Seek To Prevent Warrant Forgery

STERLING SIGNS BILL DESIGNED TO HALT FEE VIOLATIONS

(By The Associated Press)

AUSTIN, May 19 — Governor Sterling today signed a bill designed to prevent a recurrence of witness fee warrant forgeries.

The new law went into effect immediately. It provided that witness fee claims had to be approved by the district judge and by the county auditor in counties which had an auditor. It required a copy of the court minutes to be sent the comptroller whereby he could check the authenticity of claims.

Require Applications

State and defense attorneys would make sworn, written applications for their witnesses, and tell where those witnesses live.

The bill was introduced after state investigations of alleged witness fee certificate forgeries had been started. Two men have committed suicide and two others have been indicted in connection with the investigations.

Other new laws were:

To permit one partner to pay taxes on his portion of property without being penalized for non-payment of his partner.

To cause the appointment of the state prosecuting attorney by the court of criminal appeals rather than the governor.

AUSTIN, May 19 (AP)—A bill providing for absorption by Texas of the disputed land along the Oklahoma line and the 100th meridian was passed by the house today. Several amendments were added but little difficulty in obtaining assent of the senate was anticipated.

The land was declared the property of Texas by the United States supreme court more than a year ago. The bill provided the lines of the Texas counties in the eastern side of the Panhandle be extended to include the disputed territory. All taxes on the land, owing to Oklahoma or any of its political and subdivisions will be cancelled when the land is taken over. Vendor's liens on the land, however, would be valid in Texas courts. Valid deeds and mortgages would be recognized in Texas.

Get First Chance

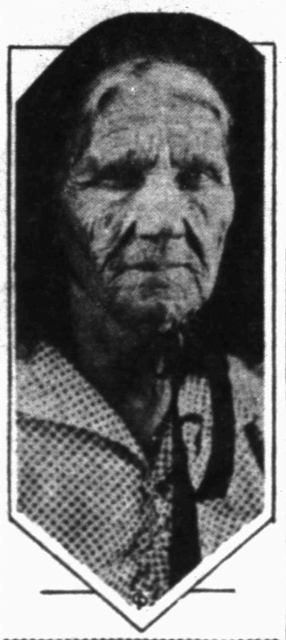

Persons now having title to the land would be given first chance to

SEEK TO HALT WAGE CUT IN AMERICA

ADMINISTRATION WILL ERECT BLOCKADE IN PART OF CUT

(By Associated Press)

WASHINGTON, May 19.—The administration is trying to erect a blockade on the path to lower wages.

Through Secretary of Labor Doak it has notified workers and employers alike that any general efforts to reduce pay should be a violation of the agreement reached between labor and industry in the 1929 conference called by President Hoover.

No Revocation

The secretary said yesterday there had been no revocation of that agreement to maintain wage levels despite the depression. He added that general reductions would be a violation of confidence and would permit employes to demand more money although they had decided to abide by present pay scales.

Doak said he believed pay slashes shown in recent compilations by his department could be attributed to the smaller businesses. The larger industries have not reduced but are responding "fairly well" to insistance that the level be maintained, he asserted.

The secretary had not been told officially about the statement of President William Green of the American Federation of Labor that workers would be justified in striking to forestall wage cuts. Nor did Doak discuss the announcement by the executive council of the federation that certain bankers and industrialists were planning general reductions.

SPIKES TAKES STAND TODAY IN TRIAL

PLAINTIFF HEARD IN DAMAGE SUIT IN 99TH COURT

Details of his life prior to the slaying of his two brothers and the wounding of himself, on January 21, 1901 at Mesa Redonda, territory of New Mexico, were related on the witness stand today in 99th district court by Fred Spikes, who has sued J. Evetts Haley and the Capitol Reservation Lands and its trustees for $200,000 damages for alleged libel in a book written by Haley entitled, "History of the XIT Ranch."

For an hour and a half this morning Mr. Spikes sat under the direct examination of his attorney, G. E. Lockhart, who had him relate his experiences from the time the family moved from Kaufman county, in 1890 until after he and some of his brothers had reached eastern New Mexico late in the year 1901.

Old Timers Testify

Preceding the plaintiff, several Lubbock residents, old timers on the South Plains for the most part, testified as to Spikes' general good reputation as a peaceable and law abiding citizen.

Opening the day's session, portions of two chapters of the book, the basis of the libel action, relating to the grounds for the suit, were read to the jury.

W. S. Posey, vice president of the First National bank, who had lived in Lubbock since 1904 and has known Mr. Spikes, testified as to his knowledge of the reputation of the plaintiff. Under cross examination he admitted that he did not know of the attitude of residents of New Mexico towards Mr. Spikes during the time he resided in that state.

Likewise, France Baker, president of the Citizens National bank, who

QUINN WAIVES EXTRADITION

EX-CONVICT CHARGED WITH MURDER OF TWO TEACHERS

KANSAS CITY, May 19—Earl Quinn, 20 year old exconvict charged with the murder of Jessie and Zexia Griffith, Oklahoma school teachers, today signed a waiver of extradition, clearing the way for his return to Kay county, Okla., for trial.

Quinn's unexpected action halted preparations for an extradition hearing at Jefferson City tomorrow. Chief of Police L. M. Siegfried immediately notified Bruce Potter, Kay county prosecutor.

Joe Cooper, Kay county sheriff, was at Jefferson City for the extradition hearing. Quinn will be returned to Oklahoma immediately upon Cooper's arrival here.

Mrs. Jean Quinn, who declared her husband innocent of the double slaying along a road near Tonkawa December 28, returned last night from Jefferson City and announced she had been unable to obtain an audience with Governor Caulfield.

Seek To Prohibit Highway Rerouting

AUSTIN, May 19 (AP)—The Finn bill prohibiting the highway commission from rerouting previously designed highways around towns of 200 and more population without the consent of county commissioners courts was passed by the senate today. The viva voce vote for engrossment was 18 to 7.

Dallas Man Offered Co-Op Managership

DALLAS, May 19 (AP)—John E. Owens, a vice president of the Republic National Banw and Trust company, has been offered the general managership of the Texas Co-operative association, the Dallas News said today.

EIGHTY TAKEN IN RAIDS

FEDERAL OFFICERS IN ATTEMPT TO CLEAN UP LAS VEGAS

(By The Associated Press)

LAS VEGAS, Nevada, May 19—More than eighty persons were under bond or facing arraignment today as a result of a series of raids on the liquor dispensaries of this desert city, the operating base for construction of Hoover dam.

Saloons, night clubs, breweries and grills capitulated without serious disorders to the march of 45 outside federal agents in an unexpected invasion yesterday.

Bonds Fixed

United States Commissioner W. J. Hooper held court until after midnight last night, formally booking defendants and fixing bonds. Preliminary hearings will be set later. Most of the charges are possession and sale of liquor.

The raiders from Los Angeles, San Francisco and Reno prohibition headquarters, acted under orders to "clean up" the town. Colonel George Seaver of San Francisco, in command, said "we're going to make this place safe for Hoover dam workers."

Out of Commission

Proprietors, bartenders, girl entertainers, "bouncers," and other attaches of the liquor haunts were rounded up. Besides twenty-five night clubs, roadhouses and saloons, five breweries and three stills were put out of commission.

Boxing Measure Is Up In House Today

AUSTIN, May 19 (AP)—Consideration of the bill to legalize amateur boxing and permit admission charges to amateur boxing exhibitions was started in the house this morning, but may be ruled out unless the 72-hour rule is suspended. Representative Forbes of Weatherford raised a point of order against the bill that house bills on second reading could not be considered after noon today.

Madrid Revels As Martial Law Lifts

MADRID, May 19 (AP)—Spain's capital revelled in freedom from martial law today for the first time since the beginning of the incendiarist riots against Catholic property and the provinces looked forward to the same privilege by the end of the week.

After a lengthy meeting, Provisional President Alcala Zamora's cabinet restored civil rule last night with the statement Madrid again was tranquil and indicated the same procedure would be followed throughout the nation in a few days if the cities continued calm.

KING GEORGE AND QUEEN MARY ARE TO RECEIVE AMERICAN DEBUTANTES

LONDON, May 19 — King George and Queen Mary, assisted by the Prince of Wales, will receive in historic Buckingham palace tonight, among others, ten American debutantes and the wife of an American minister in the first of the social season's four court presentations.

The last curtesy was practiced today and the last ruffle patted into place in preparation for the crowning event in the social lives of the elect. They will wear gossamer gowns of tulle, chiffon and lace, the majority of them white but some in pale shades of color.

Mrs. Charles Gates Dawes, wife of the American ambassador to the court of St. James, will present the following:

Mrs. Ralph Booth, wife of the American envoy to Denmark, of Detroit; Miss Barbara Hutton, Miss Louise Behn, and Miss Virginia Penn, of New York; Miss Helen Brinton, Miss Margaret Duane and Miss Edith Martin, of Philadelphia; Miss Adele Jahncke, of New Orleans, Miss Bertha Potter Palmer and Miss Virginia Dawes, of Chicago, and Miss Jasmin Schoellkopf, of Buffalo.

Nine American women, six debutantes and three matrons, will participate in the second presentation tomorrow night.

Sixteen Girls To Face Arson Charges

CARTHAGE, N. C., May 19. (AP)—Charges of first degree arson, lodged against 16 girls after the burning March 12 of two dormitories at Samarcand, state school for delinquent girls, were reduced to simple arson as their trials opened in superior court here today.

Solicitor Don Phillips reduced the charges with the consent of the court and thus removed the possibility of death in the electric chair for the girls as first degree arson is a capital offense in North Carolina. Conviction of an attempt to commit arson, or simple arson, carries a penalty of from 4 to 10 years imprisonment.

Terrific Downpour Drenches Oklahoma

OKLAHOMA CITY, May 19. (AP)—A terrific downpour, estimated at four inches within 45 inches, was reported from southwest of Altus last night. Showers covered the state.

Altus streets and basements were flooded and motor traffic temporarily disrupted.

Ponca City, Enid, Watonga, Sapulpa and other cities across the northern half of the state reported heavy showers and lowered temperatures.

Nearly three inches fell in an hour at Greenfield, reports said. No damage resulted.

Erection Of Cafe Authorized Here

Erection of a frame and stucco cafe at 1820 Avenue A by Earl Johnson, a negro, at a cost of $1,000 was authorized this morning at the city building inspector's office.

The building permit was the first of the week, fourteenth of the month, and seventy-third of the year. Authorizations this month and this year, respectively, represented total outlay of $6,092 and $226,697.

DIES OF INJURIES

AUSTIN, May 19. (AP)—Seriously injured when his truck was sideswiped by the trailer of an oil truck on a road near Johnson City, Walter Rubell, 23, died at Johnson City last night. He was an employe of a construction company at Johnson City.

CLEMENCY FOR CONATSER IS OPPOSED

GRAND JURY TO FIGHT PARDON FOR FORMER LEVELLAND YOUTH

(By Associated Press)

ROBY, May 19.—The grand jury of the 104th district court of Fisher county today sent word to Governor Ross Sterling of its opposition to a clemency campaign under way in behalf of Lloyd Conatser, now serving a life sentence at Huntsville for the murder of two officers of this county. Conatser formerly lived at Levelland.

Conatser and Joyce Sheppard, alson known as Bill Smith, an escaped life termer from the Arizona state prison, were tried for killing Bob Smith, sheriff of Fisher county, and Jake Owens, his deputy, August 27, 1927, after the officers had arrested them on charges of stealing cotton.

