PERRYTON, OCHILTREE COUNTY, TEXAS, THURSDAY, JANUARY 10, 1952

Three Sections—18 Pages

NUMBER 2

## Bank Deposits Show Increase

Bank deposits in revealed an upward trend in December 31, as reflected in statements of the two banks. Deposits were higher than the previous year and were over one million higher than a year ago. Deposits on Dec. 31 were \$26,666, compared with \$21,450 on October 10. On December 31, 1950, the totals were \$9,425,541.53. The First National Bank had \$1,820 on deposit and the National Bank had \$2,400 as of December 31. Discounts of the two banks showed a drop, from \$0.92 on October 10 to \$0.79 on December 31.

## Warren Candidate Treasurer

Opposition in a local race was provided this week with the announcement of Ilian Warren of her candidacy for county treasurer, succeeding the action of the voters in the Democratic primary.

Warren is a native of Ochiltree county, the daughter of Kirt Williams and the Williams. She is a graduate of Perryton high school class of 1938.

Warren is the mother and sole of three small children. Her marriage, Mrs. Warked for Mrs. Ida Garrett local welfare office and worked for the county home institution agent.

## Box Supper Saturday

A supper will be held at Farnsworth community center on Wednesday night, January 16, and the public is invited to attend. There will be free coffee, games, movies, and special prizes for the prettiest box and the most original one will win.

Box supper begins at 7:30

ICE VICTIM—One of the numerous victims of slick pavement over the week end was this 1949 Ford driven by Miss Josephine Harkey, which overturned Saturday afternoon about two miles west of Perryton. Miss Harkey was taken to a local hospital for treatment, although her injuries are not considered serious. Damage to the car was estimated at \$400.

## Ochiltree County Finishes 1951 With 53 Automobile Accidents

Ochiltree county went through 1951 with a total of 53 automobile accidents, according to the yearly report of state highway patrolmen Jack Shields and Bob Loving. There were 79 accidents in Ochiltree, Hansford and Lipscomb counties, compared with 88 accidents during 1950.

There were 20 accidents in Perryton and 33 on the highways outside Perryton, the patrolmen report.

## Rangers Upset Dalhart Wolves Tuesday Night

While the Dalhart Wolverines beat the Rangerettes as expected Tuesday night, the Rangers pulled quite an upset when they trimmed the Dalhart Wolves by a 26-29 score at the high school gymnasium Tuesday night.

The Wolves, who last week end won their own tournament and beat the Rangers while doing it, and also won second place in the Perryton tournament, were heavy favorites to win. However the Rangers, after getting off to a slow start, surged into the lead at the end of the third quarter and wound up with a seven-point victory.

In the hectic final quarter, when the score changed hands rapidly, Ranger guard B. R. Fletcher kept finding holes under the basket and broke in fast for repeated lay-up shots.

The score at the end of the first quarter saw Dalhart ahead, 14-8; at the half it was 19-16 for

See No. 3, Page 6

Three persons were killed in traffic accidents and 27 were injured.

Traffic deaths include Victor S. Mason of Partridge, Kansas, killed near Waka on May 16 when his car rammed an oncoming truck; Billy Dean Bowen, killed August 13 when his motor scooter collided with an automobile in Perryton; and Wilbur R. Cushberry of Atechison, Kansas, who died Sept. 15 when a pickup overturned near Waka.

There were 16 accidents within the city where no one was injured, but the total damage was estimated at \$5,633.

On the open-highway, there were 17 property damage accidents amounting to \$30,500; 14 personal injury accidents; and the two fatal accidents.

The primary cause of accidents on the open road continues to be excessive speed, according to the patrol reports. Second leading cause is failure to grant right of way.

Drunken driving, which figured in many accidents a year ago, has decreased tremendously and

## I Sold My Hay and Some For a Neighbor

Another Herald satisfied customer. E. L. Walker of Fowler, Kansas wrote us this week, stating: "Please find enclosed 72 cents for advertising in December. It sold my hay and some for a neighbor."

Herald classified ads are producing results every week. They cost only 3 cents a word. Phone 2671 and tell us what you have for sale.

## Six Men Called For Induction On January 22

Six men from the four-county area served by local Selective Service board No. 99 will be inducted on January 22, reports Mrs. Norma G. Phelps, clerk of the local board. Four of the inductees are from Canadian, one from Perryton and one from Gruver.

Those to be inducted are Richard Bryce Elkins, 25, Canadian; Billy M. George, 25, Canadian; Oren Ray Smith, 24, Perryton; Lloyd Eugene Rudy, 24, Canadian; Dwayne Lee Bennett, 23, Canadian; and Thomas G. Gross, 23, Gruver.

Bill J. Cross of Canadian, who failed to report for physical examination on Dec. 13, was sent to Amarillo for physical examination on a special call, Mrs. Phelps said.

There will be ten men sent from the local board to Amarillo on January for re-examination. These men will be selected from men who have been examined before and failed to pass mental or physical tests given by the armed forces, Mrs. Phelps said. Under provisions of 1951 amendments to the draft law, these men must be re-examined because of lowered standards now authorized as acceptable.

The draft call for February has not been received, but the Texas call is for 2,144 men, the highest since the March, 1951 draft call.

## Studebaker to Go On Display Here Today

The 1952 Studebaker automobile will go on display today, Thursday, at the Collingsworth Motor Co., and open house for the showing of the new Studebaker will be held Thursday, Friday and Saturday.

Tip Collingsworth said that the firm has four of the new models, including a Champion, two Commanders and a Land Cruiser. Saturday will be the big day of the showing, with door prizes to be given away to visitors, Collingsworth said. Free coffee and doughnuts will be served to visitors.

The new Studebakers reveal entirely new front-end treatment and substantial re-styling in the rear. Hoods are longer and lower, with new emblems and ornaments. Grilles have wrap-around styling and the massive wrap

See No. 5, Page 6

## Slick Pavement Causes Several Wrecks In Area

Slick pavement and bad weather were responsible for five wrecks in the Perryton area during the past week end, and there were 14 accidents in the four-county area of the local Highway Patrol, reports patrolman Jack Shields.

Three of the local wrecks were of the minor variety, with no serious damage or injuries. Two wrecks resulted in considerable damage.

Damage estimated at \$350 was done to a 1948 Chevrolet coupe when owner Gene Brothers of Perryton overturned nine miles east of Perryton on highway 117. Mrs. Brothers was with her husband when the car overturned.

## Jaycees Open County Wide Poll Tax Campaign With Goal of 2,800 Voters

### Deputy Tax Collectors Sworn In

The Perryton Jaycees opened this week a poll tax campaign designed to make it easy for every adult citizen in Ochiltree county to become a qualified voter for the big election year of 1952. Poll taxes will be sold by Jaycee deputy tax collectors on Main street each of the three Saturdays left in January, and crews will call upon the business houses and residences during the month seeking out poll tax eligibles.

Sheriff Ray Phagan met with the Jaycees at the Wednesday noon luncheon and swore in six deputy poll tax collectors. Additional deputies will be sworn in this week and the rest of the Jaycee membership will assist in promoting poll tax sales.

"We want to make it easy to pay the poll tax," said Harold Hudson, Jaycee president. "If it isn't convenient for taxpayers to go to the courthouse to pay their poll tax, we'll bring the poll tax book to them."

Danny Ellis, Jaycee public affairs chairman, is in charge of the poll tax drive. Deputy tax collectors thus far are Alton Boxwell, Charles Price, Joe Watson, Fred Heubner, Frank Shaffer and Ellis.

A location on Main Street will be set up Saturday with a banner proclaiming "Pay Your Poll Tax Here." A sound truck will circulate through the streets reminding citizens that now is the time to pay poll taxes.

There were 1,100 citizens who had paid their poll tax as of Wednesday. The Jaycees have set a goal of 2,800 by the deadline, January 31.

Every member of the Jaycees who meets the age and residence requirement has bought a poll tax.

Aid of other civic clubs is being

See No. 2, Page 6

## Revival Slated at Assembly of God

A revival meeting has been scheduled at the Assembly of God church, to begin on Sunday, January 13 and continue through January 27, Fred L. Ridener, pastor, has announced.

Evangelist Paul R. McGeechie of Cortez, Colo., a dynamic preacher with inspiring Gospel messages, will conduct the revival meeting.

Services start each evening at 7:15 o'clock and the public is cordially invited to attend, Rev. Ridener stated.

## Herald Publisher To Be Honored By Texas Press

Van W. Stewart, Herald publisher, will be one of 27 living past-presidents of the Texas Press Association to be honored with a banquet and program at the Mid-Winter Meeting of the Association in Austin this Saturday.

Past-presidents' pins will be presented to each, in appropriate ceremonies. Stewart headed the Texas Press Association in 1950.

"TPA is proud of the men who have guided it through these many years and it is hoped that all the living past-presidents of the Association will be on hand for the occasion, to receive the honors which each so justly deserves," said president Brad H. Smith, in announcing the banquet.

The Mid-Winter Meeting opens Saturday morning at the Commodore Perry Hotel in Austin. Convention speakers include Don J. Reid, managing director of the Iowa Press Association, Des Moines; Julien C. Hyer, assistant

See No. 7, Page 6

JAYCEE DEPUTIES—Sworn in as deputy tax collectors for the current poll tax drive Wednesday were these six members of the Perryton Jaycees. Sheriff Ray Phagan, left, is giving the oath to Charles Price, Joe Watson, Alton Boxwell, Fred Heubner, Frank Shaffer and Dan Ellis.

## Snow Moisture Totals .33 Inch

Total moisture realized from the snow and sleet which visited the Perryton area last week end was .33 inch, according to records of Judge Jack Allen, official weather observer. Judge Allen said that the first half inch or so of the snow was quite wet, but the rest of it was dry and fluffy, which cut down the moisture content. A total of four inches of snow fell on Thursday, and the snow stayed on the ground until Tuesday, due to the cold weather.

## Car Inspection Under New Law Still Not Available Locally

Apparently there is to be a last minute jam on automobile inspections under the new Texas law which is now in effect.

The A & B Motor Co., which has received final approval from the state as an official inspection station, has been informed that it will be around January 15 before approval papers will be received here, according to Gene Akers of the local firm.

The Perryton Safety Lane has received a new brake testing

machine, which was installed Wednesday, and this completes the equipment needed for the inspection station there. O. C. Rickard, owner of the firm, said that the state department will inspect his company again after installation of the brake machine, then he will be ready to start inspecting.

The Perryton Motor Co. is waiting for final inspection by the state patrolman for this area. Ellis Kelly said that they have the required equipment and now lack only the final inspection.

At the Foote Truck and Tractor Co., they are waiting for a new headlight testing machine and another final inspection before being ready to go. C. W. Foote said that he expects a delay of possibly three weeks before his company is ready to start inspections.

All automobiles in Texas must pass this required inspection before they can be issued 1952 license plates. Deadline for buying the plates is April 1, while the plates go on sale February 1.

## Ray Phagan Is Candidate For Reelection

Ray Phagan, now serving his second term as sheriff, tax assessor and collector of Ochiltree county, has authorized the Herald to announce his candidacy for reelection, subject to the action of the voters at the Democratic primary in July.

Phagan served four years as deputy sheriff of Ochiltree county before winning the sheriff's race in 1948. He was reelected in 1950.

He came to Perryton from Henrietta, Texas, in Clay county, where he held office as sheriff for three terms, six years. He was not a candidate for reelection following expiration of his third term.

He is 49 years old, married and the father of three children, Mrs. Fountain Wade of Perryton, Mrs. Glen Pinkston of Levelland and Jimmy Phagan, a student in the Perryton schools.

Phagan is a member of the Baptist church, Rotary Club and the Masonic Lodge.

In announcing his candidacy, Phagan said, "I am going to di-

See No. 1, Page 6

## County Agent Wills Resigns To Take Position With Equity

County agent Hood Wills, who has served as Ochiltree county agent since March 1, 1944, has resigned to take a position as agricultural agent for the Equity.

His resignation will not be effective until a replacement is secured and approved by the county commissioners, Wills said.

A new county agent is expected to be named in the near future.

Aldon Bell, Equity manager, said that Wills will be in charge of a new service department, and will serve as consultant to farmers of this area in feeding problems, seeds, insecticides. "This is something new for the Equity," Bell said. "What we in-

tend to do is furnish the producer of this area with help in their farm problems."

Wills came to Perryton in 1944 from Pampa, where he was for three years vocational agriculture teacher in Pampa high school. Prior to that, he was vocational agriculture teacher in Miami for five years.

He is a graduate of Texas Tech and grew up in Scurry county. He is secretary of the North Plains Hereford Breeders Assn., the North Plains Aberdeen Angus Breeders Assn., the Ochiltree County Wheat Improvement Association and has taken an active part in other farm and civic organizations.

WAREHOUSE SITE—Texas Highway Department workmen are filling in the building site things ready for the construction of the new warehouse to be located just west of the Perryton site on highway 117. Above on the grade is W. H. Phillely, the truck driver is Glen Looney and in on the ground is Z. O. Bobo. The warehouse is to be constructed at a cost of \$16,000 and the release near the city lake will be moved to the new five acre site.

LOTS OF DOLLS—It was Toy Day for the Perryton elementary school last Friday and these girls of the first and second grades proudly displayed a wide assortment of dolls for the photographer. There are 67 different dolls in this collection.

### SPORTS AFIELD

By Ted Kesting

Not enough hunters know how to keep their game birds once they bag them. They also do not agree on how to hang birds. About 50 per cent hang them by the head, and 50 per cent by the feet. Either way is good. The most important thing is to keep your game dry and give it plenty of fresh air.

Jimmy Robinson's duck camp is famous and he says: "Usually we dry out our ducks and take them to town the same day, have them cleaned and put in a freezing plant. We never draw a duck or goose until it is ready to be picked and frozen. After you have taken the innards out of a duck it will spoil quickly if not refrigerated."

Others claim that in mild weather spoilage of ducks is hastened if the intestines are not removed immediately after shooting. Their recommended method is to "buttonhook" them. This is done with a buttonhook or a wood hook by inserting it in the vent and twisting it to catch the inside of the large intestine for removal through the vent. The entire intestine can be drawn out without enlarging the opening. This method should be used on all ducks early in the season. All dipper or puddle ducks, such as mallards and pintails, will spoil more rapidly than diving ducks because of the type of vegetation they feed upon.

Most old hunters insist that the best way to preserve the delicate flavor of upland game such as quail, grouse and prairie chicken is to draw the birds immediately and fill the cavity with grass.

Robinson is a great believer in carrying game birds by a strap rather than in a hunting coat. It doesn't take long for a badly shot bird to spoil in your game pocket. After you've shot a bird the natural thing is to shove it in your pocket and continue the hunt.

You forget that this bird is hot with body heat. This may be all right if you have only a field to cover, but I would advise you to carry your birds in your hand or by a strap if you have a long hike before you. The sooner you get them back to your car and dry them out, the better the flavor of your game will be.

Leaves change from green to autumn colors when the roots slow down in supplying water and minerals to the tree or plant.

### Bridegroom Recruited

WORTHINGTON, Minn. (AP)—An army recruiter, attending a wedding here, kissed the bride and recruited the groom.

Sgt. Sidney G. Hibma, chief clerk at the Sioux Falls, S. D., Air Force and Army recruiting station, was a guest when Mary Kay Miller and John Magee were wed.

During the reception, Hibma told the 24-year-old groom about the advantages of the air force. As soon as Magee returned from his wedding trip, he signed on the dotted line.

Magee is stationed at Lackland Air Force base, San Antonio, Texas. His bride is working here.

The La Venta people of Southern Mexico were forerunners of the Mayas.

### Lattner Was Standout

NOTRE DAME, Ind. (AP)—Johnny Lattner, sophomore back from Chicago, led the 1951 Notre Dame football team in rushing yards, according to statistics. Johnny had 688 yards and an average of 11.4 yards per try. He was named to the All-American team. Since he had the most playing time, he had the most playing time account. In the season against California, the young man had 140 yards.

The port city of France, is a 65-mile-long strip of land.

### Italians Play Soccer

ROME (AP)—If you doubt soccer is popular in Italy read these statistics:

Exactly 109,347 players—all members of the Italian soccer federation—played 64,951 games during the 1949-50 season.

The Federation, which announced the figures, said 4,962 referees are enrolled.

Breaking down the statistics on games played during last season, the Federation reported: Of the total of 64,951 contests, 39,161 were in league play for the various championships disputed annually; 22,230 were played for the boys' leagues; there were 3,517 non-title or friendly games, and 53 contests were against foreign teams in and outside of Italy.

