How Jets Refuel in Flight

This picture shows how F-84 jet fighter planes were refueled in flight during a trip from London, England, to Limestone, Me. A B-29 tanker plane with fuel hose trailing behind is about to make contact with the jet. In the operation the jet pilot rams a small boom extended from his wing into the funnel-shaped nozzle at the end of the tanker hose.

U. S. Builds Up Paratroopers For All-Out Assault In Korea

By ELTON C. FAY
(Associated Press Staff)

WASHINGTON, Sept. 25. —, The Army is beginning to draw on the core of its quick-striking mobile reserve, the airborne force, in massing strength for the all-out blow to annihilate the North Korean Communist enemy.

How long that would take was still a question. Pentagon officers, while liking the look of the Korean picture, say it is too early to make predictions.

INTO ACTION

American paratroopers showed up yesterday at Kimpo airfield, on the Seoul battlefront, and a few hours later were commited to action.

On the basis of news reports, which said 150 plane loads of from 16 to 17 men each arrived at Kimpo, an airborne regiment, slightly under full strength, appeared to have been sent in initially.

These infantrymen - with - wings came into battle in sedate fashion, riding in transport planes which landed on a friendly airstrip. There was no spectacular "airdrop" of men into enemy territory in a cloud of parachutes.

But also there is no reason why the paratroopers, used for the moment as regular foot soldiers, may not show up in the days ahead in the role for which they are trained —stabs behind the enemy line to establish airheads.

GROUND FIGHTERS

Actually, in World War II airborne troops did about as much fighting in a ground force infantry role as they did by parachute or glider drops to the enemy's rear. One of the most famous actions by an American airborne force was the holding of Bastogne, Belgium,—in which the 101st Airborne Division rolled into action on trucks and on foot.

Early reports from Kimpo accounted for about 2,500 men in the airborne outfit arriving there.

The regular organizational strength of an airborne regiment is 3,376 men. Such a regiment normally is equipped with 4.2-inch mortars, 3.5-inch bazookas, 75 and 57 milimeter recoilless rifles and long-range anti-tank guns. This gives the present airborne regiment nearly double the firepower of the average World War II airborn regiment.

It is customary to strengthen the regiment, as battle conditions dictate, by attacking heavy artillery and tanks from ground forces in the area into which the airborne regiment moves.

Scurry Well To Test In Ellenburger

W. C. McBride, Inc., of St. Louis, No. 1 E. M. Conrad, wildcat in extreme Southwest Scury County, topped the Ellenburger at 8,217 feet. Elevation is 2,219 feet.

The prospector is now at a total depth of 8,235 feet, preparing to run a drillstem test.

The No. 1 Conrad is 660 feet from the south and west lines of section 73, block 25, H&TC survey, and about three miles south of the nearest producing well on the southwest side of the Sharon Ridge Canyon field.

NO. 1 HODNETT

Burdell Oil Co. No. 1 J. H. Hodnett, Northeast Howard County wildcat, two miles northwest of Vincent, is preparing to make a production test on a section in the Clear Fork Permian lime which has indicated possibilities of making some sort of an oil well and a discovery.

The testing will be on the interval at 4,020-4,512 feet in open hole. Interested observers believe there is a fair chance that a small producer can be completed there.

This prospector is 660 feet from the north and east lines of the southeast quarter of section 31, block 25, H&TC survey. It drilled to a total depth of 7,568 feet in Lower Pennsylvanian lime, without finding any commercial signs of oil or gas in that formation.

Burdell's No. 1 Hodnett developed flowing sulphur water in a drillstem test in the Pennsylvanian lime at 7,453-68 feet. The tool was open two hours.

Gas showed at the surface in 32 minutes and heavily oil-and-gas-cut mud in 77 minutes. Sulphur water started flowing in 110 minutes. The water was flowed to pits for 10 minutes.

Recovery was one gallon of oil and 7,400 feet of sulphur water.

Top of the Pennsylvanian reef lime is at 7,453 feet. Elevation is 2,336 feet.

After the flowing water was developed operators deepened to 7,568 feet. No new signs of oil or gas were found.

The section was porous and gave indication that it would make more water.

Operator ran electric logs at total depth of 7,568 feet and then plugged back to 4,512 feet for the testing in the Clear Fork. A string of 5½ -inch casing has been set at 4,020 feet, with 300 sacks of cement. Operator is now squeezing more cement back of the pipe in order

38th Parallel Recommended As Korea Line

By TOM OCHILTREE
(Associated Press Staff)

NEW YORK, Sept. 25. — Yugoslav Vice Premier Edward Kardelj called today for the temporary re-establishment of the 38th Parallel as the demarcation line in Korea. He attacked those supporting North Korea's aggressive course.

In a policy speech before the UN General Assembly, the Yugoslav official declared that Premier Marshal Tito's government "considers that the present policy of the government of North Korea does not serve the cause of the true independence and unity of the Korean people."

In the same speech he charged that the Soviet bloc is increasing the pressure on Yugoslavia by provoking border incidents almost daily.

Although he did not mention the Soviet Union or Communist China by name, Kardelj's meaning on Korea was obvious when he said:

"Those who are inspiring the policy and activities of the North Korean Government have embarked upon an aggressive course, whose consequences will have to be borne by the people of the whole world."

Kardelj's statement regarding the 38th Parallel came at a time when it appeared likely UN forces in Korea soon might reach that old dividing line. He made no specific reference to UN troops. In the Security Council Yugoslavia abstained on the June resolution ordering military action against North Korea.

Attlee Not To Call Election

By HAROLD K. MILKS
(Associated Press Staff)

LONDON, Sept. 25 — Prime Minister Clement Attlee has replied with a firm "No" to demands raised in some sections of the Labor Party for another general election this year.

A source close to No. 10 Downing St. said nothing short of a parliamentary defeat for Attlee would bring elections in Britain before 1951.

This informant said the final decision rests with the Prime Minister and Attlee prefers to hang on with his paper majority of seven in the house of commons, particularly in view of the unsettled international situation.

A group of leftwing labor supporters have been reported advocating an early election with the hope of improving labor's majority. The conservative opposition press has freely predicted an election this year.

Few Juvenile Cases; Lack Of Truant Officer May Be Reason

Only three juvenile court cases have been handled in Scurry County during the past 18 months, revealing the lack of any serious juvenile problem here, according to Edgar Taylor, county judge.

"There is certainly a potential juvenile problem with us," Judge Taylor said, "but the county has been exceptionally fortunate thus far in having a minimum number of cases."

FOURTH CASE

One case is pending hearing now and concerns a 17-year-old girl, accused of misdemeanor theft. This will be the fourth juvenile case in the year and a half of bench service by Judge Taylor.

"We probably have more cases than ever come to light," the judge stated, "and if we had a truant officer, which is badly needed—we would undoubtedly be faced with more cases."

Many children of school age stay in the cotton fields throughout the cotton picking season rather than attending classes, and this should be stopped, the judge commented.

Each county by law must have a juvenile court placed either in the hands of a county or district judge. In a county the size of Scurry, the district and county judge agree as to who shall preside over the juvenile court, since the population does not warrant the provision of a juvenile board.

DEFINITION

Also according to state law, the juvenile court is deemed in session at all times. In the provisions made for such a court, a "delinquent child' is defined to be "any female over the age of 10 and under the age of 18, or any male over the age of 10 and under the age of 17, who violates any penal law of this state of the grade of felony or misdemeanor where punishment for such offense may be confinement in jail."

Big Problems Left Unsolved By Congress

By DOUGLAS B. CORNELL
(Associated Press Staff)

WASHINGTON, Sept. 25. (AP) — Taxes on swollen business profits, statehood for Hawaii and Alaska and possibly rent control look like the big issues when Congress returns to Washington two months from now.

Even those problems may be too big to handle in a quick session between Nov. 27 and the Chirstmas holidays.

They were the major left-overs when weary lawmakers knocked off work late Saturday with a slap at President Truman — a thumping rejection of his veto of a stiff anti-Communist bill.

Because of the complex machinery provided and the announced defiance by the Communist party, it appeared likely that months or even years would elapse before anyone could be punished under the law.

Another major enactment of the adjourned Congress will have almost immediate effect.

Starting next Sunday, income tax withholdings will jump one-fifth for most of the nation's 50 million income taxpayers.

The tax boost, estimated to produce about $4,700,000,000 yearly, was approved by Mr. Truman about the time Congress was winding up its chores. He acted swiftly, just a day after Congress sent him the bill.

Even before that, the tax-writing House Ways and Means Committee decided to start public hearings Nov. 15 on a second tax increase which Congress has pledged will include an excess profits tax on corporations. Estimates are that it will produce from $4 billion to $6 billion a year.

The committee said it will try to limit the hearings to five days and have a bill ready for prompt action when Congress reconvenes Nov. 27.

House and Senate set Nov. 27 to get back to the legislative grind. Some members are bound to return as defeated "lame-ducks," as all 435 House seats and 36 of the 96 in the Senate are at stake in the November election. The new 82nd Congress will open Jan. 3.

Huks Fighting Around Manila

MANILA, Sept. 25. (AP) — A battle between an estimated 500 Communist Hukalahaps and government troops was reported raging tonight less than 20 miles south of Manila.

Reports said the fight opened at dusk at the town of General Trias in Cavite Province.

The Huk raiders were observed moving toward the town about 4 o'clock in the afternoon. Reinforcements of one company of army troops and two companies of constabulary were dispatched to join local police.

Government forces have been able to prevent the Huks from entering the town.

A column of Huks has been active in the area south of Manila the past 10 days. It raided one unprotected town and burned the municipal building after looting stores.

Junction of UN Forces Near; Would Trap Reds

Paratroopers Drop to Rescue Of B-50 Crew

HALIFAX, N. S., Sept. 25. (AP)—Parachutists have been dropped to begin rescue operations for 16 United States airmen whose B-50 bomber crashed Thursday in Labrador wilderness, the Fort Pepperell Air Base reported today.

The stricken bomber was discovered last night after being missing for three days, and a U. S. Air Force team immediately took steps to evacuate the men by helicopter. The helicopter will move the men to a narby lake, where a Canadian amphibian plan will pick them up.

The Royal Canadian Air Force said an RCAF Lancaster spotted the plane some 95 miles southwest of Goose Bay.

EVACUATION SET

The U. S. Air Force unit at Goose Bay began immediate preparations to evacuate the 12 crewmen and four passengers, missing on a routine flight from Goose Bay to Tucson, Ariz. All are military personnel.

A helicopter is expected to make the tricky flight today to pick up the survivors and rtansfer them to the shore of a nearby lake. An amphibian plane will fly them to Goose Bay.

It was presumed evacuation could be completed today, barring bad weather.

Finding of the missing air giant climaxed a vast air search extending from the wilds of Labrador to the Arizona desert. Scores of Canadian and American planes took part in the hunt.

Smoke signals attacted the Lancaster to the area where the 16 survivors had constructed a shelter. Signs on the rocky ground asked for food and supplies. No medical supplies were requested. Officials interpreted this as signifying no one was badly hurt.

NEWS ARRIVES

News of the discovery came over a shaky Air Force wireless service muffled by static.

Cause of the crash remained undetermined. The plane had a dissolved supply to last 17 hours. Normally the flight from Goose Bay to Tucson would take 12 hours.

Officials had suspected all along the plane was down not far from the start of its flight, since it had not reported to any station after its takeoff.

Bronze Star Awarded To Midland Corporal

TOKYO, Sept. 25. (AP) — The U. S. Eighth Army today announced award of the Bronze Star medal with "V" for valor to members of the American armed forces in Korea including:

Corp. Glen H. Parrott of Midland, Tex.

Plane Burns, Pilot Dies

Flames consumed the light plane, above, and its pilot, Dr. J. Lewis Fretz, about 50, after the craft crashed on the roof of a two story clubhouse at Renton, Wash. The Seattle physician burned to death before firemen, seen at right, could put out the blaze. Dr. Fretz, who learned to fly only a year ago, was piloting a rented plane.

Korean War in Brief

(By the Associated Press)

Seoul: Marines and infantry sling deep into Seoul, hoping to capture South Korean capital three months from day Red invasion started. Airborne troops land at Kimpo airfield to join Seoul battle as reinforcements pour into allied beachhead at Inchon. U. S. Seventh Infantry drive through Osan, 30 miles south of Seoul.

Southern front: U. S. First Cavalry division spears into Chongju, only 40 miles from linkup with Seventh Division, which would trap hundreds of thousands of Reds. Americans take Kimchon. U. S. forces in southwest capture Chinju, former key to Communist southwest offensive. South Korean troops take Andong, 40 miles north of Taegu, enter Yongdok on east coast.

Rent Control To Be Given Top Priority

(By the Associated Press)

WASHINGTON, Sept. 25. — Federal rent control legislation today was given top priority with the House Banking Committee when Congress re-convenes on Nov. 27.

Chairman Spence (D-Ky) announced the committee probably will start hearings immediately after the fall congressional vacation. He said he expects to have a rent control bill ready for action by Congress this year.

ENDS DEC. 31

The present federal rent control program ends on Dec. 31 except in communities which specifically request its continuance for an additional six months.

Housing expediter Tighe E. Woods announced over the week end that 104 communities with an aggregate population of about 7 million with 1,350,000 rental homes have taken such action.

