American Jet Shot Down By Korean Reds

OSAN, Korea (AP) — Communist batteries shot down an American Sabre Jet near the Korean truce line today and the pilot reportedly parachuted just over the Communist side of the line. The North Koreans at the time were releasing two American pilots and 24 passengers from a South Korean airliner hijacked 18 days ago.

The first brief Air Force announcement on the jet fighter did not say whether the pilot who bailed out was seen to hit the ground safely.

A second F86 accompanying the downed Sabre returned to its base. The pilot reported he saw the lead aircraft get hit and crash, and saw a parachute floating toward the ground just over the Communist side of the line.

The two Sabres were on a low-level simulated ground support mission about 65 miles northeast of Seoul. Under standing orders they are forbidden to fly over the 2½-mile-wide demilitarized zone that stretches across the peninsula separating North from South Korea.

The pilot who returned uninjured was identified as Lt. Ronald E. Martin of (2509 Remington Lane) Rock Hill, Mo. His plane was not hit. The Air Force withheld the name of the missing pilot and, with the U. N. command, began an investigation.

Planes from the crashed Sabre's base at Osan, where Americans first battled the Communists in the Korean War, searched the southern fringes of the zone from aloft but failed to spot the lost flier.

The 26 returnees, who included a West German businessman, his wife and 22 South Koreans, were turned over at the Panmunjom truce headquarters after Allied representatives gave the Communists receipts for them.

The release was delayed several hours by a South Korean refusal to sign the release receipts. A South Korean Red Cross representative finally signed after a telephone call to the capital at Seoul. The South Korean said he felt the phrase that the release was "authorized by the People's Republic of Korea," North Korea's official name, constituted a recognition of the Red regime.

Representatives of the U. S. Embassy and the West German legation signed for their nationals without any objection.

The 26 were taken by bus to the U. N. base camp in the neutral zone for a medical checkup. The two American pilots of the airliner, Willis P. Hobbs of Vallejo, Calif., and Air Force Lt. Col. Howard W. McClellan of Buchanan, Mich., appeared in perfect health and smiled broadly as they climbed aboard the U. N. bus.

Ballots Set For School Elections

The names of three candidates for the county school board and two more for the Hermleigh school board were filed with the County Judge Edgar Taylor yesterday afternoon before the filing deadline.

No other candidates names can now be filed for placing on the ballots in the April 5 school board elections. Absentee voting in the elections will begin at the county clerk's office March 15 and end three days before the election.

Candidates for the county borad include two incumbents and one new candidate. Three places will be filled in the election. The new candidate is one for Precinct 2, C. B. Bley. He was petitioned by Bunyan Evans, O. M. Martin, Fred W. Sahfer, Burl Belew, and L. M. Dawson. Present county board member from that precinct is Buford Browning, who is not a candidate. The two incumbents who are candidates are Hugh Taylor, county-at-large, and Blake Walker, Precinct 1. Walker was petitioned by T. B. Knight, Carl Voss, Jr., Mrs. George Lee, Hugh Robinson, and Forrest W. Beavers. Taylor was petitioned by Cullen H. Toombs, Sam W. Head, Doyle Parmer, L. L. (Pat) Moore, T. B. Knight, Dan Cotton, Mable Glass, Carl Voss, Jr., Mrs. George Lee, and Forrest W. Beavers.

The two new Hermleigh candidates are Guy Joyce Adams and Arthur Pieper. Petitioners were J. C. Stahl, Frank Barnes, Mildred Simmons, Edna Clift, and Rugh Boattenhamer.

The complete list of candidates:

County school board—Hugh Taylor, county-at-large, incumbent; Blake Walker, Precinct 1, incumbent; C. B. Bley, Precinct 2; three to be elected.

Snyder school board — Max West, incumbent, J. W. Phillips, Dr. John Blum, and J. L. Browning, two to be elected.

Hermleigh school board — G. E. Chorn, incumbent; O. C. Darden, incumbent; Guy Joyce Adams, Arthur Pieper; two to be elected.

Ira school board — M. L. Wilson, incumbent; Clifton Thomas, incumbent; Preston Morris, Floyd House, Johnny Weir, C. L. Jones, C. M. (Corky) Kruse, J. E. Autrey; two to be elected.

Fluvanna school board — Dee Pylant, incumbent; Leo Beaver, incumbent; Bobbie Warren, Harry Kingston, Paul Turner, and Dean Ball; three to be elected.

F. W. Lattner Service Set

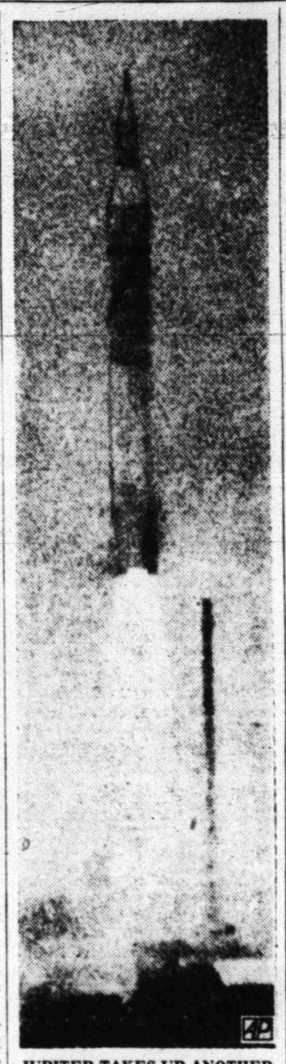

Frank W. Lattner, 51, 3301 Avenue U, died last night in John Sealy Hospital, Galveston, following an operation.

Death is believed to have been caused by a blood clot following the operation.

Funeral services are to be held at 2:30 o'clock tomorrow afternoon in Lattner's hometown, Kosse, Tex.

Lattner was associated with Forest Lattner In the oil business here.

He is survived by his widow, Mrs. Frank W. Lattner, Snyder, two brothers, Travis W. Lattner, Grosbeck, Tex., and Forrest T. Lattner, New York City, and one sister, Mrs. Estelle Brown, Denton, Tex.

JUPITER TAKES UP ANOTHER SATELLITE—The Army's Jupiter C rocket leaves the launch pad at Cape Canaveral, Fla., carrying another U. S. satellite in its pointed nose. The missile took off with a mighty roar and soon disappeared in the cloudy sky. (AP Wirephoto)

26 From Hijacked Plane Get Release

PANMUNJOM, Korea (AP)—North Korea today released 26 passengers and crewmen of a South Korean DC3 airliner. Passengers said it was seized in flight by at least five Communist agents Feb. 16.

The Korean passengers confirmed earlier South Korean government charges that armed agents took over the plane on a flight from Pusan to Seoul. They said there was a fight but no one was injured seriously.

The two American pilots, a West German couple and 22 South Koreans were handed over at the Panmunjom truce headquarters after several hours delay caused by South Korean refusal to sign the release receipts provided by the Communists.

A representative for the South Korean Red Cross finally signed after a telephone call to Seoul. Representatives of the U.S. Embassy and the West German legation signed without any objection.

Eight Koreans from the airliner remained in the Communist North. The U.N. Command said they apparently were in the seven Red agents the South Koreans charged took over the plane and the child of one of them.

The 22 Koreans—21 passengers and a crewman—were the first released. They walked through a cordon of military policemen from the Communist bus which brought them to Panmunjom to an Allied bus.

West German businessman Johannes Henrichs and his wife were handed over next, and then the two American pilots, Willis P. Hobbs of Vallejo, Calif., and U.S. Air Force Lt. Col. Howard McClellan of Buchanan, Mich., were released to the U.N. Command.

One of the Korean passengers, Maj. Chung Moo Yung, said the plane was seized by Communist agents, one armed with a .45-caliber pistol and another with a rifle. The major said he was wounded in the head during the struggle.

Hobbs, civilian pilot of the plane was the last one to leave Communist hands. As he hurried to a U.N. bus taking the returnees for medical checkups, his first words were, "I want to see my family." His wife had flown up from their home in Hong Kong.

Both Hobbs and McClellan appeared to be in perfect health. They smiled broadly as they boarded the bus.

SPOT MUSE

A NEW PUMP more suited to its needs is being placed on the city-county fire truck by fire department employes. The new pump replaces one which is several years old and badly worn, and will give the unit greater fire fighting ability, especially for petroleum or chemical fires, D. A. Porter, fire chief said.

Explorer II Is Still Missing

By VERN HAUGLAND

CAPE CANAVERAL, fla. (AP) — Moonwatch teams geared themselves today for a sky search for the Army's newly launched and mysteriously missing satellite Explorer II.

At the same time the conviction grew that the six-inch metal cylinder, 80 inches long and weighing about 32 pounds, never achieved an orbit.

There were persistent reports that signals from the Jupiter-C launching rocket convinced some Army missile experts, within the first hour after yesterday's firing at 1:28 p.m., that the final stage of the four-stage vehicle had failed to fire.

Officials of the Army Ballistic Missile Agency and of the Jet Propulsion Laboratory, which built the high speed upper stages, were unavailable for comment.

Wernher von Braun, German-born head of the Army space program, left for Huntsville, Ala., before reporters could question him about the launching.

Experts said that failure of the final stage to fire on cue would have meant that the satellite, even though it was at orbital altitude of 200 or more miles, would achieve a velocity of only about three miles a second as against the five miles a second needed to maintain an orbit — 10,800 miles an hour instead of 18,000.

This in turn could mean that the satellite would tumble into the South Atlantic, or into Africa or the Indian Ocean beyond.

The cylinder would have traveled less than halfway around the world before tumbling down through the atmosphere.

In Washington last night Dr. Richard Porter, chairman of the earth satellite panel of the U. S. National Committee for the International Geophysical Year, told newsmen there was "some indication that the satellite is not functioning normally."

Porter said there had been indications from the Minitrack radio tracking station here and at one other point that the fourth stage did not function.

"There is other information, however, that it probably did and that the difficulty is more probably in the radio transmission equipment," Porter added.

At Pasadena, Calif., Dr. William Pickering, head of JPL, said there was every indication that the satellite was not functioning properly and that there was a probability that it was not in orbit.

Pickering said it probably would take several days to interpret technical data sufficiently to find out what had happened.

In Cambridge, Mass., the Smithsonian Astrophysical Observatory said it was alerting Moonwatch teams to be on the lookout for Explorer II even though it had not been determined whether it was in orbit.

If in an orbit, the satellite would not be visible in the United States until next week, the observatory said.

At Iowa City, Iowa, Dr. James Van Allen, who directed construction of decoding equipment in the satellite, said there were three possible reasons why the second satellite had not been located.

Van Allen said the satellite might not have achieved an orbit, might have gone into a different orbit than was expected, or might have sustained failure of its radio.