'IKE' ROOTER STILL WAITS TO SEE HIS HERO—Stephen (Ike) West, 11-year-old Dallas, Tex., Eisenhower fan, shows his "Ike" button to Cpl. Kenneth J. Bell, of Old Hickory, Tenn., outside SHAPE headquarters near Paris, France. The boy was still waiting to see his hero but had not received an appointment. It appeared that he and his mother, Mrs. E. A. Adams, may have to leave for home without seeing General Eisenhower. (AP Photo)

### Life Insurance Purchases

NEW YORK (AP)—Life insurance purchases in November totaled \$2,446,000,000, 9 per cent less than the amount purchased a year ago, the Life Insurance Agency Management Association reports.

The purchases of ordinary life insurance in November were \$1,536,000,000. Industrial life insurance bought amounted to 453 million dollars, about equal to the figure a year ago.

New group life insurance purchases amounted to 437 million dollars, about equal to the figure a year ago.

New group life insurance purchases amounted to 437 million dollars. This was 49 per cent less than the November, 1950, figure and reflected the curb on fringe benefits under the wage freeze, the association said.

The cooler barrel was an old oil drum. Heating the barrel had made a film of oil on the sides dissolve right into the whiskey. The oil went with the whiskey into the consumer's jug.

In the past eight months Matthews, aided by local officers, has ferreted out 12 stills in Marion county and six in Harrison county.

Moonshiners love the piney woods, back where the big thickets are the thickest.

## Here's a Good Tip ON CAR CARE!

One of the first rules of driving is to keep your car in such condition that you can control it easily, quickly! Before you take your car out on the highways and byways, be sure of its Performance and safety. It's a false economy to neglect small troubles. . . they prove to be big troubles with bigger bills, later. Drive right in, let us give your car a thorough going-over! It's a small investment with good returns in top car performance and car safety.

### Moonshine Is Better Seller In Wintertime

MARSHALL, Texas (AP)—Those moonshiners out among the East Texas pines are half-burying their barrels in the ground these days. Keep them warmer during the wintertime.

Moonshine whiskey is produced more in winter, when nights are long and consumers are cold, reported James Moyers of the Marshall News Messenger staff.

Moyers said getting Cliff Matthews, local liquor control board agent, to talk about the business was tough because too much publicity ruins chances of pinning a moonshining charge on the brewers in the piney woods.

But he found out this much: The moonshiner in these parts has a capital investment of a few old drums, some copper tubing, a small heating unit, some used barrels and jugs and a nearby water source.

He pays about 75 cents for the raw materials that goes into one gallon of sugar whiskey. He sells a gallon usually for \$8 to \$10. Naturally he doesn't have to fool with federal and state liquor.

Sugar whiskey is the successor to corn whiskey. Corn whiskey takes longer, and these are the days of speed. It takes about two weeks under favorable conditions to make whiskey out of the sprouts from corn grains. In the heat of summer sugar whiskey can be turned out in four to five days.

The principal ingredient is plain table sugar. The mash, including water from nearby swamp, creek or hog wallow, is left in barrels to ferment. Yeast—or even lye—is added to hasten the process.

Then the barrels are half buried in the ground. Agents have seen hogs pulled from the barrels. Sick, stupefied snakes have come tumbling from the raw mash. Chickens, too.

Matthews said the last distillery he "visited" had a good bit of dirt floating in the barrels along with gnats, cockroaches,

**RANCH VISITOR**—Marion McCollom, 12, from Boys Ranch, through Perryton last Thursday on his way to Dodge City, Kan., to visit his grandparents, Mr. and Mrs. J. P. McCollom, and stopped here to look over the plant. Marion's mother is deceased. His father is J. D. McCollom of Great Bend, Kansas. Marion has been at Boys Ranch for 2 1/2 years and is in the sixth grade.

**All Preps for Events**  
CA, N. Y. (AP)—Besides a basketball schedule, varsity teams will compete in 33 winter intercollegiate sports. The activities include wrestling, swimming, tennis and skiing.

An organized abolitionist movement in the United States got under way in 1831, when William Lloyd Garrison established the "Liberator" in Boston to advocate emancipation of slaves.  
Asbestos is Quebec's most valuable mineral.

**Waka News**

**Mrs. J. R. Stump**  
The Women's Work Group started the New Year off by having a New Year's party and gift exchange in the home of Mrs. H. N. Elledge Friday night. Each person contributed a number on the program.  
Those enjoying the event were Mesdames Alvin Klotz, LeRoy Reeves, Marvin Groves, David Burger, Roy Leicht, G. A. Burger, Allen Dennison, J. R. Stump, Orville Crain and Maud Stump.  
The next meeting will be January 24 with Mrs. David Burger as hostess.

Mr. and Mrs. LeRoy Reeves and family were Sunday dinner guests in the home of Mr. and Mrs. Orville Crain.

John Crain spent Sunday with Harold Groves.

Mr. and Mrs. Junior Dunninghoop and family enjoyed a waffle supper Wednesday evening in the Dean Leighnor home.

The Home Demonstration Club had their first meeting of the year January 2 with Mrs. Junior Dunninghoop as hostess.

Mary Watson Jones gave a demonstration on making delicious whole wheat rolls.

Officers elected for the new year were president, Mrs. Allen Dennison; vice president, Mrs. Jack Hendrix; secretary-treasurer, Mrs. LeRoy Reeves; reporter, Mrs. Marvin Groves; with Mrs. H. N. Elledge as Council Delegate.

Members attending the meeting were Mesdames C. J. Frantz, Jr., Marvin Groves, H. N. Elledge, J. R. Stump, Carl Scroggs, B. J. Turner, Allen Dennison, Jack Hendrix, Alvin Klotz and the hostess.

The next meeting will be January 16 in the home of Mrs. H. N. Elledge.

Jay Klotz is confined at home with the measles and the chicken-pox is making Jeanene Frantz rather miserable. We hope they both will soon be up and around again.

Mrs. Herbert Butt was able to have her cast removed Thursday from her foot but she will have to remain on crutches for some time.

Mrs. J. R. Stump and Judy were Liberal shoppers Saturday. They also visited with Mrs. Fanny Dowers of Boyd, Okla.

Mr. and Mrs. Bud Felix and family visited Saturday in the Orville Crain home.

The Brownie troop met Thursday at the school. During the business meeting the girls elected Mary Bess Brillhart, president and Alene Weibe, secretary. They rehearsed on a program to be given at their Investiture Ceremony to be held Friday night, January 11. Invitations were made for their mothers.

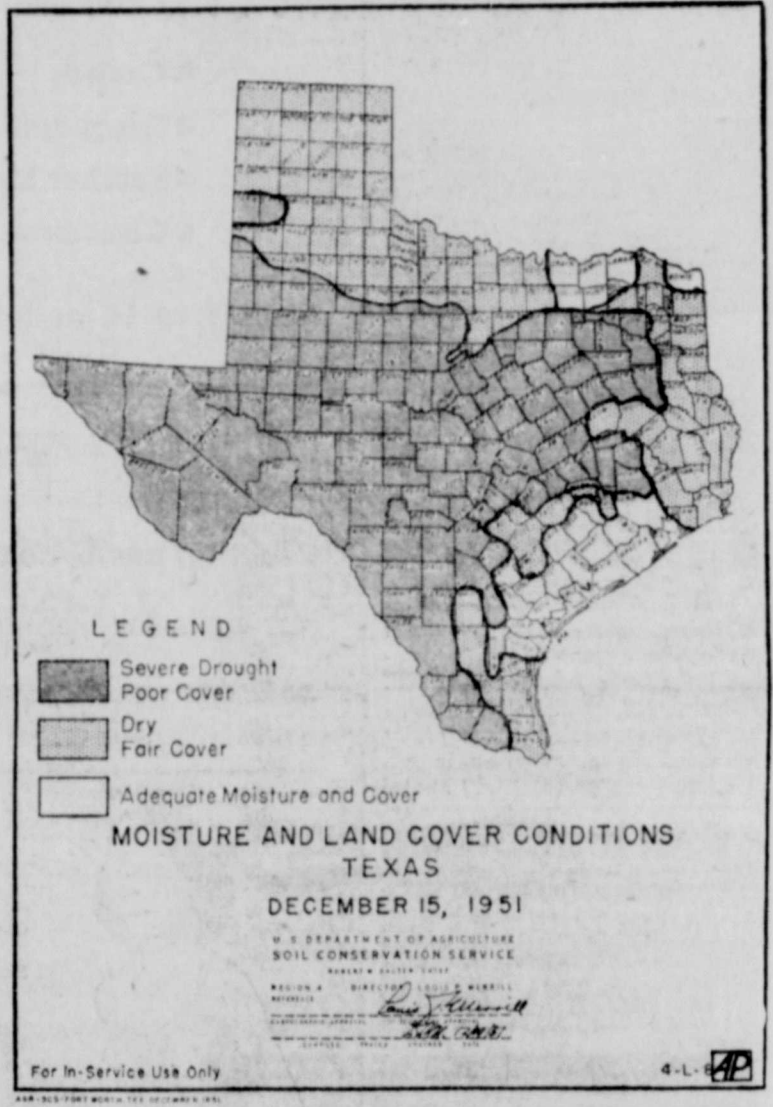

Those attending were Jerry Ann Butler, Mary Bess Brillhart, Jeanene Frantz, Laura Jane, Carol Ann, Alene and Nadine Weibe, Judy Stump, Glenda Butt, Patsy Turner, Sandra Molesworth, Annie Burger and Carolyn Mae Leighnor.

Don't forget P-TA January 18. The subject of the program will be "Teamwork Can Do the Job" under the direction of Mrs. Mart Wagner.

Those attending County Chorus practice Monday at Mrs. James Hardy's home were Mrs. H. N. Elledge, Mrs. J. R. Stump, Mrs.

**MIDSHIPMEN GIVE BLOOD**—About 90 per cent of the midshipmen in the Naval ROTC unit at the University of Texas pledged blood to the Red Cross. Charles E. Bludworth, center, of San Angelo, midshipman commander of the Texas unit in Austin, was the first to present his pledge to Miss Sidney Siegel of Paris, Tex., student worker in the campaign. Next was Midshipman Captain Stephen Albrecht, left, of Edinburg. (AP Photo)

**TEXAS DROUGHT CONDITIONS**—Drought-ridden areas of Texas are shown on the above map released by regional headquarters of the U. S. Soil Conservation Service, Director Louis P. Merrill said the drought is the worst in the state in three decades. Farmers and ranchers in nearly 130 Texas counties are suffering damage from the prolonged dry weather. Poor plant cover is exposing agricultural land to damage from both winds and water in the shaded area. (AP)

LeRoy Reeves, Mrs. Dean Leighnor, Mrs. Orville Crain and Mrs. C. U. Pope. The Chorus will present a program for the Farm Bureau meeting to be held January 28.  
Mrs. J. R. Stump attended a Texas Home Demonstration Meeting Wednesday at Canadian.

**Shortages Slow Construction Of Texas Schools**

WASHINGTON (AP)—The Office of education estimated today it has approved 76 per cent of the Texas applications for critical materials for school construction projects.  
Of 438 Texas applications filed since rationing of steel and copper began in July, only 104 remained pending at the end of the first week in December.

Of the 334 projects approved, 180 were granted certificates permitting start of construction before the end of this year. Critical materials for the other 154 are to be delivered during the first three months of next year in at least sufficient quantities to get work under way.

T. L. Roswell, assistant director of the civilian education requirements division of the Office of Education, said the present scarcity of steel necessitates spreading construction over two or more quarters.

"The long range picture looks pretty good," he continued. "It may be by the latter part of 1952 we can approve allocations for even such projects as school gymnasiums and auditoriums."

He emphasized that he was speaking mainly of steel, that copper remains tight with no foreseeable easing of the situation.

It may be possible to substitute aluminum for copper in electric wiring, he said, adding that such an experiment is being conducted in the District of Columbia. The aluminum wire has a steel thread core to give it tensile strength.

**King-Size Yacht**

LA SPEZIA, Italy (AP)—Egypt's King Farouk and Queen Nari-man soon will boast the most luxurious pleasure yacht in the world—furnished in the style and splendor of an ancient Pharaoh's palace.

At least that is the report here where the monarch's 4,600-ton pleasure craft, "The Mahroussa," is being rebuilt in the Ansaldo Shipyards at a cost of about \$4 million.

Both Farouk and Queen Nari-man will have two compartments each on "The Mahroussa"—one on the upper deck for good weather and one below for rough seas. Furnishings of the King's apartments, one source said, will be made to measure for the hefty monarch. Even the bath tub will be especially commodious.

None of Greenland's 10,000 to 15,000 icebergs succeeded this year in reaching the crowded shipping lanes between North America and Europe.

The U. S. produces about a fourth of the world's apple crop.

**Brazil Need Studied**

COLUMBUS, O., (AP)—The greatest single contribution to Brazil that can be made by the International Farm Youth program is personal contact and friendship, said Donald E. Herr, a delegate of the program on his return to the U. S. after five months in South America.

He said Brazil compares today to the U. S. in the 1880's and has many needs, the greatest of which is for trained personnel in agriculture. Herr is one of three Ohio youths who lived in foreign countries this year to see how farm people live in those countries.

A COMMON CHORE—Common among the outside activities of Perryton business men Friday morning was the scraping of snow and ice off the sidewalk following the four inch snow. Above, Wayne Kiser of the Anderson Manufacturing Co. gets on the business end of a scoop shovel.

GHOST OF FORMER SPLENDOR—S. J. Braselton of Roaring Springs, Tex., shows off the private railroad car he bought for \$1,000. He plans to use it for a fishing cabin. Back in 1917 it cost \$30,000 to build the car for the Burnetts of the famed 6666 ranch of West Texas. (P) Photo

**Ex-Nazi Now In Advertising**

COLOGNE, Germany (AP)—Hans Fritzsche, once one of the smoothest Nazi radio propagandists, is now a smoothie in the advertising business—employing American methods, including the comic book style.

Fritzsche was one of the lucky three top Nazis who won acquittal on war crimes charges before the International Military Tribunal at Nuernberg in 1945-46. The others were diplomat Franz von Papen and financial wizard Hjalmar Schacht.

But Fritzsche was locked up later by a German denazification court. He didn't waste time in work camp but studied American advertising styles in U. S. newspapers in his spare hours. Upon his release he went to work in a firm founded by his wife and then branched out to do work for larger agencies.

**Friends Again**

ADDIS ABABA (AP)—Halle Selassie views the new establishment of diplomatic relations between Ethiopia and Italy, once bitter enemies, as a contribution "to the maintenance of world peace in these critical times."

"It is believed that this establishment of relations will prove to be to the mutual advantage of both countries and will put an end to long-standing hostility," the Emperor said in a November throne speech.

Diplomatic relations between the two countries was effected during a recent visit of the Italian under-secretary of state for African affairs. Italy has already named an ambassador to Ethiopia, which in turn will name an envoy to Italy. The actual exchange is pending.

**Carlsbad Man Catches Birds For Hunters**

Carlsbad, N. M. (AP)—Jimmie Cox gets a bird every day—and he loves it.

Superintendent of the State of New Mexico's Department of Game farm at LaHuerta, near Carlsbad, Cox has charge of the production of some 8,500 game birds a year.

As if that weren't enough to keep him busy, he's planning to leave soon for the Middle East, where he will spend six months with D. Gardner Bump of the United States Fish and Wildlife Service in the study and collection of exotic game birds.

The expedition is interested chiefly in bringing back the chukar (a quail-like bird), sand grouse, black partridge, bustards and sedge partridge. It also will try to snare several specimens of a rare black pheasant believed to inhabit the Caspian Sea region.

Cox hopes to bring back to New Mexico 500 chukars to aid his pet project at the game farm. He is working on a program of chukar planting and hopes to provide the state with enough of the birds so sportsmen can have a chukar season.

The chukar is the coming thing in game birds, Cox is convinced. The bird is a true partridge and is about 2½ times the size of a quail. Because it is a fast and elusive flier, it makes an excellent game bird.

Little chukar planting has been done so far in New Mexico because of a shortage of stock. Cox estimates it should take 10 years to establish the bird in numbers sufficient to provide a hunting season.

His interest in game birds began as a hobby. After spending his childhood in San Angelo, Texas, and spending some time at Both Texas A. & I. and San Angelo Junior College, Cox went into the hotel business.

Helping the Texas game department trap quail near the Rio Grande during the early 30s, he became interested in raising the birds as a hobby.

In 1939 he came to Carlsbad to work on the game farm, then operated privately by J. Stokely Ligon, a naturalist.

His expedition with Dr. Bump will begin at Istanbul and move through Turkey, Trans-Jordan, Syria, Iraq and Saudi Arabia. These countries, Cox pointed out, have the same general climatic conditions as New Mexico.

At the LaHuerta farm, pheasant production occupies most of his time. The farm produces about 6,000 pheasant annually, chiefly ring necks.

Keeping the pheasant population high enough to maintain a hunting season represents a difficult problem, Cox said, because hunters from all over the Southwest come to New Mexico to shoot the birds.

