Latest Show May Mark New Pool

An oil show in the Texas Company No. 1 Flowers well 30 miles south of Perryton may mark the discovery of a new pool, oil men here believe. The test, run between 8,832 and 8,900 feet, recovered 110 feet of free oil and gas-cut drilling mud. The tool was left open two hours and gas rose to the surface in 69 minutes.

It will be at least a week or 10 days before commercial possibilities of the well can be determined, Texas Company officials said. The news was encouraging locally, since the recent announcement that the Texas Co. No. 1 A. E. McGarraugh well had been found dry and abandoned.

The Flowers well is 4 1/2 miles due east of the Texas Co. No. 1-B McGarraugh which tested out at 264 barrels of oil a day. Oil men believe the Flowers well is from a different pool because a dry hole has been drilled between the McGarraugh and the Flowers well is deeper than that in the No. 1 Lips, discovery well in Roberts county. The new well is 3 1/2 miles east of the Lips.

The total of 2,375 feet of fluid recovered from the well includes 155 feet of heavy gas-cut drilling mud, 860 feet of lightly oil-cut and heavily gas-cut mud and 950 feet of heavily gas-cut mud.

Another announcement has been made this week which added to the oil and gas interest in the Perryton area. The Pure Oil Co. well about 1 1/2 miles southwest of Gray has announced a showing of gas, the amount not stated.

Hopes are unusually high for developing of a good gas well at the No. 7-G Lips, south of Perryton.

JUNKED FORD—This 1951 Ford sedan, with only 3,100 miles on it, was a total loss after a wreck which occurred Saturday afternoon about four miles north of Perryton. Driver of the car was Tom Odeal Rich, seriously injured, as was his companion Thelma Peters of Carlisle, Ill. Also injured were Bob Leatherman and Frank Ferguson of Perryton who were in the Buick with which the Ford collided.

Four Persons Injured Saturday In Auto Wreck North of Town

Four persons were injured, two of them seriously, in an automobile accident which occurred four miles north of Perryton on highway 83 late Saturday afternoon.

Seriously injured was Tom Odeal Rich, Liberal, who suffered a broken left leg, a broken jaw, crushed right ankle, multiple cuts and bruises. Also injured was Miss Thelma Peters of Carlisle, Ill., who received cuts, bruises and possible internal injuries.

Injured but not hospitalized were Bob Leatherman and Frank Ferguson of Perryton, occupants of the other vehicle in the wreck.

State highway patrolman Bob Loving, who investigated the wreck, said that Leatherman and Ferguson, driving a 1949 Buick, were going to the Leatherman farm north of Perryton and had stopped off the pavement on the east to pick up some

Pugh Youngster, Dies Wednesday, Is Polio Victim

Terry Max Pugh, 5-year-old son of Mr. and Mrs. Clyde Pugh, Elmwood, Oklahoma, died Wednesday morning at the family home. He was stricken with polio two years ago to the day.

Funeral services will be held Friday afternoon at 2:30 o'clock at the Balco Baptist church with Rev. John Whipple in charge.

Terry Max had spent most of the last two years in an iron lung purchased several years ago.

Mass X-Ray Survey Opens Friday Morning; County Citizens Are Asked to Participate

Final arrangements have been made for the mass X-ray survey of Ochiltree county residents of 15 years and older which begins Friday morning at 9 o'clock. The project is being conducted locally in cooperation with the Texas State Health Department.

Mrs. H. P. Richardson, general chairman of the survey, sponsored by the Parent Teachers Association, said the machine will be set up early Friday morning at the Ellis Automotive building

and will be operated from 9 a. m. to 5:30 p. m. on Friday, Saturday and Monday.

Mrs. Richardson emphasized that persons who had an X-ray last year should have another one, to make sure that disease has not been contracted since that time.

This is the fourth year of a 10-year program being sponsored by the State Health Department in an effort to check tuberculosis. Also, if any other abnormal

condition exists, it will be brought out by the X-Ray picture.

Negatives are sent to the State Health Department and if anything is wrong, the person concerned will be notified. Postcards are sent to those whose pictures reveal nothing wrong.

Only two minutes of time are required for the pictures, and it is not required that clothing be removed.

Autos Can Enter Field at 6:30 p. m.

The automobile gate at Ranger Field, the west gate, will be opened at 6:30 p. m. Friday night for the Perryton-Shamrock football game, superintendent Gilbert Mize has announced. No cars will be allowed inside the gate before that time and they will be admitted on a first come, first served basis, Mize said.

Rangers Play Shamrock Irish Here Friday

The Shamrock Irishmen came to town Friday night, seeking their first district 1-AA football win at the expense of the Rangers. Last week Shamrock and Phillips tied, 13-13, which threw both teams a notch behind league leading Dumas which shellacked Perryton, 43-6.

Shamrock has an unblemished record this season, winning four games and tying two. They tied Wellington, 19-19, and Phillips, 13-13, while winning over Childress, Memphis, McLean and Paducah. Their line is mammoth averaging 185 pounds, anchored by 235-pound tackle Bill Harris.

The Irish started the season as favorites for the district crown and were ranked number one in the region for a while, but have slipped down a few notches since then.

Word comes from the Irish city that the quarterback, Charley Francis, injured a wrist in the Phillips game, and their offense is likely to suffer.

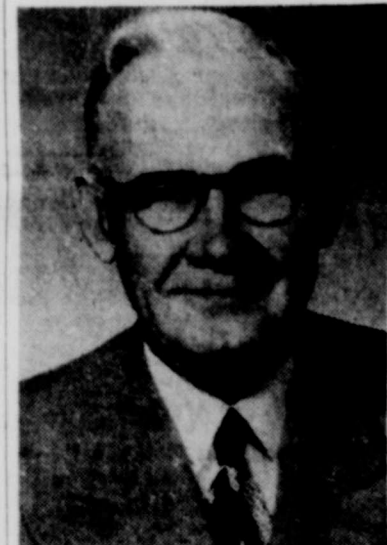

While the Rangers are underdogs in this contest, this is nothing new, and the players and coaches believe the Irish are no tougher than Wellington and Dumas, if that means anything. Coach Peterson told the squad this week that if they blocked and tackled in the game like they did in practice, they would be hard to handle.

The Rangers have no injuries to hamper them and their spirit

Assembly of God Church Revival Gets Under Way

Revival services opened Sunday at the Assembly of God church and will continue through November 11 with E. C. Lagmay, nationally known Filipino evangelist, bringing the message.

Large crowds have attended the meeting this week and the public is invited to attend during the remainder of the revival, stated Fred L. Ridener, pastor.

Evangelist Lagmay was born and reared in the Philippine Islands and at his services sings in English and Filipino. He also plays the guitar, banjo, ukelele and mandolin.

Services are held each night at 7:45 o'clock and children's services are conducted each evening at 7 o'clock by Mrs. E. C. Lagmay.

PICTURE FOR THE BULL—Roger Pearson, left, and Brownie Cable are giving Prairie Eileenmere a registered Angus bull, a manure in preparation for the Angus show and sale scheduled here next week. Pearson is one of the thirteen consignors of registered Angus cattle at the sale. There will be 100 registered and 800 commercial Angus at the sale.

Second Annual Aberdeen-Angus Sale to be Monday at Perryton Sales Pavilion

Arrangements have been completed for the second annual sale of Aberdeen-Angus cattle to be held Monday, October 29, at the Perryton sales pavilion on highway 83, with 38 registered Angus and approximately 800 commercial Angus to be sold that day.

There are 24 bulls and 14 cows to be registered Angus consignors, with breeders from Texas, Oklahoma and Kansas represented.

John Corbin of Ada, Okla., will be the judge for the show, which starts at 10 a. m. Monday. Active trophies will be given to champion registered bull, and to the champion commercial heifers and

bulls. Second place awards will be the clasps in these four divisions.

Ray Sims of Belton, Missouri has been secured as auctioneer. Field men are Bill Castalaw, Texas Livestock Journal; Don Digg, Western Livestock; Milton Miller, American Aberdeen-Angus Assn., Benny Scott, The Cattleman.

The sales committee are Roy Stinson, Roger Pearson, George Travis, Percy Powers and Clyde Jamison.

"Selections of these cattle have been made carefully by the committee for both type and breeding," Pearson said. "This is a good useful bunch of young cattle and anyone wishing to secure additional breeding stock or start a new herd could not go wrong in buying some of these cattle. Try to be with us the morning of October 29, when these cattle will be judged. Each animal has many years of useful service before it."

The sales committee are Roy Stinson, Roger Pearson, George Travis, Percy Powers and Clyde Jamison.

Shepperd Will Dedicate County CROP Shipment

John Ben Shepperd, Texas Secretary of State and former United States Junior Chamber of Commerce president, will be the principal speaker at the dedication of the local CROP cars of grain, it has been announced. The dedication is scheduled for Friday, November 9.

