TEXANS LETS TALK TEXAS

The Scurry County Times

WEST TEXAS' LARGEST WEEKLY NEWSPAPER AND SNYDER SIGNAL OFFICIAL NEWSPAPER FOR THE CITY OF SNYDER AND SCURRY COUNTY

SNYDER, TEXAS
The busiest small city in West Texas; inhabited by the busiest people living and the best in the world.

VOLUME XLII SNYDER, TEXAS, THURSDAY, MAY 9, 1929 NUMBER 47

PHOEBE K. WARNER TALKS ON VITAL FACTS AT MEETING

Claude Woman Outlines the Conditions of Farm Life Here

One of the greatest addresses given during the Seventh District meeting of the Texas Federated Women's Clubs in Snyder was that given by Mrs. Phoebe K. Warner of Claude, perhaps the most widely quoted farm lecturer in the United States. The Times-Signal asked Mrs. Warner for an article, and she favored us with one entitled "The Farm Woman's Place in Industry," which follows verbatim:

The world today has some queer ideas. Especially is this true in the world of women. How it has all come about, no one seems to know. Nor can anybody put their finger on the exact date. Nevertheless, a great change has come in woman's social world during the last century, and today thinking women throughout our nation are asking themselves "What of the future?"

In 1790, when the first United States census was taken, there were 4,000,000 people in our nation. At that time more than 90 per cent of the people lived in the country. They lived in their own homes. They produced their own food and clothing. They had practically no markets for two reasons. There was no need for markets because there were so few people who lived in town to buy. For the same reason the farm people did not produce in great quantities. The provoking problem of having too much, which today goes by the name of "surplus", had not yet arisen. And when it did arise in one neighbor's home, they simply gave the surplus to some other less fortunate neighbor, and history tells us, as also our great grandparents, that everybody had enough.

In those days the farmer and his family were the most highly respected people in all the land. They were the most prosperous. They were the most independent. George Washington was one of those farmers and a typical example of the high type of citizenship that possessed and lived on our American farms in that period.

There were no cities such as we have today. And only a few large towns. The whole nation practically belonged to the farmers. And they honored and respected one another because they owned and controlled the world in which they lived. But there were a whole million less people in the whole nation then than there are in Texas alone today. Why were the farm people respected in that day? Because of their superior social position, their prosperity and their power.

But times have changed. And today it is 1929 instead of 1790. Nearly 140 years have come and gone. The thirteen original colonies have grown into forty-eight great states, and several other territories. The population has changed from 4,000,000 to approximately 120,000,000 men, women and children to be fed and clothed. Instead of less than a million families most of whom lived on their farms and fed and clothed themselves, there are today 26,000,000 families in our nation and only 6,000,000 of them are left on our farms to produce the raw materials of food and clothing to keep all the other 20,000,000 families fed and clothed that make up our urban population. The greatest and most essential contribution to our national life is the contribution made by our 6,000,000 farm families.

Without the products of their time and soil there could be NO cities. One half of the industrial workers of our cities would be idle and penniless and helpless, and the whole nation would be naked and hungry. Have our farm people ever for one day since the beginning of our national life refused to do their part and carry their load of national responsibility? Have they ever failed to produce enough materials for food and clothing to supply the needs of the nation? Has there ever been a time when our nation went cold and hungry for lack of food and clothing?

Then why is the farmer and his family not the respected, prosperous and powerful social unit they were a hundred and forty years ago? Answer that and you will have found the key to the greatest problem before the American people today.

Let's see if we can find a starting point on this tragic riddle. Knowledge is one of the first essentials in the solution of any problem. If we all knew more, we might all do more. Suppose you take your pencils and notebooks and jot down a few facts to take home with you to think about. These are not imaginary figures. They are government facts.

In 1926 the United States of America reached the highest standard of living that any nation in the world had ever reached in the history of the world.

That year, 1926, our national income reached the enormous amount of $90,000,000,000.

At that time about one third of our population was living on our farms or in our small villages and were engaged in farming. Now what part of that $90,000,000,000 did the one-third of our population receive?

Ty hereceived for all the products of the soil of this entire nation less than $12,000,000,000. The other two thirds of our population who live in our towns and cities received the remaining $78,000,000,000 of our national income, or an average of $39,000,000,000 to be distributed among each of the other two-thirds of our population. In other terms, our farm population composed of one-third of our people received $12,000,000,000, and the other two thirds of our population wherever they lived or whatever they did received $78,000,000,000, a difference of $27,000,000,000 between the rural people and the same number of urban people in the distribution of our national income. And who produced most of that food which was consumed in our cities? The farm woman and her children.

You may talk all you please about your art and music and sculpture and your wonderful clubs and your parks and the beauty of your cities. They are all wonderful, and the world is the better for them. But the city would get mighty thin and lank living on music and art and beauty alone.

The most essential group of women in this nation is the rural group. And what the city women need is to get that pitying, missionary spirit toward the country women out of their heads and get busy paying their honest social and economic debts to the country women. The country women don't owe the city anything. They have done their full duty to the city and furnished unstintingly their full contribution to the life of our great urban centers. And that's just why they haven't a bit of patience with the urban "uplifters" that go about trying to uplift the people who by their very sacrifices have made all the luxuries of the city possible. Look at those figures on our 1926 income. What do you suppose the rural people would have done if they had received their full third of that income which would have been $30,000,000,000 instead of $12,000,000,000? Don't you doubt for a minute but that the rural people would build just as beautiful homes and wear just as pretty clothes and ride in as good a car and send their children to college just like town folks if we had the money. The heart of the rural mother longs for all those advantages for her child just the same as the urban mother longs for them. But because most of our wealth has centered in our cities just so has all our great schools and churches and teachers and preachers and all the other cultural things of life. And I ask you, is this democracy? Is it Christianity? Is it civilization?

Why, not more than thirty, or forty years ago a farmer could send his son or daughter to a good university, and they could have reasonably good clothes and a good time and take a good course of study for three or four hundred dollars a year, and he would pay for it with wheat worth about a dollar a bushel. But today it costs just a round thousand dollars to send a boy or girl to most of our universities a year and then they don't have a lot of margin, and wheat sold last year around 90 cents a bushel, and almost everything else the farmer has to sell or is forced to buy runs about the same ratio. Still he pays taxes to all our state schools at the same rate the business man pays tax. The prices of his products range about the same as years ago, while his taxes have multiplied two and a half times.

Now why all this injustice? I shall not attempt to discuss either the cause or the cure for all these changes that have entered into the life of our farm population in the past few years. But it is time for every American citizen to get the truth on our rural conditions today and ask themselves, "In what way am I responsible for this unfair situation?"

Already the rural women are seeking a solution. And they are looking to their more fortunate urban sisters to help them find the way. Every day letters come to my home saying something like this. "We realize what the women of the towns and cities have accomplished through their organizations to improve their homes and schools and their towns, and we want to do the same for our homes and families and schools and community. But we are not organized. We have never learned to work together. We hardly know how to start and how to stick. And it is different in the country where we live farther apart and have no help and have our gardens and our little chickens and the dairy work to do, and the children have so far to go to school. If we only had a leader to start us and direct our work until we could learn to work together!"

Right there is the greatest opportunity for the urban club to serve the rural club. Get busy and help those women by your organized power to secure a home demonstration agent to come and organize their county and bring all the women together and help them solve their problems which in turn will mean better food and more of it for the city. More cash for that food on the farm and more money to spend with your husbands' business firms in town. Why, every dollar the urban club helps make possible for the farm home, will come straight to town and be spent in your town for those comforts and conveniences the farm women long for.

The delegate from my own home county will report right here at Snyder tomorrow that the home demonstraiton clubs of Armstrong County have added over $72,000 of new wealth to our county this past year and most of it has gone into new rugs and furniture and clothes and college education and high school courses and labor saving devices that also save time. And it has helped put music in the rural schools and send flowers to the sick and sorrowing. Why, folks, the rural people are just as big and fine and kind as anybody else when they have any way of expressing the inner longings of their souls. But it takes cash to do those things. And the A. & M. Federation and the General Federation of Women's Clubs may just as well try to choke salvation down a starving sinner without offering him a crumb as to try to win our farm women to their club ideals and not try to understand their condition and help them find a way to meet it. They don't need "uplifting." They need economic justice. They need fair play and a square deal in the interchange of their products for your products. They need organization and they know it and are reaching out after you to help them organize. The County Federation is the most logical county organization in which to unite the interests of all the women of the county. In hundreds of counties throughout our nation conditions are ripe and ready for this great harvest of rural women into the State and General Federation. The question is, are the trained club women ready to reap the harvest? You are the great human combines that must reap this harvest. Do you appreciate their contribution to our national life enough and are you sufficiently conscious of your debt to them to reach out your hand of rural cooperation to them and welcome them into the great sisterhood of women where they justly belong and which place they so richly deserve. I believe you will because I believe the club women of America are the broadest minded and the biggest hearted women in the nation. There is everything to gain and nothing to lose by such cooperation. And this is why I do believe in the possibility of the organization of our six million farm women for the enrichment not alone of our rural life but for the enrichment of all our lives and our national life. The greatest need in the United States today is a better understanding of our debts and our duties to our own people.

Faculty For Next Year Is Now Complete

Forty-Eight Graduates Complete Work Here This Year

With the election of a faculty in the public schools here for the year 1929-30, one important innovation has been added, that of a high school band, with J. K. Crowley of Lubbock in charge. Mr. Crowley has had charge of the Lubbock High School Band for the past five years and has achieved notable results.

Through the school board trustees the following will compose the high school faculty:

C. Wedgeworth, Supt.; Miss Maurine Cunningham, Miss Mattie E. Clark, dean of girls, Miss Effie McLeod, W. F. Cox, Miss Mattie Ross Cunningham, R. S. Sullivan, Mrs. C. Wedgeworth, Mrs. J. P. Nesion, C. C. Redman, Miss Marion Engel, Coach Otis Moore, J. K. Crowley.

Grammar School: Misses Jo Hailey, Elva Lemons, Gertrude Herm, Josie York Lemley, Leora Huggins, Hattie Herm, Blanche Mitchell, Stella Cole, Nell Gilley, Jesyle Stimson, Nona Carr; Mesdames J. M. Claunch, Oma Ryan, Wayne Williams, Ophelia Blackard; Homer F. Springfield, and J. M. Claunch.

Forty-eight graduates will have gone out of Snyder during the 1928-29 season, the mid-term graduates having included: Ola Lee Cauble, Elinor German, Eda McFarland, Vera Upton, Violet Dean, Elsie Jones, Lucy Brown, Edda Von Roeder, Preston Morgan, Essie Burk, Alma Spears, Darrell Grogan.

The following are members of the senior class whose graduation exercises have been announced for Thursday night, May 23rd: Lillian Thompson, Gladys Bullard, Fay Bullard, Bessie Burk, Naomi Busby, Ladean Cantrell, Opal Cary, Bamma Cayce, Rubye Curry, Dana Davis, Marlwade Harless, Eldess Hester, Reva Lewis, Mary Light, Myrtle McMaster, Katherine Northcutt, Mildred Patterson, Lorena Patterson, Ruby Ellen Ritchie, Marion Rosser, Rachel Sanders, Jewell Sturdivant, Mary Joyce, Herman Trigg, Wesley Norred, Bill Turner, W. F. McCollum, Roy Davis, Audry Head, Forest Wade, Armour McFarland, Jessie Clements, Arthur Duff, Fred Yoder, Levon Curry, Herman McPherson.

County Wide Graduation

Examinations are now being given in the rural schools for the annual Seventh Grade graduation exercises that will be held at the high school auditorium here Friday night, May 24. County Supt. A. A. Bullock will have announcements of this important exercise later.

H. V. WILLIAMS JR. IS HONORED IN PROMOTION

H. V. Williams Jr., son of Mr. and Mrs. H. V. Williams of this city, has been signally honored and again promoted by being selected to serve as superintendent at Clara, a large high school of Wichita County. Mr. Williams will have under his supervision some twenty teachers and will serve one of the outstanding schools of that section of the state. Mr. Williams will deliver the address to the graduating class of the school in June.

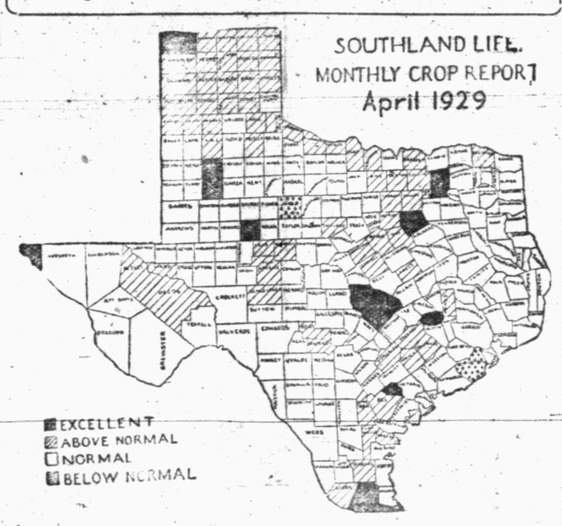

During the past year he has been teaching in the system at Lovington, N. M., where he could have remained at a very nice increase in salary, but desiring to get into the administrative branch of the work, and, too, being offered a handsome salary to accept the superintendency of the school in Wichita County, he decided to go there and will take charge there immediately after his contract expires at Lovington.

This is only another instance and example of what a youth can do even though much of the schooling had to be paid for by work during the school career. Snyder should be proud of such young men.

STIMSON CAMP GROUND BUILDING NEW STATION

Stimson Camp Grounds are making some changes at their station and are building a new filling station and grocery that will be located directly south of the present location. The room formerly used as a grocery together with the other buildings will be turned into a sales room and garage. The change is one that will make a decided improvement to their present layout.

Crops Generally Good Over Texas

DALLAS, May 8.—Despite inroads made by the wind, rain and hail storms around May 1, crop conditions in Texas find themselves better than at this time last year, according to reports compiled by the Department of Public Relations of the Southland Life Insurance Company.

The entire Panhandle appears to be in unusually good condition and small grain crops over the entire state, except in localities where destroyed, are progressing rapidly and well. It is true, of course, of grain crops as well as cotton that conditions appear spotted over the state—here excellent, there too dry and in other places too wet. However, the aggregate appears especially good.

As to cotton, West Central Texas reports 5 to 60 per cent planted. The West Plains will, however, have some replanting to do because of dry weather and wind damage. Northeast and North Central Texas report 50 per cent to 100 per cent planted with some storm damage, but nevertheless with an improvement over last year. South Texas reports cotton 85 to 100 per cent planted, with chopping under way and few weevils and worms except in the extreme south. East Texas reports cotton 50 to 100 per cent planted, and chopping well under way, but some retardation because of cool weather.

It is believed that reports of the storm damage around May 1 were exaggerated. At any rate, practically all of this damage can be repaired by replanting.

Farmers in general are reported as being in good financial shape, although there is little cash; definite indications of wider diversification are in every report and finally, tremendous interest is being shown in the dairying industry which has grown in Texas by leaps and bounds during the past eighteen months.

4-H Clubs Are Doing Fine Work In Scurry Co.

236 Boys and Girls Carrying Out Worthy Projects Under Supervision

Wonderful progress is being noted in Scurry County with 4-H Club activities when this year will show 236 boys and girls entered officially with County Agent W. O. Logan, and their projects are varied and many. Last year 183 were entered.

A report of their progress thus far is shown in a report made public Tuesday by the county agent's office, showing the following communities having clubs together with the main projects of these clubs:

Bison, with ten boys, growing a dozen pigs, four acres milo, one acre cotton, two with poultry, and one feeding calf.

Bethel, with two boys, growing four pigs, two acres milo and one with dairy heifer.

