Services For Robin Jones Here Tuesday

Funeral services were held from the Ozona Methodist Church at 3 o'clock Tuesday afternoon for Robin Jones, 19-year-old daughter of Mr. and Mrs. Dempster Jones of Ozona, who died at about noon Sunday from injuries suffered in an automobile wreck near Seguin Feb. 13.

A sophomore student at Southwest Texas State College in San Marcos, Miss Jones was injured when her car plunged from an embankment on a section of Interstate 10, between San Antonio and Seguin, which was under construction. The car nosed over into a 30-foot deep chasm where a bridge is to be constructed on the highway. She had failed to notice detour signs and barriers a short distance from the accident scene.

Rushed to Baptist Memorial Hospital in San Antonio, the injured girl fought for life as a group of specialists sought to save her. Fatal head injuries had been suffered, however, when she was thrown through the steering wheel and windshield of the car. Three girls companions, all students at Southwest Texas, were less seriously injured. Miss Pam Brandenburger of Mason suffered a broken shoulder and Miss Carol McClain of Galveston, Robin's roommate, and Sara Hatch, also of Mason, suffered only minor injuries. They had attended the Saturday session of the San Antonio rodeo and were on their way back to San Marcos.

Rev. Leonard Garrett, pastor, conducted the services. Interment was in Cedar Hill Cemetery, with Janes Funeral Home of Ozona in charge of services.

Former high school classmates of Miss Jones served as pallbearers. They were Jimmy Baggett, Frank Childress, Robert Doyle Cox, Scott Mahon, Joe Clayton, Jr., Johnny Jones, Bryan Montgomery, Herbie Noelke, and Fletcher Coates.

Born in San Angelo May 6, 1945, Miss Jones was reared in Ozona. She was graduated from Ozona High School in 1963. She was captain of the 1963 basketball team, was a member of the Lions Roar staff and art editor of the high school annual. She was queen of the 1963 Ozona Lions Club Junior Rodeo.

Surviving are the parents, Mr. and Mrs. Dempster Jones of Ozona; two sisters, Mrs. Earl Acton of Toyah and Shelley Jones of the home; her grandmother Mrs. Joe Pierce, Jr., of Ozona; one aunt, Mrs. Jack Ransom of San Angelo, and two uncles, Ralph Jones and Joe S. Pierce, III, both of Ozona.

CROCKETT COUNTY HOSPITAL MEMORIAL FUND

List of donors to the Crockett County Hospital Memorial Fund since Feb. 16th:

Mrs. Sidney S. Millsbaugh of San Angelo in memory of Mrs. Pat Lee.

Mrs. Alma Oberkamp of Roach in memory of Mrs. Pat Lee, Mrs. D. W. Russell (Mahalia Texana), Mr. E. L. Mahon, Robin Jones, Mrs. Nat B. Read and Mrs. W. D. Chandler, mother of Mr. W. H. Chandler, and Mr. Melvin Evans, brother-in-law of Mr. Claude Russell.

Wooten Motor Company in memory of Robin Jones.

Ranchers Invited To Hear Plan For Trapper Explained

A number of Crockett county ranchers have expressed an interest in forming a ranchmen's club to share part of the cost of employing a government trapper in this area in an effort to thin down the predatory animal population.

Jim Skinner, government trapper at Sonora, last week asked interested ranchers to leave their names at the Ranch Feed & Supply Co., offices.

Since many have shown an interest, and feeling that the chances of forming a club are good, Mr. Skinner will be at the Chamber of Commerce building next Saturday morning from 8 a. m. to 12 noon to explain the plan to any interested ranchers who will call.

The government pays a good part of a trapper's salary, the balance furnished by rancher groups in the affected area.

To Launch Heart Fund Drive Here Sun. Afternoon

Postponed from last Sunday Feb. 21, 1965 Heart Fund Drive in Ozona will be launched from the Hi Way Cafe next Sunday afternoon at 2:45. Mrs. Jack Jones, county Heart Fund Chairman, announced this week.

A number of workers named from various organized groups in the city plus a number of other volunteers are expected to be on hand for the opening of the drive.

Workers will be assigned different sections of the city and a whirlwind house-to-house canvass will be made during the afternoon and early evening hours. Anyone interested in helping with the drive is urged to be present for the meeting at the HiWay Cafe.

Various benefit events are scheduled for next week on behalf of the Heart Fund Mrs. Jones said.

A Heart Fund bowl will be held at Miller bowling lanes starting Monday, March 1, through the 13th. Prizes contributed by local merchants are to be awarded winners. "Bowl For a Heart" will be the theme of the series, proceeds to go into the Heart Fund. All bowling enthusiasts are urged to participate and make the event an outstanding success.

Heart Fund "Coffee Days" will be observed at M&M Cafe and at the 290 Cafe. Mrs. Mildred Goodson of M&M Cafe has announced that Heart Fund Coffee day will be observed Friday at the M&M, with all proceeds from coffee sales for the day going into the heart fund. The following day, Saturday, Feb. 27, will be Heart Fund Coffee Day at the 290 Cafe, with funds from coffee sales that day likewise going into the heart fund.

A generous response on the part of Ozonans is expected in this drive, Mrs. Jones said, the heart fund receipts going into research

DAUGHTER TO BROWNS

Rev. and Mrs. Max Brown are the parents of a daughter born Saturday afternoon, Feb. 20, at the Crockett County Hospital. The baby, the first child for the couple, has been named Amanda Kay Brown. Rev. Brown is pastor of the First Baptist Church in Ozona.

Dr. Ennis B. Hill

Weather Slows Track Practice For Initial Meet

By Ernie Boyd

Rain and cold limited track activity to almost nothing this week as the Ozona Lions prep for their first meet of the year, the big Ft. Stockton relays this weekend.

Coaches Chick Womack and Sonny Cleere have had a number of team members in training for some time but, aside from that group, the bulk of the squad, which joined the team following the end of basketball season, has been held to little work due to the element.

Just how many entries Ozona will send into action Saturday seemed to be an unknown factor at the mid-week point but chances are that a mile relay team, made up mostly of boys who have had some conditioning and weight man Gary Pagan will see some action.

The Lions' own meet will be staged next week and Ozona Coaches are hoping that this week's frigid blasts will be the last of what up until now has been a very mild winter.

About 16 teams are expected to be on hand for the annual invitational meet, but few if any of the teams are expected to be near top strength due to the lack of training time allotted thus far.

So far Joel Huff, who injured a leg in football practice, and David Childress, who has a recurring hip injury, have not shown any signs of being bothered by injuries that have slowed them in the past and coaches hope that good conditioning and some good fortune will keep both boys in action this spring.

Coach Womack expressed optimism that his sophomores, who did well in action last spring will be improved enough to give the team a big push this year. Only time will tell, but this week will not see the Lions anywhere near ready for a team effort.

