Glenn Hill Hired As New V.A. Instructor

At the meeting Monday night of the school board, Glenn Hill was hired as new Vocational Agriculture instructor in the local schools to succeed Oliver Burk. Mr. Hill is a graduate of Winters high school and A&M college and has been V. A. instructor for the past three years at Wall. He is married and has two children and is expected to be on the job here by the first of July.

Glenn Matthews also submitted his resignation this week as band instructor.

Speech Round-Up Is Friday

Bill Bowen of the high school Speech Department announces that the fifth annual Speech Club Round-Up will be held Friday, tomorrow, evening at the Dr. Dyer place east of town. The event will get under way at 6:00 o'clock with a picnic supper being served. Mr. Bowen expects a large group of after-dinner speakers.

Cheer Leaders Elected

High School and Jr. High cheer leaders have been elected for the 1963-64 school year. Junior High cheer leaders elected were Connie Speck, daughter of Mr. and Mrs. Henry Speck, Jr.; Billie Gayl Blaylock, daughter of Mr. and Mrs. Billy Frank Blaylock; Shane Henderson, daughter of Mr. and Mrs. Sam Henderson; and Debra Murr, daughter of Mr. and Mrs. John Murr.

High school cheer leaders are Frankie Blaylock, Christy Moore, Joan Griffin, Betsy Bruton, and Deanne Hext.

Waldron Graduating From McMurry, 27th

Abilene.—Robbie R. Waldron of Eldorado will receive his B.B.A. degree from McMurry College on May 27 at 10 a.m. in the spring graduation exercises to be held in Radford Auditorium on campus. General Robert J. Smith of Dallas, a lay leader in the Methodist church, will be commencement speaker and the Rev. Ralph Seiler, El Paso, will deliver the baccalaureate address. The baccalaureate service will be held the evening of May 26.

Waldron is the son of Mr. and Mrs. Ralph Waldron of Eldorado. He has been president of the freshman class during his freshman year, Student Body Council Representative, and a member of Ko Sari (men's social club).

The spring graduation exercise at McMurry will close the 40th academic year at the Abilene Methodist college.

PRESBYTERIANS HONOR THE SENIOR CLASS

The members of the Presbyterian church honored the Seniors with a breakfast at the Roadside Park Tuesday morning at 7:30. About 65 people attended, including Seniors, sponsors, teachers, and members of the church. This is an annual affair and one that is enjoyed by all. Bacon, eggs, sweet rolls, toast, jelly, juice and coffee were served.

Mr. and Mrs. Harold Scherz of Sonora and Mrs. L. D. Ochsner visited Mr. and Mrs. Phil Scherz in San Angelo Saturday night, and saw "My Fair Lady".

New Babies

It's a girl for Mr. and Mrs. Duwain Sauer of 4119 Pershing, Fort Worth, Texas. The baby was born Saturday, May 11, at 5:55 a.m. in the Harris hospital. She weighed 7 lbs. 2 oz. and has been named Lynna Deann.

Maternal grandparents & greats are Mr. and Mrs. Clyde Baker, Mrs. C. H. Graham of Fort Worth, and Mr. and Mrs. Alex Baker of Oglesby. Paternal grandparents and greats are Mrs. Alma Sauer of Tulsa, Okla., Victor Sauer of Eldorado, Mrs. Emma Castello of San Angelo and Mrs. Otto Sauer of Eldorado.

Mr. and Mrs. George Gandy have a new grandson. William Wayne Gordon was born Friday, May 10, at 9:40 a.m. in the Clinic-Hospital to Mr. and Mrs. L. E. Gordon.

In addition to the Gandys, Bill Gordon of Arizona is a grandparent.

LIONS CLUB HEARS DEPUTY GOVERNOR PACE

Deputy District Governor Percy Pace of San Angelo spoke yesterday at the meeting of the Lions club on "What I Like About Lionism" and he illustrated his talk with posters. He was introduced by C. J. Hahn, president-elect of the local club, and zone chairman at the present time.

W. R. Bearce presided and reported that the club had made \$35 by placing the second place contestant in the queen's race in connection with the recent convention.

Guests were Kenneth Rosford of Eldorado and George McCall of San Angelo.

Awards given out included W. O. Alexander and E. W. Brooks, 25-year certificates and pins; and W. H. Hale, 10-year pin.

Senior Class To Be Honored In Next Week's Success

Next week's issue of the Eldorado Success will be the annual Senior Class paper, in which the grads of Eldorado High School are pictured along with a write-up on each one and other news of their end-of-school activities. There will be a brief write-up on each classman including various organizations and activities in which they have participated, and their plans for the future.

As always, this edition will be a treasured keepsake for members of the Senior class, their families, and friends.

There will also be ads from public-spirited local merchants congratulating the classmen as they bring their years of local schooling to a close. The Success crew have been at work on this special edition for a number of weeks.

May 20 Is Start Of Methodist Conf.

BISHOP PAUL V. GALLOWAY

The 105th Session of the Southwest Texas Annual Conference will be held in Travis Park Methodist church May 20-24, 1963, with Bishop Paul V. Galloway presiding. Ministers and delegates from 340 churches will represent some 118,000 Methodists in the Conference that includes 60 counties from the Pecos River on the West and from Sterling City via Austin to the Coast on the north, to the Gulf Coast and the Rio Grande river on the east and south.

Conference preacher is Dr. William Cannon, dean of Candler School of Theology and professor of Church History. Dr. Cannon is a student of Wesleyan Theology and was invited by Bishop Galloway because of the special emphasis on the 225th year of John Wesley's heart warming Experience at Aldersgate. He will preach at 7:30 p.m. on Tuesday, Wednesday and Thursday and on Thursday morning at 8:30.

Dr. Charles C. Parlin, an outstanding attorney and one of the presidents of the World Council of Churches will be the speaker for the Laymen's Banquet to be held Monday evening at Laurel Heights Church.

Delegates to Methodism's General and Jurisdictional Conferences which meet every four years, will be elected.

Those who will attend from Eldorado are: Mr. and Mrs. L. W. Steen, Mr. and Mrs. Frank Meador, and C. M. Nyquist.

Post Script

The Little League rosters were delayed for this week's Success. We will run them in the next week or two.

—ps—

On May 17—that's tomorrow—bids will be opened in Austin for rebuilding Hwy. 277 from Eldorado on north for 8 miles.

In Eldorado the job calls for building curbs and gutters from Murchison Ave (Gulf Sta. corner) north to the city limits.

Now turn to page 6 of this paper and you'll find the numbers of all the city lots and the names of the owners who will be affected.

When work starts traffic will be detoured east on Murchison Ave., out to Doc Sofge's and then north on that cut-off road. An engineer said that it would take until October to finish the job within the city limits.

—ps—

Also from the looks of things there will be more drilling crews working out of Eldorado soon, and there are two big pipeline construction jobs nearly ready to go. All in all in looks like things will be busy here the last half of this year.

—ps—

Local motorists have probably noticed that highway signs on the Big Lake road have been changed in the last few weeks. The highway from Eldorado on west is now designated as State Hwy. 29 and it carries that name all the way to Iraan and on west to Hwy. 290.

Some time back Chamber of Commerce officials from Eldorado met with a group in Iraan and it was agreed to erect a large traffic sign at the point where 29 connects with 290.

The purpose of the sign, of course, will be to direct east-bound traffic over 29 through Iraan, Eldorado, and on east.

A sign company was contacted and a contract was made for erecting the large new sign at a cost of about \$2,000—the two towns each paying half. This contract was made some time ago and the sign should be built and installed almost any day now.

The distance from Eldorado to the location of "our" sign is about 98 miles—in case you want to drive out and see.

—ps—

With our subscribers: E. V. Gibson, Jr., has moved from Hollis, Okla., to the Oriole Courts, Star Route B, Hobbs, New Mexico.

—ps—

It was pointed out to us that the relay team won first in the state instead of second as stated in last week's One Year Ago news. Bet if it had been 35 years ago, some one would have caught it, too.

—ps—

Building going on: Workmen had foundation cast this week for a new house in Sunset Acres for Jack Jones. The house will have three bedrooms, two baths, and large double garage. It is being built on the corner between the J. D. Huckaby and James Page residences. John Barrows of San Angelo is contractor.

George Williams is adding a new bathroom to his house.

—ps—

C. J. Hahn, manager of West Texas Utilities here, and president-elect of the Lions club for the coming year, recently received a bronze plaque from David M. Ellis, governor of Lions district 2A-1 for 1962-63. Mr. Hahn served on Ellis's cabinet this past year and the plaque reads, "In sincere Appreciation and Recognition of Distinguished Service and Devotion to the Objects and Furtherance of Lionism."

—ps—

Jo Ed Hill, manager of Eldorado Wool Co., reported this week that sale of wool was still slow but that some had been moving. He concluded that a sale was scheduled for this week in Sanderson which might have some bearing on the local market.

—ps—

Workmen and equipment have been at work on the blocks of the San Angelo highway just north of the school, lowering sewer and water lines in preparation for the rebuilding of the roadway. Lowering of the lines was made necessary by the new roadway, which will have a thicker base than the present one.

Traffic is closed off from time to time while work goes on.

Delta Makes Three More Locations As Interest Grows In Local Gas Field

Delta Drilling Co. and Pauley Petroleum, Inc., staked three new locations on the T. K. Jones ranch over the week end and drilling operations are already under way on two of the prospectors.

Still at work drilling ahead and preparing to complete on their No. 1 Jones well, the company speeded up action on the three locations

where leases were due to expire late this week.

The area Sunday was crawling with bulldozers as Ben L. Keys rushed in equipment to build locations, roads and pits and on Monday two Wesley Young spudders were on the grounds and by Tuesday night they were drilling away. Delta expects to bring in another

rotary by the time surface holes have been completed.

The three locations are as follows:

(1) 1980 feet from east line and 1787 feet from north line of Sec. 35, block L;

(2) 1980 feet from east line and 1787 feet from north line of Sec. 36, block L;

(3) 2150 feet from north line and 1150 feet from east line of Section 32.

