DEDICATION SUNDAY — The new Educational Building of St. John's Lutheran Church will be dedicated Sunday. The Rev. C. N. Roth of Bulverde, former pastor, will open the day's activities at the morning service. Open house will be held from 2 until 5 p. m. (Photo by Little)

St. John's Lutheran Church Plans Dedication Services For Education Bldg.

Dedication services for their new Educational Building have been planned by St. John's Lutheran Church for Sunday, March 19.

The Rev. C. N. Roth, former pastor of St. John's and now of Bulverde, will open the day's activities at 10:45 a. m. service after which there will be an all congregation dinner. At 2 o'clock there will be an Open House until 5 o'clock. The public is cordially invited to attend.

Plans for the new building were started in 1950 but were discontinued during the drouth years. Two years ago planning started again. The plans were accepted in July 1960 and ground was broken in September. Stanford Engineering Co. of Midland were contractors with Joe McTeer of that company as architect.

The cream brick and concrete block structure has approximately 3700 square feet of floor space which will house the nursery through intermediate age groups in twelve classrooms or will divide into one large assembly hall or four sub-assembly rooms, by the use of folding doors.

Members of the building committee are W. F. Minzenmayer, chairman; Freddie Bredemeyer, secretary; Milton Jackson, August Stoeker, and A. C. Minzenmayer.

The church Council acted as a finance committee. Chairman Milton Jackson is also a trustee, Secretary Richard Dunlap is an Elder and Treasurer Walter Spill is also an Elder. Others are W. F. Minzenmayer, R. C. Simpson and Edgar Minzenmayer, trustees; Floyd Sims, elder, and L. W. Kettler, Johnnie Wilson and Carl Turk, deacons.

Parrish Educational Committee members are L. W. Kettler, chairman; Mrs. E. E. Thormeyer, secretary; L. R. Hoppe, Milton Jackson, Richard Dunlap, Jake Presley, and E. E. Thormeyer.

The three women's organizations of St. John's are furnishing the drapes, classroom cabinets and kitchen utensils. Men of the church did the landscaping.

This is the seventh building project of St. John's Lutheran Church since its organization in 1904.

Of the original 22 charter families there are four members still living to see the completion of another dream. They are Mrs. C. F.

Ernst, Mrs. William Minzenmayer, Sr., Mrs. George Onken Sr., and Mrs. Ed Gerhart.

The church celebrated its fiftieth anniversary in 1954.

The Rev. H. K. Flathmann, the present pastor, came to Winters in 1954. He is a graduate of the University of Texas and Wartburg Theological Seminary in Dubuque, Iowa. He is a member of the local Lions Club, Post 9193, Veterans of Foreign Wars, and Ballinger Battery of the National Guard. Mrs. Flathmann is a registered nurse and is current president of the Literary and Service Club. They have three children, Drew, 6, Dawn, 5, and Debbie, 2.

Former Mayor Gives Views On Coming City Election

March 15, 1961
The Winters Enterprise,
To the Editor:

For the past two or three weeks, I have been confronted with the concern of some of the voters of Winters as to a response in your "Letters to the Editor." As a candidate for mayor, I would like to say that I am running for this office on my past record from April 1955 to April 1959 as mayor of the City of Winters. At that time, as an economic measure, the councilmen accepted a part of the responsibility. With the cooperation of the City Councilmen I would again operate the city government in an efficient manner and at a substantial saving to the taxpayers of our City.

It seems that the delinquent accounts and taxes are alarming to the present mayor. These delinquent utility bills that have accumulated since April 1959 are alarming to me, also.

There was an audit of the books of the city each year I was your mayor by a Certified Public Accountant of San Angelo.

