

A&M Exes Plan Annual Muster For April 21

The Annual Aggie Muster of former students of the A. & M. College of Texas who live in Gray, Hemphill, Roberts, Hall, Childress, Wheeler, and Collingsworth counties will be held April 21st in Shamrock to carry on a tradition that is 49 years old.

Scheduled to begin at 8:00 p.m. Monday the 1952 Muster program will be held in the Shamrock High School Cafeteria.

A Muster is held each year by former students of Texas A. & M. to pay their respects to fellow Aggies who have passed on and also as a humble tribute to the Texans who won the freedom of the state at the Battle of San Jacinto near Houston 116 years ago.

This A. & M. Club Muster will be one of more than 375 similar ceremonies held by thousands of former students and friends of A. & M. over the world.

John Coleman, Chairman of the Muster, will serve as Master of Ceremonies for the evening's events. Others scheduled to appear on the program are Coach Dalton Faircloth, Assistant coach at A. & M., Jack Martin, Buddy Risinger, and Grady Harris.

Muster Chairman John Coleman invites all A. & M. men in the area and friends of the College to join in one of the greatest traditions to be found in American colleges and universities.

I. D. Fisher, Retired Farmer, Dies Monday

I. D. Fisher, 76-year-old retired farmer and a resident of Collingsworth County since 1921, died Monday at the home of a son, Edgar Fisher, 28 1/2 North Tyler, Amarillo. Mr. Fisher had been ill for 15 months, and for about eight months he had been with children in that city, although he and Mrs. Fisher still maintained their home here.

Funeral services were set for 2:30 p.m. Wednesday, at the First Methodist Church with the Rev. J. F. Michael, pastor, officiating.

Pall bearers were Grady Van Pelt, Mayor L. B. Bratten, Wallace O'Rear, Frank Anderson, Gurney Jones and G. B. Hopper.

Honorary pall bearers were to be J. A. Leach, Leslie Woodbridge, S. F. Hughs, Mr. Humphrey, Lloyd Sorrells and Jess Tidwell. Flower bearers were Mary Ruth Gentry, Veda Bell Plemons, Hazel O'Rear, Inez Leach and Mrs. Grady Van Pelt. Burial was in the West Wellington cemetery under the direction of the Ellis Funeral Home.

Mr. Fisher was born February 16, 1876, at Saltillo, Tenn. At the age of six, he came with his parents, Mr. and Mrs. Abraham Alexander Fisher, to Texas. For four years they lived in Dallas County, then moved to Brown County, then to Johnson County, where he grew up.

He was married to Miss Lula Toomer 54 years ago in November, in Johnson County. They lived there a year following their marriage, then moved to Brown County, then back to Johnson County (Continued on Page Eight)

Robert Hoffman Music Week Artist Here

Robert Hoffman, pianist and a member of the faculty of the Amarillo Musical Arts Conservatory at Amarillo, has been invited to appear as guest artist in Wellington during Music Week. Mrs. John Holton, chairman of the arrangements committee, announced this week.

The tentative date of his concert is Sunday, May 11. The hour and place will be announced later.

One of the distinguished pianists of the country and a leading artist of the West Texas-Panhandle area, Mr. Hoffman's concert will be among the outstanding musical events of the lower Panhandle area during National Music Week.

The event here is sponsored by the City Federation of Women's Clubs and the Wellington Music Club.

Mr. Hoffman is fresh from a triumphous concert tour of thirty cities in America and Europe.

To Cover Project Show

J. Garland "Cotton John" Smith, Farm Editor of KGNC, will be in Wellington for the Collingsworth County Annual Youth Project Show, April 19.

City Students Invited to National Convention

Wellington High School has been invited by the Columbia Broadcasting System to select one student to attend the national Republican and Democratic Conventions in Chicago this summer, along with students from 400 other schools in all parts of the country. Supt. Charles T. Roberts announced Tuesday.

The broadcasting system has inaugurated this program in view

Attend Panhandle Medical Society

Four doctors from the Jones-Watkins clinic attended the annual District Medical Society meeting held recently in Plainview.

The local group included Dr. E. W. Jones, Dr. C. B. Jones, Dr. E. K. Jones and Dr. Tom Hunter.

Doctors from all 36 counties of the Panhandle District attended. A highlight of the meeting was the appearance of Dr. George Pack of New York City, the country's most able specialist in cancer and allied diseases.

Dr. James A. Odum was elected president of the Panhandle Society.

Game Tourney at Legion Hall Thurs.

A game tournament will be sponsored by the American Legion Auxiliary Unit at the Legion Hall Thursday night, April 17, Mrs. John Bevers has announced.

Games will begin at 7:30 p.m., and canasta, bridge, dominoes and 42 will be played.

There will be a small admission charge and the proceeds will go into the Auxiliary fund for redecorating and repairing the Legion Hall, Mrs. Bevers said.

The public is invited to attend.

Inoculation Program For Students Opened

Inoculation of students in the Samnorwood, Dodson and Quail schools is now under way, Miss Peggy Riggs special service teacher, who supervises the health program in the schools, announced this week.

This is an annual project of the Jones-Watkins Clinic of Wellington. All students who have not previously been inoculated, and whose parents wish them to receive

and report to the Panhandle with news of the show and interviews with personalities on his "Trading Post," "Southwest Neighbors," and "Markets" broadcasts over KGNC.

A renewed appeal went out by letter to a large number of county residents from Mr. Roberts and Dick Wiley, the county chairman.

"You may have contributed already to the Red Cross this year. If you have and you feel that the Red Cross is a useful organization, will you give just a little bit more? If you haven't helped any yet, will you not stop right now, weigh this need and act accordingly?" they appealed.

Several rural communities have not been worked this year, and large numbers were missed in several others. Men and women of these areas who have not been contacted are especially urged to mail in their contributions, or when they are in town, bring them to Mr. Roberts at the High School, Miss Katherine Boverie at the county library, Mrs. Dora Ryan at the county treasurer's office, or Mr. Wiley at the First National Bank.

The boy or girl for this honor will be chosen about mid-May. The selection will be made by a committee made up of two representatives selected by County Democratic Chairman L. A. Manzer; two by Republican Chairman F. C. LeDerer; three social studies teachers of the high school a student from each of the social studies classes, Mr. Roberts and High School Principal Howard Oliphint.

Wellington was chosen to send a student to the two political conventions because of its participation this year in the Citizenship Education Project sponsored by the Carnegie Foundation. Each of the 400 schools across the nation participating in the program was invited to send one student.

The two boys were Cadet Lt. Bobby Jack Watson, son of Mrs. Vesta Watson of Wellington, and Cadet Capt. R. Harry Scott, son of Mr. and Mrs. Ben M. Scott of Amarillo.

Red Cross Drive Open Until \$2,700 Goal Reached

Collingsworth County's Red Cross fund-raising drive will remain open until the \$2,700 goal is reached, Charles T. Roberts, chairman, announced this week.

So far, \$1,949.92 has been raised, leaving the county \$750.08 yet to be contributed.

"The need for Red Cross help is getting more urgent. It is greater even than it was when the drive began. Since the opening date, we have had the disastrous tornadoes in Arkansas and Alabama, and now the floods in the Middle West will bring more appeals for help," Mr. Roberts said.

In the Panhandle area, only three counties have not raised their quotas, Collingsworth, Childress and Hall, local Red Cross officials have been notified.

A renewed appeal went out by letter to a large number of county residents from Mr. Roberts and Dick Wiley, the county chairman.

Boys and Girls Exhibit Projects In Annual Show Here Friday

Collingsworth County's big day for its boys and girls is Saturday, April 19.

Plans for the annual youth project show are near completion, and several features not generally held with the show are planned, Frank Campbell, show chairman, announced this week.

The livestock division of the show will be held on the storage lots of the Greenbelt Rural Electric Co-operative, Inc., across the street west of the community building, and the homemaking exhibits, will be in the community building.

All exhibits, both livestock and homemaking, will be in place by 9:00 a. m. and judging will begin at 10:00 a. m.

Farmers who own purebred or other outstanding breeding beef stock or dairy stock are invited to bring their animals in, according to J. W. Thomas, county agent. These animals will not participate in the show and will not be judged, but the event will offer farmers a good opportunity to show the public what they have.

The boys exhibiting livestock will have the option of selling their stock at auction here or taking them to Oklahoma City to be sold on the open market. "People who wish to support the youths in their project work will have an opportunity to buy the calves or pigs through auction," Mr. Thomas said.

"There are always a few men who want to buy project show animals, and we are giving them the opportunity, but we are not trying to talk anyone into buying."

Another plan is offered. The buyer may take a calf or pig at a premium price, the boy who owns it will go ahead and take it to Oklahoma City and sell it there. The local bidder will then pay the boy only the difference in the market price and the premium price.

The quality of this year's show will be as good or better than the other shows of recent years, officials predict. In the beef class particularly, there will be more dry lot fed animals, the kind of feeding that commercial cattlemen are interested in.

