

Texas Seeks Congress Aid In Tidelands

AUSTIN, June 6. (AP)—Texas officials looked to Congress for aid and planned a last-ditch fight today to alter the U. S. Supreme Court ruling against the state in the tidelands case.

Southland Shows Mixed Reaction To The Ruling

By The Associated Press ATLANTA, June 6.—Consternation, elation and outright defiance were the Southland's mixed reactions today to the U. S. Supreme Court's latest ruling against segregation.

None of the decisions ban segregation, as such, each ruling dealt with a specific case.

In the immediate wake of the high court's ruling came word that all attorneys of the National Association for the Advancement of Colored People will meet in New York to plan the association's future course of action.

Reaction in the South to the court's ruling depended on where the spokesman stood. For instance, Georgia's Gov. Herman Talmadge, who took up his father's mantle of white supremacy, was indignant.

As long as I am governor, Negroes will not be admitted to white schools," he declared.

The managing editor of a Negro newspaper, the Atlanta World, was jubilant. Editor W. A. Fowlkes said the court's edicts "certainly will be a means by which the South will join in the parade of democracy."

Dr. George L. Cross, president of the University of Oklahoma, said the ruling affecting his school "apparently knocks out all segregation in graduate schools at Oklahoma University."

President Samuel Higgins of Allen (Negro) University at Columbia, S. C., said the decision in the educational cases "sets forth the spirit of American democracy."

COURT HITS HARD

Daniel Withholds Comment On Case

WASHINGTON, June 6.—Decisions outlawing Negro segregation as practiced in two southern state universities and in dining cars on southern railroads wound up the Supreme Court's 1949-50 term in a burst of activity.

A score of cases—the others were of lesser importance—were disposed of by the court yesterday before it adjourned until next October.

In two long pending cases the court held that Negroes must be given substantial equality with white students in two state universities, Texas and Oklahoma.

Differences in treatment by a state because of race are a violation of the Constitution's 14th Amendment, Chief Justice Vinson declared in the two opinions. The 14th Amendment, adopted after the Civil War, guarantees equal protection of the laws to all citizens.

One of Vinson's opinions ordered the University of Texas to admit Heman Marion Sweatt to its all-white law school. Sweatt, a Houston Negro, had refused to attend a new law school set up by Texas for Negroes.

"We cannot find substantial equality in the educational opportunities offered white and Negro law students by the state," the chief justice said.

The President of the University, Dr. T. E. Painter, commented at Dallas that he would obey the court if so advised by the state's attorney general. This official, Price Daniel, did not comment immediately on what he would advise but did say that the court decision would not upset the separate-but-equal arrangement for the state's lower schools.

Sweatt said he will enroll in the law school in September "without making too much of it."

Vinson's second opinion ordered the University of Oklahoma to give different treatment to G. W. McLaurin, a Negro attending the university's graduate school. McLaurin has been required to sit in a classroom row set aside for Negroes. He is assigned a special table in the cafeteria.

"The state," Vinson said, "sets McLaurin apart from the other students. The result is that he is handicapped in his pursuit of effective instruction. He must receive the same treatment at the hands of the state as students of other races receive."

BAPTIZED AT 100—Ace McConathy, who'll be 101 the Fourth of July, remarked, "I feel better now" after his baptism in the Ohio River at Louisville, Ky. Rev. James Poole (left) conducted the ceremony, aided by Rev. Earl Fleischer, center, and Arthur Frakes. (AP Wirephoto).

Picket Lines Go Up In City As T and P Drivers Go On Strike

Picket lines went up here today as Texas & Pacific transport drivers struck from El Paso to New Orleans.

In Dallas, L. C. Porter, operating vice-president in charge of the railroad's truck transportation division, said about 500 drivers had struck in support of demands for wage increases.

Twelve were involved here. They were members of the (Ablene) local No. 533 of the Teamsters International (AFL).

Other than to say that the picket lines, which went up at 6 a. m., came as a surprise, local officials of the T&P had no comment. They said that negotiations had been under way for some time over wage matters. Although a walkout and picketing had been talked, union spokesmen said the carrier would be notified in advance, they said.

W. A. Carter, team captain for the union, said that the issue hinged around demands for a wage increase. The union was asking 8 1/2 cents per hour on the same hourly base, he said. A counter offer of 6 cents had come from the railroad, according to Carter, but it carried with it four hours less work.

Acceptance of this would have meant a 2.70 per week net loss in take-home pay, he said.

Picketing here was entirely orderly, and there was occasional good-natured banter between the strikers and other truckers.

Texas & Pacific transport drivers and local pick-up and delivery drivers were called out on the strike.

J. B. Shores, director of public relations for the T&P said: "The questions at issue involve wages and working rules. The transport company has offered the union a contract providing for wages and working rules comparable to those provided in other cities, Texas and Oklahoma."

37 Persons Saved After Plane Crash

Search Continues For 23 Others

MIAMI, Fla., June 6. (AP)—Thirty-seven survivors of a twin-engine plane which crashed into the Atlantic were rescued by a Navy destroyer today, and a merchant ship reported it had sighted the bodies of five other persons in the area.

At noon, the Merchant Vessel Cape Ann radioed to Coast Guard headquarters in Miami that it had spotted the five bodies and was standing by to await the arrival of the Destroyer USS Saufley, from which rescue operations were being directed.

The left 23 of the plane's occupants yet to be accounted for. The plane's pilot, co-pilot and steward were saved.

Search planes reported "about" that any more survivors might be found.

Lt. Cmdr. Herschell Sanders, just back from a flight over the rescue area, said that "not one of the 37 survivors were wearing a life jacket" when picked up from tossing life rafts.

The survivors were rescued about 275 miles east northeast of Miami. They were among persons aboard the Westair Co. plane when it plunged into the sea.

The destroyer's message: "Recovered 37 survivors. Position 27 degrees 51 minutes north, 78 degrees 32 minutes west. All in rafts: Pilot believes remainder have life jackets. Continuing co-ordinate search with planes and picking up all empty rafts."

The pilot's belief that all the missing passengers had life jackets raised hopes that the loss of life would be small.

However, a B-17 coming into Navy Master Field to refuel radioed the Coast Guard that the survivors included 34 passengers and three crew members.

Among the crew members saved, the plane reported, were Pilot Joseph Halsey of Seattle, Wash., and Co-Pilot William Hollran.

The plane added: "Doubt if there any more survivors." The pilot of a Coast Guard PBY plane which returned to pilot message reported the rescued pilot also doubted any more survivors would be found.

All the passengers were migratory workers from Puerto Rico, enroute to the United States.

The plane was en route from San Juan Puerto Rico to Wilmington, North Carolina, when a motor failed. It made a futile attempt to reach Nassau.

The rescue came almost exactly a year after a transport plane went into the Atlantic on the takeoff from San Juan, Puerto Rico, to Miami, killing 53 persons. The date was June 7, 1949.

Survivors were plucked from the sea today less than 10 hours after the stricken aircraft's pilot message: "It looks like I'm going into the drink."

The time was then 9:06 p. m. (CST). Veteran Pilot Halsey radioed one engine was out and he was flying at 800 feet and losing altitude rapidly.

Installation of officers is scheduled by the local series of the external Order of Eagles Wednesday night, and the public is invited to the program which will be held at the Eagle hall, 703 West 4th, beginning at 8 p. m.

Visiting Midland officials will serve as acting Grand Lodge officers, and Dewey Shelton will serve as installing officer.

A decision probably will be made within a month by the allied high commissioners. Officials here call the issue one of the most explosive to face the allies since the German occupation began five years ago.

Such complex questions as these must be answered before the allies can give the Germans their decision.

How will public opinion in the West, especially security-conscious France react to the creation of a police force which could form the nucleus of a new Wehrmacht?

What safeguards could be set up to prevent this force from acting as a cloak for the formation of a new German Army?

How build the allies and West? How offset the allies and West? How offset the allies and West? How offset the allies and West?

Time, Aid Can Defend Europe, Bradley Asserts

Chief Of Staff Testifies For HST Arms Program

WASHINGTON, June 6. (AP)—Gen. Omar N. Bradley said today the free nations of Europe, if given time and aid, will be able to defend and hold western Europe from attack.

The chairman of the joint chiefs of staff made the statement to the House Foreign Affairs Committee in supporting President Truman's request for \$1,222,500,000 to continue foreign arms program for another year.

Bradley said the military aid to Atlantic treaty allies already has brought this nation "one step closer to establishing a reasonable security for ourselves as well as for our friends."

