Lone Wolf Creek clean-up planned

A committee has been organized under the sponsorship of the Colorado City Area Chamber of Commerce to learn the communities level of interest in a beautification project to develop the 2 mile stretch of land that runs along the Lone Wolf Creek.

"We have a diamond in the rough," said Duff Chesney of the Lone Wolf Creek area and the possibilities that could be brought by the Lone Wolf Beautification Project.

"I've had this project on my mind ever since I moved back from Houston, in the spring of 1988," said Chesney.

"The idea is not original," he said. "It's been thought up by other people and goes back to the middle 1960's when some property was donated to the city."

Taking action, Chesney called a

meeting and met on Feb. 5, with A. W. Phillips, chairman of the Colorado City Park Board; Buddy Foster, City Manager; and Jay McCollum, Executive Director of the Chamber of Commerce.

As a result of that meeting, Chesney began to look into the organization that would be required to develop a plan and implement a beautification program with the target completion date of a project set for Feb. 28, 1993.

Preliminary committees have been established to find out the communities level of in taking an active participating role with a beautification project include:

Commissioners' met for session on Thursday

A called meeting of the Mitchell County Commissioners' Court was held on Thursday at the Courthouse.

Business conducted during the session included action on the extension of a county road, awarding a bid for crushed rock and continuing discussion on the county's personnel policy manual.

Commissioners' approved a request to extend a portion of a road which had previously been designated as private road.

A petition signed by residents of adjoining properties was presented to the court by Commissioner Ed Roach from residents requesting a 1-and-one-tenth mile extension of

County Road 117, which is located in precinct 1.

A bid was awarded to Yates Construction Materials of Abilene for 50,000 cubic yards of crushed rock to be used in the county's road maintenance projects.

CISD Trustees' adopt redistricting proposal at meeting Thursday night

The trustees' of the Colorado Independent School District held a special called meeting on Thursday evening to adopt a redistricting resolution and call for the election of the school district trustees'.

Redistricting proposal 2B was adopted by the school district trustees' at the meeting.

The trustees' were told at the meeting that proposal 2B was the only balanced plan which trustees' had before them at the meeting and caused the least distortion of the current district lines.

The voluntary redistricting process is being conducted in order to bring the 7 single-member trustee districts within the parameters of the governing statutes including the Department of Justice and the Texas Education Board.

Oscar Ortiz, chairman of the Citizens Advisory Committee, recommended the approval of plan 2C to the board.

The proposal 2C was essentially plan 2B with 4 blocks from district 1 moved into district 2.

The trustees' at the meeting noted that plan 2B did not affect the ethnic ratio percentages of the minority and impact districts that had been established, that the variation of the population between the 7 districts was only 61 people or 7.09 percent and that no changes were made to the rural districts.

The districts as broken down according to plan 2B include:

--District 1: A total population of 860 people which is 65.7 percent White, 31.51 percent Hispanic, 2.67 percent Black and .12 percent listed as Other.

--District 2: A total population of 885 people which is 76.61 percent White, 20.34 percent Hispanic and 3.05 percent Black.

--District 3: A total population of 836 people which is 44.02 percent Hispanic, 39.95 percent White, 15.67 percent Black and .36 percent listed as Other.

--District 4: A total population of 830 people which is 60.84 percent Hispanic, 29.28 percent

White, 9.52 percent Black and .36 percent is listed as Other.

--District 5: A total population of 852 people which is 78.99 percent White, 18.78 percent Hispanic and 2.23 percent Black.

--District 6: A total population of 871 people which is 79.45 percent White, 18.94 percent Hispanic, .92 percent is listed as Other and .69 percent Black.

--District 7: A total population of 891 people which is 75.65 percent White, 20.54 percent Hispanic, 3.14 percent Black and .67 percent is listed as Other.

The motion to approve plan 2B passed by a margin of 5-1, with Yolanda Molina voting in opposition.

Following the school board's approval of the redistricting plan, a resolution was passed calling for the Saturday, May 2, election of all 7 trustee places which includes:

Bobby Lemons, Executive Vice President of the City National Bank of Colorado City, has stepped into a new role and will serve as Chief Executive Officer (CEO) of the financial institution until the vacancy is permanently filled.

