Panel Recommends Spending \$46 Billion For U.S. Defense

LBJ Unveils New Program For Graduates

WASHINGTON (AP) —The government is launching a program of recognizing outstanding high school graduates as "presidential scholars" in the hope that other youths will follow their example.

Up to 121 of the bright young people—a boy and girl from each of the 50 states; two from Puerto Rico, the District of Columbia and the U.S. territories and up to 15 at large—will be brought to Washington as the guests of the government next month and receive from President Johnson a medallion symbolizing the honor.

Annual cost of the program was estimated at \$25,000, to be divided by the Office of Education and the National Science Foundation. This will cover travel expenses, paper work and the like. The scholars will receive no cash award.

"These awards," said Johnson in announcing the program at his news conference Thursday, "are to recognize the most precious resource of the United States—the brain power of its young people."

First selections will be made next month by a presidential commission of seven; Dr. Milton Eisenhower, president of Johns Hopkins University; Leonard Bernstein, composer and conductor; Katherine Anne Porter, author; Dr. Albert W. Dent, president of Lillard University, New Orleans; The Rev. Michael P. Walsh, president of Boston College; Dr. William Hagerty, president of Drexel Institute of Technology, Philadelphia, and Melvin W. Barnes, superintendent of schools, Portland, Ore.

DISCUSSES CIVIL RIGHTS—Washington—President Johnson says "the cause of civil rights is not helped" by civil disobedience tactics. He made the statement Thursday to reporters and convention members of the American Society of Newspaper Editors. (AP Wirephoto)

Chief Asks Quick Civil Rights Okay

WASHINGTON (AP) — President Johnson, deploring violence and disorder in the civil rights struggle, says all groups should exercise moderation and try to understand the other fellow's viewpoint.

Johnson was asked to comment Thursday, at his biggest-ever news conference, on civil rights demonstrations that run against the law or threaten violence.

He replied: "We do not, of course, con-

done violence or taking the law into your own hands, or threatening the health or safety of our people. You really do the civil rights cause no good when you go to this extent."

The President also expounded on national defense controversies, the rail negotiations, the booming economy and politics. At one point, he virtually announced his candidacy for a four-year White House term, saying he was enjoying his work and "prepared to continue."

Asked to give his attitude on civil disobedience as a tactic in the civil rights struggle, Johnson said, "We do not think the violation of one right or the denial of one right, should permit the violation of another right."

The President said he would "counsel moderation to all groups, and understanding of their fellow men and trying to appreciate his position."

He said that as long as racial discrimination exists, "We are going to have protests and we are entitled to protest and petition under our constitutional rights."

But he expressed the view that Senate action "with reasonable dispatch" on the civil rights bill would "bring those protests and bring those disturbances from the streets and the alleys into the courts where they belong."

Questioned about conflicting high-level statements comparing American and Soviet missile and air strength, Johnson said, "I am pleased with our strength."

He said the Kennedy and Johnson administrations have spent \$25 billion more for defense in the past three years than would have been spent had the rate of the final year of the Eisenhower administration continued. He said this money has bought "extra combat divisions, extra nuclear warheads, extra missile strength."

Johnson also said he would personally make a decision "that I think is in the national interest" on whether to adopt proposals by Gen. Curtis E. LeMay, Air Force chief of staff, for development of a new bomber.

Other major pronouncements: See CHIEF ASKS, Page 2

Appropriations Committee Says Funds Needed To Maintain Strength

WASHINGTON (AP) — The House Appropriations Committee steered clear today of the Pentagon controversy over relative U.S. and Soviet military might as it recommended \$46,759,867,000 in new funds for the Defense Department for the fiscal year starting July 1.

This is \$711,733,000 less than President Johnson requested but enough, the committee said in its report, "to continue the maintenance of the strongest military establishment in the peacetime history of the United States."

It is \$460,743,000 less than the department was given for the present fiscal year.

Minor Variations With only minor variations, the committee went along with the administration's recommendations as outlined to it by Secretary of Defense Robert S. McNamara. It said it was inclined to conclude with McNamara's testimony that "the missile force we have programmed can be depended upon to carry out its military mission under all of the conditions we can foresee."

Files Of The Times

A Peep Into The Past—Page 10

The report, written by Rep. George Mahon, D-Tex., did not mention testimony of Gen. Curtis E. LeMay, Air Force chief of staff, to the effect that the Soviets are narrowing the military gap between them and the United States and that the administration is placing too much emphasis on missiles.

U.S. Superiority The United States, the committee said, is "superior in military strength to any other power" and the new appropriations recommended "will support a continuation of this superiority."

"This bill," it added, "provides the force to keep our government in a position to deal firmly and decisively, and with adequate military backing, in international matters."

In summary, the committee said, this is what the money will provide:

Food, clothing and modern equipment for 2,686,800 armed forces. Operation of 687 military installations.

Maintenance of 875 active naval vessels.

Maintenance and operation of more than 30,000 active military aircraft and procurement of 2,655 additional planes.

Construction of 53 new naval vessels and conversion of seven others.

Service Personnel The uniformed armed services would consist of 974,800 Army, 673,700 Navy, 190,000 Marine and 843,000 Air Force personnel.

New naval vessels scheduled for delivery during the coming year include 10 Polaris missile submarines, four nuclear attack submarines, seven destroyers, two guided missile frigates, one new Forrestal-class attack carrier, and four modern amphibious assault ships.

Of the three major services, the Air Force was given the largest allotment of new funds. Its total was \$18,489,333,000.

The Navy was next with \$14,263,578,000, and the Army last with \$11,346,125,000. Intra-service programs accounted for the remaining \$2,660,231,000.

Written Requirement The committee wrote into the bill a requirement that 35 per cent of the funds earmarked for ship repair, alteration and conversion must be spent in privately owned shipyards, with the remaining 65 per cent to be spent in government-owned shipyards.

In terms of money, this means that \$411,820,000 would be used in Navy yards and \$221,750,000 in private yards.

The so-called 65-35 ratio may furnish the major controversy when the House considers the bill next week.

Thundershowers May Develop

Another windy day pestered Wichitans Friday and threatened to produce another dust storm but, thankfully, thundershowers are due to follow.

Forecasters at the U.S. Weather Bureau said thundershowers should develop Friday afternoon or night as a mild Pacific cool front pushes through the city, causing the winds to shift from south to north-northeast.

The rains, which will be welcome in this area that has had no moisture for nearly two weeks, will chase out the dust.

Strong south-southwesterly winds blustered through the city Friday on speeds nearly equaling those of Thursday when gusts were measured at 42 miles per hour. Generally, Friday's greatest winds speeds were about 35 m.p.h.

Despite considerable cloudi-

ness, Friday's maximum was expected to rise to about 88 degrees. Thursday had a high of 81.

Early Friday morning the minimum was an uncommonly warm 65 degrees.

The invasion of the cool front will cause the mercury to drop Saturday morning to about 50 degrees. The daytime high Saturday will probably be held to near 60 degrees.

Winds Saturday will be cool, but not nearly so strong as those which have plagued the area this week.

No precipitation has been recorded here since April 5 and the total for the month is only .55 of an inch. Normal for all April is 2.53 inches.

The weather bureau outlook calls for the possibility of scattered thundershowers during much of the next five days.

Skeleton Found In Decatur Area Faces 'Cleaning'

DALLAS, Tex. (AP) — The near-perfect skeleton of a 100-million-year-old dinosaur is in the Dallas Museum of Natural History for cleaning and reassembly.

The bones once supported an 18-foot-long land reptile. They were found about 15 miles north of Decatur, in north Texas recently by Bob Slaughter, a Southern Methodist University paleontologist.

Slaughter said the skeleton represents "the most complete dinosaur of its age ever recovered in Texas."

All except the skull was recovered from a hilly gully. Slaughter said some bones produced from the ground while others were buried as deep as 15 feet.

Officers Shot While Cuffed

LAWRENCEVILLE, Ga. (AP) — Three Gwinnet County policemen who apparently surprised a gang of auto thieves were handcuffed together and shot to death early today in a remote wooded area.

The three, all married and with children, were lined up on a hill off a county road and slain with bullets in the back of the head, County Commissioner Ulan Freeman said.

The three were J. R. Everett, 28; Ralph K. Davis, 49; and Jesse N. Gravitt, 52.

Freeman said Gravitt was ill and the other two were taking him home when they received a radio call to investigate suspicious activity near the Northeast Expressway about 15 miles north of Atlanta.

Police were called by A. C. Mills, a resident of the area, about 1 a.m.

The commissioner said the officers encountered the men believed to be auto thieves in two cars. One of the cars sped away.

The officers overtook the car and returned to where the other car was parked. Mills, who was observing developments from his home, reported soon afterward that the dome light in the police car went out.

WEATHER

WICHITA FALLS VICINITY: Partly cloudy with scattered thundershowers late Friday afternoon and night. Partly cloudy with chance of showers Saturday. Cooler Friday night and Saturday. High Friday near 85, low about 50, and high Saturday near 60 degrees.

NORTH CENTRAL TEXAS: Cloudy and a little warmer today. Cloudy tonight and Saturday with scattered thundershowers. Cooler Saturday in west and north tonight. Low tonight 48 to 67. High Saturday 55 to 75.

OKLAHOMA: Partly cloudy in west, widely scattered thundershowers in central and east portions, cooler in Panhandle.

EXTENDED FORECAST: Temperatures will average near normal in north and two to four degrees above normal in south. Cooler in north over weekend and minor day-to-day temperature changes in south. Normal low 70 north to 80 south, normal low 47 northwest to 60 southeast. Precipitation will range from .25 to .75, occurring as scattered thundershowers during much of period.

Rights Bill Blistered By Southern Senator

WASHINGTON (AP) — Sen. John Stennis, D-Miss., argued to the Senate today that the civil rights bill would make the attorney general "an untouchable czar" and give the federal government "more raw, naked and absolute power" than ever held in peacetime.

Stennis, one of the Dixie speaker captains, fired away at the House-passed measure as the Senate began its 33rd day of debate. It was his fourth full-fledged speech against the bill.

In his speech, Stennis said there has been no occasion

since Reconstruction days when Congress has considered a bill "which would seize from individual citizens so many personal and property rights and place their complete control in the federal government."

"Under the terms of this bill, the attorney general would become an untouchable czar, unshackled by any restraints at his principal level of operation," he said.

He said his remarks were not aimed at "any past, present or future occupant of the office" but he was "vigorously objecting to the principle of vesting power in any individual or office" to the extent involved in the bill.

He said the attorney general could, under the measure:

1. "Dictate the policies of every public school in this nation."

2. Assume "complete supervision over registration and voting in state and local elections."

3. Dictate the public accommodation policies and operating methods of restaurants, hotels, motels, theaters and swimming pools.

4. "Become the headmaster of policy in the operations of factories, industries and manufacturing plants in this country."

Police List Five Burglaries

Five burglaries Thursday night were reported by police.

A juke box was pried open and change taken at Harvey's Hamburger, 4515 Farm Road 369, after the building was entered through a rear window.

Soft drink machines were pried open and change taken at Faircloth Humble, 2620 Farm Road 369; Harold Hodges Humble Service Station, 4599 Seymour Highway; and Bostick Texaco, 1501 Farm Road 369.

Some \$397 in cash and credit receipts were reported taken from Whites Stores Humble Station, 3000 Call Field Road. Police said the station was entered through a window on the north side and the cash drawer was removed from a desk.

Permian Oil Price Hearing Is Slated

AUSTIN (AP) — Complaints filed March 5 by independent oilmen against an alleged price cut by a West Central Texas pipeline company will be heard May 26, the Texas Railroad Commission said Thursday.

The Texas Independent Producers and Royalty Owners Association (TIPRO), two other Texas oil and gas associations and four producers want the commission to investigate a five-cent per barrel "marketing and service charge" imposed on producers Feb. 1 by the Permian Corp., Midland.

Affected by the charge are Permian producers in Archer, Wichita and Wilbarger Counties. Some 2,800 barrels of crude move daily through the 212-mile Nortex system, the state's sixth largest.

Permian contends it is a private carrier and not subject to commission regulation. TIPRO says the Permian case is important because Permian operates many smaller systems across Texas and it fears the practice of the charge will spread.

Besides TIPRO, others filing complaints were the North Texas and West-Central Texas Oil and Gas Associations; Clyde Gibson, Charles King and Bradley C. Streeter, all of Wichita Falls, and Graridge Corp., Breckenridge.

Beckwith Wins Second Mistrial

JACKSON, Miss. (AP) — An all-white jury deadlocked today in the murder trial of Byron De La Beckwith and Judge Leon Hendrick declared a mistrial.

After conferring with attorneys, Judge Hendrick then set \$10,000 bond for Beckwith, who has been held in jail without bond since his arrest last June for the slaying of Negro integration leader Medgar W. Evers.

The jury reportedly was divided eight for acquittal and four for conviction, sources close to the jury said. The deadlock came after 10 hours of deliberation.

Beckwith's first trial ended Feb. 7 with the jury split 6-6.

1/2 Minute Prayer Touch us, O God, with transforming power and by Thy grace reveal what we can become. Use us as dedicated servants of the best in our heritage. Amen. — Harold Blake Walker.

Clean-Up Drive Slogan Sought

By PETER HINCHLIFFE

The Wichita Falls City Beautiful Association is looking for a slogan to spur folks on to an even greater effort in this year's clean-up, paint-up and fix-up campaign.

Last year's tremendous clean-up drive, which brought national recognition to Wichita Falls for its efforts, was carried on under the slogan of "Brighten Your Corner — Company's Coming." The slogan was of course based on the efforts of Industrial Development, Inc., of Wichita Falls to bring new industry to this city.

"We want to work under an even better slogan," commented Dr. C. C. Hayley, chairman of the association, when the group met in the chamber of commerce's Action Hall Friday to lay plans for the 1964 campaign.

Hayley announced that the association would present a prize to the person sending up the best slogan for the drive. Entries should be mailed to the Wichita Falls Chamber of Commerce office in the Hamilton Building.

Brief And Swings

"We would like the slogan to be as brief as possible, yet we want it to sum up a theme for the drive and encourage people to really work to make Wichita Falls a better place to live in," Dr. Hayley explained.

Marvin Penrod, national advertising manager of the Times Publishing Committee, has been appointed chairman to lead this year's clean-up, paint-up and fix-up campaign. In the near future, Penrod will appoint chairmen to head up the numerous committees necessary to organize the work of the drive.

Date of the campaign, which will last a week, has been set for June 7.

"Of course, we know the city cannot possibly be cleaned up entirely in one week," Penrod added. "However, we want to try and do as much as possible during the period of the campaign. And one of the main purposes of the drive is to make people beauty conscious. Keeping a city beautiful is a year-in-year-out job."

Cost Angle

Joe Mike Pistocco, the man who headed last year's drive, commented: "Some cities spend as much as \$40,000 on an annual clean-up, paint-up fix-up campaign. Without spending anywhere near that amount of money, I think we can have a tremendously successful drive here."

Pistocco stated enthusiastically that with the right kind of effort, Wichita Falls could become recognized as the number one city in America for its clean-up work.

During the next few days, Association members will be doing a tremendous amount of behind-the-scenes work to lay the foundations for this year's campaign. Anyone wishing to participate actively in the work is invited to join the City Beautiful Association. Membership cards, priced \$1, are available from any of the members, or from the Chamber of Commerce offices.

CHIEF ASKS—

(Continued From Page 1)

by President Johnson included these:

The national economy operated at a record annual rate of \$608.5 billion in the January-March quarter, an increase of \$8.5 billion from the final quarter of 1963.

Johnson said he was "not an overly optimistic man" but believes the dispute that threatens a nationwide rail strike can be settled through collective bargaining. "I hope and pray it will be by the end of the week," he said.

The administration wants to study the feasibility of a sea-level replacement for the Panama Canal and is sending a survey team to Colombia to explore the terrain there.

Electra WWI Veterans To Meet

ELECTRA, Tex. (Special) — Roy Davidson of Olney, commander of World War I Veterans Barracks of Texas District No. 13, will be the featured speaker at a family night supper Monday at 7 p.m., in the Veterans Hall on East Cleveland Avenue, in Electra.

The program is jointly sponsored by members of the Electra WWI Barracks and the Ladies Auxiliary of the organization.

Vic Eggenberg is commander of the local chapter. Officers of the Auxiliary include Mrs. E. L. Everett, president; Mrs. A. S. Lockett, secretary and Mrs. Vic Eggenberg, treasurer.

All members of both organizations are urged to be present. Veterans of World War I are invited.

Body Found Near Tracks At Tolbert

VERNON, Tex. (Special)—The body of an unidentified man was found Friday morning one-half mile north of the Tolbert community lying near the railroad tracks.

Wilbarger County Sheriff Loran (Fuzzy) Smith said the man, between 40 and 50 years of age, had apparently fallen from something since the body bore lacerations and bruises from the cinder ballast of the railroad bed. He had not been run over by a train.

Authorities estimated the man had been dead for about 36 hours and were checking fingerprints and dental work in an effort to establish identification.

The body was discovered by the engineer of a passing Fort Worth & Denver train.

Geologists To Hear Professor

Speaker at a 6:30 p.m. Friday dinner of the Midwestern University Geology Club will be Dr. Keith Young, professor of geology at the University of Texas.

The dinner will be at Underwood's. Dr. Young's visit is being sponsored by the American Geological Institute.

He spent Friday visiting geology classes on campus with Dr. Jackie Watkins, chairman of the geology department, as host.

AF Executive Will Be Here

Maj. Gen. William K. Martin, assistant deputy chief of staff for personnel at Headquarters United States Air Force will be the featured speaker at the formal dinner to be held at the Officers Open Mess at Sheppard Technical Training Center Friday evening.

The formal occasion is for all officers of the 49th Bombardment Wing (Heavy) (SAC) and is to be hosted by Col. Frederick D. Berry Jr., commander.

Special guests will be Maj. Gen. Robert M. Stillman, commander of Sheppard Technical Training Center, members of his staff and the sponsors of the Wing. The sponsors in the Squadron Adoption Program are four ranchers, John Biggs of the W. T. Waggoner Ranch, J. S. Bridwell of Bridwell Hereford Ranch, Tom Medders of Lake Creek Ranch, and Carter McGregor of McGregor Ranch.

Assignments
A native of Washington, D.C., General Martin was graduated from the United States Military Academy in 1939 and received his commission in the United States Army.

During his 25-year military ca-

reer General Martin has held four other assignments in Washington. His first was with the War Department General Staff in 1946 for one year, his second was as chief, civil liaison branch office of the Secretary of the Air Force from September 1947 to August 1949. He returned to Washington in July 1961 as deputy director of information in the office of the secretary of the Air Force and the following year became director of information, a position he held until January of this year when he assumed his present duties.

