

33RD YEAR

RANGER, TEXAS, FRIDAY, APRIL 25, 1952

PRICE FIVE CENTS No. 268

SEEN OR HEARD

Looks like fishing weather coming up this week end. If the wind will cease to blow for a couple of days, and the sun shine, most of the local anglers should head for the shores of nearby lakes to pass away their time and replenish their freezers. We just pass away our time.

You notice we said nearby lakes. One of these days you can say our lake. The proposed lake should have the biggest fish in the country. They'll be ready to catch as soon as the lake fills.

The Leon is well known for its fish now, and with that much water for them to prosper in it will be even better known.

Ever think about boat racing? That will probably come with the lake. We like to see those characters try to drown themselves and run over the competition with their speed outfits.

We notice where the Easter Seal sales are lagging in Texas. You can't go wrong when you buy the Easter Seal. If you misplaced the one's you received dig them out and send in a check, it will be well used.

The Highway 80 Boosters meet tonight. Some of the local businesses on the highway have reported an increase in traffic since the newly re-organized association took over the reins.

If you don't think they are doing a good job, just go down tonight and see for yourself.

We'll have to drop by the city hall one of these days and find out whether the municipal swimming pool will be opened this year. Shortage of water will probably be the deciding factor on that.

Should we get rains that would fill our "lake" we are presently getting water from the pool would probably be opened for business.

We think the Country Club is selling permits to fish at the local lake again this year. Anyone interested can see H. H. Vaughn and he can give you the dope on getting one of the permits.

Spring training has ended for the Bulldogs. The coaches probably have a good idea of how the team will look next year.

The last we heard some of the players were planning on going fishing to celebrate "something." Guess they are ready for vacation time to roll around.

One consolation we have in Ranger is we can still wash our cars. Eastland banned that long ago. The only place in Eastland washing cars has their own water supply.

Take it easy on that trip this weekend. Don't try to rush through life all in one day, especially with a car.

Former National Guardsmen Sues State For \$5,000

AUSTIN, April 25 (UP)—A Harris County man, John Byron Colby, is suing the State of Texas for almost \$5,000. He charges that a four-mile march he made as a member of the Texas National Guard on June 23, 1950, resulted in an acute attack of polio. The suit has been filed in 53rd District Court in Austin by Colby's attorney, Robt. L. Stone. Colby, a captain in the 143rd Infantry, said the attack was brought about because of the "strenuous and unusual exertion performed by the captain under orders."

Townsend Found Guilty; Given Jail Sentence

R. D. Townsend was given a 6-months jail sentence in District Court today, on a charge of Negligent Homicide. The case was first tried some three months ago and resulted in a hung jury. Evidence showed that Townsend, driving a truck, near Cisco, struck and killed Harrell Dwain Bissbee, a young school boy.

Highway 80 Boosters To Meet Tonight

Highway 80 Boosters will meet tonight at 7:30 in the Chamber of Commerce office to work out a program for increase of traffic flow through this area.

Businesses deriving their income directly or indirectly from Highway 80 are urged to attend. Additional members to the local and national Highway 80 organizations are being sought.

L. A. Chapman, executive director of the Central Division of the U. S. Highway 80 Association, will meet with the group and tell of efforts of the Central Division and National Association in increasing traffic over highway 80. He will also tell of many benefits and services the association is in position to render locally in highway improvement, and other matters.

Owners of businesses located up-town are also urged to attend the meeting. A large part of their income is derived from those making their living from traffic over Highway 80.

"It will take united effort and support of every business in every town on the highway to put on a progressive and successful program," was a statement made.

The tourist traffic in Texas is one of its largest industries and every local business feels the results of increased tourist traffic over this highway.

Easter Seal Returns Are Very Slow

"Although Easter has come and gone it isn't too late to send a contribution to help crippled children," Martin M. Ricker, Executive Director of the Texas Society for Crippled Children, stated. The Texas Society sponsors the annual Easter Seal Campaign, mailing thousands of sheets of colorful seals to homes throughout the state.

"The returns to date have been a little slow in coming in but we are confident the public will support our program this year as they have for the past nineteen years", he said.

