Leroy Hartman Honored by Panhandle Boy Scout Group

Given Silver Beaver Award For Service

Before a group of 325 Scouters at the 18th annual council banquet held at the Pampa high school cafeteria Monday night, Leroy Hartman was presented with the Silver Beaver award, second highest honor that can be given by the Boy Scouts of America.

The award was presented by the Rev. R. Ewing, former district commissioner and Mrs. Hartman was chosen to place the ribbon of the Silver Beaver about her husband's neck.

The Silver Beaver award is given only to those men who have made an outstanding record in Boy Scout work, and the only higher award is the Silver Buffalo, an award given to men who have achieved national fame in Scouting. It is the highest award that the average man in Scouting can hope to obtain.

Hartman's association with Boy Scout work began in 1916, when he first became a Scout. He went up through the ranks, serving at various times as assistant scoutmaster.

Poll Tax Payments Before February 1 Urged by Jaycees

The local Junior Chamber of Commerce, along with other Jaycee groups over the state, is sponsoring a program designed to get more people to pay their poll tax and become more vote conscious.

Although this year is an off year politically for state and national elections, Perryton will have a city election and there is the possibility of an amendment to the state constitution to be presented to Texas voters.

Deadline for poll tax payments, as well as for other city, school and state taxes, is January 31.

Although veterans are exempt from poll tax payments for 18 months following their discharge, it was pointed out by Dean McCutcheon, president of the Jaycees, that the majority of Perryton veterans will have been out of the service for longer than 18 months by the time elections come this year. Veterans should make certain that they are eligible to vote this year, it was emphasized.

New License Plates Arrive in Perryton

The new 1947 license plates arrived this week, announced Sheriff Bill Lance. For the first time in several years, each automobile will be issued two plates. The plates are black with white letters.

Three county numbers for motor vehicles range from AC-9900 and from AD-10 to AD-199.

In anticipation of heavier motor vehicle registration this year than in 1946, 250 more plates than last year were ordered, stated Sheriff Lance.

Fair Group May Lease County Land Under Certain Conditions

Members of the commissioners court met in a special session Tuesday afternoon to consider the leasing of a long-term lease to the Association, covering the county and where the city baseball diamond is located.

A definite prohibition against gambling and drinking establishments was set as another condition to be met before the lease would be granted.

Once the above conditions are met, the commissioners court will grant a 25-year lease on the county land, it was reported.

Holland Is New Vice President Of First Nat'l.

At the annual meeting of the stock holders of the First National Bank, held Tuesday, January 17, R. H. Holland was elected vice-president of the bank, filling the vacancy caused by the death of C. B. Rogers. Holland will continue as cashier, in addition to being vice president and member of the board of directors.

Miss Moira Caldwell and Mrs. Gene Brillhart were elected assistant cashiers.

Other bank officials are Carl Ellis, president of the bank and chairman of the board of directors; Miles Edwards, assistant cashier; J. W. Rogers, J. R. Stump and H. T. Cutler, directors.

Cub Charter to Be Presented January 30

The charter of Cub Pack No. 55, first Cub Scout organization in Perryton, has been received from national Boy Scout headquarters and will be presented to the Lion's Club, sponsoring institution, in a special presentation ceremony to be held Thursday night, January 30, at the Wagon Wheel.

Cub scouting in Perryton was organized this fall under the leadership of Don E. Watkins, field Scout executive who now makes his headquarters in Perryton. Open to boys between the ages of 9 to 11 years, the Cub scouting program serves as a training organization to acquaint the boys of the principles of scouting and at the same time furnishes recreation for the boys.

Registration cards will be presented to the 33 charter members of Cub Pack No. 55, and registration cards will be given to the officials of the Pack.

Those officials to receive registration cards are Fred Osborne, Cubmaster; Vance Apple, assistant Cubmaster; Harold Hudson, assistant Cubmaster; Hood Willis, chairman of the Pack committee; Harold Malone, committeeman; and Alton Boxwell, committeeman.

Change in Train Schedules Means Mail Will Arrive Later in Perryton Beginning Monday

Changes in train schedules which were announced this week will mean a change in Perryton mail deliveries, stated acting postmaster Arvie Hale this week. The schedules go into effect Monday, January 27.

Of biggest concern to Perryton people will be the receipt of mail from Amarillo and points west, including daily newspapers, stated Hale. Under the new train schedules, mail will arrive in Perryton at noon each day instead of at 6 o'clock in the morning. This later arrival will mean that rural deliveries of mail from Amarillo will be one day late and city deliveries will be in the afternoon instead of morning.

Mail from Oklahoma and points east will still follow approximately the same schedule, although the route is slightly changed, with newspapers arriving one day late.

Under present schedules, mail from Amarillo leaves there at midnight, is transferred at Spearman, and arrives in Perryton at 6 o'clock.

C. of C. Opens 1947 Campaign

The 1947 membership campaign of the Chamber of Commerce will begin Thursday morning when the membership committee and 20 assistants will meet at the Perryton Hotel to map out the membership program.

An equalization committee of five men has submitted a revised list of assessments for members and this list has been approved by the board of directors. Membership pledges will be solicited on the basis of this list.

Chairman of the membership committee is Fred Osborne assisted by Roy Stinson and Vance Apple.

Both old and new members will be contacted during the campaign, stated Otis Burk, Chamber of Commerce president. It was decided this year to make personal visits to all members and prospective members rather than securing pledges by mail.

Goal for 1947 is a membership nearly double the 1946 figure. In 1946, there were 144 members of the Perryton Chamber of Commerce. This year, it is hoped to add 120 more members to the roll.

Lion Founders Honored at Club Luncheon

Seven of the 24 men who founded the Lion's Club in Perryton on June 27, 1928 were honored at a Founders' Day luncheon held at the Perryton Hotel Tuesday noon.

The seven men are Sam Hergert, W. B. LaMaster, W. C. Bryan, Rupert Allen, R. T. Shindler, Dave Shanks and L. L. Lance.

Max W. Boyer made an address of recognition to the club founders and led the members in a renewal of the club obligation.

Dave Shanks, first Lion president, told of the club's founding, stating that the Lion's club of Borger promoted the organization in Perryton.

Sam Hergert, who has served continuously as secretary since 1930, recounted several incidents in the club's history. He remembered that at a dinner in 1931, the guest speaker, an oil man from Dallas, remarked that his company felt that the depression was over and that prosperity was just ahead.

The speaker was not invited back in 1932, Hergert added.

The club met in the Christian church and the Methodist church before selecting the Perryton hotel as a meeting place, Hergert said.

Over 50 Lions attended the Founders' Day luncheon.

Semester Roll Has Fifty-four PHS Students

Four students in Perryton high school made the A honor roll for the first semester to lead a list of 54 honor students on both the A and B honor rolls, Glen Allison, high school principal, announced this week.

The four A students are Duane Bell, Mavis Hardy and Carol Smith of the Senior class and Betty Hall of the freshman class. No juniors or sophomores were represented.

Semester B honor roll students from the junior class are Annabella Daniel, Juanita Pletcher, Betty Jo Seago, Rozelle Vaughn, Lenis Fern Wright, and Alvin Buschman.

Orvil Lee Brummett, Billy Lynn Conner, Max Denny, Peggy Luthi, Marianna McGibbon, Peggy Merydith, Grace Payne, Christine Reynolds and Amanda Robertson are

Two Minor Fires Do Small Damage

There were two minor fires in Perryton during the past week.

The fire department was called on Friday afternoon to the home of Mr. and Mrs. Raymond Jewell, four blocks east of the courthouse, when an electric iron ignited the ironing board and caused a small blaze which burned a portion of the floor and wall.

Mrs. Jewell had forgotten the iron and had left it on while she went to town. The alarm was turned in by Mrs. W. T. Symons, next door neighbor.

On Saturday afternoon, the chicken house of C. A. Williams, south of the Farmers Co-op, burned to the ground before it could be checked.

Burglars Enter Sinclair Service

Burglars entered the Sinclair Service station on south Main Street sometime Saturday night and took approximately \$7 in cash. Entrance to the building was gained by breaking a window at the rear of the station. No merchandise was reported missing.

Local officers are working on the case. Although no arrests have been made, several leads have been secured, stated Sheriff Bill Lance.

McCutcheon Is Jaycee Head

Dean McCutcheon was unanimously elected by members of the Junior Chamber of Commerce to serve as president of the organization for the next six months period at a noon meeting held Wednesday in the Perryton Hotel.

Other officers elected were Ray McWilliams, first vice-president; Al Tremble, second vice-president; George Statham, secretary-treasurer; A. P. McCreary and O. C. Watson, directors.

Drew Ellis, Dick Gugliotti and Alton Boxwell are hold-over directors.

Two Jaycee projects were brought up by the new president for immediate consideration. One project was the completion of renovating the golf course and the other was finishing the job of placing street signs on Perryton streets.

Evans Opens Super Market

First Meeting For District 1-A Held Monday

First meeting of the revamped district 1-A set-up for athletic participation was held at Phillips Monday night, with the representatives from Phillips, Perryton, Dalhart, White Deer, Dumas and Canadian present to arrange schedules for the 1947 season.

A recent change in district classification places Perryton in district 1-A instead of 2-A. Making the transfer from 2-A along with Perryton were Phillips, White Deer and Canadian. The change in districts was made necessary by the withdrawal of Panhandle and Spearman from class A competition, leaving four teams in the district. There are now six teams in 1-A, with the addition of Dalhart and Dumas to the four transfers from 2-A.

It was decided at the meeting to purchase gold footballs for members.

Hillbilly Show Here Thursday At High School

That real mountain opsy, "Corn-zapoppin'" will open at the high school auditorium Thursday night for a two night engagement.

All characters in the production are members of the Wagon Wheel, teen-age organization, and proceeds of the play will go towards youth activities. The play is sponsored by the Youth Recreational Council.

This tale of life in the piney hills concerns as odd a collection of hillbillies as can be found. Included in the collection is a man-hunting spinster, a woman with a pet bear and an old mountain coddler in his second childhood.

