LAKE COLORADO CITY was running over its first spillway by about six inches Monday. Heavy rains in Colorado City and in the watershed area caused the lake to rise several feet to reach its full mark for the first time in several years. Lake Champion was about 8 feet below spillway Monday.

Bid center proposal heard

A group of Colorado City businessmen heard Tuesday how a Permian Basin Bid Center can assist in helping local businesses obtain lucrative government contracts.

"There are opportunities for retail businesses to get into government contracting," said Dave Thayer of the non-profit Odessa corporation.

Thayer said his corporation was organized and supported by the Private Industry Council of Odessa and Midland and the Midland and Odessa chambers of commerce.

He said the bid center is an information source established to help local firms secure government contracts. Its objective is to increase business and employment in the Permian Basin by diversifying the business of existing companies.

The federal government is actually the largest purchaser of goods and services in the world, said Thayer. Purchases by the state of Texas and local governments can contribute significantly to the economy of com-

CISD enrollment is up

Enrollment in the Colorado City schools reached 1,436 Monday, said CISD Supt. Charlie Uelton, and the increase in kindergarten students may require an extra teacher.

Uelton told the school board Monday night that there are 123 kindergarten students this year and since state law prohibits

class sizes larger than 22, an additional teacher is required.

"We have got to have another kindergarten teacher somehow," he said.

The board took no action on the matter, other than amending the budget to allow for an extra teacher. Board president Billy Bridgford said it may be

County to study proposal further

Mitchell County Commissioners Monday took no action on a proposal from the Children's Protective Services Agency to establish a Child Welfare Board in Mitchell County until further study can be made of a proposed contract.

Jeanette Davis, representing the Abilene office of the state agency, said that with the state facing budget cuts, those regions with more Child Welfare Boards will more likely receive a greater allocation of funds than those regions without such boards.

"I want to keep my unit at its current level," said Miss Davis in explaining her request for the commissioners to establish such a board.

She explained that the board will allow for more local involvement, but does not have to cost

the county anything extra. She said boards in other counties in this region have from 7-9 members each.

"It's always helpful for a county to have a board," she said. "Some of the referrals are apt to come through the boards."

The board would oversee the foster care program in the county.

The commissioners were concerned with two points of the proposed contract. Miss Davis said she would study the contract further and come back to the commissioners at a later date.

In other business, the court gave Sheriff Wendell Bryant permission to seek bids on two new cars for the sheriff's department. The bids will be opened Oct. 13.

City orders water study

The Colorado City Council, meeting in regular session Tuesday, took the first step in improving the water distribution system in the north part of town by naming the consulting engineering firm of Freese and Nichols to update the city's 1982 water study and to recommend the best way to improve water service in the north part of town, particularly north of Interstate 20.

Robert Hoback, chairman of the water committee, said it was his committee's recommendation that the city accept the proposal of Freese and Nichols with the cost not to exceed \$7,000.

Parkhill, Smith and Cooper, a Midland engineering firm, had also proposed to conduct a study of the city's water needs. How-

ever, that firm estimated the cost to be in excess of \$20,000.

In making his committee's recommendation, Hoback said that "we need to see what the city can do in the north part of town" as far as improving water service.

Residents and businesses in the area have complained of poor water pressure and at times, poor water quality.

In other business, the council authorized payment of \$4,620 to the architectural firm of Tittle, Luther and Loving for work done at Ruddick Park and to Aqua Fab, the company that built the new swimming pool, in the amount of \$2,444 contingent upon Aqua Fab having paid all the local subcontractors. Humorist to speak at dedication dinner

Humorist Bob Murphey will be featured speaker at the dedication dinner of the new Colorado City Fire Station.

The dinner will be held Tuesday, Sept. 30 at 7 p.m. in the Civic Center. Tickets are \$10 per person and are available at all financial institutions in Colorado City as well as at city hall.

A lawyer by profession, Murphey, from Nacogdoches, has had a colorful career - from Western Union messenger boy to wartime Merchant Marine officer to fire chief, to sergeant-at-arms of the Texas House of Representatives to district attorney, to rancher to itinerant humorist.