The Society, through its county affiliates, sponsors nineteen treatment centers where children afflicted with all types of crippling diseases may receive physical, occupational and speech therapy free of charge.

Contributions may be sent to "Crippled Children, care of your local post office."

Red Cross Asks Additional Aid

Flood sufferers in the Middle West are looking to the Red Cross for aid at this time. One would have to visit this flooded area to fully appreciate the suffering of people there. It may truthfully be said that it is a national catastrophe, and it will take years to build back that which has been lost.

The Annual Red Cross drive for Eastland county, has just been closed, but national officers are now making an emergency appeal with a hope that additional funds may be subscribed to aid these sufferers.

If you are able to do so, dig down into your pocket and make a second contribution. Make all checks payable to the American Red Cross and either mail or bring to the editor of the Eastland Telegram who is serving as chairman of the drive here.

Three Airlines Protest Order Banning Service

WASHINGTON, April 25 (UP)—Three United States air line companies have asked the U. S. Court of Appeals in Washington to set aside a recent order which stopped a new service planned by the carriers. The air lines are Eastern, Braniff and Trans World. And supporting their request were petitions from Miami, Tampa, Houston, Dallas, Amarillo, Los Angeles, San Francisco and Oakland.

The three lines had planned to start a new southern transcontinental air service that was scheduled to start April 14th. The order was issued April 19th at the request of National Air Lines. National pleaded it would suffer serious injury by the interchange agreement among Eastern, Braniff and TWA to operate one place coast-to-coast service.

LIONS ELECT NEW OFFICERS AT THURSDAY NOON MEETING

The Ranger Lions Club elected new officers for the new Lion year which will start July 1. A nominating committee of T. J. Anderson, Wilson Guest, and R. V. Galloway made the nominations and the proposed candidates were elected by acclamation by the members.

C. E. May was elected president, Dr. C. W. Harris, first vice-president, 2nd vice-president, Morris George, 3rd vice-president, Pete Brashier, Dr. John E. White was elected as Tail Twister, and John L. Smith was named Lion Tamer.

Joe Fraley and W. H. Clarke were elected new directors. Price Crawley and Dr. Marshall Jolly will remain in office, and Pat Thomas, retiring president, will become a director of the club automatically when the new officers are installed in July. The club also voted on the amount to be allowed the delegate from the club treasury for expenses to attend the Lions International Convention in Mexico City, June 22-25.

Allies Want Full Dress Truce Meet

By United Press
UN truce negotiators have asked the Reds for a full-dress meeting of top truce delegates tomorrow. The surprise request was announced shortly after the staff officer talks on prisoner exchange were recessed indefinitely at the request of the Allies.

The move came on the heels of a Communist charge that the Allies want to keep 100,000 of the 170,000 Red prisoners they hold. There's no indication of why the UN has asked for a top level meeting, or whether the Reds will agree to it.

Austin Residents Still See Pink

AUSTIN, April 25 (UP)—The unexplained "pinkish" objects were reported over Austin again last night, but some folks said today they were nothing but seagulls.

Sergeant E. V. Rossignoli said he observed the first batch of "pink somethings" Wednesday night. He said they were seagulls flying about 100 feet high and the color came from red neon light reflected off their bodies.

However, six persons last night reported two groups of pinks both traveling at extremely high speed. The objects were also reported in Fort Worth Wednesday night. But weather bureau officials said they saw nothing unusual in the sky.

Senator Proposes Probe Truman's News Security

WASHINGTON, April 25 (UP)—Sen. Blair Moody of Michigan says he will press for quick action on his proposal to investigate government security policies, and their effect on "the free flow of news."

He want Chairman John McClellan, Arkansas Democrat, to call a meeting of the Senate Governmental Operations Committee to consider undertaking the investigation. He says McClellan indicates he's favorable to the idea.

Moody, who is a member of the committee, said he's hopeful of getting quick action.

The former Washington correspondent introduced his resolution yesterday. It would provide for a small group of Washington reporters to function as an advisory council to the Senators conducting the investigation.

Moody said any probe should "certainly" cover President Truman's security order of last September. That authorized all government agencies, whether or not they were directly connected with national defense, to classify documents as "secret" or "confidential."

