## Borger Investigators Are En Route To Lubbock Boosters Off Today On Final Trip Advertising Fair

### Between 250 And 300 Expected To Make Final Tour

Good Will Emissaries Will Extend Invitation Today To Neighboring Cities Toward North And East

### Rotarians Along

Mayor Harley D. Woods, Senator Pink Parrish To Make Speeches At Each Stop Along Route

AT SEVEN-FIFTEEN o'clock this morning a delegation of between 250 and 300 Lubbock good will emissaries and fair boosters will head north on the fourth and final motorcade of the year advertising the Panhandle-South Plains fair. Indications last night pointed to the fact that the final jaunt would mark one of the largest automobile caravans ever assembled in this section of Texas, officials in charge of the tour said.

Abernathy, Hale Center, Olton, Plainview, Lockney, Floydada, Crosbyton, Ralls, Lorenzo and Idalou are to be visited today. At each of the cities a program will be given with short speeches, a band concert, music by the Green Brothers quartet and mirth provoking antics by clowns who are to accompany the tourists.

Rotarians Along  
Accompanying the fair boosters will be a delegation of 40 Rotarians who will unite with the Plainview club at weekly luncheon in that city. The Rotary delegation will be headed by J. J. Clements. A host of women also will be included in the party. Due to the length of the Rotary program in Plainview, the lubbers will not accompany the caravan through the remainder of the trip.

The trippers will arrive in Plainview today.

### Ten Tariff Bill Amendments Pass

Way Is Cleared For Early Consideration Of Major Controversial Sections Relating To Commission

BY D. HAROLD OLIVER  
Associated Press Staff Writer.  
WASHINGTON, Sept. 23. (AP)—The senate today disposed of 10 tariff amendments to the tariff bill and cleared the way for early consideration of the major controversial sections relating to the tariff commission, the power of the president to change duties and new valuation methods.

Eight minor amendments were adopted. By rejecting two, the senate restored house provisions designed to strengthen the anti-smuggling laws relating to smoking opium by making the owner, as well as the master of a vessel, liable to a fine of \$25 an ounce for such opium found unmanifested on ships.

Elimination Proposed.  
The finance committee proposed elimination of the house amendments, but was turned down in 14 instances without a record.

roll call vote on the same record and which was interpreted by senators as relating to the provisions showed 54 against committee amendment to strike the house language and 23 for. Senator Walsh, democrat, Montana, asked that the senate was not sure of the vote and asked a reconstruction. This was granted and more rigid opium provisions of the house were placed back into the bill without a record vote.

### It Paid To Be "Too Drunk"

AMARILLO, Sept. 23. (AP)—Johnny Brown went free here today because his plea of guilty didn't seem to convince the jury. Under the Texas law evidence must be presented to corroborate a plea of guilty. Brown pleaded guilty to driving a car while intoxicated. He testified that he was so drunk he didn't know whether he was driving or walking. The state couldn't find a witness who saw him driving. The jury had to acquit him.

### John Coolidge-Florence Trumbull Rites Marked By Old Puritan Dignity

Son Of Former President And Daughter Of Governor Of Connecticut Are United In Little Village Of Plainville

PLAINVILLE, Conn., Sept. 23. (AP)—The daughter of the governor of Connecticut became the bride today of the son of a former president from Vermont's hills, in a ceremony colored by Indian summer tints and marked by Puritan dignity. The bride was Florence Trumbull, daughter of Governor John H. Trumbull, the groom was John Coolidge, son of Calvin Coolidge, former governor of Massachusetts and thirtieth president of the United States.

Some of the nation's most prominent personages among them ex-President Coolidge, and two United States senators gathered with simple folk of New England in the white frame Congregational church to witness the wedding. The residents of this little town and surrounding villages turned out by scores to catch a glimpse of the wedding party as it was wished to and from the church.

### Middle-Aged Man Adjudged Insane In County Court

Inmate Of Lubbock Jail Is Sentenced To Institution For Insane At Wichita Falls; Wants To Die

Walter Nitchel, the name found on several boxes and bottles of weapons, checks that are drawn and doze in this city on September 4, charged on two counts with forgery. He was lodged in the county jail and since that time has been an inmate who curses his God and seeks means of ending his life.

No one knows where he came from. He refuses to talk about himself—declares he has no family and will not reveal his name. His body is slowly wasting away, arms that are a solid mass of scars from hypodermic needles, from his reach and bones with mere skin covering them, a wasted body which doctors declare will soon be ready for the grave.

Nitchel was tried yesterday in the county court, adjudged insane, and sentenced to the Wichita Falls institution.

Doctors have visited the man during his stay in the local jail and on each occasion he has begged them to give him poison. Local officers have kept every kind of weapon, checks that are drawn and at times he has bitten his arms in efforts to bleed to death.

### Local School Is Robbed Sunday

Here's a new one for the police. Robbers Sunday night broke into the George M. Hunt school building on 17th street and Avenue M taking several books, school supplies and some candies from the cafeteria. Entrance into the building was made by breaking the lock on the side door. The loss was estimated as very small.

Officials are of the opinion that boys are responsible for the theft.

### TO PLEAD INSANITY

Waggoner To Attempt "Not Guilty" Verdict

DENVER, Colo., Sept. 23. (AP)—Insanity will be the defense of G. D. Waggoner, president of the bank of Telluride, Colo., when he faces a New York federal jury on an indictment charging use of the mails to defraud in connection with his half million dollar swindle of six New York banks, Samuel D. Crump, his attorney, announced today.

The announcement was made coincident with the start of Waggoner's trip back to New York from Cheyenne, Wyo., where he had been held in jail.

"Insanity is his only defense," Crump said. "He will plead not guilty when arraigned in the New York federal court and rely on the evidence during the trial to convince the jury that he was not in his right mind."

STAMER SHILED  
LONDON, Sept. 24. (AP)—(Tuesday)—The Shanghai correspondent of the Mail reported today that a steamer taking nationalist troops up the Yangtze from Hankow to replace the "Ironides" division at Ichang was shelled. The troops suffered 30 casualties and the vessel returned to Hankow.

### Four-Year Old Child, Kidnaped 12 Days Ago In Truck, Found Monday

(By Associated Press)  
SAN ANTONIO, Sept. 23.—Juan Ramon, 4-year-old Robstown boy, who was kidnaped September 11 by a man who stole his father's truck, was safe in the hands of authorities here tonight after he had been found in a house in a small alley by Margarito Sanchez, a special policeman.

The child was located by Sanchez after a friend living in the vicinity of the house where the boy was found, told the officer that a child had been left there several days ago and had been crying almost incessantly since then for his "papa." Sanchez went to the house, got the child and took him to police headquarters.

Injured In Wreck  
Fear that the child had been mistreated and neglected were found to be groundless. A few newly healed scars found on his forehead are believed to have been received in an accident near Kennedy when the truck overturned.

### Shipbuilders Say Naval Reports Of Shearer Are Bunk

(By Associated Press)  
WASHINGTON, Sept. 23.—The last two of the three shipbuilding executives whose firms paid William B. Shearer \$25,000 for services at the 1927 Geneva Naval Limitations conference—which collapsed—lamented their action today before a senate investigating committee and insisted his reports were "bunk."

S. W. Wakeman, vice-president of the Bethlehem Shipbuilding corporation, related regretfully that he had been "jazzed off" his feet by a "dumb fool decision" to hire Shearer.

Ferguson Disapproves  
The other, Homer F. Ferguson, president and general manager of the Newport News Shipbuilding and Drydock corporation, said he knew nothing about his company's employment of Shearer until after the fact and that he could not approve it.

Tonight the investigators summoned Lawrence R. Wilder to appear tomorrow. He is a former president of the American Brown Boveri Electric corporation, which was listed on the \$143,000 "legislative" fund of the American shipbuilders for use at Washington as the dispenser of \$36,000.

### Fair Tickets On Sale Over City

Season tickets for the Panhandle-South Plains fair to be held in this city September 30 to October 5, inclusive, have been put on sale and are now available at practically every store in Lubbock, according to an announcement yesterday by officials of the association. Several church organizations also are distributing the tickets.

Fair officials have expressed opinions that the sale of season tickets this year will far exceed that of last year when \$8,158 worth were disposed of, estimated to be over 4,000.

Total receipts of the fair last year, including every source of revenue, was \$25,264.09.

### RETURN MRS. LONG

AUSTIN, Sept. 23. (AP)—Sheriff W. T. Moseley of Kleberg county left here tonight for Kingsville with Mrs. Long, arrested here at his request. Mrs. Long had been charged with the murder of her husband who died September 11. She brought his body to Austin for burial.

Sheriff Coley White was advised that an analysis of the contents of Long's stomach showed traces of poisoning.

### HONOR WAR MOTHERS

Convention Held In Large Louisville Auditorium

LOUISVILLE, Ky., Sept. 23. (AP)—Mothers of men who served their country in war, including mothers of many who died on battlefields, tomorrow will open the first convention ever held in this city's new \$2,000,000 memorial auditorium.

### Beauty Treatment On Aimee Semple McPherson's Expense Account Is "Last Straw" To Followers

(By Associated Press)  
DETROIT, Sept. 23. (AP)—Aimee's expense account, which included items for beauty treatment during Mrs. McPherson's evangelistic campaign here last July was "the last straw" for the congregation of Detroit Four Square Gospel light house, Dr. Dawson MacCullough, acting pastor of the Detroit Temple, said tonight. "I am afraid some of the members did not like the size of Mrs. McPherson's expense account," Dr. MacCullough said. "The items for the beauty treatments were not popular." Connections Severed.  
The congregation voted Sunday to sever connections with Mrs. McPherson's Angelus Temple and to repudiate a note for \$2,750 for part payment for the rental of the auditorium used in the evangelist's revival. The note was signed by the Rev. George Fink, a former pastor of the church, who, church members say, failed to notify the congregation of its existence. In announcing the church's action, Dr. MacCullough, who has been superintendent of the Four Square Gospel temple in Michigan and Indiana, said the Detroit church's assets consisted of a "couple of desks and a typewriter."

