Truman Faces Decisions On Sending Troops

By JOHN M. HIGHTOWER
(AP Staff)

WASHINGTON, June 29.—President Truman was apparently confronted today with a decision on whether to order American troops, as well as combat planes and warships, into the fight to save Southern Korea from Communist conquest.

A possible further commitment of American forces was indicated by a report from Tokyo saying some U. S. troop units in Japan had been alerted to be ready for action.

NO DECISION

Highly placed informants here said late last night that no decision to put them in action had yet been made. It was also said that when a decision was made either for or against using troops, it would be taken by the President himself.

Speculation of some authorities that he might act today rested on the fact that Southern Korean forces, even with the help thus far given by the United States, have been unable to check the Communist advance.

Moreover the swift sweep of the tank-led Red columns indicated that the time for further American action, if it is taken, may be relatively short. A Tokyo dispatch said top authorities there believed American troop action could not be long delayed if South Korea was to be saved.

OPPOSED

Against the use of troops are (1) the fact that it would involve an additional commitment of armed strength by the United States, (2) it would mean an even deeper involvement in the Korean conflict and (3) it would raise difficult operational problems demanding careful consideration, including landings, supply, communications and the like.

On the other side is the argument that the United States is already deeply involved in Korea, both as a policing agent for the United Nations and by its own direct acceptance of the challenge to halt Communist aggression in Asia. Authorities agreed the President would have to weigh seriously the results of a failure to save Korea due to only partial use of available forces.

HARRIMAN TO NEW ASSIGNMENT—W. Averell Harriman, roving ambassador for the ECA, talks with Washington from the International Airport in New York immediately after his arrival from London. He is en route to Washington to take over his new duties as special assistant to President Truman on foreign affairs. (AP wirephoto).

Kewanee Stakes Outpost in Kent

Kewanee Oil Co. has staked a one-half mile northwest outpost to its recently completed Pennsylvanian lime discovery in southwest Kent County.

The new project will be Kewanee No. 2-D Wil (Connell). It is located 660 feet from north and west lines of the northwest corner of section 3, block 4, H&GN survey. That makes it about 15 miles southwest of Clairemont.

Kewanee has already staked a one-location north offset to the discovery well, which was completed for a daily potential of 326.5 barrels of 38.2 gravity oil from a perforated section at 6,853-71 feet.

Operations at the No. 2-D Wil (Connell) are to begin immediately.

The Ohio Oil Co. No. 1-A Merkett, Central-North Mitchell County wildcat, almost on the south line of Scurry County, has been plugged and abandoned as a failure.

It penetrated to a total depth of 7,690 feet in the Ellenburger. That formation made salt water.

Top of the Ellenburger was at 7,639 feet, which is on a datum of minus 5,271 feet.

None of the upper beds showed any signs of production. Location was 980 feet from north and 660 feet from east lines of section 13, block 3, H&TC survey. The project was in the China Grove area.

O'Neal Drilling Co. of Lubbock No. 1-A Spinning in Central-Southwest Garza County, seven miles southeast of Post and 330 feet from north and west lines from section 15, block 5, H&GN survey, drilled to a bottom of 3,320 feet in San Andres-Permian.

It did not encounter any indications of possible production and has been plugged and abandoned.

Eight more Canyon explorations have been staked in the proven areas of Scurry County.

Lion Oil Co. will begin drilling operations in the immediate future on three explorations on its Strom leases in Central-West Scurry.

Three projects will be in the Diamond M field, approximately 14 miles west of Snyder.

Lion No. 3 Strom will be 660 feet from east and 1,847.9 feet from north lines of section 147, block 25, H&TC survey.

Lion No.'s 15 and 16 Strom will be in section 198, block 97, H&TC survey. No. 15 will be 2,399 feet from north and 616 feet from west lines of section 198, and No. 16 will be 467 feet from north and 815 feet from west lines of section 198.

Phillips Petroleum Co. will begin operations in the near future on two projects in the center of the Kelley-Snyder field.

Phillips No. 5 and 6 Mebane will be in section 210, block 97, H&TC survey, and approximately four miles west of Snyder. Phillips No. 5 will be 1,690 feet from west and 1,767 feet from north lines of the section, and No. 6 will be 2,400 feet from north and 467 feet from west lines of the section.

Magnolia Petroleum Co. will drill two Canyon projects on the west side of the Kelley-Snyder field.

Magnolia No. 5 Harvey Shuler will be 600 feet from north and 467 feet from west lines of the northwest quarter of section 292, block 97, H&TC survey, and four miles northwest of Snyder.

Magnolia No. 8 A. J. Logan is to be 648 feet from north and 467 feet from west lines of the northeast quarter of section 293, block 97, H&TC survey, and four miles northwest of Snyder.

Stroube Oil Co. has staked its No. 12 H. H. Eiland on the extreme west edge of the Diamond M field, 15 miles southwest of Snyder.

Drilisite is 660 feet from south and 1,980 feet from west lines of section 146, block 25, H&TC survey. Operations are to begin immediately.

War Scare May Influence Farm Support Policy

WASHINGTON, June 29.—Agriculture's postwar adjustment to a lower level of food production may be slowed down, if not halted, by the critical international situation.

While no changes in federal farm programs are contemplated at the moment, Secretary Brannan and his Agriculture Department aides are keeping a close watch on foreign developments.

Shifts in farm programs designed to encourage greater production could be made quickly. However, the speedup would have to wait until next year in the case of most crops. Expansion could be made rather quickly in the case of some types of livestock, particulary poultry and hogs.

BETTER PREPARED

On the whole, the nation's food situation is as good if not better than it was when the country entered the last war. It has large reserves of many agricultural raw materials and some processed foods stored under farm price support programs.

Of perhaps even greater importance is the fact that its capacity to produce is much greater than it was at the start of the last war. Technological developments and increased mechanization have greatly raised production ability.

Agriculture Department experts told Brannan recently that farm production could be double prewar levels, providing, of course, that ample gasoline, machinery and other materials were available.

Developments in the international field during the next two weeks will have an important bearing on the government's 1951 wheat program. This program must be announced by July 15 to give farmers time to plan for fall seeding.

EXPECTED REQUEST

Brannan has been expected to ask for a further cutback in wheat. Farmers planted a record 83 million acres for the 1949 crop, but reduced seedings to about 72 million for this year's crop. Under normal conditions, current supplies would dictate an acreage of not more than 65 million for the 1951 crop.

Sprinkle of Rain Cools Atmosphere

A sprinkle of rain in Snyder this morning was only enough to cool the atmosphere, and no measurable rainfall was reported anywhere in the county.

Thinning clouds at noon gave little hope that there would be enough rain to water lawns, thirsty since Snyder's water shortage has put a stop to sprinkling grass.

Reject Russian Claim That U. N. Action Illegal

LAKE SUCCESS, June 29. (AP)—The United States has rejected Russia's contention that the UN Security Council intervention in the Korean conflict is illegal.

Informed sources said today American Ambassador Ernest A. Gross made the U. S. position clear to Soviet Deputy Foreign Minister Jakob A. Malik at a private luncheon Tuesday. That was just before the Russian-boycotted council voted 7 to 1 to invite use of arms to repel the Communist attack on South Korea.

Malik was understood to have raised the question of legality on the then impending act and Gross was reported to have told him the U. S. had no doubt on the competency of the council's action.

Gross also was said to have informed the Russian the U. S. intended to act in accordance with the council resolution regardless of any legal challenge.

Neither delegates nor UN officials showed any surprise over the Soviet note to Secy.-Gen. Trygve Lie declaring the council action invalid.

Sweetwater To Get New Water Source

SWEETWATER, June 29. (AP)—Work is expected to begin soon on construction of Oak Creek Dam as an addition to the city water system.

The city commission authorized the letting of the contract yesterday to low bidder, Harry Campbell of Fort Worth, for $300,653.

J. C. Beddo of Ballinger was awarded a contract for clearing of the 1,100 acre tract of land for the lake.

Murder Verdict Returned In Death of Ranchwoman

DEXTER, N. M., June 29. (AP)—A murder verdict was returned here yesterday in the death of Belle Hurst, wealthy Texas and New Mexico ranchwoman. Mrs. Hurst was found shot to death in her home here Sunday.

The coroner's jury ruled she died "at the hand of a person or persons unknown."

POSSIBLE SUICIDE

Despite the coroner's jury report, however, Dist. Atty. Randolph Reese reported that "a great deal of the evidence points toward suicide." He said he and other officers were continuing an investigation.

Other officers said apparent ransacking of the Hurst home was "not the work of a professional," and the death has them puzzled.

