Maverick-Lobo Crash Friday

The preliminaries are over and the main eventis ready.

It unfolds Friday night as the 1971 edition of District 8-AA football rolls in.

And fans will especially want to make note the District kickoff time: 7:30 p.m.

Th big action will be at Maverick Stadium where the traditional rivals, the Mavericks and Cisco Loboes go to it.

In other District action, Winters will be at Clyde, Comanche at Coleman and Hamilton at Ballinger.

Statistically, the Mavericks look good--but when any two Eastland County teams get together, its a brand new ballgame. The Friday night duel in Eastland will be for the mythical EastlandCounty title.

Coming into District competiton, the Mavericks hold an impressive 3-0 record,having am assed 111 points, allowing only six to the opponent. The Mavericks blanked Ranger and DeLeon.

The Loboes, suffering from injuries fromthe beginning, ha ve gone through a rebuilding and hold promise for an improved club as the title race begins. Under the guidance of well-known coach, Jim Puryear, the Loboes rea son to be seansoned contenders.

Eastland Coach Shirley Frazier pays past performances can b e thrown out the window when Cisco and Eastland meet. Although winless, Cisco has made steady improvement and if the injured players are in shape, they can be a tough football team," he said.

Six differen t players have scored for Eastland: Craig lund, Randy Rexroat, Howard ing with four touchdowns; Bob Mace, two; Steve Lopez and Ruben Gaeta, one each.

For Eastland, Rodney Reynolds, Gil Gaeta, James Eidson Allan Jolly, Mike Jones SteveLopez, Gary Barnes and Ronald McClesky have provided excellent blocking for the running backs

Injuries in the Lobo camp include Dell Mellette, halfback, 5-9, 160 lb. Junior who received internal injuries a couple of weeks ago; andHalfback Gary Kent, 5-10, 160 Senior, who was out with a sprained ankle in the Cisco- Breckenridge game. Hopefully, Kent will be back in agains t the Mavericks, it was reported.

The Loboes will be looking to improve their standings as the district clash gets underway.

A capacity crowd is expected at Maverick Satdium.

Officers elect ed included Charles Freyschlag, re-elected president; Glazner, vice-president; and Haun, secretary'treasurer. All were re-elected to their posts.

Holdover directors are Freyschlag, Milton Fullen, E. E. Layton and Bruce Pipkin.

Shareholders, officers and directors expressed appreciation to the nominating committee which includes Chairman, Frank Sayre, Guy Parker and Bob Perkins.

Administrator Leon Musgrove reports that the hospital is continuing to operate at capacity.

Due at Kendricks

Returning to the Kendrick Amphitheater between Eastland and Cisco on U. S. Hwy. 80, Oct. 2, at 7:30 p.m., will be the re ligious rock band "The Blessed Hope," from Houston.

This group was presented in concert in August and performed to an audience of around 2,5000, and it is by the demands of this audience, both teen-agers and adults, this musical group has once again been booked to perform.

The members of Blessed Hope are professional musicians and have played in various bands, both rock and folk.

They have been brought together by Christ and a mutual concern for spreading of the Good News of salvation through Jesus. The end result of this concern was the forming of the band, many bookings, tours, and saved souls.

Blessed Hope keeps this ideal purpose as their goal in the organization and in each personal life.

Backing up the Blessed Hope on stage, will be "One Man's Band," a religious folk sing group, also from Houston.

It is hoped that everyone will attend this production. To those who plan to attend, be sure to bring a blanket, cushion, or chair to sit on and wraps to stay warm.

Mark your calendar for the religious rock and folk concert to be held in the Kendrick Amphitheater, Oct. 2, 7:30 p.m. Admission to the program will be $1.50.

AMIDST THE ton of publicity material crossing our desk is one "Features of Israel" sent with the compliments of the Consulate General of Israel, Houston, which includes a nember of feature articles, anturall sympathetic to the Israely cause in the NMiddle East. One in particular caught our eye. It is a dialogue between an Israely and an Arab who discuss in length their national problenms -- from a detached point of view. (They meet in a foreign country) and each tells his side of the conflict. It makes for better understanding.

WE ALWAYS look for the Munsingwear Briefs (publication of the Munsingwear Corp., parent company of our local Hollywood Vassarette.) The latest issue is devoted exclusively to the compan's "Progress in Patents" as it pertians to undergarments and fashions thereof through the years. Some random quotes:

"Eight four years of "firsts" have paved the path to Munsingwear's success

EASTLAND, TEXAS

R.R.C. Says 'No' To T&P

Team effort in Eastland has truimphed again!

The Texas Railroad Commission has denied a request by the railroad to transfer the freight service from Eastland to Ranger and demolish the depot in Eastland.