Ochiltree county's quota for the CROP train is three carloads of grain and over two cars have been contributed thus far, stated H. B. Urban, county CROP chairman.

It is planned to hold an informal luncheon on November 9 in honor of Shepperd.

Scout Drive to Open Tuesday

The annual fund raising drive of the Boy Scouts will be opened Tuesday morning, October 30, with a breakfast at the Hotel Coffee Shop for 30 volunteer workers, drive chairman Jack M. Allen has announced.

All service clubs and organizations are cooperating in the campaign.

The funds go to the Adobe Walls Boy Scout Council to defray the administrative expense of operating a Boy Scout troop

Jaycees Seek Old Furniture

Explorer Scouts and Jaycees will make a house-to-house canvass Sunday afternoon, asking for articles of discarded furniture. The drive will be from 2 to 4 p. m. and home owners are asked to put the articles on the porch if they will not be home.

These articles will be auctioned off on November 3 on Main street and the proceeds used for the Jaycee youth fund.

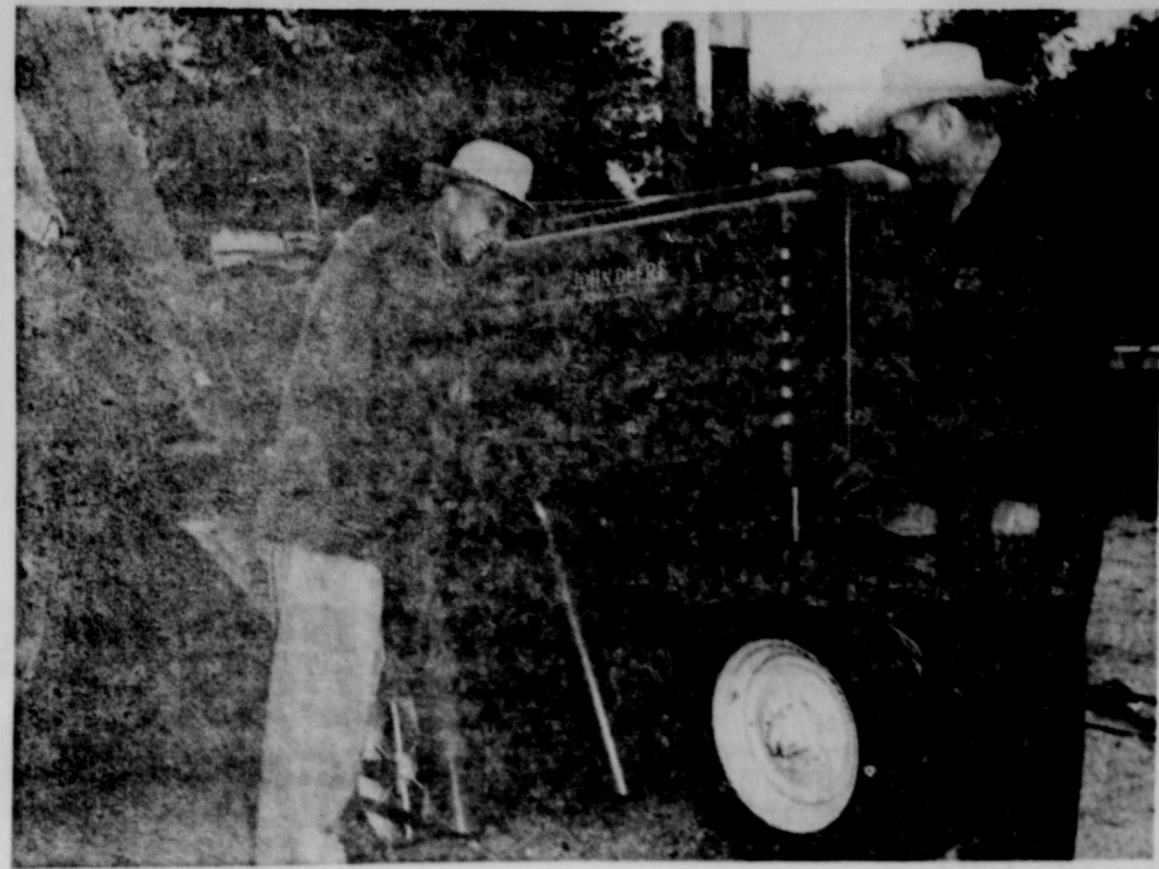

FOOTBALL QUEEN—Patsy Carter, center, was crowned in a festive ceremony Tuesday night at the school auditorium. She was elected this year by members of the Ranger football team. Other candidates were: Janice Miller, left, B. R. Pletcher, Ranger captain, Kay Cayler, Queen Patsy; Doc Carter and Ann Osborne. The girls are members of the sophomore class.

Plan Big Community Program

A \$10,000 national prize fund, the Perryton Sosis is spearheading a campaign designated as "Build Free-Will With Youth," and has enlisted the support of civic clubs and organizations in Perryton to work on

an informal planning group formed, and this group will hold two meetings. The project in the "Build Free-Will With Youth" campaign is completion of the Veterans

COTTON HARVESTER—This machine is something new to this area, but there are several hundred acres of cotton to be harvested and John Bolin, left, says this is the way to do it. The Perryton Implement Co. has sold two of the cotton harvesters and Bolin plans to harvest his 150 acres in the near future. Shown looking on is Travis Flowers, who hasn't any cotton and says he doesn't plan to plant any.

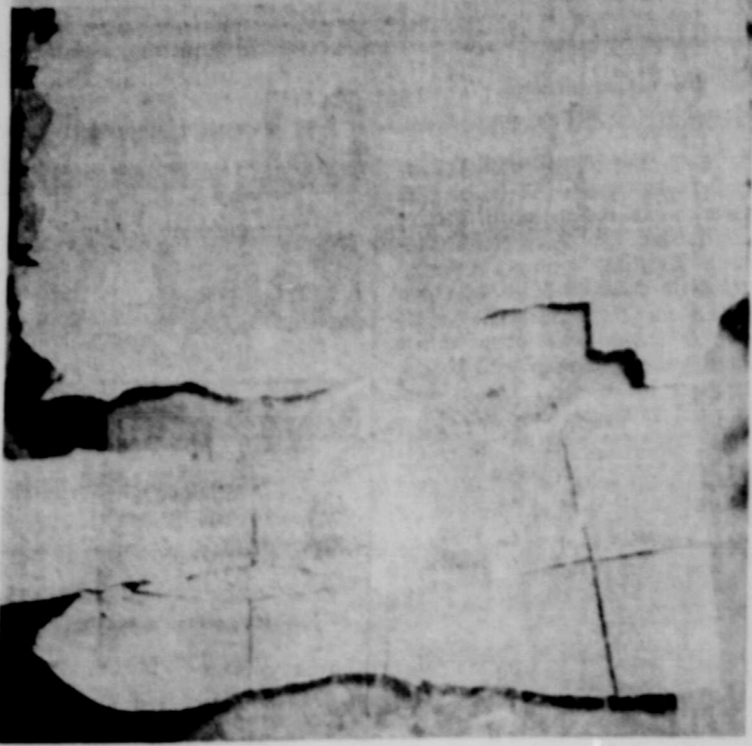

Reclassification Work Progresses

Work is progressing toward reclassifying childless married men and registered with local board No. 98, reports Mrs. Norma G. Phelps, clerk, but all have

not been reported to state headquarters.

Many of the married men have reported that they have children, Mrs. Phelps said. Several now classified in 3-A are asking for agricultural deferment, she added.

Mrs. Phelps said that the new selective service regulations state that any registrant receiving a deferment for civilian occupation, agriculture, or student, becomes subject to induction until they reach the age of 35 years. For all other registrants, the age limit is 26.

OLD NEWSPAPER—Garland Daley found a copy of the Chicago Daily News dated 1885 in the back of an old mirror he repaired this week and after piecing it together, found much interesting reading. Some of the headlines were "In the Grip of Redskins," describing a massacre in Kansas; "Strikers Return to Work," "Cleveland's Unruly Mob," plus want ads offering horses, cows and wagons for sale, and listed some brick homes for \$1,500.

Young Pianist to Present Initial NPMCA Concert

An unusual project, linking art and music, will be a part of the concert presented at 8 o'clock tonight at the school auditorium by the brilliant young American pianist William Masselos.

In cooperation with Dr. Reginald Fisher, director of the museum of New Mexico, a traveling display of paintings by Santa Fe and New Mexican artists will be on exhibit in the lobby of the auditorium.

These paintings will represent fantasy impressions of the Copland prelude in D minor, Op. 28, No. 24, with which Masselos concludes the first half of his program.

Having viewed the collection, the audiences will then be able to compare notes on its impressions as the artist re-plays the work after intermission.

