

On The BEAM

J. W. KING, SR.

Congratulations to the 28 seniors of Loraine High School upon completion of their high school work. May all of you who have a desire for more knowledge make for yourself a place in the institution of higher learning of your choice. A college education is necessary in these times if young people want to make their mark in the world. Practically all of the jobs that are available these days, to both young and old, require considerable knowledge and if you do not have the knowledge you will probably go without a job, for jobs that require manual labor are getting fewer and fewer each year as automation takes over. Even if you farm you need to have a knowledge of insecticides and all kinds of chemicals that are designed to do the work for you.

The J. W. King Park is looking more like a park all the time. Concrete cooking places have been built and we hope many people will use the facilities during the summer for picnics and outings. More playground equipment is needed. Only one swing set for small children is now on the park, but another has been donated and will be in place before long. Other things will be made or bought from time to time as money is available so that children of our territory will have a place to play without going to some other town. We need a swimming pool but they cost a lot of money and it may be quite a while before we have one.

The City is making very slow progress on its water improvement project, but work toward improving our streets is progressing satisfactorily.

LORAIN HIGH SCHOOL SENIORS HAVE BUSY WEEK

Loraine High School seniors and their sponsors have had a busy schedule since arriving home from their senior trip last Thursday.

Sunday they were accompanied by parents and sponsors and attended church at the Crockett-Smiley Church of Christ, after which they went to Villa Inn in Colorado City for their senior dinner.

Baccalaureate services were held Sunday evening in the First Methodist Church with Archie Scarbrough, minister of the Crockett-Smiley Church of Christ bringing the message on the subject "Being Up To Date." Commencement exercises were held Monday night in the high school gymnasium, followed by an all night party at Coltex Club in Colorado City.

In his message to the seniors, Mr. Scarbrough challenged them to channel their lives to a Godly way of life. He said "I am proud of you, but as you go out into the world you will confront

evil influences on every hand. We desire to live up-to-date, stay with the trend, but to be modern is not enough, we must be ahead of the times. Liquor dates back to Noah's time, the new sex ethics, free love, gambling narcotics, are not new. Archaeologists found dice in excavations which have been dated 37 A.D."

He closed his message by saying "In the world we must make a choice. The wise will choose the good way of life and not the evil, but this good way of life cannot be lived within ourselves. We must have God's strength and power on our side, and we pray that will be your choice."

Mrs. K. L. Taylor and Mrs. Rex McDaniel played the Processional and Recessional, Rev. Ray Copeland gave the Invocation and Jerris Bullard gave the Benediction.

At the commencement exercises Monday night, Mrs. Taylor played the Processional and Recessional. Jerry Church gave the Invocation and Eddie Puckett gave the Benediction. Don Richard, soloist, sang "Suddenly There's A Valley."

Irene Chavez, Salutatorian, was unable to give her speech, "Our World," because of illness. This talk was given by Gail Richard. Ronnie Finley gave the class History and Daniel Alvarez gave the Valedictory address "Dream and Challenge."

High School Principal Vance Dickerson presented awards and honors. The Valedictorian and Salutatorian were each presented scholarships to several church related schools. Each received the book, "I Dare You," put out by the Dansforth Foundation and each received trophies for high students.

Other trophies were given the high boy and girl in each high school class. Juniors receiving these trophies were David Terry and Patrice Baumann. Sophomores, Tim Hamilton and Karen Sue Long; and Freshman class, Jay Lee, boy, and Micki Jacks and Diana Baumann tied for girls, each receiving a trophy.

Other awards had been given at a special assembly program last week.

Supt. Scott introduced Dr. Joe Terry, president of the Loraine School Board who presented diplomas.

After the commencement the class and sponsors and several parents, went to the Coltex Club near Colorado City for an all-night party.

First they cooked about 80 hamburgers which were served for their midnight supper, then after the party the group left at 4:30 and went to Villa Inn for breakfast, arriving home at 6, and those who could possibly do so went to bed and some almost forgot to get up, but their last day and night together as seniors of Loraine High School was one they will always remember.

Class members, sponsors, Mrs. Ray Preston and Mr. Preston, Mr. Eddie Puckett and Mrs. Puckett and parents, Messrs. Mmes. Roy Richard, Kenneth Butler, Charles Finley, Leroy Scott and Mrs. Bill Bowles and Ray Furlow enjoyed the party.

Willard Pratt Qualifies For Million Dollar Round Table

Life insurance man Willard Pratt, C.L.U. District Manager for Equitable Life Assurance Society of the United States in Fort Worth, has attained membership in the 1968 Million Dollar Round Table, international organization of life underwriters. He is the son of Mr. and Mrs. Woodrow Pratt of Lorraine.

Less than two percent of all life insurance salesmen qualify for the Round Table in any given year. Representing more than 20 nations and 300 life insurance companies, membership of the organization in 1968 totals 6,400.

To qualify for membership, life insurance men must have written at least one million dollars in new life insurance during the previous year, and they must meet other strict performance requirements. Life Members may have earned the honor by fulfilling previous qualifications.

Candidates for first-time membership must meet all qualifications for two consecutive years, or for three out of five consecutive years, before becoming a Qualifying Member. During this probationary period, they have certified Applicant Status.

The Million Dollar Round Table is dedicated to helping outstanding life insurance salesmen expand their knowledge and improve their abilities to serve the insuring public. Personal growth is stressed in a concept which holds that informed, aware, and responsible

individuals are best able to serve the life insurance and financial planning needs of families and business.

Members of the Round Table gather each year in a week-long education meeting in which the latest information and ideas of life insurance users are presented and discussed. The 1968 meeting will be held in San Francisco June 23-28. John Gardner, former Secretary of the U. S. Department of Health, Education and Welfare will be a featured speaker.

Million Dollar Round Table members are the subject of a new book, "The Incomparable Salesmen," written by Perin Stryker and published by McGraw-Hill. It traces the development of master salesmen of life insurance, and reports their influence in their industry.

Th member-owned LONE WOLF ELECTRIC COOPERATIVE, by furnishing a low-cost dependable electric service to the most remote sections, has added immeasurably to the enjoyment of rural Texas.

So next time you feel like communing with nature . . . go ahead . . . live it up . . . thanks to LONE WOLF ELECTRIC COOPERATIVE, there's low cost rural electricity with all its creature comforts waiting around the corner.
