Backstop at Little League Park

Workers from Jameson Roustabout Service and Clendennen Welding Co., both of Silver, pitched in recently to give the Colorado City Jaycees a helping hand on the new Little League Ball Park. They are shown here setting up the 21-foot high backstop for the field now under construction. Only one-half of the 190-foot backstop is shown here. Jaycee John Followill of Silver directed the operations.

FOUR YOUTHS ESCAPE DEATH

Joy Ride Ends in Car, Train Crash Near City

Four Cuthbert youths narrowly escaped death Friday night in a car-train crash at the city's western limits.

Their 1957 Ford four-door sedan was demolished in the collision at T & P Railroad crossing on Highway Loop 1983, cutoff route between U. S. Highway 80 (to Big Spring) and State Highway 101 (to Sterling City).

All four Saturday were in Root Memorial Hospital recovering from these injuries:

Ernest Wayne Joiner, 19, owner and driver of the car, head concussion, multiple scratches and bruises.

Jackie Joiner, 17, broken leg, head concussion and multiple scratches and bruises.

Nolan Treadway, 16, fractured jaw, head concussion and multiple scratches and bruises.

J. D. Goswick, 19, head concussion, multiple scratches and bruises.

The quartet were pleasure riding, circling back to the city's downtown area from the Sterling City highway when the accident happened at about 8:25 p. m.

Their car was traveling north and the train, a T&P freight, was moving west.

"I don't recall seeing the flashing signal lights," Jackie Joiner told the Record.

"I just vaguely remember seeing the train," he continued, "but that is far as it goes."

Police investigating the accident said the sedan collided with the seventh boxcar from the train's caboose.

Skid marks on the pavement were measured for a distance of 120 feet, police said.

Jackie Joiner, brother of the car's driver and a passenger in the right rear seat, was thrown out of the car by the collision.

All four were knocked unconscious by the crash.

The young Joiner crawled away from the wreckage after regaining consciousness and then walked to Brown Service Station on U. S. Highway 80 to summon an ambulance.

"When I got back to the wreck," Joiner said, "Treadway was sitting on the side of the car seat."

"But the other two still were out."

Police Chief Leon Yeager said the train continued westward apparently with train personnel not knowing there had been a collision.

However, the train was delayed between Colorado City and Big Spring because of a "hot box" and to sidetrack a car that had derailed, the chief said.

Yeager said he was told by K. D. Hestess, T&P superintendent at Big Spring, that flashing signals at the railroad crossing were working at the accident scene.

Engineer of the train was B. F. Everett.

Orientation sessions for Colorado City's public schools faculty are scheduled Thursday morning and afternoon.

Morning session, with Chamber of Commerce sponsoring a special reception and tour, will be for new personnel at local schools this fall.

All teaching personnel and school board members will gather at 1:30 p. m. for a general session.

Theme for the entire orientation will be "Raising the Standards of Our School," according to Supt. Frank Wilson.

Reception and refreshments for new school personnel will be at 9 a. m. Thursday in the School Administration Building.

Hosts for the reception will be the chamber's education committee.

Problems of new teachers will be discussed for the new faculty members and, then at 10 a. m., the group will tour all school facilities and key points in the city.

The tour also is sponsored by the chamber's education committee.

Certificates Available For Swimmers

Youngsters qualifying for "learn-to-swim" certificates, but who were unable to attend the awards presentation at Ruddick Park Friday night, may obtain their certificates at the Recreation Center on 10th Street, James Poe announced Saturday.

Presentation of awards was rushed and the band concert cut short by a thundershower midway through the program.

Bandsmen had to run for cover to protect their instruments.

Poe, city parks and recreation director, briefly discussed the summer swimming program that earned beginner or advanced certificates for 320 youngsters, then introduced Roy Fox, board chairman, who assisted him with presentation of awards.

Fox, also co-publisher of the Record which co-sponsored the learn-to-swim program and furnished the awards, pointed out that the success of the summer swim program was particularly significant in view of the fact that more than one-third of all deaths across the nation during the recent July 4th holiday was due to drownings due to lack of knowledge of water safety.

Chamber to Send Farm News Letter

Five local firms were signed to Chamber of Commerce memberships this week by the chamber's membership committee.

The new member firms are Eva's Dress Shop, owned by Bob Pender; Morgan's Grocery & Market, owned by M. A. Morgan; Ben Franklin Store, owned by Charles Freeman; Baker Hotel, managed by Garland Green, and Adams Humble Station, operated by H. E. Adams.

Ezell Injured In Fall at Lumber Yard

Charles Ezell, 1911 Vine St., was severely injured Friday in an accident at Allied Lumber & Supply on Snyder Highway.

Ezell, a partner in Allied Contractors, received a crushed heel, broken leg just below the hip and a broken elbow, according to Mrs. Ezell.

