Home-Delivered Meals for Elderly Approved

A \$30,408 contract for six months funding of a Home Deliveries Meal Program for the elderly in Collingsworth County was approved Thursday, March 24 by the Panhandle Regional Planning Commission Board of Directors, county Judge Zook Thomas has announced.

The contract was approved by the board of the Panhandle Area Agency on Aging Wednesday after Judge Thomas had delivered it to that body.

The source of funding is Title III-C2 of the Older Americans Act, through the Texas Department of the Aging, PRPC and the commissioners court.

The money will be used to improve a kitchen in the Community Action Center, where the meals will be prepared.

Work on the program has been under way for several months by county-wide committee.

Barbara Serres, program specialist for the Panhandle Area Agency on Aging was

in Wellington Tuesday to work with those who will be involved in the program.

Ms. Serres emphasized that the program is for the homebound—who may be able to remain in their own homes but are not able, because of health or age, to cook their own meals.

The start-up date will be either Monday, April 4 or Monday, April 11.

Written authorization from the state has not arrived, although it has been given orally, said Ms. Serres.

Volunteers are working this week to get information from those who may want to participate. One meal per day will be served.

There will not be a set charge for the meals, but those receiving them are asked to make a donation to fund the program. The amount is up to the individual.

In other area programs, the cost averages about \$2.90 per meal, Ms. Serres said. Guidelines are flexible and those who cannot afford

to pay for the meal will be provided for.

There is no income limitation, and those in any income bracket may participate.

"A lot of people have money but aren't able to cook," Ms. Serres emphasized.

Much will depend on volunteers to work with the Home Deliveries Meal Program, both Ms. Serres and Judge Thomas emphasized.

Deliveries will be made by these volunteers who will drive regular routes. Meals will be delivered hot.

The kitchen, which is now being improved in the Community Action Center, will be approved by the Texas Health Department on a regular inspection basis.

Meals will be geared to ethnic and area tastes in food explained Ms. Serres. The meals will be a general diet, with no special diets included.

The menus will be set up so that each mid-day meal

includes one-third of the daily regular dietary allowance prescribed by the federal government.

The Wellington program will be planned with the expectation that 50 meals will be served each day for the 6-months period.

"This is one-time funding. I'm not at all sure we will have any more funding," said Ms. Serres.

The \$30,408 approved by the PRPC board includes \$25,846 cash from the Panhandle Area Agency on Aging and the remainder is local matching funds.

The matching funds will be in the form of volunteer hours and other local services.

Those who wish to make donations over the cost of the meals may do so.

Anyone who has a garden or orchard may donate fruit or vegetables, but these must be brought to the kitchen.

Those who are on food stamps may use them in the purchase of the home-delivered meals.

Cary Don Neeley, Booster Club president and Quail Ex-Student, will be master of ceremonies, welcome the group and give the invocation.

There will be no entertainment numbers, but there will be a door prize for

the person traveling farthest to attend, and a local door prize to be drawn by someone present.

New officers will be elected.

hands and arms.

"Similar equipment belonging to local physicians has been in use for several years, however there was a need to have an ultra sound doppler available at the hospital," Foster said.

"The hospital auxiliary has met this need through this valuable gift.

"The auxiliary continues to demonstrate its concern for the community through

its generous gifts and work."

A \$100 donation was made by the Wellington Garden Club to the Hospital Auxiliary earmarked for the doppler.

The probe which comes with the unit is for obstetrical examinations. The hospital plans to buy an additional probe later to be used in the vascular examinations.

Lone Star Gas Expands New Billing

DALLAS, TEXAS (March 11, 1983)—Lone Star Gas Company today announced an average billing plan for its more than one million residential customers in Texas. According to senior vice president Harry Merritt, "Those who enroll will be billed an average of the most recent 12 months, based on their consumption record." Though the billed amount would fluctuate slightly each month, the effect of average billing is to reduce variations experienced by most consumers from spring through winter.
"Those who participate," said Merritt, "would be moderately overpaying during low consumption months and underpaying during periods of greater usage, such as the winter season when bills are typically high.

boys doubles.
No one school dominates tennis, according to Ronny Williams, Wellington tennis coach and tournament director. All of the schools, however, do have one or two individuals that are strong. Memphis had dominated girls tennis in the district for a number of years.
For two of the last three years, Wellington boys have won the district title.
"We will try to get through the semi-finals Wednesday and play the finals and third place matches on Friday," Williams said.
"Right now the courts are

in good shape—real good shape. City Manager Tiny Taylor has been working on them." A new fence is going up on the east side, and new nets were put up from money raised in the summer 1982 Wellington tennis invitational.
Interest in tennis is growing in Wellington in both high school and with the general public, according to Williams.
There will be some real good matches and we invite people to come down to Ellison Park and watch," he said.

