DECREASE FOR WHEAT SEEN IN BELT

BOARD STATEMENT SAY
REDUCTION TO BE 4.3
PER CENT

BY FRANK L. WELLER,
Associated Press Farm Editor

WASHINGTON, Aug. 28. (AP)—The farm board read a message of cheer for its acreage reduction policies last night in agriculture department reports that farmers intend to seed 4.5 per cent less winter wheat this fall than was seeded last fall.

Board headquarters, in the absence of Chairman Legge and Sam R. McKelvie, member representing grain, authorized a statement that the reduction in the heart of the winter wheat belt—notably Kansas—was of particular significance since in that state the bitterest opposition to acreage adjustment developed.

Kansas to Reduce
Kansas expects an acreage only 93 per cent as large as the acreage seeded in 1929. Nebraska, 87 per cent; Oklahoma, 87 per cent; Texas, 95 per cent; Colorado, 93 per cent.

While considered favorable to the farm board's program, the situation in Kansas admittedly is somewhat of an enigma. The reduction in intended seeding there is figured

against the largest acreage in history in Kansas.

Acreage Smaller
According to current estimates a total of 41,392,000 acres of winter wheat will be seeded this fall as compared with 42,820,000 acres actually planted in 1928, of which 40,162,000 acres were harvested in 1929. It is the lowest intended acreage since 1923.

Farmers in 17 of the 22 states growing winter wheat report intentions to seed more land this fall than a year ago, but they are not surplus producing states. With the exception of New Mexico all have harvested larger acreages at some time in the past than in 1929. New Mexico anticipated a 5 per cent increase over her record of 263,000 acres in 1929.

Few To Increase
Almost all the cotton belt states, except Texas and Oklahoma, show intention to increase their acreage of winter wheat from 10 to 50 per cent over the acreage seeded in 1929. Georgia lists the 50 per cent increase, but Georgia harvested only 85,000 acres in 1929 as against 125,000 in 1927.

Nevada and Washington are the other two states indicating a 50 per cent increase. It is not considered so important in Nevada, where 5,000 acres in 1926 was a record, but Washington indicates an acreage of 1,956,000 acres as compared to 1,210,000 harvested in 1929 and 1,424,000 in 1928.

PLAINS COWS TO LOUISIANA
Dawson county farmers recently sold 250 head of one-year old steers and heifers to be fed alfalfa and soy beans grown on old Louisiana sugar and cotton plantations that have declined in production from 47 tons of sugar cane per acre to seven tons in the last 50 years.

LAZZARI GETS TOO ROUGH AGAIN

BASSO CAUSES OPERA PRIMA DONNA TO FAINT
BUT HE CONTINUES; SHE MISSES CALL

CHICAGO, Aug. 27. (AP)—Virgilio Lazzari, the basso, was a bit rough again Saturday and Lucrezia Bori missed her first curtain call of her five summer season at Ravenna.

Mme. Bori, New York's metropolitan prima donna, was singing Flora in the "Love of Three Kings." Lazzari was Flora's father. In the final scene, the father, before singing his exit, picks up his dead daughter, throws her over his shoulder and then lays her down on a bench. But Lazzari was too rough.

Mme. Bori fainted. Those in the wings noticed it but not Lazzari. He finished the aria, picked up Flora's body and strode off stage. There he learned what had happened.

The curtain parted for Bori's call—but she had not yet been revived.
Last January, in the civic opera, Mary Garden in the role of Flora was painfully hurt when the basso threw her over his shoulder in the same manner.

Forest Fire Rages In Idaho Territory

LEWISTON, Idaho, Aug. 28. (AP)—A forest fire raged uncontrolled over more than 600 acres southeast of Grangeville in the Nez Perce national forest today, though fought by 200 men. The foresters were believed to be facing grave danger as the land is dry and vegetation easily ignited.

WELLINGTON IS GIVEN VISIT

LOCAL KIWANIS PAYS
VISIT TO CLUB IN
NORTHWEST AREA

Following a goodwill trip made Wednesday by members of the Lubbock Kiwanis club, a large delegation from Wellington is expected to attend the convention of the Texas Oklahoma district, Kiwanis International, opening in this city next Monday.

Lubbock's delegation to Wellington yesterday was headed by Wade Hardy, Garnet Reeves, chairman of the committee, served as chairman of the program. The principal address was made by J. H. Hankins, and urged that a score or more of the Wellington Kiwanians to be present for the two day convention. Several violin selections were presented by Miss Margaret Halsey, accompanied at the piano by Miss Florence Anderson.

E. C. Cayton, president of the Wellington club, turned the program over to the Lubbock group after Senator Clint C. Small made an address of welcome. Franklin Kean, of Washington, D. C., with Kiwanis International, who stopped off in Wellington on his way to the Lubbock convention, also spoke briefly on the program.

Agreement On River Project Is Nearer

DENVER, Aug. 28. — Material progress looking toward agreement among engineers of the four upper basin states of the Colorado river were reported to have been made today by the conference of engineering advisors to the interstate compact commissioners.

"It was unanimously agreed," said an announcement, "that the use of water for power purposes is already settled by the Colorado river compact which makes such uses subservient to those for domestic and irrigation purposes."

BUS PARTY LEFT BROKE BY OWNER

LITTLE ROCK, Ark., Aug. 28. (AP)—Twenty-five persons, including several women and two babies, were stranded here today, and some had gone without food for two days, the result of a bus line owner's allegedly absconding with fares paid him by the party which left Los Angeles nine days ago for Chicago and New York.

Their plight was discovered in municipal court, where three drivers were exonerated of charges of operating a bus without a permit, brought by members of the party in an effort to hold the drivers until they obtained refund of fares from B. C. Elliott of Los Angeles, owner of the National Stage line. Elliott, the court was told, left the party in El Paso and absconded to Mexico.

The party was due in Chicago last Friday, but a series of mishaps to the bus delayed the trip, causing the passengers to use funds for

food and lodging, and many said they loaned money to the drivers to use for gas and oil and for bus repairs. The party was cared for by city men.

Dietel Announces For Legislature

FREDERICKSBURG, Aug. 28. (AP)—William Dietel, Fredericksburg publisher, announced today his candidacy on an independent ticket for legislative representative from the 48th district opposing Alfred P. C. Petch, ardent supporter of Governor Dan Moody and Ross Sterling, Democratic gubernatorial nominee.

