WHIPKEY PRINTING COMPANY

COLORADO BARGAIN HOUSE WILL DOUBLE CAPACITY

The Colorado Bargain House, enjoyed the largest sales the past year ever in the history of the house and predicts a greater volume of business for 1923.

L. Landau, manager of the Colorado Bargain House, stated Saturday that his company had acquired the building adjoining the store and now occupied by the H. B. Broadbent & Son Grocery, and would equip this, as well as the building now occupied by them, with modern fixtures throughout in order to better display the large stocks of clothing, ladies ready-to-wear, shoes and general dry goods to be carried.

This will give us double floor space and we can better take care of the wants of our many satisfied customers.

Landau left Saturday night for the St. Louis and New York markets to purchase goods for the Colorado store. "We are going to carry a stock twice as large as we have in the past," Landau stated, "and will spare no expense in making of the Colorado Bargain House one of the leading department stores of this part of the State. New fixtures for equipping several individual departments, such as shoes, ladies ready-to-wear, and others have been purchased and we will look to the convenience of our patrons in every department of each of the buildings to be occupied."

When asked as to what he would do with such a large stock of general dry goods in case a short crop should be experienced in the Colorado territory this year, Landau stated that he did not anticipate any material slump in business at Colorado, even should crops not be as large as we hope, because my long experience in the mercantile business at Colorado has taught me that we never fail. Even with a short crop, which I do not anticipate, we would have the oil industry to fall back on, which, according to my opinion, is to soon develop into the real commercial asset of the Colorado territory."

One of the new exclusive departments to be opened and maintained by the Colorado Bargain House when the two buildings are occupied will be a gents furnishing department in which every demand of the boy, young man or the adult may be filled. This department will be enlarged so as to carry at least twice the amount of these furnishings now shown by the company.

"Shipment of our new fixtures and goods to Colorado will establish another precedent at Colorado," Landau stated. "A few months ago our store did the unusual thing by receiving the largest shipment of shoes ever consigned to a Colorado merchant, and when our new goods and fixtures to be bought within the next few weeks begin to arrive, they will come in car lot shipments. Of course, our huge buying power gives us a good marginal saving in both the wholesale market and in quantity freight rates."

Landau stated that the same policy of the Colorado Bargain House in passing these savings on to their customers would be maintained. The large stocks now carried by the store were purchased at a time before the last upward trend in the wholesale markets, he stated, and the general public will also benefit in that fact by being given the privilege of the lower retail price.

Greater efficiency in the sales departments will be another feature of

MITCHELL CLUB WOMEN SUPPORT BOND ISSUE

At the January meeting of the Mitchell County Federated Club, held recently in the Sunday school rooms of the First Baptist church, several addresses were delivered in which the needs for a new court house for Mitchell County were explained and the plea made for support of the proposed court house bonds to be voted on January 27th.

Representatives from practically every affiliated club in the county were in attendance and pledged their support in voting the bonds. It developed that several of the club members did not understand fully the needs of a new court house, while others did not understand the official statement from Commissioners' Court that the proposed bonds would not increase taxes. Speakers who had previously investigated both these conditions, explained them in detail and as the meeting was adjourned many of the ladies left the building enthusiastic for the bonds.

During the past week requests for detailed information as to the tax rate necessary to liquidate the bonds, the type of building proposed and confirmation of reports concerning the actual condition of the present court house have been received by the president, Mrs. J. G. Merritt, the home demonstration agent, Miss Laceywell, and the Chamber of Commerce.

"Visit the court house and make a personal investigation of the building to ascertain for yourself whether we need a new building," was the key note sounded in several of the addresses made by club women at the meeting. The ladies were urged to see members of Commissioners' Court in person and ascertain from them information as to the statements affirming taxes would not be increased and that to make repairs to the old building was a problem about as expensive as that of erecting an entirely new building.

CLUB WOMEN WOULD BAR FATTY ARBUCKLE PICTURES

That Mitchell County club women would oppose strenuously the showing of pictures either starring or featuring Roscoe (Fatty) Arbuckle in motion picture theatres of Mitchell County is shown in resolutions recently passed by some of the leading clubs of the county which are affiliated with the County Federation. Leading women throughout America are sounding their indignant disapproval of the recent announcement of Director General Will H. Hays of motion pictures that Arbuckle would be allowed the opportunity of "coming back." The demand that Arbuckle be denied the screen is not a political question, but rather one affecting the moral atmosphere of the boys and girls, young men and women who constitute the larger percent of patrons of American picture theatres.

The bigger Colorado Bargain House, according to Landau. "Because of our crowded condition in the one building, the occasion often arises when we are handicapped in giving patrons the efficient service to which we consider them entitled. In occupying the two buildings, we will have plenty room and will spare nothing that might add to the convenience of patrons of the store."

Addition of new fixtures is not the full program outlined for making of the new Colorado Bargain House a place of real attractiveness, Landau stated. Each of the buildings are to be newly decorated on the interior and as a matter of convenience a passageway will be opened between the two buildings by cutting an opening in the partition wall.

"You tell the people that we are stronger than ever for Colorado and that the longer we live here the more convinced we become that this is the best town in all of West Texas," Landau exclaimed as he hastened to catch the east bound Texas & Pacific Saturday night. "We are but striving to contribute our bit in keeping abreast the wonderful development of the town and surrounding country and shall continue to look ahead to bigger things." Adv.

REPORTED OPPOSITION TO BONDS CONSIDERED SMALL

Reports that considerable opposition had developed to the court house bonds in some of the leading communities of the county were apparently over estimated, according to statements made Wednesday by the county judge and others who have during the past week discussed the issue with scores of leading citizens from over the county. From information gathered by these men it was found that much of the opposition was based upon a misunderstanding of the circumstances affecting the old court house and the tax rate that would be required to carry the bonds.

"The articles in The Record last week, describing in detail the true condition of the old court house and giving a statement as to the tax rate necessary to carry the proposed bonds, did much to clarify the question," Hall stated. "Many of our best citizens were found to have misinformed as to the condition of the court house, believing that repairs were the most practical thing to do, while others did not understand how that a new issue of bonds could be carried without increasing the tax rate."

During the past week a number of citizens have acted upon the suggestion of The Record and made a personal investigation of the present court house. Up to Wednesday afternoon there had not been one of these citizens who expressed himself but who declared in favor of the bonds. Prior to the investigation several of them were opposed to the issue. Any citizen who is not fully satisfied as to the actual need for a new court house should come to Colorado and look the old building over, examining the foundation, outside walls and the interior of the building throughout.

ENDEAVOR PREPARING FOR CONVENTION BE HELD HERE

The Senior Christian Endeavor Society has been busy planning for the Spring convention of Abilene District which meets in Colorado next April. The date has been set for April 20, 21, 22. The convention committee, composed of Mary Broadbent, James Joyce, Darrell Skinner and Juanita Pond, will be busy for the next few months planning for a good program and arranging for the best speakers of the district to be brought here.

There are several other committees appointed for the purpose of trying to make this convention a great success and everyone is expected to do his best. The members of the Epworth League have very kindly promised to help, so with our combined forces we ought to be successful.

LIONS TO CELEBRATE LADIES NIGHT FEB. 12

The Colorado Lions Club will observe "Ladies Night" on the evening of February 12th, according to announcement made by Col. C. M. Adams, president. Adams stated that the Lions determined to observe ladies night on that date following discussion of the proposed event at the luncheon last Friday. Ninety-six plates were placed for the first ladies night banquet of the club, held at the Barcroft two months ago, and the Lions and their friends who attended claimed it to have been one of the most successful social occasions ever held in Colorado.

The club membership discussed proposed plans for a cleaner city at the luncheon Friday and pledged cooperation of the organization to city officials in inaugurating a clean-up campaign. Invitations have been sent to Mayor R. H. Looney and members of the city council to meet with the club Friday as guests of the Lions.

Because of so much sickness in the city, attendance Friday was small, there being only 18 members present. It was the first time since the club was organized in July that no visitors were introduced.