After training at Hamilton Field, Calif., Salt Lake City, Utah, Clovis, N.M. he went overseas to the European Theater of Operations. He flew a total of 23 missions in a B-17 during his European tour.

SAC Post
Gen. Martin joined the Strategic Air Command at Walker AFB, N.M. in 1950 as deputy commander of the 59th Bombardment Wing. He retained command of the 6th Bomb Wing for four and one-half years through its activation with B-29s and conversion to B-26 aircraft. In 1955 he assumed command of

MAJ. GEN. W. K. MARTIN

the 45th Air Division at Loring AFB, Me., and commanded the first operational B-52 and KC-135 wing in the Strategic Air Command. His successive assignments were in Ramey AFB, Puerto Rico; and as director of personnel at Headquarters Strategic Air Command, Omaha, Nebraska, then the Pentagon.

His decorations include the Legion of Merit with an oak leaf cluster, Distinguished Flying Cross with one oak leaf cluster, Bronze Star Medal, Air Medal with three oak leaf clusters, Commendation Ribbon, British Distinguished Flying Cross and Croix de Guerre.

A dining-in is an occasion where ceremony, tradition and good fellowship play an important part in the life of an Air Force unit.

Economy Reported 'Better Than Ever'

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Better than usual is becoming the standard term in most government reports on how the economy is behaving this spring. There are a few laggards but most measures of business growth show gains above average for the season.

Profits are rising. Jobs are increasing in number and pay-

ing more to many workers. Factories are turning out more goods. Consumers are buying them. So stocks aren't piling up in manufacturers' and distributors' hands as they would if the economic upswing were topping out.

Index Gain
The Federal Reserve Board's industrial production index has registered its biggest gain since last October. It is at a record peak of 128.2 per cent of the 1957-59 average, for a neat one-half point rise since February.

Jobs in manufacturing normally remain unchanged between February and March, but this time rose 49,000 to some 17,033,000. Almost all of the gain was in the durable goods industries. This is hailed as much as an expression of confidence of the type that tends to snowball as a response to firm orders.

And the durables turned in the best performance in pushing the industrial index higher, with the business equipment companies stepping up output the most.

Outside
Counting in jobs outside manufacturing, the total rose 515,000 in the latest month, against an average of 66,000 for that time of year. In mid-March the total was 68,517,000. Unemployment fell 231,000 to 4,293,000. But the increasing size of the labor force kept the jobless rate at 5.4 per cent.

Durable goods employment is now back to where it was in August 1957 before increasing mechanization of factories and the 1960 recession aggravated the problem.

Construction also rose more in March than is usual. The average increase from Febru-

ary is 7 per cent. But this year the gain was 9 per cent. Private construction came to \$3.3 billion, and public construction added \$1.3 billion.

Auto production so far this year is 9.5 per cent ahead of the like period of 1963. Steel output is running well ahead of last year, although the pace may slacken soon.

Spreading
Consumer spending goes on increasing, even if it hasn't yet shown the spurt that many expect as a result of the federal income tax cut.

And along with the spending, consumers have been building up their debts. Consumer credit is nearly \$7 billion higher than last spring. This also is hailed as an expression of confidence in the future—many individuals being quite easy in their own minds about their ability to make higher monthly payments.

As reports of increased profits pour in, prices of many companies' stocks rise. The stock market averages hit new highs with fair regularity, although many individual companies re-

main out of favor with investors and traders.

Labor is gunning for better wage gains this year than in the immediate past. And, judging by consumer credit figures, many workers seem confident of winning them.

Even the world situation, for all its trouble spots, looks generally better than usual. Soviet leaders are talking about the better life for their people instead of rattling their nuclear arms. Perhaps America's enjoyment of its increasing prosperity is catching.

Bankrupt Financier Asks Certain Items

CORPUS CHRISTI (AP) — Paul Amos Sandblom, bankrupt, Corpus Christi investor, claims he should be allowed to keep a 1964 Cadillac and two registered quarter horses under an old bankruptcy law that permits a man to retain a carriage, a wagon and two horses.

The referee in bankruptcy gave attorneys for Sandblom and his creditors ten days in which to file briefs before he makes a ruling.

Sandblom, an insurance agent filed a voluntary petition in bankruptcy Jan. 7.

Sandblom, charged in both federal and state courts with selling unregistered securities, is free on \$125,000 bond.

The bankruptcy law provides that the bankrupt party may claim tools of his trade as property exempt from seizure to satisfy claims against him. They also provide that, if he has a family, the bankrupt party is allowed to keep one carriage, a wagon and two horses. In recent years, courts have construed an automobile to be a carriage and a truck or trailer to be a wagon.

Counting in jobs outside manufacturing, the total rose 515,000 in the latest month, against an average of 66,000 for that time of year. In mid-March the total was 68,517,000. Unemployment fell 231,000 to 4,293,000. But the increasing size of the labor force kept the jobless rate at 5.4 per cent.

Durable goods employment is now back to where it was in August 1957 before increasing mechanization of factories and the 1960 recession aggravated the problem.

Construction also rose more in March than is usual. The average increase from Febru-

37 Absentee Ballots Cast

Thirty-seven persons have voted absentee in the May 2 primary in the county clerk's office at the courthouse, according to Mrs. J. L. Clayton, worker for the absentee balloting.

All of the absentee ballots cast in person have been Democratic.

The mailed-out absentee ballots total 148, with eight of these being Republican.

"Interest seems to be picking up," Mrs. Clayton said, "as we are getting more and more phone calls from people wondering how they may vote absentee."

Qualified voters in Electra may vote absentee in the public library and citizens living in Burk Burnett will vote absentee in the chamber of commerce offices. Those living in Iowa Park will cast their absentee ballot in the Wichita County courthouse.

Deadline for casting absentee ballots is Tuesday, April 28.

"ASTRO-GUIDE"

For Saturday, April 18

Present—For You and Yours . . . Vibrations warn of possible disagreements between parents and children, and husbands and wives. There is also a warning against overindulgence in pleasures and a tendency to carelessness in habits and manners. People are inclined to be changeable, especially concerning affairs of the heart.

Past . . . On April 18, 1953, Mickey Mantle, center fielder for the New York Yankees, hit a home run in Griffith Stadium, Washington, that traveled about 565 feet. It is believed to be the longest ever hit in a regular league game.

Future . . . A bedside computer system will be tried out in hospitals soon. The condition of a critically ill patient will be analyzed from information obtained from electrical contacts attached to the body and lab tests.

The Day Under Your Sign

ARIES (Born March 21 to April 19)
The tide will turn next week, so stall on an important decision you must make.

TAURUS (April 20 to May 20)
Surround yourself with people who give you mental and spiritual stimulation.

GEMINI (May 21 to June 21)
Check fire hazards. Be careful, too, if cleaning guns or sharpening knives.

CANCER (June 22 to July 21)
Clouds on your personal horizon lift by noon and you'll be your old self.

LEO (July 22 to Aug. 21)
Turn your attention to home affairs, remodeling and improving surroundings.

VIRGO (Aug. 22 to Sept. 22)
Have any kind of increased expenses with optimism. Things will work out OK.

LIBRA (Sept. 23 to Oct. 23)
Get things signed, sealed and delivered by noon, then enjoy a fine weekend.

SCORPIO (Oct. 23 to Nov. 21)
Stay away from nerve-racking situations. Try not to lose your temper.

SAGITTARIUS (Nov. 22 to Dec. 21)
Some creative inspiration may bring you long-range benefits.

CAPRICORN (Dec. 22 to Jan. 20)
Cut down on physical activities this weekend. Indulgence takes its toll.

AQUARIUS (Jan. 21 to Feb. 19)
Read over bookshelves to avoid antagonizing anyone. Avoid the subject of money.

PISCES (Feb. 20 to March 20)
Be prepared to pocket an unexpected opportunity to increase your income.

TIMES SQUARE VISITORS — A group of Allied students at Sheppard Air Force Base visited Times Square Friday and received honorary Texas citizenship papers in a ceremony in Times Square auditorium. Presenting the citizenships was Sydney A. Gaines of the Chamber of Commerce. James Barnett, executive vice president of Times Publishing Co., talked

briefly on the newspaper business and outlined its role in American free enterprise. Shown here are, left to right, front row, Barnett, S.Sgt. Cha of Korea, Sgt. Menon of India, Capt. Arce of Bolivia, Capt. Fooke of Canada, Sgt. Congphouthone of Laos and T.Sgt. Gosen of Ethiopia; back row, Col. George S. Maxwell, Sheppard representative, and Gaines.

J. L. Shaw Of Charlie Dies

HENRIETTA, Tex. (Special)—A life-long resident of the Charlie Community, James Leslie Shaw, 64, died Thursday in a Dallas hospital.

Born Dec. 11, 1899 in Clay County, Shaw was a retired rancher.

Survivors include two sons, Carman Shaw, Wichita Falls, and Dale Shaw, Dallas; a daughter, Mrs. Gwynda Goodrich, Orlando, Fla.; seven grandchildren and two great-grandchildren.

Services will be held at 2 p.m. Saturday in the First Baptist Church, with Rev. Kenneth Cantrell, pastor, officiating. Burial will be in Hope Cemetery under direction of Hawkins Funeral Home.

Hirschi Band To Go To Vernon

The Hirschi High School Band, under the direction of Carol C. Magee, will play in the Region 14 University Interscholastic League Contest at Vernon Saturday morning at 11 a.m.

The band's contest numbers are Overture to "The Messiah" by Handel, "Album Leaf" by Wagner, and "The Klaxon" by Fillmore.

Other bands in Hirschi's classification in Region 14 who will be playing Saturday are Noccona, Olin, Bowie, Seymour, Childress, Iowa Park, Quanah, Jacksboro and Electra.

Preston Smith Campaigns Here

Lt. Gov. Preston Smith, who broke a tie vote in the state legislature to make Midwestern University a state-supported institution, stopped over here briefly Thursday for some campaigning and a visit with relatives.

The 49-year-old veteran lawmaker, a cousin of Mrs. Frank Wood, said he expected a \$50 million to \$100 million surplus in the state's treasury at the end of the current biennium.

He also said he did not expect a special session of the legislature to be called on the matter of congressional redistricting. "I think the job can be done next January rather than now and I certainly see no reason for the calling of a special session which would cost our taxpayers more than \$750,000," the state official said.

Elected to the state's second highest office in November of 1962, Smith campaigned on a platform of "sound business," the major plank in his present campaign.

Backed Laws
"There's more than one way to put a business in the black and there's more than one way Texas can overcome its finan-

cial problems without raising taxes," the lieutenant governor said.

Smith played a major role in the last session of the legislature in guiding the municipal annexation measure and the loan shark law through to passage.

A lawmaker and theatre chain owner, Smith was the first lieutenant governor since Ben Ramsey was elected in 1951.

As chairman of the Legislative Council, he was called upon by Gov. John Connally to name

a committee to study congressional re-districting in Texas. State Sen. George (Cotton) Moffett of Chillicothe was named chairman.

Praises Moffett
Smith expressed regret at the retirement of Sen. Moffett. "For many years, he was a dedicated and valuable public servant," he commented. Sen. Moffett, who has announced his retirement at the end of 1964, held the record for tenure in the Texas Senate.

The lieutenant governor, who also has served six years in the House of Representatives, has

been a businessman for more than 25 years.

Born in Williamson County, Tex., 49 years ago, he moved in 1923 to a Gaines County farm near Seminole. He graduated from Lamesa High School and worked his way through Texas Tech in Lubbock.

He settled in Lubbock in 1936 and became a theatre chain owner. He now has extensive other interests.

Smith and his wife, Ima, have two children, Mickey and Jan. He plans to return to Wichita Falls during the week of April 26.

Knights Of Pythias Schedule Meeting

ELECTRA, Tex. (Special) — A pancake and sausage supper will be one of the featured items on the program to be held Monday, April 27, at 7 p.m. in the Knights of Pythias Hall. Members of the Electra K of P lodge are to be hosts for the affair.

Bryan Thomas, an officer of the lodge, announced that pictures taken in many places around the world, will be shown by Joseph Ott Spikes, retired serviceman.

All Knights of Pythias, Pythian

Sisters and their families are invited. There is no charge for the evening's entertainment, Thomas said.

NO FEAR AT ALL—Because he has a canine of his own, four-year-old Matt Poston hasn't let a most unhappy experience he had Monday scar his emotional attitude towards

dogs. The boy was attacked by a neighborhood dog which severely tore his right eye. With Matt are his dog, Snoopy, and a pal named Cannon Ball.

Wandering Dog Bites Child

By **KATRICIA COCHRAN**

Four-year-old Matt Poston has every right in the world to be terrified of dogs: One savagely bit the boy's right eye, tearing

the tear duct and threatening to blind him.

Luckily, Matt hasn't let the attack—which took place Monday in his own front yard—scar his emotional outlook towards canines.

His mother, Mrs. Floyd Poston, said she felt that having a dog of his own, which he dearly loves, has kept Matt from developing such a fear.

Because he romps and plays

with his own dog, named Snoopy, Matt had no qualms at all Monday about a neighbor's canine which wandered into the Poston yard at 2703 Bryne Place. But when the youngster attempted to hug the visitor, the canine turned on him and bit and ran.

Screams
Matt's screams brought his mother running. The boy was rushed to Sheppard Air Force Base Hospital (his father is a technical sergeant) where for a little over two hours he underwent surgery.

He was kept in the hospital a few days before being allowed to come home. The family, which includes Stephen, 15; David, 12; and James, 7, was all anxiously awaiting to see what the boy's reaction would be to Snoopy: Would he be afraid? No, he wasn't.

The Postons, who also have a cat by the name of Cannon Ball, said they had learned one good lesson from the unhappy experience and that is that their canine will no longer be allowed to wander off their own property. Although Snoopy has never bitten anyone, they just don't want to take the chance that he too might someday turn on another child just like the neighbor's canine did on Matt.

Under Observation
The attacking dog is being held at the Animal Control Center where she is being observed for rabies.

Wichita Falls has an ordinance—recently revised—which prohibits canines from roaming off their own property unless on leash. The penalty for violation can be as much as \$200.

Although in the past the ordinance has not been strictly enforced, steps have been taken in the past few months to see that it is. Owners of animals who allow their pets freedom on the streets are being fined in Corporation Court.

How much more could your salesman sell if you unchained them from their cars?
(Braniff business schedules can often double effective selling time)

If one of your salesmen drove — let's say from Oklahoma City to San Antonio, he'd only be about 150 miles down the road when the Braniff flight he might have taken touches down at San Antonio. The cost? About the same or a little less than driving his car. Your Braniff office has the details. And we'll point out to you that he will have more effective time for sales calls in San Antonio and less time away from home. See? you're a hero to his wife already.

The Cook's Corner

By GAIL COOKE

Received a very witty letter the other day from a lady who claims to be a "refugee from too many tasting parties." Perhaps she is a member of the "jet-set" as well, because all the recipes she sent have an international flavor. Many thanks to our friend for taking the time to share her discoveries with us.

COOKE

From Spain comes the following ground beef specialty dish which is recommended as being both tasty and economical.

Picadillo

- 1/4 cup oleo
 - 1 onion chopped
 - 4 sprigs parsley chopped
 - 1/4 cup raisins
 - 2 tablespoons sliced stuffed olives
 - 1 tablespoons capers
 - 2 teaspoons salt
 - 1/2 cup tomato paste
 - 1 clove garlic chopped
 - 1 green pepper chopped
 - 1 1/2 pounds ground beef
 - 1/4 cup whole blanched almonds
 - 1 bay leaf
 - 1/4 teaspoon pepper
- Melt oleo in a large skillet. Sauté garlic until brown, remove

and throw out. Sauté onion, pepper and parsley until soft. Add ground beef and cook until brown. Add remaining ingredients.

Simmer covered for 15 minutes. Stir occasionally. Serve over rice. Serves 6.

Methinks you'll find a tang of Teriyaki in this chicken dish from the Hawaiian Islands.

Chicken Hawaii

- 1 healthy fryer cut-up
 - 1 tablespoon grated onion
 - 1/4 cup cornstarch
 - 2 1/2 cups pineapple chunks
 - 1/4 cup soy sauce
 - 1/2 teaspoon ginger
 - 1/4 cup oleo
 - 2 tablespoons lemon juice
- Place chicken pieces in a large bowl. Combine soy sauce, onion and ginger. Pour over chicken. Let stand for at least 1/2 hour, turning chicken to coat all sides. Drain chicken and coat with cornstarch, reserving sauce. Place oleo in a large shallow baking pan. Set in 425 degree oven until oleo is melted. Place chicken in pan, skin side down. Bake for 30 minutes or until bottom is well browned.
- Turn chicken over. Combine pineapple chunks, pineapple liquid, lemon juice and reserved sauce. Pour over chicken. Bake 15 to 20 minutes or until tender. Serves 4.

This fried twist is a traditional Ukrainian Christmas Eve pastry but is also well liked throughout the year.

Chruskyky

- 4 cups sifted flour
 - 1/4 teaspoon salt
 - 1 cup sour cream
 - 1 teaspoon vanilla
 - Powdered sugar
 - 1 tablespoon sugar
 - 6 egg yolks
 - 2 tablespoons butter
 - 1/2 teaspoon almond extract
- Combine dry ingredients in a large bowl. Beat egg yolks until pale yellow. Add with remaining ingredients to flour mixture. Stir until well blended and then knead until mixture forms one large ball. Roll out on floured board to one-eighth inch thickness. Cut into 1 by 3 inch strips. Cut a slit down the center of each strip and pull one end through. Fry in deep fat (375 degrees) until lightly browned (about 3 minutes). Drain. When cool sprinkle with powdered sugar. Makes 9 dozen.

More from our generous tasting-party goer next time. Meanwhile, what's cooking at your house? Won't you send your recipes to Gail Cooke, in care of the Wichita Falls Times.

MAYOR SPEAKS TO CLUB ABOUT CITY IMPROVEMENT

Mayor Winston Wallander addressed the Past Presidents Club on the capital investment program in Wichita Falls when 11 members met Thursday morning at Underwood's.

It was his first official speech since he was installed Tuesday and he talked with enthusiasm assuring the group that the plan is going forward as planned by the former administration.

He praised the service clubs which have contributed so much time and money to beautify city parks, and suggested that every citizen should keep his property as neat and clean. This would spark a chain reaction and would be a start in beautifying blocks at a time.

Mayor Wallander also said that the police and fire departments will have beautiful buildings in their new locations, and that anyone will be proud to show them to a city visitor. Additional facilities means that these departments will be better organized and function more efficiently as well.