The following figures are quoted from the signed statement of the Certified Public Accountant's reports:

	Sept. 30, 1958	Sept. 30, 1960
Unpaid light bills	\$14,155.79	\$31,283.68
Unpaid water bills	7,371.67	10,373.10
Totals	\$21,527.46	\$41,656.78

Runnels Baptist Ass'n Met Here Saturday Night

Runnels Baptist Associational Youth Rally was held Saturday night, March 11, at the Southside Baptist Church. The Rev. Robin Guess of Robert Lee was in charge of the program which consisted of five sessions. Plans were formulated for a presentation of two banners for the highest attendance record.

Each church in the Runnels Association has elected a roving editor for an associational newspaper. Elizabeth Grenwelge was named as the roving editor for the Southside Baptist Church.

Members and visitors were present for fellowship from the First Baptist Church, Paint Rock; First Baptist, Miles; Seventh Street Baptist, Third Avenue, First Baptist, all of Ballinger; First Baptist Robert Lee and Southside Baptist of Winters.

The WMU served Cokes and cookies to approximately 81 who attended.

The next youth rally will be held Saturday, April 8, at the First Baptist Church in Paint Rock. All youths who would like a way to the meeting are asked to come to the Southside Church at 6:30, April 8.

Candidates Drew For Places On April 4 Ballot

The two candidates for mayor and the five candidates for alderman drew for position on the ballot last Friday at the City Secretary's office. The election will be April 4, with voting at the fire station.

Mayor Harvey D. Jones, who is seeking re-election, drew for the first position on the ballot, with George W. Poe in the second spot.

In the field of five candidates for city alderman, A. C. Ernst drew for the top spot, followed by T. A. Smith, B. G. Bryant and Ralph Lloyd, incumbent aldermen, drew the third and fourth positions, in that order, and J. Griff Brown is on the end of the ballot.

New Worship Time At Methodist Church

New times for Sunday worship services at the First Methodist Church were announced this week by the Rev. Ray Elliott, pastor.

The Sunday morning worship services will begin at 10:50 o'clock with Sunday School moved up accordingly to 9:45.

Evening services will begin at 7:30, with MYF meetings at 6:45.

Nona Davidson, student of Texas University in Austin, spent the weekend visiting in the home of her parents, Mr. and Mrs. Pete Davidson.

C. of C. Drive For Members Starts

The annual drive for new members in the Winters Chamber of Commerce began Monday morning with a breakfast for directors and other members at Pierce's Cafeteria. Present for the meeting were 27 members and directors.

Lists of prospective members were handed to all present, with individuals assigned to canvass certain territories or businesses.

A. W. Libbe, president of the

Winters Chamber of Commerce, said that efforts would be made to wind up the campaign some time this week.

Presently on the membership roll are about 81 businesses and professional men.

The kick-off breakfast originally had been scheduled for Tuesday morning, but because of a conflict with a meeting of another organization, the breakfast was moved up to Monday.

Bill Harman Top Farmer For 1960

Kirby Robinson, Norton farmer, and chairman of the Board of Supervisors of the Runnels Soil Conservation District, announced that they have selected Bill Harman of the Wingate community as the "Outstanding Conservation Farmer" for 1960.

Harman operates a 286 acre livestock farm two miles south of Wingate, and has been a district cooperator for eight years.

The board, in making the selection, not only considered what progress Harman has made in the application of his conservation program, which is 87 percent complete, but what he has done to further the conservation program in his community and district.

Commenting on the latter, Robinson said that it was under Harman's leadership as chairman of the Valley Creek Watershed steering committee that the Valley Creek Water Control District was created by the State Legislature in May, 1959. This happened after an application for assistance under the Watershed Protection and Flood Prevention Act was submitted to the Texas State Soil Conservation Board on August 20, 1957. Nothing much happened to further the work on this project until the fall of 1958. It was then that a meeting of all the interested property owners in the watershed was held in Wingate. The Act was explained to this group and they endorsed the project and set up a steering committee to move the project out.