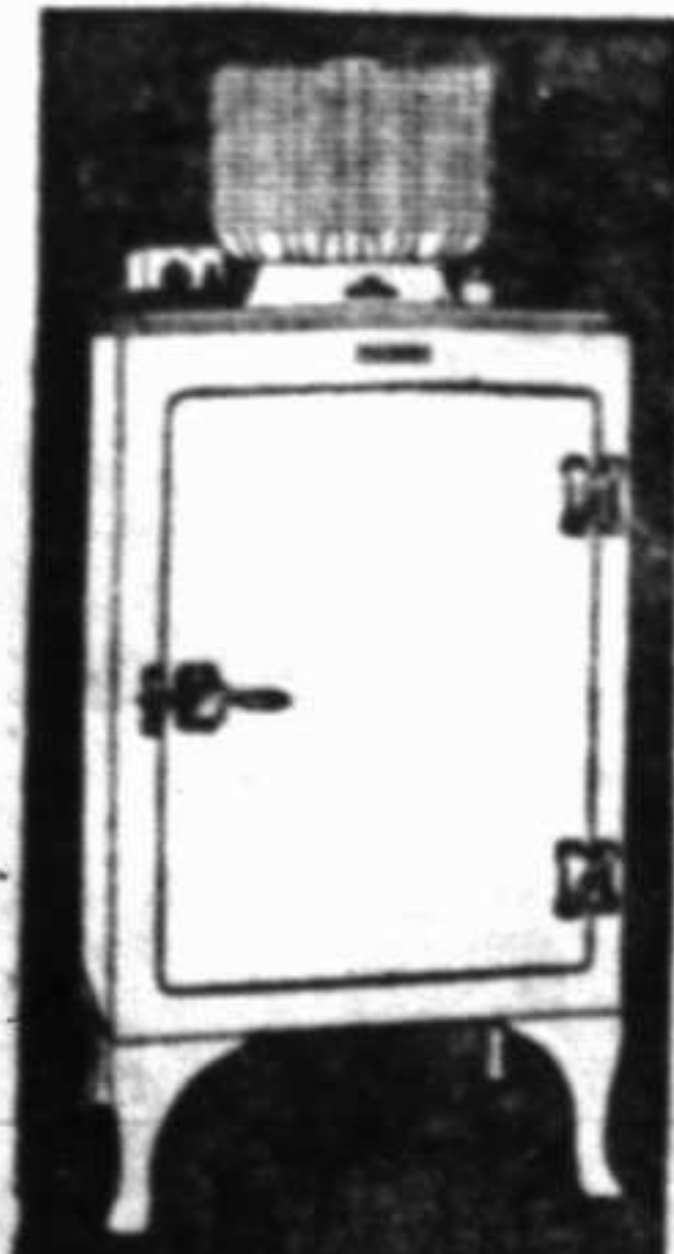

Petch was floor leader in the house for several terms. The district comprises Gillespie, Kendall, Blanco and Llano counties.

The Dietel and Petch publishing companies are rivals here, Dietel publishing an English language weekly and Petch, president of the rival company, publishing German and English language weeklies in which Petch is a columnist.

THE MONITOR TOP SAVES YOU MONEY . . .
BEFORE YOU BUY—KNOW WHY

Own
the refrigerator with the
**MONITOR
TOP** and save money

Join us in the General Electric radio program, broadcast every Saturday evening on a nation-wide N.B.C. network.

SAVE! Buy the refrigerator with the Monitor Top—with its entire mechanism protected from air, dirt and moisture with sealed barriers of steel. The protected mechanism of the Monitor Top is so dependable, so efficient, that it operates at a cost of a few cents a day!

Figure it out—how much you'll start saving the very day the General Electric Refrigerator is installed in your kitchen. Food spoilage is prevented. You save! Waste is eliminated. You save! Milk is kept sweet and wholesome. You save! Meat, fruit and vegetables may be bought in larger quantities when prices are most favorable. You save! Delicious frozen dishes may be made quickly, easily, cheaply. You save! And ice cubes? All you can use!

Today is not too soon to start saving. Our showrooms are open today!

THE HARDWARE DEPARTMENT STORE

NOW! — New and Greater values in Goodyear Tires than ever before!

That headline is strictly true.
Two bed-rock reasons make it true.

One reason is, Goodyear Tires are better right now than they have ever been.

The other reason is, rubber is cheap and consequently Goodyear Tires are available at the lowest prices in history.

People are not slow to seize a chance like this.

They are buying Goodyear Tires at an unparalleled rate.

Their preference for Goodyears rests upon definite Goodyear superiorities in both tread and carcass, the two main parts of a tire.

The Goodyear All-Weather Tread is superior in traction.

The Goodyear Supertwist Carcass is superior in vitality and long life.

You are not asked to believe these statements without proof.

Any Goodyear Dealer will be glad to demonstrate the facts.

And the great fact certainly is this: *More people ride on Goodyear Tires than on any other kind.*

That is true of the people who buy new cars.

It is true of people who buy replacement tires from dealers.

It is true of buses which carry passengers—more transcontinental, urban and interurban buses and coaches operate on Goodyear Tires than on any other kind.

It is true also of trucks—more Goodyear Truck Tires are made and sold than any other kind.

Year after year, throughout the world, the number continually increases. Millions more people ride on Goodyear Tires than on any other kind.

Goodyear values are matchlessly high—tire prices are matchlessly low. This is the year to ride on Goodyears—now is the time to get yours.

SOUTH SIDE SQUARE

SHREVEPORT CLUB MAKES CLIMB TOWARD TOP

ART PHELAN'S CREW WHIPS HOUSTON

SPORTS RIGHT IN FLAG FIGHT; CATS KEEP LEADERSHIP

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

Continuing to tear through the ranks of the southern entries, Art Phelan's surprising Shreveport Sports eliminated their great drive with a double victory over Houston yesterday, 3 to 1 and 10 to 8, to climb over the Wichita Falls Spudgers into second place in the third Texas league race.

Sitting doubly in fourth place a week ago and practically counted out of things, the Sports have come to life to win seven out of eight games on the road and get right in the thick of the flag hunt.

Cats Increase Margin

Only the Fort Worth Cats have managed to match the hot pace of the Sports. By winning their fifth straight at the expense of Waco last night, 12 to 11 in 10 innings, the Kittens increased their margin over the field to a game and a half. Houston, meeting its fifth straight reverse at home, apparently had collapsed, and the Spudgers were having fainting spells. The first half kings had dropped four of their last five, including a double whaling at Beaumont yesterday.

Wichita's wobbly pitching staff suffered more from the Exporters took both ends of their double bill at Stuart stadium, 7 to 5 and 3 to 2. Jimmy Walkup bested three Oiler hurlers in the starter, but had to be yanked in the eighth, after he had been ganged for four runs, including home run 41 for Larry Bettencourt. The nightcap was a real duel, in which Mallett, finally got the better of Florida. A home run by Chick Shiver settled the issue to the satisfaction of everybody except the Spudgers.

The San Antonio cellarers rallied after two were out in the ninth to give the Dallas Steers their ninth successive trimming, 7 to 6. Still, the Steers have won 10 out of their last 19 bouts, which is something.

WILLIAMS PROTESTS BEAUMONT VICTORY

BEAUMONT, Aug. 28.—Carl Williams, manager of the Wichita Falls Spudgers, entered a formal protest with League President Alvin Gardner last night in an effort to nullify the second game Wednesday against Beaumont, which the Exporters won, 3 to 2.

Williams contended that Umpire Dominique failed to announce at the start of the game that it would be seven innings by agreement. No agreement was reached between club managers and no announcement was made, so Williams assumed the game should have gone nine innings.

HUBBERS MOVE TO ANTON

SOUTHLAND, TAHOKA TIE UP IN CRUCIAL GAME TODAY

The Lubbock Hubbers make their first trip to Anton today for a game with the Anton South Plains League team. Although practically out of the pennant race, the Hubbers can do a lot toward elevating themselves from the cellar position with a win today. A loss would almost clinch their hold on the bottom rung. Anton is tied with Brownfield and Levelland for second place at the moment, but cannot hope to rise above third place today.

Southland and Tahoka meet at Tahoka today to decide the leader of the last half of the season. They have been deadlocked for more than a week, and the game this afternoon will declare the favorite for the championship. With only five more games to go before the close of the season, some light should be thrown on the standings with today's games.

In a three-cornered tie for second place, Brownfield and Levelland clash today at Brownfield in a game that will decide third and fourth place occupancy. The teams will meet on a fairly even basis, with the edge, if any, slightly in favor of Brownfield.

Cunday the teams will play at Levelland, Tahoka, and Southland, with the Hubbers going to Levelland.

LOCKHART THANKS MANY SUPPORTERS

Expressing his thanks to many friends for their support throughout the Plains area, Charley Lockhart, of Austin, recent Democratic nominee for state treasurer and member of O. R. Lockhart, local attorney, was in Lubbock yesterday.

"I want the people of the Plains to know that I appreciate more than I can say, their support of my campaign. It was the great support of the West which enabled me to win the race."

In each of the three counties in which Mr. Lockhart has made his home here, he will be met by a large group of friends and supporters.

