Italy Unconditionally Surrenders to Allies

SGT. THOMAS U. HUGHES

W. M. H. HUGHES SERVING HERE ON EURASIAN FRONTS

Mrs. W. M. H. Hughes of Lakeview have two sons somewhere on the Europe-Asia fronts. S-Sgt. Hughes has been in England several months and is now in the Air Corps. Corp. Rupert M. Hughes is in the Air Corps. Below are the two to their parents:

Rupert:
Middle East, August 15
pretty busy and the
er hard, but we get
ood and it's fairly
not here, but not like

Letter from Thomas U.:
I am looking forward to the
day when we can all be together
again back home.

The V-mail letter you wrote
May 17 got here before the letter
you wrote May 15. So guess the
V-mail is the fastest after all.
I don't think I have ever men-
tioned visiting London before, but
I did visit there some time back,
and much to my surprise I was
quite disappointed in the town. It
and all other English towns are
much different to the towns back
home. There are no high buildings
anywhere over here, and there is
a great difference in moderniza-
tion of so many things. Of course
the war makes a lot of difference
now, in comparison to the States.
I wish you would send me some
pictures of yourselves and the
home scenes, if you can get the
films.

Tell W. M. I would like to take
him for a bicycle ride in real
English style. We get a lot of
thrills and spills on them. I had a
head-on collision with a Major the
other day. No hard feelings, only
a broken spoke.
There is little to write about,
or rather that we can write about.
The good old U. S. A. sounds best
to me.
I can't get too many letters.
Urbane.

Capt. Hood Guest Speaker At Rotary

Captain Harlen Hood was guest
speaker at Rotary luncheon Tues-
day. He told some of his experi-
ences as a Marine flyer in the
Guadalcanal area, and made his
hearers realize that the boys on
the fighting fronts are doing a
good job while experiencing hard
times.
It will take a long time to whip
Japan, fighting them island by is-
land, but so long if the Allies can
cut off their supply routes, Hood
declared.
In closing his speech, Captain
Hood made one of the most pow-
erful appeals for buying war
bonds the Rotarians have ever
heard. This appeal is being print-
ed as an editorial on the front
page of this paper.

**HEN WANTS TO HELP
FEED ITALIANS**
J. D. Bice displayed a freak
egg, or rather eggs, here Satur-
day. One of his hens sensed that
Italy would unconditionally sur-
render soon and would have to be
fed by America, so she laid two
eggs in one.

The outer egg did not have a
shell, but had a tough skin. In-
side that egg was an ordinary egg
with shell. Mr. Bice thinks the hen
is doing her bit for the country.

Back The Attack—Buy MORE War Bonds

Captain Harlen Hood, home on leave from
Guadalcanal, in closing his speech at Rotary lun-
cheon here Tuesday, said:

"When the Hall County boys on Guadalcanal
or other battle fronts read in The Democrat that
the folks at home have gone over the top in a War
Drive of any kind, they rejoice. Their morale is
strengthened and they feel like carrying on.

"You folks at home have a heavy bond drive
facing you. Don't let the boys on the fighting
front feel that you fell down on the home-front
job. If you do, their morale will be weakened."

Word Is Received From Virgil Ford

Mrs. Dollie Ford has heard
directly from her son, Corp. Vir-
gil Lee Ford, for the first time
since February, 1942. She re-
ceived this card from him: "I am
interned at Philippine Military
Prison Camp No. 4. My health
is good. I am not under treat-
ment. I am well. Please send that
Marshall that is taken care of."

Mrs. Ford says she knows that
her son is alive because he men-
tioned his brother, Marshall.
Corp. Ford was stationed at
Camp Stotsenburg near Manila
and was taken prisoner at Cor-
regidor. He was a member of the
200th Coast Artillery and entered
the army September 26, 1941.
His wife lives in Deming, N. M.
Mrs. Ford has been informed
by the War Department that she
can send Corp. Ford a package
weighing not more than eleven
pounds.

**Continuous Term
Of Court Starts**
First Tuesday in Each
Month Set; Docket Light
In This Week's Session

The September term of district
court opened Monday with Judge
A. S. Moss on the bench. Cases
settled were two indictments, one
for theft and one for burglary;
two divorce cases and one suit for
damages.
The first Tuesday in each month
is designated as the date set for
Hall County instead of the past
dates set. This is in compliance
with the law of a continuous term
recently enacted.

"In other words, we will have
court here every first Tuesday
and cases can be tried every
month instead of having to wait
for the court term," stated Mrs.
J. N. Cybert, district clerk.
Grand jury for this term were
R. A. Eddleman, foreman, J. S.
Berryman, C. A. Powell, D. S.
Baker, E. E. Cudd, Roy R. Fultz,
Jess A. Johnson, J. R. Boatman,
Crump Ferrel, Pete Davis, M. N.
Orr, D. H. Davenport Jr., J. R.
Harrell and E. H. Godfrey were
sworn in as bailiffs.

City Council Has Busy Session At Regular Meeting

Name Members Park Board;
W. T. Hightower Sworn In
Alderman; Other Business

At a recent election W. T. Hight-
tower was named by the voters of
Ward No. 4 as councilman to fill
the unexpired term of N. E.
Burk, deceased. Hightower was
sworn in at the regular meeting
of the city council Tuesday night.

