Masked Bandit Gets $21,000 In Jewels In Houston Hotel Holdup

(By The United Press)

HOUSTON, June 23.—Police unfolded details today of a complicated $21,000 jewel robbery, staged last night when a masked bandit and his helper forced two guests into a Rice hotel bathtub.

John Bathias Ziegler, 35, Lee's Summit, Mo., told police he came here Tuesday to sell some jewels, part of his wife's estate. He inserted an advertisement in a local paper and promptly got a call from an unidentfied man who said he "might be interested in trading some Cadillacs" for part of the gems.

Ziegler and a friend, John Reynolds of Houston, were chatting last night when the bandit knocked on the hotel room door.

Ziegler opened it, thinking the man with the Cadillacs was outside.

"A tall, heavy-set man put a white handkerchief over his face and walked in. He pulled an automatic pistol from his pocket, and forced us into the bathroom," Ziegler told police.

Inside, the robber ordered Ziegler and Reynolds to sit in the tub and place their hands on the towel rack, warning them, "there's a silencer on this gun." He pulled the shower curtain around them, and jabbed them a couple of times with the gun.

Ziegler said he could hear the man's accomplice rummaging through the luggage in the bedroom. Then suddenly, the man made a quick exit and started blocking furniture against the bathroom door.

A house detective, who later found and released the

Tex Thornton Is Found Murdered In Amarillo Tourist Court

JESTER OK'S RENT DECONTROL

Skull Crushed; Shirt Knotted About Throat

Couple Seen With Explosives Expert Sought; Robbery Is Believed Motive

(By The United Press)

AMARILLO, June 23—Tex Thornton, a nationally famous expert on nitroglycerine, was found slain mysteriously today in an Amarillo tourist court.

Authorities put out a southwest-wide alarm for a young man and woman. The young couple and Thornton checked in at the Park Plaza motel, about 15 blocks northeast of the Amarillo downtown business district, at 8:20 p. m. yesterday.

Thornton's body, beaten about the head and with a shirt knotted tightly around the neck, was found at mid-morning today.

Thornton's automobile, a deluxe type Chrysler with cowhide upholstery, was missing, but the motel porter said the party of three had arrived in only one car, and his description indicated it was not Thornton's.

Woman Signed Register

Fred Fairleigh, manager of the Park Plaza, said the woman signed the register when the three arrived. The entry was "E. O. Johnson, Detroit, Mich."

A maid at the motel found the body of Thornton, about 60, in a bed when she was on her clean-up rounds this morning. It was covered from head to foot in bed clothing, Fairleigh said.

The sheriff's office said Thornton had been robbed. But at his home here, members of the family could not say how much money he had been carrying nor could they account for his presence in the motel.

Was In New Mexico

Thornton had been in New Mexico on Tuesday, they said, "shooting" some oil wells with nitro charges.

Neither the family nor officers know where he spent Tuesday night or Wednesday, until his arrival at the motel.

The best descriptions available of the couple being sought as suspects were:

The man—about 22, 5 feet 6 inches tall, weight 140 pounds, brown hair.

The woman—about 22 or 23, 5 feet 6 inches tall, weight about 130, brown hair.

Fairleigh said none of the motel guests reported hearing any suspicious noise from the cabin where the slaying occurred.

Shirt Used As Choker

Deputy Sheriff Murphy Hurd, who took charge of the investigation, said he believed that severe blows on the head killed Thornton, and that the shirt was used as a choker just to make certain he died.

One blow crushed his skull in front, over the right eye, and an-

Ford Proposal To Freeze Pay Is Denounced

Union Says Boost In Purchase Power Is Only Security

(By The Associated Press)

DETROIT, June 23—Ford's wage freeze proposal was denounced as "counterfeit security" by the CIO United Auto Workers today.

The union's formal rejection, delivered by President Walter Reuther, also termed Ford's proposal a "flight into fantasy" and "upside down economics."

Last week Ford asked the UAW to withdraw all its economic demands, including a wage increase and $100 monthly pensions, for a period of 18 months.

Would Peg Wages

Wages meanwhile would be pegged to the cost of living.

The union's official rejection came as negotiations covering 106,000 Ford production workers were stepped up.

Today was to have been an open date in negotiations but a meeting was scheduled nonetheless. Ford and the union are working against a July 25 expiration date in their present contract.

Reuther said Ford's proposal was a "pattern for continued and increasing unemployment." He said it was "unsound and unrealistic."

Ford offered to hold its present wage levels in return for the union's withdrawal of its economic demands.

Buggy-Ride Has Ended

The company cited a falling car market and a drop in living costs and said the "postwar buggy-ride of higher wages costs and prices" has ended.

Ford argued that higher wages might mean "fewer jobs."

(A Ford worker is paid an average of $1.65 an hour.)

However, Reuther termed Ford's idea the "same kind of economic patent medicine" which he declared led to the 1929 depression.

He said an increase in consum-

$2,500 Loot Taken In Anton Burglary

Narcotics, Jewelry And $300 In Cash Missing; Knob Is Knocked From Safe

(Special To The Journal)

ANTON, June 23—Narcotics, jewelry and money totaling approximately $2,500 in value were taken in a Wednesday night burglary of Anton Drug store, Mrs. Jane Williams, owner, told Dep. Sheriff Jack Anders this morning.

Anders, assisted by City Detertive Lee Rice, jr., of Lubbock, was informed that a diamond ring valued at $500, a $500 wedding set in which several diamonds were mounted, approximately $300 in money, including a box of old coins collected in the course or several years' business, and the narcotics were taken from a safe, the knob of which was knocked by the intruders, and a cash register that had been left open by the store management.

The narcotics had a retail sale value of $700, investigators were told, and included: 886 capsules of codeine, 150 half-grain tablets of morphine, 94 tablets of codeine sulphate in one-half grain tablets, and 210 grains of codeine sulphate powder.

A front door had been pried. Four marks indicated a pinch bar had been used. Exit was at back of the store.

It was the first burglary reported by Mrs. Williams in the 13 years since she and her late husband moved here from Hereford and bought the store, at interseetion of the two principal streets here.

No merchandise had been missed, Mrs. Williams said.

No other burglary reports were made here this morning.

Dutch Airliner Falls Into Sea In Fiery Ruins

24 Bodies Found; Others Believed To Be Trapped

(By The United Press)

BARI, June 23.—A Dutch air liner homebound from the Far East burst into flames, fell apart and plunged into Bari harbor today, killing at least 24 and probably 32 passengers and crewmen.

Rescue boats darting through the wave-lashed waters recovered the multilated and charred bodies of 16 men, five women and three children. They were thrown clear when the fuselage of the four-engine transport hit the water with terrific impact.

32 Believed Aboard

The Royal Dutch airline KLM reported that 32 persons were believed aboard the plane flying from the Netherlands East Indies to Amsterdam. All save the 24 whose bodies were recovered apparently were trapped in the battered fuselage which lay on the bottom in 125 feet of storm-tossed waters.

KLM officials in Amsterdam said the plane was believed to be the liner Roermund on a non-scheduled flight. The Rosemund took a party of newspapermen, including Americans, to Indonesia last week for a month's inspection tour there.

All aboard the liner were killed, all responsible officials at the scene agreed, when it dropped into the harbor some 1,500 feet from the main pier here.

The first impression was that the cause of the crash probably never would be known. Thousands

Landlords Of Texas Urged To Deal Fairly

Law Due To Become Effective 105 Days After Ending Of Legislative Session

(By The Associated Press)

AUSTIN, June 23—A bill abolishing rent controls in Texas was signed into law today by Gov. Beauford H. Jester.

It will become effective 90 days after adjournment of the 51st legislature plus 15 days for federal processing. Date of adjournment was still uncertain.

Federal Housing Expediter Tighe Woods said here earlier this month the federal housing office would not recognize the Texas law if it can find any way out. Woods flew here to ask Jester to veto the bill.

The federal expediter has 15 days after the effective date of the Texas law to act on it. Woods said here he thought the amendment permitting cities to re-establish controls after they are removed was contrary to federal law.

Legality Is Upheld

The measure that stirred up one of the session's hottest controversies went back to Jester's desk yesterday with an opinion from Attorney General Price Daniel that it would stand up legally.

"The legislature, in passing House bill 808 (the decntrol measure) has declared federal rent controls are no longer needed in Texas and, in the same act, has provided that the governing body of any city or town may establish rent control for the duration of a housing emergency in Texas," Jester said.

"I am signing House bill 808 because this bill, according to a clear and well-reasoned opinion of the attorney general and the answers thereon to the questions in my request for an opinion, is a valid and constitutional law," Jester's statement said.

Must Be Emergency

The statement continued:

"It is properly pointed out that the existing emergency must be one of such grave proportions as to affect 'the health, welfare, safety or morality of the city as a whole.' Only under such conditions, indeed, could rent control by any authority be justified.

"Upholding of this home-rule right eliminates or modifies the objection to House bill 808 that, while the need for rent control has passed in most places, some Texas cities still gravely need it. The opportunity exists for these cities . . . to evaluate the emergency and prepare proper local regulations if they so desire. House bill 808 will not become effective until 90 days after the 51st legislature adjourns, and the federal law gives the federal housing expediter another 15 days in which to act.

No Longer Need Controls

"In weighing the action of the legislature and the legal opinion of the attorney general with and against the reasons submitted to me in support of a veto, the weight of the law and the force of the action of the legislature in expressing the attitude of Texans against federal regulations and controls in time of peace preponderate in favor of my signing the bill. With possible exceptions noted in the preceding paragraphs, it is my considered belief that Texans generally do not want or need a continuation of rent controls.

"As I sign this bill, I appeal to the fairness of Texas landlords.

See RENT DECONTROL Page 10

Rent Decontrol To Have Little Effect In City

By BILL CLARK
Journal Staff Writer

Lubbock renters will be little affected by the rent decontrol bill which takes effect 105 days after the legislature adjourns, Lubbock property owners whose property is under rent control predicted this afternoon.

They foresaw a gradual lessening of the housing problem as one result of the decontrol measure.

Adjustments Expected

Most property owners indicated they will go up little if any on property now under rent control. In some cases, where apartments have not been paying taxes and operating expenses under rent control, there apparently will be upward adjustments.

Among long-range results expected are an increase in building of rental units, availability for rental of houses now standing vacant, which number some 900 in Lubbock, according to a recent survey; and the return of competition among landlords as the control of the rental market rather than federal regulations.

Some Not Affected

A goodly portion of Lubbock's larger apartment projects as well as two and three-unit apartments will not be affected at all by the measure, having been constructed since Feb. 1, 1947.

Among those not affected are the two developments of Homer G. Maxey and others, Plaza Apartments and Colonial Apartments.

However, no property owners in Lubbock this afternoon had taken the action of an Odessa property owner whose apartments were decontrolled more than a week ago. He raised the American flag over his housing development for the first time and reduced all rents 20 percent in appreciation for the removal of rent restrictions.

Expect Some Boosts

Roy B. Carnes, director of the area rent office, said some rent increases can be expected.

"There is the probability that some rent increases will occur. There were some before under the

Rainfall Routs Heat In State

(By The Associated Press)

A rain and lightning storm struck Waco in Central Texas overnight and rain also fell in the West Texas wheat and cotton country.

A summer squall line dumped 1.38 inches of rain on Waco. Lightning struck the William Fowler home there, showering glass over Fowler, his wife and small son, Fowler was knocked unconscious for a short time and the wife suffered minor cuts. The child was not hurt.

May Slow Harvest

McGregor reported 1.08 inches of rain and Meridian 1.50 inches.

The West Texas rains may interfere with the wheat harvest.

The weather bureau said Lubbock had .48 of an inch in the 24 hours ending at 6:30 a. m., San Angelo had .42, Abilene .24 and Mineral Wells, .20.

Other rainfall reports: Galveston .12 of an inch, Waco .83, Junction .07 and Wichita Falls, a trace. Dallas had about half an inch of rain after 6:30 a. m. today.

The rain gave some sections of the state relief from the heat, but the weather bureau indicated the relief was only temporary. Yesterday Presidio's 102 was high for the state. This morning's low was 63 at Dalhart, Clarendon, Lubbock and Ozona. Except for along the coast, temperatures fell to the lower 80's in the state early today.

BUILDING ISSUE GOES TO HOUSE

State Senate Okays $20 Million Bonds

(By The United Press)

AUSTIN, June 23.—Members of the Senate, seeking a safe path through a threatening financial bog, today approved a $20,000,000 bond issue for state building projects.

The House, meanwhile, approved a measure authorizing the University of Texas board of regents to establish an additional medical school and select its site. Approval came on a vote of 112-16. The plan will take effect upon passage of appropriations to cover the school's cost.

Voters' Okay Required

Action by the upper chamber was taken with almost unprecedented speed.

The measure was introduced yesterday by Sen. Searcy Bracewell of Houston, submitted to a Senate committee on constitutional amendments, reported out, and acted upon in less than 24 hours.

The proposal now goes to the House.

Before the legislation could take effect, it must first be submitted to the voters as a constitutional amendment.

Issuance of the bonds would be supervised by a three-man Texas Building commission. The issue would draw 2 per cent interest.

Approval of the program, Bracewell said, "will go a long way toward solving our building problems."

Cities Seek School

The proposal carried in the upper chamber by a vote of 27-2. The dissenting votes came from Sens. Crawford C. Martin of Hillsboro and Dorsey B. Hardeman of San Angelo.

Debate on the medical school proposal kicked up a short-lived

Bids On LAFB Work Opened

Opening of bids for rehabilitation work on Lubbock Air Force base began shortly after 9 o'clock this morning in the post theater at the base.

Approximately 60 bidders from Lubbock and from as far away as Houston and Albuquerque, N. M., were on hand to observe the opening.

Reading of itemized bids on various classes of work continued at 2 p. m.

Final Cost Unknown

There was still no indication of how much the preliminary rehabilitation project will cost the Air Force, but the current project would run considerably in excess of $500,000 if the Air Force accepted all proposals, unofficial estimates indicated.

Work involved includes repainting of nearly all buildings, plumbing, heating, air conditioning, revisions to the sewage disposal system and heat distribution system, sealing and caulking, airport runway improvements, asphalt tile, chlorinators and other items.

Lt. Col. A. R. Brousseau, project officer for the base, was present at the opening.

Towns Isolated In Australian Winter

SYDNEY, Australia, June 23. (AP)—Eastern Australia, its coal rationed and its heating curtailed because of a threatened mine strike, shivered today in the coldest June weather it has had since 1935.

It is mid-winter now in Australia. Five towns in the Southern Alps near Canberra are snowbound after a heavy blizzard. Sixty miles to the southwest there was six feet of snow.

Work On Building At Amarillo Is Halted

AMARILLO, June 23. (U.P.) — Work stopped on construction of the new First National bank building in Amarillo yesterday when about 20 steel erection men left their jobs.

J. F. Spillman, foreman of the men employed by the John H. Maxwell co., Fort Worth sub-contractors, said he was unable to explain the work stoppage.

F. H. Prock, business representative of the iron workers union, was out of the city and unavailable for comment.

Infant Is Killed In Fall From Car

CHILDRESS, June 23 (U.P.) — Diane Wakefield, 19-months-old daughter of Mr. and Mrs. L. E. Wakefield of the Tell community, fell out of her parent's car today and was injured fatally.

The child was crushed by the right front wheel at 8:40 a. m. and died some 20 minutes later. The mother was backing out of the driveway when the accident occurred.

"TRIAL RUN" WILL BE OPPOSED

GOPs Plan Battle On Farm Proposal

(By The Associated Press)

WASHINGTON, June 23.—A group of Republicans girded today for a fight against even a "trial run" for the Truman administration's new farm program.

The battle may echo in next year's congressional campaigning in farm areas.

A House agriculture subcommittee yesterday approved 6 to 3 a new farm bill that would:

1. Permit Secretary of Agriculture Brannan to experiment on three crops in 1950 with his proposed "production payment" farm program. Brannan contends his program would mean cheaper food and assured income for farmers.

Would Kill Aiken Law

2. Kill the 1948 Aiken law, which is scheduled to set up next year a flexible 60 to 90 per cent of parity price support program for agriculture. Parity is a price level set arbitrarily some years ago as a standard considered fair to both farmers and consumers.

3. Create a new parity-of-farm income system, as proposed by Brannan, and support prices of major crops at 100 per cent of that standard. This might mean for most crops the highest price supports ever attempted by the government.

Prices of crops are now supported at 90 per cent of the old parity standard.

Rep. August H. Andersen (R-Minn), a top-ranking member of the agriculture committee, told newsmen:

"This thing has been reduced pretty much to a political matter, with the Democrats trying to put through this Brannan thing.

"We will fight it in the full committee and on the floor. You will find Republicans pretty much together in the House on contin-

Rodeo Opening At Brownfield

BROWNFIELD, June 23 (Spc.)—Members of the Junior Chamber of Commerce have everything in readiness to usher in their second annual rodeo. The kickoff started with a street parade at 1:30 p. m. today. Scores of riders and floats were to wend their way through the business district and then out to the rodeo grounds.

More than $1,500 in prize money is being offered to contestants in the roping, bronc and bull riding, bulldogging and girl sponsors events. Special show stock consisting of Brahma bulls and wild mustangs are being brought up from the Howard Brown ranch near Dublin.

Visitors Expected

Jaycee President John Kendrick said he is anticipating a large crowd of visitors from surrounding towns and cities.

"Our trade trips made contact with a lot of people who said they would attend our show this year," Kendrick said. Extra seats have been moved from the ball park to the rodeo arena to

AIRLINER SKIMS UNDER HIGH TENSION WIRE

Steel-Nerved Pilot, Quick-Acting Hostess Credited With Saving Lives In Plane Crash

(By The United Press)

MEMPHIS, Tenn., June 23.—A pilot with an iron hand and a precision brain teamed with a quick-thinking, fast-acting young stewardess to save the lives of all 44 persons aboard an American airlines plane which went down in flames here, grateful survivors said today.

Capt. Ed Hatch of Memphis and Miss Yvonne Hanavan of Lindsey, Calif., were the heroes in the flaming crash-landing yesterday of the two-engined Convair transport.

Not a life was lost. Of the 41 passengers, including an infant in arms, the three crew members aboard, 37 were injured. Seventeen were treated and released immediately. Seven were not hurt. Only 20 wre hurt seriously enough to remain in hospitals today, and doctors believed all the injured would recover.

Landed In Pea Patch

Survivors and eye-witnesses said the saving of the lives was strictly a team job between the calm skillful Hatch and the efficient Miss Hanavan.

Hatch brought the burning plane to an amazing crash landing on the edge of a pea patch smoothly enough to keep his crew and passengers alive. Miss Hanavan took over from there and organized the speedy removal of the passengers before the whole plane could burst into flames or explode.

The pilot's part in the dramatic action took only 90 action-packed seconds in which it seemed all the odds were stacked against him

Engineers To Be Summoned For Talks On Canadian Dam Project

WASHINGTON, June 23. (AP)—A federal reclamation official has raised questions concerning cost, location of dam and water purchase agreements in the proposed Canadian river development project.

Rep. Worley said yesterday, after a talk with Wesley Nelson, assistant reclamation commissioner, that southwest reclamation engineers will be called in for talks on the $85,000,000 program.

Fields agents submitted a plan calling for a $27,000,000 dam near Sanford and a $54,000,000 aqueduct to serve eleven plains and Panhandle cities. Worley said Nelson expressed surprise that the cost would be that high.

Water Users To Pay

"His department desires additional information before making a feasibility report," Worley said in an interview.

Worley said about $79,000,000 of the total proposed would be paid back by water users. "It's more than justified because of the benefits to a great section of Texas."

A formal report will go to a congressional committee after the Reclamation bureau completes its investigation.

Arab-Israeli Peace Efforts Threatened

LAUSANNE, Switzerland, June 23. (AP)—The United Nations conciliation commission for Palestine reports the threatened failure of its efforts for an Israeli-Arab peace settlement.

The commission said yesterday in its third progress report to U. N. Secretary General Trygve Lie it was continuing its eight-week labors, although it has been unable to bring the parties into joint session.

The Arabs had declined to enter talks on territorial settlements until an agreement is reached on the problem of Arab refugees from Palestine. The Irsaelis have refused to discuss the refugees first.

The commission said it had not yet been able to obtain Irsaeli's acceptance of the principle set in the general assembly resolution of Dec. 11, 1948, concerning repatriation of refugees who wish to return to their homes and live at peace with their neighbors.

The first steam carriage on record, built in France in 1769, traveled at three miles an hour and had to be refueled after 15 miles.

BROTHER-R-R-RI—You're bowling along, driving a big truck loaded chock full of cases of dynamite and cans of nitroglycerin and you come to a railroad crossing. A speeding train hits the crossing at the same instant. Wham! In this accident near Tiffin, Ohio, the truck's deadly cargo was scattered over the ground but by some miracle nothing exploded. The driver, Clifford Higgins of Chicago, escaped with a bruised knee.

Plan For New Virginia Bridge Recalls Time Wheelingers Outsmarted Pittsburgers

WHEELING, W. Va., (AP)—Pride in its ancient suspension bridge is tinged with regret and hope in Wheeling these days. The old bridge is nearing the end of its useful life and Wheeling wants a new one The prospects are reported to be fairly bright that the state will provide the necessary funds for a replacement.

But even now, a century later, Whellingers take occasional time out for a quiet chuckle over the way Pittsburgh was outsmarted at the time of the original construction in 1849.

At that time Pittsburgh and Wheeling were contending vigorously for the Ohio River market trade with the "west." When a suspension bridge was proposed between the West Virginia mainland and Wheeling Island, Pittsburghers promptly protested. They contended it would interfere with the high stacks of the packet boats. They went to the Supreme Court of the United States and obtained an injunction.

Case Goes To Congress

Wheelingers, however, took their case directly to Congress. Congress specified that the height of steamboat chimneys be governed by the clearance of the bridge.

In 1854, a high wind blew the bridge down and Pittsburgh rejoiced. The packet Pennsylvania, passing the stark abutments, lowered its chimney in derision.

When a replacement bridge was proposed, the case again was taken to the highest court. This time Wheeling won. The result was the bridge now standing—a structure with a 1,010 foot-span.

When a new bridge is built, no protest is expected from Pittsburgh. The packet trade has long since passed.

Mrs. Eisler Arrives At London Airport

LONDON, June 23. (AP) — Mrs. Brunhilda Eisler, wife of Gerhart Eisler, arrived at London airport today enroute to Berlin, where she hopes to rejoin her fugitive husband. She was deported from the U. S. yesterday.

She charged U. S. Attorney General Tom Clark with "an act of vengeance" in holding her for nearly six weeks on Ellis island. "It looked as if they were going to hold me there as a ransom for my husband," she said.

Eisler fled the United States while on bail, pending his appeal of two convictions by American courts. The fugitive Communist was lugged off the Polish ship on which he stowed away when the ship arrived in English waters, but a British court refused to send him back to the U. S.

Woman Testifies In Dallas Abortion Case

DALLAS, June 23. (AP) — The pretty auburn-haired wife of an Air Force soldier testified in the abortion trial of Mrs. Eva Hodges yesterday that she paid the defendant $50 for an abortion in April of last year.

Mrs. Mary Jo Daniels, 25, said she went to Mrs. Hodges' home after learning she was with child again, some four months after the birth of her first child.

Three days later, she said, she lost the child and was taken to Parkland hospital for treatment.

Mrs. Hodges has been charged with abortion in 10 indictments. Conviction would carry a penitentiary sentence of two to five years.

Communist On Trial Claims Doctrine Of Force Restricted To Fighting Fascist Dictatorship

NEW YORK, June 23. (AP) —"The only time Communists would advocate force and violence would be in case—heaven forbid—America became the victim of a fascist dictator."

That is what Gilbert Green, Illinois Communist chairman, said in a 1947 radio address, according to evidence introduced yesterday at the conspiracy trial of Green and 10 other Red leaders.

In the same speech, Green also was quoted as saying:

"There are those who accuse the Communists of seeking the overthrow of the government by force and violence. How many times must the Communist party deny this slander?

