Barnett's Bread

CONTAINS ELEMENTS
Vital to Health!

The reaction to the taste of Barnett's bread is the same in either children or grown-ups . . . it is good! But more important, perhaps, is the fact that Barnett's bread promotes health and vitality . . . it supplies certain definite body needs essential to perfect health. Bread is widely known as being one of the most nearly perfect foods . . . more than 96% is used by the human body.

This extremely high degree of assimilation is caused by an abundance of nutritive elements. Foremost among these are carbohydrates, the vitalizing energy element which is contained to the extent of 55% in every loaf of bread. Equally important is the abundance of proteins which are great muscle builders and aids in the repair of body tissues. In this way, bread supplies two of the most important nutritive elements . . . properly balanced in quantity to suit their respective functions.

Expose of Nazis Shows Espionage to Be More Than Fanciful Bogey

It was something of a rude awakening, but the United States has finally realized that espionage activities are not entirely fictitious fare dished out for the benefit of thrill-seeking readers and movie fans.

When a New York City special grand jury suddenly and dramatically announced indictment of 18 German agents, a large part of the American citizenry learned that their nation is pretty well mixed up in a web of foreign intrigue.

BACK of the moral indictment of Germany is a story that reads like an adventure novel, a tale which had its beginning in Dundee, Scotland, and came to a climax in America.

Last January British secret service agents who arrested Mrs. Jessie Wallace Jordan in her Dundee beauty salon discovered that she served as a relay between three suspected Nazi spies in the United States and the home land.

In February the passport bureau in New York received a mysterious telephone call. In the name of a phony undersecretary of state, the caller ordered some blanks delivered to his hotel. Officials sent a dummy package, trailed it, and arrested Guenther Rummich, deserter from the U. S. army.

Then a red-haired beauty operator on a German liner—Johanna Hoffman—was found with a letter offering \$1000 for information on U. S. aircraft carriers. At Mitchell Field, L. I., Erich Glaser, who had been watched for six months, was discovered carrying letters from Mrs. Jordan. The mass of information grew until 18 men and women, only four of whom remained on U. S. shores, were indicted.

The Nazi case has thrown a spotlight on spy activity. But according to Thomas M. Johnson, war correspondent and writer and authority on international espionage, it is only a pin-prick of light compared to a wider beam which could be focused on many other agents.

There are more foreign spies from more foreign countries in our land today, says Johnson, than ever before in peacetime history.

IN the main, says Johnson, spies from Fascist countries seek information about devices and inventions which foreign powers

Like the giant web, above, spy rings entangle the United States, with the spider role played by foreign agents. Left to right above are three members of the Nazi spy circle: Guenther Rummich, Otto Voss, and Erich Glaser, handcuffed together after the New York query. At right is Johanna Hoffman, beauty operator on a German liner, who was found with a letter of espionage.

are likely to use on one another. But a few powers have agents who are secretly preparing for a war with the United States by stealing plans vital to our defense.

The Panama Canal, link between two oceans, is a particular target. Japanese fishing boats come snooping about the locks and the sides of the channel are lined with Japanese "barber shops." The War Department was recently astonished to learn that Russia possessed secret plans of the Canal Zone.

Spies may be former officers or diplomats, trained in regular spy schools to live their double lives.

Or they may be American citizens, recruited from the ranks of antagonistic factions or lured by the jingle of foreign coin. The elaborate systems of communication which they have built up make them difficult to follow.

POLITICAL ANNOUNCEMENTS

The Ochiltree County Herald is authorized to announce the following candidates for office in Ochiltree County, Texas, subject to the action of the Democratic primary to be held, Saturday, July 23, 1938.

Equip New Building

CCC Educational Building Nears Completion and Equipment Is Being Installed

The building recently erected at the Perryton CCC camp for educational purposes has been divided into three class rooms 20x25, an assembly room 20x40, and an office for the educational advisor.

Desks and necessary classroom equipment are being installed this week, and one hundred steel chairs have been added to the assembly room which will seat the entire company.

Thomas O. Brooks, educational advisor, plans an extensive program. A complete set of new equipment

has just been received for the class in photography, and a dark room is being constructed.

Lt. Leonard Cronin, Lubbock, sub-district Chaplain, CCC, came in Tuesday evening for a few days at Company 2874, Perryton.

Mr. and Mrs. R. T. Bowen, Mr. and Mrs. Paul Bowen and son, and Miss Charlene Bowen and Miss Ethel Stafford of Wichita, Kans., were guests Sunday with Mr. and Mrs. H. C. Brillhart.

Mr. and Mrs. Donald McLarty came in Saturday from Albuquerque, N. M., and visited over the Fourth with his parents, Mr. and Mrs. W. McLarty and other relatives.

Rev. and Mrs. J. M. Sibley and children, Anita, Betty Sue and J. M. Jr., came in Tuesday from Tulsa, Okla., where Mr. Sibley is pastor of the Baptist church, for a few days visit in the Clyde Cofer home and with other Perryton friends.

Mrs. H. H. Balzer, Kenneth and Jane Balzer motored to Pritch Sunday for a visit in the W. M. Youngblood home. Mrs. Youngblood and children returned with them for a weeks visit.

Mrs. Gertrude Bird Holt left Tuesday for her home in Long Beach, Calif., after looking after harvest interests in Perryton several days. Dean McLarty farms her land west of Perryton.

RIDE IN SAFETY

On the New Streamlined
DAVIS DE LUXE

LONE TREE ITEMS

Mrs. Harold Holdeman

Miss Marguerite Ulmer became the bride of Roscoe Nelson last Sunday evening. The ceremony was performed at the Methodist parsonage. The bride wore a gown of blue with a lace waist and accented with a white skirt with white accessories. The couple were accompanied by Miss Otis Burton and Miss Baer. The four young people have been working at the Ralph Francis home during harvest.

Mr. and Mrs. Jacob Pletcher and Mrs. Maria Pletcher arrived home Wednesday from New Mexico where they have been visiting the past few weeks with relatives.

Mrs. Stallworth of Amarillo, cousin of J. H. Anderson, spent the week-end in the Anderson home.

Mr. and Mrs. Ed Goins visited in the Paul Pletcher home, Saturday evening.

Mr. and Mrs. W. C. Dixon of Greenwood, South Carolina, arrived Monday evening and will spend some time visiting with her parents, Mr. and Mrs. Andy Wagner.

Mrs. Wood Tallifarro and daughter, Woodrow, of Oklahoma City, spending a few days with her mother, Mrs. Maria Pletcher.

Roy Hubert Francis had his tonsils taken out last week and is doing nicely. He spent the week-end with his aunt, Mrs. Elton Walther.

Eileen Holdeman was a dinner guest of Ida Mae Kile, Sunday. In the afternoon Marcus Adair, Pauline Rogers, Eloise and Eileen Holdeman and Ida and Bob Kile went to the home of Mr. and Mrs. Frank Holdeman and visited; later they all attended church services at the Full Gospel church.

Mr. and Mrs. J. H. Anderson attended the rodeo at Canadian, Saturday afternoon.

Mr. and Mrs. Merle Demming of Joplin have moved to the Swegart place south of the Lone Tree school house.

Leta Wagner and Mrs. Allen Wagner visited Mr. and Mrs. Andy Wagner Sunday afternoon.

Mr. and Mrs. Byron Pletcher and family and Mr. and Mrs. Worley Adair visited with Mr. and Mrs. Alec Barton Sunday and also went to Canadian.

Mr. and Mrs. Jacob Swegart of Newton, Kansas, who formerly lived in this community are visiting with children here for a few days.

Sunday school attendance last Sunday was 56 with an offering of \$5.64. Jacob Swegart had charge of the morning service.

Mr. and Mrs. Ed Goins visited in the C. O. Peterson home Monday evening.

BLUE MOUND NEWS

Mrs. H. E. Pattison, Reporter

Mr. and Mrs. B. J. Walker and family, Mrs. Jay Morris and sons, Odell and Dwayne, of Baldwin Park, Calif., Miss Edith Pugh of Balco, Mr. and Mrs. Bob Morris of Huntington and Levi Stagner, who is working at Kiowa, Kansas, had Sunday dinner with Mr. and Mrs. L. V. Noe.

Mr. and Mrs. Charlie Knox and son, Connard, of Alva are here looking after harvest.

Mr. and Mrs. Claude Pruitt, Ardmore, Okla., and Mrs. P. H. Sebastian, Perryton, were Wednesday dinner guests of Mr. and Mrs. W. A. Long.

Miss Arlean Pattison spent a few days in the home of Mrs. Ernie Tregellas.

Mrs. Jay Morris and sons, Odell and Dwayne, of Baldwin Park, are visiting with her sisters, Mrs. B. J. Walker and Mrs. L. V. Noe.

Lewis Rorabaugh has extra work during harvest. He has had well trouble and had to doctor sick cattle.