The resignation of the Bank's President and CEO, Robert G. Alford, who had served as City National Bank's chief officer since coming to Colorado City from TAB Bank of Breckenridge in 1985, was announced on Thursday, by Board Chairman Raymond Fuller.

"Mr. Alford is planning to pursue other business interests," said Fuller who noted that, "The

bank has enjoyed a period of expansion and improvement during the employment of Mr. Alford and I wish him success in his future business activities."

"The City National Bank remains committed to its 92-year history of service to the financial needs of Mitchell County," said Fuller.

"The change in the Executive Officer position of the bank will not affect the goals of the bank to continue to be the financial institution with the strength and resources to adequately provide all services required by our customers," he said.

"City National Bank is a very strong capitalized independent bank," said Lemons, who noted the bank's position of equity capital at \$7,418,000 and bank assets totaling over \$75,872,000.

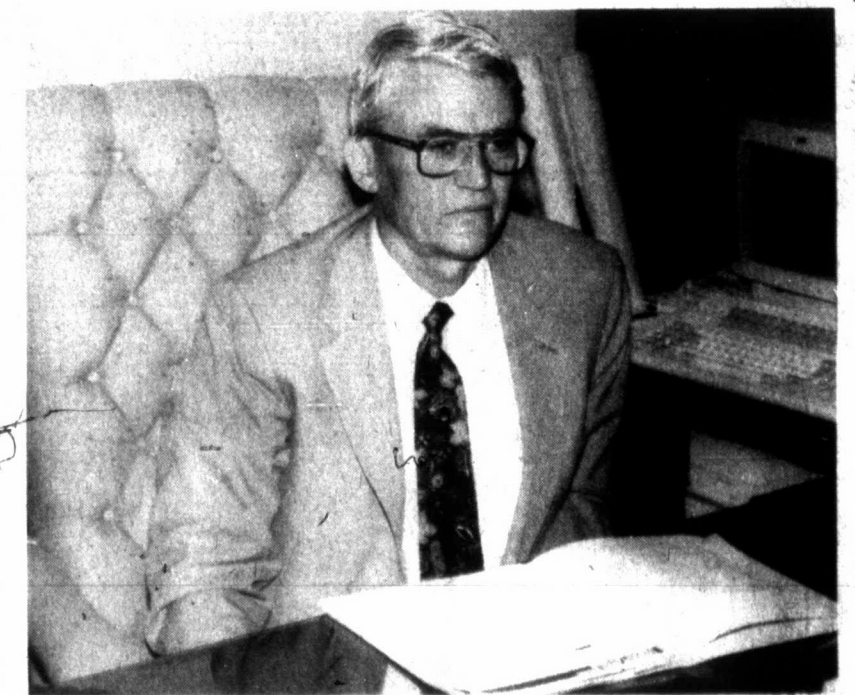

"I am working with the Board of Directors and will be in charge of the day-to-day operations," said Lemons, "during the interim period while the bank is searching for a permanent President and CEO."

Lemons brings 19 years of experience with the operations of the City National Bank to the top office, joining the staff as a Vice President in 1973.

He is a graduate of Texas Tech University and worked for 7 years as the County Extension Agent for Mitchell County and for 4 years as the Assistant Agent in Hale County.

He is actively involved with the community, serving on the Mitchell County Board of Economic Development, the Veterans Land Board of Mitchell County and the Mitchell County Appraisal Review Board.

FROM THE EDITOR'S DESK

DEAN WILLIAMSON

Did you ever sit down to rest for a minute at the end of the day and realize that you were supposed to be somewhere else?

Imagine how surprised I was when I turned on the television the other day and found that the Winter Olympics are on and the American team was there!

I couldn't believe it. How can they hold the Olympics without letting me know ahead of time!

I had a dream a couple of weeks ago and when I woke up I knew that life wouldn't be complete without a gold medal -- so I was going to go get one!

At first I thought about learning how to skate so I could win the figure skating competition, but I found out how that skates can cost as much as a hundred dollars -- and I didn't want to wear one of those sequined outfits.

I later found out that some people practice more than a few weeks before entering such competitions.

So I ruled out skating. Skiing was already ruled out.