He invited the club to send a representative to each council meeting, and added that citizens have an obligation to understand city problems.

Panhellenic Society Changes Information Plan

An important change in presenting information to prospective sorority rushees was made when Panhellenic Society met Thursday at the home of Mrs. Dennis S. Bishop, 4410 Caston Lane.

Panhellenic members decided not to have a party this year, as they have done in the past. Instead, girls in Wichita Falls and the area who want to participate in rush week at any college or university will be asked to fill out recommendation blanks which Panhellenic will send to them.

"It is very, very important for a girl who plans to go through rush week to give us this information," Mrs. E. W. Patterson, president, said.

"Information about rush week and sororities will be mailed May 1, and girls who expect to go through rush must have the information back in our hands by May 20."

The Panhellenic group will meet May 1 at the home of Mrs. P. S. Carnes, 4509 Melody Lane, to send out the information sheets to graduates and prospective graduates.

WSWS Closes Meeting With Installation

The Oklahoma-Texas Conference of the Evangelical United Brethren Church WSWS closed Thursday morning with installation and consecration of officers by the Rev. James Williams.

The new officers stood in the form of a cross and three missionaries sang "I'll be True to the Lord." They were Miss Lois C. Olsen, medical missionary, Mrs. Fred Gaston and Mrs. Lester Bradford. All serve in Sierra Leone, Africa.

A special service for youth was held Wednesday night. In keeping with the registration name card theme of folded hands, Mrs. W. P. Bigham sang "Hold Thou My Hand." Miss Olsen addressed the group and singers from Wesley Methodist Church sang. A buffet supper was held. Seventy delegates attended the three-day meeting, and 37 visitors were present.

WILD FLOWERS ARE SUBJECT FOR STUDY CLUB

A patio party was held Friday morning by the Wichita Falls Story League at the home of Mrs. F. R. Boley, 2405 Dartmouth. A basket of Texas bluebonnets was used for a centerpiece and a flower cart was filled with wild flowers. Favors for each person attending were pots with wild flowers.

"Wild Flowers" was theme of the meeting. Mrs. Shields Heiser guided the story tellers through a hodge-podge of stories. "It is impossible to analyze wild flowers," she said, "because they form the autograph of God."

Mrs. Deen Stewart told "The Speaker" and Mrs. Grady Payne told "The Queen." Mrs. Jack Moss presided over the business meeting and plans were made for the story festival to be held in Garland. Twenty members attended.

BILL DONNELL IS SPEAKER FOR BEAUX ART CLUB

William L. Donnell, vice president of the Wichita Falls Times, was guest speaker for the Beaux Art Club luncheon Wednesday in the home of Mrs. John Arrington, 2903 Taft. His subject was "History of Wichita Falls."

In introducing the speaker, Mrs. Russell Cochran, program chairman, said "No one has spent more time on research and in bringing the history of Wichita Falls from its pioneer stage down to the modern and familiar events and people than Bill Donnell. He is a dedicated community leader."

Following his talk, Donnell conducted a question and answer period.

Mrs. Harl Mansur, president, directed a brief business session. The next meeting will be April 29 in the home of Mrs. Louis Bloodworth, 2308 Clarinda.

Pleasant Valley WMS Has Lesson Study

Each woman attending the Pleasant Valley Church WMS meeting Thursday took part in discussion of the lesson study. The Society is studying "Spiritual Life Development," and Thursday's lesson covered the first chapter, "Embued With Power." Mrs. Ellie Whittenburg was the teacher.

A singsong opened the meeting, with Miss Mabel Noland at the piano. Mrs. Ralph Briscoe gave the devotional based on the Calendar of Prayer. Mrs. Gertrude McCarthy opened the meeting and Mrs. Whittenburg gave the benediction.

The bidding:
 East 1♥ South 2NT
 West 4♠ Pass
 Pass Pass Pass

Opening lead: Ten of ♥
 Declarer's premature decision to draw trumps in today's hand proved ultimately fatal to his four spade contract.

West opened the ten of hearts which was ducked by both hands. South ruffed the heart continuation and proceeded to draw trump in three rounds. A small diamond was led and the ten was played from dummy. East took the queen and forced declarer again in the heart suit.

South led another diamond to North's king, and East, who was about to take his ace, pushed that card back into his hand, and played the eight in-

stead. From the count already obtained in the spade suit, East knew that South had only one trump left. Inasmuch as declarer was apparently intent on establishing his diamond holding, East reasoned that the latter would not relish the idea of being placed in the dummy at this point.

South was indeed in serious straits. If he ruffed himself in once more in order to drive out the ace of diamonds, he could never hope to regain access to his hand in order to run the suit. The best he could do was to take the two high clubs which together with one diamond and six spades added up to nine tricks—one short of the mark.

Declarer should have commenced operations on the diamond suit first, retaining dummy's trumps for reentry to his hand. Once the diamonds become established, South can draw trumps, losing in all two diamonds and one heart.

Even after his initial slip, declarer could still have recovered had he played the king of diamonds from dummy on the first lead of that suit. He can subsequently drop the ten of diamonds under his jack in order to retain the lead in his hand at the crucial moment. The success of this maneuver, however, hinges on a three-three division in diamonds.

Flowers Are Topic Of Officers Wives

Mrs. Lee Miks presented a program on permanent flower arrangements Wednesday for the Officers Wives Club at the Officers Open Mess.

Mrs. Miks discussed making arrangements for the home from flowers and fruit, as well as how to make a hanging basket. As she talked, Mrs. Miks created a floral arrangement. She was introduced by Mrs. Raymond L. Seidel.

Mrs. Joseph Walden, president, conducted the business session when plans for the debutante presentation May 18 at the Officers Open Mess were discussed.

It was announced that the group will not hold luncheon meetings during the summer months, and that brunches will be held on the second Wednesday of each month instead of newcomers' coffees.

Luncheon tables were decorated with permanent arrangements in straw baskets. Hostesses were wives of officers assigned to the United States Air Force Hospital. Mrs. Allen Fleckner, chairman, was assisted by Mrs. Laurence Ayars, George Bures, Gerald Kane, P. D. Gleason and Raymond Steinkirchner.

Winners of door prizes were Mrs. W. M. Brundrett, Bill J. Garrett, Robert M. Stillman, Walden, Harold Hanner, Donald Brown, Paul Myer, Chester Myszewski, Stephen Peacock and Harry Harp.

The program for the May luncheon will be given by Mrs. E. Bob Cole, art instructor at Midwestern University, and OWC members will exhibit their art work. This will be on display at the Officers Open Mess May 13-20.

WE THE WOMEN

Make Decision In Private, Then Tell Boys Firmly

By RUTH MILLETT

Newspaper Enterprise Assn.

"In the past several years my husband and I have had many disagreements about how we should bring up our two boys. They are only 8 and 10 years old, and very impressionable. Tom, my husband, constantly brings up the fact that he got along without certain things at their age, so why can't they?"

"When I take the children's side on some issue there's an ugly argument in front of them, and I don't think that is good for the children. Yet I am determined to have some say-so in regard to what they should have and what is to be expected of them, feeling strongly that their father is too hard on them. Am I right or wrong?"

You're both right and wrong, it seems to me. You're right in thinking that you should have some say-so in any issue that involves your children.

But you're dead-wrong in siding with the children against their father in their presence. Next time a question has to be decided, tell the children: "Your father and I will have to talk this over. You run along and play and we'll tell you what we decide."

Then whatever decision you reach, whether his ideas or yours win out, or you decide to compromise, give the decision to your children in a "Your father and I have decided" statement.

It isn't too important that a

husband and wife differ somewhat on how to bring up their children, just so the children get the idea that both parents are in agreement.

What confuses children and gets them mixed up in their loyalties is for the parents to disagree about them in their hearing.

The only result can be resentment by the children toward the stricter parent, and an unwarranted feeling that the more lenient parent is "on their side."

AUNT HET

Nora has queer notions. She has no desire to get completely caught up with her house work because she's afraid she'd be too wore out to keep up with it.

TEXAS SOCIETY DAR PRESENTS AWARDS TO FOUR

Mrs. John Esien Hall, 3200 Peckham, State Regent of the Texas Society of the DAR, is in Washington attending sessions of the National Congress of the DAR.

Mrs. Hall returned recently from Corpus Christi where she presented gold- engraved wrist watches to four honor students of the Naval Air Advanced Training Command on behalf of the Texas Society.

Those receiving the awards were Ens. William M. Myers, USNR, St. Louis, Mo., Ens. Clarence L. Stein Jr., USNR, Littleton, Colo., Lt. (jg) Robert A. Burt, USCG, Santa Cruz, Calif. and Lt. (jg) Porter L. Pierce, USNR, Elfers, Fla.

This is the ninth consecutive year in which the Texas Society of the DAR has given awards to outstanding aviators of NAATC for highest overall scores in their flight training specialties.

Rear Adm. Frank A. Brandley, USN, Chief of Naval Air Advanced Training, participated in the ceremonies and congratulated award winners for their achievement.

Ens. Myers completed his training at Chase Field, Tex., and Lt. (jg) Pierce completed his training at NAS in Corpus Christi. The other two winners were trained in San Diego, Calif.

YW Swim Classes Start; Program Is For All Ages

Swim classes at the YWCA for pre-school children will be limited to eight per class, and beginners classes for adults will be limited to ten, Mrs. John Larson, aquatic instructor for the YWCA, announces.

Swimming classes are now open, and the first class for the perceptually handicapped will be held Saturday morning. Pre-school children will begin their lessons Monday morning.

Mrs. Larson is director of handicapped swimming program at SAFB. She has more than 1,000 hours of instruction, and has attended the National Aquatic School at the University of Southern Illinois.

Assisting Mrs. Larson with teaching will be Miss Sandy Goodwin, a freshman at Midwestern University, who is also a Water Safety Instructor. She has taught at Burk Burnett and in her home state of Michigan. She will teach the evening classes.

The swim class schedules are as follows:

MONDAY: Pre-school lessons at 10, 11, 3:30 and 7 and 7:30; children beginners I class 3 p.m.

TUESDAY: Adult swimmers 10:30 children, intermediate 4; splash periods from 9:30 to 10:30 and 5-6.

WEDNESDAY: Adult intermediates 10:30; children beginner III, 3:45; children swimmers 4:15, adult beginners I and II, 7 p.m. Splash periods: 9:30, 8 p.m.

THURSDAY: Adult Beginners II and III, 1:30; children beginner I, 3 and 3:30; children beginner II, 4:15; adult intermediates

7 p.m. Splash periods, 9:30 and 8 p.m.

FRIDAY: Adult beginner I and II, 10:30; splash 9:30; 5 p.m. family splash 7:30.

SATURDAY: Perceptually handicapped 9-12; Bluebell splash 2-3; Y-Teen splash 3:15-4:15.

Dear Abby

What's In A Name?

Abigail Van Buren

DEAR ABBY: The woman who was "DISGUSTED" because her son and his wife named their little boy "HARRY" after having named their first two boys "TOM" and "DICK" apparently has never heard of the famous BYRD brothers of Virginia. TOM was a very successful fruit farmer and businessman who looked after his family's interest. "DICK" was none other than the famous explorer, ADMIRAL BYRD of South Pole fame. And "HARRY" has been a United States Senator for many years.

DEAR ABBY: What's wrong with naming three sons TOM, DICK and HARRY? I named our first son Dick. The second boy I named Harry. Then everyone kept asking me, "Where's Tom?" So, when we had our third son, "That settles it. There's Tom!" I can't see where there was anything "disgraceful" about it. — MRS. H. H. SKANEATELES, N.Y.

DEAR ABBY: IF that grandma got all steamed up over her daughter-in-law naming her three sons, TOM, DICK and HARRY, I wonder what she would have thought of the woman in our town who named her three daughters, FAITH, HOPE

and CHARITY. — MOLLY IN BALTIMORE

DEAR ABBY: Speaking of inflicting peculiar names on helpless infants, my cousin in Birmingham named her daughters, DAISY, PETUNIA, GLADIOLA and ZINNIA. The next time she expected a baby, she was all set to add another flower to her garden of girls, but the baby was a boy. It didn't stop her. She went ahead and named him IRIS. How do you like that? — WILLIE MAE IN MONTGOMERY

DEAR WILLIE: The boy was lucky she didn't name him PANSY.

DEAR ABBY: I was interested in the mother's comment about her son naming his three boys TOM, DICK and HARRY. I think all three names are sensible. What would she think of a trio of little girls in Independence, Mo., who were named WELCOME, JOY and PLENTY? (Their father named the last one.) — LOVING GRANDMOTHER

DEAR ABBY: Twenty-four years ago I married a man named Harry. He had two brothers whose names were Tom and Dick. Tell "Disgusted" not to worry. If her son's boys turn out to be half as wonderful as these three boys, she will be lucky. MRS. H. J. PHILADELPHIA

Disneyland amusement park was opened in 1955, according to the Encyclopaedia Britannica.

FOR Women OF THE Times

AUTHOR AND WRITERS — The Rev. Michael Daves, left, is shown with a group from the Writers' Department of the Woman's Forum. Mrs. John H. Lynn, president of the Forum, is seated. Others, from left, are Mrs. Bailey Meissner, vice president, Mrs. Phil Menke, telephone chairman, and Mrs. Walter F. Speakman, secretary-treasurer. Daves spoke to the Writers Thursday morning.

Pastor Analyzes Writing For The Religious Market

By JOY MURDOCK

"Editors of religious publications apparently aren't familiar with the Biblical quotation 'Judge not that ye shall not be judged,' they demand high quality writing comparable to that of secular magazines. Church publications have status, they are distributed to educated congregations all over America and they project the image of the church to people who never enter one as well.

"stained glass jungle" type of writing, introspective and overly subjective works. Articles of positive concern showing courage as developed through the problems of life are more desirable.

He said that the Christian has a responsibility to be a steward of his talents, and that they should be used in the religious field as well as any other.

Because the voice of religion speaks to the ultimate about man, there is good public response to religious articles. Fur-

thermore, writers in this area shouldn't be too disheartened by rejection slips because they show that the person is working, editors have read the material and criticism can lead to better production later.

The speaker was introduced by Mrs. Bailey Meissner. Following his talk Mrs. Paul Myers conducted a business session and announced that the group will hold a covered dish luncheon May 21, and that the executive board will meet at 9:30 a.m. May 30.

"Nevertheless, the religious market is relatively easy for the unknown author to break into," the Rev. Michael Daves, pastor of Holiday Methodist Church, told the Writers' Department of the Woman's Forum Thursday morning.

With the evidence of three books, numerous pamphlets and articles published to his credit, the Rev. Daves has proven that the non-professional writer can win editors' approval in this specialized area.

He said that free lancers don't normally depend on making a living from contributions to religious periodicals because the pay is low. Since those publications don't retain a reserve staff whom they can call upon for specialized articles, as most slick magazines do, the field is wide open.

Any literary form that is acceptable to the secular press is acceptable to the religious press — poetry, fiction, drama, features and news events as well as curriculum materials and books. Every situation must be regarded as a potential story, he said.

However, Daves advised his audience to analyze the religious market carefully—to explore the points of view of different periodicals and to learn what types of articles they accept.

He told the women to avoid the

Luncheon Closes Travel Club Year

A luncheon at the Woman's Forum Friday was the final meeting of the year for the Travel Club. Mrs. C. H. Clark, Mrs. C. E. Basham and Mrs. G. L. Shepard were hostesses.

Mrs. E. E. Clack was speaker for the program. She gave a comparison of cultural resources of Texas cities comparable in size to Wichita Falls. While Wichita Falls has many cultural advantages, it is also lacking in some, according to her survey.

Wichita Falls has an outstanding one in every three mothers with children under age 18 have jobs outside the home.

ing Symphony, Civic Music Association, and organized groups, but it lacks a museum, zoo, and more library facilities, the speaker said.

"One of the intangibles in any city is found in the hearts and minds of its people, and when we take this into consideration, Wichita Falls does have everything," she said in closing.

Tables were decorated to emphasize a vacation and travel theme. Hawaiian shells were filled with spring blossoms and tiny trees with Japanese lanterns were among the decorations.

Mrs. H. F. Graham, president, presided at the meeting.

Hints from HELOISE

Patch Your Board Cover

Dear Heloise: I iron a knee patch (such as is ordinarily used on blue jeans) on the ironing board cover where my iron rests. This makes the cover last twice as long.

When I see the patch beginning to wear, I take it off and iron on another patch the same color as the cover. The iron goes over this type patches smoothly, even if I need to use THAT end of the ironing board!

The patches can be bought in any dime store. It has saved me replacing the cover so often. —Mrs. J. Dreany

Dear Heloise: Here's more credit for vinegar:

To wash baby's plastic pants, use hand soap, rinse and soak for a few minutes in a solution of one gallon of water and one-half cup vinegar.

It's the only thing I've found that works. After they are dry, rub with talc. —Robert Brewer

Dear Heloise: My answer to pasting down trading stamps:

I dampen a terry wash cloth, wring it out and lay flat on my kitchen table.

I then place my stamps on the damp cloth, press down on them with my hand, put them in the book and the job is a breeze —especially good for all of those little loose stamps... and nothing gets too wet.

I can drink coffee at the same time and it is a perfect time for meditation on "our" other problems. —Gloria Watson

Dear Heloise: I wonder if anyone has ever thought of using plastic tablecloths for "special seasons" and making inexpensive, colorful, kitchen curtains out of them? —M. Peters

I don't know whether they have or not but the cutest curtains I ever made for my kitchen and bathroom were made from some of these darling plastic tablecloths which I got on sale.

They require no hemming whatsoever, and even if a woman cannot sew she can't possibly make a mistake. I used pinkish shears on mine, but it is not necessary. —Heloise

Dear Heloise: I am not very bright in the mornings...

Often, as I scurry (sleepily) to breakfast, I forget those little slashes in the bacon rind to prevent my bacon from curling — especially needed for six slices, which my husband prefers.

Now, I cut through the top and bottom rinds on the edges, all-at-once, before I EVER put the package in the refrigerator. What a time and temper saver! —Mrs. O. Doss

Dear Heloise: For women with rubber overshoes still in good condition except for one or both heels cut through at the heels... try taking a pair of scissors and cutting the heels COMPLETELY OFF. Result? A good pair of "toe" boots! This idea came to me after

pondering over discarding a one bad heel. Now I have a good pair of "toe" boots. —E. B.

I think this is a very thrifty idea for a common problem we all have. Saves the price of a new pair! —Heloise

STATE COMMITTEE MEMBER SPEAKS TO DEMOCRATS

Randall Jackson, member of the State Democratic executive committee, addressed 50 area Democrats this week at a dinner sponsored by the Clay County Women's Democratic Club.