Camp Springs, with four boys, growing three acres milo, two acres cotton, one dairy calf.

Crowder, with thirteen boys, growing four pigs, four acres milo, two acres hegari, one cotton, one dairy calf.

China Grove, with ten boys, growing ten pigs, two hundred chicks, three baby beeves.

Dunn, with twenty-three boys, growing ten pigs, four acres hegari, one cotton, one milo, four baby beeves, thirteen growing poultry.

Ennis Creek, with three boys, growing fifteen lambs for the Fat Stock Show, Fort Worth, next spring.

Fluvanna, with eleven boys, growing twenty pigs, four baby beeves, two dairy heifers, three acres milo, one acre cotton.

Hermleigh, with twenty-nine boys growing 26 pigs, seven baby beeves, thirteen with poultry, six acres milo, two acres hegari, one cotton.

Ira, five boys, growing six pigs, two acres hegari, one cotton.

Loyd Mountain, with nine boys, growing fourteen pigs, one baby beef, four acres milo, one hegari, one feterita.

Plainview, with twelve boys, growing 12 pigs, 6 acres milo, 2 acres feterita, one poultry.

Pleasant Hill, with nine boys, growing ten pigs, five lambs, two acres milo, one hegari, one feterita.

Pyron, with twenty-three boys growing 32 pigs, three baby beeves, 300 chickens, two acres milo.

Snyder, with 35 boys, growing 32 pigs, 1000 baby chicks, ten baby beeves and two dairy calves.

Turner, with eleven boys, growing ten pigs, six acres milo, one cotton, one kaffir, and four with poultry.

Woodard, with six boys and two girls, growing 800 chicks.

German, with nine boys and three girls, growing seven acres hegari, four acres milo, two pigs and two with poultry.

Scurry County can justly be proud of the work of these young club boys. Some communities have only a few boys taking part. Is it because the fathers and mothers are not interested in their boys' owning something? A few dollars invested in giving your boy something of their own to care for and watch grow will mean giving him initiative, leadership and self confidence.

The 4-H Club Pledge is: I pledge: My Head to clearer thinking; My Hands to greater service; My Heart to truer loyalty and finer sympathy; My Health to efficient living in service to my home, my community, my country, and my God.

Milk Ordinance To Be Rigidly Enforced Here

City Council Has Fine Meeting Monday Night; Permits Large

The city aldermen with Mayor Towle are working unceasingly to meet with the full requirements laid down by the State Board of Health as regards the milk supply for Snyder. Dr. Stevenson, state veterinarian of Sweetwater, is spending the week here examining cows for any signs of tubercular trouble. Work is to continue until every milch cow has been inspected and given a clean bill of health. The recent Sanitary Milk Ordinance here will be followed rigidly as City Health Officer Griffin and the council have been fully advised by the state department that they have no other alternative. There will be no let-up in the inspection in Snyder until such grade milk as the ordinance calls for is furnished citizens.

Building permits for the month of April totaled $11,400, and included:

Mrs. Bettie Hodnett, repairs	$1,000
A. O. Scarborough, repairs	500
Wilkirson Lumber Co., repairs	200
A. A. Bullock, residence	3,500
G. B. Clark, residence	3,500
A. B. Baze, residence	2,000
R. T. Carroll, repairs	300
Winston & Clements, mill	400
TOTAL	$11,400

Fines of $94.90 were collected during the month.

The first payment of $13,000 was made on the land and sewage disposal plant.

Bob Warren asked the council for 30-foot parking space on the north side of the square to be used for parking buses. The request was referred to street and bridge committee.

Bids were asked for cleaning streets and alleys.

MOTHER'S DAY SERVICE TO BE HELD AT BAPTIST CHURCH NEXT SUNDAY

According to Pastor W. F. Ferguson of the First Baptist Church, a program in keeping with the spirit of Mother's Day will be carried out at the regular services at the church Sunday morning. The pastor will speak on the subject, "

A special effort is being put forward this week to bring the Sunday school attendance to the four hundred mark, and the superintendent, Howell Harpole, is especially urging a full attendance at 9:45 Sunday, Sunday morning.

EARLIER NEWSPAPER

During the past two months the Times-Signal has been arriving at the post office between 10 and 11 o'clock, thereby reaching every star route in the county that day and making it possible for advertisers who have Friday and Saturday specials to gain 24 hours on their advertising appearing in the paper. Subscribers living on all routes are happy of the change, for by so doing they are able to get their paper Thursday afternoon. Routes that do not have Friday mail delivery formerly did not get the Times-Signal until Saturday afternoon, and others received the paper Friday.

Advertisers will please govern themselves accordingly and continue to make it possible to secure their copy not later than Tuesday night.

June 3 Is Date For Caponizing Demonstration

Farmers Asked to Take Part In Free Service Here Next Month

Monday, June 3, all day, will be caponizing day in Scurry Cuonty on the court house square. There are dozens of people asking the county agent to help them with caponizing day in Scurry County to give this individual service.

However, the county agent has arranged to have four men here who will caponize and teach you how to do the work, and by having four, there will not be too many in each group. Every poultry raiser growing some of the American breeds, as Rhode Island Reds, Wyandottes, Rocks, Cornish, etc., or the Asiatic breeds, like Cochins, Langshans, Brahmas, should take advantage of this meeting and demonstration to bring in all the cockerels they want to caponize. The men doing the work will not make any charge, and will do from ten to fifty for anyone wanting the work done.

The county agent suggests that since June 3 is on Monday, chicks should be penned Saturday night after feeding in the usual way. Then do not feed any more, keep water in pen all day Sunday, but no feed. Then remove water Sunday night and do not feed or water any more. Bring chickens in to the court house Monday morning by nine o'clock.

This will be the only caponizing demonstration given this year, and the county agent will not be able to go out and give individual work anywhere. Everybody bring all your cockerels that weigh a pound and a half to two pounds that show masculine development. The work will be done, and you can have a dozen or two as easy as one or two.

Every one that brings two or more cockerels for caponizing will be given a chance to draw for a set of the latest improved caponizing tools. Get some chickens ready for this meet.

NEXT SUNDAY IS MOTHER'S DAY

It is a wonderful thing to have somebody believe in you—your Mother always does. This is the great benefit of love. Love idealizes its object. It exaggerates little tendencies into great virtues, possibilities into genius. Love is action and reaction. Where much is expected from an individual he may rise to the level of events and make the dream come true.

Elbert Hubbard has said: "Mother-love is the great, surging, divine current that plays forever through humanity. We see it manifest in the dumb animals; in the mother bird who dies rather than desert her young; in the tigress who is invincible when she has her babies to protect. How much men of genius owe to their mothers will never be told in cold words, because love cannot be analyzed nor placed under the slide."

So let us all as one wholesome unit remember our mothers Sunday, and the love and adoration given those who live let it operate 365 days in the year. If impossible to meet with her, remember her in the best way that you can spare. Pray God to spare the good mothers of the universe, and may Sunday be the happiest day they have ever enjoyed, through your help and assistance.

Capt. Nusbaum Has Full Day

Capt. C. S. Nusbaum, who has been in Snyder this week to help city and country folks get better acquainted, had a very full day Monday. During the early morning he attended chapel exercises at the Snyder High School and stressed three things: cleanliness, loyalty, and honesty, and according to students, gave one of the best addresses ever given at the auditorium.

During the balance of the day, accompanied by Judge Holley, the Captain visited eight rural schools carrying a message of good will to the rural sections as well as inviting the children and their parents to join in the meetings here. The judge and Capt. Nusbaum traveled more than a hundred miles during the day.

CABIN INNS READY

The new Cabin Inns at the airport are expected to be ready for occupancy this week. There's nothing better looking in all Texas than the modern camp ground now being erected by D. P. Yoder, and coupled with the airport itself, is the greatest combination in the United States. Prominent aviation journals say so—so all we can humbly do is repeat and feel mighty proud of it.

Misses Chloe Harris and Eunice Smith are spending their vacation in San Antonio this week.

CAPT. CYRUS S. NUSBAUM DIRECTING GOOD WILL WEEK

BUILDING PERMITS

According to building permits handed in to the City Council Monday night, April showed a total of $11,400 with a grand total for the first four months of 1929 of $61,650. Many new improvements and building operations are under consideration, and 1929 appears to be in fine position to exceed the total of 1928, which was the largest in the history of Snyder when more than a quarter of a million dollars was expended.

Plans Being Made For Big Count of Noses

Scurry County will nave nine enumeration districts and will be included in what will be termed the Seventh District with Lubbock as the headquarters. The other counties in this district with estimated number of enumeration districts are as follows:

Lubbock, 17; Cochran, 4; Hockley, 4; Lubbock, 7; Crosby, 5; Dickens, 6; Yoakum, 4; Terry, 4; Lynn, 6; Garza, 5; Kent, 7; Stonewall, 5; Haskell 14; Gaines, 4; Dawson, 5; Borden, 3; Scurry, 9; Fisher, 12.

This information came from Washington Saturday, and plans are already being completed for the counting of upwards of six million people in Texas, according to the Bureau of the Census.

Tentative plans for the count have been sent to R. B. Creager, of Brownsville, Republican National Committeeman for Texas, who will dispense the approximately two thousands jobs to be created for Texans.

The twenty-nine supervisors for the twenty-nine census districts in the state will be the first officials chosen. The supervisors will be actively employed for two months and for from four to six months additional will have certain duties.

An idea of the immensity of the army to be created to take the districts census in Texas is given when it is known that the plan calls for 175 enumerators in Dallas County, 150 in Harris County, 169 in Bexar County, 92 in Tarrant County, 65 in El Paso County, 42 in Jefferson County, 65 in Grayson County. Each district will have at least one enumerator and the more populous districts will have several enumerators.

The supervisor for each of the 29 districts must be a resident of the city which has been designated headquarters for the district.

The Census Bureau is now laying off the entire nation in enumeration districts, with each district large enough, but not too large, to be canvassed by a single enumerator. The plan calls for the population to be completed in two weeks in cities and in one month in rural districts.

Work on Per Capita Basis

Enumerators will work on a per capita basis, and the Census Bureau is making arrangements to assign to each district that will enable an enumerator to earn from five to eight dollars per day, with a total compensation of $75 to $125.

The first duty of the twenty-nine supervisors appointed in Texas will be to make certain that the enumeration districts have been clearly defined, so that there will be no uncertainty as to what territory is to be covered.

The preliminary population count for each city, county, town and village and the number of farms will be announced by the supervisors before the schedules are sent to Washington. Especial interest attaches to the county in Houston, San Antonio and Dallas, because each confidently believes it is the metropolis of Texas in population.

COUNTY FAIR MEET BRINGS IMPROVEMENTS

The heads of the various departments of the Scurry County Fair met Monday with County Agent Logan, revised the fair premium list and added more classes to each department, as well as increasing the money prizes.

The 1929 fair should be the county's greatest if the enthusiasm of the superintendents is taken as a criterion.

ORGANIZING 4-H CLUBS

County Agent Logan organized a class of twelve members of the 4-H Club at the German school recently. Those enrolled included Kenneth Montgomery, Walter Montgomery, Albert Kuss, Vernon Pagan, Georgie Ruth Pagan, Lena Mae Pagan, James Pagan, Rudolph Kubena, Julins Kubena, Adolph Sendirik, Sylvester Hendrix and Jessie Cook.

SNYDER LAUNDRY CO. USING IVORY SOAP

A full page announcement in this issue is telling the world that the Snyder Laundry is using Ivorp soap, widely known and used as the best soap on the market. Sam Larue is leaving no stone unturned to provide the highest type of service possible; and his latest announcement is in line with the progressive policy that he has always pursued in Snyder.

From four to six inches of sooty snow fell last Thursday over a wide area in southern and eastern Missouri and southern Illinois in the most severe winter storm in May in more than twenty-five years of weather records.

From Texarkana to El Paso is farther than from Texarkana to Chicago.

Fine Program of Community Building Going Over Big Here

The remarkable series of good will community building lectures that started Sunday night at the tabernacle by Capt. C. S. Nusbaum was furthered with an honor banquet yesterday noon by the Lions Club. Forty-two were in attendance.

At the opening Sunday night, Snyder churches and pastors heartily joined in the movement, and a fine crowd was present. Otis Carter, choir director, put on a peppy sing-song, following which Rev. W. F. Ferguson introduced the speaker, Capt. Nusbaum, who rendered a masterly oration on "The Call for Men in the Community." It is needless to state that the speaker stressed every possible angle of service that men should furnish their community, and said that leadership was absolutely essential, not only to the family but to the community as well.

Continuing during each night of the week, Captain Nusbaum has been bringing constructive messages to large crowds. The week's program will close with a county wide mass meeting tomorrow (Friday) night.

Special music is being given each evening, and a program that is something new, popular and practical in plans and activities of community life is being brought to the attention of local and nearby people. Constructive and co-operative plans are being recited by Captain Nusbaum for a bigger, better and more satisfactory community life, a united effort in bringing the people of the town and country together into a BIG COMMUNITY FAMILY, uniting the people for the purpose of creating a spirit of good fellowship and loyal co-operation for mutual interests.

At Tuesday night's meeting Hugh Boren and Pat Bullock were appointed captains to lead in a booster membership drive. Hugh Boren, leading the Blues, selected O. P. Thrane, Walt Scott, Leon Wren, Mrs. R. E. Gray, Mrs. C. R. Buchanan, John Spears, W. F. Ferguson, Abe Rogers, Hugh Taylor and Jimmy Smith.

Pat Bullock leading the Reds selected J. C. Stinson, Clarence Wenninger, Mrs. O. P. Thrane, Eloise Scott, H. L. Davis, Judge Holley, A. J. Cody, E. C. Lambert, W. O. Logan and Collin Boone.

The two contingents had a breakfast early this morning at the First Presbyterian Church to get their plans outlined, and from that time on "fur has been flying" in Snyder, that the Scurry County Chamber of Commerce may have the greatest membership drive ever inaugurated in this section of the state.

Captain Nusbaum has no equal as an organizer, builder and good will producer. He has made a decided hit in Snyder, and may his shadows never grow less.

He begins a community program at Rotan next week, and it is thought that a crowd of Snyder folks will go over for one night's lecture.

Churches Gain In Membership

The Christian Herald's annual religious census shows that churches in the United States gained 1,115,000 new members in 1928, almost twice as many as they gained in 1927.

The Baptist Church leads in the gains, its fourteen branches showing a combined increase of 375,843 new members. The Roman Catholic Church comes second, with 360,153 new members; and the Disciples of Christ third, with 173,093. All other gains were under 100,000.

The publication lists the total memberships in the leading denominations as follows:

Roman Catholic	17,095,844
Methodist Episcopal	4,614,097
Southern Baptist	3,823,680
National Baptist (Negro)	2,515,542
M. E. Church South	2,580,825
Disciples of Christ	1,538,892
Northern Baptist	1,419,283
Protestant Episcopal	1,215,363
Presbyterian	1,196,274

COUNTY SCHOOL BOARD MAKES FEW DISTRICT CHANGES

The Scurry County School Board met in regular session on Monday, May 6, at 1 p. m. for the purpose of hearing petitions and applications for changes in district lines in various schools in the county.

It should be understood by the patrons of the county that the board can only do what they think is best for the children concerned in each proposed change. They hear each applicant from both sides and then act according to the way they think will be best for said children, provided that the proposed change if made does not materially cripple the school from whence it is coming.

Changes made were: six sections transferred from Ira to Bison Common School District No. 7. Children living in this territory were unable creeks and bad roads. All other applications were rejected or deferred for future action.