He was treated for the injuries and shock at Root Memorial Hospital Friday afternoon. Saturday morning, he was transferred to Abilene to be under the care of a bone specialist.

Ezell was helping load lumber at the yard when the accident happened at 12:30 p. m.

Urban Renewal Plan On Ballot Tuesday

ENGINEER TELLS AUDIENCE

Private Enterprise Program Aiding Individual, Business

"Basically, it's a private enterprise program.

"You build health problems right out of the city."

"And local business grows and everybody gains."

That's the way Frank Von Zuben of Austin described Urban Renewal here Friday for more than 150 persons at a combined civic club luncheon in Civic House.

"You need to put your shoulders to the wheel and put this over," he told the audience.

Zuben is chief engineer for General Sanitation Services, Department of Sanitary Engineering, Texas Health Department.

He also is the son-in-law of T. A. Hubbard, pioneer Mitchell County merchant, who was in business here when supply wagons moved out of Colorado City to build other West Texas cities.

Zuben was principal speaker at the luncheon sponsored by Chamber of Commerce in cooperation with Lions, Kiwanis, Jaycees, Business & Professional Women's Clubs.

Masters of ceremony were Jeff Taylor, president of Lions and Chamber of Commerce, and Mayor Trevor Crawford, president of Kiwanis.

Zuben said Urban Renewal is a program where the federal government spends \$2 for every \$1 locally to erase and redevelop blighted areas.

But it does it with private enterprise at every level, he said, with local ordinances to keep the improved standard for the future, for local planning, local staffing, local financing for redevelopment and local citizen participation.

The state engineer emphasized that Urban Renewal is not a federal housing program.

Instead, he pointed out, it is a program by which the federal government pays two-thirds of the costs for improving public facilities (sewer, streets, utilities, parks, fire stations, etc.), then provides 40-year FHA insured financing for private enterprise to

Aid Plan For City Projects

Colorado City's qualified property owners go to the polls here Tuesday to decide whether the city enters into the Urban Renewal program for community development and improvement.

The program — locally planned and administered — offers federal financing upward of two-thirds the costs of local improvement projects.

At the same time, Urban Renewal joins hands with private enterprise — local builders, local business firms and mortgage bankers — for redevelopment of blighted or slum areas in accordance with local community planning.

MAJORITY vote of the city's qualified voters — those who have property rendered for taxes on the municipal tax roll — is required before the city can enter into the Urban Renewal agreement with the government.

The election, with voting boxes at City Hall, was called by City Council after studying the Urban Renewal program for several months and after a public hearing which not a single person appeared in opposition.

If the proposal is approved Tuesday by a majority of the voters, then the city will proceed with additional planning for the possibility of actually setting up an Urban Renewal project in Colorado City.

MAYOR TREVOR Crawford emphasized Saturday that the election Tuesday will be mainly an enabling action, if approved by the voters, that will allow the city to go ahead with real surveying and planning to determine what type of redevelopment and improvement program might be carried out with Urban Renewal financial assistance.

The mayor emphasized that any redevelopment program planned for the city must, first, be placed before the citizenship in public hearing before it can be adopted by City Council.

Administration of any local Urban Renewal program will be by Urban Renewal Commission of local citizens, all appointed by City Council.

URBAN RENEWAL, with the federal government spending \$2 to any \$1 from local sources, provides for federal grants up to two-thirds of a project's net cost in the area designated for Urban Renewal.

Net cost is the gross cost of the program less the sale of land for redevelopment and includes cost of building improvements to public facilities, like streets, utility lines, schools, fire stations, sewer lines, parks, etc.).

It also includes the cost of clearing of blighted structures off lands which are designated for redevelopment.

URBAN RENEWAL is not a public housing program of any sort, but it does provide for special FHA insured long-time loans (40 years to pay) for property owners in Urban Renewal designated areas to build new houses or buy better homes within their income means.

The program also provides for private business firms to receive similar long-term FHA insured loans for the building of rental housing or homes within the redevelopment area.

MORE THAN 117 Texas cities now are in some stage of Urban Renewal program under authority of local elections as authorized by the Texas Legislature.

The program is endorsed by Texas Realtors, Texas Home Builders and others as a means of linking federal aid with local administration and private business development.

Committees Begin Planning for County Fair Here Oct. 17-18

Committees are going to work formulating plans and activities for Mitchell County Fair here Oct. 17 and 18.

Sponsoring the event and coordinating planning for the fair is the Chamber of Commerce agriculture committee.

The Oct. 17-18 dates were set so as not to conflict with annual Loraine Fair, which will be earlier in October.

Elmer Martin, chairman of the chamber's agriculture committee, said the county fair will include complete classes for farm products, homemaking and community

divisions, commercial exhibits, concessions and entertainment.

Main headquarters for the county fair is planned at Civic House and the National Guard Armory. Activities of the fair will be both, inside and outside the buildings.

