Red Drive Surges On Despite Pounding by U. S. Air Force

U. S. TROOPS WITHDRAW BEFORE RED OFFENSIVE—Black arrows show the routes of North Korean invasion forces which are driving U.S. and South Korean forces back from beyond the Kum River, last major defense line (jagged line) before Taejon, South Korean provisional capital. (AP wirephoto).

Help From Allies in Korean War Studied in Washington

WASHINGTON, July 12. (AP)—Secretary of State Acheson said today conferences are going on as to help which other nations may give in the Korean fighting.

He told a news conference the State Department is conferring with the United Nations and with the Defense Department on suggestions of help.

Obviously offers of troops from other United Nations members would be most helpful, Acheson added.

He said he could not say what other countries, aside from Nationalist China, had proposed sending in ground forces.

TOKEN OFFERS

Sen. Tydings (D-Md) said yesterday there have been offers of troops from other UN members and that they have been accepted. His statement was made after a meeting of Gen. Omar Bradley, chairman of the joint chiefs of staff, with the Senate Armed Services Committee. Other committee members indicated they understood there had been offers only of token forces.

QUESTION TROOPS

Acheson was questioned about reports that Russian satellite countries, particularly Bulgaria, have been massing troops on the borders of Yugoslavia.

He said that he had seen these reports in the press but did not want to comment on their truth or falsity.

He added the comment that it must be obvious that any further aggression in the tense world situation would be a matter of the utmost seriousness.

Regarding the Anglo-Soviet talks on a possible settlement of the Korean war, Acheson said he did not think he ought to speculate on what the Russians might do.

MacArthur Warns Of Retaliation For Atrocities

TOKYO, July 12. (AP)—Gen. MacArthur's headquarters today declared four U. S. soldiers had been murdered on the battlefield and warned North Koreans that those guilty of such "barbarity" face death if caught.

Headquarters issued a special communique saying proof had been received of "barbarity and murder" prepetrated by North Korean soldiers.

Field dispatches, cross-checked in an attempt to weed out duplications, have put the number of U. S. prisoners slain at 18.

SHOT IN HEAD

Headquarters said the proof was in the form of official photographs showing four Americans with their hands tied behind their backs. They were shot through the head.

The bodies were found when counterattacks won back temporarily the ground where the soldiers were slain.

The communique said MacArthur was "astounded by these barbaric acts and holds the leadership of the North Koreans responsible."

The communique, after detailing what the official pictures showed, concluded:

"The murder ar the prisoners of customs of war and the perpetrators of such offenses as well as leaders who order, cause or permit the same are subject to the death penalty when imposed by military tribunals.

INFORM PEOPLE

"The world has been shocked by those atrocities which violate the precepts of civilization. Appropriate action is being taken to inform the North Korean people of the inhuman acts committed by their armed forces."

The official photographer, in his report to MacArthur accompanying the battlefield pictures, declared:

"This is not killed in action. I call it murder."

The communique speculated that the four, all infantrymen, were killed immediately upon being captured.

Army Outlines Procedure For New Draftees

WASHINGTON, July 12. (AP)—The Army said today that draftees will be given 14 weeks of training and then will be assigned first to posts within the United States.

Later, some will go overseas but a spokesman said the number going over "will not be large nor happen soon."

The spokesman also said that if the first call for 20,000 draftees has the indirect result of bringing in large numbers of volunteers a second draft call may not be needed to bring the Army up to its present ceiling of 630,000. However, he did not discount the possibility that the ceiling might be raised.

PRESENT STRENGTH

The present strength of the Army is 593,000.

Selective service said it will have the first draftees processed and on their way to induction centers in mid-September.

From there, the Army plans to send them to training centers at Ft. Dix, N. J., Ft. Knox, Ky., Ft. Riley, Kan., and Ft. Ord, Calif., for the 14 weeks of basic training.

NEAREST HOME

Generally speaking, the Army said, inductees will be sent to the center nearest their home. They will get the same training as enlistees and volunteers and will be given the same opportunities for advancement.

On completion of training, each draftee will receive a week's furlough before his assignment to a post in the United States.

Testimony In Trial of John Fitch Is Heard

Trial by jury began in district court this morning in the criminal case of John Fitch, Monahans trucking firm owner, charged by the grand jury with theft April 22 of an arc welding machine from Joe May, Snyder welding contractor, in April.

This far only M. C. Smart and May, witnesses for the state, have testified. Smart testified that, while in May's employment, he was the driver of a truck owned by May when the arc welding machine was lost off the vehicle on the Clairemont road near here. The state is seeking to prove that the machine was stolen by Fitch on the Clairemont road and taken to Monahans.

The state is represented in the case of Eldon Mahon, district attorney, assisted by Ben Thorpe, county attorney. H. J. Brice, former county judge, and his law firm partner, Garrett C. Whitworth, are attorneys for the defendant.

The court yesterday afternoon denied an application for a writ of habeas corpus for P. D. Cline, 33, of Snyder, charged in county court with possession of liquor for purpose of sale in a dry area. The application was filed and presented to the court by Garland Armstrong, attorney for Cline, after Lloyd H. Merritt, sheriff, refused to approve an appearance bond for the defendant.

A. S. Mauzey, district judge, ruled that the original appearance bond was void because it had been altered since it was disapproved by Merritt and exhonerated Merritt for his action on grounds that the bond was not properly drawn and bore no file number. Another bond was drawn and approved after the court was recessed.

Ross Lee Slater, 35, of 1111 Twenty-sixth Street, was sentenced to serve five years in the penitentiary yesterday after waiving a jury hearing and pleading guilty to a charge of assault with intent to murder.

Slater admitted the stabbing last March of Miss Iona Walker, 25, at the 180 Club. Miss Walker, who had been seriously wounded, testified against Slater in the trial. She was an employee at the club when the offense occurred following an argument with Slater, who had been asked to leave the club because of disturbance.

Vote Today Kills Chances Of FEPC in This Session

WASHINGTON, July 12. (AP)—The Senate today killed off all chances for action this session on the administration's controversial Fair Employment Practices Commission (FEPC) bill.

The vote on a petition for cloture—debate limitation—on the motion of Senate Democratic Leader Lucas of Illinois to bring the bill before Senate was 55 to 33. This was nine less than the 64 required to enforce a limit on debate.

RECENT RULE

Under a rule adopted by the Senate last year, the vote of 64 senators, two-thirds of the full membership, are required to choke off debate.

The action was taken after less than one hour of floor discussion on a petition signed by 40 senators, both Democrats and Republicans. It was filed by Lucas Monday, and marked his second unsuccessful effort to bring FEPC before the Senate this year.

The bill would establish a federal commission to enforce orders against discrimination in employment because of race, creed or color.

SOUTH WINS

Southern lawmakers thus far have prevented the measure from coming before the Senate.

The Senate spent about two weeks last May arguing over the motion of Senate Democratic Leader Lucas, of Illinois, to take the bill up.

He then filed a cloture—debate limiting — petition requiring 64 votes, two-thirds of the Senate, for approval.

Fifty-two senators, 12 below the requirement, voted for cloture, and 32 against when the test was made May 19.

Tenth of Inch Falls in Snyder

Rainfall in Snyder this morning amounted to .10 of an inch, bringing the July total up to 1.20.

A good rain was reported south of town. Rain started falling at Dunn about 4:30 and was continuing at 9:30, when one inch had already been recorded.

Early morning sprinkles settled the dust at Hermleigh and Fluvanna.

Possibility Of Long Korea War Is Expressed

WASHINGTON, July 12. (AP)—A spirit of deep foreboding over the magnitude to which the Korean war may expand touched some high Pentagon quarters today.

The spectre of hordes of "volunteers" from Russia and China to aid the North Korean army gave rise to the feeling in the high command's center.

But even aside from his potential situation, there were estimates in other well-placed quarters that it might take until fall to win in Korea—even if Russian or Chinese Communists do not take a hand.

POSSIBILITIES

This time table was reportedly predicted on several factors, including:

1. It will be better to take the Korean campaign at a deliberate, careful tempo than to push it for a quick finish at a possibly high cost in casualties with resultant bad reaction at home.

2. The North Koreans are tough fighters. They have fought for the Russians at places like the bitter battle of Stalingrad, and for the Japanese. They fought viciously to the end—few or no prisoners were taken from among the Koreans.

3. It took three months of campaigning in Okinawa to win over Asiatic fighters.

4. The North Koreans have the through protected inland routes. U. S. supplies must move by sea over distances ranging from the 110-mile crossing of the straits between Japan and Korea to thousands of miles from bases in various places in the United States.

LONG WAR

The concern evidenced privately in some Pentagon quarters was that if North Korea's Communist friends in Russia and China start sending in hundreds of thousands of volunteers the conflict may swell into a prolonged, major-scale war even though the theater remains localized in that part of the Far East.

Near Finish On Police Station Remodeling

Remodeling and expansion of the city police station is almost complete, with walls and woodwork having been painted last night.

When it is finished, the station will include four rooms. The old station has been divided into three sections, the outer one used as a waiting room. The middle room is used by the desk sergeant and contains the police radio. City court is held in the back room.

An office for the chief of police will be located on the east side of the city building.

A room at the front—the space formerly occupied by the school tax office—will be used as an office by the mayor and for city council meetings.

Warrants Issued

Chester Barrington, chief of police, said this morning that warrants are now being issued on trailer courts which have not secured licenses in accordance with the city trailer court ordinance.

Administration Said Ready To Shelve Tax-Cutting Bill

WASHINGTON, July 12. (AP)—Administration leaders were reported today to have decided to put aside the $1,010,000,000 excise tax-slashing bill, pending developments from the Korean war.

The report could not be officially confirmed immediately.

FOLLOWS TALKS

One source, who is familiar with tax matters, told a reporter the agreement was reached after conferences of leading congressional Democrats, with representatives of the administration.

Earlier, Chairman George (D-Ga) of the Senate Finance Committee had said he had had no word from the White House suggesting that the excise tax-slashing bill be dropped. Until he received such word on the House-approved legislation, George added, his committee would proceed with shaping the bill for Senate consideration.

NO REQUEST

George called at the White House yesterday on another matter, and he said President Truman did not bring up the subject of taxes.

Meanwhile, Sen. Taft of Ohio, chairman of the Senate Republican Policy Committee, said Congress should go ahead with the bill, even if it must pass tax-boosting legislation later because of mounting military expenditures.

The excise reductions, for furs, jewelry, luggage and scores of other items should be passed now, Taft said, because "there are so many inequities that are so unfair to particular groups" in the present excise structure.

DELAY SEEN

Sen. Lucas of Illinois, the Senate Democratic leader, said, however, that there will be a delay in Senate consideration of the bill. He hinted that he might not even ask for Senate action on the measure unless the tense Korean situation improves by the end of the month.

There are indications the finance committee may take the House-approved bill apart and do a rewriting job. This might deal particularly with the parts of the measure that seek to recoup the excise revenue loss by larger levies on corporation, loophole plugging and other tax law revisions.

Progress No. 1 Gibson Extends Cogdell Field

Progress Petroleum Co. of Texas has completed a one-location south extension to the Cogdell field in Central-North Scurry County.

It is the No. 1 D. M. Gibson, 467 feet from north and east lines of the northwest quarter of section 550, block 97, H&TC survey, 12 miles due north of Snyder.

The extension potentialed 427.80 barrels of 41.4 gravity oil of open-hole flow on a 24-hour test through one-half inch choke. Pay was topped at 6,905 feet, total depth is 6,986 feet. Pay zone was treated with 500 gallons of acid. Flowing tubing pressure was 300 pounds.

SADT WATER

The Ellenburger has yielded salty sulphur water on the J. H. Snowden No. 1 Bryan Williams, wildcat in extreme Central-East Lynn County. On the drillstem in th etop of that formation at 9,200-226 feet recovery after 45 minutes was 940 feet of salty sulphur water. Top of the Ellenburger was picked at 9,186 feet on a minus datum of 6,232 feet. The venture is not bottomed at 9,226.

Unofficial sources say the wildcat will be plugged and abandoned. It developed some possibilities of production in the lower Pennsylvanian at 8,845-90 feet. However salt water in the recovery ruined possibilities of commercial production.