LIZ PRIMPS—Liz Renay, actress friend of west coast racketeers, looks into a mirror and powders her face after her hour and one-half appearance before a New York grand jury. She said the jury was "satisfied" with her "very simple explanation" of the $10,000 loan she reportedly made last year to Mickey Cohen. (AP Wirephoto)

Bulganin Sends New Note To Ike On Summit Parley

WASHINGTON (AP)—Russian Premier Bulganin sent a new message to President Eisenhower today on problems of arranging a summit conference.

Ambassador Mikhail Menshikov delivered the message to Secretary of State Dulles for relay to the President.

Menshikov said he thought it would be made public in Moscow tomorrow.

The message replies to Eisenhower's last letter to Bulganin on Feb. 15—a letter which the Russians have not published for their own people.

Menshikov said he could not say whether the Eisenhower message would be made public inside Russia along with the Bulganin reply.

The Eisenhower letter suggested that leading Soviet citizens come to the United States and see firsthand what this country is like.

Menshikov said in an interview a few days ago that he thought the more high-level visits there were the better. His words indicated possible Bulganin acceptance of Eisenhower's proposal.

Menshikov called on Dulles shortly before Menshikov was scheduled to speak at the National Press Club in the first appearance there by a Soviet envoy in 17 years.

Menshikov said the Bulganin reply "deals with the questions" raised in Eisenhower's Feb. 15 letter. He declined to give any other detail.

Meanwhile, it was learned the United States has notified Russia that the Western powers intend to ask for a meeting of the U.N. Disarmament Commission this month.

The move is designed to test the Soviet Union's declared intention of boycotting the commission. If the Soviets refuse to cooperate, the Western powers then will take the issue of disarmament negotiations into the United Nations Security Council.

The plan was developed in consultation with NATO allies. It was put in final form in Paris last week.

The Western governments decided that the whole operation should be handled in a friendly manner so the Soviets would have evidence that the Western powers were not simply trying to embarrass them.

The 25-member U.N. Disarmament Commission was created by the General Assembly late last year after the final breakdown of disarmament talks in a U.N. subcommittee made up of the Soviet Union, the United States, Britain, France and Canada.

The Soviets wanted a committee composed of the whole United Nations membership of 82 nations. They opposed the 25-member commission from the first.

Youths Held In Car Theft

Two youths, one from New Mexico and one from Rhode Island, are in the county jail here, charged with car theft.

The felony charges were filed after the two were found in New Mexico. The charges are in connection with theft of a 1957 Chevrolet owned by Garrett Harrell, Lamesa highway.

On arraignment, Peace Justice W. C. Davidson set bonds for the two, Johnny Spaine, 17, of Roswell, N.M., and George V. Richards, 19, of Rhode Island, at $1,000 each. They had not made bond late this morning. Sheriff Earl Abercrombie had returned the two from New Mexico.

The car had a burned - out transmission when recovered. Abercrombie said, adding that Harrell's insurance carrier was handling the car.

The car had disappeared from a parking place on Twenty - fifth Street last Thursday.

Rayburn Squelches Plans Of Panel To Question Senators

WASHINGTON (AP)—Speaker Rayburn (D-Tex) said today a House committee will not invite testimony from senators whose names have come into an inquiry into alleged backstage maneuvering over a Miami TV license contest.

"We're not going to ask them to come over here and if I were the senators I wouldn't come voluntarily," Rayburn told newsmen.

"If a Senate committee asked me to go over there I would tell them to go dig potatoes deep."

Rayburn said the senators whose names have been mentioned during the House hearings have a forum of their own in which to testify if they wish.

"They've got a floor over there and they've got committees," he said. "We're not going to investigate senators."

Rayburn's pronouncement, as head of the House, squelched whatever possibility there may have been that the House committee would invite testimony from Sens. Kefauver (D-Tenn), Sen. Holland (D-Fla) and Sen. Smathers (D-Fla).

These three senators have figured in testimony about a four-way contest for Miami's TV Channel 10.

The committee' digging into this case, as part of a general investigation of the Federal Communications Commission, led to the resignation of FCC Commissioner Richard A. Mack.

Mack protested he had done no wrong, but said his usefulness as a commissioner had been ended.

The three senators have all said they were willing to testify—if invited by the House committee.

WEATHER

SNYDER TEMPERATURES: High Wednesday 62 degrees; low, 40 degrees; reading at 7:30 a.m. today, 40 degrees; precipitation, trace.

East and North Central Texas — Cloudy and mild with scattered showers and thunderstorms through Friday.

South Central Texas — Local thunderstorms in extreme north and mostly cloudy with scattered showers and thunderstorms elsewhere through Friday. No important temperature changes.

West Texas — Cloudy with scattered showers and thunderstorms through Friday. Some freezing rain or snow in north Panhandle this afternoon and tonight. Lowest 28 to 38 in Panhandle and upper South Plains tonight.

Stage Band Going To State Contest

Members of the Snyder High School stage band will leave at noon tomorrow for Brownwood, where they will compete Saturday in the State Stage Band Contest.

The Snyder group has won its class in the contest for the past five years, ever since it was formed. It took Class A, which was then for first year stage bands, in 1953, then for the next three years won Class AAA, which was during that time the top class in the contest.

Last year the contest added Class AAAA, and the Snyder band competed in that class and won. It will be in that class again this year, along with bands from Wichita Falls, Irving, Orange, Houston, Arlington, Dallas, Temple, Alice, Texarkana, and Fort Worth.

In Class AAA, which was actually designed for bands from schools the size of Snyder's bands competing will be Del Rio, Dumas, Phillips, Sweetwater, Sulphur Springs, Lake View, Birdville, Breckenridge, and Carter-Riverside of Fort Worth. There will also be Classes A and AA. A total of 43 bands are entered in all classes together.

Judges of the contest will be Vincent DiNino, director of the Longhorn Band at the University of Texas and former member of the Stan Kenton band; Doug Williamson, band director at Pleasanton, arranger, and former member of the Fourth Army dance band; Dr. Gene Hall, teacher of jazz and director of the lab band at North Texas State College; and Dr. Ted Crager, coordinator of instrumental music for the Lubbock schools.

In addition to judging the bands, judges will choose an all-star band of 18 members from all classes together. All-stars will receive loving cups. First and second place winners will be chosen in each class of bands.

The Snyder group will go tomorrow and will hear a concert tomorrow night by the North Texas Lab band. It will compete Saturday.

Accompanying the students will be Melvin Montgomery, director; Tim Dennis, arranger; and Phil Cherry, assistant director.

Members of the Snyder stage band are:

Saxophones, Phillip Smart, Delbert Lloyd, Wilda Livingston, Dan Bohannan, Tommy Horton, and Ray Lashaway.

Trombones, Ronald Miller, Roger Fields, David Wiman, and Glen Thompson.

Trumpets, Bob Fields, Jimmy Crowder, Ray Moss, and Nelda Thomas.

Piano, Danny Ogden; drums, Steve Melton; string bass, Jerry Roe; flute, Sharon Morgan.

Vocalists, Tommy Contella and Danna Scarborough; alternate, Sherene Gladson.

Couple Found Dead In Auto

ABILENE (AP)—The bodies of a man and woman tentatively identified as Kenneth Neal, 28, and his wife, Mary, 26, were found at about 8:30 a.m. today in a car parked on a country road about five miles south of here.

Officers said Neal apparently had a bullet wound behind his left ear and the woman apparently had been shot, also. A pistol was clasped in the man's left hand.

Justice of Peace H. F. Long said he expected to render a verdict later today.

Records at the sheriff's office show Neal was an airman at Dyess Air Force Base last June. He was believed to have been discharged since then.

New Trial In Spanking Suit

HOUSTON (AP)—A new trial was ordered today in a damage suit in which a girl was awarded $750 for two elementary school spankings.

Judge Byron Johnson, who awarded damages to Doris Frazier, 12, after a December trial, ordered a new trial. Attorneys for Mrs. Juanita Duff, an east Houston fifth grade teacher, filed a motion saying more evidence is available.

Attorneys for Doris contend she was bruised and embarrassed by two spankings in 1955.

Drizzle Continues; Sleet In Panhandle

Mist and light drizzle still prevailed in the Snyder area today, although the damp weather had not produced enough moisture to measure since Wednesday morning.

Temperatures were slightly lower here this morning than yesterday's readings, although the minimum for the night was the same as that recorded Tuesday night, 40 degrees. Today the mercury had stalled on the 40 mark at 7:30 a.m., while at the same hour yesterday it had moved up to 43.

Forecasts indicated that slightly cooler weather might be expected in West Texas, with the possibility of some clearing tomorrow.

By The Associated Press

Sleet mixed with rain pelted portions of the Texas Panhandle Thursday morning. Temperatures stayed around the freezing mark there.

Low clouds, dense fog and light rain marked weather in all other sections of the state, except in the extreme south where the overcast was made up mainly of high level clouds.

The Weather Bureau forecast scattered showers and thunderstorms for all parts of the state through Friday.

Freezing rain or snow was predicted for the north Panhandle Thursday afternoon and night, with readings between 28 and 38 degrees expected in the Panhandle and upper South Plains Thursday night.

Dense fog after dawn covered the South Plains from Lubbock to the Midland and Odessa area and eastward to San Antonio, Austin, Waco, Dallas and into East Texas. Visibility was near zero in the Austin-San Antonio area at 7 a.m. Thursday.

Torrential rains boomed across Texas in thunderstorms Wednesday. A small twister blew down a 300-foot state police radio tower north of Lufkin.

The heavy rains tapered off late Wednesday, but continued showers and thunderstorms were forecast for all of Texas as a low pressure center over northern Mexico circulated moist Gulf air over the state.

Clearing and colder weather was expected to move into West Texas Friday, however.

Austin, Brownsville, Houston, Laredo, Waco, Midland, Galveston, Dallas, El Paso, Corpus Christi, Junction, Tyler and Dalhart all reported rain, fog or drizzle Thursday.

BETTER METHODS OF CHECKING SOUGHT

Awards, Scholarships Help Evaluate School's Results

(Ed. note — Fourth of a series on the Snyder schools in connection with Texas Education Week.)

Although the Snyder schools here try various methods of determining whether they are doing their job while students are in school, they sometimes wish there were better ways of determining after students graduate how the schools prepared them.

Some studies are made along that line, but they are at best only sketchy, since they cover only a few students. Reports are received from various colleges on how individual students are doing, and reports have been gathered from at least one college to compare students who graduated from high school here with other students in that college.

Some observers believe there is no sure-fire way of determining results of elementary and secondary instruction unless complete studies are made for possibly 10 years after a student has graduated. Such studies would cover not only those who attended college but those who went into the Army, took jobs soon after graduation, etc.