The joint meeting with the Borden County Board was held yesterday. At that time steps were taken to establish the metes and bounds of the Fluvanna Consolidated District comprising territory in both Scurry and Borden Counties.

HERMLEIGH IS ENGAGED IN GENERAL CLEAN-UP

Hermleigh citizens are enjoying a general clean up week. L. M. Levy is offering prizes totaling $10. Boys having the largest piles of tin cans get the money.

A Friend When You Need One

EXPERIENCE may be the "best teacher," but sometimes it can prove quite costly. You wouldn't drive an automobile, knowing its steering apparatus was broken, just to see what would happen, would you? Then why plunge into any financial venture, just "hoping" everything will turn out all right?

This bank is a "friend to you when you need one" . . . a friend whose dependable advice on any money matters you can safely rely on. Avail yourself of its Services and Facilities at any time!

THE BANK FOR EVERYBODY

Large Enough to Serve You.
Small Enough to Know You.
Strong Enough to Protect You.

FRIENDLY

LOCALS

A fine shower of rain fell yesterday. We're hoping for more.

Henry Rosenberg spent last week-end in Fort Worth.

LeRoy Fesmire spent last week-end in Abilene.

C. C. Redman visited relatives in Saint Jo over the week-end.

I. V. Ainsworth made a business trip to Big Spring Saturday.

W. W. Cork of San Angelo was a visitor in the city Sunday.

Mr. and Mrs. Lawrence Fuller were visitors in Colorado Sunday.

E. E. Coffey of Oklahoma is here this week buying cattle.

E. R. Heath of the J. C. Penney Co. has been on the sick list.

Pete Bridgeman and Tom Lee were business visitors in Abilene Tuesday.

Mr. and Mrs. J. T. Watts and Miss Lois Huckabee spent Sunday in Colorado.

Mrs. L. M. Kirkus and son of Los Angeles are guests of Mr. and Mrs. J. C. Wilsford.

The Dixie Service Station is lowering its driveway to the grade of the street.

Mrs. W. D. Beggs returned Tuesday from a several days visit in Fort Worth.

Mr. and Mrs. Hal Farley of Roby were Sunday guest sof Mrs. T. L. Lollar.

Mr. and Mrs. J. B. Clayton of Greenville were here on business several days this week.

Miss Edwena Barnes of Ropesville spent last week-end with Miss Edith Grantham.

Mr. and Mrs. Seth Bertram of Lamesa visited relatives here Sunday.

Mrs. J. C. Baron of Sudan is the house guest of Mrs. Howard McDonald this week.

Mr. and Mrs. Erle Grantham and two children were visitors in Colorado Sunday.

W. D. Huckabee and Joe Eicke spent Saturday and Sunday in De Leon as the guests of relatives.

Tom Bertram of Sweetwater was a guest in the home of his sister, Mrs. Erle Grantham last week.

Mrs. Tate, Lockhart and son are spending the week with her sister at De Leon.

Mrs. L. E. Trigg left today for Brownsville where she will visit with her mother.

Amos and Ixon Joyce returned Sunday from a several days business trip to Bastrop.

Mr. and Mrs. Fred Watkins, son and daughter, of Santa Anna are guests in the J. C. Wilsford home.

Mr. and Mrs. A. B. Eicke returned home from Temple where they have been for medical treatment.

Mr. and Mrs. Bob Wren returned to their home in Big Spring after a visit here with Mr. and Mrs. W. R. Wren. Mr. Wren has been quite ill for the past two weeks, but is greatly improved.

Mrs. Wm. Frank is spending a month in the Rio Grande Valley with relatives.

Mrs. C. P. Harless and Mrs. John Arnold of Littlefield were guests of Mrs. L. O. Smith last week.

Mr. and Mrs. B. G. Johnson spent last week-end in Baird with Mrs. Johnson's parents, Mr. and Mrs. O. E. Oestham.

Mr. and Mrs. G. C. Newsom of Weinert spent last week-end with their daughter, Mrs. Wraymond Sims.

Mrs. Florence Rountree of Garland was a guest in the home of Mr. and Mrs. Wraymond Sims last week-end.

Fritz R. Smith, accompanied by Miss Elizabeth Smith, went to Big Spring Tuesday where she is visiting Tracy Smith.

Mesdames E. J. Anderson, O. P. Thrane, Fritz R. Smith and J. M. Harris attended a bridge luncheon in Post Saturday given by Mrs. W. V. Roy.

Edgar Shuler accompanied Mrs. W. H. Shuler to Lamesa Sunday. Mrs. Shuler remained for a visit with relatives there.

Mr. and Mrs. E. J. Anderson and daughter, Brentz, and Miss Charlene Ely were Abilene visitors Sunday.

Miss Velma Horton, who is attending A. C. C. at Abilene, spent last week-end as the guest of Miss Winnie Garner.

Mr. and Mrs. A. S. Graham of O'Donnell were last week-end visitors of Mrs. Graham's parents, Mr. and Mrs. M. Stacy.

Mr. and Mrs. H. P. McGinty of Springdale, Arkansas, visited their daughter, Mrs. W. W. Hull, Saturday and Sunday.

Miss Eula Stimson has been elected to fill in the coming school term as teacher of the fourth grade in the Colorado schools.

Dutchie Cauble and Fritz R. Smith Jr. were guests of Nibs Warren in Waco over the week-end. Nibs is attending Baylor University.

Herman Hall, who has been in the Emergency Hospital, was able to return to his home in Pyron Monday.

Miss Snooks Davidson was able to leave the Emergency Hospital Saturday and return to her home in Camp Springs.

Mr. and Mrs. R. H. Curnutte Sr. accmopanied Mrs. Curnutte's mother to Waxahachie Tuesday where she will visit her daughter, who is ill.

The Scurry County Union Epworth League met at Fluvanna Sunday afternoon. The interesting program was rendered by Hermleigh. Snyder was well represented at this meeting.

Mr. and Mrs. N. M. Harpole, Mr. and Mrs. Melvin Newton and son, Mr. and Mrs. Howell Harpole and Misses Mable Isaacs and Jonnylee Shaw were visitors in Abilene Sunday.

Mrs. Fred Wagoner and two children returned to their home in Amarillo after a visit with her parents, Mr. and Mrs. G. B. Clark and other relatives. Miss Clarabelle Clark accompanied them home.

Billy Frank and J. O. Sheid were over Sunday visitors in Dallas. While there Mr. Frank called on his aunt who is convalescing at Baylor Hospital, and also spent a part of Sunday at the Buckner Orphans Home where Billy secured his early training, having lost both his father and mother at an early age.

Mr. and Mrs. C. W. Harless and daughters, Misses Mildred and Mariwade, and son, Charles, left Sunday night for Farmersville where they were called on account of the death of Mr. Harless's father, who died suddenly Sunday afternoon.

Mr. and Mrs. P. M. Chambers and daughters, Misses Bobbie and Beverly, and J. O. Dodson and Miss Reva Lewis spent last week-end in Pecos. Mr. and Mrs. Chambers visited their daughter, Mrs. A. H. Sams, Jr. Mr. Dodson visited Mrs. J. O. Dodson.

Elmo Crowder has accepted a position with the new Davis drug store in the Wright Hotel building at Sweetwater. Elmo can sure shake a "wicked" soda or sundae, is a pleasing chap, and Nolan County folks will like this young man.

Carpenter work at Yoder Field is practically complete, and Foreman J. C. Wilsford has completed some real work. A. L. Martin expects to finish all cement and stucco work this week.

The Olds Service Station has added a new driveway at their filling station.

Mr. and Mrs. Henry Rosenberg will return from Fort Worth tomorrow.

Mr. and Mrs. Charles Music and two sons of Lubbock were guests of Mr. and Mrs. O. R. Collier Sunday.

Miss Mary Bob Huckabee, who is attending Simmons University, spent last week-end with her parents here.

Mr. and Mrs. J. C. Gorman of Abilene and Mr. and Mrs. S. K. Mitchell of Roscoe were Sunday guests in the home of Mr. and Mrs. J. R. Huckabee.

POLAR NEWS

Considering the dry weather and cold nights, crops are holding out fine in our community.

We are sorry to report the illness of Miss Glyn Weatherby. She was taken siddenly ill with appendicitis Friday, was rushed to the Lubbock Sanitarium and had an operation at twelve o'clock Friday night. She is improving nicely at present.

Bro. J. R. Williamson preached at Polar Sunday afternoon. The crowd was small on account of so many attending singing convention at Clairemont.

Seventeen members of the Polar singing class attended the convention at Clairemont Sunday. Everyone present enjoyed the afternoon to the fullest extent.

A fairly good crowd met at Polar for singing Sunday night.

The meeting which was conducted by Bro. Mac Wytte last week closed Friday night. Those who attended, good services.

All three school teachers of Polar were re-elected for the coming term. Jeff Cargile and Miss Iris Bullock accepted, but a young lady from Camp Springs will teach the primary work. We regret to lose Miss Kelly, but we wish her success wherever she may go.

W. J. Cargile Jr. has purchased a new Ford coupe. Congratulations, Mr. Cargile. We suspect there will be a lot of young ladies applying for Polar school next year.

Scott Stanfield and wife spent Sunday with Mr. and Mrs. A. C. Cargile.

Mrs. Kindred Elkins and Miss Nannie Graves are the guests of Mr. and Mrs. B. A. Moore this week.

Miss Zula Carlile, who has been visiting an uncle at Bronte, returned home Friday.

A. C. Cargile and Jeff Cargile were business visitors at Jayton Saturday.

Mr. and Mrs. Carol Moore and Miss Dixie Davis of Snyder were Sunday guests of Mr. and Mrs. Burton Moore.

Ike Boren with the help of Burton Moore and A. C. Elkins branded a number of calves last week.

Roy Elkins and family were Polar visitors Sunday night.

Mrs. Edgar Shuler was the guest of her parents, Mr. and Mrs. W. J. Cargile, last week-end.

Mr. and Mrs. W. O. Christopher were the guests of their daughter, Mrs. J. A. Martin, Monday night.

F. A. M.

KNOW TEXAS

Texas produces from 30 to 40 per cent of the cotton crop of the United States and from 20 to 30 per cent of the cotton crop of the world.

In turkey production Texas leads all the other states in the union, but in other kinds of poultry it is well down in the list.

Statisticians predict the population of Texas in 1950 will be 7,015,000, and that of the 2,500,000 predicted increase only 140,000 will be in farm population.

Want ads bring big returns.

TOOK SODA 20 YEARS FOR GAS—STOPS NOW

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerika brought me complete relief."—J. B. Hardy.

Adlerkia relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you feel. It will surprise you! Warren Bros., Druggists. 2

Middle Life Troubles

"ABOUT twenty years ago, my health was very bad," says Mrs. Mat Howard, of Terrell, Texas. "I was passing through a critical time in my life, and I suffered a great deal. I was not at all strong, and my nerves got all upset. I had hot flashes, and sometimes would get suddenly so faint I could not stand up. My head would whirl, and I could not see a thing. I would have to lie down for hours at a time.

"I improved so much after I had taken Cardui for a while. I continued the medicine for some months, until I had passed the critical period. Since then, I have given Cardui to my five daughters. All of them have continued the use of Cardui in their homes. We have all been better for having taken it."

Must Your Children Walk in the Streets?

The surest way to protect school children from the peril of street accidents is to have an adequate system of portland cement concrete sidewalks for their use.

Concrete sidewalks are pleasing to the eye, and are safe and comfortable to walk upon. They are rigid and smooth-surfaced always—and are unaffected by weather or climatic conditions.

Your community needs more concrete sidewalks *now!*

Your MODEL T FORD *is still a good car*

THE Model T Ford led the motor industry for twenty years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a good car.

As a matter of fact, nearly one-fourth of all the automobiles in use today are Model T Fords. Millions of them can be driven two, three and even five more years with reasonable care and proper replacements. Figures show that the average life is seven years.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service.

For a labor charge of $20 to $25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for $3 to $4. The cost of tightening all main bearings is only $6. The labor charge for overhauling the front axle is $4.50 to $5—rear axle assembly, $5.75 to $7.

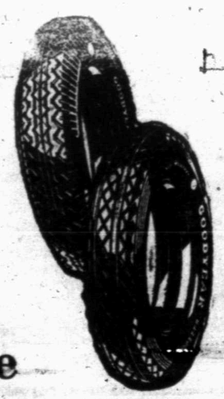

New universal joint will be installed for a labor charge of $3. Brake shoes relined for $1.50. Rear spring and perches rebushed for $1.75. The cost of overhauling the starting motor is $3. A labor charge of approximately $2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

FORD MOTOR COMPANY

DIARY OF MRS. THOS. H. LEE
(Nee Lizzie Lee Watkins)

Friday, Nov. 12, 1909. A very windy, disagreeable day. Went over to Mrs. Tom Faught's home, met the glee club girls there and practiced some songs. The glee club girls who were there were Miss Burch, Miss Alsup, Johnnie Shepherd, Neta Shepherd, Hattie Faught, and I. Bobby Sadler played the piano.

Ennis Edbank came in to town today.

Bob McCormack is visiting his sister, Mrs. "Shorty" Clark.

Monday, Nov. 15. We are getting up a negro minstrel. The Misses Sadler are in it, also Mr. Vincil, Watkins, Anderson, Woods, Mrs. Miller and Mrs. Yarbrough.

Collecting songs for minstrel. Got two songs from Lillian Manry.

Dr. Kirkpatrick gave me some medicine for my eye that has been giving me trouble lately.

The Wellborn Hotel is managed by Mrs. Barrow and son. (Mrs. Barron is now living in Louisiana, and her son makes keys of all kinds—a locksmith by trade.)

Nov. 18. Mrs. Allen Weaver played for us to practice. She is certainly a good musician.

Our Minstrel program was a success they all say. Took in $94.00.

After the show 19 in all went to Bon Ton Cafe and had oyster supper.

Nov. 22. (We sang a great deal those days. About thirty of us young people were busy all the time. We spent our Sunday afternoons singing either at Maxwell Hotel, my home then, or at Baby and Joe Sadler's or at May McClinton's. It makes people happy to sing. We should all sing more.)

Began teaching at Plainview school today. Am staying at Mr. and Mrs. Bryant's. Just have a quarter of a mile to walk.

Began school with Ed and John Wright, Milton Harron, Vera Bryant and Velma Foster. Clyde (Coon) Jones came in at recess.

Mr. Harren and Mr. Wright are my trustees. They are good ones. They always keep plenty of coal and good stoves.

Nov. 23. My birthday. Am 29 years old. Have passed into old maidenhood long ago, but, Gee! I don't care! I'm satisfied, and I guess everyone else is. (Ha! ha! I had not met THE MAN then.)

Nov. 24, 1909. Two automobiles just passed going to Hermleigh.

Mama gave me a beautiful taffeta dress for my birthday.

Jim Evans is now again in Snyder clerking.

Mr. and Mrs. Stockton visited us today.

Keith's confectionery is the place where all the boys and girls meet.

Dec. 1. Have some new pupils added to my enrollment, namely Jeff Wright, Myrtle Mirka and Cecil Carter, Lonnie Marshall and Orville and Roy Weeks.

Am relating my eastern and northern states trip of last summer to the school children.

Went to prayer meeting at Plainview school tonight. Met Homer Sleigh and Myrtle Stimpson, also Ella Sleigh and Van Sumruld.

Dec. 2. Today Miss Nell Ruddick married Mr. Greene, both of Colorado, Texas. Miss Nell is Mrs. H. G. Towle's sister.

Archie Logan joined our school list today. (By the way, Archie and another pupil of those days came in to my little workshop at Caton-Dodson's this week to see me. The other pupil was Jim Steel of Lamesa.)

Henry Harless passed by school house today going to the ranch. They live in Snyder now.

