CISD Approves Budget, Sets Tax

Thursday night, the Colorado City Independent School District Board of Trustees met in a special session to appoint a superintendent, a new principal and to approve the 1978-79 school budget.

Lloyd McKee, superintendent of schools, announced that the board had met earlier in an open session and had unanimously approved the appointment of Charlie L. Useton as superintendent.

McKee announced that the board decided Useton's contract would be for two years and that he would receive \$30,500 annually, plus \$100 per month travel expenses. He will also have the use of an automobile as long as the leasing plan is in effect. Some 65 applications were received by the board for the job of superintendent, said McKee.

Approving the appointment of Bobby "Red" Lemons as principal at Kelley Elementary School was carried out by the board Thursday night.

Lemons salary was set at \$18,520. Applications from 28 individuals were screened by the board for the position of principal.

Seymore Is New Owner Of Lodge

Effective Aug. 1, Claxton Lodge will become Kristi Lee Manor, Inc. New owner of the lodge is Veary L. Seymore who has been in the nursing home business for some 20 years.

Mrs. Seymore's son, Clark Moody, will be administrator of Kristi Lee Manor and his wife, Marci, will also be associated with the lodge.

Mrs. Seymore noted that the lodge would not experience any "drastic changes" with the turn over of hands.

She noted that some redecorating was taking place and that the social programs would be increased, but that there would be no changes in the staff or the general operations.

Moody has been in the nursing home business since 1974 and is a licensed administrator. He formerly worked at Central Nursing Center in Abilene.

Mrs. Moody has a degree in social work from Abilene Christian University and has worked at Amy Lyn Manor in Abilene.

Kristi Lee Manor is a privately owned home.

Williams Resigns As Agent

Barbara Williams, Mitchell County extension agent, home economics, has submitted her resignation, effective Aug. 11.

Miss Williams, who served as county extension agent, home economics, since June, 1977, will be moving to Abilene. She has accepted a teaching position at Madison Junior High School where she will teach vocational homemaking.

Prior to coming to Colorado City, Miss Williams was a teacher for two years in Amarillo.

Aug. 1, both Useton and Lemons will officially begin work in Colorado City, noted McKee.

Approval of the proposed \$2,640,624.22 budget of the 1978-79 school year was next on the agenda. McKee explained various items in the budget, noting that last year's budget was \$2,375,236.43.

Stating that the increase in this year's budget was about \$250,000, McKee explained that the hike was "mainly because of new construction, increased salaries and higher utility rates—that would cover 95 per cent of the budget increase."

The remaining five per cent increase comes from

Council To Consider Zoning

Tuesday at 7 p.m., the City Council of Colorado City will meet in a regular session to consider submitting application for airport funds to the Texas Aeronautics Commission.

According to James Campbell, city manager, he expects the council to request about \$50,000 from the Texas Aeronautics Commission.

"We can ask for as much as \$75,000," said Campbell. The state will supply half of the money for the airport funds and the other half will be supplied locally, Campbell explained.

In other business, the council will discuss a zone change from a two family residential lot to a local retail for the north 50 feet of the south 100 feet of Lot 1, Block 86 of original town at 543 Cedar Street.

The zoning committee will meet tomorrow (Monday) to discuss the zone change and those results will be reported at the Tuesday night council meeting.

Also slated on the council agenda is a discussion concerning the possible revision of the Colorado City charter.

The meeting will be held at City Hall.

Chamber Meeting Tuesday

Money will be the main concern of the Chamber of Commerce Tuesday when the board of directors meets in their monthly session.

The meeting will begin at 7 p.m. at the Chamber office, located in the Civic Center.

Industrial development funding will be one item discussed and Larry Winters, Chamber manager, will offer an explanation for the proposed project.

Also slated on the agenda is a request that funds be set aside for next year's rodeo, which has been set for July 4-7 at the Western Riding Club Arena. In addition, the Chamber will consider allocating funds to renovate the arena in preparation for the rodeo.

Funding for the Railroad Days Arts and Crafts Round-Up will also be considered by the Chamber.