Looking back over the first year of the program, he said "we have confidence in what is being accomplished."

"A year ago, the successful defense of western Europe, in the face of a co-ordinated enemy attack, was a remote possibility. The military estimates were discouraging."

"But it now appears possible the free countries, with the help that the United States has given them, and the strength derived from our collective security planning, will—if given time—be able to defend and hold western Europe, if the progress continues."

Bradley would not hazard a guess on the time that might be needed. Rep. Smith (R-Kan.) asked whether the situation in Europe is "critical" or of an emergency nature.

Bradley replied: "I do not think there is any immediate threat of war but at the same time war might come at any time by accident or design, although I think the chances are against it."

Graduate Nurses To Meet Tonight For District Meeting

ODESSA, June 6.—Nurses of the Texas Graduate Nurses association, district 2, are to meet at the Ector county hospital here at 7:30 p. m. today. Jewel Barton, Big Spring, secretary of the organization, has announced.

The group will hear a report on the national Graduate Nurses association convention to be given by Mrs. C. C. Hardwick, Kermit, district 2 delegate. All nurses in the West Texas area are being urged to attend the meeting, Mrs. Barton said.

Iowans Back Hickenlooper

DES MOINES, June 6. (AP)—Iowa Republicans gave investigating Sen. Burke B. Hickenlooper whopping support in yesterday's primary election. Democrats endorsed the administration Brannan Farm plan with less emphasis.

Hickenlooper so far out-distanced his principal opponent for renomination to a second term that Earl F. Wisdom, Des Moines attorney, conceded defeat at the half-way 2,474 precincts. His plurality was 127,000 with about 350 precincts unreported.

The first statewide test of the Brannan Farm plan notable because Iowa is a prime producer of the world's food, came in the race for the Democratic senatorial nomination.

Albert J. Loveland, former U. S. undersecretary of agriculture, quit his \$17,500 a year job early this year and went all out for the program advanced by his former boss, Secretary of Agriculture Charles F. Brannan.

Belleville, Austin County, had a 60-mile wind, Mrs. Dan Grueser of Piney, just east of Belleville, was bruised by flying debris. Hundreds of trees were blown down and chickens were killed by the hail.

At Kenney, Austin County, the tornado lifted the Negro school off its blocks and one wall of the white school was sheared off. The Lunn garage was blown down.

Telephone poles at Katy, Harris County and Pattison and Brookshire, Waller County, were knocked down. Mr. and Mrs. Ralph Quebe and their baby, returning to Brenham from Katy, landed in a ditch when wind spun their auto around three times on the highway. They were not hurt badly.

Many persons were bruised in the hail that in some instances measured more than an inch in diameter, but not enough to require hospitalization.

Gales, estimated at 70 miles an hour, whirled about the twister as it roared through Kenny in Austin County, Klump in Washington County, and the Racon Bend Old Field. The winds swept in an arc hitting Pattison, Brookshire and Katy in southern Waller County.

Hospital Bids Will Be Called For In 6 Months

AUSTIN, June 6. (AP)—First bids on the new \$6 million state hospital building program will be called for in about six months.

The board for hospitals and special schools yesterday approved a plan for spending the money to relieve congestion in state mental hospitals and other institutions.

H. B. Zachry of San Antonio, chairman of the building committee, estimated it would take about six months to get ready for bid taking on the new work.

The board also adopted budgets for the next fiscal year starting Sept. 1.

It proposed \$180,000 for operating its central office and \$20,814,715 to run the 23 units of the eleemosynary system.

These proposals were submitted immediately to the legislative audit committee, which has reviewing power.

This agency approved a budget omnibus bill of \$175,000 a year. Hiring of more employees and salary boosts had lifted the board's budget \$55,000 above the annual rate during the past quarter.

Coahoma Girl In Local Hospital With Poliomyelitis

A Coahoma girl is in a local hospital with Howard county's second case of polio in less than a week.

She is Janice Smith, three-year-old daughter of Mr. and Mrs. Shelby Pelton, Coahoma. Hospital authorities said she had no paralysis.

Alfred Clay Parker, five, son of Mr. and Mrs. J. E. Parker, Big Spring, was released from a local hospital last week following treatment for polio.

AN EMBARRASSING ISSUE

Allied Officials Appear Cool To West German Police Force

By The Associated Press FRANKFURT, Germany, June 6.—High allied officials are giving a chilly reception to West German government proposals to form a federal police force.

The Germans have just tossed a politically embarrassing issue into the laps of the allied high commissioners by asking for 25,000 police answerable only to the federal government at Bonn.

Allied officials said they are fearful of the reaction in Britain, France and America if they give in to the German request.

The French, particularly, fear a centralized police force would be converted into a new German army.

However, there has been no final decision on the request by West German officials.

A decision probably will be made within a month by the allied high commissioners. Officials here call the issue one of the most explosive to face the allies since the German occupation began five years ago.

Such complex questions as these must be answered before the allies can give the Germans their decision.

How will public opinion in the West, especially security-conscious France react to the creation of a police force which could form the nucleus of a new Wehrmacht?

What safeguards could be set up to prevent this force from acting as a cloak for the formation of a new German Army?

How build the allies and West? How offset the allies and West? How offset the allies and West?

creation of a force which the Communists would certainly call a German army?

Is there a real need for central police force when the state police could be expanded?

The autocratic central police system of the Hitler regime has been broken down by the allies since 1945. In its place, each of the West German states now has its own separate police. These now total about 100,000 men armed with light weapons.

While the West German police have been broken down into separate state groups, Soviet Russia has molded a Nazi-type police system independent of state control in East Germany. This force is directly under the thumb of the Communist interior ministry.

How build the allies and West? How offset the allies and West? How offset the allies and West?

Order To Enroll Negro At UT Will Not Upset State System

By The Associated Press
 Atty. Gen. Price Daniel says the U. S. Supreme Court's order for the University of Texas to enroll a Negro student will not upset the state's system of "separate-but-equal" schools in lower divisions of education.
 The Supreme Court yesterday based its decision on a finding that the Negro law school established by the University of Houston would not be equivalent to the school provided for whites.
 Herman Marion Sweatt, the Houston Negro involved, said he will enroll in September without malice toward anybody in spite of the four-year delay. Sweatt, a letter carrier, has been trying since 1946 to enter the university's all-white law school in Austin.
 Dr. T. S. Painter, University president, said Sweatt will be admitted "if that is the order of the U. S. Supreme Court as interpreted by Atty. Gen. Price Daniel."
 Painter said "Mr. Daniel will receive the Supreme Court's decision and he will tell us what to do and we will take his advice."
 Daniel had the 1,800-word decision read to him in Austin yesterday by telephone from Washington.
 Daniel did not say what he will tell the university to do about Sweatt.
 Daniel said:
 "From hearing the opinion read by telephone from Washington, it appears that the court confined its opinion strictly to Heman Marion Sweatt and its belief that the separate Negro law schools heretofore established by the state are not equal to the University of Texas law school.
 "The main point pressed by Sweatt's attorneys that separate schools should be declared unconstitutional even if equal was not followed by the court. Thus, while the decision will have a great effect upon other graduate and professional schools, it will not for the time being disturb this state's system of separate grammar schools, high schools, and under-graduate college facilities, provided such facilities are in fact substantially equal."
 "I am happy over having won entrance," the Negro said when he was notified of the decision. "I think it is a milestone in the progress of democracy. And that is all I care to say at this time."
 The southwestern branch of the National Assn. for the Advancement of Colored People jubilated

over the Supreme Court's decision ordering Sweatt's enrollment.
 Donald Jones, regional secretary in Dallas of the NAACP, said:
 "We are happy to have won the decision in the Sweatt case, but we feel that the overturning of the separate-but-equal doctrine which we sought still remains the job to be done."
 The court refused to give a new ruling on the 54-year-old legal doctrine that "separate-but-equal" facilities for Negroes do not violate the 14th Amendment to the Constitution, an amendment which forbids states to deny any person the equal protection of the laws.
 Jones also commented on two other decisions of the Supreme Court yesterday — one which forbade the segregation of Negroes in classrooms at the University of Oklahoma and another which outlawed the separation of Negroes in railroad dining cars.
 "We consider those two decisions just as important as the Sweatt case decisions," Jones said.

