Coach Robinson Wins Week's Grid Contest

Competition was real keen for the money in last week's football contest with the tie-breaker getting a supreme test. Five contestants missed four games each with three of the five missing the tie-breaker by the same number of points. The three will divide second and third place money three ways.

Coach Wynn Robinson proved to be the best guesser with his 24-21 prediction of the Mustangs-Whirlwinds score. His five

points off was good enough to claim first place money.

P.A. Nafzger, Basil Sherman and Tom Sluder missed by seven points each with Nafzger guessing the score at 19-14 and the two insurance men predicting it 18-21. Daniel Rey was left out with his nine-point miss, guessing it 18-13.

Season standings got a little tighter also with two sharing hold of the lead. T.J. Roberson moved into a tie

number of entries outside the school are expected. Floats will be entered by each of the high school classes and by junior high. Seventh and eighth grade twirlers will march in the parade in addition to the Mustang Band and Olton High School twirlers.

Hamburgers and the trimmings with drink and homemade cobbler will be the fare served up by the Parent-Teacher Association beginning in the school cafeteria at 5 p.m. Serving will continue until game time. Kick-off for the Wildcats-Mustangs skirmish is 8 p.m.

Pep squad members will fete the varisty footballers with a sandwich supper following the game.

Mustangs Are Victorious Over Abernathy Antelopes

Despite a cool, damp night, the Olton Mustangs journeyed to Abernathy Friday night, and defeated the Antelopes by a score of 34-18. The win brought Olton's season record to 3 wins against 2 losses.

Olton received the opening kickoff and drove into Abernathy territory only to lose the ball on a fumble. After holding Abernathy and forcing them to punt, Olton took over at their own 41. They drove in for the first score of the night in nine plays. Glen Johnson took the ball over from the two yard line. He ran the two point conversion also and with 4:35 remaining in the first quarter, Olton led 8-0.

Abernathy got on the scoreboard late in the first quarter with David McClendon running over from the three yard line. The score climaxed a 30 yard

drive by Abernathy in four plays. The try for points failed. Olton led 8-6.

Olton scored again in the second quarter on a 29 yard pass from Jimmy Parker to Vic Allcorn. Bryan Allcorn ran the two point conversion over on a pitchout around left end. The score, last of the first half, made the score Olton 16, Abernathy 6.

Neither team could put any points on the board in the third quarter, but at the start of the fourth quarter Olton scored again on a six yard pass from Parker to Vic Allcorn. Try for extra points was no good and with a little over five minutes left in the game, Olton led 28-6.

Abernathy scored the next time they had the ball on a 55 yard pass from Ray Martin to Artis Betts. The try for points was no good and with 4:25 showing on the clock, Olton led 28-12.

Olton's final score of the night came with :55 on the

scoreboard on a 55 yard punt return by Bryan Allcorn. Extra points try failed and in the last minute of the game Olton led 34-12.