ROBINS STILL IN FLAG CHASE

ROBINS START TO REGAIN PRESTIGE

CUBS SLIP SLIGHTLY BY LOSING TO PIRATES

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

Brooklyn, which led the National league longer than any other this season is far from being out of the pennant race.

The Robins were dumped out of first place when a tour of the west brought them only six victories in 21 games. Back in their home section they have begun to battle for a place in the pennant race again by trouncing the New York Giants.

Series Deciding

The Robins opened the series with the Giants which may see them go into second place or back to fourth, by slugging out a 7 to 2 victory yesterday and reducing the distance between second place and third to a half game.

The Robins not only gained a game on the Giants and held their own against the oncoming St. Louis Cardinals, but they picked up a lap on the league leader Chicago Cubs. The Cubs found some rough going against the Pittsburgh Pirates and lost the final clash of their series, 10 to 8, in a wild hitting struggle. The first left Chicago 5 1-2 games ahead of the Robins but enabled the Robins and St. Louis each to gain a game, placing them 6 and 6 1-2 games behind respectively.

Cards Beat Reds

St. Louis remained a half game behind Brooklyn by winning its eighth straight game. Soakery Adams, who filled Frank Frisch's place at second base, pulled the Cards through to a 2 to 1 victory over Cincinnati. Adams scored both of the St. Louis runs.

The Phillies, who had lost five straight games, and the Boston Braves, who had lost four, met in the other National league clash and it was the longer losing streak which ended Philadelphia's run 9 to 3.

With the eastern clubs of the American league enjoying a day of idleness, the activity in the junior circuit was confined to the lower-ranking clubs. The Chicago White Sox gained the big triumph of the day, taking a clear hold on sixth place by winning two games from the Cleveland Indians, holders of fourth. The Sox pounded the Indians through to a 14 to 3 victory in the first game, then outlasted the Indians to take a 3 to 4 decision in the second, as Ted Lyons won his twentieth game of the season.

The double victory put Chicago a full game ahead of the St. Louis Browns, who rode through to a 3 to 1 victory in the Detroit Tigers on Walter Stewart's pitching.

UNCLE SAM'S ATHLETES ARE VICTORS OVER GREAT BRITAIN IN DUAL MEET IN CHICAGO; LELAND ON RELAY TEAM

MAJOR LEAGUE LEADERS

BY WILLIAM WEEKES
Associated Press Sports Writer

CHICAGO, Aug. 28. (AP)—Uncle Sam still reigns supreme in track and field athletics—with emphasis on the "field."

Before a crowd of 43,000 spectators the largest ever to watch a track meet on the American continent, the United States, for the third time, defeated the pick of Great Britain's track and field stars in Soldier Field stadium last night.

The event, conducted under artificial lighting, was more impressive than meets held in the day time and provided the throng with one thrill after another as Uncle Sam triumphed nine events to five.

Better In Field

The American team won over the gallant empire team in the same fashion they won the 1928 Olympic games at Amsterdam—by Olympic superiority in the field events. Not a point did the British score in the field, and had their field strength been comparable to their power in the distance races, the United States probably would have suffered defeat.

Eight meet records were wrecked five of them by the Americans. Starting with the 400-yard relay, the opening event the Americans went on to win the pole vault, shot high jump, 480-yard shuttle hurdle relay hammer, three broad jump, javelin throw and mule relay.

The British triumphed in the one-mile relay, the four-mile relay, two-mile relay, two-mile steeple-chase, and three-mile team race.

British Better Distance

While the leaders of the American side were supreme in the field, the British gave them a man-sized lesson in the distance races.

Records started falling in the first event, Russell Sweet, former Montana sprinter, was Co. Leander of Iowa as Christian university's George Simpson, Ohio state comet, and Eddie Toland of the University of Michigan, did 37.5 in the 400-yard relay to defeat Leigh Miller of Canada, W. B. Legg of South Africa, E. L. Page of England and Johnny Fitzpatrick of Canada, a better former mark of 37.8.

With the eastern clubs of the American league enjoying a day of idleness, the activity in the junior circuit was confined to the lower-ranking clubs. The Chicago White Sox gained the big triumph of the day, taking a clear hold on sixth place by winning two games from the Cleveland Indians, holders of fourth. The Sox pounded the Indians through to a 14 to 3 victory in the first game, then outlasted the Indians to take a 3 to 4 decision in the second, as Ted Lyons won his twentieth game of the season.

The double victory put Chicago a full game ahead of the St. Louis Browns, who rode through to a 3 to 1 victory in the Detroit Tigers on Walter Stewart's pitching.

Tennis Tourney Is On In Shreveport

SHREVEPORT, La., Aug. 28. (AP)—Players from four states, Louisiana, Arkansas, Texas and Tennessee, will compete in the 1930 state open tennis championship tournament which begins here Thursday.

Events will be men's singles and doubles, junior singles and doubles and ladies' singles.

The only defending champion in the tournament is Miss Mildred Crow, of Shreveport. She faces Miss E. L. Page of England and Johnny Fitzpatrick of Canada, a better former mark of 37.8.

SHARKEY SIGNS FOR SERIES OF BOUTS

MAJOR LEAGUE LEADERS

BY WILLIAM WEEKES
Associated Press Sports Writer

CHICAGO, Aug. 28. (AP)—Uncle Sam still reigns supreme in track and field athletics—with emphasis on the "field."

Before a crowd of 43,000 spectators the largest ever to watch a track meet on the American continent, the United States, for the third time, defeated the pick of Great Britain's track and field stars in Soldier Field stadium last night.

The event, conducted under artificial lighting, was more impressive than meets held in the day time and provided the throng with one thrill after another as Uncle Sam triumphed nine events to five.

Better In Field

The American team won over the gallant empire team in the same fashion they won the 1928 Olympic games at Amsterdam—by Olympic superiority in the field events. Not a point did the British score in the field, and had their field strength been comparable to their power in the distance races, the United States probably would have suffered defeat.

Eight meet records were wrecked five of them by the Americans. Starting with the 400-yard relay, the opening event the Americans went on to win the pole vault, shot high jump, 480-yard shuttle hurdle relay hammer, three broad jump, javelin throw and mule relay.

The British triumphed in the one-mile relay, the four-mile relay, two-mile relay, two-mile steeple-chase, and three-mile team race.

British Better Distance

While the leaders of the American side were supreme in the field, the British gave them a man-sized lesson in the distance races.

Records started falling in the first event, Russell Sweet, former Montana sprinter, was Co. Leander of Iowa as Christian university's George Simpson, Ohio state comet, and Eddie Toland of the University of Michigan, did 37.5 in the 400-yard relay to defeat Leigh Miller of Canada, W. B. Legg of South Africa, E. L. Page of England and Johnny Fitzpatrick of Canada, a better former mark of 37.8.

W. G. REESE IS BEING BURIED TODAY

MAYOR OF SLATON DIES WEDNESDAY OF LONG ILLNESS

(Special to the Daily Journal)
SLATON, Aug. 28.—Funeral services are being held here this afternoon for W. G. Reese, 47, mayor of Slaton and former railroad engineer who died here Wednesday afternoon at 3 o'clock after an illness of several months.

The services are being held at the Church of Christ with Elder J. E. Mullins, pastor, officiating. Masonic rites will be conducted at the grave in Englewood cemetery. All stores in Slaton are closed during the services.

Mr. Reese was secretary of the Brotherhood of Locomotive Engineers. He was an engineer for the Santa Fe railroad until he retired several years ago, following an accident in which he lost a leg. The widow and three children, two boys and a girl, are the survivors.

C. H. ALVORD

Continued From Page One

organization, cooperation in marketing and proper financing. It seeks to minimize speculation, eliminate waste in distribution and assist in the organization of cooperative marketing by the farmers themselves.

