

## BEAM

By J. W. King, Sr.

H. W. Hallmark took the editor to his farm near Lone Wolf Mountain Saturday afternoon to show us what cotton will sometimes do after it is haled out. Hugh has 15 acres that was beaten down to the bare stalk on July 10. To look at it now you could hardly believe it ever had a hail on it except that the stalks are bushy. That patch of cotton really looks fine and it will make lots of cotton if a freeze does not ruin it before it has a chance to open. A large part of it will mature enough to open anyway, but should all the forms on the stalks mature it looks as if Hugh might gather about a half bale to the acre.

Hugh also has some hogear that is just about as good as it could be. It doesn't look like dry weather on that farm.

Hugh has a volunteer stand of rye and vetch on a small plot of upland that is looking good.

## SCOUT ROUNDUP

The Buffalo Trail Council, Boy Scouts of America will again participate in the Nationwide Round-up.

The purpose of the Round-up is to promote and encourage an intensified program for the Scouts and Cubs and to extend the program to the many boys desiring to become members.

Scout Officials point out the importance of character development and citizenship training, especially as today's boys will be called upon to lead the nation in a few years.

## NORTH LORAIN H. D. CLUB

The North Loraine Home Demonstration Club met Wednesday, September 17, in the home of Mrs. Lanthus Brame with Mrs. Mary Drummond and 13 members present.

The house was called to order by the president, Mrs. Alva Bennett, and the Lord's Prayer was repeated in union.

Mrs. Lanthus Brame read the minutes and reports were given by standing committees.

Mrs. Drummond was program chairman for the afternoon, bringing a program on living rooms, arrangement of furniture accessories for the living room, etc. She stressed the following points: comfort, light, floor covering, walls, the selection of furniture in harmony, size and balance with the size of your room.

The club voted to paint mail boxes and ordered stensils for lettering.

A nominating committee was appointed. The club revealed secret pals and new names were drawn.

Refreshments were served to Meses. Mary Drummond, Alva Bennett, S. O. Chaney, Wilmon Tarrt, Henry Taylor, Willie Taylor, Sharon Adams, Harold Hallmark, Hulon Sims, Carl Price, Frank Brame, Jack Latham, and J. E. Price.

The next meeting will be with Mrs. Irwin Roloff on October 1 at 3 p. m. with the program on drapes and curtains. Visitors are always welcome.

## Cotton Ginning Report

To Wednesday noon of this week the four Loraine gins had ginned a total of 537 bales of cotton. Gathering season is just beginning and many more hands are needed for the harvest.

## 15 CARS MAIZE SHIPPED FROM LORAIN

Coon and Pratt, buyers of grain, report they have bought 15 carloads of maize to date this season.

Mr. and Mrs. L. W. Eilers visited their parents at Clarksville last week. Their parents home was destroyed by fire a few days earlier.

Mrs. J. G. Bruce returned last week after spending a week with her mother at Sidney, Texas, and with her sister in Brownwood.

Mr. and Mrs. Jack Albright of Odessa spent the week end with their parents, Mr. and Mrs. O. E. Albright, and Mr. and Mrs. Wiley Walker.

Bendix Radios, table and console models, terms if desired. Loraine Drug.

## Loraine Wins First Home Game

The Loraine Bulldogs made a good showing for their new coach, Hank Brown, in their first home game last Friday night and came through to win the game 12 to 6. Fumbles and penalties were frequent which perhaps kept the Bulldogs from making more touchdowns.

Stanton also had a good team and scored in the first quarter. The Bulldogs came back in the second and made a touchdown with a 15 yard pass Johnson to McAdams to tie the score 6 all at the half.

In the third quarter Bobbie Johnson broke loose and made a 50 yard run for the Bulldog's second touchdown. Tries for the extra point failed.

Stanton came alive in the 4th quarter and turned loose a passing attack that came near paying off but time ran out on them and the game was over.

First downs favored the Bulldogs 12 to 9, Stanton making most of theirs in the last period.

The Bulldogs completed five of eleven passes for 69 yards, and Stanton completed eight of thirteen for 95 yards. The Bulldogs punted one time for 50 yards while Stanton punted 3 times for an average of 29.

The Bulldogs were penalized six times for 50 yards and Stanton six times for 40.

The Bulldogs will go to Robert Lee Friday night of this week for another practice game before the conference schedule starts on October 3 when Merkel will furnish the opposition. This game was originally scheduled at Merkel but has been transferred to the home grounds.

Superintendent Parish asked that we announce that the game at Robert Lee will be played at night, and also that new seats will be available on the local field for fans at the Merkel game on October 3.

## OPENS WATCH REPAIR SHOP IN REDDIN DRUG

W. W. Worley, who has had a jewelry store and watch repair shop in Colorado City the past three years, has opened a watch repair shop in Reddin Drug here. He will continue to maintain his store in Colorado City.

## HOST FAMILY GATHERING

The home of Dr. and Mrs. B. H. Johnson was the scene for a get-together for Mrs. Lillie Walker and Mrs. Bessie Johnson and their families on Saturday evening.

At six o'clock dinner was served from tables on the back lawn after which the evening was spent visiting.

Those present were: Mrs. Lillie Walker, Mr. and Mrs. Wiley Walker, Mr. and Mrs. Virgil Walker and sons Rodney and Jackie, Mr. and Mrs. Jack Walker, Mrs. Bessie Johnson, Dr. and Mrs. Dale Johnson and daughters Carol Ann and Virginia, Dr. and Mrs. Homer Johnson and Jerry and Cynthia of Midland, Dr. and Mrs. Bruce Johnson, Beverly and Sonny, Dr. and Mrs. John Hamblen, David, Joan and Jimmie.

Lily Bennett visited Sunday with her sister, Mrs. Ira Crownover, who is ill at a Lubbock hospital.

Mr. and Mrs. Jimmie Griswold of Abilene were week end guests of her parents, Mr. and Mrs. Howard Preston.

Guests in the homes of Mrs. Ruby Robertson and Mr. and Mrs. John Marshall Sunday were Mr. and Mrs. W. J. Cook of Baird, Horace Cook of Las Cruces, N. M., H. A. Cook of Colorado City, Mr. and Mrs. Henry Cook of Loraine, Mr. and Mrs. Henry Cook, Jr. of Maryneal, and Mr. and Mrs. Arnold Marshall and daughter, Nancy of Big Spring.

Mr. and Mrs. Sam Faulkenberry of Seattle, Washington, and his parents, Mr. and Mrs. J. A. Faulkenberry, spent the week end with Mr. and Mrs. Garland Faulkenberry at College Station. Mr. and Mrs. Sam Faulkenberry left Monday for their home after visiting the past ten days with his parents and other relatives here.

## School Bus To Take Fans To Games

The School Board decided this week to permit the use of school buses to take fans other than school children to football games away from home this fall. The first such trip will be made to Robert Lee Friday night of this week. Fans may ride the bus for the small charge of 50 cents round trip, according to Mr. G. W. Parish.

Mr. Parish announced also that work had been started on building of additional seats for the football field and they are expected to be completed in time for the Merkel game here on October 3.

## A REPORT FROM EUROPE BY GEORGE MAHON

As reported from Washington several weeks ago, an Act of the House of Representatives required the Speaker to appoint a Committee of 19 members to make a study and recommendation in regard to our program of feeding and financing Europe—our foreign aid program. I was appointed as a member of the Committee. There are 8 Democrats and 11 Republicans on the Committee. It is headed by Christian Herter, a Republican from Boston. The Committee is working under a mandate from Congress and is under great pressure to do a good job. The report of the Committee may have a far reaching influence on our future foreign policy at a very critical time in world history. The interest of the United States must come first and no aid to Europe should be recommended which will not also serve the best interests of America.

The war has now been over for more than two years. What does Europe look like to a West Texan?

First about England. In going by train the 70 miles from the port Southampton to London, I was struck with the intensity with which the land is cultivated. The grain was off the wheat fields but many other crops were growing. However, they were not growing very well because England is in the midst of a terrific drought. I have since learned that most of Europe has been in a severe drought for about three months. This is making a marked reduction in the food supply. The clamour throughout Europe is Food, Food, Food! At home we complain at the prices of food but here the emphasis is on food at any price.

I noticed in England that the Victory gardens were still very much in evidence. In suitable areas the British are using such places as the right of way on the railroad for countless little gardens, and they are all well cared for. I went out in the country and met with what we would call the AAA committee for one of the counties. We looked at some of the farms. The farmers are doing a good job. A farmer in England has to cooperate with the government program. If he fails to do so the government can take over his farm; but the farm committee explained that they had encountered no serious trouble in securing cooperation.