W. H. Pattison and sister, Arlean, visited in the H. E. Pattison home, Sunday afternoon.

Mr. and Mrs. J. C. Hull, Huntsville, Ark., visited last week in the home of Mr. and Mrs. Horace Skeen.

Miss Arlean and Wayne Pattison called on Mrs. Skeen, Tuesday.

BOYD, OKLA. NEWS

Mrs. Claybrook, Reporter

Have had several windy days lately and crops need rain.

J. H. Pierce and Mrs. R. H. Peters and daughter, LaVeta, attended the district convention for Postmasters at Woodward, Wednesday.

Mrs. Maud Gift has been sick but is better now.

J. H. Perdue finished combining his wheat Friday noon and moved to Loyd Cowan's field.

Ed Claybrook, Mrs. Ella Carter, R. P. Duff and children were Thursday evening callers in the C. F. Gates home.

George Kruse and son Leon spent Friday evening with Ed Claybrook.

Roberta Trimmell visited with Rebecca Davenport, Friday.

Wanda Duff visited with Emma Claybrook, Thursday.

Miss LaVeta Peters was taken to the Beaver hospital, Saturday.

Miss Lovella Seaton made a business trip to Oklahoma City last week.

J. H. Pierce and his brother, John, were Dodge City, Kansas, visitors Sunday.

Frank Brooks visited over the week end with Mr. and Mrs. Eugene Trimmell and son, Bobby Judson, called on the Claude Trimmell family Sunday.

Boyd Farm Women's Club will meet with Mrs. Edna Perdue, Thursday.

Mrs. Vina Trimmell is beautifying the interior of her house.

Mr. and Mrs. L. L. Robinson and children of Liberal, Kansas, spent Sunday afternoon in the L. H. Hardy home. In the late evening ice-cream and cake were enjoyed.

Fifth Reunion of Boyhood Pals

"Lord Jeff", showing at the Ellis Theatre, Sunday and Monday, July 10-11, marks the fifth reunion of Hollywood's foremost boy stars, Freddie Bartholomew and Mickey Rooney. The pair previously scored together in "Captains Courageous," "The Devil is a Sissy" and "Little Lord Fauntleroy." Supplementing this drama, the British Merchant Marine will be the current release of "March of Time".

"Marco Polo" Coming

Cast of All Nations Appear in Cast Of Thousands for Super Spectacle, July 14-15

Cosmopolitan as a toothache are American motion pictures.

It make no difference where an actor is born; the cast sheet of any modern film brings together scores of nationalities.

"The Adventures of Marco Polo," the Samuel Goldwyn production in which Gary Cooper is starring at the Ellis Theatre, Thursday and Friday, July 14-15, opens in Venice, Italy, then wanders over half the eastern world. But Italy is one of the few countries not represented by principals of the cast.

Gary Cooper, who plays the Italian bravo, was, for example, born in Helena, Montana.

Sigrid Gurle, blonde Scandinavian who plays the Chinese Princess, Kuchin, first saw daylight in Oslo, Norway.

Basil Rathbone, the villainous Saracen prime minister, Ahmed, was born in South Africa.

Ernest Truex, who plays Marco Polo's stooge, hails from Kansas City, Missouri.

Binnie Barnes, who constitutes the feminine menace in Marco's life, was born in London, England.

Alan Hale, her warlike husband in the film, was born in Washington, D. C.

George Barbier, cast as Kublai Khan, names Philadelphia, Pennsylvania, as his birthplace.

Lotus Liu, exotic beauty who appears as Miss Gurle's hand-maiden, was born in Shanghai.

Robert Greig, who appears as Kublai Khan's chamberlain, is an Australian.

UNION NEWS

By School Reporter

Everyone in the community has been very busy with harvest the past week. At the present several have finished cutting with yields averaging from ten to twenty-five bushels per acre.

Sam Ballard had the misfortune to lose about 90 acres of wheat from a fire of unknown origin, Thursday afternoon.

Mr. and Mrs. Lee Williams and Ora Mays visited in the T. W. Gray home Sunday.

Mr. and Mrs. J. C. Hull of Huntsville, Arkansas, spent several days last week visiting with Mr. and Mrs. H. K. Skeen.

Miss Arlean Pattison is looking

after harvest interests in the community.

Mrs. Cody Harris visited with her sister, Mrs. Eadie Lyle, Saturday.

A gathering of the Kerns family was enjoyed in the home of Mr. and Mrs. J. G. Kerns, Sunday. Among those from a distance who attended were Mr. and Mrs. Arthur Christmas, Mr. and Mrs. Loyd Christmas and children of Chanute, Kansas. Mr. and Mrs. Ross Cook and family of Pollett and Mr. and Mrs. Floyd Kerns and family of Booker.

Miss Florence Bransgrove spent the week-end at home. They returned to Alva Monday.

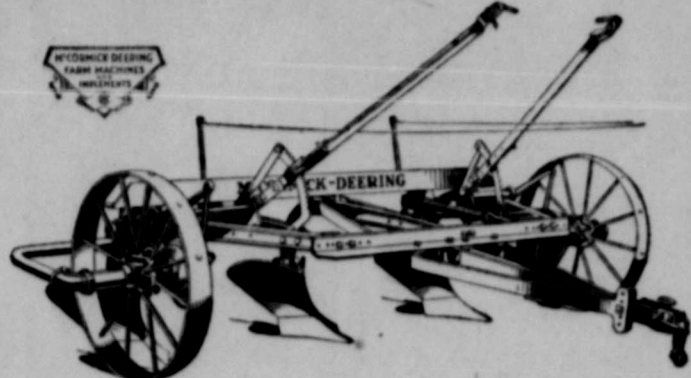

Miss Arlean Pattison and brother,

Wayne visited with Mrs. H. K. Skeen, Tuesday.

N. P. Bruce, who is with the Emergency Crop Loan stationed at Ashland, Kans., this month, visited from Saturday until Tuesday in the home of Mr. and Mrs. C. O. Roach. Mrs. Bruce, a sister of Mrs. Roach, and daughter, Beverly, who have been visiting here, accompanied him back to Kansas for a weeks stay.

Mr. and Mrs. J. O. Young and her sister, Louise Ruth, were Sunday visitors with Mr. Young's father, Robert Young, Wheeler county.

Listing Prevents Erosion

Ask Us to Show You a McCORMICK-DEERING LISTER for the Job

Of all the tools available for use in the prevention of erosion, outside of terracing machinery, the lister has proved the most effective. It leaves the soil in ridges and furrows—the ridges retard wind erosion and the furrows hold the rainfall.

Ask us for complete information. We have a wide variety of McCormick-Deering listers for preparing the land and for planting corn or cotton. The McCormick-Deering No. 84 Wheatland Lister is shown above. It can also be supplied as a corn lister or a cotton lister.

Farm Youth Group Shows Its Size

Forming a giant four-leaf clover—emblem of their organization—more than 1300 Kansas 4-H club members are shown here as they gathered at Lawrence for their annual state roundup. The meetings were held on the campus of the University of Kansas.

Vacation School Open

Sixty Pupils are Enrolled For The Daily Classes at Methodist Church; Opened July 5

The vacation summer school being conducted by the Methodist church is well underway with sixty pupils enrolled since its opening day, July 5, according to Reverend W. B. Vaughn, pastor of the church.

Mrs. W. B. Vaughn, superintendent of the children's division will be director during the two week schedule of the school. Children from 4 to 14 years of age are invited to attend the classes.

The school is being conducted each morning from 9 to 11 and will close Thursday, July 14, with a program in the evening for the parents.

Swim Ticket Receipts

Grossed \$777.25 During Month of May 30 to June 30; Only Slight Margin of Profit Shown

City officials announced this week that the gross receipts of the municipal swimming pool for the first month of operation during the current season totaled \$777.25. This amount included approximately \$300 received from season ticket sales added to amounts received from individual swim tickets sold from May 30 to June 30. A slight margin of profit was shown during the first month of the pool's operation.

J. W. Jines took the place of Jim Anderson as lifeguard effective last week. Anderson resigned to accept another position.

ASSISTING THE AGED

"At this time in Texas there are in round figures, 112,000 persons receiving old age assistance. In addition, 144,000 cases representing 594,000 persons in the state receiving aid in the form of surplus commodities distributed by the Texas Relief Commission, supplemented in some cases by cash grants from counties and cities, through the Works Progress Administration, the CCC program, and the National Youth Administration. Strictly speaking none of these activities, except the old age assistance and cash given for general relief by counties, can be classified as part of a State Public Welfare Program. The Texas Relief Commission is necessary as a qualifying and certifying agency in order for the state to participate in the distribution of commodities; all these other forms are strictly federal programs.

"Without considering whether there is a need for the state to carry on one more as it did in the depression of 1933 a general relief program for the family, we do not know that the state public welfare program in the matter of old age assistance is not complete," stated Claude O. Teer, chairman of Texas State Board of control, in an address made to the Texas conference of Social Welfare at Waco recently.