It's the second victory for Eastland on saving the local freight service. In early 1969 a hearing was held in Strawn and the R.R. Commission ruled at that time that the railroad's request was not valid.

The Texas and Pacific Railway Co. filed a-plication in May of this year to discontinue its agency in Eastland and make Eastland a non-agency station. The Commission first sat a hearing on the matter to be held in Austin, and through the cooperation of the Eastland Chamber of Commerce and State Rep. Joe Hanna, the hearing site was moved to Eastland, and held on July 20.

Instrumental in helping with arrangements were C of C President Jeff Glazner and Vice President Marcus O'Dell. Eastland Attorney and Independent Oil Operator Cyrus Frost lead the opposition to the railroad proposal.

Wallace H. Nations was the Commission examiner.

Appearing for the railroad were officials from Dallas and St. Louis.

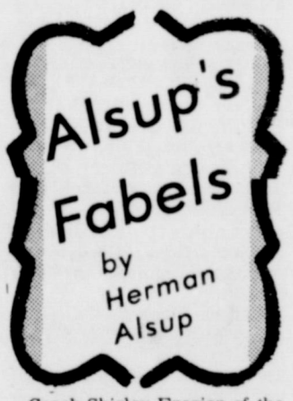

Eastland was joined by Cisco residents in asking that the railroad request be denied. Appearing for retention of the freight service in Eastland were Buddy Rogers, Jack Germany, Nolan DeFord, Charles Martin, H. V. O'Brien all of Eastland, Wayne Webb of Cisco, Wade Freeman of Eastland, Ed Sayre of Breckenridge and Eastland County Judge Scott Bailey.

Examiner Nations made the following recommendations to the Commission:

"The railroad s primary burden of proof in a proceeding such as the instant one is to prove that the public convenience and necessity no longer require the services of a locally stationed agent or the maintenance of a depot building. Determination of this issue is accomplished by weighing the merits of protesant's evidence of need for service against the applicant's plan to meet these needs. In addition, the financial burden for the railroad of maintaining a local agent must be accorded due consideration.

"Here, the railroad is making a profit from its carload operations at Eastland. No showing has been made that this profit will dimish in the foreseeable future. Therefore, continuing to maintain an agent at Eastland does not financially burden the railroad or endanger its operations elsewhere to any appreciable extent. Various of the protestant shippers-receivers testified as the the convenience of dealing with a locally based agent on damage claims and spotting and locating of cars. At least one of the witnesses expressed serious doubt as to the ability fo the agent at Ranger, who is presently working overtime, to adequately handle the business of both Eastland and Cisco, a large non-agency pointed handled presently by the Eastland agent. The Examiners agree with this viewpoint. It is his opinion that the service provided by the local agent on the spot is a better service and should be maintained as long as financially feasible. It is further opinionof the Examiner that the agent's spare hours at the Eastland agency could be better utilized and that additional meaningful tasks could be found for that agent to perform. For the above reasons, the Examiner finds that better serviceis rendered by the present agent in claim inspection, car spotting, and related services than would be rendered by the agent located in Ranger. Railroad patrons at estland have a right to expect expeditious service in this respect, and , in the light of the applicant's favorable financial situation at Eastland, patrons should not be forced to sufferthe inconvenience and delay that would be engendered by the instant proposal.

"In conclusion, the Examiner finds the public convenience and necessity to require the continued services fo the Texas and Pacific Railway Company agency at Eastland and the continued maintenance to its depot building; and, that this agency is operating at a profit and is not a burden to the applicant. Accordingly, the Ex aminer recommends the instant application be denied."

Coach Shirley Frazier of the Eastland Mavericks stated in an interview Wednesday that being No. 1 in the Harris Polls in Class AA doesn't mean one thing for the Mavs. Frazier stated that it was not the polls that ma ke the team and the main thing would be the game Friday night' and every Friday night from now on in this season to be No. 1 in the state. The only time any rating or poll is correct is at the end of the playing season. The Harris Poll is based on thepoint sesason and Frazier's opinion is that the poll is not very valid. The only thing it does is make good reading and conversation.

There has been little reaction at school other than the casual mention of themorning paper. The attitude of the players in no different stated Frazier than it has been . Everyone is proud of the fact that Eastland is rated No. 1.

Frazier said that the Mavericks would be ready to meet the Cisco Loboes here Friday night in Maverick Stadium at 7:30 p.m.

The Mavericks have a few injured players and some have bruises and sore muscles. Larry Barnes offensive tackle, for the Mavs, has a bad ankle and does not know if he will see action Friday night.

Again Frazier stated that the important thing was Friday night at 7:30 not the"Newspaper results" on Wednesday morning.

I would like to compliment the young people who are working on the program for Saturday night at the Kendrick Amphitheater. A lot of hard work has been put into signs and other jobs to make this a success. It is a repeat performance of the Blessed Hope and is supposed to be a good one.

