UN Chief Urges Newspaper Support

Trygve Lie Asserts World 'Is Sick And Tired Of War'

WASHINGTON —(AP)— Trygve Lie, secretary general of the United Nations, said Saturday night it is the business of his organization and newspaper editors to prevent war.

"It is our business," he advised the American Society of Newspaper Editors in a prepared address, "to ensure that the world will not have a war either now or in that distant future when it may lack our advantage of grim firsthand experience with two terrible wars."

Fascism and Naziism, however, still constitute a threat to world peace, he said, calling upon the editors to support the United Nations in their aims for peace.

But another war is not likely soon, Lie commented, because the world "is sick and tired" of war.

Earlier three Russian journalists in an open forum with American editors had asserted Soviet Russia wants a strong army but only to defend its borders.

They also contended Russia has no secrets to hide and promised to "raise the question" with their government about a broader interchange of newspaper correspondents when they return home.

These assertions came in response to questions asked Mikhail R. Galaktionov, Pravda military editor; Ilya G. Ehrenburg, of Izvestia, and Konstantin M. Simonov, of the Red Star, at the concluding session Saturday.

Ehrenburg said he did not mean to rebuke the entire American press Friday when he said newspapers in this country had printed "malicious slanders" against Soviet Russia. Many American papers, he said, "represent Russia in the proper light." Some make mistakes and "some do it for the love of mistakes."

"No Secrets To Hide"

He said the "more American journalists that come to Russia the better it will be for them and for us," adding: "We have no secrets to hide."

"Of course," he added, as his audience chuckled, "there are secrets in all countries and it is not the job of journalists to find out secrets."

McClellan Van der Veer, chief editorial writer of the Birmingham News and Age-Herald, wanted to know if Russia still favors international control of armaments.

Galaktionov took this one. He said Russian policy had always been along that line, that the country has favored general disarmament on seven different occasions. If Russia keeps a large army, he said, it is because it is a big country and many nations have been antagonistic toward her.

He added her policy is to disarm as many persons as possible and turn them to agriculture and industry, but the extent of disarmament depends on how far guarantees are achieved against further aggression.

"Our people want a strong army, but only to defend our borders," he asserted, adding that in the last 30 years Russia has been attacked several times by neighboring countries.

Robert Glass, editor of the Lynchburg (Va.) News, asked what would be the repercussions if a Russian writer urged removal of Stalin and his replacement by Molotov or Litvinov.

This was a little tough and Ehrenburg went into a huddle with his associates. His first answer amused the audience. It was: "Categorically no."

He said Stalin is "in the heart" of every Russian as the savior of Russia. When Germany was on the outskirts of Moscow Stalin remained in that city and "the city that bears his name (Stalingrad) still exists in the same place where it was."

Midland Hi School Places Second In Regional Contests

ABILENE—Midland High School late Saturday held a cinch for second place in the region interscholastic league meet held here Friday and Saturday, although final points had not been tabulated.

The one-act play contest was in progress late Saturday night, but Abilene had gathered enough points to be sure of first in the overall meet with Midland second.

Midland contestants won two first places in literary events and were high in several others.

Billye Jean Jones, senior girl, was first in declamation, and so was Mary Martha (Puddin) Sivalls in typewriting.

The debate team composed of Stella Shattuck and Lawrence King took second place, with San Angelo taking first honors.

Jim McGraw won second place in junior boys declamation, an event which Abilene won.

Bill Hamilton placed second in boys extemporaneous speaking, with Abilene again taking first.

Elizabeth Ann Cowden won fourth place in typewriting.

Won One Track Place

The well-balanced Midland tennis teams, which were entered in all divisions of boys and girls events, singles and doubles, won a flock of second places. Bitsy Vertrees, boys singles, lost in the semi-finals to a Stamford opponent. Wilbur Yeager and F. B. Hale, boys doubles team, lost in the semi-finals to Sweetwater. They drew a first-round bye and beat Comanche in the quarter-finals. Phyllis Chancellor and Florence Larsh, girls doubles team, lost to Anson in the semi-finals. Elizabeth Ann Cowden, girls singles, lost in the first round to Junction.

Dunny Goode was the only Midland track and field performer to win points. He took second place in the 440-yard dash behind Abilene's favored H. D. Terry. Abilene High won the track meet.

Goode reportedly ran a record-breaking 50.1 quarter in the preliminaries.

First, second and third place winners qualify for the state meet to be held in two weeks in Austin.

One-act players, who did not give their act until late Saturday night, were: Joan Chapman, Marilyn Miller, Marylee Cowden and Billye Jean Jones. The play was "Overtones."

Collision Kills All Members Of Family

AMARILLO—(AP)—Four members of one family were killed instantly and the only other member died almost 7 hours later from injuries received in the collision of their truck and a Rock Island passenger train at a crossing in Bushland, small community 12 miles west of here Saturday.

Killed in the crash were James W. Sutton, 37; Mrs. Sutton, 37, and their daughters, Mary Louise, 4, and Sharon, 29 months. A son, James Jr., 12, died in an Amarillo hospital at 6 p. m. All were from Wildorado, a small town 26 miles west of here.

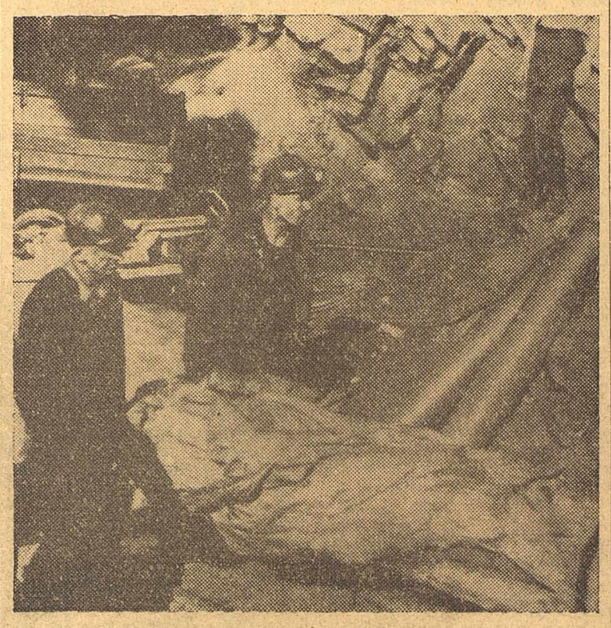
• LATE NEWS FLASHES •

CHUNGKING—(AP)— Chinese Communists encircling Harbin declared Saturday they intended to seize that North Manchurian metropolis, and the government indicated it would not even try to defend the city.

COLLEGE STATION—(AP)—General Dwight D. Eisenhower became a Texas Aggie here Saturday night. Thousands of A & M home coming exes and visitors saw President Gibb Gilchrist award the five-star commander of the U. S. Army the honorary degree of doctor of laws. The ceremony completed the second day of the A & M victory homecoming.

CLEVELAND—(AP)—A meeting of railroad management representatives and officials of two railroad unions, set for Monday in Chicago to review finds of President Truman's emergency board has been postponed, union officials said.

12 Miners Killed In Virginia Explosion



(NEA Telephoto)

One of the 12 miners killed in the McCoy, Virginia, mine explosion is carried from the shaft by rescue workers. Only 58 miners were at work in the Great Valley Anthracite Corporation mine when the blast occurred Thursday morning. Virginia's worst explosion in years, the blast blew a train of 14 mine cars more than half a mile. Most of the miners were "laying off" during the NMW-operator contract negotiations at the time of the disaster.

Eisenhower Day In Texas —

Ike Says U.S. Food Can Help Keep Peace

DENISON —(AP)— Gen. Dwight D. Eisenhower, his quick grin flashing, paid a speedy visit to his birthplace Saturday, and during the course of it told the crowd gathered to greet him that "no element is as important in preserving the peace of the world as food."

"This land of America has responsibilities it can't dodge. It is the breadbasket of the world," the general said in a brief address which followed a military parade.

The parade, led by the general and Speaker of the House Sam Rayburn, moved through Denison's main business section past cheering thousands shortly after General Ike had paid a visit to the house in the southeastern part of Denison where he was born Oct. 14, 1890.

There he stepped inside the door to find Miss Jennie Jackson with her arms outstretched. Miss Jennie, 74, is the retired school teacher who remembers dancing General Ike on her knee.

"So this is Miss Jennie," the Army's chief of staff said. "It's certainly nice to see you."

"It's nice to see you too, Dwight," Miss Jackson answered.

"It would be my wish that every man who served in the war could each have the same experience upon returning home that I have had here today," he said in his address. "Every soldier deserves that sort of homecoming."

After his speech, Eisenhower briefly attended a barbecue honoring him and service men of World War II, then went back to his home place for a press conference, during which he said "There is not nearly as much of the so-called caste system in the Army as some people like to think."

Asked for comment on the proposed merger of the armed forces, he stated: "I have made my position on the merger clear to Congress, the President and the Secretary of War. The program, however, has evolved itself into a fight between the departments and I will have no part of that. I think the worst possible thing right now is to have the Army and Navy arguing between themselves. We can't afford it."

Funeral Services For W. H. Glenn Held Saturday

Funeral services for William (Bill) Henry Glenn, 58, longtime Midland resident and employe of the Texas and Pacific Railroad as a stock loader, who died of a heart attack at his home one mile south of Cloverdale near Midland Friday, were held at 4 p. m. Saturday at the Ellis Funeral Chapel.

Members of the Odd Fellows Lodge served as pallbearers for services, at which the Rev. Vernon Yearby, pastor of the First Baptist Church, officiated. Interment was in Prairie View community cemetery.

Glenn came in from work Friday afternoon and told his wife and daughter he was tired and would lie down. In a few minutes they found him dying. He had complained of feeling ill for several days and planned to take a trip for his health.

He had lived in Midland 48 years, coming here from Kaufman County, where he was born in August, 1887. He worked for the railroad about 30 years, and was a member of the First Baptist Church and Odd Fellows.

Survivors are: his widow, Mrs. W. H. Glenn, of Midland; three daughters, Mrs. Clara Mae Richardson of Midland, Mrs. Willie Hargrave of Lubbock, and Mrs. Pauline Harris of Plainview; and two sons, Clyde of Plainview and Walter of Odessa.

BACK TO MISSOURI? —

Convict Lands Plane, Says Gas Gone, Scrams

WALNUT RIDGE, ARK. —(AP) — Arkansas State Patrolman Wyatt Patrick said Saturday night he believed a youth, identified as an escaped Texas convict, who landed and abandoned a stolen plane near here Thursday had returned to Missouri.

Lt. K. K. Johnson of the Missouri State Highway Patrol said the plane was stolen at Columbia, Mo., by Vernon B. Simpson, a former pilot-instructor at Malden, Mo., Air Base.

This North Arkansas city is not far from the Missouri line.

Patrick and Lawrence County Sheriff W. E. Archer related that the youth landed the plane in an unplanted rice field east of Walnut Ridge, exlained to Bennet Harden, a school teacher, that the machine was "out of gas," and calmly walked away.

Lieutenant Johnson said Simpson was wanted at Wichita Falls, Texas. Simpson, the lieutenant said, was fired on at Jefferson City Tuesday night as he fled when police sought to question him about guns and other articles found in an automobile.

U. S. Says Fourth Of Houses Must Be Built For Rental

By STERLING F. GREEN

WASHINGTON —(AP)— The government Saturday night ordered new, reduced cost ceilings for the bulk of new dwellings and directed that one-fourth of them be built for rental.

The National Housing Administration order will steer, by priority action, most of the country's residential building materials into homes well under the present $10,000 sales and $80 rental limit.

Announced by Housing Expediter Wilson W. Wyatt, the order directs that:

One-fourth of the dwellings henceforth authorized in any city must be built for rental; and of these, at least half must rent at or below ceilings which range from $40 monthly in New Orleans to $65 in New York.

Half of all homes built to be sold must come below a new price line which also varies from city to city; $4,500 in New Orleans, for instance, and $9,000 in New York.

Priorities As Whip

The government's whip is the withholding of priorities on scarce lumber, materials and supplies.

Other houses may range in price up to the $10,000 sales and $80-a-month rental limits already fixed for the veterans' housing program.

Veterans who apply to build their own homes will get first preference in the issuance of priorities, the order specifies. Next preference will go to builders who agree to sell or rent under the new dividing line.

The new "dividing line" is to be worked out in each city by the local Federal Housing Administration director. For some major cities, it will establish approximately these sales marks:

New York, $9,000; Denver and Seattle, $6,000; Atlanta, Louisville and Fort Worth, $5,500; New Orleans, $4,500.

Sample rental dividing lines are approximately:

Providence, Philadelphia and New York, $65; Fort Worth, $60; Milwaukee and New Orleans, $40.

Mother Says Death Of Girl Should Be Warning

TEXARKANA—(AP)— Mrs. Bessie Booker Brown, mother of 15-year-old Betty Jo Booker, slain in a double killing last Sunday on a country lane near here, said Saturday she looked upon the death of her daughter as a "sacrifice, a warning to other parents who let their children roam too free."

Betty Jo was shot twice, and her "date" Paul Martin, 17, four times, after they left a dance together Saturday night. Their bodies were found the next day a mile apart, two miles from their parked car.

Weather

Partly cloudy Sunday with not much change in temperature.

Other Nations Near Starvation

WASHINGTON — (AP) — Immediate re-routing of grain ships now headed for British ports to more urgent European hunger spots was planned Saturday night by UNRRA Director Fiorello H. LaGuardia.

LaGuardia said a staff of UNRRA experts was checking the ships now at sea and planning new routes in anticipation that the British cabinet will release the cargoes on condition that the grain will be replaced through the latest American procurement program.

Secretary of Agriculture Anderson Friday night outlined six measures, including 25 per cent cuts in the domestic use of flour and wheat and bonuses to farmers for wheat and corn, intended to speed up and increase shipments of food grains to famine areas.

Reports of increasingly desperate conditions in Poland, Yugoslavia, Greece and Italy meanwhile were received by LaGuardia.

A cable from Warsaw said that grain stocks are so low in Poland that the government is wrestling with a decision whether to use seed grain intended for next year's crop for human consumption now.

Starvation was reported imminent in Yugoslavia, and a message from Greece said that "starvation conditions will exist in many areas" unless supplies are diverted to that country at once.

Reports from the Italian mission said that grain stocks are now sufficient only to provide rations for from a week to 10 days.

BRITAIN TO COOPERATE

By The Associated Press

Britain announced Saturday night that it would enact wheat-saving measures soon in line with United States action, while Canada and Argentina took steps to increase their food contributions to the world's hungry peoples.

Protest Food To Japs

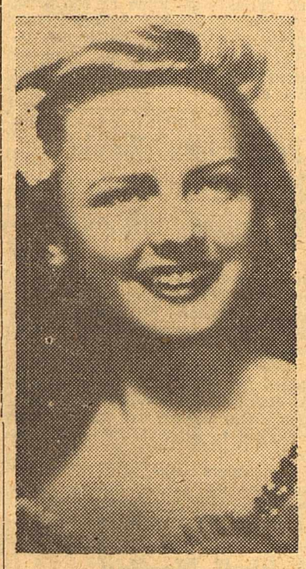
WASHINGTON —(AP)— The Far Eastern Commission next week may ask the United States to reconsider its decision to ship more than half a million tons of food to Japan by the end of June.

Some of the countries represented on the 11-nation policy making commission feel strongly that the shipping of food to the former enemy country is a proper concern of the commission action.

Sir Carl Berendsen of New Zealand told commission members he was "convinced that if anything is a matter of policy in the administration of Japan, it is surely the fundamental question of the supply of foodstuffs to that country."

China, India and the Philippines also have expressed concern over the American food shipments to Japan.

Co-Ed Dies From Burns



Miss Georgia Stevens, Houston student at the University of Texas, died from burns suffered Wednesday night in an initiation ceremony at the Delta Delta Sorority House. Members of her family were in Austin at the time of her death.

Delegates Arrive For South Plains Bankers Meeting

Delegates had started arriving in Midland Saturday for the annual convention here Monday of South Plains Bankers, and additional members were expected Sunday.

Registration will start at 8:30 a. m. Monday, and the meeting is scheduled to open at 10 a. m. in the Crystal Ballroom of the Scharbauer Hotel. Election of officers and selection of the meeting site for the next convention will highlight the business program.

A social hour will be held at 12 noon in the Private Dining Room of Hotel Scharbauer, and a luncheon at 1:30 p. m. at the Log Cabin Inn will be followed by dancing until 4:30 p. m.

The Rev. Howard Hollowell, pastor of the First Methodist Church, will give the invocation for the meeting. Opening remarks will be made by Robert T. Piner, association president and vice president of the First National Bank, Big Spring. O. C. Harper, president of the Midland Chamber of Commerce, will give words of welcome to the bankers, and M. C. Ulmer of Midland, president of the Texas Bankers Association, will greet the convention delegates.

Murray Kyger of the First National Bank, Fort Worth, will speak on "The Veteran and His Banker." H. C. Burke, Jr., of the Continental National Bank, Fort Worth, will discuss "Our Government Debt and Its Money."

W. T. Andrews of Spur is vice president of the association and William R. Sewell of Slaton is secretary-treasurer.

'Follow Me,' Says Cop; Not 'Here's A Ticket'

A car ran a stop sign in Midland Saturday and got away with it.

But it was transporting an injured man to a doctor.

Motorcycle Patrolman Opp waved a car he had seen run a stop sign as it sped in from the Andrews Highway, to stop.

The excited driver halted, explained he was taking a man to a doctor. Officer Opp promptly led him through the city with a siren clearing the way.

Dr. M. S. Dickerson, who treated the injured man for a foot injury, did not know his name but said he worked for an oil company.

Chamber Of Commerce Committee Members Named By Chairmen

Personnel of three important committees of the Midland Chamber of Commerce were announced by their chairmen Saturday. The committees are petroleum, aeronautics and coordination.

Robert L. Wood, chairman of the petroleum committee, announced the following members of his committee: Ed Warren, C. V. (Cap) Lyman, Charles C. Roripaugh, P. F. Brown, R. S. (Bob) Brennand, Jr., L. F. Shiplet and H. A. (Bert) Hemphill.

The following members of the Chamber of Commerce were appointed members of the aeronautics committee by John W. House, chairman: John P. Butler, Ralph Lowe, M. T. Smith, W. Watson LaForce, J. P. (Bum) Gibbins, R. B. Cowden, James C. Carlson and George W. Glass.

The committee on coordination is composed of House, chairman, S. M. Erskine, V. C. Maley, John J. Redfern, Jr., Dick Prather, A. A. Jones, Mrs. Fred Fuhrman, W. A. Yeager and Ken Regan.

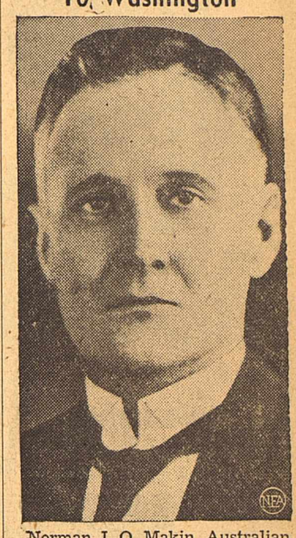
Midland Schools Retain Standing

Midland Independent Schools again have been accepted without reservation for membership in the Southern Association of Secondary Schools and Colleges.

Notice of the acceptance was received Saturday by Supt. Frank Monroe. At the same time the system was invited to become a member in the association's project for improvement of programs throughout member schools. This would entail special activities in specific fields of work, and the matter probably will be taken up at the next meeting of the school board.

Dr. Gordon Worley, director of the division of supervision and curriculum of the state department, advised Monroe the association's program also calls for the general raising of teacher pay levels.

To Washington



Norman J. O. Makin, Australian naval minister, has been appointed the Commonwealth's minister to the United States, retaining his cabinet position. He headed his country's delegation to the first United Nations meeting in London.

Near-Record Food Crop Expected In Texas This Year

By The Associated Press

Texas, which sometimes boasts that the entire population of the world can march abreast within its boundaries with elbow room to spare, reports a near-record crop yield which may help feed much of that population.

Texas farmers are raising almost everything mankind eats, but they are doing it against heavy odds.

An Associated Press survey, with editors and farm editors throughout Texas furnishing statistics, comments and predictions, indicates a near-record yield in prospect, weather permitting.

Several Handicaps

But seriously handicapping Texans are a severe labor shortage, an acute scarcity of farm equipment, rising production costs, a drought, government restrictions, a need for fertilizer and feed, and a spread of infestation among some crops.

On the brighter side, farmers report there are ample storage facilities this year, and greatly improved transportation to move their crops to market.

Prices are good, too, and a profitable season is predicted.

Inadequate labor to harvest crops is a prime handicap. Returning veterans are not returning to the farms as farmhands in any large numbers. Many would like to own their own farms, but reports said prices for land is discouraging them.

M'Arthur Calls Texans 'Bravest Of Brave'

COLLEGE STATION —(AP)—Gen. Douglas MacArthur Saturday sent a message to Aggies on Corregidor saying the Texans who died there were "among the bravest of the brave."

A&M President Gibb Gilchrist Saturday received a copy of a message the general sent to Maj. Gen. Percy W. Clarkson, ranking officer of the Aggie muster being held on Corregidor Sunday.

"Sons of Texas A&M on Corregidor—21 April 1946," the message began. "In this hallowed soil lie the mortal remains of many men who died that liberty might live. Among the bravest of these brave are 20 officers, sons of Texas A&M unable themselves to answer this year's annual muster.

"Of them and those of their fellow alumni who lie in hallowed soil of other lands, and those who survive them, may it truly be said that in the noble teachings of their alma mater, they stood steadfast, unyielding, unafraid through those dark days of our country's gravest peril—and by inspiring example helped point the way."

City Judge Is Busy With Many Tickets

City police reported Saturday traffic violations were on the increase in Midland and tickets for speeding and running stop signs had flooded the city judge's office during this month.

The city motorcycle patrol has been instructed to crack down on the violators.

CITIES COMMEMORATE RESURRECTION OF CHRIST AND SAN JACINTO

Texans Observe Christian Triumph Of Easter Along With Independence Day

By The Associated Press

Texans Sunday are observing with solemn joy the universal Christian triumph of Easter and the most significant battle victory in the state's colorful history, San Jacinto.

Before dawn crowds will gather in spots of beauty throughout the state to wait quietly for the rising of an Easter sun to signify the rising of Christ more than 1900 years ago.

In many parts of the state Easter services will be supplemented by San Jacinto Day observances.

These, too, although originally in celebration of the battle 110 years ago which assured Texas independence, have come to be a signal of commemorative services for the state's war dead.

Students of Texas A&M are celebrating musters in various cities.

An important celebration will be in Houston, at the site of the Battle of San Jacinto, where a golden limestone obelisk rises 570 feet in landscaped grounds.

A two-hour program at 3 p. m. has been planned by the Sons and Daughters of the Republic of Texas. Former Gov. Dan Moody will be the principal speaker.

Luther H. Evans, librarian at the Library of Congress, will conduct memorial services for Ike Moore, former director of the San Jacinto Museum housed in the monument, who was killed in action with the Navy.

An impressive municipal Easter service has been planned at Corpus Christi on the seawall, facing across the water. Speakers and choruses will appear in boats below.

The colorful Easter fires of Fredericksburg flickered on the hillsides around the town Saturday night in a unique custom over a hundred years old.

Wide-eyed youngsters believe the Easter bunnies are cooking eggs there and coloring them with dyes from the wild flowers to hide on lawns and in nests of wild flowers they have prepared.

Softball League Will Begin Second Week Monday

MAAF vs. Burl's—7 p. m.
Elder vs. Mackey—9 p. m.

The City Softball League gets off to a rip-roaring start Monday for its second week of play when Midland Army Air Field engages Burl's One-Stop Standard.

In the nightcap, Elder Chevrolet tangles with Mackey Motors.

Softball fur should fly when the Army mixes with Burl's "Dead-End Kids" from the high school. Both are spirited teams and have a lot of chatter.

A new schedule will be announced before Tuesday night because one team, Log Cabin Inn, failed to field a team.

Results of last week's games: Midland Hardware 7, Reporter-Telegram 6; Equitable 22, JayCees 17; O'Neal's 26, Elder 5; Burl's 20, City Bus 5; Mackey Motors 1, Log Cabin 0 (by forfeit); Oil Scouts 13, MAAF 10; O'Neal's 10, Midland Hardware 9; Equitable 20, City Bus 6.

Youngsters Should Not Get On Or Near To Softball Diamond

City Softball League officials have asked the City Police to keep children from getting close to the playing diamond at Barney Grafa Park, where games are played nightly.

City Police agreed to do this and urged parents to cooperate by instructing their youngsters to not get close enough to the playing diamond to get hurt or be in the way.

Youngsters have been crowding up near the players benches and have narrowly escaped being hit by a broken bat or a thrown ball.

Softball Meeting Is Called Sunday

Managers, or one representative from each team in the City Softball League, are called to a meeting at 1:30 p. m. Sunday at the Barney Grafa Park diamond.

Umpires also are asked to be present.

This is an official directors meeting and irregularities occurring during the first week of play are expected to be discussed.

Protests will be studied and ground rules drafted.

Exhibition Softball Games Set Sunday

Exhibition softball games will be played beginning at 2 p. m. Sunday at the Barney Grafa Park diamond on South Main Street. Matches were not announced.

The public is invited.

ROOKIE HELPS DODGERS DEFEAT GIANTS, 9-8

BROOKLYN —(AP)— Rookie Outfielder Dick Whitman singled with two out in the ninth inning to score Augie Galan with the run that gave the Brooklyn Dodgers a 9-8 victory over the New York Giants Saturday before a crowd of 26,615.

New York	101 020 130—8
Brooklyn	004 000 311—9

Koslo, Trinkle, Adams and Cooper; Higbe, Casey and Anderson.

TOMMY HOLMES BATS BRAVES TO 6-3 WIN OVER PHILS

PHILADELPHIA —(AP)— Rightfielder Tommy Holmes batted the Boston Braves to a 6 to 3 victory over the Philadelphia Phils Saturday before an estimated 15,000 attending the Phils opener. Holmes hit an inside park home run with two on in the first inning and had two doubles and a single in five trips to the plate.

Boston	300 020 100—6
Philadelphia	100 020 000—3

Lee and Mast; Raffensberger, Karl, Novikoff, Mulligan and Hemsley, Seminick.

Assault, Horse From King Ranch's Wide Open Spaces, Wins At Jamaica

NEW YORK —(AP)— The Texas terror from the wide open spaces, stretch-burning Assault, sizzled to a two-length victory in the Wood Memorial Saturday and thereby moved right up into the select set for this year's Kentucky Derby on May 4.

In a slashing move that had more than a few of the 46,965 Jamaica customers calling him a chip off the old block, the son of the 1936 Derby winner—Bold Venture—Ripped past two of his more favored rivals in the stretch drive of this annual Eastern derby preview and was going away from them at the wire.

Assault clicked off the mile and a sixteenth in 1:46 3/5.