Sheppard Executed

Sheppard was executed and Conatser drew a life term. Efforts to secure a pardon for Conatser were launched after Sheppard, in a statement made just before his death, said he had fired the shots and Conatser was innocent.

The grand jury today reindicted Conatser for cotton theft, the old bill having been dismissed when he went to prison; and in a communication to Judge W. R. Chapman asked that news of the indictment be given wide publicity, and that a copy be sent to the governor along with a protest at the clemency campaign. It was decleared that Conatser will be tried for theft in event he is pardoned.

"Good Will" Celebration Is Concluded In Discord

(By The Associated Press)

NEW YORK, May 19—A meeting of 500 persons in celebration of "international good-will day" ended in discord last night.

It broke up with hisses, cheers and organ music when James W. Gerard, formerly ambassador to Germany, who was presiding, refused to put a motion offered by John Haynes Holmes, clergyman, condemning the current army air maneuvers as monstrous arrogant and shameless."

The meeting was at Town hall, a civic forum on West 43rd street.

For several hours George Gordon Battle, Channing Pollock, Rabbi Israel Goldstein and Mrs. James L. Lidlaw denounced war as brutal and uncivilized.

Then Mr. Holmes offered a resolution petitioning President Hoover to stop the air maneuvers and to prevent this "desecration of international good will" and "wanton expense in a period of acute economic distress."

In refusing to put the motion Mr. Gerard said the audience should have faith enough in America to realize that the maneuvers were not hostile gestures.

"We are at war right now with a nation of murderers who have destroyed religion," he added.

Interruptions here became frequent. One heckler called for a rising vote on the resolution and many in the audience stood up. The organ was played in an effort to stop the verbal confusion.

Evidence Against Virgil Kirkland Finished Today

(By The Associated Press)

VALPARAISO, Ind., May 19 — The state completed today the evidence by which it hopes to send Virgil Kirkland to the electric chair for the murder of Arlene Draves during a drinking party in Gary last November.

Just after the state rested, Judge Grant Crumpacker overruled a defense motion for a directed verdict of acquittal on the third and fourth counts, charging murder by rape. It was the contention of the defense that the evidence was not sufficient to support the charges.

Judge Crumpacker, in overruling the motion, declared the evidence was sufficient to cause him to submit it to the jury. He said he expected to submit three possible verdicts to the jury, murder in the commission of rape, rape and acquittal.

Dr. R. H. Harger, toxicologist of Indiana university, was the final state witness. He testified to analyzing the contents of the girl's stomach. He found some grain alcohol and traces of wood alcohol and formaldehyde, Dr Harger said, but they were not in sufficient quantities to have caused death.

Some Folks Have All Of The Luck

EVANSTON, Ill., May 19 (AP)—Some folks, as the saying goes, have all the luck.

Take the case of Fred A. Goodrich. He walked into a clothing store, picked out a snappy suit, tried it on, and decided to buy it.

Putting his hand in the hip pocket of the new suit, he pulled out a $10 bill.

The money was left in the suit by a thief who previously had stolen it. The thief later was captured and the suit returned to the owner of the store, who brushed it up and put it back into stock.

"I know a bargain when I see it," said Goodrich as he walked out after using the $10 to help pay for the suit.

ORPHANS SUFFER FROM POISONING

GUADALAJARA, Mexico, May 19 (AP) — Four hundred children and employes of the Guadalajara orphans asylum today were suffering from poisoning believed to have originated in adulterated milk.

Fifty of the poison victims are in serious condition and two of them may die.

All available doctors were rushed to the asylum when the poison began to affect the inmates yesterday and Governor Ignacio De La Mora personally took charge of the situation.

It was found that the milk regularly supplied to the asylum had been mixed with formol. Although they protested their innocence, the concessionaire and ten employes of the asylum, through whose hands the milk passed before being given to the inmates, were apprehended pending an investigation.

Brigadier General Buried In Collapse

TOURS, France, May 19. (AP)—Brigadier General Robert H. Dunlap, U. S. M. C., was buried under a collapsing wall of the historic tower of Cinq Mars today while he was attempting to rescue a woman pinned under the debris. Police said there was practically no chance he would be rescued alive.

The mayor of the township, however, clung tenaciously to the hope that the general might have escaped into a cellar adjoining the ruins.

General Dunlap is stationed here as a student at the French war college.

HAWKS IN NORWAY

OSLO, Norway, May 19 (AP) — Captain Frank Hawks, American speed flier, arrived here this morning from Stokholm, covering the approximately 250 miles in 85 minutes. He was received by government officials and higher military authorities. He planned to return to Stockholm this afternoon.

Diamond Fraud Case Slated For Today

TEXARKANA, May 19. (AP)—Two of four persons charged with mail fraud in the sale of stock in a diamond project in Arkansas two years ago, faced trial in federal court here today. They were William I. Brashears of Dallas, and Walter J. Mauney, owner of the land in southwestern Arkansas that was the locale of the enterprise.

Walter F. Hintze, former resident of the American Diamond corporation of Arkansas, pleaded guilty to mail fraud charges yesterday.

Sue E. Nash, secretary of the concern, still was being sought.

SEE END OF STRIKE

HOUSTON, May 19.—(AP) —The end of the walkout of skilled Houston workmen in the building trades was seen today, the union men compromising with Contractor Don Hall, the most important employer involved, on a cut in wages of $1 per day.

Weather Prevents Air Display Today

CHICAGO, May 19. (AP)—Chicago looked into the sky today for the air armada ordered to "defend" the city and saw instead a low hanging fog and drizzling rain that kept the army airmen aground at Dayton.

Nine scouting planes sent out ahead of the large units grounded at Valparaiso, Ind., to await better weather.

United States Weather Forecaster W. P. Day said he expected the weather to lift in Chicago late today but that time thunder showers and poor visibiuty were predicted between Dayton and Chicago.

Three Passengers Gagged And Robbed

RAWLINS, Wyo., May 19. (AP)—Three passengers of the westbound Los Angeles limited, Union Pacific passenger train, were bound, gagged and robbed in their berths early today by two youths identified as soldiers. The robbers were captured at Green Springs.

Those robbed were Mrs. Joseph E. Huber, 60; her son H. P. Huber, 30, and Mrs. M. A. Johnson, 60. Huber, who had been bound and gagged with adhesive tape, freed himself and called the conductor. A train dispatcher at Green River, Wyo., called Sheriff Jessen who with several railroad special agents met the train and arrested the robbers.

FORMER AMERICAN BEAUTY GOES ON TRIAL TOMORROW IN MURDER CASE

(By Associated Press)

NICE, France, May 19—Mrs. Charlotte Nixon-Nirdlinger, former St. Louis, Mo., beauty contestant, goes to trial tomorrow for the killing of Fred Nixon-Nirdlinger, wealthy Philadelphia theater owner.

The state will ask a verdict of guilty for "murder with excuse of provocation," the punishment for which is from two to five years in prison. The defense, headed by Louis Gassin, the Riviera's greatest criminal lawyer, is expected to plead self-defense.

Magistrate Vauchier, will sit in the case and the jury will be drawn from a panel of reputable business men.

The prosecution announcement that it would ask an intermediate penalty has complicated the plans of defense attorneys. Ordinarily, if an extreme verdict is demanded for a husband slaying the woman defendant is accorded a speedy acquittal. In this case, the state is believed to be proceeding more discreetly with the hope of making an example of the prisoner.

Mrs. Nixon-Nirdlinger, 26, has confessed to firing two shots into his body in the bedroom of their villa, claiming he had threatened her life in a jealous rage.

NEGROES HELD FOR ATTACK ON GIRL

TWO SPIRITED AWAY AS CROWDS MAKE RAID ON JAIL

(By The Associated Press)

ATLANTA, Ga., May 19.—Two negroes, charged with attacking a white girl, were spirited away from a mob at Elberton this morning disguised in army uniforms and lodged on Fulton tower here by national guardsmen.

The negroes were hidden in trees surrounding the Elberton jail for an hour and a half, militiamen said, before they were put in an automobile and hurried to Atlanta.

Guardsmen Leave

Shortly after, the 200 guardsmen who had stood off a mob variously estimated at from 2,500 to 5,000, mounted their trucks and buses and departed for their homes at Elberton, Monroe and Atlanta. At Fulton tower the two negroes were booked as Hizar McCorley, 17, and John Dower, 25.

They joined four other negroes hurried out of Elberton yesterday by Sheriff S. C. Seymour.

The negroes were removed from the jail, militiamen said, when the mob threatened to blow up the building with dynamite.

ELBERTON, Ga., May 19 (AP) — Two white men were in a hospital today with gunshot wounds received while national guardsmen defended the jail against a mob seeking to remove two negroes charged with attacking a white woman.

Meanwhile, the negroes were started to Atlanta by guardsmen early today for safe-keeping after a night of mob activity that was suppressed only by use of rifle fire and tear gas bombs. Four companies of guardsmen, including a machine gun company, were called to duty around the jail between yesterday afternoon and midnight.

Crowd Dispersed

Earlier in the day members of the mob, in automobiles, attempted to sieze four other negroes arrested in the case while officers were taking them to Athens, Ga. At Athens a crowd congregated around the jail

MINERAL WELLS MAYOR IS INDICTED IN LIQUOR CASE

(By Associated Press)

ROBY, May 19.—Trial of Charlton Brown, mayor of Mineral Wells, in a liquor case here, was set today for next Monday, May 25, in 104th district court. An indictment returned this morning against Mayor Brown charges him with transporting "spiritous, vinous and malt liquors."

The indictment is the aftermath of a car smash here May 13, a small coupe occupied by the mayor and a Mineral Wells friend running off into a barpit after missing a sharp turn on Highway 83 in west Roby. The two men were en route to Lubbock for the annual convention of the West Texas Chamber of Commerce.

Liquor Found

R. L. Wilkerson, deputy sheriff, said he found three and one-half pints of liquor in the damaged car. He preferred a transportation complaint against Brown and bond was fixed at $500 for his appearance in Judge W. R. Chapman's court yesterday. Brown was here yesterday, waived examining trial, and returned to his home, the case being referred directly to the grand jury.

A new bond will be required, Judge Chapman said today, and officers sent word to Mayor Brown to make the instrument.

WHEAT CRISIS DISCUSSED

EXPERT VIEWS GIVEN AT CONFERENCE IN LONDON TODAY

(By Associated Press)

LONDON, May 19.—Expert views of the world wheat crisis today were emptied into the mill of the international conference after an address by Samuel R. McKelvie, head of the United States delegation, at its first open meeting today.

The conferees went into committee session to analyze the various plans for relief before submitting reports to the full conference. In rapid succession the United States, Poland, Australia and the Danubian exporters filed their views but little detail was available.

Russia and Canada have not yet placed themselves on record and observers are saying Russia intends to hold back until she sees what the other ports propose to do.

Mr. McKelvie's speech was a resume of the situation in his country. He brought no "American plan" but he advocated reduced production as the surest way out of the difficulty.

The Polish and Australian plans are broadly similar. Each asks an agreement limiting exports.

Australia proposes establishment of an international marketing organization controlling wheat exports on the basis of an agreement to be reached by the exporting nations regarding the proportion and percentage of export surpluses to be marketed conjointly.

Fifty-Four Marital Ties Broken Monday

RENO, Nevada, May 19 (AP)—Fifty-four persons were free of marital ties today as a result of eight hours of legal action in the district courts here yesterday. Thirty-two new suits also were filed under provisions of the six-week residence divorce law.