I know how to ski, but my skiing is a little bit like President Gerald Ford's golf game -- it's dangerous to spectators.

So I decided not to enter the skiing competitions after realizing that in one run down the side of the hill I could start a world war.

I thought for a moment or two about entering the ski jumping competition, but decided not to enter a sport in which people sort of expect you to crash.

But I still had a desire to fulfill my quest for a gold medal. It was then that I decided to enter the luge competition.

I'm not even too sure what luge refers to, but after I found out that they don't imprint the name of the event you won on the gold medal, I decided that, after I got back home I'd tell everyone I won it doing something else.

Winning the luge event, I decided must be the easiest to win. You can't tell me that people practice it, since most people don't even talk about it in mixed company.

Having decided on an event where I would be on equal footing with the rest of the competitors, I began to make room for the gold medal I would be bringing home from the games.

The worst thing about deciding to compete in the luge competition was knowing that I would have to be on television in a outfit that looks a lot like a pair of long underwear.

But the camera doesn't hang around the luge competitions very long, so that didn't even phase me much.

I would go to the games, ride the sled down one of those trails that looks a lot like those I've ridden at water wonderland park rides - and pick up my medal.

But I've been cheated out of my medal! The American team loaded up and went over to France without me.

I still haven't figured it out. I called up to Colorado Springs which is supposed to be America's version of Mt. Olympus and tried to talk to someone about going with the team.

Of course it was at the last minute, since I didn't even have the dream that requires me to win a gold medal until just a few weeks ago.

So I'm going to have to wait four more years to get a chance at adding a gold medal to my collection.

And since I have four years to look forward to it, I might even have a chance to practice it before I go win the gold medal doing it.

Surely they won't leave me behind next time!

"Their main responsibility would be to feed any information that they think would be of value to the committees and to take information back to their clubs and organizations from the meetings that are held."

"A bank account has already been opened at City National Bank," said Chesney, "for any donations."

"I made it very clear that the capital cost of this project is not going to be borne by the city," he said. "If we can't do it with volunteer labor and money, we'll just drop it."

--Land Committee: Tom Rees, chairperson; and Buddy Foster.

Nursing home costs of approximately \$1,466,120 were paid for aged and disabled residents. Community Care for Aged and Disabled spent \$134,742," Dunavant said.

Food stamps worth \$874,574 were issued for the fiscal year which ended August 3,1 while Aide to Families with Dependent Children (AFDC) totaled \$173,377. Food stamps are funded entirely by the federal government, while the department determines eligibility of applicants and issues the food coupons.

The state and federal government share in the cost of AFDC to families where needy children are deprived of support because of the absence or disability of one or both parents.

In addition to services and assistance to low-income residents of the county, the department extended protective services to 37 abused and neglected children and their parents or caretakers. These services, furnished without regard to family income, were designed to reduce or eliminate danger to children.

There were 15 investigations in adult protective services. These investigations concerned reports of abuse, neglect, or exploitation of elderly or disabled adults.

Mr. and Mrs. Philip Vigil Jr.

Hollis, Vigil united in December ceremony

Philip Vigil Jr., son of Felipe and Celia Vigil of Westbrook and Stacy Marie Hollis, daughter of Weston and Velma Hollis of Abilene exchanged wedding vows December 21, 1991 in the First Baptist Church of Westbrook. Performing the ceremony was Bro. Bob Hays. Music was provided by Mrs. Charles Ranne of Westbrook. Arthur Hines of Westbrook was the usher. Sally Parker of Westbrook was the matron of honor and Felix Vigil, the groom's brother, was best man.

Weston Hollis, father of the bride gave the bride away and Mrs. Velma Hollis, mother of the bride, made both the wedding cake and the groom's cake.

The bride wore a full length white bridal gown with a chapel length train, and a blue bridal garter given to her by the groom's aunt, Erma Melendez of Colorado City.

The wedding bouquet of pink and lavender flowers was made by the groom's aunt, Petra Fuentes of Westbrook.

The groom wore a black formal tuxedo, and a white shirt with a lavender bow tie and cummerbund.

The wedding photographs were taken by the bride's uncle, Gary Dupree.