Packing the derby load of 126 pounds for the first time, he was the best of a dozen derby candidates. William DuPont's favored Hampden, and Robert Bruce Livie's Marine Victory, finished second and third after him practically racing the legs off each other at the head of the pack in the early going.

Born on the wide reaches of Robert J. Kleberg's King Ranch and trained by Maxie Hirsch, who also handled his daddy in the Derby a decade ago, Assault did it the hard way Saturday. A $19.70 for $2 shot in the betting, he sat some five lengths behind the flying pacemakers most of the way around the track, then went right up and passed them under Warren Mehrtens' steady steering, even though he was carried slightly wide.

A chocolate speedster who takes after his maternal granddaddy, Equipoise, more than he does after his old man, the driving Texan picked up a $22,000 paycheck for his day's work, giving him a bankroll of $30,100 for the year and $47,350 for his two seasons.

DOWN SPORTSLANE — TANNER LAINE —

Hey, boys, lay off the umps, will you. Razz your head off but let your manager do the protesting and the cussing if we just have to put up with that. The strike callers and base slide decision makers of the City Softball League aren't "over-paid" you know. They are just out there to help you players have a league. They are interested only in good sport and Midland recreation. Think it over. Would you like to take their places?

—SL—

SOFTBALL SLANTS FOR A WEEK: Not saying they are the best but Fowler (Oil Scouts), Morrow (Reporter-Telegram), and Bizzell (Phillips 66), are smooth infield operators . . . Stanley (JayCees) is mighty sweet out in the left field garden . . . Frazen (Equitable), outfielder, has made one of the best catches of the season so far . . . Fleming (MAAF) and Donk Roberts (Scouts) take a mighty healthy good-hitting cut at that ball . . . The league has good infield and outfield catching all the way around . . . The scores have been large because of several things—one is the use of short bases this season, shortened from 60 feet to 55 feet . . . Teams score without long hits easily enough that way . . . Pierce of the R-T has the smokiest ball . . . MAAF and Burl's run the bases the fastest . . . Scouts hit lustily from top to bottom of batting order . . . Reporter-Telegram is adding strength at first base and the outfield . . . JayCees are marketing for pitchers . . . Log Cabin Inn did not come in, so one league will be one team shy . . . The schedule will be hopped up to make the difference . . . Biggest upset, O'Neal's over Midland Hardware Friday . . . Biggest surprise, eight-run first inning rally by Scouts over MAAF . . . Biggest explosion coming up — when MAAF and BURL'S collide . . . Both are razzle-dazzle chatter groups.

—SL—

ROUNDIN' UP THE STRAYS... People coming out to the softball games in droves . . . Colonel Wright is an early spectator each night . . . He used to ump the games . . . Sid Sabbath, who is calling some games, is a veteran of the diamond and he lets the argument pour off his head like water off a duck's back . . . One softballer, who should not get in trouble, is SAINT of Equitable . . . Burl's team roster reads like the high school football team roster . . . It is . . . The hottest play for ground hit balls has been around third base with a lot of assists coming from that sector, the traditional hot corner . . . SCHWINDLER (Equitable) ought to be a good base stealer . . . Three Harts are playing . . . Two for MIDLAND HARDWARE and one for OIL SCOUTS . . . There has been only one spiking incident . . . Not serious . . . MAAF pulled the only double play so far . . . That's the crop of strays.

Equitable Beats City Bus, 20-6

Equitable Life Insurance softballers tapped the City Bus team, 20 to 6, in a league game Friday night.

Equitable manfactured 13 runs in the fifth inning and that was the ball game.

City Bus also had a big fifth frame, getting four runs, but that was not enough. The bus boys scored twice in the first inning and went scoreless until the fifth.

Equitable got one tally in the first, three in the third and three in the fourth. Then came the barrage in the fifth.

Score by innings:

Equitable	**103 3-13—20**
City Bus	**200 0 4—6**

Cardinals Defeat Chicago Cubs, 2-0

CHICAGO —(AP)— The St. Louis Cardinals, behind Harry Brecheen's six-hit hurling, handed the Chicago Cubs their first setback of the season, Saturday, 2-0, before a shivering, standing-room only crowd of 40,887 on hand for the Bruins' National League pennant raising.

St. Louis	100 000 010—2
Chicago	000 000 000—0

Brecheen and Rice; Borowy, Schmitz and McCullough.

Baylor Relay Team Wins Sensational Race At Kansas

LAWRENCE, KAN. —(AP)— The record-equalling performance of Harrison Dillard, Baldwin-Wallace College, in the 120-yard high hurdles and the Baylor Bears' sensational time in the quarter-mile university relay stood out in a field of 25 events as the Kansas Relays returned to the nation's major sports calendar here Saturday.

Dillard traveled the hurdles in :14.2 to equal the mark for this event established by Fred Wolcott of Rice here in 1940.

Baylor came within five-tenths of a second of the world's record for the quarter-mile university relay, doing the distance in 41 seconds flat.

The record of :40.5 was established by the University of Iowa in 1935 Kansas Relays and equalled by Southern California in 1938.

Jim Isaacs, James McGillbery, Stony Cotton and Bill Martinson were the Baylor runners. Texas came in second, Iowa third and Colorado fourth.

Missouri sprang a major surprise in beating Texas for the university half-mile relay crown. Bob Crowson, Missouri anchor man, won a great sprint battle over Texas' Earl Collins, national NCAA 220-yard champion, to put the Missourians across.

Texas A&M's team of W. L. Benson, W. J. Napier, Tom Fischer and Art Harnden won the one-mile university relay in a close finish with Drake. The Texans' time was 3:21.5.

Senators Get 14 Hits To Down Yanks, 7-3

NEW YORK—(AP)—The Washington Senators snapped out of their lethargy Saturday with a 14-hit attack against four New York Yankee pitchers, including a home run by Stan Spence, to gain their first triumph of the season, 7-3.

Washington	001 001 320—7
New York	000 000 102—3

Leonard and Scarborough, Evans and Early; Wight, Roser, Karpel, Stanceu and Dickey.

Tracksters To Join Spring Grid Squad

After resting Friday to Monday, the Midland High Bulldogs will pick up spring football training Monday afternoon, with the squad reinforced with the addition of several footballers from the track squad following the regional meet held Saturday.

Defensive tactics will come in for much attention this week, according to Coach Barnes Milam. The offensive looked good in a rock-'em, sock-'em scrimmage Thursday at Lackey Field.

INVESTIGATE COLLISION

City police Saturday investigated a collision on West Missouri Street in which D. R. Carter and Martin Rivers were drivers of the automobiles involved.

O'Neal's Upsets Hardware Team By Score Of 10-9

O'Neal's 66 upset mighty Midland Hardware, 10 to 9, in a City League softball encounter Friday night under the lights at Barney Grafa Park.

The 66 Oilers trailed two runs when they went to bat the first half of the seventh inning when they got in three runs that won the ball game. Bennet was up first and got a hit. Kisner got on base, hit by a pitched ball. D. Wise walked but was caught off base. Wahl hit and Bennet and Kisner scored. O'Neal, pinch hitting, got on by fielder's choice. Henderson hit and Wahl came in with the run that proved to be the winning tally. S. Wise and Miles made outs. The Oilers held the Hardware boys scoreless in the last half of the inning and that was the ball game.

O'Neal's had jumped into the lead in the first inning with five runs. Midland Hardware got one run in the first and five tallies in the third to go ahead, 6 to 5. They scored two more in the fourth and another in the sixth. O'Neal's made one run in the third, another in the fifth, went scoreless in the sixth, and won in the seventh with three.

Score by innings:

O'Neal's 66	**501 010 3—10**
Midland Hdw.	**105 201 0— 9**

Albaugh Makes Locations For Three Wildcats On Dawson-Lynn Spread; D&E 1 Davis Gets Shows In Devonian

By JAMES C. WATSON
Oil Editor

Locations for three wildcats in the area along the common line of Dawson and Lynn counties were announced Saturday by Ray A. Albaugh of Lamesa for the 22,000-acre spread he owns in the territories south, west and southwest of O'Donnell.

The first of the three prospectors, Albaugh's No. 1 J. T. Middleton, located 660 feet from north and east lines of northeast quarter of section 69, block 8, EL survey, spudded Saturday, and surface casing had been cemented. It will resume digging early in the week. It is to go to 5,000 feet.

D. & D. Drilling Company of Dallas, headed by Denver Daugherty, has the contract for rotary drilling.

The project is on a farmout from Cities Service Oil Company. Superior Oil Company owns a due east offset and Tide Water Associated Oil Company has the north offset. Those three concerns, along with Sinclair Prairie Oil Company, are supporting the exploration.

The location is less than 500 feet south of south line of Lynn County, and in North Dawson County, and about one mile southwest of the O'Donnell city limits.

Northwest Of O'Donnell

Albaugh's No. 1 Grover Sutton, 660 feet from north and east lines of south half of section 22, block H, EL survey, six miles northwest of O'Donnell, in South-Central Lynn County, is contracted to 5,500 feet, and is slated to start drilling by May 1. D. & D. Drilling Company also have the contract for this exploration.

The test is on acreage farmed out to Albaugh by Magnolia Petroleum Company. That concern, along with Humble Oil & Refining Company, Kewanee Oil Company, and Lion Oil Company are contributing to the wildcat. Each of those companies own extensive lease protection adjacent to the Albaugh drillsite.

Albaugh No. 1 J. E. Dorsey, 660 feet from east and north lines of south half of section 12, block 33, HE&WT survey, in North Dawson County, five miles south and slightly east of O'Donnell, is contracted to start drilling to at least 5,000 feet by or before, May 25.

This project is near the center of a solid block of 11,000 acres Albaugh acquired in 1943, and all of which he still owns. That block ties in with a spread Albaugh has around and between the Middleton and Sutton locations, and gives him aggregate holdings in the region of more than 22,000 acres.

Many Companies Protected

Gulf Oil Corporation has a solid block of 35,000 acres adjoining Albaugh on the south and east, in Dawson County. That block was worked up and turned in 1943 to Gulf by Albaugh.

Sinclair Prairie Oil Company has a large block adjoining the Lamesa operator on the northeast, and extending north and east of O'Donnell. Cities Service, The Texas Company and Tide Water Associated Oil Company each have several pieces of acreage in the region.

Nearest commercial production to the area in which Albaugh is starting the new wildcat program is in the Welch field, about 12 miles west in Northwest Dawson, which he opened in 1941. That field now has about 50 pumping producers and ten rotary rigs are running there on new explorations.

Shell Oil Company, Inc., No. 1 Nelson, West - Central Andrews County wildcat discovery from the Ellenburger, which flowed from 33 barrels to as high as 80 barrels of oil per hour, after treating with section in the top of that formation at 10,384-453 feet, with 2,000 gallons of acid, is drilling ahead, looking for more pay.

Some geologists think the project may go about 300 feet deeper before it encounters granite or water.

Stanolind Oil & Gas Company and Westbrook-Thompson No. 35-A Hendrick, Central - West Winkler County deep wildcat about four miles west of Kermit, and in southeast quarter of section 33, block 26, psl survey, had reached 11,525 feet in lime and shale, and was continuing.

Something Happening

Shell No. 1 Wilson, Sutton County exploration in section 38, block 14, TWNG survey, was on total depth of 6,170 feet in an unidentified lime and sand, taking a drillstem test.

Shell No. 1 Clark, slated to drill to 10,000 feet, in Northeast Glasscock County, eight miles northeast of Garden City, and in section 5, block 32, TP survey, T-1-S, had drilled to 3,002 feet, in Permian dolomite, and was taking a drillstem test.

New Wildcat Locations

Locations for deep wildcats in Central Southwest Andrews County and in Northeast Runnels County, were reported Saturday.

Skelly Oil Company No. 1-B Texas (University), will be 660 feet from north and east lines of southeast quarter of section 10, block 11, University survey. It is contracted to 10,000 feet, or Ellenburger, and will start at once.

The new prospector is one-quarter of a mile east and one-half mile south of same company's No. 1-Z University, now making hole below 8,640 feet in lime, after showing for clean oil in the basal Permian.

S. H. Davis and associates, of Tulsa, have filed application with the Railroad Commission to drill a 6,000-foot wildcat, one mile west of Crews, in Northeast Runnels County, starting at once.

Location is 695 feet from north and 702 feet from east lines of 184-acre tract in J. C. Cabrera survey, No. 514.

Phillips Petroleum Company, et al, No. 1 Eidson, Ellenburger discovery in the shallow Penwell field, in Southwest Ector County, flowed 266 barrels of 43.5 gravity oil in six hours of testing Saturday, through a one-half inch choke. Gas-oil ratio was 573-1.

May Be Completion

It is understood that this test will be considered the official Railroad Commission potential test, and that the well will be completed.

On that basis the well will report a 24-hour flowing potential, natural of 1,064 barrels. The production is reported coming from casing perforations at 8,900-50 feet.

Stanolind Oil & Gas Company No. 1 Irish, Southwest Hale County discovery of oil in the lower Permian zone from 5,511 feet to total depth at 5,881 feet, was reported to have started treating with 12,000 gallons of acid, by stages.

The project, located in northeast corner of section 18, block ET, HE&WT survey, had swabbed at the rate of about seven and one-half barrels of oil per hour, with no water, for several hours, before the first acid injection was pumped in.

Discovery Flows Oil

The Atlantic Refining Company No. 1-A-11 University (formerly carried as No. 1-Unit A University), discovery for Ellenburger production in northeast corner of section 1, block 11, University survey, one and one-quarter of a mile south and three-quarters of a mile east of the closest production from that formation on the southeast side of the Martin field, in Central Southwest Andrews County, circulated with water on perforated zone at 8,680-8,740 feet, through four holes to the foot.

It kicked off and started flowing and in first 30 minutes flowed out drilling mud, and followed by starting to flow pipe lime oil. It was still flowing at last report. No gauge on the production had been announced. Such information should be available Monday.

Atlantic No. 1-A Texu, in northeast quarter of section 9, block 12, University survey, old dry hole in Southwest Andrews to 9,568 feet, which had been cleaned out to 7,939 feet, was to perforate with six shots to the foot in the casing at 8,200-50 feet, and test.

The zone at 8,130-80 feet had tested for 100 per cent water.

No Shows In DST

Placid Oil Company (H. L. Hunt), and Gulf Oil Corporation No. 1 Thornberry, Central-West Andrews County exploration in southwest corner of section 5, block A-42, psl survey, on the west side of the Fuhrman-Mascho field, was making hole past 10,429 feet in Devonian lime.

A drillstem test was run at 10,230-410 feet. The tool was open two hours. There was a fair blow of air. Recovery was 135 feet of drilling mud, with no shows of oil, gas or water.

Top of the Devonian is at 9,685 feet, corrected, on an elevation of 3,255 feet.

YOAKUM PROSPECTOR HAS OIL SIGNS IN DEVONIAN

Drilling & Exploration Company No. 1-D Davis, Southwest Yoakum County wildcat, in northwest quarter of section 728, block D, John H. Gibson survey, about ten miles northeast of the Jones Ranch field, in Northwest Gaines County, nearest field producing oil from the Devonian, logged shows of oil in the top of that formation and is to take a drillstem test to 10,731 feet.

A core was taken at 10,691-711 feet. Recovery was three and one-half feet of dolomite with good porosity, oil and oil stain.

Another core was taken at 10,-711-731 feet. Operator was pulling that Saturday and was to follow with the test.

Top of the Devonian was reported at 10,697 feet on an elevation of 3,700 feet.

Development of production from the Devonian in No. 1-D Davis would be a major discovery for the area surrounding it.

The Tool Pusher

By JAMES C. WATSON, Oil Editor

OIL FOR NAVY IS MOVING FROM MIDLAND BY RAIL

—The Atlantic Pipe Line Company's Midland terminal is now shipping two 76-tank car trains of Permian Basin crude oil per day to Gulf Coast refineries for conversion into fuel oil for the U. S. Navy.

—The rail shipping of oil from the Permian Basin, which was discontinued soon after the end of the war with Japan, was resumed April 17. On the following day 126 cars of 240 barrels each were loaded and moved.

—Capacity of the rack, which has been rebuilt at the Atlantic tank farm, is 240 cars of oil each 24 hours. That number of cars makes three trains. Cars are rolling from all parts of the United States toward Midland, and as soon as enough of the carriers are on hand the rack will load at capacity.

—Current loadings are running around 38,000 barrels per day and top loadings will be approximately 58,000 barrels daily. All the oil being shipped is Permian Basin sour crude.

—Approximately half of the cars loaded each day go to the Humble Oil & Refining Company plant at Baytown, and the other half is consigned to the Eastern States Petroleum Company refinery at Houston. Both concerns have Navy fuel contracts.

—It is understood the reason for using the railroad tank cars is because all pipe lines carrying sour crude from the Permian Basin to the Gulf Coast are operating at capacity.

—No definite official information on how long the rail movement of oil from Midland will be continued has been received. However, persons in position to know think it will continue for at least 90 days and possibly longer.

—The Atlantic's plant in Midland has added about 35 men to its working force.

* * *

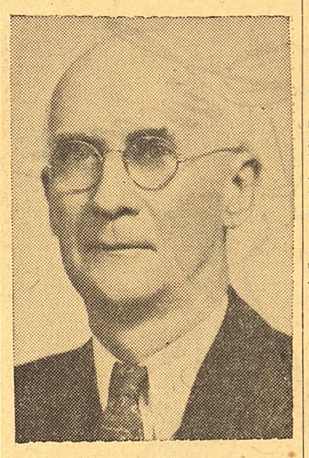
GEOLOGISTS LUNCHEON SLATED FOR TUESDAY

—The program for the Midland Geological Society luncheon Tuesday noon in the Crystal Ballroom of the Scharbauer Hotel, will be showing of a kodachrome film of the wild well Humble Oil & Refining Company had in Laguna Madre, near Corpus Christi, several years ago.

—That project blew out, caught fire and burned, out of control, until another well could be drilled at an angle and intersect the strata furnishing the gas for the fire—and then the blaze was extinguished.

* * *

WTGS TO HAVE LECTURE WEDNESDAY NIGHT



—Dr. W. H. Twenhofel, professor emeritus of geology at Wisconsin University will address the West Texas Geological Society at 8 p.m. Wednesday in the Midland County district courtroom.

—His subject will be "Geology of the Region of the Gulf of St. Lawrence."

—Officials of the WTGS expect the program, which is sponsored by the Distinguished Lecture Committee of the American Association of Petroleum Geologists, to be interesting.

—The West Texas society also will hold a seminar in the district courtroom at 2:30 p. m. Wednesday for consideration and discussion of "The Problems of Sedimentation in West Texas and New Mexico." All persons interested are invited to attend.

FAILING COMPANY WILL OPEN UNIT IN MIDLAND

—Work was started last week remodeling the building at 2200 West Wall Street to house offices and stock rooms for a Midland unit of the George E. Failing Company. The building formerly was occupied by the Reda Pump Company.

—The Failing Company will operate an oil field supply and service establishment beginning May 1. Russell Cowherd will be manager here.

* * *

A&M SHORT COURSE WILL BE APRIL 22-26

—A Petroleum Reservoir Engineering course at Texas A&M College will be held April 22-26. A wide range of special features will be on the program.

—Several petroleum engineers and geologists from this area will attend.

* * *

SCOUT SOFTBALLERS SETTING FAST PACE

—The Midland Oil Scouts team in the City Softball League is setting a pace.

—The Scouts have made good showings in the games they have played so far, and G. W. (Bubba) Gayle, manager, thinks that as his ace pitcher, H. L. Straughn, gets the kinks and charley horses out of his system, he will have a team hard to beat.

—"Donk" Pyeatt, who divides catching duties with John Hart, has been doing some off-the-record conditioning and he expects to be in top form by the time the race really gets hot.

—Others now assigned berths on the Scouts club include Trovall L. Stalls, "Bill" Cones, Randall Harris, Burt Fowler, "Donkey" Roberts, George Carr, James Walton, Lee Conroe, R. L. Walker, Harold W. Stoltenberg and Glenn McCrea. They are all admitted to be fair softballers.

* * *

UNION EXECUTIVES VISIT IN MIDLAND

—Reece Taylor of Los Angeles, president of Union Oil Company of California, headed a party of company officials which came to Midland Friday for a short visit with A. P. (Al) Loskamp, manager of Union's West Texas district, and his staff.

—Others in the group included A. C. Rubel of Los Angeles, a vice president, Sam Grinsfelder of Houston, vice president in charge of Texas and Louisiana, and Dudley Tarver, also of Houston, production superintendent for that area.

* * *

NEW AIME OFFICIAL ATTENDS MEETING HERE

—W. H. Strang of Dallas, recently named executive secretary of the petroleum division of the American Association of Mining and Metallurgical Engineers, attended the meeting of the Permian Basin section of the organization at the Log Cabin Inn Wednesday night.

—He explained plans for the expansion of the work of the petroleum division and asked the cooperation of the Permian Basin group in carrying on the program of the national organization.

—A paper, "The Engineer and Coilective Bargaining," was given by Gordon H. Fisher of Fort Worth, with Gulf Oil Corporation. Approximately 85 persons attended.

* * *

"BO" WILLIAMS STARTS CHEMICAL LABORATORY

—T. H. (Bo) Williams of San Angelo, well known to the oil fraternity of the Permian Basin, due to several years connection with the Railroad Commission office in that city, was a Midland visitor Friday.

—He now operates a service for handling report forms for oil operators and recently branched out, and in partnership with A. W. Stanford and W. S. Cole, has started a chemical laboratory for the petroleum industry and also other forms of chemical analysis.

* * *

TULSA SOPC EXECUTIVE WAS IN THIS AREA

—Pat M. Broach of Tulsa, an executive in the headquarters of Stanolind Oil Purchasing Company, spent several days in this area recently working with S. B. (Burt) Fowler, the company's Permian Basin representative.

Two New Lower Permian Prospectors Started In North Drinkard Region

HOBBS, N. M.—Locations for two new lower Permian explorations in the north extension to the Drinkard field, in East Lea County, have started drilling.

Stepouts from production in the West Roberts and Caprock fields in West Lea have also been reported.

A wildcat to 1,200 feet, in North-Central Eddy County, has been staked, five miles southwest of the nearest production.

Humble Oil & Refining Company No. 2-B Hardison, 660 feet from north and 610 feet from east lines of section 34-21s-37e, is to drill to around 6,500 feet, or pay in the lower Permian, starting at once.

Flanker To Extender

It is a flanker to same company's No. 1-B Hardison, recently completed as a flowing producer from the Drinkard pay, two and one-half miles north and slightly west of nearest production from the same horizon.

Gulf Oil Corporation No. 3 Mark Owen, 1,980 feet from south and 960 feet from east lines of section 34-21s-37e, is the second new prospector for the North Drinkard area, which is just east of Eunice. It is also to dig to 6,500 feet, or production in the lower Permian at a lesser depth.

The Texas Company No. 13-0 State, 660 feet from north and west lines of section 12-17s-32e, is to drill to around 4,200 feet to test for pay in the area adjacent to the West Roberts field, in West-Central Lea. It is to start drilling immediately.

Malco Refineries, Inc., No. 1-H State, 660 feet from north and west lines of section 7-13s-32e, is a new exploration on the southwest side of the Caprock field. It is in the Lea County side of the two-county field. It had already drilled below 2,475 feet in anhydrite.

Shallow Eddy Wildcat

Malco No. 1 Bynum, 1,953 feet from north and 1,951 feet from west lines of section 8-20s-25e, in North-Central Eddy County, is to try to develop pay in the Queen sand, of the upper Permian, about five miles southwest of nearest production in the Lake McMillian field, and three miles south of Lakewood.

Delfern Oil Company No. 1-G State, in the East Chaves County sector of the Caprock field, 660 feet from south and 1,980 feet from east lines of section 1-19s-31e, was in process of being completed from red sand pay on total depth of 3,035 feet.

An Unofficial Report

When drilling reached that point the well is reported to have blown in and to have flowed approximately 400 barrels of oil in 20 minutes, before it was closed in. It is expected that the project will be finished for one of the best producers in the Caprock field.

Magnolia Petroleum Company No. 11 Brunson-Argo, 731 feet from north and 589 feet from east lines of section 9-22s-37e, and one location northeast of nearest producing well from the Ellenburger, on the northeast side of the Brunson field in East Lea, about one mile south of Eunice, was also being prepared for completion, from pay between 7,425 feet, and total depth at 7,644 feet, in the Ellenburger.

It flowed 44 barrels of oil in 40 minutes before casing was run to bottom. This well topped the El-

(Continued on Page 5)

Lyman Named Director Texas Association Of Independent Oilmen

AUSTIN —(AP)— H. J. (Jack) Porter of Houston was elected president of the Texas Independent Producers and Royalty Owners Association at a meeting of approximately 50 members Friday.

E. I. Thompson of Houston was named executive vice president and the following executive committeemen were elected: Walter Henshaw, San Antonio; Bryan Payne, Tyler; A. E. Herrman, Amarillo; W. W. Lechner, Dallas; W .F. Nenney, Tyler; Edward C. Kadane, Wichita Falls; Glenn H. McCarthy, Houston; M. D. Bryant, San Angelo; J. D. Sandifer, Breckenridge; C. V. Lyman, Midland; C. K. McCain, Victoria; Guy Warren, Corpus Christi, and Arch Rowan, Fort Worth.

Officials of the new organization said its first objective is to remove OPA control of the oil industry. Permanent headquarters will be in Austin.

Common Sense And Defense

Merger of the armed services into a Department of Common Defense, as recommended by the Senate Military Affairs Committee, makes common sense.

It isn't just to eliminate duplication of effort in planning, procurement, supply, and service functions that unification is necessary. It is simply that no military power which sticks to traditional ways of thinking can last long in the world of tomorrow. The old rule books and manuals need to be thrown away and replaced by new ones.

Nor is it the Navy alone that needs to be absorbed into a new Department of Common Defense. The Army and the Air Forces also need a thorough overhauling to bring them up to date.

If the war had lasted another year or two, necessity would have dictated this complete reorganization. There is no valid reason why reorganization should not be effected in time of peace. Traditions of the services, their proud records, have to be put in the museums and history books, along with bows and arrows and knights carrying spears, to make way for new technological warfare.

* * *

Every bit of information released on new weapons under development when the war ended indicates how radically different are the problems of national defense.

Air transport is just beginning. The possibility that all ground forces will in time have to become airborne is very real.

The use of guided missiles—drone planes and bombs operated by remote control through radio and television—is also just beginning.

The use of rockets is just beginning. The U. S. Army will fire its first V-2 type German rockets at White Sands, N. M., May 8. These are mere experimental models, with ranges of only 200 miles, reaching altitudes up to 100 miles, attaining speeds up to a slow-poke 3500 miles per hour.

The airplane itself may still be in the toy stage of development. B-29s flew 3000 miles round-trip to drop their first atomic bombs. The B-36 will have a range of more than double that. And the 10,000 mile flying wing is said to be ready for unwrapping.

What the atomic bomb will do to naval vessels may be demonstrated in tests at Bikini atoll. That warships, as presently conceived, may have to be scrapped is no remote pipe-dream.