The No. 1 Williams is 1,980 feet from south and east lines of section 1,407, E.L.&R.R. survey, approximately 14 miles northeast of Tahoka.

GARZA WILDCAT

Rex M. Alworth of Midland has completed his No. 1-A J. C. Dorward as a one-location extension to the Dorward San Andres Field in southeast Garza County. The new producer is five miles southeast of Justiceburg and 330 feet from south and west lines of section 115, block 5, H&GN survey.

It reported a 24-hour pumping potential of 154.46 barrels of 39 gravity oil, with no water from pay in the San Andres-Permian lime between 2,445 feet and a total depth at 2,540 feet.

The producing zone has been treated with 5,000 gallons of acid.

Alworth No. 1-B Dorward, located 330 feet from west and 2,310

Most of Urban Population Count In; Southwest Gains

WASHINGTON, July 12. (AP)—Professional census returns show that 104 American cities now have a population about 100,000 or more. That's a dozen more than made the 100,000-up class in 1940, with a few more still to be heard from.

Census bureau officials said today only one city in the group for 1940 had shrunk below it in 1950—Lowell, Mass. Lowell asked a recheck after the preliminary count showed a population decline from 101,380 in 1940 to 80,427 this year.

GREAT GAIN

On the other side of the picture, Baton Rouge, La., scored a spectacular population climb, from 33,719 in 1940 to 123,954 this year, a jump of 257 per cent.

The major cities for which figures still are unavailable are Philadelphia, Houston, San Antonio, Albany, N. Y.; and Wichita, Kan.

If Philadelphia maintains its place as the nation's third largest city—something census analysts expect—the nation's top 10 cities will line up as:

1. New York 7,841,610; 2. Chicago 3,631,835; 3. Philadelphia (1,931,334 in 1940); 4. Los Angeles 1,954,036; 5. Detroit 1,837,613; 6. Baltimore 939,865; 7. Cleveland 900,546; 8. St. Louis 852,253; 9. Washington, D. C., 792,234; 10. Boston 788,552.

This year, Los Angeles passed Detroit, Baltimore passed Cleveland, and Washington jumped to 9th place from 11th in 1940, pushing Boston back to 10th place from 9th.

PITTSBURGH DROPS

Pittsburgh, with 673,756 residents, was pushed out of the top 10 to 12th place. San Francisco, formerly 12th, moved up to 11th on a count of 760,439. Milwaukee held 13th with 632,938.

Cities making the biggest population gains for the most part have been in the West, Southwest, South and Mountain States. Declining populations have been shown mostly in New England and the Middle Atlantic.

Cities with 500,000-plus populations reported so far are: Buffalo 576,506; New Orleans, 568,407; and Minneapolis 517,410. Houston, which had a 1940 population of 384,314, is expected to land in the over 500,000 group this time.

In the 400,000-up class come Cincinnati 499,749; Seattle 462,981; Kansas City 453,290; Newark 437,-

(Continued on Page 2)

Wells Producing Enough To Fill Reservoirs Daily

The city was using water from its new reservoir yesterday, W. J. Ramsey, superintendent of the water department, said this morning.

The booster pump at the reservoir was put to work for about three hours yesterday afternoon, to build up main line pressure.

Ramsey said that although water in storage tanks is always depleted during the day, that it is built up during the night and all storage is full every morning.

City water now comes from 22 wells. A new well, between Twenty-third and Twenty-fourth Streets on Avenue Z, will be tested tomorrow.

Measure to Outlaw Rail Strikes Set For Pigeon-Holing

WASHINGTON, July 12. (AP) — A bill to outlaw railroad strikes and require compulsory arbitration of rail disputes appears headed for pigeon-holing.

Officials of a Senate labor subcommittee said yesterday the group had voted to send the measure to the full committee with a recommendation that no action be taken on it.

MARINE BOMBS LOADED FOR KOREA WAR—Five-hundred-pound bombs, foreground, are loaded aboard the attack cargo ship Achernar in Long Beach, Calif., as the First Marine air wing prepared to sail for the Korean war. Personnel and equipment of the wing will go to Korea on Navy transport ships, while planes will be shipped aboard a carrier from San Diego. (AP wirephoto).

March Campaigns In Wrong State

TEXARKANA, July 12. (AP) — A candidate for governor of Texas got on the wrong side of town here yesterday.

But a candidate for governor of Arkansas set him right.

Caso March, the Texan, was giving forth with his oratory on the Arkansas side of this border city.

When a spectator interrupted to ask if he was running for governorship of Arkansas as well as Texas, March explained he had crossed the state line accidentally.

The spectator was Arkansas Gov. Sid McMath, who was in Texarkana campaigning for re-election.

Wholesale Food Prices to Highest Point Since 1948

NEW YORK, July 12. (AP) — The Dun & Bradstreet wholesale food price index climbed this week to the highest level since Dec. 7, 1948.

At $6.28 it was nine cents above last week and 10.6 per cent higher than the year-ago index of $5.68. However, the current figure is 14.7 per cent below the record peak of $7.36 established exactly two years ago.

TOKYO, July 12. (AP) — Victory flushed North Korean forces Wednesday drove a two-pronged armored thrust closer to the vital Kum River where hard-pressed American troops are expected to make their first major stand of the Korean War.

The Communists, supported by heavy mortar and artillery fire and using flanking and infiltration tactics, effectively moved through a fog to capture Chochiwon, 20 air miles northwest of Taejon, important American concentration point.

United States troops fought a game delaying action before withdrawing before overwhelming odds. Another Red column headed down the road to Kongju on the Kum River.

Strong air support was given the Americans and South Korean ground forces by bombers and fighters. Australian Mustangs, using a southern Korean base for refueling and rearming, claimed they bagged eight tanks Wednesday.

An advance headquarters spokesman in Korea said the Air Force had isolated the Reds from their own reinforcement bases. However it appeared that the Reds had already built up a formidable amount of power, men and tanks at the front before the air pounding wrecked their supply route.

INTENSE ACTION

The spokesman described ground action as particularly intense and growing stronger, even against the South Korean forces to the east. The Red drive in the sector held by South Korean units has not been as heavy as against the Americans but there have been some indications it was growing in power.

The North Korean radio claimed 700 Americans had been killed and 200 captured south of Chochiwon during the Red breakthrough. The report was taken with reservation here. The Red radio also claimed 15 U. S. tanks and five armored cars were destroyed, more than 1,100 automatic rifles, several anti-tank guns and five tanks were captured. The radio did not give the period covered.

STREAM OF WRECKAGE

The highway between the front and the Communist supply bases was described as a stream of wreckage, littered with burning vehicles and blasted bridges which, the spokesman said, "isolated" the battlefront.

Despite the reported "isolation" of the front, the Korean Red drive rolled on.

A European war veteran, Tommy Bishop of Quitman, Miss., said some of the Red armor looked like German tiger tanks.

Gen. MacArthur, in a communique covering fighting some 24 hours earlier, said late tonight that strong North Korean pressure "may compel further withdrawals behind the Kum River" defense line.

Red pressure against South Korean forces fighting between Chongju and Umsong northeast of the main battle area "has resulted in a planned withdrawal to defense positions along the Yogang River," MacArthur said.

A North Korean force was reported to be attempting a crossing of the Han River at Tanuang, about 25 air miles east of Chungju.

The Fifth North Korean Division was reported moving east of Ochiri, nine miles west of Tanyang and south of the Han River. It apparently was seeking to outflank South Korea's Eighth Division south."

HOLD VITAL SPOT

The communique said the Fifth North Korean Division now holds Chungju "as elements of that unit are probing south towards the positions of the Sixth Republic of Korea Division on the vital highway to Hamchang and Kumchon, 10 miles south."

WEATHER

WEST TEXAS: Partly cloudy with scattered afternoon and evening thundershowers this afternoon, tonight and Thursday. No important temperature changes.

EAST TEXAS: Considerable cloudiness with scattered thundershowers in north and central portions this afternoon and Thursday and in extreme northwest portion tonight. No important temperature changes. Moderate to fresh southeast winds on the coast.

Localized thundershowers maintained Texas' crazy-quilt weather picture today, cooling some spots while others simmered.

Yesterday showers ranged from Del Rio on the border to Dalhart in the Upper Panhandle. Presidio, usually the state's hot spot, recorded only 92 while temperatures rose to 104 at Laredo and Cotulla.

The weather bureau said scattered thundershowers were expected to continue through tomorrow in north and central portions of East Texas and throughout West Texas. This morning light rain was falling in the Upper Red River Valley and along the Texas-New Mexico border.

Hoover Again Calls for New UN Without Russia or Satellites

EMPORIA, Kan., July 12. (AP) — Former President Herbert Hoover says hope of lasting peace lies in halting military aggression and reorganizing the United Nations without the Russians.

He called communism a force of evil. He declared:

"Today the mobilization of non-Communist nations free from Russian domination is slowly unfolding.

"The (United Nations) Security Council has called upon its members to join in repelling the aggression against Korea. Some 42 members have given that call their moral support. Three other nations have so far joined with us in the military measures of that task.

SOON KNOW

"We shall soon know how much of the world is prepared to meet this issue."

The former President spoke last night at a dedication of a memorial to the late Emporia editor, William Allen White.

Hoover said the non-Communist world is faced with three possible choices if it would have peace.

"Shall it go to war to wipe communism from the face of the earth?

"Should we return to the illusion . . . My answer is no.

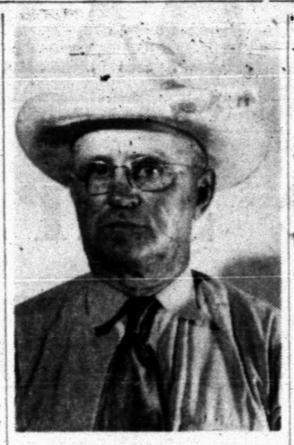

that the Kremlin has changed its gospel and will work for world peace through the United Nations? That would seem futile.

RIGHT WAY

"Shall we try to build the United Nations so as to confine communism to the peoples already enslaved, stop military aggression and trust to time for this evil to abate? My answer is yes!"

He said that two months ago when he first offered the proposal for recognizing the UN without the Russians "it looked as though it might be a long time before the world would realize this inevitable necessity."

At that time State Department and UN officials "unanimously and loudly denounced" the plan, he said.

CANDIDATE FOR SHERIFF— In one of the briefest statements submitted to the Daily News by any political candidate, R. L. (Bob) Terry said, "I have spent most of my life in the county and aim to stay from here on. Will do my best." Terry is one of four candidates for sheriff.

Progreess No. 1

(Continued from Page 1)

feet from south lines of section 115, block 5, H&GN survey, and a long north step-out from his No. 1-A Dorward, had progressed below 2,411 feet in lime and shale and was nearing the top of the expected San Andres pay zone.

GARZA WIDCAT

Drilling is to start immediately at a wildcat in Southeast Garza County. This project is to be R. L. York of Midland and associates and Standard-Fryer Drilling Co. of Dallas No. 1 Justice heirs.

Location is 660 feet from south and west lines of section 19, block 6, H&GN survey, and one and three fourth miles southeast of Justicethatburg. Cable tools will be used to spud this prospector and to drill it down to around 3,200 feet to test the San Andres lime of the Permian.

After the producing ability of that horizon has been determined, a rotary will be moved in to drill to around 7,500 feet to explore the Pennsylvanian lime.

Navy to Increase Its Air Strength

WASHINGTON, July 12. (AP) — The Navy announced today it will build up its air arm by putting into active service a number of fighter and torpedo-bomber planes now in mothballs.

A Navy spokesman said the planes being pulled out of storage include Corsairs, Hellcats and Avengers. The Corsair and the Hellcat are single-engine fighter-bombers. The Avenger is a single-engine torpedo-bomber carrying a crew of three.

The Navy had announced earlier that it was beginning to reactivate some ships of its laid up fleet, including two escort carriers, to increase the transportation of cargo, planes and men across the Pacific.

A spokesman said the two escort carriers will be used strictly for transport purposes.

The catapaults for launching planes and arresting equipment for landing planes on the flight deck are now being put into condition for use.

