OIL FIRE IS BELIEVED INCENDIARY

BECOMES MOIST

* * *

Wet and dry leaders are astounded by the statement of William M. Forgrave, below, former head of the Massachusetts Anti-Saloon League, a militiant dry, in which he expresses himself as virtually endorsing the Swedish system of liquor dispensation. He advocates it in event that the "evils accompanying prohibition continue to grow and finally warrant a change."

MISSIONARY IS FOUND TO BE EX-CONVICT

LONG PRISON RECORD REVEALED AGAINST "REV." THURBER

(By Associated Press)

CLEVELAND, April 29 — The "Reverend" Ralph H. Thurber, who sent medical authorities of the country looking up his case when he claimed he expected to die from a malignant oriental disease, today stood revealed by police as an ex-convict with a long police record.

Thurber claimed he had recently returned from 10 years' missionary work in the Straits Settlements and Korea, but police said during part of that time he was serving sentences on bad check charges in Ohio and California penitentiaries.

Shell Shocked

Officials at Lockport, N. Y., said Mrs. Susan Thurber had a son Ralph who was shell shocked while with the Canadian forces overseas during the World war and since then had been subject to hallucinations. Mrs. Thurber was believed on her way here.

Physicians at the city hospital, however, said Thurber may be ill from distomiasis, a disease common in the far east but rare in this country, as he claims. The disease usually is contracted from eating poorly cooked fish and parasites attack the body.

Thurber admitted. Detective David Cowles said, that under the name of Louis A. Reppelle he was in the Ohio penitentiary from August 10, 1927, to March 15, 1930, on a charge of issuing a check to defraud a Cleveland hotel. Bertillon records also showed a Ralph H. Thurber served time in the San Quentin, Calif., prison from June, 1920, to September 3, 1921, on a similar charge.

A man by the same name also was acquitted of a robbery charge in San Francisco in February, 1920, and in 1927 was charged with grand larceny by Buffalo police. He was said to have deserted from Camp Fabian, Texas, a number of years ago.

Winners Announced In Poster Contest

Winners in a poster contest for Campfire Girls in connection with the second annual cleanup and paintup campaign here were announced this morning at chamber of commerce offices.

Miss Christine Smith won first, Miss Voncile Shelby second, and Miss Ernestine Sumner third, a judging committee appointed by the chamber of commerce decided.

Cleanup essays by junior and senior high school students were to be judged today and tomorrow.

Reports of cleaning, painting and general renovation at Lubbock residences, brought from homes by school children, have been turned to committees and results will be compiled within the next several days.

Second inspection of the cleanup program was made Tuesday.

Hundred Lives Are Lost In Earthquake

MOSCOW, April 29 (AP)—At least 100 persons were reported killed or injured today in an earthquake which struck three districts of the soviet republic of Nakichevan in trans-Caucasia.

Several villages were reported to have been wiped out and many houses in other settlements were destroyed. The trans-Caucasian government moved immediately to organize relief.

McKee's Death Sentence Affirmed

SELF DEFENSE CLAIMED BY DEFENDANT

SLAYER MUST DIE IN CHAIR, APPEALS COURT DECIDES

The death sentence dealt Ira McKee for murder in Dawson county was affirmed today by the state court of criminal appeals at Austin, according to an Associated Press dispatch.

McKee was convicted of killing W. R. Billingsley, May 1, 1930, when Billingsley surprised him holding up an automobile service station at Sparenburg. A store owned by Billingsley was across the street from the filling station. McKee was sentenced to death in June of 1930.

The alleged slayer was arrested about a month after the shooting. He first was lodged in the Lubbock county jail and subsequently moved to Lamesa, where he was tried. McKee then appealed.

McKee was alleged to have been robbing the home and store of Mrs. Mary Bryce, a widow, at the time of the killing. That was last May 1.

One of the grounds of the appeal was that the judge did not instruct the jury on self-defense. The court held McKee had forfeited the right of self-defense. "A killing is justifiable when it takes place in preventing a robbery, if done while the robber is in presence of the one robbed or is fleeing with property taken by him," the court said.

McKee also pleaded insanity.

PROGRESSIVES IN CAMPAIGN

THIRD CANDIDATE TO BE SPONSORED FOR SPEAKERSHIP

(By The Associated Press)

WASHINGTON, April 29 — Progressive Republicans will sponsor a third candidate in the house speakership election next December regardless of whom party regulars nominate.

This was the prediction today of Representative Schneider, Wisconsin Republican, as the capitol discussed prospects of two of the outstanding candidates, Republican Leader Tilson and Chairman Snell of the rules committee.

Schneider emphasized that progressives are mere interested in a liberal legislative program than in details of house organization.

"I am convinced there will be a third man in the race," he said. "I believe the progressives will exact an understanding for liberalization of the rules and for a program of progressive legislation."

Progressive support of a third candidate could block indefinitely the election of Democratic Leader Garner of Texas or his regular Republican opponent, because a majority vote is required to elect a speaker.

Meanwhile, the visit to Washington of Tilson and the temporary absence of Snell focused attention on the Connecticut leader's chances. Tilson definitely entered the race with the statement "I should naturally expect that I should be considered."

TRAIN LOOTED

TEXCOCO, Mexico, April 29. (AP)—Three bandits looted a passenger coach of the train from Mexico City as it was pulling out of the station here last night and escaped amid a hail of shots from passengers who drew their pistols as the bandits were descending from the train. None of the shots took effect.

RAINS BLANKET PLAINS

HIGHWAY CASE IS FAR FROM SETTLED

MRS. NAIRN'S APPEAL DISMISSED TODAY BY APPEALS COURT

The routing of Highway 24 out of Lubbock, long a controversy between parties interested in the two routes, Broadway and Avenue H, was apparently far from settled today in spite of the fact that the appeal of Mrs. W. G. Nairn et al, before the court of civil appeals in Amarillo was reported as dismissed. The appeal was made in the suit of Mrs. Nairn versus Robert Bean, et al.

J. E. Vickers of the firm of Vickers and Campbell, attorneys for Mrs. Nairn, said the dismissal from the court was not final but was made in order that the judgment of the court here could be perfected. Following the perfection of the judgment and the filing of a new bond, the appeal is to be reinstated in the Amarillo court, Mr. Vickers said.

Injunction Granted

A temporary injunction restraining the county of Lubbock and the state highway commission from rerouting the highway was granted Mrs. Nairn by the court in March after an appeal had been filed over the decision of the 99th district court. The injunction halted solicitation of right of way on the proposed route out of Broadway. Mrs. Nairn is intcrested in the route out Avenue H.

In the first action brought by the plaintiff the general demurrer of the defendants was sustained in a decision by Judge Clark M. Mullican.

The hearing held recently in Amarillo sought to obtain a permanent injunction in the case.

Other Cases Set

Juries of views were to hear about five or six more cases in the new move to secure additional right of way for the routing of the highway from Lubbock east to the county line through Idalou when the temporary injunction was filed. The proposed route was changed east from Lubbock on Broadway to the P. P. Brown corner, thence in a northeasterly direction to the junction of the Santa Fe and Fort Worth and Denver railroads.

Plaintiffs in the case besides Mrs. Nairn include, J. M. Hettler and his sister, F. A. McGee, P. P. Brown, Mrs. Mollie Abernathy, J. F. Hufstedler and others.

Man Sentenced For Punishing His Son

GIRARD, Kas April 29 (AP) — Elmer S. Dorris, Pittsburg, Kas., railway shopman faced a sentence of from one to five years in prison today for punishing his 5-year-old son with fire. Dorris pleaded guilty in district court yesterday.

The boy, burned severely against a stove in February, is recovering in a Pittsburg hospital.

HE'LL BE "MISTER AMERICA" NEXT

* * * * * * * * * * *

The mere males were shy about appearing in the "Men's Bathing Beauty Contest" at a beach near Los Angeles. Two hundred entered but only 20 appeared when it came time to display charms before admiring throngs. Herbert Bartheis, below, winner of the contest, is being presented with a cup by Miss Gladys Ford. He is "beautiful" but, oh, so cavemanish-looking! Did she say that?

Local School Exhibits Are On Display Today

PUBLIC IS ASKED TO VIEW WORK DONE BY STUDENTS

Offering material evidence of the achievements of students of the Lubbock public school system, the annual exhibits of all departments of the schools were opened to the public this morning in the gymnasium of the senior high school building. The exhibits will be on display daily from 9 a. m. until 9 p. m. until Saturday.

Thousands of citizens of Lubbock are expected to view the exhibits which represent the special work of more than 4,000 youngsters of the schools. Every available space in the gymnasium is taken up by the exhibits. It was estimated that approximately 5,000 articles make up the display.

Invitation Extended

M. H. Duncan, superintendent, and his corps of teachers are extending a special invitation to all patrons to view the work of the students.

From crude drawings paper cutouts and clay modelings of the youngsters in the first grade to the delicate needle work and tediously inlaid woodwork of the high school students, the exhibits represent the range of specialization offered in the schools. As one views

NEGRO PORTER RUNS AMUCK WITH AXE, CLUB

UTICA, N. Y., April 29. (AP)—Rebuked by a sleeping car conductor for entering the berth of a woman passenger on a New York Central train, J. E. Smith of New York, negro porter, today attacked and injured the pullman conductor, the train conductor and two passengers. Smith, who had used a club and axe, surrendered to state troopers at Thenandara, sixty miles out of Utica.

The injured included Edward English, Saranac Lake, Pullman conductor; James Mortnan, Utica, train conductor; and E. G. Feather, and A. L. Camrin, of Brooklyn, passengers.

English was severely cut on the head and shoulders. The others were not seriously hurt.

The train was en route from Utica to Montreal. Smith, resisting apprehension, backed through the train and had reached the private car of C. B. Broadhead, superintendent of the Adirondack division, before Thenandara was reached. Troopers, with gas bombs, boarded the train there and the negro dropped his axe and club when he saw the uniforms.

HOME RULE FAVORED

AUSTIN, April 29 (AP)—Voting three to two, the senate committee on constitutional amendments today reported out favorably the Beck home rule resolution. The proposed constitutional amendment was passed by the house.

WHEAT CROP IS HELPED BY MOISTURE

PRECIPITATION OVER SECTION BENEFITS PLANTING SEASON

A slow steady rain Tuesday and most of last night brought on one-half to one and one-half inches of moisture and further assistance to a wheat crop and planting season over the Panhandle-Plains territory, reports to the Lubbock Daily Journal revealed today.

The rain extended from Tucumcari, N. M., east to Sayre, Okla., and from Texline south to below the caprock. Eastern New Mexico territory was also benefitted by the fall.

Traffic Hampered

All roads were reported muddy and heavy and traffic was considerably hampered throughout the morning. Very few cars were leaving the city before noon but the roads were expected to be in better shape during the afternoon.

Total precipitation for Lubbock and vicinity during Thursday and last night totaled .79 inches, the guage at the state experiment station east of town showed this morning. This amount ran the total for the month to 1.65 niches, .03 above the average, and the year's total to 5.29 inches. The year's total is more than 3 inches greater than at this time last year, Don Jones, manager of the station, said.

Seagraves Gets Fall

The fall ranged from three-quarters to one and one-half inches throughout the South Plains territory, Seagraves on the southwest reporting the greatest precipitation.

The moisture has placed an ideal season in the ground for spring planting, Mr. Jones said. Only a few showers between now and June will be needed to start the crop off on a good growth. The rain also freshened range lands and assured plenty of grass for livestock.

Scout School Held On Tuesday Night

First session of the second half of a 12-session Boy Scout leaders training course was held Tuesday night in the basement of the First Presbyterian church.

The scheduled sixth session, an outdoor event, was postponed because of weather conditions. Work in the second half of the course will be continued next week, according to D. T. Jennings, South Plains Area Boy Scout executive.

The scout executive said the outdoor meeting probably would be held next week or the following week.

LIQUOR SEIZED

CORSICANA, April 29 (AP)—Ninety gallons of liquor, a coupe, a hat and a shoe were seized by deputy sheriffs near Chenevsboro last night after they fired a volley of shots at two occupants of the car who escaped into underbrush.

STATE RANGERS ARE EXPECTED TO PROBE CAUSE OF FLAMES IN WHICH SEVEN KILLED

TWO OTHERS EXPECTED TO DIE; EQUIPMENT AND MEN RUSHED IN EFFORT TO SUBDUE MIGHTY, ROARING OIL CALDRON AT GLADEWATER

(By The Associated Press)

TYLER, April 29.—Sinclair Oil company officials here intimated today they suspected incendiarists may have been responsible for setting off the company's No. 1 Cole well near Gladwater yesterday, resulting in a fire that burned seven men to death and probably fatally injured two others. Glenn Harroun, production superintendent, said state rangers were expected to investigate today.

Harroun referred to the letters sent out several days ago by Ranger Captain Frank Hamer warning oil companies of a possible plot to damage refineries, in connection with recent thefts of quantities of nitroglycerin in Texas and Oklahoma.

The production superintendent pointed out that the fire at the No. 1 Cole well, in which his brother, Bill, lost his life, was known to

NEW YORK, April 29 (AP)—The New York offices of the Sinclair Oil company was advised at 3 p. m. today by its foreman at Gladewater, Tex., that ten men had lost their lives in the fire at the Sinclair No. 1 Cole well. Three of the four seriously burned men died during the day, and two bodies were found some distance from the well, these deaths adding to the five which had previously been reported to the offices.

have started beneath the derrick floor, where there were no frictional parts that might have caused a spak to ignite the huge cauldron of oil. The well was still burning fiercely early today.

GIGANTIC BLAZE LEAPS UNABATED

GLADEWATER, April 29. (AP)—Men and equipment were rushed to the Sinclair No. 1 Cole well, four miles southeast of here, today in an effort to subdue the mighty, roaring caldron that burned seven men to death last night.

Two other men who were pulled from the inferno after it had be-

SEEK TO AVOID VIOLENCE AT LEVELLAND

FARMER CHARGED WITH ASSAULT REMOVED FROM COUNTY

(Special To The Journal)

LEVELLAND, April 29—Charged with attempted criminal assault upon a 30-year-old farm woman, T. H. Woods, 35-year-old farmer, today was in a jail to which he was moved to avoid possible mob violence.

Woods was accused by Mrs. Claude Havens of attacking her Tuesday morning at her home three miles northwest of Levelland. Mrs. Havens' condition was satisfactory, Sheriff L. P. Williams said at noon today.