* * *

Rear Adm. Harold G. Bowen, director of naval research, admits that in saying that atomic-powered submarines may be the war vessels of the future. The problems involved in giving them practically unlimited range, letting them remain submerged for unlimited periods, and equipping them to launch rockets or guided missiles against targets they cannot see, are not considered insurmountable.

In view of such prospects as these, it is impossible to see how anyone can resist the logic of a complete reorganization of national defense. It needs reorganization from the highest to the lowest echelons.

The eagle is said to fly fastest when going away from its nest. A nice emblem for our money.

Easter Lily

In Midland

A man working on the lawn at the A. E. Lynch residence, 1306 West Missouri Street, pulled a disappearing act last week, but he was as surprised as anyone. The man was raking the lawn when he suddenly dropped from sight. Boards and about a foot of soil covering a long-forgotten cesspool gave way as he walked over the spot. He was uninjured.

* * *

Chief of Police Jack Ellington had a slightly red face Saturday, but not from the West Texas sunshine. Boy Scouts conducting a traffic safety campaign in the city Friday arrested and fined him three times for jay-walking. City Judge J. M. DeArmond also was fined for jay-walking.

* * *

The scenery around Fort Lewis, Wash., is beautiful, Pvt. Gene Dupuy of Midland, who recently volunteered for service in the Army through the recruiting office here, writes M/Sgt. James C. McNeil, Midland recruiter. Dupuy should know—he has hiked all through it in recent weeks. "My feet are pretty sore," he wrote, in telling McNeil he was enjoying the service thus far.

* * *

One of the surest signs some things are returning to normal was reported by a Midland housewife Saturday. A farm wife knocked at her door, seeking regular customers for eggs and butter. The same day, she said, a laundryman called to get customers for his route, promising two-day finished service.

* * *

Mike Brumbelow, who has resigned his post as TCU line coach to enter business here, will give Midland a top speaker, John Griffith of the W. C. Stripling Co., Fort Worth, says. "If you ever want laughs galore, have some of your clubs put Mike up as a speaker," Griffith writes.

* * *

A Midland business girl is doggone tired of the dog situation. She tried for two weeks to find a home for an overgrown mutt which was tearing up her lawn, finally found a sympathetic ear last week in a farmer living six miles in the country, bade the canine goodbye. Three days later he was back at his favorite sport of digging up the flower bed, after having walked the six miles.

Livestock

FORT WORTH—(AP)—Cattle compared close last week: all classes strong, spots 25 higher at new high levels of the season. Week's tops: beef steers and yearlings 17.25, heifers 17.00, cows 14.50, beef bulls 14.25, heavy calves 16.50; week's bulks: good beef steers and yearlings 16.00-17.00, medium 14.00-15.50; medium 14.00-15.50; medium and good cows 11.00-13.75; good and choice fat calves 14.75-16.25, common and medium calves 11.00-14.00; good and choice stockers 15.00-16.25, common and medium stockers 12.50-14.00.

WHEN You Must Be At Your Best

Here is a perfume exciting as the occasion.

Plans Complete For First C Of C Luncheon Meet

Plans for the initial membership luncheon of the Midland Chamber of Commerce Monday, April 29, are nearing completion, and officials expected a large attendance.

Letters announcing the luncheon and explaining its program and purpose will go to all members early this week.

The Rev. Hubert Hopper, president if the Midland Junior Chamber of Commerce, will address the first meeting. O. C. Harper, president of the Chamber of Commerce, will preside.

The staging of regular membership meetings was voted by directors of the organization who wish to bring the members closer to the Chamber of Commerce, and to give them a better method of expressing their ideas and suggestions as to the program and operation of the organization.

Meetings will be held the last Monday of each month. Committee chairmen will offer reports on plans and activities of their committees at future meetings.

The first luncheon, buffet style, will be held in the Crystal Ballroom of the Scharbauer Hotel. The price, per plate, will be 75 cents.

Drinkard Region –

(Continued from page three)

lenburger 240 feet higher than that mark has been found in any of the other completed producers from the deep pay in that field. It is bottomed in granite a few feet below the base of the Ellenburger.

Wylie Tests Again

Lion Oil Company No. 1 Wylie, at center of southwest quarter of section 5-23s-38e, one half mile east of the southeast corner of the drinkard field, in East Lea, had re-perforated and was testing in the Ellenburger at 8,370-8,420 feet, between the top of that formation at 8,396 feet, and the total depth at 8,518 feet, two feet in granite.

A test had been tried in another zone, but it recovered only mud, from back of the casing. A recement job had been run and it is thought that the mud trouble has been eliminated. Producing possibilities of the wildcat from the lower Ordovician should be determined early in the week.

Humble No. 1-B Federal-Leonard, extreme Southeast Lea exploration, in northwest quarter of section 12-26s-37e, one half mile north of the discovery for Ellenburger production in the Dublin field, had progressed below 10,490 feet in lime, and was continuing.

In Central Lea

Southern Union Gas Company's No. 1 English, Central Lea wildcat, in southwest quarter of section 26-18s-33e, between the Tonto and Corbin fields, had reached 4,832 feet, in lime, and was drilling ahead. It encountered a small amount of sulphur water around 4,813 feet, according to unofficial reports.

Taylor-Powell, Wallrich No. 1 Page, Central-south Lea exploration, in section 26-24s-34e, has been temporarily abandoned on a total depth of 4,710 feet in lime.

Slight indications of oil and gas had been logged in thin streaks between 4,315-32 feet.

Union Oil Company of California No. 1-A McMillen, South-Central Otero County wildcat, in section 9-25s-13e, which is contracted to 5,000 feet, had penetrated below 3,796 feet, in lime, and was drilling ahead.

RETURNS FROM TRIP

Mrs. J. B. Sanders has returned from a business trip to Dallas and Fort Worth.

Surplus Property Sale Monday At MAAF

Another surplus property sale will be held at Midland Army Air Field beginning Monday and continuing through noon Saturday, it is announced. The sale will be conducted in the same manner as the last two small lot sales.

A partial list of items for sale includes compressors, electric motors, doors, windows, refrigerator, miscellaneous medical and dental equipment, paint spraying equipment, grease guns, fire extinguisher, pipe fittings and other items.

The salvage warehouse, Building T-625, will be open for business from 9 a. m. to 4 p. m. daily and bid slips may be secured there. Everyone is welcomed to place bids except military personnel and civilian employes of the War Department.

Police To Crack Down On Parking Violations

City police Monday will begin a crack-down campaign on parking violations in Midland.

Citizen are especially warned to avoid overtime parking and parking in restricted zones.

MEMORIAL SERVICES FOR BLANSCETT ARE PLANNED

Memorial services for Roy James Blanscett, who died Oct. 24, 1944, will be held in the Church of the Nazarene at Indiana and Big Spring streets Sunday at 3:30 p. m. Blanscett was the son of Mr. and Mrs. W. J. Blanscett. Friends of the family are invited to attend.

OWNER OF LOST BILLFOLD IS LOCATED AT AIR BASE

W. C. Canada turned in a billfold to city police Saturday and the owner was located at Midland Army Air Field. He was an employe of the post engineers.

The billfold was found near the air base.

Smithfield hams are made from peanut-fed hogs.

CLUB STEAKS — K C STEAKS — SOUTHERN FRIED CHICKEN

MORNING, NOON, and NIGHT!

In the few weeks we have been serving you at the Crawford Coffee Shop, it has been our pleasure to continue making improvements so that you are better served—morning, noon and night.

Some of the improvements have been in equipment, some in the cooking and service techniques, the choice of good foods and the preparation of attractive foods and combinations of foods in a well-balanced menu. Some of the improvements have been made in the fixtures, and new flooring has been installed.

Everything has been done with the purpose of pleasing you well enough that when you choose an eating-place or the spot for the traditional, hospitable cup of coffee, you will find yourself saying, "Let's go to the Crawford." This is our ambition in serving you.

In
Regard To
GRAFALAND
There Is One Word Which Unfailingly Comes To Mind

THAT WORD IS

QUALITY

A Hallmark Of Homesites Solid As Sterling

NOTHING CAN BE SO
CONVINCING OF THE TRUE
DESIRABILITY OF A HOMESITE
IN GRAFALAND AS THE EVIDENCE
OF YOUR OWN EYES!

Two lovely homes have been completed and five others are under construction. When materials are available, many other ideal American homes will sprout from the soil of this ideally located subdivision. Please pay special attention to the very high type of Grafaland construction. Another important item to remember is that paving is to be started when practicable. No lots are to be sold for speculation. Each lot is a homesite.

You Have Heard Of The Engineered Planning!
You Have Read Of The Residential Restrictions!
You Have Been Told The Numerous Advantages!

BUT — Have You SEEN Grafaland?

Have YOUR OWN EYES Witnessed This
Finest Of All Residential Developments
East Of El Paso And West Of Ft. Worth?

IF NOT, YOU OWE IT TO YOURSELF AND TO YOUR FAMILY TO VISIT GRAFALAND AND SEE FOR YOURSELF THE KIND OF BENEFITS YOU TOO CAN HAVE BY BECOMING AN EARLY GRAFALAND RESIDENT.

BARNEY GRAFA, Developer

Office: Thomas Building **Telephone: 106**

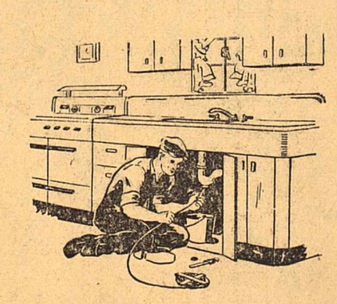
America traditionally observes a part of the month of April as Better Homes Week. What better time for a visit of personal inspection?



Chamber Of Commerce Member Voluntarily Quadruples His Dues

One Midland booster voluntarily increased his membership dues in the Midland Chamber of Commerce Saturday, stating his desire to do his full share in assisting the organization in carrying out its energetic and ambitious program for 1946.

The booster is B. G. Grafa, real estate dealer and developer, who quadrupled his Chamber of Commerce dues.

New members affiliating with the Chamber of Commerce recently include Plamor Palace and O. M. Luton.

Eisenhower Will Join Aggie Day Ceremonies

COLLEGE STATION —(AP)—Gen. Dwight D. Eisenhower landed at Texas A&M College airport late Saturday to join Aggie ex-students in a victory homecoming, receive an honorary degree and attend the far-famed Aggie muster here Sunday.

A crowd of approximately 2,000 persons thronged the airport as the general, fresh from a visit to his birthplace at Denison, arrived in his personal plane, Sunflower II.

He was accompanied by six Texas representatives: Sam Rayburn of Bonham; Ewing Thomason of El Paso; Luther Johnson, Corsicana; Lyndon Johnson, Austin; W. R. Poage, Waco, and Wright Patman, Texarkana. The group also included Maj. Gen. A. D. Surles, a member of Eisenhower's staff.

TEXAS FLIER KILLED

MARSHALL —(AP)— Jack Moore, 24, of Omaha, Texas, was killed and Jim Fred Russell of Omaha was injured when their plane crashed and burned near Omaha Saturday afternoon.

"THE DOLLY SISTERS"

Midland Schools Faced With Serious Shortage Of Teachers

(First in Series of Articles Concerning the Midland Independent School District.)

By JAMES E. SPRINKLE

The Midland Independent School District, like the majority of other schools of the state, is faced with a shortage of teachers. It has the highest per-teacher load of students of any system in this general area of West Texas.

This load makes shambles of the educational theory of individualized instruction.

The average per-teacher load of the Midland schools is more than the maximum recommended by the State Department of Education, and a recent survey shows it is higher than most of the schools in the same class in this area. That condition threatens to be even worse next year.

A considerable increase in the number of students is expected next fall, if estimates obtained in a recent school census are correct. The administrators have hopes of employing at least 92 teachers, which would make the average load considerably smaller but only recently has the school managed to fill vacancies in the system this year. There is little possibility of an abundance of persons seeking teaching jobs by fall, since there now is a serious shortage of teachers throughout the state. Because the Midland salary scale is much lower than that of other schools in this area, those teachers who are seeking positions will have much better jobs from which to choose.

Individualized Work

Educational theory says individual instruction, emphasizing the individual child must be achieved, e. g.:

Take the child where he is;

Give each the help he needs;

Teach not school subjects, but the whole child;

Do not neglect the gifted child—he is the leader of tomorrow;

Do not overlook the less-gifted child—he may become a liability to society;

See that each child works up to his capacity.

There are approximately 330 minutes in each school day, and to devote a pro-rata share of time with each pupil the teacher could give less than seven minutes of individualized attention to each daily. Less than seven minutes a day—to help each child master a prescribed course of study with all its different subjects, bring the retarded child up to standard, provide the gifted child with opportunity suited to his ability, and guide and help each of the students develop physical, mental, spiritual and emotional health. Small wonder so many teachers fail to achieve a feeling of satisfaction from their work—or why so many have feelings of frustration over their inability to accomplish what they know should be done.

Load Heavy Here

Small wonder, too, that so many persons who have spent many years and much money in preparing themselves for a teaching career become discouraged and enter other fields of work which demand less responsibility and nervous energy, and which provide much more in cash.

A survey of other schools shows there are more children in the rooms in Midland than in many of the neighboring towns.

Taking into account the need for reducing the teacher load and the resultant need for hiring more teachers to achieve the aims of modern-day educational practice, one finds that the problems of adequate pay must be solved if the Midland school system is to continue to make progress. If the system increases its teachers' salaries, it also must increase its per capita cost of education. To increase the per capita cost means the budget for the system also must be increased. Thus, it is easy to see that all of the Midland Independent School District's problems are dovetailed.

Solution Easy

To overcome this situation would mean more money expended, hence more taxes. But if taxpayers feel there can be no wiser expenditure of money than that which provides a good environment for the community's children, who are the community's most valuable resources, it can be overcome.

If more money is provided for the system to increase its per capita funds for teaching its students, thus giving better salaries and desirable living conditions for teachers, the problem of a teacher shortage should be improved.

Miss Billie Smith And Lt. Orbon L. Alderdice Are Married In Impressive Double Ring Rites Held Saturday In First Presbyterian Church

In impressive rites performed at 8:30 a. m. Saturday in the First Presbyterian Church Miss Billie Smith, daughter of Mr. and Mrs. Emmett E. Smith of St. Louis, Mo., became the bride of Lt. Orbon L. Alderdice, son of Mr. and Mrs. A. T. Alderdice, 353 South Arizona Avenue, Los Angeles, Calif.

Vows for the double ring ceremony were directed by the Rev. Hubert H. Hopper, pastor, as the bridal party stood before the altar decorated with an all white floral setting.

Candles providing a soft illumination to the scene were lighted preceding the ceremony by Jean Ferguson, cousin of the bride.

Mrs. J. W. Elliott, organist, accompanied Mrs. B. E. Tiller, who sang "Because." Traditional wedding music was also played by the organist as the wedding guests assembled.

Theo Ferguson gave his niece in marriage. She was attractively attired in an aqua crepe street length dress with which she wore a black straw hat fashioned with a veil and other accessories of black. She carried a white prayer book topped with camellias and stephanotis.

Attending the bride as maid of honor was Miss Tommie Newsom. Her dress was of floral print. She wore brown accessories and her shoulder corsage was of pink gladioli.

Lt. Jack Strait served the groom as best man.

Reception Held

Following the ceremony a reception was held at the home of Mr. and Mrs. Theo Ferguson, 112 Club Drive. The bride's table was centered with a three-tiered wedding cake topped with a miniature bride and groom. Miss Newsom served the cake and Miss Barbara Davidson presided at the coffee service. In charge of the guest book was Miss Frances Ferguson.

Following the reception, the bridal couple left for San Antonio where he will be stationed. Mrs. Alderdice chose for travel a three-piece gabardine suit. Her accessories were black and she wore a camellia corsage.

The bride is a graduate of the high school in Syracuse, Kan., and for the past several years has been employed at Grammer-Murphey.

Lieutenant Alderdice enlisted in the U. S. Army Air Forces following his graduation from a Los Angeles high school. He is a bombardier and was stationed at Midland Army Air Field before his recent transfer to San Antonio where he will be an instructor at Randolph Field.

They will make their home at 123 Eades in San Antonio.

Moseley Home Is Scene For Shower Honoring Clydene Stapleton

Miss Clydene Stapleton, bride-elect of Capt. Robert W. Boyd, was named honoree of a bridal shower Thursday evening at the home of Mrs. J. H. Moseley, 1106 West Indiana.

Reception rooms of the Moseley home were decorated with attractive arrangements of sweetpeas and roses. Centering the dining table was a bouquet of sweetpeas and a miniature P-38. Napkins with the inscription "Bob and Clydene May 4" revealed the day of the wedding.

Mrs. Joe V. Birdwell presided at the punch bowl. Miss Doris LaRue Stapleton, sister of the honoree, was in charge of the bride's book.

Miniature planes hanging from the ceiling led the honoree to a B-4 bag filled with gifts.

The guest list included: Mmes. L. A. Arrington, Jack Daniels, H. E. Skipper, W. B. Martin, J. M. Devereux, Bob Lindsay, Paul Howell, James Kendrick, Elliott Barron, Paul Barron, Melford S. Dickerson, Frank Lord, Lamar Lunt, Fred Girdley, H. C. Watson, Johnnie Livington, B. F. Westerman.

Also Mmes. Clyde Hambleton, James Daugherty, J. H. Fine, Paul R. Hall, Erwin G. Labbe, Louis W. Siegrist and Misses Agnes Fitzsimmons, Frankie Morgan of Midland, and Misses Marie Bennett, Virginia Atchinson, Ruth Duncan, Doris Sinclair, Mary Jo Wood, Alice Wedner of Odessa, Capt. Catherine Cahill and Lts. Elizabeth Dutz, Bernadette Farenkopf, Alma Spear, Edna Peterson, Harlon Thomas and H. H. Hays.

Ethel Foster Is Guest Speaker At Federation Meet

Highlight of the City-County Federation of Women's Clubs program was a talk on youth problems by Miss Ethel Foster of Sterling City, chairman of the Texas Youth Conservation of the State Federation. The meeting was held Thursday afternoon at the home of Mrs. Clint Dunagan with members of the Progressive Study Club as hostesses.

The session was opened by Mrs. E. A. McCullough who presented Mrs. J. Howard Hodge, first vice president of the State Federation of Women's Clubs. Mrs. Hodge in turn introduced Miss Foster.

Miss Foster is an immediate past president of the Texas Federation. She has been conducting youth panels throughout the state on how to bring parents and children in a closer understanding of each other.

The speaker gave a brief outline of a former panel she had conducted and the good derived from it. Midland High School students taking part in the panel discussion were: LaJuan Dunlap, Alma Faye Cowden, Frances Phillips, Gilbert Sevier, Bobby Statton, and Charles Spivey.

Special emphasis was stressed by the students on the need of a youth canteen in Midland.

Furniture For Canteen

Announcement was made by Mrs. S. J. Lones that the Salvation Army USO will cease operation May 1 and will sell the equipment for a canteen. Various clubs are planning to make donations for this enterprise.

Mrs. Ernest Sidwell spoke on the urgent need of a safety council in Midland and members agreed to compose a letter to the City Council to enforce safety laws and work on traffic problems.

Entertaining rooms of the Dunagan home were decorated with a profusion of spring flowers and Easter pot plants. A centerpiece of sweetpeas was used on the dining table where Mrs. Ernest Neill, federation president, presided.

Members and guests were as follows: Mmes. W. C. Mitchell, C. W. Ledebur, Cecil Waldrep, McCullough, Sidwell, Lones, G. N. Donnovan, W. G. Epley, Lindley Latham, R. A. Estes, Carl W. Morgan, Ivan Hood, W. E. Price, B. W. Recer, Taylor Cole, O. L. McNew, O. F. Barnard, George Kirk, Glenn Roberts, A. A. Jones, Otis Baggett, C. H. Shepard, Joe Birdwell, James Daugherty, H. B. Mills, Alice M. Neill, Fred Fromhold, H. L. Hawkinson, Jr., R. L. Miller, H. S. Collings, John Casselman, Lloyd C. Mills, Andrew Fasken, L. G. Byerley, M. S. Dickerson, W. H. Rhodes and Miss Fannie Bess Taylor.

ENTERTAINMENT FOR STAR CLUB HELD AT W. C. MURPHY HOME

The home of Mr. and Mrs. W. C. Murphy, 201 Club Drive, was the scene for a covered-dish supper for members of the Star Club and their husbands Friday evening.

Early spring flowers and Easter bunnies were used in decorating the entertaining rooms. The lace-laid table was attractive with arrangements of spring flowers in pastel bowls, Easter baskets with gaily colored eggs, and pastel tapers. The Easter theme also was carried out in the napkins and table covers for the quartet tables.

Games of forty-two and bridge were enjoyed during the evening. High score prize in forty-two was won by G. G. Hazel.

Present were: Messrs. and Mmes. Joe Suchman, M. A. Floyd, G. G. Hazel, Sherwood O'Neal, P. P. Barber, John Luccous, Fred Wycoff, Wayne Campbell, W. C. Murphy, and Mmes. Ruth A. Moore, M. L. Wyatt, Leo Baldridge, John Cuvelier, Bernard Collins, John Fickie, L. C. Stephenson and Lorene Spears.

Weds In Church Ceremony

Mrs. Orbon L. Alderdice was Miss Billie Smith, of Midland, daughter of Mr. and Mrs. Emmett E. Smith of St. Louis, Mo., before her marriage Saturday evening to Lieutenant Alderdice, formerly of Midland Army Air Field. They will make their home in San Antonio where he is stationed at Randolph Field.

Housing Sought For 200 'Homeless' Girls By Scout Leaders Of Midland

There are 200 homeless girls in Midland.

This was the consensus of a report made Saturday by Mrs. S. P. Hazlip and other members of the Midland Girl Scout Council. These homeless girls are Midland's Girl Scouts and Brownies who for the last few years have been meeting here, there and everywhere with no spot to call their own. To begin to offset this difficulty the council recently set aside $791.89 of its $3,081.80 budget toward a permanent hut for the Girl Scouts and Brownies.

"The Council has greatly appreciated the kindnesses shown the Girl Scouts by Midland churches," Mrs. Hazlip said, "in allowing the use of their educational rooms for Girl Scout meetings. The meetings have been held, and are being held in the First Presbyterian Church, the Trinity Episcopal Church, the Calvary Baptist Church and the Church of Christ. Without the use of these buildings there could have been no Scouting program for Midland girls."

Mrs. Don Johnson, president of the Girl Scout Leaders Club and member of the council said, "Although greatly appreciated by all leaders, the places in which the Girl Scouts have to meet presented many difficulties to the leader. It is necessary for her to carry to and from each meeting all equipment used. Naturally the meeting places have been designed for Sunday School classes, and there is little or no room for craft work and performing games. There is no spot where equipment can be stored. It is scattered throughout Midland leaders' homes. There can be no displays of crafts which would further the interest of the girls in Scouting. The leaders as well as the girls are in dire need of a centrally located meeting spot, a permanent home for Girl Scouts. All leaders are pleased with the 1946 budget for building, and we hope it won't be long before the Girl Scout hut can be more than a dream."

The leaders are determined that there will be a permanent home one of these days for Midland's 200 Girl Scouts. Until that time the Midland Girl Scout Council and its leaders dream and wish their $791.89 building allotment was made of two-way stretch material.

One-Act Play Will Be Presented At High School P-TA Meeting

A one-act play presented in the recent interscholastic league meeting will be given on the Midland High School P-TA program at 4 p. m. Tuesday at the school.

All parents are urged to be present for the meeting.

"PLEASURE PACTS"

BY LENTHÉRIC

Completely new, completely different, are LENTHÉRIC's powder pacts—convenient, compressed face powder and perfume powder tablets which yield fragrant, soft powder at the whisk of a puff!

They're marvelous traveling companions, eliminating the nuisance of spilled powder—and tuck away on vanity or bathroom shelves in practically no space at all. The revolutionary new FACE POWDER PACT is available in *Siesta, Sunplexion, Beige Satiné* and *Goldtone* shades, *Tweed*-scented; and the PERFUME POWDER-PACT (fragrant body powder) is also presented in *Tweed*.

Many Services To Mark Observance Of Easter Sunday

Midland and the world will pause Sunday to observe one of the most solemn religious days of the year.

Easter, an ecclesiastical festival commemorative of the resurrection of Christ, originated in the circumstance that Christ was typified by the paschal lamb, ordained by Moses to be slain at the feast of the Passover, the feast being considered as a continuation in its fulfillment of the Jewish festival.

These thoughts along with many others will be in the minds of the people of Midland as they begin the observance of Easter. A union sunrise service at 6:30 a. m. at Lackey Field, sponsored by the Midland Ministerial Association, and a service at the Civic Auditorium for members of the Grace Lutheran Church at 7 a. m. will open Easter festivities.

A program of Easter carols, believed to be the first presented in Midland, will feature evening services at the First Christian Church. Carols may become as important a part of Easter as they now are during the Christmas season.

The Easter theme will be predominate in regular services in all churches if the city, and identical services will be held at the First Methodist Church and the First Presbyterian Sunday morning. At the 9 a. m. service of the First Methodist Church, the Commanderies of Knight Templar of Big Spring and Midland will be special guests.

Easter Music

Easter music will be featured at the 11 a. m. services of the Trinity Episcopal Church and St. George's Catholic Church. On the program for the evening will be Easter cantatas at 8 p. m. at the First Baptist Church and the First Methodist Church, while a program of Easter carols will be presented by the choir of the First Christian Church at 8 p. m.

In keeping with the traditions of this special day, Midlanders from the very youngest on up will don new attire to join the annual "Easter Parade." Floral settings, including the traditional Easter lilies, will grace the churches and many homes, and flowers will be worn by persons of all ages.

Parks of Midland likely will be popular places during the day and children will be seen running gleefully about with baskets in search of gaily-colored eggs.

SPENDS HOLIDAY IN MIDLAND

Jim McHargue, who is attending the University of Texas in Austin is visiting over the Easter holidays with his parents, Mr. and Mrs. Paul McHargue.

League Of Women Voters Founded On Non-Partisan Idea Originated In 1920

From the faith of the suffrage movement and the shock of World War I came a great idea—the idea that a non-partisan organization could provide political education and experience which would contribute to the growth of the citizen and thus assure the success of democracy. It was upon this idea that the League of Women Voters was founded in 1920 as a national organization and in 1940 a league was formed in Midland.

The following officers led the charter members in their first year's work: Mrs. Bernerd Roy, president; Mrs. John Redfern, vice-president; Mrs. W. C. Fritz, secretary; Mrs. Fred H. Fuhrman, treasurer; and Mrs. M. B. Arick, parliamentarian.

Special projects sponsored since 1940 are: A candidate's dinner July 20, 1942, in the Crawford Hotel which was attended by state and county candidates who were invited to speak for five minutes on their campaign issues; began work for secret ballot in 1943; "Know Your Town" and "Know Your County" programs; a Pay Your Poll Tax campaign; a listening night post; and review of "The Anatomy of Peace" by Mrs. Sherwood Avery.