At least one study is being made in Texas of students several years after graduation. A special committee of the Texas State Teachers Association is surveying those who were students several years ago to determine what they are doing now, whether they went on to college, and how they now fit into the life of their communities.

MANY INDICATIONS

Although there has been no conclusive study of students after they complete their schooling here, there are a number of indications, both in students still in school and those who have already graduated, that the school program here is accomplishing to a great degree its purpose.

Whether it is as good as it should be for the masses of "average" students and those below average would probably necessarily be a matter of intensive study. The only immediate indication of the results of the school program is not necessarily among "average" students, although those outstanding in one field or another are becoming so great in number they are rapidly becoming the "average."

One indication is that more than 60 per cent of the graduates of the high school here enter college. That is a high percentage for any day but especially so for a time when the military service and marriage take many before they enter college.

MANY STANDOUTS

While once the standout students were seen only in the extra - curricular activities, such as athletics and music, they now show up in

See SCHOOL Page Two

U. S. Won't Interven In Indonesia

JAKARTA (AP)—U. S. Ambassador Howard P. Jones declared today his government has no intention of intervention in the internal affairs of Indonesia.

The American diplomat arrived with a personal message from President Eisenhower for President Sukarno. Jones is taking up the post recently vacated by John M. Allison.

The Indonesian government recently advised the United States not to meddle in Indonesian affairs. This came after press statements by Secretary of State Dulles which appeared critical of Sukarno's regime.

A statement by Vice Adm. Wallace Beakley, 7th Fleet commander, that he would like to see a stable government in Indonesia added fuel to the fire.

Jones, former head of the American aid mission in Jakarta and a friend of many Indonesians in high office, was counted on to smooth the ruffled feelings of the government. His statement was taken to mean that the U. S. government is not backing the rebels in the outer islands and recognizes only the Jakarta Cabinet of Premier Djuanda.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 200; off 50; choice 211.00-21.50.

Sheep 1,100; steady; good to choice old crop lambs 21.00-22.50; stock lambs 20.00-22.00; yearling wethers 19.00; ewes 10.00-12.00.

Month ago	244.1	89.9	75.7	165.9
Year ago	251.5	121.8	74.3	174.1

NEW YORK (AP)—The stock market rose in active trading early today.

Royal Dutch was up ¼ at 40¼. General Motors up ⅛ at 34⅝. Lorillard up ⅛ at 43¼. Phelps Dodge up ⅝ at 41½. Standard Oil (New Jersey) up ⅛ at 50⅛ and Anaconda up ⅛ at 41¼.

United Aircraft dropped 1⅜ at 55¾.

American Telephone, Bethlehem Steel and New York Central were unchanged.

Gainers included Santa Fe, Alcoa and Johns-Manville.

Sullen Rapist Goes To Electric Chair

HUNTSVILLE, Tex. (AP) — John Mack, 26, a Dallas Negro, went sullenly to the electric chair today for the rape of a Dallas Negro girl, 10.

"No," he told the warden when asked if he had anything to say. "I ain't got nothing to say."

He was expressionless as guards escorted him into the death cell and strapped him into the chair.

Earlier, he told newsmen, "I am truly innocent and God and the woman who accused me know that I am innocent. It looks to me that the State of Texas needs some law-abiding citizens to give a man justice."

SCHOOL

Continued from page one

every area of instruction. For example, a large number of Snyder High School English students for the past several years have had poems and essays published in a national anthology for outstanding high school writings.

Another is the number of scholarships awarded to graduates of the schools here. Once the average year saw scholarships go only to the two honor graduates of the high school here. Last spring and summer, an unbelievable number of 28 who graduated in the 1957 class received scholarships, or almost 20 per cent of the graduating class of 141 students. Each of these students had been a standout in some field. They included 13 athletes, four musicians, the four honor graduates, one future teacher, an agriculture students, one who won her scholarship in a West Texas-New Mexico area essay contest, and two business students.

Already this school year one high school distributive education student was one of two chosen from throughout the state for a two-year scholarship to the University of Houston. The DE club here one year was named the outstanding club in Texas by the state DE organization.

IN COMPETITION

There are many outstanding in the industrial education department, as indicated during the past two years in Snyder's having more national finalists chosen from state project contests than any other school in the state. One project, a sports car built by a Snyder student, aroused much interest at a special awards dinner in New York City.

Spanish students from Snyder annually win a number of awards in a Spanish fiesta, and last year a young Snyder student won a state contest in Spanish, competing even against students from South Texas who had been speaking it all their lives.

In agriculture, judging teams this school year have placed among the top 10 in the state, many times in the top three, in four statewide contests. In district leadership contests, the local group took three second places, a third, and a fourth so far this year. Success in stockraising projects is indicated in the many places taken each year by the youths in the Scurry County Junior Livestock Show. Last year the local chapter had the star farmer of this area.

In science, enrollment in classes have grown from 173 in 1952-53 to 476 now. Some students are enrolled in more than one science class, of course. The percentage of students taking science courses in the high school has grown from 28 per cent in 1952-53 to 57 per cent now. This indicates that a little more science background given in the lower grades has helped considerably, as has constant improvement of the high school science program. Even now, there are studies underway toward more improvement of elementary and junior high science curricular. No attempt, however, is being made to unbalance the program, since the humanities and communications are also vital parts of the school offering.

Improved science curriculum in the high school has been partly the cause of more students now going into scientific fields, studying engineering and other applied sciences. One former Snyder High School science student is now attending the University of Chicago on a science scholarship.

EXTRA - CURRICULAR

Activities which are partly extra - curricular have shown some of what students can do with what they learn in school. Included are the presentation of such productions as "The King and I," "Oklahoma," and "Seventeen" on the stage and the numerous top places won by band and choir students in the state. There is no doubt as to the ability of the athletic department, as evidenced by district championships in football, basketball, baseball, and track during the past few years and increased emphasis on the smaller sports.

Also in the extra - curricular line, there are numerous things which point to good instruction in the schools here, such as the top awards taken annually by the high school newspaper and yearbook, the election of Snyder students and teachers to responsible positions in district and state associations in library, industrial education, administrative, and other fields.

PUBLIC RECORDS

BUILDING PERMITS:

Warren C. Rasberry, enclose porch, 3002 Thirty-seventh Street, $500.

Snyder Glass & Mirror Co., repair business building, 2007 Twenty-sixth Street, $3,000.

MARRIAGE LICENSES ISSUED:

Walter McGregor Beauchamp, 34, 2909 Avenue M, and Betty Jean Barron, 25, 2212 Avenue V.

Tommy Baze Johnston, 22, 707 Sixteenth Street, and Elma Jane Swanson, 19, 2013 Avenue F.

WARRANTY DEEDS RECORDED:

Mr. and Mrs. E. B. Glass to Mr. and Mrs. Wayne Glass, lot 38, block 17, replat of south half of block 7 and all of blocks 8 and 11, Highlands addition, except minerals.

Mr. and Mrs. Homer Dereit Carr Jr. to Mr. and Mrs. Frank Robert Cabiness, west half of east two-thirds of lot 4, block 6, Grayum & Nelson Heights addition, except minerals.

Mr. and Mrs. W. W. Bishop to Lucille Berry Byrum, all of undivided interest in estate of J. N. Bynum and Valreee Bishop, both deceased, including but not limited to 8.4-162 Abs of surface estate of northwest quarter of section 178-97-H&TC.

Truck Is Damaged By Fire Wednesday

Fire damaged a truck at the Trice Drilling Co. between Thirteenth and Fourteenth Streets on the Clairemont Road about 7:30 o'clock last night.

Firemen said the fire started while welding was being done on the truck and a gas line caught fire.

The truck wiring was heavily damaged.

Scurry School Personnel To Attend District TSTA Meet

Teachers and other professional personnel of schools in the Snyder area will go tomorrow and Saturday to the Oilbelt District meeting of the Texas State Teachers Association in Abilene.

More than 250 persons from Scurry County are expected to attend the annual meeting. Schools will be turned out tomorrow in Snyder, Hermleigh and Ira. Snyder has 228 professional personnel, most of whom will attend the meeting, while 12 are expected to attend from Ira, and most of the Hermleigh teachers will go.

Fluvanna schools will not turn out tomorrow, but some teachers from there will go to the convention after school tomorrow and on Saturday.

Officers of the Scurry County TSTA unit are Ollie Peck of Snyder, president; Libby Brinner of Snyder, first vice - president; Lillian Jones of Snyder, second vice-president; Thelma Leslie of Snyder, treasurer; and Mrs. Effie Farmer of Hermleigh, secretary. The only district officer from this county is Dr. Cecil Yarbrough, superintendent of the Snyder schools, who is a member of the state executive committee from the Oilbelt District.

The convention will open with a general session at 10 a.m. tomorrow at the high school auditorium in Abilene. Main speaker will be Ernest O. Melby, professor of education at Michigan State University, who will speak on "Education—Investment in the Future."

At the second general session at 7:30 p.m. tomorrow in the high school auditorium, main speaker will be Frank McIntyre, director of public relations for the California Teachers Association, speaking on "Building a Better Mouse Trap." Platform guests will be local unit presidents, including Peek.

At another general session at 10 a.m. Saturday, main speaker will be Dr. Dan Proctor, president of Oklahoma College for Women, speaking on "Civilized or Otherwise'd." Also at that session, a Snyder faculty member, Miss Dell Felder, will be on the program. She is past president of the Student Education Association, and will speak on "The Meaning of Student Education Association and Future Teacher Association."

In other activities of the convention, there will be 15 different sectional lunches at noon Friday, including such things as administrative, the various subject areas, guidance workers, etc., in separate lunches throughout Abilene.

At 2 p.m. Friday sectional meetings will be held for audio, vocational - industrial, social studies, geography, safety education, speech and drama. An elementary meeting will be held at the high school auditorium there at 3 p.m. Friday.

Three dinner meetings are scheduled for 5:30 p.m. Friday, those being for Classroom Teachers Association, Secondary principals, and elementary principals.

At 7 p.m. Saturday there will be two breakfasts, one for the house of delegates in the Hotel Windsor and one for members of Delta Kappa Gamma at the Abilene Woman's Club.

BIRTHS

Mr. and Mrs. Ernest Lee Brandon, 3301 Avenue K, are parents of a son weighing seven pounds, seven and one-half ounces, born at 2:10 p.m. yesterday in Cogdell Memorial Hospital.

Born at 11:22 p.m. yesterday in Cogdell Hospital was a son weighing six pounds, 14½ ounces to Mr. and Mrs. Joe Tercero, 2401 Avenue U.

4-H Week Is Noted By Club

The Snyder Kiwanis Club took note of National 4-H Club Week at its luncheon meeting Wednesday in the Village Restaurant.