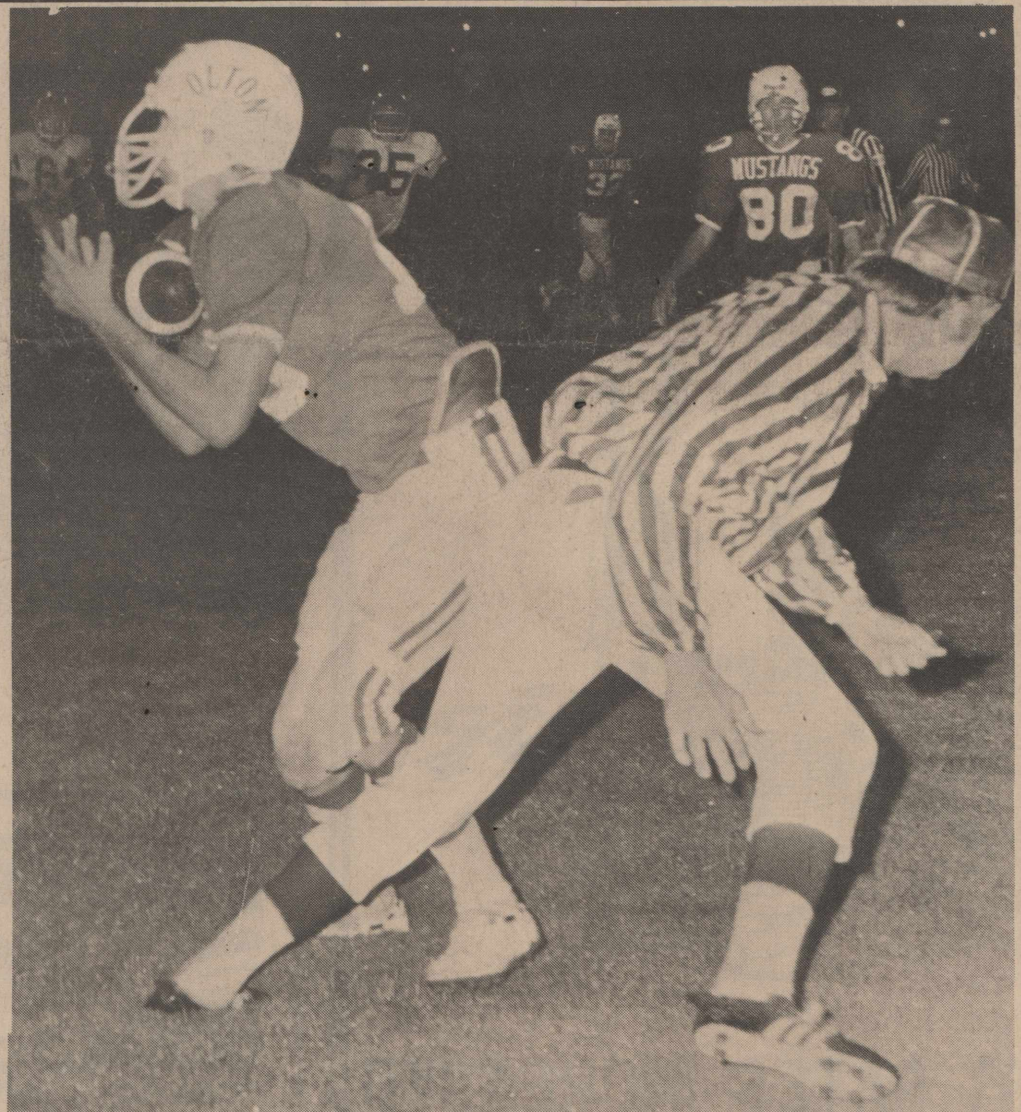

Abernathy took the kickoff and behind the passing of quarterback Ray Martin moved to the 27 yard line of Olton with two seconds left in the game. On the next play, the pass from Martin of Abernathy was knocked

down at the goal line by an Olton defender. However, there was a pass interference call against Olton on the play and Abernathy got the ball at the one yard line with the clock already run out. On the last play of the game, McClendon took the handoff and went into the end zone to complete the scoring for the night. Final score, Olton 34, Abernathy 18.

Coaches Comments

Coach Miller had these comments about the game: "We thought we should win the game, but we were disappointed with how we played. We played real sloppy. We had a lot of busted blocking assignments. We lost a lot of our enthusiasm. When we have a chance to go ahead and win the game, we ought to go

ahead and win it. We sit there at the half ahead 16-6. We thought the score should have been about 24-0 at the half. We are going to have to eliminate mistakes. We scored 34 points, yet we are not real happy. We are not going to get satisfied. We are going to keep playing and keep improving."

VIC ALLCORN is in there at the right place at the right time, but the referee seems to be having a little trouble getting out of the way. However, Vic didn't mind, so he just took the referee to pay dirt with him. The score came in the fourth quarter of play between the Mustangs and the Abernathy Antelopes.

Olton Grain CoOp Shows Growth Since Establishment In 1963

"I have been around the grain business ever since I was five years old," commented Fritz Richards,

manager of Olton Grain CoOp. "My dad operated elevators for many years. I used to

go there just as soon as school was out every day and I worked for him on the weekends, and in the

