It's all the same, there's just more of it. Something we've all suspected, but finally have confirmed.

Mark Gale is a photographer for the Ft. Worth Star Telegram.

He's worked for newspapers in his home town of Baltimore, Maryland, in Mississippi, Louisiana, and a number in Texas. He's worked for USA Today.

Sam and Margie Rice introduced him to us back when he was working in this area.

Saturday night we had the opportunity to look over several boxes of his work, which was great.

Thumbing through sports shots of football teams taken in California, horse shots from an assignment at a racetrack, firebomb pictures, and people from Michael Jackson to George Bush, I got that feeling most weekly newsmen get...that we've missed a boat loaded down with glamour, fame and excitement.

While we are snapping away at high school football, these professional photojournalists are standing in a perfectly lighted stadium taking pictures of famous sports figures.

While we are covering Girl Scout Banquets they are covering presidential rallies.

The contrast is, at first glance, startling...the gap too wide for closing.

But then, one begins to realize that it all boils down to the same thing.

Indeed, it actually takes more skills to cover high school football than professional. The lighting and footing at high school games is pretty primitive compared to the layout at a pro game. The same can be said for most sports contests.

The events that generate those prize photos we all dream of: spectacular rescues, daring fire fighters, amazing news events, certainly occur with more frequency in a town of one million than in a town of one thousand.

Of course, being able to work in color would be nice, and only daily papers with large circulations can afford that luxury.

Like those of us on weeklies, the "big guys" have to cover plenty of assignments that have little or no possibilities for drama or creativity.

They get calls from people complaining that photos made them look old, look bad, were omitted, deliberately discriminated by cutting someone from the picture- all the complaints that simply go with the territory.

They have one thing most weekly photographers don't have, however. That's a certain amount of respect. Photographs published in the New York Times obviously demand national attention. The person who is responsible for those pictures becomes well-known and well-paid.

They also have something else...the luxury of doing one thing...photography.

When they go to take pictures they don't have to worry about getting down names, times, information or anything but the best shots they can

Then they can go back to a roomy darkroom and process and print, with little thought to cost, their glossy color prints.

Weekly folks usually go back to a darkroom in a converted closet, and remind themselves with every print they make that "there went another dollar". They usually have several other people's film to process too.

After they get all that done they can go out to their desk and pound out the outlines to go under the pictures, then write the story to accompany it.

Weekly people have something to compensate for most of that, though. That's the trust and, usually, affection, of the people in their community.

There isn't much respect, no one considers that weekly people have any great talent, nor does a picture on the front page of a weekly have the same prestige (or pay) of a huge city daily.

But there is gentle jesting, trust that people's sorrow will not be used for sensationalism, and genuine welcome when the weekly "paper person" shows up. Offers to sit down and eat, join in the festivities, or

wheeler, loose. Howard, who was on his way to visit relatives during his vacation, was uninjured in the crash. The Ford pickup, which he had only had four months, suffered heavy damage. Attendance Urged At Meeting On Sulphur River Bridge

A public meeting on the Texas Highway Department's planned bridge across Sulphur River has been set for Tuesday, August 30 at the Chamber of Commerce in Clarksville.

First Precinct Commissioner Drue Pirtle, who announced the meeting, has been urging landowners in the area to attend the meeting to express their views. County officials and THD representatives are expected to attend.

The Red River County Commissioners' Court has for years urged the construction of the bridge near Bernard's Crossing, says County Judge L.D. Williamson. The bridge is considered a key to economic development in the Cuthand area and throughout the southern half of Red River County. It would reduce by several miles the distance traveled by area residents to jobs in Titus County.

The THD's present plan would

locate the new bridge a few years east of the old structure, on land presently owned by Sammy Barnett of Mt. Pleasant.

According to the office of THD's District Engineer in Paris (District One), contracts for building the bridge could be let as early as the summer of 1989. The bridge is a joint project of District One and of District Nineteen, headquartered in Atlanta.