In final business, accounting for this year's rodeo and Annual Chamber of Commerce July 4th Fly-In will be reviewed.

some expenditures by the board, including new band uniforms, a music teacher for Hutchinson Elementary School, air conditioning for the cafeterias at Hutchinson and Kelley Elementary Schools, construction of agricultural barns and renovation of Wolf Stadium. Included in the budget is \$1,108,000 allocated for instructional purposes, which includes teacher salaries, materials and supplies. McKee said that about 82 per cent of that was for salaries.

Following the approval of the budget, J. S. Craddock, tax assessor-collector, informed the board that the tax rate would be \$1.73 per \$100 property valuation. Last year, the tax rate was \$1.76.

By unanimous approval, the board accepted the 1978-79 school budget and the tax rate.

In other business, after some discussion, the board decided to table the adoption of a hardship transfer policy proposed by the Texas Education Agency. The policy states that the superintendents of the two schools involved in the transfer will decide whether the case can be deemed as hardship.

S. L. Morris, board vice president, announced that Ford Motor Company had contributed a Ford tractor frame and motor to be used by Colorado High vocational agriculture and auto mechanics students for training purposes.

Morris said that the board had applied for the tractor—which is complete except for sheet metal and wheels—about two years ago and had received no word until Thursday when Merchant's Freight Line called Morris and said that

a tractor had arrived for the school.

Estimating the value of the tractor to be about \$8,000, Morris said, "It should be quite a learning tool."

In final business, the board presented to McKee a plaque in honor of his 10 years service to the school system as assistant superintendent and superintendent. McKee has accepted a position as deputy superintendent of schools of the Ector County Independent School District in Odessa.

The plaque which Tom Rees, board president, presented to McKee was engraved with, "As superintendent, you are numero uno."

Wrestling Hits Town

Tuesday at 8:30 p.m., wrestling will return to Colorado City.

Sponsored by the Mitchell County Kindercare Center, the matches will be held at the Lone Wolf Co-oporium.

Advance ringside tickets are now on sale at the Kindercare Center. Phone number is 728-5060.

A double main event will be featured, the first one being Dory Funk Jr. going up against Mr. Pogo, who is managed by Sir Oliver Humperdink.

Funk is the former World Champion and held the title for five years, which is longer than any other champion in history.

Mr. Pogo is a karate and judo expert and should offer Funk strong competition.

The second main event will be for the Western States Championship.

Ricky Romero will be putting his title on the line against Roger Kirby. These two were featured the last time wrestling hit Colorado City.

Kirby was named champion at that last match and Romero failed to take the title away from him. However, three weeks ago at another match, Romero won the belt from Kirby and Tuesday night, Kirby will attempt to take it back.

A tagteam will be fea-

tured in the third event. Teddy DiBiase and Noah Jones will be going against Doug Somers and Dennis Stamp.

The Kindercare Center is sponsoring the wrestling match as a community project to raise enough matching funds to receive a grant from the government.

Ringside seats for the match will be \$3.50, general admission is \$3 and children will be admitted for \$2.

Worship The Church Of Your Choice This Sunday

Our world diminishes from natural beauty to ugly clutter. A painful contrast that raises the question "Why?" In fact, why poverty in a land of plenty? Why loneliness in a world that would join hands? Why war when the impulse of the heart is to love? The aching chasm between the real and the ideal everywhere provokes the question...

WHY?

In a world looking for answers maybe God is the place to start. God is hope. God is now.

A New Look At Slalom

By Janie Farda

Part IV

The Slalom event is a race on a prescribed course. Speed is the primary requisite for any Slalom skier but equally important for each contestant is rhythm, timing, and sharp turns. The most important step requiring the greatest skill is acceleration out of the turn. The pull is the key to good slalom, not the turn. The turn is merely an instrument to the pull designed to place the skier in proper position.

Keeping in mind the concept of the Slalom event as a race, I want to explain the general aspect of slalom skiing. Slalom has now become the title for a water skier on one ski. For this purpose I will extend this article to those in that category.

In skiing slalom the most important factor is the design of your slalom ski. A ski with just the right accelerating and braking characteristics is the most important factor in Slalom water skiing. The Jobe Honeycomb, OBrian Competitor, Connelly Hook, or EP are all excellent Slalom water skis.