England is far from being self-sufficient in food and the people are up against it. They are not producing enough manufactured products to sell abroad to acquire enough dollars to pay for the food from abroad which they need. They call this the dollar crisis. The monetary complications are hard to understand but the results are quite easy to see. The people are struggling to increase their exports,—doing this to get dollars and prevent the collapse of the government.

In spite of the fact that more than two years have elapsed since V-J Day, the British still have a severe rationing system which apparently works much better than our OPA ever did. The severity of the program is indicated by the fact that each person is allowed only one egg per week and only twenty cents worth of meat per week. Gasoline is strictly rationed. Clothing and textiles are strictly rationed also, and while the British produce large stocks of clothing they are not released in

## Irrigation Well Drilling At 315 Ft.

A hard rock formation is still being encountered in the Gabler irrigation test well three miles east of Loraine. Late Wednesday a depth of 315 feet had been reached. The well will probably be drilled to 400 to 450 feet to strike the third water, according to the driller.

First water was struck at 60 feet, and the second stream at 250 feet.

The driller expects to finish the drilling and make a test the latter part of this week or early next week.

## P. T. A. SOCIAL

In order that each parent may have a chance to become acquainted with their child's teacher, the Loraine PTA is to have a social Monday evening, October 29 at 8 o'clock at the gym.

Mrs. Charles C. Robertson, vice president of District 16, will be guest speaker for the evening. She has done much in Parent-Teacher work through-out the district, holding schools of instruction in various towns. There will also be group singing and games to complete the evening's program.

## HONORED ON BIRTHDAY

Mrs. O. B. Scott and Mrs. W. M. York entertained Billie Jean Scott and a group of little friends Friday afternoon to celebrate her fourth birthday.

Yard games were played and the birthday gifts opened and admired.

The birthday cake was served with fruit punch to Doris Dee Lombardo, Janie Martin, Sarah Pratt, Barbara Combs, Carol Ann and Virginia Johnson, Parika Ruth Bryant, Sandra Mantho, Mary Bowlin and Jimmie and Terry Ensign.

## HOST BRIDGE CLUB

Mr. and Mrs. H. E. Thomas were hosts Thursday evening for two tables of bridge.

Refreshments of apple pie ala mode were served to Messrs and Meses Dale Johnson, Glen Coon, Woodrow Pratt, and Jack Coffee.

## HONORED ON BIRTHDAY

Mrs. J. C. Hall entertained Sunday with a birthday dinner honoring Mr. Hall of his birthday. Others present were Mr. and Mrs. G. B. Coats of Dalhart, Mr. and Mrs. A. L. Geer and family of Colorado City, Ruth Ann Hall of Abilene, and Mr. and Mrs. J. C. Hall, Jr. and Jimmie.

Mrs. B. Wilkerson, Mrs. C. H. Thomas, and Mr. and Mrs. J. E. Redden attended church at the Primitive Baptist Church in Big Spring from Saturday night until Monday and while there visited with friends.

Mrs. G. C. Stinette of Independence, Missouri, and Mr. and Mrs. W. M. Burk of Roscoe were guests of Mr. and Mrs. T. F. Mathis last week.

Mr. and Mrs. W. W. Martin spent Sunday with their daughters and families, Mr. and Mrs. L. J. Burdine and Mr. and Mrs. Robert Battle in Midland.

Rev. and Mrs. John Hamblen of Abilene spent Thursday night with Dr. and Mrs. John Hamblen and family.

quantity for local sale but are exported, the idea being to acquire more dollars to be used for the purchase abroad of raw materials and food.

The British are a sturdy lot. They are unwilling to admit defeat; they are determined to prevent the collapse of their country. This was the impression which I got in conferences which we held with officials of the British Government.

Our officials feel that the collapse of England and Western Europe would mean Communism and the domination of all Europe by Russia. In that event the security of America would be seriously threatened.

The most dynamic British official with whom we conferred in London were the Foreign Minister, Ernest Bevin, and the Minister of the Board of Trade, Sir Stafford Cripps.

## Recreation Program Moves To Gym.

The News has been requested to announce that the recreation club program will be held at the school gymnasium this Thursday night. The last two programs were held at the Lions building but it was found too small to hold the crowds. The entire community is invited to attend.

Mr. and Mrs. Clyde Smith will be the hospitality committee and recreation will be directed by Mrs. W. R. Martin, Mr. and Mrs. Charles Spikes, Mr. and Mrs. Alva Bennett and Rex Beights.

## COUNTY H. D. COUNCIL

The Mitchell County Home Demonstration Club Council met Saturday afternoon, September 13, at 3:30 in the county court room with Mrs. J. L. Jones, chairman, in charge. Minutes were read by the secretary, Mrs. A. J. Hooks. Motion was made and approved that the president of each club in the county form a nominating committee. Mrs. Drummond asked that all annual reports and committee recommendations for 1948 be made and reported by the next council meeting in October. These reports should include everything done in the club or outside of it.

The yearbook committee which is composed of Mrs. Will Berry of the Fairview Club, Mrs. T. R. Messimer of Westbrook Club, Mrs. A. J. Hooks of Buford Club, and Mrs. W. A. Bennett of the North Loraine Club, will meet at the county courtroom at 3:30 on September 26, with Mrs. Drummond to plan the yearbook for 1948. Each member of this committee is urged to be present at this meeting and bring yearbook recommendations from their club to be considered.

Plans were completed for delegates from Mitchell County to attend the T. H. D. A. state meeting in Galveston September 23-25. The delegates are Mrs. Jim Stewart, Bauman-Loooney club, Mrs. John Andrews, Hyman club.

Council adjourned to meet again on October 11.

## HOSTS CLUB

Mrs. G. A. Hutchins was hostess Wednesday afternoon at the first meeting of the Sew-Play Club for the fall. Regular meetings have not been held during the summer months.

A salad plate with fruit punch was served.

Mrs. T. J. Riden was recognized as a new member. Guests were Mrs. N. I. Reiter Jr., Mrs. Virgil Walker, Mrs. John Hamblen and Mrs. J. C. Hall Jr. Members present were Meses. H. Hart, S. E. Brown, F. H. Baumann, T. F. Finley, Glen Coon, O. I. Griffin, K. L. Taylor, Frank Johnson, J. D. McDonald, Tom Ray, J. H. Boone, Minnie Fairbairn, Doyle Hester, and R. K. Thornhill.

Mr. and Mrs. George Mahoney of Corpus Christi arrived Sunday for a week's visit with his parents, Mr. and Mrs. W. M. Mahoney.

Mr. and Mrs. Clyde Jones of Santa Diego, California, enroute to Ft. Smith, Ark., visited in the T. M. Ingram home Sunday.

Mrs. Annibel Long and sons and Mrs. Cora Hall spent Sunday with Mr. and Mrs. Bill Thompson at Colorado City.

Mr. and Mrs. J. L. York of Santa Cruse, California, left Sunday after a week's visit here in the home of Mr. and Mrs. W. M. York.

Mrs. Noble McGee and daughter Sherry are in Abilene this week where Sherry is under treatment of a doctor.

Roger Crippliver of Ft. Worth spent the week end with Mr. and Mrs. S. E. Meadows. Mrs. Crippliver returned with him after spending last week with her parents.

Mr. and Mrs. Lee Porter of Odessa spent Saturday night with Mr. and Mrs. Charlie House.

Mrs. J. M. Meek spent Friday until Tuesday with her sister in Big Spring.

## F. H. A. Chapter Organized Here

The local chapter of the Future Homemakers of America met and organized on Monday, September 22. The following officers were elected: President, Jeannine Martin; Secretary, Elaine James; Treasurer, Mary Templeton; Reporter, Dorothy Kirk. The committee chairmen elected include Joyce Saling, yearbook; Shirley Taylor, membership; Louise Baumann, social; Irma Lucas, song leader.

Meetings will be held monthly. The plans for this year include several social events along with the educational program.

## MILTON HALLMARK TO ATTEND AIR SCHOOL

Major John M. Hallmark, son of Mr. and Mrs. Hugh W. Hallmark of Loraine, has been selected to attend the third class of the Air Tactical School at Tyn-dall Field, Florida.

Major Hallmark attended Texas Technological College in Lubbock, graduating as a Bachelor of Science in Engineering. Prior to his entry into the service Major Hallmark was employed as an overseer in the dyeing and finishing department of the New Braunfels Textile Mills in New Braunfels, Texas. His wife is the former Miss Mildred Revard of New Braunfels.