Immunization Reminder For The Talco-Bogata Schools

The Talco-Bogata Independent School District officials have issued a reminder to parents that immunizations are required for all school age children against certain diseases.

At least three doses of DPT and/or TD vaccines are required, provided at least one dose has been received on or after the fourth birthday. Reinforcing of "booster" doses of tetanus/diphtheria vaccine are required every ten years after the dose obtained on or after the fourth birthday, officials said.

All students must have received measles vaccine on or after the first birthday, or during the calendar month of the first birthday and since January

1, 1968; or provide a physician-validated history of measles illness.

One dose of Rubella vaccine is required. Rubella vaccine is not required past the twelfth birthday.

All children through age 15 must have received Mumps vaccine, or provide a physician-validated history of Mumps illness.

Polio vaccine is not required for persons 18 years of age and older. For persons less than eighteen years of age, at least three doses of oral Polio vaccine are required, of which at least one dose must have been received on or after the fourth birthday.

Kiwanians Hear Rivercrest Principal

Dr. James Smith, Rivercrest High School Principal, told the regular Wednesday morning Breakfast-at-Bogie's meeting of Kiwanis of the activities at Rivercrest as the new school year begins.

According to Smith, Rivercrest High School students perform well

as measured against other schools in the state and could do even better, if individually motivated to do so.

Next week Terry Giddens, football coach at Rivercrest, will tell Kiwanis about Rivercrest's football program and the team's prospects for 1988.

"LETTER TO EDITOR"

To The Bogata News:

Thanks for the picture of Inez Strain. How time goes by. It brings back so many memories. How many times have I heard my mother-in-law, Kate Strain, "Mama Kate" repeat that little poem. It was a little poem her daughter said as a small child, as she is my sister-in-law, I spotted her picture at once. She still looks the same to me. I do love all the Texas people as my son, Donnie Strain, lives there, I do keep in touch. Thank you. Lorene Humphreys Strain Broadfoot

simply stay awhile around.

It helps make up for that lack of fortune and glory we connect in our minds with the "big time".

Besides, I finally figured out just how much similarity there really was. That was when I found out that editors call down to the newsroom on slow days and make that dreaded statement, "it's dead today, go out and FIND SOMETHING to take a picture of".

Just knowing that it happens to the giants as well as the little fellows is a tremendous consolation.

Like most jobs, what looks to be glamorous and exciting boils down, as we said to "It's the same stuff, there's just more of it!"

The McCrury Cemetery Association will meet Sunday, August 28 at 3 p.m. All interested persons are urged to attend the meeting at the cemetery.

The Cuthand Fire Department will sponsor a hamburger supper and pie auction on Saturday, August 27 at 7 p.m. at the Fire Station in Cuthand. \$3.00 per plate and children under 5 years eat free.

Rosalie Lodge will meet Thursday, August 25 at 8 p.m. A Prophecy Crusade will be held

at the Church of God Church in Bogata, Sept. 7-10 at 7:30 nightly. Speaker will be Rev. Jack Kee.

The Pastoral Anniversary Sunday and Homecoming will be held at the Bogata Assembly of God

Church Sunday, August 28. Lunch will be served in the fellowship hall following the morning services.

Adjusting the antenna for your favorite sitcom is not a laughing matter

Your favorite sitcom may be funny, but adjusting a television antenna to watch it is serious business. That's because antennae often combine two dangerous factors — they're near power lines, and they conduct electricity. If the antenna strikes a power line while you're holding it, the results can be deadly.

To adjust your antenna safely, please remember to make sure it is installed far enough away from power lines that it could fall without striking one.

For about the price of an ice cream bar you can have a bite of advanced technology

But you won't find this technology offer at your nearby grocery store. Rather, it's the kind of value you get with Contel local phone service. Each and every day.

And with that phone service comes the benefit of advanced technologies such as fiber optics, digital switching and features that Alexander Graham Bell probably never imagined.

All for about 25 cents a day, or a bite of an ice cream bar.

Along with that technology investment, you also receive Contel's commitment to quality. And you're served by employees who care about you and your community.

