FIFTY-NINTH YEAR | Sonora, Texas, Friday, October 7, 1949 | FIFTY-FIRST WEEK

. . . Son of a gun . . .

J. A. Gray, A&M Extension husbandman from San Angelo, blew into town Wednesday, Thursday and Friday of last week to help cull sheep for Dave Locklin, D. W. Valliant, and Ted Bailey's 4-H Club lambs and aged ewes. Dick Miller, district agent from Uvalde, was also here Thursday.

—(?*½$*?)—

Everybody's trying to get into the act. It's like Coach Moody said Wednesday -- football is really getting to be big business. At least it is for Sonora. Thursday night the Colts played Junction at Junction. Tonight Junction varsity plays Sonora here, and tomorrow (Saturday) night, Del Rio and Sonora B teams play here. This schedule ought to give fans their money's worth until next week.

—(?*½$*?)—

Somebody is always trotting out some high-class poetry to awe the cash customers with, so we stole this one from Sam Hull, who, it is reported, knows so many fish personally, that they ask him when it's safe to bite. Here it is:

All fishermen are liers,
Except you and me -
And I'm not so .....
Sure about you.

—(?*½$*?)—

Scott Roberts and Jack Lane caught 18 yellow cats averaging 15 to 20 pounds recently on a trip up the San Juan River at Sugar Lake. It took them seven hours and two portages to get up stream, but it was worth it. Trot lines failed to catch yellow cat so, taking their cues from some Mexicans fishing from the bank, they used minnows on rod and reel and dragged in all they wanted.

High School Elects Officers

J. R. Caldwell was elected president of the senior class last Friday when high school and seventh and eighth grade students elected leaders for the year. Other senior officers named were: Bill Ray, vice-president; Ernest Stephen, secretary; Jimmy Martin, treasurer, and Norris Loeffler, class representative.

Other class officers named for the above offices in order are: Juniors: Charles L. Haines, president, A. Z. Joy, Fred Adkins, Bill Decker, Blanche Taylor. Sophomores: Jimmy Morrow, president, Inez Chalk, Bobbie Drennan, Bill Baldwin, Billy Savell. Freshmen: Bobby Scott, president, Herb McKee, Johnnie Johnson, Billy Scott, Joe David Ross. Eighth Grade: Jodie Minnick, president, Charles Griffin, Billy F. Turney, Jackie Graves, Bill Ratliff.

Seventh Grade: Raymond Darrow, president, Betsy Ross, June Henderson, Greta Shaw, Rose Alice Turney.

Loan Association Directors Meet

Directors of the Sonora National Farm Loan Association met here at the office Monday. It was decided to hold the annual stockholders meeting here November 7, at 10:30 o'clock. At the coming meet, two directors will be elected, according to A. E. Prugel, secretary.

Present Monday were Prugel, Joe Brown Ross, president, P. T. Robison of Ozona and B. E. Moore and John I. King of Eldorado. The association has 120 stockholders in Crockett, Schleicher and Sutton Counties.

SCOUT MEETINGS CHANGED

Boy Scout meeting nights have been changed, according to Sam Coleman, Scoutmaster, to the following: Senior Scouts meet Monday nights and Boy Scouts (aged 11 - 14) meet Tuesday nights. Both groups meet in the Scout Hall at 7:30 o'clock.

Mrs. C. G. Davis, who was operated on recently in a San Antonio hospital, is improving rapidly and may be able to come home next week, friends reported Thursday.

APARTMENT FOR RENT: Unfurnished. See Wesley Sawyer.

150,000 Lbs. Mohair Brings 45 - 75 Cents

The Sonora Wool and Mohair Company reported the sale this week of 150,000 pounds of mohair at 45 cents a pound for adult hair and 75 cents for kid hair. According to Fred T. Earwood, manager, the sale, which is a market top today, may be indicative of sale of the remaining hair before the end of this year.

Earwood said the sale leaves about 650,000 pounds still on hand. The first lot of 100,000 pounds went to Al Kruger, representing Edgehill and Lukens of Boston and comprised about 10 - 12 per cent kid hair.

The second lot of 50,000 pounds had about the same percentage of kid and was sold to Son Drake representing Talbott and Motley of Boston.

Final Plans Shaped For 3-Day Race Meet, Horse Show October 15 - 17

Final plans were being shaped this week for what promises to be a most successful race meet and horse show here October 15, 16, and 17. Put on by the Sonora Horse Show and Park Association, the horse show offers $500 in trophies and ribbons to winners on Monday, October 17, while a card of about 14 races will be offered Saturday and Sunday afternoon, October 15 and 16.

The racing meet is the first big one put on in some time and has been set up to cover all distances and classes of horses. To date, Dr. M. E. Genrich, secretary of the association, said he believed the following would enter horses in the races: Jack Hughes of Junction, with 3 of James T. Hunt's horses, Dizzy Dean of Del Rio, J. F. Hamby, Newman Lowe, Paul Yount, W. L. Miers, Alton Hightower, Miers Savell, George E. Smith, E. D. Reed of San Antonio. Between 45 and 50 of 61 stalls available have been reserved, Dr. Genrich stated.

Dr. Genrich also said it is planned to stage several calf ropings between races.

One of the features of the horse show Monday will be the cutting horse contest, and several entries are expected in this division. The main divisions are to be Quarter Horse, with both ranch and racing types, Thoroughbreds and Roping Horse Division.

One Indictment Returned Monday

R. W. FISHER, JR. NAMED ON BAD CHECK CHARGE

Only one indictment, charging R. W. Fisher, Jr., of Rocksprings with defrauding by worthless check, was returned Monday by the 112th District Court grand jury.

In the Fisher case, the defendent is charged with giving H. W. Evans a worthless check in the amount of $457.55 in exchange for 3 horses and 3 cows. Fisher's address is unknown at present.

Judge Alan R. Frasier of Alpine held court in place of Judge J. B. Randolph, who is undergoing medical treatment in San Antonio.

Members of the grand jury were Vernon Hamilton, foreman, John McClelland, A. W. Awalt, S. M. Kerbow, Louin Martin, Russell Davis, Wesley Sawyer, L. P. Bloodworth, R. G. Nance, Wayland Stubblefield, Alfred Cooper and Artie Joy.

Ranchmen To See Ranges Practices On Tour Thursday

Plenty to eat and lots of good grass to go with it is to be the fare at Cleve Jones' next week.

All ranchers in the Edwards Plateau Soil Conservation District interested in conservation and range improvement are cordially invited to Jones' Headquarter Ranch on the Owensville Road, Thursday, October 13. Barbecue lunch will be served at 12 o'clock noon followed by a tour of Jones' Taylor 1,000 Acre Pasture.

Jones, cooperating with the Edwards Plateau Soil Conservation District, has an excellent example of applied range practices, Tom Darrow, Soil Conservation Service Rangeman, pointed out.