Miss Naomi McClinton is working in the post office.

Dec. 4. Carrol Moore and another young man from Lubbock came to Maxwell Hotel and we looked at the post cards that I had gotten while on my trip.

Dec. 5. Jim Chinn came to see me tonight. He told me about his sweetheart. (A lot of boys TOLD me about their sweethearts, but I was just "like a sister" to them all.)

Dec. 5. Hugh Boren began boarding with us today.

Dec. 12. Heard today that Miss Bessie Bond had married; also that Miss Ethel Brazzell had married a Mr. Bowles.

Mr. and Mrs. Harren's daughter, Arah, is very ill with tubercular trouble.

Dec. 18. Snow today. First snow of the year.

Dec. 26. John Aucutt and Mable Baker married last Sunday.

Mrs. Chapman shot Bud Dawson and a Mr. Beach. Mr. Beach rather seriously, but Bud just had a finger shot off.

Dec. 27. Mr. Beach died today.

Dec. 30. Mr. Popnoe died last night, and a man at Ira killed himself.

(Will begin on 1910 at the next writing.)

WOMEN PIED PIPERS ARRIVE IN SNYDER

"They fought the dogs and killed the cats;
And bit the babies in the cradles,
And ate the cheese out of the vats
And licked the soups from the cooks' own ladles.
Split open kegs and salted sprats,
Made nests inside men's Sunday hats,
And even spoiled the women's chats
By drowning out their speaking,
With shrieking and squeaking."
Once upon a time in Hamlin town the rats were just this bad. And a Pied Piper offered the mayor to lead the rodents away with his magic flute. And he did . . .

Today two young women are doing the same. Miss Anna May Wright of Portsmouth, Va., and Miss Madge Case of Seattle, Wash., using not a magic flute but a simple drug, barium carbonate, which can be purchased at any drug store, arrived in Snyder Tuesday and promised to not only exterminate the rats from the city but to teach a few simple instructions to building owners which will keep the rats away forever.

"Government statistics show that there are two rats for every inhabitant of every city in the United States. Each of these rats does $4.82 of damage each year," Miss Wright explained. "In Snyder with its population of 5,000, property damage is almost $25,000."

"I started in the work eight years ago to see the country. I've seen it—in 42 states, the Hawaiian Islands, Alaska and the Philippine Islands. I remained because I received not only cooperation, but many times frenzied appeals from cities to help them overcome a rat plague."

A woman who not only feared rats so little that she hunted them down—but stayed in the work for eight years! Shades of a chair climbing generation!

She and her co-worker, Miss Case, will spend about a month on the South Plains. They will visit every town and city in this section.

"This is our first extermination campaign in this part of Texas."

Every store, restaurant and business house will be visited by Miss Wright and Miss Case in the campaign.

GASOLINE IS SELLING AT 16 CENTS A GALLON

The price of gasoline reached its lowest ebb last week when the Dixie Service Station announced in the Times-Signal that they were selling at 16 cents a gallon. According to Manager Ollie Bruton, they have had their hands full ever since the announcement was made.

ENJOY CHICKEN FRY AT SCOTT RANCH THURSDAY

About thirty members of the Men's Bible Class of the First Baptist Sunday School along with their wives, children and sweethearts, enjoyed a chicken fry last Thursday evening at the W. M. Scott ranch six miles south of town.

The crowd left the church in cars about six-thirty, J. M. Newton and C. E. Ross having gone to the beautiful spot on the banks of Deep Creek to begin preparations for the feast of chicken and all the trimmings.

Much athletic ability was displayed by the men who entertained themselves as well as the ladies with various stunts and games such as leap frog, "run from the belt", high jumping contests, broad jumping, an das many other different pranks and antics as there were men in the crowd. Accordingly, it was not long until several cries of "When do we eat?" went up. And when the announcement was made to "Come and get it," nobody was bashful, and the chicken didn't last long.

After the "eats" a bon fire was started and the crowd encircled the welcome blaze and enjoyed an old-time sing-song. Rev. W. F. Ferguson made a short talk in which he expressed the hope that such occasions would be numerous, to which a hearty chorus of Amens ascended.

HOLD GOOD REVIVAL MEETING AT WESTBROOK

Rev. J. E. McDermett, formerly of Dunn but now the Baptist pastor at Westbrook, was in Snyder a few hours Saturday, having driven over to help Rev. C. G. Howard and Singer E. C. Compton to catch the early train to their homes in Canyon. These brethren have been with Rev. McDermett in a revival meeting at Westbrook for the past two weeks which resulted in some forty convertions and sixty-six additions to the church, forty-three by baptism. The ladies of the church presented their pastor with a trip to the Southern Baptist Convention meeting at Memphis, Tenn., this week.

SWEETWATER MAN SHOT FOUR TIMES AFTER BEING FREED

B. L. Frost, of Sweetwater, whose trial on a charge of rape resulted in a hung jury, was shot four times as he descended to the first floor of the court house from the district court room at Sweetwater, at 8:30 p. m. Thursday. L. P. Wampler, Merkel blacksmith and formerly of Roscoe, surrendered to the sheriff, Jess Lmabert, immediately after the shooting.

Frost was critically injured, four bullets from a .38 caliber revolver having entered his body.

The shooting occured within about two or three minutes after Judge Millburn Long dismissed the jury when they reported they could not reach a verdict. Frost died Friday.

IT WON'T BE LONG NOW

The Times-Signal will soon be ready to hold open house every day as workmen promise to have the greater portion of their duties completed by Saturday. "The old place doesn't look quite the same" is the continued expression of friends who visit the office.

SWEETWATER GRADE SCHOOLS ARE CLOSED BY SERIOUS EPIDEMIC

Reports from Sweetwater state that all ward schools have been closed owing to an epidemic of measles and scarlet fever and that only students over 16 years old may attend high school classes. No graduating exercises will be held this year, and no children are at present permitted to attend Sunday school or church.

TheTimes-Signal joins with the many friends of the Nolan County capital in hoping that the epidemic may soon be laid on the shelf and that they will be back to normal very quickly.

"PUDDLE JUMPER" DISAPPEARS THURSDAY

The Editor was minus his Chrysler "puddle-jumper" several days last week. Parking the car in front of the Palace Theatre Thursday evening, we enjoyed a most wonderful show and went outside prepared to go home, but after looking high and low we found the blame thing had disappeared. Resorting to the law, we advised them the number and a description, and "darned" if Marshal Wildfin didn't notify us early Friday morning that the Sweetwater police had located the missing child two miles east of that city on the Broadway of America. "Andy" Anderson very kindly loaned us his Buick, and after reaching the scene of the departed car, found that nothing more serious than a bearing had caused the thief to desert the car, leaving us $10.40 to pay to drive it home.

But what we started to say is that the law of both Scurry and Nolan Counties worked fast and are deserving of much credit.

OLLIE BRUTON SIGNS ROAD CONTRACT JOB

Ollie Bruton, known to his many and sundry friends as "Prof. Zanni," has recently signed a contract with an Oklahoma promotion company to make a road tour with his show, starting the first of the month.

Mr. Bruton has arranged a high class program of magic and disappearing acts and is being widely heralded as "The Mystery Man of the Lone Star State." That Ollie will make good does not even enter our mind, for his many performances in this section have attracted state-wide attention.

DISTRICT COURT OPENS IN BIG SPRING MONDAY

Judge Fritz R. Smith opened a three-weeks term of district court at Big Spring Monday. Thirty-five complaints charging felonies have been filed in Howard County since the last session. Two murder trials are included in what is thought will be the busiest term in the history of the 32nd judicial district of which Snyder is a part.

The Senior Class of Hermleigh High School held their annual class play Friday night, giving "Nobody's Darling" to a crowded house. Good vaudeville numbers were featured between the acts.

The TRIP you've planned for this SUMMER HOW MUCH will it cost?

Send for free Maps—see coupon below

CONOCOLAND invites you to use its picturesque, broad plains and its cool, towering mountains as your summer playground. In Conocoland—the land of better and cheaper vacations—there is amusement for everyone, whether your fun is found in the thrills of strenuous mountain climbing or in the peaceful contemplation of majestic scenery.

And wherever you go, you will always find Conoco Gasoline — to cut down your cost per motoring mile.

To assist you to plan your entire vacation trip at home and to find your way easily when you are on the road, we offer you, absolutely free, new and improved 1929 road maps of fourteen of the great states of Conocoland—the states in which Conoco Gasoline is most widely distributed. Just send in the coupon and the maps will come by return mail.

Such a trip isn't nearly as expensive as you think. But whether economy is important to you or not, you will save money through extra mileage and save peace of mind through extra motor efficiency if you make it a rule to stop always at the Conoco sign.

Spring housecleaning hint for Husbands

"How do you expect me to be through?"

RADFORD paused in the upstairs hall.

"What!" he exclaimed, "not through yet——."

From amid the chaos of housecleaning, Mrs. Radford looked up in exasperation.

"Get that coat off and help me put up this bed," she ordered, wearily shoving a stray lock of hair back beneath the towel about her head.

"How do you expect me to be through? I can't clean the upstairs, and spend the best part of the afternoon *downstairs* talking over the telephone, can I? I've been up and down those stairs forty times."

Radford had weathered many spring housecleanings. Wisely, he pulled off his coat and began to roll up his sleeves.

"I think," he observed sympathetically, "that an extension telephone up here in the hall might save steps and——."

"Then suppose," interrupted his wife grimly, "that you order one for me tomorrow."

Telephones where you *need* them save time, patience, housewifely strength.

Few know that one or two additional instruments cost considerably less than the single telephone they now have!

By a wisely-placed "extension" or two, and perhaps a rearrangement of the equipment you already have, an expert telephone man can often double the convenience of your telephone service. Just mail the coupon.

ARE YOU INTERESTED IN YOUR FAMILY SHOE BILL?

Do You Wear Healthful, Comfortable, Solid Leather Shoes?

There are 300,000,000 pairs of good repairable shoes in American closets; they are better quality than most shoes being made today from high-cost leather. What you do with these shoes will determine the price of shoes and leather for the next six to twelve months.

We resole with the choicest part of the hide—non-acid Sole Leather, and give you back better than today's new shoes.

If you are interested in statistics, study these figures:

TOTAL NUMBER OF CATTLE SLAUGHTERED IN U. S. A.

	U. S. Inspection	Country Kill	Total
1922	8,677,807	4,470,393	13,148,200
1927	9,520,000	4,480,000	14,000,000
Six-year average Production of cattle hides in U. S. A.			14,184,581

TOTAL CONSUMPTION OF CATTLE HIDE LEATHER IN U. S. A.

	Sides	Hides
1922	40,487,000	20,243,500
1927	45,770,000	22,885,000
Six-year average Consumption of cattle hides (as leather) in U. S. A.		23,374,083

IN OTHER WORDS, WE MUST DEPEND ON FOREIGN MARKETS FOR 40% OF OUR CATTLE HIDES TO SUPPLY OUR LEATHER NEEDS.

PRODUCTION OF FOOTWEAR IN U. S. A. (Other than Rubber)

	1914	1922	1927
Total (Pairs)	292,666,000	323,876,000	343,605,885

IF you are interested in holding down your family shoe bill—BUY GOOD, SOLID LEATHER SHOES.—Then patronize a good shoe repair shop.
"THERE IS NOTHING LIKE LEATHER"—IF you walk on non-acid, slow, vat-tanned sole leather, of the quality used in this shop. Sole Leather is Nature's own footwear—at its best.

A Friend When You Need One

EXPERIENCE may be the "best teacher," but sometimes it can prove quite costly. You wouldn't drive an automobile, knowing its steering apparatus was broken, just to see what would happen, would you? Then why plunge into any financial venture, just "hoping" everything will turn out all right?

This bank is a "friend to you when you need one" . . . a friend whose dependable advice on any money matters you can safely rely on. Avail yourself of its Services and Facilities at any time!

THE BANK FOR EVERYBODY

Large Enough to Serve You.
Small Enough to Know You.
Strong Enough to Protect You.

FRIENDLY

LOCALS

A fine shower of rain fell yesterday. We're hoping for more.

Henry Rosenberg spent last week-end in Fort Worth.

LeRoy Fesmire spent last week-end in Abilene.

C. C. Redman visited relatives in Saint Jo over the week-end.

I. V. Ainsworth made a business trip to Big Spring Saturday.

W. W. Cork of San Angelo was a visitor in the city Sunday.

Mr. and Mrs. Lawrence Fuller were visitors in Colorado Sunday.

E. E. Coffey of Oklahoma is here this week buying cattle.

E. R. Heath of the J. C. Penney Co. has been on the sick list.

Pete Bridgeman and Tem Lee were business visitors in Abilene Tuesday.

Mr. and Mrs. J. T. Watts and Miss Lois Huckabee spent Sunday in Colorado.

Mrs. L. M. Kirkus and son of Los Angeles are guests of Mr. and Mrs. J. C. Wilsford.

The Dixie Service Station is lowering its driveway to the grade of the street.

Mrs. W. D. Beggs returned Tuesday from a several days visit in Fort Worth.

Mr. and Mrs. Hal Farley of Roby were Sunday guest sof Mrs. T. L. Lollar.

Mr. and Mrs. J. B. Clayton of Greenville were here on business several days this week.

Miss Edwena Barnes of Ropesville spent last week-end with Miss Edith Grantham.

Mr. and Mrs. Seth Bertram of Lamesa visited relatives here Sunday.

Mrs. J. C. Baron of Sudan is the house guest of Mrs. Howard McDonald this week.

Mr. and Mrs. Erle Grantham and two children were visitors in Colorado Sunday.

W. D. Huckabee and Joe Eicke spent Saturday and Sunday in De Leon as the guests of relatives.

Tom Bertram or Sweetwater was a guest in the home of his sister, Mrs. Erle Grantham last week.

Mrs. Tate Lockhart and son are spending the week with her sister at De Leon.

Mrs. L. E. Trigg left today for Brownsville where she will visit with her mother.

Amos and Ixon Joyce returned Sunday from a several days business trip to Bastrop.

Mr. and Mrs. Fred Watkins, son and daughter, of Santa Anna are guests in the J. C. Wilsford home.

Mr. and Mrs. A. B. Eicke returned home from Temple where they have been for medical treatment.

Mr. and Mrs. Bob Wren returned to their home in Big Spring after a visit here with Mr. and Mrs. W. R. Wren. Mr. Wren has been quite ill for the past two weeks, but is greatly improved.

Mrs. Wm. Frank is spending a month in the Rio Grande Valley with relatives.

Mrs. C. P. Harless and Mrs. John Arnold of Littlefield were guests of Mrs. L. O. Smith last week.

Mr. and Mrs. B. G. Johnson spent last week-end in Baird with Mrs. Johnson's parents, Mr. and Mrs. O. E. Oestham.

Mr. and Mrs. G. C. Newsom of Weinert spent last week-end with their daughter, Mrs. Wraymond Sims.

Mrs. Florence Rountree of Garland was a guest in the home of Mr. and Mrs. Wraymond Sims last week-end.

Fritz R. Smith, accompanied by Miss Elizabeth Smith, went to Big Spring Tuesday where she is visiting Tracy Smith.

Mesdames E. J. Anderson, O. P. Thrane, Fritz R. Smith and J. M. Harris attended a bridge luncheon in Post Saturday given by Mrs. W. V. Roy.

Edgar Shuler accompanied Mrs. W. H. Shuler to Lamesa Sunday. Mrs. Shuler remained for a visit with relatives there.

Mr. and Mrs. E. J. Anderson and daughter, Brentz, and Miss Charlene Ely were Abilene visitors Sunday.

Miss Velma Horton, who is attending A. C. C. at Abilene, spent last week-end as the guest of Miss Winnie Garner.