Mrs. Hurst was shot through the heart. Three other bullets had been fired from the .38 caliber revolver found by her side. Two empty shells were found outside her bedroom window.

The house showed evidences of having been searched.

NEW TESTIMONY

Only new testimony was given at last night's hearing by Mrs. Blanch Pollock, a neighbor of Mrs. Hurst.

She said she was awakened Friday night by shots. She testified there were "two or three shots," followed by silence and then a "final shot." She said she saw a light in Mrs. Hurst's bedroom but saw no activity there.

Mrs. Pollock found Mrs. Hurst's body Sunday after she became concerned because the ranchwoman did not attend church.

U. S. Bombers Back South Korea; Airport Recaptured

(By The Associated Press)

American B-29 bombers and U. S. warships thundered into battle today against the Communists invaders of South Korea. With Seoul their main battle line and surging to the counteroffensive. They recaptured strategic Kimpo Airfield, 16 miles west northwest of Seoul.

A North Korean broadcast said 27 U. S. bombers blasted Pyongyang, the Communist's capital. There was no confirmation of this from allied sources, but American planes have been ordered to confine their fighting to the skies over South Korea.

American warships, ordered to prevent Communist seaborne reinforcements from landing, shelled North Korean naval and ground units near the Communist-held South Korea port of Inchon, on the Yellow Sea Coast. The Cruiser Juneau patrolled the east coast to prevent strengthening of Communist beachheads.

Shortly after Gen. MacArthur returned to Japan, heartened by a personal tour of the now-stabilized front, the B-29's went into action against primary North Korean targets with "good results," an announcement said. They blasted the way for the South Koreans into Kimpo Field to the east, other defending units battered at heavy tank concentrations in the western sectors of the fallen capital, Seoul.

The South Koreans, ordered to hold their main battle line along the Han River Seoul at all costs, were given promise of being able to do that, with the aid of tons of supplies being airlifted in. About 600 tons already arrived, and more was coming in the way of 105mm field guns, mortars, bazookas and other weapons.

In Washington, U. S. casualties to date were counted at three, possibly six, killed, and 12 missing. Also in Washington, the government closely scanned reports of Communist bloc troop movements in Europe and the Near East, particularly new Yugoslavia and the borders of Turkey and Iran. While Washington reflected this worry that the Korean spark might flame into World War III, the U. S. Atomic Energy Commission told legislators that great steps have been taken toward developing the hydrogen superbomb.

At Lake Success, the United Nations ignored Russia's legal challenge and went ahead full speed at assembling an international force to repel the invaders of South Korea. The U. S. already has rejected the Russian contention that the UN Security Council cease fire order was illegal because Russia was not present. UN Secy. Gen. Trygve Lie cancelled a scheduled trip to Europe because of the Korean war and the UN decision to try to stop it by force.

U. S. and Korean strategists at the war front have drawn their main battle line along the Han River. About 25,000 troops on each side face each other along the line, which extends from a point near Seoul along the river west to the Yellow Seacoast. The Communist drive southward has not crossed the river.

CONFIDENT

The 75-mile battle line protects the American air beachhead in Korea and field hadquarters of Gen. MacArthur's officers. MacArthur's officers said they believe the South Koreans can hold it now.

MacArthur, back in Tokyo after a 15-hour flying visit to the front, appeared heartened by the stiffening resistance he saw and the morale of the Koreans, who cheered him. The southerners apparently were recovering from the initial shock of the Communist invasion. Infantry units once cut off by the Red tank attack which enveloped Seoul were being regrouped swiftly to join the counter-offensive.

The South Koreans moved in — at least temporarily — on Kimpo Airfield just after two American bombers blasted the Communists out of the field. To the southeast, Seoul, South Korea's capital, appeared for the present firmly in Red hands, with street fighting virtually at an end.

American bombing and supply operations were stepped up with the entrance of the B-29 Superforts into the mounting offensive. Other B-29's bombed targets near Inchon and Seoul and along the 38th Parallel. Behind the assault the resurgent defenders drove back into Kimpo Field and to the north, enjaged the Reds at captured Uijongbu, 12 miles north of Seoul.

KOREANS GET U. S. ARMS AID—Capt. James P. Beckett, right, briefs a group of Korean pilots on flying the F-51 plane, shown in the background, in Japan as first American aid to the southern Korean republic is given early this week. ((AP wirephoto from Army Radiograph).

Concert Series Representative In Snyder Today

A project to bring a series of concerts to Snyder is being outlined here today by John Lyons, Chicago, a field representative for the Community Concert Service of New York.

Lyon's plan calls for the setting up of a local community concert association, which will receive help from the concert service in an annual campaign for the sale of season's tickets, and which will book all its artists through Community Concerts.

"If I find enough interest among residents in Snyder," Lyons said, "we will call a meeting and form a Snyder Community Concert Association."

The local group will have officers, and will conduct a week's campaign to sell memberships which entitle the holder to all of that season's concerts.

A representative of the New York firm would be sent to Snyder to direct the campaign, he said. It would begin with a dinner, and close with a report of sales a week later.

Season's tickets are sold at $6 for adults and $3 for students, a price which includes the federal tax.

Lyons said the agency guarantees the association at least three concerts, and if more than 500 or 600 tickets were sold, Snyder might have a 4-concert season.

Just as an example of what Snyder might have in the way of concert series, Lyons said that if $2,000 were raised, a series comparable to the following might be arranged: a group, such as the Don Cossack chorus, a young singer, such as Mary van Kirk or Donald Dame, and a young pianist.

Lyons was to make calls today on persons interested in a concert series, and planned to be at the Manhattan Hotel through tomorrow.

Georgia Elects Talmadge Again

ATLANTA, June 29. (AP)—Georgia re-elected yesterday a governor who failed to get the most votes—red-callused, tobacco-chewing Herman Talmadge.

A unique county unit election system headed Talmadge toward four more years of "white supremacy" rule in an era of growing unrest over racial problems.

But former Gov. M. E. Thompson, a last-ditch scrapper who refused to concede defeat, stunned many observers with his strength in yesterday's Democratic primary.

DON'T COUNT

Thompson held a steady lead in popular votes but that isn't what counts in Georgia—it's county unit votes.

And returns from 1,179 of 1,704 precincts, and 154 of 159 counties, gave Talmadge a lead in 116 counties with 272 unit votes; Thompson led in 38 counties with 126 unit votes.

Thompson's popular vote margin was 175,751 to 163,678.

Conservative Sen. Walter George, chairman of the Senate Finance Committee and senior member of the foreign relations committee, swept all 107 counties reported. He was challenged for re-nomination by Atlanta Atty. Alex McLennan.

NOTHING LIKE IT

The unit system is one of the nation's strangest political devices. No other state has anything like it.

Under a scheme somewhat like the national electoral college, each county is assigned from two to six unit votes. Candidates winning a county get all of that county's units. A majority of units—206—is needed to win.

In effect, it packs power in a host of small rural counties where Talmadge traditionally is strong. Populous Fulton County (Atlanta), for example, with six units, has one unit for about 10,000 votes. Rural two-unit Chattahoochee County gets one unit for about 122 votes. Thus a single popular vote in Chattahoochee counts as much as 122 votes in Fulton.

The late Gov. Eugene Talmadge, who left son Herman his potent political organization, pulled a similar victory in 1948.

OPEN HOUSE CANCELLED

DETROIT, June 29. (AP) — The Grosse Ile Naval Air Station has postponed its 25th anniversary open house scheduled for Sunday "because of the Korean situation."

Water Conservation Measures To Continue, Reservoirs Gain

The city is receiving full co-operation in its water conservation program, W. T. Ramsey, superintendent of the water department, said this morning.

By 5 p.m. yesterday everybody in town had water, Ramsey said. The 100 per cent co-operation of everyone in stopping the washing of automobiles had a great deal to do with this, Ramsey believes. Ramsey said he was very well pleased with the way people had stopped both washing cars and sprinkling their lawns following the proclamation by Mayor Forrest Sears yesterday.

Main line pressure was built up yesterday afternoon, and by 4:30 o'clock this morning all storage tanks in the city were full, Ramsey said. This means that the city now has 750,000 gallons of water in ground and overhead storage, and including the new reservoir which will be ready next week it would have 1,250,000 gallons.

City wells pumped 2,688,000 gallons of water yesterday, Ramsey said. One of the two new wells is pumping today, and will furnish 6,000 gallons an hour. The new well is situated at Thirty-seventh Street and Avenue M. Ramsey thinks the other new well will be pumping before the day is over.