Jackson discussed the problems facing the Democratic Party in Texas today and stressed the importance of active participation by voters in precinct and county conventions. He was introduced by Mrs. Macon Boddy, program chairman.

Other special guests were Mr. and Mrs. Guin Campsey of Jacksboro.

Mrs. Claude Symons, chairman, presented the state charter received by the club and introduced other officers to the guests.

It was announced that plans are being made to obtain a building to be used for Democratic headquarters in the coming election.

The next meeting of the club will be in July.

Geologists Wives Program Is On Flower Arranging

Geologists Wives Association, meeting in the Country Club for a luncheon and bridge session Thursday, heard a talk by Mrs. W. B. Featherston on "How to Make A Flower Arrangement."

The speaker listed three types of material to be used in making arrangements — fresh flowers, dried materials and permanent flowers. She brought arrangements she had made in Japanese, contemporary and traditional patterns. These were used to decorate the tables.

Mrs. Featherston explained

that Japanese rules in flower arranging are the opposite of American rules.

Mrs. Thomas B. Stanley, president, conducted the business session and heard reports from Mrs. Jerry Bross, Jim Hardwick and H. R. Hauptman. Mrs. Frank Paulson gave a report from the nominating committee and the following officers were elected:

Mmes. Hardwick, president; Eddie Huffman, first vice president; Howard W. Davis, second vice president; Jim Heydrick, third vice president; C. E. Carlson, secretary; A. E. Kauffman, treasurer; C. J. Cunningham, parliamentarian.

Mrs. Hardwick appointed Mrs. J. R. Bradley Jr. as reporter.

Hostesses were Mmes. Heydrick and Glen G. Swartz. Bridge prizes were awarded to Mmes. Thomas B. Stanley and Roy L. Longstreet, second. Mrs. Harry Baskette was awarded the door prize.

Mrs. Clarence Ade of Deer Lodge, Mont., mother of Mrs. Hardwick, was a guest.

MRS. MORTON IS PROGRAM LEADER FOR GARDEN CLUB

"Preserving Blooms for Lasting Beauty" was the program presented Thursday for members of the Western Hills Garden Club meeting at the home of Mrs. Rex Jennings, 4102 Meadowbrook. Co-hostesses were Mmes. Fred Wilcox and Gordon Kilgore.

Mrs. Paul Morton, past president of the Popular Gardeners' Club, directed the program. She showed several dried arrangements and gave examples of dried dyed materials. She said almost any material may be used including home-grown peppers and weeds.

Mrs. Morton pointed out that dock may be picked at any stage of growth and will dry the color it was when picked. She reminded members of the many items available in the Wichita Falls area.

Guests for the meeting were Mmes. H. K. Dudley, R. C. McCutchen and C. E. Terry.

The next meeting will be May 21 in the Country Club when new officers will be installed by Mrs. D. C. Burross.

CHURCH WOMEN PLAN FELLOWSHIP DAY LUNCHEON

PLANNING FELLOWSHIP DAY LUNCHEON

Plans for a Fellowship Day luncheon to be held May 1 were announced at the meeting of United Church Women Board of Managers Thursday. The luncheon, at 11:30 a.m., will be held at the First Presbyterian Church.

Mrs. Clyde Fleming, Christian social relations chairman, made the announcement. Serving on her committee are Mmes. Floyd Billingsley, Will Doty, Julian Acker, Avery Mitchell and Roy Hogan. The theme is "One Family Under God." Reservations should be made through the representatives of the affiliated church women's organizations by noon April 30.

Members voted to take an offering at the luncheon to be used for Faith City Mission and the East Branch of YMCA.

The meeting Thursday was held in the Park Place Christian Church. Mrs. Hogan, president, was in charge of the meeting which was attended by 21 members representing 14 churches and SAFB. Reports were made by committee chairmen. Mrs. O. T. Ailes, vice president, reported on service projects which included contributions to Faith City Mission, Air-Lift to Korea and clothing for tornado victims.

Mrs. R. H. Lyon, delegate to the 13th annual assembly of United Church Women held in Lubbock, gave a report. Mrs. Hogan introduced Mrs. A. B. Taylor, the new representative from the Evangelical United Brethren Church.

Future Nurses Of Year Contest Set For April 25

The Wichita General Hospital Auxiliary will again sponsor the Future Nurse of the Year Contest which will be held in connection with Future Nurse Day, Saturday, April 25.

The contest is open to high school seniors who are interested in a career in professional nursing. Prizes will consist of scholarships to the Wichita General Hospital School of Nursing.

The hospital auxiliary has invited various civic and professional organizations to participate in the scholarship program. Last year scholarship funds were provided by the Wichita County Tuberculosis Association, Downtown Kiwanis Club, the Auxiliary to the Wichita County Medical Society, and the hospital auxiliary.

Each school in the North Texas and Southern Oklahoma area may enter two contestants with the Wichita Falls High School being allowed four because of its

size. Contestants will be judged on the basis of their scholastic record and participation in school activities; standardized test record; evidence of personal characteristics needed for professional nursing; and interest in nursing. Application blanks have been mailed to the principals of schools in this area.

Mrs. George Seibold, coordinator for student nurse activities of the Wichita General Hospital Auxiliary, has been named chairman for the contest.

Mrs. Waldrip Hosts Past Matrons' Club

Mrs. J. Hardy Waldrip was hostess Wednesday to the Past Matrons' Club of Faith Chapter 713, Order of Eastern Star, when the group met for dinner at Luby's and convened for business at her home, 2312 Talunar.

Fifteen members were present including Mrs. Roy Wilkerson who was initiated into the group April 9.

The next meeting will be May 20 with Mrs. Claude F. Wright, 306 Fillmore.

New Books Sketched For Study Club

Sketches of six books were reviewed for the Twentieth Century Club Wednesday in a meeting held in the home of Mrs. M. M. Stephens, 1407 Tilden. Plans were made for a closing day picnic to be held April 29 at the country home of Mrs. R. L. Underwood.

Mrs. L. E. Ruth discussed "The Triumph of Janis Babson" by Lawrence Elliott; "The Martyred" by Richard E. Kim and "Take Heed of Loving Me" by Elizabeth Grey Vining.

Miss Ruth Downing sketched "Light Through An Eastern Window" by Bishop K. C. Pillai; "Too Young To Be A Grandfather" by Willard Temple and "Pilgrim Strangers" by Charles Mercer.

Mrs. G. C. Gambill was leader for the day and introduced the speakers. A coffee plate was served from the dining room where the table held an arrangement of yellow tulips. Miss Downing, president, served coffee and also presided at the meeting. Fifteen attended.

Hear Weldon Flanagan Church of Christ 909 Lincoln St. April 19 - 25 10 A.M. & 7:30 P.M.

Joiner Seeks State Post

Harry Joiner, well-known worker in Democratic Party activities and Precinct Chairman of Precinct 45, has announced his candidacy for the State Legislature from Wichita County, Place 2. He seeks the nomination subject to the Democratic Primary May 2.

Joiner moved to Wichita Falls in 1938 as assistant manager and treasurer of the State Theatre. He has remained here since, with the exception of a period during World War II when he was engaged in defense work, predominantly as an explosives operator at the Longhorn Ordnance Works at Karnack, Texas. He returned to Wichita Falls in 1945.

He worked five years with American National Insurance Company in its industrial department before he changed employment to work for Panhandle Oil Co., predecessor to American Petroleum Company. He is currently employed as an operator of the catalytic polymerization unit at the Fina refinery. As an employee there he joined the Oil, Chemical and Atomic Workers Union Local 4-489, which represents the hourly employees at the refinery. Joiner has held many offices in the union and other labor groups with which the local is affiliated. He is a past president of the Wichita Falls Trades and Labor Council and is currently a member of its executive board.

Family
In 1939 Joiner married Billie Alexander of Burkburnett. They have three sons; Frank, now 21 and married, is an honor student and senior at TCU; David, 19, is a freshman music student at Midwestern University; Pat, 11, is a fifth grader at Crockett and a tenderfoot Scout in Troop 15 (where his brother Frank had attained the rank of Eagle). Joiner is a member of the troop committee.

The Joiners, believing that "busy boys are better boys," have built their own home at 2121 Garfield as a family project. There is still enough room to add on and keep the youngest busy and occupied.

In announcing his candidacy Harry Joiner made the following statement: "I feel that the State Legislature should be made up of mature, conscientious and dedicated public servants. I am 49 years old, married, and have been active in many phases of community life including civic matters such as a member of the Citizens Water Study Committee with Dr. R. L. Daily as chairman, and the City Charter Study Committee with Stayton Bonger as chairman. I have participated in charitable matters as Troop Committeeman of Boy Scout

Baker's Best for Dandruff - Itchy Scalp

HARRY JOINER

Troop 15, and executive board member of Wichita County Legal Aid Society.

Points Favor
"We are members of the Highland Heights Christian Church.

"I have already expressed myself as being strongly in favor of (1) Upgrading the public schools and state institutions of higher learning; (2) A rigid code of ethics for public office holders, including a disclosure of sources of income for members of the legislature; (3) A fair and impartial election code; (4) Equal rights for women and (5) More industry for Wichita County.

"I further promise to be available and anxious to discuss the citizens' problems with the legislature. I further assure the voters of this county that I will, when elected, bring to the job the dedication it deserves and that I have the courage to take a stand on those issues which, after due and careful study, require that a stand be taken.

"I am familiar with the legislative processes and many of the personalities of the state government, all of which will be of invaluable assistance in properly handling matters in the public interest.

"I have been running a hand shaking campaign and plan to continue to do so. Any groups or persons desiring to talk to me or to have me present my views is requested to call 322-9021 and leave word with my wife, who is trying to keep my appointments. "It is upon this basis that I sincerely and humbly ask your support and influence."

Mrs. Rockefeller Purchases Mansion

BEDFORD VILLAGE, N.Y. (AP)—Mary Clark Rockefeller, former wife of Gov. Nelson A. Rockefeller of New York, has bought a \$145,000 home in this village, 12 miles from the Rockefeller family estate in Westchester County.

Mrs. Rockefeller's new home, an 11-room Colonial style house, formerly was owned by Mrs. Harold L. Regenstein. Mrs. Rockefeller also has an apartment in Manhattan and a home in Maine.

Efficiency at the TSO Contact Lens Laboratory—What it means to you

At TSO, contact lenses are given special attention. We have a separate laboratory specifically designed for processing them. It was in this laboratory that our research program developed the famous TSO Micro-Sight contact lens with the exclusive multi-curve lens design and the special edge-beveling process. It is in this laboratory that each TSO lens undergoes eight (8) separate, precision inspections during processing. This almost fanatical attention to accuracy has contributed greatly to our excellent reputation in the field of contact lenses. To date, we have successfully fitted over 40,000 patients. You might ask what materials are used to make contact lenses. Just one, the finest op-

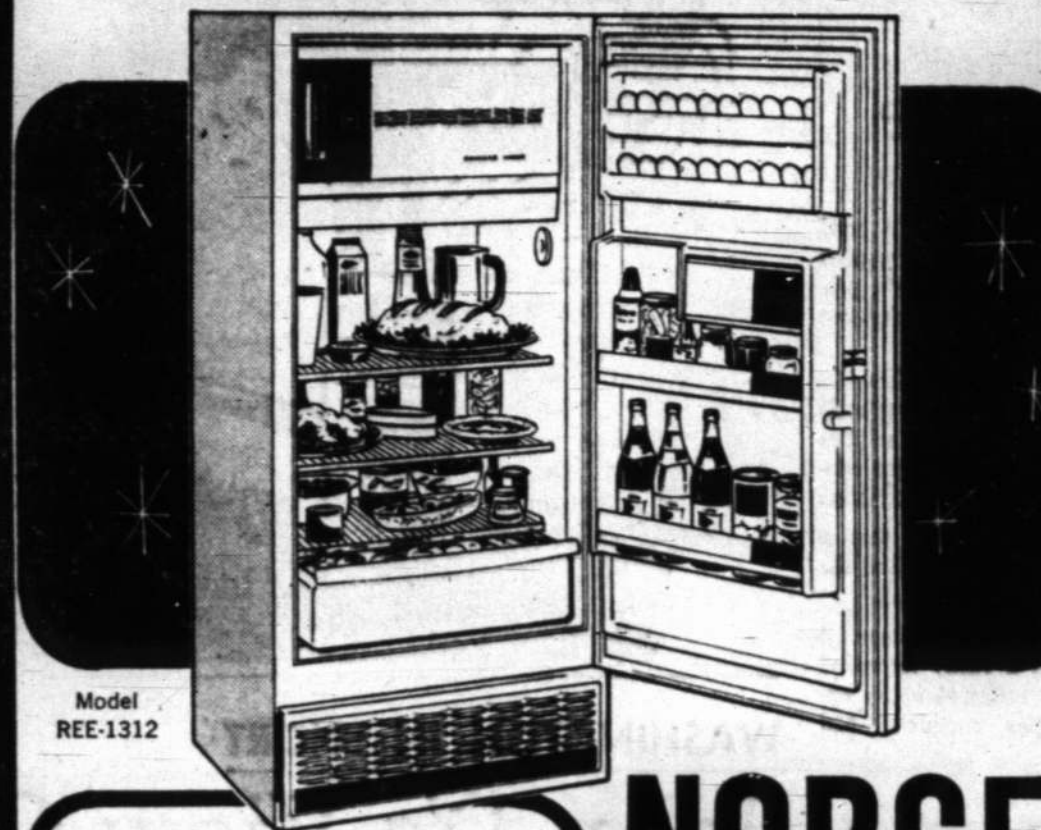

tical-grade acrylic plastic. It is ideal for contact lenses because it is shatterproof and it processes and finishes exceptionally well—so well that we are able to say that a typical TSO patient readily achieves minimum adaptation time and maximum wearing comfort. Because of the efficiency of our processing techniques, we are able to offer our Micro-Sight contact lenses at unusually reasonable cost. Just \$65 for single vision contact lenses, complete with examination and fittings. Bifocal lenses are also available at reasonable cost. Convenient credit at no extra cost. Visit TSO soon and find out for yourself, the facts about TSO Micro-Sight contact lenses.

Poitier's Oscar Should Help Land Tv Show

By EARL WILSON
NEW YORK — The Sidney Poitier victory in the Oscar scramble may result in some enormous advancements for Negro actors.

WILSON

There has been talk around Broadway and Hollywood for a year that Poitier might be the first Negro to have a dramatic series on tv...

Sammy Davis Jr. is going to star shortly in a Broadway show, "Golden Boy," which could attract further attention to another Negro talent, already acclaimed as one of the greatest. Harry Belafonte, Pearl Bailey, Ella Fitzgerald, Lena Horne, Diannah Carroll, Louis Armstrong, Cab Calloway, Duke Ellington and so many others are already tops in cafes and supper clubs.

Actors Not Opposed
If there's any opposition to such advances, it won't come from fellow actors.

After Poitier won an Oscar for "Lilies of the Field," it was easy, of course, to find a lot of people who'd been for him all the time... But we know positively about one actor who'd been rooting for him... and that was a competitor, Paul Newman.

"Do you have hopes of winning the award yourself?" We quizzed Newman (who was nominated for "Hud") the afternoon before the award show.

"I would like to see Sidney Poitier win," was Newman's answer. "He is an outstanding and worthy actor."

Newman and his wife Joanne Woodward—who had a night off from their "Baby Want A Kiss" previews—cheered loudly in their apartment when Poitier won, and Newman said, "This is a great credit to the Academy," even though it snatched the Oscar away from him (and Albert Finney). Newman sent Poitier a wire which said: "I wish I could be disappointed, but I'm really not."

Mamie Van Doren figures she's bested (or is "busted") Jayne Mansfield 'cause she's going to have a full-length picture of herself on the cover of Playboy whereas Jayne's just had an itty-bitty picture on the cover. Mamie is shown taking a beer bath; she says since bathing in beer she can hardly drink it any more... Congratulations in advance to old Buckeye pal, lion-tamer Clyde Beatty. Still in the ring with the beasts, though he'll be 60 on June 12... Sergio Franchi told the Copacabana

crowd: "I'm now going to get even with the Americans who sing 'Arrivaderci Roma' in English. I'm going to sing 'Chicago' in Italian!"... Joe E. Lewis happily informed Toots Shor that after playing the Drake in Chicago, he goes to the Flamingo in Las Vegas. "I'm so pleased," Joe E. said. "They gave me a 10 per cent increase—in my gambling credit"... All the hippies enjoyed Frank Sinatra's ad lib remark about birds on the Oscar program and wondered how many understood it.

Photographer James Wong Howe won another Oscar—which revived a story about some Chinese friends getting him to set up "James Wong Howe's Chinese Restaurant" after he won his first. The partners hired a cameraman to take some opening day pictures. Howe said to the cameraman, "Why don't you take it from this angle?" The cameraman snapped, "You take care of your chop suey and I'll take care of the photography!"

I went to the Harbour Island Spa, Long Branch, N.J., to get away from the B'way rat race for 24 hours. Greeting me, Mgr. Sol Soloff said, "I won't be here tomorrow. I have to get away from this rat race for 24 hours."

With Xavier Cugat working without her in Windsor, Abbe Lane accepted a spot as a "single" in a Jack Benny show in Las Vegas... Frank Capra's producing a special film for the World's Fair Hall of Science... At the Chabond for dinner: Bobby Kennedy, Jackie Kennedy and her sister Princess Radziwill; at El Morocco, Mrs. Pat Lawford and the Steve Smiths... Ethel Merman was asked to join Ernest Borgnine as special guest at Washington's Cherry Blossom Parade. Ethel said, lovingly, "No, it's his day."

The Midnight Earl
The Richard Burtons attended a dinner party at Perona's, and Liz told the host, "Don't separate us—we've only been married two weeks"... Frank Sinatra phoned Mister J's Steakhouse after the Oscar show and told Jilly, "I'll be in tomorrow—defrost a side of beef!"... Opera star Anna Moffo's up for the lead opposite Robert Preston in "Ben Franklin in Paris."

Johnnie Ray and Nanette Fabray—both have defective hearing—were on the dais at the League For the Hard of Hearing luncheon here... Charlie Chaplin's son Michael, 18, is studying drama in London (and clerking in a law office to pay for it)... Cy Howard and Gloria Grahame will battle for the custody of their eight year old daughter.