1,130 POLL TAX RECEIPTS ISSUED BY TAX COLLECTOR

Out of a total of more than 2,000 assessments in the county, only 1,130 poll tax payments had been registered at the office of the tax collector Tuesday at noon. Chas. Franklin, office deputy of I. W. Terry, stated. These figures show that not more than fifty-five percent of the poll tax assessments have been paid. Last year approximately 2,000 poll taxes were issued in Mitchell County.

Distribution of poll tax payments, by precincts were as follows:

Colorado, 484; Loraine, 362; Westbrook, 120; Cuthbert, 56; Buford, 36; Landers, 10; Spade, 31; Carr, 21; Iatan, 4; McKenzie, 6. Six certificates of exemptions had been issued, placing the total to qualify their suffrage at 1,136.

Only twelve more days remain in which to make payment of poll taxes for 1922 and have the privilege of voting in elections which may be held during 1923. February 1, all unpaid taxes automatically become delinquent.

Franklin stated that he expected to be kept busy during the few remaining days of January issuing tax receipts. During the last few days of this month one year ago the tax collector's office was perhaps the busiest place in Colorado and during a part of the time the office was kept open at night.

MISS LENA CHESHIRE IS BURIED HERE SUNDAY

Funeral services for Miss Lena Cheshire, 21, who died Friday morning at her home at Nashville, Ark., were conducted Sunday morning at the Church of Christ, Elder M. L. Vaughan of Abilene officiating. Relatives attending services were her father, J. B. Cheshire of Nashville, who accompanied the remains to Colorado, and C. A. Cheshire, an uncle of Amarillo.

With her father, Miss Cheshire spent fifteen years of her girlhood at Colorado and received her education in the public schools of the city. The family left here in November, 1921, for Nashville where they had resided since. Miss Cheshire died after a lingering illness.

The funeral services were attended by a large number of friends of Miss Cheshire and the family, which together with the floral offerings, spoke of the esteem in which she was held at Colorado. Elder Vaughan paid a beautiful tribute to the life of the young lady.

Mr. and Mrs. James Charlton of Sweetwater were in Colorado Monday, on business for the Gulf Production Company and she to visit friends.

COLDS AND FLU EPIDEMIC SCHOOLS CLOSE ACCOUNT

The Horns Chapel and Fairview schools were temporarily closed last week on account of there being so much sickness from colds and influenza in those communities. Fairview school was opened again Monday morning, but it was not known Wednesday afternoon when the Horns Chapel school would open again.

From every section of the county comes report of an unusual amount of sickness. C. W. Hooks, principal of the Buford school, was in Colorado Saturday and stated that so many people of that section were ill from colds and influenza that the disease had almost assumed the proportions of an epidemic. Out of an enrollment of more than eighty scholars, only forty pupils were in attendance at the Buford school Friday, Hooks stated.

The influenza is in a mild form, however, and but few deaths have been reported and these were in cases where patients developed pneumonia. J. C. Hall, county superintendent of instruction, stated Tuesday afternoon, that he expected the condition to be greatly improved within the next week or ten days.

MRS. Wm. P. RUDDICK BURIED HERE SUNDAY

Mrs. W. P. Ruddick, 68, pioneer citizen of Colorado, died at her late home in the city Friday afternoon at 3 o'clock following a brief illness from pneumonia. Funeral services were held Sunday afternoon at the First Methodist church at 2 o'clock by Rev. J. F. Lawlis, assisted by Rev. R. A. Clements and Rev. M. C. Bishop. Burial followed in I. O. O. F. cemetery.

The auditorium at the church was filled to capacity with friends of the deceased and many were seated in the south wing of the building. The floral offering was one of the largest and most beautiful ever seen in Colorado. Relatives and friends were here for the services from Snyder, Sweetwater and other points.

Each of the ministers participating in the beautiful service paid a fitting tribute to the life of Mrs. Ruddick. Rev. R. A. Clements, her former pastor, spoke in a touching manner as he recalled some of the beautiful Christian characteristics of the deceased. "When we state she was a good woman, we have said about all that we can say about her," he stated, "but Sister Ruddick was one of the best women I have ever known. She has fought a good fight; she has kept the faith, henceforth there is laid up for her a crown of righteousness."

Rev. Mr. Bishop spoke of the reward of those who die in the Lord, as Mrs. Ruddick had died and pointed the bereaved relatives and friends to the exultant consummation of the Christian hope which opens into the city of God at the crossing.

"She was counted the truest among friends, the best among neighbors and the purest among Christians," Rev. Mr. Lawlis stated. "She was indeed a good woman and the community suffers a great loss in her passing." The minister recalled that just before death, Mrs. Ruddick called her children about her and expressed to them her willingness to depart and be at home with God.

Sarah Ann Hutchins Ruddick was born in Yeadkins County, North Carolina, December 3rd, 1854. When a child of 6 years she moved with her parents to Iowa, in which state she grew to womanhood. It was in this state that she was married to William P. Ruddick on June 24th, 1875. Mr. and Mrs. Ruddick soon after their marriage moved to Oregon where they lived until 1882, when they came to Colorado. The family made their home here continuously since that time.

Mr. Ruddick lost his life in an accident in 1914. He fell from a wagon loaded with cotton and sustained injuries from which he died. Mrs. Ruddick is survived by four daughters, Mesdames Jas. T. Johnson, J. H. Greene and Pearl Shannon of Colorado and H. G. Towle of Snyder, all of whom were with their mother when death came. Three brothers and two sisters also survive.

W. P. Ruddick carried the distinction of having been the first settler in Mitchell County to improve a farm. Thus of him it is to be said that he pioneered the agricultural industry in this county, which has developed so rapidly during the forty years interim as to place this county among the leading producers of farm products in all of West Texas.

BIG BAND CONCERT TO BE HELD AT COLORADO

M. S. Goldman, director of the Colorado and Sweetwater bands, stated Monday that he was completing arrangements for a concert at Colorado in which the two bands would appear, making about forty pieces. The concert will be given in the street near City National Bank at three o'clock Sunday afternoon.

The band concert given on the afternoon of New Year's day at Second and Walnut streets was heard by several hundred people of Colorado. Goldman has the Colorado Booster Band in prime condition and plans taking the band to the West Texas Chamber of Commerce convention at San Angelo in May.

THREE NEW RIGS GOING UP IN FIELD THIS WEEK

Derrick at location made a few days ago by the Lou-Tex. Oil Company, in Survey 116, two miles south west from the town of Dunn in Scurry County, was about completed Thursday morning and the crew expected to commence rigging up Saturday. Tools for this well were moved from Colorado to the location Tuesday and Wednesday. Materials for derricks for tests by the Gulf Production Company in Block 14 of the G. A. O'Keefe Subdivision, and the California Company, in southwest quarter of Section 27, Block 28, were moved to the locations Tuesday and the rigs are now being strung.

M. E. Adams, field superintendent for the Underwriters Producing & Refining Company, was in Colorado Wednesday and stated that development was progressing at practically all of the drilling wells in the Underwriters Block. A strong vein of fresh water was encountered in Morrison No. 3 last week at a shallow depth, Mr. Adams stated, and this will prove a big asset to operators in the Westbrook vicinity, as water has been scarce much of the time. Adams stated that water wells would be drilled near the Morrison Three from which to take water for operations at all jobs in that locality.

Heretofore operators have depended upon surface tanks for most of their water supply, as well water previously found has contained such a large amount of salt solution as to render it unfit for boiler use. Some of the surface tanks in the field are becoming low, because of the continued dry weather. Ten-inch casing has been set at 595 feet in Morrison No. 3 and drilling has reached a depth of 658 feet.

The string of tools which were lost in Zilpha Morrison No. 1 several days ago at 2630 feet have been abandoned following unsuccessful attempts to extricate them and the well was again put on the pump Tuesday. This well was shot and placed in the producer class several months ago at 2550 feet but the owners determined to test for deeper pay. At 2570 feet another good sand was penetrated and still another at 2625. The crew was drilling in sand when the tools were lost.

At Smith No. 1 the crew is landing 6 5/8-inch casing at 2464 feet and will mud in to shut out water. This well is now 2500 feet in depth, with a favorable showing of gas.