Darrow urges all who are interested in grass and range conservation to attend this district wide field day at Jones' Headquarter Ranch next Thursday.

TWO CHILDREN BREAK ARMS ON PLAYGROUND

Two elementary school students, Priscilla Pfiester and Freddie Fields received broken arms while playing on a piece of playground equipment on the school yard.

Young Fields' right arm was fractured when he fell and thrust the arm out to break his fall. The distance he fell was not great. Priscilla's arm was broken in the same manner Monday while playing on the same piece of equipment. Again, it was the way in which she fell, rather than the distance, that caused the break.

Both children are recovering satisfactorily.

Noted Lecturer To Tell Story Of F. B. I. At Auditorium Wednesday

The story of how the F. B. I. makes war on crime and sabotage will be told Wednesday, October 12, when Sam Grathwell, lecturer, traveler and F. B. I. historian, tells "The Story of the G-Man" at the high school auditorium. The lecture begins at 2 o'clock.

Grathwell made a careful survey of the work of the Bureau and secured the cooperation of J. Edgar Hoover in the preparation of material. He bases these findings on his study and research of methods and results achieved by the Government's ace trouble-shooters.

The word "G-Man" sends a shiver of apprehension down the spine of every criminal, whether he be a kidnaper, bank robber, or gangster; and the story of how these men came to be called "G-Men" is a dream in itself.

He has given his addresses during the past twenty years to audiences throughout the United States, in Canada, Alaska and in the Orient. His extensive travels in Europe and the Orient give him a cosmopolitan background and his lecture is packed with fine philosophy and ideals.

How the G-Men war on crime and sabotage . . . with case histories of the rise and fall of notorious criminals . . . will be detailed by the speaker. Included in Grathwell's presentation will be illustrations, fingerprints, and sketches of criminals made before they were caught -- as well as some amusing letters written to the F. B. I. asking admission to that famed organiation. Grathwell is listed in "Who's Who in America."

COLTS WIN OVER REAGAN OWLETS 7 - 0 THURSDAY

The Sonora Colts turned on the heat for one big score here Thursday night against the Reagan Owlets and came out on the long end, 7-0. The win gives the Colts a .500 batting average since they lost their first start against Ozona two weeks ago.

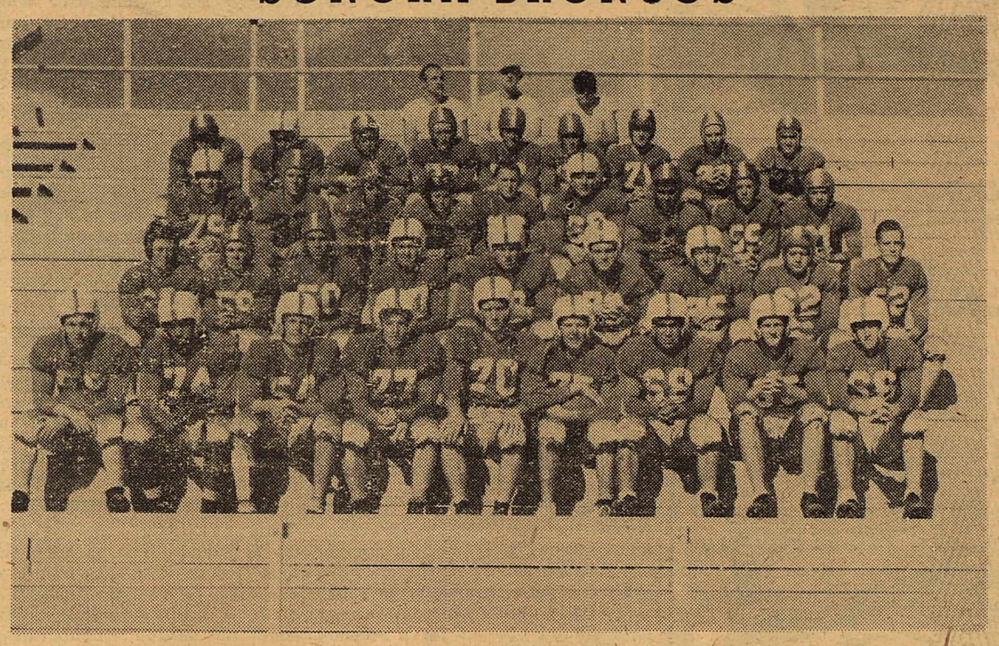

A pass, Kile to Skinner, good for 35 yards, set up the score and Bobby Scott went over on an end run. A pass, Kile to Morrow, added the point. Good all around play was attributed to Scott and Eddie Smith, guard.

Last night the Colts played the Junction Eaglets in Junction, but the score was not received in time for this edition.

DRIVE SAFELY! — Give the pedestrian the right-of-way.

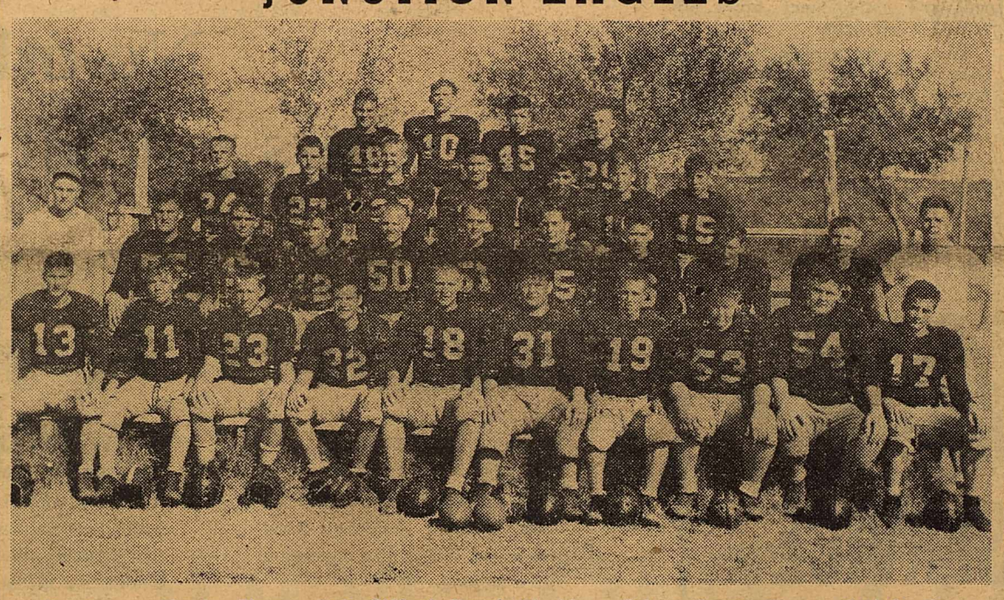

Broncos Play Junction Eagles Here Tonight

SONORA BRONCOS

HOSTS — Sonora Broncos take on the Junction Eagles tonight in Sonora in their first home district game. The Broncs are: Front row: Regeon, Galindo, Henderson, Kring, Bittle, Howell, Berganga, E., Drennan, O., Odom. Second row: Baldwin, J. Drennan, Castro, Ibarra, Brown, Caldwell, McKee Valliant, L., Carroll. Third row: Hill, Slone, McPherson, Peitchinsky, Schwiening, Brooks, Sanchez, Decker, Berganga, J. Fourth row: Griffin, Martin, Baldwin, West, Kile, Chavers, Savell, Valliant, Cordona. Top row: Backfield Coach Hawkins, Head Coach Moody and Line Coach Willard.