"I am authorized to offer $1,000 to any person or group or organization that can prove we advocate force and violence to overthrow the government."

Defense Moves Rejected

The three quoted passages were read in court by U. S. Attorney John F. X. McGohey, after a see-saw legal wrangle between prosecution and defense lawyers.

Originally, the defense sought to introduce the entire speech as evidence but federal Judge Harold R. Medina upheld prosecution objections

The judge also rejected defense moves to introduce portions of the speech.

However, he asked Green, who was on the stand for the sixth day, if he could recall "what position he had taken" in the speech on "force and violence."

The defendants are accused of conspiring to advocate force and violence to overthrow the government.

Speech Version Given

Green, who said he made the speech over Chicago radio station WGN when he was running for mayor of Chicago on a Communist ticket, gave this version of part of his remarks:

"I said that if we (the Communists) point to the danger of violence and the force of reaction in fascism, that doesn't mean we advocate it in any shape, manner or form.

"I said force and violence emanates from vested interests opposed to any progressive social change."

He said he had asserted that such force and violence were used by "vested interests" to uphold "Jim Crowism" and other evils.

After this summary, McGohey immediately jumped up, saying that in view of what the witness said, the prosecution wished to withdraw its objection to introduction of a passage from the speech.

However, the defense also reversed its position and said it no longer wished to offer only a part of the speech in evidence. McGohey insisted the excerpt be read. The defense objected.

Judge Medina upheld the government's position.

"What I don't understand," said defense attorney Abraham J. Isserman, "is how it (the excerpt) is relevant when Mr. McGohey offers it and not relevant when I offer it."

"You see," replied Medina, "what a defendant says becomes an admission, admissable by the government, if it has been proved to have been the utterance of the witness, and he has said that it was."

MEET THE MANAGER—John D. Chasteen, manager of B. F. Goodrich, 1112 Main, was born in Taylor county Feb. 26, 1915. He was graduated from Lawn High school and attended Abilene Christian college, where he played football. He then went to work for the D and W tire company at Abilene, a Goodrich dealer, remaining there until December, 1937, when he was transferred to Denton, working in the credit department for the Goodrich dealer there. In November, 1939, he came to Plainview to work at the Goodrich agency and remained until March 1940, when he went to Gainesville, staying in that agency until March 1942. Then he went back to the Abilene dealer where he had first worked, and he stayed there until 1945. He began traveling for Goodrich in 1945 and continued traveling until June 10, 1946, when he came to Lubbock as manager of the Goodrich store here. Mr. Chasteen is a member of American Business club and First Methodist church. Mr. and Mrs. Chasteen and two children, Donald Bob, 9, and Frances Ann, 5, live at 3318 Twenty-ninth street. (Staff Photo).

Profitable Deal For Goldwyn Closed By Break W.. Niven

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, June 23.—When David Niven and Sam Goldwyn called off their contract this week, it marked the end of a profitable deal for the veteran producer.

The actor has been under contract to Goldwyn for the past 15 years, excluding a six-year war service period. His deal still had a year to go when it was ended in a friendly agreement. So friendly was the parting that both shed tears in Goldwyn's office.

Money Details Revealed

It would seem that Goldwyn had more cause for emotion. From a surce close to both parties, I learned the money details of their association.

Since Niven returned from the war, Goldwyn has profited $1,300,000 for the actor's services on loanouts to other film makers. Niven was loaned at $150,000 for 10 weeks, the normal time for making a picture. One or two of the deals went over the 10-week period, calling for extra payment.

Paid Usual Salary

Goldwyn's British deals were fabulous. Niven's services in a Korda film ran overtime, calling for a payment of over $400,000. Another deal gives Goldwyn releasing rights in this part of the world of a Scarlet Pimpernel sequel.

Meanwhile, Niven was paid his usual weekly salary of $3,000. Which is no small potatoes, but a minor part of what his talents were earning.

Without confirming or denying these details, Niven assures the parting was friendly.

"I'll be happy to work for Sam anytime he wants me," he said on the set of "A Kiss For Corliss," his last loanout. "I love Sam."

Argentina plans to ban outdated foreign movies and those "of dubious moral value."

READY FOR FIRST INSPECTION—Jerome Henderson, 1920 twenty-seventh, is all set for preliminary inspection for Lubbock's second Soap Box Derby Friday and Saturday as the picture above indicates. His racer is all finished and ready to go except for one or two minor alterations, that is, if he gets by the inspectors all right. Young Henderson, who was a contestant in last year's Derby, is 12 years old, a student in Dupre school. He is sponsored by Architectural Tile & Terrazzo Co., 708 Ave. Q. (Staff Photo).

Famed Nuclear Physicist Favors More Public Information On Atomic Power

BERKELEY, Calif., June 23. (AP) —There could be more "candor" about the prospects for atomic power without endangering national security, says Dr. J. Robert Oppenheimer.

"It seems to me that we never will find out whether atomic energy for civilian use would be a good thing unless we are told more about what can and cannot be expected of it," the famed nuclear physicist said.

Favors More Information

His comment was in answer to questions of reporters who called yesterday at his cubbyhole office at the University of California, where he is teaching a short special summer course. Oppenheimer is director of the institute for advanced study at Princeton university.

On the issue of disclosing the number of atom bombs possessed by the United States, Oppenheimer said it was "primarily a matter of political wisdom." He expressed the opinion that some information on the size of the stockpile could be made public without harm.

Loyalty Oaths Hit

He suggested that universities go slow about requiring loyalty oaths.

"We want a free world but we do not want to lose our free country in dealing with some of the lesser issues involved," he said. Personally, he added, "I have signed so many loyalty oaths that one more wouldn't make much difference."

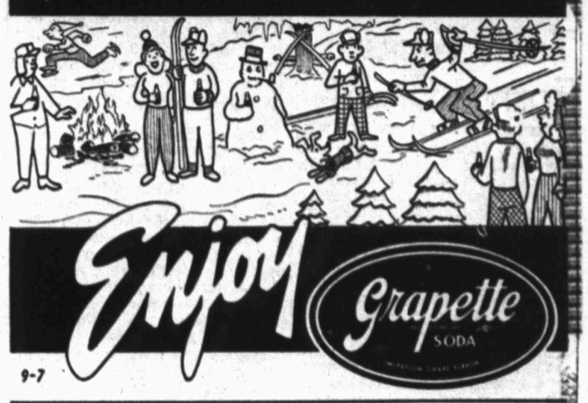

Oppenheimer said the Japanese were doing "wonderfully well" in atomic research even though they were spending virtually no money on it. Most of this work, he added, is in theoretical physics.

Films "portraying the African race in a derogatory manner" will be banned in Nigeria.

Club Dinner Features Installation, Talk

Miss Amelia Anthony, founder of Girl's Town at Buffalo Gap, told her audience at the 20th anniversary celebration of the Lubbock Business and Professional Women's club in the Hilton hotel Wednesday night that "when our girls leave Girl's Town they will be equipped to take their place in society."

Miss Anthony was the principal speaker at the B&PW meeting.

Officers were installed with Mrs. June Woodrum retiring president, in charge. Assuming responsibilities were: Mrs. O. P Harlan, president; Miss Lucille Coltharp, vice president; Mrs. Dan F. Ellis, recording secretary; Mrs. Oscar Ray, treasurer and Mrs. Helen Carr, corresponding secretary.

For Neglected Girls

Girl's Town was founded to take care of neglected girls from the age of infancy to 15 years. It is the only institution of its kind and when it opened March 13 of this year there were 500 applications from 47 states from girls who wanted to come to the newly formed "home."

Miss Anthony went on to say that girls from broken homes and girls who through no fault of their own who were without a home were welcomed to Girl's Town. They were taught the basic principles of life and the fundamentals of Christianity.

She warned that the girls would need co-operation and understanding from everyone with whom they came in contact in their every day life in order to become good citizens, good housewives and good mothers.

Mrs. Elizabeth Walton was chairman of the committee in charge of arrangements.

Tech Group Forms Club

Women faculty members and wives of faculty members who have been at Texas Technological college since 1947 organized a Forty-Seveners club Wednesday afternoon in the home of Mrs. L. O. Bunton, 2012 Twenty-fourth.

The officers are: Mrs. Neva Gahring, president; Mrs. L. M. Hargrave, vice president; and Mrs. Vernon Keesee, secretary.

Others attending were Mesdames Don A. Marshall, Lillian E. McGlothlin, Archie Leonard, L. B. Blackwell, L. G. Kammerdiener, Joe Cardwell and Joe Haddon.

The club will meet each third Wednesday and the next meeting is to be July 20 at 2:30 p.m. with Mrs. Cardwell.

Mrs. Basil Rathbone Puts on Blue Bonnet —Gets Raves

Like Mrs. Basil Rathbone—famous actor's wife—you, too, will get raves when *you* put on BLUE BONNET—America's *quality* margarine. Your family will love BLUE BONNET'S country-sweet **FLAVOR!** Its rich **NUTRITION!** Its welcome **ECONOMY!** Yes, when you put on BLUE BONNET Margarine you get *ALL THREE*—Flavor, Nutrition, Econom-e-e! Put it on your table, on vegetables, on your bread. Colors yellow in 2 minutes flat—because it's in the handy Yellow Quik bag!

Rehearsal Dinner Set

The rehearsal dinner honoring Miss Betty Loys Tubbs and John Wallace, McKee, jr., will be given tonight at 7:30 o'clock at the Lubbock Country club with the prospective bridegroom's parents, Mr. and Mrs. J. W. McKee, sr., as hosts.

The young couple is to marry Friday at 6 o'clock in the evening at First Methodist church.

The main decor will be a rainbow made of maline extending the width of the long table, with a miniature bridal couple standing at the foot of a stairway built of star foam. Flanking either end of the rainbow will be golden candelabra with aqua tapers and extending down the table will be tapers in gold holders.

Covers will be laid for Mr. and Mrs. C. A. Tubbs, Dr. and Mrs. H. Robinson, Misses Bobby-Annie Tubbs, Joan Forbes, Polly Gossett, Luan Wear of Big Spring, Sara Jane Tubbs, Carolyn Sue Tubbs, Mrs. Graham Bogel, Horton Russell of Amarillo, Charles Lovelace of Big Spring, Billy Mickle of Breckenridge, Jack Crawford of Jacksonville, and Oliver Ramsey.

Mrs. Watson Is Club Hostess Wednesday

Mrs. Watson Carlock was a guest when Wednesday afternoon Bridge club members met with Mrs. H. A. Watson as hostess at 2704 Twenty-fourth.

Mrs. Floyd Read scored high and low score was made by Mrs. Joe Morgan.

Other members present were Mesdames J. Floyd Smith, Joe E. Baldridge, A. R. Marcus, Darwin Bigness, Ben Williams, Sidney Keeton, Doyle McLeod and Ford Montgomery.

Layette Party Honors Mrs. Richard Barber

Mrs. Richard Barber was honored with a layette party given Wednesday afternoon at the home of Mrs. Alex Hensley, 1922 Eighteenth, with Mrs. J. R. Hartsfield and Jack Ray as assistant hostesses.

Daisies and roses were decorations.

A series of games was played before the gift shower was presented. The honoree received a corsage of sweetpeas and smaller corsages were given to the guests at refreshment time.

APC Auxiliary Meeting Will Be Held In City Saturday

Panhandle League Auxiliary of the Associated Plumbing Contractors will meet Saturday at 2 p.m. in the Hilton hotel with members attending from Abilene, Midland, Sweetwater, Big Spring, Odessa, Plainview, Amarillo and other area towns, as well as special guests from Wichita Falls.

At 12 o'clock noon the Lubbock auxiliary will entertain with a luncheon honoring Mrs. W. Frank Butcher of San Antonio whose husband is state president of the APC. Mrs. A. J. Richardson, vice-president of the local auxiliary group, will be in charge of arrangements for the luncheon. About 16 guests are expected to attend.

The table will be laid with pink linen and centered by a large basket of summer flowers tied with multi-colored ribbon streamers extending to miniature baskets placed at each plate. The tiny various colored baskets will serve as place markers and individual nut cups. Lighting the table will be small multi-colored candles in miniature holders which will be placed between the ribbons extending from the centerpiece.

Miss Brown Receives District DAR Honor

At a called meeting of Nancy Anderson chapter of Daughters of the American Revolution held Wednesday morning at the home of Mrs. Sam Jones, 1906 Fifteenth announcement was made that Miss Kathleen Brown has been appointed vice chairman of the committee on Americanism in Lubbock district. Mrs. Robert Allen presided.

Mrs. Jones reported the national spring convention of the DAR which she attended in Washington, D. C. In her talk she discussed the policies and plans of the organization.

Cookbooks compiled by the national DAR officers were examined and were distributed to members who are to sell them.

A report was made that membership papers for Mesdames J. H. Hankins, L. A. Kerr, A. W. Bronwell and Scott Bledsoe have been sent to headquarters.

Others at the meeting were Mesdames L. M. Austin, J. L. Barstow, W. L. Baugh, R. T. Bucy, J. K. Burke, Clayton Carter, Sterling Crumpler, William G. Dingus, Edward Donelson, A. H. Douglas, Clyde Elkins, C. S. Garrison, James Goodman, Mary Hinton, F. A. Kleinschmidt, J. A. Laney, L. T. Patton, W. C. Rylander and J. T. Hall.

BRT Auxiliary Meets For Guest Luncheon

The annual guest day observance for Auxiliary to Brotherhood of Railroad Trainmen was held Wednesday at IOOF hall in form of a luncheon.

Mrs. Rafe Nabors gave the invocation and the group sang "America." Mrs. E. E. Culver of the Slaton auxiliary and Mrs. F. J. Keyworth of Clovis responded to Mrs. N. M. Lowery's welcome. A musical reading was presented by Miss Vicki Martin, accompanied by Miss Geane Martin, and songs were sung by Nancy Teague, accompanied by Leonita Tunnell, both of Slaton. A "Breakfast in Hollywood" program was directed by Mrs. R. J. Clark.

Twenty-one Lubbock women attended. Guests were Mesdames Keyworth, I. A. Cravy, V. D. Payne, J. W. Harpold and Jack Griffith of Clovis, and Mesdames Culver, H. B. Banks, D. C. Campbell and W. C. McCain of Slaton.

Personals

Mr. and Mrs. Gifford R. Chaney and son, Ronald, former Lubbockites, who spent the last two years in Norman, Okla., where Mr. Chaney attended the University of Texas, are moving to Dallas. He is employed as estimator for Robert E. McKee Construction company. Mrs. Chaney will be remembered as the former Miss Katherine Duke of Lubbock.

Mr. and Mrs. Houston Young and daughter, Karen Kay of Bells, are visiting in Slaton and in Lubbock as guests of Mrs. J. L. Jernigan, 2305 Eighth. He is with the First National bank in Bells. They will return home over the week end.

Mrs. Doyle Coe and daughter, Carolyn of Nacogdoches, are to arrive today for a visit with Mrs. Coe's mother, Mrs. W. G. Murray, 2419 Nineteenth.

Iowa State Students Visit Tech Campus

A busload of 26 Iowa State college agricultural students today visited the Texas Tech campus as part of a month-long tour of points of agricultural interest in 14 states.

The group arrived in Lubbock this morning, and was scheduled to go to the Pitch Fork ranch, near Guthrie, later today.

The tour is a regularly scheduled summer course at Iowa State. Two instructors accompany the group, and written reports are required on agricultural practices observed.

A truckload of camping equipment enables the touring students to sleep outdoors during the trip.

The itinerary includes Nebraska, Wyoming, Colorado, New Mexico, Texas, Louisana, Mississippi, Indiana, Illinois, Missouri, and Iowa.

Stops are made at farms and ranches to observe the different types of farming practices, as well as the latest methods of livestock care. Also visited are state experiment stations, irrigation projects, flood control projects, food processing plants and marketing places.

This is the tenth annual tour conducted by Iowa State.

Odessa Councilman Quits After Clash

ODESSA, June 23. (AP) — City Councilman Bill Hale quit yesterday after J. J. Heaton was hired as chief of police.

Heaton was named to the post in a tumultous meeting of the city council.

Before the group took action Hale said "if this thing is passed I will resign immediately."

After Heaton was voted chief, Hale said, "Yes, I've resigned."

Heaton was acting chief of police last year when his predecessor, S. O. Hamm, was hired. Hamm was dismissed by the council May 31.

When it fired Hamm the council said it wasn't satisfied with the way he was managing the department.

Twenty-Fifth Anniversary Is Celebrated By Couple

Approximately 100 guests called at the silver anniversary garden party given in honor of Mr. and Mrs. Raymond P. Swofford, 2304 Fifth, Tuesday afternoon. The register was decorated with a rose in water color painted by Mrs. Juanita Black.

In the line with the guests of honor were Mr. and Mrs. Raymond P. Swofford, jr., of Baytown, Mr. and Mrs. C. C. Scroggins of Hale Center, Mr. and Mrs. Walton Harral of Rankin, Mrs. Joe Weddington of Amarillo and Miss Elizabeth Dumas of Brownfield.

Assisting in hospitalities were Mr. and Mrs. Sam McMillin, Mesdames Roy Boyd, Russell Hardin, Raymond Waters, Fred Hokit, Eugene Heath, Arlee Gowan and Miss Heilon Harral, who presided at the register.

The refreshment table was covered with lace over pink. White and pink clusters of gladioli were arranged on the refreshment table which bore a large pink satin bow with long streamers and silver leaves against a background of plumosa fern. The ring style cake was decorated with white and pink rose buds and edged with fluted net. A small silver wreath encircling the figure "25" was placed at the back of the cake.

Wedding Is Announced

Mr. and Mrs. Paul C. Paulson have returned from a wedding trip to Galveston and San Antonio and are at home in Lorenzo. Mrs. Paulson is the former Mrs. Pearl Sampson of 2309 Thirty-fourth.

The vows were read Sunday, June 12, at the home of Mrs. Paulson's daughter, Mrs. Bob Gee, and Mr. Gee, 2411 Thirty-second. Rev. George Bryant, pastor of Lorenzo Methodist church, officiated.

Mrs. Gee attended the bride and Thomas A. Paulson of Lorenzo served his father as best man.

Refreshments were served during a reception that followed. Family members were the only guests.

Kansas Relatives Are Visiting In Lubbock

Mr. and Mrs. Lewis Doyle and grandson Larry Deane Hutton, 6, all of Kingman, Kans., arrived in Lubbock Tuesday for a visit with the Doyles' son, Larry Doyle of 2302 Thirty-sixth, and the child's grandmother, Mrs. Blanche Hutton of 2213 Eighth.

Mr. and Mrs. Deane Hutton, parents of the child, and Donald Lewis Hutton, 4, another son, will arrive here about July 4 for a vacation visit.

Mr. and Mrs. Lewis Doyle and Mr. and Mrs. Deane Hutton are former Lubbock residents. Doyle was associated with an insurance company and Hutton, now an insurance representative, was a senior journalism major of Texas Tech. Both families left here in the early '40s.

Legion Auxiliary Has Planned Lawn Party

A lawn party for the American Legion auxiliary will be held at 7:30 p.m. today at the home of Mrs. Thelma Drake, president elect of the organization, Mrs. Drake has announced.

Delegates and alternates to the state convention of the American Legion auxiliary, to be held Aug. 5, 6 and 7 at Fort Worth, were also announced following a business meeting of the local group Monday night.

Delegates are Mrs. Drake, Mrs. Riley Duff, Mrs. W. G. Doss, Mrs. Sid Lowery and Mrs. George Berry. Alternates are Mrs. Fred Kincaid, Mrs. L. L. Strader Mrs. F. C. Lebow, Mrs. Mike Fry, Mrs. Basil Smith and Mrs. Marvin McLarty.

Probation Is Allowed Cook

C. B. Cook, 23, Rush Springs, Okla., pleaded guilty of a charge of forgery of a $10 check before Judge G. V. Pardue in 99th district court Wednesday afternoon and was placed under five year probation.

The check was passed to the Mark Halsey drug chain here. Cook was represented by James Kimmel, jr., who was appointed by the court.

Papers were prepared here Wednesday to initiate steps in extraditing G. L. Cunningham, jr., from Virginia to Texas, A. W. Salyars, district attorney, said.

Desertion Charged

Cunningham is named in an indictment here charging desertion of two minor children. He is under arrest at Portsmouth, Va., and has refused to waive extradition, a telegram received here said. Virginia officials said hearing of the case had been set there for July 18, at which Sheriff Grady Harrist and possibly a member of the district attorney's staff will urge that the prisoner be delivered to them.

Sheriff Harrist left this morning for Bakersfield, Calif., to accept custody of Alfred D. Calvert, 29, charged with theft of an automobile from Ray Furr of Lubbock

Robert Lee Powell, 24, Lubbock negro, arrested here on a charge of child desertion, was released from county jail after posting a $500 appearance bond Wednesday.

Three Men Sought

Sheriff's deputies and Lubbock police remained on the alert for three unidentified men driving a 1934 or 1935 Chevrolet sedan carrying California license plates, 6R4386, two of the men being suspects in the Wednesday morning armed robbery of an Amarillo Piggly-Wiggly store.

The Associated Press described the two who entered the store as middle-aged and armed with revolvers.

Amarillo information said they locked seven men in a cold storage vault, took $138 and fled.

Frank Moore, 42-year-old negro of Lubbock route 5, was fined $450 and county court costs after pleading guilty of a May 23 liquor law violation charge, a judgment of County Judge Walter Davies showed.

C. T. (Sonny) Childress, 36, of Lubbock, was fined $50 in corporation court Wednesday after pleading guilty of a charge of speeding filed against him early Wednesday morning. He pleaded innocent of a charge of drunkenness and was released on bond.

According to police records, a police prowl car chased Childress in his Cadillac at speeds ranging as high as 75 miles per hour, after he failed to stop for their siren and red light. The chase started in 900-block Thirty-fourth street and ended when Childress outdistanced the smaller car on U.S. Highway 290, Patrolmen A. R. Mason and C. A. Barnes said.

He was arrested Wednesday afternoon by Patrolmen George Wilkes and Ira Scott, who had been given a description of his car and license number.

Former Resident Of Lubbock Is Claimed

Word has been received here of the death of Mrs. Clayton Mallett, former Lubbock resident who had lived in Portales, N. M., the last few years.

Mrs. Mallett, the former Ro Jean Herndon, died Monday in a Portales hospital. Cause of death was listed as uremic poisoning, combined with diabetes.

She had lived in Lubbock from 1942 until 1946.

Survivors include the husband, four-year-old twin sons, mother and sister, all of Portales.

Mrs. Mallett's mother-in-law Mrs. Sofia Mallett, resides in Monroe, and a brother-in-law and sister-in-law, Mr. and Mrs. Willis James, live in Lubbock.

Lubbock residents who attended Tuesday funeral rites in Portales included Mr. and Mrs. Mark Schwab, Mr. and Mrs. Ernest Ohnemus, Jack Grimes, Lewis Kerr, Harold Crites and H. B. Bryan. Mr. and Mrs. John Sullivan of Morton also attended the services.

Infantry Divisions Schedule Reunions

Dates of two World War II infantry division reunions were announced this week.

Veterans of the 100th (Century) Infantry division will hold their annual convention Sept. 9-11 at the Hotel Commodore in New York. Reservations may be made by contacting W. H. Young, jr., Box 155, West Point, Pa.

The 106th (Golden Lion) Infantry division will hold its convention and reunion July 30-31 at the Congress hotel in Chicago. Former members of the division interested in attending may contact the 106th Division office, 1115 Patterson street, Chicago 13, Ill.

Five Men Held After Shot At Policeman

HOUSTON, June 23. (U.P.)—Five men were under investigation today after one of them allegedly fired at a policeman looking through a transom at a tap room.

Sgt. C. C. Devine of the radio patrol division said he investigated a report that the establishment was serving alcoholic beverages after hours. As he peered over the transom, one of the men fired a .38 caliber revolver at him, Devine said.

The patrolman was cut by flying glass when the bullet shattered the transom.

