Area History To Be Feature Of Centennial

The history of the Aransas County-Rockport area from the time of Spanish exploration in the early 16th century to the present will be reenacted in an outdoor spectacular by a cast of 250 local residents during the Centennial celebration June 13-21, according to Bill Christian, chairman of the division in charge of the production. The spectacular will be the principal entertainment feature of the celebration and will have a four-day run, Christian added.

Script for the spectacular, along with directions for stage settings and lighting, is being prepared by professional writers at headquarters of the Rogers Co. in Fostoria, Ohio. Rogers also will provide a resident director who will select, train and direct the cast for the production. It will be presented on a large stage in the Rockport-Fulton high school stadium the last four nights of the Centennial.

Background material has been sent to the Rogers team of writers by a scenario committee of which the Rev. Cecil H. Lang, Jr. is chairman, assisted by Mrs. Gladys Gibson, Arthur Bracht, Mrs. Irene Jackson, Mr. and Mrs. Fred Brundrett and Mrs. Mattie Bushart. Several members of the committee also prepared papers in areas of their special interests.

The committee's research started with the period of the landing here of the Spanish explorer, Cobe de Vaca, in 1558 and covered explorations by the French, forays by pirates and other outlaws, Indian activities, struggles of early settlers, founding of missions, activities of Mexican and Texas troops during the struggle for independence and the area's Civil War involvement.

Also covered were commerce and industry of the area in early days with special attention to its seafaring background. Material on the de-

Through its pages Father Capon extols the God-given gifts of food and drink and their preparation, and this line leads him into a delightful yet reverent sharing of his joy in life itself. There is much fun in the book, and a generous portion of meat—in more than one sense of the word.

Father Capon dedicates "The Supper of the Lamb" to his wife, whom he addresses as "the lightning behind all the thunder." Father Capon has been seen on the "Today Show" and his articles have appeared in several popular magazines. Before "The Supper" was published, he was best known for his splendid work on marriage, which he titled "Bed and Board."

Youth Guitar Mass Mar. 15

On Sunday, March 15, the 11 a.m. Mass at Sacred Heart Church will be a special youth guitar Mass. The music will be provided by the Catholic Youth Organization of SS. Cyril & Methodius parish of Corpus Christi.

The guitar music program originated at SS. Cyril & Methodius under the directorship of Fr. Greg Kania who is the assistant priest in Rockport.

Originally only one guitar was used. The program has since grown and the music is now provided by four guitars, organ, and sometimes other instruments. The group is now coordinated by Ricky Ehrhardt, a freshman high school student.

This group has made appearances in several parishes to demonstrate how guitar music can help youth, and all who are "young at heart," to better light their minds and hearts to God. Their purpose is not to "put on a show," but rather to encourage other youth to begin similar guitar music programs in their parishes.

Beware of Bogus Roof Repairmen

A few days ago two men stopped at the home of an elderly lady here and said they would like to inspect her roof "free of charge."

They used a ladder climbed up on the roof and started punching the surface with a pole. The lady told them to stop, that might punch a hole in the roof.

The men said they just wanted to show her that roof was so old that a heavy rain would cause water to pour into the house. Then they said they had some "special material" which would seal and waterproof the surface.

The lady told them to go ahead and fix it. They sprayed some kind of water material on the roof, worked about half an hour and collected a check for \$129 which they cashed a few minutes later.

Rockport area people are advised to contact local legitimate roof contractors if roof repair work is needed.

Explains New Women's Rights

Miss Lola L. Bonner, Rockport attorney, discussed changes made by the legislature in recent sessions to equalize rights of married women with those enjoyed by men. She spoke at a luncheon meeting of the Rotary Club Wednesday at Corky's Restaurant.

Miss Bonner said that a married woman is now qualified legally to enter into contracts, and well as to sue and be sued on contracts. She also pointed out that it is no longer required that a married woman have the consent and signature of her husband in disposing of property held in her own name. In addition a married woman can sue for personal injuries in accident cases and any money recovered becomes her sole property.