Masselos, who has been called "perhaps the greatest—undoubtedly the most versatile of American pianists," will open the 1951-52 concert season of the North Plains Mutual Concert Assn.

Waka PTA Plans Game Tournament

At the meeting of the Waka Parent-Teachers Association, held Friday, it was voted to hold a game tournament at the school house on November 9. Games of pitch, 42, and dominoes will be played and admission charges of \$1 per person will be made.

Cake, pie and coffee will be served throughout the evening. The meeting was opened by singing "Old Black Joe" and after the business meeting, James Brillhart conducted the program. The following numbers were presented: A stunt by the intermediate girls; a piano solo by Sandra Stump; a reading by Kathryn Brillhart.

The topic of the evening, "Who Bends the Twig?" was given by Mrs. Mart Wagner.

Prayer was given by Rev. Alvin Klotz.

Colored slides of the Holy Land were shown by Robert Wadley of Guyton.

During the social hour, doughnuts and coffee were served by Mrs. Carl Scroggs, Mrs. C. J. Frantz, Jr., and Mrs. Abe Wiebe.

PTA Members To Hear Noted Speaker Monday

The Parent-Teachers Association will meet Oct. 29 in the school auditorium with Dr. Trace Sloan Overton of the Hogg Foundation as the guest speaker.

Dr. Overton will speak on "Social and Family Relations."

An executive board meeting will be held at 7:30 p. m. and the main meeting will begin at 8 p. m.

A twin piano duet of Mrs. Louis Jacquot and her daughter, Mary Lou, will be a feature of the program.

The Beta Sigma Phi sorority will sponsor a supervised nursery for children of the members attending the meeting.

Services Held For Perryton

Services for David Perryton, 66, were conducted at the Central Church of Christ, officiating. Burial was held at the Perryton cemetery Friday, Oct. 20, at his home near Tullia, Texas.

He was born at St. John, Kansas, moved to Ochiltree county in 1933, and engaged in farming until he retired in 1948 because of illness. He was a graduate of the University School of Law in 1904.

He is survived by his wife, two sons, David L. Layton, Ft. Stockton, Texas, and David L. Layton, Wash.; four daughters, Mrs. R. Perryton, Mrs. C. H. Perryton, Mrs. C. H. Perryton, and Mrs. D. Carrick, Wheeler; and two granddaughters, Mrs. Mae Perryton, Kansas, and Mrs. Mary Perryton, Kansas, and a great-grandson.

Hoover Loses Cow and Calf

Rustlers, which have missed Ochiltree county in recent months while doing right well in Lipscomb and Hemphill counties, have visited a local farm.

C. A. Hoover reported to the sheriff's office this week the loss of a registered Hereford cow and calf, missing since around Oct. 7. The animals were pastured on the Hoover ranch southeast of Perryton.

Hoover told sheriff Ray Phagan that he could find no fences broken down or any tracks around the pasture, indicating that someone drove in through the fence and loaded up.

Queen Patsy Is Happy . . . Coronation-Autumn Festival Is Hit With Auditorium Crowd

Dear Ed:
Thanks for the "queen crowning" assignment.
For once we could hear every word, didn't worry about the weather, and witnessed the impressive event from a very cozy foam rubber filled chair in the school auditorium.
And another thing we liked, Ed, was the fact that Queen Patsy Carter was actually a football queen, not chosen by "money" votes, just selected by members of the Ranger football team. That makes her a genuine football queen and believe me she's a honey.
Here's the way we got the story:

Mr. Mize (superintendent) and several faculty members were discussing the coronation event and were wondering just what to do if a sudden Panhandle blizzard struck the day that the queen is usually crowned at the night football game.
Then somebody mentioned that it would be nice to have Mrs. Raymond Powell, speech instructor, prepare an autumn program along with the event, and at once the school auditorium was suggested.

Never was a queen crowned in a more auspicious setting.
There was plenty of suspense too . . . since the four princesses chosen by the Ranger team did not know which one of them would actually wear the crown (football helmet).
You see the team chose four lovely young ladies, Patricia Carter, Kay Caylor, Janice Miller and Ann Osborne, and by secret ballot selected their queen.

Only two persons knew the results of the voting, high school principal Kenneth Gibson and Coach James Peterson. Results were sealed and locked in the vault until just before coronation time.
The ceremony started with orchestra music, directed by J. D. Davis, and the emcee announcing special dukes and duchesses from each grade in the school. They are: first, Cheryl Palmer and Byron Simpson; second, Betty Jean Key and Donald Savage; third, Carolyn Elston and Jimmy Schrader; fourth, Lynn Wilson and Kenneth Jones.

Fifth, Barbara Stollings and Stewart Johnson; sixth, Sidney Slack and Zack Miller; seventh, Sharon George and Lanny Hargrove; eighth, Jackie Shields and Jimmie Todd; freshman, Barbara Hawk and Jack Wright; sophomore, Peggy Blackmore and Eugene Snider; junior, Marilyn Richardson and Harry Wilson and senior, Pat Stephens and Gene Clack.

Then came the princesses, all from the sophomore class, Janice Miller, Ann Osborne, Patricia (Patsy) Carter and Kay Caylor. Ed, they were all queens to the fullest degree.
When Gilbert Clark, emcee, announced her majesty Queen Patsy Carter, there were tears of sheer joy from the princesses and Queen Patsy shed the biggest ones.
She was politely crowned and hesitantly kissed by football captain B. R. Pletcher and presented a lovely bouquet of roses and kissed again by her brother Doc Carter, another Ranger team member.
Of course the vast audience in the warm auditorium gave the queen and her court a hearty round of applause.
The curtain closed, and that, Ed, is what happened.

What about the autumn festival?
Well, it was completely entertaining and was carried on with a wonderful line of patter from emcee Clark.
Marvin and Lyndon Flowers presented a few bits of genuine philosophy and a cute novelty number given by Ronnie Waide, Laura George, Patsy Halpain and Alwilda Red scored with the crowd.
Jerome Woods, assisted by a pert group of folk dancers told about corn husking time.
Rodney Symons scared the daylight out of youngsters on the front row with his story about Halloween.
Ed, then the witches took over, they chanted and raved

and made up a brew (non alcoholic) that was a beauty to behold. Witches were: Charlotte Flowers, Pat Wood, Belmore Jewell, Kathleen Jones, Barbara Flathers, Jane Malone, Phyllis Vernon, Joyce Anderlams.
The next act was a killer-diller, Glenda McGibbon and Jane Putman almost stole the show with their rendition of "Who's Afraid."
A group of scared boys sang a little ditty about a scarecrow, Billie and Gary Black, hiding behind big-as-life pumpkins read "The Punkin's Prayer."
The girls chorus, directed by Marvin Genuchi, sang the plaintive "Old French Clock" and Sue Williams, Sherry Slack and Lois Carol Williams told about Thanksgiving.
Rangers of 1955 defeated a

School to Hear Noted Speaker

George Campbell, Oklahoma City, who spent the first 18 years of his life totally blind, will speak to schools of this trade area on Sight Conservation on November 6. He is being sponsored by the Perryton Lions Club.
Students and parents will hear

Campbell at the school auditorium at 9:15 and 10 a. m. Schedule of times at Booker, Follett and Darrouzett will be announced next week.
Waka, Bethany and Balco students will be invited to attend the Perryton hours.

Mrs. C. W. Foote and daughter Brenda spent the week-end in the home of her parents, Mr. and Mrs. J. W. Gates, O'Donnell, Texas. Enroute they visited friends at Canyon.

RESOLUTIONS OF RESPECT

IN MEMORY OF Brother Gene Lawrence who died October 20, 1951.

ONCE again a Brother Mason having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward the white stone with the new name written thereon.
And Whereas, the All-wise and Merciful Master of the Universe has called from labor to refreshment our beloved brother, and he having been a true and faithful member of our beloved Order, therefore be it

RESOLVED, That the chapter of Ochiltree Lodge, No. 910, A. F. & A. M., of Perryton, Texas, in testimony of our loss, be draped in mourning for thirty days, and that we render to the family of our deceased brother our sincere condolence in their deep affliction and that a copy of these resolutions be sent to the family.

Memorial Building, and the conversion of part of the building to a youth center. The group has asked the county commissioners court and the veterans organizations to work out an arrangement for the county to take over the building. Several other youth projects are planned, but this is the primary one.

The Kroger Co. of Cincinnati, Ohio, is offering \$25,000 in prizes, awarded through the General Federation of Women's Clubs. First prize is \$10,000, second prize \$3,000, third prize \$2,000 and first state prize is \$200. The project in each community must have been started before February 15, 1952.

The prizes are awarded on the basis of 1. Part taken by youth in projects and extent of their participation; 2. Degree to which other groups of the community were brought into the program; 3. Results achieved and measured in terms of need of the community.