The California Company has set 500 barrel storage tank at their location in Section 27 and will dam up creek near by to impound water on which to operate.

Looney et al. are spudding at 75 feet at their Texas & Pacific No. 1 in Section 39, Block 28. Tools which were lost in Smartt No. 1 of S. A. Sloan, et al, when the derrick burned down a few days ago, have been recovered and drilling is being resumed at 1400 feet.

Badgett No. 1 and Coleman No. 1 continue to hold considerable interest from oil men at Colorado. The offset well to be drilled near Badgett No. 1 by Bowser & Reed is expected to be closely watched. The crew at the Coleman well are plugging back to about 2900 feet. This well will be given a nitro shot to test sand penetrated at from 2730 to 2785 feet.

BOY SCOUTS BANQUET AT BARCROFT FRIDAY NIGHT

Fifteen members of the Colorado Boy Scouts organization attended the banquet Friday night at the Barcroft. The banquet was arranged by Rev. W. M. Elliott, scout master, who acted as toastmaster. W. B. Crockett, assistant scout master, District Judge W. P. Leslie and Mr. Wyatt also attended the banquet. Addresses were delivered by Rev. Mr. Elliott, Judge Leslie and Mr. Crockett.

Activities of the boy scouts at Colorado, together with plans for the future, were discussed by the scout master. The boys plan another banquet within the near future.

SEVERAL PUPILS ENROLLED IN WEST TEX. COMMERCIAL

Alton H. Perry, manager of the West Texas Commercial College, which institution will open a school at Colorado, stated Wednesday afternoon that several pupils had been enrolled and that work of organizing the class was progressing satisfactorily. Just when the school would

open, Perry could not state, this depending upon the time required in which to enroll the necessary number of pupils and complete other preliminaries.

"The college we are to open at Colorado will offer the same courses and just as good instruction as is possible to obtain at any standard business colleges," Perry stated. For the convenience of young men and women who are working, a night school will be conducted.

BAND CONCERT MONDAY NIGHT AT WESTBROOK

M. S. Goldman, director of the Colorado Booster Band, stated Wednesday that the band would go to Westbrook Monday night for a concert program at the school house there, commencing at seven o'clock. In addition to an interesting musical program short addresses will be made by interesting speakers. Everybody of the Westbrook section is invited to attend. The concert is free and no collection will be taken, Goldman stated.

A representative of the Chamber of Commerce was at Westbrook recently and in addressing the school stated that the band might come there for a concert program, if extended an invitation. Pupils of the school were unanimous in requesting that the concert be given. The band had planned going to Buford last Monday night for a concert but because of so many people of that community being ill from flu and colds, the event was postponed.

Westbrook school children are reminded of their promise to have every boy and girl, man and woman of the community present for the program.

C. S. POND KILLED AT LAMESA LAST THURSDAY

From Lamesa Reporter:
About 9 a. m. this morning a shot rang out in front of the new Westland Hotel and it was soon learned that C. S. Pond lay a corpse, just inside the door of the lobby.

It seems there had been some trouble about the painting on the hotel between Mr. Pond and Mr. Farrier and previously they had had some trouble, both being painters and one contracting for some part of the work and the other some other part. They had quarrelled this morning and a fight had been prevented by witnesses and later Mr. Pond was shot in the chest with a small gauge shotgun and T. J. Farrier surrendered to Sheriff Cooksey.

SCHOOL AND BANK BUILDINGS COMPLETE BY FEBRUARY 15

That both the Colorado National Bank and Hutchinson School buildings would be completed February 15th, was predicted Tuesday by P. K. Williams, of J. M. Morgan & Company, contractors. Plastering on the second floor of the bank building was completed Tuesday and on the first floor of the school building Wednesday.

Practically all materials for completing the two contracts are on the ground, Williams stated. Tuesday afternoon plastering was commenced on the inside walls and ceiling of the first floor of the bank and Thursday at noon this work was begun on the second floor of the school. Carpenters at the school job are laying flooring and placing other mill work.

The first floor of the bank cannot be finished until after the fixtures are installed. Contract for the fixtures has been given to the Dallas Show Case Company. The floor composition will not be laid until after the fixtures are in place.

SPECIAL NOTICE

Many complaints have been made about parties dumping garbage and trash on vacant lots and other property in the city and I hereby warn all haulers and others that this must be stopped. A CORRECTION

In reporting the removal of De Garmo and Son to their new location in last week's issue, it was stated that the building vacated by De Garmo and Son was to be "occupied by Dobbs Bros." Jim Dobbs said Friday that there is no such firm as "Dobbs Bros." and that he is still at the location vacated by De Garmo and Son under the firm name of Jim Dobbs Garage. The Record is always glad to publish a correction when an error has been made in its columns.

BAND BENEFIT PROGRAM AT PALACE NEXT WEEK

The Oran C. Hooker Post, American Legion, is bringing one of the leading picture productions of the year to Colorado next week, when the Jesse L. Lasky production, "Blood and Sand," starring Rodolph Valentino, appears at the Palace three days, Thursday, Friday and Saturday. The scenario is by June Mathis from the novel by Vicente Blasco Ibanez and the play by Tom Cushing.

The picture will be shown at night and afternoon matinee, with special concert music by the Colorado Booster Band, under direction of M. S. Goldman. The American Legion memorial fund is to benefit in the proceeds.

A MASTERPIECE AT THE BEST THEATRE

Among the notable plays being presented at the Best Theatre there is especially one to be noted which plays next Monday and Tuesday. It is a story by William Allen White called "A Certain Rich Man." As many people have read the book the story will be remembered as dwelling on the typical small town character who has made a little money and is usually the leading influence in a small town. The play covers three distinct periods of time and has three sets of characters. Reports have it that the play as a whole is a master producer's masterpiece.

Keeping What You Have

MANY men who spend most of their lives working hard to secure a competence for themselves and families lose sight of the fact that it takes thoughtful planning to keep the money they have saved. An ill-considered speculation or an unwise business venture may wipe out the proceeds of years of labor.

For forty years we have helped people to keep and add to the money they have saved. We specialize in the personal banking service needed by thrifty and thoughtful men and women who wish to secure to themselves and families the benefits of what they have accumulated.

In fact nothing gives us greater satisfaction than the thought that we have helped and are helping thousands to secure a competence and preserve its benefits for themselves and families.

TEXT BOOK AWARD IS DISCUSSED AT AUSTIN

AUSTIN, Jan. 20.—Members of the House engaged this morning in a short discussion of the Laird resolution demanding an investigation of the awards made by the Texas State Textbook Board, but before any votes were taken, the Senate arrived in the House hall for a joint session to witness the counting of the vote cast last November.

Representative Laird said that the people of the State were discussing the award, which cost nearly \$2,000,000, and were anxious to know the reasons for it. He said that enough money was spent in the award to keep all the schools in Texas open for a month, while now the rural schools all over the State were closing for lack of funds.

The people "demand a fair and candid inquiry," he asserted, and he asked for it "in justice to the school children of Texas."

Discussing the award, he said that a new geography was bought because it was up-to-date, while he said the contract which had been in force called for the revision from time to time of the old geography and that it had been kept up to

date. He gave it as his opinion that no geography could be printed at this time that would be up to date except through the use of supplements with which the old geography was provided, for, he set forth, "a new revolution changes the map of Europe nearly every day."

Representative Purl of Dallas said that the "people did not send me down here to be the cat's paw of any book concern," and he believed that the "men on the board were honest."

The whole fight is on between two rival book publishers and he proposed an amendment extending the investigation to include 10 years back. Representative Gipson was on his feet calling for recognition when the presence of the Senate at the bar of the House was announced.

More than 500 replies have been received to the questionnaire sent out by 20 members of the Legislature to superintendents of schools asking for their views on the textbook award. Only six superintendents have replied that they were satisfied with the award.

Mrs. Millwee and little son, George Tate, have returned from their visit with relatives in Hamilton.