Few companies can offer you such a comparison. But at Contel, you not only have the opportunity to take just a bite, you can enjoy the whole bar.

Telephone Service by Contel—Your best utility value.

By Paul D. Payne
Just when you thought you had the drought whipped, along comes the Armyworm and that is bad news for the livestock producer. Several outbreaks of the grass loving worms

have been reported in the Sulphur Springs and Mt. Vernon areas and at least one spot in Lamar County.

Conditions are right for a serious outbreak of the insect. They prefer lush green grass that has been fertilized. That is not to say that they will not eat unfertilized grass. However, the first grass that consumed he real lush fields, dult moth deposits the eggs and she has the ability to determine the best tasting grass.

Normally, the first outbreak of the worm can be found near a fence row, building or clump of trees. The worms begin eating the blades of the grass as soon as they hatch, and early damaged grass has an

The Woodall family has had an exciting week this week. Last Wednesday they went to Dallas and returned Thursday with two guests who spent the week with them, Pam McCarthy and her six year old daughter, Emily. It was a fun week, remembering old times, catching up on the various directions of their lives and getting to know each other's children. They had a wonderful time.

Morris Parker reports she spent part of last week with her son and his family in Houston. She traveled with her granddaughter, Robin Harville and great-granddaughter, Kyla Jo. They visited Mrs. Parker's son and his family, Charles Pirtle. She said the weather was much nicer than it has been here.

Mr. and Mrs. M.J. Davis were guests of Mr. and Mrs. R.W. Weisinger from Friday until Monday. The Davis family are from Luverne, Alabama and they were here to attend the 50th anniversary of the First Baptist Church in Talco.

Mary Belle Horn got an extra bonus when she visited last Tuesday with Mr. and Mrs. Jeff Morris of Clarksville. While there she was acquainted with Mrs. Jim McDowell of Clarksville. The two had not seen each other for 60 years. It was a wonderful reunion.

Mrs. Joyce Cox spent a day last week visiting her son, Eugene Cox and his wife, Pat, and their new granddaughter, Holly Abigail Bush, born last Monday to Pat's son, Wyatt Bush and his wife, Tammy.

Mrs. Dorothy Stevens has had the pleasure of her granddaughter, Kriston Kuhl's company this week. Kriston is seven and lives in Talco.

The Grady Dodd family attended a bluegrass festival in Canton last week. Mrs. Dodd reports they really enjoyed the music, so much that the heat didn't bother them much.

Mrs. Ora Pirtle reports that she and her daughter-in-law, Billie, visited her granddaughter, Kati, of Commerce last Tuesday.

Mr. and Mrs. R.W. Weisinger attended the 50th anniversary of the Calvary Baptist Church in Talco Sunday. Bro. Don Williams brought the morning message and the afternoon service was led by Bro. Marion Coon. The Weisingers stayed for the reception afterwards.

Eligibility Guidelines Announced For Reduced-Price Meals

The Talco-Bogata Schools serve nutritious meals every school day. Students in grades K-8 may buy lunch for \$1.05 per day or \$5.25 if they purchase a weekly ticket. Students in grades 9-12 may buy lunch for \$1.20 per day or \$6.00 if they purchase a weekly ticket. Students in grades K-8 may buy breakfast for 55¢ and high school students may buy breakfast for 65¢.

Children from households that meet Federal Income guidelines are eligible for free meals or reduced-price meals at 40¢ for lunch and 30¢ for breakfast. To apply for free or reduced-price meals, an application must be completed, signed and returned to the school.

If you are currently receiving Food Stamps or Aid to Families with Dependent Children for your child, you only have to list your child's name and food stamp or AFDC case number, print your name and sign the application. Since you have already given income information to the welfare office, the school can confirm your eligibility.