Major Hallmark was stationed in England with the 8th Air Force for 15 months during the war serving as a fighter pilot, completing 54 missions. He wears the Distinguished Flying Cross and the Air Medal with 5 Oak Leaf Clusters.

The school Major Hallmark is attending is the basic school of the Air University System. Its purpose and aim is to teach the fundamentals and basic principles required for officers to most successfully handle the responsibilities of Squadron Commanders and for staff duties commensurate with their rank. A broad academic course covers instruction in leadership, tactics, intelligence, communications, administration and supply. Personnel management, public information, civil affairs and new developments. The academic course is supplemented by a flying program utilizing the latest types of Air Force aircraft. The regular curriculum is also supplemented by guest lectures from civilian specialists, ground force and naval officers and faculty members of the Command and Staff School at Maxwell Field.

Major Hallmark will return to his former station at Brooks Field, upon completion of the course.

## MRS. RICHARDSON HONORED ON BIRTHDAY

On Sunday, September 14, a group gathered at the home of Mrs. G. H. Richardson honoring her on her 83rd birthday.

Guests were seated at four some tables after being served from the buffet. The large white birthday cake centered the dining table where the honored guest was seated. Mrs. Richardson's grandchildren sang the happy birthday song to her as the birthday cake was served.

Those present for this occasion were: Messrs and Meses Moody Richardson and Lowell, Frank Brame and Audrey, Lanthus Brame and children, Loyd Brame, Truman Nix of Abilene, Robert Mote, Bobbie and Byron, E. O. Walker, Troy Moore, Cecil Moore and daughters of Colorado City, Mrs. Birtie Moore, Linton Ray Webb, Paula Jean Coffee, James Moore, Mrs. Walter Nix and Doyce, Mr. and Mrs. Kelley Blalock of Westbrook, and Mrs. Annie Henson of Los Angeles, California.

Birthday gifts were opened and admired.

Those who were unable to attend but sent gifts were Messrs and Meses Harley Mearse, Otis Hardin and John Lucas of Andrews, Bud Roberts, Holdenville, Oklahoma, Earl Barron of San Angelo, Troy Welch of Sweetwater, and Mrs. Alice Herrod of Arlington, California.

Mrs. Homer Smith of Midland visited from Thursday until Saturday with Loraine friends. Mr. Smith arrived Saturday and they returned to Midland Saturday night.

## Boy Scouts To Have Weiner Roast

On Monday night, September 29, the Boy Scouts will meet at the gym to go on a weiner roast. All the Scouts are urged to be present and take part in the activities.

Last Monday night a large number of Scouts were at the regular meeting, a record crowd at any recent Scout meeting.

As Scoutmaster I am proud to see that the mothers and dads of these Scouts are interested enough to let their boys come to these meetings. I will do my best to encourage the boys to obey the Scout oath and law, which is the best in the world.

The Scouts will meet next Monday evening at 6 o'clock at the gym. Be prepared for the weiner roast and the good time during the evening.

Mack Wilson, Scoutmaster

## SWEETWATER VISITORS AT RECREATION PROGRAM

Last Thursday night a record breaking crowd enjoyed the family night recreation program held in the Lions Club building. Only a few spectators could be seated as those playing the games used all available floor space.

Visiting entertainers from Sweetwater were Jack Fomby and his famous state prize winning square dance team. Mr. Fomby is owner of the Bankhead Cafe and his hobby is promoting the return of America's folk dancing and music to give the community life of our small towns something that provides for our young people healthful, wholesome entertainment, and he goes about with his junior and senior square dance teams giving demonstrations and helping promote such civic movements as the recreation club work here. Those with him were Mr. and Mrs. L. W. (Doc) Scott and their little daughter Sunny, Misses Ida Walker, Fieda Crawford and Eleanor Gist, Messrs. Earl Harris and A. J. Carrigan.

This team demonstrated several figures and the gay red dresses of the ladies contrasted charmingly with the black and white ensemble of the men. Mr. Fomby coached and called the Texas Star for as many as could get on the floor to learn. The recreation club council will meet once a month to plan the program for the recreation nights. The council is a representative group from all the civic, religious and social organizations of the town who are working together to give Loraine a recreation program of which no other small town can boast. Our neighboring towns are looking with envy on our "friendly family night" and wishing their towns supported such a program. The people of our community who are enjoying this recreation program will remember it grew out of the efforts of the workers in the North Loraine Home Demonstration Club who saw a need for such a program and gladly gave their services in sponsoring a recreational school taught by Miss Jane Farwell, recreation leader from National Recreation Program, U. S. A.

Mr. and Mrs. Sam Spikes of Snyder, Mr. and Mrs. Burr Brown and Gypsy Ted McCollum of Coahoma visited in the home of Mrs. J. E. Spikes Sunday.

Mr. and Mrs. Homer Smith and son Carlos of Midland and Mrs. Minnie McDaniel and Carol Jean Debaum of San Antonio were week end guests of Mr. and Mrs. G. A. Hutchins.

Mrs. Henri Gay Ison, sponsor, Elaine James, editor in chief, and Charlene White, photographer of the Lorainian, school annual, left Tuesday for Austin, where they will attend an annual clinic on September 24 to 27.

Mr. and Mrs. Esten Hardin of Snyder spent Sunday with Mr. and Mrs. Garland Cary.

Mrs. H. S. Combs spent Friday with her sister-in-law who is ill at a Sweetwater hospital.

Mr. and Mrs. Howard Spikes of Benjamin visited Mrs. J. E. Spikes Tuesday.

## IT'S NO YOLK

## All Iowa's Eggs Are Not Confined to One Basket

WNU Features.

DES MOINES, IOWA.—If all the eggs laid in Iowa in one year were fried "sunny side up" and stitched together into a giant patchwork quilt, they would blanket an area eight times the size of the Chicago loop.

Known as "America's egg basket" because it ranks first in production of eggs, Iowa earned \$119,105,000 from this product in 1945, latest year for which figures are available, according to a report compiled by the Iowa Development commission. In that year the state produced 4,327,000,000 eggs and grossed an income from eggs amounting to three times the gross income from all citrus fruit (lemons, oranges and grapefruit) produced that year in Texas.

Iowa produces 7 per cent of the nation's entire consumption of eggs, rated as one of the seven basic foods necessary to assure good health.

The state appears destined to lead all other states in production of this protein food for many years to come, the development commission maintains, pointing to Iowa's proper climate and enormous feed production possibilities as well as to the fact that producers are interested in exporting superior poultry and egg products.

Egg production in Iowa has encouraged considerable industrial development. Produce plants were organized in the state more than 60 years ago. With development of cold storage houses came introduction of refrigerator cars which deliver eggs in good condition to cold storage houses in various consuming centers. Iowa ships more eggs annually to Boston, Chicago, Philadelphia and New York, the four great egg markets of the country, than any other state.

Many of Iowa's eggs are reduced to liquid form, egg breaking plants having been established in 48 localities. Fourteen dried egg plants also are located in various sections of the state.

Trailing Iowa as top poultry states of the nation, on the basis of 1945 figures, are: Minnesota with 3,757,000,000 eggs produced, \$107,557,000 gross income; Texas, 3,309,000,000 eggs produced, \$94,084,000 gross income; Missouri, 2,890,000,000 eggs produced, \$78,474,000 gross income; Ohio, 2,781,000,000 eggs produced, \$88,306,000 gross income; Illinois, 2,757,000,000 eggs produced, \$76,918,000 gross income, and Pennsylvania, 2,491,000,000 eggs produced, \$93,526,000 gross income.

## Old-Timers Tour East In Wheezing 1902 Car

PETERSBURG, VA.—"In their merry Oldsmobile," William A. Worth, 70, of Petersburg, and his sister, Eunice, 69, of New York, are making a 4,000-mile vacation tour of the East.

Their Oldsmobile, however, is an ancient 1902 model. It has only one cylinder, a lever for steering, and is devoid of top, sides or windshield. Operation costs, Worth figures, total a cent a mile.

Worth set out from his home here, picking up his sister in New York. At last reports they were whizzing through Greenfield, Mass., at a stately 15 miles an hour.

## SCIENCE SHOWS SHOT STRING IN FLIGHT

## Sidewalk Cattlemen Get Boot Privileges

SWEETWATER, TEX.—Unique boot privileges are enjoyed by members of the newly-organized West Texas Sidewalk Cattlemen's association.