Whereabouts Unknown

After being arraigned Tuesday in justice court, here, Woods was taken to another county for safekeeping, according to Sheriff Williams, who did not disclose the suspect's whereabouts.

Near A Breakdown

Although near a nervous breakdown, due to the shock and excitement accompanying the attack, Mrs. Havens confined to bed in her mother's home, managed to give officers a full account of her struggle with Woods, who lived on a nearby farm. She said he came to her home Tuesday morning while her husband was away.

Only the intervention of a pet bulldog saved her from her neighbor's advances, she said. The dog attacked the man, causing him to free her. She then ran one-half mile to her mother's home and collapsed. Her clothes were badly torn, officers said.

Asked For Matches

"I was doing some small chores around the house when the man came to the front door and asked for some matches," she told Sheriff

SCHOOL RALLY TO BE HELD

HOMEMAKERS EVENT TO BEGIN THURSDAY; TO SHOW EXHIBITS

Preparatory to opening the Homemaking Educational Rally for Texas high schools here Thursday morning officials from the state department of education are to arrive this afternoon.

Girls from the home economics departments of Texas high schools, with their teachers are expected to begin arriving tonight for the meeting. Arrangement of exhibits at the Hilton hotel will be started at 8 o'clock Thursday and the first official meeting of the convention will be at 10 o'clock when the home economics clubs meet in the Hilton Matador ballroom.

Mrs. Love To Talk

Mrs. Laura Neale Love, Dallas, president of the Texas Home Economics association, is to be a speaker at this meeting and each high school is expected to have a representative there.

Miss Lillian Peek, state supervisor of home economics education, and Miss Berenice Mallory, assistant supervisor, are expected to arrive this afternoon from Austin. Miss Izora Clark, district hame economics supervisor, is to arrive some

(Turn to Page 9, Column 4, Please)

Grovesville To Be Farm Bureau Host

Monthly County Farm bureau meeting will be held May 8 at Grovesville, according to D. F. Eaton, Lubbock county farm agent. The County Farm Bureau federation is cooperating with residents of the Grovesville community in arranging the program.

The last farm bureau meeting was at Hardy. A four-H club rally will predominate the June meeting, which will be at Shallowater, June 12, the county agent said.

FIGHT CONTINUED ON MAYOR WALKER

NEW YORK, April 29 (AP)—The city affairs committee, defeated in its first attempt to force the removal of Mayor Walker, will continue its fight "until every one of its charges has been thoroughly investigated.

The decision was announced in a formal statement after dismissal of the charges by Governor Roosevelt. The committee had accused the mayor of condoning incompetence and encouraging corruption in the city government.

DEFEAT SEEN FOR REPEAL MEASURE

AUSTIN, April 29 (AP)—A bill to repeal the recently enacted cigaret tax law was doomed to certain defeat today.

The bill was introduced late yesterday by Representative Keller of Dallas, after the house had finished its session on the intangible assets tax bill. It received unanimous consent for introduction.

Representative Sanders of Nacogdoches today moved to reconsider the vote by which the bill was introduced, claiming it was introduced while the house was in an uproar and without an explanation.

The motion to reconsider the introduction prevailed, 72 to 40 and the vote recurred on the motion to introduce. Action on this motion was postponed until Keller could be present.

The bill can be introduced only by unanimous consent or by a two-thirds vote. Proponents of the cigaret tax said it was patently impossible for sponsors of the repeal bill to obtain this majority.

Virgil Kirkland On Trial Second Time

VALPARAISO, Ind., April 29. (AP)—Virgil Kirkland, 21, was summoned today to a second trial which will determine whether he is responsible for the death of Arlene Draves.

Less than two months ago he was found guilty of killing the girl on a drinking party last fall. Judge Grant Crumpacker, who presided, threw out the verdict because of insufficient evidence to support it. He was on the bench today.

ODD FELLOWS MEET

BORGER, April 29 (AP)—Prevented by heavy rains from having larger attendance at their convention, 200 Odd Fellows and Rebekahs of the Panhandle association today entered the last day of their annual meeting.

PRAYER MEETING TONIGHT

BRYAN UNTIEDT TO GET WELCOME OF HOOVER AND A GLIMPSE OF ROYALTY

(By The Associated Press)

WASHINGTON, April 29—The welcome of a president and a glimpse, at least, at royalty were the due today of 13-year-old Bryan Untiedt.

As guest of President Hoover, the boy hero of the Colorado school bus tragedy will be at the White House while the king and queen of Siam attend a presidential dinner in their honor.

Bryan probably will not sit at the table tonight with King Pradjadhipok and Queen Rambai, but he is expected to find a convenient corner from which he can peek at the gold braid and formality which accompany a dinner for royalty.

The White House announced yesterday that Bryan was on his way to accept the president's invitation to spend a night at the executive mansion. The invitation was extended after Mr. Hoover returned from Porto Rico and read how Bryan had removed his own wraps to protect school mates trapped in the blizzard last month. On the bus were 21 children. Five of them—including Bryan's younger brother—froze to death, but the rest were saved largely because the boy kept them active.

THURSDAY IS EVENING-AT-HOME AND HEALTH DAY IN BOYS' WEEK PROGRAM

Thursday will be health and evening-at-home day of national Boys' week. Parents are asked to spend the evening at home with their boys, said D. T. Jennings, South Plains Area Boy Scout executive.

An outstanding day of the week will be citizenship day, or Friday. Boys will be taken through departments of city and county governments in City hall and the courthouse, functions and inter-relations of the departments being explained.

Mayor J. J. Clements will supervise the tour of city departments and County Judge E. L. Pitts of county departments.

Boys attending school in the morning or all day will meet at City hall at 4 p. m. to go on the tour. Those having classes in the afternoon will assemble at City hall at 9:30 a. m.

A meeting was held at 8 o'clock this morning in the offices of R. W. Matthews, principal of Lubbock High school, to arrange Saturday's program. Saturday is out-of-doors day on the Boys' week calendar.

Led by the high school band, boys will parade here at 11 o'clock Saturday morning. Head

HOPES TO TUNE IN ON STARS WITH NEW RADIO

BY WALTER D. CLAUSE

MOUNT WILSON OBSERVATORY, Calif., April 29 (AP)—The radio amateur's dream of a set that will pick up mars fades into the insignificance of a commonplace crystal receiver compared to the set being built here by Theodore Donham, jr. He says he expects to tune in the stars.

He does not hope to hear music, so he has no loudspeaker attached. But if the set works the results will be music to the ears of astronomers throughout the world.

Dr. Dunham is an astronomer for the Carnegie Institution of Washington. His device has a photo-electric cell for a detector tube and is equipped with the most powerful amplifying tubes ever built.

It is designed to tune in on the light waves from stars millions of miles away and the amplifying tubes are expected to register a delicate galvanometer by which the temperature of the star under observation will be recorded.

Temperatures are revealed by the measure of the star's color. A prism is used to break up the colors. In Dr. Dunham's set the photoelectric cell will make available a direct continuous record of temperature.

The strength of the red and blue links of the spectrum are measured in finding star temperatures, the proportion of the blue light to the red light increasing as temperature rises.

CLEVELAND INDIANS BLAST WAY TO TOP OF AMERICAN LEAGUE

Collier Parris

SPYING ON SPORTS

Weldon Chapman, Lubbock High's new head coach, is in town and ready to inaugurate a season of spring training with the Westerners. He can be here only for a week this time and it is rather disheartening to find the gridiron in an overmoist condition. Disconcerting, to say the least.

But is has rained here on previous occasions, much to the disgust of the author of sandstorms, and the Westerners have found ways of getting around it. Last fall the Westerners found their practice field to wet to practice upon and practice was necessary. So they moved into the big tin barn across from the dressing rooms at Fair Park and continued the work. Hard to stop these Westerners, as Coach Chapman will discover. Inside the mule barn it is nice and dry.

"Chap" says he will not spend much time with fundamentals nor with blocking and tackling this week. Coach Frnka has already grounded the 1931 Westerners in the business of blocking and tackling and they are ready to learn a few plays. Coach Chapman will start right in with a system of plays and even promises a few scrimmage sessions toward the latter part of the week.

Jerry Malin, the Amarillo spieler, "notices where Berl Huffman of White Deer has been elected to assist Weldon Chapman as football coach at the Lubbock High school," and has a good word for the former Trinity University athlete. "Huffman introduced the sports over at White Deer and certainly turned out some good teams," continues Jo-boy Jerry. "He is a convert of the Rockne system and ought to fit in well with Chapman's plans at the Hub City."

If Huffman is as good as Jerry and M. H. Duncan believe he is, the high school athletic situation here should be taken care of in a capable manner. It would be hard to find a high school coach with a record as good as Chapman's, nor a man who has as many real friends as does Weldon. Paul Tyson down at Waco is perhaps the best known coach in the state and his record on the banks of the Brazos perhaps excells others, but Tyson has had wonderful material. So has Chapman, but the latter has worked harder getting it and as hard with it. Had Chapman been in Waco his record would probably have been as good as Tyson's.

Someone has delved into the records and found that the 1-0 beating given the Houston Buffs Monday was the first shut-out the Bayou boys had suffered in 188 consecutive games. Houston was not blanked at any time during the 1930 season and holds the modern league record for being whitewashed the fewest number of times in the last decade.

Then there's that "mystery" club of the Texas League. Not a few were surprised when the Sports whipped Wichita Falls Sunday, 5 to 3, previous explanations of the "mystery" being the fact that the club was permitted to hold a Texas League franchise. Then came Monday's 12-0 victory over the Spudders. Until Sunday the Louisianians had not won a game in ten starts, which should have gone down as some kind of record, the heighth of something or other.

They're having a bit of trouble down in East Texas trying to make oil and baseball mix. At Kilgore, the seat of one of the East Texas League teams and the center of oil development, the baseball team is over diamond upon which to stage having a tough time finding a park their version of the national pastime. Three times the club has purchased a lot for the erection of a grandstand and the laying out of a field and each time the lot has been punctured for oil. 'Twould be nice, says we, to buy a plot for a ball park and see oil gush out of the ground when a Texas leaguer hit the short outfield. The Kilgore Kildees or whatever they might be should be getting rich without playing baseball.

Evidently there is little interest here in the proposed West Texas league. About all we've heard concerning it was from Wichita Falls, where they already have baseball and are clamouring for more. Amarillo is getting ahead of Lubbock in a baseball way. There are at least 15 teams ready to play, more than a dozen of them forming two twilight leagues for summer exercise and entertainment. Something should be done about it. Amarillo is to have a representative baseball club as well as a number of sand lot teams. Looks like sports in Lubbock are confined for the most part to its educational institutions. Aside from a couple of thriving golf clubs and scattered volleyball teams and games there is little to attract the sport lover.

CAMPUS CHAMPIONSHIP GAMES START

NEW SPHERE IS GOOD TONIC FOR CLUB

AVERAGE BETTER THAN TWELVE HITS IN EVERY GAME

BY GAYLE TALBOT, JR.,
Associated Press Sports Writer

Whatever the effect of the new sphere on other major league clubs, it has acted as nothing but a tonic for those clubbing Cleveland Indians.

In eleven contests to date, the American league pace setters have given one of the greatest demonstrations of collective hitting seen in either circuit in recent years. They literally have blasted their way to the top, averaging slightly better than 12 hits to the game. Their own pitching has been nothing to get excited about but they haven't needed it.

Get 16 Hits

In only three bouts has the Tribe been held under double figures in the hit column. Yesterday Roger Peckinpaugh's warriors propelled 16 safe ones off two St. Louis Brown pitchers to win their fifth victory in six starts, 10 to 9. The Browns broke loose on their own account in the ninth, scoring eight runs, but the Indians had the punch to come back and score three in their half to tie it up and then win out in the tenth.

By winning, the Indians gained ground on their closest rivals, the Yankees and Senators, who battled to a 14-inning draw at Washington, 7 to 7. It was their second extra-inning tilt in as many days. The Senators scored three runs in the ninth to prolong the duel. Fischer did not allow the Yankees a hit the last five innings, but his mates could not score on young Vernon Gomez.

Homer Wins

Detroit's four-game winning streak was snapped by Pat Caraway of the White Sox, 6 to 5. Bill Cissell provided the winning margin with a homer, the first hit by a Chicago player this season.

The Brooklyn Rooins encountered another southpaw, with the usual result. They collected 11 hits off Crafty Clarence Mitchell of the Giants, but he tightened in the pinches to beat them, 3 to 2. Nine of the Robins' ten defeats have been credited to left-handers.

After taking two on the chin, the St. Louis Cardinals came back to stop the Pirates, 8 to 2, Burleigh Grimes registering his third straight win. Bottomley's homer was one of the five Cardinal hits off Wood and Spencer.

Bill McKechnie gave his veteran pitchers a rest and the Boston Braves dropped a 9 to 8 decision to the Phillies. The defeat knocked the Braves back into a virtual tie with the Cubs and Cardinals for the National league lead. Virgil Davis led the winners' attack with two singles and a double, and Marangille punched three doubles for the losers.

The scheduled game between Cincinnati and Chicago at Cincinnati was postponed for the funeral of Garry Herrmann, former president of the Reds. Cold weather again blocked the Athletics and Red Sox at Boston.

BOXING BOUTS CONTINUED

FIGHT FANS FIND ALL DAY AND ALL-NIGHT JOB IN WATCHING

NEW YORK, April 29 (AP)—It is becoming an all-day and all-night job for the enthusiastic fight fans who feel it necessary to follow every blow of the National Amateur Boxing championships. Some of them even brought lunches when they entered Madison Square Garden at five o'clock yesterday for one of the longest evenings of scrapping and most of them were ready for another meal before 88 youngsters from all over the country had finished flinging leather at one another.

The huge field was reduced considerably by more than seven hours of scrapping last night, involving 44 bouts, but another big program is scheduled for tonight to bring the original 150 lads down to the semi-final rounds. The tournament will end Thursday.

Eighteen of the entries, with the New York and Boston boys in the lead, did their best to shorten the program. That number of bouts ended in knockouts.

'Three Teams Fighting For Top Place In Texas Race

PLAYING PROS WELCOMED

GOLF ASSOCIATION IS NOT TO LIMIT ITS MEMBERSHIP

CHICAGO, April 29 (AP)—The Professional Golfers' association has no intention to limit its membership to pros, who repair clubs and teach the game, Albert R. Gates, business administrator for the golf group, said today.