Family and friends of the couple came from Abilene, Trent, McCauly, Longview, Colorado City, and Westbrook to share in the couples ceremony.

McGee still "whipping" around

Lily McGee of Colorado City makes cow and horse whips for area ranchers on her back porch, the way her late husband taught her.

Policy, her husband, worked for many years as a brand inspector and began making the whips which were bought by customers at the auction barns and ranches of West Texas.

"I just grew to it," she said, "when my husband was sick he would say, 'Now finish this,' and I would. If I had any problems, he'd tell me how to fix it."

The self-professed 'workaholic' is the mother of three grown children who finds time to enjoy life and the company of her nine grandchildren and six great-grandchildren on top of staying busy with her work.

She has been busier than usual after being featured on a recently televised edition of the *Country Reporter*, receiving mail and phone calls from across the Southwest from people wanting to place orders and find out more about how she makes the whips.

After her husband passed away, Mrs. McGee and one of her daughters finished the whips to complete an order that her husband had been working on -- and she hasn't stopped building whips since.

Her client list is made up of customers from around the Big Country area.

One of the regular customers of her whips is Edsel Newsome who runs the San Angelo auction barn.

"He has said, 'I've sold over a million cows with these whips,'" she said, and he has framed a worn whip which he used at so many of the livestock auctions.

The whips which she provides have become a part of the culture of the Southwest and the cattle industry which plays an economic role in this part of the country.

"My husband learned this from his grandfather who lived north of Loraine when he was about six-years old," she said.

"But I never paid any attention to it," said Mrs. McGee. "I had

always been busy and never even thought about doing it myself."

Through the years of their marriage she often went with her husband to buy the necessary supplies for the whips, but for a long time she never planned to make one.

But her husband's health began to falter, and for twelve years she drove him wherever he needed to go.

"Well," she said, "I knew what he was doing."

She would go to the stores and buy the fishing rod blanks which are used in the handle of the whips and the leather.

The tools and equipment that she uses to make the whips are kept next to her work area, where she will be busy for several months to fill the orders for the whips that have recently come in.

Loraine homemakers meet in Jan.

The North Loraine Extension Homemakers Club held their regular meeting on January 22, at 2:00 p.m. at the Loraine Senior Citizens Center. Hostess was Lola Faye Bennett.

President Margaret Brame called the meeting to order. Bessie Ann Vaughn read "Dedication of Book" from the TEHA Program Book.

The program, "All Stressed Up and Nowhere to Go" was presented by Dana Tarter. She enlightened the group with very helpful and information points on stress -- What is it, and how can you deal with it? Points of interest were control the best way of dealing with stress, and causes and symptoms of stress.

Mrs. Tarter explained some symptoms can be high or low blood pressure, eating disorders, fatigue, hyper-activity, talkativeness, hot flashes, or cold chills.

People under stress are more accident prone, have more illnesses, low resistance to colds or flu, heart attacks, etc....

Know your own stress level. Practice new behavior and change if you'd like to. Laugh, its best to keep happy.

Some things you can do to relieve stress are exercise breathing, take a "mind" vacation, talk with someone, avoid self-medication. You cannot ignore stress!

Roll call was answered with something you'd like to learn to do, with thirteen members and two guests present.

Minutes of the previous meeting were read and approved. Thank you notes were received from each of the kids who participated in the Loraine Stock Show.

The treasurers report was given by Billie Schroeder. Report was given on the Mitchell Co. Stock Show concessions, which was very successful.

Wanza Graham gave the Council report. Each club is to provide two nominees to the Council to pick voting delegates from for the TEHA District meeting to be held at Fredericksburg on March 24. The motion was made and seconded to nominate Billie Ruth Abernathy, along with Pat Carter, TEHA Chairman.

Discussion was held whether to continue greeting card sales as a fund raiser. It was voted to continue card sales.

Veida Gage explained to the group there may be some children in the Loraine area in need of winter clothing. Discussion was held how our club could purchase or find outer wear for needy children. Mrs. Gage will head the project.

Other fund raisers were discussed, as well as serving a Sunday dinner and selling tickets. Motion was made and seconded to hold a Sunday dinner. Plans will be finalized at a later date.