Curtain time for both Thursday and Friday nights is 7:57 p. m. and admission is 75 cents for adults and 35 cents for children.

Contributions to March of Dimes Slower than 1946

Contributions by mail to the March of Dimes totaled \$192.48 as of noon Wednesday, Gus Henshaw, county chairman of the drive, announced this week. Although no quota has been set for this Infantile Paralysis drive, the total given by Ochiltree county in 1946 was \$1,671.86, Henshaw stated.

"Last year was the worst infantile paralysis year in the history of the National Foundation for Infantile Paralysis," stated Henshaw. "Thousands of children over the nation were stricken with this disease, and the funds collected last year were spent for their treatment."

George Statham, campaign director, stated that the drive would last through January 30, and that March of Dimes contributions would be taken this next week at the Ellis Theatre. The Ellis is one of the thousands of motion picture theaters over the nation cooperating in the drive.

Sorority Bake Sale Saturday

Beta Sigma Phi sorority is sponsoring a bake sale on Saturday afternoon, January 25, at two o'clock at the Perryton Furniture Co.

Home baked pies and cakes and other delicacies will be featured at the sale and the public is invited to purchase.

The fire was believed to have been caused by a short circuit in the wiring, firemen declared. The loss was covered by insurance, stated J. H. Mills, manager of the local office. Mills and his family lived in an apartment in the same building, and lost all of their household goods and personal effects. This personal loss was not covered by insurance, said Mills.

Mills stated that he and two other employees were outside unloading freight when the blaze was discovered just inside the office door. Mills attempted to put out the small blaze with a pan of water, he said, but it spread too rapidly. He called

Rangers Enter Cage Tourney

The Rangers have entered the Canadian basketball tournament which is being held on Friday and Saturday, January 24-25 announced coach Floyd Murry this week.

First game for the Rangers will be at 2 o'clock Friday afternoon when they engage the Panhandle Panthers.

Although the Rangers lost their first eight games, they have staged a strong comeback and have won their last three encounters by comfortable margins. The addition of Raymond Powell and Bill Jones to the team at the beginning of the second semester added needed strength to the team. The starting quintet is now made up of Keith Flowers, Clarence Miller, David Hummer, Bill Jones and Raymond Powell. Tommie Pletcher and Johnnie Revis are the first line reserves.

Some of the outstanding class A basketball teams in the Panhandle will appear in the Canadian tournament. Teams entered include Panhandle, White Deer, LePore, Canadian, Higgins, Memphis, Claude, Miami, Lakeview, Briscoe, Phillips, Pollett, Shamrock and Perryton.

TEXAS TODAY

By BO BYERS
Associated Press Staff

AUSTIN, Tex., Jan. 15 (AP)—A bill designed to create enabling legislation backing up a 1936 constitutional amendment which showed that Texas voters want a state probational amendment which showed that and parole system will be introduced by Representative George Parkhouse, Dallas, in the 50th Legislature.

He rates the bill worthy of emergency attention.

The Parkhouse bill, would authorize the board of pardons and paroles to release on parole any person confined in any penal or correctional institution, except persons under sentence of death.

Within one year after his admission and at intervals thereafter, the board shall consider the prisoner's case, including the circumstances of his offense, his previous social history and criminal record, his conduct, employment and attitude in prison and the reports of physical and mental examinations.

A parole shall be ordered only for the best interest of society, not as an award of clemency, and it shall not be considered a reduction of sentence or pardon.

A prisoner shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen.

Every prisoner while on parole shall remain in the legal custody of the institution from which he was released.

Any prisoner convicted and sentenced for a felony while at large upon parole shall be required by the board to serve such sentence after the original sentence has been completed, no credit against the original sentence being allowed for the time on parole.

This provision is the toughest in the bill, designed as Parkhouse ex-

plains to keep parolees on "the straight and narrow."

Other parts of the proposed bill would create a new position, that of director of probation and parole, who would serve as executive officer of the board at a salary of \$6,000.

He would supervise and direct all adult probation and parole officers of the state. These officers, paid by the state, would replace the present voluntary county parole boards.

State Auditor C. H. Cavness in his 1946 report to Gov. Coke R. Stevenson said he did not wish to belittle the work being done by the voluntary parole boards, but despite good service of many, some were not functioning as well as might be hoped.

The director of probation and parole would divide the state into districts and assign his officers to serve in the various districts and courts.

His would be the duty to formulate methods of investigation, supervision, record keeping and reports, to conduct training courses for the staff and to develop policies of probation and parole.

District officers would furnish persons on probation and parole with information concerning the conditions of their probation or parole and would instruct them regarding this information.

These officers would be required to keep informed concerning the conduct and condition of each probationer and parolee by visits, by requiring reports, and in other ways, reporting to the state director in writing or orally as often as required.

All information and data obtained in the discharge of official duty by any probation or parole officer would be classified as privileged information, not receivable as evidence in any court as to the guilt or innocence of a defendant and not to be disclosed to anyone other than the judge or the board of pardons and paroles unless otherwise ordered by the judge or board.

Enactment of the proposed bill would call for an annual appropriation of \$400,000 in order to make the program of probation and parole thoroughly effective, according to Parkhouse.

Provisions of the act would not apply to juveniles.

How Movie Pianists Fool Audiences; And They Don't Use Mirrors, Either

By GENE HANDSAKER

HOLLYWOOD — Claude Rains knits his brows and belabors a concert grand piano in "Deception." He's playing a Korngold concerto.

In "A Song to Remember," Cornel Wilde, as Chopin, tinkles 17 compositions on the ivories. Charles Boyer breaks out with some nice piano chords in "Confidential Agent." But — and don't whisper this to a soul — these gentlemen hardly knew a grace note from a treble clef until shortly before they undertook their roles.

They are among the numerous screen players who have been turned into stars of the keyboard practically overnight, by a soft-spoken, beady-eyed man named Victor Aller. Manager of the Warner studio orchestra and a former concert pianist, he is also a rapid-fire piano tutor, a master of the capsule course in cinema cadenzas.

In a few weeks he can turn a movie star into a pianist who, to all but the most expert eyes, gives the impression of having played for years.

"It takes patience on the part of the pupil, and this, I find, the stars have," Aller told me. "First, we start with two to four weeks of fundamental exercises. Then I take the composition which the star is to play in the picture and break it into four-bar sections. These we study, one at a time."

Cornel Wilde got word late one afternoon that he must play Chopin's "Minute Waltz" the next day. Aller worked with him until 3 a. m., and Cornel sat up the rest of the night practicing. By camera time he knew the number, though his fingers bled.

Cornel carried 17 pieces of cardboard, each bearing a sketch showing the finger positions to start one of the 17 pieces he played.

"Ninety percent of the time, an

actor playing the piano in a picture is hitting the right notes," Aller estimated. It's seldom the actor's own playing you hear, of course. He plays a hammerless piano in synchronization with a professional recording.

Aller's most difficult pupil was Charles Boyer, who insisted on skipping the preliminary fundamentals and getting right to the serious music. "He was sure he could play it," Aller confided. "I had to be tactful."

Bruce Bennett mastered a tricky arrangement of "Body and Soul" in three weeks, and Robert Alda, in four weeks, sounded enough like George Gershwin that Paul Whiteman was amazed. Just one star, Aller couldn't teach anything—Cary Grant in "Night and Day."

"He plays jazz better than I do," Aller said.

Willie Goes
to School at 23

Everybody's joshing Willie Wells about going back to school. They remember when Willie would hide out in the woods—scared to bring his report card home to Pa.

But under the G.I. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Department, excellent; Progress, above average."

That goes for all those under-graduate veterans. Like Willie, they appreciate an education more than

ever now. They're industrious and well-behaved—their favorite beverage is milk, or a temperate glass of beer. For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint.

From where I sit, cynical folks who thought veterans wouldn't want to return to school—wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.

Local Vets Who Plan to Marry Must Tell VA

Veterans of Perryton taking on-the-job training and who plan to be married were urged by John Estes, VA contact representative, to send the Veterans Administration regional office at Lubbock a wedding announcement.

Estes stated that if the veteran's subsistence allowance is to be increased from \$45 to \$90 per month, beginning with the day he is married, it is necessary that the VA have prior notice of the marriage.

The increase in subsistence allowance begins when the VA office is notified, he added, and the only way the increase in subsistence allowance may start with the day of the marriage is for the veteran to notify the VA office in advance. Estes visits Perryton twice monthly, having as his headquarters the Chamber of Commerce office.

Two Sets of Brothers
Box for Virginia

CHARLOTTESVILLE, Va. (U.P.)—The University of Virginia boxing team will pin its hopes this season on two sets of brothers—five boxers altogether.

Jimmy Miragliotta, of Charleston, W. Va., who went to war after winning the 135-pound eastern inter-collegiate championship in 1944, is back and he brought with him two freshmen brothers, Basil and Joe, both high school aces.

Willie Barnett, of Charlottesville, Va., leading college weight in 1942 and 1943, is back and brought brother Earl along. All five will hold down places on the Cavalier team.

Hunting Mishaps Irk
Maine Legislature

(U.P.) Newsfeatures
BOSTON—Twenty-seven persons were killed and 57 others wounded in New England hunting accidents up to the first week in December.

Maine authorities said 13 of the 17 hunters shot to death there were mistaken for deer. Maine showed the heaviest toll of all six New England states and the Maine legislature may do something about it.

Maine politicians said they may propose that the legislature make it a law to wear red clothing in the woods, or conduct examinations for men seeking hunting licenses.

In Massachusetts, one hunter was killed and another wounded critically when they mistook each other for deer and fired almost simultaneously.

'Feet Too Small,'
Coach Tells Cager

(U.P.) Newsfeatures

PULLMAN, Wash.—His small feet were good enough to shuffle him into the vicinity of the basket for 594 points to top national collegiate basketball scorers in the 1944-45 campaign, but they weren't big enough to win him his old job back on the 1946-47 Washington State varsity.