Guests at the meeting were Ruby Butts, county home demonstration agent; Betty Pyland, Gold Star 4-H member from Fluvanna, and Oscar Fowler, county farm agent.

Dave Harlin, Kiwanian in charge of the program told of his experiences as a member of one of the early-day "agriculture" clubs, which were forerunners of the present-day 4-H organization.

Miss Butts described the purpose of the 4-H program and also some of the achievements in the Scurry County 4-H work during recent years. There are nine clubs, embracing some 240 members at present, she said.

Miss Pylant told of her experiences in 4-H work, and how the program has benefitted her.

Boats Towed In

PORT ISABEL, Tex. (AP)—The Coast Guard towed three disabled shrimp boats back to port yesterday. The boats, the Georgia Pine, Cavalier and Saratoga, all are from the Brownsville-Port Isabel area and reported engine trouble.

BENEFIT BRIDGE—Pictured above are members of the Beta Sigma Phi as two of the members were awarded door prizes at the Benefit Bridge held Tuesday evening at the Martha Ann Woman's Club. From left to right are Mrs. C. D. Justice, Mrs. Carolyn Reon, Mrs. Frank Taylor, Mrs. Marvin Hanback and Mrs. Wendell Shiflett. (Lee Watson photograph)

GIRL SCOUTS—The seventh annual Girl Scout cookie sale will start tomorrow with this scene to become a very common sight. Pictured above is Mrs. V. R. Finley, 2803 Thirty-eighth Street, as she is buying a box of the delicious cookies from two local girls. At left is Cheril Stevenson, daughter of Mr. and Mrs. Malven K. Stevenson, and right, Lana Nicholas, daughter of Mr. and Mrs. Art Nicholas. (Lee Watson photograph)

NEWS FROM CUTHBERT

By JULIA GUNN

Mrs. Lenox Mosley and children of Delkio, are visiting Mrs. Mosleys parents, Mr. and Mrs. B. T. Pilkington and family.

Mrs. Travis Payne was an accident patient in Root Memorial Hospital last week. She is now home and recovering satisfactorily.

Mrs. S. L. Brown, pioneer citizen of this community is in critical condition at Malone and Hogan Hospital Clinic in Big Spring.

Mrs. Myrtie Dunn and Mrs. Lewis Dunn returned home Saturday from a weeks visit in Dallas. Mrs. Myrtie Dunn was joined by another sister, Mrs. Jewel Lancester of Waco in her visit with another sister, Mrs. W. H. Lampkin of Dallas. Mrs. Lewis Dunn enjoyed a visit with her daughter, Mrs. R. K. Taylor and grandchildren Lewis Ray and Susanna and Mr. Taylor.

We send our regards to Mrs. M. E. Fetner, aged aunt of Mrs. M. C. Dunn, who has been ill with bronchial pneumonia, and are glad to report that she is improving.

Mr. and Mrs. Bob Norred and children of Jal, N. M. visited Mr. and Mrs. M. C. Dunn and other relatives in Snyder, Wednesday and Thursday.

Mrs. E. F. Dunn received word recently of the accidental death of her nephew, Clarence Elmo Chamber of May, Tex., who was killed in a car accident.

WOMEN

Sorority Holds Bridge Benefit

The Beta Sigma Phi Sorority held a benefit card party on Tuesday March 4, at 7:30 p.m. at the Martha Ann Woman's Club.

Guests were seated at tables of four and held option as to bridge, canasta or 42. Bridge was selected by all those present.

Door prizes went to Mrs. Hazel Handback and Mrs. Carolyn Reon.

Refreshments of punch, coffee, and cookies were served to the members and guests.

Cheese Sandwiches And Orange Salad

Ingredients: 1½ cups grated cheddar cheese (fairly lightly packed), 12 small or medium-sized green olives, 1-3 cup coarsely chopped pecans, 12 slices bread, butter, salad greens, membrane-free orange sections, French dressing, salt.

Method: Mix grated cheese with olives (cut in slivers from pits), mayonnaise and pecans. Make 6 sandwiches. Spread one side of each sandwich with about ½ tablespoon butter; toast under broiler or in iron skillet or on grill; turn and spread other sides of sandwiches with same amount of butgreens with orange sections and French dressing, adding salt to taste. Cut each sandwich into 4 squares and serve on plate with salad. Makes 4 to 6 servings.

Rose Filet

Capture the beauty of roses in this lovely chair set crocheted ina fascinating filet design. You're sure to win many compliments when family and friends see this on your favorite chair. No. 296 has filet diagrams and directions.

Send 25c in coins for this pattern to MARTHA MADISON, (care of this newspaper), Box 438, Midtown Station, New York 18, N. Y.

NEWS FROM KNAPP

By MRS. RAYMOND ROBINSON

Brent Murphy and Eddie Carl James were helping move Mr. and Mrs. T. G. Hudson of Gail, to near Hico, recently.

Mr. and Mrs. Albert Taylor, Mmes. Vernon Todd, Joe Starkey and N. L. Long, visited the Gail Public School, Tuesday.

Mr. and Mrs. E. E. Monthey of Lamesa, were Sunday guests in the Vernon Todd home. Mrs. M. Todd returned to Lamesa with them Sunday.

Home Lots Shrubs Are Deemed Old When Overgrown

How old is an old shrub or shrub evergreen?

It is too old when it has outgrown its place in the general landscape, and should be removed.

In the foundation planting it usually has a useful life span of less than 20 years . . . and this only with good maintenance. With little or no maintenance, cross off a number of years from the 20.

M. W. Staples, field supervisor of the Davey Tree Expert Co., defines shrub usefulness as the period in which the plant can be maintained attractively in scale with the area and adjacent structures, such as house and garage. In effect, outdoors decor is as perishable as indoor decorations.

Despite popular opinion, the woody shrub or evergreen does not last indefinitely. And while rejuvenating the oversized planting is possible in theory it is most difficult to accomplish. Best bet to help the landscaping is to replace outmoded shrubbery with more youthful and decorative stock.

To get the most mileage out of existing decorative plantings, they must be kept within bounds by strategic pruning. Spring flowering species should be pruned soon after maximum blooming. Fall blooming sorts generally can be pruned any time in the dormant season.

It all boils down to a fact the majority of home owners usually overlook: Plants are mortal.

Savory Green Beans

Ingredients: 2 tablespoons butter or margarine, 1 medium-sized onion, 1 can (about 1 pound) French sliced Blue Lake green beans, salt, freshly-ground pepper.

Method: Melt butter in 8-inch skillet over low heat; add onion. Cook slowly, stirring often, until wilted and golden. Meanwhile heat beans in a 1-quart saucepan rapidly; drain. Mix onions with beans. Makes 4 servings.

School Or Party Time

A DARLING puffed sleeve dress for the pre-teen miss. Have a large or small collar and edged with narrow ruffling.

No. 1491 is in sizes 4, 6, 8, 10, 12 years. Size 6, 2 yards of 39-inch collar, ¾ yard.

Send 35c in coins for this patern to IRIS LANE, (care of Snyder Daily News), Box 438, Midtown Station, New York 18, N. Y.

WOMEN'S CALENDAR

THURSDAY

St. Elizabeth's Altar Society will meet at the church at 7:30 p.m.

The Gamma Upsilon Sorority will meet at the Village at 7:30 p.m. with Mrs. James Guy, hostess.

The Ladies Auxiliary of the Fire Department will meet at the West Fire Station at 7:30 p.m. for election of officers.

FIRDAY

Altrurian Club will meet at 3 p.m. at the Martha Ann Clubhouse with Mrs. C. T. McLaughlin, hostess.

Girl Scout Cookie Sale To Start Here Friday

Tomorrow will start the seventh annual council-wide cookie sale by our local Girl Scouts.

During the past six years the Girl Scouts have realized the great support the citizens have given them in this project. The price of the cookies remain at 50 cents a box, with 22 cents going to the Boothe Oakes Camp. Three cents per box remains in the treasury of the troop and the remaining 25 cents goes to the purchase of the cookies.

Through the sales and hard work of the girl scouts they have built a lovely 35 by 70 swimming pool, with a filter and cholorination system which keeps the water purified. Tent platforms have been built for each unit and water has been piped to the units. Last year a troop lodge and caretaker's house was built. The board is now planning to increase the size of the units by adding another tent and platform to each, construction of a new bridge over the creek, and other improvements.

With the support of the local people, the girls should be able to have an even more successful sale in 1958. This sale offers the girls a constructive means of raising money, and still the purchaser will be receiving a product that is the highest quality.

Each troop leader will be charged with the responsibility of distributing selling aids and giving sale instructions to each girl in her troop. With Snyder's some 350 Girl Scouts and Brownies and the co-operation of the citizens this should be one of the best years yet.

Such camps as Boothe Oakes, gives the girls a chance for special training and summer entertainment, along with learning the responsibility of caring for their own needs and the respect of others

Church Class Meets Wed.

The Rebecca Sunday School Class of the First Baptist Church held their regular monthly business meeting Wednesday in the home of Mrs. J. M. Long, 2304 Forty-second Street.

Following the short business session Mrs. Evelyn Fulton gave the devotional, entitled "How Tall Are We Compared to Christ?"

Refreshments were served by the hostess to: Mrs. Loderah Boyd, Mrs. Sara White, Mrs. Lida Rhoades, teacher; Mrs. Felice Milton, Mrs. Pauline Youngblood, Mrs. Ida DeSham, Mrs. Rosa Cole, Mrs. Pauline Tucker, Mrs. Maggie Best, Mrs. Telma Hurst, Mrs. Maxie McNew, Mrs. Fulton, Mrs. Louise Hewitt, Mrs. Cleo McIntosh, Mrs. Evelyn Duff, Mrs. Etta Denson, Mrs. Bernice Word and one guest, Mrs. H. D. Lowry.

Moderate exercise keeps muscles toned and helps fight fatigue. The face, chin and neck should not be overlooked in the weekly ritual of good health. In later years, benefits of exercise will show.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

TUESDAY NIGHT'S ACC-Wayland playoff game here was played to about as near to perfection as any game we've seen in quite a spell.

Mistakes were few and far between. In fact the total number of mistakes by both teams combined probably could have been counted on one hand.

Oh, the coaches of the two clubs may have noted more mistakes but to John Fan, the game was almost "perfectly" played.

Strategy Paid Off For Wayland

Wayland doesn't usually employ ball control tactics but coach Ed Billingsly switched to this style for ACC game for a good reason. In the last game with ACC, the Waylanders dropped a 76-74 decision.

So, Billingsly figured it was no use of trying to "outshoot" the Wildcats, thus the ball control type of play.

ACC handled the ball well, too, and the Wildcats more or less played it "safe" through most of the game. In other words, neither team gambled too much on long shots.

