THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

Vol. No. 91

ROCKPORT, ARANSAS COUNTY, TEXAS, THURSDAY, JUNE 9, 1960

No. 10

Along The Waterfront

Offshore shrimping in Texas Gulf waters closed June 1, and will remain closed for 45 days. Commercial shrimping boats will not be permitted to operate in waters inside the 10 1/2 mile limit.

The only exception is for bait fishermen, who will be permitted to take up to 250 pounds of bait shrimp per day. Sports fishermen are permitted to have two pints of bait shrimp per day this closed season.

Coastal shrimpers have been adversely affected by recent market conditions, according to information from the coast. Imports have slowed down the market and producers are unable to pay top prices for freshly caught shrimp in Texas waters.

A look at reports from various fish wholesalers along the Texas coast indicates that Texas has just ended one of the most successful oyster years.

Production records indicate the oyster fishermen harvested 1,358,894 pounds of oyster meats in the season just closed.

Additional records still outstanding, may raise this figure even higher. This figure does not include oysters harvested in Texas by fishermen from out of the state and transported out of the state for first sale. They did not include sales made by small producers.

Only twice in the past 25 years has the production exceeded the one million pound mark. In 1938 the total was 1,240,000 pounds and in 1957 a high of 1,170,000 pounds was reported. Ten years ago the total was less than 90,000 pounds.

This years ample harvest has stirred interest of many local and out-of-state persons in the possibility of leasing bay bottoms for oyster culture. State laws provide for this.

Lack of fresh water in the bays, and an increase in the number of oyster fishermen, are credited with the increase in this year's production.

New Deadline Proposed For Carbon Black Pact June 21

June 21 has been suggested as the new deadline for United Carbon Black Co. near Rockport and the Oil, Chemical & Atomic Workers International Union to agree to terms.

The union and company Saturday night agreed to delay a strike set for 10 a.m. Sunday. W. H. Ray of Houston, representative of the Federal Mediation and Conciliation Commission, suggested the June 21 date.

Union workers are asking for a straight 17 cent an hour increase in pay across the board and an increase of fringe benefits of insurance and hospitalization.

The expiration date of the present contract was May 1 with a 30-day extension. No labor agreement has been signed for 1960-61, Ralph Osborne of Aransas Pass, chairman of the Employees Union Committee said.

Hagar Patton of Odessa, international representative of the union, acted as spokesman in the Saturday night meeting. M. V. Johnson of Houston, labor relations supervisor for the United Carbon Co., represented management. Also representing management was W. F. Gathright, plant manager, and John Loftin of Aransas Pass.

Osborne said today all union workers are on the job.

Osborne said, "It takes a while to adjust fringe benefits and we are not going to push the management on that score."

The United Carbon Black Co. employs about 200 people, Gathright said, but about 50 hold office and other positions not affected by the union.

Nursing School Organized Here

Dr. W. K. Bowden announced today the establishment of a school for licensed vocational nurses to be conducted at Bayview Hospital, Rockport, Texas. The first class will begin Monday, Aug. 1. Prospective students who are U. S. citizens, at least 18 years of age and have completed a minimum of 2 years high school education, may obtain application forms at the Bayview Hospital business office.

Mrs. Kathryn Townsend, R.N., will be director of nursing education. Lecture courses will be conducted by Mrs. Townsend; Mrs. Tom Andrews, R.N., Dr. W. K. Bowden; and Mr. Wm. D. Welch, B.S. The school has been inspected by the State Board of Vocational Nurse Examiners.

Mrs. Townsend stated that applications are now being accepted for the school. Final approval of applicants will be announced by July 15th. The academic and clinical work will be conducted at Bayview Hospital over a period of 50 weeks. The school will consist of 500 hours didactic work and 1500 hours clinical work.