E. E. Roberts and Robert Breed-
love were appointed on the City
Park board to take the place of C.
C. Hodges and Otis Jones, who
resigned after serving well and
faithfully for several years, and
to whom the City Council and the
citizenship of Memphis are deeply
indebted for their excellent
planning and building one of the
best parks in the panhandle, it
was expressed by the council.

A report on the water situation
was given by Councilman
Morgan Baker. He stated that a
contract had been signed for work
to begin September 20 on test
wells north of town. He also stated
that the State Board of Water
Engineers had promised to send
one of their engineers to oversee
the drilling and to make tests of
the water supply.

The council authorized publica-
tion of a notice and warning that
the wrong parking of automo-
biles and riding bicycles on side-
walks must be stopped.
It also ordered that City Park
and Library Park would be closed
each night at midnight, and peo-
ple are expected to leave by then.
Read the notice issued by Chief
of Police McCreary elsewhere in
this issue for full details.

**M. O. Goodpasture
Talks To Lions Club**
The Memphis Lions club met in
regular session Wednesday noon
with an attendance of eighty per
cent and two visitors.

Judge M. O. Goodpasture dis-
cussed the Third War Loan Drive
giving special emphasis on the
people's obligation and on the op-
portunity that is given to invest
in government bonds.

Re-classification And Report Periods Ordered By SSS

Local Board Stresses The
Importance of Notifying
Board of Change of Address

Members of the local draft
board received orders last week
from Selective Service System
National Headquarters, designat-
ing September 1-15 as National
Re-classification period and Sep-
tember 16-30 as Inventory or Re-
port period.

The Re-classification period is
to check all records to determine
whether the registrant is in the
wrong classification; such as
change of status due to the separ-
ation, deaths, etc. of wife or
children or both, change of occu-
pation or any change that might
affect the status of the registrant.

The Inventory period will give
the Selective Service Headquarters
in Washington, a complete pic-
ture of every man who is in serv-
ice and if not, why. Reasons such
as age, occupation, delinquents
and others will be listed.

This reclassification period and
the inventory is being done so
that all registrants who do not
come in the Group 4, that is, reg-
istrants who are fathers, will be
called before the fathers.

Members of the board stress the
importance of all registrants to
notify immediately their draft
board of any changes of address.

"The draft board appreciates
all sincere and helpful informa-
tion concerning any registrant who
is not in the service, but we want
you to see us in person or sign
your letter to us. Anonymous let-
ters are ignored. If the writer is
afraid or ashamed to sign his
name, we presume the informa-
tion would be worthless to us.

"It is the duty of all citizens
to report doubtful cases to the
board members since the board
cannot know each registrant per-
sonally. Usually, there are good
reasons why he is not in the serv-
ice but if there are not, we need
to know about it," stated mem-
bers of the draft board.

**Rev. Jeff Moore
Is New Pastor of
Baptist Church**

Rev. Moore will Preach His
First Sermon As Pastor on
Sunday, September 26

Rev. Jeff Moore of Claude has
accepted the pastorate of the
First Baptist Church in Memphis.
It was announced today. Rev.
and Mrs. Moore will move here
soon and Sunday, September 26,
has been set as his first sermon
as pastor here.

Rev. Moore has been in Claude
for the past five years. He is a
graduate of Howard Payne Col-
lege at Brownwood and has done
work at Southwestern Theological
Seminary in Fort Worth.

Rev. S. F. Martin, former Bap-
tist pastor here, resigned July 15,
and the church has been without
a pastor since that time.

"We are well pleased with Rev.
Moore and ask for the coopera-
tion of the entire membership of
the church in making him and
Mrs. Moore feel at home. Our
pastor cannot make a success of
the church by himself, it will re-
quire the help of every member.
Let's resolve to attend all serv-
ices," urged the pulpit commit-
tee.

**HALL COUNTIANS ATTEND
BANQUET FOR CONNALLY**

An appreciation banquet was
given in Amarillo Thursday night
of last week for Senator Tom Con-
nally, at which several hundred
panhandle people were in at-
tendance.

Among the number from Hall
County attending were James E.
King, C. L. Sloan, T. J. Dunbar,
Sam J. Hamilton, J. A. Whaley,
C. L. Caviness, M. J. Draper and
J. C. Wells.

Italy's Act Should Aid Third War Loan Drive

Italy surrendered unconditionally yesterday and Ameri-
can and Canadian armies were reported last night to have
landed "at various points in the heart of Italy."

That is the best news the Allied Nations have heard since
pre-Pearl Harbor days.

That simply adds another reason to the many other rea-
sons for buying More Bonds—To Back The Attack, to finish
this war in a hurry.

To All Hall County Folks:
In April and May together
we bought more than our bond
quota.

Investment in the Third War
Loan is now available. Double
the former quota is assigned to
us.

For it to be large is no rea-
son for us to be afraid. Our
boys at the front did not turn
back through fear because some
job confronting them is a big
one.