This preparation of ships and planes, the spokesman said, is being done "where it can be most readily accomplished." He did not say where.

About half the nation has been mapped by the U. S. Geological Survey in the past 70 years, but many maps are now out of date.

Polio Continues To Exceed Last Year's Record of Incidence

AUSTIN, July 12. (AP) — The State Health Department today reported 105 new polio cases in Texas for last week—the second straight week to break the 100-mark.

Forty-seven counties and two Veterans Administration hospitals reported the new incidence. It was the first outbreak of the year for 12 of the counties.

The new toll brought the year's total to 1,053 cases from 134 counties, leading last year's then-record-toppling figures of 801 cases in 112 counties for the comparable period.

"Case reports will probably hover around the 100 mark every week until cooler weather comes," State Health Officer George W. Cox commented. "That's the usual trend of this disease in Texas during unusual outbreaks."

There were indications that the focal point of the outbreak might be shifting from Rio Grande Valley areas into Central and Northern counties. That also, Dr. Cox said, is "generally the case during the hot summer months."

The following counties reported cases for the first time this year: Hale 4; Bosque 2; Brooks, Denton, Gaines, Gillespie, Gonzales, Hamilton, Karnes, Lavaca, McCulloch, and Morris 1 each.

These counties also reported last week:

Dallas 11; Bexar and Harris 8; Tarrant 6; El Paso, Lubbock, McLennan, Navarro, Tom Green, Victoria and Zavala 3 each; Edwards, Gray, Huskell, Hidalgo, Jack, Maverick, Nueces, Travis and Wharton 2 each; Bowie, Cameron, Cochran, Cooke, Coryell, Ellis, Goliad, Hardeman, Harrison, Howard, Lamb, Midland, Starr, Wheeler and Young one each.

CEMETERY WELLS

Two new water wells have been drilled at the Snyder Cemetery, bringing water pressure at the cemetery up to equal the city pressure. The wells were drilled by David Smart and Dick Terry.

Possible New Reef Indicated In South Borden

A new reef structure possibly has been discovered in Southeast Borden County.

Rutherford and Heep Oil Corp. No. 1 Davis, wildcat two miles south of the Von Roeder Canyon field, flowed oil at an estimated 19 feet below the water level of the Von Roeder field.

The No. 1 Davis topped the Canyon reef at 6,768 feet on a minus datum of 4,519 feet. Operators drilled 13 feet into that formation and took a drillstem test.

On the test at 6,744-81 feet the tool was opened only 12 minutes. Gas surfaced in two minutes, mud in five and oil in six minutes. The oil flowed an estimated rate of 18 barrels an hour in the next six minutes.

Operators were last reported coming out of the hole with the tool.

This possible discovery is 65 feet low to the Amerado No. 1 Weathers, new producer in the Von Roeder field two miles to the northeast and 89 feet high to the Rutherford No. 1 Griffin, a dry hole one mile to the south.

The No. 1 Davis topped the reef 19 feet below where they expected to reach the water level of the Von Roeder field.

This prospective new discovery is 467 feet from north and east lines of section 68, block 25, H&TC survey, and 14 miles northeast of Luther.

Estate of Duchess Of Windsor's First Husband to Probate

LOS ANGELES, July 12. (AP) —The first husband of the Duchess of Windsor, Earl Winfield, Jr., left his entire estate to his widow, Lillian.

Filed for probate yesterday, his will made no mention of the former Wallis Warfield, whom he married in 1923. They were divorced in 1927.

Winfield, who died at age of 61 in Coronado, Calif., May 29, left an estate worth "in excess of $25,000," his attorney said.

Israeli Find Work Quick

Tel Aviv, Israel (AP)—In Israel, when one wants work, he asks for it and usually quickly gets it. Four hundred unemployed from the Ramle and Lydda airport area, in trucks and buses, drove through Tel Aviv's main streets shouting "Work and bread." Then they went to Ha'Kirya (Government Place) and told their troubles to Zvi Berenson, director-general of the ministry of labor. Three hundred demonstrators were told they could go to work immediately on public works projects and repairing highways damaged by recent heavy rains.

Truck and Automobile Collide This Morning

Mrs. W. P. O'Brien, 17, of Borger, Tex., suffered minor lacerations and bruises in an automobile-truck collision about four and a half miles north of Snyder this morning on the Lubbock highway.

The accident occurred just north of the railroad underpass as the O'Brien car, a 1942 Studebaker driven by her husband, William Nicholas O'Brien, 23, attempted to pass another car on a curve and collided headon with a truck driven by Hubert Eugene Sage, 43, of Snyder, according to E. W. Green, highway patrolman.

O'Brien was charged in justice court with passing in a no-passing zone, and Sage was charged with driving a truck commercially without a commercial operator's license. Mrs. O'Brien was taken to the Snyder Hospital in a private car. Damage to each vehicle was estimated at $150.

NAMES FOR CARROTS

MOSCOW, Idaho. (AP) — The names they think up for carrots. You could, conceivably, ask for a hamburger or a streamliner and wind up with a sample of rabbit fodder.

Those are just two of the 350 variety names for carrots, reports a recent circular from the U. S. department of Agriculture. Jim Kraus of the College of Agriculture here helped write the phamphlet, which appears after some confusion has been reported among carrot growers and buyers about the right names for the different kinds. Other fancy names for carrots are orange ice, braunschweiger, airliner, stump, oxheart, and narrow-shouldered.

PRAGUE (AP)—Czech philologists and geographers are digging up old Slavic names to replace German and Austrian place names which abound throughout Czechoslovakia.

The German and Austrian names are a heritage of the long three Austrian rule of Bohemia and Moravia followed by the six years war-time occupation.

Mrs. Mabel Kitchen, 1650 Amsterdam Street, Covington, Ky., says that she didn't realize how wonderful it is to be without those unbearable aches and pains of neuritis and she thinks HADACOL deserves only the highest praise—

Mrs. Kitchen was suffering deficiencies of Vitamins B1, B2, Niacin and Iron, which HADACOL contains. Unlike most remedies HADACOL doesn't give temporary relief, but instead treats the real cause of the sickness due to such deficiencies.

Mrs. Kitchen's statement: "So far I have taken three bottles of HADACOL and I am just starting on my fourth. Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back, my arms; I could hardly move without having those terrible aches and pains. I seemed to have a cold all the time and worst of all I couldn't eat anything to give my system a balanced diet. Then I heard about HADACOL from a very good friend of mine. After taking the second bottle the aches and pains were about gone and my appetite had improved. Now I am on top of the world. I eat well, I have gained weight and, best of all, the aches and pains are gone completely. I heartily recommend HADACOL to all my friends."

It's Different"

Remember, HADACOL helps build up the hemoglobin content of your blood (where Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, gall bladder, pancreas, kidneys and lungs, even to the eyes, hair and nails. Countless thousands are benefiting from HADACOL . . . even hundreds of doctors have recommended HADACOL to their patients.

Don't forget, HADACOL is sold on a strict money-back guarantee. Give remarkable HADACOL a chance to help you. It is never too late to start taking HADACOL. Try HADACOL today. Accept no substitutes. You'll feel great with the first few bottles you take—or your money back. Only $1.25 for Trial Size, Large Family or Hospital Size, $3.50.

Bids on West Texas Roads Called by Highway Office

A feeder road that will give Fort McKavett residents ready access to State Highway 151 was included in the projects on which the State Highway Department called for bids Tuesday.

When the Eldorado — Menard stretch of Highway 151 was built, it missed Fort McKavett, local State Highway Department engineers pointed out. The proposed route, designated Farm Highway 864, is a spur that will tie the Fort McKavett area to Highway 151.

The bid called for 5.9 miles grading, structures, flexible base and two-course surface treatment, from State Highway 151, 16 miles west of Menard, west to Fort McKavett.

The bids were called for July 18 and 19. Cost is expected to approximate $6,000,000, the Associated Press reported.

Projects on which bids were called Tuesday included the following, Tuesday, July 18:

VAL VERDE — Farm Highway 1024, 15.8 miles, grading, structures, stabilized foundation course and one-course surface treatment, from U. S. 90 near Comstock to 15.8 miles northwest.

COLEMAN — Farm Highway 1026, and 566, 9.1 miles, grading, structures, flexible base and one-course surface treatment, from intersection U. S. 67, 5 miles south of Coleman, south 5.7 miles; from south end asphalt surfacing on Farm Highway 566 south 3.5 miles through Voss to road intersection.

BURNET — Farm Highway 243, 5.4 miles, grading, structures, foundation course and two-course treatment, from Bertram to Oatmeal.

Wednesday, July 19:

JONES — Farm Highway 1082, .02 miles, grading structures, flexible base and one-course surface treatment, from Hawley to 5 miles southeast.

BLANCO — Farm Highway 1320, 5.6 miles, grading, structures, foundation course and two-course surface treatment, from 5.7 miles north of U. S. 290 to U. S. 290.

BREWSTER — State Highway 118, bridges at Calamity Creek and Sheep Creek.

UVALDE AND ZAVALA — Farm Highway 1022, 1052, and 1436, 10.2 miles, grading, structures, flexible base and one-course surface treatment; from U. S. 90 14 miles west of Uvalde to U. S. 90 in Uvalde; and from State Highway 76 in La Pryor to 2.5 miles north.

REAL AND KERR — State Highway 39, 15.6 miles, grading, structures, flexible base and two-course surface treatment; from U. S., 83 to 8.2 miles west of Camp Mystic.

Man Held on Charge Of Petty Theft

Theodore Shively, 28, of 2807 Avenue Q, was arrested at 12:45 this morning on a charge of petty theft.

Police said he pulled into a service station on the East Highway, had his tank filled with gasoline and drove away without paying for it.

Police received a call yesterday afternoon from Derl Lovell, employee at the station, and chased the automobile into Colorado City where they lost trace of it.

Shively was arrested at the Westerner Courts in Snyder and charged with the theft. He is being held on $100 bond.

Kiwanis Pig Now In Custody in Snyder

The Kiwanis traveling pig was brought to Snyder by the Lamesa Kiwanis Club this noon and given to the Snyder Kiwanis at a meeting at the Snyder Country Club.

The traveling pig was presented by the 23 Lamesa Kiwanis members headed by their president, Tom Conner. Each club is to put money into the pig and after keeping it two weeks, the whole club will take it to Big Spring. After the pig has traveled the district circuit, the club which has traveled the most miles will receive the pig and the money will be given to underprivileged children.

J. P. White of Lamesa introduced Karl Cayton of Lamesa who gave a talk on "Waste in the Government". Two weeks from now the club will travel to Big Spring to deliver the pig.

The new typist was woefully inefficient but such a lovely creature that her employer could not find it in his heart to be harsh with her. Just now she was burrowing madly in the files, a troubled frown creasing her beautiful brow.

Highest automobile highway on the North American continent is the Mt. Evans road in Clear Creek County, Colorado, which rises to an altitude of 14,260 feet.

Hilton Lambert Heads Snyder Legion Post

Hilton Lambert was elected commander of the Layne-Kite American Legion post at a meeting in the Legion Hall in Memorial Park Monday night.

Lambert will take the place of Dr. D. K. Ratliff, retiring commander.

Others elected for the year 1950-51 were Marvin Hanback, vice-president; George R. Killam, Jr., adjutant; Bunker Hill, finance officer; Bill King, chaplain; Porter King, historian; Lewis Gore, sergeant at arms; and Wilbur L. Ellis, service officer.

The Layne-Kite Post is named in honor of Will Layne, who was the first Scurry County casualty of World War I, and T. J. Kite, the first casualty from the county in World War II.

Church, Government at Peace In Mexico After 90 Years

By LAURENCE F. STUNTZ
(Associated Press Staff)

MEXICO CITY, July 10.—Mexico's government and the Catholic Church are at peace now, after a long and sometimes bloody fight.

Hammers ring on stone as new churches are built—20 of them this year in the capital alone. Twenty years ago some state governments were tearing down churches stone by stone.

School buildings have been returned to religious orders for operation. Ten years ago a private school was seized because a crucifix was found in one room.