Learn to ride the ski well. Use a double handle rope to break up slack. A single handle is excellent when you have mastered your slack. Learn to jump the wake both ways with 5-10 feet to spare.

For cutting the wake outward, pressure is put on back of ski. For cutting to the inside place pressure on the front part of ski.

To work on form, ride behind the boat keeping both legs as straight as possible. Back leg should be slightly bent. Body is held straight but leaning backward just slightly.

Ski gloves are not a necessity but are very helpful in extending your endurance beyond your normal range.

Wearing a ski jacket is preferable to wearing a ski belt because a jacket can help break a bad fall. A jacket protects the torso of the body whereas a ski belt cannot.

Conscientious training and muscular development are important to utilize full potential in slalom water skiing.

Next week - Part V #9 ABC's of Trick Skiing.

Mental Health Association Benefits From Drive

Mrs. Nina Esquivel raised \$123.80 in the May drive benefiting the Mental Health Association in Texas.

Bellringer workers collected house-to-house during May, Mental Health Month.

Proceeds benefit the non-profit, non-governmental agency whose members are dedicated to

fighting mental illness while working on behalf of the mentally ill and their families.

"The Mental Health Association exists entirely on donations, such as those raised in the May drive," said Shirley K. Camfield, state president.

Funds raised in the campaign will be used to

purchase and distribute free literature to the public on mental health topics, as well as to support the other programs of the association.

Camfield thanked Mrs. Esquivel and the Bellringer workers in Loraine, calling them an important team in the movement to promote mental health in the state.

ACTS 20:35

JEST FOR LAUGHS

by PAUL FUNG JR.

Along about the year 1500 or so, an irreverent legend has it, a young girl in Milan asked a famous artist she knew to paint her portrait. The artist told her he was far too busy and told her, "Why not ask that fellow across the street, Mona? his name is Da Vinci and he needs the business."

"Better hurry over here, Mom. Junior just ate the raisins off that sticky brown paper."

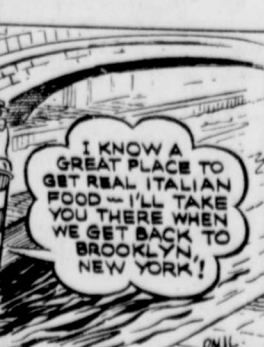

A driving instructor to a confused student: "Lady, those steel objects you complain are keeping you from concentrating are the accelerator, the brake and the steering wheel."

Door to door salesman to a housewife: "Let me show you a little item your neighbors said you couldn't afford..."

Mother, tucking her youngster into bed: "Honey, if you want anything at all during the night, just call Mommy — and she'll send Daddy in."

A motion picture company was on location for outdoor shots for a western film. The director had to reshoot one scene eight times because of extraneous noises as jets flying overhead and barking canines. A passing lady motorist stopped to watch, and interrupted the director to ask, "Why do you persist in filming the same scene so many times?" The director answered patiently, "Madam, have you ever stopped to consider how many theaters there are in this country?" The woman drove away — satisfied.

Muscular Dystrophy Tourney Set

Thursday and Friday, the First Annual Muscular Dystrophy Baseball Tournament will be held in Colorado City.

Originally, the tournament was set for last Thursday and Friday, but because the church league tournament was being played at that time, it was decided to postpone the Muscular Dystrophy tournament until this week.

At 6:30 p.m. Thursday, the first game will be played and the second game will begin at 8 p.m. Friday, the play off game will be held at 6:30 p.m. Midget Farm League baseball teams will be playing in the tournament, which will be held at Lone Wolf Field. Originally, Texas Junior Teenage teams were scheduled to play in the tournament at Lone Wolf Field, but because one of the teams was not available to play, the farm league teams will be featured.

No admission will be charged to the games, but donations will be accepted, according to Ruth Burnett, chairperson for the Mitchell County Muscular Dystrophy drive.

Profits from the tournament will be donated to the Jerry Lewis Muscular Dystrophy Telethon to be held Sept. 2-4, Labor Day weekend.

Profits from the concession stand at the tournament will be contributed to muscular dystrophy.

Two sisters preceded her in death.