### Steady Line Of College Freshmen March Through Tech Registration Mills

Largest Enrollment Is History Expected For Fall Session As Deluge Of Old And New Students Arrive Here

A STEADY stream of freshmen, coming from the far-flung borders of Texas and many other states, marched steadily all day yesterday through the registration mills of Texas Technological college for enrollment in the fifth annual session of the institution. Many were still in line when the registration offices closed at 6:30 o'clock last evening.

Although an estimate was impossible last night, Registrar E. L. Dohoney said that the enrollment was considerably heavier than the initial day of last year.

Freshmen who began registration yesterday will continue starting at 8 o'clock this morning. Other first year students, together with members of the football squad, will register Wednesday morning. Former students and transfers are to register today.

As the fall term was formally ushered in yesterday, officials of the college expressed optimism for the coming year, predicting that the enrollment would be the greatest yet recorded here.

A glimpse over the Tech campus at this time revealing the modern youth in varying moods, enlivened greetings of sophomores and upper classmen, flashing array of scarlet and black, assembly of swiftest feet, reticent freshmen meekly responsive to exigencies of registration and crowded corridors.

Fish Active  
Green-capped freshmen, following orientation Friday and Saturday, furnished sources of usual jesting of seasoned collegians Monday when initial registration of first years evoked considerable laughter.

One freshman was corrected after he had written "They have consented" in the blank space seeking names of parents on the registration sheet. Another, who lives in a

### Relative Held In Shooting Monday

Brother-In-Law Is Under \$2,000 Bond Following Mt. Pleasant Slaying As Echo To Family Row

(By Associated Press)  
MT. PLEASANT, Sept. 23.—Frank Alexander of the Argo community near here, was shot and fatally wounded at the home of his wife's parents at Argo today.

Shortly after the shooting, Clyde Jenkins, Alexander's brother-in-law was arrested and placed under \$2,000 bond. He told officers he arose from a sick bed when he heard his sister scream and went into an adjoining room where he found the couple struggling over a pistol.

Forman was named as the perpetrator of the plot in a confession police obtained from DAVID SCHWARTZBURG, 19, an alleged accomplice of Alter in the theft. A description of Forman has been broadcast throughout the country.

### PREPARE FOR VETS

American Legion Headquarters Are Moved

LOUISVILLE, Ky., Sept. 23. (AP)—National headquarters of the American Legion and the Legion Auxiliary moved to Louisville tonight and established offices in preparation for the gathering of World War veterans for the Legion's eleventh national convention next week.

James F. Barton, national adjutant of the Legion, and Mrs. Owen Wiggins MacDowell, the auxiliary's national secretary, accompanied by their staffs, came in a special car from Indianapolis, the legion's permanent headquarters.

### DEATH CALLS PRELATE

Louis Dubois Dies Monday At Age Of 73

PARIS, Sept. 23. (AP)—France today lost its most popular prelate by the death of Louis Ernest Dubois, cardinal archbishop of Paris, at the age of 73 years.

He was recognized as the man who had done more than any other to reconcile the Catholic church to the lay republic and to end the long conflict which had torn France since the separation of church and state. He also was recognized for his simple piety and his activity for the church and other worthy objects. In 1926 he attended the eucharistic congress in Chicago and had interested himself in many church and other manifestations apart from his regular charge.

Arriving at New York on the Berengaria on October 4, the British premier will come directly to Washington by rail. He will be escorted to the British embassy and later in the afternoon will pay a call of courtesy at the White House.

During this call the president personally will extend an invitation for the premier to be his guest. MacDonald is expected to begin his sojourn at the executive mansion the next day, remaining for perhaps three days and then returning to the British embassy to be the guest of Ambassador Howard until his departure for New York and Canada on October 10.

### Reason For Visit Not Announced By Chief Prosecutor

Clem Calhoun and Rangers Leave Borger Late Monday After Extended Probe Of Officers' Assassination

### Force Increased

Furor Created In Borger By Charges Of Alleged Crime Ring; Additional Texas Rangers Sent

CLEM CALHOUN, special prosecutor sent to Borger following the assassination of John A. Holmes, district attorney, on Sept. 13, Ranger Captain Tom Hickman and Ranger Sergeant B. H. Westley, oil investigators in the case, were due to arrive in Lubbock last night or early this morning, according to an Associated Press dispatch to the Morning Avalanche yesterday.

The reason for their appearance in this city was not stated though it is understood they were to visit Amarillo and Pampa earlier in the day to confer with persons whom they hoped might shed some light on Holmes' assassination.

No Word Heard  
City or county officers at a late hour last night had heard no word of the investigators while a check of hotels early this morning failed to locate them.

BORGER, Sept. 23. (AP)—The force of Texas rangers investigating the assassination here Sept. 13 of District Attorney John A. Holmes was increased to eight tonight with the arrival of four additional rangers, M. T. Gonzales, W. H. Kirby, H. B. Purvis and Det. Smith. Should Captain Frank Hamer return to the investigation the force would number nine.

### Pantages Case To Go To Jury Today

New York Defense Attorney Makes Four-Hour Plea In Closing Court Session; State Attacked

(By Associated Press)  
LOS ANGELES, Sept. 23.—Prospect that the case of Mrs. Lois Pantages, charged with second degree murder in connection with the death of Juro Rokumoto, as the result of an automobile collision, would go to the jury, tomorrow, became a certainty as court adjourned late today after a four-hour plea by Max Steuer, New York attorney for the defense.

Steuer expected to finish his closing statement tomorrow morning. The courtroom was packed as the New Yorker made his final effort in behalf of the wealthy theater magnate's wife, whom the state accuses of driving her automobile into Rokumoto's car while under the influence of liquor.

Steuer's closing address began shortly after court opened. W. J. Gilbert started the defense action with a charge that the prosecution was "honest and sincere" in its presentation of the case. He appealed to the jury to consider with care the question of a "reasonable doubt" concerning the guilt of Mrs. Pantages before arriving at a verdict.

### Counter Suit Is Filed By Tunney

BRIDGEPORT, Conn., Sept. 23. (AP)—Gene Tunney, retired heavyweight prize fighter in his words, denies the world, filed an answer and counter suit in superior court today to the \$500,000 suit recently brought against him by John S. Fogarty, of Fort Worth, Texas, who charged Tunney with alienating the affections of his wife, Katherine King Fogarty. The latter is suing Tunney for \$500,000, also charging him with breach of promise to marry.

Tunney in his counter action asks damages of \$100,000. In the answer to Fogarty's action, Tunney in his words denies the truth of the matters contained in the plaintiff's complaint.

In the complaint filed by Fogarty and in the earlier complaint, filed by the Fort Worth woman, it was charged that Tunney met Mrs. Fogarty at Ft. Spring, Ark., in 1924, and carried on an affair with her at Lakewood, N. J., St. Paul, Minn., Chicago and New York.

### WILL VISIT HOOVER

MacDonald To Spend Several Days With President

WASHINGTON, Sept. 23. (AP)—Ramsay MacDonald, will spend several of his six days in Washington early next month as the guest of President Hoover, with whom he is to confer regarding the Anglo-American naval negotiations.

Arriving at New York on the Berengaria on October 4, the British premier will come directly to Washington by rail. He will be escorted to the British embassy and later in the afternoon will pay a call of courtesy at the White House.

## The WOMAN'S DAY

Something new in judicial decisions has been handed down in a New York court that may have far-reaching results.

Mrs. Elsie Schmierer, mother of four, appeared before Magistrate Jaquette G. Brill, charging that a younger woman, Mrs. Christine Hunter, was taking her husband away from her. After listening to the complaint, Magistrate Brill suggested that Mrs. Schmierer might try making herself more attractive as a means of holding her husband's interest. Perhaps, the Magistrate tactfully advised, a little beauty with cosmetics might help. Modern man does have a way of liking his women pretty! "I won't powder or paint for any man," the outraged Mrs. Schmierer is reported as saying. "If I can't keep my husband in my natural state, I don't want him—he would not be worth having."

### NEW LEGAL LANGUAGE

Judicial opinions have always seemed to me as unrelated to life as they could be. The very diction and phrasing requires much special study before becoming understandable. Along come women judges. Not many of them, yet. But the fact of Magistrate Brill's injecting natural human feeling into her decision makes the law something skin to you and neighborly sense that might come over the back fence. It makes a human, helpful thing of law, something understandable. Courts following Magistrate Brill's lead would assume a homier air, stilted legal phraseology might easily fall into the vernacular and opinions might be based not on legal precedent, for the good of all concerned, but on human needs.

I notice that most of the December-May marriage records are broken by a little village wedding in Surrey, England, when an 82-year-old woman and a 23-year-old boy were married recently.

To make the inequality even greater, the bride is invalid and was wheeled in a chair to the altar. The bridegroom is a dreamy musician whom she has known since he was a baby.

Two questions assailed me as I read this story. How much money did she give him? Was it a mad desire to get money and perhaps funds to continue his music that perhaps a hard life kept him from having? Or, is this another of those sad cases where the boy's mother had made him so dependent upon her, so much a mother's boy that, losing her—perhaps his happiness in life depended on finding some other motherly soul to replace her?

# The Old Sock is out of Date! AN ANCIENT PREJUDICE HAS BEEN REMOVED

That ancient prejudice which hoarded gold with the fanatical zeal of the miser has vanished. Under the sheltering wing of AMERICAN INTELLIGENCE flourish thousands of banking institutions to which the individual safely entrusts his wealth.

**"toasting did it"—**

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful, corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and women.

The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at a minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

Fall Work Of Aid Is Outlined When Meeting Conducted

Mrs. J. T. Shaver, 2430 20th street, entertained the Primary Teachers' club in the Lubbock Public school Saturday afternoon with a musical tea in her home and about 75 guests called.

The receiving line was composed of Mesdames Madeline Larmer, T. A. Rhodes, Miss Bonnie Dyson, Miss Nell Parmley, Miss Margaret Stone, Miss Frances Larmer, Miss Louisa Denham and Mrs. R. C. Douglas.

