Annie Lee Moore, Jr. vice president, announced the CPR class to be held at Rivercrest High School Spet. 24. The class will begin at 6 p.m. There will be no Auxiliary business meeting held on Sept. 24 in order for members to attend the class.

The public is also invited to attend the class.

## County To Join Taxing District

The Red River County Commissioner's Court voted Monday to join the other taxing authorities in the county to form a single taxing district. The vote was unanimous.

A bill passed by the Texas Legislature, HB 621 makes single assessments necessary, but county governments may or may not participate. The City of Clarksville, the Clarksville Schools, with the county in third place. A meeting has been set for Sept. 21 in the district court room to select members for each taxing agency.

Judge Sullivan said Tuesday that none of the

existing tax offices would be eliminated, but that the existing office would collect tax rather than assess property for taxes. Precinct 1 Commissioner Earl Humphrey said during the Monday Court meeting that the re-appraisal required by the law would get some of the property on the tax rolls at realistic values. Another office and staff for the single taxing district would be established, Judge Sullivan said.

In other business the Court approved an easement for the Oak Grove Water Supply to lay a water line in Precincts 3 and 4, and ap-

proved the closing of a county road that dead ends in Woodland Farms.

The Court set the tax rate at \$1.10 and approved a \$50 per month increase, to be paid by the State of Texas, in the salary of Mary Brown, secretary to County Attorney Pat Beadle.

Appointed as election judges for the General Election in November and for the Oct. 6 Local Option Election for the sale of all alcoholic beverages for off-premises consumption were Jack Franklin and John Howison. The Court voted not to close the office in the Courthouse the day of the General Election because a light turnout is expected.

The Court approved the August claims, and agreed to pay the expenses of the county investigator every month after the Court meeting.

## Liquor Election Set Oct. 6

A local option election for the sale of all alcoholic beverages for off premises consumption in the city of Bogata was set Monday by the Red River County Commissioner's Court for Saturday, Oct. 6.

A petition with 94 valid signatures was presented to the court by County Clerk Mary Hausler, who said that only 90 signatures were needed to require the court to call the election.

Wayne White of Bogata circulated the petition, this the last of three attempts to prepare a petition which complies with the state election laws. The first petition was not returned to

the Clerk's office within the required number of days, and the signatures did not match exactly the names on the voting records on the second petition.

White said Tuesday night that he appreciated the help of all those who signed the petition, and added that the difficulty in completing the

petition was the result of misunderstandings between himself and Mrs. Hausler.

An item on the agenda of the Bogata City Council, which was to meet Tuesday night but did not because of lack of a quorum, dealt with a liquor sales ordinance for the City of Bogata.

## Rebels Challenge Hawks

The Rivercrest Rebels lost the season opener Friday night to the Hawkins Hawks 14 to 6 in a game that was billed as a rematch of the 1978 season Bi-District tilt. The Hawks defeated the Rebels in that contest 28-6.

After a strong first half which the Rebels dominated,

an onslaught of leg cramps crippled the Rebel running

game. The Rebels gained 136 yards on the ground in the

first half, but could only manage 61 yards in the second half against the Hawks.

The Rebels also played strong defensive football in the first half, forcing the Hawks to punt away the football four times.