In conveyance of property, a notary public no longer is required to examine the wife in private to determine whether her husband has used threats or force to get her to sign the conveyance, Miss Bonner explained.

Also, the divorce laws have been changed to make a woman responsible for the support of her divorced husband if he is unable to support himself, she said.

resounding reasons why you should buy a new Chevrolet instead of a new something else:

- 1 Higher resale value.** Year after year. No other car in Chevrolet's field gives you as much back on your initial investment.
- 2 Deep down value.** Exclusives like flush-and-dry rocker panels and an extra set of fenders keep Chevrolet looking good longer.
- 3 Smooth, smooth ride.** Because of Chevrolet's computer selected springs, Full Coil suspension and advanced body mounting system.
- 4 Impressive styling.** The impression is that it's an expensive car, if you want to make an impression.
- 5 Massive interiors.** Result? Room to stretch out or to sit tall. Chevrolet has more front leg room than any other car in its field.
- 6 Side-guard beams.** Chevrolet puts more between you and the outside. Steel beams built into every door.
- 7 A finish that lasts.** It's unfortunate other cars in Chevy's field don't have a Magic-Mirror finish because it sure keeps its shine.
- 8 Exceptional engines.** Chevrolet's standard 350-cubic-inch V8 runs on regular fuel. Plus there are five more engines available.
- 9 Tremendous selection.** Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. And of models. There are nine big Chevrolets alone.
- 10 America's favorite.** Something a new "something else" can't claim. If actions speak louder than words, doesn't this say something to you?

"Beauty is in the eye that beholds it."
—Gwen Frostie

How true this is, and the sooner our eyes are open, the more beauty we see through the seasons. Each season has its own. Now as the season moves toward spring, birds that have wintered with us are leaving day by day to reach their nesting ground in time to start the new family, and we must study another plumage.

The sandhill cranes that have been very numerous this winter are leaving in large groups, still considered numerous to winter tourists. There are still skimmer concentrations of huge flocks. Have you noticed how robins have left for Northern sections? A few remain in people's yards at the present time.

Marbled godwits, dundings and dowitchers are ready to start west and north, but lately we have enjoyed seeing more beautiful canvas back ducks, the hunters' delight, but hunting season is over once more and a few will carry the duck family toward the future. The wild flowers will repay you out 881, lovely pink evening primroses and yellow evening primroses (don't say buttercups) are at the beach. Tall

vervain, gaillardias, squarebud primrose, all on 881. Huisache will soon perfume the air as they are putting on their yellow puff blossoms. Then comes the mesquite. Just look. Isn't the yucca beautiful down 35?

And soon shelling will be better as our spring tides wash back and forth so just keep looking, looking, looking. Nature will always repay you.

And what do we find where the Fulton Road leaves Highway 35? Bluebonnets (is any blue so blue?), and at their base where the white prickly poppies, pink evening primroses, daisies, wild mustard. Could any artist improve on nature? Just look, look, look!

You can feel it in the air. You can see it on the bewiskered faces of local men. The Aransas County-Rockport Centennial Celebration, June 13-21, is very much in the minds of most Rockport area residents.

The many men and women who have volunteered to serve on various committees are doing an outstanding job. The whole town is getting excited and there is every indication that the observance of the area's 100th birthday will be a lot of fun, will attract thousands of people from other cities, and will be the focal point to make all of us very proud of our community and determined to carry on in the tradition of the pioneers to be honored.

This is no place to try to mention the names of all the people who are working on plans for the Centennial but there are scores of men and women who are doing a fine job.

Let's all pitch in and help make the celebration the greatest ever!

W. C. Fields' real name was Claude William Dunkinfield.

Those Wonderful Moments...

"Daddy, is a real bank something like my Piggy bank? One of those amazing questions we get from children."

No, honey, your little piggy bank just takes money and holds it. A real bank takes your money and puts it to work. And they pay you to let them use your money to make our town grow and prosper. They help people build houses, buy cars and begin businesses. Your Piggy bank can't do that.

Ever hear a smile?

Next time you dial for help with your Long Distance call...listen.

Next time you call the telephone business office...listen.