C-C RESOLUTION

Ask Enforcement Of Trash Laws

Chamber of commerce directors Monday adopted resolutions calling for enforcement of ordinances prohibiting sweeping of trash onto sidewalks or streets.
 At the same time the board commended city officials for efforts to maintain cleanliness downtown. The resolution, however, pointed out that some persisted in sweeping trash on sidewalks and streets and in maintaining uncovered trash boxes. As a matter of appearance, sanitation and safety, these ordinances should be enforced, according to the resolution. It also asked that if statutes were not adequate to prosecute theft or destruction of boxes, that they be provided. The action came as a result of a report from the committee on civic and beautification affairs.
 Increasing use is being made of the chamber's plans room, H. J. Morrison, assistant manager, and Olen Puckett reported. More architects, contractors and materialmen are examining plans provided for them in the room. Puckett's proposal that the chamber undertake to make a special "Craftsman's" award each year was referred to committee to recommend details to the board at the next meeting.
 A total of \$100 was appropriated for delegate expense to the International 87 highway meeting in Laredo June 23-24. The tourist development committee had recommended local representation.
 Frank Hardesty reported the American Legion would again sponsor the July 4th fireworks display. The chamber will support the project. President A. Swartz asked for suggestions on redesigning and repairing a highway sign on US 80 west.
 Guests of the board included Mr. and Mrs. Loren S. McDowell, B. W. (Bob) Kennedy, Les Kornfeld, and Puckett.

Czech Court Calls For Testimony On Treason, Espionage

PRAGUE, Czechoslovakia, June 6. (AP)—A state court today called for testimony from witnesses against 13 Czechs who already have pleaded guilty to charges of high treason and espionage.
 The official radio said the last guilty pleas were entered yesterday by Vojtech Dunder, former secretary general of the Social Democratic Party Dr. dZenek Peska, professor of law at Charles University; Dr. Bedrich Hosticka, secretary of the Peoples (Catholic) Party and Jiri Krizek, a lawyer.
 Two of the defendants, Peska and Frantiska Zerninova, said they were guilty only of espionage, not of high treason. The radio said both answered "yes," however, when asked if they felt "basically guilty."
 McAllister denied he was one of the three persons whose gunfire brushes with the law had alerted consular officials throughout the South east. Their first escapade came when they opened fire on Lt. Dainy Garland of the Tennessee Highway Patrol after he stopped them for a routine check near Chattanooga Thursday.
 During the exchange of gunfire with Garland, the three stole the patrolman's car equipped with a machine gun and 500 rounds of ammunition.
 Subsequently the trio zig-zagged through the wild North Georgia hill country and then northward, leaving a trail of stolen cars. Hensley is 34; his scar-face wife about 35. The FBI said Hensley and McAllister were released two months ago from the federal penitentiary at Atlanta where they served time for transporting stolen automobiles across state lines.
 Mrs. Hensley, the FBI said, is on two-years probation ending in October for the same offense.

Police Nab Convict Pair After Five Day, Four State Search

CHARLOTTE, N. C., June 6. (AP)—A former convict and his red-haired wife who led law enforcement officers on a five-day chase in four states were captured while asleep early today.
 Charles W. Brown, special agent in charge of the Charlotte FBI office, said the couple—Carl Baskin Hensley and Martha Louise Hill Hensley—were collared in the home of an acquaintance near Cowpens, S. C.
 The Hensleys, who had shot it out with Tennessee and Georgia highway patrolmen and had blasted roadblocks set up to halt them, were nabbed before they could rise from a bed, Brown said.
 The couple escaped from officers early yesterday in Spartanburg, S. C., where they live, when a third man believed associated with them was taken into custody.
 Edward Clyde McAllister, 34, was driving a truck behind a car occupied by the Hensleys when he was captured in Spartanburg.
 The Hensleys sped away.

BUSINESS GROUP INVITED Asked To Clean Up Retail Inaccuracies

WASHINGTON, June 6. (AP)—The Assn. of Better Business Bureaus was invited today to undertake "investigation, action and reform" of improper advertising and sales practices in the retail men's clothing trade.
 Increasingly hot competition for business has brought a "few isolated cases" of dishonesty, said Paul D. Gilbert, president of the National Assn. of Retail Clothiers and Furnishers.
 Gilbert invited delegates to the 36th annual Better Business meeting to take on a clean-up job, declaring that "fraud, deceit and trickery can undermine our political existence."
 Gilbert listed these as among the current abuses which, he said, have invited public disbelief and harmed legitimate merchants:
 1. Inaccurate price comparisons, such as "\$100 suit for \$39." Too many such claims are "gross exaggerations and an insult to the judgment of the American people."
 2. Misuse of "the magic word of nylon. . . Much merchandise is on the market which contains some nylon and lots of acetate. Too often, the nylon is included for misleading advertising and labeling purposes only."
 3. Some cases of "wholesale" selling from factory to consumer. Gilbert said he is confident that inquiry will show "the consumer is being misled in the value being received."
 The representatives of some 65 better business bureaus in the United States and Canada tonight will hear an ex-haberdasher, President Harry S. Truman. The President will address the association's banquet at the Shoreham Hotel.

Mechanical Portrait Painter Helps Land Fugitive In Prison
 LOS ANGELES, June 6. (AP)—Nine years in prison confront Charles Hubler, 39, convicted with the aid of a new mechanical portrait painter.
 He was sentenced yesterday to a total penalty of nine years to life on charges of kidnaping, assault with intent to murder, and robbery.
 The victim, Marilyn Danson, 28, helped police form a composite picture through images flashed on a screen, in the fashion of old lantern slides. The resulting drawing compared closely with a police file picture of Hubler who had a sex misconduct record. During his trial, she identified him as her assailant.

U. S.-Mexico Differences Focus Attention On Pair Of Texans

WASHINGTON, June 6.—Recent differences between this country and Mexico have focused attention on two Texans in the State Department.

Director of the Office of Middle American Affairs is Laredo-born and reared Tom Mann. Under him and head of the Mexican affairs division is Roy Richard Rubottom, a native of Brownwood who was a Corsicans banker before joining the State Department in 1947.

The latest incident to be tossed in their lap was the April 23 seizure of the five Texas shrimping vessels by Mexican authorities in the Gulf near Tampico.

Another matter is the controversy over visa rates for tourists from each country.

Last year Mexico was charging Americans a \$2 visa fee for visiting their country. After this was raised to \$2.50, the United States in turn hiked its charges to Mexicans in like amount. Differences continued and then both countries agreed to fix the fee at \$3.

American border towns and cities from Brownsville to California are particularly interested in the visa issue, because of the effect

on the amount of the tourist dollars they get.

They have taken the matter up with Congressmen, and the latter in turn have gone to Mann and Rubottom.

Mann is 37. A graduate of the Baylor Law School in 1934, he practiced law in Laredo before joining the State Department in 1942. His first post was in Montevideo. After a year there he came to Washington, and in 1947 went to Caracas, Venezuela. He assumed his present position last November.

His wife is the former Nancy Aynesworth of Waco. They have a 5-year-old son, Clifton, who learned Spanish as well as English while beginning to talk.

"He lapped Spanish up like a blotter," commented Mann. "Even better than English."

"He promptly forgot it when we came back to Washington. But they say that once having learned it as an infant, it will always come back easily, and with a perfect accent."

United States relations with all of the 10 northernmost Latin-American nations come under Mann's jurisdiction.

Rubottom received a B.S. degree from SMU in 1932 and an M.A. degree the next year. He did graduate work at the University of Texas and served as assistant dean from 1937 to 1941.

He was a navy commander in the war, serving some time as a naval attaché in Mexico and Paraguay.

He went to Bogota, Columbia, as consul upon entering State Department service. The 19 American consulates in Mexico and the Embassy there are under his direction.

Around The Capital:

Mynatt Smith, editor of the McAllen Evening Monitor, and Mrs. Smith stopped here en route home from New York.

Other recent Rio Grande Valley visitors included Mr. and Mrs. Lloyd M. Bentzen, Sr. of Mission, parents of the 15th district congressman.

Ralph D. Pittman, formerly of Wichita Falls and DeLeon, has been elected president of suburban Manor Country Club.

A Southwest Conference football star when he attended Baylor, Pittman now practices law here. He is a past president of the Texas State Society and the Touchdown Club here.

Philippine Ambassador Joaquin M. Elizalde wanted some good Hereford for his nearby Maryland farm. He learned that Texas was a good source, so he got in touch with Rep. Olin F. Teague, whose district includes Texas A&M.