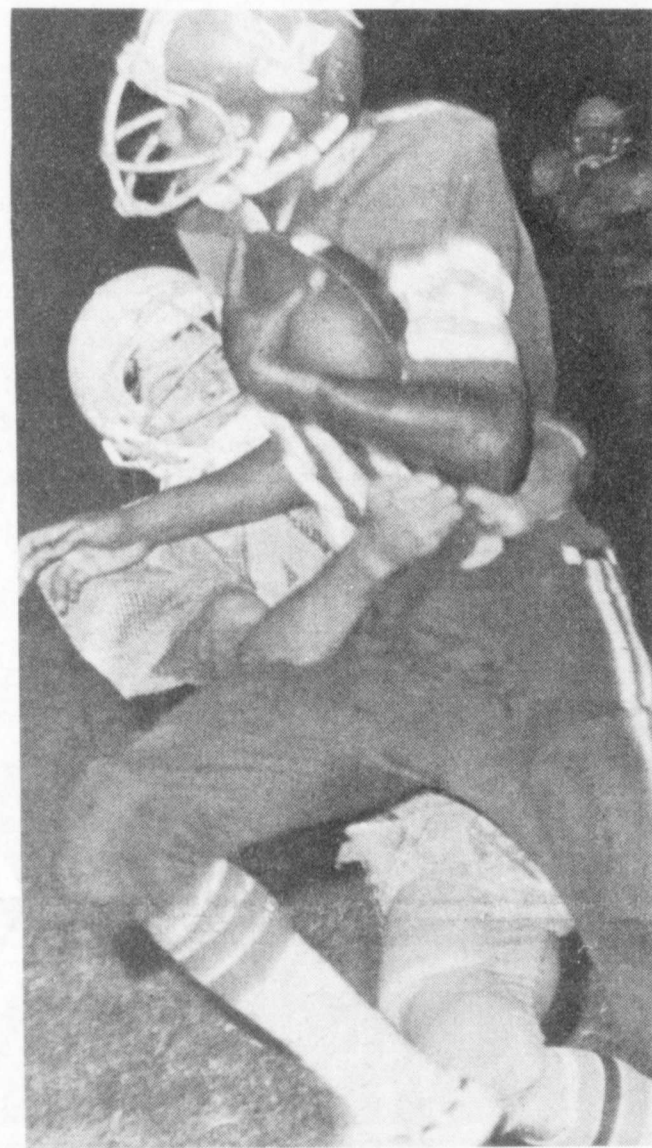

The first Rebel score came with 6:21 left in the second quarter, when Billy Scales picked his way around the right end for a 72 yard touchdown run. The extra point kick by Jimmy Via was partially blocked.

The Rebel touchdown was set up when Via intercepted a James Holmes pass on the Rivercrest 10 yard line and returned the ball to the Rivercrest 28. The Hawks drive to the point of the interception was their deepest penetration of the game up to that time.

Hawk Richard Wofford took the opening kickoff of the second half, and followed his blockers to an 80 yard touchdown. The successful extra point attempt put the Hawks in the lead.

Most of the third quarter, in fact, belonged to the Hawks, as they ran 17 plays from scrimmage compared to 10 for the Rebels. The second Hawk score came following a fumble by the Rebels on their own 42 yard line. Six plays later Holmes powered over from the one to score.

In addition to leg cramps, the Rebels were also hurt by turnovers, including three See Football, Page 8

## Red River Overdraft Decreases Slightly

Red River County's financial condition was slightly improved with the end of the month treasurer's report over the report filed August 15. The county's bank accounts are now only \$90,859.06 overdrawn instead of \$91,179.73 overdrawn as they were on August 15.

Major deficits are still evident in the ambulance service fund, \$69,268.59 overdrawn; the jury fund, \$10,561.23 overdrawn; the officer's salary fund, \$12,837.93 overdrawn; the general fund, \$29,522.30

overdrawn; and the Road and Bridge fund for Joe Runyan's Precinct No. 3, \$17,360.97 overdrawn. County Commissioner Darwin Floyd's Road and Bridge Fund for Precinct No. 4 is also overdrawn \$8,423.33.

Earl Humphrey has a positive balance of \$10,751.30 in the Precinct No. 1 account, and R. L. Edwards has \$5,256.05 in the Precinct No. 2 Road and Bridge account.

Precinct No. 1, which includes Bogata, had expenses in August and approved at the September Commissioner's Court meeting of \$16,130.72, including \$3,500 in salaries.

Major expenses were \$5,280 to Talco Asphalt Oil Co., Plains Machinery for \$2,160.21, Roy Williamson Construction for \$1,303.83

and B. F. Goodrich Tire Co. for \$1,690.74. Expenses totaling more than \$100 included \$653.80 to Wall Concrete Pipe, \$241.20 to Harvey Bros., \$520.81 to Wilburn's Gulf Products, \$259.33 to Glass Auto Parts

and \$137.56 to Red River Oil and Gas.

Commissioner Humphrey provided the figures for his precinct to The Bogata News voluntarily on Monday following the Commissioner's Court meeting.

## County Reunion Set For Sept. 16

The Red River County Reunion is set for Sunday, Sept. 16, 1979, from 10:00 a.m. to 3:00 p.m. at Kiest

Park in Oak Cliff, 3000 Hampton Road, Dallas. Signs giving directions to the open pavilion will be posted.

## Parade To Kick Off Fair

The annual parade which kicks off the Red River County Fair in Clarksville has been set for Wednesday, Sept. 26 at 5:30 p.m., according to J. P. Harvey, parade marshal.

Harvey said Tuesday that the parade participants should gather in the open area east of the fair grounds by 5 p.m., and that the route will be the same as in the past, going west on Highway 82 to the corner of the First National Bank, then north to Red River National Bank, then east on Broadway and back to FM 1159.

Anyone wanting to participate in the parade is welcome, Harvey said, but children on bicycles must be accompanied by a sponsor or a parent. All motor driven vehicles, including motorcycles, tractors or automobiles must be driven by a licensed operator, Harvey added.

All groups or clubs, floats, antique cars, horseback riders, decorated cars or anything of interest would be welcomed, Harvey said.

For additional information call Mrs. Leon Kilmer at (214) 331-8971.

State Swine Judging Clinic Announced

How can 4-H and FFA youth interested in showing swine make the right selections for the big livestock shows coming up next winter and early spring?

"The key to doing well in swine shows is to select an animal that will grow rapidly and efficiently and will produce the type of pork desired by consumers," points out Dr. William B. Thomas, swine specialist with the Texas Agricultural Extension Service, Texas A&M University System.

So, to help youth, county Extension agents, 4-H leaders and vocational agriculture teachers make wise selections of barrows and gilts that will be headed for show rings, a special clinic has been planned, the first of its kind in Texas.

