U. S. NAVY MINESWEEPERS IN SAIGON HARBOR—A trio of U. S. Navy Minesweepers, the Fortify, the Loyalty and the Inflict, units of the U. S. Seventh Fleet, are moored in Saigon Harbor. The U. S. command in South Viet Nam said their presence is part of a scheduled operational visit. (AP Wirephoto)

Collapse Predicted In South Viet Nam

By MALCOLM W. BROWNE

SAIGON (AP) — South Viet Nam appeared today to be sliding rapidly toward general collapse.

In Saigon, a general strike, in which Viet Cong elements are believed to have played an important role, crippled communications and many city functions, such as port activity, power and water supplies and transportation.

In the coastal city of Qui Nhon, student demonstrators of two rival factions virtually took over, seizing the radio station and laying siege to the province chief in his house. Late reports indicated the siege had been lifted, but the situation was extremely tense.

Reliable sources disclosed that mountain tribesmen trained by Americans as irregular troops slaughtered 17 lowland Vietnamese Special Forces troops Sunday before the tribesmen seized the Ban Me Thuot radio station.

The tribesmen also virtually arrested their American advisers, forbidding them to use radios or leave the Special Forces camps held by the tribesmen. The Montagnards are demanding autonomy for four major provinces in which they predominate. These provinces make up about one-quarter of Viet Nam's land area.

In addition, South Viet Nam's military forces suffered one of their bloodiest weekends on record in the fight against the Viet Cong, with military sources reporting 230 casualties on the government side.

Premier Nguyen Khanh has a mandate to rule for only 38 more days before ceding power to a new civilian council and prospects are dim that the council can pull things together, if it ever gets started.

The most serious government setback took place Saturday in a battle near the Cambodian border, the informants said. The Viet Cong killed 23, injured 41 and escaped with 150 weapons. Government troops countered Sunday in a fight south of the Viet Nam border in which 58 Viet Cong were killed and 15 others captured.

The other casualties were suffered in other weekend battles.

Premier Nguyen Khanh's shaky regime, almost toppled a week ago, faced other harsh new problems. A strike virtually paralyzed Saigon and a mountain tribal revolt put the spotlight on troubles in central Viet Nam.

Most of the 20,000 workers who walked off their jobs today were Catholics. The strike, expected to last at least two days, is in support of workers demanding more pay from a textile plant.

Top Cabinet officials and strike leaders conferred, apparently without progress.

WEATHER

SNYDER TEMPERATURES: High Saturday, 88 degrees; low, 59 degrees; reading at 7 a.m. Sunday, 59 degrees; precipitation, .28. High Sunday, 68 degrees; low, 59 degrees; reading at 7 a.m. today, 62 degrees.

North Central Texas: Considerable cloudiness scattered thundershowers mainly north this afternoon, tonight and Tuesday. Little change in temperature. Low tonight 66-74. High Tuesday 78-88.

Northeast Texas: Considerable cloudiness widely scattered thundershowers this afternoon, tonight and Tuesday. Little change in temperature. Low tonight 68-74. High Tuesday 78-88.

Northwest Texas: Considerable cloudiness this afternoon, tonight and Tuesday. Scattered thundershowers this afternoon and tonight and east and south Tuesday. A little warmer west and north this afternoon and southeast Tuesday. Turning cooler west and north Tuesday. Low tonight 58-68. High Tuesday 68 northwest to 82 southeast.

Coast: Southeasterly winds 8-18 knots through Tuesday with showers and thundershowers.

South Central Texas: Cloudy to partly cloudy and warm with showers and thundershowers this afternoon, tonight and Tuesday. Low tonight 70-80. High Tuesday 88-98.

Southeast Texas: Cloudy to partly cloudy and warm with showers and thundershowers through Tuesday. Warmer north this afternoon and tonight turning cooler late Tuesday. Low tonight 68-78. High Tuesday 80-90 north and 90-98 south.

Extreme Southwest Texas: Considerable cloudiness east partly cloudy west through Tuesday. Showers and thundershowers Tuesday and over east this afternoon and tonight. A little warmer this afternoon and tonight turning cooler Tuesday. Low tonight 60-72. High Tuesday 75-85 north and 85-95 south.

IN CALIFORNIA

Big Blaze Does Heavy Damage

By DEL MILLER

CALISTOGA, Calif. (AP)— A wild forest fire burned uncontrolled into Calistoga today, destroying at least 35 homes and wafting up hot ash that ignited fires in five nearby communities.

The fire, which turned on this Napa Valley resort town late Sunday when 70 mile-an-hour winds changed direction, at one time surrounded Calistoga on three sides, Police Chief Kenneth Hively said.

More than half the town's 2,500 residents and tourists had been evacuated, police said. There were no immediate reports of casualties.

Mayor Herbert Hanley said Gov. Edmund G. Brown was asked to declare the Napa Valley fire scene a disaster area, making federal aid available. Hanley said damages were expected to be in the millions of dollars.

Many residents refused evacuation, braving the incendiary ash to try and save their homes.

More than 500 firefighters from surrounding towns in the Napa Valley wind belt poured into Calistoga to aid.

Hively said an official count showed 35 buildings—including the historic Tubbs Mansion, a Calistoga landmark — were burned. But there were unconfirmed reports that as many as 50 homes had been burned.

Burning ash from the fire — visible more than 40 miles away—touched off other fires.

Calistoga police said fires had been reported on the outskirts of Napa, 30 miles south of Calistoga; in Stonecrest, near Napa,; in the towns of Rutherford and Angwin to the east, and Vallejo Lakes.

There was no immediate estimates of damage these fires had caused, but it is expected to be considerable.

State forestry officials put out an emergency call for volunteer firemen to fight these blazes, officials said.

Hively said reports indicated the fire had been contained in the northern section of Calistoga—the area hardest hit.

The blaze swept down from tall timber into the town about midnight.

Forestry officials said the fire started sometime late Saturday, but had been considered under control until high winds rose late Sunday to steer the fire townward.

Residents were ordered evacuated around 1 a.m. (PDT), police said. School buses, trucks and private autos took evacuees south to safety.

The California Highway Patrol said all highways north of Calistoga had been closed, with only fire equipment allowed to pass.

J. B. Davis Rites Pend

Funeral services are pending at Bell - Seale Funeral Home for Mr. Jesse Bennett Davis, 64, of Snyder.

Born in Snyder, Oct. 27, 1899, Mr. Davis was reared in Snyder and attended Snyder schools. When he was 25 years of age, he and a brother, Oscar, moved to the Big Bend area, and operated a large ranch between Dryden and Sanderson.

The brothers retired about a year ago, and returned to Snyder to make their home with their mother, Mrs. Ruthie B. Davis, 3005 Avenue T.

Mr. Davis died at 4 p.m. Sunday at the McKnight State Tuberculosis Center at Santorium, Tex.

In addition to his mother and brother, Mr. Davis is survived by two other brothers, Fred Davis of Snyder and Charles A. (Pete) Davis of Norwalk, Calif.; two sisters, Mrs. Carrie Line and Mrs. Clint Head, both of Snyder; and five neices and five nephews.

Prime Minister Of East Germany Dies

BERLIN (AP) — Otto Grotewohl, prime minister of East Germany, died today after long illness, the official East German news agency ADN reported. He was 70.

Grotewohl had been ailing for years. Although it never was officially admitted, he was believed to have been suffering from leukemia.

Barry Rips Handling Of News Item

WASHINGTON (AP) — Sen. Barry Goldwater has fired strong criticism at the administration for its handling of news on the latest Tonkin Gulf incident, and charged that President Johnson has a "crisis-of-the-week' foreign policy.

The Republican presidential candidate, who campaigns today in Charlotte, N.C., said Sunday night in a statement:

"This administration's lack of purpose, direction and even honesty in its conduct of the cold war has led to what now may be described as a crisis-of-the-week foreign policy.

"This weekend's crisis involves Vet Nam and another incident in the Gulf of Tonkin.

"The administration has tried to manage the news so that the incident is forgotten as quickly as possible.

"They cannot, however, sweep a war under the rug.'

Last Friday, Secretary of Defense Robert S. McNamara said in a brief statement that preliminary reports had been received of a nighttime incident in international waters in the Gulf of Tonkin. He said no damage had been reported by American vessels and there was no loss of American personnel.

Disguised Gunman Robs Eustace Bank

ATHENS, Tex. (AP)—A man described as about 30 years old held up the First State Bank at nearby Eustace today, escaping with about $12,500 in small bills, officers reported.

The man escaped in a getaway car in which a companion waited.

Police Chief Bill Armstrong of Corsicana said information available to North and East Texas officers indicated the men escaped in an olive green automobile, probably a Studebaker.

Road blocks were set up.

Officers said the man who entered the East Texas bank wore tape on his cheeks to conceal his identity.

Texas Ranger Ben Krueger of Corsicana went to the scene as did several state highway patrolmen from Corsicana, which is a sub-district headquarters of the patrol in charge of Sgt. J. F. Scott.

Probe Opens In Righters' Death

BILOXI, Miss. (AP) — A federal grand jury gathered today to hear secret testimony on the case of the three murdered civil rights workers.

The evidence to be presented was compiled during one of the most intensive investigations in FBI history.

The first witness listed was the sheriff of Neshoba County, Lawrence Rainey of Philadelphia, Miss.

Two of the dead men were white volunteers from New York City. The third was a Meridian, Miss., Negro. They were last seen alive leaving the Philadelphia jail.

Rainey was told to bring arrest records, jail dockets from January to September and membership records of the auxiliary police force.

Deputy Cecil Price also was among those ordered to appear. Price arrested the three men on a speeding charge last June 21 and held them five hours, releasing them at about 10:30 p.m.

Price said he escorted the station wagon in which the three were traveling to the city limits, then turned away.

The burned-out station wagon was found two days later near Philadelphia.

Deputy Price was told to bring any personal belongings or notes from the three men to the grand jury hearing. He said he had nothing like that "or any information for the jury."

More than 100 other residents of the rural east-central Mississippi county were subpoenaed.

When the men disappeared, the search for them went on for weeks. It involved hundreds of men, including 400 sailors ordered into the hunt by President Johnson.

The search ended Aug. 4. An informer told where the bodies were buried. The FBI uncovered them deep inside a red clay watershed dam about seven miles from Philadelphia.

Each man had been shot with a .38-caliber pistol. A private autopsy report on the Negro, James Chaney, said he had been beaten so severely many of his bones were shattered.

The state autopsy was never made public.

Presumably any indictment by the 23-man grand jury must be a civil rights violation, possibly kidnap. Murder is a state offense.