It was the third successive "divorce Monday" on which Judges Thomas F. Moran and Benjamin F. Curler had all they could do to clear their calendars. Courts convened at 9 a. m., and the two judges did not leave their benches until 5 p. m.

Banquet And Picnic Are End-Of-School Functions In City

High School, Tech Seniors Are Feted

End of school affairs continue in the spot light of social events in Lubbock.

High school graduates who are members of First Methodist church attended a banquet Monday evening in the church basement. About thirty attended.

Charles Maedgen served as toastmaster for the evening. Joe Love, representing the junior class, toasted graduates and May Tom Howell read a class prophecy. A talk on a college freshman class which will be formed in the Sunday school this summer was made by Dollie Clements and Nannie Jo Haymes played several piano selections.

Sophomores and juniors in the church served the banquet.

Special guests included Rev. and Mrs. J. O. Haymes, Mr. and Mrs. Fiske Miles, Mrs. J. R. B. Cooper and E. W. Eagan.

Annual Picnic Is Attended By Club

Seniors in the school of home economics at Texas Technological college were honor guests for an annual picnic given Monday evening at the George Boles ranch. The Tech Home Economics club members were hosts.

About sixty women attended the picnic and faculty members in the home economics school were included in the guests. Miss Ethel Green was student chairman of arrangements with Mrs. Dude Buster as faculty advisor. Miss Mabel Erwin is sponsor for the club.

Young Women In Lorenzo Meeting

Representatives from Young Woman's auxiliaries in First and Calvary Baptist churches attended an associational meeting in Lorenzo Monday evening.

Miss Ruby Catching of Slaton was elected president for the coming year. Miss Irma Lois Harris, Calvary church, was elected pianist, and Miss Ruby Jackson, First church here, was elected choirster. About forty were at the meeting from Lorenzo, Slaton and Lubbock.

Those who went from Calvary Y. W. A. were Misses Irene Wilson, Agnes McCollough, Gertrude and Gladys Schantz, Violet Bratcher, Pearl Jackson, Irma Lois Harris, Gina Bess Sprawles and Margaret Smith.

Those who attended from First church were Mrs. J. B. Jackson and Misses Alice Muse Rogers, Lucille Andrews, Gussie Bledsoe, Sarah Evelyn Carson and Helen Jackson.

Baptists Meet For Program Monday

A missionary program was heard at a general meeting of First Baptist Women's Missionary society Monday afternoon at the church.

Mrs. B. T. Jordan led the devotional lesson. Talks on "Our Forces and Fields" were made by Mrs. Jordan and Mrs. Tom Campbell. An opening prayer was led by Mrs. Mary McComb.

Canyon Women In Gathering Monday

Thirty-three women attended a meeting of the Canyon Missionary society Monday afternoon in the community church. Mrs. A. O. Graydon led the devotional lesson and Mrs. J. C. Turney taught the Bible lesson from Exodus.

Demonstration Club Formed Monday

Mrs. B. Sherrod of the Canyon community was elected president when a home demonstration club was formed in that neighborhood Monday afternoon. A meeting of 26 women at the Canyon church resulted in this organization.

In addition to Mrs. Sherrod, the other officers who were elected included Mrs. R. L. Sides, vice-president; Mrs. J. J. Barham, secretary-treasurer; Mrs. R. R. Sides, reporter. The club is to meet each fourth Monday afternoon at 3:1 o'clock.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

BASIC INHIBITIONS

"MY DEAR DR. MYERS: So many magazine articles are about college students and the so-called 'bird out of the cage' feeling a majority of them have.

"My little daughter, and an only child, is entering junior high this year. What method of training do you advise a mother to pursue to avoid that feeling?

"I may be looking too far in the future, but I am sure you have some splendid advice for me and the many mothers who don't miss a single article of yours."

Answer: My oldest boy entered college last September. He talks very freely about his experiences to his mother and me; also writes freely. We discover no evidence of "the bird out of the cage" feeling in him. The transition from home to college seems to have been an easy one for him and us.

* * *

Early in his life he learned some basic inhibitions and, although on entering junior high school, he seemed to lose himself ,earning poor grades, he gradually found himself and became a diligent, successful student, a little over-serious perhaps. Fortunately he grew interested in athletics and in group companionship, appearing to find increasing enjoyments.

He acquired a great deal of independence and responsibility, with fairly good habits of work and general behavior, and just grew up. Perhaps the most we did for him was what we didn't do. We seldom found any need to bother him, but frequent reasons for enjoying his companionship.

We had made it a rule not to counsel him or the other children in regard to their conduct in our absence but on rare occasions to drop the remark quietly, "I wish you would do so and so," or "I wish you would not do so and so," without ever pressing him to make a promise. Nor have we asked our children to give an account of themselves in our absence. We assume that they will talk about the experiences in a purely social manner, just as our adult friends do.

We are desperately trying not to write any advice to him he does not ask for, nor to make him feel he needs our extension of guidance and protection. He may go wrong, but we don't believe he will; and if he does we should feel no virtue in attempting to rule his conduct by direct counsel or commands. Of course, he has a budget, a definite sum of money for the year in bank which he manages alone and seems to have been prepared to live within it in a wholly business fashion. He knows our financial limitations and feels himself, I think, a responsible partner in the family group.

* * *

Of course, you must know that it is a proud father writing this. He may be blinded by his own egotism. Playmates, neighbors and teachers could give a more accurate account. Only time and the verdict of mankind will tell how successful we have been or will be.

Nevertheless, such principles as I have emphasized do seem to work. The only reason they do not work perfectly is because of our human frailties, particularly the shortcomings of myself.

To sum up then, Mother: Assuming that the girl or boy of junior high school age has learned some basic restraints, respect for authority, feels secure in his family, enjoys their complete confidence and comradeship, and gradually acquires good habits of work and play and responsibility for his own behavior entering college should not be fraught with great dangers to him nor anxieties to his parents.

Latest Troth Of Princess Recalls Many Engagements

Ileana, the fair young princess of the Rumanian royal family, is betrothed again—this time to Archduke Anton of Austria. Many times in the past, rumors have had her engaged to various princes of Europe. Her last announced engagement was broken through governmental interference.

BY M. E. COLEMAN
(Associated Press Feature Writer)

Princess Ileana, she of the lilting name and venturesome disposition, is betrothed.

Ever since she was 15 years old, and that was seven years ago, the question of a husband for her has been one of the stock subjects for Rumanian and European gossip. The list of engagements that have been rumored constitutes an almost complete directory of the remaining crown princes of the old world, with a few dukes and plain princes thrown in for good measure.

There were rumors at the time that Dowager Queen Marie was disappointed at failure of plans to match Ileana with King Boris of Bulgaria. She married her two elder daughters to kings, her namesake Marie being queen of Jugoslavia, while Elizabeth is consort of George, ex-king of Greece.

No Thirst For Throne

Ileana herself has never had any ambition for a throne. Perhaps the troubles of Elizabeth, who had to manage on an income of $10,000 a year after her dethronement, until her father willed her a quarter of a million, had something to do with this.

At any rate, the youngest daughter has said that she is tired of royalty.

"It is so hard to find a husband," she once complained.

The man of her choice, the second to whom she has promised her hand, is Archduke Anton of Austria. He is a working aviator, the decline of royal fortunes after the war having forced him to earn his living as a test pilot and airplane factory consultant in Spain.

Royal Rift Disappoints

Ileana's friends hope there will be no such unfortunate denouement to this engagement as she experienced last year. She had accepted Count Alexander of Hochberg, but the Rumanian government broke up the match.

Then Queen Marie took her to Egypt to forget. Ileana herself did not acknowledged that the romance was ended until some months later.

Besides King Boris, Ileana had been named as a possible mate for the Prince of Wales, her kinsman in that both are great-grandchildren of Queen Victoria. There were persistent reports that she was to be the future queen of Italy by marrying Prince Humbert; of Spain by marriage to the Prince of the Asturias; of Austria by union with Archduke Albrecht, one of the pretenders to the vacant throne of that country.

It was in the midst of all these rumors that she visited the United States in 1926.

A jesting remark by Queen Marie on the eve of departure, that she saw no objections to upstanding Americans as husbands for royal princesses, brought a flood of mash notes and mail order proposals to Ileana.

The trip gave her one of the thrills of her life when a roadster she was driving from Chicago to Indianapolis side-swiped a truck at Grant Park, near Kankakee, Ill. Two Culver cadets were with her and the machine swerved on a curve made slippery by a wet snow.

It was a shaken and shivering princess who had to seek medical help for her nerves at a drug store in Rossville, Ind., a few miles further on. Newton D. Knight, cadet colonel, drove the machine the rest of the way.

She has had other adventures, chiefly on the Black sea, where she qualified in navigation and won a commission as captain in the Rumanian navy.

In September, 1927, a storm caught her in an open boat and the craft tossed for six hours before it made port. Two years later the yacht which she commands struck a rock and careened until it seemed certain to capsize. But the boat righted herself and was pulled off in safety.

Varied Programs Are On Schedule For Methodist Missionary Circles Monday

With members of several circles devoting the time to visiting others in First Methodist Women's Missionary society had unit programs Monday afternoon.

Mrs. R. T. Campbell led the devotional and Mrs. H. W. Proctor of Slaton conducted the Bible study when members of Circle 10 met with Mrs. L. E. White, 2017 5th street. Eight members and three visitors were in attendance.

Circles 3, 6 and 7 visited during the afternoon.

Mrs. Wade Biggers conducted the devotional at a meeting of Circle 2 with Mrs. C. B. Powell, 2303 16th street. Frances Wade Biggers read. There was an attendance of three visitors and five members.

Mrs. J. F. Hawthorne led the devotional and Mrs. J. W. Watson taught the lesson when members of Circle 9 met with Mrs. Pink L. Parrish, 904 Avenue R. A study of "Jesus Teachings On Human Relationships" was completed at this meeting. Six women were present.

In Musical Program

Meeting with Mrs. C. M. Mitchell, 2312 16th street, members of Circle 1 heard a musical program Monday afternoon.

Carolyn Reynolds sang a vocal solo. Frances Wade Biggers gave a reading and Helen Reynolds and Mrs. Ethridge W. Eagan played piano solos. Miss Gildwell Mullins played a number of selections on the accordian.

Preceeding the program, Mrs. N. T. Cellum led a devotional lesson. Eight members and seven visitors were present at this meeting.

Three visitors attended a meeting of Circle 5 with Mrs. J. L. Hill, 2401 22nd street. Bible characters were discussed with each of the 16 in attendance taking part and Miss Tennie George led the devotional. The visitors were Misses Lillian Ferguson, Ernestine Aycock and Grace Fletcher.

Meeting with Mrs. H. H. Halsell, members of Circle 4 heard lesson talks by Mrs. J. O. Haymes and Mrs. J. C. Crr. Mrs. Haymes led the devotional.

Girls Auxiliary Has Meeting Monday

A program was directed by Mrs. T. J. Allen and Miss Marion Early Monday afternoon when members of the Calvary Baptist Girls Auxiliary met at the church. Those who attended were Thelma Ruth Harris Katherine Wilson, Lorene Jones, Earline Hardy, Dorothy Jones, Elizabeth Alred, Juanita Tapp, Maydell York, Ruthie Mae Alred, Charlie Marie Moore, Ruth Mae Martin, Myrtle Foster, Laura Mae Weatherman, Jimmy Louise Allen, Mrs. Farris Moore, Allen, O. E. Early and Miss Early.