MAN KILLED IN AUTO WRECK NEAR MERKEL

MERKEL, Texas, Jan. 20.—L. C. Bubree, living three and one-half miles Northwest of this place when returning home from Merkel in company with his wife and daughter was instantly killed when his automobile turned turtle on the pike one mile west of town. Mrs. Dubree was driving the car when the accident happened and she says that in some manner the steering mechanism went out of her control. The car turned squarely top-side down, pinning its victim underneath the steering wheel. The wife and daughter escaped unhurt.

Mr. Dubree was a very prosperous farmer of this community and leaves a large number of friends, as well as the wife and a large family, to mourn his loss.

"ALL A MISTAKE"

Play with a moral, don't select a wife for another fellow, to be given at Best Theatre January 19th by Christian Endeavor Society. Characters selected from high dramatic club.

Captain Odrda Skinner—Willis Jones.

Lieut. Geo. Richmond, his nephew, —Ed. Jones, Jr.

Nellie Richmond, his wife—Hettie Ervin.

Richard Hamilton, country gentleman—R. B. McIntyre.

Fernand Lighththead, a neighbor—Joe Pond.

Cornelia Nellie Skinner, captain's sister—Marie Ferguson.

Nellie Huntington, a friend—Mary Broadus.

Nellie McIntyre, the maid—Ida Bell Bean.

The scene is laid on Capt. Skinner's farm, with the arrival of Geo. and his bride. They believe their uncle to be dead having married the girl contrary to his uncle's wishes. Nell Huntington comes in and offers her assistance. They pretend that George has married Nell Huntington. Cornelia has answered a matrimonial ad and is expecting her lover to meet her at Oak Farm. In the meantime, Nell Huntington's fiancé appears. Ferdinand Lighththead, who has advertised for a wife comes in and is taken for a lunatic by George escaped from an asylum next door. George soon learns that he is a

friend of the Captain and gets jealous because he is also a friend of his wife. But it all works out in the right way and all live "happily ever after." The price of admission will be 25 and 50 cents and the public is most cordially invited to have an evening's fun and encourage the young folks. The specialties will be vocal solo by Miss Marcilla Price. Readings by Miss Eloise Pond and special numbers by High school orchestra.

Some of the speakers at the Fort Worth West Texas A. & M. Conference asserted that the institution is assured, but this seems to be an extravagant view of the situation. There is a long hard fight before West Texas to get this matter through the legislature, and it is an uphill fight at that. Not only is a large body of legislators opposed to it, but the governor is not in sympathy with the movement if we take his veto of the previous bill as an

indication of his attitude. West Texas should not be overconfident. She is convinced of the justice of her cause, but there must be no slacking of the battle.—Abilene Reporter.

The Bay View met with Miss McComas. The lesson on Antony and Cleopatra was led by Mrs. Tom Stonerod. The hostess served a salad course, cake and coffee at the social hour. The meeting this week is with Mrs. Robert Brennand.

HAVE YOU ATTENDED OUR Range Demonstration YET?

We will continue through Friday and Saturday of this week, also Monday, Tuesday and Wednesday of next week.

All Women Are Invited

It doesn't matter whether you are now an owner of an electric range or whether you ever intend to become one, we want you to come to these demonstrations on any and all afternoons convenient for you. Coffee and various other things prepared the electrical way will be served free—different things every day.

Bring Friend Husband

We want the men folks to come to this demonstration also and to taste for themselves the delicious flavor of foods prepared the electrical way. And by the time they have noted the convenience, speed and economy of the electric range, they will become convinced that it is as much to their interest as anybody's to have one of these splendid cooking aids installed in their home.

THE BOND ELECTION

Saturday of next week the tax paying voters of Mitchell County will either endorse or reject a proposed bond issue of \$115,000, with which to construct and equip a new, fire-proof court house in Mitchell County. The Record does not desire to be understood as attempting to force this issue upon the public, but we do believe that every citizen should do what is best. If it is the best for all concerned to vote the bonds down, then vote against them; if they should be adopted, then we should support them in the election Jan. 27th.

The best way to arrive at a conclusion as to what we should do, it appears to The Record, would be for the voters to make an investigation into the merits, or demerits, of the issue. The report was received by

this paper Wednesday that parties recently investigating the old building had found it in apparent good condition and recommended that the only need was some \$25,000 for repairs. This is a conjecture that will not stand up under impartial investigation. If you still believe the old building could be repaired, or that the public records of the county are not in actual danger of being lost in case of fire, The Record advances that you have been misinformed and invites you to come and investigate for yourself. If you doubt the statement that the proposed bonds will not increase your taxes one penny, consult your county commissioner or the county judge.

CONTENDING FOR HONORS

In an interview published in the Dallas News Thursday of last week, Homer D. Wade, assistant manager of the West Texas Chamber of Commerce, with headquarters at Fort Worth, is quoted as saying that the fight to create a West Texas A. & M. college was started by Porter A. Whaley.

In reporting the West Texas A. & M. convention at Fort Worth Friday the Star-Telegram states:

"Prediction that the present Legislature in January or February will create the college was made by Porter Whaley, manager of the West Texas Chamber of Commerce. He recalled that the movement was

launched in Amarillo, 1916, and that all West Texas now realizes that the movement is to bring success."

We were under the impression that the movement was launched at Sweetwater. At any rate, all the information we have heretofore had on the matter conceded that the first meeting called to inaugurate the campaign was held in Sweetwater and presided over by a citizen of Colorado.

THE NEW STATE SENTIMENT

From the Amarillo Tribune:

Speakers at the Jackson Day Dinner held in Amarillo Monday night emphasized a condition that must be remedied in Texas, though some of them differed as to the right method to pursue to attain the end desired. It is well known that West Texas and the Panhandle-Plains country are bearing an unjust share of the burden of taxation in Texas. We pay much and get little from the State Government. Some of the speakers urged that the time has arrived for Texas to avail herself of the privilege of the terms of the agreement under which the State was admitted to the Union which specified that Texas might be divided into as many as five states.

Other speakers, while admitting the injustices of the present situation and joining in the demand that relief be granted, were emphatically against any division of Texas.

This feeling for a new state is not a lack of respect and reverence for the traditions and history of Texas. People of this western portion of Texas are just as loyal to the State of Texas as the people of any other section, but they are getting tired of the Counties of Texas—all located in the eastern part of the State—drawing more money out of the State Treasury than they pay in total taxes. They are getting tired of a condition as to representatives in State and National legislative bodies which gives a white man in East Texas about four times as much voting power as a white man in West Texas. They are getting tired of paying taxes for the support of a State Agricultural and Mechanical College in the malarial district of East Texas which cannot render service to the whole state. They are getting tired paying the bulk of the money that goes to make up the so-called rural school aid fund and having the law so drawn that West Texas counties cannot participate in the distribution of the fund.

These are, briefly, some of the reasons that a great many citizens of the western part of Texas—many of them native Texans who have come here from other portions of the State—are firmly convinced that the only hope for getting a square deal is the formation of a new western State.

There are sentimental reasons against such a move and there are some economic reasons against it. The question of freight rates enters very largely into the question, and in some respects the system of academic education is a factor to be considered. The State University at Austin and the various normal schools are a very satisfactory arrangement. But in the minds of many good citizens these considerations are outweighed by the heavy drain of taxation under our present system and the fact that we are discriminated against in the matter of representation both in Congress and the Legislature.

The demand for a new State would be greatly diminished if not altogether wiped out if West Texas and the Panhandle-Plains country were given a square deal under the present arrangement. Some of our East Texas politicians attribute the demand for recognition in this part of Texas to a desire for political spoils. They think we demand a West Texas Agricultural and Mechanical College purely as a matter of spoils. They think we want more representation merely in order to get more offices for our western men. If The Tribune knows the real sentiment of the western part of Texas these ideas are unfounded. All we want is a square deal, and we would gladly consent to a reduction in size of the Legislature if the representation were placed on an equitable basis.

APPLICATIONS FOR CITY WATER CONNECTION DAILY

Applications for connection with the city water mains are being filed with the city secretary daily, it was stated at the city hall Tuesday afternoon. At that time a total of thirty seven property owners of Colorado had filed these applications since the water extensions were commenced a few weeks ago.