Runaway Race Horse Causes Crashes

NEW YORK (AP) — A runaway horse on Brooklyn's busy Belt Parkway caused two five-car pileups and led police a 5½-mile chase before being corralled.

No one was hurt in the accidents caused by the sudden appearance of Rainbow, a red roan 15 hands high, who bolted from a riding academy.

It took three policemen 90 minutes to latch onto Rainbow Sunday.

North Texas Area Hit By Tornado, Floods

By The Associated Press

A tornado dipped down Monday in flood-plagued North Texas, where more than 12 inches of rain fell. The rain sent creeks out of their banks, caused families to flee high water in their homes and blocked roads and streets.

Tarrant County (Fort Worth) Sheriff's officers said the tornado touched down twice at 10:66 a.m. (CST) at the edge of the main runway at Carswell Air Force Base at Fort Worth.

The twister did no damage at the base, and moved off to the northeast in a traditional pattern.

Police in River Oaks, a Fort Worth suburb, said that a water spout formed at Lake Worth, but no damage was reported.

Rains in the Dallas area broke records.

The flooding occurred from Del Rio on the Mexican border northward to the Dallas and Fort Worth area.

Chief meteorologist M. C. Harrison said the Dallas area rainfall was of record proportions.

McKinney, near Dallas, reported 12.10 inches, and Carrollton in the same vicinity recorded 10.47, both within 24 hours ending at 6 a.m. Monday.

Heaviest 24-hour rainfall in Dallas itself occurred in August 1947 when the fringe of a hurricane lashed the city with 9.19 inches. Dallas reported 2.95 inches in the 24 hours ending at 6 a.m. Monday.

Residences were evacuated in the often-flooded Richland Hills section of Fort Worth, at Carrollton, and at Brownwood in Central Texas.

Sheriff's officers at McKinney said no home evacuations took place there, although several persons were stranded in automobiles. Loss of livestock was feared. Numerous roads in the county were under water.

Several families left their homes because of high water at Carrollton. Many streets were blocked by high water but were becoming passable during the morning.

A helicopter rescued one man from a tree where he spent three hours early Monday after his car was swept off a low-water crossing.

Lewis James, 38, of Hurst told rescuers he climbed atop the car after it stalled and then water swept it from under him. He half swam and half crawled to a willow tree and remained there until a helicopter from Ling-Temco-Vought at Grand Prairie reached the scene.

One woman was rescued by boat when her home was flooded in the Tanglewood area. Two other women were removed from a stalled car.

A number of motorists were reported stranded between McKinney and Greenville as waters lapped over roads. Four inches were reported to have fallen in two hours at McKinney. Greenville measured 2.50 inches.

A deputy sheriff at Wylie, near Greenville, radioed that several cars may have been swept off highways 21 and 298, closed by flooding, and rescue units with boats were dispatched to the area.

FOR OUTER SPACE TRAVEL—Hilton New of Dallas, Tex., models a unit designed for outer space maneuvering as he looks into the mockup of a Gemini space capsule at an Air Force Association convention in Washington, D. C. The suit and accompanying chest and back pack are what an astronaut may wear when he steps out of an orbiting space ship, for possible repairs or inspection of the capsule. The packs provide oxygen, air conditioning, radio telemetry, electrical power and small jets for propulsion. (AP Wirephoto)

Ships Sunk, Report Reds

MOSCOW (AP) — Tass said today three unidentified ships were reported to have been sunk in the Gulf of Tonkin Friday by American destroyers.

"It was reported that five unidentified ships were allegedly fired at (by the U.S. destroyers) and that three of them were sunk," the Soviet news agency said.

This was the first intimation from anywhere that any vessels were sunk in the latest incident off the coast of North Viet Nam.

The United States said Sunday four vessels were picked up on the destroyers' radarscopes, warning shots were fired and then the two American destroyers opened fire. The report from Defense Secretary Robert S. McNamara added:

"The approaching craft disappeared without closing sufficiently to open fire on the destroyers."

Tass said authoritative Soviet circles denounced the U.S. action and warned that "American interference in the affairs of the Vietnamese people may lead to very dangerous consequences, the entire responsibility for which will rest with the United States."

Tass said that whether the Gulf of Tonkin action was "a premeditated provication" or the "irresponsible actions of American militarists," the U.S. government "is fully responsible for the possible consequences of such incidents."

American patroling in the gulf, Tass said, "is totally unjustified and constitutes an open hostile act toward the states of that area..."

"The illegal patrolling off the shores of the Democratic Republic of (North) Viet Nam, military demonstrations and the provocative incidents in that region must be discontinued."

Fishermen Missing

SEOUL, Korea (AP)—Fifteen South Korean fishermen were reported missing after their boat sank Sunday night off Kuryongpo, 160 miles southeast of Seoul.

The boat's air pump exploded, the only survivor reported.

LBJ Takes Rest From Speeches

By DOUGLAS B. CORNELL

WASHINGTON (AP) — President Johnson took a day off at home today between out-of-town speeches.

Sunday he hopped to an airport on a West Virginia mountain top and said that America "will begin to decline from greatness" the day it hardens its heart toward the helpless and poverty stricken.

He upheld his poverty program which Republican presidential nominee Barry Goldwater described as a "phony, vote-getting gimmick" in a speech in the same state Friday.

Tuesday it's back to Atlantic City, N.J., where Johnson delivered his address accepting the Democratic presidential nomination Aug. 27. This time — the trip hasn't been announced formally yet — he speaks to the United Steel Workers Union.

At the end of the week, the President travels to El Paso, Tex., the site of the Eufaula Dam near Enterprise, Okla., and perhaps Texarkana, Ark.—all for oratorical endeavors.

At El Paso, Johnson is meeting President Adolfo Lopez Mateos of Mexico to mark the transfer to Mexico of a few hundred acres of land called El Chamizal. The tract has been involved for decades in a change in course in the Rio Grande and an international dispute over ownership.

125 Citizens Air Coliseum Views

The district courtooom of the Scurry County courthouse was filled this morning as approximately 125 persons met with the commissioners court to discuss the location of the new Scurry County coliseum.

P. W. Cloud, owner of the property on the Big Spring Highway which had been selected as the site for the coliseum by the court - appointed selection committee, spoke first. Cloud said that inasmuch as he would like to see the coliseum located there, he would be willing to accept $60,000 for the 72 acre tract, including all minerals.

Jay Rogers then read a prepared statement asking that the court reconsider their decision to place the coliseum on the East Highway on the property now occupied by the Starlite Theatre.

Rogers concluded by saying that the recommendation of the site selection committee should be accepted because "the preponderance of the evidence points to this location being most feasible in all aspects: price, location, safety, beauty, accessibility, future expansion and popularity."

Bill Wilson then spoke and commended the court on their decision to use the East Highway location. Wilson presented a list of 55 signatures of people who favored the East Highway site.

Richard Beteg, operator of the Travelodge, suggested that a location on the Fuller Estate land at Avenue K and Twenty-third Street would be better than either of the sites under consideration.

Ross Williams expressed his confidence in the court's ability to select the proper location, and said he felt they had done their job well. Fowler Mathis of Fluvanna agreed with Williams that the court had made the correct decision.

Floyd Boston, operator of the Beacon Lodge, questioned the suitability of filled land (such as would be found on the Cloud property site) as being satisfactory for building purposes.

Charlie Cantrell, employe of Snyder Truck and Tractor, suggested that the coliseum would be better seen if it were built on the East Highway.

Milan Fowler, Scurry County farmer, called for unity, and expressed hope that everyone would accept the decision of the court.

Joe Williamson, Snyder insurance man, said that he felt the Cloud property at the lower price was probably the best site, but agreed with Fowler that unity was important.

Mrs. E. P. Diggs, operator of the Sands Motel, spoke in favor of the East Highway site, noting that "the East Highway needs something."

J. A. Merritt, Jr. Scurry County farmer who lives on the Colorado City Highway, spoke in favor of the East Highway location, and expressed the fear that if changes were made in Deep Creek in order to protect the Cloud property, some flooding downstream might occur.

Speakers were often applauded at the meeting this morning, with both viewpoints apparently receiving about the same amount of support.

The commissioners made no statements, and following the meeting with the citizens, adjourned until 2 p.m.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I don't know the circumstances which prompted the clergyman to ask the girl who was planning to be married if she were pregnant, but I have always found that there are two sides to every question.

I have personally married almost 11,000 couples, and hundreds of those couples have asked me to backdate the marriage license from one to five months. I kept an accurate record, and in one year out of the 556 couples I married, 354 asked that their wedding certificates be falsely dated. I rather imagine my experience is characteristic of most preachers and if I were you, I don't believe I would have cast this particular minister into "outer darkness" so quickly, without having heard HIS side of the story.

A KENTUCKY CLERGYMAN

• • •

DEAR ABBY: I was a practicing minister for a decade but now I am a lawyer. I can understand why a clergyman would ask a girl if she were pregnant before he undertook to perform the marriage ceremony. A marriage is a covenant freely assented to by two parties, and when the vows are not exchanged in freedom, the marriage is illegal according to the law and invalid also as a religious sacrament.

If the girl is pregnant, there can possibly be coercion on the part of the girl, her family, or even on the part of the groom. If the couple are being "forced" into marriage because a baby is on the way and they feel that marriage is the only solution to the problem, the marriage could be considered a "forced" one and, hence, illegal.

It is better that a child be born out of wedlock in some cases than for two persons to marry out of compulsion rather than love.

MINISTER TURNED LAWYER

• • •

DEAR ABBY: Come on, now. I've read your column faithfully and with admiration and interest, but that letter from the mother who was "disgusted" because the clergyman asked her bride-to-be daughter if she were pregnant behooves me to put in my nickel's worth.

I live in a small town, but I'd say that one bride in four has covered a pregnancy of from two to four months with a bridal gown and white flowing veil. Check with any clergyman and you will understand why he would ask such a question. It is embarrassing for them to have to baptize all those "premature" babies so soon after the wedding.

• • •

DEAR ABBY: I was disappointed to find one as knowledgeable, mature and influential as you rapping a clergyman for having asked a couple who came to discuss their intended marriage, if the girl were pregnant. The minister was only doing his duty. A minister is not a "marryin' Sam." The reading of the ritual and pronouncing the couple husband and wife is only part of the pastoral obligation. It is important to learn if the couple has had premarital relations. If they haven't, they will be proud to say so. If they have, and are truly sorry, the clergyman can either give them absolution or invoke God's forgiveness.

Then, too, if the clergyman knows that the girl is pregnant, he can guide them in planning an appropriate wedding, if they sincerely desire to marry. Otherwise, he can explain that there are alternatives. Some "forced" marriages are worse than none. In trying to exonerate you, I rationalized that maybe one of your staff had written the answer without your having seen it. It didn't sound like the DEAR ABBY I have been reading all these years.