For more than 30 years, Murphey has spoken throughout the United States to every type audience imaginable...from a Washington, D.C. black tie dinner honoring members of the U.S. Supreme Court to a major appearance before the International Chili Appreciation Society...from the Kennedy Center for the Performing Arts to dusty

rodeo arenas...from the stage of the Grand Ole Opry and the Nashville TV network to guest appearances on Hee Haw, plus thousands of appearances before banquets, conventions, seminars and corporate meetings.

COLORADO CITY and Mitchell County residents turned out in large numbers Sunday afternoon for City National Bank's open house and to view the bank's recent remodeling. Also at the open house was noted Texas artist J. U. (Joan) Salvant who displayed some of her water color paintings including three of early Mitchell County.

communities in the Permian Basin. He said bid centers, such as the Odessa one, can help businessmen with paper work which he described as "frightening" in some instances.

He said the bid center provides, cost free to its clients, services useful to any company at almost any stage in the government procurement process.

It offers 48-hour service in providing hard copy of government specifications and regulations needed for preparing bids. A firm's initial market research can begin at the center, using military and civilian purchasing directories and listings of defense prime contractors throughout the United States.

Thayer said that there is a lot of red tape to get through before any firm can get a taste of the

federal pie.

He said the bid center's staff will save time (they can also assist in completing bids) with many of the forms provided through the center. Complete sets of federal acquisition regulations and defense acquisition regulations are available to the center for the use of clients.

He said client firms of the center will be assisted with each phase of the procurement process - from identification of services and products being purchased by the various government buying agencies to actual completion of the bid package.

"The work is out there, the money is out there - we're just not getting our share," he said. "Our objective is to find more work for this area."

He said a Beaumont-based bid center during 1985 was able to obtain \$35 million worth of business for that area, thereby creating or saving a total of 1400 jobs.

He said his corporation has a \$100,000 budget and was able to bring in about \$2 million in business to the Midland-Odessa area since its inception.

Juveniles nabbed in theft ring

Eleven juveniles, ranging in age from 12-16, have been turned over to juvenile authorities after they were picked up in connection with a bicycle theft ring here, said Colorado City Police Chief Bobby Sparks, Tuesday.

Sparks said he and officers Jerry Rutherford, Vince Ariaz and Tim Atkins initially took three juveniles into custody af-

ter Rutherford discovered bicycles and parts of bicycles believed to be stolen.

Sparks said 15 bicycles were recovered and many parts of other bicycles were also recovered. He said an additional 13 bicycles are also expected to be recovered.

Sparks said the juveniles would apparently steal a bike, take

it apart and use different parts to rebuild a bicycle before painting it a different color.

He said because of the bicycles being taken apart and then rebuilt, it will be difficult for owners to identify stolen bicycles but asks that anyone who has had a bicycle stolen within the last year to contact the police department.

Two plead guilty to drug charges

Two Colorado City residents received probated sentences in District Court last week after pleading guilty to possession of controlled substance.

Ernest Wayne Stephens and

Karlinda Ridge were both arrested in September of 1985 by the Mitchell County Sheriff's Department and the Colorado City Police Department following a raid on three local residences.

Stephens was sentenced to five years probation and Ridge to two years probation. Ridge was fined \$650. Stephens was not fined, but money confiscated during the raid was not returned to him.

council also authorized a \$31,963 payment to Stone Construction Company for work done at the new fire station.

City Manager Brenda Tarter noted that the dedication of the new fire station is set for 4 p.m. on Tuesday, Sept. 30 and that a dedication dinner will be held that night at the Civic Center.

In her report to the council, Mrs. Tarter said that the curator of the Colorado City Museum has requested the museum hours be changed to conform with those of the Heritage House. The museum is open six days a week (closed Mondays) and the Heritage House is open Thursday, Friday, Saturday and Sunday afternoons. No action was taken on the matter until the request can be further studied.

The council postponed until the next regular meeting the appointment of a city council member to replace Tom Lovell who recently resigned.

Anniversary celebrated at lake

Earl and Verna Foree of Snyder celebrated their 46th wedding anniversary with a fishing party at the home of Dollie Wood on Lake Colorado City Thursday, Sept. 4.