Gates also denied reports that the playing professionals planned to withdraw from the P. G. A. and establish an organization for themselves.

Without Foundation

"These reports are without foundation," Gates said. "I may have said that the playing professionals constitute about 10 per cent of our membership but I never said that our organization did not care anything about the playing pro. The playing pros are cooperating with us to the best of their ability and are not planning to withdraw their membership."

Some criticism was levelled at the P. G. A. recently when it announced that no golfer would be admitted to membership until he had served as an apprentice in club making, repairing, and teaching for two years. Virtually all of the big money winning players, however, have served two years or more in that capacity and are accepted members in the association.

FIGHTS LAST NIGHT

(By Associated Press)

TORONTO — Charley Belanger, Winnipeg, knocked out Art Weigand, Buffalo, (7).

BALL ORGANIZER DIES

YOUNGSTOWN, O., April 29 (AP)—James R. ("Jimmy") McAleer, 66, one of the organizers of the American league, former owner of the Boston Red Sox, and former manager of the St. Louis and Washington American league clubs, died today, after a long illness.

ARMY TEAM TO PLAY WITH ENGINEERS

SOPH AGGIES SPRING SURPRISE TO WIN OVER FRESHMEN

The Army team won the Independent league basketball title last night by defeating the Y. M. C. A., 27 to 15, and will meet the Freshman Engineers tonight at 8 o'clock in their first inter-league game toward the campus championship.

In the first inter-league game last night the Sophomore Aggies sprung a surprise and upset the dope to defeat the Freshmen Liberal Arts team, champions of the league and favorites for the Tech championship, 34 to 30 in a hotly contested game. The Fish Artists and Fish Engineers had become, through winning all their league games, favorites to meet in the final game for the championship but their defeat last night spelled disaster for the Frosh Artists unless the Soph Engineers are defeated twice in the double round robin schedule that leads to a championship.

The Freshmen Artists had leaped into the favorite's position by winning all their games in their league and amassing a total of 216 points in one of the strongest circuits. Coached by Ernest Dowell, they entered the first game of the championship round last night and held their ambitious and hard-fighting Sophomore opponents behind a 2-point lead at the half. Then the Sophs came back fighting, scoring from all points of the court, and the final count was 34 to 30 in the latters favor.

The long distance shooting of Beene, Soph forward, was a telling factor in the victory. He shot from under the goal and far from it five times in scrimmage and four times from the foul line to count. Webb Easley, Howell and Williams came in for their share of the scoring with Odum playing a neat defensive game. Lefty Bryant for the Fish was high point man with 7 field goals. He is high scorer of all the circuits in the Texas Tech intramural lists. Jesse Holmes with 3 field goals and "Bulldog" Hale with 4 and a free one made things hot for the winners.

In the Independent League championship game, the shooting of Moffett, Davis and Collins accounted for all points made by the winners. Cummings, Poole, J. R. Cummings and Loughmiller scoring for the Y. M. C. A., who lost by a 27 to 15 count.

Window shades of linen, laundered until the stiffness disappeared, were made into shirts for destitute men and boys by the St. Louis citizens relief committees.

SHIPPERS DEDICATE STADIUM WITH WIN OVER PRATT MEN

(By The Associated Press)

The three leading clubs of the Texas league—the only three that have managed better than an even break in the standings—improved their percentages yesterday while two second division entries were rained out. The only change in schedule today is that the Exporters and Buccaneers move from Beaumont to Galveston. The Shippers dedicated Stuart stadium yesterday with a 9 to 2 victory over Pratt's men, with Judge K. M. Landis looking on. He will watch today's game at the coast town.

Cats In Lead

The Fort Worth Cats playing in Shreveport yesterday, conceded Jakie Atz's winless wonders a four-run lead in the first, then shut out the home team the rest of the way for a 10-4 victory. The victory left the Cats leading the league by a margin of a game and a half—ten won and three lost. The Dallas Steers pushed Wichita Falls below the .500 mark with a 9 to 5 victory but remained in third place, half a game behind Beaumont. The Exporters' victory over Galveston gave them eight won and four lost. The Spudders have six and seven or .462 and are even in all respects with Galveston, Houston and San Antonio were idle, keeping .417 and .385 respectively while the luckless Sports saw losses mount to 11 with victories just barely in the plural—two won, 11 dropped, and .154 in the table.

LUBBOCK BASEBALL FANS PROMISED TREAT BY HOUSE OF DAVID PLAYERS

When Grover Cleveland "Old Pete" Alexander brings the original House of David baseball team here for an exhibition game Friday night, May 8, fans of Lubbock and the South Plains will not only see the first outdoor night game ever played here and the first night baseball game ever played on the Plains but will see one of the fastest and most capable outfit of hitters, pitchers, catchers, infielders and flyhawks outside the big leagues.

The most popular of all traveling baseball clubs, the House of David team comes to Lubbock with its $30,000 portable lighting system to meet a team of local players, coached and managed by Coach W. L. "Crip" Golightly of Texas Tech, introducing to the area the most up to date methods of playing.

With old Grover Alexander himself, former major league hurler and hero of more than one world's series, at the helm and on the mound, the House of David lineup contains some of the best all-round players outside of organized baseball. Heckman, star first sacker, is the Babe Ruth of the club. Last season he hit .421. Williams, the greatest second baseman in independent baseball, experts say, and Faust, shortstop, make one of the fastest double play combinations in baseball today. Harrison, star third baseman, has hair 36 inches long and there are very few third sackers in the major leagues whose records compare with his.

Start Training

Coach Golightly started his team to training this week. Composed mostly of college boys, many of whom would be playing in the regular Tech lineup had the college supported baseball as an intercollegiate sport, the local team "will be a fair match for any bunch of players, whiskers or no whiskers," Golightly said. Proceeds of the game will go toward purchasing furniture for the varsity men's club room at the gymnasium.

STARS OF GAMES ON YESTERDAY

(By The Associated Press)

Bill Cissell, White Sox—Hit his club's first homer of season to beat Detroit 6 to 5.

Harry Rice, Senators—Tripled and scored in 9th inning to tie Yankees at 7-7.

Hughie Critz, Giants—Made two out of four hits granted by Watson Clark and scored winning run as Giants beat Brooklyn 3-2.

Burleigh Grimes, Cardinals—Pitched Cards into tie for first place by scattering Pittsburgh hits for 8-2 triumph.

Johnny Hodapp, Indians—Made four hits in six times up to help beat St. Louis 10-9.

Rabbit Maranville, Braves—Hit three doubles against Phillies.

TITLE WILL BE WITHHELD

BOUT IS ALL SET FOR SHARKEY, CARNERA ON JUNE 10TH

NEW YORK, April 29 (AP)—Apparently warned by last year's "horrible example"—the fiasco that started out to be a heavyweight championship fight between Max Schmeling and Jack Sharkey—the New York State Athletic commission has decided to wait and see before awarding championship recognition to the meeting of Sharkey and Primo Carnera at Ebbets field June 10.

Unless the weather or the threatened suit of the Madison Square Garden corporation cause trouble, the 15-round bout is all set. The commission yesterday granted its permission for that. But, Chairman James A. Farley explained, no request for title recognition had been received. He indicated that part of the question might be taken up at a later date.

The threatened legal entanglements now look like the most serious cloud on the horizon of Promoter James J. Johnston. The Garden through a subsidiary holds a contract with Carnera for him to meet the winner of the Schmeling-Stribling fight in Cleveland July 3 and claims that a clause bars the giant Italian from other fights. And the Garden authorities say they intend to enforce this agreement, taking legal measures if necessary.

New Interpretation Made On Home Runs

CHICAGO, April 29 (AP)—A more liberal interpretation on home runs in the American league has enabled the junior circuit to tie the National league in the production of four-base wallops.

Last year the National league produced 892 home runs to 672 for the American league, but to date each league has 41 each.

Western League To Be Opened Thursday

TOPEKA, Kas., April 29 (AP)—The annual drive for the Western league pennant gets under way tomorrow and today preparations were being made for opening ceremonies in four cities of the circuit.

All eight clubs of the loop virtually completed their training activities yesterday, a few marking off their final exhibition games.

With the exception of the game at Wichita, which finds the Denver Bears tackling the title-defending Aviators, all openers will be staged under the floodlights. Wichita and Pueblo are the only clubs not equipped for nocturnal play. The Omaha Packers, runners-up last season, face the Saints at St. Joseph; the Pueblo Braves cross bats with the Indians at Oklahoma City and the Des Moines Demons, who trained at Guthrie, Okla., oppose the Topeka Senators here.

FIND JOHNSON NOT GUILTY

WITNESS IN LIQUOR TRIAL ARRESTED HERE TUESDAY

A witness accused of altering his testimony was arrested and charged with possession of liquor for purpose of sale, and Hub Johnson was acquitted of liquor law violation, Tuesday in ninety-ninth district court when Judge Clark M. Mullican instructed a verdict of not guilty because of lack of evidence.

Trial of civil cases was to be resumed in ninety-ninth district court this morning.

Bob Curry, the state's chief witness in the case, was arrested immediately following his testimony in Johnson's trial and charged before Justice of the Peace H. K. Porter.

Testimony Varies

Assistant District Attorney Burton S. Burks said the state was dependent upon Curry's testimony to make out a case against Johnson. The witness' testimony offered yesterday varied to such extent from the statements he made before the grand jury that it was not possible to convict Johnson upon the evidence offered, Mr. Burks said.

Johnson was arrested last month following the finding of a quantity of intoxicating liquor in a gin at Slaton, where Curry was caretaker. Curry disclaimed ownership of the contraband supply, officers said. A. H. Beasley, now at liberty under bond awaiting the outcome of an appeal from a three years' sentence received upon conviction of a liquor law violation, was implicated with Johnson in the ownership of the whisky by Curry, officers said.

Implicates Beasley

In his testimony yesterday Curry stated that the liquor belonged to Beasley and that Johnson had nothing to do with it, court attaches said.

Two other indictments, charging violation of the liquor laws, are pending against Johnson in criminal district court here. Beasley has been indicted three times on similar charges, records show. Members of the district attorney's office have been advised that the latter also is facing a prison sentence in Humphrey county, having been convicted of violating the prohibition laws there.

WATCH IS STOLEN

LORENZO, (Special) — A thief entered the home of T. G. "Uncle Gus" Hendrick and stole a gold watch that was in Mr. Hendrick's vest hanging on a door knob. Nothing else was taken, Mr. Hendrick reported to authorities.

Dean Inge has given the following motto for London pedestrians: "If you don't want a tombstone look out!"

Seek Round-the-World Record

With the determination to make Jules Verne's Phineas Fogg seem a snail by comparison and to lower the twenty-day record of the Graf Zeppelin, Clyde E. Pangborn (left) and Hugh Herndon (right) plan to take off next month for a globe-circling flight. Pangborn, who is a veteran barnstormer, wing-walker and ex-Army Air Corp instructor, declared that they hoped to make the trip in fifteen days. Lower is the plane the Magellans will use pictured outside its hangar at Roosevelt Field, New York.

GIRLS NAMED FOR W. T. C. C. PAGEANT

Six more West Texas towns and three additional colleges have announced selections of young women to represent them in a pageant to be presented at Texas Technological college athletic field on the convention program of the West Texas Chamber of Commerce.

The number of young women chosen to represent their towns in the historical production was increased to 18. Towns and respective representatives announced by Maury Hopkins, convention manager, follow:

Abernathy, Miss Charlotte Lindsey; Post, Miss Blanche Connell, Ralls, Miss Birdie Cowley; Spur, Miss Helen Powers; Tahoka, Miss Helen Applewhite, and Clarendon, Miss Dorothy White.

Six colleges have chosen young women students to appear in the court of education in the pageant.

The three latest entries are: Miss Margaret Delaney of Schriener institute at Kerrvile, Miss Isabel Abdou of Texas School of Mines at El Paso, and Miss Lotta Bouriand of Clarendon Junior college.

CRUELTY CHARGED

NEW ORLEANS, April 29 (AP)—Chief Engineer James E. Ahearn, of the tanker Elizabeth Kellogg, was in jail at Hahnville, near here, today on charges of throwing the ship's cat into the Pacific ocean outside the port of Los Angeles.

Plans for extending the women police system in Scotland are being considered.

Stolen bases, Gehrig, Yankees, 5; Cissell, White Sox, 4.

HERRMANN BURIED

CINCINNATI, April 29 (AP) — August "Garry" Herrmann, whose baseball diplomacy cemented lasting friendship between the National and American leagues in 1903, was buried Tuesday. Herrmann, for 15 years chairman of the old National baseball commission, which until 1920 was the ruling power of professional baseball, died Saturday after a long illness. He also was president of the Cincinnati Reds for 25 years.

Priest Is Licensed Transport Pilot

When Father George H. Woodley, a secular Catholic priest, returns to Alaska to fly his own plane in connection with parish work, he will be qualified as a full-fledged aviator. For as you see him here, left, he had just successfully passed a test for a transport pilot's license at Roosevelt Field, Long Island. Shown congratulating him is Inspector Oren P. Harwood of the Department of Commerce. Father Woodley is the first priest to achieve this aeronautical ranking.

TAX ON CIGARETS MADE EFFECTIVE

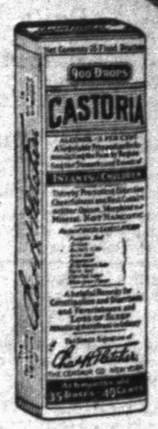

AUSTIN, April 29 (AP)—When Governor R. S. Sterling signed the bill to levy a tax of three cents per package on cigarets, he made a cigaret tax effective in another state—Arkansas.

The Arkansas cigaret tax law, levying five cents on each package, exempted citizens of Miller county, Arkansas, across the border from Texarkana, Texas, from paying the tax. The law contained a provision however that if Texas passed a cigaret tax, the tax could be levied in Miller county.

Miller county residents will be required to pay only three cents per package however, the same as the tax levied in Texarkana, Texas.

CHILDREN CRY FOR IT!

FIVE million modern mothers will tell you that children DO cry for Fletcher's Castoria. For mothers always give a few drops of this pure vegetable preparation when a child has any of the symptoms that tell of sluggish bowels, colic, or other upsets. When tiny tongues are coated and breath is bad. When a child is restless; irritable. Always soothing and comforting to an infant—yet it is effective for children in their teens. You never have to coax children to take Castoria; they love its taste.