This committee was composed of twelve members, four from each of the three counties and soil conservation districts within the watershed. The committee elected Harman as chairman. As chairman, Harman suggested that the committee make a tour of the Brady Creek watershed so they would know what a project like they were undertaking would be like. After the tour, the committee circulated a petition getting 323 property owners of the watershed to sign it, asking the State Legis-

D. W. Giles New Commander of VFW

D. W. Giles was elected commander of the Veterans of Foreign Wars, Post 9193, at the regular meeting held Monday evening at the post home. Ted Meyer, commander, presided.

Other officers elected were C. C. Paske, senior vice commander; A. N. Crowley, junior vice commander; George F. Lloyd, quartermaster; Cherry Dry, post advocate; Rev. Henry Flathmann, chaplain; Dr. H. H. McCreight, surgeon; J. A. Henderson, three year trustee; Ted Meyer, two year trustee; and James Crockett, one year trustee.

Others present for the meeting were Max Lewis, Hal Dry, Paul Gomez, John Wistinginger, Joe Cortez, Wallace Watson, Leon Daniels, Alton McRoy, Wardell Long, W. R. Mondrell, Johnny Dry, Claude Harrell and Weldon Collins.

Absentee Ballot May Be Used In City Election

Qualified voters who will be unable to go to the polls for the Winters City election April 4 for some reason may exercise their franchise by absentee voting, it was pointed out this week.

Electors who use the absentee system of voting may obtain ballots personally at the City Secretary's office, or may obtain them by mail.

Absentee balloting may be accomplished not more than 20 days nor less than three days prior to the election, it was pointed out.

All other qualifications required for voters must also be met, it was stressed, before absentee voters are furnished a ballot for the City election.

Winters School Administrators Receive Contracts

The Board of Trustees of the Winters Independent School district has extended contracts for school administrators for the school year 1961-62, it was announced this week.

Contracts were extended for Rodney D. Cathey, high school principal; Robert F. Christian, junior high and elementary principal; and Mrs. Keva Russell, principal of the primary school.

The board also extended contracts for L. G. Wilson, head coach, and Miss Freddie Gardner, girls' coach.

Superintendent of Schools James B. Nevins is in the first year of a three year contract, and not subject to election at this time.

Contracts for other teachers in the Winters school system will be discussed at the April meeting of the school board, it was announced.

town into a progressive community. The previous mayors and city councilmen before and during my tenure in office helped to make the City of Winters one of the more progressive cities in Runnels County. In fact, it was the only town in Runnels County that showed a growth from 1950-1960 according to government statistics. I was glad to be a part of this program for eight years — four on the council and four as your mayor. To vote is your privilege. May it ever be so!

Your ex-Mayor and agreeing to be your next mayor,
GEORGE W. POE.

Wednesday morning of last week the Drasco WMU ladies met at the church observing the Annie Armstrong program. Mrs. Bede England was in charge of the program. A paper sack lunch was had at noon. In the afternoon the ladies went on a visitation tour.

Morning visitors at the Moro Baptist Church were Mrs. J. B. Little and daughter of San Antonio; Mr. and Mrs. Calwyn Walters and Ricky of Seagraves and Bryan Webb. Night visitors were Mr. and Mrs. Bud Hicks and Gary of Abilene. For the morning special Mrs. Calwyn Walters, Mrs. Russell Grun, Mrs. Earvine Carey and Clyde Reid sang with Mrs. J. W. Allmand at the piano. The hymn was "When the Sun Set Over Jordan." The special for the night services was a duet by Mrs. Carey and Clyde with Mrs. Allmand at the piano. "Kneel at the Cross" was the number.

The key verse to next Sunday's Sunday School Lesson is: I do not pray that thou shouldst take them out of the world, but that thou shouldst keep them from the evil one. —John 17:15. Meditation by H. Preston Childress. "Which is better—security or salvation?" "One says draw back, stay away, don't contaminate yourself. That's an appalling mess the world has cooked up for itself. Don't get fouled up in it. Stay pure; stay clean and lovely; don't let the world touch you." "One might find security in keeping separate from the world.