As a "living memorial" to the suffrage movement, the National League possessed the advantage of a distinguished beginning. Within a year the vast National American Woman Suffrage Association was converted into the new organization in all but two of the states. State organizations became the keystone of league structure with responsibility for organizing and stimulating the development of local leagues. A convention of representatives of the states' leagues selected a program and chose national officers. To the latter the leagues looked for organization.

Women As Teachers

Perhaps because women have been teachers, the league in its early years placed a great deal of emphasis on the direct and some what formal educational approach. Hun-

(Continued on Page 2)

Mrs. T. C. Gardner To Lead Training Union At First Baptist Church

Mrs. T. C. Gardner of Dallas, wife of the Baptist training union director for the state of Texas, and author of several books, will direct the Training Union Study Course at the Midland First Baptist Church beginning Monday and continuing through Friday. Meetings will be held at 7:30 p. m.

The Big Spring Baptist Association, which includes three counties, also will sponsor a training course during the week.

At 3 p. m. Sunday at the local First Baptist Church, all pastors, training union directors and faculty members for the week of study will meet for a period of instruction directed by Dr. T. C. Gardner of Dallas and Mr. Ernest Hock of Big Spring. A mass rally of all members will be held at 3 p. m. April 28.

Miss Catherine Simmons of Southwestern Baptist Theological Seminary, Fort Worth, will assist in the local training school program in addition to five local faculty members.

VISITS IN WATSON HOME

Miss Dorothy Watson, student at the University of Texas in Austin, is spending the Easter holidays with her parents, Mr. and Mrs. James C. Watson.

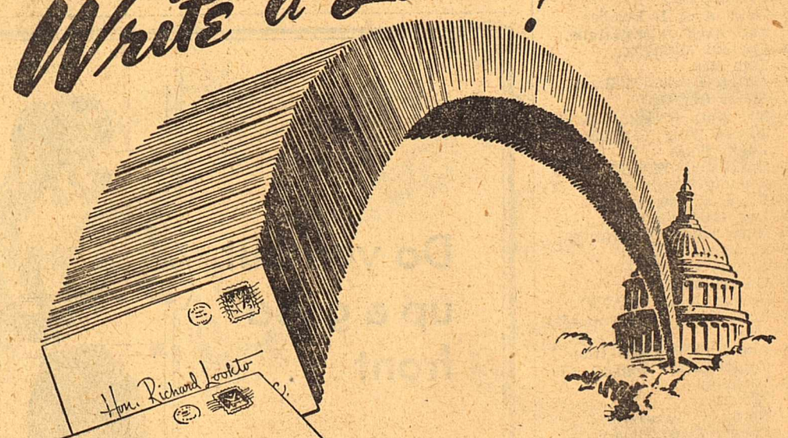
SEEK BETTER HEALTH THE VOLUNTARY AMERICAN WAY

Write a Letter!



TO YOUR CONGRESSMAN AND SENATOR *You* ARE THE PEOPLE!

FORCES FROM WITHIN AND WITHOUT are spending enormous amounts of money, time and effort to push Federal COMPULSORY Health Insurance onto the workers of America. Such a plan of taxing payrolls more than THREE BILLIONS of dollars a year, to be administered through a Washington bureau, would soon have "lay" bureaus throughout the country "rationing" your doctor's services.

Experience in other countries has proven that Federal COMPULSORY Health Insurance completely upsets the QUALITY and progress of Medical Science, and adversely affects every phase of individual care. Doctors are doing everything humanly possible to extend the benefits of medicine to all the people . . . VOLUNTARY, inexpensive, prepaid plans of medical care and hospitalization are NOW available to 100,000,000 U. S. citizens — and being daily extended. Ask your doctor about it. National surveys show the vast majority prefer the VOLUNTARY way. Tell your Representative what YOU think.

Mrs. W. J. Fleming Becomes Leader For Girl Scout Troop 4

Midland has one grown up Girl Scout who has been a registered Scout since the age of ten.

She is Mrs. Walter J. Fleming, who recently became leader of Troop 3, intermediate Scouts. Mrs. Fleming, a new Midland resident, took over this troop from Mrs. Walter Curran, who is moving to Houston. Mrs. J. E. Warren is the assistant leader.

Beginning as a Girl Scout in Chicago when she was 10 years old, Mrs. Fleming has been through all the stages of Scouting, ending as a Golden Eaglet. From that time on she has led troops in various sections of the United States, moving with her husband, who is a member of the U. S. Army.

In Chicago, Mrs. Fleming led an intermediate troop at one time and a troop of senior Scouts at another. In Rochester, N. Y., her troop of 25 grew into three troops of more than 50 girls, all under one leader.

"I had a world of help from assistant leaders and from the mothers," Mrs. Fleming recalled. "Without that no one can lead a troop."

When the Flemings moved to Montgomery, Ala., once more the old Girl Scout became a leader, this time for intermediates.

"Scouting gives an opportunity for wonderful friendships. It is interesting to work with the girls. I wouldn't miss it for anything," Mrs. Fleming said.

Troop 4 consists of 24 girls in the intermediate age, 10 and 11. They meet Mondays at 4 p. m. in the music room of the junior high school.

Cletus Hines has returned to Midland after visiting friends in Austin.

League Of -

(Continued from Page 1)

dreds of groups took up the pattern of "citizenship schools." These schools became annual events for many leagues.

The non-partisan approach left it free to stress the importance of qualifications for public office, to examine issues on their merits, and to encourage all citizens to vote. In the beginning it was established that membership in the league was to be no substitute for party responsibility. Together women would carry on their political education. As individuals they would practice in various ways what they learned. One way would be through participating in political parties. To avoid entanglements and misunderstanding, a policy was early adopted that prominent leaders could not at the same time be prominent party leaders.

Child welfare was one of the absorbing interests of the league in its early years when it worked for the establishment and support of a Federal Children's Bureau, and the Infancy and Maternity Act. For many years the league fought unsuccessfully for an amendment to the Constitution giving Congress the right to fix child labor standards. It was not until the passage of the Social Security Act of 1935 that children who work gained the protection of minimum standards by federal law.

Pre-Election Work Stressed

Pre-election work proved itself with the years to be the technique which all leagues found effective in increasing the interest and participation of the electorate. The league came to be one organization which would be counted upon to do a good job of it year after year.

Another project was the launching of a campaign against the "spoils system" and for the merit system of appointing public personnel which is now recognized as among the greatest of league achievements. From 1934 through 1940, the league did much to create popular understanding and support for merit principles. In this campaign for the first time the organization threw its entire forces into public opinion making. Its members realized that there would have to be great popular support of ideas to offset the patronage minded political parties and this they did.

Up to 1944, the league continued to be active in important matters including the Dumbarton Oaks campaign, but that year the organization set out to reach a greater number of citizens than ever before. "It is absolutely essential," said the new president, Miss Anna Lord Straus, "that the imagination and intelligence of millions of individual citizens shall be deeply stirred."

To keep on believing that the job is important, to continue to believe that it can be done, to realize the true potency and place of the individual citizen action both within and without the league —such is the task members set for themselves in a new era of government by the people.

Governing Body

Governing body of the Midland league is as follows: Mrs. George Putnam, president; Mrs. William L. Kerr, vice president; Mrs. O. W. Wall, secretary; Mrs. L. R. Newfarmer, treasurer; Mrs. William Hiseweck, parliamentarian; Mmes. Leland Davison, V. W. Rogers, Fred H. Fuhrman, J. Howard Hodge, George Turner, Dillard Cargl, C. R. Steinberger and Winston Hull, executive board members.

Members are: Mmes. James N. Allison, Payton Anderson, M. B. Arick, Frank Ashby, J. E. Beakey, Raymond Brouthertin, Eric Bucher, John P. Butler, C. W. Chancellor, Taylor Cole, William Cones, G. C. Clark, E. T. Corbett, Alden Donnelly, E. H. Davidson, Leland Davison, R. A. Estes, H. S. Forgeron, B. R. Forman, William Fritz, Fred H. Fuhrman, R. L. Gates, J. Howard Hodge, William Hiseweck, W. T. Hoey, Winston Hull, David Johnston, William L. Kerr, J. J. Kelly, George Kribbs, Dillard Cargl.

Also Mmes. Lindley Latham, Paul Lathrop, C. J. Lones, Carl McAdams, J. Duvall McClure, L. C. Mills, Karl Mygdal, L. R. Newfarmer, Susie G. Noble, William Osborn, Hal Peck, Ben Pilcher, Olin Prather, William Y. Penn, George Putnam, Bernerd Ray, John Redfern, V. W. Rogers, J. B. Sanders, Paul Schaefer, Henry E. Shaw, Harvey Sloan, B. R. Schabarum, Clark Steinberger, Surce Taylor, Leonard Thomas, George Turner, George Vannaman, William A. Waldschmidt, Orville W. Wall, W. A. Yeager, and Misses Louise Fillman, Holly Smith, Maria Spencer and Fannie Bess Taylor.

Lt. (jg) Foster Hedrick, who has been visiting in Austin returned to Midland Friday.

Marriage Of Former Midlander Announced

Word has been received here of the recent marriage of Mrs. Eula Mahoney, formerly of Midland, and William Jewell Steele of Pasadena, Calif.

The Rev. George Hill, pastor of the First Baptist Church of Pasadena, performed the ceremony in the church chapel.

Following a wedding breakfast at the Hotel Huntington, Mr. and Mrs. Steele left for a wedding trip to Palm Springs. They will make their home at 515 Atchison Street in Pasadena.

Midland Will Be Host For Area Girl Scout Council Meet May 2

Midland will be host May 2 to all Girl Scout Council members in this area when they convene for their area meeting. The business sessions will be held in the Educational Building of the Methodist Church.

The business sessions will begin at 10:30 a. m. and will adjourn at 3 p. m. A luncheon has been planned during the noon hour at the Log Cabin Inn.

The Girl Scout area of which Midland is a part takes in all towns from Abilene on the east to Pecos on the west, Lamesa on the north and Sterling City on the south. Miss Mary Miller is Girl Scout executive for this area, dividing her time between cities which have no full-time leaders.

The Midland Girl Scout Council is headed by Mrs. S. P. Hazlip, commissioner. Other members are the Rev. R. J. Snell, deputy commissioner; Miss Margaret Stuart, secretary; and George Perry, treasurer. Committee chairmen are A. N. Hendrickson, finance; Mrs. Holt McWorkman, organization; Mrs. Felix Ankele, training; Mrs. John Weston, program; Bill Collyns and Mrs. Jack Bliss, public relations; Mrs. K. C. Slough, camp; and Mrs. Don Johnson, leader representative.

Midland Girl Scout leaders are: Brownies: Mrs. Sherwood O'Neal, Mrs. J. B. Zant, Mrs. W. W. West, Mrs. Ben Bizzell, Mrs. C. W. Faris, Mrs. Troy Stephenson, Mrs. Jack Bliss, and Mrs. E. F. Alstrin. Intermediate Scouts: Mrs. Delbert Downing, Mrs. Hamilton McRae, Mrs. Charles Galbraith, Mrs. Walter Fleming, Mrs. L. A. Kukendall, Mrs. David Johnston, Mrs. Frank Ashby, Mrs. Don Johnson, Mrs. William S. Blackman, Mrs. I. A. Searles, Mrs. William von Osinski, and Mrs. M. F. McDaniels, Senior Scouts: Mrs. John Hill DeFord and Mrs. J. J. Black.

Midland AAUW Members Attend Regional Meeting

Marie Spencer and Mrs. Alma Thomas represented the Midland chapter of the American Association of University Women at a recent AAUW Regional Convention in Little Rock, Ark.

The 258 women attending the convention represented Texas, Oklahoma, Kansas, Missouri, and Arkansas.

Easter Cantata Will Be Presented Sunday By Methodist Choir

At 8 p. m. Sunday at the First Methodist Church an Easter cantata "From Darkness to Light" arranged by Ellen Jane Lorenz from the music of Peter Ilich Tschaikowsky will be presented by the church choir under the direction of Mrs. DeLo Douglas. Mrs. J. Holt Jowell, organist, and Mrs. J. B. Koenig, pianist, will play the accompaniment.

Solo parts will be given by Mrs. D. H. Cardwell, Mrs. J. C. Ratliff, Jr., Miss Doris Conley, Dr. H. A. Ireland, and Ed Metzger.

"Easter Fantasy" (Kohlmann) has been selected as the prelude and "Ave Maria" (Schubert) will be the offertory. Both numbers will be in form of a piano and organ duo.

Following the processional the invocation will be offered by the Rev. Howard H. Hollowell, pastor.

Selections to be heard in the cantata are: "From Darkness to Light," organ and piano, "God So Loved the World," "Hail Him With Palms," "Come Unto Me," "Legende," "Once in Gethsemane," "This Man Was the Son of God," "For Us He Died," "Easter Morning," "I Glory Only in the Cross," "Worthy Is the Lamb," and "Day of Gladness."

At the close of the program the congregation will be dismissed with the benediction.

Easter Services To Be Held At Midland Field

Special Easter worship services will be held in the post chapel of Midland Army Air Field at 10 a. m. Easter Sunday. Appropriate Easter music will be furnished by Mrs. Charles Welsh, Midland organist, and the girls' trio of the First Baptist Church of Midland.

The Easter message, "An Easter Discovery," will be given by Chaplain Dickinson. All military personnel and civilians are invited to attend.

James Mims Attends Muster At College

James Mims, former student, is attending an Aggie Muster and homecoming celebration at Texas A&M College.

Mims left Friday for the event, which is in full session Sunday.

First Baptist Church Choir To Give Cantata

The First Baptist Church Choir will present an Easter cantata, "From Darkness to Light," at 8 p. m. Sunday under the direction of Raymond G. Hall. Organ and piano accompaniment will be played by Mrs. Joseph H. Mims and Mrs. Hall.

Program Of Easter Music To Be Given By Episcopal Choir

A program of Easter music will be presented at the service at 11 a. m. Sunday at the Trinity Episcopal Church. Opening the service will be the organ prelude, "Gloria in Excelsis Deo" by Mrs. Preston Lee, organist and choir director.

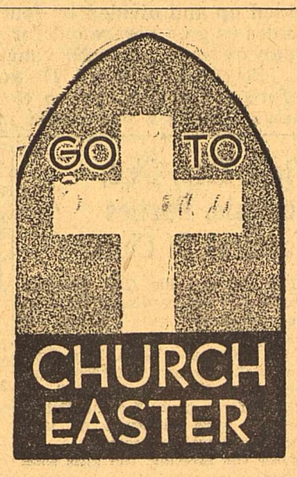
Following the processionally hymn, "Jesus Christ Is Risen Today," the choir will sing the introit, "The First Easter Morn" (Scott-Salama). "Welcome Happy Morning" will be used as the sermony hymn and the offeratory anthem will be "God So Loved the World" (Stainer).

The sermon for the morning hour will be "Perpetual Memory."

Members of the choir are: Mmes. John P. Butler, James N. Allison, Harvey Herd, E. M. Miller, Milward Miller, R. M. Turpin, A. B. Faubion and Messrs. A. T. Barrett, George Turner and C. G. Cooper.

GOES TO CALIFORNIA

Miss Maisie Coon left Friday by plane for Los Angeles where she will visit her parents, Mr. and Mrs. O. M. Coon. She will visit in San Francisco and other points of interest in California before returning to Midland.



SPENDS WEEKEND AT A&M COLLEGE

Bert A. Streeter, son of Mrs. George A. Streeter, is attending an open house this weekend at A&M College at College Station. He recently received his honorable discharge from the U. S. Army Air Forces after serving as an aerial gunner. He plans to continue his studies this fall at A&M where he was a student at the time of his enlistment in the armed forces.

Commandery Groups To Attend Services

Members of Big Spring Commandery 31 and Midland Commandery 84, Knights Templar, will march in a group to the First Methodist Church Sunday to attend the 9 a. m. Easter services. All Knights are requested to be in full uniform if possible.

Preceding the services the two commanderies will hold a special joint conclave at 8 a. m. in the Masonic Temple, Commander D. R. Carter of the Midland unit, has announced.

Tschaikowsky's Music Will Be Featured On First Baptist Program

The Easter musical program at the First Baptist Church at 8 p. m. Sunday featuring the cantata "From Darkness to Light" will open with a prelude "Triumphal March," by Mrs Joseph H. Mims. Music will be directed by Raymond G. Hall with Mrs. Mims at the organ and Mrs. Hall at the piano.

The text was compiled and written by Ellen Jane Lorenz, as were the arrangements which are all from themes by Peter Ilich Tschaikowsky.

Selections in the cantata are: "From Darkness to Light," Mrs. Mims, organist; "God So Loved the World," solo by Mrs. Duke Jimerson; solo, "Hail Him with Palms," Miss Edith Conyers; "Come Unto Me," Misses Ruth Hall and Barbara Brown; "Legende," Mrs. Vernon Yearby, Misses Conyers, Hall, Anna Joyce Streeter and E. N. Stracener, Thurman Pylant, Glen Murray and Duke Jimerson; "Once in Gethsemane," Mrs. Jack Nobles; "This Man Was the Son of God," Girls Ensemble; "For Us He Died," choir; "Behold, I Stand at the Door," Mrs. Nobles and Mr. Hall; "Easter Morning," choir; solo, "I Glory Only in the Cross," Mr. Jimerson; "Worthy Is the Lamb," choir; and "Day of Gladness," choir.

Frank Monroe will give the invocation.

Choir Personnel

Making up the choir personnel are: Mmes. Fred Wycoff, George Grant, Cecil Pope, Rudolph Vosatko, Clendening, Jack Nobles, Vernon Yearby, Duke Jimerson, Bob Campbell, Janice Shuffler; Misses Faye Powers, Edith Conyers, Corrine Akins, Ruby Gilbert, Alma Ruth Streeter, Ruby Hale, Joyce Jones, Nellivee Clark, Clara Belle Kelton, Helen House, Euzella Comer; and Messrs. C. G. Murray, E. N. Stracener, Thurman Pylant, Richard Jones, Fred Arnett, Duke Jimerson, Bob Campbell, Glen Murray, Russell Gifford, John Biggs and Fred Middelton.

Singing with the Girls Ensemble are; Ruth Hall, Helen Caffey, Nadine Clement, Edith Rae Collings, Becky Watford, LaMoyne Tabor, Genora Brown, Rosa Dee Spears, Anna Joyce Streeter, Barbara Brown, Virginia Dunagan, Anne Upham, Faye Manville, Lois Shelbourne, Billie D. Alkire, Dora Alkire, and LaVerne Estes.

Mrs. Bissell Returns From Visit In Austin

Mrs. C. E. Bissell has returned from a 10-day visit in Austin with her daughter, Peggy, who is a student at the University of Texas, and Mr. and Mrs. Glem Courtney.

While in Austin Mrs. Bissell attended the Round-Up Revue in which her daughter took part as a Blue Bonnet Belle nominee, the Austin Symphony Orchestra concert, and an Ilka Chase lecture. Other entertainments attended by Mrs. Bissell were a picnic-swimming party given by the Century Class of the University Presbyterian Church, a house party at Alpha Chi Omega, dinner party at Alpha Phi and a barbecue given by Mr. and Mrs. Courtney at Barton Springs.

Miss Bissell is a member of the campaign expense committee and the Orange Jacket assisting committee at the university. She sings with the Girls Trio of the University Presbyterian Church.

Program Of Easter Carols To Be Given By First Christian Choir

An unusual program of Easter carols will be presented by the choir of the First Christian Church at 8 p. m. Sunday. Mrs. Lee Cornelius is director and pianist.

Everyone is familiar with the traditional Christmas carols but Easter carols have not been as well established. Containing praise and devotion and religious joy handed down from generation to generation, these songs are of simple folk of all nations and their origin is lost in antiquity. Musical scores have been set on paper only in comparatively recent years.

Opening the choir program Easter will be the prelude, "Easter Morning on Mount Rubidoux" by Harvey Gaul who gives the impression of the annual sunrise service on Mount Rubidoux, Calif., in his composition.

Other carols are as follows: "We Come With Voices Swelling" (a French carol); "I Heard Two Soldiers Talking" (traditional carol); flute solo, "The Minuet" from "L'-Arlesiene" suite (Dizet), Miss Ruth Wehner; "In Joseph's Lovely Garden" (old Spanish carol); "There Came to the Garden" (German); violin, "Romance" from "Concerto in D Minor" (Wieniawski), Mrs. Benton Howell; and "Joy Dawns Again On Easter Day" (traditional).

Members of the choir are: Mmes. B. W. Stevens, F. C. Cummings, George Bennett, G. W. Brenneman, Stanley Claiborne, William Crothers, Clinton Myrick, Mrs. D. D. Downing, Miss Elma Graves and Messrs. Everett Shipp, A. E. Barnes, Jr., F. C. Cummings, Clyde Lindsley, and Van Cummings.

POINTS ON COOKING VEGETABLES GIVEN AT VALLEY VIEW

Mrs. B. L. Mason gave a demonstration on several basic rules of cooking fresh vegetables for retaining their flavor at an all-day meeting of the Valley View Home Demonstration Club Friday at the Community Center.

The following vegetables were cooked: Snap cream beans, cooked 30 minutes with white sauce added; five-minute cabbage, cooked in milk with white sauce added; beets with lemon-orange sauce; oven-tanned potatoes, boiled while, rolled in butter and grated cheese and placed in the oven; lyonnaise carrots, cooked 15 minutes with butter and onion sauce added.

Following the noon hour, a business session was held. In the recreation period members made Easter bonnets of crepe paper.

Plans were made for sending clothing to the Philippines during the Home Demonstration Week, May 5-12. This clothing is to be turned in at a meeting Friday night at the Community Center.

Mrs. Preston Vest will be hostess for the next meeting of the club.

Present were Mmes. C. C. Carpenter, J. D. Bartlett, Jim Baker, Ralph Cain, Virgin Hogue, I. J. Howard, Vest, Mason and the following children: Wanda and Ralph Cain; Gene, Janice, Billy Roy, and Vernon Ray Carpenter; Bennie Archie, Tommy and Patsy Hogue; Bryon, Donald and Gilbert Duane Vest; Kermit Lewis, Doris Ann Mason, and Darlene Brunson.

122 MHS Students Make 5th Six-Weeks Honor Roll

Twenty per cent of the student body of 122 students were on the fifth six weeks' honor roll. Seniors had the highest record with 26.5 per cent making all As and Bs or higher. Twenty-eight boys and 94 girls appear on the list.

One senior boy, Wilbur Yeager, and four senior girls—Jeanette Barnett, Joan Chapman, Virginia Dunagan, and Monta Jo Glass—made all As.

On the senior A and B list were: Van Cummings, John Drummond, Mary Elizabeth Arnett, Grace Baker, Nancy Booth, Barbara Brown, Dorothy Butler, Sharon Cornelius, Doris Denton, La Juan Dunlap, Vonnie Jay Holliday, Edwina Hood, Jerre Howard, Billye Jean Jones, Audie Merrell, Mary Nell Moran, Georgia Neiman, Mary Frances Phillips, Stella Shattuck, Billie Urice, and Dorothy Wolcott.

Seventeen per cent of the junior class made the honor roll. Those on the all A list are Charles Spivey, Margaret Dougherty, Lois Eiland, Jane Hardison, Donna Kelley, Meredith Myrick, and Evelyn Wemple.

Juniors with As and Bs are Harold Barber, Bill Hamilton, Jack Howell, Charles Moncrief, Buddy Norton, Billy Wolfe, Le Verne Barrington, Patsy Charlton, Nadene Clements, Edith Collings, Alma Faye Cowden, Vanda Dunn, Frances Gibbins, Virginia Keith, Peggy Lands, Jill Parrot, Billy La Jean Pigg, Bonnie Robertson, and Wilma Vaughn.

In the sophomore class, 39 students or 22.5 per cent of the class were listed. On the all A list are Betty Bobo, Genora Brown, Pansy Burrus, Shirley Cooper, Emma Sue Cowden, Maurine Denton, Betty Joyce Gerald, Charlotte Schaefer, Helen Whitley, Evangeline Theis, Anne Upham, and Enid Wheeler.

Those making As and Bs are Joe Anderson, Richard Clarke, Al German, Bill Gilmore, Charles Harrington, Douglas Hedges, Fred McMurry, Berneal Pemberton, John Richardson, Billie Dean Alkire, Shirley Biggs, Marilyn Boynton, Beth Choat, Marylee Cowden, Tommie Darnell, Ann Hines, Dorothy Faye Holt, Janice Jones, Neva Jo Lee, Betty McCain, Mona McGraw, Patsy Patteson, May Sheen, Lavella Tuggle, Lucille Wemple, Doris Williams, and Frances Smith.

Only 16 per cent of the freshmen made As or Bs exclusively. With all As are Neal Adams, Harry Loskamp, Joel Sims, W. L. Thompson, Lois Black, Barbara Ellis, Donna Manning, Mary Lynn Manning, Betty Merriwether, Bobbye Nelle Pierce, and Carolyn Schaeffer.

Freshmen with all As or Bs are Jimmy McGraw, Kent Miller, Alex Oates, Bob Short, Sammie Swails, Patsy Bray, Patsy Jo Carrell, Alice Dorman, Joy Guyton, Ruth Lester, Sarah Lew Link, Royce Rae McKee, Lynna Dell Moore, Etta Ruth Murray, Velda Dee Pigg, Billie Prothro, Francine Weaver, Jerry Webb, Edie Blanche Wells, and Dorothy Wolfe.

Spanish Class Gives Pageant Celebrating Pan-American Day

A Pan-American Day pageant was presented in the Thursday assembly by the 6th Period Spanish Class under the direction of Miss Minnie Jackson. The pageant represented a conference with members of the Pan-American countries presenting their problems for solution. Virginia Dunagan acted as master of ceremonies. Jean Devereaux sang in Spanish "You Belong to My Heart."

Others appearing on the program were: Dorothy Barron, Genora Brown, Sandy Brown, Mary Helen Choat, Nadine Clements, Ann Cleveland, Edith Collings, Patsy Collings, Doris Denton, Dorothy Butler, Monta Jo Glass, Helen Harrison, and Neva Jo Lee.

Rita McDonald, Mona McGraw, Georgia Neiman, Mazie Secor, Sallie Jean Secor, Charles Sims, Charles Spivey, Jeanne Traversie, Billy Velvin, and Geraldine Wood.

Happy Birthday To

April 21—T. A. DeVoer.
April 22—Burton Stringer.
April 23—Sonya Jo Little.
April 24—Mary Alice Stump.
April 26—Don Wingham.