WE MUST BE AS BRAVE
AS THEY ARE; tackle the
thing with ALL OUR MIGHT
and get the job done.

Buy all the bonds you can.
Sell all the bonds you can to
your neighbor. Old time suc-
cess comes when everybody
works. Let nobody wait to be
solicited. Buy Bonds NOW!

Yours very truly,
M. O. Goodpasture,
Hall County Chairman
3rd War Loan Committee

N. B.—Ask boys who are home
from the war what makes their
hearts sink lowest. Many say
"weakness on the home front."
Let no Hall County boy feel
that Hall County has let him
down.

**Oct. 5 Set For The
Elections of S C
Sub-Supervisors**

Important That Landowners
Attend These Meetings;
Places Listed Below

October 5 has been set as the
date for the elections to be held
in each soil conservation district
subdivision within the state, to
elect a supervisor.
Election of supervisors in Hall
County will be held within each
subdivision at the following places
on October 5, at 8 o'clock:

No. 1, Memphis at courthouse,
Ed Leary, chairman.
No. 2, Arlie, see C. E. Fletcher.
No. 3, Turkey, at City Hall.
No. 4, Tell see Wilbur Williams.
No. 5, Kirkland, see W. P.
Close.

Attention of landowners of the
district is called as to the impor-
tance of the elections. It is im-
portant that they attend these
conventions, and give the dis-
trict their full support, stated the
county agent.

Scott Monday
In Estelline**

Louis Franklin Scott Dies
At Brother's Home Saturday
Resident of Childress County

Funeral services were held
Monday, September 6 at the
Church of Christ in Estelline for
Louis Franklin Scott, who passed
away at the home of his brother,
L. Scott, three miles south of
Estelline, September 4. Services
were conducted by Lyle Bonner,
minister of Childress.

Mr. Scott was born in Osage
County, Mo., December 10, 1879

Today is the opening of the
Third War Loan Drive. A quota
of \$642,300 has been assigned to
Hall County and every citizen of
the United States is asked to
"Back the Attack—With War
Bonds."

Committeemen have broken up
the quota and assigned each pre-
cinct its own goal. Precinct 1 has
a quota of \$378,900; Precinct 2,
\$144,250; Precinct 3, \$77,200;
Precinct 4, \$123,650.

"This quota of \$642,300 means
the actual cash value of the bond.
In other words, the purchase of a
\$100 Bond costs \$75 and this \$75
is what is counted on the quota.
This is an investment, not a loan,
and one that we should be proud
to have the opportunity of mak-
ing," stated leaders.

Committees included in the
precincts and their quotas:

Precinct 1:	
Memphis	\$321,150
Salisbury	22,000
Newlin	24,750
Friendship	13,750
Precinct 2:

NEWS about boys in the Service

The following letter was written to Mr. and Mrs. J. S. Spencer from their son Pfc. Charlie Spencer, who is with a Cavalry division somewhere in Australia.

Somewhere in Australia

Dear Folks:
A few lines to let you know I am still O. K. I have not received but one letter from you folks since coming here. Most of the boys here kept getting mail all along. You should write every week anyway. I will write every chance I get.

I haven't heard from Mady since coming over.

I still like here O. K. The weather is fine and the rats are still eatable. I weigh about 180 pounds. We get lots of cheese here too! It is a better grade of cheese than the ordinary grade of cheese you get in the States. There are lots of beef here, too.

I guess you were glad to see Randall and the rest. He must have gotten a furlough. We get passes over here about as often as we did in the States.

Well, tell the rest to write and I will do the same. So write often.

Your son,

Pfc. Charlie Spencer.

Pfc. John J. Woods of Fort Warden, Wash., came Saturday for a visit here with his wife and son. Woods received a broken foot recently and has been sent home for a convalescence furlough. He and his family are visiting this week in Quitaque with his mother, Mrs. F. O. Woods.

Freeman Alexander Butler is now stationed at Kearns, Utah, at the Army Air Forces Basic Training Center. He is the son of Freeman Butler of Lakeview and has been in the army since February 11.

Robert Frank Cummings, seaman second class, came Thursday morning for a visit here with his parents, Mr. and Mrs. R. C. Cummings. He is stationed at San Diego, Calif., in the Navy.

Mark Williams has arrived at

Alva, Okla., for training at Northwestern State Teachers college for courses of Army Air Forces instruction lasting approximately five months prior to his appointment as an aviation cadet. He is the son of Pauline Williams of Lakeview.

Staff Sgt. and Mrs. James C. Beckham of San Angelo visited from Saturday until Tuesday with her parents, Mr. and Mrs. Alfred Hutcherson. He is stationed at the bombardier school.

Sgt. M. C. Ball of Fort Bliss, El Paso visited here last week-end.

Pvt. Bill Browning of Sheppard Field visited here last week-end with his parents, Mr. and Mrs. E. S. Browning.

Pfc. Lee Roy Johnson of Fort Sheridan, Ill., has been visiting with Grady Phillips, who is home from a hospital at Camp Kilmer, N. J. Johnson returned Friday to Fort Sheridan.