The farm also produces about 2,000 quail each year to re-stock "disaster areas" where the quail population has been reduced.

Since July Cox and his three assistants have planted about 5,000 game birds throughout the state. Hauling about 400 birds on each trip, Cox figures that he has covered about 12,000 miles already this planting season.

Birds are caught late in the afternoon of the day before they are to be planted. Then they are put on the truck and by traveling all night are at the distribution point by daybreak. In this way,

Cox explained, the birds have a full day after being released to find a good roosting spot and feed.

Distribution of the birds is done on a schedule which Cox draws up in June on the basis of his anticipated production and the expected hunting pressure.

Permanent breeding stock is maintained at the farm, and during the April to August hatching season about 1,200 to 2,000 eggs a week are set in the farms hatching machines.

Besides his regular game stock at the farm, Cox also has several personal projects. He had a pair of McQueen Houbara bustards, the only two in the United States, and is waiting to see if they are mates. They were brought here from Iran.

Cox's success with the birds is evident in the group of prairie chickens he has at the farm. The chickens are almost impossible to raise in captivity, but Cox has already bred three generations.

"When I get up to the fifth generation, I'll call it a success," he said.

Mexico City's lowest street is more than a mile higher than the topmost points of New York City's skyscrapers.

LITTLE ALL-AMERICA—Lester Wheeler, Abilene Christian's great tackle, won a place on the Associated Press Little All-America team. Wheeler, 20, is a six foot four-inch 200 pounder. He is a senior from Robstown, majoring in education. (P) Photo

**Rangers Win One, Lose Three at Dalhart Tourney**

The Rangers won one game and lost three in the Dalhart basketball tournament held last week end. The tournament was a round-robin affair, with each team playing every other team.

Dalhart won the tournament, triumphing over Dumas for the title.

Perryton won over Texline, then lost to Dalhart, Dumas and Hereford.

Perryton 34, Dalhart 48: The Rangers found the sharpshooters Wolves too much for them, as Dalhart took an early lead and maintained it throughout

the game. Most of the Dalhart points were made on long shots. Bill Johnson led the Rangers with 10 points.

Perryton 35, Texline 34: The Rangers set up a tight zone defense to stop Texline's fast breaking plays, and throttled the offense effectively. B. R. Pletcher led the scoring for the Rangers, making 10 points, followed by Johnson, 9, and Lovett, 8.

Perryton 29, Dumas 45: Dumas set up a fast break that sent them off to a 15 point lead before the Rangers could get organized. The last half was played on fairly even terms, but the Rangers had too much lead to overcome. Lovett made 7 points to lead the Rangers.

Perryton 33, Hereford 44: The Rangers again were outrun by a fast break which Hereford utilized with great effectiveness. The Ranger found themselves

behind early in the game and could never catch up. Lovett made 11 points to lead the scoring.

**Perryton Lions Meet Canadian**

Perryton's Lions Club will tangle with the Canadian Lions club in a benefit basketball game at Canadian Monday starting at 8 p. m. in the school gym.

Coach Jim Anderson said that the local Lions club team will go into training Sunday afternoon in order to be in condition for the Monday night encounter.

Last year the locals broke even with the Spearman hoopers in two charity contests.

Canadian will play a return engagement at the Perryton gym in February.

More Power For Trucks: CARROLLTON, Ga. (AP)—Take a standard motor truck, add an extra axle and an extra drive shaft, and what have you?

Twice the moving power at an increased operating cost of only 10 per cent. So says Roy Richards, a Carrollton engineer-in- ventor—business executive.

One of Richards' numerous in- terests is a construction com- pany which specializes in build- ing electric power lines. Trucks equipped with tall towers are used extensively in this work. Richards decided he needed more motor power and more overall stability to cope with the special problems and rough terrain en- countered in stringing power lines.

So he developed a "power di- vider" which permits the regular truck motor to power the two drive shafts.

Redlegs Conduct Rookie Camp: CINCINNATI, (AP)—The Cin- cinnati Reds will conduct a com- bination Baseball School and Trout Camp at Columbia, S. C., from March 1 through the 21st. The camp will be under the di- rection of Farm Supervisor Bill McKechnie, Jr. Other Red scouts and minor league managers will serve as instructors. The various youngsters at the camp will have to pay their own expenses but any players signed to Redleg contracts will be reimbursed in full.

Eleven stone heads found in Southern Mexico are too heavy to move, but full-size reproduc- tions have been made.

The first of 11 huge stone heads uncovered in Southern Mexico was discovered in 1858 by a na- tive workman.

## Political Announcements

The Ochiltree County Herald is authorized to announce the following as candidates for nomination, subject to the ac- tion of the voters in the Demo- cratic Primary to be held July 26, 1952:

For County Treasurer: MRS. ARTHUR SLAVIN. MRS. LILLIAN WARREN

For Sheriff, Tax Assessor and Collector: RAY PHAGAN

## No Change in Coinage

LONDON (AP)—Britain has de- cided against converting this na- tion's currency to the decimal system.

The new Conservative Chan- cellor of the Exchequer, Richard Austen Butler, told the House of Commons that suggestions to di- vide the shilling into 10 pennies —instead of the present 12—just aren't practical.

"The replacement of the exist- ing bronze coinage by new coins of different value would involve an impossible burden on our present resources of material and labor. The alternative of in- creasing by 20 per cent the value of the bronze coinage now in cir- culation is likewise unsatisfac- tory," he declared.

Artist Honored: CEDAR RAPIDS, Ia. (AP)—The memory of the late Grant Wood, one of Iowa's most widely known artists, has been honored here. A new, modern school building recently was dedicated as "Grant Wood School."

Wood once taught art in Cedar Rapids. Seven Grant Wood draw- ings, made for the endpapers of the book, "Farm on the Hill," were presented to the new school by Mrs. Nan Wood Graham, the artist's sister. Mrs. Graham posed for some of his paintings in- cluding the well-known "Ameri- can Gothic" and "Portrait of Nan" which died in 1942.

Samuel Osgood was the first Postmaster General under the Constitution. He was appointed Sept. 26, 1789.

Hitler," he said. Willy would like to stay in Texas, but he must return by August.

Back in Germany, he probably will teach.

Students From Foreign Lands Attend SMU: DALLAS (AP)—Before Willy Schuermann was 16 years old, he commanded fifty young men and boys in the Hitler Youth Or- ganization.

At the same time, Walter El- ler was fighting with the Free French Forces in North Africa.

Today, both Walter and Willy are students at Southern Meth- odist University.

They met at S. M. U. because of the United States govern- ment's program to bring foreign students to study.

This year twenty thousand foreign youths are studying in this country.

More than 50, from 32 different countries, are at S.M.U.

The University gives scholar- ships to 18, and the government provides funds for others. Social and civic organizations are help- ing to provide living expenses and scholarships to many.

Many of the students have spent the better part of their lives in terror and confusion.

Enzio von Cramon, 22, is an Austrian baron who plays the ukulele and wears loud sport shirts. His grandfather was ad- jutant to the Kaiser.

Enzio's two brothers were killed while officers in the German army.

Julius Wolkow is studying to be an American engineer.

He watched the Communist police in White Russia take his father away to a Siberian pris- on.

Six years later, the invading Nazis took Julius to Germany as a slave laborer.

After the war, he escaped to the American zone of occupied Germany and finally got a pass- port to the United States.

Hee Lin Lim was in Malaya when the Japanese invaded the British colony. He saw the Japane- se beat and kill his neighbors and burn their villages.

After the war, Communism be- came powerful in Malaya. When Lin left for America in 1949, once peaceful people were again fighting each other.

Lin is Chinese by race, Malay- an by citizenship. A sophomor- at SMU, he is studying meechan- ical engineering.

Walter Eller, 27, is a French- man who can speak five lan- guages.

He was born in Dallas of French parents but was taken to France before he was two years old.

He escaped the Nazi occupa- tion in 1940, fled through Spain to North Africa and joined the French army.

In 1943 he joined the United States Air Corps and flew bomb- ing missions over France.

Walter wants to stay in this country after he finishes his education. Two wars have de- stroyed too much of France for him to want to live there.

Willy Schuermann joined the Hitler Youth when he was 10 years old. He rose to command 50 boys.

When he was 16 he became an anti-aircraft gunner. He was in combat for the last five months of the war. He never thought Germany could lose.

The news of Hitler's death was the greatest shock of Willy's life, he says.

After spending three months in a prison camp, he went back to high school and was gradu- ated in 1947. After that he studied at Bonn University in Germany

## Students From Foreign Lands Attend SMU

and Manchester University in England. He has been in Texas almost a year.

According to Willy, the big problem in Germany is not Com- munist or Socialism.

"The German people," says Willy, "have had enough ex- treme movements.

The problem today is indif- ference and skepticism. Many Germans are utterly disillusion- ed."

Willy hopes for a unified Eur- ope.

"It will give the people some- thing to live for," he said.

The little, polite 23-year-old student never visited the Rus- sian zone of occupied Germany. Some of his friends who did never came back, he said.

From those who did return, he has gathered that the older Ger- mans in the Russian zone are not fooled by Communism. With the children, however, it is a dif- ferent matter.

"The children from the age of six on are given military train- ing exactly as we were under

gress a bit from the proverbial reason often used by the chronic office seeker of just yielding to the many solicitations of my friends, and give you my real reason.

"The two main reasons I am asking for reelection is that it is my chosen vocation, and the remuneration that goes with it. The others don't amount to much. I am not even going to cite you to my official record as a base to stand on. Not that I am ashamed of it, but at that I have not solved all the crimes committed in this county during my tenure, neither have I accomplished that which I would have liked to, and even should have. I am proud of the efficiency in the office, but I do not claim credit for that.

"The art of being sheriff is not a sideline with me, I like it, and not having any other business interest to see after, I am able to devote all my time to its many duties.

"To have served you in this capacity for the past three years has been a pleasure to me, and for the opportunity I am grateful. If selected for this post for another term, my only promise is to be more faithful to your trust, and efficient in my work."

### Police Radio Net Still Undecided

County Judge Howard Slaughter and Sheriff Ray Phagan met with Hansford county commissioners Monday afternoon regarding the proposed police radio network for the North Plains, but reported that Hansford county is not ready to take any action on the matter yet.

A radio system of a base station, three mobile units and a remote control station has been proposed for Hansford county. Ochiltree county plans to install radio equipment, with help from the city, if Hansford county installs a base station where calls can be relayed to the west, Slaughter said.

A radio network for Ochiltree, Hemphill, Lipscomb and Hansford counties was proposed at a meeting of judges, commissioners and peace officers in Perryton recently.

In an average year about 400 of Greenland's icebergs survive an 1,800-mile drift southward before disintegrating in the warm Gulf Stream.

The "sky survey" at the California Institute of Technology began in 1949. It will be completed in 1954, according to the schedule.

B. R. PLETCHER, guard, scores on a fast break in the third quarter during Tuesday night's tense battle against the powerful Dalhart Wolves. The Rangers won 36 to 29.

### Ranger Football Schedule Released

The tentative football schedule for the 1952 Rangers shows five home games, with a possibility of having six games at home. Supt. Gilbert Mize said that the first game of the season, scheduled against Gruver, there, may be changed to Perryton because Gruver has most of their games at home this year. All of the 1951 opponents will be met again in 1952.

The tentative 1952 schedule is:

- Sept. 12—Gruver, there
- Sept. 19—Spearman, here
- Sept. 26—Canadian, here
- Oct. 3—Wellington, there
- Oct. 10—Guyman, there
- Oct. 17—White Deer, here
- Oct. 24—Shamrock, there
- Oct. 31—Open
- Nov. 7—Dumas, here
- Nov. 14—Phillips, here
- Nov. 21—Dalhart, there

### New River Source Found

NEW YORK (AP)—A new source of the Orinoco River, 40 miles east of its previously reported source, has been found by a French-Venezuelan expedition, the American Geographical Society has announced.

The Orinoco emerges as a tiny trickle from the side of a 75-foot cliff in a 3,600-foot mountain. The Venezuelan-Brazilian boundary is determined by the source of the river.

The expedition is headed by Maj. Franz Antonio Risquez of the Venezuelan Army and Prof. Jose Craxent, director of the Museum of Natural Science in Caracas. The report of the discovery was received by radio from the expedition.

About three fourths of the French port city of St. Malo was destroyed in World War II.

The rocky French island of St. Malo is honeycombed with dungeons and ancient treasure vaults.

### Combined School Band Concert Set January 24

The high school, junior high and elementary school bands will present their annual concert on Thursday, January 24 in the school auditorium, band director, J. D. Davis has announced.

This is the first time a concert with all three bands has been presented, Davis said. There will be approximately 170 students participating in the concert.

The concert will consist of marches, overtures, popular music and swing numbers. There will be a number of solos by various band members.

Money taken in at the concert will be used to buy new instruments for the bands.

Announcers for the program will be Florence Hummer and Jeanne Sutor. The committee for arrangements are Mike Wright, Jane Malone, Dixie Conley, Florence Hummer, Jeanne Sutor, Richard Wilson, Harriett Hale and Barbara Powell.

### No. 3 Continued from Front Page

Dalhart, at the end of the third quarter, the Rangers held a 22-24 lead.

High point man for Perryton was Fletcher with 18 points, and Pattison with 9 points.

In the girls game, the Wolverines took a 53-36 victory, with sharpshooting by forwards Jolly and Davis, along with stellar guard play outstanding for the winners. Betty Schnell made 24 points for the Rangerettes and other outstanding players were Icel Mae Bartel and Florence Hummer.

### That's Dangerous, Son

OGALLALA, Neb., (AP)—John Kildare of Ogallala made a dozen parachute jumps in World War Two combat without getting an injury worse than bruises and scratches.

The one day last week he stopped to pick up his small son, Russell, when he arrived home. He slipped and broke his left ankle.

### 'Occupation Orphans' Get City Care

VIENNA (AP)—Vienna is publicly caring for 2,083 "occupation orphans," fathered by Allied soldiers, the Austrian capital's city government announced in its annual report.

Babies said to have American fathers head the list. They total 953. Russian-fathered babies come second with 639. They are followed by the British with 332 and the French with 159 children.

The canal built in 1797 and connecting Lakes Superior and Huron, was destroyed by American forces during the War of 1812.

### Census Report Shows Larger Farms In County

The preliminary 1950 Census of Agriculture, received this week, shows that Ochiltree county farms have decreased in number, grown in size and value since the 1945 agriculture census.

There are 439 farms in the county now, and there were 494 farms five years ago. The average size was 1,138.1 acres.

The average value of the farms was \$34,122 in 1945 and by 1950 had grown to an average of \$97,613 per farm.

Most of the farms are 200 acres and over, but the 1950 census revealed two farms of 1 to 9 acres. There were three farms reporting irrigated land.

Of the 439 farms in the county, there were 355 reporting an annual income of \$10,000 or over in 1950, and of this number, 173 farms had an annual income of \$25,000 or over.

Less than half the farms in 1950 reported having any horses and mules, and there were only 790 horses in the county, compared with 837 in 1945, indicating a trend away from old Dobbin.

On the other hand, on these 439 farms there were 93 tractors, 97 trucks and 515 automobiles.

Of the 439 farms, there were 140 full owners, 176 part owners, 2 managers and 121 tenants. The proportion of tenant farmers in 1950 was 27.6 per cent, compared with 27.1 per cent in 1945.

### No. 4 Continued from Front Page

in 1951 figured in few accidents in this area, Shields said.

Defective vehicles likewise were responsible for few accidents, although Lipscomb county's only traffic fatality of the year was attributed to faulty steering mechanism of the automobile involved.

Of the four counties in the local patrol area, Hemphill county led the list in traffic accidents, Shields said. The Hemphill county accident record is not included in the other report since the sheriff's office there has investigated most of the accidents, Shields said.

### No. 5 Continued from Front Page

ground bumpers are equipped with four vertical guards.

The tail lights which appear to be integral parts of the rear fenders rather than "added-on" assemblies, give the effect of extending the sweep of the fenders and thus, a corresponding increase in body length.

Improved brakes have been designed with the adoption of floating rear shoes in all brakes. Other innovations include instrument panel push button starting on all models equipped with automatic drive, a new type of starter for the Commander, moisture-proof ignition systems and a boost in the ampere output of the generator.

The V-8 engine for the Commander and Land Cruiser remains the same, and the economical 6-cylinder engine of the Champion reflects no basic changes.

Pace car for the 1952 Studebaker line is the "Starliner," a five-passenger hardtop convertible, which Collingsworth hopes to have for display in the near future.

### Eager to Hunt Killers

KUALA LUMPUR, Malaya (AP)—When 100 men of the Home Guards were called for to help in the hunt for the killers of British High Commissioner Sir Henry Gurney, more than 400 volunteered, the Malay commander of the Home Guards reports.