A MINISTER

DEAR MINISTER: Thank you for giving me the benefit of the doubt, but I accept the responsibility for every answer that appears in my column. I confess that I was not aware of the necessity of a clergyman to ask a bride if she were pregnant. But judging from the number of reprimands I have recieved for having criticized a clergyman for having inquired, I was wrong. And I beg to be forgiven.

Weekend Mishaps Reported By Police

The Snyder police department reported two week-end mishaps in Snyder. Both occurred Saturday afternoon.

At 4 o'clock at Thirty-seventh Street and the East Highway, a 1954 Ford pickup driven by Joyce P. Plumlee, 409 Twentieth Street, struck a parked 1954 Ford owned by Rufus W. Williams. Damage to the truck was estimated at $150 and to the parked car at $75.

Also on the East Highway at 7:30 p.m. about one-fourth mile west of the 4 o'clock mishap, an accident involved a 1963 Volkswagen driven by Darrell W. Ainsworth, 2701 Avenue J, and a 1956 Ford driven by Nancy Francine Handy, 416 Twenty-eighth Street. Damage to the Ainsworth car was estimated at $250 and to the Handy car at $50.

No injuries were reported in either mishap.

New Plane Is Tested

PALMDALE, Calif. (AP) — America's newest and biggest bomber — the controversial XB70A — roared into the sky today on its long-delayed first test flight.

With the thunder of 200,000 horses pounding across a giant drum, the futuristic craft's tri-angular tail wing lifted from an airstrip outside its hangar at 8:38 a.m. (PDT) after a 4,000-foot run.

Perched in their cramped cockpit almost three stories above the concrete, two test pilots saw the desert whip past at 200 m.p.h. as the nose of the 185-foot plane lunged upward at takeoff.

Although the XB70A is designed for 2,000 m.p.h. and 80,000 feet, 21 White of North American Aviation Inc. and co-pilot Lt. Col. Joe Cotton of the Air Force planned to stay under 800 m.p.h. and 35,000 feet in this checkout hop.

They were to circle about two hours and land at Edwards Air Force Base, 70 miles north, never venturing beyond a safe-glide distance of 100 miles in case of failure of the six 30,000-pound-thrust engines.

Guilty Plea Heard

Clifford Lee Moreland of Levelland pleaded guilty this morning in county court to a charge of DWI which had been filed by the Texas Highway Patrol.

Moreland was arrested Friday. He received a sentence of three days in jail plus a fine of $100 and court costs of $28.35.

Californian Tells About Wild Cable-Car Ride

SAN FRANCISCO (AP) — The cable car stopped suddenly and began a wild, fast backward roll down Russian Hill. Passengers screamed and shouted. Some jumped off and fell in a tangle of arms and legs.

"All I saw was the hill going fast, and I said 'This is it,'" Susie Baer recalled later. For Mrs. Baer, a 32-year-old widow, and 35 others it was a frightening experience Sunday when the car lost its grip on the cable and began rolling free down a steep block of Hyde Street between Chestnut and Lombard.

After more than half a block the operator halted the car with a rarely used last-resort emergency brake — a metal bar that drops from the car into the cable slot. It jammed so tightly it had to be cut out with a welder's torch.

"Someone said 'Jump,'" Mrs. Baer recalled, and some people jumped off the front. They fell like cats. Some of them were bleeding.

"I looked and saw the bodies falling out, and that beautiful view that I always loved.

"Then the car stopped and I fell from one end to the other. I must have passed out because the next thing I knew my lady friend was over me asking how I was."

Mrs. Baer and her friend, Sophie Miller, 57, also a widow, were among the 20 passengers who refused or were unable to leap from the runaway car.

The two women and seven others were treated for injuries at Harbor Emergency Hospital. Mrs. Miller suffered a broken shoulder.

Sixteen persons, most of them children, vaulted from the front and rear open platforms to the pavement. They tumbled into heaps in the street.

The car had climbed about three-quarters of the way up Russian Hill from Fisherman's Wharf, overlooking Alcatraz, when the grip on the cable failed.

"We could feel it starting to slip; then moved faster and faster backwards," said Joseph Ruiz, 41, of Montebello, Calif.

"Someone shouted 'Jump' and some children near me jumped. I waited too long and when I hit the street I fell and skidded along on my abdomen and arms."

DeGaulle Begins Good-Will Tour

By PAUL FINCH

CARACAS, Venezuela (AP) — President Charles de Gaulle of France arrived today to start a grueling 27-day goodwill visit to South America. His jetliner was escorted into Maiquetia Airport near here by four jet fighters.

A big welcome and a strong security guard awaited him.

The nation wealthiest among the 10 he is to visit, readied a booming 21-gun salute and a dazzling military display for the 73-year-old chief of state.

Strict security measures were ordered for De Gaulle's ride with President Raul Leoni from the airport to downtown Caracas, bedecked with flags and bunting.

Officials fear there may be attempts on De Gaulle's life by exiled members of the French Secret Army Organization living in South America. Terrorist attacks are also frequently made in Venezuela by the pro-Castro Armed Force for National Liberation — FALN.

During his 30-hour visit to Caracas De Gaulle will address Congress and confer with President Leoni, who is expected to sound out the French leader on advantages of a Latin-American common market. Leoni hopes to attract more French investment to his country and would also welcome more French technicians to train labor.

De Gaulle and his wife left Paris Sunday for the longest stay abroad of any French chief of state since the days of Napoleon I. He spent the night at Pointe-a-Pitre, capital of France's Guadeloupe Island in the Caribbean.

Some concern has been expressed that the trip may prove too much for the president, who underwent a prostate operation six months ago. He will deliver 50 speeches and travel more than 20,000 miles before returning to Paris Oct. 16.

After Venezuela, De Gaulle will go to Colombia, Ecuador, Bolivia, Peru, Chile, Argentina, Paraguay, Uruguay and Brazil a year ago.

The long-planned tour is another move by De Gaulle to restore to his nation influence lost in the two world wars. His chief aim is to strengthen good relations with Latin America, which may lead to long-range French aid.

Services For Mrs. Hill Set For Tuesday

Funeral services will be held at 2 p.m. Tuesday for Mrs. Eunice Hill, 50, a former resident of Snyder.

Mrs. Hill was killed in an auto crash at 10:10 a.m. Friday two miles south of Grannis, Ark.

Born July 10, 1914 in Santa Anna, Tex., she had come to Snyder from Waco about 15 years ago, leaving here in 1962.

The funeral services will be held at the First Baptist Church with the Dr. A. B. Lightfoot, pastor, officiating. Burial will be in Snyder Cemetery under the direction of Bolger Funeral Home.

Mrs. Hill is survived by three daughters, Mrs. Charles Fikes and Miss Cathy Hill, both of Snyder, and Mrs. Charles Twomey of Kansas City, Kan.; and one son, Gary Hill of Albuquerque, N. M.

DOES GETTING UP NIGHTS MAKE YOU FEEL OLD

After 35, common Kidney or Bladder Irritations often occur and may make you tense and nervous from too frequent passages both day and night. Secondarily, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritations, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

Copper Spurs Market To New Highs

NEW YORK (AP) — An upsurge by coppers spurred the stock market to a larger gain as industrials again moved into new high ground early this afternoon. Trading was fairly active.

News that Phelps Dodge, the nation's second-biggest copper producer, had boosted the copper price by two cents a pound, touched off the entire group of copper stocks.

Wall Street was unbothered by the prospect of the United Auto Workers squaring off against General Motors in its series of labor bargaining talks. All top auto stocks rose.

Steels moved ahead amid reports that orders for steel are at the highest level since spring ago.

Oils, utilities, rubbers, mail order-retails, electronics, aerospace issues and chemicals also advanced. Rails were mixed. Airlines and cigarette stocks were easy.

The Associated Press average of 60 stocks at noon was up 1.4 at 324.5 with industrials up 2.9, rails unchanged and utilities up .3.

The Dow Jones industrial average at noon was up 5.66 at 870.78.

Phelps Dodge advanced more than 2 points on its news. Similar gains were racked up by Anaconda and Kennecott, both touching highs for the year. International Nickel rose nearly 2.

U.S. Steel rose more than a point while lesser gains were scored by Bethlehem, Republic Steel and Jones & Laughlin.

Chrysler, up another point, continued a standout in the auto group. General Motors, Ford, Studebaker and American Motors made fractional gains.

Gains of 2 or better were made by IBM, Polaroid and U.S. Smelting.

Du Pont was up nearly 2. Ahead around a point or better were Union Carbide, Xerox, Boeing and Westinghouse Electric.

Prices were higher in active trading on the American Stock Exchange.

Wardrobe Planning Exhibit

Clothing stores all over Snyder are cooperating with local Women's clubs under the leadership of the Scurry County Clothing Committee to present an all-over-town exhibit on wardrobe, planning this week. These exhibits emphasize only two points in wardrobe planning — color planning and the need for clothing for different activities. Wardrobes will be shown for every age agroup.

The wardrobes are necessarily incomplete because of the limitations of a window exhibit. Ideally, a wardrobe is planned around the clothing you already have and your personal coloring and figure lines as well as the activities in which you participate. No list of clothing can make up the ideal wardrobe for everyone; people differ in their needs as well as in their habits of clothing care, etc. The availability of an automatic washer and dryer can make a big difference in the clothing needs of a family.

The clothing committee has prepared a mineographed leaflet on wardrobe planning for women that will be distributed free through stores showing a woman's wardrobe.

Women's clubs cooperating with the Clothing Committee in the exhibits include AAUW, Business and Professional Women's Club, Epsilon Sigma Phi (Lambda Kappa Chapter), Fluvanna Home Demonstration Club, Future Home Makers of America (Snyder Chapter), Hermleigh Home Demonstration Club, Ira Home Demonstration Club, Murphy Home Demonstration Club, Plainview Home Demonstration Club, Pyron Home Demonstration Club, Twentieth Century Club, and Union Home Demonstration Club.

WOMEN'S CALENDAR

MONDAY

Lamar P-TA meets at 7:30 p.m. in auditorium. Open house will be held and a get-acquainted session, followed by refreshments.

Travis P-TA meets at 7:30 p.m.

Band Parents Club will hold organizational meeting at 7:30 p.m. in high school band hall. All sophomore parents urged to attend.

TUESDAY

Alpha Study Club meets at 3:30 p.m. at Martha Ann Woman's Club. Mrs. Maurice Brownfield, hostess.

Ladies Golf Association meets at Country Club. Tee-off at 9 a.m. Low putts.

Martha Ann Ladies game day, 9:30 a.m.