The event will be the State Swine Judging Clinic to be held Sept. 22 at the Guadalupe County Fairgrounds in Sequin.

also visited Mr. and Mrs. I.H. Kelley.

Karen Herring of Bogata visited Betty Rodgers and Mrs. Arthur Fisher Monday afternoon.

The First Baptist Church is in revival this week with the Rev. Bob Posy of Bogata Baptist Church holding the services.

Registration will begin at 9:30 a.m., with the program kicking off at 10 a.m., notes Thomas.

Keynote speaker will be Dr. Dennis Blair, manager of the Dr. C.D. Smith Farms of LaPryor, breeders of Duroc, Yorkshire and Landrace swine. He will talk about "Breeding Stock Trends."

A discussion on "Commercial Barrows" will follow, with Dr. T.D. Tanksley, Extension swine specialist and professor of animal science at Texas A&M University, as the featured speaker.

Following this discussion, clinic participants will have an opportunity to test their judging skills on classes of gilts, barrows and boars. Blair and Tanksley will then discuss the classes and give their placings and reasons.

Wrapping up the clinic program will be a discussion on "Purchasing Show Barrows" by Norman Kohls, Glasscock County Extension agent.

The local committee handling arrangements for the clinic includes Leroy Albrecht, chairman, of New Berlin; Melvin Vader, Elman Wiedner and Lee Jay Bielke, all of Marion; Benno Luensmann of Sequin; and Bill Torard, Guadalupe County Extension agent.

Beginning Typing Course Scheduled

A course in Beginning Typing is scheduled to start on Wednesday, September 19, from 5:30 to 8:30 p.m. at Paris Junior College, announced June Jones, director of continuing education at PJC. Instructor for the course will be Mrs. Clyde (Gerrie) Bankhead, business laboratory instructor at PJC.

Classes will be held on Wednesday evenings in the Applied Sciences Center typing lab at PJC for 12 weeks. Tuition for the 36 hours of instruction in typing is \$50, which should be paid in advance by mailing a check or going to the Continuing Education Office, Alford Center for Lifelong Learning, at PJC.

The course is open to high school students who have not taken typing or adults interested in learning the skill, Mrs. Bankhead said. No tests or grades will be given, but students will learn the basic typing skills for occupational or personal use. Continuing education certificates will be given upon completion of the course.

Mrs. Bankhead, who holds a B.S. degree in business education from East Texas State University, is working on her master's degree there. She is a member of the National and State Business Educators Association, the Texas State Teachers Association and the National Education Association.

East Texas Eating

By Margie Rice

Real caramelized icing topping smooth, moist buttery cake squares makes me think that the "Ugly Cake" really should be called "Caramelized Butter Cake" or even "Cinderella Cake." But, "Ugly Cake" was what Ella Rugh Wallace called the one she brought to New Shamrock Presbyterian Church's first Sunday dinner recently.

It is easy and quick to make. It keeps and even freezes well. It can be made with a Butter Cake mix, or with a simple yellow cake batter made from scratch. The cream cheese, butter, and powdered sugar icing mixture caramelizes while the cake bakes. The only problem-and the one that contributes the "Ugly" name-the caramelized icing tends to stick to the pan and has to be scraped onto the

cake. The immediate effect is not one of a pretty cake. The first taste, though, dispels the name "Ugly" cake. The second piece convinces you that the "Ugly" duckling cake is indeed a "Cinderella" one. Try it!

UGLY CAKE

Icing:  
8 oz. pkg. Philadelphia Cream Cheese.  
1/2 cup butter or margarine.  
1 lb. box of powdered sugar.  
1 1/2 tsp. vanilla.  
Cream the icing ingredients. Spread in wax-paper lined 9"x13" sheath cake pan.  
Cake:  
2 cups flour.  
1 1/2 cups sugar.  
3/4 tsp. baking powder.  
1 tsp. salt.  
1/2 cup shortening (may use 1/4 cup butter and 1/4 cup shortening).  
1 cup milk.

1 tsp. vanilla.  
3 eggs.  
Measure all ingredients into big mixing bowl. Blend 1 minute on low speed scraping bowl constantly. Beat 3 minutes on high speed, scraping bowl and beaters (stopped!) occasionally. Pour over icing. Bake in preheated 350 degree oven 40-45 minutes or until done.

Cool in pan on wire rack for 5-10 minutes. Then, invert onto cake plate or cookie sheet. Some icing will likely stick to the pan. Remove it with a spatula and smooth onto the cake.

Eating Quicker

According to one recent, informal survey, persons spending more than 35 minutes preparing dinner are taking more time than the "average" American.

Stained Glass Session Set

An orientation session to discuss the stained glass course beginning in October at Paris Junior College will be held on Thursday, Sept. 20, in Room 106 of the Jess B. Alford Center for Lifelong Learning at PJC, announced June Jones, director of continuing education. All persons interested in learning about the course are invited to the session at 7 p.m.