He said that since the present law took effect July 1 another 54 communities with 1,400,000 population and 260,000 rental units have thrown off federal controls.

Spence told newsmen it is apparent that controls will have to be continued because of the war emergency. Whether a majority of the House and Senate would agree with him and pass a new law in the short session was open to question.

OTHER STAND

Rent control advocates also claim that unless ceilings are continued, and possibly tightened, the families of men in military service may face serious hardships because of inability to pay higher rents out of a serviceman's pay.

President Truman last April 21 asked Congress to keep the control program intact until June 30, 1951. But Congress voted a six months' expansion, with another six at the option of local areas.

Truman Has To Name Board To Administer New Law He Vetoed

WASHINGTON, Sept. 2. (AP) — President Truman faced today the ticklish political problem of naming a five-man board to fill a key role in enforcement of the new Communist control act he roundly denounced.

Congressional enactment of the law over Mr. Truman's veto brought a prompt pledge to enforce it "vigorously" from Atty. Gen. McGrath, who like the President had opposed it.

But McGrath's Justice Department can take no action under one of the bill's major provisions—that calling for registration of Communist organizations and their fronts—until establishment of a Subversive Activities Control Board (SACB).

FIVE-MAN BOARD

That board of five men—not more than three of whom can be from the same political party—just decide after hearings whether or not an organization is required to register under the law. It will act upon complaints by the Justice Department.

Government attorneys likely to be concerned with the enforcement problem said no consideration had been given so far to the possible personnel.

The law was not put on the statute books until late Saturday when the Senate voted 57 to 10 to override Mr. Truman's strongly-worded veto, in which he used such words as "unworkable" and "hysterical." The house had voted to override by a 286 to 48 vote. Both votes were well over the required two-thirds majority.

10 BACK TRUMAN

Only 10 Democratic Senators voted to sustain the President's veto, when the Senate voted 57 to 10 to

The law was not put on the statute books until late saturday been given so far to the possible personnel.

The lone Senate Republican supporter of Mr. Truman, Sen. Langer of North Dakota, had collapsed of exhaustion in the pre-dawn hours Saturday after assailing the bill for five and a half hours.

Langer was one of the small group which forced the Senate to stay in session around the clock to reach a vote on the controverial veto—the last item of any importance to be acted upon before the lawmakers shut up shop until Nov. 27.

Because of Mr. Truman's bitter opposition to the bill, in the Senate can be expected to give careful scrutiny to the convictions of any of the five men he must now name to the Subversive Activities Control Board. They require Senate confirmation.

Earthquake in Greece

ATHENS, Greece, Sept. 25. (AP)—Some 400 houses were damaged and five persons were injured by an earthquake which struck eastern Crete Saturday, press dispatches said today.

Fierce Resistance As Yanks Fight Toward Seoul Center

Allies Break Out of Southeast Beachead; Roll Forward, Restore Battleline of July

By LEIF ERICKSON
AP Staff

TOKYO, Sept. 25. — Allied forces stabbed deep inside Seoul tonight against desperate Red Korean resistance.

U. S. Marines planted the American flag on a hilltop in the capital less than two miles from a major allied goal — the modern Duk Soo Palace.

To the southeast, U. S. First Cavalary armored patrols drove into Chongju, only 40 miles from the nearest point of the Korean second front spreading out from the Inchon—Seoul beachhead.

Seventh Division patrols striking south from Seoul punched through Osan, 30 miles south of the capital. Osan was the city where American troops first entered the war early in July.

HEART OF SEOUL

AP Correspondent Don Whitehead, who crossed the Han last Wednesday with Fifth Regiment Marines and Sunday with First Regiment Leathernecks, said granite-walled Duk Soo is considered the heart of the capital. The other government buildings are slightly to the north.

Combat commanders said they were confident the allied force would win Seoul within hours.

While the four-pronged drive into the city pushed ahead, a U. S. First Cavalry armored patrol sweeping up from the south sped into Chongju. This put them only 40 miles from the Inchon-Seoul beachhead.

Its swift drive—70 miles in four days—threatened soon to close the gap between the two fronts and seal tens of thousands of Red Koreans in the south.

Allied forces scored sharp gains all alohg the southeastern front, from Yongdok on the sea of Japan to Chinju on the southwest.

But allied commanders were throwing the greatest weight of manpower into the battle to secure symbolic Seoul.

IN THREE MONTHS

The Reds captured the South Korean capital three days after they invaded across Parallel 38 June 25, just three months ago.

The U. S. and South Korean infantrymen of the Seventh Division swept eastward across the Seoul-Suwon road and jumped the Han southeast of the city.

Artillery barrages temporarily silenced Red gunfire on South Mountain, a 700-foot hill looking over the south approaches to Seoul.

Col. Lewis (Chesty) Puller's First Regiment Marines, who had crossed in the barrage from southeast po suburb on the southwest, joined in the barrage fro msoutheast city heights.

Puller's regiment stormed across the bridgeless Han Sunday morning near Yongdungpo. It bit deep into the Tong Mak Sang district and threw mortar and artillery fire at Red defenders on South Mountain and the big Seoul army barracks nearby.

Marines searched a jail in the southwest district seeking 3,000 American prisoners reported in Seoul. But a South Korean underground operator said the Reds had removed them several days ago.

South Korean Marines drove across ridges on the western side of the city.

PUSH DEEPER

U. S. Fifth Regiment Marines who made the first Han River crossing last Wednesday were pushing into the city on the north.

Fresh allied troops swarmed into the second front beachhead, adding power to the fight for Seoul and against Reds coming up in disorder from the old southeast beachhead.

Ships landed a fresh, South Korean division at Inchon, 22 miles west of Seoul.

All the new arrivals were rushed into action.

Allied forces struck mightily, as the war entered its fourth month, to shatter the Red Korean resistance.

ROLL ON

Smashing out of the southeast beachhead in the tenth day of an all-out offensive, United Nations forces rolled through Yongdok, Andong, Yechon, Uisong, Hamchang, Kumchon, Chongju, Kyopchon and Chinju.

The battleline of late July—one

Yugoslavs Ask Formation Of Mediation Unit

NEW YORK, Sept. 25. (AP)—Yugoslavia asked the general Assembly today to establish a permanent United Nations mediation commission of small powers to handle international disputes.

In a companion resolution Yugoslavia also asked that every country becoming involved in hostilities shall within 24 hours proclaim its readiness to issue a cease-fire order and withdraw its armed forces from the disputed area. Failure to do so would automatically brand the country as an aggressor.

SECOND WEEK

The two proposals were brought in as the 59-nation assembly began the second week of its current session.

The 12-nation mediation commission suggested by Yugoslavia would be composed of the six non-permanent members of the Security Council and six members elected by the assembly. The permanent members of the Security Council, the United States, Britain, France, Russia and the Soviet Union would not be eligible for membership.

The commission would be empowered to take note of and to communicate to the interested parties all suggestions relating to a peaceful settlement of a dispute but would not pass judgment upon the suggestions.

ONE OF MANY

Yugoslavia's proposal was one of many intended to strengthen the United Nations efforts to combat aggression. The broadest proposal along this line has been introduced by Secretary of State Acheson. The American plan calls for stand-by military forces to back up UN decisions and a roving peace patrol to check on the world's trouble spots.

Policy addresses by leading UN diplomats, including Britain's Foreign Secretary Ernest Bevin, were on tap for today's morning and afternoon assembly session.

The Weather

WEST TEXAS: Considerable cloudiness and slightly warmer this afternoon, tonight and Tuesday with a few scattered thundershowers.

EAST TEXAS: Considerable cloudiness with a few scattered showers in west and extreme south portions this afternoon and tonight and in west and central portions Tuesday. A little warmer Tuesday and in north portion tonight. Moderate northeast to east winds on the coast.

Latest John Deere Tractor Shown Here

Above is the pride of Bryant-Link Farm Equipment Store. It is a John Deere Tractor, model A. This tractor is equipped with Roll-o-matic, power trol, and battery ignition. Store Trebles Its 1945 Volume Of Business

A business here which was crowded for space when it was bought five years ago and is now literally splitting at its seams is the Snyder Drugs.

The owner, R. E. Patterson, says that he is stocking three times as many goods now as he was when he bought the store in 1945 when he returned from the army.

The volume of business being done in the store is, of course, much greater now than it was then. But prices are about the same. Patterson said that drug prices have not risen over 5.7 per cent since the end of the war. A great many items still have the same price tag on them that they had in 1932.

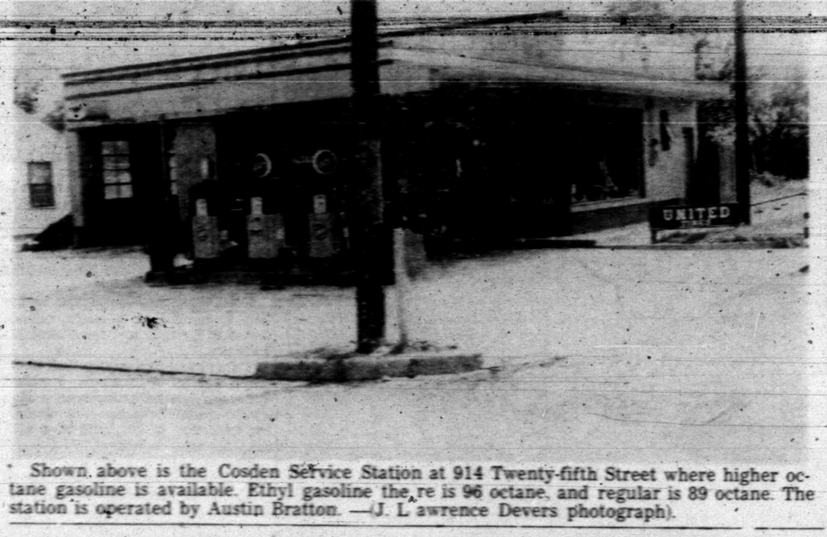

People in the store are very busy now getting ready for thier fifth anniversary sale. This will come around Nov. 1.

Snyder Drugs has recently received a number of items in their baby department which should be of interest to mothers. The shipment was of baby pants, sheets, and oils. They are in the Playtex Kooleez line.

The store has three pharmacists, two of which are on duty at all times during store hours.

Patterson feels that coming shortages will affect the drug business probably less than any other type of business. However, in some lines he knows he will be short or completely without. Right now he is unable to get delivery on vacuum bottles. Patterson says he is hopeful that some of his back orders will start coming through soon.

High Octane At Cosden Station

Shown above is the Cosden Service Station at 914 Twenty-fifth Street where higher octane gasoline is available. Ethyl gasoline there is 96 octane, and regular is 89 octane. The station is operated by Austin Bratton. —(J. Lawrence Devers photograph).

Insurance Firm Specializes In Oil Work

Oil field insurance, an important item to Snyder's oil economy, is a specialty of the Wetzel-Walters Insurance Agency.

This type of insurance covers rigs, oil, workmen's compensation, public liability, and other features of the oil industry.

Wetzel-Walter backs this business with 15 years experience in selling oil field insurance. The two owners E. F. Wetzel and George C. Walters alternate in holding down the office here and another one they have in Overton, Tex. One of the men plans to move here permanently as soon as possible.

The office is a general insurance agency as well as an agency for oil field insurance. The firm sells all kinds of insurance.

Both Wetzel and Walters say they opened their office here because they believed Snyder has a future and they are not disappointed.

It's The Law: Brew Costs One Shilling In New Hampshire

CONCORD, N. H. Sept 25 (AP)— Joe from a big city in another state walked into a quaint New Hampshire roadside tavern, sat on a stool, and said:

"Gimme a double brew, please."

The bartender drew a foaming glass.

"How much?" asked the city dweller.

"That'll be one shilling," replied the Yankee barkeep.

"Isn't this New Hampshire?" asked Joe. "I'm not in England, instead of New England, by any chance, am I?"

"This is the Granite State all right," the bartender said.

"Well, then, what's all this business about a shilling?" Joe asked because he was confused.

HERE'S WHY

Thereupon began an over-the-bar friendship as the New Hampshire resident tried to explain to his metropolitan cousin how come he charged his customers shillings for his liquid wares.

The constitution of New Hampshire, he said, provides now, in 1950, that the value of money shall be computed in silver at six shillings and eight pence per ounce.

Joe was really baffled, until the proprietor got out a copy of the state constitution and read Article 97. It says: "In all cases where sums of money are mentioned in this constitution the value thereof shall be computed in silver at six shillings and eight pence per ounce."

"If it's good enough for the constitution, it's good enough for me," smiled the bartender.

"But listen, Yankee, I haven't got any shillings," Joe complained. "All I got is cold American cash."

NO SHILLINGS

"Nobody's got any shillings," was the reply. "I accept payment in American money. It's the best money in the world, anyhow, and the U. S. Constitution regulates the minting and value of all our money. I just do this as a gag—and as a matter of fact, so far as I can find out from lawyers, I am within my rights as a citizen of this state in keeping my books and charging my customers under the state constitution in shillings and pence. As long as I get paid in the legal tender American dollars—everyone is happy, provided of course, they like the beer."

"I see," said Joe, when he really didn't see at all, so the barman thought he'd best clinch the explanation, with an added phrase or two.