JUNCTION EAGLES

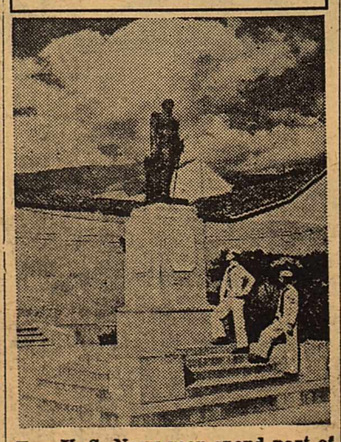

Front row: Charles Simons, Dale Gifford, Dennis Blackburn, Johnny Brown, Warren Guthrie, Jimmy Harriss, Charles Schoolcraft, James Goodman, Orvell Whitlock, C. W. Schaefer. Second row: Tilden Stewart, Ben Urban, Ray Curtis, Clint Warren, Bill F. Moore, Bobby Jetton, Joe Beck, Bill Davis, Don Daniels. Third row: Jack Crumbley, Jimmy Cardwell, Earl Warren, Charles Brite, Glen Love, Bennett Ragsdale, Horsefly Murr. Fourth row: Bill McNutt, Bill D. Evans, Jimmy Hughes, Mitchell McLendon.

CAR FIRE LAST NIGHT

The fire department was called out at 10:35 o'clock last night when a sedan owned by M. C. Moore was thought to be afire near the W. R. Cusenbary home. Investigation disclosed smoke coming from the engine. The car had been in some sort of accident and Deputy Sheriff Clyde Henderson said Moore told him he went to sleep while driving on the highway and struck a pole. Both the front and side of the car were damaged by the collision.

RESPECTS TO A HERO

Two U. S. Navy men spend part of their time ashore in Caracas, Venezuela, to view one of the many statues in that city reared to national heroes and to pay their respects to the memory of the military leader represented in bronze above them.

Broncos Take Reagan Owls 47 - 14

A fast-charging line, clearing the way for Kring, Bittle, Henderson and Berlanga opened up the Reagan County Owls for what turned out to be a 47 - 14 victory for the Broncos in their first district test. The game was nearly an hour starting due to power failure.

With a display of power by Billy Kring, the Broncos amassed 27 points in the first half to the Owls' none. Kring led the scoring with a touchdown drive through center early in the first quarter. He scored again in the second on an eight-yard pass from Gene Henderson and continued to startle the Owls until midway of the third quarter when he was removed from the game for unnecessary roughness.

Two penalties against Sonora in the third quarter placed the ball in scoring position on the two-yard stripe. Pat Shattuck carried it through the center of the line for the first Owl score. Walter Rackley kicked the seventh point.

The Owls' second score came in the last five seconds of the game when Bobby Meroney went over with a pass from Billy Phillips. Rackley's kick was again good.

Sonora's Rudy Bittle, Henry Berlanga and Henderson continued a scoring spree with iBttle crossing the goal stripe in the first and again in the fourth; Henderson scoring in the third and Berlanga in the third.

A pass by Henderson from the Bronco 47 in the last seconds of the first quarter found Pedro Galindo for 23 yards. Galindo scampered the remaining 30 yards for a touchdown.

Henderson converted five of Sonora's seven scores, making good the extra point after his own delayed-action run for the goal in the third. His attempted run after a fumbled pass-out on Berlanga's score in the third was cut short on the five-yard stripe by Reagan's Butch Kelly.

Kring, Berlanga, Bittle, Henderson and Galindo dominated the play for Sonora, while Shattuck, Kelly, Meroney and Rackley were outstanding for the Owls.

The win gave Sonora three in three starts. Reagan now has one win as compared to three losses.

FORMER SONORAN DIES IN AUTO CRASH MONDAY

Funeral services for J. Ward Maupin, former Sonoran who died in an auto crash near Waxahachie Monday, October 3, were held yesterday at 2:30 o'clock at the First Christian Church in Rowlett.

Few details of the accident were available, but it was understood that Maupin and his wife were alone in their car when it was involved in the collision late Monday night. Mrs. Maupin was injured but is improving.

Maupin lived in Sonora several months last year and early this year and was awarded the contract for building part of US 290 between Sonora and Fort Terrett Station. He was about 50 years old.

Here On Leave

Joe Kile and Scott Walters are home on leave from the Naval Receiving Station at San Diego. They will return this weekend.

Park Inn Open Sunday

Park Inn Cafe will be open in its new location on US 290 by Sunday, according to A. B. Hightower, owner.

Alvis Johnson is in Houston visiting Mrs. Johnson, who is recovering from a recent operation.

Broncos In Top Shape For Test

The Sonora Broncos, victors in their first three starts, come up against their first real test tonight when they meet their old stumbling blocks, the Junction Eagles, at eight o'clock at Bronco Stadium. Tonight's contest is the first home district game of the season and the Broncs will suit up with a straight A health card.

Little has been written about the Junction team, but it has won three out of four games, beating Llano by 1 point, Mason and Kerrville B 54-0. The Eagles have lost to Eden by 6 points.

Junction has two giant linemen, Harriss and Whitlock, weighing 210 and 220 respectively, and such returning backs as Brite and Crumbley, who gave the locals quite a workout last year.

Sonora has shaped up well in practice during the week, and will go into this game in the best shape physically so far this season.

Local Horses Win At Abilene Fair

Sonora horses and Sonora trained horses posted several wins last week at the Abilene Fair, held Monday through Thursday.

Among the winners were Miers Savell's Swift Vicki, 3/8 mile; A. B. Hightower's Patriotic I, ¼ mile; George E. Smith's D-Quest, ½ mile; C. D. Crumley's Bartender won third in a ½ mile race. Frosty Streak, owned by Arch Wilkerson of Menard but trained here, won first in a 5/8 mile race.

Congratulations

To These New Parents

A 5 pound, 15 ounce boy was born to Mr. and Mrs. Joseph W. Parker, Ozona, at 2:35 a.m., Oct. 3, in a San Angelo hospital. The baby has been named David Louis.

The couple has two other children, Joseph Daniel, 8 years, and Janice Carol, 7 years. Mrs. Vida Friess of Sonora is the grandmother.

* * *

Mr. and Mrs. J. E. Traylor are parents of a girl born Tuesday, October 4 in a San Angelo hospital. The baby weighed 7 pounds, 4 ounces.