"The old age assistance plan is being financed at the present time by revenue raised from liquor and cigarette stamps and other minor sources amounting to about \$9,000,000, which is matched by the Federal government with an equal amount. This amount is inadequate to meet the needs of the recipients, and provide adequate additional southern states it unawares administrative personnel. While the Texas average budget is comparable to other southern states it is not within the upper brackets of the national average. Average Old Age Assistance budgets in Texas are \$13.70, while the national average is \$19.46," he further stated.

The national average itself is not to be commended. With administrative costs are limited to five percent of assistance granted. Would it not be fair to have a sorely needed increase of operating funds to raise these pensions to a living level? They are not pensions within them selves for service rendered but are for the mere necessities of life for the aged needy citizen who have no means of providing for themselves.

Mr. and Mrs. W. R. Jones, Chillicothe, were guests Sunday and Monday with Myrtle Mae Conley and Arch Talley.

Jan. E. Barbour, Albuquerque, N. M., came in Friday for a ten day stay.

RESOLUTIONS

Whereas, it has pleased our Supreme Master to call our worthy brother, Geo. W. Holden from labor here to rest in the Celestial Lodge on high, therefore be it

Resolved, That in the death of our Brother Holden we lose a worthy member, a just and upright Mason, and a good citizen. He was a charter member of our lodge and well qualified for admission into the Celestial Lodge above where our Supreme Grand Master presides.

We sympathize with the widow and children and his friends and neighbors who mourn his departure; but we can only remind them that he is not dead, he is only asleep; he cannot, and would not if he could return to us; we can, if we will, go to him. Let us so live and perform our duties here as to insure a joyful reunion with those who have gone before, and a happy life in the great hereafter.

Death Claims Another

Mrs. C. M. Bryan Passed Away at Her Home Early Tuesday Morning; Burial in Colorado

Emily Grace Samson was born near Paola, Kans., December 19, 1886, and departed this life at her home in Perryton July 5, at the age of 51 years, 6 months, and 16 days.

Her early life was spent in Arkansas and Colorado. She was married to C. M. Bryan on December 16, 1909 at Waurika, Okla. The Bryan family

came to Perryton in November 1933 to take charge of the Hotel Perryton and have since made this their home. Bright, happy and cheerful, Mrs. Bryan carried sunshine with her wherever she went.

Beside the devoted husband she leaves two daughters, Mrs. S. M. Edmundson and Miss Bette, both at home; a son-in-law, S. M. Edmundson, who is working in Mangum for the summer; and one brother, E. D. Samson, Wichita, Kans. All these accompanied the remains to Colorado Springs, Colo., where the last rites were held Wednesday afternoon at the Swan Chapel. Burial was made in the Evergreen Cemetery by the side of her mother, who passed away June 16.

ON YOUR CAR, TRUCK and TRACTOR TIRES

We know you can do it through our LIBERAL TRADE-IN ALLOWANCE ON YOUR OLD TIRES

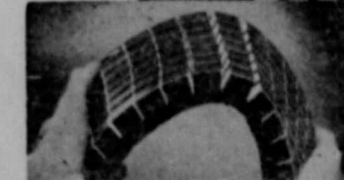

FEDERAL Safti-Ride

The Federal Safti-Ride is no fair weather friend. They will get you there safely whether it's over slippery pavement or on muddy roads—its super-traction powers are even more evident than on dry surfaces. Its tread is built to grip the road under the most adverse conditions. The hundreds of rubber cleats that form the tread are insulated with white gum to give them independent action. Every cleat grips the road surface with real strength and power. Safety and trouble-free driving is what the manufacturer of this tire gives you. Is it wise economy to be without these features when they cost you no more than the ordinary tire? Come in and see a cross-section of this tire showing the rigid construction and safety features.

THE New FEDERAL Safti-Ride

Safe Because They Have The TRACTION

Here the Safti-Ride tread has been cut through the white gum to illustrate the independent action of the cleats, the secret of super-traction.

GILLETTE TRACTOR TIRES

Farmers who are using these famous tractor tires praise them highly! Their heavy, round-knob-tread gives sufficient TRACTION IN FORWARD AND REVERSE and also prevents side-slip. It has been demonstrated in many cases in this territory that rubber equipped farm machinery does the job faster and more economical, paying for the investment through the savings. There's no need to be without them. And you'll agree with us when you find that our low price can't be passed up.

YOU'LL FIND ANOTHER WINNER IN OUR LEE TIRES

Here's another tire in which the vital feature is SAFETY. And you'll find its quality above par in comparison with other makes in the same class. Long mileage, safe riding, low upkeep, entire satisfaction—and backed by an unconditional guarantee against ALL road hazards.

Our stock of FEDERAL and LEE TIRES is complete—and our turnover is rapid enough to assure you of fresh, live tires, minimizing the hazards of blow-outs.

"At Your Door" Service In Perryton

We want to impress on you that regardless of where your car is—within the city—if you have a flat, phone 218 and our service car will be right there to change and repair your tire.

MARINE ENLISTMENTS OFFERS MANY ADVANTAGES

Opportunity is afforded young men of character and ambition to carve out a career in the United States Marine Corps, where there

is a need for trained men and the medium thru which to secure this training. Six branches of service are open to every private who enlists in the Marines. Musician, signal and radio, quartermaster, line, paymaster, aviation and mess.

Pay scales in these branches start at \$21.00 and graduate upward by branches to from \$126 to 157.50 per month.

U. S. Marine Corps Recruiting Office, 816-822 Allen Building, 1700 Commerce St., Dallas, Texas, invites inquiries regarding enlistment and full particulars will come in response to a first request.

Mr. and Mrs. Alfred Pittman and daughters, Maresa Sue and Marena Lou, visited Sunday in Hooker, Okla., in the home of his brothers, Charley and Ulen Pittman. The parents, Mr. and Mrs. W. M. Pittman, Mesa, Ariz., who were visiting in Hooker accompanied them home for an extended visit.

Miss Maude Deen, Slaton, and her nieces, Misses Mary Francis and Maude Lindsey of San Saba, came in last week for a visit in the home of Miss Deen's sister, Mrs. R. C. Johnson.

Office Supplies at Herald Office!

NOTICE

The Chamber of Commerce wants to warn the residents of Perryton and this community against the unreliable practices of the peddlers and "gyp" artists that are starting to do their work in this community. Perryton's established business houses are good sources of supply, and if they don't have just what you want, they can order it for you. Protect yourself against the invasion of these pests.

COUNTY AND H. D. AGENTS ATTENDING SHORT COURSE

Mrs. Hazel Martin, home demonstration agent, left Monday for college station to attend the 4H club girls' and boys' and adults' Short Course being held there July 6-7-8 and July 13-14-15, respectively. She will return to Perryton on July 16. County Agent E. W. Thomas will leave Thursday, July 7, for College Station where he plans to attend only the agent's conference. Thomas will address those present on "Farmers Cooperative Grain Marketing."

SOCIAL SECURITY BOARD POSTS WAGE ACCOUNTS

Amarillo, July 5—Wages of millions of men and women for whom the Social Security Board has established old-age insurance accounts were being posted during the last of May at an average rate of approximately 650,000 entries a day. Dewey Reed, manager of the Amarillo office of the Social Security Board, said today.

BEAUTIFY LOCAL CCC SITE

TREES, GRASS AND BUILDING IMPROVEMENT ADD TO APPEARANCE OF PERRYTON CCC CAMP

Planting of trees, shrubs, flowers and grass have greatly improved the appearance of the CCC Camp adjoining Perryton. Capt. G. W. Coffman Jr., officer in command of this company, states that approximately 430 trees and shrubs were planted this spring in the camp area. Practically all of these are thriving. The grounds are also being sodded to grass.

A large lily and fish pond has just been completed. This is located in the plot just east of the office building and will be a real beauty spot in a few weeks. A beautiful fountain centers the pool.

Adding to the general appearance of the camp is the coal bin, which conceals the large pile of coal necessary for camp use. Attractive awnings have been made and will be put at the windows of the office and infirmary buildings.

New walks are being constructed around the educational building. Other walks are being improved. Another car of gravel has just been unloaded for this purpose. This is the fourth car of gravel used at the camp in the past ten months.

All work in the beautification of the camp area is being done by the enrollees. Drive out to the camp and see these improvements.

Former Agent Marries

Miss Wertha Tarter became the bride of Mrs. H. H. Leonhardt of Vega at a lovely ceremony which took place Saturday evening, July 2, in the home of the bride's sister, Mrs. Dan Martin, Wichita, Falls.

The bride came to Perryton from Stratford about a year and half ago and during that time has efficiently performed the duties of county home

Wheat Burns Thurs.