Never go to see a drama, don't listen to the radio or watch television. You might find temptation too great, and you might therefore succumb! It is true that the world is too much with us, but sooner or later one must face it.

"Is it not better to be prepared to face the world and to live in it, using the best of it, than to try to shut it out?"

"The best way for anyone to keep evil from overcoming him is to be hard at work doing God's work. Once we start, there is no time to toy with temptation's lure. With Christ in the heart, we are concerned more about the salvation of our world than we are about security from it."

Special days next week are for: Luther McMillon, John Bailey Parker, Jonjia Edwards, Mrs. Henry Crow, Janie Yoes Heatley and Russell Sneed, the 19th; Vernon Reid, Clifford Lewis and Mrs. Dick Bishop, the 20th; Lance Teten, the 22nd; Bill Butler and Donny Buchanan, the 23rd; Mrs. Herman Adams and wedding anniversaries for Mr. and Mrs. Bob Herrington and Mr. and Mrs. Perry Little, the 24th; Lelon Bryan, Gwen Dye and Betty Armstrong, the 25th.

Mrs. Glenn Eager, County THDA Chairman, reported on the planning meeting held at San Saba on Feb. 22 and announced the District 7 convention at Coleman on April 13. Mrs. Egan will plan Runnels County's part on the program and also will serve as parliamentarian. Mrs. Eager urged club women to write to State Senator Dorsey B. Hardeman and State Representative J. W. Moore and ask them to vote for the Hazelwood milk bill.

Mrs. J. Dexter Eoff, Texas Heritage chairman for Ballinger Women's Club, was introduced to council members and stated that its purpose is to collect and preserve our county and state history. She told about coming to the Victory Community as a bride and attending H. D. Club meetings there. She asked for the cooperation of H. D. clubs in getting information on the personalities of the early settlers, interesting incidents and types of entertainment. Stories of early cattle brands, ghost communities and histories of individual clubs and communities would be an interesting addition to the county library.

Mrs. Eager conducted the election of delegates to the district meeting. She was re-elected County THDA chairman by acclamation. Delegates elected were Mrs. E. F. Vogelsang of Ballinger and Mrs. W. B. Urbanek, Rowena club; first alternate, Mrs. Owen Bragg, Crews Club; second alternate, Mrs. Hugo Vogelsang; the Friendly Neighbors Club; third alternate, Mrs. Aaron Jackson, Olfen.

Dinner Party Held In Minenmayer Home Recently

Mr. and Mrs. Weldon Minzenmayer and Mr. and Mrs. W. F. Minzenmayer were hosts at a dinner party in the W. F. Minzenmayer home recently to compliment Lynn Billups and his fiancée, Miss Diana Sue Beavers of Ballinger.

Dinner was served buffet style from a table laid in imported cut-work white linen over green, an arrangement of white gladioli and chrysanthemums in a crystal bowl, flanked by green candles in triple candelabras centered the table.

After dinner games of forty-two and rummy were played.

Present were the honored couple; the bride-elect's parents, Mr. and Mrs. W. R. Beavers of Ballinger, the prospective groom's parents, Mr. and Mrs. Truitt Billups of Winters; Frances Dankworth, Nathan Wright, Dorothy Workman, Cotton Dismore, Ballinger; Mr. and Mrs. Luther Minzenmayer of Winters.

A gift of silver was presented by the hosts.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

ASK - SEEK KNOCK

Everyone knows that success comes not to those who merely desire it, but to those who achieve it through long, hard work.

It is odd then, that in the spiritual area of life some people should expect blessings to come *for the asking*.

Those who really understand PRAYER know that it's more than mere asking. It is *seeking*. It is the hungry search for truth and moral enlightenment . . . digging for spiritual gold in the hills of life.

But PRAYER is something more even than *seeking*. It is *knocking* . . . meeting life's obstacles bravely . . . waiting with patient determination until closed doors open . . . entering portals that the more timid pass by.