If your household income is at or

below the level shown on the scale, your child is eligible for either free or reduced-price meals. To apply for meal benefits, you must provide the following information and sign the application: list the names of everyone who lives in your household. Include parents, grandparents, all children, other relatives and unrelated people who live in your household, list the social security number of each adult age 21 or older. If an adult does not have a social security number print "None", list total monthly income and amount of income, before deductions for taxes, social security, etc., each person received last month and where it is from, such as wages, retirement or welfare. If you have a household member for whom last month's income was higher or lower than usual, list the person's expected

average monthly income.

The information on the application may be checked by school officials at any time during the school year.

If you list income information and your child is approved for meal benefits, you must tell the school when your household income increases by \$50 or more per month, or when your household size decreases.

If you list a food stamp case number or AFDC number, you must tell the school when you no longer receive food stamps or AFDC for you

child.

Your foster child may be eligible for meal benefits. If you wish to apply for meal benefits for a foster child, contact the school for help with the application.

Children who receive free or reduced-price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C.

If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling or writing the following official: Harold Cowley, Box 130, Bogata, TX 75417 or call 632-5205.

The information you provide will be treated confidentially and will be used only for eligibility determination and verification of data.

You may apply for benefits any time during the school year. If you are not eligible now but need to apply later in the year, please fill out an application at that time. You will be notified when the application is approved or denied.

The three sentences total 62 years.

ROMANCE NOVELIST Sibylle Garrett says her success as an author was not overnight, but took several years of hard

work and a lot of determination. (Staff Photo by Mollie Williams)

Dianne and B.W. Duffie and Mrs. Ritchie of Mt. Pleasant vacationed in Austin where they visited Dianne's son, Shane and toured Bergstrom AFB. B.W. was excited about the tour. They were having a Reconnaissance Air Meet '88 with jets from all over the world. B.W.'s favorites were the ones from Germany and Australia and the United States own F-14 Tomcats. They dined at the Surrey House, Red Lobster and stayed at the Residence Inn. Shane and B.W. climbed to the top of the State Capitol. The new statue had been erected on top of the spire. Eastman Kodak had a traveling exhibit from Washington, D.C. with flags flown when the British burned Washington, one flown at George Washington's inauguration and one that was flown at the surrender of the Alamo. Dianne said the only part of the capitol tour that made her realize what a big and

majestic state we live in was when she took her camera, tilted her head back as far as she could and took a picture of the lone Texas star in the top to the capitol dome 306 feet straight up.

Mr. and Mrs. W.V. McConnell of Talco, Mr. and Mrs. E.I. McConnell of Clarksville, Mr. and Mrs. Sam McConnell of Bogata and Ennis Moore of Bogata attended the funeral of Robert P. McConnell in Vickburg, MS Tuesday and returned home Wednesday.

dren returned home.

Bro. Brian Mullins of Paris was speaker at the First Baptist Church of Talco Sunday. Bro. and Mrs. Gary House were called out of town due to the illness of her mother.

Mrs. Carolyn Umphries and Mrs. Lisa Adamson of Taylor, AR visited Mr. and Mrs. W.E. Welch and other friends in Talco Tuesday.

Mr. and Mrs. Roy Worthey visited Mr. and Mrs. Olan Worthey and children of Mt. Pleasant Sunday. Roy Worthey is reported fine after undergoing surgery recently.

Mrs. Christine Sloan of Redwater visited Mr. and Mrs. Warren Anschutz this past week.

Bro. Eric Lynch will be the new pastor at the Assembly of God Church in Talco. Bro. and Mrs. Lynch and their four children hope to get moved in soon. Everyone is looking forward to having them.

Bro. Gordon Nelms visited the Assembly of God Church Sunday, August 21.

Leon Cooper of Cushing visited Mr. and Mrs. Roy Worthey Monday.

Mr. and Mrs. Johnny Swarts, Jaime and Joanie enjoyed a fish fry at the home of Mr. and Mrs. Eddie Brown, Kim and Jack on Sunday.

Melissa Holt celebrated her birthday Monday.

Visiting Mr. and Mrs. W.O. Mayo this week are their grandchildren, Talley, Bric and Billon Baccus of Van.

