THE SNYDER DAILY NEWS

VOL. 1—No. 251 SNYDER, TEXAS, FRIDAY, MARCH 2,1951 FOURTEEN PAGES—TWO SECTIONS—PRICE 5c

Snyder First Texas Host To U.S. Treasurer

Snyder will be the first Texas city to entertain Mrs. Georgia Neese Clark, treasurer of the United States, when about 1,000 persons gather tonight in the high school gymnasium here.

Mrs. Clark, principal speaker at the annual Chamber of Commerce roundup, arrived here by plane yesterday afternoon, landing at the airstrip on C. T. McLaughlin's Diamond M ranch.

COMMITTEEWOMAN

With her was Mrs. Mabelle Kennedy, Pawhuska, Okla., national committeewoman from that state. Both will be guests at the McLaughlin ranch.

Distinguished guests from all over Texas were arriving this afternoon for the banquet, where Mrs. Clark will speak on "Sam Houston. a Hero of Mine."

Appearing on the program with her will be Jesse James of Austin, state treasurer, who will make the introductory speech. Aslo scheduled for a brief talk is John C. White, youthful commissioner of agriculture for the state.

Following the banquet, which will begin at 7 o'clock, there will be a dance at the Country Club starting at 9 o'clock.

GUESTS HERE

Among those expected to attend from out of town are Mr. and Mrs. Wright Morrow of Houston; Jay Taylor of Amarillo; J. L. Lattimore, president of the Magnolia Petroleum Corp.; Dr. Harold G. Cooke, president of McMurry College, Abilene; Dr. Rupert N. Richardson, president of Hardin-Simmons University, Abilene; S. R Iverson, president of Iverson Tool Co.;

Mr. and Mrs. Ed Marcus of Dallas; Garland Smith of Austin, executive secretary to Gov. Allan Shivers; Charles Guy, publisher of the Lubbock Avalanche-Hournal; and Houston Harte of San Angelo.

Pumping From Sprayberry In Dawson Test

James H. Snowden and Associates No. 1-32 Dean, possible Spraberry discovery in Northeast-Central Dawson County, pumped 58 barrels of oil and no water during the last 12-hour gauge.

Previously the project made 130 barrels of oil in 24 hours on the pump.

The production is from perforated sections of the Spraberry at 7,394-7,406 feet and 7,411-7,417 feet.

Operator is still pumping the No. 1-32 Dean to test and complete.

Location is 660 feet from south and east lines of section 32, block 1, J. Poitevant survey and 11 miles northeast of Lamesa.

KENT FAILURE

Jake L. Hamon No. 1 Girard Trust Estate, Northwest Kent County wildcat seven miles west of Girard, has been plugged and abandoned at 7,765 feet in Ellenburger.

There was no water in the Ellenburger, which was topped at 7,515 feet on an elevation of 2,165 feet. Operator did not encounter any shows of production in any formation penetrated.

Location was 668.34 feet from west and 661.1 feet from south lines of section 59, block 1, H&GN survey and six miles northeast of the Salt Creek field.

SCURRY WELL COMPLETED

C. T. McLaughlin No. 7-A Murphy, located in the Sharon Ridge-Clear Ford field, made 61 barrels of oil on a 24-hour pumping potential test.

The well had been treated with 2,500 gallons of acid. Recovery was three per cent water, with gas-oil ratio too small to measure. The oil was 20.4 gravity. Top of the pay was 2,912 feet. Total depth is 3,620 feet, with five and half inch casing cemented at 3,605 feet.

The No. 7-A Murphy is in section 114, block 97, H&TC survey.

DAWSON WELL

In Dawson County, Sunray Oil Co. No. 1 Harris is reported drilling below 8,065 feet in sandy shale. The wildcat is located 660 feet from north and east lines of labor 2, league 268, Moore County School Land survey and 11 miles southwest of Lamesa.

BORDEN WELL COMPLETED

Magnolia Oil & Gas Co. No. 1 Alex Murphy in Borden County has been completed as a producer. The prospector flowed 24 hours on a potential test to make 373.95 barrels of 43 gravity oil and no water. The flow was through a 16-64th - inch choke and was natural. Gas - oil ratio was 960-1.

Top of the pay was at 6,977 feet. Total depth is 6,982 feet. Five and a half inch casing was cemented at 6,977 feet.

The No. 1 Murphy is located 467 feet from east and south lines in the southeast quarter of the southwest quarter of section 66, block 25, H&TC survey.

WILDCAT DRILLING

Standard Oil Co. No. 1 Pool, Northwest Dawson County wildcat is drilling below 11,032 feet in lime. The prospector is 1,980 feet from north and 660 feet from east lines of section 123, block M, EL&RR survey and 15 miles northwest of Lamesa.

NO. 1-B WALLACE

Sun Oil Co. No. 1-B Bilby Wallace, East-Central Kent County wildcat, is drilling below 3,830 feet in lime and shale. The well is projected to 7,600 feet. It is located 1,980 feet from south and 660 feet from east lines of section 43, block 98, H&TC survey. That makes it four miles southeast of Clairemont.

NO. 1 COOK

Mid-Continent Petroleum Corp. No. 1 Cook in North-Central Lynn County is drilling at 7,142 feet in lime. Drillsite is 660 feet from north and west lines of section 517, block 1, GC&SF survey.

MITCHELL WILDCAT

In Northwest Mitchell - County Deep Rock Oil Corp. No. 1 Jones is drilling in lime and shale below 7,322 feet. This wildcat had a slight show of gas and some salt water in a drillstem test of a lime stringer in the Pennsylvanian at 7,529-90 feet.

It is located 660 feet from south and 1,980 feet from west lines of section 61, block 20, Lavaca Navigation survey and a mile south of the Standard Oil of Texas No. 1 Dunn, discovery from the Pennsylvanian lime.

Civil Air Patrol Will Meet Wednesday Night

A meeting of the Civil Air Patrol will be held at 7:30 Wednesday night in the Towle Building M. W. Pilcher announced today.

A film loaned by the Air Force will be shown at the meeting, and a short business discussion is to be held, Pilcher said. The meeting will be open to anyone who would like to attend, he emphasized, and applications for membership will be taken at the meeting. Persons who are not pilots but would like to work with the patrol will be welcome, he added.

Winston Field Work To Start

The commissioners court late yesterday unanimously adopted a resolution presented by C. W. Holderbaum, of the Big Spring office of the Civil Aeronautics Administration, accepting a federal grant of $205,000 as 50 per cent aid on the construction of the county airport at Winston Field.

The grant was increased from a previous tentative grant of $189,000 promised last year shortly after the election April 1 in which the county voted to issue up to $200,000 in bonds for airport construction. The grant was increased because of a policy change in the CAA program. Under the former program, the CAA provided federal aid in the amount of 25 per cent on the purchase of land and 50 per cent on all construction except the building of hangars. The program now includes 50 per cent aid on the land cost also.

The court also voted to ratify the contract awarded last week to the J. W. Moorman & Son construction firm of Wylie, Tex., which was first awarded subject to approval of the CAA.

Moorman, present at the meeting yesterday, said his promise of last week that his company would start work on the project within 10 days of the signing of the contract still was good and that he still believed he could see the project completed in 150 working days.

When asked by Edgar Taylor, county judge, whether his company planned to start on the project soon, Moorman replied: "We felt sure that the CAA would approve our contract; so we have already unloaded six truckloads of construction equipment on the airport site."

Moderate Weather Here

The temperature rose to 75 degrees in Snyder yesterday. The minimum was a moderate 50 degrees, and a reading of 61 degrees was recorded at 730 this morning by Mrs. D. P. Strayhorn, weather observer.

Killed In Plunge

Joseph Henry Dowd, 27, (above) Dallas Air Force veteran and co-pilot of a chartered Pioneer Airlines plane, fell from a plane while checking an unlatched door and plunged 4,000 feet to his death. The accident happened over Exell, Texas, 40 miles northwest of Amarillo. The plane had taken off from Amarillo on a flight from Lackland Air Force Base to Lowery Field, Denver, Colo.

Landing At Diamond M Airstrip

Arriving in Snyder yesterday aboard C .T. McLaughlin's plane were Mrs. Georgia Neese Clark, left, Mrs. Mabelle Kennedy, stepping down from the plane, and Mrs. McLaughlin, right. McLaughlin is helping Mrs. Kennedy down the steps. Mrs. Clark will make the principal address at the Chamber of Commerce roundup tonight.—(Joe Dave Scott photograph.)

Snyder Real Estate Men Pledge Housing for Moorman Workers

Real estate men and property owners here today were co-operating to house the construction workers for the J. W. Morman & Son firm of Wylie, Tex., which has contracts here for the building of Winston Field and the Colorado River dam.

Bert Smith of Snyder Courts said that several real estate men had banded together to find accomodations for the Moorman workers. They gave the Chamber of Commerce, which is working with the firm, assurance that housing for all ranges of needs and incomes would be found here.

COOPERATORS

Smith said those working with him included J. P. Cruse, Cruse Realty Co.; D. R. Price, DeLuxe Courts; Tony Watterson, Five States Royalty Co.; Simon Terrazas, Cy's Hotel; L. A. McClanahan, Jack & Jack Realty Co.; Milburn Mortgage & Realty Co.; and W. P. Davis, 180 Motel.

Mrs. Moorman, who was negotiating here for her husband's firm, returned yesterday to Wylie with the guarantee of local real estate men that accommodations would be available in Snyder.

Earlier this week Mrs. Moorman told the Chamber of Commerce the firm would have to house its employees in nearby cities where rents were lower.

REAL ESTATE BOARD

Following th crisis which publication of that statement precipitated, real estate men in Snyder seriously discussed the possibility of organizing a real estate board, through which instrument the business as a whole would be able to act in any emergency demand for housing.

Real estate men also predicted a high level of business activity here in the near future, when several major construction programs bring larg working forces to Snyder.

These projects include 157 miles of county roads, a big city paving program, a new elementary school and a new high school, and the Colorado River dam.

Army Payroll Is Recovered

WICHITA FALLS, March 2 — The $33,000 taken in a daring military payroll robbery Wednesday was recovered today and three men—one an Air Force corporal, were jailed.

The corporal, John Joe Hersch, of Del Norte, Colo., had claimed he was taken hostage by the gun men who held up a squadron paymastr at Sheppard Air Force Base.

A charge of theft of government property were filed against Hersch. William Garfield McNeely of Wichita Falls, and a second civilian whose name was not immediately available.

The U. S. district attorney, Frank Potter of Fort Worth, said the $33,000 was recovered intact at the home of a Wichita Falls civilian involved.

Potter said the second civilian charged is believed under arrest in Oklahoma and probably will have to be extradicted.

