

Ike To Visit Japan, Korea Regardless

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Eisenhower will visit Japan and Korea next month as scheduled regardless of whether he cancels plans to go to the Soviet Union, the White House said today.

"That's firm," the associate press secretary, Anne Wheaton, said in making public a preliminary schedule of the President's activities in Tokyo June 19-23.

Preparations still are going forward for the Soviet tour, she said in reply to newsmen's questions. She said representatives of the two governments are "constantly in consultation" on details.

The Tokyo schedule includes visits and state dinners with Emperor Hirohito and Empress Nakako, a round of sightseeing and a golf match with Prime Minister Kishi.

The schedule also indicates that Mrs. Eisenhower still is planning to accompany the President to Japan and Korea, as well as to the Soviet Union if that visit remains in the picture.

The White House said, for example, that Eisenhower and his wife will be hosts to the Emperor and Empress at a dinner in Tokyo June 21.

The White House announced weeks ago that Eisenhower would spend 10 days in the Soviet Union just before flying on to Japan and Korea. The trip would return the visit which Soviet Premier Nikita Khrushchev made to the United States last September.

But Eisenhower's scheduled "last" week in his plans for a Soviet visit. That followed Khrushchev's charge that an American plane had been shot down on a spy mission over the Soviet Union.

In talking to AFL-CIO President George Meany last Friday at an industrial exhibit, the President said he would be taking a model of a new ship to Khrushchev "if I can."

Four Persons Die As Car Hits Train

GREENVILLE (AP)—A car carrying two mothers and their children crashed today into the side of a train. One of the mothers and three of the children were killed.

The women were en route from their homes north of here to a washateria in Greenville. Their nine-year-old car smashed into the second unit of a Katy passenger train.

Killed were Mrs. E. L. Bush, 38, wife of a Greenville garage mechanic; their two children, Emily Denise Bush, 8, and Michael Bush, 3; and Randy Lee Ward, 5, son of Mr. and Mrs. Raymond Lloyd Ward of Rt. 3, Celeste, Tex.

Mrs. Ward, 34, was brought to a Greenville hospital where her condition was critical. The highway patrol said she was the driver. Ward is an employee of Tenco in Greenville.

There is no mechanical warning device at the farm road crossing. Wreckage was scattered 50 yards down the tracks. The engine was torn from the car.

The five-train was en route from Greenville to Denison. Conductor Burke Thompson said the car hit the second unit of the diesel engine. He said his first knowledge of the accident was when he felt the impact.

MRS. RANDOLPH ON SKIDS

Johnson Pep Session Seen

By DAVE CHIEAVENS
AUSTIN (AP)—It begins to look as if the June 14 Democratic State Convention will mainly be a pep meeting in the Johnson-for-president drive.

Hopes of a liberal faction to stir up contests, perhaps a rump convention and a challenge to Sen. Lyndon Johnson at Los Angeles faded Saturday when Texas precinct conventions gave Johnson the endorsements he wanted.

The precinct sessions also formally put Mrs. R. D. Frankie Randolph, Houston, on the skids as Democratic national committee woman from Texas.

Statewide reports on the hundreds of precinct sessions showed only a few where there was even a little anti-Johnson static, and a scattering where Mrs. Randolph was endorsed as national committee woman.

Johnson and Mrs. Randolph have been bitter political foes since 1956. She was nominated from the floor and elected by acclamation on concession by Johnson's moderate and conservative Democrats to the liberals. At that point, the liberals took the convention away from the moderates, and Johnson remembers it.

He told this correspondent, however, that naming the national committee man and woman are an internal party affair and he is

SNYDER WATER SUPPLY IS STATE APPROVED AT LAST—This beaming group had just finished reading a letter from the State Department of Health stating that, after five long years of work on the part of City Manager Roy Dunlap, the Snyder water supply has met state requirements and has been given a Class A rating by the department. Seated left is Charles Schaefer, senior engineer with the water supply program who brought the letter to Mayor John Hamblen, right. Standing from left are County Judge J. Roy Martin, City Health Officer Dr. Wilton N. Jones, and Dunlap. To Judge Martin this approval means that the county-operated Cogdell Memorial Hospital will now be eligible for federal funds. The hospital has been unable to secure these funds due to the water supply not meeting state standards.

IN WEST VIRGINIA PRIMARY

Rain Hampers Voting

By ARTHUR EDSON
CHARLESTON, W. Va. (AP)—A cold, light drizzle over most of the state held down early voting today in West Virginia's crucial presidential primary contest between Sen. John F. Kennedy (D-Mass.) and Hubert H. Humphrey (D-Minn.).

Polling places that normally have lines of going-to-work voters on hand at the start easily took care of those who struggled in by two and three.

The translation is done at very high speeds. Brooks said, "16,000 words a minute being scanned by the translator. It can be operated by an individual with no knowledge of Russian and is able to translate a page of Russian into English in half a minute, compared to 45 minutes required by the average human translator."

Brooks said the machine will make available to American scientists and engineers more of the estimated billion words a year which the Soviets publish, one-third of which is in scientific fields. At present, he said, the U.S. government translates 80 million words a year at an average cost of two cents a word.

At the four-day hearings which open Wednesday, the committee will hear witnesses from the National Science Foundation, Harvard University, the National Bureau of Standards, the Central Intelligence Agency, the Army and Air Force and private firms. The work being done in this field will be explored fully to determine what progress is being made.

Cotton Policy Is Center Of Debate

WASHINGTON (AP)—The \$3,964,781,500 Agriculture Department appropriations bill reaches the House floor today, bringing to the fore a disagreement over one phase of the government's cotton policy.

A squabble has developed between the House Appropriations Committee and the Agriculture Committee over reclassifying government-owned cotton offered for sale.

The Agriculture Committee wants this reclassification to continue, but the Appropriations committee has forbidden Commodity Credit Corp. money to do the job.

The quality of cotton is classified when it is acquired by the CCC under price support loan from the growers. It deteriorates

7 p.m. to begin the long wait. Polls opened at 6:30 a.m. and will close at 7 p.m., eastern standard time.

It will probably be early Wednesday morning before the winner is known.

Ballots are incredibly long here, where everyone seems to be running for something. Only five of the 55 counties have voting machines. And in most of the 2,750 polling places the counting will be done by hand.

Most of the opinion polls—and we have them by the dozens—have guessed that Humphrey would win, with Kennedy moving up fast at the finish.

Neither candidate is impressed by these findings.

In storage, and buyers want it reclassified when it is offered for sale.

A showdown on language in the bill that prevents this practice could come today or Wednesday.

The Appropriations Committee has given two reasons why it doesn't like the practice, which Kennedy supports.

First, it says the practice increases the CCC's capital and increases its yearly appropriations. Second, it says the practice gives a definite advantage to large cotton buyers.