Letters will go out this week to all potential commercial exhibitors. Heading the arrangements for the commercial show are J. C. Costin, Ross Daniel and R. J. Hoback.

Setting up classes and awards for farm products division, are County Agent Jack

Burkhalter, James Trammell and John Russell, Pete Hines of Westbrook and James Holt of Loraine.

Mrs. Charles C. Thompson is heading arrangements for women's activities in homemaking and community division of the fair. Joining in this preparation are County Agent Elinor Harvey, Mrs. J. S. (Jay) Craddock Jr. and homemaking teachers at Loraine and Westbrook.

Publicity will be directed by Joe Boatright, Drew Ballard and J. W. King.

... where your trade creates prosperity
that YOU can enjoy

A community such as ours is built ... and maintained ... and prospered ...
by the trading that goes on within it; not by the dollars which are sent off
or carried off to some other community.

Our schools ... our churches ... most of our homes and jobs or businesses
... the number and type of our neighbors ... the ability of our stores and
service establishments to take care of our daily and emergency needs ...
all of these depend upon local trade ... money spent here at home

One of the cold facts of (economic) life is ... that the prosperity
and better life which our dollars inevitably help to pay for in the
community where they are spent can be far more valuable than
the goods or services they buy for us.

But an equally undeniable fact of life is that we do not share in
the enjoyment of these more important things paid for by our
money ... except when we spend it at home.

IN HOME CEREMONY

Delpha Sue Clark Becomes Bride of Adron Thomas Kidd

Delpha Sue Clark became the bride of Adron Thomas Kidd Wednesday evening, Aug. 20, in the home of the bride's aunt and uncle, Mr. and Mrs. E. T. Strain of 440 East Fifth Street.

The bride is the daughter of Mr. and Mrs. Delfo Clark and the bridegroom is the son of Mr. and Mrs. A. C. Kidd. Rev. Lyward Harrison, pastor of the St. Luke Methodist Church, read the double ring vows at six-thirty o'clock.

Wedding vows were repeated before the fireplace, in the Strain home, and the mantle was decorated with a bouquet of white and pale yellow gladioli flanked on both sides of the fireplace with palm leaves.

The bride, given in marriage by her father, wore a two-piece suit of beige and brown silk styled with a blouson jacket. She wore brown accessories and a beige feathered bandeau.

She carried a white Bible topped with a bridal bouquet of salmon-pink gladioli tied

with white satin streamers.

For something old and borrowed the bride wore a pearl brooch belonging to her great-grandmother, something new a strand of cultured pearls, a gift from the groom; and she wore a blue garter.

Traditional wedding music was presented.

Mrs. Amos Owens of Sheffield, sister of the bride, was matron of honor.

Mrs. Owens was attired in a two-piece dress fashioned from red cotton satin enhanced with a red and white polka-dot sash. She carried a bouquet of white chrysanthemums tied with white satin streamers.

Jackie Corbell was best man.

A reception honored the couple following the ceremony.

The bride's table was covered with a white cut-work cloth over pale yellow, decorated with bridal flowers, yellow tapers and the three-tiered wedding cake topped with a miniature bride and groom.

Included in the houseparty were Mrs. Biff Basham of Albuquerque, N. M.; Mrs. Preston Morris and Mrs. Wadell Strain.

Mary Ann Kidd, sister of the groom, presided at the registry.

For their wedding trip to Ruidoso, N. M., the bride changed to sheath dress of embroidered black cotton-satin. She completed her ensemble with accessories of black and white and a corsage from her bridal bouquet.

The couple will reside at 504 Chestnut Street following their return from their honeymoon.

The bride, a 1956 graduate of Westbrook High School, attended Howard County Junior College in Big Spring and at present is employed as a bookkeeper at the City National Bank.

The bridegroom was a 1956 graduate of Colorado High School. He attends Texas Technological College in Lubbock and Howard County Junior College. He is employ-

ed by Texas Electric Service Company.

Out-of-town relatives and guests attending the wedding were Mrs. J. H. Sikes, Mrs. Lena Johnson of Carlsbad, N. M.; Mrs. Basham, of Albuquerque; Mr. and Mrs. Amos Owens of Sheffield, Mr. and Mrs. Jeff Owens of Sheffield, Mr. and Mrs. Richard Hardee of Snyder, and Jane Kidd of Sweetwater.

IN SEPTEMBER

Miss Kessling To Wed John Cooper

Mr. and Mrs. Karl Kessling, Stuttgart West, Krahevald 297 Deutschland, announce the engagement of their daughter, Angelika, to Specialist, 5th Class John M. Cooper, United States Army.

The prospective bridegroom is the son of Mr. and Mrs. Stewart Cooper Sr. of Colorado City.

Wedding of the betrothed couple will take place in September in St. Katherine's Anglican Chapel.

The bride-elect's grandfather was a German Field Marshal during World War I.

Cooper will complete three years in the U. S. Army in September, at which time he will re-enlist for another year. He is attached to the machine records unit.