Methodist Revival Set

Beginning Easter Sunday evening, April 3 and continuing through Thursday, April 7, revival services will be held at 1st United Methodist Church.

Gene and Bobbie Moore of Waco will be in charge of the preaching and music, said the Rev. Tom Thomson, pastor.

Sunday evening services will be at 6 p.m. and all other evening services at 7.

Revival services will be held Sunday through Tuesday, while Wednesday and Thursday evenings will be given over to a missionary conference, a new ministry of The Moores. On those two days, there will also be a men's prayer breakfast at 7 p.m. and a women's Bible study at 10 a.m.

Rev. Moore lived in Wellington, as a youth, while his father was pastor of the Church of the Nazarene. Gene and Bobbie Moore have also conducted services at 1st United Methodist Church.

Their messages carry their conviction that Christianity is just as relevant today as it was two thousand years ago.

"Problems of the people are the same. Therefore the message that Jesus gave to the people of His day is the same message He has for us today," says Rev. Moore.

BOBBIE & GENE MOORE

Rev. Moore is an ordained minister in the United Methodist Church, and a member of the Central Texas Conference under appointment of Bishop Russell. He has been appointed as an evangelist since 1962.

Annual Conferences.

They have sung for meetings in Japan, Indonesia, India and Haiti. He recently returned from his fourth trip to India, where he had the opportunity to see first-hand the Hutment ministry within the slums of Bombay, the largest slum in the world with some four and a half million persons. He will discuss the Hutment ministry during the services in Wellington.

Wilson is currently employed as an executive assistant to D.G. "Bill" Nelson, executive vice-president of the Texas Wheat Producers Board and Producers Association in Amarillo. He and his wife, the former Melody Mathews, are both originally from Claude, Texas, attended high school there, and currently reside in Canyon. The couple have both a young son and daughter. lo, Wellington, Tuesday through Sunday, April 5 - 10. Services will be at 7 p.m. weeknights and at 10:50 a.m. and 6:00 p.m. on Sunday.

On Wednesday morning, April 6, at 10:30 a.m. there will be a Ladies Inspirational Fellowship Time with Sharon Smith in the basement of the Church with a carry-in salad luncheon at noon. Simultaneous with this the men will meet in the Church Sanctuary for a time of inspiration with Rev. Smith and are invited to join the ladies for lunch. We invite all to join us for this and all other activities during this crusade.

In their seventeen years in the ministry they have given 12 years to the pastorate and 5 years to evangelism. From this background they bring a wealth of experience.

"The Smith's were here in October for a Wednesday evening service and the congregation is enthusiastic about their return and would urge you to enjoy their ministry with us," said the Rev. Don Bland, pastor.

"Larry Smith is a sound, biblical preacher who endeavors to confront the needs for spiritual renewal in the church. The optimism of the Smith family gives a real boost to their meetings and brings a wonderfully encouraging lift to the

church.

"The entire family sings together. Larry and Sharon team up on duets with Larry at the piano. The Smith children, Loren and Debbie, travel with their parents and are tutored by them. They take an active part in the services and share through the ministry of music."

How to make

Funny Bunny Cookies

What to do till the Easter bunny arrives?

Make FUNNY BUNNY COOKIES

Bunnies, decorated eggs, chicks, springtime weather and colorful baskets filled with goodies. All these things and many more make Easter a day of joy that brings family and friends together. Funny Bunny Cookies, a bright happy treat, is truly a last minute marvel that will brighten up any Easter basket and delight all who see them. Best of all they're easy to make and you can decorate them with Easter treats you have around the house.