Mary Ann Schooler of Sawyer, Okla., instructor for the course, will explain the course to interested persons, Mrs. Jones said. Ms. Schooler, who has taught the course at PJC in past years, is planning to attend the American Stained Glass Institute at Ghost Ranch, New Mexico, the first two weeks of October before beginning PJC's course on Oct. 18.

In the stained glass course, Ms. Schooler will teach participants the craftsmanship of stained glass as well as leading and copper foiling techniques of assembly. Students will complete specific projects such as windows, terrariums, jewelry boxes or candle holders.

Fee for the 24-hour course will be \$45, and the supplies for projects will cost about \$50. Classes will be from 6:30 to 9:30 p.m. Thursdays for eight weeks. Those interested may call for more information or to make reservations, 785-7661, extension 145. Registration will be taken at the orientation session on Sept. 20.

An abstract artist, Ms. Schooler has lived in Japan and studied Japanese art forms. At the Stained Glass Institute in October, Ms. Schooler will learn advanced techniques such as how to

create windows for a church, a commercial building or a residence. The Ghost Ranch, which was started by Georgia O'Keeffe, a well-known American artist, is located in the isolated northern New Mexico badlands, where artists can observe the peaceful beauty of the setting. After completing the institute, Ms. Schooler will receive the degree of Maitre d'Arts Vitrail, one of the degrees most honored in the French glass profession.

Bullock Takes Steps

To Collect Loans

State Comptroller Bob Bullock said Tuesday, he'd hold up state employee paychecks again this month for anyone owing the state a debt unless a district court tells him differently.

Bullock held back August paychecks to 150 state employees who have defaulted on state-sponsored student loans.

At the same time, a Texas Employment Commission employee in Kingsville filed a lawsuit in an Austin district court against Bullock and the TEC in an attempt to have his paycheck released.

State law prohibits a person owing the state a debt from receiving state payment of any kind.

"I'm simply following the law," Bullock said, adding, "until these loans are repaid there will be less money available for new loans to the next generation of students."

Collectively, the 150 workers who weren't paid owe the state \$311,072 in overdue student loans. They were identified in a computer cross-check of payroll records.

Bullock originally singled out 641 state employees who owed the state more than \$1.2 million and notified them he wouldn't pay them until they took care of their student loans.

He said 491 of those identified settled up \$896,563 in debts to the Texas College and University Coordinating Board, which last month held loan defaults worth more than \$39.9 million under the Hinson-Hazelwood program from loans to 24,685 former students.

Lone Star has the lowest distribution costs of the 4 major gas utilities in Texas.\*

We've done a better job of controlling our operating costs than any other major gas utility in Texas three years in a row: 1976-1977-1978. \* And we plan to do it again in 1979, because it's one way we can save you money.

Lone Star's operating-distribution costs include wages and salaries, the leases on our offices and facilities, taxes, supplies, maintenance, repairs, depreciation on our equipment, and scores of other things.

Gas is naturally efficient, naturally economical. Our low distribution costs make it an even better value for you.

Many factors should be considered when buying a new car. In these times, fuel economy is important. Remember that government mileage ratings, shown on the sticker are a good guide, but are not guaranteed. The heavier the car, the more gasoline it takes to get it rolling and keep it rolling. Power accessories are great, but many of them are gas guzzlers.

### Five Pots Of Stew Entered In Cook-Off

At the present time, there are five pots of stew officially entered in the county Stew Cook-Off to be held on September 15. They are, combined communities, Extension Homemakers Club, Clarksville, Young Homemakers, Kiwanis Club, Dimple Community Club and one organization which asks to be anonymous until the day of the cook-off.

Stew cook-off chairman, Gary Bomar, states that there were 14 pots in the contest last year and hopes to improve over that number this year. He also asks that all interested individuals, clubs, firms, or organizations to enter as soon as possible.

Entry forms have been mailed to all which entered last year, but any additional forms may be obtained by contacting the Extension office at 427-2493.

The sole purpose of the stew contest is to obtain additional funds, which is used to finance the Red River County Fair.

### United Way Benefits Various County Organizations

Jerrold Marx, of Clarksville has been named County Drive chairman of the Red River County United Fund Campaign. Larkin Gooch is Red River County United Fund president.

They wish everyone to be aware of the many facets of the United Fund.

Jerrold Marx

The United Way helps with the Girl Scouts, Brownies, Boy Scouts and Cub Scouts. There are three troops of Boy Scouts and four packs of Cubs in the county, around 190 boys and a number of adults who work with them.

In Bogata Dr. Jack Trout, Rev. David Griffin and Thomas Gilbreath are the scout and cub scout leaders.

Mr. and Mrs. John Porterfield and Mrs. E.E. Brooks are Bogata Girl Scout leaders. Red River County has 15 Girl Scout and Brownie troops, with over 200 girls involved.

Through the United Way the county is able to help the American Red Cross and the Salvation Army, both of which groups are available during any disaster.