That's the sad story of six foot, eight inch Vince Hanson.

His coach, Jack Priel, said Hanson has size 11 feet, and that he had advised Vince to lay out a year and take foot exercises. "He should wear a size 14 at least to have proper balance and action," Priel observed.

Hanson slumped last year and late in the season lost his starting position. This fall three pivot men are beating him out of the center job.

New Manager for W. W. Virtue Store

George E. McCray took over the management of the W. W. Virtue department store on Tuesday, following the resignation of Harold Malone.

McCray was assistant manager of the Perryton Virtue store from Jan. to Sept., 1943, when he entered the U. S. Navy. Upon his discharge from the Navy in the fall of 1945, he resumed work with the Virtue store at Garden City, Kansas, where he was assistant manager.

He is married, and has one child. He has been with the W. W. Virtue company since 1941.

No announcement was made by Harold Malone of his plans for the future.

Local Vets Who Plan to Marry Must Tell VA

Veterans of Perryton taking on-the-job training and who plan to be married were urged by John Estes, VA contact representative, to send the Veterans Administration regional office at Lubbock a wedding announcement.

Estes stated that if the veteran's subsistence allowance is to be increased from \$85 to \$90 per month, beginning with the day he is married, it is necessary that the VA have prior notice of the marriage.

The increase in subsistence allowance begins when the VA office is notified, he added, and the only way the increase in subsistence allowance may start with the day of the marriage is for the veteran to notify the VA office in advance. Estes visits Perryton twice monthly, having as his headquarters the Chamber of Commerce office.

Don't Fence Me In, Says the Airplane

SALT LAKE CITY (U.P.)—Joe Bergin, Utah aeronautical director, tells about an Army bomber that clipped a boundary fence in its takeoff from the municipal airport. The control tower radioed: "Army B-24, you have about 10 yards of our barbed wire fence wrapped around your landing gear." The pilot's comeback was: "What do you expect me to do, bring it back?"

Electricity Brightens Over Half of Nations Farms; REA Still Growing

By JANE EADS

WASHINGTON—The prospect of keeping the young people down on the farm is growing brighter with the development of better living conditions in the rural areas, according to agricultural officials.

Now 32 per cent of the nation's 3,600,000 farms have electricity. It is expected that by 1953 expansion of the power lines will up this figure to 50 per cent.

Since 1936 the percentage of farm homes served by the Rural Electrification Administration (REA) and private utilities has grown from 10.9 to 32.9.

An unofficial REA year-end report states that during the 1946 calendar year approximately 265,000 new consumers were added to REA-financed power lines. This was 50 per cent greater than calendar year 1945. In addition 24 new systems were established.

And the Rural Electric Information Exchange, a fact-finding outfit sponsored by private utilities companies, reports a budget of \$300,000,000 has been set up to finance construction of new lines.

Many farms now have good water supplies, bathrooms, refrigerators, wash basins, food lockers and modern household equipment.

The Rural Electrification Administration, which makes loans to local cooperatives, enabling the farmers themselves to build the lines and operate the systems, was established in 1935 as an independent agency.

It became a part of the Department of Agriculture in 1939. Borrowers of REA loan funds have electrified about half of the rural areas which have been electrified in this country since 1935.

For the two years ending July, 1947, some \$559,000,000 was authorized by Congress for REA loans—more than the total sum made available in the organization's previous nine years of operation.

Cooperatives are incorporated under State laws on a non-profit basis. There are about 900 of these cooperatives in 45 states. They range in farmer membership from a few hundred to several thousand and serve 1,600,000 consumers.

The re-ops submit a program to REA telling what they propose to do and map the power lines they want to build. REA checks the project and gives them the loan if it's O. K. This is paid after the system gets into operation.

The biggest co-op in the number of consumers served—10,000—is in Tennessee. The largest in length of power lines operated is in Texas.

Currently there is lots of activity in getting electrification to the plains states, such as the Dakotas and Montana, and to the mountain states.

Some \$109,000,000 REA loan funds remains available out of the \$559,000,000 voted REA by Congress.

However, REA says it expects to get approximately \$25,000,000 in pending loan applications by next July—more than twice the amount available.

The expression, "to bear the olive branch," comes to us from the ancient and traditional conception of the olive as the symbol of goodwill.

Texas Leads in Road Program

The Texas Highway Department is further advanced on its farm-to-market road program than any other highway department in the United States according to Tom K. Epfen, president of the Texas Good Roads Association. This statement is based upon a report just released by Thomas H. MacDonald of the Public Roads Administration in which Texas is listed in the top three highway departments in number of contracts awarded and the total number of miles involved in these contracts.

On total miles under contract Texas led all other states according to Mr. Epfen. Pennsylvania ranked first with 1,117 highway projects under contract between Jan. 1 and Dec. 28, 1946. These projects comprised 1,715 miles of road construction costing \$57,700,000. California awarded contracts for 344 projects costing \$52,500,000 on 4,650 miles of roadway.

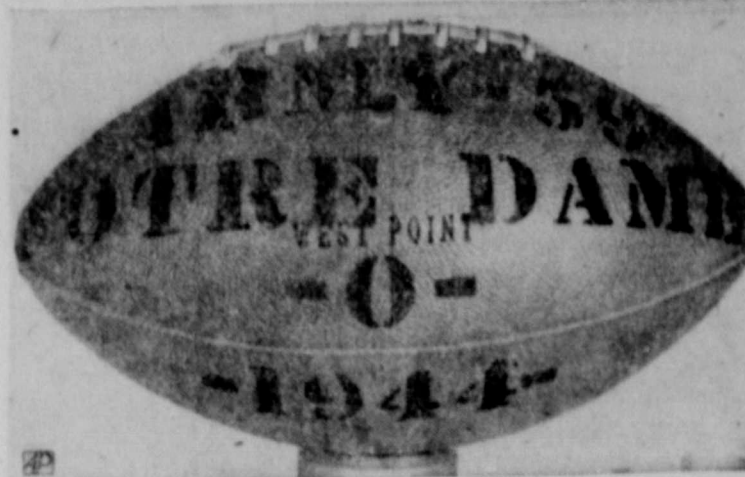

"A large portion of the mileage placed under contract in Texas," Commissioner MacDonald said, "was for improvements on secondary or farm-to-market roads."

The three-year program on federal aid secondary road system in Texas contemplates the expenditure of \$80,000,000 for these much needed roads. The total sum of \$52,500,000 reported in the contracts executed last year in addition to state highways provided for the construction of 2,073 miles of farm-to-market roads under this federal aid program.

President Epfen expressed himself as being highly gratified over the fine record that had been achieved in the adoption of this program.

Shocks 'Possum

GREENWOOD, S. C.—An ill-advised opossum who went for a walk on a 4,100-volt power line at a sub-station here was electrocuted, shutting off power serving a wide area and starting a brush fire. The 'possum's stroll, Superintendent Frank W. Chapman of the Greenwood Public Works Commission said, resulted in a tripped switch cutting off all power at its Buzzard's Roost hydro-electric project source.

of the recently selected all-district team and it was also decided to purchase a trophy for the district football winner. Phillips will receive the first trophy and another one was ordered for the 1947 winner.

The conference football schedule was set up at the meeting. Perryton plays all five conference games in consecutive fashion, beginning with Dalhart on October 4, followed in succession by White Deer, Canadian, Dumas, and ending with Phillips. The opening game has been scheduled in Perryton against Wellington on Sept. 12. As the schedule now stands, the Rangers will have three home games and three away, with five more opponents yet to be selected.

Perryton representatives at the district meeting were J. A. Anderson, Floyd Murry, Glen Allison and Lewis Emerick. Anderson was elected district chairman for the coming year.

to another employee to turn in the fire alarm and then ran to the apartment to arouse his family. He hardly had time to get his wife and two children outside before the fire had spread to the entire roof of the building and into the adjoining warehouse.

A few moments after the flames spread to the warehouse, a barrel of paint thinner exploded, throwing a shower of flaming liquid through the warehouse and making a noise loud enough to be heard for several blocks. This loud explosion drew a large crowd of curious bystanders to the scene of the fire.

The assortment of blazing automobile tires, wooden packing cases and other inflammable objects, aided by the shower of flaming paint thinner, soon turned the inside of the wooden building into an inferno and the fire department was hard pressed to keep the blaze from spreading to nearby buildings. A slight wind from the west fanned the fire.

The building burned fiercely for approximately two hours before the floor and portions of the walls caved in and the fire was quenched. The ruins were still smoking Wednesday afternoon.

Extent of the damage had not been determined by Wednesday night, since all freight bills covering the contents of the warehouse were burned. Estimates of the burned freight ranged from \$10,000 to \$15,000. The building was valued at approximately \$5,000.

Included in the loss was approximately \$800 in cash which Mills had counted out preparatory to making a bank deposit Wednesday morning. This money was in the office, close to where the blaze broke out.

Stewart, a resident of Old Ochiltree back in 1908 through 1910, was born Nov. 14, 1867 at Bedford, Livingston county, Mo., and died the evening of January 18, 1947.

She was married April 5, 1888 to William L. Stewart at Hale, Mo. Papa passed on October 6, 1941. Four children survive. They are Tessa, now Mrs. Glenn H. Hollister, Shawnee, Kansas, a suburb of Kansas City; Paul F. Stewart, Kansas City, Mo.; Scott J. Stewart, Memphis, Tenn. and Van W. Stewart, Perryton.

Mama had resided at Excelsior Springs, Mo. since 1905 with the exception of the few years in Texas. Only a few months ago she had disposed of her home and had been visiting back and forth in the home of Tess and Paul.

Saturday afternoon while Tess and her husband were shopping, she decided to go over to Paul and Ouida's home, about eight miles through the city. A neighbor took her over. When she arrived Paul and Ouida were not at home but as she could get in the house, the neighbor left her there.

After Tess returned home, she tried repeatedly to call Paul's home and on receiving no answer, they became alarmed and drove over, finding Mama's lifeless body in the back yard just a few minutes before Paul and Ouida got home.