Hersch and McNeely appeared before U. S. commissioner T. E. Duff today.

They were jailed. Bond was set at $15,000. The identical complaint against the three men were filed with Duff and Jerrell, H. Davis of the FBI.

The robbery took place about 7:45 o'clock Wednesday morning in front of the finance office at headquarters of Sheppard.

The money was stolen from Capt. Gray D. Harwood.

Potter said he has authorized filing of charges of theft of government property against the three men.

He said the charges were to be filed this morning.

Ownership Changed On Fourteen Supply Stores

The 14 supply stores of International Derrick and Equipment Co. have been purchased by the H. K. Porter Co., Inc., of Pittsburg T. M. Evans, president, has announced. International is a division of the Dresser Industries, Inc. of Dallas.

Porter now operates 11 stores in the Jarecki division in Texas and Oklahoma. The stores it has purchased will extend its operations to Louisiana, Kansas and New Mexico. They will be operated as the Jarecki International Supply Division of H. K. Porter, Co., Inc.

New Officials Confer About Court Duties

Ben F. Thorpe, newly appointed judge of the 132nd district court, left this morning to confer with Judge A. S. Mauzey at Sweetwater in connection with the duties and status of the new court.

Judge Thorpe is slated to return this afternoon.

Bob Davie, new district attorney said he was going to get in touch today with Eldon Mahon, district attorney for the thirty - second district court, relative to the pending matters that will confront him in his new office.

In a policy statement, Davie said:

"I am going to enforce the laws of the State of Texas to the best of my ability, without fear or favor to anyone.

"I am grateful for the job and will serve the people without partiality."

But there is one official who is worrying over the new court change. Mrs. Eunice Weathersbee, district clerk, said today that she is not certain whether she is district clerk for the thirty-second or 132nd district court.

"Some attorneys are filing cases under the old court and others under the new tribunal, so I guess that I'll have to wait until this matter is cleared up," she said.

Under the provisions of the new court bill, the first term of court is slated to be held Monday at Gail, Borden County. But even this matter has not been clorified, local attorneys said.

State Sen. Pat Bullock as acting governor, signed the court bill on Feb. 22.

Fourteen Said Dead In Crash

SIOUX CITY, Ia., March 2. (AP)—A DC-3 Mid-Continent airline plane crashed and burned here today and 14 persons were reported killed.

A Sioux City journal reporter said 14 persons were killed including the pilot and co-ilot, and that eight persons survived.

The north-bound ship was coming in for a landing when the crash occurred about 911 o'clock this morning. Witnesses said visibility squall blotted out the plane just before the crash.

It was Mid-Continent's second crash this week. Last Tuesday, 29 passengers and the crew of four walked away from one of its airliners just before the craft was enveloped in flames after carsting at Tulst, Okla. 8 of those aboard the Houston-bound plane wr givn hospital tratment bu none was injured eriically.

New District, County Attorneys

Bob Davie, 32, left, was named yesterday by Gov. Allan Shivers as district attorney for the new 132nd district court. Keith L. Merrick, 28, right, was appointed by the commissioners court to fill the unexpired term of Ben Thorpe, present county attorney who was named by the governor to be judge of the 132nd district court.

Keith Merrick Will Succeed Ben Thorpe

Keith L. Merrick, 28-year-old Snyder lawyer, of 3766 Dalton Drive, yesterday afternoon was appointed county attorney by unanimous vote of the commissioners court.

The first of three applicants to appear before the commissioners to request the appointment, Merrick was later chosen in a three-to one secret ballot vote of the court, which was then made unanimous after a motion by Ted Haney, precinct No. 3, seconded by Doyle Parmer, precinct o. 4. Doyle Parmer, precinct No. 4.

SUCCEEDS THORPE

The motion making his appointment unanimous stated that he was to succeed Ben F. Thorpe as soon as Thorpe vacated the office by taking oath of office as judge of the newly created 132nd Judicial District.

Merrick was an unsuccessful candidate for the office last year when defeated by a small margin in favor of Thorpe, who yesterday morning was appointed judge of the new district court by Gov. Allan Shivers. Thorpe has been county attorney since Jan. 1, 1937.

In the close race for the county attorney's office last year, Thorpe defeated Merrick by 16 votes, winning the election 1,411 to 1,395.

Merrick was born at Strawn, Tex., Aug. 26, 1923, and reared mostly at Gainesville, but he calls Abilene his home town. Before the war, Merrick attended Hardin-Simmons University. After his discharge from military service, he attended the University of Texas and was graduated with a B. A. degree in 1947, was admitted to the Texas Bar Association in November, 1949, and received an L. L. B. degree from the university in January, 1950.

Merrick moved to Snyder Jan. 23, 1950, and began law practice here the following day. His wife, the former Miss Genelle Ktchum, head of the Hearing Conservation Program of the Amarillow public school system, is a teacher in the fourth grade at the Central Elementary School here.

"I am grateful to the commissioners court for their action," Merrick said, "and it will be a pleasure to serve as county attorney. I will go to work Monday trying to clear the criminal docket of more than 160 cases as quickly as possible."

Other applicants for the appointment were Jack G. Kennedy, assistant county attorney, and Wayland G. Holt, past president of the Scurry County Bar Association. Kennedy will continue to act as county attorney's assistant.

Thorpe told the commissioners he would probably take the oath of office as district judge Monday morning so that Merrick could begin his work then.

Because of both these appointments, several contested criminal cases in county court set for hearing today were postponed until Monday. Edgar Taylor, county judge, presided at the commissioners meeting.

American Marines Hit Deep Into Red Defenses Of The Central Front

Expect Quick Action From French Leader

PARIS, March 2 (AP) —Sources close to George Bidault said he would give President Vincent Auriol a quick yes or no answer early this afternoon on whether he could muster enough parliamentary support to build a new cabinet.

The dapper and experienced leader of the Catholic Republican movement (M. R. P.) who has twice held the premiership since the war, scheduled a further round of conferences today in an effort to solve France's current political crisis.

Disagreement over an election law governing general elections scheduled for next November brought the downfall of Premier Pleven's cabinet late yesterday.

Parliament is almost hopelessly deadlocked on the issue. All non-Communist parties agreed the present law—which favors the Communists because it bases seats on proportional representation — should be changed.

But thus far, the parties opposed to the communists have disagreed violently on how to change the law.

A new premier and his cabinet require an absolute majority of 311 votes in the national assembly in order to assume office. If Bidault sees his chances of getting such a majority are slim, he will not even face the house, informed sources said.

This would save time by enabling the president to designate an other candidate more quickly.

Parliamentary observers did not give Bidault much chance of success. They predict the crisis will continue for several days.

Deadline For Entering Race

Tomorrow noon is the deadline for filing applications to enter the race for the three city council vacancies to be filled in the April 3 city election, Mrs. Clara Jones, city secretary said today.

So far there have been 10 candidates to announce their intention to run in what has become one of the most interesting city elections in the history of Snyder.

Candidates names will appear on the ballots in the order of their filing applications, Mrs. Jones said.

First to announce this year was Johnny Hoyle, candidate for place No. 1.

Three incumbents have also announced their intention to try to retain their council seats. They are A. L. Martin, alderman in place No. 1, C. L. Williamson, alderman in place No. 2, and R. L. Terry, alderman in place No. 3.

Other candidates are for place No. 1; B. J. Billy Jernigan, Marion A. Cochran, and Claud Lloyd; for place No. 2, Jack Contella, and Albert Buchanan; and for place No. 3, R. B. Sears.

Lloyd was the last candidate to enter the race.

Not all of the candidates have expressed their platforms, but most have indicated that they would put up a strong fight for the three posts.

Hold Out Little Hope For Meet To Be Success

BY JOHN HIGHTOWER

WASHINGTON, March 2, —(AP)— The state department heavily discounted chances that real "peace talks" with Russia will result from big 4 negotiations in Paris Monday.

Officials here are convinved that what Stalin wants to do in Paris is to set the stage for a new diplomatic and propaganda offensive against Western defense efforts, if and when the big 4 foreign ministers meet in Washington at a date not yet set.

Ambassador Philip Jessup, representing Secretary of State Acheson, arranged to leave here today for New York with a group of assistants and advisors. They will fly to Paris tonight.

Jessup will be American spokesman at the Paris meeting with representatives of the British, French, Russian foreign ministries.

The Paris session is expected to last about two weeks. Its purpose is to decide on the subjects and complete the arrangements for a session of the ministers themselves, probably in April.

Noting that in agreeing to the Paris session the Stalin government had reaffirmed its insistence that the West is to blame for the world trouble, the stae deparment said

"The Stalin note does not suggest any real change in the attitude on their part which would encourage the hope that the four ministers will be able to reach useful agreements."

Collazo Didn't Want To Kill The President

(By The Associated Press)

WASHINGTON, March 2. — Oscar Collazo's version of the Blair House shooting last Nov. 1 is that he merely wanted to stage a demonstration and didn't intend to kill anyone.

But government prosecutors in Collazo's first-degree murder trial called a key witness — Secret Service Agent Joseph J. Ellis, Jr. — today to offer another version — that Collazo told him he and his accomplice wanted to kill President Truman in the hope of setting off a revolution here to aid Puerto Rican independence.

Both Collazo and Ellis told their stories in civil court yesterday after Federal Judge T. Alan Goldsborough allowed a defense request that they be permitted to argue — with the jury absent — whether statemens made by Collaxo o law enforcement officers should be admitted as evidence.

Collazo said he made statements to the officers after the shooting only because they threatened him.

After Collazo and Ellis had taken the questioning and Collazo's returns giving different versions of plies, Judge Goldsborough ruled:

Ellis' testimony — also given in the absence of the jury — could go to the jury as evidence. Ellis said he rode to the hospital with Collazo and remained with him constantly from 230 to 8 p.m. Nov. 1.

Into A Bear's Den

This remarkable picture of a mother bear shielding her two cubs in their winter den near Superior, Wis. was made by two unarmed newsmen—Photographer Walter Mortensen, and Editor Seegar Swanson, Superior Evening Telegram, who pushed within an arm's length to make the photos. One man distracted the bear while the other handled the camera.

Vantage Point, Highway Hub Are Captured

Hoensong Was Found to Fleeing Comunists Be Deserted By The

(By The Associated Press)

TOKYO, March 2. — U. S. Marines swept through abandoned Hoensong today and stabbed deeper into the heart of Red defenses on the Central Korean front.

Field dispatches said they found the rubbled highway hub littered with the frozen bodies of earlier allied casualties and scores of wrecked Army trucks and jeeps. Hoengsong was virtually deserted. Only a few South Koreans remained —and those had escaped the Chinese.