Grandparents are Mr. and Mrs. Clyde Henderson of Sonora and Mr. and Mrs. R. S. Traylor of Santa Anna.

Legion Discusses Building Plans

The Sam C. Merck Post of the American Legion discussed building plans at the regular meeting last Wednesday night and was advised by members of the building committee that an important disclosure will be made this Wednesday night (October 12), the next meeting date.

Louin Martin, post commander, urges all veterans as well as all Legionnaires to be present. Meetings are held in the building at the rear of Penick's Package Store.

Lions Roar

Songs by a duet, Mrs. E. L. Brown and Miss Edith Eldridge, accompanied by Miss Katherine Davis, entertained Lions Tuesday at the luncheon. Reports on the impending USO drive and Infantile Paralysis drive were given. A meeting of the directors was called Wednesday night.

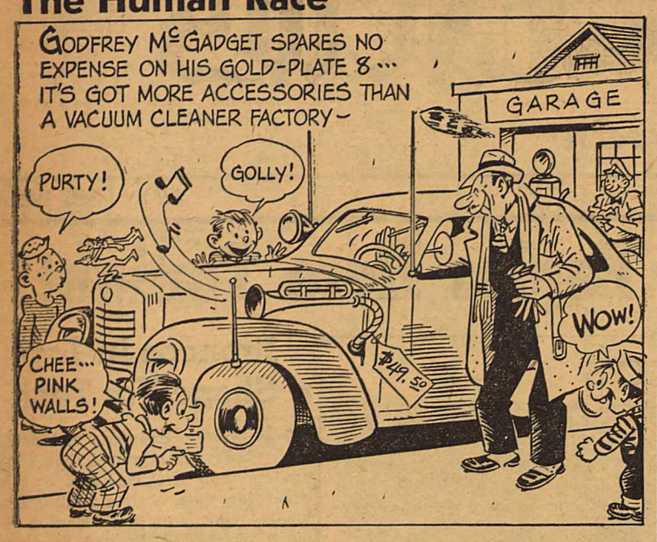

The club sent in its Boy Scout pledge of $1,000 to the Concho Valley Council, which was reported to be in need of funds.

Guests included E. H. Viard of Fort Worth.

Returns From St. Louis

Herbert Fields returned Wednesday night from a Purina dealers meeting in St. Louis. A group of Texas dealers made the expense-paid trip in a special pullman from Fort Worth.

INTERNAL REVENUE TOLLS CONTINUE INCREASE

Federal internal revenue collections in Texas totaled $93,412,506 in August, a 12-per-cent increase from August 1948 collections, the Texas Bureau of Business Research reported.

Employment taxes (other than withholding) fell 9 per cent during the 12-month period, while income taxes stepped up 31 per cent and withholding taxes gained 12 per cent.

In First District (South Texas) federal internal revenue collections increased 28 per cent in August from August a year ago, while in Second District(North District) collections dropped 3 per cent.

First District reported a 57-per-cent rise in income taxes. Withholding taxes stepped up 21 per cent and employment taxes advanced 9 per cent.

Employment taxes in the Second District dropped 21 per cent in August from year-earlier levels. Income taxes and withholding taxes rose 6 and 1 per cent, respectively, during this period.

With nobody, even including the House and Senate leaders, seeming to have much idea when adjournment will take place, the two bodies ground away last week and passed a good many bills and advanced others. Finally disposed of by both Houses was a military pay adjustment measure and a military assistance bill for Atlantic Pack Nations, both of which were sent down to the White House for the President's approval.

The military assistance measure is another of those "calculated risks" -- an aid program designed to bolster the friendly western powers and enable them to protect themselves against communist coups at home and to resist invasion from outside. The program will include about one-half billion dollars worth of surplus war materals which we have on hand.

As originally passed by the House the aid bill would have amounted to $580 million, for a one-year period. The Senate, however, reduced this amount to $500 million and authorized contracting of a similar amount for a second year. This, coupled with ear-marked funds from military aid to Greece, Turkey, Iran, Korea, and the Philippines, made up a total of $1,314,000,000. The House finally agreed to this figure.

While I preferred and voted for the House version of the military aid, which would have put the assistance program on a year-to-year basis rather than on a two-year basis, I supported the final passage of the conference report. It seemed wise to me to wait and see what is being accomplished in the way of cooperation and success in the re-arming plan before committing ourselves for the following year.

The Russian menace, has, of course, been intensified by the disclosure that the Soviets actually have developed the atomic bomb. All experts have agreed for years that the secret could not be kept, but our military leaders have been estimating the perefection of the bomb in Russia about 1952. But, as General Eisenhower once said: "We have the advantage of being at least five years ahead of them in the improvement and development of the bomb." And we are favored with a stock-pile on hand, and tremendous production capacity.

The inside accurate information about the explosion in Russia and the determination that it was definitely atomic in nature, has been heralded here as a great compliment to our Central Intelligence Service and our National Security Council.

* * *

NEW YORKERS like lamb and mutton better than Texans do, if per capita consumption is a good yardstick to judge by. Frank Roddie, of Brady, reminded us of that fact the other day when he stopped over briefly en route from New York to Chicago on a Swift & Co., sponsored inspection tour.

THE AVERAGE New Yorker eats 28 pounds of lamb per year, while Texans, who seem to prefer beefsteaks, consume only 5.6 pounds of lamb, according to Mr. Roddie. But mutton remains rather high in cost to the housewife in the Big City. Lamb chops now sell there at $1.25 a pound, leg of lamb at $1.05, lamb shoulder at 69c, with rigs and flanks at 38c.

RODDIE, Vice President of the Sheep & Goat Raisers, joined the Swift & Co. tour in Chicago on September 11. There were 26 in the party, including Professor Hunt of Texas A&M and five other college economists. An on-the-spot study was made of the marketing, slaughtering, processing, distribution and retailing of livestock and its by-products. The trip included a stop in Boston, another in New York, Baltimore, and the brief visit in Washington.

* * *

AMONG other recent visitors were W. D. Bradley, with the Sunset Motor Lines, of San 9ngelo; Mr. and Mrs. Latham Ables, of Brownwood, enroute home from a three-week honeymoon trp into Canada; Henry Miller, of Brady; Mr. and Mrs. Gerald Allen and the Cumbie Iveys, of Robert Lee.

* * *

Joe Bailey Swanner, of Brownwood, a graduate of Howard Payne in June, has recently been promoted to a better position on Capitol Hill. Mr. Swanner has been employed in the House Disbursing Office, and on my recommendation has recently been named Assistant Journal Clerk of the House of Representatives. He is studying law at night at George Washington University.

Weekly Swing of SOUTHWEST FARM MARKETS

PRODUCTION AND MARKETING ADMINISTRATION, U. S. D. A.