Memorial services were held at the Freeman Mortuary in Kansas City, Mo. at 10 a. m. Tuesday with Dr. H. Guy Moore, Wornall Road Baptist Church, officiating. Burial was in the Masonic cemetery at Excelsior Springs. Pall bearers were boyhood friends of the Stewart: Glenn Lewis, Charles S. Lewis, Dr. C. S. McKinney, Sam Sherwood, G. B. Ricketts and Harold Withers, all of Excelsior Springs.

The love of a mother for her children passeth human understanding. The sons and daughter long ago had moved out of the lit-

tle family circle.

Business cares and their own home circles have encroached upon their time, robbed mother of their companionship, but she was ever just the same; rejoicing in our success and grieving at our misfortunes.

We grew away from her, but she never from us; we were still her daughter and sons. We hope that years hence the memory of her unselfish devotion will make us better men and woman and that her precepts be our guiding star.

Warren Cudd Gets Double-T at Tech

Warren Cudd, regular tackle on the Texas Tech football team during the past season, was one of 33 men who were honored with the varsity Double-T award by coach Dell Morgan.

Cudd re-entered Tech this fall after a five-year interruption during which he served in the U. S. Army. He was a regular on the 1941 Tech football team, then enlisted in the Army in July, 1942, serving until November, 1945.

The son of J. E. Cudd, he graduated from Perryton high school in 1938 and has lived in Perryton practically all of his life. He will graduate from Texas Tech this spring.

Spain established a port at Cartagena, Colombia, in 1533.

Ray Batman Buys Sni-A-Bar Farms

Ray Batman, Perryton wheat grower, elevator operator and stockman, contracted Monday for the purchase of the land and buildings of the famed Sni-A-Bar Farms at Grain Valley, Mo. Contrary to an earlier newspaper report, Batman stated that he did not purchase the pure-bred cattle herd.

The farms were purchased from Ralph A. Smith, Kansas City lumberman and blooded stock fancier. Smith bought the farms in 1945 from the estate of the late William Rockhill Nelson.

Sni-A-Bar Farms are located along Blue Ridge Boulevard just eight miles from downtown Kansas City. Established as a model farm and showplace for blooded livestock by the late William Rockhill Nelson.

Sni-A-Bar Farms have been years one of the show places in Kansas City.

Memphis Clubs Endorse Mrs. Kinard, Candidate for District Presidency

The Federated Clubs of Memphis, the Atlanta, The Delphian, The C. S. Study, The Culture, and the Thifinder Clubs have unanimously endorsed Mrs. D. L. C. Kinard as candidate for the presidency of the District of the Texas Federation of Women's Clubs for the year 1947-1948. The 1913 Study Club, her own club, sent in their endorsement of her candidacy on January 2nd to the District nominating committee, the other Federated Clubs of Memphis since that time have added their approval of her action. They feel in presenting her as a club woman and as a leader in various civic and philanthropic organizations as well as in her own club, she is fully qualified as a leader to fill this honored position in Seventh district.

Mrs. Kinard, the former Lottie Kinard, is a native Texan and is the daughter of the late A. W. Read, a prominent civic and business leader of Memphis and Hall County. She has lived in Memphis most of her life, having graduated from Memphis High School and Mary-Hardin-Baylor College at Belton. She is married to D. L. C. Kinard, who has been in banking and insurance business in Memphis for a number of years. They are the parents of three children, Carley Read Kinard, Irene, Geraldine Kinard Galley, and Dwight Lewis Kinard, who is attending the University of Texas at Austin.

Mrs. Kinard is a civic, social and religious leader. She has taken an active part in the development of her town and community. She is a member of a local church and has been a choir director for the past years. She is now teacher for a new organized class of women. She is a member of the Harmony Club, the 3 Study Club and Little Theatre Club, being a charter member of three of these organizations.

She is a former member of the District Board of Texas Federation of Women's Clubs, serving as chairman of Youth Cooperation. In District Club work, Mrs. Kinard served for years as chairman of music in the District. At present she is First Vice President of this District, being elected for the term 1947-1948. Mrs. Kinard has been very active in Parent-Teacher Activities being a member of the local units. She is a past District President of Eighth District of the Congress of Parents and Teachers having served four years in that capacity. She is at present District Parliamentarian and also serves on the Memphis Council of 1 Scouts.

Mrs. Coffin is Hostess to Club

The January meeting of the Mothers' Club of the Methodist Church was held on Friday afternoon, January 17, in the home of Mrs. Floyd Coffin. Mrs. Lawrence Elzy, president, presided for the business part and led one of the discussions on "The Unborn." Mrs. Sanford spoke of "Being Born." The tasty refreshment plate was served by Mesdames Robert H. Holt, Ed Phillips, Lawrence Elzy, and Mesdames J. W. Putman, R. Graves, Bob Pounds and Johnnie Hill.

SERIOUS BUSINESS — Four months-old Carol Ann Hopcus of Oklahoma City looks mighty serious about this business of getting a permanent wave, but perhaps it's because she realized it was the first of many she'll have in her lifetime. Her mother, Mrs. Hopcus, decided on the permanent wave when Carol Ann's hair was so long she started looking over her shoulders at the strands falling over her face. (AP) Newsfeatures

Chairmen Plan Year's Programs

Program chairmen from seven of the Home Demonstration clubs in Ochiltree county met with Mrs. Virgie P. Wheeler, agent on Monday, January 20, to plan programs for the year. These programs will be presented in each club during their regular meetings.

Following their hours of work refreshments were served to Mrs. Wheeler, Mrs. E. D. Clement, Black club; Mrs. T. M. Osborne, Lone Tree club; Mrs. J. H. Woodward, McMillen club; Mrs. Payne Savage, Notla club; Mrs. Marvin Groves, Waka club.

Notla Club Has January Meeting

The Notla Home Demonstration club met Thursday afternoon in the home of Mrs. Errol Flathers with Mrs. Sonny Brownlee acting as hostess for the meeting. Mrs. Brownlee had just returned from a visit to Santa Fe, New Mexico.

To open the meeting, Mrs. Payett Waggoner directed the game, "The Organ Grinder." High lights of the afternoon included a talk on Sterling silver by Mrs. Bill Kellin. She stressed the point of using silver for everyday use. "The more wear, the more luster it becomes," she stated. She also demonstrated the proper way of setting the table for breakfast, lunch and dinner.

Mrs. Payne Savage gave points on the care of china and crystal; stains may be removed with a mixture of tea leaves and vinegar. Mrs. Wheeler's demonstration was on tuffing bed spreads and tailoring garments.

Members present were Mesdames Raymond Byers, J. D. Wright, Payett Waggoner, Herman Callahan, Ed Schroeder, Fay Savage, Errol Flathers, Bill Kellin, Virgie Wheeler, a new member, Mrs. Clem Flowers and the hostess.

Recordings of stories for children played by Mrs. O. A. Schuster at the party she gave last Saturday afternoon for her daughter, Janice, made the hours pass quickly for the young guests who were present. Janice was celebrating her sixth birthday. Other diversions of the afternoon were the gift inspection and various games.

Party favors were selected from a grab box, and group pictures were taken before the refreshments were served.

Guests were Marilyn Shuler, Glenda McGibbon, Sue Ann McGregor, Gaynelle Leatherman, Janice Todd, Dixie Conley, Stacy Ellis, Barry Acker, Bonnie Humphrey, Joyce Smith, Bobby Beck, Don Boyer, Judith and Alice Cummings, Charon and Dixie Beck, Mary Lou Jacquot, Oma Dell Ryan, Jane Putman, Nanjean Boxwell, Gertrude and Ruth Chisum, Mary Bess and Kathryn Louise Brillhart.

Circles Are Organized by Local W. S. C. S.

When Mrs. E. W. Thomas entertained executive board members of the Women's Society for Christian Service last Thursday at one o'clock three circles were organized for the coming year. Mrs. Thomas, new president for the society, also led discussions concerning the plans and work for the organization during the next twelve months.

The three circles for the society are Faith, Hope and Charity with their chairmen Mrs. Cecil Dodd, Mrs. Charles Garrett and Mrs. D. E. Watkins, respectively. Names for members of each circle were drawn from inactive and non-members of the group.

Announcement is made of a general meeting of W.S.C.S. on Tuesday, February 6; all members are urged to be present. Mrs. Anna P. Wilson, spiritual life chairman of the society will lead the devotional and Mrs. Clifford Beck will have charge of the pledge service.

Present for Thursday's luncheon and meeting were Mesdames Cecil Dodd, Chas. Garrett, P. E. Gidley, R. B. Orrill, D. D. Shanks, Anna P. Wilson, J. W. Chase, C. F. Jones, Robt. Barlow, D. E. Watkins, Clifford Beck, Oris Bruner, Rev. and Mrs. H. L. Thurston and the hostess, Mrs. Thomas.

LONG-TORSO AND FULL SKIRT—Women may swish their skirts again this spring, as designers, freed from government fabric restrictions, shoot the works on ruffles, frills, plaits and drapery. Highlights shown include Nettie Rosenstien's cutaway suit in navy wool with softly tailored jacket and front fullness in skirt; Omar Kiam's sheer flattery in an evening gown of pure silk white marquisette trimmed in black lace; Ann Miller's two piece dress of horizontal stripes with pleated skirt and beaded medallions on the elbows. All were shown in New York fashion openings for spring. (AP) Newsfeatures

Home Economics Department Has Monthly Meeting

The January meeting of the Home Economics Department of the So-ris club was held last Wednesday afternoon in the home of Mrs. Sibley Jines with Mrs. Mark Roehning, assistant hostess.

During the program hour Mrs. J. C. May discussed "The Use of Color in the Home." Mrs. Howard Holt's topic was "Collecting the Old and the Beautiful." "Art Objects for the Home" was the subject for Mrs. G. W. Cutler's talk. Harp selections were rendered by Mrs. T. B. Henshaw.