"It was a hard job to weed them out," he said. "We couldn't just call on one village—the others would have been jealous. So we had to send the call out to several. Many guards had to go back home disappointed, but they are all on tiptoe in their own villages, longing to have a crack at the killers."

According to Navajo legend, a large sandstone formation in northwestern New Mexico called "Shiprock" was once really a ship in which ancestors of the Indians arrived in that country.

## LETTERS from READERS

Dear Van: Enclosed is a check for a renewal of my subscription to the Herald. Had hoped to be around to see you folks during Christmas holidays, but there is going to be an addition to our family sometime in February, so we decided to stay in Austin during the holidays. I'm hoping to come up around the first of February and will try to see you folks then.

Ty Cobb won 12 American League batting championships. Nine of them were in succession.

WHAT'S THAT YOU SAID!—Jack Campbell of Lubbock was an unquotable authority on how slippery sidewalks were in Lubbock following a freezing drizzle and sleet storm. Approximately half an inch of ice and sleet covered roads and sidewalks with the real advent of winter to the South Plains area. (UP)

'MAID OF COTTON' FINALISTS—The five finalists in the 1952 "Maid of Cotton" contest put on their best smiles before moving into the final round of judging in Memphis, Tenn., to see which lucky one will represent the cotton industry on a tour of this country and abroad. Left to right, they are: Catherine Bailey, Anniston, Ala.; Betty Goosmann, Bells, Tenn.; Lucianne Knight, Austin, Texas; Patricia Ann Mullarkey, Dallas, Texas, the winner of the contest, and Allyn Smith, Los Angeles, Calif. (UP) Wirephoto

## 'Gorilla Bride' Not Too Rough

"Bride of the Gorilla," which comes to the Pertex on Sunday-Tuesday, is not quite as gruesome as the title indicates. However, it is a film designed to please the horror addicts, since there are plenty of chills in it. Barbara Payton, Lon Chaney, Raymond Burr and Tom Conway are the stars.

The story concerns a tale of the jungle, when after killing his boss, the manager of a plantation in the Spanish American jungle marries the widow. An old native servant decides to mete out justice for the murder of her former employer, by putting a curse on the man.

This causes him to become a "Gorilla" and seek refuge in the jungle, changing him back to human form each morning. He is eventually caught and killed.

## World's Largest Piano

LONDON (AP)—What is described as the world's largest piano will be shown next May at the British Industries Fair.

The instrument weighs one ton and is 11 feet 8 inches long. Claimed to have exceptional quality and tone, the bass notes having great depth because the strings are twice as long as those of a normal piano.

## Bomb Kills Boy

IPOH, Malaya (AP)—A 2-inch mortar bomb which four children were playing with exploded and killed one while injuring the other three. The boy killed was Chinese.

Mr. and Mrs. Don Stephenson left for their home in Berkeley, Calif., Sunday, after a two weeks visit with relatives and friends.

## Darrouzett Man Killed Thursday In Farm Tragedy

Rudolph Sturtz, Darrouzett farmer, was killed Thursday afternoon, Jan. 3, at his home two miles west of Darrouzett when he became caught between the bed and cab of a truck he was repairing.

He was working on the truck alone in a barn about 300 feet from the house when the accident occurred at about 4:30 p. m. Mrs. Sturtz found the body crushed in an upright position where the truck bed had fallen on her husband, according to I. M. Roper, Lipscomb county deputy sheriff, who was summoned to the scene.

Mrs. Sturtz was unable to get her husband's body free from the truck, and had to go to the highway and get help from a highway department maintenance crew, who freed the body, Roper said.

Dr. Frank M. James was called from Darrouzett, but pronounced the man dead upon his arrival. Sturtz was 45 years of age. He is survived by his wife and two children.

## Hormone Spray Helps Lemons

RIVERSIDE, Calif. (AP)—The use of hormone sprays developed by University of California scientists may have increased the life of lemons after they have reached the storage house by as much as 50 per cent.

The effect, according to Dr. Louis C. Erickson, assistant plant physiologist, is to keep the stem end, or button, of the lemon alive and green and prevent internal changes which accompany aging of the fruit. Thus the lemons are less susceptible to certain rotting fungi.

## Ceramics Shipment Arrives

NEW YORK (AP)—The first of an extensive shipment of ceramics, the work of Japanese artists, is on display at the Pottery of All Nations Shop here.

The pieces are the work of ceramists Hammad and Narui. Their work is said to combine an almost crude technique with sudden precise attention to detail. The character of the clay available in Japan may account for some of the pitted and pebbly texture that other ceramists find it difficult to achieve.

"Women who wear evening gowns to bridge parties needn't worry about showing their hands."—Walter J. Bartozek.

"Russia does not want a war; they want us to spend ourselves to death."—Stanley C. Allyn.

"The best way for a husband to clinch an argument is to take her in his arms."—Ruth E. Renkel.

"Peace can never be assured by following the road of socialized weakness or communized centralization of power."—William H. Ruffin.

"The man who does nothing

but wait for his ship to come in has already missed the boat."—Eldon Pederson.

"There's a special fountain pen for Federal tax collectors; it writes under hot water."—Don McNeill.

"It is our No. 1 job to see that Big Government does not sell every American down the river on the excuse of trying to take good care of everybody."—William J. Grede, NAM president.

"Nowadays the jury is often locked up longer than the defendant."—Sig Fox.

"I have a firm conviction that more nervous women are created over the bridge table than over the wash tub."—Dr. Earl Schmitt, San Jose, Cal.

By 1735 there were five newspapers in Boston, a town of less than 20,000 population.

From where I sit... by Joe Marsh

## It's Slim's For An "Honest" Meal

Most people thought Slim Benson would probably go broke when he first started his system of letting customers figure out their own checks over at his big diner on the highway.

Slim trusts them to pay for as much as they eat—you simply tell Sally, his cashier, the amount of your bill. It works, too. Take the other day when Buck Harris told Sally his bill was 35c.

Now I was right there with Buck and I knew all he had was coffee and pie which comes to a quarter. "How come thirty-five

cents?" I asked Buck. "Had an extra cup of java the other day, Joe, and forgot all about it—'til now," he says.

From where I sit, most people are basically honest—and that goes for their opinions, too, even though they may be different than our own. I like a glass of beer with my dinner; you may prefer something else... but we all ought to be allowed to "figure it out" ourselves.

Joe Marsh

# "MY FAVORITE SPY"

With Bob Hope, Hedy Lamarr, Francis L. Sullivan

West of Gray

By Mrs. D. W. Springmeyer  
(Delayed from last week)

M. C. York of Wheeler arrived by bus Monday night to spend Christmas with his wife and children, who have spent some time in the J. D. McDonald home. They returned to Wheeler Tuesday evening.

Mrs. Waunita Lile and Jerome and Priscilla Lile of Freedom, Okla., came out Monday evening to spend Christmas with Mrs. Lile's parents, Mr. and Mrs. Dave Springmeyer and Clifford Miller.

Mr. and Mrs. Preston Miller and family enjoyed Christmas dinner in the Dave Springmeyer home.

Mr. and Mrs. Kenneth Jenkins and daughter of Darrouzett visited at the Miller Bantam farm this week and placed some orders.

Christmas carolers from the Bethel Baptist Church went caroling Monday night.

Clifford Miller, Mrs. Waunita Lile, Jerome and Priscilla visited in the homes of Mr. and Mrs. J. D. McDonald and Elvin and Mrs. Alice McDonald Tuesday evening.

Mr. and Mrs. Davie Sharp of Freedom, Okla., have returned from their Christmas trip at Pampa. They stopped at the Dave Springmeyer home Wednesday at noon and Mrs. Waunita Lile and Jerome and Priscilla returned home with them.

Mr. and Mrs. J. D. McDonald and Elvin, Mrs. Alice McDonald and Clifford Miller were in Beaver and Liberal, Friday.

The young people of the Bethel Baptist Church were entertained with a party Thursday night.

Mr. and Mrs. Cecil Watson and Sharon visited several days in Wichita Falls with Mrs. Watson's sister, Mrs. Edna Dillingham. Clifford Miller took care of Cecil's chores on the farm while they were away.

On Sunday, Mr. and Mrs. Dave Springmeyer and Clifford Miller visited Jerry Miller, who is in the Perryton Hospital with acute Bright's disease.

Leldon and Rayburn Williamson of Perryton visited this week in the home of Mr. and Mrs. Hubert Hood and family.

Dr. and Mrs. George F. Mayfield of Perryton visited Sunday evening with Mr. and Mrs. Dave Springmeyer and Clifford Miller.

**Christian Science**  
7th and Colgate

Public Cordially Invited

The importance of gaining right desire will be discussed in the Lesson-Sermon titled "Sacrament" to be read in all Churches of Christ, on Sunday, January 13.

The Golden Text is from Psalms (24:3, 4): "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands and a pure heart."

The spiritual meaning of the sacrament is pointed out in this citation from the Bible: "The cup of blessing which we bless, is it not the communion of the blood of Christ? The bread which we break, is it not the communion of the body of Christ?" (1 Corinthians 10:16)

From the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will be read this correlative citation: "The true sense is spiritually lost, if the sacrament is confined to the use of bread and wine. The disciples had eaten, yet Jesus prayed and gave them bread. This would have been foolish in a literal sense; but in its spiritual significance, it was natural and beautiful" (page 32).

Therapists Needed

HALIFAX, N. S. (AP)—More physical and occupational therapists are needed in Nova Scotia, said Dr. W. D. Tevenson, chief neurosurgeon of the Victoria Hospital, in an address here. He said the whole of Canada has to be supplied with trained therapists from McGill University and the University of Toronto.

WHAT STRENGTH IS HERE! Steam and electricity, heat and pressures; but also men at work! Power harnessed for a nation that feels its duty to help mankind. Millions of men at the front and millions more preparing to go. Millions of other men at home being saved by the cold wet soldier on the firing line. How much they depend on good materials we can send them! We are making the sinews of war. They are the warriors. We are partners together. Each serves the other and we win or lose together.

THE SOLDIER at the front may save our bodies from disaster but he cannot save our soul. God must do that. We cannot be men of truth and character if we let those fellows down. They are risking their lives in our military service. Let's gird ourselves for the task. Let's be brothers of the spirit with our fighting men wherever they may be.

OUR JOB is pleasant work compared with what our great armies are doing. Let's not complain. Let's pay our taxes with a smile. Let's honor the men who are dying for us. Let's nerve them to fight their best by not failing them on the home front. May the great industrial power of the Democratic nations of the earth together with the very best from every citizen, defeat the tyrants of greed and hate.

YOU IN THE CHURCH  
THE CHURCH IN YOU  
Character is a by-product of the church. It is here that young and old alike are showered with benediction that fortify and influence for a better citizenship and stronger democracy. In the church the ministerial molding religious character. Statesmen today determine the affairs of state in these perilous times. Then with our children should go to the church of our choice on Sunday. You in the Church and the Church in you form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

### January Is 'Hand Signal' Month In Texas

AUSTIN, Texas, Jan. 10—This is "hand signal month" in Texas and you, Mr. and Mrs. and Miss Automobile Driver, are urged to apply the "signs of life," not only in January but the rest of your days. In fact, you will be a law violator if you fail, but if you comply, you might save a life.

Traffic safety exponents are convinced that death and injury on streets and highways can be lowered greatly if motorists practice the "common courtesy of applying hand signals." That's why January has been designated as "hand signal month" in the Lone Star State.

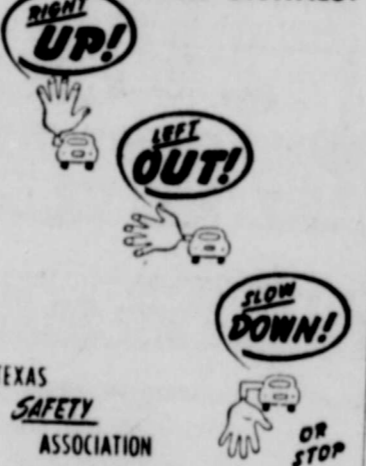

"Participation in this traffic safety educational program requires only minimum effort on the part of drivers," said A. W. Breeland of Dallas, President of the Texas Safety Association, Inc., which is sponsoring the campaign. "All a driver needs to do is learn, then apply the signals. It is easy if you remember the slogan: Right turn—hand up. Left turn—hand out. Slow or stop—hand down. A hand signal could be the means of averting a death dealing accident."

Breeland stated that need for courtesy in driving is accentuated by the fact that the traffic death list for Texas in 1951 will show in excess of 2,500 persons when final figures are compiled.

"That's an unprecedented highway death rate for our state," he said. "Traffic safety education is a fine thing, but we must have the cooperation of motorists if needless slaughter is to be averted. More drivers must practice the precepts of traffic safety education. Applying hand signals lends that opportunity. We remind drivers that failure to give hand signals is a violation of law. By obeying the law you might save a life—and that life could be your own."

The state-wide hand signal campaign was begun on January 3 when Governor Allan Shivers issued an official memorandum calling on all motorists to "learn proper hand signals and apply them as a means of lowering the death and injury toll on our streets and highways." The project, promoted by press and radio facilities of the State, is directed by J. O. Musick, General Manager of the Texas Safety Association, and Weidon Hart, formerly of Governor Shivers' press staff, both of Austin, and Bruce Cunningham of Dallas, representing the Dallas Civitan Club and the Citizens Traffic Commission of Dallas.

### GIVE PROPER HAND SIGNALS!

do, yet we are so close to our enemy.

I received so many nice Christmas cards from friends at home, it makes a fellow feel good to know that people are thinking of you. If I ever get back to Perryton again, I'll say hello to everyone. Ha, ha.

Signing off for now.  
Pfc. Charles (Merl) Cudd

### Ex-Record Breaker Pensioned

ROME (AP)—The man who gave Italy her only speed record for the North Atlantic crossing by ship is now retired on an \$11 a month pension.

This is the typical pension of some 20,000 Italian merchant seamen who sailed the seas for at least two decades before being retired.

Francesco Tarabotto, former captain of the "Rex" luxury liner, guided the "Rex" across the ocean in 1933 in four days 13 hours and 58 minutes—breaking the record held at that time by the German transatlantic liner, Bremen.

Face-setter for Studebaker's strikingly designed new 1952 models is the "Starliner," a five-passenger, hardtop convertible. It is offered in both the Champion and Commander lines, and is available in different two-tone color combinations. Upholstery trim includes two different and two leather options as extra-cost choices.

### Veterans Forum

Q. I got a GI home loan three years ago, when the top VA guarantee was \$4,000. I understand that a law passed since then has raised the maximum guarantee to \$7,500, and that I'm entitled to another GI home loan guarantee for \$3,500—the difference between the old and new guarantees. May I use this new GI loan to build an addition to my house?

A. No. Under the law, your new GI home loan may be used only to purchase or build another house, and not to improve your present one.

Q. I have just been discharged for wounds I received in Korea. Can you tell me what types of Government life insurance I may

be entitled to get?

A. Several types of policies are available to newly-discharged disabled veterans. They include term, ordinary life, 20-pay life, 30-pay life, and endowment plans. However, totally disabled veterans may not be issued endowment policies.

Q. I was disabled in a bus accident while traveling under orders from my draft board to an induction station. What's my deadline for applying for the new form of Government life insurance?

A. You must apply for the insurance within one year from the date you suffered your disability.

LIQUID OR TABLETS—SAME FAST RELIEF

Said plaintiff's petition was filed on the 29th day of November, 1951.

The file number of said suit being No. 1263.

The names of the parties in said suit are: BLANCHE E. CLACK as Plaintiff, and WELDON H. CLACK as Defendant.

The nature of said suit being substantially as follows: to wit: Suit for divorce and custody of children, plaintiff alleging she was lawfully married to defendant September 24, 1932, at Hollis, Oklahoma, and lived with defendant as his wife from said date until on or about August 22, 1951, since which time she has not cohabited with defendant as his wife. As the fruits of said marriage there was born three children, all of said children residing with plaintiff. Said children being aged 17 years, 15 years and 10 years respectively. Plaintiff alleges by reason of the improper and cruel conduct of defendant and his conduct toward her is of such a nature that their further living together as husband and wife is insupportable to her. That no Community Property was accumulated of said marriage other than personal effects of small value which the parties have partitioned between themselves and are in possession of the respective parties entitled thereto. Reference is made to the original petition filed in this court and

the same made a part of this citation for all purposes.

Issued this the 28th day of December, 1951.

Sue Ragan, Clerk  
District Court, Ochiltree County, Texas.

### IN THE SERVICE

Dec. 26, 1951  
North Korea  
(Kumhwa)

Hello, folks:  
Just a few lines to let you know that one of the home town boys is still kicking. Yesterday was Christmas here in Korea and I do mean a white Christmas. It has snowed for twenty-four hours and these big snow flakes pile up fast.

We had a nice Christmas dinner. About as good as you would expect under the present conditions. Of course, up here you won't find any of the luxuries of home. Generally speaking, Uncle Sam tried to give us fellows a good Christmas.

