for this purpose, but when the mat sections have to be transported by air, aluminum, which weighs less than half as much as steel is more satisfactory. The aluminum sections can be laid faster.

Improved Uniform International SUNDAY SCHOOL LESSON

Lesson for September 17

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

THE KINGDOM STRONGLY ESTABLISHED

LESSON TEXT—II Samuel 2:4-7; 6:1-10. GOLDEN TEXT—They that trust in the Lord shall be as mount Zion, which cannot be moved, but abideth forever.—Psalm 125:1.

I. The Southern Tribes Declare Their Loyalty (2:4). The nation was divided into two parts, Judah in the south and Israel in the north. To bring them together again called for consummate skill. David had it.

II. The King Makes Friends by Being Friendly (2:5-7). The men of Jabesh-gilead, hearing that the Philistines had killed Saul, went for his body and gave it suitable burial. This gave David occasion to show his fine spirit of appreciation, which naturally warmed the hearts of all those who had loved and followed Saul. It was excellent strategy, but at the same time it was the natural expression of a kind heart.

III. The Northern Tribes Recognize Their King (5:1-5). A period of seven years elapsed before this took place. The house of Saul was not willing to yield its supposed rights to the throne, and there was fighting and struggle. In it all David showed himself to be upright and considerate. There is value in gradual development and in the struggle for the right. Had David found immediate success one wonders whether he would have gained the strength he needed for the future.

IV. The King Established a National Capital (5:6-10). Jerusalem, which was to be the "city of David," and which figures so prominently not only in history but in prophecy, had to be wrested from the hands of the heathen Jebusites, and be established as the sacred city and the capital of the Jewish nation.

TEXAN'S SHARE
in the
WAR

as home-front were backing them up with activities designed to guarantee to "our own and our allies" all the services that they have a right to expect from a grateful nation.

This column usually concerns itself with the men in the front-line fight. This week, however, it is going to tell the story of the army of community and county leaders that is fighting here in Texas. It is the story of busy business and professional men—patriotic farmers and the ranchers—war conscious men and women in every walk of life—who are taking time from their own tasks to devote a period of several weeks to support of our fighting forces.

Typical Texans like R. D. Sanders of Sulphur Springs, W. J. Meyers of Pecos, Roscoe Pryor of Harlingen, W. B. Hargis of Pine-land, E. L. Norman of Floydada and Eck Brown of Dalhart—Patriotic county leaders such as Claude Calloway of Crowell, John Harris of Coleman, W. T. Minor, Sr., of Montague, J. Sherrill Kendrick of Gatesville, Joseph B. Cowan of San Saba—Veterans of former war fund campaigns, such as Dr. James Bauer of Refugio, K. M. McFarland of Center, W. H. Morehead of Richmond, James C. Cantrell of McKinney and J. P. Merritt of Colorado City. Civic leaders like H. Frank Goss of Ingleside—Outstanding women, of whom Miss Patti Reagan of Tilden and Mrs. W. W. Wolfe of Leakey are typical.

These are some of the local leaders who have accepted the task of raising Texas' share in the National War Fund. Together, hundreds strong and backed up by the full support and cooperation of their neighbors, they will raise almost \$5,000,000 during the next six weeks—Texas portion of the \$115,000,000 which is required for service to our armed forces and our allies, and to relieve suffering among war victims throughout the world.

Their work is unselfish and done without pay. It is an integral part of the nation's war program—a part that will send to our men the service of USO and USO Camp Shows—a part that will send books, athletic equipment and supplies of a dozen kinds to our men in enemy prisoners of war camps—a part that will save the lives of millions of tiny children and helpless old people in lands blasted by battle.

They do not fight with guns, but they fight just the same. And the dollars they raise will be bullets that will help win the war. Now, more than ever before, the work of the war-related agencies of the National War Fund is vital—vital to our fighting men, vital to our allies, and vital to the people of France, Belgium, Holland, Norway, Greece, and all the other war-torn nations.

Through their county war fund they will call upon every Texan to help with the great cause. And under their leadership, every man and woman in the Lone

Star state will certainly "Give a Texan's Share."

I GIVE YOU TEXAS
AND THE
GREAT SOUTHWEST

A Texas soldier in North Africa, addressing his fellow Texans, said: "Our jobs is to promote good neighborliness. We've got to be friendly with the natives. If they say Africa is bigger than Texas, agree with them."

Late in 1943, a Texas commentator predicted that it would take five more years to finish the war: "One year to whip the Germans; one year to whip the Japs, and yankees out of Texas."

The recruit from the North was sweating at his first ex-

perience with the heat of a Texas summer. He remarked to an old Texan who was standing nearby: "I'll sure be glad to get back to Michigan." The other replied: "I reckon a man has to be born and raised here to stand the weather." The Michigander exclaimed: "What! You mean to tell me that folks live here when there ain't no war?"

The above are stories from the newest book about our State, entitled "Tall Talk from Texas," published by the Naylor Company, San Antonio, and it weighs under 8 ounces, so it can be mailed to men in the service overseas without a request. The author? Your columnist.

Folks have been mighty kind to my other book, "I Give You Texas," 500 jokes of the Lone Star State, 10 editions, over 60,000 copies in less than a year. And I kept on thinking of more Texas jokes that weren't in it, and the war, politics, oil and folks just kept producing new ones. The result: "Tall Talk from Texas."

The new book has a lot of old time jokes, the ones we've heard since childhood but never get

tired of. Recipe for making coffee in West Texas: After it boils, throw in an iron wedge and if the wedge sinks, add more coffee.