Although the water situation is looking better, Ramsey emphasized that the emergency is not over. Continued co-operation is necessary, he said, for an indefinite length of time.

Four Airmen Die In Plane Crash

NASHVILLE, Tenn., June 29. (AP) — Four Air Force men directed 26 paratroopers to a safe jump, last night, then died heroically in the crash of their plane.

Bradley Cisco, a nearby resident, helped pull one crewman, still alive, from the flaming wreckage. He died en route to a hospital. The other three perished in the crash.

They were identified as First Lt. Arthur R. Bush, 26, pilot, of Brooklyn; Second Lt. King T. Wilson, Jr., 22, co-pilot, of Newman, Ga.; S-Sgt. James C. Hicks, radio operator, of Marion, N. C.

Scouts to Hear President Speak

WASHINGTON, Ju ne29. (AP)—President Truman will address the Boy Scout Jamboree tomorrow (7 p.m., CST) at Valley Forge, Pa., and then spend the week end aboard the presidential yacht Williamsburg.

The President will leave Washington tomorrow by train. After the speech he will return as far as Philadelphia to board the USS Williamsburg there. He plans a slow cruise back to Washington, where he is due at 2 p.m. (CST) Sunday.

Reject Chairman

WASHINGTON, June 29. (AP) — Senate members of the joint Atomic Energy Committee voted 5 to 4 today to ask the Senate to reject the nomination of acting Atomic Energy Chairman Sumner T. Pike for a new four year term.

House Passes Excise Tax Cut With Corporation Hike

WASHINGTON, June 29. (AP)—The House today approved the $1,010,000,000 excise tax-cutting bill, "veto proofing" it with a $433 million a year boost in new levies on big corporations.

The vote was 375 to 14 for the measures.

But the ultimate fate of any tax reduction at all may be tied to the Korean war.

The measure would slash the excises, many of them imposed in World War II, on jewelry, furs, pocketbooks, movies, baby bottle warmers, and scores of other items.

These cuts might become effective Sept. 1 or Oct. 1.

WAR CASUALTY?

But if more money for American fighting equipment is required, the bill may go down as one of the first casualties of this country's military action against Communist aggression.

In the face of this situation, administration leaders decided to go ahead and ram the measure through the House, and then let the Senate make the final decision whether to take it, revise it, or kill it, depending on developments.

The measure, while slashing the excises—sometimes called nuisance or sales taxes—would impose a $433 million a year boost in taxes on big corporations. This boost, with loophole plugging and other tax law revisions, is intended to offset the revenue loss from the excise cuts.

SEEK CUT

Republicans assailed the bill as a "phony" tax reduction and sought to cut it in half, with separate votes on one measure reducing excises, and then on another dealing with the tax-increasing provisions.

GOP Leader Martin, of Massachusetts, told the House the hike in big corporation levies "will place another depressive cloud over business and employment, while giving prices of manufactured goods another shot in the arm."

Really Had Beer Bust

DETROIT, June 29. (AP) — A beer truck hit a tree yesterday and the contents of 16,080 bottles went down a sewer.

Dick Charbeneau, the 19-year-old driver, said he swerved to avoid a car while driving a load of beer to his father's distributing company.

Ruefully surveying a streetful of broken bottles, Dick said:

"It's going to be a little hard to explain to father."

No Power Yet to Reimpose Controls

WASHINGTON, June 29. (AP)—The government has no power to seize, freeze, or ration any commodities, and has not even discussed the possibility of asking voluntary clubs, a top official said today.

H. B. McCoy, chief of the office of industry and commerce, in the Commerce Department, made the statement when questioned about scattered rumors of impending "freeze" orders on rubber, zinc and other materials.

Hearing Tomorrow On Avenue R Paving

The city council has asked property owners along Avenue R to attend a meeting tomorrow night to hear explanations of the paving program on that street.

The state has notified the city that it will pave Avenue R north from the square to Eighth Street and one block west to Avenue S and Highway 84, providing the city will construct curbs and gutters, utility adjustments, storm sewers, etc.

Tomorrow night's hearing has been set for the purpose of explaining to Avenue R property owners the assessments that will be necessary for the city's part in the paving program.

American Volunteers For Korea Service

TOKYO, June 29. (AP) — The Korean Resident's Assn. of Japan today began a drive in Osaka to recruit 24,000 Koreans for the embattled southern forces of Korea.

By noon, 1,500 had applied, including an American buyer in Osaka who reportedly holds a reserve commission in the U. S. Army.

WEATHER

EAST TEXAS: Partly cloudy this afternoon, tonight and Friday. A few thundershowers in extreme northwest portion this afternoon and tonight. No important temperature changes.

WEST TEXAS: Partly cloudy with scattered thundershowers in the Panhandle-South Plains and upper portions of Pecos Valley eastward this afternoon and tonight. Friday partly cloudy. No important temperature changes.

Texas Boy Scouts In Another Angle

VALLEY FORGE, Pa., June 29. (AP) — A group of young Texans encamped at Valley Forge for the Boy Scouts second national jamboree are bestowing on their new-found friends what they consider the highest of honors—"passports" to the Lone Star State.

The "passports" are issued to other scouts with fitting ceremony. The recipients must vow they are not natives of Texas but that they fully intended to be born there.

RAILWAY BUSINESS UP

LAREDO, June 29. (AP) — The annual meeting of stockholders and directors of the Texas-Mexico Railway Co. here yesterday heard a report that the first half of 1950 showed business running ahead of the same period last year.

Testimony Heard In Smith Case

Questioning of witnesses continued this morning in the will contest case of Jesse T. Smith et al vs. Graham Smith et al which began in district court yesterday morning.

Jesse T. Smith, Arthur Smith, Carl Smith, Mrs. Roxie Smith Ellerd, and Mrs. Rellie Smith Ellerd are contesting the probating by their half-brother, Graham Smith, of the will of their father, the late Jake W. Smith, who died last year.

The chief contestee is Graham Smith, named in the will as its executor. Joined with him as other contestees are Dildy Smith, Olten Smith, and Mrs. Zula Smith Miller, the four being the children of the testator by his second marriage.

The contestors of the will brought the suit after Graham had made application to probate the will, the chief contestor being Jesse T. Smith, oldest child of the testator by his first marriage. The will left all the real estate of the testator to his children to share equally, with the exception of Jesse T. Smith, who was left $25. The will drawn in March, 1946, left about 1,000 acres of Scurry County land to the others. Some of the land now has producing oil wells.

Contestors of the will claim that the testator was either of unsound mind, intoxicated, or unduely influenced by threats of others at the time he signed the will or that he did not know the contents of the will at the time he signed it.

The contestees are claiming that the late Jake W. Smith purposely willed Jesse Smith less than the others because, they state, he had previously provided for his education and had aided him in acquiring automobiles.

Key witnesses in the case are Mr. and Mrs. R. W. (Dick) Webb, signed witnesses of the will which was drawn by Webb, Snyder attorney.

A mistrial was declared in the trial last March on the basis of a motion for continuance made by attorneys for the contestors on the grounds that Webb was ill and could not testify at that time.

Attorneys for the contestors are Dell Barber and Perry Barber, of Colorado City. H. J. Brice, G. C. Whitworth, both of Snyder, and Eldon Mahon, of Colorado City, are representing the contestees.

Other activities of district court yesterday were the settlements of three compensation suits by agreement and the grant of one divorce.

The court ordered the plaintiff to recover $5,500 as full settlement in the case of Marvin Hampton vs. Texas Employers Insurance Association. In the case of A. L. Hood vs. Texas Employers Insurance Association, the plaintiff agreed to accept $750 as full settlement; and in the case of Rogers vs. Texas Employers Insurance Association, the plaintiff agreed to accept $1,600 as full settlement.

A divorce was granted by A. S. Mauzey, district judge, yesterday in the case of Frankie Ross vs. Robert Ross.

Hospital Notes

Admitted to Snyder Hospital Clinic yesterday were:

Cookie Scott, 303 Twenty-eighth Street.

K. D. McAllister, general delivery.

Billy Frank West, 1312 Avenue R.

Jaycee Driver, general delivery.

Benton Ray Weeks, Central Hotel.

Mrs. Weldon Octol Ball, Arah Route.

Lee Bailey, Clairemont Route.

Discharged yesterday were:

Glenda Lee Mason, Fowler Courts.

Hiram Kate Hardy, Isola, Miss.

Robert Adams, Will's Camp.

Charles Ray Richardson, general delivery.

Mrs. George William Noel, general delivery.

Admitted to Snyder Hospital Clinic yesterday were:

James E. Johnson, general delivery.

