Test of Atomic Bombs on 100 Ships Set for May

Mrs. Thos. Strickland, 73, is Dead; Burial at Moran

Mrs. Frances Strickland, 73, wife of Thomas J. Strickland, died shortly before midnight Wednesday at the family home on Beach street, after an illness of several weeks.

The funeral will be held at Thomas chapel at 2 o'clock Friday afternoon. Rev. Arthur Johnson will be the officiating minister and burial will be in the cemetery at Moran.

Pallbearers will be John Dunn, Guy Morris, E. D. Lavender, J. W. Slaughter, Charles White, Paul Yardley.

Deceased was born in Georgia, October 8, 1872, and was united in marriage to Mr. Strickland at Talladega, Ala., in March, 1893. They came to Texas 51 years ago. She was a devoted member of the Baptist church and had many friends here and in the Moran area, where the couple had lived 25 years before coming to Cisco seven years ago.

Survivors are the husband, two nieces and a nephew, the latter having been reared by Mr. and Mrs. Strickland. They are Mrs. M. J. Pendleton, Hawkins, Tex.; Mrs. Ira Robinson, Freeport, Tex.; Cumby Strickland, Levelland, Tex.

Says Labor and Management Have Too Much Power

WASHINGTON, Jan. 24.—President Truman today termed current labor disputes a struggle for power between management and labor.

The president added that the United States Steel Corporation should accept his proposal for an 18 1/2 cents wage increase for its workers.

Truman's views were expressed at a news conference. Asked about a proposal by Benjamin F. Fairless, president of U. S. Steel, that he call an all-management conference on wages the president said he was always ready to talk to business leaders.

However, he added, the best thing Fairless can do is send word that he accepts the White House proposal for settling the steel strike.

Truman said he thought it was not practical to seize the steel industry at the present time. He would not say the industry would not be seized eventually if the strike is prolonged, however.

He also said that the striking meat workers will go back to work at their old wages when the government seizes the meat plants Saturday.

If steel is eventually seized, the president added, the steel workers, too, will have to go back at current wages.

Asserting that both management and labor have too much power, the president declared much of today's industrial strife is merely a try-out for power and added it was necessary for the government to assert itself, to assert the power of the people.

Would Move Forces Except Those In Germany, Japan

LONDON, Jan. 24. (U.P.)—The United Nations voted today to set up an atomic energy commission after hearing Secretary of State James F. Byrnes advocate the withdrawal as soon as possible of Allied occupation forces — including American — from all countries except Germany and Japan.

Byrnes, at a later press conference, recommended early hearings by the UNO Security Council for states accused of actions threatening international relations.

Old Letter Shows 1840 Farmer Had Plenty to Sell

TRUMBULL, Neb. (U.P.)—C. W. Woods, a farmer, has unearthed an ancient sale bill which shows little regard for present-day shortages or rationing.

The bill, dated March 1, 1840, detailed the property which a Kansas farmer wanted to sell before he trekked to the Oregon territory.

Offered for sale were 32 gallons of seven-year-old whiskey, a 20-gallon copper still, a 60-gallon soap kettle, 50 gallons of soft soap, 20 gallons of apple cider, hams, bacon, and lard, 550 gallons of sorghum molasses, and 86 sugar troughs made of white ash lumber.

ADOPT RED PLAN.

LONDON, Jan. 24. (U.P.)—The Moscow radio said today that the Big Three had agreed to a Russian plan for the trusteeship over Korea which will limit it to a maximum of five years.

FOR SALE — Living room suite, one twin-bed room suite, table top gas range, ice box, baby bed, high chair, nursery chair, coffee table and end table. 803 west Seventh street. 104

By United Press

WASHINGTON, Jan. 24. — Sen. Brien McMahon, D., Conn., chairman of the Senate Atomic committee, recommended today that representatives of the United Nations be invited to observe tests of the atomic bomb on naval vessels.

The first of three historic tests, involving 100 ships, will take place early in May in a tiny ring of mid-Pacific islands, the navy announced today.

The guinea pig fleet will include U. S., German and Japanese ships and submarines.

Four old U. S. battleships and the carriers Saratoga and Independence will be among the ships subjected to the experimental blasts that will determine the future of navies in an age of atomic weapons.

In the first test a bomb will be exploded in the air over the ships.

U. S. correspondents will be on hand to report the experiments, but under present plans no representative of a foreign nation would be allowed to attend.

250,000 Draftees By July is Favored by Committee

WASHINGTON, Jan. 24. — General Eisenhower's call for 250,000 new draftees by July 1 won a conditional endorsement today on Capitol Hill.

The special Senate investigators of the demobilization tempest reported that prospective selectees plus volunteers could insure the 1,500,000-man Army which Eisenhower insists is essential to carry out commitments after mid-year.

