WATER SHORTAGE IN CITY FOREPART OF WEEK

Perryton residents were facing a serious water shortage the forepart of this week when the bearings burned out on the main pump in the west well Monday. Although the booster and seal pumps were working the pressure fell so low Tuesday that water was not available higher than first floor taps.

M. M. Cuid, city clerk issued warnings immediately to the public against watering lawns. They complied almost 100 per cent. City employees worked night and day shifts and had the pump in operation Wednesday morning.

ADD SESSION TO PROJECT

Cloyd McClung, director of the playground project being sponsored by the coordinating council states that the project is a marked success with around 35 attending daily.

In view of the popularity of the experiment an evening session will be added to the schedule beginning Monday July 17, from 6 to 8 o'clock. This session will be in addition to the regular morning session from 8:30 to 11:00 o'clock. Meetings are held at the school.

Children of all ages, young people and parents are invited to be present and participate in croquet, miniature golf and other sports featured daily.

Golden Jubilee

Plans Going Forward For Greatest Celebration Ever To Be Staged In Perryton

Sibley Jines, chairman of the pageant-parade committee and Irvin R. Buchanan announce that another feature has been planned for the Golden Jubilee Celebration to be staged in Perryton August 22 in the form of a boy's derby.

Complete rules for the derby will be made ready for the derby week. The event will be held on main street. Various committees are working on other events.

One of the biggest features of the celebration is expected to be the parade and pageant in which many business firms will enter floats depicting Ochiltree county history.

Working with Sibley Jines on this are Mrs. R. T. Correll, Mrs. Hazel Martin, E. W. Thomas and Dr. Mansie Wood and Irvin R. Buchanan.

W. H. Lance, general chairman of the celebration, is expecting to stage the greatest celebration this year that Perryton has ever presented.

MORE LAND TO BE SOWN HERE

NEW ALLOTMENT FIGURES TO ALLOW 8.3 PER CENT INCREASE OVER AMOUNT GIVEN IN 1939

Wheat allotments for individual farms for 1940 seeding were received at the county agent's office this week. Average increase of 8.3 per cent can be sown over the 1939 allotments. For example the average wheat farmer could sow 59 per cent of the cultivated land in 1939, while in 1940 the average allotment is 63 per cent. This figures on a section with 600 acres of cultivated land an increase of 29 acres.

All farm operators are being notified this week of the allotments of their individual farms. This is the first time in the history of the Farm Program that farmers have been advised this far in advance of seeding time.

Funeral services were held for L. D. Shaw, former editor of the Higgins News, last Wednesday in his home at Higgins.

Mr. Shaw had suffered a paralytic stroke several days before. He was 75 years old and a charter member of the Panhandle Press Association. In 1905 he purchased the Higgins News and he was active manager of the newspaper until ill health forced him to retire two years ago. Born in Wakefield, England, Mr. Shaw came to the United States at the age of 23 and traveled extensively for a number of years. At his funeral Rev. H. W. Barnett, Methodist minister, officiated.

COMPULSORY GROUNDING OF ELECTRIC MOTORS

In answer to a number of complaints the city council discussed at the regular meeting Tuesday night ways and means of enforcing an ordinance now in effect stating that all electric motors operated in the city limits, must be grounded in such a way to prevent interference with radio reception. It was decided that a canvass would be made checking all electric motors in the near future.

PLANT SUDAN GRASS HERE

RESISTS EFFECT OF EROSION AND IS ADAPTABLE TO A VARIETY OF SOIL CONDITIONS SAYS SC

Some farmers of this area are planting Sudan grass this year because of its effectiveness in resisting erosion and adaptability to a wide variety of soil and climatic conditions, says H. A. Finch, superintendent of the Soil Conservation Service Camp area at Perryton.

Not only is Sudan grass drought-resistant, but its yield in the semi-arid Southern Great Plains has been sufficiently large to make the grass popular as a hay and temporary pasture crop. Finch points out.

Sudan grass is grown successfully on almost every class of soil from heavy clay to light sand, but the larger yields are produced on rich loam soils, farmers have found. It is an annual crop that can be introduced.

Attend Short Course

Annual Meet at A. & M. College Attended by Five From Ochiltree County

Five delegates from the home demonstration and 4-H clubs of the county attended the annual A. & M. Short Course at College Station this year.

The 4-H delegates, Miss Beryl Dodson and Miss Vivian Williams, accompanied by the County 4-H sponsor, Mrs. Jack Dodson, joined the group from District One at Amarillo and made the trip by bus. They left early Tuesday and returned Sunday. After their meetings they enjoyed a trip to Galveston.

Miss Dodson was honored as one of the eight group chairmen from over the state to be selected for special work. She presided over two afternoon sessions.

