Percy Parsons Named Manager Olton Chamber Of Commerce

Chamber of Commerce president, Max Malone announced this week that Percy Parsons has accepted the position as Chamber of Commerce manager on a part time basis.

Following the resignation of Charles Polk last month, Parsons was asked by the board of directors to assume the responsibilities on a part time basis, with a full-time secretary being employed.

After due consideration, Parsons accepted the position and assumed duties of manager, following a board of directors meeting Tuesday morning, when he revealed his decision.

"We feel that Parsons is a very capable person and has

the interest of the town at heart and will do his very best in his new role as chamber of commerce manager," stated Malone.

Parsons, who is local fun-

eral director, and his wife, Margaret have three children, Mike, age 14, Dale age 12, and Rhonda, age 8. They are members of the First Methodist Church.

Keogh Bill To Be Discussed

The special dinner meeting for discussion of the Keogh bill previously scheduled for Tuesday night at Hamill's will be held tonight at 7:30.

Pension consultants from one of the leading consulting firms in the southwest will be on hand to discuss the Keogh bill and answer all questions.

Husbands and wives are both urged to attend. Due to the complexity of the bill, the dinner meeting will be held to a maximum of 20 couples. Call 285-2404 for reservations.

Trinity Mission Revival Slated Feb. 12-18

Trinity Baptist Mission has scheduled revival services to begin Feb. 12 and continuing through Feb. 18. Services are set for 7 p. m. each evening. Ramiro Rodriguez, pastor of the Cotton Center Mission will be the evangelist. Marcos Garcia, pastor of Trinity Mission will be song leader.

The public is invited to attend the services. A nursery will be provided.

Local P-TA To Feed 35 Needy Children

There are about 35 children who go through the lunch line at our school each day who have inadequate lunches or none at all.

This is NOT a statement made by SOMEBODY ELSE'S school official -- but one made by Fred Gordon, principal of H. P. Webb Elementary right here in Olton!

This awesome fact was brought to the attention of the Parent-Teachers Association at a meeting Thursday night and the organization immediately voted to do what they could to secure funds so that these children might receive lunches. A committee, appointed by president Virginia Moss, met in the school lunchroom Tuesday morning for further discussion and planning. Mrs. Margie Slatten, school lunchroom superintendent, Miss Leta Bell, school nurse, Mrs. Ed Thompson, Mrs. Ray Culwell and Fred Gordon make up the committee.

Mrs. Slatten reported to the committee that several donations had been received including \$40 from the P-TA, \$100 from the Church of Christ, \$131 from Mrs. Ruth Holladay's Sunday School class of the First Methodist Church (who donated

this amount to feed five children until the end of the year) in memory of Tanner Grimes and the Olton Drug, who will buy lunches for two children for the remainder of the school session.

Teachers will give names of children in their classes who they feel are not receiving adequate nourishment and the committee will act on their suggestions, following family investigation.

Children who bring sack lunches have been receiving milk, as have those who file through the line without lunches. These also receive bread free of charge. Persons who have good clothing -- school clothes -- and shoes which they would like to donate are asked to bring them to the school nurse's office, where they will be given to needy children by Miss Bell.

There is a need for clothing which ranges from size six to 14 and shoes to fit children in grade school. Miss Bell asks that no shirts be brought, just good school clothing and under clothes.

She added that if persons wished to continue providing clothing for the same children that she would furnish names of the children who received their clothing.

Persons who wish to help in this project may call Mrs. Ed Thompson, at 285-2501 or 285-2636 or Mrs. Culwell at 285-2894 or contact any member of the committee.

Kondi Carson Services Held Here Wednesday

Funeral services for Kondi Suzanne Carson, five year old daughter of Mr. and Mrs. Harlan Carson, were held Wednesday at 3 p. m. in the First Baptist Church. Officiating was the Rev. John E. Lewis, the Rev. Kent Kellogg, pastor of Valley View Baptist Church and the Rev. Bob White of Miami, Fla., former pastor of Valley View Baptist Church. Burial was in Olton Cemetery directed by Parsons Funeral Home.

KONDI SUZANE CARSON

Kondi was born Feb. 3, 1963 at Plainview, Texas. She died Monday, Feb. 5, in Texas Children's Hospital in Houston where she had been a patient for 47 days.

Pallbearers were Billy McAlister, Jesse Stovall, Dewey Hukill, Willie Green, Gary DeBerry and Royce McFadden.

Former Residents Burned In Fire, Home Destroyed

Major and Mrs. Calvin Dodd, who are stationed at Ft. Leavenworth, Ka. were injured in a fire that destroyed their home Monday night.

Mrs. Dodd, the former Betty Dennis, daughter of Mrs. W. C. Dennis, is in Mercy Hospital, Ft. Leavenworth. She will be released in a few days. Dodd, more seriously burned, was flown to Brooke Medical Center, San Antonio.

Dodd is reported to have extensive superficial and first degree burns about his back, arms, legs and feet. He is expected to be confined to Brooke Hospital for about eight weeks. Dodd is a brother to Mrs. Andy Stroebel.

Last Rites Conducted For Tanner Grimes

Funeral services were held Monday at 10:30 a. m. in the First Baptist Church for Charles Tanner Grimes, longtime resident of Olton, The Rev. Paul Burch of Lubbock, the Rev. R. H. Campbell, retired Methodist minister, and the Rev. John E. Lewis, pastor, officiated. Parsons Funeral Home was in charge of the arrangements. Interment was in Littlefield Memorial Cemetery.

19, 1926 in Zephyr. They moved to Olton in 1939. He had been a member of the Baptist Church for most of his life.

Grimes was born May 24, 1904 in Mills County. He died Feb. 3, 1968 in Community Hospital. He had been a patient there for 16 days.

Grimes was married to the former Annie Maynor. Sept.

Survivors include his wife, Annie; a son, James Grimes of Littlefield; a sister, Mrs. Greta Keating, five brothers, Claude Grimes of Littlefield, Crit Grimes of Vallejo, Calif., Volney Grimes of Midland, T. H. Grimes of Denver City and Luther Grimes of Brownwood, and four grandchildren.

Pallbearers were Bob Daugherty, Curley Daugherty, Ed Workman, A. A. Smith, Russell Stewart and J. D. Lively.

Teenagers Discuss Citizenship At P-TA Meeting

A panel discussion led by Bob Alford was the program presented at the meeting of the Olton Parent-Teachers Association held in the school cafeteria Thursday, Feb. 1.

Participating in the discussion on "young people and what they can do as citizens of our neighborhood, school and community" were Johnny Lewis, Sherry Moss, Donnie Fancher, Hugo Hondequin, Carol Hicks and Ted Wheeler. Alford, confronting each member with different questions, asked Sherry Moss, "What is your concept of 'citizenship'?" to which she replied, "Accepting responsibilities -- we are the future leaders and that just naturally brings responsibility."

Hugo Hondequin told the audience of his country's impression of Texas and Texans saying that they classed them in three different categories. Least civilized -- with Indians and Cavalry fighting; more civilized -- with towns, saloons, city jail and a sheriff to head a posse to get the criminals in the west where people carried guns and drank whiskey; and the last one -- Johnson ranch where cowboys spend time looking after the herd.

When asked what he thought of Texas now, he said he couldn't get used to people being so friendly, stating that people spoke to him everywhere, even those he had never seen.

The size of Texas was hard for him to comprehend, even though he knew it was 23 times bigger than Belgium. However, until he went to Fort Worth during the Christmas holidays did the realization become true. He said, "We traveled far enough to go across Belgium several times before we reached Fort Worth."

Another fact that amazed him was that in the small town of Olton, one was able to "find everything you want. In Belgium, the small communities have only a drug store and a market maybe."

The lack of rain was also brought up by the foreign student, who said they had approximately 200 inches of rainfall per year. "I don't know about you, but I like rain from time to time," he laughingly said.

The schools are very different here also, according to Hondequin. In Belgium, the students are not allowed to choose their subjects and are required to study about 39 hours on 14 subjects, and the relation between teacher and student is not as good. The students are required to stand when the teacher enters a school room in Belgium and "it's not so here, they don't seem so big boss."

Johnny Lewis was then asked what factors did he think athletics played in citizenship and he compared life to football by saying that "football, you know, is just like life. You get knocked

down, but you have to get back up. If you don't, you fail. I think athletics make you want to do your best."

When Carol Hicks was asked if she felt free and at ease in talking with adults, she replied, "Not with all adults, but with those who treat me like an adult and can keep a con-

fidence." The characteristics she admires most in adults are those who set good examples saying that "when young people go wrong, it is usually the parents who are to blame."

When asked what to her were the most objectionable char-

acteristics in adults, she jokingly said that was kinda hard to answer "with all these adults staring at me."

"Are most teenagers sympathetic to desires of adults?" was the next question Alford asked, with Sherry Moss answering that she didn't think

so, because young people don't realize what adults go through during a day and "we are concerned about OUR problems that we just don't think about our parents."

To the question, "Do you think parents should be more sympathetic toward teenagers

or teenagers more sympathetic toward adults," she replied, "Teenagers to parents, because the Bible says 'Obey thy father and thy mother' and I believe the Bible."

Donnie Fancher was asked what he felt the attitude of the young people of Olton was toward law and enforcement, particularly traffic laws.

"In Olton as other towns some disrespect for the law is shown, but we're a pretty good bunch. I guess being in a small town, we probably get by with a lot," was his thoughts on this subject.

He also stated that he didn't think traffic laws were enforced here as much as it should be, and said that the fact that young people would destroy public property was the lack of entertainment -- just being bored.

Ted Wheeler, an active 4-H member, was then asked what were the greatest values derived from 4-H work.

He stated that 4-H work teaches young people to help with community affairs, and that being required to have a project in the club created a sense of responsibility, which prepares you for later life.

In closing the discussion, Alford asked each of the members what factor best prepared them to handle responsibilities. Johnny Lewis answered

Telephone Service

How would you like to be able to dial Fieldton, Hart Camp and other outlying areas without paying a toll charge?
This is in the realm of possibility - providing there is enough interest shown by enough people to warrant a cost survey by General Telephone of the Southwest.
Neighboring towns such as Earth may dial as far away as Lazbuddie and with no toll charge. Hart can dial Dimmitt. Here, we are limited to approximately eight miles west, eight north, five south and four and one-half east, an area that doesn't even cover our school district.
Service could be provided so that Fieldton and Hart Camp residents could dial Olton free of toll charge as well as still being able to dial Littlefield without charge. Residents of

Halfway could be added to the dialing area also as well as Springlake and possibly Hart. However as we stated, enough persons will have to show a desire for such service before action can be taken.
There are persons who would greatly benefit by such extended service and also the economy of our town would be benefited.
Persons in the trade area who now have to call "long distance" to Olton for services needed on their farms would be more inclined to call Littlefield or Earth, which would not cost them a toll charge.
We feel that this is something each citizen should give some thought to, and interested persons should write to the telephone company or to the local chamber of commerce director.