ABWA dinner and business meeting at Snyder Country Club, 7 p.m. Mrs. Flora Hughes, hostess.

Snyder Toperettes meet at 7 p.m. at Stanfield Elementary cafeteria.

B&PW Club meets 7 p.m.; Frances Brown hostess.

WEDNESDAY

Cosmorama Club meets at Martha Ann Woman's Club with Sittie Cromwell and Mary Jo Harrell, hostesses.

THURSDAY

Snyder Duplicate Club meets at 1:30 p.m. at Sallie's Cafeteria.

FRIDAY

Altrurian Club meets at 3 p.m. at Martha Ann Woman's Club with Mrs. W. P. King, hostess.

Duplicate Bridge at Country Club at 9:30 a.m. Open.

El Feliz Club meets at 2:30 p.m. with Mrs. Warren Sturgeon, 2904 Thirty-fourth Street.

SUNDAY

Buffet luncheon at Martha Ann Woman's Club for members and their guests. Reservations by 5 p.m. Saturday.

Troop 168 Meets At Scout Hut

Girl Scout Troop No. 168 met Thursday at the Hut, with 43 girls present.

The sixth grade girls are completing the requirements for the "Sign of the Arrow." The fifth grade girls are starting to work on the "Sign of the Arrow", while the fourth grade girls are learning the laws and promise to become Girl Scouts.

One of the service projects of the girls is baby sitting. Those who participated last week for West Elementary P-TA were: Marion Watts, Linda Gilbert, Dee Peveler, Janice Rhodes, Cynthia Bartels and Audrey Kidd.

Refreshments were served by Ericka and Cynthia Bartels.

Ira P-TA Meets, Plans Festival

The Ira Parent - Teachers Association met Thursday in the High School study hall with 42 members present.

The meeting was called to order by Mrs. J. L. Byars, president. Committee reports were given by chairmen. The budget for the year was read and approved.

Chairmen were appointed for a Harvest Festival which is planned for Oct. 25th.

Darla Moore was speaker for the program. Her speech was given on a Citizenship Seminar she attended at Huntsville the past summer. Second grade received room count.

Fluvanna News

By MRS. J. R. JONES

Mrs. Millie Gleghorn visited last week with her daughter, Mr. and Mrs. Virge Rex in Abilene.

Mrs. Bessie Maynard visited Sunday with her son Don Cox, Donna and Rex of Gail.

Mr. and Mrs. H. N. McMullen of Erick, Okla. are visiting Mr. and Mrs. Horace Carmichael and Mr. and Mrs. T. M. Hughes this week.

Mr. and Mrs. James Stansell, Joe and Sandra, Mr. and Mrs. Bill Stansell, Johnny, Junie, Gwinn, Stephie and Tressia, Mrs. Barney Stansell, Mr. and Mrs. Clinton Gregory and Vickie, of Snyder, went to Stanton Sunday visiting Mr. and Mrs. R. L. Montgomery and family and attending church there. They were met there by Bobby Stansell, a student in Levelland Junior College. In the afternoon they visited Don Kinder who is confined to the Methodist Hospital with a broken arm.

Mr. and Mrs. T. M. Hughes and Mr. and Mrs. H. C. Carmichael visited last Monday with Mr. and Mrs. H. O. Markley of Hereford.

Mr. and Mrs. Bobby Lemons and Dawn of Plainview visited his parents, Mr. and Mrs. Hurston Lemons and Buster Sunday.

Mr. and Mrs. Clay Reeder visited her brother, Mr. and Mrs. Frank Taylor and family of Midland recently.

Mr. and Mrs. Fred Taylor of Grapevine are visiting relatives in the community this week.

Mr. and Mrs. Welch Scriviner were in Abilene last Monday.

Mr. and Mrs. Billy Atkinson of Snyder visited last Thursday with Mr. and Mrs. T. M. Hughes. Mrs. Keith Collier and Tracy also of Snyder visited her parents, Mr. and Mrs. Hughes. The Quilting Club met with Mrs. Hughes of which the ladies attended.

Tye Pierce and Bert O'Neal of Snyder visited Mr. and Mrs. J. M. Hunnicutt last Monday.

Mr. and Mrs. Dale Gleghorn of Lovington, N. M. recently visited Mr. and Mrs. Vibe Patterson and Royce.

Those going away to college last week were Mary Ellen Ainsworth to Texas Tech. Sue Herring and Janie Gleghorn to Lubbock Christian College.

Mrs. Wayne Sturdivant and new son of Snyder are spending a few days with her parents, Mr. and Mrs. Marvin Boulware, Larry and Danny.

Mrs. Alpha Jean Pylant of Ira is spending a few days with her son, Hoyt, and sister, Miss Nealy Syers.

Union 4-H Club Elects Officers

The Union 4-H Club met in the Union community center recently with Brenda Murphy, president, presiding.

Judy Tate secretary, called the roll with the following answering, Reginia Butler, Jeanie Craig, Shirley Craig, Julia Griffin, Alma Worley, Lou Alice Mathis, Martha Stephens, Brenda Murphy, Barbra Tate, Debra Murphy, and two new members, Freda Pitts and Jane Ann Herring.

Minutes were read and approved. A report on county-wide committee was given.

Election of officers for the coming year was held as follows: Freda Pitts, president; Judy Tate, vice president; Jeanie Craig, secretary; Lou Alice Mathis, treasurer; Barbra Tate, reporter; Martha Stephens, recreation leader; and Alma Worley, roll caller.

McGlaun Painting Selected To Go On Exhibition

Mrs. Rosalie McGlaun of Snyder was one of 16 artists to be selected to have her entry in the annual Fall Arts Festival to go on exhibition for two weeks in Municipal Garden - Arts Center, Lubbock.

The winning exhibits were among 142 entries in Saturday's annual arts festival, sponsored by Region 20 of the Texas Fine Arts Association and the Lubbock Art Association. Mrs. Juanita Tittle Pollard, Lubbock Christian College art department head, was judge.

Entries in the show included various painting media, such as oils, collage, watercolor and watercolor - ink combinations.

The winning exhibits will be displayed at the Garden-Arts Center through Oct. 3.

Over 300 persons were registered Saturday. Others from Snyder attending were Mrs. Gaither Bell, Mrs. Adele Josephson, who demonstrated alla prima painting, Miss Joy McGlaun, Mrs. James McCaleb, Mrs. R. L. Terry, Mrs. D. D. Hirst, Mrs. Lillian Jones and three of her pupils.

Flame type water heaters apply open fire at the base of a tank full of water to heat it. Unfortunately, most of the heat is vented out through the roof. Then there's the smoke, smut, fumes and soot, to say nothing of fire hazard.

As an electric water heater, I'm proud to say my heating elements are inside my tank. I require no vents, no flues, and I produce no smoke, soot or fumes. I don't require a pilot light and I have no flames connected with me in any way. I'm at least 95% efficient. I'm a quick recovery heater offering plenty of hot water when you need it. With depndable low - cost power from the Midwest Electric Cooperative, I'm economical to operate. Put an efficiency expert to work heating water for your home. Make your next water heater . . . ELECTRIC.

But For Mail Boyle Might Never Know

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

One way to help yourself is to tell the boss how to run the place better. Last year, for example, some 400,000 employes in U. S. industry earned at least $19 million in bonus money for suggestions that increased efficiency.

Knock on any five doors in America and chances are that within one of those households someone is suffering from arthritis.

Some pediatricians say that motorists traveling with children shouldn't journey more than 250 miles in a day. This includes squirmage.

Beating bugs seems to be one of our greatest problems. According to the World Health Organization, insects cause half of all human deaths and eat or ruin a third of everything that mankind grows or tries to store away.

Quotable notables: "To play great music, you must keep your eyes on a distant star" — violinist Yehudi Menuhin.

It has been estimated that more than a billion-and-a-half people go to bed hungry most nights.

Did you know that during the six-week hay fever season some 12 million victims will sneeze into 100 billion paper facial tissues?

So what else is new? Well, I am told that the petrel is the most abundant bird in the world. And so far as I know I have never seen one or met a human being who bragged that he had one.

One of the surest ways to earn a living is to learn how to fix an automobile. We have more than 61 million motor vehicles on the road, and only 750,000 mechanics.

We now customarily address our President as "Mr. President," but — in 1789 a committee of the U. S. Senate formally decided that he should be greeted as "His Highness, the President of the United States and the Protector of Their Liberties." His last and only Highness was George Washington.

Remember how much fun it used to be to eat in the kitchen? Well, this year some 1.3 billion American meals were or will be eaten outdoors.

It was British Prime Minister Harold Macmillan who observed, "You must be like an oak tree—your branches spreading out widely so that the new saplings may grow in their shade. You must not be a beech tree, growing so straight that you give no shade to the next generation."

Listed among the Magna Carta's provisions were feudal rights and privileges, definitions and limitations concerning the spheres of king, nobles, church, merchants, town and vague benefits to seep down from ruling to dependent groups.

Quebec's population has grown to nearly 5,500,000. A fourth of Canada's 19,100,000 citizens speak only French as their native tongue.

Experts Predict Final Split Of Russian, Chinese Reds

By JOHN M. HIGHTOWER

WASHINGTON (AP) — While the private thoughts of the Kremlin bosses are hard to come by, it is commonly accepted as a fact in official Washington that Nikita Khrushchev is completely fed up personally and politically with the Chinese Communists.

This insight into the mind of the decision-maker on the Soviet side reenforces the growing belief that the Soviet Union and Red China are now headed toward a final split in the fairly near future — probably mid-1965 at the latest.

Khrushchev took a personal snub from 29 Chinese Communist delegates at a World Youth Forum meeting in Moscow as recently as last Wednesday. It was not his first experience. Back in 1959, he suffered the cold shoulder treatment from the whole ruling group around Mao Tze-tung when the Soviet leader visited Peking after his meeting with President Dwight D. Eisenhower and his tour of the United States.

Such personal rebuffs, however much they may irritate Khrushchev, serve mainly to dramatize the kind of struggle which has developed between the two Communist giants over the last five years. For what has happened to Khrushchev personally in a few instances has happened many times in recent years to Soviet representatives at international meetings also attended by the Chinese Communists — meetings of women, students, doctors, African experts. The nature of the session seems almost irrelevent.

Behind the contempt deliberately shown for Kremlin leadership of the world Communist movement is Red China's ambition to seize control from Moscow. Khrushchev decided sometime ago, according to diplomatic information here, that he could deal with Red Chinese rivalry more effectively if the Peking regime were outside the camp.

The conflict began to come into the open in 1959 which was a critical year in Communist development. It was not only the year Khrushchev visited Eisenhower but also the year the Chinese began to make clear their resistance to Khrushchev and his policy of peaceful coexistence by espousing a militant anti-American doctrine.