One result was an invitation for Teague and Charles Burmeister, Argie graduate and one of the top authorities in the Agriculture Department, to have dinner at the Embassy.

Teague said the ambassador wants to buy two carloads of Texas Herefords. He has in mind improving herds on dairy farms in the Philippines as well as stocking his own farm in Maryland.

FULFILLS DAD'S WISHES—Jackie Shea, 13, (above) whose Navy commander father was killed aboard the aircraft carrier Wasp in the South Pacific, has fulfilled one of his father's wishes by his high scholastic record. Jackie, an honor student for the past eight years, has won his choice of two high school scholarships. His father, Commander John Joseph Shea, in a letter shortly before he was killed in action had asked his son to be a good boy and a good man, to "study hard" and "get all the education you can." Mauna Loa Simmers Down After Five-Day Display Of Fireworks

HONOLULU, June 6.—Mauna Loa simmered down today after five days of its most violent fireworks display in modern times.

Rivers of lava still coiled down the massive 13,680 foot volcano's flaming flanks and probably would appear to be over.

Chief Ranger Frank Hjort of the Hawaii National Park said the rivers of molten rock had formed huge dikes on both sides of the main fissure along the southern slope. Inside these dikes, the lava puddled into large lakes.

Hjort said the lakes likely would cool and form a crust soon unless new cracks developed to feed them and cause an overflow.

Of the four main flows, only one—the southernmost—still was strong. That was the red-hot river which Sunday night engulfed Ohia Lodge, a Hawaii island showplace resort.

A flow down Mauna Loa's southeast flank had petered out into a puddle on flat land. Villages and ranch lands below were considered safe.

The Red Cross said it was caring for 34 refugees at a former Japanese hospital at Kealahou on the southwest Kona Coast of Hawaii Island. Twenty-eight others had registered at Waiohinu, near the southern point.

An earthquake shook the volcano yesterday and the newest flow routed 30 more families from their homes. It knocked out all seismographs on the island of Hawaii.

Hillsboro Negro Held In Death Of Young Girl

HILLSBORO, June 6.—Isaac Clemons, 40-year-old Hillsboro Negro, has been charged with murder in the death of a 12-year-old Negro girl.

Clemons, who had been sought

by police, gave himself up yesterday to Hill County officers. The body of Esther Faye Graham, 12, battered and crushed, was found Sunday in a storm sewer near here.

Clemons denied any connection with the slaying of the girl. The girl had been missing since May 22.

Violent Death Toll Slumps Past Weekend

By The Associated Press

The nation's violent deaths over a four-day week end was running more than 50 under last week end's extended Memorial Day holiday.

The biggest decline in the toll was in traffic fatalities. In the current survey deaths on the highways numbered 199 as compared to 258 for a similar period last week end.

The overall total since 6 o'clock last Friday night was 342. The count on the morning of Memorial Day since the preceding Friday night was nearly 400. The survey is being made to give a non-holiday day end comparison with the death toll for a 102-hour Memorial Day holiday this year when 571 died in violent accidents.

This week end's drownings—61—was above the 53 reported last Tuesday morning. Deaths from miscellaneous causes today were 82 as compared to 81 on Memorial Day morning.

Stalin Wins As Worst Dressed Of International Men

WASHINGTON, June 6.—Russia's Marshal Stalin today got an unofficial rating as "the worst dressed man of the international scene."

Haberdsasher Paul T. Gilbert addressing the Assn. of Better Business Bureaus, awarded the title. Gilbert, head of the National Assn. of Retail Clothiers, added: "A lot of the world's problems would be solved if Joe Stalin would come over here and get himself a nice summer suit—a good straw hat and a pair of brown and white shoes."

"I'd like to invite him over to my store in South Bend, Ind. We'd fix him up with an outfit that would make even Marshal Tito like him."

Rent Control Work On Borrowed Time

WASHINGTON, June 6.—Some 2,700 federal rent control workers began working on borrowed time today.

Dismissal notices sent them two weeks ago and due to become effective today were cancelled yesterday by Housing Expediter Tigue E. Woods.

Woods explained that his agency still is "virtually broke" and that the staff can be kept on the books only until June 30. The present federal rent law expires then unless Congress votes an extension.

Woods said the workers have agreed to take "voluntary payless leaves" of from a week or more to remain on the payroll until June 30.

Big Springers Gain Places In Midland's Rodeo

Big Spring ropers did all right by themselves in the Midland annual rodeo which closed Sunday.

Three out of four in show money for roping were from here. Herschell Romine copped the event with 55.3 seconds for three calves. Homer Pettigrew, Chandler, Ariz., followed with 55.3. In third place was Toots Mansfield with 60.3, trailed by Jess Slaughter, Jr. with 68.5.

Pettigrew took the steer wrestling title with 22.1 for three steers. In second place was Monroe Tomlinson, Big Spring, with 38.5. Other places went to Lex Connelly, Benson, 43, and Stan Rush, El Paso, 44.

N. A. Pittcock, who cut a big slice out of rodeo earnings, won the wildcow milking title. The Aspermont cowhand's 101.9 seconds topped the total. Harry Tompkins, Dublin, was second with 124.9, followed by Charles Scott, Big Spring, 146.4, and J. T. Fisher, 153.

Tompkins took the buldriving total, followed in order by Tex Lewis, Fort Worth, and Jim and Joe Shoulters, Tulsa, Okla. Jim Shoulters, world's champion all-around cowboy, was first in bareback bronc riding, followed by Larry Finley, Nampa, Idaho, Tompkins, and Guy Weeks, Abilene, Bill Hancock, Ozark, Ark., led saddle bronc riders, followed by Finley, Weeks and Harley May, Alpine.

In the last day money for roping, Sonny Edwards, Big Spring, finished second with 15.6 seconds, only .2 of a second off the pace set by Pittcock. Mansfield was third in the day money with 21 seconds.

Crime Probers Turn Suddenly To Narcotics

WASHINGTON, June 6.—A Senate crime investigation turned suddenly today to the underworld's traffic in narcotics.

Senators have a strong suspicion that overloads of organized gambling and crime have—or have had—a finger in the narcotics traffic. They are searching for proof.

The first witness on the subject of the U. S. Bureau of Narcotics—the government's top expert in the field.

Analinger was asked to appear at a secret session to give a special Senate committee information on the narcotics situation. His testimony is expected to set the pattern for the narcotics inquiry which will parallel the investigations of gambling and crime.

Leatrice Ross Named Honoree At Shower

Leatrice Ross, bride-elect of Don Lilly of Memphis, Tenn., was honored with a bridal tea in the W. J. Goodson home, 805 Douglas, Monday evening. Hostesses were Mrs. W. J. Goodson and Mary Ann Goodson.

Wedding vows will be exchanged by the couple the evening of June 16 at 8 o'clock in a civil ceremony at the Settles Hotel. The double and white were used in serving table decorations. The table was laid with a lace cloth over green and centered with an arrangement of Shasta daisies in a crystal bowl. Lighted green tapers in crystal candelabra flanked the centerpiece. White napkins were inscribed in green with the words "Leatrice and Don." Mrs. Darrell Webb poured the green punch from a crystal punch server and Mrs. Arthur Franklin served the white cake.

Also in the house party was Mrs. Laura Anderson.

Approximately sixty persons were included on the guest list.

Dr. P. D. O'Brien Leads Bible Study

Dr. P. D. O'Brien, church pastor, directed the Bible study when the first Baptist WMS met at the church Monday. Dr. O'Brien's subject was "Prayer."

The speaker outlined his discussion as follows: "Christians Must Pray," "For What Shall We Pray?" "Efficacy Of Prayer," "Intercessory Prayer" and "General Thoughts Of Prayer."

In his remarks, Dr. O'Brien advised his listeners to pray in the name of Christ, to pray having faith, with sincerity, with perseverance and to pray for conviction, pardon, salvation and spiritual knowledge. He told them that they are to pray for help for growing in grace, for a revived spirit for deliverance and for answer prayer.

Dr. O'Brien declared that God prays must be with patience, promises to hear prayer and that speaking of seeking God's presence through prayer, the pastor said that it is good to pray for one another. Through prayer, concluded Dr. O'Brien, God's promises are found.

Mrs. W. B. Younger was in charge of the business session and made announcements.

RIBBON RAMBLINGS

By Mildred Young

We extended our congratulations to Alpine the other day for walking off with the second place title in the General Federation of Women's clubs "Build A Better Community" contest. We think we should do the same for Ethel Foster of Big Spring who was named budget chairman of the executive committee of the General Federation.

