Escaped Lubbock Prisoner Is Captured

Two Deputies Find Fugitive Near Lubbock

Cyrus Frost, Former Convict And Under Indictment For Chicken Theft, Caught By Deputies Conley, Earnest

Armed With Pistol

Transferred To Crosby County Jail; No Resistance Offered; John F. Haley, Other Escaped Man, At Large

GULPING a lunch while awaiting arrival of a freight train he expected to board, Cyrus Frost, one of two men who recently escaped from the Lubbock county jail, was recaptured here shortly before noon Thursday by two deputy sheriffs.

Although Frost was armed with a .32 caliber pistol, he offered no resistance, officers said. He was arrested on the south edge of town at the Fort Worth and Denver City railway tracks by Chief Deputy Sheriff O. B. Conley and Deputy Sheriff Will Earnest.

The lunch had been brought to Frost by a man who recently was released from the Lubbock county jail, according to officers.

Indicted For Theft

Frost, a former convict, was indicted for chicken theft by a grand jury during the period intervening between the jail break and his capture Thursday. With John F. Haley, held in connection with several holdups, Frost escaped from the Lubbock county jail early January 28.

The two sawed through a steel bar in a third-floor cell, to which they were confined, and soaping their bodies squirmed through an unusually small opening. Going to the kitchen, which adjoined the lone cell, they knotted together two blankets, tied one end of the improvised rope to a water pipe, and climbing through a window, slid to the ground.

Deputy Sheriff Will Earnest, who also is county jailer, was aroused and emptied a pistol at the fleeing men.

Frost had not seen Haley since

Daisy De Boe Sent Back To Jail 'To Stay There' As New Trial Is Denied

(By The Associated Press)

LOS ANGELES, Feb. 19. — With a curt comment on the use of legal technicalities by prisoners seeking to escape penalties, Judge William Doran sent Daisy De Boe back to jail today "to stay there" and serve a sentence for the theft of $825 from the actress, Clara Bow.

Hardly had William Beirne, counsel for the blonde young woman, launched his argument for release of Miss De Boe pending outcome of an appeal for a new trial when Judge Doran interrupted him.

Motion Is Denied.

"Filing of these technical motions," the court began "costs the state hundreds of thousands of dollars in court time and the struggle to keep convicted persons incarcerated is turning justice into a monumental joke. The motion is denied. I sent Miss De Boe to jail for 18 months and there she will stay."

"But your honor," pleaded Beirne, "won't you even hear the reasons why my client should be released on bail?"

"I'm not interested in hearing any further," the court replied. "The motion is denied."

Grows Sarcastic.

Miss De Boe, outwardly unperturbed by the court's remarks, walked back to jail and as she turned to enter her cell, she glanced back at newspapermen and said with a touch of sarcasm: "Isn't that a laugh?"

Beirne said afterward he would make another attempt to get Daisy out of jail but commented the prospects were not bright.

Miss De Boe was convicted of stealing $825 from the actress to buy an ermine coat. She originally was accused of 37 counts of grand theft but the jury, after finding itself in a deadlock, compromised and convicted her on one count.

Wire Tapping Is Okehed In Limited Cases

Attorney General Mitchell Approves Use By All Justice Department Enforcement Agencies In Certain Cases

Practice Condoned

New Regulation Is Approved By Prohibition Director Woodcock; No Iron Clad Rule Is Adopted

(By The Associated Press)

WASHINGTON, Feb. 19. — The limited use of wire tapping by all justice department enforcement agencies—including the prohibition bureau—was approved today by Attorney General Mitchell.

He told the house expenditures committee of a new wire tapping order issued January 19, four days after the committee adopted a resolution ordering its present inquiry into the practice.

Regulations Cited.

Before that time, Mitchell said, a bureau of investigation regulation had prohibited wire tapping and agents violating the rule were subject to dismissal. The prohibition bureau, however, had no such regulation.

In his new order, the attorney general told an assistant, G. Aaron Youngquist, that "the present condition in the department can not be continued." He instructed that wire tapping be permitted only in "specific cases" after it had been approved by the head of the bureau involved and the assistant attorney general in charge.

Woodcock Favors Plan.

"I was not prepared on January 19 to lay down an iron clad rule and I am not prepared to do that now," he told the committee. Prohibition Director Woodcock subsequently approved the new regulation.

Mitchell made clear his opinion that "wire tapping as a general practice ought not to be permitted." He said that since law violators were using every means possible to avoid detection, the law enforcement forces should not be handicapped by flat regulations.

Object Of Hunt

Rewards of $2,000 spurred on searching parties near San Diego, Calif., in their hunt for 10-year-old Virginia Brooks, above, missing from her home for more than a week. Police hunted a man said to have been seen with her the evening she disappeared, a kidnaping being suspected.

Gas Producers Plan To Fight Tax Proposals

Mass Meeting To Be Held In Amarillo Today By Lease Holders, Producers, Owners To Oppose Proposed Tax

(By The Associated Press)

AMARILLO, Feb. 19. — A mass meeting of all gas producers, lease holders and owners of gas producing land in the Panhandle field has been called for 3 o'clock Friday afternoon in Amarillo to prepare for an organized fight against bills now pending before the Texas legislature that would place a tax on natural gas.

Representative Dewel Young chairman of the house committee on taxation and revenue, told representatives of the gas men over long distance telephone this afternoon that the meeting of the committee, scheduled for tonight, would be postponed until next Wednesday to give local opposition an opportunity to present its claims. These claims will be defined at the meeting tomorrow.

In a meeting here today, attended by 30 men prominent in the field it was pointed out that the proposed 2-cent maximum tax would be more than half the price received for the gas in many instances. Many of the long-term leases in the Panhandle call for a price of only 3 cents at the well, it was pointed out.

There are two bills now before the legislature. One calls for an outright tax of two cents per thousand cubic feet, and the other provides for a graduated scale ranging from one-fourth cent to two cents. The majority of Panhandle wells, local gas men say, would be subject to the full two-cent tax.

Senator Parrish Opposes Drivers' License Measure

AUSTIN, Feb. 19. (AP) — Senator Parrish of Lubbock told the senate highway and motor traffic committee today he opposed legislation proposing a drivers' license for all motorists and defended his bill calling for the suspension of drivers guilty of negligent operation.

The committee referred the Parrish bill to a sub-committee composed of Senators Rawlings of Fort Worth, Oneal of Wichita Falls and Martin of Hillsboro.

The Parrish bill would suspend a driver found guilty of negligent collision or driving while intoxicated for a period of from 90 days and not exceeding one year for the first offense, and from six months to two years for the second.

Kelly Field Soldier Is Given Fifty Years In Pen

SAN ANTONIO, Feb. 19. (AP) — Robert Acree, a Kelly field soldier, was found guilty of murder and a penalty of 50 years in the penitentiary was assessed today in the 37th district court. The jury deliberated four hours.

Acree was charged with the murder of his brother-in-law, James Garrett, a San Antonio fireman. Defense attorneys filed notice of appeal. The defense pleaded insanity.

Overwhelming Approval Given Measure Over Opposition Of President; Veto Is Forecast

Devastating Rout Of Administration Is Completed With Passage Of Relief Proposal; Applause Rings From Galleries As Result Announced; Goes To Hoover

By FRANCIS M. STEPENSON

WASHINGTON, Feb. 19. (AP)—The senate passed the veterans loan bill tonight, 72 to 12, completing one of the most devastating routs of the administration on Capitol Hill in the term of President Hoover.

The measure to which the president only yesterday voiced his vigorous objections was rushed through the senate with not only the votes of 34 Republicans for it but with support of many of these administration members in debate also.

Applause rang from the galleries and the floor as the overwhelming majority was announced by Vice-President Curtis at completion of the roll call.

Would Increase Loans

The bill would allow World war veterans to borrow up to half the amount of the face value of their compensation certificates—an average of $500 to each of the 3,400,000 ex-service men.

It was passed by the senate in the identical form in which the house approved it 363 to 39 on Monday.

Bolstered with these tremendous majorities the legislation will be sent to the White House tomorrow and a certain veto was forecast.

Senator Harrison, Democrat, Mississippi, asserted in the senate today it would be passed over the veto and the Republican leaders tonight admitted this was probable.

Hoover To Act

Alarm that the measure might be killed by a pocket veto without returning it to congress before adjournment was stilled late in the day by some official word from the White House that Mr. Hoover would veto it within 48 hours.

Democrats voted solidly for the loan measure which was advanced as a compromise for the full cash payment of the certificates advocated by many.

Senators Watson, Indiana, and McNary, Oregon, the Republican leaders, joined in the party bolt to support the bill.

Watson will support the veto as the administration leader but there was little indication any others would switch over to help sustain the veto.

Of the 12 who did not vote only 4 were paired against the measure, thus giving the opposition a total strength in the senate of 16, far less than the required one-third plus one necessary to sustain a presidential objection.

Butler Offers Solution For Racketeering

Marine Officer Would Replace "Fat And Puffy Policemen" With Single Men, Living In Barracks With $100 Salary

(By The Associated Press)

NEW YORK, Feb. 19. — Single men in barracks, says General Smedley Butler of the marines, should replace "fat, puffy policemen who are just about able to negotiate from one corner to another" if the racketeer and criminal are to be banished from America.

In an article which appeared today in the "Forum," slashing away at politicians and "coppers" and harking back often to his experience as police dictator of Philadelphia in 1924, the general outlined a plan for a state police force as a substitute for present systems.

Chicago Not Mentioned

In the plan is a gust from anicent Athens and Plato's "Republic" but Philadelphia figures most directly, Chicago isn't mentioned.

He proposes:

Disbanding present police and constabularly organizations; recruiting a semi-military police force, none of the rank and file of which would be allowed to marry; life in barracks; complete mobility of the force throughout the state, permitting concentration and deploying; drill and school, after the army manner; use of radio, teletype, motorization and whatever science can contribute toward crime detection; complete separation of police control from politics, and "an American Scotland yard."

His soldier-policemen would be paid $100 a month and would have "few contacts with the outside world."

Legionnaires Hold Session

Group Of 105 Former Service Men And Guests Hear Red Cross Executive Speak On Relief Activities

A group of 105 former service men and guests were presented at a meeting of Allen Brothers post, No. 148, of the American Legion at the Legion home Thursday night.

Principal speaker on the program was George Van Hoorebecke, former service officer of a post at Joplin, Mo. Mr. Hoorebecke is here as a representative of the American Red Cross in connection with drouth relief activities.

Duties Cited.

Mr. Hoorebecke spoke of duties performed by post service officers for former service men. One of the points explained in his talk was that $107 could be obtained from the government to pay funeral services for any American war veteran who had died since April 6, 1917, and had left an estate of less than $1,000. Fact that funeral expenses already had been paid would not prevent collection from the government, Mr. Hoorebecke said.

A report by Daniel A. Blair, service officer of Allen Brothers post, showed that 15 to 30 former ser-

Two Held, Three Released In Shooting At Plainview

PLAINVIEW, Feb. 19. (Special.) —Two men still are being held in the Hale county jail here in connection with the shooting early Sunday of three men, and three other suspects have been released.

One suspect has made a statement relative to the shooting, involving himself and another man, according to the Hale county sheriff. The grand jury is considering the case.

Ivan Byars, critically wounded when a bullet partly severed his spinal column is in a hospital here. L. R. Longshore and Lawrence Denby suffered flesh wounds in the shooting, which was reported to have been the outgrowth of a holdup. The incident occurred at a Plainview house where eight men had gathered.

Consolidation Might Injure Mail Service

Lubbock's Stand Of Proposal Of Texas-Pacific To Discontinue Train To Be Taken At Sweetwater Hearing Today

Lubbock's stand on a proposal of the Texas & Pacific railway to discontinue one train and consolidate two others between Sweetwater and Dallas will be controlled in a hearing today at Sweetwater by the effect such changes would have on Lubbock's mail delivery service.

A. B. Davis, manager of the Lubbock Chamber of Commerce and Board of City Development, left by train Thursday night to attend the hearing which will be held before C. V. Terrell, chairman of the state railroad commission.

May Hurt Mail Service

If the proposed change in the Texas & Pacific schedule would disrupt mail delivery schedules here, the application will be opposed, Mr. Davis said following a meeting Thursday of the board of directors of the Lubbock chambers.