President Miguel Aleman talked to Catholic bishops on a tour of the country. Ten years ago a senator publicly apologized to congress because he had attended a public dinner at which a priest was present.

VALUED AT $400 MILLION

The fight between church and state began 90 years ago when the Juarez reform government seized church property. It was valued then at 800 million pesos—some $400 million. But the reform laws were not enforced under the long rightist regime of Porfirio Diaz. By 1910 the church had most of its property back again.

The 1910 revolution re-enacted and strengthened the reform laws. The revolutionary constitution, still in effect, gave the state a monopoly of education when it declared it must be "socialistic."

About 1926 these laws began to be rigidly enforced. In some states all churches were closed. In Tabasco they were all destroyed. The number of priests limited. Tabasco refused to let any priest officiate unless he were married.

This wave of enforcement died down as state laws were repealed or relaxed. But ten years later came another wave of enforcement. This time the Catholics rebelled. There was an actual armed revolt around Guadalajara — the "Cristero Rebellion," taking its name from the rebels' war cry of "Vivo Cristo Rey"—hail Christ the King."

REOPEN CHURCHES

In Veracruz state, where the number of priests was limited to one for every 100,000 inhabitants, the Catholics seized and re-opened the churches in 1937. One had been turned into a fire station. Aleman, then governor, claimed the people and the federal government agreed to turn the churches over to committees of "fifteen neighbors"—in effect, local vestrymen. These committees still administer the churches.

Since then there has been increasing amity between church and state. In 1942 the constitution was amended, removing the requirement for "socialistic" education. This clause was interpreted to mean Catholic schools could reopen if they followed the government curriculem.

RELAX RESTRICTIONS

Most of the restrictions on the training of priests have been relaxed. Formerly Catholic boys went to the U. S. or Canada to be trained for the priesthood.

There is still some opposition in the government to the church. The Chief Justice of the Supreme Court of the capital said recently Mexico's constitution was being violated by open air religious ceremonies. The constitution permits religious practices only indoors, which is why there is no graveside service in Mexico.

But Justice Luis Catano Morlet's charges found no editorial support in the press. Not even the leftist political parties have taken up his case. The outdoor religious parades continue.

Two presidents and an archbishop share credit for this peace.

Archbishop Luis Maria Martinez was appointed at the height of the last open struggle between church and state. He kept quiet, worked softly for better understanding, did not protest when priests were attacked. During the war, he supported the government's army draft program. He threw the church's weight behind the government campaign to vaccinate all cattle against the foot and mouth disease.

AIDED BY CAMACHO

Former President Manuel Avila Camacho publicly proclaimed "I am a believer"—the first official in many years to admit it.

President Aleman carried Avila Camacho's liberal stand even further. There are comparatively few restrictions on the church now.

Perhaps the most striking proof of good relations between government and church was made by Archbishop Martinez himself.

"The social doctrines of the Mexican revolution," he said, "are in accordance with Catholic principles except in a few instances."

This is a long step from the church's 1936 declaration that "religious persecution exists in Mexi-

Byrnes, Johnston Winners In South Carolina Primary

COLUMBIA, S. C., July 12. (AP) — James F. Byrnes will be the next governor of Sc. Carolina, and Sen. Olin D. Johnston will go back to the U. S. Senate.

South Carolina Demorats decided that yesterday. The nomination is equal to election.

The 71-year-old Byrnes, former secretary of state and Supreme Court justice, easily triumphed over three opponents.

With primary returns in from most of the state's 1,572 precincts, the former "assistant president" rolled up 206,418 votes. Lester L. Bates, Columbia insurance executive, had 61,941; Thomas H. Pope, speaker of the South Carolina house, had 25,080; and Marcus A. Stone, Dillon lumberman, 4,889.

Byrnes thus had an overwhelming majority, eliminating the necessity of a runoff July 25.

Johnston defeated Gov. J. Strom Thurmond, 1948 State's Rights Democratic presidential candidate.

Nearly complete returns gave Johnston 159,026, and Thurmond 142,052.

Johnston, 53, had declared his loyalty to the National Democratic Party against Thurmond's charges the senator "ran out" on the state Democratic party. The senator said differences should be settled within the party, although he opposed President Truman's renomination two years ago. The state party supported Thurmond for President in 1948.

More Red Chinese Moved Into Korea

HONG KONG, July 12. (AP)—Continued movement of Chinese Communist troops to Manchuria from South China was reported in Nationalist dispatches today.

Troops of unestimated strength were said to have arrived in Canton Tuesday on their way to Manchuria.

A small movement of Communist troops from Canton toward the Hong Kong border also was reported. The dispatches said this maneuver was intended to confuse foreign intelligence as to "the real intentions" of the Reds, and to distract attention from transfer of sizable forces toward Manchuria.

This diversion, the reports said, was made at the specific direction of the Soviet high command—a statement which cannot be confirmed here.

FINED FOR DISTURBANCE

Four persons paid fines of $14 each Monday in Justice court after each pleaded guilty to a charge of drunkenness and disturbance of the peace. They were E. L. Armstrong, 37, of Big Spring; his wife, Ann Belle Armstrong, 27; L. G. Warren, 24, of Snyder, and his wife, Mildred Warren, 30. They were arrested Sunday night by city police.

Intermarriage Is Said To Be Solution To Indian Problem

LOS ANGELES, July 12. (AP)—All problems of the American Indian could be solved by intermarriage with whites, says a University of Oklahoma history professor.

Dr. E. E. Dale, addressing a University of Southern California summer session audience, said that "once education of the Indian has sufficiently advanced," intermarriage would be practical.

"Indians are a great people and Indian blood is good blood," he said. "Indians have had an influence upon our history and culture out of all proportion to their number.

"In Oklahoma, white-Indian marriages are so common they are not regarded as intermarriage."

Los Angeles Aptly Named

LOS ANGELES, July 12. (AP) —This hurts.

From Dhahran, Saudi Arabia, Mrs. C. L. Carlisle has received a letter addressed to her in "Smog City, U.S.A."

It was written by her husband, a doctor for Arabian-American Oil Co., who wanted to see if it would reach her. Delivered without hesitation.

Republicans Have Own Plan For Economy Cuts

WASHINGTON, July 12. (AP)— Republicans went to work today on an amendment aimed at lopping about $500 million off the $34,688,000,000 one-package money bill.

The economy move was decided on yesterday at a meeting of the Senate Republican Policy Committee, even as some senators predicted that Congress would have to pour out new billions because of Communist aggression in Korea.

PURPOSE

The money bill is to finance most government agencies in the fiscal year that began July 1.

Sen. Taft of Ohio said the GOP policy group agreed to back an amendment that will be drafted by Republican members of the appropriations committee as a substitute for an earlier proposal rejected by the committee.

He said it would call for a substantial cut in the big money bill. Later Sen. Wherry, the Republican floor leader and a member of the appropriations committee, estimated it would slash non-military spending about $500 million.

SERVE AS TONIC

"Such a cut," said Wherry, "would be a tonic strengthening the entire national economy and it would foster confidence among the people that 'spending as usual' by the government is now out the window."

Taft said the amendment would differ from a proposal previously turned down by the appropriations committee to cut 10 per cent of personnel outlays and 20 per cent off travel expenses of non-military agencies. It would have saved an estimated $600 million.

Rail Strike May Be Averted In Friday Meeting

CHICAGO, July 12. (AP)—Threat of a strike over the week end by two big operating railroad unions appeared eased today as plans were made for new peace talks with the carriers.

Federal mediators will renew attempts on Friday to resolve issues in the long wage and hour dispute between the nation's railroads and the two brotherhoods.

WILL TALK

Officials of the two unions, representing some 225,000 rail workers, said they will meet with the National (Railway) Mediation Board to "try and bring about settlement." They said the carriers will be represented at the sessions.

The unions — the Brotherhood of Railroad Trainmen and the Order of Railway Conductors — are legally free to strike after Saturday. But W. P. Kennedy, president of the trainmen, said "we won't consider a strike at this time. It will depend on the attitude of the railroads. . ."

However, he added that "the idea of a stike hasn't been put aside, but a strike has not been put into effect."

Announcement of the delay of a strike followed a two-day meeting of 250 general chairmen of the two unions. The chairmen formally rejected a presidential fact-finding board's recommendation in the dispute. The board had turned down the unions' request for a 40-hour work week at 48 hours pay.

UNFAIR

The chairmen termed the board's report the "most undemocratic, unfair and pro-management report in the history of the Railroad Labor Act." The formal rejection was telegraphed to President Truman.

Look Out!

You may have a big loss on jewelry, baggage, sports equipment and other personal property—while traveling or at home. Insure!

State Spends $170 Million On Schools in Last Year

The state foundation for education spent $170,144,505 on the Gilmer-Aiken program during the past school year, according to a report issued this week through the office of Forrest W. Beavers, county superintendent.

Classroom teachers, with an average salarry of $2,910, were paid a total of $119,723,417. The Gilmer-Aiken plan provides for one classroom teacher for every 26 pupils, bringing the number of classroom teachers in Gilmer-Aiken school districts to 41,141.

The report applies only to the 2,312 Gilmer-Aiken districts. There are 390 districts in the state which, because of ample local funds, no school in the district, and similar reasons, do not receive state foundation school funds.

The 2,087 vocational teachers, with an average salary of $3,297, were paid a total of $6,881,306. Special service teachers, including librarians, school nurses, school physicians, visiting teachers and itinerant teachers, received $4,360,902. A school is allowed one from this group for every 20 classroom teachers. They number 1,445 with an average salary of $3,011. The 194 teachers of exceptional children, with a salary averaging $3,150, were paid a total of $611,000.

Supervisors and cousellors received $2,259,000. A school has a choice of one of these for the first 40 classroom teachers, and one for each additional 50 teachers. There were 538 of them in the state, averaging $4,200 a year.

Part-time principals, one being selected from every 30 classroom teachers, receive supplements to their regular salaries. There were 2,054 of these, receiving an average supplement of $425 and a total of $872,950. The 899 full-time principals—one for every 20 classroom teachers—get an average of $4,250, a total of $3,719,750.

Superintendents had an average salary of $5,500. With 1,026 of them in the state, their salaries totalled $5,643,000.

Current operating expenses amounted to $350 to $400 (depending on the size of the school) times the number of classroom teachers. Total expenses were $15,726,405.

Transportation costs amount to from $31.50 to $63 (depending upon the scholastic population) times 310,000 pupils transported more than two miles.

Lions Club's New Officers Took Charge At Meeting Yesterday

New officers took over at the Lions Club meeting in Snyder Country Club, yesterday.

Elected last March, they were Dr. John Blum, president; J. J. Dyer, first vice-president; W. W. Adcock, second vice-president; H. O. Beard, third vice-president; B. C. Drinkard, secretary; George Killam, assistant secretary; R. S. Yorgeson, treasurer; Rollin Clarke, tail twister; and Lyman Yoder, lion tamer.

The Lions also heard Phil Burns, just back from the national Boy Scout Jamboree at Valley Forge, Pa., report on the trip.

J. M. Moffett, director of the summer recreation program being sponsored by the Lions and the Veterans of Foreign Wars, told the club that 96 boys are now enrolled in the program. They go to Colorado City to swim twice a week, and other days take part in supervised playground activities.

Delegates who will go to the national Lions convention at Chicago next week are Haskell Beard, Cloyce Drinkard and John Blum.

Could Not Commit Murder, Shoots Self

BETHLEHEM, Pa., July 12. (AP) —"I had planned to shoot Rufus Cox but I just cannot commit a murder."

That was a portion of a note found in the pocket of a man identified as Robert H. Buchanan after he shot and killed himself yesterday in a South Bethlehem taproom.

Cox is the bartender in the taproom where the man drew the gun and shot himself.

The term orange pekoe applies to black tea and the size of the leaf.

East German Reds Trying to Enlist Hitler Army Heads

FRANKFURT, Germany, July 12. (AP) — East German Communists are trying to enlist former high officers of Hitler's army to train their people's police, German sources said yesterday.

They said that members of the "Bruderchaft"—a semi-secret organization of former high-ranking German officers—had rejected the Communist feelers.