MHS Teachers Enjoy Nice Vacation, Too

It seems that students aren't the only ones who like to venture away when the school doors close for a few days. Leaving town during the Easter holidays to return to their homes and just visiting are Miss Minnie Jackson, Fort Worth; Miss Margret Stuart, Sterley; Miss Helene Miley, Bastrop; Miss Helen Craig, Denton; Miss Eloise Odam, Denton; Miss Theresa Klapproth, Abilene; Miss Sudie Muirhead, Dallas; Miss Lucy Moore, Austin; Mr. and Mrs. F. C. Gambill, San Antonio; Mrs. W. T. Magee, Austin; Miss Betty Crouch and Miss Evelyn Pyle, who flew to Dallas and then from there they went to their homes in McKinney and Kaufman; Miss Louise Fetterly, Baird; and Alton Lowe, Childress.

Those who love Midland so much and can't bear to leave it for a few days are Harlan Howell, Roy Howard, Miss Ruth Carden, Mrs. Grace Hine, Aubra Nooncaster, Mrs. George Phillipus, Miss Verna Harris, Miss Josephine Weaver, Mrs. Frances Edwards, John I. Mashburn, Barnes Milam, Dean Bennett, Frank Monroe, Earl Glassie, and J. R. Cuffman.

Personals

Berneal Pemberton is spending the Easter holidays in Amarillo visiting his sister.

Barbara Cowden is spending the holidays in Fort Worth.

Mary Nell Moran is spending the Easter holidays in Dallas and Tyler with relatives.

Anna Jean Cash is spending the Easter holidays in Grandfalls with friends.

Billie Jean Callaway is spending the holidays in Crane visiting relatives.

Al German's sister, Billie Jean German, is home for the holidays from Hockaday.

Mildred Brinson is visiting her cousin in Rankin this weekend.

Barbara Brown, Billye Jean Jones, Joan Chapman, La Juan Dunlap, Virginia Dunagan and Mary Nell Casselman will spend Monday on Shirley Brunson's ranch.

Charles Chambers fell on a spike and had to go to the hospital last Wednesday.

La Juan Dunlap, Alma Faye Cowden, Mary Frances Phillips, Gilbert Sevier, Charles Spivey and Bobby Statton took part on a panel Thursday which was given at the April meeting of the City-County Federation sponsored by the Progressive Study Club.

Bobby Statton is spending the Easter holidays in Pampa.

Jimmy Bolton is spending the weekend in Wichita Falls.

La Vella Tuggle and Sharon Cornelius spent Saturday in Abilene at the Regional meet.

Audie Merrell spent last Saturday in Big Spring.

Barbara York, Joy Guyton, and La Verne Estes are spending the weekend in McCamey.

Mildred Moore spent Friday in Big Spring.

George Adams is spending the weekend in Tyler.

Wanda Beauchamp and May Sheen are spending the weekend in San Angelo.

Jimmy Greene is flying to Oklahoma City to meet his mother.

John Scroggins and Pearl Ward went fishing at Dewey Lake this weekend.

Midland Students Attend Regional Meet In Abilene

Thirty-two students representing Midland High School attended the regional meet of the Interscholastic League at Abilene, Friday and Saturday.

The boys who entered in the track and field events were Bob Cole, Dewie Kirby, Stanley Hall, Jack Kidwell, Barney Hightower, Dunny Goode, Harold Barber, Jack Cox, Jimmy Olsen, Don Wigham, and Burton Stringer.

The tennis entrants were Elizabeth Ann Cowden, girl's singles; Phyllis Chancellor and Florence Larsh, girls doubles; Bitsy Vertrees, boys singles; and Wilbur Yeager and F. B. Hale, boys doubles.

The debate team consisted of Stella Shattuck and Lawrence King.

In the declamations, Billye Jean Jones, senior girl, and Jimmy McGraw, junior boy, participated.

Bill Hamilton was the representative in extemporaneous speaking.

The typing contest entrants were Puddin Sivalls, Elizabeth Ann Cowden, and Lois Dee Eiland. Doris Denton and Edwina Hood competed in the shorthand division.

Mary Elizabeth Collins entered the essay-writing.

The one-act play, "Overtones", with a cast consisting of Joan Chapman, Marilyn Miller, Marylee Cowden, and Billye Jean Jones represented Midland.

Those accompanying the students were Jack Mashburn, Mr. and Mrs. Wendell Hine, Miss Verna Harris, Miss Sudie Pearl Muirhead, and Coaches Barnes Milam and Earl Glassie.

Small Talk

Monday—Today was just another Monday, and we, as usual, were at the doors before 9 o'clock fighting to get into our dear school.

Being one of those "four day weeks", this week showed promises of fun.

Tuesday—If you were in the library, you found that our school is just "made up" of bookworms. All of the encyclopeadias were in use. The answer-theme notes due.

The Norden bombsight was very interesting; however, it wasn't the main attraction in assembly. In answer to your questions, the attraction wasn't, as usual, our principal.

Wednesday — Forty-five minute classes all day. Now don't spoil us, Mr. Howell. Some boys in assembly were heard arguing as to whose girl could sing the better. Now that spring is here, the interest in clubs has risen 75 per cent. The above figure obtained from the office.

Thursday — Another assembly. Boy, do we rate! (Be sure to pronounce it rate, not rat.)

Best of luck to you interscholastic leaguers. We hope you "bring home the bacon." Happy Easter everyone!

Bond-Stamp Report

Midland High School students have brought the Bond and Stamp sales up 5 per cent last week. The average was only 52 per cent, however, as the students work toward a goal of 90 per cent before the end of April. This week is the last chance to get the Bonds and Stamps that will fly the Minute Man Flag for the last month in this school year. The total amount of purchases come to $15,037.75.

Two rooms had 100 per cent. They were 304, Carden and 102, Phillipus.

The other rooms and their percentages were 309, Edwards, 70; 206, Klapproth, 65; 202, Craig, 55; 306, Stuart, 31; 107, Magee, 8; 205, Jackson, 54; 207, Hine, 11; 305, Lowe, 11; 109, Moore, 18; 307, Howard, 80; 205, Miley, 82; 101, Harris, 11; 310, Weaver, 83.

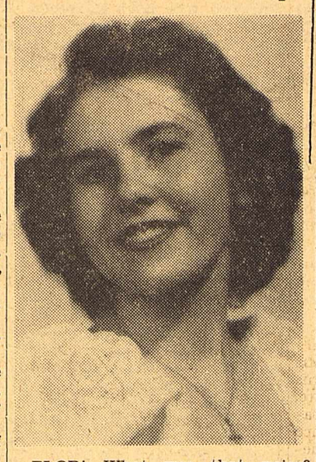
Choral Club Gives Assembly Program

The Choral Club at an assembly Wednesday, sang "The Easter Parade", "Smoke Gets in Your Eyes", "Because", "Oh! Susanna", "Ah, Sweet Mystery of Life" and "Now the Day Is Over".

Mary Nell Casselman gave a reading entitled "Hats". A parade of Easter hats was presented during Mary Nell's reading.

Charlotte Schaefer and Joyce Hall sang "Deep Purple" and "You Won't Be Satisfied".

Who's Who – 'Mumsy'



PLOP! What was that noise? Now don't get excited. It was just Marylee Cowden. She fainted when she was told that she would be "Who's Who" today, for her wonderful performance as "Hetty" (Harriet's inner-self) in "Overtones," one-act contest play.

Before she "came to" I observed that "Mumsy" (to her friends) is about five feet and five inches tall, and she has pretty dark brown hair. About that time her eyes began to open and I could hear her mumble, "Van Johnson, Van Johnson (over and over again)". She later said he was her favorite actor and Greer Garson is tops with her as an actress.

"Mumsy's" favorites in colors and sports are red and white and swimming,

Marylee is found dancing, writing letters, or reading in her spare moments. "Mumsy" said she did not want to be too specific but that her ideal man is tall with a wonderful personality. You will often find her listening to "Clair de Lune" or records by Bing Crosby.

Her subjects include English 21, Biology, speech, algebra, Spanish, and physical education. (She likes speech the best.) "As for teachers," Marylee said, "I don't know. I like several of my teachers best."

On May 4 you can congratulate "Mumsy" for she will have reached the "ripe old age" of 15. She confided that "women who wear high heels with slacks" are her main "pet peeve". Another thing —if you hear someone using the word, "Honeyboo," you will know it is "Mumsy." You see, it's her favorite saying.

Marylee has been in the dramatics Club both years of her "high school career." She was a freshman representative to the Student Council and treasurer of her class last year. This year, she gave the musical reading, "Stardust" in the Queen Coronation.

After pondering a long time, "Mumsy decided her eyes are amber.

Music Notes

Anyone interested in playing in the band next year should see F. C. Gambill about the summer band classes. The school furnishes the instruments and there is a need for drummers and bass horns especially.

The A Cappella Choir will attend the Spring Festival Band and Choral Contest in Kermit next Friday and Saturday. Six high school choirs and four junior high choirs will compete. A trio, soloists, and a pianist from the Choral Club will accompany the A Cappella Choir.

The band began rehearsing in two new books received by Gambill last week—"35 Famous Chorals" and "Band Shows."

Music of the "Hungry Five in Spain and Germany" is being rehearsed by W. L. Thompson, David Anguish, Tom Friday, Dollie Currie, and Maxine Fussell.

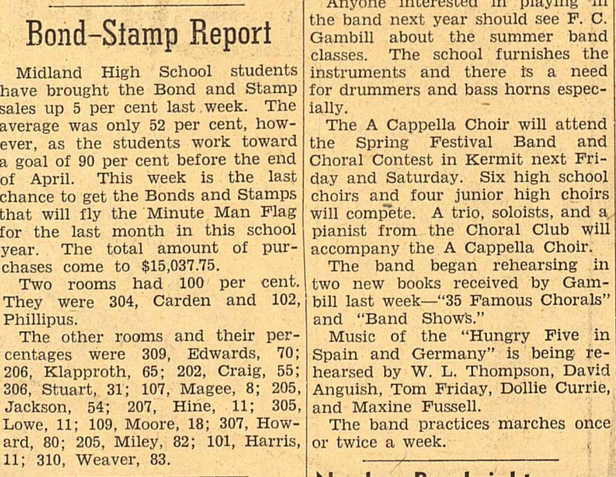
The band practices marches once or twice a week.

Norden Bombsight Shown In Assembly

The members of the physics class, accompanied by Miss Margret Stuart, took a field trip to the Court House Wednesday morning to see the Norden Bombsight. Lieutenant Myers, bombardier, explained the principle of the bombsight, how it works, and its purpose.

NO DAMAGE FROM FIRE

City fire department Friday answered an alarm to the Permian Village. No damage resulted in a fire at a cabin-trailer.



MIDLAND BOTTLING CO.
H. B. DUNAGAN, Mgr.

Spring Fever?

(An Editorial)

"Well, I've got so much else to do and, oh you know, guess it's just spring fever. I suppose I just won't get my English. If it's a nice day, I may not even go to school tomorrow."

Does this sound like some of the things you've been hearing and thinking lately? Well, if you don't want to be in that same old advisory room again next year, or maybe have to go to summer school, you'd better start thinking differently, bub.

The last semester is only half over as far as your grades are concerned. We know there are only five more weeks of school, just four for seniors. But do you know how grades are added up? It's like this: your three six-weeks' grades and your final exam grade are added up and divided by four. There you are, two more grades to go. Figure out for yourself what two Fs would mean averaged in with your other grades.

So come on, now. Do you want to get that diploma before you're old enough to vote, 21 that is, or do you plan on being a permanent inmate? It's up to you.

Field Trip, Skit, Contests, Parties Features Of Clubs

The Homemaking Club program consisted of two readings, "Rube on the telephone" and "Down in Texas", by Lois Dee Eiland and Marie Pittman. Velda Pigg gave two violin solos, "Czardas" and "when Irish Eyes Are Smiling".

Plans for a party for the Future Farmers were discussed as were plans for a weiner roast.

After the meeting, the girls sang Easter songs.

Members Give Skits

Two skits were presented at the Dramatics Club. The first skit was presented by Mary Nell Casselman, Billye Jean Jones, and William Hoey. The second skit, entitled, "The Disaster", a pantomine, was enacted by Dorothy Faye Holt, Mary Dell Dillon, Margaret Doyle, Edwina Hood, Patsy Lou Arrington, and Emma Sue Cowden. Miss Verna Harris discussed plans for the Dramatics Club next year.

Model Club

The members of the Model Airplane Club discussed the model contest to be held in early May. They decided to follow the American Model Association rules and regulations. The first prize will be a motor. The club wants to hold a free flight events and hold a U-control at Lackey field if possible. A few of the boys joined the American Model Association.

Landscaper Talks

Guest speaker at the Science Club Wednesday was J. A. Richardson, landscaper. He gave a discussion on the process of adapting shrubs, flowers, and trees to West Texas climate.

He also told of injurious bugs and insects. Following the discussion, he accompanied the club on a tour to observe landscaping in Midland.

Typing Tests

Two 10-minute writings were given to the Typing Club by Mrs. Grace Hine Wednesday afternoon. The errors were checked and the net words figured up. The roll was called by Pat Flannigan.

Geologists Hear Lecture

R. V. Hollingsworth gave a lecture on "Fossils and Their Use" and "The Oil Industry" at the meeting of the Junior Geologist Wednesday during club period.

Sam Ellison discussed plans with the group for a field trip to be held soon.

Next meeting the group will hear a lecture on "The Oil Fields of the Permian Basin."

ATTENDS 'AGGIE MUSTER'

J. C. Mayes is spending the weekend in College Station where he will attend the "Aggie Muster" and visit his son, J. C. Mayes, Jr., a junior at A. and M. College.

Seniors To Give Classic Play On Friday, April 26

Two presentations of the Senior play, "Pride and Prejudice" by Jane Kentall, will be given April 26. The play is an adaption from the novel by Jane Austin.

A matinee will be given at 1:15 for students from the Junior High School. Admission is 30 cents. A presentation for the general public will begin at 8 p. m. with 40 cents as admission.

"Eighteen girl's and five boy's costumes have been ordered from a Dallas costumers. Rehearsals are in progress and will continue through next week," Miss Verna Harris, director, said.

The cast includes: Buddy Anguish, Sharon Cornelius, Barbara Brown, La Juan Dunlap, Dorothy Wolcott, Billye Jean Jones, Virginia Dunagan, J. C. McNeil, Billie McKee, Van Cummings, Bob Statton, Rosemary Johnson, Dorothy Butler, Richard Vaughn, Dortha Ann Reising, and Billie Jean Calloway.

Volleyball Team To Form Softball Club

The Midland High volleyball team ended this season with a bang by winning the district championship. The girls will receive gold volleyballs with "District Champs, '46" and their initials on them.

Next week Miss Sudie Pearl Muirhead's PE classes will start ping pong and badminton.

The girls who played volleyball are organizing a softball team. They are challenging anybody in school who will play them from 12:30 till 1 o'clock.

Girls Have Trouble With Hoop Skirts

What is the date? 1846? 1946? That is the question.

Only last week you could have seen a MHS campus beauty, attired in the typical blue jeans, size 44 shirt, and bobby sox, walk up to the east stage entrance, give the pass word, and be admitted to that realm of backstage life.

Just five minutes later she is followed by another damsel, but ah! the difference. This one is wearing the long hoop skirts of a bygone age, but the same password gets her in.

Don't be alarmed, don't worry about seeing white elephants, this is just Senior play practice, and Miss Verna Harris is trying to teach her girls to be graceful in hoops.

"It tastes better"

Friday—Senior Play. Afternoon performance for junior high at 1:15. Evening performance 8:00. Admission 40 cents.

Saturday — Dance sponsored by the seniors in the gym at 8 p. m.

Scouts Make $200 From Safety Event

Midland Boy Scouts realized approximately $200 for their supply and travel fund from money collected from fines Friday when they patrolled the city in a safety and traffic observance event.

The Scouts announced jay-walking was the major violation by citizens and it was worse on Wall and Main streets.

Standing off the curb and running lights at Loraine and Wall streets were next in number of violations. Numerous left turn and U-turn violations were reported at Missouri and Main streets.

The Scouts will use the money collected to purchase camping supplies and attend the annual Buffalo Trail Council Round-Up to be held in Big Spring soon.

Did You Know?

That only one person in a thousand escapes malnutrition, according to a recent survey by Pennsylvania State College. Under nutrition in some degree is almost universal.

MISSIONARY STUDY IS GIVEN AT MEETING OF WOMEN'S COUNCIL

In keeping with the monthly theme "Missionary Month," Mrs. Iva Rotan gave a report of conversions of natives of Brazil at a meeting of the Woman's Missionary Council of the First Assembly of God Church Wednesday at the home of Mrs. E. F. Penick, 610 South Lorraine.

Mrs. E. N. Nolan gave a description of missionary life in Africa, and Mrs. Essie Stultz told of God's watchful care of missionaries in Costa Rico through perilous experiences.

Mrs. Grace Rhoads gave the drastic change in the life of a woman in Puerto Rico when she became a Christian. An account of God's power in changing the life of a witch doctor in Belgian Congo was presented by Mrs. Penick.

The group sang hymns preceding the talks and also offered special prayers. Members placed coins on tape which will be given to the National Children's Home in Hot Springs, Ark. Names and addresses of missionaries were given for correspondence.

Announcement was made that the next meeting will be held at the home of Mrs. Hattie Woods, 800 North Weatherford.

Present were Mmes. Stultz, Bessie Rotan, Woods, Iva Rotan, Rhoads, Penick, Nolan, Cecil Ramsey, Lilla Coulston, Orpha Tedder, and A. B. Coxe.

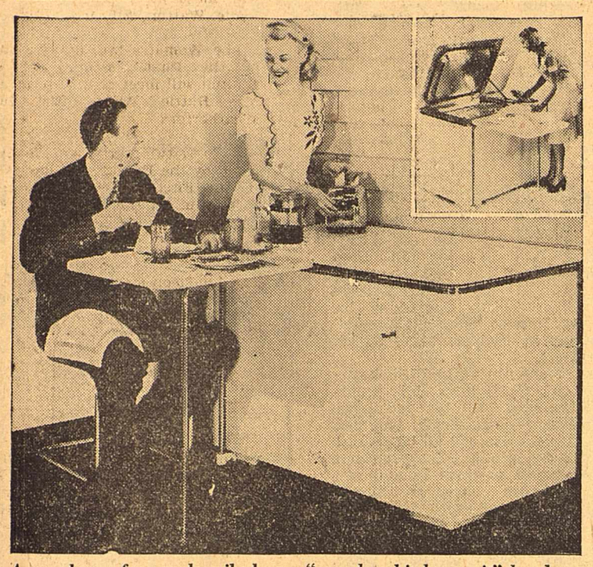
New Maytag Home Freezer



A new home freezer described as a "complete kitchen unit" has been announced by The Maytag Company of Newton, Iowa. With six net cubic feet of locker storage space and a capacity of 300 lbs. of meat or 240 lbs. of mixed packages, it maintains an operating temperature of zero Fahrenheit in all climates. When closed it provides a porcelain enamel utility table top with attached drop leaf for dinette purposes, large enough for two people. Inset shows counter-balanced lid opened and defrosting tray in use. To be shown soon at Cox Appliance, 613 W. Wall.—(Adv.)

MRS. MESSICK GIVES DEMONSTRATION AT WEST SIDE CLUB MEET

Mrs. Nettie B. Messick, county home demonstration agent, gave a demonstration and lecture on "Refinishing Furniture" at a meeting of the West Side Home Demonstration Club Thursday afternoon at the home of Mrs. George P. Bradbury on the Magnolia Tank Farm.

After the business period, refreshments were served by the hostess to Mmes. C. A. Barton, A. D. L. Price, E. P. McEldowney, Lloyd Stanley, Jack Brown, Roy Jones, Kenneth Webb, Guy White, Vernon Red and two visitors, Mrs. Messick and Mrs. George Morgan.

Midland Methodists Will Attend District Church Conference In Synder

Representatives of the First Methodist Church of Midland will attend the District Church Conference in Snyder which convenes at 10 a. m. Wednesday at the First Methodist Church in that city.

Churches of the Sweetwater District will take part in the conference.

VISITING IN NOBLE HOME

Miss Elma Jean Noble arrived Friday night for a visit with her mother, Mrs. Susie Noble. Miss Noble is a student at the University in Austin.

Midland Aggies Will Hold Memorial Muster Services Here Sunday

Midland's observance of the annual Muster of Texas A. and M. College by its ex-students and alumni will be in the form of a memorial service to the college's war dead, scheduled at the First Baptist Church at 8:30 a. m. Sunday.

Cliff Hogue will be in charge of the program at which former Aggies will pay special tribute to students and former students who lost their lives in World War II.

Midland's participation in Muster Day was sponsored by the Midland Aggie Club, which recently was organized here.

Several Midlanders attended the Muster at the college—the first homecoming since the war. Included were James Mims and Rawleigh Elliott.

Lt. And Mrs. Chaney Visit Relatives In Midland

Lt. and Mrs. Billie R. Chaney are visiting his uncle and aunt, Mr. and Mrs. A. B. Wilson and his cousins, Mr. and Mrs. Jack White. Lieutenant Chaney has been stationed at Fort Bragg, N. C., since his return from the European Theater of Operations where he served with the 513th Parachute Infantry Regiment in the 17th Airborne Division. He was wounded in Germany following the airborne invasion across the Rhine River in March, 1945.

Lieutenant Chaney also served in the Pacific area 22 months and was at Pearl Harbor Dec. 7, 1941. Upon his return to Fort Bragg, he will report to a port of embarkation to go to Germany to be stationed at Frankfurt with the 508th Parachute Infantry in the U. S. Army of Occupation.

Lieutenant Chaney wears the Belgian Fourregiere, The Order of Queen Wilhemina, the Purple Heart, Presidential Unit Citation with an Oak Leaf Cluster, the Combat Infantry Badge, Asiatic-Pacific Theater Ribbon with one Battle Star, European Theater Ribbon with an Invasion Arrowhead, and three Battle Stars. He has served overseas 40 months.

A single pound of Irish flax fiber has been known to produce 1,432 miles of hand-spun yarn.

Ceiling Prices For Chickens Announced

With many chicken fryers being brought into Midland for sale, producers are reminded of the ceiling price of 31 cents a pound for live chickens from producers to wholesalers, the Midland Price Control Office announced.

The ceiling price for dressed and drawn chickens is 51 cents a pound, the office pointed out.

VISITORS IN PATTISON HOME

Visitors in the home of Mr. and Mrs. P. R. Pattison and daughter, Dolores, are: Mr. and Mrs. Norman Going and children and Miss Katharine Crezeling of Stillwater, Okla., Mrs. Polly Mayhew of Brooklyn, N. Y., and Jack Pattison, student at Southern Methodist University. Miss Crezeling is the sister of Mrs. Pattison.

Cox Learns Of Maytag Freezer Specifications

Announcement of special features and specifications of the new Maytag home freezer have been received by Cox Appliance, Maytag dealer in Midland.

The new product has six cubic feet net capacity of locker space with an operating temperature of zero Fahrenheit in all climates. It will hold 300 pounds of meat or 180 pounds of fruit and vegetables, or an average of 240 pounds of mixed packages, including meat, fruit and vegetables. Finished in beautiful gleaming white, high baked, synthetic enamel with stainless steel trim, the cabinet of the freezer is 47 1/2 inches long, 29 inches wide and 32 inches tall. It is fitted with an acid-resisting, porcelain enamel table top, with an adjustable drop-leaf which can be used as a breakfast or dinette unit.

Eviction Notice Has Exceptions

The six-month eviction notice to which tenants are entitled under the March 15 OPA ruling has four exceptions, the area rent control office said Saturday.

Tenants may be given shorter eviction notice for refusing to sign an existing lease, denying the landlord entry for inspection or possible sales purpose, violating an obligation or committing a nuisance, or sub-letting, the office said.

In all other cases owners who are not war veterans must give full six months' notice.

When a veteran buys a house, eviction notice may range from one to six months.

Alton Hill Will Be Employment Manager

Dewey L. Waddle, manager of the Midland office of the U. S. Employment Service since October, 1945, resigned Saturday to accept a position with an oil company.

His successor will be Alton L. Hill, who takes over the office Monday. Hill is an Army veteran and was stationed at Midland Army Air Field several years.

Hill will transfer to Midland from the Odessa U. S. Employment Office.

County Participating In Attack On Cancer

A well-planned attack on cancer, designed to save the lives of at least half of those now doomed to die of this dread disease, has been launched in Texas, Delbert Downing, chairman of the Midland County cancer drive committee, said Saturday, and this county has been asked to aid in reaching the $432,-740 quota set for Texas.

The local campaign is part of the nationwide drive of the American Cancer Society for its war against cancer, and will continue throughout April, which has been set aside as "Cancer Control Month" by Congress.

Building For Week Amounts To $25,300; Year Is $1,074,500

Midland building permitted last week amounted to $25,300 and brought the year's total to $1,074,-500.

Largest permit of the week was to Spiars and Wells Equipment Company to build two frame residences, each 24 by 58 feet, at 1204-08 West Kansas Street, costing $14,-400.

Other permits of the week include: Percy Stewart, frame and stucco dwelling, at 909 N. Main Street, 26 by 30, T-shaped, costing $4,500; I. E. Daniels, storage room at rear of 210 West Texas Street, 12 by 14 feet, tile and concrete, cost $300; R. L. Kelley, at 1106 West Missouri Street, add bedroom, 12 by 18 feet, cost $500; W. C. Wilcox, at 1201 College Street, two-car garage, concrete blocks and lumber, 20 by 25 feet, cost $400; Philip L. Minear, at 1410 S. Loraine Street, temporary dwelling, 12 by 22 feet, cost $1,200; Allen Whitley, at 208 N. Lee Street, seven-room apartment house, 20 by 84 feet, for seven one-room apartments, cost $2,500; R. E. Williams, at 803 West Kansas Street, dwelling, 18 by 18 feet, frame, cost $1,500.

Ten Cases Of Measles Reported During Week

Ten cases of measles were reported in Midland last week, the City-County Health Unit announced Saturday. This number indicates a slight increase over the previous week.

Five persons had chicken pox during the week, and two were reported ill with influenza. One case each of diphtheria, streptococcus throat, whooping cough and trench mouth were listed on the unit's reports.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcentrate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Shopping Views . . . . . and News

by Barbara

PLANS ARE IN THE MAKING to improve the Oriental Cleaners and Dyers, 104 N. Marienfield . . . plans that are considered definitely to your and their employe's advantage.

You see, D. E. Gabbart ("Don" to you) has been reorganizing his cleaning business along the theme of pre-war days every since his return—and is adding lots of the newest equipment to give you better-than-ever service.

Mr. Gabbart has been in the cleaning business for over 18 years. He has an announcement to make soon that will interest you.

I'VE ALWAYS URGED patronizing your home town stores and services—for who has more personal interest in satisfying you as a customer and friend! For instance, take the Midland Studios. . . . Because they want to satisfy you with their service, they are interested to know "why" if your snapshots do not turn out as expected. They will be glad to explain the intricacies of your camera and help you in any way they can to better improve the quality of your snaps. Camera supplies, minor repairs and major interest will be yours at the Midland Studios.

HAVE YOU EVER had a Dermetic facial? Dermetics are a new skin food and general skin pick-up aid that does wonders for you.

A dermetic facial at the American Beauty Shop, 407 W. Wall, will leave you not only refreshed, but your skin "well-fed and happy"!

