Four Killed In Wreck Here Saturday

Maritime Workers to Resume Parleys

LABOR SECRETARY ATTEMPTS PEACE BETWEEN GROUPS

Request Employers Study Desires Of Workers

LEADERS BALK

Unions Refuse Move To Discuss The Issues

WASHINGTON, Oct. 31. (AP) — Secretary of Labor Frances Perkins Saturday made public a telegram from the joint maritime strike committee on the west coast in which it was said the negotiations settlement could be resumed if "employers give a sincere expression of real desires rather than continue to say there is no fundamental union principles."

The secretary made a request for the unions to discuss the problems involved in a strike of 37,000 workers.

The coast committee for shipowners urged negotiations during 60 days preceding the walkout. Union leaders balked, contending they could not arbitrate "fundamental issues."

A six-hour day and overtime pay for longshoremen were granted in a settlement of the 1934 strike.

About 37,000 maritime workers, sailors and longshoremen, stayed away from their jobs Saturday for the second straight day after their union leaders failed to reach an agreement with ship owners on wages, hours and working conditions. An old agreement, extended at the request of the federal government, expired Thursday mid-night.

SHORE BATTERIES REPULSE REBEL TROOP SHIP

Efforts to Land Men Defeated By Loyal Artillery

By Associated Press

Spanish shore batteries on the Bay of Rosas drove an insurgent destroyer away Saturday after the warship, in an apparent attempt to land troops, shelled fishing vessels, killing several.

Thousands of troops were moved from Barcelona, where President Manuel Azana, Spain, has established offices, to repulse the landing attempt.

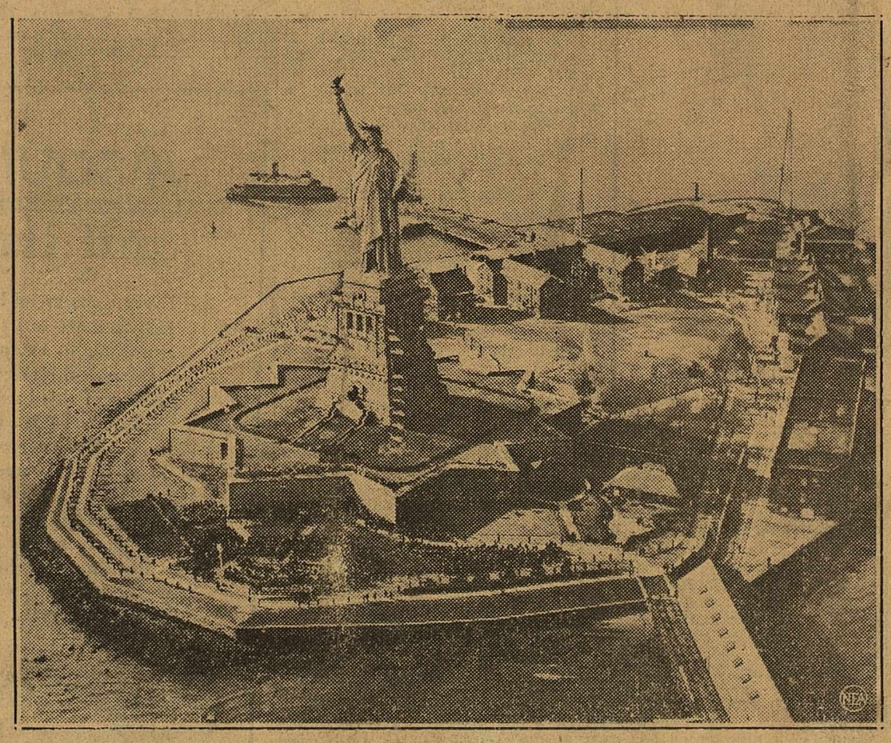

In besieged Madrid, authorities moved to quiet reports Fascist sympathizers inside the city had thrown bombs from rooftops during a sudden raid. Over 165 were killed during the raid. Officials said the bomb throwing reports were untrue.

Fascist war planes killed 18 children and 15 adults, mostly women, in raids on Madrid Friday. Two insurgent planes, in their two visits Friday for the first time dropped bombs instead of propaganda leaflets.

The first swooped down on the near-by suburb of Getafe, their bombings killing 18 persons and wounding four. Eight of those killed at Getafe, on the outskirts of Madrid, were children and six were women.

Intermittent raids by the planes took the heavy toll of Madrid citizens. The city was in terror and thousands fled the deadly rain from the planes.

Goddess Rededicated With Impressive Rites

Rededicated to the principles for which it stands, the statue of the Goddess of Liberty, with torch held high, here is shown in an air view with the throng which gathered before it for the impressive rites, President Roosevelt playing the leading role as speaker. The event celebrated the 50th anniversary of the placing of the gigantic symbol on Bedloe's island in New York harbor.

PRESIDENT AND FOE PREPARING FINAL SPEECHES

GOP Leadership Is Denounced By FDR

By Associated Press

President Roosevelt and Governor Landon prepared for their final major campaign speeches Saturday night as indications pointed for a record vote of 45,000,000 persons.

Roosevelt denounced the republican leadership Friday night at Brooklyn, saying that it was driven by "sinister forces" opposed to social legislation. He was to speak at Madison Square Garden last night.

Landon was scheduled to speak last night at Saint Louis. He appealed for the support of "real democrats" as he campaigned through West Virginia enroute.

Gypsy Invited

A graduate of the strip-tease ranks in burlesque, Gypsy Rose Lee, above, was chosen to lead the grand march at the senior formal dance of Columbia University. Jointly invited with Miss Lee, who now is a Follies headliner, were Mae West, Marlene Dietrich, and Claudette Colbert, all film stars. The annual dance is one of Columbia's brightest social functions.

3 Others Hurt In Head-On Crash

Four persons were killed, two others are in local hospitals, one of them critically injured and a seventh person was hurt slightly in a head-on collision about one mile east of Midland at approximately 7:15 o'clock Saturday morning between a sedan carrying six persons and a truck One of the victims died instantly and the others died shortly after being placed in hospitals here.

The dead:

Harvey Davis, 38, 1303 Sante Street, Los Angeles, California.

Mrs. Harvey Davis, 42.

Miss Wilma Hines, 30, 1800 E. Corrine street, Long Beach, California.

W. B. McAnelly, Hot Springs, Arkansas.

The injured were:

Carmon Anderson, Rising Star, Texas.

Wayne South, 313 E. 10th Street, Long Beach, California.

Robert H. Miller, San Antonio, Texas.

South is the more seriously injured of the three, doctors giving him only an even chance of recovery. Miller's injuries are not considered to be fatal. Anderson, driver of the truck, was not seriously hurt.

According to investigating officers, the car bearing the six persons was headed east while the truck was headed west. Anderson was reported to be carrying a 7,000 pound load of oil well pipe and a separator to Royalty from Rising Star.

The occupants of the death car left Los Angeles Thursday night enroute to four different places, agreeing to share expenses enroute. Davis and his wife were going to Fort Worth, South and Miss Hines to Memphis, Tennessee, Miller to San Antonio and McAnelly to Hot Springs.

The reason for the accident was not cited but officers quoted Anderson as telling them the tourists attempted to pass him at a high rate of speed on the wrong side of the road just as he swerved his truck to the right. McAnelly was reported to be driving the car at the time.

The impact of the crash threw Anderson out his left door but his feet caught on the door, thereby preventing him from falling under the wreckage. Both car, property of Miller, and the truck, the property of L. A. Delaney, Rising Star, were practically demolished, the motors of both being pushed back into the body.

Wives of McAnelly and Miller were located Saturday and notified officials they were enroute to Midland.

A sister of Davis is believed to be living in Fort Worth and a search is being pressed for her to notify her of the death.

El Paso Minister to Conduct Revival at Presbyterian Church

The Rev. W. Bristow Gray, D. D., Pastor of the Manhattan Presbyterian Church of El Paso; one of the outstanding Ministers of the Southern Presbyterian Church, a powerful preached filled with the spirit, will bring the Gospel messages in a revival and evangelistic meeting beginning at the First Presbyterian church, Monday November 9, and continuing for ten days.

Rev. W. J. Coleman, pastor of the local church says:

"We realize the need for this combination meeting. Professing Christians must be "revived" for spiritual life seems to be on a low ebb indeed. Then of course the time is always opportune for evangelism since that has been commanded by the Master as the real aim of Christians."

There will be two services each day. The evening service, beginning at 7:30 o'clock will consist of congregational singing and special musical numbers arranged and directed by Rev. W. R. Mann, and a sermon by Doctor Gray. The morning service will be largely a spiritual analysis of the Word of God under the direction of Doctor Gray, and will probably be at 10:00 o'clock.

Rev. Coleman says the entire public is invited to attend every possible service, and all Presbyterians are expected to do so, in the name of our Lord."

Initial Gauge On Cochran Well 115 Barrels Per Day

BY FRANK GARDNER

The first 24-hour gauge after shot on the Cochran county discovery well, Honolulu, Cascade and Devonian No. 1 E. B. Duggan, showed flowing production of 115 barrels through casing. However, the bottom joint of 7-inch casing set at 4,918 was collapsed by nitro shot of 160 quarts from 5,019 to 5,060, and this condition is probably retarded the oil flow. The well flowed 41 barrels the next eight hours after the conclusion of the first 24-hour gauge, and operators shut it down pending delivery of a casing swage.

Immediately after the well was shot late in the week, it made two 2-minute heads, totaling an estimated 49 barrels, then bridged. Before shooting, it had been heading an average of 60 barrels per day from pay topped at 5,025 feet. It reached a total depth of 5,098 feet in lime and was plugged back to 5,068 to shut off a bailer and a half of salt water per hour.

The No. 1 Duggan is located in the center of labour 13, league 55, Oldham county school land, in the southeast part of Cochran county, and is the northernmost producer yet drilled in the West Texas Permian Basin. It is over 60 miles northeast of the Hobbs pool in Lea county, New Mexico, and 27 miles north of the Honolulu and Cascade discovery drilled early this year on the Bennett ranch in Yoakum county.

Southwest Hockley Test

In southwest Hockley county, 11 miles southeast of the Duggan discovery, the Texas Co. No. 1 Bob Slaughter, wildcat in labour 83, league 38, Zavalla county school land, is cleaning out, bottomed at 3,015 feet in salt and anhydrite.

Rapid progress is being made in the Uscan and Illinois No. 1 Brownfield, Terry wildcat in section 54, block K, public school land. It is now drilling below 4,528 feet in red rock.

The C. J. Davidson Drilling Co. is moving in material to the W. L. Pickens et al No. 1 Lewright and will spud with rotary in the near future. The No. 1 Lewright is located in section 1, block C-37, public school land, in southeast Terry county about 14 miles northwest of the Ray Albaugh et al No. 1 Robinson, Dawson county's bid for oil production.

It is rumored that the Albaugh well will be shot Monday. It has been standing for several days bottomed at 5,038 feet, with the hole nearly full of fluid. Three hundred feet of salt water on bottom is believed to be coming from behind casing. Location of the No. 1 Robinson is in the center of the northwest quarter of section 46, block M, E. L. R. R. survey.

Fuhrman Pool Extended

R. H. Henderson and others No. 1 Parker, new three-quarter mile southwest extension to the Fuhrman pool in Andrews county is showing for a sizeable well as it flows by heads while cleaning out 170 feet off bottom, still well above the best pay section. It was shot with 660 quarts of nitro from 4,190 to 4,556, the total depth, running running one and one-half quarts to the foot from 4,190 to 4,465 and three quarts to the foot from that point to bottom. It bridged after the shot and went in with drill-pipe to circulate and clean out. The extension producer is located in section 111, Parker vacancy strip, 212 feet south and 660 feet east of the southwest corner of section 25, block A-43, public school land.