News Briefs

Mr. and Mrs. O. W. McGuire, of 2807 Twentieth, will leave by automobile Friday on a trip to Kansas and Oklahoma. McGuire's father, W. W. McGuire of Stafford, Kans., will return to Dodge City, Kans., with them, after which Mr. and Mrs. McGuire will visit her relatives in Oklahoma.

Last rites for Charles Henry Bucks, 79, who died late Tuesday at his 3108 Ave. N residence, were to be held at 2:30 p. m. today in the Abernathy Methodist church. Rev. George Turrentine was to officiate. Burial was to be in Plainview cemetery, under direction of Rix Funeral home.

Frank Junell, administrative assistant to Tech's president, returned to his duties at the college this week following a two week period of active duty with the U. S. Navy. Junell is a commissioned officer in the Naval reserve and is required to spend some time on active duty each summer. He was stationed in New Orleans with the Public Information service of the Navy during this last tour of duty.

Kathryn Sensabaugh, daughter of O. F. Sensabaugh, of 2018 Fifteenth, is one of 294 students registered for the summer session at McMurry college, Abilene. Miss Sensabaugh is to complete her graduation requirements in August.

The Naval Reserve unit of Lubbock held a regular weekly meeting Wednesday night at the Naval Reserve armory, Eighth and College Ave. A total of 103 members attended.

The open air revival meeting of the Tabernacle Baptist church held at the corner of Paris Ave. and Fourth at 8 p. m. nightly is drawing large crowds, Rev. Ben Johnson, pastor, said Wednesday. The religious service, which will conclude a week from Sunday, was attended by about 200 people Wednesday night. Four conversions were reported at this service.

City police held a 28-year-old man for Grand Prairie authorities, they said this morning. He and a woman companion were arrested together, it was explained. They were in an automobile described in a statewide police summary broadcast over shortwave radio several days ago. The man was described at that time as wanted on a wife desertion charge.

C. Fore, 30, of Lubbock, this morning pleaded guilty through his attorney in each of seven cases of liquor law violations, and was ordered by County Judge Walter Davies to spend 60 days in county jail and pay costs of court.

Dr. R. L. Culpepper, Baptist missionary to China for 26 years, was speaker at the luncheon program of the Lubbock Kiwanis club, citing conditions in China during the spreading of Communist propaganda and how the people are becoming enslaved under the regime. Dr. Culpepper was introduced by Roy Bass, who presided at the luncheon. Prior to his talk, Howard Davison discussed pro and co nthe question of formation of a second Kiwanis club in Lubbock, on which the membership voted during the luncheon. Result of the vote is to be announced later. Joe Long of Amarillo was an out-of-town guest at the luncheon.

Pfc. Billy E. Scott, son of Mr. and Mrs. C. L. Scott of Lubbock route, 5, recently was transferred from the First Cavalry division to the 31st Infantry, Seventh Infantry division, at Sendai, Japan.

David Kerman, youngest son of Rabbi and Mrs. Julius Kerman, will read the service at a layman's service at Congregation Shaareth Israel, Twenty-third and Ave. Q, at 8 o'clock Friday night. He was a fine arts student at the University of New Mexico during the college year and has returned home for the summer. Rabbi Kerman is en route to New York to leave for an European trip.

Miss Ruth E. Ford, of 1707 Sixteenth, today was reported to be recovering satisfactorily from a knee sprain suffered Wednesday in a fall in the back yard of her home. X-rays taken at West Texas hospital disclosed that no bones were broken in the fall, but Miss Ford is expected to be confined to her home several days.

Slaton Highway Bus Route Will Continue

The Avenue A-Slaton highway bus route begun 30 days ago on a temporary basis will become a permanent route, a Lubbock Bus company official announced today.

Crayton Campbell, company auditor, said that City Manager Steve Matthews had assured him that the route will be permitted to continue permanently.

Campbell added that operation of the new route will continue as during the last month.

IN HOLLYWOOD: BY ERSKINE JOHNSON

Babe Has A Weighty Problem: Waste Fat Or Fatten Waist!

HOLLYWOOD, June 23. (NEA) —To be or not to be fat?

To gain back 85 lost pounds or join Eaters Anonymous?

That's the problem—Babe London's problem.

Babe was born fat, grew up fat, stayed fat and was a big success fat. At 255 pounds, she was a success.

Johnson

Then she cut herself down to a measly 170 pounds and lost two husbands and her career along with her fat.

Babe London is a movie bit player now. Her real name is Jean, a fact no one recalls since she was first nicknamed "the big Babe." That was 30 years ago when she was 18 and the screen's fat girl of distinction.

"I was so fat," Babe said, "I was a definite type. They even wrote stories for me."

Babe sighed sadly: "I lost my career. I lost two husbands. Now I gotta make up my mind whether to reduce some more or gain back what I lost."

As Babe sees it: "At 170 pounds I'm neither fish, fowl or good red herring. I'm no longer a definite fat type. When I laugh nothing shakes any more. Maybe I'm pleasingly plump—but there are a million of plump gals around and what gives? No man, no leads in pictures."

• • •

Heavy Hula

I found Babe on the set of "Dancing in the Dark" at 20th Century-Fox. She has one important scene—undulating her fat hips in a cellophane hula skirt as William Powell's inebriated dancing pal.

But Babe dreams of when she was a star. She remembers one Christine comedy in which she had co-star billing with silent star Dorothy DeVore.

"I was the fat girl corresponding with a beau to whom I sent my sister's picture for fear he wouldn't come to see me if he got a glimmer of my poundage. When he came, I dressed Dorothy as a kid, but it didn't work. He fell for her and produced a fat and bashful brother for me. We two fatties got the final closeup."

To lost 85 pounds, Babe had to stop eating her own cooking. She sighed again: "So I don't cook for others. So nobody cooks for me. So nothing is cooking all around."

To be or not to be fat?

Babe just can't make up her mind. Maybe, she says, she'll join up with Eaters Anonymous, the Los Angeles club where all the fat mamas get together to keep up each other's anti-starch consuming courage.

Their slogan is "Win the Fight Against Fat—Let's Keep the Organization Large and Our Waistline Small." They even have a theme song, "Bring Back My Figure to Me," which they warble to the tune of "My Bonnie Lies Over the Ocean."

"I love to eat DOU-BLE fudge sundaes,
Eclaires—they are HEAVEN to me,
And whip-cream desserts are my downfall,
Oh, bring back my figure to me."

• • •

Tough Choice

"Yes, sir," Babe said, "Unless I get a few more juicy parts or an offer to pay my way back to the happy fat life, I'm liable to join that fat and 40 community sing—or wind up on a reducing pill advertisement — whichever pays best."

Babe tried that stunt once.

"When I was fat and on top I got the idea to commercialize on reducing and make a picture during which I would grow thin enough to win the handsome hero. Paramount was interested, but were afraid I couldn't reduce enough during the picture."

Now there is television. Babe says she'll try to sell the same idea to a TV sponsor.

She'll guarantee to reduce before the audience's eyes on a weekly show—"and I can do it, if they make it world my while."

With Babe it's a problem.

She went back to shaking her hips in the cellophane hula skirt with a final sigh:

"All reducing has got me is a lot of sagging flesh where my chins used to be and chin-lifting operations are expensive."

SIX GRANDSIRES AT PARTY

ROTTERDAM, N. Y., (U.P.) — Linda Jean Failing had six grandfathers as guests at her first birthday party. They were her two grandfathers and four greatgrandfathers, whose collective ages total 442 years.

California Fall Raincoats Feature Weighted Hemlines

By GLORIA YARBROUGH
Associated Press Staff Writer

LOS ANGELES, June 23. (AP)—Outside a 90 degree sun was beating down, but California designers had their minds on fall rainwear.

Raincoats with weighted hemlines—to keep the coat down on matter how hard the wind blows—featured the display by Colle of Hollywood at the California apparel creators fall fashion show.

The coat is made of shiny velon and has a braid trim around the yoke, sleeves and belt. Hat and bag match.

Necklines Go Up

Plastic polka dots enlivened the Graff California raincoat, which had inside ventilation sleeves. With it was carried a ruffled umbrella.

In the lingerie department, strapless slips with built-in bra scored a hit. There's a strapless night gown, too. It's held up by elastic in the back and around the top.

Necklines, it seems, are coming back up, on both dressy and casual clothes. Turtle necks and small rolled collars will be reinstated. The plunging neckline will remain for afternoon and evening dresses but usually will have a convertible collar.

In short, necklines will either be very high or very low. Whistles, presumably, will be in reverse ratio.

Skirts lengths were from a half to one inch shorter. Dressy dresses still have back interest, but elaborate bustle effects have given way to more simple lines.

Pockets—big and little, buttoned, cuffed or slashed deep—were used over and over as the most prominent new note. Buttons also were used for accent.

Weskits, wool or corduroy pleated skirts, striped wool jersey blouses fit into the back-to-school picture. Suits featured jackets one to two inches shorter and slim skirts with slits front and back.

Fabrics to watch: Plaid corduroy for casual wear, brocaded taffeta for cocktail dresses, glove suede for dresses and coats; puckered cotton and rayon with satin stripes for coat dresses.

Serve berries to your family often as they come into season—strawberries, blackberries, blueberries, raspberries; all delicious and vitamin rich.

MINISTER NAMED

HAVANA, Cuba, June 23. (AP)—President Carlos Prio Socarras has appointed Congressman Segundo Curtis Messina as minister of national defense. The post had been filled during the past three months by Premier Antonio De Varona.

A delightful menu for a summer luncheon party features chicken sandwiches with tomato aspic on salad greens. Dessert might be fresh blueberry pie a la mode with frosted coffee.

Abilene Drops Lubbock, 7-5

Hubbers Meet Amarillo Nine

(By The Associated Press)

Albuquerque officially and formally has been selected as site of the West Texas-New Mexico baseball league All-Star game scheduled for July 2.

Albuquerque headed the pack Wednesday at the deadline. The All-Star tilt was to be awarded to the home park of the league leader after last night's games.

Dukes Split Bill

Actually, the Dukes had the All-Star tilt several days ago when their lead made it impossible for them to be overtaken.

The Dukes celebrated the occasion by splitting a doubleheader with Amarillo, taking the first 3 to 1 and dropping the nightcap 9 to 8.

Clovis made the win column on both ends of its doubleheader with Borger, winning 6 to 5 and 9 to 5. Abilene won over Lubbock 7 to 5 and Pampa downed Lamesa 8 to 7 in a 10-inning tilt.

Abilene, now in third place, moves to Albuquerque tonight.

Lamesa goes to Clovis, Pampa to Borger and second-place Lubbock takes on Amarillo at the latter's home park.

Royce Mills came on in a relief roll in the seventh and tossed just nine balls for Lubbock. One was a bases-clearing double to Mike Feduniak and the other was a two-run homer to Bobby Fernandez.

The two hits cleaned up the doubt for Abilene in the rubber game of its series with Lubbock.

Shone Wins Sixth

Roy Parker topped the right-field wall with his seventh home run of the year at Pampa to give Pampa the win. His circuit blow came as he led off the batting parade in the top of the extra inning of the series' closing game.

At Albuquerque, Frank Shone won his sixth game of the year, limiting Amarillo to four hits in the first of the doubleheader. He struck out six men and allowed no walks. In the second frame, Centerfielder Crawford Howard stepped up to bat for Amarillo, poled out a homer with two on base to sack up the decision for Amarillo.

Clovis' first win came when Third Baseman Red Sollars rapped out a single in the fifth, following singles by Pacinto, Moore and Palmer.

In the nightcap, Clovis took an early lead and stayed in the heading.

CATS BID FOR NO. 11 TONIGHT

Fort Worth Beats San Antonio, 5-3

By WILBUR MARTIN
Associated Press Sports Writer

Fort Worth bids for its eleventh straight victory tonight, one that would match a mark set by Dallas at the season's outset.

The Texas league leaders made it ten in a row last night by sloshing to a 5-3 win over San Antonio.

The decision kept the Cats a half-game in front of the Dallas Eagles, who downed Houston twice, 7-6, and 3-2.

Van Cuyk Wins

In other games, Tulsa and Beaumont divided a twin bill and Oklahoma City edged Shreveport, 3-2. Beaumont won the first game, 5-4, and Tulsa the second, 8-6.

The last four innings of the Fort Worth-San Antonio tilt was played in rain. Chris Van Cuyk went the distance for the Cats, winning his eighth game of the season and his third in the string of ten.

Dallas came from behind three times to win the 13 inning opening game. Ralph Rahmes drove home the winning runs in both games.

Two home runs and Jack Hallett's five-hit pitching won for Oklahoma City. Mickey Burnett and Grant Dunlap hit the homers.

Beaumont had a big three-run seventh inning in the first game, and Tulsa had a four-run outburst in the fourth frame of the nightcap.

Curtis, Estes Cop Mat Bout

Wrestling fans at Sled Allen's arena last night saw two good bouts as an Australian tag team match and a hard, fast semi-final event were unreeled.

In the first event George Bruckman, Washington, D. C., proved to be too hard to handle for Johnny Demcheck and Bruckman took the match in three hard falls.

Fans See Good Bout

Demcheck hails from Toronto, Canada, and has put on good exhibitions of wrestling in his previous appearances. Bruckman took the first fall in 12 minutes with a full crab, but Demcheck came back after a rest to take the second with a rolling leg lock in 10 minutes of the second fall. But Bruckman applied a full crab in six minutes of the final fall to win the match. Both boys wrestled hard and fast for the full time.

In the main event, the team match, Ray Clements failed to make an appearance, and Johnny Carlin substituted in his place with Bob Cummings to go against George Curtis and Balk Estes.

The Curtis - Estes team won handily from their opponents, but it took the full three falls for victory.

Elastic Man Performs

In the first setto, Curtis applied a series of drop kicks to Carlin and then won the fall after 21 minutes with a body pin. Cummings got the better of Estes in 10 minutes of the second go with an inside stepover toehold.

The final stanza was a quick one, lasting only three minutes, and Estes applied an alligator clutch on Cummings to put an end to the activities which had seen about everything happen.

During the intermission Ripley's elastic man put on a show to entertain the crowd. He is said to be the world's most limber man.

Cloverlake Shades VFW Club, 7 To 5

Cloverlake took a 7-5 softball victory over VFW last night in the Major league at Jumbo Webster, although outhit by the veterans.

Schultz was the winning pitcher, and he had a shutout until the fifth inning when the VFW team busted loose.

Four of the Cloverlake hits and runs were made by A. J. Collier, knocking a double and a single, and Laymon also getting a double and a single. G. Collier tripled and Hamilton doubled for the other Cloverlake hits.

VFW had seven hits, but they were good for only five runs, and Hubbard suffered the defeat.

Friday night Cloverlake will be in Plainview to meet Anthony company and Murrell's in a doubleheader.

BUFFS BUY HURLER

HOUSTON, June 23 (AP)—Houston of the Texas league has purchased Pitcher Marty Errante from Texarkana of the Class B Big State league.

Texas Steers Swamp St. John's, 7 To 1

WICHITA, Kas., June 23 (AP)—The Wake Forest Demons and Texas Longhorns meet in the winner's bracket game of the National Collegiate Athletic association's championship baseball tournament at 8 p. m. (CST) tonight.

Paired in the second game of the double elimination tourney are Southern California, the 1948 national collegiate champion, and St. John's of Brooklyn. The loser in this game, scheduled for 10 o'clock, will be eliminated from championship consideration.

Wake Forest defeated Southern California, 2-1, in the top of the tenth inning in first round play last night.

Texas swarmed over St. John's, 7-1, in the opener, the Longhorns backing Pitcher Murray Wall's eight-hit job with a timely attack. First Baseman Tom Hamilton cracked two home runs for the Texans.

The championship will be settled Saturday.

Four Oil Belt Loop Games Set Tonight

A full schedule of games is on tap in the Oil Belt Baseball league tonight, and Seagraves meets Slaton; Brownfield plays Post; Denver City goes to Sundown; and Tahoka plays at Levelland.

In a game played Tuesday night between Denver City and Slaton, Slaton dropped Denver City, 16-3, to knock the league leaders from the top of the Oil Belt standing for the first time in several weeks.

By virtue of the loss, Denver City dropped to second place behind Seagraves. Seagraves has won nine and lost three, and Denver City has won eight and lost three. Only 23 percentage points separate them. In third place with eight wins and four losses is Post.

The games tonight should further complicate the standings, and a new leader may be on top of the league Friday. Still holding the cellar position is Brownfield, having lost every start this year.

Barber College Gets Win Over Motormen

Barber college continued its winning streak in the City league softball, dropping Sanders Motors, 9-0, behind the pitching of Arthur Pinkert who allowed but two hits.

Leading the hitting for Barber college was J. B. Hance, and he doubled with two men on base to supply a winning margin. Earl Doyle doubled one man across the plate.

Barber college got off to a one-run lead in the third and then added four in the fourth, three in the fifth, and an additional tally in the sixth. Six hits were made. Pinkert struckout 10 batters.

Leeman and Cole worked for Sanders Motors, and six errors spoiled their chances for victory.

Slaton Legion Tops Lubbock

The Slaton American Legion junior baseball team took its first contest of the 1949 season here yesterday, defeating Lubbock Number 2 nine, 5-1, in a contest at Chapman field.

Heading the Slaton attack was Catcher Hammett with three singles in three times at the plate, and he scored two runs and batted in one tally. Pushing Hammett for batting honors was Chenowith, and the leftfielder drove in four Slaton tallies with a timely double and single.

The Lubbock hits were equally divided between Richard Hitt, Don Jones, Jimmy Crawford, and Richard Powers. Hitt singled in the fourth frame to drive in Bobby Sexton from third with the only Lubbock run after Sexton had walked, stolen second, and gone to third on a balk by Ramage.

Slaton scored first in the initial inning when Biggs walked, stole second, went to third on a fielder's choice, and spiked the plate on Hammett's single.

Three more runs crossed the plate in the third to give Slaton their margin of victory. Riggs again walked and Maker doubled him to third. Hammett walked to load the sacks and Huckaby forced Biggs at home on a short tap to the pitcher. Then Chenowith doubled to push three runs in, and he was left stranded at third base when Ramage went out second to first.

Charles Brewer was charged with the loss, giving up four runs before retiring in favor of Carrol Walker in the fourth.

Ramage pitched steady ball for Slaton, striking out 10 Lubbock batters. Walker and Brewer each had four strikeouts.

Charles Wins Crown

Walcott Loses By Decision

CHICAGO, June 23 (AP)—Ezzard Charles, who wanted to be a ring champion ever since he started boxing at the age of 14, has realized his burning ambition.

Last night, after 13 years of slugging his way to the top, this lithe 27-year-old Cincinnati negro won the NBA version of the world heavyweight title vacated by Joe Louis by decisively defeating Jersey Joe Walcott in a 15-round battle.

Gets NBA Approval

Charles won the unanimous decision of the three officials, approval of the National Boxing association, the consent of Louis and the blessing of the newly formed International Boxing club, promoters of the bout, which has an exclusive three-year contract with Charles.

But now Charles has to convince the New York athletic commission, which is on record as favoring a tournament among contenders, and Massachusetts, which does not belong to the NBA. England, too, will have a champion of its own Sept. 6 when the British board of boxing control recognizes the winner of the Lee Savold-Bruce Woodcock bout for the crown.

The contest was fought in Comiskey park, home of the Chicago White Sox, where 12 years ago to the night Louis won the championship by knocking out Jimmy Braddock.

Crowd Not Disappointing

The crowd of 25,392, which paid $246,546, was not disappointing to Arthur Wirtz, James D. Morris and Louis, who formed the IBC.

However, it was in sharp contrast to the 46,500 fan who paid $715,470 to see the Brown Bomber get off the floor in the first round and flatten Braddock in the eighth.

Charles' victory over the 35-year-old Camden, N. J., family man was decisive. Walcott staked everything on a knockout blow in the first two rounds. But the faltering veteran, who one year ago was beaten into submission by Louis, had lost much of his speed and ring cunning as the result of a year's absence from the ring.

Charles fought a cautious battle. He had his ageing foe on the way to a knockout in three different rounds, but Jersey Joe possessed the ring generalship to escape a knockout. He backpedalled and failed to fight in the closing rounds. Between the 12th and 13th, Joseph Triner, chairman of the Illinois state athletic commission, ordered Referee Davey Miller to tell Walcott's handlers to make him fight.

Walcott apparently fought only to remain on his feet until the finish.

SEXTON, BROWN SPARK ATTACK

First Legion Nine Pounds Plainview

A powerful hitting attack by the Lubbock Junior American Legion's Number One team sparked a 14-4 victory over Plainview Wednesday in a contest that was played in Plainview, as the local youngsters collected 11 hits which included three triples.

Truman Jones worked the first five innings for Lubbock, and he allowed only one run before turning the mound duty over to Mac Taylor.

Pacing the Lubbock attack was Jimmy Sexton with three hits in five times at bat, and Bob Brown hit a triple and a single in three trips. Neil Sikes and Johnny Tatum also hit triples, and Tatum singled once. Only Lubbock's catcher, Yelvington, and Taylor went hitless.

Lubbock got off to a four run lead in the first frame and added five in the third and one in the fourth before Plainview scored. Plainview added three more in the sixth off Taylor, and Lubbock also picked up one run in the fifth and three in the sixth.

Jack Howton went the route for Plainview, and the young hurler struck out 13 men despite the heavy barrage of base hits.

Nippy Jones Paces Cards To 11-8 Triumph Over New York

By JOE REICHLER
Associated Press Sports Writer

Quick now, who is the regular first baseman of the St. Louis Cardinals?

The average baseball fan probably has to think twice before answering "Vernal (Nippy) Jones," but the 24-year-old sophomore first sacker, in his colorless, but efficient way, is doing a bang-up job for Manager Eddie Dyer.

Although he is shoved into the shadows by glittering teammates, it is doubtful if any other Redbird has done as much as Jones during the past 10 days to boost the Cards up to their present spot in the National league standings—a mere half game out of first place.

Wrecks Enemy Hurlers

In he Cards last nine games with Brooklyn, Philadelphia and New York, Jones has wrecked enemy pitching for 17 hits in 38 times at bat. He's driven in 17 runs and boosted his season mark 41 points to a respectable .311.

Jones collected three hits last night to help the Cards defeat the Giants, 11-8. The victory moved the Redbirds to within a half game of the first place Brooklyn Doders, who were defeated by the Reds in Cincinnati, 4-3.

The Cards won the hard way, making up an 8-1 deficit with three runs in the fourth, two in the sixth and a winning five in the seventh.

Cincinnati had to go 11 innings to defeat the Dodgers. Three successive singles by Peanuts Lowrey, Grady Hatton and Walker Cooper furnished the winning run after two were out. Ewell Blackwell pitching two and a third innings of relief, received credit for his first victory of the season.

Homers Beat Braves

A trio of homers by Herman Reich, Hank Sauer and Pitcher Dewey Adkins helped the last place Chicago Cubs outlast the Boston Braves, 9-8. Bob Muncrief, one of the 10 pitchers used in the game, was credited with his first victory as a Cub.

Dino Restelli, rookie Pittsburgh outfielder, celebrated the end of his first week in the majors by blasting two homers—his fourth and fifth—to lead the Pirates to a 12-3 triumph over Robin Roberts and the Philadelphia Phillies. Vic Lombardi went all the way to notch his first victory of the season.

The Detroit Tigers regained second place from the Philadelphia Athletics, defeating the Red Sox in Boston, 13-4, while the A's were bowing to the Cleveland Indians in a 14-inning thriller, 7-3. The triumph, coupled with New York's split in its doubleheader with the St. Louis Browns, left the Tigers four games behind the front-running Yankees.

Yanks Get Scare

The Yankees received a scare from the cellar-dwelling Browns who whipped them, 5-1, in the opener. However, the Yankees came back to outscore the Browns, 10-8, in the nightcap. In the other American league game, the Chicago White Sox, behind the steady hurling of southpaw Bill Wight, defeated the Senators in Washington, 4-1.