Mrs. Vergie Weems of Memphis has received a letter from her son, Pvt. Norval H. Geter, formerly stationed at Fort Sil, Okla., but who has been moved to Camp Adair, Ore. His letter follows:

Dear Mother and Grandpa:
I will write you to let you know I have been transferred to Camp Adair, Ore. We left Fort Sil, Okla., Tuesday night and arrived here Thursday evening at 8:30 o'clock.

We surely saw some beautiful country on our way here but none looks as good to me as Texas. We came through five states. We saw the Columbia river. We traveled along side of it for 75 miles. I tell you it was a beautiful sight.

I like here very well, however, it is very cold. We saw some snow as we came into camp. We have plenty of good eats and good beds. So mother, don't worry about me. I am doing fine, but write often.

Love, your son,

Norval.

Pfc. Don Tyler has completed the course of study for parts clerk, Artillery, and received a certificate of Proficiency from the Ordnance Parts Clerical school at Rossford Ordnance Depot, Toledo, Ohio. He is now stationed at A. P. Hill, Va. He is the son of Mrs. Josephine Tyler.

Pvt. James H. Harp is here on

a furlough visiting his mother, Mrs. W. A. Morrison. He is stationed at Fort Bliss and has been in the army six months. He is with the medical corps.

Pvt. Clayton Bownds, son of Mr. and Mrs. Walter Bownds of Lakeview, has completed a specialist's course on Diesel tank engines, at the Flint section of the Ordnance school, conducted at General Motors Institute, Flint, Mich., in cooperation with the Detroit Diesel engine division of General Motors Corporation, Detroit, Mich.

Aubrey Knowles Evans, son of Mr. and Mrs. J. J. Evans of Memphis, has arrived at Northwestern State College, Alva, Okla., for courses of Army Air Forces instruction lasting approximately five months prior to his appointment as an aviation cadet.

Pfc. and Mrs. Gayle Greene left Sunday after a visit here with his parents, Mr. and Mrs. E. S. Greene. He is stationed at Fort Leonard Wood, Mo.

Baptist Association Has Annual Meet In Memphis Tues.

All Churches in Donley and Hall Counties Represented; To Meet in Clarendon, 1944

The annual meeting of the Panhandle Baptist Association was held in the Baptist Church here Tuesday, September 7. This association is composed of Donley and Hall counties and all churches were well represented.

The morning session was opened at 9 o'clock with song service. Various reports were given and discussed. Mrs. Geo. Cullin and Mrs. L. G. Rasco offered special music and the association's sermon was given by Rev. E. L. Moody of Clarendon.

Following the noon hour, routine business was transacted. During this session, Sam J. Hamilton was elected moderator, Rev. E. L. Moody of Clarendon, vice-moderator, and Rev. M. O. Evans of Brice was elected clerk. Rev. Willis J. Ray of the state executive office of Dallas gave the principal address.

The evening session was devoted to missionary subjects. Rev. J. C. McKennie, district missionary of Amarillo gave the Missionary sermon. Mr. Kidd and daughter, Betty Jo, of Clarendon furnished special music.

Each person brought lunch and the Memphis church furnished the drinks and dessert for both the noon and evening meals. The next annual meeting will be in Clarendon, September 5, 1944.

YELLOW LEAVES ON SHRUBS PREVENTABLE

Yellowing of leaves of shrubs, rose bushes, shade trees, peach trees and other plants in spring and summer is preventable.

Generally, says Sadie Hatfield, of the A. & M. College extension service, addition of copperas and sulphur to the soil at the rate of about one pound per large shrub or small tree corrects the trouble. Sometimes, too, fertilizers are mixed with the soil at same time.

Other suggested means of control are: A four or five inch vegetable mulch applied to shrubs for the next few weeks will help to protect their roots from heat, cold and drying winds. Because it conserves moisture, a mulch reduces the amount of water needed by plants. It should be applied several inches thick over an area of several square feet about the trunk of the plant, where it will be gradually worked into the ground.

Materials for mulching plants may consist of compost, grass cuttings, straw, or almost any other kind of decaying plant substance. Grass clippings furnish nitrogen and other plant food. Also, in decaying they will help to acidify the soil and release iron for the plants.

Miss Hatfield says that yellowing of leaves in Texas frequently indicates a lack of iron, although it might be lack of nitrogen or other elements. Most Texas soils have ample iron but it is combined with other minerals and not available for plant use. But as soon as the soil is acidified the iron is released for plant roots to take up. Iron deficiency is especially noticeable in limestone regions, blacklands, and other areas containing an abundance of lime. However, ceniz jaujullo and other plants native to west and south-west Texas require alkaline or lime soils and to make them acid would spoil the health and appearance of these plants.

PRICE SUPPORT ON SWEET POTATOES IS INCREASED

Texas potato growers who hold cured potatoes until spring will receive about 50 cents per bushel more than they will if they sell now.

Under the increased support price program announced this week through the Texas USDA war board, W. B. Hooser, county agent, explained that No. 1 cured potatoes, properly packed will be supported at \$1.65 per bushel beginning Feb. 1 while the present support price of cured or uncured potatoes is only \$1.15 per bushel.