Most of the people of Eastland like to read about what happened here. Free Humidifier with installation of a CARRIER Electronic Air Cleaner

Humidifier

Electronic Air Cleaner

Enjoy a cleaner, pollution-free environment and relieve respiratory discomforts with a Carrier Electronic Air Cleaner.

Ordinary filters catch big particles of lint, but millions of tiny, invisible particles of smoke, grease, dust, and pollen float in the air of your home and collect on windows, walls, fabrics, dishes, woodwork and furnishings. The Carrier Electronic Air Cleaner surrounds each tiny particle with charged ions and forces them into mesh pads. Gives you a cleaner, brighter environment and operates for only pennies a day.

Stamp out winter dryness with a Carrier Humidifier.

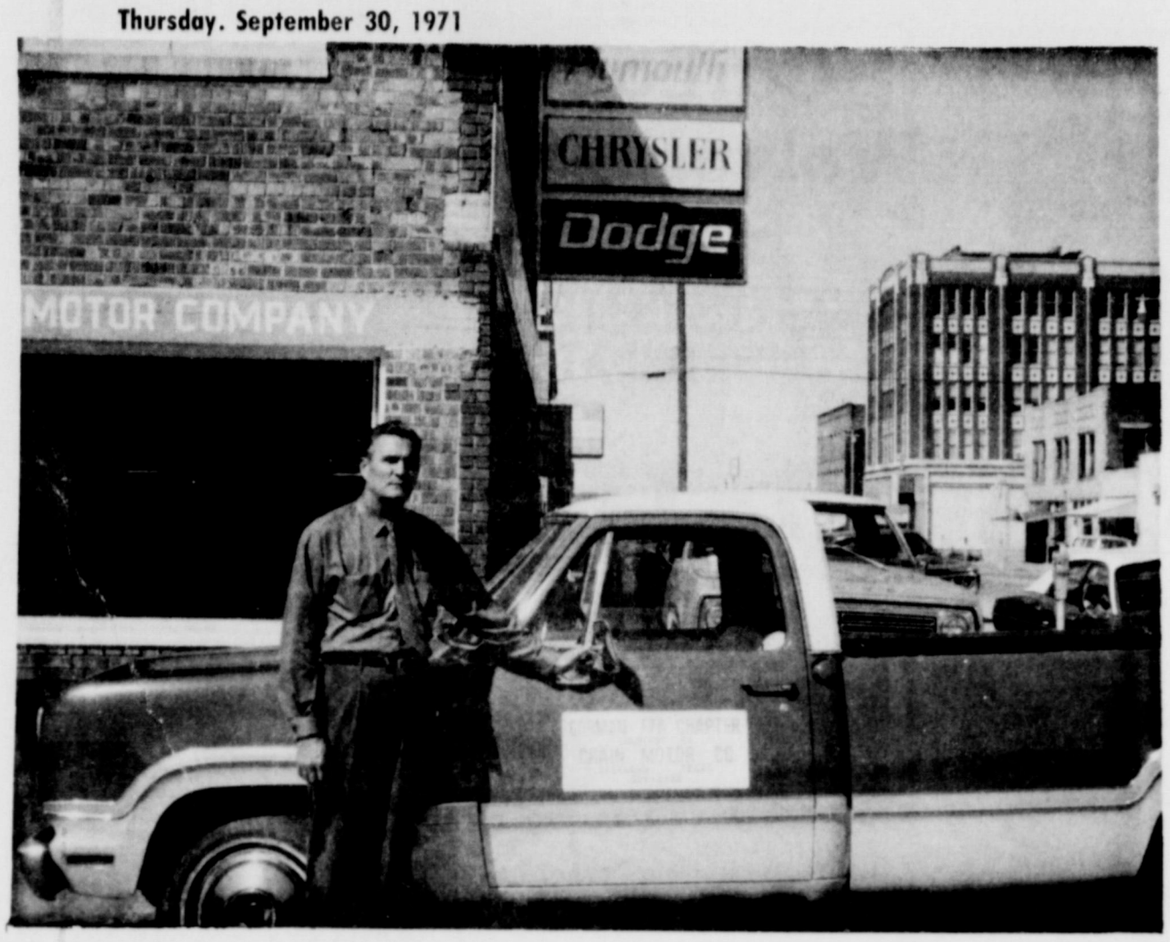

The dryness of indoor air in winter causes wood to shrink, furniture joints to loosen, fabrics and rugs to wear faster, and increased amounts of dust and static electricity as well as respiratory discomforts. Carrier's unique self-cleaning humidifier gently adds moisture to the warm air stream from your furnace to eliminate "winter-dry" air.