"Voters in New Hampshire are going to be asked to cast a ballot on election day—Nov. 7. The ballot is an amendment that would do away with this outmoded article of the constitution, which was passed before our parent federal constitution became law. A lot of men who helped to write the older Massachusetts constitution, aided in the drafting of our New Hampshire constitution. The Massachusetts constitution was worded much the same as the one here, and was written when money was figured like in England.

HE UNDERSTANDS

"Now our state government sees the need to revamp some old outmoded parts of the constitution, and in this instance they are asking the voters of the state to cut this article out altogether. It's of no use anymore," concluded the bartender.

"If I come back next year and ask for a double beer, what'll you charge me?" queried Joe.

"Unless I miss my guess the charge will be 20 cents."

Joe walked out, smiling under his new face. He understood.

Latest Casualty List Names 55 As Killed

WASHINGTON, Sept. 25 (AP)—The Defense Department today released a Korean casualty list (No. 196) containing the names of 231 servicemen, of whom 55 are dead.

The death list included 19 passengers aboard a Navy transport which crashed into the sea near Kwajalein, in the Marshall Islands, Sept. 18. In addition to the dead, the casualty list included 116 wounded; 50 missing, 10 injured in accidents in the war zone.

Communist-Led Troops Recapture IndoChinese Town, Take Prisoners

MOSCOW, Sept. 25. (AP) — A dispatch from Shanghai said today Communist-led Vietminh forces had recaptured the frontier post of Dongkhe in Indochina and taken the French garrison commander prisoner.

Dongkhe fell last Monday to Ho Chi Minh's forces after a three-day battle. Official French sources said they have no plans to recapture the post at present. Dongkhe lies 100 miles north of Hanoi, and close to Communist China's frontier).

The dispatch quoted a "people's army" communique as saying a large amount of booty had been taken along with 253 French prisoners.

The report said Vietminh anti-aircraft had shot down two French planes and that Ho Chi Minh's forces were attacking French positions in central Vietnam. Increased activity also was reported in South Indochina.

TALK OF THE TOWN

BY FRANCES BIOW

All roads led to the Country Club last week.

Always rather popular, this mecca of good food and room for bridge parties and relaxation broke all past attendance records last week. The reason for the rush on the club facilities was, that Caretakers Mr. and Mrs. JIM NORRED plan their departure any day, and every hostess craved just one more of Mrs. Norred's culinary performances.

Typical of all the parties last week was the Friday morning coffee Mrs. P. W. CLOUD, Mrs. LEE STINSON, and Mrs. HERMAN DOAK gave. From 9:30 through 11 wheels swished up the graveled driveway to the clubhouse, feminine heels clicked over the front veranda, and the guests arrived to partake of the pleasant buffet and chat informally at scattred tables in the ball room.

Practically everybody had done a quick switch from the week-before's cool summer frocks, and fine fall feathers were much in evidence.

Mrs. NOVIS RODGERS was seen everywhere, an exquisitely demure red velvet clocke hugging her hair, just right for the simple grey wool jersey frock she chose. . .Mrs. ROY TURNEY looked dramatically slender in her costume of cinnamon shades, a rust feather spiraling from hat of the same color. . . Mrs. HAROLD BROWN looked smartly fall-ish in a grey wool tailored frock with black velvet trim. . .Mrs. Cloud managed to get around several times to everyone with her huge tray of sausage pastries, tiny viennas rolled in crust, tasty and very popular ... Mrs. WELDON JOHNSON, seen at different tables, later in shops in town, in a bright red wool jersey dress, small black accessories. Mrs J. D. SCOTT, a furpiece tossed over her pink gaberdine suit, hurried away early to catch the garden club meeting. . .

Fondest papa in town might be WILLIS COX, JR., whose rapturous description of his first born heir, born last week, comes along with free cigars and a broad grin. "She weighed 7 pounds, 8 ounces, was 13 inches long, we immediately named her Helen Virginia, and she and Helen are doing wonderfully at Hendrick Memorial Hospital, Abilene, where they will be until Oct. 10. Oh, yes, it's my first baby, we live at 3702 Avenue V and I run the Willis Cox Jr., Insurance Agency, over Snyder Drug!"

The Sweetwater Civic Music Association is still trying for membership around Snyder. Mrs. C. H. CARTWRIGHT, representing them, explains they are a non profit organization, have been well supported by Sweetwater people. It seems if you have bought concert tickets to their performance and cannot make it, you may attend one of the same group's in Dallas or several other cities in Texas, who uses this civic organization to sponsor well known artists. The season series: $6, adults $3, students. If interested, contact their headquarters, Blue Bonnet Hotel, Sweetwater.

Fluvanna P.-T. A. Holds Initial Meeting of Year

The Fluvanna Parent-Teachers Association held its first meeting of the year last week.

Miss Patsy Holder and her brother, Jackie, opened the program with a musical number. Roy Phemister opened the meeting with a prayer.

Lacy Turner introduced the faculty, and Mrs. Lacy Turner spoke on the Fluvanna P.-T.A. and its work toward building a better community.

This is the association's third year in Fluvanna, and membership now stands at 55. All parents are urged to join.

Mrs. Bill Herrin, Mrs. Turner, and Mrs. Buford Browning were elected as delegates to the county council. Miss Eleanor Norton was elected goal chairman.

Those attending for the first time were Mrs. Buster Robertson, Mrs. J. I. Miller, Mrs. L. V. Franklin, and Mrs. Tennie J. Creek.

Officers for the year are: Mrs. J. N. Hataway, president; Mrs. J. W. Hughes, vice-president; and Mrs. H. A. Flournoy, secretary-treasurer.

The next meeting will be held in the auditorium on the third Monday night.

County Will Attempt To Make Agreement With Stoker Estate

The commissioners court this morning agreed unanimously to grant permission to the heirs of the Stoker estate, approximately five miles north of Snyder on the Lubbock highway, to attempt to work out an agreement with the county concerning an oil and gas lease on six acres of land whereby the county and the heirs would share on a fifty-fifty basis.

The tract was purchased by the county for right-of-way purposes about 20 years ago, but the county holds no deed to the property, since through an error the deed was not filed in the county records, Edgar Taylor, county judge, said.

It is not known what mineral rights, if any, were included in the deed to the county, Judge Taylor said, and for this reason, the county and the Stoker heirs must agree on concerning the rights before either can benefit fom the minerals.

It is hoyed that an agreement can be made whereby the heirs collectfvely tnd the county will each well on the land and scare half-each pay half the cost of drilling a collectively and the county will and-half on the profits from the well if it is a producer.

Paraplegic Weds Lead In 'Wheelchair Revue'

GLENDALE, Calif., Sept. 25. (AP) —The leading lady of "Wheelchair Revue" and its paraplegic publicity man were married yesterday.

The bride is Miss Patti Brill, 25, of Santa Monica, and her husband is Hugo Fredlund Jr., 27, of Los Angeles. The couple met while the paraplegic servicemen's revue was in reharsal. It was successfully shown at Sawtelle Veterans Hospital here and may later tour the nation. Fredlund, a World War II ski troped, was wounded during the Italian Campaign.

Thank God For Muscle-Rub!

writes Ruth Chiati, Los Angeles

Advises every sufferer from Rheumatism — Arthritic — Sciatic —Neuritic Pains to try Muscle-Rub

Here's the true story of a woman who took treatments, used all kinds of remedies for her sciatic, neuritic pains without being helped in the slightest degree. Ruth Chiati, 342½ North Orange Grove Dr., Los Angeles, suffered agony from pains in her hip—knee—calf or legs. The pain at times was so bad that she couldn't sit down. She tried several different medicines, all of which did her no good. She couldn't work. Life was misery for her.

Then one day she saw an advertisement of Muscle-Rub—the doctor's prescription—and in desperation bought a bottle. She used it as directed and in 3 days the pains were relieved and Ruth Chiati was back on the job.

No wonder she advises every rheumatic sufferer to try Muscle-Rub for fast pain relief. Get a bottle today.

Regular size, $1.25

Large economy size, $2.25.

Get Pain Relief or Money Back

Remember, Muscle-Rub is sold on this money back guarantee. If only half a bottle doesn't bring relief your druggist is authorized to return your money. If your druggist can't supply you, write to Muscle-Rub Distributors, 3708 South Main St., Los Angeles 7, California.

PERSONALS

Mr. and Mrs. Sam Johnson of the Hermleigh community left Friday with their daughter, Mrs. S. L. Lingstun, for her home in Altus, Okla. Mr. and Mrs. Johnson will spend the winter with their daughter.

Mrs. C. C. Bearden from Greenville, Tex., is a visitor in the home of Mrs. Bud Rodgers, 3006 Avenue L.

Miss Myrtle Harrell and Miss Faye Harrell went to Sweetwater today.

Mr. and Mrs. Bo Ainsworth and son, Fifteenth Street, and Avenue E, spent the week end visiting Mrs. Ainsworth's parents, Mr. and Mrs. W. R. Reed in Blackwell, Tex.

Mr. and Mrs. J. Freeman Clark from Dallas were in Snyder over the week end to attend the birthday celebration of Mr. Clark's father, the Rev. M. W. Clark, 2811 Avenue X.

Mrs. Herbert Feather was admitted to Big Spring Hospital Saturday night suffering from an eye ailment. She expects to be released soon and will return to her duties as manager of the ladies ready-to-wear department at Dunlap's.

Mr. and Mrs. Cecil Boren and son, 2608 Avenue , spent the week end in Paducah, Tex., visiting with Mr. and Mrs. A. C. Boren. Mr. Boren's mother, Mrs. J. E. Boren of Fluvanna, accompanied them to Paducah, where she will remain to visit for a few days. She will also visit with her daughter and family, Mr. and Mrs. J. C. Ross in Lubbock.

Mr. and Mrs. John Hamblen, who recently moved into their new home 2103 Thirty-seventh Street, had as guests one night last week Mr. and Mrs. Jack Coffee, Mr. and Mrs. Woodrow Pratt, Mr. and Mrs. Hubert Thomas, Mr. and Mrs. Glenn Coon, Mr. and Mrs. Gilbert Parrish all from Loraine, Tex. The Hamblen's guests presented them with a sterling soup ladle for the new home.

Her Friends Remember

Mrs. Harriett Hardy, 28, of Detroit, a victim of what doctors say is a fatal cancer, is presented with flowers by Mrs. Charity Slater, left, a friend and member of VFW Post 1519, at a party given in her honor by friends. Mrs. Hardy has been given two months to live by doctors.

Narcotic Agent Shot Through Heart During Raid in St. Paul

ST. PAUL, Minn., Sept. 25. (AP)—One federal narcotics agent was killed and another wounded in a Sunday morning opium raid on a downtown hotel here.

Four men—one of them wounded in an exchange with the agents—were taken into custody.

Killed by a bullet through the heart was A. M. Bangs, 50, chief of the U. S. Narcotics Bureau for the northwest area. Joseph Winbeg, 27, a narcotics agent, was shot through the side.

UNDER GUARD

John Wong, 50, is held under guard in a hospital. He was wounded five times. Doctors said both wounded men have a chance to recover.

Bang, Winbeg and a third agent, Virgil Magnuson, found Wong and three other men in a hotel room authorities said. Some were smoking opium. Leaving Magnuson to guard the other three, Bangs and Winbeg took Wong to his own room after he told them he had more opium there.

"He went into the closet—and brought out this jar of opium," said Winbeg in a statement from his hospital bed.

"Bangs asked him if that's-all he had. He reached back and whipped out a gun.

IN CLOSET

"We both jumped him and he shot me first and I fell and the three of us were in the closet and wrestling around and he shot Bangs too. I grabbed his gun to keep him from shooting any more and Bangs finally pulled out his gun and he shot Wong."

The three other men were booked on charges of suspicion of murder and as material witnesses. They gave their names as Jimmy Wong, 43, Mason City, Ia.; Leo Wong, 53, Minneapolis, and Yee Wong, 47, St. Paul. They said they were not related.

Charges against John Wong awaits completion of an investigation being conducted by St. Paul police, Treasury agents and FBI agents.

Fluvanna Rites For Johnny J. Browning, 48

Masonic graveside services were held at 1 o'clock this afternoon for Johnny Jackson Browning, 48, at the Fluvanna Cemetery. Funeral services were held at 10 o'clock this morning at the Rotan Baptist church.

Browning was killed instantly Saturday morning when a pickup truck in which he was riding left the road and overturned 11 miles south of Roby on Highway 70.

Roy Adams, Rotan, driver of the pickup was taken to Sweetwater Hospital and is reported to be in good condition.

Browning was born in Fluvanna, and married the former Evelyn Elkins of Fluvanna in 1926. He farmed near there until 1945 when he moved to Rotan and became a partned in a recreation parlor there. He was a member of the First Baptist Church there.

Mrs. Browning received the news of her husband's death in Callan Hospital at Rotan where she is recovering from a serious operation.

Survivors are his wife, a daughter, Mrs. Foy Acker of Rotan; three sons, Roy Browning Jr., Henry Mark Browning, and Curtis Brice Browning, all of Rotan; five brothers, Harvey Lee Browning, Jimmy Browning, Monty Browning, and Foch Browning, all of Rotan, and Bolivar Browning of Springerville, Ariz.; his mother, Mrs. Emma Browning, Fluvanna; and two sisters, Miss N. E. Browning, and Mrs. Frank Hennessey of Winters.