Miss Frater, who often visits in Big Spring, and is known to federated club members over the entire Eighth District, was suggested by Texas club women for the appointment. She is chairman of finance in the Texas Federation of Women's clubs at present.

Also to the credit of the Texas Federation of Women's clubs headed by Mrs. J. Howard Hodge, Midland, is the acceptance of the invitation to the General Federation of women's clubs to hold its 60th annual convention in Houston in 1951.

Reviewing the national federation of which Big Spring is a part, the president mentioned that the organization was founded in the 1800s, in the days of "Jennie June Croly, organizer." Texas pioneer women organized into a federation in 1897 through the woman's club in Waco.

Texas federation was admitted into the General Federation in 1899. Today there are 1286 Texas federated clubs with a total membership of 75,000 women.

"The Texas clubs owe a debt of gratitude to the first three presidents," said the president. "They are Mrs. Rotan of Waco; Mrs. Terrell of Fort Worth and Mrs. Pennybacker of Austin."

She said that the Texas women will prove to the nation, if the convention comes to Houston, that "Texas hospitality is not an empty gesture, but a real and genuine state of mind."

Membership in the general federation is more than 7,700,000; five million in the United States and the remainder abroad. There are 16,500 clubs in the states.

With this contribution to Texas clubwomen of the General Federation, if the Business and Professional Women clubs of Texas, set Sarah T. Hughes of Dallas, elected national president of their group at their San Francisco meeting this summer. Texas clubwomen will really be on the map.

Morgan-Nummy Wedding Rites Read At Rogers

Wedding vows were exchanged by Betty Jane Morgan and James Leslie Nummy in the First Methodist church at Rogers Saturday, June 3 at 2 p.m. The bride is the daughter of Mr. and Mrs. John Wiley Morgan of Rogers and Nummy is the son of Mr. and Mrs. Charles L. Nummy, 503 Johnson, Big Spring.

The Rev. George Matthews, church pastor, officiated at the informal ceremony.

For her wedding the bride wore a street length dress of brown chiffon over a white tulle. Her accessories were a white hat and shoes.

Mrs. Samuel J. M. England of Austin was the bride's only attendant. She was attired in a dress of yellow marquisette with white accessories.

Claude Bethany Groce of San Francisco, Calif. was best man.

The bride received her Bachelor of Business Administration degree from the University of Texas, Austin, June 1. The couple will make their home in Austin where Nummy is a senior in the School of Fine Arts of the University of Texas and is employed by radio station KNOW.

Guests at the wedding were Mr. and Mrs. John Wiley Morgan, Mr. and Mrs. C. L. Nummy of Big Spring, Mr. and Mrs. S. V. Blankenship and Vickie Lou of Dallas, Margaret Reed, Mr. and Mrs. S. J. M. England of Austin, Mr. and Mrs. Henry Hatfield, Mr. and Mrs. J. B. Shaw and Mrs. George Matthews.

First Methodist Woman's Society Circle Memberships Are Announced

Members of the First Methodist Woman's Society of Christian Service held their annual pledge service and selected new membership of the Reba Thomas circle and Fannie Hodges circle Monday afternoon at the church. Memberships for the Fannie Stripling goes not change from year to year as does that of the other circles.

Members of the Reba Thomas yearbook program, which opened with the group singing "I Love To Tell The Story." Mrs. Eithan S. Allan led the devotional.

Program topics for the day were based on the needs of various countries, some of which are met by the financial pledges from members of the Woman's Society of Christian Service throughout the Methodist.

Mrs. Martin Staggs discussed the need for Christian service in China and Japan. Mrs. R. H. Wordell told the group of the needs in India, Africa and Latin America. Mrs. Alsie Carleton gave the group a word picture of some of the needs of other countries.

After the group singing of "Lord, Speak To Me That I May Speak" and "Jesus Saves," pledge cards were signed by the individual members.

A card of appreciation written by the outgoing president, Mrs. H. G. Keaton, was read.

Announcement was made concerning the first meetings of the new circles. They will meet as follows: Mary Zinn circle, Mrs. H. M. Rowe, 1105 Johnson, Maudie Morris circle, Mrs. Hugh Duncan, Fannie Stripling circle, Mrs. C. E. Johnson, Fannie Hodges circle, Mrs. G. E. Fleeman.

It was also announced that will serve the men's visitation members of the Mary Zinn circle teams at the church Thursday evening.

Gypsy Ted McCollum To Marry June 25

LORAIN, June 6—Mrs. Fay McCollum of Lorain, announces the engagement and approaching marriage of her daughter, Gypsy Ted, to Jack Gulley, son of Mrs. Hannah Gulley of Big Spring. The marriage will be solemnized June 25 in Lorain.

Here's why we say:
"Go for a ride and you'll go for MERCURY!"

- 1. The right power! You get the right POWER! Not a little engine! Not an oversized one! But 110-horsepower in a V-type, 8-cylinder, made-for-Mercury engine that knows where it's going—and gets there smoothly, quietly—with plenty in reserve. And the new Mercury is "America's No. 1 Economy Car!"
- 2. The right roadability! You get the right ROADABILITY! Mercury's rugged, balanced chassis helps smooth out the rough roads... straighten out the sharp curves... hold the car to the road like a track. Mercury really rides smoothly—and with everything in rhythm. You'll find the new Mercury parks easier, too.
- 3. The right riding comfort! You get the right RIDING COMFORT! With plenty of room for six big people inside... with "Cushion-Cell" springing... and ease of handling that's second to none. It's the kind of perfectly balanced car you've dreamed of driving. Try the new Mercury yourself today—and see!

Broncs And Rockets Tangle In Two Games This Evening

Rockets Gain Opener, 3-0

ROSWELL, June 6; — Dean Franks, released by Amarillo last month because he couldn't get any one out, blanked Big Spring as Roswell won a 3-0 decision before 1,800 paying fans here Monday night.

Franks limited the Cayuses to two hits, a seventh inning single by Julio Delatorre and a ninth inning one-baser by Jorge Lopez. Emilio Cano hurled one of his better games for Big Spring but his efforts went for naught. The Rockets counted one run in the third, another in the fourth and another in the fifth to nail down the decision.

Bob Souza's third inning two-baser opened the door for the home club. He went to third on Cano's balk and registered on Franks' long fly to center.

Julian Presley led off the fourth frame with a home run, then played Ed Kenna with a single in the fifth.

The contest was reeled off in an hour and 30 minutes.

The two clubs will play a double header in Roswell tonight. The first contest gets underway at 6:30 o'clock (7:30 Big Spring time).

Bert Garcia and Luis Gozales will probably twirl for Big Spring.

Bengals Invade Coahoma Field

Ynez Yanez and his Big Spring Tigers, crack Latin-American baseball outfit, invades Coahoma this afternoon for a return engagement with the youthful Coahoma Bulldogs. The contest, due to begin at 5:30 o'clock, will be limited to seven frames.

Yanez has indicated he will use La Mascota Perez in the Bengal's last start with Coahoma. Gus Neko hurled a no-hit, no-run game. Yanez hurled a no-hit, no-run game.

The locals will go to Barstow for a game next Sunday.

Leaders Beaten In RGV League

By The Associated Press
 The games got closer but the race isn't doing the same in the Rio Grande Valley League.

Last night two of three tilts were decided by one-run margins and the other by three.

But Corpus Christi stayed a game behind front-running Harlingen.

No other club is even close to these two.

Del Rio beat Harlingen 4-3 on the tight pitching of Julio Moreno. He gave up eight hits.

Corpus Christi lost, too. The Aces took a 6-3 drubbing from Laredo as Manuel Salvatierra knocked two homers for the victors. Simon Luna held Corpus Christi to seven hits.

McAllen beat Brownsville 5-4 in ten innings. Roy Switzer tied up the game in the ninth with a homer.

Fems' Tourney Opens Thursday

Lola Hodges, defending champion of the Women's Country Club golf tournament, betrayed a strong desire to hold onto the title in a practice round at the local course Monday.

Mrs. Hodges carved out a respectable 40 over nine holes, an indication she is reaching top form.

Mrs. Inez Roden of Big Spring and Odessa, who went to the finals in the 1949 meet here, probably will not compete in the local tournament, which begins Thursday and extends through Sunday.

Mrs. Roden indicated to Pro Shirley Robbins earlier she would probably take part in a tournament at Dallas.

Qualifying for the Country Club meet will take place on Thursday and around a score of women are due to compete.