City Secretary L. A. Costin estimated that not less than 100 new customers would be added to the city municipal water plant by April 1.

Business College Facts

We are placing a Commercial College in Colorado for the convenience of the people of Colorado and Mitchell County. We offer an opportunity for you to secure a business or shorthand training here at home at less than one-fifth of what it costs to go away. By supporting the College here you help to provide a way for many to take a course who are not able to go away.

Courses of study and everything about the college are guaranteed to be at least the equal of any Commercial School in the state and better than many. We expect to satisfy all interested parties in this respect before you are under any obligation.

If you ever expect to take a course, see Mr. Perry at the Chamber of Commerce office and enroll, then everything will be ready for you on the opening day. More than half the required number are already enrolled. Only 30 can be accepted. If you want to get in it will be necessary to act at once.

You are asked only to investigate, satisfy yourself and enroll. You are asked to pay no money until the College opens, then pay as you progress. It is impossible to offer a fairer proposition.

This College has no connection with any College formerly here or with any other College that collects all the money in advance. The management of this College has been in business for 23 years and expects to hold students on the merit of the instruction.

Day and night school—individual instruction—Standard courses of study. Diplomas and position to all graduates. The complete course taught right here at home.

Study Course

The Mission Study course of the Methodist Missionary Society was held with Mrs. Barcroft Monday afternoon. Mrs. J. A. Buchanan conducted the lesson in Building With India. A salad course, pie and tea were served. Following the lesson several members went to visit the sick.

1921 Study.

Mrs. C. L. Root was hostess for the 1921 Study Club. The topic was Sydney Lanier. Mrs. Charlie Thompson gave a paper on Life and Character of Sydney Lanier, the Ideal Southerner. Mrs. Claud Hooks gave a discussion of Lanier's nature poems, reading Sunshine or Marshes of Glyn, Mrs. C. L. Root. Reading with comment, My Springs, Mrs. Lambeth. Reading, The Symphony, Mrs. Harry Ratliff. Mrs. Dolman conducted the Parliamentary Law drill. The election of officers resulted in Mrs. Ed Jones, president; Mrs. Lambeth, vice president; Mrs. Harry Ratliff, secretary; Miss Chambers, corresponding secretary; Mrs. Claud Hooks, treasurer. Mrs. Lockhart was a guest. The hostess served a salad course, cake and tea. The meeting this week will be with Mrs. Soper.

Hesperian.

Mrs. T. J. Ratliff was hostess for the Hesperian. The study of Coriolanus was completed. The club planned to give trees for Shepherd school grounds. Both pupils and teachers are working to beautify the grounds and as this is the adopted school of the club trees will be sent out next Friday. Mrs. Ross Dixon was elected a new member. The next meeting will be with Mrs. Shropshire and the study of American Literature will be begun. The hostess assisted by her daughter, Mrs. Lister Ratliff served a salad course, fruit cake and coffee.

Daughters of the King.

The Daughters of the King had an interesting meeting with Mrs. Berry last Thursday. The Bible study was the sixth chapter of Ephesians. More than sixty visits were reported by the different members. A report

was given from the representative to the County Federation of Womens clubs. The five dollars, the part of the class on the High school annual was all paid in. The pastor was present and discussed the teacher training class, which will be organized next week. The hostess served fruit salad and cake. The next meeting will be with Mrs. Chambers.

Owls Gave a Party

The Owls, the boys society of the Senior class of the High school gave a party at the home of Owl Ed Jones, Jr., last Friday night honoring the Senior Class of the Loraine school, which was there in a body. Each boy also had a young lady as a guest. The evening was spent in games and contests. Refreshments of mince pie, sandwiches, chocolate and whipped cream were served.

Standard

The Standard met with Mrs. P. C. Coleman. Mrs. Sherwin conducted the lesson on the Modern Drama. A report from the Julius Caesar picture show showed more than forty dollars for the American Legion hut. The daughter, Miss Mildred, served refreshments at the social hour. The meeting this week will be with Mrs. M. Snyder.

Y. P. M. S.

The Young People's Missionary Society of the Methodist church met with the superintendent, Mrs. A. B. Blanks Tuesday. Besides the regular business, Mrs. Floyd Quinney conducted a lesson in the New Year book. Mrs. Pidgeon was a guest. The hostess served fruit salad, cake and coffee.

Harmony Club

Mrs. Landers was hostess for the Harmony Club Tuesday. The invited guests were Mesdames S. T. Shropshire, F. B. Whipkey, P. C. Coleman, Harry Ragan and Vivian Shropshire. The hostess served pressed chicken, sandwiches, olives, fruit salad, apple pie a la mode and coffee.

COLORADO NEGROES WARNED BY COUNTY JUDGE J. C. HALL

Addressing some fifteen negroes who had been summoned as witnesses at the examining trial of Elizabeth Waller, local negro woman, charged with shooting a negro man named Eddie Gibson during a fight at one of the Colorado negro resorts Saturday night, County Judge J. C. Hall warned them against further law violation here.

"Up until a few years ago, we had but little trouble from the negro population of Colorado," Hall stated, "but during the last year or so there has been an element merged with the negro population of this town which apparently has little regard for law and order. I want to warn you now that the policy some of you have of gambling, staging affrays and disturbances in Colorado will not be tolerated. If you do not want to incubate trouble for yourselves, you had better cut this out, as the officers are not going to allow such conditions to exist in Colorado."

There is no objection to the negro who will stay in his place and maintain a respect for law and order, Hall stated. "But," he continued, "the white population of this city will not tolerate the negro inhabitant who does not stay in his place. Some of you have good positions and there is continually a demand for negro laborers in the town, but the line must be drawn and the negro who persists in participating in free-for-all fights, and other disturbances here, had better desist, if he expects to keep out of trouble."

The lecture to the negroes was delivered by Judge Hall following completion of evidence introduced at the trial. From testimony introduced it was shown that the Waller woman had shot the man as the culmination of what was interpreted by the court as a free-for-all fight. The woman was charged with having shot at another negro woman, Gertrude Colvin, after that the latter had inflicted and ugly wound on the head of the Waller woman's husband with a soda water case.

The Waller negro paid a fine of \$25 and costs for his wife after she pleaded guilty to a charge of assault to murder. The other negro woman paid a fine in Justice Thomas' court on the charge of an affray.

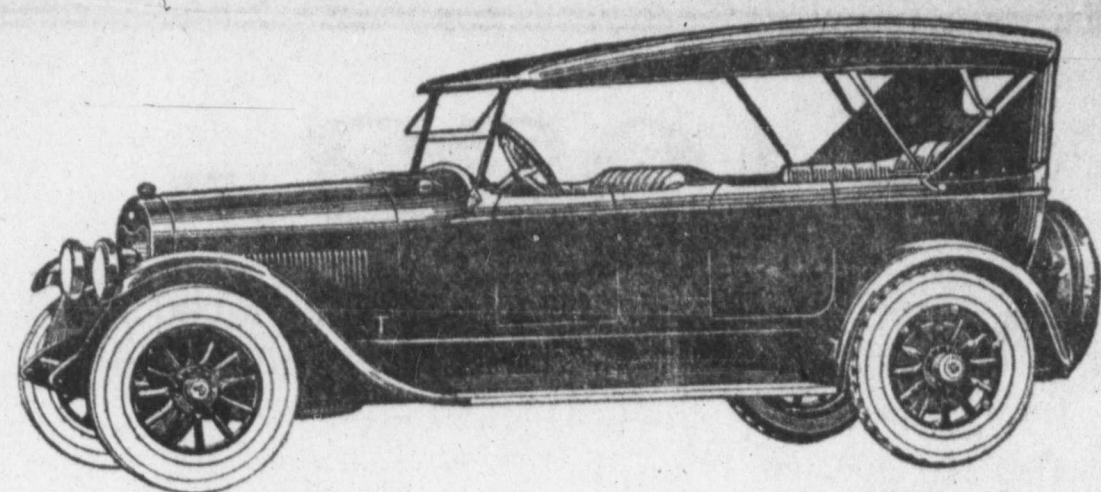

NOTICE OF SALE.