The Tigers blasted four Boston pitchers for 18 hits, good for 26 bases. Johnny Lipon got four, and Paul Campbell and Vic Werts got three apiece.

The Browns came within an eyelash of winning a doubleheader from the Yankees. They knocked out Vic Raschi, belaboring the ace righthander with 13 hits in less than six innings of the nightcap, but Tommy Henrich's 14th homer in the last of the sixth, with one man aboard broke up an 8-8 tie.

Dale Mitchell's triple with the bases loaded broke a 3-3 tie and gave the Indians a 14-inning triumph over the A's. The win moved the Tribe into fourth place past the Red Sox. Bob Lemon, who replaced starter Gene Bearden in the eighth, allowed one run in seven innings to receive credit for his seventh victory. Carl Schreib was the loser.

Between The Lines by Joe Kelly

John Andrews of Amarillo, who has played a lot of tackle for Texas Tech during his college career, has been singled out for additional honors. John has been selected by Stanley Woodward, former sports editor of the New York Herald-Tribune and sports editor of the now defunct Sports Illustrated Magazine, on his All-Sectional team for 1949. Woodward is picking his team on the basis of sectional players who are expected to come into glory on the gridiron this fall. Andrews, somehow or other, came to the attention of Woodward. As a result of his investigation, Woodward predicts that Andrews will be one of the shining lights at tackle in the Southwest this fall.

● ● ●

How John came under the scrutiny of Woodward is not known. Clark Schooley's first intimation of the deal came when he received a letter from Woodward. The latter asked for complete information on Andrews, including a couple of action shots. The information immediately was sent to Woodward and will appear in the Dell Football book under the section "All-Sectional" teams. The honor is fitting to a man who has played a lot of fine tackle for the Red Raiders. John starred on Amarillo Golden Sandie elevens and since then has been one of the stalwarts at Tech. His play left little to be desired and Tech coaches last fall called him the most improved lineman on the squad.

● ● ●

Tech coaches, while we're on football, are scouring the countryside for players, we learn. We also gain knowledge that they're having a tough time. Competition is keener and heavier this year than ever before and Tech cannot meet the inducements that many schools are offering. For instance, they appear to be losing the fight for Derrel Murphy of Shallowater, who is on the verge of going to SMU's high bid. We hate to see the top area basketball player leave his natural habitat for stardom elsewhere. Likewise, Carl Jowell of Dimmitt seems certain to go to McMurry, where a brother is coaching. SWC schools are combing the country with a fine-toothed comb and Tech is in no position to outbid them for grid stars of the future. It looks rough.

● ● ●

Cheer up, everyone. Borger dropped a doubleheader last night and Amarillo split with Albuquerque. All of which is by way of saying that the Hubbers still are in second place, even though it is by only .001 percentage points. The moral of the Hubbers series with Abilene should be: Don't be nasty to your visitors on the first night, wait until the second and third. Certainly that 21-0 licking couldn't have done anything but make the Blue Sox mad, even though the Hubbers shouldn't have lost the third game of the set. The locals presented Abilene with one run on four walks in one inning and bad coaching at third base cost the Hubbers another in the sixth. That's one less for Abilene, one more for Lubbock, or 6-6. And if any one of four batters had been clutch hitters, we wouldn't have had six men left on base in two innings.

● ● ●

One of the biggest weaknesses with the Hubbers this year is their inability to hit consistently in the clutch. Occasionally they do, yes, but not with consistency. For example, if you studied the latest league standings in last Sunday's paper, you'll see that the Hubbers have left 444 men on the sacks, more than any other club in the league with the exception of Amarillo. The Hubbers also top the loop in strikeouts and have drawn less bases on balls than any other club. The intimation is that the batters aren't waiting out opposition pitchers enough, that they're too eager. At the same time, the Hubbers lead the league in total bases and in hits. But they have been at bat more than any other club and their run production is not the best by far.

● ● ●

Of course there is the fielding record to consider and here the Hubbers have been much more consistent. They are tops in double plays. They are third in passed balls. They are third in errors (least number). They are third in assists. And they are third in putouts. In other words, their defensive mechanism has been better than average. One of the reasons they have won 14 of their last 20 games is that the pitching staff suddenly came to life. Chris Haskins apparently inspired the hurlers to come out of the doldrums. It was time, too, for Manager Jackie Sullivan couldn't count on a single hurler going the route. If Royce Mills had had the stuff last night that he had Tuesday night, the Hubbers would have won the final Abilene game with space to spare.

● ● ●

Far be it from us to say anything about the umpiring in the league this year. It didn't do any good last year and we're sure that it won't this. But you ought to read comments from other loop points. Some of the articles have been almost libelous. It's agreed by almost all that the Blind Toms are blinder than ever this year. Most of the time the plate is round—no corners—and the batter has only one strike zone—the belt. Balls that disappear over the fences curve foul and chalk on the baseline dances only because the ball's speed and wind stirred up dust. And as for a batter being hit, Heaven forbid! He merely backed into it, twisted into it or walked into it. It's a sad year on umpires—and no one has declared an open season yet.

● ● ●

THE ROUNDUP: According to Clark Schooley, SMU is blanketing the area, so far as high school athletes are concerned. . . Pitcher Luke Hamilton of Amarillo has been suspended for violation of training rules. . . Thanks to Wayne Houser for two timely, humorous cartoons that have appeared in The Morning Avalanche . . . Paul Hinrichs still is having trouble. He couldn't hold a 2-1 lead and was yanked when he was beind 3-2 Tuesday night. . . Robert Willard of Rice has been signed by the Chicago Cubs. Willard was considered the top college catcher in Texas this year. He's been assigned to Decatur of the Three Eye League . . . Phil Rosenthal carried a portable radio to the game last night, listened to the Charles-Walcott fight. He suddenly called out that Charles' manager had collapsed. A fan sitting nearby brought down the house with "He probably bet everything on Walcott."

DALLAS GOLFER MEDALIST

FORT WORTH, June 23 (AP)—Championship play starts today in the 24th annual River Crest Country club invitation golf tournament. Bud McKinney, former Del Rio golfer now living in Dallas, took medalist honors yesterday with a three-under-par 67.

The Michigan State swimming team has won the Central Collegiate Conference crown for six consecutive years.

FOR GREATER PROTECTION and LONGER LASTING BEAUTY
Try COOK'S FAMOUS 2-COAT HOUSE PAINT System

From pigments to performance . . . everything about Cook's House Paint is better! Every advantage known to modern paint chemistry has been included.

A WHITER WHITE—THAT STAYS WHITE
Thru Self-Cleansing
Cook's House Paint provides a film that actually cleans itself through oxidation. With each rainfall, a microscopic layer of pigment is washed off leaving a clean, fresh white surface.

Cook's SUPERWHITE PRIMER
"One coat for the Wood" . . . that seals the surface, makes the second coat go further.
Cook's HOUSE PAINT

Czech Communists Clamp Wall Of Silence Around Archbishop

PRAGUE, Czechoslovakia, June 23. (AP)—Catholic priests said today that Czechoslovakia's Communist government apparently has succeeded in clamping a wall of silence around Archbishop Josef Beran.

The archbishop is in semi-captivity now in his palace in Prague. The informants said all their contacts with him had been broken off since last weekend.

Vatican informants and informed diplomatic sources here expressed the belief Archbishop Beran might be formally arrested at any time. The Communist regime has accused him of anti-state agitation. He has resisted the Communists' campaign to bring the church under state control and to crush the influence of the Vatican in Czechoslovakia.

Loopholes Are Sealed

According to the priests here, the Communists seem now to have sealed any loopholes through which the archbishop might smuggle another pastoral letter of defiance.

Last weekend Archbishop Beran emerged from the palace and made two sermons in which he accused the government of trying to split the church and crush religious freedom.

The Communists-sponsored Catholic action societ leadership defied Vatican excommunication last night and accused Beran and his followers of anti-state activity.

A similar charge was levelled against Archbishop Beran Tuesday night by Premier Antonin Zapotocky who warned that the law will take its course.

Government Denounced

Archbishop Beran and the Vatican have denounced the government-sponsored Catholic action on the grounds that it intends to split the church and permeate it with anti-Christian ideas.

Promoters and wilful followers of the separatist group which has taken the name of a church organization, have been declared automatically excommunicated by the Vatican.

Leaders loyal to Archbishop Beran declare many of the Catholics listed by the government as supporting the rival society have been threatened and misled or were listed without their knowledge.

Leaders of the group claimed last night that they were "loyal members of the Roman Catholic church who also wish to remain loyal to our beloved country."

The leaders claimed to speak for "millions" of Czechoslovakia's 9,000,000 Catholics. They called on the hierarchy in Czechoslovakia "not to hinder us and the Catholic people again in our endeavor for agreement and cooperation between church and state."

Victim Of Shooting Reported Improved

Billy Light, 9, of Post, who was accidentally shot in the throat Sunday by the bullet from a .22 calibre rifle, today was reported in "fair" condition in Lubbock Memorial hospital.

An attending physician reported earlier that the bullet passed through the youth's neck, injuring the spinal cord.

His condition was said to be serious, but no longer critical.

The boy was shot as he inspected the rifle with three other children in the home of T. E. Ford of Post. According to the Sheriff's office at Post, young Light asked to see the weapon which was hanging over a door in the Ford home. Joyce Ford, 11, took the rifle from its place and was demonstrating the cocking mechanism when the weapon fired. The rifle was thought to be unloaded at the time.

The injured youth is the son of Mrs. Willie Light, of Post, and F. E. Light, of Merkel.

Ford Proposal

(Continued from Page One)

er purchasing power was the only way to provide security.

The union's rejection went to Ford Vice President John S. Bugas, the company's industrial relations chief.

Conditions Are Cited

Reuther cited conditions in the textile and shoe industries.

"When you point out that certain industries are 'already affected badly'," he said, "it is not difficult to ascertain the reason.

"The textile and shoe industries are depressed because insecure auto and other workers cannot buy garments and shoes with their present wages at the artificially high price levels.

". . . Your answer to the question you pose is, in effect, to drag a healthy industry down into the same condition as a few others which in turn will drag other industries and perhaps a whole economy down with it."

Reuther said the union is sticking to its position as of March when it made its demands.

The union president said nothing had happened since then to change the UAW's position "except that increasing unemployment has made our demands all the more compelling and all the more essential to the stabilization of the economy."

Legislature

(Continued from Page One)

storm of controversy.

Dallas, San Antonio and Temple have all made bids for the institution, to be established as a branch of the University of Texas.

Debate, renewed late yesterday in the House, centered around a proposal by Sen. James E. Taylor of Kerens.

Rep. Jack Ridgeway of San Antonio keynoted the attack with a charge that the Taylor proposal was "a plot" to put the new medical school in Dallas.

Daily MARKETS

Stock Market

PRICES SHOW GAINS

NEW YORK, June 23. (AP)—The stock market gingerly stepped up the price ladder today.

Final prices showed gains of fractions to around a point, with most issues at or near the best levels of the day.

Turnover was around 700,000 shares.

Reo Motors and American Hide & Leather, responded to specific news developments with better-than-average gains.

Reo Motors gained around a point at one time following word of a $31,000,000 army contract, while American Hide added around a point after word of a year-end dividend.

Also up most of the day were Bethlehem Steel, General Motors, Chrysler, Studebaker, U. S. Rubber, Montgomery Ward, United Aircraft, Consolidated Edison, Commonwealth Edison, Kennecott Copper, American Smelting, American Can, Dow Chemical, Allied Chemical, Santa Fe, Southern Pacific, Sinclair Oil and Barnsdall Oil.

Pulling back a bit were Western Union, Cerro De Pasco, International Nickel, General Electric, Union Carbide, and Firestone Tire.

Cotton Market

NEW YORK REPORT

NEW YORK, June 23. (AP)—Cotton futures were irregular today, with the market generally under light pressure of profit taking and liquidation in nearby July.

The market's interest centered on nearby July futures with first notice day coming up this Friday. Traders looked for small tenders of cotton Friday.

Cotton futures declined into new low ground for the day in late dealings, influenced by nearby July liquidation.

Futures closed 10 cents to $1.00 a bale lower than the previous close.

	Open	High	Low	Close

Livestock

KANSAS CITY REPORT

KANSAS CITY, June 23. (AP)—Cattle 800; calves 200; good fed steers steady but indifferent demand for common and medium grades; average good 1,171 lb fed steers 26.25; medium to low good 24.50; common and medium 19.00-23.50; medium to low good yearling steers and heifers steady at 21.00-25.00; cows steady to 25 higher; common and medium beef cows 14.50-17.00; vealers and killing calves unchanged; good and choice vealers 23.00-25.00.

Hogs 1,500; active, uneven, 240-lbs down 25 higher; heavier weights and sows steady; top 21.25; good and choice 180-240 lbs 20.75-21.00; 250-290 lbs 19.50-20.50; sows 13.50-17.00.

Sheep 1,000; active, killing classes steady; good and choice native spring lambs 26.25; medium and good 22.00-25.00; good and choice clipped lambs with No. 1 and No. 2 skins 21.50; best slaughter ewes offered 8.50.

FORT WORTH REPORT

FORT WORTH, June 23. (AP)—Cattle 700; calves 300; slow, steady; cull to medium slaughter steers and yearlings 17.00-22.75; 1,100 lb steers 22.75; good yearlings up to 24.00; beef cows 13.50-17.00; good and choice fat calves 22.00-25.00; plain and medium calves 14.00-21.00; stocker yearlings 17.00-21.00; stocker calves 17.00-24.00.

Hogs active, general run fully 50c up; feeder pigs steady; extra top 21.75 for a few choice butchers; good and choice 190-270 lb 21.50; good and choice 150-185 lb and few good choice 275-350 lb 19.50-21.25; sows 16.00-17.50; feeder pigs 16.00-19.00.

Sheep 2,500; active and strong; some spring lambs higher; medium to choice spring lambs 22.50-23.50; medium and good shorn slaughter yearlings 18.00-20.00; two-year-old wethers 16.00-18.00; good feeder spring lambs 20.00-21.00; medium and good feeder spring lambs 20.00-21.00; medium and good feeder yearlings 15.00-17.50.

Grain Market

CHICAGO REPORT

CHICAGO, June 23. (AP)—A little increase in hedging pressure served to send wheat lower on the board of trade today. The bread cereal was down more than a cent most of the session, showing little rallying power.

Corn and oats also sank, largest losses being recorded by the July contracts. Deferred months lost only minor fractions.

Wheat closed 1¼-1⅝ lower, July $1.97⅞-⅞, corn was ⅛-¾ lower, July $1.33¾-¾, oats were ⅝ to 1 cent lower, July 55¾-.60.

FORT WORTH REPORT

FORT WORTH, June 23. (AP)—Wheat No. 1 hard 3.03¾-11¾.
Oats No. 2 white 85-85½.
Corn oN. 2 white 1.73¾-74¼.
Sorghums No. 2 yellow milo per 100 lbs 2.20-2.30.

Produce

CHICAGO REPORT

CHICAGO, June 23. (AP)—Produce:
Live poultry: 38 trucks. Hens unsettled; chickens steady. Hens: colored, heavy 25, light 24; hybrid 23, bareback 16½.
Butter: 874,320 pounds. Steady to firm. 93 score 58½ cents a pound; 92 score 58½; 90 score 58; 89 score 57½. Carlots 90 score 57; 89 score 53½.
Eggs (browns and whites): 12,711 cases. Unsettled. Extras 69 per cent A and over unquoted; 60 to 68.9 per cent A 42 cents a dozen; standards 41 to 44; current receipts 40½; dirties 39; checks 38½.

MARKETS AT A GLANCE

NEW YORK, June 24 (AP)—
STOCKS—Higher; trading slow.
BONDS — Mixed; selective selling in rails.
COTTON—Irregular; profit taking in nearby July.
CHICAGO:
WHEAT—Weak; increase in hedging pressure.
CORN — Easy with other grains.
OATS—Easy; cash receipts large.
HOGS—Generally 25 cents higher; practical top $21.75.
CATTLE — Unevenly 50 cents lower to 25 cents higher; top $28.50.

Houston Holdup

(Continued from Page One)

two men, said a table and two chairs were shoved against the door and under the door-knob, effectively jamming it.

Ziegler said his loss included two cocktail rings, a pair of emerald ear rings, two emerald dinner rings, and four packages of loose diamonds weighin gabout 20 carats. Also missing was $130 in cash.

Rodeo Opens

(Continued from Page One)

provide for the visitors.

Frank Szydloski is general chairman of the rodeo and has kept his committee busy all week decorating the city with flags and getting every one into the spirit of "Western Week."

The rodeo will be held this afternoon, tonight, Friday and Saturday nights.

Evidence Is Heard In Damages Action

Evidence in the damages action of Will Jackson and others against James C. O'Neill was being heard this afternoon by 72nd District Judge Dan Blair and a petit jury.

The jury was completed just before noon, and pleadings read. Judge Blair excused the remainder of his jury panel for the week.

The jury is composed of J. M. Degan, Thord Dockray, O. A. Chilcutt, H. H. English, E. D. Buck, Don Reeder, S. S. Buckner, D. C. Rogers, J. A. Giles, J. P. Elms, Ben Klattenhoff, and Ike Davis.

Counsel is: The firm of Boling, Smith and Allen for the plaintiffs, the firm of Nelson and McCleskey for the defendant.

A 72nd district civil jury—which heard evidence in the $150,000 consolidated damages action of Manuel Eduardo Gomez, sr., individually and as next friend of Manuel Eduardo Gomez, jr., against Benjamin L. B. Whisenant and others—returned answers to 44 special issues to Judge Dan Blair at 6:40 p. m. Wednesday.

Based upon the jury's answers to the special issues involved, it was indicated that the defendants would move for judgment, counsel for the defense said last night.

Mrs. Thornton, 75, Dies In Hospital

Mrs. Arthur H. Thornton, 75, of 1518 Twenty-fifth, retired teacher and widow of a former president of Goodnight Baptist college, died at 11:15 today in Lubbock Memorial hospital after a short illness.

Mrs. Thornton, born in Tehuacana, Tex., had lived in Lubbock since 1924. She was a graduate of Trinity university, and taught in Lubbock junior high schools for about 10 years prior to her retirement. She was a member of the First Presbyterian church.

Funeral services are to be held at 10 a. m. Friday in the First Presbyterian church. Dr. Jack Lewis, pastor, will officiate.

The body will be taken overland to Memphis, Tex., for burial there, Rix Funeral home reported.

Survivors include two daughters, Mrs. Charles Whitacre and Mrs. J. M. Elliott, jr., both of Lubbock; three granddaughters, Miss Louise Elliott and Mrs. John Hampton, both of Lubbock, and Mrs. Henry Roberts, Boulder, Colo.; and three great-grandchildren.

Lubbock Rents

(Continued from Page One)

24-months decontrol and I presume there will be some this time, probably more than before, judging from the statements of landowners in this office."

Mrs. E. C. DeBusk of Idalou, who owns rental property in Lubbock, expressed belief that there is no shortage of rental units in Lubbock at the present, and that people will be encouraged to build more units when they know that the government will not tell them what to rent it for.

"I have five vacancies in Lubbock now," Mrs. DeBusk said. "The removal of rent control will not affect my property. There may be slight increases on some property that has been very low, and there may be decreases in others."

"I think if the controls had been removed two years ago, Lubbock would have a lot more apartments than it has now. I believe people in Lubbock will be fair about it."

Harold Chapman of J. W. Chapman and Sons, realtors, said, "It won't affect our property one bit. We won't make any increases on our property.

"I think it is a good healthy picture for Lubbock. I believe it will make property that now stands vacant available for renting.

"A few will go up. For example, we manage some property for clients that may be increased slightly. One duplex under rent control brings $35 a month although it is worth $12,000 or more. In that case the rent might be raised a few dollars a month."

Plans No Increases

Dr. Sam G. Dunn, who owns 61 units under rent control, said "It won't have an effect at all on my property. I don't plan any increases at all."

John Spikes, Lubbock property owner and realtor, believes some readjustment man occur, he indicated at noon today.

"I believe there will be some readjustment. There may be a few 'gougers' but I believe they will be very few. Some units under control should have had an adjustment, because in some cases the rent did not pay for taxes and expenses on the property. I believe it is a good thing."

The long-range good effects of the decontrol move were pointed out by T. E. (Chief) May, who owns apartments under rent control.

"I don't think it will make any material difference in rental prices," Mr. May said. "A few may go up a few dollars. I think most people will be reasonable

"It will be a good thing in that it will release over 900 vacant houses and probably make some of them available for renting. It will also encourage people to build more rental units, and rental units are already getting more plentiful."

Pioneer Resident Of Texas Death Victim

DALLAS, June 23. (AP)—Mrs. Mary Fletcher Shaeffer, a southern plantation belle, whose memories of the Civil war were vivid, died at the age of 102 years here yesterday.

She was born near Columbus, Miss. She and her husband, Brett Randolph Shaeffer, a Confederate army surgeon, came to Texas in 1867.

They settled in Lamar county near Paris. Mrs. Shaeffer came to Dallas seven years ago.

Services will be held tomorrow.

Strike Plans Are Defeated

WASHINGTON, June 23 (AP)—Both its friends and foes today predicted a close Senate vote on whether to keep the Taft-Hartley law's injunction provision against critical strikes.

Backers of the injunction won a pair of preliminary victories late yesterday when the Senate soundly defeated two other plans for dealing with strikes which threaten the national welfare.

But the senators in that pro-injunction group said they are keeping their fingers crossed. And those opposed to the injunction method declared they still are in the running.

Close Vote Agreed

Senate Democratic leader Lucas (Ill), one of those against the Taft-Hartley provision, put it this way:

"The vote is going to be very close, and I think we have a chance to beat the injunction."

On the other side, Senator George (D-Ga) said:

"I think those of us who want to retain the injunction have a slight edge, but the vote is going to be very, very close."

In yesterday's balloting, the Senate first rejected, 55 to 27, the Douglas-Aiken plan for handling national emergency labor disputes. It calls for authorizing government seizure of struck plants for up to 90 days.

Because of a peculiar parliamentary situation, that plan was due for a second vote, perhaps today. Its backers expected it to pick up quite few votes on the second round, with the issue narrowed to a choice between seizure and the injunction.

Ives Plan Swamped

After batting down the first round amendment offered by Senators Douglas (D-Ill) and Aiken (R-Vt), the Senate next swamped a national emergency plan sponsored by Senator Ives (R-NY). The vote was 67 to 13.

Under the Ives amendment, Congress would have been required to deal separately with each critical strike.

Thornton Slain

(Continued from Page One)

other similar blow was landed in the back of the head.

Thornton owned the U. S. Torpedo company here, and this was his base of operations for oil well "shooting" the world over.

Most of his work was done in Texas and the Southwest, but he had been called on to perform his highly-skilled job in Poland, South America and other faraway lands. He had helped extinguish many major oil and gas well fires.

Survivors Are Listed

Survivors include Thornton's wife, Sarah; one son, Charles Bates Thornton of Los Angeles; two brothers, Van of Goree, Tex., and Dude of Seagraves, and three sisters, Mrs. Illa West of Fort Worth; Mrs. Howe Ratliff of Bowie and Mrs. Bob Gilliland of Odessa.

Police said there was no sign of a struggle in the tourist court room.

Thornton was one of a handful of explosives experts who risked death to extinguish oil and gas well fires.

Clad in an asbestos suit, he would walk right up to a wild, blazing well, carrying the charge of explosives to knock out the fire.

Heroic Feat Recalled

He came to Amarillo from Electra in 1920, and it was soon after that he became nationally known through a heroic feat.

In the Borger field in Hutchinson county, he lowered a charge of explosives into a well.

Pressure suddenly developed.

The charge was blown out of the hole, into the air.

Tex managed to catch the charge of explosives in his arms, breaking its fall and saving the lives of workmen on the scene as well as his own.

SON OF TEX THORNTON WELL KNOWN IN CITY

Charles Bates Thornton, whose father was found slain in Amarillo today, is well known in Lubbock. He is a former student of Texas Tech and delivered the commencement address to 1949 seniors of the college in June. He is executive vice president of the Hughes Aircraft company in Los Angeles.