While BBardot's ex, Roger Vadim, is recovering from a busted shoulder in Paris, he's being consoled by Jane Fonda... Harry Guardino said at the SeaFare he had to turn down the London company of "Nobody Loves an Albatross"—he'll have a tv series here... Mexican comic Cantinflas applauded Los Chavales at the Chateau Madrid, and joined them on stage... Jimmy Dean turned down 17Gs in bookings so he can go fishing in July... Simone Signoret quit the film she was making in Greece with Anthony Quinn—she felt she wasn't old enough to play a 65-year-old prostitute... (She's 43.)

I'd Rather Be Light
TODAY'S BEST LAUGH: "TV is so educational," claims Oscar Homolka... "For instance, it taught me never to buy another set."

WISH I'D SAID THAT: Slogan for a kindergarten: "Where every day is a holler-day"—Henna Arond Zacks.

REMEMBERED QUOTE: "The best time to hold your tongue is when you feel you must say something or bust"—Josh Billings.

EARL'S PEARLS: Men have always paid dearly for freedom. History says so—alimony proves it—Peter Mengrone.
Taffy Tuttle was surprised at some of the Academy Award results. She thought the year's Best Supporting Actor was Sonny Liston. Taffy's earl, brother.

BARBS

A man who never bets could be called as bad as a gambler because he's no better.

The happiest person is one who really lives all of the days of his life.

Some married couples don't speak when they're alone—they holler!

WASHINGTON IN SHORT

John D's View Of Dime

By VERNON LOUVIERE
Times Washington Bureau

Republican presidential aspirant Gov. Nelson Rockefeller of New York, addressing a luncheon of the Women's National Press Club here, told a story on his grandfather, John D. Rockefeller, whose penchant for doling out dimes was legendary.

My grandfather was down on his knees groping in the grass, when a young boy came along and asked him what he had lost.

The governor recalled, "A dime," my grandfather replied. "Why, Mr. Rockefeller, you don't need to bother about the loss of a dime," said the lad. Momentarily stopping his search, my grandfather looked up at the boy and said, "Young man, do you realize that dime represents 5 per cent interest on \$2 for one whole year."

Swindler's Choice
Deputy Postmaster General Frederick C. Belen tells of a little old school teacher who complained to the Postal Inspection Service that she had invested her life savings in a business enterprise only to see her investment disappear with the swindler who had convinced her that it was the greatest thing since the cotton gin.

The inspector reminded her of the Better Business Bureau's motto, "Investigate before you invest."

"Why on earth," asked the inspector, "didn't you consult your Retail Merchants Business Bureau before you put up all that money?"

"I started to," the lady said, "but I was afraid they would tell me not to."

Verse Or Worse
William Faldesman, solicitor for the National Labor Relations Board, was reminded recently of these lines written by a student of a teacher who regulated his conduct:

"I do not love thee, Doctor Fell.
The reason why I cannot tell:
But this I know, and know full well,
I do not love thee, Doctor Fell."

Faldesman says spokesmen for labor and management critical of NLRB often call to mind this poem. Their dislike is usually asserted with equally firm conviction, but for more positive reasons.

On so many occasions, according to the solicitor, which ever side may be protesting, labor or management, all that is said can be summed up in these lines:

"We do not love thee, Labor Board,
Lost cases we can ill afford;
Hence, thou must always us re-

ward,
We do not love thee, Labor Board."

Hot Line
The daughter of a prominent Washington figure is generally chosen as Queen of the Azalea Festival in Norfolk, Va. This year it's pretty Jeanie Zuckert, daughter of the secretary of the Air Force.

Last year, it was Peggy Goldwater and in 1962, Lynda Bird Johnson. One recent evening the private line at the Zuckert home rang and Secretary Zuckert picked up the telephone.

A girlish voice was on the other end. Zuckert, angered that his daughter had given some of her friends the unlisted number, instructed the caller to use the publicly listed phone.

Then he turned to his daughter and reprimanded her. As she was protesting that she hadn't given out the unlisted number the other phone rang.

The caller was Lynda Bird Johnson. She had read of Jeanie's selection as Azalea Queen and thought she might pass on some of her experiences.

After chatting a while, Lynda said: "I hope your father isn't mad at me. I didn't mean to do anything wrong, but I had just asked the White House switchboard for your home number and that was the one they gave me."

Realistic, workable and, indeed, conservative economic principles.

Shriver is not talking about reducing poverty by spreading the wealth of others.

He is not talking about increasing handouts in order to decrease distress.

Help For Themselves
He is not talking primarily about how to help the poor, but primarily about how to help the poor help themselves.

What are the causes of increased unemployment and continued poverty in the face of increased and long-sustained prosperity? They are, as pointed out by Raymond J. Saunier, former chairman of the President's Council of Economic Advisers and no pie-in-the-sky economist:

"lack of skills," "inadequate education," "unsuitable or inadequate work experience" and "discrimination."

These are the root causes and the Shriver program is aimed concretely at these causes as a practical and necessary way to reduce poverty.

Make People Poor
These are the things which most often make people poor and keep them that way—often from generation to generation.

I think this nation cannot accept continued poverty for 9,300,000 families with a median income of \$1,800 a year. This kind of poverty is not due to the failure of our economic system. It is due to the failure of our society to provide the education, the job training and re-training, the encouragement and the environment needed to help the poor become productive and the productive become more prosperous.

This is why a panel of practical, experienced business leaders helped to shape and then

gave its unanimous endorsement to the program which Shriver proposed to the White House.

Editor The Times:
The executive pay raises which were included in the federal pay bill, H. R. 8986, in my opinion, should surely have passed because they would rebound to the benefit of the nation.

It has been very disturbing to read and hear criticism of this bill by those who have failed to completely think out this situation.

For example, I wonder how many realize that in New York there are 432 state and local government positions that receive more pay than does the secretary of defense and other cabinet members.

Pennsylvania has 165 such positions, California has 135 and Illinois has 135. An ever increasing number of college presidents—who are usually considered to be underpaid—are receiving more pay than those we charge with the responsibility of running our government.

It has been nine years since Congress has had a pay adjustment and during this same period other federal employees have received pay increases which total in the aggregate 51 per cent.

There is a terrific pay differential between government and industry, which enables industry to recruit government employees by offering them salaries two and three times as high

as they receive from government.

Our government should not be an exclusive club open only to those who are independently wealthy and willing to serve at a financial sacrifice. Ability and ability alone, should be the test of government employees.

Businessmen have long realized that it pays handsome dividends in the long run to offer top salaries to attract and retain top talent. If we want efficiency in government, we must have capable executives. If we want a second-class government, we can continue to underpay talented individuals. But if we are willing to settle for less capable people we should also acknowledge that we have no right to complain when things are not done as efficiently as they should be.

I sincerely hope that the Senate acts favorably on the bill and gets the House to reconsider its action. I am convinced the executive pay raise, which would cost only a few million dollars, would further the cause of good government.

Iris Sims

EDITOR'S NOTE: The Times receives many letters from readers. It regrets that it cannot print them all. The shorter the letter the better chance of publication, and none should exceed 250 words. The Times reserves the right to print excerpts unless request

Improved Library Image

During the observance of Library Week it should be noted in Wichita Falls that great strides are being made in the improvement of the public reading and reference facilities available to the people of this community.

The opening of the commodious new library building at Midwestern University, only recently occupied, affords a repository of information that eventually can include some 300,000 volumes, and library resources of that magnitude will have a marked effect upon the MU student body, faculty and the general public.

Of special interest to the citizens of Wichita Falls is the addition to Kemp Public Library, now in the planning stage, which will double the book storage space and other facilities of the public institution when the project is completed sometime next year.

A bond issue of \$250,000 for library service expansion was provided in the bond improvement program approved by the voters of the city last year.

The Holland Branch Library and the libraries maintained in all of the public schools in Wichita Falls, as well as library facilities at Sheppard Air Force Base, add to the educational resources which libraries contribute.

Oliver Wendell Holmes once said that a study or library reflected the "tastes and the range of... pursuits" of an individual.

During this week's library observance, it can be said that there is a vastly improved image of the community reflected in its enlarged library facilities, completed and planned.

Rails Test LBJ's Skill

In President Johnson's effort to induce a settlement of the long pending railroad work rules dispute can be glimpsed the determination of the Chief Executive that—railroad management and operating unions are going to resolve their differences. The President's objectivity and his skill at working out solutions have in the past proved valuable in other disputes of political nature.

No one has been threatened by the course of action which President Johnson has prescribed in this ticklish rail crisis, which has moved from one entanglement into another for some five years. He has insisted only that the negotiating teams sit down in or near the White House and talk about their differences. His personal appearance from time to time before the negotiating groups has undoubtedly influenced them to keep at the task.

The approach President Johnson has made toward a solution differs somewhat from that of President Kennedy's, the St. Louis Post-Dispatch points out.

"In a similar crisis last summer Mr. Kennedy declared that a strike would be 'intolerable,'" according to the newspaper. "He was right, but his comment did not prevent a hardening of attitudes. Mr. Johnson has not publicly commented on what may happen if the negotiations fail."

President Johnson has emphasized that his purpose is "not to bury collective bargaining. I am here to preserve it. I am prepared to carry on negotiation with the thought that we are going to reach a settlement, and I hope and pray we will."

If this be presidential pressure, let's have more of it.

Originality Required

It was only the first of this month that the deadline was reached for the purchase of 1964 automobile tags and April is just past the midpoint, yet the preparation of 1965 licenses is already in progress.

The sample of new tags pictured in Austin Wednesday reveals publicly what some Texans in the habit of pre-selecting their plate numbers already have known: New tags will have three alphabetical letters instead of two as the prefix to numerals, and there will be three figures instead of four.

Perhaps none of this will be upsetting to the average motorist who takes his tags as

they come up, but for those who have sought plates with a good poker hand, their home address or as much of their telephone number as possible, the new tags will call for some other easily remembered series of letters and figures.

With the multiplicity of numbers which figure in the life of each person living today, there isn't a single one which has a trio of letters and a trio of numbers. But advance reservations for new numbers in the county tax assessor-collectors' license bureau will undoubtedly turn up some original thinkers on the subject.

No Corner On Courage

Equal treatment for women when it comes to selecting future American astronauts will have a firmer appeal now that the so-called "weaker sex" can at last count one of their number as a solo flier across the Pacific. By the time this is read, Mrs. Jerry Mock of Columbus, Ohio, should have done what no other aviatrix has been able to do, complete a solo trip around the world.

It still rides with women like Mrs. Mock. Few have attempted to do what she has accomplished, and there may be no great reward except publicity for her achievement. Still, she has added proof, if proof were needed, that when it comes to flying, fellows like Charles Lindbergh have no corner on courage and daring.

As for women astronauts, the Russians already have demonstrated that sex makes no difference in ability to orbit the earth in a flight capsule.

Files Of The Times

April 17, 1954
The telegraph and telephone service today opened telephone-tv service to three cities in Japan. The setup makes it possible for a person to see the other person 280 miles away when they telephone them.

N. A. Moore Jr., assistant cashier and head of the new business department of the City National Bank, has been named associate councilman for the North Central Texas area of the American Institute of Banking. E. M. Faubian of Houston is councilman.

Texas Attorney General John Ben Shepard addressed the Young Democrats from throughout the state at the Kemp Hotel yesterday.

25 YEARS AGO

April 17, 1939
A report from H. R. Knickerbocker in Paris divulges the most astonishing development yet to shake a war-fearing world—the plan of Adolph Hitler to conquer the entire western hemisphere. A confidential conversation between Hitler and a close collaborator leaked out and, reaching President Roosevelt, prompted his peace proposal to the dictators Saturday. The alleged plan is in three

steps and given in Hitler's own words are as follows: "By autumn I shall have conquered Eastern Europe. Then I shall be ready with this coalition under reich control to attack France and Great Britain. It will be a short war. Then we enter the third and last stage: the establishment of a Pan-Germania throughout the western hemisphere. Japan will attack America in the Pacific, while we attack with the former naval forces of Britain and France and our own and Italy's in the Atlantic."

50 YEARS AGO

April 17, 1914
A general concentration of the Atlantic fleet at Tampico has been ordered by Secretary Daniel following a cabinet meeting in which President Wilson laid before the members the urgency of enforcing the demand that the American flag be saluted by the Huerta commander at Tampico as an apology for the arrest of American Marines recently.

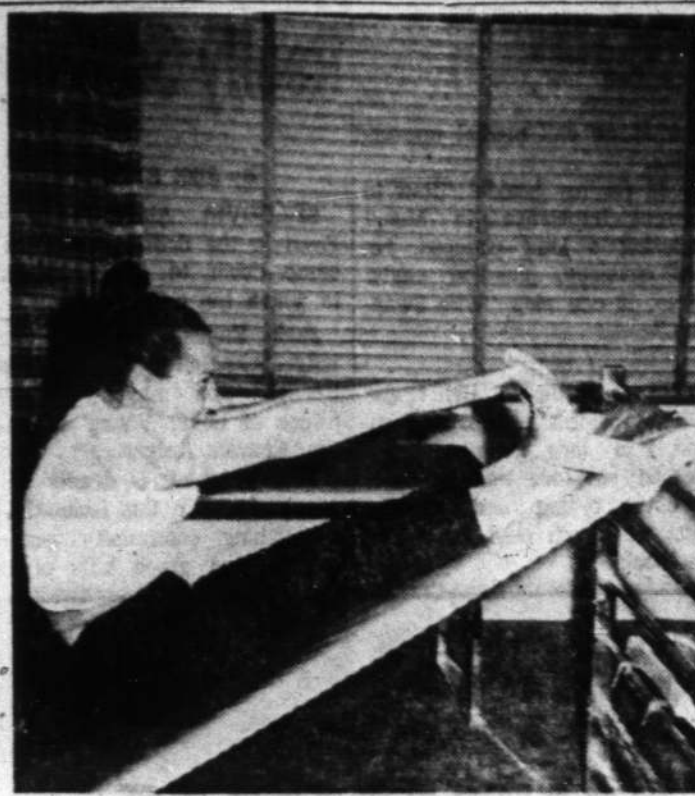

The hospital bonds have been sold at the best price ever received by the city and Wichita County for their issues.

More than 2,000 jack rabbits have been killed within the past few days in the vicinity of Bowman, Archer County, as a result of the rabbit drive.

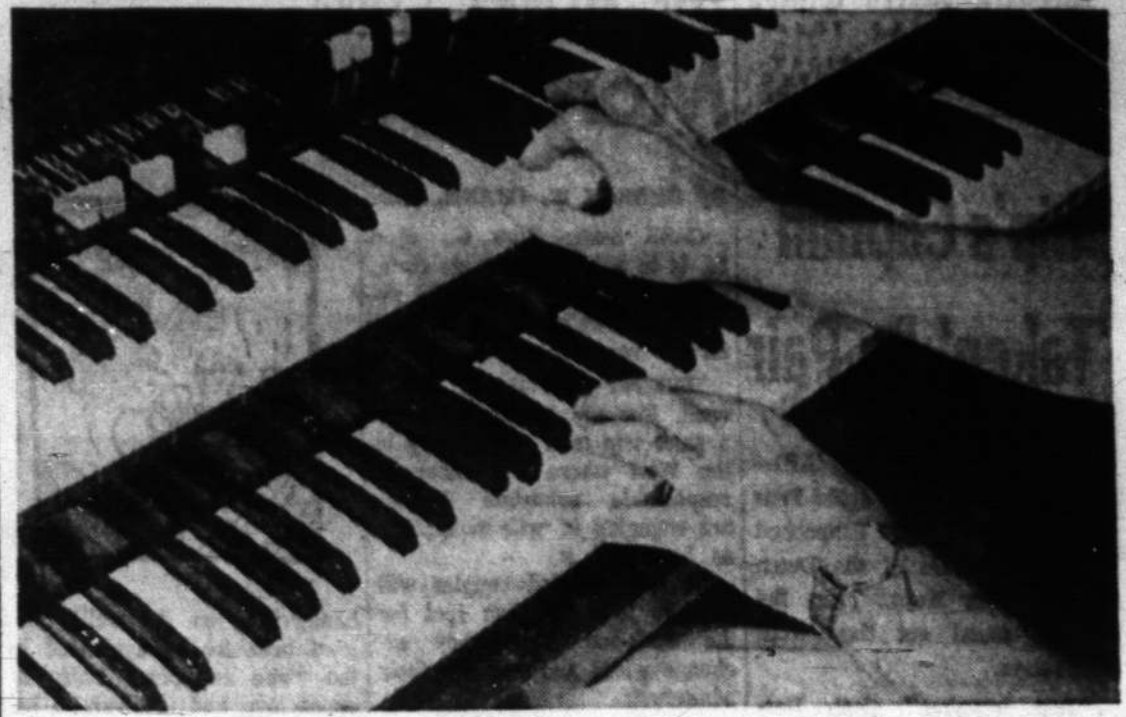

THEY CLEAN TIMES SQUARE— Barnes Maintenance Company, with offices at 406 Robertson Building on Eighth Street, is geared to handle any size job. Here is the crew in the big newspaper offices at Times Square where they clean, dust and

wax to top flight condition. Left to right they are Leon Jackson, Madison Spencer, Jimmy Clark, Leo Stegall, foreman; Ray Barnes, owner of the business; and Ed McCauley. Telephone 322-4351 for a discussion of your cleaning problem.

IT CAN BE FUN—At the Downtown Health Club at 608 Eighth, Mrs. Fred Toland who with her husband operates the fitness and conditioning shop, shows how you can tighten up abdominal muscles for a figure that won't need a girdle. Such conditioning can be fun, she says. Telephone 322-1341 and discuss your plans for conditioning, muscle building, weight reduction or general health problems, or drop by the Downtown Health Club at 608 Eighth and talk to them in person.

TOUCH OF RHYTHM—At Tom McCarty Music Company at 709 Tenth you can find the touch of rhythm easy to acquire and a magnificent enjoyment. Beautiful Hammond Organs are easy to play and can fill any home, school or church with the

sound of accomplished music. For a free home trial telephone 766-3031 or for a look at a top selection with a discussion of terms suited to you, drop by Tom McCarty Music Company at 709 Tenth.

Barnes Maintenance Geared For Home Or Office Cleaning

Barnes Maintenance Company, with offices at 406 Robertson Building, is geared to an efficient cleaning service for home or offices. Working mostly in crews of three or four men, the workmen of Barnes Maintenance Company are bonded, insured and have references. They work around the clock, doing work in homes and occupied locations during the daylight hours and in office buildings, company offices and merchandising stores at night. Barnes says his crews work mostly within a 25-mile radius of downtown Wichita Falls, but cover assignments over a wider

area. A specialty of Barnes Maintenance is the cleaning of homes, furnished or unfurnished, vacant or occupied with special attention to carpets, drapes, windows and walls. As a janitorial service contractor, Barnes Maintenance Company puts property in top condition for living in, working in, or just to put on sale. Minor maintenance and repairs are also available. Barnes, a resident of Wichita Falls since he was nine years old, is a graduate of Wichita Falls High School and has attended Midwestern University. Whether you want your home cleaned during the day under your supervision or given a cleaning while you are away, Barnes Maintenance Company is the place to turn. And if you want your offices clean and sparkling every morning when you come in, Barnes Maintenance is the outfit you need to know. Telephone 322-4351 or drop by their offices at 406 Robertson Building on Eighth Street.