There's not anything that makes a woman feel more fully groomed and out-of-the-bandbox than a Dermetic facial given by The American Beauty Shop's expert operators!

Note the new florist shop in that building—

PONCHO DICKEYS are becoming more and more popular everywhere. They're the new type dickey that serves as a blouse as well. You've seen them . . . the back has two strings that tie in front, then the front part pulls around and ties in the back. The cap sleeves drop gracefully over your shiulders creating a full blose effect . . . no exposure under the arms either!

Th Mary Ann Shoppe, Loraine street, has these lovely creations in flowered silk jerseys. Tie or jewel-neck necklines and even some in midriff styles! Cool, complete—cunning. . . .

GALS, IT'S SPRING housecleaning time! Don't dread it—get hep to it—with Firestone's effective housecleaning aids!

Now you take their Fabric Dry Cleaner—it quickly removes grease, oil, tar, chewing gum and paint without injury to color or fabric . . . or take Firestone's fine Foam Cleaner—foam it up with a sponge and rub over your rugs and upholstery—results are marvelous!

Polishes galore—cream and cedar—floor waxes of all kinds—Oh there's a whole counter of easy housecleaning aids to choose from at Firestone's! Brooms and self-wringing mops.

FOR YOUR MAN'S OFFICE or for your formal living room—the heavy Bruce Fox ash trays and cigarette boxes found at Vostako's are excellent!

The ash trays are cast in solid aluminum with a raised plaque of a dog's head in the center of the square bowl. The smart cigarette boxes have walnut covers with the dog's head adorning them.

To complete the picture, how about a real Spode hunting scene plate? They're beautifully done . . . excellent copies of original J. F. Herring drawings.

You can't miss on these as gifts to the particular man!

BANG! BANG! BANG! "Oh why does that child have to make so much noise pretending he's playing the drums? Well, I'll just do something about it—I'll get him a GOOD set and make him take lessons—we'll see about that noise!"

Actually, I knew this to happen. That boy is 17 today—well on his way to fame as an outstanding musician!

There's just a fascination they can't resist in a beautiful complete set of drums such as Wemple's have on display. Bass drum, snare, trap, tom-tom drums plus all the extras. . . . Who knows—maybe that noisy son of yours has talent!

DO YOU KEEP UP with modern times? One way is to keep versed with the new popular music. There's just one way you can learn that melody, that harmony and those works—buy the sheet music at Harris-Luckett's!

All the latest popular tunes —"Aren't You Glad You're You", "Personality", "One-zy-Two-zy", "I'm Glad I Waited for You", "Shoo-Fly Pie and Apple Pie Dowdy", and "As Long as I Live" are just a few of the selections.

Also, you who love old-time favorites, there's a book of Stephen Foster's songs plus lots of other oldies in Harris-Luckett's music department.

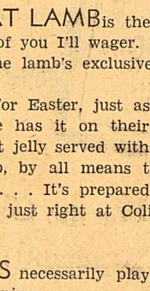
HERE'S NEWS to most of you—A brand new florist shop has opened in the American Beauty Ship building, 407 W. Wall! It's called "McDonald - Nelson Florists" after the new partners, Virginia E. Nelson and Neal McDonald.

Mr. McDonald had a florist shop in Cleburne, Texas, and Miss Nelson is fresh from a wonderful course in floral designing taught by the famous Lillian Simons — leading floral decorator of the Southwest!

What a combination for a better florist shop! Congrats, you two, and may the McDonald - Nelson Florists, flourish in this city!

REAL INDIAN FURNITURE . . . just appropriate for that rustic room of yours. It's fun to have a really different room-And it's fun to shop at the Gift Shop (W. Texas Office Supply Annex) for the furnishings.

This furniture is made near Mexico City and consists of setees, tables, chairs and stools made of latticed cedar with tanned leather upholstering. Some pieces sport hand decorated Indian designs—some are plain. Your guests will exclaim over your original taste and you'll always be proud to have them in your home.



CECIL KING and Fred Girdley are heading El Paso way to check up on fixtures purchased for their new "King's Drive-In" out in the 400 block of W. Wall.

Have you noticed this beautiful Californian style building yet? I'll bet you have. Isn't it something? And that gravel drive will all be packed down into a solid pavement for you to drive in and satisfy that hunger and thurst you acquire every few hours!

Midland is growing fast, and King's are in step with their beautiful new place. Opening soon. . . .

EASTER GREETINGS

May this beautiful
time of Easter,
With its glories
that never cease,
Bring you its
wonderful message
Of Hope and Joy
and Peace.
—The Everybody's Store

I'M GONNA KEEP COOL this summer—how about you? Impossible you say, with the shortage of fans? Haven't you heard about the new Mathes Portable Room Cooler that White's are featuring?

It really is something . . . a large fan encased in a metal cage — good looking, much lighter than a fan, will cool a whole room easily and you can carry it all over the house!

It's about the size of your gas heater, smartly styled and s-a-f-e for baby and family! Only a small stock, so hurry!

UP TO NOW bathroom fixtures have never been considered "pretty", but these new plastic beauties are so originally designed, they dress up your bathroom like a new set of teeth dressed up Grandpa!

Honestly, Midland Hardware and Furniture Co. have some plastic models that'll look grand in your bathroom . . . inexpensive too! For instance, a corner shelf fixture with 3 mirrored shelves and a mirrored background and the rest, plastic.

Also the M. H. & F. Co. is featuring 3 types of towel racks, a robe hook, soap dishes and all other bathroom fixtures in plastic. See 'em . . . they're beautiful.

DELICATESSEN FOODS necessarily play an important part in summer meal-time planning.

From the Morris System's delicatessen counter a complete luncheon menu may be selected. Mr. Gibson suggests a variety of delicious luncheon meats and that so-very-good ham salad for sandwiches . . . creamy cottage cheese and large green olives as extras . . . then, a surprise dish such as an out-of-season strawberry, cherry or mincemeat pie for dessert.

Very little work for you, and an appetizing luncheon for your family.

FOOD NUTRITION is being taught more and more these last few years, and since it's you gals who are feeding the nation, you no doubt are up to date in the needed vitamins n stuff that whole wheat bread supplies!

So I'm not going to go into that—rather I'm going to speak of the whole wheat bread Blackwell's produce. It's good bread . . . bread with every true ingredient that Grandmother's recipe called for plus new added vitamins. The quality is there, and the good taste is there . . . and it's best for your children's health. . . . Buy it today!

SPRING AND SUMMER EYELETS are in at Wilson's . . . in pastels, black and brown with contrasting belts. They're the coolest dress you can wear with their short sleeves and many pretty "air-holes". Grand for simple wear. . . .

Do you like white? How about a sporty 2-piece shantung dress with bright gold buttons down the front of the jacket, and a moderate price tagged on it? It's tailored really smart with its jacket blouse top and kick pleat skirt. "Barbara" wants one for work! Shop often at Wilson's for your everyday needs.

BABY BOY what do you know! Something new in tiny lads apparel . . . a tailored short dress of broadcloth, double breasted, short sleeved, and so "masculinely" trimmed with blue ducks!

Mothers just love to tailored dresses! Well browse around the Kiddies Toggery; for they have a large play pen inside and a playground outside to accommodate their wee ones!

Have you seen the newest thing in nursery lights? Big Walt Disney lamps in blue and pink! The children will exclaim over sweet Jumbo, Porky Pig and Mary's Lamb Lamps.

. . . Glad to see you back, Josephine.

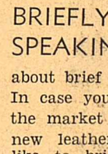
"TAXI, LADY?" Check up first to see if its a Checker for a dependable safe ride. It's good to know that the Checker Cab Co. has full coverage insurance on you, the Cab, and its driver in case of accident—you feel safer that way, even though you know your driver will be on-the-guard against accident.

Checker Cab offers a special pick-up-for-Church Service that will interest you too. Ask about it. . . .

DID YOU KNOW THAT LAMB is the cleanest meat there is? That surprises a lot of you I'll wager. It's deliciously different flavor is caused by the lamb's exclusive diet of roots, barks and herbs.

Lamb is the meat chosen for Easter, just as Turkey is for Thanksgiving—and Colin's Cafe has it on their Easter menu. . . . Decorative parsley and mint jelly served with your order.

If you haven't eaten Lamb, by all means try it for your Easter meal while dining out. . . . It's prepared in many different ways, and always cooked just right at Colin's!



YOUR CHILD'S SIDE Of the Picture—"A college education is worth $130,000 to your child," says Dean Everett W. Lord of Boston University.

We all want to give our children a good education, yet the average family must plan or they cannot do this.

McKee's Insurance can assist you there with an educational plan that will build toward their future. You'll find too, little Jimmy and Ginny will take more interest in their schooling if they know definite plans are in action for a college education.

EVERY WOMAN should have some sport she is interested in. This is true not only because she needs the physical exercise, but because women are so constituted to need an extra curricular to make their lives well-rounded and happy. . . .

That is why your reporter suggests bowling. Bowling is one of America's cleanest and most wholesome sport, and you'll find it "more fun than a picnic"!

Facilities are available for you at The Plamor Bowling Alley. Attend between 12-4 P. M. to avoid the rush.

BRIEFLY SPEAKING about brief cases! In case you're in the market for a new leather brief case, I'd like to briefly speak about the "wheres" and "whys" of this valued item.

In case you want to know where there's a beautiful selection—it's at Ray Gwyn's on W. Wall. Briefly (oh, I'm going to stop this!) they are of the underarm, the ring binder (some detachable), and the satchel styles. . . . Some are pigskin, some calf—but all are in excellent taste and finest quality. . . . The zippers are good too.

EASTER GREETINGS From BARBARA

DOUBLE-YOUR-MONEY BACK . . . if you don't like Casite! "Casite" is that sludge remover that gives your car better and smother performance when used!

Pope's Texaco Station, W. Wall, has this Casite on hand to either sell you in bottles or add directly into your auto's crankcase and air in-take.

The guarantee is absolutely air-tight . . . so if your car is not giving smooth performance, check with Pope's—perhaps it just needs Casite as a "pepper-upper"!

FOR YOU "LONG-WINDED" (I'm guilty too) letter writers, there is a special stationery at The Book Stall, in the Nat. Bk. Bldg. that is just what you need. Just arrived . . . Dresden pound stationery in Winter White and Blithe Blue.

It is quite annoying to end up with a stationery box full of enveolpes, and your stationery all gone! Buying pound stationery eliminates this problem for either may be purchased separately in any desired quantity.

This lightweight Dresden paper is a new item in The Book Stall's stationery department and has envelopes packaged separately of matching colors with a contrasting pattern print inside.

Large Delegation Of JayCees Will Attend Convention

A delegation of approximately 20 Midland JayCees will attend a state convention opening in San Angelo Thursday.

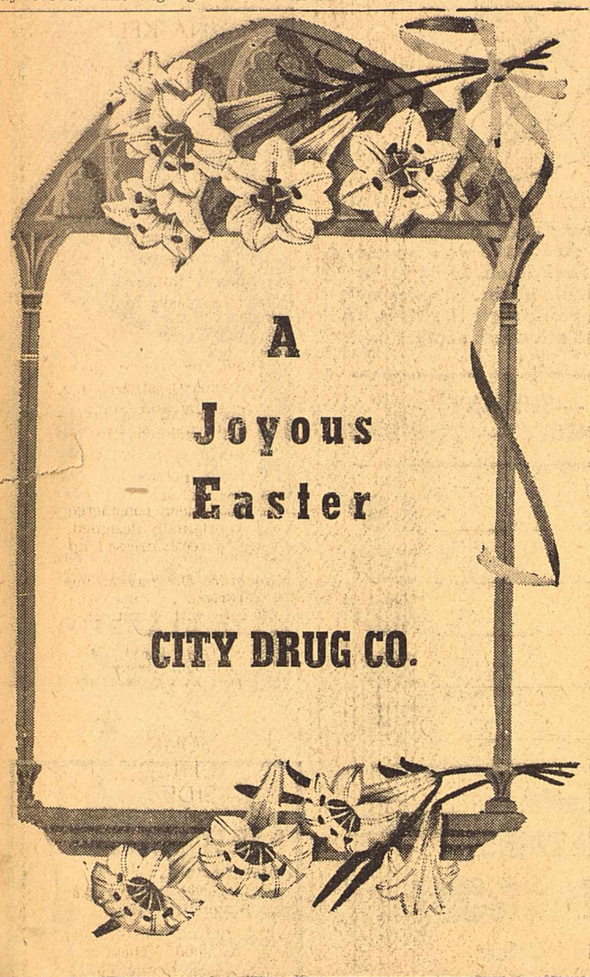
The Midland club will make two entries for state and national public service awards. They are the Christmas activities and public health programs.

The candidacies of Ted Thompson for state vice-president and Newnie Ellis for state director will be supported by Midland.

Wives of several of the JayCees will attend.

More than 1,100 persons are expected in San Angelo for the three-day event. The highlight will be the appearance of Governor Stassen of Minnesota, named as possible Republican candidate for President.

A golf match, several dances and a get-together party are included in events.



Car Shortage Slows Shipments As Record Cattle Move Starts

A heavy movement of cattle throughout West Texas was started last week, and the shipments are expected to reach record totals this week. Dry range conditions in some parts of the Southwest are believed to be causing some of the early movements.

Lack of cars is retarding the movements in this section, it was reported Saturday.

More than 300 cars already have moved from the Trans-Pecos country as cattlemen start meeting contracted delivery dates, and it is anticipated approximately 25,000 head will be shipped before May 15. Toyah is principal loading point for the area, but shipments also are being made from Pecos, Toyahvale, Van Horn and Balmorhea.

Shortage of Cars

Permian Basin cattlemen started shipping this weekend and the movement of the cattle to the cornbelt is expected to grow in volume in the next few days, continuing through the middle of May. The Texas and Pacific Railroad office here reported it has more than 200 orders for cars on file, but has been able to supply only a few because of a car shortage. D. Davis, Midland T&P agent, said the car situation is expected to be eased in the next few days.

Meanwhile, some cattlemen of this area are attempting to obtain cars on the Sante Fe lines, and others already have begun loading at Rankin. Some are moving the cattle to points as far away as Lamesa and Lubbock for loading.

Range conditions were generally good throughout the winter, cattlemen report, and the cattle wintered strong. Tanks in some areas now are reported beginning to dry up and grass which has been greening is starting to show the effects of lack of rain. This condition is said to be causing some of the early movement, but most of the shippers are filling commitments at this time. Good range and weather conditions in the cornbelt also accounts for some of the early shipments, since feeders have been contracting for some time.

Cattle going north and west will graze through the summer and wind up in feed lots in the fall.

A number of Midland County cattlemen have been busy the past few days readying their shipments and attempting to obtain cars.

Rayburn T. Koen Receives Release From U. S. Army

Rayburn T. Koen has joined his wife, the former Sue Davis, in Midland after receiving his release from the armed forces. He is the son of Mr. and Mrs. W. J. Koen of this city.

Rayburn T. Koen served 10 months overseas with the 7th Army in the 14th Armored Division. He was in the service two years and was stationed at Camp Bowie in Brownwood before receiving his discharge.

Julius Caesar conceived the idea of one-way streets as traffic aids.

$190,000 Project For Post Office Here Is Approved

A $190,000 allotment for extension and remodelling of the Midland post office building has been given the backing of the Post Office Department and is expected to be approved when public building legislation is enacted by Congress, Congressman R. E. Thomason has notified Acting Postmaster Noel G. Oates.

Thomason said that Walter Myers, fourth assistant postmaster general, reported that surveys had been made of conditions at Midland and that the Post Office Department and the Federal Works Agency consider the extension and remodelling necessary. The department has listed the project for consideration when public building legislation is enacted.

Details of the building program have not been received here, but Thomason said the Federal Works Agency had recommended an allotment of $190,000 for an extension to the building, purchase of additional land, and remodelling of the present structure.

The congressman informed Oates he hoped the Midland project would receive early attention, since needs are pressing.

The buildings of the University of Virginia were laid out according to a plan drawn by Thomas Jefferson.

County Gets Large Sum From Tags

Midland County's road and bridge fund is more than $60,000 richer as the result of automobile and commercial license plates sales in 1946. That sum will be increased as additional sales are made throughout the year.

J. H. Fine, county tax assessor-collector, announced Saturday the county's share of license sales receipts and reported that 184 additional tags had been sold since April 1. Sales for February and March totaled 4,374, netting the county $60,640.90, while the state received $10,640.90, Fine said.

Total amount received by the county from tag sales during all of 1945 was $61,767.89. Only 5,507 plates were sold throughout the year.

The fact that 5,507 plates brought only $61,767.89 last year as compared with $60,640.90 for 4,374 plates during February and March of 1946 is accountable in that plates are sold at a reduction after April, Fine said.

The county receives the first $50,000 collected from license plates sales, and after that figure is passed it divides the receipts equally with the state.

About 184 license plates have been sold since the deadline of April 1, making a total of 4,538 issued this year. Of those sold this month, 164 were passenger car tags and 20 were commercial licenses.

An increase in 1946 mid-year sales of plates over the sales during 1945 is anticipated, since new cars are expected to become available this summer.

VISIT IN MIDLAND

Mrs. Jim Tom, Mrs. Son Powell and Mrs. Owen Ingham of Stanton were guests in Midland Saturday afternoon of Mrs. J. Alfred Tom. Bridge was enjoyed by the guests.

"WHY WE DO WHAT WE DO ABOUT SCARCE GOODS"

Like all other well-established, reputable stores, Midland Hardware & Furniture Company is receiving its share of scarce merchandise in hardware, furniture, giftware, sporting goods and appliances — but never enough!

So we don't advertise an article in The Reporter-Telegram unless we do think we have enough—and, at that, we sometimes underestimate the demand for the merchandise.

Hundreds of people come to Midland Hardware & Furniture Company every average day.

The simple fact that they take the trouble to come in shows they count on Midland Hardware & Furniture Company to get them what they need.

We accept this fact as our first responsibility to you.

Although quantities are limited, our assortment of new and newly-returning merchandise is fairly large. During the past few months we have received and distributed fairly substantial amounts of goods for which we know there is a large demand.

From day to day, as the shipments arrive, the merchandise consists of various items. There is hardly ever enough of any particular item for us to be sure of being able to supply the needs of all our customers at the same time.

Almost as rapidly as the shipments come, they move right on out of the store into possession of our customers.

It is literally a case of "here today and gone tomorrow."

While this "here today and gone tomorrow" situation lasts, we recommend that you shop our store for what you want. Because, someday, almost any day, you're going to find it.

Midland's Amateur Radio Enthusiasts Back On Air After Years Of Silence

Midland amateur radio operators are once again in their glory now that the Federal Communications Commission has relaxed some of its restrictions on shortwave operations Once more Midland stations W5AMU and W5HPR are back on the air, carrying on communications with other radio enthusiasts throughout the world.

R. L. (Bob) Miller, district manager of the Texas Electric Service Company, operates W5AMU, "A Midland Utility," on the ten meter shortwave band. His radio "shack" is on the second floor of his home at 911 West Michigan. He has a home-made transmitter with a possible output of 500 watts, although he now is operating with only about 200 watts, using voice communication.

Jack Cecil of Station KCRS operates W5HPR at 1010 West Wall, where he has a garage-apartment. He transmits on the 80 meter band which recently was released to amateurs, and uses both phone and code with an output of 600 watts.

Miller has been a "ham," as the amateurs term themselves, since 1921. Cecil began his radio hobby in 1937.

Cecil was in Lubbock Saturday to attend a "ham-fest" of West Texas amateur members of the American Radio Relay League, a nation-wide ham organization. "Hams" from throughout Texas were expected to attend and to participate in radio contests, technical discussions, and other program features associated with amateur radio operation.

Both men have reported increasing activities on the shortwaves, as more and more amateurs return from the services or get "rigs" back into operation after several years of enforced silence during the war. Amateurs were forbidden to use transmitters shortly after the outbreak of the war. The Midland men are talking regularly with other amateurs throughout the country, in Canada, Mexico, and such places as Guatemala, the Hawaiian Islands, and Australia.

There are about 60,000 licensed "hams" in the United States, but at the present time only two of the six more popular bands have been reopened to them.

• WINK NEWS NOTES •

The Junior Class of Wink High School presented its annual class play, "Don't Keep Him Waiting," at the high school auditorium Friday night. A large crowd attended.

* * *

Work has been started on improvements to the highway to Monahans. The road from Wink to the "Y" connection with the Monahans-Kermit highway is to be repaired and widened. The stretch to be repaired is 6 1/2 miles long.

* * *

Miss Helen Priebe left last week to accept the position of dietitian at the Methodist Hospital in Fort Worth.

William Joe Priebe is at home after receiving his discharge from the Coast Guard.

Evening Cantata

"From Darkness To Light"
by E. J. Lorenz and P. I. Tschaikowsky.
A wonderful Cantata of Easter Music.

Honor our Lord and strengthen your own spirit by attending church services this Easter. The doors of your church are open in welcoming embrace to you this peaceful, glorious Holy Day in sacred celebration of His resurrection.

FREE BUS TRANSPORTATION

— EVERY SUNDAY MORNING —

Both buses will leave from rear of auditorium immediately after morning services to return over the same route.

ROUTE NO. 1— City bus leaves court house at 9:30 a. m. and covers regular "West" route, arriving at First Baptist Church at 9:40 a.m. for Sunday School. Simply tell driver "First Baptist Church."

ROUTE NO. 2— City bus leaves City Trailer Camp 9:20 a. m. every Sunday —to Permian Village—East on West Texas to North C and thence over regular "North" route to First Baptist Church.

THE FIRST BAPTIST CHURCH

EASTER GIFTS FOR LATE SHOPPERS

STILL AVAILABLE AT CAMERON'S!

We are happy to be able to answer "Yes, ma'am—we have them now." to requests for an ever increasing number of articles that were unobtainable during the war. Some of the recent "returnees" are listed here and we welcome them back to our large variety of drug store merchandise by featuring them at the lowest possible prices. Supplies still aren't as plentiful as we would like them to be, but they're improving all the time. If we happen to be "out" of something you want, won't you please ask again another day?

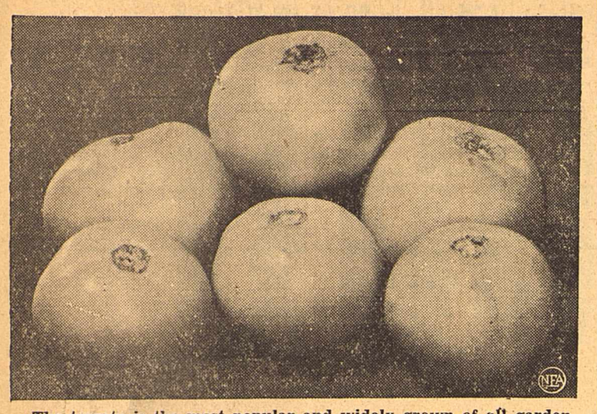
FIRST WITH THE NEWS — MIDLAND, TEXAS, SUNDAY, APRIL 21, 1946 — SECTION THREE

TOMATO PLANTS NEED CARE FROM START —



The tomato is the most popular and widely grown of all garden vegetables because its culture is rather simple. Judge your product by these prize-winning specimens.

Persons now planting tomatoes will find that by watering the plants two or three times during the first week they will grow off more rapidly, County Agent Vernon Young says. By mixing two tablespoonfuls of commercial fertilizer in a gallon of water and applying one pint of this mixture to the soil around each plant, early and vigorous growth will be promoted, he says.

After plants have been set out and growth is well started, they should be staked with sticks about four feet long driven firmly into the ground. The plants later should be tied to the stakes to support the rapid upright growth.

In tying the tomato plants to the stakes, cloth strips or other soft material should be used to avoid cutting into the tender bodies of the plants. To keep up the rapid growth of the plants, they should be tied in at least three points to give proper support.

Farmers Urged To Follow 7-Step Plan

County Agent Vernon Young is urging all Midland County farmers to cooperate in the U. S. Department of Agriculture and State Extension Service joint drive to step up the production of cotton and to improve the quality of the product.

The country now is facing a cotton future beset with problems, since other countries are growing more cotton and foreign markets are uncertain, Young points out Rayon, paper, and other products are taking the places of cotton in many uses.

7-Step Plan

Agricultural authorities believe the cotton future depends largely upon how efficiently the nation's farmers produce cotton and on how good it is. The Agriculture Department has advanced a "seven-step" plan to aid farmers in their drive for more efficient production.

Increased production is needed locally to assure cattle raisers of a good supply of protein, since cottonseed meal is the main product used in this area, Young pointed out.

The seven steps, as outlined by the Extension Service and the Agriculture Department, are:

1. Fit cotton into balanced farming.
2. Take care of the soil.
3. Get together on the best variety.
4. Make labor count.
5. Control insects and diseases.
6. Pick and gin for high grade.
7. Sell for grade, staple, and variety value.

Cotton should be planted only on land best suited to cotton, considering the land needed for other crops. Planning should include a combination of other crops, pasture, feed crops, and livestock that will make fullest use all the year of soil, labor, stock, and equipment. Cotton acreage should be planned in line with market demands, Young said. One-crop cotton farming robs the soil and does not provide uniform work throughout the year.

Soil Needs Care

How well the soil yields will depend upon how well it is treated, and careful building up should be sought. Every acre should be put to its best practicable use, and each should be treated according to its needs. Use of crop rotation, cover crops, grassed waterways, contour farming and terraces, and fertilizer and lime where needed are highly recommended.

Farmers should get together to determine what variety is best, then say with it. Mills require uniform lots, and a uniform cotton will attract more buyers and get premium prices. The one-variety cotton community makes it easier to keep seed pure at gins and to get free government classing.

A study of jobs should be made to lower costs, and new methods and improved machinery should be adopted to insure more profits. Cotton insects and diseases are profit-clippers and destroy on an average one bale for every seven the farmer gets. This toll can be reduced by examining plants and using the right poison when needed. Planting seed should be treated, and good varieties should be used.

Too much cotton is low grade, Young says. Cotton should be picked as dry as possible and trash should be kept out of it. Low-grade and high-grade seed should not be mixed. Cotton should be sold for grade and staple, and every effort should be made to produce longer-staple, stronger-fibre, better-spinning varieties.

Proper Types Of Fertilizers For Gardens Listed

Since many gardeners are faced with the problem of choosing the right type of fertilizer for vegetables, the county agent's office has prepared a list of the types used for vegetables in this area, and the proper method of application.

Commercial fertilizers available from most seed stores are 4-12-4, 5-10-3, and 6-8-4. For leafy vegetables such as lettuce, mustard kale, and spinach, the use of 6-8-4 is advised, because the higher percentage of nitrogen will stimulate rapid growth of the foliage. For root crops such as beets, carrots, radishes, and turnips a 4-12-4 mixture is best. For tomatoes and peppers, as well as egg plant, the 5-10-5 mixture is recommended. If only one fertilizer is to be used for all vegetables, 5-10-5 would be the first choice, 6-8-4 second and 4-12-4 third.