The couple are making plans to return to Colorado City in October of 1959.

Wrong Labels Cause Mail Delays Here

Out of town printers have been flooding Colorado City postal patrons with unsolicited and unordered address labels, according to Postmaster S. A. Palmer, and a considerable number of the labels are printed with incorrect addresses on them.

"Those labels which do not bear your correct mailing address should not be used on 'since' care-your mail," Palmer said, "since their use may cause confusion and delay to your mail — and in some cases might result in misdelivery of your mail."

Palmer pointed out that the incorrect addresses included those printed with street addresses where the patron actually gets mail in a post office box; street addresses where the patron gets his mail on a rural route and the use of "Community" names as rural route addresses.

Palmer said that the labels could be used for other purposes as set out in the letter accompanying the labels, but that patrons should check the address given on the label before using them on mail.

Boy Scouts Receive Awards at Meeting

A court of honor was the highlight of a meeting Tuesday evening of Boy Scout Troop 20 in the basement of First Methodist Church.

Parents and scouts enjoyed movies and slides of the explorers trip to Philmont Scout Ranch at Cimarron, N. M.

Following the movies awards were presented to the following boys: Chris Cooper, Stanley Hardeste and John Applegate received second class awards.

Boys receiving the life rank were Dee Snider and Richard Harrison.

John Merritt received the explorer apprentice award.

The following scouts received merit badge awards: Dee Snider, reading, citizenship in

the community, horsemanship, hiking, camping, firemanship and forestry; Richard Harrison, reading, fishing, camping, citizenship in the community and wildlife management; Dan Latimer, firemanship, safety and citizenship in the community; Dols Pace, camping and cooking; John Merritt, public health; Randy Taylor, citizenship in the home; Mike Robinson, firemanship; and Jerry Owens, home repairs.

Most of these awards were received through work accomplished at Philmont Scout Ranch.

Gene Garner, scoutmaster, and the unit also received awards for attending this national scout ranch.

AT ANNUAL HD TEA IN CIVIC HOUSE

Approximately 60 Guests Hear Mrs. Hines Talk of Mexico

Approximately 60 guests attended the annual tea of the Mitchell County Home Demonstration Club Thursday afternoon in Civic House with Mrs. Witt Hines of Westbrook as guest speaker.

Mrs. Hines related her tour experience of Mexico, which she illustrated with colored slides. Mrs. Hines was a member of Dr. G. P. Smith's-Sul Ross College Educational Tour of Mexico which left Alpine July 20, 1957 in a Highway traveler bus with 43 persons aboard. The group entered Mexico at Juarez and toured the country for nearly 30 days.

"Morelia is rich in Indian and Mexican lore and history," Mrs. Hines explained to the group. "At nearby Patzcuaro we took a boat trip on the lake (700 ft. elevation) to Janitzio, on an island, where we saw boatmen use 'butterfly' nets.

"In Mexico City, we visited a half day at the Pyramids and heard a lecture at the National Museum. We went over the ancient water course of Xochimilco and studied Mexican History at Chapultepec," Mrs. Hines said.

"At Puebla we visited the most beautiful churches in Mexico, richly ornate in gold, gold leaf and statues in pastels and gold," she said.

"Other points of interest were Taxco, Acapulco and in Curenavaca are the Borda Gardens, once rivaling the Versailles Gardens of Paris and the village of San Antonio with its 135-foot waterfall," Mrs. Hines said.

In addition to the unique colored slides Mrs. Hines displayed articles from Mexico including hand blown glass from Guadalajara, hand drawn blouses and onyx jewelry and paper weights.

Joretta Hall of the Lorraine 4-H Club presented piano music.

Mrs. J. C. Womack, H. D. Council president, presided as master of ceremonies. She and heard a lecture at the National Museum. We went over the ancient water course of Xochimilco and studied Mexican History at Chapultepec," Mrs. Hines said.

duced Mrs. Hines.

Refreshments were served from a tea table laid with a white cut-work cloth, marked with silver and crystal appointments, decorated with an arrangement of white majesties daisies and mums and flanked with pale blue tapers.

Mrs. James Cox and Mrs. R. P. Bates presided at the tea table.

Mrs./J. E. Tiller presided at the registry.

Those registering for the tea and program were Mrs. Tom Jackson, Mrs. John Latty, Mrs. Don Henderson, Joyce Lee Collins, Mrs. Harry Dockrey, Mrs. Joe Boyd, Mrs. Francis Winn, Mrs. N. O. Brown, Mrs. Carroll Brown, Mrs. J. H. Carlock, Mrs. Forrest Porter, Mrs. Percy Bond, Gladys Spikes.