In that year too, according to later Chinese claims, Khrushchev refused to assist China to become a nuclear power.

The differences have now become so great and the rivalry so entrenched that several developments seem reasonably speculative.

A meeting of Communist party representatives from about a score of countries is to be held in Moscow in December to prepare for a Communist world congress in 1965. The Russians invited 25 other parties to the December conference but the Red Chinese and several others have refused to attend. These events suggest the possibility of a full break between the Soviet and Chinese Communist parties anytime from the start of the December meeting till the end of the projected 1965 conference.

A break on the ideological front, designed by Khrushchev to excommunicate the Chinese Reds as heretics, seems certain to raise tensions between the Russian and Chinese nations closer to the flash point. Border incidents along their long Asian Frontier and around pro-Soviet Outer Mongolia may increase.

As troubles with China grow it seems a safe bet that Khrushchev will try to improve relations with the West in order to secure his Western front while he is menaced from the East.

It is conceivable that China may also try to improve relations with the outside world and this in turn could have a profound bearing on such direct U.S. issues as the anti-Communist struggle in Southeast Asia.

Junior Editors Quiz on MORGAN HORSE

QUESTION: How did the Morgan breed of horse originate?

* * *

ANSWER: The Morgan is a special, remarkable breed of horse. It is descended from one particular horse, a stallion who not only had special qualities but the ability to pass these to his descendants, so they have become the qualities of an entire breed. This horse, shown in the picture by a statue presented by the Morgan Horse Club to the U.S. Department of Agriculture, was named Justin Morgan after his owner Justin Morgan, who obtained him as a colt. The colt, born in 1793, was first used by Morgan as a saddle horse. He is thought to have had Thoroughbred and Arabian ancestors as well as other blood strains. Small, fast, with an exceptionally gentle disposition, this horse was extremely strong and able to pull heavier weights than any other horse his size. He lived to be 29 and had a number of owners. Recognized as a remarkable animal, he was bred many times, and his colts proved to have the same wonderful combination of strength and gentleness. Soon the Morgan horse became popular all over America. The "Bulrush," "Sherman," and "Woodbury" types of Morgans are only slightly different. From the Sherman branch came another, the "Black Hawk" type. 9-21

* * *

FOR YOU TO DO: Compare the horse in the statue to pictures of other types of horses. See if you can spot any differences in appearance.

(Suzanne Merrill of Champaign, Ill., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win the weekly grand prize of Compton's Pictured Encyclopedia.)

PEE WEE SEASON OPENS—The Scurry County Boys' Club football teams opened play for the year Saturday morning. Pictured are the four teams made up of 9 and 10 year olds along with their coaches. Also opening the season were the four teams made up of 11 and 12 year old players.

BIGGER PEE WEES—These are the 11 and 12 year old Pee Wee footballers participating this year in the Scurry County Boys' Club program.

First Collegiate Weekend Is Loaded With Surprises

By HUGH FULLERTON Jr.
Associated Press Sports Writer

Ever wonder why all football coaches are pessimists and football prognosticators are slightly whacky? Take a look at last weekend's results, then another at what's just ahead.

After the first full weekend of college action this season, the major colleges who played can be listed this way:

Already upset: Syracuse, Washington, North Carolina, Missouri, Mississippi State, VMI, New Mexico.

Too close for comfort: Oklahoma, Duke, Louisiana State, Georgia Tech, Kentucky, Northwestern, Wisconsin, Arkansas, Kansas, Oregon, Washington State, Virginia Tech.

Scared but safe: Navy, Wake Forest, West Virginia, Utah.

Breathing easy: Army, Alabama, Auburn, Florida, Texas, Iowa State, Arizona State, Wyoming, Southern California.

Two of the upset victims and two whose coaches may feel a bit shaken were among the Top Ten teams in The Associated Press pre-season ratings. Four of the Top Ten were easy winners and two haven't played.

Washington, rated as the team to beat on the Pacific Coast and No. 7 in the AP poll, fell before the Air Force 3-2 as Bert Holaday, who beat the Huskies last year, did it again with a 23-yard field goal. Syracuse, No. 8 and considered the East's best, was dumped by Boston College 21-14 on a tie-breaking pass from Larry Marzetti to Bill Cronin in the closing seconds.

Some of the other prime upsets saw North Carolina State down North Carolina 14-13, Texas Tech whip Mississippi State 21-7, William and Mary beat VMI 14-12, California trim Missouri 21-14, Utah beat New Mexico 16-0 and South Carolina hold Duke to a 9-9 tie.

Mississippi, tabbed as No. 1 in the AP pre-season voting, opened with a convincing 30-0 victory over Memphis State and takes on Kentucky Saturday in a Jackson, Miss., doubleheader which also sends Mississippi State against Florida. Kentucky barely beat Detroit 14-6 while Florida trimmed Southern Methodist 24-8.

Texas racked up its 12th straight victory, 31-0 over Tulane, and should be favored over Texas Tech. The Longhorns are rated No. 4. Alabama, No. 6, easily beat Georgia 31-3 and has a fairly easy assignment against Tulane at Mobile. Illinois and Ohio State, 3 and 5, open this week against California and SMU, respectively.

Oklahoma, second in the pre-season ratings, trailed Maryland for some 56 minutes. Then John Hammond took over at quarterback and fired a 90-yard scoring pass to Lance Rentzel, an interception set up another touchdown and the Sooners won 13-3. Next for Oklahoma is Southern California, 21-0 winner over Colorado Friday.

Hornung's Toe Is Blamed For Loss

By HAL BOCK
Associated Press Sports Writer

Paul Hornung's toe lost one for the Green Bay Packers, Bill Wade's arm won one for the Chicago Bears and John Baker's 270 pounds may have ended an era for the New York Giants.

Those were the key developments in Sunday's National Football League action which left the Packers with their first loss, the Bears with their first victory and New York with its worst start in nine years.

Green Bay lost by the margin of Hornung's missed extra point, 21-20 to Baltimore, Wade's passing blitzed Minnesota 34-28, and Bakers jarring tackle knocked Y.A. Tittle out of the game and started the Giants down to a 27-24 loss to the Steelers.

In other games, St. Louis and Cleveland tied 33-33, San Francisco upended Philadelphia 28-24, and Dallas downed Washington 24-18. Detroit and Los Angeles battled to a 17-17 tie Saturday night.

Baltimore's Johnny Unitas connected with two long touchdown passes, a 52-yarder to Lennie Moore and a 40-yarder to John Mackey, as the Colts scored all their points in the first half. Hornung scored on runs of 20 and four yards but missed the extra point after his second TD.

Wade completed 23 of 31 passes for 344 yards as the Bears broke loose against the Vikings. He heaved three touchdown passes and scored one six-pointer himself.

Frank Tarkenton threw four touchdown passes for the Vikings who lost their first game.

The Giants had a 14-0 lead against Pittsburgh when Baker caught Tittle deep in New York territory in the second period. The veteran quarterback's desperation pass was intercepted and returned for a TD by Chuck Hinton as Baker fell on him.

Tittle had to be helped from the field and did not play again. His injury was diagnosed as a bruised rib and torn cartilage and he was taken to St. Elizabeth's Hospital in New York for X rays and treatment.

Hinton's touchdown started a Steeler comeback that was capped by Brady Keys' 90-yard punt return which set up Ed Brown's second TD of the game and wrapped it up for Pittsburgh.

The loss, second straight for the defending Eastern Division champions, left the Giants as the only NFL team without a victory this season. This is New York's worst start since 1955 when the Giants also lost their first two games and finished third with a 6-5-1 record.

Charley Johnson engineered a last minute drive with quick flips to Sonny Randle, Joe Childress and John David Crow enabling the Cardinals to get within field goal distance against the Browns. Jim Bakken's fourth three-pointer of the game from 28 yards out with five seconds left enabled St. Louis to tie it.

Jimmy Brown had put Cleveland on top in the see-saw game scoring a TD with 48 seconds to go but Johnson's pinpoint passing brought St. Louis back. Lou Groza kicked four field goals for Cleveland and scored his 1,000th career NFL point.

John Brodie and Bernie Casey combined to beat the Eagles for San Francisco. Brodie passed for 267 yards with 11 completions. Casey caught six passes for 169 yards.

The Eagles drove to the 49er nine yard line in the last minute but three Norm Snead passes fell incomplete in the end zone as time ran out.

A tight Dallas defense contained Washington quarterback Sonny Jurgenson as the Cowboys whipped the Redskins. Amos Marsh scored two TDs for Dallas.

Earl Morrall came off the bench and hit Terry Barr with a fourth quarter TD pass as the Lions rallied for their tie against Los Angeles. Rookie quarterback Bill Munson hurled two TD passes for the Rams.

Pee Wees Start Season

Following Pigskin Preview Saturday morning at which all of the teams of the Boys' Club Pee Wee League, action started with games in two age groups.

Leading off at 9 o'clock were teams made up of 9 and 10 year old players. The Kittens defeated the Cubs in that game by a score of 8-0.

The only score in the game came in the third quarter with Butch Buchanan going over for the TD. The extra points were added by Jackie Murry.

Outstanding on defense for the Cubs were Duane Riggs and Richie Berry, and starring both offensively and defensively were Lewis Lloyd and Bobby Burleson.

Kitten defenders who starred were Kevin Jones, Jerry Hardin and Jerry Grant.

In the second game of the morning which pitted the 11 and 12 year old players, the Bears topped the Lions, 16-8.

The Bears' touchdowns were logged by Stewart Sims and Johnny Quiros. Mike Shearburn contributed extra points after each TD. Leading ball carriers for the Bears during the game were Quiros and Tony Breedlove.

The Bears' defense was led by David McMahan, LaWayne Fagan and Bill Branson.

Starring offensively for the Lions were Tommy Favor, who contributed both the TD and the extra points, and Bobby Thompson.

Defensive standouts for the Lions were Glenn Rambin and Steve Dillah.

Favorites In SLC Tangle

By The Associated Press

The Southland Conference opens its championship race this week with the two favorites — Abilene Christian and Lamar Tech — hooking up in the first game.

Abilene Christian, which has won 10 straight games, and Lamar Tech, which opened the season last week with a 21-0 victory over East Central Oklahoma, clash at Beaumont Saturday night.

Cappelletti Settles Issue For Boston

By DICK COUCH
Associated Press Sports Writer

The Boston Patriots had a score to settle with San Diego's defending American Football League champions and Gino Cappelletti almost did the job himself.

Cappelletti, the AFL's leading scorer in 1963, short-circuited the Chargers with a 21-point splurge Sunday as the Patriots hung up a 33-28 victory that eased their hangover from last year's championship game.