The cookie dough needs to be made ahead and chilled thoroughly to make it easier to slice. Once made, the dough can be refrigerated for a week or more or frozen for up to six months. If frozen, be sure to transfer frozen dough to the refrigerator for at least an hour or to room temperature for 30 minutes before slicing.

One slice of dough forms the bunny's head, and one simple cut turns another slice into halves to form the bunny's ears.

Decorating begins with an easy powdered sugar frosting, some of which is tinted pink with maraschino cherry juice. Then let the entire family add Funny Bunny's features with gumdrops or other colorful candies.

And you'll be pleased at how easy they are to make and how little time the decorating takes from your busy Easter schedule.

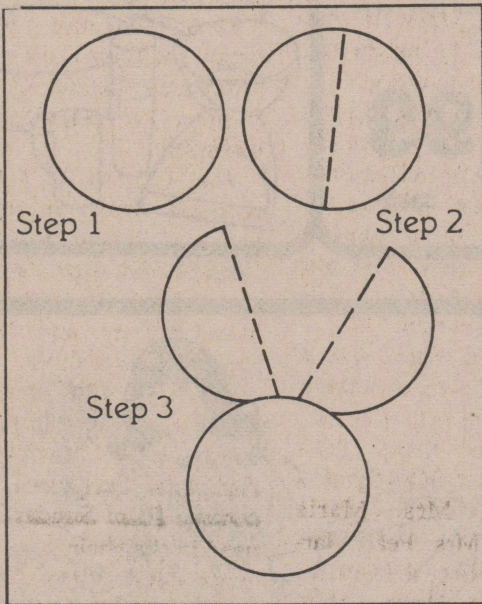

FUNNY BUNNY COOKIES

1 cup brown sugar
1 cup granulated sugar

1 cup shortening
2 eggs
1 teaspoon vanilla
3 1/2 cups all-purpose flour
1/4 teaspoon salt
1 teaspoon baking soda
1 teaspoon cream of tartar
Cream sugars, shortening, eggs and vanilla until light and fluffy. Combine dry ingredients; stir into creamed mixture. Shape dough into logs two inches

in diameter (or pack dough into four, 6-ounce frozen juice cans). Wrap rolls in waxed paper or foil (if using cans, cover tightly with foil or plastic wrap). Chill at least 6 hours. Then slice dough 1/4 inch thick. Cut one-half of the circles in half. On a ungreased cookie sheet, place two halves on top of a whole circle to form

COLLINGSWORTH COUNTY EXTENSION AGENT REPORT

by Nancy Bigby

OWNERSHIP OF MICROWAVES UP

More consumers now consider the microwave oven a necessity rather than a luxury.

In 1979, about 15 percent of American households had microwaves.

Now about 22 percent of all households contain the appliance.

The sale of microwave ovens and cooking equipment will probably continue to increase as the number of dual-income families grows.

Added income and limited time available for food preparation are the primary reasons why dual earner families buy a microwave.

But research by microwave manufacturers also indicates a psychological reason for making this purchase.

The research shows that working parents feel they can provide "home cooked" meals with a microwave.

And that this will reduce any feeling of abandonment or neglect on the part of family members.

Sometimes parents buy microwave so additional family members, especially older children and teenagers can help out more in preparing meals.

If you are part of that 22% who owns a microwave, be sure to come to the Microwave School, Tuesday April 5th from 7:00-9:00 p.m. at the Bura Handley Community Building. The School is being co-sponsored by West Texas Utilities and Texas Agriculture Extension Service. Karen Burgess, home economist for WTU will demonstrate a complete meal in the microwave.

B&PW Club Has Easter Dinner on Tuesday Evening

A story, "Tapioca Surprise," read by Mrs. Lynn Wright, provided the program for Wellington Business and Professional Women's Club at their dinner meeting Tuesday, March 22.

This humorous tale of the Paraders Club whose members were telling their complaints at a meeting. As the hostess prepared her refreshments, Tapioca Surprises, the cat licked the whipped cream, but she smoothed it over and served the guests. As she looked outside she saw the cat lying dead in the driveway, whipped cream on her mouth. Believing the cream was poisoned, members rushed to the hospital...and from there the story had a surprise ending.

The public relations committee was in charge of the program, with Mrs. Wright as chairman. Mrs. Joel Sherwood, co-chairman was in charge of the table decorations of Easter baskets, eggs, with baby ducks and chicks. A bouquet of carnations in many colors was on the head table.