Also, Mrs. Jas. Jarman, Mrs. J. C. Northcutt, Mrs. Robert Bolin, Mrs. Ross Hargrove, Mrs. Charles C. Thompson, Mrs. E. T. Strain, Mrs. Shelton Ward, Mrs. Waddell Strain, Mrs. Charles N. Stubblefield, Mrs. Swann Taylor, Mrs. Paris Yarbrough, Mrs. W. P. (Parker) Jarman, Mrs. K. L. Taylor, Mrs. Bill Thompson, Mrs. Cora Hall, Mrs. Charles Boehwell of Okla. City, Okla.; Mrs. Jerold Rordian, Miss Nellie Rordian.

Also, Mrs. Stanley Market, Mrs. Byron B. Byrne, Mrs. C. C. Berry, Mrs. Price Hall, Mrs. P. H. Pace, Mrs. Bill Cooper, Miss Janet Vines, Mrs. A. B. Owens, Mrs. W. T. Hock, Susan Hock, Carolyn Owens, Mrs. Jerry Read, Mrs. Eugene Bradberry, Mrs. Bennett Scott, Mrs. Frank Lupton, Mrs. W. R. Motley, Mrs. Bruce Byrne, Mrs. Charles Williams, Mrs. J. D. EMPLOYED BY HUMBLE

Leslie Fraziers Have Lived All Over State of Texas

New residents, Mr. and Mrs. Leslie Frazier, should be all smiles about now — as the apple of their eye — their 22-month old granddaughter is visiting in their home.

Their granddaughter, Leslie, is the daughter of the Frazier's only son and his wife, Mr. and Mrs. Eledg Frazier of Kingsville. Eledg is a student at A&I there.

All summer the Frazier's have been looking forward to this visit of their son and his family.

Little Leslie, who weighs 28 pounds, has dark curly hair, olive complexion and big brown eyes. And Mr. and Mrs. Frazier are quite proud of her.

The Fraziers of 539 Locust Street moved to Colorado City April 4 of this year from Snyder where they had lived two years. However they had lived in CCity once before for about a year in 1955.

The Fraziers have lived all over the state of Texas — in West Texas, South and North

as Mr. Frazier has been associated with the Humble Oil Company for 29 years.

The Fraziers both like boating, fishing and "42". They are pleased that our town has a nice lake, as they have a boat and motor. In their lei-

sure time they are enjoying many pleasant hours at the lake as they especially like fishing.

The Fraziers have a tiny Chihuahua named 'Annie'. They are members of the First Methodist Church.

FOR CHURCH SCHOOL CONFERENCE

Methodist Men to Ceta Canyon Meet

Elmer Martin, Lester Biggs and James E. Payne of First Methodist Church are making plans to attend the Northwest Texas Methodist annual church school superintendents conference.

The conference is scheduled to begin Aug. 23 and run through Aug. 24 at the Methodist camp at Ceta Canyon.

Four topics will be the major concerns to be discussed.

They are: the youth program, membership cultivation, the workers' conference and recruiting and training church school workers.

Martin is church school superintendent of First Methodist Church; Biggs, chairman of commissions on education; and Payne, membership and cultivation superintendent.

Youth workers will attend session Saturday. The youth program will be discussed and chief emphasis will be given to the relationships and responsibilities of the church school administrators to the youth work in the local church.

Guest leaders for the conference will be Maurice Edens, director of education at First Methodist Church in Austin; and Russell Reagan, director of education at Oak Cliff Methodist Church in Dallas.

Edens will have leadership responsibility for the topics: "An Effective Workers' Conference" and "Recruiting and Training Church School Workers."

Reagan will have leadership responsibility with the membership cultivation superintendents concerning membership and attendance in the church school.

Program activities are scheduled to get under way with registration at 2 p. m. Saturday and close with lunch at 12:30 p. m. Sunday.

VOWS READ IN HOUSTON CHURCH

Carolyn Ann Brown Is Bride Of James Truett Garrett

Miss Carolyn Ann Brown became the bride of James Truett Garrett Saturday, Aug. 23, in St. Paul's Methodist Church in Houston.

The bride is the daughter of Mr. and Mrs. Max C. Brown of Houston, former residents of Colorado City associated with the Shell Oil Company.

The bridegroom is the son of Mr. and Mrs. James A. Garrett of St. Louis, Mo.

The Rev. John Skien read the double ring wedding vows.

A sunburst arrangement of large white chrysanthemums, gladioli and jade foliage marked the altar which was flanked by gold seven-branched candelabra holding white tapers and entwined with jade foliage. Standards of gold and white containing crescent-shaped arrangements of white gladioli and chrysanthemums completed the altar setting.

Family pews were defined with garlands of English ivy and white-satin bows.

Given in marriage by her father, the bride wore a gown of hand-clipped Chantilly lace styled with a fitted bodice,

long pointed sleeves and a Sabrina neckline. An overskirt of the lace fell into points at the sides, center front and back of the gown, revealing a full pleated ruffle of silk tulle that swept into a Chapel train.