If you have some canned cling peaches on your shelves spice them and serve with any chicken dish.

SAFE ON THIRD—Enos Slaughter (9), St. Louis Cardinals' outfielder, is safe on third after he hit a triple, which scored Jackie Robinson for the first run of the All-Star game in the second inning in Chicago. George Kell of the Detroit Tigers, third baseman for the American League, takes the throw from left field. The umpire is Jocko Conlan. The National Leaguers bested the American League team after Red Schoendienst of the Cardinals hit a home run in the 14th inning by a score of 4 and 3. (AP wirephoto).

LaMotta Favored To Beat Mitri In Title Defense

NEW YORK, July 12 (AP) — Middleweight Champion Jake LaMotta bucks a double jinx tonight when he defends his title against unbeaten Tiberio Mitri of Italy in Madison Square Garden.

The last three middleweight kings, Marcel Cerdan, Tony Zale and Rocky Graziano, all lost their crowns in their first defenses. All three were favored to win.

LaMotta is a 5 to 7 choice to capture the 15-rounder (starting at 8 p.m., (CST) in his first defense since he won the championship from the ill-fated Cerdan.

But Jake firmly believes "it's not going to happen to me.

"This title is the thing I've always wanted and I'm going to keep it a long time. I'm in better shape for this fight than I've been in years."

This observer thinks the jinx is going to strike again.

Jake, at 29, appears to be over the hill. He's taken plenty of punches in his ten years of pro battling, and slowed down considerably. He fights in 15-second flurries, hoping to get the officials' nod with his short, eye-catching bursts.

Mitri, who celebrated his 24th birthday today and hopes to cap it off with the world title, is fleet-footed and fast with his hands.

The handsome, well-built invader throws a hard left jab, has a good right hand punch, and has supreme confidence in his ability to take Jake.

"I know I will win," he said. "I am very lucky to get this chance at the championship and I'm going to make good."

Lubbock Loses To Lamesa As Pampa Wins 7 - 3

(By The Associated Press)
By The Associated Press

The fight was hot again for first place in the West Texas-New Mexico League today.

Lubbock stumbled last night and Lamesa and Pampa moved up—the former one game back and Pampa two.

Lamesa licked Lubbock 6-1 as John Fetzer pitched a five-hitter. The Lobos got four runs in the ninth.

Pampa downed Abilene 7-3 to snap a four-game losing streak. Lefty Bill Garland won his seventh pitching victory of the season.

Albuquerque skunked Borger 8-0 as Bob Spence hurled a six-hitter. The Dukes rattled 13 hits.

Amarillo at Clovis was rained out.

General Roberts Sees UN Victory

REDLANDS, Calif., July 12. (AP) —Brig. Gen. William L. Roberts, former commanding general of the U. S. Army forces in Korea, predicts that the United Nations forces will chase North Korean aggressors back over the 38th Parallel.

Gen. Roberts—who was ordered home for retirement a week before the North Korean invasion—said here yesterday that he thinks rice paddies and U. S. air power will slow up the invaders soon.

Schoendienst Calls Homer That Gave N. L. 4-3 Victory

By JOE REICHLER

CHICAGO, July 12 (AP) — Red Schoendienst . . . Andy Pafko. . . Larry Jansen. . . Ewell Blackwell. . .

These are the names on everybody's lips following yesterday's National League stimulating 14-inning 4-3 victory over the favored American Leaguers "in the greatest of all 17 All-Star games."

Maybe you'd better add Manager Burt Shotton, Enos Slaughter and Ralph Kiner. For they, too, sparkled as the victory-starved Nationals won for the first time since 1944.

RECORD BROKE

Schoendienst was the big hero, of course. It was his home run into the upper deck of the left field stands in the top of the 14th that broke up the three hour and 19 minute overtime struggle—the first extra inning affair in All-Star competition.

Schoendienst, like the immortal Babe Ruth, called his shot.

"I'm going to end this thing right now," he told teammates Walker Cooper and batting practice pitcher Murry Dickson as he selected a bat. "Watch me hit one into the upper seats."

The scrawny-looking 150 pounder from St. Louis has hit only three home runs all season in 73 games. In 1946 he went through the entire season without hitting any home runs.

Schoendienst, a personal Shotton pick because of his defensive wizardry and his ability to fill in at either second, third or short, was batting righthanded against Southpaw Ted Gray of Detroit. He is a switch hitter. It was his only time at bat during the game.

Pafko saved the game in the bottom half of the 12th with a sensational catch of pinch hitter Tommy Henrich's terrific clout that appeared labeled "home run" the instant the ball left the bat.

Jansen pitched near-perfect ball in a five-inning tenure, the longest National League stint by one pitcher since Lon Warneke hurled four innings in 1934. He allowed only one hit—a handle-hit single—and struck out six in shutting out the American Leaguers from the seventh through the 11th innings.

CATCHES BRILLIANT

Blackwell came close to matching Jansen's performance, holding the American Leaguers to a lone hit in three shutout innings. The long, lean Cincinnati right-hander sent the near-capacity Comiskey Park crowd of 46,127 home limp from exhaustion when he wound up things by forcing the great Joe DiMaggio to slap into a game-ending double play.

Nearly all 19 of the 25 National Leaguers who appeared in the lineup covered themselves with glory. There was the brilliant catch by Slaughter of Walt Dropo's second inning clout that appeared headed over the center field wall. There was Ralph Kiner's titanic home run that tied up the game in the ninth inning. Slaughter also shone on offense. It was his triple in the second inning that set up both runs. Jackie Robinson, who led off the inning with a single to right, crossed the plate on Slaughter's clout to the center field wall. Slaughter came in with the second run when Hank Sauer flied to right.

It's impossible to overlook Shotton, the much abused pilot. Booed unmercifully at his pre-game introduction for his intended benching of Sauer in favor of his own Duke Snider, Shotton redeemed himself in the eyes of the fans with his strategic moves.

OUTFIELD SWITCH

Burt's 11ht hour centerfield switch from Sauer to Slaughter paid off in the second inning when Enos made his glittering catch. His move of Slaughter to right and Pafko to center in the middle of the game set the stage for Andy's game-saving grab.

Criticized for placing Kiner second in the batting order. Burt proved he was right when Ralph blasted his ninth inning homer. Had the Pittsburgh slugger been in sixth spot as Shotton had him in the original lineup, Ralph probably never would have gotten another chance to hit.

The day's receipts of $126,179.51 was a new record. After expenses are deducted, the cash goes to the players' pension fund.

Williams And Costner To Try Again Tonight

PHILADELPHIA, July 12 (AP) — Rained out two nights in succession, Lightweight Champion Ike Williams and George (Sugar) Costner will try again tonight to get in their scheduled 10-round non-title scrap at Shibe Park.

But before fight time, Costner may have a battle with the scales. The Negro welterweight from Camden, N. J., weighed 146 pounds at Monday's original weigh-in. But since the fight has been postponed more than 24 hours, he and Williams will have to step on the Pennsylvania Athletic Commission scales again.

According to contract terms, Costner agreed to come in at 148 pounds or lower. He weighed 146 Monday but is believed to be considerably above that figure now.

Horace Lisenbee, pitching for the Philadelphia A's against the White Sox in 1936, gave 26 hits to the Chicago team.

Roughnecks Beat Dallas To Move Into Third Spot

By The Associated Press

Beaumont's Roughnecks, who have been worrying because the home folks won't turn out to see them play, had a talking point in their favor today.

For the first time in quite a spell the Roughs are in third place in the Texas League race. A big crowd stayed away as they did it last night by trimming the Dallas Eagles for the second time in a row. There were only 1,482 in the stands.

If they can't get 'em in the park while playing first division ball then there might be more than just talk about the franchise being moved.

Fort Worth's league-leading Cats stumbled before Shreveport but didn't lose any ground. Second-place Tulsa also took a licking. So there's still seven and one-half games difference.

Moose Tellinger hit a two-run homer in the fifth to furnish the margin of victory as Beaumont licked Dallas 8-7. It moved Beaumont a half game ahead of Oklahoma City, which plunked into fourth place by losing to San Antonio 5-2.

Five hits and six walks by Gene Roy gave San Antonio all its runs in the first five innings. Bob Lemon, the home-run blaster of Oklahoma City (he has 33 circuiters), went hitless.

Shreveport shoved over three runs in the seventh to lick Fort Worth 6-4 as Howie Auman notched his ninth pitching win although he had to have help from Red Fahr in the eighth.

Houston downed Tulsa 3-2 with Vern Rapp driving in the winning run in the ninth with a single. Pete Mazar gave the Oilers only six hits.

Tonight Dallas moves to Shreveport, and Fort Worth to Beaumont, Oklahoma City to Houston and Tulsa to San Antonio.

Corpus and Harlingen Both Lose To Remain Tied For First Place

By The Associated Press

Even the status quo was status quo in the Rio Grande Valley League today.

Corpus Christi and Harlingen remained in a virtual deadlock for the lead, neither being able to win last night. Third-place Laredo also took a licking.

Del Rio beat Corpus Christi 3-2 in a game halted by rain in the fifth inning. Bob Hamric slugged a two-run homer in the first inning for Del Rio to send the Cowboys on their way.

McAllen nosed Harlingen 6-5 as Joe Wisniewski homered in the ninth. Rocky Rotunno gave Harlingen seven hits.

Brownsville beat Laredo 10-2 behind the six-hit pitching of Don Parsons, who fanned 13.

Swatters Blank Odessa Again As Roswell Wins

(By The Associated Press)

Odessa's once-magnificent lead was melting away in the Longhorn League today.

The Oilers took their second straight shut-out last night while Roswell was winning a double-header and moving within a game and a half.

Jerry Jones gave the loop leaders only six hits in elbowing Sweetwater to a 2-0 victory. One of the runs was a homer by Earl Finley.

Roswell beat Midland 4-2 on the five-hit pitching of Franks then took the nightcap 8-7 with a five-run blast in the seventh inning on three hits and two Midland errors.

Ballinger trimmed Vernon 4-1, cracking 11 hits.

San Angelo edged Big Spring 1-0 with only one hit. It was of the scratch variety by Art Caballero and he scored on a long fly. Big Spring got six hits off Indio Beltran.

Junior Chamber and Lions Set Donkey Baseball Next Week

The All-Star game of Snyder will be held at 8:15 o'clock Tuesday night at Memorial Park when the Snyder Junior Chamber of Commerce and the Snyder Lions tangle in a donkey baseball contest.

This five inning affair will be played by two full teams from each organization with Jack Riggs the captain of the Junior Chamber and Coach Speedy Moffett the captain of the Lions. Many of the prominent businessmen of Snyder will take part in the contest and starting line-ups will be announced later this week.