The Agriculture Committee said reclassification was the desire of cotton producers and users and the cotton trade generally.

Hearing Sated On CRMWD Proposal For New Reservoir

The State Board of Water Engineers has set June 20 as the date for a hearing on the application of the Colorado River Municipal Water District to construct a second lake on the upper Colorado River.

Durwood Mahford, chairman, ordered the hearing for 10 a.m. in the offices of the board at Austin.

W. L. Spence, general manager for the CRMWD, said that a meeting of the board of directors had been called for May 26 in Big Spring, and among other things plans will be developed for attending the hearing.

Location of the proposed dam in section 10, block 15, SPRB survey in southern Mitchell County. This puts it about 21 miles south of Colorado City and 1 1/2 miles north of the Coke County line.

Directors of the district authorized the application on June 11, 1959 for a water permit to impound

Nuclear-Powered Sub Goes Around World In 84 Days

WASHINGTON (AP)—The U.S. nuclear-powered submarine Triton completed today an underwater 36,000-mile trip around the world.

The historic 24-day voyage traced much of the route of the first trip around the globe by the surface ships of Ferdinand Magellan. The Magellan expedition took more than three years in 1519-22.

The history-making submerged cruise by the world's biggest submarine was partially broken twice she circled the globe.

Once off Montevideo, Uruguay, the Triton thrust her superstructure above the surface to transfer a critically ill chief petty officer to the cruiser Macon. She added 2,000 miles to her cruise to make the rendezvous for the crewman, suffering from kidney stones, and fell several days behind schedule.

The vessel sometimes described as a submerged cruiser of underwater island, came up again on May 2 of Cadiz, Spain to honor Magellan, who sailed from there on his epochal first round-the-world journey of exploration.

But both times the main part of the ship remained sealed as if submerged.

The skipper of the Triton, Capt. Edward L. Beach, was picked up by helicopter off the Delaware coast today and flown to the White House to receive the Medal of Merit from President Eisenhower.

The 42-year-old Beach served as Eisenhower's naval aide for four years.

The smiling captain stood hands on hips on the deck of his ship with some of the crew when the helicopter came overhead to fly him to Washington.

The huge, gray hull of the Triton was rust-eaten and slimy from the long voyage.

As the helicopter made the one-hour flight morning in Washington, Beach talked with newsmen who had ridden the helicopter. He seemed a little pale from his many days out of the sunlight and atmosphere, but he said "none of us really noticed it until we came tonight this morning in Washington."

At the White House, Eisenhower personally pinned the Legion of Merit decoration on Beach's blouse.

Glowing with obvious pleasure, the President warmly shook the hand of his former aide.

In brief, this was the route and time schedule for the Triton's voyage:

Dived Feb. 16 off the tip of Long Island.

Arrived at St. Paul's Rocks, midway between the tips of South America and Africa Feb. 24.

Crossed the equator Feb. 24.

After sailing almost to the Falkland Islands near the tip of South America, the Triton took a detour to the west, making a loop around Cape Horn March 7.

Observed Easter Island through periscope March 11.

Passed south of Hawaii March 20.

On the voyage, the Triton traveled 41,517 nautical miles, submerged, of which 3,200 represented the circumnavigation of the globe.

The Triton was submerged 83 days, 10 hours and 15 minutes—far exceeding the record in 1958 by the nuclear submarine Sea Wolf.

Aboard the Triton for the historic circumnavigation cruise were 183 men, including a number of extra technicians and scientists. Her normal complement is about 130.

Today the 7,750-ton giant, designed as a radar warning submarine, was headed for her home port of New London, Conn.

She is this 5th grad 164.

She is this country's—and presumably the world's—first ship to be powered by dual nuclear reactors.

Her submerged circumnavigation trip was longer than undersea voyages of the Nautilus, Skate and Sargo in their polar trips which included runs from Hawaii to the Atlantic via the North Pole.

But the Triton, despite her weeks of underwater travel, apparently still did not surpass the submergence endurance record of 50 days set by the submarine Sea Wolf while cruising in the Atlantic.

The Navy disclosed Dec. 31 that the Triton was being prepared for what was described only as an extended cruise. The Triton then was in drydock for servicing and checkout at the Groton, Conn., yards of Electric Boat Division of General Dynamics Corp. At that time the Navy said the Triton would leave port "early next year"—in 1960.

The course followed by the Triton was reported to be far from the so-called "sensitive territory." On the other hand, the polar trips of the other nuclear subs have taken them to the top of the world, overlooking Russia's mainland.

In the instances of voyages to the Arctic from the Pacific, the route, passed through Bering Strait where Russian Territory is only a few miles distant.

The Triton is 447 feet long and has a beam of 37 feet. Until the Navy started its Polaris missile submarine program, the Triton was twice as large as any other boat.

She was launched Aug. 19, 1958, and went into commission Nov. 16, 1959.

The Navy estimates the Triton cost 104 million dollars.

Soviets Deliver A Stiff Protest

MOSCOW (AP)—The Soviet Union today delivered a stiff protest to the United States about spy flights over Soviet territory.

At the same time the United States requested permission to interview the pilot of the Lockheed U2 shot down near Sverdlovsk on May Day.

Although the Soviet protest was emphatic, it was understood to be polite in tone and not calculated to raise the temperature over the incident.

The American request to see the pilot, Francis G. Powers, of Pound, Va., also was calm in tone. Officials said all that was contemplated was to ask about his welfare, how he was treated and if he has legal assistance.

Premier Nikita Khrushchev warned Monday night that Soviet rockets will shoot down any other intelligence planes that venture over Russian soil and will be turned against bases in any foreign nations that allow American planes to take off on spy missions.

If intelligence missions are continued over Soviet soil, the Premier said in a speech at a Czechoslovakian Embassy reception, "We will bring down the planes, just as we have brought down the spy planes."

Khrushchev issued "a general caution against use of foreign bases for spy missions. After his speech he called on the Norwegian

Hearing Sated On CRMWD Proposal For New Reservoir

The new lake, but the CRMWD occurred in a decision to delay the hearing until the state board cleared off other major hearings then in session.

If granted, the permit would give the CRMWD two years in which to make a concrete start toward the project, or show ample cause for an extension of time.

W. L. Spence, general manager for the CRMWD, estimated that the CRMWD would be utilizing the full capacity of Lake J. B. Thomas by this year. This is 30,000,000 gallons a day.

This is far ahead of the original estimates which could not foresee the phenomenal growth of the member cities, particularly Odessa.

According to projections by the engineers, the proposed lake would have a daily water demand of 30,000 gallons. Several cities in the area, including Stanton, Midland, Lamesa, Mitchell, County, Colorado City and Lorraine, have asked for the proposed lake.

FPC Members Up For Quiz Today

By JOHN R. AVERILL
WASHINGTON, AP — House investigators set out today to determine whether backdoor talks involving the Federal Power Commission have had any effect on the public's gas bills.