Members present were Mildred Rose, Billie Ruth Abernathy, Veida Gage, Rachael Singleton, Effie Wheeler, Darlene Hamrick, Jimmie Jacks, Bertha Faye Snyder, Bessie Ann Vaughn, Wanza Graham, Lola Faye Bennett, Margaret Brame, and Pat Carter. Guests were Dana Tarter and Doris Henderson. Mrs. Henderson became a member of our club.

LETTERS TO THE EDITOR

Dear Editor:

In 1982 for reasons to numerous to mention in this letter I moved to Colorado City. I will state the primary reasons were to live in a community in which the environment would be conducive to raising a daughter and to be closer to my late and beloved sister and her children. I want to say at the outset that I am thankful for my decision as there are many memories that my family and I will always cherish: and for the most part there are no finer people than the people of Colorado City. However, almost immediately upon arriving I have painfully and silently stood by as my friends, loved ones, and more importantly my relatives endured the shame, embarrassment, and humiliation of idle gossip and vicious rumors. Rumors that I was a drug dealer, a bookie, a gunrunner, rumors that untold and innumerable women were pregnant by me, and when these untold and innumerable women turned out not to be pregnant, of course they all, as rumor had it, has obviously had abortions; and yes there was also the rumor that I was "gay".

More recently I have been denied employment specifically because of a rumor that I was soon to be indicted by the Federal Bureau of Investigation for wrongdoings with the local Savings and Loan. Employment I should add, that my family and I desperately need at this time. (I always intended to name one of our speedhorses "RUMOR" in hopes that it would run as fast as a rumor can spread.)

For the most part I have chosen to ignore these rumors hoping, praying, and believing that they would go away and realizing that the people who know me would know better. To this day I still hope, pray, and believe this to be true. However, a legal notice has recently been placed in your fine paper which I felt inferred that I was guilty of "laundering" money. For fear that the legal notice will give rise to new rumors and ; or to fuel the old rumors it is time to publicly state that I am not a drug dealer, a bookie, a gunrunner, no women has ever had an abortion because of me, and last but not least that I am certainly not "gay". I have attached a copy of a letter that I recently wrote to the American Civil Liberties Union that hopefully will serve to convince people that I have not "laundered" money. Would you please be so kind as to print, its entirety, this letter. To the majority of the people who usually would not concern themselves with anything as petty and insignificant as my personal life, I beg your forgiveness for your even having to read this letter. To my friends, relatives, and loved ones; hopefully this will make up for the many years of silence on my part and for any embarrassment or humiliation they have suffered. To the people who thrive and feed off gossip and rumors I really don't know what to

say except maybe to refer you to James 3:5-8 of the Bible, which speaks to the evil deeds of the tongue.

Thank you,
Marvin Mayfield

American Civil Liberties Union
Dallas, Texas:

Attached you will find a copy of a notice that ran in the Sunday, January 19, 1992, edition of the Colorado City Record in Colorado City, Texas. The notice refers to \$5,232.41 seized from account number 0203095876 in the name of Diamond M Properties, Inc. from William M. Mayfield, Jr. The notice specifically states that these funds were seized for forfeiture for violation of the Money Laundering Control Act of 1986. Since I have never been charged or convicted with a violation of this act I feel that the nature and wording of this notice serves from a practical stand point not only to accuse but to convict me of such a violation.

These funds were put into account number 0203095876 as a result of a note payment by Diamond M Properties, Inc. to a Savings and Loan that had previously been closed. It is my understanding that the regulating body of the Savings and Loan did not know which loan to apply the payment and therefore chose to purchase a Certificate of Deposit in the name of Diamond M Properties, Inc. I had no knowledge of their action or of the existence of this account until receipt of a Certified Letter in January of 1992.

Colorado City is small farming community where something of this nature is generally blown out of proportion. I feel that my name has certainly been tarnished by the implications of this notice. I am not attempting to contest the seizure as it was a note payment to which the Savings and Loan was entitled. However, there must have been a better way to seize the funds without the implication of money

laundering on my part.

Would you please respond by calling me at (915) 337-4974 or writing me at 2214 East 11th, Odessa, Texas 79761.

Thank you,
Marvin Mayfield

Dear Editor:

For years I have heard over and over "I wish we had a Baseball Program in our School."