Mrs. Hazel Martin, county demonstrator, left Saturday for College Station to attend a two-day agents meeting before the adult sessions start on July 12. Mrs. J. R. Stump, county council chairman, will be present for the latter meet.

According to Director H. H. Williamson of the extension service, the programs this year promise to be one of the best sessions in the twenty-nine years history of the Short Course. The two divisions were arranged this year in order to enable the college to provide better accommodations for the visitors.

Crop Insurance Program Is Announced For '40 Wheat

A crop insurance program applying to wheat seeded for harvest in 1940 will be introduced to farmers in all wheat states, including Texas, within the next few weeks, according to J. Carl Wright, state supervisor of crop insurance. His announcement followed approval of the regulations governing the new program by Secretary of Agriculture Henry A. Wallace.

The 1940 program, which basically is the same as the 1939 wheat crop insurance plan, incorporates many improvements which will make it easier for growers to insure their crops, and will effect many economies in operation, declared Leroy K. Smith, manager of the Federal Crop Insurance Corporation. "All-risk crop insurance was first made available to wheat growers in 1935, so apply on the crop now being harvested. The program is still experimental, but in the first year it has given protection to more than 170,000 growers, and has revealed many short cuts to better and simpler methods of operation."

PERRYTON LOADING POINT HAS SHIPPED 450 CARS OF GRAIN; 500,000 BUSHELLS ARE STORED

Cessation of Unseasonable Rains Aid Farmers In Cutting Crops Long Ripe in Fields; Harvest Drawing to a Close This Week

OCHILTREE YIELDS TOPS LAST YEAR'S

Ochiltree county wheat is pouring out of Perryton at the rate of 15 to 20 carloads a day. During the present harvest season 450 carloads of new wheat representing 655,500 bushels have been shipped over the Santa Fe from the Perryton loading point alone. In addition to this amount 147 carloads of old wheat has been shipped from here since June 1. With harvest in its last stages the total yield for the county is expected to show an increase over last year. It was estimated that approximately a half million bushels of the new grain has been stored on farms.

High temperatures and dry winds have materially aided farmers in getting into their fields during the past week. Wheat has been averaging higher yields per acre than was expected during the heavy rains which threatened thousands of acres of dead ripe grain.

While Ochiltree county's yield will be somewhat higher than last year, production of wheat in the United States on a whole was estimated at 716,655,000 bushels, which would be a total of 214,000,000 bushels less than that harvested a year ago. Figures for seeding allotment under the Farm Program received at the county agent's office this week will no doubt affect next year's yield in Ochiltree county as it allows an increased acreage to be sown of 8.3 over 1939.

Perryton is growing. Alarming, pleasing, disconcerting or welcome that fact may be to those who have long resided here. Most of the citizens of Ochiltree county, it may be said, are more accustomed to the rapid expansion and progressive development of agriculture and commerce than are persons who live in other sections of the country.

But reluctance in recognition of the present inevitable trend is evinced in the retarded building of houses for newcomers who are clamoring for satisfactory living accommodations in this town.

Cautiousness is a commendable trait, but cautiousness to the point of backwardness is not to be desired.

Before the fallible eyes of the lowly EARLY Bird, this situation does not assume merely the limited proportions of a neglected business opportunity on the part of men who are in some manner engaged in the work of constructing houses. This feathered creature views the lack of houses as regrettable principally because it is a condition which affects the entire Perryton populace.

Customarily ranked second only to food, shelter is forever a fundamental necessity of human beings.

One of the most obvious disadvantages of living in Perryton, despite its large trade territory, is its comparative isolation from larger centers of activity.

This difficulty is largely overcome by the continually widespread use of automobiles and by accompanying highway improvements.

Still, more frequent and convenient train and bus schedules would undoubtedly enhance the desirability of Perryton as a place in which to live.

These carriers do not give better service for the pardonable reason that there are not enough people here to warrant expensive addition of equipment and exacting improvement of schedules. If there were more people here to demand that conveyance facilities operate

Stirring Drama

Lionel Barrymore, Beulah Bondi Star in "On Borrowed Time" At Ellis, July 20-21

Heart-warming laughter, homely drama, gripping suspense and inspiring imagery join to present one of the most unusual and memorable motion pictures ever produced in "On Borrowed Time," showing at the Ellis Theatre, Thursday and Friday, July 20-21.

With a cast of superb actors, headed by Lionel Barrymore, this simple story of an old grandfather who desperately fights death to prevent the young grandson he adores from falling into the clutches of an unscrupulous aunt, takes on all the attributes of a screen classic.

The feature cast matches up to Barrymore's lead in every instance. Sir Cedric Hardwicke as the mysterious stranger, Mr. Brink, personification of Death, presents an unforgettable portrait which is unique in the newness of its conception.

