SHERIFFS SCORE BANKERS' REWARD

SANDINO HURLS CHALLENGE TO YANK MARINES

'BLOOD WILL FLOW' IF BATTLE IS HELD, HE BOASTS

(By Associated Press) MANAGUA, N. I. C. A. Feb. 10.—General Augusto Sandino, rebel leader, has defied the American Marines to join battle with him. Writing to the Chief Nicaraguan authority in the Matagalpa district, Sandino said he would be delighted to meet the Marines in the hills around Matagalpa and blood would flow in such a case.

He protested against the "cowardly actions of the marines" in Nueva Segovia. This criticism was thought to be in objection to the marines' extensive bombing operations from airplanes which had made several strongholds in the Matagalpa district untenable.

Has Small Army Various advices received here today placed the number of men under Sandino at from 100 to 600.

Some lines of communication between Managua and Matagalpa were cut. It was suggested that this was done by Sandino who is not anxious to have his whereabouts definitely known.

The latest advices received here, however, said the rebel leader was in Cuatro Esquinas, a small village southeast of Matagalpa, which is the center of a rich coffee growing district, toward the south. He is perfectly familiar with the topography of that district having joined General Moncada in that section almost a year ago when Moncada was head of the liberal forces warring against the conservative Diaz government.

Fliers Make Report

Fliers who returned from Matagalpa yesterday said they had not seen Sandino, strengthening the belief that he gets under heavy cover during the day. The rebel leader is thought to be headed for Mury Mury, about 20 miles to the south of Matagalpa and near the Rio Grande.

Foreigners arriving from Matagalpa said the recent arrival of Sandino near there had caused anxiety because he was believed to have 600 men with him. At that time there were only 50 marines in Matagalpa, but today there are more than 200 and it is believed that this insures ample protection.

NEW TITLE TO FRANK SMITH

MAY MAKE NEW EFFORT TO GAIN HIS SEAT IN SENATE

(By The Associated Press) SPRINGFIELD, Ill., Feb. 10.—Frank L. Smith, of Dwight, Ill., was United States senator-designate today, a title under which he expects to be admitted to the senate chambers from which he was recently barred.

The former chairman of the Illinois Commerce commission handed his resignation as United States senator-elect to Governor Len Small last night, and immediately was appointed by the governor to fill the vacancy. At the same time Governor Small called a special primary, and a special general election to allow voters of Illinois to elect Smith again, if they so choose to do.

Both special elections will be held on the same day as the regular primary in April and the general election in November.

The senate refused to seat the former Illinois official because of his acceptance of campaign funds from Samuel Insull, public utility magnate, and others.

Opinions Differ

WASHINGTON, Feb. 10 (AP)—Friends here of Frank L. Smith believe he will not present to the senate his new credentials as Illinois senator-designate of Republican Party. They believe he will prefer to retain his present status and leave settlement by the voters in the fall and November elections the issue of his rejection by the senate.

VERA CRUZ, Mexico, Feb. 10 (AP)—A severe earth-tremor was felt here last night lasting eight seconds. Many persons fled from the theaters and their homes.

BANK SHOOTING TRIAL OPENS

Trans-Atlantic Air Line Service To Be Inaugurated In Next Three Months

(By Associated Press) WASHINGTON, Feb. 10.—British interests soon will begin a trans-Atlantic dirigible mail and passenger service with American governmental co-operation. The dirigible R-100 now under construction in England, will make her first trip across within three months, using as her American terminal the naval air station mooring mast at Lakehurst, New Jersey.

Details of the plan were announced by Secretary Hoover, who held conferences with British representatives here. Other conferences will be held with the postoffice department with a view to giving the R-100 a special mail contract at a premium postage rate, such as the land air mail services are accorded.

Americans will be invited to join the enterprise, Mr. Hoover said, if the trial trips of the dirigible are successful. In that event a number of additional air cruisers would be built.

The R-100 is designed to carry 100 passengers and ten tons of mail. Its tentative schedule calls for a western trip of 48 hours and a return requiring 36 hours.

C. Dennis Burney, member of the British parliament, is representing the English sponsors of the project in conferences with officials here. He has been advised by the executive section of the commerce department that it will apply to the dirigible only the treatment given foreign ships in American harbors, which means that British regulations and supervision with respect to the liner's safety and design would be accepted by this government.

To Test New Fuel

LONDON, Feb. 10 (AP)—The Daily Mail said that the air ministry will test a new form of airplane motor running on cheap crude oil in the new airship R-101 and later in airplanes. The crude oil costs about 9 cents a gallon and at present gasoline is about 32 cents a gallon.

The motor of 650 horsepower dispenses with carburetor, spark plugs and magnets.

Charges Are Filed On Pro Violators

Formal charges of violation of the prohibition laws were filed Friday through the county attorney's office against three of five men arrested by the sheriff's department here a few days ago in raids in the southeast part of the city.

B. C. Bailey is charged with possession of intoxicating liquor for the purpose of sale; W. H. Allen, transportation; and Albert Gallimore for sale of intoxicants. Another of the five was released on payment of a fine for drunkenness, and the fifth, a youth, was released, an announcement from the sheriff's department said. Charges against the three cases as a result of grand jury investigations into the cases.

Moody To Speak To Wisconsin Visitors

AUSTIN, Feb. 10 (AP)—Governor Dan Moody and Governor Fred R. Zimmerman of Wisconsin will deliver addresses at a dinner here Sunday evening honoring the 100 Badger state residents, farmers, bankers, summer resort owners and state officials, making a fifteen day trip through southern states.

'Human Fly' Cleans Capital At Austin

AUSTIN, Feb. 10 (AP)—Babe White, "Human Fly" from Chicago, recently denied permission to scale the 300-foot Capitol dome got a job Friday, almost as thrilling to spectators as his stunt would have been.

He was put to work brushing the inside of the huge dome and cleaning the windows. He worked from ladders tied together and suspended in space by ropes more than 200 feet above the Capitol ground floor. That portion of the floor over which he worked was roped off. A workman fell from the dome a few years ago and was killed.

White uses 425 for sweeping the white dome shell and a window for cleaning the 20 round windows near the dome top.

HICKMAN, SANE, TO HEAR FATE ON SATURDAY

JUDGE HINTS THAT HE WILL ASSESS DEATH PENALTY TO BOY

(By Associated Press) LOS ANGELES, Feb. 10.—William Edward Hickman is sane and therefore accountable to the law for kidnapping, murder and mutilation of little Marian Parker.