Humble No. 9 R. M. Means, extension test at the northeast edge of the Means pool, is drilling below 2,917 feet in salt.

In Gaines county, Stanolind No. 1 Dewey Davis, is drilling ahead at 4,839 with no increase in an oil showing from 4,827 to 4,830. On the Seminole structure, Amerada No. 1-A Averitt is standing after cementing 6 5/8-inch casing at 4,812 with 125 sacks. Total depth is 4,814, approximately 100 feet above the point where the Walsh and Adams discovery well struck 12,000,000 cubic feet of gas.

T. P. No. 1 Bennett, diagonal northwest offset to the Yoakum discovery, is rigging up standard tools at 2,520 feet in salt.

New Ector Location

York & Harper, Midland operators, and Sloan & Zook, a Bradford, Pa. firm, have made location for the No. 1 Foster, a semi-wildcat test about a mile northeast of production in the Foster pool of Ector county. The test will be drilled 330 feet from the south and west lines of section 8, block 42, township 2 south, T. & P. survey by Harry Harper, contractor. Contract depth is 4,500 feet, to be reached with cable tools.

Stanolind No. 2-B E. F. Cowden, mile northwest extension to the Foster pool, is still plugging back to shut off a half-bailer of sulphur water per hour encountered from 4,449 to 4,451. It showed production of around 50 barrels per day from a pay source near 3,975 feet.

Sinclair-Prairie No. 1-A Johnson, wildcat north of the Foster pool in section 42, block 42, township 1 south, T. & P. survey, is drilling at 5,225 feet in hard lime.

Empire Gas & Fuel Co. No. 1-C Cummins, new two-mile northwest extension to the Cummins pool in northwest Ector county, Saturday was running tubing for a natural test, although it was at first reported that the well would be acidized. Now bottomed at 4,293, it had been showing a small amount of sulphur water which was said to have exhausted, eliminating the necessity of plugging it off. However, a report Saturday from the Empire offices at San Angelo indicated that some water was still showing up and that operators would plug back 50 feet. The No. 1-C assured the Cummins pool an extension when it found pay from 4,190 to 4,205 and headed an estimated 125 barrels of oil daily. Location is 2,200 feet from the south and 440 feet from the east line of section 33, block 45, township 1 north, T. & P. survey.

Testing territory southeast of the Cummins pool, Humble No. 1 Cowden in section 30, block 44, township 1 north, is shut down for repairs at 1,045 feet while T. P. No. 1 Scharbauer in section 31 of the same block is drilling at 675 feet in red rock.

In the North Cowden pool of Ector, Mid-Continent No. 2 Blakeney is preparing to shoot, bottomed at 4,227. It is flowing an estimated 125 barrels per day, natural, with 1,500,000 cubic feet of gas. Best pay was logged from 4,206 to 4,220. In the same pool, Atlantic, Tide Water and Skelly No. 1-C Holt was scheduled to shoot with 500 quarts. It filled at the rate of 15 barrels of oil an hour and is bottomed at 4,296. After flowing 38 barrels in 18 hours, natural, Sinclair-Prairie No. 2 Smith also in the North Cowden pool and offsetting the Mid-Continent No. 2 Blakeney to the north, was rigging up to shoot. Total depth is 4,250 feet in brown and gray lime.

North Ward Producer

In the North Ward pool, Humble No. 5-F University, section 2, block 16, University survey, flowed 2,260 barrels through 2-inch tubing on the Railroad Commission gauge. It was shot with 310 quarts from 2,492 to 2,755, the total depth.

Gulf No. 58 Hutchings bridged after shooting with 180 quarts from 2,700 to 2,770, five feet off bottom, and is now cleaning out at 2,630.

In the Estes pool at the north end of the South Ward field, Gulf No. 5 Estes flowed 68 barrels in nine hours with 350,000 cubic feet of gas and is preparing to shoot. Total depth is 2,940. Gulf No. 6 Estes, which collapsed 7-inch pipe at 2,380 when shot with 270 quarts from 2,453 to bottom at 2,600, is going in with 4 1/4-inch bit to mill on the casing. It flowed 682 barrels in six hours after the shot.

T. P. and Atlantic No. 1 Buckner Orphans' Home, wildcat failure south of the Grand Falls area, is being plugged and abandoned. It was plugged back to 2,265 from total depth at 2,408, but was unable to develop production by shooting with 280 quarts. It found sulphur water at 2,300 and 2,400 feet. Location is

ODESSA GOLFER IS MEDALIST IN GOLF TOURNEY

Morgan Neill Scores Low In Midland Event

Morgan Neill of Odessa was medalist in the qualifying round of 18 holes played yesterday in the Midland Country Club Invitation Tournament. Neill carded a snappy 73 over the Midland course to claim the medal, although Shirley Robbins, Douglas Jones and L. B. Hoss, had 71, 72 and 73 respectively, scored, however, over their home courses, thus making them ineligible for the medal, yet eligible for the championship flight. More than 40 scores were turned in.

Pairings for first round match play in the championship flight, scheduled to start at eight o'clock this morning together with qualifying scores, are as follows:

First Foursome

Shirley Robbins, 71 vs. Pat Riley, 80. Lee H. Williams, 77 vs. Douglas Jones, 72.

Second Foursome

L. B. Hoss, 73 vs. Frank Stacy, 82. H. S Forgeron, 79, vs. Fred Stevens, 81.

Third Forsome

Morgan Neill, 73 vs. Pearl Blair, 8. P. R. Williams, 77, vs. Ford Turner, 82.

Fourth Foursome

Cecil Cauble, 76 vs. K. P. Hart, 82. Don Sivalls, 84 vs. Bill Laurence, 79.

Barbecue At Club

A large crowd attended the free barbecue dinner given at the country club last night, after which was held the drawings and pairings for the first flight this morning, and the Calcutta auction.

A large number of prizes have been donated for winners of the various flights by merchants of the city. The local group are giving consolation prizes for the first three flights, something in tournaments.

A light floor lamp was to be given this morning to the player who posted the lowest qualifying score.

Prizes offered are as follows:

Championship Flight

Low Score—Zipper bag.
Runner-up—Smoking Set.
Consolation—Wool jacket or shoes

First Flight

Low score—Leather Jacket.
Runner-up—Pair golf shoes.
Consolation — 6 Kro-Flite golf balls.

Second Flight

Low score—Golf club.
Runner-up—Leather vest.
Consolation—Box of groceries.

Third Flight

Low score—Electric clock.
Runner-up—6 Kro-Flight golf balls.
Consolation—One shirt, 3 golf balls

Fourth Flight

Low score—One pair golf shoes.

ALL ELIGIBLES ARE URGED CAST VOTES IN NOV. 3 ELECTION

Importance of The Contests Being Stressed

The voter in Texas should be especially concerned with the general election on Tuesday, November 3. Not only have they to vote upon the selection of the presidential electors for the state of Texas whereby he or she expresses his or her preference in national politics, but the size of the party vote in the general election will, in comparison to the total votes cast in the nation, determine the position of his party in national politics. This particularly behooves each party man to go to the polls and vote in the general election.

Heretofore, Texas having gone predominantly democratic, the average voter has passed up the general election as a matter of form, looking upon this election as purely a confirmation of what was done in the primaries of last summer. But the voter also has six vital amendments to the state constitution to pass on, the gist of which follows:

The first amendment authorizes the public school teachers to establish a retirement pension system.

The second amendment is for the establishment of a state liquor dispensary to handle intoxicating liquors, as similar to the one now in operation in Canada.

The third amendment to be voted on is the authorization of the establishment of Workmen's Compensation Insurance Associations.

The fourth amendment is to create an independent board of pardons and paroles with authority to pass upon applications for executive clemency, thus releiving the governor of the unnecessary detail work thereby entailed upon him.

The fifth amendment raises in the constitutional salary of the governor from $4,000 to $12,000; the attorney general to $10,000; the secretary of state, the comptroller, and the state treasurer from $2,500 to $6,000 each respectively, a long needed change in our state governmental system.

The sixth amendment would restrict the number of representatives in the lower house of the state legislature to seven for any one county in the state of Texas, regardless of the population of said county, preventing the control of legislature by our larger cities of the state. The passage of this amendment will preserve the balance of legislative power to the smaller urban and rural sections of Texas.

The voters who are interested in party organization should be sure to vote because in the state; the national party strength will be bas-

ITALY TO DOUBLE FLEET FORCES TO MAINTAIN RATIO

Will Be Prepared To Meet Britain In Mediterranean

ROME, Oct. 31. (AP)— Italy intends to double its naval personnel, authoritative sources said Saturday, preparing to meet any threat from England in the Mediterranean.

Naval sources also disclosed plans for the development and expansion of the Italian war fleet, raising the force to at least 100,000 men. The purpose is to match Britain's rearmament in order to retain their strength ratio.

HUNDREDS DIE IN INDIA TORNADO

Thousands Left Homeless, As Storm Covers Wide Area

MADRAS, India, Oct. 31—A tornado killed hundreds of persons in the collapse of a tobacco depot at Guntur and 62 others died at Chirala, and left 15,000 homeless Saturday, reports here said.

WOODUL SIGNS NEW BILL TO CUT CASH GRANTED THE AGED

Administration Of Act Now Under Board

AUSTIN, Oct. 31. (AP)—Acting Governor Walter Woodul Saturday signed into law the bill to "deliberalize," old age pensions and to levy increased taxes to continue payments.

Signing of the bill abolished the assistance commission and transferred administration to a state board of control.

Woodul said later that he would sign a bill authorizing interest-bearing warrants to meet the immediate pension payments.

Woodul revoked a previous order granting extradition on Frank Whitaker, Houston, wanted in Atlanta, Georgia, on a charge of kidnaping his seven year old son.

Woodul said the trouble arose over a "misunderstanding," the father agreeing to send the child back to its mother, then the parents were to try to work out a satisfactory agreement relative to its custody.

TWO LAW MAKERS RELEASED FROM CONTEMPT CHARGE

Immunity Claimed By Pair Upheld In Court

AUSTIN, Oct. 31. (AP)—Justice of Peace Paul Holt Saturday refused to hold Joe Caldwell, Sherton, and Tom Cooper, Lindale, members of the legislative investigating committee in reported communistic and atheistic teachings at state supported colleges, in contempt in connection with the inquiry source of letters used in the probe.

He ruled constitutional immunity for the two members of the legislature.

Contempt charges had been asked against the two representatives after they had introduced letters into the inquiry and had refused to tell where they had gained possession of them.

Red Cross Addresses To Be Made by Harrison

It is announced that Father Edw. P. Harrison, O. M. I. will present three addresses in behalf of the Red Cross on the "Home and Farm Accident Prevention Week." The talks will be given over station KRLH at 12:30 daily, Monday, Tuesday, and Wednesday.

17 SEAMEN KILLED IN 3 EXPLOSIONS

Buildings Menaced by The Flames Evacuated At Amsterdam

AMSTERDAM, Oct. 31. (AP) — Seventeen seamen were killed and 15 injured Saturday when three explosions turned the Greek steamer Petarkis Nomikos into a raging inferno.

The explosions happened while the vessel lay in its berth here. Buildings, menaced by the flames, were evacuated.

ACTOR, SON LOSE LIVES SATURDAY

Hugh Buckler and Son Are Drowned When Auto Rolls Into Lake

HOLLYWOOD, Oct. 31 (AP)—Hugh Buckler and his son, actors of British birth, were drowned at midnight in Malibu Lake when trapped in an overturned automobile.

Young Buckler was playing in a Tarzan picture. His father was better known on the British stage.