We wouldn't really need churches if spiritual growth came for the asking. But we do need churches to help us seek the treasures of God. And through our churches, with the united strength of millions of Christians, we knock on the portals of the more abundant life—and there find it.

s. Fred Young Presented Program Diversity Club

Mr. Fred Young, Texas Heritage chairman, presented the program at the regular meeting of the Diversity Club Thursday afternoon in the home of Dr. and Mrs. H. H. H. Young.

Mr. Young's topic was "Texas Heritage." She stated that the concept of eventful history left over the entire surface of many cities and towns, and the structures and sites of a heritage. These include Indian old forts and other early establishments, missions, churches, public buildings, homes, cemeteries, cattle trails, routes, river crossings, and mountain passes. Some of these things have faded from the scene. Some are still in ruins but quite a few are in good state of repair or have been restored.

Mr. Young said, "As in most

matters, these evidences of Texas stirring history are characterized by a variety of historic origins. This variety comes from the fact that from its beginning, Texas has been a meeting place of peoples and cultures. This has been true throughout the history of Texas, even in the era of the Indians.

"The principle types of peoples and cultures that have left their imprint on the surface of Texas today have been the Indian tribes, who left their Indian mounds, kitchens, middens and other evidences of ways of life representative of practically all types of aboriginal cultures that existed within the bounds of the present United States.

"The Spaniards who came up from across the Rio Grande to build their missions, forts and homes; the Anglo American who left their old southern types in East Texas and their ranch style homes. The several colonizing movements, beginning in the days of the Republic by Germans, Czechs, Poles, French, Alsations, Swedes and Norwegians, who have left their imprint in such places as Fredericksburg and Castorville."

Mrs. Young concluded the program with a resume of an article written by Mrs. George Poe on Winters in the early days. This article included facts about how Winters was named, the first churches, pioneer residents and many other interesting facts about Winters.

Mrs. Roy Young presided and delegates to the district convention to be held in San Angelo April 21-22 were elected. She was named delegate and Mrs. Sam Jones, incoming president, alternate.

Those present were Mesdames C. R. Bellis, W. T. Billups, Z. I.

Agrees To Retire Deficit, But At Odds On Methods To Use

By J. R. SANFORD
Press Association

House of fiercely critical House voted by a 139-101 margin to attack the problems by working to the deficit as an emergency.

The approach advocated by Daniel and Speaker James Turman. Several against the deficit reduction voted for it.

to retire the deficit, not the same as agreeing to do it. Some new big and broad, have been.

George Hinson of Mineola introduced an omnibus tax bill which he said will bring \$100 over a two-year period backed by Governor.

bill includes levies on pipelines, power-driven and parts, utilities, jewelry and watch-making materials, soft wine, liquor, restaur-

to the governor's office would provide revenue \$800 a year teacher pay other spending but is at wiping out the deficit.

Allen of Longview A. Harding of San Antonio an even bigger 2 percent general sales tax an estimated \$317.

Atwell of Dallas has promised, his "Texas-based excise tax," called a sales tax, but, language of the bill, in each separate sale at tangible personal property this state an excise tax.

It has a long list of items, including some all items.

aders say that, after tak-

ing electricity to areas the private companies wouldn't serve, they are now in a life-or-death struggle.

ANNEXING CURB PASSED

No longer would Texas cities be able to reach out and annex "all out of doors" under a bill passed 139-101 by the House.

It provides that cities would be encircled by a zone in which they would have control of building and sanitation, but would not have taxing powers. A portion of this zone could be annexed each year.

Also, cities would be required to give city utilities to an annexed area within three years.

LOAN LAW SOUGHT

House Banking Committee is engaged in one of the session's toughest and most difficult tasks — hammering out new regulations for the small loan industry.

A constitutional amendment voted by the people last November removed the blanket prohibition against interest or more than 10 percent and gave the Legislature authority to set interest rates and regulate the loan industry.

Five bills are under study. In general, they provide for a maximum charge of 3 percent per month on loans under \$100, less for larger loans. Whether credit insurance should be included in maximum charges allowed is one of the questions at issue.