Bobo Watson, probably the best trouper among the children now in films, embodies all the charm and zest of childhood in his role as the grandson, Pud, with Beulah Bondi the picture of devoted affection as Granny.

Harold S. Bucquet, directing, has made the film an even greater success than its original, the Broadway stage play, and Sidney Franklin, producing, deserves high honors for daring to step off Hollywood's beaten track with entertainment so refreshing.

Gene Autry Here

Your Favorite Western Star At Ellis in "Western Jamboree" Saturday, July 15

Gene Autry Republic's western star, is a study in inconsistencies. Although he is only a modest cowboy who would scarcely be recognized on Hollywood Boulevard, he receives more fan mail than Gable, Garbo and other drawing powers of the industry.

His current picture is "Western Jamboree," showing Saturday at the Ellis Theatre, with an impressive supporting cast including Smiley Burnette, Jean Rouverol, Frank Darien, Jack Perrin, Jack Ingram, Harry Holman, Ben Hewlett, Esther Muir and Margaret Armstrong.

Mrs. O. J. Budd, Mrs. Cecil Dodd and Mrs. LaRue Norris were bridge guests Friday afternoon with Mrs. A. H. Nichols.

Home Demonstration CLUB NEWS

NEW HOPE CLUB

Mrs. Albert Ackley, Reporter
There are numerous ways of getting water from the well or cistern into the house other than by carrying it in a bucket, said Mrs. Hazel Martin, Home Demonstration Agent, at the New Hope Home Demonstration Club, Wednesday, July 5, in the home of Mrs. Alvin Koehn.

Storage tank is one of the most common methods of getting water into the house. They may be had in almost any budget. A serviceable storage tank may be made from gal-

barrels at very little cost, or a small tank designed to go in the attic, or on a small house, may be purchased as low as \$16. Larger sizes may be had at prices ranging up to \$60.

Each member answered roll call by telling of her mother's water supply. They varied from buckets carried up hill from the well to storage tanks with water piped to a kitchen sink. The cistern with a pitcher pump was the most common.

After the demonstration, refreshments were served to Mrs. Hazel Martin and Miss Dorothy Buckock, guests, and the following members: Mrs. W. L. Lovett, Mrs. Ivan Lovett, Mrs. John B. Kocher, Mrs. Gus Kocher, Mrs. Albert Ackley, and the hostess, Mrs. Alvin Koehn.

The New Hope Home Demonstration Club will not meet again until the first meeting day in August. The place will be decided later.

WAKA CLUB

Mrs. G. A. Burger, Reporter
"Be sure your water supply is above the elevation of your out-buildings and barns so that your drainage will not go into the well," stated Mrs. Hazel Martin, county demonstrator, at the meeting of the Waka Home Demonstration club in the home of Mrs. Howard Brillhart on Tuesday, July 4.

"Just because our water comes from a deep source we have no reason to believe that it is always pure, for there may be seepage," further stated Mrs. Martin.

Roll call was answered by giving some interesting phase on our mother's water supply. The reply proved very interesting and covered the area from the use of the old oaken bucket to the present system of running water in the house.

Members present were Mesdames Marvin Groves, C. B. Barber, Van Earl Steed, H. N. Elledge, J. R. Stump and the hostess, visitors were Mrs. Iris Mason, Copeland, Kans., Mrs. Joe Cleveland, Arlington, Mrs. Blanche Harris, Joplin, Mo.; Nadine Barber and Mrs. James Brillhart. The latter entered her name for membership.

The next meeting will be in the home of Mrs. Dan Teater on July 18. The study will be on the "Control of Piles."

OCHILTREE CLUB

Mrs. Jack Dodson, Reporter
"The way to get water piped into the house is by letting the men carry it in and out," stated Mrs. Hazel Martin, home demonstration agent at the meeting of the Ochiltree Home Demonstration Club which met Friday, July 7 in the home of Mrs. Arlo Williams.

The exhibit list was given and discussed along with the canning bulletins. It was learned from the discussion to let the steam off for seven minutes before closing pet-cock. Four-pressure cookers were tested.

Those present were Mrs. Hazel Martin, Mrs. Kim Williams, Mrs. Claude Crouch, Mrs. Jim Dodson, Mrs. Eli Goucher, Miss Lillian Williams and the hostess, Mrs. Williams.

COUNTY COUNCIL

Mrs. C. O. Roach, Reporter

"We aim to make the parade an outstanding feature of the Golden Jubilee celebration," declared Mr. Sibley Jines, chairman of the Parade-Pageant Committee, when he came before the Ochiltree County Home Demonstration Council in the Courthouse, Saturday afternoon, July 8, to ask the Home Demonstration Clubs to take part in the parade and pageant.