To reach one of these locations you take the road out to the Whitten gas well and continue on north on the old Mertzon road until you come to the new cattle guard on the east side of the road.

The other spudder is on up the new Mertzon highway—off to the east side of the road.

In the meantime Delta's No. 1 T. K. Jones was drilling ahead on to the Ellenburger. They were at 6985 feet yesterday morning.

The Dyer Well

Contractor O. C. Proffitt was still having trouble early this week in shutting off water in the Enochs & Gouras No. 1 Dyer well, which is being drilled with cable tools about five miles northwest of town.

First attempt to shut off water failed when casing was set at 500 feet last week. On Tuesday the hole was being reamed out to set casing down to the 600 ft. level.

Drilling may have been resumed by the time this paper reaches its readers.

Re-Entry Makes Producer

MEB Oil Co., Midland, completed as a Canyon oil discovery its No. 1 J. H. Treadwell, Schleicher County re-entry operation, nine miles north of Fort McKavett and five miles north of the two-well Tisdale (4,000 foot) Canyon sand oil field, formerly assigned to the Fort McKavett multipay oil and gas field.

It was finished for 46.1 barrels of 36 gravity oil, with gas-oil ratio of 3,622-1, through a 24-64-inch choke and perforations between 4,000-025 feet, which had been fractured with 20,000 gallons.

Casing 2 7/8" was set at 4,244 feet on cleaned out total depth of 4,260 feet. Top of pay was picked at 4,000 feet on derrick floor elevation of 2,251 feet. Tubing pressure was 40 pounds, with packer on casing.

Originally drilled by Skelly Oil Co., it was abandoned July 10, 1959, at 5,003 feet in barren Ellenburger. Location is 660 feet from the north and east lines of 70-EL&RR.

Bright & Schiff No. 1 Roach well, which was completed last year, has been re-potentialized for a calculated absolute open flow of 5 million cubic feet of gas per day, through perforations between 6444-50 and 6458-64 feet.

Meadco Properties, Midland, was drilling below 4700 feet yesterday in their No. 2 T. C. Meador in the Velvex field.

Standard Oil Co. of Texas were engaged in a re-frac job early this week on their No. 1 Henderson in the Velvex field.

Miss Topliffe To Get Degree from Sul Ross

Dean Delbert A. Dyke has announced that 159 Bachelor's Degrees and 14 Master's degrees will be awarded at the Spring Commencement of Sul Ross State College at Alpine, on May 19th. Dr. G. Preston Smith of Alice, former Dean of the Graduate School of Sul Ross State, will deliver the address.

Miss Myrta Ann Topliffe of Eldorado will receive the Bachelor of Science Degree, with a major in Mathematics. She is the daughter of Mr. and Mrs. E. H. Topliffe.

MILES SCHOOL WILL PRESENT OPERETTA

The Miles School will present "The Sleeping Beauty" in three acts, Friday Evening, at 8:00. The public is cordially invited.

DISCOVERY WELL BARBECUE SET

The Whitten, Jackson, Parker, Jones and Page families will be hosts to employees and their families of Delta Drilling Company and Pauley Petroleum Company at a barbecue this Saturday, May 18.

About 300 to 400 people are expected to attend from the Southwest Texas area. The barbecue is being given to the employees and their families in connection with the discovery well, Whitten No. 1.

In the meantime interest is running high in Delta's second well, the T. K. Jones No. 1, located about a mile east of the discovery.

Soil Stewardship Week Starts Sunday

Beginning May 19 and going through May 26, some 2,930 Soil Conservation Districts in the United States will be observing Soil Stewardship Week. This observance is sponsored by the National Association of Soil and Water Districts.

Like many other districts, the local Eldorado-Divide Soil Conservation district, has made available to local churches material consisting of bulletins, program inserts and a booklet containing Soil Stewardship background.

This year's nation wide soil stewardship theme is "We Turn Our Eyes to the Future." Yes, we must look to the future generations to come if Americans are to enjoy the same standard of living that we enjoy today. The food-producing value of the soil demands all our interest. Poor,

depleted soil produces food poor in nutritional value. Poor food produces people poor in health, wealth and happiness. We who are not farmers and ranchers eat at the second table. We are eating what they don't want—his surplus. As his surplus dwindles, less is going to be on the second table. The less the surplus the higher the price we have to pay to put it on our tables.

It doesn't cost any more to be good stewards and it is expected of us all. We are all dependent upon the land, for food, clothing, fuel, homes, jobs, and all the things we use.

Save the soil and you save not only Texas but the United States and possibly a free world where man can choose his own laws and stand ready and powerful to defend God, family and country.

Wheat Referendum Vote In New Bldg.

Ronnie Mittel, manager of the local ASC office, reports that the wheat referendum vote will be held at the new local office next Tuesday. All eligible wheat growers are urged to come forward and cast their votes. Polls will be open from 7:00 a.m. to 7:00 p.m.

The office was moved to its new quarters on Monday and the crew is now comfortably settled.

BACK FROM VISIT

Mrs. Charles Young has returned from a visit with Mrs. Roy Rowntree in San Angelo. Mr. and Mrs. Rowntree and Mrs. Young attended the shipping out party and barbecue beef dinner served to 300 or more of their friends of San Saba, and surrounding area. This all beef barbecue included all the other trimmings.

The Owens Brothers of San Saba shipped an 88-car train load of cattle. Roy Rowntree was a guest of this train load. These cattle were shipped to the Bill & Kelly Owens brothers 30,000 acres of grass land in Mobridge, South Dakota.

BOY SCOUTS HEAR TALK ON PATRIOTISM

The Rev. Kenneth Vaughan, pastor of the First Baptist church, met with the Boy Scouts at their meeting Monday night and talked on Patriotism.

Other men on hand included Bob Rowe, Bob Ledingham, and Paul Johnson. Also present were several Cub Scouts who will be joining the troop soon.

The troop meets each Monday night under direction of Scoutmaster Gail Mittel.

OPEN HOUSE SET

Ronnie Mittel, manger, announces that Open House will be held at the new ASC office next Thursday, May 23. The public is invited to inspect the new quarters and partake of refreshments.

News of the Sick

Mr. and Mrs. Jack Gartman took their six-year-old son, Jerry Dean, to Dallas last week end where he was scheduled to undergo surgery Tuesday morning, May 14. They are spending the week in Dallas to be near him. Dr. Gregory was to perform the operation which it is hoped will make it possible for the little boy to walk normally. Another son, Chris Lynn, 8, is staying with Mrs. Carl Fuller while his parents are away, in order to attend school.

George Gandy returned to work with Sinclair on May 9th, after being out for seven months following a heart attack last Fall.

Mrs. J. B. Montgomery's nephew Sgt. Joe A. Perry, an officer in the Department of Public Safety, Waco, is improving after suffering a coronary thrombosis last week. Mrs. Montgomery's brother-in-law, A. W. Hedlund of San Angelo is ill in the Shannon hospital and is scheduled for surgery Friday morning.

Virgil Free, a gauger for Service Pipe Line Co., is on the sick list this week.

Thomas Baker underwent surgery in the Sonora hospital last week.

Mrs. L. D. Lofton is at home and doing fine after having surgery at the Sonora hospital last Friday morning.

Open House Sunday At Laughlin Air Base

Sunday, May 19, from noon until 4 p.m. is Armed Forces Day open house at Laughlin AFB, Del Rio, Texas. The citizens of Eldorado are cordially invited to visit the base during the open house.

Among the outstanding aircraft to be displayed for the public to view are the F-102, Delta Dagger; the F-100 Supersabre, the U-2 and possibly the F-106 Delta Dart, according to Maj. J. O. Young, base project officer.

The F-102 is an all-weather supersonic jet interceptor and flies above 50,000 feet. The F-100 is a tactical fighter designed for maximum climb, altitude and speed. It was the first USAF aircraft to fly supersonic speeds in level flight.

The supersonic Delta Dar F-106, is now operational with Air Defense Command and in 1959 broke the world's straightaway speed record with a two-way average of 1,520.9 miles per hour.

The Laughlin U-2 display will be the only one in the United States and it will be available for public view for the last time in this area since the 4080th Strategic Wing, which fly the aircraft, will move from Del Rio to Tucson, Arizona this summer.

Woman's Club Meets

The Woman's club met in the club room of the Memorial Building with the president, Mrs. Edwin Jackson presiding at their regular meeting Tuesday afternoon.

Mrs. R. D. Johnson was leader of the program which concluded a study for the year, "Enriching Our Lives" and brought Thought for the Day.

Mrs. Edwin Jackson read the first chapter of Genesis from the Ascending Footsteps, a Bible in Poetry by Mrs. Effie Thames and excerpts from One Hundred and One Favorite Poems of Literary America from 1607 to 1952, and concluded with a poem Worship from Leaves of Gold.

Mrs. Keno Ogden talked on the Origin of Favorite Songs and said that many of our songs originated from psalms sung by David. She traced Songs of Praise and Worship from Biblical Days Through Greek and Latin origins, Germany, France and England to America where the first book ever published was a song book, and Stephen Foster's Songs and Minstrels which portray the sorrows and joys of life in America during the days of slavery of the American Negroes.

Mrs. W. O. Alexander was hostess and served frosted cakes and cookies to 11 members.

The club will meet on May 28 at the home of Miss Miltia Hill for an Installation Breakfast at 9:30 which will be the last meeting of the year.

Mr. and Mrs. John Alexander and daughter, Bobby Jean of Irving, and Lewel Alexander and daughter, Karen, from San Angelo, spent the week end with Mr. and Mrs. W. O. Alexander, to celebrate Mother's Day.

Mr. and Mrs. Jack Etheredge spent the week end in Irving visiting the Billy Jack Etheredge family. They brought little Jackie Susan Etheredge, their granddaughter, home with them to spend the week end with them and her other grandparents, Mr. and Mrs. Claude Doyle.