Members present were Mesdames Clifford Beck, Carl Blackmore, D. A. Caldwell, Geo. W. Cutler, Ray Grabeel, G. D. Holt, Harold Kershaw, J. C. May, Lloyd Phillips, O. C. Shearer, L. D. Stinson, E. W. Thomas, J. H. Woodward, Clarence Neufeld, J. W. Putman, John Sell, a new member, Mrs. Orlan Bell, and Mesdames T. B. Henshaw, Sidney Jines, Dwight Sims, and R. W. Boal of Greenburg, Kans., visitors.

Mrs. Baumann Is Surprised

January 20 Mrs. C. H. Neufeld planned an evening for friends to honor Mrs. L. D. Baumann. Lester had told his wife they were going to the movie, but that he had a few business calls to make first, one being at the Neufeld home. She waited in the car until Mrs. Neufeld insisted her friend come in.

Then the other guests, Mr. and Mrs. D. R. Gauthier and Mr. and Mrs. A. P. McElvey and Betty Ann, began to arrive. All of a sudden they were singing "Happy Birthday to You." Mrs. Baumann was the most surprised person ever. Then she asked the Neufelds' small son, Don, why didn't you tell, he answered, "Because I didn't want to."

A delightful time was spent playing Chinese checkers, "42" and relating various happy incidents until the hostess served tasty refreshments of toasted sandwiches, pineapple cream fluff, coffee and the delicious angel food cake for which she is noted.

Ochiltree HD Club Meeting

Mrs. Oscar Blank was hostess for the meeting of the Ochiltree Home Demonstration club at her home Friday afternoon.

Informal hours were spent discussing plans of the club and the members for the coming year. The next meeting will be in the Lounge at Perryton on February 7 with Mrs. A. L. Carter, hostess.

The refreshment plate was served to Mesdames Kirt Williams, J. R. Gunter, Robt. Thurman, A. L. Carter, Delbert Davis and Fred Pashgoda, a guest.

Mrs. Ruth Seitz and Mr. and Mrs. W. E. McMillen were in Canadian Sunday to visit Mr. and Mrs. Bruce Seitz. Young Mr. Billy Bruce Seitz returned to Perryton for a few days visit with his grandmother and Mr. and Mrs. McMillen.

Mrs. D. D. Shanks Entertains County HD Council at Luncheon on Saturday

Mrs. D. D. Shanks was hostess for a one o'clock luncheon on Saturday afternoon at one o'clock for members of the Ochiltree County Home Demonstration Council Miss Dorris Leggett, District One Home Demonstration Agent was a special guest.

Miniature snow men decorated the tables and a friendship tree with multicolored apples for buds completed the decorations. The sashes from the tree were given as individual favors to the guests. Mrs. Shanks gave all the necessary instructions for planting and cultivating a friendship tree; the most important word of advice was "You have to Love People."

Following the luncheon, the council members and their guests gathered at the lounge room for the first meeting of the new year. Mrs. Amos Morris, president led the group in repeating the "Club Collect."

The expansion and education report was given by Mrs. Charles Selby and the budget for the year was presented by Mrs. P. W. Wernske, finance chairman. Mrs. E. N. Flathers read a letter from Mrs. Carl McDowell, vice president of District One, and Mrs. Virgie P. Wheeler discussed the duties of club presidents, council delegates and committee chairman.

Miss Leggett, spoke briefly following official adjournment, on Extension work in general and she stated that the meeting of the Ochiltree County Council was one of the best she had ever attended and complimented the women on the efficient manner in which they carried on their business.

In attendance were Mesdames Al Ackley, Oscar Blank, Fred Moses, H. W. Bagely, C. E. Haar, M. S. Hummer, Charles Selby, J. E. Callihan, Robert Barlow, P. W. Wernske, Amos Morris, John Schoonover, Virgie P. Wheeler, Martin McCarter, Delbert Davis, E. N. Flathers and Miss Leggett.

Four Honorees at Birthday Party

The employees at Baumann Cleaners and the next door business neighbors got together at the Lester Baumanns' January 16 to celebrate four birthdays.

Games of "42", rummy and Chinese checkers, were played into the wee small hours.

The party was given in honor of Dick Gugliotti, Roy McCarty and Morris Moore; Mrs. Baumann's birth date is the same as Roy's.

Blue, pink, white and yellow color scheme was carried out in the beautifully decorated cake and in the table appointments. Savory chicken salad, toasted crackers, fresh strawberry whip, coffee and fresh slices of birthday cake were served to the guests of honor and to Mr. and Mrs. Alvin Koehn, Mr. and Mrs. Jack Herndon, Mr. and Mrs. Lee Little, Mr. and Mrs. Thomas Crunk, Miss Lou Rae Jennings, Miss Mary Ruth Taylor, Mrs. Gugliotti and Mr. Baumann.

Mr. and Mrs. Leland Horne have moved to Webster, Texas, where Mr. Horne has assumed his duties as assistant superintendent of the Baytown Boy's Home.

Miss McCarter to Wed February 16

Mr. and Mrs. W. M. McCarter are announcing the engagement and approaching marriage of their daughter, Willie Rae to Jack E. Tregallas, son of Mr. and Mrs. E. R. Tregallas.

The vows will be read in the First Methodist Church, Perryton, on Feb. 16, 1947.

Following her graduation from Perryton high school in 1941, Miss McCarter attended Amarillo Business College and has been employed by the Natural Gas Pipeline Co. of America for approximately four years.

Mr. Tregallas, who had attended Panhandle Agricultural Agricultural and Mechanical College, Goodwell, Okla. two years, was called into service while he was in college, and received his discharge from the Air Corps in July, 1946.

Third Birthday Party Tuesday

P. T. A. Meets Jan. 27

The Parent Teacher's Association will meet on Monday evening, January 27, at seven o'clock in the high school auditorium.

The discussion topic will be "Training for Economic Efficiency," and C. H. Williams will present various viewpoints. The pupils of Miss Madeline Colbert will also present selections.

All parents are cordially invited to attend.

Miss Betty Hall And Darrell Hill Wed December 27

Miss Betty Hall, daughter of Mr. and Mrs. A. M. Hall of Booker and Darrell Hill, son of Mr. and Mrs. S. K. Hill of Perryton were married in a ceremony of simple beauty at the First Baptist Church of Perryton on Friday evening, December 27.

Rev. J. A. Land of Booker was the officiating minister for the double ring ceremony.

Preceding the ceremony, Miss Carol Lawrence, organist, played nuptial selections while the candles were being lighted by Melton Hill, brother of the bridegroom and Warren Neiden of Booker. The tiered cathedral tapers and baskets of poinsettias decorated the altar where the vows were exchanged.

Miss Shannon Daniel, soloist, was accompanied by Miss Lawrence as she sang Irving Berlin's "Always." Miss Lawrence played the traditional wedding marches and a soft musical accompaniment during the ceremony.

Miss Norma Jean Neiden of Booker was the bride's only attendant. She was attired in a gray pin stripe suit with aqua accessories and her corsage was of white carnations.

Attending the bridegroom was John Plummer. Ushers were Melvin Shouse and Ralph Hutchinson of Booker.

For her marriage, the bride chose a slate blue dressmaker suit complemented by white accessories. Her "something old" and "something borrowed" was a gold bracelet belonging to her mother. The white Bible she carried was topped with red roses from which extended white satin streamers.

Mrs. Hill, the bride's mother wore a black crepe dress with matching accessories and a corsage of peach gladioli. Mrs. Hill, mother of the bridegroom chose a black dress and red accessories; her corsage was peach gladioli.

At the reception in the church entertaining rooms which followed the ceremony, Mrs. Shelly K. Hill, sister-in-law of the bridegroom, presided at the punch bowl and Mrs. John Plummer served the cake.

Mrs. Hill is a graduate of Booker high school and has been employed by the Booker Food Bank during the past year.

The bridegroom, a graduate of Perryton high school, has been released from the Navy after two years service.

The couple are at home in Perryton where Mr. Hill is associated with his father in farming.

Birthday Dinner

Members of the Swink family spent an enjoyable day recently when they gathered at the L. L. Swink home to help Mr. Swink celebrate his birthday.

TEXANS IN WASHINGTON

BY TEX EASLEY

(AP Special Washington Service)

WASHINGTON, Jan. 14 (AP)—The new congressman from Dallas, 45-year-old lawyer Frank Wilson, looks like a combination of Clark Gable and an ex-sheep Jess Sweeten of Athens.

Most Texans know of the daring two gun totin' Jess Sweeten.

"Now you don't have to drag in Gable," says the 6 foot 2 legislator. "You can tie me up with Jess Sweeten. Boy, there's the bravest man I ever knew."

Wilson is a versatile man, it develops, as you get to know him.

In the legal profession he has an enviable record. In 1942 he was president of the Dallas bar association of 1,035 members. In 1943 and early 1944 he served as a special district judge in Dallas county.

An enthusiastic sportsman, he goes in for golfing, hunting, boating and other activities . . . by spells, that is. Right now it's golfing.

His charming wife, who was born in Alba and was working as a secretary in the Bureau of Internal Revenue in Dallas before they were married in 1926, has a word on this point.

"He's always going to extremes," she says, smiling as she tells off on him.

"He started out once with an out-board motor and ended up with a \$1,400 speedboat on White Rock Lake. After two years of that he sold the boat for \$400."

She admitted, though, that she and their children thoroughly enjoyed the boating. Their son, Frank, Jr., who was fatally wounded on Christmas day of 1941 by a new gun, and his father were constant boating companions during spare hours. A daughter, Marian Sue, is 14.

From his looks, you wouldn't associate the stalwart, 207-pound Wilson with farming. But he not only owns a farm and ranch, he can work them himself if necessary.

On one occasion the hired help at his Coppell farm, 15 miles from downtown Dallas, left him for higher wages in a war plant. Crops and livestock had to be tended, so Wilson took over the job.

With understandable pride Mrs. Wilson recalls that episode, as if to make up for giving away her husband's trait of going to extremes.