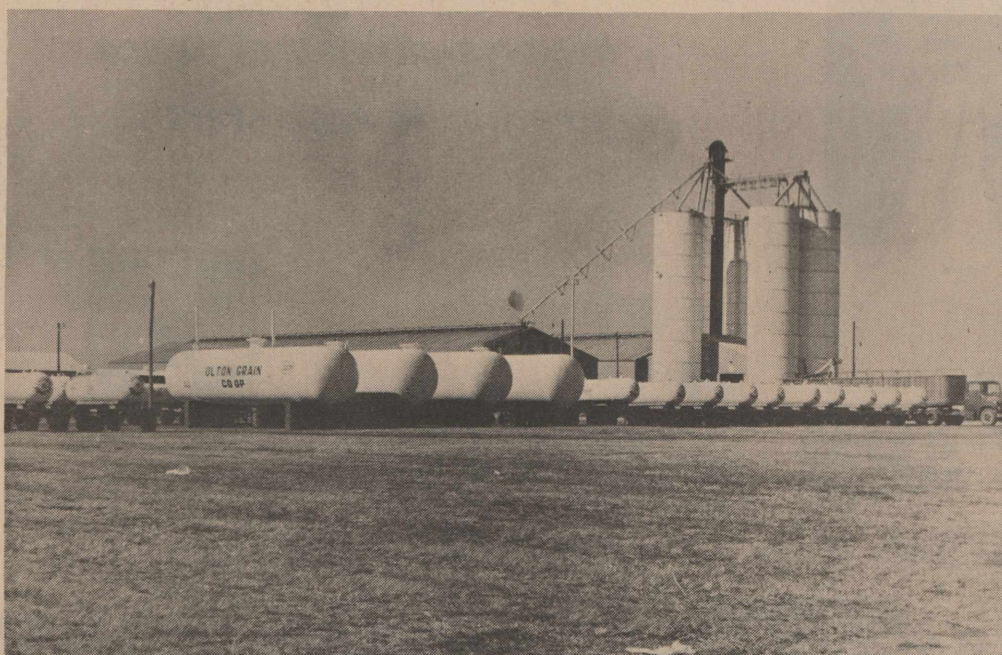

summers. I liked to just hang around when I was too small to do any of the work."

The veteran grainman was named Manager of Olton Grain CoOp in May of 1968. He and his family moved to Olton from LaCanedo, Calif., where Richards worked for Koppel-Beels Terminal, exporting grain.

Richards reported that Olton Grain CoOp was "just a grain business" when he came in 1968. They have, since that time, added feed, seed, chemicals, fertilizer, animal health products, farm equipment and farm supplies.

Olton Grain CoOp was formed as a cooperative in July of 1963. Glen Singleton was manager and the original board of directors included James Cowart, president; W.B. Dickenson Jr., vice-president; Milford

Grand Opening By Leon's To Be Observed All Week

Grand Opening of Leon's Grocery in their new location "on the square" will be observed Monday through Saturday with special bargains offered during the week.

Tremendous buys will be available during the week-long sale. Free Cokes will be served Saturday and hot dogs will be available for just 10 cents.

Samples of Glover's pork sausage will be given away Wednesday.

Noack and his wife, Junette, moved here in January, 1966 from Friona, following his purchase of Moore Food Store from Kenneth Moore. Prior to that time he served as manager of a grocery store owned by Moore in Friona.

The Noacks are parents of four sons, Kevin, 11; Kyle, seven; Kerry, five and Kory, four. They are members of First United Methodist Church.

Leon's Grocery recently moved into the spacious

facilities formerly occupied by Kelley Clothiers. The new store boasts 5000 square feet floor space as compared to the 2200 of their old store.

The enlarged space will enable the business to offer more to the customer, Noack says. Another new improvement is the new electronic cash registers.

Mrs. Noack is bookkeeper; Virgle Gray, experienced grocer, is butcher. Other employees are Delores Avery, Patsy Garza, Vickie Kennedy, Rex Jennings, Deryl Clark, Randy Austin and Viola Ruiz.

Plans are underway to pave 54 feet of space west of the store for better parking facilities, Noack says.

Hamburger Supper Set

Hamburgers and the fixin's topped off with homemade cobbler will be the menu Friday, Oct. 12 for the annual homecoming supper.

Sponsored annually by the Parent-Teacher Association, the proceeds of the supper will be used for the organization's projects of the year—scholarships to two deserving seniors and playground equipment for the elementary and kindergarten students.

Parents who would like to help share the cost of the hamburger supper to be served prior to the Homecoming football game Friday are asked to contribute one dollar to help with food costs.

Serving hours are 5 p.m. until game time in the school cafeteria. Cost of the supper is \$1 per person. "Seconds" may be purchased at a nominal cost.

Everyone is invited to "Come to supper."

Homecoming Mums On Sale

Members of the Mustang annual staff are selling homecoming mum corsages and may be contacted for orders by calling the high school office, 285-2641, or by contacting annual sponsor, Mrs. Eva Walden.

"Get your best girl a homecoming corsage," annual staff members urge.

Corsages will be available in the school colors of royal blue and white or may be purchased in yellow or bronze. Corsages may be purchased for \$3.50, \$5.50, \$6.50 and up.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

Blues are in style this week as feverish activities lead up to another Homecoming football game and the coming home of OHS exes.

Lots of fun things are in store but the best part of homecoming is getting to see the guys and gals who really do "come home."

Seems like it's about time we tried to have an all out homecoming with someone from EVERY graduating class assuming the responsibility of getting in touch with each class member. Of course with every one so busy, George would probably have to do it. Wonder if every class has a George?