Sam Ballard of Gray loses about 90 Acres of Grain When Field Burns; No Insurance Carried

Fire destroyed between 85 and 90 acres of wheat belonging to Sam Ballard of the Gray, Oklahoma community last Thursday, June 30.

The field was completely consumed but was put out before damage was done to adjoining fields. Cause of the fire was not deter-

WHEAT LOAN TO BE PRICE BASE

LOAN TO BE BETWEEN FIFTY-TWO AND SEVENTY-FIVE PER CENT OF PARITY PRICE OF WHEAT

Washington, July 6—Agricultural Adjustment Administration officials said today the forthcoming wheat loan would provide a base rate for various grades at central markets and a scale of lesser rates for grain stored distances from those markets.

George U. Parrell, AAA director for the wheat region, said it had not been finally decided whether freight charges would be the difference between the base loan rates and those on grain stored distances from the central markets.

"The chances are there will be a more simplified method of determining the differentials from the base rates," Parrell said. "This matter will be decided at a conference of AAA officials with Secretary Wallace—probably late this week."

The farm law authorizes a loan rate of between 52 per cent and 75 per cent of the parity price of wheat. On June 15 the parity price was \$1.14—Amarillo News.

mined, but it was thought that a piece of glass reflecting the sun's rays or a greasy rag lying in the field might have set the ripe grain ablaze. No insurance was carried on the destroyed wheat.

Patrolize Herald advertisers. They make possible the publication each week of your Home Demonstration activities.

Full Old Age Pensions

Borger, Tex. June 5—John H. White, candidate for Representative, 124th District stated to a group of old people today that Texas can pay the full \$30.00 a month old age pension to every person over 65 years without regard whether they have children or other assets, and in line with the people's mandate in the form of a Constitutional amendment which was adopted by a vote of almost 7 to 1.

White stated that the estimated cost of paying the pension to all over 65 years would cost the state approximately \$64,000,000 a year, half of which would be paid from federal funds, and that the present set up is costing \$16,000,000 a year half of which is paid by the state, and that in order to pay all over 65 the \$30 a month pension the state would need raise \$24,000,000 in addition to what it now provides. We are told this cannot be done. White stated that the cost of operating our state government in 1929 was approximately \$30,000,000, and that in 1938 the cost had risen to over \$130,000,000, an increase of \$100,000,000 in nine years, and that of this increase of \$100,000,000 a year in 1938 over 1929, \$3,000,000 of same, or 3% of the increase was for Old Age Assistance, while

the remaining 97% was for increasing costs of government, represented by higher salaries for officials, more departments and boards and a larger army of state employees, and that the figures quoted do not include

highway spending. White concludes that for every dollar voted for the benefit of the mass of the people that over \$2.00 is voted for the benefit of the politicians and their perpetuation in power.

Students of political affairs in Texas state that of the \$22,000,000 increase in government costs voted by the last legislature that at least \$12,000,000 could have been saved had some little measure of economy been

instituted, and that by pruning some departments, abolishing others, the full pensions can be paid without further tax demands on the people or at least of taxes exceeding the present level.

Let Us Get Your Car Ready For Your Vacation Trip

Don't start off on your vacation trip with a car that is not in perfect mechanical condition. Bring your car in to us and we will soon have it ready for a trip free of car worries. Car trouble can easily ruin a perfect vacation tour. Have your car lubricated with summer weight greases and oils. See that the tires are in condition. In fact your car worries will be over when our mechanics give your car the "ready-to-go" okay.

Line Up Your Wheels!

Not enough people realize the danger of wheels and axles being out of line and balance. This is dangerous. Your car is not under perfect control. It causes useless tire wear and makes a car hard to drive. To correct just such faults as this we have installed a WEAVER WHEEL ALIGNMENT machine, the very finest machine in this part of the Southwest. We can true up and balance wheels; line-up camber, caster and toe-in, and straighten axles. Avail yourself of this equipment and make your car safe for driving.

A Lubrication Job

Before you go on that trip, bring your car in for a thorough lubrication and grease job. Our mechanics are skilled and have the very best possible equipment.

Car Laundry

Have your car washed and polished today. We can make it look like new. Modern hot water pressure laundry system. We call for and deliver your car for washing and greasing.

Oil Change

Have you changed the oil in the crankcase lately. Be sure to start out on that trip with pure, fresh oil. Let us check your engine and transmission. It might save you lots of trouble later.

Shop Service

Our shop is completely equipped for every kind of motor work, be it a minor repair or a complete overhaul or rebuild job. There are no better mechanics than we have in our repair department.

Tires — Accessories

Do you need new tires? Get our prices today. How about new seat covers, a fan or many other useful and necessary accessories for the car?

WASHINGTON LETTER

Capital Insiders See Possible Spread of Buy-and-Give Program

BY SPECIAL CORRESPONDENT

WASHINGTON.—National attention was directed toward the Federal Surplus Commodities Corporation recently when WPA announced it was in the market for \$10,000,000 worth of men's and children's clothing, which would be distributed to persons on relief in much the same way as FSCC distributes food.

In the opinion of Sidney Hillman, president of the Amalgamated Clothing Workers of America, this purchase of clothing surpluses will give jobs to thousands.

Similarly, the FSCC program is aimed at checking disastrous price slumps which might be ruinous to farmers.

It isn't known how far the government's buy-and-give program will spread, but there is possibility of expansion on the pattern of FSCC, which has been steadily buying and distributing farmers' surpluses for some five years.

FSCC buys in where there is a local emergency because of a

surplus of perishables, and goes into the market to reduce national surpluses of butter, cheese, wheat, cotton. Ordinarily these purchases are made dependent on the willingness of farmers to co-operate in keeping future surpluses from getting out of hand.

Surpluses are bought on an F. O. B. basis and the corporation pays shipping charges from the seller to the state relief agency that will distribute.

This food is given only to persons on relief, and must be in addition to whatever assistance they have been getting, to avoid competition with local retailers of foodstuffs. In the fiscal year ending June 30, FSCC spent \$40,000,000 for commodities in which surpluses existed.

CRITICISM of the buy-and-give plan is that it may make producers careless about surpluses.

Speculation now is over whether any more industrial inventories will be bought up by government for relief distribution.

JUST HERE and THERE

Just heard the other day of the passing of W. L. McDuff, a former resident of Perryton. Paul Sherman, who now lives at Los Angeles, California, wrote us that "Mac" died in Illinois, on April 4. McDuff was manager of the Perryton Implement Co. for a number of years. While here he was very active in civic and community work and served a term as president of the Perryton Lions Club.

Wheat harvest is practically over in the Perryton area and the next five or six days will see everything out unless the weather prevents. Most of the uncut grain is in the south and west part of the county. Rains have run the test down. It is hard to get anything like an accurate average yield but we believe that it will run around twelve bushels to the acre.

The market remained at 55c today even though wheat went off almost a cent on the Board of Trade. Due to the low price, it is estimated that not more than ten per cent of the local wheat is being sold, the greater part going into storage either on farms or in terminal elevators.

Rev. S. R. McClung, pastor of the First Baptist Church, tells us that his church is starting a drive for funds to clear up the indebtedness of the church. This church body only owes \$2,472 and this includes all interest to date. This is a mighty fine statement and we're sure that this campaign will easily clear up this small amount. It speaks well for a congregation that can practically pay out a new church building during such years as we have had lately.

Mrs. Holly Baker and baby of Woodward, Okla., came in Sunday for a week's visit with her sister, Mrs. Clay Kuntz.

See the new 1938 Crosley Farm radios at the Crisp Jewelry Co. 49-1f-c

Monument Marks Historic Scene

Marking the place where Gen. Arthur St. Clair was inaugurated as territorial governor in 1788, establishing the first American civil government west of the original colonies, is the above monument at Marietta, O. The statue was designed by Gutzon Borglum and built by WPA. President Roosevelt accepted an invitation to dedicate the monument as a feature of the Northwest Territory Sesquicentennial.

Abe Green, who has been employed for several years with the Soil Conservation Service as a labor foreman at the Perryton camp has resigned to accept a position with the Ellis Grain Co. His place with the SCS has been filled by Harold H. Voth, Dalhart. Mr. Voth has been with the Amarillo camp.

W. T. Lackey was overcome with the heat while working on his farm south of town Wednesday morning. He was unconscious for several hours. His condition is now improved.

When you go someplace, have a party or have company, telephone the Herald office, No. 67.

USED FARM EQUIPMENT

We have a choice group of used ONE-WAYS and FIELD CULTIVATORS which may just "fill the bill" for you for the remainder of this year's work. They are in good shape and will more than pay their cost. Come around and see them.

Also we'd like to show you how farm revenue may be increased with our NEW equipment.

Desoto and Plymouth Cars and Pickups

Whether you want a passenger car, or pickup for commercial use, we have one in the new Desoto and Plymouth line to suit you.