TRAFFIC LAWS WILL BE ENFORCED, NEW COP SAYS

Ordinances affecting traffic in Colorado are to be rigidly enforced in the future, according to J. T. Smith, recently appointed traffic cop by the city council. Smith stated Tuesday that he had made but few arrests and that it was not his policy to file complaints until the public had been warned against violation of the traffic ordinances.

"Turn to the right, keep mufflers closed, keep two front and one tail lights burning at night, do not exceed speed limit of 12 miles in the business district and 15 miles in the residence section, and park at the proper angle with one wheel to the curb," were among the suggestions offered to Colorado motorists Tuesday afternoon by Smith.

According to the new traffic officer, the habit of some motorists of driving at high speed through the streets of Colorado will be stopped.

MRS. D. E. HOWELL DIES AT FARM HOME FRIDAY

Mrs. D. E. Nowell, who was burned at the Nowell home fourteen miles southwest from Colorado three weeks ago, died Friday night of last week from the injuries. She lived just two weeks following the tragedy in which much of her body and limbs were badly burned.

Mrs. Nowell struck a match in her home to light a lamp and casting the burning match to the floor, walked over it, the flames from the match igniting her clothing. In a mass of flames she fled from the house and into the yard, where her husband overtook her and in the attempt to save his wife's life Nowell suffered serious burns to his hands.

INVEST in North Colorado Property Few people realize that Colorado possesses a residential section that has more natural advantages than any other town in West Texas. North Colorado has a high altitude, a soil that is peculiarly adapted to the growth of trees, lawn, etc., and as fine water at a shallow depth as can be found anywhere. Did you know that the north line of the city limits is a considerable higher altitude than the site of the West Salt Works building across the river on the mountain formerly occupied. Well this is a fact and looking through a surveyors instrument will prove it. It is also a fact that there are trees in North Colorado that have never been irrigated that have a spread of limbs of eight feet. You can raise trees and lawns in North Colorado without the aid of irrigation. I have seen bermuda lawns set out up there and in ninety days they looked as if they had been there for years. Buy and build in North Colorado where you are away from the dust and noise and at the same time comparatively close to the business section of town. Plant your money in North Colorado lots and watch it grow. If you want to buy any kind of property in any part of North Colorado see me.—R. T. Manuel. 1tp

FOR SALE—The best bargain in a residence house in Colorado. Go look at this place and if you know anything of Colorado Real Estate values you will say so yourself. Boost For The Baptist Sunday School (With Apologies)

M. C. BICHOP
Boost the Baptist Sunday school,
Boost from morn till night
Boost and boost the harder,
Because you are boosting right.
Boost it every Sunday;
And boost it every day.
Boost, for it is worthy
And boosting it will pay.

Boost the Baptist Sunday school,
For you know you are doing right.
Whenever you boost this school
But of course you are not to say
A word against any of the others
Boost the school in the church
Boost it in your home;
Boost it among your neighbors
And everywhere you roam.
Boost the Baptist Sunday school
Your pastor will greatly aid
The superintendent will help, too,
In making up your plans
Put the Sunday school in, too,
Boost it in your Sunday school
Boost it in the W. M. U.
There is not a work within your
church

It will not help you do,
Boost the Baptist Sunday school
Boost it in your heart.
It duties you have failed to do,
It will train you for a better part.
Boost it for your own souls sake,
T'will help you grow in grace.
And take a stand for Jesus Christ
And all His enemies face
Boost for the Sunday school
It makes a valiant fight
For every truth taught in God's word
And through that truth leads men
right.
Boost it for the Kingdom sake
And help God's Kingdom come
So His will on earth may be
As in Heaven it is done.

Weak Back

Mrs. Mildred Pipkin, of
R. F. D. 8, Columbia, Tenn.,
says: "My experience with
Cardui has covered a number of
years. Nineteen years ago . . .
I got down with weak back. I
was run-down and so weak and
nervous I had to stay in bed.
I read of

CARDUI

The Woman's Tonic

and sent for it. I took only one
bottle at that time, and it helped
me; seemed to strengthen and
build me right up. So that is
how I first knew of Cardui.
After that, . . . when I began to
get weak and 'no account', I
sent right for Cardui, and it
never failed to help me."

GetFirstHand FACTS About Your Battery

Batteries will wear out—nobody can
stop that, but in a good many cases the
embarrassment would be less if the
owner knew his battery had "one foot

SHEPHERD NOTES

Miss Laceywell came out to our school house last Monday and gave us a lecture on the cleanliness and proper care of the body. She also explained the purpose and the good that we might get by belonging to an agricultural club, whether we won any prizes or not. The next evening we organized a club with Mr. Kirby Rice, president; Mr. Will Pierce, vice president; Miss Stattie Iglehart, secretary and Miss Estelle Davis, reporter. There are 16 members in our club. Most of the girls as well as a few boys, joined to raise poultry, while some joined to raise cotton and baby beef.

We have several new families in our community. Mr. Chandler and family, Mr. Thomas and family. Others are moving or are ready to move.

Mrs. Iglehart has spent several days in Westbrook nursing her sis-

ter-in-law, Mrs. Willie Nowell, who was severely burned and who died Friday night. The many friends of the family extend their sincere sympathy in this trying hour.

Miss Byrde Havens, our primary teacher is quite sick. Her sister, Miss Mildred Havens, is teaching in her place.

Mr. O. C. Lucas' baby is serious-

ly ill with pneumonia. Mr. J. P. Lucas and son, Aubrey, have had a bad case of the flu.

Mrs. Suber and five of her children have the flu.

Hill Low and family returned Sunday from Clarendon and Lubbock where they spent several days with relatives.

PALACE THEATRE BOUGHT BY WALTER W. WHIPKEY

The Palace Theatre is to be made one of the most attractive places of amusement in this section of Central West Texas, Walter W. Whipkey, new owner of the theatre, stated Monday. Whipkey purchased the theatre last week from the original owners, Ralph & Sadler, and assumed charge of the place Friday.

The interior of the building is being newly decorated this week and in addition to new wall paper and paint throughout, considerable improvements otherwise are to be made. Among these will be the installation of a cooling and ventilating system, addition of the second projecting machine to eliminate delays

in running pictures and elevating the floor toward the rear in that the screen may be easily seen from any section of the building.

BIDS FOR DEPOSITORY

Notice is hereby given that the Commissioners' Court of Mitchell County, Texas, will receive bids for interest payments upon Mitchell County funds at the regular term of said court to be held on February 12th, 1923.

OIL NEWS AS REPORTED BY THE BIG SPRING HERALD

The Gulf Production Co. have made location for their Crawford well No. 1 on Lot 14, O'Keefe subdivision in Mitchell County about 2 miles north of the Badgett gasser. The tools and rig have been shipped, and drilling will be started within a few days.

The Underwriters' Earl Morrison No. 3 encountered a big fresh water flow at 325 feet, and they are now making a water well which will eliminate the water shortage. This means much towards continuous development.

The California Company have made location in Southwest corner of Section 27.

S. A. Sloan at Smartt No. 1 has rebuilt rig which was burned about two weeks ago, and are now drilling at 1400 feet.

This well is just north of the Underwriters' Morrison production and south of the Badgett gasser which has been burning for some time and is looked upon as being one of the best prospects in Mitchell County.

The Coleman well is standing 2200 feet in oil and will be shot from 2730 to 2780 as soon as Mr. Fletcher arrives from Pennsylvania. He being the principal stockholder in this company.

Marcus Snyder is rigged up in section 39 and will start drilling in a few days.

California Company Richardson No. 1 is drilling at 2300 feet.

Frank Kelsey, et al, Badgett No. 2 are drilling at 800 feet.

The fact that oil has been encountered in the test well on the Coleman ranch is further evidence that there is an oil field somewhere in the Mitchell County field. The gas showing in the Badgett No. 1 is further evidence of this fact according to oil men, and hence the reason for increased development in that field.

One rig builder reports that he has the contract to erect four new derricks immediately in the territory adjacent to Badgett No. 1.

We are informed that the Gulf Production Company is one of the companies to make location for a test north of the gas well.