Rules of the association allow the owner of at least two head of cattle to wear boots; the owner of three head of cattle may stuff the right leg of his pants in the top of his boot; and the owner of four head may stuff both pants legs in his

CHEEP! CHEEP! The feeble sound which these baby chicks emit is not representative of the egg output of Iowa, which ranks as the "egg basket of America." This picture, submitted by S. W. Lock of Mason City, Iowa, won honorable mention in the Greater Iowa photographic contest sponsored by Iowa Development commission at the state fair.

## Pastor Preaches Sermon Without Saying a Word

MACON, GA.—One minister who admits that he preaches his sermons without saying a word is the Rev. James M. Johnston, 25-year-old assistant pastor of the Four-square Gospel church here.

He has inaugurated special services for the deaf and dumb members of the congregation, delivering regular Sunday sermons entirely through the standard hand signal alphabet.

The plan started one Sunday when Johnston noticed several deaf and dumb people in the congregation listening to the pastor preach. But they weren't hearing a word. Johnston stood beside the pastor, translating the sermon into hand signals.

Johnston admits the method has its drawbacks. When his congregation "sings" hymns, you can't hear them. You have to be content with seeing what they mean, he explains.

In some respects, Johnston feels, his mute congregation has it all over their brethren who can hear and talk. Using hand signals, Johnston says, he has three different ways to say "Praise the Lord" and three more ways to say "Hallelujah."

## History Lives in Washington Statues

## Americans Dote on Nation's Monuments to Its Heroes

By BAUKHAGE

News Analyst and Commentator.

WASHINGTON.—If you haven't anything else to do, just take a seat beside me on this bench for a moment. I think this is one of the nicest "little parks" in the world. It doesn't take its name from the gentleman on the horse right over there in the center, behind the iron pickets. I don't know why. Of course, he is only a replica. The original is in a square in the city he defended from the British—in the "vieux carre" of New Orleans.

He was GENERAL Jackson then. We think of him as President Jackson now. And we make fun of the horse he's sitting on, that prancing steed with his feet planted so firmly in the air ("like a liberal congressman," as one of the old conservatives used to say). It took many pounds of lead in Andy's horse's tail to keep the two of them in balance, they tell me.

But don't think the horse's hind feet are not firmly planted! The one man who tried to move them brought down an avalanche on his head, and gave a President of the United States a real headache.

It happened this way: There is a statue of George Washington tucked off on a circle in a neighborhood which has neither the distinguished past nor the glorious present of Lafayette Square. Back in the regime of President Harding, that statue was taken down for a little repair. A newspaperman, hard up for a feature, sat down and wrote himself quite a piece. His name was John Russell Young, and he is now commissioner (mayor) of the District of Columbia. In his piece, he suggested that when Washington was prettied up and returned to public view, he should be placed in the center of Lafayette park. Andy Jackson, Young thought, could be relegated to Washington's former relatively obscure position in Washington Circle. Local officials agreed.

Baukhage

Then the deluge. The story was widely printed and it seemed that every Democrat in the United States was personally affronted. The presidential secretaries had bales of mail to answer. The climax came when a long-forgotten Andrew Jackson patriotic and marching club, which appeared to be very much alive and kicking, threatened to descend on Washington in a body. The President had to issue a public statement saying that Andy was safe.

But I didn't intend to run on about Andy. The park is not, as I said, named after him. It's named after that young man you see over there on the southeast corner — looking right across Pennsylvania avenue into the window of the No. 1 guest chamber of the White House. His name is Marquis Marie Joseph Paul Yves Rich Gilbert du Motier de Lafayette. Yes, we're in Lafayette park.

Over there on the northeast corner is another Frenchman, Field Marshal Jean Baptiste Donatien de Vimeur, Comte de Rochambeau. Over there on the northwest, opposite the Decatur House where Commodore Stephen Decatur died after being shot in a duel with a fellow officer (Commodore Barron) out at Bladensburg, is Baron Friedrich Wilhelm August Heinrich von Steuben, who was as useful to General Washington, in his way, as Lafayette was in his.

Kosciuszko Statue Stirs Reminiscences

But that brings me to the statue I was really going to talk about: Tadeusz Andrzej Bonawentura Kosciuszko, standing on the fourth corner of the park across from the house which once belonged to James Madison. Dolly lived there after her husband died.

The other day, a dispatch came in from Warsaw which said that the minister of education of the Communist-dominated Polish government had ordered there would be no more "salacious chattering jokes and significant smiling" in Polish schools and universities.

I got to reminiscing on the air about how I had been told Polish students acted in the days when Poland was divided between Russia, Austria and Germany. Teaching of Polish history was suppressed, and the Russian secret police then were as brutal (if not quite as efficient) as the Communist police in Poland are today.

It seems a Polish teacher in those days occasionally would slip into his lecture some subtle anti-Russian or patriotic remark. There wouldn't be the slightest response from the students. The teacher would go right ahead, and then, after a perfectly innocent sentence of some kind, he'd pause (and probably do a little "significant smiling"). Then the students would fairly raise the roof with applause and cheers—delayed action.

I mentioned that on the air, as I said, and commented that every time I passed by the statue of Kosciuszko, I could hear a faint murmur. I had no doubt it was Kosciuszko telling what he would do today if he could just get down from his pedestal.

A number of people wrote in about that. They always do when I mention the statues. People are interested in statues even though they have gone out of style as monuments. You know, the Du Pont family took the bust of old Admiral Samuel F. Du Pont out of the famous circle named after him, and replaced it with the present beautiful memorial fountain. Some Washingtonians were deeply offended and the national parks service was kept busy for several days answering phone calls and letters from indignant citizens.

In fact about the only complaints the national parks service has been receiving of late years have been concerned with the upkeep of the 77 statues entrusted to its care. Some Washingtonians call up to rebuke the service for the greenish tinge creeping over some of them, like Kosciuszko's. It is bronze and weather turns it green, which most sculptors feel adds to its beauty, so the service doesn't worry too much.

There wasn't much money for the national parks during World War II to pretty up Washington's statuary. About all the service could manage was a yearly washing of each statue (it takes several men a whole day for the laundering job). But this year congress gave the service \$10,000 for trucking equipment, hoses, masonry repairs, plumbing fixtures for the fountains and other monuments.

They have another \$10,000 to spend on structural repairs—to replace missing arms, legs and chunks hacked out by souvenir hunters, for statues have their ghouls, too. But most of the finger breaking, it is believed, is done by perverted youth. On the whole, people like statues.

IN NEW YORK . . . Margaret Truman, coloratura soprano, was unanimously approved by the board of governors for membership in the American Guild of Musical Artists (AGMA) as a junior vocalist in good standing.

IN TOKYO . . . Hideki Tojo, former Japanese premier, now on trial for his life as a war criminal, peered in to the future, chose an epitaph for his tombstone: "By Buddha's grace all sinners are committed while living are absolved."

IN LONDON . . . Elliodor M. Libonati, visiting Legionnaire from Chicago, paused in front of No. 10 Downing street, the prime minister's residence, wickedly waved a handful of dollar bills in the air, attracted no takers.

IN TALLAHASSEE . . . Sen. Claude Pepper (Dem., Fla.) opened his mouth to say that if the Democratic party should feel that he could render "greater service in some other way, I would be greatly influenced by that feeling," turned around to find that his friends were

This is the Washington statue of Kosciuszko, Polish patriot, general and statesman, who served as George Washington's adjutant and laid out the fortifications at West Point. There is another monument to him at West Point.

## COLD-BLOODED FORECAST

## Coal Shortage Looms for U.S.

Take a tip from the coal producers: Unless your furnace burns oil, it will be a good idea to keep a little sunshine in your smile and warmth in your heart this winter.

Because, from the standpoint of obtaining coal, it looks like the winter of 1947-48 will be the toughest in at least six years. Producers already are admitting readily that there is little chance that fuel shortages, inconvenience and suffering can be put aside.

Reasons for this uninviting outlook are three. In particular: 1. Unparalleled demand in a peacetime period which even record production (600 million tons) will not fully satiate. Attempts are being made to stockpile, but to little

FLORIDA OYSTER FLEET . . . Fishermen are busy themselves again along Florida gulf ports bringing in the first of the 1947-48 oyster haul. Here "oystercrabs" secure their craft after a long day's hunting in Apalachicola bay.

## NEWS REVIEW

## Corn Estimate Lowered; Aid Europe Now, Plea

## REPEAT:

## Less Corn

The 1947 corn crop, estimates of which have been shrinking like a \$10 suit ever since August, was reduced by another 33 million bushels in the department of agriculture's September report.