League softball annual tournament, it appeared that Baptist Mission held the upper hand as they were the only undefeated team through the first five nights of competition.

The Mission team has been hot at bat and defense has been flawless as they wiped out team after team, including the top two teams in regular season play.

Last year's champions, the Methodists, were eliminated Friday night by the surprise team of the tournament, Loraine Baptist A.

Loraine Baptist A finished 11th out of 14 teams in regular season competi-

tion. However, late in the week of the tourney, they purchased baseball pants to complete their uniform. From the results of the games, it seems it changed more than their appearance.

Here is the results of games since mid-week:

--Wednesday, First Baptist B eliminated St. Ann's A from competition 19-8 with Jeff Trulock winning pitcher; Methodist with Mike Easterwood pitching won over Oak St. Baptist 9-2. Loraine Baptist B with Donnie Phillips pitching, won over Calvary B 18-3.

--Thursday, First Baptist A with Larry Dearen pitching won over Loraine

Catholic A, 11-7; Loraine Baptist A with James Clifton pitching won over Calvary A 12-11; Church of Christ downed St. Ann's B 10-5 with Raymond Watlington winning pitcher; Baptist Mission behind pitching of Sammy Contreras downed Loraine Catholic B 14-2 and in the final game of the night First Baptist B was eliminated by the Methodists 11-7 with Easterwood pitching.

--Friday, First Baptist A was eliminated 9-8 by Loraine Baptist B with Phillips pitching; Baptist Mission with Contreras pitching gave Church of Christ their first loss 7-6; then Loraine Baptist A won

back to back games with Clifton pitching, the first one 7-6 over Loraine Baptist B and in the nightcap over the Methodists 13-9.

The only teams that remained in competition after Friday night's contest were Loraine Baptist A, Loraine Catholic B, Church of Christ and Baptist Mission.

United Girls Softball Association League all star teams from Colorado City made a strong showing in the tournament held in Merkel.

Division I all stars became runners up in the tournament Friday night when they were defeated

by Sweetwater, 24-5. If the Colorado City team would have snatched the win Friday, they would have played Sweetwater again for the championship.

Taxpayers' Meeting Set

Tuesday, local tax payers will have a chance to find some answers to questions about state taxes.

B. J. Bonham, enforcement officer from Abilene, will be in Colorado City to assist taxpayers.

Bonham will be available to answer questions from 1-3 p.m. at the Mitchell County Courthouse.

Thursday, the Division I Colorado City team beat Hawley 15-13 with Connie Ward as winning pitcher.

In Division II all star action, the Colorado City team opened tournament play by buzzing by Sweetwater, 16-14 Thursday night. Mickie Palmer was winning pitcher.

Friday night, the Division II girls chalked up a second win and a strong chance for the tournament title when they beat Hawley 14-4. RJ Erwin was winning pitcher and also scored a homerun in the fifth inning of play.

Division II all stars competed in the final tournament game Saturday night

to determine the champion. Results of that game will be printed in the Thursday edition of the Record.

Tish Heal, Ron Witten Wed At Wynne Chapel Saturday

Miss Tish Heal and Ron Witten exchanged double ring wedding vows Saturday, July 22 at 11 a.m. in the Wynne Chapel of the Highland Park Presbyterian Church. Officiating ministers were Dr. L. M. Kennedy and Dr. W. M. Elliott.

Parents of the newlyweds are Mr. and Mrs. John C. Heal of 2938 Stanford, Dallas, and Mr. and Mrs. George O. Witten of 831 E. 15th St., Colorado City.

The bride, presented in marriage by her father, was lovely in a formal length gown, an original creation fashioned of imported Swiss eyelet embroidery. The nostalgic

gown, designed with a fitted bodice, featured a deep off-shoulder portrait neckline enhanced with a deep flounce of the eyelet and was edged in natural scallops.

A satin band of ribbon encircled the waistline and ended at the center back with loops and long streamers. The skirt was fashioned in layers of the eyelet embroidery giving a tiered design to the full skirt. Each tier of the skirt was edged in the natural scallops and extended to form a slight sweep to the back.