Sheriff Still Says Whistler Is Inside Job

PARAIS, La., Sept. 25. (AP) — Sheriff Leon Vial said he had more evidence today to support his contention that the mysterious whistler who frightened Jacquelyn Cadow, 18-year-old bride-to-be, is an "inside job and a hoax."

The sheriff's statement came after Mrs. Clifford Cadow, the girl's mother, disputed his deduction that the reports were a hoax.

"If it is an inside job, I don't know how it could be or why anyone would want to do-it," the mother said:

Vial added that he was winding up his investigation and expected to make a full statement, possibly by tonight. That, he said without elaboration, would be the end—he hoped—of the whistler.

Meanwhile, preparations continued for the wedding next Sunday at nearby Taft, about 25 miles west of New Orleans, for Miss Cadow and Herbert Belsom, 26-year-old state trooper.

The whistles around the Cadow home—which began as wolf calls last February—changed to mournful funeral dirges when Jacquelyn's engagement was announced two months ago.

Mrs. Cadow said yesterday the whistles had not been heard for several nights now and her distraught daughter, who required medical attention last week, is feeling better.

Ira P.-T.A. Holds A Get-Acquainted Meet

The Ira Parent Teacher's Association met at the Ira School Thursday for a business and get-acquainted session.

Thirty-five members attended. Several work projects for the year were begun.

Refreshments were served and a social hour followed.

Madman Muntz Weds

LAS VEGAS, Nev., Sept. 25. (AP) —Earl W. (Madman) Muntz, 36, Chicago and Los Angeles television dealer, and Joan Barton, 25, radio and television actress, are honeymooning today.

They flew here from Los Angeles yesterday. They said they would fly back to Los Angeles, then go to Chicago and make their home in Winnetka, Ill. Miss Barton gave her real name as Mary Ann Bock and her residence as Winnetka.

Each has been married twice before. Muntz's nickname came from flamboyant automobile selling campaigns in Los Angeles.

About 3,100 Liberty and Victory ships were built during the war.

B. & P. W. Meeting Is Postponed; Mrs. Betty Wendell Snyder Leaves

The dinner party and installation of officers for the Business and Professional Women's Club, which was planned for Wednesday night at Country Club, has been postponed for a brief time, according to Miss Winnie Garner, acting president.

Miss Garner succeeds Mrs. Betty Wendell Snyder as president. Mrs. Snyder has officially resigned her club post, as she will leave Snyder Oct 1, to accept a job in a defense plant in California.

Miss Garner, who was first vice-president, will preside at an executive meeting of the club tomorrow to discuss new plans and to decide upon installation date.

Party Honors Marine Before Enlistment

A buffet dinner was given Friday in the home of Mr. and Mrs. Ennis Floyd, 1000 Thirty-first Street, honoring Wayne Brown. Mr. Brown left Sunday for enlistment with the Marines at Camp Pendleton, Calif.

Those attending were Mr. and Mrs. A. L. Floyd, Mr. and Mrs. Adell Brown, Mr. and Mrs. W. H. Rainwater and daughter, Mr. and Mrs. Sam Floyd and daughter, Mr. and Mrs. Arthur Roberts, Sr., Mr. and Mrs. Jeral Beard, Mr. and Mrs. Riley Floyd and daughter, Mr. and Mrs. A. W. Floyd, Mrs. E. F. Daniell, Marvin Kerskh, Jimmy Nolan, Miss Iralyn Newby, Miss Joyce Graham, Max Fowler, and Robert Fowler

Party for Mrs. Fikef At Kirkland Home

Mrs. E. L. Fikef was honored with a pink and blue shower last Friday in the home of Mrs. Ramon Kirkland, 3003 Twenty-third Street.

Gifts were received from Mrs. J. M. Pyree, Mrs. Sara Yoakum, Mrs. J. D. Lusty, Mrs. Stanley E. White, Mrs. Donald Greene, Mrs. Gib Tatum, Mrs. F. J. Saldutti, Mrs. Eunice Shelton and Miss Faye Clement.

Others bringing gifts were Mrs. Elry Kirkland, Mrs. Vada Price, Mrs. J. R. Pinkerton, Miss Katherine Ridge, Miss Lily Belle Sneed, Miss Gladys Sneed, Mrs. Jack Romero, Mrs. E. E. Thompson, Mrs. Mildred Weir, and Mrs. A. E. Duff, Sr.

Several games were played, and light refreshments were served.

The luffa sponge, made from a gourd, is very suitable for scrubbing.

Ambush Death Strikes Again In Gangland

HERRIN, Ill., Sept. 25 (AP) — The coroner's jury wrote another familiar chapter in the bloody history of Williamson County—death due to gunshot wounds "at the hands of parties unknown."

This time it was Roy Armes, 32, brother of a slain member of the rapidly dwindling Shelton gang. The mob whose wars with rival gunmen were the terror of southern Illinois in the 20s.

Roy was blasted to his death early yesterday morning by shots from a high powered rifle and a shotgun.

FROM HIDING

The shots came from ambush, just as they did when Carl, Bernie and Roy Shelton were shot to death in gang assassinations in the last three years.

The slayings of the Shelton brothers brought up the unanswered questions—who is slaying the Sheltons and why? Similar questions remain unanswered in Armes' death.

Armes was a brother of Monroe (Blackie) Armes, who fought a gun duel with Thomas Castle in Castle's Tavern in 1944. Both died in the exchange of shots. Blackie was one of the Shelton gangsters.

Armes had just climbed into his car parked in front of a tavern yesterday morning when the shots hit him in the face, neck and chest. Buckshot and rifle bullets crashed through the car windshield.

TWO KILLERS

The killers—there were two of them, the coroner's jury said yesterday—had crouched behind a picket fence 45 feet away. At least 10 shots were fired.

By a strange coincidence, James Scott, 37, the man who was with Blackie Armes when he was killed, also was with Roy Armes. Both times Scott escaped. Scott, who said he was an unemployed bartender, was the only witness to yesterday's ambush.

Sherman and Sweetwater Game To Be One of Biggest of Week

(By the Associated Press)

Battles between Sherman and Highland Park (Dallas) and Lubbock and Sweetwater headline the Class AA Texas schoolboy football schedule driving through the first month of the season.

These games—at Sherman and Sweetwater Friday night—match four of the 22 undefeated, untied teams left in this division of high school football.

Other important contests pair Temple with Baytown, Austin with Thomas Jefferson (San Antonio) and Bryan with Kerrville.

Temple and Austin are unbeaten and untied and Bryan is undefeated although tied last week 0-0 by Waco. Thomas Jefferson is one of the powers of the City Conference, Kerrville is the giant-killer—a team able to give mighty Port Arthur a tough game and to beat both Thomas Jefferson and another San Antonio mighty, Brackenridge. Baytown lost to Lamar (Houston) but bounced back to class Milby (Houston) 47-0 last week.

Undefeated untied teams includes Pampa, Big Spring, Lamesa, Lubbock, Austin (El Paso), Sweetwater, Breckenridge, Sherman, Grand Prairie, Highland Park, Texarkana, Palestine, Port Arthur, Freeport, Galena Park, Texas City, Corsicana, Temple, Austin, Ray (Corpus Christi), McAllen and San Benito.

Sweetwater and Breckenridge pulled the big upsets last week as they shot down Odessa 14-13 and Wichita Falls 18-0 respectively.

Other important results saw Abilene blasting Amarillo 40-6, Pampa running over El Paso High 54-6, San Angelo falling to Poly (Fort Worth) 26-6, Highland Park whipping Paschal (Fort Worth) 27-7, Galena Park upsetting Conroe 19-13, Corsicana smashing Crozier Tech (Dallas) 31-0, and Austin beating Arlington Heights (Fort Worth) 18-14.

Port Arthur, rated No. 1 in the state, brushed over Capitol Hill of Oklahoma City, the champion of Oklahoma, 35-0.

New Braunfels, And Littlefield Class A Stars

By WILBUR MARTIN
(By the Associated Press)

Eighteen undefeated Class A high school football teams took it on the chin last week, but the division's two top rated teams—New Braunfels and Littlefield—came through handily.

New Braunfels slaughtered Brady, 40-0, while defending champion Littlefield ran over an unbeaten Post team, 42-12.

If New Braunfels' top heavy score wasn't too much of a surprise, the manner in which the Unicorns rolled it up certainly was. Switching some of their strong ground game on the wet gridiron, they started throwing the ball — connecting with 16 of 29 passes for 260 yards and two touchdowns. It yards and two touchdowns. It was was the first time Weldon Bynum's crew had given evidence of a strong aerial game.

Littlefield's rugged Wildcats turned the Post game into a runaway in the second half. Loss of star back Kirk Kirkpatrick midway in the game hurt Post considerably.

Claredon, Seminole, Lake View (San Angelo), Comanche, Wills Point, Atlanta, DeKlab, Jeffeson, Linden, Jacksonville, Marlin, Llano, Marble Falls, Yoakum, Laporte, Mission and Raymondville were other unbeaten teams going down.

Three District 15 clubs knocked off three. Mt. Pleasant beat Atlanta, 27-13; Mt. Vernon blanked Dekalb, 28-0, and Pittsburgh jolted Jefferson, 20-6.

Wink, Kermit, Monahans and Pecos stayed unbeaten in the double tough District Five race. Kermit smothered Ft. Stockton, 58-0, and Wink knocked off Andrews, 34-14. Pecos beat Seminole, 20-14.

District 12 in North Texas is another leader with unbeaten teams. Arlington kept a perfect slate with a district win over Hillcrest 48-6; Irving blanked Edgewood, 39-0; Mesquite beat Kaufman, 14-6, and Garland, unbeaten but tied, walloped Plano, 47-0.

Gonzales' 60-0 victory over Fredericksburg may mean New Braunfels will have a tough game in its own District Twenty-four later this season.

Mercedes, Mission, Uvalde, and Huntsville rolled along as South Texas powers.

This week there are 113 games, with a Panhandle feature matching Phillips and Shamrock, a couple of clubs with perfect slates.

Kermit's tilt with Pecos tops the District Five schedule. Other feature games: Winters - Colorado City; Ballinger-Stamford; Nocona-Newcastle; New London - Irving's Huntsville-El Campo; Waco Tech-Lavega; Giddings-Lagrange; Robstown-San Antonio Tech; Mission-Raymondville, and Crystal City-Uvalde.

Missions Win Texas League

TULSA, Okla., Sept. 25. (AP) — San Antonio's missions were headed for Nashville, Tenn., today and the opening of the Dixie Series.

Last night they edged Tulsa, 1-0, to win the Texas League championship series, four games to two. They'll play Nashville, winner of the Southern Association.

San Antonio finished fourth in the regular Texas season race. Tulsa was third. In the first round of the playoff Tulsa beat Fort Worth and San Antonio knocked off Beaumont, the first place club.

John Pavlick held Tulsa to three hits, one less than Jim Blackburn allowed the Missions.

Jim Dyck walked to open the fifth for San Antonio. Charles Grant singled and Danny Baich sacrificed both runners. Dyck scored on John Sullivan's long fly.

Plans for the dixie Series were announced last night. The first two games will be at Nashville, starting Tuesday. The teams will travel Thursday and open in San Antonio Friday for the next three games, if that many are needed. If the final two games are played they will be in Nashville.

Probable pitchers for tomorrow's major league games (won and lost records in parentheses):
AMERICAN LEAGUE
Washington at New York—(2) — Kuzava (9-9) and Consuegra (7-7) vs Ford (8-0) and Reynolds (14-12).
Boston at Philadelphia—(2)—Taylor (6-0) and Parnell (17-9) vs Kellner (8-19) and Shantz (8-12).
(Only games scheduled)

Amateurs Whip Pros In Texas Cup Matches

DALLAS, Sept. 25. (AP)—The amateurs handed the professional golfers a sound licking yesterday in the windup of the 18th annual Texas Cup matches.

They won eight of 15 singles matches and tied two more for a two-day total of 13½ to 8½ points for the pros, led by Byron Nelson of Roanoke. Nelson turned back Raleigh Selby of Kilgore, 6 and 5, for one of five catories by the money players.

The results included:

Billy Maxwell, (A), Odessa, split with Harry Todd, Dallas.

Ed Hopkins, (A), Austin, defeated Sam Speer, McAllen Country Club, 2-up.

Don Addington, (A), Dallas, defeated Red Bost, San Angelo Country Club, 4 and 3.

Wesley Ellis, Jr., (A), Austin, defeated J. C. Hardwicke, Midland Country Club, 4 and 3.

Don Murphy, Texarkana Country Club, Texarkana, defeated Bob French, (A), Odessa, 6 and 5.

Leon Taylor, (A), Tyler, defeated Homer Widener, Meadowbrook Country Club, Kilgore, 12 and 10.

Mangrum Wins $15,000 Kansas City Golf Open

KANSAS CITY, Sept. 25. (AP) — Pressure player Lloyd Mangrum of Chicago had the finesse in the finish to win the $15,000 Kansas City Open Golf Tournament yesterday.

Mangrum, who started the final round one stroke behind Ed (Porky) Oliver of Seattle, Wash., won the $2,600 first money with a score of 271.