Husband Former Ozona Teacher Is Heart Victim

Henry (Hank) Smith, husband of the former Miss Frances Northcutt, sister of Pascal Northcutt of Ozona and a former teacher in Ozona Public Schools, died of a heart attack at his home in Kingsville Tuesday afternoon.

Informed of his brother-in-laws' death, Mr. Northcutt left here early Wednesday morning for Kingsville. Mr. Smith, who, with Mrs. Smith, had visited in Ozona a number of times, was an instructor in Texas A&I College at Kingsville. The couple have two sons.

Dr. Ennis Hill To Preach Here In Brief Mission

Dr. Ennis B. Hill, pastor of Laurel Heights Methodist Church in San Antonio, will do the preaching at the annual Preaching Mission at the Ozona Methodist Church which will begin Sunday evening and conclude with evening services Wednesday.

The Sunday night opening service will begin at 7 p. m. while services each evening for the next three days will begin at 7:30. The pastor, Rev. Leonard Garrett, extends an invitation to the entire community to attend any or all of the services.

Dr. Hill was pastor of the First Methodist Church in San Angelo for eight years prior to his appointment to Laurel Heights church. He had served previously at Junction, Alamo Heights Methodist Church in San Antonio, Munger Place Methodist Church in Dallas.

Dr. Hill was elected a member of the General and Jurisdictional Conferences in 1960 and 1964, from the Southwest Texas Conference. He is now serving on the General Conference Commission on the Ministry. In the Southwest Texas Conference, he is now chairman of the Conference Council, chairman of the Board of Ministerial Training, and is a trustee of S. M. U., of the Methodist Mission Home, Morningside Manor and Southwest Texas Methodist Hospital.

Big Lake Owls Hack Way Into Lubbock Region

By Ernie Boyd

The Sonora Broncos got two shots in the last 13 seconds of last week's championship game with Big Lake but both missed the hoop and the Big Lake Owls took a 52 to 50 thriller from the Red Horses before a big crowd in Ozona.

Alton Wilburn and Johnny Howard sparked the Owls to the district title with 18 and 13 points respectively while Bill Elliott led the long shooting Broncos with 16.

Sonora jumped into a 20 to 18 lead in the first quarter, which saw a tremendous shooting percent posted by both sides, but in the second quarter the lead began to change hands rapidly and the Owls emerged with a 31 to 29 lead on a shot in the last three seconds.

The Owls, even though dropping behind at times, and being as far ahead as 7 points at one time, held on to the two-point margin in the end to gain victory. With a six point lead and about five minutes to go, the Owls began to slow the pace, but Sonora got critically needed long shots from Mike Wuest and Bill Elliott to get close and then tied it up at 50 all on a bucket by Wuest.

Howard Young put the Owls ahead to stay with two free shots and the stall was on in earnest. Sonora stole the ball but lost it on a violation and with 50 seconds to go gained control only to lose it on a bad pass. But with 13 seconds to go, Roy Glascock picked off an Owl pass and passed to Wuest who fired from about 20 feet, the ball came off the rim and was fielded by Max Delrie, who was one of the (Continued on Last Page)

Petition Asks Election Be Called For School Improvement Program

Tourism Course To Be Offered By West Texas C of C

A two-day course in Tourism, sponsored by the Ozona Chamber of Commerce, will be held here May 5 and 6 in the Chamber offices, Troy Williams, president, announced this week.

George Jordan, tourist department manager for the West Texas Chamber of Commerce, will instruct the class which will be open to all business men or others interested in the effect of the tourist dollars on local economy.

Those taking the course will have a choice of either two day sessions or two night sessions at a cost of \$2 per person. Chamber officials expressed hope that a cross section of the community will be enrolled in the course. Invitations are being sent to neighboring communities to join the class. Further information is available at the Chamber office.

Less Than Half Cars Here Have Been Inspected

Patrolman James Cumby with the vehicle inspection division, Department of Public Safety, had something of a warning for Crockett county motor vehicle owners who have not yet secured that little safety inspection sticker on their windshields.

The deadline, if you didn't know, is April 15 — and after that, if your sticker is out of date, you are subject to a fine if a patrolman catches you.

April 15 may sound like a long time off but Patrolman Cumby has some sobering information. Crockett county will have registered approximately 2,950 cars by April 1. To yesterday only 1,380 new safety inspection stickers had been issued here. That leaves 1,570 vehicles which must undergo inspection at the four local garages which are approved stations by April 15. A lot of these cars may need work done on them before the station can attach the sticker and if you wait too long to have your car inspected you may find yourself waiting in line near the deadline.

Approved local inspection stations are Woody Mason Motor Co., Wooten Motor Co., James Motor Co., and Stuart Motor Co. The inspection fee is still \$1 plus whatever repairs are required.

Castle Gap Assn. Holds Semi-Annual Conference Here

The Castle Gap Association of Southern Baptist Churches held its semi-annual conference at the First Baptist Church of Ozona Tuesday night with the Rev. Glen Edwards, a former pastor of the Ozona Church and now the pastor of the First Baptist Church of Pecos, as the keynote speaker.

Churches from McCamey, Crane, Sheffield, Big Lake, Iraan, Rankin, and Ozona were represented at the meeting, which began with a business session and a supper at the Church Tuesday afternoon.

Rev. Bill Perdue of the First Baptist Church of Crane served as moderator for the meeting.

First step in the legal process to bring about an election in Crockett county to decide on the issuance of \$320,000 in bonds for the purpose of expanding and making necessary repairs and additions to Ozona public school system plant was taken this week.

Volunteer workers were canvassing eligible voters for signatures to the petition asking the Commissioners

Forum Fashions On Parade Sat. At Country Club

Some 64 models will participate in the show of Spring Styles (Reflections of Fashions) slated for 3 p. m. Saturday Feb. 27, at the Ozona Country Club by the Ozona Woman's Forum.

Barnes & Co. and Florence and Martha's Children Wear, both of San Angelo, will furnish clothes for the show. Music for the style show will feature Mary Carter at the organ. Mrs. Beecher Montgomery will be commentator. Tickets are \$1.50.

Committees appointed including: Models Chairman, Mrs. P. L. Childress, Jr., Mrs. Kirby Moore, Mrs. Hugh Childress, Jr., Mrs. Jack Williams and Mrs. Lowell Littleton.

A rehearsal will be held at the country club at 7 o'clock Friday night in preparation for the show. All participants are urged to be on hand for the rehearsal.

Commentator: Mrs. Beecher Montgomery, chairman, Mrs. Marshall Montgomery, Mrs. Dempster Jones, Mrs. Carl Appel, Mrs. W. T. Stokes, and Mrs. James Childress.

Food: Mrs. Brock Jones, chairman, Mrs. L. B. Cox, III, Mrs. Lloyd Sherrill, Mrs. P. C. Ferner, Mrs. Oscar Kost, Mrs. W. R. Baggett, Jr., Mrs. W. H. Whitaker, and (Continued on Last Page)

New Directors For C of C Take Office Monday

The Ozona Chamber of Commerce ends its second year of operation March 1 and on that date, four new directors of the organization, elected in a recently completed mail ballot, will be inducted into office.