The boys will leave for Oklahoma City Sunday morning at 9:00 a. m., with 50 or more making the trip. A boy doesn't have to take his animal to Oklahoma City to make the trip, but must have an entry in the show. The group will visit the stock yards, packing plants, Oklahoma City Zoo, and the capitol building before returning to Wellington Tuesday afternoon.

Cudd Brothers are furnishing transportation of the stock to Oklahoma City. The Farmers Co-op Gin, the Farm Bureau, F. O. Masten and the Chamber of Commerce are making possible the auction and the trip to Oklahoma City for the boys, while the business men, farmers and ranchers have raised the \$700 premium money to be paid out.

First, second, third and fourth place money and ribbons will be given in the stock division, in the following classes:

Swine, grade gilts, registered gilts, light barrows and heavy barrows.

Dairy cattle: cows, any age, heifers and bulls.

Beef calves: light and heavy (Continued on Page Eight)

Annual PTA Amateur Show Set Friday Night

Singing, dancing, and a variety of entertainment numbers will be offered in the annual Amateur Night program Friday night, April 18, at the high school auditorium.

This is sponsored by the high school and junior high Parent Teacher Associations.

Students from all schools of the county are invited to take part, Mrs. Darwin Nix announced, and entries from each of these is urged.

There will be three divisions, for elementary students, junior high students and high school students.

Prizes of silver dollars will be given the winners of the top three places in each group, with \$3.00 going to the first place winner; \$2.00 to second; and \$1.00 to third.

Pop-corn, pop and sandwiches will be sold during the show.

One of the top entertainment features of the spring season, these amateur nights each year draw big crowds, eager to see the variety of talent offered by the boys and girls of the county.

Earl Tollett was elected secretary-treasurer and assistant manager of Lone Star Builders Supply, Inc., in a recent meeting of the board of directors. In the former office he replaces Mrs. R. Martin Williams, who resigned.

Recently, prior to that time, he was associated with other groceries of the city. In addition to this, he has livestock interests in the county.

At the same time Mr. Tollett was elected an officer of the corporation, he was named assistant manager and made a member of the Executive Committee.

It was also announced that with the election of Mr. Tollett as assistant manager, the company office, located on 8th Street just west of the Fort Worth and Denver Railroad tracks, will be open all day, instead of part of the day as has been necessary recently.

A building program, still under way, has added curing buildings for the concrete blocks, and a new office, which will be completed within a short time.

Attend Precinct Meetings, Voters Urged

Precinct, County Democratic Meetings Set; Chairmen Named

Precinct & County Convention PI Dates of the Precinct Democratic Conventions and the county Democratic Convention were announced this week by L. A. Manzer, chairman.

The precinct conventions will be held in each of the 17 voting precincts of the county on Saturday, May 3, at 2:00 p. m. when delegates to the county convention will be elected. The county convention will be held Tuesday, May 6, with only official delegates from the precincts participating.

In view of the renewed interest in politics, from the grass-roots level on up, it is expected that for the first time in recent years, there will be an active interest in the precinct meetings, which are open to any member of the Democratic party.

Each Precinct Convention can elect as many delegates as it desires to the county convention. The number of votes that the precinct has is not determined by the number of delegates elected. Each precinct is allowed one vote in the county convention for each 25 votes, or major fraction thereof, which were cast in that particular precinct for the party's candidate for governor in the last general election. Each precinct has a minimum of one vote in the county convention regardless of the number of party votes cast in the last general election.

For example, the South Wellington Precinct will have 24 delegates; North Wellington 10; Dodson 3, Quail 3, etc.

Leaders of the Democratic party in Collingsworth are urging all members to attend, and considerable work will be done by individuals seeking to create among county people greatest in politics

at all levels.

Only those elected at the Democratic Precinct Conventions and properly certified as delegates or alternate delegates shall be permitted to vote in the County Democratic Convention, Mr. Manzer said.

The county convention will be held May 6, at 2:00 p. m. in the county court room of the court house. Delegates to the State Convention will be named and the convention is authorized to attend to any other business that may be properly brought before it.

Precinct chairmen for the various precincts are named below, along with the meeting place of the convention, where it has been selected:

Precinct 1, Wellington South Box; Pink Sullivan, chairman; place, county court room of the courthouse, Wellington.

Precinct 1, Wellington North Box; Allen Peters, chairman, district court room, courthouse.

Aberdeen, Precinct 2, N. E. Willard, chairman.

Buck Creek, Precinct 3, L. W. Hartman, chairman.

Samnorwood, Precinct 4, Cecil Brown, chairman, meeting place, Samnorwood high school.

Quail, Precinct 5, Lewis Morris, chairman, meeting place, Quail high school.

Dodson, Precinct 7, Gilbert Hunt chairman, meeting place, high school.

DOZIER

By MRS. E. L. RANKIN

There was an unusually large crowd attending services at the Methodist church Sunday. The pastor, Rev. Bean brought an inspiring morning and evening service.

Rev. Bean and family, Mrs. Bean, their son Frank, daughters Harriett and Hazel, also Mrs. Albert Laycock all of Shamrock were guests of Mr. and Mrs. Ed Brown and Benny for lunch Sunday.

Frank Bean, who has been in school and taking military training, is slated to be sent to Japan in the very near future.

The young people and children of this community enjoyed an Easter Egg hunt on the James Murray farm Sunday afternoon.

Week end guests of Mr. and Mrs. Bill Davis were his brother from Wise County and Mrs. Davis' sister, Mrs. Francis of Plainview.

Among the students home for the Easter vacation were Douglas and Dudley Coleman of Texas Tech, Wendell Phillips also of Texas Tech, Dorothy Phillips of West Texas State, and Claude Caperton, a student of the State Dental College of Houston.

Miss Effie Rankin visited relatives in Quanah over the week end.

The James Throckmorton have built a new bedroom and bathroom on to their home and installed new kitchen cabinets and sink.

Several farmers from this area were among those who visited the 738-acre Purina Research Farm at Gray Summit, Mo. The following day, the visitors were taken thru the Purina Mills and Research Laboratories at St. Louis.

The Jim Clarks have made a small bedroom into a bathroom and had cabinets and a sink built in the kitchen.

Guests in the Elbert Rankin home Sunday afternoon were I. T. Goodnight and wife of Mobeetic and their daughter, Mrs. McBroom and her husband of Pampa.

Last week's rainfall amounted to 1 1/2 inches.

The interesting thing to us about the school election at Samnorwood was the fact that so many people in the district showed an interest in the school by going

to the polls to vote. Nearly 130 votes were cast.

The retiring trustees have rendered valuable service to the school and their services were appreciated. However, we feel confident the new trustees will be just as deeply interested in the betterment of the school and will make efficient board members.

Mrs. P. C. Cummings and Mrs. E. L. Rankin were called to Dallas Sunday night by the death of their aunt, Mrs. A. B. Sessums. Mrs. Sessums was a resident of this county many years ago.

Bobby McCutchen of Pecos, employee of the Tideland's Expiration Company there, spent the week end with his parents, Mr. and Mrs. C. P. McCutchen, and other relatives and friends.

Charles Michael was an usher in a wedding Saturday night in Abilene. He stayed over the Easter holidays in Abilene.

Mr. and Mrs. Tim Hatch and Mike of Lubbock visited in the F. A. Hatch home over the holidays.

Show

Every day, show day or not, you and ourselves realize the importance of proper housing for your livestock. Proper housing is a vital part of your farm business. Sometimes it means the difference between profitable or unprofitable livestock marketing. We are glad to advise with you at any

time on plans for your farm buildings, and we think we are qualified to help you: We are old timers, just as your fathers, in this region: we've profited by experience and we make tomorrow's farm living in Collingsworth County more profitable and more convenient.

Come to see us if you have a farm or stock housing problem. Come to see us if you don't. We're always glad to visit with Future Farmers, Future Homemakers and 4-H members.

Congratulations!

1952 Grasshopper Infestation May Be Light

COLLEGE STATION — Forecasts based on surveys and actual egg bed counts indicate that grasshoppers will not be a threat to crops and pastures in Texas this year. In only a few spots were enough eggs found to rate the areas as threatening, says Allen C. Gunter, entomologist for the Texas Agricultural Extension Service.

The areas are small and are found in the upper northwest Panhandle, in the Trinity bottoms of Ellis and Kaufman counties; in Hill, Falls, Milam, Robertson and Washington counties along the Braos River. In these areas farmers should watch for the early hatches and if the young hoppers show up in large numbers, they should be controlled before they leave the egg bed areas, says Gunter.

Other counties in these same general areas may expect light infestations and some damage is possible. Serious damage may develop in the fall if the weather is hot and dry.

Gunter advises farmers and ranchmen that control measures, if needed, should be used before the grasshoppers leave the egg beds and scatter. Wiping out this year's hatches will reduce the chances for major outbreaks next year, points out the specialist, and from this standpoint, the use of control measures is justified.

For information on the best insecticides to use, Gunter suggests that farmers contact their local county agents. They can also advise on whether control measures should be used.