Mr. Jines suggested that each Club select a period of time in the history of Ochiltree County and prepare a representation of that time. The Council voted to enter the pageant, "March of Time," and gave each club certain years to represent. Council also voted to enter a float in the parade. "As an active organization in the county, we should do our part in the coming celebration," Mrs. J. R. Stump, Council Chairman, told the Club representatives.

Plans were made for the Educational Exhibit to be held just before the judging at the Amarillo Fair. Roll call was answered with a six months' report from each Club present. The committee chairmen also gave six months' reports.

Those present were Mrs. H. B. Urban and Mrs. James Hardy of McMillen, Mrs. W. M. Boston and Mrs. B. B. Lee of Perryton, Mrs. Albert Ackley of New Hope, Mrs. Jim Dodson of Ochiltree, Mrs. Fred Butler of Waks, Mrs. Bill McLanahan of Wolf Creek, and the Council officers, Mrs. Blansit Carter, secretary-treasurer, and Mrs. J. R. Stump, chairman.

OCHILTREE H. D. CLUB TO HOLD MEETING ON JULY 21

The Ochiltree Home Demonstration Club will meet Friday, July 21 at 2 p. m. in the home of Mrs. Eli Goucher. This meeting will be on fly control. Visitors are welcome.

Tests by the U. S. Department of Agriculture, Bureau of Dairy Industry, showed that the best way to keep butter is in rolls wrapped in parchment paper and submerged in strong brine, one part salt to three parts water. The crocks of butter should be kept in the coolest place available, and one should be careful to see that it is not placed where it may absorb the flavors of other materials.

Dry skim milk has practically the same food value as fresh skim milk. It provides protein, calcium and other minerals, milk sugar, and vitamins B and G of milk. Only the water and fat, which contains nearly all the vitamin A, are removed from the whole milk in the preparation of dry skim milk.

To prevent decay in a frame house, build on a site that is well drained, lay well seasoned lumber that is starting to decay, do not allow the lumber to lie on the ground after delivery on the job, and do not let untreated lumber come in contact with the soil or with foundations or walls likely to be damp.

Home Canning

Every Homemaker Should Master The Art of Canning Food For Use in the Home

Home canning is an art that every homemaker should master. It is the safest method of keeping food for future use. Canned foods, when canned correctly, are just as safe, if not safer, than some fresh foods.

The most important thing in safe canning is to heat each food to a degree where spoilage organisms, yeast, molds, bacteria, are destroyed. This amount of heat should be applied in such a way that the vegetables or meat do not lose their color, flavor, or shape.

Yeast and molds are easily destroyed at boiling temperatures, so they are not very hard to destroy. Bacteria is harder to kill. They require a much higher temperature for a longer time. One of the hardest bacteria to destroy is botulism. It will resist ordinary boiling temperatures and continue to live in sealed cans or jars.

The toxin which botulism gives off is fatal if contained in food which is eaten. The illness which is caused by eating this food is called botulism. It is so fatal that some authorities say that six out of ten afflicted die within the week.

All kinds of food do not contain botulism. Acid foods as tomatoes, rhubarb, nearly all fruits, pickles, jellies, relishes and greens are not likely to contain it. The foods which are classed as non-acid foods, particularly peas, beans, sweet potatoes, and meats are more dangerous to can by oven processing or "hot water bath."

The pressure cooker is the only safe method recommended by the Bureau of Home Economics at Washington for canning these non acid foods. Most authorities on canning agree that the pressure cooker reaches a much higher temperature than any other method of processing. The "hot water bath" and oven canning are satisfactory for those acid foods already named but they can be processed in the pressure cooker.

Foods which contain this deadly toxin are sometimes soft and give off a bad odor, but in a great many cases there is absolutely no way to know if the food is spoiled.

Mrs. Sam Wilson and daughter, Billy, and Mrs. Bryan Radney and son, Zane of Childers, visited Thursday and Friday in the home of their aunt, Mrs. J. N. Conley and family. They were here for the funeral services of their uncle, Jas. P. Teague.

Give Premiums

More Than \$100,000 is Listed In Prizes for Exhibit Award At Texas State Fair

Dallas, Texas, June 10—Listing more than \$100,000 in premiums for livestock, agriculture, poultry and other awards, the State Fair of Texas is now ready to mail its annual premium list. This will be the 51st mailing of the premium list, and this year's book shows an increase from a few thousand dollars to more than \$100,000.

In many cases premiums have been increased. Competition has again been taken from county exhibits and instead each county with a creditable exhibit will receive \$125.

In addition to the regular premium list which shows every award offered by the State Fair of Texas, the fair has for distribution supplementary lists for special shows, as the poultry show, the 4-H Club Shows, Culinary and Textile, the school exhibits and contests and others.