Be ready for the next case of sour stomach, constipation, or other need for Castoria!

When buying look for the signature of Chas. H. Fletcher on wrapper.

ADVANCED GM REFRIGERATION

The TOP of every Frigidaire is a porcelain-topped table!

Women with only two hands find the broad, unencumbered top of the Frigidaire a very real blessing a dozen times every day . . . Food on its way into a Frigidaire and food on its way out need not be juggled, or tip-tilted, or inconveniently parked on the distant kitchen table . . . the flat expanse of snowy porcelain atop the Frigidaire makes such a perfect serving shelf! . . . It is an ideal place to put piping-hot things that should be cooled off before they are exposed to low temperatures . . . a splendid *permanent* place to keep the few foods that need not be refrigerated . . . And nothing—hot or cold, smooth or scratchy—can in any way soar or mar the life long lustre of its diamond-hard Porcelain-on-steel finish.

* * *

A conveniently flat, unencumbered serving table top is one of the very real advantages of Frigidaire Advanced Refrigeration. There are many others. It is these major improvements, developed by Frigidaire, that have made household refrigeration so healthful, convenient and economical. We invite you to come in and learn all about them.

Taste the World's Rarest Coffees

. . . Grown in the Mountains of Central America

(PUBLISHERS' PHOTO SERVICE)

Primitive ox-carts bring rare coffees to market in Central America.

(IRVING GALLOWAY)

Antigua Coffee Berries. One of the world-famous Central American coffees used to give Folger's its rare flavor.

Do you know this new, rare flavor in coffee that is captivating the world?

We don't want to tell you how good it is.

We want you to taste it instead. For 8 out of 10 people who drink this coffee for 3 days say that it actually spoils your taste for less flavory kinds.

A Different Region

It comes from coffees found only in certain tiny volcanic districts along the West Coast of Central America. A region that, experts concede, produces probably the most remarkable coffees in the world. Coffees with twice the richness—twice the flavor. Coffees from which Nature leaves out the "rough" offensive oils.

Introduced by Folger

Years ago this coffee was first served in the famous Bohemian restaurants of San Francisco, where it was introduced by Folger. Travelers tasting it there were captivated by its unusual flavor. Flavor produced by a peculiar combination of rich volcanic soil, altitude, sun's rays and tropic rainfall—that is found nowhere else in the world.

The Folger Test

Would you like to see for yourself just how different these coffees are—in richness and in flavor? Here's a test that is as simple as it is fair.

Tomorrow morning drink Folger's. The next morning drink the coffee you have been using. The third morning drink Folger's again. In a morning or two you will decidedly favor one or the other; the best coffee wins. That's fair, isn't it? 104

Dinner Dance, Reception, Bridge Party and Other Events Given Last Evening

Jaretts Celebrate First Birthday Of Son; Two Honored At Buffet Luncheon

Bridge, dancing and other social affairs attracted the interest of society in Lubbock on Tuesday, marking this date as one of the busiest of the week.

Mrs. Van Stewart, of Perryton, who is district chairman for the American Legion Auxiliary, was guest of honor at a reception in the Legion home. Members of the local auxiliary were hostesses on this occasion and Mrs. Clark M. Mullican was in charge of the program.

Halls in the home were decked with lilacs for the occasion and plate favors were pansies.

Discusses Activities

Mrs. Stewart spoke as the feature of the evening, discussing various phases of Legion Auxiliary work, such as child welfare and rehabilitation. She told of recent additions to the society with cradle rolls and junior societies and talked of plans for the district meeting here in June.

Mrs. Tillman Jones, state vice-president in the Auxiliary, was to have been a guest at the reception but did not get here because of the rains.

Preceding Mrs. Stewart's talk, a piano solo was played by Etta Wade Biggers. Frances Wade Biggers read and gave a tap dance, and a Scotch dance was given by Barbara Ann Hale. Mrs. J. V. Conner made a short talk.

Miss Anna Jo Pendleton entertained members of the Centaur club at Texas Technological college and dates of the young men with a bridge party during the evening in the E. B. Adcock residence. There was an attendance of about fifty.

Another major event of the evening was a dinner dance given by Mr. and Mrs. H. J. Jarett at Hotel Lubbock, celebrating the first birthday of their son, Irwin Melvin Jarett.

Tables were arranged in a U-shape and decked with flowers for the meal. Places for women were marked with flower corsages and a negro orchestra played. Guests danced between courses and after the dinner until 12 o'clock. Several out-of-town people were in attendance. Others who were to have attended from Amarillo did not get here because of rains.

Those who registered in the hosts' guest book were Messrs. and Mesdames R. A. Mills, L. Freed, Louis Feldman, Tabby Levine, William Levine, Morris Levine of Amarillo; Victor Bennett, C. A. Sheffield, H. E. Hargis, Ernest Wisdom, Sam Koretzky, C. H. Grollman, Len McClellan, W. H. Nelson, Al Mirsky, Dr. and Mrs. R. L. Powers, Dr. and Mrs. J. T. Hutchinson, Dr. and Mrs. M. C. Overton, Dr and Mrs. J. Hooper Stiles, Mrs. Annie Jones, Mrs. Lena Ross of Chicago, Ill., Miss Helen Pearl, Mr. and Mrs. Martin Jarett, of Amarillo, Mr. and Mrs. Nathan M. Cohen of Amarillo, Mr. and Mrs. J. W. Siegel of Amarillo, Bennie Leva and L. E. Berry.

Miss Horn Is Hostess

Mrs. Charles Mahoney, who is moving to East Lansing, Mich., when Texas Technological college closes this spring, and Miss Elizabeth Stafford, whose engagement has been announced, were guests of honor at a buffet luncheon on Tuesday, Miss Ruth Horn was hostess in her home on the campus of the college. There were 20 guests.

Sweetpeas and snapdragons were used in decorations for the affair.

Several other events are being planned for Miss Stafford and Mr. and Mrs. Mahoney.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

DR. MYERS PRAISED

"DEAR DR. MYERS: I am a constant reader of your 'Parent Problem' and want to thank you for the help you have given me. You have no idea how much your solutions to problems have helped me. I continuallly save the most of your articles and find them very helpful.

"I am a mother of four, twin boys, 17 years of age, graduates from high school at the end of this term; a girl of 16, a sophomore at high school, and a boy of 12 in the junior high school; so judging by such a family you might well see that your help is greatly appreciated by me.

"My husband always has been a good pal to the children and that also has been a great help to me.

"Will you please tell me the price of your book, 'The Modern Parent', or if it can be had at a library."

Answer: Wonderful to have a co-operating comrade who shares in understanding your children.

The publisher is Greenberg, 160 Fifth avenue, New York City. You should be able to find a copy in your public library.

* * *

IN MEMORIAM

I just picked up the Tennessee Parent Teacher to read of the sudden death of Mrs. John T. Fisher of Memphis, the state Parent-Teacher president. I was shocked. Only a little while ago I was on her state convention program at Nashville and I served a week at her parent-teacher institute at the State University of Knoxville last summer. She was a rare leader and inspiring personality. What pleased me most in Mrs. Fisher was her conception of the P. T. A. as a means of furthering parent education.

She told me with great enthusiasm of her children and the class of 36 boys she taught each Sunday morning. Then she recited many of her experiences in relief work during the 1927 Mississippi flood, mingling with many very touching stories some exceedingly funny ones. Her array of humorous but sympathetic stories, about the colored folk, was rare.

* * *

Mrs. Fisher had held important positions on nearly every charitable board in Memphis; president of the board for the Sunshine Home for Aged Men, Wesley House; president of the League of Women Voters; and a member of the Girl Scout board.

Mrs. Fisher was made head of the flood relief by the American Red Cross, and later was cited by the federal government for her efforts in the emergency.

Such is the quality of leadership which parent-teacher work attracts. Much as Mrs. Fisher will be missed in Tennessee, other great women of that state, inspired by her, will carry on. There are one and one-half million Parent-Teacher members in our country.

Traveling Togs Plain This Season

Ideal for traveling is this frock of printed crepe with seven-eighths length coat of loose-woven novelty wool by Bonwit-Teller. The hat is of knitted wool with halo of woolen straw.

BY BARBARA BEAUFORT
(Associated Press Fashion Editor)

PARIS (AP) — Tailored togs are the style slogan for the girl who is Europe bound this summer.

The costumes for wear on boat and train are made of sturdy stuffs designed on slim plain lines to withstand the rigors of travel and afford sufficient warmth for cool days.

There are two popular combinations—the tailored suit with a harmonious wool coat and the one-piece frock of wool or jersey worn with an accompanying wrap.

Color and line are the outstanding notes, while tricky belts and boutonnieres do much to establish chic.

Brown and beige, which show little travel strain and of which mixtures are legion, will be a favorite combination. There are thin brown rough wool suits with a beige thread running through the weave, designed along semi-fitted lines.

These can be accompanied by a full length belted coat of beige wool collared in lynx or wolf, providing an excellent wrap for blustery days on deck. With the addition of a brown hat and gloves and several suit blouses of knitted wool, washable cotton or soft crepe Madame is ready for both ocean and continental travel.

For the girl who wants blue there is a new shade of "royal," offering a contrast to the navy shade, which promises to be more common.

Royal blue rough wool coats collared in grey astrakhan can be worn over blue and grey flecked wool frocks finished with a blue and grey suede boutonniere and a blue suede belt.

Green, one of the smartest colors of the spring season, offers another traveling costume shade.

Delegates Elected For Baptist Meet

Three delegates are to represent the First Baptist Women's Missionary Society at a Baptist district Woman's Misisonary Union meeting in Hereford Thursday and Friday.

Mesdames John Dunn, Frazier McCrummen and A. T. Cocanougher have been elected as these delegates. The first two are members of the district executive board and will attend a board luncheon and meeting on Thursday.

The convention proper will open Thursday evening with a pageant, which has been written by Mrs. Arthur L. Manjeck, of the Tierra Blanca association. Mrs. W. M. Lawrence, Silverton and formerly of Lubbock, is to talk on Friday and Mrs. J. Q. Herrin, of Amarillo, who spent several years in China as a missionary, will also speak on that day. Reports will be heard from presidents and district chairmen during the afternoon.

Mrs. Lon V. Smith, Floydada, is district president; Mrs. George A. Lider, of Floydada, is corresponding secretary, and Mrs. J. D. Ivey, Hale Center, is recording secretary.

Methodist Picnic Is Postponed Week

Because of the rain, a picnic, which was to have been attended Tuesday evening by students in the First Methodist church, was postponed until May 5.

On this latter date a training school will be in progress at the church and those who are enrolled are to attend the picnic with the students. Dr. E. O. Harbin, of Nashville, Tenn., recreational leader who is to be an instructor in the school, will direct recreation at the picnic, it was anounced.

May Baskets Made At Girls Meet

Cheskamay Camp Fire girls met Tuesday afternoon at the club office, 2009 Broadway, and started work on May baskets. Those who attended the meeting were Sarah Beth Fox, Frances and Mary Ruth Yow, Eloise Ratliff, Doris Tubbs, Mildred Tubbs and the guardian, Miss Amy Brock.

Mrs. Irving L. Jones Is Club Hostess

Athenaeum club members met Tuesday afternoon with Mrs. Irving L. Jones, 1626 Avenue I, for a program on "Foreigners In Our Midst", with Mrs. J. C. Granbery presiding in the absence of the president, Mrs. R. G. Shelton.

Talks on the lesson topic were made by Mesdames E. L. Robertson, Jones and W. C. Holden. Mrs. S. B. Haynes, president-elect, reported on the seventh district, federated club meeting in Memphis in April, which she attended.

Those who were present were Mesdames F. V. Brown, J. F. Hankins, F. A. Kleinschmidt, D. M. Ware, Robertson, Haynes, Holden, T. B. Waldrip, W. L. Baugh and Granbery.

Mrs. William Dingus On Club Committee

Mrs. William Dingus has been selected as the Sorosis club representative on a local steering committee for the State Federation of Women's clubs meeting here in November, according to an announcement made following a society meeting on Tuesday afternoon.

Mrs. C. E. Slaton, 2011 23rd street, was hostess to the club in her home and Mrs. J. R. B. Cooper was leader of the lesson on Maurice Hewlett, an English writer. Mrs. Allen T. Stewart talked on the author's life and his writings were discussed by Mesdames Leroy T. Patton, R. S. Williams and C. E. Roberts.

Mrs. C. B. Powell reported on the April meeting of seventh district, Texas Federation of Women's clubs, in Memphis.

Las Chaparritas Will Have Dance Friday

Las Chaparritas club members and their guests are to attend a dance Friday evening at the Country club. Hostesses are to be Misses Sue Barton, Dorothy Griffin, Glyds Grimsley and Camille Stobaugh.

Only one of every 20 tramps in England comes from the clerical or commercial class, according to statistics recently compiled.

Officers Named In Sanders Ward PTA

Officers for next year were elected Tuesday afternoon at a meeting of the Sanders Parent-Teacher association at the school and plans were made for an installation to be conducted on May 12 by Mrs. T. A. White, district officer.

Mrs. J. W. Phillips was elected president with Miss Blanche Fann as first vice-president; Mrs. F. A. White as second vice-president; Mrs. R. L. Balch, third vice-president; Mrs. J. W. Bull, secretary-treasurer, and Mrs. D. Jarrett, reporter.

Russia Chosen To Be Studied By Club

Russia is to be the topic for study in the Twentieth Centruy club next year, according to a plan adopted Tuesday afternoon at a meeting of the club in the First Methodist church. The president, Mrs. J. S. Johnson, presided.

Mrs. C. B. Powell reported on the recent seventh district federated club meeting in Memphis and Mrs. W. H. Meador reported on the County Federation meeting in Slaton last Saturday. A report was heard on cleanup work done recently in the negro section here.

Mrs William Dingus discussed "China And The Nation" at this meeting.

Mary Culwell Given Party Here

Mrs. O. L. Culwell entertained Tuesday evening in her home at 2109 26th street, honoring her daughter, Mary Frances, on the latter's twelfth birthday. Dances and readings were given by Mildred Lane and Bernetta Morris during the evening and guests were served in the dining room. Upon leaving they registered.

Those who attended were Joyce Cravens, Marcella Fryar, Mary Jo Doak, Dorothy Duncan, Wilma Carmack, Catherine Collier, Mildred Lane, Bernetta Morris, Ellwood Chesley and Jack Duncan.

Brazil is revising downward its estimated government expenditures for this year.