"He took over and ran the farm himself for two months," she related.

"He would stay at his law office during the day, rush home early, change clothes and drive out to take care of the cows and hogs and look after the land we had in cultivation. "For those two months he slept nights in a cabin on the farm. He got up early to milk and feed, and then dashed back into town in time to say 'Good morning Mrs. Wilson, any breakfast for the hired hand?'"

That went on until he injured a foot while operating a tractor. Then he managed to find some help.

There's still another accomplishment, although he tries to keep it secret. He plays the piano, and plays it well. And in the mood for singing, he releases a resounding baritone.

Born March 18, 1901, in Corsicana, Wilson moved with his parents to a ranch in Collingsworth county while a boy. He attended public schools in Memphis, Tex., later he went to Peacock Military College in San Antonio and was in Army Student Training Corps at Tennessee Military Institute at the close of World War I.

He was one of seven students who comprised the initial law classes at Baylor University. His classmates, all of whom graduated in 1923, includes Judge D. W. Bartlett of Waco; William Sleeper, Veterans Administration attorney at Waco, and former Wise county attorney Jennings Brown of Decatur.

His present job is the only elective post Wilson ever sought, but he didn't get it on the first try.

"The report got out two years ago that congressman Hutton Summers was going to retire," he recalls. "Some friends persuaded me to get into the race. I did, but the judge beat me. He just got the 'mostest' votes."

When Summers (announced last spring that he was voluntarily retiring after 34 years in the house, Wilson tried again.

Frank Wilson, as you might suspect, has some very definite ideas.

Like many a newcomer to congress, he represents the old seniority rule which virtually ignores the abilities of a freshman member and sometimes elevates men with lesser talent to important positions.

Wilson says he is going to keep

quiet for awhile—"But if someone doesn't introduce sound legislation to curb strikes and help get full production underway, the kind of legislation I think is needed, then I'll introduce it myself."

"I know you have to be realistic," he adds, "and that you actually might hurt your own cause by jumping in ahead of the Republicans when they hold the upper hand."

As a former judge and lawyer, he says there is a question in his mind whether the Supreme Court will uphold the lower court in the injunction suit involving John L. Lewis and the United Mine Workers.

He believes the Norris-LaGuardia Act should be amended to remove all doubt whether the government can get an injunction against strikes.

He holds that every man has the right as an individual to refuse to work but that labor unions should be held responsible for their deeds under anti-trust laws no less than is management.

Christian Science

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 26.

The Golden Text is: "It is the Spirit that beareth witness, because the Spirit is Truth" (1 John 5:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Teach me thy way, O Lord; I will walk in thy truth" (Psalms 86:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If God, the All-in-All, be the creator of the spiritual universe, including man, then everything entitled to a classification as truth, or Science, must be comprised in a knowledge or understanding of God, for there can be nothing beyond illimitable divinity" (page 127).

* The olive tree does not produce profitably before its seventh year nor fully until its thirteenth year. It produces plentifully after that.

don herold says:

I wish you were a millionaire

This may sound crazy in this day and age, but I wish there were 100 times as many millionaires in this country as there are today.

I wish you were one. I wouldn't mind being one myself.