Mr. and Mrs. A. S. Graham of O'Donnell were last week-end visitors of Mrs. Graham's parents, Mr. and Mrs. M. Stacy.

Mr. and Mrs. H. P. McGinty of Springdale, Arkansas, visited their daughter, Mrs. W. W. Hull, Saturday and Sunday.

Miss Eula Stimson has been elected to fill in the coming school term as teacher of the fourth grade in the Colorado schools.

While there Mr. Frank called on his aunt who is convalescing at Baylor Hospital, and also spent a part of Sunday at the Buckner Orphans Home where Billy secured his early training, having lost both his father and mother at an early age.

Mr. and Mrs. C. W. Harless and daughters, Misses Mildred and Mariwade, and son, Charles, left Sunday night for Farmersville where they were called on account of the death of Mr. Harless's father, who died suddenly Sunday afternoon.

Mr. and Mrs. P. M. Chambers and daughters, Misses Bobbie and Beverly, and J. O. Dodson and Miss Reva Lewis spent last week-end in Pecos. Mr. and Mrs. Chambers visited their daughter, Mrs. A. H. Sams, Jr. Mr. Dodson visited Mrs. J. O. Dodson.

Elmo Crowder has accepted a position with the new Davis drug store in the Wright Hotel building at Sweetwater. Elmo can sure shake a "wicked" soda or sundae, is a pleasing chap, and Nolan County folks will like this young man.

Carpenter work at Yoder Field is practically complete, and Foreman J. C. Wilsford has completed some real work. A. L. Martin expects to finish all cement and stucco work this week.

The Olds Service Station has added a new driveway at their filling station.

Mr. and Mrs. Henry Rosenberg will return from Fort Worth tomorrow.

Mr. and Mrs. Charles Music and two sons of Lubbock were guests of Mr. and Mrs. O. R. Collier Sunday.

Miss Mary Bob Huckabee, who is attending Simmons University, spent last week-end with her parents here.

Mr. and Mrs. J. C. Gorman of Abilene and Mr. and Mrs. S. K. Mitchell of Roscoe were Sunday guests in the home of Mr. and Mrs. J. R. Huckabee.

POLAR NEWS

Considering the dry weather and cold nights, crops are holding out fine in our community.

We are sorry to report the illness of Miss Glyn Weatherby. She was taken siddenly ill with appendicitis Friday, was rushed to the Lubbock Sanitarium and had an operation at twelve o'clock Friday night. She is improving nicely at present.

Bro. J. R. Williamson preached at Polar Sunday afternoon. The crowd was small on account of so many attending singing convention at Clairemont.

Seventeen members of the Polar singing class attended the convention at Clairemont Sunday. Everyone present enjoyed the afternoon to the fullest extent.

A fairly good crowd met at Polar for singing Sunday night.

The meeting which was conducted by Bro. Mac Wytte last week closed Friday night. Those who attended good services.

All three school teachers of Polar were re-elected for the coming term. Jeff Cargile and Miss Iris Bullock accepted, but a young lady from Camp Springs will teach the primary work. We regret to lose Miss Kelly, but we wish her success wherever she may go.

W. J. Cargile Jr. has purchased a new Ford coupe. Congratulations, Mr. Cargile. We suspect there will be a lot of young ladies applying for Polar school next year.

Scott Stanfield and wife spent Sunday with Mr. and Mrs. A. C. Cargile.

Mrs. Kindred Elkins and Miss Nannie Graves are the guests of Mr. and Mrs. B. A. Moore this week.

Miss Zula Carlile, who has been visiting an uncle at Bronte, returned home Friday.

A. C. Cargile and Jeff Cargile were business visitors at Jayton Saturday.

Mr. and Mrs. Carol Moore and Miss Dixie Davis of Snyder were Sunday guests of Mr. and Mrs. Burton Moore.

Ike Boren with the help of Burton Moore and A. C. Elkins branded a number of calves last week.

Roy Elkins and family were Polar visitors Sunday night.

Mrs. Edgar Shuler was the guest of her parents, Mr. and Mrs. W. J. Cargile, last week-end.

Mr. and Mrs. W. O. Christopher were the guests of their daughter, Mrs. J. A. Martin, Monday night.

P. A. M.

KNOW TEXAS

Texas produces from 30 to 40 per cent of the cotton crop of the United States and from 20 to 30 per cent of the cotton crop of the world.

In turkey production Texas leads all the other states in the union, but in other kinds of poultry it is well down in the list.

Statisticians predict the population of Texas in 1950 will be 7,015,000, and that of the 2,500,000 predicted increase only 140,000 will be in farm population.

Want ads bring big returns.

TOOK SODA 20 YEARS FOR GAS—STOPS NOW

"For 20 years I took soda for indigestion and stomach gas. One bottle of Aklerika brought me complete relief."—J. B. Hardy.

Adlerkia relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you feel. It will surprise you! Warren Bros., Druggists. 2

Middle Life Troubles

"ABOUT twenty years ago, my health was very bad," says Mrs. Mat Howard, of Terrell, Texas. "I was passing through a critical time in my life, and I suffered a great deal. I was not at all strong, and my nerves got all upset. I had hot flashes, and sometimes would get suddenly so faint I could not stand up. My head would whirl, and I could not see a thing. I would have to lie down for hours at a time.

"I improved so much after I had taken Cardui for a while. I continued the medicine for some months, until I had passed the critical period. Since then, I have given Cardui to my five daughters. All of them have continued the use of Cardui in their homes. We have all been better for having taken it."

CARDUI

Helps Women to Health

Must Your Children Walk in the Streets?

The surest way to protect school children from the peril of street accidents is to have an adequate system of portland cement concrete sidewalks for their use.

Concrete sidewalks are pleasing to the eye, and are safe and comfortable to walk upon. They are rigid and smooth-surfaced always—and are unaffected by weather or climatic conditions.

Your community needs more concrete sidewalks *now!*

Your MODEL T FORD *is still a good car*

THE Model T Ford led the motor industry for twenty years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a good car.

As a matter of fact, nearly one-fourth of all the automobiles in use today are Model T Fords. Millions of them can be driven two, three and even five more years with reasonable care and proper replacements. Figures show that the average life is seven years.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service.

For a labor charge of $20 to $25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for $3 to $4. The cost of tightening all main bearings is only $6. The labor charge for overhauling the front axle is $4.50 to $5—rear axle assembly, $5.75 to $7.

New universal joint will be installed for a labor charge of $3. Brake shoes relined for $1.50. Rear spring and perches rebushed for $1.75. The cost of overhauling the starting motor is $3. A labor charge of approximately $2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

FORD MOTOR COMPANY

Ford

The People are the Final Judge

When it comes to tires, car owners lay down their money for the make that gives the best service. And every year sees many hundreds of thousands more people saying "Goodyear." The people are the final judge—and the verdict is becoming more and more nearly unanimous that "Goodyear Tires are best."

GOODYEAR

More people—millions more people!—ride on Goodyear Tires because experience proves them the best.

THE SNYDER NATIONAL BANK

The Oldest Bank in Scurry County—Nearly a Quarter Century Complete Banking Service.

on my trip.

Dec. 5. Jim Chinn came to see me tonight. He told me about his sweetheart. (A lot of boys TOLD me about their sweethearts, but I was just "like a sister" to them all.)

Dec. 5. Hugh Boren began boarding with us today.

Dec. 12. Heard today that Miss Bessie Bond had married; also that Miss Ethel Brazzell had married a Mr. Bowles.

Mr. and Mrs. Harren's daughter, Arah, is very ill with tubercular trouble.

Dec. 18. Snow today. First snow of the year.

Dec. 26. John Aucutt and Mable Baker married last Sunday.

Mrs. Chapman shot Bud Dawson and a Mr. Beach. Mr. Beach rather seriously, but Bud just had a finger shot off.

Dec. 27. Mr. Beach died today.

Dec. 30. Mr. Popnoe died last night, and a man at Ira killed himself.

(Will begin on 1910 at the next writing.)

WOMEN PIED PIPERS ARRIVE IN SNYDER

"They fought the dogs and killed
the cats;
And bit the babies in the cradles,
And at ethe cheese out of the vats
And licked the soups from the
cooks' own ladles.
Split open kegs and salted sprats,
Made nests inside men's Sunday
hats,
And even spoiled the women's chats
By drowning out their speaking,
With shrieking and squeaking."

Once upon a time in Hamlin town the rats were just this bad. And a Pied Piper offered the mayor to lead the rodents away with his magic flute. And he did . . .

Today two young women are doing the same. Miss Anna May Wright of Portsmouth, Va., and Miss Madge Case of Seattle, Wash., using not a magic flute but a simple drug, barium carbonate, which can be purchased at any drug store, arrived in Snyder Tuesday and promised to not only exterminate the rats from the city but to teach a few simple instructions to building owners which will keep the rats away forever.

"Government statistics show that there are two rats for every inhabitant of every city in the United States. Each of these rats does $4.82 of damage each year," Miss Wright explained. "In Snyder with its population of 5,000, property damage is almost $25,000."

"I started in the work eight years ago to see the country. I've seen it—in 42 states, the Hawaiian Islands, Alaska and the Philippine Islands. I remained because I received not only cooperation, but many times frenzied appeals from cities to help them overcome a rat plague."

A woman who not only feared rats so little that she hunted them down—but stayed in the work for eight years! Shades of a chair climbing generation!

She and her co-worker, Miss Case, will spend about a month on the South Plains. They will visit every town and city in this section.

"This is our first extermination campaign in this part of Texas."

Every store, restaurant and business house will be visited by Miss Wright and Miss Case in the campaign.

GASOLINE IS SELLING AT 16 CENTS A GALLON

The price of gasoline reached its lowest ebb last week when the Dixie Service Station announced in the Times-Signal that they were selling at 16 cents a gallon. According to Manager Ollie Bruton, they have had their hands full ever since the announcement was made.

ENJOY CHICKEN FRY AT SCOTT RANCH THURSDAY

About thirty members of the Men's Bible Class of the First Baptist Sunday School along with their wives, children and sweethearts, enjoyed a chicken fry last Thursday evening at the W. M. Scott ranch six miles south of town.

The crowd left the church in cars about six-thirty, J. M. Newton and C. E. Ross having gone to the beautiful spot on the banks of Deep Creek to begin preparations for the feast of chicken and all the trimmings.

Much athletic ability was displayed by the men who entertained themselves as well as the ladies with various stunts and games such as leap frog, "run from the belt", high jumping contests, broad jumping, an das many other different pranks and antics as there were men in the crowd. Accordingly, it was not long until several cries of "When do we eat?" went up. And when the announcement was made to "Come and get it," nobody was bashful, and the chicken didn't last long.

After the "eats" a bon fire was started and the crowd encircled the welcome blaze and enjoyed an old-time sing-song. Rev. W. F. Ferguson made a short talk in which he expressed the hope that such occasions would be numerous, to which a hearty chorus of Amens ascended.

HOLD GOOD REVIVAL MEETING AT WESTBROOK

Rev. J. E. McDermett, formerly of Dunn but now the Baptist pastor at Westbrook, was in Snyder a few hours Saturday, having driven over to help Rev. C. G. Howard and Singer E. C. Compton to catch the early train to their homes in Canyon. These brethren have been with Rev. McDermett in a revival meeting at Westbrook for the past two weeks which resulted in some forty convertions and sixty-six additions to the church, forty-three by baptism. The ladies of the church presented their pastor with a trip to the Southern Baptist Convention meeting at Memphis, Tenn., this week.

SWEETWATER MAN SHOT FOUR TIMES AFTER BEING FREED

B. L. Frost, of Sweetwater, whose trial on a charge of rape resulted in a hung jury, was shot four times as he descended to the first floor of the court house from the district court room at Sweetwater, at 8:30 p. m. Thursday. L. P. Wampler, Merkel blacksmith and formerly of Roscoe, surrendered to the sheriff, Jess Lmabert, immediately after the shooting.

Frost was critically injured, four bullets from a .38 caliber revolver having entered his body.

The shooting occured within about two or three minutes after Judge Milburn Long dismissed the jury when they reported they could not reach a verdict. Frost died Friday.

IT WON'T BE LONG NOW

The Times-Signal will soon be ready to hold open house every day as workmen promise to have the greater portion of their duties completed by Saturday. "The old place doesn't look quite the same" is the continued expression of friends who visit the office.

SWEETWATER GRADE SCHOOLS ARE CLOSED BY SERIOUS EPIDEMIC

Reports from Sweetwater state that all ward schools have been closed owing to an epidemic of measles and scarlet fever and that only students over 16 years old may attend high school classes. No graduating exercises will be held this year, and no children are at present permitted to attend Sunday school or church.

The Times-Signal joins with the many friends of the Nolan County capital in hoping that the epidemic may soon be laid on the shelf and that they will be back to normal very quickly.

"PUDDLE JUMPER" DISAPPEARS THURSDAY

The Editor was minus his Chrysler "puddle-jumper" several days last week. Parking the car in front of the Palace Theatre Thursday evening, we enjoyed a most wonderful show and went outside prepared to go home, but after looking high and low we found the blame thing had disappeared. Resorting to the law, we advised them the number and a description, and "darned" if Marshal Wiidfin didn't notify us early Friday morning that the Sweetwater police had located the missing child two miles east of that city on the Broadway of America. "Andy" Anderson very kindly loaned us his Buick, and after reaching the scene of the departed car, found that nothing more serious than a bearing had caused the thief to desert the car; leaving us $10.40 to pay to drive it home.

But what we started to say is that the law of both Scurry and Nolan Counties worked fast and are deserving of much credit.

OLLIE BRUTON SIGNS ROAD CONTRACT JOB

Ollie Bruton, known to his many and sundry friends as "Prof. Zanni," has recently signed a contract with an Oklahoma promotion company to make a road tour with his show, starting the first of the month.

Mr. Bruton has arranged a high class program of magic and disappearing acts and is being widely heralded as "The Mystery Man of the Lone Star State." That Ollie will make good does not even enter our mind, for his many performanees in this section have attracted state-wide attention.

DISTRICT COURT OPENS IN BIG SPRING MONDAY

Judge Fritz R. Smith opened a three-weeks term of district court at Big Spring Monday. Thirty-five complaints charging felonies have been filed in Howard County since the last session. Two murder trials are included in what is thought will be the busiest term in the history of the 32nd judicial district of which Snyder is a part.

The Senior Class of Hermleigh High School held their annual class play Friday night, giving "Nobody's Darling" to a crowded house. Good vaudeville numbers were featured between the acts.

DIARY OF MRS. THOS. H. LEE
(Nee Lizzie Lee Watkins)

Friday, Nov. 12, 1909. A very windy, disagreeable day. Went over to Mrs. Tom Faught's home, met the glee club girls there and practiced some songs. The glee club girls who were there were Miss Burch, Miss Alsup, Johnnie Shepherd, Neta Shepherd, Hattie Faught, and I. Bobby Sadler played the piano.

Ennis Edbank came in to town today.

Bob McCormack is visiting his sister, Mrs. "Shorty" Clark.

Monday, Nov. 15. We are getting up a negro minstrel. The Misses Sadler are in it, also Mr. Vincil, Watkins, Anderson, Woods, Mrs. Miller and Mrs. Yarbrough.

Collecting songs for minstrel. Got two songs from Lillian Manry.

Dr. Kirkpatrick gave me some medicine for my eye that has been giving me trouble, lately.

The Wellborn Hotel is managed by Mrs. Barrow and son. (Mrs. Barron is now living in Louisiana, and her son makes keys of all kinds—a locksmith by trade.)

Nov. 18. Mrs. Allen Weaver played for us to practice. She is certainly a good musician.