The Dallas chamber's resolution says a majority of food items are now in plentiful supply and are selling on an average under wholesale and retail ceilings set by the Office of price stabilization.

Dallas CC Would Take Control Off

DALLAS, April 25 (UP)—The Dallas Chamber of Commerce urges the lifting of price controls on all food and food products "which are not declared in short supply" by the U-S Department of Agriculture. Chamber of Commerce officials have sent copies of a resolution urging "all our Congressmen and the U-S Senators from Texas to do all in their power" to see that such controls are lifted.

The Dallas chamber's resolution says a majority of food items are now in plentiful supply and are selling on an average under wholesale and retail ceilings set by the Office of price stabilization.

UN Calls Full Scale Truce Meet Sunday

Effect Tall TV Towers On Air Travel Studied

WASHINGTON, April 25 (UP)—Television and aviation officials meet today to discuss air travel hazards that may occur when T-V towers spring up throughout the nation.

The meeting is scheduled in the offices of the Federal Communications Commission, which recently cancelled a freeze on new T-V stations.

The air safety problem is expected because some of the new stations will use ultra high frequency (UHF) channels for transmission. UHF is a short-range frequency requiring higher transmission towers within 15 miles of the community to be served.

The UHF towers would pose new air traffic control problems as well as raise new questions concerning legal control of the nation's air space. Up to now, the problems have been slight because there are few T-V stations and the very high frequency (VHF) band now used permits shorter towers.

Civil air regulations now require airplanes to fly at least 1000 feet above highest obstacles.

Aviation quarters think the T-V tower problem will be most acute in cities such as New York, Washington and Chicago, where airways approach from all directions.

Victim Has More Tales Than Cash In \$7,200 Loss

FT. WORTH, April 25 (UP)—A Comanche, Okla. oilfield supply dealer who has told Ft. Worth police a number of stories the past few days about a "kidnapping-robbery" has finally been straightened out.

Ozra Rather first turned up at the sheriff's office last Monday and told a tale of being robbed of \$7,200 dollars and being held captive five days by two men. But Wednesday, he changed his story about the money was stolen from his car during the five days he spent with two men in a beer drinking and dining spree.

Yesterday morning however, he was back with the original story about being robbed and kidnapped. But later in the day, he admitted, again that the kidnapping story wasn't true. He told deputies the money was taken from the glove compartment of his car while he and two men met in Ft. Worth were drinking. Rather said \$3,000 dollars of the \$7,200 he collected in Ft. Worth on a business deal was involved in a partnership with a Dallas man.

Missouri River Crest Moves Toward Lexington

The record crest of the Missouri River is rolling down toward Lexington, Missouri, this morning. But experts believe it will not have any more effect on the dikes there than it had on the levees of Kansas City, which it battered during the night.

ALL OVER—Assistant Deputy Warden Vernon Fox, left, shakes hands with Earl Ward, commander of rebellious convicts at Southern Prison, Jackson, Mich., after truce was signed ending hostilities between prison guards and rioting inmates. Looking on are convicts Tony Mazonne, left, and Russell Jarboe. (NEA Telephoto).

Both Parties Plan County Conventions

County Democratic Precinct Conventions will be held at the various 26 voting boxes in Eastland county on Saturday, May 3, at 2 o'clock in the afternoon. At these meetings delegates will be chosen to go to the County Convention, which meets in the County Courtroom in Eastland at 2 o'clock, on Tuesday, May 6th.

Here delegates will be chosen to the Democratic State Convention. Precincts are to have one delegate for each 25 votes cast in the last gubernatorial election. The county may elect one state delegate for each 500 votes or major fraction thereof, cast in the last general election for governor.

Republicans will hold their county convention on Saturday, May 3rd, at the Eastland Chamber of Commerce offices.

The mooted question this year seems to fall back on party pledges and instructed delegates. As the matter now stands it is unlikely if "party pledges" will be required, and the Texas Democratic delegation will in all probability go to the National Convention unimpaired.