Mrs. J. E. Hartley Speaks At Meeting

Mrs. J. E. Hartley discussed a chapter in the book, "Being Towed In", Monday afternoon at a meeting of the First Christian General Aid society at the church. Friendship was the topic for a devotional lesson and Circle 1 members were in charge for the afternoon.

Mrs. H. W. Moore led the devotional and Miss Louise Jennings played a piano solo. Mrs. R. A. Mills presided during a brief business session and a social hour followed. There was an attendance of 37 women.

Episcopalians Meet With Mrs. Smith

Meeting with Mrs. Jerome Smith, 2517 22nd street, members of St. Paul's Episcopal auxiliary heard a discussion of the negro problem Monday afternoon with Mrs. John C. Granbery as speaker.

Mrs. Ward Powell was a visitor and others who attended were members.

Danger
in accepting unknown substitutes for Kotex

WHEN substitution may endanger health, beware! When considering a substitute for Kotex, pause. Ask yourself: "What do I know of the hygiene of this sanitary pad? Who made it? Where?"

These questions remain unanswered when you accept a substitute of whose makers you know nothing. Yet they *must* be answered for your safety.

The answer, of course, is Kotex. Always Kotex. Then you're safe. Kotex is made in hospital-like surroundings. More than ten million Kotex pads were used by hospitals last year. This assurance of safety is beyond price.

Kotex is adjustable. Shaped to fit. May be worn on either side with safety.

Calvary Women In Circle Gatherings

Women in Calvary Baptist Women's Missionary society devoted Monday afternoon to circle meetings.

Rev. C. J. McCarty taught the Bible lesson for members of Circle 1 in a meeting with Mrs. J. J. Weatherman, 2010 Avenue L. The next meeting will be with Mrs. M. G. Wilson, 1113 18th street.

Those who attended were Mesdames Wilson, J. Z. Adams, C. L. Nauls, C. A. Dawes, O. L. Hughes, J. A. Alred, O. E. Early and D. A. Wilson.

Circle 2 members met with Mrs. J. H. Conner, 1610 Avenue Q and heard a Bible lesson taught by Mrs. H. R. Sprawles. Those who attended were Mesdames A. A. Bratcher, C. B. Jones, L. G. Moss, T. G. Allen, L. F. McCrummen, R. D. Sprawles, C. J. McCarty and Comer.

Two visitors, Mrs. E. E. Brock and Mrs. D. S. Gentry, attended a meeting of Circle 3 with Mrs. J. H. Ritchie, 2017 10th street. Mrs. B. F. Jackson conducted a Bible lesson. The next meeting will be with Mrs. W. A. Clements, 1306 6th street.

RALLS WOMAN IS INJURED

HOUSE DEMOLISHED BY GALE ACCOMPANYING RAIN AND HAIL

Demolishing a house eight miles south of Ralls, a gale accompanying rain and hail yesterday afternoon resulted in injury of Mrs. Wes Anthony and narrow escape of her four small children.

The woman suffered a severe cut on the head and body bruises. Her children were reported not injured. The Anthony home was the only one reported damaged in this region.

Rain and hail fell south and east of Lubbock yesterday afternoon. Considerable electrical display accompanied it.

Rain, ranging from a quarter of an inch to one inch, fell over the Ralls territory. Light precipitation was recorded at Crosbyton.

Moisture estimated at one inch, accompanied by hail, fell at Slaton and Southland. The hail at Slaton caused slight damage to gardens and early crops.

A light rain fell at Lamesa during the afternoon. Cloudy sky last night gave promise of more precipitation, it was reported here.

Strong winds and a trace of moisture were recorded here.

Decision In Toll Case Is Deferred

KANSAS CITY, Kas., May 19 (AP)—Decision in a controversy over tolls charged to cross a bridge spanning the Red river between Denison, Tex., and Durant, Okla., was deferred Monday by Federal Judge John C. Pollock pending filing of further briefs in the case.

Joseph W. Bailey, Dallas, Tex., attorney for the bridge company, has pending before Judge Pollock a motion to dismiss the tolls case. It is based on the assumption that Dwight Davis as secretary of war ordered a reduction of charges from 75 cents to 35 cents by the authority of a statute which is unconstitutional, and that the order was promulgated after a survey conducted by an assistant. Bailey contends Davis did not have the right to delegate power to make such a survey to his assistant.

The Davis order was reiterated by Secretary Hurley, Davis' successor.

Finds An Effective Treatment For Arthritis

A Pasadena man who had been bed-ridden with Arthritis (stiff joints) for three years reports that he secured a prescription which restored him to an active life. He then supplied the formula to a number of others who were afflicted with Arthritis, Neuritis, Lumbago, Gout, Sciatica and various forms of Rheumatism, and they, too, reported their first relief. Now he wants all who suffer from any form of rheumatism caused from excessive uric acid to know about this wonderful prescription, and says he will gladly send a trial supply of the treatment, with full particulars, to anyone who writes him. Just send name and address to Renton, Desk 202, Station C, Pasadena, Calif. Do this today.—Adv

Her keepers fear that she will continue in her decline and die of starvation.

TRIAL IS SET FOR JUNE 1

DALLAS CAPITALIST IS CHARGED WITH FEE FORGERIES

DALLAS, May 19 (AP)—Trial of John W. Bowen, Dallas capitalist, for the alleged forgery of nine witness fee certificates has been set for June 1 at Austin. Notice of the date was received here with subpoenaes for twelve witnesses, including W. A. Weaver, a handwriting expert.

Another person summoned was Mrs. E. P. Barnes, widow of E. Porter Barnes, who committed suicide in Smith county some time ago as officers presented a warrant for his arrest in connection with the alleged forgeries, claimed to have totaled between $150,000 and $200,000 in Dallas county.

The criminal appeals court asked Hawkins Scarborough, district judge at Corricana, or the district court there to hold a hearing to determine the amount of bail. If no hearing is held by Saturday, the men will be granted bail of $5,000 in each case, the court said.

Seek To Eliminate All Gulf Drilling

HOUSTON, May 19 (AP)—"Concerted action" will be undertaken by gulf coast oil operators to eliminate all drilling, except where mandatory under lease conditions, the advisory committee named to aid the state railroad commission in enforcing proration has decided.

That announcement was made Monday afternoon by R. H. Hargrove, chairman of the committee of eleven.

"The committee," Mr. Hargrove said, "voted to ask the railroad commission not to issue any further orders on gulf coast proration for 30 days. We believe that within 30 days we can bring production within our allowable—140,000 barrels by this curtailment of drilling."

R. D. Parker head of the oil and gas division of the commission, attended the meeting.

Charges Of Playing Fantan Are Filed

SAN ANTONIO, May 19 (AP)—Charges of playing fanian were filed against 13 Chinese before Justice of the Peace John P. Onion Monday because the lookout was declared to have taken a nap.

Deputy constables said they visited a house Saturday night and seeing a Chinese seated in the doorway smoking, they passed on, as if they were out for a stroll.

They returned at 2 o'clock in the morning and found the lookout asleep. The officers tip-toed past the sleeping man and entered a large room, where it was declared they found 13 men about a table. All made bonds of $100 each.

Fourteen Injured In Lisbon Bombing

LISBON, May 19 (AP)—Fourteen persons, including several students, were injured last night in the fourth bombing in Lisbon Monday.

Fifteen persons were injured by the explosion of three bombs while crowds were returning home from yesterday's celebration in honor of President Carmona.

The fury of the people rose to a high pitch. They gesticulated with their fists and shouted "Down with the communists!" "Down with the revolution!"

LAVENDER NOT EXPECTED TO DEFEND WEST TEXAS GOLF CROWN

SPYING ON SPORTS

Are we dreaming? Are we really going to see a season of organized baseball? Will Lubbock again have a team capable of playing organized baseball? Are we going to be able to see night games, when the sand has ceased to blow and the sun to beam so scorchingly?

* * *

If Associated Press reports and telephone conversations are to be taken seriously (and the A. P.'s watchword is accuracy) that is just what is going to happen. And for those who still love the afternoon game (there must be fully half a dozen in Lubbock) there will be the City league which gets under way this afternoon with two games.

* * *

But back to the Panhandle league and night baseball on the South Plains. Lubbock is to have a professional baseball club again and Lubbock is to have a baseball park equipped with high powered floodlights and comfortable seating arrangements. It was so established in Amarillo Sunday afternoon when the organization of the Panhandle League was formally completed.

* * *

Harry Wanderling, former power in the Western league, Western association and one of the organizers of the West Texas league in 1928, has declared himself owner of the Lubbock club, holding a franchise to play his team in the Panhandle league. He is in Lubbock today making arrangements. It is likely that construction of a new park and the ordering and placing of lights will begin this week. The season opens June 10.

* * *

The Lubbock team will be a new organization altogether, if we understand the plans at all. The Hubber franchise belongs to three Lubbock men, with John Dalrymple appearing to be the leader. Dalrymple said yesterday that nothing had been said to him or to the other franchise owners concerning the movement. So it is taken for granted that Wanderling will bring in a new club.

* * *

J. Alvin Gardner, president of the Texas league, has accepted the position as president of the Panhandle league, which consists of clubs in Lubbock, Amarillo, Pampa and Plainview. Gardner will serve without monetary imbursement for one year, and Milton Price, secretary for the Texas league, will serve in the same capacity, only without pay, for the Panhandle League.

* * *

Wanderling, in a long distance conversation with S. D. Hunter, second vice-president of the new organization, said that he would back up the local club financially until it was able to pay its own way. That's the one shining light in the whole thing. We fear that if Lubbock were held responsible for making the game pay here the promoters would be out of luck, for Lubbock has yet to show that it will go to baseball games.

* * *

A letter from Amos Melton, golf editor of the Fort Worth Star-Telegram, brings considerable disappointment. Melton states that as far as he is able to ascertain only one golfer will represent Fort Worth in the annual W. T. G. A. tournament here this week. He is Lee Davis, and a fair hand with the clubs at that.

* * *

Maybe so Davis can represent Fort Worth with sufficient ability so that the West Texas amateur crown can be carried to Cowtown, but it is hardly likely. Davis has been burning up the courses at Fort Worth. We had been under the impression that Ft. Worth was to make a strong bid for the 1932 tournament, really a large and meaningful affair, but with only one golfer coming to enter the tournament here it would be somewhat shameful to consider giving that city the 1932 host.

* * *

Amos says he will be here, providing the managing editor is in a state of congeniality, and hopes to see a great tournament. He says it will be his first experience with the W. T. G. A. and he expects to see some powerful clubbing.

* * *

Wichita Falls is expected to send a big entry to the tournament, qualifying rounds of which begin on Thursday. Sanderville is also a contender for the tournament next year. Al Parker, sports editor of the Wichita Daily Times, probably will accompany the Wichita Falls players here. Parker is a golf enthusiast of the first water, one of the few sports writers who prefers golf to any other sport.

"Cleopatra," a 3,500-pound hippopotamus costing $4,000, has been added to Swope park zoo at Kansas City.

CITY LEAGUE TO OPEN TODAY

CHAMPION NOT ENTERED IN MEET HERE

STRONG FIELD LOOMS FOR ANNUAL PLAY THIS WEEK

Present indications are that there will be no defending champion among the entries in the seventh annual West Texas Golf association tournament, which begins at the Lubbock Country club with a qualifying round Thursday morning. Dennis Lavender, winner of the tournament last year, has failed to enter the lists so far and it is thought that he will not be here this week. He won the 1930 tournament while living at Abilene. He has since moved to Dallas and Dallas is beyond the realm of the W. T. G. A., Fort Worth being the most eastern city.