Newly elected directors are W. H. Whitaker, Bill Cooper, Ted Lewis and Sam Martinez.

Retiring directors who have served since the organization's inception, are Oscar Kost (first president of the CofC), Buster Miller, Gene Lilly and Woody Mason. Hold-over members of the board of directors will be Troy Williams (retiring president), Lowell Littleton, John Held, Bill Watson, Jack Baggett, John Childress, Joe Williams and Dick Henderson.

The newly elected directors will serve three-year terms. The original board selected by the membership drew lots for one-year, two-year and three-year terms so that continuity will be maintained on the board through the years with staggered terms for directors.

An organizational meeting will be held at the Chamber offices Monday night when the new directors will be inducted into office and new officers for the coming year elected.

Court to order the election and as soon as the required number of signers is secured, the petition will be turned over to the court whose duty it is to order the election and set a date for the balloting.

The proposition on which voters will be asked to decide at the polls on the date set by the court is stated as follows in the petition:

"Shall the Commissioners Court of Crockett County, Texas, be authorized to issue the bonds of Crockett County Consolidated Common School District No. 1, of Crockett County, Texas, to the amount of \$320,000, bearing interest at a rate not to exceed four percent (4%) per annum, and maturing serially or otherwise in such installments as are fixed by said Commissioners' Court, with a maximum maturity not to exceed ten (10) years from their date, for the purpose of the purchase, construction, repair and equipment of public free school buildings within the limits of such district, and the purchase of the necessary sites therefor, and shall said Commissioners' Court be authorized to assess, levy and collect taxes annually in such an amount and at a rate sufficient on each \$100 valuation of taxable property in said district to pay the interest on and principal of such bonds, as authorized by the Constitution and laws of Texas" . . . "and citing governing statutes.

The move toward the bond issue was launched by the school board of trustees after months of study of the local situation where the community growth has taxed school facilities to the maximum and expected future growth makes the building of additional facilities necessary to meet the needs of school age youngsters.

To meet expansion needs of the high school, the building program includes a separate library building, which also will include two classrooms for high school students, and which will release two more classrooms in the present building, now occupied by the library.

Both the North and South Elementary schools need additional classrooms, three at the North elementary, with additional restroom facilities, and two at the South Elementary, also with (Continued on Last Page)

CROCKETT COUNTY HOSPITAL NEWS

Patients admitted to hospital since Feb. 16th:

J. F. Ellis, medical; Mrs. George Ybarra, obstetrical; Roy Rodriguez, accident; Hugh Childress, Sr. medical; Mrs. Enrique Delgado obstetrical; Mrs. Billy D. Gillit, medical; Mrs. Lillie Norton, accident; Mrs. E. R. Barnes, surgical; Earl Horton, Midland, medical; Mrs. Glen Webb, medical.

HIGHLIGHTS
AND
SIDELIGHTS

From Your State Capitol

Austin, Texas—Gov. John Connally passed the first legislative test of his program for improving higher education.

House of Representatives overwhelmingly approved the bill to name an 18-member commission to decide which colleges and universities shall teach what, to assign fields of teaching, and to take over state supervision of academic work in the 32 junior colleges.

Shoals lie ahead, because some strong senators are against such a delegation of powers, or oppose some phases of the bill as passed by the House.

Sen. Dorsey Hardeman is opposed to some of Connally's programs. This has led to talk of pressure tactics. Forces of Speaker Ben Barnes, who support Connally, may hold up action on Hardeman's bill to transfer San Angelo College to state-supported status on September 1.

Hardeman, long a power in the Senate, heads the Senate Finance Committee which will make the fiscal decisions on many programs. This key position makes it vital to Connally that he have acquiescence, if not support, from Hardeman.

Economy Commission — A commission study which experts testified could result in savings up to \$8,000,000 a year in state gov-

ernment operations has House approval and now is in the Senate.

Called the "Little Hoover Commission," the survey is aimed at achieving "economy and efficiency" in the executive branch of the government.

TB Program Urged — House and Senate committees heard convincing arguments that tuberculosis can be eradicated in Texas within a decade through new drugs and treatment methods and an intensive program of care, case-finding and follow-up.

Senate Public Health Committee immediately approved setting the program in motion in a group of south-central Texas counties around San Antonio and Mexican border counties from El Paso to Brownsville.

Plan would call for State Department of Health to take over all hospitals and consolidate the entire program in a special division. Contract care of patients near their homes where possible is an important part of the program.

Oil — Oil production will be down a bit in March. Railroad Commission cut allowables 11,000 barrels a day after hearing discouraging forecasts of need for Texas oil during the month.

Oilmen got House committee approval of the oil and gas pooling bill backed by several oil associations. Strong opposition had been voiced by the Texas Farm Bureau, but the committee approved with only Rep. Amando Canales of San Diego opposing the

Governor John Connally has proclaimed the week of February 20-27 as FFA Week in Texas. Pictured from left to right are: Governor Connally; Calvin Brints, President, Texas Association, FFA; and, Clemon Montgomery, Executive Secretary, Texas Association of Future Farmers of America.

In simple terms, the bill would allow landowners or leaseholders who do not have enough land to obtain a drilling permit from the Railroad Commission to get the Commission to order adjoining operators to bring the small tract into a pool. Likewise, owners of large tracts can force the pooling of small tracts for oil and gas development.

Cotton — Legislation by Sen. Jim Bates of Edinburg and Rep. Menton Murray of Harlingen to restore the pink bollworm control law to full effectiveness is nearing final passage.

Agriculture Commissioner John C. White asked for the bill, changing an "and" to an "or". Cameron County court declared the present law invalid, after 40 years of enforcement.

UCRA May Expand — Rep. Forrest Harding of San Angelo will offer a bill permitting 10 West Texas counties to vote on creation of an enlarged Upper Colorado River Authority.

Counties are Tom Green, McCulloch, Menard, Schleicher, Concho, Coleman, Irion, Runnels, Coke and Sterling.

Historial Survey
Co. Chairmen
Meet In Austin

Mrs. R. A. Harrell of Ozona, chairman of Crockett County Historical Survey Committee, will participate in the 1965 State-wide County Chairman's Meeting on March 16 in Austin.

Highlight of the session is a discussion and planning of the second year for RAMPS, according to information Mrs. Harrell has received from the Texas State Historical Survey Committee, sponsor of the meeting.

RAMPS is the accelerated five-pointed program of Recordation, Appreciation, Marking, Preservation and Surveys of Texas history. It was begun, kept going and is now being enlarged through the cooperation of the county, regional and state historical survey groups.

Twenty-one projects pertaining to RAMPS are slated for completion during a five-year period, announces the TSHSC, a state agency with headquarters in Austin.