Those attending included Marshall and Wilma Gieghorn of Snyder, Marvin and Vera Foree of Hermleigh, Archie Floyd of Snyder and Georgie Hazle of Lake Colorado City.

The group enjoyed lunch and then fished and played card games.

Tidrow, Upton united August 16

Deborah Lynn Tidrow and Malcolm Timothy Upton were married Saturday, August 16 at College Hills Baptist Church in San Angelo.

The bride, who has been attending Angelo State University, is the daughter of Ronald and Mona Tidrow of Breckenridge and the granddaughter of Mr. and Mrs. H. A. West of Weatherford.

The bridegroom also has been attending Angelo State University and was commissioned a Second Lieutenant in the Air Force and graduated August 15. He is the son of Charles and Louree Upton and grandson of J. B. Upton, all of Colorado City.

Renee Placio of Breckenridge, sister of the bride, was the matron of honor. Tamara Bowman, a friend from Big Spring, and Viola Dulaney, a friend from San Angelo, were bridesmaids.

Oren Upton of Colorado City, brother of the groom was best man. Dwight Upton, brother of the groom, also from Colorado City, and Lall Grant, friend of the groom from Midland, were groomsmen. Rickie Tidrow, brother of the bride from Breckenridge, was the usher. La Chelle Evans, niece of the bride from Breckenridge, was flower girl. Katina Upton and Elizabeth Upton from Colorado City and sisters of the groom were the candle lighters.

Tracy Womack, friend of the groom, from Colorado City, played wedding music and accompanied Herbie Moore from Big Spring and friend of the bride and groom who sang selections from Amy Grant for the wedding.

The bride wore a gown of white taffeta and Alencon laces. The scooped neckline outlined

with lace accentuated the dropped basque bodice enhanced with heavily beaded Alencon lace. Leg-o-mutton sleeves came to a point at her wrists. A full skirt scattered with medallions and edged with Alencon lace flowed to a scalloped cathedral train adorned with lace insets that were lavished with sequins and pearls.

Adorning her bridal attire was a tiara of Alencon lace covered with pearls, as soft fluffed ruffles formed a small puff at the back as silk illusion veiling trimmed with Alencon lace cascaded to her finger-tips.

The bride's bouquet was made up of white roses with blue and rose ribbons and bows with white ribbons streaming down. The bride wore the traditional blue garter for something blue. The garter was especially made for her by Betty Shawn of Colorado City. Something old was a coin in a net pouch with the birth year of the bride and groom. Her dress was something new and the pearl necklace was something borrowed from a close friend, Beverly Clark.

The matron of honor and bridesmaids wore floor length satin dresses with a sweetheart neckline. The short sleeves were accented on the bottom with a satin rose which gathered the bottom of the sleeve up to make the puffed sleeve. The waist was accented with a satin cummerbund with a large bow in the back. The bridesmaids wore colonel rose colored dresses while the matron of honor wore antique blue. Each of the honor attendants carried bouquets of pink, white, and red carnations with ivy and blue ribbons streaming down.

The flower girl wore a replica

of the bridesmaids' dresses which was also colonel rose and made of taffeta. The candlelighters also wore the same style dress in colonel rose satin. The candlelighters had wrist corsages that had two roses and white baby breath and trimmed with pink ribbon. The flower girl carried a white wicker basket of silk flowers.

The church was decorated with green plants and ivy on each side of the white trellis backdrop and along the prayer rail to each side of the trellis there were white baskets of flowers and a 15-candle circular candelabra with green ivy entwined in the candles. To the right of the bride and groom stood the unity candle, with a candle on each side, for the parents to light and from which the unity candle was lit. On their left stood a white cage on a white marble pedestal that contained two white turtle doves. The cage was also entwined with ivy. Blue bows and eucalyptus decorated the pews and aisles of the church.

Rev. Jack Gatewood, minister at College Hills Baptist Church, officiated at the 7 p.m. double ring ceremony.