That was a stroke better than Oliver and Jack Burke, Jr., White Plaines, N. Y., who earned $1,650.

The former U. S. Open champion posted a 69, 17 strokes under par.

Big Spring-Odessa In LonghornChampionship

(By the Associated Press)

The final game of the Longhorn Baseball Leagues playoff tonight will decide the 1950 champion.

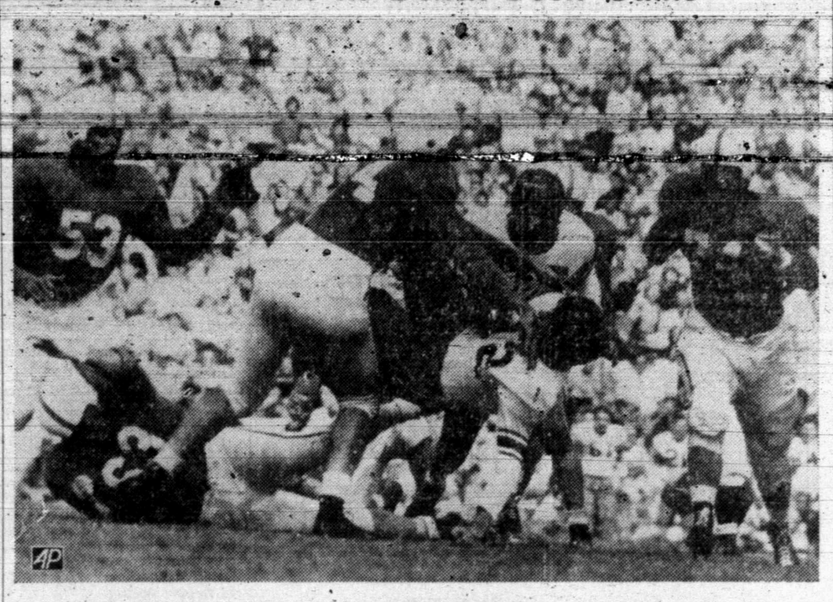

Last night Odessa, first place winner in regular season play, beat Big Spring, 6-5, to square the best four of seven series, three games to three games.

Two runs in the eighth inning, off two hits, two sacrifices and an error, won for Odessa. Les Palmer's single brought home the winning tally.

Felix Gomes and Manny Junco hit home runs for Big Spring.

Tense Moment in Texas-Tech Game

John Moughon (12), Texas Tech back, is stopped in midair after a five-yard gain in the first period of the Texas-Texas Tech game at Lubbock. Tex. Dick Rowan (54), Texas center makes the tackle. Coming in on play are Don Menasco (53) and Ken Jackson (74), both of Texas. Texas won 28-14.

Robinson Boner-of-the-Season Erases Tiger's Pennant Hopes

By RALPH RODEN
(By the Associated Press)

The 1950 American League pennant race is just about over but it will be remembered as long as baseball is played as the year that Catcher Aaron Robinson pulled one of the most colosal "boner" in history.

Robinson's blunder gave the Cleveland Indians a 2-1 ten-inning victory over Detroit yesterday and practically erased the Tigers' pennant hopes.

The defeat dropped the second place Tigers 2½ games behind the New York Yankees, who virtually knocked third place Boston out of contention by trouncing the Red Sox, 9-5.

New York needs only six victories out of its remaining eight games to clinch its second straight championship. If the Yanks win only four games the Tigers will have to win all of their seven to beat out the Bombers.

STRANGE PLAY

Robinson's "rock" came in one of the strangest games ever played. At game time in Cleveland it was so dark because of dust and smoke that the lights were turned on.

The astounding play occurred as follows:

Bob Lemon tripled to start the Cleveland tenth. Tiger Manager Red Rolfe ordered Ted Gray intentionally to walk the next two batters to set up a force play at every base.

Larry Doby then popped to first baseman Don Kolloway. Luke Easter followed with a grounder to Kolloway. Kolloway stepped on first to retire Easter and pegged to Robinson.

Robinson grabbed the throw and stomped on the plate while Lemon was starting his slide about eight to ten feet away.

Umpire Bill Summers thumbed Lemon out, but the pitcher slid across the plate. Robinson, apparently thinking he still had a force place, made no attempt to tag Lemon. The Cleveland bench dashed at Summers and brought first base Umpire Charley Berry along. When it was pointed out to Summers that Lemon had to be tagged in order to be declared out, summers reversed his decision and called Lemon safe.

Lemon was the whole works. He stopped the Tigers on five hits to gain his 22nd victory and scored both runs. Lemon socked his sixth homer in the fourth to drive in the first run of the game. Johnny Lipon tied it up in the seventh with his first homer of the year and that's how matters remained until the Robinson "incident."

The Yanks had fairly easy sailing against the Red Sox before 66,924 fans at Yankee Stadium. They piled up a 6-1 lead in four innings for Vic Raschi who went all the way to post his 21st victory.

TED GETS TWO

Two home runs by Ted Williams and another by Bobby Doerr accounted for half of the Red Sox hits. Raschi was in trouble in the seventh when the Red Sox had a run home and the bases loaded with one out. Raschi parried the threat by getting Vern Stephens to fly out and Walt Dropo to ground out.

In remaining American League games the Washington Senators tripped the Philadelphia Athletics, 3-1, and the St. Louis Browns dumped the Chicago White Sox twice, 5-0 and 6-1.

The Philadelphia Phillies lost ground in the National League race as they suffered a humiliating 11-0 defeat at the hands of the second place Brooklyn Dodgers. The Dodgers now trail by five games.

Erv Palica, young righthander, tamed the Phils on two hits and featured a game winning six run rally in the fifth inning with a grand slam homer. Palica held the Phils hitless until the eighth when Andy Seminick singled. Del Ennis doubled in the ninth for the Phils final hit.

Three-run homers by Hank Thompson and Don Mueller paced the New York Giants to a 12-4 victory over the Boston Braves. Jim Hearn was the winner and 19 game winner Vern Bickford the loser.

In other national League games: The Chicago Cubs trounced the St. Louis Cardinals, 8-3, and the Cincinnati Reds and Pittsburgh Pirates divided a doubleheader. The Reds won the opened, 7-1, behind Ewell Blackwell and the Pirates the nightcap, 3-2.

Walker Paces Lions To Win

NEW YORK, Sept. 25. (AP) — Greasy Neal can rest easy; there's plenty of pep left in his Philadelphia Eagles.

They proved it yesterday—even without their ace backs, Steve Van Buren and Bosh Prichard—with a 45 to 7 romp over the Chicago Cardinals.

Van Buren was sidelined with a torn rib cartilage. Pritchard is out with an injured knee.

The Chicago Bears lashed the San Francisco 49ers, 32 to 10.

Green Bay's upset the Washington Redskins 35-21.

Doak Walker, golden boy of the Detroit Lions, capped a brilliant performance with a 20-yard field goal in the last three minutes to give the Detroiters a 10 to 7 triumph over Pittsburgh's Steelers. Walker scored the Lions' first touchdown on an 11-yard pass from Bobby Layne. He then kicked the extra point, thus accounting for all of Detroit's scoring.

Cleveland beat Baltimore 31 to 0.

City Conference Shows Poorly Against AA's

By the Associated press.

The City Conference starts playing for keeps this week, although there's only one game counting in the title standing of this division of Texas schoolboy football.

The CC boys have a poor record for the season scrapping AA teams but they will keep on trying with the feature being Thomas Jefferson's battle with Austin at Austin Friday night.

Jefferson is the defending City Conference champion and is rated tops in the San Antonio district.

Last week found the City Conference teams losing 11 games to Class AA but they won an important test or two. For instance Poly of Fort Worth knocked down San ngelo 26-6 and Thomas Jefferson edged Miller of Corpus Christi 6-0.

Skip Alexander Suffers Burns In Plane Crash

EVANSVILLE, Ind., Sept. 25. (AP) — A Civil Air Patrol plane crashed an burned in a railroad yard near here last night, killing three officers and seriously injuring Skip Alexander, top-flight professional golfer.

Neighbors found the 32-year-old Lexington, N. C. golfer crawling into a field, his clothes afire. At Deaconess Hospital, he was expected to recover.

At Sioux Falls, S. D., where the plane was based, the CAP listed the dead as:

Col. James R. Barnett, 44, of Sioux Falls, commanding officer of the South Dakota wing of CAP. He was president of a roofing company and well known as a former band leader. He is survived by the widow and seven children.

Lt. Oliver A. Singleton, 28, formerly of Van Buren, Ark., but a resident of Sioux Falls for the last year.

Lt. Duane M. Reeves, 28, also of Sioux Falls and an employe of Barnett's Roffing Co.

Lt. Forrest Elliott, deputy wing commander of the South Dakota CAP, made the announcement and said the next of kin had been notified. He said the plane had left Sioux Falls at 2 p.m. Sunday on official business and that at the time of the crash it was en route from Olathe, Kan., to Lonisville. He said the plane was a T-7 twin engine five-place Beechcraft.

Alexander's left leg was broken above the ankle and he was burned on the hands, arms and face. Hospital attendents said some of his arm burns were third-degree.

Neighbors said the plane barely cleared houses west of the railroad yards and crashed next to the mainline track of the Chicago & Eastern Illinois Railroad three miles north of the city. Some suggested the pilot may have mistaken the floodlighted railyard for the municipal airport, a quarter of a mile northeast.

The airport control tower said the plane had not been scheduled to land here but was trying to make an emergency landing. the tower operator Charles Thomas, refused to divulge details of his radio conversation with the pilot.

Some witnesses said both engines of the plane seemed to be in trouble.

Maurice Owens, a neighbor who helped beat out the fire in Alexander's clothes, said heat prevented him from rescuing one of the men from the wreckage.

Owens said the man, whose legs were pinned down at the edge of the wreckage, screamed "My God, help me." Soon after the plane exploded.

Alexander had finished sixth in the $15,000 Kansas City Open golf Tournament yesterday and was on his way to his home at Lexington N. C. Bob Hamilton of Evansville, a former professional golf champion, said Alexander told him in the hospital he had "hitched" a ride on the military plane, intending to Venezuela to play golf.

Later, he had planned to go to go as far as Louisville.

Pasqual, Now Big-Time, Made U. S. Debut in Big Spring

MIAMI, Fla., Sept. 25. (AP)—Carlos Pasqual, the stocky Cuban rookie who pitched the Washington Senators to a 3-1 decision over the Philadelphia Athletics Sunday, jumped all the way from Class B to major league baseball in a single season.

Pascual, only 20 years old, went from Big Spring, Tex., of the Class D Longhorn League to Washington with only a brief stop at Havana of the Class B Florida International.

He was the fourth Cuban hurler to join the Washington mound staff this season. Conrado Marrero, Sandalio Consuegra and Julio Moreno, who preceded him, saw service with Havana's Cubans before going to the big time.

Pascual made a considerable splash during his short stay with the Cubans late in the season. He played a flashy third base in several games and pitched Havana to the Cubans' only win over Miami in the Shaughnessy playoffs, a 4-2 decision in which he yielded only seven hits, four in the last two grames.

He had a shutout going into the ninth when Miami reached him for a pair of hits and two runs.

Pascual had a 9-2 record with Big Spring and once pitched and won both ends of a doubleheader.

Carlos is unusually short for a pitcher, standing only five feet seven inches and weighing 174 pounds. His stubby arms won't permit the conventional windup but he cuts loose with a blazing fast ball.

The Athletics got only five hits off Pascual in his major league debut.

Texas Still Is Rated High In Spite of Poor Showing Saturday

By The Associated Press

They pay off on the scoreboard, but the University of Texas—ranked fifth in the nation in a pre-football season poll—isn't too happy about its first showing.

"Well," said ace sophomore halfback Gib Dawson after the Longhorns' 28-14 victory over Texas Tech Saturday, "we certainly didn't look like the team folks thought we were." But he added a definite "yet".

The players didn't take anything away from Texas Tech. It was a great ball club they played, said Coach Blair Cherry. "What hurt us was our mistakes."

Poor tackling, poor blocking, and inability of its touted line to hold the Red Raiders rampaging Ike Stuver and Earl Jackson were some of the reasons for the gloom.

Bud Wilkinson, Oklahoma University's coach, didn't share the general feeling of disappointment over Texas' performance.

"That's a great ball club," he said of the team he was scouting. And "they were playing a great ball club," meaning that Texas Tech was no slouch and that anybody who thought so was all wet.

Wilkinson's Sooners meet Texas Oct. 14 in the Cotton Bowl at Dallas.

Cherry han one thing to be pleased about, his team's passing. Ben Tompkins completed eight out of 11 and Dan Page's chunking was okeh. The Steers rolled up 240 yards passing, but picked up only 32 on the ground. Texas Tech made 235 yards through Texas' veteran—17-lettermen—line. And Jackson and Stuver gained it all.

Texas showing was the only surprise for Southwest Conference fans as six of the ueven teams opened the 1950 season.

Southern Methodist, generally picked second to Texas, flashed speed, deception and power, in crushing Georgia Tech, 33-13. Texas A&M, for two year's the circuit's whipping boy, socked Nevada, 48-18, and Texas Christian squeezed by Kansas, 14-7.