In applying fertilizer the proper rate is five pounds per 100 feet of row space. The fertilizer should thoroughly mix with the soil before the seeds are planted. Where vegetables already have been planted, fertilizer may be used as a side dressing. In side dressing take the corner of the hoe and open the furrow three to four inches deep on either side of the young growing vegetable. Sprinkle the fertilizer in the furrow, then mix it with the soil, refill the furrow. To make cucumbers "grow like magic," a side dressing of 5-10-5 will do the job.

After the plants have begun to grow and have reached the height of 12 to 18 inches a second furrow towards the ends of the runners with an application of three to four pounds of additional fertilizer will keep them coming.

Repentant Sinner Sends $25 Check

The Texas Electric Service Company has received a cashier's check for $25 from "a repentant sinner."

In a note accompanying the check, the writer explained:

"In the early thirties I cheated you out of some money by putting a cheater in your meter. I have not felt at ease since. Have therefore enclosed check for $25 to make restitution for same. Please forgive me.

"Respectfully,

"A Repentant Sinner."

TESCO officials have no idea as, to the identity of the person who sent the payment to its office.

Ward County 4-H Clubs Enroll 63 Members For Year

MONAHANS — Sixty-three boys have enrolled in the Ward County 4-H Club this year, County Agent John Mogford has announced. The Barstow 4-H Club leads with 21 members, Monahans has 18, Pyote 10, Grandfalls 10, and Wickett three. Enrollment is continuing with plans for 100 boys to be enrolled and at work by June 1.

The district 4-H Club encampment for boys will be held at the Balmorhea State Park June 24, 25 and 26, Mogford said. The cost to each boy for his meals will be about $2.50. Each county in the district is limited to 25 boys, who must be carrying on their projects for this year or have completed projects last year to be eligible to attend. Each boy must take his own bed roll, plate, knife, fork, spoon, and bathing suit. Rifle shooting contests, a range grasses identification contest, picture shows, swimming and games will be included in the program. Written permission from the boys' parents to attend will be required. Transportation by school bus will be worked out and a small charge made.

Farmers in Ward County have begun watering their land. Most of the alfalfa has been watered and some cotton is being planted this week.

JayCees See Film, Norden Bombsight

Midland JayCees saw a combat film, "Fight In The Sky," and looked at and into the famous Norden bombsight at its luncheon meeting Friday at the Scharbauer Hotel.

Captain Kennedy, Lieutenant Myers, and M/Sgt. McNeil presented the program. The chairman was Henry Littlejohn.

Newnie Ellis, Jr., was chosen as Midland's candidate for state director and Ted Thompson for state vice president.

They will be backed by the Midland Junior Chamber of Commerce at the state convention in San Angelo this week.

A membership contest for JayCees is opening and will continue one month. Losers entertain winners at a barbecue at its close.

Cover Crops Help Control Erosion Caused By Winds

Farmers cooperating with the Martin-Howard Soil Conservation District have found cover crops beneficial in helping to control wind erosion this year, Herd Midkiff, district supervisor, says. These cooperators last fall planted more than 1,500 acres of small grain including barley, oats, wheat, and rye as part of their complete program for soil and water conservation. In spite of a late fall season the crops were successful in controlling blowing and furnished winter grazing for livestock.

Among those who were successful in establishing cover crops were Terry Elkin, B. C. Bryson, W. J. Smith, S. O. Golladay, A. B. Hembree, M. G. McConal, Jim Baker, Curtis Price, Doyle Rayburn, W. B. Franklin, and J. C. Brooks.

Terry Elkin reported last week that cover crops were the most effective means he had found in controlling wind erosion. It is believed that one cover crop is equal to about three crops of plant residue in the control of wind erosion.

Golladay Pleased

S. O. Golladay, who has planted cover crops for the last three years, also has found cover crops to be very beneficial. Before Golladay planted cover crops his fence rows were blown up with sand accumulations from his fields but since he has planted cover crops he has found very little indication of blowing.

Cooperators with the district have fertilized their cropland with barnyard manure in connection with their soil improvement program.

D. W. McDonald has fertilized 20 acres, Gerhard Synatschk five acres, and G. S. Jones about three acres.

Texas Farmers Losing Millions In Bur Waste

Between 10 and 15 million dollars worth of cotton burs which could be processed into commercial products are being thrown away or burned each year in Texas, according to C. G. Rook, associate director of the chemical and textile phases of the Cotton Research Committee of Texas.

Commercial material economically procurable from cotton burs, research has shown, are a boiler water treating compound which acts as a scale inhiboter in hard water; furfural, an important chemical compound; a building board substance; plastic filler; and fertilizer.

Furfural, one of the most important products obtainable from the cotton bur, has many various uses, including use in the synthesis of plastics, in fixing motor oils, in making aniline dyes, as a fungacide, and in the synthetic rubber industry in the recovery of butadiene. One Texas rubber plant alone uses approximately $2,500 worth of furfural daily.

Sorghum Seed Should Be Treated For Smut

Farmers interested in having their sorghum seed treated for smut are asked to contact the county agent's office in the courthouse.

Planting of sorghum in Midland County will be started soon.

County Agent Vernon Young has the county's seed-treating equipment available for use at any time.

Seed will be treated for a small charge to cover the cost of chemicals used. Better yields and better products are obtained through the use of treated seed.

Young To Visit With Prairie Lee 4-H Boys

County Agent Vernon Young plans to visit the Prairie Lee School this week to meet with boys interested in 4-H Club work. Projects will be discussed and planning for the year's work will be started.

TWO MEN DISCHARGED

T/Sgt. Billy L. Odom and Sgt. Elijah Sanders of Midland have been honorably discharged from the Army at Fort Bliss, the separation center has announced.

Crop And Grass Conditions Good

Cotton planted in recent weeks is peeking through the ground now, County Agent Vernon Young reported Saturday. Most of the county's cotton crop is planted.

Grass conditions throughout the county are fair. Recent rains have caused the grass to grow and green, but additional rain in the next few days would help considerably. The grass is spotted throughout this area, but most sections have good growths.

Most of the sudan crop has been planted, but some persons still are planting.

Youths Must Register Upon Reaching Eighteen

Youths approaching age 18 were reminded Saturday by Mrs. M. B. Arick, clerk, that they must register on their eighteenth birthdays with the Selective Service office on the third floor of the courthouse. If their birthdays fall on Sundays or holidays, they must register the following day.

Many boys are failing to register on proper days and are waiting for some time after their birthdays, she said.

BOOKS

PANAMA PASSAGE — $3.00
by DONALD BARR CHIDSEY

The building of the Panama Canal is the setting for this novel of love and intrigue. The emotional situation involving a young couple in the Panama of 1907 is portrayed against an exciting cavalcade of vast enterprise directed by the vision of those pioneers who built the Panama Canal. Out of this situation grows the action and suspense of the story. Always in the background, and lending scope and importance to the novel, is the panorama of the great canal venture and the reclaiming of the mosquito-cursed pestland.

MARK TWAIN, BUSINESS MAN — $4.00
edited by SAMUEL CHARLES WEBSTER

These business and family letters make up a unique human document which may well be the last large collection of unpublished Mark Twain material. They have meen edited by Samuel Webster, a great-nephew of Samuel Clemens and the son of Charles Webster, his close friend and business partner. Mr. Webster is a humorist in his own right in that great tradition which Mark Twain made famous. His mother, who has contributed to this book, is the last living contemporary who saw Clemens as a river boat pilot, who was present at his wedding, and who knew him intimately through the years.

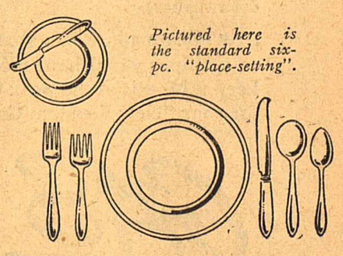
Select Your Sterling Pattern NOW

Despite wartime restrictions it is possible to acquire a "starting set" of beautiful, enduring Reed & Barton sterling (solid) silver in these authentic patterns.

THE PLACE-SETTING PLAN

Smart brides and home-makers are building their services today—despite current production curtailments—on the common-sense "place-setting" plan. The standard 6-piece place-setting includes a knife, fork, teaspoon, cream soup spoon, salad fork and butter spreader. The prices given are per place-setting, and include the 20% Federal tax.



Pictured here is the standard six-pc. "place-setting".

Sterling by century-old Reed & Barton is just as beautiful, just as heavy, just as well made and magnificently finished, as it has always been.

Stanton Sorority To Present Play

STANTON — "Pep Parade," a three-act musical, will be presented by an all-hometown cast in the Stanton High School Auditorium at 8:09 p. m. Friday, April 26, under the sponsorship of the Stanton chapter of Beta Sigma Phi. Proceeds of the entertainment will be used by the sorority to provide a room in the new Stanton Memorial Hospital.

The play will be presented at Courtney High School at 8:09 p. m. Saturday, April 27. Miss Phyllis Ness of Kansas City is directing the production.

A swing girls chorus composed of Beta Sigma Phi members, and two choruses of high school girls will take part in the production.

Members of the cast of "Pep Parade" are Ed Weaver, Red White, Mrs. Flora Dee Wilson, Mrs. Charlotte Epley, Miss Vera Blackburn, Mrs. Mamie Rotan, Bob Deavenport, Mrs. Jeanne Norwood, Mrs. Billye Thomason and Mrs. Gendo Turner.

Train-Car Collision

DALLAS—(AP)—An inbound Rock Island passenger train collided with an automobile at a grade crossing Thursday, killing Henry Viaille, 68, instantly.

Viaille's car was dragged 500 yards down the railroad tracks, before the train could be brought to a stop. The accident was investigated by Deputy Sheriffs C. E. McLaughlin and R. J. Jett, who listed the victim's address as Route 2.

McMULLAN LOST FOOT AS GERMAN MINE EXPLODED —

Vet Finds Driving Easy With Lever System

Ford Company To Install Lever Devices Free

Driving his car was just a matter of course for Pat McMullan before the war—before the Battle of France, to be more exact.

As the Allied army broke through the German lines and raced across Eastern France in early 1945, McMullan, who served in the 44th Infantry, stepped on a German booby trap—"a shoe mine," he called it. In the explosion, McMullan lost a foot. He was sent to an Army hospital in England and later to McCloskey General Hospital at Temple where doctors found it necessary to amputate his left leg above the knee. He was fitted with a leg and before long was able to walk quite well.

But when he got his discharge and returned to Midland, he found that driving his car was not so easy. It was hard to work the clutch with his new leg.

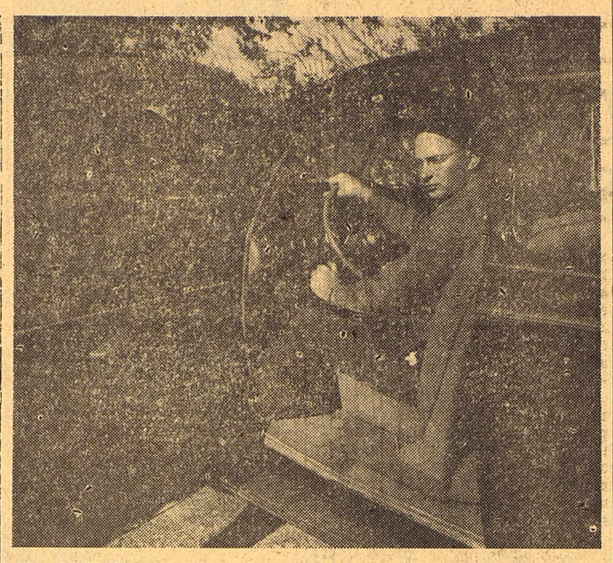
So McMullan rigged up some wires and levers and pulleys. Now he can operate his Ford by using his self-made hand-operated clutch contraption.

"It works pretty well," he said.

Tries Free Attachment

But last week McMullan got his first chance to try out a new kit the Ford Motor Company offers free to all veterans losing a leg or both legs, or an arm or both arms. B. H. Smith of the company was in Midland in his travels of advertising the free attachment to aid veterans who helped pay the cost of victory by losing arms or legs.

"The company feels that the least it can do is to see that returned disabled veterans can get to drive their cars without the expense to themselves," Smith said. "Unfortunately the attachments do not fit cars prior to the 1940 models—the first to use the side-arm gear shift control. But any disabled veteran with a Ford of 1940 or later model can obtain attachments by simply going to the nearest Ford dealer who will order the type of special equipment needed. It will be put on the veteran's car free, and neither the equipment nor the labor will cost the veteran a cent," Smith explained.



Pat McMullan, who lost his left foot when he stepped on a German booby trap in France Feb. 15, 1945, while fighting with the 44th Infantry, is shown trying out a new hand-operated clutch-accelerator-brake attachment furnished free to disabled veterans by the Ford Motor Company. When McMullan pulls down on the prong held in his left hand, the clutch and accelerator works. Pushing up applies the brakes. McMullan is shown in a Ford demonstrator which he drove about the city. The motor company will furnish the necessary attachments and install them free for any veteran with a Ford of 1940 model or later.

McMullan drove the demonstration car about Midland and said: "Boy, the attachments make driving easy for the disabled veteran, once you drive a while and get used to them. Veterans will be better able to get about with such attachments."

Suited to Needs

McMullan's car is a 1936 model and the free attachments will not fit it. He can handle his own rigged-up device quite well, "but it's good to know that veterans in general will be able to get special driving aids at no cost to themselves," McMullan said.

For a person needing to use a hand-operated clutch, as does McMullan, the device is attached to the steering rod on the left, opposite the regular hand-operated gear shift. In fact, the appearance is similar to the two-pronged device of the old Model T.

For vets who have lost both legs, the left prong, when pulled down, serves as both clutch and accelerator, and when pushed up serves as the brake. Motion of the levers operate valves which control vacuum power cylinders which apply the clutch and brakes. These vacuum cylinders are stored in the rear trunk compartment. A light dimmer-switch is on the dash board.

Other attachments are offered veterans with one or two arms lost.

McMullan is the son of Mr. and Mrs. J. P. H. McMullan, 700 N. Main Street.

Plunk Advised Of New Taylorcraft Expansion

R. A. Plunk, operator of the Midland Commercial Airport and Taylorcraft dealer here, has received announcement of a $1,000,000 expansion program by The Taylorcraft Aviation Corporation, Alliance, Chio, that will more than triple the company's production of 15 light planes per day.

"This expansion means," Plunk said, "more Taylorcrafts and faster delivery to airmen who have waited patiently through the war years for Taylorcraft airplanes."

THIEF JIMMIES WINDOWS ALL BUT UNLOCKED ONE

WESTBROOK, ME.—(AP)—A thief who stole $20 from Lawrence Seavey's garage jimmied all but one of 13 windows before he got in. The one he by-passed wasn't locked.

House Investigates Largest Battery Of Lobbies In History

WASHINGTON —(AP)— Congress —or, rather, the House—is talking of investigating lobbies.

Rep. Smith, Illinois Democrat who has served 40 years in the House says the "evil" of lobbying is greater now than any time in memory.

He has offered a resolution proposing that an investigation be started. Other representatives are pushing for it.

A lobby can be anything from an individual to an organized group whose purposes to influence legislation.

Is this in itself bad? No.

You have a right to make known to your representatives or senator your views for or against something pending in Congress.

When you do that, you are a lobby.

Organized groups are lobbying when they send representatives up to Congress to testify before committees.

This in itself can be good and necessary.

There are two kinds of lobbies:

1. The kind which honestly and simply tries to make its interests known and in that way protect them.

2. The kind which, selfishly and unscrupulously, tries to pressure Congress for its own interests, even though it means deceiving the rest of the country or hurting the general welfare.

Sabath says he's aiming at the "powerful, well-organized and well-fimped lobbies operating in Washington now".

In the Washington telephone book, he says, are "14 solid columns under the heading 'Associations'. Not all, but most, of these listings are, in plain words, lobbyists. And that does not represent all of them".

But Rep. Gross sees it differently. Gross, a Pennsylvania Republican who's been in Congress since 1942, says:

"The worst and most persistent lobbying comes from the various bureaus within the government in their effort to perpetuate themselves."

He says, among other things:

1. Postmaster Hannegan, the Democratic committee chairman, recently sent telegrams to House Democrats "warning them x x x to vote right" on a certain piece of legislation.

2. When bureau and department heads testify before Congressional committees they're accompanied by batteries of "experts" whose "one objective is to expand".

"I've got a job!"

● A brand new telephone operator... that's me. Just started today.

Like it? Yes, indeed...especially one thing...everybody is so friendly. I felt at home right away. It's a nice clean place to work, too; pleasant surroundings, and the switchboard is really fascinating. I'm going to enjoy working for the telephone company.

And here's a tip, if you're looking for a job. More operators are needed right now. Experience isn't necessary because you learn as you go along.

The chief operator at the telephone office will be glad to tell you all about it. Why not see her?

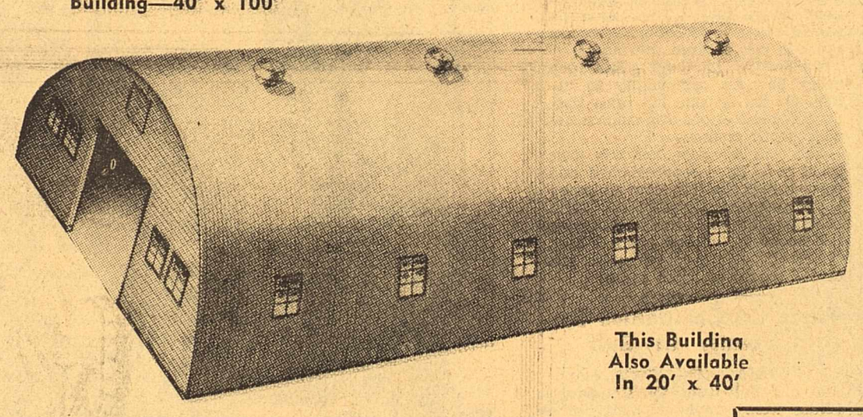
The Multiple Arch-Rib Building
102' x 100' — above

Here is **space** in a building that can be expanded to ANY WIDTH in multiples of 20'6" and ANY LENGTH in multiples of 20'0". Adapted from the standard 40'x100' building, it offers a quick answer to immediate warehouse, storage or manufacturing needs.

YOU NAIL TO STRAN-STEEL

Secret of the ease of erection, demountability and portability of Stran-Steel buildings is the light weight of the framing members, the fact that they can be assembled with sheet metal screws, and the "nailing grove", an exclusive patented feature found in all Stran-Steel curved ribs, purlins, studs and trimmers. Through the medium of this nailing grove, other building materials, including inside and outside covering, can be **nailed** directly to the Stran-Steel frame. The nail is deformed and clinched as it is driven between the steel jaws of the Strans-Steel member, utilizing to the utmost a holding power that cannot be duplicated with ordinary types of building construction.

The Single Arch-Rib Building—40' x 100'



This Building Also Available In 20' x 40'

The QUONSET 24

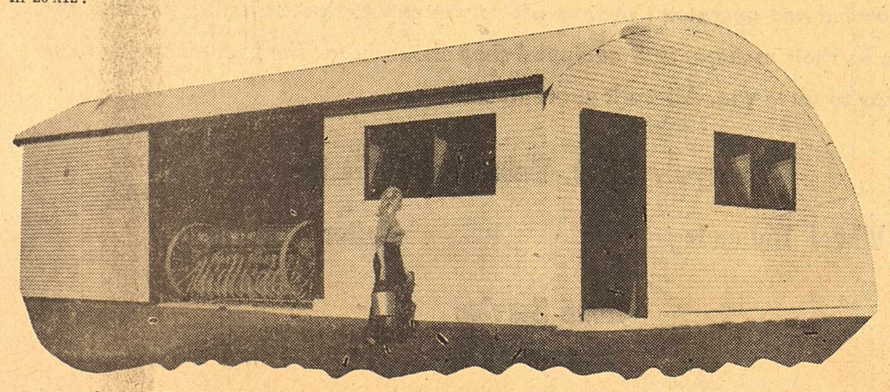
(Below)

A Many-Purpose Utility Building, Low In Cost, Easy To Erect, Easy To Maintain.

Here is a great new aid to farm and industry—a **low-cost,** all steel utility building that can serve a dozen different purposes.

The "Quonset 24" can be supplied with or without front sliding doors or solid front panels—in as many 12-foot extensions as desired. With front sliding doors it provides a safe structure for implements, automobiles, trucks, tools, machinery, or for storage of any kind. The end section, when enclosed, makes an ideal toolroom or workshop. With an open front it can be used as a loafing barn for animals, or a weather shelter for implements, tools and vehicles.

Width is 24 feet. Open-front structures are supplied in 12-foot lengths or in multiples of 12 feet (12, 24, 36, 48 feet, etc.); structures with sliding doors are supplied in 24-foot lengths, with as many 12-foot extensions as desired. Inside steel partitions are available to enclose any 12-foot section. Solid end walls are standard, but walk-doors and windows to meet special requirements are available at slight extra cost. Also available in 20'x12'.



Expected To Arrive On Or Before May 1st

SPECIFICATIONS

(CONDENSED)

40' SINGLE ARCH-RIB BUILDING

ARCH RIB FRAMEWORK of 40 ft. clear span consists of 6" deep Stran-Steel joists curved to an inside radius of 20' and spaced 4'0" o.c. throughout the length of the structure. These arch ribs are attached at their base to standard channel shape base plates which are secured to the foundation. Ribs are all alike, simplifying erection procedure. Purlins, to which roof covering is attached, are of 2-5/16" nailable Stran-Steel sections screwed to arch ribs.

END WALLS are framed with 3-5/8" Stran-Steel studs spaced at approximately 4' 0" o.c. Studs are securely connected to channel base plate at the bottom and to the end arch rib of the building at the top. The wind girt which extends for the full width of the building at a point slightly above the top of the door also serves to support the door track. Door headers and jambs consist of channel plates.

COVERING MATERIAL is corrugated sheets, bright galvanized, easily attached to the Stran-Steel framework without need of furring strips, simply by nailing into the framing members. Since inside faces of ribs and studs are also provided with the Stran-Steel nailing grove, interior lining or insulating board can be easily attached. Sheets used on the arch rib portion of the building are shop curved to conform to the building contour and are all alike, making application simple and speedy.

STEEL DOOR, approx. 12' 0" x 12' 0", of the double inside sliding type, complete with frame, track, and hardware, are available for installation in the middle of each end wall.

STEEL WINDOWS, approx. 3' 4⅞" x 4' 1", of the commercial projected type, top hung, complete with frame and flashing are available for installation in 4' 0" spaces between studs on end wall, or between ribs on side wall. Four windows, two on each side of the door, are standard for the end wall. Side wall windows can be ordered in quantity required.

LOUVERS, adjustable, approx. 3' 8" x 3' 9", complete with frame, pull bars, chain and flashing are available for installation in center 4' 0" stud space over door in end wall.

MULTIPLE ARCH-RIB BUILDING

ARCH RIB FRAMEWORK consists of 6" deep rib segments identical to those used to frame the 40' Single Arch Rib building. Ribs are spaced 4' 0" o.c. throughout the length of the building, and are positioned on supporting steel girders to provide flexibility in width of structure in increments of 20' 6". In outside bays lower ends of ribs seat into channel plates on the foundation.

SUPPORTING STEELWORK consists of required number of columns spaced transversely at 20' 6" centers and longitudinally at 20' 0" centers. Girders supporting ends of arch ribs extend full length of building.

NECESSARY GUTTERS are furnished as part of the building for draining water from the roof of the structure.

ENDWALL FRAMING, covering materials, doors, windows, louvers, and miscellaneous items are a duplicate of those in the single building. Doors can be installed in the end wall of any of the bays, and windows in any of the 4' 0" spaces between end wall studs or sidewall ribs.

Packing House Workers Urge OPA Extension

(NEA Telephoto)

A 30-man delegation from the CIO Packing House Workers Union arrive in Washington, D. C., to protest against job layoffs and to urge extension of price controls. A spokesman for the group which arrived, charged that "packers are not buying livestock in order to create an artificial meat scarcity and knock off OPA".

America's Booby Trap Ship Plowed Pacific But Enemy Subs Never Bit

SAN FRANCISCO —(NEA)—The Anacapa, the "Q" boat that never got her cue, can tell her story now.

Many a sailor can remember the strange sight of this dowdy old ship riding her hook in the midst of smart men-of-war and transports in the lagoons of the Marshalls and Gilberts in 1944. Many a GI, shore-based in those atolls, can remember her four-masted, high-stacked top hamper coming up over the horizon as the Anacapa waddled into view on her inter-island cargo duties.

But this old lady, with her top-sides profile as outmoded as a New England dowager's hat, had a chance to flirt with a more exciting career early in the war. For more than 18 months the U. S. Navy tried to snare Jap submarines with a floating "booby-trap," but the Nip undersea craft never bit for the bait that was put out.

Hidden Guns

The bait was the Anacapa, once the Coos Bay and 22 years in the coastal lumber trade. Shortly after a Jap sub shelled the coast of California early in 1942, naval authorities recalled the "Q" boats of World War I and put the old girl into military harness to attract and destroy enemy submarines.

They took her to San Diego and rigged her out with an assortment of armament that was easily concealed in her Victorian bustles and stays. Two four-inch guns were mounted in her forecastle; hinged flaps droppable at a moment's notice, hid the guns from sight. Aft of the stack on her boat deck and on the fantail, small deck houses as collapsible as an opera hat each hid another four-inch gun. There was sound detection appartus and radar, and Y-guns for hurling depth charges.

A carefully picked crew was selected and, while all were members of the Navy, each was given merchant seamen's papers and the Anacapa herself was listed as a War Shipping Aministration vessel, not a man-of-war, just to keep from arousing suspicion.

Ready for action and with her crew trained, the Anacapa set sail. Navy strategists had figured it out like this: A Jap submarine, seeing this tubby old lumber schooner plodding along off the Pacific coast, probably wouldn't waste any high-priced torpedoes on such a mediocre target. They would most likely surface and attack with deck guns.

Fruitless Hunt

This was exactly what her crew and the strategists wanted. As the sub surfaced, the Anacapa's guns would break out into the open, blazing destruction for the underwater raider.

For a year and a half this weary-looking old ship scoured the waters off the coast, hauling empty oil drums on her way northward and a deckload of lumber on her southern voyage. From Alaska to Mexico and halfway to Hawaii, she went looking for trouble until 1944, when she was replaced by new, smart-looking vessels especially built to hunt down subs. The Anacapa moved closer to the war zones, but she was just a cargo ship again.

Sorrowfully, her crew admit they never had an opportunity to attack an enemy sub, but once they damaged one of our own submarines with depth charges.

Now the Anacapa, her war days over, is to be decommissioned and turned over to the War Shipping Administration for disposal. WSA officials hope some lumber company will be interested and put her back to carrying real loads of lumber out of the northwest once again.

Three Oil Companies To Drill Jointly In Gulf

VICTORIA —(AP)— Texas, Stanolind and Salt-dome Oil Companies Friday were completing plans for a $300,000 joint testing operation to be drilled eight miles out in Matagorda Bay between Palacios and Port O'Connor.