Getting together this week's old homecoming pictures was fun. Deciding which ones to use was terribly difficult, there were so many good ones. Unlike most newspapers,

our "morgue"(files of yesteryears) dates such a short time back. Bound together by the year, our Enterprise "scrapbooks" begin with 1955. Negatives of pictures made for the Enterprise are even more recent with the oldest made in 1960.

At any rate, hope you enjoy them as much as we did picking them out. Hope, too, that you don't have as much trouble remembering some of those familiar faces without names.

CRUSADING FOR CHRIST - Beverly Massegee, right, and Eric visited briefly Wednesday morning with Gene Gee after an assembly for high school and junior high students. Eric made good-natured fun of OHS's science teacher and captivated his audience.

Crusade Team Appears At Assembly Wednesday

Charles and Beverly Massegee and Bob and Vicki Bynum presented a musical and devotional assembly Wednesday morning for students of Olton High and Junior High School. The four have been conducting a crusade for Christ this week in Hart.

Mrs. Massegee, a former Miss Texas and movie actress, became involved in drugs during her career as a popular, successful night club entertainer. Her first husband was involved with organized crime and was assassinated in a Mafia killing and she became "main-line" heroin addict.

Traveling with her evangelist husband 40 weeks of the year, Mrs. Massegee testifies how her life was revolutionized when she committed her life to Christ and asked Him to heal her.

A senior vice-president of First National Bank, Lubbock, Workman is dean of the Agriculture Credit School at Texas Tech University and is member of the board of directors of West Texas Chamber of Commerce.

Graduate of Texas Tech and Texas A&M, he holds a doctor of philosophy degree from the Harvard Graduate School of Business.

In discussing the appointment, Workman said that he is aware of the controversial nature of the post with TYC but that he "wants to work toward making the best possible youth program for the state."

MRS. ARTHUR JOHN BONNEL JR.

Jacquelyn Sue Meinecke Married In Nevado Church

Wedding vows were solemnized Saturday evening in the First United Methodist Church in Reno, Nev. for Miss Jacquelyn Sue Meinecke and Arthur John Bonnel Jr.

The Rev. Douglas McCoy

directed the single ring ceremony before the stained glass window background of the flower bedecked altar. Candle trees accented with pink flowers flanked a central floral arrangement. Bristol fairy and greenery

marked the bridal aisles. Parents of the couple are Mr. and Mrs. Robert Meinecke and Mr. and Mrs. Arthur Bonnel of Reno, Nev. Lee Short, organist, accompanied Ted Rowland who sang "What Are You

Doing The Rest Of Your Life," "More", and "The Lord's Prayer."

Presented in marriage by her father, the bride wore a formal gown of white silk floss Alpine embroidery veiled over peau de soie. Fashioned with a moulded bodice, the gown featured a high wedding band neckline accented with Venice lace petals and long leg-of-mutton sleeves tapered at the wrists with accents of lace petals. A peau de soie cummerbund enhanced the waistline and softly shirred pyramid skirt which swept to a chapel train. The hemline was encircled with a wide border of silk peau de soie and lace flowerlets. Her bouffant, tiered veil was edged with matching lace.

Sheree Crowder and Mitzi Walker, sisters of the bride, were matrons of honor. They wore dresses of pink checked chiffon over taffeta with pinafore ruffle trimmed bodices. Pink rosettes held tiny velvet ribbon to the center of the lace edging the pinafore ruffles and also encircled the waistline. The bodices featured wedding band collars with self-covered buttons down the front and short butterfly sleeves. The bell skirts were softly gathered at the waistlines. They carried Victorian nosegays of rosebuds and pink daisies.

George Lish of Reno was best man. Candles were lighted and guests seated by Mickey Crowder of Wichita, Kans. and Billy Walker of San Antonio, brothers-in-law of the bride.

For her daughter's wedding, Mrs. Meinecke wore a formal dress styled with light pink bodice and sheer sleeves with deep pink skirt and bolero. Chrystalites and pearls provided accent.

Mrs. Bonnel chose a formal gown of light blue crepe.

A reception was held immediately following the ceremony. The bride's table was centered with an arrangement of mixed flowers flanked by tapers. The tiered wedding cake was topped by a hand-blown

glass sculpture bride and groom which has been used in many weddings in the bride's family. Appointments were silver.

Members of the house-party were Mmes. Kaye Vaughn and Judy Lampshire, both of Reno; Glenda Muna of San Luis Obispo, Calif. and Mmes. Wayne Nicholson and Laurence Lowe, both of Plainview.

For a wedding trip to Acapulco, the bride chose a traveling ensemble of white pants suit with navy pindot piping accents and navy blouse and accessories.

The newlyweds will be at home in Reno.