News From Your STAE CAPITOL

Austin.—Gov. John B. Connally says he is giving a great deal of thought to the appointment of a successor to former Railroad Commissioner William J. Muray.

He says he hopes to find a replacement before the Senate adjourns on May 24, so his choice can be confirmed.

The governor stated he also is working hard on appointments to his "Committee of 25." This is a committee which will be charged with an extensive study of education beyond the high school. He has personally interviewed every candidate. Aim is to pick people who have the respect of the public and the teaching profession.

Connally Accomplishments

Governor Connally can claim a record of accomplishment with the 58th Legislature, which has carried out the following items on the list the governor laid out in his messages to the Legislature:

1. A bill authorizing the Texas Water Development Board to acquire water storage space in federal or local reservoirs is ready for Connally's signature.
2. Revision of the antiquated state Code of Criminal Procedure probably will go to a Senate-House conference committee to iron out differences.
3. Loan regulation bill is near final passage.
4. A constitutional amendment removing the ceiling on welfare grants has passed the Senate and is ready for House action.
5. Padre Island National Seashore bill has been signed into law.
6. Proposed constitutional amendment repealing the poll tax passed the Senate and awaits House action. A bill to set up a registration system to replace the poll tax and a revision of the election code are close to final form in conference committees.
7. A tax package—mainly increases in sales taxes on cars and clothes and a year-long extension of the corporation tax—has been signed into law.
8. A Senate-passed bill limiting governors to two elected terms now awaits House action.
9. Municipal annexation bill, which sets some limits on the powers of cities to annex territory, is ready for his signature.
10. Measure creating the Texas Tourist Development Agency has been signed into law.

Both houses also have passed the bill to create a 25-member Committee To Study Education Beyond the High School; bills giving San Angelo and Pan American colleges senior status and full state support; and the Game and Fish-Parks Board merger.

Connally's plan to reorganize the State Banking Commission ran into banker opposition. But a bill allowing Connally to name one member to replace Atty. Gen. Waggoner Carr probably will get through.

His proposal to give the governor authority to control budgets of state agencies within the total dollar limits set by the Legislature got a chilly reception from a House committee and hasn't been heard from since.

Women's Rights

Proposed constitutional amendment by Sen. William Moore of Bryan to give women equal prop-

erty rights was passed by the Senate back in January. It was then sent to a House committee headed by Rep. Jim Cotten of Weatherford. Cotten waited until the first week of April to hold a hearing, then never named a subcommittee to consider women's rights.

Finally, an impatient House, hammered by demands from impatient women voters, instructed Cotten's committee to bring the bill out for a vote. Cotten withstood all pressures—even a full-scale committee revolt—until the House took the bill away from him and sent it to the House Insurance Committee.

Some action is promised, but there's no word as to when.

Whither Shall It Wave?

El Paso Sen. Frank Owen's bill to forbid the flying of the flag of the United Nations on or in public buildings ran into what may be a fatal delay in the House.

Delay motion came on the heels of a speech by Rep. Howard Green of Fort Worth. He said legislators have received a flood of mail favoring the Owen bill, which attacked leading Texans like former Sen. Tom Connally, former president Dwight Eisenhower and Vice President Lyndon Johnson as being "tools of the communist conspiracy."

These men will live on in memory when their detractors are "lost in the junk heap of history," Green declared. Bill's House sponsor, Rep. Walter Knapp of Amarillo, replied that "the mere fact that a lunatic fringe is supporting this bill is no reason to turn it down."

Further debate was postponed a week, which could mean indefinitely.

Holiday Confirmed

For the first time since the reconstruction era, a Negro holds a state office as a member of a major board.

Senate confirmed the appoint-

ment of the Rev. C. A. Holliday of Fort Worth to the State Board of Corrections, despite early opposition to Connally's choice.

Textbook Committee Named

The 15 people who will pick textbooks for consideration by local school boards have been given the oath of office.

Included were Alton O. Bowen, Bryan; Benton L. Crockett, La Marque; Wayne Craddock, Palestine; Avery R. Downing, Waco; Miss Marie Esman, El Paso; Mrs. Lonnie Garretson, Pittsburg; Mrs. Frances Gavenda, McAllen.

Also Miss Nelda Jobe, Lubbock; Mrs. Christine Kirkpatrick, Denton; Mrs. Fannie L. Knight, Sherman; Dr. John W. McFarland, Houston; Larry O'Rear, Alice; Miss Alma Marie Rohr, Brownwood; Billy W. Sills, Fort Worth; and Arnold F. Whedbee, Beaumont.

Under a new ruling by the state Board of Education, citizens will have until September to protest the committee's selections.

Stiffer Requirements

Board of Education also adopted its junior college study commission's recommendations to strengthen the requirements for communities seeking board approval of an election to create junior colleges.

New requirements state that certified proof that all board standards have been met must be filed 10 days before a hearing will be granted. New procedure will streamline the process somewhat, since it could cut down some of the local hearings and investigations necessary in past years.

Operators Win

Oil and gas operators won a battle when the House approved a measure making it illegal to transport more than a pound of mercury without proof of ownership.

This law is expected to cut down the thefts of mercury from automatic gauges on oil tanks and gas pipelines.

Short Snorts

Vegetable dealers will be required to purchase a bigger bond under a bill ready for the governor's signature.

Parks managers have reported record attendance at state parks so far for 1963.

Southwest Animal Health Research Foundation notified Governor Connally that livestock producers and sportsmen have met and exceeded their \$3 million goal

for screwworm eradication.

State Treasurer Jesse James reported that the General Revenue Fund was out of the red on May 7 for the first time since September 1, 1962. Fund balance was \$222,402.87.

State plan for construction of hospitals under the Hill-Burton Act has been revised, according to the State Health Department, that is issuing copies of the revised procedure until June 15.

39 Consecutive Indianapolis "500" races have been won on FIRESTONE tires!

OPEN EVERY NIGHT TILL 9 Except Saturday 11:15

Firestone "500" NYLON

the passenger car tire that gives you many of the safety and performance features developed at the INDIANAPOLIS SPEEDWAY!

The FIRESTONE "500" takes its very name from the famous Indianapolis 500 race, which has been won on Firestone tires for 39 consecutive years. Firestone's racing experience has produced many of the construction principles that are now built into the FIRESTONE "500." Among them are Safety-Fortified nylon cord processing... a treatment that reduces internal tire heat, which is a major cause of tire failure; and Speedway-Weld construction... a technique of bonding the nylon cord and tread into one inseparable unit to achieve greater high-speed capacity than you'll ever need.

In short, the FIRESTONE "500" is built to absorb tremendous punishment... over any and all types of roads. Let us put the BEST ON YOUR CAR today!

NOW ON SALE AT REDUCED PRICES

LIFETIME GUARANTEE Plus 27-MONTH Road Hazard Guarantee

Get Our LOW PRICE on YOUR SIZE TODAY

Firestone DOUBLE GUARANTEE

is honored by more than 60,000 Firestone dealers and stores from coast to coast wherever you travel

1 LIFETIME GUARANTEE against defects in workmanship and materials for the life of the original tread.

2 ROAD HAZARD GUARANTEE against normal road hazards (except repairable punctures) encountered in everyday passenger car use for number of months specified.

Replacements prorated on tread wear and based on list prices current at time of adjustment.

Your Firestone GUARANTEE provides protection against tire failure from dozens of road hazards like these

As shown at Firestone Stores; competitively priced at Firestone Dealers and at all service stations displaying the Firestone sign.

2.	Rohloff, Horace A.	Box 1645, Hobbs, New Mexico
3.	Smith, Moody	Sonora, Texas
Bank Money Orders		
Listed under name of remitter		
4.	Ramirez, Gonzalo	No address
5.	Rodriguez, R.	No address

Affidavit of Depository Officer

THE STATE OF TEXAS, COUNTY OF SCHLEICHER

Before me, the undersigned authority, on this day personally appeared J. E. Hill, who, after being by me duly sworn, deposes, says, and certifies as true the following:

1. That he is President of The First National Bank of Eldorado, the Depository named in the above Notice.

2. That the foregoing is a full and complete list of the names of all depositors and creditors for whom dormant deposits or inactive accounts have been held for more than seven (7) years and whose existence and whereabouts are unknown to the Depository.

3. That such listed depositors and creditors have not asserted any claim or exercised any act of ownership with respect to their deposits or accounts during the past seven (7) years.

J. E. HILL

Sworn to and subscribed before me this the 14th day of May, 1963.

Judy Hext of North Texas State, Linda Jones, freshman at Sul Denton, visited her parents, Mr. Ross college, has been chosen as a and Mrs. Jack Hext, last week end member of Alpha Psi Omega, a for Mother's Day. Miss Joan Fudge national dramatic society. Linda is of Midland was a guest in the daughter of Mr. and Mrs. Hext home for the week end also. Richard Jones of Eldorado.

On The Screen . . .

'The War Lover' Is Set In W. W. 2

Showing Sunday and Monday nights at the Eagle Drive-In Theatre will be a wartime drama with a setting in World War II. It is "The War Lover" and is based on the novel written by John Hersey. The screenplay is by Howard Koch and the director was Phil Leacock.

The story is set in England during 1943-44. It deals with the late war, but its basic theme is not confined by time or place; its main characters are two men—one of them saw war as a great adventure; the other hated war and its destruction—and a woman who must decide which of the two men she really loves.

Stars of the picture are Shirley Anne Field, the young British actress who has the lead feminine role, and Steve McQueen, who shares male acting credits with Robert Wagner.

"The War Lover" was designed more as a discussion of war psychosis than bombing strategy, but comes out with the flavor of an expertly-made service film, familiar during the wartime era.

The film was made in England, largely at Shepperton Studios near London, but there were valuable assists from the 3d U.S. Air Force in Europe and the Royal Air Force, particularly in the use of British air bases.