The change would result in the Texas and Pacific train leaving Dallas 30 or 40 minutes later and arrival of the morning Santa Fe train here that much later than at present, Mr. Davis said Texas & Pacific officials had said. The Santa Fe makes connections with Texas & Pacific at Sweetwater.

Would Cause Delay

That the change would not cause a greater delay, possibly of an hour and a half or two hours, had not been determined definitely, however, Mr. Davis said.

Should the morning Santa Fe train arrive here that much later than at present, virtually the entire schedule for local mail delivery would be disrupted, he said.

Man Confesses Writing Two Letters To Extort $3,000

KERRVILLE, Feb. 19. (AP)—Walter D. Price, 56, today made a sworn statement confessing he had written two letters to L. A. Schreiner, banker here, attempting to extort $3,000. Price is married and has six children. Kerrville citizens had been furnishing the family food and money during the past few weeks.

Price was arrested yesterday after his 11-year-old son picked up an envelope containing $100 in marked currency, left at a designated spot by Schreinder.

Bill To Permit Movies On Sunday After 1 P. M. Voted

AUSTIN, Feb. 19. (AP)—A bill to permit operation of Sunday movies after 1 p. m. was voted out favorably today by the house state affairs committee after a clause giving city and town governing bodies the right to regulate or prohibit picture shows had been eliminated. The vote was seven to four. It was introduced by Adams of Jasper.

Says Dancing Behind Sheer Screen Not Art

(By Associated Press)

CHICAGO, Feb. 19.—A lady censor who viewed Earl Carroll's "Sketch Book," three times held the starring spot today as the courtroom run of 25 chorines and four principals swept into its second S. R. O. day.

She carried on a brisk dialogue with attorneys defending the musical comedy from charges of "indecency," and "Obscenity."

It was her contention there was not enough "blackouts," interspersed with the boop-boop-a-dooping of the cast. A "blackout," is a scene which ends suddenly in darkness. So far as she is concerned, the whole show would be that way.

The witness was Miss Effie Sigler. And she adimtted under questioning that she once had cherished ambitions to be a trouper. Not only that, but her costumes once included a "low-cut" evening gown. "But," she added, "my parents soon put a stop to that."

Bits of her dialogue with defense attorneys included:

"I saw the show sitting about 200 feet from the stage." To which the attorneys chorused: "That would be across the street and in the Cook county building."

"There was another scene that was suggestive. The girls danced behind a sheer screen."

"Well," said attorneys," that's art, isn't it?"

"Under circumstances," she retorted, "it would be art and not

New Developments In Shooting Fray

NEWCASTLE, Pa., Feb. 19. (AP)—The revelation that two men instead of one were fatally wounded in the shooting that brought death sentences to Mrs. Irene Schroeder and W. Glenn Dague, together with search for a pawned revolver in Fort Worth, Tex., and a last plea to the governor by relatives today were developments as the condemned pair neared the hour set for their electrocution.

The whereabouts of Tom Crawford, brother of Mrs. Schroeder, a mystery since the December day in 1929 when Highway Patrolmen Brady Paul was shot down near here as the policeman and a brother officer stopped an automobile in which the woman, Degue and Crawford were riding, was believed cleared up in a confession by Dague.

He told his wife, who was paying a final visit to her husband's cell, that Crawford was fatally shot during an exchange of shots with officers. Crawford he said, was not taken to a physician and he died as the three fled southward through West Virginia. Burial was made secretly along a highway.

No Inquest Is Held Thursday For John Lusk

Lubbock Farmer Dies Of Gunshot Wounds; Shooting Is Held Accidental; Funeral To Be Held Here Today

Funeral services for John Lusk, 24-year-old farmer who died of gunshot wounds Thursday, will be held at 2 o'clock this afternoon at Rix-Sanders funeral home. Rev. John T. Smith of the Church of Christ will officiate. Burial will be in Lubbock cemetery.

Indications were Thursday night that no inquest would be conducted in the death, which was investigated by Sheriff Wade Hardy and Chief of Police John Lemond. Before his death, Lusk told the officers that he had shot himself accidentally. The fatal shooting occurred in a field two miles east of Lubbock.

Crawls Half Mile

Although he was believed to have been wounded at about 12:15 a. m. Thursday, Lusk was not found until he had spent nearly three hours crawling a half mile to the farm home of Clifton Barrier, who lives two miles east of Lubbock.

Lusk died shortly before 1 p. m. at Lubbock sanitarium. Survivors include: His parents, Mr. and Mrs. Levi Cole; four brothers, Oliver, Ray, Rufus and P. R. Lusk, and five sisters, Ora, Beulah, Leila, Helen and Fay Lusk, all of the home.

The Lusk family lives east of Lubbock near the state experiment station. John Lusk had been employed by Jerry Burns on the latter's farm for about a month.

Calls For Help

The wounded man's calls for help awoke Barrier while Lusk was still a short distance from the house. Barrier said that he dressed hurriedly and went into the yard, ar-

Motorist Awakes To Find Wallet, Hitch-Hiker Gone

SAN ANTONIO, Feb. 19. (AP)—R. C. Holman of Runge awoke from a nap he took in his automobile early this morning to find himself under a railroad viaduct in the southern section of the city and his wallet, $20 and a youthful hitch-hiker whom he had picked up along the road gone.

Holman who reported the happening to detectives said he picked up the boy on the Fredericksburg road about 10 miles from the city. Because the youth complained of being hungry Holman treated him to breakfast when they reached here.

Holman had been driving all night and when they left San Antonio the boy, who said he was a prize fighter and was on his way to Corpus Christi, suggested that he drive while Holman took a nap.

This was agreed to and when Holman awoke his money and the boy had disappeared.

Redistricting Bill Explained

G. E. Lockhart Says Measure Before House Would Give Lubbock County One State Representative In House

Lubbock county would have one state representative in the Texas legislature under a bill before the handling the matter of redistricting the state for the legislature and congress, is to consider "right away", according to G. E. Lockhart, member of the house from this district. He was here Thursday on a business visit. Mr. Lockhart is the author of the bill.

"Under the state laws a county with 36,000 population or more is entitled to one state representative for that number of people," Mr. Lockhart said." Lubbock county has 39,000 inhabitants. We are entitled under the law to one representative."

Would Aid Section

The committee has before it a districting bill that covers the South Plains and West Texas and which will give this section of the state an increase number of representatives.

Thus might the conversation run between two Lubbock juveniles, members of the biggest single organization in the city—the Mickey Mouse club. The pair might walk a few steps

further before a sudden light dawned in the dome of the younger who had been disturbed in the midst of committing an extravagance.

"How come, save the dime? Don't we get in free? We're Mickey Mouse members, ain't we?"

Time out for quick thinking and then the elder might retaliate with this startling information.

"But you see, we're club members, and club members must

Two Forty-Two Parties Are Given In Home Of Mr. And Mrs. Grimes

The Woman's Angle

BY BLANCHE E. BEAN
Avalanche Woman's Editor

AT LEAST, here is something new in teaching temperance. It is borrowed from these psychology tests we've all been through, based on the power of suggestion.

• • •

The international council of religious education has the plan, part of which will involve tests of the pupil's instinctive feelings toward the subject. Sunday school pupils will be asked to cross out as fast as they read them the words which are disagreeable to them in a list containing such things as Anti-Saloon league, bootlegger, beer, alcoholism, law enforcement, hootch, temperance, Capone, pledge signing, W. C. T. U., rum runner, law observance, racketeer.

• • •

Truth and falsity contests on sentences concerning the same subjects will be given also.

• • •

This plan is to be used by 52 denominations, representing 85 per cent of the Protestant church membership in the United States. As to the teaching in this plan, I can't see much in that type of thing but I think the results may yield some valuable information for the teaching of temperance. Sunday schools are deserting the time-honored methods of teaching, just as other schools are doing.

• • •

THEY LEARN OF US

THAT reminds me of something else I was reading the other day. In Great Britain they do not teach much American history, it seems, and the youth of the nation is learning of American customs from the movies. Now elder Englanders are lamenting the infiltration of American slang and have come to regard jazz as an importation.

• • •

A lot of Britishers are going to have a few surprises coming to them when they visit America if they have their knowledge of the country from the movies. But, I suppose a lot of our knowledge of England is just as authentic.

• • •

THE REASON

REMINDERS to girl friends and better halves that their presence is not desired at the Tech fun program and open house for men, reminds me of something else. It harks back to the Charm School once again and the day when women were invited to attend a program unattended by husbands. Hugh Norman, advertising man at the Avalanche-Journal "hung around" until Miss Earle had to practically run him out of the place.

• • •

Feeling his unpopularity because of that, Mr. Norman has been around several times with requests that the Woman's Angle help him get of the dilemma. That little stunt was a part of the show. He stuck at Miss Earle's request and only upon her repeated solicitation. He played his part like a trooper, however, and even received his reproof from one of the women of the Avalanche-Journal staff who was not in on the secret.

WRAPPING TWINE FLOWERS

IN A SEASON of economy here is something different but it comes from Paris instead of the United States where we are supposed to be advocating the use of more cotton.

• • •

The wrapping twine which women have been using to tie packages will adorn their smartest street frocks this year. Parisian dressmakers are making boutonnieres of natural colored string. The flowers are fashioned of sprays of twine treated to a stiffening process which makes them stand in sprig stiffness against the collar of a smart wool gown.

MAYBE SO

PROFESSOR Julian Huxley, biologist of Great Britain, is predicting now that geniuses will be made to order in another 100 years. He thinks this will be possible through the manipulation of glands so that desirable characteristics may be substituted for undesirable ones in the growing child.

• • •

Of course, he may be another Jules Verne and I may be the scoffing public, but I don't think man is going to do much in making other humans over into geniuses and non-geniuses. It's agin nature.

POP! GOES A BALLOON

A BIG, airy package of some sort of soap bubbles may be all very well, but don't let it make you think that it contains more soap than White King's compact carton.

For White King Granulated Soap is nothing but the purest vegetable-oil soap made, granulated for convenience. It packs like sugar, so you can be sure you're not spending money for air. And White King is so fine in quality that it's safe for the sheerest lingerie, yet effective for the heaviest blankets, the greasiest dishes.

The economy of White King Granulated Soap is surprising. A teaspoonful for the wash basin, a cupful for the washing machine—that's plenty. Try it today. Sold by your grocer.

Ceremony Read Here Unites Popular Couple In Marriage

Miss D'Aun Sammons Is Wed To Melvern Hunter With Rev. Walter P. Jennings Officiating

Miss D'Aun Sammons became the bride of Melvern Hunter in a ceremony read Thursday morning at 9:30 o'clock by the Rev. Walter P. Jennings, pastor of the First Christian church. The ceremony was at the home of the bride's parents, Mr. and Mrs. P. H. Sammons, 1601 19th street, and only a few close friends and relatives were in attendance.

The bride was gowned in a two-piece rose-beige spring frock and she carried an arm bouquet of pink rosebuds. She was attended by Miss Sue Bryan as maid of honor and by Mrs. Burnett Cox as matron of honor. Mrs. Cox was gowned in blue and Miss Bryan's dress was of green.

The groom's attendants were Kenneth Hemphill, of Littlefield, his life-long friend, who was best man, and P. H. Polk, of this city, who is an uncle of the bride.

Preceding the ceremony, Mrs. Carl Scoggin sang "Promise". She was accompanied at the piano by Miss Carrie Bier, of Plainview, the groom's cousin, who also played the wedding march.

After the ceremony, guests were invited into the dining room where they were served cake and coffee. The table, which was centered with the wedding cake, and a basket of spring flowers, was covered with lace. Pink candles in silver holders and sweetpeas completed the table appointments.

Mr. and Mrs. Hunter are graduates of Texas Technological college and were popular in campus activities.

The bride, who is a graduate of Lubbock High school, is the only daughter of Mr. and Mrs. Sammons. She is a charter member of Sans Souci social club at the college, was the first queen at Tech and was the first senorita from Tech to the West Texas Chamber of Commerce convention.

Following her graduation in 1929, she taught in Abernathy until last month.

Mr. Hunter is now a foreman with the Texas Power and Light company at Ennis but his home was in Plainview for many years. In addition to his work at the Texas Technological college, where he received his degree, he attended the University of Michigan and did graduate work for a year with the Commonwealth Edison Electrical company in Chicago. He was a basketball star in the local college.

Mr. and Mrs. Hunter left this morning for Ennis where they will make their home.