FPC members have denied that they were influenced by gas pipeline companies, but the hearings could provide political fireworks.

FPC Chairman Jerome K. Kuykendall was expected to be the center of the action before the House Subcommittee on Energy.

A subcommittee source said Kuykendall would be followed by

FPC Vice Chairman Arthur S. Kline and Commissioner William R. Connelley and Frederick Stueck. Kuykendall, Kline and Connelley have acknowledged talking privately with a gas pipeline attorney just before granting the attorney's client permission to import natural gas from Canada last October. At the time, the commission left open for later determination the rate of return to be allowed the firm.

All three commissioners have denied any impropriety and have insisted they were not influenced by the private talks with the attorney, Thomas G. Tomney, the Corcoran.

Cannon Says Spy Flights Are Common

WASHINGTON, AP — Rep. Clarence Cannon, D-Mo., said today espionage flights over Soviet territory have been going on for weeks, and the plane the Soviets captured May 1 was not hit by a missile but apparently was forced down by "some unforeseen and unavoidable mechanical or physical defect."

Boys Hunt Excitement

HOUSTON, AP — Two boys, 14 and 15, couldn't decide what to do with their spare time, so they broke into a foreign car lot.

After several trips the boys had done \$170,000 damage to 152 new cars.

"We just wanted something exciting to do," one of the boys said. "We thought it would be fun to play around with the cars."

HONORED FOR DOWNING U. S. PLANE—These three Soviet Army officers were awarded the Order of the Red Banner for their part in downing the U. S. plane at Sverdlovsk on May Day. Left to right are: Sr. Lt. S. I. Sofronov, Capt. K. I. Sheludko, and Maj. M. P. Varonov. (AP Wirephoto via radio from Moscow)

Treasure Is Found On Church Site

LA PUENTE, Calif., AP — They broke ground for a new church—and struck money.

The site of the Glengrove Assembly of God congregation's new church, it turned out, was a five-acre trove of buried treasure—almost \$5,000.

Shelters Can Save Many

KANSAS CITY, Mo., AP — "If we build adequate shelters, the largest numbers of our people may be saved even in the worst kind of nuclear war," Dr. Edward Teller said Monday night.

The University of California nuclear physicist, popularly known as the father of the hydrogen bomb, told the Midwest Research Institute that for a majority to survive nuclear attack, "we must build underground shelters that are within walking distance of all of our citizens."

Dress Made By Dead Girl Wins

GALVESTON, Tex., AP — A dress made by high school senior Justine Smith, 19, who died Wednesday, won first prize in the fancy dress division of a state contest.

The Galveston girl died of a rheumatic heart condition.

CIA Remains Mum On Downed Plane

WASHINGTON, AP — The Central Intelligence Agency is one of the biggest, and at the same time one of the most hush-hush, of the scores of federal agencies in Washington.

Soviet Premier Nikita Khrushchev says Francis G. Powers, the American pilot downed on a flight over the Soviet Union is a CIA agent.

Sergeant Is Fined For Selling Bibles

SAN ANTONIO, Tex. (AP)—A summary court martial Monday fined Sgt. Ralph L. McBride \$15 for selling Bibles to trainees.

The court martial found McBride guilty of violating a memorandum prohibiting a non-commissioned officer from financial transactions with trainees.

National Council Of Garden Clubs Meets

HOUSTON, AP — Foreign food, a style show, trips to Houston gardens and a tea are planned today for delegates to the 31st National Council of Garden Clubs.

Mrs. Jamie Johnson of Dearborn, Mich., national president, presided at a business meeting today.

Now Many Wear FALSE TEETH With Little Worry

Fast talk, toothy smiles and a sense of humor are the trademarks of a style show, trips to Houston gardens and a tea are planned today for delegates to the 31st National Council of Garden Clubs.

Mrs. Jamie Johnson of Dearborn, Mich., national president, presided at a business meeting today.

Woman, 104 Is Beaten

SIKESTON, Mo., AP — Mrs. Mary Colburn of Greenfield, Tex., who claims she is 104, was looking for temporary quarters today while awaiting a May 19 hearing on charges of common assault filed against her stepson and a woman.

Daily Crude Flow Drops

TULSA, AP — Big losses in local producing areas dropped daily average U. S. oil production 27,000 to 4,811,550 barrels during the week ended May 7, the Oil and Gas Journal said today.

BIRTHS

Mr. and Mrs. Edward Alvin Denning, 3714 Highland Drive, are the parents of a daughter weighing 7 pounds, four ounces born in Cogdell Memorial Hospital Sunday at 1:18 p.m.

Choral Festival Is Set At Junior High

Summer Is Season For Festive Showers

By VIVIAN BROWN
AP Newsfeatures Writer
America is noted for its showers. There are the traditional engagement showers, bridal showers, baby showers. Each year we try to find new ideas for the shower at hand, with some surprises. Perhaps the thought that one party shower should resemble another in the same social set.
One idea is obvious in 1960 shower circles: there is more emphasis on formality, without dampening the spirit of the occasion. Time was when the hostess was put to the task of achieving the unusual in simplicity by employing the least stress on formal accoutrements such as silver, damask and lace.
Roses and lace can set the theme for today's bridal shower. The elegant idea that could have been "old hat" a few years ago, but is just right for now. At one such shower, a bright crimson umbrella was covered with a large round white lace table cloth which fell in little swags around the umbrella, looking for all the world like a bridal headdress. Roses were placed at each spoke of the umbrella, the charming idea carried out with roses on the palette-shaped milk glass snack sets used for buffet food and on the table silver.

THANKS!

I wish to thank everyone for their vote and support in the Primary Election.

I appreciate the many new acquaintances that I have made during this campaign.

WOMEN

The Snyder (Texas) Daily News, Tues., May 10, 1960

Sales Girls Are Most Influential

By DOROTHY ROE
Associated Press Women's Editor
Who are America's most influential women?

You might name a movie star or a woman senator, an educator or an ambassador.

All wrong says J. Warren Kane, New York importer of French perfumes. The women who most influence national tastes and customs are the girls behind the counters of American stores.
"If you want to find out what's new, ask the girl behind the counter," says Kane. "She's onto every new fad before it starts. She has her hand constantly on the public pulse."

Designers dream up new ideas, manufacturers produce them, buyers select them, but it's the girl behind the counter who persuades customers to buy them.

Kane credits American sales girls for much of his success as a French perfume expert, a vocation which flattered his scuffling father, Capt. John W. Kane, of Blue Hill, Maine.
"I was just out of college when I met a man who asked me if I wanted to go into the perfume business," says Kane. "I took him up on it, and I haven't been sorry. But my father fumed like a spouting whale."

"They started me out to sell perfumes on the road, and it was here that I discovered how important it is to know the girls behind the counters."