WATER LINES COMPLETED IN ROCKPORT CEMETERY

The Rockport Cemetery Ass'n has completed water lines in the new Sharon Spencer Addition, also in the old part, faucets have been placed for the convenience of the lot owners, as far as the finance's would allow. So if the water is not on, or near your lot, just bear with us as our funds are limited in doing this work.

The grounds are in good condition, all has been mowed, and the cleaning of all lots are in progress, the palms have been trimmed. I'm sure the public does realize just how hard work it is to keep our own small yards, or the expense to have it done, and know that the \$5.00 yearly dues we ask you is a small part in keeping 6 acres clean, and to keep the streets and walks open so you can get to your lot.

Drive out and see where your \$5.00 dues is spent.

Mrs. Hagar Honored At Luncheon For Writers Monday

A noon luncheon Monday, on the White Plaza Deck in Corpus Christi, honored Connie Hagar.

The event was a feature of the third day of the 16th Annual Southwest Writer's Conference and the hosts were the By-liners.

Dee Walker of Bay City was the master of ceremonies and presented Mrs. Hagar to the group which numbered three hundred and fifty. Four members of the staff were the featured speakers.

A seaside motif was featured in the decor for the occasion. Bunches of sea oats at the entrance to the deck gave the guests their first impression of the theme.

The speaker's table was draped in fish net and centered with the three masted ship model. Trailing beach morning glory vine was down the center and at intervals were small white ceramic ships, while shells of all description were scattered over the table.

At one end was a model shrimp boat, completely equipped, and on a stand in the background was a model of the "Santa Maria."

The trailing vine, shells and ceramic fish decorated all of the long tables and on the wall, near the entrance to the room, was a large mounted sail fish loaned by the Rockport Marine Laboratory for the occasion.

The guests from all over the United States who were participating in the conference, took the shells and sea oats home for souvenirs.

On the committee for this event were Mrs. Edwin H. Young, Mrs. S. E. Fish of Amarillo, Mrs. Ralph Broyles, and Mrs. S. F. Jackson of Rockport.

Radar Station Finishes Exercise

Officers and men of the 813th AC&W Squadron at Rockport AFB have just completed "Exercise Desk Top III" in which, for six hours they have been operating the Aircraft Control and Warning establishment at Aransas County Airport under the same conditions as though we were actually at war.

The exercise was designed to train not only the local radar station personnel but the entire North American Air Defense Command in Canada and the United States, and along the seaward approaches to this continent during a period in which a simulated "maximum saturation attack" took place.

General Laurence S. Kuter, the NORAD commander-in-chief, said that about 6250 officers and men were involved in decisions and actions at key positions in some 700 installations and facilities.

The attack consisted of simulations of International Ballistic Missiles and 698 manned enemy bombers, appearing over the 10,500,000 square miles of NORAD's jurisdiction, where it is concerned daily with the safety and survival of population, resources, and continuation of nationhood for Canada and the U. S.

This realism was injected into the exercise, since intelligence reports put the Soviet's manned bomber, first line long-range aircraft strength at 1200 hydrogen and atom bomb carriers.

The exercise did not involve actual launching of fighter aircraft or defense missiles, however. A situation was set up where a number of manned bombers and ICBM's had hit key centers in the two countries, and there were follow-up mass raids against most North American centers of population and Strategic Air Command bases in a mock war.

The North American Air Defense Command worked with the system Development Corporation in Santa Monica, Calif., in preparation of exercise materials.

These included monumental arsenal of make-believe scripts, machine calculations, 35,700 feet to run through radar scopes, 96,000 feet of recording tape to present individual coordinated attack situations over the vast area, and 55,000 square feet of machine-produced maps showing battle developments over a time schedule of the exercise.

Mrs. Jackson gave a brief history of the Alumni Association.

The Chamber of Commerce directors, at their regular meeting, decided to sponsor Miss Betty Johnson, daughter of Mayor and Mrs. Herman Johnson, who was named Miss Rockport earlier this year, in the beauty contest to be held on July 13, in connection with the Port Aransas Deep Sea Round-up.