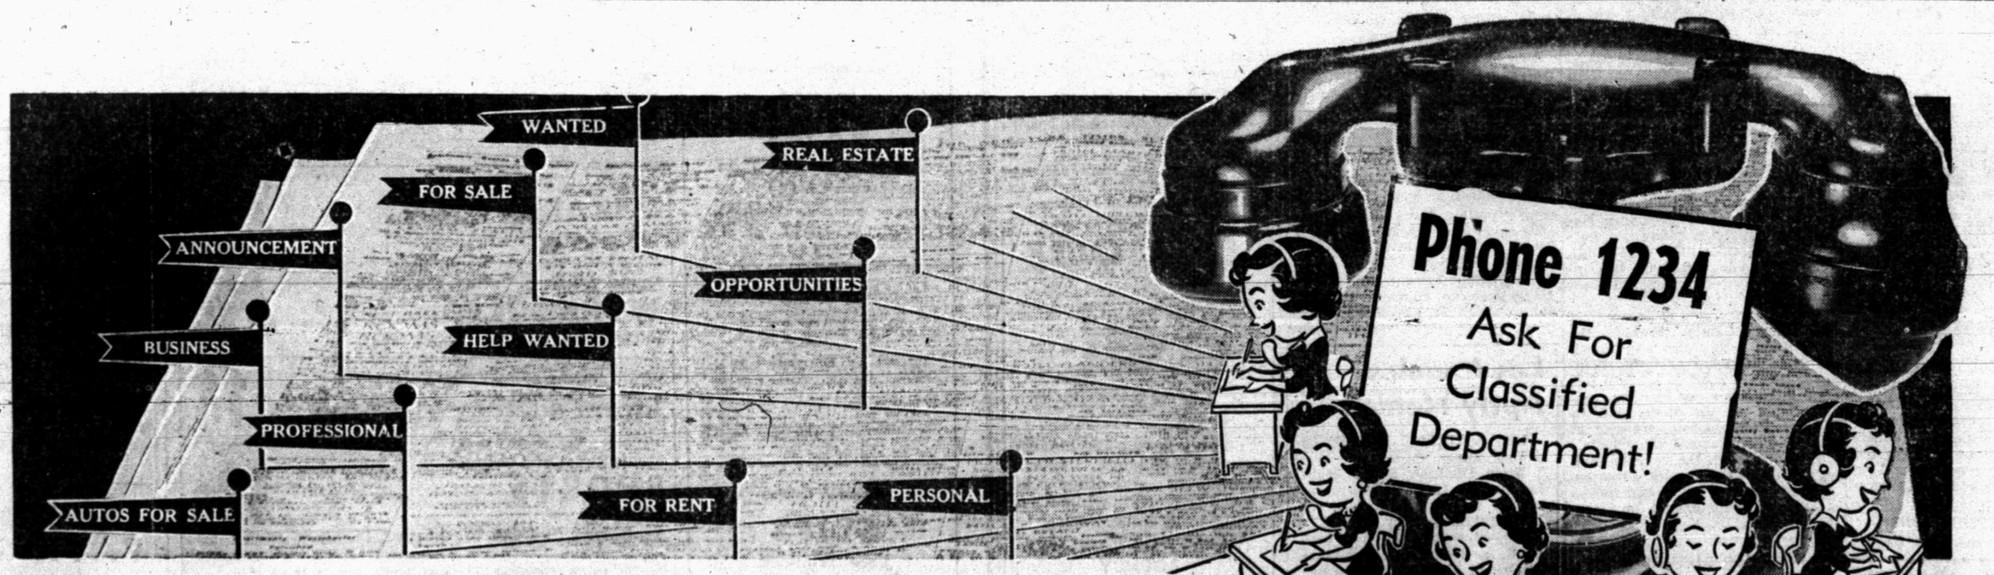

The Snyder Youth Center will receive 50 per cent of the pre-game sales and 40 per cent of the gate, so it is important to purchase your ticket early. Tickets sell for 50 cents for adults and 25 cents for children. Members of the Junior Chamber are selling the tickets, which are also on sale at Dunlap's, Williams Jewelry, and the West Texas State Bank.

PERSONALS

Mrs. Billy J. McKinzey left this week for Hart, Tex., where she will visit her parents, Mr. and Mrs. Luther Frank Bass. On vacation from her duties at William's Jewelry Shop, Mrs. McKinzey will return to Snyder Monday and rest here for another week.

Mrs. Mildred Bodenhoff arrived in Snyder last night from Monahans. Mrs. Bodenhoff will only remain here a day or so, then return to her duties with her other store, Mildred's in Monahans.

Mr. and Mrs. Ben Leiche, of East Orange, N. J., arrived in Snyder Thursday to make their home. Mr. Leiche has associated himself with Leonard Hall, who runs the Simplex Auto Parts Co. here. The Leiches are living temporarily with the Halls at 2807 Avenue G. Mrs. Leiche is Mrs. Hall's cousin. She is also the neice of Mrs. Gladys Matheson, who is employed with Mildred's Dress shop. Mr. and Mrs. Leiche will reside in their new home in Highland Park when it is completed.

Mr. and Mrs. A. S. Schooley and daughter, Miss Reba Schooley, and neice, Miss Joyce Duke, all attended the horse races and the Jubilee celebration in Brady last week. The Schooleys live in Boothland addition.

Mr. and Mrs. Gordan Sentell and small daughter, Helen, are here for the summer with Mr. Sentell's parents, Mr. and Mrs. C. F. Sentell, 2903 Avenue W. Mr. Sentell has just completed his second year at Yale University. He will continue studying there next Fall in the school of architeeture.

Mrs. Nettie Bell Murray of Somerville, Tex., is here visiting with Mr. and Mrs. E. E. Tucker, who live at the Tidewater Trailer Courts on the Lubbock Highway.

Miss Vickie Lewis, who was employed by Frank Montgomery's Trucking concern, left Snyder, planning to visit in Big Spring and then continue on to Topeka, Kans.

Mr. and Mrs. W. T. Murphee, who live east of Snyder, have returned from a two-week vacation visiting relatives in Birmingham, Oneonta, Gadsden, and Blountsville, Ala. They were accompanied on the trip by Mr. and Mrs. Bill Tippen, Abilene.

John Harlan of Monahans, visited in Snyder last night.

C. S. Schooley is in San Angelo this week, doing some construction work on his brother's home, L. B. Schooley.

Mr. and Mrs. E. G. Martin have recently moved to Snyder from Austin. They are residing at the McDonald Trailer Courts. Mr. Martin is a pipe line worker in the oil fields.

Mr. and Mrs. Ben Gilliam have just returned from a vacation trip through Texas, Colorado, and Nebraska. They visited with their son, John Gilliam, in Oshkosh, Neb. The Gilliams are now back at their business, the Gilliam Trailer Camp, east of town. Mr. and Mrs. Gilliam have also just received word that their other son, Albert Gilliam, who has been stationed in Japan, is being transferred to Korea.

Mr. and Mrs. Homer Ray, 2410 Avenue E, and Miss LaVerne Monday made a trip to Cross Plains last week end. They visited Mr. Ray's mother, Mrs. Myrtle Bibb.

Mrs. Ann York, who underwent major surgery Saturday in St Ann's Hospital, Abilene, is reported much improved. Mrs. York is the proprietor of Henry's Cafe. Visiting her today at the hospital are Mrs. Homer Ray and Mrs. Chesley Ray, both employees at Mrs. York's cafe.

Attending the funeral of Scott Stanfield Friday were the following Monahans people: Tom Neal, district attorney, Jim Tubbs, banker, Phil Tripp and Red Watts.

Mr. and Mrs. Charles D. Ross, 1906 Avenue R, are in Juarez, Mexico, on a short vacation trip. Mr. Ross is a driller with the Standard-Fryer Co.

Mr. and Mrs. Arthur Lewis, from Apache, Okla., are here visiting Mr. and Mrs. John Cole, 2900 Avenue H.

Miss Callie Caton of Medina, Tex., is here visiting with Mrs. Nancy Caton, 2711 Avenue R. Mrs. Caton's visitor is her sister-in-law.

Mr. and Mrs. B. D. Monnet of Tulsa are now permanent residents of Snyder. Mr. Monnet is associated with the Lyon Oil Products Co.

Mr. and Mrs. A. L. Edwards, from Dawson, Tex., last week visited Mr. and Mrs. J. E. Coggins, who live on the Lubbock Highway. Mrs. Edwards is a sister of Mr. Coggins.

James K. Robinson left Snyder this week for a vacation trip to El Paso, Phoenix, Ariz., and other parts. He will visit friends and relatives. Mr. Robinson is employed with the Halliburton Co.

Pvt. Frankie E. Roberson, 18, formerly of 2907 Avenue U, has recently been transfered from Tokyo to Camp King, at Omiya, Japan. Prior to entering the service for the second time in 1949, he was a student at the Ira high school and was a truck driver here.

Bruce Greer, administrator at Snyder Hospital, left Snyder Monday for Tulsa, where he will attend to hospital business. He is expected back in Snyder today.

Dr. Dan A. Harrison, chief of staff at Snyder Hospital, is on a three-day vacation. He went out of town, is expected back in his office by Friday.

Mrs. Marie Blevins, a district deputy clerk, from Fort Worth, was in Snyder yesterday on business. Accompanying her was Fay W. Prescott, an attorney, also from Fort Worth.

Mr. and Mrs. Lee Dan Stone, 500 Twenty-ninth Street, have had as their guests Mr. Stone's brother, and family, Mr. and Mrs. Willard Stone and children, from Dallas.

In the spirit of rodeo season, these damsels are photographed against a western background in their cowboy toggery. They are, left to right, Miss Betty Ganns, Miss Gladys Harris, Miss Gale Gilland, and Miss Jimmie Beakley. (J. Lawrence Devers photograph).

Union H-D Club Plans Picnic For Tomorrow Night

A picnic for members of the Union Home Demonstration Club and their families was planned last week when the club met with Mrs. Jim Moss, 3749 Avenue V. The picnic will be held at twilight tomorrow night at the home of Mrs. H. J. Schulze, in the Bethel community.

At the meeting, Mrs. Maxine Wright gave the program on "Our American Government." The women answered roll call with their favorite frozen dessert. Mrs. Wright also gave a demonstration on frozen lemon tart.

Present for the meeting were Mrs. H. V. Caldwell, Mrs. Howard Hogue, Mrs. H. J. Langford, Mrs. Dink Lyon, Mrs. N. R. Pate, Mrs. Alvin Rollins, Mrs. R. A. Smith, Mrs. H. B. Wright, Mrs. Lester Gladson, Mrs. G. L. King, Mrs. Lon Everett, Mrs. Forrest Beavers, Miss Verna Caldwell, and Mrs. Schulze.

The next meeting of the club will be in the home of Mrs. Pate. It will be in the form of a lingerie shower for the girls at Girlstown.

Hospital Notes

Admitted to Snyder Hospital Clinic yesterday were:

Mrs. B. J. Williams, Route No. 3.

Mrs. Earl Edward Rinehart, Hermleigh.

Floyd Arthur Slavinsky, Roscoe.

Marshall Ford.

Herman B. Hodgson, Bell Transfer Co.

Mrs. L. E. Russell, Dunn.

Grover Henry Evers, Airview Trailer Courts.

Mrs. Travis Mosely, Burkes Trailer Court.

Frankie William McDonald, Sweetwater.

Discharged yesterday were:

Eldon Davis, 1310 Seventeenth Street.

Perry McBroom, general delivery.

Johnny Ray Nixon, general delivery.

Mrs. Clinton Leslie Briggs, Clairemont Route.

Mrs. Robert E. Caraway, 2706 Avenue M.

Mrs. Jean Delos Richmond, Route No. 3.

Mrs. Finnis LaBoyd Jones, Hermleigh.

Herbert Lee Garrett, Jr., Box 981.

Mrs. Bill Mason, 2608 Avenue A, is visiting with her parents, Mr. and Mrs. J. H. Williams in Brady. She will be there three days.

Mr. and Mrs. E. A. Rinehart of Hermleigh have a new baby boy, born yesterday at the Snyder Hospital. Mother and son are both still in the hospital.

Lester Moore and Ivy M. Rollins left town for a visit to Hot Springs, N. M., where they plan to take the baths for a few days. They will be joined later by Mrs. Moore and Mrs. Rollins.

Mrs. Hanbeck Is Hostess at Meeting Of B.&P.W. Club

Bright red verbenias formed centerpieces for the tables Mrs. Marvin Hanback set up on her lawn last night for the meeting of the Business and Professional Women's Club.

The club decided to concentrate fully on giving aid to the Youth Center, and a committee of three elected to further this goal was: Miss Mantha Landfried, Mrs. Lee Small, and Mrs. Florence Leftwich.

Mrs. June Sparks was elected to the office of corresponding secretary. Mrs. Betty Wendell Snyder spoke on accomplishments of club women. It was reported that the club bake sale netted over $30.

The group will meet Tuesday, July 25, for dinner and business discussion at Ballard's dining room.

Abilene Party Honors Miss Earlene Lloyd

Miss Earlene Lloyd, 2400 Avenue S, the bride-elect of Homer H. Hutto, Jr., accompanied by her mother, Mrs. George H. Lloyd, was complimented at a morning coffee Monday in Abilene.

Mrs. John A. White, of Abilene, entertained the Snyder bride-to-be at the large breakfast which was attended by more than 30 guests. Assisting hostesses were Mrs. Maurice Martin and Mrs. Homer Hutto, Abilene. Mrs. Hutto is the mother of the prospective bridegroom.