Stamp to Honor Four-H Clubs

COLLEGE STATION — A 3 cent postage stamp in honor of 4-H clubs is being issued by the Post Office Department, announced Floyd Lynch, state 4-H club leader.

A special observance program will be held at Springfield, Ohio, January 15, when the stamp first goes on sale. On January 16 it will go on sale at all post offices in the United States.

Stamp collectors who desire first-day cancellations of this stamp may send not more than 10 addressed envelopes to First Day Covers, Postmaster, Springfield, Ohio, with a money order to cover cost of the stamps, Lynch said. Place a medium weight enclosure in each envelope and seal the flap.

This commemorative stamp carries the 4-H club emblem in the center. On the right are a 4-H boy and a 4-H girl. A field of small grain is shown in the lower left corner. From just below the 4-H emblem, a country road runs up by a group of farm buildings in the upper left corner.

The stamp is printed in the green color used in 4-H club designs.

Mrs. Homer Holton and Mrs. Mary Marchbanks and daughters spent the week end with their daughter and sister, Mr. and Mrs. Sam Lester and family in Pampa.

Set 1953 Date

Quail Alumni Name R. B. Johnson Association Head

Approximately 225 Quail high school graduates and their guests came from as far distant as Corpus Christi and Albuquerque, N. M., to attend the third annual Quail Alumni banquet Saturday night, April 12, described by officers as the most successful meeting held.

R. B. Johnson of Wellington was elected president for 1952-53, succeeding Jack Brisbin, also of Wellington, who has headed the group for the past year.

Frank Coleman Jr. of Quail was named vice-president; Miss Naomi Neeley of Quail, secretary; and Mrs. Barney Glenn of Wellington, treasurer. Members of the program committee are Mrs. Robert Gosnell and Miss Margie Wilson of Quail.

Musical entertainment was furnished by Miss Claudie Brown and Harold Brisbin of Frank Phillips College, Borger; Curtis Lee, Wayland College, Plainview; and Walter Camp, Dodson. Brisbin is a former Quail student.

A corsage was presented by Mr. and Mrs. Herman Moseley to Mrs. Windell Graham of Corpus Christi, who with her husband, traveled the longest distance to attend the reunion.

No formal program was planned, since officers felt that the visiting and renewing acquaintances would be valued more by the graduates than any other type entertainment.

Special guests at the banquet were Supt. and Mrs. Moseley; Mr. and Mrs. Lewis Morris, Mr. and Mrs. Tom Crabtree, Mr. and Mrs. Noah Cunningham of Whiteface; Mr. and Mrs. George Graham of Wichita Falls; Mr. and Mrs. Z. J. Neeley; Mr. and Mrs. L. S. Riley of Pampa, and R. E. Bradley.

Norwood FFA to Plainview Show

The Samnorwood F. F. A. Chapter was represented by two judging teams at the Plainview Dairy Show on Saturday, April 12. The two teams were dairy cattle judging and dairy products. Competing in the contest were teams from the Texas Panhandle and New Mexico.

The dairy cattle team was composed of Joe Ray Thompson, Billy Ray Alexander and Troy Clark. This team tied for second high team in judging Guernseys. The other breeds of dairy cattle judged were Jerseys, Holsteins, Brown Swiss and Milking Shorthorns.

The dairy products team showed to be excellent in judging the quality of milk and sweet cream

The members of that team were Jimmy Boyd, Thurman Taylor and George Cunningham. This team was third in judging milk and third in the entire contest. The boys also showed their ability in the individual rating. Jimmy Boyd placed third in judging milk and Thurman Taylor was high point man in judging cream. Thurman Taylor was second high individual and Jimmy Boyd was third high individual in the entire contest.

These teams will compete in the contest to be held at Texas Technological College on April 26. In addition to these teams, the Samnorwood F. F. A. Chapter will be represented by a livestock and crops judging teams on that date. All teams are coached by O. L. Christie, Samnorwood vocational agricultural teacher.

4 H CONGRATULATIONS FOR A JOB WELL DONE Since its founding in 1906 The Wellington State Bank has taken an active interest in the welfare of the farmer and the stockman: for it was upon their welfare that our own depended. work they have done this year. You are working for a better Collingsworth County and for a better way of life for yourself. We invite everyone to see the exhibits of these boys and girls that will be on display in Wellington Saturday. So it is that we are glad to congratulate the farm boys and girls on the WELLINGTON STATE BANK

Deck's DIDACTICS

—By Deskins Wells

Saturday is the big day for the boys and girls who are training to live in agricultural communities. It is the time of the annual project show, and the teachers tell me that there will be many interesting exhibits. It is expected to be the best show the boys and girls have ever had. The girls exhibits will be shown in the community building and the boys projects will be on the REA lots just across the street.

Did the cloud seeders have anything to do with our recent rain? Might have at that. Our rain improvement section did receive more moisture than fell farther west. After all, they do not claim that they can make it rain. The theory is that cloud seeding makes more rain when the conditions are favorable.

John Robert and Rusty Henard have bought the Wellington Livestock Auction Company from Joe Rountree and will continue to hold the sales each Monday.

And speaking of the Henards I saw Dan picking over some fishing tackle the other day and he said: "If I were running the paper, I would write a piece about seeing a grown man trotting across the lawn of the Methodist Church with a child's basket of Easter eggs in his hand. Sure looked to me like he had forgotten to do something at the right time."

This has been a remarkable year in athletics for Wellington High School, probably the outstanding all round achievement of all time. Take a look at the records the Rockets have piled up in football, boxing, basketball and track. In addition the girls won the district title in basketball and most of them will be back to play next year.

But what I don't understand is that they make the girls pay

Cleaner, Air Purifier

for their basketball suits. If we can furnish the boys expensive football uniforms, etc., it seems to me that the athletic fund could buy suits for the girls. I don't get it at all.

The problem of the school board is a big one. Something must be done to improve the school facilities of the Negro school in Wellington. Which would you rather do: build them a better school or have the Negro children go to the schools we have on the south side of town? The constitution of the State of Texas, if I understand it, says that we must do one or the other. It is something to think about.

You can skip the rest of this column. It was written for last week, but I threw it aside when the welcomed rains came because it did not seem timely. But since it is about spring, I have decided that it is timely even if we do have some moisture.

It is dry and the wind is blowing and the sand is swirling. So what? Is not this the usual thing for this time of the year about nine years out of every ten? Nature is not discouraged. The birds still flock to the yards where people are watering their expected flowers. Redbuds are in perfect flower and the bees are hovering over the few plants in Wellington in swarms. Mammoth butterflies are on the wing and the lilacs are about to burst into flower. Soon the peonies will unfold their marvelous evergrowing blooms and the corn flowers, larkspur, poppies, iris, and other so called common flowers will follow as the daffodils, hyacinths and violets depart from their season of blooming. After them will come the precious gladioli, roses, dahlias and so on through the entire summer and fall until the petunias, cosmos and chrysanthemums tuck in their heads for a long winter's sleep at the advent of frost.

But this is the most invigorating season of the year to me. It is the real beginning of the year. The dust and wind have nothing to do with it as far as my feelings are concerned. It is the time of the year when the bull covers the cow and the boar takes care of the sow and the butterflies swarm among the blooms of the fruit trees. It is the time of beginning again.

Most old people are good for another year of life if they get through March. There seems to be something connected with the falling of the leaves and the prospect of the dreary cold months ahead

Mr. and Mrs. G. F. Sherrill of Vinson, Okla., are the parents of a daughter born in St. Joseph's Hospital Friday, April 11. She weighed seven pounds and eleven ounces at birth and has been named Beverly Gayle.

Mr. and Mrs. Kenneth Kromer of Vinson, Okla. are the parents of an eight pound eleven ounce son, born in St. Joseph's Hospital April 12. He has not yet been named.

Mr. and Mrs. S. J. Briggs of Wichita Falls are the parents of a daughter, Nancy Sue, born Tuesday, April 8, and weighing nine pounds and two ounces. Mrs. Briggs is the former Helen Brown, the daughter of Mr. and Mrs. J. A. Brown of near Loco.

Methodist Revival Closes Sunday

The revival at the First Methodist Church closed Sunday night, April 13, after an outstanding revival, the pastor, the Rev. J. F. Michael, said.

Baptismal services were held Sunday morning, along with the reception of members into the church. Easter anthems were given by the choir, followed by the Easter sermon by the Rev. Mr. Michael.

Mr. and Mrs. Howard Holton and children spent the week end visiting his brother, Mr. and Mrs. Thomas Holton in San Antonio.

that seems to depress the spirits. But in the spring it is different. By some strange alchemy of nature they perk up and take a new lease on life. This is not the only noticeable thing. Tiny tots just able to walk get an extra shot of energy just as do the young who are approaching the mating stage. It is a time of hope and faith and inspiration. It is Spring.

QUAIL NEWS

Telephone Company Adds New Cable Lines in City

Installation of new telephone cables to the south and east parts of town has been completed, Gene Craig, who is in charge of the plant of the Southwestern Associated Telephone Company here announced this week.