Should Lavender enter the tournament at the last minute, he would find a strong field against him at the first tee. West Texas is sending its best amateur golfers to Lubbock this week to take part in the tournament. Among them will be J. Dixon White of Dublin, runner up in the tournament for the past two years and a respected golfer wherever he plays. He is now attending John Tarleton college.

The tournament gets under way Thursday with an 18-hole qualifying round for all entries. More than 500 golfers are expected to tee off at the Country Club course next Thursday, 128 of which number will be divided into four flights of 32 each for match play on the following day. Preliminaries will rage through Friday and Saturday with the final 36-hole championship matches slated for Sunday. This is the first time in the history of the seven-year-old association that the tournament has been held on a weekend.

Officials of the Lubbock Country club are applying the finishing touches to the course and to the program today and tomorrow, and it may be that a qualifying round for Lubbock players will be held tomorrow, due to the fact that the Meadowbrook club has been admitted to the association's membership and will send a number of golfers to the tournament, making a special qualifying round for Lubbock players necessary.

Special entertainment will feature on the evenings of the tournament. Dances and other social activities are planned for every evening during the four-day tournament. Many golfers will be accompanied by their wives. The Lubbock Hotel has been designated as headquarters for the tournament entries.

The incomplete entry list in the hands of the local tournament committee, headed by Jo Dick Slaughter, shows that nearly 300 golfers from about 25 clubs have signified intentions of entering the tournament. Wesley Read, president of the Lubbock Country club, states that delegations from 40 clubs are being urged to enter the tournament. The W. T. G. A. now consists of a membership of 36 clubs, though approximately that many others are being solicited for membership.

Outstanding among the early entries are the names of golfers from Lubbock, Amarillo, Abilene, Post, San Angelo, Fort Worth, Wichita Falls and Dublin.

Lubbock will pin its hopes on Gibson Payne, a shooter in the low seventies at the Country club, and Clint Bussey, winner of the W. T. G. A. championship in 1929. Abilene will be represented by C. R. Pope and J. P. Bohannon as the strongest contenders of that city. Other Abilenians who will be here are a couple of southpaws, John Pennell and H. W. Weldon. Bill Yager, Lee Henry and J. Campbell Jones will also journey to Lubbock.

ENGINEER TRACK TEAM IS WINNER

Coach Herschel Tadlock's Engineer tracksters totalled 53 points yesterday to win the Texas Tech intramural track and field meet over three other teams. The Liberal Arts team came second with 40 points and the Army nosed out the Aggies, 24 to 23, for third place.

For the third time this year Coach Tadlock, a varsity regular in season, was high point man, gaining a total of 15 to beat Leon Fisher's 13. Fisher did the century in 9.9 seconds for the best time of the day.

Yesterday's program ended the Texas Tech athletic activities for the year. Awards will be made at the next all-men's fun night program in the gymnasium.

STARS OF GAMES ON YESTERDAY

Babe Herman, Robins—Came out of batting slump to clout Cincinnatti pitching for single, double, triple and home run; drove in five runs.

Bill Walker, Giants—Held Cardinals to six hits; beat them 6-3.

Ed Brandt., Braves—Won sixth straight game of season, holding Pirates to five hits.

EXPORTERS' WINNING STREAK HALTED AS CATS HOLD LEAD

(By The Associated Press)

Monday games in the Texas league saw the ten game winning streak of the Beaumont Exporters stopped at Fort Worth where the Cats won, 4 to 2. Hap Collard limited the Exporters to eight hits to stave off the recent rush of the Beaumont boys who swept from fourth to second place during their consecutive wins.

The game was purely a case where the Panthers bingled in the pinches. They secured only six hits off Malicky, but they got them in the right spot. The victory enabled Fort Worth to gain a full game in the pennant marathon.

At Wichita Falls, the Spudders defeated Houston in a well-played 5 to 4 contest. They won with a three run rally in the ninth. Ash Hillin, Wichita Falls pitcher, was the hero of this rampage with a triple that scored two runs and tied the count at 4-all. Hillin scored a moment later to win his own game.

Dallas, in a night contest, defeated Galveston at Dallas, 13 to 6. Grady Adkins, on the mound for Dallas, allowed nine hits but kept them scattered until the Steers had stacked up a 13 to 1 lead in the first four innings.

The Shreveport-San Antonio game was rained out.

TWO GAMES TO BE ON THIS AFTERNOON

SIX TEAMS COMPRISE LOOP; GAMES FOUR DAYS EACH WEEK

Four of the six teams in the Lubbock City baseball league play the opening game this afternoon at 6 o'clock to start the season. The Avalanche-Journal club will meet the American-Lions team on the former's field at 22nd Street and Avenue T. The Rainbows and Santa Fe teams meet on the Texas Tech park.

Six teams comprise the City League, with games scheduled for four days each week. No games will be played on Sundays, Mondays, or Saturdays. Two games will be played on each Tuesday and Thursday with one game on each Wednesday and Friday.

Managers and officials of the league met last night at the chamber of commerce rooms in the city hall to thrash out details and determine playing parks. It was decided to levy a charge of 10 cents for admission to the games, that money being used to defray expenses of the league, going in to a common treasury.

Teams and their managers have been elected as follows: Hollis Payne, Avalanche-Journal, M. D. Newton, Rainbow; Virgil Goodman, Wholesalers; A. D. Chase, Texas Utilities; O. B. Conley and Vaughn Wilson, American Legion-Lions and Bill Hargrove, Santa Fe.

AMERICANS MEET WITH REVERSES

WESTWARD, HO, Devon, Eng., May 19 (AP)—The American contingent suffered a succession of reverses in early matches of the second day's play in the British amateur golf championship today.

Tom McGuire of Stockton, Cal., who had won his first round match in easy fashion yesterday, went down today before R. S. Andrews of Westward Ho, 3 and 2.

Two native Americans who make their homes in England also were beaten. Douglas Grant of London, who has won many minor English tournaments, was trounced by Rex Hartley of the Royal St. George's club, 5 and 3. Paul Asbill, who entered from the Essex County Country club of New Jersey, fell before A. R. Nail-Cain, of the Royal and Ancient, 4 and 3.

E. J. Hadden, of Oakland, Cal., eliminated the veteran American Joshua Crane, of Brookline, Mass., in a second round match, 4 and 3. Both had drawn first round byes.

Charles Lewis of Hollywood, Cal., who was to have met Maj. C. B. Ormerod of Berkshire, withdrew from the tournament.

McGraw Proves New Ball Will Aid Giant Pitching

GABBY STREET THINKS IT WILL BE ATHLETICS, CARDINALS IN WORLD SERIES; HOLDS GIANTS POWERFUL

NEW YORK, May 19 (AP)—Gabby Street has an idea it's going to be the Athletics and the Cardinals again in the world series this year, which means that the St. Louis pilot is not unduly worried about the rest of the National league opposition.

"This is the club right here that we have to beat," he said, waving a hand at the Giants who were stepping snappily through fielding practice before the third game of the series. "If McGraw gets the pitching, they'll be dangerous but even then I don't think the Giants or anyone else will head us off this year.

"We've got nine pitchers, the class of the league. We were good enough to win last year and we're stronger this season in addition to the pitching. What other team in the league has a young outfielder good enough to keep a star like Taylor Douthit out of the lineup?"

The world series idea still stuck in Gabby's mine.

"We should have beaten them last year but we'll do it certainly this time. Of course the Athletics will have plenty of opposition beating off Washington. That's a well balanced club and the double headers later on in the season aren't going to help Connie Mack's three-man pitching staff any.

"I figure just as I did last fall and I've been thinking about it all winter—there wasn't a single ball or a single play in that series that I could have second guessed on or changed judgment on, in any way. The games Philadelphia got the breaks in they won. The games we got the breaks in we won. When we didn't get the breaks we lost.

Says American Stronger

"It'll be like that again, if things go the way I think they will this season. There's nothing to this idea that the American league is stronger than the National. We have a harder season than they do. For the past few years the American league winner has come down to the finish well out in front and with a chance to rest. That's important.

"Of course," he said, "this stuff don't mean anything now. We've got to win a pennant first.

"Hey you fellows, let's get out there now and beat this club again. They're not so tough."

All Is Forgiven; Catcher To Return

PITTSBURGH, May 19 (AP)—Everything is forgiven and Ralston Hemsley, the catcher, is to return to the Pittsburgh Pirates this afternoon in Philadelphia.

Hemsley, suspended by Manager Jewel Ens for failing to report for an important series after a brief leave of absence, received a telegram from his boss last night and he departed immediately for the east.

Turnesa Sets Pace In Leeds Tourney

LEEDS, Eng., May 19 (AP)—Joe Turnesa, American professional, today carded a 69 in the first qualifying round of the $5,000 Leeds professional tournament to take an early lead over the big field.

Turnesa's fine 69 was a record for the course. He turned the first nine in a regulation 36 but came home in a 33. The old record was 70.

Turnesa won the Leeds tournament last year.

Turnesa's fine display was in contrast to the play of the other three Americans in the tournament.

Tony Manero and Horton Smith, who finished third in the $7,500 Southport tournament last week, took 76s. Joe Kirkwood, the New York trick shot artist, was closest to Turnesa with a 74.

HURLING PUTS TEAM IN SECOND PLACE BEHIND CARDS

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

John J. McGraw predicted in the training season that the new ball would have a marked influence on the National league race and made his plans accordingly.

"All I need," the Giants' pilot said at San Antonio, "is pitching, and I'll get that with this new ball. It's going to make a big difference. You'll see."

Just About Right

How well McGraw sized up the situation is admirably illustrated in the standing today. Largely because of hurling the Giants are running a powerful second in the National league, a bare half-game behind the St. Louis Cardinals. McGraw's moundsmen have gone the route in 14 out of 24 games, the highest average in either league.

Another Giant, Phil Walker, pitched the full nine yesterday in setting the Cardinals down, 6 to 3.

Ed Brandt, the Braves' big Southpaw, who could win only four victories out of 41 games in which he participated last year, scored his sixth straight triumph at the expense of the Pittsburgh Pirates, 3 to 1.

Robins Down Reds

Led by Babe Herman, the Brooklyn Robins enjoyed a field day against the luckless Cincinnati Reds. The score was 14 to 4, and Herman cracked a homer, triple, double and single.

Don Hurst's pinch single off Jakie May drove in the winning run as the Phillies scored twice in the ninth to nose out the Chicago Cubs, 5 to 4.

The Chicago White Sox turned in the neatest trick of the day in the American league when they rallied for six runs in the ninth round to beat Boston, 9 to 8.

Athletics Win

There was no sign of a let-up on the part of the Athletics as they continued their whirlwind tour of the west. They defeated Cleveland for their tenth straight victory, 10 to 7, taking a firmer hold on first place and sending the Indians down to sixth.

The New York Yankees kept pace by scoring a 20 to 8 victory over Detroit and squaring their four-game series.

TEST REDUCED RAIL FARES

MAJOR RAILWAYS ARE FACED BY GROWING BUS COMPETITION

BY F. A. RESCH

CHICAGO, May 19. (AP)—Faced by growing bus competition, major western railroads are testing reduced fares to determine whether passenger business is increased sufficiently thereby to justify "bargain rates."

Thus far the proposition has been purely experimental and already one road, the St. Louis and Southwestern, has announced it will seek to restore its regular fare rate—but continuation of the tests this summer is expected to reveal definite conclusions in the railroads' profit and loss column.