Total estimate cuts since August 1 were 256 million bushels, and the expected output this year now has been placed at 2,403,913,000 bushels. There was more potential bad news, said the department: In case

booming him for vice-presidential nomination.

IN MILWAUKEE . . . Mrs. Lucy Nostrand stepped from a bus at a busy intersection, was knocked by the pavement by a hit-and-run cow, a refugee from a meat company shipment.

URGENT: Stopgap Aid

George Marshall, U. S. secretary of state, was trying his best to pile up pressure for a special session of congress this autumn to finance immediate interim aid to keep Europe on its feet until Marshall's 20-billion-dollar, long-range rehabilitation plan begins functioning.

Stymied by Republican leaders who were either downright opposed or indifferent to an emergency session before January, Marshall was taking his case to the people, attempting to rally public opinion behind him.

Intolerable cold and hunger are the immediate threats facing Europe, he said. The crisis calls for "urgent consideration."

What would it cost this time? Marshall said that there was as yet no estimate of stop-gap needs, but he didn't deny reports that William L. Clayton, undersecretary of state, had cabled from Europe a request for a special session of congress to vote 2.5 billion dollars for aid now.

The special session was far from assured. If it came to a showdown, GOP leaders probably would oppose it openly, and they could, if they wished, stifle any economic aid legislation.

GOP VICTORY: Straw in Wind?

Jubilant Republicans were making much of Franklin H. Lichtenwaller's resounding victory over labor-supported Phil H. Storch, Democratic candidate, in a special election to fill Pennsylvania's eighth district seat in congress.

The issue, naturally, was the Taft-Hartley labor law, and the outcome was a two-to-one acceptance by the voters of the law and what it signifies. If Pennsylvania is as much a political weathervane as it is claimed to be, the Lichtenwaller victory forecasts a cold, bleak wind from the north for Democrats in 1948.

Republican hoop-la called the vote "a smashing rebuke to the radical labor bosses who chose to make the Taft-Hartley labor management act the paramount issue of the election."

Army Shrinking

Alarmed war department officials have estimated that the army's postwar strength has sunk to a new low of 965,000 officers and men, 105,000 below its authorized quota.

The army lost 75,000 officers and men during July and August and gained back only 50,000 through its recruiting campaign, thus suffering a net loss of 25,000 since July 1, when strength was 80,000 below the authorized level.

Kidneys Must Work Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, itching, too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headache, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's? You will be using a medicine recommended by the doctors of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

## THE BUILD-UP

By RUBE GOLDBERG

I was ambling along in my car counting posts and watching my nervous windshield wiper as it slapped out a clear segment of a circle when I spied a smallish man walking ahead. The back of his neck seemed a bit scrawny and a little round hat sat on top of his head as though a vagrant breeze had dropped it there.

He was carrying a small bunch of flowers. When I pulled alongside I asked him if he wanted a lift. His clothes were limp with the steady drizzle and he seemed to have walked a long way. "I've only got a short way to go now," he said. "It ain't hardly worth bothering about."

"Jump in, anyway," I said, "you're all soaked."

"All right. But I'm only going around the bend there to Cypress Hills." As he got into the car he held the flowers high so as not to break the stems.

"Cypress Hills," I repeated by way of showing a little interest. "That's a cemetery, isn't it?"

"Yes, it's a cemetery."

"Oh," I said. Flowers, cemetery, rain. I kept a respectful silence.

When we had driven a short distance there was a great rumble of thunder through the low hills and the sky opened with a sudden torrent that made the surrounding landscape a wet blur.

"Guess I'll pull up alongside the road until it blows over," I told my passenger. Neither of us spoke for a while.

The great clatter of the storm outside rendered the silence behind the closed windows a little oppressive. Presently the little man said, "My wife is buried over there." He pointed in the direction of Cypress Hills.

"I'm sorry," I answered.

"When—"

"Just a few weeks ago."

"Was it sudden or—"

He ignored my unfinished question and said absently, "It's strange what a delicate thing life is. It can be cut off by an accidental move or even a thoughtless word. Something you can snap it off just like a thin piece of thread."

There was a clap of thunder and the downpour wrapped us in a fresh film of rain. The little man told me his story. I give it to you in his words as closely as I can remember them. . . .

Martha spent her whole life trying to build me up into something. She started right at the wedding. She was about an inch taller than me and she wore her flattest heels at the wedding and stooped over a little when the minister stood up for the ceremony. She looked so proud you'd think she was marrying a millionaire. And me only a bookkeeper at the mill.

There wasn't much about me she could brag about, but she made up a lot of things. She said she won me away from a fancy blonde named Tillie and told how I saved the company's payroll when six armed bandits broke into the mill. Of course, there wasn't any blonde named Tillie and the six armed bandits were just two fellows who looked in when they saw a light and asked the road to Cloverdale.

Martha wasn't very strong and got spells now and then. They said it was her heart. I didn't pay much attention to what the doctor said. I'd always make her rest after one of her spells and she'd come

during that time Martha got some of the red back in her cheeks and she moved around more lively than she had in years. She made me get a dinner coat with all the fixings that went with it. She had the studs screwed in the shirt four days before the banquet.

After we wrote the speech we went over it here and there until it sounded right. Each evening after dinner we'd go to the kitchen where people couldn't look in and I'd stand on a chair and make the speech. I must have delivered that speech at least fifty times.

Well, the big night finally came. When I got dressed up I looked pret-

"How did it go?" she cried. I shouldn't have told her.

around fine. Jed Miley down at the post office told me his wife was like that and as long as they didn't get any excitement or shock they could live to be a hundred. Martha always rested when I told her but she never really rested even when she was lying down. Her mind was working. She was thinking how she could make the town know what a great husband she had. I tried to explain that it didn't matter as long as we were happy. But she kept on being riled. I just kind of hoped something big would happen to me for Martha's sake.

Well, sir, it was like the hand of fate. Something big did happen at last. At least, it was big to Martha and me. Mr. Clawson, the president of the mill, was getting up a dinner in honor of the town council and asked me to make a speech!

When I came home and told Martha that evening she nearly jumped out of her skin. I had never made a speech before in my life. I was scared stiff at the thought of it. But Martha was going to prove everything she had said about me, through that speech. I just had to show Mister Clawson and the councilmen she was right.

The dinner was two weeks off and

ty good. Martha stood at the gate waving good-by and looked ten years younger. I was sort of choked up and happy. I was only sorry she couldn't come along. It was just for men, you know.

I left my car in front of the house and walked down to the Clifton Hotel so I could go over my speech just one last time. When I got there I said hello to everybody—even Longyear, president of the bank. I'd never spoken to him before. I felt pretty important.

THEY put me on the platform next to Charlie Simmons, who is quite a wit around these parts. He has one of those ventriloquist dummies and also does card tricks. He told me a few jokes and I laughed although I didn't listen. I took a taste of the soup but after that I couldn't eat a thing. The speech kept pounding in my head.

After the ice cream Mister Clawson rapped for order and made a flowery speech about the town council. Then the head of the council said a lot of nice things about the mill and how much good it had done the town. More speeches followed. Each time the toastmaster got ready to call on the next speaker I shook all over thinking it might be me. It seemed that everybody in town was making a speech. My mouth got dry.

Then Simmons got up and did his dummy act and some card tricks. He went over to the piano and sang some songs. People called for more. They all laughed and sang with him. I looked at my watch. It was eleven o'clock.

I managed to get my head clear and quickly thought over the first few paragraphs of my speech. They were saving me for the last. A sort of surprise, I thought. Then Mister Clawson got up and his voice sounded far off. He said some of the boys wanted to play poker and others wanted to sit around and chat. It was too late for more speeches. After hearing Simmons any more talk would be tame. It was a wonderful evening and everybody had enjoyed it thoroughly. They all stood up and sang Auld Lang Syne. The dinner was over.

You can't blame me for not being able to think clearly after that. I was so disappointed I got kind of numb. I sneaked out through the back door and went home. Martha ran down to the front gate and grabbed me around the neck. She cried, "How did it go?"

I said, "They didn't call on me." I shouldn't have told her the truth. It was a dreadful blunder.

### Painting Cellar Floor

Rubber base paints frequently are used for painting cement floors and basements, because they are resistant to alkali which would adversely affect some other types of paint. Before applying rubber base paints to a cement floor, any old paint should be removed with paint remover, all residue from the paint remover washed off with turpentine or mineral spirits, and the floor thoroughly dried out. A further precaution before painting cement cellar floors, either new or old, is to etch them with muriatic acid solution in the proportion of about one pint of acid to one gallon of water. If the acid solution is used the floor should be well rinsed to remove traces of the acid and then thoroughly dried before painting. Two coats of the rubber base paint then can be applied, being careful that the first coat is dry before the second coat is applied.