Altogether, 175 outside cable links were added. One hundred of these were put up east of the Fort Worth and Denver Railroad track; 50 went into the Cocks Addition, and the remainder were extensions of existing lines.

These new cable lines will enable the company to give straight line service to businesses and homes desiring it, rather than the party line service necessary in the past, Mr. Craig said.

At the same time, Mrs. C. A. Bradford, chief operator, announced the resignation of two operators, and the hiring of three new girls. Resigning were Mrs. Herman Claude Terry and Mrs. Gaston Williams, both employees of the company for several years. Joining the staff of Southwestern

Associated as trainee operators during recent weeks have been Mrs. Earlene Swope, the daughter of Mr. and Mrs. Ray Clubb; Mrs. June Ann Ingram, the daughter of Mr. and Mrs. V. P. Robertson, and Mrs. Evelyn Carr.

You Grow Better Meat On the Hoof - for better food

Just as you boys know quality in meat animals and you girls in proper preparation and serving of fine foods, we at this cafe know quality in foods, too. That is why so many of you and your parents make our place your eating headquarters in Wellington.

We extend to you our hearty congratulations, which you so richly deserve, on your Youth Project Show.

Congratulations
On Your
Fine Exhibits In

The Youth Project Show

The sound judgement you have shown in selecting and finishing your project or homemaking, is to be commended. You've done excellent work.

You young future farmers recognize the value of the best feed for putting the proper finish on an animal of good breeding. You know the need for good farm machinery in raising a

crop profitably. You, like those off us here at this business, know that quality counts if your operation is successful.

My Job as representative for the Oelwein Chemical Company, makers of Occo Mineral Compound and Occo-Lak, gives me a real opportunity to be of service to you farmers and stockmen in my community.

As an Occo Service Man, my Job is to help and assist you with your livestock and feeding program.

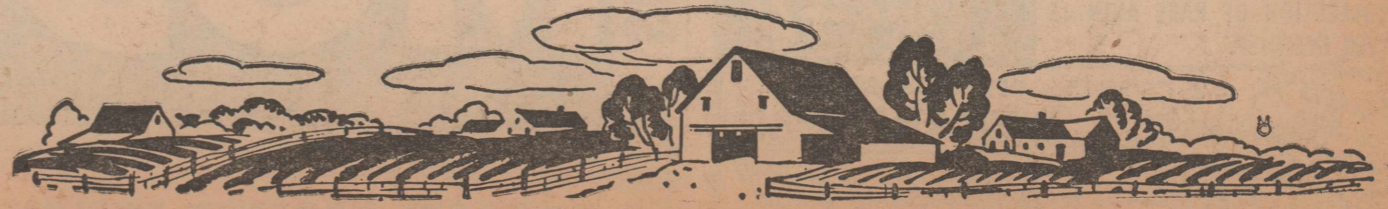

I'll be around to visit you at your convenience.

Speaking for all those who had a part in the Project Show, Mr. Campbell and Cameron Bean, finance chairman, said this week:

"The Youth Project show committee wishes to express its sincere appreciation to those businesses and business men who are contributing to the success of our show and market trip this week end. We know that you realize that the encouragement of our farmers and farm women of tomorrow to do a better job agriculturally speaking is a worthy and important job. Our sincere appreciation to Cudd Brothers, the Cop Gin, Farm Bureau, F. O. Masten, Chamber of Commerce, the Farm Bureau and the business men of Wellington and all others who contributed to the financing of the girls and boys Project Show Saturday, April 19. We cordially invite you out to see and encourage our youth in the Project work."

H. E. Obenhaus - (Continued from Page One)

Mr. Obenhaus, 46 years old, died in a Muleshoe hospital shortly after being admitted. He had suffered a heart attack at his home in Bovina Monday night, April 7.

He was born in Wellington October 1, 1905, the son of Mr. and Mrs. B. A. Obenhaus, now of Muleshoe.

He is the grandson of Mrs. W. T. Obenhaus of Wellington and the late Mr. Obenhaus, who were among the early settlers of the county.

The family lived here until 1925, when they moved to Muleshoe. Mr. Obenhaus farmed there until two years ago, when he moved to Bovina and entered the trucking business.

He was a member of the Bap-

tist Church.

Surviving are his wife, Mrs. H. E. Obenhaus of Bovina; four sons: Wendell Obenhaus of the U. S. Air Force, New York; Kenneth Obenhaus of the United States Navy, Tacoma, Washington; Zane Obenhaus and Larry Obenhaus of Bovina; and five brothers and sisters: Virgil Obenhaus and Mrs. Elmer Eason of Muleshoe; Lester Obenhaus of Lubbock; Mrs. Harvey Brown of Clovis, N. M., and Miss Hazel Obenhaus of Santa Monica, Calif.

Pall bearers for the funeral service were Cash Richards, Joe Moore, Tom Bonds, J. W. Ashcroft and Robert Reed.

I. D. Fisher - (Continued from Page One)

for four years before moving to Collingsworth County in 1921. They farmed in the Swearingen and Salt Fork communities before moving to Wellington about 22 years ago.

Mr. Fisher had been a member of the Methodist Church since childhood, and was a faithful attendant at its services as long as his health permitted. He served as a Sunday School Superintendent many years as a younger man. Interested in schools, he had also served as a school trustee before coming here.

Mr. Fisher is survived by his wife and five children: Edgar Fisher, Mrs. W. O. Sears and Mrs. J. E. Sorrells of Amarillo, Roy Fisher of Skellytown and Mrs. Walter Minty of Sulphur Springs. There are also two brothers, J. F. Fisher and W. W. Fisher of Brownwood, and nine grandchildren. Four children preceded him in death; a daughter in infancy and another daughter, Beulah, in 1940; and two sons, Walter Fisher in 1918 and Earl Fisher in 1922.

Condition of S. R. Pinkston Better

S. R. Pinkston, who has been critically ill in St. Joseph's Hospital following a heart attack 10 days ago, was reported to be a little better Wednesday, after his condition had taken a turn for the worse during the week end.

GREEN

Chiropractic Office

501 1/2 9th Street Just West of First Christian Church

PHONE 526 FOR APPOINTMENT

Dr. Green explaining how interference with nerves that supply the head and face can cause headaches, defective breathing, etc.

THINK!

Think for yourself and reason the proposition in your own mind. What is the logical result when the nerve supply is reduced to any particular organ of the body, or when these vital forces of health are unable to follow their normal channels due to interference?

Chiropractic adjustments not only restore health; they also build health. The old adage; "An ounce of prevention is worth a pound of cure," may be considered trite, but it is sound truth.

The Chiropractic principle briefly stated, is this: The cause of disease is in the person afflicted. Adjustments correct conditions that produce illness.

The junction of every organ in the body is controlled through the brain, by mental impulses, which are transmitted over nerves. Any impingement or pinching of the delicate nerve fibers, interfering with the free flow of vital nerve forces causes impaired or abnormal function. This nerve interference is produced by a vertebral subluxation.

The chiropractor—expert in his knowledge of the spine—locates the point of nerve pressure, and by adjusting the subluxated vertebra, releases the pressure. Normal condition—Health—is the result.

Growers of Champions

Future Farmers--4-H Boys

When it comes to growing a champion hog or calf, you know many things go into his making. Blood line counts, and care counts. But every livestock owner needs a good reliable source of stock remedies, and that is where we come in.

Looking over the fine animals in the show each year, we take pride in knowing that we, too, have contributed something vital to the growth of the champion.

We extend sincere congratulations to the exhibitors, and invite every person in the trade territory to visit the Youth Project Show Saturday.

Reagan-Moore Wedding In Amarillo Saturday

In a double ring ceremony in the Chapel of the First Baptist Church of Amarillo at half past six Saturday, April 12, Miss Jamie Lee Reagan of 2308 Broadway, Lubbock, daughter of Mr. and Mrs. Olin Reagan of 206 North Florida Street, Amarillo, became the bride of Howard Thurman Moore of 2223 Twenty-seventh St. Lubbock, son of Mr. and Mrs. L. A. Moore of here, with Rev. W. S. Sibley of Amarillo, officiating. Before the ceremony "I Love You Truly," "One Alone," and "O Perfect Love" were played by the organist, Mr. Dorman Stanley, and during the ceremony "The Swan" by Saint Saens, Miss Ruth Willis sang "Because" by D'Hardelot; "Ah Sweet Mystery of Life" by Herbert and "Lord's Prayer" by Malotte.

The church was decorated with white ribbons and green ivy tied with white ribbon. The wedding cake consisted of fern and ivy arch backed with candles. The aisle candles were lighted by the nephew of the bride, Kenny Beets.

Mrs. C. L. Hood of Wichita Falls was matron of honor. Mrs. Wayne Timmons of Anton, Miss Eva Guthrie of Lubbock, and Miss Billye Kenneth Freeman of Lubbock were the bridesmaids.

The bride's four attendants wore white taffeta dresses with white net stoles covering the shoulders. Tiny beaded pearls were worn at the neck. Each attendant carried English ivy clusters about a single ten inch candle, and wore a garland of ivy on her head.