MISTRIAL ORDERED IN FRAZIER CASE

Louisiana Convict Gets New Trial in Death Of Prison Guard

ST. FRANCISVILLE, La. Oct. 31 (AP)—A mistrial was ordered Saturday in the case of Charlie Frazier, notorious gunman charged with murdering a Louisiana penitentiary captain during a convict break. He is under a life sentence in both Texas and Louisiana for banditry.

New Partnership Is Announced Saturday

A partnership between Russell C. Conkling of Midland and Tom Parker, formerly connected with the Schermerhorn Oil Company of Big Spring, has been formed here, according to an announcement issued yesterday by Mr. Conkling, who has been connected with J. L. Greene in the oil brokerage business here for the past two years.

The newly organized firm, which will do consulting geology as well as dealing in royalty and leases, has opened its offices in the Thomas Building.

WILL SPEAK WEEKLY

Father Edw. P. Harrison, O. M. I. will speak over Station KRLH, every Sunday afternoon at four o'clock.

COMMISION MEETING A FAILURE WHEN TEXAS GROUP FAILS TO SHOW A PROPER AMOUNT OF SYMPATHY FOR BULLFROGS

By JESS ROGERS

Mrs. Hal Peck, Midland woman who is a member of the state game conservation commission, has just returned from a meeting of the officials along with those of Mississippi and Louisiana in Dallas, and reports "much fun—much work."

The main idea of the meeting was to gain agreements whereby the commissions could better cooperate with each other but there could be but little done along that line. Whereas the greatest worry of the Mississippi group was the fact their bullfrog raising industry was in need of several things the Texas group was worried about the scarcity of quail, deer and other forms of game.

To most of the Texas delegation, particularly them from out of the swamps of East Texas a bullfrog is considered only something that is good to eat occasionally, so what could they do towards telling the "down south" group what to do when their froggies got the pip, gout or whatever a frog gets?

The Mississippi group had their ire aroused right off the bat, suh. Seeing most of the group from that state dressed in gold, blue and various other color uniforms, and with gold braid predominating, some of the Texas members wanted to know what band they were with. And firmly, but not gently, they were given to understand that each person sporting one of the nifty ensembles was a "Cunnel," no less, on the governor's staff. A couple of them were females and would answer to no salutation unless it was prefaced with "Kernel." And spelling "kernel" that way reminded Mrs. Peck of an edible fruit—or is it a fruit? And comparisons with the Mississippians failed to clear her mind.

The Mississippi group was not averse to taking a few not so friendly jibes at the old Lone Star state, either. Caustic remarks were not few but many about all residents of Ole Miss would vote a straight democratic ticket and that there would be no "progressive," "Jeffersonian" or anything else tacked on in front of it.

A dance promised the Mississippi group by the dear old city of Dallas failed to materialize and the governor hired a band, hall and all accessories and threw it wide open. And what was said about Dallas wouldn't look good in print.

But the crowning "insult" of all came the first night when a dance was thrown for the group in, of all places, the livestock arena. And only a short time after a horse show. The air really became sulphurious with comments of the Mississippi "kunnels" who were bedecked in their finest white coats, blue trousers and braid.

Despite all the "frolicking" there was a lot of serious parts to the meeting.

The Louisiana officials asked the cooperation of Texas members in patrolling Caddo Lake which lies in both states but the Texas group was unable to offer assistance because they have no power to place patrolmen at the lake.

The commission passed a resolution asking the legislature to provide more game wardens for the Davis mountain area, and were successful in being awarded more men during the black deer season. Applications for the positions as game wardens are now being received.

Jack Gordon, San Antonio sportsman, made an interesting talk about the raising of the Chuko partridges in Texas. The Chuko, native Indian bird, is about three times as large as the quail and does not eat as much food. Efforts are being made by the commission to bring large numbers of the birds to Texas but at present they are handicapped by lack of funds. The birds have been raised successfully in California and are for sale at present. One bird is priced at $7.00. One dozen eggs can be purchased for the same price.

Paying heed to the rapidly vanishing prairie chickens in the state, the commission agreed to ask for a three-year closed season on the birds.

Texarkana offered to build a fish hatchery for the state, gave plans and said that money was available but on the suggestion of Mrs. Peck the offer was voted down.

Mrs. Peck's suggestion, adopted by the commission, was that if any new hatcheries were built West Texas was far more in need of them than East Texas.

Especially in the Panhandle is a hatchery needed at the Dundee lake, where Panhandle orders are sent, is unable to fill all orders and San Angelo is often called on to make long deliveries due to the inadequate hatchery service given West Texas.

To Avoid Constant Tightening Of Belts

NYA Payrolls in The State Sliced in Half

AUSTIN, Oct. 31. —More than 8,000 youths assigned for by the National Youth Administration in Texas have been removed from project payrolls during 1936, Lyndon B. Johnson, state director, announced.

This reduction is more than 40 percent, 17,000 young men and women having been originally assigned to the NYA work program.

On October 1 only 8,760 were actually on the work program payroll. Of the number taken off the rolls, more than 3,500 have been helped by the NYA program to get jobs at better wages, the reports show.

Our reports on why workers have been releasd are yet incomplete," Mr. Johnson said. "But the records already checked show that 3,500 individuals have been given jobs. The complete report will show that private industry has absorbed many more of those whose names have been taken off our rolls."

The record also shows that more than 600 employees left jobs to return to school.

A junior placement office conducted by the N Y A at Fort Worth in conjunction with the United States Employment Service reported that in seven months it has placed 997 young men and women in new jobs. Employment conselors at this office seek out jobs for youths, and sort out youthful applicants according to ability and training.

Canada Uses Parasites To Eradicate Spruce-Fly

TORONTO, Ont. (U.P.)—Canadian scientists are breeding 1,000,000 parasites a week in an effort to exterminate the deadly spruce-fly from Canada's forests, Dr. Arthur Gibson, Dominion entomologist, revealed here.

Dr. Gibson said the parasites are being bred in the Dominion laboratory at Belleville, Ont., and shipped to various parts of the country to combat the ravages of the pest, which is ruining vast tracts of valuable forests.

He said the spruce-fly had made great inroads during the past 10 years, and unless the government's experiment in combatting them with parasites succeeds Canada's national forest wealth would be wiped out.

VISITS FAMILY

Ernest Sparks, associated with the Skelly Oil Co. at Monahans, visited with his sister, Miss Mary Maude Sparks during the week end.

CALIFORNIANS RETURN

Dr. and Mrs. W. C. Connell, who visited with their cousin, Mrs. F. Ingham during the past week, returned Saturday morning for their home in Los Angeles, Calif.

COLE BABY BORN

Mr. and Mrs. Athol Cole are the Parents of a nine pound boy born to them Wednesday night. Both mother and child are reported to be progressing rapidly.

RETURN FROM VACATION

Mr. and Mrs. I. W. Pratt and daughter, Ruth, have returned from a vacation trip to Dallas, Ft. Worth, Tyler, and Arkansas. They have been gone two weeks.

Mrs. Thelma Jackson and Miss Iva Williams visited in Abilene during the week end.

James H. Goodman went to Lubbock on business Friday, returning that evening.

Four thousand termites have been counted in a single cubic foot of wood.

The Town Quack

(Reserves the right to "quack' about everything without taking a stand on anything).

If it were not for politics a great many more Americans would have to work for a living.

"It takes all kinds of people to make a world" is a mighty good excuse for some of them.

* * *

"Pity the wife of a man who is always trying to invent something instead of working."

* * *

"One of the duties of each man is not to be always preaching duty to all other men. The man doing his duty has not much time to preach to others."

* * *

A year ago we saw a girl to whom we applied the word, etherial.

Today we saw her asking a young man for a quarter.

"Kid, I wanta buy some cigarettes and beer," she said.

"Etherial!" Humph!

* * *

One time two brothers lived in Midland.

One was so slow he was called stupid.

The other was so fast he went to jail.

Hurrah for the stupid old cuss!

* * *

Matrimonial bonds seldom remain up to par.

* * *

Up to this day and date it takes horse sense to motor safely.

* * *

A local woman is studying French She tried talking French to a man today, and he didn't understand a word she said—it was because he is a Frenchman.

* * *

We can tell you about your mistakes of yesterday.

But we can't tell you how to avoid mistakes tomorrow.

* * *

Parson Thompson:

"I believe in work.

"Work keeps a man out of trouble.

"The devil never looks at me until I took up from my work."

British Coal Profits Reach 10-Year Peak

LONDON (U.P.)—Britain's coal industry made a profit of $20,075,000—the highest for 10 years—in the first three months of 1936.

The chief reason was an increased demand of 5,000,000 tons from home industries. A secondary reason was the higher prices charged to give the miners better wages. Compulsory increases that ranged from 25 to 50 cents were imposed on householders while voluntary increased payments were made by the gas, electricity, chemical, brewing, confectionery, iron and steel and other trades, of 25 cents a ton.

From both sources the industry received an average of 17 1/2 cents a ton more for its coal than before the miners' wage question was settled.

Boa constrictors do not crush the bones of their victims. They kill them merely by squeezing the breath out of them.

GOES TO DALLAS

Mrs. Marvin Ulmer left today for Dallas.

PITTSBURG, Cal. (U.P.) — Joseph Wagoner was painting a bathroom in a new residence. Also he was singing lustily, "Is It True What They Say About Dixie." A large crowd collected to hear him sing. Then his boss arrived also, The boss told him either to quit his job or quit singing. He quit the job.

You'll enjoy those delicious Mexican dishes now being served at Camp Broadway Gardens. (Adv.)

A SOUND LOAN
and its benefits

Every commercial banking loan made with a judicious eye to its effect on the community as a whole, is a step toward recovery.

Because the officers, employees and stockholders of this bank have a keen interest in the future of this community, we take steps to be sure that everyone who borrows here can do so to advantage. Extending credit for a purpose which is destined to lose money for the borrower is neither good friendship nor good business, and it is not part of our policy.

But whenever the conditions are sound and promising, we have ample resources to lend, at moderate rates.

The Days of the BUFFALO

The Buffalo or the American Bison which formerly roamed in herds over the South Plains of Texas, and were scattered over most of the temperate portion of North America, is now extinct except herds in Yellowstone Park and a few small herds in captivity over the Southwestern and Western part of the United States.

Buffalo hides were so valuable that Buffalo hunters lead expeditions on the South Plains and would kill the Buffalo and take only the skin, leaving the carcass on the gound. The skins were sent to the markets to be made into shoes and other leather commodities. Some time after the bones were gathered up and sent to factories to be made into buttons, etc.

While the South Plains was a mecca for wild animals consisting of antelope, coyotes, lobo wolves and mustang it was also the bailiwick of the Buffalo. Skins of the Buffalo were used as mats to sleep around cow camps and for many other conveniences during cold weather. Skulls were used to sit on around the camp fire; and the rich meat made acceptable food when it was cooked over the camp fire.

There is nothing like Natural Gas, free from hydrogen sulphide, for preparation of all kinds of meat as food, whether the meat is broiled, roasted, fryed or boiled. It's cheaper, too. Modern Gas Cooking saves time—saves essential Vitamins—saves Flavor.

High School News

Midland High News Staff
Editor-in-Chief, Wanda Ticknor.
Associate Editors, Mary Merle Howard, Marcella Strawn.
Joke Editors, Helen Droppleman, Harold Barnes.
Sports Editors, Gordon English, Earl Pace.
Reporters, Jonie Howe, Maxine Hays, Frank Nixon, Lillian Arnett, Mickie O'Neal, Zama O'Neal, Val Borum.
Typists, Wanda Ticknor and Jonie Howe.
Faculty Sponsor, Miss Ruth Carden.