Mrs. Obid Alexander, 1600 Avenue R.

Harold Wayne Witt, 2407 Avenue R.

Thomas Richard Ryan, 1901 Nineteenth Street.

Edward Lindsay Christian, 1002 Twenty-eighth Street.

Don Alvin Durden, 612 Thirtieth Street.

Drummond Garner, Clairemont Route.

Ed Frank Bayouth, 3000 Avenue W.

Shirley Ryan, 1901 Ninteenth Street.

Cecil Harold Shannon, general delivery.

Discharged yesterday were:

Cookie Scott, 303 Twenty-eighth Street.

Mrs. Preshies Reed, Oil Mill Quarters.

Sam Monroe Stribling, Hermleigh.

Homer Sherman Orwig, Box 921.

Amarillo Woman Is Killed in Accident

AMARILLO, June 29. (AP) — Mrs. Lewis D. Massengale, 22, of Amarillo was killed and three other persons injured early today when an east bound Fort Worth and Denver passenger train struck an automobile at a crossing in East Amarillo.

The accident happened about 12:30 o'clock this morning.

June Is Unlucky For Ohio Family

TOLEDO, O., June 29. (AP) — Just two years ago this month, four-year-old Eugene Hackney was killed by a truck.

Today his parents, Mr. and Mrs. Huey Hackney, mourned the deaths of their other two children, Howard, 8, and his sister, Shirley, 4.

They suffocated in an abandoned icebox in a shed at the rear of their home yesterday.

Coroner Paul Hohly said the two must have died a few minutes after they got inside the box in the morning. Their mother, he declared, told him she left them playing in the yard and found their bodies in the evening.

Infant Succumbs

Thomas Richard Ryan, three-months-old son of Mr. and Mrs. Howard Ryan, 1901 Nineteenth Street, died yesterday afternoon at

The Ryans came to Snyder about 12:15 in Snyder Hospital Clinic.

a month ago from Houston, where the baby was born April 25.

The baby was admitted to the hospital about 10 o'clock yesterday morning, attendants said. A sister Shirley, two years old, was admitted to the hospital last night. The Ryans also have an older daughter, Brenda.

The funeral will be held in Paducah, Ky., where the body has been sent by train.

May Get To Stay With American Mate

LAREDO, June 29. (AP) — Mrs. Gunilla Lloyd, a native of Sweden, has another chance to remain with her American husband, Gordon Lloyd, a local cafe owner.

The immigration service deferred a deportation hearing yesterday until Mrs. Lloyd trys to obtain a valid quota visa from Sweden. If she gets the visa, she can become a legal resident by re-entering this country.

The former Swedish Airline hostess was charged here this month with overstaying her visa—only a few hours after her marriage to Lloyd.

Amarillo Man Named Dallas Terminal Head

DALLAS, June 29. (AP) — James H. Aydelott of Amarillo becomes manager of the Dallas Union Terminal Co. effective July 1.

Aydelott is now superintendent of the Amarillo division of the Fort Worth and Denver City Railway.

He was named manager yesterday at a meeting of the union terminal directors.

FORMER STOCKMAN DIES

FLORENCE, June 29. (AP) — Herbert I. Smart, retired stockman of this area, died yesterday in a Temple hospital after a long illness.

Estranged Husband Held in Shooting

BROWNWOOD, June 29. (AP) —Luther L. McConnell, 36, Brownwood oil field worker was critically wounded last night in the living room of Mrs. Elizabeth Harwell's apartment here.

Held in jail here today was Mrs. Harwell's estranged husband, Yates, 51, of Andrews, Texas.

McConnell and Mrs. Harwell both are former residents of Winters, Texas.

Mrs. Harwell, 31, told sheriff Otis Shaw the following story.

She and McConnell were in the living room about 10:45 p.m. when she heard someone rattling the locked back screen. She admitted a man who came in shooting, hitting McConnell twice in the head and twice in the body with .22 calibre slugs. He was in a critical condition today.

Pampa Increases Lead As Lubbock Drops To Second

(By The Associated Press)

The Pampa Oilers boosted their West Texas-New Mexico League lead to one and one-half games last night as they pounded out 19 hits to swamp Lamesa 17-4. The game was called in the top of the ninth because of rain.

Cellar dwelling Abilene bested second place Lubbock 5-3 in a tight game. Albuquerque downed Amarillo 15-12 in 11 innings and Borger defeated Clovis 14-5.

Pampa had an easy time of it as they took apart four Lamesa hurlers.

Abilene's Freddie Rodriguez bested Bob Clodfelter in the pitcher's duel there. A double by Ozzie Santa Cruz broke the scoring ice after shutout hurling for three innings by Clodfelter.

Albuquerque splurged to six runs in the 11th frame against Amarillo. Then Amarillo threatened in the bottom of the same frame but the threat died as Albuquerque tightened up and garnered the victory.

Twelve errors were marked up in the Borger-Clovis affair. Nine of Borger's runs came off John Waselchuk who gave up 18 hits.

THAT $3,500 PGA FIRST-PLACE MONEY SMILE — Chandler Harper, right, winner of the 1950 PGA by 4 and 3 over Hank Williams, Jr., shucks his glove and smiles after the tournament at Columbus, Ohio. Caddie Frank Cardi is also in the limelight, having advised Harper on which club to use. Harper is from Portsmouth, Va. (AP wirephoto).

Upsets Featured In First Round Of NCAA Tourney

ALBUQUERQUE, N. M., June 29. (AP) — Galleries looked today for more upsets and minor reverses like those which spiced first rounds tional Collegiate Athletic Associa- yesterday in the 53rd annual Nation golf classic.

A trimmed-down field of 32 heads into second rounds. The championship will be decided Saturday.

Dave Dennis, 23-year-old Kansas University sharpshooter, fired a five-under-par 12 after beating Oklahoma's Jim Vickers 5 and 4 in one of the upsets.

Highly-regarded Morris Williams, Jr., of Texas was knocked out of the running by Len Kennett of Southern California 2 and 1.

The matches were played over the 6813-yard University of New Mexico course. A field of 165 teed off in Monday's qualifying rounds, with 64 qualifying for match play.

Seven extra hole matches were played in first round events yesterday. It took sub-par golf to stay in the meet in some instances.

Two Players Called Up By Dallas Eagles

DALLAS, June 29. (AP) — The Dallas Eagles of the Texas League have called up L. D. (Dutch) Meyer from Gladewater and Outfielder George Corona of Gainesville.

Meyer piloted the East Texas League team to the top of the standings this year and was hitting .316 at Gladewater. Hal Van Pelt will fill in as manager.

Advancing in the tourney yesterday were Harvie Ward, Jr., of North Carolina, shooting for his second NCAA title; Wake Forest's Arnold Palmer, the tourney medalist, and North Texas' Billy Maxwell.

Maxwell won over Nevada's Wayne Adams 1 up on the 19th green in one of the extra-distance matches. Ward eliminated Bob Faulkenberry of Oklahoma 5 and 4 and Palmer ousted Bill Harris of Denver 4 and 3.

A 19th green decision gave Bo Wininger of Oklahoma A&M a victory over L. M. Crannell, Jr., of North Texas State.

Eagles Find Fancy Running Pays Off Against Ft. Worth

By BILL HITCH
(Associated Press Staff)

The Dallas Eagles stole the Fort Worth Cats fire last night as they showed the Texas League leaders some shifty base running and squeezed out a 3-2 victory.

The second place Tulsa Oilers also failed to gain as fourth-place Oklahoma City won 7-2. The San Antonio Missions, in third spot, scored four times in the eighth inning to tie Beaumont at five-all and set the stage for Rocky Ippolito's two-run homer in the 10th frame and a 7-5 victory. Shreveport whipped the cellar-dwelling Houston Buffs 5-2.

The Eagles' Lou Farotto showed the Cats a sample of their own base path activities when he went from first to third on Bill Klaus' another look at flying spikes when sacrifice down the third base line. Then Grant Dunlap gave the Cats he padded from first to third on Morton's single into centerfield. Wayne McLeland hung up his 10th mound victory for the Eagles but weakened in the ninth and allowed the Cats their only runs, one of which was unearned. The Eagles scored their three runs in the fifth inning on four hits, two errors and a walk.

The defeat was the sixth in the last eight games for the Cats.

Big Bob Lemon slammed out a three-run homer for Oklahoma City in their defeat of Tulsa. The Indians scored seven runs before Tulsa could dent the platter. Tulsa snapped Pitcher Tom Reis' string of 23 straight scoreless innings by getting to him for three hits and two runs in the eighth frame.