J. M. Moore of Wellington, brother of the groom, was best man, while the ushers were Joe Lynn Moore, Benny Moore, brothers of the groom, and Carl Cook, cousin of the groom.

The bride, given in marriage by her father, wore a gown of ice blue chantilly lace over rayon satin. Her lace sleeves came to a point over the hand and the fitted bodice pointed in the front. The

News Letter

From Congressman WALTER ROGERS

COST - PLUS CONTRACTS: Our defense are changed, our entire economy could be in danger. I have particular reference to the cost-plus contracts that are still blighting this country. They are of two general types: (1) The cost-plus fixed fee; (2) The cost plus fixed percentage fees based on a percentage of cost. No one needs to be advised that such contracts encourage spending. In addition, they actually invite all kinds of trick artifices and schemes of a financial nature. In recent proceedings before the House of Representatives it was brought out by Congressman Gore of Tennessee that during the hearings concerning some of the appropriations General Thomas Farrell appeared as a witness. He held

erating the aerodynamic wind tunnel facility at Tullahoma, which is now under construction. General Farrell was hired by ARO at a salary of \$30,000 per year. This of course was quite an advance for General Farrell and no doubt from a personal standpoint he was justified in leaving the government and going to work for ARO. However, when we look into the matter we find that under the cost-plus contract under which ARO was operating, the taxpayers of the United States were actually paying the \$30,000 salary of General Farrell, because the Government was having to pay the cost of the project and this cost included the salary paid by the ARO Corporation to General Farrell. The Committee felt that General Farrell was an able and distinguished man and doing a fine job for the Atomic Energy Commission at his \$17,500 a year salary. This transaction is a perfect example of the fallacy of cost-plus contracts, and it is like a man and wife at an auction sale bidding against each other. It doesn't make any difference which one gets the article, the family bank account will pay the bill. Much more has been uncovered, and I wish space would permit me to include it in this letter.

tic cuts in the budget proposals and the bills are being cut again on the House Floor. There have been several attempts to increase appropriations in these bills, but they have failed miserably. We have just finished with the appropriations for civil functions administered by the Department of The Army. This includes the work of the Corps of Engineers on rivers and harbors, construction, op-

eration and maintenance, flood control, and other related matters. It was very interesting to note the speed with which amendments seeking to increase appropriations in this bill were knocked down as

quick as they were presented. Mr. and Mrs. C. L. Baldford and children of Amarillo spent the Easter holidays with her parents, Mr. and Mrs. J. L. Thomas.

We all understand that there are certain matters that could probably be justified on a cost-plus basis; for example, the contract for construction of weapons that could not be let on competitive bids because of the secrecy of the weapon involved. Another example is the construction of such things as an atomic powered submarine, and other like terms, the actual cost of which cannot be anticipated because it is entirely experimental in nature. However, the great bulk of cost-plus contracts can be done away with and much money can be saved the American taxpayer. This is vitally necessary at the present time because it is one method by which military expenditures can be cut without endangering the preparedness program. You can expect to see quite a bit about this when the Armed Service appropriations bills come before the House. This Congress is going to demand the application of business principles in military expenditures and they are going to get it.

EDITORIAL COMMENT — THE WELLINGTON LEADER
Thursday, April 17, 1952

Attend--Enjoy--The Stock Show Saturday

You are urged to attend the Youth Project Show Saturday. Past years have shown that this is an enjoyable event, one which everyone present likes. It's a high point of the year for dozens of Collingsworth boys and girls, and they are eager that all of us share with them the realization of this ambition.

The work of both boys and girls is notable for the practical approach given it. While the boys are putting a show finish on their livestock, they are also learning to feed their animals from the point of view of the commercial or registered grower—to make money.

OTHER EDITORS SAY:—

The Senate Race With Connally Out

Tom Connally has served a long, long time in the two houses of Congress. When his term ends this year, he will have concluded thirty-five years there, twelve in the Lower House (1917-29), the remainder in the Senate. Whether Texans agree with him on particular measures or not, the state that has ten times affectionately re-elected him Representative and Senator knows that he has served it honorably and for the best as he saw it.

Senator Connally's decision not to seek re-election is, at his advanced years, wise. Each of us at seventy-five is descending the long slope. There are few posts in public life in which any of us can render full service as we near the exceptional forscore mark. These are the years to be spent in quieter tasks than the hurly-burly of political life.

Tom Connally's voluntary withdrawal leaves the field to Price Daniel, whose vigorous campaign launched many weeks ago has gathered astonishing momentum. The Attorney General has had a successful career in this state. His wide acquaintance, gained in the rugged battle for the tidelands rights of Texas, plus an assured reputation for ability and integrity in office, are unquestioned assets.

STRICTLY FRESH

A Boston geologist urges that the northeastern United States to prepare for an earthquake that would make the atom bomb look puny. Could he be warning of the Eisenhower boom?

Yugoslavia is preparing to invite private capital from the West to invest in Yugoslav mines. If Tito changes a few more chapters from Marx, he'll read like "Horatio Alger."

Scientists agree that time measurements for modern atomic work must be more minute than one millionth of a second. Before we go into that, let's find out how long it takes the average citizen to duck.

The State of Maine has hired a psychiatrist to find out why hunters shoot each other. Wonder if he'll turn up any dumb bunnies.

Bible Comment FOR APRIL 20

Solomon's Reign Sees Glory, Then Decay

The national glory and decay of Israel were associated with the glory and decay of one man—King Solomon, man of wisdom, temple builder, consolidator of the kingdom. At the height of his glory decay began to set in, because he had departed from the wisdom he had sought above all else, and from the integrity, humility and religious devotion so manifest in the beautiful prayer at the dedication of the Temple.

It is commonly said that no man is indispensable, but that notion is frequently discredited by the facts of life and history. Great businesses often fail when the founder and controlling figure dies. Battles and wars are lost and the destiny of nations affected when some great leader falls. Flourishing churches dwindle when no one arises to succeed some outstanding pastoral leader.

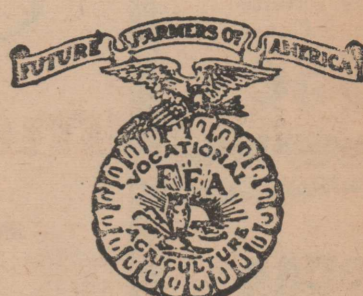

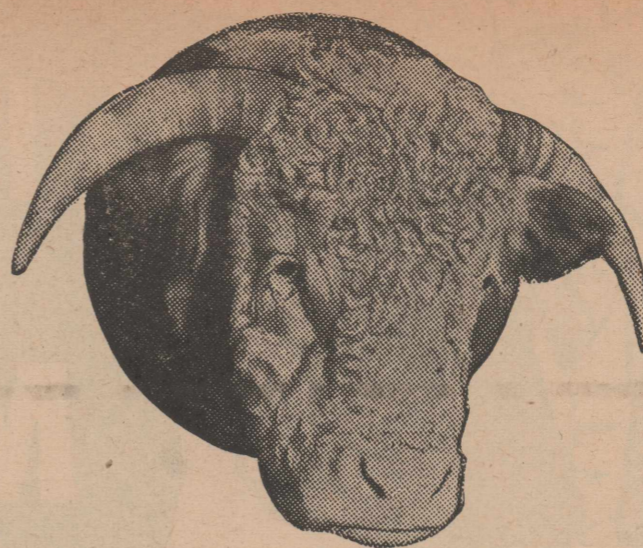

In almost every field in which strength and character count one will find innumerable instances where some who died were really indispensable, and failure and decay ensued because to no arose to take his place.

The sort of strength and character that Solomon represented in his early career was indispensable to a strong kingdom. The outward glory lasted while Solomon lived, but decay began when he departed from the principles of his early reign.

The way was already laid for the rebellion and the division that quickly came in Israel after his death.

The story of the rise and fall of the Kingdom of Israel is instructive and full of guidance and warning for our times. Facts and principles that underlie the welfare of nations and peoples are well illustrated.

Opening chapters of the First Book of Kings tells us of the bitter enmities and violent deaths perpetrated then. It would be a mistake to think that such things are missing in today's world, but we can be thankful that we live in a modern democracy with its attendant freedoms rather than in those times.

SALT FORK NEWS

By MRS. R. H. ISBELL

Sunday was a very good day at Salt Fork. Our preacher, Rev. Doyle Brown and his sister, Miss Patsy Brown and two of their friends Jimmy Culbertson and Billy Geron were with us. Doyle preached a soul stirring sermon Sunday morning and his friend, Billy Geron preached his first sermon Sunday morning and his friend Billy Geron preached his

first sermon Sunday night. The boys were really happy over the revival meeting just closed at the McMurry College. One hundred and thirty-five young people had surrendered to give their life over to the Lord's work. The services during the revival were carried on by the young preachers there studying to be ministers. Other visitors at church Sunday

were Mrs. W. E. Johnson, Mrs. Baird and daughter, Yvonne. We hope they'll come and be one of us from now on.