Several out-of-town guests were here for the wedding. These included the groom's grandmother, Mrs. Mary T. Green, Mrs. John F. Bier, Mr. and Mrs. Ray Brown, Robert and Gerald Green, all of Plainview.

Twenty women employed in the postoffice department of England receive salaries of more than $2,000 a year.

Good health engenders confidence

today business demands healthy men and women—and more than ever it is the survival of the fittest . . .

POOR health is a distinct drawback to progress in business or social life. Underweight, lack of appetite, sluggishness, a dull mentality, nervousness and even skin disorders—boils and pimples—show their mark on the body, face and mind when the red-cells are deficient in number. (See enlarged blood picture above.) Moreover a low red-blood-cell condition makes the system an easy prey to disease. When your red-blood-cells are only 80% you are NOT yourself—60% is dangerous.

Two Issues Up In West Texas

Howard And Lynn Counties To Vote On Bond Projects This Month For Paving Highways; Amount To $1,150,000

Two road bond issues, amounting in all to $150,000 are to be voted upon during the remainder of February, in West Texas.

One of these issues will come up Saturday before the voters of Howard county when a $900,000 road program will be decided upon. It is identical with an issue defeated by a majority of 34 votes on last December 23.

The other is the $250,000 bond issue for Terry county, which is to be acted upon the following Saturday. This takes the place of a bond issue proposed for January 17, which was called off later.

Would Pave Roads.

Howard county would spend $700,000 in paving highways 9 and 1 across the county. The No. 9 project would connect with Martin and Dawson counties south of Lubbock, leaving only the gap between the south side of Lubbock county and the north side of Howard, through Lynn and Dawson counties.

No. 1 is the Bankhead highway, following the Texas and Pacific railroad across the county. Lateral roads in precinct 4, including one north towards Gail in Borden county, would be built at a cost of $200,000.

Gaines May Pave.

In Gaines county it is proposed to pave the highway to be known as No. 137 across the entire county from Seagraves to the Andrews county line through Seminole, the county seat. This project would take $215,000 according to state department plans. The balance, $35,000, would be used for a lateral road, Seagraves to Loop.

Andrews county has voted $200,000 for paving its part of the highway. State designation is authorized from the Ector county line north to Andrews. Further designation as a part of the state system is contingent upon paving in Gaines county, it is said.

Reports from Gaines county indicate that the measure is expected to pass. There is said to be a diminishing of opposition to the proposal, although there are a number of voters who so far have fought the plan.

CHARGES FILED

LAREDO, Feb. 19. (AP)—Charges of violating the federal prohibition laws were filled today against Maximino Ramos, in a hospital with a bullet wound in his lung as a result of a gun fight with officers in Jim Hogg county Monday night. Films Reward Beauty And Brains

Both beauty and brains are possessed to such a degree by these two students, Marion Storgaard and Richard Loosley of the University of California, that they are to be given film tests. Convinced that the combination is not so unusual in collegiate circles, a Hollywood movie official invaded the campus and found 50 students with both qualities. Miss Storgaard, a sophomore from Oakland, and Loosely, a classmate. Both have had campus dramatics experience.

Tech's Livestock Will Enter Show

Four carloads of livestock will be sent by Texas Technological college to the Southwestern Exposition and Fat Stock show which will be held at Fort Worth, March 7 to 15, according to W. L. Stangel, head of the animal husbandry department at the college here.

Breeds to be exhibited are Aberdeen-Angus, Hereford and Shorthorn, in their respective divisions. Breeding sheep to be shown are in the Hampshire and Southdown divisions. Holstein and Guernsey breeds will be shown in the dairy division.

QUICK ACTION SEEN

AUSTIN, Feb. 19. (AP)—Quick action on a bill by Rep. Pope of Corpus Christi to permit that city to pledge its gas plant as security for warrants to rebuild a portion of a dam near Mathis, torn out in a recent flood, was indicated today when the house moved to permit consideration of the bill without having it printed. It probably will come up tomorrow for action.

McKee Denied Release Writ

Appeal Of Convicted Slayer To Be Heard By High Court February 25; Faces Death In Electric Chair

TAHOKA, Feb. 19. (Special.)—Ira McKee, under sentence of death in the electric chair from Dawson county, has been denied a release on a writ of habeas corpus by the court of criminal appeals, according to District Attorney T. L. Price, who has just returned from Austin, where the former was given a hearing before that body. The case will be heard by the higher court on February 25, however, on an appeal plea.

The writ of habeas corpus was on the grounds that McKee had been represented in the trial of the case at Lamesa by an attorney who had been disbarred from practice. The court of criminal appeals promptly held, Mr. Price says, that this was no grounds for releasing the defendant and denied the application.

McKee was convicted for the murder of W. R. Billingsley at Sparenburg, Dawson county, while the former was attempting to rob the filling station which the latter operated.

If grounds for a new trial are not found as a result of the appeal, McKee's principal hope of life will be in a commutation from the governor.

N. Y. Woman Lost 14 Pounds Of Fat

One 85 Cent Bottle Of Kruschen Salts Did It

"I am starting on my second bottle of Kruschen Salts and am real pleased with results. I take it for reducing and so far have lost 14 pounds and I think it is doing wonders for me. I do not feel so tired work."

A generous bottle of Kruschen evenings when I get home from Salts that lasts 4 weeks costs but 85 cents at Bowen's Drug, Bowen's Hilton Pharmacy, the City Drug Store, the Lubbock Drug Company, Mark Halsey Drug Store or any drugstore in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—that will help Kruschen take off your fat.

Before the bottle is empty surplus fat is leaving you—indolence changes to activity—you'll feel younger—eyes will brighten—ste grew, spry. Millions know this—you ought to know it. Kruschen Salts is the ideal treatment for constipation, indigestion, headaches, nervousness and acidity.

Take Kruschen every morning—it's the little daily dose that does it—if not joyfully satisfied after the first bottle—money back. Adv.

Millions of women say "Whiter washes with Rinso!"

THE difference in clothes washed the Rinso way is remarkable. You never saw such gleaming, snowy, *bright-as-new* whiteness!

So safe, too. Clothes don't need to be scrubbed and boiled threadbare; Rinso *loosens* the dirt.

Cup for cup, Rinso gives twice as much suds as lightweight, puffed-up soaps, even in hardest water—it's granulated and so *compact*. Saves the cost of a water softener, too.

And it's great for washers. The makers of 40 leading washers recommend Rinso. Get the BIG package. Use it for dishes, too.

Guaranteed by the makers of LUX—Lever Brothers Co., Cambridge, Mass.

Senator Woodward's Bill

SENATOR WALTER WOODWARD'S bill, seeking to curb insanity pleas of condemned Texas convicts, incorporates measures calculated to oil the springs in the scales of justice.

Approved by the upper house, the bill would permit an insanity affidavit only by the head of the state hospital, three licensed physicians or the warden or physician of the state penitentiary. If the bill becomes a law Texans will see an appreciable reduction in the large number of insanity pleas—many of which are "cooked up" to stall off the day of reckoning for a convict condemned to the electric chair.

There is room for common sense in the disposal of such cases and there is none so naive to believe that a great percentage of the men condemned to death are devoid of mental balance. Insanity pleas under the shadow of the chair have too long been permitted to form a stumbling block as society moves to exact its toll.

LOUIS WOLHEIM PASSES

It is doubtful if the battered features of the late Louis Wolheim ever caused a feminine heart to beat faster in Lubbock, or anywhere else, but when the movies lost one of its ugliest men it likewise lost one of its most colorful actors.

The place vacated by Lon Chaney, that king of makeup, has not yet been filled by any of the ingenius thousands who are clamoring at the gates of filmdom, and it is not out of order to opine that a similar void has been left in stardom by the death of the man whose very profile was suggestive of the most villainous type of villain.

Scattered over this country and this world are many handsome men, whose masuline beauty can skid them to the heights of fame without support from sheer acting talent.

But when a man as homely as Louis Wolheim "gets there" it must be admitted that he possesses art of the first water.

Practical Health Problems

STONE BRUISE IS MOST COMMON ATHLETIC INJURY, SAYS EXPERT

By DR. MORRIS FISHBEIN
Editor, Journal of the American Medical Association and of Hygeia, the Health Magazine

The Wingate Memorial trustees have recently prepared a book called "Intimate Talks by Great Coaches."

Fielding Yost and Tad Jones contribute two of the essays on football, and there are others by authorities of equal note on track, field, baseball, basketball, hockey, soccer and similar sports. It is significant that the last of the lectures by Dr. S. E. Bilik deals with some of the injuries which are exceedingly common in athletic endeavors.

Dr. Bilik mentions stone bruise or heel bruise as the most common injury. This is controlled by the use of sponge rubber in the heel of the shoe and the application of heat to control the pain and hasten the healing. The calf muscles frequently suffer from cramp because the athlete dehydrates himself by perspiration and failure to drink enough fluids to overcome the condition.

The "pulled tendon" is usually the result of sudden or severe effort without warming up first. As a result, the muscle tissue or the tendon tears and the blood pouring into the tissues brings about pain and irritation. While running the athlete suddenly feels something give or tear and stops. There may be little, if any, signs of trouble externally, but the condition internally is sufficient to explain the symptoms.

The only hope of relief is prolonged rest, strapping with adhesive tape to fix the tissue in position, thus encouraging rest, and the use of heat and liniment to promote warmth and stimulate healing. The situations usually concerned in the pulled tendon are the muscles in the back of the thigh and in the calf.

Sometimes an athlete while running is seized with sharp pains just beneath the ribs which he calls a stitch in the side. These stitches are the result of pressure from the formation of gas in the intestines or some similar disturbance. If they occur frequently, the athlete certainly requires a careful examination as to the condition of his gastro-intestinal tract.

Few athletes realize the importance of treating promptly any puncture of the skin, particularly with a spike of a baseball or track shoe. It is exceedingly important that this be given prompt attention by the application of suitable antiseptic methods in order to prevent the possibility of lockjaw or secondary infection.

TOLERATION IS RELATIVE

Why is it that those who "make faces" at others never see the primaces intended for themselves? One half of the world goes through life criticizing the other half, probably because it does not know how the other half lives. It is easy to find fault with the unknown and to go on complacently unmindful of what the other fellow thinks of you.

There are those known as "low brows" and those known as "high brows." The low brow's love of jazz and popular fiction is ridiculed by the high brow, while the low brow laughs scornfully at the high brow's predilection for the classical in literature and music. While both laugh at each other ,neither is conscious of the other's ridicule.

An analogous case presents itself in opposing manners of dress and speech. Different classes of society differ in their manner of dress and in their use and pronounciation of certain words. Each class is satisfied with its own tastes and each must express its dissatisfaction with the other's.

These are only man's way of expressing his petty but inherent intolerances. When toleration is discussed it is never in absolute terms. Toleration will be a relative term as long as this world is inhabited by more than one man. All mankind can hope for is relatively less intolerance in the future than in the present and past.

Many persons think that optimism is something that may be absorbed, when it is something that must be created.

Presidential Hopes Fade

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Feb. 19.—Senator Joseph T. Robinson's Democratic presidential prospects never were dazzling. Still, he was his party's leading dry hope. Politicians recognized his aspirations as worth at least a modicum of consideration.

Now they are considered dubious.

The senator's identification with the administration's famine relief "compromise" is generally regarded as having been an exceedingly bad thing for him presidentially.

He is safe until 1934 as to his senate seat. Moreover, he can argue plausibly that, in so far as his home state was concerned, he was justified in looking upon compromise as better than nothing. Indeed, his Arkansas teammate, Senator Thaddeus H. Caraway, agreed with him. Caraway, however, is not figuring on the presidency, and inflating a presidential boom is altogether a different matter from hanging onto a seat in the senate.

• • •

TO EXPLAIN how Senator Robinson became involved in the compromise situation—

Farmers in the drouth area (notably Arkansas), as we know, for some time have been receiving government loans to feed their livestock and plant fresh crops, but to their laments that they themselves were hungry the Washington administration has answered that they must look to the Red Cross for food, since federal "doles" would tend to pauperize them.

Senator Robinson, dissenting upon this latter issue, and insisting that Red Cross aid was insufficient, was fighting for a $25,000,000 allowance from Uncle Sam to feed human beings. He fought so hard that, although it was evident he could not win outright, the outlook was that he would force an extra session of congress, which the administration was most anxious to avoid. Hence its offer of a compromise.

• • •

THE COMPROMISE proposed provided for a $20,000,000 instead of a $25,000,000 allowance, with an implied promise of the use of the money to buy food for humans, but no explicit statement in the legislation to that effect.