Kane also has had a big assist from another influential woman.

When ever possible plan a shower with a theme to achieve the coordinated look that ties a party idea together. If you don't want to decorate an umbrella, make an enormous rose out of pink material and a round lace cloth that rather up the lace and wind it around in a rose shape. Take a flexible reed or wire and wind green satin ribbon around it to form a stem. A piece of buckram rolled into the tube shape will serve to carry out the stem idea. Suspend the rose from the ceiling so that it falls almost to the table. Or use it in the center of a package spilling out of it.

Put honeysuckle around the cake or decorate the aspic plate with it. It is fun to wind honeysuckle around tall candle sticks. If you can't locate honeysuckle, decorate the cake with a couple of roses and scatter petals at serving places.

A fun idea for a bridal shower is to put small nosegays for each guest on the buffet table. Take a couple of roses and run them through a small lace paper doily.

his wife, Helen, whom he met behind the perfume counter of a store in Kansas City, Mo. She helps him in his business, and subjects each new scent to the judgment of her highly discriminating nose.

"Of course," says Kane, "it's silly for any woman to try and set her own perfume. The only way to tell what's the best scent for her own chemistry and personality is to try it out on a man. If he gets dreamy-eyed when she wears a certain scent, that's her cue."

Enhance Ice Cream With Gala Topping

Vanilla ice cream rates first as the preferred ice cream for day to day enjoyment at snacktime. It is reported in a recent ice cream survey.

But for company occasions when a fancier ice cream is wanted, the nut and fruit specialties are most often purchased. For this reason, leading ice cream companies now offer a wide variety of flavors.

Most families like ice cream served with a complementary sauce too the survey reports. For example, here's an ice cream sundae that teams Scotch Toffee ice cream with a honey sweetened pineapple sauce. The buttery-scented flavored ice cream contains pecans and candy pieces.

Pineapple Toffee Sundae
(Four servings)
1 cup fresh or canned crushed pineapple, undrained
2 tablespoons water
4 tablespoons honey
3 tablespoons sugar
2 pints Scotch Toffee Ice Cream
Combine pineapple, water, honey and sugar in saucepan. Simmer slowly for 10 minutes. Cool. Fill chilled sherbet glasses with, hopping scoop of ice cream. Top with pineapple sauce.

Broiling Meat

It's a good idea to thaw frozen meats completely before broiling under the flame. Thawing reduces splatter and cooking time. A rich brown color results if the meat is close to room temperature before broiling.

Thank
You
Everyone
For
Everything!

I Am Very
Grateful

May I ask you for your vote and continued support in the second primary, June 4.

Thanks to all my worthy and capable opponents for the clean campaign just run. You were great.

WOMEN'S CALENDAR

TUESDAY

Business and Professional Women's Club business meeting at Martha Ann Woman's Club.
Twentieth Century Club Grandmother's Tea, 4 p.m. at Martha Ann Woman's Club. Hostesses: Barbara Vanderpool, Etha Hoover and Mary Jane Piller.
Snyder Jayceettes meet at 7:30 p.m. at Snyder National Bank for regular business meeting.

WEDNESDAY

Luncheon at Martha Ann Woman's Club for members and their guests. Reservations by 10 a.m.

THURSDAY

Snyder Paints Club meets for outdoor sketching. Adele Josephson, hostess.
Town and Country Garden Club Spring Luncheon and installation of officers at Martha Ann Woman's Club.
Central P-TA meets at 3:45 p.m. at the school.
The Snyder Garden Club will meet at 8:30 a.m. at the home of Myrtle and Fay Harrell, 3611 Avenue V to leave for Weatherford. The group will tour the Chandler Gardens.

FRIDAY

Altrurian Club meets at Martha Ann Woman's Club with Mrs. A. C. Preuitt, hostess.
Senior Mothers and student planning committee meet at 4 p.m. at high school for final plans on senior day activities.

SATURDAY

Anthemum Study Club installation breakfast at Martha Ann Woman's Club.

SUNDAY

Delta Kappa Gamma Tea at Martha Ann Clubhouse, 2:30 p.m.
Snyder schools P-TA organization will hold joint installation services at East Elementary at 4 p.m. Mr. Clois Henry installing officer. Mrs. Fred Hearty to present life membership.

Garden Club Members To Tour Gardens

The Snyder Garden Club will end their fiscal year with a trip to Weatherford Thursday morning.

Members will meet at the home of Misses Myrtle and Fay Harrell at 6:30 a.m. sharp to leave in a group. The Chandler Gardens will be the highlight of their morning tour followed by luncheon.

AT NURSE'S TEA—Mrs. John O'Banion pours punch at the tea held Saturday honoring Future Nurses of the Snyder area.

Future Nurses Honored At Tea

The Cogdell Hospital Nurse's Home was the scene of a tea honoring Future Nurses of this area on Saturday in connection with observance of National Nurses Week.

The home was decorated throughout with arrangements of spring flowers provided by members of the Cogdell Memorial Hospital Auxiliary.
Adorning the registration desk was a unique arrangement made from a momentary branch with syringes hanging from small limbs of the branch, in keeping with the occasion.
Punch and cookies were served from a linen covered table centered with an arrangement of teddy bears. Serving the guests were doctors' wives, Mrs. Harry Ward and Mrs. John O'Banion.

A highlight of the afternoon was the introduction of Marsha Hurst, recipient of the Medical Auxiliary and Registered Nurses scholarship award. Miss Hurst plans to attend the Methodist Hospital School of Nursing in Dallas.
Out-of-town guests included Lucy Craddock, R.N., former superintendent of nurses at Cogdell but now public health nurse in Sweetwater, Sue Jacobs, R.N., vice president of District No. 15, from Abilene; Jo Ann Hamlin and Janice Young, student nurses from Methodist Hospital in Dallas, and Louise Cate, student nurse from Hendrick Memorial Hospital in Abilene.
Local guests other than students and the hostess groups were Mrs. G. W. Hicks and Mrs. J. N. Dunn of the Twentieth Century Club. Graduate nurses of this area, are

ARTHTRITIS?

I have been wonderfully blessed in being able to return to active life after suffering from head to foot with muscular soreness and pain. Most all joints seemed affected. According to medical diagnosis, I had Rheumatoid Arthritis, Rheumatism and Bursitis. For free information write:

For The Bride

A "Home on the Range" theme for a shower is sure to result in practical help for the 1960 bride. Gifts that can be used at the range will not be duplicated at other showers. Manufacturers suggests that range-to-a-blowers, butter melting pots, a deep fat fryer to be used over the automatic top burner heat control, flexible spatulas and a good pancake turner make treasured gifts. Pot holders, oven cleaners, a smart teakettle, nested skillets and saucapans will help to make her first days as "Mrs." pleasant and rewarding.