Mrs. Wright led the collect, Mrs. Sherwood defined "public relations" and said the first important step is defining and projecting an image for the public.

Methodists Plan Cantata

The chancel choir of First United Methodist Church will present ''This is the King," a cantata, on Good Friday, April 1, at 7:30 p.m. in the evening.
This will be followed by an open communion, in which all who wish to participate are invited to come to the altar rail. The Rev. Tom Thomson, pastor, will administer the sacrament of the Lord's Supper.
Mrs. Hiram Cudd is directing the cantata, which tells the story of Christ's last days on earth, through his death and resurrection.
The cantata will be about 30 minutes in length and the entire service should last no more than an hour Mrs. Cudd said.
This is the beginning of the Easter celebration for Methodist of the community.
With text by Frank L. Cross and music by Roger C. Wilson, the choir opens the cantata with ''This is the King."
In scripture, the narrator recalls the prophecy of Isaiah that Christ shall be slain, but God will give him strength to conquer death.
The cantata follows Christ and his disciples to Gethsemane. His prayer that ''This cup be taken from me" is told in a solo by Mrs. Jamie Johnson, ''The Unanswered Prayer."
The other solo, ''A Ballad of a Roman Soldier," by Jamie Johnson, recounts Christ's condemnation in Pilate's Hall, to the crucifixion, His prayer for pardon for the soldier, and then His death. The soldier ponders why He should have ever died at all.
The remainder of the cantata includes the visit of the women to the tomb, and the choir closes by singing ''Rejoice! Rejoice!"

Everything Works Against Rockets at Angelo

Coach Allen Sanders Skyrocket track team did well in the preliminaries at the Angelo State invitational track meet, but their extreme youth and lack of on-site experience was a handicap in the finals. Nor did the illness which

struck down one of the team members and a slight injury to another help. High wind and cold were another factor. The Wellington boys were competing in Division 4, (A and AA schools) along with about 20 other schools.

Nit Wits, Alicias Win Tournament

Second place in the women's division went to the Spikers of Wellington and consolation to Shields Fertilizer of Lelia Lake. Samnorwood Warriors placed second and Salty Dogs of McLean consolation in the men's bracket. Trophies were awarded all these winners.

All games except the finals had an 8 minute time limit. In the first round, women's divisions, Alicias won over Shields Fertilizer; Britt Dozier of McLean over Smashers of Wellington; Samnorwood Side Kicks over Shamrock American Legion II and Spikers over McLean Cowboy's Drive In. In the second round winner's bracket, Alicias won over Britt Dozier and the Spikers over the Side Kicks. Alicias then took the championship with 15-11, 15-12 over the Spikers

15-13. In consolation Shields won over the Smashers and Cowboys over American Legion II. Shields took the consolation finals over the Cowboys 15-4, 15-3. In the men's bracket, first round, Nit Wits of Childress defeated the Salty Dogs of McLean, Tony's Team of Wellington won over McLean Odds and Ends, and the Warriors drew a bye. In the second round Nit Wits drew a bye and the Warriors defeated Tony's Team. Nit Wits took the finals 15-8, 10-15 over the Warriors 15-11. In the consolation bracket, second round, Salty Dogs were the winners. Volunteers assisting with the tournament were Brenda Ferguson, Jean Allison, Tammie Hernandez, Christeen Mackie, Geney Gulley, Pam Ingram, Louise Powell, Robert Wayne Powell, Joe Thomas, Margie Keller, Jim Forrester, Edi Williams, Christy Cox, Kenneth Patterson, J.B. Oney, Barbara Reynolds, Pauline Masten, Richard Culpepper, Larry Culpepper, Irma Aguilar, Willie B. Harwell, Mary Alice Holland, Lenny Archie and J.B. King. Wellington State Bank provided the trophies, and