Southwest farm markets paid some higher and some lower prices this week compared to a week ago, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sheep and lamb prices rose about 50 cents during the week. Cull and common ewes cleared from $7.50 to $8 at San Antonio, and $8 to $9 at Fort Worth. Ewes sold up to $8 at Denver and $8.50 at Oklahoma City. Mature goats gained 25 cents to $1 to bring $7 to $8.25. Kids held steady at mainly $4 to $4.50.

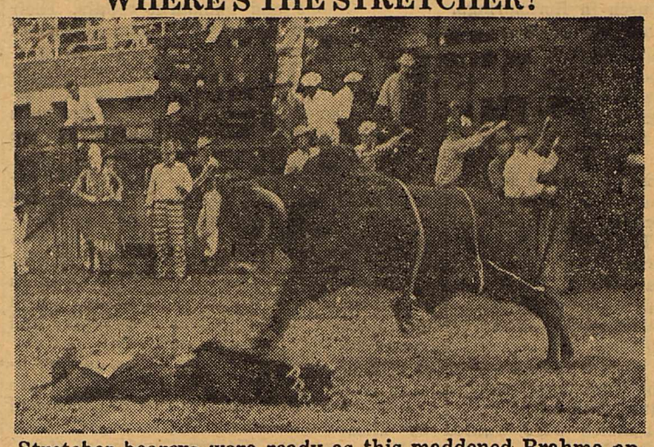

Slaughter cattle and calves moved to southwest markets at mostly 50 cents to $1 lower prices than a week earlier. Stockers and feeders showed little change. Common and low-medium slaughter steers and yearlings cashed at $15 to $18 at San Antonio. Medium and good grades made $18 to $23.50 at Fort Worth. Common and medium steers brought $16 to $20 at Oklahoma City. Denver paid up to $28 for high-good.

Livestock marketings last week were about in line with the week before.

Ample supplies of wholesale dressed meats met narrow demand at eastern markets. Prices were steady to $3 higher, with spring lamb and cow beef up most.

Wool trade was at a standstill in Texas and the territory states. Mohair sold actively at strong prices of 42 to 43 cents a pound for adult and 62 to 63 for kid.

WHERE'S THE STRETCHER?

Stretcher bearers were ready as this maddened Brahma appeared ready to maul his fallen rider, but it turned out to be just another near casualty of the 18th Annual Prison Rodeo now being held in spacious, new Prison Stadium at Huntsville, Texas each Sunday this month.

Veterans Training Extended To Nov.

Extension to November 1, 1949, of time for enrollment of veterans seeking to reenter training or to change courses under the GI Bill was made today by the Veterans Administration.

B. Frank White, acting manager of the San Antonio regional office of the VA, said he was advised today that the change in date of the application of Public Law 266, which prohibits certain types of training under the GI Bill, was made by Carl B. Gray, Jr., Administrator of Veterans Affairs.

"We are advised that the extension was granted to avoid working a possible hardship on any students who had not had time to complete plans for entering schools before the original effective date of the regulation, which was September 12, 1949," White said.

He explained that under the relaxed instruction, all veterans who have made satisfactory progress in school have until November 1, 1949 to enroll in courses of training without the necessity of prior approval of VA for changes of courses or reentry into training after once having completed or dropped out of courses.

Miss Louise Hankins Bride Of William L. Morriss Saturday Night

Two families long identified with the ranching industry on the Edwards Plateau, were united Saturday evening in the marriage of Miss Louise Hankins and William L. Morriss at the First Baptist Church in Rocksprings.

The bride is the daughter of Mr. and Mrs. Lowell F. Hankins of Rocksprings and granddaughter of the late J. L. Hankins of Abilene and Rocksprings. The bridegroom is the son of Mr. and Mrs. Thomas A. Morriss of Sonora and the grandson of the late A. G. Morriss, pioneer ranchman of the Divide section.

The setting for the candlelight ceremony was Kentia palms illuminated with myriads of cathedral tapers, accented with baskets of white chrysanthemums, enhanced with ice blue ostrich plumes. Dr. P. B. Hill officiated at the double ring ceremony, assisted by Dr. Alvin Swindell.

Candles were lighted by Miss June Shefelman, of Seattle, Washington and Miss Ruth White of Helena, Arkansas, who wore dresses identical with those of the bridesmaids. They wore garlands of blue in their hair and carried white cathedral tapers, tied with floral clusters.

The bride, who entered on the arm of her father, wore a gown of gleaming diamond white satin with tiny "wedding rings" intricately detailed into an allover tufted pattern. The yoke was of invisible marquisette, banded with a wide bias collar; the sleeves long and pointed at the wrists. The bodice was fitted, with the skirt smooth at the waistline, then fell into a full cathedral train. For something old and borrowed, she carried her maternal grandmother's wedding handkerchief. She chose a fingertip veil of imported bridal illusion which fell into graceful tiers from a bonnet brim of shirred illusion trimmed with stephonotis. She carried a mist bouquet of stephanotis centered with a white orchid and showered with the same small flowers.

Attending the bride were her sister, Miss Lorelei Hankins, as maid-of-honor; her aunt, Mrs. Claud Erwin as matron-of-honor; bridesmaids, Miss Doris Ann Brown and Biss Betty Ruth Franks of Rocksprings, Miss Lila Barrett of San Angelo, cousin of the groom, and Miss Rosalee Zurick of Clayton, New Mexico. The attendants wore dresses of snow white brocade designed with moulded waistlines and full gathered skirts over hoops. The brief Eton jackets had tiny self-covered buttons and mandarin collars. Their head pieces were bonnie brims of shirred ice blue illusion with garlands of white flowers, and matching long mitts of the same illusion. They carried cascade bouquets of white chrysanthemums and ice blue ostrich plumes.

Flower girls were Grethen Williams of Dallas, cousin of the bride, and Kay Dempsey of Kerrville, cousin of the grom, who wore dresses of ice blue net over taffeta and garlands of white in their hair. J. L. Hankins, cousin of the bride, was ring bearer and wore a white linen suit.

Tommy Morris served his brother as best man. Groomsmen were Claud Erwin, Crawford Mitchell and Walker Epperson of Rocksprings, George Cowden of Mountain Home and Bill Burnham of Marathon.

The bride's mother chose a gown of purple crepe with matching maline headpiece. The groom's mother wore a dinner gown of mulberry crepe, trimmed in bugle beads, with a headpiece of mulberry velveteen. They wore white orchids.

Mrs. J. N. Whitworth, Jr. furnished the prenuptial music which included "Liebestraum," "At Dawning" and "I Love Thee, Dear." During the ceremony, she played "To a Wild Rose" and the "Kashmiri Song." Soloist was Mr. Gale Laning of La Pryor, accompanied by by his mother, Mrs. J. A. Laning, who sang "Beacuse" and "One Alone."