Mrs. Harrell will meet with other county chairmen for a discussion of plans and problems in having successful RAMPS projects in Crockett County.

WATCH-CLOCK-JEWELRY
REPAIR
CLARENCE KEY
Ave. D — First House South
Moore Motor Co.
tfc

The state-wide goal of placing 1,000 markers a year was reached the first year of RAMPS — and went over with more than 1,300 markers erected in 1964.

To this date, there are 2 Official Texas Historical Markers and Medallions erected in Crockett County, one on the Courthouse and one on the Ozona National Bank building. Joe Couch was County Chairman when these markers were erected.

The marking portion of RAMPS is receiving major emphasis this year. Markers placed are to commemorate houses, sites, landmarks and individuals over the state, explained the state survey committee president, John Ben Sheppard of Odessa. County survey committees and the state organization will also stress publication of the proper tourist information on the markers, he added.

One of the featured events for the one-day county chairman's meeting on March 16 is a luncheon to which Mrs. Harrell has been asked to invite this district's state legislators.

Mrs. Harrell long has been one of the county's most prominent figures in local history preservation and study. She was appointed recently for a two-year term by County Judge M. Brock Jones.

JAMES MOTOR COMPANY
807 W. 11TH ST. OZONA, TEXAS

HAPPY AND HEALTHY, 4-year-old Lisa Archer of Austin talks with the 1965 Texas Heart Fund Campaign Chairman, Lieutenant Governor Preston Smith in his Capitol Building Office. Today, Lisa can lead a normal life, thanks to open heart surgery made possible by Heart research. Since 1950, more than 100 million Heart Fund dollars have been channeled into research which has saved thousands of lives. President Johnson has designated February as American Heart Month and Governor Connally has issued a similar proclamation for Texas. The annual Heart Fund Drive is held each February.

Three Shooters Register Near Perfect Scores

David Lewis, Janie Edgerton and Duwain Vinson, share shooting honors in the Crockett County 4-H NRA Junior Rifle Club with a score of 49 out of possible 50 on a single target. Thirty-eight members have earned the NRA Pro-Marksmen Award and twelve members have qualified for the NRA Marksmen Award.

Some ninety members are shooting for NRA awards under the supervision of adult leaders. Members shoot .22 target rifles on the 22 target indoor range in the Junior Livestock Show Barn.

Top over-all scores turned in by younger members are those of Cuatro Davidson, Steven Hubbard, Buddy Couch, Jesse Deaton, Sooner Williams and Johnny Lee Barbee. Best over-all scores of older members are those of David Lewis, Hugh Coates, Fannie Everett, Duwain Vinson and Bill Carson.

The following have recently qualified for NRA Pro - Marksman awards: Roy Fleet Coates, Sooner Williams, Johnny Lee Barbee, Gale Cavanaugh, Ned Henry, Marvin McKeehan, Duwain Vinson, Eugene Vinson, James Garvey, Connie Hubbard, Don Edgerton, Larry Williams, Fannie Everett, Janie Edgerton, Hugh Coates, Gary Lee Sutton, Wesley West, David Lewis and Mike Prater.

The following have also qualified for the NRA Marksman award: Steven Hubbard, Cuatro Davidson, Mike Womack, Bill King, Curtis Weant, Fred Deaton, Bill Everett, Mike Baker, Larry Williams, Fannie Everett, Janie Edgerton and David Lewis.

Fred Earwood Is Re-Elected Head Warehouse Assn.

The Texas Wool and Mohair Warehouse Association has re-elected Fred T. Earwood of Sonora its president and named several new officers and directors. Jack Allison of San Angelo was elevated to first vice president, filling a vacancy left by the recent death of Frank Roddie of Brady. Virgil Cauthorn of Del Rio became second vice president.

Tommy N. Lochridge of San Angelo became new secretary. He is also executive secretary of the Texas Sheep and Goat Raisers' Association.

A. L. Kreuger of San Angelo was renamed treasurer. Directors named were Earwood, Cauthorn, Allison, Kreuger, Hollis Blackwell of Goldthwaite, C. T. Holkamp of Junction and Ray Wyatt of Bandera.

A recent warehouse association survey showed 5,820,373 pounds of fall adult mohair, 571,499 pounds of fall yearling mohair and 676,169 pounds of fall kid mohair, all still on hand and unsold. On hand from 1964 spring adult mohair clip was 365,309 pounds. Still unsold from the 1964 clip of 12-months wool was 3,055,560 pounds.

Grandchildren In Mardi Gras Parade, Ozonans Watch TV

Mr. and Mrs. Hubert Baker will be firmly planted in front of a television set Sunday afternoon watching the Mardi Gras parade in New Orleans, which is scheduled for television broadcast that day.

The occasion of the Ozona couple's particular interest will be the marching band from Tivy High School at Kerrville. And of such particular interest in that musical organization will be their two granddaughters, Carol Lee and Betty Lou Low, children of Mr. and Mrs. Tommy Low of Kerrville. Carol plays a saxophone and Betty the Cornet.

The big Tivy band will leave Kerrville by bus Friday and will enjoy the sights in New Orleans Saturday and Sunday.

And another interested local couple will be Mr. and Mrs. O. L. Sims, great grandparents of the two girls.

South Elementary PTA Fund Raising Event Is Success

It was a cold and windy day on February 13th, but members of the South Elementary P. T. A. reported that the fund raising project was a success.

The project, which was named "Una Noche En Mexico" and spearheaded by Chairman Luis Martinez, will be an annual event for the South Elementary, but possibly will be moved up to get the advantage of more suitable weather.

Money realized from the effort was \$451.00, which will boost the South Elementary PTA's treasury. They plan to buy library books with the money.

Chairman Martinez expressed thanks, on behalf of the South Elementary PTA to the public and members of the PTA who responded with their generous cooperation and participation.

PRESCRIPTION FOR A SAFE TRIP

Report From Washington

By Richard C. White
Congressman, 16th Dist.

This is a special news letter for readers of the twenty or so weeklies, semi-weeklies, small dailies, (and six - time - a - year publications like that of our friend Juan Rivera down in Presidio.) I will be issuing these news letters from time to time because I feel that the vast rural, small-town and small-city areas of my district deserve like attention with the metropolitan centers of El Paso, Odessa, and Midland.

Here, briefly, are some of the subjects with which I am concerned for the benefit of the less-populated areas of the 16th District. In Pyote, there is an abandoned air-base, lying useless, and therefore an economic waste. I have initiated studies for the future utilization of this base, possibly as a site for manpower development and training under the Labor Department and the Office of Economic Opportunity. I offer the cooperation of my office to all groups in the area who are working toward this same end. I have already had several consultations with the responsible government officials, and am presenting the problem to my liaison committees in the necessary local action. There is much competition for the available projects of this type throughout the country, and local interest and action is a necessity.