Try Every Means

Railroad officials, seeking methods of increasing revenue, say frankly they are trying every feasible means of inducing the public to respond to the lure of a bargain.

A few are optimistic of results; many others are not.

Passenger rates on some occasions have been slashed to a cent a mile.

The Chicago, Milwaukee, St. Paul and Pacific has offered one-way rates of two cents a mile on approximately 1,000 miles of its system. The line also tried cent-a-mile round-trip rates, and offers coach excursions to and from Chicago on frequent week-ends. Its tests will be continued throughout the summer.

On approximately 700 miles of the Chicago and Northwestern system the two-cent-a-mile coach fare has been tried. "Back home" week-end excursions at rates varying from a cent a mile to fare and one-third for round trips, have been offered, with two-cent-a-mile fares in pullmans.

Excursions Made

The Rock Island lines have tried similar tests, with frequent excursions at rates up to two cents a mile in parlor cars and pullmans.

The Illinois Central also has offered low-priced excursions but there has been no reduction of the line's basic rates except in restricted areas among points where there is competition with other lines.

The Minneapolis, St. Paul and Sault Ste. Marie—the "Soo" line—since May has reduced round-trip fares by 25 per cent, upon payment of regular pullman rates.

Further experiments are planned by the Atchison, Topeka and Santa Fe, which so far has tried special rates between certain points.

LOUISIAN CABARET, FAMOUS CENTER OF TAMPICO NIGHT LIFE, IS CLOSED

MEXICO CITY, May 19. (AP)—A dispatch to La Prensa from Tampico said the Louisian cabaret, famous as the center of Tampico's night life during the oil boom days, had been forced to close because of an embargo applied by the city government.

The Louisian was one of the best known foreign night clubs to Americans and stories of its painted women, its screaming American jazz music and its subtle tangos and dances have often appeared in print.

It came into being with the mushroom growth of the city when it grew almost overnight from a typical small native town to a bustling place of nearly 200,000. Oil operators, drillers and others who found business in and about Tampico in those days made the Louisian cabaret their rendezvous and at one time it was reputed to be netting its owners a fortune.

In recent years, with falling off of oil activity, the Louisian was the only cabaret able to hold on, barely managing to make expenses.

Two Men Sought In Dallas Kidnaping

DALLAS, May 19 (AP)—Police today were seeking tow men who early last night kidnaped 15-year-old Allen Dale Primm, apparently in the belief he came of a wealthy family and with the intention of holding him for ransom.

The youth, after convincing his captors the family was unable to raise a large amount of cash, was released two and a half hours later.

Primm described one of his captors as 40 or older. The other was 23 or 24 years old, he said.

Thought For Today

I hearkened and heard, but they spake not aright; no man repented him of his wickedness, saying, What have I done? every one turned to his course as the horse rusheth into the battle.—Jeremiah 8:6.

• • •

Repentance is but another name for aspiration.—Beecher.

Responsibility

Gerard Swope undoubtedly struck a popular note in telling the International Chamber of Commerce that the "dole" is harmful both for the man who gets it and for the community that pays it. However, he followed it by pointing to a fact that is often ignored—that industry itself must find some fair and workable alternative if the dole is to be avoided.

This fact, self-evident as it is, gets overlooked with surprising frequency. The dole has been damned from one side of the world to the other in the last decade; the alternative to the dole has seldom been given much attention.

The evils of the dole are fairly obvious. England is painfully familiar with them. Hundreds of thousands of young Englishmen are growing into manhood without ever having held jobs in their lives. They have not had to work. The government has supported them. Some of them prefer to remain unemployed. Why work, when a kind government will pay you a wage anyway?

It is no wonder that industrialists have looked on the dole as a radical device only one degree better than outright Communism. But, as Mr. Swope points out, there is another side to it.

England is paying the dole because she has to. Unemployment has been widespread and chronic ever since the war. England has missed actual revolution, in the years since 1918, by an incredibly narrow margin—the margin of the despised dole. With all of its evils, the dole has kept the nation from collapse.

In this country, today, we are having our troubles with unemployment. It has been widespread enough and it has lasted long enough to make many people look wistfully at the British dole system. Mr. Swope, in condemning the dole system, very properly goes on to say that if industry wants to avoid the dole it must, by its own forethought and planning, avoid unemployment.

That, after all, is what it all comes down to. The ordinary man is entitled to a job. If his country's economic system is so poorly constructed and so badly synchronized that he cannot get one, he is entitled to some sort of pittance that will keep him and his family from starvation.

Industry, naturally, abhors the dole. Too often it forgets the responsibility to which Mr. Swope has pointed—that industrial leadership must make the dole unnecessary. Mr. Swope has done the country a great service in making that responsibility clear.

The Problem

The emergence of Russia as the world's leading producer of wheat adds just one more troublesome item to the list of things that the American farmer has to worry about these days.

It is not generally realized that a good share of the American wheat belt's trouble is due to the fact that Russian wheat was out of the world market during and just before the war. This led to a great expansion of wheat acreage both in the United States and in Argentina—and paved the way for the present overproduction.

Russia's soil is ideally adapted to the production of wheat. The 1930 crop, aggregating over one billion bushels proves it. And the market a decade ago. This enormous crop, consequently, means a tremendous surplus, for which the American producer must suffer. Is it any wonder that wheat growers are getting gray hairs?

Skunk skins have advanced 10 per cent, according to fur quotations. So long as it isn't 10 per scent.

THE Plainsman is an old country boy and hasn't been many places. But the diner on this train is the largest he has ever seen. They are serving three fine meals daily to 144 persons—actual count—and there is absolutely no confusion. Waiters in restaurants who have trouble serving coffee without making it half-in-half—(Half in the saucer and half in the cup)—should take some lessons from the diner waiters. Despite the swinging of the speeding train they are serving coffee without slopping a drop. That's news.

GOVERNOR Sterling broke one of the two records he is charged with having set during his term thus far, but the other is still intact. He really did show up to speak briefly in welcoming the trippers to Austin but he was about 25 minutes late for the appointment. Austin observers claim the Houstonian has set two records—one that he rarely meets appointments; the other that when he does meet them, he's late. However, in fairness to him, he did greet the Panhandlers with hearty words of welcome.

Europe Recovering From Post-War Illness In Spite Of World-Wide Slump; Feels Drop In Values Less Than U. S.

WASHINGTON, May 19.—Commercial history in the last few years appears to have damaged the theory that Europe was on its last legs.

It makes a lot of difference to this country. No one disputes the growing interdependence of the two continents. Europe provides half our export markets and the percentage of loss in exports to Europe during the period of depression has been less than that in our exports to any other continent.

The United States is more important to Europe as a source of supplies than as an export market, it was pointed out by economists at the International Chamber of Commerce congress here, and Europe is more important to America as an export market than as a source of supplies.

Despite foreign protests at our high tariffs and international debt payments, monographs, reports and speeches at the congress were in essential agreement that Europe had begun a period of convalescence from her post-war illness and that European commercial progress would continue despite the world-wide depression. When the depression arrived, her exports to America had been increasing and she was again holding her own in the markets of the world.

European delegates brought statistics to show that from 1926 to 1929 industrial output increased more rapidly in many European countries than in the United States and from 1929 to 1930, the first full calendar year of depression, it decreased more rapidly in the United States than in the leading countries of Europe.

Foreign trade values decreased everywhere in 1930 they said, but the shrinkage was less marked in Europe's leading countries than in the United States.

Although 1929, except for 1920, was America's record year for foreign trade, Europe's share of international trade had risen from 49.6 per cent in 1926 to 52.2 per cent in 1929.

Consumes More Raw Materials

Between 1926 and 1928 European consumption of such basic raw materials as coal, fuel oils, copper, lead, zinc, tin, aluminum, rayon, wool, rubber and cocoa increased while American consumption decreased, according to figures presented by Alberto Pirelli, the Italian industrialist, who was chairman of the Europe-United States committee which had supervised an immense amount of research and produced many long reports for the congress.

Also, said Signor Pirelli, although the United States owns 75 per cent of the world's operating automobiles the number of new registrations of motor cars in 1930 was 453,000 in Europe and only 123,000 in the United States. John H. Fahey, the American publisher, former president of the international chamber, said the trade of Europe as a whole had expanded at practicaly the same rate as that of war period.

Fahey also made the interesting observation that it was an open question, raised by able economists, whether living standards in the United States had risen more rapidly than in Europe. Comparisons, he said, might be merely matters of opinion and the variations simply those represented by different tastes and attitudes of mind.

In a careful examination of 1930 from the American standpoint, he showed that our foreign trade had fallen off considerably more in value than in volume, owing to lower commodity prices. American foreign trade reached a peak of $13,500,000,000 in 1920, fell almost by one-half to $7,000,000,000 in 1921, reached $9,200,000,000 in 1928 and $9,600,000,000 in 1929, only to fall to $6,900,000,000 in 1930. The last total was 28 per cent below 1929 and 25 per cent below the average for the previous five years.

But although our exports fell 27 per cent from 1929 value to $3,843,000,000 in 1930, the Department of Commerce, making adjustment for price changes, has estimated that the quantity of our exports dropped only 18 per cent. And imports of $3,061,000,000 for 1930, which was 30 per cent off from 1929, represented a quantity decrease of only about 15 per cent.

Our four leading exports, Fahey reported, fell off like this, comparing 1930 with 1929; Cotton, 36 per cent in value and 12 per cent in quantity. Automobiles, 49 per cent in value and 56 per cent in quantity. Gasoline increased six per cent in quantity but declined six per cent in value. Leaf tobacco increased one per cent in quantity and lost one per cent in value.

The European experts, analyzing past American commercial progress and prosperity with the development of mass production, united in stressing the abundance of our natural resources and the lesser density of our population. They also mentioned the great size and unique uniformity of our domestic market. Every American, they said, was born thrice as rich as every European. But they also gave us credit for being young and smart and vigorous, a race well fitted to make the most of our privileges nad opportunities.

They noted the improving condition of Europe and suggested that American was sooner or later bound to slow down her rate of industrial progress while undertaking to demonstrate the old continent's economic vitality.

"Europe is old but not decrepit," said Pirelli. "She is an invalid putting on flesh and this is a reassuring symptom."

Diet and Health

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1436 East Twelfth street, Cleveland, O. The pamphlets are "Reducing and Gaining," "Feminine Hygiene" "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

"ROSE FEVER"

When the roses bloom again, Jessie, dear, there will be a number of unfortunates with runny noses and itching eyes, who will curse the roses loud as well as deep.

Dr. Clendening

But the roses have nothing to do with spring hay fever or seasonal catarrh. For most victims the attack begins the last of May or the first of June and goes through June and sometimes part of July. This is roughly the time when the roses also bloom, and because they flower about the time his troubles begin and fade about the time they end, it is natural for the victim to blame it all on the roses.

But in spite of all this seemingly overwhelming evidence, the fact remains that the roses are not the guilty party. You cannot produce rose fever with rose pollen or rose dust, but you can produce it with the pollen of the grasses. Grass does not have a conspicuous flower like the rose, and that is why it went so long unsuspected as the cause of early summer catarrh. But it has a flower just the same, and it blooms at the same time the roses do, scattering its light pollen to fertilize other flowers on the wind. And some of this wind-borne dust lights in the "rose" fever patient's nose or eyes and causes the symptoms.

Blue grass and orchard grass and timothy are the commonest causes of spring hay fever. The trees produce it in some other people but these are in the minority. The cottonwood and the box elder pollenate in April, the oak and ash in May, the walnut in May and early June. Rye, dock, bluegrass, orchard grass, lamb's quarter and timothy, successively, from early May to late July.