Mrs. F. K. Mitchell Is Club Hostess

Mrs. F. K. Mitchell entertained the Jolly Dozen club Tuesday afternoon in her home at 2118 Main street with a party. Special guests were Mesdames M. K. Foster, J. M. Davis, Minnie Pickas, and L. P. Lawrence.

Members in attendance were Mesdames W. H. Trice, J. G. Biffle, Harry Hall, A. L. Hawkins, J. W. Branch, E. B. Harris, Charles Files, and Frazier McCrummen.

MOST FOODS TASTE BETTER IF COOKED IN SMALL AMOUNTS

Same is True of Hills Bros. Coffee, Which is Never Roasted in Bulk

When food is cooked in small quantities, the mixing, the application of heat, can be controlled with much more exactness. An omelet, for example, made of three eggs will turn out more tender and fluffy than one made of many eggs.

A similar situation occurs in roasting coffee. When roasted in bulk it is impossible to control the heat exactly. Some of the batch, therefore, is overdone and some underdone. As a result there is a variation in flavor.

In the invention of Controlled Roasting, Hills Bros. found the way to insure an even roast in their fine blend of coffee. Only a few pounds at a time are roasted by this patented, continuous process. When the roasting is finished a uniformly delicious flavor has been developed such as no other coffee has.

When you buy Hills Bros. Coffee it is always fresh because it is packed in vacuum. By this process, air, which destroys the flavor of coffee, is taken from the can and kept out. Ordinary cans, even if air-tight, do not keep coffee fresh. Grocers everywhere sell Hills Bros. Coffee. Ask for it by name and look for the Arab on the can.

Hills Bros. Coffee, Inc., Kansas City, Missouri. ©1931

Install Officials In P-TA Meeting

New officers were elected and installed in the Senior High School Parent-Teacher association Tuesday evening in a meeting at the school. B. Sherrod is the new president to succeed the retiring head. Dr. Jack M. Lewis, who officiated at the installation ceremony.

Mrs. W. W. Royalty, incoming vice-president, talked on work of the association during this year and discussed things that may be done next year. Mrs. H. F. Godeke reported on the spring district meeting in Lamesa.

Students from the Spanish department in the school gave a program of music and dancing.

New officers, in addition to Mr Sherrod and Mrs. Royalty, include the following:

Second vice-president, Mrs. C. E. Love; third vice-president, Mrs. A. H. Leidigh; secretary, Mrs. R. T. Groves; treasurer, J. W. Reid; reporter, Miss Dorothy Lomax.

Wakishaki Girls In Meeting Tuesday

Wakishaki Camp Fire girls made May baskets, which are to be given to shut-ins on Friday morning, at a meeting on Tuesday afternoon with Addie Lee Terrell.

Those who attended were Willie Merle and Ernestine Sumner, Alene McCrummen, Margaret Marshall, Anna Margaret Bourland, Mary Elizabeth Brown, Jane Wilson, Joyce Cravens, Mrs. Mike Barrier and Mrs. O. W. Sumner.

Enrollment at Notre Dame university will be limited to 3,000 next fall. Quotas for the five colleges are: Arts and letters, 1,000; science, 500; engineering, 500; law, 200; and commerce, 800.

AT YOUR DEALER'S

Mrs. J. C. Granbery Is School Speaker

Thirty-two were in attendance Tuesday evening at a Camp Fire guardians training school which is being conducted at Texas Technological college under the supervision of Miss Margie Taylor, city Camp Fire executive.

Mrs. J. C. Granbery talked on symbolism in Camp Fire as the second speaker in the school, which opened Monday evening to continue for ten days. Mrs. Mike Barrier is to talk on handcraft this evening. Elizabeth Conner leads a sing-song each evening.

Tracing the use of symbols through the history of civilization, Mrs. Granbery talked on the significance of using Indian symbolism in Camp Fire, because it is an American organization.

At the close of her talk, those in the school constructed symbols and a group of Camp Fire girls sang a symbolic song.

Two Officers Named In Baptist YWA

Miss Myrtle Sansom was elected president of the First Baptist Young Woman's association, and Miss Glidewell Mullins was elected vice-president Tuesday evening at a meeting with Miss Mullins.

This was the first meeting of the association in several weeks and the elections were made to fill vacancies. Miss Frances Wynn was appointed reporter for the organization.

The Y. W. A. is meeting on the second Tuesday evening in May with the sponsor, Mrs. Tom Campbell, 2104 20th street.

In 1930 persons leaving farms for towns and cities numbered 1,543,000 compared with 1,876,000 in 1929 and [illegible],000 in 1920, the peak year of farm exodus.

SIGNPOSTS *that lead to* Genuine Satisfaction

These standard tests make every buyer an expert judge

At last a hitherto vague highway has been plainly marked.

Kelvinator has dared publish the Standard Rating Scale because Kelvinator has the value to meet it in every detail. We ask you to come and judge for yourself. See a Kelvinator, apply every one of these searching tests, and prove beyond doubt that Kelvinator is the logical choice for lasting satisfaction. We are willing to let you "sell yourself" without a word from us. Call and make this analysis, for the sake of your own satisfaction in years to come.

● STANDARD RATING SCALE *for Electric Refrigeration*

● Is the refrigerator manufactured by a reliable company with proper experience in the electric refrigeration field?

● Has it plenty of food and shelf space?

● Is the cabinet itself well designed, sturdily built and properly insulated?

● Is there provision for the freezing of an adequate supply of ice cubes? (Quantity of ice rather than number of cubes, which may be of large or small size, should be taken into consideration).

● Will the refrigerator constantly maintain a proper temperature for the preservation of foods?

● Can the freezing of ice cubes and desserts be speeded up when the need arises?

● Can this extra freezing speed for ice cubes be had without affecting the temperature on the food shelves? (Too low a temperature on the shelves will, of course, injure food).

● Is there a place to keep ice cream, meat, fish, game, "quick frosted" foods or extra ice cubes indefinitely at a below freezing temperature?

● Are these various temperatures (a. extra fast freezing; b. fast freezing; c. below freezing for storage; and d. normal food preservation temperature) automatically maintained without any attention from the owner?

● Does the refrigerating unit operate often or infrequently? (The fewer "stops" and "starts" the longer the unit will last and the less it costs to run).

● How long will the cooling unit continue to cool the refrigerator even though the current is shut off? (Refrigeration should continue for 10 or 12 hours).

● Can the back parts of all shelves, even the lowest, be reached without kneeling or sitting down?

● Has provision been made for keeping vegetables fresh and crisp?

● Can the refrigerator top be used to "set things down for a moment" while the contents of the cabinet are being re-arranged?

● Will the refrigerator add to the attractiveness of the kitchen?

● Has the experience of users over a long period of years proved the refrigerator long-lived and dependable?

Thought For Today

And the next day we touched at Sidon. And Julius courteously entreated Paul, and gave him liberty to go unto his friends to refresh himself.—Acts 27:3.

* * *

Life is not so short but that there 's always time enough for courtesy. —Emerson.

Cause Of Crime

No more pictures dealing with the underworld will be produced by the Paramount-Publix Corporation. S. R. Kent, vice president in charge of distribution, made this announcement the other day—taking pains, at the same time, to deny emphatically that gangster movies have been responsible for crime waves.

This action came only a few days after Police Commissioner Mulrooney of New York had charged that motion pictures and tabloid newspapers were chiefly responsible for the increase of crime among city youths.

Mr. Kent explaining his company's action, said, simply that crime pictures have been overdone and that the public is tired of them. Thus, while he does not accept Commissioner Mulrooney's criticism he at least takes an action that ought to help make the commissioner happy.

The general public probably will welcome a diminution in the number of gangster movies. The general public also is at least partially in agreement with the New York police commissioner, and the whole business needs a little more intelligent consideration than it usually gets.

An impressionable youngster may now and then, be led into crime by a lurid movie; but in general it is safe to say that blaming the movies for the gang wars of the big cities is nothing but an easy way out of a perplexing situation.

As long as we can soothe our conscience by an "explanation" of that kind we shall continue to have crime waves. In deed, one of the big reasons for bad crime conditions in American cities is the fact that all of us are content to find some scapegoat like the moving picture.

We blame the movie and the tabloid and conveniently forget about the bad housing conditions that provide crime with its best spawning ground.

We blame the movie and the tabloid and overlook the fact that half a dozen good playgrounds, properly placed and rightly directed, would do more to keep city children from going astray than all the "uplift" in the world.

We blame the movie and the tabloid and shut our eyes to the fact that every one of us who buys a pint of gin helps to pay for the upkeep of the army of professional gunmen.

We overlook the social and economic conditions that produce big city gangs—because fixing those conditions so that they would no longer produce gangs would be altogether too much trouble. Being lazy, we prefer to put up with the gangs. Why not blame them on the movies and the newspapers? It's so much easier.

It's just about time that we gave up these cheap excuses. The roots of organized crime today go right to the foundations of American society. Cheap movies have no more to do with it than the price of bustles in Afghanistan.

Page Solomon!

A government in the modern world needs the wisdom of a Solomon. If you doubt it, consider what recently happened in China.

The Chinese government, growing enlightened, decided to wipe out some of the old superstitions that have held the coolies in bondage for centuries, and as a first step ordered all fortune-tellers to find new jobs.

So far, so good, and highly praiseworthy. But how did it work out? Well, most fortune tellers in China are blind people. They have no other way of earning a living—vocational training in China not being very well developed. Hence the government's perfectly laudable order has brought unemployment and suffering to many thousands of blind people. Their only means of self-support has been taken away from them. Many will starve.

That Girl on Broadway says many young men should learn to stand on their own feet—especially when they dance.

* * *

O. L. Shipp, of Idalou, writes The Plainsman that "if you give a crook enough rope he'll tie up the nightwatchman".

* * *

GIVE the kids and the teachers a break today, tomorrow or Friday and slip out to the high school building where the annual school exhibit is under way. You ought to be interested enough to go for your own benefit, but if you're not make the youngsters and faculty members think you are by showing up once, anyway.

* * *

They've got a whale of a good exhibit out there—they've worked hard on it. It'll make 'em feel better if Lubbock, from one end to another, flocks out there and gives it the double-o.

* * *

THE Lubbock Shrine club is starting its tinfoil saving campaign and is asking every Lubbock citizen to co-operate. The campaign is one to raise money for a good cause, but still it is a project which will cost no person a cent from his own pocket. He merely gives what he'd otherwise throw away.

* * *

Placed at various public points around the city are receptacles in which tinfoil from around cigars, off cigaret packages—in fact from every place tinfoil is found—may be placed. This tinfoil will be gathered up by local Shriners and sent to Dallas, from whence it will go to smelters to be melted down and used again. Money received for the tinfoil will be used by the Shriners' organization to carry on its laudable work among crippled children.

* * *

It may look like a lot of trouble for little return, but if Lubbock cooperates as it should the tinfoil donated here during 1931 should net from $500 to $1,500, according to Bob Hester, a Shriner interested in the project. Throughout the United States last year similar tinfoil campaigns netted $578,000—and that sum relieves the ills of a whole lot of crippled kiddies.

* * *

So save your tinfoil—spot one of the receptacles and make a habit of dropping the foil into the box at more or less regular periods. If only enough tinfoil is collected here to improve the condition of one little unfortunate, it will b worth the time and effort involved.

* * *

UP in Idaho, where there must not be a great deal to worry about, a group of natives have launched a very serious deliberation. It has been rumored that a certain young teacher sleeps in pajamas—a heineous crime, indeed—and parents of her pupils are intent upon finding out the truth.

Just what will be done with the girl should she be found guilty of such an offense, has not yet been announced. But doubtless there will be some genial, broadminded soul who'll want to boil her in oil so the punishment will be certain to fit the crime!

* * *

Thus the free state of Idaho is going the balance of the country — Texas included — one better in the jolly old custom of butting into the personal likes and dislikes of public school teachers. Where the custom will stop is a matter for time alone to tell—but it is an established fact that it is one of the most popular pastimes known the nation over.

* * *

The Plainsman subscribes to the theory that in morals the school teacher should be above reproach—but so should all of us, for that matter. He believes the influence of the school teacher upon the pupil is marked and that a reputation for honesty, varacity and clean living should be demanded in every person who assays to hold a position in any public school system. But most school boards and superintendents are not satisfied with that demand. They want to go even further in regulating the lives of the teachers.

* * *

THEY seek to tell her—in some places—what kind of clothes she shall wear, what kind of shoes and stockings. They seek to tell her how often she must go to church, whether or not she may enjoy a game of bridge or a motion picture. And through wagging tongues, they keep her under constant surveillance until it's a wonder any high-spirited young woman, who enjoys a nominal share of clean fun, will apply for a teaching job in any community of less than 100,000 souls.

* * *

In The Plainsman's opinion, school teachers are entitled to the same rights, liberties and pursuit of happiness the Constitution grants to the rest of us. They're human beings, and as long as they are honest, upright and moral, and conduct their work to the satisfaction of their superiors, it's nobody's business whether they play an occasional game of bridge, attend a show or, going back to Idaho, even wear pajamas! The school ma'm has a hard enough row to hoe without being subjected to personal likes and dislikes of others.

* * *

That Man on Avenue Q says a client should keep nothing from his lawyer—not even a little small change.