Miss Lloyd was wearing a blue organdy dress, embossed with white accessories. Her flowers, a corsage of chartruese and rose tinted daisies, revealed her bridal colors. Her mother chose a blue eyelet pique dress with similar corsage.

The table, laid with ecru lace, held a graceful arrangement of chartruese daisies. Appointments were in silver and crystal.

Houseparty members included Mrs. John P. Hardisty, grandmother of the prospective bridegroom, who resistered the guests.

Bridal attendants were: Miss Wilda Bradford of Colorado City, Miss Durrell Stokes of Snyder; and Miss Patricia White, daughter of the hostess, all in the houseparty. Other attendants were Mrs. Sterling Price, Mrs. Owen Nelson, Miss Nina McDermott, Miss Bonita Couch, and Miss Ruby Jane Kincaid.

Miss Lloyd and Mr. Hutto will exchange their vows at 7:30 o'clock the night of Aug. 18, at the First Baptist Church, here.

If you have chili powder and paprika on hand during the summer months be sure to store them in a cool dry place. Hot and unfavorable storage conditions have a tendeney to dry out the essential volative oils ordinarily present in these products. You can put them in a tightly covered container in the regrigerator if you want, but refrigeration isn't necessary as long as the storage place is dry and cool.

TALK OF THE TOWN

BY FRANCES BIOW

SEEN AND HEARD: MRS. OPHELIA BLACKARD describing to MRS. WAYNE BOREN the dancing steps her young daughter brought back from Camp Kickapoo. "We practice all the time at home," she said, and gave a very convincing kick. This led into a discussion of swimming for the youthful, too, and Mrs. Boren told of the days when she taught swimming. "Oh, yes," she recalled, "Roland and Fickas Bell were my first students!"

* * *

RAYMOND BUTLER, who is an earnest young man here working the oil fields for a few weeks, telling of the advantages of Camp Jack Little, the unique encampment on Lake Texoma, which admits the deaf and hard-of-hearing. Mr. Butler used a hearing aid. "Though it took me literally months to accustom myself to all that roar. My wife is totally deaf since childhood, and I believe no one could ever tell it. She speaks beautifully and reads lips expertly." Anyway, Mr. Butler hopes to interest any one knowing a deaf child to send him to the usual camp or just plain contribute so that some unknown deaf child may attend.

* * *

The big SNYDER DRUG sign fronting MR. and MRS. R. E. PATTERSON'S well-stocked emporium finally got up. Though, as Mr. Patterson, ever ready to see the funny side of a question, said, "They dropped it once, and dented a corner. Thank heaven it wasn't on anybody's toe!"

* * *

The trim white house, flanked by a well-pruned little yard at 1000 Twenty-eighth Street, was a hectic place yesterday. TEX and ELOISE HAMILTON live there, a home-loving couple, meals on time, etc. It seems Halliburton Co., for which he works, needed his services about 5 o'clock in the morning and didn't hesitate to call for them. He departed telling a sleepy wife to hold breakfast; he'd be right back; famous last words. Eloise fixed a thin slice of cinnamon toast twice during the forenoon, thinking she'd dutifully wait on Tex for a big feed of ham and eggs. Lunchtime eased past. She bummed a cup of coffee of the neighbors, wanting her own to be nice and fresh when he came in. She resorted to a ginger snap middle of the afternoon, one eye on the driveway. To demonstrate the beauty of a harmonious household, here is the conversation that ensued as he arrived, the crickets chirping and the sun setting. He: "Is breadfast ready, dear? Got held up a bit everytime I wanted to come home." She: "Just a minute. I'll make that coffee!"

Midland Boy Leads In Lubbock Tourney To Qualify In USGA Meet

LUBBOCK, July 12. (AP) — Graham Mackey, 17, of Midland, finished five strokes in front of his nearest rival to post a one under par third annual U.S.G.A. Junior Amateur Championship Tournament yesterday.

Tommy Hale of Phillips, finished second.

Other qualifiers yesterday for positions in the United States Golf Association Junior Tournament at Denver, Colo., July 19-22 were Raymond Leggett, Jr., Midland; John Ward, Midland; Arlyn Scott, Odessa; and E. G. Cockerell, Abilene.

Cockerell tied with Rex Baxter of Amarillo over 18 holes and won on the first hole of a playoff.

Maxwell Wins Medalist Honors In Junior Meet

SAN ANTONIO, July 12. (AP) — Match play was to get under way today in the 24th annual State Junior Golf Tournament at Brackenridge Park.

Bill Maxwell of Odessa, the only previous winner in the field, fired a three-under-par 68 yesterday to take medalist honors. Joe Conrad, last year's medalist, and Frank Wear, Jr., of Paris were one stroke behind to tie for runner-up honors.

Qualifying scores included:

Julian Oates (71), Waco, Sammy Reynolds (73), Wichita Falls, Dick Goerlich (71) Beaumont, Bert Weaver (72), Beaumont, Raymond Godeard (72), Waco, Ray Moore (71), Beaumont.

For picnic sandwiches mix about a third of a cup of pimiento cream cheese with a mashed hard-cooked egg; add a little prepared mustard and a tablespoon of finely diced green pepper.

Beaming Scouts Return To Snyder with Jamboree Tales

A 13-year-old boy's tour through the historic national capitol building with a representative of Congress for his guide was the high point of a trip to the National Jamboree for Johnny Randolph of 1308 Twenty-eighth Street)

Johnny and 17 fellow Scouts from Snyder and vicinity returned yesterday from a 17-day trip to the national encampment at Valley Forge, Pa., and side trips to New York City and Washington, D. C.

DAY IN WASHINGTON

Congressman George Mahon showed the boys through the national capitol and provided Johnny with his biggest thrill. The boys were in Washington for a day of sightseeing before going to the camp grounds.

Johnny also saw a great deal of New York City as they went to the Empire State Building, Radio City, the Statue of Liberty, and other points of interest. With scouts from 18 other countries at the camp, Johnny got a Hawaiian bandana as one of his big trades. He says that he is glad to get home as the mornings in the East are "cool and foggy."

Terry Joe Roper, Odell Moore, Hoyle Dean Strickland, Morris Wayne Williamson, Kent Fields, Jimmy Joe Key, Johnny Randolph, Danny Henley, Carl Burns, Hilton Horton, and Franklin Minton from Snyder along with Wendell Hess of Hermleigh and their leader, Phil Burns of Snyder attended the Jamboree.

One of the scouts on the trip, Terry Joe Roper, 13, of 2712 Avenue F, reports that the things he remembers most about the trip were hearing President Truman and General Eisenhower speak and then seeing the $5,000 display of fireworks at Valley Forge.

Terry Joe says that he liked Valley Forge best of all the places on the trip although New York rated a close second. While in New York City, Terry went to see the Yankees play the Senators in the "House that Ruth Built."

SPECIAL TRAIN

The 17 days that the boys were gone were crammed full of exciting trips, new friends, and good fun. The boys left on June 25 from Colorado City on the special train, The Lone Star Scout Special, through Fort Worth, Dallas, and on into Washington, D. C., where they did some sightseeing. From there they went to New York City and then into the campgrounds at famous Valley Forge. Their campsite was next to Washington's headquarters at the historical battlefield.

Kent Fields, 13, of 2608 Avenue G, had a birthday while at the Jamboree and he says that he took quite a beating from all the boys. Kent expressed what most of the boys felt when he said, "I'm sure glad to get home, couldn't wait to get back." He liked the East all right except he wouldn't want to live in New York City—his reason, too many buildings.

Kent liked the camping at Valley Forge and Niagara Falls the best, with the historical interest at the battleground making the camping even more fun. Kent met Scouts from Lithuania, Canada, Mexico, and China and traded camping badges and tricks with them. He said that he tried to trade a Scotch Scout out of his kilts, but they wouldn't trade for them as they are rationed in Scotland.

Hilton Horton, 13, of 2507 Avenue J, said that his view from the top of the Empire State Building was what he remembers most of the trip, although the trip under Niagara Falls was exciting. Hilton saw Scouts from all over the United Nations and met Scouts from Canada, Mexico, Germany, Switzerland, and Czechoslovakia.

He has a Canadian neckerchief slide that he traded for.

On the way home, the boys passed through Niagara Falls, Canada, and then back to Texas.

Big Spring, Odessa Move Forward On Water Supply Plan

BIG SPRING —(Spl)— Little time is being lost in drafting a tentative final form for a joint water supply proposition to Big Spring and Odessa by the Colorado River Municipal Water District.

As matters now stand, it appears the CRMWD will propose a development in two stages. The first, for short-range supplies, would hinge on retouring of pipelines through Martin county and there tapping a fairly recently discovered productive field of potable water.

The second would deal with the impounding of a lake on the upper Colorado River in southwestern Scurry about 25 miles northeast of here. However, part of the first step would be the purchase of land for a basin for the lake. On a tentative time-table, lake construction would be projected for 10 years hence, but if demand justified, the time would be shoved forward.

During the 10 year period, if that is the way it worked out, the district calculated it would lay in reserves which would make financing of the second stage more attractive and thus permit the additional bond load without having to increase rates.

When submitted, it expected that the district proposition would be financed by an "open end" revenue bond. That is to say, the initial issue would be open so that additional bonds could be issued with the same standing when the time came. The district's position would be that of supplier. Presumably, it would contract with member cities for minimum annual payments, plus minor lifting charges.

Man Charged With Assault Is Moved To State Hospital

BIG SPRING —(Spl) — Frank Cathey, charged with assault and attempt to commit murder in connection with a pistol attack on his wife here Monday morning, has been moved to the Big Spring State hospital.

Cathey was rushed to the Cowper hospital for emergency treatment after inflicting wounds upon himself with a razor blade and an ice pick.

No change was reported in the condition of his wife, Mallie, who was struck in the chest above the heart by a single bullet fired from a .380 pistol.

A.F.L. Carpenters Must Show Why They Called Work Halt

LOS ANGELES, July 12. (AP)—Sixteen officers of 12 Southern California A.F.L. Carpenters' Union locals must show cause on July 24 why they should not be held in contempt of court as a result of a work stoppage by 30,000 carpenters.

The carpenters failed to report for work Monday in spite of a temporary restraining order against a strike. It had been granted on the grounds that they are bound by a master contract for six basic construction trades.

U. S. Is Beginning To Take Planes, Ships Out of Mothballs

WASHINGTON, July 12. (AP)—The United States has begun drawing on its mothballed fleets of planes and ships for use in the Korean conflict.

The Navy has started taking the wraps off two escort carriers to be used for ferrying planes and other cargo. Plans are under study for bringing several other ships back into service for the same purpose, reporters were told last night.

In Tucson, Ariz., an Air Force officer said cocooned B-29 superfortresses are to be taken out of storage for modification.

The military sea transportation service announced it has chartered 16 cargo ships to get men and supplies to Korea. Officials also announced that airlines have been asked to make available all the four-engine transports they can without interrupting their schedules.

Carrier Leaves On Training Exercise

PEARL HARBOR, July 12. (AP)—The Carrier Philippine Sea left yesterday.

Navy public information officers declined to give the ship's destination, but indicated she was on a training exercise.

They said the Escort Carrier Sicily, which arrived Monday with warplanes for the Korea fighting front, was still in port.

Mahon Led Fight for 70-Group Air Force, Korea Aid

George Mahon of Colorado City, candidate for re-election as Representative in Congress from the 19th congressional district, was first elected in 1932 and has been representing the district in Congress ever since.

Three new congressional districts, the ninteenth, twentieth and twenty-first, were created after the 1930 census and Mahon has been the only Congressman to serve in the 19th district.

He was reared in Mitchell County, graduated from Loraine High School, and received degrees from Hardin-Simmons University, Abilene, and the University of Texas. He married Helen Stephenson of Loraine and they have one daughter, Daphne, now Mrs. Duncan Holt of Washington, D. C.

Mahon was elected county attorney of Mitchell County and served one year before being appointed district attorney of the 32nd judicial district. He was district attorney until his election to Congress in 1932 when he was 32 years old.