Treatment has been given by vaccines. These vaccines are made by dissolving the pollens in a liquid and giving increasing doses to the patient by hypodermic injection. As a preliminary the exact grass to which the patient is sensitive must be found. This is done by scratching the skin and placing some of the pollen extract in the scratch.

After considerable experience with it, I have come to the conclusion that the vaccination method of treating seasonal catarrh is a failure. It is time consuming and uncomfortable and only gets good results in a small percentage of cases.

The best way to prevent hay fever or rose fever is by using a pollen filter in your bedroom and the room where you work. A doctor who has been interested in this work uses one of these filters for his son, who has hay fever, and reports successful results, which is pretty good evidence of what he thinks of the vaccine and air filter treatments. Information on such filters can be obtained from a surgical supply house.

SWAN

In New York With Gilbert Swan

NEW YORK, May 19.—The tower of the Empire State building, rising one-quarter of a mile from the street, has become the big town's newest toy.

Crowds of natives and tourists stand in line, as at the box-office of a theatrical hit, waiting their chance to take a 102-story trip.

Hazy weather has been experienced on most of the days since the building was officially opened, and the highest peak to be built by man is being titled "the fog belt." Many have discovered that once they reach this amazing perch, they frequently are unable to see anything. The round-trip fare, including stop-over privileges at the 86th floor, is one dollar.

Which reminds me, that already they're beginning to talk about the 110-story Metropolitan building.

• • •

FOR many years, experts have been inquiring into the question of just how much these huge buildings sway. Serious attention has been given the problem of whether or not the sky is the limit.

There is, statistics show, a very definite swaying, but no danger is attached.

One of the games played by the pioneers who make their way to the Empire State's sky nest is that of trying to detect the building in process of swaying. This is done by using a strong pair of binoculars or a telescope. The idea is to fasten one's gaze on some window of a nearby building. Shutting one eye, the degree of movement can be detected.

• • •

AND while talking about Manhattan's bigger and better projects, the wreckers are now at work upon the new adio City, which will be the capital of the entertainment world when completed.

While every building over an area of many blocks had been condemned, hundreds of old-timers did not move until the last minute. More than 300 businesses and families left in a single afternoon. Trucks and vans jammed the streets, and their movement was reminiscent of covered wagon caravans of the old days on the western plains, or comparable to the flight of survivors from a stricken city.

• • •

IN designing the super-center, the architects hit one serious snag. A certain merchant, who possessed a long lease, refused to give it up. Under the law, he had a perfect right to remain where he was.

But the presence of his building gave the designers a tough brain teaser. They have solved the problem by deciding to put a building right over this man's place of business. The construction will be such that when the man's lease expires the old building can be torn down and proper changes made in the new structure.

ALTHOUGH nobody ever asks my opinion in the matter, I frequently am inclined to argue with Pulitzer prize awards.

So while Margaret Ayers Barnes wrote an excellent novel, my own decision would have gone to Elizabeth Madox Roberts for "The Great Meadow," and I think I should have given the biography prize to Genevieve Taggard for her excellent biography of Emily Dickinson.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

BACK into town they came, by chance, upon a pretty Chinese dance performed by little native girls, all dressed in colors bright. A platform stood out in a park and Scouty shouted, "What a lark! Let's join the crowd and sit right down to watch this thrilling sight."

And so they settled down once more. Said Clowny, "What's the whole thing for? It must be someone's birthday!" Mister Travel Man laughed loud. Said he, "These dances, as a rule, are put on by some public school. When parents see their youngsters dance it makes them feel real proud."

The pretty dance was shortly o'er and then applause came in a roar. The Tinies clapped their little hands to show they liked it, too. A little tot dropped to her knees and sang a number in Chinese. "I'd like to meet her," Clowny said, when her sweet song was through.

The Travel Man said, "Not today 'cause we must be upon our way. I know where there's a mule cart that will furnish us some fun. The mule's so kind he's safe and sound. We'll each take turns in driving 'round." And so they started walking through the bunch preferred to run.

They found the cart and, my 'twas queer. Said Clowny, "Hey you lads, look here. It only has two great big wheels and they are made of wood. Let's all hop on and ride at once. I'll drive and do some clever stunts." The Travel Man replied, "All right, but drive just as you should.

"Don't try to pull off any tricks or you will get into a fix." The Tinymites then climbed aboard. The mule pricked up his ears. Brave Clowny promptly cried, "All Set?" And all the others yelled "You bet!" And then they started down the road amid real happy cheers.

JUST DRAGGED AROUND, WEAK

When In This Condition, Kentucky Lady Took Cardui and "Improved So Much."

"I believe it will strengthen and build one up, and help in many ways," writes Mrs. J. R. Clark, of Hopkinsville, Ky., in referring to Cardui, a medicine long used by women and which helped Mrs. Clark as described below:

"A few years ago," she says, "I was in a very weak, run-down condition. It is hard to describe how bad I felt. I know I was sick, for I did not feel like doing my work. I just dragged around. I was getting nervous, and knew I must do something to keep from getting sick in bed.

"I had heard so much about Cardui, I decided to try it, and I haven't regretted it.

"I improved so much. I felt like a new person. I often wonder why we suffer when there are such good remedies as Cardui. I am glad I found it so that I can recommend it to others."

Let this recommendation help you get started on the road to better health.

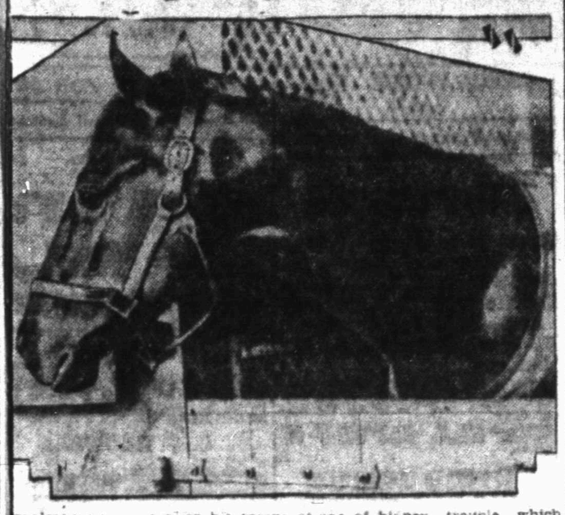

Cardui has been in use by women for more than fifty years.

"I Find Many Uses for Avalanche-Journal Want-Ads," —says Mrs. Housewife

"Such a time-saver! And results follow so QUICKLY! They're my very first thought whenever there's a WANT to be satisfied.

"When we moved last fall, our delightful bungalow was located through these Want-Ads. We sublet our old apartment in the same way. And last week they helped us again! You'd know what I mean if you saw it on our driveway . . the cutest, prettiest sedan you ever laid eyes on, almost new. And we found it in the Avalanche-Journal Want Ads.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, May 19 (AP)—Cotton opened active but rather easier here today owing to lower cables than due. First trades showed losses of 7 points on all active months which was not as large a decline as the cables warranted. The market soon eased off further however, July dropping to 9.10 and October to 9.45, or 10 to 12 points below yesterday's close.

This early decline attracted covering as shorts were afraid the weather man would show unfavorable weather in the belt. Prices rallied 9 points from the lows and were steady at the end of the first hour.

The market ruled quite steady most of the morning, improving on shorts covering owing to the firmer technical position and to map indications of approaching unsettled weather. July traded up to 9.30 and October to 9.41, or 19 to 20 points above the early lows and 8 to 9 points above yesterday's close.

Toward mid-session, prices eased off 8 to 9 points from the top on realizing and selling by ring traders but the undertone continued steady.

NEW YORK REPORT

NEW YORK, May 19 (AP)—Cotton opened easy 4 to 8 points lower in response to relatively easy Liverpool cables and there was some selling on the easier openings of the stock market.

July declined to 9.10 and December to 9.65, making net losses of about 7 to 10 points during the first few minutes but these prices seemed to be bringing in an increased trade demand which came partly from foreign sources and included some buying by brokers with Japanese connections. There also was covering which became more active after the posting of the weather map showing showers or rains in parts of the western and central belts, and some buying may have been encouraged by reports of slight rallies from the opening declines in the stock market.

Trading was quite active, with July selling up to 9.26 and Dec. to 9.18 by the end of the first half hour, or about 3 to 9 points net higher on the more active positions.

Liverpool cables said local and foreign liquidation had been taken by covering and buying for a reaction in that market.

The rally from the opening decline extended to 9.29 for July and 9.84 for Dec., making net advances of about 8 to 12 points on the general list. Trading then tapered off and the market was comparatively quiet later in the morning with prices holding fairly steady at reactions of 5 or 6 points from the best. At midday July was ruling around 9.24 with the market 2 to 6 points net higher.

Stock Market

WALL STREET REPORT

NEW YORK May 19 (AP)—The stock market finally sold itself into a rally today but not until early heaviness had carried U. S. Steel, American Telephone and Atchison, among other leaders, to new lows on moderate overnight declines.

The low Steel Common was 98 1-4, followed by a recovery to just above par. American Telephone dipped 1 3-8 to 168 and rallied to 171. There were net gains of 1 to 2 points in American Can, Northern Pacific, New York Central, National Biscuit, Southern Pacific, Consolidated Gas, Westinghouse and Eastman. Union Pacific gained nearly 3.

Call money renewed at 1 1-2 per cent.

Grain Market

CHICAGO REPORT

CHICAGO, May 19 (AP)—After an irregular start, grains moved upward early today. Liverpool dispatches said wheat demand was improving, that stocks in six chief European ports had been reduced almost half compared with a month ago and that estimated planting this season in Australia showed almost 5,000,000 acres curtailment.

Opening ½ cent off to 1-4-3-8 up, wheat afterward scored additional gains. Corn started 3-8 lower to 7-8 higher and subsequently rose all around.

Father Of County Agent Assi. Dies

Dr. J. H. McClain, assistant head of the dairying department of the bureau of animal industry of the U. S. department of agriculture and father of R. N. McClain, assistant county agent, died at his home in Campobello, S. C., Monday, according to a message received by his son here. Death was unexpected, although the elder McClain has been ill for months.

R. N. McClain is the only son. He left Monday night for home. Mrs. McClain has been ill for years.

Dr. McClain last year visited Lubbock and ten West Texas counties inspecting dairy herds. He met with hundreds of dairy farmers and had promised to return this year, if possible.

Funeral services are expected to be held Thursday.

The tallest known ferns exist in the Hawaiian Islands, where they grow to a height of 30 or 40 feet.

Butler To Organize Oregon Cops

Marine tactics will invade Oregon with the coming of Major General Smedley Butler, noted marine officer, to organize a new state police force. President Hoover and Secretary of the Navy Adams have signified their willingness to give him a month's leave of absence. Photo at right shows the general at his desk in Philadelphia when he was safety director there, in 1924 and 1925. At upper left is a photo of Butler as he looks today, and lower left, Gov. Julius L. Meier of Oregon, whose efforts were largely responsible for bringing the marine firebrand to Oregon.

MABRY RITES SET TODAY

FARMER AND RANCHER OF SLIDE DIES ON MONDAY AT HOME

Funeral services for Jim Mabray 75-year-old farmer and rancher who died at his home Monday afternoon after a short illness, were to be conducted at 2 o'clock this afternoon at the residence near Slide.

Burial was to be in Lubbock cemetery by Bynum-Morgan Funeral home.