The increased support price is designed to encourage curing and storing and to prevent producers from selling more potatoes now than the market can absorb at

fair prices. It also will take care of part of the added costs of sorting and curing.

Other increased support prices include: the following: Nov. \$1.15 per bushel; Dec. \$1.30, and Jan. \$1.50. Original support prices varied from \$1.15 per bushel from August through November to \$1.30 per bushel during December and January, and to \$1.45 per bushel from February through April.

The price of U. S. No. 2 potatoes, which must contain not less than 75 per cent No. 1 quality, will be 15 cents per bushel less than U. S. No. 1 potatoes.

POLIO EMERGENCY MET IN HOOD COUNTY

With no hospital and no practicing nurse in Hood County, there was much concern recently when three cases of poliomyelitis were reported in the county.

Forethought by the local chapter of the infantile paralysis foundation and interest by home demonstration club women helped the county meet this situation.

Recently when a course in the Sister Kenney method of treatment of the malady was offered at a Fort Worth hospital, Mrs. Myrtle Negy, county home demonstration agent and member of the local chapter, got in touch with three rural homemakers who formerly had been nurses. Mrs. Ray Baker, a member of the Hill City home demonstration club, agreed to go and work with polio patients for one week, studying the new method of applying hot packs. Her expenses were paid by the commissioners court.

COOPERATIVE BUYING BOOMS IN TEXAS

Nearly 90,000 fresh pineapples bought cooperatively by Texas home demonstration club women and their neighbors in 40 counties have added 103,425 pints of canned fruits and 18,134 pints of fruit juice to pantry shelves. In addition, a great deal of the pineapple was eaten fresh, according to reports from county home demonstration agents of the A. & M. extension service.

This canned fruit and juice bought from grocers' shelves would have cost about \$28,000 and nearly two and one-half million ration points.

A report compiled by Myrtle Murray, extension specialist in home industries shows that 5,832 families pooled their orders for 7,239 dozen pineapple through marketing committees of county home demonstration councils. In

most instances, the pineapple was bought through local merchants or truckers. Marketing committees in many more counties obtained cooperative orders but were unable to locate pineapple for sale.

Harrison County obtained 1,000 dozen in four consignments and it was estimated that 30,000 pints of pineapple products were canned in that county alone. Dimmitt County obtained 600 pineapple in one shipment and got only four bad ones in the truckload. Their second order at \$3.60 per dozen saved the buyers 20 cents per pineapple, since the retail price was 50 cents each.

Prices over the state ranged from \$2.50 to \$4.00 per dozen, and a dozen yielded on the average about 30 pints. Pooling of orders was so successful in Travis County that the marketing committee arranged to buy apples and tomatoes cooperatively.

USE PROTEIN EFFICIENTLY TO MEET REQUIREMENTS

Since the most effective conservation of limited protein supplies ultimately must be left with the producer, it is important that protein concentrate feeds in their unmixed form be available at all times to ranchers and farmers, states W. B. Hooser, county agent.

Guides to efficient use of protein feeds issued by the A. & M. college extension service point out that any individual stockman's need for protein concentrates will depend on the kind of livestock being produced, the amount and condition of available pasture and roughage, and the amount and type of home or locally grown grain available.

And, in any event, the producer should use protein feeds only as they are necessary to meet the basic requirements of digestible protein according to feed standards in common use, livestock specialists say. Present and probable shortages of protein concentrates will not permit their use freely as a source of energy.

To aid farmers and ranchers in the best possible use of protein feeds, the extension service has issued four free printed leaflets related to the feeding of beef cattle, sheep and goats, dairy cattle, hogs and poultry. These are available from county agricultural agents throughout the state.

SEED TREATMENT FOR CONTROL OF SMUT

The heavy losses which Texas wheat growers suffered a decade ago from infestation of "stinking" smut have been reduced to a minimum. According to E. A. Miller, agronomist for the A. & M. college extension service, control was achieved through seed treatment. Oats and barley also are subject to smut.

The chief symptoms of this fungus disease are the darker green color of the leaves and heads of the plants, and the offensive odor of the smutty heads. The diseased kernels are filled with a sooty powder consisting of millions of spores. During threshing most of the kernels pop open and the spores are scattered over healthy seed. If such seed is planted without being treated, the spores may germinate with the wheat, especially if weather and soil are rather cool at planting time. The parasitic threads of the fungus grow up with the plants and at heading time infest the young kernels.

Miller cautions that successful control has not eradicated the disease. Therefore, seed should be thoroughly cleaned and treated before being planted unless the farmer is certain that it is not infected.

Chemical treatment consists of cleaning the wheat by fanning or otherwise to remove the smut ball and treating the seed either with two ounces per bushel of 50 per cent copper carbonate, or one half ounce per bushel of ethyl mercury phosphate called improved ceresan.

Cooler Weather Helpful to Crops

The first norther of the season sent many Memphians scurrying for coats and sweaters, but several people braved the wind, saying they wanted to get completely cold for a change.

The cool weather started Monday night and is continuing. Low in temperature was registered in the early morning hours Wednesday when 48 degrees was reported by J. J. McMicken, local government weather observer. The reading was 55 degrees Thursday morning.