Downtown Health Club Offers Summer Fitness

The Downtown Health Club at 608 Eighth, with tested and approved body-building equipment and paraphernalia, offers you fitness to match the warmer weather when getting outside will mean more. Whether you have a weight problem or just want to build your endurance for more enjoyable outdoor activities, the Downtown Health Club is equipped to serve you with guided body care that will assure you good health during the process and after you are ready. The cost is pleasantly nominal. From steam-baths, turkish baths, massage, rubdowns and muscle care to body building with equipment scientifically designed to provide maximum ben-

efits at minimum effort, the Downtown Health Club can put you in "the pink of condition." Telephone 322-1341 for a discussion of your health plans, weight problem or restful body building. Instructors are on hand at all times to assure you honest answers to questions and your safety while making yourself more fit and more healthful. Operated by Mr. and Mrs. Fred Toland, the Downtown Health Club is reserved for women on Mondays, Wednesdays and Fridays, and for men on Tuesdays, Thursdays and Saturdays. The club is operated on the premise that good health and good conditioning puzt into your life. Housewives and business girls find the equipment in the Downtown Health Club is their answer to well-rounded exercise scaled to their needs, while weight lifters and more active men find they can test their abilities by scaling up the same equipment. Professional guidance is the answer to the enjoyment and benefit of each. For a courteous discussion of your health problems, conditioning, weight control, body shaping or muscle building, telephone 322-1341 or drop by the Downtown Health Club at 608 Eighth and talk to the experts.

Tom McCarty Music Offers Selection Of Hammonds

Tom McCarty Music Company at 709 Tenth offers a selection of beautiful Hammond Organs to delight the heart of any home-maker. And Hammond organs, in a wide selection, are designed to fit any home, school or church. They are so easy to play lots of families have every member of the family playing tunes in no time at all and delighting friends and neighbors with the built-in quality. For a free home trial of the ultimate in music, telephone 766-3031 and have a Hammond set in your home. Learn how easy it is to play the music you have longed for so long and then find out how easy it is to own a Hammond organ. Or, drop by the convenient store of Tom McCarty Music Company at 709 Tenth and make a selection of this outstanding instrument. A Hammond Organ can provide music in a wide

range to mean more to every member of your family and make your home a truly outstanding place for everyone you know that is musically inclined. A Hammond Organ provides the widest range of music matching the fullness of an orchestra or the sweetness of a child's voice. After a few hours of practice you will find yourself turning to your Hammond for moments of relaxation or added hours of pleasure. The selection of models includes chord organs, extra-voice spinets, home models, church models and the king of them all—the Concert Model. These beautifully-toned instruments come in a wide range of colors and finishes to fit any decor, and the musicality to serve the smallest home or the largest church or school. Tom McCarty Music has a full selection of the popular Story & Clark pianos as well as a wide choice of the famed Steinway

pianos to fit every need. These instruments have fine tonal quality as well as outstanding cabinetry that makes them fine furniture in any home. Parents are reminded of the wide selection of hand instruments for students as well as professional bandmen, with the guidance of Tom McCarty and Harold Barris, veteran bandmen and band directors, to help you make the selections. At Tom McCarty Music Company at 709 Tenth you will receive every courteous consideration. Telephone 766-3031 for a discussion of your plans for better music in your home or church. **New Open To Serve You Featuring The Best Lines** DeLoe-DeLoe-Remy-Gates—Champion—Frank-A.C.—Perfect—Crown—Tro-Flo—Walker-Hoffman & Pines—DuPont—Haltoff—McQuay-Norris—McCord Gaskets—Hy-Grade Kits—Carter Carburetors—U.F.—Rebuilt Parts. **Sharp Auto Supply We Deliver** 102 Scott Ph. 323-3145 H. THE WORRY CLINIC

Moral Decay Is Danger

By GEORGE W. CRANE, M.D.

CASE S-44: Tina G., aged 36, is in a highly nervous state. "Dr. Crane," she tearfully exclaimed, "we've been married for 15 years.

"But our marriage is threatened. For my husband was on a sales trip to a certain city in the West where a number of respectable suburban couples are engaging in 'wife swapping,' as he called it.

"A few married couples will thus go to a vacation spot for the week-end. Then they exchange wives and revel in their adultery.

"In fact, some of the wives even told my husband that it saved their marriages from becoming stogy.

"They said their husbands were far more stimulating and attentive after such a week-end where they had indulged in 'wife swapping.'

"Now my husband is nagging at me to see if we can't persuade some of our friends to schedule a similar week-end party.

"But it nauseates me even to think of such swinish behavior. How can intelligent human beings ever degenerate to such a low level?"

Wife Swapping
The remarkable Roman Republic was launched by virtuous pioneers who stressed hard work, honesty and moral integrity.

Then Roman morals deteriorated under Nero until abortions and "wife swapping" were common occurrences.

Laziness and the selling of votes for wheat were also rife. And even at the sumptuous feasts, the fat Roman degenerates would gorge to the full, then stick their fingers down their throats till they vomited their meal, after which they'd gargle a sip of wine to wash out their mouths.

Then they'd pounce on a second meal! For they were so sensuous they tried all varieties of food and sexual menus.

Soon the rugged, barbarian tribes undermined the Roman pristine stamina till Rome fell.

But it was moral decay from within that sapped the virile Roman Republic of its former tremendous strength.

America needs to watch the

The Management of Crestview MEMORIAL PARK

handwriting on the wall! Such lewd behavior as evidenced by the "wife swapping" craze reduces love and idealism to hog lot levels.

Men who suggest such sexual deviations and men usually start them) are partially platonic, plus basically effeminate, too.

For such men are masochists. They can't become sexually passionate until they are whipped or imposed upon psychologically.

Acts As Tonic
And the mental recognition that another man has taken their wife for the week-end, thus acts as a psychological tonic to their waning sexual vigor.

Psychiatrists are familiar with the male who enjoys abuse and cannot function sexually unless he is imposed upon.

Long before the recent wave of "wife swapping," prominent men have demanded that their wives submit to other males, much to the dismay and horror of the virtuous wives.

But such males visualize the rape of their wives by the other men and thus grow more erotic by such indirect forms

Association Open For Suggestions!

LONDON (AP) — The Henry Doubleday Association appealed today for help in determining the sex of hedgehogs.

The association is a charitable group which seeks nonchemical ways to control pests. It wants to put 1,000 pairs of hedgehogs to breed in-walled gardens to control slugs.

"But although hedgehogs are plentiful, we can't tell he from she," said Lawrence D. Hills, the association's secretary. He explained that as soon as a hedgehog is caught, it rolls up into a ball.

"This makes close examination difficult," he continued.

"The only thing that can tell a female hedgehog is a male hedgehog," said Edmund Hallam, an authority on British mammals.

Tide Watching Really Serious

By JOE RIGERT

SELDOVIA, Alaska (AP) — Even in the drifting snow they came—down to the boardwalk to watch the tides.

Jack English, 61, the town judge, was there. So were Chuck Hendrix, the mayor and the owner of H. S. Young Mercantile, Charles Knight.

Tide watching is deadly serious business in this isolated little fishing community nestled against the green hills of the

Kenai Peninsula in southcentral Alaska.

The tides jeopardize the town's entire business district—its five seafood plants, the two grocery stores, the four hotels, the restaurants, bars, the movie house and all the other shops—30 in all. Valued at more than \$15 million, they set on two miles of vulnerable boardwalk.

For three days this week Seldovians watched anxiously as the tide crept into their city. Ten buildings were flooded, but

damage was minor. Wednesday the tides were receding. But the danger is not over. May's tides will be higher and there is always the fear of a storm.

"If the winds come, God help us," says one resident.

There is talk of raising the whole business-district, but a reluctance to go that far until it's known what lies ahead. The cost could be prohibitive—may be \$2.5 million.

Ship's Captain 'Taken' By Pair

SYDNEY, Australia (AP)—For 3½ weeks Dutch artist Fritz Meyer and his wife hobnobbed with the captain of the Dutch liner Willem Ruys. Then the skipper found out they were stowaways.

"Just imagine," Capt. Herman Van Den Heuvel told reporters today. "These people introduced themselves to me at a cocktail party and I thought they were a fine couple. During the voyage I saw them at several parties. I even shared a bottle of wine with them."

The Meyers were hoping to return to Australia. They had come as immigrants in 1956 but had gone back to Holland two years later.

The shipping line wants full payment—\$810 — or else it will return them to Rotterdam.

"It looks as if they will stay on board until we get back to Holland in a month's time," said the captain.

Meyer is 47, his wife 39.

FIGHT BACK! WITH ORTHO!

By Monday morning, WEED-B-GON can kill your lawn weeds—roots and all!

That's right. Between now and Monday, your lawn weeds can be killed. Without hard work. Without even bending over. The miracle-worker is ORTHO WEED-B-GON.

This hormone compound forces weeds to grow. Within 48 hours, weeds actually grow themselves to death, roots and all... without affecting your grass. WEED-B-GON gets rid of dandelion, wild onion, chickweed, thistle, plantain, dock. Even woody plants like poison oak, poison ivy, sumac and brambles are easy to kill.

Used as directed, it's safe and as easy as watering. Inexpensive, too. For \$1.69, you can treat a full 5,000 square feet of lawn. Money-back guarantee.

ORTHO (Also available in solid form Weed-B-Gon Bar. Simply drag across areas to be treated.)
Perfect for places where spray is impractical. Only \$4.98 to treat 20,000 square feet.)

BENTON ON BIRTHDAY—Kansas City—Thomas Hart Benton, Kansas City artist, relaxes on a bench in front of his studio as he chats with a visitor who called on him on his 75th birthday Wednesday. He is

holding a hatchet that he was using to trim trees and shrubs on the grounds of the studio just before his visitors arrived. Benton expressed the belief his best work is still to come. (AP Wirephoto)

MY ANSWER

by Billy Graham

Christian Faith Will Win Parents

QUESTION: Three years ago I became a Christian at the Greater Philadelphia Crusade. I love the Lord with all my heart, but my mother scolds me when I read the Bible, and my father tries in every way to discourage me from following Christ. Please help me.—H.R.

ANSWER: It is unusual in these days to find such open opposition to Christian living. But it is not surprising for the Bible says: "If any man live Godly in Christ Jesus, he shall suffer persecution."

Either your parents need psychiatric help, or your way of living is a rebuke to their manner of life. If it is the latter, by all means remain faithful. They are possibly just testing you to see if you have the strength to hold out against their onslaughts.

Don't stoop to their tactics. Do not use their weapons. As the Bible says: "Pray for them which despitefully use you." They may hold out for awhile, but if you keep your heart pure and right, they will not be able to resist the influence of your devout life.

God has given you an opportunity to put your faith to the acid test. Be faithful and you will be rewarded. I am convinced you will eventually win your parents by your consistent life. God Bless you!

Well, HE Can Afford A Fiver!

WICHITA, Kan. (AP)—In the pile of last-minute mail received by the U.S. Internal Revenue Service during tax deadline hours here was one letter from a citizen who had no tax to pay.

"But to keep things moving I'm enclosing a \$5 contribution," the letter stated. "If you girls are working hard opening and filing these returns, treat yourselves to a coffee break and if any is left, pass it on to Uncle Sam."

The girls didn't benefit from the contribution. IRS rules require that all such money go to Uncle Sam.

Felon Studied Law

MEXICO CITY (AP)—A convicted woman-strangler in the federal penitentiary who has studied law was named defense lawyer for a fellow inmate. He is Gregorio Hernandez. He is defending fellow inmate David Reyna, held on a fraud charge.

Court Refuses Writ Of Error

Times Austin Bureau
AUSTIN — The Texas Supreme Court Wednesday refused Waldo W. Ports' application for writ of error in his suit against Leland Fikes of Wichita Falls. Ports was named receiver of the King Land and Cattle Corp. and brought the original action in the 78th District Court of Wichita County. He charged that Fikes, a creditor, interfered with title to property then in the receiver's custody by an unauthorized foreclosure of his deed of trust and by purchase of it through Fikes' alter ego, Trans-Southern Corp.

the attempted foreclosure void and requiring an account. Fikes appealed and the Court of Civil Appeals held that the case tried was merely a "summary proceeding" and summarily dismissed. A motion for rehearing was overruled.

The Supreme Court refused Ports petition on grounds that it found no reversible error.

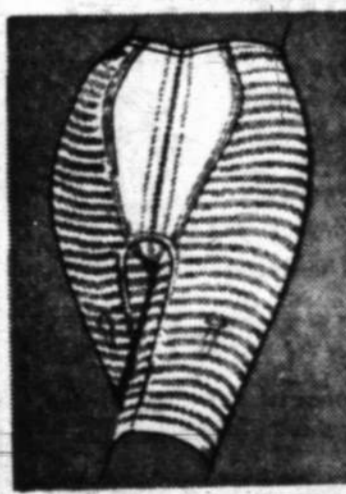

Flees To Spain

MEXICO CITY (AP) — The wife of former Gov. Braulio Maldonado of Baja California said her husband fled to Spain to avoid being blamed for recent leftist agitation.

Red Wings Giving Toronto A Taste Of Own Medicine

DETROIT (AP) — "We really didn't play well but we won it. They gave it to us good at Toronto so, now let's see how they like it."

That was as close as Detroit Red Wings manager-coach Sid Abel came to admitting his team had its hands full after jumping to a three-goal lead in the third game of the Stanley Cup hockey playoff finals Thursday night.

The Red Wings went ahead 2 games to 1 with a 4-3 victory over the Maple Leafs on Alex Delvecchio's dramatic last-minute goal. Toronto had tied it seconds earlier.

Two Ahead
Floyd Smith and Bruce MacGregor put the Red Wings two goals up with the game less than four minutes old. Smith tallied again later in the period.

Toronto started a comeback when Andy Bathgate scored at 4:16 of the middle session and Dave Keon and Don McKenny scored in the third period.

McKenny's marker came at 18:47 and Detroit goalie Terry Sawchuk said he never saw the puck go in.

Fifty-six seconds after the tying goal, Delvecchio took a perfect pass from Gordie Howe and he jammed it past Toronto goalie Johnny Bower. Alex then had to fight his way out of a mob of players as his teammates engulfed him.

"The pass just came to me, and I was going to shoot when I saw Alex was open and he took it from there," Howe said.

Toronto Coach Punch Imlach closed the door of the Leafs' dressing room to newsmen, but emerged later to say:

"It was a tough game to lose. We played well after that shaky start in the first period and finally got the equalizer."

Bad Mistake
"It was right after that that we made a bad mistake when we failed twice to clear the puck, and that set the Red Wings up for the big goal."

"As for the series—we will just have to win three now."

KINGSTON, Jamaica (AP) — Eddie Perkins of Chicago, world junior welterweight champion, and challenger Bunny Grant of Jamaica have ended training for title fight in National Stadium Saturday night.

The bout has created unprecedented interest and the training sessions of both boxers have been watched by large crowds for the last two weeks.

Perkins rules a slight favorite to retain the crown, which he is risking for the second time this year. The Chicago fighter originally won the title from Dutillo Loi in September 1962 but Loi regained it in December 1962.

Perkins won the championship again, outpointing Roberto Cruz on June 15, 1963. He defended the crown last Jan. 4, knocking out Yoshinori Takahashi.

Grant, who holds the British Empire lightweight title, has been effective in his sparring drills. He has looked so sharp in the workouts that he ended training a day ahead of schedule. Perkins also has been impressive in his gym work.

Rodgers hit a free throw, Nate Thurmond scored on a two-one play, Al Attles made two one-pointers and Rodgers scored on a jumper that nar-

SAN FRANCISCO (AP) — "We are not going to stop and play possession basketball," said Coach Alex Hannum as his San Francisco Warriors trailed 77-69. And so the rags-to-riches National Basketball Association team didn't — it swept to 14 straight points on aggressive defense and racehorse offense, smothered St. Louis 105-95 and won the NBA's Western Division championship Thursday night.

Now the Warriors must face the Eastern Division champion Boston Celtics for the over-all NBA title in a best-of-seven series that could carry the basketball season into May.

The 14-point burst came right after a 21-4 St. Louis rally that seemingly had turned the seventh and final game of the series into a Hawks' picnic.

"But then," explained guard Guy Rodgers, "we played a real good defense. We got the ball out fast and caught them with only one or two men down-court."

Rodgers hit a free throw, Nate Thurmond scored on a two-one play, Al Attles made two one-pointers and Rodgers scored on a jumper that nar-

Warrior Comeback Makes NBA Finals

roved the gap to 77-66 at the end of the third period. Attles opened the final period with a free throw. Rodgers scored from the key, again from the right side and Attles capped the string with a fast break two-pointers. St. Louis never recovered.

"Thurmond played well in the four games they won," analyzed St. Louis Coach Harry Gallatin. "His ability to defend a forward and work the defensive board made the difference."

But Chamberlain's 39 points—24 in the first half, eight in the last eight minutes — could not be overlooked. Bob Pettit's 24 topped St. Louis.

"The fact that it was under pressure is the thing that made Wilt's game great," said Hannum. "We've made things tough on ourselves the last month but we responded when the chips were down" — from last year's fourth-place finish to this year's division title.

"What about Boston?"

"I really haven't given it any thought, but if we play our game we have a chance," said Hannum.

Rider Cops 1st Baseball Win

Rider backed Ricky Teakell's four-hit pitching with sturdy fielding and hitting and picked up its first victory of the season with an 8-1 decision over Duncan here Thursday.

The Raiders broke the contest wide open in the last of the first with eight runs on six hits and coasted home to even their record at 1-1 for the new campaign. Duncan is 8-6 for the year.

Teakell missed his shutout bid in the fifth when Duncan put together a walk, a single and an infield out to break the ice. However, only three Demons were allowed to reach second base in the contest as the crafty Raider hurler chalked up the win in an impressive manner. He walked only one while striking out five.

The Raiders jumped on starter Larry Jones for two walks and a single by Kevin Jarrett to open the last of the first, but didn't score until John Easterling delivered a ringing triple to center that hit the fence on the fly. Jimmy Wington stroked a run-scoring single and Jones was relieved without having retired a batter.