Listen for the "voice with a smile." All of us at Southwestern Bell are working hard to put courtesy into practice 24 hours a day. We try to live up to our motto: We may be the only phone company in town, but we try not to act like it.

Richard Anderson— (Continued from Page 1)

playing as a freshman under Coach Frank Stephenson. Richard moved up to the varsity squad as a sophomore.

Last year, Richard's junior year, the Rockport-Fulton Pirates posted a 6-4 record. Anderson was named to the 28-AA All District Team as a defensive player. This past year when the Pirates smashed district foes to take the District 28AA championship, Richard and nine of his cohorts made the All District Teams. Anderson was a unanimous choice as offensive guard.

A few weeks after the 1969-70 football season came to a close for the teams of Texas, the All District Teams were announced. On the first team, at a starting guard position was the name of Richard Anderson of Rockport-Fulton High School.

Just as many other boys playing athletics at Rockport-Fulton High School, Richard's interests are more than just sports. Scouting, working on old cars, and various water activities rank high on Anderson's list of hobbies. Even with all of his outside activities, he maintains an average in school of around 90.

Rockport's first lineman to be named to an All State Team is thinking about a career in engineering. As of this date, he has been contacted about playing football in college, but Richard states that he "might like to try."

Richard Anderson reacted to his honor by saying, "It was my biggest surprise ever!" As any champion worthy of his position, Richard offered these words for his team mates and coaches: "I'd like to thank everyone, especially Coach Bloomer and Coach Harper."

Richard, the son of Mr. and Mrs. John D. Anderson of Rockport, hopes to be only the first of a long line of Pirates to be named to an All State ranking.

Area History— (Continued from Page 1)

velopment of modern Aransas County and Rockport was included.

Lang reported that his committee's principal sources of information in developing script material included the following:

Hobart Huson's two-volume work on Refugio County of which Aransas County once was a part; Dorothy Minn's thesis for a master's degree in 1932 and now in the Aransas County Public Library; a paper on early Rockport written for his Rockport-Fulton High School class by Jerald Brundrett, Jr., in 1967.

Also a paper by Mrs. Gibson on the Fulton mansion; Mrs. Jackson's history of education in Aransas County as well as her material on the Gay Nineties and resort development in this area; Mr. Bracht's paper on the meat packing industry; Mr. and Mrs. Brundrett's history of local churches, and the master plan for Rockport projecting its growth pattern.

Lang also interviewed a number of older residents of the county, including an hour-long taped discussion with Mrs. Manch Brundrett who was born in Lamar in 1872 and probably is said to be the oldest living pioneer. She related her memories of pioneer settlers, early churches, and education in the county and a number of storms.

As result of the committee's research, Lang put together 76 typewritten pages of background material on which the spectacular script will be based.

B&PW Style Show a Success

The Business and Professional Women's Style Show was a grand success Saturday night, with over 225 people served. The beautiful models, all home town talent, showed professional ability in bringing out the best points of the fashions furnished by Mrs. Bona Suttles, who was general chairman. One of the models, Miss Alva Henley, gave a double treat; besides modeling she sang two beautiful songs.

Miss Lola L. Bonner, as commentator, gave an added flair to each style. Ed Bayreux was the organizer for the evening. Mrs. John Kinsey, B&PW president, presided.

A special thanks to Mrs. Margaret DuPre for giving so generously of her time and talent in instructing the members in flower design, to Mrs. Polly Rogers for donating her works of art, to our own Miss Elsie Hawes for co-ordinating all the decorations, making the Colony Room at the Sandollar into a colorful Mexican Cafe.

B&PW wants to express its gratitude to everyone who made the show the success that it was; to the Rockport Pilot for the publicity, to all the people who were guests and who donated so generously

toward the scholarship fund and to all the merchants for the door prizes. Those donating door prizes were:

The Sea Shell Shop, The Carousel, The Hobby Workshop, The Sun Fun Shop, The Hidden Treasures, Letties, Roe's Food Store, Key Allegro Development and Sales, "A" Blossom Shop, The Sandollar; The First National Bank, J. M. Sparks Dry Goods, Ankele's Hardware, Western Auto Store, Townsend's Merle Norman Studio, Johnson's Drug Store, Mary's Beauty Shop, Mitchell's Jewelry, Morrison's Sportmen's Center, H.E.B. Family Center, Aransas Butte & Hardware.