The Underwriters Company are progressing with their new test well, Morrison No. 3 and are making good time. They expect to start their T. & P. No. 3 in the near future.

S. A. Sloan and associates are getting ready to resume drilling on their Smartt No. 1. A new derrick has been completed to replace the one destroyed by fire. Oil men consider the location of this well especially favorable.

At Smith No. 1 they are drilling below 2500 feet.

The work of withdrawing the casing from Enders-Cushing well No. 1 has been completed, with the exception of one joint. Fishing tools to secure this piece of casing have been sent for and it is believed it will be no trouble to clear the well. When this is accomplished the casing will be reset at 3200 feet to shut off the water so this well can be drilled in. It has been found that the water had been soaking thru the shaly formation at about 3130 feet and breaking in below where they had the casing set at 3150.

Considerable gas continues to show and those interested in this well firmly believe they will have a well when they get the water cut off.

At the Sparkman well No. 1 they are running pipe to the 1100 foot depth.

H. H. Enders of Boston, president of the Cushing Ranch Drilling Association is here to watch development.

Work in McDowell No. 4 of the General Petroleum Co., on the McDowell ranch, 20 miles south of Big Spring, was resumed today. Concrete was poured in this well ten days ago in an effort to afford a base on which to set casing so the water could be cut off and this well brought in. An attempt was made December 24th to do this but at the end of ten days the concrete had not set. A mixture of sand was added and it is hoped that this effort to shut off the water will be successful.

Whereas K. K. think of the Klassy and bring us your Klotsch 138 we'll come at once.

CARD OF THANKS

We wish to take this means to express our deep appreciation and thanks to the many kind friends that were so kind to our beloved daughter, wife and sister during her recent illness and death. We heartily appreciate any act of kindness shown our beloved one.—Her father and mother, Mr. and Mrs. Haley; her sisters and brothers; her husband, W. W. Currie, and children.

MEXICANS CAUGHT WITH STOLEN GOODS IS ALLEGED

From Sweetwater Reporter:

Vigilance of local authorities resulted in the arrest of a Mexican charged with the burglary of the J. H. Greene & Co. store at Colorado Friday night and the recovery of a portion of the loot.

W. W. Hudson made the arrest about 2 o'clock Sunday morning in Mexican town and after some search, located three stolen grips with about one-fourth of the merchandise taken from the store of J. H. Greene & Company at Colorado Friday night. Sheriff I. W. Terry, Deputy Sheriff R. H. Barber, came over from Colorado Monday morning and took the Mexican prisoner, his wife and small baby back with them. J. H. Greene came over and identified part of the clothing, shoes, suit cases and other items stolen.

The Mexican proved surly but conversation with his wife revealed the location of some more of the merchandise taken. Several more suits of clothes, shoes, hats, etc., were recovered from another house in Mexican town where it had been hidden. Acting on information supplied by the woman, the arrest of two more Mexicans in Colorado was planned by the sheriff of that county, charged with complicity in the crime. About half of the merchandise stolen in Colorado was recovered here.

**GARZA COURT HOUSE
TO COST \$90,000.00**

POST, Texas, Jan. 20.—Contract will be let January 30 for the new Garza County court house which is expected to cost about \$90,000.00.

Post has been keeping pace with adjacent towns in the matter of building expansion. Three new brick business houses have recently been completed, a new gin has been erected and still another contracted for. Post now has two gins.

From an agricultural viewpoint Post is sailing with full sails. Ninety new farms have been opened in this section in the last few weeks and the Double U Company, which owns land in contiguous counties report unprecedented demand for raw lands for new farms. The company was formerly headed by C. W. Post, the Battle Creek cereal food king. In 1922 the total cotton receipts here were 12,500 bales.

JONES COUNTY MAY VOTE ON \$200,000 BOND ISSUE SOON

STAMFORD, Jan. 20.—The county commission of Jones County is expected to authorize a \$200,000 good roads bond issue for the Stamford precinct in the next few days, according to word received here today.

Contrary to the usual course farmers of the precinct in which Stamford is located are fostering the movement for good roads. A previous bond election sponsored by Stamford calling for \$500,000, was voted down preponderantly by the farmer folk. The farmers were then requested to prepare their own good road program which would receive the cooperation of the citizens of the city. The result has been the petition. The election will probably be ordered in the next few days.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the county of Mitchell, State of Texas, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest county to said Mitchell County, for four consecutive weeks previous to the return day hereof, I, C. Little, whose residence is unknown, to be and appear before the Hon. County Court, at the next regular term thereof, to be held in the County of Mitchell, State of Texas, at the Court House thereof, in Colorado, Texas, on the 5th day of March A. D. 1923, then and there to answer a petition filed in said Court, on the 20th day of November A. D. 1922, in a suit numbered on the Docket of said Court No. 1385, wherein O. Lambeth is plaintiff and I. C. Little is defendant.

The nature of the plaintiffs demand being as follows, to-wit: Plaintiff alleges as follows: That on or about the 27th day of July A. D. 1922, plaintiff, at the special instance and request of defendant, sold and delivered to defendant, at the several times specified in the account attached to "Plaintiff's Original Petition," and marked Exhibit A

and made a part of plaintiff's petition, certain goods, wares and merchandise in said account mentioned, in consideration whereof the defendant then and there promised plaintiff to pay him the several sums of money charged therefor in said account specified, amounting to the total sum of Ninety-six and 35-100 (\$96.35) Dollars, at the expiration of thirty days from the date each item was purchased; that said account is past due and unpaid, and defendant, though often requested, has hitherto failed and refused, and still refuses to pay the same, or any part thereof, to plaintiff's damage Ninety six and 35-100 Dollars. Plaintiff prays the court for judgment for his debt, Ninety-six and 35-100 Dollars, interest and costs of suit.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court at office in Colorado, Texas, this, the Third day of January, A. D. 1923.

W. S. STONEHAM,
Clerk County Court, Mitchell County, Texas. 1-26c

NOTICE OF SHERIFF'S SALE.

THE STATE OF TEXAS

Notice is hereby given that by virtue of a certain execution issued out of the Honorable Justice Court of Precinct One of Mitchell County, of the 4th day of January, 1923, by C. S. Thomas, Justice of said Precinct One in Mitchell County, for the sum of One Hundred Thirty-seven and Seventy Hunderths (\$137.70) Dollars and costs of suit, under a judgment in a certain cause in said Court, No. 3247 and styled C. E. Britton vs. E. L. Henderson, et al, placed in my hands for service I, I. W. Terry as Sheriff of Mitchell County, Texas, did, on the 4th day of January, 1923, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit:

An undivided three-eighths interest in and to Lot No. 1 in Block No. 24 of the Waddell and Martin addition to the city of Colorado in Mitchell County, Texas, according to the map plan thereof of record in the office of County Clerk and levied upon as the property of E. L. Henderson, J. R. Henderson and T. S. Henderson and that on the first Tuesday in February 1923, the same being the 6th day of said month, at the Court House door, of Mitchell County, in the City of Colorado, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said E. L. Henderson, J. R. Henderson, and T. S. Henderson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 4th day of January, 1923.

I. W. TERRY,
Sheriff Mitchell County, Texas. 1-26

NOTICE OF BOND ELECTION. THE STATE OF TEXAS

HARMONY PREVAILS DURING WEST TEXAS A. & M. MEET

Harmony existed throughout the meeting of West Texans at Fort Worth Friday, called to obtain legislation creating a West Texas Agricultural & Mechanical college of the first class, according to Dr. P. C. Coleman of Colorado, chairman of the West Texas Chamber of Commerce A. & M. committee, who returned to Colorado Sunday night. Dr. Coleman attended the Ft. Worth meeting and took an active part in the sessions. He delivered one of the principal addresses before the convention, which was held in the auditorium of the Fort Worth Chamber of Commerce building.

Dr. Coleman was referred to by Mayor Cockerel of Fort Worth, Hon. R. M. Chitwood of Sweetwater and other prominent citizens who delivered addresses as the one man who, perhaps, had done more to obtain legislation creating the college than any other West Texas citizen. Dr. Coleman was in conference with Cato Sells, Cockerel, Chitwood, and other leaders in the fight much of the day Friday. He was a member of the resolutions committee named by the convention.