Hoengsong, 50 air miles east of Seoul, is in the middle of the mountainous central front. It fell to the Chinese Feb. 12 during the Red counter offensive that failed to crack the allied line.

To retake Hoengsong Friday, the Marines stormed a series of hills and ridges to the south and west —sometimes at bayonet point. By noon Friday they had won a see-saw battle for a 1,500-foot barren ridgeline after being stopped on its steep slopes Thursday.

With that ridge taken, the Marines — strongly supported by aerial and artillery bombardment—took lower hills nearer the town. Then they swept through Hoengsong toward high ground to the north.

The Leathernecks were on the approaches to Honechon, Chinese stronghold 15 miles to the northwest. It is regarded as the keystone of Red defenses along the winding 60-mile central front.

On the western front, U. S. patrols in rubber boats slipped across the Han River and probed at Communist defenses of Seoul, the burned-out former Korean Republic capital.

On the east-central front, an estimated 60 Korean Reds disguised in Korean Republican uniforms slipped inside American positions north east of Amidong.

A. P. Correspondent Tom Stone, with the Seventh Division, reported the Reds went up to the GIs in their foxholes and fired upon them.

"The Americans wheeled about and returned the fire," he added. "Other Americans charged the enemy with fixed bayonets. Between 35 and 40 of the Reds were killed before the others scattered after an hour-long clash."

6 Divisions In EuropeBy1952

WASHINGTON, March 2, (AP) — The defense department was reported today to have told congress it expects to have only six American divisions in Europe by July 1, 1952.

This information bore out by statements by Secretary of Defense Marshall that there are no present plans to increase U. S. commitments to the North Atlantic Defense force being formed by Gen. Dwight Eisenhower.

Senators told newsmen the Senate Foreign Relations Committee and Armed Services Committee were told in answer to a series of questions put by senator Knowland (R-Calif.) that present plans called for sending two additional U. S. Division to Europe this year.

Marshall said four more divisions would be furnished in all, joined under Eisenhower's command of the two now in Germany on occupational duty.

The committees called Gen. J. Lawton Collins, Army Chief of Staff, before them in closed session. Some senators said they wanted to check on reports that the military may ask for $100 billion for the year starting 1952. One senate report was that the army alone might ask for $50 billion.

To Try To Trade For Huge Indian Elephant

LOS ANGELES, March 2. (AP) — Trader Horne is en route to India bargain-hunting for an enormous elephant, 11 feet tall

"I've had my eye on this one for a long time," Horne said on leaving by plane yesterday "He's bigger than Jumbo in Barnum's time but he's not a freak"

Horne said he planned to purchase the animal from a rajah in Mysore, but declined to disclose any other details The hunter-author plans to bring the elephant to the Thousand Oaks Compound near here.

Two Men Are Fined On Driving Violations

Two men pleaded guilty in county court late yesterday to charges of driving motor vehicles while under influence of intoxicating liquor and paid fines of $123.50 each, including court costs.

They gave their names as J. C. Dickens, 36 years old, and Harry Byars, 49 years old, both of Snyder.

Greeting Treasurer On Arrival Here

Setting foot on Scurry County soil for the first time are the Terasurer of the United States, Mrs. Greogia Neese Clark, and Mrs. Mabelle Kennedy, Democratic committeewoman from Oklahoma, shown above being welcomed by a party from Snyder. Left to right are T. T. Brady, Highway Patrol, Sweetwater; Lloyd Merritt, sheriff; Mrs. L. W. Dumas; Mrs. Clark; Mrs. Kennedy, Mrs. C. T. McLaughlin, Bill Zimmerman, highway patrolman; C. T. McLaughlin; and Brady's partner, Jesse Reed, of Sweetwater. Mrs. Clark will speak at tonight's Chamber of Commerce Banquet. —(Joe Dave Scott photograph.)

Ranch Reception In Honor Of Mrs. Georgia N. Clark

Mr. and Mrs. C. T. McLaughlin of the Diamond M Ranch were hosts last night at a reception and buffet dinner honoring Mrs. Georgia Neese Clark, Treasurer of the United States.

About 35 directors and officials of the Chamber of Commerce and their wives were guests.

Mrs. Clark was gowned in a black lace, frock studded with irridescent blue sequins, over a midnight blue taffeta underskirt. With it she wore a black lace stole. With Mrs. Clark was another special guest, Mrs. Mabelle Kennedy, national committeewoman of the Democratic party. Mrs. Kennedy chose for the evening a sauterne-colored semi-formal cocktail dress cut from imported marquesette. With this gown she wore green evening slippers.

Among those of Snyder people attending were Mr. and Mrs. James Rosser and Mr. and Mrs. R. A. Schooling, Mr. Rosser the newly-elected president of the Chamber of Commerce, Mr. Schooling the retiring president.

Mrs. Rosser wore a cocktail gown under a black taffeta stole, shot with green metallic thread, caught at the belt to complement her frock. Mrs. Schooling was gowned in black faille with formal black velvet accessories, a rhinestone trim.

The hostess, Mrs. McLaughlin, officiating at the buffet, wore a formal evening gown of midnight glow in taffeta shantung.

Others present were Mr. and Mrs. Edward Bolger, Mrs. Bolger and her twin sister who accompanied her, Miss Ivan Perry, wearing identical grey wool ensembles with colorful braid trim. Mrs. Sam Williams was dressed semiformally in a black Milateen gaberdine suit with a black and white sailor hat.

Other chamber of commerce directors and guests present were Mr. and Mrs. Lee Stinson, Mr. and Mrs. Forest G. Sears, Mr. and Mrs. Ralph Geisenhoner, Mr. and Mrs. Edgar Taylor, Mr. and Mrs G. C. Spence, Jr. Mr and Mrs. Nolen Watson, Mr. and Mrs. Walker Dabbs, Mr. and Mrs. Lawrence W. Dumas, Mr. and Mrs. Bob Davie, Mr. and Mrs Charles Wolfe, Mr and Mrs. Harold Bennett, and Mr. and Mrs. Edward H. Harte.

During the course of the evening, Mrs. Clark and Mrs. Kennedy were presented mock certificates, proclaiming them "temporary citizens of Texas," and granting them all the rights and privileges of Texas citizenship.

Mrs. Clark will be feted again this afternoon at the Diamond m Ranch with a cocktail party at which are expected scores of out of town visitors.

Mrs. Clark's appearance tonight as guest speaker at the Chamber of Commerce banquet will be the beginning of a round of activities which will fill her weekend schedule.

Sunday, Mr. and Mrs. McLaughlin, accompanied by Mrs. Clark and Mrs. Kennedy, will fly to Austin where they will be entertained at the Governor's mansion as luncheon guests of Gov. Allan Shivers and Mrs. Shivers.

The Snyder party are then due in San Antonio Sunday night where their host will be Dr. Merton Minter. Completing the Texas junket, the goup will arrive in Houston Monday where they will be special guests of Glenn McCarthy at the Shamrock Hotel.

Woman's Calendar

Dr. C. R. Cockrell, 3211 Thirtieth Street, left Snyder yesterday for his ranch at Van Horn.

Judy Kay Rogers, the daughter of Mr. and Mrs. T. Jay Rogers, is at her home ill with chicken pox.

Mrs. V. A. Knight of the Sunray Oil Corp., left today to take her eight-year-old son, Jerry Lee Knight, to Lubbock for medical treatment. Mrs. Knight expected to visit with her daughter, Miss Patricia Knight, in Texas Tech, while there.

Mr. and Mrs. Edgar Estell, 3108 Avenue T, are moving from Snyder this week after several month's stay here. Mr. Estell being associated with the Estell Motor Co. They are returning to their home in Cleburne.

Thorpe Expected To Take Oath Monday Morning As New Judge

Ben Thorpe, county attorney here continuously for the past 13 years, said yesterday he would probably take the oath of office as district judge of the new court here Monday morning. He will work with Bob Davie, who was appointed district attorney.

Both men were appointed yesterday to the offices of the newly created 132nd judicial district by Gov. Allan Shivers. Thorpe will be succeeded as county attorney by the commissioners court yesterday.

THORPE A VETERAN

Thorpe, who resides with his wife, at 606 Twenty-fifth Street, was born at Breckenridge on Nov. 13, 1909, the son of the late Frank Thorpe and Mrs. Martha Thorpe.

On Jan. 16, 1932, he was married to Miss Golda V. Murphy, at Eastland. They have no children.

Thorpe is a veteran of World War No. 1, having served with Headquarters Detachment of the 18th Division, and was honorably discharged as a private on Jan. 16, 1919.

He received his higher education at Hankin's Normal College, at the North Texas State College, but did not obtain a degree.

The new district judge is an active member of the Church of Christ. He is not affiliated with any organizations or societies.

HELD OFFICE 13 YEARS

He has been serving Scurry County as its county attorney since Jan. 1, 1938, and has held no other political office.

Thorpe came to this county in 1912, and moved to Snyder from Ira in 1938. For 18 years prior to taking up the practice of law, he taught in the county schools.

His hobby is playing dominoes for a pastime and fun, and Thorpe says he loves good sports, especially baseball, football and basketball.

"My ambition when a boy was to be a lawyer some day," said Thorpe.

When asked what his ambition for Snyder and West Texas, he replied: "To see our hometown and West Texas generally grow and prosper.

NEW DISTRICT ATTORNEY

Davie, who was born at Elmore City, Okla., resides at 3736 Dalton Drive, with his wife and their 23-month-old son, Mark Joseph. They were married on Aug. 21, 1943, at Tulsa.

His parents, are Mr. and Mrs. Robert A. Davie.

During World War II, he served in the 4th Infantry Division, and was discharged as a first lieutenant, field artillery.

He attended the Hamilton, Okla., high school, and later entered the University of Texas, where he obtained his B.A. and L. L. B. degrees.

Davie is a member of the Snyder First Baptist Church; is a member of the Lions, Scurry County Bar Association and the Junior Chamber of Commerce. He is a past president of the Junior Chamber.

He has never held public office before.

ACTIVE CHURCH WORKER

Davie is president of the Baptist Brotherhood; assistant superintendent of the Adult Department; Baptist Sunday school treasurer.

He came to Texas in September of 1941, and moved to Snyder from Austin.

His hobbies are church and civic work.

In his youth, Davie said his ambition was to be a rotary driller of oil wells.

Davie said his ambition for Snyder and West Texas was for them to be and continue being the most progressive and prosperous community in Texas.

Negroes To Get Chance With Lamesa Team

LAMESA, March 2 (AP) — The Lamesa Lobos of the Class C West Texas-New Mexico Baseball League will give Negroes a chance to make the team March 18.