Organizations taking part in the "Build Freedom With Youth" campaign include the Lions, Rotary, Jaycees, Beta Sigma Phi, Perryton Garden Club, city council, Xi Lambda sorority, Girl Scouts, and the Sorosis Club.

Rangers Take 43-6 Drubbing from Unbeaten Dumas Eleven

The Rangers absorbed a 43-6 drubbing at the hands of the unbeaten Dumas Demons Friday night, the score being identical to the loss to Canadian on September 28. The Demons scored three plays after they got the ball and held a 30-0 lead at the time.

The Rangers fought hard but were unable to check the onslaught of big Jack Berry, little Joe Mowery and the other Dumas players who operated behind a solid blocking set of linemen. Perryton's only score came in the final period, set up by a series of passes on the Dumas 15. The score was 36-0. The second team pushed another touchdown after

the left end with half a dozen Rangers hitting him and bouncing off. The try for extra point was no good and it was 18-0.

Mowery made the next one on an 88-yard punt return behind vicious blocking and it was 24-0. The kick was no good.

Berry added the fifth touchdown in that same period, going 85 yards for the tally. The kick was no good and the Demons led 30-0 at the half.

After the halftime intermission, Dumas opened the scoring parade again when Jerry Cashion scored from the 50-yard line to bring it to 36-0, and the first team retired from the field.

At the opening of the final quarter, the Rangers put on their only sustained drive of the evening. Taking the ball on downs at their 20, Pletcher and Cummings brought it out to the 29, a penalty set them back to the 24, then Landrum-Osborne hit Gene Devers with a pass good

BIG AND LITTLE—Jack Berry, 180-lb. Dumas fullback, roamed for several yards before being brought down by Gene Devers, 120-lb. Ranger halfback. Berry scored four touchdowns in the 43-6 rout of the Rangers last Friday. In the background are Dick Haar, Ranger end, and Joe Mowery, Dumas halfback.

for 28 yards down to the Dumas 47. Two plays later Osborne passed to B. R. Pletcher which carried to the 15.

Osborne drove to the 7, Cummings made it a first down on the 4, Pletcher went to the 2, then plunged across for the touchdown. The kick was no good.

The Demons drove from their 40 for a touchdown with Cashion making the final tally, plunging across for the extra point, making the final score 43-6.

Mankind shall continue to learn the spiritual facts of being until here or hereafter they arrive at the absolute understanding and demonstration of the perfection of the sons of God, says the Lesson-Sermon titled "Probation after Death" to be read in all Christian Science churches on Sunday, October 28. That this conclusion is reached individually when it is understood is considered in the Golden Text: "The hour is coming, and now is, when the dead shall hear the voice of the Son of God: and they that hear shall live" (John 5:25).

This citation from Jeremiah further illustrates the point: "I the Lord search the heart, I try the reins, even to give every man according to his ways, and according to the fruit of his doings."

And that death is of no particular benefit or help to man in attaining this perfection is clearly seen in this correlative citation from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If the change called death destroyed the belief in sin, sickness, and death, happiness would be won at the moment of dissolution, and be forever permanent; but this is not so. Perfection is gained only by perfection" (p. 290).

Q. I'm in the Army again and I have a term NSLI policy. I understand that I may apply for a waiver of my entire premium. Is that right?

A. That is permitted under the new insurance law enacted by the Congress earlier this year. See your Insurance Officer for full details.

Q. I am taking a course under the GI Bill for which I now find I have no aptitude at all. Can I still change my course and thus use up the remaining two years of my GI Bill entitlement?

A. You may change your course if you can prove to VA that the course to which you desire to change is more in keeping with your aptitudes, previous education, training, or other pertinent factors. You should apply to the VA office having your records.

Q. Three years ago, I got a GI business loan which I have repaid. Now I want to buy a home. Am I still entitled to a GI home loan?

A. Yes, you are. The VA office that guaranteed your business loan will be glad to tell you how much of a guarantee you may receive from VA for a GI home loan.

Q. I never did apply for my first NSLI dividend. Do I still have time to apply?

A. Yes. Write to the VA office that has your insurance records, giving your full name and address, your insurance policy number, and your military serial number.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCHGOER and a daily BIBLE READER.

AS POLL Eisenhower More Popular Than MacArthur With Texas Voters

—Seldom have people backed candidates for the United States as they have a general election for the office. The nominating contest that will make history, for the first time in the history of the United States, has two prominent contenders, Dwight D. Eisenhower and Douglas MacArthur. The Texas Poll has shown the popular appeal of Eisenhower against various candidates—notably a man who in this country is generally considered weaker than the generals. The poll of party labels, however, is the favorite of the voters. A possible presidential election overthrows the Eastern commander, according to one, according to the opinion of interviews with Texas voters in every state. This is the first time that was asked, and the results are as follows:

vote?"
For Eisenhower 55%
For MacArthur 28%
Depends on party affiliation 8%
Undecided 9%

Leaving out those who are undecided, Eisenhower has 61%, MacArthur 31%, and 8% say they would want to know what party was running whom. There has been considerable speculation whether Eisenhower is a Democrat or a Republican; MacArthur is generally considered a Republican and has been outspokenly critical of the present Administration's policy, both foreign and domestic. Neither man has openly declared himself a candidate so far.

A person's economic level appears to be an influencing factor in his choice; the higher the level the more likely he is to favor Eisenhower.

Texas Almanac Shows Progress In Past Ten Years Greatest

There has been almost as much economic progress in Texas as during the last ten years as in all preceding history, according to data in the 1951-1952 edition of the Texas Almanac which has just been issued by The Dallas Morning News.

Highest percentage of gain was scored by the manufacturing industry which more than doubled during the last decade, as measured in employment and volume of physical production. The number working in Texas manufacturing plants increased from 168,978 in April, 1949, to 149,800 in June, 1951. All classifications of industry showed gains, but especially notable were developments of the chemical, aviation, and iron and steel industries.

Retail stores of the state now do approximately seven billion dollars of business annually as compared with \$1,803,716,000 in 1939. This leaves a wide margin

of increase in turnover of goods after allowing for price inflation.

These changes have been accomplished by an increase of 20.2 per cent in the total population, 1940-1950, and with an increase of 66.2 per cent in urban population. The great shift of rural to urban population consisted primarily of removal of tenant farmers to industrial centers.

Figures presented in the new Texas Almanac show comparable gains in civic, educational and cultural activities. Changes in the public school system after two years under the Gilmer-Aiken act are presented, including tables giving data on all independent and common school districts.

About 10,000 subjects are covered in the new volume, including Texas history, population, government, politics and elections, natural resources, weather crops and livestock, industries, trade, transportation, finance,

commercial services, recreation and athletics. A pronunciation guide to names of Texas counties have been revised to include new highways and other developments. A large folded map gives detail in four colors, including highways and railroads.

Judge and Mrs. D. D. Shanks returned Monday from Austin where they had visited since last Wednesday with their son and family, Mr. and Mrs. D. D. Shanks, Jr.

U. S. game wardens traveled 388,938 miles in Alaska in 1949, mostly by plane.

Limiting Newspaper Income

Probably the most baseless piece of bureaucratic legislation ever put into the Congressional hopper, as far as newspapers are concerned, is Senate Bill 2170, now under consideration.

This bill, should it become a law would probably result in the serious embarrassment of all newspapers and would force many of them out of business.

In brief, this bill would give to some swivel-chair gentleman up in Washington the power to decide what customers could buy advertising space in the Herald and how much they could buy. The subscription price of the Herald, as most people know, just about pays for the cost of the newsprint in the paper, without adding in the overhead, taxes and other expenses.

The Herald, quite obviously, is able to tell you about the Ranger football games, school and church news, Chamber of Commerce, county and city happenings, harvest yields and the other wide assortment of news of interest to this area simply because advertisers in Perryton pay for the space they use to tell you about their business and what their business can do for you.

The Herald is probably selfish in wanting to go on being a newspaper. But it is thoroughly American in wanting to go on being a newspaper free from dictation or strangulation at the hands of Mink Coat Row, Washington, D. C.

Wolf Creek Philosopher

Has Solution to Football Problem

(Ed. note: The Wolf Creek Philosopher claims he knows what's wrong with college football and is offering to tell how it can be solved, but personally, we think all he is doing is figuring out a way to get himself a new pencil for free.)

Dear editor: I know about as much about football as the political experts know about who's gonna be the next President of the United States, but I have been listening to football games nearly every Saturday afternoon on my radio out here on my place here on Wolf Creek and readin' all the sports comments I can find and I think I have figured out what's wrong with the game, especially the college variety.

It ain't over-emphasis, it ain't subsidization, it ain't the gamblers, it ain't the coaches, it ain't the yell leaders, it ain't disinterest or lack of comprehension of the game on the part of the college presidents, it ain't the park-in problem, it ain't like a neighbor of mine contends that college football needs a government supported Fair Employment Act so small colleges can

hire just as good a line-up as big colleges, it ain't that college athletes ain't got no time to study, the average student ain't no athlete and he don't study much neither, if you think eliminatin' football will increase scholarship you just ain't takin' no practical view of present-day college students or them in your day either.