Such is the decision of the jury which yesterday required only 10 minutes of deliberation to reach its conclusion. Whether the 19-year-old youth dies on the gallows or goes to the penitentiary for the rest of his life rests with Superior Judge J. J. Trabucco, who will determine his punishment and pronounce sentence tomorrow.

Judge Trabucco's sole indication of what his final decision might be carried little comfort for the kidnapper and slayer. In a cryptic statement at the close of the sanity trial, Judge Trabucco said: "I cannot state in advance just what my sentence will be—but you can rest assured that this defendant will be given all the law allows."

Little Doubt Left

The veteran jurist seemed to have no doubt as to the route over which he was to guide the degree of guilt. Scarcely had the jury of eight men and four women declared Hickman sane than the judge attempted to obtain a stipulation of prosecution and defense permitting him to use the transcript of the trial in making the degree of guilt.

Jerome Walsh, young defense attorney, interposed some objection and no ruling was made. Later Walsh said he had not understood the question and probably would agree to the request. Should he refuse to enter into the stipulation?

'LINDY' HANDED HAVANA'S KEYS

THROUGH MEET WHEN CEREMONY HONORS FAMOUS FLIER

(By Associated Press) HAVANA, Feb. 10.—Twenty thousand persons gathered in the famous Prado Promenade here at noon today to witness the presentation of the keys to the city to Colonel Charles A. Lindbergh.

Long before the time set for the presentation Central park was crowded with a milling throng. Included among those on the pavilion specially erected for the occasion were many Pan-American conference delegates.

Ace To Get Medal From President

HAVANA, Feb. 10 (AP)—Colonel Charles A. Lindbergh, to whom Cuba has already given her heart, tonight will receive the highest honor of the Cuban government.

The Grand Cross of the Order of Carlos Manuel De Cespedes, will be conferred upon the flyer by President Machado at the end of a banquet to Lindbergh in the National theater.

Women In Majority Women outnumbered men by at least four to one at a reception at the American embassy last night, attended by thousands of Americans and residents of Havana. Lindbergh smiled on all, but only rarely did he break his rule by shaking hands.

"I don't blame you for not shaking hands," one admirer explained, "but I'd give my right hand for a kiss."

SMITH PLEADS BOND RELEASE AT BIG SPRING

SURVIVOR OF "PLANT" AT STANTON BANK TELLS STORY

(By Associated Press) BIG SPRING, Feb. 10.—The story of the shooting in front of the Home State bank of Stanton on Dec. 23, last, in which two Mexicans were slain and a third wounded, was told here today by Victor Ramos, only survivor of the three who were fired upon.

Ramos, during his testimony, pointed out Lee Smith, deputy sheriff, as one of the two men who hired him and his companions to do some "grubbing" at a wage

BOND DENIED

BIG SPRING, Feb. 10 (AP)—Bond today was denied Deputy Sheriff Lee Smith by District Judge F. R. Smith at a habeas corpus hearing here. Deputy Sheriff Smith had been charged with murder in connection with the slaying of two Mexicans in front of a bank at Stanton last December.

of \$3 a day with board. Smith is seeking his release at a habeas corpus proceeding on the ground that he is being held illegally in connection with the shooting.

Short Delay Is Encountered A short delay was caused as court opened when Roy L. Biggs, district attorney, announced that Sheriff Frank House had not been served with a subpoena. Court recessed until the papers were served after Defense Attorney Clyde E. Thomas announced he would admit the non-service and asked for a subpoena.

Ramos said that he, Albuoto Diaz and Hario Nunez got into a truck driven by M. P. Baze, second defendant in the case, after the "grubbing" proposition had been made to them. Baze drove on until the truck had passed through Midland when they stopped and built a camp fire.

Here, Ramos testified, the two

Lamesa Road Given State Designation

A state designation, long the goal of citizens of Dawson and Gaines counties, on a western extension of state highway No. 83 from Lamesa to the New Mexico line, opening up a due east and west route to the Carlsbad caverns, has been placed conditionally, it was revealed today at division highway offices here.

Division Engineer Geo. A. Fitch has been instructed by the state highway commission to make inspection of the proposed route and make recommendations as to location, and this will be done shortly, it was said. The designation, if finally fixed, will open up a new territory to state travel, and offer direct outlet from the central part of the state to New Mexico.

WASHINGTON, Feb. 10 (AP)—The French aviators Costes and Lebriz were cheered by the house today when brought into the gallery by Representative Tilson.

ELECTRIC CHAIR CLAIMS LIVES OF HASSELL, BENTON

(By The Associated Press) HUNTSVILLE, Tex., Feb. 10.—Calmly accepting failure of last minute chances for commutation of the death sentence on the ground of possible insanity, George J. Hassell, 39, confessed slayer of 13 persons, was electrocuted at the state penitentiary here today. He was followed to the electric chair by Robert L. Benton, negro, convicted of killing B. E. Morgan, a white man at Crosbyton.

The double electrocution required less than thirty minutes. Hassell received the first shock at 12:29 a. m. He was pronounced dead in eight minutes. Benton entered the chair at 12:46 o'clock and was pronounced dead seven minutes later. Each received three shocks.

Hassell Makes Statement Asked if he wished to make a statement, Hassell said: "I would like to announce to the world that I am prepared to meet my God. I have made my confession to God and man. Man does not understand it all, but God does."

Warden N. B. Speer acted as executioner. Twenty-five newspapermen and a few prison officials witnessed the executions.

Records are Furnished HUNTSVILLE, Feb. 10 (AP)—In a prison ledger, written in red ink by Warden N. L. Speer today rested the brief record of the electrocution of George J. Hassell, 39, white, and Robert Lee Benton, 30, negro, in the state penitentiary here early this morning.

"Executed in accordance with the mandate of the law, Feb. 10, 1928," it read.

Hassell was credited with nine murders in Texas besides four in California. Benton, who was identified with the drug business here for more than half a century, and was formerly a city commissioner and president of the school board, died at his home today.

Speed King Weds FORT WORTH, Feb. 10 (AP)—George Souder, automobile race driver and winner of the 500 mile Memorial Day race at Indianapolis last year was married here last night to Miss Ruth Heemann in the rectory of St. Mary's church.