A musical program was carried out during the afternoon and Mrs. Shaver was assisted by Mrs. L. J. Von Tunkein, Miss Nell Parmley, Miss Margaret Stone, Miss Frances Larmer, Miss Louisa Denham and Miss Blanche Fann.

The Lubbock county commissioners' court met in regular weekly session Monday with practically all business attention given routine matters. Bids were received and two elevator graders purchased, according to Judge Robert H. Bean.

Fair Edition Is Congratulated

Congratulations, by person, telephone and telegram, continued to pour into the offices of the Avalanche-Journal.

E. Paul Carter, circulation manager of the Avalanche-Journal, was busy Sunday morning explaining to patrons that the edition of 136 pages, the largest single edition ever published in Northwest Texas, was one paper only and could be purchased for five cents.

Newspapers, carriers and mail delivery boys spent a laborious morning in delivering the 31,129 morning to 16,300 persons. "I just settled myself for practically the whole day to read it," was the expression of one subscriber.

WELCOME STUDENTS

College Students Are Guests At Reception

A reception was given for freshmen and new women students in Texas Technological college Saturday afternoon at 5 o'clock in the patio at College Inn. The Association of Women Students of the college entertained.

Seats were arranged about the lawn for the guests and a program was given under the direction of Miss Margaret Cooper. Several hundred girls attended. Refreshments were dispensed from a table presided over by Misses Virginia Murray, Kate Boyd, Lucille Moxley, Marjorie Ainsworth and Dorothy Rushing.

Technical Topics from Texas Tech

By FAY FOOTE, Tech College Staff Correspondent

STUDENT UNDER KNIFE

Ena Armstrong, sophomore at Tech, was operated on for appendicitis Monday morning at the Lubbock sanitarium. She is a member of Theta, expression club, and Y. W. C. A. at Tech. Miss Armstrong's home is in Comanche.

GIVEN IDENTIFICATION SLIPS

As each freshman is registered he is given student identification tickets. These cards must be presented at all social events which are approved by the college. They must be used at the college dances, the first of which is to be held Saturday night.

CORSICANA GIRL FIRST

Myrtle Reed, of Corsicana, was the first freshman to finish registering for the fall term. She finished at 10 o'clock Monday morning. She is in the school of Liberal Arts.

YOUNG LAD ENROLLS

Ray Ruckman, of Vernon, is the youngest and smallest freshman now registered in the Tech. He is four feet tall, weighs 82 pounds and is 14 years old. He is a blonde and will be registered in the School of Liberal Arts.

TWO FOREIGN STUDENTS

Two foreign students registered as freshmen in the Tech yesterday. Alfredo Navarro, from Mexico and will be registered in the School of Chemical Engineering. He expects to do work here before returning to his home country.

Alvaro Melendez, from Guatemala, is registered in the School of Liberal Arts.

Both boys attended Wesleyan Institute, at San Antonio, for four years before attending Tech. Melendez is an honor student at that school.

Both of them intend to attend Tech for four years. They declared that they liked the democratic air of the school.

'BIG SISTERS' CHOSEN

Freshman girls are being registered for Big Sisters as soon as they complete enrollment. Pauline Patterson, of Rotan, is in charge of this work.

More people are interested in the Little Sister Movement than ever before," said Miss Patterson. The object of the movement is to acquaint freshman girls with the campus and to help them get established in their new home.

SOCIAL WORK BEGINS

Social service work of the Y. W. C. A. will be done among statistics furnished by a summer class in sociology. The work will deal with the negro and Mexican schools, principally. The work will be supported by money gained from rummage sales. Margaret Basken, of Lubbock, is in charge of this committee.

Madeline Canova, will be in charge of the freshman council. The council will be especially interested in satisfying the needs of the freshman during the school year. A leader for the fellowship group has not been appointed, according to Margaret Cooper, president of the Y. W. C. A.

Vesper services were held Sunday night under the leadership of the Y. W. C. A. and the Y. M. C. A. The saxophone band furnished music from the towers of the administration building.

Advisors for the Y. W. C. A. are Mesdames William Dingus, Mary W. Doak, J. C. Grandbery, I. C. Enoch, C. M. Ballenger, M. C. Overton, S. C. McFarland, Dude Buster, H. T. Kimbro, J. N. Michie and C. J. Waggoner and Misses Bonnie Dyson. The local branch received national affiliation this summer, according to the president.

FROSH ARE BUSY

In between the forming of long lines, which always accompany registration, freshmen are busy introducing themselves to upper classmen. "Slime, present yourself to the young lady and get me her name" is heard as often as "Where do I go next?"

Corridors are crowded with lines of freshmen who are being initiated into the rounds of college life. One freshman girl stepped out of line long enough to introduce herself to a young gentleman passing by. She boldly asked him if he were a freshman, too. "No," replied Lonnie Langston, professor of math at the college, who she had addressed. "I was here last year." The slime was delighted to find that he was only a sophomore.

Schools End For Picking Activity

Miss Mae Murfee, county superintendent of education, announced Monday that three rural schools of Lubbock county have been closed temporarily so that children might aid their fathers during the cotton picking season.

Wolfarth, New Hope and Foster schools have been closed. A parent-teachers association has been organized recently at Foster, with O. E. Welch as president. Other officers are: E. H. Dyer, first vice-president; T. B. Prestidge, second vice-president; and Miss Minnie Martin, secretary.

A community fair will be held at Foster this week in order to select products for the community exhibit at the Panhandle-South Plains fair, to be held in this city September 30 to October 5, inclusive.

BODY RECOVERED

AUSTIN, Sept. 23. (AP)—The body of 3-year-old F. J. Bryant, Jr., who, with his mother and father, were drowned in the Colorado river two weeks ago, was recovered today. The body of F. J. Bryant, Jr., was found several days after the tragedy, caused when a motorboat, bearing the family home from a week-end outing, capsized.

Sunset Officials Meet In Lubbock

Plans Made For New Store Here to Open on October 15; Will Be In Chain Of Department Firms

Lubbock was the meeting place Monday for managers and directors of the Sunset Stores, Inc., of which the Carter-Houston store, to be opened in this city about October 15, will be a part. The purpose of the meeting was the outlining of merchandising policies and laying of plans for opening of the ideal unit.

Board members attending the meeting were: Hardy Grissom, of Abilene, chairman; E. H. Robertson, Abilene, president; J. E. Grissom, Abilene, secretary-treasurer; C. E. Carter, Plainview, vice-president; Addison Wadley, Midland, vice-president; A. H. Pruitt, Roswell, N. M.; R. J. Keller, of the Joyce-Pruitt store in Roswell, also was attending the meeting.

In Rix Building

The Carter-Houston store will be located in the building to be vacated by Rix Furniture store, Avenue J and Thirtieth street. "Interior of the building is being rebuilt throughout to facilitate the thorough departmental methods we will employ in this city," said E. H. Robertson. "Experts have planned every measure of improvement in answer to our plans."

"The Lubbock store will be one of the largest and most beautiful of our units. Fixtures will be entirely new and ultra modern. Spanish designs will accentuate attractiveness of our windows."

A Mexican orchestra, senioritis in Spanish song numbers and an elaborate style show in which each store of the corporation will furnish a model will be features of the opening program.

Stamford Host To Road Association

A meeting will be held Wednesday morning at 10 o'clock in Stamford of the Texas Transcontinental Trail highway association, according to letters received in this city Monday by J. A. Rix, vice-president, and R. J. Murray, director, of the organization.

Organized several years ago the Texas Transcontinental Trail extends from Fort Worth to Lubbock and is routed through Breckenridge, Albany, Stamford, Spur, Crosbyton, Ralls, Lubbock and intermediate points.

Election of officers will be the feature of the meeting while less important matters also are to come up for consideration. It is understood that Lubbock will be represented at the gathering and the names of the delegates have not been announced.

The Rev. Myron E. Terry of Norwalk, O., is the flying instructor at the municipal airport.

# Steers And Barons Primed For Championship Classic

## Fighting Spirit Of Chicago Cubs Will Be Factor In Coming World Series

### Dallas Club Off For Opening Site Of Title Series

First Two Games Of Tussle Set For Wednesday And Thursday In Birmingham; Glazner-May Start

BY GALEY TALBOT JR. Associated Press Sports Writer. DALLAS, Sept. 23. (AP)—Crippled but confident, Mill Stock and his performing Steers left tonight for Birmingham, home of the Southern association title, and a shot at the second Dixie championship in four years.

For the next week the Steers and their adversaries will spend most of their time settling their diamond dispute or commuting to the scene of the next conflict. It is a 24-hour haul between the contestants, with only one day set aside for travel between grounds.

Start At Birmingham. Games are scheduled at Birmingham Wednesday and Thursday after which the clubs will come here for three more Saturday, Sunday and Monday. If a sixth is necessary it will be played at Birmingham. A seventh site would be decided by the flip of a coin.

Although the Steers looked the part of champions in taking three out of four from Wichita Falls in the two games at Birmingham Sunday and Monday, it is a sixth is necessary it will be played at Birmingham. A seventh site would be decided by the flip of a coin.

Moore's Knee Hurt. Moore's knee, injured in the first hit at Wichita Falls, still was swollen today and it was doubtful he would be certified for the classic. If not, his outfield post will be patrolled by "Red" Harvel, who did very well against the Spudders. The loss of Moore's 364 clubbing average takes considerable punch from the Steers lineup.

Stock was expected to save his ace, Frasier, for the first game here Saturday. The youngster pitched two masterful exhibitions against the Spudders with only three days rest between. He was complaining of his arm after yesterday's game and the club physician advised him to give the flipper a rest. A drive from Bennett's bat carried off Frasier's arm in the sixth inning Sunday and did the member no good, although it did not impair his effectiveness at the time.

Steady Hit and Ready. Outside of that the Texas league kings were in prime shape and anxious to get at the Barons. The fact that teams from the circuit have been almost unanimously successful in previous Dixie series has brightened Steer morale. The Barons, from all reports, are not as powerful as the club that lost to Houston in last year's Dixie series, hitting almost 30 points less as a team.