In referring to the Texas Cotton Cooperative association, a district office of which is located in Lubbock, Mr. Alvord explained that this is the only organization in Texas at this time with which the board is dealing. He explained that delay in opening of branch offices in this territory is caused by the fact that movement of cotton has not started here and that offices will not be needed until that movement is started and will warrant the stationing of men in the section.

Cities Cotton Prices
Again speaking of the creation of a market price for cotton, Mr. Alvord stated, "If the United States government were to arbitrarily fix the price of cotton at 20 cents a pound, it would stimulate cotton growing tremendously in foreign countries. No government has ever been able to fix the price of cotton commodities for any length of time. In this connection he called attention to the effort at one time to raise the price of rubber."

The minute the price was raised on rubber by the English government activity in rubber production started in other countries until a competitive market was created and England had to lower the price."

"In your opinion will the Federal Farm Board have any appreciable influence on the price of cotton this season?" he was asked.

"That is rather hard to say," he replied. "You understand that we must have time to work out plans but it is possible that if there was no farm board then there would be no viable market for cotton."

Mr. Alvord, although his headquarters are located in Washington, is a native Texan and his territory as southwestern representative of the Farm Board includes all states west of the Mississippi river.

Calhoun Resigns As District Attorney
AMARILLO, Aug. 28. (AP)—Baird had been trying for years to get away from the role of prosecutor. Clem Calhoun, appointed district attorney for the 84th district after the slaying of John A. Holmes, at Borger last September, yesterday forwarded to Governor Dan Moody his resignation. Calhoun said he would enter the practice of law in Amarillo, forming a partnership with Col. E. O. Thompson, mayor. The resignation was effective at once.

CLYDE OIL MAN VICTIM OF SHOTS
ARLINGTON, Aug. 28. (AP)—H. Christman, 45, Clyde oil driller, was shot four times as he drove along the main street in Clyde at 7:30 o'clock last night. He was in another car, drove toward Arlinton but officers said he did not arrive here. Christman was brought to a hospital here and although his condition was serious, physicians expected he would recover. His attacker was recognized as a man from Cross Plains. Sheriff Everett Hughes left for Cross Plains and said charges would be filed at Baird today.

Three Lubbock Men Attending Session
Three Lubbock representatives are attending a meeting this afternoon at Children in the interest of the drive for members in the Texas Cotton Cooperative association.

The local representatives, R. J. Murray, district chairman, F. R. Friend, local banker, and Gerald Wren, chamber of commerce representative, left this city early today and probably will return tonight.

A large group of business men and farmers are expected to attend tonight's gathering.

Melon Brings \$160 In Arkansas Auction
HOPE, Ark., Aug. 28. (AP)—A watermelon \$160. It weighs 160 pounds and was sold at auction. It probably won't be eaten till the American Legion convention in Boston in October. Plans are to send there with the Arkansas delegation.

TASTELESS, ODORLESS COMPOUND IS BLAMED FOR "JAKE" PARALYSIS IN U. S.; USED IN LACQUER, LEATHER

(By Associated Press)

WASHINGTON, Aug. 28.—A tasteless odorless compound, generally used in the lacquer and leather industries, is responsible, in the opinion of government chemists, for the thousands of cases of paralysis that followed the drinking of ginger concoctions.

The bureau of industrial alcohol

announced today that the "strange poison" is "ortho-tri-cresyl phosphate" and that the "ortho-tri-cresyl" alone caused the paralysis which has been particularly serious in the south and west. The body, the investigators said, acted chemically on the compound in such a way that it "split," and the poisoning resulted.

WILSON EXPLAINS

(Continued from Page One)

errors in the future.

"Many of these errors are caused through double rendition and where a suit is brought by reason of error on the rolls no cost will be charged against the property owner for any officer and the suit will be promptly dismissed when the correction is made."

"In some cases the tax rolls show property delinquent for as many as seven years back and have been carried forward on the rolls because of double renditions. This condition will continue to exist and grow worse unless the corrections are made. I am willing to assist in any reasonable way to help eliminate these errors."

LON CHANEY

Continued From Page One

Berry, George Hill and Edgar Selwyn.

To Suspend Work
The entire motion picture industry arranged to suspend work at 3 o'clock, when the funeral cortege was due at the cemetery, to honor his memory for two minutes.

All business activity in every Metro-Goldwyn-Mayer office throughout the world was ordered stopped for two minutes.

At the local M-G-M studios, where Chaney was shortly to have begun his second talking picture, the United States marine corps reserve, of which the actor was a member arranged to lower a flag and fire a salute as taps was sounded in his honor.

Numerous dead mutes were among those who came to the chapel, Chaney having been an especial hero to them, not only because one or two of his most memorable screen characters were thus afflicted but because both his parents were deaf and dumb.

A touching sight at the chapel was the grief of a battered veteran of the world war, on whose breast gleamed row upon row of decorations. Throughout the day this veteran, Sergeant Frank McCloskey, kept vigil beside the casket, near which was his own floral offering.

McCloskey met Chaney seven years ago. Chaney sent McCloskey to a hospital for an operation which partially cured his paralysis.

MOODY'S PLAN

Continued From Page One

state will contain the provision that the contractors employ their labor in the section where the road is being constructed whenever such employment is feasible. Moody said.

GEORGIA EXECUTIVE GLAD TO COOPERATE
ATLANTA, Ga., Aug. 28. (AP)—Deciding that he was glad to cooperate in any plan designed to aid cotton growers of Georgia and the south, Governor L. G. Hardman today telegraphed Governor Dan Moody, of Texas, suggesting a conference of governors of southern states and business men and farmers, to discuss the cotton situation.

The governor's telegram was in answer to one received from the Texas executive yesterday, urging a "buy-a-bale" movement in cotton at a price not under fifteen cents per pound. Governor Hardman suggested that the meeting of governors be held in Atlanta.

HOLLOWAY MAY NOT JOIN IN MOVEMENT
OKLAHOMA CITY, Aug. 28. (AP)—Governor W. J. Holloway may not join Governor Dan Moody of Texas in his "buy a bale of cotton" movement, it was indicated today.

Dr. H. G. Bennett, president of Oklahoma A. and M. college, advised the governor it would do little good to take a few bales off the market. Several million bales must be sold to have the desired effect, Dr. Bennett said.

While some purchasers might buy a bale at more than the present market price and "forget it," most buyers would put the cotton back on the market within a few days, Dr. Bennett said.

Extension Of Time On Line Is Asked
WASHINGTON, Aug. 28. (AP)—The Gulf and West Texas railroad asked the interstate commerce commission today to extend from 3 to 6 months the time authorized for beginning construction of a line of road in Gillespie, Mason, McCulloch, Concho and Tom Green counties.

The commission already has authorized the construction to begin October 1 and to be completed by September 30, 1932. The extension was requested because of negotiations for purchase of the road by the Southern Pacific.

ALLEN IS IMPROVED
WICHITA, Aug. 28. (AP)—With considerable improvement reported today in the condition of Senator Henry J. Allen, his physicians said an operation had been postponed indefinitely.

TELEVISION IS PRESENTED

FIRST PROGRAM GIVEN AT CHICAGO PROVES TO BE A SUCCESS

(By Associated Press)

CHICAGO, Aug. 28.—Television as a form of entertainment made its first bid for middle western favor last night.

A program which included music, a boxing bout a motion picture and speeches, was broadcast from station WCKAP, the Chicago Daily News, with WMAQ, the Daily News radio station co-operating.

Test reception at various points within the potential service area of the station was reported good in all instances. Newspapersmen, radio experts and public officials attended a session at the Edgewater Beach hotel, 30 miles from the transmitter, and found that even the fast action of the boxing bout was clearly delineated. Atmospheric conditions during the test were unusually good for this season.

KIWANIS

(Continued from Page One)

planning for entertainment of the 1,200 to 1,500 visitors who are expected from the two states.