But an Oklahoma A&M a team rated back from "poor to poorer" knocked off Arkansas 12-7, and Wyoming beat Baylor, 7-0.

Arkansas, under new coach Otis Douglas and using a pro football brand of play, was expected to be one of the stronger teams. Baylor, while figured to finish last, was doped to have more than enough ability to beat Wyoming.

Rice, the seventh team, doesn't open until next week.

There was nothing surprising about th conference's individual star—Kyle Rote.

The big Southern Methodist halfback scored two touchdowns, passed for two more and gained 130 of SMU's 223 yards. The Mustang line, figured to be only so-so, held Georgia Tech to exactly 30 yards.

This week Southern Methodist tackles Ohio State; Texas entertains Purdue; Texas A&M meets Texas tech; Rice opens against Santa Clara; Baylor takes on the University of Houston; Texas Christian tries Oklahoma A&M and Arkansas gets a chance to rebound against North Texas State.

Seasons standings:

TEAM	W	L	PCT	PTS	OP
SMU	1	0	.000	33	13
Texas	1	0	1.000	28	14
TEXAS	⅛	?	⅛.???	¼	
TCU	1	0	1.000	14	7
Rice	0	0	.000	0	0
Baylor	0	1	.000	0	7
Arkansas	0	1	.000	7	12

Son of Snyder Woman Arrives in Philippines

Pfc. Dehrl L. Robertson, son of Mrs. A. J. Keeth of Snyder, who joined the Air Force Nov. 1, 1949, in Abilene, has recently arrived at his overseas station with the U. S. Air Force in the Philippines.

Upon his arrival in the Philippines, he was assigned to a general supply squadron of Philippines Command (Air Force) and 13th Air Force on Clark Air Force Base in Central Luzon.

ADVERTISEMENT

Mrs. Delores Brown, who was suffering from a deficiency of Vitamins B1, B2, Iron, and Niacin, 1628 Central Ave., Cincinnati, Ohio, says she wants to congratulate those folks who read this who are feeling first rate—but she has a word of advice for those folks who are feeling miserable. Her advice is "take HADACOL," if you want to feel as good as she does if they are suffering from such deficiencies.

Here is Mrs. Brown's own statement on how HADACOL helped her by relieving such deficiences: "Before I started taking HADACOL I had indigestion very bad. Sometimes I would not go to sleep at all during the night, and if I did it was only for a couple of hours. When I did sleep I got very little rest, I had just about given up hope—I had tried so many, many things and nothing helped me. Then one day I heard how other folks were being helped by the blessings of HADACOL. I started taking HADACOL and after the first few bottles I noticed an improvement. Now I have no more indigestion. The best thing that HADACOL has done for me is that I sleep all night long—and when I awake in the morning I know I've rested. I just can't praise HADACOL enough.'

"Wonderful" Describes the Way

Hadacol has helped thousands of folks whose systems were deficient in Vitamins B1, B2, Iron, and Niacin. HADACOL can give you help, too, if you will just give HADACOL a chance—If you suffer from stomach distress, indigestion or insomnia, constipation, aches and pains of neuritis or a general run-down condition, caused by such deficiencies, let HADACOL help you as it has helped others all over the country, Even hundreds of doctors are recommending HADACOL to their patients who are suffering from such deficiencies.

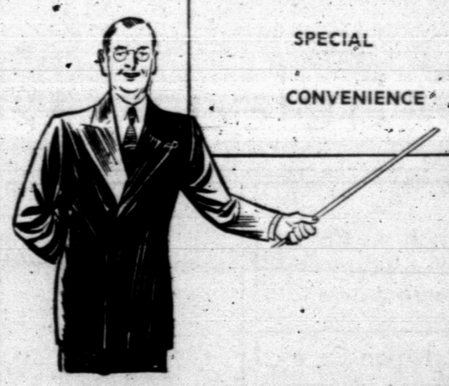

Give remarkable HADACOL a chance to help you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles you take, or your money will be refunded. Only $1.25 for Trial Size. Large Family or Hospital Size, $3.50.

German States Favor Merger

FRANKFURT, Germany, Monday, Sept. 25. (AP) — Two small Southwest German states voted overwhelmingly yesterday in favor of merging with a third to form one big state. But the third state voted emphatically against the proposed merger.

The plebiscie was only advisory. The three state parliaments will make the final decision. The results of the balloting leaves in doubt the probable decision of these bodies.

South Baden voted 59 per cent against merging. Wuerttemberg-Hohenzollern voted 92.5 per cent and Wuerttemberg-Baden 76.67 per cent in favor of the proposal.

The three states were carved out of former German states in order to fit occupation zonal boundaries.

Sponsors of the proposed merger have two main objectives:

1. Economy — which would be achieved by substituting one state government for three.

2. Greater prestige—a big, powerful state instead of three small ones. It would have about 6,500,000 population.

The merger would raise a problem. The new state would be split between the American and French occupation zones. It would include Heidelberg, headquarters of the U. S. Army of Occupation, and Stuttgart, headquarters of the U.S. constabulary.

Four Irishmen to Try Fresh Water Sailing After Atlantic Trip

AFTER ATLANTIC TRIP — 14...

NEW YORK, Sept. 25. (AP) — Four young Irishmen who crossed the Atlantic in a 36-foot cutter are going to try their hands at fresh water sailing.

They plan to take their little gaff-rigged sailboat through the Great Lakes so three of them can study architecture under Frank Lloyd Wright at Spring Green, Wisc.

The four, Kevin O'Farrell, Anthony Jacob, John Kenny and Desmond Dalton, arrived here yesterday. O'Farrell came along for adventure. The others plan architectural study.

They bought the boat for $420, refitted her, and sailed from Ireland last June 15. They reached Bermuda late in August and sailed for New York Sept. 12. They had hoped to make the last leg in seven days, but were held up by headwinds.

They said the total cost of the trip—including the boat—was about $1,000.

More Than Three Times As Many Loyalty Checks

WASHINGTON, Sept. 25. (AP)—The Civil Service Commission reported today that its work in connection with the federal employes loyalty program has more than tripled in recent months.

The increase was attributed to heavy hiring of new employes because of the Korean war and rearmament.

The agency said in a statement that it was prepared on July 1 to handle an average of 6,000 routine loyalty checks weekly, but that during the week ended Sept. 16 it was asked to check 21,000 prospective new employes.

It said it had transferred workers from other activities to handle the increased load.

Government's Civilian Payroll Up in August

WASHINGTON, Sept. 25. (AP)—The government's civilian payroll increased nearly 77,000 during August to a total of 2,060,400, the Civil Service Commission said today.

The total includes employment in the executive branch of the government both in this country and overseas.

The increase was attributed to the Defense Department and the selective service system, which added more than 80,000 civilian employes during August. There were offsetting reductions in other agencies, principally the post office and the Veterans Administration.

Italian Government Begins Land Reform

COTRONE, Italy, Sept. 25. (AP) — Premier Alcide de Gasperi's government began its nationwide land reform program yesterday. Thirty peasant families near here got the first parcels of farm land.

The first redistribution was made in the little village of Santa Severina. During the next two weeks each of the village's 460 families will be given a farm plot ranging from seven to ten acres in size.

The multi-million dollar program calls for the redistribution of some 3,700,000 acres of private and public lands among an estimated 400,-

Japanese Give Gifts To Wounded Americans

TOKYO, Sept. 25. (AP) — Japanese employes of the U. S. Far East Materiel Command have raised 300,000 yen ($837) for confort gifts to wounded Americans returned to the command's hospital.

Brig. Gen. John P. Doyle approved the plan, which Japanese employes suggested.

Marines Roll Toward Seoul

New Book About Truman Tells Of Early Business Enterprises

By SAM SUMMERLIN
(Associated Press Staff)

RALEIGH, N. C., Sept. 25—An author-editor-politician has written a biography of Harry S. Truman. Did you know that the President took a flyer in the oil business, as a young man?

In "The Man of Independence," Jonathan Daniels says he has tried to "interpret the president in the terms of the average American man."

Daniels, 48-year-old editor of the Raleigh (N. C.) News and Observer White House intimate, and author of such books as "A Southerner Discovers The South" and "A Southerner Discovers New England," will see his new work published Sept. 27.

In an interview, Daniels said he believes he has uncovered facts about the president which have never been published. These include hitherto unrecorded details of Truman's relations with the late Kansas City "boss" Tom Pendergast. Truman's tiff with former Secretary of State Jimmy Byrnes and the President's relations with the late President Roosevelt.

PREFERS TO KEEP MUM

Daniels prefers to keep mum on these details until after his book is published.

"The biggest surprise I got in writing the book was finding that so little research had been done on Truman's life before he became president," Daniels said. For example, he said he discovered that Truman took a fling in a number of other businesses besides the celebrated ill-fated haberdashery.

Daniels should know what's new about Truman—after serving as administrative assistant and press secretary to President Roosevelt, he was adviser and speechwriter for Truman during the now historic 1948 campaign. Daniels is Democrat National Committeeman from North Carolina, and has been one of the strongest southern supporters of the national administration.

Daniels says the idea for the book was suggested by George Stevens, Editor of J. P. Lippincott.

"I asked the President about it, and he said he'd like me to do the book," Daniels remarked.

CHIEF SOURCE

"The chief source," he added, "must be set down as the President himself—even though he probably will disagree with some of my conclusions. I don't expect Truman to like all the new lines I have put upon his portrait."

"The President cautioned me, though, not to trust his memory," Daniels said. "He wanted me to check the facts where the facts were recorded—and I think I have made the most thorough possible search for them."

Vivian and Mary Jane, the President's brother and sister, shared their memories, daughter Margaret related things about her early life.

"I was surprised to discover the forgotten activities of Truman in oil, mining and the building and loan business," the author said.

"All books say that before World War I, Truman was a farmer. Well, that's true. But he also went into the oil business, with a firm called Morgan and Company.

MORGAN TELLS STORY

Daniels said he searched in vain for someone who recalled this enterprise until he finally located David H. Morgan himself in Eureka, Kan.

"Morgan told me that the company, of which Truman was treasurer, managed to sink a well 900 feet, but it was dry all the way. With the war coming on and no money to go on, the group sold out to a bigger firm. This company promptly went down 1,000 feet more, and came in with one of the biggest wells in Kansas.

Daniels said Morgan chuckles when he relates how he received a letter from Truman in which his former partner wrote that he probably wouldn't be President today if that well had come through before the sale.

Hearing Is Set By Aeronautics Board For Bolivian Pilot

WASHINGTON, Sept. 25. (AP)—The Civil Aeronautics Board called hearings today on whether to revoke the U. S. pilot's license of Eric Rios Bridoux, Bolivian flier involved in a crash here in which 55 persons were killed.

Rios Bridoux piloted a fighter plane which crashed into the tail of an Eastern Airlines DC-4 near National Airport last Nov. 1. All aboard the airliner were killed.

The CAB has charged the Bolivian with failure to follow instructions from the traffic control tower and with "careless and reckless" flying.

Rios Bridoux, who was critically injured in the accident, has denied responsibility, saying the airliner was being operated in a "careless and negligent" manner.

Men Convicted of 1949 Holdup Slaying Die

BELLEFONTE, Pa., Sept. 25. (AP) Two convicted holdup slayers died in the electric chair at Rockview Penitentiary today.

First to go to the chair was Alexander Niemi, 31, who was pronounced dead at 12:31 a. m., EST His companion, Walter Maloney, 32, was pronounced dead at 12:39 a.m.

Niemi and Maloney were convicted on first degree murder charges in the shooting of Jacob Davis during a Chester, Pa., taproom holdup Jan. 6, 1949.

Both Niemi and Maloney appealed their convictions to the Pennsylvania Supreme Court but the appeals were denied. Niemi later asked the state pardons board to consider his case, but that plea also was rejected.

The explorer Marquette reported finding watermelons cultivated in the interior of America in 1673.

Test plots of safflower have yielded up to 3,600 pounds of seed per acre.

15-Year-Old Girl Held In Fatal Shooting

UKIAH, Calif., Sept. 25. (AP) — A 15-year-old girl, a one-time mental patient, as held today for the fatal shooting of a 70-year-old backwoods pensioner.

Sheriff Beverly Broaddus said blonde Helen George calmly told him:

"I had a desire to kill. I wanted to kill my father (Melvin George), but he's way down in Santa Rosa."

The victim was Samuel C. Walitch. He was found dead, a bullet hole behind his ear, after the girl hiked nearly 30 miles and told her story to an incredulous pastor at Willits. The preacher, Peter North, called Broaddus. The sheriff said Helen related:

Saturday, she took a pistol, walked to Walitch's place, chatted with him, then shot him when he turned his back. She discarded the pistol and walked to the North home.

Helen lived with her grandmother, Mrs. Helen Heitz, two miles from Walitch's place. Her mother is in Sonoma County Hospital, Santa Rosa, with a broken ankle.

Broaddus said records showed Helen had spent periods in Napa State Hospital for mental observation. He said she would be held at Mendocino State Hospital pending further investigation.

London's Communist Paper Blasts New Law

LONDON, Sept. 25. (AP) — London's Communist "Daily Worker" called upon British liberals today to "kill the American anti-Communist bill" by flooding the White House with protests.

"Let every progressive organization in Britain flood the White House with demands that the measure be withdrawn now."