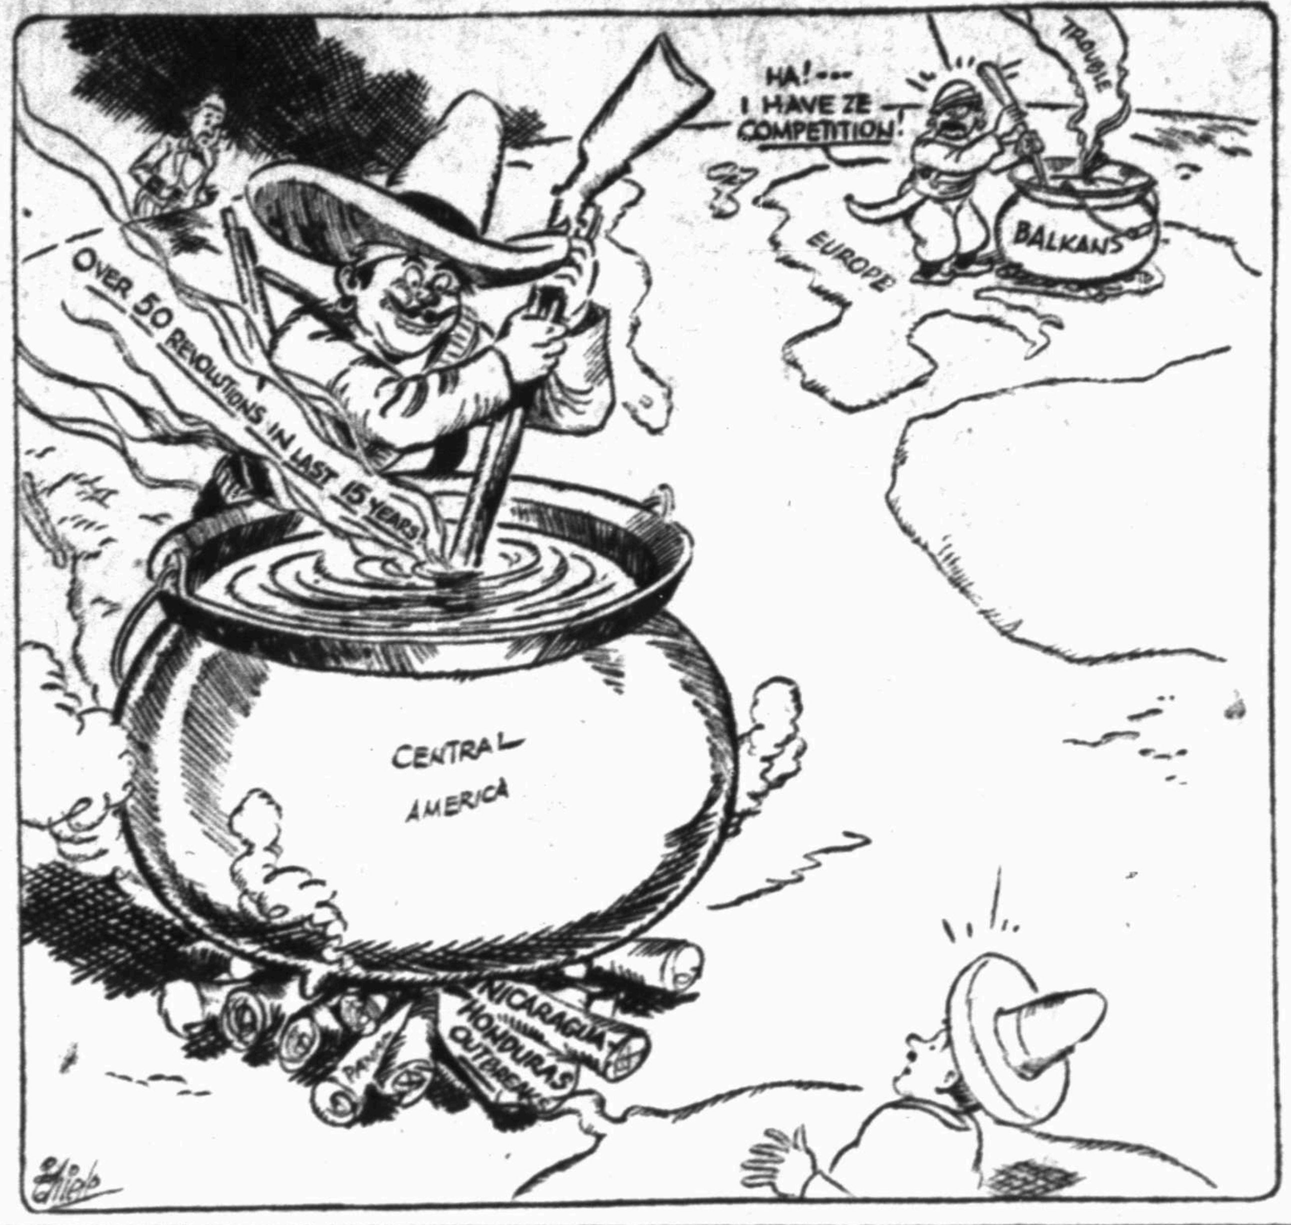

* * *

A man walked into a Lubbock drug store the other day.

"Gimme twenty cents worth of carbolic acid", he demanded.

"Yes sir", said the clerk snapping to attention, "an white or rye bread?"

Our "Balkans"!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Major Parties Reveal Issues For '32 Campaign; G. O. P. Hits Wet Activity; Democratic Party Cites Unemployed

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, April 29.—Judging from 87 elongated mimeographed sheets received in six weeks from the Democratic publicity bureau and 41 similar sheets in the same period from the Republican publicity bureau, the party arguments for the 1932 campaign as thus far formulated are as follows:

DEMOCRATS

Hoover promised prosperity under a Republican administration and now look at us.

The largest single factor in the sharp decline of our foreign trade was the Hoover-Grundy tariff bill.

The tariff bill also deepened the distress and misery of the farmer.

The administration has made no constructive effort to lessen the seriousness of the situation or to alleviate suffering.

Hoover and members of his cabinet spent many months trying to fool the people about the extent of unemployment.

The great bulk of the president's campaign promises have not been kept and no attempt has been made to keep them.

The administration has maintained a consistent general policy of subterfuge, vacillation and evasion.

It has played cheap politics with the depression, as in its treatment of Democratic measures.

Mr. Hoover, the great engineer and Mr. Mellon, the "greatest secretary of the treasury since Alexander Hamilton," have so managed the country's affairs that the government now faces a deficit of somewhere near a billion dollars.

The Republicans are so bankrupt for issues that they seek to make a national issue of the corruption of some obsecure Tammany judges, forgetting their own complete silence anent the Harding administration scandals.

REPUBLICANS

The Republicans have effected agricultural measures which have kept our farm prices far above those in other countries.

They inaugurated a tremendous construction program which gave hundreds of thousands of jobs to men who needed them.

The country would have had to endure conditions frightful to contemplate had Herbert Hoover not been at the helm.

No man in office ever worked more intelligently, devotedly and industriously than Hoover has.

The depression was due primarily to depression outside this country and drought within.

The Red Cross functioned 100 per cent and children in drought areas have never been so healthy as they now are.

The Democrats have offered no program of their own to the country, except for Chairman Raskob's proposal to solve economic problems by repealing the anti-trust laws and offering everybody a drink.

The Republicans gladly accept the tariff as a presidential campaign issue.

Every Democratic tariff has brought on disaster.

The Democratic party wants to substitute low foreign wage scales for high American wage scales.

The south should throw off the shackles of Democracy; its great industrial progress has been made under Republican rule.

Tammany exercises control over the National Democratic Party.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1435 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining," "Feminine Hygiene," "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

ERUPTIONS

SELF DOSING with drugs over a long period is always a dangerous practice, and sometimes results in serious disorders. Often these appear on the skin in the form of eruptions. The victim may be entirely unaware that the eruption is due to the drug that is being used, and blithely goes on to treat the skin disease for eczema or something of the kind, meanwhile continuing the administration of the drug. So the eruption gets worse and worse.

Dr. Clendening

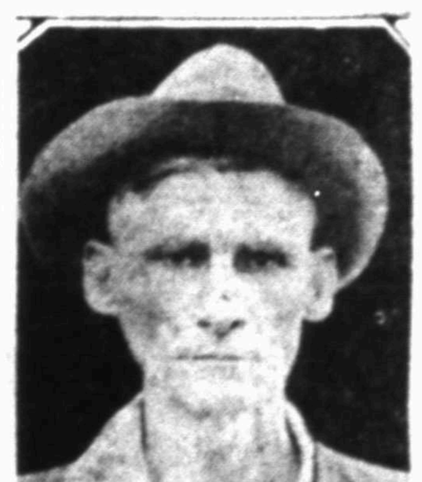

I remember seeing a patient several years ago who consulted me on account of large, hideous sores on the legs. They were each as big as a silver dollar and formed fungating masses. Their nature was a complete mystery to me, and I asked a dermatologist into consultation. He immediately recognized them as due to bromides. On questioning the patient we found that she had been taking a nerve tonic for several months, and that it contained a large amount of bromides. Taking her off this "tonic" and feeding her large amounts of ordinary table salt served to clear up the condition in two weeks' time.

Bromide rashes on the skin are often on the face, and closely resemble the common disease, acne, or, in ordinary language, pimples. In such institutions as use bromides for epilepsy the patients have to be watched very carefully to prevent the development of such rashes. The treatment, of course, is first to stop taking the bromides. By doing only this the eruptions disappear in three or four weeks. Their removal can be hastened by the use of a very simple remedy—salt. It is best given in sterile solution in the vein, but even by mouth it is effective. Its action depends on the fact that when bromides are taken they tend to replace the chlorine ions in the body tissues—salt being sodium chloride contains chlorine ions. When the bromides are stopped and the chlorine ions again enter the body a reversal of the process takes place and the chlorine replaces the bromine ions. This treatment shortens the duration of the time the eruption would naturally last if simply the bromides were withdrawn by several weeks.

Prevention of bromide skin rashes is even attempted when patients are compelled to take large doses of bromides over prolonged periods of time, by giving equal amounts of salt with it.

Among other commonly used drugs which are not widely known to cause skin eruptions, mention should be made of phenol-phthalein. You may not realize from looking at that name that it is a commonly used drug, but it is. It is the active ingredient of the class of cathartics that are sugared or made in the form of candy. The eruption it causes comes out mostly on the arms or trunk in the form of discreet rounded or oblong pinkish spots. It may frighten a mother half to death to see her child break out this way, and children are the usual ones to get this kind of cathartic.

Father Of 34

At 54, John D. Sloan, Kona, Ky., coal miner, is the father of his 34th child. He has been married twice, 16 children having been born to his first wife and 18 to his second who is not yet 40. Twenty-four children are at home and 10 are married. There are three sets of twins in this remarkable family.

Legion Commander Dies At Ft. Worth

FORT WORTH, April 29 (AP) — Captain John L. King, 67, first commander of Bothwell Kane post, American Legion, died last night at his home.

In 1927, King was sponsored by the disabled veterans chapter here as a candidate for the post of national commander of the organization.

Captain King saw service in the Spanish-American war and with the American troops on the Mexican border in 1916.

PLAN OBSERVANCE

AUSTIN, April 29, (AP)—The house constitutional amendments committee today voted to report out favorably a constitutional amendment resolution to authorize the observance of the 100th anniversary of Texas independence by a centennial celebration in 1936. The vote was unanimous. If approved by the people, the legislature would be authorized to make appropriations for the expense of the centennial.

DAILY ALMANAC

Cloudy

WEST TEXAS: Cloudy, showers in north portion tonight; Thursday partly cloudy.

EAST TEXAS and OKLAHOMA: Cloudy, scattered showers tonight; Thursday cloudy, scattered showers in east portion. Light to fresh southerly winds on the coast.

In New York With Gilbert Swan

SWAN

NEW YORK, April 29—Life is like that! But it's also like this:

He has written hundreds of thrillers about adventure in the great open spaces. Lonesome cowboys are pictured "silhouted against the evening sky." Bad men bite the dust and the dust bites bad men.

Bang, bang, bang! . . . And it's the old Flying Q gang riding into town for trouble. And there goes that ornery cayuse, Alkali Pete! He's up to no good, what with the disappearance of the Brand-Z cattle!

Well, by this time you know what I mean. He takes millions out of their comfortable racking chairs and hurries them off to high adventure on the plains, accompanied by cowboys, buckaroos, outlaws and all the rest. Ah, you sigh, there's the good, red-blooded life for you.

At any rate, his name is Robert J. Horton, and he must have done at least 400 western thrillers.

But—all Monsieur Horton sees of the great open spaces when he sits down to grind out these tales is the nearest skyscraper, or the Jersey hills.

For his typewriter is perched on the 47th floor of the New Yorker hotel and there hemmed in by wild traveling salesmen and savage cloak-and-suit gents he writes of the wild west.

* * *

And life is also like this:

He is one of the star instrumentalists in one of the best known jazz bands in Manhattan. The band plays at a certain prominent hotel.

A frequent visitor at the place is the musician's ex-wife. Divorced from him, she comes around with her new boy friends. This is not an effort on her part to rub it in; she really enjoys her ex-husband's playing.

In fact, her appreciation of his work was the beginning of the romance. And after they were married, it was music that had a great deal to do with the attachment breaking up. He gave hours and hours to practice, and then would rush off to an engagement; he would be playing in hotels and night clubs to all hours of the morning. There was practically no such thing as home life.

So they split. But now that he's no longer her husband she can appreciate his playing again, but her presence there never fails to make the musician a bit uncomfortable.

* * *

And to continue, life is also like this:

In the very heart of Manhattan, Frank Hoey leads a life as pastoral as that of any ruralite.

He is one person who has the big town completely and utterly licked. When the suns of April are bringing the well known May flowers Hoey appears out of nowhere with New York's one and only flock of sheep. Somehow, the shock of coming upon a shepherd taking his barnyard family out for a walk in the middle of Central Park never quite wears off. I never fail to pinch myself to make certain that I'm awake.

And yet, Hoey has no great yen to go to the farm. While driving the latest lambiets over the lea, or whatever it is, he likes to sit atop a green mound and watch the skyscrapers going up in the neighborhood.

FOUR CENT BREAD

SAN FRANCISCO, April 29 (AP)—Bread sold for four cents a loaf here today. A chain store cut the price of the 16-ounce loaf to that figure, said to be the lowest ever reached here. Other chains and independents charged 5c for the 16-ounce loaf and 7 1-2 cents for the 24-ounce loaf.

If there's anything in a name, John Drinkwater, the writer, should make a fine propagandist for the prohibitionists.

We suppose that that Canadian baby who was born in an airplane recently will be forever boasting of his descent.

The Paris hotel at which Alfonso resides charges him $600 a day. They look upon him, apparently, as just another tourist.

Many film producers seem to be of the opinion that the talkies have given them the privilege for outspoken drama.

Flapper Fanny

All work and no play makes jack.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

The Tinies found West Lake a spot where air was cool and sand was hot. They promptly found a bath house that was right down by the shore. Said Scouty, "Right inside I'll scoot and tog out in a bathing suit. Gee, everything is simply great. We couldn't ask for more."

It wasn't long till everyone was in the water, having fun. Said Clowny to the Travel Man "Let's see you do some tricks. But be real careful. Goodness knows, if you get water in your nose, 'twill likely make you choke and you'll be in an awful fix."