Whiskey Glazner, veteran right-hander, who set the Spuds down with four hits in the play-off, was a likely choice to go against Birmingham Wednesday, with either Sergeant George Connolly or Charlie Barnabe, a southpaw, on deck Thursday.

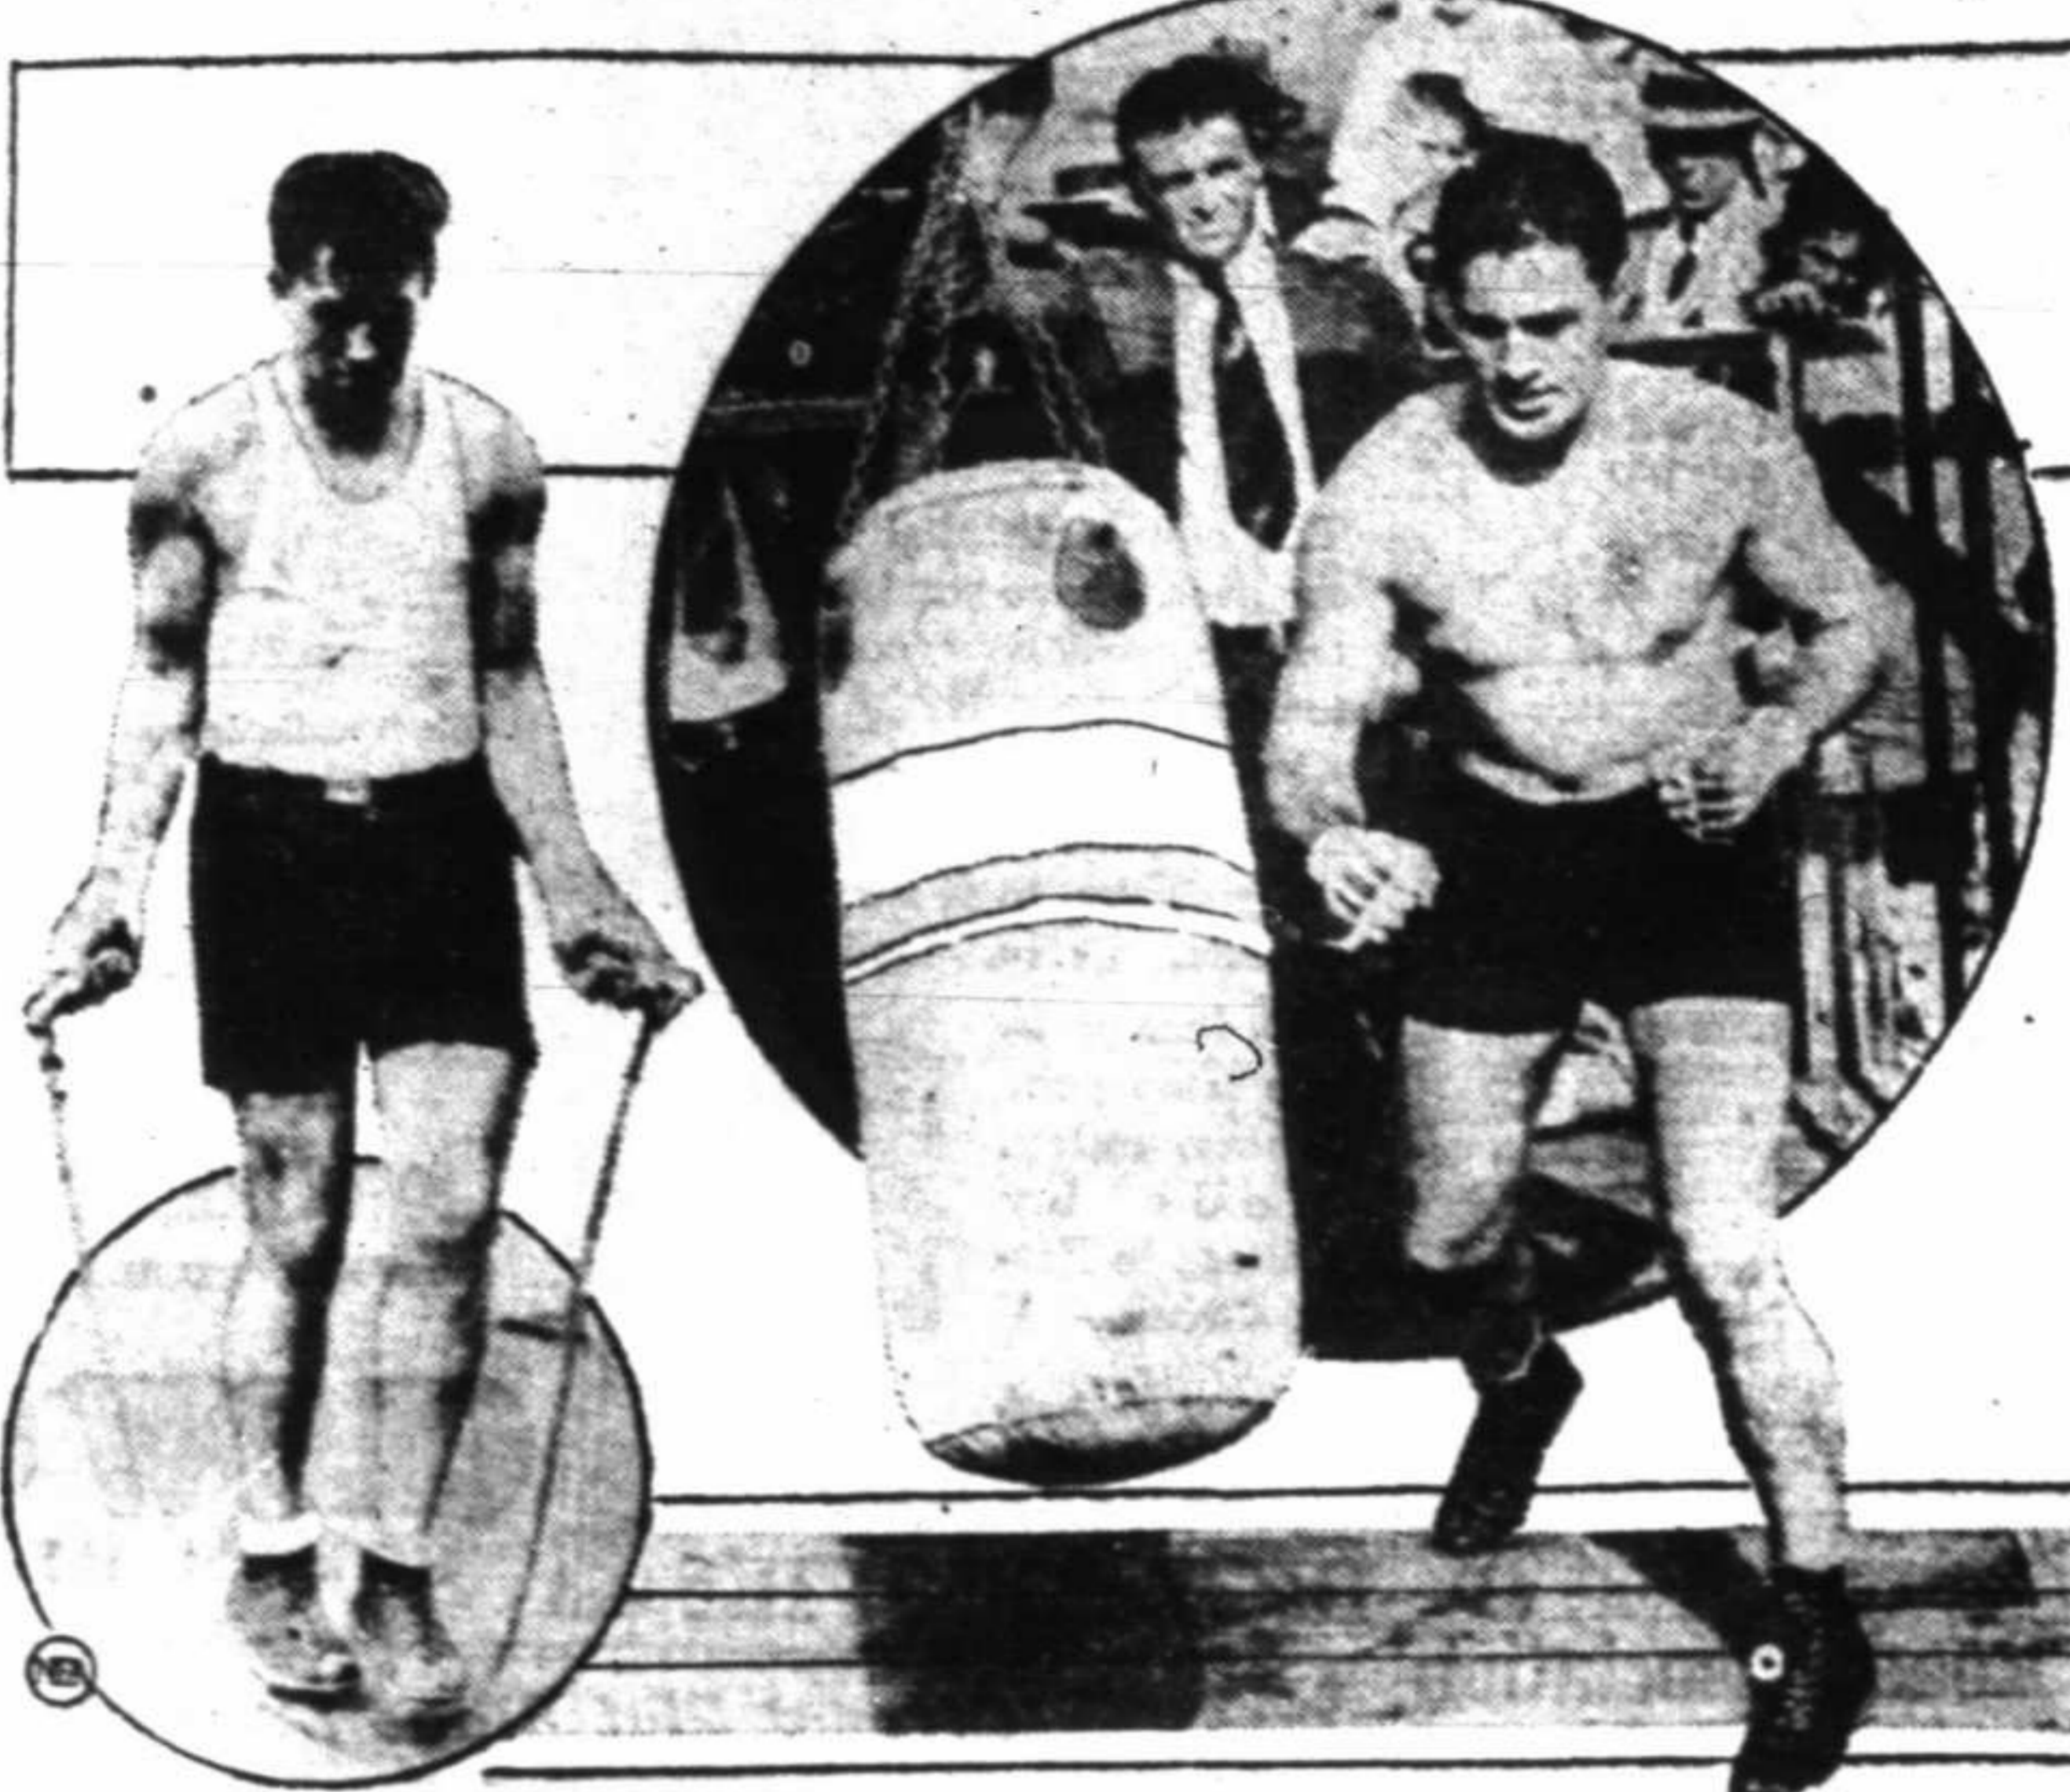

LUMBERMEN MEET. One Hundred Attend Affair At Wichita Falls. WICHITA FALLS, Sept. 23. (AP)—A one-day joint conference of the Northwestern Lumbermen's association, the Texas Association and the Northwest Oklahoma association was held here today. R. S. Hathaway of Lawton, Okla., presided at the session, attended by approximately 100 lumbermen.

Phill Scott Decisively Outpoints Victorio Campolo, Giant Argentine, In Ten Round Heavyweight Battle

English Boxer Shows A Superior Skill In Beating South American; Loser Had Weight Advantage

BROOKLYN, N. Y., Sept. 23. (AP)—Phil Scott, heavyweight champion of Great Britain, decisively outpointed Victorio Campolo, Giant Argentine in a ten round bout at Ebbets Field tonight. Scott weighed 213 1/2, Campolo 223 1/2. They opened cautiously, feeling each other out.

### Sharkey and Loughran Toil For Battle

Serious business this training for a fight, the winner of which eventually may be crowned world's heavyweight champion, Jack Sharkey, left, was engaged in rope-skipping to develop the old staying power in those legs. The talkative Bostonian is going his training at Orangeburg, N. Y. Tommy Loughran, right, imagined he saw the map of Sharkey's big bag and was whaling viciously when the camera man dropped in at his camp at Harvey's Lake, Pa. An inch taller and considerably broader and heavier, Loughran has grown in recent months. He'll weigh around 167 when he enters the ring with Sharkey at Yankee Stadium, New York, Sept. 26.

### Matadors Down To Serious Training For Battle With Rabbits Saturday

Spurred by the unexpected strength shown by the Wayland Jackrabbits last week, the Tech Matadors were down to serious business Monday in preparation for the opening game of the 1929 season here Saturday with the cohorts of Coach Frank Kimbrough.

Westerners Start Serious Training For Next Contest. Crosbyton Chiefs Coming Friday For Battle With Lubbock Eleven; Split Battle Expected. Lubbock's Westerners went through their paces Monday afternoon at a break pace with their three days between them and their second game of the season Friday with the Crosbyton Chiefs on the Tech gridiron.

With news of upsets coming in from all sections, the high school mentors are taking no chances with their encounter with the strong Class B eleven from Crosby county reports from the camp of the Chiefs indicate Coach Finis Vaughn has one of the most aggressive football clubs in the history of Crosbyton high.

Yesterday's activities were centered around new plays that will be used against the Chiefs and the usual training grind. Additional time was spent by the Westerners in pointing out the mistakes of the Ralls game. Coaches Frank and Morgan yesterday began pointing their efforts for their annual clash with the Amarillo Sandies on Nov. 2. Both coaches were present Saturday for the Amarillo-Norman contest and were strongly impressed with the showing of the 1929 Sandies. Several members of the Westerner eleven accompanied the Lubbock coaches.

### Strong Pitching Staff Will Help Southern Outfit

Leading Batter And Leading Hurler Will Be In Baron Uniform When Club Gets Into Action Wednesday

BIRMINGHAM, Ala., Sept. 23. (AP)—The Southern Association's leading batter and leading hurler will go into battle with the Birmingham Barons, champions of the association for the second successive year, when they meet the Dallas Steers in the opening game of the 1929 Dixie Series here Wednesday afternoon.

While the 1929 Barons hit for a team average of .311, this year's team batted at a .297 clip with Weis, the league's leading hitter, clouting only 344 for the season. Dick Ludolph, who led the association hurler, is the other leader to battle the Texas opponents. He won 21 games and lost 8.

Other eligible pitchers are Carlos Moore, rookie right-hander; Clayton Van Alstyne, a Southern association star of two seasons ago and Bunny Hearn, left hander from the American Association. Francis is the only other left hander.

Behind the plate, the Barons have two seasoned campaigners in Yarn Yarn and Frank Gibson with the latter likely to do the bulk of the catching.

The infield one of the best balanced in the association with Guy Sturdy at first, Juggy Black at second, Ernie Smith at short and Pickering at third. Sturdy was second in stolen bases for the season and also led in triples. Pickering and Smith are dangerous pinch hitters, both finishing near the top in driving in runs.