In the Dell City area, I have been able to get additional personnel assigned to the Farmers Home Administration to make it easier for farmers to get proper financing. I will continue to work on this problem in this area and in other areas in cooperation with people of the district.

As a member of the House Interior and Insular Affairs Committee I am working to speed up the research on various methods of converting the vast mounts of saline underground water of our district into water that is drinkable.

In the Alpine area, we consider Sul Ross State College to be a prime asset to the region, and I took special pride in announcing the Federal grant for an advanced summer institute for teachers there, as well as special funds to permit part time employment for low income students. I am also working on a project to provide landing lights for the Alpine airport.

In Pecos, the national guard is sorely in need of a new armory and I have requested the necessary action.

Eight counties of my district have been listed by the Department of Agriculture as eligible for the purchase of feed grains from government stocks at low prices, due to the long West Texas drought.

Much of our area benefits, directly and indirectly, from the many tourists that visit Big Bend National Park and Fort Davis National Historical Monument. In 1964, 119,700 visitors registered at Big Bend, and 86,000 at old Fort Davis. As a member of the National Parks Subcommittee, I will exercise every vigilance to see that these projects receive proper support in future years.

The creation of a new National Park in the Guadalupe Mountains under the bill I introduced at the beginning of the Session, will benefit still others of the communities of our district.

I hope you will let me hear from you as to how I, as your elected representative, can best serve the town, city or area where you live.

Bill Cooper To Lecture At Water Works Assn. School

W. D. Cooper, of Ozona, superintendent of the Crockett County water district No. 1, will serve as a special lecturer and expert advisor during the annual short school of the Texas Water and Sewage Works Association, February 28 through March 5 at Texas A & M University.

This year's event the 47th in an unbroken series of annual sessions, will bring together some of the nation's top brains in both public and industrial plant management.

This assignment: to share

their knowledge and skills and experiences with all who register for the unique exercise in self-improvement.

Under sponsorship of the State Health Department, Texas and A & M University, the Texas Water Pollution Control Association, and TWSWA, the instruction is expected to attract some 800-900 utility plant operators from across the state.

OFFICE SPACE for Rent — From 500 to 2200 square feet. Excellent location in Ozona. Interested parties—please contact Continental Oil Company, Box 1001, Odessa, Texas, or call FE2-8211.

Accurate and Complete RANCH RECORDS Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

EDITORIAL

By Brenda Brentz

Yesterday, the students nominated for representatives to the student Council, each gave a speech a few minutes long.

As young people, many times we forget that our good pal, who is speaking, is trying to be serious for once. We often forget how difficult it is to speak in front of a couple of hundred people.

It is very annoying trying to give a speech and not having the attention of everyone in the room. A speaker's most difficult audience is a group of young people because their interest is frequently everywhere but with the speaker.

Courtesy, on the part of the audience, will make the speaker feel a little more at ease, and both the speaker and the audience will get more out of the speech.

We at OHS take pride in our ability to listen to all speakers.

LIONS TO ATTEND FORT STOCKTON TRACK MEET

By Carey Pitts

The Ozona Lions will attend their first track meet of the year this weekend at Ft. Stockton, Texas.

The track meet will begin with the preliminary trials at 9:00 a. m., and the finals will start at 2:00 p. m.

There will be two divisions in the track meet with 4-A and 3-A schools competing in Division No. 1, and 2-A and A schools competing in Division No. 2.

The Ft. Stockton Track Meet has become one of the largest in our area with an average of 30 to 40 teams entering each year.

As a standard track meet rule, no boy may enter more than 5 events; the Fort Stockton Track Meet has changed its meet rules to permit no school more than two entries in a single event.

With the large team Ozona has this year Coach Cleere has stated that Ozona will have two entries in each event.

ONE-ACT PLAY TO BE PRESENTED MARCH 29 FOR DISTRICT CONTEST

The one-act play to be presented for Interscholastic League Contest this year is "The Tangled Web". The contest will be held March 29 at the San Angelo College Auditorium.

Those in the cast are: Professor Doolittle — Richard Walker, Kate Reagan — Linda Leath, Dan Fogarty — Frank Welch, and Mrs. Elizabeth Wilcox — Cathy Miller. The play is directed by Mr. Claud Leath, high school speech teacher.

The play will be presented for P. T. A. March 15.

HE GIRLS FAIL AT BEING HOUSEWIVES

By Cathy Miller

The girls of Ozona High School are learning first hand what the drudgeries of being a homemaker are like. From HE I to HE IV these future housewives are sewing, cooking, and doing whatever else the average American wife and mother is expected to be an expert at.

In H. E. I the girls are trying their skills at sewing. Miss White is caused extra worries by one intelligent freshman who thinks stripes and plaids are just the thing for Spring. One

young lady even picked red and yellow for her color scheme.

The girls have just finished cooking in H. E. II and are starting to sew again. It is a good thing, too, because it has been reported that the whole kitchen has to be repaired. Cooking is not their cup of tea.

The H. E. III girls are planning menus for a food contest. If they win they will go to Atlantic City New Jersey. It looks doubtful that they will place first because, after their first breakfast, some of the girls went home sick!

The H. E. IV girls are busy little bees, learning to preserve and make jelly, to knit, and to refinish furniture. They are now working on an old record player that probably will never be the same again.

The future doesn't look very bright for the young ladies of the Home Economics Department. They must all be planning to marry rich men or just stay old maids the rest of their lives!!

SENIORS SELL BARBECUE TICKETS

The Seniors are presently engaged in selling the remainder of 400 tickets to the annual Senior barbecue. The barbecue will be held at the Ozona Invitational Track Meet, March 6 at 12 noon. The tickets sell for \$1.00 apiece.

This represents the Seniors last effort to obtain enough money to go on a Senior Trip. Having the largest Senior class in the history of OHS, the Seniors are having some difficulty in raising enough money.

The Senior wish to thank everyone that has contributed to the money raising activities of the Seniors.

NEXT WEEK DESIGNATED AS PUBLIC SCHOOL WEEK

A national annual event, public School Week, will be observed next week by the Ozona schools.

J. A. Pelto, OHS principal

NEW BOYS IN SCHOOL

said, "Since we do not have a visitation procedure as the elementary schools do, we have resorted to bringing citizens of Ozona who have something to offer in vocational counseling. People speak to classes whose subject matter coincides with the knowledge demanded in their particular jobs."

VOLLEYBALL TEAMS ENTERS BIG SPRING TOURNAMENT

The Ozona volleyball A-team will leave today after school for the Big Spring Volleyball Tournament. Their first game will be at 8:30 p. m. against Ft. Stockton. The girls will return to Ozona some time tonight in order to take their six week's tests tomorrow, Friday. After taking their tests, they will again leave for Big Spring and may stay until Saturday.