Sea Gun Restaurant, Rockport Yacht and Supply, Central Power & Light Co., Roadrunner Gift Shop, Rockport Auto Supply, Picton Lumber Co., Suttles Dress Shop, Roaten's Drugs, Beachcomber Salon, Fluff Puff Poodle Parlor, Key Allegro Club and Restaurant, The Jewel Box, Commercial Motor Co., Walter Boehnke, Glass, Sorenson and McDavid, and the United Savings.

Last but not least, we want to thank Nick Loque and Mrs. Adelaide Botman of the Sandollar for their excellent cooperation, good food, and fast service.

DOCTOR WILL SERVE AGAIN WITH H.O.P.E.

Dr. Stuart P. Barden, a radiologist who lives at City by the Sea waterfront subdivision, recently began his second volunteer term of duty aboard the hospital ship, SS Hope. He formerly was a staff radiologist with a hospital in Battle Creek, Mich.

The famous ship, which made its maiden voyage 10 years ago, is now stationed at Tunis, Tunisia, for a 10-month medical teaching and treatment mission.

Dr. Barden, will spend the next two months with the HOPE staff of 150 doctors, nurses and paramedical specialists working directly with their Tunisian counterparts in classrooms, laboratories and wards aboard ship and in hospitals, medical schools and clinics ashore. He served with the hospital ship in 1964.

Shortest recorded reign was that of Dauphin Louis Antoinette, Louis XIX of France, which lasted for 15 minutes.

On Mar. 4 the National Honor Society of Rockport-Fulton High School held an initiation ceremony for 17 new members. The program, held in the high school auditorium, was attended by the student body and guests of NHS. A reception for the new members was held in the Homemaking building after the ceremony.

Initiated into the Society were Janet Albers, Linda Ballou, Nelson Barre, Mary Beth Caspary, Sarah Castro, V. K. Dully, David Fake, Gary Gray, Debbie Haigood, Mary Harriet, Alfred Heinsohn, Kam Heinsohn, Susan Lassiter, Kaye Lauer, Laura Leisenheimer, Daniel Montgomery and Susan Picton.

Jr. Deputies' Show a Success

Sheriff Bob Hewes reported that nearly 375 people crowded into the VFW Hall Sunday afternoon to watch the Brazos Valley Folks put on a benefit show for the Aransas County Junior Deputies League.

Everyone there had a good time and enjoyed the show very much. Hewes said that the proceeds from the show has helped the junior deputies program off to a good start.

The next meeting of the league will be March 21 at 10 a.m. at the District courtroom at the courthouse. This will be the meeting for the election of officers. Members are required to be between 12 and 17 years of age.

FHA News

Sixteen members of The Future Homemakers of America traveled to Corpus Christi on Mar. 7 to attend the Area 10 meeting at Memorial Coliseum. The girls were accompanied by their two sponsors, Mrs. Ruth Thames and Miss Jacqueline Stork.

Two speakers gave talks on "We Face the Future." The program also included a presentation of current officers' parents and the new officers. The girls ate lunch on the T-Head under the eclipse.

After lunch a talent show was staged. Marilu Richards, Debra Kelly, Melinda Mills and Debbie Haigood sang in the choir. The girls wish to thank J. H. Lindenmayer for driving the bus.

couraging school children to visit it. School officials are urging pupil participation, and Central Power and Light Co., will provide free electric power during the show. Mrs. Phillip Baldwin is chairman of arrangements for pupil visits.

The Rockport Art Association is providing hostesses, with Mrs. Ed Harper as chairman in charge of scheduling. Two hostesses will be on duty at all times the exhibit is open.