And so the Travel Man swam out and then the Tinies heard him shout, "I'm going to stand upon my hands. This may give you a scare 'cause I will dive right out of sight. Don't worry though, I'll be all right. In just about a second both my feet will be in air."

He did as he had said he would and Coppy shouted, "You are good! I'm going to try that stunt myself. Gee, catch me, if I fail." And then he swung his feet up high. When he was through they heard him cry, "My that surprised me quite a bit. It wasn't hard at all."

In 'bout an hour the Travel Man took one last dive and then he ran out to the shore and called the bunch. "We've had enough," said he. "Although you may feel good and strong, it isn't good to swim too long. And, anyway it's time to eat. I'm hungry as can be."

They dressed and had a bite to eat and then all sauntered down the street. "Oh, look! Here comes a jolting cart," the Travel Man cried out. "I'll pay the man to let you ride. It's something you have never tried. Hop in and you'll soon find out what it is all about."

(The Tinymites meet a strange groceryman in the next story.)

The man who blows his own horn, says the office sage, is the only one who thinks he's tooting.

Married couples don't realize they're in a tight fix until they move into a modern apartment.

SOCIETY NEWS

(Continued From The Women's Page)

Young Folks Have Session At Church

Anticipating the district Christian Endeavor convention in Canyon on May 8 to 10, young people in the First Christian church met Tuesday evening in business session at the church. This Canyon convention is to be attended by representatives from the First Christian, First Presbyterian and Cumberland Presbyterian churches.

Earl Walker has been named chairman of registration, Miss Eleanor Nelson is pep leader and a transportation committee is composed of Paul Squyres and John Wherry.

The Christian young people are to have open house from 6 until 7 o'clock Sunday evening in the Sunday school annex and Miss Margie Taylor is to be in charge of entertainment.

High school seniors in the society will be honor guests during the hour between 7 and 8 o'clock and R. W. Matthews, principal of the school, will be the principal speaker. Miss Ruth Thompson is pianist for this hour.

Mrs. Bondurant Has Party For Club

Triangle club members were guests of Mrs. D. K. Bondurant, 1917 16th street, Tuesday afternoon. Mrs. Fred W. Standefer scored high in bridge games and Mrs. Heard Jones made low score.

Trices Plan To Have Party For Club

Mr. and Mrs. W. H. Trice are to entertain the Maggie and Jiggs Forty-Two club Friday evening at 8 o'clock in their home.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, April 29 (AP)—Cotton opened steady today at a decline of 1 to 6 points under comparatively light offerings which may have been promoted by the indifferent showing at Liverpool.

Traders seemed to find no particular incentive in the early weather news but the weak opening of the stock market led to increased offerings of cotton and there was scattering liquidation in the old crop positions. May sold off to 9.86 and Oct. to 10.45 by the end of the first half hour with active months showing net losses of 7 to 10 points. According to early estimates notices representing about 2,000 bales were issued against May contracts but the early offerings of May were readily taken against sales of later months. Brokers who sometimes operate for cooperative interests were credited with selling July against purchases of January.

Liverpool cables reported an inactive market with liquidation absorbed by trade calling at the decline there. Egyptian futures in Alexandria were irregular with quotations 3 lower to 14 higher.

Unfavorable features in the weekly report of the weather bureau, referring mostly to the delays caused by wet weather and low temperatures, brought in a little buying during the middle of the morning. It was supplied on bulges of 4 to 5 points however, and cotton again seemed to be more or less dominated by the action of the stock market. At any rate, prices eased off again with the midday market ruling around 9.87 for May and 9.45 for October, or about 8 to 10 points net lower.

NEW ORLEANS REPORT

NEW ORLEANS, April 29 (AP)—Cotton opened slightly easier here today as Liverpool cables came in considerably lower than due. First trades showed losses of one to four points. As the stock market had a weak opening, despite the declaration of dividend by U. S. Steel, cotton eased off after the start owing to lack of support. July dropping to 10.13 and October to 10.46, or 10 to 13 points below yesterday's close.

The market continued to ease off during the morning in sympathy with weakness in stocks. There was a slight rally at one time on a bullish weekly weather and crop summary from Washington but it did not hold. July finally dropped to 10.12 and October to 10.44, or 11 to 15 points down from yesterday's close.

Around noon, the market was a shade steadier and one point above the lows. The undertone still continued rather bearish.

NEW ORLEANS OPEN

NEW ORLEANS, April 29 (AP)—Cotton futures opened steady today.

May 9.95-bid; July 10.22; Oct. 10.55; Dec. 10.75-bid; Jan. 10.85-bid; March 11.06-bid.

NEW YORK OPEN

NEW YORK, April 29. (AP)—Cotton futures opened steady today.

May 9.95; July 10.17; Oct. 10.50; Dec. 10.72; Jan. 10.83; March 11.04.

MOCK TRIAL SLATED

Mock trial of a student for liquor sale will be resumed at 7:30 o'clock tonight at a meeting of the Prelaw club of Texas Technological college in room 302 of the administration building. The public is invited to attend the session, Marshall Formby has the role of defendant.

LEGAL NOTICES

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States For the Northern District of Texas. In The Matter of Jasper Clyde Hornsby, Bankrupt, No. 107 in Bankruptcy.

OFFICE OF REFEREE
Lubbock, Texas, April 27, 1931.

Notice is hereby given that Jasper Clyde Hornsby of the County of Lubbock, and district aforesaid, did, on the 27th day of April, 1931, file in the Clerk's office of said Court, at Lubbock, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 28th day of May, 1931, be with the Referee for the Lubbock Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

W. D. GIRAND,
Referee in Bankruptcy.

Notice To Public

Notice is hereby given to all merchants and others interested, that Board of Education of Lubbock Independent School District will pay no bill incurred by any one except on a signed requisition or order from the Business Manager of the said Lubbock Independent School District.

J. T. HUTCHINSON, President.

Stock Market

WALL STREET REPORT

NEW YORK, April 29. (AP)—United States Steel common, breaking 6 points to 118 1-2, provided the feature of a selling movement in the stock market today. Other prominent shares did much better than the industrial leader, however, considerably reducing losses of 2 to 3 points net during the heavy selling that followed the opening.

Steel dropped 5 points in the first half hour, an unusually rapid decline, and traded actively. American Can, American Telephone, New York Central, Eastman Kodak, Case, Worthington Pump, Union Carbide and Allied Chemical recovered a point or more from their lows when the market began to regain its equilibrium.

Call money renewed at 1 1-2 per cent.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Dairy Products—Bell Ice Cream company and Mistletoe Creameries; Grain—S. S. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton — Blocker Cotton company. All prices subject to change during day.

Grain Market

CHICAGO REPORT

CHICAGO, April 29 (AP)—Helped by reports of an almost certain large reduction of Germany's wheat import duty, grain prices showed an early upward trend today. Continued dry weather in the North American spring wheat belt also was a strengthening factor.

Opening at 1-8 cent off to 1-2 up, wheat afterward showed a general advance. Corn started at 1-8 decline to 3-8 gain and subsequently rose all around.

Livestock Market

LOWER RATE IS SOUGHT HERE

LIONS CLUB SEEKING REDUCTION IN FIRE INSURANCE RATE

A reduction in Lubbock's fire insurance rate is asked in a resolution adopted by the Lions club at its weekly luncheon Tuesday noon at the Hilton hotel.

The raise in rates followed the downtown fires occurring in August, 1930, it was pointed out. Through the record made since those fires, it is hoped a reduction will be procured soon, the committee submitting the resolution.

Named Host City

E. L. Pitts, vice president of the club, who presided at yesterday's meeting, announced that Lubbock had been selected as the host city for the 1932 district convention of Lions clubs. This city has been approved by other clubs in this district as the site of the 1932 state convention.

A telegram was sent to Lubbock's delegation, consisting of Dr. S. S. McKay, Paul Sherrod, Rufus Scarborough and Stoney Wall, welcoming the convention to Lubbock and thanking the local delegates for their successful work in securing the meetings.

The local club was addressed by Dr. E. L. Reed, head of the botany department of Texas Technological college, as a part of the program. Dr. Reed suggested the development of a cactus garden as a means of improving Lions park.

W. B. Girand, sr., reporting for a committee appointed to investigate the feasibility of the club sponsoring band concerts during the summer, stated that the movement was gaining momentum rapidly and should be worked out successfully.

Maynard Wynne and Carl Maxwell, Lubbock Boy Scouts, addressed the club, using as their theme the value of scouting to boys of the adolescent age.

Calvin Henson was in charge of the program.

ASSAULT CASE

Continued From Page One

Williams. "I told him to come around to the back door. As the matches were being handed to him, he grabbed me.

"Frantically I struggled to release myself from his grasp, but was unable to do so," the sheriff was told. "Our dog, sensing something was wrong, suddenly started after Woods. He released me to fight off the animal and I started running for my mother's home. I don't know how I ever got here."

Bruises On Body

Mrs. Havens said she bore bruises on her arms and shoulders, allegedly inflicted by her attacker.

Woods was found at his home, one mile from the place of the attack. All of the doors and windows of the house were locked and it was necessary for Sheriff Williams and his deputy to force a window to get in the residence. Woods was found hiding in a closet, according to the officers.

The accused man had lived in the community only three or four months, moving here from Littlefield.

His bond was set at $5,000 pending action of the county grand jury.

SCHOOL RALLY

(Continued from Page One)

time today from Amarillo for the meeting.

Drive Is Planned

A drive over Lubbock, beginning at 2 o'clock Thursday afternoon, and a tea after that at the home management house on the campus of Texas Technological college are scheduled events for Thursday afternoon. The remainder of the day will be used in arranging exhibits from the various schools.

These exhibits will be judge on Friday and the closing program of the convention will be held on Saturday morning. The public probably will have an opportunity to view these exhibits after the judging is completed on Friday afternoon, it was anounced this morning.

The display will remain open on Saturday morning, also, unless Miss Peek rules otherwise, it was stated. The Saturday morning program, which opens at 10 o'clock, will be open to the public.

In addition to home economics faculties at the Lubbock High school and Tech college, judges for the exhibits are to include the following: Misses Mary Goldman, Clara Tucker and Lucille Magruder, College of Industrial Arts, Denton; Misses Elizabeth Tarpley and Lucy Rathbone, University of Texas, Austin; Miss Leona Rider, San Marcos State Teachers college, San Marcos; Miss Acker, North Texas State Teachers college, Denton; Miss Marion Normington, West Texas State Teachers college, Canyon.

BOYS' WEEK

(Continued from Page 1)

of the line will be on Avenue J north of Tenth street, and will face south, Executive Jennings said.

Announced line of march follows:

West on Tenth street to Avenue K, south to Broadway, east to Avenue G, north to Main street, west to Avenue J, and north to Ninth street.

Contests for boys will be conducted at Texas Technological college athletic field, beginning at 2 o'clock Saturday afternoon. All boys—whether or not they are scouts—are urged by Executive Jennings to attend and bring their friends, parents, pets, bicycles, and whatnots.

A committee is conferring with merchants to obtain prizes for the contests.

S. A. Henry is chairman of Saturday's events.

A father-and-son meeting will be held Sunday afternoon.

CIVIL APPEALS PROCEEDINGS

AMARILLO, April 29 (AP)—The following proceedings were had in the court of civil appeals for the seventh district at Amarillo today:

Motions overruled: Jesse McCullough vs. Bertha McCullough, rehearing; S. H. Kress & Co., vs. W. P. Stewart, et ux, rehearing; J. C. Campsey vs. G. W. Brumley, rehearing.

Affirmed: M. S. Acuff vs. Fort Worth and Denver South Plains Ry. Co., from Lubbock; John Bell vs. Flora Haynes, et al, from Hale; Dollie Sayers vs. Navillus Oil Co., from Potter; American Central Life Ins., Co. vs. Lorine M. Alexander, from Lubbock.

Reversed and remanded: H. O. Everts vs. H. A. C. Brummett, from Dickens.

Reversed and rendered: American Surety Co., of New York vs. Axtell Company, from Lubbock.

Appeal dismissed: Mrs. W. C. Nairn, et al, vs. Robert Bean, et al, from Lubbock.

Submitted: W. R. Saulsbury vs. H. M. Anderson, et al, from Gray; H. B. Crosby, et al, vs. J. B. Slaughter, jr., et al, from Garza; E. Dick Slaughter vs. Bledsoe Independent School District, et al, from Cochran; Curtis L. Benson vs. Donley county, from Donley; H. J. Walker vs. Quanah, Acme & Pacific Ry. Co. from Hardeman; H. E. Sammonn vs A. M. Deitrich, from Floyd.

Set for submission on June 24, 1931: Metro-Goldwyn-Mayer Distributing Corp., vs. H. P. Cocke, from Collingsworth; Texas Indemnity Ins. Co., vs. David J. Fry, et al, from Hutchinson; J. D. Quick, et al, vs. W. M. Pevehouse, from Lubbock.

Former Local Girl Dies In California

Funeral services for 15-year-old Hazel Goodgion, former Lubbock High school student, were to be held today at Los Angeles. Burial was to be there.

Miss Goodgion died of spinal meningitis Saturday at Los Angeles. She was injured when struck by an automobile, February 5, while en route to school in the California city.

Survivors include two sisters, Mrs. E. E. Agnew and Mrs. N. C. Mills of Lubbock. A resident of Lubbock 10 years, Miss Goodgion left here January 10 to live with her sisters, Misses Ola and Lizzie Goodgion and Mrs. J. A. Breedlove of Los Angeles. Her father, G. W. Goodgion, was with the girl following the accident. He was in Chicago when it occurred.

Limavady, Ireland, has asked the government to help it erect a large number of houses urgently needed for laborers.

Brother Of Local Man Dies Tuesday

E. L. Faulkner, 32-year-old brother of W. P. Faulkner, manager of Crystal Ice company here, dropped dead as a result of heart disease Tuesday in New York City.

The brother living here was to leave today for Houston, where burial will take place this week. E. L. Faulkner was an executive of the American Telephone and Telegraph company.

STOLEN CAR FOUND

A Chevrolet coach reported stolen from near Avenue H and Ninth street Monday night was found Tuesday five miles south of Lubbock, according to police. The automobile had been stripped of tires and lamps. It belonged to N. W. Buchanan, living five miles east of Monroe.

OIL FIRE

(Continued from Page One)

come ignited in some inexplicable way were near death in a Longview hospital. It was possible others had died in the blaze but operators were hopeful all had been accounted for.