Homer (Hoot) Gibson, making his fifth apearance on the hill in six days, got credit for the Missions win.

Lee "Bobo" Holloman took the mound laurels for the Shreveport Sports. The Sports rapped out 11 hits off loser Elroy Joyce and gave Holloman a three-run edge in the opening inning. The Sports hurler pitched shutout ball until the eighth when the Buffs shoved across two runs.

Jax Move Closer To Idle Leaders By Winning 7-2

(By The Associated Press)

The Jacksonville Jax edged a half game closer to first place Crowley last night as they thumped Galveston 7-2 while the Gulf Coast Loop leaders were idle because of wet grounds.

Lufkin edged Lake Charles 3-2 in the other game. The Crowley-Port Arthur affair was postponed because of wet grounds.

The Jax, now only three and one-half games behind Crowley, broke loose for five runs in the sixth inning against Galveston to sack up their victory. Catcher Floyd Economides led the Jax attack with four hits in four trips to the plate. He drove in three runs.

Pitcher Bob Upton chalked up his 17th mound victory for the Jax.

Pitcher Marlin Fox doubled in the tying run and then scored the winning run for Lufkin in their defeat of Lake Charles. The win was the fourth in a row from Lake Charles. Fox allowed only nine hits as he went the route and notched his ninth win against six defeats.

Galveston	020 000 000—2	3 1
Jacksonville	100 005 10x—7	13 0
Cendan, Roger and B. Phillips; Upton and Economides.		
Lake Charles	000 001 100—2	9 2
Lufkin	000 100 020—3	8 3
Monahan and Salcher; Fox and Carroll		

Broncs Move Up To Third Place After 9-6 Win

(By The Associated Press)

Second Division San Angelo slapped down first place Odessa 7-6 last night, and the Big Spring Broncs took over third place in the Longhorn league race just a shade ahead of Vernon.

The Broncs whipped Sweetwater 9-6 in a 10 inning contest. Roswell, in second place, drubbed Vernon 12-5 and last place Ballinger edged Midland 12-11.

John Tayoan's double in the eighth inning gave San Angelo its victory. The game had been tied at six-all when Tayoan delivered his blow after Manager Jimmy McClure had singled. Tayoan added a homer and two singles to his double in five times at the plate. Ray Knoblaugh, Odessa hurler, suffered his second loss against 11 victories.

Big Spring managed three runs on four singles in the 10th frame to best Sweetwater. The Broncs scored five times in the first inning only to have Sweetwater run over six runs in the half of the inning. Then Relief Pitcher Utley took over for the Broncs and allowed only two hits from the second inning on.

Eight errors by Vernon helped Roswell as they swept to its victory. However the Rockets pounded out 19 hits and scored seven times in a big second inning.

Ballinger shoved across two runs in the bottom of the ninth to nip Midland. The tying and winning runs came from Jim French's double and a single by Bob Kramer.

Gambling, Crime Inquiry in Miami

WASHINGTON, June 29. (AP)—Senate crime investigators have ordered a group of Florida witnesses to prepare for an inquiry into big-time gambling and crime in Miami.

Chairman Kefauver of the special inquiry committee told reporters that no decision has been reached on where or when the hearings will be held. But he indicated the lawmakers may conduct the inquiry in Washington, in view of the Korean crisis. He did not identify the prospective witnesses.

Man Killed, Rabbit Safe in Accident

ORRVILLE, O., June 29. (AP) — William Powell, 42, lost his life under the grinding wheels of a train last night, but the pet rabbit that he carried in his pocket was unscathed.

Powell's severed body was found on the tracks at a crossing close to his home at nearby North Lawrence. The rabbit, still in his pocket, apparently suffered no ill effects.

Powell was a former railroad track walker who was fond of carrying his pet about with him. It was not known how he happened to be struck by the train.

Expanding City Oblivious Of Ancient Graveyard In Its Midst

Weeds and trash abound among crumbling markers in city's first cemetery—(Staff photograph).

Crumbling Tombstones Hint at Interesting Tales of Earlyday Frontier Town, Now Long Forgotten

by Jane Gilmore

Hidden away behind an ice cream store and a real estate office in east Snyder is a weed-choked little graveyard that usually escapes the eye of the motorist hurrying past.

A few see it, wonder, and sometimes stop to look at the inscriptions on the crumbling gravestones, dating back to the earliest years of Snyder's history.

The little plot, situated just north of the Sweetwater highway on the cemetery road, was Snyder's earliest burying place. It was used as early as 1883 and on into the 20th century, although the present cemetery has been in use since about 1894.

OUTSIDE TOWN

In the early 1880's, when Snyder was still in the process of becoming a town, the cemetery was situated well outside the city limits. It had been donated as an appropriate site by A. C. Wilmeth, pioneer lawyer and land owner, with the stipulation that if it ever ceased to be used as a cemetery the land would go back to the Wilmeth estate.

Although no graves have been placed there since 1904, a number of the original graves are still there and since it is not likely that they will ever be moved, the little fragment of a cemetery will probably remain incongruously in the midst of a growing business district.

When the present cemetery was opened, many people with relatives buried in the old plot had the graves moved, thinking the new location would be a more permanent one. The graves that have not been moved are unmarked, or else the gravestones bear names that, for the most part have been long forgotten in Snyder.

Such is the stone, lying broken in the weeds and grass, bearing the name of Charles William Pechell. The inscription gives the information that Pechell was born May 23, 1864, in Milton, Hampshire, England, and died at Snyder, Tex., January 2, 1884. Like other of the old gravestones, it gives rise to unanswerable questions — what was the young Englishman doing so many thousands of miles from home, and what caused his death, at less than 20 years of age?

PLACE OF BIRTH

Perhaps because Snyder was a part of the unknown western frontier, friends and relatives of those who were buried here often had their birthplaces engraved on the tombstones. Ann Eliza Hendon who died 14 years after her husband's death in 1894, must have had the double tombstone at their graves inscribed, "Spottsylvania County, Virginia," in memory of the home she had left to become a West Texas pioneer.

Many of the graves are lost among the weeds, grass and chaparral bushes. Some of them are marked by rocks. Mrs. W. R. Bell, president of the Cemetery Association, says they were placed several years ago at the heads of graves whose wooden tablets had fallen and begun to decay.

Perhaps symbolic of the graveyard are an old bushel basket and a twisted length of rusty barbed wire lying across a gravestone inscribed, "Gone, but not forgotten."

Solution of Yesterday's Puzzle

Milking Wild Cows Is Part Of Rodeo Program

One of the most popular events to be held in the fourteenth annual Scurry County Rodeo on July 19-22 will be the Wild Cow Milking Contest.

This contest involves a number of operations for the contestant including roping, milking, and running with a bottle full of milk. The cow is given a deadline start and the roper must rope the cow over the head and hold until the roper gets off his horse and gets his hands on the cow. The cow has to be on its feet while being milked.

The milking must be done in a bottle and the milker must run to the field judge with the bottle and the milk. The bottle has to be full enough to run over and it must be handed to the judge with the milk still in it.

Further information may be had from O. D. McGlaun, secretary-treasurer of the Rodeo Association.

Dulles Due Back In Washington Today

WASHINGTON, June 29. (AP) — John Foster Dulles, Republican policy adviser to Secretary of State Acheson, was due back from the Far East today.

Dulles visited Japan and Korea during his Pacific trip. While in Tokyo he discussed various aspects of far eastern policy with Gen. Douglas MacArthur.

Helicopter Service To Ships Planned

LONG BEACH, Calif., June 29. (AP) — The Harbor Commission has approved plans for helicopter service between inland California points and ships at the Matson Navigation Co.'s $6 million Marine terminal, now under construction.

Arthur Eldridge, general manager of the harbor department, said yesterday it would be the first helicopter-to-shipside service in the world.

United Nations Asks How Far Its Members Will Go In Korea

LAKE SUCCCESS, June 29. (AP) Secy.-Gen. Trygve Lie and his top aides are sounding out United Nations members on how far they will go in trying to stop the Korean conflict.

This was disclosed officially last night before Russia informed Lie that it considers sanction action by the Security Council illegal.

Lie already had sent all governments copies of the resolution adopted 7-1 Tuesday night by the Soviet-boycotted council.

Yugoslavia voted against it, Egypt and India did not participate because they did not have instructions from home.

NO PROCEDURE

The resolution did not set up any procedure for finding out what aid is available to carry out recommendations that all UN members furnish assistance to repel the Communist Korean invasion of South Korea.

Lie and his aides contacted half a dozen countries, including Russia, in private talks with delegations yesterday. They would not specify what delegations they consulted.