Kenneth Sheppard is the local Salvation Army chairman, Fred Fisher is vice-chairman, Alex Simpson, Jr., is treasurer, and

Rev. Tom Porter is Welfare Secretary.

The 4-H Clubs of the county are also aided by the United Way. There were 18 county events, 11 district events, 13 area and five state events as well as two national events that county 4-H Clubs were involved in during the past year.

There were 683 programs that young people entered, with several youngsters entering in more than one event.

All in all the United Fund aids many people in the county.

A list of the committee's approved funding is: Requests for participation came from the following groups, with the first figure representing the allocation in 1978-79, the second figure the requested amount for next year, and the third being the Committee's approved funding:

## Kaylors Honored On Anniversary

Mr. and Mrs. L. B. Kaylor were honored with a reception Saturday evening from 6:00 to 9:00 o'clock in the home of Mr. and Mrs. P.H. O'Keefe with their daughter, Mrs. Doyle Black assisting.

The Kaylors were married Sept. 8, 1929, at the home of her parents in Haynesville, La. with the late J.C. McQuiddy officiating. At the time of their marriage Mr. Kaylor was 29 years old, and his bride, the former Ruby Yates was 21. Following a honeymoon trip to Bristol, Virginia the couple went to Wink, Texas where he was employed with the Southern Crude Oil Purchasing Company until 1933. They then moved to Hobbs, New Mexico where he worked for the Continental Oil Company for 45 days before moving to New London where he was employed by the Humble Oil Company. The Kaylors were transferred to Talco in 1943. Besides being a retired Hummer employee, Kaylor is

an active rancher. They are members of the Church of Christ and have a foster daughter, Mrs. Earl P. Ingles and a foster grandson, Perry Ingles of Sacramento, Calif.

Renee Kay presided at the registry which featured a "Bells of Love" centerpiece with gold candles and gold guest book. Photographs of the couple in their younger years were displayed at points of vantage.

The polished serving table was centered with an arrangement of gold, orange, yellow and brown silk flowers sent by their foster daughter, Mrs. Earl (Mae) Ingles. Two gold tapers in crystal holders (which were used by Mrs. Kaylor's mother at her 50th anniversary reception) were placed at each side of the centerpiece.

The couple's sheath chocolate cake, made by Polar Bear, was decorated

with wedding bells, love birds, pink silk flowers and gold bows with the gold letters, "Happy Anniversary," Ruby and L.B. 1929-1979. Also topping the cake were the large numerals "50" in gold.

Mrs. O. F. Yates of Baytown assisted Mrs. O'Keefe and Mrs. Black with the serving.

Approximately 80 guests attended during the evening, numerous out-of-state and in-state phone calls were received along with other gifts, cards and letters.

Out of town relatives attending were: Mrs. Kaylor's sister and family, Mr. and Mrs. A. K. Ramsey and son, Charlie Ramsey, and a brother, Charles Yates, all of Baton Rouge, La.; another brother and his family, Mr. and Mrs. O. F. Yates and their daughter, Mrs. Katie Gaudette with her children, Ashley and Stephanie, all of Baytown; cousins, Mr. and

Mrs. Ed Doddson of Emerson, Ark.; and Mrs. Jewell Parsons of Magnolia, Ark.; Mr. Kaylor's sister, Mrs. M.C. Cooper of Mount Pleasant.

Friends attending from out of town were Mr. and Mrs. A.L. Rodgers, Mr. and Mrs. Farris Brown, Mr. and Mrs. Paul Harbour and Mr. and Mrs. R. M. Lewis, all of Mount Pleasant; Mr. and Mrs. Pete Hill, Sulphur Bluff; Mr. and Mrs. Jim Pirtle, Joliet; Ken Love, Richardson; Mr. and Mrs. Vernon Bailey, Mount Pleasant; Mr. and Mrs. Earl Smith, Mesquite; Annette Swaim, Houston; Renee Kay, Mr. and Mrs. Doyle Black, Patrice and James, all of Bridges Chapel; an old friend, Mrs. Lucile Roberts with her daughter, Mrs. Ralph Wilson and granddaughter, Mrs. Jennifer Weeks, all of New London; and Mr. and Mrs. Eugene Mankins, Mount Pleasant.

## PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 6, 1979

### PROPOSITION NO. 1 ON THE BALLOT (H.J.R. 108)

House Joint Resolution 108 proposes an amendment to the Texas Constitution relating to the appointment and terms of notaries public. The proposed amendment would:

- Require the Secretary of State to appoint a convenient number of Notaries Public for the state; and
- Authorize terms of office of Notaries Public of not less than two years nor more than four years.

A temporary provision of the proposed constitutional amendment provides that the amendment would take effect January 1, 1980; that each person who was appointed a notary public before January 1, 1980, would continue to serve as a notary public for the term for which the person was appointed; and that this temporary provision would expire January 1, 1982.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the appointment of notaries public for the state and for a term of not less than two years nor more than four years as provided by law."