Bus Service May Stop

The TNM&O bus lines have announced plans to discontinue service to Olton and Earth, pending a decision by the railroad commission.
In addition to passenger service, freight has continued to be brought by bus into our area.
There are a number of businesses which have freight coming in on this bus every day.
The Community Hospital and Clinic receives shipments of drugs practically every day as does Dr. Lynn Fite, and Olton Drug. These are vital to our community, to say

nothing of all the other products which businesses receive freight by these lines.
As things stand now, plans are to have a line from Lubbock east to Ralls and Lockney and a line from Lubbock up to Springlake, Dimmitt and Hereford, bypassing both Earth and Olton.
Chamber of Commerce is checking on how, when and where to make a protest in order that this bus service can continue. Those of us who are interested should contact the Chamber office - and give them our support.

Dear Editor

UNICEF Day Successful

Dear Editor:
It is gratifying to report that on Oct. 31, National UNICEF Day, over 3.5 million American boys and girls collected more "treats" of pennies, nickels and dimes than ever before on behalf of their less fortunate counterparts, in the worlds greatest program by children to help children.
A specific estimate of the grand total remains premature, but all indications point to a substantial increase over the record \$2,712,000 raised on Halloween, 1966.
Similar optimism is justified concerning

the results of the 1967 UNICEF Greeting Card sales.
On behalf of millions of needy children and mothers in 117 countries who are being assisted by the United Nations Children's Fund, the U. S. Committee for UNICEF expresses heartfelt thanks to you, to your staff and to your readers for the part taken in these vital, life-saving campaigns.
Yours most sincerely,
Victor de Keyserling

Ole Home Town Paper

Dear Sue:
Received notice our Olton Enterprise subscription was "expiring." We can't do without the "Ole Home Town" paper so I'm enclosing my check for \$5.00 for 1 yr. sub.
I don't know if you remember me or not but I'm Richard Henderson's and Madolyn Huckabee's mother.
I'm so glad you are Editor of the paper. You are doing a fine job. Keep up the good

work.
I sure admire you for taking so much "fun-time" with your children. They will never forget that.
Hope things are well with you and your family.
Wishing you success in your job and future life.
Sincerely,
Mrs. J. W. Henderson.

Frona To Host Conference

News Editor
Olton Enterprise
Olton, Texas
Dear Editor:
Frona High School will be host on February 14th to students and school counselors from 13 area schools who are interested in attending vocational and technical schools and ways of securing financing to attend such schools.
The conference is one of a series of 11 being conducted on the High Plains during the month of February. Sponsoring organization is The Opportunity Plan, Inc., in cooperation with the U. S. Office of Education and West Texas State University.
Eight colleges and institutions will be represented at the conference, which is open to students and school counselors from Olton. Anyone wishing to attend should contact school officials. High school graduates are given a special invitation.
Purpose of the conference is to give ideas as to what the participating insti-

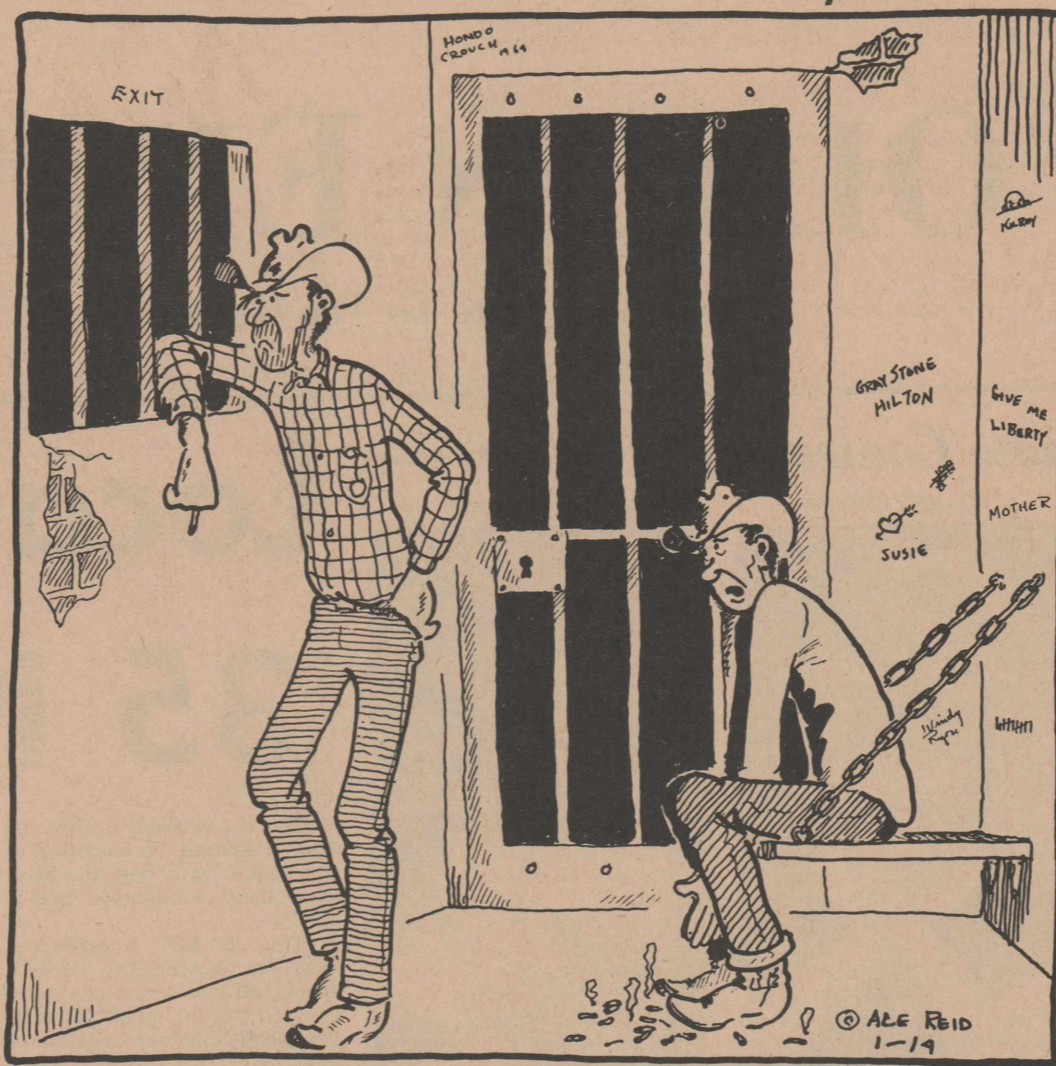

tutions have to offer, as well as means of obtaining financial assistance for those who need the aid to pursue their education or training beyond the high school, as well as to stress the importance of acquiring education or skill training beyond high school.
High school students, ex-students, parents, school officials, church and civic leaders and other interested persons are eligible to attend.
Participating colleges and institutions include Oklahoma State, Okmulgee; Tech, Lubbock; James Connally Technical Institute, Waco; South Plains College, Levelland; Amarillo College; Lubbock Christian College; Clarendon College; West Texas State University; and the Texas Hospital Association.
Representatives from Adrian, Bovina, Canyon, Dimmitt, Farwell, Happy, Hart, Hereford, Kress, Lazbuddie, Olton, Springlake-Earth and Vega will attend the conference. Baker Duggins, Frona counselor, is conference chairman.
Sincerely,
Alton Farr

Calendar Of Fact And Opinion

Congress is considering the creation of a commission to undertake a comprehensive review of the laws, regulations, directives and systems which have grown up during the past two decades around the procurement of goods and services by the federal government from private industry. The commission would include, besides members of Congress, representatives of the executive branch, nongovernmental authorities and industry executives. Such a commission could help eliminate unnecessary paper work, overlapping procedures, and time-consuming regulatory requirements. This should hold down costs of goods and services, with a consequent reduction in tax load.

foreign relations. This is certain."
Today's better drugs take less of your health care dollar than ever before. Industry estimates, based on recently-published U. S. Department of Commerce figures, show that 9.8 cents of every retail consumer dollar spent on medical care in 1966 was for prescription drugs. In 1957 the amount was 11.7 cents, according to statistics cited by Mr. C. Joseph Stetler, president of the Pharmaceutical Manufacturers Association.
To some critics, the American woman may seem little more than a dress and a hank of hair, but to the cosmetics

and toiletries industry she looks like \$3.5 billion, says The Exchange Magazine published by the New York Stock Exchange.
In all-time low U. S. infant death rate--23.4 deaths for each 1,000 births--was recorded in 1966, according to the Metropolitan Life Insurance Company.
The American Farm Bureau Federation's official news letter stated: "With farmers constituting only six per cent of the population, agricultural producers have some reservations about the long-run consequences of having their prices set by a politically-oriented government agency."

Sue's Views

Another Wedding?

BY SUE CANNON

Plans are underway in my family for another wedding. I guess I shouldn't be blabbing about this as it hasn't been formally announced as yet, but is about all we talk about when my little sister, Belva, is around.
You guessed it -- she's the one!
She has had a hard time making up her mind as to her colors for her wedding.
First she was going to use rainbow colors. No, I believe she started out with pale yellow and green then went to rainbow colors.
Well, the last time she was here, she had gone back to yellow and green.
My oldest son heard us discussing the colors and he immediately recalled that "That's Green Bay Packers' colors! Whatcha gonna do, get married in a football suit?"
Someone chimed in, "Of course!"
Then I said, "Yeh, and instead of saying 'I do' she's going to yell 'TOUCHDOWN'!"
One thing led to another and then we had Scottie, my little four-year-old, (who calls himself the ring "barrier") bringing in a little football on the pillow instead of rings, goal post for decorations instead of candles and all sorts of weird things.
It's just a good thing the groom-to-be wasn't around or he might have yelled "penalty" and taken off!

and said, "I said aim right down the middle Mom!"
Well, after we finally got through, he wanted to throw one so I handed him this big old 13 pounder I'd been slinging down the alley and he trudged out to the foul line and gave it a throw (and how I don't know) because he fell down just as he let go of it. And you know where it went!
You're right!
Right down the middle!
All the way and got eight of 'em!
I ain't a gonna take him no more!

RITA STILES

Recipe Of The Week

Rita Stiles, daughter of Mr. and Mrs. Pete Stiles, third in our series of Betty Crocker Homemakers of Tomorrow contestants, offers us our recipes this week.

Rita has lived in the Olton community all her life. She is a senior at Olton High School. Rita loves football. She also enjoys bowling. Helping in her parents grocery store and writing frequent letters to her brother, John, who is in the service, leaves her little time for other hobbies.

Rita and her family attend the Church of Christ.

Rita has another brother, Dwayne, and a sister, Mrs. Estes Bartlett.

1 tsp. cinnamon
1 tsp. cloves
2/3 c. coarsely chopped nuts
2/3 c. raisins

Heat oven to 350 deg. Grease 2 loaf pans, 9x5x3. Cream shortening and sugar thoroughly. Add eggs, pumpkin, and water. Blend in dry ingredients except nuts and raisins. Stir in nuts and raisins. Bake in prepared pans 65 to 75 minutes or until wooden pick inserted in center comes out clean.