NEW INSURANCE RATE BILL

As a new approach to auto insurance rates, Sen. Grady Hazlewood of Amarillo has introduced a bill to require legislative approval of State Board of Insurance orders.

Hazlewood said this first approach, a bill directing the board to make certain changes in the present auto rate plan, had been "bottled up."

On the other side of the Capitol the House Insurance Committee voted out favorably a "flexible rating" bill that would take away from the Insurance Board the authority to set auto rates.

A few days earlier, Atty. Gen. Will Wilson issued an opinion that, under present law, only the State Board, not the companies, can set these rates.

Prior to his resignation as chairman of the State Insurance Board, Penn. J. Jackson had suggested letting individual companies set up their own merit rating plans on an optional basis.

problem.

Sen. W. T. Moore and Rep. B. H. Dewey, both of Bryan, are sponsoring bills to change A. and M.'s name. There's more prestige in being called a "university" than a "college," they say.

Proposed measure would change name to Texas State University and Agricultural and Mechanical College, with a view eventually to making it just Texas State University.

LAST-MINUTE FLOOD

Passage of the 60-day midpoint in this session ended the period when bills may be introduced without special consent. A flood of new bills came in under the wire. Among them are measures that would: allow voters to put an "X" by the name of the person they wish to vote for instead of scratching all others on the ballot; provide for a 10 percent merit pay raise for teachers to be awarded by local districts and financed 50-50 by state and districts; provide penalties for law enforcement officers who come out of "ambush" to arrest motorists; require children entering the first grade in public schools to have polio shots; increase workmen's compensation insurance benefits to a maximum of \$50 per week.

Local Women Volunteer Service For Easter Seals

Women who have volunteered their services for the Easter Seal Drive are representatives from the Ladies' Auxiliary of the Veterans of Foreign Wars, Junior Culture Club and Winters Jaycee-Ettes.

The Easter Seal Research Foundation is the only national organization founded to help all physical handicaps, whether caused by birth, accident, or disease. It is the nation's broadest research program into causes and methods of preventing or minimizing crippling conditions, covering all phases of crippling.

Scholarships and study grants for specialized training of doctors, therapists, teachers and others who work professionally with the crippled.

Rehabilitation programs to help the crippled learn the amount and kind of work they can do and help in finding productive jobs. These and other local, state, and national services which may someday benefit you or your family. No one is immune to crippling, it strikes one family in five every year.

Remember when your Easter Seal Volunteer calls on you at your home Thursday, March 16 or Friday, March 17, give freely.

New Reference Book On Oil Industry Published

A new oil reference book of special benefit to landowners and operators in Runnels County is available from Phifer Petroleum Publications, of Houston.

The 236-page book, "Petroleum Review, Runnels County, Texas," was compiled by Robert L. Phifer and contains the history of discovery, development, and production of each of the 242 oil and gas fields discovered in the county since 1927.

"Undertaking the research of so vast a project and complicated area as Runnels County was monumental," the author said recently while in Winters.

The sources of the information in "Petroleum Review, Runnels County, Texas," are the voluminous files of hundreds of field hearings and the records of the Railroad Commission in Austin. Important facts,

figures, and conclusions are readable, authoritative, and unbiased. The 91 illustrations in the book include field structure maps presented by operators as exhibits at hearings, logs of discovery wells, and a map of the county with the fields in color.

While the book makes no attempt to predict the location of new fields or evaluate undeveloped areas, it reliably offers the fastest possible means of determining nearest production and producing formations, when discovered, and yearly and cumulative record of production.

The price of "Petroleum Review, Runnels County, Texas," is \$25.00 per copy, and it may be ordered direct from the publisher at P. O. Box 6014, Houston 6, Texas.