Our Minstrel program was a success they all say. Took in $94.00.

After the show 19 in all went to Bon Ton Cafe and had oyster supper.

Nov. 22. (We sang a great deal those days. About thirty of us young people were busy all the time. We spent our Sunday afternoons singing either at Maxwell Hotel, my home then, or at Baby and Joe Sadler's or at May McClinton's. It makes people happy to sing. We should all sing more.)

Began teaching at Plainview school today. Am staying at Mr. and Mrs. Bryant's. Just have a quarter of a mile to walk.

Began school with Ed and John Wright, Milton Harron, Vera Bryant and Velma Foster. Clyde (Coon) Jones came in at recess.

Mr. Harren and Mr. Wright are my trustees. They are good ones. They always keep plenty of coal and good stoves.

Nov. 23. My birthday. Am 29 years old. Have passed into old maidenhood long ago, but, Gee! I don't care! I'm satisfied, and I guess everyone else is. (Ha! ha! I had not met THE MAN then.)

Nov. 24, 1909. Two automobiles just passed going to Hermleigh.

Mama gave me a beautiful taffeta dress for my birthday.

Jim Evans is now again in Snyder clerking.

Mr. and Mrs. Stockton visited us today.

Keith's confectionery is the place where all the boys and girls meet.

Dec. 1. Have some new pupils added to my enrollment, namely Jeff Wright, Myrtle Mirka and Cecil Carter, Lonnie Marshall and Orville and Roy Weeks.

Am relating my eastern and northern states trip of last summer to the school children.

Went to prayer meeting at Plainview school tonight. Met Homer Sleigh and Myrtle Stimpson, also Ella Sleigh and Van Sumruld.

Dec. 2. Today Miss Nell Ruddick married Mr. Greene, both of Colorado, Texas. Miss Nell is Mrs. H. G. Towle's sister.

Archie Logan joined our school list today. (By the way, Archie and another pupil of those days came in to my little workshop at Caton-Dodson's this week to see me. The other pupil was Jim Steel of Lamesa.)

Henry Harless passed by school house today going to the ranch. They live in Snyder now.

Miss Naomi McClinton is working in the post office.

Dec. 4. Carrol Moore and another young man from Lubbock came to Maxwell Hotel and we looked at the post cards that I had gotten while on my trip.

The TRIP you've planned for this SUMMER HOW MUCH will it cost?

Send for free Maps—see coupon below

CONOCOLAND invites you to use its picturesque, broad plains and its cool, towering mountains as your summer playground. In Conocoland—the land of better and cheaper vacations—there is amusement for everyone, whether your fun is found in the thrills of strenuous mountain climbing or in the peaceful contemplation of majestic scenery.

And wherever you go, you will always find Conoco Gasoline — to cut down your cost per motoring mile.

To assist you to plan your entire vacation trip at home and to find your way easily when you are on the road, we offer you, absolutely free, new and improved 1929 road maps of fourteen of the great states of Conocoland—the states in which Conoco Gasoline is most widely distributed. Just send in the coupon and the maps will come by return mail.

Such a trip isn't nearly as expensive as you think. But whether economy is important to you or not, you will save money through extra mileage and save peace of mind through extra motor efficiency if you make it a rule to stop always at the Conoco sign.

CONTINENTAL OIL COMPANY

Spring housecleaning hint for Husbands

"How do you expect me to be through?"

RADFORD paused in the upstairs hall.

"What!" he exclaimed, "not through yet——."

From amid the chaos of housecleaning, Mrs. Radford looked up in exasperation.

"Get that coat off and help me put up this bed," she ordered, wearily shoving a stray lock of hair back beneath the towel about her head.

"How do you expect me to be through? I can't clean the upstairs, and spend the best part of the afternoon *downstairs* talking over the telephone, can I? I've been up and down those stairs forty times."

Radford had weathered many spring housecleanings. Wisely, he pulled off his coat and began to roll up his sleeves.

"I think," he observed sympathetically, "that an extension telephone up here in the hall might save steps and——."

"Then suppose," interrupted his wife grimly, "that you order one for me tomorrow."

Telephones where you *need* them save time, patience, housewifely strength.

Few know that one or two additional instruments cost considerably less than the single telephone they now have!

By a wisely-placed "extension" or two, and perhaps a rearrangement of the equipment you already have, an expert telephone man can often double the convenience of your telephone service. Just mail the coupon.

Manager,
Southwestern Bell Telephone Co.,
City.
Without obligation, I'd like to know how to get more value out of my telephone service. Won't you call

ARE YOU INTERESTED IN YOUR FAMILY SHOE BILL?

Do You Wear Healthful, Comfortable, Solid Leather Shoes?

There are 300,000,000 pairs of good repairable shoes in American closets; they are better quality than most shoes being made today from high-cost leather. What you do with these shoes will determine the price of shoes and leather for the next six to twelve months.

We resole with the choicest part of the hide—non-acid Sole Leather, and give you back better than today's new shoes.

If you are interested in statistics—study these figures:

TOTAL NUMBER OF CATTLE SLAUGHTERED IN U. S. A.

	U. S. Inspection	Country Kill	Total
1922	8,677,807	4,470,393	13,148,200
1927	9,520,000	4,480,000	14,000,000

Six-year average **Production of** cattle hides in U. S. A. 14,184,581

TOTAL CONSUMPTION OF CATTLE HIDE LEATHER IN U. S. A.

	Sides	Hides
1922	40,487,000	20,243,500
1927	45,770,000	22,885,000

Six-year average **Consumption** of cattle hides (as leather) in U. S. A. 23,374,083

IN OTHER WORDS, WE MUST DEPEND ON FOREIGN MARKETS FOR 40% OF OUR CATTLE HIDES TO SUPPLY OUR LEATHER NEEDS.

PRODUCTION OF FOOTWEAR IN U. S. A. (Other than Rubber)

	1914	1922	1927
Total (Pairs)	292,666,000	323,876,000	343,605,885

IF you are interested in holding down your family shoe bill—BUY GOOD, SOLID LEATHER SHOES.—Then patronize a good shoe repair shop.
"THERE IS NOTHING LIKE LEATHER"—IF you walk on non-acid, slow, vat-tanned sole leather, of the quality used in this shop. Sole Leather is Nature's own footwear—at its best.

FARM LIFE STILL LURES

Marian Talley, world famous, the cynosure of all eyes, the youngest prima donna ever to grace the stage of the great Metropolitan Opera House—

Marian Talley, possessed of wealth and fame—

Marian Talley, envied by farm girls, has made a firm decision to take up life on the farm and leave her career behind.

No more for her the glamour of bright lights, first nights, and the applause of the multitude.

Of her own accord, she is going with her family to operate a farm for the sake of happiness.

What a wonderful example for all the boys and girls who are on farms and feel that their opportunities are limited thereby. Marion Talley has tasted everything that the city has to offer, and has made her decision in the face of it all.

This strikes us as very significant in view of the decreasing farm population. It shows that the farm still has a definite lure—that always and ever people will be turning to the farm for the sake of health and happiness.

This action of Marion Talley is sure to have a tremendous influence in turning people's attention to the many advantages of life on the farmlands of America.

—o—

DAWES AS AMBASSADOR

Former Vice President Charles G. Dawes is the new ambassador to England. It is doubtful if a better selection could have been made. The Vice Presidency is a good school for diplomacy, as it brings the incumbent into close personal relations with the diplomatic corps socially.

Throughout our history our most noted men have been sent on the mission to England, because of the importance of the relationships between England and America. Many, if not most, ambassadors to England have been of Presidential calibre.

Charles G. Dawes, an international as well as a great national figure because of his work on the Dawes commission, possesses personal qualities that will surely make him a popular figure in London. His knowedge of international finance will be a great aid.

How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

ARTICLE XVIII

IS EUGENICS NEEDED IN THE POULTRY YARD?

The Need for Extreme Care in Selecting Breeders is a Vital Factor Often Ignored Even by Experienced Poultry Raisers.—The Following Brief Discussion Emphasizes Some of the More Important Points to be Observed in Picking the Right Kind of Stock for Breeding.

Editor's Note—This is another story in a series of 52 stories on poultry raising written by the well known national authority, Dr. L. D. LeGear, V. S., of St. Louis. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

Somewhere in the course of my general reading I once ran across the statement of a well known wit that the best thing he had ever done was to choose the proper parents. A very witty remark, indeed, but in the light of its real meaning, a very wise one. Naturally, the thought so strikingly set forth instantly associated itself in my mind with my own pet hobby, the raising of high grade thoroughbred chickens. I could not help thinking how much better it would be in a great many cases if fowls could have the privilege of regulating their own parentage instead of having to depend on those who do it for them. It has always amazed me that so many people should fail to realize the importance of properly selecting breeding stock as a factor in successful poultry raising.

First of all, there is the general law of heredity that "like begets like." In other words, if you select a certain breed of fowls in which certain characteristics are very strongly marked and mate only such birds as exhibit those characteristics to a decided extent, the offspring should have the same characteristics to approximately the same degree as their ancestors.

Because it is so decidedly true that like begets like, it is of paramount importance to select breeders known definitely to possess certain desired characteristics. That immediately rules out the mongrel and establishes the necessity of working only with standard breed fowls. The mongrel has no definitely known characteristics. It is a mixture of anything and everything. Consequently its progeny may be anything or nothing. Most likely, they will be nothing or, at least, nothing useful.

On the other hand, suppose our aim is high egg production. We can choose among a number of varieties known to be excellent layers; then if we are careful in culling out undersized and inferior or deformed specimens of both sexes and if we cull out all poor layers among the females, we are pretty sure to develop a flock that will give us eggs in abundance.

Another law of breeding to be reckoned with is that only healthy and vigorous parents can be expected to have healthy and vigorous offspring. As applied to poultry raising, this calls for ruthless culling out of all inferior fowls as soon as they are old enough to show with certainty whether or not they measure up to required standards. Hens that are not good layers should be discarded for two reasons: First, because they do not pay for the trouble and expense of keeping them, and secondly, because their descendants will also be poor layers. The various methods of culling as well known and easily learned by those who want good productive flocks. Certainly these methods should be known and practiced by every owner of chickens and only the very best stock of any flock should be used for breeding.

What is true of the female is true to a like degree of the male. That is a point often overlooked by poultry raisers. It must not be forgotten that the male supplies the germ of fertility which converts an egg from an inert mass into something capable of producing life. The stronger and more virile the male bird is, therefore, the greater will be his ability to transmit that vital quality without which eggs cannot become chicks. Only lively, alert, strong, vigorous, fighting males should be selected for breeding. The lusty, loud crowing, bright eyed, chesty Sir Chanticleer should be chosen every time in preference to the droopy, dispirited, too quiet or inassertive male.

The question of heredity should also influence selection of male birds for breeding. Characteristics of descendants are derived from both male and female. It is, therefore, of the utmost importance that male birds should possess, in so far as that fact can be determined, the characteristics which are wanted in the next generation. If a pure strain is wanted, it certainly cannot be expected unless the male is in every way a perfect specimen embodying the best qualities in that strain.

Feels 20 Years Younger, He Says

"Sargon was a godsend to me, and I bless the day I first bought it; I feel like a new man," said J. F. Porter, of Keller, Texas. Mr. Porter is 73 years old and has been a deacon in the Missionary Baptist Church 52 years. He is also a Mason.

J. F. PORTER

"I suffered day and night for the past three years with stomach trouble. My gall bladder gave me serious trouble and pain. A most severe pain would strike me about two or three o'clock in the morning and would continue for hours. My entire system was out of order. I was so constipated I had to take laxatives almost every night.

"I put off buying Sargon for weeks, but read so many endorsements for it from good people in Fort Worth that I bought some, and it has worked wonderfully for me. I would not believe such results could be accomplished unless I had had the experience myself. Those terrible pains are gone and I sleep the whole night through. My stomach is right now and I eat what I please. I am strong and feel twenty years younger. My gall bladder doesn't bother me; my liver is active, and I am no longer constipated.

"I feel it my duty to my fellowman to tell how Sargon has benefitted me."

Sargon may be obtained in Snyder at Warren Bros. 47-1tc

COMMUNITY PROJECTS

THIS SMALL TOWN CLUB DOES ITS BIT—AND MORE

In November, 1920, a woman's club was organized in our little town with six members, to be known as "The Self-Culture and Civic Improvement Club." Annual dues, one dollar. The object and aims of the club were two-fold. First, mutual improvement by the establishment of a Home Library which would result in a broader educated and cultured community. Second, a "Town Beautiful."

Our constitution requires us to give two public entertainments each year, one-half of the proceeds to be used to purchase books for our library and the other half for civic improvement. Our dues are also used for purchasing books. Our first library work was accomplished by selling a quilt which netted us $25. We purchased a bookcase for $20.00 and books to the amount of $5.00.

Our first civic civic work was replacing sixteen large, double-strength window panes in our Town Hall, repairing seats and cleaning it up nicely for use as a community center at a cost of $23.60. The hall stands in a little park that has two fine springs near its center which supply near-by residents, business houses and school with water. Our club has laid a concrete walk from the springs to Main Street at a cost of $75.00.

We have replaced missing window panes in the Methodist and Baptist Churches at a cost of $11.90. Recently the Arkansas Power and Light Company had to run its high power line through our little town in order to reach a larger town. The club paid for the wiring of the two churches, also a small hall used by the Church of Christ. Now all our places of worship are lighted by electricity. Cost $26.25.

The club's membership has increased from six to eighteen and includes country people as well as town folks. We have added an eight-section bookcase to our library now valued at $200.00. During the farming season we accommodate our farm folk members by having book day on Saturdays, when they have more leisure time to come for books. They attend our social meetings occasionally, and last May a country member entertained the club in her home, thereby bringing country and town folks together in a delightful social way.

We are gradually building our library up in all its departments to increase its usefulness.

We give our time and labor free,
And give them both most willingly,
That all may have good books to read
And learn the way that culture leads.
In civic work we wish to climb,
And so we're hustling all the time
To make our town a lovely place,
To have it show a cultured face,
That all may view without a frown
Our little wayside, country town.

Miss Maude Tuggle,
Sulphur Rock, Ark.

HOW THE NEW MARRIAGE LAW READS

The new marriage license law recently passed by the Texas Legislature reads as follows:

Article 4605-A. For the purpose of ascertaining all facts required under the statutes, the county clerk at the time the license is applied for, shall examine the applicant or applicants for the license under oath as to age and residence, which shall be reduced to writing by the county clerk, and subscribed to by the applicant or applicants. In case either party is absent when application is made an affidavit shall be made by a person other than the contracting party as to the age and residence of the absent party. Said affidavit to be filed in the county clerk's office.

Article 4604-B. Application for license shall be made at least three days and not more than thirty days before the license shall be issued. Immediately upon receipt of an application for a license the county clerk shall record in a book kept for that purpose and marked "Notice of Intention to Marry," and after the expiration of three and not more than thirty days after the signing of the notice of intention to marry, the county clerk may issue said license.

Article 4604-C. Before the county clerk shall issue a marriage license the man shall produce a certificate from a reputable physician to show that he is free from venereal disease.

IN SOCIETY

BRIDGE AND FORTY-TWO LUNCHEONS GIVEN

One of the most outstanding social events of the season was the bridge luncheon at twelve o'clock last Wednesday given at the beautiful new home of Mrs. J. C. Stinson, with Mesdames A. J. Towle, H. G. Towle, Dixie Smith and J. C. Stinson as hostesses.

Pink and green were the colors artistically favored by the hostesses in all details of the party. A garden-like effect was had by a trellis of sweet peas and ferns which formed an arch between the entertaining rooms, in which was a lavish display of roses.