Light showers have fallen during the past week in and around Memphis, but not enough to do cotton and feed much good; however, reports indicate that the cool weather is beneficial to both.

Mrs. Marvin Webster underwent an appendectomy in a local hospital the first of the week.

THE 3rd WAR LOAN DRIVE STARTS -TO BACK THE INVASION!

HALL COUNTY QUOTA \$642,300.00

**3RD WAR
LOAN**

15 BILLION DOLLARS
(NON-BANKING QUOTA)

What you will be asked to do

MARK WELL the date—Thursday, September 9th. For on that day, you must answer to your country's call.

On that day, the 3rd War Loan Drive opens. To you—and to every other true American—a clarion call goes forth to rally to the support of our flag.

You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest more—thousands of dollars' worth more. Each and every one must do his full part.

Scrape up the money from every source you can... turn in all the loose cash you carry with you... dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and win.

These men are throwing everything they have into this fierce invasion push. They are giving their blood, their lives. No one can put a price

on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds... EXTRA Bonds this month.

World's Safest Investments

For this 3rd War Loan, you will be offered your choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; ¾% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G".

Lakeview School News

SENIOR:

The senior class of Lakeview high school met Monday, August 30 to plan a class party. The date for the party was set for Friday, Sept. 3, 1943. We plan to go to Memphis and have a skating party. We hope to make the party a great success.

JUNIOR:

Juniors of Lakeview had a class meeting August 30 and decided on a gym party. It was a success and everyone had a big time.

SOPHOMORE:

The Sophomore class had their second meeting September 2. The minutes were read by the secretary and the old and new business was attended to, and the class song was sung. The meeting was adjourned.

We are sorry to announce the illness of Tom Floyd who has missed this week because of a bad cold. Also Jimmy Bullock who is missing this week.

FRESHMAN:

Mr. and Mrs. Matthews are giving the Freshman class a party September 3 at the gym. There are 15 Freshman girls taking Home Ec. They are also playing tennis, volleyball and basketball. The boys are all taking agriculture and playing football.

"SNEAKY SUE"

Who is Gloria Hoggatt stepping out with since J. L. has gone to college? It couldn't be a Junior boy, could it?

Say, who is it, that J. T. Moreland calls the "Super Girl"? I think her name is Meirl.

We're still wondering what

happened to Billie Jean Grant and Miller Dial; they don't seem to be getting along very well.

Did anyone ever ask Miss Adams who she is engaged to?

Does anyone know who is the cute little girl Dan Nelse Dean has been rushing lately?

Lakeview has the happiest Coach that ever was. Why? Well, wouldn't you if you had a new baby boy?

There is a little red head on the basketball team that is really good, and this is her first year out. She is a "dignified" Senior. Guess Who???

Does P. A. Montgomery really like Peggy Wesley? He seems to, although he has competition from Jack Moreman.

We wonder who Jimmie Jean and Bonnie Jean are in love with now; we're certain it's someone from MEMPHIS!

Well of all the things Mary Louise Evans said there was a certain boy in Lakeview high school she would like to go with (boys can't you take a hint).

Madge Crabb was really "tops" today; no wonder she got a letter from "Buster."

Signed:

"Sneaky Sue"

SPORTS REVIEW

The football team is developing very fast. The backfield is fast and shifty and the line is also fast. The line is competent and dependable.

Our first game is with the Wheeler Mustangs, on Sept. 10 and we plan to show them how the Lakeview Eagles can fly. What the team lacks in weight it has in spirit.

Sergeant Johnson is the son of Mr. and Mrs. Lowery Johnson of Memphis. He received his education in Memphis high school, Texas A. & M. College and Texas Tech College. Previous to his enlistment in the Army Air Forces in March 1941, he was employed by the Memphis Cotton Oil Co. He is a graduate of Arment school.

Mrs. T. P. Fancher of Lakeview has received this letter from her son Pvt. William F. Fancher, who is somewhere in Australia.

Somewhere in Australia

Dear Mother and Family: I will now write you a few lines to let you know I am well and doing fine. Hope this finds all of you well and happy. I am getting along as well as can be expected. Mother, I can't tell you where I am in Australia at the present. Don't know how long I will stay here. I can't ever let you know when I am going to move but will write as often as possible and let you know how I am getting along.

I surely had a nice voyage over here. The boat ride was nice but when I get on a boat to come back home, that is the voyage I am going to enjoy. I would like to see all of you.

Mother Dear, the people over here surely are nice and friendly or the ones I have met, are at least.

I guess it will be a long time now between letters but I will be thinking of all of you all the time until I get to come back home again and I hope that isn't long. I will close for this time. Tell all

I said hello and be good and don't worry about me.
Your loving son,
Pete.

Cpl. Milford A. Terry has written this letter to his grandparents, Mr. and Mrs. Parks Mitcham. He was born here but his home is now in Wapato, Wash., and he is in North Africa.