Mrs. J. P. Cummings visited Mrs. C. A. Wright and Mrs. Maxwell Tuesday afternoon.

Mrs. R. H. Isbell visited Mrs. Morrow Monday morning.

Mrs. Cummings and Mrs. Hallmark are taking care of the Joyner girls while their father gets his land listed. Mrs. Joyner is one of the Quail teachers.

Mrs. Frank Gillespie of Roaring Springs visited relatives in Wellington and out here last Wednesday.

Mrs. J. W. Gollighugh visited her sister, Mrs. Dave Brewer awhile last Saturday.

Jeanetta Gollighugh attended the Easter show Saturday morning.

Dale Needham and Charles Wright visited Clyde Gollighugh Sunday.

Many thanks to the gentleman who have been dragging our roads.

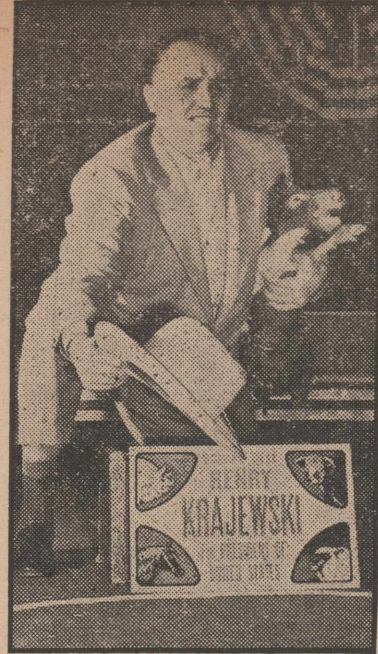

Last Tuesday night this vicinity received a big rain and some hail. We were hoping the rain would stop so much high wind and dust. But it didn't. In just a few hours the top of the ground was dry enough to blow. We had more rain Friday.

Mr. and Mrs. C. A. Wright, Charles and Edna Ellen visited in the Monty Mitchell home last Monday night. We're glad Mrs. Mitchell is able to continue her school activities after her illness.

Mr. and Mrs. C. D. Messer and daughters visited relatives and friends at McKnight last Sunday afternoon.

Rev. and Mrs. Tom Bollon of Dill, Oklahoma, returned her mother, Mrs. Edna Maxwell to her home here last week. Gene Bolton, who has been visiting friends and relatives here, returned with his parents. Gene's furlough is about over.

Mrs. N. A. Simmons of Clarendon, was a recent visitor in her daughter's home, Mrs. C. D. Mes-

John Alf Thomas visited Clyde Gollighugh last Friday evening.

Mr. and Mrs. Ones Jones of Hollis, Oklahoma were Wellington visitors Saturday afternoon.

Mrs. Lee Sanders and Mrs. Eloy Burdine and family drove into Wellington about two o'clock last Saturday morning from Whitesboro. Mrs. Sanders stopped at her brother's home, G. C. Isbell and the Burdines drove onto Ashtola to visit her sister's family, the Earl Tollesons. The group drove back to Whitesboro Sunday night.

Mr. and Mrs. Bill Clifton visited Mrs. Sanders in her parent's home, the R. H. Isbells a while Saturday night.

Mrs. Katherine Brown and children, Jimmy and Glenda Cummings attended church here Sunday morning.

There are two deep breaking plows running day and night in our neighborhood the past few days.

Guests for dinner Easter Sunday in the J. P. Cummings home were Mrs. Ben Morris, Benny and

Sheri Graham, Mrs. J. L. Cummings, Mr. and Mrs. Fred Cummings and family, Mr. and Mrs. Wayne Cummings and son, Mr. and Mrs. Horace Hallmark and boys, Jimmy and Glenda Cummings, Mr. and Mrs. J. W. Gollighugh and Jeanetta called in the afternoon.

Mrs. Hallmark entertained the guests by showing the moving pictures made at the birthday celebration in the Gollighugh home for the Harris's recently.

Mrs. Wayne Cummings is greatly improved from her recent illness.

Ted Isbell is suffering with one of his eyes. Doctors removed a piece of steel from it Sunday morning.

Mrs. G. C. Wright received a lovely white Easter lily pot plant from Miss Ola Isbell of Corpus Christi, for Easter.

Mr. and Mrs. Don Isbell visited his aunt, Mrs. Lee Sanders, a little while Sunday afternoon late in the G. C. Isbell home in Wellington.

Mr. and Mrs. Bill Clifton attended singing in Shamrock, Sunday afternoon. The Cliftons are spending a few days at the Walter Needham home caring for their things while the Needhams visit their daughter and family in Arizona.

A large crowd attended church and the Easter egg hunt after church.

Bro. Doyle Brown and Patsy, Billy Geron and Jimmy Culbertson

drove to Shamrock Sunday afternoon to see a young friend of theirs ordained as a minister in the Baptist church there.

Sincere Congratulations Leaders of our Future

The future of our country's economy, the future of our nation is linked inseparably with our young people.

Their eagerness to accept responsibility wins our admiration. The Youth Project show this week is but one example of this.

The brightest, surest hope for America rests with young people like those exhibiting their projects Saturday. They live in a time of crisis, but they are strong and unafraid. In them lies the much needed courage and future leadership to keep America great and free.

By Propaganda That There Will Be No More Ford Tractors

The Ford Motor Company will continue to produce and Dearborn Motors Corporation will continue, as in the past, to supply any and all needed repair parts for all 9N, 2N, and 8N Ford Tractors.

Ford Tractors will continue to offer all the present advantages of hydraulic control, the present method of attaching and operating implements and all other features responsible for their wide popularity.

The 342-million dollar lawsuit brought more than four years ago by Harry Ferguson and Harry Ferguson, Inc., against Dearborn Motors Corporation, Ford Motor Company, and others was settled for 2.7% of that amount—a payment of 9¼ million dollars.

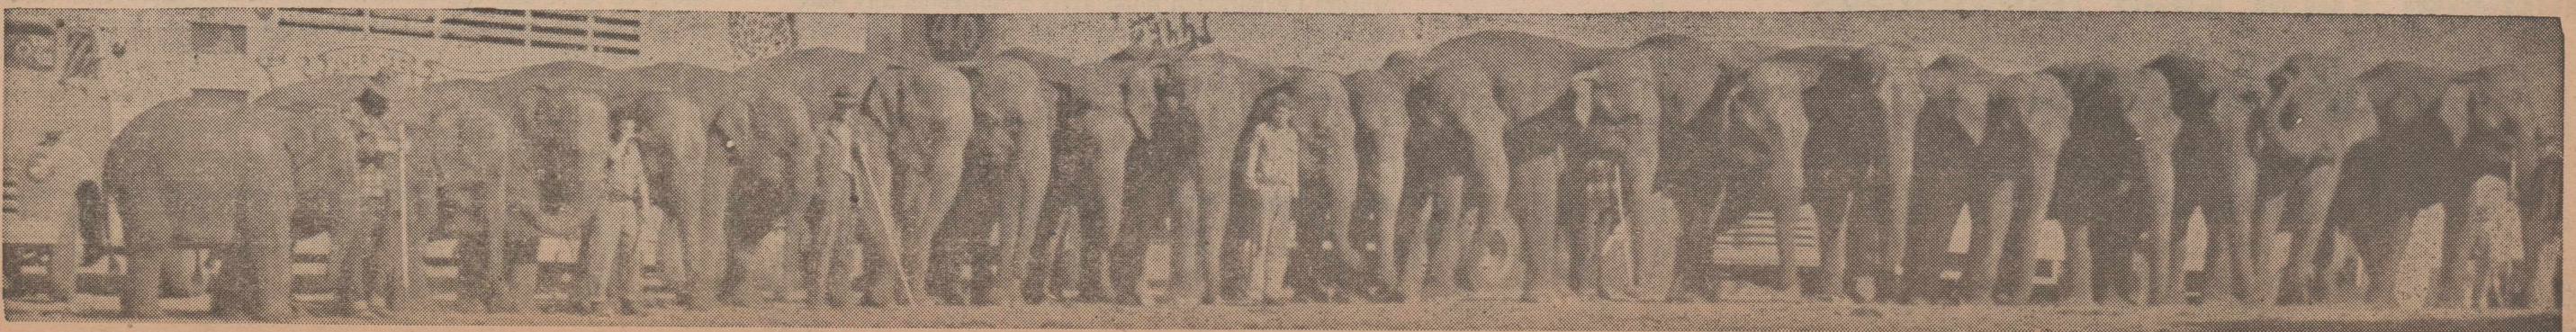

All claims against individuals, as well as all claims of conspiracy, unfair competition and violation of the anti-trust laws against all corporations and

individuals were dismissed by a consent judgment signed in New York by Federal Judge Gregory F. Noonan. The settlement was made solely under some of the patent infringement claims of the complaint.

Satellite suits claiming an additional \$21,000,000 brought by two Ferguson distributors—one in Ohio and the other in Missouri were also dismissed, without any payment by the defendants.