To Arrive Sunday
Vanguards of convention delegates are expected to start their trek into the Hub City next Sunday and through the conference proper does not open until Monday morning, entertainment will be provided for the early arrivals. Sunday afternoon, beginning at 4 o'clock a motor tour of the city in which all the principal points of interest will be visited, is scheduled.

Sunday night's speakers for the convention will occupy pulpits in practically all of the churches.

Entertainment Planned
Some of the most notable speakers of Texas and Oklahoma will be included on the program of the two day affair. Aside from the regular programs, dances, bridge, golf, stunts, theatrical parties, etc., have been listed for both day and night. Another feature will be a trip to the Oklahoma caverns, a special train having been chartered for at least 20 Kiwanians.

Entertainment at Lubbock has been arranged at the chamber of commerce, Rotary, and Lions clubs of that city.

Harold Duncan

(Continued from Page One)

kicking him when he was down, like he did my sister."

The elder Duncan said it was "a good fight while it lasted."

The two battlers and their companions left the cafe before police were summoned and early today no complaint had been filed. Efforts to reach Lease were unsuccessful.

Charles Eaton, manager of the cafe, said the fight was brief. He agreed, however, that Duncan "floored" the actor and that the latter was cut up and had a "black eye."

Last July Lease was jailed on a complaint filed by Vivian Duncan, the dancing actress alleging he struck and kicked her when she refused to enter the home of a mutual friend with him. Lease paid a \$50 fine after pleading guilty to a battery charge but insisted Miss Duncan "hit first."

Boyish Jungle Hunt

Results In Death

LOS ANGELES, Aug. 28. (AP)—A boyish search for adventure in the artificial jungle of Luna park zoo brought death to 12-year-old Alfred Hill.

Climbing a fence about the jungle, Alfred was pounced upon by a tiger that ripped his scalp and arm with sharp claws. The injuries, at first thought to be minor, proved fatal during the night.

Sterling Honored By His Neighbors
HOUSTON, Aug. 28. (AP)—Neighbors of Ross Sterling, gubernatorial nominee, gathered at his Bay Shore home at LaPorte last night and paid simple tribute to their most distinguished fellow citizen.

Farmers, merchants, oil field workers and wealthy Bay Shore summer residents rubbed shoulders in place in the Sterling home and congratulated him on nomination for governor.

Nail Picker Being Used On Lynn Roads
TAMOKA, Aug. 28. (Special)—The State Highway Department's nail picker has just completed work over Highway 8 as far south as Lahoma and Highway 84 from Post west through Tahoka and Brownfield and on to the New Mexico line. Almost 2,000 pounds of nails, iron, and other scrap metal that would damage automobile tires have been removed from the highways in Lynn county alone.

Wester Calls For Return Of Boxes
With the county Democratic executive scheduled to meet Saturday for the purpose of canvassing the returns of the August 23 primary, J. E. Wester, chairman, stated today that only about half of the boxes had been returned by election officers. He requested that the other boxes be returned today or tomorrow.

The committee will convene at 3 o'clock Saturday.

JEWELL HEADS G. A. R.
CINCINNATI, Aug. 28. (AP)—James E. Jewell of Fort Morgan, Colo., 83, today was elected commander-in-chief of the Grand Army of the Republic for the ensuing year.

IT'S THE GUM

in GASOLENE

that STEALS your POWER

Use KOOLMOTOR

Harmful gum has been removed by the special mini-gum process

ONE REASON why Koolumotor Gasolene delivers full power from the moment you start your car is because it has been freed from harmful gum.

Excessive gum in gasolene causes a sticky deposit to form on the valve heads. When you step on the gas to get more power your valves have to struggle to get free...like a fly stuck on a piece of flypaper. This causes loss of compression and "missing" cylinders.

The gum content in Koolumotor Gasolene has been reduced to a harmless minimum through the special Cities Service mini-gum process. This makes Koolumotor Gasolene clean and free-burning and protects your engine against sticky, gummy valves.

You'll actually feel new freedom of operation and new power when you fill your tank with this cleansed fuel.

Why not do it today...there is a Cities Service station or dealer nearby.

CITIES SERVICE OIL COMPANY
a subsidiary of
CITIES SERVICE COMPANY

HIGHWAY WORK 'LOST' CITIES REVEAL IS ASKED

HOLLOWAY IS TO BE PETITIONED FOR BIG PROGRAM

(By Associated Press)

OKLAHOMA CITY, Aug. 28.—Governor W. J. Holloway will be asked to call a special session of the legislature in the near future to consider a proposal that \$15,000,000 be made available immediately for highway construction, it was indicated here today.

Ira A. Hill, Republican gubernatorial nominee, said today after receiving a formal opinion from the attorney general that he would confer with Governor Holloway concerning the session. An effort will be made to hold the conference when the governor is expected to return from Texas.

The attorney general said today in a formal decision, issued after a second conference with assistant attorney general, that the only manner in which Hill's plan of issuing \$15,000,000 in shorter notes for highway work this winter could be legally carried out would be through submission by the special session of the proposal to the voters of the state.

Because the general election is set for November 4, a call for a legislative session would have to be set almost immediately, Hill said.

CONNALLY ISSUES THANKS TO BOARD

MARLIN, Aug. 28.—United States Senator Tom Connally has telegraphed his thanks to Chairman Alexander Legge of the Federal Farm Board and to Commissioner Carl Williams for having increased the loan value of cotton to 90 per cent.

He had asked the farm board and the secretary of agriculture urging

LINDBERGH BEACON, MAN-MADE SUN, SHINES FORTH FROM ATOP PALMOLIVE BUILDING IN CHICAGO'S LOOP TO LIGHT UP AIRWAYS HUNDREDS OF MILES

CHICAGO, Aug. 28.—Chicago last night winked at the moon as the Lindbergh beacon, most powerful guide for aviators known to the world, was turned on by President Hoover, sitting at his desk in Washington.

The beacon, invented by Elmer A. Sperry, famous New

York inventor, now dead, shines forth from a specially built tower above the Palmolive building in Chicago's loop.

Its light is so bright that an aviator, close to the ground, can read a newspaper by it at a distance of between 50 and 75 miles away.

It has a range equivalent to the distance between Chicago and Cleveland but after that melts off into space due to the curvature of the earth. It is visible in good weather 250 miles away.

Two billion candle power, said to be the greatest focus of light

energy ever yet gathered together on a single reflector, fires the man-made sun.

The light of the blue-gray beam is equal to one square inch of the sun's brilliance.

A second beam, of 1,100,000, 000 candlepower, remains fixed upon the municipal airport as a guide to aviators.

TOLEDO, O. (AP)—Discovery of new archeological records covering approximately 5,000 years from the earliest days of civilization to the time of Christ is reported by the expedition of the Toledo Museum of Art and the University of Michigan in Mesopotamia.

The expedition's findings have been made on the site of Seleucia, Opi and Akshak, three ancient cities which flourished in the order named, on a single site on the Tigris river, not far from the city of Bagdad, in Persia. They were destroyed, buried and forgotten.

Accounts of the expedition's work were given here by Prof. Leroy Waterman, chief excavator, and by Blake-More Godwin, director of the Toledo Museum of Art.