The Chargers won that one 51-10, with Cappelletti's second period field goal closing out Boston's anemic attack. Sunday, the veteran pass-catcher-kicker personally outscored the favored Californians until the last seven minutes of the game.

He kicked four field goals, caught a 17-yard touchdown pass from Babe Parilli and booted three extra points. With Parilli also hitting Art Graham and Larry Garron for scoring strikes while a blitzing defense manhandled San Diego's vaunted backfield until the closing minutes, the Pats evened their lifetime series with the Chargers at five victories apiece.

In Sunday's other game, the Buffalo Bills, powered by reserve quarterback Daryle Lamonica and bull-dozing Cookie Gilchrist, kept pace with Boston by whipping punchless Denver 30-13. The Bills and Patriots share the Eastern Division lead with 2-0 marks.

Houston's revamped Oilers turned a bunch of fleet rookies loose against Oakland Saturday night and ran off with a 42-28 decision, lifting their record to 1-1. The New York Jets, 1-0, and Kansas City Chiefs, 0-1, were not scheduled.

Cappelletti, 30-year-old Minnesota alumnus who was converted from a defensive back in 1961 and set a scoring record of 147 points, boosted his 1964 total to 26. He kicked a field goal and two extra points in the Patriots' 17-14 opening victory over Oakland. Gino's 113 points and 22 field goals led the league last year.

Parilli completed 15 of 32 passes, including TD pitches of 17 yards, to Graham, and 13, to Garron. Garron gained 116 yards on the ground in 22 carries.

Lamonica, who replaced starting QB Jack Kemp in the third period, ran eight yards for one Buffalo touchdown and the 245-pound Gilchrist scored on a 15-yard jaunt and a one-yard plunge. Rookie Pete Gogolak kicked three field goals and three extra points.

The Broncos scored on a 15-yard pass from Jackie Lee to Lionel Taylor and two field goals by Gene Mingo. Otherwise, the Bills' forward wall, anchored by Tom Sestak, contained Denver's passing game.

Dallas Team Blossoms

DALLAS (AP) — The Dallas Cowboys started realizing their offensive potential by blossoming on the ground Sunday and it paid off with their first victory in five tries—a 24-18 triumph over the Washington Redskins.

The defense again was excellent and the team was run well through a quarterback shuffle that alternated Don Meredith and John Roach.

The Dallas pass rush put a halter on Sonny Jurgensen, the Washington quarterback, who completed only six of 21 for 75 yards and lost 30 yards being caught behind the line.

Amos Marsh and Don Perkins led the Dallas ground game that racked up 179 yards, with Marsh getting 96 yards on 14 carries and Perkins 73 on 20.

A misting rain cut attendance and only 25,159 wer in the Cotton Bowl to see the Cowboys win their first National Football League game of the season.

B Team Falls To Big Spring

The Snyder High B Team suffered its first loss of the season here Saturday night by falling to the Big Spring B Team 20-0.

The B team Tigers held the powerful visitors scoreless during the first half and even threatened to score a couple of times themselves. Their nearest miss came when they drove to the Steer 7 before being stopped by a fumble.

The Big Spring eleven completely dominated the second half of play, racking up 9 first downs while limiting Snyder to only one. For the contest Snyder had 6 first downs and Big Spring had 18.

The Tigers took the opening kickoff and marched toward the Steer goal line with fullback Bobby Clardy and halfback Ronnie Hardwick doing most of the footwork. The big gainer was a 31 yarder by Hardwick. With tnird and 5 on the 7 the Tigers fumbled to end their most serious drive of the night.

The locals had another mild threat in the 2nd period when they drove to the Big Spring 33 where they failed to make a first down by less than a yard.

The Steers also came close to a score in the first half, and drove to the one foot line just before the end of the 2nd quarter, but lost the ball on downs.

The Big Spring team took the 2nd half kickoff and drove all the way for a score without relinquishing the ball. The drive took 13 plays with the tally coming on a 4-yard run by Donnie Baker. He and Bobby Barber had done the bulk of the ball-carrying on the drive. Quarterback Van Whatley tried to run for the points but was stopped short of the double stripe.

The Steers scored again in the opening seconds of the final quarter on a 20-yard run by Whatley, who then passed to Barber for the two points.

The final scoring came with less than five minutes left in the contest. Whatley passed to end Robert Jackson for the final 28 yards. The try-for-point was unsuccessful, and that ended the scoring for the night.

Heading the defensive play for the Tiger B Team were Elden Woodward, Sam Elledge, Murray Bowden, Jimmy Wilson, Billy Wilson, Gerry Nunley, Ronnie Clemmer, Joe Breeden and James Headstream.

The Snyder B Team, tutored by Coaches Bill Hartsfield and Roy Carter, will be in San Angelo Saturday night where they will take on the powerful San Angelo Junior Varsity. Game time will be 7:30.

ASSOCIATED PRESS NEWS IN PICTURES

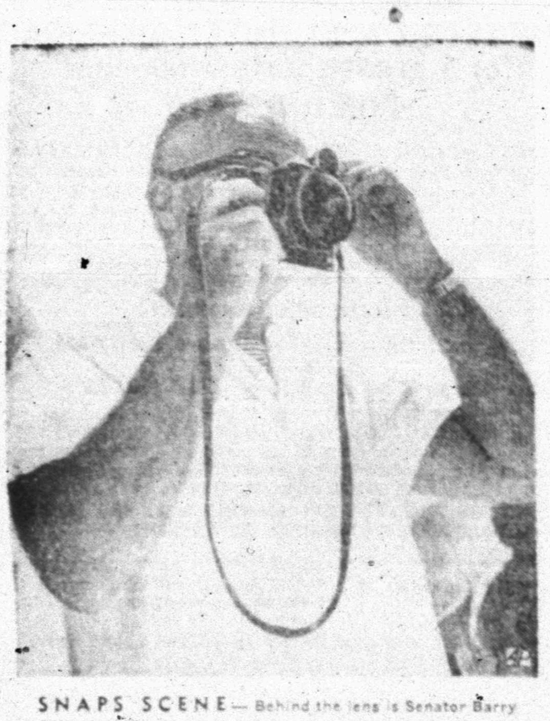

SHOW'S IN THE AIR— Royal Air Force aerobatic teams fly in close formation over Little Rissington, England. The jet planes were rehearsing for a synchronized display at the Society of British Aerospace Companies' show to be held at Farnborough.

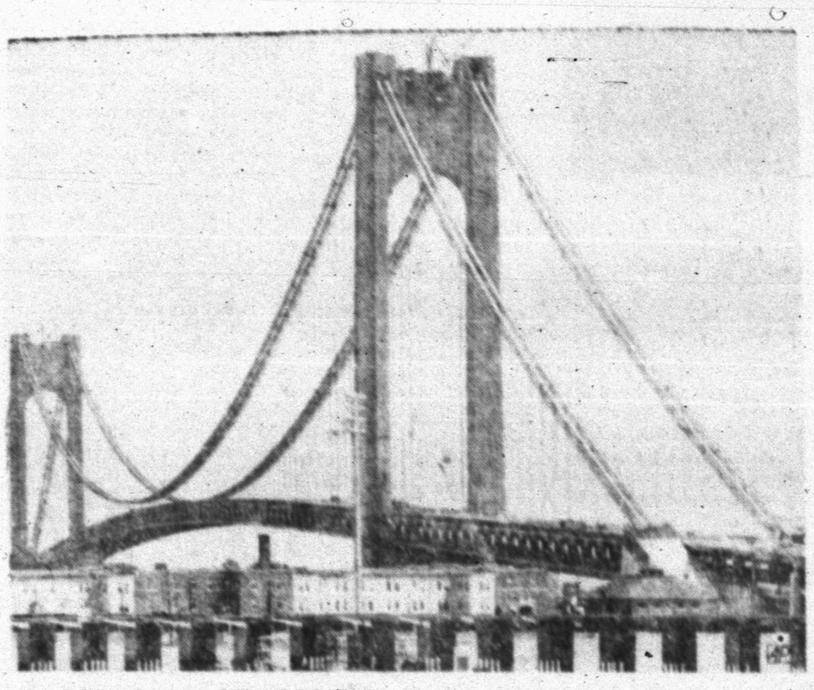

ROGER'S READY— Navy's All-America quarterback Roger Staubach limbers up his passing arm as fullback Pat Donnelly blocks during grid practice at Annapolis, Md.

MUSIC MINIATURES— Four figures of musicians fashioned from teak, fur and wire piping are among the novelties at the Autumn Fair in Frankfurt, West Germany.

SNAPS SCENE— Behind the lens is Senator Barry Goldwater taking pictures during a news conference he held on a yacht at Avalon on Catalina Island off California.

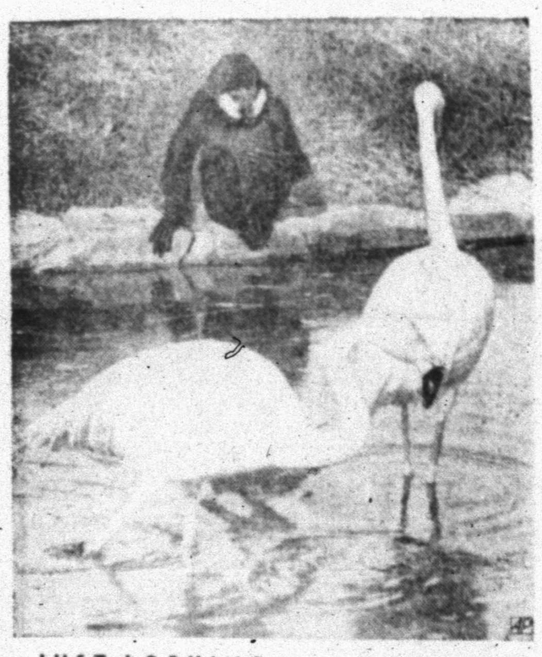

SUSPENSION SHAPES UP— The Verrazzano-Narrows bridge spanning the mouth of New York harbor looms high over Staten Island buildings. Far tower is in the borough of Brooklyn at the other end of what will be the world's longest suspension span.

PRESIDENT—Dr. Donovan F. Ward of Dubuque, Iowa, is the new president of the 116-year-old American Medical Association. He replaces Dr. Norman A. Welch who died in Wyoming.

ATHLETES' AIDES— Japanese motorcycle police line up at Olympic Village in Tokyo for traffic control training. They'll lead cars carrying competing athletes.

JUST LOOKING— A little black gibbon, who apparently is no swimmer, contents itself by watching long-legged flamingoes wade in Paris Zoo pool during a hot spell.