The reception followed the ceremony in the fellowship hall of the church. The bride's table was covered with a white lace tablecloth. A candelabra that held four candles in the form of a square with each of the attendants bouquets in the center formed the centerpiece. A three-tiered wedding cake adorned the table with three separate pillars separating the layers. The tiers were decorated with white rose flowers around the edge and large rope border. Fresh red roses were placed on the pillars of the cake as well as around the

base. The cake was topped with a glass heart with two glass lovebirds on top of the heart and each side. Dangling from the pivot was a pair of double bells with two swans at the base of the heart all made of glass and mounted on a white base covered with lace and white roses. Rose colored punch was served along with nuts and mints.

After the reception the bride and groom left on a short honeymoon trip to Possum Kingdom.

The bride is a graduate of Breckenridge High School and attended Cisco Junior College and Angelo State University. She was assistant manager at So-Fro Fabrics in San Angelo until her marriage. She will be attending University of Houston at Clear Lake this fall and will get her degree in elementary education.

The bridegroom is a graduate of Colorado High School, Colorado City and a graduate of Angelo State University. He was employed at the A & M Research station in San Angelo until his marriage. He will be attending medical school at the University of Texas Medical Branch Galveston this fall.

The couple will make their home in Galveston.

Out-of-town guests included friends and relatives from Breckenridge, Colorado City, Weatherford, Fort Worth, Pampa, Lubbock, Round Rock, Mineral Wells and Wichita Falls.

Decovic speaks to Garden Club

Mrs. Stephen Decovic was speaker for the opening session of the Colorado City Garden Club Wednesday at the C. C. Thompson Room.

Her topic, "Wild Flowers for Garden Beauty," included kinds which are excellent for West Texas.

"Wild flowers out of their natural habitat need care, just like any other plant," the speaker said.

"Twelve kinds especially easy to care for are the red prickly poppy, American columbine, cardinal flower, tropical sage, heartleaf hibiscus, coral bean, cupleaf penstemon, Texas plume, roering gaillardia, drummond phlox, prairie paintbrush and Texas paintbrush."

Mrs. Decovic said a recognized problem with some wild flowers is getting seeds to sprout.

"Mechanical and chemical barriers exist. Each successive season, some of the residual seeds will germinate, thus esta-

blishing a good stand of wild flowers. This can take several years and plenty of patience," she said.

"Ground preparation is most important. It, of course, depends on the area. There must be good seed-soil contact, protection from bird predation and optimum moisture around the seed, necessary for germination," she said.

Recommended especially for West Texas are wild foxglove, trailing lantana, purple cone-flower, rain lily, all perennials.

Recommended annuals are Huisache daisy, partridge pea, Indian paintbrush, coreopsis, snow on the mountain, Indian blanket and blacked eyed Susan.

"There are others, but these are planted most often in our area," she said.

Mrs. Decovic had a prize winning yard at her home in Austin. She used many daisies in graded elevation.

Mrs. O. B. Trulock, presided at the business session. Ann Davis was introduced as a new member.

Mrs. Robert Aycock and Mrs. Gerald Gordon served refreshments after the meeting.

Others attending were Mmes. B. D. Bassham, guest, Roy Davis Coles, Frank Conard, W. O. Daniel, J. B. Hilliard, C. C. Myers and Miss Clara Shoemaker.

Letters to the Editor

To the editor:
An open letter to Roy E. Sweet regarding the Mitchell County Commissioners' approval of a county-wide sanitary control resolution is obviously written by an uniformed and biased egocentric. No one with the least bit of knowledge as to the ravages polluted drinking water can have on the human body would have the stupid audacity to pen a letter couched in such a self centered manner. In your self-designated omnipotence do you profess to know all about proper installation(s) of septic systems?
Amebic Dysentery—a brutal human sickness can cause many problems. We certainly do not need it to occur in Mitchell County. I am familiar with a family whose young daughter nearly died because of Amebic Dysentery. After marriage, she miscarried and to my knowledge has not produced a healthy child. Do you wish to sponsor actions that can subject Mitchell County residents to this sort of a problem?
Proper installation(s) of septic systems in relation to port-