The exhibit will be open most daylight hours, and in addition Monday, Wednesday and Thursday from 7 to 9 p.m. Pupils are scheduled to visit the Artmobile daily from 9 a.m. to noon and from 1 to 3 p.m. Hours from 3 to 5 p.m. and the evenings are reserved for adults. Audit clubs and other groups may reserve specific hours to visit the exhibit, Mrs. Cochran said.

George Herrell, graduate student at the University of Arts and Industries in Kingsville, is in charge of the Artmobile. He will deliver a 20-minute lecture for each visiting group, either in person or on a recording.

The Artmobile's Rockport visit also is designed to accommodate residents of nearby communities such as Aransas Pass, Port Aransas and Ingleside, according to Mrs. Cochran.

The Artmobile which was constructed last year at a cost of about \$100,000, is a 62 by 12-trailer with air conditioning and humidity controls, as well as burglar and fire alarms and a sound system.

It was scheduled to visit Rockport last year but a highway accident put the equipment out of service for several months. However, more than 20,000 persons already have visited the Artmobile.

Mrs. Hazel Smith of San Benito has been visiting here as the house guest of Mr. and Mrs. T. L. McNutt and to visit with her daughter and son-in-law, Mr. and Mrs. Joe Earl Hunt.

Accent on Health

J. E. PEAVY, M.D.
Commissioner of Health

Two things are said to be certain in this word: death and taxes.

To this add a third certainty: If you live in Texas—or the United States for that matter—chances are about one in two that you will die of a circulatory disease—a disease of the heart or blood vessels, reports the Texas Department of Health.

Despite the prevalence of newspaper stories and reports you see and hear on radio and television about accidents and other violence, heart disease continues to be the number one killer of Texans. Among the top ten are apoplexy—commonly called "stroke"—and generalized arteriosclerosis, known as hardening of the arteries.

There is virtually no change in these top ten killers compiled in the Annual Texas Morbidity Report and published by the Texas State Department of Health.

Final reports for 1969 are still being tabulated, but the spot once again is expected to be heart disease. In 1968 almost 93,000 deaths were reported from all causes in Texas. Heart disease, claiming 31,620 lives, more than doubled the second most common form of death—cancer—which recorded 15,073 victims. Following were apoplexy (10,516), accidents (6,919), pneumonia (3,283), diseases of early infancy (2,847), diabetes mellitus (1,761), generalized arteriosclerosis (1,635), homicide (1,286), and chills/rhisis of the liver (1,175).

Elements of our everyday living have a direct bearing on the likelihood of having heart disease. Among men, the incidence of heart disease is occurring more frequently among those in younger age groups. Women aren't immune to heart disease, but their susceptibility is much less in the early years.

Eight major hazards contribute to heart attacks: 1. High blood pressure; 2. elevated blood cholesterol level; 3. overweight and excessive eating; 4. cigarette smoking; 5. too little exercise; 6. diabetes; 7. heredity; and 8. tension and strain.

There are ways to help lessen the eight hazards just mentioned. Although there is no proof that these elements will positively cause heart disease, today's scientific evidence and medical research do point in that direction.

What are these practical measures? First, have a regular medical checkup. Secondly, control high blood pressure. Third, regulate the cholesterol in your diet. Fourth, reduce if you're overweight. Fifth, don't smoke and if you smoke now, quit it. Sixth, get regular exercise.

It is important to note that these measures are related to physical activity, proper diet and proper living habits. They won't restrict your present pattern of living too much. A reduction of these dangers will result in good general health and physical fitness for every member of your family. You'll feel better, live longer and enjoy life much greater for your efforts.

Troop 469

March 4, 1969 the Rat Patrol held the opening ceremony. After the ceremony each patrol worked on the Sign of the Star. Before refreshments the girls that went to the Cadette meeting, March 3,

showed the troop what they had done on the Active Citizen badge.

The girls who participated were Beverly Barnard, Vicki Rice, Cindy Schendel, Helana Bloomer, Annette Ledbetter, Wynne Armstrong and Leah Hill. We did different skits for

each law that we had worked out at the Cadette meeting. After this we had refreshments and had a closing ceremony and left.