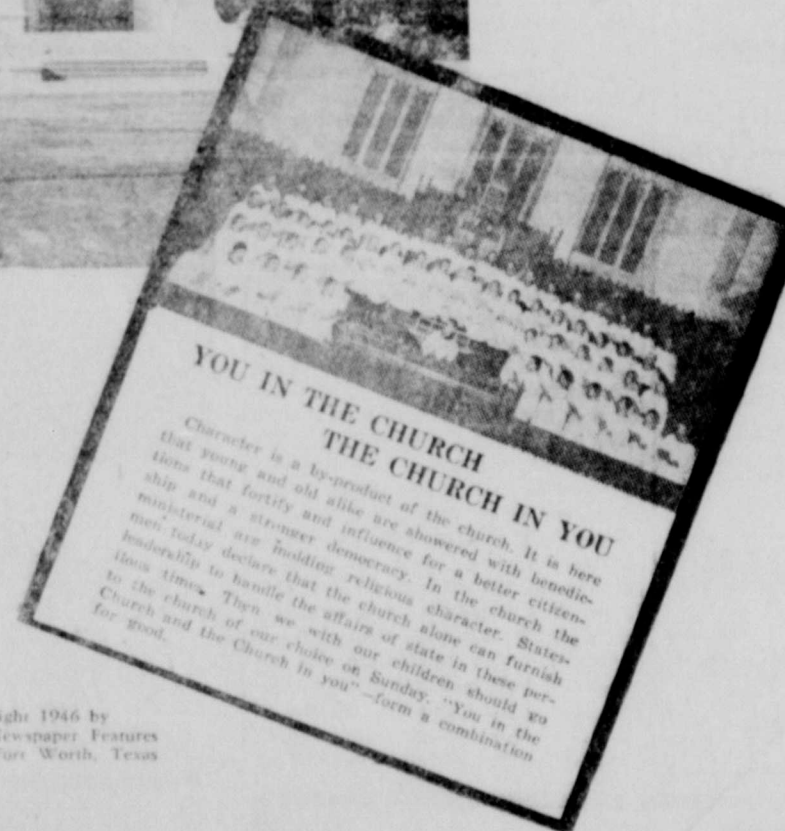

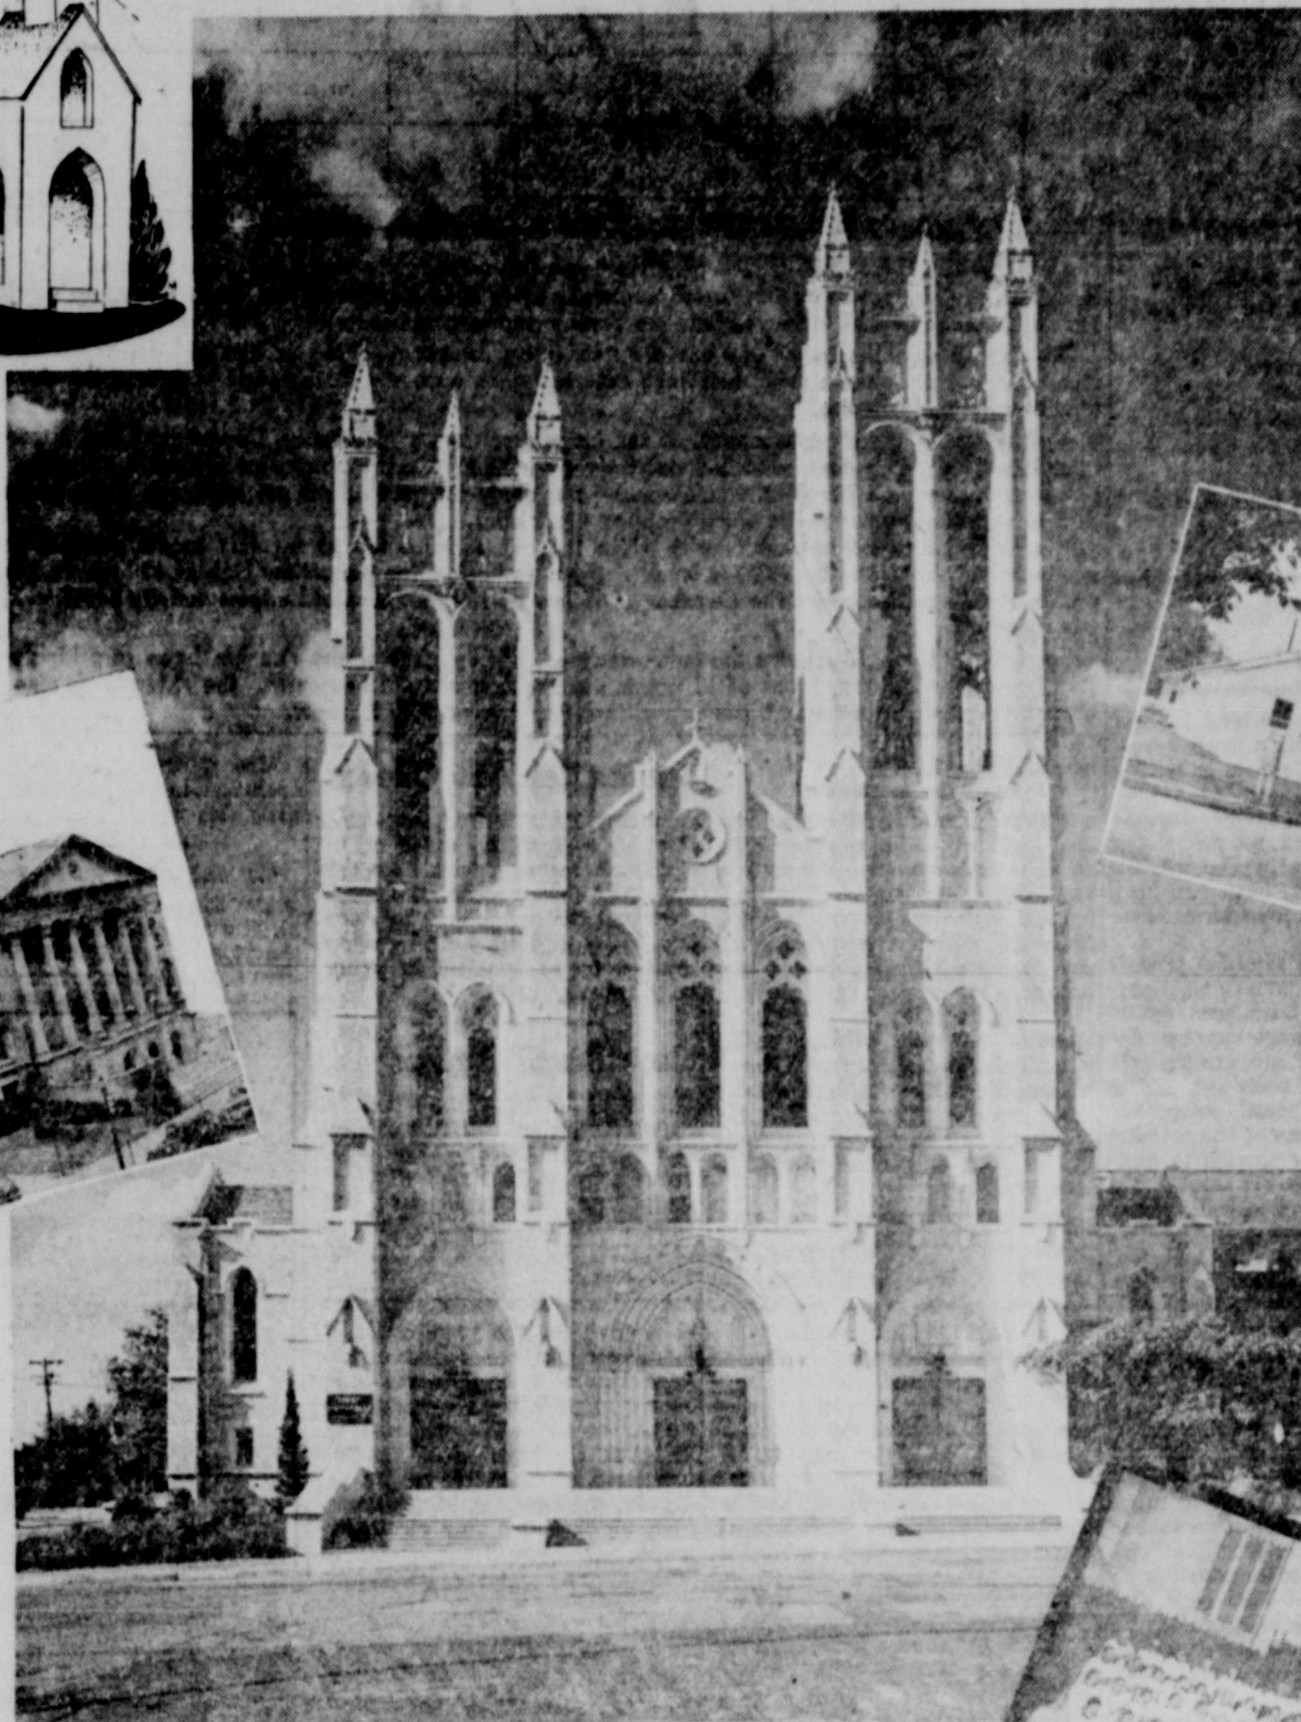

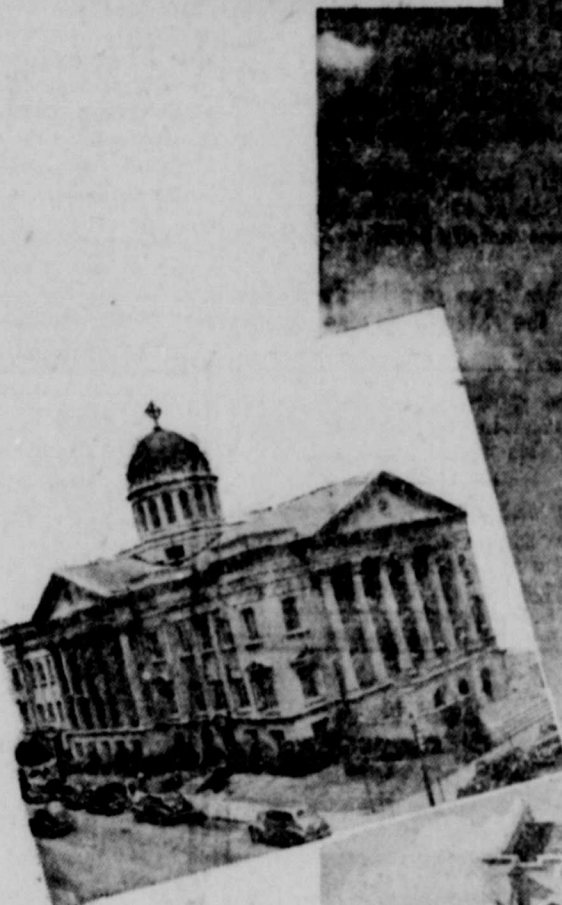

My theory is that almost every millionaire helps other people make money. Whether you like millionaires or not—most of them build businesses, set wheels turning, give jobs.

I don't mind if you make a million dollars if, in so doing, you add to the general activity and prosperity of America.

The amount of money to be made in America is not limited. We could make a total of 300 billion a year if we all worked hard and had good, energetic leadership.

HIS TEMPLES of WORSHIP

Pictured here are various types of churches, ranging in cost from a few hundred dollars to over a million. The imposing structure in center is one of the most beautiful in America. Its physical equipment consists of almost everything possible for man to build into "His Temple of Worship."

Elsewhere on this page are pictured other types of churches in different cost brackets. You'll find in every community in America a church suited to the likes of those it serves.

A community without a church would be a poor place to live indeed. In city or hamlet throughout this land you'll find the rich and the poor flocking to the church of their choice on Sunday with a common faith and a common purpose.

The church points the way to a fuller and more useful life. Attend your church every Sunday.

Can It Happen Here?

CAN IT HAPPEN HERE—"Planned Economy" on the farm? THE LABOR-SOCIALIST GOVERNMENT of Great Britain has announced its plan to strictly control the nation's agriculture. The farmers will be told what to plant and how to run their farms—and if they don't do as the government says, they will be put off their farms.

"PLANNED ECONOMY" THERE robs the farmers of their individual choice—they will obey the government edicts, or else! "PLANNED ECONOMY" ALWAYS comes with glittering and attractive promises, its denunciation of competition, its sneer at the "profit motive."

IT SEEMS THAT IT CAN END with a man and his family being put off their land.

Babson Warns Management

ROGER W. BABSON, Editor-in-Chief

BABSON PARK, Fla., Jan. 17—With a Republican Congress and the public trend toward conservatism, industry will be getting back again a measure of its beloved freedom of enterprise and freedom from controls at a very difficult time. We are ending a period of rising prices. Following the law of action and reaction, we are heading toward a period of declining prices.

AUSTIN, TEX., Jan. 15—(AP)—After declining for two months the index of business activity in Texas compiled by the Bureau of Business Research activity of The University of Texas turned up sharply from 179 in October to 187 in November, the Bureau announced.

The Bureau said the index was based on six series representing the various aspects of business in the state and that since these series had been adjusted when necessary for seasonal variation, the rise was not a purely seasonal increase.

All but one of the six components of the index rose during November. Department and apparel store sales increased 8 per cent, miscellaneous freight carloading in the Southwest district 7 per cent, electric power consumption 6 per cent, employment 4 per cent, and pay rolls 3 per cent. The only component to decline was crude runs to stills which dropped 4 per cent.

The almost complete unanimity with which the components turned up this month carried the composite index above the September level, and not far below the peacetime high of 190 reached last August. In the 13 months since the October 1945 low of 160 the index of business activity has risen 27 points per month.

For four of these 13 months the index declined, but in general the rise has been surprisingly steady. The September-October break of 11 points was the worst in 13 months, the March decline having brought the index down only 5 points and the May decline only 7 points.

Republicans Beware!

A Hormel plant in Minnesota was able to slaughter less than one sixth of its usual weekly number of hogs and cattle. But employees in that plant, though working less than two hours one week, received full week's pay. Under continuous similar conditions a guaranteed pay plan of this sort might ruin a business. However, the need of soon finding a mutually satisfactory plan would be desirable. Since it is something labor so desperately wants, the Republicans will be wise to help work out as good a plan as possible in this direction.

Business must operate with reasonable freedom and yet without the narrow, Godless point of view of each for himself. Such a shortsighted attitude has characterized too much labor and business leadership in the past. These questions must be tackled with vision and wisdom for industry to work out a plan of cooperation and fair-play all around. Management must succeed in this as both government and labor have failed. Only by so doing will a period of profitable prosperity

be assured for the years ahead. If industry muffs her opportunity to solve some of these problems, management may lose the confidence of the American people and also the thing it cherishes most dearly—freedom of enterprise. More To Teaching Than Pay, Says T. U. Professor

AUSTIN, Tex.—A recruitment program in Texas high schools emphasizing the advantages of teaching has been proposed by Dr. C. C. Colvert, professor of educational administration at the University of

Texas. "We should quit talking teaching as the worst paid profession and emphasize it as a profession and a satisfaction," he said. "It is a profession that requires general knowledge of teaching, contracts, and teacher's union, for these things give prestige and security to the profession. Teaching should be a real profession, backed by adequate pay."

Story of the Flying Tigers Comes to Ellis

"God Is My Co-Pilot," Col. Robert Lee Scott, Jr.'s best-selling autobiography on which the Warner Bros. film is based, is his own personal story, told in the words of a fighting man.

The film which shows at the Ellis Theater Thursday-Friday, January 30-31, stars Dennis Morgan in the role of Scott, pilot of a rugged Curtiss P-40, and features Raymond Massey, Dane Clark, Andrea King and Alan Hale in supporting roles. Col. Scott's tale is a record of courage and a boy's long-lived desire to fly. Scott's education in flying included the dangerous post-graduate work of "taking over" during the bitter winter of 1934 when many Army pilots died, learning to fly the mail. He tells of other ordeals—lonely nights of celestial navigation, fighting ice on his wing tips, crossing through treacherous down drafts and fighting the Jap in the bloody skies over China.

There are many great fighters in Col. Scott's story. Some, like General Claire Chennault, are familiar while others, like Ed Rector, Johnny Petach and Tex Hill, unsung until now, will also find a place in your heart. Here are the men who are winning tremendous victories, keeping open the lifeline of the Burma Road, keeping China in the war.