Guaranteed by Uncle Sam:

A retirement plan that will return
\$1.93 for every \$1.00 you put in

Would you like to be sure that every dollar you put aside for retirement will pay you \$1.93 later on? It can be done, and here's an example:

Buy a \$100 Savings Bond (for \$75) each month for 17 years and 9 months. (This is exactly ten years longer than the official

maturity period for Bonds, and means extra interest earnings.) At the end of that time, you can cash in a Bond every month for the next 17 years and 9 months, and each one of them will pay you \$145.

This works out to \$1.93 for every \$1.00 you put in Bonds—and please note—the \$75 figure is only an example. You can put as little or as much as you like into this retirement plan. See the chart.

SOME ADVANTAGES YOU MIGHT THINK ABOUT

You can save automatically with the Payroll Savings Plan. Tell your company how much to set aside from your pay for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3 1/4% interest, at maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E Bonds now mature 14 months earlier than before—in just 7 years, 9 months. Bonds bought before June 1, 1959, earn more, too—an extra 1/4% from then to maturity.

You can get your money, with interest, any time you want it. Bonds are a ready reserve that you can cash any time at any bank. But it pays to keep them.

Your money is guaranteed by the U.S. Government. Bonds are an absolutely riskless investment. The Government promises you that the cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace with every Bond you buy. Peace costs money—money for science, education, military strength. And the money you save helps keep our nation's economy strong.

Pick the amount you would like to receive each month for 17 1/4 years

	\$36 ²⁵	\$72 ⁵⁰	\$145 ⁰⁰	\$290 ⁰⁰	\$725 ⁰⁰
You save each month for 17 years, 9 months	18 ⁷⁵	37 ⁵⁰	75 ⁰⁰	150 ⁰⁰	375 ⁰⁰
At maturity, 7 years, 9 months from issue date, each bond will be worth	25 ⁰⁰	50 ⁰⁰	100 ⁰⁰	200 ⁰⁰	500 ⁰⁰
You collect each month for 17 years, 9 months	36 ²⁵	72 ⁵⁰	145 ⁰⁰	290 ⁰⁰	725 ⁰⁰

Tables based on assumption that 3 1/4% rate will be in effect 17 years 9 months from original purchase date of each Bond.

Accessories Should
Accent Costume

To get the most for your money, plan carefully before you buy—remembering the color and design of your basic dresses or suits. Accessories should accent or complement a costume. They can add spice to simple solid color dress or suit, or supply the unifying note with a striking print dress or plaid suit.

Avoid using too many different colors in one costume. The eye jumps from one spot to another and you lose the effect of unity. A general rule for the use of contrasting color, texture or pattern in accessories is never to repeat more than three times—generally two are smarter; for example, shoes, bags and gloves, or shoes, bag and hat, or bag and hat.

Intensity of the color is important. Don't overdo it. The more brilliant or intense the color, the smaller the area it should cover. Unusual colors draw the eye just because they are complex in makeup. Use them with care.

Basic colors in accessories, namely black, brown or navy, are always in good taste and easy to use.

Color in shoes is a fashion to be used with caution. It calls attention to the feet and ankles. Be certain yours can stand the spotlight.

A final suggestion: Look smart but not extreme. Don't overdress. The best dressed women are often the most simply dressed. Accessories Around the Clock, a booklet in written by extension clothing specialists, gives a lot of ideas and suggestions. Get a copy from Miss Ollie Chenoweth, your county home demonstration agent.

A survey by the U. S. Children's Bureau shows that 3,000,000 mothers now working full time have 5,000,000 children under 12 who need care while mother toils.

Work of Proposed
'Peace Corps'
A Mystery

By Congressman O. C. Fisher

There's a lot of talk going around about the proposed Peace Corps. Just how it will work out remains to be seen. The entire idea is fraught with many unanswered questions. Some say the plan could be a success, while others foresee many pitfalls which could make of it a dismal failure.

Here's the general idea of the set-up: Several thousand Americans, mainly young college grads are to be recruited, then trained for three months in six Universities before being sent to "underdeveloped" countries. Their transportation would be paid by the government, and also, food, lodging, and other personal expenses. They would be paid salaries of from \$50 to \$75 per month, to be retained and given each corpsman after the tour of duty. Congress has not approved any of this, however.