Local Teachers Guests Of Heritage Foundation

Members of the Olton school faculty were recently guests of the Plains Heritage Foundation at a dinner meeting held at Hamill's Restaurant here. Mrs. Langley Hosts Club

The Olton Sewing Club met Friday afternoon in the home of Mrs. L. O. Langley.

Members did various handcrafts including crocheting afghans, cross-stitching aprons and making yarn covered coat hangers.

Attending were Mmes. Melvin Souter, Ruby Crosby, A. S. Nafzger, G. T. Gallaway, Bessie Cowart, Homer Curry and F. M. Holland.

Cake, cookies, coffee, cokes, nuts and mints were served.

Mrs. Cornelius Reviews Texas Historical Novel

Mrs. E. R. Spain was hostess Monday evening to the Olton Study Club. Mrs. Jack Straw presided.

During the business session, Mrs. Bob Daugherty was elected to serve as vice president for the ensuing year.

Devotional thoughts were presented by Mrs. Truitt Sides. Mrs. Frank Cornelius reviewed "Love is a Wild Assault" by Elithe Hamilton Kirkland.

The biographical novel is the story of Harriet Potter who became a legend during the era when Texas was fighting for independence.

Texas State Historical Association chose Mrs. Kirkland to write this biography based on a manuscript by Harriet Potter and countless documents, letters, journals, court records and land deeds.

A salad plate was served to Mmes. Cornelius, Sides, Daugherty, Straw, Royce Aik-

man, R. R. Daniel, Eldon Franks, J. L. Carson Jr., Barton Prestridge, Marshall Stone, G. H. Bley, Bailey Hair, C. S. Silcott and Bill Yates.

The next meeting will be Feb. 19 in the Women's Clubhouse. Mrs. R. R. Daniel will be hostess.

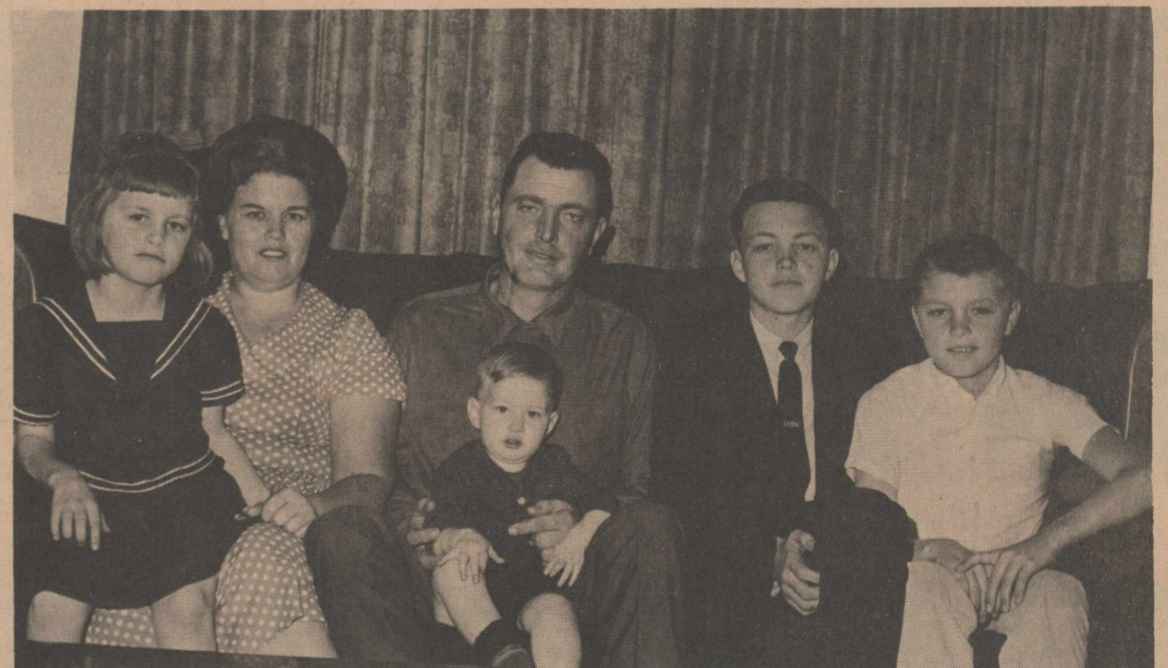

Mrs. Bob Mills Hosts Party

Mrs. Bob Mills was hostess recently to the Rebecca Sunday School Class of the First Baptist Church.

A devotion was presented by Mrs. Charles Shipley. Members discussed the need and results of visitation.

Those attending were Mmes. C. W. Phillips, teacher of the class, Benny Dickson, Elmer Lewis, Floyd Prentice, James Pitts, Russell Strain, Shipley and the hostess, Mrs. Bob Mills.

WELCOME TO OLTON!!

New residents in the Olton area who moved here from Lubbock, are Mr. and Mrs. Royce McGowan and children.

The two oldest boys, David, 14, and Howard, 11, seventh and sixth graders respectively, are active in sports, having played football at the school they attended in Lubbock and playing basketball at Olton since moving to Circle.

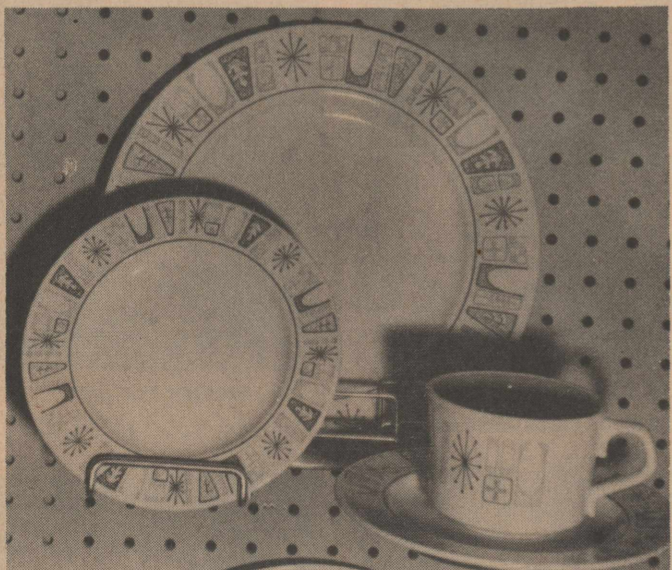

Tamara, 8, who is a second grader, is one of those rare people whose birthday falls on Feb. 29, so she will be celebrating her second birthday this year.

The baby, Royce Jr., is 19 months old. The family attends the Baptist Church and Mr. McGowan is employed with Pan American Petroleum, County Line.

Hatfield Announces Candidacy For Sheriff

W. A. Hatfield, of Earth became the third candidate to announce for the sheriff of Lamb County. He made his formal announcement at Earth, Saturday.

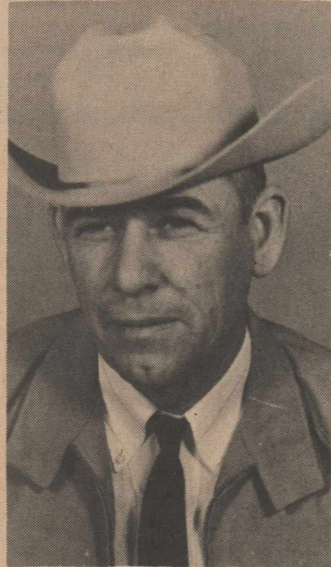

Hatfield, a democrat, was currently serving as deputy Sheriff of Lamb County, prior to making his announcement to run for the position of sheriff of the County. He has had five years of law enforcement experience to his record, having served three years prior to becoming deputy sheriff of Lamb County, two years ago.

Hatfield has worked with youth in north Lamb County in an effort to direct their energies in constructive directions. He has also served as Truant Officer for Springlake-Earth School during the past two years.

He has been instrumental in working with the Salvation Army, Red Cross and the Earth Volunteer Fire Department. He is also an active member of his lodge, Lions Club and of the VFW.

A veteran of World War II, Hatfield served with the 263rd Army Battalion in Okinawa for approximately 20 months.

Hatfield, 41, and his wife, Christine, are parents of three children. Mrs. Jimmy Hearn, whose husband is employed by Pioneer Natural Gas Company in Earth, Allen, 18, a senior at Springlake-Earth High

W. A. HATFIELD

School, and Mark, 9, a third grade student. The Hatfields are members of the Church of Christ.

"If elected, I will perform the duties of Sheriff of Lamb County to the very best of my ability, serving all the people in the county, without prejudice," Hatfield said when announcing.

"I will try to see everyone in the county, during my campaign, and will appreciate any support you people in Lamb County can give me," he said.

Russell Tosses Hat In Ring For Lamb County Sheriff

Stilwell H. Russell has authorized the Olton Enterprise to announce his candidacy for the office of Sheriff of Lamb County. Russell states that after having discussed the needs of Lamb County in law enforcement with numerous civic and community leaders all over the county, he has decided to seek the office; and if elected, he will devote his entire energies to the judicious enforcement of the law with equal regard for the rights of all the citizens of Lamb County regardless of

STILWELL H. RUSSELL

who they may be or where they live.

Stilwell has been a resident of Lamb County for twenty-eight years. He moved to Sudan in 1940 where he taught vocational agriculture for five years, resigning from that school to accept the position of County Supervisor of the Farm Security Administration. He holds both B. S. and M. S. degrees from Texas Tech College.

In 1946 he organized and founded the Lamb County Vocational School for Veterans of which he was coordinator and business manager during its entire existence of more than fifteen years. During this time the school served the needs of

Lamb Residents Loan Recipients

More than 100 rural people in Lamb County have new or vastly improved homes as a result of \$183,570 in insured loan funds advanced through the Farmers Home Administration in the past two years, Truman J. Jones, local County Supervisor of the supervised credit agency reported today.

Approximately \$140,160 was advanced in 1966. The rural housing program was greatly expanded in 1965 when, as part of President Lyndon B. Johnson's effort to strengthen rural America, the financing of the loans was switched from federal to private sources. Practically all of the rural housing loan funds now come from private sources on an insured basis.

In addition, the housing funds circulating through the county gave the local economy a \$981,120 boost.

RETURN HOME

Mr. and Mrs. C. K. Boozer have returned home from visiting their son and family, Mr. and Mrs. Don Boozer, of Sepulveda, Calif. and Mrs. Boozer's sister, Lucille Sparks, in Stockton, Calif. They also visited Boozer's sister and family, Mrs. W. T. Walker of Oakland, Calif. and with Mr. and Mrs. Fred Brown in Castro Valley, Calif.

Tax Refunds Not Automatic

You will not automatically receive a refund of tax withheld from your wages unless you file a tax return, said Ellis Campbell, Jr., District Director of Internal Revenue for Northern Texas.

A tax return is not required when the gross income received during the year is less than \$600, Mr. Campbell said, but a return must be filed to obtain a refund of any Federal tax withheld. This advice applies particularly to students and other persons who worked only a part of the year.