There were problems involved in using 1963 air bases for a film which turned back 19 years. Not only was considerable care necessary in clearing the background of modern jet bombers and fighters, but there were times when shooting had to be suspended while jets screamed overhead. One of these bases, Bovington, from which some of the war's greatest raids emanated, is still in use by the USAF.

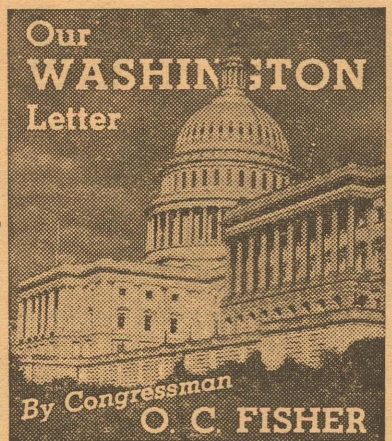

Of equal importance with the crew and cast to the success of the picture were two American Air Force officers, loaned to the Hornblow production as technical advisors. Principal advisor was Maj. Robert Spence, an expert of the World War II air force, and the other was Col. William Tesla, an expert on the B-17 based on personal experience.

A final word about three performers in "The War Lover", the three B-17 bombers which had been retired to a decaying and vandalized old age at Love Field at Dallas until 1½ years or so ago when scouts for Columbia discovered them.

The bombers were patched up, flown to Tucson, Ariz., for reconditioning and then to England to reenact events of World War II when these craft and hundreds of their sisters were scourge of Hitler's Nazi-dominated Europe. No doubt, there are many World War II veterans whose memories will be stirred by the sight of them.

The cast:
Buzz Rickson.....Steve McQueen
Ed Bolland.....Robert Wagner
Daphne.....Shirley Anne Field
Lynch.....Gary Cockrell
Junior Sallen.....Michael Crawford
Brindt.....Bill Edwards
Lamb.....Chuck Julian
Handown.....Robert Easton
Farr.....Bob Busby

Mr. and Mrs. W. B. Means and children of Houston, Mr. and Mrs. W. T. May of Austin, Mr. and Mrs. L. A. Kent and boys from Tyler, Mr. and Mrs. Tom Kent of Midland, Buck Kent of Monahans and Joe Ray Stanford of Waco all spent the Mother's Day week end with Mrs. A. E. Kent and Mr. and Mrs. Truett Stanford.

Thus far this session there has been a surprising amount of support from Dixie for New Frontier legislative programs. This has given rise to speculation by observers as to how far this trend will go. Several major bills, calling for expenditures of billions, remain to be acted upon. These include medicare, federal aid to education, aid for mass transportation, and a multitude of welfare proposals.

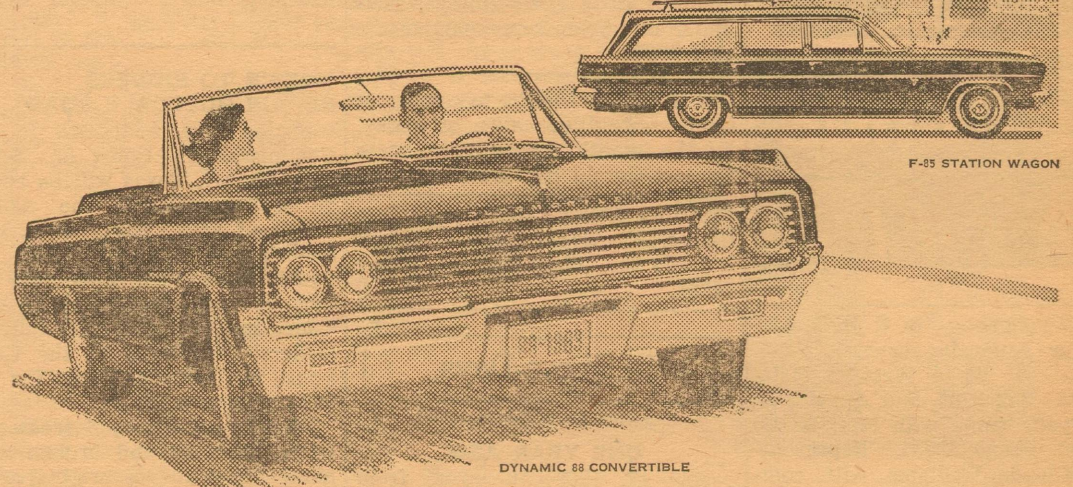

With substantial southern support the Senate has already passed the transportation bill, designed to improve facilities for moving people by mass transportation means—whether railroad commuter, rapid transit or motor buses—in order to relieve mounting traffic congestion in urban areas. This is a \$500 million federal project, and includes both grants and loans to the big cities.

Actually, transportation problems are essentially local in nature

Oldsmobile sales are ROCKETING!

Going OLDS is the Going Thing!

Nearly 1,700 people a day are discovering what a thrill it is to step out in an Oldsmobile. Reasons? Plenty! Sleek looks. Sensational V-8 performance! Plus the kind of economy that made the Olds Dynamic 88 Class "G" winner in the Mobil Economy Run!

— THERE'S "SOMETHING EXTRA" ABOUT OWNING AN OLDSMOBILE! • SEE YOUR FRIENDLY OLDSMOBILE DEALER! —

Eagle Chevrolet Co.

Eldorado, Texas

and should be no business of the federal government. San Francisco for example, only last year approved a \$792 million bond issue to finance an entirely new transit system without outside help. Los Angeles has a plan now to help solve its transit problem by local financing. Many other cities are doing the same. But there is considerable political appeal involved in having Uncle Sam send checks to the big cities that would prefer to spend their local tax money for other purposes.

The House has not yet acted but is expected to pass on this issue in the near future. The biggest pres-

sure for mass transportation aid comes from New York, New Jersey and Connecticut.

The Senate, with substantial southern help, recently approved a depression-type civilian conservation corps, and is now about to act upon a domestic Peace Corps and two or three other welfare measures, all designed to put more people on the federal payroll.

In the House, the only major New Frontier measure that has been approved thus far was the \$450 million WPA appropriation to finance local spending projects around over the country. A majority of southerners in the House,

many of them with projects in their districts, voted for this one.

Washington is now becoming known as the "Nation's City Hall." Problems which in the past were handled by City Commissions and Commissioners Courts, are showing up in Washington where there seems to be an answer for every ill. Non-defense spending has jumped 27% during the past three years, and this percentage is due to increase at a rapid rate if pending measures are given the green light. "The federal government," says the President, "is the people, and the budget is a reflection of their need."

In Those Days

Compiled From Success Files

ONE YEAR AGO
May 17, 1962—Surveyors from the Highway Department started surveying the new route of Highway 277 north from Eldorado.

W. R. Bearce was elected new president of the Lions club.

Commencement was set for the EHS class of '62, with a "local history" theme to be carried out. Edna Faught was completing her course of study at San Angelo college.

FIVE YEARS AGO
May 15, 1958—David Kuykendall and Jimmie Dell Williams were hired by the Commissioners Court as swimming pool managers for the summer season.

Paving of a landing strip at the air port was approved.

Janis Watson was presenting her dance pupils in a spring review.

Charlie M. Mund's funeral was held in San Angelo. He was 64.

Mr. and Mrs. B. L. Blakeway moved back to Eldorado after spending several months in San Angelo.

The Senior class were taking a trip to Monterrey, Mexico. Sponsors accompanying them were Mr. and Mrs. J. Forrest Runge, Mr. and Mrs. Earl Barnett, Mr. and Mrs. Joe Andrews, Donald Reed, and Mrs. Curtis Short.

12 YEARS AGO
May 17, 1951—Wilson Humphrey received his Life Scout certificate and badge at a Boy Scout troop court of honor.

Mrs. Edwin Jackson was planning to attend the national P-TA convention in Miami, Florida.

Ted Kirby and family were moving to Crane after he served as coach of the Eldorado Eagles. Herman Hopkins was also leaving.

F. B. Holmes moved here from Asher, Okla., to open the F. B. Holmes Truck Transport Co.

On the 6th grade honor roll were Charles Griffin, Mike Vianu-eba, Shannon Barclay, Jimmie Carroll, Herman Phillips, Mary Tisdale, Jimmy Whitten, Charleen Logan, Barbara Rutland, Hubert Coy Hight, and Thomasine Jones. Chris McCravey was honored with a party on his 2nd birthday.

35 YEARS AGO
May 18, 1928—C. B. Reagan delivered the Linotype to the Success office Wednesday and it is now being installed. It weighed over 3,000 pounds and cost almost a dollar per pound.

The school board has elected the following teachers for the 1928-29 term: Una Lee, Bennie McClain, Stella Waterson, Mary Kilson, Frances Armstrong, Phoebe Beauchamp, Annette Tyson, Jewel Flannagan, Mrs. R. D. Holt, teachers; and O. J. Curry, high school principal; and R. D. Holt, superintendent.

Eldorado Hardware has received a new Victor Portable Victrola. Long Bros. is to start an oil test soon on the W. H. Williams ranch in the northwest part of the county.

Mr. and Mrs. H. W. Smith and little daughter, Mary Jane, of Angleton, came in Saturday for a visit with Mrs. Smith's parents, Mr. and Mrs. W. M. Bearce.

Humphrey Hardware advertises International and Avery implements.

Mrs. Mary Ann Alexander's funeral was held.

City Variety Store advertises 3 doz. U. S. clothes pins for 25c, ecru and white lace 3c yard, six spools white and black thread for 25c, mouse traps 2 for 5c, and a 12 quart zinc water pail for 35c.

NOTICE FOR BIDS
FOR MINERAL LEASE

Notice is hereby given that the Commissioners' Court of Schleicher County, Texas, pursuant to its order of April 29, A. D., 1963, entered upon the Minutes of said Court, will receive and consider sealed bids at 10:00 o'clock A.M. on June 10, A. D. 1963, at the regular meeting place in the Courthouse in the City of Eldorado, Texas, on oil, gas and mineral leases on the following described land, to-wit:

Labor 21, League 286
Labor 25, League 285

All of the above tracts of land being Schleicher County School Land situated in Gaines County, Texas.