There has been no clear indication of what these people would do. It is theorized they would go out into the wilderness and tell the natives how to do things more efficiently.

Robert Shriver, President Kennedy's brother-in-law, has been appointed to head the program. He says the recruits must be hardy and have a "pioneering spirit."

But many questions are being asked. What would such young people do that is not now being done under Point 4? That is the purpose of Point 4—to give technical advice and training to help people help themselves. It would seem, therefore, that the new project would simply increase the number of such people in government service doing the same type of work.

How are such recruits to be screened, and who will do the screening? From UNRRA, Point

4, and in foreign aid programs, the U. S. has been embarrassed more than once by having the wrong kind of people representing this country abroad.

To whom would such young people be responsible? Or would they, as it appears, be on their own, answerable to the head office in Washington?

It is well to recall that only recently Mennen (Soapy) Williams caused much embarrassment to our Ambassadors in East Africa by virtually insulting local governments. This alone would indicate the difficulty in getting the right kind of people to speak for us when visiting strange countries.

Vets Advised Not
To Contact VA On
Insurance Checks

Veterans who are expecting a GI insurance dividend check under the President's speed-up payment plan can help themselves and VA get the job done by not making advance individual inquiries. Acceleration dividend payments is one of a series of Presidential actions to assist the economy.

P. J. Mims, manager of the VA regional office in Waco, explained that answering a flood of correspondence from individual veterans would divert personnel from processing the dividends, and thus create a delay.

At the beginning of 1960, total cattle in the world exceeded one billion head for the first time, a two percent increase from 1959.

Some fishermen don't have to go a long way from home to catch their fish, though. Doyle Pumphrey caught a 45-pound catfish out of the New Winters Lake the other day.

We read it: The phrase 'temporary tax' has replaced Mehuselah as a symbol of longevity.

If you're like most people, every year about this time you start wondering if there is not some more simple method of attaching license tags to automobiles. It took a person with a diabolical mind and a grudge against humanity to devise the methods now in use. For instance, you put on a new set of plates, and forget about them for a whole year. Then comes the time to change, and you find the bolts holding the old ones to the frame have rusted; sometimes it takes a hacksaw to take them off, and then a hunt to find new bolts. Also, during the year, someone probably has backed into the front or rear of your car and bent the license plate and holder, and the holder has to be straightened out before the new plates will fit. It would seem that a large painted number might be the answer.

Was just reading an article about the great amount of money—about \$5 million—spent by the government to help the cranberry growers after the Health, Education and Welfare department had condemned a whole crop of the berries because a few of them were tainted two or three years ago. The department also condemned a bunch of chickens, only to have the chickens bought by the government and later distributed in welfare handouts over the country. Seems it's just a case of HEW to the (bureaucratic) line and let the slips fall where they may.

Wednesday Study Circle Met At Lutheran Church

Wednesday Study Circle held their regular meeting in the basement of St. John's Lutheran Church with Mrs. R. C. Junior Kurtz presiding. Mrs. Dick Dunlap and Mrs. Edward Bredemeyer served as hostesses.

Mrs. H. K. Flathmann gave the Bible study, "How Shall I Pray When I Have Sinned," taken from Psalms 32 and 51. The group sang "Just As I Am Without One Plea," with Mrs. Dunlap at the piano. Mrs. Delbert Kruse called the roll which was answered with Bible verses. Mrs. George Pruser Jr., gave the treasurer's report.

Refreshments were served to Mesdames Jerry Holle, Geo. Pruser Jr., Edward Bredemeyer, Delbert Kruse, R. T. O'Dell, Merle Wright, Dick Dunlap, H. K. Flathmann, R. C. Junior Kurtz and two visitors, Mrs. Richard Sauer of Midland and Mrs. R. F. Stegemoller of Slaton.