Forms 1040 and 1040A must be filed by everyone under 65 years of age whose gross income for 1967 was \$600 or more. If the taxpayer is 65 or older, a return is required only if total income amounts to \$1,200 or more.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

I've been trying to come up with some brilliant idea so that I might write a JEWEL OF A COLUMN (all writers dream of writing the "great American novel" - look who's calling herself a writer!) Well, anyway, my little one-track mind keeps coming back to food. My cheese sandwich at noon was neither filling nor inspiring!

Eating and talking are my two EXCESSIVES. Everyone who knows me knows that I'm always talking - I never run down, (Ought to have been an auctioneer.) If I'm not talking then, most likely, I'm eating. I'm always hungry - unless I've just finished by second or third helping of whatever happens to be handy. Then I'm miserably thinking about what I'm going to eat at the next meal.

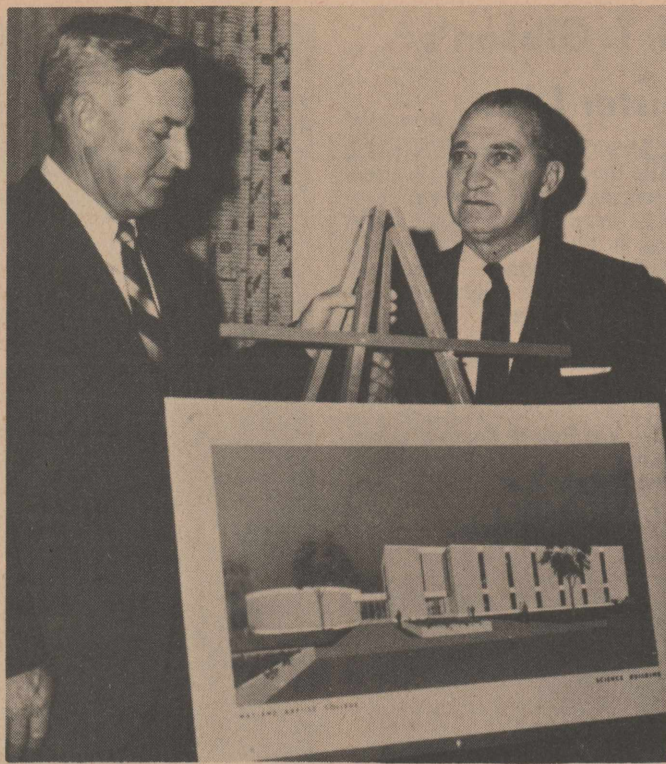

Our "Enterprise Cooks" have turned in some "real mouthwaterers", it's fun to turn through the bound volumes of Enterprises and read the recipes. Don't you think an Enter-

prise Cookbook would be a fine thing?

Do you like to experiment with new or different dishes? I do but my family doesn't appreciate being guinea pigs. They're especially reluctant if they see it being made. That's one place where I agree that "what you don't know won't hurt you". (And I must admit that I don't practice what I preach, I haven't liked Furr's Millionaire Pie since I learned it had uncooked eggs!)

Cooking for my family is almost like being a short-order cook for a diner! There's not a lot of foods that we all like, (I don't cook what I don't like!) When Pat and I have pizza, I fix Gene and Mike something else. When Gene and I have spaghetti and meat balls or meat sauce, I fix Pat and Mike something else. And so it goes!

I'll declare I've taken up my space and all I've done is prove my words - I talk too much! And I'm hungry.

HEAD WAYLAND DRIVE--Preston Johnston, left, and David Case, both of Lubbock, are chairman and vice chairman respectively for the \$1.5 million Wayland College developmental fund drive now underway. The campaign has broken down into three divisions - Amarillo, Lubbock and Plainview -- with Olton included in the Plainview Division. Local leaders in WBC's first public fund effort will be announced at a later date. Purpose of the drive is to finance expansion of the growing South Plains four-year college. Money will be used to build a new science building, a new physical education center and a new residence hall.

Spade Community Plans Homecoming

All ex-students, ex-teachers, ex-residents, as well as everyone now living in the Spade Community, are invited to attend the annual Spade Homecoming Saturday, Feb. 10. It is hoped that this year's homecoming will be the biggest and best yet.

Crowning of the homecoming queen will highlight the homecoming activities. Candidates for this honor are Carole Stubblefield, daughter of Mr. and Mrs. Jack Stubblefield, Jackie Nix, daughter of Mr. and Mrs. Jack Nix, and Sheila Black, granddaughter of Mr. and Mrs. Roy Black.

Registration will begin at 4:30 p. m. at the Spade School. The senior class, sponsors and parents will begin serving the barbecue meal in the school cafeteria at 5 p. m. Price of the meal will be \$1.50 for adults and 75¢ for children through 12 years. Proceeds will go to the senior class.

A meeting of the Ex-Students Association will be at 6 p. m. preceding the basketball games in the Longhorn Gym. Spade girls will meet Anton girls, followed by the Spade vs. Anton boys.

During the half-time of the

boys game the homecoming queen will be crowned. A prize will be given to the Ex-Student traveling the farthest distance. Also recognized will be the persons from the earliest graduating class.

Officers of the Ex-Students Association are: Lee Verne (Hamilton) Smith, president; Duane Gray, vice president; Patsy (Wood) Bradley, secretary-treasurer.

State Representative Post Is Sought By Ford

J. Frank Ford, a Deaf Smith County farmer and businessman, has announced as a candidate for State Representative in the 72nd District, subject to the action of the Republican Primary. The District includes Deaf Smith, Parmer, Castro, Bailey, Lamb, and Cochran Counties.

Ford is a native of the Texas Panhandle-South Plains area, and is a 1955 graduate of Texas A&M. He served in the U. S. Army during 1956, 1957, and 1958. He was an honest John Rocket Battery Commander and attained the rank of Captain.

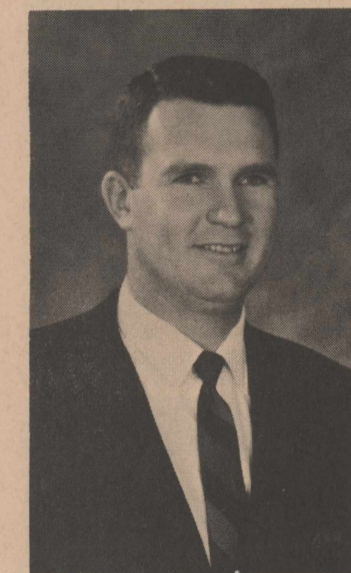

"We are all concerned about the rapid increase in taxes, crime-rates, and the general unrest which we see now in our country," said Ford in announcing his candidacy, "and the best way we can stop this trend is to work harder to make our state and communities better places in which to live. It is my desire to see more responsibility placed at the state and local levels, rather than in Washington, D. C."

"I consider vocational training as a high priority item for progress in Texas. Skills and training for our youth must be matched with the jobs which will be available in the next two decades. The 1969 session of the Legislature will be the most important one in many years in the field of Education.

In matters requiring state-federal cooperation, such as the importation of water to this area, I will work closely with our congressman to insure that our cities and farms have adequate water for the generations to come."

Ford worked in the legal division of the State Board of Water Engineers in 1959, and served as Bill Clerk for the 56th Legislature that year.

He and his wife Margie, live in Hereford with their four children, Davis, 10, Cindy, 7, Dan, 5, and Susan, 4. They are active in the First Metho-

J. FRANK FORD

dist Church. Ford has been Scoutmaster of Boy Scout Troop 52 for 7 years; recently completed a year as president of the Hereford Migrant Ministry, and is currently vice-president of the Deaf Smith County Chamber of Commerce. He is president and manager of Arrowhead Flour Mills, Inc., a stone grinding flour mill in Hereford.

"In entering this campaign," concluded Ford, "it is my hope to help encourage all citizens, especially our young people, to take a more active part in their government. This will help preserve our freedom and extend the opportunities which are our American Heritage."

Car Inspections Going Slowly

The Texas Department of Public Safety reported today that more than 4,250,000 vehicles still remain to be inspected for the 1968 sticker before the April 15 deadline.

Col. Homer Garrison Jr., DPS Director, said that only 1,574,397 cars had been inspected so far this year. The total number of vehicles inspected during 1967 was 5,702,862.

Garrison urged motorists to have their cars inspected as soon as possible in order to avoid the long lines which will undoubtedly develop as the inspection period draws to a close.

SUNDAY GUESTS

Mr. and Mrs. Jack Foraker of Hale Center visited Sunday with Mrs. J. A. Foraker and Mr. and Mrs. Elbert Hooper.

IN DALHART

Friday Mr. and Mrs. Tom Smith visited in the home of Mr. and Mrs. Finas DeJarnett of Dalhart.

RECENT GUESTS

Mr. and Mrs. E. C. Hudson of Earth visited recently with Mr. and Mrs. Joe Chester, Janet and Jeana.

VISIT'S PARENTS

Mrs. Dean Jones, Tamara and Tony of Earth spent Sunday with her parents Mr. and Mrs. Joe Chester.

Garrison reminded car owners that under new provisions of the law the inspection will include front seat belts in cars where the anchorages are part of the manufacturer's original equipment, steering, and wheels and rims.

"Those motorists who wait until the last weeks of the inspection period to have their cars inspected may find that they will need to install seat belts," Garrison said, "and with the last minute rush, there may not be enough seat belt kits in supply to take care of the demand. Dealers will have no way of knowing how many sets to have on hand, so to be on the safe side we urge all owners to have the work done as soon as possible."

Garrison said the inspection could be completed at any of the 3,336 inspection stations in Texas. Each authorized station displays a standard sign identifying the establishment as one approved by the State for conducting inspections.

CANYON VISIT

Mrs. Eldon Franks visited in Canyon last week with her daughter and grandson, Mrs. Stan Elliott and Wade.

HEMISFAIR '68

WORLD EXPOSITION APRIL 6-OCT. 6-SAN ANTONIO, TEXAS

All the work on HemisFair '68 is not being done in San Antonio. Throughout the state, from the regional chamber of commerce to the service station attendant preparing to make the World's Fair visitor want to come back, full attention is being focused on the promotion of the six-month fiesta.

The East Texas Chamber of Commerce has prepared more than 750,000 full-color Vacation Guides, trying in the East Texas Heritage Trail to HemisFair. On Feb. 29, the chamber will unveil its new guidebooks promoting both the international exposition and East Texas.

The South Texas Chamber of Commerce is distributing 500,000 four-color brochures outlining tourist attractions of interest to HemisFair visitors in that area, and the West Texas Chamber published a colorful brochure of its own, playing up major attractions.

Everyone is preparing to make the record tourist population pleased with their HemisFair vacation and want to return to Texas "Funtier" in future years.

HemisFair advance tickets and bonus books have been placed on sale in 1,799 officially approved outlets in 723 cities and towns across the state, and in 36 other states and 11 foreign countries. More than \$2 million in cash has been received by HemisFair thus far from these sales.

There's buried treasure at HemisFair—500 silver dollars worth.

Fred Achtezehn of San Antonio reports that he buried \$500 in two sacks in the basement of his business in World War One, and forgot about it until demolition started for the World's Fair.