Her fingertip veil of silk illusion fell from a crown of orange blossoms.

She carried a cascade of white orchids surrounded with stephanotis and white bridal roses.

Traditional wedding music was presented.

Mrs. James C. Morton Jr. of Houston was matron of honor.

Mrs. Morton wore a dress fashioned from shell pink taffeta designed with a molded waist, scoop neckline and cap sleeves. A wreath of pink blossoms held her small circular veil. She carried a bouquet of shaded pink roses and English ivy.

Elo Henry Stork III of Houston was the best man. Ushers were Samuel H. Robertson Jr. and Carol Stoner Vance.

The church parlor was the

setting for a reception honoring the couple following the wedding ceremony.

Members of the house party were Mrs. Sam Law, Mrs. Frank Rascoe and Miss Louise Garrett.

Following their wedding trip, the couple will reside in Houston where the bridegroom is Assistant District Attorney.

The bride, a 1952 graduate of Colorado High School, was graduated from the University of Texas, where she was a member of Alpha Delta Pi Sorority. For the past two years she has been a teacher in the Houston Public School System.

The bridegroom was graduated from the University of Houston and the University of Texas School of Law. He is affiliated with Delta Theta Phi Fraternity.

For her daughter's wedding, Mrs. Brown wore an Emerald silk faille gown with portrait neckline, sheath skirt and a petal over skirt. She wore matching shoes and hat and long white gloves completed her ensemble.

The bridegroom's mother wore a dress of pleated blue chiffon and matching accessories.

In Hines Home

Mr. and Mrs. Ralph Hines and sons, Dickie and Duke, of San Sabar were guests last week in the home of Mr. Hines' parents, Mr. and Mrs. Witt Hines, of Westbrook.

Richards Family Visit in Tyler

Mr. and Mrs. Lloyd (Pint) Richards and children, Jill and Roger, left Thursday morning en route for Tyler to visit with Mr. Richard's mother, Mrs. T. W. Henderson.

Mary Richards, aunt of Mr. Richards, has been visiting relatives in Tyler, will return to Colorado City with the Richards family Sunday evening.

On Aug. 10, 1921, the Navy's Bureau of Aeronautics was established to handle all matters "related to designing, building, fitting out, and repairing Naval and Marine Corps aircraft".

Four Generations

Representing four generations of Jarman's are, left to right, Mrs. Joe Wallis, granddaughter; Mrs. Hall Jarman, who celebrated her 80th birthday anniversary Sunday; W. P. (Parker) Jarman, son; and Steven Wallis, great-grandson.

HONORED WITH BUFFET DINNER

Mrs. Hall Jarman Has 80th Birthday

Mrs. Hall Jarman was honored by her children with a dinner party Sunday Aug. 17, celebrating her 80th birthday anniversary.

The home of Mr. and Mrs. W. P. (Parker) Jarman of the Seven Wells Community was the setting for the buffet dinner Sunday at noon.

The buffet table was laid with a brown linen cloth and centered with an arrangement of summer roses and zinnias. Mrs. Joe Wallis, Mrs. Jarman's granddaughter, baked and decorated the four-tiered birthday cake for the fete. The traditional birthday cake featured the 80 candles and was decorated with pink and white sugar roses.

Mrs. Jarman was born in San Saba County Aug. 18, 1878. She moved to Mitchell County in June of 1891 and in 1897 she was married to Hall Jarman who died in 1930. She is the mother of five children, one daughter and four sons all of whom were present for her birthday celebration.

Her children are Mrs. C. E. Stewart of Tulsa, Okla.; Charles Jarman of Kermit, Bill Jarman of Odessa; and W. P. (Parker) and Otis Jarman of Colorado City.

Mrs. Jarman has nine grandchildren and five great-grandchildren. Her grandchildren are Mrs. O. L. Montgomery, Mrs. Joe Wallis, Sue Jarman, Mrs. Bob Carnahan of Amarillo, Bill Charles Jarman of Odessa, Gayle and Kelly Jarman of Kermit; and Mary and Hall Jarman of Kermit.

Great-grandchildren are Bobby Montgomery, Mary Ann Montgomery, Cindy Carnahan, Michael Carnahan and Steven Wallis.

Mrs. Jarman is a member of the First Presbyterian Church, Four-L Sunday School, Class, Circle I, "42" Club and the Mary Matron "42" Club. Attending the buffet dinner were Mr. and Mrs. Stewart of

Tulsa, Mr. and Mrs. Charles Jarman and children, Gayle and Kelly, of Kermit; Mr. and Mrs. Bill Jarman and son, Bill Charles, of Odessa; Mr. and Mrs. Otis Jarman, Mr. and Mrs. O. L. Montgomery and children, Mary and Bobby.