ARAB LEADER—Crown Prince Feisal, who is in control of Saudi Arabia, is projecting the image of an austere ruler in contrast to his half-brother predecessor, King Saud I.

DEFERENCE TO SYMBOL— University students kneel in front of the statue of King Chulalongkorn by the parliament building in Bangkok. The ruler, who died in 1910, is honored to this day for the reforms he instituted to benefit the Thai people.

LITTLE HELPER— Mrs. Ruth McKee practices on bassoon as daughter, Kathy, holds score on the Esplanade during rehearsal for Boston's Women Symphony Orchestra.

CLEANUP ON SPOT— Workers are dwarfed by a giant bronze statue taken down for repairs and a cleanup in Johannesburg, South Africa. It is one of a trio of giant memorials erected overlooking the city. They are a tribute to work by the African gold miners.

CASUAL TOP— This little boy's cap of fake grey lizard is designed for back-to-school clothes. It's pleated in soft folds to give rounded fullness to the crown.

MARK IN THE MAKING— Sharon Stouder strokes her way to a new world record in the 100-meter butterfly at the Olympic swim trials in New York. The 15-year-old Glendora, Calif., girl's time was 1:05.7, four tenths of a second under the listed mark.

Oil Operators' Spokesman Attacks Federal Pricing

By MAX B. SKELTON

NEW YORK (AP)—The chief spokesman for the nation's independent oil operators described federal efforts to control natural gas wellhead prices today as a twilight zone of unreality.

H. A. (Dave) True Jr., of Casper, Wyo., said the Federal Power Commission has operated in an atmosphere of confused theory while seeking since 1960 to develop an area formula for controlling gas sold wholesale into interstate commerce.

The president of the 7,500-member Independent Petroleum Association of America was a speaker for the producers division of the Independent Natural Gas Association of America.

The gas group is the policy-making body for interstate pipeliners who make natural gas available to more than 36 million consumers in 46 states.

Both True and George P. Garver of Chicago, president of the gas association, said in prepared speeches that natural forces of competition and not federal regulation will keep gas prices at reasonable levels.

True said producers have spent millions of dollars participating in FPC area price proceedings without one sentence of sound rational emerging in support of either the concept or the necessity of area pricing.

Garver, president of the Natural Gas Pipeline Co. of America, said field prices of gas have stabilized somewhat since 1960 but pipeliners must be alert to prevent efforts by the FPC to expand its regulatory authority over the industry.

Both speakers said Congress at present does not seem inclined to expand the commission's authority.

True's organization is mapping plans to ask Congress to exempt wellhead prices from federal control. He said today many members of Congress have become restive over chaos and indecision resulting from the area proceedings.

Garver's group, without outright endorsement, has flirted with area pricing in the past but Garver recently indicated the association would support a decontrol bill if it would exempt pipeline-owned gas as well as gas owned by individual producers.

Joseph C. Swidler, the FPC chairman, from Washington, is to speak at Tuesday's final general session of the two-day meeting of the pipeline association.

The FPC adopted the area formula in 1960 by establishing temporary wellhead prices for each of the nation's 23 major gas producing areas. The commission previously had for six years handled each producer's case individually.

Formal hearings on the first area—the Permian Basin of West Texas and southeastern New Mexico—began in early 1961. Seymour Wenner, the FPC examiner, did not submit his recommendations, however, until last Thursday.

Wenner suggested a two-price system ranging from 10 cents per 1,000 cubic feet for oil well gas to 16.75 cents for new gas well gas. Permian producers had sought a one-price ceiling of about 20 cents.

True, in commenting on the long Permian proceedings, said the area concept still will have to face a court test after the FPC acts on Wenner's report.

Time Uncertain For UAW Talks

By A. F. MAHAN

DETROIT (AP) — General Motors Corp. and the United Auto Workers Union disagree on many things, and one of them is what time they'll meet today to begin showdown bargaining on a new labor contract.

UAW President Walter P. Reuther's public relations chief, Joe Walsh, said 10 a.m. Paul Svoboda, public relations aide to GM Vice President Louis G. Seaton said 1:30 p.m. Both said they had talked with the boss.

Neither Seaton nor Reuther were directly available to newsmen Sunday night but the two appeared about as close together on starting time as anything else.

The company has offered a new three-year contract which it calls "generous." The union has termed it "totally inadequate" pointing to GM profits which last year topped any ever reported before by a manufacturing corporation.

The offer is the same which Chrysler Corp., Ford Motor Co., and GM made the UAW Aug. 17.

Under threat of strike, the union won a new pact at Chrysler which it estimated to be worth 54 cents an hour over the next three years and which carried an early retirement incentive under which a 30-year man might retire at 60 with a pension up to $400 a month until he becomes eligible for Social Security benefits.

It also raised the pension rate for past and future retirees leaving at 65 from $2.80 per month for each year of service to $4.25.

Reuther called this "a cake," and he claimed as "frosting" a Christmas bonus of $25 to $100 won at Ford on top of the Chrysler package.

As he left Ford, Reuther told newsmen he would see them at General Motors at 10 a.m. Monday and was going there "to make the frosted cake a la mode."

As at Chrysler, the Ford settlement came only 55 minutes ahead of a strike deadline. Thus, the union preserved intact its $67-million strike fund for the GM showdown.

GM is the giant of the Big Three, with 354,000 UAW-represented employes, compared with Ford's 130,000 and Chrysler's 74,000.

ATTENTION! HUNTERS! . . . CAMPERS!

A real bargain in a small house trailer. Finished inside except you can build your own bunks to suit yourself. See at 3511 Ave. A. $250.00 rock bottom price.

DISMISSALS: Dorothy McCoy; Maggie Dosier; Mrs. Frank Lopez and baby girl; Mary Edith Wiggins; Ethel Maschek; James Moss, III; Herbert Hatter.

Runaway Train Dumps Load Of Coal

SALUDA, N.C. (AP) — A runaway freight train on a steep grade crashed off the end of an emergency siding Sunday sending 1,000 tons of coal helter skelter down Saluda Mountain.

The five crewmen of the Southern Railway train leaped to safety minutes before the six diesel engines pulling the 69 cars highballed off the end of the emergency siding. Four were uninjured. The other escaped with a sprained ankle.

The engines and 16 coal hoppers derailed. A witness said two of the engines plowed about 1,000 yards off the end of the siding.

The train, en route from Asheville to Spartanburg, S.C., was going down a grade where it drops 1,000 feet in five miles when it went out of control.

Britain's Conservatives Gain Brawn

By LOUIS NEVIN

LONDON (AP) — Less than a year ago Britain's ruling Conservative party was in disarray, its leader on a hospital bed, his chief aides vying for his post and the party's popularity lagging well behind that of the Labor party.

Today, public opinion polls indicate, the Conservatives have drawn level with the Laborites. A general election is only 24 days away.

What has happened to raise the Conservative fortunes in the 11 months since Sir Alec Douglas-Home was named to succeed Prime Minister Harold Macmillan?

Reasons advanced by British observers include:

First of all, the electorate appears to like the pleasant, patrician personality of the 14th Earl of Home who renounced his title to become prime minister. His calm, easy-going self assurance in House of Commons debate has won many admirers.

A remarkably efficient central party organization which reportedly began preparing last October for the general elections to be held Oct. 15.

A campaign fund estimated at more than $8.4 million.

The prime minister's advantage in setting the election date.

The Labor party's publicity machine swung into action twice, apparently in anticipation of March or June elections. Labor's big guns may have been uncovered too soon.

After renouncing his title Douglas-Home had to seek election to the House of Commons. He succeeded handsomely and inaugurated a chatty, whistle-stop type of campaigning. The voters appear to like it.

He also coolly sat out temporary improvements in Conservative fortunes and waited to call the elections until almost the last possible date allowed by law. This gave him the chance of getting his personality across to the nation.

Rites Set In Texarkana

TEXARKANA, Tex. (AP)—President Lyndon B. Johnson will dedicate the John F. Kennedy Memorial in front of the Texarkana post office Friday night.

R. P. Cheatham, president of the Texarkana Kennedy Foundation, said the President would fly here for the 7 p.m. ceremony from Oklahoma City, where he is to attend a dedication ceremony during the afternoon.

Afterward the President will fly to his ranch near Johnson City, Tex.

The President is to participate Friday morning at a ceremony in El Paso, Tex., in connection with the settlement of a border dispute over the Chamizal, a section of El Paso being returned to Mexico under a treaty with the United States.

Cheatham said special invitations to the Texarkana ceremony have been sent to Govs. John Connally of Texas, Orval Faubus of Arkansas and John McKeithen of Louisiana.

San Angelo Man Killed In Colorado

DURANGO, Colo. (AP)—One San Angelo, Tex., man was killed and another injured Sunday when their semi-trailer truck's brakes failed on Wolf Creek Pass in southwestern Colorado and the truck plunged 267 feet into the canyon below.

Killed was Logan Ross Johnson, 33. The state patrol said he was riding in the sleeper and was pinned under the cab.

The driver, Don Nelson Currie, 28, was injured.

After the brakes failed the truck sped four miles down the pass, then plunged from U.S. Highway 160, 20 miles east of Pagosa Springs.

The Florida Alcoholic Rehabilitation Program says covering up any alcoholic's drinking generally complicates the problem. the alcoholic will usually not seek help until he is allowed to suffer the consequences of his drinking.

Negro Home And Church Are Bombed

MCCOMB, Miss. (AP) — A Negro church and the home of a Negro civil rights worker were bombed Sunday night and angry Negroes stoned a police car when it arrived.

Police said 2,000 or 3,000 Negroes attacked the patrol car with bricks and bottles when it drove up to the wrecked home of Aylene Quin. Negro leaders said about 150 were in the crowd.

The patrol car roared away from the scene. Jesse Harris, project director of a Negro voter registration drive, exhorted the crowd to "go at it peaceably."

Spokesmen for the Student Non-Violent Coordinating Committee said the crowd dispersed.

Police officials said they were too busy to talk about it at all.

Mrs. Quin, 42, operator of a cafe and a civil rights leader, said her two children were injured by the blast but not seriously. They were treated for minor lacerations.

The youngsters, Kathy, 9, and Jackie, 5, were sleeping in a room at the back of the house. The bomb went off in front.

The Society Hill Baptist church, just south of McComb, was blasted into rubble about an hour after the explosion at the Quin home at 10:50 p.m. The church was empty at the time.

Negro spokesmen for SNCC said the bombings make a total of 13 here since the Council of Federated Organizations, a coordinating group, opened operations here last June. There were some before that date.

In addition, about 10 churches have been burned. Officers said no evidence of arson was found.

No arrests have been reported.