It was known that Andrew W. Cordier, Lie's executive assistant, visited Soviet Deputy Foreign Minister Jakob A. Malik at the Soviet delegation's Park Avenue offices in New York. UN officials would not say whether the Korean problem was discussed.

Lie first considered, then delayed, sending telegrams to all members asking them to report in writing what they would do.

NO RED ACTION

No one here expected Russian participation in anti-Communist operations but there was interest in what the Soviet answer would be.

Russia has been boycotting the Security Council since last January in protest against the presence of Nationalist China. Its answer said that the vote of the Chinese Nationalist delegate Tuesday night was illegal.

The Soviet government also said that the UN Charter specifies that all five permanent members of the council—the U. S., Britain, France, Russia and China—must vote in favor of a resolution to make it legal. It said that the absence of both Russia and Red China from the session nullified the council's action.

There has been no indication here that Moscow has answered Washington's direct note asking Russia to call off the North Korean Communists.

BACKING

Announcements early today in Sydney, Australia, and in Auckland, N. Z., furnished at least a partial answer to Lie's information quest.

The Australians said a frigate and a destroyer will suport American forces fighting in South Korea; 3,000 Australian soldiers will be kept in Japan instead of being transferred home; and Australia has already informed the UN and the United States it will support the council decision.

New Zealand echoed that stand, promising royal New Zealand navy units to the American fleet.

Four Nations Contribute To Build Up UN Pacific Fleet

NEW YORK, June 29. (AP) — A powerful United Nations fleet is building up today in the West Pacific to aid Communist-invaded South Korea.

British commonwealths have rallied behind Britain with offers of ships to help the U. S. fleet.

Australia announced her naval units in Japanese waters—a destroyer and a frigate—were available to support American forces.

New Zealand also voiced readiness to make her navy of one cruiser and six frigates available. They are now on maneuvers near Fiji and are understood to be in constant touch with their headquarters at Wellington.

Britain already had placed her far eastern naval forces at the disposal of the U. S. commanders. The British have 22 or 23 ships in Japanese waters, including an aircraft carrier with 40 fighter planes, and an unspecified number of land-based Navy planes.

The United States now has 18 warships in the Far Pacific. Thirteen of these are in the Seventh Fleet, which President Truman directed to protect Formosa. They include an aircraft carrier and a heavy cruiser.

In Japanese water are a light cruiser and four destroyers.

The U. S. Navy also was assembling a second large-size Pacific task force to closely support the Seventh Fleet. It is to include the 27,000-ton carrier Philippine Sea, two cruisers, a squadron of destroyers and a full seatrain of supply ships.

Philip Murray Gives Approval to Truman's Fast Action on Korea

CLEVELAND, June 29. (AP)—C.I.O. President Philip Murray approved of President Truman's action on Korea as a "courageous and forthright" stand.

In a telegram read at the annual convention of the C.I.O. Communications Workers yesterday, he added:

"We have learned from other aggressions during the past 15 years that if we had permitted this to continue unchecked, it would only lead to further wars.

Record Traffic Fatalities Are Forecast July 4

This year's Fourth of July week end is predicted to be the deadliest in the history of Independence Day traffic, according to Col. Homer Garrison, Jr., director of the Department of Public Safety.

"Our statisticians, who are usually accurate, have estimated that 36 persons will be killed in traffic accidents in Texas during this 4-day period from Saturday morning till Tuesday night," Garrison said in a letter to state officers stationed here.

Speed is the chief killer, claiming one out of every three traffic deaths, Garrison warned, "and the problem is fast becoming more and more serious."

Throughout the state, traffic deaths have increased about 33 per cent, Garrison stated, "and if this rate continues, there will be 2,500 lives lost in traffic accidents this year, 540 more than were killed during 1949."

Sutter Working Out Daily In Lake Texoma For Try At Channel

DENISON, June 29. (AP) — Roy Sutter, who hopes to be the first native Texan to swim the English Channel, is now working out twice daily in Lake Texoma for the endurance swim.

Yesterday the 36-year-old war veteran turned in a two-mile morning swim and four more miles in the afternoon.

Sutter leaves here July 4 for New York and will sail July 7 for Dover, England. His trip to England is being sponsored by the Denison Herald.

Joe Costa, of the National Press Photographers' Association, discussed the B-C (Battery-Capacitator) Circuit which, he believes, will make the present concept of flash photography obsolete within two or three years.

J. B. Turner Seeks First Term on County Commission

(This is the first in a series of articles giving the biography and platform of those seeking election in the Democratic primary July 22.)

Seeks election as commissioner—J. B. Turner.

J. B. Turner, candidate for county commissioner from precinct No. 3, states that he is actively seeking public office for the first time, although he served two terms on the school board of the Snyder Independent School District, and is now vice-chairman.

While he and his wife were on a vacation trip to Colorado in the summer of 1948, friends filed his name, unknown to him, in the school board election of that year. He had no opposition when he was re-elected to the office this spring.

A native of West Texas, Turner moved to Snyder in July, 1939. He is 36 years old, married, and has a daughter, Sidna Gayle, 11. The Turners own their home at 3102 Avenue W.

Turner is a deacon in the First Christian Church and an active member of the Masonic Lodge.

For most of his life he has been engaged in construction work and has had considerable experience in building roads. At the present time he is stock farming on his own farm about ten miles east of Snyder.

Turner said one of his beliefs is that it is a mistake to confine the use of county machinery to each precinct, but that the county machinery should be used all over the county, wherever it is needed most.

"I believe that our county has a very great future and the business affairs of this county should receive the same careful attention that a man gives to his private business," Turner said.

"I would like to take this opportunity to call the attention of the citizens of this county to the fact that property tax evaluation has increased more than five times since the last election and to urge all citizens to give careful attention to how they vote in the county commissioners' race."

Turner stated that it was his intention to make a diligent effort to meet all the voters in his precinct before election day.

This is Turner's first time to be a candidate for any county office. He is opposed by Ted Haney, present precinct No. 3 commissioner.

Romula Approves Action in Korea

HONOLULU, June 29. (AP)—Brig. Gen. Carlos P. Romulo, president of the United Nations Assembly, declared today "ultimate victory for the free world will emerge from the Korean war."

En route home to Manila, he expressed belief the Korean flareup will be localized "just as the crisis in Greece and Berlin."

The free world, he said, is closing ranks as the result of President Truman's policy statement drawing the line against Communist aggression.

Rumors Fly As Crisis Mounts

(Associated Press Staff)

In Texas, rumors ran far ahead of actual events in the big Korean story.

Newspapers were deluged with phone calls from citizens, and many of the callers were full of mis-information when they ran to the telephone.

One reporter snorted: "We're getting far bigger news from the telephone than we are from the Associated Press news wires."

"I hear we've dropped an atomic bomb," said a woman caller. "All I want to know is, where did we drop it?"

"I just wanted to confirm that Russia has declared war on the United States," a man said.

Dozens of citizens had "heard" that "President Truman just declared war," and some asked, anxiously: "Who did he declare war on."

And scores asked: "Is it true that President Truman has called out the reserves?"

A woman, told that Mr. Truman had not called up the reserves, said: "Thank God! I'm the mother of two college boys."

"Is Russia marching on Germany?" a man's voice said. "I have a nephew over there."

"Are we at war with Korea or just a little bit of it," one woman wanted to know. And a man asked, humbly: "Where is this place, Korea?"

Another fellow inquired belligerently: "What Congress got to say about Truman declaring war on Russia?"

One Last Hurdle In Path of Dr. Hermann Sander

CANDIA, N. H., June 29. (AP) — Dr. Hermann N. Sander today had his medical license back again—but still another hurdle blocked his path to full practice.

The New Hampshire board of registration in medicine restored yesterday the license it suspended last April 19, more than a month after the 41-year-old physician was acquitted of murder in the death of Mrs. Abbie Borroto, 59, a cancer patient.

HINDERANCE

However, he must regain membership in the Hillsboro county Medical Society — which dropped him when his license was revoked by the state body—before he can use the facilities of at least two hospitals.

Dr. Sander said he would open his Manchester office next Wednesday, adding that he would have to limit his practice to minor ailments and minor surgery which could be performed in the office.

He said he would refer any patient needing hospitalization to another physician until his membership in the county society is cleared up.

The bespectacled physician added he preferred not to comment on his status with the county group until his attorneys had advised him on the matter.

NEEDS REINSTATEMENT

Officials of the Elliot Hospital and the Hillsboro County Hospital said Dr. Sander would have to be reinstated in the county medical society before he could again enjoy the privileges of these institutions.