As a member of the House Appropriations Committee and chairman of the sub committee on military apropriations, Mahon led the fight a year ago for a 70-group Air Force. He was one of the only eight Texas Congressmen who favored aid to Korea when the aid program was before Congress in January.

Seeking re-election as representative in Congress from this district—George Mahon.

Mahon's opponent is A. M. Pipps, retired railroad man of Big Spring.

Labor Wants Representation On National Resource Board

WASHINGTON, July 12. (AP)—Labor unions leaders want a man from their ranks to be appointed vice-chairman of the National Security Resources Board (NSRB).

The $16,000-a-year job is open. It was created Sunday when one of President Truman's reorganization plans went into effect. The same plan gave to the NSRB Chairman, W. Stuart Symington, all the powers that formerly had belonged to the board collectively. These powers are to plan for defense mobilization on the home front and advise the President.

ONE VOICE

Leaders from the A.F.L., C.I.O., United Mine Workers, Railroad Unions, and machinists—in an unusual exhibition of harmony among themselves—met with Symington yesterday, spoke to him almost with one voice, and afterward issued a joint statement.

Today, at Symington's request, they are forming a nine-man committee to meet him again. Both Symington and the union men appeared to be pleased with their opening discussion on the topic of running a war-time economy.

The job of NSRB vice-chairman was not mentioned in the joint statement, although the document did call for "full and adequate" labor representation in every government agency involved in war mobilization—not just as advisers, but as full-time officials.

NEED LABOR

It was learned that some of the union men told Symington: "You need a labor man sitting right beside you on the board."

Their argument was that this would help the whole country, not just labor unions. They said it would help to insure full use of manpower and full cooperation of the workers.

Symington didn't commit himself.

Lie Pleads For End Of Korean Atrocities

LAKE SUCCESS, July 12. (AP)—UN Secy.-Gen. Trygve Lie, disturbed by reports of shootings of prisoners and other non-humanitarian acts in the Korean war, urged both North and South Korea today to avoid atrocities.

He appealed to both sides to observe the Geneva conventions against mistreatment of prisoners of war and for protection of civilians.

The UN official dispatched messages containing his appeal to both sides and sent a copy to his personal representative, Col. Alfred Katzen, for the information of the UN supreme commander in the field, Gen. Douglas MacArthur.

Lie acted after receiving press association reports here that at least 18 American prisoners of war had been bound and shot by North Koreans and that South Koreans in one incident had broken the backs of persons said to have been northern guerrillas in southern territory.

High-Jumping Father Knows What to Do

DETROIT, July 12. (AP) — Paul Laswell, 22, a garage mechanic, is a Navy veteran and he has three children.

So he leaped the fence fast yesterday when he saw Joseph Shay, 2, a neighbor boy, in trouble.

Joseph was choking on something he'd tried to swallow. A man from next door was holding him up by the heels in a vain effort to help.

Laswell seized the boy, applied artificial respiration, kept him breathing until firemen arrived with oxygen and a respirator.

A balogna rind caused the trouble. Joe's all right now.

Fire Destroys Old Cleveland Building

CLEVELAND, July 12. (AP)—Fire destroyed a 110-year-old building in the center of Cleveland's business district early today but firemen stopped the flames from spreading to adjacent structures.

The four-story structure was vacant except for the ground floor, which was occupied by the World News Shop, a cigar and magazine store. The fire, discovered at 2:20 o'clock, threatened to envelop a next door building, occupied by the Richman Bros. Clothing Store.

Age Is Biggest Factor in Draft

WASHINGTON, July 12. (AP) — There won't be any numbers drawn out of a fish bowl in the present draft. If you're of draft age, your birth date is the big factor in fixing the order in which you will be called to duty.

Draft boards throughout the nation were instructed yesterday to fill their quotas for a 20,000-man draft "as soon as possible and not later than Sept. 30." The orders went to 54 states and territories.

The quotas are relatively small and you may not be called. But suppose your local board has a quota of two men: you're between 19 and 26 years old and classified 1-A because of lack of dependents, physical condition and such. You'll get the first call if you are the man nearest 26 on the board's list. Your companion on the trip to the induction center will be the man next oldest.

Even a single day counts. For instance, a man born on July 15 goes before a man born on July 16 the same year. Officials haven't decided yet what to do in case of several men born on the same day.

After your 26th birthday you're out of the race under the present law.

Opera Can Be Rough Work

CINCINNATI, July 12. (AP) — Opera can be rough. Last night the struggle between Carmen and Don Jose got a little too real in the last act of the opera "Carmen."

Carmen's headdress clipped Don Jose on the nose. The brave brigadier, played by Ramon Vinay, finished, the act, however. Backstage, soon afterward, he was treated by a physician for the nose cut.

Opera Mgr. Robert L. Sidell said Vinay would be back again to play the role Friday. What's a cut on the nose to the king of the bandits?

One of the largest flat-topped mountains in the world is Mesa Verde in southwestern Colorado. Over 10,000 feet in elevation, this 53-acre area is so level it can be crossed anywhere by automobile.

Farmers Exceed Grain Quotas, Meat Production Can Expand

WASHINGTON, July 12. (AP)—Farmers appear to have confidence that city folks will be in the market for lots of meat in the year ahead.

An Agriculture Department crop report shows that they are going right ahead producing bumper supplies of grains needed for the production of meats, dairy and poultry products.

The corn crop may be 550,000,000 bushels, or 21 per cent larger than the 2,637,000,000 recommended by the department under an acreage allotment program aimed at cutting down current surpluses.

Producers cut their corn acreage only 4.2 to compare with the 12.9 per cent sought by the government.

The big corn crop would give farmers plenty of grain to expand, if needed, the already high level of livestock production. Department officials said it is "perhaps fortunate" that farmers exceeded the government goal, in light of the critical international situation.

Large reserves of grain at start of World War II enabled this country to provide its allies with food essential for eventual military success.

The department report showed that the midwestern commercial corn belt is running into greater and greater competition in the production of this feed grain. In the sorghum belt, where acreage allotments applied, the corn plantings dropped about 9 per cent. Outside this area, where allotments did not exist, the plantings increased.

Unusually high prices encouraged farmers to plant a large acreage of soybeans. This crop is under great demand as a source of this year could well set a record, food fats for export. Production the department said.

The potato crop again will exceed needs. The department forecast a crop of 390,000,000 bushels or about 65,000,000 more than requirements. The government will have to buy the extra production under a price support program.

Under the corn program, farmers were free to abide by or ignore their individual planting allotments. But only those complying will be eligible for government price support aid on corn.

No Changes Due Yet Under New Sanitorium Head

No immediate changes in state hospital management were expected Wednesday as Dr. Howard E. Smith of McKnight Sanitorium at Carlsbad, Tex., assumed executive directorship of the system.

Dr. Smith was named by the State Board for Hospitals and Special Schools Tuesday after resignations of three top executives were received and in connection with which it was said there was "lack of co-operative effort in the central office."

Those who severed their connections with the system were Moyne Kelly, $10,000-a-year executive director; W. C. Cason, business manager; and Dr. James Scarborough, clinical director. Those positions pay $7,200.

At McKnight Sanitorium Wednesday, Dr. Roger G. Smythe, head superintednent, said he had not talked with Dr. Smith on developments at the board meeting at Austin.

"I expect that Dr. Smith will be here today, probably late this afternoon," he told the San Angelo Standard Times Wednesday morning. "All this is news to me, and I don't know any more about it than the newspapers."

Any statement relative to future policies, staff changes and other such matters, Dr. Smythe said, will have to come from the director.

After Kelly submitted his written resignation, without explaining his reason, the state board voted to offer him the superintendency of the Kerrville Hospital for Cerebral Palsy.

That institution is to take the place of the present hospital there for treatment of insane tubercular women.

OTHER ACTION

The board also voted to relieve Cason and Scarborough of all duties except those to which Dr. Smith assigns them prior to August 1, on which date their resignations become effective.

J. R. Farmer Leads At Amarillo Meet

AMARILLO, July 12. (AP) — Match play was to open today in the 16th annual Tri-State Senior Golf Tournament at the Amarillo County Club.

J. R. Farmer of Big Spring and George Hale of Albuquerque shared medalist honors yesterday with two over par 72's.

Umpires Fined For Error In Longhorn Tilt

ABILENE, July 12. (AP) — Two Longhorn League umpires have been fined by League President Hal Sayles for allowing a "courtesy player" to appear in a Midland-Roswell game.

Umpire A. B. (Happy) Sykes, the umpire-in-chief, was fined $10, and Umpire George Thomas was docked $5.

Tom Jordan, Roswell manager, was allowed to leave last Friday night's game for medical attention and re-enter the contest several innings later. In the seventh inning, Jordan was banished from the game following an argument, and his earlier substitute, a "courtesy player," was not allowed to play. This brought about a protest.

Midland won the game, 5-4, but Roswell withdrew the protest the next day.

Sayles said the rules do not allow "courtesy players," and that the umpires were in error in allowing Jordan to return to the game.

Guglielmo Marconi got the inspiration that resulted in his development of wireless telegraphy while on a vacation in the Italian Alps in the summer of 1894.

Western lands irrigated by the U. S. Bureau of Reclamation produced more than a half-billion dollars' worth of crops a year from 1946 through 1949.

Midwest Floods Aggravated By Eight-Inch Downpour

OMAHA, July 12. (AP) — An eight-inch downpour brought new flooding to Nebraska today.

The state safety patrol said six feet of water surged over State Highway 89 southeast of McCook, Neb., near the Kansas state line.

The Burlington Railroad reported some of its track on a branch line in the same area washed out.

Considerable crop damage was reported as water fanned out as much as half a mile in the Beaver Creek bottoms near the little town of Danbury, Neb.

DANBURY WORST

The patrol said the eight-inch rain was concentrated near Danbury. The surrounding area was drenched with three to four inches of rain.

At Fullerton, the east-central Nebraska community near which five persons were drowned Sunday in a flash flood after rains ranging up to more than 13 inches, four inches of rain fell again last night, the safety patrol said.

But Fullerton Night Marshall Alvin Madura said there were no reports of more flooding in that area.

FLOOD CREST

A flood crest, born of runoff water from the week-end rains, roared down the Big Blue River toward the southeastern Nebraska city of Beatrice. Rising at the rate of about seven inches an hour last night, the Big Blue was expected to crest today at 25.5 feet, government observers said.

The river topped the 16 foot flood stage just before 8 o'clock (CST) yesterday afternoon.

Dallas Woman's Father Awarded First Korean DSC

TOKYO, July 12. (AP) — Gen MacArthur announced today that the first Distinguished Service Cross of the Korean war had been awarded posthumously to Col. Robert R. Martin of Toledo, Ohio.

Martin was killed July 8 while single-handedly attacking an enemy tank 15 yards away with a rocket launcher, the headquarters announcement said.

The medal, given only for "extraordinary heroism," will be presented to Martin's son, Robert, a cadet at the U. S. Military Academy at West Ponit.

(Col. Martin also was the father of Mrs. Tim Parker, wife of an editor in the Dallas Bureau of the Associated Press).

The citation read in part:

"Observing that enemy tanks and infantry in force were penetrating the forward position of his regiment in the vicinity of Chonan, Col. Martin, with total disregard forward to organize and personal of his own personal safety, rushed ly lead rocket launcher and gernade attacks against the tanks yards.

and infantry at ranges of 10 to20

"Despite heavy small arms and tank gunfire, Col. Martin by his heroic example so inspired his men that they destroyed several tanks and forced others to withdraw, thereby preventing the enemy from immediately overrunning the position. During the action, Col. Martin lost his life while single-handedly attacking an enemy tank with a rocket launcher at a range of approximately 15 yards."

Roy Parker of Pampa Voted Star of Month

DALLAS, July 12. (AP)—Roy Parker, Pampa pitcher, was voted star of the month in the West Texas-New Mexico League, League President Milton Price announced today.

Parker was named by sportswriters and sportscasters.

Parker has won 17 games while losing six through games of July 6. July 4 he pitched and won the first game of a double-header then received in the second inning of the second game, completing the game and credit for the loss. Parker participated in 55 games and hit .325. He clubbed 13 home runs, scored 43 runs and batted in 43.