Achtezehn said he returned to the site of the original Green Tree Restaurant but couldn't remember exactly where he buried it.

His efforts to recover it were to no avail, and workmen demolished the building, pushing the ruins into what was the basement.

There is a happy ending to the story. Achtezehn said he received about 10 times more for the property than the original \$7,000 family investment in 1906, and is not too worried about the loss.

The San Antonio International Airport is preparing for the onrush of HemisFair visitors with a \$1.4 million addition to facilities.

All trunk carriers into San Antonio have reported plans to boost service to accommodate the millions expected for HemisFair, and a new airline, Air Southwest, is seeking permission to establish 90-passenger Electra turbo-prop service between San Antonio, Dallas-Fort Worth and Houston.

A new terminal wing of the airport is expected to be completed in late February. It will accommodate all international flights presently serviced by Braniff International, American Airlines and CMA Mexicana

Airlines plus the domestic flights of American and Braniff. HemisFair visitors from May 29-June 2 will get an extra treat from Belgium.

Belgium's top folklore groups will appear at the World's Fair as part of the celebration of the Belgian national day celebrations. The Gilles de La Louviere, a small Belgian town, will perform dances and marching formations traditional in the village since the 16th century.

Emile Toebosch, deputy commissioner of the Belgian pavilion, also announced the Belgian pavilion will have on loan from the Arms Museum in Liege, a display of old and new pistols and shotguns.

Exhibits highlighting the first mechanical heart machine and other modern medical technical equipment will be featured in the General Motors pavilion at HemisFair '68.

The wide-ranging exhibit will also show city and highway panoramas of the future, an experimental vehicle less than one yard wide, new auto safety devices, and an industrial air and water purification display animated to show the inner workings of industrial structures.

The 8,600 square foot exhibit will also have an operating scale model of an impact sled simulating actual conditions during an auto accident.

Each minute, hour and day left before HemisFair '68 is marked at the San Antonio International Airport.

The reminder comes from the "countdown clock" installed by HemisFair at the airport. President Lyndon Johnson set the clock in motion recently by activating an electronic signal at the White House and the time began to tick away before the April 6 curtain call.

The clock is the same device used to count down for the World's Fairs at Seattle, New York and Montreal.

Quite a number of outstanding attractions have been booked for the new convention center complex built by San Antonio on the fairgrounds.

They range from the fabulous Salt Lake Tabernacle Choir to motion picture and television star Bob Hope.

Appearing for limited engagements in the 10,000-seat arena at the new complex will be Hope, Bob Newhart, Roy Rogers and Dale Evans, Barnum & Bailey Circus, Grand Ole Opry, Ice Capades, the Lutheran Hour and the Mormon Choir.

In the 2,800-seat theatre will be symphonies, opera, John Gary, the famous Ballet Folklórico de Mexico and the Isaac Stern Trio.

Of course, there will also be the mariachis, strolling players, bands, Punch & Judy show and the like along the walkways and plazas of the 92.6 acre fairgrounds.

Visitors to the fair will be treated to a wide variety of entertainment, as the above

sampling of talent announced thus far shows.

It has generally been announced that there will be plenty of food at HemisFair, including exotic delights from all over the world.

But, Jim Gaines, chief executive officer of HemisFair, was pretty definite when he told tourist officials recently about "the largest variety and greatest diversity of food ever offered anywhere."

What caught their attention was his announcement that the "variety and diversity" included 20 different kinds of chili alone.

The economy of Texas will get a multi-million dollar boost this year through direct spending of visitors to HemisFair '68.

More than 600 Texas tourist development leaders were told at the Governor's annual Tourist Conference in Austin that \$205 million will be spent outside of HemisFair by fair visitors during the six-month run.

Jim Gaines, chief executive officer of the international exposition, also said the state itself will gain upwards of \$18 million from new spending.

"There is no way that you can get to HemisFair without traveling through a lot of Texas --both going and coming," Gaines said. "The average out-of-state visitor without any side trips will travel nearly 800 miles of Texas' great highway system, spending \$165 million on just his car, on food, drink and lodging as he goes."

Gov. John Connally said due to HemisFair, Texas tourism is expected to be at an all-time high, perhaps even bigger than it will be in 1969.

Connally unveiled the official travel trails during the conference, and delegates were briefed on promoting local areas to attract the fair visitor, as the state's tourism industry turned full attention to HemisFair for 1968.

They may not have the picture, but they know it will be fun. That's the case with a group of six-year-olds interviewed in San Antonio about what to expect from HemisFair '68.

Most expect to find elephants, horses, giraffes, lions and other things that make up a circus. One felt the 622-foot Tower of the Americas would be filled with water and another expects to find "pictures, pianos and salesmen."

Denver Offield Attends School

General Telephone announced that Denver Offield, local Combination Man was selected to attend the Company's Automatic Electric Circuits & Adjustments school in San Angelo from January 16 through February 2. G. F. Kehoe, the Company's Littlefield District Manager stated the training was designed to update present knowledge and place into effect new and improved procedures.

"General Telephone Company maintains a fully staffed training center in San Angelo with courses ranging from basic pole line construction to the installation and repair of microwave radio equipment. Classes are, therefore, tailored to the specific needs of the Company and results in improved service to our customers," Kehoe added.

THE HISTORIC San Antonio River, which winds through downtown San Antonio, was re-routed to provide boat rides to HemisFair '68 for fair visitors.

Hofheinz Named State Chairman

Houston civic leader and sportsman, Roy Hofheinz, will serve as State Chairman of the 1968 Easter Seal Appeal conducted Mar. 1 through Apr. 14 by the Easter Seal Society for Crippled Children and Adults of Texas.

Robert W. Milam, M. D. of McAllen, president of the Texas Easter Seal Society announced appointment of Hofheinz as Campaign Chairman. He will lead the state-wide campaign for funds to support the Easter Seal Society's treatment and service program.

Quoting from the Society's 1967 annual report, Hofheinz pointed out that the Easter Seal Society last year provided treatment and service for 17,315 physically handicapped Texans. Treatment and services are provided through a network of 21 affiliated treatment centers, local chapters and Easter Seal Representatives. Easter Seal services are available in every county in Texas.

Through these programs, persons with a wide variety of handicaps receive the help they need to lead a more normal life. The Easter Seal Society offers 30 basic services, ranging from physical and speech therapy, to transportation for the physically handicapped adults and children.

Hofheinz, president of the Houston Sports Association, pointed out that the Easter Seal Society is a voluntary agency which has taken the lead in providing help for the handicapped in Texas since 1929.

The majority of the 17,315 persons served by the Texas Easter Seal Society were those with major deformities of bones and joints, severe speech defects, cerebral palsy, arthritis, muscular dystrophy, multiple sclerosis and stroke. The Easter Seal Society does not duplicate services provided by other agencies, it strives to meet all unmet needs of the physically handicapped child or adult.

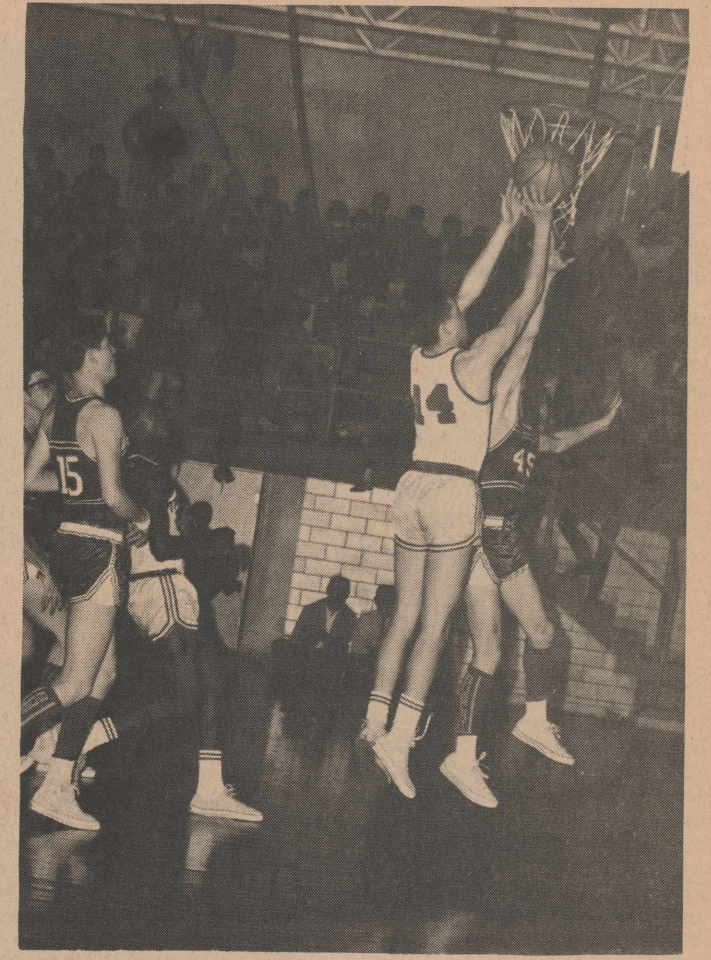

The Houston Sports Association operates the Astrodome, owns the Houston Astros' baseball team, the Houston Stars' soccer team and the Houston Apollos' hockey team. Hofheinz also heads the multi-million dollar Astroworld amusement center being built in Houston. Hofheinz became a lawyer at age 19, was elected to the Texas legislature at age 22 and at 24 was elected County Judge of Harris County. He served four terms as County Judge. In 1953 he became mayor of Houston, serving as that city's mayor two terms.

In accepting leadership of the 1968 Easter Seal Appeal in Texas, Hofheinz said he was confident that the people of Texas would contribute their time and dollars to make it possible to continue and expand Easter Seal services.

RIDES FOR YOUNGSTERS of all ages, many appearing for the first time in this country, will be featured on Fiesta Island at HemisFair '68.

Cotton Conference Slated Feb. 15 At KoKo Palace

South Plains cotton producers and agrimenists will get firsthand information on the production of quality cotton at a conference to be held at the KoKo Palace on Feb. 15, according to Buddy C. Logsdon, Lamb County Agricultural Agent.

The program is slated to kick off at 9:30 a. m., according to Billy C. Gunter, Extension District 2 agricultural agent, Lubbock.

Leadoff speaker at the session will be one of the foremost cotton economists in the nation, Dr. M. K. Horne, Jr., chief economist of the National Cotton Council, Memphis, Tenn. Horne will discuss the world cotton situation and the demand for quality cotton.

Quality cotton production programs are essential to meet this demand and these programs will be discussed by Wayne Underwood, vice president of Lockett Seed Farms, Vernon.

One of the highlights of the conference will be a discussion on "Cotton Varieties and Fiber Quality Improvement" by Dr. Levon Ray, in charge of the cotton breeding program at the South Plains Research and Extension Center.

The cotton fiber development process will be discussed by Dr. Robert Metzger, Extension

area agronomist at the Center.