Strong Outfield. In the outfield in addition to Weis, is Claiborne, a good left handed hitter; Andy Moore and Bennett.

The Barons finished the season without a utility infielder but have taken the place vacated by Yarn Yarn and Frank Gibson with the infielders is forced out of the lineup.

### Yankee Pilot Is Seriously Ill

MILLER HUGGINS

The little manager who has led the New York Yankees to six pennants and three world's championships is a "very sick man," according to Dr. Edward H. King, the Yankees' club physician. Grave concern is felt for his life by baseball men in general and particularly the members of his club.

NICE PLAYTING. NEW YORK, Sept. 23. — In experimenting with artificial lightning, F. W. Peek, consulting engineer here, has been playing with electrical discharges of more than 5,000,000 volts. These discharges have been produced mainly in the study of natural lightning in which the potential differences may rise to 100 million volts.

### Loyalty To Boss And Owner Shown By Bruin Players

Promise Of Extra Dough May Be Added Incentive For McCarthymen To Put Out In Classic

Promised extra dough. The loyalty of the Athletics have over the Cubs in actual playing talent, the Cubs will make up for by their indomitable spirit and loyalty," one grizzled diamond scout remarked.

Wright Cheers Players. Almost daily Wright cheers his players in defeat or victory and his presence at the ball park classic will not help the Athletics any.

McCarthy is a type who breeds loyalty by his direct methods and policy of letting players succeed at best they know how. Last spring he said he would manage such a temperamental group as Roger Hornsby, Hack Wilson, Kiki Cuyler, Guy Bush and Pat Malone. But he has done it with their assistance on and off the playing field. He has made mistakes, admits them and tells his players to forget about mistakes, collectively and individually.

Cubs Confident. Outwardly to a man, the Cubs are certain of stopping the Athletics even though they have been in a bad slump for the past week. Every one including Pat Malone, who has been somewhat careless this year in keeping exact training rules, has started to bend down to get in the best of physical shape and not one has asked for a vacation before the series although they have a five-day rest the starting day.

Hope I Just a Home Run. "I'm in a slump now, but I'll be ready for the Macks," Guy Bush said, and his spirit was not a patcher than that expressed by pitchers Charlie Root, Pat Malone, Sheriff Black, Hal Carlson and Artie Neff.

Slaton Needs 200 Pickers At One. (Special To The Avalanche). SLATON, Sept. 23.—Farmed around Slaton here Saturday that 200 or 300 pickers are needed immediately in the Slaton territory. Cotton has been opening rapidly much faster than had been expected, and practically all fields are white and pickers are scarce. Several farmers want families and to provide housing accommodation, they said. Customary prices prevail and picking is good, the report showed.

Baseball Fans Attention! A special leased wire from the Dallas office will bring the play-by-play reports of the Dixie series on Texas Avenue where it will be broadcast each afternoon of the new Playgraph that will be installed in front of the building.

Chicago's loop district has a floating population of more than a million and is traveled daily by more than 10,000 street cars and 150,000 trucks and autos.

ONE MINUTE PULPIT

Whoever therefore shall break one of these least commandments, and shall teach men so, he shall be called the least in the kingdom of heaven; but whoever shall do and teach them, the same shall be called great in the kingdom of heaven.

For I say unto you that except your righteousness shall exceed the righteousness of the scribes and Pharisees, he shall in no case enter the kingdom of heaven.—St. Matthew, v. 19, 20

TO AID THE STUDENTS

FROM all sections of Texas, and some from even further points, Texas Technological college's students are arriving for the long term of 1929-30.

The Morning Avalanche believes that Lubbock is a clean city. Above the average moral standard of the city, it is possible to make even a better place in which to reside.

When this city made its bid for the location of the college it took upon itself a responsibility which was not then apparent.

INTOXICATING IN IOWA

The bay rum sold in 10 cent emporiums is not intended as a beverage, but it may be used as such, at least in Iowa.