WHAT'S WRONG WITH BRONCS, FANS DISAGREE

The plight of the Big Spring Broncs in the Longhorn league was continues to worry all local followers of the club, who just aren't used to seeing the provincials take their lumps.

Many reasons for the team's slump have been offered. The most common complaint heard is that the team is carrying too much deadwood and isn't hustling.

More than a few would rebuild the club around Jorge Lopez, who is experiencing his greatest year despite the team's bad fortune. Bert Garcia and Potito Pascual.

Those supporters of Pascual feel certain he is more at home at third base, and will not settle down until he is returned there. But the present custodian of the sack, Julio Delatorre, has his supporters.

Some of the fans are beginning to demand that the management add a class-man, a regular who can paste the lemon and can be depended upon in the clutch. They point to Pat Stacey's sizzling pins, insist that's a sure sign that old age is catching up with the Irishman, who has played only part time.

Others assert the pitching staff needs rebuilding from rock-bottom, that the rookie hurlers haven't the knack for bearing down all the way and the older slabsmen are content to rest on their laurels.

What ever the trouble, it appears the situation could get worse before it gets better. That much needed help is hard to find at this stage of the race.

It's a good bet a few victories would change the outlook of the fans, however.

SWIMMER ENGAGED TO BALL PLAYER—Shalagh Marie Kelly, (above) 23-year-old professional swimmer, will wed Detroit Pitcher Art Houtteman after the current baseball season. LOOKING 'EM OVER

With Tommy Hart

Bill Montgomery, the local youth who thinks rosier times might be in store for the game in this state, becomes the second ACC player and probably the first Big Spring representative in history to compete in the National Intercollegiate net meet, carded late this month in Austin.

Montgomery, who will go to Austin a couple of days early to get in all the practice he can, only recently completed his sophomore year at Abilene Christian.

The experience of playing in the meet is costing him around \$13 (in entry fees), but Bill figures the experience will be more than worth it.

Kendall Jones, an ACC net standout a few years back, was the only other player ever to represent that school in the tournament.

Joe Davis, a stellar player here more than a decade ago, might have competed in the NITTT but he has no record of it.

Montgomery is an optimist when it comes to the game, let it be mentioned. He acknowledges the fact that California produces most of the great netters, both professionals and amateurs, at this time but, thinks the Texas athletes are beating a comeback trail in the sport and should be able to offer serious competition to the Coast boys in the not-too-distant future.

HARLEM GLOBETROTTERS WOW EUROPE

The fabulous Harlem Globe Trotters, perhaps the best basketball team in existence, is wowing Europe, according to word from across the pond.

The Harlems have been playing to capacity crowds wherever they have gone, even though basketball has never been a popular sport in Europe.

In Lisbon recently, the team, manager of the troupe, staged an afternoon workout for four members of the troupe that hadn't been playing much. More than 4,000 fans turned up to watch the drills.

Witte Purchased By Houston Buffs

HOUSTON, June 6. (AP) — Jerry Witte, the 1949 home run king of the Texas League, has been purchased from Rochester of the International League by the Houston Buffs.

Allen Russell, Buffs president, said yesterday that the team's Charles Kraus has agreed to move to the outfield so as to permit Witte to take his regular infield position.

Front-running Odessa won again. The Oilers battered out 13 hits and completed four double plays in licking Ballinger 10-7. Martin Diaz drove in four runs.

Midland downed Sweetwater 12-4 as Jim French shocked the Swats with a triple that brought in three runs in the first inning. Hal Wearne scattered 19 Sweetwater hits.

San Angelo licked Vernon 10-4. Jimmy Price registered his third mound victory of the season against no defeats.

Robinson Ready For Real Title Go With Jake

PHILADELPHIA, June 6. (AP) — Sugar Ray Robinson, the master craftsman of the ring, has a one-for-eight interest in the middleweight crown today after doing a workmanlike job on stocky Robert Villemain of France.

But the lanky Sugar from New York's Harlem definitely would like the other 47 parts—even to the extent of giving up his welterweight title—before retiring in two years.

Robinson won the Pennsylvania version of the 160-pound championship last night before a disappointing crowd of 2,004 which paid \$119,007.49 to see the fight at Philadelphia's huge Municipal Stadium. He displayed a variety of blows that, while not able to knock out the squad Frenchman, caused Villemain to say in his dressing room: "He's a real champion. He hits harder than any man I ever met."

"It's a wonderful thrill to win the world's middleweight championship, even if it's only for the state of Pennsylvania," said Robinson in his dressing room.

"Now I'd like to be champion of the entire world," he added.

And to that end, Sugar Ray said he is ready to meet Jake LaMotta, recognized 160-pound king everywhere except in Pennsylvania, anytime and anywhere.

"If Jake will fight me, we can make a deal," he said, and then laughingly added: "But if it is in Pennsylvania remember he'll be the challenger and I'll want the champion's end of the purse."

While the National Boxing Association declined to go along with the Pennsylvania commission in recognizing the bout as a championship affair, it ruled that the winner of the LaMotta-Robinson fight in New York June 28 must meet Robinson within 90 days.

Robinson's only defeat in 111 bouts was at the hands of LaMotta. But after that setback he walloped Jake four times.

Robby has set his sights on retiring "before I'm 31."

"I'm 29 now and two more years of this hard life will be plenty," he said. Incidentally, the record book lists him as 30.

Robinson entered the ring the 1 to 5 favorite and he won just like an odds-on-favorite.

NEAR LEAD

Bengal's Ability To Win On Road Bouys Hopes

By JOE REICHLER
 Associated Press Sports Writer
 Detroit owns one of the most beautiful baseball parks in the country but the Tigers would just as soon play elsewhere.

The reason? The Tigers have been almost unbeatable on foreign fields. In contrast they've played under 500 ball in Briggs Stadium.

Manager Red Rolfe is at a loss to explain the surprising turn of events but as long as the Bengals keep winning away from home, he doesn't care. The red-thatched pilot is confident his charges will find the winning combination on home soil before long.

The Tigers whipped the Senators in Washington, 7-4, last night for their 19th triumph in 22 games away from home. That's an amazing 84 percentage and far better than the front running New York Yankees' fine record of 14-4 on the road. At home Detroit has won only eight while losing nine.

Yesterday's triumph coupled with New York's 3-2 defeat by Cleveland pushed the runnerup Tigers up within a game and a half of the Yankees, Boston's third place Red Sox buried the Chicago White Sox under a 12-0 shellacking to climb within four games of the top.

Brooklyn's Dodgers gained undisputed possession of first place in the National League vanquishing the Chicago Cubs, 13-1, in the only afternoon game while the Philadelphia Phils shaded the St. Louis Cardinals, 6-5. In the only other league game, the New York Giants edged out the Pittsburgh Pirates, 5-4 in 10 innings.

The Dodgers now enjoy a half game edge on the Phils who swept past the Cards by a half length on the strength of their victory. Outstanding in yesterday's doings was the batting of George Kell and Hoot Evers of the Tigers; Vern Stephens and Ted Williams, Red Sox; Bob Kennedy, Indians; Del Ennis, Phillies; Bob Morgan, Dodgers and Sam Calderone, Giants.

Other noteworthy achievements were the pitching of Cleveland's Bobby Feller, Boston's Maury McDermott, Brooklyn's Preacher Roe, Philadelphia's Robin Roberts and the New York Giants' Andy Hansen.

Kell, American League's champion batter last season, moved into a tie with Cleveland's Larry Doby for the batting leadership at 388 by rapping four straight singles. Evers made only two hits but one was a homer and the other a triple to drive in five runs.

Dizy Trout went the distance for his third triumph without a loss and the Tigers' sixth in succession. The defeat was Washington's sixth straight.

Stephens clouted his 11th homer and a double to drive in four runs as the Red Sox rang up a four-day total of 51 runs on 57 hits against 13 pitchers. They've won all four. Williams collected two hits.

McDermott, who replaced starter Ellis Kinder with one out and two on in the first inning when Kinder complained of a kink in his left shoulder. Yielded only four hits in getting credit for the shutout, it was his fourth triumph against one loss.

Kennedy scored two of Cleveland's three runs against loser Alie Reynolds and reliever Joe Page via a first inning single and a sixth inning home run. Feller allowed five hits in registering his fourth triumph.

FELINES SCRAMBLE OVER SAN ANTONIO

By HAROLD V. RATLIFF
 Associated Press Sports Editor
 If San Antonio never saw Dick Williams again that would be 10 years too soon.