International Sunday School Lesson

Caleb's Loyalty Inheritance

The International Uniform Sunday School Lesson for July 10.

Text: Joshua 14: 6-15.

IN the hearts of Caleb and Joshua burned an unwavering belief that the Israelites could conquer the Promised Land. Caleb's reward for his heroic conduct and true character was inheritance of a portion of the area which he labored for.

Men often serve in sacrifice, the evidence of their work not showing until after their death. We are happy to learn that Caleb saw the fruits of his efforts at the age of 85, when, as he says, he was as strong as the day that Moses sent him justified.

We can hardly believe that his physical strength was what it had been 45 years before—but it is easy to believe that his moral vision and his moral fiber had not weakened, and that the old man was realizing the heritage of a well-spent life which had been attained in everything to strength and courage and righteousness. The possession of Hebron, the fine part of the land allotted to Caleb, was not altogether a matter of ease. It meant the obligation to hold it and to defend it. In this, Caleb was evidently successful, for we have the record in the closing words of the lesson that "the land had rest from war."

The moral lessons of this ancient story for our own time are not difficult to appraise.

There is, of course, the question of the moral right of one people to conquer a land and to expel another people by force of might—a question that has not very seriously arisen until comparatively modern times. The story of history is, in the main, the story of conquest and settlement, with those who showed capacity for settlement as well as conquest triumphing in the end.

But apart from this deeper question of the right of conquest is the lesson that determined courage and faith with moral vigor can conquer any obstacle. The man who is truly righteous need not fear the giants of evil. Formidable enemies can be dispersed and conquered by moral will and heroism.

But there is the further lesson that the goals of life are not in triumph over enemies, but in the attainment and preservation of peace. It was the spirit in which the Israelites possessed the land that has made their place in history significant.

Joshua and Caleb are heroic types for today. The story of what they were and did is inspiring, and serves to action all to whom "promised lands" open up in characters to be attained and tasks to be achieved.

Organized Services of Nazarene

Reverend S. R. Brannon, pastor of the Nazarene church of Perryton, announces that the church services

S. R. BRANNON

have been organized in the following fields of endeavor: Sunday school,

FRANK HERNDON

9:45 a. m., J. O. Carter, superintendent; women's Missionary society,

Thursdays, 2:30 p. m., Mrs. Eula Herndon, president; mid-week prayer meeting, Wednesdays, 8:15 p. m.; young people's prayer meeting, Fridays, 8:15 p. m., Mrs. Mable Carpenter, president; Nazarene young people's society, Sunday, 7:30 p. m., Mrs. Edith Tucker, president.

The Sunday services for July 10, are under the supervision of Rev. Brannon; Frank Herndon, song leader; Mrs. Francis Ferguson, pianist. The program will be arranged as follows: special song by quartet; morning message at 11 a. m., S. R. Brannon, (text—I Cor. 12:27); evening evangelistic services at 8:15 (text—Isa. 53:5).

Reverend Brannon extends a cordial welcome to the public to attend the services at any time.

FIRST BAPTIST CHURCH

Rev. S. R. McClung, Pastor
Sunday School, 9:45 a. m.
Preaching Service, 11:00 a. m.
The Pastor will speak on the subject of the church. You will be interested in this message.
B. T. U., 7:30 p. m.
Prayer service Wednesday evening at 8:00.

FIRST CHRISTIAN CHURCH

Rev. R. L. Woodall, Minister
Bible School, 10:00 a. m.
Communion and Worship, 11:00 a. m.

ANNUAL SHORT COURSE OPENS

OCHILTREE COUNTY WILL REPRESENTED WITH DELEGATES ATTENDING FROM H. D. AND 4H CLUBS

Ochiltree county farmers and Home Demonstration women who attend the Short Course at Texas A. and M. College on July 13-14-15 will find rooms available in unlimited quantities, according to Mrs. Hazel Martin, county home demonstration agent.

Those who prefer to camp will find the camp grounds with the usual facilities, available. Reservations for both dormitories and camp grounds can be secured through county agricultural agents.

Rooms have already been assigned to home demonstration club members who will attend Short Course as delegates to the annual meeting of the Texas Home Demonstration Association.

This year the course is being held in two sections, one for boys and one for girls on July 6-7-8, and the other for adults a week later. A similar pattern will be followed by each, with a general assembly in the morning, sectional meeting on various subjects during the day and entertainment features at night.

Speakers this year have been drawn from the ranks of 4H club members, home demonstration women, farmers and ranchmen as well as state and national agricultural leaders.

Attending from the county are: Lawrence Good, Notia; Mrs. Robert Barlow, Twichell; Lena Mae Wilson, Beryl Dodson, bedroom project winners; and W. M. Deck.

Representing the home demonstration clubs in the county are: Mrs. C. O. Roach, Missouri Avenue Club; Mrs. Elanist Carter, McMillen club; Mrs. J. H. Stump, Waka club; Mrs. Jim Dodson, Ochiltree club.

CCC ENROLLEES ARRIVE TODAY

PERRYTON CAMP RECEIVES 96 MEN BRINGING COMPANY STRENGTH TO NEARLY TWO HUNDRED

Company 2874, Civilian Conservation Corps, Perryton, will receive 96 new enrollees today, bringing the company strength to 191 men. According to Capt. G. W. Coffman Jr., commanding officer, 47 of these men enrolled at the recruiting station, Wichita Falls, 36 at Denton, 12 at Memphis, and one from Potter County.

Enrollees from Denton and Wichita Falls arrived in Memphis by train early this morning. Capt. Coffman sent five trucks to Memphis for the enrollees from Denton, Wichita Falls and Memphis.

This enrollment will probably make the company strength the largest since the company's organization. The old school or educational building has been remodeled as an additional barrack to provide

We Have a Tire for Every Farm

Need—for Every Size Pocketbook!

GOODRICH

We have a tire for every farm need at prices you can afford to pay. There's no need to shop around, to take chances on "bargain-built" tires. We have a full line, every tire built and backed by Goodrich—America's oldest tire manufacturer. Stop in and let us quote on your tire needs.

For Passenger Cars

Real blow-out protection is provided by the Life-Saver Golden Ply—an exclusive feature of the Goodrich Silver-town Tire for passenger cars. By resisting the terrific blow-out-causing heat, generated inside tires, this Golden Ply prevents rubber and fabric from separating, protects you from high-speed blow-outs.

For Trucks

Now you can get a tire that actually checks 80% of all premature failures. It's the Triple Protected Silvertown. A new invention built into the sidewall protects against sidewall breaks and blow-outs. Cut down on road delays, save on repair bills, increase mileage with this new truck tire.

For Tractors

The Farm Service Silver-town for tractors has double-deep lug cleats—arranged just like the teeth on a gear wheel. The tread grips the soil, forms its own track as it goes. Gives you extra power, saves on fuel. And it's built of Sun-Resisting Rubber.

For Implements

Goodrich has a complete line of tires for implements, tires that cushion the load, save on power, allow you to work faster. Every one is built of Sun-Resisting Rubber for protection against the destructive forces of sun and weather.

For Trucks in Mud

No job is too tough for the Goodrich Super Traction Truck Tire. It takes first honors for farm trucks, for school buses, for road work. The massive lug-type tread pulls through mud, clay, gumbo, soft soil or snow. It's a brute for traction.

For Passenger Cars

Goodrich has perfected a new kind of tire that will get your passenger car through mud with the sure grip of a tractor. Every Goodrich Super Traction Silvertown is specially built with long-wearing, double-deep, unbroken cleats—a regular "caterpillar" action that pushes through on any road.

NEW LIFE-SAVER TREAD GIVES YOU QUICKEST STOPS YOU'VE EVER HAD

Its never-ending spiral bars act like a battery of windshield wipers, sweep the water right and left, making a DRY TRACK for the rubber to grip. Exclusive Golden Ply blow-out protection, too! No extra cost. See this new kind of tire today.

The new Goodrich SAFETY Silvertown

To Plant Sorghums

Oklahoma Farmers Planting Grain
And Forage Sorghums to Re-
gain Control of Land

Guymon, Ok., July 6 (Special)—Profiting from experience of recent years when their fields suffered heavy soil losses from blowing, most farmers of the wind erosion area of Oklahoma this year are planting grain and forage sorghums in an effort to regain control of their land. The Soil Conservation Service reports:

Since high winds are normal in this area from January to May, soil left without a protective vegetative cover during this period is subject to blowing. By terracing and contour tilling their land to conserve all the available moisture, Oklahoma farmers are finding they can produce a sorghum crop which not only furnishes feed for livestock, but when a good stubble is left on the field and protected from overgrazing, ties down the soil against blowing and restores crop residue and trash to the land.

Farmers whose land has been subject to wind erosion believe they have made a valuable improvement in tillage operations this year. By chiseling between the contour rows before the start of the "blow season," thereby mixing the stubble from the 1937 crop into the soil and also opening a furrow, good results have been obtained, they report.