Before too many wet and dry enthusiasts find a moral hazard or a moral lesson in this incident, it might be well to recall that bay rum was bay rum even in pre-prohibition days.

HIGH AIM

Thaddeus Stevens, who practiced law in two small Pennsylvania towns before the Civil war, was probably the greatest of the idealists.

Every young man who is a student in the days when the youthful barrister was something of an idealist and dreamed of professional fame rather than of fat fees, knew from memory Bishop Hooker's celebrated tribute to the divinity at whose altars he was to serve.

A DIMINISHING SCOURGE

One of the most encouraging reports of the progress of the campaign for health is that of Dr. Frederick L. Hoffman, consulting statistician of a leading insurance company.

Some years ago an eminent epidemiologist stated that if all the knowledge now available were to be applied practically, diphtheria would disappear from the world.

Nevertheless, human beings because of their unwillingness to learn or to put into effect the knowledge that they have continue to suffer with this disease.

Some men find obscurity naturally and others become the husbands of well-known women.

The loan off loses both itself and a friend, and so does refusal.

A dispatch from Paris says that time has mellowed Gene Tunney's bearing toward the press.

Some of Pyle's devotees still are asking for the name of the man that most of them ran over with a trolley.

On the Firing Line at the Nation's Capital

FINDINGS OF FEDERAL TRADE BODY IN PUBLIC UTILITY INVESTIGATION SUGGESTED BY WASHINGTON WRITER

BY CHARLES F. STEWART Central Press Staff Writer

WASHINGTON, Sept. 23.—The federal trade commission draws toward the wind-up of its investigation of the power and public utilities industries—industry, in the singular number, because power and public utilities are so inextricably commingled as not really to amount to a plurality of industries.

It would be premature to guess what the federal trade commission's report will be like. Maybe it is not out of place, however, to mention a couple of the things which were strongly hinted at by the testimony.

For one item, the industry has been held up to the public gaze as about the hardest working propaganda factory that ever did business in this country.

A Judge Edgar A. McCulloch of the commission remarked to me quite a long time ago, when the inquiry was young, propaganda may not be illegal, but some forms of it are unethical.

Secondly, it is an industry which appears from some of the evidence, to be charging mighty high prices to American consumers—as compared with what the corresponding industry in Canada for instance, charges to consumers on that side of the border.

To be sure, the American industry's witnesses offered plenty of explanations to account for this discrepancy—but not to the satisfaction of critics like Senator Robert B. Howell of Nebraska, who, a power expert himself, cannot see why Niagara Falls (as just one illustration) should not generate electricity about as cheaply at the New York end of the catenary as at the Ontario end.

On the theory that there is any reasonable ground for such complaints as Senator Howell implies (supported by a number of his progressive fellow lawmakers of both political parties) is there anything that can be done about it?

The federal trade commission's investigation has been informative—but action, if any, will have to be taken by congress.

Senator W. B. Pine of Oklahoma, a member of the committee which gave its initial impetus to the trade commission's inquiry, suggests that adequate publicity of the right sort, perhaps, was the subject most needed.

"Not necessarily that suitable legislation would be out of place," added the Oklahoma senator.

"A body of somewhat the character of the interstate commerce commission might serve a useful purpose as a restraint upon the charges and financial activities of the companies engaged in interstate power transmission and utility operation—which would mean most of the larger ones, the little concerns of only intra-state proportions, are not an important consideration."

"However, my impression always has been that the first essential is to let the public know it, if it is being overcharged—and it will adopt its own remedy."

To clarify his point, "In my home town of Oklahoma a few years ago," continued the senator, "the industrial users of the cost of household gas—charges for fuel, joined the producers in a company to produce their own supply."

"Each group took half the stock. While Tulsa consumers were paying 40 cents, the Oklahoma rate was around 18 cents. After a decade, the company is still prospering."

"True, this would not be a practical plan of solving the problem of the cost of household gas—or various other utility problems. In principle, however, it seems to me the public's most effective means of resisting exploitation by greedy interests."

The senator recognizes that it is a method which would work hardship to the numerous "customer-owners" of utility stocks purchased upon the basis of the present prices charged by some corporations.

"A great many properties," he agreed, "have been merged at mighty high valuations, which again have been heavily increased in the process of consolidation—evidently on the supposition that these stiff figures did not matter because the consumer would be required to pay handsome dividends on the new, total anyway."

"Naturally the customer-stockholders will be left holding the bag if subsequent developments prevent the consolidated companies from levying the expected tolls."

DIPHTHERIA COULD BE WIPED OUT IF PROPER FIGHT WERE MADE

BY DR. MORRIS FISHER Editor Journal of the American Medical Association and of Hygiene, the Health Magazine

Some years ago an eminent epidemiologist stated that if all the knowledge now available were to be applied practically, diphtheria would disappear from the world.

Nevertheless, human beings because of their unwillingness to learn or to put into effect the knowledge that they have continue to suffer with this disease.

The control of diphtheria depends, on its isolation of those who have the disease, by eliminating the germs from well persons who carry the germs in their throats by eliminating the possibility of dissemination of the germs by means of milk and food substances, and by the inoculation of people who are susceptible to the disease so that they will not continue to be susceptible.

The control of the disease when it occurs in a human being depends first of all on early and accurate diagnosis, and the second on the giving of antitoxin in sufficient quantity to control the condition.

An investigation made in the Municipal Children's Hospital in Augsburg showed that newborn infants had diphtheria germs in their throats due in some cases to the fact that the mother had the diphtheria organism on her person.

The presence of the germ was found three times as often among the lower classes as among the well-to-do. Exposure of the children to fresh air and sunlight and the treatment of the throats with the proper antiseptic solutions resulted in the disappearance of the germs from the throat in from two to three weeks in the majority of cases.

Some men find obscurity naturally and others become the husbands of well-known women.

The loan off loses both itself and a friend, and so does refusal.

A dispatch from Paris says that time has mellowed Gene Tunney's bearing toward the press.

Some of Pyle's devotees still are asking for the name of the man that most of them ran over with a trolley.

Anniversary Notes

"BLACK FRIDAY" On Sept. 24, 1929, a financial panic began in New York when gold rose to 164 after a clique headed by Jay Gould and Colonel James F. D. made a daring attempt to corner the market of the precious metal.

Black Friday is the name applied to the two disastrous days in financial history that followed.

The gold ring purchased about \$90,000,000 in gold, paying or rather agreeing to pay \$86,000,000 in currency. The transactions were in full swing, with gold hitting 160 when the United States government telegraphed to sell \$4,000,000 worth of the golden metal.

Instantly the end was reached and gold fell to 149 then 132 and there were no buyers at any price.

A disastrous panic ensued, affecting business in the United States and disrupting international trade. For several months the sale of bonds in Europe was affected by transactions of that day.

The men who engineered the deals continued to settle transactions in which they profited but numerous court injunctions delayed settlement of the deals in which they suffered losses.

While no definite figures were available it was estimated that the gold clique's profits were about \$12,000,000 on transactions they were willing to admit and their losses on those transactions which they refused to acknowledge totaled \$20,000,000.

The University of Nebraska awarded 1,127 degrees during 1929 as compared with 1,028 a year ago.

It is farther from Ketchikan to Nome, Alaska, than from Washington, D. C., to Denver, Colo.

Today's Poem

APOLLO'S SONG (From "Midas") My Daphne's hair is twisted gold. Bright stars appear her eyes do hold. My Daphne's brow entwines the stars. My Daphne's beauty stains all faces. On Daphne's cheek grow rose and cherry. On Daphne's lip a sweeter berry. Daphne's snowy hand but touched doth me. And then no heavenlier warmth is felt. My Daphne's voice tunes all the spheres. My Daphne's music charms all ears. Fond am I thus to sing her praise. These glories now are turned to haze. —John Lyly

PERMITS GRANTED Operation Of Motor Trucks On Routes Allowed

AUSTIN, Sept. 23. (P)—Several permits to operate motor trucks on fixed routes were issued today by the state railroad commission.

They were Delta Rapid Transit, Brownsville to Mission and Edinburg and Brownsville to Raymondville. J. W. McDaniel, Sonora, San Angelo to Sonora, Barnett Brothers, Hamilton to Waco and Hamilton to Dallas, Joe Pickett, Vernon to St. Louis, C. E. Campner, Vega, Amarillo to Vega, Rogers and Brook, Orona to San Angelo.

A St. Clairsville, O., dancing party honored bare-legged women and men without neckties, asserting their appearance on the dance floor discouraged business.

Reports continue to pour in from Texas in which South Plains exhibits are being seen, and all of them are favorable.

Joe M. Peterson, living near Lamona, set Lubbock Monday for Cook, Rapids, Iowa, where he will arrive tomorrow to represent the Panhandle-South Plains exhibit at a fair in that city.

From Cook Rapids, Mr. Peterson will go to Waterloo, Ia., to have charge of the exhibit in that city.

W. E. Stumson, who is representing the organization in Oklahoma City, telegraphed Monday that great crowds are viewing the booth daily and that much interest is shown in the Panhandle-South Plains.

SLIGHT HOPE HELD

Accident May Claim Fourth Victim At Denison

DENISON, Sept. 23. (P)—Only slight hope for the recovery of Miss Reynolds, injured yesterday when her automobile in which she was riding was struck by a passenger train near Whitewater, was held today by physicians.

Three persons lost their lives in the accident. Mr. and Mrs. Henry McCauley died shortly after the crash, and their 6-year-old son, Tony, was killed instantly. Reynolds is a brother of Mrs. McCauley's. All were dead within the expiration of the child.

The McCauleys and Reynolds resided at Trenson and were on their way home at the time of the accident.

The Innocent Cheat

By Ruth Dowling Graves Author of "Rich Girl," "Poor Girl," etc.

THIS HAS HAPPENED HELEN PAGE feels unhappy when her classmates accuse her of being in love with her handsomest fellow student, Mr. Cunningham. But she represents all that she knows of home and family even though he refuses to clear up the mystery of her birth until after her graduation.