Rambler Sets New All-Time Sales Record!

Over 47,000 sold in April

Rambler Custom 4-Door Sedan—6 or V-8

Why thousands a week switch to Rambler

More people bought Ramblers in April than ever before in history. Most people switched from other makes to Rambler. Here's why!
Rambler gives top quality at lowest price. Solid rattlerproof Single-Unit construction... Deep-Dip rustproofing... highest standards of craftsmanship. Yet Rambler prices start well below any other U.S. car.

Rambler gives you the widest choice of compact cars. 33 models, including 17 station wagons. Three wheelbases.

Rambler gives you proved economy. Proved by more than a million owners... proved in official economy runs.

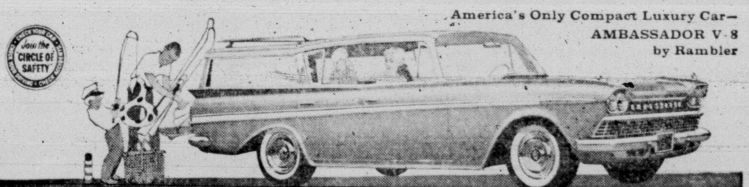

Rambler resale value is proved tops. Your Rambler dealer can show you the proof. See him today.

*Furnished by American Motors

RAMBLER AMERICAN
Americas Lowest-Priced Family Car

Rambler American's Good Deluxe Sedan can save you hundreds of dollars on fuel cost, on gas and repairs, and on resale value. Lots of room for the average family of six.

Events Play Into Khrushchev's Hands

By WILLIAM L. RYAN
Associated Press News Analyst

Events have played nicely into Khrushchev's hands. Approaching the summit, he seems confident of confidence that he cannot lose — and the West cannot win.

The Soviet Premier must consider himself extremely lucky. First, his rocketeers brought down a U.S. plane over Soviet territory only two weeks in advance of the summit. Second, Washington finally admitted he was right in his charge that the plane was on a spy mission.

The Communist party chief is a man who knows how to use a sudden windfall for his best advantage. He is hitting the United States where it hurts—in the contest for sympathies of the uncommitted world.

Spying and counterspying have been a regular postwar routine of the cold war. But for the unsophisticated masses of Asia, Africa and Latin America, here was a demonstration that Khrushchev spoke the truth and the United States was caught doing the opposite. Here, too, was a demonstration that, even on the eve of a meeting in which civilization itself might be at stake, the United States was engaged in patently dangerous activities.

For the weaker nations there was another appalling notion. Washington had said the intelligence flight over the U.S.S.R. was unauthorized. "Was it conceivable the U.S. government might lack total control, for example, over military planes armed with nuclear bombs?"

The Communists, preparing for the four-power meeting in Paris, for some time had indicated a belief that Khrushchev had bullied a weak and irresolute Western ally into a meeting it did not want and would be calling the shots. The Communists already had good reason for confidence.

Even deadlock at the summit could be hailed as a Soviet propaganda victory. Now, in view of the plane incident, Khrushchev could contend that "certain circles" in the United States—apart from President Eisenhower—want to continue a dangerous cold war. Indeed, Moscow all along seemed to be preparing for failure of Khrushchev's meeting with President Eisenhower, President De Gaulle and Prime Minister Macmillan to achieve any noteworthy contribution to peace.

The Snyder (Texas) Daily News, Tues. May 10, 1960

Composer's Rights Tied For Alimony

LOS ANGELES AP—Composer Jules Styne's film and television rights to the Broadway production "Gypsy" are in hock until he pays his former wife \$70,000 in back alimony.

The rights to the "Gypsy" were posted as security by Styne, 34, in an agreement reached Monday with Ethel Styne, 35. He has until the end of this year to pay \$20,000 and until the end of 1962 to pay another \$50,000.

New Station Falls Apart

DALLAS, AP—A new \$90,000 filing station collapsed Monday night.

No one was injured. The building looked "like a big square funnel with one lone pillar in the center" before it fell apart, said patrolman W. B. Broehm.

It was like watching a big concrete flower will a petal at a time," said fireman B. W. Brown. Jim Meyers and Vance Thomas scurried out of their service station minutes before about a quarter of the umbrella-like roof fell.

Half an hour later another quarter of the steel and concrete roof dropped slowly to earth.

For 20 minutes there was a crack, then a ping, then a pop, patrolman B. E. Barnes said.

"Then aluminum sills around the plate glass bulged, glass cracked, then flew, and the big roof bent right down to the ground."

Brown said the owners, Windsor Properties, told him 100 tons of concrete and 25 tons of steel were used in the building.

The station is in the Brook Hollow industrial district near the downtown area.

Sniper Still Firing Away

NASHVILLE, Tenn. (AP)—A midnight sniper, who has terrorized a railroad yard here since April 24, wounded a truck company mechanic early today and escaped a police dragnet.

W. L. Fuqua, 35, of Donelson, Tenn., said he had just finished working on some trucks when he was shot in the arm.

He said he did not see who did the shooting.

Fuqua was the sixth person to be injured by the sniper who has poured bullets into at least six Louisville & Nashville trains, a service station, a house trailer, and a county patrol car.

Police have been unable to determine a motive for the shooting. All of the incidents except two have occurred in the same general area just south of the city.

Stabbing Suspect Marries Victim

TAMPA, Fla. (AP)—A 35-year-old woman charged with stabbing her boyfriend Tuesday was free of the charge. She married her victim.

Judge L. A. Grayson last week gave Patricia Lee Copenhaver a choice—face sentencing for aggravated assault or get a marriage license with Cecil F. Barry, 49.

When she went before Grayson Monday it was to be married, not sentenced. Barry, who reported his stab wound wasn't serious, said he had forgiven Patricia.

Bonds Are Set In Three Cases Here

Three pleas of not guilty were heard in county court Monday with bonds totaling \$2,000 set.

Troy William Renfro pleaded not guilty to a charge of DWI with his bond set at \$750.

Bond for Floydell Thompson, who pleaded not guilty to a charge of aggravated assault, was set at \$500.

Pleading not guilty to a charge of possession of liquor was Hubert L. rdy, whose bond was set at \$750.

BOWLING RESULTS

Rainbow Market, which has been the pace setter through most of the Couples League season, is still in the driver's seat following play of the past week with a seven-point advantage over Tempers.

Tempers carried off team honors, however, in leading of the past week, rolling the high series of 2041 and the two high games of 717 and 693. B.S.B. turned in the second high series of 1891, while Holt Music placed third with 1771. Holt's also topped the third game of 690.

George McCune of B.S.B. cornered the individual honor market for the men with a 567 series and a 225 line. A pair of Tempers in the form of Paul Vard and Jerry Staires followed him, with series of 557 and 542, respectively, while Jim Tatum Rainbow marked up a 203 line and Holt Music Jackson tallied 193 for the second and third high lines.