She wore a large picture hat fashioned of Swiss braid and covered in matching Swiss eyelet. The

crown of the hat was encircled with the same satin ribbon and was entwined with silk illusion which extended to the waistline and the satin ribbon fell to the floor.

Her honor attendants were Margaret Heal, maid of honor, Elizabeth Hendricks, matron of honor, both sisters of the bride; and bridesmaids, Lynne Morgan, sister of the groom, Andrea Fox and Judy Gathwright.

They were attired in formal length gowns fashioned of Swiss voile in a soft aqua tone and accented with white French lace. The gowns were designed with a fitted bodice and featured a low rounded neckline framed in a soft gathered collar and accented with rows of the dainty French lace. A matching band of the fabric spanned the waistline from which fell a softly gathered tiered skirt. A banding of the French lace encircled each tier of the gathered skirt.

Best man was Oliver R. Mattingly. Groomsmen were John C. Heal, Jr., brother of the bride, Melvin Morgan, brother-in-law of the groom, Don Safford and Tom Erickson.

Seating the wedding guests was James Hendricks, brother-in-law of the bride.

Wedding music included "Sabbath Prayer" from Fiddler on the Roof and "The Lord's Prayer," performed by soloist, Jack Lange.

A brunch reception was held at Elan, 5111 Greenville Ave., hosted by Mr. and Mrs. John C. Heal. Guests were registered by Barbara Miller. Other members of the house-party included Jan Reed and Deb Meade.

Following a Caribbean Cruise with ports of call in Nassau, San Juan, and St. Thomas, the couple will make their home at 6610 Eastridge, Dallas.

The groom received his BBA degree in Marketing at Texas Tech University and is president of M/PF Research, Inc., a real estate market research firm. The bride received her BBA degree in Finance at Stephen F. Austin University and is a special agent with Lincoln National Life Insurance Co.

Post Office Offers Advice In Mailing Film, Pictures

Camera buffs are urged to properly prepare film being sent through the mail for processing to help preserve those precious summer photographic memories.

Each year, according to Postmaster A. M. Morris, thousands of film packages end up in dead letter offices throughout the country because of careless wrapping and addressing, often resulting in a missing pictorial record of vacation trips.

The following tips will help ensure safer handling of film while in the mail stream.

Place film cartridges in sturdy envelopes. When possible use the envelopes usually supplied by film processing companies.

Make sure that the processor's mailing address as well as a return address

are written legibly on the outside envelope. Use Zip Codes.

As an extra precaution, tape your name and address to the film roll or cartridge before inserting

it in the envelope. Your name and address should be written also on the back of any photographs being sent in for re-touching, copying or other purposes. Postmaster Morris said.

Super Summer '78

PAPIER-MACHEING a car was one of the activities enjoyed by children participating in the "Super Summer '78" session now being held at the Wallace Center. In left photo, a youngster carefully lays a piece of paper on the car, adding his creative touch. Above, the artists gather around the car, examining it for possible improvements. The car was donated by Vic's Garage. Children from kindergarten to sixth grade still have an opportunity to participate in the summer program offered each weekday from 8 a.m. to noon at the Wallace Center. There is no charge for the program, which will conclude Friday.

Name Can Be Burden

A person's name can be a burden.

Just ask Dan Boone, a Texas Parks & Wildlife Department biologist from Port Arthur.

He's not related to the early American vintage explorer, but when he recently assisted with a telephone survey he was subjected to plenty of skeptical remarks.

Boone said the typical conversation went thusly: "Hello, I'm Dan Boone with the Parks and Wildlife Department, and I'm making a trapper's survey and..."

"Sure you are, fella" says the voice at the other end.

Society Hosts 'Show And Tell'

Wednesday afternoon, the Mitchell County Historical Society met for a session of "show and tell."

Stepping back into the past, each of the members of the society was requested to bring an artifact of historical significance to share with the group.

Mitchell County Historical Commission Chairman Bobbie Steakley began the program by exhibiting a sausage stuffer, made in about 1905.

Mrs. Steakley explained that the sausage stuffer was owned by her grandfather.

Next, Mrs. Steakley showed the group an antique tooth extractor which she said was from the late 1800's. She said that the large metal hook was used to pull teeth, oftentimes leaving the roots intact.