The next Duncan hurler, John Scott, enjoyed a little more success. He struckout the first man he faced before Rider ripped into him. David Wiist was safe on an error which moved Wington to third. A pickoff throw from catcher James Howell might have had Wington at third on the next pitch, but Ray Mitchell missed the ball and the Raiders had another run with Wiist moving to second.

Dick Foley doubled, took third on an infield out and scored on a two - bagger by Joe Ball as Rider began batting around a second time. Billy Watts singled and Ball scored before the Raiders retired.

Cushioned with this lead, Teakell was virtually invulnerable. He served up a double in the third which broke up a no-hit bid and yielded singles in each of the last three innings. The Demons got only six balls out of the infield and three of those were caught. One of the Duncan hits was of the infield variety.

Rider was sparked at the plate by Jarrett with three hits in four-at-bats. The other five Raider safeties were scattered.

Rider committed only one error while handling 11 chances in the infield. In all, it was a strong showing that helped erase the taste of a 10-4 loss to the Coyotes Tuesday.

The Raiders play here Saturday at 2 p.m. against Lawton Eisenhower in their next outing.

YOGI BERRA

Yogi Or No Yogi—Yanks Needing Fans

NEW YORK (AP) — Yogi Berra or no Yogi Berra, the New York Yankees face a serious attendance problem, if their home opener is any indication.

Only 12,709 paying customers watched them drop their first game of the 1964 season, a 4-3 decision in 11 innings to the Boston Red Sox Thursday. That was the smallest crowd to see a Yankee—home opener in nine years.

Back in 1965, only 11,251 saw the Yankees bomb the Washington Senators 19-1 in their home inaugural. Then, as now, the home opener was postponed twice because of inclement weather.

Double Rest
Ralph Houk, the general manager, and Berra, the new field leader, used the double postponement as an excuse for the small attendance. Yet the sun was shining brightly all morning and the temperature was ideally suited for baseball.

"We had an advance sale of 18,000 for the opener last Tuesday," Berra said. "A lot of these people couldn't go today. We would have had more than twice as many people if we could have gotten the game in Tuesday."

UCLA Star Player Signs With Rams

LOS ANGELES (AP) — Mel Profit, voted most valuable UCLA football player last season, will be playing for the Los Angeles Rams in 1964.

The club announced Thursday that the 6-foot-5 Profit, who weighs 226, has signed a year's contract with the Rams.

In the December 1962 National Football League draft Profit was a ninth-round choice of the Rams as a "future." He is the sixth of that year's future draftees to be signed by the Rams since the 1963 season closed.

In his senior year he caught 28 passes for 393 yards and did a fine job on defense. He capped his collegiate play by participating in the East-West Shrine game last December.

The Management of **Crestview MEMORIAL PARK** is proud to announce that effective April 19 our office will be open from 1:00 to 5:00 p.m. every Sunday.

This service is being added in order to better serve the families of this area, as well as the many out-of-town visitors.

Pups Swamp Field, Win Track Crown

The Coyote freshmen, perhaps the strongest aggregation in school history, made a shambles of the city freshman track and field meet Thursday afternoon, beating Rider, 83-52 1/2.

Hirschi was third with 37 1/2 points. The Pups won nine events, including both relays.

44-yd. RELAY — 1. Pups, 2. Rider 3. Hirschi, 4.7. 60-yd. HIGH HURDLES — 1. Don Dudley, Rider, 2. Dennis Cannady, Pups, 3. Van Shindler, Pups, 4. Steve Walker, Hirschi (8.5)

100-yd. DASH — 1. John Morris, Pups, 2. Hayes, Hirschi, 3. Tony Valenta, Rider, 4. Kenny Jenkins, Pups, (11.1)

50-yd. DASH — 1. Alan Hayes, Hirschi, 2. Jerry Myers, Pups, 3. Kenny Jenkins, Pups, 4. Shelton, Rider, (6.1)

330-yd. DASH — 1. Don Dudley, Rider, 2. John Nichols, Rider, 3. Browning, Rider, 4. Foley, Hirschi, (38.3)

220-yd. DASH — 1. Lonnie Gurleson, Pups, 2. Joe Estrada, Hirschi, 3. Arington, Rider, 4. Valenta, Rider, (24.6)

100-yd. LOW HURDLES — 1. Jerry Myers, Pups, 2. Dennis Cannady, Pups, 3. Duntap, Rider, 4. Steve Walker, Hirschi, (12.5)

60-yd. RUN — 1. Ricky Rose, Pups, 2. Toby Goodman, Hirschi, 3. Hamm, Hirschi, 4. David Gilbert, Hirschi, (12.8)

120-yd. RELAY — 1. Pups, 2. Rider, 3. Hirschi, (2:38.1)

SHOT PUT — 1. Eldon Wayman, Pups, 2. Eason, Rider, 3. Price Daniel, Pups, 4. Mike Williams, (18.1)

DISCUS — 1. Eldon Wayman, Pups, 2. Price Daniel, Pups, 3. Wallace, Rider, 4. Washburn, Rider, (110.0)

POLE VAULT — 1. Don Dudley, Rider, 2. W. Young, Pups, 3. King, Rider, 4. Jerry Myers, Pups, (11.0)

BROAD JUMP — 1. J. W. Young, Pups, 2. Troy Dunlap, Rider, 3. Steve Walker, Hirschi, 4. Jeff Gray, Pups, (18.1)

HIGH JUMP — 1. Steve Walker, Hirschi, 2. Chuck Gustafson, Rider, 3. Ken Bryant, Rider, 4. Lanis Burleson, Pups, (5.5)

Whether to punt or not still is up to Pinson, but he may be able to solve some of his problems with a solid start. He's 4-for-8 now, quite an improvement over last season when he managed only 10 hits in 60 April at-bats and still finished with a .313 average.

Three Pinson was collecting three hits, St. Louis' Curt Simmons allowed only three to the hard-hitting San Francisco Giants, starting off his 17th season with a 2-0 shutout. In the only other game scheduled, Milwaukee edged Houston 6-5 with Hank Aaron and Felipe Alou playing key roles.

In American League action, Boston nipped the New York Yankees and spoiled Yogi Berra's managerial debut 4-3 in 11 innings, Baltimore defeated the Chicago White Sox 4-3 and Minnesota belted Washington 6-2.

The Reds' Ruiz-Pinson combine was too much for the Dodgers. Ruiz doubled in the first and scored on a single by Pinson, then tripled in the fifth and rode home on another single by Pinson. In the fifth, Ruiz and Pinson both singled with Deron Johnson's sacrifice fly accounting for the run batted in.

That was more than enough for Jim O'Toole and Joe Nuxhall, who checked the Dodgers on eight hits. O'Toole retired the first 14 batters he faced, finally needed Nuxhall's relief help in the ninth. The loser was Bob Miller.

Pinson, who has been a National League batting title contender since he became a Cincinnati regular in 1959, has amassed 985 hits over that stretch—more than Stan Musial, 975; Willie Mays, 954, and Hank Aaron, 914, in their first five years.

Yet he always has been beset by the bunt-more-often critics. He was so incensed by one writer last season that the two tangled in the Reds' dressing room and ultimately finished up in a no-decision court battle with the matter dropped.

Pinson, Reds Turn On Dodgers

World Champs Nicked For Second Loss, 5-2

By THE ASSOCIATED PRESS Cincinnati's fleet-footed Vada Pinson, who wound up in court last year for failing to speed, may have solved his problem.

Criticized last year for not capitalizing on his speed by bunting for base hits, Pinson has stepped off to an unusually quick April start without laying one down. Instead, he's been laying them up the middle for base hits.

Pinson lashed three singles Thursday night and along with rookie Chico Ruiz, who collected a single, double and triple, provided enough firepower for the Reds to hand the world champion Los Angeles Dodgers their second loss in three games, 5-2.

Pinson, who has been a National League batting title contender since he became a Cincinnati regular in 1959, has amassed 985 hits over that stretch—more than Stan Musial, 975; Willie Mays, 954, and Hank Aaron, 914, in their first five years.

Pinson lashed three singles Thursday night and along with rookie Chico Ruiz, who collected a single, double and triple, provided enough firepower for the Reds to hand the world champion Los Angeles Dodgers their second loss in three games, 5-2.

Pinson, who has been a National League batting title contender since he became a Cincinnati regular in 1959, has amassed 985 hits over that stretch—more than Stan Musial, 975; Willie Mays, 954, and Hank Aaron, 914, in their first five years.

Yet he always has been beset by the bunt-more-often critics. He was so incensed by one writer last season that the two tangled in the Reds' dressing room and ultimately finished up in a no-decision court battle with the matter dropped.

Whether to punt or not still is up to Pinson, but he may be able to solve some of his problems with a solid start. He's 4-for-8 now, quite an improvement over last season when he managed only 10 hits in 60 April at-bats and still finished with a .313 average.

Three Pinson was collecting three hits, St. Louis' Curt Simmons allowed only three to the hard-hitting San Francisco Giants, starting off his 17th season with a 2-0 shutout. In the only other game scheduled, Milwaukee edged Houston 6-5 with Hank Aaron and Felipe Alou playing key roles.

In American League action, Boston nipped the New York Yankees and spoiled Yogi Berra's managerial debut 4-3 in 11 innings, Baltimore defeated the Chicago White Sox 4-3 and Minnesota belted Washington 6-2.

The Reds' Ruiz-Pinson combine was too much for the Dodgers. Ruiz doubled in the first and scored on a single by Pinson, then tripled in the fifth and rode home on another single by Pinson. In the fifth, Ruiz and Pinson both singled with Deron Johnson's sacrifice fly accounting for the run batted in.

That was more than enough for Jim O'Toole and Joe Nuxhall, who checked the Dodgers on eight hits. O'Toole retired the first 14 batters he faced, finally needed Nuxhall's relief help in the ninth. The loser was Bob Miller.

Pinson, who has been a National League batting title contender since he became a Cincinnati regular in 1959, has amassed 985 hits over that stretch—more than Stan Musial, 975; Willie Mays, 954, and Hank Aaron, 914, in their first five years.

Dodger Coach Down With Heart Attack

LOS ANGELES (AP)—Coach Pete Reiser of the Los Angeles Dodgers lay in a hospital today, the second prominent baseball figure in recent weeks to be stricken by a heart attack.

While his condition was of foremost importance to the Dodgers, it was not their only source of concern. They have lost two of their first three games and there's a chance their No. 3 starting pitcher, John Podres, won't be able to take his first turn of the season for a week.

Reiser's attack was described by a doctor as mild. But a Dodger spokesman said the former National League batting champion may remain in the hospital at least two weeks. There was no indication when he may be able to rejoin the club.

Reiser, 44, was stricken 16 days after Cleveland Manager Birdie Tebbetts was felled by a heart attack at Tucson, Ariz.

Tebbetts is not expected to go back to work this season.

Reiser suffered the seizure Thursday night while hitting fungoes about two hours before the Dodgers met the Cincinnati Reds. The Dodgers lost the game 5-2.

Dodger Coach Leo Durocher was standing nearby when Reiser reached down to pick up a ball and came up clutching his chest.

"You okay, buddy?" Durocher asked.

"Got a pain in the chest," Reiser said.

"Gimme the bat and get the hell out of here," said Durocher.

Reiser walked unaided to the dressing room and attendants called an ambulance.

Trainer Wayne Anderson said the ambulance driver got lost en route to the hospital and went several miles out of the way, finally stopping at a service station to ask directions.

Zundy Takes Track Crown

Zundy captured the championship in the city junior high track and field meet here Thursday. Barwise was a distant second, Reagan finished third and Hirschi, which scored only 12 1/2 points, was last.

Zundy won eight events, including the relays which count double points, to roll up an 81-47 1/2 lead over Barwise. Reagan had 39 points.

440-RELAY — 1. Zundy, 2. Reagan, 3. Hirschi, 4. Barwise, (4:3)

60-yd. HIGH HURDLES — 1. Mike Lowery, Zundy, 2. Larry McFall, Barwise, 3. Tommy Clanton, Barwise, 4. Larry McDonald, Zundy, (8.5)

100-yd. DASH — 1. Ramon McCoy, Zundy, 2. Steve Hayes, Barwise, 3. Jim Phillips, Zundy, 4. Joe Villalobos, Reagan, (11.8)

50-yd. DASH — 1. McCoy, Zundy, 2. Norris, Zundy, 3. Tom Clanton, Barwise, 4. Steve Hayes, Barwise, (6.5)

330-yd. DASH — 1. Moses Vasquez, Zundy, 2. Jim Biggs, Barwise, 3. Tony Wilson, Hirschi, 4. Danny Hunt, Reagan, (39.9)

220-yd. DASH — 1. Danny Hunt, Reagan, 2. Jim Phillips, Zundy, 3. Larry Sims, Barwise, 4. Kenny Burbank, Zundy, (25.4)

100-yd. LOW HURDLES — 1. Tommy Clanton, Barwise, 2. Jim Hart, Zundy, 3. Larry McDonald, Zundy, 4. John McFall, Barwise, (12.8)

440-yd. RELAY — 1. George Presson, Zundy, 2. Johnny Ledesma, Reagan, 3. Steve Walker, Barwise, 4. Larry McDonald, Zundy, (17:9)

120-yd. RELAY — 1. Zundy, 2. Reagan, 3. Barwise, 4. Hirschi, (2:49)

SHOT PUT — 1. Johnny Grace, Zundy, 2. Larry Sims, Barwise, 3. Pete Rodriguez, Reagan, 4. Gary Harwell, Barwise, (44.1)

BROAD JUMP — 1. Danny Hunt, Reagan, 2. Steve Hayes, Barwise, 3. Kenny Johnson, 4. Tony Wilson, Hirschi, (17.6)

POLE VAULT — 1. Johnny Harrison, Barwise and Monte Marley, Zundy, (11.8)

3. Johnny Ledesma, Reagan, 4. Kenny Burbank, Zundy, (9.6)

DISCUS — 1. Johnny Grace, Zundy, 2. Ed Lane, Barwise, 3. Larry Sims, Barwise, 4. Joe Betler, Hirschi, (138.9)

HIGH JUMP — 1. Danny Hunt, Reagan and Mike Lowery, Zundy, (11.3)

2. Gervis Green, Auncy, 4. Steve Hayes, 3-4

Whether to punt or not still is up to Pinson, but he may be able to solve some of his problems with a solid start. He's 4-for-8 now, quite an improvement over last season when he managed only 10 hits in 60 April at-bats and still finished with a .313 average.

Three Pinson was collecting three hits, St. Louis' Curt Simmons allowed only three to the hard-hitting San Francisco Giants, starting off his 17th season with a 2-0 shutout. In the only other game scheduled, Milwaukee edged Houston 6-5 with Hank Aaron and Felipe Alou playing key roles.

In American League action, Boston nipped the New York Yankees and spoiled Yogi Berra's managerial debut 4-3 in 11 innings, Baltimore defeated the Chicago White Sox 4-3 and Minnesota belted Washington 6-2.

The Reds' Ruiz-Pinson combine was too much for the Dodgers. Ruiz doubled in the first and scored on a single by Pinson, then tripled in the fifth and rode home on another single by Pinson. In the fifth, Ruiz and Pinson both singled with Deron Johnson's sacrifice fly accounting for the run batted in.

That was more than enough for Jim O'Toole and Joe Nuxhall, who checked the Dodgers on eight hits. O'Toole retired the first 14 batters he faced, finally needed Nuxhall's relief help in the ninth. The loser was Bob Miller.

Call Him Tony Or Pedro

But How He Whallops Ball

By THE ASSOCIATED PRESS Tony Oliva, who reached the United States on his brother's name, appears ready to go far in the American League on his own.

The rookie outfielder, so highly thought of that he forced defensive star Vic Power off first base, is setting the early batting pace for Minnesota with five hits in 10 times at bat in two games.

He clouted a single, a double and a triple and knocked in two runs Thursday night as the Twins whipped Washington 6-2 for their second victory in two games.

The 22-year-old Oliva's real first name is Pedro but has been known as Tony ever since he used his brother's passport to get into the United States from Cuba. Pedro or Tony, Oliva is a potent addition to the Twins' already powerful lineup.

With Oliva on the scene, though, the Twins were faced with a dilemma. They already had Harmon Killebrew, Bob Allison and Jimmie Hall in the outfield. The answer, then, was to move Allison to first, relegating the popular Power to a utility role.

In batting 500 in two games, the left-handed Oliva merely is following the routine he set in two previous appearances with Minnesota. He batted nine times in 1962, and seven times last season, compiling a .438 average.

Oliva already has had more times at bat than in either of the last two seasons. It seems safe to say there'll be many more.

Besides Oliva, Bob Tillman and John Orsino starred at bat in the American League Thursday. Tillman pounded out four hits, sparking Boston to an 11-inning 4-3 victory over the New York Yankees, while Orsino slugged a two-run homer that carried Baltimore past Chicago 4-3.

Oliva got the Twins off to a 1-0 lead in the first inning, doubling home Rich Rollins, who also doubled. The Twins broke the game open with three runs in the sixth on Zoilo Versalles' twisting pop fly triple with the bases loaded.

Don Lock homered in the second and Ken Hunt hit one in the ninth for the Senators' scoring.

Rosburg Is Happy He Forgot The Past

HOUSTON (AP)—Bob Rosburg said two years ago he never would play in Houston again but he started the second round of the \$50,000 Houston Golf Classic today with a one stroke lead.

After posting a four-under-par 67 first round Rosburg, with a sheepish grin, said he was a bit mad at Houston two years ago when the crowd applauded after he missed a short putt and

then booed as he walked off the 18th green.

"It had gotten into the newspapers that I had criticized the condition of the Memorial Park course," Rosburg said. "When they booed me off that green I swore I'd never return."

Rosburg did not play here last year and the Classic moved this year from Memorial's municipal layout to the 7,233-yard, par 33-36—71 Sharpstown Country Club course.

Rosburg avoided comparing the two courses while talking about the 33-34-67 that left him one stroke ahead of Ramon Sota, a young newcomer from Spain, and two veterans of the PGA tour, Billy Maxwell and Jimmy Clark.

"I decided to return to Houston because a pinched nerve has kept me out of too many tournaments this year," said the 1959 PGA champion. He is seeking his first tournament championship since the 1961 Bing Crosby National.

"The nerve is in the neck but it causes intense pain in my right arm. I'm having it treated here and just hope things go well the next few days," he added.

Rosburg, 37, also sprained his right ankle last Monday when he stepped in a hole while making his initial inspection of the Sharpstown course.

"The ankle hurts but it doesn't hurt my game," he said.