"After a long hard fight West Texas is at last to receive a first class educational institution by the present legislature," declared Dr. Coleman in his address at the convention Friday afternoon.

"We are nearer the realization of our hopes and desires than we ever were," he said. "This is true despite the fact that the Legislature once made the appropriation for a West Texas college. But those who know the facts in the case agree that the step taken then was not sufficient and it would never have satisfied West Texas. Never before has there been such strong, united sentiment in favor of establishing a first class educational institution for West Texas."

"The idea of a junior school is gone forever. We are going to get a senior college."

"When I look out over this representative delegation of West Texas citizens and see such men as Dr. Coleman, who has pioneered this fight in such a commendable and statesmanship way, I cannot but feel that the campaign to create the college, begun six years ago, is nearing an end, and that our demands for equity in educational matters are nearing the goal," Hon. R. M. Chitwood of Sweetwater, representative of the 117th district, stated in opening his address. The West Texas A. & M. college campaign was begun in Sweetwater in 1916 and the first mass meeting ever held in West Texas demanding creation of the college was presided over by Dr. Coleman.

Thirty seven West Texas towns were represented at the meeting and every delegate attended for only one purpose—to secure a West Texas college, regardless of location. Chitwood and Senator Bledsoe of Lubbock, came to Fort Worth from Austin to represent the legislature at the convention. Chitwood has written a bill which he will introduce in the lower house and it is understood that Senator Bledsoe will champion the same bill in the senate.

Representative Chitwood aroused much applause when he described the superior conditions in West Texas, that section having more pupils in high school and less illiteracy per 1,000 than any other section. He exhibited colored charts to prove his statements.

"Even a committee of the State University," he said, "reported that enrollment in college was chiefly local, that additional colleges in Texas must be established and that the State University has grown to a point where it should have no further increase. West Texas and the Panhandle is a white man's country. But in Brazos County, where the A. & M. College is located there are 3,400 farmers and 1,900 of them are negroes."

WEST TEXAS WOOL GROWERS MAKE PROFIT IN 1922

MERTZON, Jan. 20.—Tuesday afternoon the stockholders of the West Texas Wool and Mohair Association held their annual meeting in the office of the association's building.

With a capital of \$70,000 and a surplus of \$50,000, 10 per cent was paid on capital stock and the remainder passed to the surplus fund.

The following directors were re-elected: Fayett Tankersley, J. D. Suggs, W. M. Noeke, H. C. Noeke, N. D. Blackstone, S. M. Oglesby and D. E. Hughes. G. C. Magruder was added as a new member to the board.

Death of Mrs. D. E. Nowell

Friday night at 10:30 o'clock Jan. 12th, Mrs. Daisy E. Nowell died from the effects of burns sustained two weeks ago when her clothes became ignited from a burning match which she threw to the floor after lighting a lamp. When she saw that her clothing were in flames she ran from the house into the yard, her husband, who was at the barn, ran to her assistance, but her body was so badly burned before he could extinguish the flames that life was impossible. Mrs. Nowell was the daughter of Mr. and Mrs. C. B. Davis of Richardson, Texas, and formerly of this place. She was married to W. H. Nowell in the year of 1917 and they have made Westbrook their home since their marriage. She was a member of the Methodist church and has lived a pure consecrated Christian life. Her home life was ideal, a sweet loving mother and a devoted companion, and as a neighbor none was thought better of. She was born March 12, 1899 at Rose Hill, Texas, and died Jan. 12, 1923, being 23 years and 10 months old. She came to Mitchell County with her parents when she was about 7 years old. She was well known and much beloved by ever one.

She leaves to mourn her going away a husband, W. H. Nowell, and three small children, C. B., Laurie and Clifton, the baby being an infant of two months age, a mother, father, and two brothers and three sisters and a number of other relatives.

Her remains were gently laid to rest in the W. O. W. cemetery at Westbrook. Funeral services were conducted by Rev. Silas Dixon.

To the grief stricken loved ones we extend our most sincere sympathy in which we are joined by the entire community.

Mr. and Mrs. W. W. Anderson left Wednesday afternoon for a few days visit in Abilene.

Mrs. Ray Powell is visiting relatives at Rising Star this week.

O. G. Wright who has been driving a truck here for several weeks has moved his family here.

Quite a number of cases of flu have been reported in the last few days, while quite a few are real sick, we have no serious cases.

C. S. Widner is in Midland this week on business.

Messrs. Airhart & Hastings have contracted the hauling of rig and tools for the Gulf Company location near Ira and are busy on this job.

Mr. Eddleman has spudded in the T. & P. No. 3 and is drilling steady. LeSure No. 1 is shut down on account of a broken pump but they hope to soon be pumping again.

P. M. Rowland just returned from Ft. Worth and reports that very likely his company will drill some more wells in the Westbrook field.

Smith No. 1 has finished mudding and will set pipe tomorrow preparatory to resume drilling.

Everybody seems to be very busy in the Westbrook oil field and are looking forward to a big boom this year.

Dr. P. C. Coleman of Colorado says: "The men of West Texas are feeling better over conditions now than at any time since the boom-war period, when their products were bringing record prices. Cotton is the principal crop in the Colorado section and there was an excellent yield last year; there is considerable grain raised and this promises to be a success. It is too early to predict the cotton crop, but year after year we have produced when others failed, and it is reasonable to expect the same again. The farming acreage is increased steadily. It looks mighty good to me."—Fort Worth Star-Telegram.

Fine Cast in "Grandma's Boy"

In "Grandma's Boy," his new Associated Exhibitors feature, Harold Lloyd is supported by an exceptionally good cast. It is headed by Mildred Davis, his sweet little leading woman, and numbers also Charles Stevenson, Anna Townsend, who, though 79 years old, gives the wonderful performance as the grandmother; Charles Stevenson, and Dick Sutherland, who plays the Rajah in "A Sailor-Made Man." Fred Newmeyer directed the production of "Grandma's Boy," as he has others of Mr. Lloyd's big comedies. At the Palace January 17, 18 and 19.

First of the week W. E. Reid closed a deal with the Brown Estate for Block 110, which adjoins both the High school grounds and the Ward school grounds on Fourth street, and has let contract for a modern cottage to be erected on the northwest corner of this block. Reid plans to improve the entire block which will add to the civic beauty of the school property as well as his own property.

BURGLARS TAKE \$2,000 IN LOOT FROM LOCAL STORE

Effecting an entrance through the rear door, which they broke down, burglars took clothing, overcoats, silk shirts and ties, shoes, ladies dresses, etc., to the value of approximately \$2,000 from the store of J. H. Greene & Company Friday night. A Mexican who gave his name as Guellmo Fuentes, was arrested by W. W. Hudson, night watchman at Sweetwater Sunday morning at 2 o'clock and much of the stolen loot was recovered. The Mexican implicated three other Mexican men but they had not been apprehended Thursday morning.

In a statement made before Judge Hall Wednesday afternoon, Fuentes admitted his guilt and gave descriptions of the other men whom he claimed assisted him in robbing the store. Several Mexicans were examined Tuesday and Wednesday but none of them gave the officers any clew. Some of them became surly and refused to talk, claiming they "No sava." One or two others admitted knowing something about the burglary but stated the Mexicans involved would kill them if they gave officers the information.

From admissions obtained from several of the Mexicans, officers are of the belief that the burglary was well planned and no doubt participated in by a number of Mexicans. Statements from Mexican women alleged they were sent to Colorado at about 11 o'clock Friday night to report a fake fight in Mexican town in order to cause officers on duty to leave the business section and go to the Mexican quarters. Upon arriving there they found that no fight was going on. It was while the officers were in Mexican town that the door was broken down. Some two or three hours later, according to the confession of the Mexican held, the four men entered the store.

The loot recovered at Sweetwater represents about one-fourth of the loss sustained by Mr. Greene. Officers are still working on the case and expect to make additional arrests within the next few days.