Submitted in congress, it immediately met with opposition.

Senator La Follette of Wisconsin called it "a face-saving arrangement." Senator Wheeler of Montana described it as "discreditable alike to the president and the senate." Representative Tilman B. Parks, from Senator Robinson's own state of Arkansas, termed it "a sham and a fraud." Representative Fiorello H. La Guardia, hailing from Manhattan island, bitterly denounced it for making no allowance at all to feed the cities' unemployed, whose need, he asserted, is as dire as the farmers'.

Senator Robinson, however, agreed to it—not enthusiastically, yet he was acquiescent.

It seems strange he did not realize that, as a presidential candidate, he would need urban as well as rural support, and read a warning in Representative La Guardia's words, if not in Senator La Follette's, Senator Wheeler's and Representative Parks'.

But that was not all of it.

• • •

BY PROFESSION Senator Robinson is a lawyer, a member of the Little Rock firm of Robinson, House and Moses.

Among these associates' clients are the Harvey C. Couch power, railroad, banking and many other large interests in Arkansas, Louisiana and Mississippi.

Mr. Couch, himself, while not in politics, often lends himself to public movements in behalf of the section he is so active in developing. He was Arkansas food administrator during the World war, had charge of state flood relief during the Mississippi valley inundation of 1927, and is chairman of drouth aid in the afflicted commonwealth at present.

Having been frequently in contact with President Hoover before, it was natural for him to visit the White House in the course of the emergency of today, and if, as reported, he suggested to the president the outline of the "comprise" above referred to, there was no reason why he should not have done so. It may not be true that he did, but it is quite widely believed and certainly there is no harm in believing it.

• • •

TO SUMMARIZE—

It is absolutely o. k. for Senator Robinson to be associated with Robinson, House and Moses; equally so for Robinson, House and Moses to be lawyers for the H. C. Couch power and other interests; perfectly proper for H. C. Couch to have suggested (if he did suggest) the much-discussed drouth relief compromise to President Hoover—and undoubtedly Senator Robinson used nothing but his best, unbiased judgment in deciding that it was a good compromise to accept, even though his acceptance of it surprised a great many folk.

Nevertheless, politicians do link such circumstances together in so uncharitable a fashion that it makes them wonder whether the senator has not seriously injured whatever presidential chances he may have had.

DEPORTATIONS

When the department of labor, of which the immigration bureau is a part, gives out statistics relating to the subject the average citizen only then discovers how little he knows about immigration problems, procedures and accomplishments.

There was general surprise at the report of Secretary Doak to the effect that there are 400,000 aliens illegally in the United States, that 100,000 of them are subject to deportation and that 16,631 aliens were deported last year. Most people had imagined the barriers against smuggling to be much more efficient and the machinery for ejecting smuggled aliens somewhat less efficient.

The public's knowledge of deportation activities is limited to infrequent cases of a sensational nature. As for the general run of deportations, they don't even get into the newspapers. Because he has had little information on the subject, the man on the street is likely to think 16,631 deportations a year a large number, although a much larger number of aliens may be entering the country illegally every year.

Advocates of still further deportation as an unemployment relief measure apparently do not realize that it is an expensive and complicated process. Secretary Doak estimates it would cost an additional $600,000 a year to swell the deportation by 25 per cent. Obviously, shipping 4,200 undesirables out of the country will not bring much relief to 5,000,000 unemployed. But spending another $600,000 a year to rid the country of alien gangsters and bandits might materially reduce the crime bill.

EXPLANATION OF YESTERDAY'S CARTOON

THE MEMORIAL IN GALWAY, IRELAND.—In the boundary wall at the Lombard Street side of the Church of St. Nicholas, Galway, Ireland, stands the ancient monument known as "The Cross Bones", marking the spot on which was enacted the closing scene in one of th emost pathetic tragedies in the history of Ireland, when Mayor Lynch Fitzstephen, Chief Magistrate of Galway, executed his own son, who was found guilty of murder. Young Lynch killed a prominent Spaniard in a fit of jealousy, was tried and convicted. No one could be found who would carry out the death penalty, and the Mayor himself furnished this most unique example of stern sense of justice.

BEGIN HERE TODAY

Because life was so slow in the little town of Red Thrush, Iowa, GINGER ELLA TOLLIVER, conceived the idea of a Junior Country Club to save the younger set from utter boredom. It was to be exclusive—no parents allowed, no babies. Accordingly, she arranged for the purchase of the Mill Rush farm, a 10-acre tract with an old house on it, and proceeded, with the assistance of her friends, to overhaul and furnish it.

Ginger was the daughter of a minister and the stepfather of a very wealthy woman, the former PHIL VAN DORN, who was a tolerant and person and crazy about Ginger.

One day, while the rehabilitation o the club house was going on, an artist called at the kitchen of the Tolliver home and offered to do a portrait in exchange for a meal. After he had shaved off his beard Ginger found to her surprise that he was good looking. He had studied in Paris and his name was BARD HOLLOWAY.

Ginger, who was never at a loss for ideas, thought it would be a good one if Bard remained for a while in Red Thrush, instead of wandering about the country like a hobo. He could pick up some money painting portraits. And he could do the mural decorations in the new club house, for Ginger was bound it would be a success.

So Ginger gets her stepmother, Phil, to invite him to stay with the Tolivers, but the artist demurs.

NOW GO ON WITH THE STORY

CHAPTER XI

"Yes," Bard Holloway said desperately, "I want to, and I'd love to stay, but Miss Ginger—somehow she's got you to take it for granted—Nobody here knows me—"

"But Mrs. Updike—" began Phil.

"Oh, she arranged that herself over the phone not 20 minutes ago. She's the greatest little arranger I ever saw in my life. The Updikes don't know a thing about me. They just did it because it was her suggestion."

"Of all the dumb-bells," muttered Ginger exasperatingly.

Phil laughed. Mr. Tolliver looked mildly puzzled.

"I'm terribly sorry," Holloway said to Ginger. "I'd love to stay—I'm just crazy to stay—but look where it places me. You put everything wrong."

"Don't worry my dear Mr. Holloway," said Phil consolingly. "You see,we have one great advantage over you. We know Ginger, and you don't."

"Well, I—I'm beginning to suspect. Let me tell you how it happened—"

"Really, it isn't necessary," protested Ginger. "They wouldn't have invited you if they hadn't wanted you."

"But you worked them into inviting me, you know you did. You came around here on purpose, and it was the slickest job I ever saw pulled.

"Let me tell you. I went through the League in New York and took a lot of prizes and got a two-year scholarship to study in Paris. Well, I took more prizes in Paris, and I began to think I was terribly good. But I came back, and I couldn't make a go of it. Couldn't sell anything. Couldn't get orders for portraits. I tried, but I just didn't have the hang of it. I can paint all right, but I just can't sell myself.

"I went out to Chicago and had a try at some commercial work, but I couldn't put that over either. So I just took all my worldly possessions and piled them into my eight-or-nine-hand flivver and set out—to paint, to drive, to learn more about life—hoping, of course, I'd come across something good.

"Once in a while a little job turns up and I loaf over a few days and do it. And then breeze on. I was desperate in New York. I had to do something. So I trapped up this morning and offered to do a pencil sketch of your cook for my dinner and Miss Ginger took me in hand—and you see what she has done with me. I can give you the names of people who know me—I have my passports and a lot of papers and things—I can prove everything I've said. But Miss Ginger—"

"You say you are driving through?" asked Phil with interest.

"Yes. Taxying west, as you might say. I call it 'Rattletrapping.' But when I offer by art in exchange for nourishment it seems more in keeping with the part to leave the Rattletrap around the bend of the road. I've got driver's licenses and everything. I didn't steal the car. Nobody would."

• • •

"Well, run the Rattletrap up to the garage then," said Phil cheerfully. "Hamill will carry your things upstairs. If Ginger has taken you in hand you'll probably be doing portraits in Red Thrush the rest of your life."

"Do you mean you—you still want me—you will let me stay a while?" he demanded boyishly.

"Of course," said Phil, as one surprised. "We are a parsonage. We would never dream of retracting an invitation. They're really great," she added in a tone of friendly confidence. "You'll like them when you get on to their little ways. Will you

Repeal Proposals Held Inconsistent

WASHINGTON, Feb. 19. (AP) — Proposals of Senator Wagner that the Eighteenth amendment be repealed, with assurance that the saloon will not come back were labeled "inconsistent" today by the anti-saloon league.

"If the Eighteenth amendment is repealed, the saloon will come back," the league said in a formal statement. "Senator Wagner and others now opposed to the saloon should be reminded that prohibition laws did not outlaw the saloon but merely outlawed the liquor which gave life to the saloon."

Asserting it was against the saloon at a time when "neither Wagner nor any other political leader from New York dared to speak in opposition" to it, the league said legalising of liquor would bring back the saloon in some form.

SUSPECT HELD

WICHITA, Kas., Feb. 19. (AP) — Wichita police were informed last night that Jese Rosales, a Mexican wanted for questioning in connection with the slaying of Miss Lucille Price of Newton, Kan., had been arrested at Canadian, Tex. Jess Granado and Amada Vasquez, two Wichita Mexicans questioned about the murder, were released late yesterday at the request of Harvey county officers who said they had insufficient evidence to hold them.

MAN IS KILLED

DEL RIO, February, 19. (AP)—A man believed to be Henry Sullivan of Oklahoma was killed 20 miles west of Eagle Pass today when his automobile overturned. Tentative identification was made from an automobile license.

Thirteen High Schools Plan To Enter Exhibits At First Lubbock Fat Calf, Pig And Cured Meat Show

Thirteen high schools have reported that they will have exhibits at the first annual Lubbock Fat Calf, Pig and Cured Meat show, according to J. O. Dykes of Texas A. and M. college at College Station.

The fat calf-pig-cured meat show will be held here March 27 and 28. The report, indicating that high schools throughout the South Plains would participate in the exposition, was received Thursday by the Lubbock Chamber of Commerce from Mr. Dykes. He is professor of agricultural education at the state college.

"I am greatly interested in this show," Mr. Dykes writes, "and have referred to Sterling Evans, district agent, about it a number of times. I have been writing our vocational agricultural teachers in that section from time to time and I am glad to report that our Smith-Hughes schools will show a number of prize calves and pigs there.

"The following schools have already indicated that they will have exhibits: Littlefield, Colorado, Seagraves, Wilson, Silverton, Tahoka, Lorenzo, Abernathy, O'Donnell, Snyder, Sudan, Amherst and Spur. It is possible that Dimmitt, Tulia and Olton also will be represented."

Seek To Obtain Caravan To Seagraves Dinner From Here

Efforts are being made to assemble two or three carloads of Lubbock citizens to attend the annual dinner-meeting of the Seagraves Chamber of Commerce at Seagraves, Saturday night. The Seagraves chamber has invited Lubbock's entire citizenship to the dinner, according to Lubbock Chamber of Commerce attaches.

J. H. Hankins, chairman of the highway committee of the Lubbock Chamber of Commerce, will be one of the principal speakers on the program. A bond issue of $250,000 will be voted on by citizens of Gaines county February 28 and voters of that county hopes to promote a spirit of cooperation for the issue in the Saturday night meeting.

All persons interested in attending are urged to get in touch with Mr. Hankins or the chamber of commerce. The local party will leave at 5 o'clock Saturday afternoon.

GOES TO BIG SPRING

TAHOKA, Feb. 19. (Special.) — District Judge Gordon B. McGuire, who is holding court in Tahoka, called a recess Wednesday and left for Big Spring where he will sit on the bench the remainder of the week for Judge Fritz R. Smith, who is ill at his home in Snyder.

A COLLEGE COLUMN

By MARSHALL FORMBY, TECH CORRESPONDENT

JUNIOR TEAM TO COMPETE

Selection of a junior stock judging team to represent Tech at the Southern Exposition and Fat Stock show at Fort Worth on March 7 will be made soon. Twelve junior students in the department of animal husbandry department of the college have been working out for the last several weeks and it is probable that the team will be selected next week. Five students will comprise the team but at least one alternate will accompany the regular group. Professor R. C. Mowery of the animal husbandry department is the stock judging coach.

Four car loads of stock will be shipped to Fort Worth about March 4. The stock will be placed on exhibit at the show.