Two Manchester Catholic hospitals which revoked his courtesy rights "forever" gave no indications that the restoration of his license would change that status.

Dr. Norman Crisp of Nashua, president of the Hillsboro Medical Society, explained Dr. Sander's standing with the statement: "He must apply for admission just as though he had never been a member."

THE SNYDER DAILY NEWS

VOL. I—No. 44 SNYDER, TEXAS, THURSDAY, JUNE 29, 1950 SECTION TWO

Pictured are Mr. and Mrs. Billy J. McKinzey, following their wedding last week in Lovington, N. M. Mrs. McKinzie is the former Miss Catherine Bass. Mr. McKinzey is a clerk in the Harris Pharmacy. The young couple are making their home on Avenue U. here.

PERSONALS

Mr. and Mrs. Maurice Burditt and two sons, from Weslaco, Tex. have been here for two weeks visiting in the home of Mr. Burditt's uncle and aunt, Mr. and Mrs. R. O. McClure, 1011 Twenty-sixth Street, and other Snyder relatives. While here the Burditts and the McClures went on a few days' fishing trip.

Cpl. Louie Vaughn, Jr., is back again at his post with Dunigan Tool Co., after a two week's encampment with the National Guard at North Fort Hood.

Miss Joan Cockrell, daughter of Dr. and Mrs. C. R. Cockrell, has as her house guest this week Miss Jane Overstreet, from Farwell, Tex. Miss Cockrell and Miss Overstreet were roommates at the Hockaday School, Dallas, this year. Arriving last night, Miss Overstreet will be here several days.

Mrs. C. R. Cockrell returned to her home here Tuesday. She has been spending a few days with Dr. Cockrell in Van Horn, where they are redecorating their ranch home. The Cockrells plan to leave in about two weeks for the ranch to spend the summer months.

Mrs. J. P. Nelson, 1906 Thirtieth Street, her mother, Mrs. D. P. Strayhorn, 1203 Twenty-fourth Street, and Paul Nelson just returned from a trip. While gone they visited Mr. Nelson's mother, Mrs. M. C. Nelson in Carrollton, Ala., and went on to visit with Mrs. Nelson's sister, Mrs. Ross Howard in Marietta, Ga.

Mrs. A. C. Leslie has as a visitor this week her son, Clyde Leslie, who is here on leave from the Navy. Mr. Leslie is stationed in South Carolina.

Mrs. J. C. Maxwell is expecting her daughter and family, Mr. and Mrs. H. B. Hamilton, to visit with her in her home, 2112 Twenty-eighth Street, this week. The Hamiltons are from Lawton, Okla., enroute to the western states for an extended vacation trip.

Mrs. J. P. Morgan has just returned to her home, 2707 Avenue U, after a two weeks' trip to Oklahoma City, where she visited with her sister, Mrs. C. R. Hairfield, and to Ada, Okla., where she was with her brother, Baxter Scroggin.

Mr. and Mrs. A. E. Henderson have just moved to Snyder from Henderson, Tex. Mr. Henderson is employed with a construction company here. They will reside in east Snyder.

Mrs. Dillard Pope is now in Denison where she is visiting friends. When she returns this week she will bring her daughter, Peggy, who will be an eighth grade student in the Snyder School in the fall.

Delbert Lloyd, son of Mr. and Mrs. George Lloyd, is visiting Mr. and Mrs. H. H. Hutto and family in Abilene this week.

Mr. and Mrs. Ross H. Hemphill, 319 Thirtieth Street, are going to Dallas this week end to visit Mrs. Hemphill's parents, Mr. and Mrs. Clyde Seymour.

Mr. and Mrs. W. W. Park, 2407 Twenty-seventh Street, will have as guests at their home over the week end Mrs. Park's mother, Mrs. Bowen Toomey from Kaufman, Tex., and her sister and family, Mr. and Mrs. T. E. King from Fort Worth.

Mr. and Mrs. Frank Finklin left their home, 1108 Twenty-fourth Street, for Eagle Nest, N. M., for a Fourth of July vacation.

NEWS FROM FLUVANNA

Mrs. J. C. Ross of Lubbock is visiting her mother Mrs. J. I Boren this week.

Mr. and Mrs. Oliver Lamb of Hawthorne, Calif. spent last week end with Mr. and Mrs. Ray Fulford and Victor and other relatives. The Lambs and Fulfords then left Monday for Missouri, where they will visit the Jess Bley's at Exeter, and other relatives at Hamilton, Tex. on their return.

Mr. and Mrs. A. L. Odom spent Sunday visiting the O. D. Jackson family at Gail.

Mr. and Mrs. Paul Turner made a trip to Lubbock Tuesday. Bob Browning accompanied them.

Mrs. Paralee (Granny) Patterson returned Tuesday from Snyder Hospital Clinic. She is with the Mert Pattersons for a while.

Mrs. Ruby Hughes and Mrs. Herston Lemons made a trip to Post Wednesday.

C. A. Daugherty and Panch McDonald attended a sale in Sweetwater Wednesday.

Mr. and Mrs. W. H. Hamilton left Tuesday for Hico, Tex. for a visit.

Don McDonald is back after attending and entering the Archer City Rodeo, where he won first place honors in the senior bull riding event.

The Rev. and Mrs. Roy Phemister and son returned Tuesday morning from a two weeks' trip in Arkansas and Missouri.

Mr. and Mrs. Weldon Ball announce the birth of a daughter early Tuesday evening.

Mr. and Mrs. Livy Landrum of Lubbock visited with the C. F. Landrums and J. G. Landrums Monday and Tuesday.

Mr. and Mrs. W. F. Mathis, Mr. and Mrs. Wayland Mathis, Mrs. J. I. Boren, Mr. and Mrs. Lea Beavers, Mr. and Mrs. Joe Landrum and family went to Gail last Sunday for the Methodist Quarterly Conference.

Mr. and Mrs. I. R. Smith made a business trip to Lubbock Wednesday.

Mr. and Mrs. Nathan Reynolds of Dalhart visited her mother Mrs. Betty Whatley over the week end.

Mr. and Mrs. W. L. Meadford, relatives of Mrs. J. H. Eckert, visited in the Eckert home over the week end.

Miss Myrnell Smith of Midland visited her parents Mr. and Mrs. I. R. Smith over the week end.

Mr. and Mrs. Wayland Mathis spent Saturday with her parents, Mr. and Mrs. Tom Sullivan. Miss Lou Ann Sullivan returned with them for a visit.

Mr. and Mrs. O. S. Wills were in Ozona last week visiting their daughter, Mrs. Earl Berry.

Mr. and Mrs. Royce Sewalt and children of Brownwood visited last week end with the J. J. and Burl Belews.

Mr. and Mrs. Dick Silberberg of Mt. Dora, N. M. visited Mrs. Betty Whatley over the week end.

Mr. and Mrs. Murle Cox of Carlsbad, N. M. visited Mr. and Mrs. Curley Maynard Tuesday.

Mrs. H. C. Carmichael entertained guests Tuesday afternoon at a Stanley party in her home. Mrs. Thelma Hacker of Hermleigh demonstrated Stanley products. Those present were Mrs. Wayland Mathis, Miss Lou Ann Sullivan, Mrs. Fred Shafer and Darryl, Mrs. T. J. Rea, Mrs. T. M. Hughes, Mrs. Dora Stansell, Mrs. Emma Hughes, Mrs. Roy Reeder and Barbara, Mrs. Clyde Smith, Mrs. George Miller, Mrs. R. B. Wills, Mrs. J. M. Glass, Mrs. Harry Kingston, and Mrs. Dub Hughes.

Dan Mohler, of General Electric, defined the modern flash bulb as a measured package of light with an electrically controlled flame. Although 150 million bulbs were fired last year and no one got hurt, here are some tips: If there's a leak, it will burn like a Roman candle. If scratched, the glass will explode . . . the gas-filled SM bulbs will go off with a bang. If very close to a subject, use a shield or handkerchief over the bulb. A plastic cover shouldn't fit too tightly, or it may blow along with the bulb.

Want naturalness in lighting scenes? Put a flash bulb in a flash light being used in a picture. For a color picture, put red cellophane over flash bulbs planted in fireplace or furnace.

For amateurs, who need to fire only one or two bulbs, the B-C flash pack units are compact, the B battery cannot leak and will last indefinitely—for practically their 'shelf' life.

Talk of the Town

By Frances Biow

Perhaps 75 cars were parked outside of Country Club last night, and Jack Free's orchestra played traditional dance music to maybe twice that many club members and guests. Ladies wore summer formals or very dressy frocks and the men gray, navy, and palm beach suits.