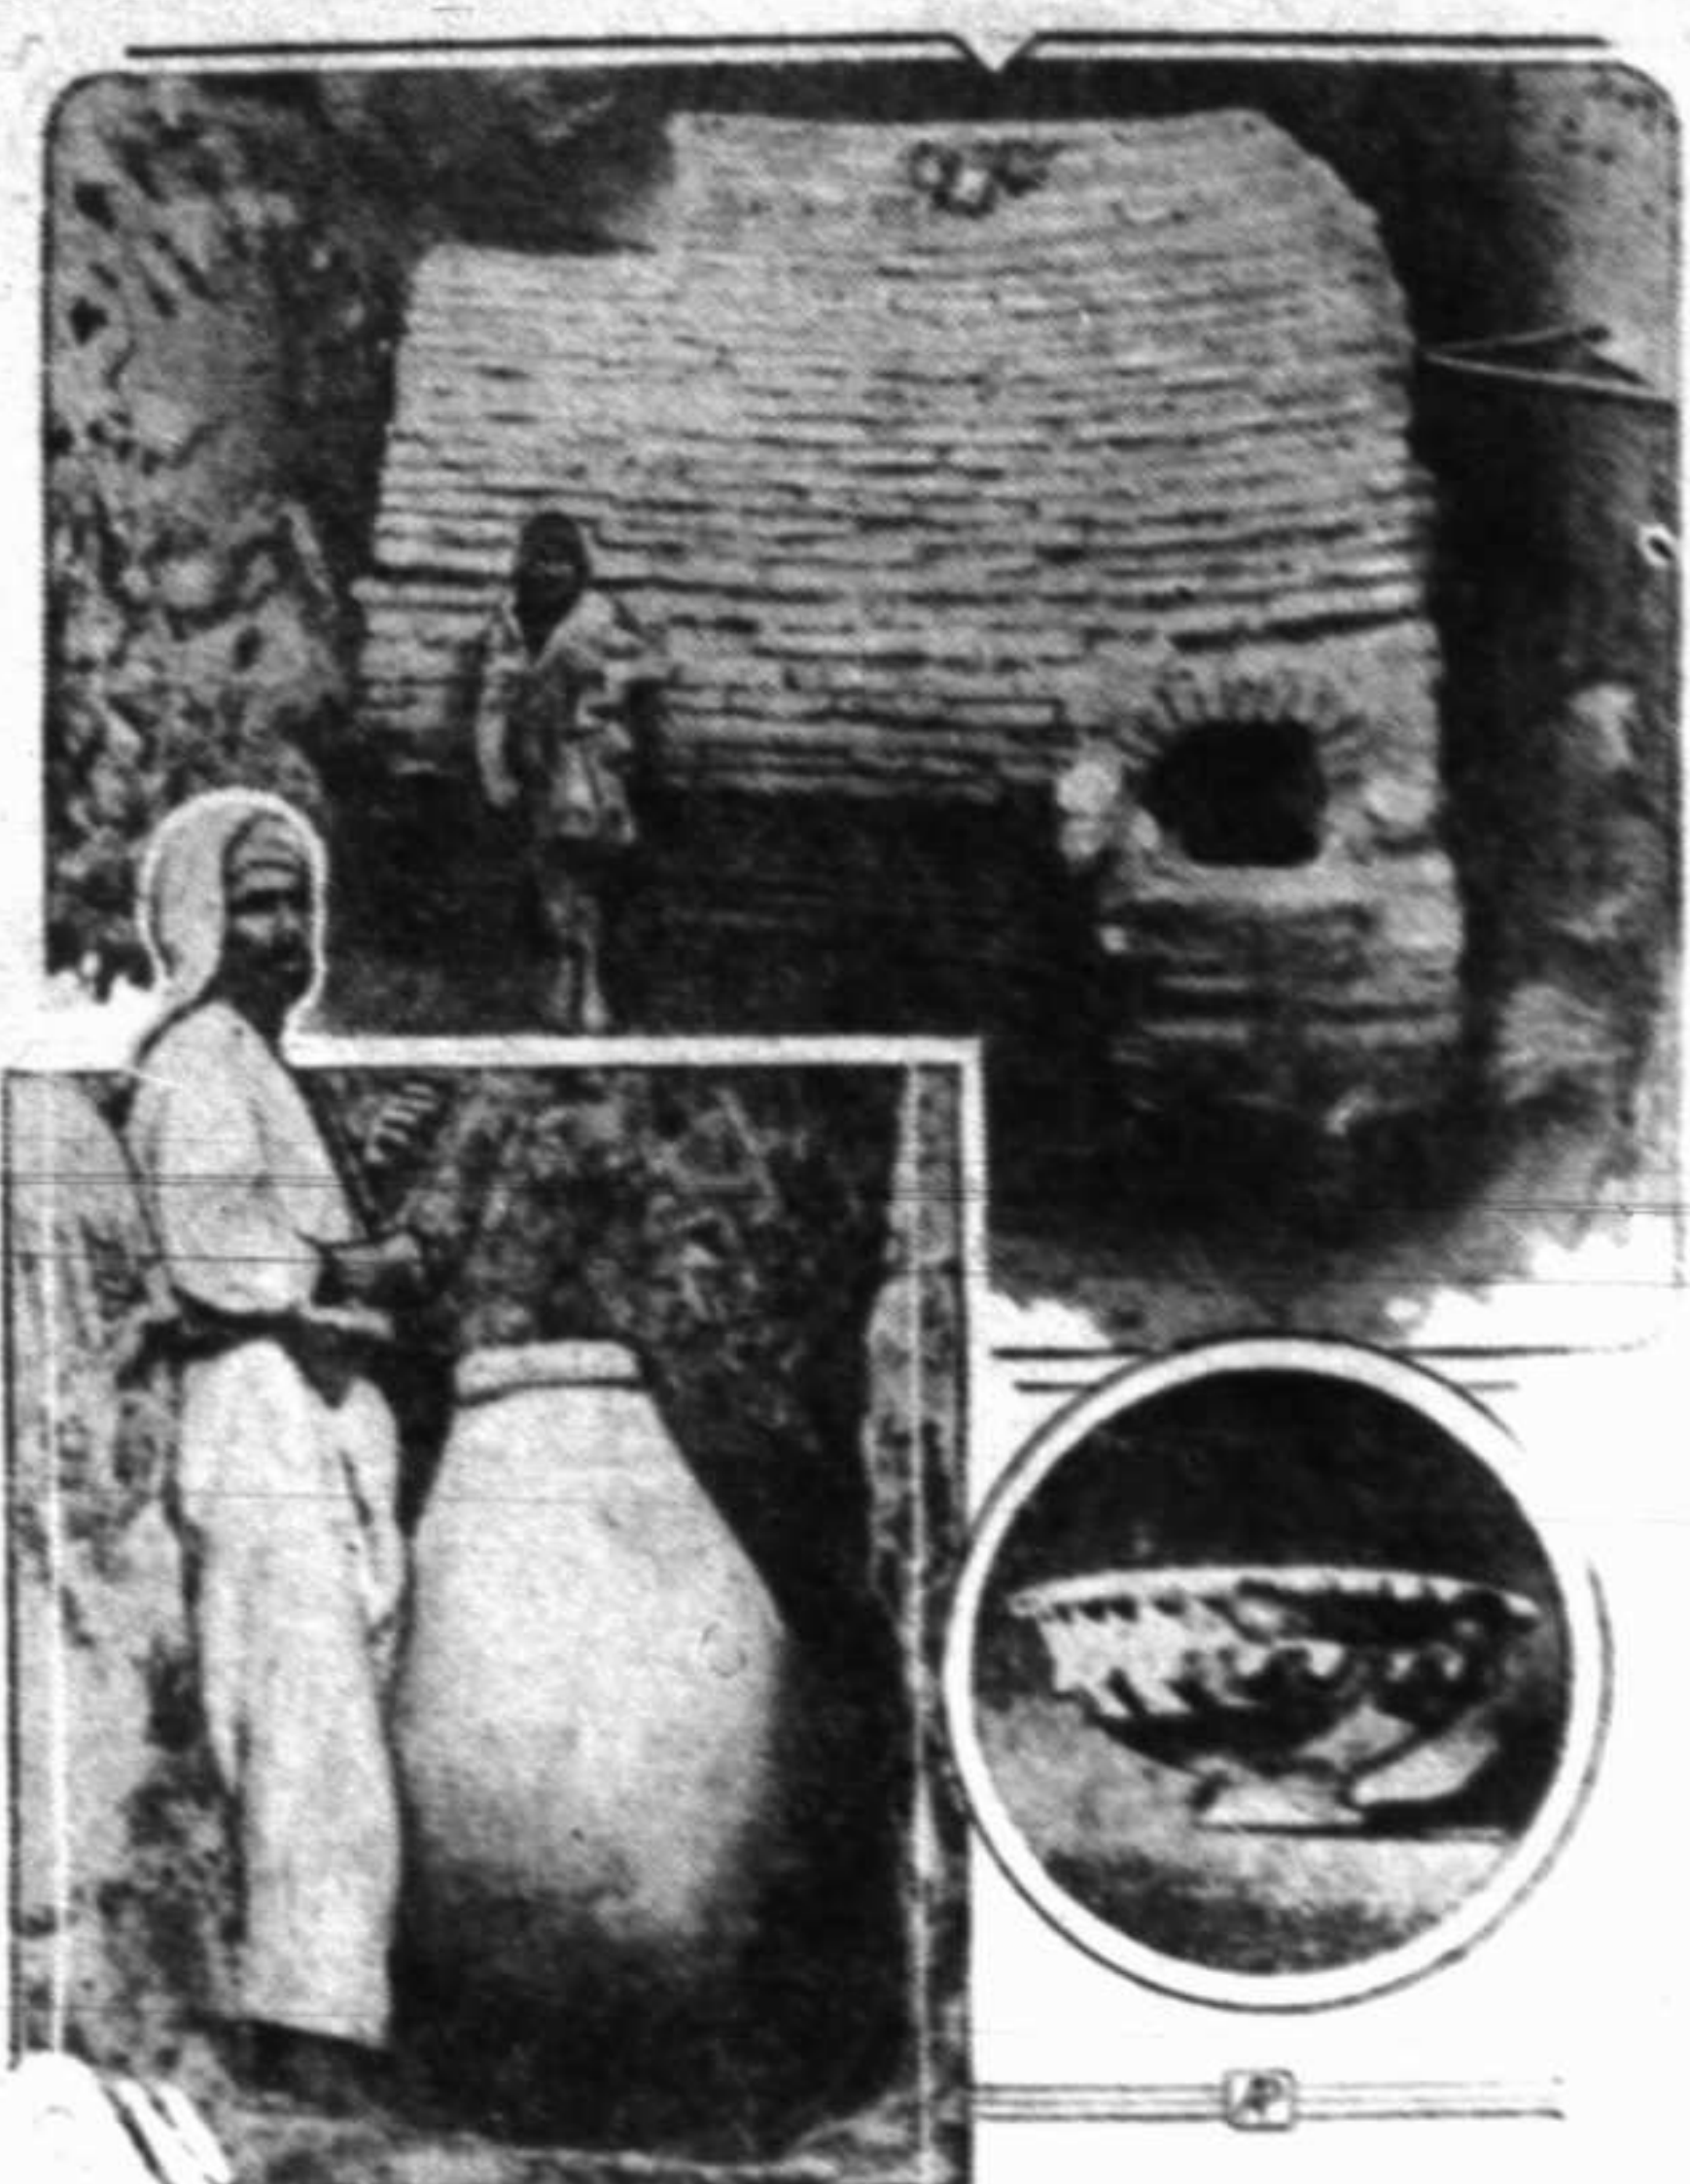

Prof. Waterman organized the expedition to establish definitely the position of the famous city of Opi which Xenophon, in his memoirs, described as prosperous and wealthy and as a city of several centuries before Christ.

He established the site of Opi but on top of it found the still more famous city of Seleucia, a Hellenistic independent state set up by Seleucus Nicator, favorite general of Alexander the Great.

Hardly had Seleucia been rediscovered when the expedition found traces of a third city deeper in the same site which they have identified as Akshak, a Sumerian occupation dating at least as early as 3,500 years before Christ. Akshak is described as contemporary with the historically important Chaldean city of Ur.

that the loan value be increased to 10 cents per pound. Other southern senators practically all advised him that they joined in the request. Texas congressmen also urged this action.

Senator Connally also telegraphed to President Hoover and received replies from the president, Chairman

Barrel-roofed brick tomb (top), jar of "Forty Thieves" type (left) and blue-glazed dish six inches across (below) were found on site of Opi, city which flourished in Mesopotamia centuries before Christ.

Legge and the secretary of agriculture indicating that the request had received attention.

The increase in loans will have a tendency to increase the price, Connally said, "and the market already has improved substantially. I am highly gratified."

Sales of electricity in England have increased 150 per cent in the last seven years.

FORMER FRENCH TENNIS STAR PLANS SOUTH SEA ISLAND UTOPIA WHERE HE CAN REST AND STUDY; TO RULE AREA

(By Associated Press)

NEW YORK, Aug. 28.—In the ultratropical atmosphere of a Park Avenue hotel a former French tennis star today unfolded his dream of a South Sea island utopia where life will be free of the distractions of the modern machine era.

Alain Gerbaud, who sailed the seven seas for five years in search of the world's beauty spots, told of his project to establish a community of picked polytechnic natives under his control.

Gerbaud said he would sail from Havre in the spring in a 25-foot skiff to live the rest of his life in the Society Islands, forsaking the bustle and trappings of modern civilization. He plans to leave an uninhabited island from the French government or from private owners and import his population from neighboring islands.

Wants Rest And Peace
"This life is all right for some," he said with a wave of the hand about him, "but there is not time to study or read or enjoy oneself securely. I am interested in ancient religions, cultures and languages, and I want

to pursue my studies in peace and quiet."