Mixing the stubble with the soil and throwing up of a cloddy surface, has proved effective in checking movement of soil during periods of excessive blowing, farmers say. Also, the opening of a furrow has placed the land in condition to catch and hold moisture from early rains.

Once their land is stabilized against blowing, and there is sufficient moisture in the soil at planting time, farmers of the Oklahoma wind erosion area will be in a position to return to wheat production, the Soil Conservation Service says.

Infantile Paralysis

Disease More Frequent in Summer Months; Consult a Doctor At First Symptoms

Austin, Texas—"Infantile paralysis can be expected to occur more frequently during the next three or four months," predicts Dr. Geo. W. Cox, State Health Officer. "This disease is always more frequent during the hot months."

"The germ responsible for infantile paralysis is so small that it escapes detection even with the most powerful microscopes. The first symptoms are usually vomiting, headache, fever, stiffness of the neck, pain in the legs, irritability and drowsiness. Complete recovery may follow such an illness. In the more severe cases, the germ penetrates the nervous system, resulting in paralysis of nerves controlling one or more groups of muscles. Some remarkable recoveries have been noted."

"Flies or other insects have not been demonstrated to play a part in the spread of this disease. Infection spreads from person to person with the droplets transmitted by coughing and sneezing. Children and grown people that are healthy may be carriers of the germs. When present in epidemic form, about one child in each hundred is apt to suffer an attack."

"Early recognition and diagnosis are essential. The use of immune serum may be a factor in preventing paralysis. A period of complete rest is essential for muscles that are affected. If parents note any symptoms of illness in their children, the family doctor should be consulted at once."

C. B. Johnson, Guymon, Okla., was a business visitor in Perryton, Thursday.

Mr. and Mrs. D. R. Gaither and T. E. Boyd of Fort Worth visited in Goodwell, Okla., Sunday.

Mrs. J. E. Simmons and daughter, Miss Isabelle of Sulphur, Okla., are in Perryton visiting with relatives and friends and looking after farming business.

Mr. and Mrs. Henry Allen and children, Katharine and Dennie, Liberal, Kans., and Mr. and Mrs. Leon Allen, Guymon, Okla., were Sunday visitors in the Claud Allen home.

S. M. Edmundson, who works in Mangum, Okla., visited Sunday and Monday with Mrs. Edmundson at the Hotel Perryton.

Representative and Mrs. Max Boyer were Canadian visitors Friday and Saturday.

Mrs. E. J. Burns came in Monday from Austin and will spend a few weeks with her husband, Dr. J. E. Burns.

Mrs. Ora Stewart, Paducah, is a guest this week in the home of her nephew, Lois Stone.

Mrs. J. E. Washer came in Friday from Kansas City, Mo., to visit with her parents, Mr. and Mrs. Frank Dodson and other relatives.

L. T. Wright, Dallas, is in Perryton this week looking after business for the Lacy Paving Company.

Mrs. Vern Main, Spearman and Mrs. Ethel Harbinson, Amarillo, were guests with Mrs. W. L. Philyaw, Monday.

G. F. Lindsey, San Antonio, who owns land here, is looking after business matters.

CHURCHES

CHRISTIAN SCIENCE

"Sacrament" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist, on Sunday, July 10.

The Golden Text is: "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth" (1 Corinthians 5:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Create in me a clean heart, O God; and renew a right spirit within me" (Psalms 51:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual Life and its demonstration" (page 241).

CHURCH OF CHRIST

E. M. Borden Jr., Minister
Bible study at 10 a. m.
Preaching at 11 a. m.
Bible drill at 7:30 p. m.
Preaching at 8 p. m.
Ladies' Bible class at 3:30 p. m. Thursday.

Midweek Bible Study at 8:30 p. m. Thursday. Come and be with us.

LUTHERAN CHURCH

H. M. E. Daenzer, Pastor
2:15 p. m. English Services

The Sunday School hour will not be observed on Sunday afternoon. There will be only divine services.

With most of the harvest drawing to its close, a little larger audience at the services will be appreciated. You are cordially invited to come and attend our divine services.

Mrs. Frank Teague returned Sunday from a two weeks visit with her parents and other relatives in Hutchinson, Kans.

Joy and Sorrow as 'Big Top' Folded

Employees of Ringling Brothers-Barnum and Bailey Circus showed varying reactions when the "greatest show on earth" folded its tents in Scranton, Pa., and shipped back to winter headquarters after financial and labor difficulties. Striking workers in the picture above seemed joyous as Ralph Whitehead (white shirt), executive secretary of the American Federation of Actors, told them the news—but at least one clown apparently was none too pleased.

Miss Pauline Spencer, who works in Spearman, visited from Saturday right until Monday with her mother, Mrs. P. C. Spencer.

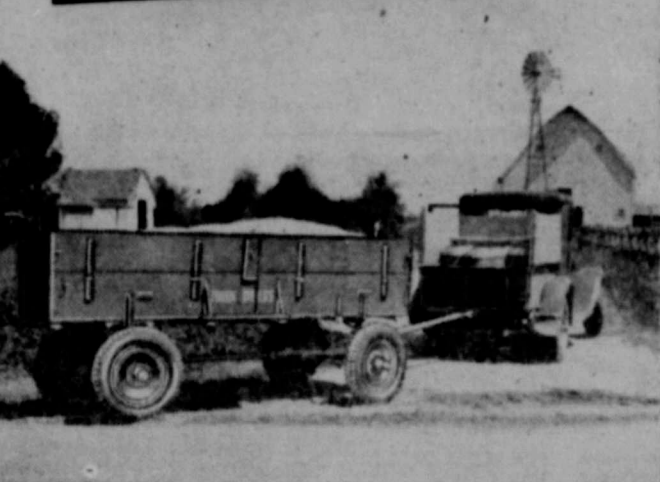

Mansel Coffee, who is with the U. S. Marines, came in Tuesday for a months visit with his parents, Mr. and Mrs. M. R. Coffee. He came from San Diego, Calif. with Mr. and Mrs. Harold McWilliams, who went on to Kansas to visit.

Mrs. Ethel Howlett Bradford had as her guests Tuesday Mrs. A. S. Burran, Edinburg, and Mrs. Burran's daughters, Mrs. Clovia Harris and son of Edinburg and Mrs. Le-four Daniels and daughter of Pittsburg, Kans.

K. H. McGibbon went to Amarillo Saturday and brought home Mrs. McGibbon and their new daughter, Kenna.

Clearance Sale on Trailers

You Can Go Places With JOHN DEERE

Fast-Moving Trailer Gear

Cut your hauling time and your hauling costs with a speedy, rubber-tired John Deere Trailer Gear. These quality-built, all-steel, roller-bearing gears will handle your biggest loads in your fields or on the highway and stand all-around use for years to come. First-line tires. Positive nonwhipping hitch. Telescoping reach. Demountable wheels. Grease-gun lubrication. Timken tapered-roller bearings. Replaceable bushings. Auto-steering for short turns. No. 902 Heavy-Duty carries from 2-1/2 to 4 tons. No. 951 takes 2-ton loads. Special equipment available for special needs.

We're Overstocked

In planning our stock for this season's harvest we had our sights raised too high on JOHN DEERE TRAILERS and WAGON BOXES, and as a result we are now overstocked. We must move them NOW, so we have made a considerable reduction in price.

Regular price on the trailer without the wagon box has been \$145.00.
It is now **\$125.00**

Regular price on the trailer with the wagon box has been \$185.00.
It is now **\$165.00**

Reconditioned Tractors

We have three fully reconditioned John Deere tractors that are really worth more than we are asking. One 1936 tractor with lugs, one 1934 tractor with lugs, and one 1933 tractor with rubber tires.

AMERICAN BOY MAGAZINE COMPANION TO THOUSANDS

Teachers, librarians, parents, leaders of boys, clubs and hundreds of thousands of boys, themselves, enthusiastically recommend THE AMERICAN BOY Magazine for all boys over twelve.

"It's more like a companion than a magazine," remarked the high school student. "It gives advice and entertainment on every subject in which a young fellow is interested. I made our school basketball team solely because of playing tips I read in THE AMERICAN BOY."

Trained writers and artists, famous coaches and athletes, explorers, scientists, and men successful in business and industry join with an experienced staff to produce, in THE AMERICAN BOY, just the sort of stories and articles boys like best.

THE AMERICAN BOY sells on all

newsstands at 15c a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. To subscribe, simply send your name, address and remittance direct to THE AMERICAN BOY 7430 Second Blvd., Detroit, Mich. 27-11-c

Mrs. Ruth Ford, Liberal, Kans., was a guest Sunday with her sister, Mrs. Effie McLarty.

Mr. and Mrs. Frank Freeman, Chicago, Ill., visited several days last week with Mr. and Mrs. Ferd Funk.