Bert Howard and Jane Staires of Tempers dominated the women's play with series of 473 and 469, respectively. Dorris Minton of Holt's was next in line with her 439.

Jane Staires had the high and third highlines of 171-160, with Bert Howard sacrificing in a 182 for second place.

Split pick-ups were as follows: Stewart's—Jerry Anstead 5-10; Margaret King 3-10; Junior King 3-10; Rainbow—Jim Tatum 3-10 and 7-4-10; Eastman Oil—Johnnie Tipping 2-7; Carra Nance 6-7; Holt's—Mitch Jackson 6-7.

Incident Will Not Affect India Tie
KANSAS CITY, Mo. (AP)—The American spy plane incident in the Soviet Union was unfortunate but it won't change relations between the United States and India, says M. C. Chagla, India's ambassador to this country.

Chagla said in an interview Monday night that Soviet propaganda about the matter was prompted by the popularity of President Eisenhower in India.

"The President's visit and the general policy of your country have convinced us of your desire for peace," Chagla said.

Therefore, the shadowing down of the plane will not materially affect this feeling.

6 The Snyder (Texas) Daily News, Tues., May 10, 1960

Between You And Me

By Jerry Jackson

The drive from Snyder to Austin greatly resembles a long gray asphalt snake with a stripe down its back. It twists and turns with gentle regularity.

About halfway there the mesquites play out and all types of green vegetation begins to look back at you. There are scrub oaks, cottonwoods, wild little yellow flowers, equally wild little white flowers, plenty of live oaks, and a pretty good slug of dead, dead oaks.

The monotony of the hill-and-dale panorama that lends itself to the occasion is broken by quaint little towns with their roots along about the time that Davey Crockett was born on a mountain top in Tennessee. Also, herds of

No More Whiffenpoofing

SHEEP BLEATING switches abruptly to ho-ho blaring and hustle-bustle when you traverse the sound barrier leading into Austin. People scurrying everywhere, some seemingly not knowing exactly where they're going. Which is good, in that it will make no difference when they get there.

The Texas University campus sprawls majestically on

And A Little Further Along . . .

A LITTLE DEEPER into the campus recesses a harsh, bold, but beautiful Memorial Stadium rears itself, completely surrounded by skinny poles tipped by watted and colored extremities which serve to bathe the playing area in nighted daylight.

From the moss-colored field itself may be seen still another well-lit tower, the state capital building. It glowed and beamed as well as it knew how, giving no indication of its bee-hive interior with its fidgeting tenants. For the Democratic Primary was a matter of only hours away.

The granite dome of the destiny-guiding edifice, reportedly slightly taller than the capital building in Washington in that everything's just a little bigger in the Lone Star State, had as a backdrop a subset of purple, pink, orange and red clouds, giving it a distinct picture postcard effect.

The swelter was brisk and unbelievably autumn-like for Austin at that time of year. But good for track-meeting purposes, nevertheless.

The performances turned in disappointed to one, as records

Boxing Suffers KO At Wisconsin

MADISON, Wis. (AP)—Intercollegiate boxing suffered what may turn out to be a knockout blow when it was dropped Monday by the University of Wisconsin, long a leader and often a champion in the sport.

The Badgers were voted out of competition by the Wisconsin faculty less than a month after the death of Wisconsin boxer Charles Mohr of a brain injury suffered in a bout.

Woodward also said he was disappointed because he wasn't given a chance to be heard.

Badger Athletic Director Ivy Williamson said the faculty left the way open to continue intramural boxing, but he said it probably would be on a reduced scale.

The 23-year-old Mohr, of Merrick, N.Y., was hurt April 9 in the National Collegiate Athletic Assn. tournament at Wisconsin. He was defending his 165-pound crown in a title bout with Stu Bartell of San Jose, Calif. State.

Wisconsin had been the last major school outside of the Pacific Coast area still in the sport. Aspirations for complete abolition of intercollegiate boxing increased after Mohr's death and probably will gain more strength from the Wisconsin decision.

The departure of the Badgers from the ring also means the end of intercollegiate action which helped maintain interest.

Wisconsin boxing coach Vern Woodward quickly defended the sport, saying, "I'm terribly disappointed in the reaction of the faculty. I think the members need to see soon after the unfortunate and tragic death of Mohr and that their reaction was too emotional."

The vote came after only 20 minutes of discussion.

Hogan Looms As Favorite Again

FORT WORTH (AP)—Ben Hogan is indicating he again will be the man to beat in the Colonial National Invitation Golf Tournament.

Last year he won his fifth Colonial championship. Hogan shot a 2-under-par 68 Monday in a tunnel round and looked impressive. Only a 67 by Jim Ferree has been lower as the prep practice for the tournament gets underway Thursday.

Byron Nelson and Billy Maxwell had 69.

Jimmy Demaret withdrew from the 54-man field to devote more time to a television golf series.

Prize money replaced the 1959 tournament, which was canceled because of the Korean War.

A clinic and a \$100,000 hole-in-one contest will get tournament activities under way Tuesday.

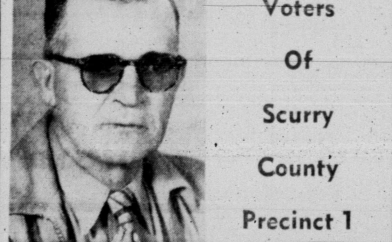

League leading Monterrey and Puebla the same period while Tula will visit the Mexico City Tigers and Veracruz and Amarillo will be at Veracruz and Mexico City Tigers.

At home Pasa Rica visits San Antonio and Victoria and the Mexico City Reds are at Victoria and San Antonio.

The leagues meet each other in the Pan American Assn. Champion of the two leagues meet in a series in September to determine the Pan American title.

Last year the Texas League led the Mexican League in interlocking play and also Austin won the Pan American title.

The Mexican League has promised it will be stronger this season.

T. B. Knight says, "Thanks a million for your vote and support in Saturday's election. And to all of you who did not vote in my behalf Saturday—I want you to know that I feel no ill will toward you whatsoever; because that is a wonderful privilege that we all have, to express our sentiment by our ballots. And I want you to know that I will really appreciate your vote and influence in my behalf in the Second Democratic Primary on June 4th."

Sincerely,
T. B. Knight

Ingo Showing Off Fabled Right Mitt

GROSSINGER, N.Y. (AP)—

There's a "new" Ingemar Johansson training for defense of his world heavyweight championship high in this Catskill Mountain resort.

No longer is Johansson the easy-going, take-it-slow fighter that he was the last time he showed up here just a year ago. Then he showed so little that some folks feared for his life against champion Floyd Patterson.

Instead, he cut down Patterson and won the title with a devastating right hand.

Johansson began sparring only Monday and this time he isn't hiding the right.