All bids shall be upon the understanding that Schleicher County will retain at least a one-eighth (1/8) royalty; that in no case shall the primary term of any mineral lease be longer than five years from the date of the lease or leases; and that the Commissioners' Court may reject any or all bids if in its opinion same do not represent the fair value of such lease or leases.

Only cash bids will be considered and a cash deposit in amount of 5 per cent of bid will be required of successful bidder as security during reasonable time for his title investigation.

Griffins Celebrate 40th Anniversary

Mr. and Mrs. Jim (Skeet) Griffin celebrated their 40th wedding anniversary with a barbecue dinner in the back yard of their home last Sunday. Those attending were their immediate family, and the Joe Griffin family, the Jack Griffin family, the M. H. Woodward family, the Johnny Hawkins family, Mr. and Mrs. W. F. Parent, Tom Jones and the Bill Groves family from San Angelo.

SHOWER HONORS MRS. JACK STEWARD

The women of the Church of Christ and a few other friends honored Mrs. Jack Steward with a wedding shower last Saturday afternoon in the club room of the Memorial Building, from 3:00 to 5:30. Mrs. Steward was the former Donna May Paissant, a native of Fort Ripley, Minn., but now of Shreveport, La. She and Jack, son of Mr. and Mrs. Aaron Steward, were married on April 13th and are making their home in Shreveport as he is stationed at Barksdale Air Force Base near there. The bride received many nice and useful gifts at the shower.

MARGO MITTEL HONORED AT LUNCHEON IN WACO

Miss Margo Mittel, bride-elect of Wm. H. Harrison Jr., was honored with a bridal luncheon last Friday, May 10, at the Hamilton House in Waco by Mrs. Langston Wood, Baylor College classmates of Margo, the groom-elect's mother, Mrs. Wm. H. Harrison, Sr., and the groom-elect's aunt, Mrs. Lewis Schulemburg of Columbus. Mrs. Ronnie Mittel and Mrs. Arch Mittel, were included in the party.

Margo is expected home Thursday from Baylor University at Waco and will leave Friday for El Paso to spend the week end. She and her parents, Mr. and Mrs. Arch Mittel, will return to Baylor May 24 for the graduation exercises when Margo will receive a degree in Homemaking Education.

ST. LUKE'S G.A.'S PRESENT PROGRAM

The Girls' Auxiliary of the St. Luke's Baptist church presented a program for their parents, Monday night at 7:30 in observance of G. A. Focus Week. They presented the Six Star Ideals of G. A. Work so that their parents might understand the purpose of the work more fully. The girls are directed by Mrs. Carroll Ratliff and Mrs. Arch Mittel.

Thirty persons were present and enjoyed the program and the refreshments that were served in their new air-conditioned church.

First Baptist News

The Brotherhood will meet next Monday night and have supper at 7:30. The men's quartet consisting of Duane Branham, Weldon Davis, Roy Phelps and Frank O'Banion, will present the entertainment.

W. F. Tucker, president of the Brotherhood at Park Heights Baptist church and the W. F. Tucker Drilling Co. in San Angelo, will be the main speaker. He will talk on his experiences in Japan during the two weeks he was there working for the New Life Movement. He returned home about two weeks ago.

Bryan Ross, pastor of the Lakeview Baptist church of San Angelo, is in Japan at the present time working with the crusade.

Attend Workers Conference
Rev. Kenneth Vaughan and Mr. and Mrs. Frank O'Banion and baby Gay Ellen, attended the Workers' Conference at the Ft. Concho Baptist church Tuesday night. Mr. O'Banion led the conference for the Department of Song Leaders and Pianists. Mrs. O'Banion attended the W.M.U. Board meeting which emphasized community missions. Rev. Vaughan led the conference on The Importance of Music in the Church.

The main program was a sermon in song using as a theme the Ministry of Jesus.

Supper was served by the host church.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Wheat farmers will go to the polls or voting places Tuesday, May 21 to vote on the wheat referendum. There are 39 producers of wheat in the county, 11 over 15 acres and 28 under 15 acres for a county total farm allotment of 592.9 acres. 212.2 acres are the total allotment for producers 15 acres and under, 380.7 acres are allotments for producers over 15 acres. The normal yield is 15.9 bushels per acre.

Should 28 producers elect to grow wheat under the referendum, provided it carries nationally here are the economics. Using the normal yield of 15.9 bushels per acre. Diversion income, certificate wheat and non-certificate wheat would be \$6,365.27 under the "yes" vote. The same wheat grown under farm base would bring \$5,543.75 under a "no" vote. This would be \$821.52 advantage to 28 allotment growers. Growers with 15 acres or less must sign by May 14th to be eligible to vote. Should the referendum carry and you signed up to vote or be an allotment grower the program is compulsory in 1964 for you.

There are other factors to consider such as: (1) the grazing value of allotment wheat, (2) freedom of operation and management of acres diverted and planted, (3) how does the referendum effect me in my operation for the year 1964 and years after?

I emphasized that all county wheat growers should take part in this referendum but urge them to base their vote on as many facts as can be gathered on the proposed 1964 wheat program.

The two alternatives offered under the Fod and Agricultural Act of 1962 are: the regulation of production through marketing quotas and acreage controls or fewer production restrictions but with lower price supports.

Too many people are inclined to judge right from wrong on the basis of which pays better.

Livestockmen sending in screw-worm samples to the eradication headquarters at Mission, Texas, are urged that the information sheet should accompany the sample filled out completely and accurately.

When samples are received with no information as to where collected, no action can be taken. Should the sample be screwworms, this permits additional infestations to develop—cause to sterile fly treatment can be given the area.

Only two cases of screwworms have been identified in the county

on the ranches or Mary D. Coupe and Dr. Dyer. This is less than 2% of the amount of cases at this time last year.

Scientists say life on earth began in hot water. And we're still in it.

May 19 will be Rural Life Sunday in Texas and also the beginning of Soil Stewardship Week. The fifth Sunday after Easter is traditionally the day for emphasizing the spiritual values in rural life.

Changes in today's town and country community make it important that the observance be relevant to the lives of non-farm as well as farm families.

Emphasis of Rural Life Sunday and Soil Stewardship Week this year will be on measures to help solve problems of rural poverty and stagnation.

Rural poverty is sometimes caused by inadequate and inefficient use of resources, he says. A lack of skills, education, special training, and leadership ability can also result in poverty. And poverty may cause inadequate schools, poor roads, erosion of social and community life and economic retardation.

Church leaders are deeply concerned with the problems of low incomes and underemployment due to its crippling effect on the human personality. The broader concept of stewardship today is a concern for the welfare of people and the use of conservation to benefit them and not so much the preservation of the soil. The greatest threat we face today is the loss in human resources through under and unemployment.

Our Nation has a heritage of belief in the worth of the individual and a concern that each person has an opportunity to fully develop and utilize his capabilities. Thus, the coming observance, beginning May 19, should seek to make it possible for everyone to reach his highest potential.

Testing the county for recertification under the brucellosis program has been initiated with six herds being tested to date. 20% of all cattle must be tested to recertify the county by November 14, 1963. Otherwise the county goes on a non-certified basis.

Should you have your cattle up, spraying or doing other work, let Gerald Hartgraves, Judge Bearce or the county agent's office know in advance and a crew designated to test this county will be at your place at the designated time.

Memory Lingers On

In the early days of Eldorado, around 1913, a very young girl named Essie Alexander was teaching 4th and 5th grades in the Eldorado school system. A Dr. Gore was busy taking care of the sick in the community while L. M. Hoover was busy filling his prescriptions and running a drug store he had purchased about three years before from B. E. Earle.

Dr. Gore had two sons in Miss Alexander's room, Wayne, about 9 or 10, and another son in the 5th grade who was promoted and moved on. but Wayne was her pupil for two years. Time passed and Dr. Gore's family moved away.

About 10 years ago, Miss Margaret Williams saw Wayne, now connected with the City National Bank in Houston. He asked about his former teacher and said that she had been a wonderful influence in his life, and he never forgot her.

Miss Alexander, long since Mrs. L. M. Hoover, began receiving Christmas cards and Mother's Day cards him. Imagine her surprise, last Sunday morning, Mother's Day, when she received a long distance call from him wishing her a Happy Mother's Day! Memories linger on—

Mrs. Hoover stated that he asked about Dick Bearce, whom he remembered, and Palmer West who was a classmate back in those days.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

Dr. Graham Hard, Extension Service clothing specialist at Texas A&M College, has given out a few points to remember when a little child is learning to dress himself. When you have read the points to remember, do this—read them again and apply the same points to oh, so many efforts made by anybody's growing child. The whole list reads like sage advice for dealing with children of all ages.

Points to remember when a child is learning to dress himself:

1. Let him try as soon as he is interested.
2. Offer him help only if he needs it and seems to want it.
3. Praise his every effort, no matter how small it may be.
4. Do not ever rush the child who is learning to dress himself. It could be applied to almost any situation and with almost any age.

I've had some requests lately for help on the family budget. It's an age old problem and it seems that it really doesn't make much difference how much money a family has at its disposal; there hardly ever is enough.

And would you believe this? A recent study of the effect money has on family life shows that the young couple making more than \$10,000 a year has the most money troubles. One young man in the

category said, "The more money you make the more ways you can find to be poor."

But—just to check your expenditures against the national average use the following information from Mrs. Gwendolyn Clyatt, Extension Service specialist in consumer information.

The number in your family makes a big difference in cost, of course. Even though your food bill is more, on a per person basis you are actually paying less if your family is larger than average.

Using the USDA moderate cost food plan, today's family of four spends about \$32 a week for groceries, or \$24 if the low cost plan is used. For a family of 5, food costs will run 5% less per person. And with 6 or more in the family, food costs will run 10% less for each.