Washington Letter

BY SPECIAL CORRESPONDENT

Smashing of Many Trade Barriers Between States Is Government Aim

WASHINGTON—The Department of Agriculture is beginning to hope that the tide is at last turning, so far as the erection of interstate barriers to domestic trade is concerned. For a long time the increase in the number and effectiveness of these barriers has been giving the department a great deal of concern. Secretary Wallace took occasion several times in recent months to denounce the trend, the Bureau of Agricultural Economics made an exhaustive study, and reported that during the last couple of years state and city restrictions were both cutting down on the distribution and raising the cost of practically every food-product grown in the United States.

Now, however, a more encouraging note is in evidence.

So far this year, more than a dozen state legislatures have turned down bills which would have created new barriers. In some instances existing barriers were knocked down, in others they were modified. In only a few cases was new legislation of a restrictive type voted into effect.

One prolific source of these barriers is retaliation by one state against another state or states which have discriminated against its products.

A certain state, for instance, may have a wine grape industry which it is trying to foster. It will enact a heavy tax on wine not produced within its own borders. This will hit the business of some other state which has a flourishing wine grape industry; that state, in turn, will slap a tax on some product—apples, for instance—grown in the state which

THE DICTATORSHIP OF DEMOCRACY

The pages of history are filled with the stirring stories of the rise and fall of dictators. It has been said that they are of three types. In the first instance, there are those who further their own selfish purposes and greed by operating behind a smoke screen of patriotic benevolence. Then there are the dictators of the gangster racketeering type, such as those who at all hours and at all seasons, seek special favors at the hands of government, reckless of the rights of the common people. In this class are also the dictators of the tyrant type who rule by might and even create ideologies to serve their own purposes and to justify their own misdeeds. No civilization has long survived

INTERNATIONAL Sunday School Lesson

The Story of a Foolish Decision

The International Uniform Sunday School Lesson for July 14 Text: 1 Kings 12:1-5, 12-17, 20

ISRAEL, which has given to the world the best of its religion, is the source also of the best of its politics.

The first king, Saul, was approved of the people, and future kings had also to have this approval. Solomon had had a glorious reign, but much of the glory had been based on heavy burdens upon the people of taxation and enforced labor. Now, when Solomon was gone and his son Rehoboam, was about to ascend the throne, the unrest and discontent of the people broke out in demands that their burdens should be lessened and that Rehoboam should rule with greater consideration for the welfare of his people.

Rehoboam took counsel of two groups of advisors. When he consulted the older and more mature men, whose judgment was based upon experience, they advised him to yield to the popular demand and to establish his rule in justice and in the confidence of the people. However, younger advisors urged him to assert himself and to make it plain that he was going to rule. Rehoboam foolishly listened to the latter counsel and gave the people a stern reply. He was not even content to say that he would follow out the policies of his father, Solomon, but he indicated that he would make his authority and his rule even sterner and more exacting. "My father chastised you with whips," he said, "I will chastise you with scorpions."

It is the role that many a foolish leader has followed in the course of history. The instructor of George III of England advised him to do this, and it is believed here that this conference had some effect in checking the spread of this type of legislation.

The fight is by no means won, of course. As the Bureau of Agricultural Economics sees it, merely to stop the spread of the restrictive legislation is only a small part of the struggle.

Most of the existing restrictive laws must be wiped off the books before trade in farm goods can move freely, and that is a job which will take a long time to accomplish.

Nevertheless, the bureau is encouraged. A first step has been taken. Many state officials are actively co-operating in the campaign to repeal the restrictive laws. It is believed that many of these barriers will be removed at the next sessions of the different state legislatures.

under the hot ironed heel of might. In Texas and in America may be seen evidences of the disastrous consequences of their unwholy rule.

The third type of dictators is the very antithesis of those here mentioned. It is the dictatorship of the people, for the people and by the people. In the United States, it is called Democracy—the dictatorship of the collective conscience of the people. It could well be called Justice, for Americans and Texans stand for that. The true motivating spirit of Christian civilization must be Justice. Anarchy is liberty without law. We need have no fears so long as Justice reigns and civil righteousness survives.

course lost the American colonies to Britain. The rigid hand of discipline may seem to succeed for a time, but where discipline depends upon arbitrary authority it ultimately breaks down, and we may be sure that this will be as true in our modern world of dictatorships as it was in the ancient day in Israel.

REHOBAM'S foolish decision was all the more amazing in view of the fact that down in Egypt there was a refugee who had escaped from Israel because of his rebellion, and who was ready to seize the opportunity to return and lead a fresh revolt. Jeroboam arrived.

The times were ripe for action. Ten tribes revolted and made Jeroboam their king, and from now on the history of Israel is the history of a divided kingdom—the kingdom of Judah in the south with two tribes adhering to the rule of Rehoboam, and the kingdom of Israel in the north with 10 tribes adhering to the rule of Jeroboam.