The settlement was paid by Dearborn Motors, national marketing organization for the Ford Tractor and Dearborn Farm Equipment. Ford Motor Company will make certain changes in the means of operation and control of a pump used on the present Ford Tractors. These changes will not affect any Ford Tractors now in use nor any current Model 8N Tractors that the Ford Motor Company continues to produce.

SEED TESTING AND CERTIFICATION — I

Farming today is getting complicated — sometimes it makes a person long for the "40 acres and a mule" of a hundred years ago. But 100 years ago 85 per cent of the U. S. population was engaged in agriculture. Today only 15 per cent of the people are left on the land, and they have to produce enough for all Americans and some for export.

To get bigger yields, we are planting better seeds. But seed testing and certification, while helping us improve the quality of our seed stock, is one more complication in 20th Century farming. Seed samples submitted to the State laboratories indicate there is some confusion as to procedures. The following notes should help clear things up:

"Certified" seed, bearing a Certified Seed Tag, is seed which sets high quality standards. Certification is not required by law.

A grower wanting his seed certified files an application with the State Department of Agriculture and pays a \$10 annual fee, plus a 5 cent to 50 cent fee per acre for most seeds.

"Registered" seed is like certified seed, except that it meets higher quality standards.

More than 1,000,000 bags of high quality registered and certified seed passed into the Texas channels of trade last year.

"Tested" seed is seed tested for purity and germination. It is required by law for field seeds offered for sale.

The State Seed Laboratories in Austin and Lubbock provide free testing for field seeds. Tested Seed Labels cost 1 cent each.

Samples should be identified with kind and variety, name and address of sender, lot No. or other stock identification, year grown, test desired (whether purity or germination or both).

Samples should be 2 oz. for small seed like white or alsike clover; 5 oz. for seed the size of red or crimson clover, alfalfa, rye-grass, bromegrass, millet, flax and rape; 1 lb. for seed like sudan grass, sorghum, proso and hemp, and 2 lbs. for large seed like corn, cotton, cereals and vetches.

The state laboratories tested 14,818 samples last year, and sent out 3,614,088 Tested Seed Labels.

FERGUSON SUIT AGAINST FORD SETTLED!

On April 9, 1952, the United States District Court for the Southern District of New York entered a final judgement, with the consent of all parties, which ended four years of litigation between Harry Ferguson, Inc. and Ford Motor Company and others. It was ordered and adjusted that:

1. The sum of \$9,250,000 shall be paid to Harry Ferguson, Inc. as royalties on Patents Nos. 1,916,945; 2,118-180; 2,223,002 and 2,486,257.
2. Ford Motor Company shall not manufacture, after December 31, 1952, such tractors, and Dearborn Motors Corporation shall not sell any such tractors, manufactured after December 31, 1952, as have
 - (a) a pump having a valve on its suction side, as for example in the present Ford 8N tractor, arranged to be automatically controlled in accordance with the draft of an implement, or
 - (b) a pump for a hydraulically operated draft control system for implement control and a power take-off shaft both driven by the lay shaft of the transmission, as for example in the present Ford 8N tractor, or
 - (c) a coupling mechanism on the upper portion of the center housing, of the form employed in Ford 8N tractors manufactured prior to November 22, 1949; and Ford Motor Company and Dearborn Motors Corporation must affix a notice on any long coupling pins, manufactured by them, to the effect that the pin is sold only for replacement on 8N tractors made by Ford prior to November 22, 1949.

This notice will continue to be affixed until October 25, 1966.

3. The Ford Motor Company and Dearborn Motors Corporation shall have a period of time, expiring not later December 31, 1952 in which to make these changes.
4. All other claims and counter claims are dismissed and withdrawn on the merits.

A copy of the consent judgment is available to anyone interested in reading it.

This settlement between Harry Ferguson, Inc. and The Ford Motor Company resolves the issues. The inventions in their entirety with which this action was concerned will be found only in the Ferguson Tractor and in the Ferguson System in the future.

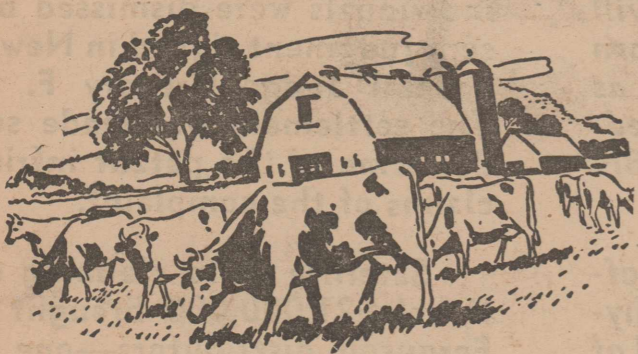

It is fitting that farmers all over the world... and especially in the Americas... shall continue to look to Ferguson for fulfillment of all that these inventions contribute to a greater and more prosperous agriculture. Better implements, better farming practices, more abundant production, and lower farming costs have resulted from the Ferguson System as employed in the Ferguson Tractor.

Now, indeed, the Ferguson with the one and only complete Ferguson System is the tractor that meets more of the needs of more and the farmers more of the time. This can be proved to you at a demonstration on your own farm. Such a demonstration can be quickly arranged by telephone. Won't you call us about it?

IT'S THE LAW
in Texas

SPECIFIC AGREEMENTS
HELP AVERT DISPUTES, BAR SAYS

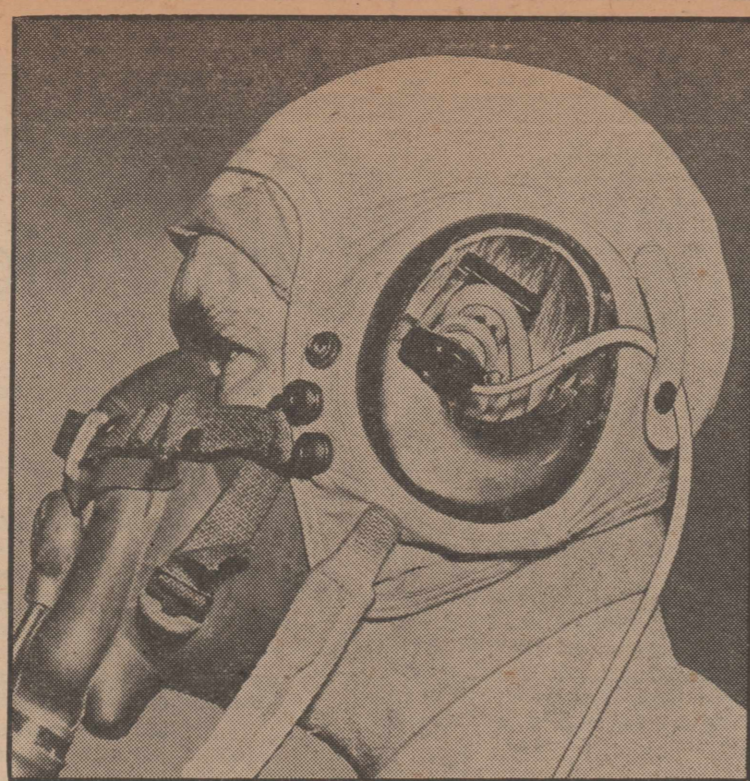

A well drawn contract is designed to avoid the unfortunate disputes which are usually based on honest misunderstanding, and not to let one person take advantage of another. Lawyers agree that one of the most important functions served by the careful execution of a contract is the preservation of business friendship.

Nearly every day all of us are making agreements with our fellow citizens. We base our plans and decisions on the faith that

such agreements will be carried out. The grocer delivers food to us, relying on our promise to pay at a later date. We go to work each day on the faith of our employer's agreement to pay at the end of the week or month. Our whole system of free enterprise and trade is based, to a large extent, upon mutual agreements or promises to do something in the future.

Oral or written, such agreements are usually contracts. Probably the great majority of contracts that we enter into are never put into written form. Generally speaking, you can enter into a verbal agreement that is just as binding as a written contract. The important thing for each party to remember is to make the agreement or understanding perfectly clear whether it is oral or written. Usually you will find that the best way to do this is to put it into a written contract. Exact terms of an oral contract may be difficult to establish if a disagreement arises.

It is easy enough to define a contract as an agreement between

'EAR'S HOW—By using an oximeter, which shines a light through the subject's ear, the Navy can determine the amount of oxygen in a jet pilot's bloodstream. This device aided in the development of survival equipment for Navy airmen who fly in the rarified air and sub-zero temperatures of high altitudes.

two or more people where each of the parties does something or promises to do something in return for the act or promise of the other. The real problem is to be actually certain what each party has agreed to do.

Suppose Mr. Householder has a piece of paper on which is written the heading "Proposal" and which thereafter reads as follows:

"We will build a garage for you on your lot for the estimated price of \$800, work to be done in a workmanlike manner. All of our work is guaranteed to your satisfaction. Subject to the conditions printed on the reverse side."

This is signed by the XYZ Company. Under this signature is the word "Accepted" followed by a line for the signature of Mr. Householder. His question is, should he sign it?

Before he signs it there are some things he should consider. He should first remember that once he and the XYZ Company have both signed the agreement, no matter how informal it may appear, they have bound themselves to the terms as written and cannot later escape the obligations they have assumed.