The dead:
Bob Murdock, Orlando, Okla.
Bill Haroun, Canadiain, Okla.
George Albright, Carthage City, Penn.
Roy Blankenship, Tulsa, Okla.
Bill McCasland, sr., Winona, Okla.
Bill McCasland, jr., Winona, Okla.
Virgil Woltz, Hunter, Okla.

John Keys of Oklahoma City and Frank Flouck of Woodfield, Okla., were in the hospital at Longview in a dying condition.

Others Injured

A man named Bristow of Wewoka, Okla., was burned on his back and W. Tom Cole, owner of the land where the well was going down, was slightly burned about his hands when he attempted to rescue several of the flaming men trapped in the inferno.

Rabbit Martin, of Ardmore, Okla., a roust about; Lee Brumley of Wichita Falls, foreman of the contracting crew for Loffland Brothers of Tulsa.; Lee Brown, head tool pusher for the contractors and a man named Barber from Ardmore, Okla., were not burned although Brumley's clothes were blazing when he snatched them from his body, and Brown's vest was burned off.

Flames Unabated

The gigantic geyser of fire crackled and leaped unabated, gathering momentum through the night, lighting the pine forests for many miles. No effort was made to squelch it and its heat became intensified as thousands of barrels of crude were lapped up by the shooting flames. It was decided to let it burn until dawn today when men and equipment preparatory to setting off a shot of nitroglycerin began their task. It was likely that several days would be necessary in the meticulous care necessary to place the explosive by experts who were being rushed here from Oklahoma City.

While the oil fire snorted and popped, there were weird little camp fires while buddies of Murdock and Haroun, whose bodies were cremated in the withering caldron, kept a sort of wake over their ashes. The boys around the fires talked of the amazing scene as men died in the fire and related incidents of heroism.

There was the case of driller Murdock, caught on the floor of the rig, who thought of his pal, Virgil Woltz, second driller, and grabbed him bodily from his feet and made a mad rush to extricate him from the flames.

Pat Massey told of that incident. He was standing on the runway when the tiny spark of unknown origin set the funeral pyre. Only a minute before, Murdock had handed him his watch and said: Pat hold this for me, I do not want to get oil on it." Murdock walked back down the runway to the floor of the rig and never came out of the fire that ensued.

Pat still held the watch, a fine timepiece with Murdock's name engraved in the lid. Whether Murdock got his pal, Woltz, off the rig no one knew, but they picked up Woltz's charred blackened body five hours later far from the fire. They knew it was his body because on one of the fingers that was not burned off was a high school class ring that his buddies remembered he had fingered pridefully when he talked of the folks back home.

Scene Recalled

The roustabouts around the funeral fire talked of the wives of the men and their families. They recalled the scene that wrung their hearts when the women and children rushed over the crooked, treacherous, rutty road through the pines to the place where smoke and flames belched from a veritable volcano. Most of them had learned the worst.

There was the wife of Murdock, whose ashes still were whirled skyward by the monster, with her 13-months old babe in one arm and the three-year-old girl by a hand. They had persuaded her to return to Pyrtle, a little town 15 miles away in Smith county, where she had made a home for her husband, and there from her front veranda, the roughnecks said, she could see the reflection on the sky through the night—her husband's fiery bier.

Victims Young

All the men who perished were young, save one—McCasland, sr., who died with his son. Most of them were under 30, all of them married and several had families.

There were 14 men on the job when the fire gushed forth from the well which was brought in Sunday night and had been running wild for 30 hours.

EXHIBITS

Continued From Page One

the various departments results of the "learn to do by doing" method instilled into the system by Mr. Duncan are plainly visible.

Exhibits Varied

Notebook collections, drawings, paintings, penmanship specimen, map work, miniature rooms and house layouts, model airplanes, crayon, pencil and water color drawings, Christmas card work and stenciling, pottery work, beading and weaving, geometric figures and notebooks, mechanical drawing layouts, biological collections, sewing, needle work and design, business correspondence notebooks, relief maps, production exhibits, cardboard layouts, posters of health, fire prevention and such, home economics and manual training, model airplanes and furniture, and every other conceivable phase of school work is on display.

Students in various ward schools, teachers and officials are on hand at various points over the gymnasium to explain the exhibits and what departments prepared them.

JAPAN LAUDED BY STIMSON

SECRETARY OF STATE MAKES TALK OVER RADIO SYSTEM

WASHINGTON, April 29. (AP)—In a radio speech that carried across the Pacific ocean to Japan, Secretary Stimson today said that largely because of the success of the London naval conference of 1930 that ocean "no longer separates but rather unites Japan and the United States."

The secretary of state's message was part of the celebration of the thirtieth birthday anniversary of Emperor Hirohito. Baron Kijuro Shidehara, foreign minister of the Tokyo government, delivered a reply which the radio brought to the United States.

Secretary Stimson spoke over the network of the National Broadcasting company in this country and over the semi-official network system in Japan. Baron Shidehara's message, in English, came immediately after Mr. Stimson's had been translated into Japanese for the Nipponese audience.

The secretary of state, referring to the tour of the eastern United States by Prince Takamatsu, brother of the emperor, and his princess, said their "spontaneous and enthusiastic welcome was because they represented Japan."

May Reopen Probe In Mystery Death

LOS ANGELES, April 29. (AP)—Police were undecided today upon the advisability of reopening an investigation into the death of Dr. Luigi Bari Sabungi, 98-year-old Assyrian philosopher, and erstwhile advisor to the sultan of Turkey.

After advancing a theory the aged man, found dead in his apartment Friday, had been slain, police later decided that because no motive could be found and because there was evidence the victim had fallen, he had met death accidentally. His skull and several ribs were fractured.

"NO ONE BUT THE PUBLIC TELLS THE INDEPENDENT DEALER* WHAT TO SELL!"

"I PATRONIZE the independent dealer because he sells the gas, oil and accessories I want—and not what some out-of-town manager tells him to." C.V.W.

Mr. C. V. W. is right, too! The independent dealer takes no orders from the "Main Office." He knows your needs—and caters to them. If you believe in fair and open competition, give your business to the Independent. You'll be more than repaid by his courteous service.

And one sure sign of the Independent is the green and white Quaker State sign—the oil with the "Extra Quart." Use Quaker State. It lasts longer—lubricates better. Saves your car—and saves your money.

Patronize the dealer who sells Quaker State—and cast your vote for independence. The dealer's—and your own. For the independent dealer takes orders only from you. He sells what *you* want—whether it's gas, accessories or oil!

* The Quaker State Green and White Sign Identifies Independent Dealers Everywhere.

ASSETS TAX IS VOTED DOWN

MEASURE DEFEATED BY TIE VOTE TUESDAY IN THE HOUSE

AUSTIN, April 29 (AP)—The house, which had shown a disposition to raise additional revenues, yesterday killed the intangible assets tax by the narrowest of margins.

The bill, by Rep. Weinert of Seguin, was killed on a tie vote 63 to 63. To be engrossed, a bill must receive a majority.

Career Ended

When the vote on engrossment first was announced, it showed the bill was engrossed, 63 to 61. Verification was asked, however, and before it could be made, a motion to reconsider prevailed. The new vote on engrossment resulted in the tie. Representative McDougald of Beaumont then moved to reconsider the vote and table the bill. His motion carried 64 to 60 and the bill's career was ended.

The fight on the bill lasted more than five hours. Proponents called the bill a needed and far-reaching tax reform while opponents claimed it would drive industry out of Texas and retard progress.

Solons Disagree

The bill called for a tax on the intangible assets of all corporations except those paying gross receipts on sales taxes. Proponents said it would raise about $1,500,000 annually.

Opponents charged sponsors of the bill did not know how much the bill would bring in, estimating it would raise between $10,000,000 and $40,000,000.

The senate committee on highways and motor traffic last night voted 5 to 1 to give a favorable report to the house bill to prevent the highway commission from re-routing state roads away from towns of 200 or more population. The bill was passed by the last legislature but was vetoed.

The house had been scheduled to take up the $212,000,000 state highway bond issue again today but sponsors indicated it would be postponed. The house recessed yesterday which made it unlikely the senate joint resolution to abolish the state ad valorem tax would be reached.

The senate yesterday spent another day on truck legislation.

The senate committee on constitutional amendments voted a favorable report on a house resolution to cut down the legislative representation of large counties. Under the proposed constitutional amendment, no county with 500,000 people or less would be entitled to more than five representatives.

ROTARY GOVERNOR CANDIDATE NAMED

SAN ANTONIO, April 29. (AP)—Walter Walthall, San Antonio, present governor of the 47th district of Rotary, was nominated yesterday during the closing session of the district conference here for membership in the directorate of International Rotary.

Dr. John Crockett of Harlingen, former president of the Rotary club of that city, was elected district governor and following approval of the election of the international body will take office June 30.

Resolutions passed by the conference included a recommendation to the Texas legislature to establish a crippled children's commission for the census, treatment and education of crippled children of the state.

A joint conference of the 41st 47th, 48th and part of the 42nd, districts of Rotary was recommended for 1932 to incoming district governors in another resolution passed.

A liner being built in Scotland will have 13 decks.

Aren't these movie folk daring? Yes, sir. Ben Lyon is making love to Ona Munson on a narrow girder, undisturbed by their precarious position. Look closer and you will discover the reason. The "girder" is a wooden skeleton on a studio set and the step ladder gives a hint of Ben's nearness to the ground.

OIL DRILLING HITS PEAK

SEVERAL OIL TESTS IN HARRISON ARE BORING AWAY

MARSHALL, April 29. (AP)—Drilling activity reached a peak in Harrison county this week as several oil tests bored away, seeking the Trinity formation.

Coring was expected to start in the Ben Banner No. 1 Lowry, three miles southwest of Hallsville, as soon as the Pecan Gap chalk was broken through. The depth was logged at 2,525 feet yesterday.

In Black Shale

The George L. Pace Barker No. 1 four miles southwest of Hallsville, was drilling in black shale at 3,120 feet.

Machinery and rigging were awaited at the O. O. Olford-R. W. Bolding well, three miles southeast of Hallsville and rigging was expected to start immediately. Part of the equipment was on location yesterday.

Within two days, all equipment was expected to be on location at the Everitts Drilling company's Sypert No. 1, four miles south of Hallsville.

All of these tests were approximately 12 miles from the Lathrop field in Gregg county.

Other tests included two near the city limits of Marshall with derricks rapidly nearing completion.

The Corona Petroleum company's Bohler No. 1, east of Woodlawn, was reported lacking only 180 feet of reaching the contract depth of 3,300 feet. Drillers reported it had been drilling in Georgetown lime since passing the 2,800-foot depth.

FIRE CAUSES DAMAGE

LAREDO, April 29. (AP)—Loss estimated at $2,500 was caused today by fire at the Texas Mexical Oil and Refining company plant here. Oil leaking to flames beneath a still caused the blaze, which was brought under control in about an hour.

LAMESA HOLDS BOYS' WEEK

PROGRAM IS ARRANGED FOR OBSERVANCE ON EACH DAY OF WEEK

LAMESA, April 29.—(Special)—A program has been arranged for observance of Boys' week here this week. Each day has been designated for a particular kind of observance.

Sunday was church day; Monday industrial day; Tuesday school day; Thursday will be election day during which a mayor, city commission, secretary of the chamber of commerce and other offices will be filled with boys. Saturday will be observed by boys in office according to results of Thursday elections.

Candidates announced for the various offices are: Mayor J. W. Wood, Johnnie Marr, Fleet Barrow, Joe Evans and Loyd Morgan. Commissioners—two to be elected, Stanley Wilkes, Robert Koger, Lex Carrol, C. L. Schmidt, Herbie Heffnerman, Pap Manning, Joe Hadesty and Robert Ross. Secretary of the chamber of commerce, Nelson Williams, Jack Keisling, Glenn Irwin. Fire marshal, Lamar Cole, Braswell Gilbert, Pat Ridgeway and Billie Warren. A city secretary and chief of police and other important officers will be appointed by the new mayor.

Tuesday noon at the regular luncheon of the Lamesa Luncheon club, each member was to bring a boy to luncheon. Judge Clark M. Mullican and George Dupree of Lubbock were to be the principal speakers.

"SAVE TINFOIL, HELP SAVE A CHILD" IS CLUB SLOGAN

"Save your tinfoil and help save a child" is the slogan the Lubbock Shrine club hopes to impress upon the mind of every resident of Lubbock, officials of the club said yesterday.

The Shriners tinfoil collecting campaign was formally opened in Lubbock yesterday with the distributing of 125 pasteboard box receptacles in various stores over the city.

To Support Hospital

Tinfoil, discarded shaving cream and tooth paste tubes and various kinds of lead foils are being sought by the local club. The gatherings from the campaign will be shipped to the Texas Scottish Rites hospital for crippie children at Dallas, where it will be smelted and sold. Proceeds derived from the sale of the metals will go toward the support of the hospital.

More than $500,000 was donated to children's hospitals over the United States last year through little bits of tinfoil, members of the local club pointed out.

The local campaign is being conducted under the direction of R. H. Hester, president of the club; Gerald Wren, secretary, and K. N. Clapp.

Lubbock Girl Hurt In Collision Here

Two cuts in the upper lip and leg bruises were suffered by Miss Evelyn Hamilton, of 2209 Ninth street, Tuesday afternoon in an automobile collision at Thirteenth street and Avenue N. She received emergency treatment at West Texas hospital.

A. L. Holkort, 2201 Eighth street, who was driving the automobile in which Miss Hamilton was riding, and "Fuzzy" Davis, 1609 Tenth street, the driver of the other automobile in the collision, escaped injury.

Tourist visitors to Jamaica last season were almost as numerous as during the same period of last year.

MORE ENTRIES IN CONTEST COME IN

Entries in the My-Home-Town interscholastic speaking contest which will be conducted at the thirteenth annual convention here of the West Texas Chamber of Commerce, May 14, 15 and 16, have been increased to nine.

Five new entries announced by Maury Hopkins, convention manager, were:

Tim Simmons jr., of Quanah, Clifton Watts of Rochester, Rob Roy Sparr of Eastland, Tommy Service of McCamey, and Forest Weimhold of Sudan.

Joe P. Witherspoon, winner of the 1930 contest, of Wichita Falls, will defend his title. Other early entries included

Billy Warren of Lamesa, Waldo Fletcher of Mineral Wells, and J. D. Donaldson, jr., of Tahoka.

Strawberries were recently sold in London at 20 cents a berry.