August 27, 1943

Dear Grandmother and Bob: I wrote you a V-mail letter the 18th, but darnit, I can't say enough in one of them. I'd get interested in a subject, then "bang" there's the end. I don't know how much of my experiences I told you in that V-mail, but I know it wasn't enough. So here goes. I landed in (censored) at about 4:50 a. m. second wave. I wound up tho that we were part of the first wave. The first got lost and didn't find their beach until we were there so we both landed together.

I only heard a few bursts of enemy fire, we surprised them.

The first prisoners we got, we had to pull them out of bed. One tried to run but four guys leveled an M 1 on him. I don't imagine he ran far. It was still dark though.

Leaving the beach we only saw the enemy three times until we got to (censored). But we had to cover the hills to be sure none were left. To do that we had to zig zag cross country which was very hard on my poor little feet. A lot of the time our jeeps couldn't follow us so we would carry the guns ("81" 136 lb. 3 man load) and leave the jeep behind until the road was cleared.

In (censored) the prisoners told us "we know you were 25 miles away, so we went to bed to get one more night's sleep, then we were to prepare to give you a good fight. But, when we got up the next morning, you were here on us. How in the world can you move so fast? Did you fly?" That day we did walk 37 miles, believe it or not. One thing for sure, the walking saved a lot of lives. We kept them moving so fast they didn't have time to set up a defense.

I saw five days of real tough fighting before I came to the hospital. The Germans had prepared this hill for a last stand for a year. They were dug in so good that only a direct hit with artillery would get them. It was really a tough nut to crack, but we cracked it. On the 17th, I came to the hospital with malaria. I got out the 20th, now I'm just

waiting for a ride back.
Love,
Pug.

Pfc. Wesley Wright, who is stationed at Camp Berkeley, Abilene, visited last week-end with his grandmother, Mrs. Mattie Bell. He was en route to Paris to visit his parents during the holidays.

Capt. Bartow Oneal of Tarrant Field, Fort Worth, visited here last week-end with his sister, Mrs. Alvin Massey. He is base engineer at the field.

A letter from A-C B. W. Dawson states that he is now an Aviation Cadet in the U. S. Navy Reserve. He finished his primary training at Norman, Okla., and has now completed his basic flying at Corpus Christi. He says, "I still have a long way to go yet. I have to go through instruments and advanced flying before I get my wings, which I hope to get in December. I have the option of transferring to the Marines or staying in the Navy. Believe I will stay in the Navy."

Cephas W. Jones Jr., who is with the Coast Artillery, with postoffice at San Francisco APO, has been promoted to Sergeant from private first class, according to word received here.

Mr. and Mrs. S. P. Wells have received word from their son Paul stating that he is located in Sicily, and feeling fine.

T-Sgt. James B. Adcock is now stationed at Camp Gruber, Okla.

Pvt. Charles Seets, at North Camp Hood, Texas, renews for The Democrat with the statement, "I have received every copy of the paper and enjoyed them very much. If it weren't for the paper I would not know anything about Hall County boys in service."

Pvt. Glen Bowling, son of R. M. Bowling 117 Main street, Memphis, has completed his basic training at the Armored Replacement Training Center, Fort Knox, Ky., preparatory for combat duty with an armored unit, according to the Public Relations office of Fort Knox.

WOMEN WORK

by INEZ BAKER

Your reporter and husband have had the pleasure of spending three weeks in lovely Platte National Park near Sulphur, Oklahoma. It is a very restful place. Paved roads wind through a forest of primeval, along by rushing creeks, sparkling waterfalls and bubbling springs. About the rock pavilions were camped hundreds of people who had come to drink the medicinal waters.

My burning desire to shoot a buffalo was not realized. I stalked them for days, climbing mountains and ten foot wire fences and crouching in thickets. But the big, shaggy fellows were not interested in me and continued to feed calmly just beyond range of the camera. Frankly, I do not believe they are wild or afraid, just snooty.

Within the next few weeks a survey of the entire state of Oklahoma will be made to determine what women are eligible for service in the WAC. Looking forward to this survey a WAC meeting was held in Sulphur to which your reporter was invited. The program, which included a moving picture: "You're in the Army Now," was very interesting and instructive. But to me the words spoken by Lt. Carolyn Thurmond, U. S. Army recruiting officer at Ardmore, Okla., were most outstanding, and I bring you her message.

"We, who are members of the Women's Army Corps, joined that service for the same reason that you are so willingly giving us your support. We knew that the corps would, through its work, hasten final victory and the return of our soldiers to their homes. We hoped that by our being WACs, fathers of small children might remain at home and that the children, our future generation, might grow up under normal, protected conditions. Fifteen and sixteen year old boys, anxious as they are to go, we hoped might be spared. We know that if we have WACs, Wacs, and more WACs, to release soldiers from behind-the-lines jobs for combat duty, our hopes—our purpose in being—will be realized."

Perhaps you have heard rumors about WACs. Yes we all have. And we've heard these same rumors about every women's organization that has ever had the courage to exist—college groups, church groups, civic, any other. The Lord himself could not pick twelve disciples. There will be 150,000 or more WACs. Perfect? They are a cross-section of American women. Should anyone ask you what kind of women are in the WAC, you may easily answer: "Look around you at all the women between the ages of twenty and forty-nine, picture them with an added amount of training and discipline and character built by a lot of hard work, and there you have the WAC."