The bride is a graduate of Olton High School and attended North Texas State University and Texas Tech. She has been employed with the First American Title Company of Nevada.

Bonnel is a graduate of Reno High School and received a BS degree from the University of Nevada. He is presently serving as assistant trust officer and financial analyst at the Security National Bank of Reno.

Out of town guests included Mr. and Mrs. Chris Noble of Denver; Mr. and Mrs. Jack Noble of Denton; Mr. and Mrs. Bill Rosencutter of Escalon, Calif.; Mr. and Mrs. Mitri Muna of San Luis Obispo, Calif.; and Mrs. Nannie Belle Meinecke, grandmother of the bride. Mrs. Emma Dudley, great-grandmother of the bride, Mr. and Mrs. Wayne Nicholson and Mrs. Laurence Lowe, all of Plainview.

IN FRIONA

Mrs. Bill Nichols was in Friona Sunday with her sons and families, Mr. and Mrs. Huck Nichols, Chuck and Rock and Mr. and Mrs. Glen Nichols, Denise and Terry.

FROM DIMMITT

Thursday evening dinner guests of Mr. and Mrs. W.M. Keating were their son and family, Mr. and Mrs. Max Keating and Katrina of Dimmitt.

Martinez was found unconscious about 11 a.m. Monday near the farm East of Olton where he was employed by Bill and Gene Chaney.

Martinez was taken to Central Plains Hospital in Plainview, and transferred to Methodist Hospital in Lubbock, where he was listed in critical condition in the intensive care unit until his death.

It is believed that the accident occurred as Martinez was traveling down a dirt road, and hit loose dirt, causing his cycle to throw him. It is believed that he was wearing a helmet at the time of the accident.

Labels Being Sought For School Program

Olton schools are in the midst of a special collection drive aimed at obtaining greatly needed audio-visual equipment.

The program, Labels for Education, is sponsored by Campbell Soup Company and is offered to elementary schools, both private and public.

"Between now and Dec. 8, we hope to collect enough Campbell's Soup Labels, and earn this much needed equipment," said Mrs. George Stewart, PTA president.

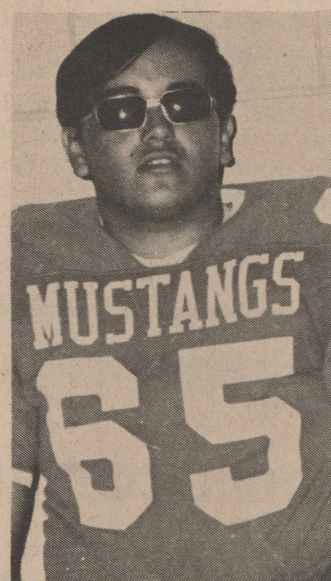

"Our students are saving their labels, and they would appreciate it if friends of the school would do the same."

Any Campbell Soup label counts in the drive. More than 70 audio-visual equipment items are being offered. A participating school sends in the assigned number of labels for the particular item or items selected.

In last week's paper, an error was made in reporting that the labels would be used to purchase playground equipment.

Write In The Groove

BRYAN ALLCORN AND FREDDY STOCKDALE

Well, the BIG Six Weeks Tests are finally here, and so are MANY things, such as on Wednesday night, Oct. 3, we are having to write this thing during play practice. Speaking of plays, the speech class is putting on a play Oct. 10. The title of it is "The Case of the Crushed Petunias." Admission is 35c for high school and junior high school students. Elementary students will only be charged 25c. Now, don't you wish you were back in elementary?

Other coming attractions are the Powder Puff Football game. The game will be played Oct. 8, which is on a Monday. It will be a contest between the Junior girls and the Senior girls. Both teams are working out real hard and are coming along just great. The head coaches for the game are: Senior coaches - Mark Smith, Mark Gunter and

Mark Hodges. Junior coaches are: John Rodriguez and Pat Britton. Results of the big game will be in our next week's column.

Homecoming is coming! It will be here one week from last Friday, so everyone had better get their floats ready! This year we are honoring our ex-football captains from 1950 to 1972. Don't forget the big bonfire Thursday night. Everyone bring their toothpicks, etc. and chunk 'em in! Really, we do need a lot of wood, so if you have any old trailers or something you might want to donate, then be sure and talk to one of the cheerleaders. The homecoming queen will be crowned Friday. The three candidates are Cynthia Norfleet, Jimmie Graham and Donna Muller. The crowning will take place during the pep rally, so everyone be sure and come. While we're on the subject of pep rallies, we want to thank everyone for the great spirit. The cheerleaders are really doing a great job!