West Germany Disturbed By Youth Riots

BOCHUM, Germany, Sept. 25. (AP) —Chancellor Konrad Adenauer took steps today to quell Communist exuberance in West Germany after hundreds of young Reds tried yesterday to break up a rally of 30,000 trade union miners.

Shouting Communist slogans and jerring West German President Theodor Heuss, the Red youths began by harassing a parade of the non-Communist miner's union. At the rally they made so much noise Heuss was forced to interrupt his speech. Police, after a sharp struggle, finally broke up the demonstration.

Adenauer told reporters in Bonn he took a grave view of the disturbance and said his government would use every means to bring the Communist Youth group under control.

He called yesterday's riot "especially serious, because it was directed against the federal president himself." Such incidents, he said, showed the need for organizing the 40,000 mobile police authorized for West Germany by the western allies.

Red disorders have been cropping up in west Germany all month to carry out the announced Communist program of "national resistance" against the Western Powers and the West German government.

War Games In West Germany

SENNELAGER, Germany, Sept. 25. (AP) — Allied ground and air forces engaged in a vast practice battle today to find a defense — if there is one — against a theoretically superior air force.

The ground-air conflict was the first major phase in autumn maneuvers which began yesterday. Tactics were based on allied military belief that any attack against western Europe would be backed by an air force bigger than anything the westerners could at first put in the skies.

On the ground today were two British occupation divisions, a Belgian and a Danish brigade and an American battalion. Harassing them from the air were the Royal Air Force's second group and two naval air squadrons.

Highland Park Streets Are Paved With Asphalt

Paving of five streets in the Highland Park addition neared completion Sunday as rock was being rolled into the asphalt topping.

Paving operations began Wednesday when the caliche and rock base was graded and rolled prior to oiling with an asphalt base primer Thursday. Heavy asphalt was applied to Avenue V, the first street in the addition, Friday afternoon and to the other streets yesterday.

Completion of the paving is expected today on these streets. They are Avenue V, Rose Circle, Highland Drive, Dawson Drive, and Sunset Avenue.

Scurry Well

(Continued From Page 1)

to get a more satisfactory setting. When that has been accomplished the plug will be drilled and the 4,020-4,512-foot horizon will be tested in an effort to complete it for some sort of production.

1-B WIL CONELL

Drilling and exploration Co. Inc. of Abilene, is to plug and abandon its No. 1-B Wil Connell, Southwest Kent County Wildcat, two and one-half miles northeast of Polar.

This project drilled to a total depth of 8,010 feet in barren Ellenburger.

That formation was topped at 7,850 feet. Elevation is 2,330 feet.

After drilling to total depth of 8,010 feet and finding no fluid in the Ellenburger, operator plugged back and ran a drillstem test in the Mississippian at 7,633-7,714 feet.

The tool was open two hours; recovery was 1,080 feet of blackish drilling mud, 90 feet of mud-cut water and 240 feet of salt water. There were no signs of petroleum.

Operator has now ordered the exploration plugged.

It was 660 feet from the south and west lines of section 5, block 5, H&GN survey, and one and three-quarter miles northwest of Kewanee Oil Co. No. 1-C Wil Connell, discovery well of the East Polar Pennsylvanian Field.

HYDROFRACK

Humble Oil & Refining Co. No. 1 Midkiff, Southeast Midland County prospective discovery from the Spraberry sand of the Permian is being prepared for hydrofrack treatment at 7,451-7,520 feet.

That interval was swabbed for more than 24 hours. No oil surfaced during the swabbing.

This project had flowed an average of 8.6 barrels of oil per hour, plus 1.1 barrels of water per hour from 7,2817,347 feet.

Location is 660 feet from north and west lines of section 46, block 38, T&P survey, T-4-S.

IN TERRY COUNTY

According to an unofficial and unverified sources a 9,000-foot wildcat is to be drilled in Southeast Terry County by Pawnee Oil Co. of Shawnee, Okla., as its No. 1 S. J. Bozeman.

The location is reported to be at the center of the southeast quarter of the southeast quarter of section 70, block T, D&W survey.

That would put it six and one half miles southeast of Brownfield, and slightly more than two miles south and a little east of the Union Oil Co. of California No. 1 Laura Cotten, discovery well for flowing production from the Pennsylvanian reef to open the CottenCanyon field; four and one-half miles south east of Brownfield.

PECOS EXTENDER

P. R. (Pat) Rutherford of Houston, No. 1-A Alton E. Simmons—State, North Pecos County exploration has found oil in the San Andres lime, 3,500 feet southwest of the nearest wells producing from that formation.

The exploration ran a drillstem test in the San Andres at 2,434-48 feet. The tool was open one hour. Recovery was 570 feet of oil. There was no water.

Operator is to drill ahead. The project was originally started to go to about 5,500 feet to try for production in the Montoya pay of the Abell-Silurian Montova field.

It will continue to the deeper zone and if it makes an oil well there operator probably will drill a twin to it to produce the San Andres oil.

It is located 330 feet from north and west lines of section 18, block 2, H&TC survey. That makes it three miles north of Buena Viesta.

The Rutherford project is adjacent to wells which produce from the Montoya. There are completed wells from that zone between the Rutherford development and the San Andres producers which are 3,500 feet to the northeast. Those Montoya wells failed to produce in the San Andres.

ABANDONED

Houston Oil Co. of Texas No. 1 H. C. Hinson, et al, Northeast Terry County prospector, one mile west of the two producers from the Pennsylvanian lime in the Mound Lake field is being plugged and abandoned at total depth of 10,245 feet in barren, dry, lower Pennsylvanian lime and shale.

This venture is located 660 feet from west and 1,980 feet from north lines of section 2, block T, D&W survey. It is about eight miles northeast of Brownfield.

Last activity at the exploration before it was ordered plugged was a two and one-half hour drillstem test at 10,172-245 feet.

Recovery was 330 feet of drilling mud. There were no shows of oil, gas or water.

This wildcat topped the Pennsylvanian lime at 9,810 feet, on a datum of minus 6,539 feet. That makes it 382 feet low to the closest producer from the Pennsylvanian lime in the Mound Lake field.

SCURRY LOCATION

Standard Oil Co. of Texas will begin operations immediately on its No. 2-8 A. C. Martin, new project in the North Snyder-Strawn field of Scurry County.

Drillsite is 1,667 feet from west and 3,340 feet from south lines of section 386, block 97, H&TC survey and eight miles north of Snyder.

It will be drilled with rotary tools to 7,550 feet.

KING FAILURE

Ard Drilling Co. has plugged and abandoned its No. 6 R. B. Masterson, wildcat 15 miles northeast of Guthrie in Northeast King County. Total depth is 5,595 feet.

It missed the pay found in the same company's No. 1 Masterson three miles north.

This failure is in section 55, AB-

Four West Texas Counties To Get Wildcat Locations

Locations for wildcats in four West Texas Counties were reported to the Railroad Commission of Texas district office in Midland Saturday.

Crane, Dickens, Ward and Andrews are to get the new prospectors.

The Crane County exploration is to be drilled by Humble Oil & Refining Co. as its No. 1 Hallie C. Day, et al.

Location is 1,980 feet from north and west lines of section 15, block X, CCSD&RGNG survey. That makes it five miles southwest of the town of Crane, in the east-central sector of the county.

It is projected to 8,500 feet, which should carry it into the Devonian. Operations are to begin immediately.

National Associated Petroleum Co. of Tulsa, No. 1 Edith Blackwell is to be an 8,000-foot wildcat two miles northwest of the town of Dickens.

Drilling at the venture is slated to start at once. It is located 660 feet from north and east lines of section 5, block C, C. U. Connellee survey.

The proposed destination of 8,000 feet is calculated to take the development into the Ellenburgher.

C. S. Messenger of Royalty is to begin operations at once on his No. 1 John W. Sweatt, which is contracted 5,000 feet to try for petroleum in the Delaware sand in Southwest Ward County.

It is to be two miles north of Barstow, and 2,310 feet from west and 1,650 feet from north lines of section 201, block 34, H&TC survey.

The prospector is to be drilled with cable tools.

A 5,000-foot wildcat has been slated for drilling in the immediate future by AndersonPrichard Oil Corp. and Stanolind Oil & Gas Co. in Southeast Andrews County, one and one-quarter miles east of production in the Midland Farms field.

This prospector, projected to test the lower Grayburg, is the No. 1-F-34 Fasken. Location will be 660 feet from south and west lines of section 34, block 41, T-2-N, G&MM-B&A survey, and 13 miles southeast of the town of Andrews.

This is the fourth of eight wildcats Anderson-Prichard and Stanolind have agreed to drill in the Midland Farms area by April 1, &M survey.

M. D. BRYANT

Ohio Oil Co. No. 1 M. D. Bryant, West Tom Green County wildcat, recovered 4,855 feet of salt water on a drillstem test in Pennsylvanian lime at 5,700-5,716 feet.

Tool was open one hour. Total recovery was 375 feet of slightly gas-cut mud and the salt water.

The test was through perforations with packer set at 5,690 feet. The No. 1 Bryant is at a plugged back total depth of 5,726 feet.

Operator plans to set another packer and test the interval at 5,693-5,668 feet. Some shows of oil and gas were found when the formation was drilled through that interval.

On a previous drillstem test at 5,736-5,750 feet through perforations the No. 1 Bryant had a good blow of air for 20 minutes on a one-hour test. No shows of gas, oil or water were developed.

Drillsite is two miles south and one-half mile west of Tankersley. Exact location is 1,640 feet from east and 660 feet from north lines of southwest corner of section 1146 ½, EL&RR survey.

NO SHOWS

No shows of oil, gas or water was recovered on a drillstem test in the top of the Ellenburger at Ohio Oil Co.'s No. 1 J. W. Turner, Northwest Tom Green County wildcat.

The test was run over a 56-foot interval at 7,074-7,130 feet. It lasted for 30 minutes. The Ellenburger was topped at 7,070 feet. Elevation is 2,187 feet.

Operator will drill the prospector on to its projected 7,300-foot depth, or 300 feet into the Ellenburger.

Recovery on the drillstem test was 50 feet of mud.

Location is 660 feet out of the southeast corner of section 1,135, TC survey, abstract 5,150 and 12 miles northwest of San Angelo.

GARZA FAILURE

George P. Livermore, Inc. of Lubbock has abandoned its No. 1 Hattie Connell as a dry hole in Central-Garza County, seven miles southeast of Post.

Operator quit the wildcat failure at total depth of 3,310 feet in San Andres lime.

It is located in section 8, block 5, GH&H survey.

NOLAN FAILURE

Youngblood & Foree of Dallas, No. 1 C. B. Kilgore, wildcat in South-Central Nolan County, three miles southeast of Maryneal, has been plugged and abandoned at total depth of 7,028 feet in Ellenburger.

A three-hour drillstem test from 1,890 to 7,025 feet recovered 200 feet of oil, 360 feet of mud-cut oil and 180 feet of sulphur water.

Ellenburger was topped in this failure at 6,874 feet.

It is located in section 141, block 1-A, H&TC survey.

OZONA WILDCAT

J. C. Maxwell, Inc. of Fort Worth has scheduled at 1,500-foot cable tool wildcat 15 miles north of Ozona in Northeast Crockett County.

It will be the No. 1-UU2, 330 feet from south and west lines of the northwest quarter of section 14, block 42, University survey.

Drillsite will be about three and one-quarter miles west and slightly south of the same operators' No. 1-H-15 David Fasken, recently abandoned as a failure 4,900 feet.

The Midland Farms field gets its production from the lower Grayburg.

Funeral For Mrs. Annie Sanders, 58, to Be In Hico, Tex., Tomorrow

Mrs. Annie Jane Sanders, 58, died unexpectedly last night at her home about five miles east of the city on the Sweetwater highway.

Funeral services will be held tomorrow in Hico, Tex. Bolger-Barnes Funeral Home is taking the body to Hico this afternoon.

Mrs. Sanders came to Snyder with her family a year ago from Hico. Her husband, E. Sanders, is a painter and carpenter here.

She is survived by her husband; a daughter, Mrs. Iona Williams of Hico; three sons, Estes Sanders of Abilene, Elton Sanders of Hico, and Glenn Sanders of Snyder; two brothers, Albert Shipley of Vernon and A. D. Shipley of Hico; and two sisters, Mrs. Ada Climmer of Abilene and Mrs. Allie Lynch of Eastland.

Oklahoma Doctors To Probe Child's Death

OKLAHOMA CITY, Sept. 25. (AP) —A young Oklahoma City mother's charge that her 11-month-old daughter died because doctors refused to care for her is headed for an Oklahoma county medical society investigation.

Dr. Walker Morledge, chairman of the society's grievance committee, said he would like to know all the facts in the case and "why the woman was unable to get a doctor." The society meets tomorrow.

Mrs. Kenneth Hall said she tried unsuccessfully over a two-week period to get a doctor to see Susan Ann after her family doctor said he was too busy to examine the child. Susan Ann died of whooping cough Saturday night en route to a hospital.

Plane And Cars Rush Baby Boy To Hospital

DENVER, Sept. 25. (AP) — A six-week-old boy was rushed to Children's Hospital here early today at the end of a mad dash by auto and plane from his Oklahoma home.