"I believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon these principles of freedom, equality, justice and humanity, for which American patriots sacrificed their lives and fortunes. I therefore believe it my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies."

So reads the American creed, my creed and yours. The creed of a people of a free country, for which American patriots are again sacrificing their lives and fortunes. Who are the American patriots? Your brother and mine, your husband, father and friends—we've all some one over there fighting for us. Whether they come back depends on us—on you and me. So we add to the creed we carry in our hearts as Americans, a prayer: "God keep our fighting men," and a resolution: "I will not leave the keeping of my soldier up to God alone. I will see that he has guns and ammunition with which to defend himself, tanks and trucks to aid against a ruthless enemy, supplies to sustain him as he pushes on through the steamy jungles, over icy plateaus, or across the African desert. And more and more trained soldiers, with WACs to release them here, to back him up and help him win this war." God granting, I will—you and I will—bring him back from that hell."

THANK GOODNESS!

There's one thing that hasn't changed!

Reddy: You're exactly right, Lady! Every other civilian service has been affected because of the war, but not electricity! It's still on hand every moment to make life easier and more pleasant for you!

Lady: Did you say, "easier"?

Reddy: Yes, that's what I said. You see, Lady, we realize what an important and patriotic person you are, with your Red Cross work, the Motor Corps, besides that very vital job out in the kitchen.

Lady: But it's the least I can do for the war effort.

Reddy: Of course, it is, and your electric company is now serving Army Training Camps and war-time industries, but it has also pledged itself to go right on serving you. Electric refrigeration keeps the food for your family safe and healthful; electric cookery retains vitamins and other valuable food elements essential to good health. Then there is your sweeper, iron, washer, and many other electric appliances, all at your finger tips to save your time and lessen the labor.

Lady: Whee, that's a big job!

Reddy: You bet it is, but it's our contribution to the War and to you. All of it adds up to friendly, dependable service at low cost.

Lady: And that sounds mighty good to me and my budget—and it's more than you can say about most items, since the war began.

pretty well. Guess I'll see more of it, especially Europe before this is over.

I go to church some. We have plenty to do, but I went tonight. It seems that to worship over here God becomes more of a reality. Men attend to worship, certainly not to visit and not for sport. It is good to worship the same way I did at home when everything around me is so foreign.

I hope that in a reasonably short time we can all be at home. Conditions are continually in our favor now and growing, although I realize how it may be with the enemy's back to the wall, especially in this theatre of war.

(Excerpts from other letters of Rupert's): June 27—This is a Sunday and I have just come back from church. The chaplain sure is a good preacher. The sacrament was held at the last service on board and everyone there participated. It seems odd to me that we worship here so near to where Christianity originated and still the natives don't seem to know anything about it. So far as I can say we are in the Middle East. Getting plenty of food and clothes.

July 20—I have just had a trip through the Holy Land. Went to the place where the Manger was supposed to have been, and to Golgotha, and to the tomb where Christ was laid. Went to the Sea of Galilee, the Dead Sea, and walked all through the old city of Jerusalem. Went to where Christ was born, lived, worked and was crucified for us. I appreciate what the army and Red Cross did for us in giving us the chance to see the Holy Land. The whole trip cost about \$50, and without their help it would have cost easily \$200 just for the trip alone. The three days we traveled by bus with guides. One can't help but feel it's something holy to be in those places.

Rupert.

FORMER MEMPHIS WOMAN
IS NOW IN WAR WORK

The following story concerning Mrs. A. W. Guill, appeared in the August 28 issue of the Chicago Daily Tribune, and was sent to The Democrat by Mr. and Mrs. Herman B. Hill Jr. (formerly of Memphis, now living in Chicago).

Mrs. Anna Guill and her daughter have reversed the traditional custom of mothers getting their daughters started in careers. The daughter, Mrs. William A. Erickson, 430 North Waller avenue, is responsible for launching her mother on a career in war industry.

Mrs. Guill, whose home is in Memphis, Texas, wrote to her daughter some time ago saying she wanted to do some sort of war work but had no idea where to go for specialized training that would prepare her. Mrs. Erickson had heard of the war training course in engineering drafting at Illinois Institute of Technology so she persuaded her mother to come to Chicago and enroll.

Mrs. Guill completed the ten week, tuition-free course on Aug. 13. Having studied art in college and been an art instructor, she easily met the requirements for the course. She was in class 40 hours a week, learning the principles of drafting itself, as well as getting background in production processes, engineering materials and mathematics.

Mrs. Guill was city librarian in Memphis before she decided to enroll for war training. Now she plans to stay in Chicago with her daughter and work in a war plant for the duration. Her son, 1st Lt. A. W. Guill, has been in the South Pacific for 16 months, and her son-in-law, Mr. Erickson, is a private in the army air force.

High school graduation and previous training or experience that indicates an ability to draw are the only prerequisites for the engineering drafting course. Costs are underwritten by the government, with the exception of books and supplies, which amount to around \$15.

The need is urgent for more women draftsmen, and application should be made at the war training for women office of Illinois Tech, 1951 West Madison street.