But we shall find that the history of the divided kingdom is very much along the line of the history that made the division—bad judgment, lack of regard for justice, betrayal of the rights and liberties of the people, bringing down upon both kings and people the inevitable consequences of wrong courses and misdeeds.

It is not long until we shall see the northern kingdom swept away with the tribes dispersed, to be known afterwards in history as "the lost 10 tribes"—with all manner of speculations concerning them, the most remarkable of which is that which has sought to identify them with the Anglo-Saxons. The southern kingdom, too, we shall find later in exile, carried off to Babylon in tragic excursions that brought to light men of the spiritual power of 1792.

CHRISTIAN SCIENCE

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 16.

The Golden Text is: "Seek good, and not evil, that ye may live; and so the Lord, the God of hosts, shall be with you, as ye have spoken" (Amos 5:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "We know that the Son of God is come, and hath given us an understanding, that we may know him that is true, and we are in him that is true, even in his Son Jesus Christ. This is the true God, and eternal life" (1 John 5:20).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness" (page 284).

Funeral Thursday
Last Services Held at Baptist Church for Heart Victim
Burial Ochiltree

Relatives and friends gathered at the Baptist Church Thursday afternoon to pay final tribute to Jas. P. Teague, who passed away at a local hospital Wednesday afternoon, 2:45 o'clock, with heart complications. Mr. Teague had been in failing health for the past three years and suffered a heart attack about three weeks ago from which he never recovered.

The services were conducted by Rev. S. R. McClung, Baptist pastor. A male quartet, composed of Robert Lawrence, J. Malvin Jackson, Rufus Bolerjack and Addison Cutler, sang three selections. Mrs. A. P. McCleary was the accompanist.

Interment was made in the Ochiltree cemetery with the Wilson Funeral Home in charge. The pall bearers were L. L. Lance, Clyde Cotter, G. B. Meares, W. T. Lackey, J. H. Palmer and Fred Funk.

Surviving are the widow; three sons, Frank, Glen and Burl Teague, all of Perryton; three sisters, Mrs. J. N. Conley, Perryton, Mrs. Laura Owenby, Maricopa, Ga., and Mrs. E. M. Updegr, Suberlin, Oregon; several nieces and nephews and two grandchildren.

"My Heart's Been Sound Asleep," a composition by Jack Shaul, was played over KPTN Pampa, Monday morning by Jerry Pith. Mr. Shaul, owner of the Modern Motor Service, has had a number of his compositions published during the past year and is winning recognition among music lovers.

Mrs. W. H. Johnson and granddaughter, Mitt Shaden of Dallas, and sister-in-law, Mrs. Allen Johnson Russell and two sons, Roland Johnson and William Poe of Joplin, Mo., and Mr. Bettie Winningsham, Dallas, came in Tuesday and will visit until Friday in the home of Mrs. Johnson's brother Harve Holde-man and family.

Baptist Building Debt Dwindles

As the mercury rises, the red on the financial ledger of the First Baptist church falls. Church officials have placed a thermometer-like chart where all members may see every Sunday how much money has been collected toward payment of the remaining \$1,000 debt on the \$25,000 structure which was built in 1925. A drive to pay this \$1,000 by Sunday is under way. Contributions from members and friends of the church are being solicited.

POPULAR CAMP AT L-Z RANCH

SUMMER RETREAT FOR BOYS IS HELD TWENTY MILES SOUTHEAST OF TOWN
T. V. ELLZEY, MGR.

Two big week-ends are in store for the members of the L-Z camp for boys located 20 miles southeast of Perryton. On Friday, July 21, the L-Z Ranch, site of the camp, will entertain at the Northwest Panhandle Rodeo and Neighbors Day. Friday, July 28, will be "Parents Day" at the boys camp.

The L-Z Camp for Boys, growing more popular each year, has one of the most wholesome programs for boys in the nation. It is positively not a camp for "sissies" or pampered children. The routine for the camp calls for the members to roll out of bed at 6:30 a. m., take regular setting up exercises, adjourn to the mixing pens and each milk his individually assigned cow before the breakfast hour. Lesson study in the Bible, inspection of camp and personnel follow the morning routine before classes. Prizes are given for care in person and living quarters.

Classes are so arranged that each lad studies 2 hours in the craft he is most interested in, continuing for 2 weeks before any change in schedule is authorized. During the 4 weeks of the camp each boy gets training in health, hygiene and nature study. Following the class period, boys who are divided into competitive groups (Rangers and Cowboys) have a play period in which baseball, soccer and other outdoor games receive 2 hours of attention. Following the noon hour, 2 hours of rest period is required and lads write home, sleep or remain quietly in their quarters reading.