Following the ceremony, a reception was held at the Rocksprings Woman's Club. In the receiving line with the bridal couple were their mothers, Miss Lorelei Hankins, Mrs. Claud Erwin, Miss Doris Ann Brown, Miss Betty Ruth Franks, Miss Lila Barrett, Miss Rosalee Zurick, Miss June Shefelman and Miss Ruth White.

The bride's table was laid with a banquet cloth, family heirloom made by the bride's great-grandmother. The centerpiece was an arrangement of white chrysanthemums and white ostrich plumes flanked by white tapers in silver candelabra. The bridesmaids' bouquets flanked by white tapers formed the floral arrangement for the piano.

Miss Peggy Dechert of Junction and Miss Nicki Frazer of Pampa served the cake which was four-tiered, sprinkled with tiny silver beads and topped with a dainty iced basket containing stephanotis. At the punch bowl were Miss Bert Roberts of Uvalde, Miss Ro Mitchell and Mrs. Mary Q. Custer. Mrs. T. C. Barnes presided at the registry.

Others in the house party were Mmes. J. O. Hankins, Jess L. Hankins, Amp Miller and T. S. Williams of Dallas, Misses Jeanine and Darrene Thompson of Ozona, and Misses Jessie Lea Hankins, Alta Mae Miller, Cappi Brown, Emma Jean Barnes and Mrs. Charles Dempsey.

The couple left immediately on a wedding trip to New Orleans and Miami, Florida, and for traveling the bride wore a suit of royal blue gabardine, gray lizard accessories and matching gray feather hat. For her corsage, the bride wore a white orchid.

A graduate of Rocksprings High School, the bride attended Stephens College, Juilliard Music School in New York City, and Southern Methodist University in Dallas, where she was a member of Zeta Tau Alpha sorority. The bridegroom is a graduate of Schreiner Institute, attended Texas A&M College and served in the United States Navy. At present he is engaged in the ranching business near Kerrville, where the couple will be at home.

Harvey - Walker Nuptials Read

Miss Ruby Nell Walker, daughter of Mr. and Mrs. Lee P. Walker of Dallas, and Truman Marshall Harvey, son of Mr. and Mrs. R. D. Harvey of Greenville, were married Friday evening at 7:30 o'clock in the Baptist Church here.

The Rev. J. E. Eldridge performed the double ring ceremony. Mr. and Mrs. Norman S. Davis were the couple's attendants. Only a few friends attended.

The bride wore a dark brown suit with coffee accessories and a corsage of pom mums. Mrs. Davis wore a red and black wool suit with gray and black accessories and a corsage of white carnations.

The bride attended Paris schools and graduated from Paris High School. She was formerly with Western Union Telegraph Co. in Greenville. Harvey recently received his M. A. degre from East Texas State Teachers College, and came to Sonora this year. He served four years in the Army Air Corps.

Shivers Names Oct. 9 Wool Week

Governor Allan Shivers has this week issued an official memorandum in which October 1 - 8 is proclaimed "Make It Yourself With Wool" Week, and October 9 - 17 is proclaimed "Make It Yourself With Mohair" Week.

In issuing this proclamation, Governor Shivers pointed to the fact that Texas leads all other states in the production of wool and mohair. He stated that the promotion of these two Texas products is of great interest to all people in the state, and the two home sewing contests being sponsored in Texas by the Women's Auxiliary to the Texas Sheep and Goat Raisers' Association merit special attention.

The Women's Auxiliary of the Texas Sheep and Goat Raisers' Association in cooperation with the National Wool Bureau is sponsoring a "Make It Yourself With Wool" Contest designed to interest young girls in sewing with one hundred per cent woolen material. The Women's Auxiliary of the Texas Sheep and Goat Raisers' Association in cooperation with the Texas Angora Goat Breeders Association is also sponsoring a unique contest aimed at introducing a Texas product, mohair, to the clothing field.

These ewo contests are being directed by Mrs. Dolph Briscoe, Jr., of Uvalde, and Mrs. Sayers Farmer of Junction. Appropriate rules have been drawn up governing both contests, and attractive prizes will be offered to winners. For further information on the "Make It Yourself With Wool" Contest, or the "Make It Yourself With Mohair" Contest contact the member directing the contest in this area.

CHURCHES TO OBSERVE "MISSION SUNDAY" NOV. 13

The 19th annual observance of Men and Missions Sunday, in which all protestant churches of the United States and Canada have been invited to participate, will occur this fall on November 13.

The single purpose of that observance is to influence the laymen of North America to support more generously the missionary work of their respective churches.

The observance is sponsored and promoted by the Laymen's Missionary Movement of North America, Inc. It is represented in thousands of cities and towns by either a local pastor or a layman who serves as Resident Chairman. The Rev. W. H. Marshall is Resident Chairman in Sonora. He is inviting every pastor to appoint one of his laymen to speak briefly on Christian Missions preceding the morning sermon on Sunday, November 13. This year's theme is "Let's act now for one world in Christ."

The Speaker's Manual for this day contains inspiring articles by General Douglas MacArthur, E. Stanley Jones and many others.

Sheriff B. W. Hutcherson is making satisfactory progress in a Dallas hospital, following a major operation Friday.

from the ranch country Son-of-a-gun

The University of Texas has retired 20,661 acres of its West Texas lands from grazing for two years in the initial phase of an experimental range building plan.

Four lessees are co-operating in the program recommended to the Board of Regents Land Committee by the Texas State Soil Conservation Board.

The McElroy Ranch Company has retired 7,680 acres in Crane County; Louis Brooks has set aside 3,520 acres in Crockett County; J. T. Baker, J. F. Baker and Mrs. Mary Walker have deferred grazing on 3,061 acres in Pecos County; and Nip D. Blackstone has closed 6,400 acres in Terrell County.

In each case, the acreage involved has been retired completely from grazing from July 1, 1949 to June 30, 1951. This is the first phase of a plan to give range grasses a chance to reassert themselves in the hope that, eventually, the livestock carrying capacity of the land will be increased.

"A long period will be needed to determine the ultimate benefits of the range retirement, but we hope to demonstrate that the program will pay," said C. D. Simmons, University vice-president and comptroller.

Conservation board members have been invited by the regents to make regular inspections of the retired lands and report their findings.

The plan evolved from a meeting between the regents' land committee and the soil conservation board.

—(?*½$*?)—

Delivery of calves contracted under the Lasater Ranch's unusual Beefmaster Plan will begin October 3 at the three Texas distribution centers at Falburrias, Mason and Wharton. Calves produced at the headquarters ranch will be shipped to the centers on September 30. Colorado deliveries will begin at Matheston October 24.

All of the one hundred Beefmaster bull claves offered under the plan for 1949 have been contracted. Each distribution center will receive ten calves more than the number designated for delivery there in order to provide buyers wide selection. All the calves are contracted at the same price - $300 each. Each calf has a guaranteed trade-in value of 75 per cent of the purchase price of a 1951 Beefmaster bull calf contracted under the plan for that year.