In yesterday's mail I got some packages and the Ochiltree Herald. Of course the paper was almost a month old, but it was still news to me. I believe it is the issue printed on Thanksgiving. It took a long time for the papers to catch up with me.

I've been in Korea over four months now and have seen both good and bad sides of the Korean people. I have learned a great deal about the Koreans through a Korean boy that washes our clothes.

It looks like we are pinned down now for the winter. We have our winter clothing and supplies for the three months of winter that are still ahead of us. You folks at home know more about the peace talks than we

## Your Turn to Speak

There are only three weeks left before the deadline for poll tax payments, the prerequisite for voting in a year that may see the most important elections in this nation's history.

This is the year when Texans will vote on the President, vice president, a U. S. senator, state and county officers. The citizen who doesn't arm himself to vote is showing little regard for the crisis which his nation faces, and little appreciation of the rights which so many persons are fighting so bitterly to preserve.

An organized effort is being made by the Jaycees, American Legion and other civic groups to get the poll taxes paid in Ochiltree county. Poll tax payments are lagging, and the next three weeks will have to see a moderate rush to the tax collector's office if this county is to have an adequate voice in determining state and national officers.

The poll tax is \$1.75. Is the right to say who shall govern you worth \$1.75?

## Tree-Growing Opportunity

RALEIGH, N. C.—Any North Carolina 4-H Club member who

wants to make some extra money by growing trees will have a real opportunity to get into the business this winter.

Two pulp and paper companies have agreed to give 1,250,000 pine seedlings, all for free, to club members provided they have a suitable place to plant the trees. John E. Ford, assistant forester for the North Carolina State College Extension Service, says any 4-H Club member will be allowed up to 5,000 seedlings.

Mr. and Mrs. Clyde Cofer and Mr. and Mrs. C. A. Cofer and children of Greensboro, N. Carolina spent New Year's day in the home of Mrs. Cofer's niece and family, Mr. and Mrs. Geo. Lynch of Amarillo.

U. S. CHOICE STEAKS — FINE SEA FOODS

## From the SIDELINE with HAROLD HUDSON

Although we live just a block south of Judge Jack Allen, the official weather man, we have one of those Equity rain gauges installed in our back yard which we check now and then to see if the government apparatus agrees with our measurement. Anyway, we don't check our gauge very often, but last week after the snow we went out to see how much moisture had fallen.

What we found in the rain gauge was about a quarter inch of sand, a couple of little pebbles, a few assorted bugs, part of a cobweb, and around a half inch of water. This leads us to believe that we may be over optimistic in saying that the snow brought a half inch of moisture, since we have no way of separating the debris, squeezing out the sand, etc. So we will go along with Judge Allen's measurement, which showed the moisture to be .33 inch.

We learn from the Hemphill County News at Canadian why the Amarillo newspapers have been fouled up on their local deliveries since the merger recently. According to the News, Canadian postmaster Carl Zybacz wrote the Amarillo paper as a subscriber, saying that the service was poor in Canadian. He got a letter right back explaining the trouble. The papers were getting into Canadian on time, they wrote, the trouble was at the city post office.

The most amusingly amazing news story of the year broke toward the end of 1951 from fabulous Florida—how 8,000 winter visitors at Miami Beach were paying \$35 a day for rooms, \$2 for hamburgers, \$25 for medicine night clubs, 75 cents for a cup of coffee and still had sensitivity left in their epidermis to be stung by jellyfish while swimming.

The government continues to keep us supplied with interesting news items, such as one recently about the money saved last year by following suggestions submitted by civilian and military employees. Payments are made for money-saving suggestions, and we suppose most of the suggestions are worth it. However, one guy got \$10 for suggesting

## THE AMERICAN WAY

Jack Spratt could eat no fat. His wife could eat no lean. And so, betwixt them both, you see They licked the platter clean!

that a hole in the road be filled on an air base where he worked.

If they pay money for this kind of suggestion, we're in the wrong racket. Drawing upon our experience with the military, we could clean up by suggesting money saving ideas such as requiring field grade officers to ride in jeeps instead of sedans; that mess sergeants be required to eat their own cooking instead of steaks after mess hours; that a mop works just as well as a GI scrub brush or toothbrush in scouring barracks floors.

Speaking of interesting news items, you can always depend upon Hollywood for some dandy's, too. For instance, this week we found out that Alexis Smith spent several hours in the Universal-International wardrobe department recently being fitted for a pair of asbestos panties. There are several comments we could make about this, but for the sake of decency, I'll refrain.

In looking over our exchange newspapers this week, we find numerous instances where the public relations head of the Santa Fe Railway has mailed out Christmas gifts to newspapers of a miniature diesel locomotive, which plays "Atchison, Topeka and Santa Fe" when the gadget is wound with a key. Needless to say, the Herald did not receive such a present, since Perryton is not on a main Santa Fe line, but a branch line where we feel fortunate to get boxcars at harvest time, let alone a Christmas present.

We hadn't realized quite how regulated American business is until we received this following cheerful note from the Wage Stabilization Board, regarding Christmas bonuses and time off during holidays. The board says: "Employers can pay a \$40 cash bonus, or the equivalent in gifts, without charging that bonus against the other limited increases permissible under wage stabilization rules."

"Employers who have given bonuses previously of less than \$40 can by this Wage Board ruling give as much as \$40; employers who have given bonuses of higher amounts can continue to give like sums in the same manner as before. Just to make sure that bonuses are kept in the right column on the payroll ledger the Board does insist that the total of all bonuses given during the year, including the Christ-

mas bonus, shall not exceed 25 per cent of the total wage of any one employee and special approval is required to break this ruling.

"And as if to take care of some time to spend that bonus, the Wage Board followed its initial action by ruling that the boss could give his employees the day off just before Christmas and/or the day off just before New Year's Day, both of which fall on Mondays during the holiday season. Having made both of these rulings on Santa Claus, and because it is distinctly not stabilizing, the Wage Stabilization Board then said, "Merry Christmas."

And for your information, the latest word is that Perryton has now lost any exemption from the Wage and Hour Law because the 1950 census shows us to be over 2,500 population. Employers in businesses covered by this law must pay employees at least 75 cents an hour and at least time and a half after 40 hours a week. As best we can learn, this change does not apply to very many local business concerns, however.

St. Malo was the home port of many French privateers in the 18th Century.

## Wolf Creek Philosopher Tax Collector's Illness Puzzling

(Ed. note: The Wolf Creek Philosopher gets off into medical science this week, which he knows as much about as farming, if that means anything.)

Dear editor: With another year already started and nothing we can do about it, I was out here yesterday wondering what the next twelve months will bring forth, especially in a business way, and I noticed the wind roll in a newspaper along over my pasture toward the barn and I was hopin it would blow inside so I could go out there later in the day and pick it up and I did and last night after supper I sat down to see what's goin on in the outer world and had just got through readin the comics when I began checkin up on the health of some more tax collectors.

I tell you, flu is bad around here but it must not be anything compared to what them Federal tax collectors have.

Why I know lots of people who've gotten sick in their time, a bank president who was laid up in the hospital several weeks a preacher who was out of his pulpit three months, a doctor who had to go to the hospital a month, lots of business men who have to stay at home a week or two, farmers who have to lay around the house when they'd like to be plowin or milkin the cows, but I have never seen any of em react like a tax collector. Resignin from their work is the last thing all my acquaintances want to do, in fact, they can't get back to their jobs fast enough to suit em, but you take a tax collector, he gets sick and the last thing he wants to hear about is his job. Just mention it and he seems to take a turn for the worse.

I tell you, medical science has a long way to go just in doin something about the common cold and the walking flu, but I doubt if I'll ever get around to a cure for Tax Collector's Sickness.

As I understand it, the disease is peculiar, it strikes without warnin. You can be healthy, robust, almost domineerin today, but something comes up at the office and tomorrow you're flat of your back, can't answer questions, have great difficulty rememberin facts, and seem to lean more heavily on lawyers than doctors. You seem to go on the feelin if you can just get away for a while everything will blow over.

Personally, I never have cared much for work, but I've never had to get sick to quit, and I blame sure haven't quit to get

sick. When the average man gets sick, for example, it's frequently because he's been tryin to do too much, but with tax collectors it's the other way around, they haven't been collectin enough, or they been collectin in the wrong place, although personally I've always felt that they've collected enough from me. But the main oddity about Tax Collector's Sickness is that nobody dies from it and while it burns out the individual collector for continued work in that line, somebody else always turns up to take his place. The government doesn't let the torch go out. Yours faithfully, J. A.

## Dances Arthritis Away

LOS ANGELES (AP)—Mrs. Nellie Anderson, 84, took up ballet dancing a year ago to seek relief from arthritis.

"It worked, too," she says. "I haven't been back to my doctor since." The gray-haired mother of four married daughters said that before she turned to ballet she had spent six months in a wheel-chair and doctors "had all but given me up as a hopeless invalid."

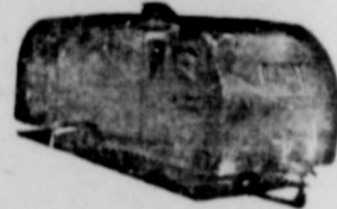

Afraid the arthritis would spread from her legs to other parts of her body, she joined a mother and daughter ballet class and does many of the intricate sequences of the art. Her instructor, Madame Kathryn Etienne, says Mrs. Anderson performs right along with women 40 to 50 years her junior, but "I still won't let her toe dance."

"We recommend Conoco Super to our customers"—Buick Dealer J. B. Hayes, Hobbs, New Mexico. "I use Conoco Super in my demonstrators," reports Walter James, Buick Dealer, Fairview, Oklahoma. "'50,000 Miles—No Wear' is more than a phrase"—D. W. Flint, Ford Dealer, Arvada, Colorado. "Cars using Conoco Super show less wear"—C. W. Smith, Chrysler-Plymouth Dealer, Miles City, Montana.

New Car Dealers say:

"I got the story on

## '50,000 Miles—No Wear'

and changed to New Conoco Super Motor Oil"

"For top performance use Conoco Super"—P. Dobson, Kaiser-Frazer, Alliance, Nebr. "Best oil we ever used"—G. M. James, Mgr., Metro Motors, Ford Distributor, Murray, Utah. "We back Conoco Super with a 60,000-mile new-car guarantee"—E. B. Baxter, Cedar Rapids. "I recommend Conoco Super to new car buyers"—G. B. Cook, Chevrolet Dealer, Newark, Ill.

"50,000 Miles—No Wear!" Proved Here—

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Amazing proof: factory finishing marks were still visible on piston rings.

AND gasoline mileage for the last 5,000 miles was actually 99.77%, as good as for the first 5,000! Proof that Conoco Super, with its OIL-PLATING, can make your car last longer, perform better, use less gasoline and oil.

Perryton, Texas

**Perryton at Work . . .**

**FURNITURE MAN**—C. F. Jones of the Perryton Furniture Co. has been selling furniture in Perryton for 32 years and still gets enthused about his job. He came to Perryton from Delta, Colo., in 1920 and worked for the Plainview Hardware and Furniture Co., until the firm changed to the Perryton Furniture Co. He has spent his 32 years at the same location, however, he is a native of Cordell, Okla., and worked in a hardware store and lumber yard before getting into the furniture store.

**OBSERVE THE INTERIOR**—Says Ed Daugherty, right, to prospective customer Fred Stabel of Booker. Stabel was one of the visitors at the formal opening of the Daugherty Motor Co. on Friday and Saturday when the 1952 Plymouth was shown for the first time. The Daugherty Co. is also the Dodge agency for Perryton.

**Hot News While Students Eat**

WACO, Texas (AP)—Baylor University students read the day's news hot off the wires of Associated Press when they come to lunch in Baylor's Union Building cafeteria.

Journalism students, who subscribe to AP wire service for laboratory use in their classes and for publication in the Daily Lariat, also sponsor a three by four fast bulletin board in the Union building—just across the hall from the cafeteria.

They pick the top news of the day from the thousands of words coming in on their teletype. Students in Prof. William J. Thomas' editing class write headlines on the stories, and a specially appointed committee races the fresh news from journalism building to the Union for immediate posting.

It is one of the most crowded halls of the campus, as students crane their necks to see if Larry Isbell made another All-American Team, if peace moves are progressing in Korea, or whether the sun will shine tomorrow.

The 48-inch photo-telescope at the California Institute of Technology, now making a "sky survey," will have done in 4 years what it would take a large reflecting telescope 5,000 years to accomplish.

The brightly colored velvet ants in California are found mostly in desert areas.

The frankfurter was originally a link sausage of a type made chiefly in Frankfurt, Germany.

**Stop Taking Harsh Drugs for Constipation**

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing. When you occasionally feel constipated, get relief but *save* relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine. Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Try the new 25¢ size! Money back if not satisfied! Mail bottle to Box 280, N.Y. 18, N. Y.

Contained in pleasant-tasting Syrup Pepin

**THE TEXAS POLL  
Texans Give Taft Surprising Support Against Truman**

AUSTIN, Texas—Senator Robert A. Taft has just announced that next March he will bring to the Southwest his campaign for the Republican presidential nomination. He will undoubtedly concentrate on Texas, whose twenty-eight electoral votes make it the South's richest political plum.

What sort of reception can the staunch Ohio Republican expect in this, as Democratic a state as there is in the entire nation?

As results of a Texas Poll published last Sunday revealed, Taft is not as popular in the state as other Republican aspirants. But if it comes to a race between Taft and Truman, the Senator does surprisingly well.

The latest survey in fact shows that at present Taft matches the President with equal strength.

Here are the results of a series of "trial heats" between President Truman and Senator Taft. The Texas Poll has pitted the two men on four separate surveys during 1951. In each survey a representative cross section of the voting public was asked:

"Suppose the Republicans name Senator Robert A. Taft as their candidate for President in 1952, and the Democrats nominate Truman again, for whom would you vote?"

The answers of voters interviewed on the four surveys are compared below:

	May	July	Sept.	Dec.
For Truman	33%	45%	50%	41%
For Taft	38	40	32	41
Undecided	29	15	18	18
	100%	100%	100%	100%

Early in 1951, note above, Taft ranked above Truman, but that situation did not last long. By September Truman was well a-

head of the Senator. The most recent measurement, however, again changes the situation radically: although the President still shows substantial strength in such a hypothetical race, Taft shows just as much strength—and the 41 per cent he now has is the highest figure he reached during the year.

The statement that Taft is not a very "popular" man in Texas is based on a recent Texas Poll in which voters were asked to name their choice for president, without mentioning political parties. General Dwight E. Eisenhower led with 26 per cent, followed by Truman with 21 per cent, General Douglas MacArthur with 6 per cent, Taft with 4 per cent, Earl Warren with 2 per cent, and Harold Stassen 1 per cent. No other person received as much as 1 per cent.

Yet, when paired against Truman, Taft does very well.

The significance of the results then, appears to be that many Texas Democrats, at least now, want to vote against Harry Truman—even to the extent of voting for "Mr. Republican" himself, Robert A. Taft.

**Deflation**

LAKEWOOD, Colo. (AP)—A lot of Lakewood football fans felt deflated after their high school team's game with Littleton, even though Lakewood won, 14 to 7. The fans, heading for home, found someone had let the air out of their tires—160 tires, to be exact.

The power of a radio station is measured largely in watts or kilowatts, delivered to the antenna from the tubes of the transmitter.

**Private Car Is Now Texan's Fishing Cabin**

ROARING SPRINGS, Tex. (AP)—A private railroad car built for one of the Burnetts of the famed 6666 ranch of West Texas has ended its luxurious life to become a fishing cabin.

It's sitting now on heavy timbers by the railroad tracks at Roaring Springs.

S. J. Braselton of Roaring

Springs bought it for \$1,000. Back in 1917 it cost \$30,000 to build.

In 1920 the Burnetts sold the car to Sam Lazarus, then president of the Quanah, Acme and Pacific railway. Then Charles Sommers acquired the car when he became president of the line. Sommers resigned as president only a few weeks ago.

There are 80,000 pounds of steel in the 70-foot-long coach. Braselton got with it the furniture, air conditioners, bedding, silver, linen, glassware and dishes. The car provides sleeping quarters for ten, has a large dining room, a club room and a fully-equipped kitchen.

Braselton plans to move this ghost of former splendor to a site in the mountains or near a Texas fishing lake.

But the World War II veteran also smiled and added that in the event of a rift in his home life, he'll have a "dog house with a carpet".

Mr. and Mrs. Dean McCutcheon and Bob returned Friday night from a visit with relatives in Kentucky and Tennessee.

Mr. and Mrs. Byron Tevis have chosen the name Troy McCalmont for their son born January 2 at Perryton Hospital.