CASTLE VISITS HERE

Col. W. A. Castle, United States army officer of the 8th corps area of San Antonio, was a visitor on the Tech campus yesterday. The colonel is here inspecting the local college military unit and will investigate establishment of a local R. O. T. C. unit.

The Tech military unit is operating under the 55th division of the national defense act. Capt. H. E. Killin is head of the Tech military department.

TO PUBLISH HANDBOOK

Following the customs in other colleges and universities, a freshman handbook will be published and ready for distribution to members of the freshman class next year. The book will be of pocket size and will be put out by the Tech "Y" associations.

The booklets will be somewhat of a guide to the first year students who come here next fall. It will contain information concerning what a freshman should know, athletics, publications; it will contain college yells and songs and information about scholarships and loan funds.

Co-editors for the booklet will be chosen within the next few weeks.

HAS TONSILS REMOVED

Ken Hart has returned from Big Spring where he recently had his tonsils removed. Hart is sports editor of the Toreador, Tech weekly newspaper and hails from Big Spring.

BIBLE PARTY IS TONIGHT

Colonial decorations will be carried out at a party tonight for Bible classes of the college. The entertainment will be held at the First Methodist church beginning at 8 o'clock. Besides the forty-two students who will attend, several guests have been invited.

Miss Ruby Dean is in charge of the games, Mrs. H. L. Taylor, is in charge of decorations, Miss Weneva Buck has charge of the refreshments, Earl Grau is in charge of the transportation and Miss Marie Price is general chairman of the committee.

PLAY GIVEN

At the last meeting of the Tech Sock and Buskin club, Tech dramatic organization, several new members were taken into the club. Following the initiation, a short play, "The Trysting Palace" was presented. The characters included Milbris Pirtle, Bob Taylor, Donna Vaughn, Mildred Price, Vernon Jones, W. B. Bristow, and Sherill Railey. Aleen Brown was director.

The club meets every two weeks and several short plays are presented each term.

GIRLS TO ENTERTAIN

The six home economic seniors who stay at the Tech practice house will entertain tonight at the practice house. Special faculty guests will be Dean Margaret Weeks of the home economic school, Miss Mabel Erwin, and Dr. and Mrs. A. B. Cunningham. About thirty will be in attendance.

WILL BE SPECIAL GUEST

As guest of the Southern Scholarship society of Baylor college at Belton, Dr. John C. Granbery, head of the Tech history department, is to be presented with a special medal at a banquet at Belton tonight.

The banquet is an annual affair at Baylor college and the society presents its former presidents with medals. Since Dr. Granberry was the first president of this organization at Baylor college he is in line for a medal. He left for Belton late yesterday.

Kiwanians Stage Patriotic Lunch

Two talks were the main feature of a patriotic program given at the meeting of the Kiwanis club Thursday noon at Hotel Lubbock. Judge Clark M. Mullican was in charge of the program. Dr. S. L. Joekel, of Austin, spoke on "The Bulwarks of Our Government," and Dr. W. A. Jackson, head of the department of government, Texas Technological college, discussed "The Enemies of Our Government—Communism."

R. C. Pace, of Acuff, and Parker Prouty, business manager of the Avalanche - Journal publications, were announced as new members in the club.

Doctors Know Best How To Treat Colds

Medical writers agree that the important point in the treatment of a cold, or cough due to a cold, is to relieve the congestion in the nose and throat, thereby preventing serious complications which may follow a neglected cold. To stop this congestion calomel was the accepted and standard remedy until Calotabs, the improved calomel compound tablet was introduced.

Now that science has robbed calomel of its nausea and danger, making it pleasant to take and perfectly safe for general use, over forty million Calotabs are consumed in the U. S. yearly with only the most pleasant and satisfactory results. In millions of homes Calotabs have proven their superiority in the prompt relief of colds and coughs due to colds.

One or two Calotabs at bed-time with a glass of sweet milk or water. No salts necessary. No nausea nor the slightest interference with your eating, work or pleasure. Next morning the congestion has subsided, your cold or cough is relieved, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Get a family package of Calotabs, containing full directions, only thirty-five cents. Trial size, ten cents. At any drug store. (adv.)

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

District Basketball Tournament To Start Here Today

Matches Today Find 17 Teams On Tech Floor

Games Start This Morning At 10 O'Clock; Second Rounds Begin Tonight At 8; Final Game Tomorrow Night

Seventeen basketball teams from as many schools in 16 counties of the South Plains meet here today for the annual district cage tournament at the Texas Technological college gymnasium.

The tournament proper starts at 10 o'clock this morning when the teams of Seagraves and Ralls clash. Prior to that, at 9 o'clock, Del Morgan, director of the tournament has asked that the coaches of all schools represented meet in the gymnasium club room at 9 o'clock to discuss plans for the eliminating contests and to agree on special rules that must be made.

Eighteen counties are in this division, or District 2 but only 16 of them have declared a county championship and their intentions to enter the district meet.

With an odd number of teams participating it was impossible to match them all in first round games. Spring Lake drew the bye and will meet the winner of the Seagraves-Ralls game at 7 o'clock this evening as the final first round game.

Second Rounds Start at 8.

Second round games begin at 8 tonight and continue through 10 o'clock. Four teams will be left in the running at 11 o'clock tonight, and the semi-finals will be played early tomorrow. The championship game will be played at the Tech gymnasium tomorrow night, starting at 8 o'clock.

Members of the championship team will receive miniature gold basketballs and runners up will be awarded silver basketballs as trophies. A single prize, a bronze statue, will be awarded the individual considered by judges as the most valuable man of the tournament.

Teams Must Be Ready.

Del Morgan announces that all teams must be on time for their scheduled games. One hour is given for each contest, which will be ample time under present plans. There may or may not be any time for teams to warm up, according to Morgan. Teams appearing late for an engagement will be eliminated by forfeiture.

Referees selected for the tournament are Earnest Nelson, Rip Vinzant, Ed Hambright, Swede McMurray and Weir Washam. Two men will work each game, and each set of officials will work a period and rest one period.

Today's schedule: 10 a. m.—Seagraves vs. Ralls. 11 a. m.—Lubbock vs. Morton. 12—Stanton vs. Pleasant Valley. 1 p. m.—Lakeview vs. Plainview. 2 p. m.—Meadow vs. Lamesa. 3 p. m.—Slaton vs. Spur. 4 p.m.—Bula vs. Petersburgh. 7 p. m.—Spring Lake vs. winner of Ralls-Seagraves game. 8 p. m.—Beginning of second round games.

Slaton Tigers County Champs

Paul Wright's Men Nose Out Monroe Quintet, 29 to 25, In Final County Tourney Game Here Yesterday

The Slaton High school Tigers won the Lubbock County basketball championship yesterday afternoon when they defeated the Monroe cagers, 29 to 25, in a hard fought contest on the Texas Tech gymnasium boards.

Johnston, Slaton forward, was an outstanding player with long shots that found the basket consistently, but he was nudged out of high point honors by Exum of Monroe who also tossed in five fields goals and added a free shot to total 11 to Johnston's 10.

Slaton will represent Lubbock County in the district tournament beginning here this morning, meeting the Spur High school Bulldogs in a first round game.

The teams were in three-way tie with Idalou as a result of the county championship play, and in the play-off, Slaton defeated Idalou, 29 to 17, Wednesday night.

The Woodrow Girls' team defeated the Monroe girls, 18 to 14, Wednesday night to go a tie with Foster for the girls' county title. The teams play tonight at 7:30 on the Wolfarth court for the county championship. Girl's teams are not entered in the district tournament.

Condition Of Ban Johnson Is Worse

ST. LOUIS, Feb. 19. (AP)—The condition of Byron Bancroft Johnson, for many years baseball's dominant figure, grew steadily worse tonight.

A blood transfusion was performed today but it was followed by a chill, and attendants at St. John's hospital, where the veteran baseball leader has been confined since January 26, said his condition had been reported unchanged.

Since last night the former American League president, who is 65, and who has been in poor health several years, has been unable to recognize friends. He is suffering with diabetes and what his physician, Dr. Robert F. Hyland described as a general breakdown.

Paul Waner's Condition Said To Be Some Better

ST. LOUIS, Feb. 19. (AP)—The condition of Paul Waner, Pittsburgh Pirate ball player, was described tonight as "good," following an operation for an infected leg here yesterday.

Waner said he was bitten recently swimming at Miami, Fla., and the wound refused to heal properly. He said he did not know what bit him.

Captain Campbell Is Welcomed Home

SOUTHAMPTON, England, Feb. 19. (AP)— Capt. Malcolmn Campbell touched English soil again today after a day almost as thrilling as that of February 2, when he set a new automobile speed record of 245 miles an hour on the ocean sands of Daytona Beach.

His day included the following:

1 — Was notified in a telegram from Prime Minister Ramsay MacDonald that he had been elevated to a knighthood for his automotive feat. Hence in the future he will be Sir Malcolm Campbell.

2—The liner Mauretania, bearing him homeward, first was halted by a dense fog off the Isle of Wight and then ran aground on a sand bar as she was groping toward her Southampton dock. She was refloated on an incoming tide and berthed.

CECIL SMITH MAY LOSE EYE

DEL MONTE, Calif., Feb. 19. (AP)—Word was received here today that Cecil Smith, Texas cowboy polo player, who gained international recognition last year, may lose the sight of one eye as result of an infection that set in a week ago. It would likely mean his retirement from high goal polo.

Frogs Trudging On Mustangs' Heels In Southwest Race; Bears Dangerous

By GAYLE TALBOT, JR.
Associated Press Sports Writer

DALLAS, Feb. 19.—The Baylor University Bears have set themselves up as the "giant killers" of the Southwest Conference basketball derby.

Having erased Arkansas' last chance for a sixth consecutive title last week, the Bruins put on their scoring togs again Wednesday night on their home court at Waco and took a 34-28 fall out of the previously undefeated Southern Methodist Mustangs.

As a result of the loss, the Ponies found their lead over the second place Texas Christian Horned Frogs cut to a bare half-game, and they stand a very good chance of losing that this week-end, when they tackle the Texas Aggies on the latter's battle ground at College Station.

The veteran Baylor quintet, just hitting its true stride, led the brilliant Mustang team all the way Wednesday night. Rhea Williams, ace Mustang shooter, was limited to a single field goal by the staunch Baylor defense, and Jake Reynolds, center, could sink only two.

Horned Frogs Close Behind

Texas Christian, meanwhile, stayed right on the Mustangs' heels by downing the University of Texas Longhorns, 41-36, Tuesday night at Austin. Adolph Dietzel, the Frogs skyscraping center, poured in 10 field goals and six free shots for a total of 26 points, tying the conference record set two years ago by Wear Schoonover, University of Arkansas forward.

While Southern Methodist is battling to hold its slim lead Saturday night at College Station, Texas Christian will stand idle and hope for an Aggie victory. Should the Mustangs encounter their second straight loss on the road, the Frogs, pre-season favorites, would be back at the top for the first time in almost a month. In any event, it looks like the final tilt between the Chritsians and Methodists March 3 at Fort Worth will decide the title.

In the only other bout scheduled for the week-end, the Texas Longhorns, trailing seven straight defeats, invade Waco for a try at the Baylor machine.

Tech Matadors Defeated By Canyon Buffaloes, 43-29

Matadors Drop Fourth Battle To Tall Buffs

Burton Highboys Loop Basket From All Angles To Smother Tech; Matadors Fast, Clever But No Matches

(By The Associated Press)

CANYON, Feb. 19.—For the second night in a row and the fourth time of the season, the West Texas Buffs, champs of the western sector of the TIAA, trounced the Crimson clad cagers of Texas Tech here tonight 43 to 29.

Tech presented a fast breaking, clever crew of hoopsters, but they were no match for Burton's highboys who seemed to drop the sphere through the hoop for scores no end.

Comer, Canyon's second highest hoopster, led the shot makers with 16 points, 14 of which were from the field. Fortenberry, the really tall lad, and Burk, forward, tied with 10 each for second high in counting. Hodges, Darr and Crews, Tech forwards, got six apiece to lead their side in the counting.

Dallas Golfer Defeats Champ

Reynolds Smith Of Southern Methodist Eliminates Old Champion, John Dawson, In Houston Golf Tournament

(By The Associated Press)

HOUSTON COUNTRY CLUB HOUSTON, Feb. 19.—Johnny Dawson of Chicago, the defending champion and a veteran of many engagements, fell today before stocky 18-year-old Reynolds Smith of Dallas in the first round of championship match play of the Houston Country club's 17th annual invitation tournament.