Riding is one of the most enjoyed and popular sports. Helping in the roundup is "top" of anything that has to be done around the ranch. The riding is from 3 until 6 p. m., and immediately after the return to camp the lads have supper. The boys who do not ride have a variety of things to do, mainly rifle practice and practice with bows and arrows made by them in their crafts shop. After the evening meal the boys again visit the mixing pens and finish light chores such as are characteristic of camp and ranch life. Practically each evening (weather permitting) the boys enjoy a camp fire with impromptu entertainment, including some of their own concoctions, and some from one of the 7 elder members of the training staff that direct their activities during the camp. At 8:45 the lights are darkened and the lads must be in their bunks by the nine o'clock hour.

Mrs. L. W. Lamb and children, Billie Ann, Nora Jeanne, Peggy and Jim, returned to their home in Amarillo, Friday morning, after spending the night in the J. N. Conley home. They came in Thursday for the funeral services of Mrs. Lamb's uncle, Jas. P. Teague.

Mr. and Mrs. W. J. Miller and Janice were guests Saturday evening with Mr. and Mrs. H. E. Shotwell.

Manuel Coffee left Sunday to return to San Diego, Calif., after a two weeks leave with home folks. Manuel is serving his third year in the U. S. Marine. Harold Williams who had been visiting with his parents near Wichita, Kans., made the trip with him.

Absorbents, such as French chalk, Fuller's earth and blotting paper, are used for removing such stains as butter, grease or tar. Solvents are used to remove grease or chewing gum and bleaches will bleach stains.

Mr. and Mrs. W. J. Miller and Janice were guests Saturday evening with Mr. and Mrs. H. E. Shotwell.

Mrs. Clyde Cotter who has been ill for several weeks was moved to the Shattuck hospital Tuesday evening. It is thought that an operation will be necessary.

Mrs. Lora Littleton was a guest Tuesday with Mrs. J. M. Elmore.

Miss Elizabeth Caldwell returned Friday from a visit with relatives at various Texas points.

W. V. Wright, Dallas, representative of the Lacy Paving Co., has been in Perryton this week looking after business interests.

Mr. and Mrs. C. E. Woods were week-end guests in Liberal, Kansas, with her sisters, Mrs. J. E. George and Miss Jennie Karas. Mrs. W. A. Teter and son, Robert, accompanied them and visited in the home of her aunt, Mrs. W. S. Wulley.

Mr. and Mrs. Fred Carter and Sabra Jean, returned to their home at San Angelo, Saturday after a week's visit with his mother, Mrs. A. L. Carter Sr. and with other relatives. His niece, Miss Katharine Allen, accompanied them for a few weeks visit.

Mr. and Mrs. P. M. Rodgers and son, James, came in Friday with Henderson for a few days visit with his brother and wife, Mr. and Mrs. Garland Rodgers.

Delt-a-Deck

Mrs. W. J. Miller was the charming hostess for the meeting of the Delt-a-Deck bridge club at her home at the Booster Station, northwest of town, Friday afternoon.

The Fourth of July was commemorated, the hostess used a red, white and blue motif in her appointments. Tiny silk flags were given as favors. Score favors were received by Mrs. Bell, holder of high score, and Mrs. Herndon, consolation.

A delicious refreshment plate was served at the close of the play to Mrs. Harold Malone, Wichita Kans.; Mrs. Ben Frass, Mrs. Jerry Boston, Mrs. Roy Bell, Mrs. Sibley Jines, Mrs. W. L. Herndon, Mrs. E. H. Lynch, Mrs. Tom Denman, Mrs. E. W. LaMaster, Mrs. H. E. Shotwell, Mrs. Crawford Sims and the hostess.

Attend Reunion

Mr. and Mrs. C. H. Williams and children, Sue and Bob, returned Saturday from a week's visit with relatives and friends at Hamilton and Comanche. They were among the 125 relatives gathered in the parental J. P. Williams home Comanche, for a family reunion on the Fourth.

At Hamilton, they visited with Mrs. Williams' parents, Mr. and Mrs. P. Waggoner.

McClung-Patton Nuptials

The marriage of Miss Nell Patton, Floydada, to Mr. W. H. McClung, Perryton, was solemnized Friday, July 7, in the home of the bride's parents, Mr. and Mrs. Roy Patton, Floydada.

Rev. S. R. McClung, Baptist pastor of Perryton and father of the bridegroom, performed the noon ceremony which was witnessed by a few close friends and relatives. Miss Selma Linder and Carroll McClung, both of Floydada, attended the couple.

Both young people are graduates of the Floydada high school, he finished with the class of '38 and she received her diploma in the spring. W. H. attended Baylor University in the fall.