Attention! Folk! This is the work of the temporary news staff. Hope you will enjoy every word of it and the news which is in store for you in the future. There were about thirty juniors who met after school one afternoon last week to indicate the offices which they would like to hold. Miss Carden then chose a staff for the try-out. Only Juniors are elgible for these offices as it is the work of the Junior Class.

Let's Have That Championship

It has been a long time since Midland has won the district championship in football. The town, the school, and the team have decided that Midland has waited long enough for another district championship. With the spirit and backing that the school and town are giving the "Bulldogs" ought to 'bring home the laurels.'

The general opinion is that either Midland or Odessa will win the district. The Bulldogs should beat Odessa if they do not get too cocky. Cockiness can beat any team no matter how strong it is. Our very good friends in the west (Pecos) defeated Bowie Hi one night. The next week end Pecos went to Ft. Stockton to win an easy game (so they thought) because Fort Stockton was rated a much weaker team. The Pecos Eagle's heads were so big that they could not get their helmets on. When the final gun sounded Pecos was on the short end of a 7-6 score.

Every year dozens of good teams are not in first place because they thought that they were so good that much weaker teams defeated them.

Nominations For The Catico Queen Of 1937

Nominations were made in the assembly of Midland High School on October 28, 1936, for Queen of the 1937 Catico, with Lucille Guffey, the president of the Literary Society presiding. The following nominations were made: Velma Johnson by Bernard Westermann, La Moine Sindorf by Anna Beth Bedford, Adale Reiger by Dorothy Lou Speed, Lucille Guffey by Darleen Vance, Pady Sue Whitcomb by Christine Pate, Dorothy Lou Speed by Robert Payne, Anna Beth Bedford by Walker Fuller, Jessa Lynn Tuttle by Lynn Stephens, Wanda Ticknor by Wanda George, Mary Jane Harper by Nell Ruth Bedford and Eddye Jean Cole by James Frank Johnson.

After the nominations were made Mr. D. D. Shifflett, principal of Midland High, introduced the candidates.

The Initiation
By Billy Noble

The Literary Society of Midland High School met to initiate the freshmen and new upper-classmen, Thursday October29. The auditorium rang with peals of laughter as the different "shows" were put on by the "fish."

The curtain parted for the first time on a small group of gaudily dressed and brilliantly bedaubed "fish" who attempted to recite the alphabet. The audience jpared when the second group sang "Long, Long Trail" with patomines. Another singing group followed this. The next scene turned the audience into convulsions when two girls undressed a boy, finding him in his bathing suit. Deah, deah. The crowd roared at the original "Knock, knocks" of the next group.

A mock wedding was followed immediately by the 'Meller Dramer' "There is a Tavern in the Town," after which E. J. Ragsdale did a fan dance to an "A-Men" chorus. A rowdy group followed with poems and braws. Then Rose Kincaid took the stage single-handed singing "Bring in the Sheaves."

The audience had little time to quit howling when two boys started a peanut race—blindfolded. The loser got a dose of castor oil. Following this was a smart review of the latest fashions. The audience roared at an attempt at egg-rolling, but fairly howled at the boxing match that followed.

The Freshmen and newcomers then took the oath of the Literary Society, thus finishing the initiation. A good time was had by all and no ill effects were suffered.

Several visitors, parents, and teachers from other schools were present.

Two Hundred New Books Added To Library

At the first of the year, one hundred and fifty books were bought by the school library. This week Mrs. Elizabeth Wirght, librarian, has reported the arrival of about forty-five of these books.

Some are text books for Home Economics, but most are for outside reading in English, especially for the Freshmen class. Some of the best novels are:

"Hero Tales of the Far North," Riis.

"Martin Hyde, the Duke's Messenger", Masefield.

"King Arthur and his Knights", Allen.

"The Log of a Cowboy", Adams.

"The Dark Frigate," Hawes.

"Cappy Ricks", Kyne.

"Gay Nec, the Story of Pigeon," Mukerji.

"The Wind in the Willows," Grahame.

Of the poetry group, there is:

"Tales of a Wayside Inn", Longfellow.

Of the prose group, there is a good book, "Boots and Saddles" by Elizabeth Custer, which portray life in Dakota with General Custer.

New Students

For the first edition of the Midland High News, a few of the new students, who have come in since school started have been interviewed.

Marvin Park, Sophomore, came in from Lake Charles, Louisiana on October . In the high school he attended were between 500 and 600 students. Even if we do not have that many people in our high school, Marvin says he likes it quite well.

The one thing he does not like is the price of the sweaters. He says they are entirely too high for a guy who comes out for pep-squad just to keep some other handsome boy from taking Mary Jane Harper to the football banquet.

Martin Neill, 9-c home room, entered school here recently from Orange Grove High School, Martin is in our sixth period geometry class and he can really show us how to work geometry propositions. That alone should make most any girl fall for him.

He says that he played on the football team in Orange Grove and does not know much about any of these teams around here, but from the "hear-say," he thinks the Odessa-Midland game should be the best.

We wonder how many of the boys fell for the senior Alyeen Metcalf, before they found out she already had a husband? Alyeen came from San Angelo High School, She says there are about 800 students there, but she likes Midland better, because everyone is very friendly.

Contrary to some new students, she likes our chapel singing and reading extremely well, because she had never seen anything like that before coming here. We know everyone will like our little Mrs., as she is taking part on the annual staff. She dreded the initiation terribly, but has survived all right.

Other new students are Lucille McHargue, 8B; James McHargue, 8C; and T. F. Thompson of 11B.

Bulldog Bites
By "Winchel" English

The season is over half gone and all the team as yet do not have sobriquets. But as things stand, we find Wafford is known as "Big Dave;" Adams still has the nickname of "Pusgut;" Rountree had the name "Cannonball" until the Pecos game when it was changed by popular request to "Pistol Shot;" and English is known throughout the school as "Moosefoot." We also have "Tuesday Lawson" who believes in his siestas and Tuesday is his day. Then, we have "Curly" Taylor the boy with the pretty white teeth and black curly locks of hair, and last but not least we have that man about the Sophomore Class, "Pinky" Cowan.

Catoica Staff Elected

This year the Catoica staff is already off to a good start. One of the best senior students was elected Editor-in-Chief. This was La Moine Sindorf. Her opponent, Velma Johnson, became associate editor according to the rules of election. Anna Beth Bedford was elected Business Manager. Under her, work the following business committees of appointed senior students: Lucille Guffey, Janette Hays, Velma Johnson, La Verne McMullan, Christine Pate, Darleen Vance, Mary Beth Scruggs, and La Verne Paulette.

The remaining members of the staff, which were appointed from the senior class, are as follows:

Art Editors, B. C. Girdley, Darleen Vance.

Literary Editor, Adale Reiger.

Snapshot Editors, Walker Fuller, Frances Mahoney.

Band Editor, B. C. Girdley.

Athletic Editor, Remmel Cowan.

Calendar Editor, Christine Pate.

Class Editor, Pady Sue Whitcomb.

Joke Editors, Alyen Metcalf, Joe Seymour.

Typists, Dorothy Lou Speed, Mary Jane Walker.

Cartoonists, La Verne McMullan, Mary Beth Scruggs.

The staff has started its work by having all the senior pictures taken last week and the junior pictures this week.

Trio Learning New Songs

The Midland High Trio, consisting of Wanda Ticknor, Mary Beth Scruggs, and Janette Hays, sponsored by Mrs DeLo Douglas has been working on the following selections: "The Big Brown Bear" by Mana-Zucca, "Go Down Moses," a negro spiritial, "Empty Saddles," by Billy Hill and "Desert Lullaby" by Joseph Barnby. The entire school has also been working on the last selection in assembly.

Mrs. Douglas stated the second alto for the quartet will be chosen sometime this week.

Changes in Midland High School Since Last Year

1. An assistant coach, Mr. L. W. "Bud" Taylor, who formerly coached at El Paso was employed this year by the Midland School Board as the line coach. And is that line holding this year!

2. A course in Diversified Occupations.

3. Telephone (believe it or not) in Mr. Shiflett's office.

4. A renovated Home Economic department, that is—new floors and table tops.

5. A Boys' Pep Squad, that was organized this year, is under the direction of Mr. Hill. Leaders have been chosen and the boys are helping out in the Pep Squad performances.

6. A bigger raft of freshmen than was ever known in the history of the school.

7. A new grading system was also started this year. Instead of using numbers on the report cards as in the previous years, letters are being used.

8. A new band director that can PLAY the piano.

9. Many new books were also added to the school library this year.

Boys' Home Economics Class Organized

Since the organization of the Boys' Home Economics class on September the twenty-first the thirteen boys who have enrolled for this course ,offered for the first time this year, have been studying "Personal Grooming and Clothing" and "Manners and Conduct" for various social occasions. At present they are learning to mend and darn their own clothing in order that they might assume the responsibility of their own personal grooming.

During the half year in the clothing division they will study:

I. Personal Grooming.

II. Hygiene and Health.

III. First aid and home care of sick.

IV. Making a Home Convenient and Attractive.

V. Managing the Home.

Slick Doings and Who Done 'em

What's this about Olive Oyle's rival? Anna Beth Bedford eats her spinacl three times a day hoping to grow big and strong so she might have a chance with Buster Cole.

Guess who Robert Filson found in his car last Friday night after the football game, and was Eddie Jean mad!

I wonder if Pady Sue still tells Robert Tanner when to stick his shirt tail in, as she did when they were in the first and second grades.

On the train coming home from Dallas, Jane Doran had a hard time shaking Joe Seymour off for Jack Walton—Jack, a two timer? What will Cleta Dee say?

Wyne Lanham is nuts about Barbara Jean Harper, but she doesn't know it. Oh, well what she doesnt' know won't hurt her.

Billy Noble, where's your sex-appeal? I see that Fredda and Pinkie are still hitting it off on all fours.

I hear that Lucille Guffey caught Owen Jeffers the other night at the dance.

On the special to Dallas, Alta stayed awake all night so Clark Legette wouldn't know she snored.

These new pupils are stepping out—Martha Flaherty went with Dalton Cobb to the dance the other night.

We wonder if Nell Ruth, one of our "freshest fish" is still losing sleep over Tad Crane? Or is Tad losing sleep over Nell Ruth?

Epps and Borum perfected a new reducing remedy, jumping rope. It's good to see the preacher's children getting along so well.

One of the junior classes' most eligible bachelors is Joe Norman, or is he? Dub Lynch runs him a close race.

Majorie Harwell, remember Courtney Cowden is an eligible bachelor, too.

The snoop reports that B. C. Girdley, alias Betty-Co-ed, dated Mary Beth Scruggs. Bettie what's the matter?—Owen Jeffers? Some seniors would that Marvin were a few years older. Watch out, Mary Jane. Anything can happen in this school. It is a common thing for seniors to go with freshmen or sophomores.

Dog House Fables

P. G. Adams: "Pinky sounds like a football player at every meal. Doesn't he?"

Wafford: "Why so?"

P. G.: "He's always yelling pass."

—o—

Nature is wonderful. A million years ago she didn't know we were going to wear glasses, yet look at the way she placed our ears.

—o—

Anna Beth: "You complained about having spots before your eys, so the doctor told you to get a pair of glasses. Did they help you any?"

B. C.: "Sure, now I can see the spots much better."

—o—

Lige: "I had a date with a professional mind reader once."

Lucille: "How did she enjoy the vacation?"

—o—

Setting: Lone Star Hotel, Dallas.

Proprietor: "I'll have to put you two boys in this room tonight. You will have a comfortable night, for it has a feather bed."

Paul (at about 2 o'clock in the morning): "Hey, Frank, change with me. It's my turn to sleep on the feather."