Altogether, 68 teams participated in all divisions. The sprint relay team, one of the finest in this part of the Panhandle, qualified for the finals. Then Dwayne Culpepper who runs the fourth leg, became ill and a doctor had to be called. In the finals, Wade Williams came in for the ailing Culpepper, although he had not been working out with the group, with Darren Hall on the first leg, then Williams, Rodney Nash and James Benton at anchor. Benton, who wears contact lenses, did not have athletic glasses and dirt and debris

picked up by the wind left him barely able to see. Culpepper came back in the afternoon to win second in the 400 meter dash and with time of 50-35. "If he'd been well, I'm positive he would have won it," declares Coach Sanders. Jimmy Barber had a slight muscle pull that slowed him down, but he competed in the 4,000 meter run, 100 meter dash and long jump. Michael Mackey and Ruben Sanchez were in the two mile and mile runs. "These guy are freshmen and it's pretty hard for

freshmen to run with juniors and seniors, but they're getting the experience," says Sanders. In the 800 meter run, Neal Duncan and Jay Warrick did well in the preliminaries. "Duncan is a freshman and I think Jay is tops in the district." Michael Souder competed in the 330 intermediate hurdles; Mark Hunnicutt and Rodney Saldana, 200 meter dash; Barber and Benton, 100 meter dash; and Hall, Souder and Williams, 110 high hurdles. In field events, Rodney Nash placed 6th in the high jump. Others entered were Mark Hunnicutt, shot put; Hunnicutt and Rodney Saldana, discus; Barber, long jump, and Sheldon Duncan and Williams, pole vault.

OAK BUD POISONING HITS IN SPRING
Oak bud poisoning can be a serious spring problem in livestock, and this spring the potential is especially great. Drought, high summer temperatures, early frost, and winter moisture have led to a situation of little or no high quality range forage in certain areas of Texas. Oaks, particularly shin oaks, in these areas present a poisoning problem in late March and April. Oakbuds when eaten by livestock, especially cattle, cause poisoning. Toxic substances of oaks are

thought to be tannins. These are most toxic when oaks are budding and leafing. When more than 50 percent of the diet is oak, animals become sick. More than 75 percent diet of oak usually causes death. Move animals showing symptoms to an oak-free pasture and put them on adequate feed and water. Feeding a supplemental feed containing 10 percent calcium hydroxide may help reduce losses. Prevention is a better cure. Control oak in a pasture and save the pasture as a reserve for the oak-bud season. Use moderate stocking and a deferred-rotation grazing program to improve range forage production. Consult a veterinarian if you are unsure of the cause of livestock poisoning and losses.

About 300 years ago, some people believed that migratory birds spent their winters on the moon. Relief of discomfort, plenty of rest and fluids is the best treatment for flu-like symptoms. Hell's Canyon, 7,900 feet down and the deepest part of the Grand Canyon, is the deepest gash in North America.

Rockettes Rank High At Miami

The Rockette track team competed in the preliminaries of Miami Invitational meet Saturday, March 26. Because the weather had become much worse, meet officials announced that times in the preliminaries of the various events would stand as the meet time, Coach Dale Morris reported. Wellington's 400 meter relay qualified with 3rd best time. Members were Jean Outley, Trena Archie, Elaine Shrubs and Rhoda Meadows. 100 meter dash, Elaine Shrubs, 4th time. 800 meter relay: 2nd best time, Rhoda, Emma Barber, Elaine and Trena. In field events, Elaine qualified with second best time in long jump; Erma 5th best in triple jump; and Trena tied for 5th in high jump. The girls track team will compete in the Amarillo relays Friday and Saturday, April 1 and 2.

Norwood PTO Elects Officers

Samnorwood Parent-Teachers Organization held its annual open house Tuesday, March 22, at 7 p.m. Refreshments were served by room mothers from all grades. After the program the meeting was dismissed so that parents, grandparents and friends of the students could visit their rooms and see their accomplishments. During the business meeting, Mona Darrow, president, presented newly chosen officers for the 1983-84 year. These had been recommended by the executive committee.

The incoming president is Betty Throckmorton; vice-president, LaDonna Oldham; secretary, Mary Waters; treasurer LaVerne Bentley; reporter, Connie Dwyer and parliamentarian, Garland Cavitt.

Mrs. Darrow called for reports from Mrs. Oldham, secretary, Toni Wright, treasurer and Lois Knoll, projects committee chairman. As the meeting opened, the Pledge of Allegiance to the Flag was led by Den 1, of Cub Scout Pack 439. A prayer followed.