The tables were beautifully decorated with green tarleton, which were centered with miniature summer houses on which trailed sweet peas and ferns.

Following the luncheon, an elaborate four-course meal, bridge was the diversion of the afternoon.

About fifty guests enjoyed this splendid hospitality.

Mesdames A. J. Towle, H. G. Towle, Dixie Smith and J. C. Stinson complimented a different group of friends Thursday with a luncheon and forty-two party. The party was again held in the Stinson hmoe.

Following the luncheon the guests enjoyed the play of forty-two. Sixty guests were present on this occasion.

CAPT. NUSBAUM SPEAKS TO B. & P. W. CLUB TUESDAY

Capt. C. S. Nusbaum, community builder, was the principal speaker at the Tuesday evening meeting of the Business and Professional Women's Club, with Mrs. Geo. F. Smith and Mrs. Louise Darby hostesses.

After a short business session was held, the program was given. A piano solo was played by Mrs. Melvin Blackard, and Mrs. Howard McDonald sang "A Dream," by J. C. Bartlett, and "Mighty Lak' a Rose," by Carrie Jacobs Bond, accompanied at the piano by Mrs. A. C. Preuitt.

Captain Nusbaum gave a very inspiring talk in which he urged the members to always be "Above the Average" and "Put Yourself in Another Person's Place." His talk was along the line of the woman's place in the world and her work in the home and in the community.

Thirty-two members were present with five guests, who were Mrs. Howard McDonlad, Mrs. A. C. Preuitt, Capt. C. S. Nusbaum, Mrs. J. C. Baron of Sudan and Miss Marguerite Person.

ALATHEAN CLASS IS ENTERTAINED

The Alathean Class of the First Baptist Sunday School was entertained Thursday of last week by Mesdames Sam Casstevens, T. E. Jenkins, McFarland and Bowers at the home of Mrs. McFarland.

Refreshments, were served to Mesdames W. M. Scott, H. J. Brice, W. L. Shaw, W. C. Hamilton, B. O. Randolph, C. T. Glen, Huestis, J. C. Day, J. S. Bradbury, Will Williams, O. S. Williamson, W. A. Morton, Belk, E. J. Smith, J. O. Spears, Nelson Dunn, Chas. Reichardt, Gallegher, B. M. West, I. A. Griffin, J. J. Taylor, H. M. Blackard, O. P. Tate and Mrs. Fred Grayum of Lubbock

PICNIC

The gentleman members of the Thursday Night Bridge Club complimented the ladies with a delightfully planned picnic last Thursday evening at the Fishing Club. The picnic "eats" were prepared by the hosts. Those present at this delightful outing were Messrs. and Mesdames Maurice Brownfield, G. B. Clark Jr., George Oldham, Wraymond Sims, Forest Sears, Sam Hazlett, J. E. Sentell, W. T. Raybon, Wayne Boren, Ivan Dodson and Dr. J. G. Hicks and Albert Norred.

TAKE LUNCH AT RANCH LAST SUNDAY NOON

Immediately after church services Sunday morning several cars of folks took their lunch to the banks of Deep Creek at the W. M. Scott ranch and spread a real feast of fried chicken 'n everything—even to plenty of good old home-made ice cream. Those present were Messrs. and Mmes. C. E. Ross, Cleveland, C. Wedgeworth, J. M. Claunch, R. S. Sullivan, W. F. Cox, Hugh Taylor, O. D. Carter, Miss Mildred Ross, little Misses Ethel Gertrude Ross and Gene Taylor, and Messrs. Fred Ebling, Roy Irvin and Ralph Ray Ross. Mr. and Mrs. Scott arrived a little late, but were appreciated visitor-hosts during the afternoon.

EL FELIS CLUB MEETS WITH MRS. C. C. HIGGINS

The members of the El Felis Club were delightfully entertained last Friday afternoon by Mrs. C. C. Higgins at her home.

After the business of the club was transacted, the game of forty-two was enjoyed. A tempting two-course luncheon was served to Mesdames Fritz R. Smith, Dick Randals, W. M. Scott, R. S. Snow, C. W. Harless, Charles Noble, Lee Stinson, A. J. Cody, Com Ezell, H. J. Brice, Guy Stoker, Hugh Boren, T. L. Lollar, R. H. Odom, George Northcutt, Bob Warren and W. W. Hamilton, guest.

MAY BREAKFAST

The Twentieth Century Club members held their annual May breakfast at the W. M. Scott ranch Tuesday morning.

Much merriment was derived in the preparation of the "appetizing" breakfast. Those enjoying this outing were Mesdames I. W. Boren, H. M. Blackard, H. J. Brice, P. C. Chenault, Nelson Dunn, Joe Strayhorn, Earl Fish, C. F. Sentell, W. M. Scott, H. E. Rosser, Allen Warren, Wraymond Sims, W. T. Raybon, W. J. Ely, O. S. Williamson, and J. J. Taylor.

BAPTIST WORKERS MEET

The following program was observed by the Baptist Workers Conference at Hermleigh Tuesday.

Devotional, led by J. D. Hall.

Exposition of Eph. 4:11-14, W. C. Ashford.

Sermon, A. D. Leach.

Dinner.

Women's Meeting and Board Meeting.

Advantages and Disadvantages of a Pastor Holding His Own Meeting, Rev. W. F. Ferguson.

Lesson and Inspiration of the recent Sunday School Convention at Sherman.

The program of this event should have appeared last week but was not received at the Times-Signal until Thursday noon.

The Scurry County Federation of Women's Clubs will have its regular meeting in the county court room Saturday, May 11, at three o'clock. Remember; we are sponsoring a plant exchange. Come and bring your plants.

AMARILLO INTERESTS BUY DALHART TEXAN

The Dalhart Texan and The Hartley County News will be edited and published by John L. McCarty after June 1, as a result of the sale of the two papers.

Associated with Mr. McCarty will be Gene A. Howe and Wilbur C. Hawk, of the Globe-News at Amarillo.

HIGH FIFTH STOP LOOK AND LISTEN CLUB

The house was called to order by the president and new officers were elected as follows: Adrial Moore, president; Travis Ferguson, vice president; Milford Kincaid, secretary-treasurer; Delbert Johnston, assistant secretary-treasurer; Leslie Cole, critic; Billy Smith, reporter; Mrs. Claunch, sponsor.

The treasurer reported $5.99 in the treasury, and the program committee for next meeting was named. One new student was present.

The program was as follows:

Jig, William Miller.
Reading, Adrial Moore.
Jig, Lewis Willsford.
Song, Fred Day.
Riddles, Riley Floyd.
Jokes; Elton Grant.
Reading, Leslie Cole.
Song, Milford Kincaid.
Impersonation, Charlie Ellison.
Yodel, Doyle Blakely.
Ugly Faces, Eunice Duff.
Reading, Delbert Johnson.
Finger points, Durwood McClure.
Song, Clyde Sturdivant, J. C. Morgan, William Chappelear, Durwood Champion.
Arithmetic Match, J. C. Morgan, J. W. Jackson, J. W. Irion.

After the program was rendered and enjoyed we discussed our picnic and decided to have it at Mr. Johnson's place. Then we adjourned to meet again May 10.

COLORADO LADIES START NEW CLUB RECENTLY

A Business and Professional Women's Club has been organized at Colorado with thirty members. This organization is one wherein the women and young ladies working in the various business institutions of the city will meet and discuss plans that will improve the working conditions and their efficiency.

Snyder already is organized, and the organization is doing a great work here with constructive ideas in mind. Capt. C. S. Nusbaum, community builder, was the principal speaker in a health program banquet given Tuesday night at the First Presbyterian Church Tuesday evening.

CHURCH OF CHRIST at Scarborough & Faught Sts.

Bible School, 9:45 a. m.
Lord's Supper, 10:45 a. m.
Sermon: "Nature's Universal Message of Motherhood," 11 a. m.
Christian Endeavor, Juniors, 4:30, Seniors 5:30 p. m.
Sermon, "The Metallic Image" 8 p. m.
Ladies Aid, Monday, 3 p. m.
Church Night, Wednesday 8 p. m.

Let the church pay its homage to motherhood, not forgetting the Christ. This being the calendric Mother's Day, the pastor will endeavor to bring a special message of motherhood at the morning hour. Every mother, every daughter, every father and every son should lend his presence in this hour of study, especially those of the congregation. Others are especially and cordially invited.

At the evening hour attention will be called to the study of the Metallic Image as portrayed in Daniel 2. This is a study of prophecy concerning the age of Gentile power and will cover in a very striking manner some of our modern problems.

Come, let us see what God has spoken twenty-five centuries ago concerning our present age. Let us fill the house to overflowing. Every man or woman, young or old, who has the least shadow of a question concerning the existence of a God or His power in this life should hear this discussion. It will be followed later by a like study of the Great Tree portrayed in the fourth chapter of Daniel; and, since the two chapters are strikingly parallel, this one should be studied carefully, that the other may be the more fully understood.

T. M. Broadfoot, Minister.

America liked the instalment plan so well that she extended the system to Europe so it could enjoy its wars by convenient payments.

WILSON AGAIN HEADS LAMESA ORGANIZATION

The directors of the Lamesa Chamber of Commerce last week re-elected for the fourth consecutive year Wm. A. Wilson as manager of their organization for the ensuing year. The Lamesa directors also went on record as favoring the national school for executives at Evanston, Ill. At this meeting the board also pledged its further support to the Dal-Paso Cavern Highway Association. Twelve of the fifteen directors of the organization were present. W. D. Arnett is the president; W. B. Collins, first vice president; and F. T. McCollum Jr., second vice president. Other directors are Dr. John Bennet, S. L. Forrest, Carl Rountree, Clyde Branon, J. E. Barron, T. F. Vaughn, W. G. Weekes, J. W. Bryant, Philip Yonge, Dixie Kilgore, O. B. Norman and C. E. Cameron.

MINSTREL DOPE

Chairman C. Wedgeworth of the Lions Club Minstrel committee has announced that in all probability there will be a surprise two-round boxing exhibition the night of the minstrel between "Battling" Conn Ezell and "One Round" Homer F. Springfield. Judge Fritz R. Smith is slated for the referee's position; Judge "Red" Harris as holder of the towel; Pat Bullock as announcer; Joe Stinson and Joe Caton with the "fans" and Forest Sears will hold the ropes. If this bout should go through, it no doubt would ring down the channels of history.

FORMER COLORADO GIRL PRETTIEST IN SNYDER HI

Miss Frances Lawlis, youngest daughter of Mrs. J. F. Lawlis of Snyder, has been selected as the most beautiful girl in Snyder High School, according to a report from that town.

Miss Frances was a mere child when the late Rev. Mr. Lawlis, who was pastor of the Methodist Church here for four years, and who recently died at Snyder, and his family left Colorado. Her friends here will be surprised to learn that she has grown up enough to be eligible for this honor.—Colorado Record.

MASONIC RECORD MADE BY FOLLETT MINISTER

During the forty-seventh reunion of Scottish Rite Masons in the El Paso Consistory, Rev. L. A. Roll of Follett was the only minister in the class. It is believed by many veteran Masons that he made a record when he completed 32 degrees in four months time from the time he took his first degree in the Blue Lodge of Follett, No. 1288 A. F. & A. M. Along with the consistory he also took the Shrine, which added to his honors. Rev. Roll is pastor of the Baptist Church in Follett.

LAMESA TO HAVE TALKING PICTURES

Lamesa is to have a Vitaphone and talking pictures. According to Audrey Cox, picture show owner and operator there, no expense is going to be left undone to place in Lamesa the very best Vitaphone and talking pictures equipment.

True style that reflects the mode—yet dares to be different

In its distinctive appearance . . . in its attractive simplicity . . . in its wide range of smart, new colors the New All-American offers true style . . . style that reflects the mode yet dares to be different.

We are now making a special demonstation to prove the extraordinary value provided by the New Oakland All-American Six. We want you to enjoy this demonstration . . . if only to learn what Oakland offers for its moderate price.

Prices $1145 to $1375, f. o. b. Pontiac, Michigan, plus delivery charges. Spring covers and Lovejoy Hydraulic Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values . . . Oakland-Pontiac delivered prices include only reasonable charges for delivery and financing.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

School Affairs

The Dermott people having entered a plea for the transfer of some eleven sections of land lying along the east line of the present Fluvanna school precinct and next to the Dermott precinct; and as this matter was coming before the county board last Monday afternoon, several of our citizens, some of whom were trustees of the Fluvanna school, went down to Snyder and, at the proper time, presented their case, insisting that the Fluvanna consolidated school district be allowed to remain as it now is and as it has been since the consolidation was effected. In other words, we insisted that the former Mooar school precinct should not suffer the loss of a strip of country one mile wide and about eleven miles long, including something more than three miles of the Santa Fe railroad. V. P. was asked to present Fluvanna's claim before the county board. This he did and was followed by some remarks by D. A. Jones. Of course, the people of the Fluvanna precinct were much pleased when they learned that the board decided the case in their favor. We do not blame Dermott for coveting that splendid strip of tax-yielding property and school patronage, but we just could not afford to part with it. The board being composed of wise and good men gave us a wise and worthy decision, for which we are very thankful.

Church Services

In addition to Sunday schools and young people's meetings, regular services were held last Sunday at the Fluvanna Baptist and Methodist Churches. Good attendance and good interest were in evidence at all the services.

An interesting service was held at the Methodist Church Sunday afternoon by the Epworth Leaguers. Representatives were here from Union, Snyder and Hermleigh—the latter putting on the program. The principal speaker was a Christian Endeavor man from Plainview who brought a splendid message.

Several of the Methodist women went to Big Spring Tuesday for a district missionary meeting.

Next Sunday, being set apart as Mother's Day throughout the United States, a program of modest proportions and befitting the occasion will be put on at eleven o'clock in the Presbyterian Church. This will be a service for everybody, hence, let everybody attend. Come and it will do you good.

Sickness and Death

Word has just come to the writer (Wednesday morning) of the death of Mrs. R. L. Miller, residing some five miles south of Fluvanna. Mrs. Miller has been in a very bad state of health for several months and gradually grew worse with the result as above indicated. At this writing we know nothing at all of the plans for funeral and burial, but presumably this will take place today. Mrs. Miller leaves her husband, a son and a daughter to mourn their loss.

We were much surprised Monday to learn that "Brod" Boren, age some twelve years, son of J. I. and Mrs. Boren of this place, had developed an acute case of appendicitis and had been carried to the Emergency Hospital at Snyder where on Tuesday morning an operation was performed. We understand that the appendix had ruptured. The patient was said to be doing well Tuesday evening, our latest report.

Mrs. C. F. Landrum, who for several months has been suffering from rheumatism and other ailments, was taken to Lubbock Monday for an X-ray examination and medical advice. She is back home on special treatment and observation. Her case is not as encouraging as we would like to have it.

Little John A. Stavely is having some trouble with something like a stitch abscess resulting from an operation which he underwent a few weeks ago.

Jess and Mrs. Hale have an afflicted son (a small child) in the Scottish Rite Sanitarium, Dallas, where he was taken last week for special treatment. The child is accompanied by his grandmother, Mrs. L. F. Beaver.

Miscellaneous Notes

It should be a matter of much interest to Fluvanna people to know that on May 15th—Wednesday night—Rev. A. R. Toby of Dallas will put on a moving picture lecture in the Stavely auditorium. The subject is "The Triumph of Justice." The pictures will be of first class quality and calculated to bring out and emphasize some great and important lessons. Mr. Toby is a very entertaining lecturer as well as an able and forceful speaker. No admission will be charged. Not only the children and young people but all the people should, by all means see and hear this great lecture. It is worth while.