With this in mind, here are some of the misunderstandings that might arise from such an agreement: The Company has agreed to build a garage — yet nothing is said about the size or type of construction. It has not even been stated whether it is to be a single or double garage. There is no indication in the agreement as to where on the lot the garage will be built. It says nothing about when the work is to be finished. There is no agreement as to whether Mr. Householder is to pay in advance, in installments, or not until it is completed.

Further, they have not actually agreed upon a price. The agreement refers to an estimated price of \$800. They should be specific and make either a fixed price contract or an agreement whereby the builder is reimbursed for his expenses plus a definite profit percentage. Perhaps the XYZ Co. feels that if their expenses are higher than anticipated, they will be able to charge more than the estimated \$800. On the other hand, Mr. Householder probably feels that \$800 is the maximum price he will have to pay.

The most important thing in a contract is to determine the essential elements of performance. This is not as difficult as it might seem. Here is a good rule to follow: As to the acts of each party determine what is to be done,

City Seniors Invited to Hardin-Simmons

ABILENE — Students of Wellington high school are among representatives of 235 Texas schools invited to attend the 28th annual Senior Day program to be held Saturday, April 26, on the Hardin-Simmons University campus.

"Hardin-Simmons University sponsors Senior Day each year in order to acquaint graduating high school students with life on a college campus," Prof. W. C. Ribble, faculty chairman of the program, stated. "Special entertainment has been planned for the campus visitors, and all training and recreational facilities of the university will be open for their inspection."

High schools and junior colleges within a radius of approximately 150 miles of Abilene are expected to send representatives to the all-day program.

Visiting students will tour the university buildings where exhibits prepared by campus organizations and classes will be displayed. Dormitories will hold open house throughout the day. Visitors will be guests of the university at a noon barbecue and at the Saturday afternoon performance of the sixth annual Hardin-Simmons Intercollegiate Rodeo.

Senior day activities will begin at 10:30 a.m. in Rose Field House. Entertainment will be provided by the H-SU Cowboy Band, Cowgirl Band, and a cappella choir. Special performers will include Naomi Zarbock, national VFW baton twirling champion; Doris Crudgington, H-SU vocalist who was winner of Horace Heidt talent competition in Abilene; Mary Jane Smith, accordionist; John Horn, marimba soloist, and the university and varsity male quartets.

"Senior Day is one of the oldest annual activities which Hardin-Simmons traditionally sponsors," Ribble stated.

Mr. and Mrs. H. L. Peters of Amarillo, Mrs. Mason Winegart and Mrs. Jessie Sarrell of Borger spent the week end in the Delbert Morris home.

Mrs. G. Cowan and daughters of Mobeetic and Mr. and Mrs. L. J. Dalloff of Seagrave visited in the Elmer Harnel home Sunday.

Mr. and Mrs. Arthur Lee and daughter, Helen of Abilene were Saturday evening visitors in Wellington. They spent the week end in the Neeley home at Sannorwood community.

Mrs. J. L. Gladney and Mrs. Bill Long of Wellington visited Mrs. G. D. Thomas Tuesday evening.

Mr. and Mrs. Carrol Jones and daughters of Brownfield were week end visitors in the Richard Bealle home.

Mr. and Mrs. H. L. Jinkens visited in the T. A. Treadwell home in Mobeetic Sunday.

Rev. A. G. Roberts, Mr. and Mrs. Haskel Manuel, Mr. and Mrs. Ben Radliff, Miss Wanda Rose Phipps, and Miss Mildred Bealle visited in the Henry Langford home Sunday.

Mrs. Charley Barnett and children, Mr. and Mrs. Paul Davis of Dumas, Mr. and Mrs. Junior Davis of Childress visited in the Homer Davis home Sunday.

Mrs. Mack Horton, Miss L. Dona B. Horton, and Mr. Raymond Barnett were among those who attended the Easter pageant in the Wichita Falls mountains near Lawton Saturday night.

Rosemary and Shirley Horton spent the week end in the Clyde

Brown home at Rolla.

Everyone has been rejoicing over the good rain we got in the Lillie community this week. Old man winter has really visited us during Easter week.

Trio Uninjured As Car Overturns

Three passengers in a late model Ford which overturned near Wellington early Sunday escaped uninjured, but the car was badly damaged, Bob Barnett, deputy sheriff reported early this week.

The accident occurred at the intersection of Highway 203 and U. S. Highway 83.

Mr. Barnett said the driver of the car, Loyd W. Grumpel of Panhandle, told him that he failed to see the intersection until too late to make the turn, tried to drive on straight onto the country road leading east, and his car overturned when the wheels struck soft dirt.

Mr. Grumpel, along with the woman and small baby who were passengers in his car, were brought to St. Joseph's Hospital to be checked for injuries, then dismissed, Mr. Barnett said.

Easter guests of Mr. and Mrs. W. E. King of Dodson were their daughter, Mrs. Ralph Dees, the former Miss Dorothy Faye King, and their two grandchildren, Brenda Kay and Linda Harris, all of Oklahoma City, Okla.

A growing telephone system can't afford to take a holiday. Even as one expansion project is completed, another is under way, whether in the planning stage, engineering, financing or actual construction.

As an example, when a telephone man visits your home to install a telephone, the work you witness may take only twenty minutes. But, the work you didn't see—the unseen groundwork which made that installation possible—could easily have required many months to complete.

You can be sure, each day of the year, that plans for your community's future telephone service are in the making. The gears of telephone progress are turning. The groundwork never stops.

Not "warmed over" but strictly brand new!

You owe it to your pocketbook to drive this Chrysler engine before you buy any fine car today.

It's not a "warmed-over" engine, but a basically brand-new one!

It gives a new kind of performance that means new value for every dollar you pay out for purchase, upkeep, or operation.

It was built brand-new around a hemispherical combustion chamber which makes better use of gasoline, and also permits sounder all-round engine structure, than any American motor car engine has had before.

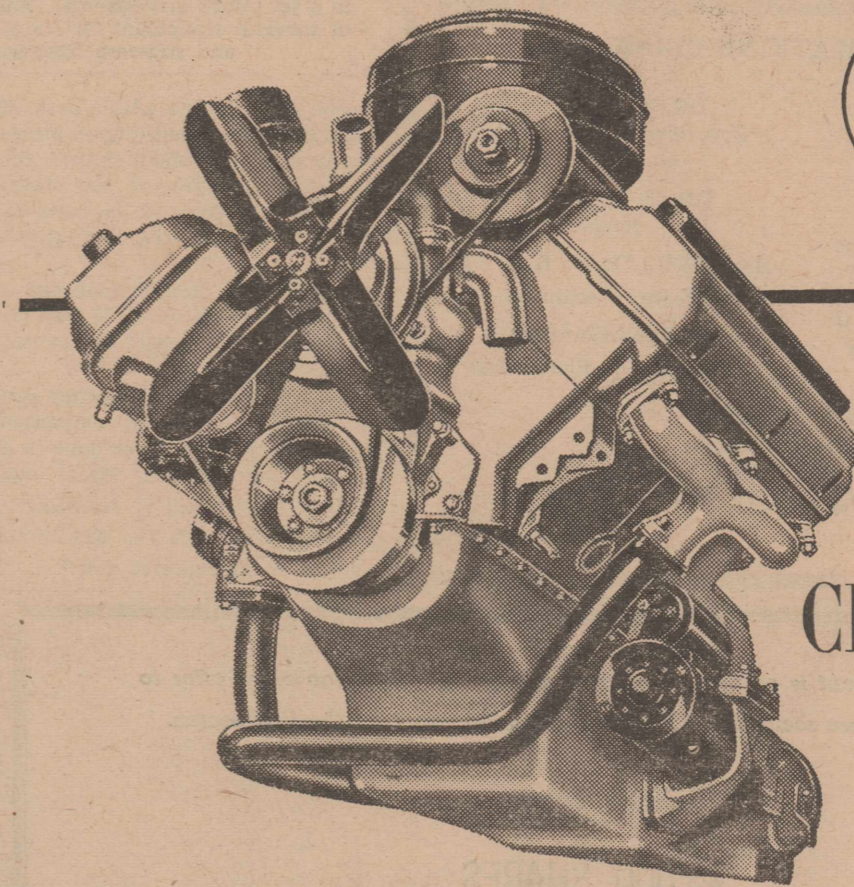

It delivers 180 horsepower... without requiring you to buy premium gasoline. It runs with less waste, less heat, less friction and less wear than previous designs can

equal. Its combustion is so clean it literally develops almost no carbon deposit at all.

It will last longer than any engine you've ever known. It will cost you less along the way. It will stay "young" in performance thousands of miles past the point where an ordinary engine shows old age.

And on top of all that, it makes driving a lot more pleasure! Its smooth response... its safety-power, in reserve for emergencies... its easy scorn for distance or hills... make you just plain feel good at the wheel as you've never felt before.

For the good of your purse and your pleasure too... we invite you to drive it, soon!