POLITICAL STRAW IN THE WIND . . . If not from the grass roots, at least from the cream spinach and brussels sprouts segment of the nation comes this move to make Gen. Dwight D. Eisenhower the next President of the United States. John Schwarz and Marty Snyder, two of Ike's wartime chefs fixed up this sign in front of their Manhattan restaurant. Other Eisenhower for president moves have begun in Washington, D. C., and the Midwest.

VFW LEADERS MEET . . . Ray H. Brannaman (left) of Denver, Colo., new commander-in-chief of the Veterans of Foreign Wars, chats with Louis Starr of Portland, Ore., whom he succeeded as commander, at the 48th annual encampment of the VFW held in Cleveland. Brannaman, World War I air corps veteran, was formerly senior vice-commander-in-chief of the organization. Starr also is a World War I veteran.

CARGO FOR 'FREEDOM TRAIN' . . . National archives employees seal air-tight plastic exhibit cases containing the emancipation proclamation (rear) and the constitution's 19th amendment (foreground) which gave women the right to vote. These and numerous other great American documents which helped establish U. S. freedom and liberties will be placed aboard the "Freedom Train" and exhibited to the public throughout the nation this fall.

THE ROCKETS' RED GLARE . . . Illustrating the barrage effect of rockets, this spectacular night sky pattern was made in an army ordnance department test. Nine 4.5-inch rockets, each packing the wallop of a large artillery shell, were fired at half-second intervals from a light-weight launcher. Launcher is hidden by the glare of the firing, but a similar device, nicknamed "xylophone," can be seen in foreground.

BEAUTIFUL, BEAUTIFUL . . . Ranking beauty in U. S. today is Barbara Jo Walker, 21-year-old Memphis belle, who was named Miss America, 1947, at the Atlantic City pageant. Currently a college student, she hopes to be a teacher of modern languages.

ATOMIC REQUEST . . . Dr. Caleb Greene, New York physicist, told a New York newspaper that the Irgun Zvai Leumi, Jewish underground, approached him 18 months ago and asked him to develop synthetically an "atom bomb" for it.

HEADS COUNCIL OF WOMEN . . . Dr. Jeanne Eder of Switzerland, president-elect of the International Council of Women, came to U. S. to attend triennial post-war conference of the council at Philadelphia.

DESTINATION: HERO'S GRAVE . . . Mrs. Theodore Roosevelt Jr., widow of Brig. Gen. Theodore Roosevelt, is visiting Normandy, France, to see and photograph grave of her husband, who died there shortly after D-Day.

CHANNEL SWIMMER . . . Daniel Carpio, Peruvian swimming star, successfully battled dangerous tides and heavy seas to swim across the English channel from Cape Gris Nez, France, to Dover.

### Telling Fortunes at Parties Lots of Fun

### Card Fortunes Thrill

WHETHER you're planning a charity bazaar or a party of your own, you can always count on a fortune-telling booth to keep the crowd entertained.

Bedeck yourself in a colorful turban and dangling earrings; get out a deck of cards, dice, dominoes, a crystal ball or the tea leaves—and you're set for some fun!

Our Weekly Newspaper Service booklet No. 65 explains fortune-telling by six fascinating methods. Send 25 cents (coin) for "Let Me Tell Your Fortune" to Weekly Newspaper Service, 243 West 17th St., New York 11, N. Y. Print name, address, booklet title and No. 65.

### Works While Child Sleeps

To Ease Distress of Colds During the Night

As soon as you rub VapoRub on throat, chest and back at bedtime it starts to work instantly to ease miseries of colds. It invites sleep and works for hours during the night to relieve distress. Often by morning most misery of the cold is gone. Only VapoRub gives this special penetrating-stimulating action. Try it!

## Senior News

The seniors received their rings on the second day of school. We are all really proud of them; that's why we show them around.

We have one old senior with us this year who is Jackie Walker, and we also have one new addition to our class, a musician from Oklahoma; he is Joe Mercer. We are very glad to have them with us. Some of our old classmates who have left us are Eloise Preston, Shirley Stewart, Jimmy Honea, Johnny Price, and Mary Caviness. We miss their bright eyes and smiling faces in our classrooms. (Especially Johnny's wisecracks). We announced some of our activities last week.

Watch us seniors, because we will be flashing the sky this year. Dues will be \$1 per year, if paid before mid-term.

## Juniors Organize

School days are here again, and class election day has come. The class went in for a woman cabinet and came up with the following officers: President, Lora Nell Jean; Vice President, James Stewart; Secretary, Nelda Jo Yarbrough; Treasurer, Bonnie Rankin; and Reporter, Reagan Martin. Our class sponsors are Mrs. Witt Hines and Coach Richard L. Brown. We are sure that we made a wise choice.

## Sophs For Big Things

The Sophomore class elected officers on September 15. They are: President, Max Hallman; Vice President, Dale Baird; Secretary, Shirley Taylor; Reporter, Loeita Stewart.

The Home Ec 2 girls have been studying Etiquette for the last week and hope that the book will be passed on for some of the high school boys to absorb.

The sophomore class is planning on big things this year, so watch for our column each week.

**Bulldogs Beat Stanton 12-6**  
The Loraine Bulldogs beat off the Stanton Bulldogs after they had drawn blood in the opening minutes of the game. Loraine kicked to Stanton, and the ball went on downs. Loraine got the ball and fumbled, with Stanton recovering. They were never stopped until they scored. The try for extra point failed. Stanton was ahead 6-0. Not long after, Johnson passed to McAdams in the end zone, climaxing a 55 yard drive, tying the score 6-6. The try for extra point failed again.

In the third quarter, Johnson took the ball over his own right tackle and raced 55 yards for a touchdown. The Bulldogs won 12-6.

The speech class held a meeting on Friday September 19. The purpose of this meeting was to elect officers for the following year. Those elected were: President, Bobbie Johnson; Vice President, Tommy Palmer; Secretary, Charlene White; Treasurer, Charlene White; Treasurer, Charlene White.

## Here's Speedy Relief for Tender, Aching, Burning Feet

Moone's Emerald Oil Must Give Complete Satisfaction or Money Cheerfully Refunded.

Your feet may be so puffed up and sore that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture and pray for quick relief. What's to be done?

Two or three applications of Moone's Emerald Oil and in double quick time the pain and soreness start to disappear. A few more applications at regular intervals and you're on the way to solid foot comfort.

And as for Soft Corns and Callouses, try a few applications

each night at bedtime; find out for yourself how good it is.

Nomatter how discouraged you have been, if you have not tried Emerald Oil then you have something to learn.

It's a wonderful formula—this combination of essential oils with camphor and other antiseptics so marvelous that thousands of bottles are sold annually for many distressing skin troubles.

Reddin Drug and Loraine Drug sells lot of it. Satisfaction guaranteed or money back.

52 weeks, while self-employed

Next Friday night Loraine goes to Robert Lee. Everybody that can attend the game and help to bring home another victory.

## Veterans' News

### VETERANS NEWS

Veterans entering schools and colleges this fall may expect their first subsistence check early in November, the Veterans Administration has announced.

The initial payment will include all subsistence allowances due from the start of the semester through the end of the last full subsistence period before the check is issued.

No serious delays in payment of subsistence allowances are anticipated, but VA is advising students-veterans to be able to meet personal financial obligations for at least the first six weeks of the fall term.

The time lapse between date of enrollment and receipt of the first check involves two factors. First, a veteran generally is not entitled to receive a subsistence allowance until he has been in training for 30 days. Secondly, all checks are mailed normally on the first of the month, covering the allowances due for the previous month. Therefore, a veteran enrolling during the latter part of September ordinarily would not receive his first check any earlier than the first of November.

The Southwestern area supervised by VA's Dallas Branch Office is expecting an enrollment of more than 100,000 World War II veterans in colleges and universities. The estimate for Texas is 75,370 for Louisiana, 20,068 and for Mississippi 9,267.

Half of the nation's 14,500,000 World War II veterans have received one or more payments of readjustment allowances for unemployment or self-employment since their discharge from the service, VA reported.

However, of those who have drawn upon their benefits as unemployed or self-employed veterans, fewer than eight in every hundred have claimed all of the allowances to which they are entitled under the G. I. Bill.