The directors, after further discussion, decided to take part this year in the Aransas Pass Shrimpo-ree, by sponsoring Miss Johnson for the beauty contest held on Sept. 3, in connection with the crowning of King Shrimp-o-ree, and to explore the possibility of entering a float decorated car in the parade held that same morning.

Chairman George Dickey of the membership committee told the directors that twenty-seven new members had been obtained since the drive started about six weeks ago.

New members this past month, he said, were R. R. Woodworth, Milton D. Jackson, Jack Modest, Joe Randow, Humble Oil and Refining Company, Edge Plumbing and Hardware Company, Fulton Mobile Park, Otis Mundine's Barber Shop, and the Beacon Tourist Courts.

Mrs. Charles Roe, Sr., said that all arrangements had been made for the show, which will be given in the afternoon in the Little Bay ski basin.

NOTICE TO BIDDERS
Sealed bids addressed to the Honorable Herman Johnson, Mayor of the City of Rockport, Texas, will be received at the City Hall in the City of Rockport, Texas, until 2 P.M., on 24th day of June, 1960, for the construction of extensions to the Sanitary Sewer System of the City of Rockport, Texas.

The proposal shall be based on furnishing all plant, labor, materials, equipment and incidentals and performing all work for the construction of certain sanitary improvements for the City of

Rockport, Texas in accordance with the plans and specifications for such work prepared by McClendon & Associates, Consulting Engineers, Corpus Christi, Texas. Bids will be submitted in sealed envelopes upon the blank forms of proposals and bidding sets furnished and marked in the upper left hand corner "Bids on Extensions to the Sanitary Sewer System to the City of Rockport, Texas."

All unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive for-

malities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "Unbalanced") unit prices will authorize the OWNER to reject any bid.

All proposals shall be accompanied by a Cashier's or Certified check, upon a national or state bank, in the amount of five percent (5%) of the total maximum bid price, the check to be made payable to the City of Rockport, Texas, and marked "To Accompany Bid on Sanitary Sewer Extensions," or, the bid may be accompanied by Bid Bond in the same amount from a reliable Surety Company, either one to be a guarantee that the bidder will enter into a contract and execute bond within 15 days after notice of award of contract to him (or them.)

All bid securities will be returned to the respective bidders within ten days after bids are opened, except those which the Owner elects to hold until a bond has been made, and the successful bidder has executed the contract. Thereafter, all remaining securities, including security of the successful bidder will be returned within five days.

The successful bidder must furnish performance bond upon the form set out in specifications in the amount of 100% of the contract price, an approved Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

Plans, specifications and bidding documents may be secured from the office of the Consulting Engineers, McClendon & Associates, 127 N. Staples, Corpus Christi, Texas, on deposit of \$15.00 per set, which sum will not be refunded unless the contractor returns the plans within five (5) days from the date on which bids are to be opened, with a letter to the effect that he does not propose to bid. All checks are to be made payable to the Engineers.

The approximate quantity of work to be done is set out below:
APPROXIMATE QUANTITIES:
MANHOLES 10
SANITARY SEWER PIPE, 8, 10, 12 & 15 3,500 ft.
1 LIFT STATION -PUMP (no equipment), and other miscellaneous items in connection therewith.

Plans and specifications may be examined at the office of the

City Secretary, City of Rockport, Texas, at the Office of the Engineers, and also the Associated General Contractors' Plan Room in Corpus Christi.

Bidders should carefully examine the plans, specifications and other documents, visit the site of the work, and fully inform themselves as to all conditions and matters which can in any way affect the work or the costs thereof. Should a bidder find discrepancies in, or omissions from, the plans, specifications or other documents, or should he be in doubt as to their meaning, he should at once notify the Engineer in writing and obtain clarification prior to submitting any bid.

No prequalification requirement will be required at the time of submission of bids if a prequalification requirement has been filed with the Engineers within the last six months but an experience questionnaire, financial statement, and equipment schedule may be required before a contract is awarded, and if no prequalification requirement has been filed with the Engineers within the past six months, then same must be filed at the time proposals are submitted.