Heather Hendrix and Tina Hunter Win 1983 Spelling Bee, Mar. 28

For the second consecutive year, Heather Hendrix is Collingsworth senior spelling bee champion. The junior champion is Tina Hunter. Both are students in Wellington junior high school.

Alternates are Donna Dickson and April Darrow, both from Samnorwood.

The 1983 spelling bee was held Monday, March 28 at 9 a.m. in the county-district court room.

"Dashing" was the winning word for Heather.

After Donna had missed "dagger", Heather spelled it correctly then went on to spell "dashing."

Tina's winning word was "backspaced" after she had correctly spelled "atomic," the word that April missed.

Heather, an 8th grader, is the 13 year old daughter of Mr. and Mrs. Don Hendrix. Her father is a supervisor for the Texas Department of Human Resources and her mother

TINA HUNTER, HEATHER HENDRIX, APRIL DARROW (front) AND DONNA DICKSON

teaches at Samnorwood.

She is in the Gifted and Talented Education program (GATE), and partici-

pates in track and basketball. Her hobbies are horses and reading.

10-year-old Tina is in the 4th grade and her parents are Mr. and Mrs. Tony Hunter.

Her father is an engineer for Collingsworth County.

She plays basketball and is in Girl Scouts and her hobbies are skating and basketball.

The senior division alternate, Donna, is 14 and in the 8th grade. Her parents are Mr. and Mrs. John Dickson and the family lives at Samnorwood.

Her father has a saddle and boot repair shop.

Her school activities include basketball and track and her hobby is reading.

The junior alternate, April Michelle, is 10 years old and in Samnorwood 4th grade.

Her parents, Mr. and Mrs. Doug Darrow, live on Dozier Route, Shamrock,

health condition, and he and Mrs. Henry moved to Floydada at that time.

Mr. Henry was the Greenbelt manager 22 years, a period which saw much expansion of the system.

Altogether his career spanned almost 40 years in this work, for he started with the municipal light plant at Floydada and four years later moved to Lighthouse Electric Co-op in that city.

When he came to Wellington, he and one other man were the only outside employees of the co-op. "We would string wire all day and trouble

and her father is a farmer and rancher.

Her school activities include basketball, and her hobbies are games, reading and playing the piano.

The senior winner will compete in the regional spelling bee in Amarillo, April 30. The junior winner will be invited to attend and watch the spelling bee. Both will join other junior and senior winners from throughout the Panhandle, Western Oklahoma and Eastern New Mexico at the luncheon given in their honor.

Pronouncer for the Collingsworth Spelling bee was Mrs. B.M. Sims. Judges were Mrs. Ralph Word of Hollis, Mrs. Isla Mae Morris and Mrs. Ruby Riley.

The contest is sponsored each year by the county chapter of Retired Teachers Association.

shoot all night," he has said.

Besides the expansion through which he directed Greenbelt Electric, Henry also took care of its customers in some of the blizzards and tornados the Panhandle has had in the last quarter-century.

It was during his management of the 100 mile long Greenbelt that the co-op began its service to the Greenbelt Lake-Sherwood shores area, and he took it into its service of the oil industry as drilling in the 7-county co-op began to pick up.

He headed the Texas Electric Cooperatives from 1966 to 1968. He was active in the national organizations and served with the safety job training program set up in conjunction with Texas A&M.

Henry grew up in Floydada and married Juanita Sherbet in Amarillo in 1937.

He was a member of First United Methodist Church, Floydada.

Funeral services were conducted at 4 p.m. Friday, March 25, in First United Methodist Church, Floydada, with Rev. Jim Smith, pastor, officiating. Burial was in Floydada Cemetery.

Pall bearers included men who worked with him at Greenbelt Electric Co-op.

Survivors include his wife, two sons, Ray Henry of Austin and Kenneth Henry of Floydada; a daughter, Myrna Sartain of Houston; a sister, Reta Dorsey of Floydada; three grandchildren and a great granddaughter.

Two Injured In Accident

Scott Cochran, 18, is in St. Anthony's Hospital, Amarillo, for treatment of injuries received in a one-vehicle accident early Sunday, March 27.

Clint Thomas, 19, was admitted to Collingsworth General Hospital Sunday afternoon, where he received treatment for a slight concussion. He was released Tuesday.