If any are signed, it will be the first time Negroes ever played in organized baseball in Texas.

Manager Joe Haney said any interested Negro players are invited to attend for one-day tryouts at his own expense. Traveling expenses will be refunded to any signed.

Snyder Youth Exhibits Grand Champion Light Weight Barrow in Show

Billy Smith, Snyder Future Farmer, yesterday took the grand champion light-weight barrow ribbon at the San Angelo Fat Stock show.

Smith also showed the top new-offdress swine, and won third place in the barrow heavy class.

Last year Smith won the grand championship barrow ribbon.

John A. Smith, brother of Billy, won fourth place in the light class of pigs weighing 190 to 220 pounds. John also placed eighth in the heavy weight class, and second on a pen of three barrow class.

Several of the geysers, hot springs and pools in Yellowstone Park have to be cleaned annually of objects thrown in by tourists.

The U. S. Bureau of Mines says that with the exception of wartime 1944 the value of Alaska's mineral production has exceeded every year the $720,000 paid for the territory.

Schoolboy Tournament Moves Into Finals Today In Austin

AUSTIN, March 2 (AP) — Finalists will be determined in two divisions of the Texas High School Basketball Tournament today, while a third — Class AA — swings into action.

Cayuga tangles with Stanton and Big Sandy meets Moulton this morning in the semi-finals of Class B, and then Gatesville tackles Bowie and Sinton runs into Brenham at the same stage in Class A.

The first round of Class AA action starts late today, when Texarkana meets Port Arthur. In other games, Harlingen plays Lubbock, San Angelo takes on Borger, and Austin meets Highland Park (Dallas).

Texas' biggest basketball show opened early Wednesday morning and when it closed the first day these results had been posted:

Class B

Cayuga 42, Woodsboro 33; Stanton 43, Adrian 34; Big Sandy (Livingston) 44, Marfa 20; Moulton 56, Blum 49.

Class A:

Gatesville 39, French (Beaumont) 35; Bowie 45, Coleman 38; Sinton 33, Canyon 32; Brenham 56, Van 45.

A free throw by Danny Sharp with just 15 seconds left to play slapped Canyon, defending Class A champion, out of the tournament.

The little lads from deep South Texas had waged an uphill battle to catch Canyon. They finally did with 2:25 to play, but they couldn't hold the advantage and it wasn't until Sharp's shot that they clinched the upset decision.

Brenham had an easy time disposing of Van, but Bowie's victory over Coleman and Gatesville's win over French were nip-and-tuck affairs.

All of the Class B winners had comparative easy times. One tournament record and three division marks tumbled in yesterday's action.

Kenneth Henson of Stanton made good on nine free throws in nine attempts to better by one the tournament record of eight.

The aggregate score of 105 points in the Moulton-Blum game was three points better than the mark set last year by Cayuga and Furrestion.

The three fouls called against Brenham was a new Class A record and the lone free throw made by Brenham was another new distinction.

Survivors today in Class A and Class B battle tomorrow for championships. The Class AA winner will be determined tomorrow night.

Notes From Training Camp

(By The Associated Press)

SARASOTA, Fla., March 2.—Ted Williams connected solidly against only three of the 38 pitchers tossed him in his first 1951 batting practice but his Boston Red Sox teammates were impressed by his performance.

"He was facing Ellis Kinder and Harry Taylor and they were really throwing," Manager Steve O'Neill pointed out. After watching Williams take all of his swings, Trainer Jack Paddon was certain Williams' fractured left elbow would be as strong as ever inside a month.

BRADENTON, Fla., March 2. — Puerto Rican Luis Marquez has a one-day start on Sam Jethroe for the Boston Braves first-string center field berth. Jethroe was one of the 30 tribal players to miss the combined squad's first workout. Another absentee was Manager Billy Southworth, now the club's 13th grippe victim.

AVALON, Calif., March 2. —It was blue Thursday for Chicago Cub Manager Frankie Frisch.

Rain pelted Catalina Island and cancelled workouts. In the midst of the bad weather came word from Preston Ward, No. 1 first base candidate, that Uncle Sam instead of the Cubs probably would get his services.

WEST PALM BEACH, Fla., March 2. — With all but two players on hand, the Philadelphia Athletics got down to the real grind of spring training today.

Manager Jimmy Dykes launched full scale drills yesterday.

Best news in the camp, of course was the re-signing of First Baseman Ferris Fain.

ST. PETERSBURG, Fla., March 2. — Stan Musial became the St. Louis Cardinals' first casualty of the spring training season. He was struck by a line foul ball that broke a blood vessel in his left ankle yesterday.

Aggies, Texas Christian In Playoff Game

AUSTIN, March 2 (AP) —The playoff to pick the Southwest Conference representative in the regional NCAA basketball tournament was set today, and the luck of Texas' Jack Gray gave the Loughorns an edge.

Gray called three coin tosses correctly here yesterday and won 1) a first round bye, (2) "home" team honors in the final playoff series.

Texas Christian and Texas A&M tangle next Thursday night at 8:30 p.m. at Waco. The winner of this "sudden death" game will meet Texas in a two-out-of-three game series.

If Texas Christian wins Wednesday the TCU-Texas series will start March 10 at Fort Worth. The second and third game — if needed— will be played in Austin March 13 and 14 or March 12 and 14, depending upon the availability of Gregory Gym.

If Texas A&M wins, the series will start March 10 at College Station, then switch to Austin on March 13 and 14 or March 12 and 14.

Gray, A&M Coach John Floyd and Texas Christian Coach Buster Brannon met with Abb Curtis to make the playoff plans. The three teams tied for the Southwest Conference championship. The playoff will have no bearing on the conference, the three being officially tri-champions.

In the last shot of the conference campaign, Arkansas beat Rice 57-43 last night at Little Rock.

Texas A&M meets University of Houston at College Station tonight in a non-conference tilt.

The final conference standings:

TEAM	W	L	Pct.
Texas Christian	8	4	.667
Texas A&M	8	4	.667
Arkansas	7	5	.583
Southern Methodist	6	6	.500
Baylor	3	9	.250

Wilkinson Said To Be Considering New Job With Oil Company

OKLAHOMA CITY, March 2. (AP) — Bud Wilkinson was reported by the Daily Oklahoman today as considering privately a $50,000 a year offer from a Midland oil firm.

The coach of the nation's top football team dismissed the possibility of his taking the Texas job, saying: "I really don't think anything will come of it."

The Oklahoman did not name the firm. The story said the deal might break about March 31.

Yale Line Coach Will Move To Texas Tech

LUBBOCK, March 2 (AP) — Yale University's line coach is moving to Texas Tech.

James Wyatt Posey, 32, signed a one-year contract yesterday to be Tech's line coach. DeWitt Weaver, Tech's new head coach and athletic director, wouldn't announce details of the contract.

Posey served as head coach of South Georgia from 1947 through 1949. His teams lost only three games, one of them a bowl game. He coached two winning bowl teams.

Aggies Go On Parade

COLLEGE STATION, March 2, (AP)—Six athletic contests are scheduled tomorrow afternoon and night on the Texas A&M campus as the college goes on parade for the hundreds of high school students coming for "High School Day."

Kentucky, NC State Winning

(By The Associated Press)

NEW YORK, March 2 — Kentucky and North Carolina State continue to knock over conference opponents in their respective post-season basketball tournaments.

Kentucky, No. 1 nationally in this week's Associated Press poll, walloped Mississippi State, 92-70, in its opening game of the Southeastern Conference tournament. The Wildcats cinched an automatic bid to the NCAA tourney by winning the SEC title during the regular season.

N. C. State trounced South Carolina, 83-53, in a Southern Conference tournament opener. The Tar Heels placed first in the standings during the regular season but must win the tournament to qualify for the NCAA.

The NIT nominated Seton Hall yesterday, making eight teams picked so far.

Methodist Society Has Covered Dish Luncheon

The regular fourth Monday covered dish luncheon of the Women's Society of Christian Service of the First Methodist Church was held Monday.

About 40 members were present. The three out-of-town guests that were present were Mr. King Sides from Lubbock, The Rev. Lloyd Hamilton from Crosbyton, and Mrs. Clark Matthews from Midland.

The program, led by Mrs. Maxsene Holt, was on the 12 objectives of the Methodist Women's Federation.

Mrs. Clyde Godwin gave the devotional.

Mrs. W. W. Adcock gave a short talk on American Indians.

The meeting was adjourned with a prayer led by Mrs. H. P. Brown, president of the Women's Society.

Frankovic Named Coach

BEAUMONT, March 2 (AP)— Nick Frankovic has become head football coach at St. Anthony's high school here. He left a similar job at Bishop Byrne High School at Port Arthur.

Frankovic reportedly received a substantial boost in salary.

Snyder Shriners Installed In Rites By Visiting Potentate

Hilton Lambert, president of the newly formed Snyder Shrine, was formally installed in office last night by Raymond Thomason, Abilene, potentate of Suez Temple, San Angelo, at installation ceremonies at the Snyder Country Club.

Other club officers installed were Pat Moore, of Ira, vice-president; James P. Billingsley, secretary; Ernest Taylor, treasurer, with the following seven directors: C. F. McCaslin, J. B. Terry, Ted Hoore, R. B. Sears, W. A. Banks, Dan Gibson, and Norman Autry.

Following installation of the officers, in which Thomason was assisted by J. M. Clark, chief rahbun; M. L. Leddy, treasurer, and Ben Godfrey, recorder, all of the Suez Temple, a charter was presented to the Snyder club.

The local chapter is under the sponsorship of the Shrine temple at San Angelo, and is one of the newest clubs under its jurisdiction.

M. L. Andress, James C. Billingsley, Jack Lee Terry Lambert and Earl Strawn were named aides to the potentate.

Brief talks were made by several visiting Shriners, including Ted Miles, president of the Abilene Shrine club, and Rusty Gifford of Midland.

Preceding the installation rites a buffet supper was served, and after the installation and institution of the club officers, an informal dance was held.

About 300 Shriners and members of their families were in attendance.

San Angelo sent a delegation of 25 members by special bus. Other cities represented at the festivities were Midland, Ballinger, Big Spring, Colorado City, Abilene, Odessa, Lubbock and Merkel.

Snyder DeMolays Win; Ira Beats Pasotex

The Snyder DeMolays decisively kayoed the Lubbock DeMolays last night in a basketball game here that ended 66-25 in favor of the local boys.

The game was part of a Shrine festival held here last night to incorporate 30 Snyder chapter.

Max Coffee playing for Snyder led scoring with 22 points.

Wright for the Lubbock DeMolays was high with 11.

An independent league game played in the high school gymnasium last night ended Ira—55, West Texas Concrete, 32.