able water source(s) is an essential program and the county commissioners are to be congratulated for their actions, (not condemned), if they are to be criticized (if at all) it should be for waiting this long to enact this safeguard to our health.
Also—the trite, antiquated bromide about this still being the USA and not Nazi Germany should be predicated to file 13. The problem in Nazi Germany was caused by an egomaniac, who hated nearly everyone due to his being jailed (and nearly executed) for the traitorous and rebellious acts of his youth. Hitler was a mental midget. I do not believe our county commissioners have this affliction. I believe their actions are well thought out and well founded. No Germany did not have a sanitary health problem; their's was mental.
You are correct! The people should respond with phone calls and letters—and at the ballot box(s) too. I also intend to, but to let them know how much I respect and appreciate their wisdom and action(s). I hope the rest of the citizenry follow my lead.

By the way Roy, if you had taken the trouble to have read the resolution in its entirety, you would not have gone off half-cocked and fired a salvo of blanks. I believe the resolution is in reference to parcels of land in less than 10 acre tracts.

Self Culture Club holds meeting

The Self Culture Club held its first meeting of the year at 6 p.m. on Friday, Sept. 5 in the home of Dona Reed. A covered dish dinner was held.
The meeting was presided over by Pearl Watson, incoming president. The invocation and pledge to the U.S. and Texas flags were led by Elizabeth Elliott. The by-laws and constitution were read by Linnie Williams.
Mrs. Watson, in her president's message, spoke of living life at its best.
"As we approach this new year, I hope it's with enthusiasm, dedication and goal setting," said Mrs. Watson. "You are the ones who make this club. I appreciate your cooperation, generosity with your time and money."
"An old minister stated that his most productive years were those after he was supposed to retire," she said. "He recently expired - still working, at age 84."
"Live life at its best, learn to believe in yourself," she said. "Encourage the youth to believe in himself."
Those attending were Eddie Barclay, Fannie Beeman, Lili Brown, Elizabeth Elliott, Ida Keith, Jewell Tiller, Pearl Watson, Dona Reed and two guests, Jane and Fay Matthews from Odessa.

H&R Block Tax Course Could Be Ticket To Extra Income
Thousands of people are finding that learning income tax preparation is the perfect way to supplement their incomes.
Many people use the tax preparation skills they learn in H&R Block's Income Tax Course to add to their incomes. H&R Block is now offering its basic income tax course starting September 8th. Morning, afternoon and evening classes are available. No prerequisites are required to enroll.
During the 13 weeks course, students will study various phases of income tax preparation and receive actual experience in preparing individual returns. Experienced Block instructors will teach tax law, theory and application, as practiced in Block offices nation-wide. There is a classroom discussion on each tax subject and many practice problems. Courses are programmed to teach students increasingly complex tax problems as study progresses. Students will find the course both interesting and challenging.
Because tax preparation is needed during the months of January through April; you can put your skills to use immediately during the winter months and may be able to make enough extra money to pay off Christmas bills or make money for that summer vacation.
Qualified course graduates may be offered job interviews for positions with Block. Many accept employment with Block because of the flexible hours available. However, Block is under no obligation to offer employment, nor are graduates under any obligation to accept employment with H&R Block.
One low course fee includes all textbooks, supplies and tax forms necessary for completion for the course. Certificates and 7.5 continuing education units will be awarded upon successful completion of the course. The course also meets the continuing education requirements of the Texas State Board of Public Accountancy.
Registration forms and a brochure for the income tax course may be obtained by contacting the H&R Block office at 816 W. Broadway, 235-3577.

Wolves, Indians clash Friday in 2nd season game

Though the Colorado City Wolves did not win their first football game Friday night, they do stand unbeaten and the 13-13 tie with the Slaton Tigers was not as bad as one might think especially since the Wolves trailed 13-0 at one point.

"I'm not really happy," said coach Tom Ramsey Monday afternoon.

"I feel we let one get away but after looking at the film we started slow, recovered then finished strong."

"The seniors performed

well." After the first quarter we were down 13-0. We were making mistakes and were our own worst enemies. After that we controlled the temp and the rest of the night belonged to us." Ramsey said the 17 seniors Slaton carried were the difference in the early going as their experience paid off until the Wolves were able to settle down. It looked bleak for the Pack early in the game. A fumble and a heavy rush by the Tigers on a Colorado City punt and the Wolves were down by two touchdowns. Slaton would do no more though as Colorado City went to work.