The test, the companies' plans said, is on the Texas State Block No. 106. Water at the site is 14 feet deep. Operations will be carried out from a steel floating dock.

RUBY RING LOST 21 YEARS IS FOUND IN BACKYARD

TROY, N. Y. —(AP)— Willard B. Snyder, enjoying an April sunbath in his backyard, noted a glint of light in the dirt.

Investigating, he found a ruby ring his wife had lost 21 years before and which they had believed stolen.

Four Area Men Enlist In Navy

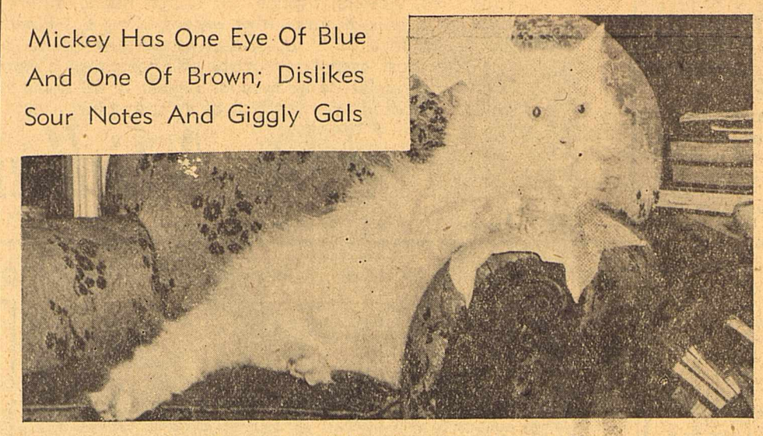
John Harrison Cryer and Robert Lenior Van Lieu of Midland, and Alfred Jefferson Meers and Erly Cryer, Jr., both of Kermit, have enlisted for service in the Navy, the San Angelo Navy recruiting office has announced.

A Navy recruiter is available at the post office here each Wednesday from 2 p. m. until 4:30 p. m., to answer questions and give information regarding enlistments in the Navy.

For a short time the Navy Department is permitting ex-Navy men to reenlist in the regular Navy in the rates held at time of discharge, provided there is a vacancy in the rate. This provision holds true even if the person reenlisting has been out over 90 days, the office said.

Fifteen-Year-Old Feline Is Music Lover

Mickey Has One Eye Of Blue And One Of Brown; Dislikes Sour Notes And Giggly Gals



Mickey has two eyes, like nearly every cat which has led a genteel life and hasn't been fighting in the back alleys.

Mickey's right eye is brown, but the eye on the left side is an eye of a different color. It is blue.

Mickey is a 15-year-old white Persian, the pet of Miss Lydie Watson, 210 West Ohio Street. Having vari-colored eyes isn't his only claim to fame, for Mickey is better known for his musical inclinations.

During his 15 years as the pet of Miss Watson, who conducts the Watson School of Music, Mickey has become quite tone-conscious, and he likes to hear musical notes trickling from the piano or from stringed instruments.

Whenever a pupil practices in the music room, Mickey is there. He curls up on a bench and dozes dreamily away. He has been known to lift his head and seemingly scowl at sour notes.

Once, some time ago, two high school girls were supposed to be playing a piano duet. Instead, they were just playing. Their giggling and giddying bothered Mickey. After some time he got up from his perch, walked gracefully over to the bench, and jumped at the girls' legs. After the excitement had died and the girls began their practicing in earnest, Mickey curled up and returned peacefully to taking cat-naps. That was the only time he has ever expressed his disapproval of persons fiddling around when they should be practicing the piano.

Sometimes, when the playing is exceptionally melodious, Mickey climbs up on the bench by the young pianist. He is known to all of the hundreds of students "Miss Lydie" has taught in the past 15 years.

Last Christmas his picture and a poem about him was sent to all of her present students and many of the pupils of past years. From points throughout the country came letters telling Miss Watson the picture made them remember their student days here.

Some years ago Miss Watson was directing a group for the presentation of Handel's Hallejuah Chorus. She had the children stand during the singing of the chorus in keeping with a custom dating back to the days of King Charles, who was so impressed when he heard the song he stood. Mickey watched these proceedings with interest.

Months later a girl was practicing Handel's masterpiece on the piano. Mickey heard the song and stood up.

Mickey learns his lessons well, says Miss Watson.

CIO Will Open $1,000,000 Drive To Organize South's Workers Into Union

By JAMES MARLOW

WASHINGTON—(AP)—The CIO is fathering a double drive with deeply important political and social goals.

The two drives will prove to be closely related.

1. The CIO Political Action Committee will take a very active part in the Congressional elections this year.

2. The CIO itself, beginning in May, will open a $1,000,000 campaign to organize unorganized workers of the South into unions.

Take the CIO-PAC first:

Organized in 1943, it was an active and effective force in the 1944 Presidential-Congressional elections.

This week the CIO-PAC has laid down a 17-point program for the 1946 Congressional elections.

The program backed the Roosevelt foreign and economic policies and then said:

"The coalition of poll-tax Democrats and reactionary Republicans thwarts the peoples' program."

No Blacklist

Sidney Hillman, CIO-PAC chairman said:

1. The National CIO-PAC will make no endorsements and has no blacklist.

2. The National PAC will supply the state and local PACs with plenty of information on issues and the voting record of Congressional candidates.

3. Then, with this information, it will be up to the state and local PACs to support the candidates they wish.

The PAC, Hillman said, is asking a contribution of $1 on a voluntary basis from each member of the CIO, which claims 6,000,000.

He said the PAC hopes to be a factor "in at least 100 key Congressional districts."

Then, in answer to a reporter's question, Hillman said:

There's no doubt the local PAC organizations will try to defeat those Southern Democrats who have voted with Republicans in opposing the Administration program.

CIO Drive In South

Now take the CIO organizing drive in the South:

The CIO in May will send 200 organizers into the South, operating with a $1,000,000 fund supplied by CIO unions.

CIO President Philip Murray recently called this organizing drive a "crusade to emancipate the economic serfs of the South where people are still persecuted and suffer much."

Then, making it plain that the CIO is thinking of the political importance of organized CIO workers in the South, Murray said:

The organizers will go there to bring about the "economic and political emancipation of millions of people here in the United States who are deprived of those opportunities today."

Just as the CIO-PAC program denounced "poll-tax Democrats," Murray is thinking of the poll tax in connection with the organizing drive. He said:

"We have been reading about many things in the South for many years—poll tax, low wages and the inability of the average poor wage earner to vote on election day.

"The CIO has got to go into the South to carry the message of America to the people down there."

Walt Disney Cartoon Inspires Hat Designs

By DOROTHY ROE
Associated Press Fashion Editor

The man responsible for two pert new Easter bonnets which will be seen on the heads of gay young things all over the country this spring is Mickey Mouse's Pop, Walt Disney.

Two of the leading characters in Disney's new feature length technicolor film, "Make Mine Music," are Johnny Fedora and Alice Bluebonnet, who fall in love in a store window.

The lovers are parted when Alice is bought and carried away in a hatbox. Johnny is lonely until he, too, is bought, and spends his time looking for Alice through the crowds. One day he sees her, but is tossed about by the wind as he tries to follow her. Johnny is picked up by a bum, has various adventures, lands in a gutter and finally in an ash can.

Johnny and Alice are reunited when an iceman salvages them to adorn the heads of his team of horses, and the hats live happily ever after.

By WILLIAM MAIER

Copyright by William Maier; Distributed by NEA SERVICE, INC.

THE STORY: Gun-wise Debby Weeks of Capt Cod still nets and resses like a tomboy at 19. Her ister Agnes warns her she'll ever find a husband unless she hanges her ways. On the beach ebby meets Joel Sumter, who ays he's staying with Bart Wyman. The Wymans are "summer eople." Joel tells Debby he was vatching her that day at the station when Bull first arrived.

This is the truth. He had even sked Bart Wyman to fix up a date or him, but Bart had forgotten. oel's own problem is whether to o on with his studies or go into is father's factory. Bart's mother dvises him to explore the Cape vhile he is there, says the right nswer will come to him.

* * *

VI

DURING the second week of his stay, Joel took to going off y himself in his roadster, first r half days and then for whole nes, and when he came back he ould be full of enthusiasm for me discovery he had made.

That narrow strip of land, with s 40-mile stretch of wide Atntic beach reaching from Chatam to Provincetown, its dunes ad high bluffs, its rolling windwept moors of beach plum and ild cranberry and scrub pine, its eat, low-roofed houses scattered bout singly and in clusters, its cres of marsh, its tidal inlets and oves, its ever-appearing glimpses f green ocean on one side and lue bay on the other, its clean, ungent smell, its wide skies, its umble of surf that was never out f earshot, its feeling of permaence and peace: all this was like othing Joel had ever seen before.

Here was a place, he knew, that as different from anything else e would ever see: no factories, nd practically no farms; the land as worth almost nothing, but intead there was the sea, which as worth a lot, and which apealed to his imagination in a peuliarly stirring way. And here ey lived in the same houses their randfathers had lived in; they ooked at the same view from heir doors every day of their lives, and never thought of moving to another town, or even to another house.

But what amused Bart and Ann most was his naive curiosity about the living things that grew around the shores: the razor clams and quahaugs and horseshoe crabs, and the sandpipers, and the herons that flew quacking over the dunes at sunset. Even the gulls, which they took for granted much as they did sparrows or robins, aroused his interest. And the funny thing about it was that he found out things that none of them had ever known.

* * *

ON his last day there Joel went to the beach, and that night at supper he told about the shipping that had gone by outside, and about the way the sandpipers ran after the receding waves.

And when he stopped for breath Bart asked, "What else did you see?"

Joel laughed. "I guess that's about all. Oh, yes," he said, "I did see the Lady Animal Trainer."

"By George," said Bart. "I was going to make a date for you and I never did."

"Is there a lady animal trainer?" Mrs. Wyman asked.

"It's Debby Weeks," said Ann.

"Joel sort of took to Debby," Bart explained, "and I was going to make a date for him. And then I forgot about it."

"She comes over to see me sometimes," Mrs. Wyman said, "when everybody is away. We're very good friends. I think she's a remarkable girl."

"Listen," said Bart, "why don't you come down with me in the fall and go hunting with her?"

"Oh, sure," said Joel.

"No, I mean it."

Joel smiled wryly. "I'm afraid I'm going to be busy in the fall. And besides, I never shot a shotgun in my life."

"That wouldn't matter. It's never too late to start. It's pretty nice down here in late October."

That night Joel sat down and wrote the letter to his father he had been putting off. He had decided, he said, to go to work in the factory, and he hoped he wouldn't turn out to be too much of a dub at that sort of thing. He would certainly give it everything he had once he got started. But there were still a few things he would like to see and do before he settled down, and there would probably never be another chance. Would it really matter much if he didn't start until the first of November?

* * *

THE next morning, after he had said goodby to Mrs. Wyman, Bart and Ann went out to his car with him.

Bart put Joel's bags into the rumble seat. He closed the back and came around the car, grinning his widest grin. "I'll be seein' ya, boy," he said. "The middle of October. And will we knock 'em off!"

Joel was grinning too. "I'm not counting on doing the birds much damage, but we'll have some fun, anyway."

"Fun!" said Bart. "You have no idea. Wait till Ellie and Debby get to putting that dog of theirs out over the hills. They're a pair when you get 'em alone together."

"I can imagine," said Joel.

After he had gone, Bart and Ann walked back toward the big house.

"I hope he doesn't pay too much attention to Debby," said Ann.

"Why?" asked Bart. "Debby wouldn't fall for a guy like him —especially hunting. He'll look pretty awful trying to handle a gun."

She was walking a little ahead of him. "Maybe I'm in a better position to judge about that than you are."

They walked on, and Bart said, "You wouldn't be falling for him yourself, would you?"

"If I ever did," she said briskly, "I'd at least have an idea of what I was getting myself in for. He's a nice guy, all right, but he's got too much curiosity. And he's got some funny ideas about—about things."

(To Be Continued)

et Of Three Wars To Study Under GI Bill

GULFPORT, MISS. —(AP)— Drew asty, 69, has been approved for dio schooling under the GI Bill Rights, the American Legion rvice office here said, and pointed t he's certainly eligible.

Hasty is a veteran of three conicts. He served with the Army in e Philippines insurrection in 1901, joined the Navy in 1902, and served through World War I. Retired as chief commissary steward in 1930, he was recalled to duty April 2, 1942, and served until Nov. 2, 1944.

The first life boats were designed at the end of the 18th century.

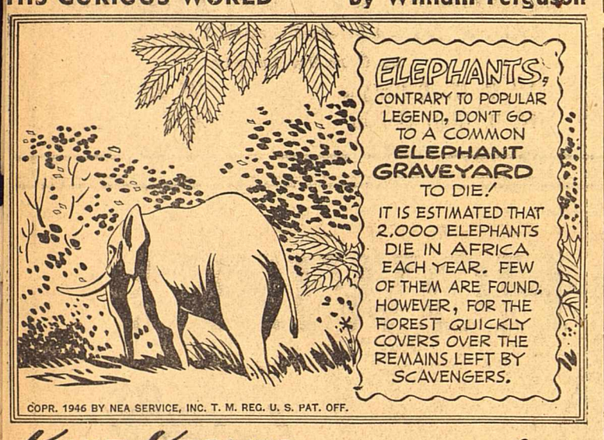
Salad Costs $16.20 In Alaska Due To Shipping

ANCHORAGE, ALASKA—(AP)— A housewife newly arrived from the states ordered the ingredients for one standard sized salad without asking the prices and wound up by paying $16.20 for the dish.

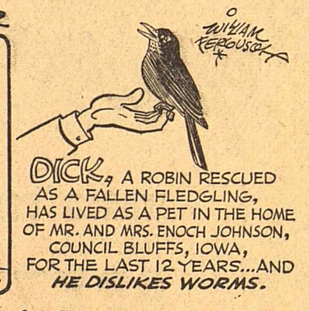
With Alaskan ports closed to incoming produce by a longshoremen's strike for higher wages and retroactive pay, bananas cost 75 cents per pound, lettuce 75 cents per pound, tomatoes $1.10 each and cucumbers the same.

The Junior Chamber of Commerce announced it was contacting the operators of many small craft with a view to bringing perishable foods to Alaska. Freight planes are flying in some supplies and the strikers have given permission for some fishing craft to carry produce north.

HIS CURIOUS WORLD — By William Ferguson



KWIZ KORNER



ANSWER: The Irish were the first Europeans to recognize the potato as a staple food. It is thought to have originated in South America.

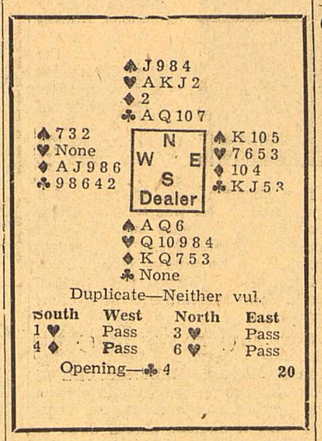
McKENNEY ON BRIDGE

By WILLIAM E. McKENNEY
America's Card Authority

We have two new duplicate players in New York, Harry and Bill Melniker, 25-year-old twins who served for four years in the Army and were together the entire time in the Pacific theater. They learned how to play bridge in Tokyo.



Duplicate—Neither vul.

South	West	North	East
1 ♥	Pass	3 ♥	Pass
4 ♦	Pass	6 ♥	Pass

Opening—♣ 4 — 20

The thing that makes playing against the twins difficult is the fact that one of them is conservative and the other optimistic. So far I have failed to learn how to tell them apart, and just when you are reasonably sure that you have them identified, something happens which leads you to suspect that they have changed seats! While I am by no means sure, I believe it was Bill who did the good job as declarer on today's hand.

Dummy's ten of clubs was played on the first trick. East played the jack and Melniker ruffed with the four of hearts. He played the king of diamonds, West won and led another club. Dummy's ace won, declarer discarding the six of spades, then led a spade and took the queen finesse. The queen of diamonds was cashed, a small diamond ruffed with the jack of hearts, a spade won with the ace and the five of diamonds ruffed with the king of hearts. The deuce of hearts was won with the queen, and the three of diamonds ruffed with the ace of hearts.

Now a small club was ruffed and Melniker picked up East's trumps, making the contract.

ONE WORLD

Truly, the World of Medicine is ONE WORLD in which time, study and skill are devoted to the common good of all. Penicillin is the discovery of an Englishman. Research with sulfa drugs began in Germany. France gave Louis Pasteur to the world. Every land and every race is contributing to the advancement of medicine, and it is our duty at CAMERON'S, as pharmacists, to make the new drugs available to physicians through our Prescription Service.

State Signs Agreement Involving Gas Pooling

AUSTIN —(AP)— The state has made an agreement by which, for the first time, it participates in gas pooling or utilization.

The agreement, with operators in the Carthage Field of Panola County, gives the state one-eighth royalty on the gross revenues from all products derived at the processing plant.

The School Land Board recently awarded a mineral lease covering 640 acres in the Sabine River bed to Glassell and Glassell, Shreveport, La., operators who paid the state a bonus of $129,375 for the lease.

Under the pooling agreement executed between the operators and the state, the Sabine River tract will be unitized with a 28-acre adjoining tract leased by the firm from private owners.

Bascom Giles, commissioner of the General Land Office and chairman of the School Land Board, estimated that adoption of the new formula for royalty participation would simplify production records and contribute additional thousands of dollars to the state permanent school fund.

Dance Of Salome Causes School Uproar

(NEA Telephoto)

Beverly Cort, 16, in her costume for the dance of Salome of the Seven Veils, which caused such an uproar from the school officials of Detroit, Mich. She ignored an order to cover the costume with slacks for a performance of a student show in the school auditorium. One hundred and fifty students of Lincoln High went on strike when Mrs. Stella Koski, civics teacher, ordered Salome to dress up.

WORSHIP KILLER

Although cobras kill several thousand people annually, natives of India often regard these killers with so much superstitious reverence that no attempt is made to destroy them.

LESS MULES

Farm mules have shown a decline in the past decade. There were 3,559,000 miles on farms of the United States as of Jan. 1, 1944, as compared with a peak of 5,918,000 in 1925.

MacKENZIE'S COLUMN

By DEWITT MacKENZIE
AP Foreign Affairs Analyst

If ever there was a time when a conference of the Big Three chiefs of state was badly needed, it would seem to be right now.

Heretofore the Big Three have been disposed to work things out through the UN. However, that was based on the assumption that the UN would function—which still remains to be demonstrated.

Suspicions and hard words—spoken without a smile—are flying willy-nilly between the Russians on the one side and the Western Allies on the other. Why all this mistrust, which has been mounting each passing day?

It's because the Big Three haven't tabled their international policies for one another to see. With a world-wide realignment of spheres of influence going forward, each of the Big Three obviously is vitally concerned.

Time for Clear Statements

The moment has arrived when policies must be stated clearly. That won't be done at this juncture in open meetings of the UN. The glorious day of open diplomacy is still to come. The quickest and easiest way of making the exchange of confessions, or so it strikes me, would be for President Truman, Generalissimo Stalin and Prime Minister Attlee to sit down together and talk turkey until they had everything off their chests. Then maybe the United Nations could get down to cases, and the projected meeting of the Big Four foreign ministers to draw up the European peace treaties might fulfill its purpose.

The current imbroglio in the Security Council over the Russo-Iranian issue has given us fair warning of the dangerous difference of viewpoints. Russia believes she sees mistrust in the Anglo-American desire to keep the case on the books until all Red Troops have been withdrawn from Iran according to agreement.

And the Western Allies on their side regard with grave doubts Moscow's tremendous expansion of influence across Europe, into the Mediterranean, into the Middle East and into the Far East.

What motives are behind Russia's direct actionist maneuvers, and behind Britain's moves, and behind Uncle Sam's? Until each one of the Big Three knows whether the other two are holding something behind their backs there can be no progress towards peace.

Jap Denies That Hirohito Studies Christianity

TOKYO —(AP)— Yoshitami Matsudaira, imperial household minister, denied that Emperor Hirohito is planning to become a Christian or already is studying Christian doctrines, as was reported in Des Moines by a Japanese preacher.

In Des Moines, the Rev. Bokko Tsuchiyama, a Japanese Christian minister from Osaka, told a Methodist youth rally Sunday that the emperor soon would embrace Christianity after studying the doctrines.

SAW IT, BUT DIDN'T

Edmund Halley never saw "Halley's comet." It did not bear his name at the time he observed it in 1682, and he died before it returned in 1759, an appearance he predicted to the very year.

In 1773, the Rev. Dr. Stephen Hales, an Englishman, discovered that the blood has a pressure, and was the first to measure it.

Fishing Rig

Appalachian State College co-ed shows new spring style for opening of trout season this month in western North Carolina. She got the brooks and rainbows hanging from her belt out of a creek in the Boone-Blowing Rock vicinity.

Germans Want Music

BERLIN —(AP)— Germans would rather listen to music than news on their radios, a survey by Allied Military Government shows.

The sampling of opinion announced by Brig. Gen. Robert A. McClure, director of Information Control, disclosed that 65 per cent want musical programs. Twenty-five per cent prefer news of an interpretative nature. Less than 10 per cent want political commentaries.

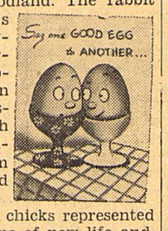
Bunny And Egg Easter Traditions GoBack To Early Anglo-Saxon Festival

The floppy-eared bunnies, bustling chicks and gaily-colored eggs which are found on Easter cards every year are not there by chance—each has a definite meaning which can be traced back to the very beginning of civilization.

The bunny and the egg, it seems, were regarded as symbols of springtime fertility by the Anglo-Saxons, who gave us the word "Easter": their annual festival being held in honor of the pagan goddess of Spring, Eostra. According to an ancient legend, the rabbit, being the only animal children did not fear, was selected by the fairies to inform the children that Spring had come to the woodland. The rabbit conveyed this message by leaving on the doorstep of each sleeping child a token of Spring—a basket filled with flowers and colored eggs from the various wild birds.



To the pagans, chicks represented the birth and hope of new life and, accordingly, played an important part in the rite conducted in honor of Eostra. The custom of associating chicks with Easter has persisted down through the centuries.

The earliest Easter greetings took the form of colored eggs, offered as gifts during the pagan springtime festivals. These eggs were dyed with herbs, and in many instances even decorated with the name of the recipient. Early Christians, who continued the custom of exchanging eggs at Easter, dyed the eggs a deep red to symbolize the blood of Christ.

The eggs exchanged amongst royalty, clergy and the middle classes ranged from crudely decorated boiled eggs to elaborate gilded ones, often adorned with jewels.

Eggs were also widely used in church ceremonies, being distributed by priests to the parishioners. These eggs were consecrated and considered holy gifts. An ancient account of Easter festivities held in Cheshire, England, describes how the bishop and the dean took eggs into the cathedral and, at a certain stage in the service, engaged in an egg-throwing contest with the choristers.

An Easter Ducking

Instead of donning a new spring suit and joining the Easter parade, young Englishmen of the 12th century took part in a much more vigorous pastime on Easter Day, and one which would definitely discourage the wearing of a new suit. This custom called for a young man to stand in an oarless boat, propelled by the current, and to tilt with a lance at a ceremonial shield which was mounted on a strong pole sunk in the bed of the Thames. If he succeeded in breaking his lance against the shield without toppling off into the water, the young man was considered to have hit the equivalent of today's jackpot. But if his lance glanced off the shield and he lost his balance—well, the Thames was still pretty cold at that time of year.

Not nearly so precarious a sport but one quite as exhausting for the participants was that which grew up in Warwickshire County and which became known as "hare-catching." This went as follows: Any young man who could catch and deliver a live hare to the parson before 10 o'clock Easter Monday received a prize of one calf's head, 100 eggs and a groat of money.

Free Shave At Church

An offshoot of the egg-throwing custom was that of throwing apples. In Oxfordshire, after the evening services on Easter Sunday, men and women lined up in the churchyard and threw apples at one another. For some unaccountable reason—unless it could be that their aim was poorer—those who were married were required to throw three times as many apples as the others. When the fun was over, everyone retired to the vicar's house where large quantities of his best ale and cheese were served. This custom was observed as late as 1822.

Another ancient English custom, this one popular in the 1400's, made it possible for churchgoers to enjoy the luxury of a free shave in the churchyard on Easter Sunday.

A custom which prevailed up until the latter part of the 19th century, when it had to be abolished because of the rough-and-tumble nature it eventually acquired, was that of "lifting." One record dated 1290 relates how Edward I, in commemoration of the Resurrection of Christ, was "lifted" by the ladies of his court.

In London and other cities young men would go about carrying a chair decorated with streamers and ribbons, and lined with white satin and silk. Each girl they met was obliged to take a seat in the chair, the young men lifting her as high as they could three times. The next day the tables were turned and the girls lifted the men.

The small fry had their ways of celebrating Easter, too. One of the most popular of these was the practice of "shoe-seizing." Small boys, singularly or in groups, would dart about on Easter relieving little girls of their shoes, sometimes merely the buckles. The girls would retaliate by snatching off the boys' caps. Lost possessions were redeemed by making a small payment. One early English parson lamented the fact that none of his feminine Sunday School members showed up on Easter Sunday "for fear they be deprived of their shoes by force."

Love And A Glove

Today, at Easter, a young man sends his girl a card bearing any one of a number of sentiments, such as "Happy Easter, Darling" or "A Loving Easter Message." But in England long ago, and in Devonshire until quite recently, it was customary for a young man to present his lady love with a pair of gloves at Easter time. The gift was delivered on Easter Eve by the young man selected by the girl to make her such a present. Usually the couple thus associated were already sweethearts.

BIRDS PERFUMED BANQUETS

Scented banquet rooms were an exotic creation of ancient Greece. The wings of birds were saturated with perfume and the birds were permitted to fly about while guests were eating.

Styled For A Double Life

Photo from Nantucket Naturals

By EPSIE KINARD

NEW YORK — Biggest fashion hits at the nation's winter resorts—proving ground for next summer's successes—are those double-duty duds which give a girl more wardrobe for her money.

When these appear in amusing prints — hop-scotch plaids, love knots strung on necklace-like stripes, a map of the Island of Nantucket, or whaling vessels seen through a telescope—a girl can also figure on getting her money's worth of fun.

Starred in double roles and in print are sun dresses that take on jackets and become city slicker suits and blouse top dresses that yield their better halves to snappy suits.

Proof of this versatility are the two styles shown. Presented in its two fashion roles is the turnabout sun dress, right, which bares its back to the sun and then goes under cover as a city suit. It combines black and aquamarine shantung printed in a stripe and love-knot motif.

At left are front and back views of the casual two-piece dress which gives up its upper half—a hop-scotch plaided pink and black gingham overblouse—to accommodate a city-going suit. Shown here with a black rayon skirt, the blouse's bow-tied back can be untied and wrapped around the waist for smoother fit under a suit jacket.