The Fort Worth center fielder has been the fly in the Missions' soup during the current series.

Sunday night he hit a double with the bases full in the eleventh inning to give the Cats a 6-5 victory. Last night he drove in four runs as Fort Worth licked the Missions 5-2 and stretched their lead in the Texas League to seven games.

It was one of two games played in the circuit. Rain postponed Dallas at Houston and Tulsa at Beaumont.

Williams did his damage to San Antonio last night with a home run and a double and he also got a single.

Shreveport beat Oklahoma City 5-2 in the other game of the night. It was the Sports' third straight over the stumbling Indians, Oklahoma City outbit the Sports 11 to 7 but couldn't make them count.

The clubs have the same stands tonight with Dallas at Houston, Fort Worth at San Antonio, Tulsa at Beaumont and Oklahoma City at Shreveport.

Score Of 283 May Sew Up First Place In National Open Meet

ARDMORE, Pa., June 6. (AP) — Next to wondering who will win the 50th annual U.S. Open golf championship, the 185 first rate golfers entered are curious about the winning score.

Most of the competitors consider the historic Merion golf club course a challenge. They agree with host Pro Fred Austin that this course is an eyewatering in golf.

Ben Hogan, Sammy Snead, Jimmy Demaret, Defending Champion Cary Middlecoff, British Amateur King Frank Stranahan, Lloyd Mangrum, Jack Burke, Jr., and a host of others practicing over the 6,894 yard par 70 layout, agree to a man, that golfing fundamentals will have to be brought to bear in this tournament.

The wild golfer; the inconsistent player; the man who depends on recovery shots, hasn't a chance in the opinion of some of these great shotmakers alive. The fabled Merion east course to quote Detroit's veteran Horton Smith, "is tough."

There are 117 traps. One of these will mean a thing to the accurate golfer since every hazard is wide open. But the golfer who gets in trouble off the tee is down a stroke.

The greens are treacherous on a bright sunny day. "Stick as a billiard table," says the wild Austin describes them.

The consensus among the men who drive, pitch and putt, is that a 283 will be like money in the bank. Nine of them seriously believe that par for the 70 holes will be broken.

Another topic of conversation among those awaiting Thursday's 6 a.m. (CST) starting time, is the 36 hole final round Saturday. They're all wondering what effect the grueling finish will have on little Ben Hogan, the master shot from Texas and Heryey, Pa.

There is no secret hereabouts that Hogan is the most feared golfer on the circuit. This despite the fact that slumping Sam Snead has won almost everything the winter circuit has to offer. If Hogan has recovered completely from his most fatal accident of some 18 months ago, he is the man to beat, they say.

Dozen Jayhawks Win Numerals

Twelve members of the Howard County Junior college track and field team, undefeated in conference competition the past season, have won letters, Coach J. A. Jolly has announced.

They are Cleone Russell, half miler; Charley Seydler, sprinter and relay man; Harold Baker, miler; Donald McAdams, sprinter; Jim Jennings, sprinter and relay man; Melvin Norris, weight man; Delmer Turner, weight man; B. Lees, pole vaulter; Moe Madison, dash man; Cull Grigsby, relay man; Harold Berry, who competed in half a dozen events; and Billy Wheeler, quarter miler.

Vega Pitches Sox To Win

By The Associated Press
 The West Texas-New Mexico League is noted for its wild hitting and scoring but last night the pitchers took over for a change.

In three of the games the hurlers were featured with their pitching. In the other the pitcher did the hitting.

Lubbock pulled within a game and a half of league-leading Borger by beating Albuquerque 14-3 as Bob Clodfelter held the Dukes to five hits.

Lamesa nosed Borger 9-8 on the clutch pitching of Eulis Rosson. He gave up 18 hits but when the chips were on the line had the Gassers fanning the air. He struck out 11.

Rene Vega scattered seven hits in elbowing Abilene to a 9-0 victory over Amarillo.

Roy Parker hit a homer in the eighth to give Pampa a clean sweep of a double-header with Clovis. The Pampa hurler broke a 4-4 tie with his bat. Pampa won 6-5. It took the first game 4-3.

Oilers Batter Ballinger, 10-7

By The Associated Press
 Roswell and Big Spring still are playing hide-and-seek with second place in the Longhorn League.

Roswell is back there today as the result of a 3-0 victory over Big Spring. D. Franks allowed the Broncs only two hits while his mates got nine.

Front-running Odessa won again. The Oilers battered out 13 hits and completed four double plays in licking Ballinger 10-7. Martin Diaz drove in four runs.

Midland downed Sweetwater 12-4 as Jim French shocked the Swats with a triple that brought in three runs in the first inning. Hal Wearne scattered 19 Sweetwater hits.

San Angelo licked Vernon 10-4. Jimmy Price registered his third mound victory of the season against no defeats.

Trans-Miss Play Opening Today

DALLAS, June 6. (AP) — Regardless of the weather, the Women's Trans-Mississippi Golf Tournament opens today.

Soaking rains yesterday brought postponement of qualifying for 24 hours but there'll be no further delay.

A field of 186 is headed by defending champion Betty Rawls of Dallas.

THE STATE OF TEXAS

TO: MARTIN GILLMAN and JAMES W. TAYLOR, and if deceased their unknown heirs and the heirs of their unknown heirs, assignor and legal representatives.
YOU are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, to-wit: Monday the 17th day of July, A.D. 1950, at or before 10 o'clock A.M. before the Honorable District Court of Glasscock County, at the Court House in Garden City, Texas.
Said plaintiff's petition was filed on the 1st day of June, 1950, and the file number of said suit being No. 26.

The names of the parties in said suit are: Carl Niemann, individually and as attorney-in-fact for A. L. Niemann, Minnie Walker, and August Niemann, Lewis Niemann, George Niemann, and Henry Niemann, as Plaintiff, and J. B. Pickle, C. W. Penston, B. E. Diepbrock, George K. Clayton, Mar. M. Gillman, James W. Taylor, and James L. Diepbrock, as Defendant. The nature of said suit being substantially as follows: To-wit: Trespass to try title and to correct mis-descriptions in certain instruments, namely, Deed, Warranty Deed conveying title and contract or agreement in full real estate, same being respectively described in a deed dated March 29, 1936, from Mart M. Gillman, Mayne L. Diepbrock, B. E. Diepbrock, Mrs. Viola Penston, C. W. Penston, to Adolph Niemann, predecessor in title to the Plaintiff herein, wherein the description in said deed reads Sections 4 and 45, Block 23, Township 3-South, and the true description should have read Section 4, Block 23, Township 3-South, and Section 45, Block 23, Township 3-South, and the Plaintiff further alleging that the contract or agreement made by Plaintiff's predecessor dated December 8, 1936, recited in Volume 16, page 467 of the Deed Records of Glasscock County, Texas, in which the description erroneously stated Section 45, as well as setting out that Section 45 and 9 were in Block 23, Township 3-South, whereas said description casts a cloud upon Plaintiff's title and sue to remove said cloud.

And Plaintiff further sue to cancel a mineral reservation retained in a contract or agreement to sell the Defendants should own for a period of fifteen years from and after the date of the deed of conveyance an undivided one-half interest in and to the minerals in and under the land conveyed to the Plaintiff's predecessor. Plaintiff alleging that the fifteen years have expired and no oil or mineral production has been obtained, and that said reservation is now of no further force and effect, but casts a cloud upon Plaintiff's title and sue for the cancellation of said reservation.
And Plaintiff further sue to cancel and hold for nought an affidavit filed March 8, 1938, and recorded in Volume 48, page 344 of the Deed Records of Glasscock County, Texas, which casts a cloud upon Plaintiff's title and to remove said cloud so as to.

And Plaintiff's further sue for judgment of the Court directing Defendants and if any be deceased their heirs and the heirs of their unknown heirs, of any right or interest in the above described real estate and vesting the superior, equitable and legal title in said property in the Plaintiff's heirs and restore all clouds and claims cast and held by Defendants from Plaintiff's title and that Plaintiff's title be forever established, and for special and general relief, in law and in equity, which they may have demanded and will ever pray.
Issued this 1st day of June, 1950.
Given under my hand and seal of said Court, at office in Garden City, Texas, this 1st day of June A.D. 1950.