### PROPOSITION NO. 2 ON THE BALLOT (H.J.R. 133)

House Joint Resolution 133 proposes an amendment to the Texas Constitution to provide for legislative review of the process of rulemaking by agencies in the executive department. The proposed amendment would allow the Legislature to enact laws:

- To provide for legislative review of the process of rulemaking by agencies in the executive department;
- To prescribe conditions for rules to take effect;
- To provide for suspension, repeal, or expiration of rules;
- To prescribe procedures; and
- To delegate powers to either or both houses or to committees of either or both houses.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for legislative review of

the process of rulemaking by agencies in the executive department."

### PROPOSITION NO. 3 ON THE BALLOT (S.J.R. 13)

Senate Joint Resolution 13 proposes an amendment to the Texas Constitution authorizing the Legislature to provide for the guarantee of loans used to purchase farm and ranch real estate for qualified borrowers. The proposed amendment would allow the Legislature to provide for, issue, and sell general obligation bonds called "Farm and Ranch Loan Security Bonds" of the State of Texas not to exceed 10 million dollars. All money received from the sale of such bonds would be deposited in a separate fund with the State Treasurer and administered by the commissioner of agriculture without further appropriations. These funds would be used to guarantee loans for the purchase of farm and ranch real estate. The commissioner of agriculture would use these funds, under provisions to be prescribed by the Legislature for the purpose of guaranteeing loans used for the purchase of farm and ranch real estate, to acquire real estate mortgages or deeds of trust on lands purchased with guaranteed loans. These funds would also be used to advance to the borrower a percentage of the principal and interest due. The Legislature may also authorize the commissioner of agriculture to sell at foreclosure any land acquired in the manner authorized by this amendment. The commissioner of agriculture would be required to charge at least 6 percent interest on such loans. The proposed amendment would appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the guarantee of loans for purchase of farm and ranch real estate for qualified borrowers by the sale of general obligation bonds of the State of Texas."

# Jones Trys No-Till Farming

By Ray Haddock  
Derrell and Teddy Jones have planted soybeans in wheat stubble. Their farm is located southeast of Clarksville along the Peters' Prairie Road.

"The wheat was fertilized with 300 pounds of 9-21-8 per acre and topped with 200 pounds of ammonia nitrate per acre," stated Teddy Jones. Out of 550 acres of wheat, 300 acres were planted to soybeans. "When combining it is best to cut the wheat between six and ten

inches in height," says Derrell. By cutting it low you have more residue on the ground and less height of wheat stubble standing. This makes it easier to plant and the soybeans will grow off better.

Derrell and Teddy averaged 50 bushels per acre on their wheat. They hope to have an average of ten bushels of soybeans with the no-till farming system. "We can make more money out of ten bushels of soybeans on no-till land than we can 25

bushels on rowed land," stated Derrell.

Soil Conservation Service (SCS) has assisted Derrell and Teddy Jones on many conservation practices. Some of these are waterways, critical area treatment, crop residue management and ponds.

One of the most important benefits from no-till farming is reduced soil erosion. On some types of soil, erosion can be reduced up to 95 percent. Since this farming system leaves the surface largely undisturbed, residues from the previous crop protect the soil surface. The protective mulch on crop residue also keeps the soil cooler in the summer and warmer in the winter. Evaporation of soil moisture is reduced. Under the mulch, the soil near the surface maintains extra moisture which often extends the planting season.

Conventional tillage takes six to ten trips across a field. The no-till method can reduce this to two or three trips. Switching from clean cultivated crops to no-till saves gallons of fuel per acre. Contouring and no-tillage will also save wear and repairs on equipment. It will cut down on hours of operation also. This adds up to labor savings, earlier planting and a better yield.

## Two Bridge Classes Offered By PJC

Area residents interested in learning to play bridge may take one of two courses to be offered through the Paris Junior College Continuing Education division beginning Tuesday, September 18.

Beginning Bridge will be taught from 7 to 9 p.m. for 10 weeks and Intermediate Bridge is scheduled from 1 to 3 p.m. for eight-weeks on consecutive Mondays. Mrs. Stan Bisek, national bridge master, will be the instructor. Mrs. Bisek has been teaching bridge classes

at PJC for several years. The bridge classes will be held in Room 110 of the Center for Lifelong Learning. Fee for the Beginning classes is \$27.50 for the 10 lessons and \$22.50 for the eight lessons in the Intermediate class.

Beginning Bridge is designed for those who have never played while Intermediate is to teach players to improve their game. Persons interested may call the PJC Continuing Education office, 785-7661, extension 145.