NOTES FROM THE COUNTRY CLUB DANCE: Mr. and Mrs. C. T. McLAUGHLIN, danced little, sat at a front table, seemed to have fun watching, chatting with friends who stopped. Mrs. McLaughlin wore sheer black with pearls. In the swishiest formal there was MISS MARY ECHOLS, who was busy most every dance, except for a breather on the terrace when her party settled down at table for cooling refreshments under a Texas moon just built for the occasion. . .MRS. OPHELIA BLACKARD looking very nice in a pale pastel frock, blue organdy . . . MRS. R. E. PATTERSON, not in a formal, but trim as anyone there in a gray and white, figure-fitting linen.

The young crowd, gayest there, and all up for every dance number, full of fun. . . Specially noticed MISS ELEANOR ERWIN, daughter of Mrs. A. D. Erwin. She looked like a little princess in all white pirouetting airily, jive as well as waltz.

* * *

MRS. CHARLIE COOPER, JR. wore sheer white. With her husband in a debonair white suit, they looked perhaps most distinguished couple there. They're full of talk of a coming vacation.

Oleo Tax Will End Saturday

WASHINGTON, June 29. (AP)—The 64-year-old federal taxes on oleomargarine will vanish Saturday.

Most of the price-cutting has already been done. Many manufacturers have cut yellow margarine by about 10 cents a pound within the last week or two, anticipating the end of the 10-cent federal tax on that product.

The manufacturers, seeking to get themselves in good competitive positions for an expected upsurge of sales of tax-free yellow margarine in July, have absorbed the 10-cent tax for the last part of June instead of passing it on to the wholesaler, retailer and consumer as they used to do.

So people who live in states that allow the sale of yellow margarine, and who use that product, very likely have seen the price fall in recent days, say from 41 cents a pound to 31 cents, or thereabouts. Consequently next Saturday they may see little or no change in the price. There have been drastic cuts in the price of white margarine, too.

President Truman signed the margarine tax repeal bill on March 16. The House had passed it 262-106, the Senate 59-20. This was a victory for the margarine makers and the friends of cottonseed oil and soybean oil, which are used in margarine. It was a defeat for the dairy states and the friends of butter. These interests had been fighting it out for many years, with the dairy people gradually losing ground.

Mr. and Mrs. P. M. Ragsdale, Colorado City, visited Thursday night in the M. J. Bryant home.

Mrs. B. F. Eades and children spent Saturday and Sunday with her parents Mr. and Mrs. W. O. Webb.

RECIPE

FAMILY DINNER

Tomato and Vegetable Juice Cocktail
Savory Broiled Liver* Creamed Potatoes
Asparagus Bread and Butter
Fresh Green Apple Pie with Cheese

SAVORY BROILED LIVER—

Ingredients: 1½ pounds calf's liver, 2 tablespoons salad oil, 1 tablespoon vinegar, 1 teaspoon salt, ¼ teaspoon celery salt, ½ teaspoon onion salt.

Method: Have liver thinly sliced, about ½-inch thick. Mix salad oil, vinegar, salt, celery salt and onion salt together; dip liver slices into mixture turning over so they are well coated and then refrigerate (covered) for about 1 hour. Drain liver and broil slowly until liver changes color, about 3 to 5 minutes on each side. Makes 5 servings.

Open Mind

By chance this week I learned there wasn't going to be a polio clean-up campaign. "Why?" I asked.

The answer I received was that there wasn't enough co-operation.

Do you think the polio germ is that lazy? Certainly not, it will strike anyhow, not only your neighbor, but maybe you.

The reason for this lack of co-operation, in my opinon, is that the average businessman and club member is doing all right now, making money, etc. If he has any extra time, he spends is having a good time or trying to figure out how to make more money. The average man joins a club for business reasons — of course, there are some who like a good lunch, cigar and chat with the boys.

The women join clubs because most of them here are newcomers and they want to meet people and build up social ties. There is nothing wrong with any of these reasons, except when is comes down to the point that something as important as a polio clean-up campaign must be called off due to the lack of co-operation.

When it comes to co-operation the average person wants to sit back and coo—and let the other fellow operate. I wonder if these so-called "cooers" have actually seen a polio victim. Well, I have, a little blond headed girl who couldn't use her right arm; she had a mild case. Her parents were overjoyed because she was still alive. Then there was a G. I. who came home to his wife and two children. He had fought in a number of major battles, but the polio germ didn't seem to care about this, and the man died.

If you have known families like these, you forget how to coo — because there is a lump in your throat. If you are human at all, you are ready to operate.

It's a lot of work, sure, but it's worth it.

Here is a brief outline of how it can be handled:

1. Merchants will be asked for donations to buy D. D. T. (In a town of 5,000, six girls collected $500 in two hours time. I know, I was one of them.)

2. All club heads meet and organize work. Maps of the city are subdivided and committees are appointed and maps distributed.

3. Inspection committee makes inspections the week before actual clean-up to determine worst areas.

4. Truck committee (trucks, usually with drivers, are donated for use by business houses) pick up trash placed in front of homes and business houses.

5. Spraying committees spray all bad areas.

6. Downtown area is sprayed at night.

7. The following week the inspection committee makes another survey to determine results. If more cleaning is needed, then it is done.

The day of the clean-up all business houses close at noon and remain closed until 6:30 p. m. This way every one can clean and spray his own business and home.

Snyder, let's clean up!

Mrs. Ralph Koepf
Route No. 2, Snyder.

Mrs. J. W. Harbuck and daughter visited their mother and grandmother, Mrs. J. A. Williams recently.

J. Winton Lemen, of Eastman Kodak, placed great emphasis on improper agitation as a chief source of trouble in negative processing. Roll film tanks should be inverted, not spun, he believes. Air bubbles get into tanks if you pour in the developer. Put the developer in first—or pre-soak the film in water. Other troubles are traced to loading and handling films.

Twenty-two Field Starters In Week Gained for Scurry County

Twenty-seven West Texas Counties shared locations during the week of June 12 to 17 for 103 tests for oil, including 13 wildcats. The preceding week listed 96 tests for oil, including 13 wildcats, in 24 counties.

Totals for the first 24 weeks in 1950 became 2,099 in proven areas and 293 for wildcats, a grand total of 2,302. This is a weekly average of 95.9 up from 95.6 through the twenty-third week.

Kent and Pecos Counties gained two wildcats each, Coke, Dickens, Garza, King, Lynn, McCulloch, Reagan, Tom Green, and Ward one each.

For the thirty-seventh consecutive week, Scurry County led in field starters with 22, Pecos added 18, Crane six, Crockett, Kent, and Runnels five each, Borden, Ector, and Hockley four each, King three, Andrews, Midland, and Upton two each, Cochran, Gaines, Garza, Howard, Loving, Sterling, Ward, and Winkler Counties one each.

POLIO
Strikes without warning. No one can predict when or where. But when it does strike it's costly. For less than 3c per day you can have FREEDOM FROM WORRY for every member of the family. This policy pays up $5,000 aggregate for all of these dreaded diseases:
Polio — Leukemia — Scarlet Fever — Small Pox — Spinal Meningitis — Encephalitis — Tetanus
Perhaps none of these dreaded diseases will ever strike your family. But you can protect the entire family for only $10.00

Famous Thriftmaster Unit offers maximum refrigeration performance at extremely low operating cost.

Only $5 a week for Hotpoint ...world's finest refrigerator

The SECTIONAL Idea MEANS MUCH MORE of Everything!

Here the sectional idea means more smartness and comfort. It conceals the added utility of a bed without sacrifice of sectional's decorator versatility. Flexible for living-room arrangements—use singly, in pairs (two make a big, comfortable love seat), or in a trio for a beautiful sofa. The lounging luxury of a restful chaise longue is another sectional plus-value that's yours at your store, when you select the exclusive

Visualite Oven

HEYWOOD--WAKEFIELD

We mean it when we say this handsome Hey wood-Wakefield Modern has a bright future in your home. You'll take to it at first glanc e because there is such a friendly, easy-to-live-with air to its gracefully curved surface s. You will continue to enjoy it through the years because a lifetime of service is built in to every single piece – by the craftsmen of Heywood-Wakefield, where skilled work wit h carefully selected hardwoods has been a tradition since 1826. And we think the "Home-Planned" idea back of Heywood-Wakefield Modern makes it an ideal choice for the homes and budgets of today. This means you can start now, with a harmonious unity throughout your living, bedrooms and dining room – and be confident that later additions bearin g the Heywood-Wakefield emblem will harmonize perfectly with those you buy now.