Only once did Slaton make a sustained drive inside the Colorado City 20 yard line. That possession, the Tigers second of the ballgame ended in a missed field goal.

The Wolves put together two good drives. One made the score 13-7 and the other tied it. Unsuccessful extra point attempts by both squads left them with a tie.

The Wolves moved the ball in the second half but were unable to overcome their own mistakes deep in Slaton territory.

Some five times the Wolves were called for encroachment or lining up in the neutral zone. After an impressive first drive of the second half that ended the scoring the Wolves' next possession was halted by a fifteen yard unsportsmanlike conduct penalty.

After Eduardo Melendez recovered a Slaton fumble at the Slaton 24, the Wolves made it to the five but a fourth down pass was batted down at the line.

Quarterback Cary Ritchey suffered two interceptions in the game but the second was meaningless as time expired. Ritchey added an important 40 yards on 12 carries.

The Wolves made it to deep Slaton territory once more but again were thwarted on a fourth down play.

Ramsey attributed the inconsistent opener to "the jitters".

"I thought we might have a rough first game but not that bad of a first quarter."

"They've got one game under their belt now."

It was a complete reversal of last year's start in which the Wolves struck for 33 points—only to score 10 the next week against Seminole. After going 4-6 last year the Wolves hope more trends are reversed.

Seminole again will be the Wolves second opponent. The Indians come to Wolf Stadium Friday for an 8 p.m. contest.

"They'll be a power offense," said Ramsey. "They always have been."

It should be a good challenge for the Wolves, who will be looking to hit another gear as they prepare for the district 5-AAA playoff hunt.

The Indians shut out the Coahoma Bulldogs 13-0 last Friday while rushing for over 200 yards and limiting the Bulldogs to 10.

Colorado City suffered injuries against Slaton and some players are doubtful for tomorrow's game. Cornerback Larry Mayes contained the outside against the Tigers before chipping a bone in his elbow as he attempted to cut back with a receiver. He'll definitely miss action tomorrow. Marty Cleciker will see more time as flanker

in Mayes' absence.

Running back Ralph Gonzales also went down with torn ligaments in an ankle. Ramsey said juniors David Garcia and Joe David Rodriguez will see more playing time.

Another casualty was lineman Bill Dossey. Mickel Morales and Corey Flanagan are expected to take up the slack there.

Frosh victorious

Colorado High School freshmen were victorious in a season opening football game against the Slaton Tigers here Saturday afternoon. The ninth graders won 14-8 and taking a 9-8 loss were the junior varsity Wolves.

The freshmen made the first scoring drive that included a big reception by Dane Hoover. Back Tracy Edwards got the score on a five yard run.

Slaton tied the score just before the halftime. The Tigers got two points on a safety and ran back the free kick to tie the game at 8-8.

With little over a minute remaining in the ballgame, quarterback Ken Land connected with Sammy Contreras for a game winning score. Contreras made a one handed catch on the play.

Ray Sutton, Ray Rivera and Edward Flores intercepted for the Wolves.

Volleyball team looks for 1st win

The Colorado High School volleyball team, who will be hosting the Lone Wolf tournament Saturday, is still looking for win number one after losses at a Breckenridge tournament Saturday.

The Wolves, 0-3, opened play at the Buckaroo tourney with a 15-6, 15-4 loss to Weatherford.

Serving for points were Sally Mendoza with five, Amber Stephens three and Monica Hamilton one.

Scoring in a second round 15-4, 15-6 loss to Brownwood were Becca Mann two, Christy Mitchell three, Holly Tartar two, Denise Lowrance two and Andrea McKinney one.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 4, 1986

PROPOSITION NO. 1 ON THE BALLOT
 Senate Joint Resolution 15 proposes a constitutional amendment that would permit the legislature to provide by general law for the apportionment of the value of railroad rolling stock among the counties in which the property of the railroad is located for purposes of property taxation, and would delete the requirement that the Comptroller participate in making the allocation. To comply with both statutory and constitutional law, the apportionment currently is being made by the State Property Tax Board in conjunction with the Comptroller.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to allow the legislature to provide by general law for the apportionment of the value of railroad rolling stock among counties for purposes of property taxation."