The Army chief of staff emphasized when he testified at the inquiry that only if the lagging draft "is able to provide the 50,000 men per month we are asking for will the 1,500,000-man army be guaranteed under our present discharge policy."

The Senate military subcommittee recommended continuing "the rate of demobilization of the past few months." It also was of the opinion that the current recruiting drive would produce more volunteers reducing the number of draftees required.

Lewis' Major Victory Startles U. S. R. R. Workers

NEW YORK, Jan. 24. — Organized railroad workers across the nation viewed with interest today the victory of John L. Lewis' United Mine Workers Union in adding Long Island railroad men to its ranks.

An election conducted by the railway mediation board among 1,192 Long Island trainmen resulted in their choosing the UMW over the long-established Brotherhood of Railroad Trainmen 573 to 460.

The voting gave Lewis his first major victory in his announced drive to organize all railroad workers into the UMW's catch-all District 50.

HARRIMAN ENROUTE HOME. MOSCOW, Jan. 24. (U.P.)—American Ambassador W. Averell Harriman left by plane for the United States today and competent diplomatic quarters assumed he would not return to Moscow.

STOP NEW ADDITION.

WASHINGTON, Jan. 24. (U.P.)—The House voted tentatively today to stop a controversial new addition to the White House executive offices.

WASHINGTON, Jan. 24. (U.P.)—The Office of War Mobilization and Reconversion today offered to reconsider a directive ordering the navy to suspend construction of 38 naval ships.

Truman Fiercest Filibuster, But Can Do Nothing

WASHINGTON, Jan. 24. (U.P.)—President Truman said today, regarding the Southern Democratic filibuster in the senate, that when he was a senator he always favored limitation of debate in such cases.

The president was questioned at his news conference about the determined fight being waged by Southern Democrats against the so-called fair employment legislation. Asked what he was going to do about the filibuster, he replied he would do nothing.

CIO Meat Workers Between Devil and the Deep Blue Sea

CHICAGO, Jan. 24. — CIO union leaders who have been conducting a strike in the meat industry plan a strategy meeting tomorrow to decide whether their 93,000 packhouse workers should return to their jobs Saturday when the government takes over operation of the strike-bound plants.

The government, however, proceeded with plans to take possession of the plants and had assurances from officials of the AFL union involved in the walkout that their 70,000 striking unionists will be back at work Saturday, ending a strike which started Jan. 16.

AFL leaders said that, "as loyal Americans," they had ordered their men to return to work Saturday, when the government takes over.

Short Says War Department Held Up Information

WASHINGTON, Jan. 24. (U.P.)—Lt. Gen. Walter C. Short said today that as a result of the Pearl Harbor disaster the war department adopted new regulations of keeping field commanders fully informed.

The former commander of army defenses in Hawaii said an entire new section on that subject was inserted in the war department's manual in 1942.

Short insisted that with the information available to him prior to Dec. 7, 1941, he did "all a prudent commander could do." He blamed the war department in Washington for withholding certain information pointing to the possibility of a Japanese attack on Hawaii.

JAP BOND BUYERS—Citizens wait in line in Tokyo to buy 10-yen treasury notes that are really lottery tickets. Making bond-buying attractive, 40 per cent of "take" is distributed among 105,200 prize-winners with 10 luckiest numbers bringing 100,000 yen (\$6666.67). Losers can cash in tickets for cigarets.

Country Doctor Government Give-Wants to Deliver One More Babe Away Habit Must Be Halted Soon

PITTSBURG, Pa. Jan. 24.—Dr. David Moore Davis wants one more baby. In his forty-five years as country doctor for Broughton, Pa., the white-haired, 71-year-old physician has delivered 8,999 babies.

His ambition is to round out his record at an even 9,000. It may take some time, though, because Dr. Davis has retired from active practice.

But still—it's a comforting record. He figures he must have delivered an average of a baby every other day during his forty-five years. The high points were the one set of triplets and more than sixty sets of twins.

When he started making his calls in Broughton back in 1901, he rode saddle-back on Bell, a bay horse. Later he had a horse and buggy — and in 1910 his first auto.

JUDGE ROSENMAN RETIRES.

WASHINGTON, Jan. 24. (U.P.)—President Truman today announced with "deep regret" the official departure from the White House of Judge Samuel I. Rosenman, who served him and the late President Roosevelt as special counsel. Rosenman will return to private law practice in New York.

WHITE HOUSE EXPENSES.

WASHINGTON, Jan. 24. (U.P.)—Rep. James G. Fulton, R., Pa., proposed today that congress give Mrs. Truman \$10,000 a year for running the White House. A technicality, however, prevented the House from acting on his recommendation.

AUSTIN, Jan. 24. — One of the most serious instances of postwar mismanagement is the cause of the threatened flour shortage in the Southwest. Senator George Moffett of Chillicothe charges.