We also want to remind you to start thinking about the Halloween Carnival. Try to think of original ideas for your booth.

OHS was treated to a fine and entertaining assembly last Wednesday morning, with Charles Masseege and his team as guests. They are working in Hart this week at a religious crusade. We hope you got more out of it than the talk about Mr. Gee's problems and a dummy that's in love with Jennie Lynn.

So much for this week's and next week's business, and now, on with the comments:

Mark G. - Tight situation? Mr. Gee - Nothing like a smart dummy.

Jennie Lynn - Do you get splinters when you kiss him? Jimmy Mc - The old green

spot on the shirt trick! Robin C. - Take a flying leap?

Referring back to the spirit, we don't think it's just football spirit -- we think it's SCHOOL SPIRIT which is so important to a high school's success. Everyone seems to care, and this makes it much easier on the student council to know that the Student Body is behind them in their endeavors, so just keep the same attitude, and the idea that everyone working together will make school more enjoyable.

Last, but not least, "The Definition of the Week".

HAPPINESS - Happiness is eating cake on Saturday morning."

Until next week, keep the faith, and stay Write in the Groove.

Contest..
Continued from page 1 with Ricky Smith. Each has 50 correct guesses for the year.
Contestants should not despair when they have a "bad week" because leads are subject to change from week to week. Leaders can fall by the wayside and others can hit lucky streaks. Any contestant listed in the season standings on page 10 can easily prove to be the grand prize winner. Contestants with 45 points or more are listed this week. A number of other contestants trail close behind.
Any one can enter and be a winner for the week. Select a winner of the games listed in the ads of the 17 sponsoring merchants and circle that team's number on the entry blank. Predict the tie-breaker score of the Mustangs-Idalou Wildcats game and fill in the entry blank. Deposit entry blanks with any of the sponsoring merchants and let them know you appreciate their making the contest possible.

RECENT GUESTS
Recent guests of Mr. and Mrs. E.S. Huckabee were Mr. and Mrs. Roy Taylor of Muleshoe and Mr. and Mrs. Herman Heinz of Golden, Colo.

ENTERPRISE PRESENTS - Daena Dannise, 16-months old, daughter of Mr. and Mrs. Rickey Smith of Canyon. The little lady's parents are 1968 graduates of OHS and received degrees from West Texas State University. Both teach in Canyon schools. Maternal grandparents are Mr. and Mrs. Dan Gregory. Mr. and Mrs. Edgar Smith of Halfway are paternal grandparents. Great-grandparents are Mr. and Mrs. Dale Wendborn of Plainview, Mr. and Mrs. Herb Wendborn of Earth and Mr. and Mrs. Dan S. Gregory of Merkel.

Grain Business..
Continued from page 1
Lambright, secretary-treasurer; Walter Lewis, W.A. DeBerry, Royce McFadden and Jack Thoms, directors.
The present board includes Dan Quigley, president; Royce McFadden, vice-president; Johnny Hodges, secretary; Dewey Hukill, Jack Snider, Don Huguly and Wayne Carson, directors.
"The biggest changes in the grain business that I've seen over the years has taken place this past year," Richards said. "In 1968, the grain was stored, prices were low, loan rates were higher than the market prices and most of the farmers put their grain into the loan. There was very little merchandising. Prices are so much higher than the loan rates," Richards continued.
"Another big change I have seen is that the farmers can cut so much more grain in one day that they could in 1968. The equipment is so much better; there is more cutting capacity to the new machinery and the trucks are so much bigger now. The present day equipment can cut 40 per cent more grain in a day's time now that it could in 1968."

"This year the price of grain has fluctuated more than any time I have ever seen. In some commodities earlier this summer, I've seen as much of a change as 80c a bushel in one day. Soybeans might be \$5 a bushel in the morning and go up to \$5.40 by noon and back to \$5 by night," Richards said.

"This has been a wild year as far as the price of products is concerned. This past year has been the best year we've seen since we've been here. The volume of sales and the volume of grain handled have increased considerably," Richards concluded.
Born in Bavaria, Kans. Richards and his family moved to Culver, Kans., when he was seven years old. He remained there until he entered the Air Force in January, 1952, serving in Big Spring. A flight line mechanic, Richards worked on jets and did test flights.
Following his discharge in 1956, Richards went to New Cambria, Kans., where he and his father managed a line of country elevators. They handled feed and seed as well as fertilizer and grain.
From there, Richards went to Salina, Kans. where he worked in the flour mills. Hereford became his next home. He helped set up grain terminals there and later operated a grain business in Levelland, Central Texas, and Plainview before moving to California.