With over 1,000 signatures supporting High School Baseball, our School Board and Administration took a Giant Step by reinstating a Baseball Program which began with our 1990-91 school year. A lot of money and hard work went into updating our Baseball Field and it looks wonderful, except for one thing! The new stands are empty. Last year only a few faithful came out to the games. Where are all those Baseball fans?? Without the support of the community Baseball will once again be no more and all the young Baseball hopefuls will never have the chance to play High School Baseball. Please don't let this happen.

The Baseball Boosters Club will be meeting every Wednesday night at 6:00 p.m. We need members who are also willing to work.

Help the Baseball team by coming out to the game and show your support so baseball will be around for all our Little Leaguers.

Thank You,
Gayla Proctor

Dear Editor,

A letter which has been sent to many newspaper editors in the 25th Senatorial District alleges that I have promised to bring new prisons to some communities if I am re-elected.

This is not true. I have not promised any community that they will be awarded a new prison.

What I have done is promise

that I will do whatever I can to be sure they have access to state officials, agencies and other resources that will maximize their chances of bringing a state prison to their area.

That is the job that I was elected to do in the Texas Senate.

I would also like your readers to know more about the author of this recent letter.

Mr. Stephens is not a mere bystander in the upcoming primary election. He is a Republican appointee to the criminal justice board and he has taken an active role in the re-election campaign of Bill Sims to whom he has donated several thousands of dollars.

Sincerely,
Temple Dickson

Dear Editor:

What a pleasant two days we experienced with Colorado's and Loraine's students! The gifted/talented students in the Colorado and Loraine middle and high schools attended the WINGS Student Seminars at Region 14 Education Service Center in Abilene on Tuesday and Wednesday, February 11 and 12. The students from Colorado and Loraine schools were most courteous and attentive while actively participating with presenters who had given their time and expertise. It is always a pleasure to see young people who value learning and guidance. Be sure to express to these students and their teachers your esteem for their attitudes and hard work.

Sincerely,
Cecelia Boswell

WILKINSON FOR SHERIFF

Randy Wilkinson

MARCH 10, 1992
Democratic Candidate

Pol. Adv. Pd. for by Randy Wilkinson
861 Marshall, Colorado City, Texas

TO THE PEOPLE OF MITCHELL COUNTY:

I am greatly impressed by the support I have received from so many people who are concerned that Mitchell County develop a well-run Sheriff's Department. I believe that I have the training, experience, and leadership abilities to accomplish such a task. Some of my major qualifications include:

- *A.A.S. Degree in Criminal Justice
- *Advanced Law Enforcement Certification
- *10 years experience in Law Enforcement

I have lived in Mitchell County for a combined total of 8 years. I have also lived in Oklahoma, and while there I received several years of business management experience, which would be of great benefit to me in running a well-organized, efficient Sheriff's Department.

I am proud to say that I have a very stable, supportive family. My wife, Adele, and I have been married for 25 years. Adele is a teacher in Loraine, and we have two children: Ben, age 15 and Becky, age 11.

My life has consisted of many successes and some set-backs. However, my mistakes as well as my accomplishments have given me better judgment and the ability to make good decisions, which is crucial in dealing with the public. Therefore, I believe I can confidently make and fulfill this commitment:

GIVE ME YOUR VOTE, AND I WILL GIVE YOU A SHERIFF'S DEPARTMENT TO BE PROUD OF.

Dear Editor,

As a member of the Texas Board of Criminal Justice it has come to my attention that one of the candidates in the state senate race is making erroneous claims regarding his impact on the placement of a prison unit in your area. I am told that Senator Dickson has claimed credit for having obtained (being able to obtain) a new prison for a specific area.

The fact is that the legislature has delegated total authority for prison site selection to the nine member Texas Board of Criminal Justice, all of whom are gubernatorial appointees and approved by the Texas Senate.

I recognize that in the heat of a political campaign it is sometimes tempting to take credit for good things that happen in an area. I just wanted to set the record straight as to the process involved in selecting new prison locations for the State of Texas.

Very truly yours,

Retailers need to submit lottery license applications

Austin -- "Texas retailers who want to sell lottery tickets when the games begin this summer need to submit their license applications by Tuesday March 31," State Comptroller John Sharp has announced.