The couple left for California immediately. Souder, whose home is at Lafayette, Indiana, is well known on Texas automobile race tracks having failed at Breckenridge, Wichita Falls, San Antonio and Abilene.

May Move Plant SAN ANGELO, Feb. 10 (AP)—A committee to investigate desirability of moving the wool scouring plant from College Station to Substation No. 14, near Sonora, in accord with a resolution adopted by the Sheep and Goat Raisers association at Junction, will be appointed soon by T. A. Kincaid, president of the association.

Seventeen Killed THIONVILLE, France, Feb. 10 (AP)—A string of freight cars breaking away from a train, ran down a hill here last night and crashed into an electric car on a grade crossing. The car was crowded with homeward bound workmen. Seventeen of the 26 passengers aboard were killed. The remaining nine were injured. The motorman, apparently crazed, fled.

Quake Panic Halts As Soprano Sings MEXICO CITY, Feb. 10 (AP)—The songs of a Spanish soprano averted a panic in the Isis theater here last night, when the severest earthquake in several years rocked the city.

So intense was the tremor which occurred at 10:40 p. m. that seismographs were thrown out of order and no official record of the movement was available today. The quake lasted for several minutes.

Angeles Ottein, Spanish soprano, was giving a concert in the Isis theater when the building commenced to rock. Terror-stricken spectators jumped from their seats and started for the exits. The orchestra stopped playing, but the soprano sang on, averting a stampede.

At other motion picture theaters people rushed in darkness for the exits a drouth frankly to gain the street. No casualties have been reported, however.

The jail at Midcoac, one of the suburbs of Mexico City, was damaged.

TORONTO, Feb. 10 (AP)—A dispatch to the Toronto Star today from Timmins, Ont., said 35 men had been trapped in the Hollinger Mine by a fire in the lower levels. Four bodies had been recovered, the dispatch said.

The reports said the fire had broken out in excavations 550 feet underground and was still burning. All workers were ordered out of the mine.

WEST TEXAS OFFICERS FAVOR MODIFICATION OF OFFER AND PASS RESOLUTION ASKING IT

(By The Associated Press) VERNON, Texas, Feb. 10.—The West Texas Sheriffs' association today adopted a resolution requesting modification of the Texas Bankers' Association's \$5,000 reward for dead bank robbers so that it would read "dead or alive," and would not apply to night time robberies.

The resolution, adopted by the sheriffs in convention here, further suggested that the reward be converted before the reward is paid and that proof be offered before the reward is paid in the event of the death of the robber.

Hickman Votes "No" Ranger Captain Tom Hickman was one of the few who voted against the adoption of the resolution.

Giving as a reason for suggesting that the reward not apply to night burglary, the resolution stated that burglary of a bank at night is not known to the law as bank robbery and is punishable only by a term in the penitentiary. A death penalty can be assessed when the robber uses a gun to threaten occupants of a bank he is robbing.

Abilene Gets Convention Abilene was selected as the next meeting place for the convention in May.

The quarterly session will close late today.

Bible Ousted From Michigan's Schools LANSING, Mich., Feb. 10 (AP)—Bible reading and teaching of religious subjects, secretarial or otherwise, in the public schools of Michigan, is unlawful, Attorney General W. W. Potter has ruled.

In an opinion yesterday, the attorney general held that such practices must be discontinued by reason of provisions of the state constitution.

The ruling according to State Superintendent of Public Instruction Webster H. Pearce, affects a number of normal schools, Michigan State college, and scores of grade and high schools throughout the state. In the public schools, he said, it has been the practice to read the Bible in class, and courses have been provided for "presentation of the central principles of Christianity."

The University of Michigan, it was stated, is not affected since religious training there is conducted in a separate building not maintained by the state.

Suffering from a sudden illness, Miss Hazel Sewell, 17 year old daughter of Mr. and Mrs. B. W. Sewell, 1312 17th street, was found in a delirious condition late last night within a few blocks of her home. Shortly after dark last night she was missed from the house and a search was begun. P. C. McCoy, a neighbor, found the girl on Avenue M between 15th and 17th. She was simply dazed and might have suffered from the cold had she remained out in the night air longer.

Mr. and Mrs. O. V. Adams, 2305 16th street, are entertaining at bridge this evening.

"Foreign Relations" will be the topic of discussion at a session of Phi Gamma Mu, national honorary social science society, which is to be

held in room 218 of the Tech administration building tonight at 8 o'clock. Speakers on the program are Dr. W. A. Jackson, Gus L. Ford and C. D. Eaves.

Mr. and Mrs. J. D. Hassell, 2401 9th street, are parents of a son who was born this morning at the West Texas Hospital.

The daughter of Mr. and Mrs. Albert Fryar who is ill with pneumonia, is slightly improved this morning, according to reports from the Fryar home, 1010 8th street.

The J. B. Jackson baby is ill.

The Cotners club meets this evening with Mr. and Mrs. Hub Jones, 2114 13th street.

Ticket Sales For Banquet Are Good

Tickets for the annual banquet of the Lurbock Chamber of Commerce and Board of City Development, which is to be held Friday night, February 17, are considerably in demand; it is revealed in first reports of sales today at the office of the organization, where they were placed on sale today.

An announcement today of plans for the occasion included the statement that the meeting is open to the public, with no special invitations extended to anyone but that there will only be 150 tickets available to local people, and first come first served. Tickets are on sale at the chamber of commerce offices. Pledges will be laid for about 250, the surplus to provide for visitors from surrounding towns.

A BLEND THAT HAS HELPED TO MAKE New Orleans World-famous FOR ITS COFFEE

TRAVELERS, who have sailed the seven seas, have for generations praised the good things they have found to eat and drink in New Orleans—seafoods, pastries and all of the fascinating creations of noted French chefs.

Above all, they talk about the wonderful coffee to be obtained in the restaurants of the Old French Quarter. Here they have found exquisitely-different coffee—full, rich, and satisfying with a delicious, haunting fragrance, and a flavor that once tasted is seldom forgotten.

Today this pure coffee, blended to perfection, is being roasted and packed in air-tight vacuum cans, and sold over grocers' counters in hundreds of cities.

Lovers of good coffee who know and appreciate the best, will find Morning Joy Coffee a real treat. You can get it from your grocer.