The globe-girder said he had no idea what it would cost to lease his domain, or found his settlement. He said it would be necessary to plant coconut trees if the island were unpeopled and they would not bear fruit for six or seven years. The copra from these trees will be the only medium of trade and the natives will make their own food-stuffs.

To Start Small Group
"I will start with a small group of 30 or 40," he said, "selected from many friends of my last voyage who have asked to be included. They will be young preferably, of the purest strain and without disease. As owner of the island I will be in control, but I will select a native chieftain to rule according to the polytechnic form of government."

Gerbaud said his people will be taught things that will aid them to develop their environment. The construction of fireable huts, the tilling of the soil, the fashioning of canoes, the history of their race, the

story of their religion, the art and native dancing and music—these will be on the curriculum of the island school, he said. "There is no use teaching them to read and write," he smiled.

"Will you teach them to play tennis?" he was asked.

"No," was the reply, "tennis is too individualistic, but I will certainly introduce American football and baseball and water polo. These games will encourage a community spirit."

Young Man Enters Homes In Victoria

VICTORIA, Aug. 28.—Victoria residents today were considerably alarmed over the activities of a young man, thought perhaps insane, who has entered several homes between midnight and 3 o'clock in the morning.

The youth committed his latest depredations last night. He entered two homes and disturbed two young women, their cries on awakening, causing him to flee. He already has been known to have entered four homes, taking small amounts of money.

Little Norah Wilson and Patricia Whitmore of Longfield, England, have been commissioned by two wealthy Americans to train hunt-horses.

Runs for Congress

Edmund P. Erk, of Pennsylvania, will run for the congressional seat left vacant by the recent death of Representative Stephen C. Porter. Photo shows Erk in front of the White House, Washington, where he called on President Hoover.

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KING

(READ THE STORY, THEN COLOR THE PICTURE)

The tiny Scouts told the Tiny-ites of lots of very pretty things they could see while in the Alps. They said they saw a lot of buildings lowering high that could be seen in passing by. Said one, "A lot of pillars which were built, it was to stay."

The Travel Man said, "You are right. They make a very pretty sight. The architecture of these days were ever as could be. We've traveled and for days and days. I'm sure always will have praise for things we see in Alps. If the boys see with me."