The volleyball A team consists of the following:

Carmen Childress, senior; Janis Walker, senior; Sandra Martinez, senior; Y-

venne Martinez, senior; Lynn Cox, junior; Vicki Lynn Montgomery, junior; Helen Hayes, junior; Barbara Kirby, junior; Carol Coates, junior; Lenore Farris, sophomore; and Kathy McAlister, sophomore.

GOSSIP

By Lynda M., Karen R.

If you're wondering why the H. E. IV girls are going around with sore hands; it's because they're recovering a chair.

Linda L. who was that good looking boy that you were at the dance with last Saturday night?

Is it true Karen can't remember her own cousin's name.

Esther, next time you pass a note be more careful!

What has Marajorie done to make her fingernails grow so fast.

Patty W. really must like the Beatles to have screamed all during the show Friday night.

Did Vicki A. have a mid-

night visitor Monday night.

Why was Randy so lonesome this weekend?

Janis W. got a new blue Tempest last week end. It sure is Pretty, Janis.

If you're wondering why some of the seniors were at school Saturday. It's not because they like to go to school all the time, but because they had to take an A. C. T. Test.

Monday, Mr. Dozier wasn't in the tree for fun, but he was trying to help a poor little kitty get out of the tree.

Melody why were you so happy last Wednesday afternoon.

Neto V. why were you laughing at the poor girl who fell down the steps.

What funny incident happened Tuesday morning to make Sandra and Richard smile so much.

Why were you so sad Friday night and Sunday afternoon, Sammy C.?

SENIOR DO'S AND DON'TS

By Tommie Ramos

Don't try very hard to sell tickets to the barbecue; we really don't need the money for the senior trip.

Do keep Mr. Pelto waiting and order your graduation invitations at the very last minute.

Don't even try to write a second research paper. Remember how much trouble the first one gave you.

Do aggravate your teachers as much as possible. They won't have a chance to get back at you next year.

Don't come to school every day. As a senior, you have the right to stay home at least once a week.

Do play hockey and get an unexcused absence. Because you're a senior, you won't have to stay in after school.

Don't forget to push the Freshmen around. After all, that's what Freshmen are for.

Do carve your name on all the desks so you will be remembered throughout the years.

Don't fail to stick gum all over the furniture in study hall. After all, Miss North is getting a new library next year.

Do whisper in study hall; you won't have anything else to do.

Don't neglect to damage your locker for no one as important as you will ever use it.

School Cafeteria MENU

Monday, Mar. 1:

Baked ham
Buttered corn
Cream peas
Combination salad
Applesauce
Hot rolls, butter
Milk

Tuesday, Mar. 2:

Hamburger on bun
Potato chips

CAMPAIGN SPEECHES MADE BY STUDENT COUNCIL NOMINEES

Campaign speeches were made yesterday afternoon for class representatives to the student council.

Each class nominated two boys and two girls to represent their class in the OHS student council, and the candidates and their campaign managers made speeches in yesterday's assembly. The following list includes both nominees and campaign managers (Continued on Page Five)

You'd think it was our car!

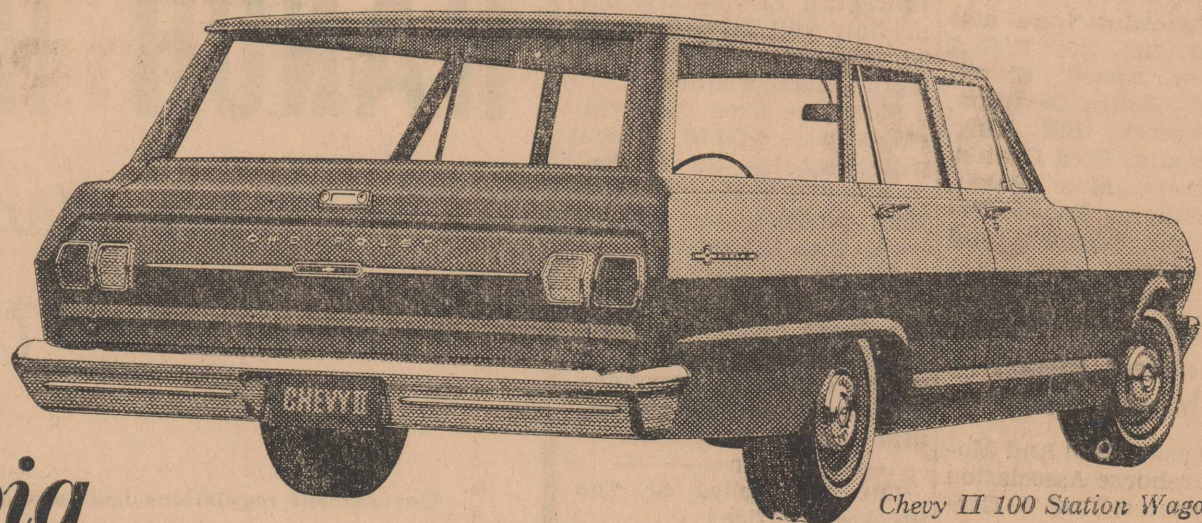

We baby your car. We carefully check every little detail to make sure it's in tip-top, A-1 condition. Why, you'd almost think your car belonged to us! There's good reason for us to be so fussy and painstaking. We want to do a better job than the "other fellow" down the street—because it's a good way to compete for your business. It's the competition between independent businessmen like us—that benefits you—the motorist.

Chevy II 100 Station Wagon

big tightwads

Chevy II 100 2-Door Sedan

Chevy II

With aluminized exhausts that discourage corrosion... Delco-tron generators that encourage longer battery life... brakes that adjust themselves... rocker panels that flush themselves free of dirt and salt. Tight? They're downright miserly!

You're looking at the lowest priced sedan and station wagon that Chevrolet makes.

They neither look nor act their price.

They're roomy. The sedan seats six. The wagon has nine feet from the back of the front seat to the tip of the lowered tailgate.

They're good looking. Clean. Functional.

You can get an economical 4-cylinder engine in the sedan or in both cars, a 120-hp Hi-Trim.

Six that's quick to do everything but cost you money. As we said earlier, these are our lowest priced cars. Try one out today.

SIX WEEKS TESTS CONCLUDED TOMORROW

This week will mark the end of the fourth six weeks test were started Wednesday and will be finished Friday. Tomorrow's tests will be concluded with tests in second, fourth, and sixth periods.

—oOo—

QUESTION OF THE WEEK

By Diane Couch

What did you think of the Game Friday night?

Marcia H. — If I hadn't been working in the concession stand I would have seen more of it.

Mary Jane — It was an exciting game.

Linda L. — It meant more money for the seniors!

Mike W. — Nice!!

Brenda B. — It was good in the fourth quarter, which I saw. (I was a little late!)

Lynda Miller — What game?

Carey P. — I thought it was a good game — with a good score!
Sandra M. I don't know. I couldn't see or hear a thing!!

Tommie R. — If I had gone I would had an idea what it was all about!

Yvonne M. — I don't know about the game, but I appreciated the scenery!