"Texas and Oklahoma have produced bumper wheat crops during the war in spite of the manpower scarcity and a lack of implements," he declared. "Now the people of the wheat-producing area are confronted with a definite flour shortage, because so much wheat has been sent overseas, mostly on a give-away basis, that sufficient quantities are not available where it is a leading crop, to supply the mills in the next five months to meet the local flour demands."

"It is possible that wheat can be shipped into the Southwest from the Northern and Northwestern States to fill the gap, until the Texas harvest occurs in June, but high freight rates and shortage of boxcars would make this costly and uncertain."

Immediate steps should be taken by civic and local governmental bodies to stop further exportation of wheat from the Southwest, and to bring about the release of government-held stocks in the area where same are in storage, Moffett said.

"Furthermore, considerable quantities of meat have been purchased by the government for foreign shipment, some of it to like-wise be given away," he pointed out.

"The time has come for an immediate and definite change in these give-away programs," he said.

UNHAPPY ARRIVAL—Complaining of unsanitary conditions and crowded quarters during 46-day trip aboard S.S. Permanent, two of 150 Australian war brides arrive in San Francisco. They are: Mrs. Beryl Gast and 10-month-old Noel, left, and Mrs. Dawn Channel with eight-month-old son, Cleon.

K. N. Greer Buys Lobo Dinner Well Bowling Alleys Up to High Standard From C. J. Kleiner and Other Years

Cisco bowling alleys, recently purchased by Charles J. Kleiner in order to prevent sale to parties in another city, have been sold by Mr. Kleiner to K. N. Greer, the deal being completed yesterday. The new owner will personally supervise the business, he said today.

The alleys were installed by N. D. Gallagher about two years ago, under management of C. C. Cutting, the latter later acquiring the property. The healthful, highly skilled sport became popular with the men and women of Cisco almost overnight and the business has always been a paying one.

Mr. Greer is said to contemplate several innovations to further popularize the sport, but his principal effort will be to maintain the business at the high standard that it was launched by Mr. Gallagher.

BOWLERS TO BRECKENRIDGE.

A number of Cisco bowlers will go to Breckenridge tonight to meet a team of keggers in that city, where bowling alleys have recently been installed. Ciscoans expected to make the trip include Dr. C. E. Paul, Lee McDonald, R. L. Ponsler, Charles J. Kleiner and Henry Curtis.

WANTED — Energetic boy of 15 to deliver papers four afternoons and Sunday morning. Good-pay route now open to one not afraid to work, and who will stick. Apply Daily Press business office, at once. 102

The banquet at Laguna hotel last night in honor of Cisco Lobo and their fathers and sponsored by Cisco Lions and Rotarians, was a fine success said Lion Charles Burke, chairman of ticket sales, who reported the sale of 157 tickets.

Mayor Edward Lee served as toastmaster.

D. X. Bible, University of Texas football coach, was the principal speaker, his talk being a highly entertaining one, which included the showing of picture films of the great game in the Dallas Cotton Bowl between the University of Missouri and Texas University.

Two vocal numbers by Fred Baumgardner, accompanied at the piano by Dr. C. E. Paul, were thoroughly enjoyed.

The Lobo football event, an annual affair in Cisco, was well up to the standard established through the years, or since the early twenties.

MARRIAGE, DIVORCE.