Although only bull calves were offered the first year under the Beefmaster Plan, both bull and heifer calves are being made available under the plan for 1950. In 1950 calves available under the Beefmaster Plan will be limited to 100 head of each sex.

When the 1949 Falfurrias calf crop was weaned and weighed recently, it was found that 22 per cent of the entire bull calf crop weighed 700 pounds or more each, and eight individual bull calves weighed more than 800 pounds, the heaviest weighing 860. These Beefmaster bull calves average about eight months in age and were raised under South Texas range conditions without supplemental feeding.

Uncle Sam Says

School bells are again ringing and thousands of children are back in classrooms all over the country. And many of these little boys and girls are crossing the thresholds of learning for the first time, starting the great adventure of beginning an education in a free land. They can go all the way, and that means college, if they learn to save. The School Savings Program teaches them to be thrifty and children who learn to save will certainly be better citizens tomorrow. You parents—be sure there is a School Savings Program at your school and be sure too, that your children are investing in U. S. School Savings Stamps.

"Buick's the Buy"

IT'S part of every street scene—something you see every day.

Car owners in three different price classes—all happy about the same thing.

One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture.

Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.

And if you're looking for prestige, where is your money going to buy so much as in that handsome 18-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this:

There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, *high-pressure* Fireball power.

Above all, there's no "buy" like a Buick—no car that gives you such a rich dollar's worth of smartness, handling, comfort *and* liveliness for every dollar you pay.

So why not look the whole line over? Your Buick dealer has these grand travel-mates in a baker's dozen of different body types and sizes. Start your shopping in his showroom—and you'll find that even on delivery he has exactly what you want.

BUICK alone has all these features

Silk-smooth **DYNAFLOW DRIVE*** • **FULL-VIEW VISION** *from enlarged glass area* • **SWING-EASY DOORS** *and easy access* • **"LIVING SPACE" INTERIORS** *with Deep-Cradle cushions* • *Buoyant-riding* **QUADRUFLEX COIL SPRINGING** • *Lively* **FIREBALL STRAIGHT-EIGHT POWER** *with* **SELF-SETTING VALVE LIFTERS** *(Dynaflow Models) plus* **HI-POISED ENGINE MOUNTINGS** • *Low-pressure tires on* **SAFETY-RIDE RIMS** • *Double-Duty* **VENTIPORTS** • **DUREX BEARINGS,** *main and connecting rods* • **BODY BY FISHER** **Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.*

Soil Conservation District News

News of Edwards Plateau Soil Conservation District

Prepared by Local SCS Personnel

The value of knowing grasses is to be able to recognize them when seen growing on the range. The 4-H Club Grass Judging Team now has a place where it can study live grass plants. This year there is a tendency for contest sponsors to lay out contests in the field. Grass and forg plants are marked along a designated path, and contestants must be able to recognize the plant as they see it growing.

Tom Davis offered the use of his Bluff Pasture as a training ground for the local team. Range technicians of the Soil Conservation Service assisting the Edwards Plateau Soil Conservation District have worked with Davis to lay out such a trail of marked plants in his Bluff Pasture.

This pasture was chosen because of the variety of native plants growing there. Davis has improved the condition of his range by gathering and planting seed of the better grasses found growing along road sides and other ungrazed areas. This was followed with rotated grazing practices and by balancing livestock numbers with feed produced. Livestock now have a free choice of the bluestems, Canada wildrye, green sprangletop, sideoats grama, Indian and switchgrass plus palatable forbs such as gaura, simsia and velvet bundleflower. These better grasses are taking the place of curley mesquite, red grama, needlegrass, mealycup sage and goatweed.

—SCS—

Grass clippings showing that big bluestem is more than twice the forage producer than curly mequite were made on the J. M. Vander Stucken ranch last week. Soil Conservation Service personnel working with the Edwards Plateau Soil Conservation District made clippings from two similar areas of equal size in a valley site. When big bluestem was the main grass, the forage yield on an acre basis was 6,159 pounds. This compared to a curly mesquite clipping of 2,965 pounds.

Soil temperatures were also taken and compared. A temperature of 74 degrees F. in the bluestem was found to be 4 degrees lower than that in short grass. This temperature reduction affords better grazing condition and reduces the evaporation of moisture in the soil.

Short grasses such as curly mesquite do not furnish as much forage as the taller growing bluestems and grama, but they have a definite place in "grass growing." Just as the farmer must prepare his soil for seeding his crops, the rancher must get his soil ready for the better grasses. Short grasses do this job for him by creating a litter which holds the moisture and reduces the soil temperature. Thus providing growing conditions the bluestems must have.

Such grass growing operations must be followed with deferments to allow the seedlings of better grasses to develop vigorous root systems. Grasses with deep root systems are better able to withstand droughts and grazing and mean more pounds of animal products per acre.

DANGER STALKS THE RODEO

Number 77 has a close call as his foot catches in a stirup when he is thrown during a recent performance of the Texas Prison Rodeo now being held every Sunday in October at Prison Stadium in Huntsville. Proceeds of each performance are deposited in the prisoner's Education and Recreation Fund.

Krug To Discuss WT Water Problem In Fort Worth

The need of water in West Texas now has top billing in the Bureau of Reclamation of the Department of Interior and the biggest show of its kind will be held in Fort Worth, Tuesday, November 22.

J. A. Krug, secretary of the Department of Interior, has accepted the invitation of the West Texas Chamber of Commerce to speak at its annual banquet there on that date. The WTCC has promised a thousand water-thirsty West Texans there to hear him, along with Reclamation Commissioner Nathan Strauss and Senator Lyndon Johnson.

This, the annual meeting of the WTCC board of directors, will be the climax of the year's work of organization of defining water needs of the area, and establishing economic loss through lack of water companion to flood loss.

"The federal government will learn how badly West Texas needs water at this meeting," said WTCC President John D. Mitchell in reporting the plans to his executive board in session in Abilene this week. "We have been sitting over waterholes with Winchesters or fighting to keep our domestic water rights in West Texas for a long time.

"This is a program to develop new water, a program so big it can only be handled in a big way and that's what we are doing in bringing a man at cabinet level here to hear our story and tell us what the federal government can do to protect our economic loss from lack of water."

The WTCC has a nominal board of approximately 200 among its 6,000 membership in the 132 county area, but the organiation hopes to take interested officials from all the towns to help the water cause, according to Manager D. A. Bandeen.

Already the Bureau of Reclamation has authorized three West West Texas surveys under the direction of Harry P. Burleigh, state planning engineer, according to Bandeen. One will provide for all the area on the Brazos River shed above Possum Kingdom and below the Caprock; another is on the Colorado above the mouth of Pecan Bayou, while the other under authorization is a survey of the Prairie Dog creek area and tributaries of the Red River in the Memphis- Childress area.

These are in addition to the $85 million Canadian project already approved by the Bureau, to supply water to a dozen West Texas towns between Borger and Lamesa.