MAJOR LEAGUERS MOBILIZE FORCES FOR TREK TO SUNNY CLIMES

CHARLEY ROOT SIGNS UP FOR CHICAGO TEAM

ACE PUTS JOHN HENRY ON ONE-YEAR PAPER; TERMS SECRET

(By the Associated Press)
CHICAGO, Feb. 10.—The gathering Cubs, preparing to set sail Sunday for their spring training camp at Catalina Island, were cheered today with the news that Charley Root, winner of 26 games on the hill for the Cubs last year, had come to terms with Manager Joe McCarthy at Los Angeles.

Root returned to contract unsigned, but President Veeck and McCarthy talked over the situation, and evidently evolved a proposition that proved satisfactory to the Cub mound ace when it was delivered to him on the coast by McCarthy yesterday. It was for one year, but the terms were not made public.

Yanks To Take 35 To Florida Camp

NEW YORK, Feb. 10.—The New York Yankees will go into training at St. Petersburg, Fla., with a squad of 35 players, Secretary Edward G. Barrow announced today. All with the exception of four players have signed contracts for 1928. Barrow said. The contingent consists of fourteen pitchers, five catchers, nine infielders and seven outfielders.

JACK HOLLAND PLEASED WITH INDIAN TRIBE

ANOTHER HURLER PLUS A GOOD OUTFIELDER ALL HE NEEDS

(By Associated Press)
OKLAHOMA CITY, Okla., Feb. 10.—One more seasoned pitcher and a hard-hitting outfielder are wanted by John Holland, owner of the Oklahoma City Indians. Holland is presently well satisfied with the prospects of the Indians as the 1928 campaign in the Western league approaches.

Contracts for nine pitchers are included in the 25 contract blanks which have been mailed to prospective Indians. But Holland declares he needs another veteran before he is content.

Labor May Go Up
Ovila, Lahae, member of last year's team may be sold before the start of the season. Lee Craig, George Derron, Frank Tabbs, and Steve Ellis, hurlers from last year, will be back. Four rookie pitchers will be given a trial by Holland and his new manager, Howard Gregory, during the spring training session.

Barnhardt of Melvin, Iowa, who saw some service in the Mississippi Valley league last year, is the most promising youngster on the list.

The Indian infield this year likely will include three members of the 1927 team—Galen Huffman, at first; Jack Saltzgraver, at second; Lou Brower, at short; and Peewee Lewis, a newcomer to the team, at third.

Rookie May Star
Diamond Jackson, flabby second baseman with the Broken Bow, Oklahoma semi-pro team last year, comes to the Indian staff highly recommended, and with a nice playing record behind him.

Chester Guony, Jack Fitzpatrick, and Eddie Crabtree likely will start the year in the outfield. Garden of Fitzpatrick and Guony were members of last year's team. Two Oklahoma sandlotters, John

Get Fat Contract

You might be laughing too, if you had a funny thing like that in your hand and had just signed a three-year baseball contract calling for a salary well up in five figures. Charley "Gobby" Hartnett of the Chicago Cubs, has another reason to look nice and pleasant, though, because he is the best catcher in the National League. That funny looking thing he has in his hand is a bat or something that the Cubans use in their national game, JaiAlai, which is said to be the fastest game in the world and which has become a vogue in Chicago.

SANGOR BEATS BUD TAYLOR IN CHICAGO BOUT

TECHNICAL KNOCKOUT SCORED AS TAYLOR CLAIMS FAUL

(By Associated Press)
CHICAGO, Feb. 10.—Paul Phren, chairman of the Illinois State Athletic Commission, ordered Bud Taylor to appear before the commission's physician today for examination as to his claims of foul which retimed his sensational battle with Joey Sangor, of Milwaukee, in the seventh round last night.

CHICAGO, Feb. 10.—A "five minute count" wasn't long enough for Bud Taylor, world's bantamweight champion, last night and he lost his fight with Joey Sangor, Milwaukee featherweight, in the seventh round.

Coates of Stillwater and E. L. Hall, of Tryon, will try for a berth in the outfield.

Holland and Gregory are not worrying over the catching job this year and have signed only Pete Groft, veteran of two years, and Arndt Jorgens, an understudy of Groft last season.

The pitchers and catchers will meet Gregory and Holland at the Indian training camp at Weatherford, Texas, March 1 to begin work. Five days later the remainder of the club will sign in for the training session.

Two exhibition games have been scheduled with Fort Worth of the Texas league, for March 10 and 11.

MATADORS WIN FROM INDIANS IN FINAL GAME

COPPAGE PUTS TECH IN LEAD IN FINAL FEW SECONDS OF GAME

Flashing a final two minute rally in which three shots from the floor placed them in the lead, the Texas Tech Matadors came from behind last night to nose out the McMurry Indians, 41 to 40, in their fourth victory over the Abilene team this season. The victory placed Tech's percentage of wins much higher than it had been in the cage season since the establishment of the school. They have won seven games and lost six.

Coppage Helps
It was the work of "Fsn" Coppage, from Hollis, Okla., that placed the Tech in the lead, as the score book reveals two shots during the lingering moments of the game. A beautiful loop from behind the foul line wished victory for the locals only a few seconds before the gun.

The Indians, led by Ledbetter, who was in a scoring mood last night, were in the lead all through the contest, the count being 26 to 20 at the end of the half. Ledbetter's eye for the basket was sure and he registered 18 points during the affair, closely trailed by Meekin, leader of the locals, who chalked up eight field shots and one free throw for a total of 17 points. West added 14 to the list.

Numerous Fouls
The game was packed with brilliant floor work and speedy passing throughout with the Matadors slow in putting their plays to work. The Indians had scored seven points before they registered. Fouls were numerous during the latter part of the game and Dope White and Ransome Walker were both forced from the game because of excessive personal fouls. Jennings of the locals and Park, Indian guard, were banished from the floor by Referee Morgan in a short verbal conflict.

Given Five Minutes
After an examination by a physician and a consultation of the judges and the referee, Taylor was given five minutes rest. At the end of that time he still was unable or unwilling to continue, and the decision was given Sangor.

Paul Phren, chairman of the Illinois Athletic Commission, said the matter was entirely in the hands of the officials and the physician. He indicated the commission would have nothing further to say in the subject.

The fight, which was to have gone 10 rounds, was one of the most vicious a Chicago ring has shown in many months. Sangor outweighed the bantam king by slightly more than five pounds. His straight rights began shooting out with the first seconds of action, and Taylor's chin was a frequent mark for them.