Gulf Coast Area Faces Oil Strike

By United Press
The Texas Gulf coastal area may still be tied up by an impending oil strike although negotiations are continuing uninterrupted. J. Elro Brown, district representative of the Oilworkers International, said there is no indication that a settlement will be reached before the Wednesday deadline. He said neither side has made concessions in the long dispute. The workers are holding out for a 25c hourly wage increase and the companies are sticking to their original offer of between nine and 10c.

Negotiations are going on at the Sinclair Plant in Houston, the Pure Oil Refinery in Port Neches and the Gulf and Atlantic Refineries in Port Arthur. And tomorrow, meetings are set up for the Magnolia Plant in Beaumont. The strike, if called, will idle some 25,000 oilworkers in the Texas Gulf Coast area.

No Details On Thirty Killed On U. S. Cruiser

By United Press
There aren't many details on the explosion aboard the United States heavy cruiser Saint Paul which killed 30 men today.

The Navy said the explosion occurred while the ship was firing on Communist targets in Korea, but was not caused by enemy action. It was the heaviest casualty suffered by any United States ship in the Korean war.

Allies Gave No Reason For The Surprise Call

Something is up in the deadlocked Korean Truce talks.

The U-N has called for a full-scale meeting of top armistice negotiators of both sides on Sunday. The request was made to the Communists a few hours after the latest round of discussions ended at Paezunjom, without progress.

So far, there is no reply from the Reds.

The allies gave no reason for asking for the meeting of top brass. However, it appears that they may be preparing for a strong effort to get the Reds to agree on an armistice.

The three issues blocking the signing of a true are the exchange of prisoners-of-war, the Communist nomination of Russia as an Armistice supervisor, and the Communist demand for airfield construction during a truce.

Today Communist negotiators broke the strict censorship that has kept the prisoner talks secret. And later the U-N revealed that the Communists still refuse to give in to demands for voluntary repatriation of prisoners.

Of the 132,000 Red prisoners in Allied hands, U-N spokesmen say only 70,000 want to return to their homes behind the Iron Curtain.

The Reds charge the Allies are deliberately refusing to return some 100,000 prisoners held in U-N camps.

SENATOR COMMENTS
Senator William Knowland says the United Nations would be making a grave mistake to allow Chinese Communists to build "democratic" air fields in North Korea. The California Republican says there have been reports that the United Nations is prepared to do some yielding to Communist demands for the right to build airfields south of the Yalu River in Korea.

Government Will Survey Flooded Area Housing

WASHINGTON, April 25 (UP)—The government has ordered a survey of housing problems confronting homeless flood victims in the Missouri and Mississippi River valleys.

Raymond Foley, Housing and Home Finance administrator, said homeless flood families seem to be cared for presently. He said the survey will determine long-range needs for replacement or rehabilitation of flood-damaged housing.

So far President Truman has allocated \$1,600,000 from his disaster fund for flood relief in the Missouri and Mississippi River valleys.

At the same time, the chief of the Army Engineers said the disastrous river flood could have been prevented if two dams had been completed.

Lt.-Gen. Lewis Pick says the dams at Garrison, N.D., and Fort Randall, S.D., are part of the Pick-Sloan Flood Control Plan and could have been finished by now if funds had been made available.

Search Enlarged For Missing Vernon Brothers

SEYMOUR, April 25 (UP)—The search for two missing Vernon, Texas brothers is continuing over the huge Lake Kemp area near Seymour. The brothers, 19-year-old Bill Shipman and 16-year-old Jimmy Shipman, disappeared on an outing on the lake Wednesday. They are the sons of Doctor and Mrs. Joe Shipman of Vernon.

The boys had gone to Lake Kemp on the Waggoner State Ranch about 12 miles from Seymour to try out their new boat. They were last seen turning into an inlet on the lake about 11 a.m. Wednesday. Their empty boat, which normally carries only one person but which was occupied by both brothers and stowed with a quantity of gear, drifted ashore later Wednesday.

Your Problems are our Business—

... or somebody's business depending on the nature of the problem. Most problems are not a disgrace nor a reflection on one's character, but a natural consequence of activity and growth. For example, if one owns or deals in real estate he is sure to have title problems sooner or later. While the abstract may or may not solve all title problems, within our knowledge it has saved our customers thousands of dollars and it's value cannot be estimated in dollars and cents.