Certain cultural practices also play an important role in the overall cotton quality picture. At the session, a discussion on "Planting and Harvesting Techniques for Fiber Quality Control" by Elmer Hudspeth, ARS agricultural engineer at the Center, should be of extreme interest to all producers.

In line with this will be a discussion on "Improved Production Practices with Emphasis on Producing Acceptable Micronaire" by Bill R. Taylor, Hockley County agricultural agent. Facts about the 1967 LSM Program will be presented by Dan Davis, general manager of the Plains Cotton Cooperative Association.

Roy Baker, head of the cotton ginning Research Laboratory at the Center, will talk on ginning for fiber quality preservation and will also give a rundown on the new ginning laboratory that is being built at the Center.

A discussion on the 1968 Upland Cotton Program should also be of interest to producers since the sign-up period has just gotten underway. John Seibert, Extension farm management specialist at the Cen-

ter, will present this information.

Chairman of the morning session will be Lee Roy Colgan, Dawson County agricultural agent while Jack McIntosh, chairman of the Floyd County Program Building Committee, will preside at the afternoon gathering.

The conference is sponsored by South Plains county agricultural agents and county program building committees. All Lamb County cotton farmers are urged to attend.

Sunday a gathering of Loeps and Schaefer's was held in the Community Center. Mr. R. W. Schaefer's uncle Emil Schaefer, and many cousins attended. Mrs. Schaefer saw cousins she had not seen for 45 years. 56 people attended this reunion.

VISITS PARENTS

Mrs. Elza Miller and daughter Stephanie are visiting in Childress with Mrs. Miller's parents, Mr. and Mrs. Lowell DeMent.

Child's Vision May Be Impaired

A child doesn't know how well he should see. If things appear blurred or "double", he may think they are supposed to look that way.

This makes it difficult for parents to detect eye problems in children at a time when it is most important to catch and correct them, says Jennie Kitching, Extension family life specialist with Texas A&M University.

For clues, Miss Kitching suggests the ABC's for children's vision: A-appearance, B-behavior, and C-complaints.

Appearance: watch for drooping eyelids, crossed eyes, inflamed or watery eyes; recurring styes and red-rimmed, encrusted or swollen eyelids.

Behavior: Note if your child rubs his eyes excessively, tilts his head, develops poor eye-hand coordination, blinks more than usual, loses interest in a favorite pastime requiring close vision, holds books close to his eyes, stumbles over objects, doesn't do as well as usual in school, or seeks the chair closest to the TV.

Complaints: Listen for comments about eyes itching, burning or feeling scratchy; inability to see well; dizziness; headaches and nausea following close eye work; blurred or double vision.

Unfortunately, in some cases none of these is obvious, making eye defects harder to detect.

What can be done about it? Eye tests in school catch many eye problems. But Miss Kitching recommends that every child should have an eye examination for visual acuity before his fifth birthday. If the doctor does not perform the test as part of the routine check-up, parents should request it.

Finding eye problems in children will help their school work as well as preventing more serious defects. Half of all blindness is preventable.

Former Resident Gets Outstanding Citizen Award

A former Oltonite, M. C. Ledbetter of Morton, was named Cochran County's Outstanding Citizen for 1967. Ledbetter is judge of the 121st Judicial District. He is a brother of Margie Slatten. Ledbetter was named to the honor at the annual banquet of the Morton Area Chamber of Commerce in January.

While a resident of Olton, Ledbetter was a member of the Mustang football team and in the 1933 graduating class of Olton High School. He has been a resident of Morton since 1939.

In receiving the presentation, Ledbetter was cited for his work with Boy Scouts, serving in all phases from Cubmaster to District Committeeman. He helped organize the Morton chapter of Camp Fire Girls. Instrumental in bringing Little League baseball to Morton, he helped organize the program, worked at building the park and planted the grass.

Active in the Morton Athletic Boosters, "Led" helped in many phases of football. He also served on the Volunteer Fire Department, as a member of the Lions Club, a chairman of Red Cross, and helped organize the Chamber of Commerce. He and his family have been active in the Methodist Church.

DELAYED

The two circles of the W. M. U. of the Halfway Baptist Church met with Mrs. Ralph Shannon and Mrs. Ike Moore as hostesses Tuesday morning.

Mrs. Claude Fargason taught the Bible study in the home of Mrs. Shannon. The subject was "Missions In The Early Church", Chapters 13 and 14 of the book of Acts were used in presenting the study. Those present in this group were Mmes. Grady Pillow, Clyde Harrell, Claude Fargason, Oliver Harmel, Foster James, and Ralph Shannon.

Because of bad roads, Mrs. Moore was hostess to the other circle at the church instead of in her home.

The Bible study was taught by Mrs. Emmett Palmer using Acts chapters 13 and 14 for scriptures and the subject was "Missions Mark a Monotonous Milestone".

Members present were Mmes. Lester Cox, J. T. Malow, R. A. Burgess, Prentis McGee, Robert Graham, Emmett Palmer and Ike Moore. Visitors were the pastor, the Rev. Prentis McGee, and his daughter, Donna.

The Northwest Home Demonstration Club met Tuesday afternoon in the home of Mrs. John Stephenson with Mrs. Sarah Crader presiding.

Roll call was answered with "Something I can do to improve my community".

A county council report was given by Mrs. Clyde Witten. "Feb. 10 at 4 p. m. a style show will be given at the First National Bank in Plainview, benefit of the "March of Dimes". Tickets are \$2.50 Those wishing to buy tickets may contact Mrs. Dickie Sanders.

Mrs. Herb Garrett introduced the program on "Vol-

unteer Services". She presented Mrs. Billie Bass who told "The objects and duties of the Pink Ladies and Medical career clubs in hospitals". The medical career clubs have replaced the "Candy Strippers". Both boys and girls have become interested in this work thus changing the name. Mrs. Bass told of the activities of these volunteers. There are 45 Pink Ladies working in the Plainview Hospitals and 170 high school boys and girls.

Mrs. Winston Barry spoke on voluntary work at Rest Homes. Pay received for this work is "happiness brought to others". Mrs. Barry showed some craft work of the aged.

Refreshments were served to members Mmes. Sarah Crader, W. A. Pinkerton, Jack Witten, Clyde Witten, Terry Hardy, Lester White, Andy Wieber, J. C. Gallimore, Winston Barry, E. C. Freeman, John Stephenson, Ben Kennedy, and Herb Garrett and guests Mrs. Billie Bass and Deverle Kennedy.

Miss Janet Painter was honored with a pre-nuptial shower and tea Wednesday afternoon in the home of Mrs. Eldon McEachern.

Mrs. Painter is the bride-elect of Kent Kelly of Hale Center.

Mrs. McEachern greeted the guests at the entrance decorated with tall black candle holders, wrapped in pinpoint evergreen with hanging wedding bells, and presented them to the honoree; her mother, Mrs. Wayne Painter; mother of the groom-to-be, Mrs. Leroy Kelly of Hale Center, and his grandmothers, Mrs. A. Kelly of Abernathy and Mrs. Olive Copeland of Hale Center.

Mrs. Alex Reeves of Plainview registered guests at a white wrought iron table graced with flowers in shades of blue and accented with a bride and groom figurine at the base of the arrangement.

The refreshment table was covered with a lace cloth over pale blue. The table cloth was a gift to the honoree by her aunt, Mrs. Alton Hill of Clovis, N. M. The table was centered by flowers in shades of blue and white placed in a white compote accented with clusters of white grapes. The centerpiece was flanked by double crystal candle holders holding pale blue tapers. A silver coffee service and crystal punch bowl completed the service.

Mrs. Ray Winn and Mrs. A. H. Weiber assisted by Mrs. Harold Goree and Mrs. J. R. Duval, presided at the serving table.

Mrs. Lester White, Mrs. Wayne Bankston, Mrs. Terry Hardy and Mrs. Levi Dickerson assisted in the gift display room.

Other hostesses were Mmes. Maurice McCarty, Winston Barry, Bayne McCurry, John Stephenson, Sarah Crader, and Wesley Duckett.

The hostess gifts were cooking ware and an electric can opener and knife sharpener.

Cards of Thanks

I wish to thank everyone for their many kind deeds and thoughtfulness shown to me and my family while I was in the hospital and since I came home. A simple but heartfelt thank you.

Mrs. Fred Hicks

During a time like this we realize how much our friends really mean to us. Your expressions of sympathy, your prayers, the wonderful food that was served, your cards and flowers will always be remembered.

Thank you.

TEAM EVENT WINNERS in Olton's first American Junior Bowling Congress City tournament were left to right, Barry Thompson, Mike Trotter, Danny Sides, Dusty Rudd, and Guy Ballard.

First American Junior Tournament Held Here

Danny Sides edged into the City Championship by a slim 3 pin margin over Barry Thompson Saturday afternoon in Olton's first American Junior Bowling Congress City Tournament. Danny rolled 511 in the team event, 475 in doubles and 430 in singles to cop the title with 1416. Barry had 493-426-494-1413. The championship is scratch scores, without handicap, whereas the other events are handicapped.

Guy Ballard, Dusty Rudd, Mike Trotter, Danny Sides and Barry Thompson won the team event with 3049. Danny rolled the highest series of the tournament with this team. Mike came in strong with a 497 and Barry's 493, Guy with 454 and Dusty with 407 and the handicap made the winning score 171 pins over the other team entered. This team was Steve Exter, Randy Watson, Mike Anderson, Ricky Richardson and James Lambert, who rolled the highest score on that team, a 443.

Steve Exter and Mike Anderson ran away with the doubles championship with 1189, 31 pins over the second place team of Dusty Rudd and Danny Sides' 1158. Guy Ballard and Mike Trotter were third with 1131. Melody Carlisle and Rita Stiles took the Senior Girls double with 1149 and Pat Trotter and James Lively won the Junior Boys doubles with 1120.

Barry Thompson had 26 pins to spare in winning the singles with 629 over Guy Ballard's 603. James Lambert had 576 in third, Danny Sides 565, Ricky Richardson 554 and Mike Trotter 551. Melody Carlisle took the Senior Girls singles with 576 and Pat Trotter the Junior Boys singles with 579.

Vera Young, manager of Olton Bowling Center announced "All entrants performed well and the tournament was a success, even though the entry was not large. We look for a better one next year. The sponsors and coach commend all entrants for their good sportsmanship."

THE BUREAU OF International Expositions has given HemisFair '68 its all-important stamp of approval, making the six-month event truly a World's Fair.

TANE Warns Against Drugs

While drug problems increase, especially among junior high school and high school students, some people are doing something about it.

One group that has acted, is Texas Alcohol Narcotics Education (TANE). This non-profit church-supported organization, has released a book, "Let's Talk About Goofballs and Pep Pills," geared to the teenager. The book is illustrated with cartoons, and presents the facts about barbiturates (goofballs) and amphetamine (pep pills), and also has a section on tranquilizers and LSD.