Airline Pilot

(Continued from Page One)

and his human cargo.

The big airliner took off at 1:10 p. m. on the Memphis-Nashville leg of a flight from Fort Worth, Texas, to New York. A minute and a half later the passengers were crawling from the wrecked, smoking ship.

Hatch said the plane was barely airborne when he saw one engine had quit and was smoking. He knew he had to crash-land, and he had about a minute to do it.

Mechanically, he picked a clear spot about the size of a football field lined with trees on the left and a row of partly-built houses on the right and blocked by a high-tension wire on the near end.

Flew Under Wire

The pilot brought the fast-falling plane to the end of the clear area just low enough to get under the wire. With an iron hand he held the lurching, smoking ship off the ground just long enough to thread it under the wire, then let it drop and skid to a stop 125 feet short of two houses at the end of the tiny clearing.

Had the plane hit the power line the entire human load might have been electrocuted.

Hatch was dazed in the crash, and he and his co-pliot, Norman E. Lundeen of Memphis, were temporarily trapped in the cabin by a pile of falling luggage.

But the pretty, 22-year-old stewardess had already gone into action.

The plane had hardly skidded to a stop before Miss Hanavan got two men to open the emergency window and began taking the passengers out through that opening and a hole that was ripped in the right side up front.

Congratulations to:

Mr. and Mrs. A. L. Mattos of 1634 Seventeenth on birth of a son weighing 7 pounds 10½ ounces at 4:18 p.m. Wednesday in Lubbock Memorial hospital. The father is employed by Lester's jewelers.

Mr. and Mrs. C. O. Wilkinson of 905 East Sixteenth on birth of a son weighing 3 pounds 13¾ ounces at 9:10 p.m. Wednesday in West Texas hospital. The father is employed by Burrus elevators.

Mr. and Mrs. Roy Bailey of Abernathy on birth of a daughter at 1:10 a. m. today in Lubbock Memorial hospital. The father is a light plant employee.

Mr. and Mrs. William Haggard of 3409 Twenty-sixth on birth of a son weighing 8 pounds 5 ounces at 3:26 a. m. today in Lubbock Memorial hospital. The father is a feed store operator.

Mr. and Mrs. O. R. Cannon of Idalou route 1 on birth of a daughter weighing 7 pounds 7 ounces at 9:05 a. m. today in West Texas hospital. The father is a farmer.

Combine Shortage In Texas Still Problem

AMARILLO, June 23. (U.P.) — Texas wheat farmers today still battled a combine shortage, although the peak of the crisis apparently was past.

Nine counties reported a need for 223 combines. They were Randall, Armstrong, Carson, Hansford, Ochiltree, Lipscomb, Hale, Briscoe and Swisher.

Rains again threatened delays in some areas. Operations in Hansford county were at a standstill yesterday because of rainfall totaling more than one inch.

Yields in the Panhandle and South Plains were heavier than the early-cutting in north Central Texas counties.

Reports of 35 to 45 bushels per acre came from Abernathy, Ralls and Crosbyton.

Rent Decontrol

(Continued from Page One)

I also point out that if landlords, by charging inordinate rents, cause or contribute to a housing emergency, House bill 808 stresses that the existence of a housing emergency authorizes the governing body of a city or town to enact local rent controls."

Jester requested the opinion from Daniel after Federal Housing Expediter Tighe Woods flew here to ask that the bill be vetoed. Woods questioned the legality of a provision of the bill authorizing cities to re-establish their own rent controls if they find it necessary to deal with a housing emergency.

Daniel told the governor by letter that the bill "will legally and constitutionally end federal rent control in Texas."

Air Crash

(Continued from Page One)

of persons on the waterfront saw the big ship belch smoke and flame and plunge to disaster.

The KLM liner, nearing its destination after a flight from the other side of the world, inexplicably burst into flames over the harbor. Witnesses said it fell apart, with wings and tail section breaking away and leaving the fuselage to drop as a deadweight.

Documents recovered from the water showed that the big ship left the Dutch East Indies Tuesday. It last touched ground at Athens, from where it took off this morning.

Belching smoke and flame, it plunged into the sea in full view of thousands of persons on the waterfront promenade which stretches for miles along the sea, and is a busy thoroughfare.

Rough, running seas badly hampered salvage of operations. Officials said it might be several days before the flame-scarred fuselage could be brought to the surface.

Officials reported that they had determined that two of the women were stewardesses, and that one man's name was Van Hasselt. Otherwise the makeup of the casualty list was unknown in the first hours after the crash. Some Americans were said to have been aboard.

Identity Was In Doubt

For some time after the crash, the identity of the plane was unknown. Rome headquarters of the Dutch line said no plane was scheduled to be flying in this region today.

A spokesman raised the possibility that it was a KLM plane chartered to the United Nations. KLM furnishes transports for UN flights in this part of the world. The possibility was eliminated later by word of the plane's origin and destination.

Farm Plan

(Continued from Page One)

uing the present 90 per cent program and suspending the Aiken law so we can have time to work out a real program."

The bill approved by the subcommittee goes before the full committee today.

Brannan has indicated he would like to try out the "production payment" plan first on hogs, potatoes and wool. The subcommittee banned any experimenting with wool, milk or butterfat, but gave him a clear field otherwise.

Under the production payments proposal, prices of perishable crops would be permitted to drop to whatever the market would pay. Then the government would pay subsidies to farmers to make up the difference between the market price and the parity-of-income level. This, Brannan contended, would mean cheaper food and a fair return for farmers.

The plan has been attacked by some farm organizations as a "dole."

Big Spring Man Is Nominated For Post

AUSTIN, June 23. (AP) — Gov. Jester today asked the Senate to allow him to withdraw his appointment of E. V. Spence of Big Spring as chairman of the state board of water engineers.

At the same time, the governor submitted Spence's name for confirmation as interstate compact commissioner.

GIRL IS SHOT—While riding a bicycle less than 100 feet from her home in Roseville, Mich., Pauline Roberge, 15, was struck by three bullets fired from a speeding automobile by unknown assailants.

Damage Mounts In Coast Brush Fire

LOS ANGELES, June 23. (AP)—Blackened orchard trees and oil derricks marked the path today of a raging brush fire near Whittier that was brought under control after covering some 2,000 acres.

The blaze, which started yesterday, destroyed at least 12 derricks, and three big oil storage tanks.

COURTS TO GET TANGLED CASE

Girl, 15, Charged In Murder Of Baby; Step-Brother Held

SALINAS, Calif., June 23. (AP)—A 17-year-old boy offered to marry his 15-year-old step-sister today—if it would solve these family troubles:

A first degree murder charge against Hortense Ramos, the girl. She is accused of killing her second baby by the youth, Robert Kovac.

A charge against Robert of illegal disposition of the baby's body.

Charges of contributing to the delinquency of minors — filed against Robert's father, John Kovac, 36, and the father's wife, Eva Ramos Kovac, 34. Mrs. Kovac is Hortense's mother.

Courts To Decide

Authorities were sympathetic. But they said Robert's offer was too late; the courts must decide.

The children are in juvenile detention home, awaiting hearing next week. Kovac was held in lieu of $500 bail. His wife was released on her recognizance—to care for her own 3-months-old son, and Hortense's 13-month-old son.

Deputy Sheriff Ed Harris told this story:

Hortense's second child was born about two weeks ago. Her parents were at work—her father in a store; her mother in a laundry. Robert also was employed at the store. The elder Kovac had not noticed the girl was pregnant.

"The girl was scared and didn't know what to do," Harris said. "She had the child all by herself, unattended.

"She beat the baby to death with a doll she had played with for years. Then she wrapped the body in a sheet and placed it in a box under her bed.

Legal Action Planned

"The baby's corpse remained there until the following evening. Then the girl and boy put it in a three gallon can and dropped it alongside a road six miles south of Salinas.

"It was discovered by field workers who called us to investigate.

"All we had to do was trace the laundry mark on the sheet and we found the home and the girl—still scared."

Arrests of the four followed as the case developed.

Harris said Hortense and Robert "were the victims of circumstances. It's a pathetic case and you can't help feeling sorry for that girl."

He explained that the family of seven (the seventh is a grandmother) had only a three room house—and that Robert and Hortense shared one room.

Of Robert's offer to marry his stepsister, juvenile officer Phil Crocker said:

"You can't whitewash something like this. Yet it puts all of us on the spot. We are compelled by law to go through legal channels."

Sing Sing Convict Used As "Guinea Pig"

Prisoner Risks His Life To Help Write Medical History

(By The Associated Press)

OSSINING, N. Y., June 23. By gambling with his life, a Sing Sing prisoner has helped write recent medical history.

Even today, doctors are waiting to see if he will live or die as a result of the latest experiment for which he volunteered.

The dramatic role that 49-year-old Louis Boy has played in major medical tests was detailed yesterday for the first time.

Some of his deeds had been told previously, but he had remained anonymous. And authorities had not disclosed that the same man had figured in several tests—any of which might have killed him.

Boy is serving a life term for his part in the 1931 murder of a garage cashier during a New York City holdup. He was convicted with two other men. They were sentenced to electrocution, but Boy's sentence was commuted in 1932 by then Gov. Franklin D. Roosevelt.

In 1942, the government was testing atabrine as a weapon against malaria. To determine if the drug was poisonous, Boy volunteered to take it. It didn't hurt him. Later, millions of American service men in the war used the drug to stave off malaria.

In 1943, a "guinea pig" was needed on which to test a new influenza vaccine developed by the Rockefeller institute. Boy again volunteered, and escaped possible death.

Several weeks ago, in a last ditch attempt by doctors to save the life of a small girl dying of Leukemia, Boy submitted to a blood exchange during which he took a quantity of the child's infected blood into his own body.

The girl later died. Doctors say Boy seems all right, but it may be months before they know if he will survive.

DEBATE CONTINUES IN HOUSE

Demos See Victory For Housing Plans

(By The Associated Press)

WASHINGTON, June 23—Administration Democrats confidently predicted victory as the slam-bang House debate on public housing—which started off with a fist fight—went into its second day.

House leaders claimed a margin of 30 votes for President Truman's hotly contested housing bill, one of the major domestic points of his "fair deal" legislative program.

Speaker Rayburn (D-Tex) told reporters the administration is sure to win.

Opposition Stand Uncertain

However, lawmakers spearheading an opposition team of Republicans and southern Democrats insisted the issue is still in doubt. Rep. Halleck (R-Ind) said Republicans may have a substitute ready when voting begins, probably tomorrow.

The opposition appeared split over whether to make an all-out fight to kill housing legislation for this year, or offer a substitute. One suggested compromise would take out of the bill all authority for the government to finance publicly-owned homes that low-income families could rent.

Halleck said some Republicans are discussing compromise, but he added that if a substitute is offered "there will be no surrender on fundamental principles."

Opponents shouted "socialism" at the bill yesterday as floor debate opened, and cried that the administration proposal imperils the financial soundness of the government.

They quoted time and again from the Saturday speech of James F. Byrnes, in which the former Truman cabinet member warned against "statism" and "economic slavery," and declared "our first line of defense is a sound, solvent American economy."

The bill's backers — including some Republicans — kept up a running argument that billions put into publicly-owned housing would be a good investment in better citizenship, by reducing juvenile delinquency and crime, improving health, and instilling confidence in democracy.

The legislation proposes a vast program of slum clearance, low-rent public housing and farm housing aids. Its cost has been estimated all the way from $7,500,000,000 to $20,000,000,000.

The tension broke into a fist-swinging brawl yesterday. The principals were the 83-year-old dean of the House, Rep Sabath (D-Ill), a stout supporters of the bill, and Rep. Cox (D-Ga), 69, a bitter opponent.

Depot Is Smashed By Wrecked Train

DANVILLE, O., June 23. (U.P.)—A fast, Pennsylvania railroad diesel freight train derailed here today, smashing the depot building and strewing cars in a nearby creek.

The state highway patrol said a small girl suffered minor injuries when one freight car smashed eight feet into the depot building. Her mother escaped injuries.

A witness at the depot said the car smashed a new automobile before it hit the depot. The other 15 freight cars were thrown into a nearby creek.

Railroad officials said the cause of the wreck could not be determined immediately.

HST OKAYS FUNDS

WASHINGTON, June 23. (AP)—President Truman today signed a bill giving House members an additional $3,000 each for clerk hire and $500 a year for telephone and telegraph messages.

Chile cut luxury taxes on cars.

Lubbock Farmer Is Claimed By Death

Francis Troy Northington, 58, farmer of Lubbock route 7 on the Brownfield highway, died at West Texas hospital at 9:15 o'clock this morning.

The body was taken to Plains Funeral home, where arrangements were incomplete early this afternoon.

Survivors include the wife and one son, the funeral home said.

Mr. Northington was admitted to the hospital June 3 for treatment of a heart condition.

He had lived in Lubbock county about three years.

Man Is Charged In Slaying Of Mother

DALLAS, June 23. (AP)—Murder charges were filed late yesterday against L. D. Decker in the fatal beating of his blind and crippled 85-year-old mother.

Decker was charged with murder in Justice of the Peace Pierce McBride's court.

City Detective Jimmie Bohart said the aged woman was beaten today with a claw hammer.

Man Is Charged In Dumas Assault Case

DUMAS, June 23. (U.P.) — Otis Hardwick, 47, who was exonerated last April 12 on a murder charge, was back in the Moore county jail today on a charge of assault and attempt to murder.

Robert Lily, manager of a Dumas lumber company and victim of the attack, signed the complaint. He was in a Dumas hospital for treatment of severe lacerations about the head, mouth and chest. Hospital attendants said 154 stitches were required to close Lily's wounds.

Lily said he was attacked in his office shortly after midnight yesterday.

Suspect In Lamesa Hijacking Returned

LAMESA, June 23 (Special)—Dawson County Sheriff Roy Kina and J. L. Rogers, a Texas ranger, returned today from Ada, Okla., with Eugene Brown, Ada youth under indictment charging robbery with firearms.

He had declined to waive extradition, so a governor's warrant was procured.

Brown allegedly took part in the holdup and kidnaping May 21 of Leon Edwards, a Lamesa service station attendant. Two other Ada men, Louis Eugene Ables and Earl Sidney Abbott, are held here in lieu of $10,000 bail in similar charges.

A fourth suspect is still sought.

Torture Of Church Leaders Reported

VATICAN CITY, June 23. (AP)—A Vatican source said today that two leading bishops of the outlawed Uniate church in Romania have been put to torture by Communist officials in an effort to break their allegiance to Pope Pius XII.

The Uniate church is a Romanian branch of the Roman Catholic faith. It was dissolved by the Romanian government last December.

The source said the Communist regime in Romania is bent upon "wiping out the two branches of the Roman Catholic faith there, from the ground up, and with the use of every means of terror, oppression and pressure."

NEW POLIO PATIENT

PLAINVIEW, June 23 (U.P.)—The 13th patient has been admitted to the West Texas polio center here. The latest victim was a seven-year-old boy whose parents live at Claude.

MOTHER, BOYS, DOG ARE CREW

Dallas Family Building Own Home For Something To Do

By H. SMITH JOHNSON
United Press Staff Writer

DALLAS, June 23 — Mr. and Mrs. Walter J. Biederman and their sons—and their dog—found time weighing heavy on their hands.

They got tired of going to the movies every night or just sitting home doing nothing.

What to do? Build a house, they decided. Neither Mr. nor Mrs. B. had any experience as housebuilders, and their sons are too young for that sort of thing.

And the dog, "Zipper," well, he knew very little about houses — except, of course, doghouses.

Dog Stands Guard

But mom, pop and the three boys—given an assist by Zipper, who stands guard over the family's building materials during the night and takes a lively interest when the hammering and sawing and fitting goes on—are getting along well in the house construction business.

Biderman's livelihood comes from his job as a chemist for the city water department.

Mrs. Biderman, until she became chief assistant to her husband in the project, found her hands full taking care of the boys —David, 9; Alan, 7, and Glenn, 4.

They own one house already, but they're going to take over the new one—on an adjoining lot to the present home—when it's finished, in the early fall.

At Half Cost

Biederman and the family are doing all the work. He said today he figures the 6-room house —with three bedrooms, and two baths—will cost him $4,000. To have it built by contract would cost $8,000 to $9,000 by present Dallas standards, he figured.

Mrs. Biederman explained the idea of the house was born last winter.

"We got tired of going to the show or loafing around doing nothing, so we decided to do something constructive," she said.

The new house has gone up slowly. The Biedermans started working on it in April. By this week, they had raised the superstructure—the bare skeleton of raw lumber sans roof—and were ready to begin sheet work.

Works Until Dark

The family group has done all the work. When Biederman comes home from the chemist's shop at the water plant each afternoon, he goes to work—nailing up sections which Mrs. Biederman and the boys have sawed, to his specifications, during the day.

He works until dark, then goes into the garage, plotting his next evening's work and marking up the pieces of wood that he wants sawed and ready.

The house doesn't look like much now, and Mrs. Biederman says that when its finished its going to be "just a house, and that's all."

But they're going to move in when its finished, sometime in the early fall.

"It's going to be big and roomy —three bedrooms and two baths," she said.

"We need that much room with three boys ad a dog."

"ROGER AND OVER"—Dean Albert Meder, marshal of Rutgers University's commencement procession in New Brunswick, N. J., has to resort to GI methods to maneuver the school's largest graduating class—1666. He keeps in touch with student marshals over a two-way walkie-talkie.

The Portuguese man-of-war is a jellyfish made up of a group of small animals attached to a single float.

Monarch butterflies are seldom eaten by birds because they have a bad-tasting chemical in their bodies.

Wichita Falls Still Needs Police Chief After Council Clash

WICHITA FALLS, June 23. (AP) —Wichita Falls still has no police chief.

A deadlock between Mayor Harold Jones and the city council on the replacement of Chris Jensen was not settled by a straw vote of the police department itself last night.

Twice the council has voted to oust Jensen. Each time he has taken his case to court. The latest ruling by District Judge Frank Ikard blocked the council's choice of traffic officer R. A. Nelson for the post. It involved a question of who had executive powers.

No Action Taken

Yesterday, the mayor and council informally agreed to accept the decision by the police department. After Capt. S. J. (Baker) Lawrence received 38 of the 51 votes cast, the council met and adjourned with no action.

Nelson received five votes; Jensen none.

Alderman J. R. Ray talked of "compromise," but the mayor, who has offered Lawrence's name before, said he would re-submit his nomination.

Lawrence, 32, was a nominee of Jensen for his captaincy. Nelson, 36, is a long-time foe of the demoted chief.

The dispute began in 1947 when Jensen discharged Police Capt. Ed McDonald, charging "insubordination," and demoted several other officers, including Nelson, on the same charges.

Candidates for city council posts in both 1948 and 1949 became involved in the dispute. The present council was completed in last year's election.

Invasion Move Again Crushed

HAVANA, Cuba, June 23. (AP) — A Dominican government broadcast said last night a third attempt to land revolutionary invaders in the republic by plane had been crushed.

Eight of the invaders were killed and four captured, the broadcast said. Horacio Jilio Hornes, "chief of operations" for the rebels, was reported among the captives.

President Rafael Trujillo previously said the revolution had been crushed after two planeloads of invaders who landed Sunday night had been wiped out.

Warning Broadcast

The broadcast last night gave this warning:

"Arevalo (President Juan Arevalo of Guatemala) should be very careful, for if he bombs the Dominican Republic, we are going to reply to him with another bombing. We have elements to do it, and if he continues provoking we shall answer him."

Guatemalan Foreign Minister Munoz Meany denied in Guatemala City that his country was involved in the Dominican incident.

Reports from Ciudad Turjillo, Dominican capital, said all was quiet. Troops, however, paraded in full combat equipment, it was said, in observance of army day. President Trujillo was said to have made a 130-mile motor trip through the northern region as a gesture that normal conditions prevailed.

Cuban Police Act

Cuban police yesterday closed the offices of the Caribbean Democratic action, an organization said to be enlisting men for service against the Dominican government.

A statement, purportedly made by Hornes, was issued in Ciudad Trujillo last night. Published in the newspaper Diario de Caribe in Santiago, it said:

Hornes and his comrades had been deceived by the planners of the invasion.

The heads of the movement led those who took part to believe they were participating in a "fabulous expedition" with many planes.

The organizers of the invasion were "cowardly and irresponsible."

President Rafael Trujillo has ordered that the safety of Hornes and his captured comrades be assured.

The statement did not identify the organizers of the expedition nor the place from which it was launched.

CECIL PASCHALL AND CHAMPION

The rector of Corringham, England, has appealed to parishioners using the church not to spill beer on the piano.

Lubbock Cocker Spaniel Wins Honors At Albuquerque Show

The first Lubbock cocker spaniel to win designation of champion is Coleta's Ebony Rocket, which was judged best in the show over dogs from six states at the New Mexico Cocker Spaniel club show in Albuquerque, N. M. Sunday.

The 22-month-old dog is from Coleta's Cocker Kennels of Mr. and Mrs. Cecil Paschall of 1520 Twenty-sixth.

Lacked One Point

When entered in the New Mexico show, "Rocky," as the dog is called by its owners, lacked only one point becoming a champion, under the point plan of the American Kennel club. The dog won three points in the show.

A dog must receive its points in competition with a specified number of dogs in different shows and finds stiff competition in the way before a championship can be reached.

"Rocky" is the first cocker champion in the area from Fort Worth to Tucson, Ariz.

Dogs were judged at Albuquerque by Paul Berlowitz of Oklahoma City. "Rocky" previously had received points toward the championship at Tulsa, Baton Rouge, Port Arthur, Beaumont, Dallas and San Antonio. He was the only black cocker in Texas to win points in shows at those places this spring.

Others Are Winners

The dog was sired by Champion Murray's Black Rocket of Fort Worth.

Coleta's Cream Puff, a buff female also owned by the Paschalls, won the best of variety trophy and two points. Reserve in black dogs was won by Coleta's Little Sir Echo, a seven-month-old puppy sired by "Rocky." Coleta's Dardanella also won in its class in black females six to nine months old.

Coleta's Cream Puff, Coleta's Little Sir Echo and Coleta's Dardanella will be shown Friday in Colorado Springs and Sunday in Cheyenne, Wyoming.

At the Albuquerque show, the best in show trophy was presented by Clyde Tingley, former governor of New Mexico.

After the show, 70 exhibitors attended dinner served by the New Mexico club at the home of Mr. and Mrs. A. L. Gleason. Among those attending were Mr and Mrs. Harold Ball, formerly of Lubbock, and now of Las Cruces, N. M.

HIGH PRESSURE STUFF

WILLIAMSPORT, Pa., (AP)—The sales force of a downtown clothing store here got a lesson in salesmanship from a little girl selling "Buddy Poppies". After she had sold one of the flowers to each of the clerks and had started out the door, she turned and asked, "How about buying one for each of the dummies in the window?"

India may fix a minimum wage limit for farm labor.

Cost Of Meat Shows Decline

(By The Associated Press)

Lambs and pork prices dropped several cents a pound this week in many marketing centers, reflecting last week's sharp decline at wholesale.

Beef, veal and poultry also were a little lower. Eggs edged upward slightly. Butter was about unchanged. And on the produce counters, canteloupes led a long list of fruits and vegetables cheaper this week, with only tomatoes generally higher.

Survey Of Prices

A survey of competitive chain store prices across the country showed loin lamb chops down as much as 20 cents a pound in some places, and the average decline around 9 cents. Meat spokesmen said the high prices of the past several weeks had virtually priced lamb out of the market for the average housewife, and the present downtrend resulted from consumer price resistance plus larger receipts from Virginia, Kentucky and Tennessee.

The pork price declines ranged from two to 10 cents a pound, but there were indications the downswing was levelling off.

Meat buyers said hot weather in many sections of the country was keeping demand slow on meats which require long cooking.

Demand for canteloupes and watermelons was brisk, but shipments of these hot-weather specials were heavy enough to send prices skidding.

FINE SALARIES

Trained secretaries now earn from $2000 to $2500. Urgent demand for graduates at $1600 to $1800. Day, night. Bulletin 5 free.