Championship Power
Taylor on the other hand used left hooks varied with an occasional jab, but the Milwaukee fighter kept coming in. There were bursts of championship power in which Taylor's fists flew to Sangor's face like hail.

The pace from the first bell was exceptionally fast. Both men were prodigal with their legs, taking punishment without flinching in return for a chance to do damage themselves.

Ten thousand persons, a capacity crowd, paid approximately \$40,000 to see the fight. It was the fourth meeting of these two boxers. Sangor holding two decisions and Taylor one. Taylor's title was not at stake.

125 GOLFERS ARE ON THE LINKS IN CENTRAL TOURNEY

HOT SPRINGS, Ark., Feb. 10. (AP)—Fast sand greens and firm fairways lay before some 125 golfers for the starting round of the South Central Open Golf tournament which called for 18 holes today, a like number tomorrow and a 36 hole-final round Sunday.

Bobby Cruickshank, the wee Scot of the links was out in defense of his title which was challenged by the National Open Title holder, Tommy Armour. Billy Burke, MacDonald Smith, Bill Melhorn, Joe Kirkwood, Al Watrous, Johnny Golden, Larry Nalholz, Harry Cooper, Joe Turnesa, Al Espinosa and others of the top notch class in the game.

The first threesome will get off at 10:30 a. m. others following at five minute intervals. Pairings include: MacDonald Smith, Bobby Cruickshank and Jack Vilas, of Hot Springs; Bill Melhorn, William Burke, and Harold Long, Oklahoma City; Tommy Armour, Joe Kirkwood and Ed Dudley, Hollywood, California.

Canzoneri Rules As 8 To 5 Favorite

NEW YORK, Feb. 10.—Tony Canzoneri of Brooklyn and Benny Bass of Philadelphia are opponents in a 15-round bout at Madison Square Garden tonight for the featherweight championship of the world. Canzoneri with an advantage of two inches in height and about one-half inch in reach rules the favorites by 8 to 5.

Death Warrant Of Pugilist Is Signed

BATON ROUGE, La., Feb. 10. (AP)—Governor Simpson has signed the death warrant for Matt Seminary, 29, alias "Battling Nelson," pugilist, convicted of the murder of Ralph Sturdy, 27, in New Orleans on October 15, 1926. The execution is to take place on March 9 between 12 noon and 3 o'clock in the afternoon.

Cochran Wins From Billiard Champion

INDIANAPOLIS, Feb. 10. (AP)—Welker Cochran of California, who recently lost his title as 182 Billiard Champion to Jake Schaefer, present champion, overwhelmingly defeated Schaefer in two exhibition matches here.

Cochran totaled 400 in eight innings in last night's match to 233 marked up by Schaefer. Cochran had an unfinished run of 310, his highest. Schaefer's highest was 159.

Cochran defeated Schaefer yesterday afternoon 400 to 37 in six innings having high runs of 162 and 133.

CONFERENCE CAGE RACE LEAD TO BE DECIDED TONIGHT

FAYETTEVILLE, Ark., Feb. 10. (AP)—Southwest conference championship aspirations of Southern Methodist university of Dallas, and Arkansas university of Fayetteville, will be at stake when quintets from the two schools meet here tonight in the first of a two-game basketball series.

Arkansas and the Mustangs both have won six conference games, and when the crucial series here is ended will have passed the halfway mark in their schedules, both teams having four comparatively easy games left to play.

Smart Spring Millinery

Women's preference for hats of true smartness reaches the height of perfection in these new modes for Spring. The new hats are fashioned of satin, crin, straw, crinnette, and the ever popular felt. Some are trimmed across back and forward, covering the ear, while others follow the up in front trend with decoration at center. Ribbons, pleats, bows and buckles provide the medium for many of the trimmings.

This collection shows favored shapes—each one carrying the air of real Spring smartness.

POLITICAL FIRES BURN BRIGHTLY ON CAPITOL HILL AS SENATORS DISCUSS LIKELIHOOD OF CAL'S RUNNING AGAIN

WASHINGTON, Feb. 10 (AP)—Political fires are burning brightly on Capitol Hill and in the eddies of the senatorial debate fanning them, a large and smoky question mark has been waited to the White House, where President Coolidge saliently watches.

Most of the fire has come from the LaFollette anti-third term resolution, with Senator Fess, Republican, Ohio, throwing on timber with his renewed prediction that the next republican convention might nominate President Coolidge. Other speakers, both in the senate yesterday and in their glare was pictured the names of both outspoken and silent candidates and an issue that is not permitted to rest—prohibition.

Prohibition Is Question

The inflammable prohibition question was raised by Senator Borah, republican, Idaho, who as its defender is deeply curious concerning the views of presidential candidates. He invited Secretary Hoover and Senator Willis republican, Ohio, to state publicly how they stand on "this important issue." Recently Borah quizzed Senator Curtis of Kansas, another republican candidate, and the latter replied that he was the strict law enforcement.

Just before the senate got well started on the LaFollette resolution with debate sufficient to postpone for a second time a vote on it, Senator Watson of Indiana announced himself as a republican candidate for president. At the same time the Indiana delegation in congress, Senator Arthur Robinson and the house members, announced their support of Watson. He is the third senator to announce his candidacy and the ninth to be voluntarily or otherwise entered in the field.

Another republican political development was the flat declaration of Chairman William M. Butler of the national committee that reports that the June convention might be taken away from Kansas City were not true. After he met with a part of the committee handling arrangements for the convention he said the full committee's earlier decision giving the meeting to Kansas City was final and that "there never has been any thought of taking it away from Kansas City."

Might Be Coolidge

Senator Fess' prediction that the republican might finally turn to Calvin Coolidge brought a rapid

Three Bears Killed By Only Two Shots

PORT TOWNSEND, Wash. Feb. 10 (AP)—Killing three bears with two bullets is a feat to which Paul Hinton, Port Townsend hunter, can point. He met an old bear and two cubs near Port Ludlow. The rifle and his first bullet killed them both. Hinton dispatched the mother bear with a second shot.

BANK SHOOTING

(Continued from Page 1)

who employed them produced a gallon of "moonshine" and the three Mexicans drank it all. Baze and Smith did not drink, he said. After about two hours the five got back into the truck and went in to Stanton. When they reached Stanton he was asleep. Ramos declared.

The two men awakened him and told the three Mexicans to "get out of the truck and wait here until we come back." Ramos said they stood on the corner at the bank until the two men returned, and Smith cried out "Vamos" and the shooting began. He said that his two companions fell, dead and he was that four times but continued running.