Ira predominated play all the way.

Another independent league game scheduled between the Jaycees and Paso-Tex Pipe Line was postponed because of the Shrine game.

Track Dedication

ABILENE, March 2 (AP) — Dedication ceremonies for McMurry College's new cinder track will mark the dual meet between McMurry and Texas Christian Tuesday.

Will Question New Witness On Game Fixes

NEW YORK, March 2 (AP) — A mystery witness brought from Florida may be questioned today in the ever-widening probe of fixed college basketball games.

The witness, a man said to have been brought here by Assistant District Attorney William P. Sirignano, is reported by some sources to be a former Long Island University player. However, District Attorney Frank S. Hogan's office refused to identify him.

Announcement that the man would be brought here and questioned came soon after the district attorney huddled with Eddie Gard, accused go-between in the game-rigging scandal, and Harvey Schaff, suspended New York University player.

Hogan said "questions were answered" by Schaff and Gard, but he would not promise new developments "immediately."

Rumors of fixes in professional sports were denied by Hogan.

A newspaper reported yesterday that evidence revealed a master betting ring has been fixing professional fights and football games.

Hogan, in denying that report, also said there was no truth to rumors that he was turning over to the U. S. Senate Crime Probe Committee purported information regarding operations of a national syndicate that fixed a wide variety of sports.

Quiz and Social For Adult Training Union

The Wide Awake Adult Training Union of the First Baptist Church met for program planning Monday night in the home of Mr. and Mrs. A. P. Morris.

The regular business meeting and social was opened with prayer by Mrs. G. B. Clark, Sr. A Bible quiz was then conducted by Mrs. Alice Northcutt, social leader.

Also present were Mrs. Lois Wilsford, Mrs. W. W. Gross, Mrs. E. E. Weathersbee, Mrs. T. S. Worley, and Mr. and Mrs. Morris.

Refreshments served were ice cream, cake and punch.

Newspaperman, An Evangelist, To Speak Here

Dr. Dan Gilbert of Washington, D. C., nationally famed evangelist and author of religious and governmental books, will begin a series of sermons at the North Side Baptist Church here Sunday night.

The event is being sponsored jointly by the Calvary Baptist Church, Thirteenth Street at Avenue J, and the North Side Baptist Church, 1908 Sixteenth Street, where Dr. Gilbert will speak each night for a week.

A former newspaperman and member of the Committee for Constitutional Government, Dr. Gilbert has been held in high esteem by ministers and statesmen throughout the nation as well as by many of the country's leading newspapers.

Still in his thirties, Dr. Gilbert has spoken to schools, churches and legislative bodies in more than 30 states and three provinces of Canada and has also addressed the United States Senate.

His schedule of speeches in Snyder calls for 10 sermons at the church auditorium, one each night Sunday through Saturday and three times the following Sunday.

Next Sunday night, Dr. Gilbert's topic will be "Inside Washington — Adventures of a Christian Newspaperman in Our Nation's Capital." His subjects for the following nights are Monday, "Where Will Red Russia Strike Next?"; Tuesday, "Bible Light Upon World War II"; Wednesday, "Watching Men Die—Experiences of a Christian Newspaperman in the Prison Death House"; Thursday, "How Communism Is Capturing Our Youth"; Friday, "Hell Over Hollywood—The Truth About the Movies"; Saturday, "Inside the United Nations—A Personal Account of the Founding Meetings of the UN in San Francisco."

Sunday morning, March 11, Dr. Gilbert will speak on "The Anti-Christ Advance in America." Sunday afternoon, he will speak on "Stalin's Secret Plan to Destroy America," and Sunday night, his subject will be "From Atheism to Christ—How I Became a Christian."

Canyon Baptist Builds

Construction work has begun on the Baptist Church building in the Canyon community. The building will be 30x60 feet, and four classrooms are also to be built.

Women of Church Will Conduct Program For First Christian Sunday

Mrs. Herman Sanger of Fort Stockton will be the guest speaker at the woman's day program at the First Christian Church Sunday morning, the Rev. Clifford Taylor, pastor, said today.

The entire morning worship service is to be under the direction of the women of the church, with Mrs. C. C. Miller president of the women's Fellowship, in charge. Other members of the fellowship who are to participate will be Miss Peggy Miller, Miss Vita Wasson and Mrs. Malven Stevenson.

Following the service, dinner will be served at the church. A congregational meeting is to be held at 2 o'clock to discuss business pertaining to the membership of the official board.

Film on Commandments

The motion picture film "No Other Gods" will be shown at the Methodist Church at 7:30 o'clock Sunday night. The film is based on the first of the Ten Commandments, and the manner in which adults help younger people learn the full meaning of the commandments.

Old Theory On Advertising Is Proving To Be A New Theory

By MALCOLM W. BINGAY

As an authority on the science of anthropology, whatever that is, I have noticed a significant trend in advertising. I am not sure what the trend is or why it is significant, but even one less informed than I cannot help noticing it.

I regret that Hugo Munstenberg, famed pioneer in the study of advertising psychology, did not live so that I could have him evaluate my findings. During his brief and brilliant career at Harvard—when it was a school of learning instead of a school of politics—Munsterberg and I co-operated with charming enthusiasm. He wrote the books and as fast as they were placed on sale at the bookstores I bought them and read them. I know of no co-operation more appreciated by any author.

How fitting for today would be his "Psychology and Social Sanity." So altogether new to our times because it is so old—like the dawn of a forgotten sun.

APPEARED IN 1914

This book appeared in 1914 just before the war started—that first one—and it was that war, with the advertising campaigns to sell Liberty Bonds, that revolutionized advertising. You see, the government was paying the bills and the master minds who wrote the copy were not inhibited by advertisers who wanted every inch of space used instead of allowing a lot of white space which we typographical experts speak of as "air."

The poor fellow died shortly after this book was published and never did finish his researches. But some of his principles were sound. Never having owned a newspaper he had many ideas on how one should be conducted. One theory rather irked merchants, manufacturers, publishers and other payroll-meeters. He said that a combination of reading matter and advertising "irritates and hurts a mind of fine aesthetic sensitiveness."

This baffled us scholars of journalism and technicians in advertising because as far as we could ever find out, we ain't got no "minds of fine aesthetic sensitiveness," to be "irritated and hurt" by 96-point Gothic type telling us to use the laxative recommended only by "our best doctors." (This implies that any doctor who does not recommend same ain't one of our best.)

His solution of that was to have all the reading matter in one section and all the advertising matter in another.

How vulgar to interrupt a fine, sensitive aesthetic mind by hollering in display type about some new gear shift or the vast superiority of some new gumdrop while the cultured reader is trying to concentrate on eight-point type to learn the latest details about who murdered the beautiful nude blond found tied to the railroad tracks.

But he did diagnose our national disease as an aesthetic deficiency, due, let us say, to a lack of harmony vitamins.

UNDERSTANDS

This trend I think I sense. Our masters of advertising are educating those who pay them their salaries (it's remarkable how those who pay the salaries always have to be educated) into an understanding that they will sell more prunes, or coughdrops, or manhole covers, if they are not too trident in their claims.

These wealthy fellows who have been too busy making a success our of life have to have us explain to them how to run their affairs. Well, the big thing is to make them understand that America has grown up or "become of age," as we say, although never knowing what it means.

So the copy must be kindly, poised, natural, sophisticated. No superlatives! No claims of perfection! Write your ads so that the public will accept your product as the best on the market without you ever saying so.

One smart ad of this new type had a handsome boy with tousled hair and the devil dancing in his eyes holding a battery with just the caption "Do you want to start something?"

This is the human touch that our world needs. Also such copy had that subtle something which master stroke of all psychology in a selling job.

When the six-foot-four Lincoln debated with little Steve Douglas he always stood as close as he could to his opponent so that he could look down on him and force Douglas to look up. When Napoleon first met Metternich he dropped his hat, expecting Metternich to pick it up. Instead Metternich kicked it aside and went on talking. Napoleon knew then that he had an opponent worthy of his genius. Never state your claims—always assume they are already accepted.

Chinese Crew Strikes Ship

BALBOA, Canal Zone, March 2. (AP) — The Panamanian Freighter Oriental Dragon was strikebound in Cristobal today after her 57 Chinese crewmen refused to sail her to New York. The Chinese said they struck because they were refused permission to go ashore in New York.

One source said the reported refusal was based on the fear the crewmen might be Communists. The ship had cleared from Hong Kong.

The Oriental Dragon proceeded through the canal under the watchful eyes of U. S. Marine guards placed aboard — a wartime measure. He said it was normal practice to place a Marine guard aboard ships about once a month for routine drill purposes.

Shipping sources said the Chinese carry ordinary seamen's papers which would normally permit them to go ashore in foreign ports. The freighter is owned by the Panama Registered Pacific Union Marine Corp.

Coal ranks next to gold in value of Alaskan mineral deposits.

Youth Goes On Shooting Spree

PALM BEACH, Fla., March 2. (AP) — An incompetency hearing was ordered today for the son of a socially prominent Palm Beach couple who is being held for a triple-shooting.

The hearing was requested for 18-year-old Hugh Lawson, McClung Berry, six-foot-tow inch, 220pounder who blasted his father, Thomas H. Berry, 56, his grandmother, 80 year-old Mrs. Ella McClung and Patrolman Tyler Watts with a shotgun last night.

Mrs. Berry, mother of the youth, requested the hearing. She described her son as dangerous to himself and others. County Judge P. R. Robbins scheduled the hearing for this morning.

The three victims of the shooting —which took place at Berry's fashionable Jamaica Lane residence on the north end of this wealthy winter resort community — still were hospitalized but were expected to survive. The grandmother, widow of a former Tennessee supreme court justice, was in critical condition.

The youth told police he shot his family because they had sought to disinherit him, thus cutting him out of $600,000 bequeathed him by Mrs. McClung.

Norway To Contribute Army To Atlantic Pact

OSLO, Norway, March 2. (AP) — Full approval of the government proposal that Norway contribute to the Atlantic Pact defense army was voiced last night by the foreign policy and military committees of the storting (parliament).

The joint committee also recommended that the storting ratify steps taken by the government to share in the pactforces. The parliament is expected to take up the matter, about March 10.

The committee suggested that the Norwegian contingent correspond in size to Norway's present 4,000-man occupation brigade in Germany. It specified that the force should not be used outside the North European defense area without the consent of the Norwegian government.

New Lipton Tea Plant Opens In Galveston

GALVESTON, March 2. (AP) — A million-dollar Lipton Tea Co. plant with a total working area of 130,000 square feet, was officially opened here today in formal ceremonies.