"We will guarantee businesses that meet the deadline--and have clean records--will be able to sell tickets when the Texas Lottery picks its first winners," Sharp said. "Experience in other states shows that the first day of sales is one of the busiest, and we want as many Texas merchants as possible to join in the fun and profits from the beginning."

The Lottery expects to license as many as 15,000 retailers in time for the anticipated July 1 sales of the first instant winner, scratch-off tickets.

"We've tried to make it as easy as possible for any interested Texas business to join the Lottery," Sharp said. "All it takes is a \$125 fee and a clean record--and an application postmarked by March 31."

To help Texas businesses with the application process, the Comptroller's Office has conducted retailer assistance seminars across the state and established a toll-free hotline. That retailers-only number is 1-800-37-LOTTO.

The completed application packet must include the fingerprint card, which is part of the criminal background check required by state law.

"Interested businesses should call our toll-free number to find out who must be fingerprinted," Sharp said. "Then they should contact their local sheriff or police department to arrange to get printed."

Licensed retailers also must make arrangements with their financial institutions for their

accounts to be accessible to electronic funds transfer transactions. The Lottery and licensed retailers will then be able to handle the required financial transactions automatically without

having to visit the institution to fill out deposit or withdrawal slips. Benefits for retailers who meet

the March 31 deadline include:

- * A large statewide advertising campaign promoting the Lottery kickoff;
- * A 5-percent commission on all sales;
- * Increased sales from customers redeeming winning tickets; and
- * Increased sales from customers visiting the stores to buy tickets.

ELECT TIM ATKINS SHERIFF

MY PLEDGE TO YOU THE VOTERS OF MITCHELL COUNTY

I began my law enforcement career in 1982 as a deputy and chief jailer for San Saba County. In 1984, I worked at the Llano Police Department. Because I had relatives that lived in West Texas, I selected Colorado City to be my home town. I started working here in 1985 for the Colorado City Police Department where I am presently working as Police Sergeant.

I believe in Mitchell County and her people. I can be an asset to you as Sheriff of Mitchell County. I want to make these promises to you as Sheriff:

- FULL FORCE DRUG ENFORCEMENT** - Includes stepped up operations of drug enforcement; that being, better cooperation with local and area drug task forces and District and County Attorneys. Better prepared case reports to enhance the prosecution of drug dealers will be required.
- DEPUTIES LIVING IN LORAIN, WESTBROOK, COLORADO CITY** - The community deserves the benefit of law enforcement. Deputies will be working around the clock to ensure the security of your homes and businesses while living in your community.
- HOME AND BUSINESS SECURITY** - By request to the Sheriff's Office, your home or business will be closely patrolled with documentation providing times that property was checked.
- UNITY IN LAW ENFORCEMENT** - A necessity for all law enforcement agencies to achieve the protection of the people for the tax dollars that they pay.
- SUPPORT COMMISSIONERS COURT** - Budget control is essential to proper operation of any government agency. I pledge to serve financially, lawfully and cooperatively.
- EMPLOYEES** - Essential training is necessary to the betterment of Mitchell County to combat crime. I will employ local, qualified personnel. I will implement a Service Award Program for the Sheriff's Office.
- CITIZENS' COMMITTEE** - An appointment will be made of local citizens to serve as a liaison toward better communications with the community.
- OPEN HOUSE** - Publicized routine meetings will be held for community focus to keep close relations with all citizens and organizations.
- WORK PROGRAM FOR COUNTY PRISONERS** - Implement program for inmates to work off fines and jail time by providing manual labor for community upgrade that will save the local governments' tax dollars.

Diabetes called "quiet epidemic"

In what some health officials call a "quiet epidemic" an estimated 830,000 Texans may go blind, require amputations, need kidney dialysis—even die—because many fail to recognize and seek treatment for the early signs of diabetes.

Dora McDonald, in the Texas Department of Health's (TDH) Chronic Disease Prevention Program, explained that diabetes' first symptoms are so subtle, and public understanding of the disease so scant, that perhaps only half of those afflicted with diabetes have been diagnosed as having the disease.