It costs 5% more to feed each person in a family of 3; 10% more for each member in a family of 2; and 20% more if a man or woman lives alone rather than in a typical family of 4.

During the month of May, Home Demonstration clubs will be concentrating on preparing and serving vegetables so that the whole family will like them. A big order? We know it and nobody guarantees anything, but vegetables are so important it's worth the try.

Texas A&M offers these suggestions: **Keep The Food Values In Vegetables . . .**

You get the most from vegetables when you treat them right—as you store, cook and serve them in daily meals.

Tips on how to do this are suggested by Frances Reasonover, extension foods and nutrition specialist of the A&M College of Texas.

First of all, freshness counts. Tired or limp or wilted vegetables have lost nutrients as well as flavor and appearance. Keep vegetables as fresh as possible by putting them in the refrigerator when you get home from the store or garden. Root vegetables, such as potatoes, dried onions, winter squash, parsnips and rutabagas need not be refrigerated.

Frozen vegetables can lose nutrients and quality too, when the temperature gets too warm. Store packages at 0 F. or lower.

Remember that you can wash, soak and cook water soluble nutrients away.

Never soak pared vegetables before cooking. To cook use the smallest amount of water possible—only enough to prevent vegetables from sticking as they steam.

Avoid violent boiling of vegetables. After the food comes to a steam, reduce the heat to the lowest temperature required to maintain the steaming. This helps keep vegetables whole and save on food value.

Don't stir vegetables as they cook. This puts extra air in the vegetables and air destroys certain vitamins.

To preserve color, cook green vegetables in covered utensils and cook only until tender.

For other tips on how to get the most from your vegetables, get a copy of B-923, "Vegetables—Selection, Care, Cooking," from your county home demonstration agent.

Next week, some recipes—for vegetables, that is.

The J. T. Ottaberrys had as guests over the week end a nephew, Damon Bounds, who is stationed at Goodfellow Air Force Base in San Angelo, and his wife. They now have Mr. Ottaberry's sister, Mrs. Davie Stringer from Dallas, who came Monday and is spending two weeks with them.

Mr. and Mrs. Billy Edmiston and boys of Midland were in Eldorado for Mother's Day.

NOTICE

By Making Publication Of The Hereinafter Set Out Ordinance Notice Is Given Of All The Matters And Facts Therein Contained, Which Said Ordinance Is As Follows, To-Wit:

THE STATE OF TEXAS
COUNTY OF SCHLEICHER

Ordinance No. 1

At a Special meeting of the City Council of the City of Eldorado, Texas, held at the regular meeting place of said City Council, in the City of Eldorado, Texas, on the 10th day of May, 1963, at which the Mayor and all of the members of said Council were present, the following proceedings were had: The following ordinance was introduced and duly read to said City Council:

AN ORDINANCE PROVIDING FOR CERTAIN IMPROVEMENTS ON THAT PART OF HIGHWAY 277, EXTENDING FROM MURCHISON AVENUE NORTH TO CITY LIMITS IN THE CITY OF ELDORADO, TEXAS, FOR ASSESSMENT OF THE COST OF CURBS, GUTTERS AND DRAINS TO BE CONSTRUCTED THEREON AGAINST ABUTTING LOTS AND THE OWNERS THEREOF; APPROVING THE PLANS, SPECIFICATIONS AND ESTIMATES OF THE COST THEREOF FURNISHED BY THE HIGHWAY DEPARTMENT OF TEXAS, AND ACCEPTING THE PROPOSAL OF SAID HIGHWAY DEPARTMENT AS CONTRACTOR FOR THE CONSTRUCTION OF SAID IMPROVEMENTS; PROVIDING FOR A HEARING FOR ABUTTING PROPERTY OWNERS UPON ALL MATTERS OF INTEREST TO EACH SPECIFIC OWNER OF ABUTTING PROPERTY, AND FOR NOTICE BY PUBLICATION OF THE DATE AND PLACE OF SUCH HEARING, AND THAT FINAL ASSESSMENTS THEREOF WILL BE MADE AT THE CLOSING OF SUCH HEARING, AND FIXING THE COST TO EACH ABUTTING LOT OWNER AND PERSONAL LIABILITY THEREFOR AND THE TOTAL COST OF SAID IMPROVEMENTS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ELDORADO, TEXAS:

Section No. One:

That a public necessity exists and the City Council does hereby find and determine that it is necessary to make certain permanent improvements upon that portion of U. S. Highway No. 277, within the city limits of the City of Eldorado, Texas, to-wit: the portion of said highway 277 extending from Murchison Avenue to the North city limit of said city, consisting of the immediate construction by said city of continuous curbs and gutters, drains, etc. in cooperation with the State Highway Department of Texas which department has agreed to construct the paving and support thereof on said portion of said highway at the expense of said State Highway Department; and that said curbs, gutters and drains shall be constructed by said city according to the plans and specifications therefor and at the estimated costs thereof prepared by the said State Highway Department and heretofore filed with said City Council, in the office of the city clerk of said city; and that said city undertake to cause the construction of sidewalks and driveways along the borders of said portion of said Highway 277, as needed; and regulate the traffic on said portion of said Highway 277, as necessity requires.

Section No. Two:

It is hereby ordered that said portion of U. S. Highway 277 within the limits above described shall be improved by the said city by the construction, reconstruction, repair and re-aligning concrete curbs and gutters on both sides of said portion of said highway on proper line and grade and by construction of such drains and such other incidentals and appurtenances in accordance with the said plans and specifications therefor so prepared and filed by said Highway Department with the City Clerk of said City, as aforesaid, all of such type, construction, materials and dimensions as prescribed in the aforesaid plans and specifications therefor; and in this connection, said Highway Department has proposed to construct the said curbs, gutters and drains for the sum of the aggregate estimated costs thereof to be paid by said City to said Highway Department as contractor therefor, and at the request of said City Council has prepared said plans and specifications and estimates of cost of said curbs, gutters and drains for said project, and heretofore filed the same with said city clerk, pursuant to the provisions of Art. 1105b of the Revised Civil Statutes of Texas of 1925, as amended; and said plans, specifications and estimates of cost are now hereby accepted and approved, and it is ordered that said curbs, gutters and drains on said project be constructed in accordance with said plans and specifications, and that the proposal of said Highway Department to construct the same at the estimated cost thereof, be and th-

same is hereby accepted, and said City binds itself to pay for the same as in this ordinance is provided, all pursuant to said Article 1105b, R. C. S. of 1925 as amended, which Article 1105b is hereby adopted by said City as its authority for the construction of said improvements and assessment of the costs thereof against the abutting lots on said highway within said limits in said city, and the true owners thereof for payment of the cost of said improvements. In this connection, the City Council finds that at this time there are more than one thousand persons residing within the corporate city limits of the City of Eldorado, Texas.

Section No. Three:

It is ordered that the improvements to be constructed by the said City of Eldorado, as aforesaid, shall be paid for as follows: All of the cost of constructing, reconstructing, repairing and re-aligning the curbs, gutters and drains abutting said portion of said Highway 277 to be improved as herein provided shall, as to each abutting lot or tract, be paid for by the true owner or true owners of such tract.

The amount payable by each of the said abutting property owners shall be assessed against his, or her, or their respective tracts or lots abutting on said portion of said highway to be improved as herein above defined, and upon the true owner or owners thereof, and shall constitute a first and prior lien on such tract or lot, from the date such assessment shall become final, and each of said lot or tract owners shall be personally liable for the payment of such assessment in the proportion of his or their interests therein. All such assessments to be paid for by said respective abutting lot owners, shall become due and payable as follows: When such improvements are completed and accepted by the City Council, the amount assessed against each lot, or group of lots owned by one person or more than one person jointly, against which such assessment shall have been made, shall be and become due and payable in 3 equal annual installments, the first such installment to become due and payable within thirty days after date of completion and acceptance of said improvements by the City Council, and the two remaining installments shall become due and payable as follows: one installment shall be due and payable one year after the date of completion and acceptance of said improvements by the City Council, and one installment shall become due and payable two years after said date of acceptance of said improvements by the City Council. Each of said installments shall bear interest from the date of the acceptance of said improvements by the City Council at the rate of 5% per annum, payable as set out in certificates issued thereon; and the privilege of prepayment of each installment with accrued interest to the date of payment before maturity shall be available to each person liable for the payment thereof. It is ordered however that if default be made in the payment of any installment, or any part thereof, as the same shall become due and payable, then at the option of the owner or holder of said indebtedness, or of any certificate evidencing the same, the entire unpaid balance upon any assessment may be immediately declared due and payable, with accrued interest to the date of payment, together with reasonable attorneys fees for collection, if incurred, and the owner or holder of said indebtedness shall be authorized to proceed to collect the same, and to foreclose the lien securing the payment thereof. It is ordered however, that no assessment shall be made against any land abutting on said portion of said highway 277, to be improved hereunder in a sum greater than the benefits which shall be found by the City Council to accrue to said land by reason of such improvements. It is further ordered that the assessments against any lot or tract of land for its share of the improvements herein provided for, shall be upon the Front Foot Basis, provided for by said Art. 1105b, R. C. S. of 1925, as amended, wherever the City Council finds on final hearing that said assessment plan is not equitable to the owner or owners of said land, and the City Council now finds that said Front Foot rule has been followed by the Texas State Highway Department in its plans and specifications and estimates of cost of the improvements being provided for in this ordinance, subject to any adjustment by the City Council on final hearing in respect to any particular tract affected. In this connection, it is ordered that one assessment shall be made against each abutting tract, which may include one or more lots or group of lots adjoining each other and owned by one person, firm or corporation, or jointly owned by two or more persons, firms or corporations, and against the owner or owners thereof according to their interests therein; and if the name or names of the true owner or owners of any such lot or tract be unknown, or if any assessment

be made thereon under the wrong name or names of the true owners thereof, such assessments together with the lien securing the payment of such assessment, shall, nevertheless, be valid and binding against such tract, and against the true owner or true owners of such tract, and such owner or owners shall be personally liable for such assessment to the same extent as if they were correctly named as the owner or owners thereof.