The new unit was established to process teas arriving here from the Far East for distribution in eight southern and southwestern states, and to serve as a distribution point for other company products throughout the same area. It is Lipton's seventh plant in the U. S. and Canada.

Fourth Strike Out

LOS ANGELES, March 2. (AP) — The fourth husband of Actress Claire James, 29, charges in his divorce suit that she treated him so cruelly that he became convinced she no longer loves him. Married last Nov. 30, Miss James and Dr. Peter L. Hoffman, 32, separated Wednesday.

Miss James formerly was married to Film Director Busby Berkeley, Army Pilot Raymond Dorsey and Film Producer William Girard.

Officers May Frown On Cats In Barracks

LOS ANGELES, March 2. (AP) — "Squeeky" is en route by railway express to be with his master, Pfc. Baron Traub, at Fort Campbell, Ky.

The soldier's father, A. A. Traub, explains "since Baron left, Squeeky has been so nervous his appetite is nearly gone."

Pfc. Traub's superior officers are apt to be a bit nervous too when Squeeky arrives. The pet is a husky 11-month-old mountain lion.

Plane Breaks Up Ball Game Near Indianapolis

INDIANAPOLIS, March 2. (AP) — Donald Jones overslid home yesterday and broke up a sandlot baseball game.

Jones, 23-year-old student pilot was getting a little spring training in the air and made a forced landing on a baseball diamond in Brookside Park. His plane crashed into the backstop, but the players had scattered and no one was hurt.

The ball game went on after a truck hauled the plane back to Brightwood Airport.

Additional Paving Contracts Would Speed Work on Streets

The city's street paving program is progressing rapidly, but it could be speeded by the completion of additional contracts, Weir Washam, contractive representative of Brown & Root said today.

If property owners who are familiar with their units would contact their neighbors and arrange for the signing of contracts the entire program could be completed more rapidly, he explained. Units will be paved in the order in which contracts are completed.

Property owners who are ready to sign contracts should contact Washam as quickly as possible in order that plans for paving may be made now.

Curb and gutter work was to be completed yesterday on about 15 blocks in the first units signed.

Excavation work on these streets will begin some time next week and should be completed within two weeks on about 20 more blocks.

Curb and gutter work has been done on Avenue T from Thirtieth to Thirty-third Street, Thirty - second Street from Avenue V to Y, Avenue W from Thirtieth to Thirty-second Street, and was to be completed Thursday on Thirtieth Street from Avenue X to Z. Slated for completion late this week is curb and gutter work on Avenue W from Twenty - fifth to Twenty-seventh Street.

Within the next two weeks excavation will be done on Twenty-eighth Street from Avenue T to V Avenue U from Twenty-fifth street to Twenty - sixth, Twenty - sixth Street from Avenue T to U, Twenty-third Street from Avenue Q to T, Avenue T from Twenty - third to Twenty - fourth Street, Twenty-eighth Street from Avenue N to Q., Avenue O from Twenty - sixth to Twenty-ninth Street. Avenue Q from Twenty - seventh Street to Twenty - eighth, and Twenty-sixth Street from Avenue U to Z. The work will not necessarily be done in the above order, but work is slated on all within the next two weeks, Washam said.

"If you know that all property owners in your unit are ready to sign the paving contracts, please call 831 and your unit will be signed immediately," Washam said

Texts, Sermon Topics At Calvary Baptist

The Sunday School of the Calvary Baptist Church will study the eleventh chapter of the Gospel recorded by John Sunday morning, the pastor, the Rev. T. Gerald Cates, announced today.

Mr. Cates will preach Sunday morning on "Judas Iscariot" and Sunday night on "Seven New Things," using the Book of Revelation, chapters 21 and 22 for Scripture lesson.

The church is located at Thirteenth Street and Avenue I.

Hockley County Failure

Honolulu Oil Corp. and Signal Oil & Gas Co. have plugged and abandoned a one-location west offset to production in the Ropes-Pennsylvanian field of Southeast Hockley County.

The failure is the No. 1 Monroe, 934 feet from south and east lines of labor 7, league 5, Wilbarger County school land survey.

It was abandoned on total depth of 9,749 feet in lime and shale after testing water in the Pennsylvanian.

Snyder Youth Dies In Angelo

James Larry Smoot, 19, Snyder, died at 3 o'clock Thursday afternoon in a San Angelo hospital where he had been since critically injured in an automobile accident Saturday night near Sterling City.

Smoot underwent brain surgery Sunday night, but his condition failed to improve.

He is survived by his parents Mr. and Mrs. Don Smoot of Austin; two brothers, Stanley and G. W. of Kermit; a sister, Ann Smoot, and a half-sister, Donna Marie both of Austin.

The body was sent overland by Cox Funeral Home last night to Comanche for burial. The youth had been working in Snyder, though he was born in Comanche and formerly made his home there with his parents.

Smoot is the second fatality resulting from the Saturday night crash Pfc. George Koeln, Farmingdale, Long Island, N. Y., was killed instantly.

Two other Snyder residents, Odell Allen, 24, and Billie Walker, reported to be Smoot's fiancee, are recovering in a local hospital from less serious injuries suffered in the same crash.

Scurry Fields Get Producers

Six completions on field locations in Scurry County have been reported to the railroad Commission.

In the North Snyder - Strawn field, Standard Oil Co. No. 12-2 A. C. Martin flowed eight hours to make 648 barrels of 39 gravity oil and no water. Flow was through a three-eighths inch choke, with tubing pressure 230 pounds, casing pressure, zero. Gas-oil ratio was 670-1.

The No. 12-2 A. C. Martin is 540 feet from south and 1,661 feet from west lines of the lease in section 391, block 97, H&TC survey.

NO. 1 FALLS

Patton No. 1 Falls, located in the Sharon Ridge-Clear Fork field pumped 80.76 barrels of oil on a 24-hour test. No water was found. Gravity of the oil was 30.5 degrees.

The well had been treated with 15,000 gallons of acid. Top of the pay was at 3,027 feet, with total depth 3,221 feet. Casing was perforated from 3,027 to 3,073 feet. The well is 990 feet from north and 330 feet from west lines of the north half of the northeast quarter of section 131, block 97 H&TC survey.

NO. 3 TREVEY

Also in the Sharon Ridge-Clear Fork field, the R-Y Oil Co. No. 3 A. Trevey made 99.24 barrels of 29 gravity oil and no water on a 24-hour pumping test. The hole had been treated with 10,000 gallons of acid. Gas - oil ratio on the test was too small to measure.

Casing in the well was perforated from 2,868-2,996 feet. Top of the pay was at 2,868. The No. 3 Trevey is 905 feet from west and 330 feet from south lines of the north half of the lease in section 143 block 97, H&TC survey.

R. J. RANDALS

Sun Oil Co. No. 4-C R. J. Randals flowed 142.77 barrels of oil on a 24-hour test. Gas-oil ratio was 871-1. Flow was through a one-quarter inch choke with casing pressure 1,100 pounds and tubing pressure 275 pounds. Top of the pay was at 6,763 feet, total depth 6,832 feet. No water was made on the test.

Location of the No. 1 Randals is 1,108 feet from north and 467 feet from east lines of the lease in section 246, block 97, H&TC survey.

J. W. VOSS

The Sun Oil Co. No. 10 J. W. Voss made 257.76 barrels of oil and no water flowing naturally through a quarter inch choke. The test was made on a 24-hour flow.

Gas - oil ratio was 841-1. Casing pressure was 600 pounds, tubing pressure 450 pounds. Gravity of the oil was 43.9. Top of the pay was at 6,677 feet. The well is located 1,980 feet from west and south lines of the lease in section 203, block 97, H&TC survey.

LILLIAN STULTING

In the Kelley - Snyder field, Star Oil Co. No. 2 - A. Lillian Stulting was finaled for 224.40 barrels of 42 gravity oil and no water. The well flowed naturally for 20 hours through a 16-64th inch choke. Casing pressure was 525 pounds. Tubing pressure was 425 pounds. Pay was topped at 6,812 feet.

Location is 467 feet from south and west lines of the lease in section 177, block 3, H&GN survey.

Mexican Meat Can Be Bought For Exports

WASHINGTON, March 2. (AP) — The government has 5,600,000 pounds of Mexican canned meat on sale but you can't buy it. It goes to the highest bidder for export trade on March 12.

The government bought the meat to help Mexico find a market for meat barred from the U. S. because of the foot-mouth disease below the Rio Grande.

Suggestions for Building And Cost Of County Library Made

"A public library is not really free or even inexpensive but it is something which every community should make available to its residents," R. C. Janeway, librarian at Texas Techological College, Lubbock, told a Rotary Club audience yesterday at the Manhattan Hotel.

The cost of a library for Scurry County, which has been discussed recently, was set at about $22,000 a year. Janeway said this figured a dollar per capita for the county's population, and could provide a fine library. Many counties operated theirs for less, he added.

INFORMATION CENTER

Janeway described the new concept of a public library as an information center, useful to students, businessmen, and persons who read for pleasure.

"In building a library for Scurry County, you should remember," he said, "that half your library users will be adolescents. The next biggest group will be children, and the adults will use it least.

"As for a building to house a county library, it should have about 4,000 square feet, and can be built inexpensively on functional lines like a factory—with plenty of open space on the floor, folding walls, and windows to let in light.

"I have made libraries out of Quonset huts which served very well.

"For a county this size, the American Library Association recommends 44,000 volumes. You cannot accumulate them overnight and the only advice that is practical is to set a budget and buy books as fast as you can, pick up 1st and only add

FOR RURAL AREAS

"Since Snyder is not big enough to support a $22,000 a year institution such as a public library, the county must bear that burden; and if it's a county library it must serve the rural people."

To this end, the library could operate a bookmobile, to carry books to rural schools and farming communities in the county.

Parking space is a vital consideration in placing the library, and would probably rule out any location on the square, Janeway said. He also pointed out that since the big users of the library are children and adolescents, the central location in the business district would be hazardous.

The building, he stated, should be built so that it could serve also as a lecture hall and meeting place for forums and other civic gatherings.

"I should put in a plug for my profession," he continued, "but I believe I should tell you that a library in a county this size does not need more than two trained librarians, and they should be from this part of the country.

"People in West Texas do not treat one another like people in New York, for instance, and a New York librarian might be totally unsuited for getting along with the reading public in this part of the world.

"One should be a regular librarian and the other a children's librarian—one thoroughly trained in her field. The rest of the staff can and should be filled in with Scurry County people."

Draft Board Registers Total of 2,950 Men

A total of 2,950 registrants have now been classified by the selective service office in Sweetwater, Mrs. Patsy M. Mayfield, clerk, said today.