—o—

Jack Walton: "Poor, Joe, he swallowed a tea-spoon."

Courtney: "Is he sick in bed?"

Jack: "Yeah, he can't stir."

—o—

Miss Kerby: "Joe, what is a geyser?"

Joe Seymore: "A geyser is a waterfall going up."

—o—

Prof. Lackey: "Well, my good fellow, this is a great school. It is known in every corner of the state. When you leave here you can be proud of your background. Think of it. You have had every advantage a young man could desire. Your four years have been spent in profitable pursuit of the greatest thoughts of the greatest minds the world has ever known. Now the time has come for you to choose a profession. The world is entitled to expect a lot from you. What are you going to turn your hand to?"

Thurman: "I've got a job at a pickle factory."

Family Diets Studied in Foods Class

The foods III girls are studying the planning and serving of low cost menus. Each was given a problem with a certain income for a family. They were to plan a day's menu within the cost to be spent for a special occasion dinner.

Geraleine Welch's dinner was served on Monday, October 26, which was problem three.

A family consists of four. The father is a ranchman and has an income of $1,380. The mother does the housework. There is a boy, 10, and a girl, 7.

A day's allowance for food is 95¢.

Since the father is a ranchman they would have their own meat, butter, eggs, and milk.

DAY'S MENU

Breakfast: Oatmeal, eggs, bacon, toast, milk, coffee. Total 10¢

Special occasion dinner: Roast, gravy, cabbage and apple slaw, fresh tomatoes, fried potatoes, bread, devil's food cake, creamed jello, milk. Total 61¢.

Supper: Creamed tomato soup, crackers, milk. Total 24¢.

Dora West had problem 4. Her special occasion dinner was served on Tuesday, October 27, 1936.

Problem 4: A family consists of three, with income of $1,280. Father works at a filling station. Mother does the housework. There is a child 5.

A day's allowance for food is 89¢.

Breakfast: Rice, raisens, milk. Total 15¢.

Special occasion dinner: Salmon loaf, lime jello and cottage cheese salad, peas, beets, hot rolls, pears, milk, tea. Total 48¢.

Supper: Scalloped fish, lima beans, glazed carrots, jello, bananas. Total 30¢.

Oil News--

Continued From Page One

in section 3, block 32, H. & T. C. survey.

Crane Deep Wildcat

After some delay while reaming and drilling 9 7/8-inch hole out to gauge, Gulf No. 2 Waddell, western Crane Ordovician wildcat, was preparing to resume coring at 6,657 feet. The well showed oil and gas on three drill-stem tests of the Simpson sand. It is reported to have entered the Simpson, middle Ordovician at around 6,000 feet and the Ellenburger, lower Ordovician, at 6,507.

Moore Bros. No. 1 T. C. Barnsley, another deep test in the area, was reported to have cleaned up a fishing job ata 6,195 feet, but had not yet started to drill ahead. It is in section 43, block 32, public school land.

In the Tubb area of Crane, Humble No. 4 Tubb, bottomed at 4,420, is waiting for cement to set around casing at 4,200; Gulf No. 3 Tubb is drilling anhydrite below 2,350 feet; and the Loffland Bros. No. 2 Tubb is still shut down at 4,650 in lime.

Big Natural Well

A good-sized natural producer was completed in the Emperor pool of southern Winkler county when the Emperor No. 2 Woodley-Halley, section 12, block B-12, public school land, flowed 1,162 barrels through 2-inch tubing on the 24-hour potential gauge. It topped sand pay at 2,740 and is bottomed at 2,895.

In the Scarborough pool in north Winkler, Empire No. 5 flowed 437 barrels per day after shooting with 340 quarts, bottomed at 3,100. It entered the pay at 2,900.

Magnolia No. 35 Walton, short east extension to the Sayre pool in Winkler, flowed 1,095 barrels through casing on the official 24-hour test. It was shot with 320 quarts, with pay topped at 2,812 and bottom of the hole at 2,985. The No. 35 is located 1,650 feet from the south and 330 feet from the west line of section 6, block B-3, public school land.

In Winkler's Henderson pool, Humble No. 7-C Walton was on natural potential test, bottomed at 3,102, while Sinclair-Prairie No. 3-A Leck was drilling at 2,500 feet.

Sherk Well Gauged

In the Sherk pool of Upton county, Gulf No. 5 Sherk, located in the southeast corner of section 27, block 2, M. K. & T. survey, pumped 876 barrels the first 21 hours of test. It was cutting 2.6 percent water. Total depth is 2,313.

R. H. Henderson No. 1 Harrington, Upton wildcat in section 4, block 3 1/2, C. C. S. D. & R. G. N. G. survey, is straight-reaming, bottomed at 800 feet, while the same operator's No. 1 Reese, in section 16 of the same block, is rigging up standard tools after drilling to 300 feet with machine.

Spider web strands are about .0015 inch in diameter, and are used in some scientific instruments.

WHY MIDLAND MOTORISTS
ARE SAYING "MILLIONS WILL WANT TO SWITCH TO THE NEW 1937 DODGE!"

Bigger...Roomier...Rich with New Extra-Value Features...This Amazing New Car is the Greatest Money-Saving Dodge of Them All!

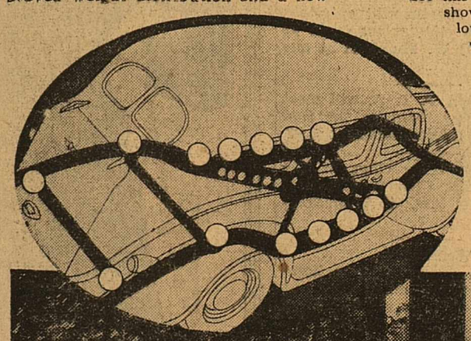

All over America those who have seen the sensational new 1937 Dodge are saying that—because of its amazing new beauty, comfort, roominess, safety and greater all-around economy—"millions will want to switch to Dodge for 1937!"

And now local motorists who have seen this brilliant new car enthusiastically agree and for the very same reasons.

A complete unit of advanced "windstream" styling, this new car is easily the most beautiful Dodge ever built. Interiors are roomier ..while improved Chair-Height seats, improved weight distribution and a new method of mounting the body on cushions of rubber to banish road noise give you a more comfortable and *quieter* ride.

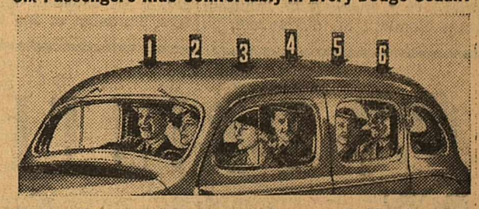

Powered by the famous Dodge engine which owners report gives 18 to 24 miles to the gallon, now improved and more brilliant than ever, Dodge now gives you even greater all-around economy. Dodge also gives you *extra* security made possible by even stronger safety all-steel body with all-steel top and genuine, equal pressure hydraulic brakes. Yet this 1937 Dodge costs only a few dollars more than the lowest-priced cars.

See this exciting new Dodge at our showrooms, at our address below, now. Drive it. Then you will understand why "millions will want to switch to Dodge for 1937!"

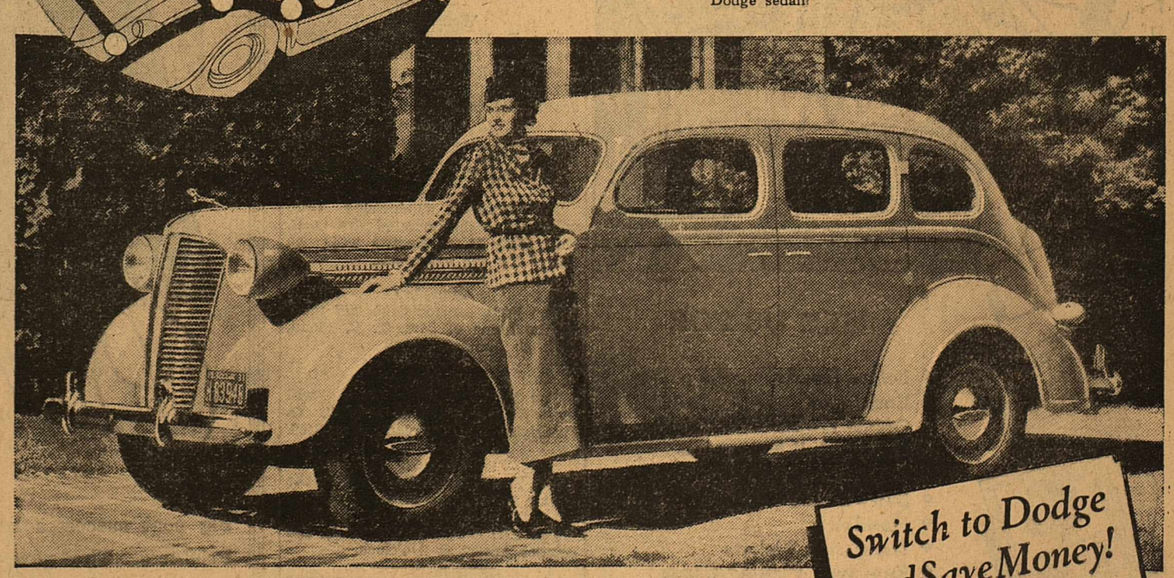

Road noises transmitted from frame to body in many cars are completely banished in the new 1937 Dodge. The body is now mounted on individual frame members completely insulated by rubber. All metal to metal contact is eliminated!

Six Passengers Ride Comfortably In Every Dodge Sedan!

NEW, IMPROVED WEIGHT DISTRIBUTION gives you an even more restful ride! Engine as well as both front and rear seats have been moved forward so that all passengers ride in the comfortable "cradled area" *between* the axles!

Bodies of the new 1937 Dodge are longer and wider than ever before! Front seats are now 47 inches wide...rear seats 48½ inches wide...plenty of room for at least six passengers in every Dodge sedan!

COME IN! SEE THIS NEW 1937 DODGE NOW ON DISPLAY AT OUR SHOWROOMS!

Switch to Dodge and Save Money!

Mackey Motor Co.
200 LORAINE & MISSOURI MIDLAND, TEXAS

Society and Clubs

Mmes. Eastham, Peck, and Perkins Entertain 250

Mrs. Harris Eastham, Mrs. Hal Peck, and Mrs. John Perkins entertained at one of the most sumptuous affairs of the fall season Saturday afternoon when they were hostesses at tea in the Perkins residence from four until six.

Tall orange tapers and vari-colored autumn flowers were used thruout the reception rooms, with golden yellow, bronz chrysanthemumus for the gorgeous center piece of the tea table with silver services at each end.

Mrs. Marvin Ulmer and Mrs. Charles Klapproth poured from four until five, and Mrs. Fred Turner and Mrs. Roy Parks, from five until six. The house party wore beautiful corsages presented to them by Mrs. Fred Turnr.

Assisting in the dining room were Mrs. Nancy Steven, Mrs. Ben Black, Miss Elaine Meadors, and Miss Ida Beth Cowden.

Miss Francis Gillette entertained with selections on the piano preceeding the program presented by the Broussard orchestra, a colored band from Big Spring.

Over two hundred and fifty guests were received in the drawing room by Mrs. Harvey Sloan and Mrs. Joe Crump, assisted by Mrs. Chapple Davis, Mrs. Ellis Cowden, Mrs. David Googins, and Mrs. W. T. Walsh.

Seven Tables of Bridge Arranged At Final Party Given By Mrs. Kimbrough

As the last of a series of parties honoring friends, Mr. and Mrs. Duke Kimbrough entertained Friday evening with seven tables of bridge.

The autumn season was emphasized in the flowers and leaves used as floral decorations, with Hallowe'en symbols and colors predominating affectively in the table appointments and menu.