— USED CAR BARGAINS —

See Granger & Johnson for the outstanding used car bargains in Sonora.

Here's a hot one -- a used motorcycle and sidecar and it runs. Make us an offer and we'll probably trade with you.

* * *

A 1947 red Buick Super 4-door. This is a clean car and with all accessories and low mileage. A real family car with at least 100,000 trouble-free miles left in it.

* * *

1940 Buick Special, black, 4-door. This car had execellent care and we are offering it at a real bargain.

* * *

Here comes one we really take pride in -- A 1948 Chrysler New Yorker, 13,000 actual miles, seat covers, radio, heater, tires all in perfect condition, and best of all, we're not trying to retire on this one sale. This New Yorker will go at a price you can afford. First come, first served!

* * *

We don't go in for trucks much, but we couldn't resist this dilly: A 1940 Chevrolet ¾-ton, 4-speed transmission pickup. Yes, we'll sell it.

* * *

And here's a G. I. 4x4 Carryall that we may sell and may keep. Anyhow, it's on the lot. Bring your checkbook and take a look.

The Beautiful

CHRYSLER

When others cough and quit . . . Chrysler doesn't even splutter. Storm—damp—high-water—can't faze it! Throw a bucket of water over the engine and you can't stop it. Once again Chrysler brings you the year's most needed engineering feat. The first and only completely waterproof ignition system on any passenger car in America—and it's standard on all Chrysler models! Coil—distributor—wiring harness—spark plugs—everything sheds water like a duck! And mind you . . . this is only one of 50 stand-out advances this year on the beautiful Chrysler. Better see how they add up to the sweetest driving, best riding Chrysler ever built for you. Visit your nearby Chrysler dealer for an eye-opening demonstration today.

48 Years Ago

Mrs. Frank McGonagill was in from the ranch Monday visiting her parents, Mr. and Mrs. J. L. Davis.

—44—

Miss Myrtle Huffman arrived home this week from a visit to friends and relatives in Burleson County.

—44—

J. M. McKean, a well known stockman of Kimble County, was in Sonora last Saturday with his old friend, Nat Sandherr. Mr. McKean was looking for range.

—44—

Mrs. John W. Reiley and some of her children were in from the ranch several days this week the guests of the Commercial Hotel.

—44—

Sol Mayer came down from the Territory Tuesday to look after his stock. He expects to remain out here a week or two.

—44—

Charlie Warren, the well known stockman of Edwards County, was in Sonora last Friday to meet his sister, Miss Sudie Warren of Fort Worth, who will visit him on the ranch for some time.

—44—

D. H. Burroughs sold to T. P. Gillespie of Sonora 250 head of stock cattle at $12 per head. The one and two year old steers and a few threes went in at the same price.

—44—

Uncle John Allison, Geo. Allison and Claude Stites were in Sonora Thursday on land business.

YOUR HEALTH

Now is the time to have your baby protected from whooping cough, says Dr. Geo. W. Cox, State Health Officer. The Texas State Department of Health recommends that vaccination against this disease be administered at three months of age with a booster dose of vaccine when the baby is two years old. There is many a child whose life could have been saved if he had been immunized in infancy, said Dr. Cox.

"Whooping cough," said Dr. Cox, "first masquerades as an ordinary cold, with running nose and eyes, followed by a slight cough. These symptoms develop about 1 to 14 days after exposure. Then in about another week the cough develops into a series of continued attacks, in an effort to expel the troublesome mucous. An attempt to breathe during the choking spell produces the characteristic whooping sound. In mild cases it may be absent. The whooping stage lasts 4 to 6 weeks and may then take another two or three weeks to decline gradually.

"Here are some facts about whooping cough:

1. The disease starts like a common cold, 1 to 14 days after exposure. In about another week the cough develops and the whooping usually begins.
2. It is one of the communicable diseases children often catch at school. After a child has reached the age of five, fatalities occur less frequently. Children may carry this disease home to babies.
3. Most important of all is to see that infants are vaccinated against whooping cough, for most deaths occur among children less than one year of age.
4. Call your family physician at once if you suspect your child has whooping cough and follow his directions in detail."

Miss McClelland Home

Miss Raymie Jo McClelland and her mother, Mrs. Ernest McClelland, returned Thursday night from Galveston, where Miss McClelland recently underwent a major operation. She was brought back in a Ratliff ambulance and will be confined to bed for several weeks.

SHOPPERS' GUIDE

*CHICKEN and MACARONI

2 cups cold cooked macaroni
2 cups cold chicken
1 can mushroom soup
½ cup cream
½ cup chicken stock
½ cup dried bread crumbs
1 tbl. butter
pepper and salt

Alternate layers of macaroni and chicken in a greased baking dish. Pour cream, chicken stock, and mushroom soup over macaroni and chicken, and cover with buttered crumbs. Sprinkle with salt and pepper, and bake in moderate (350 F) oven for about 40 minutes. Serves 4-6.

This is no way to bring home the BACON!

Good intentions don't make a good savings plan. What's the *smart* way to save? A way that's—

1. Regular 2. Convenient
3. Dependable 4. Automatic

You can get this foolproof combination by investing in U. S. Savings Bonds. Either of these two ways:

Join your company's Payroll Savings Plan . . . or *join your bank's Bond-A-Month Plan.*

Then sit back and watch your dollars make pigs of themselves, fattening up at the rate of four for every three you put in, every ten years.

That's one sure way to bring home the bacon some day. And by bacon we mean the things you dream about for the future: a home, a business, a college education, and freedom from worry.

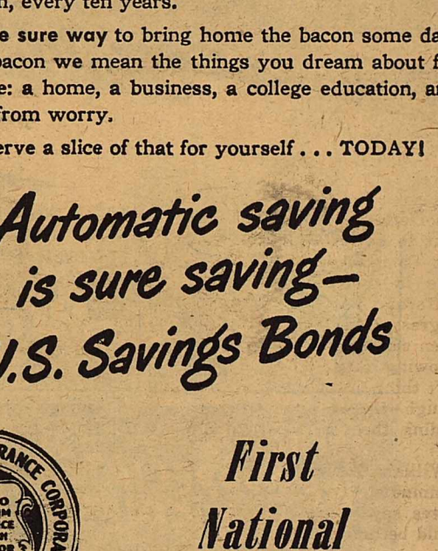

Go reserve a slice of that for yourself . . . TODAY!

Automatic saving is sure saving— U.S. Savings Bonds

TRAFFIC IS TERRIFIC!

Local and long distance telephone traffic have reached an all time high today. The demand for new service is at an equally high level. We still cannot obtain much of the equipment we need to handle this tremendous traffic as well as the demand for telephone service. Yet we are installing more telephones and servicing more calls than ever before. Yes, traffic is terrific in every phase of telephone service today. And we will continue to keep our service expansion "terrific" as well.