143 Die In Japanese Storm; 206 Missing

TOKYO, June 23. (AP) — Rural police today set the official death toll in Tuesday's devastating typhoon in southern Japan at 143 persons.

Still missing were 206 persons, all Japanese. Some 840 others previously reported missing were found.

Still unreported are 93 passengers and crewmen of the ferry boat Aoba Maru which foundered in the Inland sea.

Thirty-four bodies of the ferry victims have been recovered. An American and three Japanese aboard the ferry were rescued.

Most of the dead were from Kyushu, Shikoku and Southern Honshu islands.

In Western Germany, 600 small handicraft producers organized an export association.

New Senate Hopefuls Found

State Leaders Close Session

COLORADO SPRINGS, Colo., June 23. (AP)—A crop of senatorial candidates appeared to be sprouting today as the nation's governors ended their 41st annual conference.

At least three members—including the new conference chairman, Kansas' Republican Gov. Frank Carlson—are being counted here as probable entrants in next year's Senate races.

Pennsylvania's Republican Gov. James H. Duff and Colorado's Democratic Gov. Lee Knous are linked with Carlson as likely candidates.

Dewey Plans Unknown

But nobody professed to know anything about the future plans of New York's Gov. Thomas E. Dewey, the 1948 GOP presidential nominee. Best bet was that if Dewey runs again at all, it will be for re-election as governor next year.

Dewey's running mate on last year's ticket, California's Gov. Earl Warren, is being listed as almost certain to seek re-election.

Friends said they are willing to bet that Ohio's Democratic Gov. Frank Lausche, sometimes talked as a possible opponent for Republican Senator Robert A. Taft, instead will run for governor again.

Carlson, chosen to head the governors during the next year, is expected to become a candidate for the seat of Senator Clyde Reed, Republican who has given some indication that he might quit but hasn't made a final decision.

Almost Certain To Run

Duff is almost certain to go after the Republican nomination in Pennsylvania to oppose Senator Francis Myers, the assistant Democratic leader, in the general election.

Friends are talking up Knous as a possible Democratic nominee to oppose Senator Eugene Millikin, chairman of the GOP Senate conference.

None on the three governors, however, would admit publicly that they are eyeing the Senate. All took active parts in the three days of conference debates which ended with passage of a series of resolutions.

In one of these, the governors gave a general endorsement to the administration's foreign policies, including support of the United Nations, the European recovery program and the North Atlantic pact.

Urge Senate Action

The resolution's call for Senate action "to implement the pact and to give it full force and effect" generally was regarded as indirect approval of the proposed $1,130,000,000 program to rearm

See GOVERNORS, Page 2

Derby Racers Will Undergo Inspection

Approximately 250 South Plains youngsters are spending most of their time this week readying their tiny racers for first inspection Friday and Saturday preparatory to running of Lubbock's second annual Soap Box Derby on Monday, July 4.

The Derby is sponsored by the Lubbock Exchange club, The Avalanche-Journal and Kuykendall Chevrolet company.

All boys entered in the race are requested to bring their cars regardless of whether they are finished or not, to Kuykendall Chevrolet company Friday and Saturday for inspection. They will be checked for length, width, clearance, brakes, etc., so that if revisions have to be made there will be ample time for them between now and race day.

E. E. Key, director of manual training in Lubbock High school, and G. N. Manning, vocational teacher, will be inspectors with Carl Smith, R. L. Kinney, Holland Graves and A. C. (Stumpy) Hamilton, city recreation superintendent, as assistants.

Race Numbers To Be Assigned

As each boy's car is inspected, he will be assigned a race number for the big contest and later will be placed in heats with two other youths.

The race will be run in two divisions, with boys from 11 to 13 in Class B and those from 13 to 15 years in Class A. Winners of each class will compete for the local championship.

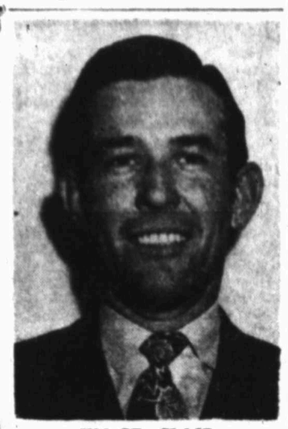

Every car that enters the race will be given a rigorous, exacting inspection.

The inspecting officials make every effort to ascertain that all contestants have lived up to the letter and spirit of the rules. The official rule book is the guide to inspectors, who also are ever mindful of the factor of safety in every car.

Rules Are Standardized

In order that inspection practices will be the same for every boy, they are standardized throughout the country in every race, and at the Akron finals. Thus each contestant, no matter where he races, will be subjected

Levelland Man To Be Honored

ABILENE, June 23 (Special) — Jim St. Clair of Levelland, will be officially installed as vice-president of the Texas Junior Chamber of Commerce at a banquet to be held in San Antonio Saturday. Melvin B. Evans, outgoing state president, will officially install St. Clair and other members of the new executive board at that time.

Lieutenant Governor Allen Shivers will deliver the main address for the banquet.

A Charter Member

St. Clair was a charter member of the Levelalnd Junior Chamber of Commerce and has since served as secretary, treasurer and local president and in April was elected vice-president of the state oragnization.

Long a backer of the prison reform program, which was spearheaded by the Texas Jaycees last year, St. Clair did much to sell the public in the South Plains area on the need of the Ellis plan

See JAYCEES Page 2

Pantex Plant Open To Grain

Storage of wheat at the Pantex ordinance plant near Amarillo which was recently turned over to Texas Technological college by the War Assets administration is under way and around 6,500,000 bushels of the grain are expected to be stored there this year.

A report from Amarillo Wednesday night said that the wheat from the Panhandle and South Plains had started arriving at the huge plant for storage.

Buildings Renovated

Workmen have completed renovation of many of the buildings on the property and the Santa Fe railroad has repaired trackage to the plant to facilitate wheat movement and storage. The move was made by Tech officials in order to relieve the crowded storage conditions resulting from this year's wheat crop.

The smaller buildings, which are in the shape of igloos and built partly under ground, have been leased to farmers of the immediate area surrounding the plant. J. P. Smith, superintendent of the Pantex farms for the college, had drawn up lease contracts and has announced that 125 of the available 200 small buildings have been contracted for to date.

Large Buildings Leased

Rates for the smaller buildings are $12.50 and $15 per month with the college receiving the benefits. College officials said any farmer of this area who is interested in storing his grain at the plant should get in touch with the business manager's office at the college.

W. T. Gaston, business manager at the college, said Wednesday that two of the larger buildings had been rented for storage space to larger grain concerns. One of the buildings is 131 feet wide and 602 feet long. These two buildings will rent at the rate of 11 cents per square foot per year.

The two companies which have already made arrangements for the larger buildings are the Plains Grain and Seed company of Fort Worth and Weeks and Bagwell of Claude. Chanslor E. Weymouth, Amarillo rancher and treasurer of Tech's Board of Directors, has handled the lease contracts with the two larger firms.

Meanwhile, the harvest rolled

OPAL DIXON

THE QUESTION

What is a good quotation to remember in everyday living? Why is it good?

THE ANSWERS

L. D. WHITELEY, 406 N. College, district supervisor of the federal business census and manager of Lubbock nursery: "The one I especially remember is Will Rogers' quotation, 'I never met a man I didn't like'. I think once we have met a person, we will find good points to remember about everyone."

H. G. SEITZ, 1612 Texas: "'Do unto others as you would have them do unto you.' A little more kindness and thoughfulness for the other fellow would make life happier for everyone."

MYRNA LAWRENCE, 2801 Thirty-sixth, who will be a junior in Lubbock High school next year: "'Actions speak louder than words'. People go more by your actions than by your words. You can do something nice for someone and it means more than if you say something to them."

GUSSIE MERCHANT, 2807 Thirtieth, who will be a junior in Lubbock High school next year: "'Wise men change their minds, but fools never do'. It reminds you that maybe you're wiser if you are able to change your mind if something better comes along.

MRS. L. P. PRYER, 313 N. Monroe, housewife: "'Do unto others as you would have them do unto you'. Be kind to everyone. That will make the way better for everyone."

LOU WALKER, 2413 Thirty-sixth, Great National Life Insurance Co. representative: "James J. Hill, the great railroad empire builder, said, 'Are you able to save money? If not, drop out, for the seed of success is not in you'. Older men realize that and younger men should be made to realize it."

DIES OF INJURIES

EL PASO, June 23. (AP)—Robert David Robinson, 20, died yesterday of injuries received early Sunday in a two-car crash near Marfa. Five persons were killed instantly in the accident.

MISERY DESCRIBED BY VISITOR

Missionary To China Claims Reds Are Enslaving People

By EDWARD WELSH
Journal Staff Writer

"No matter how corrupt it might have been under the Nationalists it was better than being under the domination of the Chinese Communists—we would rather have corruption than slavery."

This is the meat of a message brought back to the American people by Dr. C. L. Culpepper, an American missionary to China since 1923. It is a message and a plea direct from the hearts of the Chinese people, 95 per cent of whom, Dr. Culpepper says, hate and fear Communism.

Dr. Culpepper, who was born in Lavaca county, Texas, and reared at Floresville, left Shanghai only two months ago while the Reds were making their relentless march toward that great Chinese city. By way of Kobe, Yokohama, Honolulu and San Francisco he came to Lubbock where he will rest up for a few days before attending a Baptist encampment at Big Spring. He graduated from Baylor in 1919 and Southwestern Theological seminary in 1922.

"It is impossible for the American people, with their high standard of living to conceive of the misery that is the lot of most Chinese," Dr. Culpepper said today. "The Communists are making it much worse."

Are Forced To Join

"Actually there are very few Communists in China. A few leaders, perhaps, are true Marxists but in general the followers are those who are forced by circumstances to join the Red cause. There are a great many who believe that Communism will cure the ills of China."

"The ordinary run-of-the-mill Chinese people have no organization, little or no leadership and no arms," the missionary said. "They have to submit to slavery to preserve their lives."

"Regardless of what we or others thought of the Chiang Kai-Shek regime, individuals did enjoy freedom of thought speech and action," Dr. Culpepper stated.

President Of Seminary

Since 1946 Dr. Culpepper has been president of the China Baptist Theological seminary at Shanghai. Prior to that time he made his home in Hwang-hsin in Shantung province, the largest

Reds Lose Out In Dutch Vote

AMSTERDAM, June 23. (AP)—Dutch Communists lost heavily to the right wing in yesterday's municipal elections throughout the Netherlands.

The Communists lost almost half of their seats in municipal councils, holding only 111 as compared with 215 seats they gained in the 1946 elections. Compared with the 1948 parliamentary elections, however, the Communists lost only one-half per cent of their popular vote.

The right wing Liberal party won 156 seats as against 97 in 1946. Two right wing protestant parties — the Anti-Revolutionary and Christian Historian parties—together gained 50 seats for a total of 433 against 383 in 1946.

Catholics, Labor Dominant

The middle-road Catholic Peoples party and the Labor party, which form the present coalition cabinet, maintained their dominant position.

In the newly-elected councils the Catholics will hold 666 seats as compared with 642 in 1946. Labor will have 557 against 567.

The three largest cities—Amsterdam, Rotterdam and the Hague—headed the 74 municipalities voting yesterday. About 2,750,000 voters cast their ballots. Elections in 23 other municipalities were held a week ago.

Vacation Aces for Far Away Places

. . . A HAUL FOR YOUR HOLIDAY!

Take along the priceless satisfaction of looking your best in smartness blended with comfort. Whether you're taking off for the mountains, beach or farther . . . count on us to have just the right ensembles for your vacation.

Paris Big Four Meeting Eases Tensions In World Atmosphere

By DEWITT MACKENZIE
Associated Press Staff Writer

Moscow's Communist party organ Pravda reaches the general conclusion that the Big Four foreign ministers' conference in Paris has aided in "easing" the international atmosphere.

We may accept that appraisal guardedly as correct, I believe, although we reach the conclusion by a different route than Pravda. Moreover, this easement would seem to have been achieved more because of what the conference proceedings imply than because of what they specifically carry out.

The atmosphere of the conference was that of a truce marking a forced halt to the great offensive which the Muscovites have waged since the end of the world war to extend Communist domination westwards towards the English channel. The counter drives by the western democracies (the Marshall plan, the Atlantic pact, aid to Greece and Turkey, and so on) have been effective. The dangers of another global war have receded.

World Breathes Easier

So the world does breathe easier. At the same time it knows —or certainly should know—that this isn't the finish of the conflict of the isms. That will continue, perhaps long after your time and mine. But so far as the Western world is concerned, the Red drive is likely for at least the immediate future to be confined largely to fifth column activities which are aimed at crippling non-Communist countries economically and spreading the Red ism. And meanwhile, as Secretary of State Acheson told the Senate foreign relations committee, Russia intends to hold onto the gains she has made.

President Truman in his statement about the conference Tuesday found that "genuine progress" was made toward the conclusion of a treaty with Austria. He pointed out that during the four years since war's end Austria has been under a regime of occupation, although at the first Moscow conference in 1943 it was solmenly declared that she was to be regarded not as an enemy country but as a liberated country, the first victim of Nazi aggression. Certain Soviet claims placed obstacles in the way of speedy conclusion of a treaty.

Austrians Religious

Mr. Truman said the Austrian people "should be commended for their attitude of patient understanding throughout the protracted negotiations." I had a close-up of that attitude in March of '46 when I visited Austria, which then was suffering from the scourge of privation and was hamstrung by the occupation.

I had a long talk with Dr. Karl Renner, president of the provisional government. Our conversation dwelt largely on world peace, and it is worthy of note that he is among those nominated for the 1949 Nobel peace prize, which is yet to be awarded. I saw Dr. Renner just after Winston Churchill's famous "iron curtain" speech in Missouri and Renner voluntarily commented:

"We have one main sorrow—just now aroused by the dispute between Churchill and Stalin. The unity of the world is our life, and the end of unity would be the end of Austria. . . . I hope that there will be agreement between the western allies and Russia. I hope that in the agreement Austria will not be forgotten. . . .

"As soon as our international status is fixed we want to be a member of the U. N. and take up friendly relations with all nations. . . . We are absolutely for peace."

Well, President Truman says "we have reason to hope that before the end of the year the treaty may be signed." If and when that happy signing takes place, Austria should become a steadying influence in Europe. She wants to be friendly with both the Russian bloc and the western nations, though she has no leaning towards Communism, since she is highly religious. And religion doesn't mix with Communism.

Derby Racers

(Continued from Page One)

to the same standards as every other contestant, and the champions from all cities will meet in the national finals on an equal footing.

Primarily, the inspecting committee is alert to see that every car is boy-built. This is one rule to which there can be no exception. If there is any suspicion that the boy contestant has had adult help in his car-building, the inspection committee, locally and at Akron, is severe. Remember that adults — your father or older brother, your friends or school teachers—may give advice only.

May Question Contestants

The new rule banning the use of power tools or paint sprayers will be subject to the closest scrutiny by the inspectors, who may question contestants about construction details on the car.

This rule was imposed by the National Rules committee to make it more certain that all boys will have an equal chance. Rule changes of 1948, still in force, also were designed to this same end.

Boy And Car 250 Pounds

The committee decided that the use of power tools by those few boys to whom they were available gave them an unfair advantage over boys who had no way of obtaining such tools.

Another new rule which will change inspection techniques is the one which governs weight. In the 1949 rule book it is stated that the only weight limit is 250 pounds on car and boy combined. Previously, the car itself also was limited to 150 pounds.

This means that a lightweight boy may build weight into his car, if he thinks it will make the car go faster, to make the total weight approach the 250 limit. Inspectors will still be strict, however, in determining that there is no added weight "which is not necessary in the construction of the car and is used primarily to increase car weight."

Pantex Plant

(Continued from Page One)

ahead over the South Plains and in the Panhandle, although hampered in some spots in the latter section because of brief but heavy showers.

Showers which fell Tuesday kept combines out of fields until Wednesday afternoon at more than a half dozen points in the wheat belt, including Guymon, Okla.; Vega, Clovis, N.M.; Spearman, and Tucumcari, N.M., the Associated Press said.

Randall county was short 30 combines; Armstrong 10, Carson 6, Hansford 40, Hale 5, Swisher 30. There was a "heavy" shortage in Lipscomb county.

Wheat damage from the most recent rains was slight and only in scattered regions, meteorologist H. C. Winborn said at the Amarillo weather bureau.

STORAGE PROBLEM EASED FOR FLOYD WHEAT MEN

FLOYDADA, June 23. (Special) — The storage space problem, which observers felt might cripple the progress of the wheat harvest in Floyd county, is working out a lot better than previously hoped. All things remaining as they are, the problem has ceased to exist to all practical purposes, Homer Steen, Floyd county newspaperman, said Wednesday.

Railroad cars are coming into the elevators now and have eased what before was a ticklish situation. Occasionally wheat is piled on the ground but the reason seems to be time not space. The desire to keep the combines going and the harvest moving is responsible for this.

Several thousand bushels of private storage space are obtainable throughout the Floydada area alone. Lots of steel bins, purchased when the "shortage scare" threatened, are empty.

The hump has been passed and the harvest is drawing to an end all over the county. It has been estimated today that from 70 to 80 per cent of the crop is in. Scattered crops of about 20 acres, or wheat that was too wet or immature to harvest previously, is about all that remains of the county's $7,000,000 wheat crop.

LOTS OF MILEAGE

ST. JOHNSBURY, Vt., (U.P.)—Allen C. Underwood, a confirmed bicyclist, managed to average about 5,000 miles a year of pedal pushing until the time of his death at 85. In his younger days, he once cycled 16,000 miles on a tour of the east.

Missionary

(Continued from Page One)

and richest of the many Chinese provinces.

"Shantung has been stripped," Dr. Culpepper said. "Many refugees from among the hundreds of thousands who have fled before the Red advance, came to me with stories of turmoil, poverty and starvation that is the lot of those who do not willingly submit. Practically everyone is being deprived of his wealth and worldly goods."

"I have personally known of many cases of "dou tseng" or what we might call third-degree or kangaroo court," Dr. Culpepper said.

"These false trials, not unlike those taking place in Europe, involve all sorts of terror and torture or degradation and always end in confiscation of property or even death."

Beaten, Farm Seized

"One such case was a young Chinese Christian minister. He was taken before a mock court and tried as "an American running dog." This term is applied to all who have contact with Americans," Dr. Culpepper explained. "His small farm was taken from him, he was beaten and dragged through the streets by his heels and then forced to carry a placard stating that he was a Chinese enemy.

"As a result of this torture the man became a nervous and physical wreck and his wife went insane.

"Not long before I left China we held a memorial service for more than 50 of our own Christian Chinese who lost their lives in a Red "dou tseng."

"The Chinese Communists are a powerful and well organized element," the missionary said. "The have a firm belief that when they destroy capitalism and Christianity they will bring peace to the world. There is no compromise with the Reds and I don't believe a majority of the Chinese will ever accept the Communist government.

Showered With Promises

"The Reds work by appealing to the people with propaganda. They shower them with food and promises. When they have lulled the unsuspecting to sleep they pounce on them and take away everything they have.

"Westerners are leaving China and probably all of them will be forced out as the Reds make further gains and then consolidate these gains. It may take six months, more or less, but there will be little hope of living in China under a Red rule.

"I have a strong feeling and attachment for the Chinese people. They are strong individualists who love freedom and hate slavery. It is my sincere hope that I will be able to return to their stricken country at a very early date. I am sure that is where I belong and where I can accomplish my most useful work."

Milan, Italy, has scheduled the first international television exhibition for next September 11 to 16.

Governors

(Continued From Page One)

western Europe.

In their final action, the governors ignored a special committee which met with Congress members last year and urged a 20 percent cut in federal aid grands in return for the government's vacating some tax fields.

Indiana's Democratic Gov. Henry F. Schricker, who headed the resolutions committee, said the governors just weren't "in the position where they can turn down federal aid."

Instead, the conference reaffirmed a resolution it adopted in 1944 calling for "all levels of government" to participate financially in unemployment, relief and other matters.

Judith Coplon Declares Case Of FBI Against Her Frame-Up

WASHINGTON, June 23. (AP)—Judith Coplon's impassioned defense of her morals and her loyalty brought her close to the end of her cross-examination today.

Government prosecutor John M. Kelley, jr., said he might finish his questioning before the end of the day.

As Kelley hammered away yesterday at Miss Coplan's story of a kissless romance with Russian engineer Valentine A. Gubitchev, the calm she had displayed during most of her long espionage trial evaporated.

Once she leaned forward in the witness chair and shouted:

"You have branded me as a spy and now you are trying to brand me as a harlot!"

Suspects Frame-Up

She swore that her all-night trysts with Justice department lawyer N. P. Shapiro in Baltimore and Philadelphia hotels and in his Washington apartment involved no improper conduct. She has testified that these meetings occurred at a time when she thought she loved Gubitchev.

"I have come to the conclusion that Mr. Shapiro is a part of this whole frame-up!" she stormed.

She demanded that Kelley call Shapiro, a Justice department attorney, as a witness in the trial. Kelley suggested that her attorney, Archibald Palmer, call him. Palmer told reporters he had no intention of doing so.

Kelley brought Shapiro's name into the trial Tuesday after having the defendant repeat the story of her romance with Gubitchev. Shapiro has not been available for comment.

Disapproved of Russian

When his name came up again yesterday, Miss Coplon said Shapiro, too, had told her that he loved her and wanted her to marry him, but that her relations with him were platonic.

"I did not want to marry him because I did not love him," she snapped at Kelley.

She said Shapiro first learned of Gubitchev when she asked his help in choosing a necktie she gave the Russian for Christmas, 1948. She added that Shapiro disapproved of her dating a Russian, and argued with her about it.

When Kelley referred to the night of Jan. 7—a night which Miss Coplon spent in a Baltimore hotel room with Shapiro—she fumed:

"Nothing ever happened that you intimated happened."

As for the following night in a Philadelphia hotel, she testified:

"He didn't make any improper advances. I was fully clothed, Mr. Kelley."

Memory Not Refreshed

Kelley at this point handed Miss Coplon a paper and said: "read this and see if it will refresh your memory."

She read, calmly, and said: "This is very interesting."

"Does it refresh your recollection?" Kelley asked.

"It does not refresh my recollection as to the things you want me to say went on."

Kelley took back the paper. It was not introduced in evidence. To reporters who asked him about it afterward, he said: "no comment."

The petite 28-year-old former Justice department analyst insisted that when she remained overnight in Shapiro's apartment a few times it was "not for immoral purposes."

Kelley had Miss Coplon repeat her testimony that she was "struck dumb with fear" when Gubitchev told her shortly before they were arrested that the NKDV, the Russian secret police, might be following him.

Case Called Horrible

Kelley demanded why she did not "throw your arms about the agents and say 'thank God, you've saved me from the NKVD'."

Palmer objected and federal Judge Albert L. Reeves upheld him. Kelley put it another way:

"Were you reassured that you were in the hands of the FBI?"

"I felt that this was some kind of a frame-up," she responded.

"Is it your feeling that you are being framed?" Kelley asked.

"Yes, of course. I was an innocent person—I've developed a terrible terror—this whole case is horrible."

Disputing earlier testimony of FBI agents, Miss Coplon insisted that she demanded repeatedly after her arrest that her parents be notified of her plight.

Kelley asked why she did not speak out to federal Judge Simon H. Rifkind when she was arraigned "if you felt that you had been treated brutally."

She replied that she "sensed some part of a frame-up," and said she was unfamiliar with judges and judicial procedure.

Miss Coplon is accused of copying and removing Justice department secrets with the intent of injuring this country and aiding a foreign power, Russia. In addition, she and Gubitchev face espionage conspiracy charges in New York.

Denmark wants to develop a world market for milk albumen powder, made of casein with various salts added, for use as a substitute for eggs in baking.

Burglary Suspects Caught In Montana

BILLINGS, Mont., June 22. (NS)—Montana police today cracked down on a gang believed to have committed numerous burglaries throughout Montana during the past year and a half.