Cathy M. — Means I don't have to walk to Dallas!

**THE CHURCH FOR ALL
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

No, not a single thing! Mom always shops carefully for her family. She watches their health. She makes sure they have a clean, comfortable home. She sees that they get practically anything they want. What more can she do?

Well, how about their spiritual well-being? A family needs a religious framework in which to develop moral responsibility and steadfast faith. If Mom and Dad set a fine example of Christian love and regular church attendance, the family cannot help but be influenced. Today's young people, strengthened and inspired by Church teachings, are the leaders that our country will need tomorrow.

Remember, Mom . . . "Man's life consists not in the abundance of things which he possesses." Don't deprive your family or yourself of the many precious values the Church can give.

CLICKS FOR HEART FUND

AMERICA'S YOUNGEST HEART FUND VOLUNTEER is 2-year-old Theresa Mazzari, shown with her surgeon, Dr. George Robinson of New York's Montefiore Hospital, who implanted a ball-in-cage plastic valve (like the one shown against ruler in inset) inside her heart to replace one that was too small to carry blood from one section to another. She's the world's youngest beneficiary of heart valve replacement surgery, and, understandably, an all-out supporter of the 1965 Heart Fund Campaign. The valve, implanted when Theresa was 10 months old, clicks audibly with each heart beat. That's music to Dr. Robinson's ears.

Mission Study By Girls Auxiliary

A study of mountain missions was made by members of Junior Girls' Auxiliary when they met for the afternoon on Saturday in the Fellowship Hall of First Baptist Church.

The book "The Dark of Creepin'" was reviewed by counselors, Mrs. Jack Matthews and Mrs. George Glynn, and members made a remembrance notebook on the work as the study progressed. Cokes and "cracklins" were served to members Gilda Graves, Nanda Dozier, Deborah Mathews, Maesleen Grun, Teresa Shaw, Ann Glynn, Susan Black and guest, Nikki Smith.

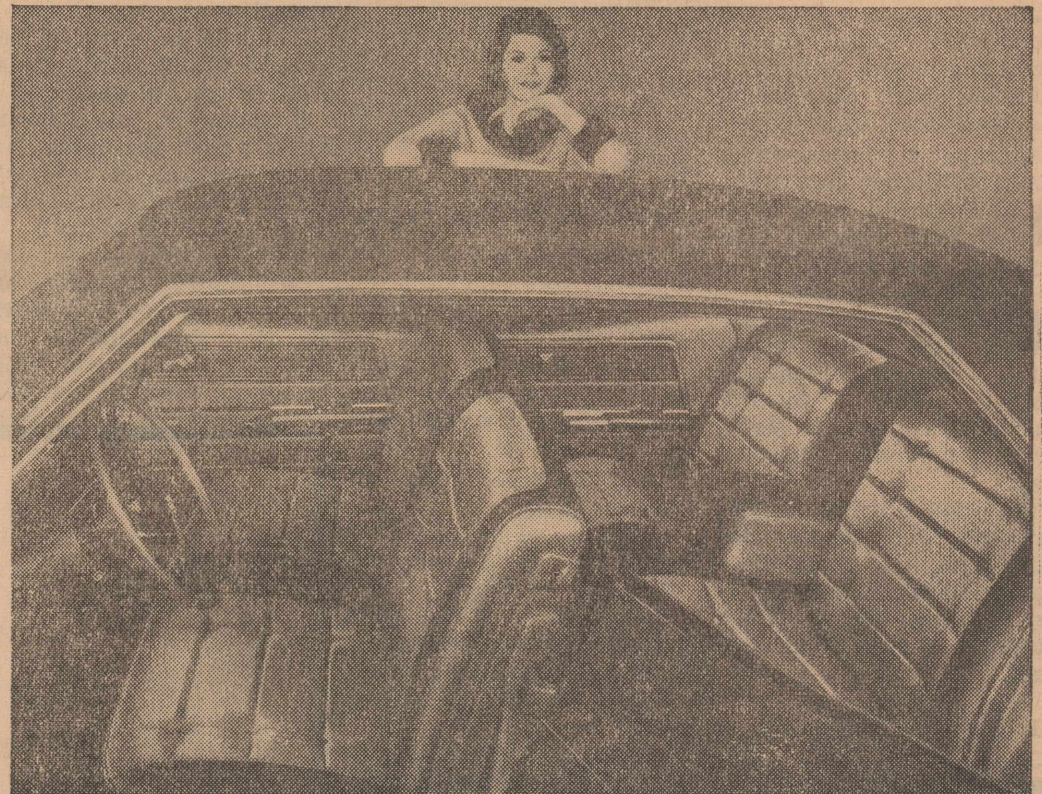

Lois Poindexter, a member of the Intermediate group of Girls' Auxiliary recently served a South American meal to the members of her group, as a part of a requirement in the passing of the Queen-with-Scepter step in the GA work.

Another member of Intermediate Girls' Auxiliary Ginger Glynn, is working on the Queen Regent step, and has been helping with the 8-year-old World Friend group. While this group was studying missions in Alaska, Ginger made and served as a treat to them, a cake in the shape of an igloo, with stand-up figures of Eskimos, and husky dogs in the icing "snow" around the igloo.

Mrs. Steve Coose was taken to a San Angelo hospital last week suffering from an acute attack of pneumonia. She was reported doing well this week.

Newest in luxury cars is

Chevrolet's Caprice Custom Sedan

The newest Chevrolet-built passenger car, making its bow this week at the Chicago Auto Show, is the Caprice Custom Sedan. The Caprice is a luxury-type car featuring a plush interior with rear-seat folding armrest, distinctive courtesy lights and a noticeable hushed ride accomplished by new chassis improvements. A color-keyed paint stripe and special nameplates and emblems distinguish the exterior of the Caprice. The new luxury car will soon be in Chevrolet dealer showrooms across the nation.

Entries Sought For Miss Mohair Pageant Apr 23-4

C. Q. Davis, Jr., Brownwood real estate developer has been named chairman of the Miss Mohair Pageant scheduled for April 23-24 in the Brownwood Coliseum, and names of the first three contestants to enter the event have been submitted to the Brownwood Chamber of Commerce office.

Invitations have been sent to civic organizations and other groups throughout the mohair production areas of the nation to enter representatives in the contest.

test. Unlike previous pageants, this year Miss Mohair will be selected and crowned during the Brownwood ceremonies.

In past years, only the finalists have participated in the actual pageant. This year approximately 25 contestants from Texas and other states are expected to arrive for the two-day round of judging, coronation, and queen's ball.

The first three contestants to register are Miss Pam Shear, 18, sophomore student at Texas University of Kerrville and sponsored by the Kerrville Junior Chamber of Commerce; Miss Janell Jernigan, 21, a junior student at Southern Methodist University, sponsored by the Central Texas

Angora Goat Breeders Association of Goldthwaite; and Miss Diane Murr, junior student at North Texas State University from Junction. She is being sponsored by the Kimbell County Chamber of Commerce.