## Mr. and Mrs. L. L. Swink Mark Golden Wedding Anniversary

Mr. and Mrs. L. L. Swink, who have lived most of their married life in the Panhandle, celebrated their Golden Wedding anniversary Christmas day. They were married December 11, 1901 at Illinois Bend, Texas.

Mr. Swink was born in Olathe, Alabama and came to Texas in 1892. Mrs. Swink, the former Miss Leona Morrison, was born in Booneville, Arkansas and came to Texas with her father in 1892.

After their marriage Mr. and Mrs. Swink lived in Illinois Bend two years. In 1903 they moved to the Indian Territory where they lived until 1908 when they moved to Wheeler county, locating 4 miles southwest of Mobeetie. On March 18, 1915 they moved to Old Ochiltree, and on April 4, 1915 bought land and settled in the southwest part of the county in the Cedar Bluff Community living there for thirty-one years. Their present home is three miles southwest of Perryton.

Mr. Swink is engaged in farming and ranching.

Eight children were born to the couple. They are J. G. Swink of Mineral Wells; Nettie Swink, deceased; A. L. Swink of Perryton; Christine Sollock of Kress; H. J. Swink of Liberal; Norman Swink of Perryton; Thomas Swink of Perryton and Mary Belle Swink of Perryton. They have fifteen grandchildren and one great-grandchild.

Five of their children, ten grandchildren and their great-grandchild were present to help celebrate the occasion.

## Deborah Circle Meets In Morgan Home

The Deborah Circle of the Baptist Women's Missionary Society met in the home of Mrs. E. B. Morgan, Jan. 3, for a Stewardship program.

Julia Hawkins was in charge of the following program:

Devotional, "The Scope of Stewardship" by Mrs. Hawkins; "Stewardship of Example" by Mrs. Floyd Coffin; "Stewardship of Love" by Mrs. Kenneth McLain; "Stewardship of Opportunity" by Mrs. J. S. Slaughter; "Stewardship of Money" by Mrs. Walter Gilchrist and "Power for the Task" by Mrs. Don Shockley.

The hostess served refreshments to those on the program and Mesdames Jack Shields, J. M. Grigsby, J. D. Copeland and a visitor, Mrs. N. G. Nelson.

## Mrs. McLain Is Hostess to Class

The Euzelian Class of the First Baptist Church met Friday afternoon, January 4, in the home of Mrs. Kenneth McLain with Mrs. Roy Stollings assisting as hostess.

Members present were Mesdames Floyd Coffin, E. H. Fike, Harry Reimer, Jim Latham, Ruby Clark, Rachel Gilchrist, C. F. Burns, J. P. Bostick, Robert Johnson, Max McLarty, Roscoe Nelson, G. W. Wright and the hostesses.

## Mrs. Leatherman Entertains Club

Mrs. Roy Leatherman entertained the U-Deal-Em bridge club Tuesday afternoon in her home at Gray, Oklahoma.

Mrs. Robert Holland was a guest of the club.

Mrs. Clyde Ragsdale held high score for the afternoon and Mrs. Skippy Redenius held second high.

Members present were Mrs. Don Eudy, Mrs. Elton Symons, Mrs. Bill Carpenter, Mrs. J. J. Keim, Mrs. Weldon Bull, Mrs. Redenius and Mrs. Ragsdale.

## Miss Lawrence Honored at Dinner

Mrs. Mae Belle Lawrence, 410 S. W. 5th Ave., entertained at dinner, Dec. 29, honoring her daughter Bettie, who was home from Hardin-Simmons University for the Christmas holidays.

Places were laid for Misses Gail Littleton, Janette Waugh, Josephine Foote, Fae Marie Beck, Max Sultor, R. E. Waide, Jimmie Witt, Ed Melvin, Bill Melvin, the honoree and the hostess.

## Jollyette Club Meets Jan. 7

The Jollyette 4-H Club met in the home of Betty and Marilyn Witt, January 7, at 4 o'clock.

During the meeting the girls discussed the kinds of dresses they will model in the 4-H dress revue which will be held in April.

Refreshments were served to Charlene Selby, Ruthie Pshigoda, Earlene Schwalk, Allehe Wagner, Joyce Pearson, Dixie McGarraugh, Brenda Rickard, a new member and to leaders Mrs. Virle Faries and Mrs. Mary Watson Jones.

Joyce Pearson will be hostess for the next meeting which will be on Jan. 21 at the club center.

## C.W.F. Groups Meet Jan. 3

Three groups of the Christian Women's Fellowship of the First Christian Church met January 3.

The study theme for January is "Under the Southern Cross."

Group 1 met at the church for an all day meeting.

Mrs. T. B. Morris was hostess for the day.

A covered dish luncheon was served at noon.

A comfort for the emergency closet was made by the group. J. W. McKinney was a guest and led the devotional.

Mrs. Lewis Isley led the program on "Latin America."

Mrs. Lewis Isley led the program on "Latin America."

Others present were Mrs. Claude Allen, Mrs. Nellie Cone, Mrs. W. J. Miller, Mrs. Paul Corbin, Mrs. J. W. McKinney, Mrs. Joe Schollenberger and Mrs. J. W. Brown.

Group 2 met in the home of Mrs. Lloyd Phillips, 1009 S. Colgate.

Mrs. C. E. Presnall, chairman, presided for the business meeting.

The devotional was given by Mrs. Terry Yates.

Mrs. Martin Duke led the program on "Latin America." Assisting on the program were Mrs. Ernest Gyger, Mrs. Sam Justice and Mrs. Alva Cone.

Others present were Mrs. O. O. Cox and Mrs. A. R. Turner.

Group 3 met in the home of Mrs. Bernard Bryan. Mrs. Bryan is group leader and presided during the business meeting.

Mrs. Rex Clark led the devotional on "Ready Like Peter and Paul."

The program subject was "I Know a Little More." Mrs. Billy Combs led the program. Assisting her were Mrs. Andrew Millidge and Mrs. Alfred Pittman.

Others present were Mrs. Hazel Britton and Mrs. W. W. Anderson.

## Entertains With Birthday Dinner

Mr. and Mrs. Ross Leatherman were hosts at dinner, Sunday, honoring Mrs. Anola Cook on her birthday. Mrs. Cook is Mrs. Leatherman's mother.

Places were laid for the honoree and Mr. and Mrs. George Leatherman, Gaynelle Leatherman, Penny Price and the host and hostess.

MRS. WILLIAM M. TANDY

## Nancy Roberts, William Tandy Repeat Vows

Mr. and Mrs. William M. Tandy are at home at 1509 S. Eton street.

They were married December 21, at Clayton, N. Mexico. Rev. Paul Hivery, pastor of the Methodist Church officiated for the exchange of vows.

The bride, the former Miss Nancy Roberts, is the daughter of Mr. and Mrs. J. O. Roberts of Rotan. Mr. Tandy is the nephew

of Mr. and Mrs. W. B. LaMaster. For her wedding the bride chose a navy blue suit with gray accessories.

Mrs. Tandy is a teacher in Perryton junior high school. Mr. Tandy farms for W. B. LaMaster.

## Troop 7 Elects Officers Monday

Girl Scout troop 7 held their regular meeting in the Scout room of the First Christian Church, January 7.

Officers were elected as follows: president, Louise Dragoun; vice president, Beverly Turner; patrol 1, Barbara Ferguson; patrol 2, Billie Black; secretary, Joylynn Lovett; reporter, Nancy Martin.

Those present were Barbara Ferguson, Beverly Turner, Billie Black, Louise Dragoun, Nancy Martin, Joylynn Lovett and Mrs. J. H. Woodward, leader.

## "Yeast Breads" Is Study Topic

"Because yeast bacteria are easily killed by heat, one must be careful about the temperature of the liquids, the room and the oven, when making yeast breads," stated Mrs. Mary Watson Jones, agent, at the regular meeting of the Waka Home Demonstration club, held Wednesday afternoon, Jan. 2, in the home of Mrs. Junior Dunnahoo.

Mrs. Jones gave an interesting demonstration on whole wheat rolls, using whole wheat flour for half of the required flour and using a little more leavening than for rolls made from all white flour. She suggested to club members, that they make use of farm products such as butter, milk and eggs to produce a better tasting and a more nourishing food. Milk and eggs tend to make a smoother dough. For crusty dinner rolls leave a space the size of the roll between them. For a very pleasing appearance, vary the size and shape of your rolls. There are crescents, fan tan, clover, lucky clover, twists, parker house and many others.

During the business meeting club members voted to have co-hostesses this coming year. The previous hostess will be responsible for caring for the children thus leaving the hostess to better fulfill her hostess duties. It was suggested that each mother see that her child bring some favorite toy to play with. Club members will serve alphabetically, as hostess, for the year.

Mrs. Allan Dennison, club president, announced her commitments for 1952 at this meeting.

Hot rolls, butter, jelly and hot coffee were served to the following club members, Mrs. H. N. Elledge, Mrs. C. J. Frantz, Jr., Mrs. LeRoy Reeves, Mrs. Allan Dennison, Mrs. B. J. Turner, Mrs. Alvin Klotz, Mrs. Jack Hendrix, Mrs. Carl Scroggs, Mrs. J. R. Stump, Mrs. Marvin Groves, Mrs. Jones and the hostess.

The next club meeting will be January 16 in the home of Mrs. H. N. Elledge. Club members are urged to attend and visitors are always welcome.

## Jennie June Club Holds Meeting In Harvester Room

Members of the Jennie June club held their January meeting in the Harvester Room of Hotel Perryton, Wednesday afternoon. Mrs. Edwin Malaney and Mrs. Sidney Jines were hostesses. Roll call was answered with "How I Solved a Decorating Problem" or "Why Don't They Invent—?" Mrs. Clarence Lewis was program leader. Mrs. Jack M. Allen spoke on "Table, Picture and Lamp Arrangement." Mrs. Woodrow Brillhart discussed "Furniture Arrangement." Those present were Mesdames Jack M. Allen, Woodrow Brillhart, Clair Brillhart, Warren Cudd, Gene Cudd, Knute Dowers, Fred Huebner, Kenneth Hocking, Bob Holt, Harold Hudson, Sidney Jines, Gene Lawrence, Cecil Leicht, Johnnie Luthi, Jim Palmer, Clarence Lewis, Charles Price, Clyde Ragdale, Roger Tandy, Cecil Tevis and Mrs. Edwin Malaney.

The National Geographic Society says the hot dog is generally believed to be the invention of a New York Polo Grounds concessionaire about 1900.

Within certain limits, the higher or longer the radio station antenna, the higher the efficiency.

## Dinner Honors Mrs. Fred Huston

Mrs. Fred Huston was honored at a surprise birthday dinner, Monday evening, in the home of her son and daughter-in-law, Mr. and Mrs. John Huston. Places were laid for Mr. and Mrs. Fred Huston, Mr. and Mrs. James Slough and family, the hosts and their children.

## Danna Kay Archer Is Party Honoree

Danna Kay, daughter of Mr. and Mrs. Dan Archer, 317 S. W. 5th Ave., celebrated her fourth birthday, January 5, with a party at her home.

Mrs. Wilford Lance made moving pictures during the afternoon.

After games had been played and the attractive packages opened, individual cakes iced in pastel pink and green and ice cream were served to Sherry Slack, Johnny Davis, Sandra Allen, Janette Cudd, Scott and Sally Sanford, Jackie Bell, Joe LaMaster, Lynn Williams and Danna Kay.

Adults present were Mrs. Lance and Mrs. Babe Williams.

Utah was originally called "Deseret," a name used in the Book of Mormon, meaning "honey bee."

The first canal connecting Lakes Superior and Huron was built in 1797 by the Northwest Fur Co.

Utah was named for the Ute tribe of Indians.

JO COPELAND... White taffeta shantung evening gown in the important ankle length has strapless bodice and apron front skirt, lavishly embroidered in pearls and rhinestones. The strapless bodice remains important for 1952, and most evening gowns are ankle length.

JANE DERBY... This designer, who won the American Fashion Critics Award in 1951, designs a fabulous ball gown in the grand manner, made of tiers upon tiers of imported white Florentine lace, over layers of net, in a dramatically full, sweeping skirt. Flattering bodice also is lace.

## Town Meetings With Congressmen Prove Popular

FORT WORTH (AP)—Texans are getting down to a town meeting level with their congressmen. The panel included representatives Ken Regan, Midland; O. C. Fisher, San Angelo; Wingate Lucas, Grapevine; Frank Ikard, Wichita Falls; Olin Teague, College Station; Omar Burleson, Abilene; Walter Rogers, Pampa; and Bob Poage, Waco.

For many in the room it was their first view of a congressman. They fingered portable microphones awkwardly, cleared their throats often. But their questions were to the point: "What do you think of the Brannan Plan?" a tall voter asked Rep. Bob Poage of Waco.

Poage, sitting at the table, grabbed for the microphone and said quickly, "personally, I'm not for the Brannan Plan."

"Does the plan smack of socialism?" "I don't mind putting my brand on it. Yes, of course I think the Brannan Plan is socialist in nature."

That was the tone of the meeting billed as the first Texas Congressional Forum.

Ed Gossett, an ex-congressman himself, was the first speaker. He outlined the purpose of the forum and called it "an experiment in democracy."

In two hours the audience asked about 50 questions dealing with a wide variety of governmental problems. The reaction of the crowd seemed favorable and comment on the forum experiment was that it should be repeated.

The Dallas Morning News said editorially the forum "looks like one of the happiest ideas in a long time."

The newspaper said Washington is a long way from home and the members of Congress have had little "time out" in recent years for visiting the home folks. It sees the congressional forum as a new method of correcting that situation.

Competition for the floor was keen as young Junior Chamber of Commerce members offered microphones to eager questioners.

No question went unanswered. The moderator offered to spare the legislators at several points so it wouldn't be necessary for them to answer a question like, "Do you think congressmen should get a raise in pay?"

But the congressmen took over to say "Yes"—emphatically. Credit for the organization of the first Texas Congressional

## No Credit For Beer

SINGAPORE (AP)—A man who went on trial here for attempted murder or who wouldn't pay for extra bottles of beer on credit but for more. This provision is so much he is hitting the streets, arms and face. The ed four years ago finally caught up.

## 'Uncle Sam' Goes Home

BROWNSVILLE, Tex. (AP)—Uncle Sam is going back home to Oslo, Norway, for the first time in 51 years.

This Uncle Sam is Sam Nannmann, custodian of the Cameron County Courthouse for the past 13 years, and he'll be wearing high-heeled boots and a 10-gallon hat like a true Texan when this son of Norway steps off the plane in Oslo.

After working three years in South Africa Sam got excited about the United States and set sail in 1903. The ship was wrecked in a Gulf storm and Sam was washed ashore at Mobile, Ala. He later went to Texas and helped in the construction of Rice Institute and the Houston Chronicle Building and also the courthouse of which he is custodian. Officials were somewhat surprised when Sam asked for a leave to go back home. He had never taken a day off in 13 years.

## Checking On Cupid

ROME (AP)—Italy's new census, now being tabulated, is expected to show whether Rome's marriage rate is still below that of Paris, Berlin and London.

In the past, Cupid's aim here just hasn't been as good as in the other major European capitals. Rome's average of marriages per 1,000 has been 6 to 7 since the start of the first World War. In 1918 it hit a low of 3 per 1,000.

The census Bureau says in the same period London has averaged 9 to 10 per 1,000, Paris 9 to 11 and Berlin 10 to 13.

### Roughage for Cattle Short For Ranchers

COLLEGE STATION — Texas livestock men are searching far and wide for roughages to feed their cattle this winter. They have been importing hay from the Midwest since last July.

This search has uncovered several emergency roughage materials. Some of these are low in quality but may be used if fed with other roughages of higher quality and a protein supplement such as cottonseed meal.

John H. Jones, animal husbandman with the Texas Agricultural Experiment Station, reports that corn-cob-and-shuck meal, ground peanut hulls, dehydrated green cotton stalks and gin trash are some of the emergency roughages now being fed.

The gin trash being used is free of dirt and consists of cotton burs, leaf trash, small amounts of immature seed and lint. Samples of gin trash have shown from 8 to 12 percent crude protein.

"Most of the corn cobs and shucks in Central Texas have been ground into meal for roughage," says Jones. "Although this feed has a low protein content, it has more fattening value than most of the other emergency roughages. It makes a good bulky kind of feed, suitable as a carrier for cottonseed meal."

Ground peanut hulls are low in protein and very high in crude fiber. Grinding improves the hulls for feeding, and they may be used as part of the filler for cattle. A commonly used mixture consists of 40 percent ground peanut hulls, 40 percent cottonseed hulls and 20 percent cottonseed meal.

One of the most promising emergency roughages is dehydrated green cotton stalks. The preparation of this material resulted from a scarcity of alfalfa for dehydration and the urgent need for feed. Green, leafy cotton stalks were available, and Joe Varisco of College Station was able to prepare a small tonnage of dehydrated cotton stalk material before frost.