A man identified as James Kelly, 33, was arrested yesterday in Billings. He is wanted in Kalispell, Mont., for questioning in connection with a $7,400 burglary of the Belton Mercantile company.

Two other unidentfied suspects also were being held in Billings.

Flathead County Sheriff Dick Walsh and Under Sheriff Ernest Baker were in Billings today to take Kelly back to Kalispell on a warrant issued from justice court.

Kelly claims he is a resident of Billings. He was previously employed as a bartender.

Sheriff Walsh said police and sheriffs officers are banding together throughout the state to stop the series of burglaries.

FALSE TEETH
That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped of wabbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store. adv.

Six Survivors Of Sunken Ship Sail For U. S. Without Luggage

SOUTHAMPTON, England, June 23. (AP)—Six survivors of the sunken steamer Princess Astrid sailed today on the luxury liner Queen Elizabeth without a piece of luggage.

Four of them were traveling to the United States to get a new start in life with the clothes they wore when they scrambled into the Astrid's lifeboats. They slept last night in nightclothes borrowed from the ship's purser.

"We had to leave everything behind in Czechoslovakia except our clothes and personal belongings and now they're at the bottom of the sea," said Mrs. Anna Duda, 40

Saved Money

"But we saved our passports and money because when we started our trip we put them in linen bags and fastened them around our necks."

Mrs. Duda with her sons, Thomas, 14, and John, 11, is traveling to Bridgeport, Conn., to join her husband, a timber foreman.

Mrs. Elena Klembus, 22-year-old dark-haired Hungarian, is joining her husband, an upholsterer, in Arnold, Pa.

"Even my handbag went down with the Astrid," she said, "but I saved my money and passport by stuffing them in the pockets of my skirt."

Her husband left Hungary to set up a new home in Pennsylvania last February.

Japanese makers of porcelain and pottery recently had on hand $10,000,000 worth of foreign orders—enough to keep them busy for five months.

From June 11 to Oct. 30, 1944, planes from aircraft carriers of the United States Navy destroyed 2472 Japanese aircraft while losing only 123 of their own planes, a ration of 20 to one.

IT'S AN ALLOY

German silver is an alloy of copper, nickel, and zinc, first produced in Germany in the early 19th century, but used centuries earlier by the Chinese.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Follow the easy way endorsed by many who have used this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active.

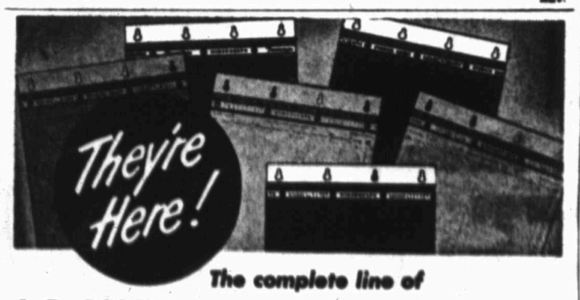

10 pounds lost in 10 days

Mrs. M. C. Britton, 206 W. Wildwood, San Antonio, Texas, writes us as follows:

"I am a faithful user of Barcentrate. I had dieted for weeks without your product and needed so badly to lose 10 pounds, so I started using Barcentrate and my worry was over for I lost the 10 pounds in 10 days. I now weigh 135 pounds.

"I eat most anything I want and hold my same weight."

Lewis Meets Coal Operators In Battle Over New Contracts

WHITE SULPHUR SPRINGS, W. Va., June 23 (AP) — John L. Lewis takes on two big chunks of the soft coal industry in contract talks today. And there was every sign that he is in for a tough scrap.

Lewis and a committee of United Mine Workers were scheduled to meet with operators from the north and west, and part of the south, in the morning. Later, the miners were to sit down with Harry M. Moses, negotiator for U. S. Steel corporation who usually speaks for all steel companies having "captive" soft coal pits for their own use.

Preliminaries were disposed of yesterday in the swan surroundings of this famous bath resort.

Notification Required

Lewis kidded about a time-table which would strike the Southern Coal Producers association's mines—in the absence of a new contract—after June 30, when the present pact expires. Under the same program, Lewis would close down after July 14 the pits of U. S. Steel corporation.

Here's how that could happen:

The Taft-Hartley act requires that either party to a contract desiring to end or modify it must notify the other party 60 days ahead of time. However Lewis' contract with the bituminous coal industry expires June 30, and there is no provision for continuing it after that.

The Southern Coal Producers association, headed by Joseph E. Moody, decided to grab the ball away from Lewis this year. Moody notified the miners in April that the contract expires, and asked for conference to talk about a new agreement. The southerners would abolish emlpoyer-financed pensions, paid lunch periods, and tighten up eligibility for the welfare fund benefits and the $100 yearly vacation allowance.

Lewis Asks Conference

Lewis and the southern association are holding bargaining meetings at Bluefield, W. Va.

So Moody's own action exposes him to the possibility of a strike in southern pits after the miners' vacation ends July 5.

Lewis took the initiative with U. S. Steel. He asked for conferences in a letter to Moses dated May 14. That would make it possible for Lewis to strike the U. S. Steel mines, producing 27 million tons annually, after July 14.

Then Lewis notified the other operators—from the northwest steel companies, and insurgent southerners—on June 14 — that their contract expires June 30, but that their legal rights under the present pact would be protected.

Not even Lewis would say what that meant.

George Love, president of the Pittsburgh Consolidation Coal company, world's largest commercial producer of soft coal, expressed confidence last night that the northern and western operations would not be shut down before August 14.

India has a $75,000,000 project to improve its major ports—Bombay, Calcutta, Madras and Cochin.

Attempts Of Czech Police To Arrest UN Employe Probed

PRAGUE, Czechoslovakia, June 23. (AP)—A United Nations official arrived here from Geneva last night to investigate local police attempts to arrest a Czechoslovak citizen in U. N. employ here.

Olva Rytter, U. N. information center director in Prague could not be reached for comment on a story from U. N. headquarters at Lake Success about the employe, identified as Murdoch.

The story said he was being given refuge in the center from security police who wanted to question him in connection with anti-state trials now being held in Czechoslovakia.

Police Efforts Blocked

The Lake Success story said Murdoch had not left the U. N. premises since May 25, and that since then the Czechslovak government and the U. N. have been exchanging notes on the delicate international problem.

The story said that on one occasion police were reported to have entered the U. N. offices in an attempt to get Murdouch, but gave up when Rytter protested they had no right to enter the premises.

Under an international convention on privileges and immunities, all U. N. offices are recognized as international territories inviolable by local police.

A man who identified himself as Murdoch acknowledged in a telephone conversation this morning that he had lodged and eaten in the U. N. center for the past month. He declined to elaborate on his situation.

Air Maneuvers To Be Opened

WASHINGTON, June 23. (U.P.)—Air Force B-29's will drop live bombs to give realism to joint maneuvers with the Royal Air Force in the United Kingdom starting Saturday, a spokesman said today.

The England-based superfortresses will drop the live bombs before reaching the exercise areas.

Defended targets in the maneuvers will be "bombed" only with radar signals. Results will be evaluated on the recently-developed, mobile radar bomb-scoring device.

Several Attacks Set

Operation orders for the maneuvers call for groups of 12 to 48 B-29's to make several bombing attacks each day. Twelve jet F-80 Shooting Star fighters will be used both as interceptors and escorts at various times.

Two B-29 groups, including the 509th "atomic bomb" outfit, now are stationed in England for training. The 36th fighter group of F-80's is stationed at Furstenfeldburch, Germany.

The maneuvers, ending July 3, will be the second joint war games which the U. S. Air Force has staged with the Royal Air Force. A much smaller number of U. S. planes participated in the first, last summer.

New Mexico Uranium Discovery Claimed

ALBUQUERQUE, June 23. (AP)—A uranium discovery in central New Mexico is reported by Jack Pierce, executive secretary of the New Mexico Miners and Prospectors association.

The discovery was made June 4 by William McIlhaney, Albuquerque, Pierce said, three miles north of Scholle in Torrance county.

Britain still buys Irish potatoes.

Metropolitan Opera Is Damaged By Fire

NEW YORK, June 23. (AP)—A fire broke out in the third balcony of the Metropolitan Opera house last night and caused damage estimated at $10,000.

The Met is closed for the summer.

A crowd estimated by police at 7,000 gathered at the scenes as thick smoke billowed from the six-story brick building in midtown Manhattan.

The blaze wrecked a third balcony partition before it was put out. About 50 seats were ripped out. Part of the Met's famous red plush carpet was ruined.

The fire marshal's office began an inquiry into cause of the fire.

Houston Building Destroyed By Fire

HOUSTON, June 23. (U.P.)—Damage was estimated at $35,000 today in a two-alarm fire yesterday that consumed a two-story building.

A welding torch ignited a pail of gasoline in the Wells Motor Co., and the blaze quickly spread to the Peters Body and Paint Co., and the Pannell Upholstering Co., located in the same building.

Burned slightly were L. W. (Buddy) Slaughter, 24 and Lester N. Fletcher, 36, both employes of the Wells Motor Co. They were given emergency treatment and released from a hospital.

HEADACHE RELIEF

Quick-Dissolving Fast-Acting "BC" Offers Remarkable Headache Relief

● You get extra-fast relief from simple headaches, neuralgic pains and minor muscular aches when you use "BC". "BC" Headache Powders and Tablets offer you the full effectiveness of not just one, but *several* of the world's most popular pain-relieving ingredients. In combination these quick-dissolving, fast-acting ingredients are remarkably effective—far more than either would be alone.

Find out for yourself just how quickly and effectively "BC" relieves headaches, neuralgic pains and minor muscular aches. Tablet or powder, you get the same famous "BC" formula—the same fast relief. You get a preparation that has stood the test of time—one you can use with complete confidence. Buy "BC" today and use as directed. Two tablets equal one powder. 10c & 25c sizes.

Alabama Citizens Planning To Fight Hooded Mob Activities

BIRMINGHAM, Ala., June 23. (AP)—Leading Birmingham residents are moving ahead with plans for a permanent organization to fight activities of white-robed night riders.

This was decided at a mass meeting last night attended by more than 200 representatives of various church, civic, social, veteran and fraternal groups in the district.

A resolution said the group proposed "to mobilize our citizenship in support of decency, law and order."

Inquiry Ordered

A spokesman said the committee will not be a "vigilante" organization, but will cooperate with law enforcement officers in an attempt to halt night riding activities.

The recent wave of floggings, cross burnings and threats in recent weeks prompted other counter-measures.

A congressional inquiry was ordered yesterday at Washington. A civil rights subcommittee headed by Rep. Celler (D-NY) announced it will investigate mob violence in Alabama.

State May Act

The state legislature moved nearer passage of a law to outlaw masks. The bill, already passed by the senate, was approved unanimously by a house committee. The action followed a hearing at which Ku Klux Klan officials asked that the bill be killed.

The mass meeting at the county courthouse yesterday was addressed by John Temple Graves II, Birmingham Post columnist, who said: "The Ku Klux Klan must be dissolved."

He told the group that it carries "enough public opinion to bring about arrests—many arrests."

No one has been arrested so far, however.

GLASS FIRM REMODELS—Extensive alterations to Lubbock Sash and Door company at Fifteenth and Ave. G will be completed by July 1, said Dan Moore, manager of the glass department. A larger, modern salesroom and additional office space will result. Porcelain wall facing will be applied to the front of the building. Robert E. Maxey is general contractor for the project. (Staff Photo).

WORKER IS KILLED

BEAUMONT, June 23. (AP)—Austin E. Brown, 25, was killed last night when a half-ton loading bucket fell on him as he was welding a latch on a mobile cement mixer.

10,000 Years Don't Improve Quality

Rancid Taste Of Mammoth Is Recalled By Famous Painter

By HAL BOYLE
Associated Press Staff Writer

NEW YORK, June 23—Tired of eating the same old things? Want a new flavor thrill?

Then why not try some tasty marrow from a woolly mammoth aged for 10,000 years in nature's northern icebox? You'll never forget it.

Charles R. Knight has remembered the sensation for 25 years. He is an artist famous for his pioneering paintings of prehistoric life.

"About a quarter of a century ago the American museum of natural history got some bones and flesh from a woolly mammoth, trapped in the Alaskan ice perhaps 10,000 years before," he recalled.

Taste Said Rancid

"We were curious as to what it would taste like, so we tried some of the marrow. It tasted exactly like rancid grease."

Nobody asked for a second helping.

All the world's a graveyard to this 74-year-old artist, who perhaps as much as any one man has helped the past come alive. Since 1894 he has specialized in painting prehistoric men and animals, and he was the first to do scientifically—based on reconstructed fossils.

His 55-year study has convinced him modern man doesn't have too much to brag about.

Early Men Praised

"And the Cro-Magnon was just as good a man as we are, mentally and physically. The Cro-Magnons averaged 5 feet 9 inches tall, but some were 6 feet 3 or 4 inches.

"You could bring a Cro-Magnon man to New York today and after you had shown him a few wonders, he'd be able to get along all right."

Knight is convinced that mankind's biggest defeat is his failure to develop spiritually.

"With all our advantages we haven't advanced spiritually, as we can and should and must," he said. "I don't think that spiritually we are better than Cro-Magnon.

"Confucious, Christ, Mohammed—these and other messiahs have told us a thousand times what to do. We know what to do—but we don't do it."

Board Studies Hawaii Strike

HONOLULU, June 23. (AP)—A fact-finding board today began studying more than 1,000 pages of testimony on Hawaii's 54-day longshore strike. It will make its recommendation for a settlement to Gov. Ingram M. Stainback by June 29.

The five-man board heard final arguments yesterday by spokesmen for waterfront employers and 2,000 striking stevedores of the CIO International Longshoremen's and Warehousemen's union. Neither side will be bound by the board's recommendation.

Deadline Postponed

Union spokesman Louis Goldblatt told the fact-finders they are "honor bound" to uphold the ILWU demand for a wage boost of 32 cents an hour. This would raise the hourly pay to $1.72 and restore the old differential of 10 cents under the west coast scale.

Employer spokesman James P. Blaisdell said the board's responsibility is to find the facts and report them to the governor along with its recommendation—"nothing more."

Much of the final session was loaded with charges and counter charges. When the firing was over, board chairman James L. Coke announced Acting Gov. Oren E. Long had postponed the deadline for the report until June 29. Stainback's original instructions were that the board should report today.

Demand Pressed

The board heard the union press its demand for "equal pay for equal work." Goldblatt said there had been no evidence to refute his contention that Hawaii longshoremen work harder and get less pay than any in the country.

Blaisdell said he recognizes that stevedore productivity here is higher than on the west coast but the west coast record, he added, is at an "all-time low." Pacific coast longshoremen have "priced themselves out of the market," he said.

The union agreed to unload 4,400 cases of evaporated milk from a strikebound ship to ease the short supply for babies. It will be rationed under doctors' prescriptions which will be given free.

Rare Goethe Edition Presented To Tech

A very rare edition of Johann Wolfgang von Goethe's poems, "Goethe Gedichte," which was published in 1854 in Stuttgart, Germany, has been presented to the foreign languages department of Texas Technological college by Mrs. Guy L. Trow.

This year's observance of the 200th birthday of Goethe, the famous German author, prompted Mrs. Trow's presentation. The public is invited to view the book and other Goetheana which are on display in the college library. Following the Goethe celebration, the book of poems is to be added to Tech's rare book collection.

"Goethe Gedichte" was edited by Dr. Johann Wilhelm Schaefer and was used in King Edward's free grammar school in Birmingham. The book is bound in leather and is in very good condition for its age, according to the foreign language office. Its approximate value is between $50 and $85.

As a part of a worldwide Goethe Bicentennial celebration, Tech sponsored a program Monday night at which Dr. Robert T. Clark, German professor at the University of Texas, spoke. Another Goethe program is scheduled Aug. 8 at the college.

PICKLING SWEET BUSINESS

DURHAM, N. H., (U.P.) — The pickle business looks sweet to New Hampshire farmers. The University of New Hampshire agricultural extension service, reported increasing numbers of farmers in the southern half of the state are growing cucumbers for pickling.

United States books now outsell those from Britain in the Swedish market.

That Girl on Broadway says nothing makes a woman happier than wearing herself out trying to find something to wear.

★ ★ ★

"Truman To Give Up On Reform Measures," reads a newspaper headline.

In other words, Harry's decided that he can't do what Roosevelt couldn't do!

★ ★ ★

HE CAN'T pitch as good as Christopholus Haskins. He can't play outfield as good as Albert Duarte. He can't play the infield as good as Carl Sullivan and he's not so good a hitter as James Prince.

But our ballplayer on the current edition of the Hubbers is Charlie Willis, even though he hasn't a Chinaman's chance to make the All-Star game.

Young Mr. Willis is the best "tryer" on the Lubbock ball club and, as far as we've seen, in the whole darn league. Because he tries all the time, he's not only a ballplayer's ballplayer, he's a looker-oner's ballplayer, too.

He'll do well to finish the season with a .260 batting average, but he gets a surprisingly lot of his knocks with ducks on the pond. The kid can always swallow at the plate and whe he boots one it doesn't knock his dobber down.

A raw rookie this year, Charlie Willis doesn't know any better than to go out there every night and give everything he's got to dear old Siwash. He has been the answer to Mr. Sullivan's prayer a dozen times this hectic season as first one and then another prospect faded like the last Rose of Summer.

Maybe young Willis will never go any higher. He might not even stick in Class C another year. But every night—whether or not his batting and fielding record shows it—he deserves an "E" for Effort. And that's good.

One of these days he'll get a less prosaic job than playing baseball .When he does, who ever hires him will get a guy who'll work and who'll be loyal, no matter how tough the going.

He's got a lotta guts, that Willis.

★ ★ ★

That Man on Broadway says judging from the way the "Fair Deal" is going, there's more than one joker in the deck.

★ ★ ★

They're telling a story about the difficulty which arose when a break was found in the fence between heaven and hell. It seems that residents of each place claimed it was the responsibility of the others to repair the break.

Finally, the people of hell sent a note to the people of heaven. It read:

"We have sought and received the best legal advice and must inform you that the repair of the fence is your responsibility."

Whereat, the people of heaven answered:

"We shall accept the responsibility. We have no legal advice available here!"

★ ★ ★

THE other day our mail brought a letter, the gist of which echoed down the corridors of time.

Signed only "Mrs. A. E.," the letter complained of wholesale gossiping which, "Mrs. A. E." deposes, is harmful to her neighborhood and to one particular woman in the neighborhood.

"Mrs. A. E." wants to know what, if anything, can be done to put a stop to what she describes as "lies," as well as harmful gossip.

She even goes so far as to suggest that perhaps some sort of neighborhood Ku-Klux might be formed to correct the situation.

★ ★ ★

Aside from venturing the opinion that a neighborhood Ku-Klux would just make a bad mess worse, we don't know of anything that will stop gossip except a time element during which the gossipers become interested in something else.

Like the poor, and strikes, gossip and gossipers are with us always.

And they probably always will be.

★ ★ ★

WE say the gist of "Mrs. A. E.'s" letter echoes down the corridors of time in Lubbock because 25 years ago our city probably had more gossip and gossipers than any other place under the sun.

Anyhow, it seemed that way to us, although maybe it was just because we'd never lived in a small town before.

Lubbock then claimed around 6,500 people and everybody knew everybody else's business. Furthermore, they talked about it—day and night.

Any stranger moving here then must have been astounded by the community "secrets" poured into his ears—their number and their scope.

After all, there was little else to do except pass on, and/or listen to, gossip.

★ ★ ★

You can believe this or not, but one grand jury had so little to do that it yanked up a very harmless young newcomer from Pennsylvania and advised him to stop sparking his girl friend in a parked automobile in front of her father's house at 11 o'clock at night.

Still another grand jury busied itself in digging into remarks allegedly made by one woman to another over the telephone while a third listened in on a party line.

One political campaign was fought out on a beautiful issue of gossip. The issue was whether one candidate did, or didn't, spend too much time in the evenings hanging around Bowen's drugstore, tipping his hat to the ladies passing in and out, or by. Bowen's then was the hanging out place for everybody between the hours of 7 and 10 p. m., when the sidewalks were rolled up for the night.

★ ★ ★

IF you had two ears, you couldn't help hearing then about how a staid and quite charming matron in her mid-thirties had gotten very gay, indeed, on a hayride in 1911. It wasn't unusual for some citizen to adjust his wings and halo and whisper that So-and-So couldn't be a very good man because he was suspected of believing in the Theory of Evolution. One preacher advertised that he had the names of all citizens who had gotten whisky prescriptions over the past few months and would announce them from his pulpit. (He thought better of it when somebody pointed out that several of his heavier contributors among the deacons had so terribly sinned!)

We could go on and on, regaling readers with Lubbock of the mauve years, but that isn't necessary. We've made our point that not only did our city have its talebearers in the early days, but that their circulation was much more general, since everybody knew everybody, hence had personal interest in everybody.

★ ★ ★

Only good thing we can say about large populations is that they halt community-wide gossip, simply because the gossipers can't cover the whole field like they could when it was smaller.

So to "Mrs. A. E." we can only say: Be glad your gossip problem covers only a block, or two, instead of the whole town!

Just as there is a silver linin to everything, there's a silver lining to the gossip problem. That is:

Gossipers never stay on the same subject very long. As soon as the subject is stripped to the bone, the buzzards move on to fresh meat—so we assume "Mrs. A. E.'s" gossipers already have picked out and gone to work on a new target.

Anyway, let's hope so!

★ ★ ★

AS WE understand it, Socialism is a way of changing water into wine, castor oil into nectar, old cigaret packages into $10 bills and slums into palaces—all by the simple process of passing laws and resolutions!

BY DREW PEARSON: GENERAL BRADLEY FIGHTS BACKSTAGE BATTLE WITH MacARTHUR

Shortsighted Oil Industry Lobbies Against Roads

WASHINGTON.—An important backstage battle has broken out between two of the nation's highest-ranking generals—Douglas MacArthur and chief of staff Omar Bradley.

General Bradley wants to withdraw American forces from all the Pacific except Japan and Hawaii — even out of the Philippines. In case of war, Bradley argues that American forces caught in the Pacific outside Japan or Hawaii would be immediately sacrificed in another Bataan. Therefore, he wants all troops withdrawn to positions we can maintain.

PEARSON

General MacArthur, on the other hand, wants American troops strung out around the Pacific to create spheres of influence to stem the spread of Communism. MacArthur is definitely opposed to withdrawing American troops from the Philippines and South Korea.

The tone of his cables has become so strong that mild-mannered General Bradley has been forced to remind him that he, Bradley, not MacArthur, is the chief of staff.

Dan Tobin's Warning

Dan Tobin, head of the powerful teamsters union, was sent a confidential letter to all teamsters' locals, cautioning them against strikes and also of the teamsters in New York City. In the latter city bakery drivers had struck for an unwarranted increase, on the assumption that people had to eat bread so there must be bread deliveries. But with the strike many weeks old, consumers get along by buying from chain stores and independent bakeries, Tobin said.

Communist agitation inside labor unions also came in for criticism from the forthright teamers boss. He said he had received reports of active Communist leadership in one teamsters' local—which he declined to name. An investigation was being made, Tobin said, and these agitators would be fired from the union whether they signed non-communist affidavits or not.

Tobin also warned his teamsters that one trouble in union organizations was the inability and unwillingness of rank-and-file members to understand economic laws. He pointed out that while members of his union are unskilled, they receive annual returns higher than brick-layers, plasterers and skilled mechanics because of the fact that the latter suffer seasonal layoffs.

A GROUP of Four-H club youngsters waited on the White House portico to see the President while representatives Robert Secrest and Earl T. Wagner were inside presenting him with a petition from the Ohio congresional delegation to name George Rogers, an SEC attorney, to the Securities and Exchange commission.

"I'm going to be photographed with those young people in the rose garden outside," said Truman.

"Don't let us detain you, Mr. President," urged Secrest.

Just then a sudden cloudburst tattooed the windows of the President's office.