The trouble with the game is that approximately 50 per cent of the fans come out of the stadiums all over the country every Saturday afternoon depressed because their side lost. How long you figure a newspaper or a Congressman could last pleasin' only half of its readers or constituents?

What football needs is some profound thinkin by the brains of this country, resultin in a change in the fundamental rules so both sides of the stadium can come out feelin like their side won. I know this is a large order in fact so large it's probably a matter for government thinkers, although I believe I could figure it out, provided somebody was willin to pay me for my thinkin. Will be glad to tell you next

"The Hardware Department Store"

From the SIDELINE

with HAROLD HUDSON

We are somewhat put out with Hollywood after reading our exchange newspapers from over Texas this week and finding out that most towns the size of Perryton are being visited by a touring Hollywood troupe of movie actors promoting the industry. Apparently, the industry, doesn't think people around here care much for movies, because they haven't given us a tumble.

We'll admit that the group that is touring the Panhandle and South Plains is at best a jump removed from extras, and the only ones we ever heard of are Chill Willis and John Barrymore, Jr. and we probably haven't missed much in net seeing them, but it is the principle of the thing that irritates us.

A few weeks ago we had a refreshing experience in these days of high prices and gouging. Several years ago A. J. Kelly of the Perryton Motor Co. gave us a Zippo lighter, which we wore out in due time and dumped into our desk drawer. Then we decided to have it fixed and sent it to the factory, asking them to send it back C. O. D.

Much to our surprise, back came the lighter, completely re-conditioned, with a new lid, new wick, cotton, flint wheel, and even a couple of extra flints, all for free. The Zippo company enclosed a little slip, stating, "It has been a great pleasure to put your lighter through our Zippo Clinic. It has been completely checked at no charge. Zippo has made the world lighter conscious not only because we have a lighter that works, but also because we do not bring out the well-known chisel to make a profit again on repairs. We are happy to have been of this service to you."

New, you can't beat that kind of proposition. Here we've had several years of free lighter service, being out only the flint and fluid. Zippo had made a friend.

The game at Dumas Friday night emphasized once again the primary weakness of the Ranger football team—lack of speed. If the Rangers had just one boy that could run as fast as the opposing team's backfield, we would have averted about three touchdowns and scored a couple more, thus making the score much more respectable. B. R. Pletcher, Gene Devers and Dick Haar were loose in that game on different occasions, but were quickly overhauled by Dumas defenders.

The same situation prevails when the other team has the ball. Once a ball carrier gets into the secondary, he seems to have little trouble in out-distancing our defenders. This sort of thing leads to too many touchdowns for the wrong team.

The Rangers have shown quite a bit of improvement this year, and certainly have posted a better record than the 1949 and 1950 teams already. However, if two

week how it can be done, if I can find another pencil, this one's about down to a nub. Send me one if you want the answer. Yours faithfully, J. A.

boys counted on before the season started were in the lineup, they may have done better. Don Dietrich, fullback, has been out since before the first game. Bobby Campbell, letterman half-back, was going great guns in spring training and was counted on for much work this fall. However, he moved to Beaver and is now starring on the Beaver Dust team.

Speaking of speed, when Perryton does get a lad who can get up and step, he may leave.

Take David Kent, son of Mr. and Mrs. Charley Kent. Young Kent is the speed demon and leading ball carrier of the Amarillo Yannigans undefeated eleven, having moved to Amarillo a couple of years ago after playing a season here in junior high school.

Jack Weldon, son of Mr. and Mrs. Tom Weldon, went to grade school here, then moved to Lubbock where he became a star passer and ball carrier for the Lubbock Westerners. Carroll

Smith, son of Mr. and Mrs. Buck Smith, lived here when a youngster, then made the Pampa Harvesters quite a hand when his parents moved to Pampa.

The Herald has been falling down in running "locals," the small paragraphs of comings and goings of local people, and while this is no defense, both the Tulsa Herald and Canyon News have been having the same kind of difficulty. Clyde Warwick, veteran publisher of the Canyon News, explained this last week like this:

"There has been a change in the newspaper field. This change is all for the better. Time was when the publisher met all of the news of the comings and goings of local people. Now days local citizens run out their cars and speed away without telling anyone where they are going or how long they will be away.

"Certainly publishers miss this chatty kind of news. Here at the Canyon News office we have been missing the locals as folks fail to report their comings and goings. As a substitute to this type of news we have had to pick up other kinds of news items. Times have changed, and are rapidly changing during the years."

Mr. and Mrs. E. D. King of Temple visited in the home of their daughter and son-in-law, Mr. and Mrs. Clifford Gyger, last week.

Hard Luck Guy Now Has Polo

HOUSTON, Texas (AP)—Billy Costa, Houston Buff shortstop, can really lay claim to the title of "hard luck guy of baseball." Billy has received every type of injury from "beating" to a broken leg. Now he is fighting off a case of polo.

With 20 games left to play on the Buff schedule Billy had started 53 double plays, leaving him just 16 short of the Texas league record set in 1926. The Costa to Steiner to Witt double

play combination record for DP's by a combination of players in 1926.

Paul A. Loftin flew to last week end to attend as Press Convention.

Double Surprise for a lot of folks

EVERY time we publish the price of a Buick, it seems to surprise a lot of people, because they come in and tell us so.

They just can't believe that so little money buys such a lot of car—but it's true.

And that brings us to the second surprise—which is how much power and performance—how much comfort and room—what a long list of standout engineering features you get for the price.

Take power. You'll find that no other car at the price of the Buick SPECIAL pictured here delivers the horsepower you get from its high-compression, valve-in-head Fireball Engine.

Take comfort. The best thing to do is try

the depth of its seats—their width—and the headroom you get in this Buick SPECIAL, and judge for yourself.

Take the ride. This Buick has big soft coil springs on every wheel, plus the solid firmness of a torque-tube keel—and the way this combination smothers the bumps is something that's hard to match in cars costing a thousand dollars more.

Take the way it steers. Buick engineers have given this light-handling beauty a special "front-end geometry" that almost does the steering for you—even brings the front wheels back to a straight line when you come out of a turn.

And you can add to all this Dynaford Drive®—that puts magic smoothness into every mile you drive—and practically repays its extra cost by the way it protects the whole driving mechanism, and by the dollars it adds to trade-in value.

So if you have been hoping, some day, to own a Buick—what's holding you back? If you can afford any new car—better come in and see us now.

Legion Convention to Childress October 27-28

State Legion Commander Charlie Gibson of El Paso will be honored by 750 of his home district members who will meet here Saturday, October 27 and Sunday, October 28 at the Childress Convention.

CHARLIE GIBSON

Commander Gibson will address the convention of the 45th District of the National District which will be held at the Childress Hotel and Childress Hotel, respectively.

Sunday to a joint session of Legion and Auxiliary members in the Childress high school auditorium at 9:30 a. m. After the joint session the Legion and Auxiliary go into separate business sessions in the Legion Hall and Childress Hotel, respectively.

New Mexico Legionnaires who will address the convention include State Commander Ora R. (Dick) Hall, Jr., of Santa Fe and State Adjutant Robert M. Marr of Albuquerque. Bob Sisson, manager of the Lubbock regional office of the Veterans Administration, will also speak.

The homecoming convention opens Saturday morning with a banquet at the Childress Hotel.

From where I sit ... by Joe Marsh

Guess They Felt Pretty "Sheepish"

and I went to Central for the football game. It was a top-notch game. I wonder if it was worth the time when we got in a traffic jam home.

It makes me mighty impatient. When I came to a side street I seemed to point towards the highway. I turned onto the road and found myself stuck in a traffic jam. I then fetched up short by a dead end.

I turned around and darned it weren't twenty cars behind me. One driver had followed

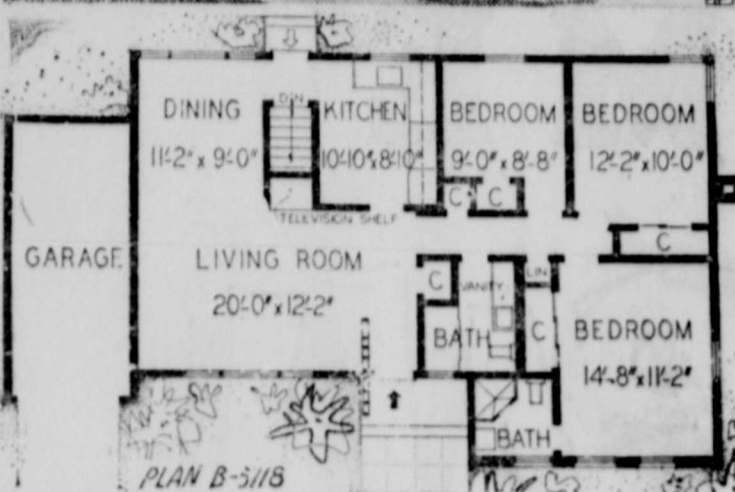

—figuring I knew a short cut—then a whole string of them swung after him, like sheep.