ECLIPSE--A total eclipse of the moon was visible to early risers Thursday, Sept. 6, when the earth's shadow traveled across the full moon. In Deport,

the eclipse looked like this, as seen through a 12" telescope belonging to Hugh Jeffus, Sr. Seas on the moon are identified on

the picture, including the Sea of Tranquillity, where American astronauts first landed on the moon's surface. (Staff Photo)

## ACT Assessment Recommended

| Test Date      | Registration Period |
|----------------|---------------------|
| Oct. 20, 1979  | Aug. 6-Sept. 21     |
| Dec. 8, 1979   | Oct. 8-Nov. 9       |
| Feb. 16, 1980  | Nov. 26-Jan. 18     |
| April 12, 1980 | Feb. 4-Mar. 14      |
| June 14, 1980  | Mar. 24-May 16      |

It takes students about three hours to complete the ACT Assessment's four exams covering subject areas of English, math, social studies, and natural sciences. On any of the test dates, most local students will take the tests at Paris Junior College or ETSU.

Mrs. Huddleston said the test scores provide an assessment of general educational development and the questionnaire section information focuses on academic and non-academic accomplishments and interests, as well as career and educational plans. For the fifth consecutive year, the basic student fee for using the ACT Assessment Program is \$7.50.

In addition to being used by students and their high school counselors, information provided by the ACT Assessment is also used by colleges for academic advising, admissions counseling, course sectioning and placement, student services, and institutional research. Students' ACT Assessment reports are sent to only those colleges specifically designated by the respective students.

One of several educational services provided by The American College Testing Program (ACT), the ACT Assessment Program is used each year by more than 900,000 students as part of their education and career planning.

## When It's My Name on the Door.

It cost me every cent I made, but I lived very well for a cab driver. My suits were expensive, but not flashy. I bought good shoes. I had a nice pad and more than a few foxy ladies.

One afternoon I checked the cab into the garage. Changed into some fine threads. And was on my way out when someone called my name.

"Hey, Don. I want to talk to you."

It was Sam, another cabbie. A guy who spent a lot of time worrying about tomorrow. He kept trying to convince me to go into partnership and form our own cab company. No way.

"Sorry, Sam, I don't have time. I'm on my way to break bread with a very cool lady. And I don't have the money for anything else." I figured that said it all.

But Sam was persistent, as usual. "It won't take much money if we go in together."

"Listen, man, I'm strapped, tapped... I mean, broke," I protested, as he pulled me into the coffee shop. "You could save it in no time," he said.

I was getting annoyed. The future could take care of itself. "It's hard to understand, I know, Sam, but me... I'm young. Life is filled with wine, women and song. I spend it as soon as I get it."

He shook that off. "Put some away before you get it."

I asked him how to do that trick. He said, "The Payroll Savings Plan. You'll never miss the little they take out of your pay. And those savings add up like crazy."

As he talked he picked up a napkin and drew a design on it. Then printed our names inside. Mine first. Suddenly, right then, I saw it all. The future. And it looked good.

That was awhile back. Today, I wore my newest suit to watch them paint our names on the door of a brand-new cab. Our sixth.

# WHY YOUR PHONE KEEPS WORKING WHEN THE T.V., LIGHTS AND TOASTER DON'T.

In the event of a power outage, it's good to know there are a couple of things you can depend on.  
 Like a reliable flashlight with a fresh set of batteries.  
 And your telephone.  
 Unlike regular electrical appliances, your telephone won't go dead during a black-out. That's because it's backed up by a secondary power system consisting of batteries and a standby generator.  
 But these batteries are unlike anything you'll find in a flashlight. Ours are large enough to fill a room.  
 The batteries are kept in constant charge by commercial power. Then if there is an outage they're switched on automatically until our standby generator has time to take over.  
 Naturally this system is more expensive than one relying solely on regular commercial power. But it helps make your phone system more dependable, particularly in the event of an emergency.  
 And we think it's important that you can depend on your telephone during the times when you depend upon it most.

## Vo-Ag Department

### Selected By ETSU

The Vocational Agriculture Department at Rivercrest High School has been selected as a student teaching center by East Texas State University.

#### Morgan Named

##### Region VIII Representative

Talmadge Morgan, Superintendent of Talco-Bogata Consolidated Independent School District was elected as the representative of Red River County to the Region VIII Executive Committee for 1979-80, when the Joint Committee of Region VIII Education Service Center held its annual meeting with the Center's Board of Directors on August 29, 1979, in Mount Pleasant, Texas. L. H. Griffin, from Hooks, Texas, retiring as Chairperson of the Board of Directors, was presented a plaque in appreciation of his service to Region VIII Education Service Center. Remarks made by Griffin indicate that he has served 57 years in the public schools of Texas. He served as teacher and administrator for 46 years and 11 years as member of the Board of Directors of Region VIII Education Service Center.

according to Talmadge Morgan, Superintendent of Schools and Tillman Hale, Rivercrest Principal. During this semester Donald Kennermer and Marty Spradlin, Agricultural Education Majors at East Texas State will spend the week of September 10, 1979 through September 14, 1979, in the Vo. Ag. Department. They will again be in the department from November 5, 1979 through December 20, 1979.