"Even the number of fatalities is elusive, since a death certificate may name kidney failure or other complication as the cause of death, without mention of underlying diabetes," she said. At TDH, McDonald is staff director of the Texas Diabetes Council.

Throughout November, National Diabetes Month, TDH and the Diabetes Council urge all Texans to learn more about diabetes, its symptoms and treatment.

"By the year 2000, more than a million Texans may have diabetes. Although it is so common now, and has been documented for centuries, most people are poorly informed about the disease. Few see the prevalence of diabetes as the epidemic that it is," McDonald said.

She explained that diabetes is the most common cause of kidney disease, the leading cause of blindness and the foremost cause of non-traumatic limb amputation.

Anyone who suspects he or she has diabetes should ask a physician for a blood sugar test. If the test indicates diabetes, the doctor can prescribe medication, if needed, and design a diet to help control blood sugar levels.

Elect David "Gink" Ginkinger Sheriff of Mitchell County

"Hi!" My name is David "Gink" Ginkinger and I want to be your next elected Sheriff of Mitchell County. In order to achieve this goal, I need the help of you, the citizens and voters of Mitchell County.

In order for me to attain this goal, and for you the voters to make a fair evaluation of my candidacy and my qualifications, I have chosen this paid public announcement to let you know more about me and my background.

I am married to the former Donna Hale, who was born in Loraine. We have been married for 19 years. We have three sons, Donald, who is married to Crestina Aguilar and they have two children. Donald is the owner-manager of the Westbrook Chevron Station. Neal, my middle son, is married to Mikki Sullivan. They have two children and he is stationed in Hawaii with the U.S. Army. Our youngest, Gary, is a Senior at Colorado City High School.

My family and I moved to Mitchell County in August of 1976, while I was still on active service with the U.S. Marine Corps. I served seven years in the Corps before my honorable discharge in March, 1977. Since that time Mitchell County has been my home. Shortly after my discharge from the U.S. Marine Corps, I went to work as a clerk for Higginbotham Bartlett's. In October of 1978, I was employed by the Mitchell County Sheriff's Department as the resident Westbrook Deputy. I served in this position until April of 1981, when I went to work for Production Operators, Inc. in Snyder, Texas, an oilfield related job with whom I am still employed. In September, 1989, I returned to law enforcement as a reserve officer for the City of Colorado City.

I feel that my previous experience as deputy and my current employment as a reserve officer has given me the opportunity to work in all areas of law enforcement. I would like to break the sheriff's department down into three areas, proving I am qualified in each area to be sheriff. First, there is the area of law enforcement; this area consists of enforcing federal, state and local laws, working with various factions of the Criminal Justice Systems such as the courts, Justice of the Peace, Juvenile and Adult Probation officers and serving civil process papers. I am a certified peace officer and have experience in all areas mentioned above. Second, there is the area concerning the jail. Although the jail was not certified at the time I left the department, a lot of the changes that were required by the Jail Commission on standards were already implemented into the county jail. I am familiar with the handling and the processing of jail inmates and what their rights are. The third area is the administration of the sheriff's department. As most people know and understand the department is required to work on a submitted budget which is approved by the commissioners court on a yearly basis. I do not have a degree in business, but I have attended college and taken courses in Business Administration. Through these courses, I have attained basic knowledge of money management.

I feel that in being Sheriff, a person has to be committed to enforcing laws, but also has to be committed to the community he serves. Since my current job requires a great deal of hours, and the shifts I work, I have been somewhat limited in my community commitment. Since moving here in 1976, I was involved with the Westbrook summer baseball program for six years. I am a member of the Baseball Booster Club for Colorado High School. I was a charter member of the first Lions Club that started in Westbrook. I also served as a volunteer fireman for Colorado City for two years and served with the Westbrook fire department for approximately two years. As I stated earlier, I have served as a reserve officer with the Colorado City Police Department for the last two years.

As for my religious background, I was raised as a Baptist. I have attended the First Baptist Church of Westbrook for the past six years.

During my campaign, it is my intent to visit with as many residents of Mitchell County as I possibly can. My promise to the people of this county is that I will be a dedicated and hard-working sheriff.

Thank you,
David "Gink" Ginkinger

A positive vote for Law Enforcement in Mitchell County.