A total of 231 men from the area served by the board are now classified as I-A and I-A-O. An additional 142 men who have not yet taken physical examinations are also listed under this classification.

Twelve men in this classification have been deferred because they are in college and two have been day night in the Towle Building, given deferments for other reasons.

The board has registered 409 men under 19 years of age.

Thirty - one men from the board are to be inducted into the army on April 18.

THE SNYDER DAILY NEWS

VOL. 1, No. 251 SNYDER, TEXAS, FRIDAY, MARCH 2,1951 SECTION TWO

In 1912 Democratic Party Was Against Third Term President

BY DAVID LAWRENCE

WASHINGTON—The American people have demonstrated that, when they want to do so they can amend the constitution rather quickly. But, by limiting presidential elections.

It was Woodrow Wilson who, when he was President-elect, on Feb. 5, 1913, told Congress that limitation of presidential tenure was wrong. He wrote as follows:

"Four years is too long a term for a President who is not the true spokesman of the people, who is imposed upon and does not lead. It is too short a term for a President who is doing, or attempting a great work of reform and who has not had time to finish it."

ONE-TERM PLANK

At that time the Democratic Party had inserted in its 1912 platform a plank advocating a single term of six years and no re-election. Mr. Wilson had been asked by a House committee for his views, and he stated for the first time formally what had been his belief for years—namely, that the United States should adopt some system of responsible government which would make a President's term depend upon the will of the people expressed at intervals of perhaps two years or less.

"Why in such circumstances," said Mr. Wilson, "should he (the President) be responsible to no one for four long years? All the people's legislative spokesmen in the House of Representatives and one third of their representatives in the senate are brought to book every two years; why not the President, if he is to be the leader of the party and the spokesman of policy.

"Sooner or later, it would seem, he must be made answerable to opinion in a somewhat more informal and intimate fashion - answerable, it may be, to the houses he seeks to lead, either personally or through a cabinet, as well as to the people for whom they speak. But that is a matter to be worked out - as it inevitably will be — in some natural American way which we cannot yet even predict."

After making this plea for a system which resembles somewhat the parliamentary form in vogue in Canada, Australia, Great Britain and many other Democracies, Mr. Wilson gave as his second choice a two-term tenure as opposed to a single six-year term. He said:

"Put the present customary limitation of two terms into the Constitution, if you do not trust the people to take care of themselves, but make it two terms — not one, because four years is often too long — and give the President a chance to win the full service by proving himself fit for it."

ANTE 3RD TERM

It must be remembered that in the 1912 campaign, from which Mr. Wilson had just emerged the victor over a split Republican party — with President Taft and former President Theodore Roosevelt as the opposing candidates — the Democrats had for the first time in history made a campaign against the third-term idea. Vice President Theodore Roosevelt had succeeded the assassinated President, William McKinley, in September 1901 and then was elected in 1904 for a four-year term, so he really had served about three years and six months of one term and four years of another. The Democrats argued that, even though a four-year interval had elapsed since Mr. Roosevelt left the presidency in March 1909, it would mean that the same individual would occupy the office of chief executive for what was then considered to be a "third term." Theodore Roosevelt was often referred to in that campaign as the "third term" candidate.

If the Democratic Party is thinking about nominating Mr. Truman again, they will find embarrassing the position taken in 1912 on the subject of giving a vice president three terms.

This correspondent has always argued against a limitation of tenure for Presidents on the theory that, if any constitutional change were made, it should be toward a responsible system which would enable the people to remove a President when he lost their confidence. Under such a plan elections could be held just the same at regular intervals — Congress also should be subjected to the same power of the people to elect all of their legislators at least once every two years. The late MacKenzie King served as premier of Canada for 21 years but his service was not consecutive and he could have been ousted at any time by the Canadian parliament or by the people.

Cancer Victim Plans Party

McLEANSBORO, Ill., March 2. (AP) — Friends of little Donald Redfearn, fearing death from cancer may come before his 11th birthday on May 24, are planning a party for him on March 11.

Donald had learned recently that he has a host of friends in all parts of the country. Since the story of his illness was disclosed, cash, cards and gifts have been sent to the Donald Redfearn Treasure Chest started by the McLeansboro Junior Chamber of Commerce.

Many of the writers urged the handsome, blonde boy not to give up hope. But physicians have told his parents, Mr. and Mrs. Harry E. Redfearn, that Donald, their only child, may die at any time.

The doctors and his parents have not told Donald that death is near. But a few days ago he asked his mother: "I wonder if God will let me play cowboy in heaven?"

Stricken two years ago, he has received treatment in several hospitals. His father, a $2,150 a year school teacher, estimated he has spent $10,000 in medical and hospital expenses.

In the past few days Donald, his frail body ravaged by about 100 malignant growths, has become steadily weaker.

Rain Makers, Border Olympics Coincide

LAREDO, March 2. (AP) — Rainmakers have been employed in this area for next week but they say they will give consideration to the Border Olympics — they have no intention of raining out the nation's first major track meet of the year.

The rainmakers were retained by the Webb County cattleman and the Ciudad, Anahuac, Mexico, cotton growers. They hope to increase by a substantial amount rain forecast for the section March 7-12.

The Border Olympics, which already have 63 schools and 1,000 contestants entered, are March 9-10.

Traffic Deaths Since 1900 To Reach Million

CHICAGO, March 2. (AP) — The nation's traffic death toll since 1900 will hit the one million mark this year, says the National Safety Council.

The one millionth traffic fatality, the council said, probably will be in December, if the current upward trend continues.

Since the turn of the century up to Feb. 1, the council said, 966,250 persons have lost their lives in traffic accidents. Last year's toll was 35,000 and this year's death line on the statisticians graph points upward.

The toll in January was 2,890, up 17 per cent over January, 1950, and the greatest monthly gain in nearly four and a half years.

The council has started a nationwide educational campaign to postpone "M Day," Ned H. Dearborn, council president, says it can be deferred several months "if every motorist and pedestrian makes a personal pledge to avoid only one accident — the one that involves him."

The council's tabulations of traffic fatalities include data from the best available records from 1900 to 1933 and the actual count since 1933.

Alaska's principal minerals are gold, coal, silver, mercury, copper antimony, lead, platinum, tin, tungsten and zinc.

The only commercially important emerald mines in the western hemisphere are in Colombia.

Postal Fraud To Be Probed

BOSTON, March 2. (AP) — A federal grand jury is expected to hear evidence March 19 against an undisclosed number of Boston postal clerks suspected of defrauding the government of hundreds of thousands of dollars in a payroll padding scheme.

Asst. U. S. Atty. Gen. Charles Miller has been assigned to handle the presentation of evidence — but beyond that, post office inspectors have maintained a traditional silence on the case.

The investigation came to light three weeks ago when inspectors raided the big south postal annex, sealed all exits and reportedly discovered 28 employees were absent although their time cards were punched.

Published accounts said one clerk was reportedly basking in the Florida sunshine while his time card was punched regularly by a coworker.

Another clerk was reported to have banked $25,000 even though the salaries of postal clerks range from $2,770 to a little more than $3,000 a year.

The scheme was said in published stories to have worked like this:

A clerk who wanted to take a day off or work at another job paid a fellow worker $3 a day or $10 a week to punch his card at starting and quitting times.

If he wanted to quit earlier than his normal quitting time on any one day he paid $1 to have his card punched at the end of that day.

Swallows, night-hawks, whip-poor-wills and some other birds have weak legs and walk with difficulty.

Two New Navy Jet Bombers Are Part Of Revised Air Strategy

(By The Associated Press)

WASHINGTON, March 2. — Two new heavy jet bomber types, able to carry atomic bombs speedily to distant targets, are part of an unfolding picture of revised American air strategy.

The Air Force has disclosed it is hastening into the building of B52s, short-cutting the usual practice of trying experimental models before ordering a new plane put on the production line. First of these big jets is expected to be delivered this year.

At the same time, it has ordered construction of two all-jet versions of the giant B-36, these to have the swept-back wings which give airplanes greater speed.

NEWS CONFERENCE

Out of a news conference by Air Secretary Thomas K. Finletter yesterday also emerged an outline of the air war plans into which the new bombers will be fitted. In answer to questions, Finletter said:

The United States is interested in getting bases for its aircraft "within the North Atlantic Treaty organization area." North Africa is considered as being in the area which of course includes western Europe and islands such as Britain and the Azores.

Finletter, who recently returned from a visit to Turkey, was asked if air fields there are capable of handling heavy bombers.

"You mean existing fields?" he replied. "I wouldn't think so. There are a large number of bases, but the point is to have bases for jet aircraft."

U. S. NEEDS

This appeared to mean the U. S. wants its allies to have fields capable of handling jet fighters with those bases close enough to serve as interceptor points for air strikes launched by Russia or to put up escorts for allied bombers headed for Russian targets.

The Air Force decided to "jump into production" of the B-52 because that plane is much like the smaller B-46 and thus the Air Force has had experience with the type, Finletter said. He gave no dimensions, performance characteristics or other data on the B-52, except to say the B-52 "is a bigger, a considerably bigger B-47." Both are being built by Boeing.

Sponsors of Harvard University and William and Mary College in Virginia dispute which is the first school for higher education in the United States. The Virginia claim is 1617; Harvard's 1636.

NEWS FROM IRA

BY MRS. MABEL WEBB

Mrs. J. L. Byars was hostess Sunday for a birthday dinner honoring her mother, Mrs. Edd Grant of Dunn. Those present were Mr. and Mrs. E. E. Grant of Dunn, Dale Grant of Wichita Falls, Katherine Burns of Snyder and Mr. and Mrs. Grady White and children of Dunn.

Sunday visitors of Mrs. Una Holdren and daughter, Eula, were Mr. and Mrs. C. C. Cox and son of China Grove and Mrs. J. W. Holdren and baby of Snyder.

Mrs. Marie Kruse and Mrs. Toy Gideon accompanied their father A. J. Carnes, to Fort Worth Saturday. He has made an extended visit here.

Ann Falls spent the week end with Wynell Crowder of San Angelo.

Mrs. Pat Moore spent the week end with Mr. and Mrs. Dick Cowden of Big Spring.

Pfc. and Mrs. Robert Loper arrived home from Smyrna, Tenn. Saturday night. Pfc. Loper is home on furlough before going overseas. Mrs. Loper will remain here.

Mr. and Mrs. Garnett Kelley, accompanied by Mrs. Curley Cohee and baby and Mr. and Mrs. Marvin Key of Knapp, visited Mr. and Mrs. Lee Grant in Andrews Sunday.

Jack Crowder and son, Melvin Ray, visited Mrs. Crowder in Grand Prairie Saturday and Sunday. Mrs. Crowder is receiving medical treatment there.