Richards is the son of Mr. and Mrs. C.W. Richards of Salina, Kans. He has a twin brother, Verlyn, a professor at Kansas State University and one half-brother, Tony Leister and one half-sister, Florean Gevhart, both of Salina.
Fritz and Gladys are parents of three children, Jack, 18, a student at Kansas State; Jeanne, 16, a junior at Olton High School and Robert, 7, a second grade student.
The family attends the First Baptist Church.

Adult Education Program Receives Good Response

Response has been good but more is needed if adult education classes are to be offered here Superintendent Joe Turner said this week. Persons interested in any of

the levels are asked to contact Turner or either of the principals, Robert Sivley, Carl McClure or Ray Kinnison.

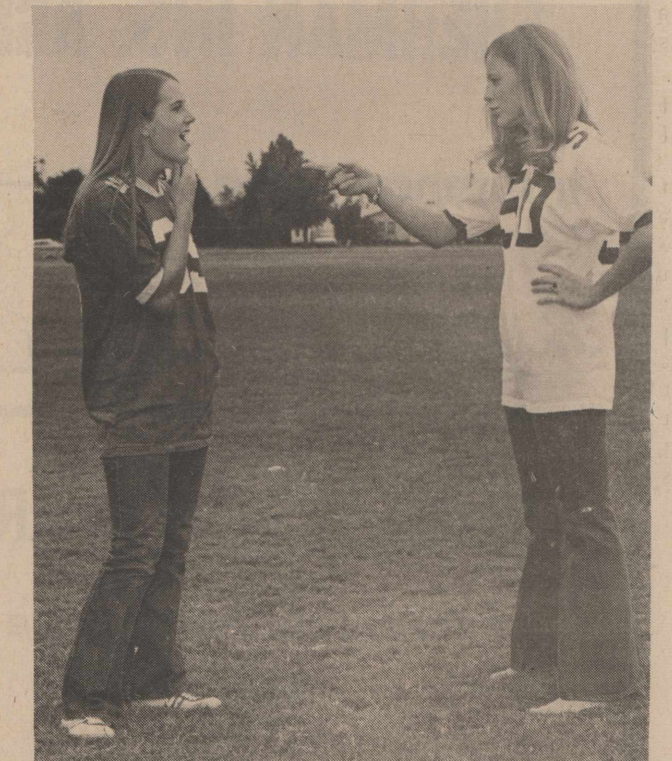

The beginning level includes persons who have not achieved education at the third grade level (0-3).

Intermediate level includes persons who have completed the third grade but not achieved the sixth grade (4-6). Advanced level is for those who have completed the sixth grade but not the eighth (6-8).

Persons who have completed the eighth grade level but have not met the high school equivalency level are included in GED area.

If sufficient interest is shown, classes will be started soon. Announcement of the starting date will be made in the Enterprise.

DINNER GUESTS
Tuesday evening dinner guests of Mrs. Bonnie Brown were here daughter, Mrs. L.E. Patterson of Oklahoma City. Also Mrs. Brown's grandson and family, Mr. and Mrs. Jackie Patterson and Kari Jo, and her granddaughter and her little girl, Mrs. Marshall Mull and Kevanne, all of Plainview.

THE FAMILY LAWYER

Work-Connected Recreation

Harrison, an appliance salesman, waltzed so strenuously at a company party that he suffered a fatal heart attack. Was his widow entitled to collect workmen's compensation for his death?

The company said no. "Obviously, he was not at work when he was dancing," the company reasoned in a court hearing. But Mrs. Harrison pointed out that the party had taken place on company premises, under company sponsorship, as part of a company contest—and that all the company's salesmen were expected to show up.

The court decided that the dancing had indeed arisen out of the job, and granted the widow's claim. The court said the party was simply the company's way of inspiring its employees to greater effort.

Workmen's compensation laws generally cover accidents that occur in the course of employment. As a rule, courts have included any recreational activities that are closely connected with the job.

This is especially true when the company plays an active role in the event.

Thus, in a case arising out of a company picnic, the court granted compensation for an accident largely because of the participation of the company president. It seems he would use these occasions to present special prizes to employees and to give them pep talks about "our one big family."

Still, not every recreational occasion is covered. In another picnic case, a woman employee was hurt during a foot race. But when she sought compensation, the company pointed out

- 1) that it paid only part of the cost of the picnic;
 - 2) that the picnic was held on a non-working day, away from the company premises, with no pressure on anyone to attend; and
 - 3) that the company had nothing to do with the arrangements.
- The court decided it would be stretching language to call the woman's injury "an incident of her employment." Result: no compensation.