From where I sit, there's no sense in just "following along." Whether it's choosing a road, a movie star, or what beverage to drink at meal time, it's always better to make your own decisions. Personally, I often like a glass of beer with my dinner, but most of all, I like the freedom of making up my own mind about it!

The hand is faced with the problem of taking the singer and dancer into their hand or starving. They choose the former course, true love blossoms and everything works out all right.

Singapore May Tighten Foreign Exchange Controls

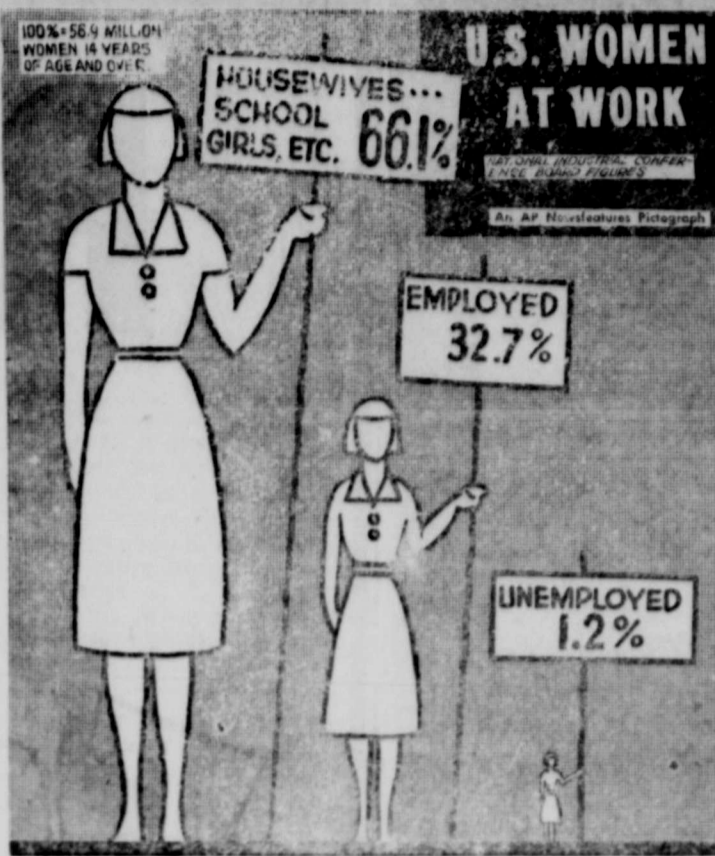

SINGAPORE (AP)—The legislative council is to consider a bill aimed at tightening up control of foreign exchange in this British crown colony.

The proposed ordinance would give the foreign exchange controller wide powers to impose duties and restrictions on gold, currency, payments, securities, debts and import-export transfers and settlements of property.

The bill, if adopted in its present form, would make it impossible for anyone to freely sell shares and securities within the sterling area. It also would no longer be possible to export securities and no longer would bank accounts be kept confidential between banker and client.

Stork Travels By Air

VANCOUVER (AP)—Seventeen months ago, St. Paul's hospital here instituted a "flying incubator" service to carry on for storks with a faulty time sense. Until that time, babies born prematurely in remote regions of the province had little chance of survival. Incubators, oxygen supplies, skilled hospital personnel were all at least 24 hours away.

Since then, a total of 40 babies have been rushed in the incubator by ambulance or airplane from points in the Interior to the ultra-modern clinic at St. Paul's. Teams of special nurses are available day and night to go to the aid of the babies and bring them back to the clinic.

Double Thrills In 'Arizona Manhunt'

A double thrill is in store for moviegoers when they see "Arizona Manhunt," coming to the Pertex on Friday and Saturday. Not only is the western exceptionally exciting, it stars two youngsters whose names are beginning to loom large on the western screen.

The stars are Michael "Red" Chapin, a handsome 13-year-old, and Elene Janssen, 11-year-old dimpled youngster who is quite a cowgirl.

The story has Judy, the foster daughter of a notorious bandit, being taught the difference between right and wrong by young Chapin and Bell, who find her seriously ill in a cave after she has run away from the law when she discovers her father has been killed. But she finally realizes it is better to stay on the right side of the law and at the crucial moment in the yarn she does well by her honest friends.

SAN ANTONIO, Texas — The swimming Tolars make quite a team.

There are five of them. All were swimming by the time they were three years old; June, the girl of the family, took her first strokes when she was 10 months old.

Jack, Jr., has been an All-American diver three times. He has beaten, at some time, all the top divers except Miller Anderson and Bruce Harlan. He was Texas men's diving champion at the age of 11.

Roger, 22, at present is attending an individual school for outstanding prospects being conducted at Yale by Coach Bob Kipphut. These prospects are being groomed for next year's Olympic tryouts. Roger is a free stylist in the short distances.

June, 19, is a glamour gal. She has been Aqua-queen of the University of Texas, one of five finalists for the University sweetheart title, co-ed of the month of a national magazine, and other honors. She won the Texas Amateur Athletic Federation backstroke championship.

Pat, 17, is a football, track and basketball letterman at Thomas Jefferson High here. He also has played American Legion baseball. And he is the Texas high school breaststroke champion.

The youngest member of the family is George, who is in junior high school. George is more interested in music than in sports but he can cut water like a duck.

Papa Jack Tolar, Sr., and Mama Lucille Tolar taught the youngsters to swim. Tolar coached high school swimming teams and also coached in the Navy.

\$6.35 per hundredweight, while in 1948 milk brought Texas farmers an average of \$6.60. In New York City the man who delivers the milk gets as much for this service as does the farmer for the same milk, and it must be remembered that the farmer not only provides the investment in his farm, his equipment and his cows, but must also feed and milk the cows. Hogs are now worth \$19.70. In 1947 hogs sold for \$27.10. Eggs are now bringing farmers 55 cents over the country. Last year they brought 85 cents. It all adds up to this: Those who blame the farmer for higher retail prices are just not acquainted with the facts.

TAXES: This news letter is being written just after my return to my office from casting a vote on the new tax bill. That is the tax bill that would increase taxes in order to gather another 5% billion dollars—the same tax bill that failed to pass on October 9th. My vote was cast against this tax increase on Tuesday and was cast against the bill on Friday. There is much that can be said both for and against the bill, and I have done my best to give deep and conscientious consideration to all of the amendments on both sides. I have never seen the House of Representatives quieter or more tense than during the roll-call vote on this bill. The final vote was 185 "yeas" to 160 "nays." Lack of space will not permit me to tell you of the many interesting incidents that occurred during the past week, especially concerning this tax measure, but I hope to be back in the district before long and will try to do it then.

PUBLIC DEBTS: I told you in my letter last week that I would try to give you the present per capita public debt in the European countries as compared with the per capita debt of this country. Here are some of them:

Country	Per Capita Debt
United States	\$1660
Belgium	\$36
Denmark	60
France	68
Iceland	98
Italy	91
Luxembourg	353
Netherlands	632
Norway	440
Portugal	40
United Kingdom	1277

You will note that the nearest approach to the per capita debt of the United States is that of Great Britain. The figures on the foreign countries are based on the end of the 1950 fiscal year, except Great Britain, which is March 31, 1951. The figure for the United States is as of October 10, 1951.

FARM INCOME: Here is some information that I know will be of interest to the farmers, since it seems to be the policy that every time a farmer gets his head above water, someone wants to hit him with an oar. Most of you know that the farmers have been subjected to much criticism about high prices, and this information is given you to show that the farmer is not to blame. For instance, according to present statistics, on an average basis, bread that is now selling for 16 cents a loaf was selling for approximately 2 cents less per pound in 1948. In January, 1948, wheat was selling at \$2.79. It is now bringing \$2.07. This shows that the farmer is getting over a cent less per pound for his wheat, while the consumer is paying two cents more for the bread. The same situation is true as to milk. The Texas average price is about

Constitutional Amendments—1 Rural Fire Prevention and Veterans Land Loans

(Editor's Note: This is the first of a series of articles written to explain five proposed amendments to the constitution of Texas. Voters will decide in an election on November 13 whether these amendments shall become parts of the constitution. These articles are provided by the West Texas Chamber of Commerce as a public service.)

RAISING RURAL FIRE PREVENTION DISTRICT TAX CEILING—Senate Joint Resolution (SJR) No. 8.