Jo and Betty Krisch, Rhonda Brown, Julie White and friend Rob Cox, Chad White, Felina Stringfellow and Shannon Roberts visited with relatives at the Lake of the Pines Saturday to celebrate Julie's 21st birthday.

Julie White and Shayne Roberts were in Dallas last week to pick up Rob Cox at DFW Airport.

Visiting Mr. and Mrs. Jerry Brown was Rob Cox of Clearwater, Florida. Daughter Julie and friend have returned to Nacogdoches to begin school.

Leslie Skelton, granddaughter of Mr. and Mrs. Donald Taylor, turned six years old Wednesday, August 3, with a birthday party at her home in Mt. Pleasant. She enjoyed opening gifts and shared her decorated Smurf cake with brothers Justin and Brandon, Steven and Susan Hearron, Mike Pittman, Joey Taylor, Laci Taylor, Holly Newman and Wesley. The children enjoyed an afternoon of playing.

Steven and Susan Hearron enjoyed a trip to the Caldwell Zoo in Tyler last week.

Celebrating August birthdays are James L. Hearron, Donnie Taylor, Laci Taylor, Patricia Pittman, Scott Taylor, Ladonna Smith, Teresa Taylor, Donna Hearron and Joey Taylor.

Mr. and Mrs. T.J. Williams of Kilgore visited Mr. and Mrs. Tommy Easley and boys Sunday. They brought grandson Tim home, he had spent the past week with the Williams.

The Assembly of God Church in Talco will have a covered dish lunch following morning service Aug. 28 to welcome their new pastor.

Former Resident Is Successful Romance Novelist

By Mollie Williams

When Sibylle Garrett lived in this area 11 years ago working as a physical therapist for Red River General Hospital and Red River Haven Nursing Home, little did she realize that she would become a successful author of romance novels, writing under contract for Silhouette Books. Mrs. Garrett admits that her success did not come overnight, but was obtained by a lot of hard work and perseverance.

Mrs. Garrett began her writing career at the urging of friends who felt that her years of traveling around the world would serve as a basis for interesting stories. Her friends were right! Using settings in Afghanistan, Mexico and Arizona, Mrs. Garrett eloquently creates characters and situations that keep romance readers enthralled page after colorful page.

Sibylle Garrett was born in Berlin, but, as stated on the inside cover of her books, considers herself a citizen of the world. Her father's work as a German diplomat kept her family moving from place to place. Her trav-

els continued after her marriage to Wade Garrett, who was a psychology student attending schools in different states. Mr. Garrett was a 1958 graduate of Bogata High School and also traveled extensively with his parents. His father, Thomas Garrett, was employed for many years by Haliburton Oil Co. During those years, the family lived in Bolivia, Columbia and Italy. They now reside in Bogata on Highway 37 south.

Wade and Sibylle Garrett, along with their two children, settled in Long Island. Unable to pursue her career as a physical therapist due to other obligations she now had, Mrs. Garrett found herself bored and in need of a challenge. So with encouragement from family and friends, she began writing romantic novels.

Mrs. Garrett is quick to confess that as a school girl, she never really liked writing. "As a matter of fact," she says laughing, "I hated it!" She refers to herself as a good storyteller and says she has always enjoyed reading romance stories. She says

these traits, along with her vast geographical knowledge, education and determination helped her accomplish what she set out to do. Her husband is also involved in her work.

He edits her stories and sets them on the computer. Although she speaks English fluently, as well as French and Farsi, she says his help has been essential to her success.

Books written by Sibylle Garrett and published by Silhouette Books are "September Rainbow" and "Surrender to a Stranger". Her third book, "A Rebel's Return" is a sequel to her first book will be available to the public in January. Her books have been published in the United States, Canada and in most of the French speaking countries in Europe.

Mrs. Garrett and hand have just returned from visiting friends in Arizona. While there she gathered material for her next novel, already taking shape in her mind. From a few hints from Mrs. Garrett about the story, it promises to be another exciting adventure filled with suspense, action and of course, romance.