Quick Party Punch

Punch was introduced in England from India. The word punch is derived from the Hindi word punch, meaning five. Traditionally, punch was made with five ingredients. However, nowadays there is no limit to the number of ingredients a punch may have. Here is a cool refreshing Tea Punch served with a pound cake covered with a delicious icing made with Semi-Sweet Chocolate Morsels as a special ingredient. The combination is one everyone will like.

Quick Party Punch
6 cups water
1 cup sugar
1/2 cup Instant Nestea
2 6-oz. cans frozen orange juice, reconstituted (6 cups)
1 6-oz. can frozen pineapple juice, reconstituted (3 cups)
1/2 cup lemon juice
1 28-oz. bottle ginger ale, chilled
In large bowl combine water, sugar and Nestea; stir until dissolved. Add reconstituted orange and pineapple juices. Stir in lemon juice. Before serving, add ginger ale. Serve in a large bowl with ice. If desired, garnish attractively with halved fresh strawberries, orange and lemon slices. Makes 40 1/2-cup servings. Serve with chocolate frosted pound cake.

Soft Chocolate Frosting
1/3 cup milk
1/4 cup butter
1 6-oz. pkg. (1 cup) Nestlé's Semi-Sweet Chocolate Morsels
2 1/2 cups sifted confectioners' sugar

In saucepan combine milk and butter; bring just to a boil. Remove from heat; add Semi-Sweet Chocolate Morsels and stir until morsels are melted and mixture is smooth. Beat in confectioners' sugar; continue beating until smooth. Chill until thick enough to spread (about 30-40 minutes). Spread frosting on packaged pound cake.

Frosts 1 11 1/4-oz. pound cake.

Martha Smyth Receives Letter Of Commendation

Martha Smith, daughter of Mr. and Mrs. Aubrey Smyth, received a letter of commendation honoring her for her high performance on the 1972 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT).

The National Merit Scholarship Corporation has named 38,000 Commended students throughout the United States. These students are among the upper two percent of those who are expected to graduate from high school in 1974. Thus, the Commended students rank high, but below the 15,000 Semifinalists in September by NMSC.

Edward C. Smith, president of NMSC, said, "The high standing of commended

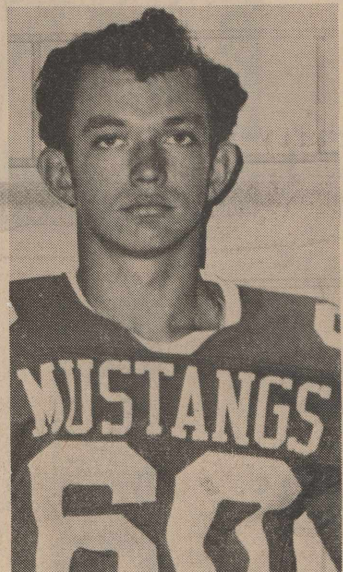

students in the Merit Program competition shows that they have great promise of continued success in college. Although commended students advance no further in the Merit Scholarship competition, their attainment in this nationwide program deserves public recognition.

"The commended students should be encouraged to make every effort to continue their education. Both these students and our nation will benefit from their continuing educational and personal development."

To increase their scholarship opportunities commended students' names are reported to the colleges they names as their first and second choices when they took the PSAT/NMSQT in October 1972.

The secret to successful dieting is not a crash diet, physicians state, but a little less of everything. If you eat more calories than your body can use in its normal, daily activity, the excess is stored as fat. Exercise while dieting helps to tone up the muscles and tissues and helps burn stored calories. To burn 300 to 700 calories, try swimming for an hour. Moderate walking burns up 110 to 180 calories per hour.

Although for many people, soap and water used liberally takes care of the need to keep skin free of dirt and odor, for others a substitute skin cleanser becomes important. These are the individuals who may be sensitive to soap or to some cold creams.

A creamy liquid skin cleanser called pHisoDerm is reported to cleanse skin thoroughly without disturbing its natural chemistry or moisture balance. The physician who helped to develop it, described pHisoDerm as "physiologically better for the skin" than ordinary skin cleansers.

For the individual with acne or pimples, there's a medicated skin cream that is virtually odorless. Winthrop Laboratories' pHisoAc has been reformulated and it also blends well into the skin to conceal blemishes. Applied at bedtime, it works during the night to open clogged pores and soak up excess oils. It can be used during the day, too.

Having "a nose job" or "corrective rhinoplasty" is now considered a commonplace operation. However, according to a recent article in a medical journal, when there is a radical change of the size and shape of the nose, psychological disturbances occur. The patient looks in a mirror and sees a total stranger. Advance counseling is considered important for these patients.

We hope you have
an enjoyable time.