Baze overtook him and began leading him on the head with a revolver. Ramos testified, and he agreed for mercy, but Baze told him to go on, but if you return I'll kill you.

Ramos admitted he did not see Smith fire any shots, nor did he see a gun in Smith's hands. He did see Smith with a rifle after a watchman had brought him back, he stated.

Ramos testimony was in broken English and tears appeared in his eyes as he described the shooting.

Baze is being held in the jail at Midland awaiting action of the Martin county grand jury which convenes on March 26.

Thought For Today

For a living dog is better than
a dead lion.—Eccl. 9:4

Coleridge cried "O God, how
glorious it is to live!" Benan asks,
"O God, when will it be worthwhile
to live?" In Nature we echo the
poet in the world we echo the
thinker—Gould.

Walsh Is Smart

In the earlier days of our country
there was no man who could
win the admiration and respect of
his fellow citizens like the man
who was "smart" in the olden
times—the man who understood
the ways of the world and knew
how to get on in it.

That sentiment is not quite so
strong now. If it were we believe
that one of the most admired men
in the country would be the well
known senator from Montana,
Thomas J. Walsh.

Every since he began investigating
the Teapot Dome business four
years ago Senator Walsh has
displayed this quality strongly. But
he never showed it so much as he
did the other day in question Col.
Robert W. Stewart, chairman of
the Standard Oil of Indiana.

Colonel Stewart was in Havana,
and his counsel appeared for him.
When Senator Walsh remarked
that he would like to have Stewart
appear before the Senate, the
counsel interposed, but said that
the counsel was very busy in
Havana on matters of great im-
portance.

Another man than Walsh might
have sighed "too bad, too bad"
to have seen the lawyer who
was asked to appear before the
Senate. He read aloud various
articles in the society columns—
articles which told how the chairman
of the Standard Oil of Indiana was
gracing the Havana social
functions with his aristocratic
attending dinners at the yacht
and jockey clubs going to the
cathedral and that, behaving in short,
exactly like a man who is thoroughly
enjoying a vacation.

Senator Walsh read these arti-
cles. Then he said to the lawyer:
"Think that without further
discussion you would better call
Colonel Stewart that the Senate
committee on public lands expects
the prompt attendance before it
of the chairman of the Standard Oil
of Indiana?"

A very, very sharp chap, that
Montana senator. What a name he
would have had in the olden days
when chivalry was properly ad-
mired!

A Real Race

With all the respect in that
country for the honor of the
country, we were not able to get
much of a kick out of those wide-
ly-advertised yacht races to which
we are so fond of bringing new
boats.

They are so held about with
regulations and rules and
regulations that they lack appeal
to the average landsman. If
the wind is still the great sloops do
not race; if it is light, they go
along so slowly that the punch of
the contest is lost.

This summer, however, there will
be a yacht race "as is a race." The
king of Spain is offering a cup for
a yacht race from New York to
Spain. A large number of sea-
going yachts have entered already
and you can look for some real
thrills when the race takes place.

Yacht races have been held
before and they are con-
sidered for real sailors. So daringly
do the yachtsmen crack on sail that
the affair is truly risky; hardly a
man of this type has been held with
out one or more sailors being lost
overboard from one or another com-
peting yacht.

Watch for this race this summer.
It will give you some real thrills.

The day is coming when
the world will be ruled by a
scientist. Maybe he has been
studying law.

THE PLAINSMAN

That girl on Broadway says life
is like a washing machine. You get
out of both just what you put in-
but you'd never recognize it.

The announcement yesterday
that Montgomery Ward and
company would be in business
here within the next 90 days is
more important than it appears
at first glance. The fact that this
great concern—which is al-
most the largest in the world—has
chosen Lubbock means that another
group of business men have
reached the decision that the
tip of the Plains offers a real
business site.

In casual conversation about the
city, the Plainsman discovers
that many people have a mistaken
idea about the Montgomery-Ward
company of today. Many of us re-
member it as the Chicago mail
order house from which the pre-
sent examination has grown—while
in reality it is much more of an
establishment than most folk realize.

In addition to the mail order
business, operated by the com-
pany from its Chicago head-
quarters and with branches in
a number of other cities, Monte-
gomery Ward has branched out
into a retail business, just like
any other chain store organiza-
tion and within the next two
years will have established 1-500
retail stores throughout the
nation. Plans of the company,
according to information re-
ceived from its Texas head-
quarters at Fort Worth, are to
establish a retail store here and
also a mail order business over
the South Plains. In both
respects will Lubbock be
strengthened as a business and
trading center.

The operation of a mail order
house of course necessitates the
making of many catalogues. Im-
agine, if you can, the benefit Lub-
bock's postal receipts will receive
through this one part of the busi-
ness. Greater postal receipts in all
probabilities will make for the erec-
tion of a federal building here at
an earlier date than otherwise.

Another benefit that will come as
a result of the new entry, located
in the further extension of the
local district, is the building at
1107-09 Thirteenth
street, under a lease time lease,
property owners between Avenues
J and L, on the same thorough-
fare will no doubt erect business
buildings upon their lots, bringing
new and improved buildings
forth. From any standpoint, the
entrance of Montgomery-Ward into
Lubbock will benefit the city.

The merchants of the city
even though many of them will
be in competition with the
newcomer, will likely be bene-
fited. The history of the retail
business proves that with every
new store of a larger size more
people from the surrounding
territory are drawn into the
city to do their trading where
there is a greater choice avail-
able. The more people who
trade in Lubbock the more busi-
ness there will be—which is
just another way of saying that
prosperity will be more wide-
spread.

Back in 1923 when the bor-
ing board of Texas Technological col-
lege decided to place that institution
in Lubbock its decision had the
same as said Lubbock is the best
site for a great state school in all
"West Texas." The great business
development in choosing Lubbock
for its South Plains head office
is practically said Lubbock and the
surrounding territory offers more
to the business house than any other
city in the territory. What the
entrance of Montgomery-Ward
really means is added business
development.

The West Texas Sheriffs' as-
sociation in a recent resolution
passed at Vernon, Texas, Bankers'
association to modify its blood
money offer of \$5,000 for the
dead body of a bank robber.
This will probably be had news
for Mr. William Masten, Fort
Worth banker and head of the
association who said in a recent
issue of Banker's magazine that
with the exception of a few dis-
senters, practically every news-
paper in the State lauded him
and the organization for tak-
ing the stand that they did.
The Plainsman is glad to see
the sheriffs take the position
that the offer is wrong. There
is no reason to "combat" one kind
of lawlessness with another.