In 1949 voters approved a constitutional amendment providing for creation of Rural Fire Prevention Districts. It also provided that voters might create by election a tax not to exceed three cents per \$100. The vote of this amendment was 153,252 for and 145,288 against.

The amendment to be voted upon November 13 would make only one change in this Rural Fire Prevention District provisions. It would raise the tax ceiling from three to 50 cents per \$100.

VETERANS LAND LOANS—House Joint Resolution (HJR) No. 2.

In 1946 Texas voters approved by majority of 80,022 to 29,935 an amendment to the Constitution known as Section 49-b of Article III.

That amendment authorizes the State to issue up to \$25,000,000 of bonds. Those bonds are sold to provide money that is loaned to veterans of World War II to buy farms or ranches. To operate this loan program the Veterans Land Board was created. It consists of the Governor, the State Comptroller and the Attorney General.

The amendment to be voted upon November 13 would make the following changes in the constitution's provisions affecting Veterans' Land Loans.

1. Increase from \$25,000,000 to \$100,000,000 the total amount of bonds the State could issue.

2. Make eligible for loans all men who serve in the armed forces as many as 90 days prior to December 31, 1952. The law now applies only to men who served prior to January 1, 1946.

3. Extend the life of the loan program from November, 1954 to November, 1959.

The legislature has enacted a law to put this amendment into effect immediately if it is approved on November 13.

JONES DISCUSSES BOOK—Jesse H. Jones, 77 (right), the Texas financier who headed the Reconstruction Finance Corporation during the Great Depression and the busy World War II years, discusses with Edward Angly, their book, "Fifty Billion Dollars." This book is "Uncle Jesse's" story of his 13 years with the RFC. It tells of great loans and small, of great men and small of business, banking industry, government and diplomacy during Jones' years in Washington. Angly collaborated with Jones on the book and worked three years whipping it into shape with Uncle Jesse. The result is 631 pages of fascinating financial and personal history, which sells for \$6. Six Die in Unusual Tragedy

TRIPOLI, Libya (AP)—Six Arab workmen perished here in an unusual tragedy during repairs to a dry well in a mosque courtyard. Five lost their lives in attempting to rescue the first who died.

Aid Ben Mohammed Skanie, 52, one of the workers, went down to inspect after explosives were set off at the bottom of the 50-foot well. When he did not come back up, another workman went down to see what had happened. A third man who was lowered came back gasping for air, reporting there were poison gases at the bottom.

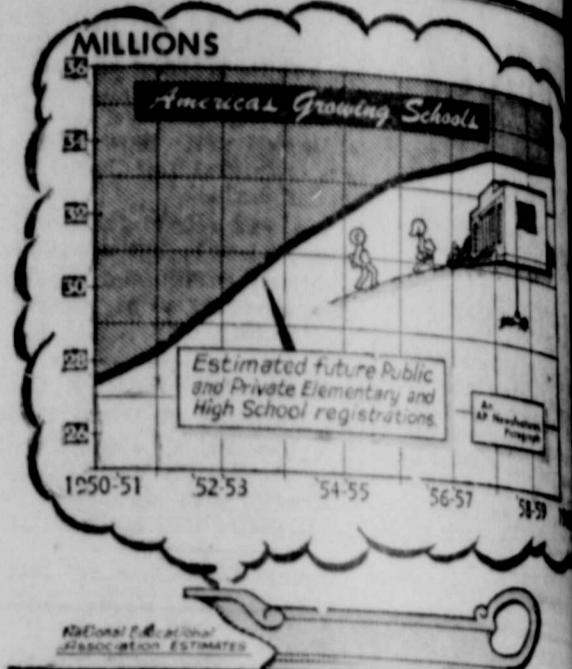

While he was recovering from the gas, four others went down including two sons of the first man. None of them returned. Shortly afterward a fire brigade and a British police official arrived. Three of the bodies were recovered that day, but the gas was so bad the others were not taken out until the next day.

Luck Holds for Not So Sure-Footed Mule

SALZBURG, Austria (AP)—In Austria's "Alpine fortress" American and French troops recently held joint maneuvers, using mules as a method of transportation in the rugged mountains of the Tyrol.

One mule became a hero of the U. S. Army. Attached to "K" company of the 350th infantry regiment, "Charlie" slipped and fell 500 feet over the edge of a ridge.

A small party of Americans and French made the hazardous descent to give "Charlie" a decent burial. They found the homely jackass uninjured, complacently munching grass with an expression that seemed to say: "Well, what kept you?"

New Style Watermelon

LAFAYETTE, Ind. (AP)—Watermelons with only two or three seeds apiece are being grown at Purdue University's experimental farm near Owensville.

W. B. Ward, extension horticulturist, reported today that commercial seedsmen will offer the "seedless watermelon" seeds next year.

The round melons weigh from eight to 10 pounds, a handy size for refrigerators, and Ward says

they are of high quality. The reduction of seeds almost to the vanishing point was effected by treating the plant with a chemical compound, colchicine.

Disposal of Japanese Assets Creates Problems

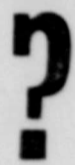

SINGAPORE (AP)—The Singapore and Federation of Malaya governments are going to use Japanese assets to pay war damage claims, but they've got plenty of problems.

One big one is whether Japanese holdings in the form of rubber estates and tin mines in areas infested by Red terrorists should be sold now or held in trust until the state of emergency in Malaya is ended. It was pointed out to sell such assets now undoubtedly would mean a considerable loss on their real value since good prices could not be expected for holdings in "terrorist areas."

The bulk of Japanese assets in Malaya consists of 65,000 acres of rubber estates, tin mines and pineapple plantations.

Intoxicating Chicken Mash

CROWN POINT, Ind. (AP)—A chicken raiser has lost his suit to avoid payment of a mash bill. He charged the mash made his chickens pilled. He said they were "nervous, excited and unmarketable." A jury thought otherwise and ordered him to pay the \$198 bill plus interest.

Corduroy Care Is Explained

Corduroy is maintaining its popularity this season. Fabric designers are offering us a wider variety in both design and color. Not too long ago, we thought of corduroy as being a 100 per cent cotton fabric. This is no longer true today. We find corduroy is becoming high styled and fashionable by the introduction of rayon into this particular fabric construction.

The use of rayon in corduroy gives it a softer feel, greater drapability and a rich looking lustrous appearance.

The NATIONAL INSTITUTE OF CLEANING AND DYEING has a few suggestions to make on corduroy care. Because of its particular fabric characteristics, the pile has a tendency to mat down in areas of pressure and abrasion. This may occur in the seat area, across the back and at the elbows. A softening of the fabric with steam and then cooling of the pile in an upright position can be accomplished on the modern steam-air finishing equipment used in drycleaning plants.

A very important suggestion from the NATIONAL INSTITUTE OF CLEANING AND DYEING is, "Don't let your corduroy garments get too soiled before you send them to be cleaned!" And here's the reason: The pile of a corduroy picks up soil easily. There are many small, loose fiber ends on the fabric surface that are ready to receive and hold soil tenaciously.

If soil becomes embedded in corduroy, it must be spotted in local areas after drycleaning. To remove embedded soil, the spot-

ter must tamp and brush the area. This just naturally causes the pile to distort, causing a difference in light reflection. This gives the appearance of a greyed area.

The soil or staining substance is removed, but the difference in light reflection makes it appear as though the spot remains. Presented as a public service by Baumann's, Phone 2151, "The Panhandle's Finest Cleaning and Storage Plant."—Adv.

ON THE HOUSE

By DAVID G. BAREUTHER, AP Real Estate Editor

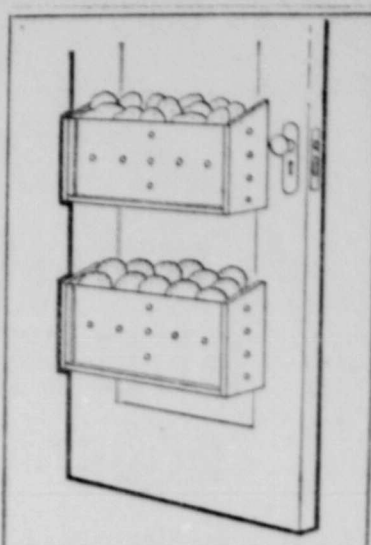

MUCH OF THE FUN of living in a house comes from the endless accumulation of jobs to be done—things you can fix yourself and make for yourself.

Old hands seldom stop to think of this—the routine's in their blood. But if they ever had to live in a swanky apartment hotel they'd probably sneak to the basement for a workout.

After sweating and worrying all summer over a yard and garden, with resolutions to do better next year, the householder now barges into the indoor season with a brave vow to finish all jobs left over from last winter.

He's going to shellac the insides and edges of dresser drawers that stuck in humid weather. He'll get around to fixing that squeak in the floor and paint the whole basement, among other important jobs. But first, if he's human, he'll probably start making something more or less unimportant—a bird house, no doubt.