Also, Mrs. Bob Carnahan and children, Cindy and Mike, of Amarillo; Mr. and Mrs. Jack Gilliland, and Mrs. Stella Gilliland of Baird; Mr. and Mrs. Wallis and son, Steven; Mrs. Cora Webb and the host couple and daughter, Mr. and Mrs. W. P. (Parker) Jarman and Sue.

Richardsons Host Bridge Club Meeting

The new home of Mr. and Mrs. Douglas Richardson of 812 Cedar was the setting last Saturday evening, Aug. 16, of a meeting of the Saturday Night Bridge Club.

Three tables of guests and members played bridge during the evening games.

Mrs. W. M. Landau was high score winner for women, and Paul Boston, high score for men. J. C. Kuykendall won the slam traveling prize.

The host couple served refreshments following the games.

Guest couples attending were Mr. and Mrs. Boston, Mr. and Mrs. Kuykendall and Mr. and Mrs. Brady Warren. Members attending were Mr. and Mrs. Landau, Mr. and Mrs. L. S. (Bunky) Girvin Jr. Mr. and Mrs. Ray Noble and the host couple, Mr. and Mrs. Richardson.

The Trevor Crawfords will host the next meeting of the club Aug. 30.

BRINGS PROSPERITY

Trading Within

A community such as Colorado City is built, maintained and prospered by the trading that goes on within it; not by the dollars which are sent off or carried off to some other town.

These are facts of life—economic facts of life—pointed out in the buy-at-home feature sponsored on page two of this issue by local merchants.

Our schools, our churches, most of our homes and jobs and businesses, the number and type of our neighbors, the ability of our stores and service establishments to take care of our daily and emergency needs—all of these depend upon local trade, money spent here at home.

One of the cold facts of (economic) life is that the prosperity and better life which our dollars inevitably help to pay for in the community where they are spent can be far more valuable than the goods or services they buy for us.

But an equally undeniable fact of life is that we do not share in the enjoyment of these more important things paid for by our money... except when we spend it at home.

Police Check 20 in Case Of Vandalism

County Attorney Frank Ginzler reported Saturday that investigation has revealed between 20 and 30 persons have been in a house at 704 Chestnut severely damaged by vandals.

Almost all of those are juveniles, according to the county attorney.

Investigation of the vandalism, which shattered interior and furnishing of the two-story house into a scene of wreckage, has been conducted almost continuously since Tuesday by the county attorney and city police.

Statements are being taken from numerous youngsters and parents are being contacted as the investigation proceeds.

This house is owned by Mr. and Mrs. John Bruton, who moved two years ago to Alamo. The couple occupy the house when they return here for visits, usually each summer.

MT. ZION EDGES OAK ST.

First Baptist, Oak St. Tangle Thursday in League's Top Tilt

This is a big week in Parham took the loss for Oak Church League Softball. The top teams battle for the championship as the season nears an end.

The biggest upset the past week was Mount Zion Baptist 2-1 win over Oak Street Baptist, pushing the Zion crew into second place behind league leader First Baptist.

First Baptist took a strong hold on the top spot by downing First Methodist, 5-2, Friday night.

In another upset, the up-and-coming Buford Baptist slaughtered St. Luke Methodist, 16-1, Thursday night.

The biggest game this week comes Thursday night when First Baptist and Oak St. Baptist meet in the first game. The second game Thursday night might prove to be interesting. That matches Mt. Zion against Buford.

The Mt. Zion-Oak St. game Thursday was one of the best in the league's 58 season. The game was tied 1-1 going into the sixth when Mt. Zion's Earnest Biggers socked a double. The Oak St. fielder bobbled the ball and Biggers raced across home plate for the winning tally.

King was the winning hurler for Mt. Zion while Gene

St. despite striking out 14 Mt. Zion batters and allowing only four hits.

Bennie Flowers hurled the Buford team to their 16-1 win over St. Luke Thursday. James Maezey and Jimmy Cawthron handled the St. Luke hurling.

Bob Fehrmann and Ted Vinson combined their pitching talents to give First Baptist a 5-2 victory over First Methodist, Friday.

Baptists went ahead 1-0 in the first but the Methodists tied it up at 1-1 in the second. Then the Baptists began to hit. Methodists hurler Bennie Franks to take the lead. Ronnie Feaster pitched the Buford Baptists to their second win in two nights as they downed Austin St. Baptists, 19-1.

The games that were rained out Tuesday night were scheduled to be played Saturday night at the League Field.

Thompson Is New Dealer For Humble

Bob Thompson is the new dealer for the Humble Service Station at 292 E. Second. Thompson was named dealer this week to succeed Howard (Gene) Adams at the station on corner of E. Second and Chestnut.

Thompson, a resident of Colorado City for nine years, said he has hired an experienced staff to work with him at the station. They are O. H. Davis, Bill Couette and Manuel Carrasco.

The new dealer, who has been a public surveyor here for the past three years, will also continue his surveying work.