Crime Doctor Gets Mixed Up In Triple Murder

That super-sleuth of radio and the movies, Dr. Robert (Crime Doctor) Ordway, returns as the central figure of Columbia's "Crime Doctor's Manhunt," new film spine-chiller which plays at the midnight preview, Saturday Jan. 25 at the Ellis Theatre. Latest in the screen series based on the radio program "Crime Doctor" by Max Marcin, it stars Warner Baxter as the famed psychiatrist while featuring Ellen Drew, William Frawley, Frank Sully and Claire Carleton.

The Crime Doctor is famous for getting tangled in the weirdest webs of mystery, and his latest adventure is in keeping with that reputation. Treatment of an amnesia victim starts him on a man hunt, and before he's gone very far, he's mixed up in a triple murder. The clues are vague, the killer elusive. As the yarn progresses, it reveals more twists than a country lane. And there's a goose-pimples finish full of surprises, which won't be divulged at this time.

Poland is Getting German Factories

WARSAW (AP)—Poland is getting nine machine factories from the Russian zone of occupation in Germany as part of her share of war reparations, says the newspaper Rzeczpospolita.

The factory equipment includes 2,500 lathes. Five factories produce aircraft parts, two for metals and another produces chemicals.

Magnetic Traction May Keep 'Em Moving

LONDON (AP)—The Russian embassy publication, Soviet News, reports the latest Soviet automotive development is a streamlined coach drawing its power from a high-frequency cable beneath the road's surface.

Currently on display at Moscow's automobile research institute, the car has an apparatus which picks up the cable's magnetic field and transforms it into mechanical energy.

Demonstrators claim the magnetic-powered car is cheaper to produce and operate than the present automobile. With high-frequency cables laid beneath streets, they say the new vehicle will, make both overhead trolley-bus wires and fume-producing automobiles obsolete.

Grain of Truth about Moonshining

DUBLIN (AP)—Shortages of grain have disturbed the stillly nights of moonshiners.

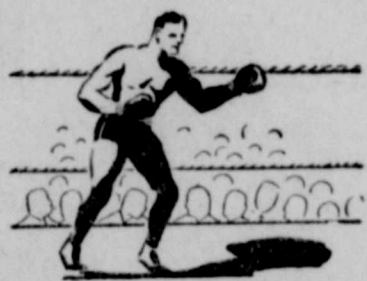

There were only 35 prosecutions in 1945 for making bootleg liquor, compared with 164 in 1941, a review of the Fire Commissioner of Police has disclosed.

"This may be through the scarcity of raw materials used in the manufacture of illicit spirits and the increased difficulty in obtaining them," the review pointed out.

Near Blind, He Covers 20-Mile Paper Route

BRIDGEPORT, Ala. (AP)—Nearly blind, John Luther Hart of Bridgeport has delivered newspapers over a 20-mile route in a cart for 22 years and has missed only 11 days.

Daily at 3 a. m. John hitches up his little pinto, Dot, to his cart and starts out over the rolling northeast Alabama countryside. He usually completes his delivery duties in about 10 hours.

Legion Survey Shows More than 100,000 GI Babies on Campuses

INDIANAPOLIS, Ind.—There are more than 100,000 GI babies on the campuses of American colleges today.

This estimate was made by Miss Emma C. Pugh, national child welfare director of The American Legion on the basis of the tabulation of the names from the first 62 colleges and universities to reply in the GI campus baby survey she is making.

Director Buschner said the reports indicate that about 30 per cent of all GI students at colleges today were married and about 30 per cent of them have babies.

Replicas of college presidents and deans contain many expressions that the million or more veterans now enrolled in the nation's colleges are a self-reliant lot, who if given half a chance, will solve their own difficulties of readjustment in crowded university towns.

The reports show, however, that overtaxing of medical facilities, difficulty of stretching the \$90-a-month allowance of married students to meet present prices, shortage of housing and the difficulty of finding space, equipment, qualified personnel and finances for day nurseries, constitute the major campus problems of married students. The survey disclosed that many college authorities were worried about

Working as a Western Union messenger, he spurred ice cream and movies. In a year and a half he saved enough to buy a BT-13 for \$450. Another \$150 put it in shape for a license. Not long ago he soloed for the first time and now he is saving again. The plane burns about 25 gallons an hour, he explained, and this takes money.

Veterans' NEWS

The Veterans Administration is training many doctors in Texas, Louisiana and Mississippi in psychiatric work because of the national shortage of trained psychiatrists. Dr. Oscar E. Hubbard, chief of VA's Neuropsychiatric Division in the Dallas Branch Area, said.

About 4,000 veterans are now in VA hospitals in the three states for treatment of neuropsychiatric troubles. It is anticipated that many thousands more will require treatment on an out-patient basis in the mental hygiene clinics VA is establishing in the Southwest.

William Bendix, the stage and screen star, is coming to the Southwest to visit patients in Veterans Administration hospitals. Roy E. Berry, VA's Special Services Director at Dallas, reports.

The actor is booked for visits to hospitals at Dallas, Amarillo, New Orleans and Jackson, Mississippi. He will be in the Dallas Branch Area from January 19 through Jan. 28.

Women veterans, who are entitled to the same medical care as male veterans, in addition may receive treatment for non-service-connected disabilities from private physicians and in civil hospitals, VA reports.

VA estimates the potential load of women war veterans in the United States at 350,000. As of November 30, VA had only 1,339 women patients.

Veterans can speed up the service they receive from the Veterans Administration by taking extra care to identify themselves in their correspondence with that agency. Jefferson E. Kidd, Director of contact and administrative services in the VA's branch office at Dallas, reports.

Kidd advised all veterans to give their full name and the identifying VA file number when writing to the VA about their insurance, pension claims or other GI benefits.

"If the veterans does not have his file number, he will get a more prompt reply from us if he gives his date of birth, his service serial number, his date of enlistment or discharge from the service or some other information to help us identify his file," the VA official said. Trains So Slow Cattle Arrive Dead

SAO PAULO, Brazil (AP)—Cattle men here are complaining strongly about transportation difficulties. A train with 500 head of cattle loaded at Barretos arrived with only 392 alive, a loss of an estimated 30 tons of meat. Thirst, hunger, high temperature and the slow speed of the train were blamed.

Shortage Hits Polo

NEW YORK (AP)—The polo season may force indoor teams to switch to softball for lightning fast game. The polo ball is a tiny inflated ball-type pellet. Stocks are low. The ball can be hit 100 mph on the fly.

Results prove that polo is a game for the brave. Herald wants ads.

Acting in Bed is Very Tough Work Says Anne Baxter of Hollywood

BY GENE HANDSAKER

HOLLYWOOD—Acting in bed is tough work. Anne Baxter told me on the set of "Blaze of Noon," where she had just given birth to a baby. In the picture that is, far from being the snap it would seem horizontal emoting is difficult because you're too relaxed. "Ann beamed from under her hospital coverlet. 'To be at your best, you have to be on the qui vive,' she said. 'Lying down, your voice loses its timbre. You perspire, and you get terribly tired.' With several hot lights beating down, she turned back her two blankets to show that, besides a hospital gown, she wore pajamas and stockings. A make-up man hovered nearby, blotting the moisture off her face between takes. Ann speaks out of experience. In 'The Sullivans,' she had a baby. In 'Guest in the House,' she reclined on a couch. In 'The Razor's Edge' she was shown in an emergency hospital with a make-believe broken arm. 'And that's another thing,' Anne recalled, 'that cast gets awfully heavy.'

Not long ago she went to a real hospital to have her real-life appendix removed. All in all, she'd rather do her acting on her feet.

Mr. and Mrs. Ray Grabeel and Mrs. George Cutler were in Shattuck Monday to visit Mrs. W. C. May, who recently underwent surgery in the Shattuck Hospital. They also visited Mrs. Claud Schell, who is also a patient in the hospital there.

HEADACHES IN ALL LANGUAGES—French-born Lucie de Vienne Blanc has one of the United Nations' toughest jobs. She runs a typing pool of from 100 to 200 girls who come from England, France, Belgium, Dominican Republic, Canada, Puerto Rico and Cuba. It is her job to see that hundreds of documents are in the right place at the right time, correctly typed in the right language. In addition to her job—an eight to 16 hour stint—she runs the United Nations' choral group, keeps house in New York, and finds an occasional hour for her hobbies, water colors and photography. (U.P. Small Town Gals Win Vote Contest; Get a Case of New England Syrup

WASHINGTON—The Claremont, Calif., League of Women Voters has won a sweet bet from a sister organization in a town of the same name in New Hampshire.

Last spring the New England town began kidding the California town about its smaller size and lack of historical background.

The banter was confined to the newspapers of the towns until Sept. when the league of Claremont, California, challenged the league of Claremont, N. H., to show its superiority by getting out the largest percentage of registered voters for the November election.

The challenge was accepted. The wager was a crate of golden Calif. oranges against a gallon of genuine New England maple syrup.

Both leagues worked like mad

Voting booths were set up, door-to-door campaigns were staged to arouse the voters. Interest was fanned by local newspapers.

The day after election, Claremont, N. H., wired its California sister that 56.5 percent of its eligible voters had gone to the polls. Elatedly Claremont, Calif., replied:

"We win; 72.7 per cent of our voters really voted."

New Hampshire conceded and offered to send a case of syrup instead of one gallon.

Population of Claremont, N. H., 12,144. Population of Claremont, California, 3,067.

Cement-Mixed Rubble Rebuilds German Home

FRANKFURT (U.P.)—Germans are rebuilding their homes from their salvaged rubble in Wuernttemberg-Baden, a military government report shows.

A growing source of building material is the crumbled debris of war-damaged buildings, the report said. Crushing the rubble and separating it from the twisted metal they mix it with cement to make concrete bricks, tiles, hollow block stones and ceiling beams.

One Stuttgart plant alone produces 40,000 roofing tiles, 100,000 bricks, 3,000 hollow block stones and 300 meters of ceiling beams monthly from rubble.

Mr. and Mrs. Elmie Osterbuhl, Mr. and Mrs. Hippie Osterbuhl and Mrs. Maria Dorn of Franklin, Neb., visited in the O. A. Schuster home last Tuesday and Wednesday.