Dawson was shoved out of further competition, 5 and 3, and at one time was eight down. He was badly off and the boy was as right, his friends said, as he ever had been.

While the Chicago star was having his troubles, Johnny Goodman of Omaha, former trans-Mississippi champion, was moving down the course for the most overwhelming victory of the day. He crushed Allen Kyle of Houston, 12 and 11, taking the morning 18 holes in 69, two under par and the best figures for the day, and sticking with par during the short afternoon chore he had left to do.

The other qualifiers, who will enter the quarter finals tomorrow, all did the expected in winning, save Leonard Attwell of Houston, who turned a somewhat surprising trick by eliminating John De Forest, Surrey, Eng., one up in 37 holes.

Longhorn Captain May Be Ineligible

WACO, Feb. 19. (AP) The News Tribune says Grover Emerson, captain elect of the University of Texas football team, according to the files of the News Tribune, played as a substitute against Baylor University in 1928 in Waco, therefore is ineligible for football at Texas University in 1931.

Emerson played out his time and therefore is ineligible for the Lonhorn team of 1931, the papg says he was a great guard for the University of Texas team last fall.

An athlete has only three years of eligibility in the Southwest conference.

"Ox" Emerson Denies Playing In 1928

AUSTIN, Feb. 19. (AP) — Grover (Ox) Emerson, captain-elect of the 1931 University of Texas football team, denied tonight he had played football in 1928, which would make him ineligible for another season of competition.

Coach Clyde Littlefield said Emerson's name was turned in to conference officials in 1928 as having played and it was up to Emerson to prove he didn't play. "Until that time he will be considered ineligible," Littlefield said.

Hollis Schultz, manager of the 1928 football team, said "I have looked over all the records on hand from the managerial books, and so far as I can find, Emerson did not play in 1928."

Simmons Cowboys Defeat Howard Payne, 49 to 27

BROWNWOOD, Feb. 19. (AP)—The Simmons University quintet tonight defeated the Howard Payne cagers 49-27 for its eighth consecutive victory in the Texas Conference basketball title race. Captain Bob McCollum of the Cowboys had his best night of the season, scoring 27 points. The Cowboys led 28-14 at the half and coasted through the last half.

JUDGMENT REVERSED

NEW ORLEANS, Feb. 19. (AP) — The United States fifth circuit court of appeals today reversed judgment in a suit from the northern district of Texas brought by the First National bank of Weatherford, on a claim of $9,899 against the Harvey Brothers coaches, bankrupt, with instructions that judgment be entered for the plaintiff.

Second Tech "Men Only" Night Draws Big Crowd

Sweaters Awarded To 43 Gridiron Men Last Night

Responding to the highly complimentary calls of Head Coach Pete Cawthon and Freshman Coach Russell Smith, 43 husky gridiron men who played enough of the right kind of football last fall to merit the highest honors a college can give stepped before a packed house of men last night and were given letter sweaters and numeral sweaters as tokens of their good work.

It was the opening feature of the second Tech all-men's open house and fun night sponsored by the Tech department of athletics. There followed a program of boxing, wrestling, rope-skipping, strong-man exhibitions and military demonstrations that kept the huge crowd of spectators howling and cheering for the better part of two hours.

Frizzell, Strong Man.

"Strong Man Frizzell," a newcomer at Tech but popular in Lubbock and in West Texas for his work as tackle for the Lubbock High Westerners in recent years, staged a strength contest, bending iron spikes in his hands and blowing up an inner tube by lung-power almost to the breaking point, and a little later lost a boxing exhibition to "Al" Simmons, heavyweight boxer, when the latter planted a blow just after the gong sounded and floored Frizzell for the count.

In another boxing act, two middle-weight maulers fought to a draw in three rounds.

Tribble Throws Carr.

"Terrible" Tribble got the better of "Tuffy" Carr in a 10-minute grunt-and-groan match when he threw the 210-pound husky once. The fight was near the sensational, with both grapplers struggling on fairly even terms.

Capt. Ben Condray's "Awkward Squad" gave a demonstration of what well-trained privates should not do, and the military corps followed with a machine gun demonstration, firing blanks in war-time fashion.

Tech Letter Men.

Nineteen Matador varsity football players received letter sweaters last night, and Bo Williams, manager, was awarded a "T" sweater in appreciation for his services. The following men received varsity letters:

Teal, Lubbock; Wooldridge, Plainview; Captain Durham, Hamilton; France, Sulphur Springs; McWilliams, McAllen; Ayers, Cuero; Doose, Ballinger; Vinsant, Lamesa; Moffett, Stanton; Brothers, Lubbock; Simmons, Ennis; Howell, Brownfield; Langford, Maltby, Desdemona; Hodges, Abilene; Allen; Murphy, Abilene; Waller and Williams, manager, Brownwood.

The following received freshman numerals: Cowan, Seymour; Davis, Price, Lubbock; Young, Ralls; Owens, Barksdale, Gainesville; Barton, Lubbock; McWilliams, McAllen; Leaverton, Lubbock; Tribble, Sherman; Anthony, Cisco; Greer, Comanche; Baker, Abilene; Butts, Waco; Dowell, Lubbock; Collins; Celina; Duniven, Amarillo; Welch, Lubbock; Nichols, DeLeon; Powers, Lubbock; Sollis, Sherman; Henry and Mitchell, Wichita Falls.

Wilson Represents Lynn County Here

TAHOKA, Feb. 19. (Special.) — Wilson, district champions twice in basketball, will again represent Lynn county at the annual district tournament in Lubbock. For the fifth consecutive year they are champions of the county, having defeated T-Bar 42 to 14, after the later had nosed out Tahoka 20 to 19. Wilson has never lost a game in the county in five years of tutelege under Coach Brady Nix.

This year Nix has another team that all participants in the district meet may do well to take special consideration of. The team is tall, fast, and accurate at looping goals. Nix has been polishing up the team work this week and promises to bring another district championship back to Lynn county.

Big Spring Steers Win District 8 Cage Title

ABILENE, Feb. 19. (AP)—Winning over the Abilene Eagles, 26 to 21, here tonight, the Big Spring Steers swept the championship series of District 8 in two straight games. The Steers won on their own court Tuesday night, 26 to 22.

Helen Hicks In Brilliant Form To Eliminate English Golfer In Palm Beach Tourney; Meets Van Wie Today

(By The Associated Press)

PALM BEACH, Fla., Feb. 19.—Helen Hicks, the strapping young American girl who wallops a golf ball with masculine punch and power, scored a brilliant triumph today over the blonde little British champion, Diana Fishwick, in the first major international match between the rival woman's forces now concentrated on the Florida front.

They met in the semi-finals of the Florida women's championship tournament, over the course of the Palm Beach Country club, and a fashionable gallery of fully 1,000 men and women braved the rain to watch Miss Hicks score a decisive victory, 6 and 5.

The match ended in an almost complete rout for the youthful British girl, whose game collapsed as she dropped five of the last six holes to her hard hitting New York rival.

Miss Hicks' victory over the last of nine British contenders in the tournament assured an all-American final in which she will play the sensational Miss Virginia Van Wie of Chicago tomorrow afternoon, over the 18-hole route.

Miss Van Wie, who yesterday shattered the Palm Beach course record with an astonishing 72, only four over men's par, was victorious over Miss Peggy Wattles, Buffalo, N. Y., in the other semi-final match, also by a score of 6 and 5.

"Get That Guy," Says Rockne As Pictures Shown

MORAGA, Calif., Feb. 9. (AP)—Old Knute Rockne likes his football whether it's fresh or canned. The head man of Notre Dame's pigskin chasers sat in today on some slow motion pictures showing his team beating Southern California in Los Angeles last December and he nearly jumped out of his seat.

Rockne stopped here to talk to the students of St. Mary's College, football-coached by his former pupil, Ed "Slip" Madigan.

Then they turned on the motion pictures. Came an end run by the opposing team. Rockne shouted "get that guy."

When his own halfbacks carried the ball, he yelled "cut in, cut in." Rockne was all fagged out when the picture was over.

Gentlemen:

What is wrong with the word "spit"? We have been spitting for years and will probably continue to spit for many years to come. It is the uncontrollable or indiscriminate spitting that does the harm, as it contains so many communicable germs.

Any type of campaign or advertising against the use of human sputum is endorsed by this Department, because it protects public health.

Very truly yours,

For Ginger's Sake

ring your car up?"

He ran down the steps at once, laughing with pleasure.

"But, Ginger," began Mr. Tolliver in a puzzled voice, "if you did not know the boy, what did you want him to stay for?"

"Oh, father," said Ginger, "I—was—so bored."

But her hand sought Phil's and pressed it rapturously as girl and woman smiled gladly into each other's eyes.

As Bard Holloway had said, the rattletrap was very, very old, and heavily loaded, containing practically all of his worldly posessions, and far from forldly for the most part they were.

[illegible] pulled off to the garage, and [illegible], the man of all work, busied himself unloading the contests, bag by box, separating the things he indicated that he would want [illegible]rs from those to be left in [illegible]ar.

The three Tollivers sauntered indolently out to see what was going on.

"Why don't you take everything up?" questioned Ginger anxiously. "Then you can settle right down—and everything."

"Oh, shan't need all that trash. I've got stuff here for camping, for [illegible]downs both motor and financial and all other contingencies. [illegible]'s my easel and stool for our painting. Those bags must go—[illegible]y wardrobe! You see, I brought nothing I have to my name except a few canvases which I left on display in the galleries in New York. Hope doesn't die hard, it doesn't die at all. I still have hopes of a sale or two. I brought a few with me. I suppose you wouldn't care about seeing them, he added suggestively.

"We'd love it," said Phil.

* * *

The artist in him ignoring all conventionalities of time and place, he eagerly pulled out a big square case, carefully wrapped in an old blanket which he quickly removed laughing with ingenuous pleasure.

"This first one—you're really safe in saying it's rather good," he said. It got honorable mention ever so many times in Paris and Vienna, and has won me three cash prizes. It's a battlefield in France—early morning—all gray mist. Those pale stars are the crosses on the graves everything swimming in the gray mist—bits of old entanglement, charred tree stumps, old shell-holes farm implements of reconstruction and white crosses—all blurred together into the gray sea of morning. Do you like it?"

"That's good," said Phil slowly, more impressed than she was ready to acknowledge.

"I think it is exquisite," said Ginger passionately.

Bard flushed with pleasure. "This is the old woman I bought my pastels of in Paris."

Phil laughed. "I know her. In the Quartier. She sat on a three-legged stool so near the curb that we were always breathless expecting her to fall over head-first. That's very good, my dear boy."

"This is Eugenie. She was the chambermaid in our pension. She would never stand still enough for me to get a proper sketch of her—I had to steal it, line upon line precept upon precept, when she was washing in and out on errands. She held the corner of her apron to her lip like that when she was trying to speak English. Oh, they're not much—I'm young yet," he added with a great assumption of carelessness. And he made an indifferent motion to toss them back into the past.

RETURN TRIUMPHANT

GENOA, Feb. 19. (AP)—Italo Balbo and his 47 companions came home in triumph today and announced at a reception at the city hall here that he and his companions in the recent foramtion flight to Brazil would soon begin preparations for a far more difficult venture. This was generally interpreted as an indication that the air minister plans to lead a formation flight to New York.

Olton To Conduct Speech Tourney

OLTON, Feb. 19. (Special)—More than a score of high schools in this section of the Plains have been invited to attend the annual Olton invitation speech tournament to be held here Friday, February 20, George Terry, principal of the high school, announces.

Classes of competition include: Extemporaneous speech, senior declamation and debate. There will be teams of both boys and girls entered in the contests, with six silver loving cups to be awarded winning teams.

Wayland college, Plainview, will furnish judges for the debate. State Interscholastic league rules will govern and the subjects that are to be handled will be the regular debate subject.

Debate starts at 9 o'clock in the morning. There will be a dinner served all the visiting teams and coaches.

Run-Down, Weak, Nervous?

To have plenty of firm flesh and the ability to do a big day's work and feel "like a two-year old" at night, you must eat three good meals a day, relish your food and properly digest it. If you can't eat, can't sleep, can't work, just give Tanlac the chance to do for you what it has done for millions.

Mrs. Fred Westin, of 387 E. 57th St. North, Portland, Ore., says: "Tanlac cured my stomach trouble completely after three years suffering. It built me up to perfect health, with a gain of 27 lbs. That was two years ago, and I still enjoy the best of health."