Mr. and Mrs. L. D. Hurn and Mr. and Mrs. B. C. Hurn, Higgins, were dinner guests Monday with their son and brother, R. P. and Mrs. Hurn.

Remember when using our wand ads, the more you tell the quicker you sell.

Mr. and Mrs. L. L. Lance have as their house guests this week Mrs. Lance's sister, Mrs. W. B. Hyatt, and her niece and nephew, Bobby Ray and Bonnie Ruth Harrison, all of Amarillo.

Mr. and Mrs. Elmer Rupperecht and children Charles and Yvonne, and Mr. and Mrs. Odie Price and Melvin, and Beth Luallen of Deridder, La., who have been visiting with them two weeks, spent Sunday in Arnett, Okla., in the W. G. Price home. Mrs. Ray Looney and son, Jack, of Beaumont, accompanied them home for a two weeks visit.

Mr. and Mrs. Tom Wolford were called to Taos, N. M. Tuesday to be with his brother-in-law, F. O. Blue, who is ill. Mrs. Alfred Pittman and Miss Maxine Clark are in charge of the Wolford Sweet shop during their absence.

"LORD JEFF" A SUPERB STORY

FREDDIE BARTHOLOMEW WITH MICKEY ROONEY SCORE IN TALE OF BRITISH MERCHANT MARINE

The drama of the British Merchant Marine serves to team Freddie Bartholomew and Mickey Rooney in a gripping story in "Lord Jeff," story of England's future sailors to show at the Ellis, Sunday and Monday, July 10-11.

Its locale, the Russell-Cotes Nautical School, one of the famous English institutions grouped in the Barnardo Homes where orphans are trained for the future, the new picture depicts Freddie as a youngster, the tool of crooks, represented as a seaman of nobility, who is taken from his dishonest guardians and trained at the school.

Mickey Rooney plays the student petty officer who is first Freddie's nemesis, later his friend, as the spoiled boy finds loyalty and regeneration. Intimate details of the training of the boys, their athletic meets, mast-climbing contests, annual boat race, and their final graduation to places aboard the Queen Mary, form a background against which a story of sacrifice and hate, loyalty and regeneration is played. Both youngsters are excellent in their roles.

Sam Wood, who directed "Navy Blue and Gold," directed the new story with deft skill, and many delicate human touches. Freddie is convincing and his role highly dramatic. He and Mickey stage a vicious fight in the course of the action.

Veteran stage star Charles Coburn plays the superintendent of the school with dignity and conviction.

The two crooks are played by Gale Sondergaard and Jonathan Hale and a new child find is introduced in Terry Kilburn, English boy actor.

Among the players are Herbert Mundin, Peter Lawford, Walter Tetley, Peter Ellis, George Zucco, Matthew Boulton, John Burtin, Rhma Dunn, Monty Woolley and Walter Kingsford. Authentic details provide replicas of the Russell-Cotes Nautical School and the Barnardo Homes in England.

Pancho Villa Returns

Return Engagement of Mexico's Bad Man Promises Revival of "Viva Villa" Thrills

Wallace Beery and his supporting cast of screen favorites were lost to the world for months in the interior of Mexico during the filming of "Viva Villa." Metro-Goldwyn-Mayer's spectacular epic which shows Saturday at the Ellis Theatre. The picture one of the most sensational in screen history, was more than a year in the making and more than 100,000 natives were employed during its course. Beery appears as Pancho Villa, around whose tempestuous life and loves the fictional drama is built. With Beery appears such fa-

Poignant Story of Mother Love

Herbert Marshall, Lynn Bari, Barbara Stanwyck, Cesar Romero, Ian Hunter and little Johnnie Russell (left to right) enact a dramatic farewell in 20th Century-Fox's "Always Goodbye" showing at the Ellis Tuesday and Wednesday, July 12-13.

Beautiful Love Story

Two Great Dramatic Stars Bring You "Always Goodbye" Next Tuesday and Wednesday

Beauty is the immediate and all-inclusive definition for "Always Goodbye," to show at the Ellis, Tuesday and Wednesday, July 12-13.

In the capable hands of co-stars Barbara Stanwyck and Herbert Marshall and under the fine touch of Sidney Lanfield's direction, "Always Goodbye" acquires the beauty of sheer simplicity in a story that is on several occasions—conducive to a lump in the throat.

Setting a beautiful tale of modern mother love before a kaleidoscopic background of occasional grimness, sporadic sorrow and vivacious, resplendent gowns on Fifth Avenue and in Paris, the film scintillates with the many facets of love that comes to its characters.

Barbara Stanwyck, in love, waits for her eager young man who is speeding to the City Hall to marry her. He is killed as his car crashes into a trolley. Stunned at the tragedy, she wanders toward the river where Herbert Marshall, a derelict physician sees that she is taken to a hospital . . . where her son is born.

Marshall's sincere love for the brave girl; her love for her child (Johnnie Russell); the love of foster parents who adopt the youngster; the temperamental Parisian ardor of Cesar Romero and the ultimate love which brings the story to a successful conclusion create a beautiful saga with a thrilling message for today's womanhood.

Tan Hunter heads the featured ories as Leo Carrillo, Fay Wray, Donald Cook, Stuart Erwin, George E Stone, Joseph Schildkraut and Katherine De Mille.

CHECK PERFORMANCE IN ACP

AERIAL MAPS WILL BE USED CHECKING FARMS FOR COMPLIANCE ON 1938 CONSERVATION PLAN

Checking of farms for compliance on the 1938 Agricultural Conservation Program will start about the middle of July in Ochiltree county, according to E. W. Thomas, county agent.

Herman Hargrove has been appointed as county performance supervisor and six or eight local supervisors will be selected to check individual farms.

Aerial maps will be used in checking performance for the first time this year. These maps are expected to be especially valuable in correcting errors in acreages that have persisted throughout the program. This is especially true in the case of irregularly shaped fields. A questionnaire is being sent to all producers this week requesting certain information necessary to be used in the compliance. It will be necessary for the producer to either be present or have a representative on the farm at the time the checking is done in order to assist in the measuring and point out the practices and fields to be checked.

real-life cinematic account of the U. S. life and property, but also its all-important law-enforcement function, never before brought to the screen.

The program feature will be Freddie Bartholomew and Mickey Rooney in Darryl F. Zanuck's "Lord Jeff," a story of the British Merchant Marine and the regeneration of a youth. Other shorts make up a delightful entertainment bill which will be well worth seeing.

Sod Grass at Park

Project to Beautify the Grounds Surrounding the Municipal Swimming Pool Complete

Cyrus LaMaster, secretary of the Junior Chamber of Commerce announced this week that work has been completed on the grass sodding project at the city park, sponsored by that group.

At the beginning of the project plans were made for planting to seed

but were changed. After about one-fourth had been planted, Bermuda grass was selected and sodded due to its adaptability to this section of the country.

It is thought by members of the civic improvement committee that perhaps in the future when the lawn has a good start, lawn seats of stone might be secured by the Junior Chamber of Commerce to further beautify the grounds surrounding the municipal swimming pool.

Call 67 when you have company!

Fire in the Field

The Wheat is Ripe Enough to Cut And Also Ripe Enough to Burn

Through some one's negligence, maybe several miles away, your field could burn, and the cost of this protection is so low you cannot afford to take the chance.

Protection against fire while the grain is standing, in the shock, in the stack or in the granary while on the farm is only \$4.30 per thousand for the land owner and \$4.60 per thousand for a thirty day period.

You do not have to sign the application just call in the amount and location and we will write the policy and it will go into effect the day it is written.

ENJOY COOL LAKE BREEZES IN YOUR HOME

ARIZONA COOLER

TESTED AND PROVED IN ARIZONA'S SCORCHING DESERT HEAT

COOLS BY EVAPORATION Here's How It Works

A powerful but quiet fan (A) pulls outside air through the cooling mat (B) which is kept moist by water dripping from a copper tube at top of cabinet. As the air passes through the mat, it is cooled by evaporation and then blown into the house, through the house and out again through windows left slightly open at the top. A three-position control (C) permits increasing or decreasing the fan speed to suit weather conditions. A constriction control valve (D) regulates the flow of water. The amount of cooling varies with the humidity. With an outside temperature of 100 degrees and a 40 per cent relative humidity, the cooler delivers air at approximately 71 degrees.

Low priced . . . Efficient . . . Quiet Economical to Operate

Here is the cooling unit that is bringing relief from heat to thousands of Southwestern homes. Low priced, quiet and efficient, the Arizona Cooler provides lake breeze comfort at low cost by scientific application of the principle of heat removal by evaporation. It not only cools the air from 10 to 20 degrees below outside temperatures but also removes dust and pollen.

A self-contained unit, the cooler is easily installed in a short time by placing the cabinet on the window sill and lowering the bottom sash until it engages in the channel on the face of the cooler. Especially designed for quiet operation, it provides a pleasant movement of cool air without objectionable noise. The operating cost is extremely low—approximately one cent per hour for most models.