Pick Skullboy Champs

Seventy-four shots taken by both teams in a college game is a rare feat, indeed.

For example: The Tigers got off 73 shots from the field against Hereford in the regional tournament this past week, just one shy of what both ACC and Wayland took here Tuesday night.

And college games are eight minutes longer than high school games. Colleges play 40 minute games, high school 32.

The 73 shots taken by the Tigers however, is unusually high for a high school team and, of course, 74 shots taken by both teams in a college game is unusually low.

Fans turning out for Tuesday's game here certainly got their moneys worth. The game was filled with tension and add to this that both teams played real well.

The outcome was disappointing to most present, however, since the ACC fans outnumbered the Wayland fans by at least 5 to 1.

The state basketball tournament opens today and here are our predicted champions for the five divisions:

Class 4A — Port Arthur.
Class 3A — French of Beaumont.
Class 2A — Seminole.
Class 1A — James Bowie of Simms.
Class B — Big Sandy.

Wayland exhibited the best ball-handling you'll see anywhere. The Pioneers didn't take many shots but when they did shoot they made them stick. Wayland hit 23 field goals of 33 attempts for an unbelievable 69.7 percent.

The Pioneers didn't get as many layups as you might think. But most of their shots were taken from within the foul circle after a player had jockeyed into a good position for a shot.

Speaking of perfect, ACC was just that at the free throw line in Tuesday's tilt. The Wildcats hit 11 out of 11 at the charity line. Wayland missed only 4 of 16 free tosses for 75 percent. The two teams combined hit 85.2 percent at the gift line, 23 out of 27.

And field goal shooting percentage was amazing, too. As aforementioned, Wayland hit 23 of 33. ACC connected on 19 of 41 for 46 percent, making the combined total read 42 of 74 for 56.7.

That's fancy shooting, brother, in any league.

Phils' Hamner Is 'Fit As A Fiddle'

CLEARWATER, Fla. (AP) — Only 15 months ago Granny Hamner was advised by a doctor he would never play baseball again. Today, the veteran Phillie infielder is practically a cinch to open the 1958 season at second base.

"Only a miracle would enable you to play again," the doctor said. "It would be an act of God if you could swing a bat properly."

Six months before, Hamner had jammed his left shoulder diving for a ball. He ripped a tendon right next to an old injury — another torn tendon — that still had not fully healed after an operation. More than a year of sheer torture followed.

But the gritty Virginian refused to give up. He tried to start all over again as a pitcher. It didn't pan out.

When the Phillies ran into trouble at second, he stepped in and did a satisfactory job for a time but the pain became so severe that his hitting suffered and he finished the season with a subpar .227 batting average.

Still he refused to admit defeat. During the past winter he took a job as coach of the paraplegic basketball team at McGuire Veterans Hospital in his home town of Richmond.

"Then the miracle referred to by the doctor occurred," Hamner, 30, related during a lull in the Phillies' training camp. "The pain in the shoulder became less and less. Now it has disappeared altogether.

"We didn't have but nine players on the team. I had to scrimmage with them every day. Pushing those wheel chairs is as good exercise as you could get. I not only built up the left shoulder but the right as well. I'm as good as new now."

SMU-TCU Try Aagin

FORT WORTH (AP)—TCU and SMU will try today for the third time to get in a rain-postponed baseball game.

Tigerettes In B-Spring Meet

The Snyder High School girls volleyball team journey to Big Spring tonight for the annual Big Spring High School Invititational Tpurnament.

The Tigerettes will meet Phillips in the opening round game at 6:45 tonight.

In games last Tuesday, the Tigerettes swept both the varsity and "B" games from Colorado City at Colorado City. The varsity won by a whooping 59-4 scored while the Tigerette "B" won 63-13.

FOR POSSUM KINGDOM RELAYS

Tiger Thinlies To Graham Saturday

The Tiger track team will be among 49 schools competing in the 12th annual Possum Kingdom Relays at Graham High School Stadium Saturday.

The Tiger cinderomen opened their season at Fort Stockton last Saturday where rain forced all but three finals to be canceled.

Coach Jim Stehley is expected to carry between 8-10 boys to Saturday's meet at Graham.

This year's Possum Kingdom Relays field represents the largest number of schools in the past four years. Three state champions will be present. They are Bobby Cunningham of Littlefield in the mile run; Bud Morgan, Snyder, in the low hurdles; and Bob Bernard, Graham, in the high hurdles.

There will be two divisions, Class AA and A. The Tigers will compete in Class AA.

Following are the AA records:

POSSUM KINGDOM RELAY CLASS AA RECORDS

120 yard high hurdles — Bernard Graham, 14.8, 1957.

440 yard dash — Hart, Andrew, 1957; and Kesler, Abilene, 1956, 50.5.

100 yard dash — Weaver, (North Side) (FW), 9.8, 1954.

180 yard low hurdles — Patterson, Wichita Falls, 20.0, 1953.

440 yard relay — Breckenridge (Harris, Carpenter, Cotton, Sandefer), 44.0, 1955.

880 yard run — Purifey, Abilene, 2.00.9, 1957.

220 yard dash — Lewis Pama, 22.6, 1955.

Mile run — Cooper, Fort Worth Tech, 4:30.7, 1957.

Mile relay — Abilene (Purifey, Woods, Landers, Jones), 3:27.7, 1957.

Pole Vault — Leonard, Abilene, 11 ft. 11¾ in., 1956.

High Jump — Gerel, Odessa; Owen, Abilene; Norrell, Poly (FW) and Bullbrook, Paschal (FW); 5-10½, all set in 1956.

Broad Jump — Strickland, Pampa, 21-6, 1956.

Shot Put — Cantrell, Pampa, 52-4, 1955.

Discus — Mitchell, Abilene, 156-4, 1956.

All-Star Teams Set For Texas Skulboy Tilt

AUSTIN (AP)—A lineup of some of the state's top schoolboy football stars has been announced for the annual Texas Coaching School's game this fall.

The game is the climax of the coaching school, which this year will be held at Houston Aug. 4-9.

Gordon Wood of Victoria and O. M. Hall of Stamford will coach the North all-stars, while Travis Hughes and Jim Kethan of Deer Park High School will coach the South.

Instructors will be Jess Neely, Rice, and David Nelson, Delaware University, in football.

Basketball instructors will be Bob Rogers, Texas A&M, and Russell Walseth, Colorado University. Jack Patterson, Baylor, will instruct in track.

Following are the two all-star squads:

The North squad:

David Allred, Wichita Falls; Jack Collins, Dallas Highland Park; Gary Finch, Dalhart; Tommy Jackson, Andrews; Larry Lindsey, Gladewater Union Grove; James Lyles, Iraan; Sonny Gibbs Jr., Graham; Tommy Winter, Gladewater; James Porter, Wheeler; David Russell, Amarillo; Billy Ryan, Seymour; and Don Tipton, Kaufman, backs.

David Alexander, White Oak; Tommy Huddleston, Texarkana; Ronnie Payne, Breckenridge and John Keller, Terrell, ends.

Bill Anderson, Duncanville; Mike Bryant, Abilene; Jerry Ferguson, Sundown, and Arthur Raines, Keller, tackles.

Gene Burks, Royse City; John Dean, Dallas Crozier Tech; Patrick Gerald Sweetwater; Karl Milstead, Athens, and Leslie Stewart Grand Prairie, guards.

James Byerly, Crane; Kenneth Chancelor, Gilmer, and Kenneth Milliken, San Angelo, centers.

The South squad:

Ronald Bull, Bishop; Robert Caskey, Gonzales; Bert Coan, Pasadena; Leon Combs, Hempstead; Mike Cotton, Austin; Billy Cox, Galena Park; Oscar Hinojosa, Mercedes; Calvin James, Brenham; Steve McWilliam, Baytown; Bobby Ply, Mission; Bobby Presidge, Chilton, and Bart Shirley, Corpus Christi, Ray, backs.

David Bennett, George West; Jackie Cooper, Sugar Land; Robert DeSah, San Antonio Jefferson; Alfred Glocklin, Mart; and Jaes Street, Nederland, ends.

Willie Hart, Glen Rose; James Holmes, Bel Rio; Dan Malin, Temple, and John Stradinger, Bellaire, tackles.

Wayne Frierling, San Antonio Edison; Larry Smith, Brady; John Tombs, Georgetown, and Mickey Walker, Port Arthur Thomas Jefferson, guards.

Dennis Gaubatz, West Columbia; Freddie Iler, Barbars Hill, and Dick McIntosh, San Benito, centers.

Texas 3rd In National GG

CHICAGO (AP) — The three remaining Texans were pounded out of the Chicago Golden Gloves Tournament of Champions last night.

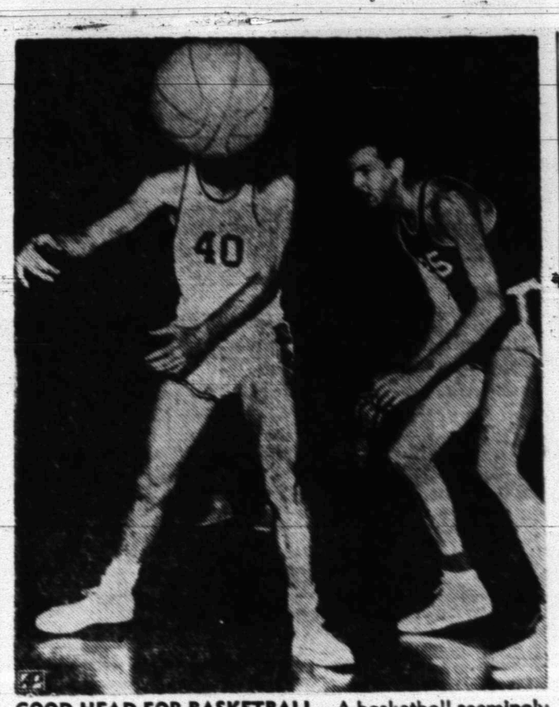

Gilbert Martinez of Galveston was the last to go. He decisioned Ray Salazar of Roswell, N.M., in his first bout last night.

But in his second bantamweight match, he was dropped by Gilbert Higginbotham of LaFayette, La., in the second round by a left-right combination and Higginbotham took the decision.

Fred Morish of Chicago outpointed Gaspar Sanchez of El Paso in the 126-pound class and Ronnie Ratliff of LaFayette, La., decisioned Jesse Leija of San Antonio in the flyweight division.

Chicago won the tournament with 21 points, Toledo, Ohio, was second with 18 and the Texas team finished third with 14.

Martinez, despite his defeat, was named to the Chicago team which faces New York in the intercity bouts March 24 in Madison Square Garden.