Analysis of a sample of the dehydrated cotton stalks at the State Chemist's Laboratory showed a crude protein content of 10.35 percent and a nitrogen-free extract content of 45.66 percent. The material has good quality, color and smell.

Varisco gave several sacks of the dehydrated stalks to the Ex-

AT FORMAL OPENING—Joe Karber of Perryton registers at the formal opening of the Daugherty Motor Co., new Dodge-Plymouth dealers, while Mrs. Ed Daugherty, wife of the owner, pours him some coffee. Open house was held Friday and Saturday and the new 1952 Plymouth was displayed.

### Pony Riding Children Follow Straight Path

By Wayne Harbert

COURTLAND, Calif.—If boys and girls will follow the path of a pony, says Paul V. Amick, Sr., they will never get on a wrong path.

Amick should know; he has 140 ponies attracting as many as 800 youngsters a week end for free rides on his 160-acre ranch.

Ponies and boys and girls are Amick's get-well hobby. Six years ago he underwent an operation and afterwards his health would not permit him to continue growing pears.

Amick's project, since then, "just grew and grew and grew." Now, he says at 60: "I never felt better in my life."

Thousands Visit Ranch  
Amick estimates that as many as 3,000 persons a year visit his place, 85 miles east and a little north of San Francisco and 21 miles south of Sacramento.

The older neighbor boys and girls help Amick out on rush weekends. Sometimes there are as many as 30 helpers. There are also from 8 to 10 hired men and all the ponies are trained by professionals.

Porky, a 28-inch-high Shetland stallion, jumps through an automobile tire three feet off the ground.

Then there is Golden King, a Palomino upon which a dozen children can ride at once.

Amick's two grandchildren, Mary Lynn, 11, and Charles, 9, are also in on the entertainment. They can both ride Roman style—each foot on a dapple grey pony and they can do it at a full run.

Prepared for All Ages

Amick has two pony merry-go-rounds for beginners, with the ponies fastened and guided securely in their leisurely circling around the center poles.

But for the older and more expert and adventuresome, he has special corrals.

The smallest is only 20 by 40 feet and any child who can enter it and climb to a pony's back and ride without assistance gets a red star from Amick.

There is a quarter of an acre corral and a boy or girl succeeding in it gets a blue star. The greatest test comes in a 2 1/2-acre corral where the prize is a gold star.

### To Study In Africa

ASHEVILLE, N. C. (AP)—A well-known Southern forester is going to study the effect of trees and tree-cutting on water resources and weather in British East Africa.

The forester is Dr. Charles Hursh of the Southeastern Forest Experiment Station of the Department of Agriculture here. He disclosed today he has been awarded a Fulbright fellowship to make the study.

Dr. Hursh will leave next month by ship for London, where he will spend two weeks with colonial office officials before continuing to Capetown. He will then go overland to his headquarters at Kikuyu, in Kenya Colony.

### Big Bear

NATAL, B. C. (AP)—Ben Volpatti, hunting in the Elk Valley, dropped one of the largest bears ever shot in this district. The big bruin weighed 900 pounds, with a giant head and skin measuring 7 1/2 square feet.

WORKING IT OVER—James Taylor of Perryton was one of the riders who visited the showing of the 1952 Plymouth in Perryton and Saturday. This new Plymouth is located at the Hobbs Co.

### ning Reflection

LEWISVILLE, Ill. (AP)—The are knocking themselves out Mr. and Mrs. Armin Gan-

ly live in a house with a picture window fronting a lake. Apparently the reflection of the lake on the window in

the sunshine blinds the birds. The only thing the Gantners have gotten out of their unwitting trap so far is a lot of noise. Most of the quail, stunned at first, pick themselves up and take off again.

### No More Steaks

ST. LOUIS (AP)—William Thornton was carrying no money when he answered a knock on the door and was confronted by a robber.

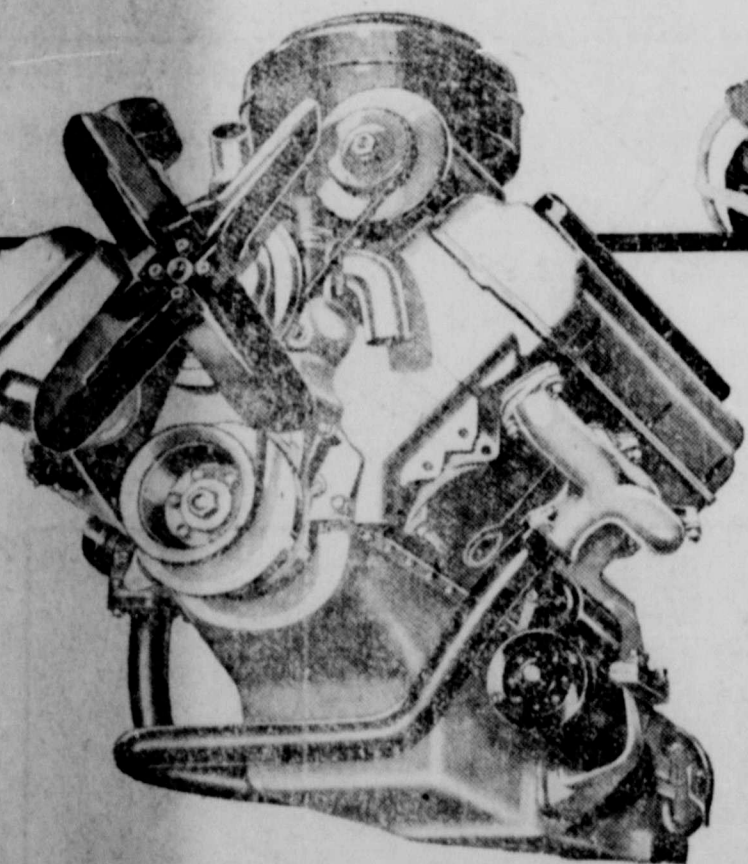

But the robber didn't leave empty-handed. He reached in Thornton's pocket and took his false teeth, valued at \$75.

Only 62,232 persons paid to see the five World Series games in 1908. The 1951 Series drew 341,977 fans to six games.

HORSE SENSE is what Amick finds in ponies for kids.

periment Station, J. E. Roberts, superintendent of the Main Station Farm at College Station, reports that cattle eat the material very readily.

### West of Gray

By Mrs. D. W. Springmeyer

Mr. and Mrs. Boyer of Balko visited in the J. D. McDonald home Sunday afternoon.

Rev. Jim Burkham visited in several homes this week.

Dave Springmeyer is still on the sick list.

The young people of the Bethel Baptist Church had a watch party on Monday night. It was reported that a nice time was had by all.

Mr. and Mrs. Charlie Stuart visited relatives in Ponca City, Okla. They returned home Saturday.

Mr. and Mrs. Cecil Watson and Sharon Gwen visited New Year's in the Jeff Watson home in Darrouzett. Mr. Watson helped his father remodel their home.

Mr. and Mrs. J. D. McDonald were in Beaver, Okla., Thursday, where Mr. McDonald consulted a physician.

Thursday the Gray community received a welcome three

inches of snow.

Mr. and Mrs. J. D. McDonald, Elvin and Clifford Miller were in Liberal, Kansas Saturday. The McDonalds received new glasses from Dr. Good.

Mr. and Mrs. Charlie Stuart visited Mr. and Mrs. Dave Springmeyer Sunday afternoon.

J. D. McDonald and Clifford Miller were visiting at the Tom Wilson home Tuesday.

Mr. and Mrs. Dave Springmeyer visited Mrs. Alice McDonald and Mr. and Mrs. J. D. McDonald Saturday evening.

Clifford Miller was in Liberal, Kansas this week purchasing parakeets for the aviary.

### ARTHRITIS

I have been wonderfully blessed in being restored to health and active life after being crippled in every joint in my body and muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

### Convert Waste To Food

COLUMBUS, O. (AP)—Food is being made from whey, a by-product of cheese making, reports Perry R. Ellsworth, extension specialist in dairy technology at Ohio State University. Ellsworth states that United States Department of Agriculture dairy scientists have made an "exceptionally good, smooth spread from whey protein."

USDA dairymen expect the new product to provide an outlet for some of the billions of pounds of whey produced every year in this country. Some whey is used for livestock feed. Some is concentrated and dried for use in

human foods such as process cheese and whey candy. Much is wasted in spite of the fact that whey contains highly valuable proteins, minerals and vitamins.

### Favor Flood Aid

DES MOINES, Ia. (AP)—Two meetings are being held in Southwestern Iowa in connection with the government's program to provide aid for farm areas damaged by excessive rains and floods last spring. Between \$400,000 and \$500,000 has been allotted by the Federal government to 23 Southwestern and Western Iowa counties for this work.

"WEST TEXAS SPRUCE"—For their graduation dance, aviation cadets of Class 52-D at Goodfellow Air Force Base, San Angelo, Tex., erected this "West Texas Christmas Tree". It's a large tumbledweed, picked up off the end of the runway at the base, sprayed with silver paint in the metal shop and decorated with glass ornaments. Admiring the handiwork are Cadet Major Charles B. Stratton, Detroit, Mich., and Ann Noely, San Angelo, club hostess. At right is Cadet Capt. Norman N. Freeman, San Diego, Calif. (U. S. Air Force Photo from L. P. Photos)

### East of Boyd

By Mrs. Aldeen Rodgers

We received a light snow Thursday.

Mr. and Mrs. Forrest Branstine and daughters, Grace Mae and Carolyn Kay of Campo, Colo., visited a short time recently with Mr. and Mrs. John Winter. They were returning from a visit with Mrs. Branstine's mother, Mrs. Will Clark, at Westfork, Ark.

Mr. and Mrs. W. H. Williams and Mr. and Mrs. Fred Whittet attended a New Year's Eve party at the home of the C. H. Gardiners in Turpin.

Mr. and Mrs. Lloyd Brown attended a New Year's Eve party in Turpin at James Hershey's home.

Bill Nichols, Hugh Williams and James Rodgers attended the show in Liberal on New Year's eve.

Mr. and Mrs. Wayne Jones have a new automobile.

Mr. and Mrs. William White of Liberal, Kansas were transacting business and visiting at Boyd, Friday. Mr. White and his father have an appliance store in Liberal. Mrs. White is the former Addabelle Whittet, daughter of Mr. and Mrs. Fred Whittet.

Mr. and Mrs. John Winter and Royce Rodgers shopped in Perryton Saturday.

Aldeen Rodgers was in Beaver

Monday.

Word received recently by friends of Mrs. Charley Warne, who lives in California, stated they were all well and busy. The family formerly lived northeast of Boyd. Mr. Wayne passed away a few years ago.

R.E.A. men have been dumping poles along some of the lines they staked recently.

Little Neal Myers, son of Mr. and Mrs. Glen Myers, is ill with pneumonia.

### Look at the Future

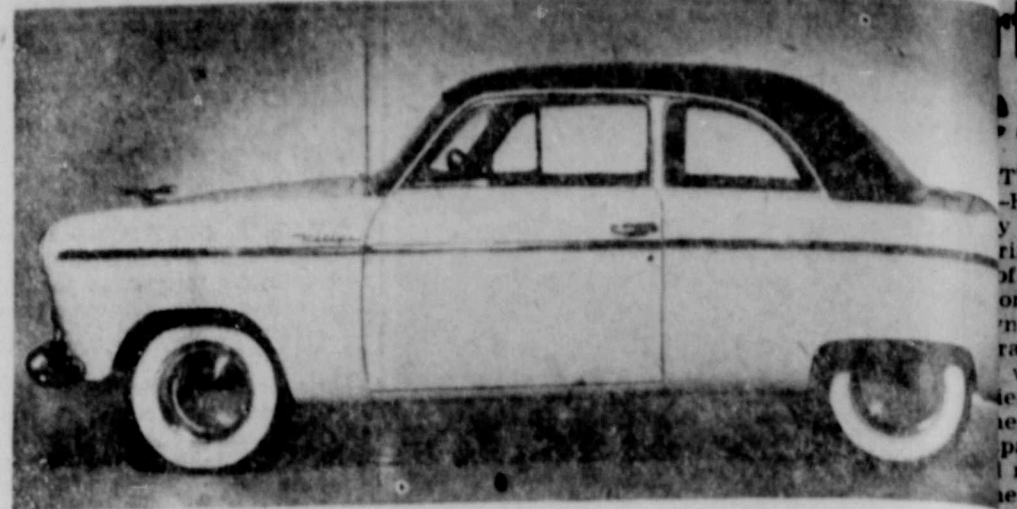

MIAMI BEACH, Fla. (AP)—Savings and loan associations can expect to double their business from the present total of nearly \$19 billion within the next 10 years, Walter J. L. Ray, president of the United States Savings and Loan League, told the organization's recent convention here.

"Today there are approximately eight million families with incomes of \$5,000 a year as compared with only 1,570,000 10 years ago," Ray said. "In the past decade our total population increased by 14.4 per cent, but individual family units increased by 25 per cent."

"During the early years of the past decade, we saw the highest rate of marriage in history and a war-baby boom. In another decade the war babies will start coming of marriageable age and we can expect the rate of new family formations to zoom upward to a new all-time high."

### AIR, AUTO DESIGN WED IN NEW CAR

TOLEDO, O.—Here is the first picture released by Willys-Overland of its long-awaited model, the first to be built by the company since it went into all-out production of Jeeps for war. The model, to be introduced by dealers early next year, is the "Aero Wing," so named because of its aerodynamic styling which represents a "dramatic marriage of the most advanced principles of automotive engineering," according to company engineers. They described the car as "the conditions of high-tax, high-cost living. It is the first time that the ride and handling of expensive, long wheelbase cars have been secured in a car of external compactness and economy." Tests cited by the company indicate the Aero Wing will, speed for speed, go for gas than any other full-size car. It is reported to deliver up to 35 miles to the gallon at 60 miles an hour with overdrive using regular gasoline.

### Grandma Coach Has New System

SAN ANTONIO (AP)—None of this single-wing or T-formation stuff bothers San Antonio's grandmother football coach.

"We use the 'you-run-with-it-this-time' system," Mrs. Marjorie Callahan declared, and then she added thoughtfully:

"Sometimes it becomes the 'you-catch-it-this-time' system

when we decide to pass."

And it's mighty successful, too. She's recreational director at Victoria Courts here, and she coached three football teams this year.

Her senior touch football squad placed third in the city recreation league. Her junior team topped first place in the double elimination season play. Her midlets, who played tackle football, were among top teams in the Y-League.

Mrs. Callahan, looking grandmotherly

es speech arts at Victoria High school here.

Nope, she never ball before. But she game and considers for youngsters to be energy.

A. P. McCulley of Furniture Co. is attending the annual furniture Mart.

### Microfilm Gets Role In Crime Detection

POLICE OFFICERS view microfilm reader.

(P. Newsfeatures)

ROCHESTER, N. Y.—Use of microfilm in crime detection is reported by the Eastman Kodak Co. Microfilm is the photographic process of putting books and all sorts of other records on compact film strips.

The Detroit police picked up a thief breaking into locked autos and stealing whatever he thought he could pawn. The police had six pawn tickets identifying him in Michigan pawn brokers are required by law to make two copies of each pawn ticket, one for the city and the other for the state police. Each copy contains the thumbprint of the person.

Upwards of a hundred thousand cards are received monthly, too many to store, and the Detroit police suspected this thief had a long record, probably on the destroyed pawn tickets. They

asked the state police, because the latter keeps all pawn tickets permanently on microfilm.

The six Detroit cards showed that although this thief always signed a different name, he had used the same street—Seneca—with a different number each time.

The state police took Seneca as their clue and found all the Seneca pawn tickets in the microfilm files. There were 27 of these 19 had the same thumb print—that of the thief the Detroit police were holding.

Without microfilm the records now kept by the state police would occupy a good sized building. In microfilm these same records fill 36 filing case drawers.

Frost often hastens the coloring process in leaves.

### Forage Can Be Increased By Fertilizer

COLLEGE STATION — The need for a complete pasture and forage plan is emphasized by the 1951 growing season. The plan should include a carryover of silage and hay, says A. W. Crain, Extension pasture specialist of Texas A. & M. College.

"Good quality hay and silage do not deteriorate when they are stored properly," Crain points out. "Such forage is good two, three or five years after it is harvested."

Farmers should make efficient use of the rainfall they do receive, thereby lessening the ill effects of a drouthy year like 1951. Frequently, this means applying commercial fertilizers.

Crain cites Johnsongrass hay yields obtained in the Brazos River Bottom during 1936, 1947 and 1948 as a good example of efficient use of available moisture through fertilization.

When fertilizer was applied, the Johnsongrass produced about four tons of hay per acre annually, compared with two tons where no fertilizer was applied. In the three years, fertilizer cost \$35, and the total forage increase for the three years was six tons of hay containing additional protein equivalent to a ton of cottonseed meal.