Mr. and Mrs. Edgar Eades visited his parents, Mr. and Mrs. J. W. Eades, in Sweetwater Sunday.

Mr. and Mrs. Lonnie Loper visited relatives at Shallowater over the week end.

Mrs. M. W. Howard received treatment at Young Hospital in Roscoe Monday for a fractured rib suffered in a fall at her home Sunday.

Mr. and Mrs. B. F. Eades and children, Janice and Royce, of Fairview spent Sunday with her parents, Mr. and Mrs. Oscar Webb.

Mrs. J. A. Williams visited her daughter, Mrs. H. W. Harbuck, and family in Lawn Friday and Saturday.

W. M. Howard visited Mr. and Mrs. R. C. Howard in Midland Sunday.

M. L. Wilson made a business trip to Big Spring Monday.

The Rev. and Mrs. C. J. Smith of Dunn attended the W. M. U. meeting at the Baptist Church Wednesday afternoon. They also visited Mr. and Mrs. J. H. Suiter while there.

Mr. and Mrs. Lloyd were in Lubbock Monday. Mr. Webb received medical treatment while there.

Mr. and Mrs. M. J. Bryant visited Mr. and Mrs. P. M. Ragsdale of Colorado City Friday.

Mrs. Mabel Webb spent Thursday with her daughter, Mrs. B. F. Eades, in Fairview and also went to Colorado City with her that afternoon.

L. L. Eubank left Thursday for an extended visit in California.

Mrs. Hazel Polan of Louisiana is here for a visit with her daughter, Mrs. Bailey Thornhill, and family.

NEWS FROM UNION

By MRS. J. B. ADAMS

Sunday visitors in the M. L. Shinn home were Mr. and Mrs. Scott Ogle and children of Odessa and Mr. and Mrs. Holley of Big Spring.

Mr. and Mrs. Ennis Woodson visited in Artesia, N.M., Friday.

Mrs. Raymond Mangum and daughter, Betty, of Midland visited Sunday with Mr. and Mrs. Owen Miller.

Mrs. Henry Moore and Mrs. Josephine Moore visited Sunday with the Oscar Sneed family of Snyder.

Mr. and Mrs. Virgil Jones made a business trip to Brownwood early this week. While there, they bought a stock farm, where they plan to move at some later date.

Mrs. F. A. Connell spent the week end at Kress visiting her daughter, Mrs. Donald Armstreng and family.

Attendance at the training union study course has been gratifying. Mrs. Lem Hodges is teaching an adult class from the book "Every Christian's Job."

PERSONALS

Ted Sandoz, superintendent of the Pan American Production Co. is in San Antonio this week attending an oil hearing. He is expected back today.

K. P. Cunningham of the Weatherford Oil Tool Co., Lubbock highway, went to Borger yesterday on business.

Mrs. Homer Graham, who has been ill at her home, 3110 Avenue U, is reported to be slightly improved.

Mr. and Mrs. Roy Owen, 2803 Avenue S, have as visitors in their home this week Mr. Owens's sisters, Mrs. Lee Franks from Wichita Falls, Mrs. Malcolm Rapper from Frankfurt, Germany, Mrs. Joe Owen from San Antonio, and Mrs. J. L. Yarbrough from Comfort, Tex.

Mrs. Billy Boren, 2503 Thirty-second Street, and Mrs. C. V. McClatchy went to San Angelo Tuesday.

Mrs. Bill Sheid, 1908 Fifteenth Street, returned home Monday from the Sweetwater Hospital.

Mr. and Mrs. George Killam left Sunday to go to Austin.

Mr. and Mrs. Sam Weeds, Ellis Land Drive, returned from Dallas Tuesday.

THE ADVENTURES OF PATSY

Wildcat Spotted In Southwest Tom Green

Hunt Oil Co. of Dallas has spotted an 8,000-foot rotary wildcat in Southwest Tom Green County, two miles northeast of Knickerbocker.

It is No. 1 O. D. Weston and is located 920 feet from north and 1,535 feet from east lines of section 2, IRR survey. It is on a farmout of 328.92 acres from American Republics Corporation.

The prospector is three and one-half miles southeast of the Ohio Oil Co. No. 1-A Bryant, 7,036-foot Ellenburger failure and two and one-half miles southeast of Ohio No. 1-A Jones, a 5,770-foot failure.

No. 1 Weston is five and one-half miles east of the Irion County line and two and three quarters miles northeast of Lyles No. 1 Schulkey, a wildcat location.

Operations will begin immediately.

French Doctor Says Ghosts Are Possible

LONDON, March 2. (AP) — Ever seen your own ghost?

It's possible, says Prof. Jean L'Hermitte, Paris brain specialist, writing in the British Medical Journal.

After long study the professor says he is convinced ghostly doubles, which he calls "autoscopic hallucinations" are not fanciful inventions.

"Usually the image is very clear but not vivid in color," L'Hermitte writes. "When the subject attempts to get near it, the image draws back, or fades away."

L'Hermitte says he hasn't yet figured out what the vision of phantoms portends — if anything.

Chile produces 75 per cent of the world's supply of iodine.

Texas History Written in Brands

BAB

BY JOHN M. HENDRIX

The BABB was started in Wichita County in 1872 by Court and Dot Babb; later Dot sold his interest to Court.

Dot Babb and his two sisters were stolen by the Indians in Wise County when small children, but were recovered far up in the Indian nation a few years later. They were returned to their parents in Gainesville, Texas. Dot Babb eventually returned to Kiowa and Comanche reservations in Oklahoma where he lived for a number of years. The last years of his life were spent in Amarillo, Texas. Much of his life was spent with the Dan Waggoner outfit in both Texas and the Big Pasture country in Oklahoma.

About 1880 there were more than 2,000 head of cattle in the brand that ran on the open range.

Planets Cause Suit Dismissal

NEWARK, N. J., March 2. (AP)—Her stars weren't where they should have been yesterday and neither was Mrs. Charlotte Simmons.

Mrs. Simmons, a firm believer in the signs of the Zodiac, didn't like the way the stars were set up so she strolled out of court rather than start her $50,000 damage suit.

Judge Daniel J. Brennan, startled but no star gazer, couldn't see adjourning the case until the planets got back on the beam so he tossed out the suit for "failure of the plaintiff to prosecute."

Since time has run out under the statute of limitations, the 47-year-old East Orange, N. J., woman cannot reinstitute her suit unless Judge Brennan vacates his dismissal order.

And just when Mrs. Simmons had "an open and shut case" against Public Service Transport and the Texas Co., "planets or no planets," her lawyer said.

Her suits against the two firms —for $25,000 each — stemmed from head and arm injuries she suffered in a trolley-truck collision in 1946.

More Dutch Troops

THE HAGUE, The Netherlands March 2. (AP) — The army information service announced last night that 150 volunteers will sail March 19 to bolster the Dutch battalion serving with United Nations forces in Korea.

Big Strides In Rural Electric Power Plants

(By The Associated Press)

WASHINGTON, March 2. — Most persons associate electricity — and more particularly electric power— with the city and its industrial plants. Many are inclined to think of the farm in terms of the old-fashioned coal oil lamp.

But agriculture is rapidly becoming electrified.

More than 87 per cent of the nation's farms now are served with electricity.

Extension of electrical service to rural areas has been one of the unheralded miracles of the past 15 years. In 1936 only about one tenth of the farms had electricity.

Latest government figures show that more than 5,100,000 farms and rural establishments have electrical service. Of this number nearly 3,700,000 are supplied by systems financed and built by loans made by the government's Rural Electrification Administration (REA) set up in 1935.

Since 1935 the agency has made loans totalling about $2,350,000,000 to farmer co-operatives which built transmission and generating systems to serve their members.

These systems operate more than 1,250,000 miles of power lines. Last year rural consumers used more than 7 billion kilowatt hours of electrical power, 28 per cent more than in the previous year.

REA loans are made for periods up to 35 years at low interest rates. The co-operatives pay back loans from receipts from sale of power. Latest reports show that only about one third of one per cent of the loans were overdue.

Twelve Filmlanders To Committee Probe

HOLLYWOOD, March 2. (AP) — At least a dozen filmland figures have a date, by request, to appear before the House un-American Activities Committee in Washington March 21.

A committee investigator said yesterday that many have been subpoenaed and others are being sought. Names of those summoned were not disclosed.

Heavy Birds Short

GAYETTEVILLE, Ark., March 2. (AP) — Arkansas poultry steady to firm. Supply of birds over 3 pounds short. Broilers and fryers all weights 26-30 cents.

Crops marketed in 1950 by U. S. farmers brought cash receipts to the farmers of about 28 billion dollars.

New York State production of iron ore stands fourth in quantity among U. S. states.

gives a woman that "who is she?" look...

A lubricating cream of lavish luxury, of super-richness, designed especially for the extra-sensitive, tissue-fine skin. If your skin tends toward dryness, cherish it by making a daily beauty habit of DuBarry Special Skin Cream's soothing, smoothing emollients. And of course, DuBarry Special Skin Cream is *hypo-allergenic:* as free from all known allergy-causing elements as science can make it!

We Salute The
First Lady of America
To Become Treasurer Of
The United States

Mrs. Georgia Neese Clark
Treasurer of the United States

Forrest BUILDERS SUPPLY

A PROGRESSIVE BANK

The Progressive spirit of the officers and directors of the West Texas State Bank is responsible for the rapid growth the first year of operation. On January 14, 1950, we opened our doors for business. Today, over 5,000,000 dollars is on deposit at this progressive bank of West Texas.

The progress made in the past is just a token "of greater things to come" for this vast area. The West Texas State Bank looks forward to continued growth with Snyder and West Texas. We renew our pledge to always be progressive and to give this section of West Texas the highest type of banking service.

FOR A PROGRESSIVE CITY

With the discovery of oil, Snyder went all out to keep abreast of the rapid growth. New schools have been built, others are under construction. Some $3,500,000.00 in bonds have been authorized for the building of schools alone. Approximately 200 blocks of pavement is under construction. Bonds have been voted for 157 miles of paved farm to market roads. A new airport is under construction. Yes, Snyder is keeping in step with progress.

WELCOMES

Its' a hearty West Texas Welcome we extend to Mrs. Georgia Neese Clark, treasurer of the United States, upon her visit to Snyder. We know that Snyder and all West Texas is proud to have such a notable personality as the guest speaker at the Chamber of Commerce banquet. At this time we express our compliments to all those who have worked to make his annual banquet a success.

We invite you to attend the celebration tonight.

We know that you will enjoy every minute of it.

Mrs. Georgia Neese Clark As Guest Speaker Of The C. of C.