GOOD HEAD FOR BASKETBALL—A basketball seemingly replaces the head of Robert Free, of Lon Morris Junior College, during this bit of action in the opening round of a junior college tournament at Kilgore, Texas. Bob Kennedy, right, of Henderson Junior College, appears amazed at the play. Lon Morris won the game 92-56. (AP Wirephoto)

Venturi Favorite At New Orleans

NEW ORLEANS (AP) — Cloudy skies and wet fairways awaited a field of 150 today as the $20,000 New Orleans Open got underway with youthful Ken Venturi still tabbed as the man to beat.

Heavy afternoon rains pelted the city yesterday and a light drizzle fell during the night to make the course more difficult for Venturi and his fellow touring PGA professionals.

Venturi won the $15,000 Baton Rouge Open that ended Sunday and indicated he was ready to break the hold that Doug Ford, Lloyd Mangrum and a few of the other headliners have held for the past few years.

The tournament will be the first PGA event in the city since 1948 when big Bob Hamilton took top honors. City Park No. 1 course will again be the site, but host professional Henry Thomas said the visitors will find the 6,600-yard layout a good deal more difficult.

Freddie Haas of New Orleans, fourth-place finisher in the Baton Rouge Open, has the advantage of knowing the course better than anyone else. And his game seems at its best in years.

Other leading contenders include Ford, British Open Champion Peter Thomson and distance-hitting George Bayer. The course favors long hitters, but short iron accuracy can be a potent weapon on the comparatively small greens that are banked by inviting sand traps.

The tournament revived when a group of 300 enthusiasts each contributed $100 for prize money and tournament expenses.

Some of the pros attempted practice rounds yesterday, but the intermittent showers and later rains prevented most from finishing 18. Several said they thought the rainfall would help the course because the greens were a bit too hard.

State Tourney Opens Today

AUSTIN (AP)—Defending champion Big Sandy today was favored over Agua Dulce in the opening game of the schoolboy basketball tourney.

Cayuga, Kyle and Blossom also were choices to win the first round games in Class B.

Today's schedule: Big Sandy vs. Agua Dulce; Cayuga vs. Wall; Kyle vs. Claude; Blossom vs. Van Horn in Class B.

Class A and AA games were slated for afternoon and night.

The best game in A could be the James Bowie of Simms battle with Boerne. If James Bowie wins, the northeast Texas team likely will take on Brownsboro, a solid choice over Plains, in the finals Saturday.

Clear Creek, riding a 21-game victory streak, was a slight choice over New London and Seminole, last year's finalist, is favored over Belton in the last game today.

Robertson Nears '58 Scoring Title

By DON WEISS
The Associated Press

Cincinnati's Oscar Robertson, who makes it look easy when he's on the basketball court, may have clinched the major college season scoring title last night without lifting a finger.

While All America Oscar was idlin', All America Elgin Baylor of Seattle was hitting one of his season low marks, scoring a mere 21 points in a 73-60 victory over Idaho State.

Now, with each assured of two more games depending on how their teams go in the NCAA Tournament, Robertson leads Baylor by eight-tenths of a point with a 34.76 average to the Seattle ace's 34.96. Eight-tenths is no runaway but, broken down on the basis of two more starts for each, it means Baylor would have to outscore Oscar by 20 points to top the amazing Bearcat sophomore.

Robertson closes his regular season against Xavier of Ohio Saturday night before moving into the NCAA regional at Lawrence, Kan., March 14. Baylor has a pre-NCAA date with Bradley next Monday.

The 6-5 Seattle junior hit on nine field goals and three of seven free throws last night before fouling out with 5½ minutes left.

In the East, much-thumped Duquesne furnished the highlight with a 55-54 upset of a St. Bonaventure team that had won 15 in a row.

The Bonnies, seeded third for next week's National Invitation Tournament at New York earlier in the day, fell behind by nine points at halftime and never threatened against the Dukes, only 10-11 for the season.

Dayton drew the top seed for the NIT Tournament beginning March 13, with defending champion Bradley No. 2 and Utah of the Skyline Conference No. 4.

Butler of Indianapolis, winner of 9 of its last 10 for a 16-9 record, was named to complete the 12-team NIT field and paired against St. John's of Brooklyn in the tourney's opening doubleheader. St. Joseph's (Pa.) faces St. Peters (N.J.) in the other game.

Niagara, Xavier of Ohio, Utah, St. Bonaventure, Fordham, and St. Francis play their first games March 15 with Bradley and Dayton moving into action March 18.

Fordham, Niagara and St. Joseph's warmed up with victories last night. Jim Cunningham fired in 36 points in Fordham's 107-78 rout of Rutgers while St. Joseph's, coming from nine points back with five minutes remaining, nipped LeMoyne (N.Y.) 69-68 on Bobby McNeill's free throw with four seconds to play.

Niagara, closing out a 19-6 regular season, whipped Syracuse 78-66 as Boo Ellis netted 22 points and grabbed 27 rebounds for a 502 total that leads the country.

Longhorn Golfers Win

AUSTIN (AP)—University of Texas golfers swept all individual matches in chalking up a 4¼ to 1¼ victory over Baylor in a non-conference dual meet yesterday.

HE ONLY HAS EYES FOR LEW—World Series pitching hero Lew Burdette of the Milwaukee Braves goes all out for a gag and peers over a pair of comic bifocals at a picture of himself in a pop-eyed expression. Lew obliged the cameraman when he stopped by the clubhouse at Bradenton to pick up his mail which included trick glasses with eyes painted on the lenses. Lew holds an Associated Press Wirephoto of himself made in Milwaukee last Oct. 7 after he shut out the New York Yankees for the second of his three series wins.

CLEVELAND FOES BEWARE!

Herb Score Is Fully Recovered

By BEN OLAN
The Associated Press

Cleveland's Herb Score, who befuddled American League batsmen with his blinding fastball and crackling curbe before suffering a damaging eye injury early last season, is back on the beam and the Indians may have to be reckoned with in this year's pennant race.

In his first appearance under game conditions since being hit in the right eye by a line drive off the bat of the Yankees' Gil McDougald, last May 7, Score struck out six men in a three-inning intrasquad sting yesterday.

The 24 - year - old left - hander fanned four of the first five batters he faced. He weakened a bit after that and gave up a run on two singles and a pair of walks.

"I felt great," Score said later. "Had a little trouble getting my curve over, but my fastball was good and I was throwing as hard as I could."

If the Indians are to improve on their sixth-place finish of last season Score is the guy who'll have to carry most of the pitching load.

Herb won 16 games in his first big league campaign in 1955 and followed it with a 20-9 performance in 1956. He led the league in strikeouts in both seasons.

Score's apparent recovery tempered the rather gloomy reports that emenated from some of the other major league camps.

Outfielder Irv Noren sustained a possible fractured rib when he crashed into a grandstand wall in a St. Louis Cardinals' pepper game. The veteran was ordered to a hospital.

And outfielder Duke Snider, pitcher Johnny Podres and infielder Don Zimmer of the Los Angeles Dodgers were injured Angeles Dodgers when an automobile driven by Snider was in an accident. Snider reinjured his left knee, operated on last December. Podres hurt his neck and Zimmer came out of it with a bruished forehead.

Preliminary X rays of Snider's knee and Podres' neck for possible fractures proved negative.

At the Chicago White Sox' quarters in Tampa, Fla., a bone specialist directed that outfielder Al Smith take it easy for 10 days because of an inflamed tendon.

Several other teams prepped for Saturday's opening of the exhibition schedule by playing intrasquad games.

Andre Rodgers, Bob Schmidt and Jim Davenport hit homers in a contest involving San Francisco Gianta' players.

Series Canceled

SEGUIN, Tex. (AP)—A two-game series between Texas Lutheran and TCU baseball teams here this weekend has been cancelled because of rain.

OUR VIEW

The Community Coordinator

The Snyder Chamber of Commerce has mapped an ambitious program of work for the remaining months of 1958, and undoubtedly there will be other projects of a spontaneous nature developing as the year advances.

If a substantial portion of the new program progresses to fruition, the town and the county will be richer as a result of it.

However, the Chamber of Commerce as a mere name will accomplish nothing, because the organization is people—nothing more and nothing less. The name and and the basic facility simply serve as a focal point for coordinating community energies.

That is the purpose of all chambers of commerce.

Several ingredients are needed for such an organization to function properly. Fundamentally, the needs include ideas and people to work on them. Financing is important, of course. In fact there can be little coordination without it. However, money can accomplish little unless it is applied with a purpose.

Manpower and womanpower are essential to any chamber of commerce program. People are needed to serve on committees where they can assemble, share their ideas and then proceed in unity toward specific objectives.

Perhaps few chambers of commerce are used properly, even by the people who support them. Too few manifest interest in the organization's work, except when something of special concern to themselves is involved.

Many people avail themselves of the various services provided by the Chamber of Commerce through its professional staff, but in most cases these are mere routine "housekeeping" chores so far as the chamber organization is concerned.

The Chamber of Commerce program involves much more than that, but it can move only as those who support it direct.

Tourists To View San Simeon Castle

By JACK LEFLER

SAN SIMEON, Calif. (AP) — Fabulous San Simeon castle, cresting a mountain top like a white crown, prepared today to reveal its long-hidden splendors to all.

For decades it has been the guarded setting of many of the world's great art treasures.

But its vaulted rooms will echo with the tramp of tourists' feet beginning May 17. By then it will be the property of the people of California, a monument to its builder, the late publisher William Randolph Hearst.

The Hearst family will turn over the twin-towered, 146-room castle, its untold wealth in statuary, paintings, tapestries and other art objects and 120 surrounding acres, to the state within the next few days. Between then and May 17 the state will complete arrangements for opening it to the public.

The state opened the property for a preview by newsmen.

The glistening jewel in the mountaintop setting overlooks Pacific waves breaking against a rough coast 250 miles north of Los Angeles and 245 miles south of San Francisco.

Zebras, gnus, elk and goats from what once was Hearst's great collection of animals gallop over the hillside.

The beauty of ancient Greece as depicted in Neptune Pool, bordered by the columned facade of a Greek temple and marble statues of gods and nymphs, introduces San Simeon.

Rising above the clear, green pool are terraced gardens, sprinkled with glistening statues.

Rising over all are the twin towers, holding their 48-bell carillon.

The great assembly room of the castle is 100 by 40 feet. There guests gathered in lavish settings before being served in the austere refectory over which gently sway the banners of 16th century Italian noble families. Great figures of government, entertainment and society were hosted there in regal manner by Hearst.

The tour will take visitors to the art-packed Morning Room, where guests awaited breakfast. Then to the billiard room, where the richest tapestry of all hangs. It is a French Gothic hunt scene valued at $150,000.