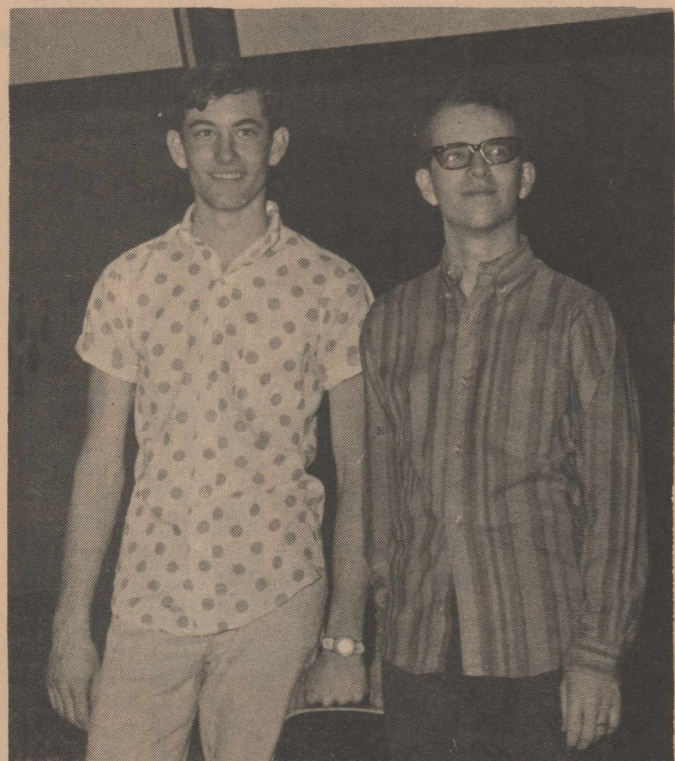

Officials of the State Department of Health, The Texas Department of Public Safety, Texas Education Agency, and others have expressed an interest in getting the books into the hands of every Texas child of junior high and high school age. Last month, Rep. Bert Musgrove of Breckenridge, met with TANE and these agencies to discuss an educational program on drugs for Texas youth. Rep. Musgrove said he would prepare a resolution involving mass distribution of such material, and present it to the Legislature.

The book on goofballs and pep pills was written by Lindsay R. Curtis, M.D. Dr. Curtis is the author of several books on drugs, including "Glue-Sniffing: Big Trouble In A Tube," also published by TANE.

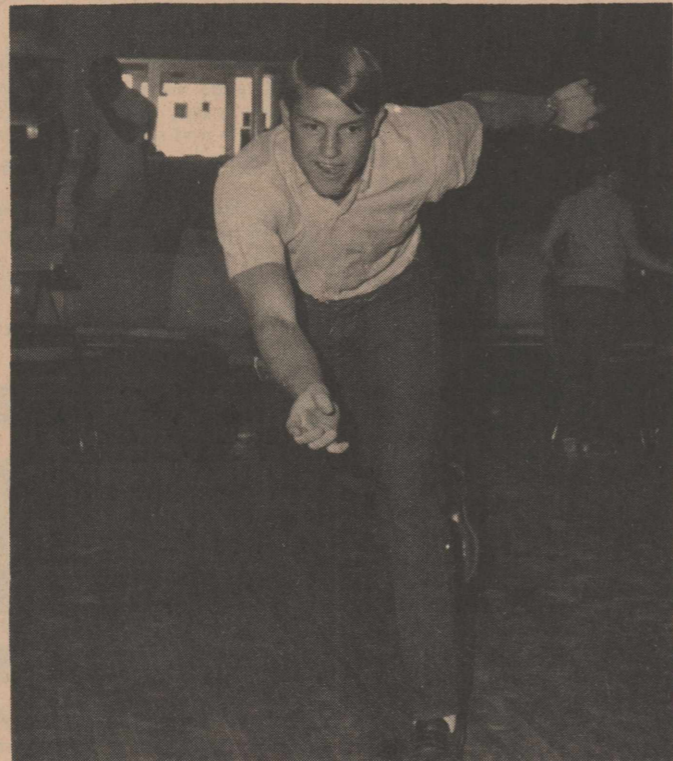

"Barbiturates and amphetamines are definitely habit forming. They are in some ways more dangerous than narcotics because withdrawal itself can cause death," Rev. Albert F. Tucker, TANE Executive Director said. "These pills are dangerous. They have wrecked the lives of countless young people, and caused many deaths. We need to prevent these problems, and the best way to do that is to inform the youngsters and their parents of the dangers," he said.

THE CITY OF San Antonio built a \$10.5 million three-building civic center complex on the site of HemisFair '68, including a 3,000 seat banquet hall and 2,800 seat theater.

SAN ANTONIO is celebrating its 250th anniversary during HemisFair '68.

DOUBLES WINNERS were Mike Anderson and Steve Exter, who bowled 1189, 31 pins over the next team.

SINGLES CHAMPION was Danny Sides who had a slim three pin margin over Barry Thompson.

Representatives of six Texas cotton producer organizations, in Oklahoma City Jan. 29-30 for another cotton meeting, got together there and launched an all-Texas coalition called the Texas Association of Cotton Producer Organizations.

Joe B. Pate, Jr., Lubbock, was chosen as the new group's first chairman. Pate, who is chairman of the Water Committee of Plains Cotton Growers, Inc. and is active in other PCG affairs, was instrumental in getting the six associations together.

Pate said TACPO might be described as "Operation Pull Together", under which individual producer groups can better serve their members through "improved communication, better understanding and unity of action."

He said "There are many, many problems in the cotton industry common to the people of all cotton areas in the State, and the collective action of all producer associations in Texas can be much more effective in getting those problems solved."

Charter members of the new affiliation, in addition to PCG, are the South Texas Cotton and Grain Association, Rolling Plains Cotton Growers, Blacklands Cotton and Grain Association, Trans-Pecos Cotton As-

sociation and the El Paso Valley Cotton Association.

Elected Vice-Chairman of TACPO was W. W. Hart of Sinton, President of STCGA.

PCG Executive Vice President Donald A. Johnson was named Secretary-Treasurer.

Pate announced that the governing body of TACPO would be made up of three directors from each of the six member-groups, including each organization's Executive Officer, President, and one other director to be selected by the respective Boards or Executive Committees.

Officers were initially elected for one-year terms, but Pate said more permanent arrangements would be spelled out in the organizational by-laws now being drawn up by a special committee. These will be presented for approval to the next meeting of the TACPO Board.

Membership is limited to cotton producer organizations holding a charter under the Texas Non-Profit Corporation laws.

For the present, Pate said each member-organization would pay its own expenses in carrying out the work done, plus a contribution of \$25 to cover meeting rooms and other incidental expenses.

Pate stressed that "Nothing will be done by TACPO which

will dilute, replace or conflict with the activities of individual organizations," nor will TACPO actions be binding upon its members. The strength of the organization will depend on its ability to take effective action in those areas where no significant conflict of interest exists between the various members."

He explained this would include labor problems, some State and Federal appropriations bills and other legislation, administrative rulings that might have a uniform effect on the industry across the state, efforts to improve the level of exports and "any number of other matters."

The group in Oklahoma City spelled out in the minutes of their meeting, and it will be written into the by-laws, that the majority rule will apply on all decisions, except that if any member so requests before the question is called, more than one negative vote will table any issue.

"We know some controversial matters will come before the State-wide organization for discussion," Pate stated, "and we felt this procedure would place sufficient restraint on TACPO without giving any one organization the paralyzing power of a simple veto."

TACPO Secretary-Treasurer Johnson noted that PCG has long seen the need for a vehicle through which cotton producers across the State could work together for common causes, and said "We believe we have such a vehicle in TACPO, and Texas cotton and Texas cotton producers should reap substantial benefits from it."

Representing PCG at the meeting were Pate, Johnson

and President Don Anderson of Crosbyton.

From the South Texas group were Hart, Executive Vice President Bob Heard, Victoria, and Lawrence Peterson, Danevang.

Rolling Plains Cotton Growers was represented by President J. B. Cooper, Roscoe; Executive Officer Charles G. Bragg, Stamford, and Charles Stenholm, Stamford.

J. B. Kirklind, Executive Vice President; President M. H. McKinney and J. F. Crews represented the Trans-Pecos Cotton Association. All are of Pecos.

From the El Paso Valley Cotton Association were Executive Officer C. B. Ray, President Joe Hoover and R. L. (Bob) Scov, all of El Paso.

Blacklands Cotton and Grain Producers Association sent President and Acting Executive Officer Dan Pustejovsky of Hillsboro, Vice President Kenneth Johnson of Hutto and J. B. Dobbs, Treasurer, of Grandview.

The Mustangs added another victory to their credit last Friday night against Abernathy, 76-54. All of the five starters hit in the double figure bracket. Charles A. McClain 12, Joe Schultz, Kenneth Johnson 17, Lannie McClain 12, and Pat Bodkin 10. Pat Bodkin rebounded for 15 and Lannie McClain had 10.

The Fillies fell to Abernathy 46-52 Friday. Lynn McGill led the points and in the offensive rebound bracket with 24 and 7 respectively. Kate Carson netted 21 and Pam Foster had eight rebounds for the defense.

Tuesday night the Dimmitt Bobcats defeated our Mustangs 70-55. Kenneth Johnson scored 21 points and Joe Schultz scored 12. Kenneth Johnson rebounded 17 times and Pat Bodkin rebounded for 14.

In a full game and two overtimes our Fightin' Fillies marked a defeat for the Bobbies! The fatal score for the Bobbies was 58-60 with Kate Carson leading the point department with 31. Lynn McGill netted 19, and Leslie Norfleet popped in 10. Sherry Moss rebounded for seven. Now both teams stand 4-2 in the district.

GO FIGHT WIN
STOMP THE OWLS!

The senior members of the Student Council met last Monday to nominate students to run for offices next Thursday, February 15. Those chosen were: President, Steve Burleson and Johnny Lewis; Vice-President, Leslie Holladay and Cecil Oursbourn; Secretary, Jeanie Gardner and Lajuna Burleson; Treasurer, Joe Schultz and Joel Nelson; Reporter, Gary Durham and JoEllen Spain; Parliamentarian, Sunya Sorley and Brenda Leonard.

FTA BAKE SALE: If you would like to buy a cake, a pie, or a batch of cookies, phone 285-2271 or 285-2281. The prices are listed as \$2.00, \$1.50, and \$1.25, respectively.

Don't forget to mark your calendar on February 26, for "Seventeenth Summer", the all-school play for this year, will be presented. This is one thing you won't want to miss!

Rise and shine early Saturday morning and you may be able to catch a glimpse of three Olton High School stu-

dents in action. Sandee Gregory, Ronnie Vandell, and Sue Church will star on "Live and Learn" - debating on the subject of driver's safety.

What advantages or disadvantages do you consider a student has that lives in or around a small town and is enrolled in a small high school? If you had a choice, would you attend a large city school or a smaller one such as OHS? These questions were given to several students and we thought you might be interested in their answers.

STEVE SPAIN: I'd stay in Olton. I don't like being around large groups of people. More individual attention is available if a student desires it in a smaller school. Also, a more close knit association between all students occurs.

However, a small school may tend to hamper a person who plans to attend a large college. The surroundings and attitudes of students and teachers are usually new and strange.