Rosburg was five under par through 16 holes after birdie putts of 18, 40, 2, 12 and 30 feet but missed the greens and a short putt for a bogey on the 185-yard, par three 17th hole.

Sota, who won Spain's PGA championship at the age of 18, finished early and saw his 34-68 hold the lead until Maxwell, playing in the fifth from the last threesome, matched the Spaniard by sinking a seven-foot birdie putt on the final green.

BUSH SHOOTER—Houston—Doug Ford, Perdido Bay, Fla., looks out and around a bush that he got behind on his tee shot from the 14th tee Thursday in the first round of the \$50,000 Houston Classic Golf Tournament. Ford ended the first day with a two under par-69. (AP Wirephoto)

Nation's Best Ladies To Play

SPARTANBURG, S.C. (AP)—Thirty-three of the nation's best women professionals compete for the \$7,500 prize money as play began in the Besty Rawls-Peach Blossom Open Golf Tournament today.

Defending champion Marilyn Smith and four former Peach Blossom winners were on hand for the 54-hole tournament over the par 72 Spartanburg Country Club course. The former titleholders were Wiffi Smith, hometown favorite Betsy Rawls, Ruth Jessen and Mary Lena Faulk.

Also entered was Mickey Wright, who has won 52 tournaments in nine years as a professional but repeatedly has been denied the Peach Blossom title.

Professional Sandra McClinton of San Antonio, Tex., headed the winning team in Thursday's pro-am preliminary. The team shot an eight-under-par 64.

The mixed foursome included Walker Cup star Charles Smith of Gastonia, N.C., Johnny Twitty of Rutherfordton, N.C., and Terin Dragar of Spartanburg.

Giardello Puts Premium On Strength In Fight Tonight

CLEVELAND (AP)—Middleweight champion Joey Giardello puts his prestige and five straight victories on the line Friday night when he meets Juan (Rocky) Rivero in a non-title bout.

The 10-round match will be Giardello's first since winning the championship from Dick Tiger by a decision in Atlantic City Dec. 7.

But the 33-year-old champ says the four-month layoff "shouldn't be any problem—I had a five-month layoff before fighting Tiger for the title."

The fight will be televised by ABC starting at 9 p.m. CST, with the Cleveland area blacked out.

Rivero, the Argentine middleweight champion, has knocked out 36 opponents in compiling a record of 41 victories, 10 losses and one draw.

In 123 fights, Giardello has lost 22 and last was knocked out in 1958 by Spider Webb. The champion is fast, has a good left hook and jab and is a solid counterpuncher.

Seven Event Card To Open Kansas Relays

LAWRENCE, Kan. (AP)—One meet record already is in the books and two more are likely—in the distance and four-mile relay—in today's seven-event card opening the 39th Kansas Relays.

John Macy, 34-year-old graduate student at Houston, ran the 10,000 meters in 29:49, busting the old mark by almost a full minute. It was the only event held Thursday.

He beat Bob Schul, Miami of Ohio, who was timed in 30:14.9. Schul was the world's third-ranking three-miler in the recent indoor season with a time of 13:31.4. The 10,000-meter distance is a little more than six miles.

Pat Clohessy, Texas Olympic Club, had a 30:51.5 clocking. The old meet mark was 30:46.5 by Denis Moore of Abilene Christian in 1962.

Missouri will send its middle distance star, Robin Lingle, after the meet mark of 16:53.1 in the four-mile. Lingle and his teammates will have strong competition from Kansas. This is KU's pet event, as the Jayhawks have won it 11 times in the past 15 years. A meet record seems certain.

NCAA Opens Annual Spring Meeting

SAN FRANCISCO (AP)—The executive committee of the 613-member National Collegiate Athletic Association opened its annual spring meeting here today with finances the main item on the agenda.

The NCAA council, policy making body for the association, will begin a three-day meeting here Sunday.

Walter Byers, NCAA executive director, said the executive committee also will consider administration of playing rules during its meeting, which ends Saturday.

A committee on infractions will report to the council, which has authority to take disciplinary action against colleges guilty of violating association recruiting or scholarship rules.

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times. If you wish to find the best sport that each day has to offer.

The Major Periods begin at the times shown and last for an hour and a half or two hours thereafter. The Minor Periods are of somewhat shorter duration.

This service is being added in order to better serve the families of this area, as well as the many out-of-town visitors.

Solunar Table

Date	Day	Minor	Major	Minor	Major
April 15	Wednesday	7:40	1:30	8:30	2:05
16	Thursday	8:40	2:30	9:20	3:05
17	Friday	9:40	3:30	10:20	4:05
18	Saturday	10:40	4:30	11:20	5:05
19	Sunday	11:40	5:30		6:05

The Management of Crestview MEMORIAL PARK

Civil Rights Debate Brings Deluge Of Mail

WASHINGTON (AP)—Americans who want the civil rights bill to become law are writing their senators in greater numbers while many of those who oppose it continue to aim a steady stream of letters at the Capitol.

But northern senators report the tide has turned after a late-winter flood of protest mail.

That was the consensus today among a cross-section of northern senators. Southerners report no change: their mail reflects all but unanimous opposition to the House-passed measure now being debated by the Senate.

But Sen. Hugh Scott, R-Pa., whose mail was running about 4 to 1 against the measure said favorable letters are on top now. An aide to Scott said supporters of the legislation apparently started writing when they heard that opposition mail was flooding the Capitol.

Opposition

He said much of the opposition reflects the program of the coordinating committee for Fundamental American Freedoms, Inc., an organization with Mississippi financial backing.

Scott's office said the mail between April 6 and April 10

brought 677 letters favoring the bill and 466 against it. During the last five days of February, the senator got 111 letters favoring the bill and 413 opposing it.

Sen. Clair Engle, D-Calif., reported a similar shift. For the six weeks ended last Friday, his office said, the mail was 85 per cent against the bill. But this week, with volume up to 400 letters a day, a little over 50 per cent of the mail is for it.

Sen. Warren G. Magnuson, D-Wash., said he's getting 20 to 30 letters a day, about evenly split after a late-winter deluge that ran 5 to 1 for the opposition.

About Even

Sen. Frank Carlson, R-Kan., reported the mail running about even—with about 1,000 letters a day pouring in. His office said the wintertime count was about 10 to 1 in opposition to the bill.

Some northern senators, among them Republicans Everett M. Dirksen of Illinois and Bourke Hickenlooper of Iowa and Democrat Paul H. Douglas of Illinois, said their mail still is running against the measure.

Dirksen's office said the volume is heavy—and about 9 to 1 against.

Mississippi Democrats James O. Eastland and John Stennis said their mail is heavy and virtually solid in its opposition to the bill.

Similar Shift

Sen. Kenneth B. Keating, R-N.Y., said his mail was 5 to 2 against the bill early in March. He took the Senate floor with a speech about Southern propa-

ganda efforts on March 14—and the following week the mail shifted to run about even. His office said the ratio now is about 3 to 2 in favor.

Sen. Jacob K. Javits, Keating's New York colleague, reported a similar shift. Javits' office said 2,008 letters favoring the bill and 887 opposed to it arrived during the first two weeks

of April. An aide said the tide turned during the last two weeks of March.

Other senators had these reports:

Sen. Joseph S. Clark, D-Pa., between 200 and 300 letters a day, about 5 to 1 in favor of the bill. A month ago, his count was 3 to 1 against the measure.

Sen. Thomas H. Kuchel, R-Calif., 150-200 letters a day, split about even. It had been running 4 to 1 in opposition.

Sen. Vance Hartke, D-Ind., 150-200 letters a day, 3 to 1 for the bill, after running 3 to 1 against it a month ago.

Sen. John Sherman Cooper, R-Ky., about 10 letters a day, 95 per cent of them opposing the bill.

Sen. Thurston B. Morton, R-Ky., no figure on volume, but the letters are fairly well divided in sentiment.

Sen. John Sherman Cooper, R-Ky., about 10 letters a day, 95 per cent of them opposing the bill.

Sen. Thurston B. Morton, R-Ky., no figure on volume, but the letters are fairly well divided in sentiment.

Simulated 'Berlin Wall' Ripped Down

HAMMOND, La. (AP)—Members of Southeastern Louisiana College's chapter of Circle K International put the final touches on their simulated Berlin wall—stretched across one of the city's major streets—late Wednesday.

Less than five hours later, the wall had been toppled. The club president, Perry Snyder of Hammond, said the nine-foot high wall, topped with barbed wire and broken glass, was dismantled "concrete block by concrete block."

Circle K members immediately started reconstructing the wall.

Snyder said his club, sponsored by Kiwanis International, built the wall to remind citizens to cherish freedom and liberty.

The wall will come down again Saturday—officially this time.

Two Organists For Price Of One

POINT LOOKOUT, Mo. (AP)—The festival of arts at the school of the Ozarks is getting two organists for the price of one April 25.

Organist Bert Buhman, who was to perform alone, fractured his right foot and needs Mrs. Buhman, also an organist, beside him to manipulate the pedals.

Mrs. Buhman will have to confine her playing to footwork. She smashed a finger in a car door while hurrying to pick up her husband when he fell, fracturing his foot.

Wife Says Peter Lorre Left No Will

LOS ANGELES (AP)—Actor Peter Lorre's widow, petitioning to be named administrator of his estate, told Superior Court that he left no will when he died of a heart ailment last March 23.

Anne Marie Lorre, 37, estimated that the actor's estate would be increased by an annual income of \$12,500.

Cuban Retaliates

VERACRUZ, Mexico (AP)—Cuban Consul Ovidio Samac wounded a Mexican Wednesday after two homemade bombs were thrown into a window of the Cuban consulate here. Alejandro Reynoso was struck by a bullet as Sama chased him. The bullet pierced his arm and lodged in his liver. His condition was critical. The bombs did slight damage.

IT'S DRIVE IN THEATRE TIME !!

Higher Prices Mark Stock Mart Trade

NEW YORK (AP)—Selective strength boosted the stock market further into new high ground early this afternoon. Trading was active. The big feature, once again, was Texas Gulf Sulphur which climbed further following Thursday's 7-point advance on news-it had made a major discovery of copper, silver and zinc in Ontario.

Police List Eight Wrecks

Eight traffic accidents with no injuries Thursday afternoon were reported by police as follows: Twelfth and Indiana (3:04 p.m.)—1964 Ford (\$200 damage) driven by Shirley Isham Atkins, 4640 Cascades, and a 1958 Studebaker (total loss) driven by Milton Maurice Smith, 2014 Eighth.

LIVESTOCK

CHICAGO (AP)—(USDA)—Hogs 7,500; butchers 25 to 75 lower; 1-2 190-225 lb butchers 15.25-15.75; mixed 1-3 190-230 lbs 14.50-15.25; 230-250 lbs 14.00-14.50; 2-3 240-280 lbs 13.50-14.00; 1-3 325-450 lb sows 12.75-13.25; 450-500 lb 12.25-12.75; 2-3 500-600 lbs 12.00-12.25.

Cattle 5,500; calves none; slaughter steers steady to 25 lower; five loads prime 1,153-1,325 lb slaughter steers 23.00; bulk high choice and prime 1,100-1,350 lbs 22.25-22.75; choice 1,000-1,300 lbs 21.00-22.00; good 900-1,250 lbs 20.00-21.00; four loads mixed choice and prime 965-1,094 lb heifers 22.00; most choice 800-1,100 lbs 21.00-21.75; good 19.50-20.75; utility and commercial cows 14.00-15.50; cutter to commercial bulls 17.00-19.00.

Treasury Bonds

Table listing prices for Wheat, Corn, Milo, Soybeans, and Barley. Includes sub-sections for General Mills, Wolf Grain Co., and Bells Warehouse.

Markets At A Glance

NEW YORK (AP)—Stocks—Higher; active trading. Bonds—Mixed; governments dip. Cotton—Irrregular; slow trading.

Advertisement for Crestview Memorial Park, stating it is proud to announce that effective April 19 its office will be open from 1:00 to 5:00 p.m. every Sunday.

Professional Directory

- List of professionals including Attorneys (Robert R. Stuart, Irvin J. Vogel), Chiropractors (Dr. Paul L. Myers), and Insurance/Bonds (The Robbins Co.).

Flowers Rites To Be Saturday

Services for William Lloyd Flowers, 66, will be held at 11 a.m. Saturday in Owens-Brumley Funeral Home chapel, with Rev. Willis Sparks, pastor of the Four Square Gospel Church, officiating.

Wheeler Rites Set Saturday

Graveside services for 53-year-old former Wichitan Bert Bryan Wheeler, who died Wednesday in a Bartlesville, Okla., hospital, are scheduled at 9:30 a.m. Saturday in Riverside Cemetery.

Around Town

William J. Lowrey, University of Texas student from Wichita Falls, is a new member of Pi Sigma Alpha, national honorary political science society. Lowrey, a graduate student in government, is the son of Mr. and Mrs. J. A. Lowrey, 1703 Wilson.

Rites Held For Drowning Victim

Services were held Friday afternoon for Ben Holder, eight-year-old son of Mrs. Nina Darby of Bungalow Courts, in the Owens-Brumley Funeral Home chapel with Rev. C. C. Hooper officiating. Burial was in East Lawn Memorial Park.

Markets At A Glance

NEW YORK (AP)—Stocks—Higher; active trading. Bonds—Mixed; governments dip. Cotton—Irrregular; slow trading.

Cotton Irregular In Slow Trading

NEW YORK (AP)—Cotton was irregular in slow trading today. Brokers said some liquidation of nearby May contracts took place, but many of these sales were replaced by purchases of more distant deliveries.

NORTH TEXAS OIL REPORTS Archer, Montague Producers Finaled

By FRANK O. HALL, Times Oil Editor. E. R. Perkins has reported a daily potential of 140 barrels of 44 gravity oil for his No. 3 Heath in the Wales (Viola Lime) Field of Montague County.

High School Students Plan Wholesome Rivalry

By LAURA T. DOING. A group of dedicated students from three Wichita Falls high schools met Thursday night to officially lay the foundation for future relations in city competition and to set a precedent which is expected to do much for the younger generation of this city.

Oklahomans Told Of Disaster Work

By CARROLL COPELIN

Representatives from municipal governments, federal agencies and schools of Southern Oklahoma met Thursday afternoon at Lawton to hear Wichita Falls city officials explain problems arising from disasters such as the April 3 tornado which struck the North Texas city.

Headed by City Manager Jack Davis, the Wichita Falls group included City Attorney H. P. Hodge Jr., Ronald Neighbors, assistant city manager and director of finance; and Jim McAlister, administrative aide from the municipal department of public safety.

Davis told the Oklahomans the primary factor in preparing for or handling such a disaster was to "have one person in charge of the whole show." He cited the confusion which momentarily arose in Wichita Falls immediately following the passage of the tornado because some agencies did not know who to report to.

Advance Work

Hodge explained the legal problems — including which agency should be in charge of a disaster program — should be checked out in advance. The Wichita Falls city attorney indicated some new ordinances pertaining to disaster operations

City Employees Heart Periscope Revealed Paid Overtime

By ALTON BLAKESLEE AP Science Writer

CHICAGO (AP) — A surgeon showed scenes from thrilling movies taken inside the living heart with a new internal periscope today.

The periscope is thrust down a blood vessel into dogs' hearts. There, it lights up the interior of the heart, and walls, to take movies. A heart specialist then can look through the tube to see what is going on and decide whether surgery is needed to make heart repairs.

An improved, flexible, instrument now is being built, said Walter J. Gamble of Children's Hospital in Boston.

If it proves safe in animal tests, it will be used to inspect the interior of human hearts.

Description

Dr. Gamble and Robert E. Innis of the American Optical Co., Southbridge, Mass., described the new instrument to the Federation of American Societies for Experimental Biology.

Just as a periscope allows the captain of a submarine to see the sky above him, the internal periscope can probe into a body organ without surgery.

Dr. Gamble has taken slow motion movies of the aortic valve, which opens and closes as the heart pumps blood out into the body. And he has movies of the inside of the right upper chamber of the dog heart, the right and left lower chambers, and the valve-between the upper and lower chambers on the right side.

Thousands of children are born with heart defects. The heart periscope inspection could show surgeons what had to be done before they operate.

Wichita Falls municipal employees found their pay envelopes considerably fatter than usual Thursday by virtue of many hours of extra work during the four days immediately following the April 3 tornado.

Ronald Neighbors, assistant city manager and director of finance, estimated the total cost of the disaster to the city — through the purchase of extra supplies and equipment and additional pay — would be between \$21,000 and \$25,000.

Neighbors said Friday overtime and extra time accrued by city employees during the disaster period totaled about \$20,000. Only fire and police department personnel were paid overtime for their work during this period. All other city employees were paid only for extra time at their hourly wage rate.

This has been a city policy for many years. Firemen and policemen, being under civil service, are paid time and a half for hours worked over their regular weekly work periods.

All other municipal employees are paid "straight time" for any additional hours unless they work on a recognized holiday.

working on some sort of a disaster plan which could be followed in the event of a similar tragedy. "We didn't have a disaster plan as such," the city manager said, "but we had some real good people who came up with the right decisions almost immediately."

would be submitted to the City Council shortly.

Apparently this proposed disaster ordinance would designate the city manager as Civil Defense director for the city and the director of public safety, Bob Joliff, as Civil Defense and public safety coordinator.

Explaining the procedures followed by the city administration during the disaster, Davis told the group assembled in the council room at Lawton's City Hall, "I think we'd do everything the same way again but next time, we'll do it faster."

Report Stated

The Wichita Falls municipal officials told the Oklahomans a written history of the city's actions during this disaster was being prepared and had been requested by the state Civil Defense director. Copies of this report will be available to area cities upon request.

The Wichita Falls city manager stressed the importance of amateur radio operators during such disasters and praised the work of these hams in Wichita Falls, explaining that for a brief period immediately after the passage of the tornado, these radio operators provided the only means of communications in the stricken areas.

Davis urged those attending Thursday's meeting to begin

down through glass fibers to illuminate the scene. The interior light is reflected back to a lens system.

Glass Fibers

This light hits the end points of 76,000 ultra tiny glass fibers in the interior channel of the tube. Each point then conducts a tiny part of the total image up the tube. All together, the 76,000 dots of light recreate the image of what is being seen. This end of the tube outside the body is viewed through a magnifying lens by the human eye or movie camera.

In human patients, carbon dioxide rather than air would be used to inflate the periscope balloon, because if the balloon should burst, air getting into the blood would be lethal, Dr. Gamble said.

When it is in place, a small balloon at the tip of the instrument is inflated with air so it presses against the part of the heart to be inspected.

Light from a high intensity bulb outside the body races