Section No. Four:

The City Council finds that each tract abutting on said portion of Highway 277, from Murchison Avenue north to the north city limits of said city to be improved by the improvements herein provided for, by the construction of such curbs, gutters, drains and other appurtenances thereto, upon the plans and specifications therefor prepared by the Highway Engineer of the Texas Highway Department and now on file in the office of the City Clerk of the City of Eldorado, Texas, will receive benefits from such improvement of the value equal to or greater than the estimated cost thereof, as set out in said plans, specifications and estimate of costs filed with the said city clerk as aforesaid, and that an assessment shall be made against each such tract for the said estimated cost of the curb, gutter and drains to be constructed thereon by the City on the front foot basis used in said plans, specifications and estimate of costs; and now a contract for the construction of such improvements upon each such abutting tract has been made at the cost therefor set out in said esti-

mate of costs, and proper assessment against such tract and the true owners thereof to pay the cost of construction thereof as set out in said estimate of cost and contract shall be made after the hearing herein provided for shall have been closed; and assignable certificates may be issued by said City against each such tract and the true owners thereof for the amount of the cost of construction of such improvements thereon; and the terms and conditions thereof shall be fixed by order of the Council of said city consistent with the provisions of this ordinance and the provisions of said Article 1105b R. C. S. of Texas, as amended.

And the City Council now finds that the following is a true and correct description of each abutting tract on Highway 277 within the limits aforesaid upon which such improvements are to be constructed the name or names of the respective owner or owners thereof as shown by the records in the County Clerk's office of Schleicher County, Texas, and files of the City of Eldorado, Texas and the number of feet of curbs, gutters and drains to be constructed on each of said lots where it abuts on said Highway 277, the estimated cost on a front foot basis for the construction thereof on each lot, for which cost an assessment is to be made against such lot and the true owner of owners thereof, and showing the lots upon which curbs already exist and therefore are not to be constructed by this project, all of which is set out in columns as follows:

The Aggregate footage of curbs, gutters, and drains, to be constructed in this project along the east side of said U. S. Highway 277, within the city limits of the City of Eldorado, Texas, between Murchison Avenue and the North Limits of said City, is 4,329.03 feet; and the total footage thereof to be constructed within said limits on the west side of said highway is 4,441.00 feet.

The total of the estimated costs for the construction of such curbs, gutters and drains, to the lot owners is \$8,674.60; and the total estimated cost to the City of Eldorado is \$2,640.22.

In the list of lots, owners, estimated costs and other matters set out above, the names of the owners, as above given, are shown by the records in the County Clerk's Office, in said city; and if they are the true owners then as such owners, said estimated costs will be assessed against their said respective lots and against them personally; and if any person or persons, other than the record owners, are in fact the true owners, of any of said lots, then such true owners will be assessed personally for the costs against their respective lots, for the sum assessed against said lots.

Section No. Five:

It is further ordered by the City Council that a hearing is hereby set for the 10 day of June, 1963, at 9 o'clock a. m. at the regular meeting place of the said City Council, in the City Building in the City of Eldorado, Texas, at which all true owners of the lots or tracts hereinabove described are directed to appear before said City Council, if they desire to do so, in person or by duly authorized representative, to contest the amounts of said proposed assessments, the lien or personal liability therefor, the special benefits to any such abutting lot or tract and the owners thereof, by means of the improvements for which such assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and contract in connection with such improvements and proposed assessments; and the City Council shall have power to correct any errors, inaccuracies, irregularities, and invalidities, and to supply any deficiencies, and determine the amounts of assessments and all other matters necessary, and by ordinance to close such hearing and levy such assessments, before, during and after the construction of said improvements, but no part of any assessment shall be made to mature prior to acceptance by the city of the improvements for which such assessment is levied.

Anyone owning or claiming any property assessed, or any interest therein, or any railway, street railway or interurban assessed, or any interest therein, who shall desire to contest any such assessment on account of the amount thereof, or any inaccuracy, irregularity or invalidity, or insufficiency of the proceedings, or contract with reference thereto, or with reference to such improvements, or on account of any matter or thing not in the discretion of the City Council, shall have the right to appeal therefrom and from such hearing by instituting suit for that purpose in any court having jurisdiction within fifteen (15) days from the time such assessment is levied; and any one who shall fail to institute such suit within such time shall be held to have waived every matter which might have been taken advantage of at such hearing, and shall be barred and estopped from any manner contesting or questioning such assessment, the amount accuracy, validity, regularity and sufficiency thereof, and of the proceedings and contract with reference thereto and with reference to such improvements for or on account of any matter whatsoever.

Section No. 6:

It is the order of the City Council that the City Clerk of the City of Eldorado, Texas, is hereby

directed to make a true and correct copy of this ordinance, and duly certify to the same under his hand and the corporate seal of said City, and cause the same to be published in the Eldorado Success, a newspaper now being regularly published weekly in said City, and having a general circulation therein, once each week for three consecutive weeks, the first insertion in said newspaper to be not less than ten days before the date of the hearing hereinabove set to-wit, the 10th day of June, 1963, which publication the Council now finds will be in compliance with the requirements of said Article 1105b Revised Civil Statutes of Texas, 1925; and that due return of such publication of said copy of this ordinance shall be made by the publisher upon affidavit showing the dates of publication and a printed copy thereof as the same appeared in said newspaper, such return to be duly made and filed in the office of the City Clerk of said City of Eldorado, on or before the date hereinabove set for such hearing.

At the conclusion of the reading of the foregoing ordinance before the city Council, motion was made by Councilman L. D. Mund and seconded by Councilman W. R. Davidson that the City Council find and declare: That the fact the above named portion of said Highway 277, within said City, is in bad condition, and should be improved during the approaching spring and summer season, when the Highway Department is ready to proceed with its paving operations on the roadway on said portion of said Highway 277, and that there is a pressing need and great public demand for the immediate construction of the improvements to be constructed by the City, along with the prosecution of its improvement program by the State Highway Department, of Texas thereon, combine to create a public emergency for the immediate preservation of the public health and safety which makes it necessary that the rule requiring ordinances to be read at more than one regular meeting of the City Council before passage, be suspended and the foregoing ordinance be passed on the first reading; and upon due consideration of said motion, the Mayor put said motion to a vote of the Council, whereupon said members of the council voted on said motion as follows:

Voting 'Aye' Councilmen Peters, Halbert, Mund, Davidson and Hall.
Voting 'Nay' None.

Whereupon said ordinance was declared adopted at its first reading as an emergency on this the 10 day of May, 1963.

Eldon T. Calk
Mayor

Attest:
L. B. Burk
City Secretary

CERTIFICATION

I L. B. Burk City Secretary of the City of Eldorado, Texas, hereby certify I have compared the annexed extract from the minutes of the Special meeting of the City Council of said City, held on the 10th day of May 1963, with the original thereof recorded in the official minute book, and that it is a correct transcript therefrom and of the whole of said original: That the annexed extract of the minutes of the meeting is a true and complete transcript of such minutes and that the resolution contained therein is a true, and accurate copy adopted at said meeting.

In witness whereof, I have hereto set my hand and the seal of the City of Eldorado, This 10th day of May, 1963.

L. B. Burk
City Secretary

ELDORADO LODGE

No. 890 - A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Excellent And Superior Ratings For Mrs Harris's Pupils

Upper Row: Connie Speck, Kathy Robinson, Karen Hight

Lower Row: Walter Speck, Eva Stigler, and Debra Murr

Pictured above are six piano students of Mrs. R. Q. Harris who won Excellent or Superior ratings on a National level last Saturday in the National Guild Auditions held in San Angelo. They are: Connie Sue Speck, Gold Star Nat'l (13 units of work); Kathy Robinson and Eva Stigler, Blue Star Nat'l (11 units each); Walter Speck, Debra Murr and Karen Hight, Red Star Nat'l (10 units each).

A total of fourteen of Mrs. Harris' students entered the auditions, and following are the awards won: Peggy Hill, Gene Newport and

Jean Rountree, State (Red Star, 7 units each); Susan Hill, Gold Star Dist. (6 units); Susan Mobley, Billie Gayl Blaylock and Judy Saltee, Red Star Dist. (4 units each); and Kathy Kinser, SMT (Social Music Test—based on abilities as accompanist). All of the students won Excellent or Superior ratings in their respective classifications, ranging from Elementary C to Intermediate E.

This is the third consecutive year Connie Sue Speck has won on a National program, and the second each for Walter Speck and Eva Stigler. The over-all average

of the entire group was 94½%, with the lowest grade made 92%.

The certificates and pins will be presented to the students at the close of the recital, which will be at the Methodist church of Eldorado at 6:00 p.m., Saturday, May 25th, to which public is invited.

In addition to the Guild awards, Mrs. Harris is this year for the first time establishing an additional honor and award—a partial scholarship for the following school year to be presented to the student making the highest score on a National program. There will be a first place winner and a runner-up award. The recipients of these honors will not be announced until the end of the recital. The practice will be continued each year.

ON VACATION

Starting today on their summer vacation are Mr. and Mrs. Dan McWhorter and boys, D. T., and Paul. Their trip is to take them

through New York state and up into Canada. They took off early this morning.

Mrs. Otto Kramm of San An-

tonio came in last Thursday to spend a few days with her parents, Mr. and Mrs. Arch Crosby. Her husband came Saturday and they returned home Sunday.