Charlie Williams appeared before the group next, showing a ledger book that had belonged to his mother and father. He noted that the book dated back to about 1909 and that a bottle of snuff cost 10c then.

"Now it's a \$1.29," quipped Roger Wells.

Williams also showed the group a comb made from second growth hickory which his uncle gave to him in 1928. He explained that the comb was used to take burrs out of horses manes and tails.

Tom Goss presented two items to the group—a double barreled shotgun and a picture.

Although Goss did not know the age of the gun, he said it had belonged to his grandfather. He said that the shotgun was an "Eclipse Beauty" and that the barrels were made of Damascus steel.

The picture Goss showed was of a group of men at the ceremony held when the first paved highway joined the east and west coasts for Mitchell County.

"They had conquered Iatan Flats," said Goss. Estimating the picture to be about 50 years old, Goss noted that his father, Tom Goss, was in the photograph, as well as H. L. Hutchinson, a former Colorado City mayor and Dr. P. C. Coleman, a former resident.

When Glenn Coon took the floor, he showed the commission a license registration that belonged to his wife's father.

Dated July, 1911, the car was the 38th one to be registered in the county for the year and cost of the registration was 50c.

Elizabeth Elliott exhibited an old-fashioned ink well she found in the former Thomas home when she bought it. She said she did not know the age of the ink well or anything about its origin.

A collection of silver spoons is what Nina Crout brought to share with the group, showing one spoon which has a picture of the First United Methodist Church in Colorado City engraved in the bowl.

Mrs. Crout noted that she could not trace back

the date of when the spoon was made and requested that if anyone knew the time to contact her.

Mrs. Crout also showed the group a silver butter dish she inherited from her grandmother. She said that she planned to have the dish restored.

Hoyt Roberts showed the commission a school bell or a hospital bell that he found but did not know the origin of. He also exhibited a wooden jewelry box that played a tune. He said he had ordered the box from Sears and Roebuck in 1952. As the music played, a windmill would turn on the box.

Ruth Roberts brought her mother's scrapbook, which contained old newspaper articles, quilt patterns and other items. Mrs. Roberts also showed a Civil War badge she had inherited and a pewter pitcher.

In conclusion of the meeting of the historical commission, it was decided by the group to hold another "show and tell" session in the future because, as one member said, "I can think of lots of things I could have brought."

The next meeting of the Historical Commission will be Sept. 20 and the group will visit the Historical Heritage House.

Bollworm Egg Counts Increase

Bollworm egg counts have increased during the last few days, according to a report from David Kattes, county extension entomologist.

Worms hatching from the bollworm eggs are causing some damage, with some fields having up to 16 per cent damaged squares.

Kattes noted that cotton prior to bloom can tolerate high levels of infestation without significant yield loss, but pests should be monitored closely.

During the week of June 4-11, the number of boll weevils caught per trap per week peaked. This peak was followed by a sharp decline and subsequent leveling off with weekly averages being generally less than one weevil per trap per week.

Kattes said that the boll worms should peak this week and then decrease late in the week.

"They should stay low until Aug. 10, at which time we'll see another increase in egg population," explained Kattes.

Pest management program scouts have been in cotton fields throughout the county and have not found any signs of boll weevil infestations.

Flea hopper levels are very light throughout the county, according to Kattes. Less than one flea hopper per 50 plants is being found in most fields.

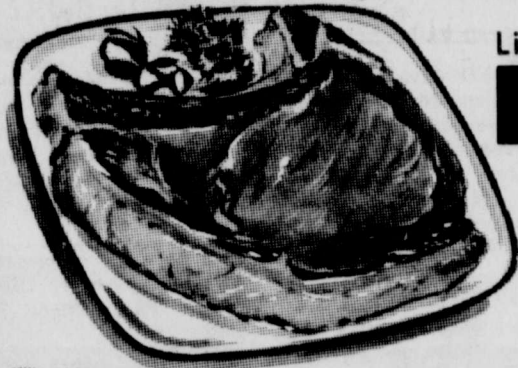

However, beet armyworms are being found in most fields with small cotton.