This student teaching is part of the experiences provided students preparing to become teachers of vocational agriculture and professional agricultural workers. According to Dr. A. C. Hughes, Head of the Department of Agriculture at East Texas, only high school vocational agriculture departments are selected that are considered to be outstanding. "We consider the Rivercrest Vo. Ag. Department, under the direction of L. P. Taylor, Craig Ingram, and Randy Clarkson to be among the top departments in Texas," said Dr. Hughes. Doing student teaching will be Marty Spradlin whose home is at Garland, Texas and Donald Kennermer whose home is at Lake Creek, Texas.

Rivercrest would like to welcome these student teachers to the Talco-Bogata communities.

ED SMITH is shown with the 15ft. 5 1/2 in. rattlesnake he killed crawling across the road on 196, near the McCrury community 2 miles of Highway 37. The snake was killed Friday night, Sept. 7, with a 22 automatic and had 15 rattlers and one button.

#### Football—

Continued From Page 1  
 lost fumbles and one interception.

An early Rebel drive in the first quarter ended on the Hawk 27 yard line with a Rebel fumble, but the Hawks could not take advantage of their opportunity. The Rebels punted the ball away on the next series, then pinned the Hawks tightly into their own territory until the end of the first quarter. Rivercrest again fumbled the ball away on their first possession of the second quarter, giving the ball to the Hawks at the Rebel 42 yard line. The Hawks threat this time was turned into a Rebel touchdown with Via's interception and Scales' 72 yard touchdown run.

Following the Rebel kickoff, the Hawks punted the football away, pinning the Rebels on their own 15 yard line. James Strickland got off a 35 yard punt to get the Rebels out of trouble temporarily, but the ensuing Hawks punt put the Rebels back at the 13 yard line. Unable to move the ball again, Strickland's punt was blocked, giving the Hawks the Rebel 38 yard line. An interception at the half time whistle ended the Hawks drive.

The Rebels were unable to put together any semblance of a sustained drive during the third quarter, although Jerry Merchant made a first down on a 14 yard run and Billy Scales made another first down on a 29 yard run.

A Hawks threat in the fourth quarter was ended when Rebel Brian Roberts recovered a Hawkins fumble on the Rivercrest 19 yard line. When Strickland punted the ball away four downs later, Mark Plumlee took the punt on the Rebel 44 yard line and raced across the Hawkins goal. A clipping penalty nullified the score. Rebel defense stymied the last Hawkins drive on the Rivercrest 17 yard line, and a Via to Scales pass for 39 yards, followed by a 27 yard run by Billy Froelich to the Hawkins 29 put the Rebels within scoring range. With only seconds to go on the clock, Via made a series of attempts to pass, but did not have enough time to set up for the pass attempts.

The power I formation did not seem to present that much of a problem for the Rebels, who run from the Wishbone with senior Jimmy Via at the helm. The yards gained rushing statistic proves that. Via worked the quarterback slot as a freshman, and for the past two years has worked out in that position for the Rebels. Being caught behind the line as quarterback several times hurt Via's average, computed at a negative 10 yards rushing. Scales gained 158 yards in 15 carries, and caught one Via pass for 39 yards. Froelich carried five times for 39 yards and Merchant carried three times for 20 yards.

## Talco P.T.O. Elects New Officers

The first meeting of the Talco P.T.O. was held Aug. 27 at 10:00 a.m. The purpose for this meeting was to elect a new president and secretary-treasurer.

The 1979-80 officers are Sue Bond, president; Mary Lou Hall, vice president; Rita Redd, secretary-treasurer; and Judy Easley, reporter.

A regular scheduled meeting was held Monday, Sept. 10. A discussion was held concerning a new speaker system to be purchased but no final decision was made, although, it will be checked into.

Several committees were chosen for the Halloween Carnival which will be held Oct. 27. The preparation for the carnival will now begin

and it is hoped will be a big success. "With all the help and co-operation of the parents and merchants it can be the best ever!" Mrs. Bond said.

The next meeting will be held Oct. 1 at 7:00 p.m. "All you working parents this is your opportunity to speak up," Mrs. Bond stated. Everyone is urged to attend.

## Committee On Aging Holds Meeting

The Red River County Governors Committee on Aging met September 4 in the Extension Conference Room and made plans for various activities for the Senior Citizens of the County.

Plans were made to set up a Senior Citizen Rest Stop in the exhibit building during the County Fair. All Senior Citizens are invited to come by, rest for a while then continue with the fair.

Plans were also made to conduct a Living exhibit of Skills of Yesterday on Oct. 2 at the exhibit building at the fair grounds. All Senior Citizens are invited to dress in clothing of yesterday, set up an exhibit and demonstrate a skill or craft of bygone days. Reservations for

an exhibit space can be made at the County Extension Office in the old hospital building or by calling 427-2493. This exhibit is free to the public.

The annual Senior Citizens Bazaar will be held Nov. 3 in Clarksville. All Senior Citizens are invited to set up a booth and sell their homemade crafts, gifts, and baked goods. Reservations

for booth space can be made by calling or writing the County Extension Office and paying a \$1.00 entry fee.

The Governors Committee on Aging is a part of the Texas Agricultural Extension Service and serves people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.