"Stick around," he told his callers. "If I take those kids out in the rain to be photographed, their fathers and mothers will be after me."

• • •

Anti-Highway Lobby

Congress is now probing the fact that the oil industry, which owes its prosperity to the gasoline burned on highways, is so shortsighted that it opposes new highway. Reason: to pay for the roads, many states are boosting gasoline taxes.

The extra taxes aren't paid by the oil companies, but by motorists. Yet the industry has already boosted "gas" prices so high they fear the public won't stand for both higher prices and higher taxes.

So, believe it or not, the oil lobby is actually fighting against building new roads.

Take North Carolina, for example: Gov. Kerr Scott, a hard-hitting liberal, submitted a $200,000,000 road program to the voters. To finance it, he proposed a one-cent-per-gallon increase in the state gasoline tax. The oil lobby immediately and bitterly opposed, appealed to city voters to block the program.

When the vote finally came, city people did vote 5-1 against new rural roads. But the farmers amassed 225,000 votes to the urban voters' 175,000.

Meanwhile, in the rest of the nation, highways are in worse general condition than at any time since the depression. Yet the oil lobby continues to oppose new roads.

But here are the statistics: Since 1945, the number of automobiles on the highways has increased by 10,500,00 Of these, 2,500,000 are trucks All told, 100,000,000,000 tonmiles were traveled in 1948—almost double the 1945 traffic. Yet only a paltry few million dollars have been addede to the road bill. Because of inflation, even this increase in dollars really has been a decrease in purchasing power when it came to road building.

Result has been wear-and-tear on automobiles, irritating traffic snarls, and an increase in traffic deaths. What the public doesn't realize is that safety can be built into the roads. Yet the public, while paying more for automobiles and gasoline, has let the highways run down.

Job had patience but we bet he never waited for a person who forgot to keep an appointment.

Our Planned Economy

BY ROBERT C. RUARK

First Winner Of Ernie Pyle Scholarship Gains Success

INDIANAPOLIS, June 23 — I thought it might please the late Ernie Pyle to get a rundown on how the first recipient of his memorial journalistic scholarship is doing. It took Ernie a long time to hit the chips; he might like to know that the No. 1 Pyle scholarshipper got to be a columnist three months after he sprang from college.

RUARK

Ed Sovola, a brash young buck who holds down Ernie's old spot in the Indianapolis Times, is the boy I mean. Sovola was graduated from Indiana U. in 1946. He worked briefly as a feature writer and then wound up at the top of the page doing a daily piece called "Inside Indianapolis."

Sovola has something of Ernie's old flair for dramatizing the trivial. He is the only man I know of who conducted a cigaret-butt survey, for instance. He spent a whole day sniping butts in the gutters. Camels were No. 1 on the butt parade.

Young Sovola is also the only fellow I know who ever counted all the leaves on a tree, or who became passionately concerned over the olive-stuffing industry. Again, on a dull day, he spent three hours sitting as a dummy in a department store window, occasionally giving the passers-by mild heart attacks as he shrugged his price tag or twisted a fly off his snout.

• • •

Tests Ball-Point Pens

I think Sovola was the first man actually to test whether ball-pointed pens would really write under water. He hired a complete diving outfit for the chore, and nearly drowned when his helmet fouled up. The pen wrote under water.

When Sovola goes out on a story, a suit of coveralls always goes with him, for he is what we call a "feel" man in the trade. When they wrecked an old landmark here, Sovola was in there with a pick. He has cleaned streets to gain a whitewing's viewpoint, and has peddled newspapers to give the newsie a vacation. He rides prowl cars and owl cars to see how his city lives at night.

Ed Sovola is a pretty good example, I think, of an impatient young man whose working apprenticeship came before his education. The son of a Polish workingman, he was born in Hammond, Ind. He put himself through high school by jerking sodas, and he tended bar to get through college.

• • •

AFTER he got out of high school in 1937, the lean, dark Sovola went to work, with college in mind. He served various hitches as a window trimmer, steel millhand, and baker, he was a lousy baker.

As he saved some money, he would paste $10 bills in a notebook against the day he entered school again. He had almost enough money in 1940, but got slugged by a case of infantile paralysis, and had to start ungluing his tenspots.

He beat the disease in a year, and went to college on speculation. He got the bartending job nights, in Bloomington, and that managed to feed him. He wound up as top journalism student and editor of the Indiana Daily Student. As editor, Sovola put out the first color and first perfumed editions of his daily. He got out the color job by personally painting each second page of his edition. The color was green, it being St. Patrick's day. The perfumed edition got out the same way: He squirted the perfume on with a flit gun.

• • •

Writer Not Shy

When Sovola was graduated he was 27, and impatient of delay. He'd been working on the Indianapolis paper only a couple of weeks before he turned up with a long list of suggestions, and it was obvious to the managing editor that he would either be fired or writing a column before long. They settled for the column, and more dough, for Sovola was thoroughly tending bar after newspaper hours to swell his cub's salary.

Nothing of Ernie's shyness dwells in Mr. Sovola's chest. He is all extrovert. Quite a while back his gal married another guy, and Sovola wrote a piece about how it feels to be jilted. The story hit so well that he turned his wounded heart into a series.

Somebody has remarked that if Ed ever dies, his ghost will come back and write a series about how it feels to be dead. To Sovola, anything that happens is news.

Journal Jabs

FROM YEAR to year the automobile manufacturers improve perfect cars, and the makers of women's swim suits reduce the irreducible minimum.

Today's couplet: From reading tombstones one can't tell where are buried those who went to hell.

Today's Thought

So built we the wall; and all the wall was joined together unto the half thereof: for the people had a mind to work. Nehemiah 4:6.

• • •

MAN hath his daily work of body or mind appointed, which declares his dignity; while other animals unactive range, and of their doings God takes no account.—Milton.

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

"MY problem," writes a 32-ear-old wife, "is that I've got a job I can't turn loose of.

"When we were married I wanted and expected to go on working for a year or two to help get us on our feet financially.

"But I've been married five years now, and my husband isn't at all enthusiastic about my stopping work.

MILLETT

"We're buying a home and keeping up a car and we can afford the little luxuries we both enjoy. If I stop working, we'll have to cut down considerably on the way we live—and he doesn't seem interested in doing that. The truth is, I'm tired of working and would like to settle down to doing a better job of homemaking, have a child or two and be a wife instead of a business partner.

"Do you think I'm selfish to want to quit my job and leave the full responsibility fo rearning a living up to my husband?"

Not at all. Earning the living for the family IS the husband's responsibility. And a wife has a right to expect it of him. Her part of the load is making a home, rearing a family and being a companion to her husband and children.

• • •

TAKEN FOR GRANTED

YOU'VE worked long enough to get your husband to the point where he expects you to make a financial contribution to the marriage.

And he has enjoyed the luxuries your job helps pay for long enough so that he may very well be reluctant to give them up.

However, if you honestly want to settle down to being a real homemaker, you had better quit your job right now. It won't be easier, but harder, to do so as time goes on.

Tell your husband you have decided to quit and get him to help figure out a budget so that you can live on his salary alone.

You won't be doing your husband an injustice—though it may seem so to you at the time. A stay-at-home wife often makes more of a real contribution to her husband's success than a working wife. And certainly, if she tries, she can make more of a contribution to his happiness.

Make that your goal—and you need never feel that you were selfish in quitting your job.

Laff-A-Day

"Hello, Pop!"

DUSTER SERVICE

MEMPHIS, Tenn. (U.P.) — Mrs. T. B. Passmore watched a young lad and his mother approach dusty park bench. The youth sat down first, slid along the surface several times and then offered his mother a seat on the clean bench.

By Bennett Cerf

"Try And Stop Me"

I WONDER how many of you remember the shenanigans of Montague Glass' greatest creations, Potash and Perlmutter? These two hot-tempered and argumentative partners called one another every name under the sun, but if an outsider attacked, they were as united and indivisible as Park and Tilford or Haig and Haig!

One of Potash's rages was provoked by a high-salaried salesman who was too lazy to cover his accounts properly. "Look at you sitting there twaddling your thumbs," screamed Potash. "Why aren't you out selling?" "Listen, Mr. Potash," the salesman assured him. "If I could sell like you think I should, I'd be in business for myself!"

There came a day when Potash and Perlmutter invested in a motion picture company, and Perlmutter hired a slinky siren of the then-popular Theda Bara-Pola Negri type. "How much you paying her?" demanded Potash suspiciously. "Seven hundred a week," admitted Perlmutter. "Robbery," ried Potash. "You've gone crazy." "Calm yourself," said Perlmutter. "You don't seem to understand that this girl is a Kipling vampire." "For seven hundred dollars a week," decreed Potash, "she should Kipple for somebody else."

(Copyright, 1949, Bennett-Cerf.)

Today's Journal Editorial

"CORNBREAD AND BUTTERMILK"

Business is "levelling off," all over the country.

There's no use denying the fact. Everyone with an ounce of brains knew such a "levelling off" had to come sometime—whenever the effects of the war boom and war-bred shortages disappeared.

But as business "levels off," the cosmic thinkers of the press and radio are putting a political implication to conditions. "Mr. Truman's in trouble," they trumpet. "He's going to be in more trouble. Washington is worried. The pumps must be primed . . ." etc., etc., etc.

Of course, Mr. Truman isn't happy over the prospect. None of us are. But to blame the administration—or even indicate that the administration can play King Canute and roll the economic waves backward—is to be both silly and unfair.

It wouldn't make any difference who happened to be in the White House, or which party happened to control Congress. The situation would be the same, the problems identical.

Best thing all of us can do—the administration included—is sit tight in the boat and trim our expenses in ration to our incomes.

The war's big income binge is over. The sobering up process is on us. Let's forget pheasant and champagne and remember that cornbread and buttermilk are still pretty good food—and much better than the rest of the world's people are used to!

Outpost To North Snyder Field Flows 1,560-Barrel Potential

Sunray Oil corporation No. 3 Brown, one-quarter of a mile east outpost to the nearest oil well on the south side of the North Snyder field, in north-central Scurry county completed for a 24-hour flowing potential of 1,560 barrels of high gravity oil.

This venture is 467 feet from north and 660 feet from east lines of tract 8, section 20, J. P. Smith survey.

It topped the Canyon reef lime at 6,400 feet, on an elevation of 2,464 feet. That made it approximately 100 feet high to the same company's No. 1 Brown, one location to the west.

The potential test on No. 3 Brown was through a one-half inch tubing choke. The 24-hour figure for the initial production was calculated from an actual flow of 290 barrels of oil and no water in six hours. The flow is natural. Gas-oil ratio is 716-1.

Depth 6,806 Feet

The production is from open hole between 8,500 feet, where a string of 7-inch casing is cemented, and the total depth at 6,806 feet.

Barnsdall Oil company No. 1 Wren, one location west of the nearest oil well on the southwest side of the North Snyder field in north-central Scurry county, and 660 feet from north and east lines of tract 9, section 20, J. P. Smith survey, flowed 20 hours from open hole in the Canyon reef at 6,800-6,900 feet.

The well produced 568.66 barrels of oil and no water. The flow was through a 20/64th inch tubing choke. Flowing tubing pressure was 520 pounds and casing pressure was 820 pounds. Gas-oil ratio was 998-1. The production is natural.

Operator is continuing to flow to test and complete.

Two Flankers Planned

One location east extension to the Diamond M field of west-central Scurry county is apparent by Hiawatha Oil & Gas company No. 3 Wilson, 1,980 feet from west and 660 feet from north lines of the southwest quarter of section 183, block 97, H&TC survey.

The prospector called top of the Canyon reef of the Pennsylvanian at 6,720 feet, three feet high to Hiawatha No. 1 Wilson, producer one location to the west.

A core from 6,730-55 feet recovered 13 feet of porous lime with good odor and fluorescence and two feet of shale.

The venture has drilled ahead to 6,724 feet and was running Schlumberger survey prior to setting seven-inch pipe on bottom. It is then to make production tests and complete.

Hiawatha has staked two more east flankers to the pool as No. 4 and No. 5 L. M. Wilson.

Livermore Drills On

The concern's No. 4 Wilson, 1,980 feet from west and 660 feet from south lines of section 183, block 97 H&TC survey, has spudded and was drilling ahead from 1,600 feet in anhydrite and salt.

Drillsite of No. 5 Wilson is 3,080 feet from west and 1,320 feet from south lines of section 183, block 97, H&TC survey. It is due to start at once.

Both are projected to the Canyon reef above 6,800 with rotary tools.

Drilling was continuing after recovering no shows on a lower Permian drillstem test at George P. Livermore, Inc., and Deeprock Oil corporation No. 1 A. L. Mayhew, slated Ellenburger wildcat in west-central Andrews county, 30 miles west of Andrews and 1,980 feet from south, 660 feet from east lines of section 20, block A-51, psl survey.

The examination was for two hours at 8,254-8,305 feet, showing a steady blow of air throughout and recovering 593 feet of drilling mud.

Mystery Wildcat Shutin

Superior Oil company and Intex Oil company No. 1 Jordan, northwest Scurry county "mystery" wildcat, is reported by unofficial observers to be shutin.

This venture, located three miles northwest of Fluvanna, and 680 feet from east and 2,652 feet from north lines of section 579, block 97 H&TC survey, is supposed to be on a total depth of 8,460 feet in Ellenburger which was entered at approximately 8,400 feet.

A string of casing is cemented in the well and some interested observers think it is set at 8,400 feet.

The project is reported by unofficial sources to have recently been treated with 3,000 gallons of acid. It is supposed to have swabbed out the load and residue from the acid and to have swabbed some new oil into a tank at the location.

No information is available regarding the amount of oil produced after the acid treatment, or operators may undertake next. Apparently oil and gas in commercial quantities have been found in the Ellenburger.

Deepening Delayed

Lipscomb & DeLange No. 1 Wren, outpost to production on the south side of the North Snyder field in north-central Scurry county was to drill the plug on a string of 7-inch casing which had been cemented at 6,364 feet in lime and then drill ahead.

The pipe was run to case off a porous zone above the current bottom at 6,364 feet. That interval had caused considerable loss of circulation and had delayed deepening for several days.

The venture is 467 feet from north and east lines of tract 11, section 20, J. P. Smith survey. It is to go to about 7,000 feet to explore the Canyon lime, the pay section of the North Snyder field.

Noted Houston Columnist Is Honored At Gala Dinner; Presented With New Auto

HOUSTON, June 23. (U.P.) — Ralph Alexander Anderson, known to thousands as the man who has done so much for so many—morally and financially—sat back and relaxed today.

That's a thing that most newspaper folks never even think about. But "Andy" had it coming.

He had to think about the trip-hammer events of yesterday and last night, complete with words of praise and gifts that would have altered the hat size of almost anybody but the internationally-known columnist of the Houston Press.

Writer Is Praised

Big names in the field of journalism and in the sporting world joined hands in the jam-packed Emerald room of the Shamrock hotel to make known their esteem for "Andy," who, at 59, always has time in his modest paper-littered office to listen to the troubles of others and work out solutions.

Before the $15 per plate dinner was over, former world's heavyweight champion Gene Tunney had compared the gray-haired little fellow to St. Francis of Assissi. Former Texas Atty. Gen. William C. McCraw, toastmaster of the audience of 750 persons, linked him with Sam Houston.

Amid roaring applause, Andy took it all in stride and then spoke briefly—typically.

"I want to think of this tribute as a tribute to the people of Houston who made possible the things for which some give me credit."

With climax upon climax heaped before Andy and his lovable wife, the columnist was speechless when the final surprise came.

A deep maroon 1949 Lincoln was wheeled in through the huge double doors of the festive Emerald room. Fumbling the set of gold keys, Andy couldn't speak.

Applause drowned out anything he might have tried to say.

In the background, each offering praise to the man of the hour, were Roy Howard, head of Scripps - Howard newspapers; Lieut. Gov. Allan Shivers, Jesse Jones, Texas Railroad Commissioner Olin Culberson, Houston Mayor pro tem Tom Needham, Bishop Clinton S. Quin, and sports notables Gene Tunney, Davey O'Brien, Bohn Hilliard, Jimmy Demaret, J. Alvin Gardner, and football coaches from every Southwest conference school in Texas.

The Ivory Coast, French African colony, is buying United States railroad equipment.

Services For Former Lamesa Mayor Slated

LAMESA, June 23. (Special)—Graveside services for E. B. Warren, 74, pioneer resident of this area and former mayor of Lamesa, were to be conducted at 4 p. m. today in Meridian.

Warren died early Sunday in a Los Angeles hospital.

Warren had been ill for the past two months. He had gone to Los Angeles six weeks ago to visit relatives.

Attacks On British Freighter Protested

LONDON, June 23. (AP)—Britain lodged a second protest today over Chinese Nationalist air attacks on the damaged British freighter Anchises near Communist - held Shanghai.

The protest, presented to the Canton foreign office, said the Anchises, beached in the Whangpoo river after she was damaged by the first Nationalist air attack, has been attacked twice since.

Officers Capture 11 Stills During May

AUSTIN, June 23. (U.P.)—The state liquor control board announced today that its officers captured 11 illegal stills last month, with a capacity of 455 gallons of moonshine liquor.

Titus county accounted for four of the total, while two were found in Grimes county and one each in Henderson, Dallas, Harrison, Marion and Harris counties.

Revenues for May, the board reported, totaled $903,853. Most of the revenues were received from sales of liquor, beer and wine stamps.

BLOCKADE OF BERLIN REIMPOSED

Reds Refuse To Move Trains As Long As Strike Continues

BERLIN, June 23. (U.P.)—Russia refused today to move supply trains from western Germany into western Berlin despite an order by railway strikers to handle them.

Emergency crews of 80 striking technicians reported for work at switches, railway yards and other struck installations in western Berlin to handle trains from the west, but the lines remained idle.

The Soviet-bossed railway administration said the strikers' offer was "an encroachment of the operation rights of the railway."

15,000 On Strike

The statement was taken to mean that Russia, which controls the railways serving Berlin under a four-power agreement, has no intention of permitting trains from west Germany to enter Berlin until the strike as a whole ends.

Altogether 15,000 non-Communists western Berlin railway workers are on strike. Their 34-day-old walkout not only has given the Russians an excuse to reimpose their railway blockade on Berlin, but has halted all service on Berlin's elevated railways.

The western commandants scheduled a regular meeting of their three-power kommandatura for 2:30 p. m. (8:30 a. m. EDT), and a discussion of the strike was on the agenda.

But Brig. Gen. Frank L. Howley, American commandant in Berlin, said western acceptance of the strikers' proposals mean nothing if the Soviet-controlled railway administration rejects them.

However, the western powers have informed the Soviets that Soviet desires for a trade pact between eastern and western Germany cannot be fulfilled until freight traffic from western Berlin is resumed.

Offer To Unload

Union leaders said strikers would unload some 600 freight cars brought into Berlin the early days of the strike before the Russians decided to suspend traffic from western Germany.

It was estimated that some 40 or more freight trains loaded with supplies for Berlin are stranded in the Soviet occupation zone between western Germany and this city. The Russians have refused to let their locomotives haul trains here as long as the strike continues.

The 15,000 strikers are demanding recognition of their non-Communist union, all their pay in western marks and a policy of no reprisals. They yesterday rejected for a second time an offer backed by all four occupation powers of 75 per cent of their pay in western marks and no reprisals except against strikers who have committed "crimes."

"SEE" QUEEN—Video viewers may recognize the face of Barbara Freking, but that's all. The television star was recently crowned "Sea Queen" of Del Mar, Calif., but with TV's rules on plunging necklines and skimpy costumes, Barbara will never hit a coaxial cable with this swimsuit.

Beaumont Bus Strike Showdown Is Delayed

BEAUMONT, June 23. (AP)—A showdown meeting on the Beaumont city bus strike was postponed until tomorrow morning.

"The city council has reluctantly agreed to postpone taking action in the matter until 8:30 a. m. Friday at the urgent request of both parties," Mayor Otho Plummer said.

The council had scheduled an 8:30 a. m. meeting on the strike situation today.

Plummer had threatened drastic action at the meeting if the strike had not been settled.

The walkout of bus employes has tied up public transportation for a month.

Shippers' Plans Are Awaited In Blockade Of Chinese Ports

By FRED HAMPSON
Associated Press Staff Writer

SHANGHAI, June 23.—A British sloop off the south of the Yangtze today caused speculation that efforts may be made to run a Nationalist blockade of Chinese Communist ports.

The blockade is scheduled to be clamped on all Chinese Red ports from Foochow northward beginning Sunday.

British sources here were mum on their plans. But the sloop Black Swan, damaged only a few weeks ago by Communist artillery on the Yangtze, was known to be off the mouth of the river.

Shippers Await Orders

American shippers awaited advice from their government and owners before announcing their plans. Some wanted U. S. warships nearby just in case.

Apparently the big ships of all nationalities will skip Shanghai, for a while at least. There was some traffic by small coastal steamers on the river today. More coastal vessels of the 3,000 ton class or less, are expected up from Hong Kong tomorrow.

The American freighter Rum River still stood off the Yangtze's mouth with a load of fuel oil for Shanghai power stations. The tanker awaited word from her New York owners, Cal-Tex company, whether to enter port.

Nationalist planes have raided the river front three times in four days. The British freighter Anchises, was crippled and beached in one of the raids. Apparently Nationalist planes yesterday tried to sink her and block the Whangpoo channel near its confluence with the Yangtze. A bomb was dropped, but it missed the Anchises.

Paper In Dutch

Shanghai today felt a "small heat"—Chinese term for the season's first heat wave. The mercury soared to 96 degrees under an overcast that prevented Nationalist planes from getting in, if any tried.

The question of continued publication of the British-owned North China Daily News was unsettled. The newspaper has come under Communist criticism for printing stories about a mine scare earlier this month. Some Communist sources demand that the paper be suspended for three days at least as punishment.

The editor has been instructed to prepare an apology for presentation to the Communist military control bureau. The bureau would decide how to handle the situation upon receipt of such an apology.

The American-owned Post and Mercury, which has been closed because of labor trouble, announced today it would suspend publication indefinitely.

Life Term Is Given Slayer

YELLVILLE, Ark., June 23. (AP) Sgt. Kenneth D. Speegle, formerly of Borger, was convicted of first degree murder here last night for the slaying of an Arkansas state policeman.

The jury fixed his punishment at life imprisonment.

Prosecutor Gene Moore had demanded the jury find Speegle guilty of first degree murder "as charged" in the fatal shooting of Trooper Sidney V. Pavatt last September. Such a verdict automatically would have carried the death penalty.

Insanity Is Claimed

Defense attorneys contended in their closing arguments that Speegle, AWOL from the Army when Pavatt was slain, was insane as a result of his war experiences. He pleaded innocent by reason of insanity.

Testimony was finished late Wednesday afternoon as two specialists from Arkansas state hospital testified as rebuttal witnesses for the state that Speegle is sane.

Walter Speegle, Borger, Texas, brother of the defendant, said his brother "wasn't right" after his discharge from the Army.

(Speegle subsequently reenlisted in the Army in 1948 and went AWOL two months later).

Speegle also is charged with first degree murder in the killing of Zue E. Crook, retired railroader.

Pavatt was shot fatally while investigating a series of burglaries in the Ozark mountain country near here. While authorities were hunting for the killer the body of Crook was found in a shallow grave.

Papers found in a cave linked Speegle with the crimes.

Rites For Father Of Lubbock Woman Held

Mr. and Mrs. Burton S. Burks and family, of 2623 Thirtieth, are expected to return the latter part of the week or the early part of next from Granbury, where Mrs. Burks' father died Sunday.

He, A. T. Warren, about 80, was a farmer. Mrs. Burks and daughters, Mary and Evelyn had been there a week because of the illness of Mrs. Warren. Mr. Warren's death was unexpected. Physicians said it resulted from a heart attack. Burial was Monday at Granbury. Mrs. H. S. White of Dallas is another daughter.

NAME IS CHANGED

BROWNSVILLE, June 23. (U.P.)—Brownsville Junior college was officially "Texas Southmost college" today.

School Board President Jimmy Pace announced the change.

India may produce optical glass.