Another instance of increased forage production occurred this year on a pasture area near Cuero in DeWitt county. Here, an application of 100 pounds of ammonium nitrate per acre made on September 16 resulted in the production of one ton of forage per acre by November 1. The forage yield was 600 pounds per acre where no fertilizer was applied.

Crain points out that the ton of forage contained \$24 worth of protein, compared with \$5 worth in the 600 pounds. This is a good example of efficient use of limited water (rain) and fertilizer in 1951.

Near Austin, a dairyman produced 12 tons of silage per acre this year with the application of \$6 worth of nitrogen and phosphorus fertilizers. Only six tons of silage per acre were produced without fertilizer. The same amount of water produced six extra tons of silage with \$6 worth of fertilizer.

"Successful harvesting of forage is another important part of a forage plan," says Crain. "If livestock are not available for harvesting the forage when it reaches the right stage of maturity, it should be cut for hay or silage."

"Thousands of acres of good Johnsongrass forage have gone to waste this year in the Brazos River Valley," he says. "This grass is standing on the pastures now, but most of its feeding value has been lost. Where other storage is not available, grass should be cut and stacked, thus much of its value can be preserved."

Bobby Stone, who attends a Naval Medical School in San Diego, Calif., left Jan. 5, after visiting ten days with his mother, Mrs. Everett Phebus and his father, Lois Stone of Dumas.

The vanished La Venta people of Mexico flourished before 600 A. D.

# Liberty Citizens Think They Have Answer to '52 Politics

TY, Texas, Dec. 30—Historic Liberty, third in Texas, literally ring the holidays with a furnishing Texas a or governor in 1952. n's native son, Attor- ral Price Daniel, and were at home. As the et lawyer walked the ere as a boy he had papers, his homefolks l more than ever about eir town would play in the New Year.

Liberty lawyer to serve or United States as Sam Houston. He both offices.

aniel's law office in Lib

erty was on the exact spot where Sam Houston had his office. What is more, Daniel married Houston's great-great daughter, Jean Houston Baldwin. While living in Austin temporarily, they and their four children spend Christmas and vacations here.

Liberty has had a long claim on the fighting attorney general and his family. His ancestors settled here in 1824 and helped Mexican officials build the town in 1831. His great-great-grandfather, Hugh B. Johnson, was the first alcalde and engaged in the early conflicts of the Texas revolution. This accounts for some of Price Daniel's interest in Texas history and his uncompromising fight to keep the federal government from taking the Texas tidelands away from the State's public school fund.

All these bits of history are recounted as Liberty folks predict that the mantle of Sam Houston will fall on the capable shoulders of Price Daniel in 1952. They admit after several days of visiting with him that they do not know which of the two offices Daniel will seek, but they will give odds that it will be the senate.

### Neighbors Comment

A Liberty merchant put it this way:

"Price Daniel has been fighting against the Truman tidelands steal and other federal encroachments for several years. He never gives up. He has some unfinished business in Washington, some scores to settle with those who robbed this State, and you can bet that we will win the tidelands in Congress if Price Daniel gets a seat in the United States Senate."

A county official and former law partner also believes Daniel has his eye on Washington and is waiting only for a decision by Governor Shivers that he will run for re-election instead of the Senate. This man said:

"Price is a natural-born fighter, smart in the books, a forceful speaker, and honest as the day is long. His heart is in the fight to save the tidelands for Texas schools, and he will jump at the chance to run for the Senate because he believes the fight can be won there."

The homefolks would be proud to see Daniel run for either governor or senator, and judging from the way they talk and the way they voted in his last contested race, they will support him strong for either job. His home county gave him a vote of 4944 to 778 for his opponent in 1946, the largest majority received by any state official in his own county. In the last two elections Daniel has been unopposed for Attorney General.

When asked for a preference,

## HOME FOLKS SPECULATE ON PRICE DANIEL

The presence of Price Daniel, Attorney General of Texas, and his family in their home town of Liberty during the holidays increased speculation that the historic old city might furnish Texas another Governor or Senator in 1952. The last Liberty lawyer to hold these offices was Sam Houston who is Mrs. Daniel's Great-Great-Grandfather. Pictured above are the Attorney General, Mrs. Daniel and their four children, Price Jr.; Jean; Houston Lee; and John.

Liberty people almost invariably speak of the Senate. The reason is clear: They are fed up on the scandals of the Truman administration, mad about the tidelands grab, tired of government waste and extravagance, and displeased with the foreign policy in China and Korea.

They believe Price Daniel has the nerve to oppose these things and "to fight for Texas and for honesty in government," as one man put it. They point to his fight against organized crime in Texas and predict that he would be as good as Kefauver or Fulbright in investigating corruption and demanding a housecleaning in the federal government.

Above all, they point out that Daniel has no obligations to the Truman administration which would interfere with or slow up his work. They recall that Daniel came out boldly, last October, against the renomination of President Truman and said Texas should lead the way in finding a Democratic nominee who would respect and uphold the Texas Annexation Agreement.

### Expect January Decision

It won't be long now. Sometime in January Price Daniel will announce one way or the other, for senator or governor. Liberty folks are for him win, lose or draw, but they'll quickly tell you that on his record Price is not a

"loser" or "drawer," but always a winner.

This is backed up by a set of solid facts which go back to his boyhood when he delivered the Beaumont Enterprise and Houston Post in the mornings and ran a laundry route in the afternoons.

It continued when he went to Fort Worth to attend high school where he won every debate championship, edited a weekly magazine for Fort Worth high schools, and was a cub reporter for the Star-Telegram.

At Baylor University he majored in journalism before taking law. He edited the campus daily "The Lariat" and the yearbook "The Round-Up," and served as a reporter for the Waco-News Tribune. He holds A.B., LL.B. and LL.D. degrees from Baylor.

Returning to Liberty, Daniel hung out his shingle as a lawyer and became co-publisher of the Liberty Vindicator and the Anahuac Progress. He served two years as president of the local Chamber of Commerce, was president and teacher of a men's Bible class, and Master of the Masonic Lodge.

During his eleven years as a lawyer-publisher, he served six years in the House of Representatives and was elected speaker of the house as another tribute to his leadership.

The armed services saw Daniel's leadership in two branches, the Army and the Marine Corps. Waiving his legislative exemption, he entered the army as a private and emerged as a captain. He saw service with the Marine Corps in Japan on special assignment from the Army.

As attorney general, Daniel has gained nationwide attention for his tidelands defense and his fight against organized crime. On the latter, he was complimented in the final report of the Kefauver committee.

At 41, with a long list of achievements behind him, he is still just "Price" to young and old alike in Liberty. They are ready to help him make another step up, and if they have their wish, it will be in the direction of Washington, D. C., and the United States Senate.

### No Steps Taken

NANAIMO, B. C. (AP)—A couple who were rescued from a grounded gasboat were each fined \$15 on charges of causing a disturbance. Officers of a police boat that answered their call for help said the couple could have stepped ashore.

## BALKO News

Carolyn McGlamery

Word was received here that Lavahn Sharp, brother of Mrs. Deibert Sager froze to death, Sunday night, December 30, while helping some people who were marooned in the snow near his home in Rico, Colorado. The entire community extends sympathy to Mr. and Mrs. Deibert Sager.

Mr. and Mrs. C. R. McNeerlin, Faye and R. C. and Duane Williams visited with Mrs. Alice Morris and Mrs. Mabel Howard and family at Laverne, Okla., Sunday, January 6.

Monday night, January 14, is the regular PTA meeting night and according to Sup't. D. L. Boyer, there will be "open house" for the new Home Economics room and the Manual Training room and shop. Everyone is invited to attend and enjoy the program.

Several members of the Apostolic Faith met Tuesday to work on the church building.

Mr. and Mrs. Melvin Ridley spent Saturday night in the home of Grandma Humphrey.

Mr. and Mrs. S. A. Pugh have been confined to their home following a severe attack of the flu.

### Hazards Overcome

HAZARD, Ky. (AP)—In spite of the surrounding Kentucky hills which hinder reception, local ingenuity has brought television to this little community (pop. 10,000).

Located in a natural bowl, the Hazard residents nonetheless licked their problem by building a large tower atop a 1,000-ft. hill and stringing house-to-house coaxial lead-ins. They carved a road to within 200 feet of the peak. Materials were toted the rest of the way by hand.

The TV cables were run down the hillside from the tower, strung along poles of the local utility company and fed into the homes of set owners. This gives Hazard reception from two TV stations in Cincinnati and one in Huntington, W. Va., the nearest of which is 90 airline miles away.

Mr. and Mrs. C. A. Cofer, Karen and Bryan of Greensboro, N. Carolina and Mr. and Mrs. Robert Kennedy and Carmen Lynn of Franklin visited in the Clyde Cofer and Kermit Johnson homes during the Christmas holidays. Mrs. Johnson and Steve accompanied Mr. and Mrs. Kennedy home for a short visit.

mas holidays with his parents.

### Tractor Fuel Usage

Dinner guests of Grandma Humphrey and Mrs. Nell Beatty were Mr. and Mrs. Floyd Humphrey and Mr. and Mrs. Jack Humphrey.

Mr. and Mrs. Frank Williams of Liberal, Kansas were Sunday guests at the home of Mr. and Mrs. Gurley Case.

Forrest Robertson and Gurley Case were employed Monday by Beechcraft Aircraft Co. in Liberal, Kansas.

### Deer Kicks Up

WALSBERG, Colo. (AP)—A female deer usually is the gentlest of creatures, which is why Ronnie Abe was so chagrined over what a doe did to him.

Abe dropped the doe with one shot. When he walked up to it, the deer sprang up, kicked him on the left foot and ran 40 yards before dropping again, dead. The kick ripped Abe's boot and left him with a wound which required three stitches.

Mr. and Mrs. W. M. Good are in Chicago attending the annual Furniture Show.

LEXINGTON, Ky. (AP)—The University of Kentucky Experiment Station reports that the amount of fuel used by farm tractors according to the size and condition of the tractor, kind of work done and operating skill. Measured in gallons of kerosene or distillate per 10-hour day, the average daily consumption for different kinds of work is about as follows:

Plowing, 20 gallons; disking, 20 gallons; cultipacking, 12 gallons; cultivating, 15 gallons; mowing, 15 gallons; binding, 15 gallons; combining, 14 gallons; pick-up baling, 10 gallons, and drilling grain, 15 gallons.

**HEALTH FOR ALL**  
*Eating and Singing*

The chances are that those resolutions you are trying so hard to carry out were all aimed at making your life and the lives of those around you a bit more pleasant during the coming year. You may have resolved not to worry so much, not to yell at the children, to really stay within a budget, to try to find more things to laugh at, to do little helpful things for people—in some way or other your resolutions are designed to make life a song instead of an offkey existence.

A song is made up of seven tones, those old familiar do, re, mi, fa, so la, ti's. Whatever key you live in, you still use those do-re-mi's for your living. And one of the best ways to keep in key, in proper tone, to make your life a song, is the eating of the essential foods.

It seems a far cry from food to resolutions but without the proper instruments you can't have any kind of a song. You know that if you don't eat enough food, you get dizzy, weak, and your thoughts get rather flighty. You know that when you eat too much food, you get headachy, stuffy, heavy, and your poor old mind seems not to function too well.

Eating improper foods does not create as obvious symptoms as under-eating or over-eating but sooner or later the effects will show up someplace in your system. You yell at the kids, you get highly nervous and worry about yourself and world situations, you take a dim view of things, you don't feel good enough to want to help yourself or others—in fact, you make resolutions with the turn of the year to try to overcome your shortcomings.

A proper diet is not a cure-all. It is the first essential in helping you to help yourself, however, mentally and physically. And the first resolution you should go to work on this year is the establishment of a proper diet; your other resolutions might fall into place automatically if you're feeding yourself the instruments which enable your body to tune up in key.

Those seven basic foods fit right into those seven basic tones that make up music. Anything else you add to your diet may offer variation in your song of life, but you have to start with the basic seven.

First you have "do," the musical equivalent of bread and cereals which are the first requirement in a diet. You need dough, whole grain cereals, in some quantity every day, no matter whether you're drastically overweight or not. If for some reason of health these "do" ingredients must be eliminated from your diet, your doctor will substitute a food which contains the same substances in a manner in which your body can use properly.

The next note of the scale is

"re," which might be translated into food as the fruits, tomatoes or raw cabbage that belong in your daily diet. All fruits are included in this bracket and since there is always some fruit on the market, it shouldn't be a hard spot to fill. When you get tired of tomatoes or an occasional serving of cole slaw or some other raw cabbage dish; but you need some of this "re" group everyday, and it wouldn't hurt to include two servings of "re."

Milk could be the "mi" in the musical scale of living and potatoes might fit into "fa." You have meat as "so," leafy green and yellow vegetables as "la" and fats as "si." All of these notes have to be sung daily, just like a singer will run through the scales to exercise her voice before she starts into her song. These seven basic foods start your body functioning properly, exercising all the parts of your body, and you can then go into your song and dance with the additions of other foods which you may cherish.

It's not too late to make a resolution to eat a portion of each of these foods every day. It's a safe bet that they will make you feel better, act better, and look better as you go about trying to fulfill those other resolutions you have made.

**Twelve Cases Of Leprosy In Texas Each Year**

AUSTIN, Texas—About 12 persons in Texas come down with leprosy every year, according to Dr. Geo. W. Cox, State Health Officer. "Since 1921 over 300 individual cases have been diagnosed, mostly in counties bordering the Gulf Coast and Rio Grande River."

"Leprosy," Dr. Cox says, "is one of the penalties of being human. No other animal ever gets it. You do not need to worry a great deal about it because it is probably the least catching of all communicable diseases. The horror and shame in which the disease is held today is a hold over from Biblical times."

"One consolation about the whole thing is that a Russian satellite-Rumania—is the world's focus of leprosy."

"The disease takes two forms, one called tuberculoid because it resembles tuberculosis; and the other lepromatous. The second type affects twice as many men as women, presumably because "there are more modes and opportunities for infection in men."

"Lepromatous patients live an average of 8 to 10 years, while the tuberculoid type apparently doesn't affect the patient's life span. Neither type is as catching as tuberculosis or other commu-

MEET THE YOUNGSTERS—Steve Smith, son of Mr. and Mrs. Vernon Smith, is seven months old and was five months old when this picture was made. His maternal grandmother is Mrs. J. D. Copeland of Perryton and his paternal grandfather is H. E. Smith, Sr., of Carter, Oklahoma.

icable diseases.

"Most cases of the disease are contracted during childhood," Dr. Cox reports, "with manifestations actually appearing in the teens or early 20's."

"Medical researchers at the national Leprosarium at Carville, La., are having success in the treatment of leprosy by the use of certain drugs. The Texas State Department of Health can assist anyone suffering with this disease in securing treatment at Carville."

The largest Arctic icebergs "take off" from the continually advancing glaciers and icecap fringe of Greenland's west coast.

**Amazing Taxpayer**

INTERNATIONAL FALLS, Minn. (AP)—County Treasurer Alex Enzman was dumbfounded when George J. Fidler walked in and said he wanted to pay his real estate taxes—the tax bill which wasn't due until next year.

Enzman has been county treasurer 21 years and this was the first time, he said, that anyone paid his taxes in advance.

Fidler paid \$33.69 on 120 acres of partly cleared land. He explained that he just wanted to call attention to the fact it's a good idea to pay taxes early.

**'Texans for Ike' Movement Is Growing Fast**

DENISON, Texas—Pledges of support for the non-partisan Texas For Eisenhower movement have been received from every large Texas city and from nearly every county in the state, chairman Robert Doss has announced.

Doss, a young attorney and veteran, launched the movement Thanksgiving Day with a broadcast from Denison where Eisenhower was born.

He urged Texans, regardless of party affiliation, to join in a demand that Eisenhower become a candidate for President by writing Texas for Eisenhower headquarters in Denison to indicate their support. The signatures so collected will be personally presented to General Eisenhower to back up the request that he become a candidate.

"The response so far has been highly encouraging. In the first three weeks we received an estimated 15,000 pledges of support and we are now averaging about 500 cards or letters daily," Doss stated.

"The number is steadily increasing as more and more Texans learn about the movement. We are hoping that we will

eventually get pledges of support who believe in the man to whom we are so unselfish Christians need in these

Doss emphasized that the movement is not a campaign to induce Eisenhower to run in the land, but a kind of a "re-pledge" pointed out.

**Move Out**

KUALA LUMPUR—The Federal Government has admitted a program of resettling the people of Buitani and Angor and has announced that the village will be evacuated.

A government spokesman said that the place had been a gang of Communist guerrillas and the people were to cooperate with the government in the evacuation.

About 170 families are being evacuated to a camp at Swettenham. The evacuation was completed Monday.

The number of speakers at the Perryton Ministry was encouraged to move out.