Mrs. R. C. Tucker won high score for the ladies, receiving one of the beautiful Cambridge crystal bowls used throughout the parties as high prize gift. Mr. Allen Hargrave won high score for the men, and Mrs. Bill Harkrider won high cut.

The guests for the evening were: Messrs. and Mmes. J. L. Crump, W. J. Coleman, James Fitz Gerald, R. W. Hamilton, Allen Hargraves, John House. Bill Harkrider, Charles Klapproth, Cinton Lackey, M. F. Turner, R. C. Tucker, Billy Walsh, Harvey Sloan and Father Edw. P. Harrison, O. M. I.

Riddles and Stories Feature Story Hour

Several children delighted their juvenile audience Saturday morning with stories, the first on the program being Dorothy Turner with the story, "Little Red Hen."

Marnell Heare, "Indians and The Jack O'Lantern;" Billy Paine, "The Dutchman and the Witch;" Katherine Sensabaugh, "The Fox and the Witch."

Dan Del Homme and Martha Sivalls told riddles to the children.

Those who attended were Dan Del Homme, Katherine Sensabaugh Sam Sensabaugh, Marnell Heare, Duane Fritz, Billy Paine, Margaret Mims, Billie Jean Pigg, Melba D, Pigg, Mary Martha Sivalls, Dorothy Turner, Troy Jean Alcorn, and Donnie Droppleman.

Because he would have nothing to do with that "Yankee holiday," President Andrew Jackson refused to give Thanksgiving Day the customary presidential sanction during his term of office.

Wimberly Students Presented In Hallowe'en Recital

Dressed in Hallowe'en costumes, the younger students of piano at the Wimberly Studio were presented in a recital Saturday afternoon at two o'clock.

On a clever, improvised stage decorated with yellow and white chrysanthemums and Hallowe'en symbols, Jane Hill announced the following program.

Joan Stanley, Ghosts; Patsy Butcher, Carmincita; Jane Hardison, Guitar Serenade; Mary Lou Binford, Cat's Serenade; Joan Proctor, Maid of Spain; Billy, Italia; Edna Earl Linebery, Doris Lynn Pemberton, Swaying Daffodils; Hazel McBryan, Zorina; Monta Jo Glass, Spinning Song, Fay Dublin, Stolen Kisses; Charlotte Kimsey, In a Polish Garden; Ralph Vertrees, Indian War Dance; Camilla Jane Crawford, Dance of the Spooks; Harvey Hardison, Soldiers at Play; Doris Lynn Pemberton, Barcarolle; Bitsy Vertrees, Giants; Lu Nell Hudman, Ghosts in a Haunted Room, in costumes.

HENHOUSE "FLIES THE COOP"

WESTBORO, Mass. (U.P.) — A house full of chickens "flew the coop." A henhouse, 15 by 9 feet owned by Harry E. Hill, was carried more than 35 feet by a whirlwind and dumped upside down atop another house. The chickens lost only a few feathers.

Chauncey Jones, a New England watchmaker, was the first to see the advantage of brass over wood for clock works, and was the first American to make them of this metal.

Mmes. Cowan and Kelly Co-Hostesses at Bridge

Over Fifty Women Entertained At Country Club

Against a gorgeous array of yellow chrysanthemums and Hallowe'en embellishments, Mrs. R. R. Cowan and Mrs. J. J. Kelly entertained at bridge in the Midland Country Club Thursday afternoon.

Emphasizing the colors, orange, and black, the tables were spread with black covers and black holders with slender orange tapers were used during the refreshment service and also on the piano flanking a center piece of marigolds.

The novel prize packages, which were wrapped in black cellophane and adorned with marigolds dressed as clowns, were presented to Mrs. Kinnie Reese for high score, Mrs. Bob Hamilton for high cut, and Mrs. E. D. Richardson for consolation.

A refreshment plate carrying out the color scheme, was served to Mmes. John Adams, A. P. Baker, W. B. Chapman, Don Davis, D. L. Del Homme, Alden Donnelly, Nell Duffield, Bill Fritz, Richard Gile, Barney Greathouse.

Mmes. Bob Hamilton, A. E. Horst, B. J. Jordan, Chas. Klapproth, Clinton Lackey, Earl Moran, Tom Nance Butler Hurley, O. Y. O'Rourke, Kinnie Reese.

Mmes. J. H. Rhoden, E. D. Richardson, A. H. Riley, J. L. Rush, Bill Snyder, F. H. Schouten, John M. Speed, Sr., B. W. Stevens, L. A. Tullos, Skinner, J. W. Rettig, Bill Van Huss.

Mmes. C. J. Buser, H. F. Johnson, George Bennett, M. G. McCool, O. A. Thomas, Robert Duffield, M. L. Weatherall, Conkling Crabb, H. B. Prickett, M. E. Cole, Earl Kelso, Roy Minear, Frank Fulk, R. B. Cowden, Red Knight, L. A. Arrington, G. A. Black, Viola Niell, Terry Elkin, S. M. Vaughan, Iva Noyes, and Mrs. Thruston of Big Spring.

Miss King Hostess To Belmont Study Club Friday

Miss Annie Lee King was hostess to the Belmont Bible class Friday afternoon at 3:30, with Mrs. W. L. Fickett teaching the lesson from the Fourteenth Chapter of Romans.

After the program, refreshments wer served to Mmes. R. L. Mitchell, J. M. King, A. W. Lester, T. O. Fredrigill, J. V. Burt, C. E. Strawn, J. B. Crawford, W. L. Sutton, S. N. Kennon and the hostess and teacher.

ULMERS TO DALLAS

Mayor and Mrs. M. C. Ulmer will be in Fort Worth early this week where he will transact business and they will observe the November 3 bank holiday visiting the Centennial.

LUMBER HIGHER IN EUROPE

HALIFAX, N. C. (U.P.) — Lumber prices are soaring in Europe as a result of the "war scare," W. K. McKean, Halifax lumber operator, declares. McKean said the price of lumber in Great Britain is $5 above that of last year.

New Books Put On Two Weeks Shelf At Library

Abbott, Bouquet Hill; Bacheller, A Man for the Ages; Bower, Haunted Hills; Deeping, Seven Men Came Back; Kelland; The Cat's Paw; Keyes, Senator Marlowe's Daughter; Marshall, Dian of the Lost Land; Marshall, Splendid Quest; Montgomery, Pat of Silver Brush; Morrow, Last Full Measure; Mulford, The Round-Up; Charles Norris, Bread; Ogden, Guard of Timberline; Queen, The American Gun Mystery; Richmond, Rufus; Ruck, A Star in Love; Spearman, Gunlock Ranch; Strong, Farmer in the Dell; Terhune, Lad of Sunnybank; Walsh, The Road to Nowhere; Wilder, Heart be Still; and Wodehouse, Hat Water.

"Birdcraft," by Mabel Osgood Wright: "Complete information is given as to appearance, habits, season, and range of two hundred different species of birds."

"Etchers and Etchings", by Joseph Pennell: "History of the art of etching, together with technical explanations of modern artistic methods. Its fifty-five reproductions are far superior to those ordinarily found in books."

"London", by Sidney Dark: "Whether the reader wants to know London from the viewpoint of the armchair traveler, or to find his own way about that gracious city, this is the perfect book. From aristocratic Westminster to the Old Lady of Threadneedle Street, Sidney Dark knows the city intimately, with all its associations of the historic past."

Mrs. Hodge Hostess To Girl Scouts At Theater Party

The Mesquite Troop of the Girl Scouts were entertained at a theatre party by Mrs. J. Howard Hodge Saturday afternoon at two o'clock, and also treated to chocolate bars at Mrs. Fry's Lunch Shop.

Those who attended were: Edith Wemple, Mary Lou Ferrell, Louise Cox, Lize Jane Laurence, Caroline Oates, Frances Ellen Link, Eleanor Hedrick, Lucille Ford, Dorothy Sue Miles.

Martha Jane Preston, Lucy Willis, Irma Tunnell, Sue Stamper, Mary Lee Snyder, Helen Armstrong, Lela Mae Craddock, Hazel McBrian, Colleen Oates, Emily Jane Lamar.

Doris Lynn Pemberton, Charlotte Kimsey, Merl Scott, Melba Schlosser, Kathryn Francis, Bobby Wood, Betty Kimbrough and Margaret Ann West.

Tornadoes occur almost exvlusively in the United States.

Trio of Midland Women Are Tea Party Hostesses

Mrs. Harris Eastham, Mrs. R. W. Patterson, and Mrs. Herbert Hemphill were hostesses at one of the beautiful occasions of the season when they entertained at tea Friday afternoon from four to six, at the Country Club.

The service table and appointments made an impressive scene with colorful chrysanthemums, dahlias and roses affording a bright contrast to the yellow and white color scheme.

Assisting with the tea service were Mmes. Bob Hamilton, O. C. Harper, John Cornwall, W. A. Yeager, Harvey Conger, Paul Osborne, and Thelma Jackson.

The invitation list included Mmes. Elliott Cowden, Frank Cowden, Ellis Cowden, Fred Cowden, O. B. Holt, George Glass, W. G. Whitehouse, Andrew Fasken, C. A. Goldsmith, Allen Tolbert, M. C. Ulmer, Joe Youngblood, Loui Arrington, Harvey Sloan, Hugh Corrigan, I. E. Daniel, Clarence Schabauer, Foy Proctor.

Mmes. Addison Wadley, J. M. Caldwell, W. Walsh, J. O. Nobles, J. B. Thomas, Fred Turner, Fred Wright, Jean Brown, Frank Curtis, Dave Finley, Braden, W. E. Wallace, H. Adams. Wilson Keyes,

Mmes. Chas McCann, C. C. Norris, D. Hempsted, D. Googins, Jimmy Greene, Harry Adams, R. L. York, R. C. Tucker, E. H. Ellison, Stacy, Paul Schlosser, J. W. Rettig, R. R. Porterfield, J. S. Merriweather, Thomas Lee Speed.

Mmes. Dickenson, Del Homme Cornelius, Conkling, Cherry, O'Rourke, Prickett, Blakeney, Lancaster, Parks, Alma Thomas, Self, Perkins, Peck, Martin, Ralph Barron, Bruner, Cusack, John Dublin.

Mmes. Goodman, Pollard, Rankin, Pratt, Jack Rankin, Kelsey, Schouten, Simmons, Wilcox, W. J. Coleman, Fulk, R. Gile, Muldros, Culbertson, Cunningham, Reese.

Mmes. Kidd, Thomas, Clark Harkrider, West, Wheeler Geisler, Black, Sealey, Nelson, Lewis, Armstrong, Conway Davis, John M. Speed, R. W. Miller, Chapple, Tanner, McRae, McQuiggan.

Mmes. Flood. Winger, Simpson, Barham, Mix, Loskamp, Donnelly, Sivalls, Hendrickson, Aldritch, Maley, John Adams, Lewis, Kimsey Hodge, Haygood, Pyron, Hargrave, Hardison, Farley, House.

Mmes. Crump, Doherty, Crawford, Arick, W. D. Anderson, Ben Cassey, J. M. Hills,, Holmes, Jordan, Bess Rogers, George Ward, Jack Bodkin, Jack Brown, Pemberton, Collins, Rainbolt, Kimbrough, Stinson.

Misses Ida Beth Cowden, Bennie Sue Ratliff, Iva Williams, Georgia Goss, and Lois Patterson.

Miss Ratliff Honors Club at Breakfast

Miss Bennie Sue Ratliff was hostess to the Saturday Club Saturday morning at nine o'clock at a bridge breakfast at her home.

Mrs. Alf Reese won high score during the morning's play, and high cut went to Mrs. John M. Speed, Jr.