"It may be argued that McLaurin will be in no better position when these restrictions are removed, for he may still be set apart by his fellow students. This we think irrelevant."
"There is a vast difference—a constitutional difference—between restrictions imposed by the state which prohibits the intellectual communing of students, and the refusal of individuals to commune where the state presents no such bar."
The nine-man Supreme Court was unanimous in its opinions on the two university segregation cases.
Its vote was eight to nothing in striking down dining car segregation as a violation of the Interstate Commerce Law.
The three decisions were a victory for the Negroes who appealed the cases and for the Justice Department, which backed them up.
But the court did not go as far as they had asked. The justices refused their request that it strike down a 54-year-old legal doctrine that segregation is permissible under the Constitution if Negroes are provided "separate but equal" facilities.
Vinson said it was not necessary to rule on this request to decide the cases. The result is that an 1896 Supreme Court decision, on which the separate-but-equal doctrine is based, still stands.

Classes For 400
Methodist Youths
To Start Today

Initial classes for 400 Methodist youths attend the 34th annual Northwest Texas Conference Assembly held at McMurry College Tuesday at 9:20 a.m.
Registration occupied most of Monday. The Rev. Alsie Carleton, pastor of the Big Spring First Methodist Church, gave the keynote message Monday night after vespers. Recreation groups—folk games, star-gazing, drama, and indoor games—followed.
A morning watch service was scheduled for 8 o'clock at 8:30. Rev. Carleton spoke on the assembly theme, "Jesus' Way, Our Way—Through Church and Vocations."
A sing-song and business session at 11:05 followed two class periods. After lunch the youths separated into various interest groups. Recreation is planned from 4 to 5:30.
Sarah Dickenson, a 950 Abilene High School graduate, is arrangements chairman for an assembly and banquet in Iris Graham Memorial Dining Hall Tuesday night from 7 to 8:30. Recreation groups are slated from 8:30 to 9:45.
On the staff announced by Barbara Lowry of Lubbock, conference youth work director, are the Rev. Uel D. Crosby of Lubbock, pastor of the Rev. H. D. Seago of Abilene, the Rev. Tilden B. Armstrong of Throckmorton;
Also the Rev. W. F. Hamilton of Jarendon, the Rev. Lloyd Hamilton of Crosbyton, the Rev. O. A. McBrayer of Wolfforth, the Rev. J. Frank Perry of Texline, Gene Matthews of Lubbock, the Rev. Phil Gates of Abilene, the Rev. J. Alvis Cooley of Lubbock, Mrs. Earl Louder of Seagraves, Mrs. H. W. Barnett of Denver City, Bob Scoggin of Lubbock, and Nolan Froehner of Dimmitt.

Sheriff's Posse Sets
Special Meeting For
Thursday Evening

A special meeting of the Howard County Sheriff's Posse has been announced for Thursday evening at 8 o'clock, at the new Posse clubhouse.
Several business matters are to be taken up, said M. H. Bennett, president, including acceptance of several invitations to participate in rodeo parades over West Texas.

Bandit Surrenders

ROME, June 6, (U)—Antonio Sciortino, Sicily's No. 2 bandit chieftain, has surrendered voluntarily to police, press dispatches said today. He is a former lieutenant of Salvatore Giuliano, Sicily's No. 1 bad man—who remains at large.
He was confident they would win their fight, "and that Congress will overrule the Supreme Court and place control of the tidelands where it belongs—in the hands of the state governments."
Texas now has four wells producing in the tidelands area, in addition to hundreds along the coast and in bays.
The land office here said there is no production beyond the three-mile limit off the Texas coast, but there has been leasing interest in "a dozen or more areas" beyond that limit.
There are about 18 million acres in the area which Texas claims as tidelands.
In Washington Sen. Lyndon B. Johnson (D-Tex.) said the court decision does not settle the issue. He called for a "continued strong effort in Congress."
Rep. Gossett (D-Tex.), author of pending legislation to give the states title to the disputed area, said the high court had "given this nation another long shove down the road into nationalism." He added: "Only Congress can now save this nation from the disgraceful spectacle of federal confiscation without compensation."
Texas Sen. Tom Connally said he was "dazed" and "shocked" by the decision. He asked if "precedents of more than a century mean anything any more in the law and jurisprudence of the United States?"
House Speaker Sam Rayburn had no comment on the ruling but said he would press for legislation to give the states control of the tidelands.
"I'm surprised and disappointed," said Texas Rep. George E. Mason.
Rep. W. R. Poage and most of the others from Texas expressed similar views and said that action by Congress seemed the only recourse left open to them.
In the majority opinion, supporting the federal government's claims to the tidelands, Associate Justice Douglas said that national rights must be paramount because "the problems of commerce, national defense, relations with other powers, war and peace focus there."

AMBUSHED AGAIN

Bullets For Shelton Hit A Companion

FAIRFIELD, Ill., June 6 (AP)—Gunmen firing from ambush tried again yesterday to take the life of "Little Earl" Shelton. But bullets apparently intended for him plowed instead into a companion wounding him critically. The associate, Dellos Wyle, 35, was tak-

en to a hospital at Flora, Ill. He was shot three times in the back. Wyle and Little Earl, 34, recently bought a building to be used as a garage. It is on Highway 43, two miles west of here.

The pair drove up to the building yesterday afternoon and sat for a moment chatting. There was a sudden burst of gunfire and bullets tore into the car.

Earl ducked, shoved Wyle out of the vehicle and followed. They fled into the garage. A second fusillade ripped into the building.

Sheriff Elmer Brown said Wyle "lost his head" and tried to make a run for it, probably to hide behind the building. He was cut down in his tracks.

Earl, who escaped injury, gave the sheriff only meager details of the attack. As in past shootings, he refused to speculate on who the gunmen might be or what their motive was.

Brown said the shots were fired from a point across the highway, about 75 yards from the garage. High grass, heavy brush and trees offered concealment.

The shooting marked another chapter in the bloody history of the Sheltons. Little Earl is a nephew of "Big Earl" Shelton, whose two brothers were shot and killed from ambush—Carl in October 1947, and Bernie in July, 1948. Numerous attempts have been made on Big Earl's life, the last one on May 23. Riding with Little Earl, he was shot in the right forearm in a burst of fire that riddled the car.

Big Earl, Carl and Bernie ruled the southern Illinois underworld during the prohibition era. The gang savagely fought the law and rival gangs tried to muscle in on their territory.

Big Earl now owns a farm near here.

Jap Peace Settlement Plans Expected From Defense And State Conferences

WASHINGTON, June 6—Agreement between the state and defense departments on plans for a Japanese peace settlement is expected to result from a series of conferences in Tokyo.

Secretary of Defense Johnson and the chairman of the joint chiefs of staff, Gen. Omar Bradley, are scheduled to leave next week end on a Pacific tour that will take them in about 10 days to Gen. Douglas MacArthur's Japanese occupation headquarters.

John Foster Dulles, Republican adviser whom Secretary of State Acheson has asked to work on Japanese policy, also is planning to leave Washington for Tokyo about the same time as Johnson.

Some old-time tire makers are still a little incredulous that what they once regarded as a side-line has become a respectable member of the family.

Rubber Companies Muscling In On Widely Different Industries

WASHINGTON, June 6—Agreement between the state and defense departments on plans for a Japanese peace settlement is expected to result from a series of conferences in Tokyo.

Secretary of Defense Johnson and the chairman of the joint chiefs of staff, Gen. Omar Bradley, are scheduled to leave next week end on a Pacific tour that will take them in about 10 days to Gen. Douglas MacArthur's Japanese occupation headquarters.

Some old-time tire makers are still a little incredulous that what they once regarded as a side-line has become a respectable member of the family.

showing up in surprising places, like tablecloths and lamp shades and now high-strength plastic rubber gears to challenge metal ones.

And although nurtured from the same source—synthetic or natural rubber—these rubber plastics bear little resemblance to the older, commoner forms found in auto tires or soft rubber balls.

The tire companies, of course, are by no means the only ones in the mushrooming plastics industry. But, like meat packing they illustrate how a side-line division can be built into an important industry.

Today comes the claim that the industry has at last bridged the gap between soft rubber and hard rubber with a new tough plastic.

United States Rubber Co. scientists say their new plastic can be produced with a range of flexibility from the elasticity of soft rubber to the strength, but not the brittleness, of hard rubber.

Synthetic rubber affords a base for the new plastic. And on the theory perhaps that it takes a synthetic to match a synthetic, the rubber company scientists have tried it out as parts for washing machines. They contend that their new plastic has an advantage over metal because it is more "resistant" to the newer type synthetic detergents.