FLASHBACK

Sometimes it's a fleeting moment, sometimes weeks, months and years in the headlines—

Then they drop from sight—For instance, whatever became of former Pennsylvania Governor George Earle, III?

Earle served as governor of Pennsylvania from 1925 through 1939. President Roosevelt appointed him Minister to Bulgaria. In February, 1941, before the United States entered the war, Earle said an orchestra leader in a Sofia cafe \$10 to play "Tipperary." A Nazi major objected, threw a bottle and started a fight in which Earle was injured. Where is Earle now?

Earle now lives in Coral Gables, Fla., where he settled last November. He says he intends to spend the rest of his life fishing in the sunshine unless someone can get him into a fight for a "good cause."

Acquaint 'Em With This New Lamb Roast

Introduce a new meat cut to your family every week. This plan is great for breaking mealtime monotony. And, often, it proves to be a thrifty move, too.

Have you served stuffed lamb shoulder? For this cut ask your market man to bone a square cut lamb shoulder, then sew around the outer edge, leaving one side open for stuffing, points out meat expert Rely Stagg. This gives you a flat, cushion-like roast. The stuffings are many and varied. Mint is always a lamb favorite so add chopped mint leaves to your regular bread stuffing. An apple-raisin stuffing is another that's proudly served with lamb. Other choices include rice and mushrooms, sausage, celery, or just plain bread stuffing.

With the meat stuffed, you'll want to skewer or sew the opening together, then it's ready to cook. This stuffed roast is prepared the same as any other roast. Place it on a rack (with the fat side up) in an open roasting pan. Do not add water and do not cover the pan. Cook in a slow oven (300 degrees) for 50 to 55 minutes per pound.

Ex-Child Star Operates Phone Switchboard Now

By United Press

A former child star has grown up to become a switchboard operator in a Hollywood lawyer's office. But the phone calls she plugs in are helping her make a comeback in pictures.

She's Marcia Mab Jones, whom movie-goers remember as a co-star with Shirley Temple and Deanna Durbin when they also were children.

Now Miss Jones is a receptionist in the office of Greg Bautzer, well-known attorney for the movie colony. The new role, which Marcia used to consider a comedown, actually is boosting her back into show business.

She explains, "Producers and directors who are clients walk in and want to know what I'm doing here, then they promise me parts in their pictures."

Marcia Mae, now 26, was a reigning child star for 15 years. She married a merchant mariner, Robert Chie, and when their marriage ended she went back to work to support her children.

She says, "I didn't know how to operate a switchboard. I bluffed my way into the job. I'll keep it too, it's secure and steady."

Swine Center Is To Be Dedicated

COLLEGE STATION, April—(Spt.)—The new \$144,000 swine center at Texas A. and M. College will be formally dedicated May 5, during the annual meeting of the Texas Swine Breeders' Association. The dedication will be at 2 p.m.

Dr. J. C. Miller, head of A. and M.'s Animal Husbandry Department, will preside at the ceremonies. Talks will be made by Gibb Gilchrist, chancellor of the A. and M. System; Dr. R. D. Lewis, director of the Texas Agricultural Experiment Station; C. N. Shephardson, dean of A. and M.'s School of Agriculture; Director G. G. Gibson of the Texas Agricultural Extension Service; T. H. Harrell, manager of the Traders Oil Mill, Fort Worth; John H. Adam, president of the Texas Swine Breeders' Association.

Fred Hale, professor of animal husbandry, is in charge of swine investigations. "We expect more than 150 to attend the dedication and the meeting of the Swine Breeders' Association," Hale said today.

The swine center is a U-shaped building and has classrooms, graduate quarters, laboratory, feed, storage and equipment rooms. Ample facilities and equipment have been provided for classroom projects and judging.

Stowaway Regrets Entering Wrong Office 4 Years Ago

NEW ORLEANS, April 25 UP

—Jerome Vimbaca landed in New Orleans four years ago as a successful stowaway from Italy. Everything went fine, except Vimbaca needed a social security card. Vimbaca walked into an office and signed up. Now four years and a wife and child later, Vimbaca regrets his move. The office he walked into was a draft board. He's been arrested by the F.B.I. as a draft dodger and held in default of 1500 dollars.