That man on Avenue Q says
one folk he made at night while
others just do their living in the
day time.

Hats off to the jury trying Wil-
liam Edward Hickman. In this day
and age its members deserve rein-
forcement for doing their duty.

When The Marines Arrive It Appears That Things Grow
Rather Serious For Innocent Bystander, Dutcher Says

BY RODNE YOUTCHER
NEA Service Writer

"If the Army and the Navy
Ever look on Heaven's scenes
They will find the streets are
guarded
By the United States Marines."

After that, though the marines
soon end there, there will un-
doubtedly be a few casualties among
the innocent bystanders to be taken
care of by the heavenly under-
takers.

In the last batch of bills received
from Capitol Hill, one finds,
without bothering to make a com-
plete list, these provisions for legis-
lation.

To pay the British government
\$1000 as indemnity for the death of
Samuel Richardson, a British sub-
ject "alleged" to have been killed by
U. S. marines at Consuelo, Domini-
can Republic, Nov. 1, 1921.

To pay the Chinese government
\$500 for the death of Chang Lin,
"alleged" to have been killed by an
American soldier at Leichuan, San Do-
mingo, in 1923.

To pay the British government
\$200 for the death of Edwin
Tucker, killed by a U. S. army am-
bulance at Colon, Panama, in 1924.

To pay the British government
\$1000 for the death of Ethelbert
Myre, killed by a U. S. army truck
in the Canal Zone in 1921.

About \$400 apiece to the Nether-
lands for two Dutch subjects killed
while the U. S. government ship
Canabas was loading at Rotterdam
in 1919 and amounts ranging from
\$25 Mex. for Mexico to \$23,791.35
for Great Britain to several foreign
nations in settlement of claims of
Dutch subjects arising out of the
occupation by American bluejackets
of Vera Cruz in 1914, Austria,
France, Germany and Spain are the
other recipients.

Although payment is rather late,
we still don't admit liability, as it
is provided that all payments shall
be made "as a matter of grace and
without reference to the question
of liability therefor." Even in do-
ing the decent thing, we often have
to be self-righteous about it.

Thoughtful Jim Walsh, senator
from Indiana introducing a bill to
regulate amateur boxing and ban
professional boxing in the District
of Columbia aimed it not only at
"whosoever shall voluntarily en-
gage in a pugilistic encounter be-
tween man and man," but also at
he who engages in a fight between
a man and a bull or any other ani-
mal.

Senator Frazier of North Dakota,
apparently persuaded by the In-
ternational Longfellow Society, that
the New England poet should be
more highly honored than any other
American except Lincoln, has a bill
the law of "grab and run" is en-
forced.

Something of the problem can
be gained by contemplating that in
one building in Wall Street bet-
ween 10,000 persons—the popula-
tion of many a little town—come
and go to and from work each day.
Many others contain from 2500 to
5000 persons and as many as a
dozen such buildings are contained
in a few blocks.

Men will always take a step on
this problem of sex equality—ex-
cept in a street car.

UNDERLYING CAUSES OF
CRIME

The so-called crime wave has
been much discussed. Authorities
on crime believe that the continual
printing of crime stories with pic-
tures and minute details probably
incites certain types of minds to
the thought of crime.

A leader in crime study says he
does not believe the oft-expressed
thought that the late war tended to
produce criminals, for few in the
ranks were of the type to make
professional criminals. He states
that those who were children in the
years from 1914 to 1921, are
now young people; that during the
war they heard many unwholesome
thoughts expressed. They heard
their elders talking about how to
get all the sugar and other essentials
they could despite government ap-
peals for conservation. They saw
develop a spirit of defiance and in-
dividual disregard of law.

The average person's income was
greatly increased, extravagant habits
were developed by children and
grown-ups. Many preferred to in-
clude in great luxuries rather than
pay taxes prescribed by law. These
habits extended beyond the family
through institutions. There devel-
oped an "unwholesome atmosphere"
breathed by the children of the war,
which children are now the young
men and women from whom the
majority of those committing crimes
come.

The fact that this theory may
not be in accord with that held by
the majority, is one of the justifica-
tions for the existence of the national
crime commission which is trying
to assimilate all the theories
it can bring together, and hopes to
evolve from them reasonable explana-
tion and practical remedies.—The
Denison Herald.

There seems to be many ideas re-
garding the cause of crime and
there are many reasons for it, but
possibly the one great reason for
crime is the fact that the parents
of today (and this condition has
been going on for the past ten to
fifteen years) have no control over
their children or at least do not
undertake to control them as they
should, and the younger generation
is allowed to ramble around at will
over the cities and the country, and
have an opportunity to engage in
many of the things that the people
of thirty years ago did not. The
swift transportation that we have
now in the automobile allows folks
to go further and faster and of
course increase the field of action,
and the ability to see many things
that they would not be tempted with
under other conditions.

The fact too that the parents of

today are not living the strict and
moral lives that parents of former
days did adds to the trouble. The
churches are not demanding of
their members the pure and intense
Christian life that they did
in days gone by. The pulpits are
liberal in its interpretation of the
scriptures. The standard of living
is not as high as it was at one time.
The people are getting more of the
crime of the land now than ever
before. They are getting it on the

movie screens, on the front pages of
the newspapers, on the radio, and in
every conceivable manner. It is no
wonder then that there is more
crime and there will continue to be
more so long as there are a lot of
fellows who are trying to make a
living without work, and who are
breathing the atmosphere of crime
all the time, and with the very best
people of the land, looking lightly
upon the evil, that lead up to these
criminal actions.

SOLONS' VIEWS ON TAX PLANS ARE GIVEN OUT

DEMOS RAP DELAY AS REPUBLICANS URGE CAUTIOUS ACTION

(By the Associated Press)
 WASHINGTON Feb. 10.—Views of Democratic members of the senate finance committee favoring immediate and "full" tax reduction and of the Republicans for cautious and conservative action of the pending revenue measure have been presented to the public in the talking movies by Senator Harrison of Mississippi, Democrat and Senator Edge of New Jersey, Republican.