Next comes what perhaps to Hearst was one of the happiest rooms of all — the theater where he showed movies nightly to his family and guests. It is rich and deeply warm in scarlet and gold.

Yes, There's A Hijacking

SAN ANTONIO (AP) — "Has there been a hijacking in your place?" asked a newsman, checking out by telephone a police radio report of a finance company robbery.

"Yes," said H. L. Ingersoll, manager, who was handing cash to a gunman.

"Can you describe the holdup man?" asked the newsman.

"He's here right now," blurted Ingersoll.

Guardedly, he said he was still handing over cash, which totaled $455. No, the police had not arrived.

Patrolman John Lewis, first officer to arrive, said the holdup man was leaving when he arrived. He said the bandit threatened him with a pistol and the officer said he fired twice at the gunman. Both shots missed and the bandit fled. He was captured about a block from the scene.

Many Americans Are Paring Debts

By SAM DAWSON

NEW YORK (AP)—Many Americans are trimming their debts today while others are taking on more.

Many are increasing savings while others are keeping retail sales levels high.

Many are feeling the pinch of falling incomes while others are enjoying income stabilizers built up under personal protection programs.

This mixed picture of personal fortunes and of how individuals are meeting the recession is found in the national statistics when you balance one against the other.

The Federal Reserve Board statistics show that Americans took on three billion dollars of installment credit in January. But that is less than they usually take on in that month. Much of the drop was in auto paper—a statistic that Detroit was already sadly aware of.

In that month Americans repaid 3½ billion dollars of consumer credit. But that is less than they usually do in January. This seems to reflect the shrinkage in many individual incomes.

Total consumer debt (both instanding at the end of January stallment and noninstallment) outstanding at the end of January was 810 million dollars less than at the start of the month. But the total is 44 billion, or nearly three billion dollars more than at the same time in 1957.

Few economists believe this total is dangerous in view of the total assets, income and savings of the American people.

Besides the economic cushions the government has provided to deal with recession, there is a big reserve which the American people have built up on their own. Some, such as Social Security, is government managed but comes out of funds provided by the individual and his employer.

The Institute of Life Insurance reports that total payments from private and semipublic programs for the protection of the individual and the family now come to 25½ billion dollars a year. This is nearly 9 per cent of the total personal income after taxes of 300½ billion dollars a year.

The largest single source is benefit payments from life insurance. The Social Security system is second in total benefit payments.

In addition to the 25½ billion dollars payments the institute tabulates, individuals have large reserve pools in other programs not included in that list.

Some of these are interest payments from U.S. Savings Bonds, bank accounts, savings and loan associations. Others get income from real estate and corporate securities.

A drop in payroll totals is always a big blow to the economy. But the luckier individuals have other cushions than those provided by such government-sponsored devices as jobless benefits or relief rolls.

Bergman To Visit Schmidt's Family

STOCKHOLM, Sweden (AP) — Ingrid Bergman will visit the family of theatrical publisher Lars Schmidt Saturday—but Schmidt's mother denied today that her son plans to marry the Swedish actress.

"For heaven's sake, deny it," she told newsmen who asked her about the possibility of an engagement. Schmidt's name has been romantically linked with Miss Bergman's since she and Italian film producer Roberto Rossellini separated.

Schmidt and Miss Bergman are now reported in Copenhagen.

Agreement May Be Unconstitutional

By JAMES MARLOW

WASHINGTON (AP) — This is an A-B-C on the agreement between President Eisenhower and Vice President Nixon for the latter to act as president if Eisenhower becomes too disabled to carry out his duties.

Because, as Eisenhower said, the two men have faith in each other, Nixon will decide whether Eisenhower — if unable to speak for himself — is too disabled to act as president. Then Nixon will act for him. The word "act" in all this is important.

Nixon won't take the oath of office as president. He will not become president. He will turn the job back to Eisenhower if the latter recovers. Eisenhower, not Nixon, will decide whether the President's disability has ended.

It doesn't say the vice president shall become president or that he must take the presidential oath. Is the agreement constitutional? Some — including House Speaker Rayburn, Texas Democrat — disagree.

Rayburn argues that a vice president who attempts to carry out the presidential duties must take the oath of office as president and once he has done so, the elected but ailing President is out of office.

But Atty. Gen. Rogers considers the agreement constitutional. He argues against the need for the vice president to take the oath of the presidency or that when he does the old President is finished.

He says the Eisenhower-Nixon agreement is in keeping with constitutional language.

It simply says Nixon will act for Eisenhower and, without requiring a presidential oath from the vice president, it says Eisenhower will resume the presidential duties when he's able.

Eisenhoweer has made clear the reason for the agreement: his worry that in a moment of national crisis he might be disabled and there'd be confusion and disagreement over how Nixon would take over the duties required of the head of government.

This agreement will also save Nixon embarrassment. Because it's all laid down in writing, he can take over from a disabled Eisenhower without fear of being called a usurper. Without such a public agreement, he might hesitate.

Junior Editors Quiz on NATURE

QUESTION: Does a hippopotamus really sweat blood?

• • •

ANSWER: Next to the elephant, a hippopotamus is the heaviest of land animals, often weighing more than four tons. Living in the swamps and streams of central Africa, it swims a lot and therefore does not have to work hard to support its great weight. It is adapted to marsh life also by having eyes and nostrils set high so that it needs lift only a small part of its head out of the water to see and breathe. Its name means "water horse."

Sometimes you hear that a person "sweats blood" when frightened. A hippo actually does sweat a red, oily substance, but it isn't blood. It's just reddish perspiration.

• • •

FOR YOU TO DO: Color this picture for your animal collection and mount it in a scrapbook or on cardboard. If you can, visit a zoo and see what this big mouthed animal looks like, alive.

• • •

(Today's $10 prize goes to Terry Blank of Lake Villa, Ill. Mail your idea on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this paper. Tomorrow: Are clouds really light?) 3-6

Mrs. Wilding Loses Jewelry And Furs

LONDON (AP)—Newlywed Mrs. Michael Wilding, honeymooning with the British actor in California, has had $12,500 worth of jewelry and furs stolen from her London apartment.

The theft was discovered yesterday.

Mrs. Wilding, a London divorcee and interior decorator, married the British movie star last month in Las Vegas.

The Tenth Amendment says that all powers not given to the United States government shall belong to the states or to the people.

In any showdown, one court — the Supreme Court of the United States—says whether the federal or the state governments (or nobody) can do certain things. Hence the case of the sturdy Captain Gideon Olmstead, the first man who tested this court power. And what a time he had!

In 1778 the British ship Active captured Captain Olmstead's fishing boat upon the open sea and took his three-man crew aboard to help sail a war cargo to New York. But Olmstead and his three men drove the British below deck. While Olmstead headed for New Jersey his men kept up a battle with the crew below. After two days the American brig Convention hove to and took over and its captain, Thomas Houston, claimed the Active as a prize since there was still fighting going on.

Olmstead protested, but the brig brought in the prize to Philadelphia.

Under the Articles of Confederation states like Pennsylvania had set up admiralty courts to decide claims arising at sea. The Philadelphia court gave Olmstead only one-fourth the prize.

So Olmstead appealed to the committee of the Continental Congress named to review all cases of capture at sea. It decided for Captain Olmstead. The Pennsylvanie court at once denied the committee's right to upset its jury's verdice.

Meanwhile, we had given up the Articles of Confederation and adopted the Constitution which lodged admiralty powers in the federal government.

For thirty-one hard-fought years the case shuttled between state and federal courts. Everybody got into the act—the governor, the legislature, Congress, and even President Madison.

In 1809 the U. S. Supreme Court upheld a lower court which had decided that the Committee of Congress was right. This was a victory for Olmstead.

In this showdown Pennsylvania called out her troops. Rebellion spread. The U. S. Marshall swore in a 2,000 man posse to take over the prize money for Olmstead. Finally when President Madison himself said the Court had the backing of the U. S. Government, the Pennsylvania legislature gave in.

Poor Olmstead at 83 got his prize money, but he won a bigger case for the Supreme Court before the American people. As so often happens, a Supreme Court case involves justice for one man, in this case a humble fisherman. But the issue was national in scope.

Coffee Break Part Of Job

BOSTON (AP)—The Massachusetts Supreme Court has ruled that injuries a worker suffers during a coffee break can be considered as occurring on the job.

The court ruled yesterday in the case of Mrs. Phyllis A. Clifford, 46, Worcester, an employe of the Worcester Mutual Fire Insurance Co.

She was awarded $1,860 against the insurer, the Aetna Insurance Co., for attorney's and doctor's fees, costs and compensation.

Mrs. Clifford fell downstairs while going for a coffee break in 1952. She lost no time from work, although badly bruised.

In 1955, she stopped work because of trouble with her back. A month later she underwent a fusion of her spine.

Grace's Doctor Set To Deliver No. 2

MONTE CARLO (AP)—Dr. Pierre Hervet arrived at the Monacan royal palace today to be in constant readiness for the birth of a second child to Princess Grace and Prince Rainier.

The Paris specialist, who delivered Princess Caroline, told a palace spokesman he thinks the baby will arrive between the 10th and 15th. And closer to the 15th.

WINNING PHOTOGRAPH—W. D. Everett Jr., owner of Everett Studio, 610 Twenty-fourth Street, is shown above holding one of three photographs he made which were accepted for exhibition in the 31st annual convention of the Southwestern Photographers Association March 1-4, in Fort Worth. Everett's daughter, Belinda Kay, points to the picture of herself. The other portraits accepted for exhibition were also of children. Two were black and white and one was in oil color. (Lee Watson photograph)

Work Already Progressing On America's Explorer III

PASADENA, Calif. (AP) — While scientists were still trying to figure out whether Explorer II was in orbit—or in bits—somebody asked about Explorer III.

The question was put to director William Pickering of the Caltech Jet Propulsion Laboratory yesterday after he broke the news that Explorer II apparently was not in orbit and may have tumbled from the heavens.

Dr. Pickering, whose staff built the last three stages of Explorer II, went over the earlier announcement that the Army has been assigned to launch a third satellite. Then he confirmed that Caltech will build parts of it. But when he was asked the date of the third launching, he said only: "Well, not tomorrow."

This exchange came at the tail-end of a news conference reporters had been awaiting for five hours. They figured the first announcement of the satellite's success or failure might come from here, and close to 100 turned out.

Dr. Pickering was in contact with Cape Canaveral, Fla., by teletype.

At X minus five minutes, he chuckled like a loyal Californian at the report there were overcast skies in Florida. "Tell 'em we're having a beautiful day here," he instructed his Teletype operator.