Tanlac is wonderful for indigestion and constipation—gas, pains, nausea, dizziness and headaches. It brings back lost appetite, helps you digest your food, and gain strength and weight. It contains no mineral drugs; it is made of roots, barks and herbs, nature's own medicines for the sick. The cost is less than 2 cents a dose. Get a bottle from your druggist. Your money back if it doesn't help.

Rates, Rules and Requirements of Classified Advertising Of The

Lubbock Daily Journal (Afternoon)
Lubbock Morning Avalanche (Morning)
Sunday Avalanche-Journal (Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL Combined Rates:

Minimum words, per insertion, 10.
One insertion, per word 4c
Two insertions, per word 6c
Three insertions, per word 7c
Seven insertions, per word 12c
Thirty insertions, per word 45c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 1½c per word each.

All out of town ads, received by mail must be Cash with order. No exceptions.

PHONE 13 or 14

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only. No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisements under the proper classification and reject undesn or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 8:30 P. M. on week days, and 5:30 P. M. on Saturdays, and all advertising received after 8:30 P. M. will be placed under "Too Late To Classify."

Charge Efforts To Prevent Probe Of Postoffice Lease

WASHINGTON, Feb. 19. (AP) — Chairman Blaine of the senate committee investigating the St. Paul commercial station postoffice lease charged today a "strong chain of circumstances" pointed to collusion to prevent a second grand jury investigation of the lease.

The charge was made during cross examination of Harry S. New, former postmaster general who denied any connection with the lease. It precipitated sharp exchange between Blaine, the witness, and Senator Hastings, Republican, Delaware, another committee member.

Questioned by Hastings, Blaine denied he was charging collusion on New's part, but both Hastings and New characterized one of the questions asked by the committee chairman is "insulting."

LEGAL NOTICE

NOTICE OF FIRST MEETING OF CREDITORS

In the District Court of the United States For the Northern District of Texas in Bankruptcy. Lubbock, Texas, in the Matter of Harry Wilson, Bankrupt. No. 98. in Bankruptcy.

OFFICE OF REFEREE

Lubbock, Texas, February 18, 1931.

To the Creditors of Harry Wilson of Sudan, in the county of Lamb and District aforesaid, a bankrupt. Notice is hereby given that on the 17th day of February, A. Cotton Thursday Market Is Reactionary — Livestock Hog Trade Is Slow On Light Weights — Grain Fair Demand In Cash Grain Mart

Cotton

NEW ORLEANS COTTON

NEW ORLEANS, Feb. 19. (AP)—Reactionary tendencies featured the cotton market today and trading was somewhat less active than it has been of late. With Liverpool cables better than due at the start the market opened steady and gained 4 to 8 points in the early trading.

Selling soon developed, however, based on the weakend technical position and on reports the farm board was selling March and October. There also was selling by recent buyers and prices gradually eased off until around noon they showed losses from the early highs of 11 to 12 points.

Mart Rules Quiet.

The market continued to rule quiet in the late trading keeping near the lows but rallied 1 to 3 points right at the end on a little covering. The market closed steady, prices showing net declines for the day of 3 to 7 points.

Liverpool came in about as due to 1 penny point better than due. Private cables stated the continent and Bombay bought, although another cable is reported to have claimed that Bombay sold. First trades here showed gains of 4 to 5 points and the market was steady for a time after the opening but later eased off on liquidation. May dropping to 11.43 and October to 11.98, or 5 points down from the earlier highs and about even with the previous close.

NEW YORK COTTON

NEW YORK, Feb. 19. (AP)—A further advance in cotton at the opening today was followed by reactions under realizing and near month liquidation which was combined with some selling on the tilt of an easier technical position. Offerings were readily enough absorbed by continued trade buying and covering to give the market a generally steady undertone, however, and after selling off from 11.52@11.56, May closed at 11.39.

The general market closed steady at net declines of 2 to 5 points.

Brokers with Japanese and other far eastern connections were said to be among the buyers here today and the effect of relatively easy Liverpool cables on sentiment was partly offset by reports of a continued good demand for cotton goods. In both the domestic and Manchester markets.

Liverpool cables said hedging and liquidation had been absorbed by continental and Bombay buying in the market there and reported freer buying of cotton cloths by India with a fair inquiry for yarns. There was further switching from near to late months with spot houses buying March at about 28 to 29 points under May.

Stock Market Saves Its Best Efforts For Last Hour To Cause Big Advances

BY JOHN L. COOLEY
Associated Press Financial Writer.

NEW YORK, Feb. 19. (AP)—The stock market saved its best efforts for the last hour today.

There was a slow upward movement during the morning and early afternoon, with rather pronounced rallies in steel and related issues, but the rise frequently seemed labored and the volume tapered off. In the late trading, however, activity increased and prices found their best levels of the day. Net gains averaged a little more than 2 points.

Reports that some of the steel plants, chiefly in Ohio, were expanding operations to handle orders from the automobile manufacturers figured largely in the market's display of confidence. In commodities, the non-ferrous metals—copper, silver and lead—strengthened, the first named going to 10 1-4 cents accompanied by trade talk of higher prices in a few days.

The comparative ease with which substantial profit taking has been absorbed this week also was regarded as a motivating factor in the final spurt. It is reported that some large interests have been selling during the rally, apparently with the idea of preventing bullishness from getting out of hand, and also that the short interest has not been entirely convinced of the present market's durability. But resistance to declines has been obvious and many professionals have been content to ride with the rising tide.

Shooting

(Continued From Page One)

riving at a time when Lusk fell onto his porch.

A call was quickly sent in to the city and a Rix-Sanders ambulance rushed the man to the Lubbock sanitarium where an operation was performed. A blood transfusion of more than a quart of blood from a younger brother of Lusk also was found necessary. Lusk suffered three large wounds in the intestines and 56 smaller wounds.

When found, Lusk refused to explain how the shooting occurred but later told officers that he had heard someone prowling about the Burns farm and arose to investigate. He further said that he took the shotgun, a 410 gauge, and followed the prowler about three-quarters of a mile from the house. At this point he stated that he had to crawl through a fence and in doing so the shotgun was accidentally discharged, the full load striking him in the abdomen.

Crawled Way Across Field

He explained that he crawled down the fence about two hundred yards, rolled under and then made his way painfully through a wheat field towards Barrier's farm.

Officers reported that the gun was found about four or five feet from the fence. They said that signs indicated Lusk lay for a long time on the ground before starting for help.

Young Lusk was the son of Levi Lusk, a farmer living east of Lubbock near the state experiment station. He had been in the employ of Mr. Burns for about a month.

Physicians said this morning that loss of blood and exposure had greatly weakened the man's system and that he was barely able to talk. He was said to have been almost frozen when brought in for treatment.

"Saurday morning is going to be our second meeting, and dues are to be paid as we go in. That's to save sending out letters and bills and passing plates. And Saturday morning will be a big e-vent. Besides the Mickey Mouse show, we'll get to see a Harold Lloyd comedy, and not only that but a regular feature movie-talkie. John Mack Brown is playing in "The Large Pasture," or maybe it's the "The Great Meadow," but anyway it'll be good 'cause our president, Jack Copeland, and that man that sells papers, Mr. Paul Carter, said it would.

"And we're going to have a pie-eating contest and a cracker-eating contest and our own band is going to play special numbers. Too, we're going to have our theme song on the screen and we're all gonna sing it. Aintcha comin'."

MIDDLEWESTERN LIVESTOCK

KANSAS CITY, Feb. 19. (AP) — Hog trade was slow on the lighter weights, 25@ 50c decline in fat lambs prices and some weakness developed on matured killing classes. Outsiders in Chicago purchased a few choice lambs up to 9.00 but the majority of good to choice offerings sold from 8.25@8.75. The supply numbered around 78,200.

Receipts of cattle were estimated at 21,000. Most killing classes were unevenly steady to 25c lower. Low grade killing steers and cheap butcher cattle moved to the best advantage. Chicago had a top of 10.40 on 1,270 lb. steers. Fed steers were within a spread of 6.50@8.50. Most of the fat light yearlings cashed around 6.90@7.50.

FORT WORTH LIVESTOCK

FORT WORTH, Feb. 19. (AP)—Hogs—700; directs. Market 15 to 25c lower; rail and truck top 7.00, good 215 lb. rail butchers 7.00; bulk better grades 170-230 lb. truck hogs 6.85@7.00 packing sows 25c lower, mostly 5.00@5.50.

Cattle—2,300 steady to shade lower; slaughter steers 5.45@7.10, good fat yearlings 7.50; other cattle mostly steady, good fat cows up to 5.00; butcher grades around 3.25@3.65; light weight stock steer yearlings up to 7.75; slaughter calves steady to strong; heavies up to 7.00, other weight averages 6.75 down, cull sorts around 3.25@4.00.

Sheep—200 no rail sheep or lambs offered few truck sales steady; medium to good truck lambs 7.00.

Redistricting

plained. Crosby county, to the east, would be assigned to a district which includes Dickens and Motley and another county.

To the west, Hockley and Cochran counties would be added to a district to include Lamb, Bailey and Parmer counties.

"West Texas counties that have the population are entitled to be grouped together to form one legislative district," Judge Lockhart said. "West Texas will gain a number of new legislators. We feel we are entitled to them because we have the population increase that gives us more representation."

No More Senators

No measure has been introduced in the legislature that provides for a change in the senatorial district. According to Mr. Lockhart, it is probable that there will be more senators in West Texas because of the great increase in population.

"There will not be any more members of either house than there is at present, but the representations will be changed," Mr. Lockhart pointed out. "There can be but 31 senators in the state and that number must be provided for. It means, of course, that in those sections where there is an increased population, there will be smaller districts, while in sections of the state where there was a loss in population, counties will be lined up with other counties. The same thing is true of members of the house of representaties as well as of the senate."

Favors Proposal

In discussing the proposal for the inclusion of Hale, Lamb, Bailey and Floyd counties in the proposed 19th congressional district, Mr. Lockhart said he favored the bill introduced in his house that included that plan.

"Representative Tarwater of Plainview favors the bill that will put Hale county in the Amarillo district," Mr. Lockhart went on. "But I think from what I have heard from that county that they would like to be in this district.

"I know, of course, that Lubbock, 'everybody here", wants Hale county and the tier of counties north of us, in our district. We do feel that we have more in common with them and they with us, than with Amarillo."

Legislative matters are going along in good shape, the solon continued. The body is expected to be in session until May 15.

Mr. Lockhart had some personal matters to attend to in Lubbock and he was excused from attendance upon the sessions to come here. He is returning to Austin today.

indecent, but this was different."

The attorneys led her into a discussion of a scene involving Napoelon Bonaparte, which she termed unedifying.

"That's history," they maintained.

The hearing will be resumed tomorrow.

Charlie Chaplin Besieged By Crowds On London Visit

LONDON, Feb. 19. (AP)—Charlie Chaplin hopes for quiet days during his visit to England, he told reporters today, but if his first day was a sample he will play the lead in a long mob scene.

The little comedian landed at Plymouth this morning on the second visit he has made to his homeland in 20 years, and from the moment the Mauretania cast anchor until he reached his London hotel, and even then, he was beseiged by crowds.

Grain

FORT WORTH GRAIN

FORT WORTH, Feb. 19. (AP)—Dealers reported cash grain still in fair demand here today. Estimated receipts included: Wheat 5 cars; corn, 5; oats, 2, and sorghums, 4.

Quotations ranged as follows, basis carlonds delivered Texas common points, freight paid:

Wheat, No. 1 hard of any protein 78 1-2@80 1-2c.

Corn, No. 2 mixed 70 1-2@71 1-2c; No. 2 white 73 1-2@74 1-2c; No. 2 yellow 73@74c.

Oats, No. 2 red 43 1-2@44 1-2c (dealers also quoted No. 3 white oats delivered Texas group one 42 1-4@44c).

Sorghums, No. 2 milo per 100 lbs. 1.21@1.23; No. 2 kaffir 1.17@1.19.

Cane seed, bulk country run red top, per 100 lbs., according to origin, type, germination and clean-cut, 2.65@2.90.