PROPOSITION NO. 2 ON THE BALLOT
 Senate Joint Resolution 33 proposes a constitutional amendment that would replace the constitutional requirement that the subject of a bill be expressed in its title with a mandate that each house of the legislature adopt rules of procedure that would require the subject of each bill to be expressed in its title in a manner that gives the legislature and the public reasonable notice of that subject. Determining compliance with the rule would be the responsibility of the legislature. Currently, a law is invalidated if a court finds its caption is defective. The amendment would provide that past and future enactments may not be held void on the basis of an insufficient title.

The amendment also would eliminate the suggestion that the state's laws be revised every ten years, and instead would provide for continuing revision of state laws.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

PROPOSITION NO. 3 ON THE BALLOT
 House Joint Resolution 73 proposes a constitutional amendment that would permit the Legislature to authorize any county, city, town, or other political subdivision to use public funds or credit to pay insurance premiums on nonassessable life, health, or accident policies. Due to the prohibition in the constitution against the lending of credit and granting of public money, political subdivisions currently are prohibited from becoming shareholders in associations such as mutual-insurance companies, in which policyholders are shareholders. A nonassessable mutual insurance policy does not allow a company to raise capital by assessing the policyholder an extra amount on a pre-

mium. This amendment will allow mutual insurance companies and stock companies to bid for life and health group policies of political subdivisions. Public liability will be limited to the payment of premiums specified in the contract.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

PROPOSITION NO. 4 ON THE BALLOT
 Senate Joint Resolution 4 proposes a constitutional amendment that would repeal the prohibition against branch banking by state banks and would allow state banks and national banks domiciled in this state to establish and operate banking facilities at locations within the county or city where they are domiciled. The amendment would also authorize the Legislature to permit a state bank or a national bank domiciled in this state to engage in business at more than one place if it acquires a failed state bank or national bank domiciled in this state.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 4 de noviembre de 1986. Scott, Porter attend convention

Wanda Scott-Department Education Chairman and Joni Porter of Colorado City, members of Woods W. Lynch Unit 19 of the American Legion Auxiliary, attended the Auxiliary's 66th National convention in Cincinnati, Ohio. The American Legion Auxiliary is the world's largest women's patriotic organization with nearly one million members world-wide.

Among the highlights of the convention were addresses by John Walsh, founder of the Adam Walsh Child Resource Center in Broward, Florida, a center devoted to missing children, and Secretary of Defense Caspar Weinberger.

The convention featured year-end reports of the American Legion Auxiliary which show the

organization's voluntary efforts increased this year, recording over \$14.7 million in funds raised for programs, and 7 million recorded volunteer hours, which translates into \$36 million worth of service to the veterans and the general public. Included in this total are \$2.8 million spent on programs for young people in Auxiliary-sponsored programs dealing with the prevention of teenage suicide, drug and alcohol abuse, and the tragic problem of missing and murdered children. Convention reports will also cover the Auxiliary's nationwide scholarship program

where more than \$1 million was awarded to deserving students, and the Girls State-Girls Nation program in which \$2 million was invested. The American Legion Auxiliary is a youth-oriented organization and a National Junior Meeting was held in Cincinnati.

Membership in the American Legion Auxiliary is open to mothers, wives, sisters, daughters and granddaughters of members of the American Legion or of veterans who are deceased and were in service during the eligibility dates for Legion membership.

Gospel band to perform at meeting

The group "Witness" from Snyder will perform Saturday night at the Full Gospel Businessmen's Fellowship meeting at the C. C. Thompson Room. The meeting will start at 6:30 p.m. with a free meal.

"Witness" is a gospel band, singing all types of Christian music, including country gospel and contemporary Christian music. They appeal to a wide

range of audiences. The group ministered in August to the Colorado City Christian Fellowship.

"Witness" has traveled all over the state of Texas and has a preaching ministry as well as a concert ministry. One of the members of the group will be giving his personal testimony of his relationship with Jesus Christ.