"I never saw him so fast," exclaimed Artie Towne of New York, one of his sparring partners. "Those rights, they were coming very fast."

Both Towne and Will Johnson went two rounds with the champion and both took dozens of stinging rights to the head.

Johansson was a flat-footed boxer when I stepped into the ring against him for the first time last year," observed Towne. "He's a changed man now."

While he didn't cut loose with the full force of his blows in his first sparring session, Johansson left no doubt as to how he intends to operate against Patterson in their return on June 20 at New York's Polo Grounds.

Even when he isn't sparring, he is working on the right. Trainer Nils Blomberg has a "shlung hall" which looks something like a musketeer. He spurs it and Johansson goes after the fast-moving target throwing right after right for accuracy.

Charleson Climbs Out

By THE ASSOCIATED PRESS
Charleson climbed out of the American Assn. basement Monday night by plastering the Bears in mid-high Denver 20-11.

Competition was a little closer at Houston where the Dallas-Fort Worth Rangers won 6-1 in the night's other game. Rain washed out pace-setting Louisville at St. Paul and Indianapolis at Minneapolis.

The West Virginia Senators fanned 23 base hits including 5 doubles, 2 triples and a homer. Houston took command in the fourth inning when the Senators knocked out Denver starter Ed Donnelly in the course of scoring four runs and building a 5-2 lead.

Left-hander Dick Tomaneck scattered six singles in eight innings against Houston before he went to the showers after walking the leadoff man in the ninth.

Dallas-Fort Worth's 11th hit attack featured Ray Jablonski's two doubles and Gail Wade's solo homer.

Ruidoso Race Track Preps For Opener

A \$100,000 Quarter Horse Allowance and the \$300,000 Thoroughbred Inaugural Handicap are the major races, attractions set for the May 20 opening weekend at Ruidoso Downs.

The two featured races herald the beginning of Ruidoso Downs' fourteenth season. May 20th through September 11th, during which the famed mountain track, located on Highway 70 in the Sacramento Mountains of southern New Mexico, will distribute an estimated million dollars worth of purse money.

Several top "short" horses are being prepared for the \$300,000 3-Mile Bar None Allowance, a 200 Yard dash scheduled for Saturday May 21st. Among them are Vandy Flash, a speed demon owned by John Askew of Fayetteville, Arkansas. Vandy's Flash recently set a new world record for 330 yards in 17.5 seconds at Los Alamitos.

Gene Hensley, Downs director, estimates there to be some 15,000 Thoroughbreds eligible for runs practicing in the May 22 Inaugural Handicap, a \$300,000 curtain raiser for the summer season of racing. The Inaugural Handicap is drawing nominees from a half dozen states with Texas and Arizona animals dominating the scene.

Prize money replaced the 1959 tournament, which was canceled because of the Korean War.

A clinic and a \$100,000 hole-in-one contest will get tournament activities under way Tuesday.

League leading Monterrey and Puebla the same period while Tula will visit the Mexico City Tigers and Veracruz and Amarillo will be at Veracruz and Mexico City Tigers.

At home Pasa Rica visits San Antonio and Victoria and the Mexico City Reds are at Victoria and San Antonio.

The leagues meet each other in the Pan American Assn. Champion of the two leagues meet in a series in September to determine the Pan American title.

Last year the Texas League led the Mexican League in interlocking play and also Austin won the Pan American title.

The Mexican League has promised it will be stronger this season.

Pirates Powdered As Face De-Faced

By ED WILKS
Associated Press Sports Writer

Pittsburgh's stumbling, fumbling Pirates dropped their fourth in a row Monday night giving up a pair of unearned runs and losing 7-4 at Los Angeles as Charlie Neal slugged a three-run homer in the ninth that tagged the once unbeatable Eloy Face with his third defeat.

The Bucs now are 1½ games behind idle, first place San Francisco, and only one game ahead of Milwaukee's third place Braves, who were routed out at Chicago in the only other NL game scheduled.

Rain also halted a two-game schedule in the American League. Right-hander Camillo Pascual pitched his second three-hit victory as Washington clubbed Kansas City 8-1. The Cleveland at Boston game was postponed.

The Pirates were shut out on one hit for seven innings by Don Drysdale. The Dodgers' ace right-hander struck out 13, but gave up two-run homers by Bill Mazeroski and Bob Skinner in the eighth and ninth before reliever Larry Sherry took over.

Sherry came in with the tie-breaking run on first, struck out Don Hoak and then retired Gino Cimoli on a grounder to end the Buc rally. Neal's second home run of the season, following a single by Maury Wills and an intentional walk to Junior Gilliam, got the job done.

It was Sherry's third straight victory in relief.

Bob Friend lasted seven innings for the Bucs before giving way for a pinch-hitter.

Pascual (2-3) struck out 11 and gave up nothing but singles while putting away the fifth three-hitter.

Sooners Snitch Star Athlete From Frogs

FORT WORTH (AP)—Texas Christian has lost Jimmy Walker, all-around Masonic Home athlete, to Oklahoma.

Walker told TCU officials in April he would sign a letter of intent when the track season was over. He said Monday that Masonic Home people wanted him to go to TCU but that "I always had my eye on Oklahoma and just decided to sign there."

Walker has had one big problem—wildness. He has issued six walks in each game.

"I'm sure the only reason Billy has had control trouble in his last start this year," said Lopat, who managed him at Richmond last year. "He had very good control at Richmond. He gave up only 69 walks in 179 innings."

Gov. Long Retiring Today, But Vows He Will Be Back

By KEN DAVIS
Baton Rouge, La. (AP) — Earl Kemp Long—rumpled rebel of the pea patch—leaves the throne today as Louisiana politics today already he's planning his return as governor four years from now.

Until then, the 64-year-old retiring governor will divide his restless waking hours between the upstate farm he calls his pea patch and an apartment within sight of the capitol.

It's the turn of Jimmie H. Davis, singer and businessman, to be governor of the land of the bayous.

In this land of uncertain and devious politics, one thing seemed certain: Gov. Davis would not equal in color and calamity the term just completed by Earl Long. Hardly anyone could do

Remember, a few days back when President Charles de Gaulle of France paid a sentimental visit to New Orleans, the "Parti of the South" in a few hours, Gov. Long managed to walk out before de Gaulle spoke at a luncheon, steal some of the spotlight by riding in a parade in his white convertible and give the reception committee falling chairs with assorted attendants getting antsy.

Now here were some who saw Gov. Long's performance at the de Gaulle affair as the misguided and aimless act of a man who was a patient at mental hospitals in two states last summer. Other observers saw them as the canny beginning of the governor's program to run again in four years.

He didn't deny the latter view a week ago during a brief talk with

**Padre Island On
Favored List**

WASHINGTON (AP) — A congressman from Oregon said Monday the Interior Department favors three national seashore areas, including Padre Island off the Lower Texas Gulf coast.