An attractive breakfast was served to Mmes. Ben Black, Alf Reese, Wade Heath, A. H. Thompson, Bill Blevins, Frank Miller, John M. Speed, Jr., and Misses Margaret Miles, Ida Beth Cowden, Georgia Goss, Lucile Thomas, and the hostess.

Jr. High P. T. A. Meets Tuesday

The Junior High P. T. A. will have its regular meeting on Tuesday, November third, at half past three o'clock in the assembly room on the first floor of the school. Mrs. Leonard Thomas will conduct the program on "Posture Education as a Phase of Health Education," based on facts gathered in our own town, at the North Ward School. Her talk will be brief in order to give an opportunity for general discussion and to ascertain the extent to which this important phase of education has been adopted by other school systems in, or outside of Texas. All parents and teachers are urged to attend.

Soviet Russia has 10,000 newspapers, with a total circulation of more than 37,000,000.

VISITNG CENTENNAL

Howard Mays, senior member of the law firm of Mays, Castleberry & Mays, together with his two children, Glenn and Helen, are visiting the Centennial in Dallas and the Frontier Exposition in Ft. Worth this week. They are to return to Midland today.

Bride Finds Hallowe'en Pumpkin Filled With Gifts At Miscellaneous Shower

One of the cleverest bridal showers of the year was given in honor of Mrs. Paul McFadden, formerly Doris Swearengin, Thursday evening in the I. E. Daniel residence by Misses Mary Maude Sparks, Elizabeth Pratt, and Martha Carter.

The shower was a complete surprise to Mrs. McFadden, who was enticed into the house where her friends, as soon as she came through the door, started singing a popular version of "Here Comes the Bride" at the top of their voices.

An obliging artifice to transfer the laugh from the bride was a table with six candles which the blindfolded girls attempted to blow out after being thoroughly revolved by Miss Sparks. As many candles as remained burning on the table, that many years was the damsel to wait for a groom. Unfortunately, the room turned out to be filled with "bachelor girls," with Betty Crawford as the glowing exception, she had three years to fill her Hope Chest.

A witch's pot was burning in front of the fireplace, and added a lurid glow to the ghosts, black cats, and bats that were roosting in the autumn leaves that decorated the room. The guests pulled fortunes from this pot, and the honoree's fortune told her to go into a "darkened room." There she found a huge, orange pumpkin, which was carried to the main room and opened, disclosing the gifts.

Ice cream moulded into pumpkins, chocolate cake, and a humorous Hallowe'en favor made an attractive party plate which was served to Misses Thelma Smith, Willette Duncan, Betty Crawford, Patsy Butcher, Georgia Goss, Lorene Webb and Mmes. R. D. Scruggs, Thomas Lee Speed, Roy Minear, I. E. Daniel, Preston Stanley, and the hostesses and honoree.

11:00 a. m. Sermon by the pastor,
6:15 p. m. Training service.
No service in the evening on account of the revival at Christian Church.

Chevrolet Dealers Convening On Nov. 7

What is said to be the largest schedule of meetings in the annals of American industry—a convention held simultaneously in 50 cities from coast to coast, with more than 35,000 in attendance,—is being held this week by the Chevrolet Motor Co., in preparation for announcement of its new 1937 cars on Nov. 7.

The sessions are being directed from Detroit by W. E. Holler, vice president and general sales manager, who recently acted as host to 1,000 Chevrolet wholesale field executives, at a four-day convention here and at the General Motors Proving Ground. Mr. Holler himself is officiating at many of the meetings in the field.

Exhaustive surveys of the market coupled with a knowledge of the product it will offer, and the organization it will put behind that product, have led Chevrolet to project its 1937 sales as 1,200,000 units, Mr. Holler explained. The purpose of the present conventions throughout the field is to lay before the company's 10,000 dealers, 5,000 retail sales managers, and 20,000 retail salesmen the details of the program whereby it expects to achieve that end. Special emphasis, he said, will be laid upon plans for announcing the new models, which make their bow Nov. 7.

"The nine regional managers and 47 zone managers who saw and drove the new car during the recent sales convention, and who after seeing it enthusiastically accepted the challenge to break all previous records during the coming year, are now relaying to the retail selling organization all the product information and sales plans they received here," said Mr. Holler.

"Although business and industry in general stand to benefit through increased automotive sales, Detroit and Michigan have an even greater stake in the outcome of the present meetings, for the stimulus of increased sales volume will be felt here first of all, and most directly. It will be reflected in increased payrolls for Detroit and Michigan workers, increased tonnage for Michigan railroads, and intensified activity for the many hundreds enaged in administrative and office capacities right here."

Even prior to the new car announcements, Mr. Holler said, advance orders from dealers all over the country have reached a volume unprecedented at this period, making it necessary to swing into production as fast as the manufacturing and assembly plants, recently re-tooled at a cost of $26,000,000, can be placed in operation. The large plants located here are now running at capacity, he said.

I Have Just Returned from California

To the ladies of Midland—I can solve your problem for what to serve at parties and teas . . . I have a complete line of California fancy preserved and spiced fruits on hand at a better price than La Ray products; also, all kinds of canned fruits and dried fruits. FIGHTING BEAR TEAM TIES BULLDOGS IN LAST FRAME, 13-13

EARLY LEAD TAKEN BY MIDLAND CLUB BARELY HOLDS UP

Both Teams Receive Tough Breaks In Game

Whatever the Bowie-Hi coach told his team at the half Friday night is unknown to this department but whatever it was it was more potent than a charge of ntro-glycerin. After being shoved all over Lackey field in the first half of the game the Bears came back and made Midland look like a Class-X team from the rest of the evening on, finally tying up the score at 13-13 early in the last quarter and threatening to crash over the winning score from that time on.

The breaks decided what club would look the best, and both clubs received some tough ones. Three times after getting within a yard of a touchdown the Bears were set back 51 yards, twice on bad pass-backs from center and once on a penalty.

The game was a thriller throughout and the large crowd that attended really got their money's worth. Long runs, long passes, every thing that makes a game sensational were interspersed throughout.

The Mexican boys gave an indication they would not be a push-over the first time they got the ball advancing down the field for 34 yards before finally being forced to kick and when they did the ball rolled out on the Midland 10.

The next play was one of the prettiest of the entire evening. Big Dave Wafford went off his right tackle, cut back inside and raced 61 yards before finally being overtaken by the Bear safety man.

With Wafford and Bryant alternately carrying the ball the big quarter finally went over for a touchdown from the Bowie 4. Adams place-kicked goal to put the Bulldogs in the lead.

Midland scored their next touchdown on a lucky break. Adams kicked off for Midland, Caro picked up the ball behind the goal but fell just as he stepped into the playing field. From there Fierro kicked out to his own 20, and the Bulldogs were off again. Wafford passed to Rettig for 14, Taylor made 5 at the line in a couple of tries and Wafford dived over for the tally. Adams' attempted kick hit the goal post. Bowie was offside, and on the second try Adams again muffed it, a Bowie man rushing through to block the ball as it left the ground.

The next few minutes had the stands in an uproar as Wafford uncorked some passing, the like of which hasn't been seen here in years. Taking the ball on his own 45 he passed to Lawson and barely missed connecting. With a short shot to Lawson and a dive into the middle the big boy picked up 10 yards and then cut loose with a pass that traveled 39 yards past the line of scrimmage and came to rest in Lawson's hooks on the Bowie 6. From that point another pass was called but it was knocked down, on the next play Wafford hit the middle of the Mexican line and when brought down was only about six inches from pay dirt. But before another play could be called the half ended with the Bulldogs leading 13-0.

And when the second half started, it spelled misery all the way through for the Bulldogs. To start it all Adams kicked short on the kick-off, the ball only going to the Bowie 30 and when Madrid was downed he was on his own 45. With a baffling array of spinners, fakes, reverses the Bears "really went to town." Caro, and he can run faster than any syrup of that name, finally going off his own left tackle for 30 yards to pay.

And the point for extra point was made but only the officials knew it. Calamia attempted to pass over the goal to one of his men and Wafford was ruled guilty of shoving out of the path of the ball one of them. The official scorer was not warned that the initial decision of the officials ruling no point had been changed and all through the game the scoreboard carried the tally as 13-12.

After once more regaining possession of the ball the Bears started another drive that carried them to the Midland 1 but a 15 yard penalty set them back. Not to be outdone, Calamia immediately stepped back and hurled one to Madrid and when he was downed the ball was again on the Midland 1. They failed to gain in one stab at the line, and then lost 23 on a bad pass from center. Once more Calamia passed to Madrid and for the third time the ball rested on the Midland 1 in less than five minutes of play.

Wafford stood behind his own goal and got off a long high one that carried to the Bowie 46 but Calamia picked it up and returned to the Midland 36 before being stopped.

And then came a break for Bowie. After once more advancing the ball inside the Midland 20 the Bowie center rolled one back that Calamia picked up on the run, turned and hurled over the goal to Garcia for six points.

From that time on, there was only about three minutes, Wafford kept almost sole possession of the ball. Finally, with only seconds to play, he threw a long pass that Caro intercepted on the Bowie 35 and returned for 13 yards. They completed one play and the game ended but Bowie was offside and given one more play. Disregarding their chief scoring threat of the night, passing, Nieto went into the line for no gain.

First downs were 12-11 in favor of Bowie, eight of their total coming in the third period while blanking the Bulldogs. On passes the Bears also proved superior, ringing up 6 completions out of eight attempts while Midland could only reach a target three of six tries.

Meet the new Mexican chef at Camp Broadway Gardens. He knows his Mexican dishes! (Adv.)

MONAHANS EASILY DOWNS KERMIT BY 19-POINT MARGIN

BY JOHNNY SMITH

MONAHANS, Oct. 31. (Spl). — Monahans downed a fighting Kermit Yellowjacket eleven here Friday afternoon 26-7 in a conference game of District 7-B.

The first quarter ended scoreless. In the second stanza Monahans opened up with an aerial attack which ended in the first score, Ellithorpe going over from the 6 yard line. Kermit received the kickoff and after failing to make a first down on three tries punted and the kick was partially blocked. Monahans took the ball and Hary passed fifteen yards to Donaldson who ran the remaining distance to the goal, going over standing up.

Early in the third quarter Leroy Hary went around end for 35 yards and the third score. A few minutes later Hary intercepted a pass on the 50 yard line and ran the ball back to Kermit's 25 before he was stopped. Hary passed to Ellithorpe for 18 yards and he ran the remaining 7 to the goal line untouched.

Hary passed to Lewis for one extra point and Ellithorpe plunged line for the other point added.

In the last minute of the game Lee, shifty Kermit back slipped through the entire Monahans team for 40 yards to the 16, Monahans was penalized 15 and Kermit scored. Point was added.

Famous Fan Dancer

"Daphne" Queen of the Fan Dancers, will visit Midland on the evening of Tuesday, Nov. 3 and accompanied by her entourage of more than eighty people, traveling on a fleet of thirty-five huge trucks, cars and busses will appear for one performance only at the corner of West Texas at Marienfeld St., under auspices of the American Legion being presented there by the popular producer Billy Wehle. Manager and producer of Billroy's Comedians. This is his 12th Anniversary Tour and is reported to be by far the most impressive offering he has ever placed on tour.

While press agent adjectives may be ignored, the fact remains that reports and reviews from other cities say the show is truly "magnificant" and is undoubtedly the most massive attraction of its kind ever to appear under canvas. A huge tent, recently purchased houses the show and provides comfortable seats for more than 4,000 patrons. Charming usherettes to the comfort of the public and popular prices, always a feature of Billroy's will, as usual prevail.