KANSAS CITY, Mo., April 24 (UP)—The record Missouri River flood crest of 31 1/2 feet is expected to hit the 47-foot levee system at Kansas City, Missouri, tonight. 600 inhabitants will be safe.

River experts say the city's 600, upstream from Kansas City, the Sherman Air Force Base at Fort Leavenworth, Kansas, is covered by water following a break in the dikes last night. Damage to the 3 1/2 million dollar air field is estimated at over one-million dollars.

Wednesday the Cowboys move to Fair Park Stadium for the first of a two-game series with Sheppard Air Force Base. The game for the game Thursday, with the Wichita Falls team, will be Blue Sox Stadium. Both games start at 2:30.

Friday the Cowboys go to Mineral Wells to play Camp Walters, and Saturday the Pokes meet St. Mary's in Blue Sox Stadium at 2:30.

Household Hint

Quick action is the secret to complete removal of most spots on the rug. Mop up with a clear, absorbent cloth, and sponge with clear water, being careful not to get the carpet too wet. Blot up the excess moisture. Carbon tetrachloride is a handy remover for gum, candle grease and other oily substances.

Auks and murre lay but a single egg; juncos, two; robins, three to five; grouse, eight to 15. The number is probably an adaptation to the dangers to which the eggs and young are subjected.

Pains, distress of "those days" stopped or amazingly relieved

in 3 out of 4 cases in doctors' tests!

Here's wonderful news for women and girls who — each month — suffer the tortures of "bad days" of functionally-caused menstrual cramps and pain — headaches, backaches, and those "no-good," dragged-out feelings.

It's news about a medicine famous for relieving such suffering!

Here is the exciting news. Lydia E. Pinkham's Vegetable Compound — gave complete or striking relief of such distress in an average of 3 out of 4 of the cases in doctors' tests!

Scientifically Modern Action

Yes! Lydia Pinkham's Compound has been proved to be scientifically modern in action!

This news will not surprise the thousands of women and girls who take Lydia Pinkham's regularly and know the relief it can bring.

And it should encourage you (if you're not taking Lydia Pinkham's) to see if your experience doesn't match theirs... to see if you, too, don't avoid

the nervousness and tension, weakness, irritability — and pain — so often associated with "those days"!

Remember Lydia Pinkham's, too — if you're suffering the "hot flashes" and other functionally-caused distress of "change of life."

Get Lydia Pinkham's Compound or new, improved Tablets with added iron (trial size only 50¢). Start taking Lydia Pinkham's today!

Gives Two Menu Ideas For May Entertainment

The month of May often brings with it more entertaining than usual. There's the bride-elect you want to fete, the graduate or it's the last club meeting of the year. Whichever is the case, tasty, gay and attractive refreshments are in order.

For these occasions a luncheon planned around a sandwich-loaf is ideal. To make this attractive serving cut the crusts from a loaf of bread, then cut the loaf into 3 or 4 lengthwise layers. Butter the inner sides of the slices and spread the first layer with deviled ham mixed with mayonnaise, on the second arrange thin slices of tomato; the third spread with a combination of pimiento cheese, crisp bacon bits and chopped ripe olives. These layers may be varied. Ground ham, tongue, liverwurst and many other meats are excellent. When you have the layers put together, frost the top and sides with cream cheese, moistened with cream or whole milk.

Wrap the loaf with a moist tea towel and chill well until you are ready to serve. Then garnish with pimiento, stuffed olives, parsley or water cress. For serving fun, slice the loaf at the table (with a sharp knife) and serve on individual plates. Your refreshments will be completed with coffee and dessert.

entree meat salads. Reba Staggs, home economist, suggests a Fruited Ham Salad that is as refreshing as its name. To prepare, cover seedless raisins with orange juice and stand 20 to 30 minutes. Then mix with diced cooked smoked ham, diced celery, orange sections, diced unpelleted apple and green pepper. Moisten with mayonnaise, and serve in crisp lettuce cups. Join with potato chips, hot rolls, chocolate refrigerator cake and coffee.