The Owner reserves the right to reject any and all bids or to award either proposals A, B, or C as they deem to be the best interest of the City of Rockport, Texas. Special provisions as to labor rates of pay for man hours as exist in the Rockport area for municipal work are hereby adopted and made a part of these specifications.

Bidders are invited to be present at the opening and reading of proposals, but the contract may or may not be awarded on the date bids are opened.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION
THE STATE OF TEXAS
COUNTY OF ARANSAS

By virtue of an execution issued out of the 36th Judicial District Court of San Patricio County, Texas, on a judgment rendered in said court on the 23rd day of April, 1960 in favor of The Fisherman's Supply Co., Inc. and against Eddie S. Gilden, No. 10,722 in such court, I did on the 28th day of May 1960 at 1:00 o'clock p.m. levy upon the following described tract and parcel of land situated in the County of Aransas, State of Texas, as the property of Eddie S. Gilden, to-wit:

Being Farm Lot numbered Nineteen (19) in Land Block No. Two Hundred Thirteen (213) of the Burton & Danforth Subdivision as per map or plat of said subdivision prepared by P. L. Telford for Burton & Danforth, a certified copy of which is duly recorded in Volume 1 at pages 62-63 of the Map Records of Aransas County, Texas. The said farm lot contains five acres of land, more or less, and is in the James Orick Survey, and the land is now within the city boundaries of the city of Aransas Pass, Texas and is adjacent what is commonly known as Avenue A, and the property is most generally known as the B. F. Hyde or Eddie S. Gilden land as B. F. Hyde purchased it on June 2,

1936 and sold it to Eddie S. Gilden and wife by deed dated February 24, 1958.

The property is subject to the unpaid balance on a promissory note dated February 24, 1958 in the original amount of \$1,300.00; said note being executed by Eddie S. Gilden and wife Inez Gilden and payable to B. F. Hyde and wife Alma Hyde, the payment of the note being secured by a vendor's lien retained in deed from B. F. Hyde and wife Alma Hyde to Eddie S. Gilden and wife Inez Gilden dated February 24, 1958, and further secured by a deed of trust from Eddie S. Gilden and wife Inez Gilden to Arlin Yeager, Trustee, dated February 24, 1958, said deed and deed of trust covering the above described property and the above described property will be sold subject to the balance of the above described \$1,300.00 note and the liens securing same.

And on the 5th day of July, 1960, being the first Tuesday of said month, between the hours of 10 o'clock a.m. and 4 o'clock p.m. on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Eddie S. Gilden in and to said property.

WEST HOMEMAKER WINS \$100 YEAST BREAD PRIZE WITH 'SUNSHINE ROLLS'

'Wouldn't be without Gladiola Hard Wheat Flour,' says Mrs. Charles Smaistrila

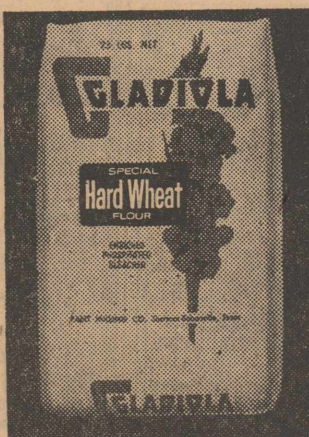

"Helen's Sunshine Rolls"—brought to golden-brown perfection in the busy kitchen at 303 N. Marable Drive, West, Texas—have earned for Mrs. Charles Smaistrila the June \$100 first prize in Gladiola Flour's yeast bread Baking-Recipe-of-the-Month contest.

The winner is donating half her cash award to the bake sale fund of the Catholic Daughters of America, Court Sacred Heart Number 829.

'Flour is Main Thing'

"I never really thought my rolls would win \$100," says Mrs. Smaistrila. "There's nothing fancy about them, and they're quite simple to make. The main thing, just as in all yeast breads, is to start with Gladiola Special Hard Wheat Flour."