Highway Patrolman Herb Duncan, who investigated the accident, said the boys, riding in a pickup, were traveling southeast when they missed a curve on Highway FM 1981, 10.7 miles northwest of Wellington.

The vehicle crossed the median turned over and came to rest on its wheels headed west.

It was necessary for Thomas to walk three miles to reach a house where help could be called, Duncan reported. First to reach the scene was Deputy Sheriff Benny Carson, who brought the boys into Wellington.

Cochran, the son of Mr. and Mrs. Jim Cochran received emergency treatment at Collingsworth General Hospital then was transferred to St. Anthony's.

He received a tear in his diaphragm which was repaired by surgery, and two broken ribs, Jim Cochran said.

Thomas, 19, is the son of Mr. and Mrs. Ray Thomas.

The pickup, which belonged to Thomas, was totaled, Duncan said.

To their fans, Skyrocket football is a spectator sport that runs from Sept. 1 until the end of post-season games.

For almost three dozen Skyrockets, football is right now—every afternoon after school hours.

Twenty-four are participating in Coach James Williams' off-season program aimed at adding strength and quickness for those boys who will be the 1983 Skyrockets.

The other boys will join them at the end of track season.

"Just now, they're lifting lots of weights and doing a lot of agility drills," says Williams.

"Because these boys will be back next year, we're working on strength and quickness. We're trying to do a lot of tumbling and agility drills and rope run quite a lot.

Throwing the ball—and catching it—is on schedule for the quarterbacks and ends. But poor weather which has prevailed has kept the boys inside most of the time since the football season ended, Williams reminded.

At regular intervals, the boys are tested on the bench press, "a lot of them have increased the weight they can lift from where they started," he points out.

A time test is the 40 yard dash, for which they are measured every two or three weeks.

"We just try to keep them getting stronger and quicker and at work on some of the fundamentals," continues Williams.

"We feel like the football season is won or lost in the off-season program. You have to have a good one to compete with the rest of the people in your district."

The program does not include freshmen of next year, the 8th grade that will move up to help fill in on the junior varsity team.

New on the team is Cacey Davis, who was on the freshman football team last fall at Weatherford, Okla. He returned here a few

weeks ago with his parents, Mr. and Mrs. Kenneth Davis.

"They are working pretty good and they will have to continue through the summer, running and weight lifting on their own to be ready for next fall," says the

coach.

"The kids realize what it takes. They saw last year what it can do for you if you want to work a little bit."

"Assisting Coach Williams is Coach Tommy Johnson. At this time, Coach Allen Sanders has the

track going.

"We lift weights about three days a week and if anyone wants to come out and watch, they are welcome," he said, then added: "Weather determines the workout schedule each day."

Cancer Society County Unit Formed

A meeting for the purpose of organizing a Collingsworth County Unit of the Texas Division of the American Cancer Society was held Thursday, March 17, in the Heritage Room.

Sandy St. John, field representative of the Panhandle District of the ACS directed the organization.

Mary Lois Scott was elected president, Ralph Fielding—vice president, Jimmie Sessions—secretary, Rita Owens—treasurer, Mr.

and Mrs. Donald Langley, public education county chairmen, and Mrs. Owens, service-rehabilitation chairman.

It is the purpose of the Collingsworth County Unit of ACS to develop a year-round educational and service program for the residents of this county," explained Mrs. Scott.

"All persons interested in joining the fight against cancer are cordially invited to attend the next meeting of this group on April 14 at 7 p.m. in the Heritage Room of Wellington State Bank."

"Since knowledge is the key to cancer control," Ms. St. John pointed out, "twice as many cures could be effected with our present

knowledge if patients were treated promptly. However, the lack of prompt treatment is due to the lack of knowledge of cancer's warning signals or the fear

of cancer itself.

"Last year 145,000 lives were lost to cancer unnecessarily, through education we can save many lives today and for the future. Through service to the cancer patient we can aid in alleviating the suffering of those who learned the facts about cancer too late."

The Collingsworth County Unit of the Cancer Society is an outgrowth of a series of care and support meetings held by those who have had cancer, who have family members who have had cancer, and others who are interested in helping.

Ms. St. John was invited (pertussis), measles, rubella and mumps.

There will be no charge.