We are glad to be able to announce that the Werner Memorial Window fund (in connection with the new Presbyterian Church of Snyder) has been raised in full. We msot heartily thank every contributor to this fund for his or her assistance in this very worthy undertaking. Call at the church and see the window.

John Truss and J. E. Jones have very recently treated their families to a fine new automobile. This is certainly very commendable of these two Johns, more especially so in case they do not monopolize the cars themselves. See?

D. A. and Mrs. Jones moved last week into the residence previously mentioned which Mr. Jones a few weeks ago moved to and fitted up in Fluvanna. This young (?) couple seem to be very cozy, comfortable and happy in their new home. D. A. having been a ranchman or stock farmer for so long a time, we wonder if he will know just how to behave in town—even in Fluvanna. Furthermore, we wonder when the people will cease going to the spacious old home "by the side of the road," when they wish to see and converse with Uncle Dave.

V. P. and wife have, in a measure at least, caught the Fluvanna spirit of enterprize and busied themselves last week building some chicken and cow proof fence about their premises. This, in order that the wife may support her husband.

On Wednesday of last week we were treated to a good old fashioned "duster." Pretty disagreeable to be sure, but, even so, it was not half so bad with us as with those far to the east of us where our sandstarm developed into a discykelone, wasting much property and killing several people. Too bad!

Mr. Editor, we are now somewhat in need of a good rain. If you are manipulating the weather machinery, as you do the big printing press, you might send us a shower instanter. Please do not forget it.

JAS. H. TATE.

IRA BOOSTERS HELP RECENT FIRE VICTIMS

Following the loss of the home of Mr. and Mrs. Elvin Thompson of Ira, the Baptist Church there appointed a committee composed of Mrs. Minor, Mrs. John Webb and G. W. Hill to assist the family. The Times-Signal has been furnished a list of the donors, but it was so large (and it was not then complete) that we are unable to publish the article as furnished, but suffice to say the Thompson family feel immeasurably thankful to the many folks who assisted them with money and home supplies.

MERWIN ON THE JOB

"Shorty" Merwin, Snyder's well known "Handyshop" gentleman, has been helping the Times-Signal dress up this week, and he is one gentleman that does not confine himself to any one vocation, but is a master at anything he undertakes. Whenever you get in a "stall" or difficulty, Mr. Merwin is the gentleman to get you out of trouble, and his phone number is 441. Hard worker, fine citizen, and a gentleman whose industry is absolutely limitless—that's "Shorty."

There are very few people who do not think they know more at the beginning of life than they do at the end of the journey.

IRA GRADUATES FIVE

The 1929 graduation exercises of Ira High School will be held May 24, and five are on the class roll: Leola Clark, Allie B. Nail, Mayme Gidden, Margie Russell and Raymond Brown. Class colors are pink and white; flower, white carnation, and their motto, "Honor Lies at Labor's Gates." Invitations and program were completed at the Times-Signal office Monday.

Allen Boren, 12-year-old son of Mr. and Mrs. [illegible] Boren of Fluvanna, underwent an operation for appendicitis Tuesday at the Emergency Hospital. He is reported to be getting along nicely.

Two people are in the West Texas Hospital, in Lubbock, said to be in critical condition as the result of accidents occasioned by the extreme high winds of last Wednesday.

Several Snyder residents report that last Thursday night's cold snap froze young tender shrubbery. This was said to be the coldest May weather in many years.

The Western Produce Company has opened at Colorado and will maintain a dressing plant this fall.

The Big Spring Women's Missionary Society of the Methodist Church were hosts Tuesday to the entire Sweetwater district. About one hundred women were present.

Bring on the wet rain—we're genuinely tired of the dry one.

An electro-magnet which belongs to the French Academy of Sciences weighs 120 tons.

MONEY PRIZES FOR 4H GARDEN WORK

The ol' swimmin' hole will not lure the Willies and Johnnies of a thousand and more farm communities this spring quite as much as it did of yore.

At least, such is the prediction of the National Committee on Boys' and Girls' club work in Chicago in announcing the nation-wide garden contest among 4-H clubs in all counties of the United States with at least 25 members. The [illegible] organization boasts an enrollment of more than 665,000.

And so Willie and Johnnie, if they want to be winning gardeners, will have to buckle down to mighty hard work. Competition, they know, will be keen; everywhere in the country other ambitious contestants will be digging, hoeing and raking just as eagerly as they. There'll be no slipping off for a secret swim in Farmer Jones's creek as long as a single weed is to be found!

The champion gardener in every eligible American county will be presented with a single wheel hoe of new design by S. L. Allen & Co. Inc., of Philadelphia, whose interest in fostering scientific gardening has made the 4-H contest possible. County champions will then compete for the state prize, valuable seeder and wheel hoe.

The great incentive to forego Springtime pleasures for diligent industry, however, will be the final prizes of $300 and $200 awarded for national and reserve championships respectively, and to be used as scholarships by the winners in institutions of higher learning.

County extension agents, representing the United States Department of Agriculture, will supervise the garden contests in their districts and determine champions. Girls as well as boys are eligible to complete, 4-H officials state.

STAR-TELEGRAM AND NEWS STATIONS HAVE SAME WAVE LENGTH

Effective May 1, WFFA, Dallas News and Journal radio stations, and WBAP, Star-Telegram station, are operating on a frequency of 800 kilocycles and a wave length of 374.8. Both stations have permits to construct 50,000 watts power, the highest permitted, but neither will be prepared to use this power for some time. KTHS, Hot Springs, which has been sharing the 800 kilocycles with Fort Worth, will be given 1,000, the same as KRLD, Dallas.

Dallas has long sought this setup in power and has promised some high class programs.

MECHANICAL DENTISTRY

A mechanical apparatus said to be capable of doing most of the work which it takes a dentist years to learn how to do by hand, will shortly be placed on the market by Dr. J. Moore Craigo, a graduate of the Universitary of Pittsburg Dental School. Craigo has 25 patents and 14 are pending.

Salesgirl—Here's a useful household article, sir; a neat little breakfast gong.

Male Shopper—Don't need any breakfast gong at our house. I can hear my wife scraping the toast.

Mrs. Gus McClinton, who was operated on last Thursday at the Baptist Sanitarium at [illegible] reported to be getting along nicely yesterday.

USED CARS "with an OK that counts"

WHENEVER you see the Chevrolet red "O. K. that Counts" tag attached to the radiator cap of a used car—you know that it represents outstanding quality and value. This tag means that the car to which it is attached has been thoroughly reconditioned and checked "O. K." by expert mechanics using genuine parts for all replacements. If you are in the market for a good used car, come in. We have an unusually wide selection of used cars taken in trade—and our prices and terms are exceptionally low. Come in today!

Here are a few examples of outstanding values

No. 644—1926 Model Chevrolet Roadster. Good top, four brand new tires, one spare. Mechanically A-1, priced to sell with easy terms.
"With an O K That Counts."

No. 628—1926 Model Chevrolet Touring. Good tires, good paint, spare tire. Motor in very best of shape, $80.00 cash and balance on terms to suit.
"With an O K That Counts."

No. 679—Chevrolet touring with three new tires, spare, good upholstery, motometer, bumpers. Top refinished. $200.00 on terms takes this big bargain.
"With an O K That Counts."

No. 557—Buick Touring, 2 new tires, new paint. Mechanically perfect. Motor thoroughly reconditioned. This car is good for 50,000 miles of service. $300.00 on liberal terms.
"With an O K That Counts."

No. 609—1927 Model Chevrolet Touring, good paint, good tires with spare, motometer, new top. Easy terms.
"With an O K That Counts."

Yoder-Anderson Motor Company

DEPENDABILITY, SATISFACTION AND HONEST VALUE

Here's Feed for Chicks!

WALK in and let's talk over what to give your chicks to keep them alive and growing. Let us show you a way to raise your chicks to early maturity at a lower cost per chick.

Chicks need cod-liver oil to protect them against leg weakness. They need buttermilk, alfalfa leaf meal, granulated meat, bone meal, wheat germ and other ingredients to make bone, flesh and feathers.

We have all of these ingredients carefully chosen, tested, balanced, uniformly mixed and ready to feed. *Purina Chick Startena* is the name of the feed. You'll know it by the checkerboard on the bag. The new feeding discoveries that come to you in this year's Startena will give 15 to 20 per cent greater growth than ever before. More than 2,500 hatcheries say, *"Feed Startena."* So do we. How many bags do you need?

Winston & Clements
Snyder, Texas

Now— for all your clothes we use IVORY SOAP exclusively!

at no extra cost to you

OUR customers—old, new, and future—are now going to have the most unusual service a laundry can give: every garment they send us will be washed in nothing but pure Ivory Soap suds!

You yourself know how pure and gentle Ivory is . . . how safely it cleanses everything—a baby's delicate skin or a fragile silken garment . . . how it protects colors and lengthens the life of fabrics.

Now we are going to give you all those Ivory benefits—without a cent of extra cost to you. No other soap will touch a single thread of your laundry.

To guard colors and prolong the life of your clothes

We have adopted "Ivory-washing" to make your clothes look better and last longer. Back they come to you—the white clothes whiter, the colored clothes brighter—everything with a fresh, clover-sweet fragrance that says *"clean."*

We have always done fine work—we have well deserved your patronage. Now we have achieved the last word in quality service—with Ivory Soap and water softer than rain, for every article we wash.

Don't you feel that it will be a real economy to let us "Ivory-wash" your clothes? A telephone call will bring our driver to your door promptly.

Starting Monday, May 13 we will use Ivory Soap exclusively

We wish to thank the good people of Snyder and Scurry County for the nice business they have given us since the opening of our store. Come again. We are little folks with a little store and with little prices, and is run only by just Mollie and me.

THE STAR CASH GROCERY
"The Little Clean Store"
by F. T. Wilhelm

Smith County in 1928 shipped over 100 carloads of rose cuttings, claiming the lead in the Southwest.

DERMOTT NEWS

Our school closed Friday night with a splendid supper served at 6:30 o'clock. Ice cream and iced tea were served, and a good time was enjoyed by all present. A very interesting program was rendered.

Little Ruby Nell Browning was accidentally burned last week with a cup of coffee which was turned over on her arm.

Mr. Smith sustained an injured limb last Wednesday afternoon when a horse on which he was riding fell on him.

Mr. and Mrs. Alford Browning and little daughter, Cora Nell, and Bob Browning spent the week-end visiting relatives near Loraine.

Mrs. Arch Lavender and two small children spent the week-end with her mother, Mrs. Charlie Johnson.

Grandma Welch of Sterling has come to spend several weeks with her daughter, Mrs. Sallie Scrivner.

Mrs. Myrtie Edmonson left Friday afternoon to attend the bedside of her sister who is sick at Portales, New Mexico.

Mrs. Joe Wilson left Saturday for Abilene to spend several weeks with her son, Jesse Wilson.

William Chowns and family spent the week-end visiting friends in Amarillo.

Mrs. W. T. Rhea is visiting her sister in Colorado this week.

Tom Evans and family left Monday to attend the funeral of his father at Aspermont.

Charlie Browning and wife and little son, Olan Bill, spent the week-end visiting relatives here.

M. J. H.

DID YOU EVER STOP TO THINK

By Edson R. Waite, Shawnee, Okla.

John C. Phillips, Governor of Arizona, says:

THAT the big thing the world needs today is APPRECIATION.

We need to show a greater appreciation of our great men while they are with us. They have given or are giving their best to their communities and the world, and yet we others of their worth, instead of wait until they are gone and tell bestowing upon them while they are in our midst the priceless gift of our appreciation.

We need a greater appreciation of public service. Many great men are giving the best years of their lives to the service of the commonwealth and the nation, and there is a tendency to depreciate their sacrifices. A little tribute now and then, given in sincerity, would spur them on to endeavors from which every commonwealth would benefit, and would give them that sense of work well done which "earns a night's repose."

Appreciation of the beauties of nature would bring us greater happiness. Our eyes are closed much of the time to the beautiful as expressed in flowers, in trees, sunshine, the ocean, blue skies, and the thousands of cheering sights which fill the world. We are benefited when we give appreciation, and in the same measure we benefit from that sense of appreciation within ourselves which opens up new vistas of enjoyment and broadens our lives.

Appreciaiton, as evidenced by increased wages and salaries of those who labor with their hands and, their brains, is reflected all around us in prosperous homes, higher standards of living and greater happiness, the great goal towards which all evidence of appreciation tends.

DID YOU EVER STOP TO THINK

By Edson R. Waite, Shawnee, Okla.

W. H. Hopper, editor of the Darlington (England) Northern Dispatch, says:

THAT in advertising it is quality that counts. You can fool the public for a time by boosting a bad commodity, but you cannot fool them all the time. If your article is good, judicious advertising will make the public buy it regularly. If it is bad, they will buy it once, and then your shortcomings will find you out.

There are some people who declare they can sell an empty packet, providing it is got up attractively. Probably they can, once, and once only; they will not do it a second time. The public know a good thing when they see it; they also know a bad one. A coat of paint will not hold together a piece of decayed wood, neither will a vivid carton cover the deficiencies of a third rate article.

It is quality that counts. Give the public quality, advertise the fact that you ARE giving quality, and the people will assuredly give you handsome profits.

SPORTSMAN HAS ANSWER TO PLANE UPKEEP COST

William H. Hooker, Bayside, L. I., sportsman, has the answer to the cost of operating a light sport plane for personal use.

"Is it the original cost or the upkeep that constitutes your greatest expense?" was the question asked Hooker by his friends until he kept a five month record of all expenses to protect himself against future question barrages. He lets them judge for themselves.

In five months his light plane consumed 393 gallons of gasoline and five and one-half gallons of oil. He flew it 79 hours and 29 minutes during that time, and had the engine running on the ground 24 hours and 17 minutes. For miscellaneous repairs and materials incident to upkeep, Hooker spent $41.84. Flying at 90 miles an hour he estimates his distance flown at 7,165 miles.

We all want something better than justice.

WE FIT THE NEW

"NON-SKID" Truss—SPOT PAD

SPOT PADS SPOT PADS

Holds securely and comfortably requiring only ONE-HALF the pressure of all other styles

Our soda dispensers have true talent for concocting those cold, refreshing sodas and ades. . . . . Sip at leisure in one of our booths or just drive up in front of our store and blow your horn. Our fountain service is outstanding for our prompt and courteous curb service.

STINSON DRUG CO. NO. 1

On The North Side of Square

With a cigarette as good as Camels the simple truth is enough

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

Camels are made of the choicest tobaccos grown—cured and blended with expert care.

Camels are mild and mellow.

The taste of Camels is smooth and satisfying.

Camels are cool and refreshing.

The fragrance of Camels is always pleasant, indoors or out.

They do not tire the taste nor leave any cigaretty after-taste.

DANGEROUS—HEROIC—BUT "ALL IN A DAYS WORK" WITH LONE STAR

"Grab'er, Bill! THIS LINE'S GOTTA BE BACK IN BEFORE DAYLIGHT!"

A rushing flotsam of driftwood struck a Lone Star pipe line which irrigation workers had exposed when digging a channel near Bonham, Texas. Trouble shooters bearing tools and fittings rushed sixty miles through the storm to repair the damage. Arrived, they must walk across a slippery ten-inch pipe which spanned the torrent of raging water. A single slip meant death. Over this precarious "bridge" of pipe they carried a three-hundred pound fitting, and repaired the breach on that wintry night by the light of blinking lanterns. Without food for twenty hours, without heat, often up to their necks in icy water, but no complaints . . . . . .

These trouble-shooters are the personification of a Lone Star ideal. Unremembered by the very public they serve, they offered during those dreadful hours, a touching tribute to that ideal.

And from the president on down, we of Lone Star wish to make this public acknowledgment of our gratitude to our trouble shooters!