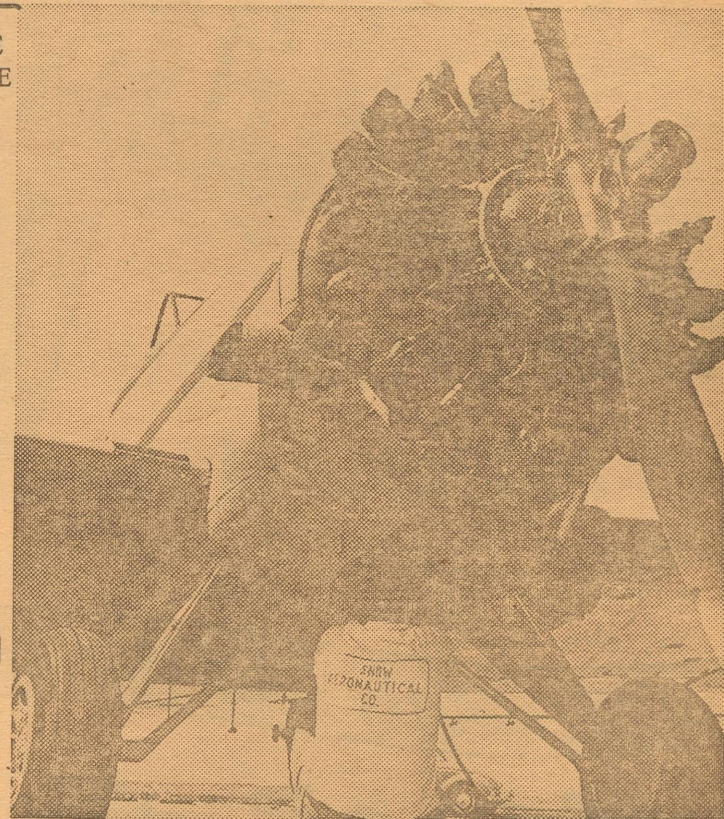

GENERAL TELEPHONE TOWNS ON THE MOVE

Olney

Creates

Home-grown

Industry

When an aeronautical engineer and the business leaders of Olney, Texas, got together, a new home-grown industry was born. The product: an agricultural aircraft especially designed for crop dusting and spraying.

Now, 4½ years later, Snow Aeronautical Company employs 57 skilled workers in this West Texas community of 3872, and has sold aircraft in many agricultural states of the Union and in seven foreign countries.

Success of this thriving local enter-

prise is evidenced by a plant expansion program which will double the factory size when construction is completed this Fall. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Grover Lee Johnsons Attend Funeral

Mr. and Mrs. Grover Lee Johnson of Odessa attended funeral services Saturday morning at 10:00 in Gonzales for his mother, Mrs. Grover C. Johnson, who died Thursday night at the age of 73.

Mr. and Mrs. Johnson visited here with her mother, Mrs. Bertha Wilson, on their way to and from Gonzales to attend the funeral. At the time of Mrs. Johnson's death, she had been married 54 years. Her survivors include her husband, three sons and one daughter. She was preceded in death by two other sons.

Mrs. Johnson is also survived by seven grandchildren and two great-grandchildren. She was a member of the Baptist church and was a life-long resident of the Gonzales area.

The Grover Lee Johnsons' mailing address is 1135 Gary Terrace, Odessa, Texas. He is a pump mechanic third class with Shell. They moved to Odessa recently from Kermit.

MARRIAGE ANNOUNCED

Mr. and Mrs. Elvis Parker announce the marriage of their daughter, Phyllis, to Billy Joe Wimberley of Stockdale, Texas. The couple were married on Saturday, May 4, at 7:00 p.m. at the home of the groom's uncle. The Baptist pastor officiated at the single ring ceremony.

Mrs. Wimberley attended the Eldorado schools. At the time of her marriage she was employed as a waitress at Neff's Cafe.

Mr. Wimberley is employed by Petty Geophysical Engineering Co. of San Antonio, and was stationed in Eldorado for several weeks recently.

The couple are at home in Alice, Texas.

MERRY MAKERS MEET

Miss Chris Enochs was hostess when the Merry Makers met for their regular session of "42" last Thursday afternoon at the West Texas Cafe.

Mrs. Ella Nixon and Mrs. W. T. Whitten were guests and completed the three tables of players. Pie and coffee were served.

Mr. and Mrs. Granvil Hext and Deanne visited relatives in Brady Sunday including her father, M. M. Shafer who is making his home with his daughter, Mrs. Marshall Goff and family who moved back to Brady recently from Albuquerque, N.M. They also visited Mr. and Mrs. Gardiner, Mr. Hext's parents.

The WMU of the First Baptist church met Monday afternoon at 3:00 o'clock at the church for Bible Study. Mrs. T. P. Robinson Jr. taught the lesson from the 19th and 20th chapters of Matthew. Eighteen members attended.

C. W. F. MEETING

The regular meeting of the Christian Women's Fellowship was held at the church on Monday, May 13. Roll call was answered with a Bible verse. Minutes of the last meeting were read by the secretary, Mrs. Andy Nixon. The chairman, Mrs. Charles Young, led in prayer.

It was agreed to discontinue our meetings until September.

A brief lesson was given followed by the C.W.F. benediction.

Refreshments of cake and iced tea were served by the hostess, Mrs. Nixon, to Mrs. Edgar Sauer, Ruth Baker, and those before mentioned.

Gift Tea Honors Nancy Jo Jackson

The women of the Presbyterian church were hostesses at a Gift Tea honoring Miss Nancy Jo Jackson, bride-elect of Joe Ray Stanford, on Saturday, May 11, from 3:00 to 5:00 at the home of Mrs. John Williams.

The bride elect's chosen colors of blue and white were used in the floral designs, the punch and cake and other decorations. The table was covered with a lovely linen cutwork cloth centered with an arrangement of blue asters and white gladioli.

Misses Judy Kay Nixon, Peggy Spencer, Judy Hext and Mary Ann Page alternated at serving the punch and cake. The punch was served from a silver punch service and the white cake was decorated with blue rosebuds.

In the receiving line were Mrs. John Williams, Miss Jackson, Mrs. J. T. Jackson Jr., Mrs. Edwin Jackson Sr., Mrs. Truett Stanford and Mrs. W. T. May of Austin, sister of Mrs. Stanford.

Mrs. Edwin Jackson registered the guests as they arrived.

Approximately 75 guests called and admired the gifts as they were displayed in the den.

Out of town guests other than Mrs. May were Misses Joan Fudge and Jean Peitsch of Midland, Mrs. W. B. Means and daughters, Mary and Jan from Houston and Mrs. Tom Kent from Midland.

ANOTHER HONOR FOR SAMMYE

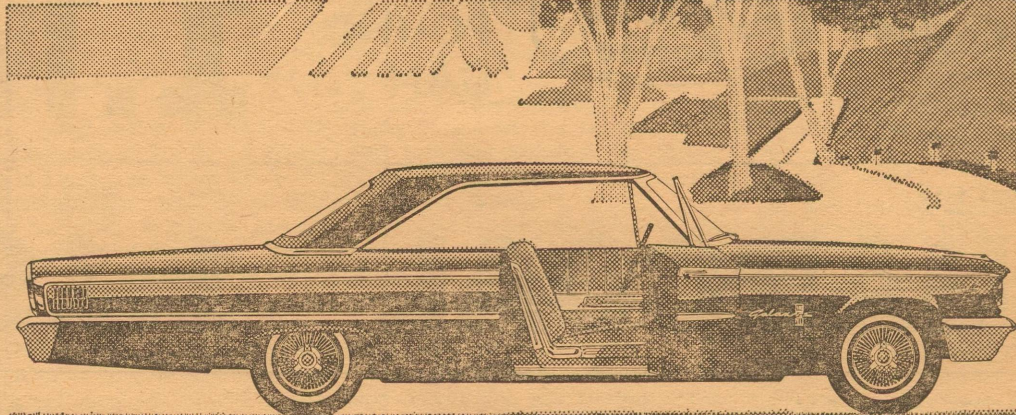

Waco—Sammye Ann Mayo, Baylor University sophomore, was recently elected keeper of the ring in Athensans, women's social club, for the fall semester.

Miss Mayo is the daughter of Mr. and Mrs. J. F. Mayo of box 165 in Eldorado.

She is a member of the Student Congress and the Baptist Student Union Executive Council.

Mr. and Mrs. Palmer West and Bill Van Dusen were in Ft. Stockton Saturday, as guests at the spring convention of the Permian Basin District Firemen's Association which was held in Rooney Park. While there they visited the Jack Shugart family.

TOTAL PERFORMANCE:

FORD GALAXIE 500/XL SPORTS HARDTOP

IF YOU KNEW WHAT

TINY LUND KNOWS ABOUT FORD DURABILITY...YOU'D BE OUT ENJOYING A '63 FORD

Ask Tiny Lund about Ford durability: He'll tell you how it helped him win America's toughest stock-car competition, the Daytona 500. Lund placed first in a Ford, with four other Fords right behind him for an unprecedented sweep of the first five places. Only the Fords were tough enough to stand the pace.

Greater durability is the reason Ford is able to offer a total-car warranty. Only a true total-performance car could offer as complete a warranty as this—with no strings attached:

"Ford Motor Company warrants to its dealers, and its dealers, in turn, warrant to owners as follows: That for 24 months or for 24,000 miles*, whichever comes first, free replacement, including related labor, will be made by dealers of any part with a defect in workmanship or materials. Tires are not covered by the warranty; appropriate adjustments will be made by the tire companies. Owners will remain responsible for normal maintenance services, routine replacement of parts, such as filters, spark plugs, ignition points, wiper blades, brake or clutch linings, and normal deterioration of soft trim and appearance items."

You can't put a long-term warranty like ours on a short-term car. The '63 Fords have a better warranty because they're built better than any Fords in history. You see evidence of this extra toughness in Ford's outstanding competitive wins this year.

'63 Fords won the grueling Daytona, Riverside, and Atlanta 500's, and the demanding Pure Oil Performance Trials. Only cars with total performance could roll up so many big wins.

Before you buy any new car, test-drive the solid, silent Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Remember: **If it's built by Ford, it's built for performance . . . total performance.**

*90 days or 4,000 miles, whichever comes first, for the 427 C.I.D. 4V or 6V and 289 C.I.D. 4V engines and related power train components