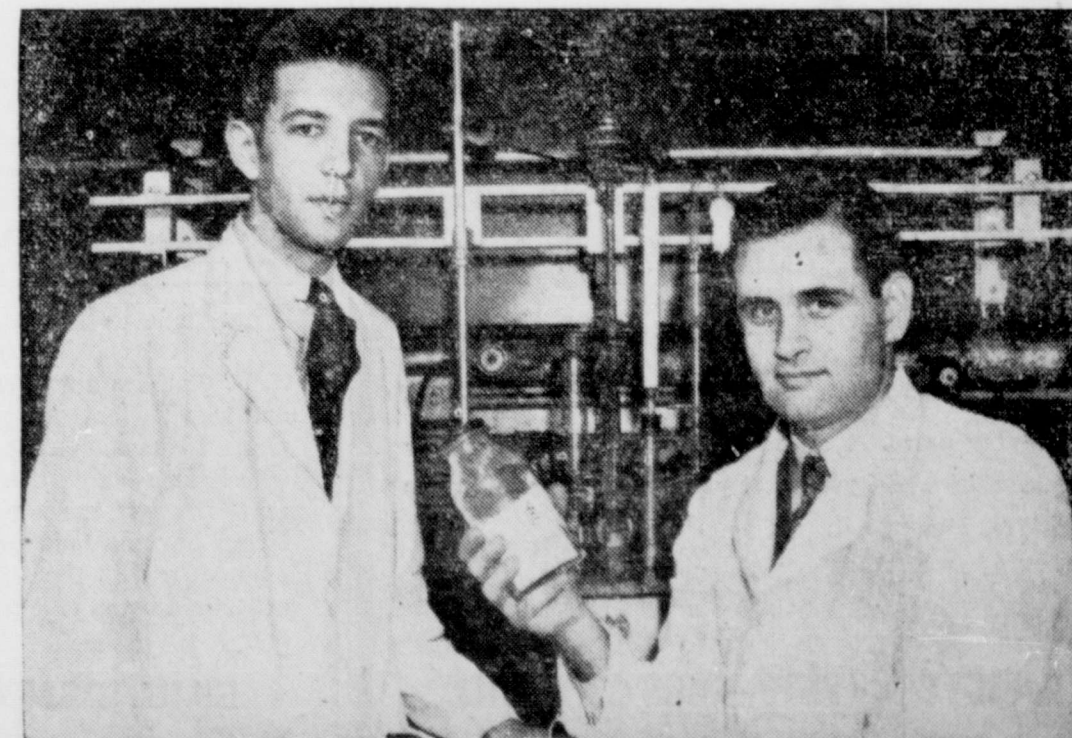

CHILDRESS, Tex., Jan. 24. — In a last month rally, Dan Cupid wound up a bitterly-contested race with the divorce courts by finishing well in the lead. Records show that 309 licenses to wed were issued during 1945 by County Clerk N. T. Shirley. In district court, records showed that 135 suits for divorce were filed. Shirley said many of the licenses to wed were issued in the closing months of the year.

CURB ON REMARRIAGE.

INDIANAPOLIS, Jan. 24. (U.P.)—Judge Ralph Hamill of Superior Court advocates that courts be given authority to examine the financial status of divorced men to determine whether they can afford to remarry. He said this would prevent men from taking on the responsibility of a new family and stinting a family to which they already were responsible.

PORTRAIT STUDY—Former Rear Adm. Husband E. Kimmel, Pacific Fleet commander at the time of Pearl Harbor disaster, offers a portrait study as he answers questions before committee investigating Pearl Harbor in Washington.

DISCOVER ANTI-MALARIAL DRUG—Henry F. Hammer, left, of Brooklyn, N.Y., and Dr. Alexander R. Surrey of New York, employed by chemical company of Rensselaer, N. Y., are credited with research on new anti-malarial drug "SN 7618," said to be stronger than quinine or atabrine

STILL MODERN.

A humble Swiss who devoted his long life teaching destitute children, thereby revolutionizing pedagogy for the world, will be honored this month, 200 years after his birth. The man, Johann Heinrich Pestalozzi, most of his life poor and in ill health, took as many as 20 waifs into his home, starting and doubtless greatly inconveniencing his wife. "They can spin for their livelihood and I can teach them," he said. The first school, developed on Rousseau's philosophy of the importance of emotions as well as intellect, was an experiment in learning through living. Pestalozzi set up several such schools, which public disapproval with his methods forced him to abandon. Gradually notables became interested in what would now be called his psychological approach, and he ended his days contentedly teaching a small school in an empty castle.

This man's technique was as simple as it was sound. He loved children, he and they lived together, and they learned from that experience. After 200 years the idea that became the basis of much that is done in today's classroom is still modern. Every teacher in the land should acquaint himself some time this month with the life story of the gentle, simple Pestalozzi.

LOST BATTLE.

A battle which cost the lives of 29,000 GI's would have been rated among the bloodiest of the war. This is the number of traffic deaths in 1945, as estimated by the National Safety Council. It is a 20 per cent increase over 1944. Is anybody going to do anything about it? Certainly we should have a few resolutions, damming somebody!

PREAMBLE TO FREEDOM.

A 730-year old piece of yellowed parchment, 17 inches square and weighing only a few ounces, is on its way back to England, carefully packaged and guarded by a King's Messenger. This is the Magna Charter, signed by King John near Windsor, and housed for safekeeping for four years at the Library of Congress.

John Balfour, representing King George, receiving the priceless document from Dr. Luther H. Evans, Librarian of Congress, said: "It is not the private possession of the British people. It belongs equally to you and to all people in any land who have fought for freedom under law." He called it the forerunner of the British and American Bills of Rights, of the American Declaration of Independence.

and said the United States Constitution contained some of the actual words of the Great Charter. "It's authentic offspring," he added "is the preamble of the charter of the United Nations." It is said 15,000,000 Americans have viewed the charter while it visited in Washington. All this is significant political history. Here are people, citizens of two great nations, having at hand a tangible symbol and sign of freedom, a visible thing duly signed and executed by once living men. Mankind in his eternal struggle for the always elusive ideals of liberty and justice is helped immeasurably when he can come upon material evidence of victories won.