The law provides payments up to \$20 a week for unemployed veterans for a maximum of 52 weeks, while self-employed

veterans may claim \$100 a month, less net earnings, for a total period not exceeding 10 2/5 months.

### QUESTIONS AND ANSWERS

Q. What are some of the advantages offered to the veteran by G. I. Bill if he buys a home under its guaranteed loan provisions?

A. With a VA guaranty, the veteran has a better chance of inducing the lender to make a loan. The lender may even consider making the loan where no down payment is to be made on the home. Another advantage is the 4 per cent rate of interest which is low.

Q. Is it true that if I secure a guaranteed loan, VA will pay part of the loan without cost to me?

A. Yes, Veterans Administration pays to the lender an amount equal to 4 per cent of the guaranteed portion of the loan. For example, if the guaranteed portion of your loan is \$4,000, the lender will receive \$160 from VA to credit to your debt and you will not have to repay this amount to anyone.

Q. Can the veteran get a guaranteed loan for any type of business?

A. Yes, the veteran can get a guaranteed loan on any type of legitimate business on which the lender is willing to lend money.

Q. Can I get a guaranteed loan to buy furniture for my home and a pleasure car?  
A. No.

## Mity-Nice

## CHOICE is the keynote of today's career

### Would you go to Europe, Japan or Korea?

Or would you stay near home? Any man who has had prior service in the Armed Forces may elect to do any of these things if he enlists in the Army now for 3 years or more. He can choose to be assigned directly to duty in Europe or with one of five famous Infantry divisions in the Far East. Or he may choose to be stationed near home for the first full year of his enlistment (where there are vacancies). Men with or without prior service may choose one of the famous combat divisions in Japan or Korea.

### Would you select a career in aviation?

This you can do, and be guaranteed the training you choose before you enlist! Only requirements beyond regular physical and mental examinations are that you be a high school graduate, or that you are in the Air Force and can qualify. It's today's great opportunity to write your own ticket in the Air Force.

### Would you want to learn to fly? If you are

single, 20 to 26 1/2, and have had two or more years of college education or the equivalent, you can become an Aviation Cadet with the U. S. Air Force. Nowhere else can you get better training, for nowhere else is aviation advancing as fast or as far as in our own Air Force.

### Would you go to a leadership school?

If you have qualities of leadership, would you want to develop them to their fullest? U. S. Army Leadership Schools are now selecting likely candidates from servicemen to take these valuable courses.

The Army and Air Force are doing everything possible today to help each individual develop along the lines that he picks for himself. Army and Air Force training is thorough and take-home pay is better than most civilian jobs. Opportunities for advancement are wide open to every man in uniform. Make your choice today at your U. S. Army and Air Force Recruiting Station.

### Worthy Objectives

Lesson for September 28, 1947

Dr. New-ton

Solomon was a very wise man in many of the manifestations of his life. He had every advantage, but yielded to selfish pursuits of pleasure when he might have been serving his day and generation by the will of God.

Why do I point to Solomon as an unwise man? From his own testimony—"I gave my heart to know wisdom, and to know madness and folly; I perceived that this also is vexation of spirit. For in much wisdom is much grief; and he that increaseth knowledge increaseth sorrow."

Excellent Advice

EVEN so, Solomon was ready, by the time he wrote Ecclesiastes, to give some excellent advice. He had discovered that pomp and ceremony are meaningless—that they turn at last to ashes.

For example, "He (God) hath made everything beautiful in its time," chapter 3, verse 11. Solomon had dealt in the artificial. He had worn the most costly robes, lived in the finest palaces, had gardens set up to please any passing whim.

But now that he has come to see the vanity of men, he can at last open his eyes to the beauty which God creates. And now he has become a wise man, indeed. There is beauty everywhere if only we have eyes to see.

Words of Wisdom

THE next section of Sunday's lesson brings us to one of Solomon's greatest confessions. He says, chapter 3, verse 14: "I know that, whatsoever God doeth, it shall be forever; nothing can be put to it, nor anything taken from it; and God doeth it, that men should fear before him."

We do well to remember that God is, and that he is good, and that he is sovereign. "This is our Father's world," wrote Maltese Babcock. Here is a truth for today. In our dismay over the atomic bomb, we are about to forget that God intended for man to discover atomic energy, and he expected man to have enough moral stamina to use this discovery for his good and God's glory.

Which brings us to the heart of the Preacher's message, chapter 12, verse 13: "Let us hear the conclusion of the whole matter; fear God, and keep his commandments; for this is the whole duty of man."

Seeking the Best in Life

SOLOMON, by his own testimony, missed much of the finer things of life; but he admonishes the reader to profit by his mistake and seek the best in life. For example, in chapter 2, verse 24, Solomon says: "There is nothing better for a man, than that he should eat and drink, and that he should make his soul enjoy good in his labour."

Every boy and girl in the world knows the joy of honest work, at least I hope so. Have you grown a beautiful flower? A vegetable garden? Cut a cord of fire wood? Then you know that work is one of the essential ways of seeking the best in life.

Then Solomon comes to the first eight verses of the last chapter—a golden section for memory. It is one of the first passages of Scripture I ever learned. I trust every young person reading this column will commit that passage to memory, if you have not already done so.

Testing Life's Philosophies

SOLOMON concludes his confessions with this probing declaration: "For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil."

What is he saying? He is reminding us that whatever may be our philosophy of life, such philosophy, together with our commitments thereto, will be tested under the white light of God's ultimate truth. My conclusion is that I desire but one thing—to find and follow the will of God, which is always right and always best.

## WITH THE COLUMNISTS

DREW PEARSON

### Another Glamour Probe Due

MOST folks would think that congress had had enough of Hollywood after that Brewster-Hughes fiasco. However, another big extravaganza is being cooked up by the house un-Americanism investigating committee that will outdo the Hughes probe in names and glamour, if not headlines. Until the curtain goes up, a publicity blackout has been ordered by committee chairman Parnell Thomas of New Jersey. However, it is known that a swarm of big-name actors and actresses will be brought to Washington next month to testify on alleged communism in Hollywood.

Even if the probe doesn't prove anything—which it probably won't—it will keep Congressman Thomas' name on the front pages—always helpful when one aspires to be GOP senator from New Jersey.

Thomas and his investigators are mum about which movie stars and producers will appear. However, it can be revealed that those scheduled to be invited or subpoenaed include:

Charles Chaplin, who filmed "The Dictator"; Katharine Hepburn, who introduced Henry Wallace to a Los Angeles rally; Adolphe Menjou, Robert Taylor, Director Leo McCarey and Hans Eisler, a Hollywood composer and brother of Gerhardt Eisler, recently convicted of contempt of congress. Jack Warner, who produced Ambassador Joe Davis' book "Mission to Moscow," at a time when we were wooing Russia, also will appear.

WALTER WINCHELL

### The Washington Ticker

The administration is split right down the middle into two blocs—liberal and conservative. The conservatives are led by Secretary Forrestal, for whom the President has great respect, and include Harriman, Krug, Snyder and Clark. The liberals are Bob Hannegan, Gael Sullivan, Schwelienbach and Clark Clifford. . . . The conservative bloc wants to force the ouster of Prime Minister Clement Attlee in Britain by insisting the British will get no relaxation of the loan agreement or other financial aid until Attlee is out, a coalition government is in, and the socialization of industry is stopped. . . . With the elections coming on, Mr. Truman is listening to the liberals on domestic policy.

U. S. Ambassador Griffis is dwelling in a Warsaw hotel because the home provided by the Polish government was taken over by 30 squatters, who resist every effort to shoe them out.

Dwight Griswold will resign as head of Truman's commission in Greece. Because, he says, Greek monarchists (and our state department) are giving him "the finger." He bitterly adds that he "isn't gonna hold anybody's bag!" . . . Another Truman exec will quit and take an offer (at 60 Gs) in private industry, unless he inherits Hannegan's chairmanship of the Democratic national committee. Now why would any man want a thankless (hat-in-hand) job like that?

PAUL MALLON

### Treasury Juggles Its Figures

PRESIDENT TRUMAN found the lost figures in his fiscal midyear budget review. Although dollar volume of business and income have been increasing since January, no one around the treasury has been able to find the figures showing how much this would increase receipts, and thus justify the Republican tax reduction.

When the June 15 quarterly income taxes came in to the treasury till, the Democratic actuaries should have been able to estimate immediately how much more money they would take in this present year than they had figured. But the Republican tax reduction bill was then under consideration in congress, so the actuaries just looked dumb, and pointed to the daily treasury statement, which is an unrevealing generalization of matters fiscal.