Brownwood Chamber of Commerce and Texas Angora Goat Raiser's Association are co-sponsors of the annual pageant, which was held in Brownwood for the first time last year.

Miss Becky Crouch of Fredericksburg was crowned Miss Mohair last April. She will relinquish her title at the ceremony scheduled the night of April 24 in the Coliseum. Davis further announces that the first 25 qualified applicants will compete in the contest.

Plan Bi-Lingual Drivers License School In Del Rio

Sheriff Herman Richter of Val Verde County and Chief of Police J. R. Koog of Del Rio, in cooperation with the Texas Department of Public Safety will conduct a bi-lingual Drivers License School at the Del Rio Civic Center on March 8th through March 12th.

The school will be taught in English and Spanish for those persons who do not have a Texas Drivers License. The Sheriff's Department and the City Police Department are joining in this effort to aid citizens in this area in obtaining a Texas Drivers License.

This is an opportunity for those persons who do not read or write English or Spanish to secure a license. It is realized that many of our citizens need and want a license, but feel they are not qualified to pass the Drivers License Test. Everyone should feel free to attend this school, as it is an unusual opportunity to secure a Drivers License.

The School will be conducted from 7:00 p. m. un-

Big Return on Wise Investment

til 10:00 p. m. at the Del Rio Civic Center, beginning Monday March 8th and ending March 12th. Examinations will be conducted in English and Spanish, both written and oral. The school is free and the only expense involved is the cost of the Drivers License.

SHOPPING FOR A LOAN

on your farm or ranch?

You are wise to do so and we welcome the comparison that you will find in your shopping.

Texas farmers and ranchers have used over \$900 million in Federal Land Bank loans. They find this loan suits them best and we think you will too.

For example — on a Land Bank loan you get long terms — up to 40 years — and a reasonable interest rate with full prepayment privileges. We have no fees, make no charges, and there are many other good features about a Land Bank loan. May I have the opportunity to tell you about them?

Without any obligation come in and let me show you how these and the many other good features of a Land Bank loan will suit your credit needs.

Mission of Ysleta by E. M. Schwetz

THE MISSION OF YSLETA

The Church that changed sides!

When the Indians revolted against Spanish rule in 1681-2 in the upper Rio Grande Valley in New Mexico, refugees sought safety at the mission at El Paso del Norte (now Juarez). One group settled on the Mexican river bank and named its community Ysleta del Sur (South). This settlement was established in 1681 and a mission was completed the following year on a small island in the Rio Grande.

The Rio Grande changed its course and the site is now in Texas. Ysleta and its mission are generally given the distinction of being the oldest permanent settlement in Texas . . . truly a church that changed sides!

CHOOSE THE SIDE OF FREEDOM...with U. S. Savings Bonds!

Thus, Ysleta del Sur, the refuge of the oppressed, became the earliest of settlements to identify itself with a brave, new land of freedom.

Today, millions of Americans choose the side of freedom and they do something about it — by purchasing U. S. Savings Bonds.

Every dollar you invest in Savings Bonds gives Uncle Sam exactly that much help in the vital task of safeguarding liberty for yourself and your family. Buy Savings Bonds at your bank or on the payroll savings plan where you work.

Keep Freedom in Your Future with

U. S. SAVINGS BONDS

Big Lake Owls—

(Continued from Page One)

real stars of the game. Covered, Delrie passed out to Elliott, who fired from about 15 feet. The ball rimmed out and the buzzer ended the contest.

Both teams had won tie playoff Tuesday in their zone, and the game was for the district title on Ozona's court. Both teams turned in stellar performances and sent a near capacity crowd home with the feeling that they had seen one of the season.

Big Lake whacked bi-district foe Canutillo in Van Horn Tuesday night and will move into regional play in Lubbock this weekend.

Johnny Howard paced the Owls in their 66 to 55 win Tuesday night. The Owls held only a two point lead at the half but quickly boomed into a commanding advantage in the third quarter.

Mrs. Hilton North is recuperating at her home here after undergoing surgery recently in Houston.

School Bonds—

(Continued from Page One)

additional rest rooms.

Expansion of present teacher housing facilities, the addition of one bedroom to make four of the present teacher houses into three-bedroom homes, and the construction of a new superintendent's home, is contemplated in the program.

The present Junior High School building is short on restroom facilities and improvements at that building are contemplated, plus painting the exterior woodwork on the high school building, painting the interior and exterior of the Davidson gym and new drapes for the high school, North and South elementary schools.

At the football field, expanded field house facilities are needed for the growing number of students making use of athletic and physical training facilities. The program contemplates the construction of a new field house and install-

ation of new lights for the football field.

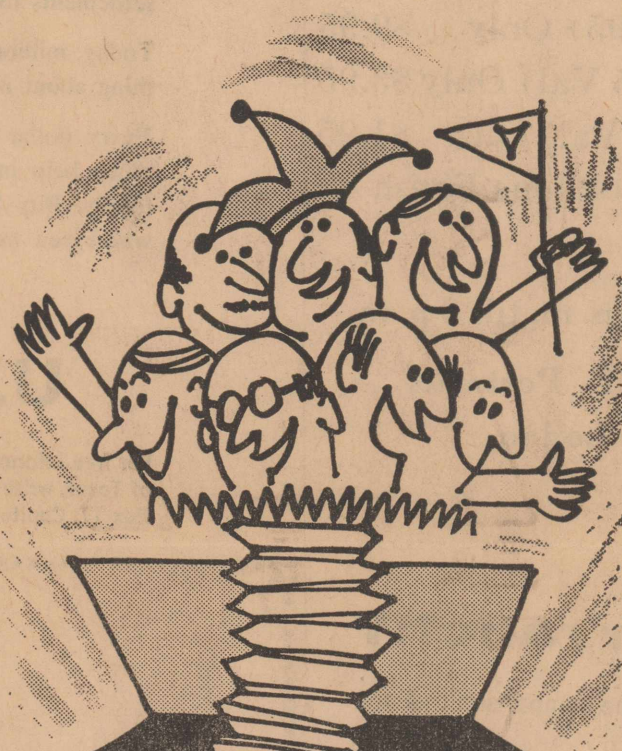

The proposed building program will include \$277,400 of contemplated new construction, including architect's fees and contingency fees; \$32,400 of repairs and improvements, plus another \$10,200 for furniture and other items.

County Officials Attend Conference

College Station — County judges and commissioners from 160 Texas counties attended and participated in the seventh annual County Judges' and Commissioners' Conference held on the Texas A&M campus, February 16-18. The attendance of 400 set a new record for the conference.

Attending from Crockett County were Judge Brock Jones and Commissioners C. O. Walker, U. S. Smith and Glenn Sutton.

Mrs. Sherman Taylor is at home after undergoing surgery in a San Angelo hospital recently.