The one about the man who, seeing that he was about to be overtaken by a blue norther, put spurs to the thoroughbred he was riding and tried to outrace it. When he reached the barn and dismounted, he found the horse's forequarters in a heavy lather and its hindquarters frozen. Of course, pneumonia developed and proved fatal to the animal.

And if you don't know what an Amarillo kite is, "Tall Talk from Texas" tells you. An Amarillo kite is an iron shutter with a log chain for a tail.

The Wichita County T-B Association heard reports at its monthly meeting last Friday from Mrs. Irene Ligon, Executive Secretary and Dr. Scarlett, administrator of the Health Center, to show the ever increasing effectiveness of the work in the discovery and control of tuberculosis. Our State is facing a very acute problem in that there are 9,000 beds needed right now for the care of the known cases of tuberculosis and only 4,000 beds available in the state. The Federal government is planning to spend ten million dollars next year in the promotion of tuberculosis control on the basis of need. The local association is sending a delegation to the state meeting in Austin this week in the hope of being able to make definite appeals for help from this Federal fund to help in this work in Texas.

The Christmas Seal Sale for the nation was increased 38 per cent this year over last year, but the local sales were up only about one half that much. The seal sale committees are being organized and are to attend a

meeting in Fort Worth September 27-28 to learn more about their work.

Mrs. Ottis Hash, has accepted position as Secretary for M. C. Tucker Insurance Agency.

Miss Martha Walling, who is employed by Miller and Miller motor freight, in Wichita Falls is home on a sick leave. She is visiting her parents Mr. and Mrs. C. O. Walling of this city.

THE OLD JUDGE SAYS...

"It sounds almost like a miracle, Judge... how did we ever do it?"

"American industry did it, Sally. When the Japs conquered the chief natural rubber producing centers of the world they thought they had dealt a death blow to our war effort. But, in less than two years, we are producing enough synthetic rubber in this country to supply all our military and essential civilian requirements.

"Our rubber experts knew how to make it but the most practical process at the time required huge amounts of industrial alcohol... far beyond the already over-

taxed capacity of our industrial alcohol plants. So, overnight, our country's beverage distillers stopped making whiskey and produced hundreds of millions of gallons of the vitally needed alcohol.

"As a matter of fact, Sally, a high government official said recently '...synthetic rubber is from 6 to 9 months ahead of where it could have been if alcohol had not been available for butadiene production.'"

"We were really fortunate, weren't we Judge, to have a beverage distilling industry in existence... able to help perform this great wartime miracle!"

High School Bible Class Shows Good Interest

The High School Bible Class being taught this year by Rev. Boyd I. DeVore and the group is having a very interesting study of the book of Genesis. Stories they have heard all of their lives are falling into interesting patterns that can easily be remembered. The class is not large but attendance is good and they are looking forward to a year of profitable study together.

The course has been taught by the different pastors who have state certificates and the students receive 1-2 unit of credit for the Old Testament the first semester and another 1-2 credit for the second semester. It is offered in many of the high schools of our state and is meeting with a hearty response.

Community Prayer Service Holds Testimony Meeting

Last Tuesday night the leader failed to come, so those who attended the Community Prayer service at the First Methodist church held a testimony meeting. This is a community project and the entire community is invited to participate. The leader each week appoints the leader for the next week. It has been assured that there will be a leader next week. The service is held at 8:30 each Tuesday night.

ANDERSON SCORES FOR MARINES

Scoring 22 of the 24 points garnered by his squad team, Marine First Lieutenant W. B. Anderson, grandson of Mrs. E. L. Anderson, Burkburnett, Texas, won third place individual scoring honors in a track and field meet at the Marine Corps Air Station here.

Lieutenant Anderson, who, for two years, captained the track team of McKendree College, Le-

banon, Ill., won the broad jump with a leap of 19 feet 7 1-4 inches for his only first place win. However, he took second honors in the 120 and 220 yard hurdles, the pole vault, high jump and javelin, and third place in the 100 yard dash.

Lieut. Anderson, now attached to a communications squadron on this station, is training for overseas duty.

Rotary Club

Rotary Club, meeting in Town Hall Tuesday, was impressed with a talk made by Major Pooley, guest of Victor Van Loh. Major Pooley heads special service work in Sheppard field, which service has charge of entertainment on the field for the soldiers, which is carried on chiefly through four Service clubs on the field.

The purpose of this service in the army is to furnish information as well as entertainment that will meet with every type boy's wishes or requirements. One very important phase of the work is to acquaint the new boy, when he first enters military service with a true picture of his life to be in the army.

Sometimes the boy's idea of army life as he has drawn from news papers, movies, radio program, the actual things so they must receive an initial education when first entering, so that his service to Uncle Sam will be of greatest benefit to himself as well as the military. It was pleasing to learn that any boy or girl in any branch of the service may carry on his High School as well as College training which program is made possible through cooperation of various colleges with the army. This work is carried on by correspondence and any place the mail goes through this training may be had. Lots of boys and girls taking advantage of this have finished High School and gone far in college under this set-up.

Visiting Rotarians from Wichita Falls were Paul Woodward, Tom Edwards, Luke McCrory, Arch Freeman, Chas. Tucker, Edgar Mann and Scotty Scott. Other guests introduced were Glen Howard, guest of H. D. Smith, Mr. Harrison guest of M. C. Tucker and James McDonald the special guest of Ralph Davis.