Well, you can't blame him. There are so many nifty materials at well-stocked lumber supply houses that it seems any dabbler can be a cabinet maker. And far from being designed for useless jim-cracks, they make it

easy to panel a room in fine hardwood, refinish a bathroom or kitchen in simulated tile—or to build a doll house for daughter, if you insist.

VARIOUS PLYWOODS, hardwood veneers, predecorated panelboard, color-impregnated woods and several pressed hardboards that can be bent for round corners are some of the materials you can do surprising jobs with.

For instance, there's a (Masonite) hardboard called feather-wood that has a patterned finish similar to Spanish-grained leather. It gives bench or recreation room walls the warm appearance of being leather covered.

Another is a black tempered hardwood, dyed in its manufacture to give a permanent glossy surface to countertops, kitchen kick-strips and baseboards.

Fabricated hardboards, incidentally, are one of the most interesting products of modern industry. They are made entirely of wood fibers, yet have no grain to split or splinter. Wood chips are exploded under high pressure steam into a mass of ligno-cellulose fibers. This mass is felted into thin mats and compressed under heat. The natural lignin of the wood binds the fibers without addition of artificial binders.

Because of their composition, hardboards can be worked with all woodworking tools. You can nail them, glue them, paint them any finish that wood takes.

TEMPERED pressed woods, 1/8-inch thick, can be bent cold on a 9-inch radius with the smooth side out, or on a 6-inch radius with the smooth side in. Sharper bends can be made by soaking the board or by using heat. Regular tables have been compiled for the minimum bends possible for all thicknesses.

These various thin materials open new fields for the amateur craftsman. Paneled furniture, folding screens, novel finishes, all come within his reach. Virtually all plywoods and hardboard are available in ready-cut panel sizes that range from 4x1 feet to 4x12.

Predecorated panelboards can be found under a variety of trade names at building supply dealers. These materials have baked-on enamel finishes that make them a natural for kitchen walls, cabinets or wainscoting. They wipe off as neatly as a refrigerator.

News From ANTHONY

By Mrs. Carl Carter

Carl and Howard Carter attended the meeting of the Beaver Quarterback Club, Monday evening at which time they saw a picture of the Beaver-Guyton football game which Beaver won 33-0. They also watched a picture of one of the O. U. games of the year.

Mr. and Mrs. Glen Myers and Mrs. Ralph Bobbitt attended the meeting held for contestants of the Current Neighborhood Program at Wynoka, Okla., last Wednesday. Only the Rose Valley Community and the Anthony group were represented at that meeting. They were first and second winners last year.

We were indeed sorry to hear that Mrs. LaVerne Davis' grandmother, who had been ill so long, passed away in the home of her son at Woodward, Okla., on Monday of last week. The Davis' attended the funeral last Thursday.

The X-ray Survey Unit at Anthony Thursday examined 56 members of this and surrounding communities.

Mrs. LeRoy Bobbitt, Mrs. Glen Myers and Mrs. Leon Morris helped Mrs. Carl Carter with the registration duties during the X-ray survey day. Mrs. Morris served the noon meal at her home. We thank everyone who came and helped us and we know they will benefit by this survey.

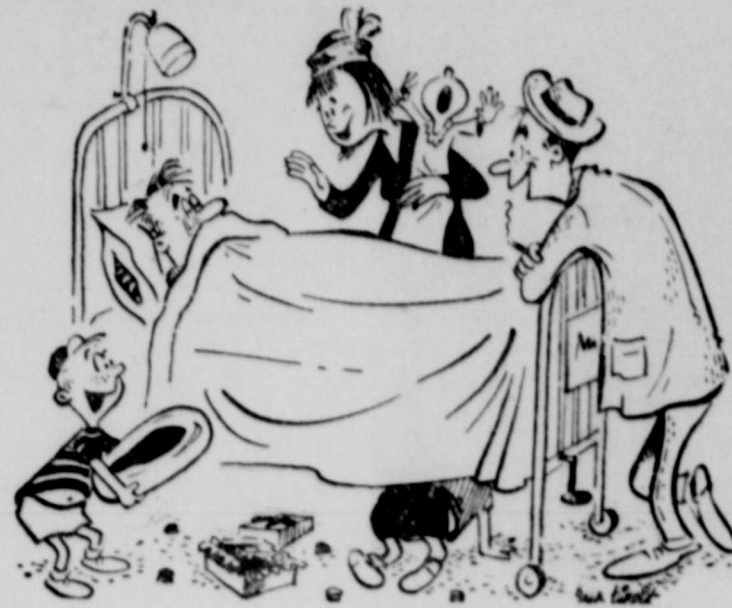

We have several in the Community helping to form a milk route. The milk is being trucked to Guyton where a company is processing it. Plans are also in the making for a cheese plant to be built in Beaver to take care of its rural milk supply. Those who are now selling milk to this firm are the Lem and Floyd Van Deburghs and the Leroy Bobbitts.

The Beaver Duster football boys and their supporting fans drove to Boise City, Okla., Friday night to gain another victory for Beaver, the score being 33-6. The next game is the Homecoming Game at the Beaver Stadium on Friday, October 26, with the Hooker, Okla. team. This is another conference game and promises to be an exciting one.

Buell Morris of Stratford and Mr. and Mrs. John Morris and Darrell of Gray were visiting in the Leon Morris home Saturday.

Mrs. Glen Myers, Mrs. Leroy Bobbitt and Mrs. Carl Carter were among the Beaver County Choir group who appeared at the Methodist Church for an evening program of Sacred songs. Other numbers included "Sunset," "How Lovely Are Thy Dwellings," "City of Gold," "Kneel At the Cross," "It is No Secret," "Resting in His Love" and "My God and I." There was a short tableau in connection with the "Kneel at the Cross." Mrs. Maurine Reece is the director and Mrs. Eva Evans, the pianist. This group will sponsor a full evening program for the public on or about November 12. There will be some individual numbers and a

Hospital Gloomy Gus Gets MD's Brushoff

By ALTON L. BLAKESLEE
Associated Press Science Reporter

NEW YORK—The visitor at the hospital rushes in, grabs your hand, and quavers:

"I came just as soon as I heard you weren't expected to live."

That's one kind of ray-of-sunshine visitor the defenseless sick in hospitals can do without, Dr. William Hyatt Gordon writes in GP, journal of the Academy of General Practice.

He lowers the boom on others, too, some of whom seem to come just "for entertainment, for show for a piece of candy, or occasionally, I fear, for reasons of pure cussedness."

Like the hearty back-slapper, full of jokes, all old, who visits mainly because unlike his other listeners, the bedded patient can't run away. His best humor line: How well things are going at the office since the patient took sick.

Gloomy Gussie, trying to spread her own gloom to all corners of the earth. A typical line of conversation from her, says Dr. Gordon:

"You poor suffering lamb, how 'Style Show' by the husbands. There will be a small admission charge and the public is cordially invited to attend."

The above group of ladies have performed at two Farm and Home Conference Meetings at Stillwater, Okla. They have also made appearances on the Perryton and Liberal Radio program, recent Farm Bureau meeting programs and various church programs. They have also planned a Christmas program.

The youth of our Sunday School as well as other youth from the surrounding counties are looking forward to hearing the great R. G. (Bob) Le Tourneau speak at the "Youth for Christ" meeting at the Liberal High School auditorium, Oct. 27 at 8 p. m. and again Oct. 28 at 3 p. m. Many local churches are sending groups of young people to Liberal each Saturday evening to attend these "Youth for Christ" meetings.

One Armed Pitcher Is Heavy Hitter

(AP Newsfeatures)
COTTAM, Ont. (AP)—The pride of this southwestern Ontario town is Ronald Hicks, 22-year-old, one-armed softball pitcher. Ronald lost his right arm when he was 14. But the loss didn't get him down. He was captain of his team in a high school softball league and won a service club trophy two years ago. He's never batted less than .300.

Ronald has tried his one arm at baseball but has never been successful at it. It's the glove. Playing baseball he would have to pick up the ball with his gloved hand, slip off the glove and then make his throw. He doesn't need a glove playing softball.

When not playing ball Ronald is a cabinet maker, a trade he developed after he left high school.

- More for your money in an Ironrite
- "My Ironrite does everything quickly and beautifully. I save hours each week on shirts alone. Why, I can do one in 5 minutes where it took 15 by hand!"
- "With its two completely adjustable ends, Ironrite will iron everything from wash, from plain towels and handkerchiefs to frilly wash dresses, curtains and lace!"
- "My fine tablecloths and other large pieces can be ironed without folding or creasing. And the Du-all ironing points make it easy to iron hard-to-reach ruffles and puff."
- "I've told lots of friends how Ironrite has saved me time and money. It's helped me keep looking younger. So, if you're like me, look at Ironrite today!"