BIRTHS

Mr. and Mrs. Frank Lopez, Box 703, are the parents of a 7 lb. 7½ oz. baby girl born at 10:40 a.m. Sept. 20 at Cogdell Hospital.

BUSINESS and INDUSTRIAL NEWS

LOADED WITH LOVELY JEWELRY are the cases at Snyder Drugs. Mrs. Velma Smith displays one of the several Taylor watches which are being featured by the store. The watches come in various forms—as pendants, lapel pins, cuff links, and in a variety of jewelry-type bracelets. One watch even has its own wardrobe, complete with several bands and interchangeable facings. Modern styles and antique styles in a number of colors make a Taylor watch from Snyder Drugs the perfect costume accent. Prices for these fine watches start as low as $12.95 at Snyder Drugs.

Snyder Drugs Jewelry Is Fashion-Right For Fall

What does it take to make a lady feel really dressed up?

Of course if she has new fall finery, that will help. But whether it's brand new, or starting another season, the clothes themselves will matter a lot less if the lady is wearing beautiful new jewelry.

The bit of dazzle that new jewelry adds to any ensemble does more to make the lady feel well - dressed than any other one thing she can do.

And the most beautiful part of the whole idea is that this new dazzle is so inexpensive for the ladies who shop at Snyder Drugs.

Fall shipmen of new costume jewelry have been arriving for the past few days at Snyder Drugs, and now the choice is the largest its been in years.

There's a good selection of such fasion-right jewelry as hair ornaments like bandeaus and barettes, birthstone rings, bracelets and necklaces in the very latest designs.

Costume jewelry at Snyder Drugs is not just an "assortment" sent to the store by a jewelry wholesaler. Rather, each piece offered at the store was selected and chosen individually, and comes from such famous jewelry manufacturers as Whiting and Davis.

The children aren't forgotten at Snyder Drugs either. From the little tots right on up through the teen-agers, there is something to delight the heart of any girl. If she has a charm bracelet, there's at least one charm in the wide Snyder Drugs selection that was made for her — one that's just begging to find a home on her bracelet.

Snyder Drugs knows what folks are going to want. And those are the things that they have available today.

For example, they knew a long time ago that then the present political campaign got into high gear that folks would want to let people know where their political allegiance lay. That's why today they have in stock clever little ceramic donkeys and elephants.

Small, and not gaudy, these cute little figures don't shout politics. They just politely let people know which side of the fence the wearer is on.

So that's the way it is at Snyder Drugs. They know what people need, and they know what people want. And that's what they have waiting for their selection in the jewelry cases of their fine store.

Surgery Separates Siamese Twin Boys

CHICAGO (AP) — Siamese twin boys born Saturday were reported "resting comfortably" today following a successful separation operation.

Four surgeons worked 3½ hours Sunday to separate the infants, who were joined at the lower abdomen.

After the operation, one twin was left with a large and small intestine and the other only the small intestine.

A spokesman for Children's Memorial Hospital said the twin with both intestines "should get along very well" and the other one "might get along very well."

The twins, born Saturday night to 21-year-old Carol Jaquet in Evanston Hospital, weighed 8 pounds, 3 ounces at birth.

Train Crewmen Find Man's Body

DECATUR, Tex. (AP)—The body of James W. Swinson, 29, of China Grove, N.C., was found by a train crew on a railroad right-of-way 10 miles south of Decatur Sunday.

Wise County Sheriff J. R. Branch said the man apparently fell or jumped from a moving train and hit his head on a concrete marker. A justice of the peace ruled accidental death.

Papers on the body indicated the victim had been working on a shrimp boat off the Texas gulf coast last week.

Bargainers Reassess Positions

WASHINGTON (AP) — Negotiators were reported reassessing their positions today after an all-night meeting aimed at averting a nationwide railroad strike less than 24 hours away.

Chairman Howard Gamser of the National Mediation Board said union and management representatives were standing by for further possible talks in the attempt to break the deadlock over job security.

The unions have set a 6 a.m. local time Tuesday strike deadline on most of the nation's railroads. The two sides met for 12 hours with Mediator Francis A. O'Neill from 7 p.m. Sunday to 7 a.m. today, Gamser said, before adjourning for "reassessment of their positions."

The all-night session dealt mainly with the problem of subcontracting of railroad maintenance work, which the unions contend is cutting heavily into their jobs in railroad shops.

So far there has been no sign that President Johnson will step in personally to persuade both parties to end their dispute, but he is being kept informed of the talks.

Johnson's intervention in April ended a threat by five train-operating unions to shut down the railroad system.

This time the dispute is between six shop craft unions and all railroads except the Pennsylvania Railroad, the Long Island Rail Road, and the Southern Railway system.

The union are demanding what they call adequate job security — including wage protection for shop men who lose their jobs or some pay because of technological improvements in rail rations.

Recommendations on the issue were made last month by a presidential emergency board. Both sides, at the time, said they accepted them. Now they blame each other for the new dispute that has arisen over interpretation of the recommendations.

Another issue separating the parties centers on union objections to the use by the railroads of outside contractors to do some maintenance and repair work. The craft unions represent the railroad's maintenance and repair workers.

Federal mediator Francis A. O'Neill met separately with representatives of management and labor Sunday, but no progress was reported.

Neither J. E. Wolfe, chief negotiator for the railroads, nor Michael Fox, representing the unions, would comment on the possibility of reaching a settlement before the strike deadline.

Pipeliners Meeting To Study Federal Controls

By MAX B. SKELTON

NEW YORK (AP) — Natural gas pipeline executives meet Monday and Tuesday to study federal controls which their president has described as a morass of untested theories.

Federal regulators headed by Joseph Swidler, chairman of the Federal Power Commission (FPC), will speak at the meeting of the 2,500-member independent Natural Gas Association of America.

The association includes the producing and distributing segments of the industry but is basically the policy - making body for interstate pipeliners who move gas to more than 35½ million customers in 46 states.

All but one of the major interstate lines, Tennessee Gas, are members and, unlike many oil trade groups, major policy decisions are developed exclusively by top level executives.

The association, without outright endorsement, has flirted with the FPC's area formula for controlling wellhead prices of gas sold wholesale to the interstate lines. The long delay in developing the formula adopted in 1960 has led, however, to increasing criticism and impatience.

G. P. Garver, association president from Chicago, had a few kind words for area pricing this week but told Texas independent oil and gas producers they have the sympathy of the pipeliners.

Garver, president of the Natural Gas Pipeline Co. of America, said there is more need than ever before for a united front in the industry's fight in the nation's energy market.

He then gently slapped the wrists of the Texans by telling them he was amazed and distressed to learn they had urged Swidler to exempt independents from utility regulation but maintain such controls on gas production owned by the interstate pipeliners.

"It certainly reflects no desire to reach a mutual understanding of our problems," Garver said. "It is rather ironical the producer should be looking to the pipelines for support and at the same time publicly oppose the pipelines' effort to obtain like treatment for the same product."

Garver said he believes producer legislation acceptable to the pipeliners could be drafted but the pipelines would expect to include remedial provisions on their own problems.

"Foremost among these is rate treatment of pipeline owned production," he said.

Garver indicated differences over pipeline owned production actually involves a non-existent problem. He said gas requirements owned by the pipelines has shrunk from 15 per cent since the early 1938s to 9 per cent.

The Texans actually want a complete decontrol bill for their production but frankly say chances for such a bill, twice vetoed, are slim unless openly endorsed by the presidential candidates in the November general election.

Skin Diver Missing

IRVING, Tex. (AP)—No trace has been found of a young Ling-Temco-Vought engineer believed to have gone skin diving in the Gulf of Mexico last week.

Missing is Robert Howard, 23, son of Irving city manager Morris Howard.

Young Howard, of Grand Prairie, borrowed a car from a friend and started for Houston. The vehicle was found near Freeport Tuesday with Howard's rented diving gear missing and his clothes locked inside.

The missing man was last seen by a filling station attendant in Richmond.

Battle Is Shaping Up In Milk Packaging Industry

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — The battle of the bottles is spreading. Glass bottles have been fighting paper cartons to get back the milk trade, and also battling metal cans in the beer and soft drink fields. Now glass and paper are being challenged for the milk container business by plastic bottles and even bags.

All the rival liquid containers are plugging new or prospective improvements, promising a better deal to both the consumer and processor. Changes range from faster filling to easier handling and storage, from lighter containers and cheaper shipping to more convenient opening.

The new plastic milk bottles are concentrating on the half gallon and gallon sizes. There are also polyethylene bags, holding from two to five gallons, to fit in corrugated cardboard boxes in the refrigerator and fitted with handy spigots.

Glass makers are spending around $10 million annually on research and development. The Glass Container Manufacturers Institute says the prewar quart bottle weighed 18 to 20 ounces and research will soon have it down another 20 per cent.

Time of filling glass bottles has been pushed up to 175 quarts of milk a minute, from 90 a minute a few years back. Laboratories also are working on nonreturnable bottles for other dairy products.

Several companies are entering the plastic milk bottle business, either as material suppliers, makers of containers, or distributors.

One maker and marketer, Haskon Inc. says the potential market is 318 million gallon and 5.6 billion half gallons a year, with the selling price to dairies totalling $280 million. To make this many plastic bottles would take $150 million of high density polyethylene. The new company is jointly owned by American Seal-Kap, maker of paper closures for glass bottles, and Hercules Powder, supplier of polyethylene.

Union Carbide has designed plastic containers, shipped in halves, and heat-sealed together at the dairy, to conserve shipping space and cut costs. Shell Chemical supplies resins to independent plastic bottle makers, as does W. R. Grace. Owens-Illinois is making plastic bottles in its regional plants.

Talking points for plastic are leakproof, splinterproof, sanitary, light weight for reduced shipping costs.

Glass makers long have plugged their product's transparency, its chemical inertia which keeps various liquids unchanged in taste or color, and its easy forming into endless shapes and designs.

In the field of other beverages than milk, the glass industry has battled the inroads of metal cans for beer and soft drinks by developing no-deposit, nonreturnable glass bottles. Research laboratories have come up with a new labelling device, allowing printing in two colors on beverage bottles at the rate of 100 per minute.

Makers are introducing bottle caps that can be flipped off with a thumb. Use of three small pull tabs on the side eliminates the bottle opener. This is aimed at making bottles competitive with flip-top beer cans.

Metal companies have been busy, too, making cans lighter as well as easier to open. And paper carton makers insist neither glass nor plastic is going to cut into their supermarket milk business.

The glass institute says unit sales of all glass containers has gone up 24 per cent in the last five years. It reports shipments netted more than $1 billion last year, up from $988 illion in 1962, and talks of another 5 per cent gain this year. The industry says research promises to add another 30 per cent in "just a short time."