CHICAGO GRAIN

CHICAGO, Feb. 19. (AP) — Substantial upturns in grain prices today accompanied statements by Chairman Legge of the farm board that he regarded recent news on wheat as rather favorable. Special significance was attached to Mr. Legge's declaration owing to the fact he coupled what he said with an estimate that government sponsored agencies might have as much as 200,000,000 bushels of wheat on their hands at the season's end, July 1. Since purchasing of May delivery of wheat here was believed to be for farm board allies tended also to lift prices.

Wheat closed firm, unchanged to 1 1-4 to 1 3-8 higher, corn 5-8 to 1 1-8 up, oats 1-4 to 3-4 advanced, and provisions varying from 7 cents decline to 5 gain.

Giving momentum to wheat price upturns was word that foreigners were buyers of future deliveries at Winnipeg, and that export bids just under the market were numerous.

Corn and oats moved up with wheat after transient early setbacks resulting from assertions that the time had arrived when a long period of severe weather need not hereafter be feared. Rural offerings of corn, however, were light and primary receipts totaled but 900,000 bushels, against 1,248,000 at this time last year.

Veterans Bill

pressed to a vote the only amendment acted upon — a proposal to confine the loan privileges to the veterans actually in distress. This was shouted down without a record vote as the eager senate ended its day of debate.

Would Cut Interest.

Senator Copeland, democrat, New York, proposed to cut the interest rate from 4 1-2 to 3 per cent to be charged on the loans but he yielded to please to withdraw this so the house bill might be sped to the White House without necessity for a conference.

Early adjournment of the house before the senate could vote prevented the measure from being sent to the White House tonight. The rules require that the speaker sign bills in the presence of the house.

The present law granting the certificates as adjusted compensation to World war veterans was enacted seven years ago over the veto of President Coolidge.

The opposition of President Hoover and the treasury to the measure drew fire from both republicans and democrats in today's debate.

Bond Issue Seen.

Mr. Hoover has said he believed at least $1,000,000,000 will be borrowed by the veterans under the legislation. Under-Secretary Mills said this will require the treasury to float a bond issue.

However, Senators Harrison and Vandenberg, republican, Michigan, insisted there was no reason whatever why the legislation could not be met out of regular treasury financing and without resort to an increase in taxes.

vice men were being serviced through his office daily, objects ranging from hospitalization to compensation.

Vaughn Wilson, chairman of the athletic committee, reported that organization of a city volleyball league had been completed and that two games a week would be scheduled in the league.

Committee Named.

Hampton Spiller and H. D. Woods were appointed as a committee to consider observance by the post Sunday of Arbor day.

Members of the Lubbock post have been invited to attend an observance of George Washington's birthday by the O'Donnell post Monday night. Several local legionnaires indicated that they would attend the affair.

Seven former service men from outside of Lubbock were honored in a burlesque ceremony at Thursday night's meeting. Out-of-town guests totaled 20.

Lubbock men who were guests of the post were:

Joe Hess, J. O. Jones, E. L. Robertson, J. B. Maxey, G. P. Kuykendall and J. D. Carnett.

The program of entertainment included:

Violin selections by Miss Elitabel Tilory, accompanied at the piano by Miss Sue Brown; "nasal guitar" numbers and a Yiddish love song by G. A. Meiser, a member of the post, and selections by the post's vocal quartet.

Last Of 11 Appropriation Bills Get House Approval

WASHINGTON, Feb. 19. (AP)—The last of the 11 appropriation measures received house approval today when the second deficiency bill carrying $59,133,000 for emergency needs was passed and sent to the senate.

Besides providing $23,668,000 for the veterans' administration to to meet disability allowances for veterans, the bill fixed the maximum cost of more than 300 public buildings aggregating $69,940,000. Initial work on the building will begin in the next fiscal year under the $60,000,000 carried in the regular $1,100,000,000 treasury-post-office supply bill.

All-Day Prayer Meeting Slated For City Today

A union prayer meeting of Lubbock Protestant churches will be held throughout today in the chapel of the First Baptist church. Prayer services are scheduled for 7:30 to 11:30 a. m. and 1:30 to 5.30 p. m.

The Church Women's federation, of which Mrs. J. H. Hankins is president, is sponsoring the day of the prayer, which will be observed by Christian congregations in many parts of the world.

Worldwide observance began in 1927 when the day was set aside for intercessory prayer, in which all differences of race, nation and denomination were to be pushed aside. The Church Women's federation sponsored such a program here the year it was introduced.

Several Lubbock churches will be in charge of hours of prayer during the day. Persons may come to the chapel at any time, however, and leave when they wish. There will be prayer, meditation, scripture reading, and short talks.

Lamesa Will Broadcast In Homemade Products Exhibit

LAMESA, Feb. 19. (Special) — Adding momentum to Lamesa's exhibition of homemade products, the Lamesa broadcasting station installed its booth in the exhibit hall today and will broadcast programs of entertainment and home products information continuously.

The number of booths has been increased to 35, and more than a thousand persons are viewing the displays daily. The event will continue until 10 o'clock Saturday night.

The Lamesa Chamber of Commerce is sponsoring the home products exhibit. E. R. Yates is chairman of the merchants bureau.

Dial number for the Lamesa radio station is about 1000.

San Angelo Poloists And Sam Houston Indians Win

SAN ANTONIO, Feb. 19. (AP) — While the San Angelo Rambows started off favored with a four-goal handicap for a lead to defeat the Austin Wonders 16 to 8, the Fort Sam Houston Indians rode down a 10-goal handicap to defeat the San Antonio Blues, 25 to 15, in the semi-finals of the circuit event of the eighth annual southwestern mid-winter polo tournament today.

The Rainbows and Indians will battle for the circuit cup in the final match Sunday afternoon.

Young Corbett Returns To Ring In Frisco Tonight

SAN FRANCISCO, Feb. 19. (AP)—Young Corbett, sturdy Fresno, Cal., southpaw whose record includes victories over two world's welterweight champions, will return to the ring wars here tomorrow night in a new effort to thump his way into a title fight. The Californian will face Paulie Walker, rugged Newark, N. J., boy, in a 10-round bout.

Co-operative electric generating plants have been started in Denmark.

British overseas trade is reported still to be declining.

Committee On Confab Named

R. L. Robertson, President Of Retail Merchants Association Announces Ones To Plan For Convention

Personnel of the steering committee of the state convention of the Texas Retail Merchants association, which will be held here May 25, 26 and 27, was announced Thursday by E. L. Robertson, president of the Lubbock Retail Merchants association.

With Paul Sherrod as chairman, the following will have charge of all general arrangements for the convention: W. W. Rix, R. C. Smith, W. O. Daniels and J. D. Hassell, jr.

According to President Robertson, the committee will be given full authority for all arrangements of the convention and that a number of other committees will be named to serve under this one.

The plan at this time is for the state association to furnish the business program of the gathering while the local association will furnish all entertainment and amusement features.

Authorities On Potlikker Consumption Continue Fight On Crumbling, Dunking

ATLANTA, Feb. 19. (AP)—The constitution today still stood as "firm as Horatious" in its demand that cornpone be crumbled and not dunked in potlikker, but Huey P. Long, Louisiana's governor, senator-elect, and doctor of laws, declined to retreat at all from his vigorous crusading for the dunking technique.

Governors of the southern states and other eminent authorities on potlikker consumption also rallied around their respective banners or maintained a diplomatic middle ground. Governor Henry P. Horton of Tennessee said he crumbled his cornpone, but had no prejudice against those who dunked it.

Sterling Gives Views

Governor Ross S. Sterling of Texas said either dunking or crumbling was good etiquette in great open spaces. He also congratulated both parties on arguing over "potlikker" rather than "some other kind of liquor."

The Telegraph, of Macon, Ga., joined the contest by agreeing with the Constitution in the matter of technique, but not on the subject of taste.

"The cornpone should be crumbled in the soup plate, Doctor of Laws Long to the contrary notwithstanding," said the Telegraph. "The potlikker should be poured upon it. After that has been done, it is all ready to be poured in the hog trough. No human being ought to eat it."

Potlikker, it may be explained, is simply the soup of such things as cabbage, turnip-tops, spinach, and beet-tops.

Wheat Carryover Might Be In Hands Of Government

WASHINGTON, Feb. 19. (AP) — Chairman Legge of the farm board said today the wheat carryover of next July 1, might be almost entirely in the hands of the government-sponsored grain stabilization corporation.

A little later Speaker Longworth announced there was little chance for wheat embargo legislation at this session.

Legge estimated the corporation's holdings at the beginning of next summer's harvest at "possibly 200,000,000 bushels," with half that amount in cash wheat.

Longworth dashed the hopes of the sponsors of the Burtness bill to put a 12-month embargo on wheat and a selected list of agricultural commodities. The bill has Legge's approval.

New Congressional District Taken Up

Possibility of including Hale county in the proposed nineteenth congressional district, as suggested in a proposal now before the state legislature, was the subject of a conference of Plainview and Lubbock representatives Tuesday.

Lubbock citizens who attended the conference at Plainview were: J. B. Maxey Neal H. Wright. W. O. Stevens and R. J. Murray. The group also attended the Plainview Rotary club meeting.

The Metcalfe bill, recently drafted and presented, places Hale, Bailey, Floyd and Lamb counties in the 19th district, along with Lubbock, Crosby, Hockley, Cochran, Lynn, Dawson, Dickens, Garza and other South Plains counties.

A proposition later was made to place Hale county in the North Plains district, expected to retain its designation as the 18th district.

Counties on the South Plains would prefer to have Hale county in this congressional area, the Plainview citizens were told by local men. A more common interest with South Plains affairs is felt to be stronger in that county than with North Plains interests, according to Lubbock residents.

Motion picture exhibitors in South Africa say that within 12 months all important theaters in the county will have talkies.

TIRED WHEN SHE GOT UP

Strengthened by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I used to be as tired when I got up in the morning as when I went to bed. I had fainting spells and palpitation. Of course it was my age. I read a Lydia E. Pinkham booklet and started taking the Vegetable Compound three times a day. I am now a well woman. Three of my neighbors know what it did for me so they are taking it too. I will write to any woman if Lydia E. Pinkham's Vegetable Compound will help her as it did me. I feel like a young woman now and I thank you."—Mrs. H. C. Henry, 286 Fuller Ave., St. Paul, Minnesota.

D. F. Eaton Offers Suggestions On Fat Calf, Pig And Cured Meat Show

Suggestions to exhibitors expecting to participate in the first annual Fat Calf, Pig, and Cured Meat show which will be held here March 27 and 28 have been made by D. F. Eaton, Lubbock county farm agent.

A list of these suggestions will be prepared by the local agent and sent to agents of surrounding counties to be circulated among farmers throughout the South Plains territory.

"We are receiving numerous questions daily regarding the forthcoming show", Mr. Eaton said, "and feel that farmers will be greatly interested in the following suggestions:

Need Not Be Wrapped

"Meat need not be wrapped when it is entered, we plan to wrap it after judging. Ham and bacon are judged in size, shape, plumpness trimming, smoothness, color, external and internal, firmness, texture percentage of lean and fat, odor and flavor. Every piece of meat in the show will not be cut. Only the tops or best pieces eligible for premiums will be cut.

"All canned meat will be exhibited in tin cans. No. 3 cans will be used for the roast. All other canned products will be exhibited in No. 2 cans, Plain tin cans are used for all meat products Send only two cans of each entry. One will be opened and judged, the other placed on exhibit, therefore, only one will be returned.

"Each can should bear the 4-H label carrying the following information: name of product, net weight, name and address of packer. In order to give a working basis, weights should not vary more than a few ounces above or below the following: roast, No. 3 cans, two pounds and four ounces; No. 3 can one pound and four and one-half ounces; liver paste No. 2 can, one pound and five ounces; scrapple, No. 2 can, one pound and six ounces.

"Canned products are usually judged by the following points: packing—fullness, attractiveness, neatness; uniformity—size, shape; color—intensity, evenness; texture—overcooked or undercooked; flavor—characteristic of product; liquid—proportion to product; container—standard, label."

Evidence Of Fixed Price On Crude Oil Is Offered

WASHINGTON, Feb. 19. (AP) — Lack of any economic relationship between the prices of petroleum and gasoline was given to the house commerce committee today as evidence that the price of crude oil is fixed.

A. S. Ritchie, independent oil producer of Wichita, Kan., added to this statement that community of interest between large oil producing, pipe line, refining and marketing companies created a condition favorable to the price-fixing of crude oil at the field.

Ritchie appeared in behalf of the Hoch bill to separate pipe lines from other branches of the oil industry.