Two types of coolers are available—the propeller fan type (illustrated) and the blower type, which is used to force air through ducts to point of discharge. There is a size for every application—from small homes to large stores and offices. Prices range from \$19.50 up, depending upon the amount of space to be cooled. Water and electrical connections cost from \$2.00 to \$3.50 extra.

We shall welcome an opportunity to give you more information about the Arizona Cooler and to submit estimates based upon your requirements. No obligation is involved.

Perryton Grabs Tight One From Guymon Sunday

LEFTY BLAIR ALLOWS BUT 2 HITS SUNDAY

GREYS WILL GO TO CLAYTON SUNDAY FOR A DOUBLE-HEADER IN THAT CITY

The Perryton Greys shoved themselves into undisputed possession of second place in the Dust Bowl league Sunday when they defeated the Guymon Bears on Flowers Field with a 2 to 1 score, after 11 innings.

While it wasn't a pitcher's battle, nor did it display any spectacular playing on the part of either club, Lefty Blair chunking them for the Greys, did let the visitors down with only two hits. McCoy gave up nine hits to the Greys, but had them so scattered that they were ineffective, and turned the game into the tightest one of this season.

Perryton scored first in the second inning. Muir reached the initial sack on an error, advanced to second on B. Richardson's single to center, and scored when T. Riley smashed one to the left garden.

The Bears tied the thing up in the fifth frame when Hise labeled one for rightfield, went to second on an error and scored when Mayfield hit a sizzler through L. Riley at second.

The further it went the tougher it got, and neither club crossed the platter until the last of the 11th inning when Perryton registered to end the game.

H. Richardson, getting his only hit of the afternoon, lifted a two-sacker to leftfield and scored on T. Riley's hit to center.

The afternoon saw nine misplays—four for the Bears and the Greys taking the remainder.

The Greys will go to Clayton, N. M. next Sunday for a double-header. This favor extended the Perryton club by the Clayton team and fans is very much appreciated by the Greys, due to the long distance to be traveled twice for the two games. Perryton will entertain the Clayton club later in the season for a double-header here.

The box score:

Guymon	abr	h	e
Brown, cf	5	1	0
Dickerson, 1b	5	0	0
Rockway, ss	5	0	0
Hise, c	4	0	1
Mayfield, rf	4	0	0
Cordell, 3b	4	0	3
Lucas, 2b	4	0	1
Williams, lf	1	0	0
McCoy, p	4	0	0

Perryton	abr	h	e
O'Coner, ss	5	0	1
L. Riley, 2b	5	0	1
Everett, cf	4	0	2
B. Richardson, 1b	5	1	0
F. Richardson, 3b	5	1	0
F. Richardson, cf	4	0	1
T. Riley, lf	5	0	3
Ludasev, c	1	0	1
Garton, p	3	0	1
Blair, p	3	0	1

Score by innings:

Guymon	000	010	00	00-1
Perryton	010	000	000	01-2

PERRYTON WINS HOLIDAY GAME

The Perryton Greys won a 10-inning bat-fest at Beaver the fourth off the Beaver club with a score of 4 to 3.

Beaver's scoring came in the fourth frame with one run, and in the seventh with two. Perryton scored twice in the second, once in the third, and in the tenth.

Tom Riley, having for the Greys gave up eight hits, and Zirkle allowed the Greys to top him 11 times.

FDR Looks Over His Constituency

Off on an extended trip that will take him across the United States to San Francisco and on a cruise as far south as the equator, is President Franklin D. Roosevelt. Politicians are busy scanning the Chief Executive's itinerary for indications of how important a role he will play in several state primaries where friends and foes of the New Deal are running.

Pro Career Seems Inevitable for Budge; Chapman Called Real Miracle of Diamond

BY IRVING DIX

TRIVIATA on the sports trails: Don Budge undoubtedly will turn pro after this year's tennis campaign is over, is the word making the rounds . . . when the Oakland Redhead won the French singles title a short while back he completed his grand slam of French, English, American and Davis Cup championships . . . which has been his big ambition . . .

It looks like he'll dominate things again this summer, but close friends say he'll have nothing to look forward to for 1939 . . . that is, nothing except the prospects of making close to \$100,000 on a professional tour . . .

Earl Averill, Cleveland Indian outfielder who is in the thick of the fight for the American League batting championship, uses the heaviest bat in the majors . . . one weighing 40 ounces . . .

Ival Goodman, Cincinnati Red outfielder, has two distinctions with his club . . . he not only has been hit by pitched balls more often than any other Cincinnati player since he has been with the club, but he already has broken the Reds' home run record, formerly held by Harry Heilmann . . .

CAPT. GAR DAVIDSON, former Army football coach, is now in Honolulu, where he takes over a new post . . .

Alex Kevorkian, Harvard's star tackle of 1937, divides his summer between Boston, where he works in his father's rug business, and Elizabethtown, N. J., where he operates a farm with a classmate . . .

Mickey Cochrane, manager of the Detroit Tigers, has what he thinks is a sure cure for insomnia. He cuts a plate of ice cream every night before retiring . . .

The Rumanian Ministry of Education has banned football and attendance at football games by high school boys, because it is claimed to interfere with their studies . . .

Dario Lodigiani, Philadelphia Athletics' second baseman, once threw two men out at home with a single throw while playing in a game on the Pacific Coast . . .

Colored lights atop Wrigley Field—home of the Chicago Cubs—tells baseball fans how the club fared. A green light means victory and a red light defeat . . .

Woodrow Wilson Strode, U. C. L. A.'s all-round track star, is considered the most perfectly built athlete in the United States, according to Hubert Stovitta, nationally known artist . . .

THE miracle of baseball, say qualified critics, is Sam Chapman, the former University of California All-America grid star who hopped right from the campus to a regular outfield position with the Athletics, and who is blasting big league pitching at a 350 clip . . .

When the Chicago Cubs made Sam Hack sell his airplane, the star third baseman took to riding around in police cars as a substitute thrill . . .

Marty Schreyer, tackle and captain of Purdue's football team in 1937, is spending the summer in a Monessen, Pa., steel mill, studying metallurgy . . .

Henry Castillo, Louisiana State sophomore who won the Southwestern Conference golf championship, was born in the province of Asturias, Spain . . .

Lou Chiozza, New York Giants' utility infielder, is an accomplished ventriloquist . . .

A new angle in autograph hunting was uncovered when a fan obtained a hoof print of Man o' War for his scrapbook.

Don Budge . . . nothing to look forward to but rich pro career.

Enjoys Preview of Own Funeral

His eyes cast Heavenward, bewhiskered Felix "Bush" Brazzale listens to a eulogy during his "funeral" at Kingston, Tenn. "Bush" ordered ceremonies held on his 74th birthday because he wanted to be on hand to see that things went off in good order. On hand also were 12,000 of the curious.

See the new 1938 Crosley Farm radios at the Crisp Jewelry Co. 49-11-f

Rodeo at LZ Ranch

Marvin Jones and Phil Ferguson To Be Guests of Honor At Annual LZ Rodeo

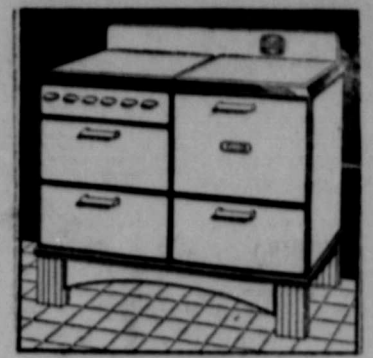

T. V. Elizey, manager of the LZ Ranch, announces that Congressman Marvin Jones and Congressman Phil Ferguson have agreed to settle an old argument as to which is the best wild cow milker. They will contest at the Northeast Panhandle Amateur Rodeo and Neighbor's Day at the LZ Ranch on Friday, July 22.

This rodeo, which is an annual affair, will feature contests of roping, steer riding, wild cow milking, relay races, cutting horse, and trick riding for both young and old. No professional rodeo contestants are allowed to enter.

Butane Gas

(OR BOTTLED GAS)

The Modern Method of Cooking

For every day cooking there is no quicker way or more convenient way than the BUTANE GAS RANGE. These ranges are as efficient and really hotter than the natural gas. No wick to keep clean . . . tanks to keep filled . . . but these ranges are cheaper to buy and cheaper to operate.

This most modern cooking range has automatic lighting convenience and highly insulated oven which keeps the heat inside the oven and will not heat the house these sizzling days.

This range will prove a source of continual joy and satisfaction—it's designed for making your cooking easier and better, and more economical of your time and money.

See our stock of the most modern oil ranges and stoves. They have the insulated ovens that hold the heat in the oven, large powerful burners, no smoking or running up of the flame, and cook with ease and efficiency. Prices are right to suit you.