KAREN LEWIS: I think a small town such as Olton has quite a few advantages over a larger town. In a smaller town you know more people personally, teachers treat you more personable, you can participate in many activities, and there aren't too many kids who really get stuck to this hippie crowd and their dope.

The disadvantages of a small town is that you don't have access to many things. The show, the bowling alley, and the drag

are about the only thing we have to do. A small school lacks a great variety of studies, but speaking for myself, I'd rather go to OHS than any school!

BRENDA ELLIS: I like going to a small school better because it is more personal. Teachers and students have a closer relationship than in a big school. Everyone knows everyone else and everyone helps to run the school. In a big school there is always someone else to do it, but in a small school if you don't do it, it probably won't get done.

PAT BODKIN: The small school puts more responsibility on the individual student and I think this helps the students later in life. In small schools, students must be active in several clubs and sports, and in large schools, there are enough students that they don't have to double in the activities of the school. This is the main thing which builds responsibility in the student of the small school. The main disadvantage of small schools is that they don't put the student in a college atmosphere like that of larger schools and this hurts the student when he goes to college. So, I don't know which school has the most advantages.

R.L. COPELAND: At a small school everyone has a lot of friends and everyone knows everyone else. I have talked to some kids who go to big schools and they said they would rather go to a small school. These are some of the reasons that I like OHS.

MARGARET GALLOWAY: You get to know everyone better and you have a closer relationship with the people in the town. You wouldn't be as likely to get in with the wrong crowd. I think the "action" depends upon the people in the town and what they're willing to do. I would rather live in a small town and to a school such as O.H.S.

MIKE PHILLIPS: A student in a small town can get to know everyone in the town, but in a large town, there isn't that privilege. Also, in a small town a person can participate more. He can be something in a small town that he wouldn't get a chance to be in a large town. If I had a choice between a big school like Plainview and one like ours, I would choose ours.

JOE HERNANDEZ: A person that enrolls in a small high school has the disadvantages of not getting a bigger and larger choice in subjects. In enrolling in a small school, a person can go down the hall and know everyone he meets. In a large school, a person might only know the certain people he hangs around with. I would love to go to a bigger city and a larger school, but I'm too proud of O.H.S. to go anywhere else.

DAVID NEINAST: The larger school has more money to equip the classrooms with; however, in a smaller school the student may get more individual help from the teachers if he has a problem. In a small school, sometimes there is limited equipment to work with which could limit a person's

education in that subject. In a large city school, a person may know only a small part of the students while in a small school, everyone knows everyone else. I don't know if that is an advantage or a disadvantage. I guess I would rather attend a small school.

ALL FOR FUN
Joe Schultz: "That's a queer pair of socks you have on - one red and the other green."
Randy Ball: "Yeah. And the funny thing about it is that I've got another pair at home exactly like this one."

Mickey Mills: "Can you stand on your head?"
Billy Gary: "Nope. It's too high."

Everything now seems to be under federal control except the national debt and budget.

"It was so cold where we were," bragged the explorer, "that the candles froze and we couldn't blow them out."
"That's nothing," said his pal. "Where we were, the words came out of our mouths in pieces of ice, and we had to fry them to find out what we were talking about."

Bear in mind that children of all ages have one thing in common - they close their ears to advice and open their eyes to example.

Glenda Turner was meeting for the first time the little boy she was to take care of. "Do you go to school?" she asked.
"Naw," said the little tough. "I'm sent."

A judge is a man who considers a law just as good as new no matter how often it has been broken.

"I know I'm right," stormed Bobby Turner. "And I'd rather be right than be president."
"Don't worry," said Sherry Moss, "You'll never be either!"

WHO'S WHO

Steve Collins: How's your contacts wearing??!

Barbara Cowart: Until who did what??!

Bobby Turner: Since when did you start giving private lessons??!

Jackie Harrod: It's about time you got what you wanted!!

Kathy May: Well, did you make any progress at the last "home" game?

Carol: Do you always show your patriotism by the colors you wear??!

Jackie: Don't forget, it's a secret!!?

Gary Durham: What it will be like to walk again??!

Kathy May: It's about time you got your hair fixed!!

Bobby T.: It's such a long trip??!

Steve Spain: Now tell us again, how did it happen??

Jo Ellen: It's all your fault that he's the way he is!!

Stacy: We know what attracts you -- green strings! And now it's all broken!!!

Cheri: What luck you have!

Cherry Tree Desserts

When canned cherries are plentiful and reasonable, plan to serve a cherry pie often. But also try this Cherry Dumpling Dessert.

Cherry 'N Dumpling Dessert

2 cups (1-pound can) tart red water packed cherries, drained
Juice from cherries
1 tablespoon corn starch
1 cup light corn syrup
2 tablespoons margarine
1 recipe Dessert Dumplings

Drain cherries, save juice. Combine juice and corn starch in medium saucepan. Place over medium heat and cook, stirring constantly until mixture thickens. Stir in corn syrup and margarine, add cherries. Bring to a boil, stirring occasionally. Meanwhile prepare Dessert Dumplings as directed below. Pour hot cherry mixture into a 1 1/2 quart baking dish. Drop dumplings by spoonfuls over hot cherries. Bake in 400 degrees F. (hot oven) 20 minutes. Serve with whipped cream, if desired. Makes 6 to 8 servings. Cherry mixture may be doubled or tripled to serve large groups.

Dessert Dumplings: Sift together 1 cup flour, 2 teaspoons baking powder, 1/4 teaspoon salt, 2 teaspoons sugar, and 1/4 teaspoon nutmeg. Stir in 1/4 cup corn oil. Add 1 egg to 1/4 cup milk and beat slightly; then add to flour mixture and blend well.

Boy Scouts Of America To Observe 58th Year

On the eve of its 58th anniversary to be observed Feb. 7 to 13, the Boy Scouts of America announced it attained an all-time high in membership on Dec. 31 with an active membership of 6,058,508 boys and leaders according to word received by R. L. Hurst, Staff Director of the South Plains Council.

Chief Scout Executive Alden G. Barber told local Scout officials that 1967 closed with 4,461,111 boys registered, a gain of 171,732, or 4 percent during the year.

Mr. Barber also said there are 1,597,397 adult volunteer leaders in the movement, a gain of 55,235 or 3.6 percent.

In Cub Scouting, a program for boys 8, 9, and 10 years of age, there are 2,243,174 boys, a gain of 117,780 or 5.5 per-

cent. There are 1,908,183 Boy Scouts, 11 and older, a gain of 54,867 or 3 percent.

Explorers, young men 14 and older, total 309,754 units, a decrease of 915 young men, or a .3 percent loss.

On December 31 last there were 149,454 units, a gain of 2,266 over the previous year, or 1.5 percent. There are now 58,045 Cub Scout packs, 69,388 Boy Scout troops, and 22,021 Explorer posts.

Since its founding 58 years ago today (Feb. 8) the Boy Scouts of America has ended each year with a gain in membership. Since 1910, there have been over 44 million boys and leaders identified with the Boy Scouts of America.

Amherst Youngster Wins Tinkertoy Award

Honored for designing an original model from Tinkertoys is Roy Ogerly, a youthful resident of nearby Amherst, Texas (Route 1).

The award, a Junior Engineer Certificate from the Toy Tinkers, division of A. G. Spalding & Bros., Inc., reads: "In recognition of creative imagination, ingenuity and skill, the Toy Tinkers offers this certificate as evidence of this achievement."

Along with the certificate, Roy received news that the model automatically will be entered in the 1968 Scholarship Award Program to find the most imaginative creation of the year.

Each of the fifty state fin-

alists, to be selected at the close of the 1968 program, will receive a handsome-mounted personally-engraved wall plaque. From the state finalists, one national winner will be chosen. Awards for the national winner, the Toy Tinker of the Year, include a \$1,000 Savings Bond Scholarship and an expense paid trip to New York for both the winner and his or her parents.

Judging of all models is on the basis of imaginativeness and creativity of design. The awards program, now in its fourth year, is in keeping with our line of creative and fun toys, says R. A. Christofferson, president of Toy Tinkers.

State finalists will be named in February, 1969.

Contracts Were Awarded During January Meeting

Contracts of highway construction projects in the Lubbock District have been awarded by the Texas Highway Commission during its January meeting, according to District Highway Engineer O. L. Crain.

Grading, structures, base and surfacing has been authorized for 10 miles of Farm to Market Road 1842 in Lamb County from US70 south to FM 1072 at Fieldton. Contract for the project has been awarded to Kerr Construction Co. of Lubbock with the low bid of \$308,280. The project is expected to take 160 working days, and will be under the active charge of Resident Highway Engineer Rhea E. Bradley of Littlefield.

Construction authorized for Yoakum County includes reconstructing grading, flexible base, structures and one course surface treatment of 14.9 miles of US 82 from the New Mexico State Line to US 380 in Plains. Henry L. Stafford of Lubbock, who submitted the low bid of \$548,568, has been awarded the contract. Carl R. Hart, Resident Highway Engineer at Brownfield, will be in charge of the project which is expected to take 170 working days.

Another contract awarded by the Commission authorizes seal coating for 150 miles of highways in Crosby, Dawson, Gaines, Garza, Lubbock and Lynn counties. This contract has been awarded to J. H. Strain and Sons, Inc. of Tye, with a low bid of \$269,760. Highways included in the project are State Highway 207, FM 40, FM 378, FM 1527 and FM 122 in Crosby County; SH 349 in Dawson County; FM 1757

in Gaines County; SH 207, FM 1269 and FM 2008 in Garza County; Loop 193 and FM 179 in Lubbock County; and US 87, FM 211 and FM 1054 in Lynn County.

The project, expected to take 75 working days for completion, will be under the active charge of Resident Highway Engineer James W. King of Lubbock.

COUNTRIES FROM every continent in the world will participate in HemisFair '68.

TAX MAN SAM SEZ:

Taxpayers who are retired have been given a number of extra benefits by Congress. The good tax folks tell us that many retired taxpayers fail to claim their retirement income credit on their tax return. Others fail to claim the additional exemption for being over 65, and finally, many taxpayers don't know that you may qualify for an additional retirement income credit in Texas due to the community property law. Be sure to read your instructions carefully so you will get all of the benefits Congress provided for you.

THE CONFLUENCE Theater at the HemisFair '68 federal pavilion will feature separating walls and screens growing increasingly larger until a single panoramic screen fills the viewer's field of vision.

MOST LIKELY TO SUCCEED---Jane Ann Duncan, daughter of Mr. and Mrs. Bob Duncan and Phil Cox, son of Mr. and Mrs. Lester Cox were named as students at Olton High who were most likely to succeed.

**BOY
SCOUT
WEEK**

February
7-13

Scouting has become increasingly more important to the future of our country. This is one reason why the Scout movement aims for a high standard of citizenship, character and physical fitness. In the program there is a strong emphasis on training for citizenship. Every boy must learn respect for the flag, loyalty to country, and an appreciation of our American heritage. We salute the Scouts and the great work they are doing in making better citizens.