However, a chance meeting with a dying beggar, CHARLES OWENS NELLEN, causes Brent to change all his plans regarding Helen's future. Before the man dies, Brent secures facts and evidence which he is able to corroborate to some extent by a visit to Yonkers.

On graduating, Helen remains her guardian of his promise to tell her about her parents, and is amazed when he informs her that she is the heiress of a millionaire.

CYRIL K. CUNNINGHAM, and that he promised her parents to take her to her grandfather when she was sixteen and bring her to Yonkers and introduce her to Cunningham as his granddaughter.

He tells the story and offers as proof the pocket containing a picture of EVANGELINE CUNNINGHAM NELLEN which he had taken from the dying beggar.

Cunningham and his lawyer request that Helen remain at Bramblewood until an investigation is made. Brent favors this, but the girl objects, resenting the fact that she is under suspicion.

Brent makes her stay and he tries to win her over by a gift—a surprise, he tells her.

Helen lifted her face from Mr. Cunningham's shoulder, and he was eager to see that she was not so depressed that she had no curiosity.

"I'm sure you're going to like it," he went on, meaning the surprise he had spoken of.

DAMAGES RENDERED Plaintiff Given \$1,000 Suit Against Santa Fe

A verdict was rendered yesterday morning in the 99th district court by the jury favoring the plaintiff by the amount of \$1,000 for damages, plus \$97 for hospital fees in the case of Mrs. Jodie Sledge vs. Panhandle Santa Fe railway company.

In the suit Mrs. Sledge sought \$20,000 alleging that she had sustained a broken leg while engaged in cooking for a bridge and gang of the railroad company.

### Noted Landscape Artist Is Slain

#### Frank Reed Whiteside Is Shot By Mysterious Gunman On Opening Door Of Home; Robbery Motive

PHILADELPHIA, Sept. 23. (AP)—Frank Reed Whiteside, 63, landscape artist of note, was slain by a mysterious gunman last night as he opened the door of his home on Waverly street. He was shot through the heart.

Whiteside was given by police as a possible motive for the shooting the artist's pockets were found filled with cash, a gold watch and a pair of cufflinks. He had not been taken to his pocket.

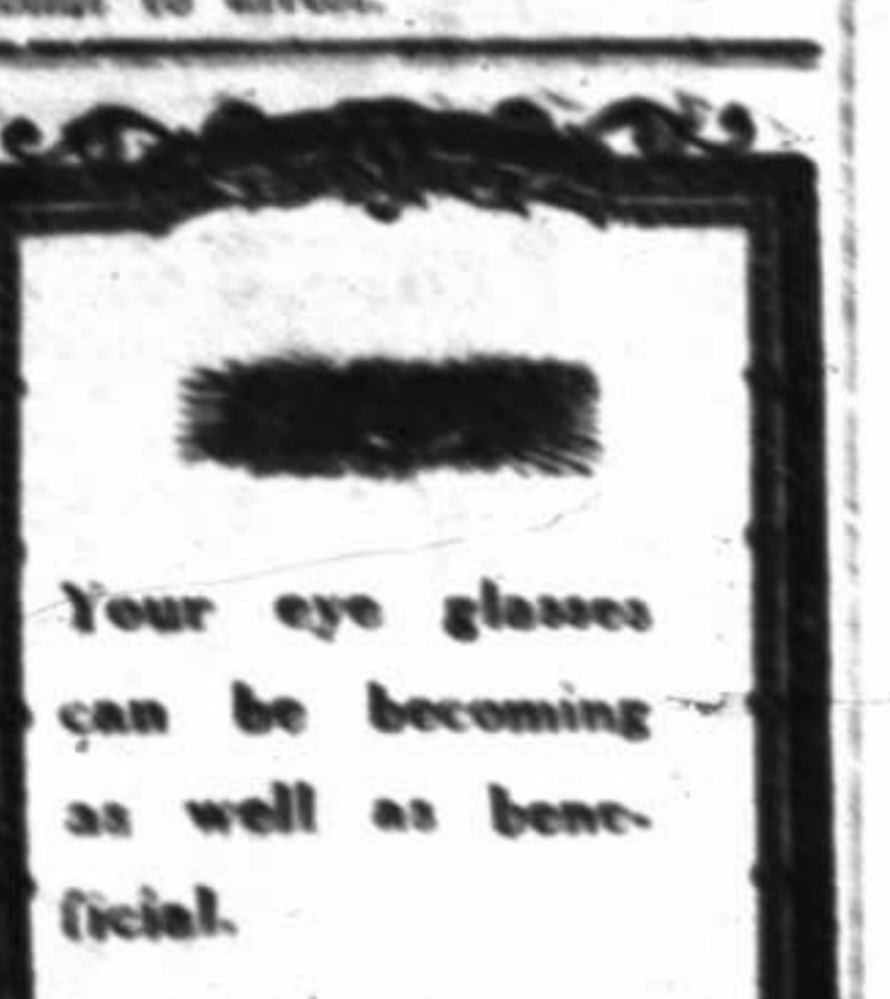

Neighbors who heard the shot and Whiteside's body slumped across the doorway told police they had seen a shabby-looking youth in the street in the heart of the city after the shooting.

Whiteside, who was treasurer of the Fellowship of the Pennsylvania Academy of Fine Arts, an instructor and author, was alone in his home. His wife, who is convalescing from recent illness, and his daughter, whom he had spent the summer at Ogunquit, Maine, were expected home in a few days.

More than 6,000 additional miles of tracks are to be laid by the Japanese government railways.

#### The Birth Of An Idea

By Les Forgrave

WHAT A FLOP ROCKHART WAS. HAD THE BIRD ON ALL READY TO SELL HER PLACE AND THEN GOT FOUND OUT. HE'S MADE IT HARD FOR ME. I'VE GOT TO HAVE THAT PROPERTY.

OF COURSE, IF THE WORST COMES TO THE WORST I CAN PAY HER WHAT IT'S WORTH BUT I'D HATE TO DO THAT. MAYBE IF I RAISE ROCKHART'S OFFER A BIT SHE'LL LISTEN TO REASON.

MY LANDS, YOU'RE THE SECOND MAN THAT'S WANTED TO BUY THIS PLACE. YOUR OFFER IS BETTER THAN THE OTHER FELLOWS AN' IS RIGHT TENDIN', BUT I DUNNO, THIS IS MY HOME. I LIKE IT 'CAUSE IT'S QUIET AN' PEACEFUL. I RECKON I'LL NOT SELL 'TIL JES' YET.

SO! SHE LIKES IT HERE 'CAUSE IT'S QUIET AN' PEACEFUL! HM! QUIET AND PEACEFUL. THAT GIVES ME AN IDEA!

# Cotton Advance Lost; Market Active

## Ginnings Report Causes Boost In Morning Session

Realizing And Hedge Selling Causes Early Rise To Be Lost, More Besides Total Below Expectation

NEW ORLEANS, Sept. 23 (AP)—Cotton showed a disposition to advance during the morning session today under stimulation by a bullish construction of the total ginnings report to September 16 which the census bureau placed at 3,853,033 running bales or about what the trade expected. This advance attracted heavy realizing and hedge selling after mid-session causing the loss of the early advance and more besides. December, which closed Saturday at 18.85 and advanced to 18.81 in the early trading, reached 18.88 up 16 points and later dropped to 18.43 and closed at that price. 15 points net lower for the day. The general market closed easy at net declines of 5 to 16 points.

Liverpool came in as due to 1 point better than due and first trade here were 3 points up to 1 down. Prices eased, October dropping to 18.22. December to 18.52 and January to 18.59 or 6 points below Saturday's close. By the time the demand was supplied October traded up to 18.39 and January to 18.73 or 15 to 17 points above the early lows and 8 to 11 points above Saturday's close.

SEATTLE, Sept. 23.—Elementary sciences saved the lives of the skipper and the crew of an icebound steamer in an Alaskan lake recently. Knowing that black absorbs the sun's rays and holds the heat caused the captain to wad a long strip of refuse oil and lambjack, 40 feet wide, across the frozen lake. In a short time the ice had softened enough to enable him to plow through it.

## Liberal Movement Of Grass Cattle Is Feature Of Livestock Market Monday

KANSAS CITY, Sept. 23 (AP)—Cattle trade around the eleven market circuit was featured by a liberal movement of grass cattle. Replacement stock was in larger supply than at any time this season. Stocker and feeder steers ruled steady to 25c lower. With the better grades of lightweight stockers little changed. Majority of replacement steers are selling from 8.00 to 11.25. With choice stockers and feeder feeders upward to 12.25. Aggregate receipts were around 142,000 against 119,722 last Monday and 145,829 the corresponding day a year ago.

## Markets At A Glance

(By Associated Press) New York: Stocks irregular; Detroit Edison bonds 35 points. Foreign exchanges steady. Sterling firm. Cotton easy; favorable weather and large ginnings. Sugar higher; bullish European rop advices. Coffee advanced; firmer Brazilian cables. Chicago: Wheat easy; increased visible supply. Corn easy; large supply. Cattle strong to higher. Hogs irregular.

## Declining Values Feature Wheat Mart On Monday

Irregular Trend Is Caused Despite Late Suggestions Of Frost Damage To Argentina Crops. By JOHN P. BOUGHAN, Associated Press Market Editor. CHICAGO, Sept. 23 (AP)—Despite late suggestions of possibility of frost damage to crops in Argentina, wheat prices today had an irregular downward trend. Persistent heaping up of domestic stocks of wheat in sight did much to bully rag purchasers. Closing quotations on wheat were unsettled, ranging from 1-1/4c net decline to 3-8c advance. Corn closed 5-8c to 2-1/4c off, oats varying from 1-4c setback to 1-3c gain, and provisions 5c to \$1.00 down.