During the past season Manager Wehle has featured the fact that many old familiar faces would be seen in the show, but this year it is an entirely new offering, produced in Miami, Florida, instead of in the north. By so doing he secured the pick of the talent which had been appearing in the Florida clubs during the winter season, among whom are more than a score of the most beautiful dancing girls ever to appear on a local stage.

One of the big features on the show is the Palais Royale Orchestra offering a dozen of the peppiest, hottest playing musicians ever seen anywhere. A number of them were featured during the past winter at Bouche's Villa Venice, at Miami, where they were an outstanding attraction.

New shows, new faces, new vaudevill acts, new specialties, new features and new everything, is the Billroy motto this season. The engagement here will be for one night only, but will include a three-act production, seventeen vaudeville acts, the Palais Royale orchestra, "Daphne" and her dream girls, and many unusual novelties. Doors will cpen at 7:25; overture at 7:30; and the curtain rises at 8:15 sharp. Continuing his well known policy of the past, Manager Wehle is offering this massive attraction at popular prices, and for this engagement will admit ladies FREE, provided each is accompanied by one adult paid admission.

Marion Roberts, charming and talented leading lady with Billroy's Comedians.

Illness Affects Color Of Woman's Gold Rings

LONDON (U.P.)—Gold rings that change color according to the health of the wearer are described in the current issue of the British Medical Journal.

The rings, fashioned from gold guineas, belong to a patient of Dr. J. P. Jones, of Birmingham. One is the patient's own wedding ring and the other is her mother's.

The patient was born in India, and was brought to England by her British parents at the age of 14. She never became accustomed to English life, and suffers from nervous headaches and prostrations. During these attacks her rings often turn the color of platinum.

WHITE-HEADED ROBIN SEEN

CHATHAM, On. (U.P.) — A white-headed robin was seen here by Thomas Vince, sanitary inspector. He said the head was pure white, and could not have been painted because when he saw the bird it was taking a bath.

M'CAMEY WINNER OVER RANKIN, 35-6

McCAMEY, Oct. 31. (Spl.)—McCamey won their fourth district foot ball game Friday night when they defeated the Rankin Red Devils, 35-6.

Leon Belcher ran 51 yards for a touchdown in the fourth period for the feature play of the evening. Alexander and Smith also scored touchdowns, and a blocked punt recovered by Rankin behind their own goal gave the Badgers more points in the last period.

The lone Rankin score was made when a McCamey fuble was recovered behind the Badger goal.

ALL WHITE WINGS, NO AVAIL

OAKLAND, Cal. (U.P.) —The City's entire street cleaning department was mobilized when a man reported he had lost his upper and lower plates somewhere in the vicinity of "Thirteenth and Grove Streets." The department did its best, but so far as it knows the man is still obliged to eat mush.

The prong-horned antelope is the only animal known to shed its horns; it sheds only the outer shell.

Your Choice For Your Next Glasses

Individual Initiative

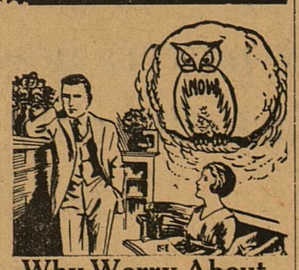

—has made America the world's richest nation.

PRIVATE enterprise has enabled the American people to enjoy advantages and comforts far beyond those of any comparably great population elsewhere in the world.

Private enterprise includes the individual farmer who helps produce the nation's foods, the "one man" building or manufacturing concern, the small merchant, the more sizable business firms and right on up to the greatest industrial and commercial corporations.

It is the primary function of the banks under normal conditions to give direct and constructive financial cooperation to all forms of business endeavor where conditions justify such action. In this Community are numerous instances of successful enterprises under individual initiative. This bank numbers many of them among its customers.

Film's Ace Adventurer In Chinese Film Now Showing at The Ritz Through Monday

Gary Cooper, the screen's most famous soldier-of-fortune is seen again in his favorite role in "The General Died at Dawn", a Paramount picture of adventure, romance and intrigue in modern war-torn China, showing today and tomorrow at the Ritz.

Having already established himself as filmdom's outstanding portrayer of romantic adventure roles in the French Foreign Legion, the Bengal Lancers and the Italian and American armies, Cooper now comes to the screen as a roving soldier of fortune in modern war-torn China.

Appearing opposite him is beautiful blonde Madeleine Carroll in the role of the lure put out by a scheming war-lord to trap Cooper. This is an entirely new role for Miss Carroll who has already captivated America despite her few appearances before the camera. Akim Tamiroff, famed for his portrayals of sinister roles, is cast in the role of the ruthless war-lord.

The producers of "The General Died at Dawnn" were determined to recapture the magnitude and significance of modern China, a popular uprising against oppression without a parallel in history. To accomplish this Clifford Odets, brilliant young playwright whose works have caused a sensation for their startling reality and rigid adherence to fact, was assigned to write the screenplay. Lewis Milestone directed the picture.

In order to produce a picture of outstanding merit, it was necessary to recruit over 700 Chinese residents of Los Angeles and the San Joaquin valley to serve as soldiers and civilians in the scenes. An entire Chinese village had to be built of bamboo and paper, and a Chinese "junk", which was pronounced as seaworthy as a cup-defender, had to be built. After this vessel was completed a crew of experienced Yangtze River sailors had to be imported from China to navigate it in the huge tank on the Paramount lot in which marine shots are taken and which is large enough to float a sea-going tug.

DUDE OUTSHOOTS COWBOY

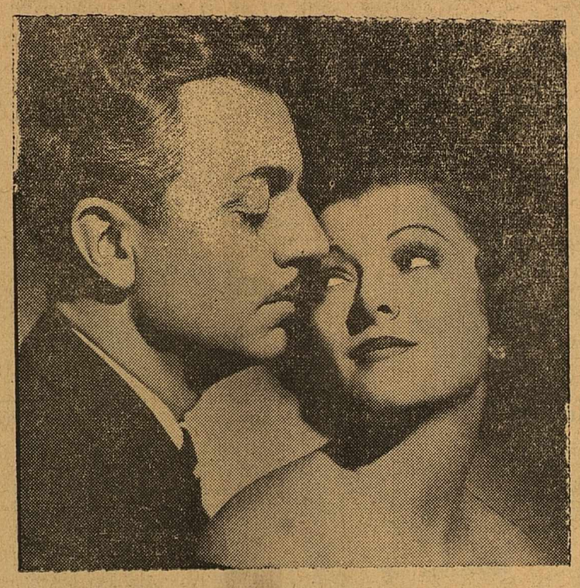

ARTINSDALE, Mont. (U.P.) — Dudes are at last coming into their own. Cowboy Jimmie Johnson and a local "dude ranch" guest used up a whole box of ammunition on a coyote stuck in a wire fence but it was finally the dude's shot that ended the coyote's misery.

"The General Died at Dawn"

Beautiful Madeleine Carroll, cast as an intriguing adventuress, and handsome Gary Cooper, famed for his soldier-of-fortune portrayals, appear together for the first time in "The General Died at Dawn", now showing at the Ritz theatre, a tensely dramatic story of modern war-torn China, written by Clifford Odets.

Together In "Libeled Lady"

William Powell and Myrna Loy who appear with Jean Harlow and Spencer Tracy in "Libeled Lady", now showing through Tuesday at the Yucca theatre.

Jesse James Will Be Presented for Approval at Ritz

Jesse James, the original Missouri outlaw who was supposed to have been shot by Bob Ford on April 3, 1882, has returned to the realm of the living after a hide-out of fifty - one years, and will be seen in person at the Ritz theatre on Tuesday.

Explaining that the historical "picture-on-the-wall" shooting was a frame-up, James says that he, his brother Frank and Bob Ford plotted to get rid of Charles Bigelow, an outlaw who had been committing crimes and leaving indications that it was the work of the James boys. When Ford shot Bigelow, Jesse immediately rushed into the room and changed guns and other marks of identification with the slain man, and escaped into the hiding that was destined to outdo Rip Van Winkle. During his seclusion, James earned a quiet living as a dealer in cattle and race-horses, spending most of the time in Colorado, and passing under the name of "Jim Williams."

When he decided to return to public life, Jesse James obtained assurances in Washington that no charges once in effect against him were no longer in force because there were no living witnesses. Accompanied by a delegation of early settlers who had identified him, James also paid a visit to the governor of Missouri and was told that when the $10,000 reward was paid to Bob Ford, the case was officially closed as far as the State of Missouri was concerned.

In his appearance at the Ritz theatre, James will recount the high lights of his most interesting experiences and will describe his escape in detail.

In addition to Jesse James in person, the Ritz theatre will present Hank Farris and Ann Alexander, cowboy entertainers, in their famous Australian whip-cracking and fancy roping act.

The screen attraction will be "15 Maiden Lane" with Claire Trevor and Cesar Romero.

RETURNS FROM PHOENIX

J. B. Ford has returned from a business trip to Phoenix, Ariz., and California, where he stayed a week, purchasing a solid van load of California canned and dried fruits.

RITZ

Today and Tomorrow. —"The General Died at Dawn" with Gary Cooper.

Tuesday—"15 Maiden Lane" also on the stage Jesse James in person.

Wednesday & Thursday — "Sworn Enemy" with Robert Young.

Friday & Saturday — John Wayne in "Winds of the Wasteland."

'LIBELED LADY' IS ALL-STAR FILM WITH HARLOW, POWELL HEADING CAST

Jean Harlow, William Powell, Myrna Loy and Spencer Tracy came to the Yucca screen preview last night—all in one picture—and that picture, "Libeled Lady", proved a grand field day of hilarity, glistening personalities and an entertainment-packed plot.

It is showing today and will continue through Tuesday.

Jean Harlow has the comedy hit role of her career as the dashing spitfier Gladys who loves Spencer Tracy so much that she's even willing to marry another man in order to help Tracy out of a hole. William Powell and Myrna Loy, fresh from their joint triumph in "The Great Ziegfeld", are again irresistibly engaging in the respective roles of a reporter who schemes to compromise a lady in order to force her to drop a libel suit, and the lady herself who neatly turns the tables when the man who seeks to victimize her falls in love with her instead.

Here is a summary of the plot: In order to block a libel suit by a wealthy society girl (Miss Loy) the managing editor of The Star (Spencer Tracy) hires a smart reporter (William Powell) to trick her. The smooth newspaper worker insinuates himself into the good graces of Miss Loy's father (Walter Connolly) and scents success when suddenly he discovers himself to be in love with her. Meanwhile, he has been trapped into a marriage of convenience to the managing editor's sweetheart (Jean Harlow) which complicates his efforts tremendously. He and the wealthy father of the society girl are trout fishing enthusiasts which provides the ground for their friendship. When the girl learns that the newspaperman is married the situation becomes even more complicated, but eventually the libel suit is called off and the respective romances are adjusted satisfactorily to all concerned.

The picture would be no little entertaining had it but one of the distinguished stars heading its cast; with four it quadruples its potentialities and provides one of the most delightful programs the screen has presented this year.

Eligibles

Continued From Page One

ed on the party vote in the last general election.

In a democracy like our, the voting in the general election is the only way the average citizen can directly exercise the basic power that is reserved and preserved to him under our system of government. Therefore, if it is not exercised at the ballot box, no other direct recourse has he in the selection of the officers that carry on the functions of government and determine the fundamental laws of the land through which his government is administered.

The highest privilege and the greatest duty that a citizen of a state and the nation has is the right of suffrage. In national politics it is only regularly exercised every four years and next Tuesday is one of these times, while the state functions are regularly exercised every two years on the same date.

Thus, using the trite expression "speak at the ballot box Tuesday or forever hold your peace."

Since 1932 the gross American farm income has increased nearly $3,000,000,000.