"I wouldn't be without it in my kitchen. Nobody can make good yeast dough with an all-purpose flour. Your dough should be smooth, strong and elastic—not the sticky, lifeless kind. It should rise evenly, without a scar, and hold all that good yeast flavor. That's why Gladiola Special is a must."

GLADIOLA SPECIAL
HARD WHEAT FLOUR

Known for Her Baking

This month's honored home baker has two daughters, one son and 11 grandchildren. She's an enthusiastic flower gardener, but her favorite interests are baking and cooking.

Though Mrs. Smaistrila is modest about her kitchen skill, your Glad Times reporter found she's widely known in the community for her delicious rolls and bread and her traditional Czech and German dishes.

Suggests Recipe Book

"A grand idea," says Mrs. Smaistrila of Gladiola's baking recipe contest. "It's a thrill to win a prize, of course, but it's even better to keep getting those good yeast bread recipes—a new one every month."

"Some day I hope the Gladiola people will publish a whole book of prize recipes—including all the honorable mention winners, too."

11 CASH PRIZES EVERY MONTH HERE ARE EASY CONTEST RULES

1. This monthly contest is Gladiola's way of stimulating the exchange of good yeast bread recipe ideas between you and your neighbors here in the Home Baking Heart of Texas. Anyone may enter except employees (and their families) of Fant Milling Co., its affiliated companies and its advertising agency.
2. Write down your favorite yeast bread recipe using Gladiola Special Hard Wheat Flour. List all ingredients, then explain briefly each step in the procedure.
3. Cut off the strip that says "Gladiola Special Hard Wheat Flour" from the folder enclosed in every bag. Send it—with your recipe—to Glad Times, Sherman, Texas.
4. Send in as many yeast bread recipes as you wish. Mail each recipe in a separate envelope enclosing a Gladiola strip as explained in Rule No. 3.
5. Each month's recipes are judged separately, with an independent graduate home economist as the final judge. Recipes received in June will be eligible for prizes to be announced in September.
6. For the outstanding recipe received each month, Gladiola will pay \$100. Half the prize money—\$50—goes to the winner. The remaining \$50 goes to the church of her choice as her special contribution.
7. Ten other yeast bread recipes will be chosen monthly for \$10 Honorable Mention prizes.
8. All recipes submitted become the property of Fant Milling Company, Sherman, Texas, with full publication rights. Recipes cannot be returned.

SUNSHINE ROLLS

Gladiola's Baking Recipe of the Month

From Mrs. Smaistrila: "Helen's Sunshine Rolls"

- | | |
|---------------------|------------------------------|
| 1 cup milk, scalded | 2 tablespoons lukewarm water |
| 1/2 cup shortening | 1 teaspoon sugar |
| 1/2 cup sugar | 2 cakes compressed yeast |
| 1 teaspoon salt | 3 egg yolks |

5 cups (about) sifted Gladiola Special Hard Wheat Flour

Melt shortening in scalded milk; add sugar and salt and stir to dissolve. Cool to lukewarm. Dissolve the teaspoon of sugar and yeast in lukewarm water. Add yeast and egg yolks to cooled mixture and beat. Add about half the flour and beat thoroughly by hand or an electric mixer. Add remaining flour gradually, beating well, to make a medium soft dough. Place in a greased bowl, cover and let rise in a warm place until double in bulk. Punch down and divide dough into two portions. On a lightly floured surface roll each into a 9-inch circle. If desired, brush dough with melted margarine or butter. Cut each circle into 12 wedges; starting with the wide edge, roll each wedge and place, point down, in a greased shallow baking pan. Brush with milk and sprinkle with poppy seeds if desired, or brush again with melted butter. Let rise in a warm place until double in bulk. Bake in a moderately hot oven (400 degrees) 12 to 15 minutes or until golden brown. Makes 24 rolls.