## Plenty Of Cattle On Hand In Mart

PORT WORTH, Sept. 23 (AP)—With plenty of cattle and calves on hand here today — about the largest supply of the year to date, buyers saved a little money on steers, cows and calves with other classes in light supplies and about steady. Stocker cattle inclined a little lower. The supply of steers was light. The best sold at 12.50 with other steers on fair quality and plain kind. Values appeared ten to 15c lower. Light bulls 5.75 to 6.25, better heavy bulls 7.00. Slaughter yearlings and heifers unchanged. Cows 4.00 and 5.00. Calves plentiful. Calves plentiful. Light and medium calves 9.75 or 25c to 30c lower. Order buyers paid 10.50 and 10.75 for calves and 11.50 for weaners. Fat two year old weaners 8.25 and 8.50; yearlings 9.50; steady; aged fat weaners at 7.25 and 7.50, steady to 25c higher. Shipper buyers took a load of hogs at 10.50 or steady with no truck sales in the rail division. Truck hogs mostly ten cents lower, top 10.00.

## Tech Opens

(Continued From Page One) Several entered the office of Dr. Paul W. Horn, president of the college, thinking that was the logical place for registration. In each instance, however, Miss Pearl Harrison, secretary, courteously directed them. Highlights in the program for the first week follow: Registration—Tuesday and Wednesday. Fall term classes open Thursday morning at 8 o'clock. Horn To Talk. Dr. Paul W. Horn, president of the college, will deliver annual address to student body at convocation Friday morning at 11 o'clock in the college gymnasium. All churches of the city will hold open houses for students Friday evening at 8 o'clock. To Play Wayland. Football season will be ushered in Saturday afternoon at 3 o'clock when the Matadors play Wayland college on the Tech gridiron. Dr. Horn will hold his annual reception for students in the lobby of the administration building. The opening sermon of the college year will be delivered next Sunday evening at 8 o'clock by Rev. Furney Hutchinson, of Oklahoma City, in the college gymnasium.

## Services Are Held

Mrs. J. M. Turner, Idalou, Is Buried Monday. Funeral services for Mrs. J. M. Turner, 54, of Idalou, were conducted Monday afternoon at 3 o'clock at the Idalou First Baptist church, with the Rev. Teitson, pastor officiating. Burial was in the Lubbock, in charge of arrangements. Mrs. Turner died Sunday morning at 11:30 o'clock at her home in Idalou following a brief illness. Survivors are the husband, two daughters, Mrs. Luther Mitchell, Enid, Okla.; Mrs. C. D. Suttins, Bridgeport, Texas, and seven sons, C. E. Blanton, Eastland; John H. Turner, Union City, Mo.; Carroll, Joe, Frank, Charlie and T. C. Turner, all of Idalou.

## Booster Trip

Continued From Page One. view at 11 o'clock where lunch will be served. They plan to leave for Lockney and other points at 12:30. Woods, Parrish Speakers. Mayor Harley D. Woods and Senator Pink L. Parrish will speak in each of the towns on the itinerary and will give the invitation of Lubbock to all for a visit to this city during fall week and at other times. Automobiles will be decorated with Lubbock signs and stickers, literature will be carried, husbands will be worn by all, many novelties will be distributed among the children while the entire group will radiate a general spirit of good fellowship and good will. ## High Call Money Plays Havoc With Mart Speculators

Expected Lower Rate Falls To Materialize And Call Money Advances From 8 To 10 Per Cent Monday. By CLAUDE A. JAGGER, Associated Press Financial Writer. NEW YORK, Sept. 23 (AP)—High call money rates played havoc with speculators for the advance in today's stock market. Instead of the lower rate generally expected, call loans advanced from 8 to 10 per cent and the market ran into another storm of selling, which carried more than a score issues to the low levels for the year, despite the strenuous efforts of bull pools to revive speculative confidence by bidding up U. S. Steel common, Anaconda and an assortment of high priced specialties. Selling pressure was renewed against radio, and several of the other recent speculative favorites, and quoted values melted rapidly. Short selling played an important part in the day's operations but there was also evidence of liquidation from stale margined accounts inspired, in part, by the bearish attitude of some of the leading commission houses. Failure of the general list to follow the leadership of U. S. Steel common on the upside also proved disappointing to pool operators. Strength of sterling exchange coupled with reports of the further withdrawal of gold for continental account, revived reports of an early increase in the Bank of England discount rate.

## PLAN DEMONSTRATION

SAN ANTONIO, Sept. 23 (AP)—An official demonstration of a new invention to enable military planes to drop machine guns, ammunition and crews into enemy territory will be made at Brooks Field Thursday, it was announced Monday. BEAUMONT, Sept. 23 (AP)—Claude Strawn, 40, was fatally injured this afternoon in a 50-foot fall from the derrick of the Republic Oil company's Dolbar No. 119 in the Huff oil field.

## John-Florence

Continued From Page One. section of the church since the mid-dle seventies. The simple congregational wedding service and a single ring ceremony made John Coolidge and Florence Trumbull husband and wife. The marriage took place at 4 p. m. in the Congregational church in the presence of eighty-two guests, limited to that small number in response to the wishes of the bride and groom. Two ministers officiated. The vows were read by the Reverend Kenneth Welles of Albany, N. Y., former pastor of the Congregational church at Northampton, where ex-President Coolidge makes his home. The Reverend J. Roy Wilkerson, pastor of the Plainville Congregational church, read the preliminary service, consisting of the vows of the church and the announcement. As the strains of the bridal chorus from Lohengrin, played on the pipe organ by Professor William Chammond of Mount Holyoke college, sounded through the yellow flower-decked church, the bridal party did it appearance and marched slowly down the left aisle.

## INFANT DIES HERE

Crosbyton Youth's Burial Will Be Held Today. J. D. Ausmus, 17-months-old son of Mr. and Mrs. Frank Ausmus, of Crosbyton, died in the Lubbock sanitarium Monday evening at 6 o'clock, shortly after he had been brought to this city for treatment. The body was prepared for burial and sent overland by Elymus Brothers. Funeral services will be held this afternoon at the First Christian church in Crosbyton with burial in that city.

## DARNEY RESIGNS

### Action On Prison Problem Expected By December 25th

#### Centralization Committee Gets Down To Business In Discussion Of Site For Proposed Plant

BY E. W. BARRY  
Associated Press Staff Writer.  
AUSTIN, Sept. 23. (AP)—Action of the Texas prison centralization commission in getting "down to brass tacks" at Temple Saturday, in a discussion of a probable site for the new plant, indicates the legislature may dispose of the problem before Christmas.

Overwhelming sentiment in favor of voting to put the modernized central plant in Central Texas in close proximity to Austin, as dropped out at the Temple meeting, would seem to mean there will not be so much friction on this point as was at first feared.

To Adopt Report.  
Belief is growing in semi-official circles that whatever recommendation the centralization commission—composed of the nine members of the prison board, five members of the house of representatives and four senators—makes to the legislature those suggestions will be adopted.

With the commission planning to meet next week in Houston to come to a formal agreement on the site of the proposed plant, it seemed probable the official report could be drawn and adopted within two weeks and the entire proposition put up to the governor not later than November 1. If this should prove to be the case, there would be a disposition on the part of the

governor to call a special session of the legislature by November 15 and dispose of the problem.

Unless unforeseen opposition should develop, it is the belief of observers that a 30-day special session could dispose of the prison concentration matter, correct the troublesome confederate pension law to give all entitled to help some monetary relief and settle the boundary dispute between Texas and Oklahoma, three outstanding matters awaiting attention.

Governor Moody said last week that like the man who found a \$10 bill in the pocket of a pair of discarded trousers, it was apparent the state would have more money than was anticipated when the tax rate was fixed recently. Remittances from several revenue sources showed a sharp increase, and it is probable there will be sufficient money on hand to start work on the new prison plant.

The commission at Temple planned to recommend an initial appropriation of \$1,000,000 to start the wheels turning and supplement this with \$500,000 annually until the modern plant is completed.

Those who have gone into the proposition have expressed surprise at the apparent ease and little expense with which the Texas prison situation may be altered. This is accounted for partly by the apparent decision to retain much of the state's farm lands for the purpose of carrying on agricultural and livestock activities supplemental to the industrial plants within the walls.

BROWNWOOD, Sept. 23. (AP)—Miss Letia Brister of Mason died in a hospital here yesterday of injuries received in an automobile accident Saturday night as she was returning home with two companions from a dance at Llano. Her parents, Mr. and Mrs. Henry Brister, reside at Llano, where funeral services will be held today.

### Newspapermen are Invited To Fair

(Special To The Avalanche)  
SNYDER, Sept. 23.—Invitations have been placed in the mails to every West Texas Press association member to be the guests of the West Texas Fair association and Chamber of Commerce at Abilene, Friday. According to Secretary George Jimmie Smith, Snyder, more than two hundred publishers will attend the special day as guests of the two organizations. The Hilton will be official headquarters and a banquet will be served all publishers and their guests at noon, with short program. Col. W. M. Esterwood, Dallas, has been invited to address the gang, which promises to equal the record crowd at Sweetwater in July. Other press associations have been invited also as guests.

HOUSTON, Sept. 23. (AP)—Despite the inquest verdict today that the death of Mrs. Letia Hayes, 40, of Port Arthur, was due to an automobile accident, the Liberty county sheriff's department was conducting an investigation.

Mrs. Hayes was found in a dying condition on the Beaumont-Houston highway between Devers and Liberty. Four boys who brought her to a hospital here said they found her lying on the roadside.

P. A. Olive and J. A. Campbell, Port Arthur refinery employees, said their automobile figured in a minor collision with another car and that when they got out of their machine they found the woman lying near the road. They sped to Devers to call an ambulance.

HOUSTON, Sept. 23. (AP)—The inquest verdict today that the death of Mrs. Letia Hayes, 40, of Port Arthur, was due to an automobile accident, the Liberty county sheriff's department was conducting an investigation.

### RUMOR UNCONFIRMED

HOUSTON, Sept. 23. (AP)—Wright Morrow, Houston attorney and mentioned as a likely successor to Attorney General Claude Pollard, resigned, today declined to confirm or deny rumors circulated here that Governor Moody had offered him the post and he had turned it down. Morrow is a close personal friend of the Governor. Pollard's resignation was to have become effective last Tuesday, but he has continued in office pending the selection of a successor.