Hours later, waiting to hear what had happened to the mute moon, nervous reporters and cameramen, now in an advanced stage of chain-smoking, paced the linoleum corridors outside the press room and littered it with cigarette butts. Others lounged in the press room, exchanging rumors and guesses, cluttering the floor with crumpled paper coffee cups.

They were like another common breed of nervous men. They gave the place the air of a maternity ward.

Pickering finally strode in. He bore no good news, but he was chipper.

If the satellite wasn't in orbit, a newsman wanted to know, where is it?

"Maybe it's in the ocean," Pickering said, smiling.

"Then it's possible it's down?" a reporter inquired.

"Oh certainly," Pickering said. "If it isn't up, where could it be but down?"

Detectives Await Chat With Marie

CINCINNATI (AP)—A veteran Los Angeles detective hears today what actress Marie McDonald calls the real story of her kidnaping more than a year ago.

The 34-year-old actress, here for a night club engagement, called a press conference yesterday and sobbed as she told newsmen her estranged husband Harry Karl was responsible for the kidnaping 13 months ago.

The story enlisted the quick interest of West Coast police. Thad Brown, detective chief at Los Angeles, said: "This is the first time we have heard this story from her."

Detective Lt. Herman Zander, who investigated the kidnaping, was sent by plane, with Julian Blodgett of the Los Angeles prosecuting attorney's office, to question Miss McDonald today.

Also in Los Angeles, Karl scoffed at the story, which he said is "absurd and ridiculous," and said: "I feel quite sorry for Marie. She needs a great deal of help."

Karl has announced he is infatuated with a redhead and wants a divorce from Miss McDonald.

Karl and his wife were also estranged in January 1957 when she disappeared from her home and was located 150 miles away 24 hours later. She told of being kidnaped by two men.

Officials said she testified under oath at length before a grand jury, but no indictments were returned.

Yesterday, she said the kidnaping was authentic, but was "motivated by my husband by his own admission and by the admission of the two men who kidnaped me."

She said she paid $5,000 to the two men and they told her Karl was behind the action.

She said she still loves the millionaire shoe retailer and won't give him a divorce. She said: "I have three children to think of."

Student Swims River, Goes To Hospital

PROVIDENCE, R.I. (AP)—James C. Furlong, 22, Chicago, a Brown University senior, swam 100 yards across the Seekonk River last night—and wound up in a hospital.

Furlong was found on his hands and knees calling for help after the swim.

Patrolman Walter Cook carried him on his back 300 yards so he could be treated at a hospital for immersion.

Police said Furlong apparently swam the river in a dare involving a girl friend.

MARY ALICE RICHARDSON

Hermleigh Student Honored At Tech

Mary Alice Richardson, former Snyder High School student, is one of 32 students at Texas Tech who will be honored in the 1958 La Ventana, the school's yearbook, for outstanding contributions to campus life during this academic year.

Miss Richardson is a senior in arts an' sciences.

PFC Joe B. Groves In Army Maneuvers

Pfc. Joe B. Groves of Hermleigh recently participated in "Sabre Hawk," a Seventh Army maneuver which involved more than 100,000 troops in Germany.

Groves is the son of Mr. and Mrs. Joseph Groves, Route 2, Hermleigh.

A radio teletype team chief, he entered the Army in March, 1957, and took basic training at Fort Bliss. He arrived in Europpe last September.

Now 22, he is a 1953 graduate of Hermleigh High School and attended McMurry College. He was formerly employed by Pacific Pumps, Inc., in Snyder.

Slayer, 14, Committeed To School

LAS CRUCES, N.M. (AP) — John Boyett, 14, who shot his minister father to death a week ago as he prepared a switch, has been committed to the New Mexico School for Boys.

John was sent to the institution until he is 18 after a hearing in which his mother said she wished she had broken up the home two years ago as she had planned.

The Rev. Leonard J. Boyett, 41, pastor of the Grandview Baptist church, was shot while he prepared to punish John and his twin brother Jac.

"I wish I had followed my first intuition and left my husband two years ago," Mrs. Boyett told Dist. Judge W. T. Scoggin. "But I was afraid a broken family would be hard on the boys."

The distraught mother testified she once told her husband she would refuse to attend social functions if he did not stop "fusing at the boys in public."

Mrs. Boyett said her sons were not allowed to go the movies or attend school dances.

Record Rains Cause Flood In Hawaii

HONOLULU (AP)—Record-breaking rains deluged Hawaii's principal island of Oahu last night and brought floods to some areas.

With no relief in sight before this afternoon, the Weather Bureau recorded 10.68 inches of rain at Honolulu Airport in 16 hours—breaking a four-year record.

Even the 41-year record of 13.52 inches — set at Honolulu's Federal Building in March 1917—was threatened.

An electrical worker was reported washed into a drainage canal but was pulled out safely.

The storm flooded homes, forced postponement of at least 19 Military Air Transport Service flights, and put a big radio station off the air for 18 hours.

Two F8U Crusader jets crashed after taking off from the carrier Hancock, operating in Hawaiian waters. One pilot was killed; one rescued. Names were withheld. Seven other Hancock pilots landed at Navy or Marine air stations on Oahu.

Commercial flights operated on schedule to the mainland United States.

The glamorous Waikiki resort area was a sopping, dismal place. In the Reef Hotel's basement garage 100 cars were flooded to the headlights.

The Red Cross opened three storm shelters — one in Honolulu and two in suburban areas in southern Oahu.

Houses in the modern Aina Haina suburb had as much as 18 inches of water on their main floors. Water was waist-high in some Honolulu streets.

Toes, Hair Are Fading

LOS ANGELES (AP) — Man 65 centuries from now may have a hairless head, spindly legs and no toes.

A University of Southern California biology professor, Jay M. Savage, said these are "evolutionary possibilities" for around 8500 A.D.

"Not only are toes getting shorter," he said, "but the little toe has practically no function any more."

Primitive man needed toes for balance, clutching and grasping, he said, but frostbite victims have demonstrated that modern man can balance himself with only a big toe.

Hair was meant to shield man from the elements, Savage said. But with hats, houses, umbrellas and closed cars, who needs hair? Baldness is increasing among men and may eventually include women, he said.

With expanding mechanization, legs will get less use and could become spindly, he added.

Hope Granted Soviet Visa

WASHINGTON (AP) — Comedian Bob Hope is getting a visa to visit the Soviet Union and a Soviet diplomat attache says clearance came through in the "remarkable" time of only two weeks.

Arrangements were made to issue the visa here after Hope had spent several days in London in a fruitless wait for permission to fly to Moscow to film a television show.

Hope, who came here from London to accept an award from the USO National Council, said there are no restrictions on what he may do in the Soviet Union. The show, which will use Russian acts, is intended for American audiences but Soviet diplomats said they might want to let Russia viewers see it.

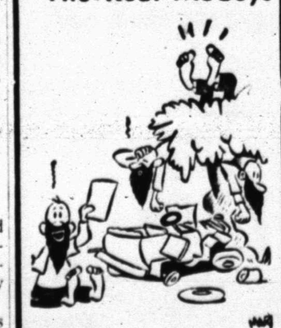

Brooks Firestone To Wed London Dancer

LOS ANGELES (AP)—The second son of Leonard K. Firestone, president of the Firestone Tire & Rubber Co. of California, will marry a London ballet dancer.

The prospective groom, Brooks Firestone, is a grandson of Harvey S. Firestone, the firm's founder. A company spokesman said yesterday the bride will be Miss Catherine Boulton, daughter of the Very Rev. Walter Boulton, provost of Guildford, Castle Gate, in Guildford, Surrey, England.

The wedding is scheduled for June 26, in Guildford.

Borden Junior Stock Show Slated Saturday At Gail

GAIL — About 170 animals will be entered by Future Farmers of America and 4-H Club members Saturday in the annual Borden County Junior Livestock Show in the community exhibit barn here.

Accompanying the show, which will last all day Saturday, will be a Saturday morning bake show for Borden 4-H Club girls at the Borden High School cafeteria.

At noon, a covered dish lunch will be held at the cafeteria for participants in the two events.

The bake show, which will open at 10 a.m., will be judged by Ruby Butts, county home demonstration agent for Scurry County. Advisor for the girls is Miss Connie Crow, Borden home demonstration agent, who will be assisted by Mrs. Ruby Hollis, high school homemaking teacher.

Tom Neff of Colorado City, graduated animal husbandry student at Texas Tech College, Lubbock, will be judge of the livestock show. Neff last year was a member of the Tech livestock judging team which ranked among the top teams in the American Royal and International judging contests.

Cash awards will be made to youths for winnings in the junior show. There will also be showmanship trophies, donated by the Borden County Sheriff's Posse, in each division and one for the best-all-around showman. In addition to class prizes, there will be such awards as $25 for grand champion and $15 for reserve champ in the hog show, $25 for champion and $15 for reserve champion calf, and $15 for each of three champions and $10 for reserve champions in the sheep show.

The Borden County Junior Livestock Show is headed by Sid Reeder, president; Bert Dennis, vice-president; Harland Williams, secretary; and Borden Gray, treasurer. Directors are Bill Riddle, W. L. Wilson, Jr., Weldon Hancock, John Whitmire, Paul Logsdon, and John Dennis. Junior directors are Larry Reeder, Borden Gray, Jr., Roy Rogers, Joel Dennis, Bobby Stewart, and J. O. Creighton.

Advisors of the youths are Bobby Gray, agriculture instructor at Borden High School, for FFA, and Byron Pierce, county agent, for 4-H.

There will probably be only four commercial calves and four dry-lot calves.

The hog show will probably have about 90 animals, with classes for Berkshires, Chester Whites, Durocs Hampshires, Poland Chinas, and Spotted Poland Chinas, as well as two eight classes for breeding gilts.

In the sheep show, there will be three weight classes of finewool lambs, one of crossbred lambs, and one of Southdown lambs.

There are about 100 4-H Club youths and 35 FFA boys in Borden County.

There will be no sale, since many of the youths will enter their animals in the South Plains Junior Livestock Show, which opens at Lubbock March 17.

Recently at a Borden-Dawson County event at Lamesa, Borden County youths took a number of top places with their animals. One was Phillips Stewart, 4-H Club youth who had the champion finewool lamb. Last year he had the champion barrow at that show and in the Borden show and the reserve champion Chester White at Lubbock.

His brother, Bobby Stewart, FFA member, had the reserve champion at Lamesa. Last year he had the reserve champion barrow there and at Gail, and he showed the grand champion finewool lamb at Lubbock.

Larry Reeder, another 4-H member, had champion and reserve champion Southdown Lambs at Lamesa.

Almost half of all the eggs sold in the United States are produced in five states — California, Minnesota, Iowa, Pennsylvania and New Jersey. So says Clayton P. Libeau, egg marketing specialist for the North Carolina Agricultural Extension Service.