A native of Throckmorton, Thompson graduated from Oklahoma A&M with a degree in civil engineering. He worked for the Texas Highway Department here from April 1949 to 1951 when he resigned to work for Wilkinson Engineering Co.

After five years with the engineering company, he went into business for himself as a public surveyor. He was appointed county surveyor in 1955 and was elected to the post in the Democratic Primary election July 26.

The 28-year-old engineer is married and has two daughters — Kay and Lea Ann. The Thompsons reside at 962 Marshall St.

He is a member of the Kiwanis Club and deacon in the North Side Church of Christ. Mrs. Thompson is a member of Beta Sigma Phi.

James Boyd, Humble wholesale agent, said the Humble Company is fortunate in having a man of Thompson's calibre and background as dealer for the station.

QUESTIONS & ANSWERS ABOUT Colorado City Urban Renewal

Believe it or not, Colorado City does have blighted areas which breed disease and cost every taxpayer money. City officials have thoroughly investigated a new government plan called Urban Renewal. This is a program where the Federal government pays two-thirds of the cost and the local government pays one-third. But the local government uses its money to construct utilities, such as water lines, sewers, storm sewers, paving, parks, fire stations, and so forth, that must be built anyway. For every dollar the City spends in these areas for these improvements, the Federal government puts up two dollars. But before the City can proceed with the Urban Renewal Program, citizens must vote approval.

An election for this purpose will be held TUESDAY, AUGUST 26

So that you as a voter may know how to vote for Urban Renewal, the following questions and answers have been prepared.

1. Q. What is Urban Renewal?

A. Urban Renewal is a unified, practical method by which cities and private enterprise working together with Federal financial assistance can remove blighted areas without hardship to persons living in that area or to the rest of the city. Under a Federally assisted project the U. S. Government pays 2/3 of the net project cost and the City provides the remaining 1/3 cost in either cash or in improvements. The improvements can be schools, utilities etc., for the area.

2. Q. Why should I be interested?

A. Because blighted areas endanger the health and safety of every person living in Colorado City. Because slums cause you to pay higher taxes than otherwise to provide the increased police, health, and other protection that are necessary in this area.

3. Q. How can these be corrected?

A. By voting for Urban Renewal in the election on Tuesday, August 26, 1958.

4. Q. If Urban Renewal is approved, will my taxes be increased in carrying out any project being developed and to be developed?

A. NO. The cost of any project may be financed out of the general fund over a long period of time. You will pay the same amount of taxes regardless, either in the project or increased police, health, etc. costs. If it is ever considered advisable to carry out a project more rapidly, a bond election would be submitted to voters at that time.

5. Q. Are there other advantages?

A. YES. It means that the people who live in this area are human just like all of us and will be enabled to purchase or rent decent, safe and sanitary houses within their ability to pay. It means that Colorado City will be a finer and cleaner city.

6. Q. Is this a government housing project?

A. NO. This is a slum clearance project. Individuals may construct their own businesses in this area provided these businesses meet the standards of the Zoning and Housing standards of Colorado City. Special FHA mortgage financing is made available on favorable terms for building new homes, for improving existing homes, and for construction and operation of rental housing.

7. Q. What provision will be made for finding new homes for families whose homes will be purchased?

A. The home owners will be paid the fair market value for their homes. The money will enable them to purchase other homes of a much better quality and providing a decent living environment. They will be given up to \$100.00 for moving expenses if their homes are purchased and they must move to another dwelling. They will be eligible for a 100% (no down payment) FHA loan at FHA interest rate with 40 years to repay the loan. This will enable them to purchase a new home in areas approved by FHA and the City zoning board. They will be eligible for this loan immediately after the August 26 election.

8. Q. Is there an alternative?

A. No, unless Urban Renewal is approved, these areas will continue to grow, conditions will become worse, the problems of disease, crime, delinquency, and higher taxes will increase. Slums do not disappear by themselves.

9. Q. What facilities will be put into the areas?

A. Sewer extensions where needed. Additional water mains and fire plugs. Paved streets, curbs and gutters. Parks and park improvement.

10. Q. Who will administer the Urban Renewal Program?

A. Local citizens serving on the City Urban Renewal Commission.

11. Q. What control does the Federal Government have over the program?

A. Local authorities develop, and completely control the development of the project. This is a local program with financial assistance from the Federal Government.

12. Q. Is it possible to finance this program without Federal Aid?

A. Perhaps, but it would require a large bond issue. You have paid Federal taxes for years; this assistance is yours for the asking. You have already paid for it and are entitled to it.

13. Q. Who can vote in the election on August 26?

A. Qualified property tax paying voters, living within the corporate limits of the City of Colorado City.

14. Q. What will be the result if a majority vote for Urban Renewal on August 26?

A. Colorado City can establish a local Planning agency to administer the Urban Renewal Program. Colorado City can continue with planning for the Project areas. This planning is financed with Federal funds. Colorado City will assume the provisions of the Texas Urban Renewal Law.