Senator Harrison in his speech complained of the insistence of the administration on delaying action on the tax measure until after March 15. Senator Edge warned that "unsafe tax reduction while temporarily acceptable to the public would be harmful and unfortunate."

Republicans Hold Balance
 Meanwhile the Republicans appear to be holding sufficient strength to keep the tax bill before the committee until after March 15 when an insight into prospective revenue for this year can be obtained from first tax returns.

In every year since 1922 Senator Harrison declared in his talk for the merits. The government's revenues have exceeded the treasury estimates from \$100,000,000 to \$300,000,000 in the consideration of the last three tax reduction bills because of the misleading treasury estimates and the influence of the administration we were restrained from giving the amount of reduction that the treasury warranted.

While the imposition of taxes is a necessity they are at the same time burdens and should never be laid upon the taxpayer in greater amount than is required to meet the requirements of the sinking fund that the national debt may be paid in reasonable time and those requirements necessary for the rational and economical administration of the government.

Excessive Surpluses
 Excessive surpluses should not be piled up at the expense of the taxpayers. Last year notwithstanding the fact that we had accumulated a surplus of \$650,000,000 the administration and its cohorts in the congress refused a reduction of taxes. This year with an estimated surplus of \$750,000,000 in the treasury and with the house of representatives having passed a tax bill as its first order of business the senate through the influence of the administration refused to consider the question and has employed every means to delay immediate passage of the revenue bill.

The issue is made. The battle lines are drawn in the congress and I call upon the American people to uphold the hands of those of us who are battling in congress for immediate and full tax reduction.

Statement of Edge
 Senator Edge said:
 "In my years of active business experience I learned it never paid in the long run to declare or pay a

dividend unless it was earned. Likewise even when profits were made it was wisdom to put a reasonable portion aside for the proverbial rainy day.

A small dividend reserving a fair surplus indicates prosperity and good management. A large dividend and no surplus is deceiving and encourages waste and extravagance. In my judgment the above fundamental business principles should be all-controlling in conserving and distributing the income of the government. Frequent but conservative dividends to the pub-

Kerrville Murder Retrial Case Set

KERRVILLE, Tex., Feb. 10 (AP)—Trial of Pat Forrest, 22, alleged slayer of Will Gray, San Antonio bus driver, in Bandera county in August of 1926, today was set for Feb. 14, and a special venire summoned.

Last August Forrest was tried on the murder charge and sentenced to life. The case was reversed and remanded by the court of criminal appeals.

At the first trial the state declared Forrest killed Gray after both men had taken several drinks. Forrest then drove his automobile over Gray's body, the state attempted to show. Forrest admitted responsibility for Gray's death, but pleaded self defense.

ALMOST A MYSTERY

SEATTLE, Wash.—It's no crime to sleep in a dog house. But when a small farmer boy living on the Des Moines highway near here took a nap in one he had his mother and authorities believing a crime had been committed. A frantic search of the countryside ended when someone spotted the boy's shoes protruding from the dog house of a neighbor.

Tariff Increases On Onions Urged

WASHINGTON, Feb. 10 (AP)—Growers of a dozen states went before the tariff commission today with a plea for a 50 percent increase in the duty on onions.

Flooding of the eastern markets by Spanish and Egyptian producers, regardless of the present tariff of one cent per pound on imported onions, was charged by Senator Gooding, Republican, Idaho, and Representatives Garner, Democrat, Texas; Summers, Republican, Washington; Treadway, Republican, Massachusetts; and Tauber, Republican, New York. This, they said, presented the necessity for an increase under the flexible provisions of the tariff act.

Actor Carries On At Mother's Death

AUSTIN, Feb. 10 (AP)—The theatrical tradition that "curtain must go up" was borne out here Wednesday night, when George Gaul, star in the Bernard Shaw comedy "Arms and the Man," played by the New York Theater Guild Repertory company, went through his part after receiving a telegram from Philadelphia that his mother was dead. The Austin American says:

The wire came five minutes before the curtain went up. One of Gaul's episodes was to exhibit concern on receiving news of the death of his father in the play. Gaul has no understudy.

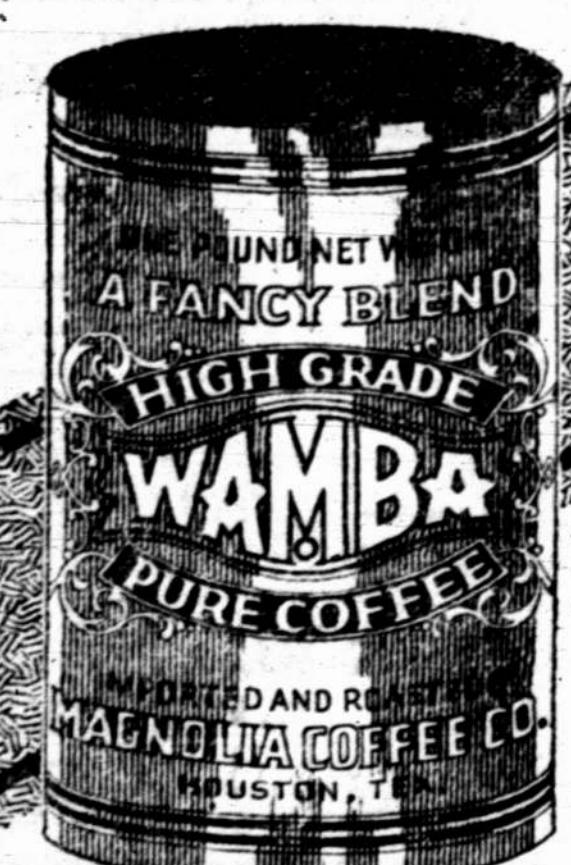

MEXICO BREAK ASKED

PARIS, Feb. 10 (AP)—A Havas dispatch from Budapest, Hungary, says that the Christian social party there has asked the government to break diplomatically with Mexico "because of the religious persecution" in that country.

PARTIES call for sweets—and sweets call for Imperial Sugar.

Dainty, heart-shaped cookies—glistening with the gem-like grains of Imperial—pecan candies of many varieties—checkerboard cookies, cunningly formed of light and dark cake dough—shaggy, fragrant coconut balls—these and a myriad of other sweetmeats give your parties individuality.

When your recipe calls for sugar—be sure it's Imperial. The Imperial-marked bag guides you to pure cane-sugar of the highest grade—scrupulously clean, of rare quality, and sparkling as a heap of diamonds.