Dinner was served immediately after the ceremony to the bride party and the guests. Rev. and Mrs. McClung and daughter, Mary, were present from Perryton.

Mr. and Mrs. McClung will be at home in Booker, where he works as clerk at the Adams Hotel.

Complimenting Mrs. Oliver Woodrow Dunkin, the former Miss Dorothy Patton, Misses Chloe Sawyer and Louise Hurn entertained with a tea and miscellaneous shower at the B. C. Hurn home Monday afternoon.

Summer flowers were attractively used about the entertainment rooms and opening of the numerous gifts furnished pleasant diversion for the many guests who were present. Miss Maxine Barnett played a few piano numbers during the afternoon.

The guest list included 31 friends and relatives—Higgins News.

Y. W. A. House Party

Miss Minnie Gamel, Miss Rosemary Boston, Miss Belle Marie Wright and their sponsor, Mrs. L. Lance were in Amarillo last week to attend a house party for the members of the Baptist Young Women's Auxiliary of District 10 held at the First Baptist Church.

District 10 is composed of five associations made up of 100 churches. Mrs. Lance is young peoples leader for the Canadian association which included eight churches. Mrs. Robert B. Burnett, Amarillo, is the district entertainer for the successful three-day session.

The high point of the activities was the review of G. Lee Phelps' book, "Tape Trail" given by Mrs. Aaron Hancock of McAlester, Oklahoma, missionary guest speaker Mrs. Hancock, three-fourth Cherokee Indian and her husband, full-blooded Choctaw Indian, represent the Baptist Home Mission Board among the Indians in Oklahoma. She interpreted the book by her own experiences as a worker with her people and made a plea for more workers in the field.

Mrs. Henry Richardson and daughter, Marilyn, left Saturday for a few weeks vacation at Eaton, N. M. Miss Helen Buckland and Irvin Hergert of Dalhart accompanied them as far as Clayton, N. M.

Boyer For Senator

Max W. Boyer May Throw Hat Into 1940 Political Ring In Race for Senator

Max Boyer of Perryton, representative for several terms from the 124th district composed of ten most northern counties in Texas, may senatorial district to succeed Senator Clint C. Small, the Herald was informed this week.

Boyer, who represents Hartley, Dallas, Sherman, Moore Hutehinson Hansford, Ochiltree, Roberts, Hemphill and Lipscomb counties at Austin, is said to be receiving considerable encouragement to make the race.

How strong the field will be is difficult to predict right now. Should Senator Small refuse to run for a fourth term, it is believed that G. H. (Jack) Little of Amarillo and Eugene Worley of Shamrock would also get into the race.

C. N. Conley, Oklahoma City, was here Thursday to attend the funeral services of his uncle, Jas. F. Teague. His daughter, Mary Jane, who had been visiting with her grandparents, Mr. and Mrs. J. N. Conley, and with her cousins in Amarillo for two weeks, returned home with him. She was accompanied by Betty Lamb and Shirley Ross of Amarillo, who plan on visiting with her ten days.

We have a fine selection of local houses which we are offering for sale now at reasonable prices. You may have your choice of locations in several sections of town. Easy terms may be arranged. White House Lumber Company.

Ellis Presents "Man About Town" Sunday and Monday

The feature at the Ellis Theatre next Sunday and Monday is the highly recommended musical comedy show "Man About Town" starring Jack Benny, Dorothy Lamour, Edward Arnold and Phil Harris.

"Man About Town" is said to be different from previous Benny films in that it gives the comedian a better chance to be his natural self and gives a better opportunity for expert gag-tossing.

The story by Morris Riskin, author of "My Man Godfrey" and "Stage Door" tells how Jack, an American theatrical impresario brings his troupe to London to put on a show. In an effort to win the heart of his singing star, Dorothy Lamour, Jack becomes involved in English society.

The dusky Rochester is Benny's handy-man and advisor. Phil Harris is Jack's rival for the hand of Dorothy. Twenty of Hollywood's leading girls appear in a harem scene sequence, and three new song hits are introduced—"Fidgety Joe," "Strange Enchantment" and "That Sentimental Sandwich."

In the second game between the Perryton Pirates versus Liberal Pirates, Cyger pitched for Perryton and gave up only 3 hits to the opposing pitcher's five.

It seems queer for us old sand casters to be going nautical, doesn't it? But, no failing, we are suggesting that you put an EVINRUDE or ELTO motor on your boat and go sporting on Wolf Creek Lake.

Having already emitted too many peeps, the EARLY Bird will drop its quill, go back to its little nest and continue to think in silence.

efficiently and at short intervals, more headway could be effected.

So long as people are discouraged from coming to live in Perryton by the deficiency of houses, just that long will Perryton be served by poor transportation systems and be of sluggish growth and relative insignificance.