A son, Coleman ("Bill") Mabray, is a member of the Lubbock police force.

Besides his widow and son here, Mr. Mabray is survived by the following children: Gail, Saul, David and Martin Mabray and Miss Louise Mabray, of Slide; Mrs. J. B. Stanford, of Elida, N. M.; J. A. Mabray, of Littlefield, and Jack Mabray, of Mexico.

TWO DISMISSED FROM HOSPITAL

S. K. Maclin, who suffered fractures of the right arm and thumb and Willie Melton, 13, whose scalp was lacerated, have been dismissed from West Texas hospital.

Maclin, about 64, was hurt while working in a blacksmith shop here Friday. The Melton boy was injured by an ax blade which came off the handle while he was repairing fence on an uncle's farm near here Monday.

Improvement was reported by attaches of West Texas hospital today in the condition of John DeCory, who last Tuesday night jumped from his automobile about nine miles south of here. He suffered internal injuries and a dislocated shoulder in leaping from the car, which he expected to overturn.

Gradual improvement was reported this morning in A. M. Becton's condition. A pioneer resident of Lubbock county, Becton underwent an operation for appendicitis Monday morning at West Texas hospital. Attendants this morning said his condition still was critical as a result of a ruptured appendix and general peritonitis.

SEEK PASSAGE OF OIL LEGISLATION

AUSTIN, May 19. (AP)—The railroad commission today urged enactment of oil legislation in a statement addressed to Governor Sterling with copies placed on desks of members of the legislature.

The commission did not recommend any specific bill but stated "it is obvious that the commission cannot properly or promptly enforce its orders under present laws and without funds available and consequently the waste of oil and gas in this state is enormous."

A crisis has arisen in the field of oil production, the commission said. It stated Texas needed some law by which the orders of the commission could be enforced while they were being attacked in courts, provisions for speeding up court machinery so suits attacking proration might be speedily disposed of.

The hostesses were Mesdames R. C. Harvey, William Levine, Russell Smith and A. Sansom.

Those who played were husbands of the hostesses, Messers. and Mesdames Clarence Martin, Hurley Carpenter, V. W. Bradley, Earl McKinney, Dewey Campbell and Mrs. Gettys Tucker.

High scores were made by Mrs. Carpenter and Mr. Harvey and Mrs. Bradley cut high.

NEGROES HELD

(Continued from Page One)

but was soon dispersed.

The mob first formed here late in the afternoon when the negroes were placed in jail. At the time it was known that only one was under arrest. The guardsmen were placed on duty after appeals to Governor L. G. Hardman from local officials.

Two local units of the national guard roped off a deadline around the jail. The mob soon grew to 1,500 or more and cut the ropes, surged into the jail, and beat the locks on the cells of one of the negroes before they were repulsed.

Seize Fire Hose

Outside the Elberton fire department played streams of water on the mob until members seized the hose and turned it on the firemen and guardsmen. Then the guardsmen hurled tear gas bombs, but the mob boomeranged them back. Rifle fire followed and Emory Edwards and Lyne Crowder, both of Elberton, fell with wounds in their legs.

One round of fire curbed the mob considerably, but tear gas bombs were used intermittently.

Assistant Chief of Police C. W. Johnson said one of the negroes had confessed to participation in attacking the woman, but placed most of the blame on the other.

Kidnaping Suspects Are Asking Release

DALLAS, May 19 (AP)—Two men held in the Corsicana jail charged with kidnaping Robert Cerf, Corsicana banker's son, last December and obtaining $15,000 ransom for his release, looked toward Dallas today for the next move in their fight to obtain release on bail.

Jimmie and Doyle Nash won their contention in the court of criminal appeals at Austin yesterday on habeas corpus proceedings for release under bond in the Navarro county charges, kidnaping and conspiracy. Currie Caldwell, named with them in the Corsicana charges, also was allowed bail at the hearing. Charley Rassell, a fourth member of the quintet indicted at Corsicana, remained in jail, and Oliver Clapp, the fifth member, had not been arrested.

FUNERAL TO BE HELD TODAY

RITES SCHEDULED AT BROWNFIELD FOR M. G. COPELAND

BROWNFIELD, May 19. (Special)—Funeral rites for Morgan L. Copeland, bank cashier who shot himself Monday morning were to be read at 4:30 o'clock this afternoon at the First Baptist church here. Burial was to be in Masonic cemetery at Brownfield.

A suicide verdict was returned by a peace justice following an investigation of the death. Copeland, about 35, shot himself in the head with a revolver while in a telephone booth in the Brownfield State bank, of which he was cashier.

Active In County

Recently elected president of the South Plains Bankers association, Copeland also had been active in 4-H club organization in Terry county. He was a mason.

Worry about his own poor health and the critical condition of his mother, Mrs. W. M. Copeland, was believed to have resulted in the shooting.

A brother, Andrew Copeland, vice-president of the State bank, was said to be suffering from nervous shock following the death of his brother.

The condition of Mrs. Copeland, mother of the two, was reported as virtually unchanged this morning. The father, Doctor W. M. Copeland, practised medicine here until a few years ago.

Books of the bank are in good condition, the county attorney and bank officers said.

DAMAGE SUIT

(Continued from Page One)

has known Spikes for the past 11 years, testified that Mr. Spikes bore a good reputation. He also admitted a lack of personal knowledge of Mr. Spikes' life in New Mexico.

W. P. Pullingim, a resident of Lorenzo who has lived in Crosby and Lubbock counties for 34 years, testified as to the general reputation of the plaintiff. He first met members of the Spikes family in 1897, he said. Under cross examination he said his father and Fred's father were "step brothers or half brothers." He said he had heard charges against Fred, Jeff and John Spikes and "might have heard Bud Lee" mare them, but if so, he had not considered them worth listening to.

Heard "Talk"

L. O. Burford, who has known Mr. Spikes for over 28 years, gave the same testimony. He was cross examined by C. C. Crenshaw and said he had first met Fred Spikes in Crosby county but "knew Jeff better" as he had traded with the latter at a general store at Emma, then county seat. He admitted hearing "talk about the Spikes boys."

W. K. Dickinson said he had known the Spikes family since 1908 and that Fred's reputation was good. He had heard the "early day version" of the trouble, he admitted.

E. L. Klett cross examined all but Mr. Burford. Mr. Lockhart conducted the direct examination.

Fred Spikes said he was born in Kaufman county and was 11 years old when he came with his father, John Wesley Spikes, a stock farmer, to Crosby county, in 1890. The trip was made by hack for the family and by wagon, drawn by oxen, for the household goods. There were 500 head of cattle in the herd.

Three-Month Trip

In the party besides the parents were the sons, Jeff, John, Ernest, Fred, Dick and Sam, and two daughters one married and Elizabeth, now Mrs. Temple Ellis. Three months was consumed in the trip.

Stories of the activities of the boys from the time their father died, in March of 1892 about a year and a half after his arrival in the frontier county of the South Plains, until the trip to New Mexico in search of free range for cattle, were told under direct examination.

John had first gone to New Mexico, followed by Jeff, Sam and Fred, who together had about 475 to 500 head of cattle. Mesa Redonda was 10 or 12 miles west of the caprock of the Plains, and about 45 miles west of the Texas state line.

Asked if he had ever heard of a man named Raspberry in New Mexico, Spikes said, "I never heard of him until after this suit was filed."

Adjournment was taken until 2 o'clock in order to give time to attorneys to prepare their work. Mr. Spikes was to relate details of the slaying of his two brothers at the afternoon session.

WOMAN SOUGHT IN JAIL BREAK TRY

A woman sought in connection with an attempted break early Sunday from city jail had not been arrested at noon today, police and sheriff's departments reported.

The attempted break was frustrated after sawing of bars was heard Saturday. A guard armed with a shotgun was stationed outside of the window to prevent the prisoners from escaping. Two bars had been cut.

A search Sunday uncovered two saws in the men's cell. Investigation indicated that several prisoners had planned to make their escape. One of the inmates stuck his head through the window and discovered that their plans had gone astray. No attempt was made by any of the prisoners to get out of the building, officers said.

SLATON MAN IS INJURED HERE

JOE ROGERS SUFFERS FRACTURED LEG IN MISHAP MONDAY

Bruises and a fractured left leg were suffered Monday afternoon by Joe K. Rogers, 43-year-old Slaton resident who was struck by an automobile on Avenue J between Thirteenth and Fourteenth streets.

R. O. Marshall, 19, of 1914 Twenty-ninth street was driver of the car which hit Rogers.

The accident occurred when Rogers attempted to walk across Avenue J. He said he thought he had plenty of time to get across the thoroughfare before the automobile reached him, officers said.

Did Not Have Time

Marshall said the man came out from between two automobiles and that he did not have time to stop his machine after he discovered Rogers.

The young man and his mother, Mrs. H. H. Marshall, who also was in the automobile, stopped and summoned aid. The man was carried to the Lubbock sanitarium in a Bynum-Morgan ambulance.

Lubbock CC Wants Convention Bills

Statements of debts contracted by the Lubbock Chamber of Commerce in connection with the convention here last week should be furnished the local chamber immediately, as a final compilation of expense figures is underway.

It is necessary for the local organization to file a report with the West Texas Chamber of Commerce within the next few days, an official of the Lubbock chamber said. Funds derived from registrations are to be used to settle the convention accounts.

"The convention is over and we are anxious to pay our bills as early as possible," the official said.

LUBBOCK CITIZENSHIP THANKED FOR PART IN PLAYING HOST TO W. T. C. C.

Lubbock's citizenship was thanked for its part in playing host to the West Texas Chamber of Commerce convention last week in statements Monday by C. E. Maedgen, president, and A. B. Davis, manager, of the Lubbock Chamber of Commerce.

Mr. Maedgen's statement follows:

"Lubbock has the reputation, not only all over Texas, but throughout the Southwest, as being one of the most hospitable towns there is, and her citizens have certainly lived up to and improved on this reputation during the 13th annual convention of the West Texas Chamber of Commerce.

"It has seemed to me as president of the organization that every citizen has exerted himself or herself to render a service during this convention.

"Literally hundreds of our citizens in all lines of business volunteered their service to the Lubbock Chamber of Commerce for this occasion.

"It is this 'Shoulder to Shoulder' spirit on the part of our citizenship that is building Lubbock and the South Plains section and, both personally and on behalf of the Lubbock Chamber of Commerce and Board of City Development, I want to express appreciation to our citizens as a whole and individually."

Mr. Davis issued the following statement:

"Without doubt, Lubbock's greatest asset is the harmony and cooperation of her citizenship. This spirit of our people is of greater value than any of our other assets, physical or material. This spirit of cooperation was never better shown than last week during the W. T. C. C. convention.

"Lubbock has put over her biggest convention in a well nigh perfect manner and the credit goes individually and collectively to the entire citizenship. Not only have the business institutions of the community cooperated and served, but the individual employees of every institution have rendered very, very much worthwhile cooperation and assistance.

"This is, indeed, appreciated by the officers, directors and membership of the Lubbock Chamber of Commerce and Board of City Development, and on their behalf we do sincerely thank every individual and organization who contributed to this our most successful convention job."

TEST FOR GAS LEAKS

When you disconnect your room heaters to store them away for the summer, be certain there are no leaks.

To determine this, shut off all valves tightly, then watch the hand on the smallest dial on the meter, for ten minutes or so.

If this hand moves there is a leak somewhere. Do not try to find the leak with an open flame. Rub soapy water over the joints and fittings.

Clean your stoves and rub them with oil before storing them away for the summer.