By June 30, this statement showed receipts were actually down the first six months of this year over last, instead of up above the budget calculations. Even at the fiscal year end, Treasury Secretary Snyder merely estimated the surplus larger than expected for the closing year and warned against tax reduction, as you will recall.

By this little fiscal ruse, the Democrats caused the Republicans to use the six-month-old budget estimates of last January, which kept them on the defensive and forced them to justify any tax reduction by the amount of economies they could make.

H. I. PHILLIPS

### Super Duper Russian Tomatoes

Russia has perfected a spray that grows tomatoes three times normal size. However, the effect of them dropped on an enemy city remains undetermined.

And we still consider Russia's production of a super tomato totally eclipsed by its production at U. N. meetings of the super hard-boiled egg.

How to annoy a Republican: Send him a ticket to "The Roosevelt Story."

VANISHING AMERICANISMS  
"Here's a penny for being a very good boy all week."

WALTER SHEAD

### British Squander Recovery Funds

SEN. RAY BALDWIN of Connecticut spoke truly when he chided his Republican colleagues: "If we are to remain the majority party we must act effectively in the interest of a majority of the people. If we act only in the interest of a minority of rock-ribbed Republicans, we shall again quickly become a minority party."

The record of the first session of the 80th congress bears out the Connecticut senator's charge, but the charge fits equally well the record of the 79th congress which legislated in the interest of a minority of rock-ribbed Democrats.

Our two-party system doesn't contemplate government by coalition, but during both the 79th and 80th congress it was evident the trend toward continued progressive government was halted and the clock turned back by this coalition of southern Democrats and Republicans, aided and abetted by the pressure groups of self-interest lobbyists.

The power of recall held by the voters of the nation is helpless against this kind of government and a return to strict party responsibility, essential in our democracy, will be the best insurance against the evils of communism and fascism spreading dangerously as a result of Tory irresponsibility.

WRIGHT PATTERSON

### Two-Party System Falters

THE American people are greatly interested in the survival of England. We fully realize her value as a strong and prosperous nation to us and to all free people. We evidenced our desire for her survival by advancing nearly four billion dollars to aid in her recovery from the terrific effects of the war on her production, her economy and her

leadership. That four billion dollars has been spent in fruitless experiments and in supporting the British political party now in power. While we are willing to aid England, we are not willing to finance the experiments in national socialism which are being made by the British Labor party.

### Pastry Makes a Delightful Dessert

#### Pastry Tricks

Now that cooler weather has come, we can all indulge in a few of the richer desserts that we've been avoiding during hot, sweltering weather. Since it's cooler you won't mind using the oven if baking the pie is required, and you won't mind taking the extra time for their preparation.

There was a time when we thought of pie as something with a crust made of shortening, flour and water, but now there are many new crumb crusts from which to choose—and sometimes these are even better with certain types of fillings.

If you want a real taste delight, experiment with new crusts, novel fillings, and gather yourself a new and delicious collection of pastries from which to choose desserts. We all grow tired of eating the same things day in, day out, and there's so much new in the way of foods, it's just not a smart homemaker who doesn't find different touches to add to her menus.

Since fall is on the way, you'll be using pumpkin quite often. Here are two excellent variations of the old fashioned pumpkin pie, both of which are guaranteed to make a hit with the family.

#### Orange Pumpkin Pie

(Nine Inch)  
1 teaspoon ginger  
1 teaspoon cinnamon  
1/4 cup boiling water  
1/2 cup brown sugar  
1/2 teaspoon salt  
2 eggs  
1 1/2 cups pumpkin  
1 cup evaporated milk (scalded)  
3 tablespoons orange juice

Make a smooth paste of the spices and water. Add with the sugar, salt, and beaten eggs to the pumpkin. Stir to blend thoroughly, then add hot milk. Add orange juice and pour immediately into an unbaked pie shell. Bake in a hot oven (425 degrees) 15 minutes, then reduce to a slow oven (300 degrees) and bake until filling is just set.

#### Pumpkin Chiffon Pie

With Gingersnap Crust (Nine Inch)  
3 egg yolks, slightly beaten  
1 cup sugar  
1 1/2 cups pumpkin  
1/2 cup milk  
1/2 teaspoon cinnamon  
1/2 teaspoon salt  
1/2 teaspoon ginger  
1/2 teaspoon nutmeg  
1 tablespoon gelatin  
1/2 cup cold water  
3 egg whites  
Whipped cream

Combine egg yolks, 1/2 cup sugar, pumpkin, milk, and spices. Cook in double boiler until thick. Soak gelatin in water 5 minutes, add to pumpkin mixture. Mix and cool. When thick add remaining sugar and fold in stiffly beaten egg whites. Pour in pie shell and serve with whipped cream.

#### Crust

1 1/2 cups gingersnap or graham cracker crumbs  
1/2 cup butter (melted)  
1/2 cup confectioners' sugar

#### LYNN SAYS:

Simple Foods Are Easy To Dress Up

To steam means cooking in steam or in boiling water.

To parboil means to cook food partially in one way. Potatoes may be boiled and then to finish cooking by baking, for example.

Try some sliced, sauteed mushrooms with your pot roast if you want something akin to steak.

Tuna fish, salmon, meat and egg salads go further and look prettier if combined with hard-cooked eggs, chopped, macaroni, leftover peas, celery and green pepper.

Serve leftover sliced cold tongue with chili sauce on lettuce for a warm night or Sunday snack. Some will eat this as a salad while others prefer to make a sandwich out of it on rye bread.

### Jenny Lind's Concert Tour Created Greatest Furor

America's greatest furor was that created by Jenny Lind, the Swedish singer, during her concert tour (1850-1852) says Collier's.

Its extent is indicated by a collection of Lindiana owned by the New York Historical society which contains, among its thousands of items, scores of the countless articles on which her name and portrait were used as a trademark or decoration, such as bonnets, beds, whiskies, wallpapers and even men's fancy vest buttons.

### SNAP! CRACKLE! AND POP! SAY...

P.S. Be sure you get America's favorite rice cereal, the one and only Kellogg's Rice Krispies!

Experience is the best teacher!

Remember?

All the different brands people smoked during the wartime cigarette shortage? Naturally, smokers compared.

Choice of Experience

That's how thousands of smokers learned from actual smoking experience that cool, flavorful Camels suit them best!

MORE PEOPLE ARE SMOKING CAMELS than ever before!

SEVENTEEN THOUSAND DOLLARS from 50 acres of single cross-hybrid seed corn! That was one of the accomplishments last year of Champion Farmer John J. Gannon and his father, William P. Gannon, on their 785-acre farm near Valeria, Iowa. Hog sales totalled over 400 head. In a recent month, 16 purebred Guernsey cows, three of them dry, returned \$504.78 over feed costs. Seventy head of purebred Aberdeen-Angus cows, and their calves, provide a profitable outlet for roughage. So does a flock of sheep. The Gannons bale 7000 bales of hay annually. Careful pasture management, manure and commercial fertilizers, and a soil conservation program keep the farm highly productive. For economy and efficiency in operating their farm equipment, Champion Farmer Gannon has found it pays to depend on Firestone tires. When he and his father buy new tractors, they specify Firestone Champion Ground Grips. In the photograph, Sheila Ann Gannon with her grandfather, William P. Gannon, and her father, Champion Farmer John J. Gannon.

For more information about Champion Farmer John J. Gannon, write to The Firestone Tire & Rubber Co., Akron, O.

Champion Farmers Specify Firestone CHAMPION GROUND GRIPS

TO GET extra pulling power... longer tire life... and smoother riding, Champion Farmer John J. Gannon and his father specified Firestone Champion Ground Grips for their new tractor.

Tests show that Firestone Champion Ground Grips clean up to 100% more effectively, pull up to 62% more, last up to 91% longer, and roll smoother over highways than any other tractor tires... important facts to cost-conscious farmers.

Only Firestone Champion Ground Grips are made with connected curved traction bars. These bars clean with a plowlike action... giving the Champions more pulling power. Extra tread rubber in the bar connections gives them a "Center Bite" in the heart of the traction zone. This, too, means more pulling power. The extra rubber in the connected tread increases tire strength... lengthens tire life... money-saving points you can't overlook when you buy new tractor tires. So when you buy... buy the best... buy Firestone Champion Ground Grips.

Listen to the Voice of Firestone every Monday evening over NBC Copyright, 1947, The Firestone Tire & Rubber Co.

OUT CLEANS