Then Clowry said, "I'll bet that could be a very big thing. Can I? I promise I won't look too and break the thing in two. Of course you can," the lad replied. He took the bugle from his bag and handed it to Clowry, saying, "What you can do, hand down Clowry's bugle and hand down. A bugle queer took the boy's sound that he could get. 'I'll laugh Clowry.' 'Use more. So far you've only made it real. If you don't have more, I'll think I guess you'll lose your bugle.'"

Once more he blew and it went. "He-e-e." Then Clowry gave up. "Gee, I guess that I can't do it. I'll try some other." "Try to the boy Scouts boys." "Well, you've treated all of us all right. And then they'd be a good bugle and traveled on the way."

A Camera Man soon came to him, which looked Clowry. "Try to the boy Scouts boys." "Well, you've treated all of us all right. And then they'd be a good bugle and traveled on the way."

The Traveler went a very fun man to see in the next day.

region Delegates Suffer Poisoning

DAYFIELD, Ky., Aug. 28.—Approximately 40 members of the team in state convention here are suffering from the effects of snake poison, following the annual banquet last night.

Harry Digby, Hickman, was secretary.

Alpine Rancher Is Found Dead Tuesday

ALPINE, Aug. 28.—Joe Walker, 45-year-old ranchman, was found dead Tuesday near the ranch house of his brother, Lee Walker, southeast of Alpine.

HAD NEURITIS 20 YEARS; FAMOUS KONJOLA SCORED

Dallas Man Tells How Four Bottles of New Medicine Brought Glorious Relief

MR. THOMAS HARDY

"For twenty years I had that dreadful ailment, neuritis, in my shoulders and arms," said Mr. Thomas Hardy, 2419 Clark street, Dallas. "My arms were in such a condition that I could scarcely move them. A constant pain was present in my shoulders. Treatment after treatment failed but Konjola seemed to work immediately. Constipation was another ailment that I had to contend with. It seemed that none of my organs functioned as they should."

"Before I had completed the fourth bottle of Konjola my whole entire system had made a change for the better. The neuritis pains in my arms and shoulders have been greatly relieved. I shall continue the treatment until they have disappeared. Constipation has been relieved and my entire system is in great shape. Konjola is a real medicine and deserving of all the credit it gets."

It is the same story of success wherever Konjola is introduced and given a real test. Most cases require a systematic treatment of from six to eight bottles in order to secure the most sure and lasting results.

Konjola is sold in Lubbock, Texas, at Bowen's drug store, and by all the best druggists in all towns throughout this entire section. Adv.

FARMERS PARAPHRASE SHAKESPEARE

"WHO STEALS WATER IN WEST TEXAS WILL HAVE TO ANSWER TO A JURY," IS LATEST RULE

EL PASO, Aug. 28.—It must have been Shakespeare who wrote, "who steals my purse steals trash," and Rio Grande valley farmers paraphrased this today with the declaration:

"Who steals water in West Texas will have to answer to a jury."

Ed Rachel, who operates a tourist camp near Camp Lewis, in the lower valley, was accused of theft of water. Complaints

filed by the district attorney against Rachel alleged that between January 12 and August 12 he diverted 674 units of water, each of 100 cubic feet from a canal and appropriated the water to his own use.

The water, according to the complaint, was the rightful property of G. B. Holdsworth, George Orr, C. W. Croon, T. J. McCamant, Pat Crowley, C. Pedregon, S. P. Rister, W. B. Glardon, H. D. Souther, Enrique V. Villanueva and Louis

PARTY BATTLE OF WORDS IS CONTINUED

HULL AND VANDENBERG ARE QUOTED TODAY FROM CAMPS

WASHINGTON, Aug. 28.—The party battle of statements continued today with Rep. Cordell Hull, Tennessee Democrat, replying to the view of the Hoover administration and with Senator Vandenberg, Michigan Republican, renewing charges of misrepresentation against Democratic headquarters.

Both statements were issued through party committees, and Hull said his committee had delayed publishing any reply to the speech by Chairman Fess of the Republican national committee until today "in accordance with its understanding of the ethics of such things."

Shouse Attacks Role
Jouett Shouse, executive chairman of the Democratic committee, recently attacked the Republican administration in a radio address and Rep. Tilson, Connecticut Republican, issued a reply the same night.

The Tennessee questioned Senator Fess' statement that the administration, through the federal reserve board, did all it could to avert the business depression.

Shouse said that until the time of the depression Secretary Lamont continued to issue statements calculated to inspire optimism.

"If the secretary of commerce does not speak for the president on matters affecting the business of the country, who does?" Hull asked.

Hull also questioned census bureau estimates of the number of unemployed, asserting that even the bureau "admits the 2,600,000 is an incomplete figure."

Senator Vandenberg said he was "amazed at the extent to which Mr. John J. Raskob's spokesman, Mr. Jouett Shouse and his tireless Democratic battery either neglect facts or relies on popular gullibility."

The Michigan senator quoted Shouse as saying that no steps had been taken under the flexible tariff provisions to investigate rates on various commodities as directed by Senate resolutions.

Vandenberg said he knew that Grand Rapids furniture manufacturers already had testified before the tariff commission in one of the investigations.

He added this "immediately convicts Mr. Shouse either of error or misrepresentation."

CHARTERS SHOW SLIGHT DECLINE
AUSTIN, Aug. 27 (AP)—Charters issued by the secretary of state during July showed a sharp decline from last year, both in number and total capitalization, according to a report made by the bureau of business research of the University of Texas.

There were 179 new corporations organized in July with a total capitalization of \$5,703,000. This is the smallest number of charters granted since July, 1925, and the lowest capitalization since July, 1920. Last year in July, 235 companies, having a capitalization of \$10,398,000 were organized.

Declines were registered in all the classifications with the exception of the general list. New oil companies fell from 19 in June to 10 in July and new manufacturing companies dropped from 21 to 16. Only three financial institutions were chartered in July as compared to seven in June. Real estate and

Gonzales. Rachel was bound over to the grand jury under \$700 bond by Justice A. J. Wilson, after a preliminary hearing.

As Years Leave Mark On Hoover

As President Hoover celebrated his fifty-sixth birthday, August 10, these photographs show the changes in his appearance in the last few years. At left, the president, as he is today; upper right, when he became secretary of commerce in the Harding cabinet of 1921; lower right, as he looked in March, 1929, when he became president.

SHADES OF DAD'S DAY; COWS STOLEN

CATTLE RUSTLING AGAIN BECOMING PROMINENT IN WYOMING; TRUCKS ARE BEING USED

CHEYENNE, Wyo., Aug. 28 (AP)—Cattle rustling again has become one of the major problems on the Wyoming range.

Sheriffs of the state's 23 counties, officers of the Wyoming law enforcement department, forest supervisors and livestock association officials today joined in a concerted drive to be waged against twentieth century rustlers operating on a large scale.

One fact to keep in mind these hard times is that a small roll is often better than a loaf.

Building corporations declined from 18 to 16 and only one public service corporation was organized. While the number of permits granted to outside corporations declined from 21 in June to 14 in July, there was a tendency for more outside firms to seek charters to operate in Texas than was the case in 1929.

Girl Gives Up In Channel Swim Try

CAPE GRIS NEZ, France, Aug. 28 (AP)—Miss Elsie West, English swimmer, today abandoned her attempt to swim the English channel after being in the water since 10:30 p. m. yesterday.

LONDON, Aug. 28 (AP)—Nineteen year old Elsie West is called "Mickey" by her friends. She is a native of Swansea, is a big girl, and spent several months at Brighton

preparatory to the swim which she started last night. With friends she left Brighton a week or so ago to put in final preparation on the French coast for her trip. She has swum the Bristol channel and was chosen from many applicants by James Wolfe to train for the purpose of attempting to break Gertrude Ederle's channel record.

Dud shells from the practice firing of trench mortars are blamed for forest fires near San Diego, Cal.