Physicians said the boy, Daryl Powell, has been in a coma for several days and may be suffering from meningitis encephalitis. He is the son of the Rev. Jerrold Powell, Blackwell, Okla., Methodist minister.

Dr. C. W. Ball and the parents rushed to the Oklahoma City airport in Ball's car. The brakes failed. Friendly motorists ran interference before a highway patrolman transferred them to his car for the final dash through heavy traffic.

The mother, doctor and baby boarded a Braniff Airliner just two minutes before it took off for Denver. A taxi made the last lap from the Denver airport to the hospital. Dr. Ball said the tot seemed to make the trip "very well."

Cold Air And Smoke Hit Eastern States

A chill blast hit a large area of the nation again today under a heavy layer of smoke from Canadian forest fires.

But the smoke, about 3,000 feet thick, was moving out in to the Atlantic Ocean and the weather bureau expected temperatures to return to their autumn normals as the sun again comes into view.

The smoke moved in yesterday over the area from the Great Lakes eastward to the seaboard and as far south as the Ohio Valley. The New York weather forecaster said he never had heard of such a thick layer of smoke over such a wide area.

It made many places so dark street lights were turned on and in Cleveland and Pittsburgh baseball parks afternoon games were played with floodlights on. The Pittsburgh-Detroit football game at Detroit also was played under lights.

Temperatures were on the rise early today in the central and northern plain states and the northern Great Lakes region. But rain and cooler weather had moved into the Pacific Northwest.

The mercury skidded into the 30s today as far south as Kentucky.

Licensing Of Nurses

WACO, Sept. 25. (AP) — The Texas Practical Nurses Assn.'s executive committee has drafted a bill for licensing practical nurses and hope to present the measure to the next session of the legislature.

Allies Gain in Korea

The arrows locate the main Allied drives in South Korea as a clamp was tightened on Seoul in the drive against the Red-held South Korean capitol. in the southeast, tank-led troops gained 35 miles in 35 hours northwest of Taegu, entering Sangju only 86 miles southeast of the U. N. held city of Suwon. Gains were also reported in other drives in the southeast beachhead.

Pilot Gives Dirty Look, And Destroys Red Tank

WITH U. S. 25TH DIVISION Korea, Sept. 25. (AP) — A young New Jersey pilot has the reputation of knocking out a Red tank with nothing but a dirty look.

Lt. James E. Alvatore of Red Bank, N. J., flies a small unarmed aircraft used to spot enemy targets for American artillerymen.

He saw an enemy tank going over a bridge and decided to throw a scare into the Communist crew. He zoomed as if in attack. And he made as angry a face as he could.

The startled tank driver looked up, saw the pilot's face and lost control. His tank ran off the bridge and was wrecked.

Six Killed Near Paris

PARIS, Sept. 25. (AP) — Six passengers were killed and seven seriously injured today in the derailment of an express train near Nancy, the government-owned railways announced. Many others were less seriously injured.

Baton Rouge Votes On $14 Million Bond Issue

BATON ROUGE, Sept. 25. (AP) — Property owners of Baton Rouge and East Baton Rouge Parish vote tomorrow on proposals to issue a total of $14 million bonds for improvements.

The bonds are to finance major street improvements, a parish-wide drainage program, two branch libraries, a municipal auditorium and civic center and other recreation facilities.

Cotton Ginning Shows Big Decrease From '49

WASHINGTON, Sept. 25. (AP)—The Census Bureau reported today that 1950-crop cotton ginned prior to Sept. 16 totaled 1,510,577 running bales.

This compared with 2,695,465 ginned to the same date last year and 2,8642,77 to the same date two years ago.

Included in this season's ginnings were 373 bales of American-Egyptian cotton compared with 15 to the same date last year and 1 to the same day two years ago.

Kermit Funeral For Former Snyder Man

Funeral services were held yesterday for Robert Edward Kropp, 30, in the Assembly of God Church in Kermit.

Kropp was killed Thursday night in an oil field blast in the Kermit field. He is survived by his wife and three children.

Kropp was born in Snyder and attended Ira high school. He is the son of Mr. and Mrs. Robb Kropp of Kermit. The family moved to Kermit about six years ago.

Relatives in Snyder who attended the funeral were: Mrs. Orville Taylor, Mrs. Edward Taylor and Mrs. James R. Cook.

Leuders Family Glad Son Found In B-50 Crash In Labrador

TUCSON, Ariz., Sept. 25. (AP) — "Everyone's prayers saved them all," said Mrs. Roy A. Davis, wife of the Texas pilot of the missing B-50 bomber found in the wilds of Labrador yesterday.

She and other 2ives of the crewmen, stationed here at Davis-Monthan air base were thankful their men were safe. "We all had been praying since we knew the plane was missing," she said simply. "It was a miracle."

First Lt. Davis and 15 others were spotted from the air by a Royal Canadian Air Force search plane. The group was found about 95 miles southwest of Goose Bay.

In Lueders, Tex., Davis' hometown, the story of the crash had been kept from his mother, 56-year-old Mrs. C. A. Davis, for three days. A neighbor, Mrs. Albert Aycock, said she stood up well when port her son was safe.

Pistol Fired At Car When Driver Fails To Stop At Patrol Siren

Four persons were charged in county court this morning with operating motor vehicles while intoxicated, three of them pleading not guilty, one pleading guilty.

Bonds of $500 each were fixed for Aubrey Lee Whitehead, 38, of Fourth Street and Avenue R; Robert Dean Pilkington, 21, of 2502 Avenue I; and Mrs. Dorothy Spencer, all pleading not guilty.

Frank John Grummer, 30, of 306 Avenue U, paid a fine of $100 and court cost of $23 after pleading guilty. He had overturned his car in an accident Saturday night.

Pilkington was arrested after pursuit in which a pistol shot was fired at a rear tire of his automobile by E. W. Green, highway patrolman. With Green were Bill Zimmerman, highway patrolman, and Homer Whisnand, deputy sheriff, who stated that Pilkington would not stop when they sounded the patrol car siren. When the shot was fired, however, he stopped the vehicle, they said. The tire was not hit.

Man Uninjured When His Car Overturns

Frank John Grummer, 30, of 306 Avenue U, escaped injury Saturday night when the automobile he was driving overturned about 13 miles south of Snyder on the new Big Spring highway.

Bill Zimmerman, highway patrolman, said the automobile, a 1949 Ford club coupe, apparently was traveling north when the accident occured, and that the care left the highway, overturned, and landed upright in a field.

Gummer was asleep in the back seat of the vehicle when Zimmerman and his partner, E. W. Green, arrived, they said. Grummer paid a fine of $123.50, including court cost, this morning when he pleaded guilty to a charge of driving while intoxicated.

Dozen Violent Deaths Over The Week End

(By the Associated Press)

At least a dozen persons died violenly in Texas over the week end. Only four deaths resulted from traffic accidents.

O'Neil Sarver, 76, of Almeda was killed when a piece of lumber projecting from the rear of a truck hit him. A charge of negligent homicide was filed against Lutcher B. Wade, 29, the truck driver, with Justice of the Peace Neal Shurtleff.

Benjamin F. Hollis, 69, of Sweetwater, was found dead beside a highway on the outskirts of Merkel Saturday, apparently the victim of a hit-run driver.

ROTAN MAN

John Browning, 48, Rotan, was killed when the pickup truck in which he was riding hit a culvert and overturned near Sweetwater.

John Allen Waldrop, Sr., 73 was hit and killed by a car while crossing a street near Arlington Saturdrowned Sunday when his car overday.

Parfarlio Guerrero, 18, of Hahn turned into a flooded ditch seven miles north of El Campo.

Pfc. Patrick Ryen Landon, 17, home on furlough from Lackland Air Force Base, was found shot to death in Dallas Sunday.

John Sandlin, about 44, a Taxi company operator, was shot to death Saturday night in a Houston cafe.

Mrs. Faye D. Stout, 38, was found shot to death in a parked car near Houston Saturday. Justice Shurleff returned a suicide verdict.

ON RAIL TRACKS

The dismembered body of Pablo Gauna, 50, was found Saturday night on Missouri-Pacific tracks near San Marcos.

Mrs. R. A. Beaton, 65, died Saturday of injuries suffered when she apparently fell down the steps of her Dallas home.

Wilborn Durwood Riley, 24, a Baylor University medical student, was found dead in his Houston apartment. Police said a jar of sodium cyanide was near the bed. Justice of the Peace W. C. Ragan ordered an autopsy.

Mrs. Trudy Brown, 34, died in a Houston hospital after her husband and 12-year-old daughter said she drank a chicken roost spray chemical. Ragan ordered an autopsy in that case, too.

Freedom Bell Sent To Houston For Showing

EL PASO, Sept. 25. (AP) — The Freedom Bell was on its way to Houston today after it stopped here yesterday for ceremonies at which W. G. McDaniel of Dallas was main speaker.

McDaniel, president of the State Junior Chamber of Commerce, called on Texans to "fight the battle of words in the war behind the war."

The stop here was one of 12 on the bell's coast-to-coast tour.

Purpose of the tour is to have Americans sign the "freedom scrolls" which will be enshrined in the base of the bell when it is set up in Berlin.

Sweetwater Pilot Is Credited With Train

TOKYO, Sept. 25. (AP) — Capt. James H. Morrow of Sweetwater, Tex., flew a B-26 which destroyed a North Korean ammunition train seven miles north of Taejon, a communique from UN headquarters reported today.

The attack, which occurred last night, was a solo job for the bomber.

"There were terrific explosions said Capt. John A. Bilson, the said capt. John A. Bilson, the navigator, of Patterson, N. J.

Realtors Predict Rent Controls From Now On

AUSTIN, Sept. 25. (AP) — An official of the National Real Estate Boards Assn. predicted government controls of rents "from now on" if a rent control bill is passed by the new Congress.

Herbert U. Nelson, executive vice president of the real estate group spoke yesterday to the Texas Real Estate Assn., and predicted that a rent control bill would be offered in the new Congress next year.

Fourth Army Head To Confer With Collins

SAN ANTONIO, Sept. 25. (AP)—Lt. Gen. Leroy Lutes, commanding the Fourth Army, left by air today for Camp Polk, La., for an inspection and conference with Gen. J. Lawton Collins, army chief of staff.

He planned to inspect the ston facilties and officers and NCO's clubs during the day, and to address officers and key non-commissioned officers tonight.

Aleman Dedicates New Tijuana Hispital

TIJUANA, Mex., Sept. 25. (AP) — President Miguel Aleman dedicated a 64-bed civil hospital vesterday and a new water pumping plant here. The hospital was named for the president.

The previous day, he dedicated the Morelos Dam on the Colorado River, and earlier he dedicated a score of public works as he toured Northwest Mexico en route to his ranch near here.

Trap Reds

(Continued From Page 1)

month after Red-Koreans smashed across Parallel 38 — was restored.

But there appeared to be little organized Red resistance to prevent sweeping new United Nations' gains.

LONG DRIVE

The First Cavalry task force had driven 70 miles in four days. A link-up of the two forces threatens to seal tens of thousands of Red troops in the south.

The fight for Seoul was pushed against Communist troops fighting from mud-hut to mud-hut. Other Reds held high points and poured deadly fire into allied forces.

One of these was South Mountain a commanding 700-foot hill in southern Seoul. Seventh division troops crossed the Han River Monday under cover of dawn mists and thrust against the hill position.

The Stars and Stripes waved over the highest point in Seoul's Southwest Tong Mak Sang District. It was put there Sunday night by Marines of Col. Lewis (Chesty) Puller's First Marine Regiment.

Tenth Corps officers expressed hope the flag would show within a few hours over Duk Soo in the heart of Seoul.

Marines, doughboys and South Koreans drove on the city's center from the southeast, southwest, west and north.

Both Flemish and French are official Belgian languages.

The U. S. Naval Academy at Annapolis was founded in 1845.

East Germans Will Try Six Communists

By THOMAS A. REEDY
(Associated Press Staff)

BERLIN, Sept. 25. — East German Communists are preparing a dramatic spy trial in which the long - missing Noel H. Field may play a major role.

This was disclosed today by Dr. Fritz Kaul, top Communist attorney in East Berlin.

The defendants will be six long-term Communists accused of doing business with the West. They were purged weeks ago and immediately jailed.

DEFENDANTS

They are:

Paul Merker, former member of the Socialist Unity Communist Party politburo and as such among the top men on the eastern regime from 1945 to 1950;

Lex Ende, editor of the party's official newspaper for two years;

Bruno Goldhammer, assistant to propaganda chief, Gerhart Eisler;

Willi Kreikemeyer, deposed executive director of the Soviet zone railway system;

Leo Bauer, former chief editor of Radio Berlin.

Maria Weiterer, of the Communist "Women's League."

All six were old time German Communists who fled from Hitler to the West. Party Boss Walter Ulbricht now is purging such persons and granting favors only to Communists who turned eastwards and became unquestioned supporters of the Soviet Union.

TAINTED

Charges against these six will be that they were tainted by western associations and lack faith in the Soviet Union.

Kaul said the basis of the "agent" charges would be paid with testimony that the six had connections with Field, former American State Department employe, whose whereabouts have been unknown since he disappeared a year and a half ago while en route from Prague to Bratislava. Western authorities call him a Communist. The Communists now call him a western spy.