The others with department favor, said Rep. Charles O. Porter (D-Ore.), are Cape Cod, Mass. and the Oregon Dunes.

Experts Say Few Harmed By Overwork

By ALTON BLAKESLEE
AP Science Writer

NEW YORK (AP)—Is your job getting you down?

Well, a psychiatrist said today, people are usually very quick to blame their jobs for unhappiness, insomnia, depression, heart pains and other ills.

But more often their troubles stem from home or social life or something within themselves, which then interfere with their work, he said.

Several studies indicate about 10 per cent of people have symptoms severe enough to interfere with their work, Dr. Alan A. McLean, International Business Machines Corp., New York, told the New York State Medical Society's annual convention.

"We have heard that 'overwork' caused Mr. Jones to develop an acute schizophrenic reaction. We read that 'your next pro-

Government Okays Birth Control Pill

WASHINGTON (AP)—The federal government for the first time has approved a pill as safe for birth control.

G. D. Searle and Co. of Chicago, the maker of the contraceptive pill, said it was 100 per cent effective in a four-year test involving 1,500 women in Puerto Rico, Los Angeles, San Antonio, Tex., Boston and Japan.

To avoid pregnancy a woman must take 20 pills a month. The cost would be between \$10 and \$11 a month. It can be sold only on a doctor's prescription.

The pill, called Enovid, was approved Monday by the Food and Drug Administration.

Approval was based on the question of safety, said Associate Commissioner John L. Harvey. "We had no choice as to the morality that might be involved. When the data convinced our experts that the drug meets the requirements of the new drug provisions our own ideas of morality had nothing to do with the case."

The drug has been on the market for several years, but previous clearance was for its use in the treatment of female disorders.

In Chicago, Dr. L. D. van Antwerp of the Searle medical department said the pill's function is "to interfere with the production of ova in the same way nature does after a woman becomes pregnant."

Prosecutor's Talk Injures Himself

LOS ANGELES (AP)—The prosecutor's scathing final summation of the case against Dr. R. Bernard Finch and Carole Tracyoff may have hurt him worse than it did them.

The trial of the doctor and his mistress on murder charges ended in a hung jury. Not only did he fail to win the case, but Dep. Dist. Atty. Fred N. Whitchello is afraid he may have hurt his vocal cord Feb. 23 by "talking too long and too loud, forcing voice," in his summation.

Whitchello filed because he said he might later seek compensation for it. He had been previously ordered "repaired" by the "doctor's union," which will repay the couple May 23.

O'Mahoney To Quit

THEMOPOLIS, Wyo. (AP)—Sen. Joseph C. O'Mahoney, 75 (D-Wyo.) notified party leaders Monday he will not seek re-election this year. O'Mahoney suffered a stroke in June 1959.

'FAMILY STYLE' GATHERING — President Eisenhower chats with a group of Republican House members who were his breakfast guests at the White House. Rep. Bob Wilson (R-Calif.) right, characterized it as "just a friendly style breakfast" with no mention of the shooting down of a U. S. plane over Russia. In the group from left are: Rep. Alvin Bentley (Mich.); Rep. Melvin Laird (Wis.); The President; Rep. Bruce Alger (Tex.); rear, Rep. Peter Frelinghuysen (N. J.); Rep. Richard Poff (Va.); Rep. John Rhodes (Ariz.); Rep. Glenard Lipscomb (Calif.) and Rep. Stuyvesant Wainwright (N. Y.), front, back to camera. (AP Wirephoto)

'Poor Boy' Campaign

AUSTIN (AP)—Dist. Judge W. T. McDonald of Bryan says he will put on another active "poor boy" campaign for judge of the Court of Criminal Appeals in the Democratic runoff.

McDonald, 48, got into the runoff with Judge Lloyd Davidson of the court. Third man in the race was Atty. Gen. Jim Bowser of Temple.

McDonald said news stories which asserted he had not campaigned actively were wrong.

"I'm not complaining," he said, "but nothing could be further from correct. I lost 15 pounds visiting almost every section of the state in my old 1953 Buick. I just didn't have a press agent."

McDonald issued very few press releases, statements or schedules during the first primary campaign. Often his name was not mentioned in news roundups on campaigning.

"I put on a poor boy campaign

with no help except the able assistance of my wife and my secretary," McDonald said. "I didn't have time or the means to keep the newspapers informed of where I was or what I was doing."

Card Is Delayed

ALBANY, N.Y. (AP)—After paying the mailman the 4-cent postage due on a card without a stamp, Stanton B. Patterson discovered that the card wished him a Merry Christmas 1958.

That card was postmarked May 4 in Albany.

A mazurka is a Polish dance in moderate triple measure.

Absentee Votes Put Parr's Candidates Over In Duval

SAN DIEGO (AP)—Absentee votes Monday gave victories to several Old Party candidates in Duval County who were running behind their opponents in Saturday night reports on the state Democratic Primary.

The tabulation of 837 absentee votes caused changes in the outcome of several races.

Political boss George B. Parr, who leads the Old Party won the office of Democratic county chairman while three anti-Parr candidates won county-wide offices.

Parr trailed until the absentee votes were counted. The final tally gave him 2,706 votes and 2,140 for his opponent, Santiago Cantu, the incumbent.

Incomplete and unofficial returns showed the Old Party will control the county Democratic committee.

In the sheriff's race, Old Party candidate Vidal Garcia led H. R. (Lacho) Canales, who died last Tuesday.

Canales was head of the Freedom Party in the county. If he had won a successor would have been named by the Democratic committee which had been in control of the Freedom Party. Garcia had 2,532 votes, Canales 2,309 and a third candidate, Pedro Saenz, had 242. Saenz said he would file a claim for a runoff vote against Garcia who did not get a majority of the total vote.

Anti-Parr candidate Walter Purcell, the county attorney, defeated O. P. Carrillo of Benavides, 2,606 to 2,454.

The third anti-Parr victor was

Dr. A. N. Saenz who won the post of county school superintendent with 2,602 votes to 2,454 for Emede Garcia.

Old Party candidates who won included Dan Tobin Jr., a former county judge, who won election as county commissioner.

A runoff election will be held between Atlee Parr, brother of George Parr, and Woodrow Wicker, an anti-Parr candidate, for another commission post. Wicker led Parr by two votes in the three-man race.

The counting of absentee votes was delayed when Sheriff Garcia filed a mandamus suit to compel the canvassing board to complete the count. He incorporated in his suit a claim that the board had threatened to throw out 493 of the absentee votes cast.

Siren Switch Hit

OLEAN, N.Y. (AP)—Even Civil Defense Director Robert Barry was surprised when sirens sounded an air raid warning.

A painter at fire headquarters touched off the alarm Monday when he accidentally hit the siren switch with a ladder.

Paper pulp and matches are major industries in Sweden.
